

## W. Master 1911

### Chapter 1911 - Glazed Spirit Tassel

"Ye Tingyun, we meet again!"

At the front of the group of Dragon Clan Warriors, Cang Wen laughed sinisterly.

A few months ago, he had come alone to the Spirit Hidden Mountain Range. However, in the end, he had escaped without a fight under the coercion of Ye Tingyun. He could be said to be in an extremely sorry state. That scene had also been seen as a great humiliation by him. He'd been wanting to find Ye Tingyun every single day for the past few days to wash away his shame.

And now, he had returned!

The thousand odd Heavenly King Stage Dragon Clan Rankers behind him were her trump card.

At this moment, just in terms of numbers, the Dragon Clan had already suppressed the other Human Clan cultivators. Furthermore, in terms of cultivation level, the Human Clan cultivators were generally inferior to the Dragon Clan cultivators.

"Cangxu, you seem to be happy too early!"

Ye Tingxiao suddenly smiled.

Ye Xinyun, today is the day you die!

With a wave of his hand, his burly body immediately rushed forward. Behind him, the numerous Dragon Clan experts also quickly closed in.

Ye Tingyun's eyes narrowed as he could not help but let out a cold snort.

"Rumble ..."

In the next moment, an incomparably resounding tremble resounded in the crowd, resounding through the world.

Immediately, the chests of nearly a thousand Heavenly King cultivators, including Ye Tingyun and Wang Yichun, exploded with a resplendent green luster. After a moment, the green light condensed into a bundle, like a thick vine, it meandered towards the group of Dragon Clan Rankers.

At the same time, the other cultivators disappeared without a trace.

The moment the green light condensed into substance, they had already merged into one, and the thousand figures had completely disappeared from the sight of the many Dragon Clan Warriors.

"This is bad!"

"Disperse!" Cangxu's expression changed as he roared, "Disperse!" Disperse! "

Those Dragon Clan Warriors realized that the situation was not right, and as Cang Xu roared, they all shot towards the distance like lightning. However, the speed of those thousand rays of green light was too fast, almost at the same time that Cang Xun and the other experts of the Dragon Clan moved, they had already started crisscrossing each other in the vast space.

In less than the blink of an eye, an incomparably large ball made of webs appeared in the sky, enveloping all of the Dragon Clan's experts within.

The next moment, the green light crazily diffused and quickly filled up the holes on the ball.

"Don't panic!"

Inside the green ball, Cang Xu's pupils shrank as he shouted, "We were only trapped by them using formations. If my judgement isn't wrong, this is their last resort." As long as we destroy this formation, they will have no way of dealing with it. At that time, it will be their time of destruction.

"

"Go in one direction, attack together!"

"Yes sir!"

"..."

Inside the green ball formed by the big array, over a thousand Dragon Clan Warriors attacked together. The terrifying power whistled towards the same direction, and the violent Strength Qi stirred up like a violent storm, causing the space within the ball to immediately warp and fluctuate.

For a time, howls and sounds of collisions resounded in the air.

The earth-shattering notes continuously spread out from the formation, rumbling back and forth like thunder. Ripples visible to the naked eye could be seen around the sphere. Even thousands of miles away from the Spirit Hidden Mountain Range, they could still hear the huge commotion.

Many of the nearby creatures fled into the distance with all their might in fear. They didn't dare to delay in the slightest, fearing that they would be caught in the crossfire.

A few ninth level heaven dukes were waiting in the air outside the Spirit Hidden Cave with the intention of passing the message inside. They too felt their hearts palpitate with fear. Although they could not see the situation at the edge of the Hidden Spirit Mountain, they were able to guess what was happening there. They couldn't help but feel extremely worried in their hearts.

As of a few months ago, there had been news that Dragon Clan warriors would most likely attack in the big picture.

At that time, the Cavemaster Ye Tingyun had gathered all the Heavenly Kings within the cave to discuss on how to deal with it. It was said that later on, when the cave master took out close to a thousand treasures called "Glazed Spirit Truths", he said that when the Dragon Clan came, he would activate it at the same time and form a huge formation. At the very least, it could trap a Dragon Clan Ranker for a month.

They didn't know if the Cavemaster and the others had successfully formed the grand formation.

Several of the level nine marquis exchanged glances subconsciously, worried. For countless of years, in this "Heavenly Imperial Dragon Palace", the Dragon City and the Spirit Hidden Cave had always been peaceful. They did not know why the Dragon Clan had suddenly gone crazy, hoping that the Master of the Cave and the others could successfully push them back.

Otherwise, the Spirit Hidden Cave that had been peaceful for countless of years would not be able to become the protection of the Human Clan.

"This formation truly is formidable."

At the edge of the Hidden Spirit Mountain Range, the nine spirits stood high up in the sky and looked at the ball of bright green light several tens of kilometers away. They could not help but exclaim out loud, "Sect Master Xiao, it is said that those 'Glazed Spirit Tassel' were all formed by the Heavenly Emperor through his own roots.

"Presumably, it's not fake."

Xiao Zihan subconsciously smiled and said, "If those" Glazed Spirit Truths "didn't originate from the Heavenly Emperor Glazed Glass, how could they instantly trap over a thousand Heavenly Kings in the Dragon Clan? Master Ye has placed all his hopes on the great formation formed by the 'Glazed Spirit Tassel'. From the looks of it, it seems to be very effective. "

"That old man is really annoying just thinking about him." Jiu Ling heavily snorted, and said with great dissatisfaction: "Earlier, I asked him so many times, but he was unwilling to take out the 'Glazed Spirit Tassel' for me to see, afraid that I wouldn't return it to him, and he wouldn't even look at it, is laozi that kind of person?"

"Patriarch Nine Spirits, since we've already started, we can't afford to stay idle." Xiao Zihan unconsciously smiled and instantly changed the topic.

"That's right. Everything else depends on us."

Finished speaking, Jiu Ling took out the "Myriad Sword Heavenly Diagram", and as the painting unfurled, one figure after another flashed out. They were the Dragon Clan experts who were previously controlled, such as Long Jun and the Sword Thrust.

In the period of time they left the Spirit Hidden Cave, Long Jun, the sword spurs and other Dragon Clan experts were not idle either.

The dragon group had been active around the Spirit Hidden Mountain Range the entire time, and they had actually gained quite a bit. In less than a year's time, they had actually captured more than ten Dragon Clan Heavenly Kings, of whom two were even at the peak of the Upper Sky Realm. And now, the number of Dragon Clan warriors under control was eighty.

"Go!"

Nine spirits waved their hands, and the eighty Heavenly Kings of Dragon Clan scattered.

The purpose of this group of Dragon Clan Heavenly Kings was to investigate the movements in the Hidden Spirit Mountain Range.

This time, there were probably more than just Cangxu and a thousand other trapped experts that had invaded the Hidden Spirit Mountain Range. There might even be more teams that came from the Dragon Clan. If this was really the case, then Long Jun and the other Dragon Clan Puppets would have to find them at the fastest speed possible to kill or capture them.

Chapter 1912 - Sweeping!

"Roaaaaaar!"

In the northwest part of the Hidden Spirit Mountain, a piercing cry suddenly rang out. A huge black dragon spat out blood and flew backward for thousands of meters before crashing into a valley in a mountain range.

At this point in time, although the Spirit Hidden Mountain Range was still unceasingly fluctuating, its movements had become much quieter, and it was now very difficult for it to pose any threat to any living beings approaching it.

"Rebel!" The betrayal of you Dragon Clan, will certainly be punished by Lord Dragon God! "

He raised his massive head with some difficulty and roared with grief and indignation. His extremely bloodshot eyes were filled with unconcealable resentment, as if he wished to tear the approaching clansmen into pieces.

"He really doesn't know how to appreciate favors!"

Long Jun curled his tongue in disdain, arrogance flashing through his eyes.

In the past, it was also extremely respectful to Lord Dragon God, but now it knew many things. The so-called Lord Dragon God was just a statue in the depths of the Dragon City.

The so-called "wrath of the Dragon God" was only caused by the remnant consciousness of the Dragon God within the sculpture.

If not for the fact that he frequently took down s with outstanding talent from the Realm of the Gods for sacrifices, the remnant consciousness of the Dragon God that was placed within the sculpture would have disappeared into thin air long ago. Right now, its master was Tang Huan and its little master was a Nine Spirits. There was simply no need to put that Dragon God's remnant consciousness in its eyes.

"Since you do not know how to appreciate favors, there's no need to keep them." A voice suddenly came from the ear hole.

"Yes, little master."

The arrogance in Long Jun's eyes immediately turned into flattery. He respectfully replied and waved his claws behind him. "Go, get rid of it!" The moment he said that, one of the Fire Red Huge Dragon opened its mouth, releasing a captivating red flame that spewed out, instantly submerging the black dragon.

Amidst the fiercely churning flames, the huge black dragon let out a blood-curdling screech and Pang Shuo's body crazily twisted. However, it only lasted for a short while before it stopped moving.

"Continue searching!"

"Roaaaaaar!"

"..."

Long Jun led dozens of Dragon Clan warriors and continued to majestically advance.

The eighty Heavenly Kings of the Dragon Clan were divided into two teams. The first group was led by Long Jun, followed by the nine spirits. The other team was led by the Sword Thrust Team, led by Xiao Zihan. The other team consisted of the Upper Level King and the Upper Level King.

Regardless of whether it was the nine spirits or Xiao Zihan, they had both encountered many small groups from the Dragon Clan.

The Dragon Clan Rankers in those small groups all carried a special kind of equipment that seemed to be able to provide assistance to the "Mountain Crushing Seal". However, before they could activate the tool or even just activate the tool, it was discovered by Long Jun and the puppet team with spikes and met with a devastating blow.

The two squads of puppets continued to roam around the Spirit Hidden Mountain Range.

A month passed in the blink of an eye.

At the eastern edge of the Hidden Spirit Mountain Range, the earth-shattering sound was still continuing. Pang Shuo's green colored ball constantly fluctuated between strong and weak.

The green color on the surface of the sphere had faded quite a bit.

At this moment, they could vaguely make out the shape of the grid formed by the interweaving green light, and they could even see the figure of the Dragon Clan Ranker inside the ball through the interweaving green light.

Seeing that situation, even a fool would know that the sphere formed by the formation was on the verge of collapse.

"Haha, that group of damn humans is going to be unable to hold on any longer."

Inside the green ball, Cang Xu's face was ferocious as he laughed out loud, "Children, don't stop. Let's continue like this. Break this damn thing for me!"

The Dragon Clan experts that were trapped in the array split into two groups, one group attacking and the other fighting to ensure that the attacks would continue. However, even if they had the time to rest and recover, this group of Dragon Clan experts still felt extremely exhausted after a month.

It was just that with Cang Xu and the other elders urging them on, coupled with the fact that the chances of escape were increasing, the Heavenly King of Dragon Clan did not dare relax.

In less than half a quarter of an hour, the green in the grid had completely disappeared.

"Bam!"

After about half a quarter of an hour, a loud bang suddenly resounded, and it seemed as if the sky would split open. The green ball, which had been supporting for an entire month, could not hold on any longer, and suddenly exploded. The green light mixed with the berserk Strength Qi swept out in all directions, like a monstrous wave, giving off a terrifying aura.

When the green wave reached a hundred kilometers away, human cultivators began to separate from the aftermath of the wave one after another, revealing their figures.

It was obvious that they were extremely weak, to the point where there were nearly a hundred Inferior Heavenly Kings who could not even maintain their air defense. Their bodies were swaying, and they were quickly or slowly descending down towards the Spirit Hidden Mountain Range below.

Even a Heavenly King like Ye Tingyun, who had yet to reach his peak, was not much better than them. The exhaustion between their brows could not be concealed at all.

On the other hand, although the expressions of the Warriors could not be compared to the fierceness and ferocity from a month ago, their auras were still much stronger than the human cultivators.

"Ye Tingyun, your time of death is up!"

The burly figure was like a golden ray of light, and in an instant, he had already traversed hundreds of miles of space and appeared in front of Ye Tingyun. Reaching out his hand, he grabbed out, and a dazzling golden bone whip appeared.

"Slash ..."

The sound suddenly exploded.

The vast space seemed to have been split into two by the bone whip as a dense golden aura surged towards Ye Meiyun like a waterfall. The violent and sharp Strength Qi raged throughout the world as though it could destroy everything in its path, and even if there was a towering mountain in front of it, it would still be able to explode with a single whip strike.

A cyan sword suddenly appeared in his hand and chopped out with a frightening speed. A strand of cyan sword light burst out, and it was as silent as a ghost. There wasn't even a single ripple in the air, and in less than a blink of an eye, it had already struck the golden bone whip.

The sound of an explosion was deafening.

The sword beam shattered, the bone whip rolled back. The extremely brutal Strength Qi roared in all directions, the explosive impact was extremely powerful. Ye Tingyun let out a muffled groan from her mouth. She could not control her body and retreated several thousand meters back, her face turning slightly pale.

Amongst the many cultivators of the Human Clan, although he was the strongest, he could still sustain the operation of the great formation. Right now, although he looked to be in a better condition than the other Human Clan's Heavenly Kings, his strength was still not even ten percent of his original strength.

"Ye Tingyun, you really can't take it anymore!"

Cangxu's eyes lit up as he laughed wildly without restraint. Without even waiting for his voice to fade away, he impatiently shot forward. The chance to wash away his shame had finally arrived.

Ye Tingyun's pupils suddenly contracted. However, when he caught a glimpse of the Spirit Hidden Mountain Range from the corner of his eyes, a bright light suddenly blossomed in his eyes.

#### Chapter 1913 - Panic Escape

At this moment, the originally endlessly fluctuating Hidden Spirit Mountain suddenly calmed down.

Cangxu was startled for a moment, and then the sudden burst of strength from his burly body came to a halt. An instant later, an unconcealable anger appeared between his brows. "That woman actually escaped?"

"You guessed it right!"

Ye Tingxiao smiled and a relieved smile appeared on his face.

Cangxu's expression changed greatly as panic filled his eyes. He immediately shouted, "Retreat! Retreat! Get out of here! "

Almost at the same instant he finished speaking, a blood-red jade slip that was as thin as a cicada's wing appeared in Cang Xu's hand. Boundless energy surged in, and the thick blood mist exploded. Within the blood mist, there seemed to be a shadow of a dragon appearing. It opened its mouth towards Cang Xu and swallowed him in an instant.

After Cang Xu disappeared, the dragon-shaped blood mist quickly merged into the air as well.

At almost the same time, similar scenes constantly appeared in midair, and every ball of blood fog that appeared meant that a Heavenly King of Dragon Clan had left the place. In the blink of an eye, only nearly a thousand human cultivators remained in this region. All the Dragon Clan experts had escaped without a trace.

It wasn't that he didn't want to prevent Cang Xu and the others from escaping, it was just that he was starting to run out of strength. In this one month's time, he was already at the end of his tether.

Upon seeing this, the other Heavenly King Stage cultivators heaved a sigh of relief, but they were all astonished.

After being in the "Heavenly Imperial Dragon Palace" for such a long time, they naturally knew that the Heavenly Kings of Dragon Clan had left with "Dragon Soul Divine Talisman", allowing them to return to the Dragon City in an instant. What had happened that caused all the Heavenly Kings of Dragon Clan to flee in such a panic, even using treasures like the Dragon Soul Immortal Talisman?

One had to know that, in a moment ago, the Dragon Clan held the absolute advantage.

Just a moment ago, many Human Clan cultivators were severely injured, if they continued, many of them would have lost their lives. However, those Heavenly Kings of Dragon Clan, had actually given up on the victory that was about to be obtained, just what was going on?

And what did the words that Cang Xu shouted before he fled mean?

Who was that woman referring to?

The close to a thousand Heavenly King cultivators scattered about in the void exchanged glances, their faces filled with shock and bewilderment.

In this past year, all of these things that had happened were hard for them to understand. First, there were huge changes in the Hidden Spirit Mountain Range, followed by the invasion of the Dragon Clan ... This had never happened before.

The reaction of the Cavemaster Ye Tingyun also confused everyone.

When the Dragon Clan attacked, they could just use the Spirit Hidden Cave to defend themselves. Why would they need to go outside to form a big array to fight against the Dragon Clan head on? However, according to Ye Liuyun, once the Dragon Clan arrived, the Spirit Hidden Cave would no longer be a place of protection. It would need to completely block the experts of the Dragon Clan for one month before a change would occur.

As for the specific reason, Ye Tingyun did not explain it.

Although everyone was suspicious, they could only suppress their suspicions. After all, Ye Tingyun had been the owner of the Spirit Hidden Cave for a long time, so everyone trusted him a lot. Maybe

the Spirit Hidden Cave really had some trump card that could block the group of Dragon Clan Rankers, and it would only be effective after a month.

Moreover, the nearly a thousand "Glazed Spirit Tassels" that the Cavemaster took out was indeed extremely magical.

If in one month, they still had no means of dealing with this threat, then the Human Clan cultivators would be no different from lambs waiting to be slaughtered. After all, after maintaining the array for so long, everyone would have difficulty reaching their peak strength.

Just now, when they saw the Dragon Clan Rankers break the formation and rush towards them, many of them felt despair in their hearts.

But unexpectedly, in the blink of an eye, the situation had reversed. Dragon Clan Rankers who were brimming with killing intent, had all turned into homeless dogs, fleeing in panic ... In that moment, everyone felt elated that they had just survived a disaster. However, the doubt in their hearts had become even more intense.

"Master, what's going on?"

Wang Yichun's figure slightly moved and appeared next to Ye Tingyun. He asked with great suspicion.

At this time, the other Heavenly Kings had also approached Ye Tingyun from the surroundings. One by one, they focused their searching gazes on this Cavemaster of the Hidden Spirit Cave.

"Everyone ..."

Ye Tingyun smiled.

Before he could finish his sentence, an incomparably terrifying aura suddenly whizzed in from the depths of the Hidden Spirit Mountain Range. Wherever it passed, the air violently fluctuated, and ripples that could be seen with the naked eye wreaked havoc in the world as a terrifying pressure filled every inch of the space above the mountain range.

Around Ye Tingyun, nearly a thousand Heavenly Kings were shocked.

The strength of the aura had already reached an unbelievable level. The moment they felt the aura, everyone felt as if they were suffocating, their souls trembling uncontrollably. An extremely small feeling rose from the bottom of their hearts, as if a god who had been sleeping for countless years had suddenly awakened in the depths of the mountain range. He looked down at everyone with disdain, making them unable to resist at all.

"They can be considered to be fast!"

In the depths of the Hidden Spirit Mountain, a soft, crisp snort suddenly rang out. Even though it wasn't loud, it clearly entered into the ears of every cultivator.

Hearing the voice, Wang Yichun and others were even more confused.

"Congratulations Senior, congratulations Senior!" Ye Tingyun slightly bowed before cupping his hands together and laughing. An uncontrollable joy appeared between his brows.

"Little Yun, well done."

That delicate voice resounded in the air once again, "Take everyone back to the Spirit Hidden Cave and rest for a while. As for the rest of the matters, you don't have to worry."

"Yes sir!"

Ye Tingyun hurriedly answered.

Everyone was stunned for a moment before realizing that the three words "Xiao Yunzi" referred to Cavemaster Ye Tingyun. In an instant, the crowd turned to look at Ye Tingyun with a strange expression.

He then explained, "Everyone is unaware that the Spirit Concealing Mountain Range is a divine grade Dao Artifact called the 'Mountain Flipping Seal'. As for the senior who spoke earlier, he is the 'Heavenly Emperor Glazed' who established the Spirit Concealment Cave."

"Although Senior Heavenly Emperor opened his Spirit Hidden Cave in this Mountain Flipping Seal, he was trapped inside and was unable to escape."

"This time's huge change in the Hidden Spirit Mountain Range was because the 'Mountain Flipping Seal' was trying to suppress Senior Sky Emperor, who was trying to escape. And the reason why the Dragon Clan attacked this time round was to stop Senior Sky Emperor from escaping. This month, even though we worked hard, we managed to successfully stop those Heavenly Kings of Dragon Clan. "

"Right now, Senior Heavenly Emperor has already completely escaped. Everyone here has done a great service."

"..."

Wang Yichun and the others were petrified.

Chapter 1914 - Mysterious Gold True Liquid

The shock in everyone's heart couldn't be described with words when they suddenly learned of this news.

Within the Spirit Hidden Cave, there was actually a Sky Emperor hidden. Moreover, that Heavenly Emperor Glazed was actually the founder of the Spirit Hidden Cave.

The one who opened the Spirit Hidden Cave was a Celestial Emperor, this was something they had known for a long time.

But everyone, including Wang Yichun, thought that the Heavenly Emperor had long left the Heavenly Imperial Dragon Palace, after all the Spirit Hidden Cave had already existed for countless of years.

Such an expert must have found a way to leave the Heavenly Imperial Dragon Palace long ago.

However, who would have thought that Heavenly Emperor Glazed would actually stay in the Spirit Hidden Cave all this time. Furthermore, she was trapped by the Spirit Hidden Mountain Range. What was also unbelievable was that such a huge Hidden Spirit Mountain was actually formed from a divine grade Dao item.

Just as everyone was immersed in extreme shock, the Spirit Hidden Cave was filled with cheers.

When the news of the Dragon Clan Rankers fleeing was spread to the Spirit Hidden Cave, the thousands of worried cultivators, whose throats were hanging with the rocks, finally returned to their original places. Following that, the crowd could no longer suppress the excitement in their hearts, and the quiet and peaceful area immediately shook with earth-shaking cheers.

In the space where the countless roots of the Nine Palace Glass interweaved, when Tang Huan heard the shouts outside, she could not help but smile, and then looked at the green dressed young lady who had just revealed her figure: "Sister Liu Li, are you sure that you only need a month's time to completely recover?"

In the past year, although Heavenly Emperor Liu Li was continuously absorbing the fire from the Immortal Flames, she had consumed a great deal of energy during her battle against the Mountain Flipping Seal.

"One month is enough."

Little brother Tang Huan, it is all thanks to you this time, that big sister was able to completely fuse with the Immortal Flames, and successfully break free of the 'Mountain-toppling Stamp'.

Unfortunately, this 'Mountain-toppling Stamp' and the 'Heavenly Imperial Dragon Palace' have become one, if not, I would definitely have kept this 'Mountain-toppling Stamp'! "

As he finished speaking, the smile on Heavenly Emperor Liu Li's face vanished, and his tone showed some unwillingness.

Having been trapped here for countless years by the "Mountain Crushing Seal," if he could finally take this Divine Grade Dao item for himself, it would be a good compensation. However, with the relationship between the "Mountain Splitting Seal" and "Heavenly Imperial Dragon Palace", to take the "Mountain Splitting Seal" away, one had to destroy the "Heavenly Imperial Dragon Palace" first.

However, the "Heavenly Imperial Dragon Palace" came from a Divine Realm expert after all. Although the Heavenly Emperor was strong, he knew that with his current strength, there was nothing he could do about the Dragon Palace.

It was no wonder that she was so indignant in her heart.

However, after a moment, Heavenly Emperor Liu Li smiled. "Elder sister, although I cannot take away this 'Mountain Flipping Seal', I will definitely not let it go so easily. The reason why that large river can appear outside of the Spirit Hidden Cave is because the 'Mountain Flipping Seal' contains a huge amount of 'Mystical Gold True Liquid'! "

"The river water is completely derived from the Mysterious Gold True Liquid!"

"Little brother Tang Huan, help me out this time. You have used up a lot of your Chaotic Force, so the 'Mystical Gold True Liquid' can just make up for your losses." The more she spoke, the more she felt that her idea was not bad. As she finished speaking, she couldn't help but clap her hands and smile like a flower.

"Black Gold True Liquid?"

Hearing that, Tang Huan's heart could not help but move.

When he was inspecting the "Mountain Crushing Seal", Tang Huan had discovered that there was a sea of gold hidden directly below the center of this Divine Ranking Dao Artifact. That ocean was filled to the brim with an incomparably pure, golden liquid that was also filled with a sharp intent.

Water vapour rose from the surface of the golden ocean and entered the surrounding holes. It turned into water current and began to surge forward.

When they burst out of the hole, they converged into the river between the mountains.

However, when Heavenly Emperor Glazed started to fight against the Mountain Crushing Seal, the golden ocean stopped producing water vapor, and all the holes in the sea dried up, causing the river to stop flowing as well.

Originally, Tang Huan did not know what it was, but from the looks of it, it should be what Heavenly Emperor Liu Li had called the "Mystical Gold True Liquid".

"If we were to give so much Mysterious Gold True Fluid to someone else, not only would they not be able to refine it, but they would also be injured by the acute Gold Intent contained within the Mysterious Gold True Fluid. But if it was you, Little Brother Tang Huan, then you don't have to worry at all. With your Primal Chaos Dao Fire, refining this thing will not be difficult. " Heavenly Emperor Liu Li said with a face full of smiles.

"Since that is the case, I will not be disrespectful."

Tang Huan did not decline, and accepted smilingly.

In the past year or so, he had truly used up a large amount of chaos energy in order to refine the Immortal fire. Currently, only around eighty percent of the Chaotic Force remained in the "chaos source crystal". One must know that when he had advanced to a middle level Heavenly King, Tang Huan had only consumed about ten percent of his Chaotic Force.

The amount of energy expended this time was almost the same as the power expended back then.

However, if he could obtain the massive amount of "Mysterious Gold True Liquid", not only would he be able to recover his lost strength, he would also be able to make a huge profit. Tang Huan did not plan to refine the "Mystical Gold True Liquid" directly. Instead, she would absorb it using the "Primal Chaos Origin Crystal" and turn it into her Chaotic Force.

"Little brother Tang Huan, this is what you deserve."

The Heavenly Emperor of Liu Li chuckled as his body turned into a green light, merging into the "Nine Palace's Liu Li".

In the next moment, the countless roots of various sizes and sizes in this space seemed to have turned into spiritual snakes that possessed life. They began to rapidly twirl and shrink.

In just a short span of a few breaths, the object beneath Tang Huan's feet had disappeared, and the massive "Nine Palace Glass" had shrunk countless of times, transforming into a plant that was not even two meters tall. It floated in front of Tang Huan like flying cotton, with roots, leaves, and petals swaying back and forth, it was exceptionally agile.

At the same time, a dazzling golden seal appeared in front of Tang Huan's eyes.

At this moment, Tang Huan and Heavenly Emperor Liu Li were already standing on top of the golden ocean.

In a sea of gold with a radius of around ten miles, the thick and viscous "Mystical Gold True Liquid" would ripple from time to time. The incomparably sharp aura filled every inch of the surrounding area, making Tang Huan feel like she was in a forest of swords and mountains, as though she could be chopped into pieces at any time.

"This is the 'Mystic Gold True Liquid'. Are you satisfied?" Heavenly Emperor Liu Li said while smiling.

"Very satisfied." Hearing that, Tang Huan could not help but grin, but then she said worriedly, "Sister Liu Li, this Mystical Gold True Liquid is the same as the Immortal Fire, they are both the lifeblood of the genuine" Mountain-toppling Stamp ", I'm afraid they will not allow me to take this" Mystical Gold True Liquid "away so easily?"

"Of course it won't like it, but that's not up to it."

Heavenly Emperor Liu Li laughed, "When this' Mountain Flipping Seal 'was assimilated into the Heavenly Imperial Dragon Palace, it means that it was unable to give birth to a complete and strong spirit. Previously, it clashed with me repeatedly, but it did so instinctively. Now that it has failed to fight back, its weak spirit is weakened greatly. Although absorbing the 'Mystical Gold True Liquid' will cause it to instinctively resist, with your current strength, you can still withstand it. "

Chapter 1915 - Dragon God Order

"In that case, I'll start now."

Tang Huan laughed, and the "Primal Chaos Origin Crystal" flew out of her hand and floated in the air.

In the next moment, Tang Huan's figure moved slightly and entered the center of the Origin Crystal, quickly merging into the mind sculpture. Without the slightest hesitation, Tang Huan activated the mental sculpture to the extreme, and within the Dantian, the "Nine Yang Divine Furnace" also began to circulate at top speed.

The original power of the sucking of this "Primal Chaos Source Crystal" was already extremely shocking. Now that it was superimposed with the power of the sucking of the "Nine Yang Divine Furnace", it was even more tyrannical to the extreme.

In an instant, an abnormally dense golden aura began to rise from the ocean below, crazily surging into the countless channels of the Origin Crystals. At this time, the "Primal Chaos Source Crystal" seemed to have turned into a black hole. No matter how much power was separated from the ground, it could be exhausted by the sucking.

"Hu!"

The "Mountain Crushing Seal", which had been silent for a while, moved once again. The golden ocean seemed to have been stirred up by a hurricane as huge waves swept up and crashed down towards the "Primal Chaos Crystal".

The surging waves of the "Black Gold Serpent Liquid" seemed to be formed from the convergence of countless sharp blades, a sharp and penetrating intent immediately filled every inch of the sky above the golden sea. The void violently fluctuated, as if it could turn any obstacle into dust.

The "Mountain Flipping Seal" obviously did not wish to see the "Mystical Gold True Liquid" being taken away by someone from the sucking. In the blink of an eye, the chaos nectar was covered by the golden waves.

However, no matter how the golden wave struck it, the "Primal Chaos Source Crystal" did not move an inch. Furthermore, the power of the sucking was still increasing. As a result, the speed at which the golden aura separated from the ocean below did not slow down in the slightest. Instead, it gradually accelerated.

As a Divine Grade Dao Artifact, the "Mountain-toppling Stamp" was indeed incomparably powerful.

Even a Heavenly Emperor like the "Nine Palace's Liu Li" could not really destroy it. Unfortunately, after fusing with the "Heavenly Imperial Dragon Palace", not only did it not have a master, it did not have a real artifact spirit either. Even if a Dao tool like this was of a godly quality, it would still be difficult for it to unleash its full power.

Furthermore, it had resisted Heavenly Emperor Liu Li for such a long time, and its own immortal fire had been completely refined. Now, it wanted to resist Tang Huan's absorption of the "Mystical Gold True Liquid", but it was completely powerless.

Of course, this was also because the explosive power of the sucking from the "Primal Chaos Origin Crystal" and "Nine Yang Divine Furnace" was just too strong. If it were any other middle level heavenly king, they would definitely be helpless against this "Mystic Gold True Liquid".

"This thing is magical indeed."

Seeing this scene, Heavenly Emperor Liu Li couldn't help but laugh strangely, "To actually be able to use the sucking's' Mystical Gold Essence 'to convert it into chaos energy, I don't know who left it inside this' Heavenly Imperial Dragon Palace ', but, it definitely wouldn't be that old fogey Dragon God."

After a while, the "Nine Palace Glass" 's body once again stretched and expanded. Countless roots could be seen floating about in the air.

In just a few short breaths of time, the roots of the "Nine Palaces Glass" had once again weaved into a rather vast space above the "Primal Chaos Source Crystal." The nine flowers that had originally bloomed proudly were actually closed at the same time, turning into a giant flower bud.

However, after a short while, the flower bud began to bloom again ...

Closing, blooming, closing, blooming ...

As the cycle continued, each time the "Nine Palace Glass" bloomed, a very dense white and green aura would seep out and circulate between the leaves. Not long after, Liu Li of the Nine Palaces was completely engulfed by these two auras, making her seem very indistinct and indistinct.

Time flew by. The space was still as silent as still water.

At this time, a violent storm seemed to have been set off in the vast "Heavenly Imperial Dragon Palace." And the source of this storm was a sudden "Dragon God Token"!

The Dragon Clan's hunting competition that was supposed to last for five years suddenly ended early.

From all parts of the Dragon Palace, whether they were hunting or resting, all of the Dragon Clan Warriors suddenly activated the "Dragon Soul Immortal Talisman" and returned to the Central Dragon City.

The creatures that were considered prey naturally did not know the reason.

However, the departure of the Dragon Clan Rankers made many of the living beings who were being chased feel extremely lucky. Hence, they found a place to hide and waited quietly for the dark imprint to dissipate.

However, they were soon disappointed.

Not only did the dark imprint not leave after the competition ended, there was even a mind instructs (in a second) that suddenly transmitted through the dark imprint into the depths of every living being's soul.

Inside the Heavenly Palace, all the heavenly kings would head to the Central Dragon City!

This was an order from the Dragon God, no one could disobey it!

Violator, dead!

This was the "Dragon God Token"!

The meaning of this short sentence was clear, clear, and clear, but the meaning behind it was as if it was filled with killing intent, as if it could not tolerate the many Heavenly Kings in the "Heavenly Imperial Dragon Palace" to have any stubbornness, doubt, and delay ... All of the creatures present were terrified.

Countless years had passed since ancient times, and this kind of situation had never happened before. At least, among all the inherited memories of living creatures, there weren't any fragments like this.

However, even though he didn't know the reason, no living being dared to go against this Dragon God's Token.

In this "Heavenly Imperial Dragon Palace", the experts of the Dragon Clan were high and mighty existences, especially when it came to orders, no living being would dare to disobey them. Even the powerful beings of the upper echelons, who were already at the peak Heavenly King Stage, did not have the guts to disobey orders.

As such, all around the Heavenly Imperial Dragon Palace, many Heavenly King Stage powerhouses started rushing towards the Dragon City.

No matter the race or type, their speed would be displayed to the fullest ... They were afraid that if they were to be negligent, it would cause the Dragon Clan to be displeased and bring about a fatal disaster to their lives. The movements of the Heavenly Kings caused the entire "Heavenly Imperial Dragon Palace" to boil over, and a wave of panic and unease quickly spread out.

Within the Spirit Hidden Cave, the peace from before was restored.

However, it was different from before. Today, all of the cultivators had a strong sense of confidence, because everyone already knew that there was a world within the Spirit Hidden Cave. And that Heavenly Emperor was the expert that created the Spirit Hidden Cave. With such a strong expert, why would they need to fear the Dragon Clan?

In the depths of the canyon, within the space formed by the interweaving tendrils.

The figure of Liu Li from the nine palaces was still obscured, but the originally distinct white and green auras had now completely fused together.

"It's about time."

After a while, crisp murmurs could be heard. The two colored auras that had filled the entire space quickly converged. With a flick of a finger, the nine palaces' Liu Li could be clearly seen.

#### Chapter 1916 - Dragon City

Currently, the shape of the Nine Palace Glass was still the same as before. Regardless of whether it was the roots, leaves or flowers, the color had changed drastically.

White and green, no longer quite as distinct as before.

The two colors were tightly entwined, like threads, from the roots to the stems, and from the stems to the leaves and flowers. The entire Nine Palace Glass Tree was the same. The two colors intertwined, clearly signifying that the metal and wood elemental Dao Flames were already intertwined.

Within the Five Elements, although gold may be the nemesis of wood, when the two types of flames converged together within the body of the same being, it was still possible to achieve a perfect balance.

The nine palaces, Liu Li, were the proof of this.

"Whooosh."

The petals of the leaves began to shake, and the roots shrank rapidly.

In the blink of an eye, this space that was separated by a root was no longer there. Only a meter tall Nine Palace Glass remained floating in the air, and in front of it, tens of meters away, was that pebble-shaped "Primal Chaos Crystal".

Below, the golden sea formed by the "Mystical Gold True Liquid" had shrunk to a small puddle of water with a radius of only a dozen meters.

As the golden aura continued to rise up and enter the "Chaos Origin Crystal", the small puddle of water also continued to shrink at a speed visible to the naked eye.

"So much 'Mystical Gold Real Liquid', and he's actually going to end his sucking so soon."

"It looks like we will be leaving for the Dragon City very soon. Dragon God, oh Dragon God, this Mountain Splitting Seal has been trapping me for so long. I don't have the strength to leave this Heaven Realm to find trouble with you, but I need to take back some interest from your juniors. "

"And those fellows who chased me for the past 18 days or even the next nine days ..."

"When I return, I will not let you off so easily. If you are no longer here, then look for your sects and your juniors. "That's right, I like to hold a grudge, haha ..."

"..."

About a quarter of an hour later.

Finally, the last bit of the Mysterious Gold True Liquid turned into a ball of golden colored aura and entered the "Primal Chaos Crystal".

In the next moment, a shadow flashed and Tang Huan appeared in front of Liu Li from the nine palaces with a smile on her face.

However, he couldn't help but feel joy in his heart at the astonishing speed at which the "chaos origin crystal" was able to condense the power of primordial chaos.

After knowing this, Tang Huan finally understood that she had always been misled by the "Primal Chaos Source Crystal". Chaos energy originated from the various sources of energy between Heaven and Earth. In the environment where the "Primal Chaos Source Crystal" used to be, the source energy contained within the Celestial Energy was obviously extremely weak.

As a result, the rate at which the Chaotic Force was increasing was rather slow. The "Primal Chaos Crystals" relied on the passage of time to give birth to a vast amount of Chaotic Force.

This was the reason why a beautiful woman was unable to make a meal out of a rice well. ... ..

However, this Mysterious Gold True Liquid was not comparable to the celestial spiritual energy that contained immortal spiritual energy. It contained an extremely rich source of energy. Because of this, after the "Primal Chaos Crystal" had begun to use the sucking's "Mystical Gold True Liquid", the rate at which the power of chaos had increased was extremely astonishing.

Up until now, the twenty percent of Chaotic Force that had been heavily consumed in the past had been replenished.

At this moment, Tang Huan's happiness was self-evident.

However, when Tang Huan's gaze landed on Liu Li from the nine palaces, she could not help but be stunned. Now that she had met his again, Tang Huan suddenly realized that the aura she faintly emitted had become even more majestic and unfathomable.

Not only that, Tang Huan had even discovered that there was actually a hint of the majesty of the Heavenly Dao on the body of the Heavenly Emperor glass, as if she had already become a part of the Heavenly Dao.

"Sky Sovereign?"

Tang Huan's heart skipped a beat, the two characters seemed to have appeared in her mind out of reflex. Immediately after, a trace of understanding emerged in Tang Huan's heart, he cupped her hands in respect to Liu Li and chuckled: "Looks like little brother needs to congratulate big sister Liu Li in advance."

"Did you see that?" The nine palaces' Liu Li fluctuated rapidly and instantly transformed into a figure. This figure was the same one that the young girl in green had worn earlier.

"I was just guessing. It seems like I guessed right."

It was precisely because of that divine crystal that he was able to vaguely feel a trace of the majesty of the heavens on her body. Otherwise, even if Tang Huan used the "Nine Yang Divine Furnace" to the maximum, he might not be able to detect it.

"Elder sister, I've been in this' Heavenly Imperial Dragon Palace 'for countless of years, I've had some gains too."

Sky Emperor Liu Li said with a smile, "However, 36 days, or even 18 days, it is not suitable for me to be promoted. If I want to become an Empyrean, I still have to enter the nine heavens. When I return to the Ninth Heaven, it will be the day I advance to an Empyrean! Little brother Tang Huan, let's head out for the Dragon City now, I can't wait any longer. I will leave immediately for the next thirty-six days after taking care of the things here. "

"Alright, let's go!"

Tang Huan laughed and immediately agreed.

Heavenly Emperor Liu-Li was anxious to return and leave the "Heavenly Imperial Dragon Palace", to return for nine days, and Tang Huan was anxious to save Xiao Budian. In a blink of an eye, Tang Huan and Heavenly Emperor Liu Li had already left the space. After a short while, five figures left the Spirit Hidden Cave and rushed into the sky.

Even though the Central Dragon City was named after the word "City", it was not the city where the cultivators of Human Clan resided.

The so-called Dragon City was actually a towering mountain peak.

Within the mountain range, there were countless holes like a beehive. Every Disciples, after entering the Dragon City, would have their own cave.

As time passed, more and more powerful creatures gathered at the foot of the mountain.

However, not only did they not bring any liveliness to the Dragon City, they instead caused the atmosphere of the Dragon Clan's lair to become even more solemn and solemn. This strange atmosphere caused the Heavenly King's creatures that were summoned by the Dragon God's Token to appear even more frightened and anxious, yet they didn't dare to flee.

Under the foot of the mountain, they were living like a year.

Deep within the mountain range, Cang Xi similarly lived like a year.

Within the mountain, there was another world. At this moment, Cangxu was in an extremely vast space. This space was beautifully decorated with dazzling lights all around. On both sides of the space stood massive pillars, and on these pillars were coiled dragon shadows, each with their own unique posture, looking very lifelike.

Cangxu's brows were tightly knitted together, and the anxiety in his eyes was somewhat difficult to suppress.

Inside the space in front of him was a towering, robust palace. However, the door to the hall was always tightly shut, without the slightest sign of opening at all.

Chapter 1917 - Great Elder

Behind the hall door was the secluded cultivation grounds of the Great Clan Elder of the Dragon Clan, Gu Keng.

After escaping from the Hidden Spirit Mountain Range, he had been waiting here for Gu Keng. After all, the woman from the Hidden Spirit Cave had escaped. In the entire Dragon Clan, the only person who could contend against her was the Great Elder Gu Keng, who was also a Sky Emperor.

Of course, this was only his hope.

In reality, things might not look good. That woman had been in the Heavenly Imperial Dragon Palace for countless years, and her time to be promoted to the Heavenly Emperor Realm had also far surpassed Gu Keng's. Once they started to fight, even if Gu Keng occupied the territory of the Dragon City, he was afraid that he would not be a match for that woman.

Once Gu Keng was defeated, it would definitely not be a good thing for the Dragon Clan.

So, Cang Xu also communicated with the remnant thoughts of the Dragon God and asked him to place down a Dragon God's Token to gather all the Sky King creatures in the "Heavenly Imperial Dragon Palace". Those Heavenly Kings naturally could not threaten a Heavenly Emperor Stage powerhouse. The reason they had brought them here was not to fight with that woman, but to have other uses.

If he could operate it well, it would be of great use.

As he thought about the numerous heavenly kings that had gathered at the foot of the mountain, a cruel and bloodthirsty malevolence flashed across his eyes.

"Rumble ..."

A deep, trembling sound suddenly rang out, and the door to the hall suddenly vanished.

In an instant, a terrifying killing intent gushed out from within, as though it had condensed into reality, and frantically spread throughout this space. In just a blink of an eye, it had filled up every inch of the surrounding space. Cangxu felt as if he had fallen into a cave of ice as a chill arose from the depths of his soul.

"Greetings, Grand Elder."

Cangxu felt a chill in his heart as he hurriedly bowed.

When Cang Xu raised his head to look, the sound of heavy footsteps suddenly rang out. It was as if a huge hammer was pounding on a drum, one after the other. It seemed as if the rumbling sound was echoing in the depths of one's soul, causing one's soul to be scattered. Cangxu quickly circulated the power in his body to the maximum to prevent his mind from being distracted.

In the next moment, a blood-red figure appeared at the door to the hall.

It was a young man, tall and slender, with a face as beautiful as jade. His long hair was scattered carelessly behind his head, and he wore a blood-red robe that seemed to be condensed from fresh blood. A terrifying baleful aura surged in all directions, making him look like a god of death that had just walked out of hell.

This man was the Great Clan Elder of Dragon Clan, Gu Keng.

"Heavenly Emperor Glazed Light has escaped?" Gu Keng stared at Cang Xu, his eyes glimmering faintly with a blood-red light, filled with a bone-chilling coldness.

"Exactly."

Cang Xu bowed his head and quickly responded.

However, this Heavenly Emperor Stage powerhouse standing in front of him, made him feel as if he was facing a towering mountain, and a terrifying sense of oppression was involuntarily born from the depths of his soul, making him want to prostrate and pay his respects.

At this moment, after hearing Gu Keng's question, Cang Wen did not dare to be negligent in the slightest.

Furthermore, the gap between the two wasn't only in terms of strength and detail, but also in terms of status. Great Elder and Second Elder were both elders of Dragon Clan. However, the only person who was truly in charge of the Dragon Clan was Great Clan Elder Gu Keng.

However, Great Elder Gu Keng was the spokesperson for the Dragon God.

As the only Heavenly Emperor in the Dragon Clan, in the Dragon City, the Great Clan Elder's dignity and prestige was something that no expert in the Dragon Clan would dare to offend.

Cang Xu paused for a second, carefully looked at Gu Keng, then said: "Great Elder, after I confirmed that woman was free, I took the initiative to communicate with the Dragon God's will and issue the Dragon God's Token. I have gathered all the life forms of the Heavenly Imperial Dragon Palace, and quite a number of them are here now."

"You're worried that I'm not her match?"

Gu Keng's eyes slightly narrowed as he spoke in a low and deep voice. His gaze fell on Cang Xu, and his gaze was actually as sharp and sharp as a blade, as if he wanted to completely pierce through Cang Xu's soul.

"I don't dare!"

Cangxu's heart trembled, and his face paled slightly. Cold sweat flowed out from his forehead as he felt a chill run from his spine to the top of his head.

After staying in the Dragon City for so many years, Cang Xun knew very well about the grand elder's temperament. If what he had done truly dissatisfied the Great Clan Elder, even if he was the Second Clan Elder of Dragon Clan, Gu Keng would not have the slightest bit of mercy when he punished him.

Although the thing he did was for the sake of the Dragon Clan and to be cautious, it was clear that he did not trust Gu Tie's strength and felt that he could not match up to the woman in the Hidden Spirit Cave. Gu Qishao's earlier words had directly pointed out his concerns, making him feel very bad.

However, just when he felt that he would not be able to escape this calamity, Gu Keng suddenly laughed, "Your worry is completely correct, I am indeed not a match for that woman from the Spirit Hidden Cave. The Celestial King was divided into the lower, middle and upper echelons, and the Celestial Emperor was the same. I am just a middle level Sky Emperor, but she is ... "

"Upper Sky Emperor!"

The moment he spat out the last four runes, an inexplicable look flashed across his eyes. He sighed and said, "All these years, I have been cultivating in seclusion, hoping to catch up with her. Unfortunately, my time to become a Celestial Emperor is still too short compared to her. Back then,

she was tied down by the Mountain Split Seal, and I couldn't do anything to her, but she couldn't do anything to me either. Now, she has already escaped from her imprisonment, so once we fight, I will lose for sure. "

Hearing this, Cang Xu could not help but heave a sigh of relief.

"How many heavenly kings were summoned by the 'Dragon God's Decree'?" A moment later, Gu Keng asked in a deep voice.

"Up until this morning, there are already over one thousand and three hundred heavenly kings rushing over. If another day or two passes, there should be more than two thousand. "Unfortunately, time is a bit tight. If we had enough time, all the heavenly kings and creatures in the Heavenly Imperial Dragon Palace would have gathered here. Maybe more than ten thousand of them could have gathered here." Cangxu let out a somewhat helpless sigh.

[illegible]

"Not even for a day or two."

"I have a strong premonition, that Heavenly Emperor Glazed will not give us too long. She can arrive at the Dragon City anytime soon, and we need to immediately prepare to activate the great formation. With a thousand and three hundred Celestial Kings, we should be able to use it."

At this point, Gu Keng shouted, "Bring them all into the 'Myriad Dragon Cave', and immediately go!"

"Yes, Great Elder!"

Cang Xi respectfully replied and left. A moment later, his figure disappeared from this space.

Gu Keng withdrew his gaze from the direction Cang Xu left in, and his eyes became as cold as ice. He humphed to himself, "Liu Li, this Dragon City is the place where you will die!"

## Chapter 1918 - Tyrant

Whoosh.

In the sky above the forest, three figures were flying at high speed.

As for Jiu Ling and Xiao Zihan, not long after they left the Hidden Spirit Cave, they entered Tang Huan's cave.

All along the way, it was Heavenly Emperor Liu Li bringing Tang Huan and Ye Tingyun along.

The full might of a Heavenly Emperor Stage powerhouse was unleashed. Its speed was so fast that it was able to cause one's heart to tremble. No matter if it was Tang Huan, who possessed the sacred art "Void Evasion", or the peak-level Sky King Ye Tingyun, even if she risked her life, it was impossible for him to follow the footsteps of the Heavenly Emperor Liu Li.

"Sister Liu-Li, something is wrong with the situation in Dragon City!"

Tang Huan slightly frowned, and asked with some doubt.

Tang Huan had naturally known about the "Dragon God's Token" since long ago. After all, no matter if it was the nine spirits, or the Human Clan's Heavenly Kings like Ye Tingyun, all of them

had the black mark on their foreheads. Those who possessed the imprint of darkness, regardless of their status or identity, were able to receive the Dragon God's will and order.

After finding out about this situation, Tang Huan sent Long Jun, the sword stab and many other Dragon Clan Puppets out.

This was because when the Dragon God Token appeared, the Dragon Clan had already stopped their hunting competition ahead of time and summoned all the Dragon Clan back to the Central Dragon City. As a result, the Dragon Clan puppets all activated the "Dragon Soul Immortal Talisman" and quickly returned to the Dragon City. The situation there was also constantly transmitted over.

Just yesterday, Tang Huan had received news from Long Jun that the number of heavenly kings that had gathered in Dragon City was already 1300. This number obviously did not include Dragon Clan. When all of the Dragon Clan s returned to the Dragon City, the number of Dragon Clan Kings there was already extremely shocking.

Adding the Dragon Clan s below the Heavenly King, the number of people would naturally be even greater.

However, what Tang Huan cared about was not that, but rather, according to what Long Jun had revealed, those heavenly king lifeforms that came from all over the "Heavenly Imperial Dragon Palace" were all personally lured into the depths of Dragon City by Second Elder Cang Xi. They had not appeared since then, and she did not know if they were alive or dead.

Fortunately, among those Dragon Clan Puppets, not only were there middle level Heavenly Kings like Long Jun and the sword stabbing out, there were also peak peak stage Heavenly Kings.

The things that they could touch were naturally not something that Long Jun could compare with.

As a result, new information quickly spread out that those heavenly kings had all been brought to a place called the "Myriad Dragon Cave". It was said that this was the forbidden grounds of the Dragon Clan. Other than the few elders, even the children of dragons and women were not allowed to enter, but all the living beings had already entered.

It was obvious that this did not make sense.

The reason the Dragon Clan had gathered all of those heavenly king lifeforms was definitely not to have them fight against the Heavenly Emperor Glass. Even a fool would know, no matter how many Heavenly Kings there were, they would not be able to threaten a Heavenly Emperor. Furthermore, Liu Li was not a newly promoted Heavenly Emperor, but a supreme expert amongst Heavenly Emperors.

In the face of such an enemy, those heavenly kings were not even able to use cannon fodder.

The Dragon Clan definitely had other plans!

"It doesn't matter if there's something wrong."

"In front of absolute strength, no matter what tricks Dragon Clan has up their sleeves, they would all end up in vain. Little brother Tang Huan, we don't have to care about that right now, we can just directly attack the Dragon City, whoever dares to stop us can be destroyed! "

"Until that ancient metal appears!" These words of Heavenly Emperor Glazed could be said to be extremely domineering, and she did indeed have such confidence.

"That's true."

Tang Huan was speechless and immediately nodded with a smile.

Indeed, in the face of absolute strength, any scheme would be like trash being unable to withstand a single blow, and Heavenly Emperor Liu-Li just so happened to have that kind of strength, which allowed her to have enough confidence to look down on all the Dragon Clans, even if it was Great Clan Elder Gu Keng, she did not really put him in her eyes. Even though she was still in the "Heavenly Imperial Dragon Palace", her gaze had already shifted to the 18 heavens and the 9 heavens.

"With senior here, no matter how much trouble Dragon Clan has caused, it would not be possible for them to escape this calamity." Ye Tingxiao laughed as he flattered Heavenly Emperor Glazed with a smile that was like a flower.

"Let's go, we have to increase our speed. We will soon reach Dragon City."

Heavenly Emperor Liu Li laughed loudly as a terrifying power surged out from his body, enveloping Tang Huan and Ye Tingyun as they quickly flew through the air.

Tang Huan only felt a drastic change in her vision. Only after about fifteen minutes, did Liu Li's swiftly moving body suddenly stop, and her vision returned to normal. In the midst of the boundless forest, a towering mountain rose from the ground, and he couldn't even see the peak of the mountain.

This extremely tall mountain peak was called the "Dragon City" Dragon Clan's Lair.

Above the mountain range, there were no vegetation. The entire body was a cyan color with a faint luster. However, even from a distance, one could still see the countless caves on the peak. The distribution of the caves were not orderly, but they were arranged in an orderly fashion, giving off an extremely mysterious feeling.

With the destination right before his eyes, Tang Huan felt a bit excited and nervous at the same time.

Originally, after hearing about Xiao Budian, Tang Huan had wanted to control as many Dragon Clan Puppets as possible, and in the end, a dragon child or dragon woman.

With this, not only would he be able to obtain more confidential information, he could also use the Dragon Clan Puppets to create trouble outside of Dragon City in the future, attracting the attention of many Dragon Clan Rankers. Meanwhile, he and the nine spirits would sneak into Dragon City to rescue Xiao Budian. This plan had a high chance of failure, but Tang Huan had no choice but to try it out. After all, this was the best plan that he could think of, and there was a certain probability of success.

However, after hearing about Xiao Zihan, everything that happened next completely changed Tang Huan's plan.

The new plan was much simpler and more risky. However, with the existence of Heavenly Emperor Glazed, the possibility of the plan failing was extremely small. When he thought about the fact that Xiao Budian was right inside the mountain range, Tang Huan's emotions became complicated. Excitement, joy, worry, nervousness and so on.

"Little brother Tang Huan, we ..."

Heavenly Emperor Liu Li looked at Tang Huan in the blink of an eye, her red lips slightly parted, but before she could even finish her sentence, a bizarre energy fluctuation seemed to have appeared around the towering giant peak in the distance.

Soon after, a large area of blood-red Qi suddenly surged out from within the peak, and like flowing water, it crazily spread. In the blink of an eye, the huge green mountain was replaced by a dense blood-red aura, and an incomparably ruthless Qi quickly wreaked havoc in the world.

After a moment, Tang Huan could not help but sniff, a strange light flashed in her eyes, as he smelt an extremely strong stench of blood.

#### Chapter 1919 - Bloodthirsty Asura Formation

"What's going on?"

Tang Huan exchanged a surprised look with Ye Tingxiao. Celestial Emperor Liu Li sized up the blood-red mountain with a hint of doubt in his eyes.

"So that's how it is!"

However, right at that moment, Heavenly Emperor Glazed smiled, "I know what's going on."

Tang Huan and Ye Meiyun's eyes immediately fell on the body of the Heavenly Emperor Liu Li, and they heard her snort coldly, "I have heard that the Dragon City has a great formation called the 'War Blood Asura Formation'. This formation uses the remnant consciousness of the Dragon God as a source, and with the blood of many powerful beings as a guide, it can produce a powerful 'Dragon God's War Qi', absorbing the 'Dragon God's Battle Qi' into the body, not only can it protect the Dragon City, it can also cause the power of the person controlling the formation to explosively increase."

After saying that, Heavenly Emperor Liu Li curled his lips and said, "Looking at the current situation in Dragon City, the 'War Blood Asura Array' should have already been activated."

Hearing that, Tang Huan's face could not help but change, her eyes revealing a look of surprise: "Sister Liu Li, what you're saying is, the reason why Dragon Clan used the 'Dragon God's Token' to gather the heavenly kings of the 'Heavenly Imperial Dragon Palace', was to use their blood to activate the 'War Blood Asura Formation'?"

After a slight pause, Tang Huan's eyebrows tightened, "So you're saying that the thousand over heavenly kings that Cang Xu brought into the 'Myriad Dragon Cave' have all become victims of the 'War Blood Asura Formation'? Dragon Clan is truly crazy, to think that they would even be able to do such a thing! "

"There's nothing strange about that."

Ye Tingyu could not help but snort coldly, "All the living beings in this' Heavenly Imperial Dragon Palace 'are prey, including the cultivators of our Human Clan. Let alone the fact that more than a thousand Heavenly Kings had died, even if all the Heavenly Kings and life forms had died, the Dragon Clan would not be the slightest bit merciful. In this' Heavenly Imperial Dragon Palace ', advancing to the Heavenly King Stage is much easier than in the outside world. With the death of a

group of Heavenly Kings, after a hundred years, a large number of new Heavenly Kings will appear. "

With that, Ye Wen Yun's eyes flashed with anger, "Brother Tang Huan, do you know why Dragon Clan holds the hunt every 100 years?"

Without waiting for Tang Huan to speak, Ye Tingyun spoke in a low voice, "You want to sharpen Disciples? There is indeed such a reason, but it is just an excuse. The true reason behind Dragon Clan launching the hunting competition is because there are too many king level entities in the 'Heavenly Imperial Dragon Palace'. They need to kill a group of them! "

"That's right."

Heavenly Emperor Liu Li also nodded, "'Heavenly Imperial Dragon Palace' is the domain of the Dragon Clan, these words are not just for show."

"Even the main clan Disciples who had transcended heavenly tribulation from the lower realms was willing to offer up the dragon god's remnant will without hesitation. Using the blood of more than a thousand other races to activate the great formation is simply not worth mentioning to Dragon Clan."

"However, that Gu Keng thought that with the 'War Blood Asura Array', everything would be great. That would be a huge mistake!"

"Little brother Tang Huan, you and Xiao Yunzi stay here for a while. After I lure that old fellow Gu Keng out, you two can immediately enter the Dragon City to save him. After we save him, we will no longer have any worries. At that time, we will have a good time in the Dragon Clan's lair. "

After he finished speaking, Heavenly Emperor Liu Li shot forward with a smile.

In the blink of an eye, Heavenly Emperor Liu Li's figure had appeared near the blood-red mountain peak high up in the sky, and following that, an earth-shattering explosion resounded like a thunderclap, and in Heavenly Emperor Liu Li's palm, a shocking green vine whip actually struck down onto the mountain.

"Pah!"

Wherever the whip passed by, the air on both sides began to violently fluctuate like a tidal wave.

Compared to that giant mountain, although the cane whip that Heavenly Emperor Glazed's Heavenly Emperor brandished was long, it was still extremely tiny. However, the overflowing might that it emitted caused one's heart to be shocked. At this moment, Tang Huan even had a feeling that that towering mountain peak could be destroyed by the whip of the Heavenly Emperor of Glass.

Sure enough, the might of a Heavenly Emperor was extremely powerful.

"Liu-Li, you really came!"

It was at this moment that a low shout suddenly echoed out from within Dragon City.

Immediately after, a blood-red figure flashed from the peak without any warning, and a terrifying aura spread crazily between the heaven and earth.

"Keng!"

Tang Huan squinted her eyes and the few words came out of her mouth like a conditioned reflex. In the Dragon City, the only one with such a strong aura was the Great Clan Elder of the Dragon Clan who was a Celestial Emperor like Liu Li. In the next moment, a streak of blood red light filled Tang Huan's line of sight.

In a split-second, the rattan whip and the saber light collided.

Amidst the explosive sound that sounded like the breaking of a golden rock, the space between Heavenly Emperor Glazed and Gu Keng seemed to form a monstrous wave. The green and blood color crazily intertwined as the violent Strength Qi swept in all directions, causing the space within a radius of a few hundred kilometers to violently shake, as though it was about to collapse at any time.

Immediately after, Tang Huan felt a wave of incomparable strength surging over from the front.

Even from such a far distance, he was still affected by such a strong force. Tang Huan was secretly shocked, if he tried to resist, he should be able to stabilize his body, but, there was no need. Thus, after a moment, Tang Huan violently retreated several hundred kilometers and the figures of Heavenly Emperor Liu Li and Gu Keng had already left his line of sight. However, that towering and majestic mountain peak still blossomed with an incomparably enchanting blood-red color before Tang Huan's eyes.

Between the blood colored giant mountain and Tang Huan, it was already a complete mess. On the ground, all of the plants had already been turned into fine powder and the humongous hill had also been completely razed to the ground. Countless deep and long ravines were cut out by the tyrannical power. It was a sight to behold.

"This is the Celestial Emperor!"

A soft sigh came from the side. Tang Huan looked over in a blink of an eye, only to see that Ye Tingyun had also retreated to his side, his eyes filled with unconcealable yearning.

"The cave master has long ascended the peak of the Heavenly King. In time, he will definitely ascend to the Heavenly Emperor Realm." Tang Huan could not help but laugh.

"Then, this old man shall first thank Brother Tang Huan for her wise words."

Hearing this, Ye Ziyun couldn't help but laugh.

Almost at the same time he finished speaking, Gu Keng's shout resounded from the front, "Liu-Li, you're really strong. I alone am not your opponent. However, this was not the Hidden Spirit Mountain Range, but the Dragon City. 'In Dragon City, with the help of the 'Bloodline Asura Formations', you will lose without a doubt!'"

In the next moment, a strange change suddenly appeared on the towering, blood-red peak in the distance.

On the surface of the mountain range, countless blood-red auras rose up. In the blink of an eye, a massive blood-red figure was formed.

Chapter 1920. It's time for us to go on stage!

Tang Huan's pupils shrank. Was that the gathered "Dragon God's War Qi"?

At this moment, even though he could no longer see Heavenly Emperor Glazed and Gu Keng's figures clearly, he was still able to sense what was happening over there.

In almost the same instant that the Dragon God's War Qi condensed into the figure of Pang Shuo, a terrifying aura had already fused into it.

The owner of this Qi was naturally Gu Qishao.

Immediately, Tang Huan discovered that the gigantic blood red figure was shrinking quickly, while Gu Keng's aura was soaring crazily. Obviously, he was absorbing the Dragon God's War Qi that was derived from the "Warblood Asura Formation". Judging from the way his aura was rising, it was no wonder that he was so confident just now.

In the blink of an eye, the ancient aura had already reached an extreme level of strength, even when compared to the Heavenly Emperor Glazed Glass, it was not inferior at all, and there were even signs of it surpassing that of the Heavenly Emperor Glazed.

"Gu Keng, your Dragon City's' Bloodline Asura Formation 'is indeed a little interesting."

In the next moment, Tang Huan caught hold of Heavenly Emperor Glazed's clear laughter that sounded like the chirping of a oriole, "What a pity, even if you absorbed the power derived from this formation, you would still only be able to play a role in the Dragon City. Once you leave this place, you'll still be the Great Clan Elder of the Dragon Clan!"

"Although this power is strong, it is only borrowed by you and not your own. If my guess is correct, this power should not be able to be maintained for long. A large formation that can give birth to this kind of power is clearly not something that can be easily opened!"

"Maybe I can go to other places and wait for a few years before coming back."

"You guessed right, this power is not sustainable, and the 'War Blood Asura Array' will take a long time before it can be reactivated."

However, there is one thing you are wrong about. After I fuse with the 'Dragon God's War Qi', my range of movement can still reach to a range of 50,000 miles. As long as it is within this range, I can display its full power.

"Oh? I don't believe it! Why don't we give it a try? " Heavenly Emperor Liu Li also laughed.

"Liu Li, if you want to try, then do it. However, no matter how you try, your life will definitely be left here today." Gu Jiu's tone was bone-chilling, and his words were filled with killing intent.

"What big words! If you want to kill me, then do it! "

"..."

Tang Huan could sense that Heavenly Emperor Glazed's aura was heading in another direction as it rapidly flew further and further away. The aura of the Great Elder of Dragon Clan was also swiftly distancing herself from the Dragon City.

As the two parties were chasing each other, in a moment, they were already out of Tang Huan's perception range.

Tang Huan understood very clearly that Heavenly Emperor Liu Li was purposely luring Gu Que away so that he and Ye Tingyu could carry out his plans.

With Gu Keng's terrifying strength, he had obviously noticed the existence of Ye Meiyun and him, but he continued to chase after Heavenly Emperor Glazed. It was obvious that he did not think much of them and did not think that they would be a threat to Dragon City after activating the "Bloodline Asura Formation".

Since that was the case, Tang Huan would naturally not be courteous.

"Cavemaster, it's time for us to go on stage!" Tang Huan's lips curled up into a strange smile, and in the blink of an eye, she turned to look at Ye Tingyu who was at the side.

"Brother Tang Huan, please direct the instructions on what to do." Ye Tingyun said with a smile.

"Alright, then junior will not be polite later."

The two of them smiled at each other and shot forward at almost the exact same time. Their figures were like flowing lights that cut across the horizon, and their speeds were unbelievably swift.

In the blink of an eye, the two of them crossed hundreds of miles of space and appeared in front of the huge mountain.

The familiar smell of blood rushed into his nose. The Dragon City seemed to have been dyed red with the blood of more than a thousand heavenly kings. This blood-colored outer robe gave the Dragon City a demonic feeling. The beehive-like cavern had been completely sealed up by the blood-red intent.

Standing at Tang Huan's position, she could not see the silhouette of any Dragon Clan.

With regards to the current situation in the Dragon City, Tang Huan had a rather good understanding of it. Below the Heavenly King, they all remained in their respective inside the cave and activated their bloodline power to fight against the "Bloodline Warring Asura Formation." As for the Heavenly King Realm Rankers, they were gathered at the heart of the mountains.

There was a vast space there that was created by imitating cities.

All the Heavenly Kings of Dragon Clan were stationed there, activating their powers to maintain the "Warring Blood Asura Formation". With the blood of all the heavenly kings and lifeforms, after the formation was activated, all the Dragon Clan worked together. It was said that the formation could last for half a year, or even a year.

According to Long Jun and the other puppets' information, the power of the great formation had been fully unleashed. The Dragon City was impregnable, even the Celestial Emperor would find it difficult to barge in.

Fortunately, Tang Huan did not plan to barge in. If she wanted to enter the Dragon City's hinterland, a Dragon Soul Immortal-ranked talisman would suffice!

Every Dragon Clan Heavenly King had a treasure like the Dragon Soul Immortal-ranked talisman. During the time they captured the Dragon Clan's Heavenly King, they had also killed a few Dragon Clan Warriors. Some of the Dragon Soul Immortals' talismans were completely destroyed, but some of them were still left intact.

There were a total of three such "Dragon Soul Celestial Symbols", and all of them were now in Tang Huan's hands.

"Master, I'll have to trouble you to enter my spatial artifact to stay for a while." Tang Huan smiled as she looked at Ye Tingyun. In between mind instructs (in a second), the landscape painting was revealed and soon after, the powerful energy of sucking was born and rushed towards Ye Tingyun.

"It's fine."

Ye Tingxiao waved his hand and smiled. He then followed the power of the sucking and entered the Supreme Profound Hall inside the cave, staying with the nine spirits and Xiao Zihan.

Tang Huan kept the scroll and looked at the majestic mountain peak. The smile in her eyes quietly disappeared and a chill spread out.

The closer he got to the Dragon City, the more clear Tang Huan's senses were on Xiao Budian's position. Right now, Tang Huan was completely sure that Xiao Budian was inside the Dragon City.

It was obvious that in the Dragon Clan's nest, Long Jun, Sword Thrust and the other Dragon Clan Kings knew nothing about it, this extremely rare twelve-winged Blue Dragon. This was also completely certain, that the speculation of what Xiao Budian had encountered was extremely correct.

What made Tang Huan quite happy was that Xiao Budian was still alive, and the encounter with Heavenly Emperor Glazed Li had also caused his hopes of rescuing Xiao Budian to skyrocket.

With that thought, Tang Huan took out a Dragon Soul Immortal Talisman.

The Dragon Soul Immortal Talisman was something unique to the Dragon Clan. Naturally, it could not be activated using Sky Origin Stage, and had to be activated using the power of the Dragon Clan's bloodline. Fortunately, Tang Huan was already prepared for this. In the next moment, she sent the bloodline power that she had extracted from Long Jun's body into the Immortal Talisman
