Chapter 1931 - Doggy Wall

"Hmm? "That's not right!"

The Dragon God's Remnants immediately noticed the change in the sucking's power. It was anxious and angry, "Little bastard, what kind of treasure did you add this time?"

At this moment, the power of the sucking that originated from the "Primal Chaos Origin Crystal" had actually become even stronger than before.

When he was fighting against the primordial flames, although his power was melting, he wasn't as impatient as he was now. This was because as his power melted, he was also using up his power. However, the situation now was very different.

While his power was being drained, Su Yun could refine sucking at the same time as Su Yun's power, and use it to increase his own cultivation. If this continued, the opponent's cultivation and strength would become increasingly strong, while he would become increasingly weak.

Both of these situations would weaken his strength.

He could tolerate himself weakening. After all, it had been this way for countless years. However, what he found difficult to tolerate was that his own strength had actually turned into nourishment for his opponent.

"Senior Dragon God, your senses are indeed sharp." "Senior's power is extremely pure, if it melted with the dao flame, it would be too much of a pity, so it would be better if I accepted it with a smile. After refining it, it would definitely be able to increase my supply of dao crystals by quite a bit."

"How hateful!"

The Dragon God's remnant thoughts flared up, "Little bastard, since you want to end this matter, don't blame this old man!" The moment the roar rang out, the colossal dragon's body, which was entwined with the 'chaos source crystal', transformed into countless streams of azure energy, slowly merging into every single inch of space within the secret realm.

"Huh? What does he want? "

Inside the Origin Crystal, Tang Huan's mind was filled with suspicions, a strong sense of danger rose from the depths of his soul, immediately following, an earth-shattering sound of explosion could be heard.

"Boom —"

Terrifying power immediately surged forth like raging waves and ruthlessly struck the "Primal Chaos Crystal".

Tang Huan frowned, he immediately understood what was going on. The Dragon God's remnant consciousness had actually detonated the round platform that was used to train the Divine Attendants, and it was not just one, but the remaining eight.

On the eight round tables were eight High King level divine servants.

With the circular platform detonated, the Dragon Clan Divine Attendant, who had merged with the circular platform, naturally could not be spared either. The power the eight Dragon Clan Divine Attendants could unleash after being ignited by the remnant will of the Dragon God definitely far exceeded the power that could be released by the explosion of the eight Highest Heavenly Kings.

In practically the blink of an eye, the "Chaos Origin Crystals" had been annihilated by layers and layers of energy.

Tang Huan also completely did not expect that when the Dragon God's Remnants, a wild dog, leapt into the wall, it was actually so crazy, to the point where it was even willing to give up on the divine servants that it had spent hundreds of years of painstaking effort to cultivate.

However, in the next moment, Tang Huan was relieved.

The Divine Attendant that the Dragon God's Remnants most favored was Xiao Budian, a twelve-winged Blue Dragon who was a descendant of a "Chaotic Heavenly Dragon." At the same time, he placed all of his hopes on Xiao Budian. Now that Xiao Budian had been saved, he was obviously greatly agitated. Under such a situation, he might as well give up on himself.

Under the onslaught of the surrounding terrifying energy, this hundred thousand meter tall and terrifyingly heavy "Primal Chaos Source Crystal" actually began to shake uncontrollably, and there were even incomparably fierce Strength Qi s that poured in majestically from the countless tunnels like a collapsing dam.

Fortunately, although the "Primal Chaos Source Crystals" were currently only three thousand meters tall, their original bodies were extremely huge, and the inner passages were criss-crossing, and zigzagged as well. The Strength Qi traveled chaotically within the channels, continuously weakening, and by the time they arrived at the center of the "Primal Chaos Source Crystal" area, they were already exhausted to the extreme.

However, the impact that the power had on the "Chaos Origin Crystals" was not limited to just that.

Tang Huan's mind was already connected with this "Primal Chaos Origin Crystal". Although the "Primal Chaos Origin Crystal" had not injured Tang Huan's body, his soul had still suffered from the heavy blow. Fortunately, Tang Huan's soul was far stronger than an ordinary Heavenly King, and after being dazed for a short while, he regained his clarity of mind.

This temporary crisis had passed, but not only did the warning sign that came from the depths of Tang Huan's soul not disappear, it had instead become even more intense.

"This old man is crazy. He even wants to detonate the Green Eerie Swamp!"

With that thought, Tang Huan immediately guessed the dragon god's remnant thoughts' true intent. To detonate the eight round tables that were used to train god servants, it was just an appetizer. The true purpose of the dragon god remnant thoughts was to detonate the "Green Underworld Holy Dragon" that was condensed by the power. If the dragon's body exploded, the mystic realm space would immediately collapse.

Looks like losing Xiao Budian, the Blue Dragon's Divine Attendant, was indeed enough to excite the Dragon God's remnant thought, and the sucking had become the last straw that broke the camel's back. As long as there was still hope for regaining his former strength, the Dragon God's Remnants would not be so reckless.

It had to be known that detonating this servant and this Green Eerie Swamp would deal severe damage to the remnant consciousness of the Dragon God. It might even cause him to fall into a deep sleep for thousands of years.

Tang Huan was not actually worried about her safety.

With the great treasures of "Primal Chaos Source Crystal", "Nine Yang Divine Furnace", and "Myriad Sword Heavenly Diagram" here, not to mention a small space like the Azure Underworld's collapse, even if the entire "Heavenly Imperial Dragon Palace" were to collapse, he wouldn't even need to worry about his life. What he was truly worried about was the Nine Spirits and Xiao Zihan outside of Holy Dragon Palace.

With the Qingming Secret Realm destroyed, the vast area outside would definitely be razed to the ground. With Nine Spirits and Xiao Zihan caught off guard, it would be difficult for them to escape.

"Boom —" Suddenly, an explosive sound was heard.

"This old fellow has already made his move!"

Inside the mind sculpture, Tang Huan's heart couldn't help but sink. He knew that this secret realm must have been detonated by the Dragon God's remnant consciousness. Indeed, in a flash, an even more terrifying power crashed down on the "Primal Chaos Crystals" from all directions like an enormous wave. It was extremely powerful, like a thunderbolt.

Instantly, Tang Huan couldn't help but become somewhat anxious.

But now, he had no other choice but to wait. If he were outside of the Origin Crystal, he could activate the "Yin-Yang dao diagram" the moment the space collapsed. He could force his way out, and then absorb Jiu Ling and Xiao Zihan as fast as he could into the space outside the Holy Dragon Palace.

But at this moment, if Tang Huan left the "Primal Chaos Source Crystal", he would not even have time to save her. Even he himself, would be smashed into smithereens by the terrifying energy.

Now, he only hoped that Nine Spirits and Xiao Zihan could make it into the Life and Death Dao Lotus in time. Only by doing so would he be able to avoid a calamity.

Tang Huan took a deep breath, and forced himself to calm down. Inside his soul, the God Casting Crystal was already activated to the limit, and the impact his soul would receive next, would definitely be even more intense.

Chapter 1932

"Boom —"

Origin crystals continued to tremble non-stop, and deafening sounds of collisions rang out one after another.

The terrifying impact passed through the Mind Stigma inside the Origin Crystal and continued to invade Tang Huan's soul.

This time, Tang Huan was fully prepared, he guarded his mind, and stabilised his soul.

At almost the same time, Tang Huan also activated the "Primal Chaos Source Crystal" to the extreme using the mental sculpture. While enduring that terrifying force, the three kilometer tall

Origin Crystal began to rapidly expand. In an instant, it had already returned to its original shape, reaching an astonishing one hundred thousand meters.

During this process, he actually didn't encounter any obstacles.

Tang Huan couldn't help but feel a tinge of alarm in his heart. Other than worrying about the safety of the nine spirits and Xiao Zihan, he also had a huge concern: The collapse of the Qingming Secret Realm would very likely cause the space in the Sacred Dragon Hall to collapse as well, allowing him to devour this "Primal Chaos Source Crystal."

This should be the intention of the Dragon God's Remnant Will.

He should know that whether it was detonating the Divine Attendant or the Qingming Secret Realm, none of them would be able to truly harm Tang Huan, who was protected by this "Primal Chaos Crystal." However, through this method, if he could break through the spatial barrier of the "Heavenly Imperial Dragon Palace", he could send the "Primal Chaos Crystals" into the void of darkness.

Back in the Nether Realm, when the Nine Spirits used the Life and Death Dao Lotus to break through the spatial barrier and enter the void, they were able to return to the Violet Cloud Sky Realm because the Nine-Colored Immortal Sect had been guiding the path of the Life and Death Dao Lotus the entire time.

As a result, the "Primal Chaos Source Crystal" would likely forever be lost in the void of darkness.

At this moment, the "Primal Chaos Source Crystal" did not feel any resistance from the outside world. This likely meant that the chaos source crystal was slipping into the void, otherwise, it would not be like this. After all, it was impossible for the Dragon City's dimension to hold a hundred thousand meters of the "Primal Chaos Crystal".

If he was still in Dragon City, Tang Huan would have been able to feel the obstruction from Dragon City before the "Primal Chaos Origin Crystal" had recovered to its initial height.

After the short period of astonishment, Tang Huan had instead calmed down like never before, his mind spreading out through the "Primal Chaos Origin Crystal". In the next moment, Tang Huan caught sight of a pitch-black image. The energy that erupted when the Qingming Secret Realm collapsed was continuously pushing the Origin Crystals into the depths of this dark space.

Tens of miles away, a glowing hole was rapidly closing up.

He had indeed entered the void of darkness!

After confirming this fact, Tang Huan did not panic, but instead, started to think quickly. Even though the dimensional hole that the Profound Sky Mystic Realm had detonated was huge, the healing speed was extremely fast.

At this time, forget about the shock wave that the "Primal Chaos Source Crystal" had endured, even if it had already disappeared, Tang Huan wouldn't have enough time to re-enter Dragon City before the hole was completely healed.

Once that hole disappeared, it would be very difficult for Tang Huan to locate the location of the "Heavenly Imperial Dragon Palace".

However, with the "Primal Chaos Source Crystal" and the "Myriad Sword Heavenly Diagram", he would be able to protect his life and not be lonely with Xiao Budian around. He could only hope that the nine spirits and Xiao Zihan who were outside the Sacred Dragon Hall were safe and sound.

Although it was not convenient for Scarlet Radiance Tian to have him as a protector, with the Immortal Body clones, Shan Shan and Mu Yan would still be able to protect them if they were to transcend the heavenly tribulation and reach the heavens. If they could find a way to return to the Scarlet Radiance Heaven before they reached it, that would be for the best.

At this moment, countless thoughts passed through Tang Huan's mind.

"Master, look!"

Jianxin's voice suddenly rang out.

Tang Huan's mind moved, the hole that was quickly closing up started to expand again, in the blink of an eye, it had expanded by more than a hundred times. Within the hole, the flames that seemed to be mixed with white and green were actually raging, and within the flames, a figure of Pang Shuang could vaguely be seen.

In the next moment, countless roots seemed to cling onto the edge of the hole, preventing it from contracting.

It was also at this moment that nine abnormally dense green lights rushed out of their holes and entered the void of darkness like vines, continuing to grow longer.

"Little brother Tang Huan..." A faint call came from behind the hole.

"Sister Liu Li!"

Tang Huan was overjoyed. In between mind instructs (in a second), the "Primal Chaos Origin Crystal" had rapidly shrunk to the size of a baby's fist, and then, it forcefully endured the energy of the blow that had already been depleted. It shot explosively towards the hole at an extremely fast speed, as if it was a meteor that was cutting across the horizon.

The nine green vines seemed to have also detected the existence of the "Chaos Origin Crystals." They all changed their direction and came forward.

In a split-second, the distance between the two sides had been shortened to the limit.

The nine green vines rapidly weaved back and forth around the "Chaos Origin Crystal". In an instant, they seemed to have formed a huge net that dragged the Origin Crystal back into the hole. At this time, they were like springs that had been stretched to their limits and then suddenly released. The speed at which they retreated had actually become even faster.

"Whooosh."

Its astonishing speed allowed the nine green vines to let out short, ear-piercing howls. In just a short span of one or two breaths, the green vines had already passed through the holes formed by the powerful firepower and countless roots. Pang Shuo's "Nine Palace Glass" then entered into Tang Huan's senses.

"Little brother Tang Huan, this is so close, you almost sunk into the void."

Heavenly Emperor Liu Li's voice sounded outside of the "Primal Chaos Origin Crystal" and he seemed to heave a sigh of relief.

As he spoke, the nine green vines had already released their bindings on the Origin Crystals. The root hairs and the fireballs that bore the holes quickly retracted. After a while, the figure of "Nine Palace Glass", which was covered by the flames, became clear as well. Soon after, the "Nine Palace Liu-Li" transformed into the young girl in a green skirt.

"Thank you, Sister Liu Li."

With a slight movement of his body, Tang Huan separated himself from the mind sculpture and appeared outside of the Origin Crystal.

Just a moment ago, it was indeed extremely thrilling, and if Heavenly Emperor Liu Li were to make a move, even if she were just a second late, that hole would completely close, and Tang Huan would completely sink into the void of darkness. Even if Heavenly Emperor Liu Li were to immediately blast open the spatial barrier of the "Heavenly Imperial Dragon Palace" in the same area, it would be impossible to find traces of Origin Crystals.

"Who would have thought that the old fellow would become so crazy?"

Heavenly Emperor Liu Li lightly shook his head and said with a smile, "It seems like we forced him too much. If I had known earlier, I wouldn't have gotten rid of Gu Keng."

"Gu Chi is already dead?"

After Tang Huan heard this, he could not help but be shocked.

Chapter 1933 - Xiao Budian awakening

Although he had long believed that Gu Keng would not be a match for Heavenly Emperor Liu Li even with the help of the "Dragon God's War Qi", Tang Huan was still surprised to hear the news of his death.

In the end, Gu Qishao was also a Heavenly Emperor. How could he have fallen to Liu Li's hands so quickly?

At this time, Tang Huan suddenly understood that the thing that had crushed the Dragon God's remnant thoughts was not only Xiao Budian, the most important Blue Dragon Divine Attendant, who had been rescued by him, but also Gu Qing, who had been killed. It was precisely because of the death of Gu Chi, that he knew that the Heavenly Emperor Glazed Glass was about to arrive, which was why he risked everything for this one bet.

The Dragon God's Remnants almost succeeded, if not for Heavenly Emperor Liu Li's timely arrival, it was unknown how long Tang Huan would have to float in the darkness.

Unfortunately, his efforts fell short in the end.

"Of course."

Heavenly Emperor Liu Li smiled as if it was a matter of course, "If he didn't die, how could I have entered the Dragon City so quickly? In the past, even though I had said that I would kill him, I still wanted to keep him alive. After all, it's not easy to reach the Heavenly Emperor Realm. However, that fellow is truly too arrogant. I thought that with the help of the 'Dragon God's War Qi', I would be able to look down upon everything else.

"That's true."

Tang Huan laughed hoarsely, "Since Gu Keng is seeking death, then I can't blame anyone else. Elder Sister Liu Li, did you see Jiu Ling and Sect Master Xiao just now? "

Heavenly Emperor Liu Li squinted his eyes and smiled. With a light wave of her hand, the space beside him rippled as two figures appeared.

"Big brother!" Ancestor Tang Huan! " It was Nine Spirits and Xiao Zihan.

"Thank goodness you were all safe and sound."

Tang Huan could not help but smile, and instantly became completely at ease. Just at this moment, a figure shot over like lightning. It was the lord of the Spirit Hidden Cave, Ye Tingyun.

Behind Ye Ziyun, Dragon City had been razed to the ground. Countless magnificent buildings had vanished into thin air.

The sudden detonation of the dragon god's remnant consciousness of the Qingming Secret Realm had caused great damage to the ancestral dragon nest that had existed since the appearance of the "Heavenly Imperial Dragon Palace".

"It's been hard on you, Cavemaster."

When Ye Tingyun arrived in front of him, Tang Huan cupped his hands in greetings and said gratefully.

"Brother Tang Huan, this old man does not have any trouble at all. I'm just making trouble everywhere and fighting against Cang Xun and the others. But you, you actually went against the remnant will of the Dragon God and forced him to such a state, to the point where you have even given up your own secret realm."

"Just now, this old man could have caused the Dragon City to collapse. Fortunately, the mountain peak was stable enough and was able to hold on, but those Dragon Clan s were scared out of their wits. They have already fled everywhere, and that Cang Xu has already escaped from the Dragon City."

"This is none of my business. It's all thanks to Elder Sister Liu Li."

Tang Huan said with a smile, "It was Elder Sister Liu Li who killed the Great Elder Gu Keng, the Heavenly Emperor of Dragon Clan. That's why those Dragon Clan s fled in panic, not daring to stay in Dragon City any longer."

"If Elder Sister Liu Li were to attack, the Dragon God's Remnant Will wouldn't be able to protect them."

Speaking up to here, Tang Huan suddenly asked curiously, "Sister Liu Li, where is the Dragon God's Remnants?

"That old fellow detonated his own Green Eerie Swamp and received heavy injuries. Now, he has escaped into the depths of the 'War Blood Asura Array'."

Heavenly Emperor Liu Li curled his lips and snorted, "He thinks he can escape with just that, then he's completely wrong. No matter how long he spends, I will still find him. If he still exists, this'

Heavenly Imperial Dragon Palace 'will only be the hunting grounds of the Dragon Clan, and the other living beings will also only be the prey of the Dragon Clan. "

"Only if he doesn't exist anymore can this' Heavenly Imperial Dragon Palace 'truly become a place to train the Heavenly King, and also become a place for the Dragon Clan to hone their skills. As the remnant thought of the Dragon God, he should be satisfied with himself being able to linger on and on until now, countless years after the Dragon God had left the Heaven Realm. "

"However, there's no need to rush this matter."

"That 'War Blood Asura Array' is extremely mysterious. It's hidden in the depths of the array, if I want to find it, it won't be possible for me to do so in a short period of time. Little brother Tang Huan, did you save your brother Dragon Clan? " Heavenly Emperor Liu Li looked at Tang Huan with his beautiful eyes, with a dense amount of curiosity in them.

Big brother, did Xiao Budian find anything? The nine spirits also jumped to Tang Huan's front and shouted anxiously.

"Of course I did."

Tang Huan was all smiles, and in the span of a mind instructs (in a second), the "Myriad Sword Heavenly Diagram" had already appeared in front of him.

As the scroll unfurled, a blood-red glowing ball suddenly appeared. It was precisely the blood-red circular platform. Without the restraining force from the Green Eerie Swamp, the light emitted by the enormous cocoon had become much dimmer.

Xiao Budian's figure, who was covered by the giant cocoon, became even more distinct. Her face was delicate, her facial features were exquisite, and she looked to be as cute as pink jade. Although her eyes were closed from start to finish, with a slumbering appearance and was even wrapped by the giant cocoon, her spirit seemed to be on the verge of leaking out.

"After Xiao Budian transformed, he turned out to be like this." Jiu Ling circled around the blood colored giant cocoon, her nine colored eyes filled with unconcealable novelty. In an instant, she said worriedly, "Big Brother, Xiao Budian doesn't seem to be right, how do we get him out of here?"

"The situation at that time was extremely urgent. After Xiao Budian was rescued, the Dragon God's Remnants completely went mad.

Tang Huan shook his head and laughed, "However, it's not too late now."

As they spoke, Tang Huan had already begun to use all of his strength to activate the God Crafting Crystal and the "Nine Yang Divine Furnace", his enormous mind completely focused on the blood-colored round stage.

"No need, he's almost awake."

Just then, Heavenly Emperor Liu Li suddenly spoke out.

Tang Huan, Jiu Ling and the others were slightly startled, and when they subconsciously looked over, they saw that the inside of the blood cocoon had started to fluctuate slightly, as though circles of minute ripples were rippling out from Xiao Budian's body. As time passed, these ripples also continued to spread outwards.

In just a short span of ten breaths, the entire blood-red cocoon, including the round table, began to ripple.

"He really is about to wake up."

Tang Huan's expression became happy, he had already sensed that the life force that had been trapped in Xiao Budian's body was reviving. During this process, the energy of the blood cocoon seemed to be being continuously absorbed into the little guy's body, and the rich blood color within the cocoon also began to fade.

As he and the nine spirits looked at each other, Tang Huan couldn't help but rub his hands, as he started to get excited.

As for the nine spirits, Tang Huan was even more excited. He circled around the blood colored cocoon and muttered something at the bottom of his mouth. After a long while, under the gaze of Tang Huan, Jiu Ling and the rest, the cute child in the blood cocoon suddenly opened her eyes.

Chapter 1934 - Divine Heart Dragon Pill

His eyes were dark blue, but they were empty and blank.

It was obvious that although he had opened his eyes, his consciousness had yet to return. However, after he opened his eyes, the power contained within the round table was rapidly disappearing. In just a short span of ten breaths, the blood-red cocoon had vanished into thin air, and his tiny body was completely revealed to the crowd.

Tang Huan and Nine Spirits both resisted the urge to cry out and silently waited. Heavenly Emperor Liu Li, Xiao Zihan and Ye Tingyu did not disturb the little fellow.

After the giant cocoon disappeared, a bloody aura continuously rose up from underneath Xiao Budian's body, and was sucked into his body.

The round platform started to shrink at a speed visible to the naked eye ...

After around ten breaths, the round table had already stepped into the backstage of the blood colored cocoon, and completely disappeared without a trace from Tang Huan and the rest's sight.

The power that had condensed into a blood colored giant cocoon and round platform was completely absorbed by Xiao Budian.

At this time, Xiao Budian's empty eyes finally regained its vitality. In the depths of his pupils, it was as if there were two pools of quiet spring water that were rippling forth.

"Xiao Budian."

Tang Huan and the nine spirits said softly at almost the same time.

Seeming to have heard the voice, the little fellow's eyes slightly rotated.

In a blink of an eye, both of his eyes were fixated on Tang Huan's body. His dark blue eyes immediately shone with a bright and resplendent brilliance, and on his exquisite little face, there was a smile blooming. His small body immediately jumped up, and excitedly shouted, "Big brother! Why are you here? "

When he finished speaking, the little guy had already wrapped his arms around Tang Huan's neck and hung in front of his chest like a koala.

"Hey, hey, Xiao Budian, there's me too!"

Jiu Ling opened her eyes wide and muttered in dissatisfaction. She jumped up and laid on Tang Huan's shoulder, forcefully pushing her head into Xiao Budian's line of sight.

Seeing this scene, Heavenly Emperor Liu Li, Xiao Zihan, and Ye Tingyun couldn't help but smile.

"You are ... Nine spirits? " It was only then that Xiao Budian noticed the existence of the nine spirits. He reached out his right hand and pinched their tender cheeks.

"That's right, it's me!"

If it was in the lower realms, the first reaction of the nine spirits would definitely be to ruthlessly slap Xiao Budian's hand away. But at this time, she simply laughed mischievously, and actually extended out her small hand and pinched Xiao Budian's cheek. In the next moment, the two little fellows hugged each other and jumped down from Tang Huan's body, jumping and jumping in excitement.

"This is truly great. Not long after ascending to the heavens, I met you two. I had thought that it would be many years before I could find big brother and you."

After a while, the two little fellows finally calmed down a lot. Xiao Budian looked at Tang Huan, then at Jiu Ling, and his eyes narrowed into crescent moons.

It was obvious that the little guy had been selected out as soon as he had ascended to heaven, becoming the Dragon Clan's Divine Attendant. After that, he was sealed by the Dragon God and imprisoned inside the Qingming Secret Realm.

To Xiao Budian, going through heavenly tribulation was like yesterday.

After understanding what was going on, a strong sense of anger emerged from the bottom of Tang Huan's heart. Although Xiao Budian was not harmed in any way, and even his cultivation was raised explosively, to this little fellow, it had been a complete blank for the past few decades. To Xiao Budian, having less than ten years of experience, might not be a good thing.

And all of this was caused by the remnant consciousness of the Dragon God.

"How long has it been?"

"If you had ascended to heaven not long after my tribulation, dozens of years would have passed by now."

"What ..." "Decades?" Xiao Budian exclaimed in shock, her two eyes opened wider than nine spirits.

"Of course!"

Jiu Ling chattered on and quickly explained the matter regarding the Dragon God's Remnant Will, "... You don't know, when I just found out that you are at the 'Heavenly Imperial Dragon Palace' and have possibly become a Divine Attendant, both Big Bro and I nearly died from anxiety, luckily nothing happened to you. "

"So that's how it is."

Xiao Budian was suddenly enlightened, he clapped his hands and laughed, "I was wondering why I suddenly feel that I am so much stronger than before. So I have been cultivating here for a few decades."

Speaking till here, the little guy looked at Tang Huan, Heavenly Emperor Liu Li and the others with gratitude, "Many thanks Big Brother and the various seniors ... Thank you, Jiu Ling. "

This time, the little guy didn't forget about Nine Spirits.

Tang Huan laughed involuntarily: "Xiao Budian, you are my little brother, why are you saying such words to me."

"Little brother Tang Huan, she isn't your little brother. She should be your little sister." Heavenly Emperor Liu Li sized Xiao Budian up and suddenly said with a smile.

"Sister?"

Tang Huan looked at Xiao Budian in shock, all nine spirits stared straight at Xiao Budian, feeling astonished: "Xiao Budian, you are a girl?"

"Yeah."

Xiao Budian laughed as she pursed her lips in embarrassment. She then blinked her round, dark blue eyes innocently and explained, "Big brother, Jiu Ling, this cannot be blamed on me. It was only until I could transform into my human form that I realized that I was a girl."

"Little brother or little sister, you are my family."

Tang Huan came back to reality and touched the little fellow's head with a smile.

Then, Tang Huan asked with some curiosity, "Xiao Budian, when Yan Zu brought you out to hone your skills back then, did he tell you about the situation regarding 'Heavenly Imperial Dragon Palace'?"

"He didn't mention 'Heavenly Imperial Dragon Palace'."

Xiao Budian heard and subconsciously shook his head, but then changed the topic, "However, before Yan Zu left, he gave me a thing called the 'Divine Heart Dragon Core', allowing me to assimilate it into my body. He said that it can absorb and refine the energy of all Dragon Clan.

"Divine Heart Dragon Pill?" When Tang Huan, Jiu Ling, Xiao Zihan, and Ye Tingxiao heard this, they were a little doubtful, but Heavenly Emperor Glazed could not help but exclaim in surprise.

"Sister Liu Li, you know about the 'Divine Heart Dragon Pill'?" Tang Huan was a little surprised.

"There are some differences between the cultivation methods of Dragon Clan's experts and that of Human Clan's experts. Human Clan's experts can prove their dao position and condense Divine Crystals, but Dragon Clan's experts can prove their dao and condense 'Divine Heart Dragon Pills'." "I didn't expect that Yan Long would actually give you his 'Divine Heart Dragon Core'."

"If Ancestor Yan gives me the 'Divine Heart Dragon Core', what should I do with it?" Xiao Budian was shocked.

"Kid, you don't have to worry about this." Heavenly Emperor Liu Li looked at Xiao Budian with a smile and explained, "What Flame Dragon gave you was definitely not the entire 'Divine Heart Dragon Core'. Even if he wanted to give it to you, you wouldn't be able to withstand it. What he

allowed you to fuse with should only be a small part of it. But even if it is just a small part of the 'Divine Heart Dragon Core', it is enough to make you fearless of any threat that comes from the Dragon Clan in the Heaven Realm. "

Chapter 1935 - Myriad Dragon Cave

"Sister Liu Li, that means, even if I don't come to save her, Xiao Budian won't be in any danger this time?" Tang Huan could not help but ask.

"Presumably."

"Normally, the 'Divine Heart Dragon Core' would stay dormant, and only help the little guy silently absorb all the energy that originated from the Dragon Clan. However, once the little guy's soul is in danger of dying, the 'Divine Heart Dragon Core' would immediately activate, transforming into the embodiment of its original owner. Even if it is only ten percent of the original owner's embodiment, it would still be enough to contend against an Emphyrean. "

When Tang Huan heard this, he could not help but be moved. Jiu Ling, Xiao Zihan and Ye Tingyun were all greatly shocked, and even Xiao Budian himself was endlessly shocked.

Sky Sovereign could be considered the strongest warrior in this Heaven Realm.

However, such a person was actually unable to withstand the Flame Dragon's embodiment which was only ten percent of its strength. From this, it could be seen how terrifying the strength of those experts who had proven their strength were.

Xiao Budian had the protection of the embodiment of a Divine Realm expert, so where couldn't she go in the Heaven Realm?

Even if his soul was on the verge of death, the "Divine Heart Dragon Core" would materialize the Flame Dragon's embodiment, which was enough to prevent Xiao Budian from risking his life under any circumstances.

Looking at the expressions of Tang Huan and the others, Heavenly Emperor Liu Li couldn't help but smile, "This time, the Dragon God's Remnants will really sacrifice this little guy. Not only is it impossible to succeed, it will even draw out the Flame Dragon's embodiment in the nick of time. With that, not only will the Dragon God's Remnants be unable to stir up any more trouble, even his own power will be completely absorbed and refined by the little guy. "

"So, I've done something bad out of the kindness of my heart?"

Tang Huan said in a daze. Jiu Ling and Xiao Zihan also looked at each other, somewhat dumbfounded.

If everyone did not barge into the Dragon City, then the Dragon God's Remnant Will would sacrifice to Xiao Budian and not only would it not achieve its goal, it would instead eat the consequences and compensate itself. Tang Huan's charge into the Dragon City had indeed saved Xiao Budian, but allowed the Dragon God's remnant consciousness to escape. It also deprived Xiao Budian of an opportunity to increase his cultivation by a large amount. If he was able to completely absorb and refine the power of the Dragon God's remnant will, the effects could be imagined.

"What a pity!"

Immediately after, Tang Huan could not help but shake his head in annoyance.

Xiao Budian naturally knew what Tang Huan was feeling regretful about, and curled his lips without caring about anything: "Big Brother, it's just a little bit of strength, there's nothing to be regretful about, if Big Brother really didn't come to save me, I don't know when I would have met Big Brother again, I don't want to wait that long."

"Moreover, that remnant consciousness of the Dragon God did not actually escape."

As he spoke till here, a cunning smile appeared in Xiao Budian's dark blue eyes. "Through that 'Divine Heart Dragon Core', I can sense the exact location of that remnant consciousness of the Dragon God. No matter where he's hiding, I'll be able to find him.

"Oh?"

Tang Huan looked at Xiao Budian in surprise, and then turned to look at Heavenly Emperor Liu Li, only to see her smiling face, showing that she had already expected this. After a short moment, Tang Huan could not help but ask: "The Dragon God's remnant will is hidden deep within this 'War Blood Asura Formation', you can also find it?"

"Of course I can find it." Xiao Budian patted her chest with her small hand, as she said this with complete confidence.

"Then hurry up and find him, lest we cause too much trouble and let him escape." Tang Huan laughed and resolutely said, a cold light sweeping past his eyes.

"Alright, big brother, I'll begin now."

The little guy nodded. Then, under the gazes of the crowd, he sat down like a model and said, "Big Brother, Senior Liu Li, follow me."

As they spoke, Xiao Budian slowly closed his eyes.

Following that, Tang Huan immediately sensed a powerful mind overflowing from Xiao Budian's body. This caused Tang Huan to sigh with emotion. Back then, that little fellow who was like a little bug had not only transformed into a human form, he could be considered a strong warrior.

Sensing that his consciousness was heading towards the left front, Tang Huan immediately composed himself and followed.

At almost the same time, Tang Huan also discovered Heavenly Emperor Glazed's mind, it was as if a thread had swam inside, it was faint and indiscernible to the point that it was hard to detect, and it was also Tang Huan. From time to time, he could feel the existence of her mind, if it was a middle level Heavenly King, he would not be able to discover anything.

Tang Huan and Heavenly Emperor Liu Li controlled their minds and followed the traces of Xiao Budian's thoughts, continuing to move forward.

Not long after, they arrived at a place full of ruins.

It was obviously the area at the edge of the Dragon City because what the ruins supported was a precipitous cliff that stretched as far as the eye could see and was smooth like jade. At the bottom of the cliff, there seemed to be a hole that was dozens of meters high. It was faintly visible from the rubble, and a blood-red glow was seeping out from it.

Xiao Budian's mind seemed to have learned from an old horse, as he went straight for the cave entrance.

Tang Huan and Heavenly Emperor Liu Li quickly followed.

The words "Myriad Dragon Cave" were faintly engraved on the side of the cliff. Tang Huan could not help but be moved. The numerous heavenly kings that had disappeared earlier had entered a place called the "Ten Thousand Dragon Cave". If there wasn't a second dragon cave in the Dragon City's hinterland, that meant there was no doubt about it.

Entering through the cave entrance, there was an extremely wide passage.

The side wall of the tunnel had a dark red color, as if it had been dyed this way by countless amounts of blood. A faintly violent and violent aura spread out from within the cave.

Xiao Budian still did not hesitate as he continued along the passage.

After a few thousand meters, the tunnel began to curve downwards. After travelling for about several tens of kilometers, they finally arrived at the end of the passageway and an unusually wide space was revealed in the minds of Tang Huan, Heavenly Emperor Huai Li, and Heavenly Emperor Huai Li.

This space was still as red as blood.

In every corner of the space, stood all sorts of Dragon Clan statues. They were all of different shapes and wonders, and the auras exuded from the statues were also different. However, in this space, the numerous statues of different sizes cleverly formed a perfect whole.

In the center of these statues, there was a huge platform.

Atop the high platform, there was a statue as well. The sculpture was actually a Green Hellish Holy Dragon, with the exact same appearance and appearance as the one in the Holy Dragon Hall. However, in this space, its body was even more majestic. In addition, its texture was also different from that of the Holy Dragon Hall.

The Green Hellish Holy Dragon in the Holy Dragon Palace was completely condensed from energy.

The Green Hellish Holy Dragon here was similar to the surrounding Dragon Clan statues, as if it was carved out of some kind of crystal clear jade.

Chapter 1936 Tracing

Streams of strong Qi leaked out from the Dragon Clan statues, and revolved around the Green Hellish Holy Dragon statue, as though there were hundreds of birds and the stars surrounding the moon.

The top, ground, and even the surrounding walls of this space were covered in incomparably complex veined patterns. They faintly intertwined together to form countless dragon shadows, giving off a mysterious and unfathomable feeling. Not only that, all the Dragon Clan statues, including the Green Hellish Holy Dragon, were also filled with lines.

Tang Huan had already discovered that this space was actually right below Dragon City's hinterland.

"This should be the center of the 'War Blood Asura Array'. Dragon Clan has also activated the 'Great Array' here." Suddenly, Tang Huan caught a glimpse of the mind instructs (in a second) of the Heavenly Emperor Liu Li.

"Indeed."

Tang Huan sent out a mind instructs (in a second) as well, "This place is not only the center of the 'War Blood Asura Formation', it is also the center of the entire 'Heavenly Imperial Dragon Palace'. Although the array only encompassed the Dragon City, the meaning of the array had extended to every part of the 'Heavenly Imperial Dragon Palace'. If Xiao Budian was not here, even the most skilled Weapon Refiner would need a very long time to understand it thoroughly. "

"Big Brother, Senior Liu Li, quickly follow me."

Just as Tang Huan and Heavenly Emperor Li Li's mind instructs (in a second) were conversing, Xiao Budian's mind transmitted a call from the front, the two of them immediately increased their speed and closed in.

In a split-second, three powerful minds had enveloped the Green Hellish Holy Dragon statue.

In the next moment, Tang Huan and Heavenly Emperor Liu Li followed Xiao Budian's thoughts and rushed into the gigantic dragon's gaping mouth. Immediately afterwards, Tang Huan felt as if his mind entered an extremely complicated maze, with countless densely packed and crisscrossed tunnels, like an extremely large spider web.

This was the dao diagram of the 'Warring Blood Asura Array'!

Even Tang Huan who had studied countless complicated dao diagrams, couldn't help but suck in a cold breath after sensing the great formation's dao diagrams. He felt his scalp go numb. Even if he had God Forging Crystals and Nine Yang Divine Furnace, it would still take him at least a hundred years to unravel such a dao diagram.

As for within a hundred years, there was no need to even think about it.

Of course, if Tang Huan were to be promoted to Holy-ranked or even Divine ranked, and then investigate the "Warring Bloody Asura Formation", it would naturally be a lot easier.

"For the remnant will of the Dragon God to hide in such a place, it would indeed be incomparably difficult to find him." Heavenly Emperor Liu Li clearly felt the same way. A sigh came from the mind instructs (in a second), "Elder sister, even though I'm already a saint rank cultivator, I think it'll still take me at least a hundred years to figure out this formation and find his whereabouts."

"..."

Tang Huan and Heavenly Emperor Li Li were deeply moved by the formation, but Xiao Budian did not pause at all.

The little guy seemed to know the complex formation like the back of his hand. No matter how many tunnels were there in front of her, she would be able to accurately and quickly find the direction she was headed in. The three streams of spiritual energy swirled about within the enormous diagram, moving about left and right at extreme speed.

"We're here!"

After walking like this for around half an hour, Xiao Budian finally stopped. Following that, a mind instructs (in a second) was transmitted to Tang Huan and Heavenly Emperor Liu Li, "It's right in front!"

After pausing for a moment, Xiao Budian continued, "Big Brother, Senior Liu Li, there is a formation point up ahead. The formation point is connected to a total of 360 dao diagrams."

"This is really connected everywhere."

"The remnant consciousness of the Dragon God is indeed cautious. If he stays in this kind of formation point, with the slightest movement in his surroundings, he will be able to escape into any of the tunnels with the fastest speed possible."

"Isn't that what he was thinking?" Celestial Emperor Liu Li couldn't help but laugh.

"Don't worry, I've already investigated."

"Although there are three hundred and sixty channels connected to the formation point, there are only three channels that the Dragon God's Remnant Will can choose to escape through. This is because only the three tunnels will allow us to reach the other three formation points that are closest to us."

"Xiao Budian, you've actually become so smart."

"Big brother, I've always been very smart."

"..."

The three mind mind instructs (in a second) communicated, and they quickly came to a decision.

Not far from the formation point, there was a small ball of green Qi curling up, quietly not moving at all. This was the remnant will of the Dragon God.

Although he didn't have the slightest movement, as if he had fallen into a deep slumber, the truth was that his state of mind was extremely fluctuating at the moment. Anger, mania, anxiety, regret, shock, helplessness, and other emotions were all mixed together.

Previously, when he had ignited the eight divine servants and the Azure Underworld's secret plane, he was only angry that the Blue Dragon's divine servants had been snatched away.

Without the Blue Dragon's Divine Attendant, his dream of regaining his strength back then was only a dream, a dream that would never materialize. With the death of Gu Keng, he was on the verge of facing an unprecedented foe. In such a short period of time, he had suffered two huge blows in succession, causing him to feel an abnormally strong sense of defeat.

As a result, he made that crazy decision, hoping to send the guy that robbed his divine servant into the void, allowing him to fend for himself.

His imagination was quite wonderful, but the result was not that wonderful.

As expected, it had broken through the spatial barrier of the "Heavenly Imperial Dragon Palace", causing the other party to fall into the void of darkness. But just as they were about to succeed, the Heavenly Emperor of Glazed Glass had actually forcefully barged into the depths of the Dragon Palace to save that fellow.

Even though he paid such a heavy price, it didn't have any effect as expected. The Dragon God's Remnant was furious and aggrieved, but he could only choose to escape with all his might. He didn't even have the time to see if that bastard was saved or not. This was because he was very clear that once Liu Li appeared, his scheme would definitely fail.

Furthermore, once the Heavenly Emperor of Liu Li is free, he would definitely not be able to escape his fate of not being able to escape.

"Little bastard. Liu Li, I won't kill you. I swear I won't ..."

From within the green aura, suddenly came the low roar of the Dragon God's Remnants. However, before the voice could even be heard, it stopped abruptly. What came next was a surprised and uncertain low cry: "What's going on? There was actually someone approaching ... No, that's not right. A strand of mind is coming over! "

"It's that woman Liu Li? "What's going on? How did he arrive so quickly?"

"Let's go!"

Although the Dragon God's Remnant Spirit was shocked, its reaction was extremely fast. The originally curled up green aura was like a spirit serpent as it snaked into a passage at the side. It shot forward like an arrow, its speed reaching an unbelievable level.

Chapter 1937: This old man admits defeat!

"No, no!"

After a little while, the Dragon God's Remnants came back to his senses. "That doesn't seem to be Liu Li's mind ..."

Liu Li had been trapped in the "Mountain-toppling Stamp" for countless of years, so he was extremely familiar with its aura. Previously, when he was still in a state of shock and fear, the moment he felt someone approaching him, he subconsciously assumed that it was Liu Li. After Gu Heng's death, Liu Li's cultivation and strength were the strongest in the Dragon City.

The only person who could reach the depths of the "Bloodline Asura Formation" so quickly was Liu Li. No one else could do it.

But after the initial panic, the Dragon God's Remnants came to a realization. They were not Liu Li, but rather, Liu Li had become the strongest person in the Imperial Dragon Palace, but with her Tools Method Attainments, she could not possibly come here so quickly. Not only her, even the Heavenly Sovereign could not do it.

If it wasn't Glazed Glass, then who was it?

The feeling the aura gave him was indeed very familiar.

"Blue Dragon?"

The instant this thought flashed across his mind, the Dragon God's remnant intent simply couldn't believe it. The thing that had traced to the depths of the "Bloodline Asura Formation" was actually the mind of the twelve-winged Blue Dragon!

This ... How was this possible?

After that Blue Dragon went through tribulation and climbed up to the heavens, she entered the Heavenly Imperial Dragon Palace, and became his divine attendant. She was sealed within the Green Hellish Secret Realm, and trained day and night until she was rescued by that bastard not long ago, and that Blue Dragon didn't even know how to forge artifacts or understand the dao

diagrams, and was only a middle level heavenly king. With her current condition, even if she was given hundreds or even thousands of years, it was impossible for her mind to come to this place.

However, what was truly inconceivable was that the Blue Dragon's mind found his exact location, and seemed to follow behind him from afar.

If it really was Liu Li, he could still accept this fact.

After all, that Liu Li was already a peak Upper Sky Emperor. If she was not trapped in the "Mountain-toppling Stamp", her reputation would have spread far and wide, and she would have been viewed as the strongest powerhouse under the Empyreans. However, the one who had come was actually a twelve-winged Blue Dragon, and it was something he could not accept no matter how hard he tried.

Not long ago, the Blue Dragon Divine Attendant was like a lamb waiting to be slaughtered to him, and was also like a fat piece of meat in his mouth, waiting to swallow her whole. But now, the situation had unexpectedly reversed, and the Blue Dragon Divine Attendant who was initially waiting to be slaughtered had actually become a hunter.

He, who was originally high and mighty, had instead become a prey.

This kind of enormous contrast caused the Dragon God's remnant consciousness to feel extreme shock and also great humiliation. It was actually going insane.

"If it was Liu Li, then I would definitely have to escape. However, it was only a God Attendant from before. Why would I need to flee?" The Dragon God's Remnants suddenly stopped and coldly snorted. "Although this old man has suffered heavy injuries, it is still possible to shatter the mind of a middle level Heavenly King!"

"Hu!"

In the next moment, the ball of green aura quickly turned around, and the remnant consciousness of the Dragon God, like an ancient beast with its mouth wide open, crazily rushed towards the mind that was chasing after it from behind, with the force of a thunderbolt, as though it wished to tear it apart in an instant.

In almost an instant, the green aura had already wrapped around the mind that was chasing after him.

However, in the short span of a few breaths, that cluster of green aura seemed to have been struck by lightning and hurriedly retreated backwards. Immediately following that, the Dragon God's Remnants were unable to restrain themselves as they cried out

"What's going on? A mere middle level Heavenly King like you is actually able to wield this old man's power?"

"I am no ordinary God King. I am a God King who has fused with a 'Dragonheart Pill'." A stream of mind instructs (in a second) transmitted a clear and tender laughter.

"God ... Divine Heart Dragon Pill? " The Dragon God's remnant thoughts were inexplicably shocked.

"Right, you should know the original owner of the 'Divine Heart Dragon Core' as well. He's the Yan Zu who is standing beside Senior Yan Zu at the Divine Cast Dragon Abyss." The consciousness continued.

"Ancestor Yan ... Flame ... Flame Dragon? "

The Dragon God's remnant thoughts became even more astonished, "That rascal actually gave you a portion of the 'Divine Heart Dragon Core'? What exactly is your relationship with the rascal? "

"Ancestor Yan is my master."

"You, you ..."

Dragon God's Remnant Will had the urge to vomit blood.

He had long since found out from the human cultivator that the twelve-winged Blue Dragon was the Flame Dragon's true disciple, but he didn't take it too seriously. The Flame Dragon had already arrived in the God Realm, so what if the Blue Dragon was his true disciple? How could an existence that had already entered the God Realm possibly take a disciple from the lower realms seriously?

But now, he realized that he was extremely wrong.

The Flame Dragon actually attached great importance to this Successor Disciple, to the extent that even his "Divine Core Dragon Core" was separated out and given to this Blue Dragon disciple.

As a remnant consciousness of the Dragon God, how could he not know the importance of the "Divine Heart Dragon Core"?

To a Divine Proof expert, every bit of loss in the "Divine Heart Dragon Pill" would have a tremendous impact on one's strength. The "Divine Heart Dragon Core" of the Blue Dragon was clearly here before the tribulation. Giving such an important thing to a cultivator of the lower realms was a complete waste.

Yet the Flame Dragon had done just that, it was obvious how much it cared about the Blue Dragon.

This Blue Dragon had the Flame Dragon's "Divine Heart Dragon Core", and he was simply unable to do anything to his opponent. Even if he trapped his opponent for decades, he still wouldn't be able to pose any threat to them. If he really used the Blue Dragon as an offering, he would definitely suffer a backlash.

This meant that if the "Nine Yin Blood Sacrifice" had not been interrupted not long ago, he would have vanished into thin air by now.

From this point of view, he had to thank the fellow who forcefully stopped the sacrifice for escaping to this place alive. All of a sudden, the Dragon God's Remnants were sincerely rejoiced.

"Good!" Good! This old man admits defeat! "

After the Dragon God's Remnants hatefully threw down those words, the green aura fled into the distance without looking back.

As a remnant thought of the Dragon God, running away like this was indeed extremely shameful, but things had already gotten to this point, he had no choice but to do this. The Blue Dragon had the "Divine Core Dragon Core", and the more he entangled himself with it, the more of his power he

would receive from the sucking. If he were to fight to the death with the other party, the one who would die would definitely be him and not the Blue Dragon.

Moments later, the channel was divided into two.

The remnant will of the Dragon God was as clear as the palm of its hand on this "Bloodline Warring Asura Array". Without the slightest hesitation, it rushed towards the left side of the path. However, after a while, he inexplicably became frightened. A tyrannical mind actually blocked that path, and was quickly approaching him.

Liu Li! The one who came this time was Liu Li!

Chapter 1938 - The End of the Road

Even Liu Li, that woman, was surprised!

She could never find this place, it must have been the Blue Dragon who brought her here. The Blue Dragon possessed the "Divine Core Dragon Core". Within a certain range, any existence of the Dragon Clan would not be able to escape her senses.

Even if he had the Dragon God's Remnants, he wouldn't be able to escape unless the Dragon God personally comes.

It was because of this miraculous reaction that the Blue Dragon was able to enter deep into the "Bloodline Asura Formation" and easily find his hiding place.

Moreover, not only did she control her mind to enter, she could also direct others' minds to enter.

Just like the Liu Li in front of him!

After realizing this point, the Dragon God's Remnants immediately felt a great sense of danger, and almost without hesitation, retreated backwards. Although Liu Li only had a single thought, she was still a Heavenly Emperor Stage powerhouse after all. If it was before, he would not be afraid, but now, he was definitely not a match for her.

Fortunately, his speed was fast enough, and when he retreated to the entrance of the pattern path, he was still a distance away from the Blue Dragon.

"Hu!"

Without the slightest delay, that ball of green Qi flowed into the fork in the road to the right.

However, after escaping from the pincer attack of Liu Li and the Blue Dragon, not only did the Dragon God's Remnant Will not have the slightest bit of happiness from success, it instead still felt uneasy. Furthermore, the further they went, the more intense the feeling became. After a few short breaths, the remnant consciousness of the dragon god couldn't help but stop.

"Senior Dragon God, why are you in such a hurry? Where are you heading to?"

A sound of laughter was transmitted through the mind instructs (in a second) and lingered around the path. This time, the one who appeared was naturally Tang Huan.

The remnant will of the Dragon God was shocked, and an exceptionally strong state of mind appeared in front of him. Furthermore, this person was the Human Clan cultivator who had rescued Blue Dragon.

Although his opponent was just a God King, right now, he didn't dare to underestimate him in the slightest.

Although that fellow didn't possess a "Divine Core Dragon Core" like the Blue Dragon, he had actually absorbed a God Forging Crystal. This caused his mind to become much stronger, far surpassing the limits of a God King.

Even a peak-level Heavenly King might not be comparable in this aspect. More importantly, the existence of the God-Forging Crystal had allowed that fellow's soul to be extremely stable. The soul was the foundation of the mind. When the soul was strong, the mind was strong. When the soul was stable, the mind was stable.

With his current condition, he couldn't shake the other party's mind from entering the depths of the formation.

"Hu!"

Without any subconscious thought, the green Qi once again retreated explosively.

However, when they reached the fork in the road, a dense wave of despair and anger floated up, the Dragon God's remnant thought suddenly realized that there was no way out, the three tunnels were all blocked, and sure enough, in the next moment, Blue Dragon and Liu Li's state of mind caught up.

Three powerful minds had already sealed off all paths for him to survive.

"Dragon God, since the appearance of the 'Heavenly Imperial Dragon Palace', countless living creatures have been reduced to ashes because of you. At that time, did you ever think that today's outcome would happen?" A cold sneer appeared in the mind of Heavenly Emperor Liu Li as she sensed the green Qi in front of her. She immediately felt a strong sense of joy in her heart.

"Liu-Li, there is no need to speak any further nonsense. You can all make a move. This old man will accept any outcome!" "However, this old man still has to give you a piece of advice. This old man's original body is still alive and has quite a high position in the God Realm, so everything that has happened here can be known by my original body. If you can't prove your position as Dao Gods, then that's fine.

"You dare to threaten us when your death is imminent?"

Heavenly Emperor Liu Li could not help but snort, "Even if that day comes, you will not be able to see it. Furthermore, your true body is not the only person in the God Realm. My little brother Tang Huan's master, Long Yuan, and his wife, Nine Colors, have all entered the God Realm countless of years ago. Furthermore, this little fellow's master, Flame Dragon, had also entered the God Realm dozens of years ago ... "Therefore, this threat of yours is truly useless."

As he finished speaking, Heavenly Emperor Liu Li's mind instructs (in a second) clearly expressed his intention to ridicule and ridicule.

"You ..."

The green aura fluctuated violently for a moment, which showed that the Dragon God's Remnants' emotions were fluctuating. However, he didn't continue his words with his thoughts and went into silence. Now that things had come to this, no matter how useful his words were, it was useless.

"Little brother Tang Huan, what else do you have to say to this fellow?" Heavenly Emperor Liu Li snorted, as a wave of mind instructs (in a second) was transmitted to Tang Huan.

"There's nothing more to say." Tang Huan was also too lazy to waste anymore time with this Dragon God's remnant thought, he directly said, "Xiao Budian, send him on his way!"

"Alright!" Xiao Budian laughed and replied, then pounced towards the ball of green Qi.

"Although this old man has already admitted his defeat, I do not plan on letting him take this old man down to the sucking!"

But just at that moment, the remnant will of the Dragon God let out a somewhat hysterical roar. Almost at the instant it finished speaking, the green aura began to frantically fluctuate like a wave that was swept up by a hurricane. Immediately after, an exceptionally terrifying power seemed to be violently churning within.

At this moment, the ball of azure qi seemed to have transformed into a volcano that was on the verge of erupting.

"Self-destruct?"

Noticing the unusual movement of the Dragon God's Remnants, Tang Huan immediately understood his intentions, and could not help but feel his heart sink, no matter how much damage the Dragon God's Remnants did, it would still be related to the entire "War Blood Asura Formation". If he self-destructed, the power that would erupt would be terrifying to the extreme.

Just as Tang Huan was about to take action, Heavenly Emperor Liu Li sneered: "You destroyed yourself in front of me, do you think I do not exist?"

The moment this mind instructs (in a second) spread, Heavenly Emperor Liu Li's mind quickly turned into a "Nine Palace Glass". Countless tendrils danced about like octopus tentacles, entangling the ball of green aura.

Not long later, Tang Huan discovered that the Dragon God's remnant consciousness seemed to have expanded to the extreme, then pierced into a rubber ball with a hole. It began to rapidly deflate, and the aura that was about to go berserk was actually rapidly weakening. In less than a blink of an eye, that feeling of extreme danger had vanished into thin air.

A short while later, the "Nine Palace Liu Li" fluctuated slightly and once again turned into the consciousness of the "Heavenly Emperor Liu Li".

The green aura also appeared once more. Compared to before, it had become much calmer. The berserk energy that was surging within it continued to remain dormant. The wave that was seeping out was also faintly discernible. It was extremely weak and seemed like it would be cut off at any time.

"Kid, you can go up now." Instantly, Heavenly Emperor Liu Li called out to Xiao Budian.

"Yiya!"

Xiao Budian responded instinctively, his mind was focused on the ball of green aura, and actually did not encounter any resistance. Seeing this, Tang Huan immediately calmed down. The Dragon God's remnant consciousness was obviously weakened to the extreme, as it had completely sunk into slumber without any threat.

Chapter 1939 - Exports

After a long while, at the outskirts of Dragon City, Tang Huan, Heavenly Emperor Liu Li and Xiao Budian who were sitting cross-legged on the ground opened their eyes at the same time.

After sweeping a glance around, Xiao Budian said joyfully, "The Dragon God's Remnants are indeed powerful. Even though it's just a tiny bit, I feel that my strength has increased by a lot."

"Of course."

Tang Huan unwittingly laughed, "That remnant thought came from an expert who bore testimony to the Dao. It's such a pity, if he had suffered from the backlash from the Divine Heart Dragon Core in your body while undergoing the Nine Yin Blood Sacrifice, you would have been able to completely absorb and refine all of his energy, and might even be able to advance to the Upper Sky King. "

Thinking about it, Tang Huan still felt some regret, but if she were to repeat herself, he would still choose to go deeper into Dragon City to rescue Xiao Budian.

"It's good enough now." Xiao Budian beamed and started jumping, "Brother, are we going to leave the 'Heavenly Imperial Dragon Palace' next?"

"Of course we have to leave, but first we have to find a way out."

Tang Huan nodded.

The only reason he came to the "Heavenly Imperial Dragon Palace" was because the phoenix head had chased him to a dead end. That was why he had no choice but to enter this dangerous place. To be able to obtain the "Primal Chaos Source Crystal" here, and especially being able to reunite with Xiao Budian, who had been separated from him for many years, was an unexpected surprise to Tang Huan.

However, he had no clue how to leave the Heavenly Imperial Dragon Palace at the moment.

Up till now, there were more than ten Heavenly Kings under his direct or indirect control, but unfortunately, none of them knew about it.

The remnant will of the Dragon God was definitely aware of it, but even if he was still alive, he wouldn't be able to force it out of him.

Perhaps Great Elder Gu Keng and Second Elder Cang Xu knew, but one of them had already lost his soul, and the other had already escaped from the Dragon City. If they wanted to obtain the relevant information from him, they would need to capture him first. Fortunately, with Celestial Emperor Glazed Light, there was no need to put too much thought into things.

Heavenly Emperor Liu-Li stayed in the Heavenly Imperial Dragon Palace longer than Gu Keng and Cang Xu.

What they knew, Heavenly Emperor Glazed knew as well.

Therefore, when he finished speaking, Tang Huan's gaze turned towards Heavenly Emperor Liu Li and smiled: "Sister Liu Li, I'll have to rely on you for this."

"It's hard to say, and easy to say."

"If you want to leave the Heavenly Imperial Dragon Palace, there is a prerequisite, and that is that your cultivation must break through to the supreme realm. After becoming an Upper Sky King, you

can go to the Eastern, Southern, Western and Northern Extreme Realms. There is an exit at each location corresponding to nine Lower Heaven Realms. However, there is a powerful Dragon Soul protecting the exit, so if you want to leave, you have to defeat the Dragon Soul there. "

"Those who know this, in the entire Dragon Clan, are probably only the nine Elders."

"The reason why very few of those Heavenly King Human Clan who had entered the Heavenly Imperial Dragon Palace could leave the palace alive is that they did not even manage to advance to the upper level of Heavenly King before they died. Furthermore, they don't even know the general location of the exit, even if they knew the approximate location, it would be very difficult to find the exact location, and even if they found the exact location, it would be very difficult to defeat the powerful Dragon Soul guarding the exit."

"Other than that, there is also a very troublesome problem. It is that every exit leads to a fixed Heaven Realm. Moreover, wherever you come from, you have to return to that Heaven Realm. If the exit to his own Heaven Realm was in the east, and he found the west exit instead, it would be equivalent to wasting his time. "

"If that's the case, of the hundred Heavenly Kings that entered the Heavenly Imperial Dragon Palace, it would be very good if one or two of them could survive." Xiao Zihan couldn't help but sigh when she heard this.

"Sister Liu Li, after you built that Spirit Hidden Cave, was it the same?" Tang Huan said in surprise.

"Although the situation has improved, it hasn't improved by much."

"In the end, not every Heavenly King that enters would know about it and be lucky enough to find the Spirit Hidden Cave. However, the Dragon Clan and the other indigenous creatures are everywhere, and most of them died before they could even find the Spirit Hidden Cave."

"A few Heavenly Kings were lucky enough to find the Spirit Hidden Cave, having secured their safety. However, many have already lost the will to continue fighting, and since their cultivation could not enter the Upper Sky King Realm, they began to live in the Spirit Hidden Cave."

"Some of the Human Clan's cultivators who could be promoted to the Upper Sky King, their previous cave masters would have told them the location of the exit. However, some of them died halfway, while some were killed by the Dragon Soul, while some luckily escaped with their lives and returned to the Spirit Hidden Cave.

"Elder sister Liu-Li, do you know Ji Qingtian?" Tang Huan's heart was moved, and she asked.

"Ji Qingtian?"

"I remember now, although that guy can't be compared with you, little brother Tang Huan, he is indeed a genius. The Heavenly King of Human Clan who stayed in the Spirit Hidden Cave and walked out of the Dragon Palace alive was one of them, I have a deep impression of him. Little brother Tang Huan, have you heard of him? That's right, I forgot that you and Ji Qingtian both seem to have come from Crimson Radiance Sect. "

Tang Huan laughed and said, "Not only are we all from the same Scarlet Radiance Sect, we are all from the same sect. A few decades ago, I had even obtained some of the Tools Method inheritances that he left behind in the sect. "Right now, he is one of the Grand Elders of the Mysterious Sky of the Nine Heavens, the Black Yellow Dao Sect."

"Longevity Heaven, Black Yellow Dao Sect?"

"Countless years ago, the Black Yellow Dao Sect was the number one sect in the Longevity Sect. That kid is pretty good, he actually became the supreme elder of the Black Yellow Dao Sect. It seems like he has already broken through to the Sky Sovereign Realm, even stronger than me, my sister."

"It looks like I have to hurry back for nine days."

Speaking up to here, the Heavenly Emperor's eyes suddenly shone with a profound light. His brows were filled with interest as he muttered to himself, "I really want to see, countless years later, what the nine heavens are like now."

His voice paused slightly, before his gaze once again fell upon Tang Huan and the others, "Little brother Tang Huan, you don't have to worry about the exit anymore. It corresponds to the exit of the Crimson Sky Kingdom, and in the northern part of the Dragon Palace, with this little fellow's 'Divine Core Dragon Pill', you can definitely find the exit location to fight against the Dragon Soul. Now, what you need to do is quickly raise your cultivation to the Upper Sky King Realm."

"Entering the 'Heavenly Imperial Dragon Palace' can be done through other people's spatial equipment, but when leaving, one has to act alone, otherwise, it will attract the interference of Heavenly Energy."

"..."

Chapter 1940 - Azure Dragon Reappearance

The sea was vast. Pang Shuo's green palace was floating above the sea.

"Hu!"

The entrance of the palace suddenly rippled rapidly, and four figures flew out of the palace at almost the same time.

One of them looked to be around 20-30 years old, had handsome features, a slender body, and was dressed in a black robe. Beside them were two girls, one big and one small. One wore a nine-colored dress and the other wore a blue dress. Both of them had incredibly beautiful faces and were as adorable as carved jade.

The other one was a purple-clothed woman who was extremely beautiful. Her figure was graceful, and she was as graceful as an immortal.

They were precisely Tang Huan, Jiu Ling, Xiao Budian and Xiao Zihan.

The auras that faintly seeped out from their bodies were all extremely tyrannical, and it was even more so for Tang Huan. Compared to when they first entered the "Heavenly Imperial Dragon Palace", they were simply incomparable.

Now, not only had Tang Huan risen to become an Upper Sky King, Nine Spirit and Xiao Budian had also stepped into the Upper Sky King Realm. As for Xiao Zihan, he was already an Upper Sky King.

This time, only the four of them managed to return to the Crimson Radiance Sect together, while Xiao Zihan had directly returned to the Violet Cloud Sect from the Heavenly Imperial Dragon Palace. However, since she entered the Dragon Palace from the Crimson Radiance Sect, she could

only return to the Crimson Radiance Sect, and the reason was that when she entered the Dragon Palace, the Heavenly Dao had long absorbed her energy.

Access to the Dragon Palace would also be restricted by the Heavenly Dao.

As for the Heavenly Emperor Liu Li, he had already left the Dragon Palace not long after the Dragon City incident had ended.

Without the remnant consciousness of the Dragon God and the Great Elder Gu Keng, the situation in the Heavenly Imperial Dragon Palace had changed drastically.

The Dragon Clan was no longer the only master of the Dragon Palace, and the Dragon City was no longer the indestructible sanctuary of the Dragon Clan. A large number of Dragon Clan s spread throughout the Dragon Palace, and the cultivators that were hiding in the Spirit Cave also began to train in different places, becoming pure prey, and could also become true hunters.

The Heavenly Imperial Dragon Palace had become a place of true improvement, not only for the cultivators of Human Clan, but also for those aboriginal life forms.

Various places in the Dragon Palace began to fight and kill one another.

Tang Huan, Jiu Ling, Xiao Budian and Xiao Zihan did not participate as they openly stayed in Dragon City and wholeheartedly cultivated. The reason why she chose that place was mainly because Dragon City was very suitable for Xiao Budian.

As for Tang Huan, as long as sshe carried the "Primal Chaos Source Crystal" with him, he could cultivate in any place, even the nine spirits were the same. As long as it was a place with boundless vitality, it would be his cultivation holy land, and Xiao Zihan was already an Upper Sky King.

After a while, Tang Huan, Nine Spirits and Xiao Budian broke through one after another and became the Upper Sky King.

When they had left the Dragon Palace, Ye Tingyu had already successfully left the Dragon Palace half a year ago. The reason she was able to leave without worry was because the Second Elder of Dragon Clan, Cang Wen, had already escaped the Dragon Palace. The Dragon Clan no longer had absolute power over the Human Clan, so he could naturally leave as well.

As for the Human Clan cultivators who were still in the Dragon Palace, they could only depend on their own luck.

Since Ye Liuyun had already left, Tang Huan and the others did not return to the Spirit Hidden Cave, but instead headed directly from the Dragon City to the north side of the "Heavenly Imperial Dragon Palace". It was just as what Heavenly Emperor Liu Li had said, with Xiao Budian's "Divine Heart Dragon Core", it was very easy for them to find the exact location of the exit, and then, they destroyed the Dragon Soul that was protecting that place.

The moment the dragon soul left, nine tunnels appeared, each one corresponding to a Heaven Realm.

After successfully entering the passageway to the Crimson Light Peak, it was only natural to return here.

"Ang!"

An earth-shaking dragon's roar resounded.

Tang Huan and the rest subconsciously looked up, to see numerous dragon figures rising from Pang Shuo's palace. In the blink of an eye, they had turned into a green dragon with bared fangs and claws, looking down at the four figures in front of the palace with a cold and indifferent gaze. Although it did not swoop down from above, it had an extremely terrifying aura descending from the sky, as though it was going to turn Tang Huan and the other three into dust.

"Big Brother, be careful!" Jiu Ling and Xiao Budian were both shocked, while Xiao Zihan's expression also changed slightly.

"It's fine."

Tang Huan just shook her head, the green dragon opened its mouth wide, let out a furious roar, and fiercely rushed down from the skies. Wherever it went, strong winds blew past, its power and might was overflowing, as if it wanted to swallow Tang Huan, Jiu Ling, Xiao Budian and Xiao Zihan who were standing in front of the palace in one gulp.

"This is bad!"

The green dragon's power was too ferocious and terrifying, and now that it was about to attack, it made them have no choice but to be cautious. If it didn't die in the Heavenly Imperial Dragon Palace, and instead happened outside the Dragon Palace, then that would be too unfair.

In a split-second, Strength Qi began to churn furiously around the three of them, as if raging waves were set off. At almost the same time, the light in front of Nine Spirits and Xiao Zihan's bodies flashed brightly, and a powerful Dao Artifact appeared. At the same time, a golden light exploded at the center of Xiao Budian's brows, as though a terrifying force was surging inside.

However, before they even had the chance to attack, the huge azure dragon stopped several hundred meters in the air, and its diving posture abruptly stopped.

"It doesn't dare to attack us."

Tang Huan laughed and said, "We have already walked out of the 'Heavenly Imperial Dragon Palace' and are under the protection of the Heavenly Dao. If it attacks us at this time, it will immediately cause the Heavenly Dao to counterattack. "

The space above the huge green dragon began to fluctuate rapidly. The Heavenly Energy was being channeled, giving off a faint sense of extreme danger. However, this danger was not towards Tang Huan and the rest who were standing in front of the palace. Instead, it was towards the ferocious green dragon that seemed to want to pour down and smash it to smithereens.

This was clearly a clear warning to the azure dragon. If it continued to act blindly without thinking, the calamity of destruction would be right in front of it.

"That's true."

Seeing the situation, Jiu Ling, Xiao Budian and Xiao Zihan relaxed, the nine spirits winked at the huge green dragon, as if provoking it.

Seeing that, Tang Huan smiled.

He had originally thought that this green dragon was formed from the remnant consciousness of the Dragon God, but now it seemed that wasn't the case. It should have been condensed from the power of the "Heavenly Imperial Dragon Palace" itself.

However, the disappearance of the Dragon God's Remnant Will still had a huge impact on it.

Although its power was still terrifying, the agility from its body had already weakened greatly. However, the anger the dragon god's remnant will had towards him and Nine Spirit's group was something that the green dragon had inherited, and had also formed into its own instinctive action. The moment he saw Tang Huan and the others, he subconsciously put them to death. Unfortunately, the restrictions of the Heavenly Dao forced it to stop its previous actions.

"Ang!"

With a cry of extreme indignation, the green dragon's body quickly turned into countless dragon shadows. In the blink of an eye, it had already fused back into the palace.
