

W. Master 2021

Chapter 2021 - The First King

The dust gradually dispersed, and the originally blurry, cobblestone-like gigantic object became clear. It continued to stand in the air, not moving at all.

Tang Huan had actually disappeared without a trace, no one knew what she had done.

Hua Tian Chi, Chu Xing and Fu Gao, as well as a dozen or so Heavenly Kings, had already gathered in one place, but they did not dare to act rashly, nor did they dare to rashly leave the place. It was just that after a long time, the crowd couldn't help but look at each other in dismay.

Could it be that he had used up too much effort to activate it and suffered a backlash?

If that was the case, it would be a great thing. However, after thinking about it for a while, it was clear that the possibility of such a situation was close to nil.

With Tang Huan's terrifying strength, if she really were to suffer from a backlash of such a level, there was no need for him to take the risk. With his strength, even if he did not activate the enormous object, defeating the dozen or so Heavenly Kings that surrounded them alone should not be a big problem.

Since it wasn't a backlash, why was there no movement?

Everyone could not help but be alarmed, Hua Tian Chi and the other Upper Sky Kings subconsciously moved their minds to look around the giant monster.

"You guys didn't run away?"

But right at this moment, a light laugh suddenly sounded out. Although the sound wasn't loud, everyone heard it clearly, as if it was ringing right next to their ears.

Hua Tian Chi and the rest felt their hearts jump when they heard this. They involuntarily laughed bitterly to themselves. Who do you think would dare to escape despite everyone not wanting to?

The strength that Tang Huan had displayed was too terrifying. Not only did it heavily injure the crowd, it directly and completely dispersed their thoughts of escaping.

Not to mention whether or not they could escape, even if they succeeded, their sects were still in Mystic Du Tian, and it was impossible for them to escape with them. If Tang Huan didn't find them when they came here to cause trouble for their sect, it would be normal for him to not be able to find trouble for his sect.

It was one thing for the Sect to not fight back, but if they did, who knew how many cultivators would die?

If the position of the sect, which had been passed down for countless years, suffered because of him, then they would become the sect's sinner.

Just as everyone was cursing in their hearts, the gigantic object in the distance suddenly shrunk, and in the blink of an eye, it had transformed into a small white dot, disappearing from everyone's sight. Tang Huan's figure appeared again instantly, and with an extremely shocking speed, she continued to expand in front of everyone's eyes.

In the blink of an eye, Tang Huan was less than 20 metres away from the group.

Looking at Tang Huan, these dozen or so Heavenly Kings were silent. Their expressions were all complex to the extreme: fear, shock, fear, worry, shame, helplessness ...

It was truly sad that so many top experts of Mystic Skies had arrived in unison, yet had fallen into such a situation where they could only allow others to do as they pleased.

"You're all quite wise."

Tang Huan looked at Hua Tian Chi and the others, then laughed and said, "If you all had run away earlier, you would have all been lying on the ground by now. For me, it would not be easy to advance to Heavenly King in the next thirty-six days. Since everyone has made the right decision, I will not go too far. "

Hearing Tang Huan's words, many of the heavenly kings secretly heaved a sigh of relief.

But right after, Tang Huan suddenly changed the topic of conversation as she said with a smile: "However, it is impossible for you all to be taught free of charge like last time at the Myriad Domain Immortal City. As for how you'll pay them, you'll have to decide for yourselves. "

When everyone heard this, their expressions couldn't help but change slightly.

Tang Huan's words caused the crowd, who were originally secretly rejoicing at their failure, to feel ashamed. They wished they could immediately find a hole to hide in. Although it was called 'reward', it was actually a life saving ransom.

They were all the rare Heavenly Kings in the past 36 days, if they gave too little in ransom, how could Tang Huan agree, but if they gave too much, it would be a huge loss. Of course, anything that could be used as a ransom, no matter how valuable it was, was just an external object. It was better than losing his life for nothing.

"There's no need to rush."

After seeing the expressions of the crowd, Tang Huan smiled again, and spoke in a slow and leisurely manner, "I shall give everyone three days, everyone think carefully about what you should reward them with. I hope that after three days, all of you will meet again in the Crimson Sky Kingdom's encampment, the Myriad Domain Immortal City."

"Now, everyone can leave."

"..."

After Tang Huan finished speaking, she actually floated away.

Looking at Tang Huan's figure flying far away, everyone was stunned.

Only after a while did everyone come back to their senses. They exchanged glances, but all of them could see a trace of unconcealable astonishment in each other's eyes.

After a long while, the Heavenly Kings finally returned to the Sacred Path with their tails between their legs.

The farce of a great battle had finally ended. However, the shock brought about by this battle did not disappear. On the contrary, it had continued to ferment even more. In an instant, the countless

cultivators within Heaven Realm were all talking about the Principal of the Heavenly Sacred Courtyard, who was in Crimson Radiance Sect.

As for the cultivators in the Sacred Dao City and the Myriad Domain Immortal City, they were all discussing animatedly.

In that battle, the strength that Tang Huan had displayed was indeed too astonishing. In front of Tang Huan, Hua Tianzhu and more than ten other Sky Kings, there was not even a chance for them to retaliate. From this, it wouldn't be an exaggeration to say that Tang Huan was the first king of the entire thirty-six days.

Moreover, Tang Huan's title of king of the first thirty-six days could be said to be undisputed.

In the countless years since the last thirty-six days, there had been many powerful peak-level Heavenly Kings who had obtained the reputation of the First Heavenly King. However, none of the First Heaven Kings could defeat the encirclement of so many Sky Kings with the power of Tang Huan plowing through her acupoints.

This was the true title of the First King.

While countless cultivators praised, admired, admired, and worshipped her, they were also extremely curious.

In the end, Heavenly King Stage Rankers were only a small minority of those, and the number of those who were at the peak of the upper peak were even more so few. It was just that they did not know if Tang Huan, the king of the lower thirty-six days, had entered the eighteenth or ninth day, or if she was compared to the peak of the upper peak Heavenly Kings there.

If it was just a one on one fight, Tang Huan would definitely not be inferior to any Peak Sky King, right?

Countless cultivators were excitedly discussing and many figures were gathering beside Tang Huan at the Ten Thousand Domain Immortal City's Crimson Radiance Sect's encampment.

"Big Brother, you really let them off that easily?"

The nine spirits stared at Tang Huan with their beautiful gem-like nine colored eyes, puzzled.

The three Heavenly Kings of the Rage God Palace, Hua Tian Chi, Chu Xing and Fu Gao, had gathered the Heavenly Kings of the other sects to attack. If Tang Huan was not a match for them, even if she didn't die, she would still be severely injured.

Chapter 2022 - Following Up

Tang Yan, Xiao Budian and the others who were at the side also subconsciously nodded their heads.

"What's the benefit of killing them?"

Tang Huan laughed hoarsely, "If we keep them, we can even squeeze out a lot of treasures from them."

Most importantly, he would be gone for thirty-six days soon. Previously, he was only tormenting himself in that scarlet light, so it was fine, but if he were to kill all of the Sky Kings in the Mystic Du Tian realm, it would be too excessive. This would definitely arouse the strong fear of the other thirty odd Heaven Realms.

With so many Heaven Realms, it would definitely not be a good thing to be afraid of him and the Heavenly Law Palace's existence.

After he left, the Heavenly Dao Academy might truly be heavily injured. His concern for the safety of Shan Shan and the others had greatly surpassed the existence of the Heavenly Dao Sacred Courtyard, but he was also not willing to see the Heavenly Dao Saint Academy that he had personally created suffer such a huge change due to his impulsiveness.

Furthermore, if something like that were to happen in the Heavenly Sacred Courtyard, the likes of Nie Cangsheng and Xiao Niandie, who were former emperors of the Heavenly Dragon Mansion, would definitely be in great danger.

This was also something that Tang Huan did not wish to see.

As a result, in such a situation, it would be a better choice to stop at first sight. However, he didn't need to explain his considerations to the Nine Spirits and Xiao Budian too clearly.

"That's true."

Jiu Ling and Xiao Budian looked at each other, then subconsciously nodded.

After killing the people from the Hua Tian Chi, Chu Xingchen, and High Master Fu, they definitely wouldn't be able to do as they were in the Crimson Radiance Sect and the other sects. If this was the case, other than venting the anger in their hearts, there wouldn't be any other benefits.

However, the "reward" they had submitted for leaving them behind would definitely not be light.

The truth was indeed like this. Three days later, when over a dozen Heavenly Kings from various large sects arrived at the "Ten Thousand Realms Immortal City", the "compensation" they had to pay was placed one after the other in front of Tang Huan. Even Tang Huan herself was rather shocked, and then, he inwardly sighed at the profoundness of those large sects.

It was as if they had all agreed on this matter, as they all took out a large number of heaven grade dao stones and iron crystals.

They even took out three saint rank iron crystals each from the Desolate God Palace and the Ice Emperor Valley. Whether it was Dao Stones or Iron Crystals, anyone who had reached this level was an extremely rare sight. It is very difficult to see it in thirty-six days, because it will be very difficult to nurture a Dao Stone and Iron Crystal of that grade in the environment for the next thirty-six days.

At the very least, he had never seen Tang Huan, the Principal of the Heavenly Dao Academy.

Moreover, the number of Heaven grade Dao-stones and iron crystals these sects had turned in was almost equivalent to the harvest Tang Huan had from the Supreme God Sword Sect and the Spiritual True Immortal School.

The "reward" given to him was already so considerable. What was stored within his sect must have been even more astonishing.

"The rewards that you all have given me are indeed extremely sincere."

Inside the palace, Tang Huan's gaze swept across Hua Tian Chi and the others. She couldn't help but smile in satisfaction, "Recently, I was lacking these things so I took them all."

Hearing Tang Huan's words, everyone felt as if a heavy burden was being lifted from their hearts, and their hearts ached uncontrollably.

Although the amount of dao stones and iron crystals that had been handed over was not enough to make their sect go bankrupt, it was still not a small loss. Who knew how many years it would take to fill this hole. However, the pain was the pain of the flesh. It was worth it to be able to resolve this matter.

"Now, everyone can leave." Tang Huan smiled, she looked at the ten Heavenly Kings and said slowly: "Of course, if you all still have friends who want me to teach them, I am still willing, but the reward will definitely be higher."

"..."

Hearing this, everyone could not help but feel their faces turn black, and their hearts began to ache.

They were already the strongest in this Xuan Du Tian. Who else could they go to? Once again, all of the treasures accumulated by the sect would probably really all fall into Tang Huan's hands. Even if the sect's resources were to be even more profound, it would not be such a waste.

In the battle three days ago, if Tang Huan had only barely won, they would definitely not let this matter rest.

However, that one-sided situation had completely extinguished their thoughts of revenge. That kind of Tang Huan was not someone that they, as Sky King level cultivators, could defeat, so no matter how many people there were, it would be useless.

"Ahem, Dean Tang must be joking!"

"Farewell, farewell!"

"..."

After a moment of silence, everyone returned to their senses and left the palace. It was as if they wanted to leave Tang Huan as soon as possible.

After a while, other than Tang Huan, only Hua Tian Chi remained in the hall.

"Elder Hua, why aren't you leaving?" Tang Huan's gaze fell upon Hua Tian Chi, her brows slightly raised as she smiled in surprise.

"This old man ... "I ..." Hua Tianchi unexpectedly turned a bit bashful as he asked hesitantly,

"Dean Tang, I have a presumptuous request, I don't know whether I should say it or not?"

"Elder Hua, since you know what's good for you, there's no need to say anymore." Tang Huan laughed.

"Ah?" This ... "This..."

However, he obviously could not give up just because of a single sentence from Tang Huan. After a moment, he let out a dry laugh, and then, shamelessly opened his mouth and said, "Principal Tang, I ... I want to follow you. "

"Follow me?"

Tang Huan could not help but laugh, "Elder Hua, you aren't joking with me right? You should know that just like you, I am also just a peak-level Heavenly King. "

"Dean Tang, I'm serious."

Hua Tianchi hurriedly explained, "I know that as well. We are both at the peak of the Upper Sky Realm. However, you, the peak of the Upper Sky Realm, are much stronger than me." As he spoke to here, admiration, adoration, and even fanaticism had uncontrollably surfaced in his eyes.

"Elder Hua, do you mind our disputes?"

Tang Huan was slightly surprised when she heard it. In front of him, if Hua Tianzhi was lying, there was absolutely nothing that he could hide from him. And from the fluctuations of his soul aura, it was indeed possible to determine that the words Hua Tianzhi said earlier were the truth.

Hua Tianzhi bitterly laughed and said: "Dean Tang, our skills are inferior. It is only natural for us to pay such a price. Now that the matter had been cleared up, why should he worry about it anymore? All the Heavenly Kings of the various sects, including me, will no longer care about this matter. "

Tang Huan smiled faintly. Maybe this was true for the Heavenly Lake, but it was hard to say for the other heavenly kings.

If he suddenly died, the Heavenly Kings would definitely not let the Heavenly Law Palace's cultivators off so easily, much less let his wife and children off. It was just that they had no hope of defeating him in the current situation, so they had no choice but to swallow their anger.

Chapter 2023 - Virtual Origin Dao Flower

"Fine."

Tang Huan did not expose him and nodded slightly, agreeing with Hua Tian Chi's explanation. But then, in an instant, she opened her mouth and said slowly, "However, why should I accept your follow? You said it yourself, my strength far surpasses yours. Leaving you by my side is equivalent to being a burden, what use is it to me? "

If these words came from any other peak-level heaven king, Hua Tian Chi would definitely be furious.

However, when it came out of Tang Huan's mouth, he wasn't dissatisfied in the slightest. She even felt that it should be like this; Tang Huan's terrifying strength had long since left a imprint in the depths of his soul that would forever be difficult to erase. The two sides had roughly the same level of cultivation, but the difference in their strength was like heaven and earth.

To Tang Huan, he was indeed no different from a burden.

However, since Hua Tianzhi wanted to follow Tang Huan, he naturally had long since made his preparations and said: "Principal Tang, my strength is inferior to yours, but I feel that I still have some uses for it. With your current strength and cultivation, Dean, I believe after the Myriad Domain Dao Arts, you will leave this place and head towards the eighteenth day. "

"That's right."

Tang Huan did not need to hide it.

Moreover, to a heavenly king like the Huaxia Lake, Tang Huan's intentions were practically self-evident. The Myriad Domain Dao Arts ", there was no need for a peak level Heavenly King to take charge. A peak level nine Heavenly Lord was sufficient enough to become a lower level Heavenly King." The reason why a peak-level Heavenly King had come together, was definitely because he wanted to use Xuan Du Tian as a springboard and travel for the next eighteen days. In the next thirty-six days, many people did the same thing.

"Then, Dean Tang, do you know how to go for 18 days?" Hua Tian Chi asked again.

"As far as I know, every now and then, there would be a "Voidwave Divine Ark "from the middle of the eighteen days in XuanDu Sky. As long as I board the" Voidwave Divine Ark, "I would naturally be able to reach the middle of the eighteen days."

Tang Huan laughed. This information was obtained from Tan Zhong and Tao You's group. When they were at the "Heavenly Imperial Dragon Palace", Heavenly Emperor Liu Li had also told him a little.

The so-called "Void Divine Ark" was actually a very powerful Space Aircraft that could traverse the void of darkness.

In the endless void of darkness, although it was incomparably dangerous, there were still countless treasures hidden.

For example, the "Void Primordial Dao Flower" was a heavenly treasure that grew from the void of darkness. Its shape was like a flower, and it contained an incomparably pure power of the world's laws and heaven's way of life. It was extremely useful for the cultivation of Heavenly Kings and experts above, and was extremely precious in the eighteenth and ninth heaven.

In addition, within the void of darkness, there lived a creature called the "Void Beast".

When Tang Huan was in the lower realms, she had encountered hollow beasts. Of course, the hollow beasts in the Heaven Realm could not be compared to the beasts in the lower realms. The Emptiness Realm Beasts of the lower realms could only engulf the independent small dimensions that were embedded in the void. As for the Emptiness Realm beasts of the Heaven Realm, they could only absorb the spatial energy from the void.

The strongest void beasts in the Heaven Realm were also known as "Dark Void Beasts".

The Void Beast had grown to the level of the "Dark Void Beast", and its body was covered with treasures. Whether it was refining pills, forging Dao artifacts, or training, it could all be used.

Because of this, the large sects that had gone up to the nine heavens and the middle of the eighteenth day would often send out strong experts to control the "Voidwave Divine Ark", enter deep into the void, search for the "Void Daoflower", and capture the "Void Beast". Those "Voidwave Divine Boats" would appear every now and then for thirty-six days to rest.

Sky King, who was at the peak of the eighteenth day, arrived on the next thirty-six days via the "Void Divine Ark".

Heavenly Emperor Liu Li had also escaped from the top nine days to the middle eighteen days through the "Void Divine Ark" countless years ago, and then escaped from the middle eighteen days to the thirty-six days from the middle. From ancient times until now, the Heavenly King of the next

thirty-six days had mostly used the "Void Divine Ark" to travel to the middle of the eighteenth and ninth days.

Tang Huan naturally had the same intentions.

Those "Voidwave Divine Ark" would not refuse to be carried by the Heavenly King for thirty-six days, because each carrying Heavenly King would have to pay a large amount of compensation. This had already become a rule in the Heaven Realm.

"Then, does Principal Tang know when the Godly Void Boat will appear in the Profound Sky Continent? and where does it appear in the Mystic Skies? " Hua Tian Chi laughed again.

"I wonder if Elder Hua knows?"

According to the information revealed by Tan Zhong and the others, when An Xi's "Void Divine Ark" entered a certain Heaven Realm for the next thirty-six days, it would not always appear in a fixed location. Although there was quite a bit of commotion when the 'Voidwave Divine Ark' entered, there were some divine boats that would not stay for long. It would not be easy to find them.

"Exactly."

"In our Desolate God Palace, there is a treasure that can accurately sense the location of every single 'Voidwave Divine Ark' that has entered XuanDu. Once it appears, it will immediately be able to accurately pinpoint its location. With that treasure, we will definitely not miss the nearest divine ark. "

"That's convenient."

Tang Huan nodded her head and smiled, then suddenly asked, "Elder Hua, about how long will it take to travel on the 'Voidwave Divine Ark' before they reach the eighteenth day?"

"That's hard to say."

Hua Tianchi shook his head and muttered to himself, "At least twenty or thirty years, and at most a hundred years, it is possible. Moreover, there will be great dangers along the way."

At this point, Hua Tianchi felt a bit helpless. The "Void Divine Boat" was not meant to be used to carry people, but was meant to be used for the "Void Dao Flower" and the Dark Void Beast. It was just a convenience to carry people. Therefore, after leaving XuanDu, the owner of the "Voidwave Divine Ark" would have to search for the "Void Daoflower" and the "Void Beast" again.

As passengers, they definitely did not have a share in finding the "Void Primal Flower". However, if they were to capture or kill the dark void beast, they had to help out.

The Dark Void Beast had unparalleled strength. Even if they were not hunted, they would actively attack Space Aircraft like the "Void Divine Ark" when encountering it. Over the course of countless years, on the path to the 18th Heavenly Layer, thirty-six Heavenly Kings had died. Who knew how many of them had died?

This was also the reason why they, the thirty-six Heavenly Kings, were helpless against it.

Tang Huan nodded her head and naturally knew what the "danger" Hua Tian Lake was referring to was. That danger was not limited to them, the passengers of the next thirty-six days, as well as the

people within the "Godly Nether Boat". Encountering such a powerful dark void beast, it was not rare for the entire ship to be completely destroyed.

Within the void of darkness, fortune and danger coexisted.

After thinking for a moment, Tang Huan suddenly spoke up: "The xuanji Pill House's Pavilion Master Mo Wuyun once said that within ten years, she could travel from the very bottom 36 days to the highest nine days. Do you know the reason?" If this was the case, then not only had Mo Wuyun said this before, but the previous xuanji pill pavilion's Pavilion Master, Mo Hanyun, had also said this to him.

Chapter 2024 - Seizing the initiative

"I know a little about that."

When Hua Tian Chi heard this, he couldn't help but laugh, "There are high and low qualities in the Voidwave Divine Ark." "Even in the nine heavens, the Phecda Core Sect is a super sect. This sect's Voidwave Divine Ark 'naturally cannot be compared with those sects' Voidwave Divine Ark 'from the last 18 days."

"The quality is different, but the speed is also different."

His voice paused slightly, before continuing, "Moreover, with the background of the 'Mysterious Phecda Pill Pavilion', if Ink Cloud Pavilion Master were to return to the nine heavens, he wouldn't even need to search for the 'Void Dao Flower' in the void darkness or take the risk to kill the 'Dark Void Beast'. This way, he would be able to save a large amount of time en route."

Tang Huan frowned slightly, "She's not worried that his 'Voidwave Divine Ark' will be snatched away by others?"

"In the last thirty-six days, who could take away her 'Voidwave Divine Ark', and who would dare to take away her 'Voidwave Divine Ark'?"

Hua Tian Chi laughed involuntarily, but after a moment, his laughter suddenly stopped. When he looked at Tang Huan, his expression became somewhat strange. In the past, no one had been able to take Mo Wuyun's Voidwave Divine Ark 'away from him for the next thirty-six days. But now, it was hard to say.

Of course, although Tang Huan had the ability, it was hard to say if she had the guts.

However, this thought only flashed for a moment before Hua Tianzhi continued, "The xuanji Pill House's Voidwave Divine Ark 'is different from the average' Voidwave Divine Ark '. It requires the power of the Mo family's Disciples's bloodline in order to activate it, so even if they stole it, it wouldn't be of any use at all."

"Bloodline Power ..."

While softly muttering those words, Tang Huan suddenly laughed, "According to what I know, Mo Hanyun will be returning to the Upper Nine Heavens soon. Maybe he can board her 'Voidwave Divine Ark' and head there for the eighteenth day."

When Hua Tian Chi heard this, he could not help but be slightly startled. However, he instantly laughed involuntarily: "Principal, this is completely impossible. From ancient times till now, this

Pavilion Master's' Voidwave Divine Ark 'has never carried our next thirty-six days of Heavenly King travel on it for eighteen days. "

"Why is that?"

Tang Huan laughed, showing her curiosity.

Hua Tian Chi sighed: "Those 'Voidwave Divine Boat' which go deep into the void of darkness to search for the 'Void Daoflower' and hunt for the 'Void Giant Beast' are slow, but the space is extremely large, and originally, it requires a lot of people to control. Thus, carrying a few more people around won't have too much of an impact, while the 'Voidwave Divine Boat' of the xuanji Pill Pavilion's Pavilion Master is different, it's speed is fast, but the space is extremely small, and originally was created for a single person to use, so it can be activated by just one person."

"Although it can accommodate two people, if it is carrying one more person, it will need to expend a large amount of bloodline power to activate it. No Pavilion Master would be willing to do so, unless they have a deep friendship with that person, after all, it is not something that can be done in a day or two."

"So that's how it is."

Tang Huan suddenly nodded her head, her eyes flashing, as though she was pondering about something.

The palace immediately quietened down. After a moment of hesitation, Hua Tian Chi finally could not help but speak up, "Principal, regarding the matter of me following you ..."

"Fine, just follow me."

Tang Huan laughed, and nodded in agreement.

In the 18 days of travel, Tang Huan would only bring Nine Spirits, Xiao Budian and Ling Tian with him. However, the origins of these three little fellows were too special. If someone discovered their true origins, it would definitely attract the coveting of others. Thus, at times like this, it was indeed not suitable for them to reveal themselves.

Although the strength of the Heavenly Lake was incomparable to his, it was still much stronger when compared to the strength of an ordinary peak-level Heavenly King. Amongst his peak Heavenly King Puppets, there were quite a few who were slightly weaker than Hua Tian Chi. Perhaps bringing him along would be of some use.

"Thank you Headmaster, I will swear on the law of the heavens right now." Hua Tianchi was overjoyed as his face was full of smiles.

"That won't be necessary."

Tang Huan waved her hand and smiled, "Elder Hua, if you are willing, we can be friends. After the eighteenth day, we can meet and disperse at any time. What do you think?" He already had many Peak level Heavenly King puppets, so he did not lack one follower.

"Principal, I..."

Hua Tian Chi immediately shook his head.

The power and methods that Tang Huan had displayed three days ago had shocked him beyond compare, and had also made him admire and admire him even more. In the beginning, he only wanted to acknowledge Tang Huan as his teacher because she was worried that Tang Huan would not agree to it.

"Elder Hua, I know what you want to say, it's a deal."

Tang Huan stopped Hua Tian Chi from speaking with an unquestionable tone, "After entering for eighteen days, if you still want to follow me, it wouldn't be too late to do so then."

"Yes, dean." Hua Tian Chi quickly nodded with a respectful expression.

"..."

Hua Tian Chi beamed as he walked out of the palace, but he did not leave the Crimson Radiance Sect's encampment. Instead, he stayed in this region and began to call himself his follower.

His existence caused many Heavenly Dao Academy cultivators to feel amazed.

There was no wall in this world that did not leak out information. News about Hua Tian Chi wanting to follow Tang Huan quickly spread like wildfire.

The many cultivators of the Heavenly Dao Academy were elated. However, the cultivators of the Myriad Domain Immortal City and the rest of the Sacred Dao City were all extremely shocked. The Hua Tian Lake was an esteemed elder of the Desolate God Palace, and had been promoted to Heavenly King for thousands of years. Now, he actually chose to follow Tang Huan. Even if he was defeated by Tang Huan, wasn't there a need to do this? The hatred Tang Huan had for the Rage God Palace Master and elders was easily let go?

The news continued to spread, causing an uproar throughout XuanDu.

However, after the initial astonishment, the majority of the cultivators quickly calmed down. With Tang Huan's current age and strength, as long as she did not die, her future achievements would definitely be limitless. There should not be any problems to be promoted to the Sky Emperor Realm.

Being able to become Tang Huan's Follower was not something shameful. If Tang Huan could one day become an Empyrean, being able to follow him would be a great honor. Compared to that, the grudge between the humiliating juniors of the sect was indeed insignificant, not worth mentioning.

After all, for an expert like Hua Tian Chi, what he valued the most was no longer the prosperity of the sect, but the future of the individual.

If the follower was promoted to Heavenly Emperor or Empyrean, how bad would his experience be?

In a short moment, among the ten or so Heavenly Kings who had once headed to the Crimson Radiance Barracks with Hua Tian Chi to hand in their "rewards", many of them were already secretly regretting their decision. If Hua Tian Chi was able to take them in, and if they were to emulate Hua Tian Chi and ask to follow Tang Huan, the possibility of Tang Huan agreeing was very slim.

It was a pity that he missed such a good opportunity, allowing the Heavenly Lake to seize the initiative!

Chapter 2025 - Garbage!

"This Huantian Lake is simply trash!"

In the palace behind the Phecda Pill Pavilion, Mo Wen was gnashing his teeth in anger. His chest was heaving and his heart was churning with anger.

Originally, she was hoping that Hua Tianzhi would teach Tang Huan a lesson, which was why she had contacted the Heavenly King of the other sects in the Profound Sky Continent. However, he never expected that Tang Huan's strength would actually reach such a terrifying level. A dozen or so Intermediate Heavenly Kings and Highest Heavenly Kings working together were actually unable to withstand a single blow.

In the end, Tang Huan squeezed out a large amount of precious dao stones and iron crystals from the Heavenly Kings, and some of them were even of the saint rank.

After calculating it, not only did Tang Huan not make a loss, she even made a huge profit.

Now that he knew that Hua Tian Chi was following Tang Huan, he naturally became even more indignant. However, her own strength was not as good as Tang Huan's, the Profound Sky King she summoned, was not a match for Tang Huan. In that moment, she also could not do anything to Tang Huan.

"Tang Huan, you don't have much time left."

Mo Wuyun wrinkled her nose and snorted, "You actually dare to threaten me ..." Tang Huan, you will soon know the consequences of threatening me! "

"..."

After a long while, the storm caused by the Grand Elder following Tang Huan finally began to dissipate.

As the other Heaven Realm cultivators gathered, the Myriad Domain Immortal City became more and more lively. The "Myriad Domain Dao Arts", which was the focus of everyone's attention, finally began.

"Rumble ..."

A resounding buzzing sound reverberated throughout the Immortal City. This sound was so loud that it seemed as if it came from the Immortal City and reverberated back and forth above the Saint Dao City.

In an instant, be it the Myriad Domain Immortal City or the Saint Dao City, both of them were boiling with excitement.

In the Scarlet Radiance Heaven Residence, when Tang Huan woke up from her cultivation, she couldn't help but smile slightly. He knew that this was the activity brought about by the "Great Void Immortal Mirror".

The participants of the Dao Arts Competition and the spectating participants would soon enter the Celestial Mirror Space.

However, Tang Huan did not plan to join in on the fun. This time's "Myriad Domain Dao Arts", regardless of it being the dojo, or the Artifact Storage, the Heavenly Dao Academy would shine

brilliantly. There were already two Inferior Heavenly Kings representing the Heaven's Path Holy Academy in this battle, and the number of high-grade Heavencraft was even more astonishing.

If he still didn't get any good results, wouldn't the establishment of the Heavenly Court have been a waste?

Of course, Tang Huan was not interested in them, but his wife and children, as well as Jiu Ling and Xiao Budian all left together. After a short while, only Tang Huan and the Hua Tian Chi remained in the Crimson Radiance Sect's encampment. As for the Ten Thousand Realms Immortal City, it had almost become an empty city.

Tang Huan only sensed a bit before she returned her attention back to her body.

Although he had not broken through the limits of his own cultivation, the gap in strength when compared to when he had first stepped into the realm of the upper peak Sky King, the gap between the two had already reached an extremely shocking level.

Within Tang Huan's Dantian, there were 400 million dao crystals. Every single one of them was refined to a sparkling and round state, and the space inside the dao crystal expanded to the extreme. Compared to an ordinary Peak Sky King, with the same Dao crystal, the amount of Sky Origin Stage that Tang Huan could store was definitely more than ten times that of the other party.

At this point, normal battles could not use up Tang Huan's Tian Yuan.

If it was the same as when he was in the Scarlet Radiance Heavenly Pellet's area, where he encountered the pursuit of the Fire Phoenix's embodiment, even if he had chased for a year, Tang Huan's Sky Origin Stage could not have been exhausted. Because at the same time as his Heaven Origin Qi was being exhausted, Tang Huan's energy could be continuously replenished, and the rate at which the energy was being replenished would not be slower than when her energy was being depleted.

In addition, the cultivation levels of Tang Huan's body and the Immortal Body clones had both reached a level of perfect harmony.

Now, Tang Huan's breakthrough, had already reached the stage where everything was ready and only the east wind remained. Tang Huan had a faint premonition that the last eighteen days should be the place where she would make her breakthrough. After entering the middle eighteen days, perhaps it wouldn't take long for him to break through the cultivation realm and step into the lower Sky Emperor realm.

"I wonder how is Sister Liu Li's situation. Are she still stuck in the middle of the eighteenth day, or has she already entered the ninth day?"

With just a slight movement of his thought, Tang Huan calmed his mind and concentrated once again, circulating the "God Creation Art".

Time slowly passed and the "Myriad Domain Dao Arts" finally began. All sorts of sounds continuously converged in the Immortal Mirror's space and within the Sacred Dao City, creating a tremendous sound wave.

First place: Xiao Mushuang and Crimson Light from the Heavenly Dao Academy.

Second place, Liu Han Qing, Crimson Sky Kingdom's Sacred Courtyard.

Third place: Wu Shuang, Crimson Light Heavenly Dao Academy.

Fourth place: Yuanliu Liufeng, Profound Desolate Heavenly Palace.

Fifth place...

... ..

The moment the Martial Ranking was revealed, regardless of whether it was the Celestial Realm or the Sacred Dao City, everyone fell into a deathly silence. When the ranking was revealed, regardless of the Celestial Realm or the Sacred Dao City, everyone fell into a deathly silence.

"Damn, this change is simply earth-shattering."

"In the top ten of the Martial Ranking, the Crimson Light Heavenly Dao Academy actually occupies eight places. The Desolate God Palace and the Ice Emperor Valley have only obtained one place."

"It's said that Xiao Mushuang, Liu Hanqing, and Wu Shuang of the Heavenly Dao Academy are all Inferior Heavenly Kings. I really wonder how Tang Huan managed to bring them up."

"..."

"It's just a martial arts arena competition. Don't forget, the number of slots to enter the 'Primal Beginning Immortal Domain' is determined by the number of slots to enter."

"That's right. In this competition, we have quite a few of the most powerful upper tier heaven's workers on stage."

"How naive! If the Heavenly Dao Academy performed so well in the martial arena competition, then how could the artifact competition be lacking? "Don't forget, Tang Huan was ranked first on the Artifact Board a hundred years ago. With his current cultivation and strength, she is definitely a heaven grade work of nature.

"..."

Countless cultivators discussed with each other.

Shouts, sighs, curses, and arguments rang out like thunder.

Although they had long predicted that the Heavenly Dao Academy would not be far off from Tang Huan's performance in the martial arts competition after unifying the Crimson Light Queen, the results still caused everyone to be extremely shocked.

It had only been a short few decades!

If another thousand years passed, how could the rest of the Heaven Realms where the many sects were in their own power be a match for the Crimson Sky Kingdom, which had already unified? If this was the case, then wouldn't the majority of the slots in the "Grand Beginning Immortal Domain" be given to Crimson Radiance Sect?

This was not just an imagination, but something that had to happen. If nothing unexpected happened to the Crimson Radiance Sect, then what would happen?

Many cultivators began to worry, and before long, the competition for the "Myriad Domain Dao Arts" had also begun under the gaze of countless people.

Chapter 2026 - Elder of the Pill Pavilion

Northwest of XuanDu.

"Slash ..."

The sound of tearing silk suddenly burst forth from the air above a huge lake. It was extremely sharp, as if it could tear apart the endless sky.

Following this sound, a long narrow and dark crack suddenly appeared tens of meters above the lake.

"Whoosh!"

In the blink of an eye, a streak of red light shot through the black fissure like lightning and stopped above the lake. Surprisingly, it was a small boat that wasn't even two meters long, sparkling and translucent.

With a hum, ripples appeared on the surface of the boat.

In the next instant, a figure flashed out from the small boat. It was a young man wearing a white robe. He had a slender body, a handsome face, and was as divine as jade. His demeanor was graceful.

In the blink of an eye, a faint smile appeared on the white-clothed man's face. "I've spent nine years and it's finally Mystical Capital. I'm afraid that Hanyun has been waiting anxiously for this moment." As he spoke, he extended his hand, and the small boat turned into a fiery red stream of light, entering the white clothed man's Dantian.

Soon after, another red jade appeared in the white-clothed man's hand. It was about the size of an egg and looked like a small cluster of solidified flames. A strand of fiery-red aura entered the jade. After a moment, the jade seemed to come alive and turned back into a ball of flame.

The flame was like a stream of water that flowed up the man in white's arm. In an instant, it covered his entire body, and then the flame started to quickly fuse into the air. In just a blink of an eye, the dark red flame and the man in white, who was covered in flames, disappeared at the same time.

"Top ten in the Martial Ranking took eight?"

Within the Sacred Dao City, inside the Xun Ji Pill Pavilion, Mo Hanyun couldn't help but cry out in surprise. His delicate face was filled with an unconcealable astonishment. With her identity and status, she could easily enter the Celestial Mirror Dimension and take a close look at the Myriad Domain Dao Arts. However, she did not go.

However, even though she was staying in the Pill Pavilion, she had already instructed the other party to report the results to her as soon as the Dao Incantation came to an end.

Even though she had vaguely sensed that Tang Huan was not the only Heavenly King, she had not expected that there were actually three Heavenly Kings who were participating in the competition. After the Crimson Wurm Sky was unified by the Heavenly Dao Academy, it had only been a few decades, but her strength had already undergone such a great change.

Crimson light was merely a part of the Heaven Realm for the next 36 days. Originally, no matter how strong it was, it had nothing to do with her, the Mo Family Disciples from the Nine Heavens Pill House. However, when she thought about how Tang Huan was the Principal of the Heavenly Dao Academy, the roots of her teeth started to itch.

"Where is the Artifact Storage?" After a long moment, Mo Wuyun couldn't help but ask.

"The top three of the Artifact Storage are all disciples of the Heavenly Dao Academy."

Pan Yue couldn't help but sigh.

Even after the end of the Ten Thousand Domain Dao Arts, Pan Le still had a look of disbelief in his eyes. This time around, the "Myriad Domain Dao Arts" had basically become a special show for the Heavenly Dao Academy disciples. The originally unimpressive Crimson Radiance Sect was now shining brightly in the Heavenly Dao Academy.

Right now within the Celestial Mirror space, the "Pearl of Great Beginning" should be released.

Without a doubt, the Heavenly Dao Academy was the sect that obtained the most "Primal Beginning Immortal Beads", and Crimson Sky Sect was also the sect that obtained the most number of slots in the Immortal Domain. This time around, Crimson Wurm Sky and the Heavenly Dao Holy Courtyard had become the biggest winners, and the main reason for this was Tang Huan.

"How hateful!"

Hearing this, Mo Hanyun could not help but be shocked. In an instant, he was so angry that his long, shapely eyebrows slanted upwards and he gnashed his teeth. A delicate, white, tender, and small fist violently smashed onto the ground beside him.

"Yayaya, who made our little girl, Yun, so angry like this?"

A somewhat mocking voice suddenly sounded out, and at practically the same time, the air at the entrance of the palace fluctuated violently, and following after, a ball of captivating red flames appeared.

"Uncle Fifteen!"

Mo Hanyun was stunned and instantly let out a cry as she sprung up from the ground. Her face was filled with surprise and joy.

At this time, the ball of fire at the palace's door had already disappeared, and a tall and straight figure revealed itself. It was a young and elegant man in white who was looking at Mo Wuyun with a smile.

"Uncle Fifteen, you've finally arrived."

With a slight movement of her body, Mo Hanyun appeared at the entrance of the palace hall. Her face was full of smiles, like the proud bloom of a flower, and she appeared even more charming and charming.

"Greetings, Elder."

All these years, he had heard Mo Wuyun say more than once that there would be an elder called "Mo Yunfeng" who would come from the ninth heaven to take over the position of the thirty-six days he had spent in the Cultivation Hall.

The white-clothed man that Mo Wuyun called "Uncle Fifteen" should be that Elder Mo Yunfeng.

Waving his hand at Pan Yue, Mo Yunfeng's gaze once again landed on Mo Wuyun and teasingly said, "Little girl, you're the only one who's always been angry at others. Why did you do the

opposite this time? In this next thirty-six days, could it be that there is still someone that even a peak stage Heavenly King like you can't handle? "

"Uncle Fifteen, you don't know how despicable that bastard is ..."

"..."

... ..

The Myriad Domain Immortal City. The Crimson Radiance Sect's encampment.

"Not bad, not bad, everyone is doing very well."

Looking at the excited young men and women in front of him, Tang Huan couldn't help but smile. They had already come to pay their respects to Tang Huan as the Principal of the Heavenly Dao Academy, representing the disciples of the Heavenly Dao Academy.

Moreover, their performance was indeed worthy of praise, and Tang Huan was also extremely satisfied.

Previously, during the "Myriad Domain Dao Arts", Tang Huan had represented Crimson Light Heavenly Emperor Dragon Heavenly Palace in the competition, and in the artifact workshop, she had dominated the entire area. This time, however, the "Myriad Domain Dao Arts" represented the Crimson Sky Kingdom, and there were even more points where it blossomed, causing countless cultivators to be envious and amazed.

"However, just because the result of this battle is outstanding doesn't mean that it will be the same in a hundred years."

"In the next hundred years, the remaining thirty-five sects in the Heaven Realm will definitely learn from this lesson. So, you all must be on guard against arrogance and rashness, and mustn't lose control and neglect your cultivation because of this. "I'll remember it all."

"I'll remember it!" The complacent cultivators all had cold expressions on their faces.

"Very good, all of you can go back now." Tang Huan nodded slightly.

"Yes sir!"

The crowd of Heavenly Dao Academy disciples bowed and left.

Not long after they left, Jiu Ling ran in. Her expression was quite strange. "Big Brother, that Mo Wuyun invited you to go to the Xun Ji Pill House for a chat."

"Ink?"

"..."

Chapter 2027 - half-step Heavenly Emperor (1)

Tang Huan was very surprised, she had already reached this point where she had completely lost all sense of decorum. Mo Hanyun should have been afraid of him and had actually invited him to the xuanji Pill House.

However, when Tang Huan walked out of the Myriad Domain Immortal City, she had already faintly understood what was going on.

"So he found a helper."

Tang Huan's eyes flashed, her lips raised in a taunting smile.

It was obvious that the helper that Mo Wuyun had found was trying his best to hide from him. He had done it very successfully, not to mention the average Heavenly King, even a peak level Heavenly King like Hua Tianchun would not be able to discover him.

It was a pity that wanting to hide from Tang Huan's senses was not an easy matter.

The reason why he wanted to do that, was probably because he was worried that Tang Huan would choose to escape after sensing her Qi.

With this thought in mind, a teasing smile appeared in Tang Huan's eyes. After slightly releasing her aura, his figure faintly moved, transforming into a black ray of light, as he sped towards the east of the Sacred Road. In a short moment, Tang Huan had already left the city.

Currently, the eastern part of the Sacred Dao City was still riddled with potholes. The traces left behind by the great battle from earlier could be seen immediately.

After several hundred kilometers, Tang Huan landed on a mound that was rising slightly. Immediately after, her figure disappeared without any warning.

However, in just a short span of two breaths, a man in white clothes appeared on the mound like a bolt of lightning. Not long after, another graceful figure flew over and landed beside the man in white clothing. They were Mo Yunfeng and Mo Wuyun of the xuanji Pill Pavilion.

"He really escaped?"

Mo Hanyun's beautiful eyes turned and she quickly scanned the surroundings. She couldn't help but be dumbfounded.

After all, Tang Huan was not the only person in the Profound Capital. Even if he did not think for herself, she would think for the people around him, as well as her wife, children, and the many outstanding disciples of the Heavenly Dao Holy Courtyard.

However, Tang Huan's reaction was completely out of her expectations.

When he left the Ten Thousand Realms Immortal City, he had immediately rushed towards the east side of the city. And now, he had completely vanished from the outside. Had he abandoned his wife and children and ran away with the disciples of his sect? Mo Wuyun would not find it strange for any other Heavenly King to do such an action.

However, if it was Tang Huan, it was somewhat surprising.

Although she wasn't on good terms with Tang Huan, she still had some understanding of her temperament. According to her knowledge, the reason why Tang Huan rejected Mo Hanyi's suggestion to bring him to the top nine days ago was because he wanted to return to the Scarlet Radiance Heaven and wait for her children who had yet to undergo tribulation in the lower realms.

Even if such a person were to sense danger, he would not abandon his wife and children and escape alone.

"He is not running away. He should still be hiding in the vicinity."

Mo Yunfeng's handsome face revealed a serious expression, but the surprise in her eyes was hard to conceal. Previously, when Mo Hanyun had heard of Tang Huan in the xuanji Pill Pavilion, he did not think much of it. How could a peak Heavenly King of the lower realms be so strong?

But now, he realized that Mo Wuyun's evaluation of Tang Huan was not only not overestimated, it was even a little underestimated.

Mo Yunfeng's eyes flashed, to be able to disappear so completely from his senses, this was definitely not something an ordinary Peak Heavenly King could do. In all these years, even in the previous nine days, he had not seen many Peak Heavenly Kings who had such methods.

"Oh?" Mo Han frowned, her heart was taut.

"Little girl, don't worry."

Sensing the change in Mo Yunfeng's expression, she could not help but laugh involuntarily. She indifferently said, "Watch how your fifteenth uncle finds that little fellow."

At almost the same instant his voice fell, countless fiery red aura seeped out of Mo Yunfeng's body like threads. As it whizzed in all directions, it also quickly merged into the air. Every wisp of fiery red Qi seemed to contain a boundless heat.

In just a few short breaths of time, the fiery red aura suddenly stopped.

The surrounding space was still empty, but it gave off the feeling that there was a huge change. It was as if the entire area for hundreds of miles had turned into a dormant volcano. Once the heat of this volcano completely erupted, it would immediately erupt with a terrifying power that could destroy the heavens and the earth.

"Explode!"

In just a few short breaths of time, Mo Yunfeng's face revealed a confident smile. Following that, she suddenly uttered a note.

The sound wasn't loud, but it seemed to contain an incomparably mysterious power. The instant it rang out, it seemed to transform into a terrifying sound wave that surged in all directions, and wherever it passed, boundless heat exploded outwards, turning into layers of raging flames. With a flick of a finger, a radius of several hundred miles was covered by a sea of fire.

The heat churned as if it could destroy the world. For a moment, it was like the end of the world.

This sudden commotion immediately alarmed the entire Saint Dao City.

A powerful formless barrier rose. Within the city, countless cultivators who were discussing about the "Myriad Domain Dao Arts" looked to the east in shock, and then many figures rushed towards the east. The cultivators who had just left the Celestial Realm also rushed out of the Myriad Domain Immortal City.

In everyone's line of sight, it was bright red.

The vast space outside the city seemed to have turned into a huge furnace that could melt everything in the world. Even the people who were staying under the city's protection could feel the terrifying heat.

This situation made everyone look at each other in dismay.

A while ago, Tang Huan had just had a huge battle with Hua Tian Chi, Chu Xing Xing, Fu Gao and the other Sky Kings of the Profound Capital. But today, something had happened there, and it caused such a shocking commotion.

Everyone was shocked as they tried to guess what was going on. However, the shock brought about by the "Myriad Domain Dao Arts" quickly disappeared.

The "Myriad Domain" this time was really not very peaceful. First, Tang Huan had easily defeated a dozen Heavenly Kings and forced them to pay a huge ransom, ultimately making even Elder Hua Tianchi of the Rage God Palace choose to follow Tang Huan. Then, the Heavenly Dao Saint Academy that Tang Huan created shone brilliantly in the Dao Arts, shocking everyone with a single brilliant feat ... It was just that she didn't know whether the movements outside the saintly way were also closely related to Tang Huan or not.

Chapter 208 - half-step Heavenly Emperor (2)

"Great!"

"Fifteenth Uncle, I didn't expect you to step into the Heavenly Emperor Realm with just one foot. You're worthy of being called a half-step Heavenly Emperor. With your help, that bastard will not be able to hide or hide at all."

Although she was only a Peak Heavenly King, but she could feel that Mo Yunfeng had already used quite a bit of Heavenly Energy in this attack.

This was a skill that only the Celestial Emperor had.

However, Mo Yunfeng was not a true Celestial Emperor. In the Heaven Realm, a cultivator who had already surpassed the category of an ordinary Heavenly King and had yet to truly advance to the Heavenly Emperor Stage could be called a half-step Heavenly Emperor. At this point, it was only a matter of time before he took the final half step.

When Mo Yunfeng heard this, he unconsciously laughed, "Although I don't know how that little guy hid herself, she did display some sort of sacred art that could hide her body, or used some sort of spatial artifact that could merge with the void. Regardless of that, it's impossible for him to hide any longer with this kind of activity, and in at most three breaths of time, the spatial artifact that he or he hid herself in will definitely be revealed."

"I can finally see that bastard's sorry state."

Mo Wuyun was beaming with joy, her beautiful eyes brimming with anticipation.

However, after a while, a hint of astonishment appeared in Mo Wen's eyes, now, let alone three breaths, there were even some five breaths worth of time, but Tang Huan was still not forced out. Not only her, Mo Yunfeng also slightly frowned. A hint of doubt appeared in his eyes.

Time continued to fly by rapidly, and the violent sea of flames continued to weaken.

After roughly ten breaths of time, the sea of fire completely dissipated into the air. The world within several hundred miles returned to clarity, but it was still filled with blazing heat.

At this moment, the smiles on Mo Yunfeng's and Mo Wuyun's faces froze.

Not only was Mo Wuyun extremely surprised, the person who had attacked Mo Yunfeng also felt that it was unimaginable. He used Heavenly Energy to force the hidden person to show up. This

could already be considered as killing a chicken with a blade. However, the final result was hard for him to accept.

Mo Yunfeng was not willing to give up. She carefully inspected every inch of the area with a radius of several hundred kilometers. However, he still did not discover any clues.

"He really escaped?"

Mo Yunfeng chuckled dryly, looking rather awkward. She had originally vowed to vent her anger on behalf of her niece who had a good relationship with him, but she did not expect that not only did he not see his opponent's shadow, she even allowed his opponent to slip away easily under her nose.

"Little girl ..."

Mo Yunfeng laughed, but before she could finish, a mocking laugh suddenly sounded out, "Pavilion Master Mo, this is the helper that you found. She looks bad."

The moment this voice rang out, Mo Yunfeng felt as if the surrounding space had been sealed. An extremely ferocious pressure came from behind him, wanting to crush him in an instant.

"This is bad!"

Mo Yunfeng's face slightly changed. His finger slashed behind him like a sword, and before she could blink even half a second, an incomparably sharp sword qi shot out from the tip of his finger. Wherever it went, space trembled.

Almost at the same time, a surge of energy gushed out from his body, with the force of a thunderbolt, it broke the seal in the surrounding space, and then it grabbed onto Mo Han Yun's wrist. Without hesitation, it shot forward as fast as a meteor, and in an instant, it was already more than a thousand meters away.

An earth-shaking boom boomed behind them.

In a flash, the exceptionally strong Strength Qi was like a raging wave that was swept away by a hurricane as it whistled and whistled towards them. Mo Yunfeng and Mo Wuyun felt as if they had suffered a heavy blow, and their bodies couldn't help but fly forward.

At this moment, the two of them didn't hesitate to turn around.

In an instant, they were less than a hundred meters away from Mo Yunfeng and Mo Hanyun. It was a slender young man wearing a black robe, whose expression was calm, and a hint of a smile that was not a smile appeared in his eyes.

"Tang Huan!"

Mo Yun Yun and Mo Yunfeng let out these two words at almost the same time. However, the former used a gnashing, gnashing tone to call out the name, while his face was filled with anger and resentment. On the other hand, the latter revealed more shock and astonishment that he was unable to suppress.

He had already caught a glimpse of what his sword qi had shattered was an extremely large fist.

Although he had successfully received Tang Huan's sneak attack, Tang Huan's stealthy move and the power behind his fist caused even this half a step Sky Emperor to be secretly shocked. He had been caught off guard and had not used his full strength. However, it was likely that the other party had not used his full strength either.

In the next thirty-six days, the chances of a peak-level Heavenly King appearing were very low.

It would be even more unbelievable for a peak-stage Heavenly King to appear! Moreover, it was said that this Tang Huan was an extremely powerful Weapon Refiner. A hundred years ago, when he was still a high-grade heaven's work, he was even at the top of the "Myriad Domain Dao Arts" Artifact Ranking.

"You are Tang Huan?"

With a change of his thoughts, a smile appeared on Mo Yunfeng's face, "My name is Mo Yunfeng, an elder of the xuanji Pill Sect who just arrived from the highest heavens. Hearing my niece say that you've bullied her quite a bit during this period of time, I wanted to invite you to the Pill Pavilion for a chat.

As he spoke to her, Mo Yunfeng smiled, and the topic of conversation abruptly changed.

"However, the way you welcome guests is not very friendly!"

"Your method of inviting guests doesn't seem friendly at all?"

Tang Huan laughed indifferently, "Elder Mo, I will not beat around the bush. Your niece schemed against me, and only punished her a little, and that was on account of Miss Mo Hanyi's face. But if you want to stand up for your niece today, I'm afraid that my method of welcoming guests will be even more unfriendly."

"Uncle Fifteen, did you hear that as well? This bastard is simply too arrogant."

Mo Hanyun was so angry that her face changed. Her delicate body trembled and she almost bit the two rows of jade teeth into pieces. "Today, we will absolutely not let him off lightly."

"Be patient."

He then looked at Tang Huan and said with a smile, "Little fellow, this niece of mine does not have any ill intentions towards you. Her original intention was to bring you to the top nine days, and then invite you to join our 'Phoenix-Star Pill Sect'."

Chapter 2029 was indeed a pity!

"Her method of invitation is quite unique."

Tang Huan scoffed, a look of ridicule flashed past her eyes when she looked at Mo Hanyun, but she did not take Mo Yunfeng's words seriously. If he was truly only inviting him to join the "Phantom Jade Pill Sect", then she would have just said it.

Mo Yunfeng looked at Tang Huan with a smile and said: "Little fellow, my meaning is the same as my niece, she is also inviting you to join 'Mysterious Spirit Pill Sect'. I wonder what you think?"

Without waiting for Tang Huan to speak, Mo Yunfeng smiled, "Don't be in such a hurry to reject it. Our Xudao Pill Sect is the number one sect in the entire 'Qu Litian' world. Even in the top nine days, it can be ranked as one of the top three. "In the next thirty-six days and eighteen days, countless Heavenly Kings want to join our 'Phecda Core Sect'."

Thirty-six days after leaving, to be able to immediately join a powerful sect like our Phecda Core Sect, no matter if it's on the path of cultivation or training, we will be able to become safer in the future. We can also avoid taking many detours.

"It does sound good."

Tang Huan smiled and nodded, but her tone suddenly changed, "However, I am not interested!"

Seeing how Tang Huan rejected him so straightforwardly, Mo Hanyun gnashed her teeth in anger, "Uncle Fifteen, stop wasting your breath on this bastard.

"What a pity!" Hearing this, the smile on Mo Yunfeng's face also froze.

"Indeed, it's a pity!"

Tang Huan slightly nodded her head, but didn't seem to care at all. However, the moment she finished speaking, Tang Huan and Mo Yunfeng's eyes turned slightly cold, and the two of them attacked at almost the same time. As for Mo Hanyun, he retreated quickly without hesitation, and in an instant, he was already more than ten kilometers away.

"Swish!"

A sharp sound rang out.

A bright red sword appeared in Mo Yunfeng's palm for a split-second before stabbing forward at an astonishing speed. The dazzling fiery red light seemed to pierce through the void instantly as a scorching heat swept out crazily.

At this moment, it was as if every inch of space around him had been burnt to a crisp by the scorching heat. The terrifying power instantly filled up the entire area.

"Hu!"

Right at that moment, a loud whistling sound rose to the sky, and a small ball of white light shot out from Tang Huan's palm.

It was actually a small pebble that was sparkling and translucent, and was around the size of an egg. It was precisely Tang Huan's "Primal Chaos Source Crystal", which had condensed to the limit. Although the energy accumulated by this Origin Crystal had been mostly used up by Tang Huan, when used against enemies, its might was not the least bit weak.

Wherever it passed, space surged and a violent storm raged.

"Boom —"

In a split-second, the "Chaos Origin Crystal" collided with the fiery red light, instantly causing a loud explosion. It was as if the entire world was about to shatter. With the point of impact as the center, the incomparably violent Strength Qi surged in all directions like a thunderbolt.

After an instant, the fiery red stream of light could not withstand such a powerful impact and shattered into pieces, while the "Primal Chaos Source Crystal", which contained an extremely powerful Strength Qi, continued to howl loudly as it smashed towards Mo Yunfeng. It was as if it had broken through bamboo, and did not slow down in the slightest.

Mo Yunfeng's expression slightly changed. The long sword in her hand danced quickly like a butterfly piercing a flower.

"Sizzle sizzle."

In the next moment, even more rapid and sharp sounds of breaking through the air sounded out together. Streams of fiery red sword Qis whistled through the air as the longsword danced swiftly, and in the blink of an eye, they had already filled every inch of space in front of Mo Yunfeng, completely annihilating that tiny "Primal Chaos Source Crystal."

The extremely sharp sword intent lingered between heaven and earth, as if it could turn any obstacle in the world into dust.

What was even more frightening was that when these sword Qis appeared, the Heavenly Energy was also channeled, mixing together with the sword intent and heat, causing the already ferocious attacks to become even more terrifying.

Mo Yunfeng's expression immediately eased up. As she heard the sounds of the many collisions coming from the front, a smile appeared on her face.

However, in the blink of an eye, the smile on Mo Yunfeng's face froze.

What was destroyed was not the cobblestone artifact that Tang Huan was using, but the sword Qis that he condensed out. In the time it took to snap a finger, the sword beams that filled the sky had already disappeared, the sharp intent instantly dissipated, leaving behind a blazing intent that surged back and forth between the heaven and earth.

Almost at the same time, the small pebble also expanded rapidly in Mo Yunfeng's pupils. With just a flick of her finger, it completely filled his line of sight. At the same time, an incomparable pressure also roared from the front, as if it wanted to completely crush him.

"Uncle Fifteen, be careful!"

Mo Wuyun's delicate voice came from afar. Back then, before the "Myriad Domain Dao Art", Tang Huan had relied on this object to instantly injure Hua Tian Chi and the other dozen Heavenly Kings. But now, Tang Huan had activated this treasure once again, causing Mo Wen Yun, who was watching the battle from afar, to feel a tension in his heart.

Mo Yunfeng's expression became unprecedented serious. After the pebble turned into such a huge object, he actually felt a chaos within it.

As an elder of the Upper Nine Heavens "Phantom Pill Sect", his experience was naturally incomparable to the lower realm's Heavenly King's. He had already seen many things that contained the meaning of primal chaos. However, there had never been a object that possessed such chaotic powers that it could be compared with the huge pebble on the other side.

The will of primal chaos was majestic and vast, like a vast ocean, seemingly capable of melting everything in the world.

However, although he was shocked, Mo Yunfeng's reaction was not slow. Almost at the same instant Mo Yanyun's voice rang out, the fiery-red longsword in his hand had already thrust forward, and the red light that exploded out from the body of the sword had become extremely resplendent.

With a flick of his finger, the fiery red longsword seemed to expand several times over. Then, it descended with a thunder-like momentum onto the incoming "Primal Chaos Crystal".

"Bam!"

After another loud explosion, the fiery red greatsword that was formed from the sword light started to crumble bit by bit. The terrifying Strength Qi rolled out layer after layer, and visible intense ripples immediately appeared in the vast sky, as if the entire world was constantly twisting.

In an instant, Mo Yunfeng looked as if she had suffered a heavy blow and instantly retreated a hundred miles. Only then did she barely manage to stabilize her body. Her white and handsome face involuntarily flushed red, and the originally brilliant fiery-red luster of the long sword in his hand immediately dimmed at an astonishing speed.

Chapter 2030: Almost unable to catch up!

"This Tang Huan..."

Mo Yunfeng's pupils suddenly contracted. The astonishment and astonishment in her eyes had reached an extreme point.

That sword strike not only pushed his own Nascent Soul to its limits, it also used all the Heavenly Energy he could muster. It could be said to be his strongest attack, and its might was peerless.

However, he was completely at a disadvantage when he collided with the enormous force of Tang Huan.

At this moment, not only did his internal organs suffer an abnormally intense attack, but the longsword in his hand also revealed many fine cracks.

"How could such a powerful Heavenly King appear in the next thirty-six days?"

At this moment, Mo Yunfeng had the same doubts as Hua Tian Chi.

He had originally thought that he had already overestimated Tang Huan, this Heaven King at the peak of the Crimson Sky Kingdom, but he never expected that his strength would still far exceed his own expectations.

Although he was a half-step Heavenly Emperor, he no longer had the slightest bit of confidence that he would definitely win.

At this point, there was no point in continuing to tangle with Tang Huan. She might even die here.

"Retreat!"

In between the mind instructs (in a second), Mo Yunfeng continued to rapidly retreat.

After a short while, he was already more than fifty thousand kilometers away from Tang Huan. Within his perception, there was no trace of Tang Huan's aura nor any other unusual sight.

From this, it was inferred that Tang Huan had not caught up.

Thinking about this, Mo Yunfeng could not help but let out a light sigh. Although he no longer had the confidence to contend against Tang Huan, he was still rather confident in her own escaping speed. He escaped, but Mo Hanyun was still outside the city. However, he wasn't worried about the safety of her niece.

After all, in the Profound Sky Continent, Tang Huan was not alone. His wife and children were all here, as were many disciples of the Heavenly Law Holy Academy.

Therefore, as long as he was fine, no matter how brave Tang Huan was, she would not dare to touch An Yun.

With a faint smile, a small fiery-red boat appeared before him. This was his "Voidwave Divine Boat." As long as he could enter the Divine Ark, he would be safe. This sort of spatial treasure that could traverse the void of darkness was not only fast, but also had powerful defensive capabilities.

Even if Tang Huan were to chase after him later, she would still be unable to do anything.

"Rumble ..."

Just as Mo Yunfeng was about to enter, she discovered an incomparably terrifying power of sucking sweeping over him from the sky. In an instant, it had enveloped him within. Mo Yunfeng could not help but be shocked by this sudden turn of events.

Immediately, Mo Yunfeng subconsciously raised her head to look, and countless swirling mountains entered her line of sight.

"This is ..."

The smile on Mo Yunfeng's face suddenly disappeared, and what replaced it was an uncontrollable shock. This was because her body was no longer able to withstand the energy originating from the mountain peaks above. She was sucked into the sky, and her speed became faster and faster.

In a split-second, he and the boat disappeared into the mountains.

The world in front of his eyes changed rapidly, and after a moment, Mo Yunfeng's feet had already landed on the ground. He was standing on the peak of a mountain, but the space around him was used as a powerful and peerless imprisoning force that bound him tightly in this place, preventing him from moving even the slightest bit.

"Tang Huan!"

At this moment, Mo Yunfeng was both shocked and angered. Her complexion was already unsightly to the extreme.

It was not that Tang Huan was slower than him, it was not that she did not catch up to him, but she had already concealed all of her presence and followed behind him like a shadow. The moment he relaxed her guard, she suddenly launched an attack, taking him into the space in one go.

However, after a short moment of anger, a hint of shock appeared on Mo Yunfeng's face.

He suddenly realized that he wasn't in an ordinary space, but rather, a cavern. At this moment, he didn't dare believe his eyes.

"Nice speed, I almost missed it."

A voice suddenly sounded, awakening Mo Yunfeng from her extreme shock, she looked over, only to see Tang Huan's figure suddenly appearing right in front of him, the smile on her face.

At this moment, Mo Yunfeng did not notice Tang Huan's teasing at all. In his eyes, there was deep shock.

What was the background of this fellow? It was one thing for a mere thirty-six days old Heavenly King to be so powerful, but he actually possessed so many precious treasures?

First, it was the pebbles that contained the meaning of primordial chaos, then it was this cave ... These things were rarely seen, even in the nine heavens, but now, they had actually appeared on Tang Huan's body at the same time! This was what she already knew, and perhaps what he didn't.

"This is the 'Voidwave Divine Ark'?"

Tang Huan's voice sounded once again.

Only now did Mo Yunfeng realize that the small boat was right in front of Tang Huan. After calming down immediately, she laughed, "Tang Huan, you trapped me here just for this 'Voidwave Divine Ark'? "If this is true, then I advise you to give up on this idea. Our xuanji Pill Sect's 'Emptiness God Ark' is different from the average 'Emptiness God Ark'. It requires the blood of our Mo Clan in order to activate it. Anyone who obtains it can only use it as a decoration."

"You're right." Tang Huan subconsciously nodded her head and smiled, "To snatch the 'Divine Void Ark', how can it be compared to the Mo Clan member who controls the Phecda Core Sect?"

"You want to control me?"

Mo Yunfeng laughed involuntarily, but there was a hint of disdain in her expression, "Kid, I have indeed fallen into your hands, but it is impossible for you to control me. I am already half a step into Heavenly Emperor, and my soul can use Heavenly Energy. No matter how strong you are, it is impossible for you to do it. "

If it was just an ordinary Celestial King, upon encountering an expert who had extremely deep attainments in the Dao of the Soul, he might truly be controlled and turned into a puppet. However, for someone like him who had already stepped into the Heavenly Emperor Realm, he did not need to worry about this at all. Controlling him meant possessing a power that was above the Heavenly Dao.

It could be said that this was completely impossible!

Unless, the one who did it was a supreme expert who had proven himself to be a divine being. This Tang Huan on the other side, was merely a peak-level Heavenly King, how could she have that kind of ability?

"Is that so?"

When Tang Huan heard this, he couldn't help but laugh. She immediately activated the God Casting Crystal, and a powerful and bizarre aura quickly spread towards Mo Yunfeng.

"This... This was ... A divine crystal? " Mo Yunfeng was stunned at first, but then her eyes instantly opened wide and her mind went into a state of shock. She could no longer maintain her calm like before. A peak-level Heavenly King in thirty-six days actually possessed a Divine Crystal? This was way too unbelievable!
