

W. Master 2041

Chapter 2041 - Non-Phase Days

"They're arriving so soon?"

Tang Huan once again left the cave and appeared in the narrow space inside the Void Divine Ark.

Mo Hanyun said angrily, "It's been four years, and it's still going so fast?" If he hadn't brought more than thirty people with him, he estimated that he would only need three years to travel this far.

Tang Huan laughed, and in the blink of an eye, she looked around.

However, right in front of this divine boat, there was an extremely minute white light. According to what Mo Wuyun said just now, that should be one of the 18 days of the 'Non-Phase Heavens'.

Although he could already see the Heaven Realm, it was still quite far from his current location. It might take a few more days for him to reach his destination.

A few days of time was just the blink of an eye.

With eighteen days in sight, Tang Huan was feeling rather emotional at the moment.

If it wasn't for her and her Void Divine Ark, Tang Huan might have been riding on someone else's Void Divine Ark, helping them search for the "Void Daoflower" and kill the Dark Void Beast. After working hard all the way, they were surrounded with dangers everywhere, and yet they did not know the suitability to reach the Heaven Realm.

Of course, in the past two years, it wasn't as if the divine vessel that contained the power of void had never encountered danger before.

In the following year after his encounter with Chu Ting and the others, they met the Void Beast three times in a row in an extremely short amount of time. Once was a king level monster horde formed by hundreds of dark void beasts. Another time was an emperor level dark void beast bringing a dozen or so king level dark void beasts.

Fortunately, Mo Hanyun was able to escape their pursuit with the speed of the Divine Void Boat.

Six days passed in the blink of an eye.

Tang Huan did not enter the cave any longer, and instead stayed inside the divine ark's space. In these past few days, the white light in front of him grew larger and larger, and became brighter and brighter.

Naturally, the white light came from the Non-Phase Sky Space Barrier.

Currently, the boundless spatial barrier had already filled Tang Huan's line of sight, and this tiny Void Divine Ark was extremely close to it. However, Mo Wuyun did not activate the Divine Ark in an attempt to break through the Formless Heaven space barrier ... This was completely unrealistic.

The Heaven Realm was not a lower realm, the divine boat could tear a crack in the space barrier of the Profound Sky Continent, but it couldn't do anything about the spatial barrier of the Non-Phase Heaven Realm.

Unless an Emphyrean level super powerhouse personally made a move.

As for the space barrier of the upper Heaven Realms, that was something that even Empyrean powerhouses would find difficult to break through. However, it was a good thing that both the Heaven Realm and the Heaven Realm had set up their reception platforms early. Regardless of whether one entered for eighteen days or for nine days, one would need to first reach the Heaven Realm's reception platform.

If he wanted to leave for the last 18 days or the next nine days, he would first have to leave the reception area.

Thus, when Mo Wuyun was extremely close to the Non-Phase Sky Space Barrier, she began to use the Voidwave Divine Ark to circle around the barrier at high speed.

Another day had passed, and a white platform that was extended from the spatial barrier finally entered Tang Huan's line of sight.

The platform had a circumference of several hundred miles and could be said to be extremely vast. However, when connected with the Non-Phase Sky, it was like a small stone protruding from a huge mountain. However, with the guidance of the divine boat's heavenly map, it wasn't difficult to find them.

"You can leave now!"

Mo Wuyun impatiently shouted the moment the Voidwave Divine Boat landed on the platform. After being tossed and turned for four years, she didn't want to stay here any longer.

Seeing her anxious look, Tang Huan felt a little nauseous at the bottom of his heart. He deliberately followed the sucking's power that was being derived from the divine boat slowly and slowly, and left this narrow space.

Mo Wuyun's pair of beautiful eyes looked like they were about to spew fire. She forced herself to stop the power of her bloodline and rushed out in a flash after Tang Huan's figure disappeared. The instant her feet landed on the platform, the exquisite and transparent Void Divine Ark turned into a red light and entered her Dantian.

Tang Huan laughed and looked around.

Besides him and Mo Wen Yun, there was no one else around them. At the place where the platform met the spatial barrier, there was an extremely wide area that rippled slightly.

From afar, that area looked like an arch, with a width and height of several dozen miles.

Tang Huan floated forward, as if she was muttering to herself, but it was also as if she was speaking to Mo Wen Yun, "I heard that there is a 'Heavenly King List' formed by the condensation of Heavenly Energy between the eighteenth and ninth heaven. The strength of all Heavenly Kings can be sensed by the Heavenly Dao. If they can enter the top 100, they will appear on the rankings. "

"The instant the Heavenly King of the next thirty-six days enters the eighteenth or ninth day, it will immediately be discovered by the Heavenly Dao. If one's strength is strong enough, it is possible for one to be ranked on the Heavenly King's Ranking."

Saying that, Tang Huan could not help but smile, and continued, "I wonder, this time around, what rank will I be able to get on the Heaven King Board?" Although it sounded like a question, Tang Huan did not have any intention to ask, and her eyes were actually full of confidence.

"It's just the King Board."

Mo Wuyun looked down on Tang Huan's actions as he curled his lips and pretended to snort in disdain, "What is there to be proud about? Let's talk about it when you can enter the Emperor and Honorable Ranking. However, from what I see, there's still a possibility for the Emperor Board.

Without realizing it, Tang Huan turned to look at Mo Wuyun, and then said with a smile: "Wuyun, you are also a peak Upper Sky King, what's your rank on the Heavenly King Ranking?"

"I'm not strong enough. I can only barely enter the bottom rankings of the King Rankings. I'm ranked ninety-eighth. This is a bit shameful."

Mo Hanyun shook her head and pretended to be ashamed. However, it was hard to conceal the glee in her eyes. Amongst them, there were even many old freaks who had lived for tens of thousands of years, and she, who was not even a thousand years old yet, was actually able to stand out amongst so many peak-level Heavenly Kings, and could even become rank 98 on the Heavenly King Ranking. It was indeed something to be proud of.

"Only rank 98 on the Heavenly King Ranking, this is indeed a bit embarrassing."

Just now, she was just being modest, alright? In the Upper Heaven Realm and the Heaven Realm, how many Peak Sky Kings want to be on the King Board, but to be able to get one of the top rankings at such a young age, how rare was that?

"Where's Miss Mo Han-qing?" Tang Huan could not help but ask with a smile.

"She?"

Upon hearing the name, Mo Hanyun's face darkened, and he snorted, "No name on the leaderboard! Do you think she can get on the King Board? "We'll talk about it in a hundred or two hundred years!"

Chapter 2042

Tang Huan smiled and did not ask further.

After searching through Mo Wuyun's memories, he already knew about the grudge between the two sisters like the back of his hand.

Mo Hanyun and Mo Hengqing were both Mo Family Disciples s. However, the two of them were not blood sisters, but cousins that were very close to each other. In this kind of strong, family-like sect, the competition between the Disciples s could be said to be even stronger than other sects.

Amongst the younger generation of Disciples s, Mo Hanyun and Mo Hanyun had the most outstanding aptitude, and because of this, they were often compared together.

Because of this, as time passed, the two of them began to dislike each other more and more.

Of course, Mo Wuyun had thought of this herself.

Although Tang Huan and Mo Hanyun did not interact much with each other, she still had some understanding of each other. However, he was in the same family, and sometimes he couldn't help it. Even if she didn't want to compete with Mo Wuyun, he couldn't.

However, the power of ink was overwhelming.

A few years ago in the Profound Capital, Mo Hanyun wanted Tang Huan to lure him into the top nine heavens and then control him with the "Illusory Souls Pill". Although it was mainly because Tang Huan's talent was outstanding and her potential was extremely strong, there was still a part of it that Mo Hanyun wanted to get hold of him because of the importance Mo Hanyun had placed on him back then.

Tang Huan did not really care about the grudge between the two sisters.

Not long after, Tang Huan and Mo Wuyun almost simultaneously entered the extremely large arched door.

Covered by a gentle force, he pulled forward and quickly shuttled across the ground. Tang Huan's eyes were filled with a brilliant white, but after a moment, his body had already stopped moving.

Blue sky, white clouds, verdant and verdant, full of vitality, all kinds of sounds could be heard ...

This was the perspective that made people feel incomparably real.

However, what Tang Huan was currently stepping on, was still a gigantic platform which connected with the spatial barrier of "Non-Phase Heaven". Around the platform, there were many mountain peaks, and on the platform, about a few thousand meters away from Tang Huan, was a gigantic, empty divine ark, with a hundred or two hundred cultivators gathered outside the divine ark.

Judging from the Qi that leaked out from their bodies, they were all Heavenly King Stage powerhouses.

They were gathered in this place. It was unknown if they were preparing to head out into the void of darkness, or if they had just returned from that dark world.

Tang Huan did not pay much attention to them. Almost in an instant, her attention was drawn to the surrounding circumstances.

The spiritual energy here was at least 10 times denser than it was in 36 days. The spiritual energy in the sects was at least 10 times or even 100 times denser than in the Lower Heaven Realm.

The better the environment, the more powerful the treasures could be. It was no wonder that there were many Heaven Kings and many Heaven Emperors in the Heaven Realm.

"Rumble ..."

But just when Tang Huan was overwhelmed with emotions, the whole Non-Phase Sky seemed to tremble violently. A bizarre and terrifying aura spread out mightily between heaven and earth, and in a blink of an eye, it had engulfed every corner of the Heaven Realm.

At almost the same time, Tang Huan felt a wave of energy being born out of nowhere, enveloping him within. Not only that, the power had even seeped into the Myriad Sword Heavenly Diagram. The three people who had arrived at Heaven Realm for the first time, Hua Tian Chi, Jiu Ling, and Xiao Budian, were all bathed in it.

An instant later, a mystical scene appeared before Tang Huan's eyes.

These were 100 names. Each name had characters that were as big as mountains, continuously releasing a dazzling, golden luster. When one's attention was focused on any of the names, the name would immediately turn into a silhouette that would appear extremely lifelike.

"This is the King Board. The Heavenly King's List ... "

After a moment of shock, Tang Huan suddenly woke up.

In a blink of an eye, Tang Huan had found three familiar names on the leaderboard. One of them was Mo Wuyun, and just as she had said, he was ranked 98th on the leaderboard. There was also Mo Yunfeng, who was ranked 15th on the King Rankings, and Ye Tingyun, ranked 7th on the King Rankings.

Mo Yunfeng could only be ranked 15th, which made Tang Huan a little shocked.

That fellow had already stepped into the Heavenly Emperor Realm, and could break through at any time to become a true Inferior Heavenly Emperor. However, on the King Board, he was only ranked fifteenth. Furthermore, Ye Tingyun's ranking was so high that Tang Huan was quite surprised about it. He had originally thought that if Ye Tingxiao could make it onto the leaderboard, he would be ranked below Mo Yunfeng. She hadn't thought that his rank on the leaderboard would be so much higher than Mo Yunfeng's.

It seemed that Ye Tingxiao had hidden quite a bit of his strength in the Heavenly Imperial Dragon Palace.

After a while, a violent fluctuation suddenly appeared at the end of the leaderboard. On the eighty-sixth place spot, a new name appeared: "Nine Spirits". The name that was originally ranked eighty-sixth moved to the eighty-seventh place.

Mo Hanyun had dropped from rank 98 to rank 99, and the previous rank 100 had already disappeared from the king's ranking.

After the ranking change was completed, the name of the list returned to calmness. However, in just a few breaths of time, this calmness was broken and the list of names once again fluctuated. This time, the name that was ranked 63rd was pushed aside and replaced by the words "Huantian".

Tang Huan knew that Hua Tian Chi was cultivating bitterly for several thousand years in the Profound Sky Continent because he was aiming for the first place on the King Rankings.

However, looking at the current situation, the difference between him and the first rank of the King Board was evidently extremely huge. Of course, after experiencing the shock from back then, after seeing this result, the current Hua Tian Chi could probably calmly accept this fact, and his mood wouldn't fluctuate too much.

However, as soon as Hua Tian Chi entered the rankings, before the rank of the 86th ranked Nine Spirits, he dropped to 87th place. Meanwhile, Mo Hanyun's name slipped to last place on the rankings.

If anyone else made it onto the list, Mo Hanyun's name would disappear from the list.

"Name?"

In that instant, Tang Huan seemed to hear a voice questioning him, and that voice actually carried a type of imposing manner that made one unable to resist it.

"Tang Huan!"

Tang Huan almost subconsciously recited these two characters, and almost at the same time that he finished speaking, the king standings that had just calmed down once again revealed a rather intense

fluctuation, and this time, the fluctuation that appeared was not the second half of the king standings, but the entire ranking board.

Chapter 2043

At the very top of the leaderboard, a new name suddenly appeared.

Tang Huan!

1st on the King Board! Top of the Heavenly King's List!

The names that were originally ranked on the list began to move downwards one by one. Ye Tingyun was ranked eighth, Mo Yunfeng was ranked sixteenth, Hua Tiancheng was ranked sixty-fourth, and Nine Spirits was ranked eighty-eighth. As for Mo Wuyun, who was ranked one hundred, he had directly disappeared from the list this time.

Catching sight of these changes on the King Board, Tang Huan could not help but reveal a smile on her face.

This result wasn't out of his expectations.

Currently, both his main body and his Immortal Body clone had reached the limits of a peak Superior Heavenly King. Although in terms of cultivation level, they were not even close to those half-step Heavenly Emperor who had already stepped into the Inferior Sky Emperor realm, but in terms of strength, those half-step Sky Emperor would not be able to match up to him.

After a while, the King's Rankings finally calmed down completely, and one by one, the golden characters of Pang Shuo disappeared.

Tang Huan regained his senses as the world around his quietened down and the vast platform became so quiet that one could hear a pin drop. The group of Sky Kings in the distance looked at each other in dismay.

No matter where the Heaven Kings of the Heaven Realms and Heaven Realms were, as long as they did not leave these twenty-seven Heaven Realms, once a change occurred in the king rankings, they would immediately be discovered.

Even the Heavenly King who was not on the leaderboard was the same.

The previously famous Mo Wuyun naturally was no exception. Earlier, she had personally witnessed her name falling from the ninety-eighth rank to the ninety-ninth place, then sliding down to the bottom of the rankings before finally being pushed off the list. In just a short moment, her ranking had changed three times.

Jiuling Hua Tianchi was listed one after the other. Although Mo Hanyun was a little surprised, he wasn't surprised.

Although she came from the lower Heaven Realm, her talent was extraordinary. She had cultivated for several thousand years, so it was not strange for her to have such a rank. Even though she had not interacted with that nine spirits before, she knew that her relationship with Tang Huan was extremely good. Furthermore, she was a "Netherworld Nine Spirit Bird" transformed from the Nine Revolutions Rebirth. Of course, the most important thing was that their rankings weren't much higher than hers.

The difference between the power levels of sixty, eighty, and ninety was actually very small.

She believed that she wouldn't necessarily lose to them if she fought against them in the Heavenly Flower Lake or the nine spirits. After all, there were many factors that determined victory or defeat.

The rankings of the King Board was just a judgment of the Heavenly Dao about the strength of the Heavenly Kings. It was impossible for the Heavenly Dao to take all these factors into account.

As for that fellow, Tang Huan, she was even able to defeat Mo Yunfeng who was already a half-step Sky Emperor a few years ago. If she stepped into the Profound Sky Heavenly Queen, she would definitely be able to make it onto the list, and her rank would definitely be very high, at the very least, she would be higher than Mo Yunfeng, who was ranked 16.

For a peak stage Heavenly King who had just come from the lower heaven realm to have such a rank, it was extremely astonishing.

In the end, it was indeed as Mo Wuyun had expected, not only had Tang Huan made it onto the King Board, she had even made it into the top ten. What Mo Wuyin had never expected was that Tang Huan's name had directly rushed to the top of the King Board, and not only was it astonishing, it was extremely shocking.

That was the top ranker!

By occupying that position, it meant that he was already the strongest Heavenly King in the Heaven Realm.

He should be the same as her Fifteenth Uncle Mo Yunfeng, who was also a half-step Heavenly Emperor. However, he had already occupied the top position on the list for almost a thousand years, and this time, he was even older than her.

But now, Pu Hong Zhao had actually been surpassed by Tang Huan.

It was said that Hu Hongli was an old monster that had already lived for tens of thousands of years, yet Tang Huan was only a little over a hundred years old ... The changes on the leaderboard were simply unimaginable.

Not only was Mo Wuyun shocked, at this moment, there were countless cultivators in the Heaven Realm and the Heaven Realm.

Xuan Du, Divine Firmament Heaven Sect.

Inside a resplendent and broad palace, dozens of figures were gathered together. Their faces were all filled with unconcealable astonishment.

This group of people were all the heavenly kings of the Divine Firmament Sky Sect, but they all remained silent.

"Everyone should have felt it already. Tell me what you think?" The sonorous sound of metal clashing broke the silence of the palace. The one who spoke was a burly, middle-aged man with a square face. His eyes flashed with a faint golden light from time to time.

"When the King Board appeared, there was a sudden change in the heavens. This means that the person who was ranked on the Board was our Xuan Du Tian, the Heavenly King." A Black Costume Old Man said in a deep voice.

"The King Board has changed three times, and three new Heavenly Kings are being added to the Board ..."

"Almost the instant the Black Costume Old Man's voice fell, a green-robed man immediately retorted," Those sixty-four people, Hua Tian Chi and eighty-eight, Nine Spirits, might actually come from Xuan Du Tian, but how could that Tang Huan who directly goes to the top of the list be our Xuan Du Tian's Heavenly King? "

"They can't be us, the Xuan Du cultivators."

Soon after, another young and beautiful lady in white shook her head and said slowly, "Although I can't say that I know all of the top tier Heavenly Kings in Xuandu City like the back of my hand, but I can tell that none of them are called Hua Tian Chi or Nine Spirits."

"Could it be that seventeen or nineteen days of the rest of the Upper Sky Kings have snuck up on us, Xuan Du Tian?" A gray-robed elder asked doubtfully.

"Impossible." Someone immediately frowned and said, "If it's only Hua Tian Chi and Nine Spirits, then it's fine."

"After all, their rankings on the King Board aren't particularly high. Although the chances of them being discovered by the Heavenly Dao at the same time and being on the top are extremely low, it isn't impossible. But, with the sudden appearance of Tang Huan, it would be impossible. Which Heavenly King on the rankings didn't slowly raise her ranking? How could she have the strength to ascend to the top of the rankings once she was discovered by the Heavenly Dao? "

"Right, to be discovered by the Heavenly Dao at the same time, this is too much of a coincidence." A tall and skinny old man nodded.

"Elders, do you think that the three of them were already acquainted with each other? They came to the Heaven Realm together from the Lower Heaven Realm, and the moment they entered the Heaven Realm, they were discovered by the Heaven Dao and then made into the King's Board." A red-clothed youth with a face as beautiful as a woman's tilted his head as he guessed.

"..."

When the red-clothed youth's words fell, the palace fell silent for a moment, but in the next moment, a loud and clear laughter reverberated across the entire space.

Chapter 2044 - High Lords

"Junior brother Yang Hu, how did your brain spin, you actually want to come here." Lower Heaven Realm? It's difficult for even an Upper Sky King to emerge from the lower Heaven Realms! "

"That's right, previously, the first of the King's Rankings, Pu Hongli, was an expert from the Pangu Heavenly Sect and was already a half-step Heavenly Emperor. He could break through and become a true Lesser Heaven Emperor at any time, and to surpass someone like him, he had to at least be a half-step Heavenly Emperor.

"Lower Heaven Realm? Elder Yang Hu is joking with us, right? Hahahaha, this is too funny. "

"..."

The red-clothed youth's face swelled red as he drooped his head in dejection. "That's impossible, that's also impossible. Tell me, why do you think such a situation can occur?"

"..."

Everyone felt stifled by this. This was something they could not understand no matter how much they thought about it.

Let alone the top rankers, even on the Heavenly King Ranking, the vast majority of people were increasing their rankings step by step. It was already quite rare for someone to make it to the top 50 or so for their first time entering the rankings. Someone who could make it to the top 30 or so on their first try was a rarity that would only happen once every ten thousand years.

Those who could reach the top ten in one go had never appeared before, and those who could reach the top of the rankings had naturally never been seen before.

After all, it was impossible to increase one's strength overnight. One needed to slowly increase it. With the increase in his strength, his ranking on the leaderboard would naturally increase slowly as well.

But that Tang Huan, had suddenly appeared out of nowhere and landed at the top of the King Board.

No matter how hard they wracked their brains, they couldn't figure out why such a change would happen on the King Board.

Within Xuan Du Tian, there were even more Heavenly Kings like them.

... ..

It was a frosty day for the Meteor Sword Sect.

Within a deep gorge that was filled with sword-ki and crisscrossing sword-intent.

An old man with a head full of white hair, wearing a cyan robe, was quietly sitting on the prayer mat. It took him a long time to recover from his shock. A trace of surprise was still lingering in his eyes.

"Tang Huan... Nine Spirits ... They have also left the lower Heaven Realm, but I wonder if they had just entered the Heaven Realm, or if they had directly gone to the upper Heaven Realm? "

"This little guy is really amazing, he actually managed to reach the top of the King Rankings in one go. Who knows how many people from the Heaven Realm and Heaven Realm are guessing his identity now."

"..."

The green-robed old man muttered to himself. The shock in his eyes had already turned into a joyous smile.

If Tang Huan was here, she would have immediately recognized him. This robed old man was the cave master of the "Heavenly Imperial Dragon Palace" Spiritual Hidden Cave, Ye Tingyun.

After leaving the Dragon Palace, Ye Tingyun did not stay in the lower Heaven Realms for a long time. Instead, he rode the "Meteor Sword Sect" 's Emptiness Realm Ark and entered the void of darkness. He spent a rather long time to arrive at the Black Frost Sky Continent and was invited to join the "Meteor Sword Sect".

Presently, he was an elder of the Meteor Sword Sect.

Seeing Tang Huan and Jiu Ling, the two old friends of the lower Heaven Realms, standing at the top of the King Rankings, Ye Tingyun was shocked and also felt sincere happiness.

... ..

The Upper Heaven Realm, Pan Baitian.

"There is actually someone who has surpassed me on the King Board?"

In a simple and unadorned house in the Pan Gu sect, a soft mumble suddenly rang out.

This voice was extremely strange. One moment it was very old, and the next moment it became young, repeating itself over and over again. The white-clothed man who spoke had an extremely strange appearance. One moment, his brows were white, and his hair was white. His face was full of wrinkles, and he looked like an old man in his prime. In the next moment, he turned into a handsome, elegant young man.

This person was precisely the person who previously ranked first on the king's ranking, and now ranked second on the king's ranking, Pu Hongzhe.

"A person who has never appeared on the King Board actually managed to soar into the skies and directly ascend to the top. This is rather strange."

"This old man has stayed at the top of the Emperor Ranking for too long. If it weren't for the fact that I'm cultivating this technique, this old man would have already been promoted to the Heavenly Emperor Stage and have a place on the Emperor Ranking."

"..."

As he softly muttered, Pu Honglian's eyes slightly closed. The change in the rankings on the King's Rankings clearly did not cause his emotions to fluctuate much.

... ..

The Upper Sky Realm, the Scarlet Heaven.

The towering mountain rose up from the ground and charged straight into the sky. The summit was surrounded by clouds and mist. In the midst of the clouds and mist, a palace was faintly discernible. It looked like the Misty Peak.

"Didn't you just say that the person ranked at the top of the list is called Tang Huan?"

A clear and pleasant voice suddenly sounded from the entrance of the hall, and the one who spoke was actually a young girl around sixteen or seventeen years old in a green dress. The girl's face was as beautiful as a painting. Her figure was tall and graceful, slim and graceful. The wind blew past her, causing her dress to flutter. Her graceful figure was completely exposed.

This green dressed young girl was none other than Liu Li.

"Reporting to the High Lord, it was Tang Huan." Opposite Liu Li, a young woman with peerless beauty respectfully said. Her gaze was filled with admiration when it landed on Liu Li's body.

"After so many years, this little brother of mine finally left the Crimson Radiance Sect." Liu Li slightly smiled and said with some emotion.

"Tang Huan... Was it the High Lord's little brother?" The young woman was somewhat surprised.

"That's right."

Liu Li said with a smile, "Tan Yue, go and see if you can find out if this little brother Tang Huan of mine is in the Heaven Realm, or has come to the Heaven Realm."

"Yes, High Lord!"

"..."

... ..

"Top of the King Board ... Who exactly is that Tang Huan person? "

"Investigate!" Investigate! He had to check it carefully! If he does not have a sect, you must definitely invite him to our place. "

"Don't let go of that 'Nine Spirits Flower Heavenly Lake' even if you find it. All those who are ranked on the king's ranking may become the future Heavenly Emperors."

"..."

In the Heaven Realm of the Heaven Realm, countless of cultivators were bewildered and uncertain.

But at the same time, the numerous sects had already moved upon hearing the news, wanting to take Tang Huan as their disciple, especially the one who was ranked first on the Heavenly King List. Although everyone was puzzled by the fact that Tang Huan had immediately rushed to the top of the leaderboards the moment she had entered, this did not stop the sects from placing importance on Tang Huan.

If they could recruit this Heaven Realm's First King into their sect, it wouldn't be long before their sect would have a proper additional Heaven Emperor.

Such a future Heavenly Emperor, even if it was a supreme sect that was at least nine days old, would not give up so easily.

Tang Huan was naturally not clear on the changes to the King Rankings that had occurred in the last 18 days or the last nine days, so she could only smile and click on Mo Hanyun's forehead, "Do you see that? If you want to make it onto the Rankings, you have to put in a lot of effort. Otherwise, even if you made it, you would be pushed down."

"You ..."

Mo Hanyun recovered from the shock and suddenly heard Tang Huan's words. She was so angry that she wanted to vomit blood, but just as she was about to retort, Tang Huan had already moved forward and left the platform in the blink of an eye. Seeing this, Mo Hanyun could only follow quickly.

Chapter 2045 - Sky Sovereign Hannya

On the platform, the group of Heavenly Kings who were about to depart finally regained their senses.

Looking at the direction that Tang Huan and Mo Wuyun disappeared in, a handsome young man suddenly spoke out: "The ones who caused the change in the King Board were not them, right?"

"How is this possible?" The surrounding Heavenly Kings were all shocked, but they instantly shook their heads reflexively.

"No, it's very possible."

A tall and skinny old man with an aquiline nose said in a deep voice, "From the movements just now, we knew that the three people who had entered the leaderboard are all at the Non-Phase Heaven Stage."

"Also, those three people, especially that Tang Huan, had already reached the top of the ranking the moment they entered. No matter how much more explosive a person's strength has increased, it's impossible for him to reach the level of not being able to directly be ranked at the top of the ranking."

"So, there's only one possibility, and that is that he had never entered the Heaven Realm and the Heaven Realm before. That was the first time he entered the Heaven Realm, the Non-Phase Sky. The changes on the leaderboards occurred right when they were about to enter the Ascendant stage. And just now, they were the only ones who managed to enter the Ascendant stage."

"With such calculations, who else could it be other than them?"

"..."

Hearing the old man's words, the surrounding people looked at each other.

However, in an instant, a yellow-clothed old man could not help but frown and say, "Before, they had never appeared in the Heaven Realm and the Heaven Realm. This means that they only appeared in the lower thirty-six days and they also crossed the void space from the lower thirty-six days earlier. How could there be such a powerful Heavenly King in the lower realms? "

"That is indeed the most doubtful."

The tall and skinny old man muttered to himself for a moment, then suddenly said, "Therefore, I thought of another possibility. Could it be that they were originally the Heaven Kings of our Heaven Realm or Heaven Realm, and entered the void before they even entered the board. After staying there for countless of years, their cultivation and strength had improved by leaps and bounds.

"It's much more likely than the first."

When everyone heard this, they subconsciously nodded their heads.

Compared to the former possibility that the tall and skinny old man had mentioned, this kind of possibility was indeed much easier to accept. Even the Upper Sky King, who was extremely rare, had suddenly appeared within the next thirty-six days.

However, if that person was a Heaven King from the Heaven Realm or Heaven Realm, then nothing would be impossible.

They should have entered the void of darkness many years ago, and stayed there for a long time, which was why they were unable to enter the Heavenly King Ranking. That guy called Tang Huan, also skipped the process of continuously raising her rank on the ranking board, and directly took a step up to the sky, directly reaching the top of the ranking.

"That's not right. There are only two of them and three of them just entered the leaderboard."

A young woman suddenly shook her head. However, without waiting for a response from the crowd, she immediately understood. "The third person must have stayed inside the spatial artifact and not come out." The Dao of the Heavens was everywhere. Even if one was in a spatial artifact, it could still be detected by the Dao of the Heavens.

"I really didn't expect that there would be such a powerful person by our side just now." The handsome man couldn't help but sigh.

"..."

The tall and skinny old man and the others also had an expression of regret.

Those who could make it to the top ten of the Heavenly King Ranking, were practically all future Heavenly Emperors. Tang Huan, who had leaped up to be the top ranker of the Heavenly King Ranking, was no exception. Perhaps it would take dozens of years, maybe a hundred years, or even a thousand years to advance to a lower level Sky Emperor. Even if he were to step into the Sky Emperor Realm tomorrow, it would be extremely normal.

"Send the news back to the sect immediately. Maybe everyone is looking for them now."

"Right, right ..."

"..."

... ..

The news about the Non-Phase Heaven exit quickly spread to several sects. Thus, the cultivators of the sects near the Heaven Realm's exit all started to look for Tang Huan and the others, hoping to be the first to contact them and invite them into their own sect.

Although those sects were doing their best to keep a secret, unfortunately, there was no wall that didn't leak out the news, and the news was quickly leaked out. Not long after that, Wu Xiang Tian's Divine Firmament Heaven Sect and other powerful sects all moved, heading towards the exit of the Heaven Realm.

Furthermore, all of them were Sky King Stage Elders, and some of them were even sect heads.

If he wanted to invite the top expert on the King Board to join his sect, he definitely could not send any random cultivator out. Only when the Sect Master or an elder with the highest position arrives in person would they be able to manifest their sincerity ... In addition, only by doing so could he be able to move the other party's heart.

Of course, if the other party already had a sect, and did not plan to change it, no matter how hard he tried, it would be of no use.

Tang Huan knew that the changes in the King Rankings, especially the changes at the top of the Rankings, would definitely cause the Heaven Realm, and the Non-Phase Sky, to become more lively.

However, even if he knew, Tang Huan wouldn't mind at all.

Not long after he left the Non-Phase Heaven exit platform, Tang Huan brought out the four people of the Nine Spirits, Xiao Budian, Ling Tian, and Hua Tian Chi from the cave. Afterwards, everyone

entered the Nine Spirits' "Life and Death Dao Lotus" and she rode the spatial artifact toward the center of the Non-Phase Sky.

Tang Huan's goal this time, was Wu Xiang Tian's largest city, Great Wisdom City.

The Great Wisdom City was the same as the Sacred Path City in the Mystical Sky Sect. It did not belong to any sect in the Non-Phase Sky, nor was it under any sect's control. The reason for this was because an Empyrean level super expert had once appeared in the Great Wisdom City. That Empyrean was known by the world as the Great Wisdom Sect's Great Celestial Sovereign.

Although that was countless years ago, it was said that the Great Sky Sovereign was still alive and was cultivating in a secret place in the Heaven Realm. He was one of the oldest and strongest Empyreans in the Heaven Realm.

Exalted Celestial Hannya was different from the other Empyreans. He was a pure and pure rogue cultivator that had never joined any sect. That Hannya City was not only his birthplace, but also his place of residence after he had stepped into the Sky Emperor Realm. It would stay here for thousands of years, until he could reach the peak of the Upper Sky Emperor Realm.

In those few thousand years, Hannya City turned from a small town to a large city without any sign of its former glory.

After he left, Hannya City was once weak. However, when the news of him advancing to the Sky Sovereign spread, the city quietly grew until it became the largest city in the Non-Phase Sky. For a city like this, even if the Non-Phase Sky Sect wanted to bring it into their sphere of influence, they wouldn't have the guts to do so. After all, none of the sects would dare to anger a mighty Sky Sovereign who was still alive.

Chapter 2046

Lower Heaven Realm, Crimson Radiance Sect.

Outside the Jade Emperor City, thousands of meters in the air, two graceful figures suddenly appeared. They were tall and slim, wearing bright red dresses that were as red as fire.

Not only were they extremely beautiful, but their facial features and facial features seemed to have been imprinted from the same mold. One could not tell the astonishment on their faces from their eyes, and what was even weirder, was that the aura that faintly seeped out from their bodies did not seem to have any difference.

"This is the Jade Imperial City? It's been so many years since we've come here, I wonder if that Tang Huan is still here? "

"Yeah, when Tang Huan led her team to participate in the 'Myriad Domain Dao Arts' a few years ago, she was already a peak-level Heavenly King. If he wanted to leave the lower Heaven Realms, she would have already left when she was in the Profound Sky Continent. If that's really the case, then our trip here will truly be a waste of time. "

"Eh, that Jade Emperor City actually has so many Heavenly Kings, and even a peak High King?"

"..."

The two of them talked for a while and were about to continue walking forward, but suddenly, they narrowed their eyes and said seriously, "No, there is still an Inferior Heavenly Emperor in the city!"

"To be able to discover that I am a lower Heavenly Emperor, the two ladies' Perception Ability are truly not bad."

Right at this moment, a light laugh sounded out, and in an instant, a young man with a jade-like appearance and dressed in white appeared opposite the two women in the red dress. He sized up the two uninvited guests with a smile on his face.

"You are the Pavilion Master of the xuanji Pill Pavilion?" The two women in red asked in unison as their beautiful eyes flashed with surprise.

"That's right, I am Mo Yunfeng. I was sent here to manage the thirty-six days xuanji Pill Pavilion."

Mo Yunfeng said with a smile.

He was already half a step into the Heavenly Emperor Realm and had only been in the Crimson Light Queen for two years, yet he had miraculously taken the final step. Right now, although his cultivation was still a bit unstable, he was already a genuine Inferior Heavenly Emperor. In the past, when he desperately trained, it was difficult for him to break through. After becoming her puppet, he had instead easily found the opportunity to break through. Whenever he thought of this, Mo Yunfeng felt as if he was dreaming.

"The Celestial Emperor of the Celestial Dan Sect has actually been in charge of the Celestial Sect for the past 36 days. This isn't a small amount of effort at all." A lady in a red dress spoke once again. Her expression had returned to its original calm.

"You're too kind."

Mo Yunfeng smiled, "Ladies, are you two looking for Tang Huan?"

"That's right." The two women in red nodded their heads at the same time, "Pavilion Master Mo, since you are also in the Jade Imperial City, I believe you should be well-aware of Tang Huan's whereabouts."

"Of course."

Mo Yunfeng slightly nodded, "The two ladies are looking for Tang Huan, but they have come to the wrong place. A few years ago, when the "Myriad Domain Dao Arts" was being held, Tang Huan had already boarded the "Void Divine Ark" in the skies, and entered the void of darkness.

Mo Yunfeng did not hide Tang Huan's whereabouts, this was also the explanation Tang Huan gave him back then.

If there was an enemy that came from outside the Crimson Light Heaven, they would immediately tell them that the Tang Huan they were looking for had already left the lower Heaven Realm. With Mo Yunfeng's identity, revealing this information would definitely not arouse anyone's suspicions. After all, no one would have thought that he, an elder of the Phecda Core Sect, would already quietly listen to Tang Huan's orders.

"Sure enough."

The two women in red looked at each other, and in an instant, one of them laughed indifferently, "Although Tang Huan is no longer here, the Heavenly Law Holy Courtyard she built is still here, as are his wife and children. We have crossed the void of darkness and finally made it here. We cannot leave empty-handed. "

"Ladies, it's best not to act rashly."

The smile on Mo Yunfeng's face vanished, and a cold light appeared in her eyes, "After the appearance of the Heavenly Dao Holy Courtyard, the sales of my xuanji pill pavilion's pills skyrocketed. I also left the Mystic Skies and came to watch over the Crimson Radiance Sect. The two young ladies must have heard of the phrase 'destroying a person's path to wealth, like killing one's parents'. "

"Hmm?" The two women in red raised their eyebrows. They looked rather unhappy as they said, "Pavilion Master Mo, are you going to protect the Heavenly Dao Sacred Courtyard?"

"I don't want to protect the Heavenly Dao Academy, but rather, I want to protect the business of my xuanji Pill Pavilion."

Mo Yunfeng slowly said, "If the two ladies want to ruin my business, my xuanji Pill House will definitely not sit idly by. It's not that I'm looking down on you two, it's that I'm looking down on you two. A cultivation of a peak Sky King is strong enough to make me stand out in the Heaven Realm, but in the eyes of a lower Sky Emperor like me, it's still not enough. "

"You ..."

Anger surfaced between the two girls' brows as they spoke in a low voice, "You dare to speak to us in such a manner. Pavilion Master Mo, do you know where we come from?"

"I don't need to know where you two came from. I only need to know that you two are weaker than me. That is enough." Mo Yunfeng calmly said, "Just now, it was my advice to the two ladies. If the two ladies are not willing to listen, then I can only leave the two of you in the Crimson Light."

"A mere Heaven Emperor dares to be this arrogant?! If we were here, we would have already turned you into ashes." The two girls' faces were cold.

"This sovereign?"

Mo Yunfeng slightly froze, then immediately nodded, "So the two ladies are actually just two sets of embodiment. To be able to turn a lower Heavenly Emperor into ashes in an instant, it seems like both of your True Sovereigns are at least Upper Sky Emperors, and there is a possibility that they are existences possessing the cultivation of an Empyrean. "

Sneering a bit mockingly, Mo Yunfeng continued, "However, even if the two of you are Empyreans, so what? Do you really think that there is no Empyrean in my Phoenixcloud Pill Sect? If there is nothing else, please quickly leave this Crimson Light Sky Sect. Otherwise, I cannot guarantee my future safety. "

With that, Mo Yunfeng floated backwards. In an instant, her figure had already disappeared into the depths of Jade Imperial City.

The two women in red dresses looked in the direction Mo Yunfeng left in. They were so angry that their faces turned ashen, and their eyes turned incomparably cold. The two of them were the embodiment of Empyrean Fire Phoenix.

Back then, before the souls of the other embodiment s disappeared, Empyrean Flamephoenix received a message from him. She woke them up from their slumber and sent them over.

Instead, they spent a period of time to raise their cultivation to the Heavenly King Stage at the peak of the Upper Sky Realm, in case they were defeated again after encountering Tang Huan. Just that, the two of them did not expect that Tang Huan's cultivation would increase at such a shocking speed.

They had originally thought that Tang Huan would still be staying in the lower Heaven Realms within a hundred years.

However, only after they entered the Scarlet Radiance Heavenly Queen, did they realise that Tang Huan had long since become an Upper Sky King and had already left the lower Heaven Realm. She did not meet Tang Huan and using him to create the Heavenly Dao Academy to vent her anger was not for nothing. However, before she could make her move, she was interrupted by the appearance of the xuanji pill pavilion's Pavilion Master.

"Go!" To the Heaven Realm! "

After a long while, the two of them gritted their teeth and made a decision. A "Voidwave Divine Ark" that was tens of metres long suddenly appeared in the sky. In the next moment, the two figures entered the "Voidwave Divine Ark." Immediately following that, the space around them was torn apart, and they disappeared into nothingness ...

Chapter 2047

The Heaven Realm, Non-Phase Heaven.

Tang Huan, Jiu Ling, Xiao Budian, Ling Tian and Hua Tian Chi were all standing in the air. However, what caused them to be even more shocked was not the vastness of the city, but the terrifying nature of it.

Within the city, there seemed to be an incomparably large ancient beast.

The huge beast did not move at all, and it quietly lay in hibernation. However, as long as anyone dared to stir up trouble in that region, they would likely be immediately turned into dust. "Woosh, woosh, woosh ~ ~ ~" Let alone the Celestial King, even if it were the Celestial Emperor, it would still be hard to survive.

The gigantic beast was like a guardian deity of the city, protecting the peace of this part of the city.

This was the first time Tang Huan and the rest had seen such a city.

"Big brother, this Great Wisdom City is really magical." After a long while, Nine Spirits couldn't help but sigh.

"Yes, yes." Xiao Budian agreed again and again, while Ling Tian also nodded his head like a chicken pecking rice. Although Hua Tian Chi did not make a sound, the surprise in his eyes had sold out his thoughts.

"Just a city in the Heaven Realm has already shocked you to this extent. If you were to enter Gou Li Tian and see our Celestial Dan City, wouldn't you be stupefied?" By the side, Mo Hanyun was curling her little mouth with an expression that said, "You guys have seen too much."

"Oh? "Then we really should give it a try when the time comes."

Tang Huan did not mind Mo Hanyun's taunting. She laughed and waved her hand, "Come, let's enter the city first. Once we reach the 'xuanji Pill Pavilion', you should know what to do, right?"

Mo Hanyun pouted and snorted. Then, he flew forward.

Tang Huan could not help but smile, followed along with Jiu Ling and the rest. After a while, they arrived at the edge of the city and floated down one after another.

This Great Wisdom City couldn't fly in the air, it wasn't because there was such a restriction in the city, but because it couldn't fly at all.

Even the Celestial Emperor could only reach a distance of a hundred meters above the ground. Furthermore, he had to bear an enormous pressure as his speed was greatly reduced. As for the Celestial King, that was even worse.

In such a state, it would be better to just walk on the ground. Therefore, at the edges of the Great Wisdom City, at every moment, there would be a large number of cultivators either descending to the ground or soaring into the sky. As for the vast region above the Great Wisdom City, it was quiet, and not a single person could be seen.

There were no city walls in the Great Wisdom City, but there were countless paths leading to the city.

At this moment, Tang Huan, Mo Hanyun and the rest were on a large street in the southwest. The road was thousands of meters wide, reaching deep into the city. There was an endless stream of people moving about.

Scanning with his eyes, Tang Huan discovered something strange.

There were many ninth level heavenly kings standing amidst the passing crowd, constantly looking left and right, sizing up the passersby, especially the cultivators who had entered the city.

Just as Tang Huan and the rest landed on the ground, several people's gazes immediately landed on them.

When they saw him, Jiu Ling, and Hua Tianzhu, the eyes of the Ninth Marquis lit up. A hint of surprise and joy that was difficult to conceal exploded from his eyes.

However, as his thoughts slightly changed, Tang Huan already understood what was going on in his heart.

As soon as they entered the Non-Phase Sky, it caused a change in the rankings, and he even directly rose to the top of the Heavenly King Ranking ... There was no way the Non-Phase Sky Sect would not value it.

The Celestial King, who was at the entrance of the Non-Phase Heaven Gate, was too far away and too sudden to see his face clearly. However, as long as it was a Heavenly King, he would be able to communicate with the Heavenly Dao at any time and view the rankings.

He only needed to picture their appearances and make people remember them. Naturally, he would be able to search for their whereabouts.

Thinking about it, it was not only people in the Great Wisdom City who were doing such things. There were also many other cultivators who were busy because of them in the other cities of the Non-Phase Sky.

However, it was obvious that their work had paid off.

The identities of Tang Huan, Nine Spirits Flower and Tian Chi were definitely exposed by now.

Regarding this, Tang Huan did not care.

Ever since he entered the Central Heaven Realm, he had never thought of hiding his identity at the top of the King's Rankings. Not only did he not want to hide it, Tang Huan also wanted to make his reputation known even more. The more famous you are, the better you will be when you enter the Heaven Realm in the future.

Mo Hanyun, Jiu Ling, Xiao Budian, Ling Tian and Hua Tian Chi seemed to have sensed it too, and in the blink of an eye, they all turned to look at Tang Huan.

With a slight smile on his face, Tang Huan continued to follow behind Mo Wuyun as they walked forward. After a short while, they had already merged into the crowd.

As soon as they left, a dozen or so ninth level heaven dukes gathered together.

"Do you see it clearly, is it them?"

"Tang Huan, Huantian Lake, Nine Spirits ... Two men and one woman, it will definitely be them. "

"Not bad, not bad. It's exactly the same as the painting that the elder gave us."

"..."

This group of ninth level heaven dukes spoke one after another with expressions of unconcealable surprise.

They actually found the three people that caused a change in the king's ranking a few days ago in the Great Wisdom City. If this news were to spread to the sect, they would be heavily rewarded.

After a short moment, everyone swiftly caught up while sending out messages.

After a long while, Tang Huan, Mo Hanyun, and the others entered the "Phecda Pill Pavilion" located in the center area of the Great Wisdom City under the watch of many pairs of eyes.

The xuanji pill sect opened its "xuanji pill house", almost everywhere.

In the next 36 days, there would be countless "Phantom Jade Pill House". As the largest city in the Non-Phase Sky, it was naturally impossible for there to be no "Phantom Jade Pill House" present in the city. Not only that, the status of the Great Wisdom City's "xuanjie Pill Pavilion" was equivalent to that of the Celestial Saint Pill Pavilion of the Lower Heaven Realm.

The Pavilion Master that was in charge of the "xuanji pill pavilion" in Hannya City had the heavy responsibility of commanding the eighteen Heaven Pill Pavilions, just like Mo Yunfeng who had been in command for thirty-six days.

"Eh, they actually entered the Xun Ji Pill House?"

"What's so strange about entering the 'Xudao Pill House'? Who knows how many people go in there every day! "

"..."

"The one who welcomed them just now was the 'xuanji Pill House' Pavilion Master."

"This is very normal, Tang Huan is ranked first, if he comes to the 'xuanji Pill Pavilion', the Pavilion Master would personally come out to welcome him, wouldn't that be a matter of course?"

"There seems to be something in your words ..." No, that's not right. Do you guys think that Heavenly King Tang Huan has already joined the 'xuanji Pill Sect'? "

"If that's the case, then our efforts will have been in vain."

"..."

Outside the pill pavilion, everyone was mumbling amongst themselves, all a bit bewildered and uncertain. If Tang Huan and the others had already joined the "Phecda Pill Pavilion", no matter how much trouble they had here, it would have been in vain. No matter how strong the Non-Phase Sky Sect was, it would not be stronger than that "Phecda Pill Sect" Qu Li Tian's.

Chapter 2048

The moment they entered the city, Mo Hanyun had already sent a message to the Pavilion Master of the "Xudan Phecda Pill House" in Hannya City.

The Pavilion Master was called Mo Yunxi, the Peak King of Sky. He was of the same generation as Mo Yunfeng and was also Mo Yunfeng's elder. She called him Seventh Uncle.

Towards the arrival of Mo Wuyun and Tang Huan, Mo Yunxi showed great enthusiasm.

Because, Mo Wuyun did not conceal the identity of Tang Huan and the others.

From her introduction, Tang Huan came from the Lower Heaven Realm, which meant that he had already cultivated to the Peak Sky King Stage at a mere hundred years of age. The moment he entered the Non-Phase Sky Realm of the Heaven Realm, he immediately rushed to the top of the rankings. As for the Nine Spirits Hua Tian Chi, they were also from the lower Heaven Realm.

Before this, Mo Yunxi who had personally experienced the changes in the King Board had also made various guesses about Tang Huan and the others' identities.

He had also once wondered if that Tang Huan came from the lower thirty-six days.

However, this thought was immediately tossed out of his mind. In the end, he still felt that those three people should be Heaven Realm cultivators of the Heaven Realm or Heaven Realm. They stayed in the void for countless years before returning and entering the Non-Phase Sky ... After many days of fermentation, this was practically everyone's consensus.

However, Mo Yunxi never expected that the most impossible possibility was the truth.

Of course, what was even more unexpected was that Tang Huan, who had already made it to the top of the King Board, was only around a hundred years old. Others who were over a hundred years old might not even be able to make it to the Heaven Realm, but Tang Huan had actually become the number one king of the Heaven Realm.

From this, it could be seen just how terrifying Tang Huan's innate talent and potential had reached.

Hua Tian Chi and Nine Spirits may not be as good as Tang Huan, but for them to be able to reach such a level of cultivation in the lower Heaven Realm, their talents and potential were definitely extraordinary.

Thus, when Mo Yunxi found out that Mo Hanyun and Tang Huan were all friends, the joy in her heart could be imagined.

If he could pull them into the sect, then it would be a great thing for the sect. Furthermore, these three Heavenly Kings had the potential to be promoted to Heavenly Emperor Stage. This was especially so for Tang Huan, as given her time, forget about Heavenly Emperor, even Sky Sovereign would have a chance.

In the Heaven Realm, there were very few Heavenly Emperor Stage Rankers, and in the Heaven Realm, although there were more Heavenly Emperors, they were not to the point that they could be found anywhere. As for Empyrean Realm super experts, to the extent of scarcity in the Upper Nine Heavens, they were like Heaven Emperors in the Heaven Stage and Heaven Kings in the Lower Heaven Realm.

"Seventh Uncle, stop laughing like a fool."

In a courtyard behind the xuanji Pill Pavilion, Mo Wuyun couldn't help but roll her eyes at this fatty who was laughing so hard that his fat was trembling. "If I were to tell you another piece of good news, wouldn't you be laughing until you pass out?"

"What good news? Quick, quick, tell me."

Mo Yunxi rubbed his plump hands together, beaming with joy.

"Tang Huan is also a Weapon Refiner. Let alone the lower Heaven Realm, even in the middle Heaven Realm, there should not be anyone who can surpass him in terms of Tools Method Attainments. "Even though he's still in Heaven Grade, as long as he steps into the Heavenly Emperor Realm, she'll definitely be able to become a Saint Grade Heaven Craftsman."

His voice paused slightly, then he added with a smile, "Oh right, most of the Heaven grade Dao Artifacts he forged are of perfect quality." After she finished speaking, Mo Wuyun glanced at Tang Huan in the blink of an eye. Her pair of beautiful eyes were filled with a sense of schadenfreude.

"Oh?"

Mo Yunxi was stunned, his small eyes immediately opened wide, looking at Tang Huan who was smiling, he exclaimed in disbelief, "Is that true?"

"I cannot accept such praise from Lady Han Yun."

Tang Huan smiled reservedly, and said, "I just have some attainments in Tools Method, and my luck is not bad to be able to forge quite a few perfect Heaven grade Dao tools."

Seeing Tang Huan's current state, Mo Wuyun rolled his eyes, while Jiu Ling and Xiao Budian both chuckled. Hua Tian Chi's face was also full of smiles, as if she was filled with honor and dignity. Only Ling Tian was still looking around with a blank expression on her face, occasionally glancing at this and occasionally looking at that.

"He's too modest, Brother Tang Huan is too modest."

Mo Yunxi came back to her senses, but her entire fat face was flushed red as she excitedly said, "A Heaven grade Dao weapon, compared to an Inferior grade Dao weapon, is only able to forge a perfect quality twice. It can even be considered luck. Most of the Heaven grade Dao weapons are of the perfect quality, this is absolute strength."

Speaking till here, Mo Yunxi couldn't help but grab onto Tang Huan's hands, "Brother Tang Huan, you should know that I'm also a Weapon Refiner, but, I can't compare to you."

My talent is limited, although I am already a Peak Heavenly King, my Tools Method Attainments is still stuck at the level of Superior Grade Skills. Furthermore, the quality of the Dao artifacts I forge is also quite good, being able to produce a Middle Grade one is already not bad.

[illegible]

"Ai ai, that sounds a bit shameful. Brother Tang Huan, you don't know ... "

..

Mo Yunxi chattered nonstop like popcorn. For a time, his voice was the only thing echoing in the courtyard.

[illegible]

Tang Huan could not help but be somewhat baffled as well. Then, in the blink of an eye, she looked at Mo Wuyun, who was holding back a smile on her face, and finally understood why she had such a look in her eyes. This Mo Yunxi was too eloquent. If he had to keep talking like this, she probably wouldn't be able to stop for an hour.

From Mo Wuyun's memories, although there was some information about Mo Yunxi, Tang Huan did not care about it before.

Giving Mo Hanyun a fierce stare, Tang Huan had no choice but to forcefully interrupt Mo Yunxi. "Elder Mo, do you know the situation with the 'Great Cloud Wall'?"

"Great Cloud Wall?"

Mo Yunxi was not done with her words, but held back her words and asked with some curiosity, "Brother Tang Huan, you are also interested in that 'Great Cloud Wall'?"

"Of course."

Tang Huan slightly nodded her head, and said while smiling, "In the entire Heaven Realm, there has not been a single Sky King who has not been interested in something as mystical as the Great Cloud Wall. Elder Mo, what do you think?"

"Not bad, not bad."

Mo Yunxi nodded repeatedly, sighing with emotion. "Ever since I came to the Formless Heaven, I have been observing the Great Cloud Wall every few years. Unfortunately, I haven't been able to find anything."

Actually, the reason why the Great Wisdom Sect had grown to its current state was greatly related to the Great Wisdom Sect.

The main reason why Tang Huan came to the Heaven Realm and not to the Emptiness Realm but to the Emptiness Realm was also to see if she could obtain the opportunity to step into the Sky Emperor Realm.

The Great Cloud Wall, as its name implied, originated from the Great Cloud Sky Sovereign.

Countless years ago, when the Great Sky Sovereign was still the Sky Emperor, he had spent a long time to condense a huge Jade Disc outside the residence in the center of the Great Wisdom City. On that Jade Disc, it was said that it contained the profound mysteries of Sky Sovereign Hannya ascending to the Sky Emperor Realm, as well as all of his comprehensions to the Sky Emperor Realm.

After many years, after he became an Sky Sovereign, he returned to Hannya City and assimilated even more insights into the Jade Disc.

This made all the Heavenly Kings want to buy it.

The difficulty of becoming a Upper Sky King and a Lower Heavenly Emperor far exceeded that of a Grade Nine Heavenly Marquis. Those who had been stuck at the peak of the Sky King Realm for many years would naturally not miss out on any opportunities to break through. The Heavenly Soul of the Spirit Dao was too rare, so the Great Cloud Wall that had always existed was naturally the best choice.

It was not only the Eighteen Heavenly Kings, even many of the Heavenly Kings of the Nine Heavens would cross the void to come here and observe the Great Cloud Wall.

In fact, many of the Heavenly Kings even chose to stay in Hannya City for a long time, and for over a thousand years at that.

According to the memories of Tan Zhong and Tao You, after entering the city, Tang Huan didn't use his mind to check the situation of the Great Wisdom Sect, in order to avoid the backlash from the city's power. However, according to the judgement of Tan Zhong and the rest, the number of Heavenly Kings in the city had already reached an extremely shocking level.

Furthermore, the majority of those who stayed in the Great Wisdom City were peak Upper Sky Kings that would be difficult to break through in a long time.

"Is the Great Cloud Wall really as miraculous as the legends say?" Noticing the look of disappointment on Mo Yunxi's face, Nine Spirits blinked her beautiful eyes as she asked in bewilderment.

"More than miraculous?"

Mo Yunxi immediately became excited and said, "Do you all know how many people this Great Wisdom Sect has helped to step into the Heavenly Emperor Realm since its appearance?" At this point, Mo Yunxi raised three of her chubby fingers, her eyes shining, "At least 3,000!"

"Three thousand?"

Tang Huan was slightly shocked, but she quickly relaxed.

Although the Great Heavenly Sovereign is not a powerhouse that appeared after the era of Long Yuan, Nine-coloured and Liu Li, he is at least a few hundred thousand years old. In the long time he has been here, the three thousand Heavenly Kings leveled up to the Heavenly Emperor level due to the Great Cloud Wall that he left behind, this number is not so outrageous.

Jiu Ling was also rather shocked, and immediately asked: "Then how many Upper Sky Kings are there? How many of them are still unable to obtain anything even after inspecting the Great Cloud Wall?"

"Cough, cough!"

Mo Yunxi gave a dry laugh, then said awkwardly, "This is unknown, no one would know. However, after hundreds of thousands of years, there are still millions of Highgods that have seen and experienced the Great Cloud Wall. Just like right now, there are two to three thousand Upper Sky Kings in Hannya City. "

Jiu Ling and Xiao Budian looked at each other, then curled their lips and said, "Out of several tens of millions of Heavenly Kings, only three thousand can break through. I don't think that the Great Cloud Wall is that great."

"You can't say that."

Mo Yunxi shook her head and hurriedly said, "Whether or not we can gain some insights from the Great Cloud Wall will depend on our own luck and perception. Furthermore, if it wasn't for the 'Great Cloud Wall', out of the three thousand Highest Heavenly Kings, not even half of them would be able to step into the Heavenly Emperor Realm. "

"That's true."

Tang Huan unconsciously smiled, "Elder Mo, I wonder if you can bring us to see the Great Cloud Wall."

Mo Yunxi said without hesitation, "Of course you can. Brother Tang Huan, I will bring you two over right now." As he spoke till here, he chuckled, "However, Brother Tang Huan, you should prepare yourselves. After seeing the Great Cloud Wall, you will probably be entranced, and won't be able to leave."

"Oh?"

Tang Huan, Jiu Ling, Xiao Budian, Hua Tian Chi and the others looked at each other and laughed, "Then, we have to go and take a look even more."

Mo Yunxi nodded and was about to speak when a young man hurried over, "Pavilion Master, Divine Firmament Heavenly Sect, Pure Spirit Sect, Shadowless Mountain, Wu Huang Immortal Sect ... "A visit."

The young man reported the names of the eight sects in one breath, and then quickly added, "If it is not the Sect Master, then it is the Elder."

"Divine Netherworld Sect, Pure Spirit Sect, Shadowless Mountain, Formless Immortal Sect ..."

Mo Yunxi frowned slightly, "These are Wu Xiangtian's largest sects, they have come ..."

Just as he said that, Mo Yunxi was startled, and looked at Tang Huan and the others who were smiling, and immediately came to a realization. He waved his hand at the young man and snorted,

"Why are they coming to our Xuanji Pill House to watch the show? "No, no, just say that I just went out."

The young man stammered: "Pavilion Master, they have come to visit Heavenly King Tang Huan, not you?"

"Brat, do you really need to remind me of this?"

Mo Yunxi's small eyes stared at him, and he said snappily, "You don't know how to say, how did Heavenly King Tang Huan go out with me? If they didn't, they could just go back to wherever they came from! What? Afraid that they would be unhappy? "In this Non-Phase Sky, why would our Xun Ji Pill House care if they were happy or not?"

"Don't be anxious, Elder Mo."

Tang Huan laughed, "Since they want to see me, then let them see me once, so that they don't have to bother me again in the future." Tang Huan was slightly emotional. He also didn't expect that the people from the sects would arrive so quickly, only to be discovered after entering the city. Not long after she arrived at the Pill Pavilion, they came knocking at her door.

Of course, those people should have long been in the Great Wisdom City.

If they had rushed over from the sect, it would have been impossible for them to reach such a stage no matter how fast they were.

Mo Yunxi was about to persuade him, but before he could, he realised that Tang Huan was not the least bit interested in the other sects like the Divine Firmament Sky Sect. He immediately said with a face full of smiles, "Alright, alright, since Brother Tang Huan wants to see them, then let's meet them. Go, quickly call all of them here."

"Yes!" "Yes!"

The young man quickly bowed and left.

Not too long after, he returned, followed by eight figures, male and female, old and young. Although they had different appearances, the auras that emanated from them were all extremely tyrannical, and the Divine Firmament Sky Sect and the other eight great sects' cultivators were all at the peak of Heavenly Kings.

Sixteen pairs of eyes swept across the courtyard, and all of them landed on Tang Huan's body. Their eyes burned with passion, as though they were a pack of hungry wolves that had seen fat. However, after all, this was the Xuanji Pill Pavilion. They had to suppress the impatience in their hearts and greet Mo Yunxi.

Chapter 2050

"Everyone, I am Tang Huan." Without waiting for the Heavenly Kings of the eight great sects to speak, Tang Huan immediately said with a smile, "I am very clear on the purpose of everyone here, but, for the time being, I am not interested in joining any of the sects, so I can only thank everyone for your good intentions."

"..."

The eight of them looked at each other when they heard this. Their expressions were filled with helplessness and regret.

After knowing that Tang Huan and the rest had been invited by Mo Yunxi into the Xun Ji Pill House, they already knew that the chances of recruiting Tang Huan into their clan were very slim. A super great sect that spanned nine days, and a great sect that spanned eighteen ... Even a fool would know where to go.

Now it seemed that in just a short period of time, Tang Huan and the others had already reached an agreement with Mo Yunxi to join the Celestial Dan Sect.

The reason why Tang Huan told them that she had no interest whatsoever to join any sect at the moment was only to tactfully express her rejection of them.

"Brother Tang Huan, may I ask, where do you come from?"

A moment later, a young woman dressed in black could not help but ask. Once she finished, the rest of the seven looked at Tang Huan with shining eyes.

This was the biggest question they had after sensing the changes on the King Board.

"To be honest, this one is from the 36 days Crimson Light Heavens!" Tang Huan looked at the black clothed female, and the others, smiled slightly, and said slowly.

"Chi ..." "Crimson Radiance Sect?"

"..."

After a long while, the black-clothed young woman and the other Heavenly Kings of the eight great sects left, filled with shock and horror.

It was completely foreseeable that Tang Huan's origins would also be widely spread along with their departure. Countless cultivators who knew the truth would also be as shocked as they were.

Not long after they left, Tang Huan, Jiu Ling, and the others walked out of the xuanji Pill House under Mo Yunxi's lead.

The Pill Pavilion was at the edge of the central area of the Great Wisdom City, and the Great Wisdom Sect was at the center of the city, so the distance between the two wasn't that far.

The closer they got to the center of the city, the fewer people there were on the main road, and the quieter it became.

Unknowingly, only Tang Huan and the rest were left on the road. It was at this time that Tang Huan suddenly realised that the entire world was so quiet that even a pin drop could be heard. Looking back, I could just barely make out the bustling and bustling Xuanji Pill House. However, the thousands of meters in between us made it seem as if it was a completely different world.

The closer he got to his destination, the more his mood seemed to be affected.

It was unknown when it started, but Jiu Ling and Xiao Budian, who were constantly chattering along the way, had already quietened down. Furthermore, whether it was Mo Hanyun or Mo Yunxi, or Jiu Ling, Xiao Budian, Ling Tian and Hua Tian Chi, they all subconsciously stopped smiling, their expressions solemn.

"The Great Cloud Wall really lives up to its name."

Tang Huan lamented in her heart. Before she even saw that Jade Disc, it had already influenced everyone without them knowing, causing them to not even notice. In fact, in the hearts of Mo Wuyun and Jiu Ling, they might even feel that it was natural to be respectful and solemn.

After all, this was also a form of respect towards Empyrean Hannya. It wasn't something worth making a fuss about.

Amongst so many people, only Tang Huan was still able to maintain her usual state of mind, and was not affected by the subtlety of this space. Of course, Tang Huan also didn't intentionally remind Nine Spirits Hua Tian Chi and the others. It was indeed normal for them to maintain a form of respect for the Great Sky Sovereign here.

As they continued forward, the number of buildings around them gradually decreased.

Before long, Tang Huan could only see a simple hall, standing alone in the middle of an extremely vast plaza.

That was the residence of the Great Sky Sovereign!

Tang Huan's heart was moved, she felt as though she had passed through an invisible barrier.

Soon after, the scene in front of his eyes changed. The ancient palace still existed, but in front of the palace, there was an incomparably large white cloud that seemed to be forcefully pulled down from the sky and fixed itself on the ground, occupying the space within a radius of a few thousand meters.

However, if one took a closer look, they would discover that even though the white cloud appeared to be floating in the air, it was sparkling and translucent. It was smooth and shiny, as if it was carved out of beautiful jade.

It was naturally the Great Cloud Wall.

Seated around the cloud-like Jade Disc were many figures, at least a thousand of them. From afar, they looked like even more ancient statues, and everyone had solemn and solemn expressions on their faces. There were no signs of any cultivators making any noise in this area, so the vast area around the Great Cloud Palace was incomparably quiet.

Tang Huan's lips slightly moved, but just as he was about to speak, Mo Yunxi hurriedly made a shushing gesture, then indicated towards Tang Huan with his mouth.

Seeing that, Tang Huan laughed secretly.

Exalted Celestial Hannya was indeed worthy of respect, but wasn't his current demeanor a bit too much?

Seeing that Mo Yunxi had already sat down cross-legged, Tang Huan could only nod towards Jiu Ling, Hua Tian Chi and the others, and also chose a place to sit cross-legged near the Great Wisdom Sect.

Without the presence of the Celestial Emperor, the three little fellows, Nine Spirits, Xiao Budian and Ling Tian, did not need to hide anything and could openly observe the Great Cloud Wall. With their current strength, the many Heavenly Kings around the Jade Disc, no matter how sharp their eyes were, would still not be able to find their true bodies.

Only the lower Sky Emperor's words, Tang Huan need not worry.

But if there was a God Emperor or a Upper Sky Emperor, Jiu Ling and the others would probably have to avoid them. After all, Tang Huan was not a match for such an existence.

After he had a rough understanding of the situation of the people around him, Tang Huan removed all distracting thoughts from his mind and focused his mind.

After a moment, Tang Huan's consciousness had already extended towards the Great Wisdom Sect's wall.

In order to understand the mysteries of the Great Cloud Wall and gain some insights from it, one naturally needed to integrate his or her own mind into it. It was obviously impossible to do so with just his or her eyes.

In a blink of an eye, Tang Huan's mind had already touched the Jade Disc.

But just at that moment, a strange scene appeared in the depths of his soul. The Pang Shuang's Great Cloud Wall seemed to have turned into a living spiritual object, and it was as if a real cloud was being swept by the wind, surging and surging.

In the blink of an eye, the clouds had transformed into hundreds and thousands of different shapes.

Tang Huan carefully observed and felt her soul enter a trance, as if she was immersed in it. It was strange indeed! Tang Huan suddenly woke up. The instant before she completely sank into depravity, she pushed the God Crafting Crystal and the Nine Yang Divine Furnace to the limits. After a split second, Tang Huan finally regained her consciousness.

During the process of the ever-changing clouds, a mysterious and powerful attractive force was actually born, causing one to be unable to extricate themselves.
