

W. Master 2091

Chapter 2091 - Escaping Pretty fast!

Currently, Tang Huan's entire being had merged with this world. Every time she used "Air Escape", it would not cause the slightest of ripples in this world.

If it was the Heavenly Emperor, even if it was the peak of the upper echelons, it would still be impossible for them to detect Tang Huan's whereabouts.

However, for some reason, ever since he had left the Sinking Cloud Island, the depths of Tang Huan's soul continued to throb.

After another tens of thousands of li, Tang Huan's figure appeared.

In that moment, Tang Huan suddenly understood why she had always felt this way. With her methods of concealing her presence and concealing the Heavenly Dao, even an Empyrean level powerhouse would have to spend a great deal of effort to find her tracks. However, Mo Yanyu was different.

Yu Yun Island had been living here for a long time, so there was bound to be some aura left over from where Mo Han had been staying.

Not only that, they had left in a hurry, not even giving her the time to dissipate. If there was an Empyrean chasing after them, they could use her aura as a guide and follow her movements. The immortal cave could be isolated from ordinary cultivators, so it was likely that it would be very difficult to isolate the methods of an Empyrean.

As long as he could find her, he would naturally be able to find himself as well.

However, although he had a rough understanding of the situation, Tang Huan did not have any plans to abandon her, even though she was a puppet controlled indirectly by him.

After all, he was the one who ordered Mo Hanyun to stay in a remote place for a while.

He did not expect that the Mind Stigma at the peak of the Sky Emperor Realm would have that kind of change in it the instant it completely crumbled. He also did not expect that just that small leaking of aura would allow an Sky Sovereign expert to track him down.

If Mo Wuyun was thrown out for his own safety, once that Ascendant found her, she would undoubtedly die.

An expert of that level wouldn't care about her status as a xuanji Pill Sect's Mo Clan Disciples.

"Tang Huan?"

A deep roar suddenly shook the world.

It was merely two notes, their volume wasn't very loud, but it seemed to contain an incomparably strong penetrating power. Like two gigantic hammers, they fiercely hammered into the depths of Tang Huan's soul. At this moment, it was as if raging waves were set off within Tang Huan's soul, as though they were about to be completely dispersed.

Even with the stability of Tang Huan's soul, she still couldn't help but be a little dazed.

It was a good thing that after a short moment of absent-mindedness, Tang Huan had immediately regained her senses, but her mind was still shaken greatly. If he had not merged with the "Intangible Buddha" and the "God Casting Crystal," the strength of his soul would have reached an extremely shocking level.

If it were any other low level Sky Emperor, they would have been scared out of their wits by now.

In the current nine days, most likely only an Empyrean could display such terrifying might with just two melodies. The Heavenly Emperor could of course unleash such a technique, but even if he were to use all his strength, it was impossible for him to shake Tang Huan's soul like what happened just now.

Of course, even though Tang Yuan had shocked Tang Huan, he was not surprised at all by the change in events.

What surprised Tang Huan the most was that the Sky Sovereign who made a move, was actually able to call out his name.

The Heavenly Kings of the last nine days, should have all seen his face through the King Board. But after entering the top nine days, Tang Huan had only shown himself once in Dubhe City, and it had not garnered the slightest bit of attention. Going to Dubhe Pavilion, he used his deity clone, allowing him to change his appearance.

Logically speaking, no one should have known about his arrival in the last nine days.

As a result, that person would never be able to see Tang Huan, and the Heavenly Kings within his sect would never have the time to draw out Tang Huan's appearance for him to see. But when the Heavenly Sovereign had called out the two words "Tang Huan," there wasn't the slightest bit of hesitation in her tone. It was obvious that she had long since confirmed his true identity.

This was truly unbelievable.

However, at that time, Tang Huan could no longer afford to think about it anymore. In the instant she woke up, a figure appeared in her line of sight. It was an old man in a black robe. Her body was skinny, but her face could not be seen. Her facial features seemed to be covered by a layer of black mist.

The moment the black-robed old man appeared, Tang Huan felt as if his entire world had been filled with black light, and the vast expanse of heaven and earth around him seemed to have turned into a gigantic black hole. Not only did it contain all the rays of light within the sucking, it also seemed to want to completely devour his body and even his soul.

Almost at the same time, an incomparably terrifying oppressive feeling engulfed everything, as if it wanted to completely crush him.

Tang Huan's face became gloomy, without any hesitation, the "Nine Yang Divine Furnace" and the "Dao Crystal" circulated to their limits inside the Dantian, the Sky Origin Stage in her body surged, and a burst of boundless energy instantly poured into the leaf in her palm.

"Rumble ..."

An incomparably resplendent white-green light burst out, and instantly condensed into an extremely heavy leaf. With a slight turn, it completely covered Tang Huan's body, and then, with a speed that even the mind could not catch, it fused into the void.

"Hmm?"

The old man in black robe snorted: "No wonder he is so daring. He has someone supporting him!" When his voice sounded, he had already slightly stretched out his arm, and a claw as thin as firewood suddenly grabbed out. The vast space in front of him seemed to unceasingly condense towards the center of his claw.

In the blink of an eye, the area within a radius of a hundred miles, with the large leaf as the center, seemed to have entered the old man's control. A dark black hole of about the same size appeared, as if the old man's withered hand had forcibly scooped a large piece of this space out of the ground.

"Bam!"

In an instant, the old man's five fingers pinched together, and an earth-shattering sound instantly rang out. The space that had shrunk was actually directly crushed by him. The terrifyingly powerful Strength Qi rolled out from between his fingers, and waves after waves of it wreaked havoc in all directions, with the force of a thunderbolt.

In the vast region below, the mountain peaks crumbled, and the grass and trees were reduced to dust.

Countless grains of dust and sand, like giant waves stirred up by a hurricane, continued to soar into the sky, crazily entering the dark hole that was rapidly shrinking.

"He escaped rather quickly!"

When the black-robed old man saw this, he sneered without panicking.

However, at the same time, a faintly discernible voice appeared in the air, "However, an Emphyrean that had just been promoted for not many years might not be able to protect you. Since this sovereign has already made a move, how could I allow you to escape ..."

Chapter 2092

Where did you get your confidence from?

A group of towering mountains pierced into the clouds.

At the edge of a flat mountain peak that was hundreds of meters wide, there stood a glazed pavilion. The wind blew over and the dress fluttered. It made it seem even more graceful and graceful, like an immortal.

"Finally here!"

Unknowingly sensing something, Liu Li's red lips suddenly parted slightly as she gently spat out these two characters. A happy smile surfaced between her brows.

After a moment, Liu Li slightly raised her hand and extended her five fingers. A green and white aura came out of her fingers and quickly condensed into an arch in front of her.

The next moment, a bright light burst out from the arch, as if passing through the endless space, and almost blended with the arch itself.

It was a huge leaf, rolled up into a bundle.

In a blink of an eye, the arched door and the leaves started to disperse. A figure appeared clearly in front of them, with a tall and slender body and a handsome face.

"Elder Sister Liu Li?"

Tang Huan was startled for a moment, and then, he asked with some surprise and doubt: "Why are you here? "I thought we'd enter an independent space."

"If I'm not here, the leaf would have indeed sent you out. It would have also created an independent space that would accommodate you. For the time being, you would have escaped danger and waited for my arrival."

Liu Li said with a smile, "But since I'm here, there's naturally no need to go through so much trouble. With me here, it can directly send you to me."

Saying that, Liu Li laughed again, "Little brother Tang Huan, big sister has been waiting for you in this Big Dipper for a few days now. If you don't come now, I think I will activate the Mind Stigma and search for you. However, since you used that leaf, did the Sky Sovereign really do it? "

"Yes, thank you elder sister Liu Li."

Tang Huan gratefully nodded.

He originally did not intend to trouble Liu Li by helping him. In his initial assumption, after he hid in an independent space formed by the leaves, he could use the power of the divine crystal to completely seal off the energy in the ink, and then use the sacred art "Yin Yang dao diagram" to leave that independent space.

Before this, Tang Huan had continuously used the "Air Escape" sacred art because the incident at that time was too hasty. As long as he had a certain amount of time, he could completely avoid the Heavenly Sovereign's tracking.

But Tang Huan did not expect Liu Li to personally rush to Beidou Sky, and even pull him in front of her.

Soon after, Tang Huan's heart was moved, she added with some worry: "Sister Liu Li, that Sky Sovereign should be from the Beitang Immortal Sect"

"Black Cicada?"

Liu Li's beautiful eyes narrowed, "He's already here!"

Immediately after, a black dot appeared, and in less than half a blink of an eye, that black dot had already turned into a black-robed old man, standing just a few hundred meters away from Tang Huan and Liu Li.

"Liu-Li, it really is you." Immediately, the black cicada's deep voice sounded out, "Kid, do you really need to protect him?"

"Tang Huan is my younger brother. If I don't protect him, who should I protect?"

Liu Li faintly smiled, "But you, a dignified Emphyrean, actually personally left the sect and attacked a lowly Emphyrean. This is truly surprising!"

The black cicada said in a low voice: "This Tang Huan stole my sect's treasure, of course this old man can't sit idly by!"

Tang Huan raised her eyebrows, and just as she was about to speak, Liu Li laughed sarcastically: "The Northern Dipper Immortal Sect, as one of the top sects in the entire Nine Heavens, can actually make my little brother, who just came from Heaven Realm, take away the treasure of the sect? Are the people from the Northern Dipper Immortal Sect trash?"

"You ..."

When the black cicada heard this, it couldn't help but become stifled.

After hearing what Liu Li said, Tang Huan could not help but laugh, "Those people from the Northern Dipper Immortal Sect are not only trash, they are also shameless trash."

"There was a solemn oath before, saying that he would use the Divine Moon Crystal's Soul as a reward to find a person who could repair the Yan Luo Golden Immortal. When I've repaired more than half of the Yan Luo Golden Immortals that they gave me, they instead, not only do they want to go back on their word, they even intend to imprison me in their Dubhe Pavilion. It's simply shameless. "

"It's a pity that trash is trash. Not only were they unable to obtain it, they were even taken away by me from the Divine Moon Crystal Soul and the Youlan Golden Immortal."

"Well done!"

"Little brother Tang Huan, what you're doing is indeed very satisfying, but you're still a little soft-hearted. If it was me, not only would I have to snatch away the 'Monarch Moon Crystal' and the 'Yan Luo Golden Immortal', I'll also have to completely destroy the trash inside the Heavenly Coffin Pavilion."

"Sister Liu Li, I don't have your strength." Tang Huan laughed involuntarily, "Heavenly Coffin Pavilion has a peak God Emperor and a few lower level Heavenly Emperors. It's more than enough to have a few Heavenly Emperors as guards in Dubhe City. Those people are so shameless that I'm already used to them.

"I'm not here to argue with you."

The black cicada's face was still a little blurry, but when he said those words, an extremely cold aura spread out around him, instantly filling up the entire vast area, "Liu Li, for the sake of you being an Emyrean, if that brat handed over the 'Divine Moon Crystal' and completely repaired all the 'Smoke Golden Immortal' s possessions, this old man can let it go, otherwise, don't blame this old man for taking him away!"

"Black Cicada, do you think you have the ability to do so?"

The corner of Liu Li's mouth curled up as her beautiful eyes narrowed. Not only did they not reveal the slightest trace of panic, their eyes had instead become incomparably sharp.

Black Cicada said coldly: "Liu Li, this old man has already stepped into the Sky Sovereign Realm for over ten thousand years and you only have been promoted to the Sky Sovereign Realm for a mere few decades. I really don't know where your confidence comes from, to actually dare be so

arrogant in front of this old man. Seeing that it wasn't easy to cultivate, I'll give you one more chance, and then

"If you are unable to comprehend the true essence of an Empyrean, then forget about ten thousand years, even if a hundred thousand years, before me, you would still be no different from trash from your Beitang Immortal Sect." Liu Li scoffed, "From the looks of it, you seem to be very unconvinced. Fine, today I will show you what a real Sky Sovereign looks like!"

"Boom —"

Almost at the same moment Liu Li's voice fell, it seemed as if a terrifying, formless storm began to spread out in all directions from her body as the center. Soon after, an incomparably boundless energy rose up from Liu Li's body, condensing into an extremely large "Nine Palace Glass" in the air.

The leaves swayed and roots crazily danced. An incomparably tyrannical aura wantonly surged. A terrifying power instantly enveloped the entire area. The "Nine Palace Glass" was like an ancient beast that had suddenly awakened after countless years of slumber, wishing that it could immediately release its power.

Chapter 2093 - Black Cicada, Liu Li

Tang Huan stood by Liu Li's side. Although she was not affected by the power, her huge mind allowed him to clearly feel Liu Li's power.

Compared to the time at the "Heavenly Imperial Dragon Palace", Liu Li's current strength was countless times stronger.

Tang Huan had come from the lower Heaven Realm and had not even arrived in these nine days, yet, she had already found out about Liu Li's movements over these years from the memories of others along with her own deductions.

After leaving the "Heavenly Imperial Dragon Palace", Liu Li clearly did not continue to stay for the next thirty-six days.

In less than ten years, she had entered the eighteenth day of the "Tai Yi Heaven". Even though countless years had passed, Tai Yi Heaven was still the strongest Heaven Realm in 18 days. The "Great Change Spirit Sect" was still the sect with the most power in 18 days.

Just like how Tang Huan had ranked at the top of the King Rankings the moment she entered the Central Heaven Realm, Liu Li ranked at the top of the Emperor Rankings the moment he entered Tai Yi.

The first thing Liu Li did when she came to Tai Yi Heaven School was to attack the Grand Yi Spirit Sect.

There were a total of four Sky Emperors in the Great Change Sect. One of them was at the peak of the realm, the other two were at the middle, and the last one was at the lower level. However, Liu Li did not kill them. After she heavily injured them one by one, she no longer attacked them and instead left.

After that incident, Liu Li's name resounded throughout the eighteen days.

The strongest sects in the eighteen days of the Great Change Sect had a great decline in power.

It was unknown how long it would take for the injuries of those four Celestial Emperors to completely recover. Even if it was completely healed, if it took too long, the position of the number one sect in the 18 Heavens would most likely be occupied by the other sects.

He vented the resentment he felt when he was chased by the Great Spiritual school countless years ago. He left for the ninth heaven after inflicting serious damage to the four great Celestial Emperors with Liu Li.

Another ten years later, Liu Li arrived at the Big Dipper.

As soon as she entered the Nine Heavens, Liu Li broke through the Heavenly Emperor Stage and ascended to the Sky Sovereign Stage. After that, she ranked on the Supreme Board and became the Sky Sovereign, the current 48th person in the Heaven Realm. However, her ranking wasn't 48, but 28 instead. She had actually surpassed many Emphyreans that had advanced a long time ago.

As a result, when the news about the Honored Warrior Board spread, the entire nine heavens were in an uproar.

Countless cultivators were guessing, what was the origin of that Emphyrean Liu-Li? However, no one had the slightest impression of her. Just as everyone was guessing who she might be, Liu Li entered into the sky and challenged the Pangu Sky Sect, the super sect that spanned nine days.

Two Sky Realm elders of the Pangu Sky Sect had joined hands to fight back, but Liu Li was not a match for them.

One must know that among the two Emphyreans in the Pangu Sky Sect, one had already been promoted for thousands of years, while the other had been promoted for more than ten thousand years. Liu Li had only just advanced for a short period of time, so she probably hadn't even managed to consolidate her cultivation yet.

They fought two against one and did not leave their opponents behind. On the other hand, even though Liu Li had lost, she had to run away with her entire body.

With such a comparison, the two sides' strengths stood out. Everyone believed that if the Pangu Heaven Sect didn't win by a large margin, the final winner would undoubtedly be Liu Li.

After she was defeated, Liu Li did not continue to pester her. Instead, she left Pan Baitian and entered Crimson Nimbus.

After that, there was no more news of her in the Heaven Realm ...

More accurately, it was Jiang Yu's understanding of Liu Li that came to an end. Regarding Liu Li's movements during the last nine days, Tang Huan had learnt them all from Jiang Yu's memories.

Although Jiang Yu was only the Heaven Emperor of the Heaven Realm, the relationship between the Heaven Realm and the Heaven Realm was much closer than that between the Heaven Realm and the Heaven Realm. Almost every year, there would be a number of "Voidwave Divine Boats" stationed in the Heaven Realm. The various major events that happened in the previous nine days would also quickly spread to the middle 18 days.

However, the judgement of time was Tang Huan's own speculation based on Jiang Yu's memories.

Although Tang Huan did not know the details of the great battle that had occurred in the Pangu Heaven Sect, he had a rough understanding of Liu Li's strength and her position among the Emphyreans in the previous nine days.

It was also because of this that Tang Huan was slightly worried.

According to Jiang Yu's memories, Liu Li was ranked number 28, but the black cicada in front of him was ranked number 20. This was an enemy far more powerful than the two Heavenly Sovereigns of the Pangu Sect. After all, among the two of them, one was ranked 33, while the other was ranked 41.

It was a good thing that the ranking was merely a reference.

In the history of the Heaven Realm, whether it was the rankings of the revered cultivators, the Emperor Board, or the King Board, the lower ranked cultivators had all defeated the higher ranked cultivators.

"You do have some strength. No wonder you dare to act so arrogantly in front of this old man."

The black cicada sneered and suddenly waved its fist. A black hole of tens of metres in size immediately appeared in front of it, and with a speed that even its mind could not catch, it swept towards Tang Huan and Liu Li. In the blink of an eye, the black hole seemed to erode everything in the area. Everything grew dark and gloomy.

"He dares to make a fool of himself with this kind of method?"

Liu Li curled her lips in disdain.

In a blink of an eye, with a flick of her finger, a burst of green and white aura wrapped around Tang Huan like a bubble. Then, with a slight movement of her body, she soared into the sky and fused into Pang Shuang's "Nine Palace Glass".

Tang Huan only felt that her surroundings had quietened down, all sound had disappeared, and in her line of sight, there was only a thick layer of green and white luster.

Tang Huan knew that Liu Li was protecting him, so that she wouldn't be affected if she fought with Black Cicada.

This was all part of Liu Li's good intentions, so Tang Huan naturally couldn't ask to run out and cause her trouble. It was just that he did not know what was happening outside. Tang Huan could not help but let his imagination run wild, the battle between the two Sky Sovereigns must have been extremely shocking, and he did not know who would win in the end.

Tang Huan couldn't help but to worry about her gains and losses, but after thinking about it again, she relaxed and smiled.

Liu Li had lived for an unknown amount of time since she was able to become an Emphyrean as soon as she entered the Upper Nine Heavens. Moreover, her rank was so high because of her accumulation of time. The seemingly endless amount of power allowed Liu Li to possess a strength that far exceeded her cultivation level.

Although the black Cicada was ranked higher than Liu Li, it might not necessarily be her match.

If Liu Li wanted to escape, not to mention the 20 ranked Black Cicada, even the higher ranked Emphyreans would not be able to stop her. With Liu Li's current terrifying strength, she could completely escape unscathed.

Chapter 2094 - Yan Luo Immortal Manor

Tang Huan stopped thinking about it, and quickly calmed herself down and concentrated.

After a while, Tang Huan realized that she could actually faintly feel the commotion outside. The "Nine Palace Glass" with its innumerable whiskers seemed to have transformed into whips that crazily lashed out in all directions. It was like a locust swarm that blotted out the sky and covered the earth, seemingly capable of shattering all obstacles in the world.

"Bang, bang, bang ~ ~ ~"

In an instant, the extremely dense sounds of explosions rose and fell one after another, creating a cacophony of sounds.

The huge black hole shattered, and light began to pour into the space that was originally filled with darkness.

The fierce and terrifying Strength Qi wreaked havoc in all directions. In an instant, all the tall mountain peaks within a thousand kilometers seemed to collapse one after another.

Almost at the same time, the black cicada, which was originally standing behind the black hole, suddenly retreated. The exchange just now seemed to have left it at a disadvantage.

However, the black Cicada did not give up.

In an instant, a huge pillar of black smoke rolled towards the "Nine Palace Glass" like a torrent pouring down from the ninth heaven. Its might was like thunder, unstoppable. The glaze of the nine palaces' countless roots crisscrossed the sky, instantly weaving into a thick and massive rattan wall.

In a split-second, the black pillar of smoke fell onto the rattan wall, and an earth-shaking sound once again reverberated through the world. The boundless Strength Qi roared, and countless grains of dust flew in all directions, and the vast space around them began to fluctuate intensely, to the point where the naked eye could see it.

The fierce collision caused the wall of vines and the pillar of smoke to simultaneously collapse into nothingness.

However, before even the blink of an eye, the massive "Nine Palace Glass" had condensed even more roots as if it was a bolt of lightning, once again blotting out the sky as it whizzed forward. In an instant, it completely engulfed the black cicada that had revealed its body due to the smoke pillar exploding.

However, just at that moment, a black aura surged out crazily like a volcanic eruption from the roots that filled the sky, continuously tearing them apart. But almost at the same time, the nine giant flowers of the "Nine Palace Glass" detached themselves from the stem, their petals peeling off layer by layer. They were like countless incomparably sharp blades, piercing through the gaps of countless roots like lightning, seemingly able to cut any obstacle into pieces.

"En!"

Faintly, Tang Huan seemed to catch a low grunt.

Following which, the seemingly boundless darkness started to recede like a receding tide. Tang Huan could vaguely sense that the black cicada's aura was fading away at an alarming rate, to the point that it had completely disappeared in the blink of an eye. The world outside had also gradually returned to clarity.

"He ran away?"

Tang Huan could not help but be moved.

Although the battle between Liu Li and the cicada, the Empyrean, did not last long, the process was extremely intense. Even if it was an ordinary Heavenly Emperor, if they were to be affected, they would most likely be severely injured. Even if they were to lose their lives, it was not impossible.

However, from the looks of the current situation, Liu Li clearly had the upper hand and gained the upper hand. Otherwise, the black Cicada would not have quietly retreated.

"Little brother Tang Huan, you can come out now."

Just as Tang Huan was thinking about that, Liu Li's sweet laughter came out. Immediately after, Tang Huan felt a huge change in her vision. The "Nine Palace Glass" had disappeared, and Liu Li, who looked like a young girl, was standing a few meters away from Tang Huan with a beautiful smile on his face.

Tang Huan was also currently floating in the air, and below him was a complete mess. The mountains had collapsed, ravines were everywhere, and everything within a radius of several hundred kilometers was in ruins. And in an area even further away, although the damage wasn't as severe as this area, it was still affected by the shockwave, and countless plants had turned into ashes.

"Sister Liu Li, thank you very much." Tang Huan looked around, and said gratefully.

"Why are you being courteous to me, your elder sister? Even without my help, you should have a way out. "

"Little brother Tang Huan, we need to quickly leave this place. I estimate that before long, the Black Cicada will catch up to us again."

After pausing for a moment, Liu Li revealed a smile and slowly said, "I only injured him earlier. That injury was not fatal, and with his ability, he will quickly recover. When he chases us again, we don't think that he will be the only one here. There might even be two or three Empyreans. "

Tang Huan nodded, when she suddenly saw Liu Li's pale face. "Sister Liu Li, were you injured just now?"

"Not really. It's just that I've expended too much strength in my heart." Liu Li shook her head, then squinted her eyes with a smile and said, "Don't worry, nothing serious will happen. Just rest up."

"Alright, Sister Liu Li, we will leave now." Hearing her words, Tang Huan finally calmed down.

"..."

Even if Liu Li's mental energy was exhausted, her speed was still faster than Tang Huan's "Void Evasion".

Tang Huan did not try to be brave, and directly entered his own cave's space, with Liu Li bringing along the "Myriad Sword Heavenly Diagram", and entering into the cave, Tang Huan did not stay idle either, she continuously instigated the power of the God Sculpting Crystal, isolating the Qi that came with the Ink Aura, thus, it was difficult for the black cicada to use the remnant Qi of Ink Aura as an example, if he wanted to come back, he would have to chase after it, and would have to spend even more time and energy.

In addition, Tang Huan's voice was transmitted out from the heart of the sword, "Sister Liu Li, do you know of the 'Smokey Golden Immortal'?"

"I've heard of them."

In the blink of an eye, she was already hundreds of thousands of miles away when she heard the voice from the scroll. She could not help but laugh as she said, "That 'Heavenly Abyss Golden Immortal' is a treasure from the Ancient Era's Immortal World. It is said that there are a total of eighteen petals in total, and when they combine together, they can give birth to the 'Heavenly Abyss Immortal Palace'."

"It seems that the Yan Luo Immortal Manor is a place where people practice sage realm. No one has actually seen it. However, this rumor should be true."

Speaking to here, Liu Li laughed even more heartily. "Oh right, Little Brother Tang Huan, the Smoke Golden Immortal that you obtained from the Dubhe Pavilion of the Northern Dipper Immortal Sect should only have one flower petal, right? The eighteen petals of the Yan Luo Golden Immortal must be closely related. If you possess one, you will have the chance to find the other seventeen. "

"Not one, but eighteen." Tang Huan snickered.

"Eighteen?"

Liu Li was obviously shocked, and said after a long while, "This is already enough to form a complete version of the Yan Luo Golden Immortal. I really don't know what kind of luck the Beitang Immortal Sect has, to be able to find eighteen petals from the Yan Luo Golden Immortal. Now, all the petals have been placed into your hands, no wonder the Beitang Immortal Sect even sent out that old bastard, the Black Cicada. "

Chapter 2095 - Don't be reluctant to part with it!

"It seems that I must finish repairing the eighteen petals quickly and form the Yan Luo Golden Immortal. I want to see what exactly the Yan Luo Immortal Manor looks like." Tang Huan said with a smile.

"If it succeeds, then sister will also be able to expand her horizons by entering the Yan Luo Immortal Manor." Liu Li teased and laughed, "When the time comes, don't be reluctant to part with it."

"Don't say that it's just going in to take a look. If the Yan Luo Immortal Manor is really of great use to Big Sister Liu Li, you can just take it with you."

Inside the cave, Tang Huan could not help but laugh.

Maybe the "Heavenly Net Golden Immortal Mansion" that the "Heavenly Net Golden Immortal" carried was truly a very precious cultivation sage realm, but to Tang Huan, it was nothing more than an external object. No matter how important it was, it couldn't be compared to her friends who were around him. If any of the nine spirits, Xiao Budian, Ling Tian, Liu Li and the others were to meet with danger, they would need to use the "Smokey Golden Immortal" to guarantee their safety.

"..."

While she was joking, Liu Li had already traversed through an incomparably distant space and her speed did not slow down in the slightest.

At this time, in the middle of the Northern Dipper Sky, in front of the entrance to the Northern Dipper Immortal Sect, the space suddenly fluctuated violently. At this time, in the middle of the Northern Dipper Sky, in front of the entrance to the Northern Dipper Immortal Sect, the sky suddenly fluctuated rapidly.

The entrance to the Beitang Immortal Sect was located in a large ravine.

The terrain of this ravine was strange. From above, it seemed as if stars had fallen from the sky and created a deep crater. The entrance to the Northern Dipper Immortal Sect was carried by a tall building at the center of the huge pit. The Northern Dipper Immortal Sect called it the Star Seizer Tower.

In front of the Star Seizer Pavilion, many cultivators were entering and exiting. This sudden change immediately attracted the attention of everyone nearby.

Those gazes were filled with surprise.

Judging from the commotion, it was likely that someone was undergoing a long distance teleportation. Moreover, the destination of the teleportation was the entrance to the space within the Beitang Immortal Sect encampment. In the past, if the people from the Beitang Immortal Sect encountered dangerous situations that were difficult to deal with, they would usually use this method to escape.

However, that disturbance was much smaller than the teleportation in front of him.

The Teleportation Equipment refined by the Beitang Immortal Sect is a bit special. Generally speaking, the higher the cultivation, the more power the teleportation required, and the louder the sound, the more powerful the teleportation was.

From the looks of the current situation, could it be that a Heavenly Emperor Stage Elder was being teleported?

"Hu!"

While everyone was still guessing, an almost inaudible sound of something tearing through the air suddenly rang out. Soon after, a black shadow separated from the depths of the whirlpool.

As soon as he appeared, his body fell from the sky like a heavy weight. Both of his feet stomped heavily on the ground in front of the Star Seizer Pavilion, and with a loud "thump", his body staggered the instant he landed, almost falling head first onto the ground.

Fortunately, the old man quickly stabilized his body and let out a long sigh. His face was somewhat blurry, as if it was shrouded in a layer of black mist.

The crowd was bewildered. They seemed to have never seen this person in the Beitang Immortal Sect before.

"Sky Sovereign?"

But right at this moment, a surprised exclamation sounded out.

Hearing these words, all of the cultivators in front of the Star Seizer Pavilion felt their hearts tremble. They were all astonished. Was this the legendary Sky Sovereign Blackcicada from their sect? Everyone subconsciously looked towards the direction of the voice. They saw a green-clothed old man quickly descending from the sky and kneel on the ground.

Very soon, people recognized that green clothed old man. He was a lower level Heavenly King from the Beitang Immortal School.

It seemed like that person must be the Black Cicada Empyrean!

The ordinary cultivators of the Beitang Immortal Sect, the servants of the clan, could become high and mighty Empyreans like the Black Cicada, but the Heavenly Kings and Heavenly Emperors within the sect could occasionally see them.

If others were to admit their mistakes, the Heavenly King would never admit the Black Cicada as a wrong person.

After a moment of shock, everyone woke up from their daze. Just as they were about to pay their respects, the Black Cicada Empyrean's figure had already disappeared into the entrance of the sect.

However, although the Black Cicada Empyrean had already left, the doubt and amazement in everyone's hearts did not diminish.

He was one of the most powerful experts of the ninth day, ranked twentieth on the Supreme List. He was extremely powerful, and his strength was rarely seen. Who would be able to harm him in the Northern Dipper Realm?

It had to be known that although Beidou had three Empyreans, the Black Cicada Empyrean ranked the highest on the ranking board.

Could it be that an Empyrean from another Heaven Realm entered Beidou Heaven and fought a great battle with Empyrean Blackcicada? No matter how he thought about it, this seemed to be the only possibility. However, the Black Cicada Empyrean and the Beitang Immortal Sect had not formed any enmity with anyone recently. Why did the great battle between the two Empyreans happen?

Could it be because of that. The Divine Moon Crystal Soul?

Many cultivators subconsciously thought of these words. So many days had passed, and the matter of the "Divine Moon Crystal Soul" being stolen from Dubhe City had long since spread throughout the entire Northern Dipper Realm, even spreading to the other eight great Heaven Realms. Countless cultivators took this to be a joke.

The cultivators that were dissatisfied with the Beitang Immortal Sect were even waiting to see the Beitang Immortal Sect become a joke.

Inside Dubhe City, there were many Heavenly Emperor Stage Elders, including Mei Xiuya, guarding the city, yet they still had people take away the "Divine Moon Crystal Soul." This was

truly a disgrace to the Northern Dipper Immortal Sect. During this period of time, it was said that the experts of the Northern Dipper Immortal Sect were constantly searching for the location of the "Divine Moon Crystal Soul".

If he had quietly stolen the "Divine Moon Crystal" from under the protection of Mei Xiuya and the others, he would definitely be extremely strong. It was very likely that he would also be an Empyrean. Presumably, his own sect had already found his trail. After which, the Black Cicada Empyrean rushed over to fight him. Unfortunately, his strength was still lacking, which was why he was able to escape after being defeated.

Everyone thought about it and sighed.

Within the encampment of the Northern Dipper Immortal Sect, in a quiet and elegant valley, Zhuo Qinglan's astonished voice suddenly sounded from within the palace: "Master, is Liu Li that powerful?"

"That's right, I have indeed underestimated her in the past."

"Back then, she had just become an Empyrean and was already able to fight against the two Empyreans of the Pangu Sect by herself. Now that so many years have passed, her strength has become even more powerful."

After a brief pause, the Black Cicada Empyrean laughed coldly again, his tone filled with chilliness. "But it's fine. Although her strength is stronger than mine, her strength is limited. After I recuperate for a few days and recover from my injuries, I'll go to Crimson Sky and find her to properly settle the debt I owe her today. "

Chapter 2096 - Nine Palace Peak

Chi Xiao Tian.

The Wanren Peak was like a sharp sword that rose up from the ground. It stood tall and steep, towering into the clouds.

This mountain peak was known as the Nine Palace Peak.

On the peak of Nine Palace Mountain, there was an exquisite hall covered by clouds and mist. It was very indistinct, and this was Liu Li's base. Liu Li used her own name to name her, and it was called the Liu Li Palace.

This Nine Palace Peak originally had another name, it was the base of a small sect.

However, the sect had long since fallen and only a few dozen cultivators remained. When Liu Li chose this place as her residence, the group of cultivators immediately offered everything in this mountain range. They all willingly stayed in the Nine Palace Mountain and acted as Liu Li's servants.

To these cultivators of the ninth heaven, becoming an Empyrean's servant was not the least bit shameful. Rather, it was a great opportunity.

Countless cultivators couldn't do anything even if they wanted to.

That small sect cultivator was completely kept by Liu Li. This was a good thing that had fallen from the sky. Countless cultivators nearby envied him for a long time.

When Liu Li was trapped in the "Heavenly Imperial Dragon Palace", she was still able to create the spirit cave. Naturally, her methods in this area were extremely brilliant.

After choosing the Nine Palace Mountain as her residence, Liu Li began to meticulously reform it. Even now, she still hadn't finished her reform of the Nine Palace Peak.

Currently, the peak of the Nine Palace was already enveloped by a powerful formation, making it impossible for outsiders to enter.

However, early in the morning, the Nine Palace Peak was filled with a group of uninvited guests.

When the cheerful laughter and the sounds of chasing spread throughout the mountain range, the dozens of servants scattered at the foot of the mountain were all extremely surprised.

According to their knowledge, ever since Empyrean Liu-Li had entered the Nine Palace Mountain, other than them and the six maids that Empyrean Liu-Li had brought with her, no one else had come to the mountain. However, from the looks of it, after Empyrean Liu-Li had gone out on a trip, there seemed to be quite a few guests present within the mountain.

It didn't take long before they met the guests.

One was a beautiful young girl, wearing a nine-colored dress, her eyes were colored in nine colors. The other was a beautiful little girl, carved from pink jade, wearing a blue dress, her eyes blue and clear, pure and flawless, and there was an even smaller kid, delicate and cute.

This was only the first wave.

Very quickly, they saw another group of guests. One had a coquettish face, a graceful body, a fiery red dress, and a slender body. The other had a beautiful face, making him look like a young man.

However, no matter if it was the first or second wave, the faintly leaking Qi from the bodies of these guests were all extremely tyrannical and far beyond what they could compare with.

Just when the numerous servants of the Nine Palace Peak were guessing in their hearts, Tang Huan had already sat down cross-legged within the Glazed Glass Hall on the peak of the mountain.

Following Liu Li, Tang Huan went to call for Jiu Ling, Xiao Budian, Ling Tian, as well as Mo Wen Hua Tian Chi and the rest from the cave, and let them go to the Nine Palace Peak to take a breather. As for Tang Huan and Liu Li, they stayed in the palace.

"So this is the Yan Luo Golden Immortal?"

Looking at Tang Huan's seventeen rich lumps of green light and the dim luster of the flower petal in his palm, a hint of novelty flashed through Liu Li's eyes. On the way here, she had long known about Tang Huan's experience in the Heavenly Coffin City, but this was the first time she had seen these "Flaming Golden Immortal" petals.

Tang Huan nodded her head and muttered to herself: "If we want to repair all of these petals that have been stained by the power of the 'divine moon crystal spirit', it will take us one to two years, I am afraid the black cicada will not give us that much time, I think that in a few days, he will catch up to us from the Beitang Heaven, and there might even be more than one person who is here."

"Don't worry."

Liu Li said while beaming, "Little brother Tang Huan, you can stay in peace on the Nine Palace Peak and fix the petals of the 'Smokey Golden Immortal'. If the black cicada can find helpers, can't I find helpers? "After entering the ninth day, elder sister has not been staying for nothing."

However, Tang Huan was not as optimistic as Liu Li, and said seriously: "Sister Liu Li, if that black cicada saw that there was no hope of obtaining back the 'Divine Moon Crystal Soul' and the 'Heavenly Golden Immortal Yan Luo', it would probably spread the news of the 'Heavenly Gold Immortal Yan's' treasure, and at that time, there would be even more Empyreans coveting the treasure."

When he had entered this Nine Palace Peak, Tang Huan had felt it for a bit.

Although the array that covered this mountain range was powerful, it could only block a Heavenly Emperor Stage powerhouse at the very most. If an Empyrean were to make a move, they could easily break through the array and charge in. If there were five or six Empyreans whose strength was on par with the black Cicada, Liu Li would undoubtedly lose.

According to Liu Li, after the Yan Luo Golden Immortal was formed, it gave birth to the Yan Luo Immortal Manor. Even for the Heavenly Sovereign, it was extremely tempting.

If Liu Li was strong enough to ignore all threats, Tang Huan would be able to stay here without a problem. However, if Liu Li was not strong enough to defend against the strong enemies that might appear in the future, Tang Huan would have to consider an escape route. He did not want to implicate Liu Li in his own matters.

Thus, on the way here, Tang Huan had an idea the entire time.

That was to have Jiu Ling, Xiao Budian and Ling Tian stay on Nine Palace Peak, and he would find a suitable opportunity to leave. Black Cicada and the others knew that since he ran away with the "Divine Moon Crystal Soul" and the "Yuluo Golden Immortal", they would naturally not continue to tangle with Liu Li. After all, this was beneficial to him.

However, if Tang Huan really did so, she would definitely attract all of the attention of everyone present.

A Demigod Empyrean could indeed be called a powerhouse of their own. But if they faced an existence at the Empyrean level, then that would be nothing to look at. Therefore, at that time, Tang Huan would definitely be in extreme danger.

"Little brother Tang Huan, what you said does make some sense. However, you are overthinking it."

Liu Li said sweetly, "Now that you think about it, I am already the oldest old monster in the Heaven Realm. The cultivators that existed with me all those years ago have either turned to dust or left the Heaven Realm. Although the current me isn't the strongest in this Heaven Realm, if I were to walk the path of life preservation, no one in this Heaven Realm would be able to compare to me. So, just relax. Even if what you said is true, it doesn't matter. "

"I know what you're thinking."

Seeing that Tang Huan still had something to say, Liu Li smiled again, "Since you haven't said it out loud, then there's no need to say it anymore. Otherwise, big sis would really get angry. "

"Alright, Sister Liu Li, I'll be troubling you with everything."

Tang Huan laughed helplessly, and could only swallow her original thoughts back into her stomach. Since Liu Li had already said it to such an extent, if he continued to persevere, it would be too unreasonable. Since she was so confident, he might as well stay in the Nine Palace Mountain for a period of time.

Chapter 2097. There would be people even more anxious!

Not long after, Liu Li left the palace, saying that she needed to make some preparations to deal with the strong enemies that were coming.

Tang Huan, on the other hand, continued to stay in the hall. After calming herself down, she continued to restore the already dimmed green "Smoke Golden Immortal" petal.

In the remaining time, what Tang Huan needed to do was to completely remove the power of the divine moon's crystal soul, and continuously strengthen the flower petal to contain the power of the immortal spirit, allowing it to return to its former agility.

Unknowingly, nine spirits and Xiao Budian had quietly entered the palace.

Tang Huan had long since taken out the "Divine Moon Crystal". The nine spirits and Xiao Budian did not disturb him, but sat down cross-legged near him and began to absorb and refine the energy contained within the "Divine Moon Crystal". Without the interference from the Mind Stigma, refining the Spirit Moon Crystal Soul was no longer a difficult task for the two of them.

As for Ling Tian, he continued to wander around the Nine Palace Mountain. Mo Hanyun and Hua Tianchi also found a place to sit down and started to cultivate.

Thus, the Nine Palace Mountain peak returned to its former tranquility after a short period of liveliness.

Time flew by, but in the last nine days, there was a piece of news that was constantly being passed around and was being fermented.

The Tang Huan who ranked at the top of the rankings and then used five years to become a lower Heavenly Emperor was already from the Heaven Realm to the Heaven Realm. Moreover, not long after Tang Huan arrived at the "Northern Dipper Sky" Tianshu City, she had snatched the incomparably valuable "Divine Moon Crystal Soul" from the Dubhe Pavilion.

The Northern Dipper Immortal Sect was enraged, but Sky Sovereign Black Cicada personally made a move to investigate Tang Huan's whereabouts.

However, Sky Sovereign Black Cicada did not capture him as he wished, because at the critical moment, Tang Huan was saved by the newly advanced Sky Sovereign Liu-Li.

This news caused many experts in the nine heavens to be secretly shocked.

Sky Sovereign Liu Li, upon promotion, immediately surpassed many old Sky Sovereigns, and reached the twenty-eighth rank. She never thought that in just a few years, her strength had improved greatly, to be able to save Tang Huan from Sky Sovereign Black Cicada, one must know that Black Cicada was ranked twentieth on the Honored Ranking.

To be able to cause the Black Cicada to fail, the current strength of Empyrean Glazed was obviously stronger than the Black Cicada.

However, what interested those experts the most was not the growth in Sky Sovereign Liu Li's strength, but rather that Tang Huan. It was said that Tang Huan had the body of a half immortal, and it was even a very powerful Weapon Refiner.

Dao-fire that contained the power of primordial chaos was truly a rare sight to behold.

Once a Weapon Refiner with this level of Dao fire proved that she was a Divine Realm expert, it was said that she would be able to forge magical equipment, or even supreme magical equipment. This was a supreme treasure that only Deities would have.

Of course, even before the Divine Proof, a Dao item forged by such a Weapon Refiner was of exceptional quality.

The "Divine Moon Crystal" that the Northern Dipper Immortal Sect had lost to Tang Huan was indeed a treasure, but compared to the Weapon Refiner s, it was not worth mentioning.

If Tang Huan was really as the rumors said, then he was the true rare treasure.

If he could get him into his own sect, his usefulness could be imagined... For a time, the experts and large sects that numbered up to nine days were all stirred up.

"Is this news true?"

Pan Baitian, from the Pangu Sect, from within the resplendent palace, a sonorous voice suddenly rang out. The one who spoke was a blue-clothed old man with a burly body and a square face.

This blue-robed old man was none other than the sect head of the Pangu Heavenly Sect, Pan Qiong.

"Definitely not."

On the other side of Pan Qiong, a thin, middle-aged man said with a assured expression, "Sect Master, the first person to release this news was called Du Zhongxuan. He was a middle level Heaven Emperor who came from the Non-Phase Heaven Realm, the" Divine Firmament Sky Sect ". This time, he has come for the last nine days on the Great Void Divine Boat of our Pangu Heavenly Sect. And all along the way, he has also been accompanied by our Disciples of the Pan Clan. "

"That's good."

"This time, we have to bring Tang Huan to our Pangu Sect. If we can't get him ..." would rather kill them than fall into the hands of another sect. " At the end of her words, a bone-chilling murderous intent flashed deep within Pan Qiong's eyes.

"I understand." The skinny middle-aged man nodded, and said hesitantly, "However, that Tang Huan should be at the peak of the nine palaces of the Crimson Sky Kingdom, and he will probably be very hard to obtain."

"Nine Palace Mountain ..."

Upon hearing these words, Pan Qiong's countenance turned extremely gloomy. As the sect leader of the Pangu Sect, how could he not know what those nine palaces signified?

Nine Palace Mountain was where the newly ascended Empyrean Liu-Li resided.

Back then, the great battle at the entrance of the Pangu Heaven Sect had forced back Liu Li. However, the two great Empyreans of the Pangu Heaven Sect had not managed to gain any

advantage, and had even suffered some internal injuries. Liu Li had just advanced, but she was able to calmly retreat against two enemies. To the Pangu Heaven Sect, this was a great humiliation.

For the past few years, the Pangu Heaven Sect had been thinking about cleansing and humiliation.

However, those two Empyreans didn't have absolute confidence in their victory. Only then did they forcefully restrain themselves, and didn't rush towards the peak of the nine palaces. Now, if he wanted to capture that lower Sky Emperor called Tang Huan, he would have to fight with Sky Sovereign Liu Li once again. However, the present was different from the past.

Right now, the Pangu Heaven Sect and the Beitang Immortal Sect weren't the only enemies of the Nine Palace Mountain.

The other super sects that had been up for nine days would definitely not ignore Tang Huan.

After all, whether it was to those super great sects or to those Empyrean level experts, a Weapon Refiner with the potential to forge magic tools was a peerless treasure that they could not afford to miss.

At that time, once they fought, let alone the 28th ranked Liu Li, even the top 10 ranked powerhouses of the revered list wouldn't be able to withstand it.

"Don't worry about that for now."

With that thought, Pan Qiong coldly snorted and slowly said, "Inform the two great Sky Sovereign of this news. Then, dispatch some men to follow the two great Sky Sovereign into Chi Xiao Tian and wait for the right time to make their move. Wait and see. There will definitely be someone who will act more urgently and before we do. "

The thin middle-aged man nodded in realization and said, "Sovereign, I'll go see the two great Sky Sovereign now."

After he finished speaking, the thin middle-aged man turned around and quickly walked away.

After watching his figure disappear into the distance, Pan Qiong's eyes narrowed as an ice-cold glint of light flickered in them.

Chapter 2098 - You did guess it!

Crimson Sky Kingdom, Nine Palace Peak.

"This' Smoky Golden Immortal 'petal has finally been completely restored."

Within the palace at the peak of the mountain, Tang Huan's face revealed a hint of a smile.

After the power of the Divine Moon Crystal had completely melted, the petals of the Flaming Golden Immortal gradually returned to their original color.

Then, Tang Huan used his own Immortal Spirit Insight to nourish it, causing the flower petal to be suppressed and weakened to the extreme.

The flower petals now were incomparably agile. They seemed to be very lifelike, as if they were living things.

"If I'm not mistaken, the time it takes for you to repair the second petal should be much shorter." At this moment, a crisp voice sounded in the hall.

"It is indeed shorter."

Tang Huan raised her head to look, only to see a beautiful girl walking in from outside the hall, she couldn't help but laugh, "Also, the more you fix them, the shorter the time the petals will take."

This was also slightly out of Tang Huan's initial expectations.

Originally, he thought that it would take about the same time to repair each of the Smoke Golden Immortal 'petals, even if it was fast, it wouldn't take too long. However, after repairing the petal in his hand, Tang Huan realized that once the spirit energy inside the petal recovered, its connection with the other seventeen petals would immediately increase greatly. When this connection was strengthened, it would actually form a resonance with the immortal spirit within the petals.

Therefore, the more petals he repaired, the stronger the resonance would be, and the stronger the resonance would be. It would then help Tang Huan to dissolve the power of the "Divine Moon Crystal" that was immersed in the petals.

As a result, the speed at which the petals were being repaired became faster and faster.

After pausing for a moment, Tang Huan seemed to have thought of something and laughed: "Sister Liu Li, are the people from the Beitang Immortal Sect already outside the Nine Palace Peak?"

"You're wrong about that."

Liu Li said with a smile, "I originally thought that the people from the Northern Dipper Immortal Sect, Hei Chan and the rest, would be the first to come. However, I never expected them to still be nowhere to be found. "Not only that, the other great sects have also come."

"Are they here for the Yan Luo Golden Immortal?"

Tang Huan said as if she was deep in thought.

With regards to this kind of situation, Tang Huan had long since expected it, so she naturally wouldn't be surprised at the moment. From Liu Li's description just now, it was obvious that the Northern Dipper Immortal Sect leaked the news about Yan Luo and the Golden Immortal. This was the reason why so many experts from various sects gathered outside the Nine Palace Peak.

The Northern Dipper Immortal Sect wanted to use this opportunity to make a profit by killing someone.

After all, the black cicada was no match for Liu Li. According to normal methods, it would not be able to snatch back the Yan Luo Golden Immortal. Even if it invited helpers to help, the chances were low. Since that was the case, he might as well reveal the news. Even if he couldn't take back the treasure, he had a huge chance of killing him and Liu Li.

"No!" Liu Li shook her head and smiled mysteriously, "The reason they came here is not for that Yan Luo Golden Immortal, but for you!" After a slight pause, Liu Li smiled and said, "Actually, up until now, the Northern Dipper Immortal Sect has yet to reveal the news about the Yan Luo Golden Immortal."

"For me?"

Hearing this, Tang Huan could not help but be startled.

"Yes, for you." Liu Li said with a smile, "Your dao flame that has the power of primal chaos has already made countless cultivators in the nine heavens jealous."

"Dao-fire ..."

Tang Huan's heart jumped, her mind raced, and after a moment, she nodded her head: "I think, I understand what's going on now."

That day, when the Black Cicada had caught up to him and named Tang Huan, Tang Huan had already become suspicious.

From the looks of it now, the black Cicada had indeed confirmed his identity.

And from the information Liu Li had just revealed, the source of his identity should still be in the Heaven Realm. A few years ago, Tang Huan had a huge battle with Jiang Yu from the "Divine Firmament Heaven Sect" at the Non-Phase Heaven Gate. Before he left, he was careless and forgot about the various auras left behind there.

With River Fish dead, the experts of the Divine Firmament Heaven Sect would surely be able to sense it and swiftly rush to the entrance of the Non-Phase Heaven Gate.

If another Celestial Emperor from the Divine Firmament Heaven Sect were to come in person, he would be able to discover some things through the aura. For example, he would be able to discover that his dao flame contained a primal chaos within it.

So many years had passed, and he had already arrived at the top of the ninth heaven on the Godly Nether Heavenly Ship. It seemed like someone from the Divine Firmament Heavenly Sect had also arrived at the top of the ninth heaven to reveal what they had discovered that year. A Weapon Refiner with a Chaos Dao flame could indeed cause many to go crazy for it.

"Have any Divine Firmament Sky Sect cultivators come to the Middle Heaven Realm?" Tang Huan smiled again.

"You did indeed guess it." Liu Li's face was full of smiles as she said, "That person is called Du Zhongxuan. He is a God of Hell Sect's Medial Sky Emperor."

"Not long after you guys left Dubhe City, he and the Pangu Heavenly Sect's Heavenly Kings returned to Dubhe City and leaked the news about you. It was also because of this that the Beitang Immortal Sect inferred that the Gu Ying who stole the 'Divine Moon Crystal' and the 'Youluo Golden Immortal' was you."

"You're in hot demand now."

Liu Li joked, but her expression was still relaxed without the slightest hint of nervousness.

Tang Huan couldn't help but laugh as well, but then she shook her head helplessly. "Did those people really think that just by capturing me, I would be willing to forge Dao artifacts for them? Or did you think that after turning me into a puppet, I would still be able to maintain my peak Tools Method Attainments? "

"There are indeed not many sects that can resist the temptation of a Weapon Refiner who is able to forge an artifact in the future. Even if I can't control you in the hands of my own sect, I can't let you fall into the hands of another sect. So, once they find out that they can't do it, those people will kill you without hesitation. "

The corner of Liu Li's mouth curled up slightly, and ridicule seemed to flash across her eyes. "However, they will soon know that they have made the wrong decision. Little brother Tang Huan, don't think too much into it, just stay here peacefully ... " Before Liu Li finished her sentence, an earth-shaking explosion reverberated through the world.

"I can't stand it anymore?"

Liu Li snorted coldly, her delicate body moved slightly, and disappeared from palace.

Tang Huan looked at the Nine Spirits and Xiao Budian who were immersed in cultivation, and then shot out of palace.

Tang Huan raised his hand and looked up. Following her gaze, she saw that the sky above his was now showing abnormally intense ripples, as if the calm sea surface had been swept away by a hurricane, setting off monstrous waves, wave after wave, causing one's heart to tremble.

Chapter 2099 - Wu Shuang Dao Gate

Above the ripple stood an incomparably robust figure. He wore a fiery red robe and looked to be around thirty years old.

He held a giant golden hammer in his hand, and continued to smash against the formless barrier created by the formation, one strike after another. Although there was no sound coming from the barrier, its might was extremely terrifying, as if that giant hammer could smash a huge hole in the sky.

After a short moment, the shockwaves encompassed the surrounding space of the Nine Palace Peak, and as the gigantic hammer slammed into it, the formless barrier seemed as though it would collapse at any moment.

Tang Huan could not help but look at Liu Li in the blink of an eye, only to see her still smiling, calm and collected.

Not long after, the violent ripples passed through the invisible barrier created by the formation and reached the Nine Palace Mountain, causing it to tremble.

Whoosh.

Subtle piercing sounds came out, and three figures appeared at the top of the mountain at the same time. It was Mo Hanyun, Hua Tian Chi and Ling Tian, and immediately after, the nine spirits and Xiao Budian who were cultivating in palace were also alarmed, their figures flickered, and they arrived beside Tang Huan, raising their heads to look.

They already had a premonition that this day would come sooner or later. However, now that they had personally witnessed the commotion in the sky, they couldn't help but feel astonished.

"Rumble ..."

A short while later, an earth-shattering sound suddenly echoed out.

The formless barrier that enveloped Nine Palace Mountain was like snow under the blazing sun, instantly disappearing without a trace. The terrifying Strength Qi was like a waterfall, pouring down from the location of the red-clothed man.

"Liu-Li, your array doesn't seem to be that great."

High up in the sky, the red-clothed man couldn't help but laugh out loud. His voice was actually like thunder, deafening everyone around him.

The sledgehammer in his hand suddenly smashed downwards, causing the falling Strength Qi to become even more berserk. Like an ancient beast that had escaped its cage, it seemed to be able to tear any obstacle in front of it into pieces.

Glazed brows slightly raised, and his sleeves swept towards the sky.

"Hu!"

An enormous whistling sound came out in a zigzag, and a dense aura of alternating white and green spiralled upwards. It instantly turned into a massive whirlpool that collided with the terrifying Strength Qi that was roaring down from the sky.

There were no ear-piercing sounds that could pierce through gold and shatter stone, nor were there any earth-shattering collisions ...

In the instant the two came into contact, the incomparably violent Strength Qi was like a clay ox entering the sea, it was instantly swallowed up by the white-green colored vortex. With a flick of Liu Li's finger, the vortex rapidly shrunk into a small ball. It shot towards the red-clothed man like a meteor.

"Hmm?"

The red-clothed strong man's pupils shrank as he once again struck out with his huge hammer. On the hammer, there was a huge gap of light.

In just a split-second, the huge golden hammer collided with the extremely condensed whirlpool, creating a thunderous noise. With the collision as the center, the terrifying shockwave roared out in all directions. In an instant, the red-clothed man looked as if he had suffered a heavy blow as he explosively retreated.

"Consecutive? Your strength doesn't seem to be much!"

Liu Li curled her lips in disdain.

Following that, she smiled, looked at Tang Huan, and introduced him: "Little brother Tang Huan, this fellow is called Lian Jin, an Emphyrean from the 'Unparalleled Dao Sect'. He is ranked thirty-six on the Honorable Ranking, and is far from me, who knows where he got his confidence from, and came to my side."

"Liu Li, do you think I came here alone?"

High up in the sky, they had instantly retreated dozens of miles before finally stabilizing their bodies. After coldly laughing, they once again shot forward explosively. However, their expressions had already become quite ugly.

Although it was only a probing confrontation, from the results just now, it could be seen that the gap between Liu Li's strength and his strength was not small. They were both Emphyreans. Moreover, he had entered the Emphyrean Realm far before Liu Li. However, Liu Li's casual attack had forced him back.

"You probably wouldn't dare to come here alone!" Liu Li laughed mockingly and immediately shouted out in a clear voice, "Everyone, since we are already at this place, why don't you show yourselves?"

"Sky Sovereign is right."

Almost at the same instant Liu Li finished speaking, a loud laughter resounded in the world.

It was a green-robed old man with an ugly face, short and thin like a dwarf. However, although his body was small, his voice was shockingly loud and clear, "Since he's already here, why did he need to hide so much and make others laugh?"

"This old man is Hua Yingyan. Greetings, Empyrean Liu-Li."

The short elder cupped his hands towards Liu Li who was at the peak of the nine palaces and her body shot forward like a bolt of lightning. While he was speaking, he was already less than a kilometer away from Liu Li, Tang Huan and the others.

Liu Li smiled as she cupped her hands in greeting, "So it's the Engraved Sky Sovereign. With your appearance, you actually dare to run out and embarrass yourself. Aren't you afraid of provoking ridicule from others?"

The condor's smile immediately froze on its ugly face, and a dense aura of hostility practically condensed into substance, gushing out from the depths of its eyes. It angrily said: "Liu-Li, this old man treats you with respect, yet you, this old man, says such evil words, do you really think this old man is squashing mud?"

"Treat him with courtesy?"

Liu Li scoffed, "You are putting on an act like that, aren't you tired? Even I feel tired for you? I know perfectly well the purpose of your visit to this place and the rest of the fellows around you. Don't waste your breath, just tell me what you plan to do next. "

The lacquer sculpture, Yan Wei, had a green and red complexion.

According to common sense, even if they were destined to fall out, the two of them could still maintain their calm on the surface before falling out. However, this Liu Li completely disregarded common sense and started mocking and ridiculing them upon meeting them, practically forcing them to immediately fall out.

Secretly exchanging glances with Lian Jin, Yan Chen said solemnly: "Liu Li, since you said it like this, then this old man will not beat around the bush with you."

"The old me and the others are here for the Tang Huan beside you."

The lacquer sculpture's two eyes fell on Tang Huan, and said slowly, "For such a gifted Weapon Refiner, to stay on Nine Palace Mountain, would be a complete waste of heaven's resources. Hand him over to me and let me bring him back to the Unparalleled Dao Sect. Our Unparalleled Dao Sect will definitely not mistreat him, you can rest assured. "

"That's right." High up in the sky, Lian Jin's face was gloomy as he shouted loudly, "Liu Li, we must obtain it today. You had better be tactful."

Chapter 2100 Sharp tongued

"My little brother Tang Huan only has one."

Liu Li started laughing, "But, the ones who came here today were not from your Unparalleled Dao Sect. "Over there are the Pangu Heaven Sect's two sides, the Beitang Immortal Sect's Black Cicada, and over there, over there..." As she spoke, she slightly raised her finger and pointed in several directions.

"Even if I were to really hand Little Brother Tang Huan over to you all."

Liu Li made a "chi" sound, and spoke with ridicule. "With this bit of ability of yours, how much certainty do you have, to be able to send my little brother Tang Huan back to the Wushuang Dao Sect?"

"You don't have to worry about that." "The two of us, naturally have ways to send Tang Huan back to the sect."

"Black Cicada, Pan Zhou, what do you say?"

Liu Li's eyes turned slightly as she looked in two different directions before suddenly looking into the distance and shouting loudly.

However, there was no response from either side.

"Liu-Li, don't waste your time!"

When Painted Eagle heard this, he couldn't help but sneer, "Don't think this old man doesn't know what you're up to. You're instigating a fight between us, but you stay out of it and take the chance to fish for profit? Don't blame the old me for not reminding you. If you were to really plan on doing so, you are bound to be disappointed in the end. "

Lian Jin chuckled: "Liu-li, do you really think we're idiots?"

"You guys saw through it so quickly? Not bad."

Liu Li smiled, but her expression instantly turned cold. "What a pity. You two are just two idiots who think that they're smart."

The expression on the face of Engraving Painting Yan He and Lian Jin changed drastically as anger between their brows flared up.

However, before they could even open their mouths, Liu Li ridiculed, "So many Ascendants have already arrived near my Nine Palace Mountain, yet they are all hiding there. Only the two of you anxiously jumped out. You guys can't be naive enough to think that the Northern Dipper Immortal Sect and the Pangu Sky Sect will ally with your Unparalleled Dao Gate, and that the Black Cicada, Pan Zhou and the rest will help you fend off the other Emphyreans, right? "

"How do you know?"

Upon hearing Liu Li's words, both Engraving Painting and Lian Jin were shocked.

Before this, the people from the Northern Dipper Immortal Sect, Pan Gu and the others had indeed discussed things with the two of them. They said that the three great sects had teamed up and seized Tang Huan. The plan was very simple. The two of them had tried to rob Liu Li, but Black Cicada, Pan Zhou, and the others were responsible for blocking the Emphyreans of their large sects. The

three parties divided the work together. After everything was completed, Tang Huan would be controlled by the three great sects.

As for the "Divine Moon Crystal" that Tang Huan snatched away, it was naturally to return it to the Beitang Immortal Sect.

He had originally thought that the discussions between the three sects were extremely secretive, but he didn't expect that Liu Li would reveal everything. Could it be that Liu Li had hidden herself to eavesdrop during the discussions the other day?

"Such a simple matter can be easily guessed just by thinking about it. How big of a secret do you all think this is?" Liu Li said with a disdainful smile.

"You ..."

Painted Eagle Yan He and Lian Jin were a bit angry from the embarrassment. Their expressions were also unsettled. Clearly, they also had some suspicion.

The Black Cicada of the Beitang Immortal Sect wanted to snatch the "Divine Moon Crystal Soul" back from Tang Huan, but it was saved by Liu Li and injured itself; Pan Gu and the others from the Celestial Sect had also fought a great battle with Liu Li, who had just entered the Empyrean Realm, and was able to let Liu Li escape unscathed despite having many enemies. This was a great humiliation to them.

It could be said that no matter if it was the black cicada, or Pan Zhou, they all had enmity with Liu Li.

No one could say for sure if they had other intentions for urging the two of them to act against the peak of the nine palaces. Although Liu Li had just recently ascended to become an Empyrean, she was still extremely powerful. If Liu Li had resisted forcefully, even if they managed to win in the end, the two of them would still be severely injured.

At that time, if Black Cicada, Pan Zhou, and the rest suddenly went back on their word...

It was impossible for them to stop him! In that case, they would have to put in a lot of effort, but they would all have to make wedding clothes for others. They wouldn't even be able to cry if they wanted to.

"Brother Painted Eagle, Brother Lian, don't listen to this woman sow discord."

Right at this moment, a loud shout abruptly echoed out.

From the northeast side of Nine Palace Mountain, two black spots suddenly soared high into the sky, heading towards their direction as fast as lightning. In an instant, their faces were clearly visible to everyone present.

It was a man and a woman, and they were both very young on the outside. The man wore a white robe, and he looked delicate and extraordinary, and the woman wore a black dress. Her face was beautiful, her features were exquisite, and long black hair flowed behind her head like the clouds, reaching up to her waist, giving people a feeling of transcendence.

"Do you see that? They can't stay any longer, right?"

Liu Li looked at the two of them and sneered. "Pan Zhou, Pan Xin, long time no see. How have you been?" Pan Zhou and Pan Xin were the two Sky Sovereigns of Pangu's Sect.

After saying that, Liu Li looked at the two of them. "Ugh, judging from your strength, it seems like you have not improved at all compared to before. You guys have always wanted to find me to wash away your shame, but now that you guys have come, you only have the two idiots from the Unparalleled Dao Sect to investigate while you hide in the corner. Of course, you don't have to be ashamed, people like you aren't rare in this world. "

Saying this, Liu Li's pair of eyes intentionally looked to the front right.

"Liu-Li, you're quite sharp tongued."

Amidst the cold laughter, a black shadow rose up from the forest below. With a flick of a finger, he appeared in front of the Nine Palace Peak, a skinny old man in a black robe. The instant he appeared, a cold aura filled the vast space around him, and even the light in this area seemed to have dimmed slightly.

The corner of Liu Li's mouth slightly lifted as she teasingly said: "Black Cicada, you've finally decided to give up after staying over there for so long."

"Brother Painted Eagle, Brother Lian, don't waste any time with her, hurry up and make your move!" The black cicada said in a deep voice, "Sky Sovereign Pan Zhou, Sky Sovereign Pan Xin, we should prepare ourselves."

"Alright!"

Pan Zhou and Pan Xin nodded in unison.

However, both Yan Ying and Lian Jin did not immediately take action. Immediately after, Yan Ying narrowed his eyes and slowly said, "Brother Hei, why don't we switch? You and the helper you invited will be in charge of taking down Tang Huan. The two Emphyreans of the Pangu Heaven Sect and I will be in charge of intercepting the enemies on the outside. "

"This method is pretty good."

Lian Jin chuckled, "Brother Hei, you've suffered a bit under this woman's hands not long ago, this is a good opportunity to wash away your previous shame."

"Brother Painted Eagle, Brother Lian, you guys ..."

The black cicada's gloomy tone was suffused with a trace of anger.

"If Brother Black is not willing, you can have the two of them." That year, during the battle, the two of them worked together and failed to defeat this woman, but now, it is also the time for us to wash away our previous shame. "
