

W. Master 2141

Chapter 2141 - Top of the Emperor List

To him, the owner of the Thousand Star Garden was like a reborn parent, a reborn benefactor.

If he had not been extremely fortunate enough to meet and be recruited into the Thousand Star Garden, the current him would probably still be in that inn. He could only watch helplessly as the end of his life was nearing, and it would be impossible for him to get rid of the illness in his soul, and even more so, step into the realm of Heavenly Kings where countless cultivators were waiting outside the door.

As of now, he was already the lower Heavenly King, so his lifespan would be extended by a lot.

In the next few days, he could slowly cultivate and advance to a God King, or even a Upper Sky King ...

In regards to this, although he could not be said to be completely confident, he was no longer like before. No matter what time it was, he always felt that his future was bleak and bleak.

After a long while, Meng Gaofeng finally calmed down a little. In the blink of an eye, he looked towards the center of the Thousand Star Garden, his eyes filled with reverence and admiration.

The pavilion there was precisely the residence of the master of the Thousand Star Garden!

He very rarely or even allowed himself to enter that pavilion, and rarely saw the Thousand Star Garden's master. He had stayed here for over thirty years, and the people he had the most contact with were the two servants of the Thousand Star Garden's master. But even so, this did not affect his respect for the Thousand Star Garden's owner in the slightest.

Judging from the Qi of the Thousand Star Garden's master, he should be a Heavenly King.

However, in Meng Gaofei's eyes, he had always been unfathomable. In the few times they had met, that unfathomable feeling only grew stronger and stronger. Perhaps, Heavenly King Stage was just an illusion. Maybe his real cultivation was the Inferior Sky Emperor or even higher.

Not only that, the two servants of the Thousand Star Garden also gave him a similar feeling. The longer he spent with the two of them, the more it felt like this.

The two of them should be the real Heavenly Kings, but I'm afraid their cultivation levels have already reached the limits of the Heavenly Kings Stage, just a step away from the Heavenly Emperor Stage. With their current situation, they might be able to advance to the Lesser Heavenly Emperor Stage anytime.

He'd long since guessed that the matter of the Tower Lord Yang Yi, Peng Zhang, and Bai Jia Mu perishing outside Star Illusion City thirty years ago was extremely likely to be related to the three of them.

Of course, such speculation and judgment ...

Meng Gaofei had always placed this matter in his heart, and would never tell anyone about it. What did the life and death of Yangyi and the other elders have to do with him? He had long since disliked the Clear Void Dao Pavilion. Not to mention that the master of the Thousand Star Garden

had done him a great favor, even if he hadn't, it would be impossible for him to go to the Clear Void Dao Pavilion and inform them.

I wonder what level of cultivation he actually has?

Just as Meng Gaofei was indulging in his fantasies, in the pavilion at the center of the Thousand Star Garden, Hua Tianchi and Mo Wuyun sat cross-legged, motionless like statues. Their expressions were solemn, and in between the two of them was a small scroll that was constantly releasing a faint luster.

Inside the cave dwelling space carried by the scroll, two figures were also quietly sitting cross-legged.

They were Tang Huan's original body and his Immortal body.

"Whooosh."

Two abnormally terrifying auras continuously swept out from his main body and his Immortal body.

At first, the two auras were quite different, but as time passed, the difference became smaller and smaller. In the end, the two auras became one and perfectly fused. In a blink of an eye, Tang Huan's avatar body blended into her body little by little.

In the instant that it was almost completely merged, the already boundless and horrifying aura started to crazily increase. Then, like a storm, it started to roll over and over. In this instant, the entire space within this "Illusory Sword Heavenly Palace" began to fiercely roil about. The aura of the Heavenly Dao filled up every inch of the space.

This enormous disturbance lasted for a long time, and only then did it quickly weaken as Tang Huan's aura converged, until it had completely calmed down.

However, although the activity here had calmed down, all of the Heaven Emperors of the Heaven Realm were greatly shocked. Their expressions changed, because just now, the Emperor Board had suddenly appeared. Under normal circumstances, only when a new Heavenly Emperor entered the rankings or when the Heavenly Emperor's strength had increased greatly would the Emperor Board appear.

The latest appearance of the Emperor Board was nearly ten years ago, when a new name appeared in the ninety-eighth place position, pushing the original one hundred out of the Emperor Board.

And this time ...

When many of the Heavenly Emperors noticed the change in the Emperor Board, the shock in their hearts could not be described with words.

Before this, the Tang Huan whose name shook the Heaven Realm was still ranked eighty-fifth on the Emperor Board. Since she had entered the Emperor Board, she had not changed.

However, at this moment, that name began to rise higher and higher, directly reaching the position of the first on the Emperor Leaderboard.

The crowd of Heavenly Emperors had never imagined that the Emperor Leaderboard would be manifested because of this. In just a short thirty odd years, Tang Huan had soared from the eighty-

fifth place on the Emperor Board to the first place! This was a completely flying jump, and the magnitude of the jump was beyond imagination.

In these past thirty odd years, Tang Huan had disappeared without a trace, and there was not a single trace of news.

The effect of his cultivation was astonishing.

Before this, the person at the head of the Emperor Board was an expert of the Black Yellow Dao Sect and was already a Heavenly Emperor at the peak. He had stayed at that position for a thousand years and now, he was surpassed by Tang Huan in one stroke.

Thirty odd years ago, when Tang Huan had stepped onto the Emperor Board, countless people were guessing her cultivation, and they couldn't come to a conclusion.

But now, everyone started to understand. At that time, when Tang Huan rushed to the 85th place on the God Rankings, she should have just levelled up from the lower Sky Emperor to the middle Sky Emperor, and now that Tang Huan had ranked at the top of the Emperor Rankings, it was clear that her cultivation had broke through once again and entered the Upper Sky Emperor Realm.

As soon as he entered the Upper Sky Emperor level, he became the strongest powerhouse amongst all the Celestial Emperors.

If Tang Huan's cultivation one day broke through to the peak of the Sky Emperor Realm, wouldn't that mean that she would be able to fight against even Sky Sovereign Realm experts?

"Haha, big brother!" It's big brother! "

Crimson Sky. Within a palace located at the waist of Nine Palace Peak, the rapidly churning nine-colored aura rapidly contracted. An instant later, Nine Spirits' beautiful figure was revealed. She was actually beaming with joy and dancing with joy.

"Number one on the Emperor Board? I truly didn't think that Big Brother would rush to the top of the Emperor Board so quickly."

The nine spirits rubbed their two white hands and sighed out loud. They were extremely excited, as though the one ranked first on the Emperor Board was not Tang Huan, but himself.

"Eh, Big Brother?"

Outside the palace, a blue Pterosaur with a huge body was crawling on the ground and constantly napping. However, she suddenly woke up with a jolt, his huge body rapidly fluctuating, then she transformed into a ten year old little girl. It was Xiao Budian, who looked like she had grown up quite a bit.

An instant later, Xiao Budian's dark blue eyes revealed a hint of excitement...

Chapter 2142 - The Most Powerful Celestial Emperor

"Just like that, he's ranked first on the Emperor Board?"

On the peak of the Nine Palace Mountain, within the palace, Liu Li couldn't help but be taken aback.

She was an Empyrean, so she couldn't feel the changes on the Emperor Board. However, since Jiu Ling and Xiao Budian were both in the Nine Palace Mountain, their movements couldn't be concealed from her.

Ever since Tang Huan left the Crimson Nimbus Guild more than thirty years ago, there had been no news of him. Although she could still find out about Tang Huan's existence through the Mind Stigma he left behind, she couldn't help but be a little worried. And now, after knowing that Tang Huan had already ascended to first place on the Emperor Board, that bit of worry in her heart had completely vanished like smoke in thin air.

"It all depends on whether or not he can become an Empyrean in the next few decades."

Liu Li laughed softly as her beautiful eyes quietly closed.

... ..

"How is this possible? That little bastard actually ... "To think that..."

Within the quiet and elegant valley of the Beidou Immortal Sect, Zhuo Qinglan cried out in surprise with a face full of astonishment. He could not believe his own eyes.

A Heavenly Emperor, his rank on the Emperor Board had suddenly risen from eighty-five years old to first place. This was something that had never appeared before in the history of the Heaven Realm.

But now, such a miracle had actually happened to Tang Huan.

For such a character, as long as he didn't die, who would be able to stop him from stepping into the Empyrean level.

Originally, it was not a bad thing for the Heaven Realm to have an Empyrean in the future. However, that Empyrean had enmity with the Beitang Immortal Sect. This was not a good thing at all.

Generally speaking, no sect in the Heaven Realm would easily have a death grudge with an Empyrean level expert.

Even the supreme sects such as the Void Dao Pavilion and the Black Yellow Dao Sect weren't as powerful. The Northern Dipper Immortal Sect, which was slightly weaker than them, was no exception. After all, it was the revenge of an Empyrean.

It was too terrifying. Even though their own family was overseen by an Empyrean, this was still a very troublesome matter.

At this moment, Zhuo Qinglan was a little upset and a little worried.

If only he had known earlier, he would have given the "Monarch Moon Crystal Soul" and "Yan Luo Golden Immortal" to Tang Huan. However, who would have known that Tang Huan's cultivation speed and potential were terrifying to such an extent?

However, now that things had come to this, regrets were useless.

"We cannot let Tang Huan continue to break through. Otherwise, our Beitang Immortal Sect will meet with calamity." Zhuo Qinglan's face darkened, and suddenly shot out of palace.

"..."

... ..

"Tang Huan?"

Wei Xuanji exclaimed in astonishment at the Clear Void Dao Pavilion.

"Exactly." Yuan Hua nodded his head and sighed, "I really didn't expect that Tang Huan's cultivation level would increase at such a shocking speed. Thirty years ago, she was still ranked 85th on the Emperor Board, but now, she is ranked as number one on the Emperor Board.

"With that Tang Huan's potential, in a hundred years, we might have another Emphyrean!"

At this point, a trace of envy could not help but appear in Yuan Hua's eyes.

He was also one of the top experts on the Emperor Leaderboard. He had been a peak-level Heavenly Emperor for thousands of years, and although he had been pursuing higher realms, he had never been able to break through.

But now, a young junior had easily surpassed him. This made his mood extremely complicated.

"The number one emperor beneath the Sky Sovereign?"

Wei Xuanji snorted lightly, "There's no need to envy him. If that kid from our Clear Void Dao Pavilion didn't cultivate too late, I'm afraid he wouldn't even reach the position of first on the Emperor Board."

"Pavilion Master is talking about Elder Feng Zhuo?" A hint of a smile appeared on Hua Yuan's face.

"That's right." Wei Xuanji nodded with a smile filled with praise. He slowly said, "If I remember correctly, he should be a lowly Heavenly Emperor now, right?"

"Pavilion Master is wrong, Feng Zhuo is already a middle Heavenly Emperor." Yuan Hua said with a smile.

"A God?"

Wei Xuanji was slightly surprised. "I've only been cultivating in seclusion for less than ten years, and he has actually broken through again?" The Innate Dao Body truly is marvelous. "

"Yeah."

However, the gap between him and Feng Zhuo is still very wide. After thirty years, Feng Zhuo was only promoted from a ninth level Heavenly Lord to a God King, while Feng Zhuo had already advanced from the first level to the God Emperor. "

Speaking of which, a look of disbelief appeared on Hua Hua's face.

To be honest, it had only taken him thirty years to advance from a ninth level sky marquis to a intermediate level sky king. This speed was already quite frightening. However, compared to Feng Zhuo's cultivation speed, it was obviously not enough. In that group of Cabinet disciples, Feng Zhuo could be said to be riding on a cloud of dust, far ahead of everyone else.

The palace god's blessing that the sect had placed great hopes on was the first to be promoted to Heavenly King among the group of Cabinet Disciples. However, after that, the gap between him

and Feng Zhuo had been gradually narrowed, and in the end, Feng Zhuo had successfully overtaken him.

However, the position of the pursuer and the person being chased was completely reversed.

When Feng Zhuo first surpassed her, Gongye had solemnly vowed to surpass him once again; however, the further one pursued him, the more distance they would have from the figure in front of them. As time passed, Gonggong suffered a huge blow to his confidence and even lost the confidence to continue chasing.

It was difficult to break away from the shadow of Feng Zhuo, so the future achievements of the Divine Palace would definitely be limited.

Originally, many of the experts in the sect felt that there wasn't much of a problem with being bestowed the title of Heavenly Emperor by the Palace Gods. In fact, there was even great hope for an Empyrean.

But now, the experts of the Clear Void Dao Pavilion all felt that with the Divine Palace Inheritance, it was already very good to be able to break through to the Realm of the Supreme Celestial King. As for the Realm of the Ascendant, the chances of it being the Realm of the Ascendant were extremely slim.

Thinking of this, Yuan Hua felt somewhat regretful.

"Compared to Feng Zhuo, his willpower is too weak."

Wei Xuanji also shook his head, "Otherwise, with his aptitude, he might already be a Highest Heavenly King and not a Intermediate Heavenly King. However, everything related to cultivation depended on him. In my opinion, the selection for the successor Pavilion Master s ten years from now, the Divine Palace Inheritance ... Forget it, just add Feng Zhuo. "

"That's the only way."

"..."

In the 18 days, especially in the upper nine days, all of the Heavenly Emperors were extremely shocked. As for those Empyrean level powerhouses that had quickly received news of this, they were all bewildered, and many Empyrean spirits even felt a strong sense of urgency.

"Upper Sky Emperor ..."

At this moment, in the Thousand Star Garden, inside the cave that the "Myriad Sword Heavenly Diagram" carried within, Tang Huan had already slowly opened his eyes. His eyes were brimming with laughter, "If everything inside the Clear Void Dao Pavilion were to go as planned, I estimate that in at most another fifty years or so, she would be able to return from the mission."

"At that time, I will be able to attack the Empyrean level!"

"..."

Chapter 2143 - Peeping

After entering the Clear Void Dao Pavilion, Tang Huan's main body and her Immortal body had been wholeheartedly practicing in the Star Illusion City the entire time.

In these thirty years, Tang Huan had never left Star City, and the number of times she had even walked out of the Thousand Star Garden could be counted on one hand. If she wanted to buy anything, she only needed to tell Hua Tianchi and Mo Wuyun. They and Meng Gaofei would naturally handle it well.

For the past 30 years, Tang Huan had never been distracted.

Within the Yan Luo Immortal Manor, the Immortal Body clone had already entered the tenth petal space. The energy that he obtained was getting closer and closer. Next, Tang Huan would need to pass through eight more flower petals to be able to enter the mysterious area in the center of the immortal palace, so he might be able to obtain some information related to the Immortal Spirit Ancestral Court.

As for the main body, it relied on the chaos energy derived from the "chaos origin crystal" to cultivate.

After discovering that he had the "Innate Dao Body", the Clear Void Dao Pavilion had indeed spared no effort in nurturing him. They had used all kinds of precious resources, and in a mere thirty years, they had forcefully pushed him from a small first level heaven stage to a God Emperor realm.

It was fortunate that the news regarding him never spread, or else the entire first nine days would have been in an uproar.

At that time, it was unknown how many cultivators' eyeballs would pop out from their sockets.

Tang Huan stood up, if the Clear Void Dao Pavilion continued to nurture him, in a few decades, the cultivation base of that body should be able to catch up to her main body and her Immortal body avatar.

Tang Huan had killed Yangyi and the others, so she could be considered to have formed a huge enmity with the Clear Void Dao Pavilion.

However, the Clear Void Dao Pavilion had done him a great favor for his body ...

Thinking about this complicated relationship, Tang Huan was speechless.

In the future, if that body completed its mission and left the Clear Void Dao Pavilion, Tang Huan would naturally leave behind enough treasures to compensate for the Green Void Dao Pavilion's kindness. However, if her identity was exposed, and the Qing Xu Dao Pavilion came to seek revenge for the murder of Yang Yi and the rest, Tang Huan would not be merciful.

Tang Huan smiled slightly, and in the time between mind instructs (in a second), he left the cave.

"Master!"

Seeing this figure suddenly appear, both Hua Tianzhi and Mo Wuyun revealed expressions of joy. In an instant, Mo Wuyun couldn't help but ask, "How is it?" Hua Tian Chi understood that she was asking if Tang Huan had broken through to the Upper Sky Emperor Realm, hence, he also looked at Tang Huan without blinking.

"It's a success!" Tang Huan laughed.

"Congratulations Master!" Hua Tian Chi's expression changed, while a joyous smile appeared between his brows.

"Let's go, let's go to Star Mirage City and take a look."

Tang Huan smiled as she waved her hand. She then walked out of the pavilion, and the scroll turned into a stream of light that entered into his Dantian. But just as she stepped out of the pavilion, Tang Huan could not help but stop in her tracks, in that moment, the depths of his soul started to throb.

It was as if ... Someone was spying on him!

Of course, this kind of spying wasn't done in secret, but rather, using the heavens' law to predict his movements. Tang Huan understood that this feeling was not baseless. Just now, when she was promoted to the Upper Sky Emperor, she could see the Emperor Board taking shape, and something must have happened to the Heavenly Dao.

The strange events of the Heavenly Dao were all caused by him.

Under such circumstances, if someone tried to deduce his location, they would be able to find him.

"Master?" Hua Tian Chi and Mo Hanyun had just caught up, and were a little surprised to see that Tang Huan had stopped moving.

"I'm fine." The corner of Tang Huan's mouth raised slightly, revealing a wisp of a smile, she continued to move forward.

"..."

...

"Tang Huan is actually flying through the starry sky!"

Beitang Tian, one of the inside the cave of the Beitang Immortal Sect, saw the black fog billow violently, and a slightly shrill voice suddenly rang out, following that, the fog quickly retreated like the tide, revealing a skinny figure dressed in black robes. It was the supreme elder of the Beitang Immortal Sect, Hei Chan.

"Master, you found the whereabouts of Tang Huan?" Zhuo Qinglan's delicate cry of surprise suddenly sounded out from the cave entrance, and her beautiful face was filled with astonishment and amazement.

"That's right." Black Cicada laughed strangely, "Everyone thought that the little bastard was still hiding in the Nine Palace Mountain. They didn't expect that he had already left for that Soaring Starry Sky. "It is fortunate that the Heavenly Dao has moved. Otherwise, I might not have been able to discover this secret."

As an Emphyrean, he naturally was unable to sense the existence of the Emperor Board.

The Heaven Realm had not made any movements the moment the Emperor Board appeared, but at that moment, the aura of the Heavenly Dao would definitely show different fluctuations. Although the duration was extremely short, people with extraordinary strength were able to communicate with the Heavenly Dao and deduce many things.

Just now, the Black Cicada had carried out some deductions on a whim, and did not expect that it would actually detect traces of Tang Huan.

This result caused the black cicada to be somewhat surprised, but it immediately became ecstatic.

"Master."

After Zhuo Qinglan was momentarily stunned, he was also incomparably surprised and joyful, "That Tang Huan should have just risen to become an Upper Sky Emperor, and in the end, activated the heaven's way and revealed the Emperor Board. The current him is already at the top of the Emperor Board. "I'm afraid he also didn't expect that her whereabouts would be exposed after he broke through."

"Top of the Emperor Leaderboard?"

The black cicada was shocked, and only asked hesitantly after a long while, "Then what opportunity did Tang Huan obtain in the Soaring Starry Sky, how did her strength increase so quickly?"

The voice slightly paused, and the black cicada once again muttered to itself, "Tang Huan is currently in the center of Flying Star City, which seems to be Star Illusion City. It's impossible for him to go to Star City for no reason at all. She must have some ulterior motive. " At this point, the black cicada seemed to have thought of something, "I remember you saying that thirty years ago, three lower level Heavenly Emperors of the Clear Void Dao Pavilion were killed outside of Star Fantasy City and the murderer still hasn't been found?"

"Do you think the Tang Huan from thirty years ago has the ability to kill three Lesser Celestial Emperors?"

"I think so."

Zhuo Qinglan pondered for a bit, then nodded his head, "At that time, Tang Huan probably had just become a middle level Heavenly Emperor, but he was ranked eighty-fifth on the Emperor Board. With his strength, she could easily kill Yang Yi and the other two from the Clear Void Dao Pavilion. As she spoke, Zhuo Qinglan seemed to have understood something, "Master, you mean ..."

"Since he has that kind of strength and ability, and he's in Star Illusion City, would the Clear Void Dao Pavilion consider him as the murderer if they found out about this news?" The black cicada sinisterly said.

"But what if he went to the Flying Star Palace recently?" Zhuo Qinglan hesitated.

"Who knows if he went recently or thirty years ago?"

"..."

Chapter 2144 - They're here!

"Tang Huan?"

Astral Sky, Clear Void Dao Pavilion, and the majestic palace, Wei Xuanji gasped in a low voice as he could not help but frown slightly.

It was impossible for him to not know about Tang Huan.

Thirty years ago, due to the matter of "Divine Moon Crystal", Tang Huan's name had already shaken the entire Nine Heavens, and then, Tang Huan had once again stepped onto the eighty-fifth rank, causing her name to once again resound across the Heaven Realm. Today, thirty years later, Tang Huan had stepped onto the top of the Emperor Board in one fell swoop, causing countless cultivators of the Heaven Realm to be even more flabbergasted.

Just a few days ago, he was astonished by the change in the Emperor Board.

However, that news made him somewhat suspicious. Thirty years ago, that Tang Huan had already left the peak of the nine palaces of the Crimson Sky Kingdom and arrived at the Flying Star City, then continued to live in seclusion until today.

Thirty years ago, a major event happened in Star City.

Yang Yi, Peng Zhang, and Bai Jia Mu had been killed by three lower level Heavenly Emperors. Up until now, there had been no news of Gao Ling's murderer. This matter had caused the entire Clear Void Dao Pavilion to feel extremely humiliated.

At that time, Tang Huan was able to make it onto the God Rankings. One could only imagine how strong she was.

If he wanted to kill Yang Yi and the others, it wouldn't be difficult.

The news about Tang Huan being in Star City 30 years ago suddenly spread out. It was obvious that they wanted the Clear Void Dao Pavilion to link Tang Huan, Yang Yi and the others to the matter of them being killed.

Although he could not forget about the murderer, he did not act immediately after hearing the news.

With the power of the Clear Void Dao Pavilion, if they really wanted to make a move on Tang Huan, they would naturally not have to worry about Qin Xian Ye who was ranked second on the revered list, but, he did not want to act rashly and be used as a spear.

"Do you know where this news came from?" While he was thinking, Wei Xuanji had already asked solemnly.

"It was the Sect Leader of the Northern Dipper Immortal Sect, Zhuo Qinglan. He personally sent someone to spread the news, saying that when the Emperor Leaderboard appeared a few days ago, the Heavenly Sovereign of Black Cicada deduced Tang Huan's location." Hua Yuan slowly said.

"Zhuo Qinglan?"

Wei Xuanji's eyebrows slightly rose as he said with some surprise, "Since the news originated from her, I believe that it can no longer be fake."

Yuan Hua nodded his head and said with a smile, "Zhuo Qinglan must have known that our Clear Void Dao Pavilion wouldn't easily believe the rumors. That's why he was able to get the source of the news and didn't try to hide it." However, they are also worried about Qin Xian Ye, so even if they know where Tang Huan is, they would not dare to make a move on him. They can only inform us of the news, and use our Clear Void Dao Pavilion to get rid of Tang Huan. "

"That's right."

Wei Xuan slightly nodded, and said in a cold voice, "Since Tang Huan is most likely Gao Ling, then we should immediately take action, to prevent unnecessary trouble. She would first rush to Star City and capture Tang Huan, so that he wouldn't escape. If he is truly the murderer of Yangyi and the other three elders thirty years ago, then we will definitely not let him off lightly! "

"What if it isn't?" Hua Yuan asked hesitantly.

"It isn't?"

Wei Xuanji's brows slightly furrowed, and he was a little hesitant. However, his right palm instantly turned into a blade as it fiercely smashed down on everything as killing intent overflowed from between his brows.

"Understood!"

Huanghun nodded. Naturally, he knew why Wei Xuanji would make such a decision.

Even though Tang Huan was still the Sky Emperor, with her talent and potential, it was certain that she would become the Sky Sovereign in the future. Although the Clear Void Dao Pavilion had numerous Emphyreans, there would still be a time when they would leave the Heaven Realm or have their souls destroyed. In time, Tang Huan might become one of the strongest Emphyreans in the Heaven Realm.

At that time, who in the Clear Void Sect could stop him?

If he proved in the end that Tang Huan was the culprit, he would definitely die. But in the end, if they could prove that Tang Huan was not the culprit, then capturing him to interrogate others would be equivalent to offending them. If they let him leave here alive, she might become a huge threat to the Clear Void Dao Pavilion in the future.

As a result, after capturing Tang Huan, no matter if he was the killer who killed Yang Yi and the others for thirty years, the outcome was already set in stone.

"Let's go!"

"This time, I will personally lead the team to Star Fantasy City. That Tang Huan is already the number one emperor, if there is no Heavenly Sovereign present, you guys might not be his match!"

"..."

... ..

Star City, Thousand Star Garden.

This enormous manor seemed to have become much colder.

Meng Gaofei was puzzled by this change. A few days ago, the master and the two servants of the Thousand Star Garden left this place, and after strolling around Star City, they made a decision that he found difficult to understand, and that was to dismiss all the people they had recruited over the past thirty years, leaving him alone.

Meng Gaofei originally thought that they would be leaving Star City, but for the next few days, they continued to stroll around the city without any signs of leaving.

Meng Gao Fei was completely confused, but if they didn't say anything, he didn't want to pursue the matter.

However, while feeling suspicious, Meng Gaofei couldn't help but be a bit worried. The abnormal actions of the three of them, as master and servant, might very well portend some unforeseen event that was about to occur.

"Manager Meng, the master invited you." A voice woke Meng Gao Fei up. He looked over and saw a figure sneakily approaching the door with a face full of smiles.

"So it's Brother Fang." Meng Gao Fei quickly stood up.

"..."

After a while, Meng Gaofei followed the Heavenly Flower Lake with the alias "Fang Yuan" and walked into the pavilion at the center of the Thousand Star Garden. He also saw Tang Huan sitting on a prayer mat with her legs crossed.

"Greetings, Master."

Meng Gao Fei immediately bowed towards Tang Huan, his expression extremely respectful.

Until today, Meng Gaofei still did not know Tang Huan's name. Initially, he had addressed Tang Huan as "Senior", and then changed her name to "Garden Master", and later, like Hua Tianzhi, he also called him "Master" ... The change in salutation naturally reflected the change in his mental state.

"Supervisor Meng, we've been together for thirty years, so it can be considered fate."

Tang Huan slightly smiled, and said with some regret, "However, I've pretty much finished today. You have been managing this manor for many years and have always been doing your best to fulfill your responsibilities. I am extremely grateful and this can be considered as a bit of kindness to me.

With that, a small spatial ring appeared in Tang Huan's hand, and floated towards Meng Gaofei.

"Master, this ... This ... "Why is that?"

Hearing this, Meng Gaofei was shocked. He did not expect that this time he was summoned to leave the Thousand Star Garden. These days, he had also been guessing whether he would be fired, but he hadn't been willing to give it much thought. He didn't think that he would actually be expelled. "But what have I done that I haven't done well enough?"

Tang Huan waved her hand and smiled: "Manager Meng, there is no need to think too much about it. You have done well, but I'm afraid we won't be able to stay in the Thousand Star Garden. I think in another day or two ..." Just as she said that, Tang Huan's voice suddenly stopped, They are already here, their actions are fast enough!

Chapter 2145 - What a big battle array!

"They?"

Meng Gaofei couldn't help but be stunned.

Hearing this, his master seemed to have offended someone, and that person was extremely powerful. Otherwise, it would have been impossible for him to leave the Thousand Star Garden or Star Fantasy City.

Now, those people seemed to have arrived.

"Manager Meng, it looks like you won't be able to leave for the time being. If you leave now, I'm afraid you'll be in trouble. Why don't you go to my dimensional device for a while?"

Tang Huan laughed, and then summoned the "Myriad Sword Heavenly Diagram", "Oh yes, after so many years, you still do not know my name, and it is indeed a little hard to say, but I will tell you now, my name is Tang Mingxiu."

"Tang Huan?"

Meng Gao Fei repeated the name once, and then he seemed to have thought of something, his eyes opened wide as he looked at Tang Huan in disbelief and cried out, "Tang ... Tang Huan... That Tang Huan... "

"That's right, it's that Tang Huan!"

Tang Huan said with a slight smile, the "Myriad Sword Heavenly Diagram" expanded and the powerful energy of the sucking enveloped Meng Gao Fei, Hua Tian Chi and Mo Wen Yun inside, "There's no need to resist, come out after all this. Heaven Lake, Hanyun, the two of you go in first. " As soon as her voice fell, the three of them were sucked in.

Following that, Tang Huan kept the scrolls that were closed, and a surprised look appeared on her face.

A few days ago, after he had advanced to become an Upper Sky Emperor, although he had sensed that someone was spying on him through the Heavenly Dao, he had no idea where it came from.

From his estimation, the peeping should have come from either the Northern Dipper Immortal Sect or the Pangu Sky Sect. However, the former that had just arrived at Star City was not from the super sects of the Outer Heaven Realm. Instead, it was from the Flying Stars Sect's Clear Void Sect ... This made Tang Huan a little suspicious.

Logically speaking, even if they found out that it was Tang Huan, there was no need for the experts from the Clear Void Dao Pavilion to rush over.

Was it because the Northern Dipper Immortal Sect revealed the news of Yan Luo Golden Immortal and aroused their greed, or was the matter of him killing Yang Yi and the others exposed thirty years ago?

Whatever the reason, it would soon become clear.

"Those who have come from afar are guests. Why don't you all come to my building and have a seat?"

After a moment, Tang Huan suddenly laughed leisurely, and raised her voice.

At almost the same instant Tang Huan uttered the last syllable, six figures appeared out of nowhere in front of the Thousand Star Garden's central tower. They were the of the Clear Void Dao Pavilion, Wei Xuanji, Great Elder Yuan Hua and the others.

"Tang Huan?" Wei Xuanji suddenly spoke up as he stared at Tang Huan with his eyes that were as sharp as knives, as if he wanted to pierce through Tang Huan's soul.

"That's me."

Tang Huan laughed indifferently, "How do I address everyone?"

With regards to them accurately finding this place, Tang Huan was not surprised at all.

After all, this group of cultivators from the Clear Void Dao Pavilion had an Empyrean rank expert. It wasn't strange for them to be able to sense the existence of an Empyrean after entering the Star Fantasy City.

Wei Xuanji gave a cold snort, "This old man is the Pavilion Master of the Clear Void Dao Pavilion, Wei Xuanji. These five are elders of our Clear Void Dao Pavilion and have all entered the Emperor Board. I believe you know of them as well."

Tang Huan's eyes swept across the people beside Wei Xuanji and said as if she was counting family treasures: "Ranking of the Emperor, third, Yuan Hua; Ranking of the Emperor, eighth; Yan Wenxiu; Ranking of the Emperor, twenty-first; Xiang Hua; Ranking of the Emperor, fifty-sixth; Wan Xiluo; Ranking of the Emperor, eighty-fourth; Xiao Tianyi... Pavilion Master Wei, this is really a big battle. "

"If the lineup is small, how could it be worthy of your status as the top of the Emperor List, Brother Tang Huan?" However, compared to Wei Xuanji, his tone was much gentler as he slowly said, "Brother Tang Huan, I have a question for you."

"Oh?" Tang Huan raised her eyebrows slightly.

"Thirty years ago, was Brother Tang Huan in this Star Fantasy City?" Yuan Hua looked at Tang Huan and asked with a congealed voice, the smile on her face quietly disappearing.

"If I say no, will you believe me?"

Tang Huan swept her gaze across Yuan Hua and the rest, and then couldn't help but laugh as she said calmly, "It seems that none of you believe it. Alright, 30 years ago, I was indeed in Star Fantasy City ... I assume that is the answer that you all want to hear? "

Wei Xuanji, Yuan Hua and the rest looked at each other and frowned slightly.

In an instant, Wei Xuanji began to laugh coldly, "Tang Huan, do you think that just by saying this, you can dispel all of our suspicions towards you? Regardless of whether you admit it or not, thirty years ago, three of our Clear Void Dao Pavilion's lower level Heavenly Emperor Elders were killed outside Star City. That was your greatest suspicion. "

"First of all, Gao Ling, who was closely related to the matter of our three elders' deaths, once sold a high-grade saint rank Dao item to Yang Yi. And you are a very brilliant heaven's work.

"Secondly, thirty years ago, although you were just a middle level Sky Emperor, you were able to rank 85 on the God Rankings. Your strength is tyrannical, and you are comparable to an upper level Sky Emperor. With your strength at that time, killing the three lower level Heavenly Emperors Yang Yi, Peng Zhang, and Bai Jia Mu of our Clear Void Dao Pavilion in a short period of time wasn't a difficult task. "

"Third, your concealing techniques are extremely brilliant, and you can even deceive the Heavenly Dao. Other people would find it extremely difficult to avoid the Clear Void Sect's pursuit, but you are different. If you don't have the right opportunity, even if it's an Empyrean, it would be impossible to find your hiding place and end up like this. If it weren't for the fact that you were promoted to the Upper Sky Emperor and the strange movements in the heaven's way, who would know that you have been hiding in Star Fantasy City for the past thirty years? "

"Fourth, you said that you haven't been in Star City for the past 30 years, who can prove that?"

Wei Xuanji's tone had already become more and more severe, and by the end, his tone was already stern as a sharp and dense killing intent flashed deep within his eyes.

"And then?"

Tang Huan's face was calm, and she smiled indifferently, "Pavilion Master Wei, you are probably trying to say that I was the one who killed the three elders of your Clear Void Dao Pavilion. "Since that's the case, we don't need to waste any more words. Why don't we just make our move and wait for the outcome of the battle to be decided before we discuss anything else?"

"Brother Tang Huan, no need to be agitated."

"We are only trying to confirm your identity. We did not say that we had already determined you to be the culprit," said Huanghun with a smile. However, if you wish to eliminate your suspicions, it is best that you can produce some evidence. After all, words have no basis.

"Tsk tsk, your logic is quite strong."

Tang Huan laughed sarcastically, "You guys ran over to my house and said that I was the one who killed your Clear Void Dao Pavilion elders. I said that I was not the culprit, but you have to prove that I am not This way, it's fortunate that you have the face to say it. In my opinion, there's no need for us to waste any more time. "

Tang Huan's body slightly moved, she slowly stood up, his eyes slightly narrowed, the cold aura in his eyes intimidating, "Yang Qian and the other two, were indeed killed by me, all of you take action!"

Chapter 2146 - 1v5

It was unknown what kind of news Wei Xuanji, Yuan Hua, and the others had obtained. They would definitely not let this matter rest.

With the Clear Void Dao Pavilion's style of doing things, even if they suspected Tang Huan, regardless of whether she admitted it or not, in the end, she still had to make a move.

At that time, if Tang Huan was captured, even if he was not the killer who killed Yang Yi and the rest, the Clear Void Dao Pavilion would definitely not let him off. As far as Tang Huan was concerned, since Wei Xuanji and the others had come looking for him, the enmity between him and the Clear Void Dao Pavilion was already settled.

Since that was the case, Tang Huan couldn't be bothered to waste her saliva on them anymore.

"Very well, as you have admitted, we will save you the trouble."

Wei Xuanji chuckled. He did not care if Tang Huan's words were true or false as he waved his hand and viciously shouted, "Elders, seize this Tang Huan first."

"Yes sir!"

In a split-second, Yuan Hua and the rest had surrounded Tang Huan.

As for the Pavilion Master of the Clear Void Dao Pavilion, Wei Xuanji, he stood to the side with his hands behind his back. It was obvious that he was looking down on his own status and did not plan to make a move immediately. Even if the Heavenly Emperor was ranked number one on the Emperor Board.

"You know that I am the number one emperor, yet you still dare to act this arrogant? May I know where all of you are so confident?"

Tang Huan squinted her eyes and laughed.

Seemingly at the instant his words fell, Tang Huan seemed to have transformed into a towering giant mountain, a vast ocean, and an incomparably majestic and terrifying boundless aura surged out like a raging storm. In an instant, it filled the entire pavilion, and then like a storm, it crazily swept out in all directions.

"Boom —"

In the blink of an eye, the pavilion exploded like a firework, turning into ashes and vanishing into thin air.

The undulations from this aura transformed into a terrifying pressure. The faces of Great Elder Yuan Hua, Yan Wenxiu, Xiang Hua and the rest all changed. At this moment, even with their cultivation and strength, a strong wave of fear emerged from the depths of their souls.

"Attack!"

With a grave expression on his face, Huanghun roared.

However, the moment his voice rang, Tang Huan had already taken the initiative to take action. Lifting his right arm slightly, he casually punched out with his fist, but the fist silhouette instantly became incomparably large, rumbling and rushing forward. It swept past everything in its path, as if even a hole could be created by this fist.

At the same time, Tang Huan's left arm seemed to have turned into a soft noodle, it actually twisted behind him, and with a blade-like palm, she slashed out.

"Slash ..."

In the midst of the cracking sound, a pitch-black crack roared forward like a giant dragon, as if it wanted to swallow up the thin elder that was facing the crack.

"Ha!"

Hua Yuan's eyes were wide open as he bellowed furiously.

Immediately after, a golden long saber appeared in his hand. It danced quickly and turned into layers of saber lights that gathered together before rolling forward. In the blink of an eye, they had already collided head on with Pang Shuang's fist shadows, and the earth-shaking sounds of their collision together with the incomparably powerful Strength Qi began to wreak havoc in all directions.

"En!"

With a groan, Huanghun staggered backward. His body trembled as he retreated backward. A sickly red flush rose on his face.

At almost the same time, the skinny old man who was pointed at by the dark crack also activated the long spear in his hand. A bunch of Fire Red Spear Radiance seemed to have been formed completely by flames, and with lightning speed, they charged into the dark crack.

"Bam!"

The spear light shattered, but the crack continued to open up. The power that cut out the crack was like a hot knife through butter, rushing in straight and striking the Fire Red Long Spear. In the next

moment, the thin elder seemed to have lost control of his body and was involuntarily thrown backwards.

Tang Huan did not hesitate, her body slightly twisted, her right hand turned into a claw, grabbing towards the grey robed elder who was rushing at him from the side.

His left hand pointed out with a finger, and a transparent, flame-like ripple roared out from the tip of his finger. In the blink of an eye, it condensed into a transparent fire dragon that seemed to be able to melt everything. Opposite the fire dragon, a beautiful woman in her thirties had already brandished a longsword made of ice and snow. Hundreds and thousands of white sword beams turned into a bone-chilling flood. Wherever they passed by, space seemed to be sealed in ice.

The gray-robed elder waved her right fist, which flashed with lightning towards Lei Ming, as if it was entangled with countless lightning bolts. In less than half a breath of time, the fist had forcefully clashed with Tang Huan's right claw, causing a deafening explosion.

With a cry of pain, the gray-robed elder's body was involuntarily sent flying. His right fist was actually shattered in an instant, and even his right arm was shattered into countless pieces. It was a miserable sight to behold.

"Ugh!"

At almost the same time, another delicate snort sounded out. The transparent fire dragon and the white torrent ferociously clashed against each other with an irresistible force.

The torrent of sword gleams was sharp and cold.

However, after coming into contact with the fire dragon, it began to melt at a speed that was difficult to be seen with the naked eye. However, while the beautiful woman was stunned, the torrent of sword gleams had already vanished into thin air. The translucent fire dragon moved forward and wrapped itself around the snow-like longsword in her hands.

The sword rapidly dimmed, and the beautiful woman looked as if she had suffered a heavy blow. Her expression immediately became dispirited, and her delicate body hastily retreated backwards.

This beautiful woman was the one ranked 56th on the Emperor Leaderboard, Wan Xi Rou; the thin elder was the one ranked 21st on the Emperor Leaderboard, Xiang Hua, while the grey robed elder was the eighth on the Emperor Leaderboard, Yan Wen Xiu. Other than Great Elder Yuan Hua, the remaining green-clothed youth among the five elders was the one on the Emperor Board, Xiao Tianyi.

However, in the blink of an eye, the battle situation had undergone a tremendous change.

From start to finish, Tang Huan had only released a punch, a palm, a claw, and a finger.

However, among the five elders, Yuan Hua, Yan Wenxiu, Xiang Hua Mao and Wan Xi Rou, the four of them were instantly forced back by Tang Huan. The remaining green-clothed youth that was the slowest stopped on the spot out of reflex when she saw this scene, and she almost didn't dare believe her own eyes.

Tang Huan's counterattack was indeed simple, but it was also unstoppable.

However, Yuan Hua, Yan Wenxiu and the rest were all powerful experts on the Emperor Board. They had immense experience facing the enemy and facing them alone, was indeed no match for Tang Huan, who was ranked first on the Emperor Board.

Unfortunately, after such a short period of time, Yuan Hua and the other four Sky Emperor were already defeated, and a few of them were even injured by Tang Huan.

Chapter 2147

That was all he could do?

"What happened?"

"This... What was this situation? Someone is making a move in the city? "

"It seems to be from the Thousand Star Garden ..."

"..."

This huge commotion had already alarmed the entire Star Illusion City.

Countless cultivators rushed up to the sky and looked towards the center of the city in the blink of an eye. All of them were shocked beyond words.

At this moment, the Thousand Star Garden was already filled with billowing smoke and dust, and terrifying auras fluctuated out, causing one's mind to be shocked. The powerful Strength Qi also spread out wave after wave, and many of the nearby houses were completely destroyed, with many cultivators frantically escaping.

It seemed to be a battle between two Celestial Emperors.

If this battle were to continue, the entire Star City would probably be completely destroyed.

"This aura" Was it Yuan Hua? The Great Elder of the Clear Void Dao Pavilion, Yuan Hua, is over there! " Immediately, someone cried out uncontrollably. Apparently, they had recognized Yuan Hua's identity through his breathing.

"It really is Yuan Hua!"

"..."

Throughout Star City, more and more cultivators recognized Yuan Hua.

Thirty years ago, Yang Yi and the other two elders of the Clear Void Dao Pavilion were killed. At that time, Yuan Hua personally came here to investigate. At that time, countless cultivators sensed his aura. Although it had already been thirty years, many of the cultivators from back then had stayed in Star City and thus were able to recognize him.

However, it was still alright if he did not recognize Huanghun. The moment his identity was revealed, the countless cultivators in the city stared at him in astonishment and tongue-tied.

Yuan Hua, who was previously ranked second on the Emperor Board, was now ranked first on the Emperor Board by Tang Huan, while Yuan Hua was ranked third on the Emperor Board. Although his ranking had changed, his strength would not decrease. In the Clear Void Dao Pavilion, he was the strongest cultivator below the Ascendant level.

Such a character had actually snuck into Star City, and even had a huge battle with someone in the Thousand Star Garden!

At this moment, the shock in everyone's hearts could be imagined.

However, what caused the cultivators in the city to be even more astonished was still Yuan Hua's opponent.

There were a total of six auras that surged out from within the city. Among them, there were four auras that seemed to belong to the owners and Yuan Hua, and all of them seemed to be the Upper Sky Emperor level experts. As for the sixth aura, it was faintly discernible and was floating in the air.

If these five Upper Sky Emperors were to fight together, how terrifying would the strength of the enemy be?

The battle was taking place in the Thousand Star Garden. It was very likely that the enemy of Hua Yuan was the master of the Thousand Star Garden. In the past thirty years, no one knew who the master of the Thousand Star Garden was, and almost no one had ever seen him.

For a servant to have such a high level of cultivation, the master's cultivation must not be too low either.

At first, everyone thought that the owner of the Thousand Star Garden should also be a peak-level Heavenly King. This was also the result of many bold people instigating their minds to quietly sense something. But now, everyone realized, the owner of the Thousand Star Garden was most likely not a peak level Heavenly King, but a peak level Heavenly Emperor!

No one felt that he was an Emyrean. After all, if he was an Emyrean, the culprit would not be Great Elder Yuan Hua or the other Emyrean Gods. Instead, it would be the Pavilion Master, Emyrean Wei Xuanji!

Who knew what kind of status he had, to actually cause the Clear Void Dao Pavilion to go all out?

As the countless cultivators in Star Fantasy City were in shock and uncertainty, Wei Xuanji's complexion had already become extremely unsightly within the ruined Thousand Star Garden.

Yuan Hua and the rest fought one against five. To think that things would end up like this.

Tang Huan was the number one emperor in the entire Heaven Realm, and was extremely powerful. This was without a doubt, but the five elders were not weak either, Yan Wen Xiu was ranked eighth and Yuan Hua was ranked third on the Emperor Board, but the five of them were actually so weak in front of Tang Huan.

As an Sky Sovereign, he wanted to take charge personally so that Yuan Hua and the others would not be a match for Tang Huan. However, he never expected that the difference in strength between the two sides would be so great.

"Pavilion Master Wei, is that all the Elders in your Clear Void Dao Pavilion can do?"

Tang Huan stood with her hands behind her back, glanced at Xiao Tianyi who was so frightened that he did not dare to make a move, and then looked at Wei Xuanji with a mocking smile.

"Whoosh!" "Whiz ..."

The sound of something tearing through the air echoed out.

Yuan Hua, Yan Wenxiu, Hua Mao, and Wan Xi all shot back like lightning, and once again surrounded Tang Huan in the middle. However, after hearing Tang Huan's words, their faces instantly turned even uglier, and their eyes flashed with embarrassment and anger that could not be hidden.

The Heavenly Emperors on the Five Emperor Rankings, who had teamed up to besiege Tang Huan, who had just been promoted to the Upper Sky Emperor, were easily repelled.

"Tang Huan, don't be too arrogant. Our battle has just begun." With an ashen face, Huanghun spoke in a low voice.

"No, for me, the battle with you is already over." Tang Huan smiled slightly. "Fighting with a group of Upper Sky Emperors like you is simply too much of a waste of time. If I am in a good mood, it would be fine to play with you all. However, I am not that interested right now. "

"You ..."

Tang Huan's words were full of contempt, and when they heard Yuan Hua and the others' words, they nearly exploded in anger. A dignified Upper Sky Emperor, no matter where he went, would always be respected and respected, but now, they were actually looked down upon. However, the few of them could not refute him.

Judging from the previous exchange, Tang Huan's strength had indeed far surpassed theirs. If they continued to fight, Tang Huan would definitely be playing with them. However, how could the elders of the number one sect in Heaven Realm possibly lose so easily when they were working together?

"Elder Yuan, all of you retreat first!" At this moment, Wei Xuanji suddenly opened his mouth and exclaimed in a low tone.

"Yes sir!"

Yuan Hua and the rest were slightly taken aback. They could only retreat helplessly. Although they were secretly relieved, there was no sign of improvement in their expressions. To deal with a newly advanced Upper Sky Emperor, they would need the help of their own Heavenly Sovereign Pavilion Master s. Wouldn't this make the Upper Sky Emperors like them even more powerless?

"Pavilion Master Wei, are you planning to personally make a move?" Tang Huan said while beaming, "That's right, we should have done it earlier."

"Since you do not wish to play with Elder Yuan and the others, then I shall play with you." Wei Xuan said coldly.

"I, a mere Upper Sky Emperor, can actually have an Empyrean to accompany me in my play. It is indeed an honor."

Tang Huan smiled widely, and then changed the topic of conversation, and slowly said, "However, in Star Fantasy City, if we go too far, we will inevitably cause damage to the city, bringing about harm to the innocent. How about we go out of the city first, then we can enjoy ourselves, I wonder what Pavilion Master Wei thinks?"

"Go outside the city?"

Now, he finally found an opportunity to speak as he said with a cold smile, "Tang Huan, you aren't thinking of fleeing, are you?"

Chapter 2148 - Sky Sovereign Zhan (1)

"Escape?"

Tang Huan scoffed, and looked at Xiao Tian Yi as if he was looking at an idiot, "How useless is an Sky Sovereign going to be to let an Upper Sky Emperor run away from him? Are the Pavilion Master s of the Mighty Heavenly Dao Pavilion as useless as you think? "

Xiao Tianyi was so angry that his entire body was trembling. He quickly glanced at Wei Xuanji, then angrily scolded: "You ... "You're talking nonsense, I don't mean that, I ..."

"Alright!"

He stopped Xiao Tianyi from speaking, then coldly snorted and said, "Tang Huan, let's do as you say. If you plan on escaping, just give it a try. If you succeed in escaping, that would also be your ability as well."

"Pavilion Master Wei is too much of a joke, how could I have that kind of ability?"

Upon hearing this, Tang Huan could not help but burst out laughing, and immediately replied in a stern voice, "This matter should not be delayed, Pavilion Master Wei, why don't we depart and head out of the city right now."

"Let's go!"

Wei Xuan waved his hand and took the lead to rush towards the east of the city, as if he did not care about Tang Huan who was behind him.

However, his powerful consciousness had already encompassed most of the surrounding area, including Tang Huan. Any unusual movements on Tang Huan's part would be immediately detected by him.

Smiling faintly, Tang Huan also flew up into the sky and chased after him as fast as lightning. When Yuan Hua, Yan Wenxiu, Xiang Hua, Wan Rou and Xiao Tianyi, the five great elders of the Clear Void Dao Pavilion saw this, they subconsciously looked at each other, then soared into the air at almost the same time, closely following behind Tang Huan.

Seven figures flashed across the sky above Star Mirage City like lightning.

This scene was instantly captured by countless of cultivators within the city. After a short period of silence, the entire Star City seemed to have boiled over.

"Pavilion Master Wei! That was Pavilion Master Wei Xuanji of the Clear Void Dao Pavilion! He is a genuine Sky Sovereign! "

"Isn't that the second elder of the Clear Void Dao Pavilion, Yan Wenxiu, and the third elder, Hua Mao?"

"I'm not seeing things am I? Fifth Elder Wan, Wan, Rou, and Eighth Elder Xiao Tianyi are actually here as well?" Five of the nine great elders of the Clear Void Dao Pavilion have arrived in one go. "

"..."

"That person seems to be the master of the Thousand Star Garden. Just where is he from?"

"Tsk tsk, the Clear Void Dao Pavilion actually even sent an Empyrean out for him! Their status must be extraordinary!"

"..."

From every corner of Star Mirage City, cries of surprise rose and fell.

There were many Pavilion Masters and elders who knew the Clear Void Dao Pavilion. Even if they couldn't be judged by their auras, they could still recognize them immediately after seeing their faces.

At this moment, the countless cultivators in the city were even more shocked and tongue-tied.

There were many Elders in the Clear Void Dao Pavilion, but those that were collectively called the "Nine Elders" were all Upper Sky Emperors, and there were even some that had reached the Peak Upper Realm. Out of the nine great elders, five of them came, adding the fact that there was also an Empyrean level Pavilion Master ... This lineup was truly luxurious.

However, such a luxurious lineup actually appeared in Star City, which naturally caused many people to be extremely surprised. Their curiosity towards the master of the Thousand Star Garden, who brought them here, was immediately raised to the peak, or they speculated about his identity, or wondered what kind of feud existed between him and the Clear Void Dao Pavilion.

All sorts of whispers instantly converged into a huge sound wave that reverberated back and forth in the sky.

The many cultivators in the Star Fantasy City also didn't dare to go too far in their investigation of the Thousand Star Garden. Otherwise, they would have found the answer a long time ago.

Tang Huan, Wei Xuanji and the others were not affected in the slightest. In a few breaths of time, they had already left Star Illusion City, and only stopped when they were about ten thousand kilometers away from the city.

"This place is not bad, it's suitable for long sleep."

Yuan Hua swept his gaze across the tall mountains below him, and then stared at Tang Huan who was hundreds of meters away with his eyes as he spoke with a gloomy expression. At this moment, he, Yan Wenxiu, Xiang Hua and the other four Upper Sky Emperors had once again spread out, surrounding Tang Huan from a distance.

"If Elder Yuan is interested in resting here for a long time, I would be happy to help." Tang Huan glanced at Yuan Hua and said smilingly.

"Tang Huan, words are useless to you."

Yuan Hua laughed coldly, while Yan Wen Xiu and the rest also looked at Tang Huan coldly.

In their eyes, the current Tang Huan was no different from a dead person. Although Tang Huan was currently the number one emperor in the Heaven Realm, no matter how strong the Heavenly Emperor was, there was still quite a large gap between him and the Sky Sovereign.

The five of them retreated backwards almost simultaneously, and in an instant, they were thousands of miles away from Tang Huan.

"That's right."

Tang Huan nodded her head and smiled, she no longer bothered with Yuan Hua and the rest who had retreated, but turned to Wei Xuan Ji in the blink of an eye: "Pavilion Master Wei, it's time for us to begin."

As he spoke, Tang Huan's fighting spirit was already boiling. After sensing that the situation was amiss, the main reason why he did not leave, was because he wanted to fight with Wei Xuanji.

Empyrean were also divided into upper, middle, and lower levels. Wei Xuanji was a lower level Empyrean.

A middle level Sky Sovereign and an upper level Sky Sovereign were definitely not something the current Tang Huan could contend against, but a lower level Sky Sovereign was more or less suitable for the current Tang Huan.

Before he made his move, Tang Huan didn't dare say that he would definitely be able to defeat Wei Xuan Ji in the end. However, he was extremely sure that even if he lost to Wei Xuan Ji in the end, he would still be able to escape the Clear Void Dao Pavilion's pursuit, and escape with his life ... With this, it would be enough to support him in his battle with the Sky Sovereign!

"That's exactly what I wanted!"

Wei Xuanji snorted as his eyes opened and closed, seeming to emit an incomparably sharp sword beam.

In the next moment, he raised his right hand. A thick golden aura roared out and circulated between his fingers. In less than half a blink of an eye, Wei Xuanji had already extended his hand and grabbed forward. His five fingers seemed to have transformed into five incomparably thick and huge pillars that supported the sky as extremely dazzling golden radiance unceasingly blossomed.

"Sky Sealing Hand, Earth Splitting Prison!"

Eight characters jumped out of Wei Xuanji's mouth, so cold that they seemed to be devoid of any emotion, and the instant he spoke those words, Wei Xuanji's right palm merely trembled slightly as a peerlessly powerful energy rippled outwards, as if it was sealing off the heavens. As for those five thick golden fingers, they seemed to have cut an area of a hundred kilometers from this space, turning it into an independent space that looked like a prison.

Chapter 2149 - Sky Sovereign Zhan (2)

"As expected of the Sky Sovereign!"

A thousand meters away, Tang Huan's eyes focused.

Wei Xuanji's strength was terrifying to the extreme. The moment he attacked, he had already isolated himself from the Heavenly Energy within a radius of fifty kilometers and completely sealed off the entire area. Terrifying energy swept in from all directions as if it wanted to shatter all visible and even invisible obstacles.

Tang Huan seemed to be in a space that had been cut apart, standing alone and without help.

In this sort of situation, an ordinary Upper Sky Emperor would no longer have the ability to resist. Besides tying up to him, he probably had no other way.

But to Tang Huan, this was only a small pressure.

In the next moment, a slight smile appeared on Tang Huan's face. In between the mind instructs (in a second), her body quickly split into two, and following that, the main body's "God Creation Divine Crystal" was activated to the extreme. As the divine crystal's power pervaded the air, her main body seemed to have disappeared without a trace at the same time.

Even Sky Sovereign could not detect any trace of Tang Huan's body with the power of the divine crystal.

At almost the same time, Tang Huan's divine body expanded rapidly like a balloon, instantly transforming into a giant that was tens of thousands of metres tall. Her body emitted a faint golden luster, and the boundless immortal spirit aura roared out in all directions like a violent wave.

"This is the pure divine body created from the Sun Spirit Body?"

Unexpectedly, he had instantly determined the origin of Tang Huan's divine body. But after a moment, Wei Xuanji could not help but sneer, and with a slight movement of his palm, his five fingers, which were like giant pillars supporting the sky, began to contract rapidly.

The space under his palm started to compress crazily, and a terrifying power started to squeeze towards the center from all directions. Almost an instant later, the void started to ring with crackling noises, and countless powerful energies shot out, blotting out the sky and roaring towards Tang Huan's divine body.

"Ang!"

"Roar!"

At almost the same time, the dragon's roar and tiger's roar faintly burst out, shaking the heaven and earth.

Immediately, a golden dragon and a giant golden tiger appeared beside Tang Huan's Immortal Body clone. The dragon and tiger were incomparably large, and as the Immortal Body clone swam around the dragon and tiger at a high speed, a vast wave of immortal spirit aura surged out. It was as if they had toppled mountains and overturned seas, and in the blink of an eye, they seemed to have solidified.

At this moment, the avatar of the Immortal began to use the Immortal art, the "Draconic Tiger Celestial Art"!

Immediately after, Tang Huan's clone started waving her ten fingers as fast as a butterfly, the immortal spirit energy around him was immediately activated, condensing into a huge golden flame in the air. As soon as the flames appeared, they began to split apart at a speed that was difficult for the naked eye to catch.

In the blink of an eye, a sea of golden flames surrounded his Immortal body.

"Whooosh."

The whistling sound echoed.

Within the sea of flames, golden waves rose up as the incomparably berserk Strength Qi swept in all directions. This wave of fire didn't emit the slightest bit of heat. Instead, it contained an

incomparably sharp will that could sweep through everything in the world. It seemed to be able to destroy everything in its path, and could even destroy all obstacles.

At that moment, it was as if an extremely huge volcano was erupting. However, what this volcano was spitting out was not molten lava s or raging flames, but countless sharp blades. In a blink of an eye, it erupted with a destructive might, and at that moment, the world seemed to have come to an end.

This was the celestial spell, "Metal Spirit Fire".

With a pure Immortal Body avatar and a cultivation at the Upper Sky Emperor level, the power of this Immortal Technique from the "Beginner Immortal Sect" was unbelievably strong. When he first learned the "Metal Spirit Fire", its power was only about 1/100,000 compared to now.

In a split-second, layer upon layer of golden fire waves collided with the energy that was accumulated in the surrounding area.

"Boom —"

Earth-shaking explosions sounded out.

At almost the same time, the violent and overbearing Strength Qi tumbled in all directions, like a torrent of water pouring down from the ninth heaven, surging forward with an irresistible force. Any obstruction that tried to obstruct her footsteps seemed to vanish like smoke in thin air under that terrifying might.

Under such a violent impact, kacha, kacha sounds immediately rang out from the surroundings.

The five figures that were like enormous pillars began to swiftly retreat. In the sky, the palm images that covered the sky and covered the sun also appeared to become thinner. The Heavenly Energy, which was isolated, had once again returned to its original state.

"Tang Huan, where did you learn this Ancient Era's Immortal Technique?"

The moment he finished speaking, the finger and palm images had already completely disappeared without a trace, and the Strength Qi continued to wreak havoc wantonly in the area around them. In the time it took to snap a finger, the palm images within hundreds of kilometers were erased into nothingness.

Yuan Hua and the rest who were watching the fight from afar were so shocked that their eyeballs nearly popped out of their sockets.

Just now, Wei Xuanji had used a very powerful art of the Clear Void Dao Pavilion called "Celestial Prison". Under normal circumstances, if an Emphyrean level powerhouse were to use such a method on a Highest Heavenly Emperor, it meant that the result had already been decided. There was basically no possibility of a miracle happening at all.

Therefore, just a moment ago, Yuan Hua and the rest had assured expressions on their faces.

But just when they were about to enjoy the scene of the arrogant Tang Huan being locked up by the Pavilion Master in one go, an unexpected scene appeared. In less than a breath of time, the battle situation had already changed drastically, and Tang Huan actually used her immortal body to block Wei Xuanji's "Celestial Prison" sacred art.

The scene in the distance had completely turned everyone's minds upside down.

They never would have thought that Pavilion Master, an Empyrean level ranker, would also fail when she personally acted. They really wanted to see all of this as an illusion, but looking at the disturbance in front of them, it was clear that Tang Huan had withstood the attack of the "Sky Prison" ability, and even shattered it with a single blow.

A mere Upper Sky Emperor was actually able to withstand the attack of a lower level Sky Sovereign ...

If this was in the past, no matter how much others bragged, they would never believe that such a bizarre thing could happen in this world. But now that they saw it with their own eyes, they had no choice but to believe it. But at this moment, the shock in their hearts couldn't be described with words.

He was a Highest Heavenly Emperor, and his own sect also had several Empyreans within it. They were well aware of just how great the disparity in strength was between a Highest Empyrean and a Highest Empyrean. Such an unbelievable miracle had actually happened today. The shock that this brought to them could be imagined.

Chapter 2150 - Sky Sovereign Zhan (3)

"Tang Huan?"

Thousands of miles away, a Heavenly King caught sight of Wei Xuanji's cry of surprise and could not help but be stunned for a moment.

At this moment, there were at least dozens of cultivators like him who had also discovered something like this.

As Wei Xuanji, Yuan Hua and the rest left the city, the countless cultivators in the city followed along. The cultivators below the Heavenly King Realm could only make out some activity from afar and deduce what was happening over there. However, when the Heavenly King focused his mind to the limit, he could vaguely sense the situation over there.

The two words "Tang Huan" that Wei Xuanji inadvertently shouted out shocked all the Heavenly Kings to the point that they were dumbfounded. When this news spread, a huge commotion immediately erupted outside of Star Fantasy City. Various cries of surprise converged into a huge sound wave that wantonly surged through the world.

Tang Huan's name resounded like thunder in everyone's ears.

Currently, it was no longer the time for Tang Huan to enter the Heaven Realm for the first time. Many pieces of information regarding Tang Huan had already spread during the last nine days.

Tang Huan, a Heavenly King from the Lower Heaven Realm, had just entered the Heaven Realm and was already at the top of the King Rankings. She had observed the "Great Cloud Wall" for three years and had already stepped into the realm of the Inferior Sky Emperors.

After that, Tang Huan rode the xuanji Pill Sect's "Void Divine Ark" and arrived at the top of the nine heavens. After entering the Upper Nine Heavens, he had a feud with the Northern Dipper Immortal Sect and snatched away the incomparably precious "Divine Moon Crystal Soul". This caused a huge commotion in the Upper Nine Heavens, and it was only when the second ranked Qin Xian Ye appeared that everything returned to peace.

Not long after, Tang Huan was ranked 85th on the Emperor Board, and her name once again shook the entire Heaven Realm.

It was only a few days ago that news of him spread. It was said that his name had already reached the top of the Emperor Board and became worthy of his title as the number one emperor in the entire Heaven Realm. The moment the other cultivators heard of this news, they were all shocked speechless.

These stumps, one after another, created Tang Huan's reputation of chasing up to an Empyrean.

This also allowed him to have countless of fans in the Heaven Realm, and it was unknown how many cultivators saw Tang Huan as an idol to be worshipped.

It was just that no one could have imagined that the opponent of all the experts in the Clear Void Dao Pavilion would be Tang Huan!

Previously, countless people had guessed the identity of the Thousand Star Garden's master and thought of countless possibilities, but almost no one could guess the name "Tang Huan".

After all, it had always been rumored that Tang Huan lived on the peak of the Ninth Palace in the Scarlet Sky, under the protection of Empyrean Glazed.

No one would have thought that Tang Huan would have already left Chi Xiao Tian and come to Star Fantasy City. It was said that the Thousand Star Garden had a new owner more than thirty years ago, and the Thousand Star Garden had not changed hands since then. This meant that Tang Huan had already lived in the Star Fantasy City's Thousand Star Garden for more than thirty years.

At this moment, the expressions of the countless cultivators outside the Star Illusion City were filled with indescribable surprise.

Although they did not know how Tang Huan and the Clear Void Dao Pavilion got into a feud, everyone already knew most of what had happened in Star City.

It must be that after the Clear Void Dao Pavilion found out about Tang Huan's tracks, they went on a large scale and attacked Star City's Thousand Star Garden.

First, it was Yuan Hua, Yan Wenxiu and the rest of the five Great Elders attacking Tang Huan together. Unfortunately, they were easily defeated by Tang Huan. Hence, Wei Xuanji, the Heavenly Sovereign, was prepared to personally take action. Perhaps it was because he didn't want to destroy Star Fantasy City, and he didn't want to involve the innocent. Hence, he moved the location of the battle to Star Fantasy City.

From the looks of the exchange of blows, Wei Xuanji did not seem to have the upper hand either.

This was unbelievable.

After all, an Empyrean and an Empyrean should be able to crush the latter with absolute superiority, but in reality, this was not the case. Surprised, all of the cultivators' hearts were itchy. They wished they could rush into the ring of battle and personally witness the battle.

"Where did I learn that from? Do I have to tell you that?"

At this moment, Tang Huan's loud laughter suddenly resounded.

However, the voice was not from Tang Huan's Immortal body, but from his main body. Seemingly at the instant Wei Xuanji's words fell, Tang Huan's actual body appeared a few thousand meters behind him. The tiny "Primal Chaos Source Crystal" transformed into a streak of white light and shot explosively towards him.

"Hmm?"

The corner of Wei Xuanji's eyebrows slightly twitched and a look of astonishment flashed in his eyes. He turned around at an astonishing speed, and directly punched out with his fist. An incomparably large golden figure roared out from his fist, and instantly, it landed on top of the "Primal Chaos Source Crystal" with an incomparably ferocious strength.

"Bang!"

Amidst the loud noise that sounded like the sound of breaking metal, the Strength Qi flew out violently and visible ripples swept across the area.

However, at the same time, the "Primal Chaos Source Crystal" began to expand rapidly, and in the blink of an eye, it had already expanded to a height of hundreds of thousands of meters. Not only did the retreat immediately stop, it even began to crush forward.

This enormous object filled up a vast expanse of space, and also blocked off Tang Huan and Wei Xuanji's line of sight.

"What a huge chaos origin crystal!"

"What a strong chaos energy!"

"..."

Yuan Hua, Yan Wenxiu, and the rest who were watching the fight from afar all exclaimed in surprise.

Even with their statuses and statuses in the Upper Nine Heavens, they had never seen a "Primal Chaos Source Crystal" with such a massive body and such strong chaos energy. Although ordinary "Chaos Origin Crystals" were rare, they could occasionally be purchased. However, such "Chaos Origin Crystals" were definitely rare.

No matter how many "Immortal Yuan Heavenly Beads" he had, it was impossible to buy them. How did Tang Huan obtain them?

"Huh?"

This sudden change also caused Wei Xuanji's expression to change slightly.

Even someone as powerful as him could feel a pressure that he hadn't felt in a long time. His body was pushed back more than a hundred li, and a sword suddenly appeared in his hand as he swept it forward like lightning.

"Slash ..."

Amidst an ear-piercing tearing sound, a golden sword beam that was thousands of meters long roared out as it was swept by the longsword. In an instant, it tore open a hundred-kilometer long crack in the air, and landed on Pang Shuo's "Primal Chaos Source Crystal" with lightning speed.

Amidst a deafening explosion, the sword beam shattered and golden light spilled out in all directions. The "Chaos Source Crystal" abruptly sank down and crashed into the ground.

Instantly, the heaven and earth shook as a small half of the Origin Crystal sunk directly into the ground. Countless amounts of dust and sand were sent flying by the impact of the Strength Qi, and many large and small gullies, with the Origin Crystal as the center, quickly split open in all directions. In less than half a blink of an eye, the entire area within a radius of a few hundred kilometers had been pierced with thousands of holes.
