

W. Master 2171

Chapter 2171 - Character Seal

Floating in the endless void was an extremely weak cyan ray of light; it was only the size of a grain of rice.

Even if the Voidwave Divine Vessel were to pass by, no one would notice its existence. However, even though it was just a tiny cyan light, it contained 10% of the space fragment of the Immortal World. Inside the dimension, the mountain range was filled with winding rivers and the aura of celestial spirits filled the world.

In the center of the space, on top of the giant boulder at the summit, a figure sat cross-legged.

It was a thin middle-aged man dressed in a black robe. His eyes were slightly closed and his face was grave, occasionally pointing at the void. Almost every time he attacked, an extremely condensed green Qi shot out from the tip of his fingers, quickly fusing with the surrounding space.

This black robed middle-aged man was the Supreme Elder of the Clear Void Dao Pavilion, Yuan Chao.

"In another hundred years, I'll be able to condense this fragment into a cave."

It was unknown how much time had passed before Yuan Chao finally stopped. He let out a light breath and slowly opened his eyes. A satisfied smile appeared on his face as he muttered, "Once this immortal cave has been successfully condensed, I can attempt to break through to the Divine Realm."

However, as soon as he finished speaking, Yuan Chao couldn't help but frown, and a trace of nervousness appeared in his eyes.

Even if he was ranked third, he still didn't have much confidence in proving his dao. He believed that even the two people who were ranked higher than him also didn't have much confidence.

But even if he wasn't confident, he still had to try when the time came.

If he didn't try, he would never have any hope of succeeding. At that time, he could only watch his soul dissipate when the end of his life came. Generally speaking, as long as one's cultivation base and strength is reached, the earlier one tries to reach the Divine Level, the better. Because the closer they are to the end, the easier it is for them to fail.

"Hmm?"

After a moment, Yuan Chao seemed to have sensed something and exclaimed in surprise.

In a split-second, a thin cyan jade slip appeared out of nowhere in his palm. With just a slight reaction, Yuan Chao's brows slightly twitched, "Tang Huan?"

"The First Heaven Emperor?" For such a powerful little fellow to appear in the first nine days? "

Yuan Chao snorted, then could not help but sneer, "The cave's refinement requires Zhang Chi to know, and must not be rushed, in that case, let's go back to the flying star sky, to see what's so special about Tang Huan that can make so many people in the Clear Void Dao Pavilion helpless!"

As soon as he finished his sentence, Yuan Chao stood up. In an instant, his figure had disappeared from the summit of the mountain.

Following that, that small ball of azure light that floated motionlessly in the void of darkness seemed to have transformed into a living being, shuttling forward at lightning speed ...

... ..

Starry sky, Clear Void Dao Pavilion.

Within the heart of the Nihility God Peak, Feng Zhuo had already ascended the stairs of the Nihility God Stage.

Within the Supreme Profound Palace in the cave, Tang Huan had also sat down cross-legged as she channeled the "Creation Divine Arts". The "Nine Yang Divine Furnace" and the "God Creation Divine Crystal" were activated to the extreme, as her incomparably huge mind spread out through the "Myriad Sword Heavenly Diagram", carefully sensing the situation on the Nihility God Altar.

Every character on this flight of stairs had an ancient and distant meaning.

When he was on the stairs, he felt like he was walking in the river of time. Although the one walking on the stairs was Feng Zhuo, Tang Huan, who was inside the cave, also felt the same way. After all, the soul in Feng Zhuo's body had also been separated from Tang Huan's soul.

Unknowingly, Feng Zhuo had reached the top of the Dao Altar and sat down cross-legged.

After a while, Tang Huan activated her mind and rushed towards the runes on the stairs again. According to Wei Xuan Ji's explanation, the place was filled with seniors' insights into the heavenly dao, as well as powerful techniques and abilities. To Tang Huan, although the former was important, it was far inferior to the latter.

Tang Huan spent a lot of time and effort to find the technique she was looking for so that she could find her mother's whereabouts.

As long as this goal could be achieved, it didn't matter even if there were no other gains.

Instantly, Tang Huan eliminated all distracting thoughts.

In the history of the Clear Void Dao Pavilion, most of the Vice Pavilion Master s that could enter this place were all of the Heavenly Emperor's cultivation. Regardless of whether it was Tang Huan's original body, her Immortal body, or her Feng Zhuo's body, she was all of the Upper Sky Emperor's cultivation.

However, compared to those vice Pavilion Master s in the history of the Clear Void Dao Pavilion, Tang Huan had a huge advantage. That was, the strength of his Perception Ability, had already far surpassed the scope of the Heavenly Emperor.

An extremely strong Perception Ability could allow Tang Huan to do twice the work with half the effort when inspecting those runes.

Not long after, Tang Huan realized that the runes on the stairs were all condensed from a kind of mysterious power. Furthermore, those runes seemed to exist separately, but every rune seemed to contain countless of merged runes, as if they contained a large amount of information.

Thus, although Tang Huan was able to see the runes clearly through Feng Zhuo's eyes, in reality, every rune gave him a vague feeling.

No matter how hard he tried, he couldn't tell how to read those runes.

A moment ago, Tang Huan felt that she seemed to be able to recognize one of the runes inside it, but in the next moment, the character's appearance had already changed greatly. Although she could still find some of its shadows from before, it was already very different.

This feeling was extremely marvelous.

It was like the Dao of the Heavens. It was changing all the time.

Tang Huan gave it a little try, but realized that although every character had a huge amount of information hidden within them, that information was concentrated and could not be obtained. This made Tang Huan realize that every character on the Void God Arena was actually an extremely powerful seal.

If he wanted to obtain the contents of the rune, he would have to undo the seal.

Tang Huan did not hurry to select a character to begin breaking the seal. Instead, she continued to activate her mind, enveloping the entire rune within as she continued to investigate it in detail.

After a long while, within the Supreme Profound Hall, Tang Huan's eyes finally flashed with a hint of understanding.

Every character on the altar had a trace of the aura of the heavens' law, but if one observed carefully, they would notice a slight difference. There were some symbols and auras of the Heavenly Dao that were extremely pure. However, there were some auras of the Heavenly Dao that contained a trace of different meanings.

If Tang Huan's judgement was not wrong, the former should have been comprehended by the senior experts in the Clear Void Dao Pavilion, and the latter should be a cultivation technique or ability.

Chapter 2172 - Blood Refinement Heart Codex

What remained behind for the seniors were merely their insights into the Heavenly Dao, which didn't contain the power of their own. The power that was condensed into a rune seal was actually formed from the power of the Heavenly Dao. Although their insights into the Heavenly Dao had been fused within it, the aura emitted by the rune seal was also the aura of the Heavenly Dao.

However, those techniques and divine abilities were different.

After they fused with the seal and were soaked for a long time, the connotations formed by the cultivation methods and abilities would naturally spread to the seal itself. As a result, the aura of the Dao of the Heavens they emitted would be mixed with their unique meanings.

Of course, these unique meanings were concealed by the aura of the Heavenly Dao, causing them to become extremely weak.

Let alone an ordinary Heavenly Emperor, even an inferior Empyrean like Wei Xuanji might not be able to detect the abnormality within. Since Tang Huan was able to discover it, she naturally obtained the advantage of obtaining the God Creation Divine Crystal. The power of the divine crystal surpassed the Heavenly Dao, allowing him to more easily detect the abnormalities.

What Tang Huan needed was this type of seal.

In the next moment, Tang Huan let go of the seal that contained the insights of the heavenly dao, and focused on the other seals that contained the methods and abilities of the heavenly dao. According to the information revealed by Wei Xuanji, it would take a very long time to comprehend a single character seal. Of the Pavilion Master in the history of the Clear Void Dao Pavilion, very few would be able to comprehend more than ten characters during their term of office, and most of them were below ten characters.

Just like Wei Xuanji himself, he had only comprehended six symbols.

Of course, even after he abdicated the throne and became a Highest Elder, he would still be able to enter this place. However, Tang Huan was different from them, he didn't have that much time to waste here. After all, Feng Zhuo wasn't a completely normal existence. The two esteemed elders ranked first and third on the Clear Void Dao Pavilion's ranking list already caused Tang Huan to be rather apprehensive.

Although they had not revealed themselves for the past several decades, that did not mean that they would not reveal themselves in the future. Furthermore, those two should have the power to break through to the Divine Level. Once they successfully verified the Divine Level, they would definitely discover some clues when they saw Feng Zhuo.

Therefore, Tang Huan needed to find the technique she needed in the shortest amount of time.

This way, if the situation was not good, Feng Zhuo could leave at any time.

"Eighteen types of cultivation arts and divine abilities"

Tang Huan's mind spun, and she carefully distinguished the differences between the eighteen seal characters.

Unknowingly, Tang Huan's consciousness had already been completely immersed within, and did not know how much time had passed. Although the emotions and emotions mixed within the aura of the heavenly dao had different characteristics, some of them were extremely similar. Tang Huan continuously used the method of elimination to remove the seal on the rune that was obviously not possible.

After a long time, there were only two seals left.

"I wonder which one of them is correct?"

Inside the cave, inside the Supreme Profound Hall, Tang Huan couldn't help but frown.

The meaning of the remaining two seal runes were exactly the same. With Tang Huan's Perception Ability, she was able to determine the subtle difference between the two, but Tang Huan was not sure which seal fused with the cultivation technique she needed. After all, his understanding of the cultivation technique was limited.

Before completely eliminating Du Sian and Gong Tianxian, Tang Huan had also delved into their memories, but she similarly did not gain much.

Tang Huan's mind raced.

After a long while, Tang Huan could not help but feel a movement in her heart, that cultivation technique was actually training the power of the bloodline. Only when the power of the bloodline

had reached a certain level, would one be able to use the power of the bloodline to deduce the power of the bloodline. In that case, if she were to use the power of his bloodline, would it be effective?

Since he had already made his decision, Tang Huan immediately took action.

A moment later, a small drop of golden blood the size of a peanut appeared on his finger.

Following that, Tang Huan flicked her finger, and the golden bead of blood disappeared without a trace. However, an extremely minute ripple appeared in the air in front of him. Feng Zhuo opened her palm at the peak of the Nihilism God's dao altar, and the golden bead of blood appeared out of nowhere.

"Chi!"

In the next moment, the golden bead of blood left his hand and arrived next to a seal.

In an instant, the golden bead of blood started to slightly fluctuate.

An extremely tyrannical and bizarre power swept out like a wave, and surged out. This was the power of Tang Huan's bloodline. Although Tang Huan had never deliberately cultivated the power of bloodlines, with the increase of her cultivation, coupled with the existence of the "Sun Immortal Body", the power of his blood vessels naturally became extremely strong.

In a split-second, the power of his bloodline sealed the rune inside.

However, the seal did not move at all.

After about ten breaths of time, Feng Zhuo stretched out his hand and the powerful bloodline power instantly disappeared into thin air. The golden bead of blood returned to his palm. However, after a short moment, the golden bead of blood shot out like an arrow leaving a bow, and appeared before another seal.

Afterwards, Feng Zhuo did the same.

"Rumble ..."

The moment the bloodline power covered it, the seal actually trembled and let out a soft cry, as if it was responding to the golden bead of blood.

"It's you! Blood Refinement Art!"

Within the cave's space, within the Supreme Profound Hall, Tang Huan's face changed from joy to laughter.

At the same time ...

At the peak of the Nihilism God's Altar, Feng Zhuo had also withdrawn the golden blood bead with a smile on his face. After that, Tang Huan's entire mind was completely focused on the seal, and what Tang Huan needed to do next was to break this seal and obtain the "Blood Refinement Heart Canon" that was hidden inside.

This kind of cultivation method was something that Tang Huan had diligently sought after all these years.

But that day was too long, and Tang Huan could not wait that long. Relatively speaking, if she were to find the cultivation technique of the Clear Void Dao Pavilion, she would be able to do it much faster.

It was said that this "Blood Refinement Heart Canon" was the most powerful cultivation technique in the entire Heaven Realm, capable of cultivating the power of bloodlines.

Once Tang Huan succeeded in cultivating it and used the power of her own bloodline to deduce its origin, the people who were related to him by blood in this world, as long as they still lived in this world, would be able to find them.

This meant that even if Ji Ru Huan was in some big world below, Tang Huan could tell.

Although Tang Huan's soul came from Earth, after the soul fused with the body and received his memories, the two of them became one. Although Tang Huan had not seen Ji Ru Sang ever since she came to this world, the existence of that memory made him think of her as her mother.

Finding him had become an obsession of Tang Huan.

Now that he had confirmed the seal symbol that contained the cultivation technique, his hope was getting closer and closer. Tang Huan once again calmed his heart and concentrated all of his attention on the seal symbol ...

Chapter 2173 - Acquiring Cultivation Techniques

The method of breaking this seal was actually very simple, as long as it could trigger the resonance of the Heavenly Energy within the seal.

To Tang Huan, this was not something difficult, it was just that it would take a long time. Of course, this was only in comparison. To those Vice Pavilion Master s and Pavilion Master s of the Clear Void Dao Pavilion in the past, the amount of time it took for Tang Huan to break the seal on the rune could only be described as short.

Time flew. Unknowingly, a year had passed.

"Rumble ..."

On the stairs of the Nihility God's dao altar, an excited bird cry suddenly sounded out, breaking the silence of the area, and the seal which was enveloped by Tang Huan's mind suddenly began to tremble violently.

After a short while, there seemed to be a boom and the seal disappeared into thin air.

"Done!"

Inside the cave, Tang Huan could not help but raise her eyebrows slightly, almost without any hesitation. In between the mind instructs (in a second), there was a dense ball of blood colored Qi, separated from the symbol, following that, the fist sized Qi, under the guidance of his mind, quickly floated towards the peak of the dao altar.

That symbol immediately dimmed and slowly sank down. After two or three breaths, it had already fused into the Nihility God's dao altar. It would only reappear after a hundred years, and it would appear as a seal made of symbols.

Of course, that seal also contained the same 'Blood Refinement Heart Codex'!

"Hu!"

In the next moment, that ball of Qi arrived in front of Feng Mian.

However, Tang Huan did not let Feng Zhuo absorb it. Instead, she directly sucked it in.

After spending so much effort, he finally managed to break the seal and obtain this cultivation technique.

Tang Huan's face revealed a hint of happiness.

However, if Wei Xuanji were to know what he was thinking at the moment, he would probably be so depressed that he would vomit blood. Under normal circumstances, being able to break a seal by a single rune in seven to eight years was already pretty good. But the matter with Tang Huan, who had used such a short year, was unexpectedly still too long.

Of course, if he knew that the one who broke the seal was Tang Huan, Wei Xuanji probably wouldn't care about the length of time, and would instead go all out against Tang Huan. The great inheritance forbidden area of the Clear Void Dao Pavilion had actually been sneaked in by an enemy. What the hell!

Not long later, Tang Huan took a deep breath, eliminating all the distracting thoughts, and wrapped the blood colored Qi with his mind.

In a blink of an eye, it had turned into a stream of blood and shot into the space between Tang Huan's eyebrows, then Tang Huan sent it straight into her soul.

"Boom —"

An instant later, like a volcanic eruption, countless information gushed out.

At this moment, it was as if a violent storm was brewing in the depths of Tang Huan's soul.

However, such a movement couldn't even shake his extremely strong soul. At this moment, Tang Huan's soul was like an incomparably huge sponge, crazily absorbing all the information.

After approximately ten breaths, Tang Huan's soul finally recovered its calmness.

That ball of blood red aura had already completely disappeared. However, the "Blood Refinement Heart Canon" contained within had been branded deep within Tang Huan's soul, and was something that he would never forget again.

Tang Huan closed her eyes and sat still like a boulder. But inside Tang Huan's soul, she had already begun to study and study the "Blood Refinement Heart Canon" that she had just acquired.

On the peak of the Nihility God's Dao Altar, Feng Zhuo no longer paid attention to the other runes and seals. Instead, he focused his mind and began his cultivation.

This altar contained an incomparably pure source of energy. If one cultivated here, its effects would absolutely surpass that of the third floor. Firstly, he had never become a vice Pavilion Master, and secondly, he had never made any great contributions to the sect. Even if Wei Xuanji and the others had even more expectations for him, they would never have allowed him to cultivate here, contrary to the rules of the sect.

Now that he no longer had that restriction, he was already a vice Pavilion Master. It was only natural for him to cultivate here.

After a short moment, a misty white aura, like a thread, separated from the surrounding space and altars. It lingered around Feng Mi's body, and was then slowly absorbed by him into his body for refinement. As time passed, more and more white-colored odor gathered here.

Unknowingly, there seemed to be a cloud of white mist lingering around the peak of the altar. Feng Zhuo sat cross-legged within it, and his body was faintly discernible.

"Hu!"

Beneath the Nihilism God's dao altar, at the entrance to the space, a figure suddenly appeared. It was the Pavilion Master from the Clear Void Dao Pavilion, Wei Xuanji. He did not have any other purpose for entering this place. She only wanted to see how Feng Zhuo was doing after more than a year had passed.

"This little fellow, he actually doesn't want to comprehend the Heavenly Daos or the cultivation techniques and innate techniques. He's actually training here?"

Seeing the situation at the top of the Dao Altar, Wei Xuanji's face darkened slightly.

To Heavenly Emperor Stage cultivators, this was indeed a very suitable place to cultivate. However, when any Pavilion Master came in, wouldn't they be first to obtain those cultivation techniques or their seniors' insights into the heavenly dao? Cultivating first and giving up on those inheritances was equivalent to throwing away watermelons after picking up sesame seeds.

"He really is a cultivation madman!"

Since he wanted to cultivate, then let him cultivate. In any case, after eight more years passed and Feng Zhuo took over the position of Pavilion Master, he still had five hundred years to obtain the most important legacy of the Clear Void Dao Pavilion.

When Feng Zhuo encountered another bottleneck, which made it difficult for him to progress, his attention would naturally shift.

"Huh?"

As he pondered, Wei Xuanji's gaze swept past the stairs and just as he turned around to leave, he seemed to have suddenly discovered something. His expression changed slightly as he turned around once again and his gaze landed on the stairs once more. After an instant, Wei Xuanji's eyes were wide open as his face filled with unconcealable surprise.

There was actually one less character on the staircase!

There was only one explanation for this, and that was that Feng Zhuo had already broken the seal of the symbol, and had absorbed the power of the technique contained within it, as well as the comprehension of the Dao of the Heavens. Only because of this could the symbol return to the Dao Altar.

It had only been a little more than a year, and he had already broken a seal?

Wei Xuanji simply could not believe his eyes.

This meant that the time that Feng Zhuo used to break the seal was much shorter. That little fellow actually used such a short amount of time to break the seal that others might not be able to break it even after seven to eight years?

Chapter 2174 - Liu-li's Warning

After a long while, Wei Xuanji finally left this dao altar with complicated feelings.

Just a moment ago, he had thought that Feng Zhuo was just giving up on everything and growing up, but after a short while, he realized that he had been completely wrong. This was the equivalent of Feng Zhuo slapping him hard in the face, causing his entire face to feel slightly hot and his heart to feel a bit unbalanced.

Thinking back to when he had become the, he had to spend an entire nine years to break a seal, obtaining the insights of an Empyrean from the seal. Afterwards, he had to spend a very long time to finally be promoted from being a Pavilion Master to a lower Empyrean from being what he wished to be.

However, Feng Zhuo had actually managed to decipher a character seal in less than a year.

However, thinking about how Feng Zhuo had cultivated from the first level to the Upper Sky Emperor level from the first level for more than thirty years and only needed a year to break the seal, it didn't seem that hard to accept. Of course, thinking about it this way, Wei Xuanji couldn't help but feel an intense sense of loss.

He had first been played by Tang Huan, who came from the lower realms, but was unable to wash away the shame. Now, he was completely outdone by Feng Zhuo, who was a junior.

To Wei Xuanji's relief, it was a good thing that Feng Zhuo had successfully passed the trial of the Heart Seeking Cave. Now, he had become one of the vice Pavilion Masters of his clan, and was likely to succeed as the Pavilion Master in the future. If a prodigy like him were to join any other super sect, it would not be a good thing for the Clear Void Dao Pavilion.

If it was long enough, perhaps one of the other eight super sects would challenge the position of the number one sect in the Heaven Realm of the Clear Void Dao Pavilion.

Since Feng Zhuo was in the Clear Void Dao Pavilion, he naturally didn't need to worry about that. Right now, the only thing that the Clear Void Dao Pavilion could worry about was Tang Huan!

"Is there any news of Tang Huan's rascal?"

Wei Xuanji, who had just returned, was somewhat gloomy within the conference hall of the Void God Mountain.

During this period of more than a year, if it was like this, Wei Xuanji had already asked countless times, and not only did the Clear Void Dao Pavilion not relax when they investigated about Tang Huan's whereabouts, they had even strengthened them. Many of the Heavenly Emperor Elders were killed, and the teleportation formation was destroyed, causing the Clear Void Dao Pavilion to not rest until Tang Huan died.

"..."

Huanghun shook his head helplessly.

Wei Xuanji was a little disappointed, but soon after, his spirit was lifted as he said solemnly:

"Master Yuan Chao, where are we now?"

"Still in the void of darkness." Hua Hua said slowly, "The Great Master's place of retreat is very far away from us. According to his estimation, it would take about ten years before we can return to the Flying Stars. Right now, not even two years have passed. There are still at least eight years left. "

"Eight years ..."

Wei Xuanji said with a cold and sinister gaze, "Very good, at that time, it would be about time for this old man to abdicate and Feng Zhuo to succeed him. With the help of Master Yuan Chao, that Tang Huan will definitely not be able to continue hiding, and at that time, will just happen to take Tang Huan's head as a congratulatory gift to our Qing Xu Dao Pavilion's new Pavilion Master! "

Wei Xuanji's words were loud and forceful, and murderous intent filled the air.

" ... "

...

On the Nihility God's dao altar, Feng Zhuo was completely focused on his cultivation and did not pay attention to the passage of time.

What existed within his body was Tang Huan's soul. The mission that the soul had given this body before was to blend into the Clear Void Dao Pavilion, obtain techniques, and focus on cultivation.

Now that he had gotten his hands on the cultivation technique, cultivating it had become his sole mission.

Feng Zhuo was naturally able to detect the appearance of Wei Xuanji, and he also discovered that the disappearance of the rune caused Wei Xuanji's emotions to fluctuate, but he did not pay any attention to it at all.

As long as his identity was not exposed, even if he had broken all the runes in this Void God Arena, no matter how much Wei Xuanji envied or envied him, he still would not be able to do anything to him.

Feng Zhuo focused on his cultivation outside and Tang Huan and her Immortal Body started to cultivate inside the cave.

After carefully comprehending the "Blood Refinement Heart Canon", Tang Huan had already understood its profoundness. This kind of cultivation technique could be cultivated at the same time as the "Creation God Arts", at the same time that the cultivation of the Dao crystal increased and the cultivation level increased, the power of the bloodline increased, and the strength of the bloodline also increased, allowing the cultivation level to increase even faster.

However, in the process, he needed to consume more power.

As a result, while the Immortal Body was cultivating in the "Heavenly Abyss Palace", Tang Huan had also begun to use the cave to absorb the energy of the "Void God's Dao Altar" and then use the "Primal Chaos Source Crystal" to transform. In this way, she would naturally be able to provide the energy that Tang Huan needed for his body to cultivate unceasingly.

Time flowed on like water, and in the blink of an eye, eight years had passed.

Crimson Sky Kingdom, Nine Palace Peak.

"Huh?"

Within the palace on the summit, Liu Li who was completely still as a statue suddenly snapped out of her cultivation. Her charming eyebrows slightly knitted as a trace of doubt flashed through the depths of her beautiful eyes.

Just now, a trace of a bad premonition had suddenly emerged from the depths of her soul.

To an Empyrean, this kind of premonition was a warning sign. It was impossible for an Empyrean to appear for no reason. After pondering for a moment, Liu Li slowly closed her eyes. Not long later, the surrounding space started to ripple. A terrifying Heavenly Energy appeared out of nowhere and enveloped her entire body.

At this time, she needed to use her Heavenly Energy to deduce the reason behind the warning sign.

One day, two days, two days ...

Day and night, Liu Li was like a wooden sculpture made of mud, standing tall and unmoving.

Nine spirit, Little Thing, Ling Tian, and Tan Yue were all somewhat alarmed and uncertain when they sensed this never-ending activity at the peak of Nine Palace Mountain.

In the early morning nine days later, the Heavenly Dao aura that lingered around the peak had finally dissipated.

"It's actually because of little brother Tang Huan?"

Liu Li opened her eyes and whispered out. A stunned expression flashed across her delicate face. A moment later, Liu Li exclaimed in a low tone, "Tan Yue!"

"High Lord!" Not long after, the graceful figure of Tan Yue appeared at the door of the palace.

"Let Jiu Ling, Little Thing and Ling Tian over here ..."

Just as she spoke up to this point, Liu Li couldn't help but reveal a slight smile between her brows. She waved her hand and said, "Forget it, Tan Yue, you should withdraw first. Are those three little fellows already here?" Almost at the same moment Liu Li finished speaking, three figures appeared at the entrance of the hall with their heads sticking out.

Without realizing it, Tan Yue smiled and bowed slightly before floating away. When she walked out of the hall door, she snappily said, "All of you, go in. Why are you hiding here?"

"Sister Liu Li." Then, Jiu Ling, Little Thing and Ling Tian snickered as they slipped into the palace. After dozens of years, the nine spirits looked to be around twenty years old, and Little Thing had turned into a cute little girl around ten years old. As for Ling Tian, he had also grown up a lot.

"All these years, has Little Brother Tang Huan ever contacted any of you?" Liu Li smiled.

"No, about ten years ago, Big Brother passed through the city for us. At that time, he was still in the Star Flying Star City and had just destroyed the formation of the Clear Void Dao Pavilion." Jiu Ling hurriedly shook her head. Instantly, her heart moved as she anxiously asked, "Elder Sister Liu Li, could Big Brother be in danger?"

"..."

Chapter 2175 - Two residual soul

Starry sky, Clear Void Dao Pavilion.

"Greetings, Grand Elder!"

Pavilion Master Wei Xuanji, Great Elder Yuan Hua and the others were already gathered in the Great Assembly Hall of the Void God Mountain as they stared respectfully at the middle-aged man in front of them. He was dressed in a black robe and was very skinny.

According to the news, it had been almost ten years. Yuan Chao, who had been cultivating in the void of darkness, finally returned to the Clear Void Dao Pavilion.

Yuan Chao was now the Supreme Elder, but he was once the Pavilion Master of the Clear Void Dao Pavilion.

Furthermore, Yuan Chao was extremely strong, so whether it was Pavilion Master Wei Xuan Ji, Yuan Hua and the other Elders present, they all treated him with respect.

"No need to be so polite, everyone."

Yuan Chao waved his hand as his gaze swept across the crowd and said in a deep voice, "Our Clear Void Dao Pavilion has been around for countless years. Although it is called the Black Yellow Dao Sect, Pangu Heavenly Sect, and the other eight sects, our sect is considered the strongest in the Heaven Realm." But now, a mere young lower realm cultivator has bullied us into coming here. Several elders have been killed and a great transmission array has been destroyed, yet you all are helpless to do anything about this. This is simply great disgrace and humiliation! "

As he finished speaking, Yuan Chao's tone was already cold, with a hint of anger between his brows.

Even though he, the former Pavilion Master, had abdicated from the throne for nearly ten thousand years, her status and prestige remained. After being reprimanded, Wei Xuanji, Yuan Hua and the others' faces were filled with shame. Just as Yuan Chao had said, the unforeseen events that had occurred in the past few decades were indeed a great humiliation to the Clear Void Dao Pavilion and the elders.

"Things are already at this point, there's no point speaking any further, the only way is to kill Tang Huan, then we can save some face for our Clear Void Dao Pavilion."

After taking in the expressions of Wei Xuanji and the others, Yuan Chao let out a light snort, "Now, both the Pavilion Master and the Great Elder will stay behind. As for the other elders, please withdraw first."

"Yes sir!"

The elders immediately retreated in response.

After their figures had disappeared from the entrance of the palace, Yuan Chao's gaze once again fell on Wei Xuanji, "Does Pavilion Master have anything related to Tang Huan?"

"Nope."

Wei Xuanji shook his head with a bitter smile.

To be able to deduce Tang Huan's whereabouts through the use of items, was not possible with normal things. Of course, it did not have to be something that contained Tang Huan's Mind Stigma, but it had to be closely related to Tang Huan.

For example, something that had been tainted with Tang Huan's aura for a long time and could not be too far away from the current.

Unfortunately, there might be such a thing on the Crimson Sky Kingdom's Nine Palace Peak, and the Clear Void Sect definitely didn't have it. Not everyone could enter the Nine Palace Peak with the second ranked cultivator on its ranking list as a backer.

"None?"

Yuan Zhan frowned slightly.

Wei Xuanji and Yuan Hua looked at each other before once again shaking their heads helplessly.

"Forget it."

Yuan Chao frowned even more, "Have you prepared the residual soul of the elders who were killed yet?"

"It's ready!" "These are the residual soul of the two elders, Gong Tianxun and Du Sixian. Yang Yi and the other two elders have long since condensed their bodies with their residual soul since a long time ago. They are still not fully formed and cannot be moved."

"Two residual soul is enough."

Yuan Chao nodded his head and reached out his hand, causing the two balls of Qi to fall into his palm, "You two can leave now. If you find where Tang Huan is, I will inform you."

"Yes sir!"

Wei Xuanji and Yuan Hua hurriedly bowed and retreated.

After watching the two of them disappear into the distance, Yuan Chao's eyes flashed with coldness as a green light appeared in front of him. This was the fragment space of his Immortal World. In a split-second, Yuan Chao's body slightly moved, and he entered the space, sitting cross-legged on the huge rock at the peak of the mountain.

"Boom —"

In between the mind instructs (in a second), the entire space seemed to have started to tremble as a terrifying aura of heavenly law swiftly emerged, enveloping the two residual soul s in Yuan Chao's palms.

Yuan Chao calmed his mind and focused all of his attention on his palm.

Streams of green aura rose from Yuan Chao's fingers and slowly merged into the two residual soul s. As time passed, the two residual soul began to fluctuate slightly, the amplitude becoming larger and larger. After a long while, the two residual soul began to violently distort and fluctuate.

Unknowingly, the residual soul had condensed into two faint illusions, one of them was Gong Tianxian and the other was Du Sixian.

The two of them closed their eyes and did not move at all. It was as if they were in deep slumber.

Yuan Chao slightly narrowed his eyes, his gaze cold and fierce, his ten fingers moved swiftly, and the increasingly rich green aura continuously fused into the two residual soul phantoms. It was

unknown how much time had passed, but the two phantoms seemed to have been covered by the blue aura, and a layer of green aura actually appeared between their bodies.

Yuan Chao's hands did not stop moving, and the green aura became denser and denser.

After another long period of time, Gong Tianxun and Du Sixian seemed to have awakened from their long slumber. Those two residual soul phantoms actually suddenly opened their eyes, their eyes only filled with confusion and emptiness.

Yuan Chao's ten fingers suddenly stopped moving, and with a slight movement of his palms, the two images of residual soul transformed into two rays of cyan light that entered the center of his palms and disappeared.

However, deep within Yuan Chao's soul, the phantoms of Gong Tianxun and Du Sixian appeared once again.

Yuan Chao had actually completely absorbed their residual soul into his soul. The purpose of his action was very simple. It was to absorb the memory of the moment before Gong Tianxun and Du Si's souls were destroyed.

The passing of the main body's soul, and the residual soul that was sealed within the sect meant that it had become a new main body's soul. The instant the main body's soul alternated between the old and the new, a small portion of the memories would inevitably be transferred over and retained.

Of course, once the deductions had ended, the residual soul of Gong Tianxun and Du Sixian would completely vanish like smoke into thin air. There would be no hope of reviving any more.

Although Yuan Chao knew it would end like this, he didn't hesitate at all. In his opinion, exchanging two Sky Emperor's residual soul for Tang Huan's whereabouts was completely worth it. Moreover, let alone two lines of residual soul, even if it was five or ten lines of residual soul, he wouldn't hesitate in the slightest.

To Yuan Chao, taking care of Tang Huan, the biggest enemy of the Clear Void Dao Pavilion, was far more important than the few Heaven Emperor's residual soul s that he didn't know when they would be able to return to their peak state.

As time flowed on, Yuan Chao stood firmly in the Procedural Hall.

In the blink of an eye, seven days had already passed.

Outside the hall, Wei Xuanji and Yuan Hua were also quietly guarding the hall for seven days.

Yuan Chao was their last hope. Yuan Chao's strength was not as good as the Supreme Elder who was ranked first on the revered list, but his attainments in the art of deduction was still above that of the heaven elder. If even he was powerless, the Clear Void Dao Pavilion would not have been able to find Tang Huan using such a method.

Unless Tang Huan jumped out herself.

Chapter 2176 - Trash!

With each passing day, the anxiety in Wei Xuanji and Yuan Hua's heart increased.

But even so, the two of them didn't dare to go in and disturb Yuan Chao's deduction. They could only wait outside quietly, lest they cause unnecessary interference with Yuan Chao and cause his deduction to fail.

While the two of them were extremely anxious, Yuan Chao's figure suddenly appeared in the meeting hall.

"What a piece of trash!"

Immediately afterwards, Wei Xuanji and Yuan Hua, who were guarding outside the hall, heard a low growl coming from within the hall. That growl actually carried an uncontrollable rage within it.

The two of them were stunned and immediately rushed into the hall.

Inside the Procedural Hall, Yuan Chao's face was ashen, as if he was enraged to the extreme. The moment Wei Xuanji and Yuan Hua entered the hall, Yuan Chao's gaze locked onto the two of them. The coldness in his eyes actually caused them to shudder, as if they had fallen into a ten thousand year old ice cave.

"Grand Elder, this ..."

Wei Xuanji and Yuan Hua were both bewildered.

The Supreme Elder Yuan Chao had such an expression. Was it a success or a failure? With the Supreme Elder's personality, even if he were to fail, there was no need for him to be so angry, right? However, if it was successful, what did the heaven and earth elders deduce to cause them to lose their composure like this?

"Trash!" A bunch of trash! " Yuan Chao reprimanded sternly, and said while gritting his teeth: "Do you two know where that Tang Huan is now?"

"Where?" Wei Xuanji and Yuan Hua were even more astonished.

"He's in the Nihility God's Dao Altar beneath our feet." Yuan Chao squeezed out a string of characters from between his teeth.

"What?"

"How is this possible?"

Upon hearing these words, Wei Xuanji and Yuan Hua were overwhelmed with shock as their eyes widened in disbelief. They all knew that there was only one person inside the "Void God Dao Altar" right now, and that was the soon to succeed as Pavilion Master's Vice Pavilion Master, Feng Zhuo. If Tang Huan snuck in, it was impossible for Feng Zhuo to not notice him.

"..."

However, Yuan Chao did not explain anything to the two. With a slight movement of his body, he disappeared from palace.

Wei Xuanji and Yuan Hua regained their senses and looked at each other. They could see the disbelief in each other's eyes. Instantly, the two suppressed the shock and doubt in their hearts and swiftly followed him out. Regardless of whether the Supreme Elder Yuan Chao's deduction was correct or not, he had to first take a look...

... ..

The peak of the Nihility God's Dao Altar.

Feng Zhuo, on the other hand, continued to sit cross-legged within this energy aura and did not move.

However, the aura that faintly seeped out from Feng Zhuo's body had already become extremely powerful.

Using the power of the Nihility God's Dao Altar, in less than ten years, Feng Zhuo had raised his cultivation to the peak of the Upper Sky Emperor Realm.

Within the Supreme Mystery Temple's cave dwelling, a powerful aura similar to that of a peak level Heavenly Emperor surged out from within the "Primal Chaos Source Crystal".

Inside the "Heavenly Abyss Mansion", the aura emitted by Tang Huan's divine body wasn't weak at all. He, who had already entered the eighteenth petal space, was now also at the peak of the Upper Sky Emperor Realm.

In the ten years that he had spent in the Void God Arena, Tang Huan's original body, immortal clone, and Feng Zhuo's cultivation had all reached the limits of the Heavenly Emperor.

"Huh?"

All of a sudden, a low exclamation came from within the "Origin Crystal of Primal Chaos."

Tang Huan's figure immediately separated from the mental statue, a strange expression appearing on his face. Just a moment ago, the depths of his soul suddenly had an extremely strong sense of warning, as though there was a huge danger approaching him, and that danger seemed to be enough to scare him to death.

Could it be that his whereabouts had already been discovered by the Clear Void Sect?

Tang Huan's heart moved slightly, as though she had a conditioned reflex, this thought popped out in her mind. After that, her brain started to churn, and it was impossible for him to find any traces of Wei Xuanji, that lowly Heavenly Sovereign of the Pure Void Dao Pavilion, or Yuanhua and the other Heavenly Emperor Elders. Otherwise, it would be impossible for him to stay in the Void God Dao Altar for so many years.

The fact that his whereabouts would be exposed this time around most likely meant that there was someone even more powerful than Wei Xuanji taking action.

The three great Emphyreans of the Clear Void Dao Pavilion, aside from Wei Xuan Ji, were Gu Daozi, who was ranked first, and Yuan Chao, who was ranked third. From this, it could be seen that the person who acted was definitely one of them. Although the other powerful Emphyreans might be able to track him down, the Clear Void Dao Pavilion definitely wouldn't turn to outsiders for help.

In a moment, Tang Huan had already left the "Primal Chaos Source Crystal" and appeared in the Supreme Profound Hall. Meanwhile, Tang Huan's divine body also flashed and appeared from within the "Yan Luo Immortal Palace".

"Sure enough!"

In a blink of an eye, Tang Huan's expression became extremely solemn.

"Hu!"

At this moment, the space beneath the Nihility God's Dao Altar rippled slightly, and three figures emerged at almost the same time. They were Yuan Chao, Wei Xuanji, and Yuan Hua.

"Feng Zhuo!"

The moment his gaze shifted to the peak of the Dao Altar, Wei Xuanji had already let out a roar while gritting his teeth.

The instant the voice was heard, a white jade tablet shot out from Wei Xuanji's hands and entered the Nihility God's dao altar. In the next moment, the seal began to swiftly descend and merge with the altar, and the energy disappeared like a receding tide.

Even the invisible barrier that had covered the Dao Altar vanished like smoke in thin air. The originally glowing Dao Pillar also became dim. At the peak of the Dao Altar, the cross-legged figure of Feng Zhuo clearly entered the sight of Yuan Chao, Wei Xuanji, and Yuan Hua at the same time.

On the way here, he had already thought it through thoroughly.

It was possible for outsiders to infiltrate the encampment of the Clear Void Dao Pavilion. However, it was impossible for outsiders to infiltrate this "Nihility God's Dao Altar".

Feng Zhuo was the only one in the Dao Altar, and Supreme Elder Yuan Chao said that Tang Huan was in the Dao Altar. There was only one possibility, and that was —

Feng Zhuo was Tang Huan!

After thinking about this, Wei Xuanji almost fainted. Who would have thought that the son of heaven, Feng Zhuo, from the Clear Void Dao Pavilion, would actually be the Tang Huan who was hated to the bones by everyone in the sect? Especially this Tang Huan Feng Zhuo of the embodiment, he actually became the vice Pavilion Master of the Clear Void Dao Pavilion, and was even about to take over the position of Pavilion Master.

If the Grand Elder had returned a year or two later, Feng Zhuo would have already officially taken over the position of Pavilion Master.

If word of this got out, the Clear Void Dao Pavilion would become the biggest laughingstock in the history of the Heaven Realm.

Thinking of this, Wei Xuanji's entire body broke out in a cold sweat.

"Pavilion Master, why have you and the Great Clan Elder come here?"

At the peak of the Dao Altar, Feng Zhuo stood up with a look of astonishment on his face. His gaze then landed on Yuan Chao as he asked, "And this person, he must be a senior from our Clear Void Dao Pavilion?"

Chapter 2177

What are you trying to say?

"Feng Zhuo, don't try to put on an act."

Yuan Chao's eyes turned cold, and he shouted in a deep voice, "Although this old man doesn't know how you changed your identity, it is an indisputable fact that you and Tang Huan's souls are one.

"You're still young, and yet you're able to infiltrate our Clear Void Dao Pavilion without anyone noticing. This is truly surprising."

"Senior, what are you talking about? Why do I not understand what you are saying?" Feng Zhuo looked puzzled.

"Tang Huan, stop quibbling!"

Wei Xuanji's face turned ashen as he sneered, "This is the Supreme Elder of our Clear Void Dao Pavilion, his name is ranked third on the revered list. He used his supreme divine ability to deduce Tang Huan's whereabouts, but actually found out that he is in the Void God Dao Altar. Before we came in, you were the only one here. If you weren't Tang Huan, who was Tang Huan? "

"That's right!"

Great Elder Yuan Hua roared fiercely, "Tang Huan, you killed an elder of our Clear Void Dao Pavilion, destroyed our great teleportation formation, and infiltrated our forbidden grounds. Now that your identity has been exposed, there is no way you can escape.

The rage between his brows concealed the embarrassment that Yuan Hua was feeling.

After making such a judgment, Yuan Hua felt like vomiting blood.

The Tang Huan that the Clear Void Dao Pavilion had searched for many years, was actually right under her nose, how could he, the Great Clan Elder of the Clear Void Dao Pavilion endure this? What made Huanghun even more unable to accept was that, over the past few decades, the Clear Void Dao Pavilion had provided many cultivation resources to the primal chaos of Feng Nu and Feng Zhuo!

Otherwise, no matter how talented Feng Zhuo was, it was impossible for his cultivation to increase at such a fast pace.

Not only that, Feng Zhuo had even become a vice Pavilion Master of the Clear Void Dao Pavilion and had entered this forbidden land which hid the numerous cultivation techniques and abilities of the Clear Void Dao Pavilion as well as the comprehension of the heavenly dao! Such a ridiculous thing had happened right in front of their eyes. Even if they killed Tang Huan, they would not be able to wash away this shame.

"Since everyone has already determined that I am Tang Huan, then anything I say is of no use." At the peak of the Nihilism God's Dao Altar, Feng Zhuo helplessly sighed. "Fine, I won't say anymore. I just hope that you don't regret it." This Great Master must have used the way of the heavens to deduce Tang Huan's whereabouts, but that Tang Huan was rumored to be able to deceive the heavens.

" ... "

Upon hearing these words, Wei Xuanji and Yuan Hua were stunned for a moment.

Due to Yuan Chao's strength and status, Wei Xuanji and Yuan Hua had a blind confidence in him. Thus, when Yuan Chao calculated the result of his deduction, the two of them didn't hesitate at all. Instead, they kept thinking about the result of his deduction, and finally came to the conclusion that Feng Zhuo was Tang Huan.

However, hearing Feng Zhuo's words now, it was not unreasonable.

According to what Wei Xuanji and Yuan Hua knew, in these past few years, the only people searching for Tang Huan in the top ten of the Heaven Seeking Palace were not just the Clear Void Dao Pavilion, there were also the Big Sects such as the Beidou Immortal Sect and the Pangu Heavenly Sect. However, other than the time Tang Huan had advanced to become an Upper Sky Emperor, no one else had been able to find her whereabouts.

The reason was simple, it was because Tang Huan had a method or device to deceive the heavens.

If Supreme Elder Yuan Chao's deductions were truly wrong, then they would have treated Feng Zhuo as Tang Huan and killed him.

"If you think that this old man is using the power of the Heavenly Dao to deduce your whereabouts, then you are completely wrong." Yuan Chao laughed coldly when he heard this. He looked at Feng Zhuo as if he was looking at a dead man. He then said in a mocking tone, "You're a dying man. I didn't want to waste my breath on you."

"However, since your cultivation wasn't easy, this old man will make you sincerely submit to me!"

"Tang Huan, you killed two of our Clear Void Dao Pavilion's elders, Gong Tianxian and Du Sixian. The memories of that instant before death still remain in their residual soul. In that portion of my memories, this old man discovered something very interesting. That is, they all died in an extremely mysterious space. "

"If an ordinary person were to learn of this memory, they would not be able to find anything. However, this old man is in the middle of refining his Immortal's cave, so he has a deep understanding of some things. Tang Huan, if this old man's judgement is not wrong, it should be a cave as well, and a cave that has already been completely formed. "

"A cave like that is rarely seen in this world."

"Since this old man knows, I only need to deduce the location of the cave. That should be enough." You've found the cave's traces, so naturally you've found your whereabouts. You have the ability to deceive the heavens, making others unable to deduce your existence, but you can't possibly help that cave to deceive the heavens. "

At the end of his words, a fire lit up in Yuan Zhou's cold eyes.

He was the Upper Sky Sovereign who was ranked third on the Honorable Ranking, and moreover, a Peak Level Sky Sovereign. He had spent a long time and was only able to condense his cave abode into its initial form now, but Tang Huan, who was just the Sky Emperor, already had a large success stage cave abode.

However, at the same time, an exceptionally strong thought emerged in his mind.

If he could seize Tang Huan's cave space, and then merge the lower quality cave space into his own, then he could replace Tang Huan as the new master of his cave space. In this way, his chance of obtaining the Divine Throne of the Dao would be greatly increased in the future.

Thinking of this, Yuan Chao felt as if his entire body was on fire, as if a raging fire was burning in the depths of his heart.

"So that's how it is."

Feng Zhuo laughed, "The Great Master is indeed worthy of being ranked third on the revered list. He was actually able to deduce my whereabouts through the cave dwelling space that appeared in the last memories of Gong Tianxian and Du Sixian. His methods are indeed brilliant, not comparable to trash like Wei Xuanji and Yuan Hua."

"You ..."

Wei Xuanji and Yuan Hua were enraged as well, their faces burning with anger.

Just a moment ago, they were still thinking that there might have been a mistake in the Grand Elder's deductions, but now, Feng Zhuo had clearly admitted that he was Tang Huan. This was equivalent to slapping them hard in the face, making the two of them wish they could find a hole to hide in.

He was played by Tang Huan again!

Shame!

This was too embarrassing!

"Just admit that you're Tang Huan." Yuan Chao squinted his eyes, staring at the figure at the peak of the Dao Altar, and slowly said, "Tang Huan, this is the Clear Void Dao Pavilion's forbidden area, and you are only a peak Sky Emperor, but this old man is a peak Sky Sovereign, with this old man, you have no chance of escaping, even if you hide inside the cave, this old man will still be able to pull you out from there ..."

"What are you trying to say?" Feng Zhuo said with a faint smile.

"Tang Huan, hand over the cave's space and I can let you die a happy death. Otherwise, I can only take you down and separate you from the cave's space by force, but that way, you will feel so much pain that you will wish you were dead." Yuan Chao's tone was calm, but his eyes were cold and threatening.

Chapter 2178 - Three Bodies in One

"Yuan Chao, in that case, it won't be too late to talk about it after you capture me!"

Feng Zhuo could not help but let out a laugh. Almost at the same time the sound of his voice rang, Tang Huan's main body and her Immortal body clone appeared beside him.

"Tang Huan, it's really you!"

Upon seeing this, Wei Xuanji and Yuan Hua were filled with grievance and rage.

Back then, when they were in Star Illusion City, they had even fought with Tang Huan before, especially so for Wei Xuanji. He had even fought fiercely with Tang Huan for a very long time, and had even chased him for a long time.

At that moment, Tang Huan's original body and her Immortal body appeared, and the two of them immediately recognized him.

"Pavilion Master Wei, Elder Yuan, all these years, thank you for taking care of me." Tang Huan's gaze swept across Wei Xuanji and Yuan Hua beneath the Dao Altar as she chuckled, "If it weren't for the various convenience you both provide, Feng Zhuo's body wouldn't have been able to advance to the level of peak Sky Emperor in just a few decades."

"Tang Huan, you, you ..."

Wei Xuanji was so angered that his entire body was trembling. Yuan Hua was even more infuriated. His eyes were wide open as if his eyeballs were about to pop out from their sockets.

Tang Huan's words could be said to have stabbed the sore spot of the two of them.

The appearance of Feng Zhuo, a cultivation genius, made both Wei Xuanji and Yuan Hua feel as if they had obtained a priceless treasure. After his promotion to the Sky Lord Realm, especially after reaching the Sky King Realm, both Feng Zhuo and Wei Xuanji provided all sorts of facilities for his cultivation.

However, they never expected that Feng Zhuo, whom they had painstakingly nurtured, was actually their Qing Xu Dao Pavilion's nemesis, Tang Huan.

"There is no need for the two of you to be so angry."

Tang Huan laughed, "I have always distinguished myself clearly. Even though I have grudges with your Clear Void Dao Pavilion, Feng Zhuo's body enjoyed many of the benefits of your Pure Void Dao Pavilion. "Today, I shall repay this kindness of yours from the Clear Void Dao Pavilion." After Tang Huan finished speaking, a red and black streak of light shot out from her palm like lightning, and a terrifying aura pervaded the entire space of the altar, filling up the surrounding space in an instant.

"Hmm?"

Yuan Chao snorted, then waved his hand, and the two streams of light appeared in front of him, standing still. Surprisingly, there were two long swords, although they revealed different luster, but they were sparkling and translucent, as if they were carved from the skin of their eyebrows, and the aura exuding from them was also incomparably pure.

"A saint rank dao tool?"

"Superior quality!"

Wei Xuanji and Yuan Hua were both taken aback.

In the Heaven Realm, high quality saint rank tools were priceless treasures. But Tang Huan actually used two of these saint rank tools right away.

Being able to take out such weapons so easily, it was extremely possible that they were forged by Tang Huan herself ... Furthermore, when she was in Star Illusion City, Tang Huan had changed her name to Gao Ling. She must have been the one who exchanged the various treasures at the Spirit Dao Tower for that high-grade saint artifact.

They had long heard that Tang Huan's Tools Method Attainments was shocking, and from the looks of it, it was indeed so.

Currently, the Clear Void Dao Pavilion and Tang Huan were already like water and fire, he actually still dared to take out such a weapon to repay Feng Zhuo's kindness. This caused Wei Xuanji and Yuan Hua to feel somewhat complicated. However, one thing they could be certain of was that they did not place this saint artifact, which was always regarded as a priceless treasure, in their eyes.

"Your Tools Method Attainments is indeed extraordinary." Yuan Chao's eyes narrowed as he lightly waved his hand. The two saint rank Daoist artifacts swiftly shifted to the front of Wei Xuanji and Yuan Hua.

"During my free time, I forged a few pieces. Now, it just so happens to be useful."

Tang Huan said with a face full of smiles, but her expression instantly darkened, "Now, the favor has been done, then, from now on, only enmity remains between me and the Clear Void Dao Pavilion. If Pavilion Master Wei and Elder Yuan were to suffer any injuries later, don't blame me for being vicious."

"Impudent!" Tang Huan, to think that you would still dare to spout such arrogant words at such a time! " Wei Xuanji, who had just regained his senses and grabbed onto a longsword, could not help but blush as he flew into a rage.

"Tang Huan, you are actually acting so arrogantly in front of the Grand Clan Elder, you are just an ignorant fool."

Huanghun also laughed out loud in anger.

"Whatever, there's no need to say any more useless words." Yuan Chao waved his hand, looked at Tang Huan and said in a deep voice, "The two of you can leave for now, this place is enough for me."

"Yes sir!"

Wei Xuanji and Yuan Hua were indignant, yet they still bowed with their saint artifacts before retreating. In the blink of an eye, the two of them had already disappeared from this space.

"Tang Huan, since you are so stubborn, you should make your move." Yuan Chao stood with his hands behind his back, his eyes squinted into small slits as he said expressionlessly, "I haven't fought with anyone in over a thousand years, not to mention with a junior like you. However, today, I might have to bully you with my strength."

"Bullying the weak?" The corner of Tang Huan's mouth slightly lifted, a ridiculing glint flashed past her eyes, "How do you know that it's not just the young that's bullying the old?"

"Oh?"

Yuan Chao's cheeks twitched a few times when he heard that, as if he was smiling, "I've lived for so many years, but this is the first time I've heard someone act like this ..." Before he could finish his words, Yuan Chao's voice suddenly stopped. Then, he frowned and a hint of surprise flashed in his eyes.

"Whooosh."

At the top of the altar, three powerful auras suddenly roared out from Tang Huan's body, her Immortal body clone and Feng Zhuo's body.

However, after an instant, the three auras quickly converged into one and increased by countless times.

The aura continued to sweep in all directions, as if a terrifying hurricane had appeared out of nowhere. Ripples could be seen clearly in the surrounding air, as if the entire space was trembling because of the violent waves caused by the hurricane.

Not only did the three auras merge, but the three bodies at the peak of the Dao Altar also began to rapidly merge together.

Accompanying the continuous merging of their bodies, the strength of the originally extremely terrifying aura once again crazily soared at a speed that caused one's mind to be shocked.

"This is ..."

Upon seeing the situation, Yuan Chao's frown deepened.

From his estimation, the current Tang Huan should have one main body and two clones. It wasn't a surprising thing that the original body and the avatar could fuse and separate at any time. But now, he realized that things weren't as simple as he thought. The crux of the matter lay with Feng Zhuo.

The way in which the three bodies fused together on the Dao Altar was quite strange.

In Yuan Chao's eyes, while Tang Huan's body was fusing with the body that contained an immortal spirit aura, Feng Zhuo's body was actually rapidly melting and being absorbed by the other two bodies. At first, Yuan Chao thought that the three bodies were fusing together at the same time, but now he realized that only two bodies were fusing together, while the Feng Zhuo was not among them.

This meant that once Feng Zhuo was completely melted and absorbed, he would never appear again in the future.

Chapter 2179 - Witnesses of miracles

After that, if Tang Huan intended to separate his body from her body, other than her own, there would only be one more clone left.

A trace of curiosity flashed across Yuan Chao's eyes.

Although he was still a little unclear what Tang Huan was doing, but he understood one thing, Tang Huan's use of this technique would definitely be able to greatly increase his cultivation level and strength, and from the rapid increase of Tang Huan's Profound Spirit Qi, he could see that, but, he did not immediately make a move.

In his eyes, Tang Huan was no different from the fish on the chopping block.

Even though Tang Huan's cultivation and strength had improved greatly, to him, it was still the same. In such a short period of time, no matter how much Tang Huan tossed and turned, she could not possibly allow herself to be comparable to an Empyrean at the peak of the Upper Sky Realm. No matter how strong an ant was, it was still an ant.

Therefore, he didn't need to worry at all.

He would let Tang Huan continue tormenting herself, and when the tormenting was over, he would understand Tang Huan's intentions. At that time, he would be able to kill him with a smack of her palm.

Under Yuan Chao's gaze, in less than ten breaths of time, Feng Zhuo's body completely melted and was absorbed by Tang Huan's main body and Immortal body. There wasn't even the slightest trace of his existence anymore and at almost the same time, Tang Huan's main body and Immortal body became one.

It was also at this moment that the terrifying aura that was rapidly soaring, suddenly converged into Tang Huan's body like a receding river, making him, who was standing at the peak of the dao altar, look like an ordinary person.

"Whoosh."

However, after a short period of silence, an even more terrifying aura roared out from Tang Huan's body. In an instant, it seemed to have condensed into a substance, and like a wave that flipped across the sky, it surged out in all directions. In an instant, a terrifying energy wave that could be seen with the naked eye filled up every inch of the entire space of the altar.

"This is ..."

Yuan Chao frowned slightly when he saw this. However, his eyes instantly widened and his expression abruptly changed.

"This Tang Huan is actually going to be promoted to an Inferior Sky Sovereign?" Yuan Chao gasped in shock, his eyes filled with disbelief. Tang Huan had been promoted to the Sky Emperor realm for only a few decades, yet she had already broken through the barrier between Sky Emperor and Sky Sovereign in such a short time?

"Rumble ..."

A loud sound echoed throughout the entire space.

An incomparably tyrannical Heaven Dao aura appeared out of nowhere, and in an instant, the aura from Tang Huan's body fused together with the aura.

Seeing this, Yuan Chao's expression turned even uglier.

"We can't allow him to successfully break through!"

Such a thought immediately popped into Yuan Chao's mind.

Originally, he wanted to see how far Tang Huan could torture him, but now, since he knew that Tang Huan was trying to break through to the Sky Sovereign Realm, he couldn't just sit there and watch. Furthermore, looking at the movements at this moment, the success rate of breaking through to the Sky Sovereign Realm was extremely high.

A peak stage Heavenly Emperor Stage cultivator, to a peak stage Empyrean like him, could be destroyed in the blink of an eye.

If Tang Huan were to become an Inferior Sky Sovereign, even though she could easily kill him, her counterattack before her death might cause damage to the space in the altar.

With a thought, Yuan Chao suddenly raised his right palm. Dense green Qi rapidly condensed in his palm, and a shocking aura immediately spread from it.

"Hu!"

In that moment, the green Qi condensed into Pang Shuang's claws, Yuan Chao's fingers were like hooks, directly grabbing towards the top of the Dao Altar, and wherever it went, the Qi undulations that were like a huge wave roaring out from Tang Huan's body were actually quickly pierced through, and had no effect on it.

But at that moment, Tang Huan, who had originally closed his eyes, suddenly opened them.

"Go!"

With a low roar, a small ball of white shadow, that was shaped like a pebble, shot out from in front of Tang Huan's body like lightning.

In less than the blink of an eye, the two collided ferociously.

"Bam!"

Earth-shaking sounds suddenly erupted as the space of the altar started trembling as well. The incomparably violent Strength Qi rumbled and surged in all directions as it crazily smashed against the sides of the altar, causing the space of the altar to tremble even more intensely, as if it would crack at any time.

It floated in front of Tang Huan, and that was precisely the "Primal Chaos Source Crystal". However, that enormous cyan claw had, on the other hand, exploded at almost the same time, and turned into a mighty Strength Qi, wildly wreaking havoc in that area.

Beneath the altar, Yuan Chao's expression darkened immediately.

That strike just now was only to interrupt Tang Huan from breaking through to the Sky Sovereign Realm. As such, Yuan Chao did not use his full strength, but even so, that level of attack was not something that a peak level Sky Emperor could bear easily. However, Tang Huan was able to withstand the attack unscathed.

"Chaos source crystal?"

Yuan Chao's eyelids slightly lifted as he said in a peculiar tone.

However, Tang Huan's Primal Chaos Source Crystal could not be compared to ordinary ones. After cultivating for so many years, he had seen a large number of Primal Chaos Source Crystals, but none of them had such a strong Primal Chaos Source Crystal.

However, that strike just now, although it did not injure Tang Huan, he had still achieved her objective, and Tang Huan had obviously stopped her attempt to break through to the Sky Sovereign Realm.

"Tang Huan, you have truly broadened this old man's horizons."

In a split-second, Yuan Chao opened his mouth again and smiled with emotion, "Such a young age, to be able to breakthrough to the Sky Sovereign Realm, he's not simple at all!"

At this moment, he had the same idea as Wei Xuanji and Yuan Hua. Such a talented enemy, if he did not hurry up and finish him off, it would not take long before the Clear Void Dao Pavilion encountered a huge calamity.

"However, you actually managed to reach the Sky Sovereign realm right under my nose. Are you treating me like I'm a piece of cake?" When Yuan Chao said these words, not only did he not smile, the smile on his face also disappeared without a trace. Not only that, a sinister expression even appeared on his face.

"Yuan Chao, I just want you to witness a miracle."

At the peak of the dao altar, Tang Huan's face suddenly revealed a weird smile, and almost at the instant her voice fell, a mystical Qi spread out from his body. This Qi was not strong, but it was extremely pure, and within the Qi, there seemed to be the intent of the heavenly dao.

The moment Tang Huan's Qi was released, the space of the altar started to fluctuate again, and the aura of the heavenly dao became faintly discernible.

"How is this possible?"

Yuan Chao cried out involuntarily. Even with his cultivation level, his face was filled with incredulity at this moment, and his eyes couldn't help but reveal an expression of shock.

Chapter 2180 - The Transformation of Aura!

This level of aura had actually reached the lower Empyrean level.

During his previous attack, he had clearly interrupted Tang Huan's attempt to break through to the Sky Sovereign Realm. How could his aura have reached such a level?

If that was the case, then so be it.

Yuan Chao felt that this aura was even more unimaginable. From Tang Huan's aura, he actually felt a sense of transcending the heavens.

His aura contained the will of the heavens, and it was beyond the reach of the heavens...

Under normal circumstances, the two conditions were clearly contradictory, but at that moment, both conditions appeared simultaneously in Tang Huan's Spirit Qi.

Normally, a lower Empyrean would think that this was extremely abnormal. But only someone like Yuan Chao would understand that this was a change that all peak epic Empyreans dreamed of.

An aura that contained the meaning of the Heavenly Dao was born with a concept that transcended the Heavenly Dao. This meant that divine crystals could already be condensed.

After condensing the God Crystal, it was equivalent to having one step into the Divine Realm. In this case, if he tried to verify the Divine Realm, his chance of success would greatly increase.

Yuan Chao had cultivated for many years, but his Qi had never changed like this, but now, such an aura suddenly appeared on Tang Huan's body, how could he not be shocked?

"Tang Huan, you ... How did you do it? "

However, in the end, Yuan Chao was a Sky Sovereign who had seen countless storms and waves, and after a moment of shock, he quickly regained his senses. His eyes stared straight at Tang Huan, and his eyes became extremely passionate, as if he was looking at a priceless treasure.

In that instant, countless thoughts passed through Yuan Chao's mind.

The most important thing for him was to prove the existence of the God's position. Only by reaching the God Realm could he become an eternal existence. Otherwise, no matter how powerful he was, he would not be able to escape death.

For this reason, before this matter, everything else had to be cleared.

The aura that originated from Tang Huan's body made Yuan Chao feel that he had touched on the opportunity to successfully prove the Divine Body. As long as he could take out the secrets within from Tang Huan's mouth, no matter how big of a price he had to pay, it would be worth it.

Once a person became a Dao Deity, the so-called legacy of a sect would be nothing more than a passing cloud.

"You think I'll tell you?" Tang Huan laughed.

"If you don't say it now, this old man will let you explain everything clearly later."

Yuan Chao took a deep breath and laughed coldly. His body suddenly disappeared, and after a moment, his figure appeared again, and he was already less than ten meters away from the peak of the Dao Altar. A gigantic green claw appeared above Tang Huan's head at the same time, then grabbed him down from the sky with lightning speed.

However, what was even faster was the power displayed by the green claw.

Yuan Chao's attack this time, although no Strength Qi came out from the green claw, the power contained within the claw was boundless to the extreme. Once it erupted, it was like a volcano erupting, producing a destructive power in an instant.

The aura being emitted from Tang Huan's body made Yuan Chao extremely anxious. He wanted to capture Tang Huan immediately and dig out all the secrets in his stomach.

Thus, Yuan Chao didn't hold back this time.

After that, the space around the altar seemed to have completely frozen, locking Tang Huan at the peak of the altar. Tang Huan could only watch helplessly as the hand claw fell from the sky, unable to move at all.

Seeing Tang Huan's body seemed to be frozen, Yuan Chao's face revealed a mocking smile.

Tang Huan had revealed his aura, but she did not know that this would be an even greater disaster for him. If it wasn't for that, Yuan Chao wouldn't have been so anxious to make a move. If he ran into such a talented young man, he might have played around with him like a cat or a mouse.

But now, he didn't have the slightest bit of interest.

The most important matter at hand right now was to uncover the secret of his transformation from Tang Huan's body.

However, in the next moment, the smile on Yuan Chao's face froze, because in the instant that the huge green claw grabbed Tang Huan, Tang Huan actually escaped from the shackles of space, and then, strangely disappeared without a trace. Even he did not manage to catch Tang Huan's disappearance.

"Boom —"

The huge green claw grabbed onto the place where Tang Huan had just stood, and an extremely ferocious Strength Qi suddenly flipped out. Intense fluctuations rapidly spread, and this frozen space seemed to wake up from its slumber.

The attack of a peak Superior Empyrean was extremely terrifying. In an instant, cracks of varying sizes appeared on the Nihility God Stage.

These cracks did not stop at the Dao Altar.

When they reached the foot of the Dao Altar, they actually continued to stretch in all directions. At this rate, it would only take a few moments for the entire space to be covered with cracks.

Yuan Chao didn't bother looking at the Nihility God's Dao Altar. Almost at the same moment when the loud explosion sounded, he quickly turned around and a black figure flashed past his line of sight.

that Tang Huan had escaped from the spatial exit ...

Upon seeing this scene, Yuan Chao's complexion turned extremely unsightly. Shame and anger appeared in the depths of his eyes.

He was a Peak Superior Empyrean, a super powerhouse that was ranked third on the Honorable Ranking, a few people that stood at the peak of the Heaven Realm. But now, he had actually let a fellow that he didn't know whether or not had a promotion into a lower Empyrean escape right under his nose.

With a single thought, Yuan Chao's figure disappeared from where he stood ...

...

The Clear Void Dao Pavilion, halfway up the Nihility God Peak.

In front of a rather precipitous cliff was a plaza that was around a few hundred meters large. On the inner side of the plaza, and at the bottom of the cliff, there was an arched hole that was over ten meters tall. This was the entrance to the Nihility God's Dao Altar. Wei Xuanji and Yuan Hua were on both sides of this entrance.

The two of them listened to the orders and left the Nihility God's Dao Altar. They didn't depart far, but instead waited here.

Not only was today's change extremely bizarre for the two of them, it even caused their emotions to fluctuate to the extreme. After coming out, the two of them were speechless and didn't have the slightest interest in talking ... This kind of outrageous event had actually happened in the Clear Void Dao Pavilion. As the Pavilion Master and the Great Elder, they were truly blamed for it.

Right now, the news was limited to the Grand Elder and the two of them knowing about it.

However, this information could not be concealed forever. If it were to spread out, who knew what kind of uproar it would cause in the Clear Void Dao Pavilion and the top nine heavens.

"Hu!"

After an unknown amount of time, a few inaudible sounds woke the two of them up.
