

W. Master 2191

Chapter 2191 - Invincible

Everyone in the Star Fire City might not be able to see just how powerful Tang Huan had become.

However, the two of them were well aware that Tang Huan's strength had already far surpassed their expectations.

Before this, they all knew that Tang Huan, this emperor of the first day, would definitely be extraordinary. After all, not only was Tang Huan able to fight with Wei Xuan Ji without losing, escape safely in the end, she could even escape from Yuan Chao's clutches ... Regardless of what methods Tang Huan used, it was evident how strong she was.

Although Tang Huan was still a Lesser Heavenly Emperor, he had far surpassed the limits of the Heavenly Emperor.

Logically speaking, at such a level, Tang Huan should already be an Inferior Sky Sovereign, she should at least be a half-step Sky Sovereign. However, Tang Huan was indeed an Upper Peak Sky Emperor. But weirdly, judging from the Spirit Qi that Tang Huan had released after she made her move, it seemed to have reached the realm of the Sky Sovereign.

This kind of situation was extremely contradictory, and also extremely unimaginable.

A peak-level Sky Emperor could actually be so tyrannical ... This was simply unprecedented! At this moment, Wang Rui and Wu Anshi had both faintly understood why Tang Huan was able to fight against Wei Xuan Ji back then and why she was able to escape from under Yuan Chao's eyes.

Even so, the two of them did not think that Tang Huan would be able to escape from this place today.

Even though the two of them were similar to Wei Xuanji, both being low-level peak Emphyreans, their strength was not weak when compared to Wei Xuanji. Tang Huan could contend with Wei Xuanji, but it was impossible for him to outdo the both of them. The reason why Yuan Chao sent them to guard this place was to trust in their strength.

In a split-second, the two once again launched an attack.

An intense whistling sound could be heard as the golden sun and the green saber lights filled up the sky again, occupying the line of sight of all the cultivators in the Star Fire City. Compared to before, the round sun that had appeared this time around had become even bigger. Meanwhile, the blade glow also became increasingly powerful. Boundless life force gathered from all directions.

Inside the Starfire City, many cultivators were shocked.

Those Heavenly Kings with weaker cultivations could not help but retreat. If they continued to stay, perhaps they would die due to the loss of their life force. Those Heavenly Emperor Stage powerhouses could not help but feel anxious. Even they had started to lose their lives rapidly.

After a brief moment of hesitation, several Heavenly Emperors followed the rest of the Heavenly Kings out of the Starfire City, away from the battlefield.

Now that the two Sky Sovereigns, Wang Rui and Wu Anshi, had blocked Tang Huan, the impact of them continuing to stand guard here was not that great. If the two Sky Sovereigns were able to

capture Tang Huan, they naturally wouldn't have to seal the exit of the Heaven Realm. If Tang Huan had defeated the two Sky Sovereigns, it would mean that Tang Huan's strength was far stronger than they had expected.

If both sides were injured, then that would be the time for them to show off their skills.

Everyone was well aware of this fact. As a result, once the Heavenly Emperor left, the remaining Heavenly Emperors also left the Starfire City and the battle zone.

"Boom —"

In the blink of an eye, the heaven-shaking, earth-shattering sound exploded again.

However, this time, what collided with the golden sun and the green blade light was not the white sword light that contained the monstrous sword intent, but rather a pebble. In merely a blink of an eye, that small pebble had rapidly expanded in size and turned into an enormous object.

The full sun and the blade landed on the giant boulder that was more than a hundred thousand meters tall, and instantly shattered. The berserk Strength Qi raged wildly, and the giant boulder only paused for a moment in the air before it continued to rumble forward, as if it could completely crush all the obstacles in the world.

Wang Rui and Wu Anshi were both stunned. Their brows were filled with shock.

The two of them were after all Empyrean level experts, and after an instant, they had already regained their senses, knocking the gigantic stone away from the terrifying Strength Qi's storm and charging straight in, and reacted almost immediately. In less than half a blink of an eye, the two of them simultaneously threw out their fists.

"Whoosh."

The golden and green blobs of fist shadows roared as they moved, smashing against the huge boulder with lightning speed.

Boundless power erupted like a volcano as it gushed out from the two fist shadows, causing a loud sound that seemed as if it could pierce through gold and shatter stone in the blink of an eye.

Following that, the incomparably powerful Strength Qi crazily churned around as if it was alive. Intense fluctuations spread out at a speed that even the mind would not be able to catch.

Under the pressure of this Strength Qi, Wang Rui and Wu Anshi once again retreated explosively. The charging momentum of the enormous stone finally came to a sudden stop, and it spun backwards.

After capturing this scene, the Heavenly Kings and Heavenly Emperors who had retreated far away were all dumbstruck.

Looking at the current situation, even if Wang Rui and Wu Anshi were to join hands with Tang Huan, they would still only be able to fight evenly, and might even be at a disadvantage for the time being ... This kind of attitude was completely out of everyone's expectations. If these two Sky Sovereigns were to really lose to Tang Huan, then it would be too funny.

Just as everyone was in shock, two figures quietly appeared at the exit of Heaven Realm.

At this time, half of the Starfire City was empty, while the cultivators in the distance were completely focused on the battle. As for Wang Rui and Wu Anshi, they were too busy to pay

attention to what was happening in the Starfire City. In a split-second, the two figures had already disappeared into the exit passage.

They were precisely Mo Wen Yun and Hua Tian Chi.

Being ordered by Tang Huan, after leaving this place, Mo Wuyun would control the Voidboat and bring the Huantian Lake down to the Heaven Realm, just in case. Tang Huan would continue to attract the attention of the Clear Void Dao Pavilion and they would go down to the Heaven Realm to protect Shan Shan and the others.

"Chaos source crystal!"

High up in the sky, Wang Rui and Wu Anshi had stabilized their bodies, their faces grim and grave.

At this moment, the contempt they had for Tang Huan in their hearts had already been completely swept away. They had never thought that Tang Huan would actually possess such a gigantic "Primal Chaos Source Crystal", and the chaos energy contained within the Origin Crystal was even more so extremely majestic. This kind of "Primal Chaos Source Crystal" was definitely something they had never seen before in their entire lives.

Using this kind of "Primal Chaos Origin Crystal" as a weapon, Tang Huan instantly caused them to fall into a state of extreme passivity.

Let alone a peak inferior Empyrean like them, even if a peak Superior Empyrean Yuan Chao were to personally come, it still might not be able to damage the true might of a chaos crystal to such an extent. Of course, with Yuan Chao's strength, he might be able to injure Tang Huan heavily with the "Primal Chaos Origin Crystal", but they were still unable to reach such a level.

After taking out this "Primal Chaos Origin Crystal", Tang Huan was basically in an invincible position.

Chapter 2192 - Spring Cocoons

But even so, Wang Rui and Wu Anshi didn't show any signs of shrinking back.

Even if Tang Huan possessed an enormous amount of power, using such a large "Primal Chaos Origin Crystal" as a weapon would not be able to last for too long. By that time, Tang Huan would have exhausted all of her energy and it would be difficult for him to activate the "Primal Chaos Source Crystal", so it would be absolutely impossible for him to contend against the both of them again.

Right now, they only needed to tangle with Tang Huan for a while to ensure that she didn't escape or enter the exit passage to Heaven Realm.

Furthermore, perhaps the Supreme Elder of the Clear Void Dao Pavilion, Yuan Chao, would be able to make it here before Tang Huan's powers run out. With Yuan Chao taking over, everything that happened in the future would no longer have anything to do with them. And with Yuan Chao's strength, it was obviously impossible for him to let Tang Huan escape from his sight.

Now that Tang Huan had fallen into Yuan Chao's hands, they could finally free themselves from Yuan Chao's clutches.

Being captured by Yuan Chao, Tang Huan's fate could be imagined. It was such a pity that such an outstanding and talented person would fall just like that. In Tang Huan's case, if she did not die, she

would become the number one Sky Sovereign in the future. Let alone one Yuan Chao, even if two or three Yuan Chao combined forces, they would still not be her match.

Unfortunately, Tang Huan couldn't wait until that time.

"Tang Huan, this old man has indeed underestimated you. With this sort of 'chaos source crystal', the two of us will indeed be unable to do anything to you in a short period of time, but that's all we can do. " Wang Rui narrowed his eyes and said slowly. However, his tone instantly turned serious, "Since you have come today, don't even think about leaving."

As he spoke, Wang Rui's ten fingers danced like a butterfly.

"Sizzle sizzle."

After an instant, the sounds of air being split apart could be heard.

In an instant, within a circumference of fifty kilometers, countless strands of green aura began to crisscross with each other at an inconceivable speed. In an instant, they were woven into a giant green cocoon, and before Tang Huan could even react, the vast region, including him and the "Primal Chaos Source Crystal", had already been completely isolated.

Inside the cocoon, it was like a completely different world.

At this moment, there was an abnormally strong life force that continuously separated itself from the surrounding plants and entered the surrounding cocoon. In just a moment, the giant green cocoon seemed to be completely covered by a layer of thick green mist.

"Brother Wang, is this your 'Spring Cocoon' ability?" Wu Anshi was slightly moved.

"Exactly."

Wang Rui laughed, "With the aid of that 'Primal Chaos Source Crystal', it would be a waste of our energy if we were to fight head on with Tang Huan. We might as well trap him first. This' Spring Cocoon 'sacred art can be maintained for 24 hours. I think that it should be enough time for Elder Yuan Chao to rush over from Star City. "

"That's right."

Wu An Shi nodded his head and smiled, but immediately continued, "However, we still have to be careful, we cannot let Tang Huan break through the barrier of this' Spring Cocoon 'sacred art."

"Don't worry."

Wang Rui said confidently, "Tang Huan is still only a peak-level Heavenly Emperor. Otherwise, she definitely wouldn't have been able to escape the shackles of this old man's' Spring Cocoon 'ability. This' Spring Cocoon 'is able to absorb the life force between heaven and earth to strengthen itself. No matter how strong Tang Huan is, he cannot compete with the endless life force between heaven and earth. "

"That's true."

Wu Anshi slightly nodded his head, but he still felt somewhat uneasy in his heart.

Wu Anshi activated his massive mind power in an instant, completely covering the giant cocoon. As long as there was any movement, Wu Anshi would act at his fastest speed. Yuan Chao must capture

Tang Huan quickly, if Tang Huan appears and escapes, they would not be able to explain themselves.

"Wang Rui, do you know how I was chased out of the sect's encampment by Yuan Chao after I sneaked into the Clear Void Dao Pavilion?" At this moment, a voice suddenly came out from the green cocoon. It was Tang Huan speaking, and her tone was unusually calm.

Anyone who was suddenly trapped would feel somewhat panicked.

Even if he did not express such an emotion, his aura would reveal some clues. However, regardless of whether it was Tang Huan's words or his expression, he did not reveal any trace of panic or anxiety. This was clearly illogical, and caused Wang Rui and Wu Anshi's hearts to slightly palpitate.

The two of them looked at each other, and a bad premonition arose in their hearts.

Ever since the news had spread, how Tang Huan had escaped from Yuan Chao's clutches, it had attracted the attention of countless cultivators.

However, no matter how much they wracked their brains, they could not think of any reason. They had once tried to enter that kind of situation to compute and the final result was hopeless. After all, the difference in strength between the two of them was too great.

However, Tang Huan managed to do it.

"That's how we got out!"

Just as Wang Rui and Wu Anshi were thinking about this, Tang Huan's clear laughter resounded, following that, Wang Rui and Wu Anshi's face suddenly changed, on the western side of the green cocoon, a slight fluctuation appeared in the air, followed by a black and white vortex appearing out of nowhere.

"This is bad!"

Wu Anshi couldn't help but exclaim out loud. The moment he finished speaking, the black and white whirlpool had already disappeared, and Tang Huan's figure appeared almost at the same time. The space condensed from the "Spring Cocoon" ability still existed, but Tang Huan had actually escaped from it so easily.

"This, this..."

Wang Rui could not believe his eyes either.

Even he couldn't figure out how Tang Huan came out of the space created by his "Spring Cocoon" ability. A moment ago, Tang Huan was still inside. In the next moment, he had passed through the barrier of the sacred space and appeared outside. However, he did not know what had happened in the middle of it all.

"Don't let him escape!"

Wu Anshi woke up from his stupor and pointed his right finger forward like a sword.

A strand of golden light pierced through the sky, immediately transforming into a golden dragon, roaring at Tang Huan with bared fangs and brandished claws. At this moment, the deafening roar of a dragon seemed to resound through the air. A golden storm continued to swirl around the colossal dragon, and it seemed as if the surrounding space was being continuously shattered.

Wang Rui also quickly woke up. In the blink of an eye, the giant green cocoon had vanished into thin air. However, the boundless life force that had gathered earlier did not dissipate because of this. Wang Rui reached out his hand and grabbed. The green gas sucked in the air like water, converging onto his claw at a speed faster than lightning.

In the blink of an eye, a huge green blade had already condensed into a shape under Wang Rui's palm.

"Go!"

With a sinister look, he roared out explosively, and the huge blade turned into a streak of green flowing light that shot forward with a roar, and chopped down at Tang Huan's position with an extremely heavy force. The terrifying might suffused into the air, and even if it was a towering huge mountain, it seemed like it was instantly split into two halves by the huge blade.

Chapter 2193

But just at this moment, Tang Huan's figure disappeared once again.

Wherever Tang Huan originally stood, a ripple that could be seen with the naked eye would suddenly erupt forth like a volcano, and with shocking speed, they roared out. They were like a rapidly spreading sea of invisible flames, rolling and churning with overflowing power.

In an instant, the formless sea of flames violently collided with the enormous golden dragon. At nearly the same time, the enormous green blade was cut into the sea of flames.

The sea of fire that originally did not emanate any aura actually contained an incomparably majestic primal chaos concept that silently whistled outwards, with the power to topple mountains and overturn seas.

"..."

In the distance, everyone's eyes were wide open.

However, the earth-shattering sound that he had imagined did not appear. Instead, a strange silence descended between heaven and earth. The instant it made contact with the formless sea of fire, the enormous golden dragon and the enormous green saber entered it. It was like a clay ox entering the sea, without any ripples.

At this moment, not only the surrounding cultivators, Wu Anshi and Wang Rui were also staring and tongue-tied.

With their cultivations, they naturally understood more clearly than the others what was happening in front of them right now. Although the spreading momentum of the sea of fire had stopped, the two of them were still melting away as they attacked. Their speed was so fast that it caused one to be tongue-tied.

"Dao flame of primordial chaos!" "Dao flame of primordial chaos!"

Wang Rui shuddered, his eyes wide open as he exclaimed, "I've long heard that Tang Huan possesses the 'Primal Chaos Dao Flame'. I never thought that this rumor was actually true!"

As he spoke, the formless sea of flames had already completely disappeared, and the vast space had returned to its former tranquility.

"Brother Wang, you guard the exit. I will chase after him. I will not let him escape!"

With a loud shout, he disappeared from where he was. Wang Rui's eyes were dark as he retreated quickly, and in an instant, he had returned to Star Flame City. His massive mind had completely enveloped the exit of the tunnel, and the surrounding space fluctuated rapidly as a terrifying Heavenly Dao aura emerged.

Soon after, everything within a radius of several dozen kilometers seemed to have frozen in place.

After doing all of this, Wang Rui heaved a sigh of relief. However, as he stared at the direction where Wu Anshi had disappeared, his eyes were extremely sinister. Everyone knew that Tang Huan's goal was to leave the Soaring Star Sky and enter the void of darkness. Now, even though Tang Huan had already disappeared, it was only for a short period of time.

In the remaining time, Tang Huan could appear in this Starfire City again at any time.

At that time, he, who was left behind, would definitely face Tang Huan's cunning and ferocious attack. Before today, he was still full of confidence in being able to stop Tang Huan, but now, he did not have that much confidence.

Wu Anshi could not wait any longer to choose to follow Tang Huan and let him guard this place. It was obvious that she did not have good intentions.

Tang Huan was able to escape from Yuan Chao's grasp, and even after that, Yuan Chao could no longer deduce Tang Huan's whereabouts. With Wu Anshi's cultivation and strength, how could she possibly bite Tang Huan?

It was estimated that Tang Huan would be able to shake off Wu Anshi soon.

However, Wu Anshi couldn't wait to chase after Tang Huan and ask him to stay at the exit of the Heaven Realm, evidently, he had ill intentions. This was because once Tang Huan escaped from his sight, Yuan Chao would definitely blame him, who was standing guard here, and not Wu Anshi who was chasing after Tang Huan.

"What a sinister villain!"

Wang Rui could not help but curse in his heart.

Just now, although a similar thought had appeared in his mind, it was only a slight hesitation and he was already one step ahead of Wu Anshi. Since Wu Anshi had already chased after Tang Huan, if he also followed along, once Tang Huan appeared, no one would be able to stop him from flying into the sky.

At that time, if Yuan Chao were to pursue the matter, he would definitely not be so easy to deal with.

After realizing this, Wang Rui could only suppress the anger in his heart. After this matter was resolved, he would have to settle the score with Wu Anshi today.

At this moment, hundreds of thousands of kilometers away, Wu Anshi's mind was filled with astonishment.

As Wang Rui expected, Wu Anshi did indeed harbor such thoughts, but he also didn't expect that Tang Huan's speed in getting rid of him was so fast. In just a short period of time, Tang Huan had completely disappeared from his senses, as if she had never been there.

Originally, he thought that by relying on Tang Huan's chaos energy, he would be able to track him for a while.

But now, Wu Anshi realised that he had overestimated himself. How could Tang Huan, whose cultivation was much lower than Yuan Chao's, be able to escape Yuan Chao's pursuit and deduction? Even though he knew that such an outcome would occur sooner or later, at this moment, he still suffered a heavy blow.

Maybe, Tang Huan had already returned to Star Fire City!

Subconsciously, he wanted to give up on his pursuit and return to the Starfire City. However, just as this thought popped up, it was thrown to the back of his mind by Wu Anshi. The exchange just now gave him a strong premonition that even if he and Wang Rui worked together, it would be very difficult to stop Tang Huan at the exit of the tunnel. If he went back now, he would be blamed the moment Tang Huan escapes.

If he continued to chase after Tang Huan, he would have a reason to evade.

With a thought, Wu Anshi randomly chose a direction and sped forward like lightning. In just a few short breaths of time, he was already hundreds of thousands of miles away.

"If this Tang Huan didn't fall into Yuan Chao's hands, in another hundred years, no one in the Heaven Realm would be able to control him!"

Floating on top of a mountain peak, Wu Anshi couldn't help but laugh bitterly to himself. After that, he thought, "That Tang Huan should have already returned to Starfire City. If he really wanted to escape into the skies above, this little bit of time would be more than enough. "Now, it's time to go back!"

With a thought, Wu Anshi made his decision.

However, just as he was about to turn back, his heart suddenly trembled as an overwhelming sense of danger gushed forth from the depths of his soul. Almost without any hesitation, billions of dao crystals madly surged forth from Wu Anshi's body. He desperately channeled his Heaven Origin Energy and shot forward at extreme speed.

In the blink of an eye, Wu Anshi was already a thousand miles away.

However, right at this moment, a rapid and piercing scream entered his ears. That familiar yet majestic Chaotic Force surged out like a violent storm from behind him, as if wanting to completely submerge him within it.

Wu Anshi was overwhelmed with shock. A rich golden aura surged from his body like a thunderous roar, rapidly condensing behind him as his body continued to violently advance forward.

Unfortunately, as soon as the initial shape of a golden barrier appeared, it exploded with a loud bang and dissipated into nothingness.

Chapter 2194

"Bam!"

Before he could react, Wu Anshi felt as if a giant rock had struck his back.

The terrifying energy gushed out in a frenzy, causing him to have the illusion that his entire body and soul were about to be completely torn apart.

His body was broken, his organs were shattered, and his soul was injured ...

"That's Tang Huan's' Primal Chaos Source Crystal '!"

At this moment, Wu Anshi already understood the condition of his own body, and what exactly caused his body to be injured.

Wu Anshi was extremely shocked.

There was no doubt that Tang Huan wanted to escape from the Starflight Sky.

As long as Tang Huan was sane, she should have already returned to Starfire City and escaped from Wang Rui. But what he did not expect was that Tang Huan actually went against the rules and not only did she not go to the Starfire City, she went looking for him and started a sudden attack.

Could it be that Tang Huan didn't know that the longer he delayed, the more hopeless it was to escape?

Although the Star City that Yuan Chao was in was hundreds of millions of miles away, it didn't take long for the supreme Emphyreans to arrive here.

Once Yuan Chao arrived, Tang Huan would be in danger.

However, right now, Wu Anshi couldn't afford to think too much into it. With his current condition, he could already smell the scent of death. After stepping into the Emphyrean level of cultivation, it was already extremely difficult to kill him, but it wasn't impossible. If he continued to tangle with Tang Huan, he might really lose his life.

An Emphyrean level powerhouse dying in the hands of a Celestial Emperor? That was a massive joke!

In the blink of an eye, Wu Anshi had made his decision.

The moment his body was struck and thrown away, a tremendous amount of Heavenly Energy had been triggered and started to surge rapidly around his body. Immediately afterwards, another rich golden aura came out of his body and exploded in all directions like fireworks.

When the ball of gold dissipated, Wu Anshi's figure had already disappeared without a trace.

"This fleeing speed is pretty fast!"

High up in the sky, Tang Huan's figure appeared with a faint smile on her face. And on her extended right palm, the small and exquisite "Primal Chaos Source Crystal" was spinning.

Wu Anshi's escaping speed was astonishing, but Tang Huan reckoned that if she could catch up to Wu Anshi, she would be able to kill him completely.

It was just that Tang Huan did not do that, because there was no need to.

He had only two reasons for coming to the Starfire City.

Firstly, he would reveal his whereabouts and let Yuan Chao know that he was still in the Soaring Starry Sky, and secondly, he would allow Mo Hanyun, Hua Tianchi, to take the opportunity to leave the Soaring Starry Sky and travel for the next 36 days.

If there were no surprises, then in the next few days, it should be possible for Yun Yun Hua and Tian Chi to advance to a lower level Sky Emperor. Not long ago, Tang Huan had already made Jianxin

release the restrictions on Mo Hanyun, so her breakthrough was no longer restricted. The Heavenly Flower Lake had also reached the critical point, where it could break through at any time.

With the two of them going to the Heaven Realm, Tang Huan felt at ease.

Now that Tang Huan's two goals in coming to the Starfire City had been accomplished, there was naturally no need for him to continue fighting. The reason why he appeared here to attack Wu Anshi was only to try and see if she could kill a peak lower level Empyrean with her full strength. In addition, she would also let others know that she was still flying through the skies.

The attempt just now clearly gave Tang Huan a definite answer.

The corner of Tang Huan's mouth raised slightly. She laughed silently, and then her figure disappeared without a trace

Star Flame City, in front of the exit to the Heaven Realm.

"Hu!"

Wang Rui seemed to have sensed something. He suddenly looked to his right and in the next moment, the space around him began to fluctuate violently. Then, a figure stepped out from it.

"Where's Tang Huan?"

The person who came was Yuan Chao. He swept his gaze across the crowd and immediately, his gaze landed on Wang Rui.

The moment Tang Huan appeared in Starfire City, Yuan Chao, who was far away in Star City, received the news. She then used a teleportation tool from a long distance away and rushed over without stopping.

Wang Rui did not dare to delay and quickly explained the situation.

"So you're saying, after he disappeared, he still hasn't returned to the Starfire City?" Yuan Chao said seriously.

"Never."

Wang Rui shook his head.

Yuan Chao's eyes flickered, and instantly let out a cold laugh, "If my guess is correct, he should appear very soon. This is easy. Elder Wang, from now on, pretend that you have never seen this old man before. " As soon as he finished speaking, Yuan Chao's figure disappeared without a trace.

When Wang Rui saw this, he could not help but be stunned for a moment. However, after a moment, he understood Yuan Chao's intention.

He was waiting here for Tang Huan to fall into her trap!

Tang Huan should not have expected Yuan Chao to arrive so quickly. If he still wanted to leave Starsky, she would have definitely appeared here. At that time, Yuan Chao could suddenly appear and catch Tang Huan off guard, and completely cut off any hope of Tang Huan escaping.

With Yuan Chao around, Tang Huan's appearance once again would indeed be suicidal.

However, if Tang Huan was to escape from Yuan Chao's hands, then Yuan Chao would no longer have the face to have people guard the Heaven Realm's exit and teleportation circle in the Soaring Sky Realm.

Thinking of this, Wang Rui immediately calmed down.

A quarter of an hour. Two quarters of an hour Two hours ... Four hours ... But as time passed, Wang Rui's face turned from white to red, then red to green.

The cultivators in the distance started to return, but Tang Huan was nowhere to be seen.

This was completely illogical.

Wang Rui was very clear that if Tang Huan wanted to leave this place, the faster the better. After all, the longer she delayed, the worse it would be for him. Right now, several hours had passed and Tang Huan had yet to show herself. In that case, the chances of him appearing in the Starfire City recently was practically zero.

Wang Rui was puzzled by this abnormal situation.

Even though Yuan Chao didn't reappear after he disappeared, he could already tell that Yuan Chao's face had darkened.

But now that Wu Anshi had returned, his appearance was extremely terrifying, and his body was covered in cuts and bruises, with fresh blood dripping all over. It seemed as though he could break into countless pieces at any time, and his soul aura had also become extremely unstable.

From this alone, it could be seen that not only had Wu Anshi's flesh body been damaged, even his soul had been severely injured.

Wu Anshi's heavy injury caused shock to everyone in the entire Starfire City, but from this, it could be inferred that Tang Huan was still inside the Flying Star Sky, and that Tang Huan's strength was even more shocking to everyone.

In the past, Tang Huan could only contend against the peak of the Inferior Peak Empyrean. But now, Tang Huan already possessed the strength to defeat the peak of the Inferior Sky Sovereign. This guy's growth was just too fast!

However, what happened to Wu Anshi made Wang Rui secretly feel relieved.

He was originally a little worried that Tang Huan had already escaped before he had sealed the exit. Based on his deductions, Yuan Chao probably had the same idea as well.

If that was the case, he would have to endure Yuan Chao's rage when he saw Yuan Chao.

Fortunately, Tang Huan had appeared again and heavily injured Wu Anshi, eliminating the possibility of such an action. Even if Yuan Chao wanted to blame him, he could only blame Wu Anshi, not him.

That Wu Anshi was actually smart in the end and got fooled by his own intelligence!

Chapter 2195

Days passed and in the end, he still could not wait for Tang Huan to appear in Starfire City.

Yuan Chao was furious. He was extremely dissatisfied with Wang Rui and Wu Anshi, but there was nothing he could do. He couldn't just kill these two Sky Sovereigns because of this.

If they were to die, then no one in this Starfire City would be able to stop Tang Huan.

A few days later, Yuan Chao returned to Star Flame City and ordered Wei Xuanji to go to the city as soon as possible to guard the city with Wang Rui and Wu Anshi.

At the same time, the news of Tang Huan's battle with the two Emphyreans, as well as the severely injured Wu Anshi, quickly spread throughout the Flying Star Heaven City. After all, all the Heavenly Emperors and Heavenly Kings had personally witnessed the scene that day, and many people had seen Wu Anshi's serious injuries.

Before this, everyone had all sorts of speculations as to Tang Huan's strength, but now, they finally had a clear conclusion.

Even though Tang Huan was still a peak Superior Emperor, his strength was enough for him to resist the combined attack of two peak Inferior Grade Heavenly Sovereigns without losing. She might even be able to win in battle. If the Heavenly Emperor was also able to be ranked on the Honorable Ranking, Tang Huan would definitely be able to be ranked within it, and her rank would not be low either.

A Heavenly Emperor was actually able to raise his strength to such a level. This was completely beyond everyone's imagination.

Since ancient times, there have not been many Heavenly Emperors like Tang Huan.

Originally, in the eyes of the many cultivators in Xingtian, after Yuan Chao's intervention, Tang Huan was already no different from a dead person. Even if he temporarily escaped, he would still die in the hands of the experts from the Clear Void Dao Pavilion. However, after the battle outside the Starfire City, everyone realized that Tang Huan might really be able to live on for a long time.

"I underestimated this little brother Tang Huan. I didn't expect that after dozens of years, his strength had increased to such an extent."

In a city to the west of the Flying Star City's central region, Liu Li sighed. However, in an instant, a happy smile appeared on her beautiful face.

She was currently in a courtyard in the northern part of the city.

The environment was quiet, but the location was rather remote. However, with her strength, even if she was tens of thousands of miles away from the city, she would still be able to clearly see what was happening in it.

After avoiding Yuan Chao's speculations, Liu Li found a place to stay, and every two to three days, she would carefully investigate the surroundings to find out what was happening outside. It was also because of this that she found out about the news regarding Tang Huan not long after it had spread.

[illegible]

Liu Li originally thought that in the next few years, or even the next few decades, Tang Huan would be hiding quietly. Others may not know the intentions of Tang Huan's actions in Starfire City, but she could vaguely guess it.

Tang Huan was probably revealing her whereabouts on his own, and was provoking Yuan Chao.

Although she didn't know the reason, she believed that what Tang Huan did wasn't because of a moment of recklessness. Instead, it was because she had to do this because of a reason.

"Seems like I really don't need to worry about Little Brother Tang Huan anymore."

The smile on Liu Li's face became even wider. "With his methods, he should be able to deal with the threat of the Clear Void Dao Pavilion."

At this moment, Liu Li had completely let go of her worries for Tang Huan, but the Clear Void Dao Pavilion had still not given up on pursuing Tang Huan's tracks.

"Have you chosen the people you want to send for the next thirty-six days?"

In Star City, in a hall behind the Spirit Dao Tower, Yuan Chao's voice suddenly rang out. His tone was gloomy and his expression was equally gloomy.

During this year, Tang Huan had not appeared a single time.

His patience had already been completely used up. He had already sent people to prepare for his thirty-six days of travel. He had already started preparing for his departure a few days ago.

"We've already made our choice. A Sky Emperor Elder with a middle level cultivation will lead the team. We can guarantee success." A few meters away, Fu Anguo hurriedly replied.

"Very good, let them leave immediately and return quickly!"

Yuan Chao's face darkened. He nodded slightly and instructed, "The Ancient Teleportation Formation and the Sky Emperor at the exit of Heaven Realm can leave now. Only Sky Sovereign can stand guard."

"Yes, I'll go make the arrangements."

Fu Anguo nodded and quickly bowed before retreating.

However, in the short span of two to three breaths, Fu Anguo's figure hurriedly entered, his expression becoming rather ugly: "Grand Elder, a news came from the sect just now, saying that Tang Huan suddenly appeared in the upper echelons of the city and destroyed the teleportation formation built over there!"

"What?"

Yuan Chao stood up, his face was so gloomy that it seemed as though he could squeeze water out of his mouth, "That rascal sure has guts!"

A year ago, Tang Huan's actions outside of Starfire City had been tantamount to giving him a fierce slap across the face. But today, Tang Huan had actually appeared in her old nest within the Clear Void Dao Pavilion, which was tantamount to giving him another slap in the face. A dignified peak Superior Emphyrean was actually being tossed about by a Heavenly Emperor, this caused him to be extremely angry.

Fu Anguo stammered for a moment, then spoke again: "Tang Huan seems to already know our plans to send people to capture his close friends and relatives for the next thirty-six days. Before leaving Shang Qing City, she also left a message saying that if we do not stop, next time, we will make a move on our Clear Void Dao Pavilion cultivators!"

"This rascal dares to threaten me?"

Yuan Chao growled. His expression was terrifyingly ugly as a dark and cold light flickered in his eyes, as if he wished to tear Tang Huan into pieces. As the former Pavilion Master of the Clear Void Dao Pavilion, as well as the current Grand Elder, and also the third strongest expert on the revered list, this was the first time he had been threatened by someone like this.

In his heart, Tang Huan's importance had indeed far surpassed the Clear Void Dao Pavilion.

If he did not know Tang Huan's threatening explanation, he would not care about what kind of unforeseen event the Clear Void Dao Pavilion would encounter in the future. But now that he knew, he could not help but worry about it a little, since he had not proven himself as a deity yet, and the strongest person in the Clear Void Dao Pavilion was not him.

If he knew that because of him, the sect suffered huge injuries, then Gu Daozi, who was ranked first on the revered list, would not let this matter rest. Gu Daozi was once a Pavilion Master of the Clear Void Dao Pavilion, and his seniority was higher than his. However, unlike him, Gu Daozi valued the legacy and survival of the sect.

"Grand Elder, then this matter ..."

Fu Anguo asked hesitantly.

Yuan Chao narrowed his eyes and sank into silence. The expression on his face was unsettled, and after a while, he said with a cold face: "If we were to be threatened by that rascal and given up, wouldn't our Clear Void Dao Pavilion be the laughingstock of the world? Let them continue their journey! In addition, after the order was given, all disciples from the Clear Void Dao Pavilion were to return to their sects. They were not to be allowed to leave the city. You and this old man, go back to Shang Qing City together. "

"Yes sir!"

"..."

Chapter 2196 - Gu Daozi

As long as those disciples did not go too far away from the city, they would not have to worry about any threat from Tang Huan.

Although he was unable to catch Tang Huan after such a long time, Yuan Chao was after all, the third strongest on the revered list, his strength was still far above Tang Huan. It would be fine if Tang Huan did not come but she did not come.

It had to be said that under the condition of not giving up on the original plan due to Tang Huan's threat, Yuan Chao's method was indeed the most suitable one for the Clear Void Dao Pavilion.

However, Yuan Chao and Fu Anguo received an unfortunate piece of news the moment they returned to the Upper Qing City.

The group of cultivators heading down the 36th day originally planned to use the ancient transfer array of Star City to leave the Flying Star City and then enter the Dark Space from the Big Dipper. This would save a lot of time. However, before that team even reached Star City, they were intercepted and killed.

The one who took action, was not Tang Huan, but the similarly long-lost Sky Sovereign Liu Li.

In an instant, it was destroyed by Empyrean Liu-Li's hands. The remaining cultivators fled with all their might, and it was a good thing that after Liu Li killed the Heavenly Emperor Elder, she did not continue to attack. Only then did the other Clear Void Dao Pavilion cultivators manage to escape this calamity.

Upon hearing this news, the entire Clear Void Dao Pavilion was filled with indignation, while Yuan Chao was even more infuriated.

Due to his rage, Yuan Chao had the urge to head there personally for the next thirty-six days.

However, Yuan Chao suppressed that thought in the end.

He knew very well that it was very possible that Tang Huan was hiding somewhere outside of Shang Qing City. Once she left the city, Tang Huan would probably be able to detect him before long. The number one on the leaderboard, Gu Daozi, was not here, and without him, the Great Clan Elder, no one in the Clear Void Dao Pavilion could suppress Tang Huan.

Once Tang Huan went all out to kill them, it was unknown how many cultivators from the Clear Void Dao Pavilion would be scared to death.

Even if everyone hid within the sect, it wouldn't be safe. Back then, Yuan Chao had personally witnessed Tang Huan passing through the spatial barrier in the sect's encampment. With Tang Huan's methods, even if the entrance of the sect was sealed, he could still enter and kill without restraint.

If he wanted to guard against Tang Huan's wanton actions, he could only continue to stay in Qing City.

In a situation where he could not leave, sending another group of disciples to the Green Void Sect for the next thirty-six days was equivalent to wasting his time. If he sent a team out, Tang Huan and Liu Li would probably be able to intercept and kill one of them, even with Pavilion Master Wei Xuan Ji's team, he had no hope of succeeding.

Because, no matter if it was Tang Huan or Liu Li, Wei Xuanji should not be a match for them.

"Can it be that we can only give up here?"

Yuan Chao sat cross-legged in the center of the city within the magnificent palace. His eyes were cold and filled with extreme unwillingness.

If he gave up, it would mean that he would no longer be able to obtain that secret from Tang Huan.

That was not an ordinary secret, but it was related to whether or not he could prove the Divine Throne. How could he be willing to give up like this? However, Tang Huan and Liu Li's cooperation had basically cut off all possibility of him continuing to capture Tang Huan's relatives and friends, threatening them, and deducing their whereabouts.

Inside palace, it was so quiet that one could hear a pin drop. The sound from inside the city was completely cut off from the outside world.

Yuan Chao's thoughts raced, and his facial expression kept changing.

After a long while, he finally made up his mind. A white jade slip as thin as a cicada's wing appeared in his hand, and a message was sent out from it.

At this moment, Yuan Chao was contacting Gu Daozi, who was also the Supreme Elder of the Clear Void Dao Pavilion.

He had originally wanted to share the secret on Tang Huan's body alone, but things had gotten to this point, in a situation where Wei Xuanji and the others could not help him, he could only contact Gu Daozi, who was at the top of the honorary list. He believed that after hearing the news, Gu Daozi would be as anxious as he was.

Within the dark void, a resplendent jade-blue light flickered unceasingly like a star. It was actually an unusual Pang Shuo. It was around a thousand miles in size and the darkness within a few hundred kilometers had been completely dispersed.

This was also a fragment of the Celestial Realm.

In the endless darkness, such a large fragment was very rare, let alone the fact that it was very eye-catching. Under normal circumstances, the space within the fragment would always be hidden in the void of darkness. If one did not have enough Perception Ability, it would be impossible to find it.

This kind of fragment was enough to pique the curiosity of anyone who saw it.

However, the aura that accompanied the brilliant light beams was enough to completely suppress the curiosity of these creatures. The aura was like a massive wave, surging out wave after wave from the fragment space of the Immortal World. It was terrifying to the extreme, and even Sky Sovereign Stage powerhouses would feel their souls tremble after sensing the aura.

This was indeed the case.

For countless years, countless powerful cultivators and beasts had passed by, but none of them dared to stay near this place, let alone go near it.

The reason was very simple. Within the Celestial Realm's space, lived the number one expert of the Heaven Realm, the elder of the Clear Void Dao Pavilion, Gu Daozi.

Within the fragment space of the Celestial Realm, there were no flowers, grass, trees, mountains, even the sky. There was also no land. There was only an endless sea.

This fragment of the celestial realm was like an extremely bulky dark blue water ball.

In the middle of the water ball stood an exquisite palace. The building of this palace wasn't made from earth or stone, nor was it made from trees. It was completely formed from liquid. The surrounding liquid fluctuated slightly, causing ripples to appear on the surface of the palace. From time to time, dazzling flashes of light could be seen.

Inside the palace, there was a blue bubble several meters wide floating in the air.

Inside the bubble, a thin figure was sitting cross-legged.

It was a blue-robed elder with a thin face. His eyes were closed, his mind was calm, and his body was motionless. It was as if he had fallen asleep just like that. In this fragment space, the blue-robed old man, the blue blisters, the blue palace, and the vast blue sea seemed to merge into one inseparable entity.

This blue-robed elder was naturally Gu Daozi.

"Hmm?"

Within the blue bubble, Gu Daozi seemed to have sensed something, as if he had awoken from a long slumber. His eyelids fluttered open little by little, and after at least ten breaths, his pair of sapphire-like eyes were finally fully revealed.

Chapter 2197

"In his aura, there is a hidden meaning of the Heavenly Dao, yet it is superior to the Heavenly Dao..."

Gu Daozi's gaze was clear and distant, then appeared a bit scorching, he softly muttered: "Although this old man has never seen Tang Huan before, I can guess, that Tang Huan must have condensed a divine crystal. A peak-stage Heavenly Emperor with Divine Crystals ... "Interesting little fellow!"

"This old man would indeed like to see a person like him."

"Also, the Immortal Spirit Ancestral Court ..."

"..."

Gu Daozi slowly stood up. The dark blue bubble began to shrink at a speed that could be seen with the naked eye. A moment later, it entered his body. In the next moment, Gu Daozi's figure disappeared from the palace. When he reappeared, he was already outside of the fragment space of the Immortal World.

Immediately after, the space inside the Immortal World began to shrink rapidly as well. In an instant, it turned into a fist-sized ball of jade blue water, fusing into his Dantian.

After which, with a slight movement of his body, Gu Daozi's silhouette completely disappeared into the darkness.

"Rumble ..."

At this time, in the starry sky, inside a grand hall in the middle area of the city, Yuan Chao's jade piece in his palm suddenly emitted a sound and a burst of dazzling light burst out.

Just by sensing it, Yuan Chao couldn't help but frown...

... ..

"Reconciliation?"

In a small town hundreds of thousands of miles away from Shang Qing City, Tang Huan could not help but exclaim in surprise.

Just now, he had received a message from Liu Li saying that Yuan Chao and the Clear Void Dao Pavilion wanted to reconcile with him.

Of course, this intention of the Clear Void Dao Pavilion was not directly conveyed by Yuan Chao to Liu Li, but rather, through some unknown means, Yuan Chao contacted Qin Xian Ye, and after that, Qin Xian Ye transmitted it to Liu Li, who then sent a message to him.

"As the third ranked expert on the leaderboard, how could he possibly be someone to swallow his anger? As the strongest sect in the Heaven Realm, the Clear Void Dao Pavilion cannot easily turn enemies into friendship! "

"I guess the so-called reconciliation is just Yuan Chao and the Clear Void Dao Pavilion delaying the war."

"However, it's good to make peace for the time being."

"..."

Tang Huan thought.

Although he didn't know what Yuan Chao and the Clear Void Dao Pavilion were up to, Tang Huan was sure of one thing, and that was that Yuan Chao and the Clear Void Dao Pavilion would definitely not let him off.

The reason why Yuan Chao offered to reconcile with him must be because he had other intentions.

Perhaps Qing Yuan had more important things to do and didn't have the energy to take care of him for the time being, or perhaps his threat had worked. Perhaps Yuan Chao was afraid of taking the initiative, and wanted to wait until he was more confident before attacking with full force ... For example, when the number one ranker, Gu Daozi, returned.

However, no matter what, this was a good thing for Tang Huan.

Yuan Chao and the Clear Void Dao Pavilion needed time, and Tang Huan also needed time to raise her cultivation.

At that time, even if he faced the first ranker Gu Daozi and the third ranker Yuan Chao, even if Tang Huan was no match for them, he would not need to hide like this.

Of course, even if they had reconciled, Tang Huan would not recall the two people, Yun Wen Hua and Tian Chi, who had already gone deep into the void of darkness.

... ..

"To swear on the law of the heavens?"

Inside the Shang Qing City, Yuan Chao's face darkened.

Opposite him was an old man in a white robe with long, thin face and frosty eyebrows. He was Qin Xian Ye, who was ranked second on the Honorable Ranking Board. He had just arrived at Qingcheng not long ago.

"That's right, this is Tang Huan's request." Qin Xian Ye nodded his head slowly and smiled, "If the Clear Void Dao Pavilion really wants to reconcile, Brother Yuan, you need to swear an oath to the Dao of the Heavens. From today onwards, you and the Clear Void Dao Pavilion are not allowed to act against his thirty-six days of close friends and relatives by any means."

"What else?"

Yuan Chao said with a dark expression.

If he could capture them, perhaps he wouldn't even need to use Tang Huan's Mind Stigma s to deduce their whereabouts. Instead, he could directly threaten Tang Huan and force him to show himself.

Unfortunately, it was too late to do so now.

If Tang Huan had just escaped from the Clear Void Dao Pavilion, she would have immediately sent people to quietly travel for the next thirty-six days, and Tang Huan would probably not even know about this matter until now.

However, at that time, Yuan Chao was fully confident that it wouldn't be long before he could capture Tang Huan. Furthermore, as the third on the Honorable Ranking, a Peak Level Zun Stage, he couldn't be bothered to use such mediocre methods. Now, even if he regretted it, it would be too late.

Of course, Yuan Chao could personally send them out of the Starry Sky, in order to avoid Tang Huan and Liu Li's attacks.

But since the plan had already been exposed, if Tang Huan continued with it, once she realised that he was not in the Upper Sky City, she would probably start a massacre. The Clear Void Dao Pavilion would definitely suffer heavy losses, thus, before Gu Daozi returns, it would be very difficult for the Clear Void Dao Pavilion to send people to head for the next thirty-six days without fear.

"Just this one."

Qin Xian Ye smiled and said slowly, "Brother Yuan, take a step back. Sometimes, the sky and the sea are vast. Sometimes, it's not always a bad thing to stop. Even though the Heaven Realm was vast and limitless, it was not easy to produce such a talented junior. Now, there are a lot of Emphyreans who favored Tang Huan from the top nine heavens, if Tang Huan's life were to be in the hands of your Clear Void Dao Pavilion, the opinions of these Emphyreans would not be small. "

"Oh?"

Yuan Chao's eyes turned cold.

Although Qin Xian Ye had a smile on his face, his tone was filled with a faint sense of threat. This made him extremely infuriated. However, he could only restrain himself. Tang Huan and Liu Li joining hands was already a huge headache for him.

To the Clear Void Dao Pavilion, this was like adding fuel to the fire.

Forget it. As he wished for now, there was still a long way to go.

With a snort in his heart, Yuan Chao squeezed out a smile, "Brother Qin, for your sake, I will fulfill this request of Tang Huan's. However, there is a prerequisite for this old man to swear this Heavenly Dao that Tang Huan will not be able to take the initiative to attack our Clear Void Dao Pavilion's cultivators in the future. "

"That's no problem, I'll agree on behalf of Tang Huan."

"..."

The day passed in a flash.

Just when countless cultivators were guessing how long the experts of the Flying Stars Sect would need to guard the ancient array at the exit of the Heaven Realm, they suddenly received news that the experts guarding the two regions had all left. Even the experts of the Clear Void Sect were no exception.

This sudden change caused countless cultivators to be shocked.

Chapter 2198 - Ascending to the Sky Sovereign

Was the Clear Void Dao Pavilion showing weakness to Tang Huan, or was it trying to numb Tang Huan?

The possibility of the former was obviously very low. The Clear Void Dao Pavilion was the number one sect in the Heaven Realm, and Yuan Chao was a peak Superior Emphyrean. How could he show weakness to a Heavenly Emperor?

The possibility of the latter was not high, it had been such a long time that the Clear Void Dao Pavilion did not manage to catch Tang Huan, it was obvious that even Yuan Chao who was an expert in deductions could not determine Tang Huan's whereabouts. Now that she had removed the people from the teleportation array and the exit of the Heaven Realm, was she not afraid of making it into reality and allowing Tang Huan to escape from Xing Tian?

It was neither the former nor the latter. Could it be ...

The Clear Void Dao Pavilion had already captured Tang Huan, so they made such an unexpected move?

However, such a conjecture was immediately rejected. The Clear Void Dao Pavilion had been turned into a complete mess by Tang Huan, all the experts in the sect had been killed, and if Tang Huan was really captured, the sect would have been full of joy and promotions.

Furthermore, on the Emperor Board, it was said that Tang Huan's name was still at the top. It could be seen that Tang Huan was still alive.

Countless cultivators were guessing endlessly, but they still couldn't figure out the reason.

As time passed, there were no longer any news related to the Clear Void Dao Pavilion, and Tang Huan had also not been heard from since the beginning. Unknowingly, the intensity of the news had started to slowly fade. During her free time, whenever she talked about Tang Huan who had caused the entire Clear Void Dao Pavilion to crumble, countless people would exclaim in shock.

This was probably the only Heavenly Emperor like this, Tang Huan, since ancient times.

Crimson Sky Kingdom, Nine Palace Peak.

"It's been ten years. Big brother is still in closed-door training."

In a palace at the waist of the mountain, the nine spirits sighed depressingly. On the other side, Little Thing and Ling Tian also had a look of helplessness in their eyes.

Ten years ago, Tang Huan and Liu Li had already returned from the Starry Sky. On the second day she returned, Tang Huan began to cultivate behind closed doors and after that, she never showed herself again.

After all these years, whether it was the nine spirits, Little Thing, or Ling Tian, their cultivations had all increased by leaps and bounds.

Amongst them, Nine Spirits and Little Thing had already stepped into the Upper Sky Emperor Realm, while Ling Tian was also a middle Sky Emperor now, it was just a matter of time before he would be promoted to the Upper Sky Emperor.

Not only had their cultivation increased, but their appearances had also changed.

On the other hand, Little Thing and Ling Tian looked like they had aged quite a bit. However, Little Thing appeared to be more agile and innocent, but Ling Tian seemed to have started to look a little dazed. Of course, this was only on the surface. His eyes kept rolling around in a crafty way.

"Big Brother's closed door training this time is to reach the Empyrean level. When he comes out, he will definitely be a lower Empyrean." After a while, Little Thing became excited again as he laughed.

"That's true."

Jiu Ling nodded, feeling a headache coming on. "Big Brother becoming a Demigod Empyrean, and the two of us are even Highest Heavenly Emperors. This difference is just too great."

"It's not surprising that our cultivation and strength are weaker than Big Bro's." Little Thing smiled and nodded her head, she had a look of being natural on her pretty face.

"Almost normal."

Jiu Ling curled her lips. "No, I have to make the best use of my time to cultivate. There's no point in lacking too much." After she finished speaking, the Nine Spirits, who were sitting cross-legged on the ground, jumped up. However, before she could leave the palace, her body froze.

"Rumble ..."

An earth-shattering sound seemed to emerge from the depths of the sky as it surged in all directions. It was as if it had already resounded throughout the entire Crimson Sky Kingdom in the blink of an eye. At the same time, an abnormally terrifying aura of heavenly law permeated every inch of the sky.

"Hu!"

Within the Nine Palace Mountain, a mysterious and wondrous aura suddenly appeared when the heavenly aura was being born. In an instant, it swept through the entire mountain range like a storm, before swiftly blending with the heavenly aura and becoming increasingly boundless.

"This aura"

On the peak of Nine Palace Mountain, Liu Li couldn't help but feel slightly shocked.

If she did not know that the aura originated from Tang Huan, she would have thought that the owner of the aura was a supreme expert who had only one foot in the Divine Realm.

One had to know that such an aura did not even exist for Qin Xian Ye, who was ranked second on the Honorary Ranking, or Yuan Chao, who was ranked third on the Honorary Ranking.

As for Gu Daozi, who was ranked at the top of the rankings ... Liu Li did not know whether or not the aura already contained such a characteristic.

"Big brother! This is big brother's aura! "

"Haha, big brother has become an Empyrean ..."

"..."

After a short moment of shock, Jiu Ling, Little Thing and Ling Tian could not help but cheer out loud, their faces full of unconcealable joy and laughter.

While they were cheering, all the other cultivators in the Crimson Nimbus Guild were dumbstruck.

"Is someone from our Crimson Nimbus Guild promoted to Heavenly King, or to Heavenly Emperor?"

"Are you stupid? How can the Heavenly Dao cause such a big commotion when it was promoted to the Heavenly King and Heavenly Emperor?"

"If my guess is correct, someone should have advanced to become an Empyrean!"

"Sky Sovereign?" Our Crimson Sky Kingdom has given birth to yet another Empyrean? "

"..."

Crimson Sky Kingdom's people cried out one after another.

Generally speaking, only when one was promoted to Heavenly King, Heavenly Emperor and Sky Sovereign would they be able to cause an extremely shocking commotion in the entire Heaven Realm.

The higher the realm of breakthrough, the greater the commotion caused by the Heavenly Dao. Chi Xiao Tian was not only shaken by this, but the entire space was also churning. It was as if the Heaven Realm had turned into a huge pot of boiling water and was boiling up crazily.

If he had been promoted to Heavenly King or Heavenly Emperor, things would not have gotten so out of hand.

If these two possibilities were excluded, then one of the Celestial Emperors would have stepped into the Empyrean Realm.

After understanding this, many cultivators became extremely excited. After all, no matter who it was, they all hoped that there would be more Empyreans in their Heaven Realm. The more Empyreans there were in the Heaven Realm, the stronger the Empyreans were. When everyone went out in the future, they would be able to raise their heads and stand tall.

No matter where one went, they would always be able to be arrogant. There was only one reason, and that was that in the Upper Nine Heavens, the number of Empyreans was the highest, and the Clear Void Dao Pavilion had the experts ranked first and third. This was enough to cause countless people to be wary of them.

In this Upper Sky Realm, even though Crimson Nimbus' Empyrean numbers weren't low, they weren't much. Now that he had gained an Empyrean, Chi Xiao Tian's overall strength and position had clearly risen. But he didn't know what background that newly ascended Empyrean had, or what rank he had on the Honored Warrior Board.

The ordinary cultivators were pleasantly surprised, while Chi Xiao Tian and even the entire 9 heavens' Empyrean were in extreme shock.

That was because, at almost the same time, they all sensed that the Heavenly Law had taken the initiative to display itself.

"Hmm?"

In the depths of the Clear Void Dao Pavilion's encampment, Yuan Chao, who was sitting cross-legged, suddenly woke up. "Someone has advanced to the Sky Sovereign Stage?"

But in the next moment, Yuan Chao was stunned, and the expression on his face changed to one of excitement.

On the ranking board, he actually saw a name that made him clench his teeth in anger. Not only that, the name that was revealed on the ranking board this time was actually caused by that person's name.

"Tang Huan!"

Yuan Chao squeezed out the two runes from between his teeth.

After ten years, Tang Huan had become a real Sky Sovereign!

It would be fine if it was just that, but, as the 49th Sky Sovereign currently in the Heaven Realm, Tang Huan was not ranked 49th, but 12th!

The twelfth rank!

This had already surpassed all lower level Empyreans and the vast majority of middle level Empyreans! Even the famous Liu Li was ranked below Tang Huan.

He had just become a lower Empyrean, but his ranking was actually so high.

This was extremely unbelievable!

"Twelve?"

In the conference hall of the Void God Peak not far away, Wei Xuanji's eyes and mouth were wide enough to fit into a fist, while his eyeballs seemed as if they were about to pop out from his eye sockets.

At this moment, his forehead was filled with the word 'unbelievable'.

He admitted that Tang Huan's strength far surpassed his. After all, Tang Huan had fought with him in battle for a long time and was unable to achieve victory, and after that, she had heavily injured the lower peak Sky Sovereign Wu An. She also admitted that as long as Tang Huan didn't die, once she advanced to the Sky Sovereign Realm, her ranking would definitely be much higher than those lower Sky Sovereigns.

It was just like how Liu Li had been. As soon as she stepped into the Sky Sovereign realm, she was ranked 28, above him.

Right now, the gap between him and Liu Li was even wider.

Many years had passed, and Liu Li's rank had risen from the original twenty-eighth place on the ranking board to the current twenty. Wei Xuanji guessed that after Tang Huan had advanced to the

level of Inferior Sky Sovereign, his ranking would be higher than his own, Wu Anshi's and the others, but it would definitely not exceed Liu Li's.

However, the changes on the ranking board had completely subverted his understanding.

Tang Huan was actually ranked twelfth, much higher than Liu Li. A lower Empyrean that had just been promoted could actually raise their strength to such an unbelievable degree!

"How the heck does this bastard cultivate..." Wei Xuanji fiercely smashed his fist against the arm rest of his chair, feeling so jealous that he was about to go crazy.

"..."

... ..

"Tang Huan... The twelfth rank ... "

In the Northern Dipper Immortal Sect, the face of the black cicada was clearly revealed. Its face was extremely gloomy, but its eyes contained an unconcealable astonishment.

These past few years, Tang Huan had disappeared, and the Clear Void Dao Pavilion had also removed the people guarding the teleportation formation and the exit of the Flying Star Realm. They had also given up on tracking Tang Huan's movements, which made him think that the Clear Void Dao Pavilion had captured him.

Because of this, he even personally went to the Flying Star Pavilion to pay a visit to the Clear Void Dao Pavilion's Pavilion Master, Wei Xuanji, in order to probe the situation. Even though he did not manage to obtain accurate information from Wei Xuanji, he could deduce one thing: Tang Huan had never been caught by the Clear Void Dao Pavilion.

Tang Huan had killed many Sky Emperors of the Clear Void Dao Pavilion, and had even embarrassed Yuan Chao multiple times. With Yuan Chao and the Clear Void Dao Pavilion's way of doing things, logically speaking, they would not give up on Tang Huan. Let alone ten years, they would even chase after him for a hundred years, until they captured or killed Tang Huan.

He originally thought that the Clear Void Dao Pavilion had turned dark from the light. However, according to the black cicada's observation, the Clear Void Dao Pavilion no longer targeted Tang Huan in secret. As for Yuan Chao, he seemed to have continuously cultivated in the Clear Void Dao Pavilion.

With such a change, the black cicada could not understand what Yuan Chao and the Clear Void Dao Pavilion were trying to do. However, it was very clear that Yuan Chao and the Clear Void Dao Pavilion would no longer harm Tang Huan. As long as Tang Huan was still alive, there would definitely be a day that they would attack the Northern Dipper Immortal Sect.

Right now, Tang Huan had been promoted to Inferior Sky Sovereign, and had even instantly soared to the twelfth rank on the revered list. This caused the black cicada to immediately feel a great sense of crisis.

"Master, what happened?"

Seeing the black Cicada's expression change greatly, Zhuo Qinglan's beautiful face revealed a look of surprise.

The black cicada kept silent for a long while, before it said with a dark expression: "Just now, Tang Huan had already stepped into the realm of an Inferior Sky Sovereign. Furthermore, the moment she broke through, he was immediately listed on the revered ranking ... Twelve! "

After saying the last two characters, the black cicada's eyes were filled with bitterness.

He had already been in the Sky Sovereign Realm for many years, but his current ranking was far below Tang Huan's. Not long ago, he had even been pushed to the twenty-first place by Liu Li.

"Twelve?"

Zhuo Qinglan was dumbstruck and simply could not believe her ears. Shock that could not be concealed flashed deep within her beautiful eyes.

How many years had it been since Tang Huan became a Celestial Emperor? She became an Inferior Sky Sovereign so quickly, and her rank was also at such a frightening level. Just by looking at the ranking, one could tell that the current Tang Huan had already surpassed all the lower level Emphyreans and the vast majority of middle level Emphyreans ... This was truly unprecedented.

However, a moment later, Zhuo Qinglan's face turned as pale as a sheet of paper.

After the initial shock, she immediately felt a black cicada like worry in her heart. The stronger Tang Huan was, the more disadvantageous it would be for the Northern Dipper Immortal Sect that had deep enmity with her.

This was especially true when he wasn't clear about the attitude of the Clear Void Dao Pavilion.

If the Clear Void Dao Sect were to let Tang Huan go for the time being, then it would be alright. But if they did not harm Tang Huan from now on, the Beitang Immortal Sect would be in danger.

With Tang Huan's current strength, if she were to attack the Beitang Immortal Sect, there would definitely be no one who could stop him.

Black Cicada who was ranked twenty-first could be considered a strong Ranker even in the Upper Nine Heavens, but right now, he was definitely not a match for Tang Huan, who was ranked twelfth.

"We, the Beitang Immortal Sect, cannot sit still and wait for death. This old man will leave right now and contact the other Emphyreans." In an instant, the black cicada shot up into the air.

"..."

"His ranking is actually so high?"

Chi Xiao Tian, within the palace hall at the peak of Nine Palace Mountain, Liu Li couldn't help but reveal a hint of astonishment between her brows.

When she had just learned that Tang Huan had become an Inferior Sky Sovereign, she was sincerely happy for him. She did not expect him to give her such a great surprise after just a short while. When she felt the new name on the list, Liu Li's emotions became somewhat complicated.

Thinking back to when they met in the Heavenly Imperial Dragon Palace, compared to her who was already a Heavenly Emperor, Tang Huan's cultivation was considered low.

However, it had only been a hundred years or so, and Tang Huan had already become an Inferior Sky Sovereign. Although his cultivation was still not as high as hers, her strength had already surpassed her.

Only after a long while did Liu Li collect her thoughts. She stood up and walked out of the hall with a slight smile on her face.

Chapter 2200 - Mysterious Yellow Dao Sect

Longevity Day, Black Yellow Dao Sect.

"Congratulations, your strength has increased."

Within the grand stone hall, a congratulatory voice suddenly sounded out. The one who spoke was a tall and straight middle-aged man in blue. He had a handsome face and had a graceful bearing.

This blue-clothed middle-aged man was the current sect head of the Black Yellow Dao Sect, Ming Jing.

Jing Jing was also a lower Empyrean. But, before Liu Li became an Empyrean, his ranking on the ranking list wasn't as high as Liu Li's.

Currently, Qing Jing was only ranked thirty-ninth on the revered list.

Opposite Jing Jing was another man. He was dressed in a white robe and had a youthful appearance, yet his eyes seemed to be filled with boundless vicissitudes of life.

This white-robed young man was the supreme elder of the Xuan Huang Dao Sect, Ji Qingtian. He had just ended a long period of closed door cultivation.

After hearing Jing Jing's congratulations, Ji Qingtian couldn't help but smile faintly. Although this seclusion hadn't increased his ranking on the ranking board, his strength had increased tremendously.

Naturally, he had the deepest impression of this.

"Master..."

Ji Qingtian's lips slightly moved, but as soon as he appeared, he was stunned almost at the same time as his opponent. At this moment, both of them could sense that the Dao of Heaven had taken the initiative to reveal its name list.

After a while, the two of them came to their senses. They looked at each other and both saw uncontrollable shock in each other's eyes.

"This Tang Huan, what is her background?"

A short while later, Ji Qingtian broke the silence of the stone palace.

I have never seen him before, but it is said that he is not even five hundred years old. When he entered the nine heavens, he was still a lower level Heavenly Emperor, but in less than a hundred years, he had already stepped into the realm of lower level Empyreans. "That's right. Before his cultivation broke through, he even had a grudge with the Clear Void Dao Pavilion. He killed several Celestial Emperors of the Pavilion of Heavenly Secrets, and even Yuan Chao escaped."

After a slight pause, Jing Jing added, "I heard that Yuan Chao was unable to deduce his whereabouts, and in the end, there was nothing he could do about it."

"Oh?"

Ji Qingtian was also very surprised. In an instant, his brows slightly rose as he asked, "Sect Master, based on what you said just now, that Tang Huan doesn't seem to be a cultivator from the Ninth Heaven?"

"Indeed not."

Jing Jing hurriedly nodded. "He's the same as Supreme, he comes from the lower thirty-six days."

"Thirty six days?"

Ji Qingtian was greatly moved.

The difference between the cultivation environment of the lower Heaven Realm and the upper Heaven Realm was shockingly huge. It was also because of this that after wasting so much time, it was difficult for anyone from the lower thirty-six days to get up. There were very few cultivators like him who could enter the Heaven Realm and reach the peak of the Heaven Realm.

Who would have thought that after tens of thousands of years, there would be Tang Huan, who was also from the lower Heaven Realm?

"Do you know which Heaven Realm in the lower thirty-six days?" And then, Ji Qingtian couldn't help but ask.

"According to the news that our sect's disciples who had travelled to the Heaven Realm and brought back, Tang Huan seems to have come from the Scarlet Radiance Heavenly ..." Saying this, he couldn't help but have a thought, "Oh right, Great Master, you also seem to be from the Crimson Wing? "If that's the case, then that's really too much of a coincidence."

"That's right!"

Ji Qingtian nodded and said emotionally, "This old man is from the Crimson Light Heaven and he is also from the Crimson Light Heaven. This is indeed quite a coincidence." You will ask those disciples later, to see which sect Tang Huan came from. Maybe I'm still friends with some of the elders in his sect. "

That Tang Huan used to be a disciple of a sect called the 'Emperor Dragon's Heavenly Palace' in the Crimson Radiance Sect. Later on, she was able to succeed the position of Palace Chief. Later on, he actually unified the Crimson Radiance Sect and merged with all the other sects, creating a force called the Heavenly Dao Holy Courtyard. "

Saying this, Jing Jing was also deeply moved, "That Tang Huan is truly extraordinary. For countless years, no one has ever been able to actually let him succeed in something that no one has ever done before. "After the creation of the Heavenly Dao Academy, Crimson Light's strength greatly increased. Rumor has it that I've already ranked first in the 36 days."

"One more thing, I forgot to mention, that Tang Huan is the same as your Supreme, she is also an extremely powerful Weapon Refiner, in the future ..."

He had not finished speaking when his voice abruptly came to a halt.

He suddenly discovered that Ji Qingtian had become somewhat absent-minded, as if he was lost in reminiscence. He couldn't help but feel somewhat puzzled.

"High? "Great ..."

Qing Jing subconsciously called out softly.

Ji Qingtian suddenly came to his senses. His eyes focused on Qing Jing. "You just said that Tang Huan came from the Emperor Dragon's Heavenly Palace, and he's even the Palace Chief of the Emperor Dragon's Heavenly Palace?"

"That's right!" Jing Jing was startled and nodded his head. "Could it be that Supreme Grand ..."

"This old man was once Palace Chief of the Royal Dragon Sky Hall!" Ji Qingtian sighed.

"Huh?"

Jing Jing was completely shocked.

Although Ji Qingtian was the supreme elder of the Black Yellow Dao Sect, the entire sect only knew that he was born within the thirty-six days. There were even fewer who knew that he came from Crimson Radiance Sect of the Lower Heaven Realm. As for which sect he came from, even he, the Sect Master, did not know.

Now, Supreme Elder Ji Qingtian had actually said that he and Tang Huan were both born in the lower Heaven Realm's Crimson Radiance Sect's Royal Dragon Heavenly Palace, and both of them were once Palace Masters of the Royal Dragon Heavenly Palace.

This news was indeed too shocking.

Counting it this way, Grand Elder Ji Qingtian could be considered to be Tang Huan's elder.

"Do you know where Tang Huan is now?" Ji Qingtian asked.

"I don't know about that."

Jing Jing shook his head and said, "However, it's said that he has a good relationship with Empyrean Liu-Li of the Crimson Sky Kingdom's Nine Palaces Peak, so he still addresses them as brother and sister. If I can find Empyrean Glazed Light, I would presumably be able to find Tang Huan's whereabouts. "

"Grand master, go to the peak of the nine palaces of the Crimson Sky Kingdom ..."

He then waved his hand and said, "Forget it. This old man will personally go to the Nine Palace Peak to visit that Empyrean Liu-Li and see if I can meet with the younger generation member who shares the same school as me." As he spoke, Ji Qingtian's voice was filled with a hint of urgency.

Jing Jing naturally knew of Ji Qingtian's intentions. She hesitantly said, "Exalted, then the Clear Void Dao Pavilion ..."

"No need to bother."

"If that Clear Void Dao Pavilion hates our sect because of our friendship with Tang Huan and wants to find trouble with our sect, then let them do it!" As he spoke, Ji Qingtian had already leapt up from the praying mat. His brows revealed a hint of arrogance as his entire body exploded with an imposing aura that looked down upon the world.

"..."

A short while later, Ji Qingtian left the Black-Yellow Dao Sect.

At about the same time, the shocking news about Tang Huan becoming a lower Heavenly Sovereign and being ranked twelfth had already spread out. It was then like a storm that swept across the entire first nine days of heaven in an extremely short amount of time.
