

W. Master 501

Chapter 501. Destiny!

Tang Huan did not stay at the fork in the road. After a long while, he held onto the red and green flames in his hand, and retreated along the same path as Feng Ming.

Fortunately, he had yet to enter the depths of the maze, so he wasn't lost.

Not long later, Tang Huan and Feng Ming returned to the vast space outside. After activating the two great Spiritual Fire s with all their might, they began to slowly swim along the stone wall.

Time passed bit by bit. Unknowingly, more than half of the circle had been covered.

"Huh?"

Outside a tunnel that was over ten meters tall, Tang Huan suddenly stopped in his tracks as he involuntarily gasped in a low voice.

When he arrived at this place, he actually felt a trace of a strange aura. The energy fluctuations were extremely weak and it disappeared in a flash. If it wasn't for Tang Huan's Perception Ability being extremely powerful, it would have been impossible to detect.

"Hu!"

Tang Huan slightly closed his eyes and quietly stood there without moving. On the two palms of his hands, there were two lumps of flames that were churning rapidly.

Tens of metres away, Feng Ming also stopped in her tracks.

She knew that it was very possible that Tang Huan had discovered something, so she too, focused her mind and held her breath. Xiao Budian also shut his mouth tightly, his pair of large eyeballs swiveling back and forth above the two balls of flames.

"It's here!"

After around a dozen breaths of time, Tang Huan suddenly opened his eyes, and a smile surfaced on his face: "Feng Ming, you have done a good job marking the way!"

In the next moment, without the slightest hesitation, Tang Huan rushed into the passage. In that short moment, Tang Huan sensed that weak aura once again. That aura was extremely feminine and it was triggered by the two Spiritual Fire s, so it had to be the "Xuan Ming Initial Fire" without a doubt.

In the blink of an eye, Tang Huan had already been more than 10 metres deep into the cave, and immediately, three paths appeared in front of Tang Huan.

After pausing to sense around for a moment, Tang Huan unhesitatingly chose the middle path, and continued forward, zigzagging forward for tens of metres, until he reached another two paths. This time, Tang Huan chose the left path after a close examination.

"Whoosh!" "Whiz!"

Tang Huan and Feng Ming, one in front and the other behind, advanced quickly. Subtle piercing sounds rose and fell, and every few tens or even hundred meters, there would be a fork in the road,

maybe two or three, maybe even four or five. There were even occasional six or seven tunnels that appeared at the same time.

Relying on the fluctuations of that aura, Tang Huan continuously chose tunnels in front of him, and every single time Feng Ming passed by a fork in the road, he would leave behind a few numbers on the wall. The way she made the marks was extremely simple. She simply tapped on the stone wall, leaving behind a delicate handprint.

Time flew, and Tang Huan was already unable to remember just how many forks he had passed through.

However, he could clearly feel that the aura gradually grew stronger. In the process of moving forward, Tang Huan kept the "Nirvana Sacred Fire" and "Bodhisattva Fire" in check, so that the "Xuan Ming Initial Fire" wouldn't run away in fear when it noticed the two great Spiritual Fire s approaching.

In this underground maze, if the "Xuan Ming Initial Fire" fled, Tang Huan really wanted to cry, but no tears came out.

After a long while, the flames on Tang Huan's palm had completely disappeared. At this time, even if there was no Spiritual Fire to lure them in, the auras being transmitted from the front had already become extremely obvious. Inside Tang Huan's Dantian, the "Nine Yang Divine Furnace" had also started to get restless.

"Not far."

A hint of happiness emerged from between Tang Huan's brows, he turned and shot Feng Ming a glance, then suddenly increased his speed.

At this point, he secretly let out a sigh of relief.

In this underground maze, countless passages criss-crossed one another like a giant spider web. If not for the aura fluctuations of "Xuan Ming Initial Fire" and "Bodhisattva Fire" that lured over to this place and guided the way from the front, it would have taken them years or even months to find this place.

At this point, it was already impossible for Tang Huan to take the wrong path. Even if he reached the fork in the road, he would not have to stop and would be able to immediately determine the correct direction.

Unknowingly, another dozens of forks in the road had passed by, and within Tang Huan's line of sight, dark blue luster faintly appeared.

"It's right in front!"

Tang Huan's mind stirred, and like a ray of flowing light, he shot forward explosively.

After another few dozen meters, he then turned to the right and arrived at the end of the tunnel. A blue light shone brightly and Tang Huan's eyes suddenly opened up.

At the center of the sphere was a pillar that could only be held by several people. It was connected to the top and bottom of the sphere. However, a raging inferno was currently burning on the pillar of fire. The flame was actually a gorgeous jade-blue color.

"Xuan Ming Initial Fire!"

Tang Huan's eyes lit up, and the cold aura became incomparably dense the moment he entered the ball of space.

But right at this moment, the dark blue flame suddenly condensed rapidly. After a flick of a finger, it had turned into a huge, sturdy long strip, like a huge dragon coiling around a pillar, clawing and clawing at Tang Huan and Feng Ming who were standing at the entrance to the sphere of space.

"Whoosh." Voices filled the air, and the blue fire dragon seemed as though it would charge over at any moment.

"Hmm?"

Seeing the actions of the "Xuan Ming Initial Fire", Tang Huan could not help but raise his eyebrows, a look of shock swept past his eyes.

Among the three Spiritual Fire s he had seen, not to mention the restricted "Nirvana Sacred Fire", the "Bodhisattva Fire" had instinctively launched its attack when it sensed that Tang Huan was absorbing the "Fairy Holy Water". But this "Xuan Ming Initial Fire", on the other hand, before Tang Huan and Feng Ming could even do anything, it had already assumed an attacking posture ... From this, it could be seen that the spirit of the "Profound Nether Spiritual Fire" was probably stronger than that of the "Nirvana Sacred Fire" and "Bodhisattva Fire".

"Feng Ming, guard this exit."

Tang Huan lowered his voice and instructed, he then began to slowly walk forward, but after walking a few steps, Tang Huan seemed to have discovered something, he suddenly raised his head to look at the top of the ball, then revealed a strange smile: "Xuan Ming Ghost King, we are truly fated!"

"Xuan Ming Ghost King is also here?" Feng Ming raised her brow, and instantly followed Tang Huan's gaze.

"Hu!"

Tang Huan smiled faintly, and the ten fingers on his hands danced in front of him like butterflies piercing through flowers. In the blink of an eye, a ball of flame the size of a millstone appeared out of thin air, and shot towards the top of the ball of spatial energy with lightning speed.

But just as he was about to touch the top of the ball, the ball of fire suddenly exploded, the Strength Qi churned and rampaged, a terrifying heat wave swept out, instantly enveloping an area dozens of metres in radius.

Chapter 502 - Full moon spirit cave

[illegible]

A shriek suddenly reverberated through the air. A dark red aura shot out from the point where the pillar met the peak of the space.

After rushing out of the area that was affected by the heat wave, the dark red aura floated to a location not far away from the pillar, quickly warping and fluctuating, transforming into a graceful and slim figure, it was the 'Xuan Ming Ghost King' that had fought with Tang Huan and Feng Ming back in the city.

At that moment, the white and beautiful face of the "Xuan Ming Ghost King" was filled with anger, her two red pupils stared fiercely at Tang Huan, and said: "Tang Huan, I really did not think that you would be able to pass through the maze and find this" Full moon spirit cave "here."

"I also didn't expect to meet you here!"

Tang Huan smiled as he looked at the "Xuan Ming Ghost King".

To him, this was indeed an unexpected surprise. He had originally planned to search for the "Xuan Ming Ghost King" after fusing with the "Xuan Ming Initial Fire", but he did not expect that the hiding place of the "Xuan Ming Initial Fire" would actually be the "Xuan Ming Ghost King" 's nest. In this place called "Full moon spirit cave", as long as they blocked the exit, no matter if it was "Xuan Ming Initial Fire" or "Xuan Ming Ghost King", they would be unable to escape.

This time, it was equivalent to killing two birds with one stone, saving quite a bit of effort.

"Tang Huan, you and I have no enmity or grievances, do you really want to kill us all?" "Xuan Ming Ghost King!" Xuan Ming Ghost King's eyes were dark and cold as he gritted his teeth and said.

"You've transformed into countless demon spirits and have been besieging Feng Ming and I for three days and three nights. Is this what you meant by 'there is no enmity'?" Hearing her words, Tang Huan couldn't help but sneer, "If it wasn't for Feng Ming and I holding on, our souls would have probably been devoured long ago, right?"

"You ..."

The "Xuan Ming Ghost King" was momentarily stunned, but he immediately tried to explain, "As long as Feng Ming is here, you should know about it from the sea area outside. I have already laid down the" Devil's Illusion Formation "in the Forgotten City, and even though I know of this, I did not retreat.

Tang Huan heard and laughed instead of getting angry, "You are right, Feng Ming and I were surrounded and attacked by the Demon Spirit and we brought about our own destruction. If you can't kill me, you brought about your own destruction in the end. You should be satisfied to be able to die in my hands. "

"You ... Tang Huan, do you really think you can kill me? " Xuan Ming Ghost King laughed angrily.

"You think you can escape?"

Tang Huan also laughed.

He did not plan to kill "Xuan Ming Ghost King" right now, but wanted to capture him alive. The reason he came here first to look for the "Xuan Ming Initial Fire" was to increase his strength so that he could have a greater chance of capturing the "Xuan Ming Ghost King". However, after entering this "full moon spirit cave", he discovered that even with his current strength, capturing "Xuan Ming Ghost King" in this strange environment wasn't impossible.

Of course, it was impossible for Tang Huan to let the "Xuan Ming Ghost King" know his real thoughts. Otherwise, it was very likely that he would give her an opportunity to take advantage of.

"Tang Huan, do you know what kind of place the 'full moon spirit cave' is?"

A ruthless look surfaced in the Xuan Ming Ghost King's eyes. Without waiting for Tang Huan's response, she sneered and said, "It is an ancient training ground for this 'Forgotten City' Martial Warriors. At that time, the maze outside was filled with killing intent everywhere. If the Martial Warriors succeeded in passing through the maze and entered the 'Full moon spirit cave', then they could absorb an incomparably pure 'Moon Spirit Force' from this spirit pillar, and their cultivation would increase by a large amount. "

The voice paused slightly, and then the "Xuan Ming Ghost King" spoke again, "The reason why the maze is so calm now is because the great formation that encompasses the entire maze and the " Full moon spirit cave "has stopped moving. However, the crux of the formation is on this spirit pillar. "

"Truly unfortunate. I happen to know the way to activate this formation."

"Presently, the Moon Spirit Force within this spirit pillar is extremely boundless. Relying on the Moon Spirit Force, I can completely activate the maze great formation and allow it to revolve once again. At that time, if I were to destroy this spirit pillar again, the formation that has just been activated will immediately collapse. "

"The power unleashed when the formation collapses will completely destroy this ' Full Moon Spiritual Cave 'and the underground maze outside. In this way, I will definitely vanish into thin air when the formation collapses, but you and Feng Ming will similarly be crushed into fine powder by the formation's power. "

"I'm satisfied to have the two of you accompany me in death."

"Xuan Ming, are you done?"

After the words "Xuan Ming Ghost King" came out, Tang Huan then sized her up twice and said with a smile, "If you're finished, then go ahead and relax." While speaking, Tang Huan had already taken down the spear on his back, a terrifying aura whizzing out from his body.

"Tang Huan, you don't believe that I can activate the maze array formation?" Xuan Ming Ghost King's expression changed.

"I do!"

Tang Huan revealed a mocking smile, holding onto his spear, he slowly walked forward, "However, I do not believe that you can activate the formation and destroy this spirit pillar before I kill you!"

He did believe that the "Xuan Ming Ghost King" had such a method, but with her current condition, it would definitely be difficult for her to use it, at least not in a short period of time. With so much time, it was already enough for Tang Huan to kill the "Xuan Ming Ghost King" several times.

Therefore, her threat was useless against Tang Huan.

"Tang Huan, you better not regret it!" Xuan Ming Ghost King pressed his hand on the spirit pillar in front of him, growling from both shock and anger.

"Xuan Ming, don't waste your time." Feng Ming could not help but ask, "The little thing on Tang Huan's body is the Spiritual Beast's ' Blue Dragon ', it has an astonishing premonition of danger. If you could really activate the maze array and destroy this place, it would have warned you a long time ago."

"Yiya!"

Xiao Budian squinted his eyes and nodded repeatedly, his dark blue eyes filled with a human-like smile.

Hearing Feng Ming's words, "Xuan Ming Ghost King" subconsciously scanned Xiao Budian with his eyes, and his expression suddenly became unsettled: "Tang Huan, what do you want to do before you give up?"

"That depends on how much you can pay!" Tang Huan's footsteps paused, his heart slightly moved, and a meaningful smile surfaced on his face. This "Xuan Ming Ghost King" was different from the other "Forging God Great World" guests. After grabbing onto her, if she refused to give up even if she died, Tang Huan would really not be able to do anything to her. If he could obtain what he wanted, he could let her live for now. In any case, she was no longer a threat.

"I have eight pages of the 'Divine Weapon Catalogue' fragment!" Xuan Ming Ghost King clenched his teeth fiercely.

"Eight pages..."

Tang Huan's face did not change at all, but a storm was brewing in his heart. The three pages that his master had left him, in addition to the two pages that Shan Shan had gifted him, he only had five pages of "Divine Weapon Catalogue s", but this "Xuan Ming Ghost King" had eight pages each. If he could get his hands on the "Xuan Ming Ghost King", he already had thirteen pages.

"Not enough!" Suddenly, Tang Huan smiled.

"I have twenty-three materials from Saint Grade Gem and other forging Divine Armament." Xuan Ming Ghost King said fiercely again.

"Not enough!" Tang Huan's eyes lit up, but he still shook his head.

"..."

Chapter 503 - Four Directions Heavenly Mansion

"Tang Huan, don't be too greedy."

The Xuan Ming Ghost King was furious. The eight page "Divine Weapon Catalogue" remnant scroll and the twenty-three types of materials needed to forge Divine Armament s. This was her harvest for the past ten years. Every single page of the remnant atlas was a priceless treasure, and every single one of the Divine Armament materials were also priceless treasures.

Even though he gave everything to Tang Huan, he still said it wasn't enough.

Tang Huan said while beaming: "Xuanming, you are still one of the Demon Clan's eight great Demon King, do you think that your life is only worth this little?"

"You ..."

Xuan Ming Ghost King was furious, he grinded his teeth for a long while, and pointed at the blue colored flame which was circling around the spirit pillar like a huge dragon, baring his fangs and brandishing his claws, "Tang Huan, do you know what this is?"

"Of course I know. It's the 'Xuan Ming Initial Fire' after all." Tang Huan laughed.

"That's right, you've already merged with the 'Nirvana Sacred Fire'. Don't tell me you don't want to merge with the 'Xuan Ming Initial Fire' again?"

The Xuan Ming Ghost King said in a deep voice, "This' Xuan Ming Initial Fire 'has stayed in the' full moon spirit cave 'for countless of years, and is already able to merge with the spirit pillar. If you attack it, if it can't withstand it, it will definitely retreat into the spirit pillar. If that happens, I have a way to help you. "

"Hu!"

Although the "Xuan Ming Initial Fire" didn't understand what the Xuan Ming Ghost King was saying, it seemed to have sensed her malicious intent. The flame at the upper corner suddenly turned towards her, continuously churning and dancing, causing bursts of hissing sounds.

"When the 'Xuan Ming Initial Fire' is fused into the spirit pillar, it will inevitably fuse with the power of the moon spirit within the spirit pillar. The method you're trying to tell me is nothing but how to absorb the power of the moon. There's no need for you to worry about that. If it really escapes into the spirit pillar, I'll have free rein to capture it and the power of the moon in one fell swoop. " Tang Huan laughed.

"..."

Xuan Ming Ghost King was speechless, and his face turned even uglier. She originally thought that this was a good trump card, but she didn't expect Tang Huan to not mind at all.

"Xuan Ming, if you only have the map fragment and the materials, it'll be very difficult for us to complete this trade." Tang Huan weighed the spear in his hand and laughed again.

"Wait!"

Xuan Ming Ghost King took a deep breath and looked angrily at Tang Huan, "I have collected many suitable cultivation techniques and battle skills from Forgotten City, I can give them all to you."

"Still not enough."

Tang Huan squinted his eyes and laughed, since this "Xuan Ming Ghost King" wanted to live, then he had to squeeze out all of her value.

The Xuan Ming Ghost King was furious, "Tang Huan, don't go overboard. If I die trying to catch you, you won't get anything. "

"Death by fish?"

Tang Huan scoffed, "Xuan Ming, you think too highly of yourself. If you really do that, the end result will only be your fish dying in vain. "

"Good!" "Alright!"

Xuan Ming Ghost King was so angry that he wanted to vomit blood, he gritted his teeth and said, "I have three 'Four Symbols Spirit Pages', these are the ancient treasures of the Four Symbols Heavenly Palace. If you can collect the last 'Four Symbols Spirit Page ', you can bring the Four Symbols in the center of Forgotten City back to its original position and open the 'Heaven and Earth Pavilion'. "

"The Cosmos Sack is the inheritance location of the Four Symbols Heavenly Palace."

"According to rumours, there are many cultivation techniques, and it is said that every single one of them are incomparably powerful. Every person who enters the 'Universe Tower' has a chance to

obtain a cultivation technique, and the person who opens the 'Universe Tower' can even directly enter the top floor to take a peek at the Four Symbols Heavenly Palace's strongest secret scriptures."

"In the ancient times, only the most outstanding disciples of the Four Symbols Heavenly Palace would have this honor."

"Four Symbols Heavenly Palace?"

Tang Huan's face did not change, but he was pleasantly surprised.

He had originally thought that "Xuan Ming Ghost King" would only know the whereabouts of the "Four Symbols Spirit Page", but unexpectedly, she had actually collected all the remaining "Four Symbols Spirit Pages". The "White Tiger Spirit Page" had already been activated, if he could obtain the other three pages in her hands, he would be able to release Yu Feiyan and the rest.

Not only that, as the person who had opened the "Universe Tower", he was actually able to enter the top floor of the tall building and take a peek at the "Four Symbols Heavenly Palace" 's strongest secret manual.

Listening to the description of "Xuan Ming Ghost King," the "Four Symbols Heavenly Palace" should have existed since ancient times. It was an extremely powerful force, like the "Divine Weapon Pavilion" of Glory Continent.

"Tang Huan, this is my last wish. If you are still not satisfied..." Xuan Ming Ghost King said hatefully.

"Deal."

Tang Huan clapped his hands and smiled, "The 'Divine Weapon Catalogue's' remnant scroll, the Divine Armament's materials, the cultivation technique's battle skills, the 'Four Symbols Spirit Page' ... You must have hidden all of these things in this 'Full moon spirit cave '. Now, take them out and hand them over to me, and we can be considered to be even. "

Xuan Ming Ghost King said in a cold voice, "I'll give it to you right now. If you go back on your word ..."

"Do you have a choice?" Tang Huan glanced at her mockingly, "Either take it out now, or fight me!"

"..."

Xuan Ming Ghost King was silent.

Just as Tang Huan had said, she didn't have any other choice. Unless she was willing to fight Tang Huan to the death. But if she had this kind of courage, how would she make a deal with Tang Huan? The moment she decided to exchange her life for something, she was already destined to only believe in Tang Huan.

After a moment, the Xuan Ming Ghost King clenched his teeth, and floated towards the inside of the "Full moon spirit cave".

Very quickly, under the six eyes of Tang Huan, Feng Ming and the others, she pulled out an inconspicuous rock from the uneven ground of the stone wall, pulled out a small wooden case that was not too big or small, and threw it in front of Tang Huan with a loud thump.

"Yiya!"

Xiao Budian laughed excitedly, and quickly slid down from Tang Huan's shoulder. "Bada", he unlocked the box. The moment the boxes were opened, a dazzling luster entered Tang Huan's and Feng Ming's line of sight.

The interior of the box was divided into four boxes. One of the boxes was filled with all kinds of precious materials, and most of them were precious stones.

The other three boxes were filled with ancient books of all kinds of thickness. The other one was holding three things that were as thin as a cicada's wing, each about the size of a palm, and each of them had a different color. On them were the green dragon, vermillion sparrow, and Black Tortoise elephant; these were the other three "Four Symbols Spirit Page".

Indeed, it was a remnant of a "Divine Weapon Catalogue", no more or less, it was exactly eight pages long, and on the top of the fragment was a blade. The handle of the blade was rather short, and the body of the blade was long and wide, as though a golden dragon was crawling on the back of the blade.

"Alright!"

Seeing this box, Tang Huan's face was all smiles, and he could no longer suppress the happiness in his chest.

This "Xuan Ming Ghost King" was indeed a wealthy woman, and the deal was worth it. The place she was hiding was extremely secretive and not even the slightest trace of her presence could be detected. Even Xiao Budian himself did not sense the existence of those gems before this.

If they caught or killed the "Xuan Ming Ghost King", they might not even be able to get their hands on these things.

Chapter 504 - Moon Spirit Power

In any case, if Tang Huan fell into the hands of the "Xuan Ming Ghost King", no matter how much he was threatened by the "", he would never tell her any of his secrets. As the people shared the same thoughts, the "Xuan Ming Ghost King" would not be an exception.

Even if Tang Huan managed to fulfill his wish, it was unknown how much thought he would have to waste.

If the "Xuan Ming Ghost King" completely disappeared during the exchange, Tang Huan would have even more of a headache. If he had not found the collection of the "Xuan Ming Ghost King" in the "Full Moon Spirit Cave" at the beginning, Tang Huan would have definitely shifted his attention to the maze. At that place, even if he had to look for himself for three years, he would not be able to find all of it.

Now, not only did he have all the items that Tang Huan needed, he had even easily obtained many treasures that he had never thought of before, and the price that he had to pay was practically negligible.

"Now that you have what you want, can I leave now?"

Xuan Ming Ghost King stared straight at Tang Huan, her tone low, her red eyes showing that she was worried about loss and gain.

"Of course not." Tang Huan said while beaming.

"Tang Huan, you ..." Xuan Ming Ghost King's expression suddenly changed, his face contorted in a sinister manner, and even his voice became somewhat shaky.

"Don't worry, I'm not going to go back on my word."

Tang Huan waved his hand and said with a smile all over his face, "Once I obtain the 'Xuan Ming Initial Fire', you can naturally leave the 'Full moon spirit cave'. As for now, you should just stay here peacefully." Saying that, with a slight thought, Tang Huan kept the box back into the 'Sumeru Magical Ring'.

"Alright, then I'll wait a little longer."

Xuan Ming Ghost King's expression was gloomy, her expression was uncertain, and by the time she finished speaking, she had already floated backwards, returning to the inner side of the dimension.

Tang Huan did not bother with her anymore, and looked towards the "Xuan Ming Initial Fire".

The reason why the Spiritual Fire stayed on top of the spirit pillar and did not make a move, was obviously because it had witnessed Tang Huan taking action earlier and was quite wary of him.

Suddenly, it could no longer hold back as it roared at Tang Huan. In an instant, the air suddenly fluctuated, the originally soft and feminine Qi suddenly became berserk, as though a huge wave had lifted up on the ocean surface.

"Hu!"

For a time, the deafening sound echoed within the "Full Moon Spirit Cave".

Tang Huan squinted his eyes as he stabbed the spear into the ground. Then, his hands started to dance. Initially, Tang Huan had the same idea as when he was at the "Temple of Life", which was to lure the Flame Heart with it, then wait for the majority of the "Xuan Ming Initial Fire" to enter his body before starting to refine it.

However, after discovering that the "Xuan Ming Initial Fire" had a stronger spirit and a stronger attack power, Tang Huan realized that that method would not work.

Not only was this "Xuan Ming Initial Fire" attractive, it could only be refined by force.

Of course, before being refined, he still had to first weaken the power of this "Xuan Ming Initial Fire" to the maximum. Although this "Xuan Ming Initial Fire" was the Spiritual Fire, it belonged to the five elements of water. Among the five elements, earth could counter water, so using earth magic to deal with it should have a better effect than using the Dragon and Phoenix Spear.

In the blink of an eye, a huge wave of soil more than ten meters tall condensed in front of Tang Huan, and rolled about like a wave. In the time it took to snap a finger, this vigorous earth wave crazily crashed into the blue fire dragon.

With an explosive sound, the air was filled with the powerful Strength Qi. In the next moment, the earth wave dissipated and the long fire dragon also dispersed, turning into a blue flame more than ten meters in radius. It was like a cloud that was stirred up by the strong winds, churning in the air.

Tang Huan snorted from his nose, his hands did not stop moving, another wave of earth struck towards the flame.

"Hu!"

At this moment, the blue flames suddenly retreated.

In an instant, he had already returned to the back of the spirit pillar and stuck to it. With rapid movements, he drilled into the spirit pillar at an astonishing speed.

The entire space seemed to tremble a little under the loud ringing sound, but the spirit pillar was completely undamaged. When the thick earth wave slammed onto the spirit pillar, the last remaining ball of blue flames also disappeared without a trace, completely disappearing into the pillar.

"They escaped so quickly?"

Tang Huan was startled, the moment "Xuan Ming Initial Fire" was used, it became ferocious, he did not expect that it would be so timid, and could not even hold on for one second.

Inside the full moon spirit cave, Xuan Ming Ghost King, upon seeing this, could not help but twitch his mouth, his face revealing a sneer, obviously waiting to see Tang Huan make a joke of himself.

Before this, she had said that such a situation would occur, but now, it turned out to be true.

This "Full moon spirit cave" was her home. She had stayed here ever since she was still a mass of grievance, and she had been neighbors with this "Xuan Ming Initial Fire" for many years, so she had a very good understanding of Spiritual Fire and spirit pillars. The Spiritual Fire was hidden in a spirit pillar and fused with the "Moon Spirit Power". Using an ordinary method, it was impossible to get it out, unless someone could absorb the "Moon Spirit Force".

It was a pity that it wasn't easy to extract the spirit energy of the moon.

"Whoosh!"

Tang Huan's footsteps moved slightly, his figure appeared at the side of the spirit pillar, he then raised his hand, and gently pressed his right palm on the spirit pillar.

Seeing that, Xuan Ming Ghost King revealed a mocking smile.

However, in just a few breaths of time, the smile was frozen on her face, and her pair of red eyes were opened wide, filled with an unimaginable emotion. At this time, Tang Huan had already sat down with crossed legs, and the spirit pillar in front of him had already lit up slightly.

Maybe Feng Ming did not know what was going on, but she knew clearly, with the light of the spirit pillar, it meant that the power of the moon inside was decreasing.

Under the situation where the big array had stopped working long ago, Tang Huan was actually able to absorb the power from the spirit pillar?

"Hu!"

Just as the Xuan Ming Ghost King was overwhelmed with shock, Tang Huan had already calmed down and concentrated. A wave of cool and refreshing energy was like a broken dam as it rolled in, and in an instant, a large amount of sucking was sent into the "Nine Yang Divine Furnace".

Tang Huan knew that this should be the power of the moon spirit.

The material of the spirit pillar was special, Tang Huan's Genuine Qi could not penetrate it at all.

If it was anyone else, even if it was the Martial Saint s of the Peak Stage Nine, they would not be able to absorb the "Moon Spirit Force" inside, but since Tang Huan possessed the "Nine Yang Divine Furnace", although the Genuine Qi could not enter, the extremely tyrannical power of the sucking could still go deep into the spirit pillar.

After the Moon Spirit Qi entered, Tang Huan did not hesitate, and immediately started refining it.

"Buzz!"

At almost the same time, the spirit pillar that became brighter and brighter suddenly emitted an abnormally intense buzzing sound. Billions of dazzling lights bloomed, illuminating this dim space until it was like daytime. On top of the spirit pillar, there seemed to be the flowing of moonlight that was incomparably agile.

Chapter 505: If you want to die!

"Tang Huan is indeed absorbing the power of the Moon Spirit!"

Xuan Ming Ghost King finally regained his senses but he couldn't help but clench his teeth, his eyes extremely dark.

Currently, flowing lights lingered around the spirit pillar, dazzling people's eyes and making them hard to look at. This was precisely the sign that the "moon spirit energy" had been greatly drained.

Once such a situation occurred, the "Moon Spirit Power" would be equivalent to having a master, and that spirit pillar also seemed to have become a cage that firmly bound the power within. This meant that, other than being able to enter Tang Huan's body, all the "Moon Spirit Force" would not leak out at all.

Unless Tang Huan took the initiative to stop the absorption of the "Moon Spirit Force".

The power of the Moon Spirit was restricted within the spirit pillar, as was the "Xuan Ming Initial Fire" that was fused with it. The Spiritual Fire chose to hide inside a spirit pillar.

However, a cold smile soon appeared on Xuan Ming Ghost King's face.

It was indeed surprising that Tang Huan was able to easily absorb the "Moon Spirit Force", but he was not certain if he was able to endure the "Xuan Ming Initial Fire" that was being channeled into his body along with the "Moon Spirit Force".

The Spiritual Fire was actually so easy to fuse with?

Especially to Tang Huan, fusing with the "Xuan Ming Initial Fire" would be much more difficult than anyone else, because Tang Huan had already fusing with one of the other five great Spiritual Fire s, the "Nirvana Sacred Fire". The Xuan Ming Initial Fire belonged to the five elements of water, the Nirvana Sacred Fire belonged to the five elements of fire.

"Xuan Ming, I'm afraid I'll have to disappoint you." Sensing Xuan Ming Ghost King's expression, Feng Ming who was at the mouth of the "Full moon spirit cave" chuckled.

"What do you mean?" Xuan Ming Ghost King's face darkened.

"Not only did Tang Huan successfully fuse with the 'Nirvana Sacred Fire', he also managed to fuse with the 'Bodhisattva Fire'. This' Xuan Ming Initial Fire 'can't escape either, it will soon become the third type of Spiritual Fire he possesses." Feng Ming smiled from between his brows.

"How is this possible?"

The Xuan Ming Ghost King found it hard to believe her ears. Tang Huan had actually succeeded in fusing two Spiritual Fire s?

Feng Ming smiled indifferently: "There is nothing that is impossible in this world, not to mention that Tang Huan has already absorbed and assimilated the 'Flame Heart' left behind by the Phoenix Ancestor."

"What?"

Xuan Ming Ghost King could not help but exclaim.

She finally understood why Tang Huan was able to find the "full moon spirit cave". It was obviously because of the "Flame Heart" s guidance. Tang Huan originally wanted to go with the "Xuan Ming Initial Fire", but in the end he had unintentionally blocked her from entering the "full moon spirit cave".

However, what made her even more inconceivable was that the "Flame Heart" was actually obtained by Tang Huan.

After a long while, the Xuan Ming Ghost King finally took a deep breath and said in a deep voice, "Feng Ming, didn't you always wanted to fuse with the 'Flame Heart' and undergo rebirth? Without the Flame Heart, even if you go through Nirvana stage again, the effect would be greatly reduced. "

"You don't need to worry about who I give the 'Flame Heart' to. It's better if you worry about yourself instead."

Feng Ming let out a cold laugh, but she was secretly bitter in her heart. If possible, she certainly didn't want to give Tang Huan the "Flame Heart", but there were some things that did not always go as planned. Her soul was being controlled by Tang Huan, and after such a long time, she was completely resigned to her fate.

"You ..."

Xuan Ming Ghost King was greatly angered and he snorted lightly. He glanced at Tang Huan who was sitting cross-legged on the ground, then his gaze landed on Feng Ming and he said solemnly: "Feng Ming, you and I have known each other for a while. You should know the personality of Demon Lord. Betraying him will not end well. "

"Although Tang Huan's strength is not bad, he is definitely not a match for the Demon Lord."

"Moreover, he even killed Young Master Fen Lei at Luo Fu World, so Demon Lord will definitely not let him off. Once the Demon Lord comes looking for you, he will definitely die. At that time, you will also not be able to escape this calamity. Of course, if you go back now, you will still have time to do so. Otherwise, there will be no one in this world who can save you. "

"You're right." Feng Ming frowned, as if she was lost in thought.

"Sister Feng Ming, listen to sister's advice, sister will definitely not harm you." In an instant, they were already not more than ten meters apart from each other. "If you and I work together, Tang Huan is definitely not a match for him. Capturing him and bringing him back to the Abyss City is definitely a great achievement."

"Yiya!" Xiao Budian waved his two little claws, protecting Tang Huan behind him. He glared at Feng Ming and Xuan Ming Ghost King furiously.

"Good idea, but..." Feng Ming clapped her hands lightly with a smile. But in the next instant, her face sank and a ball of blazing flames spewed out from her mouth, sweeping towards Xuan Ming Ghost King who continued to cautiously approach them. Wherever the heat wave passed, there would be a crackling sound in the air.

[illegible]

Even though Xuan Ming Ghost King was prepared, he was still touched by the flames. He was immediately sent flying backwards as he screamed, and instantly returned to the inside of the dimensional space. His figure actually dimmed a bit, and his face was filled with an unconcealable anger, "Feng Ming, you dare to harm me like this."

"You can't blame me for this, you can only blame yourself for being too stupid." Feng Ming sneered.

"Yiya!" Xiao Budian was stunned for a moment. Then, he regained his senses and nodded his head like a chicken pecking at rice. His eyes were filled with a smile, but he did not know if he understood what she meant.

"You ..." Xuan Ming Ghost King was so angry that his entire body was trembling.

"Xuan Ming, it was just a warning just now. If you still want to court death, I don't mind letting you win." Feng Ming narrowed her beautiful eyes and let out a cold snort.

"Feng Ming, you ... "Don't regret it in the future ..."

..

After cursing for a long time, the Xuan Ming Ghost King finally quietened down. Seeing that she was no longer acting rashly, Feng Ming also sat cross-legged at the entrance of the cave, and stood in front of the spirit pillar in the center of the space. Tang Huan, on the other hand, remained as still as a statue, unmoving.

Unknowingly, the full moon spirit cave had become so tranquil that one could hear a pin drop.

"Hu!"

After an unknown amount of time, the whistling sound suddenly rose up and broke the silence of this space. A ball of dark blue flames rushed out from the spirit pillar. However, the flame quickly withdrew.

Not long later, another ball of dark blue flames seeped out from the other side of the spirit pillar, then it immediately withdrew ... As it continued to circulate, the "Xuan Ming Initial Fire" tried to escape from the spirit pillar. However, inside the spirit pillar, there seemed to be an invisible hand that was constantly pulling it back.

Feng Ming subconsciously opened her eyes. Seeing this scene, a strange light flashed in the depths of her beautiful eyes, while Xiao Budian had long since widened her eyes.

"Xuan Ming Initial Fire... "It's over!"

Inside the full moon spirit cave, Xuan Ming Ghost King's face was extremely gloomy, as he let out a nearly inaudible sigh.

Chapter 506 - Phenomenon

"Phew!" "Huff ..."

Within the spirit cave, the sound of howling filled the air.

However, as time passed, the sounds gradually weakened and the amount of blue colored flames that could emerge from every part of the spirit pillar became fewer and fewer.

Xuan Ming Ghost King had been hoping for a miracle to happen, but after seeing this scene, all hope was shattered and she completely gave up on it.

After a long time, there were no longer blue flames on the spirit pillar, and the full moon spirit cave once again regained its silence.

Soon after, the sparkling light that was emitted from the pillar began to weaken until it was completely dark, and the previously drowsy atmosphere returned.

"Heh ..." Tang Huan continued to sit in front of the spirit pillar quietly for a long time before he suddenly opened his eyes. He slowly took a deep breath, and a satisfied smile appeared on his face.

"Hu!"

When Tang Huan straightened his body, an imposing aura that seemed to have condensed substance began to roar, and stirred gigantic waves that reached the skies within the full moon spirit cave. A terrifying pressure filled every corner of the space, and in that instant, even Feng Ming and the Xuan Ming Ghost King were shaken.

"Peak Stage Nine!"

Xuan Ming Ghost King could not help but blurt out these words.

Compared to when he first entered, Tang Huan's aura was twice as strong, which meant that Tang Huan had probably already reached the Peak Stage Nine realm. The Xuan Ming Ghost King was not surprised by Tang Huan's sudden improvement in strength. After all, he had absorbed a lot of "Moon Spirit Force".

However, even though she had expected this to happen, her eyes were still filled with jealousy and envy.

"Yiya!"

Xiao Budian was stunned for a moment before awakening from his daze. With a loud and clear cry of excitement, he flapped his three pairs of small wings, and landed on Tang Huan's shoulder.

Feng Ming looked at Tang Huan, her narrowed beautiful eyes revealing signs of shock.

Back then, when he met Tang Huan, he was still just a small Stage Four Martial Master. He was chased until he was forced to flee within the Phoenix Nest, and now, after just two years of time, he had already stepped into the Peak Stage Nine.

The imposing aura came quickly and dissipated quickly, but when Tang Huan straightened his back, it had already disappeared without a trace.

Following that, Tang Huan's gaze fell on the Xuan Ming Ghost King inside the full moon spirit cave. Although his expression was calm, the Xuan Ming Ghost King was still somewhat nervous.

"Feng Ming, we should get out!"

But, Tang Huan only glanced at him once, and then flew out of the cave, Feng Ming quickly followed and in the time it took to blink of an eye, the two of them had disappeared.

Xuan Ming Ghost King heaved a sigh of relief. The joy of surviving a calamity had just surfaced in his heart and it was replaced by an indescribable sense of anger.

This time, the losses were heavy, and what was even more unbearable was that the current Tang Huan did not even place her in his eyes.

A dignified Demon Clan like him, one of the eight great Demon King s, was actually looked down upon like this.

The strong sense of humiliation made Xuan Ming Ghost King unable to hold it in any longer. He glared with his bright red eyes as he screeched in anger and hatred.

Within the passageway, after hearing the sounds that were faintly transmitted from behind him, the corner of Tang Huan's lips curled up slightly, but he didn't pay it any heed in the slightest.

"Whoosh!" "Whiz!"

The sound of something tearing through the air could be heard. Tang Huan and Feng Ming, one in front and one behind, quickly flew along the marked tunnel.

... ..

It was noon.

"Haha, Forgotten City! We have finally reached the Forgotten City ... "

At the edge of the Forgotten City, one figure after another climbed up the beach from the bottom of the beach following the thick rope. There were men, women, old and young, all of them were Human Clan s. Looking at the dilapidated ancient city in front of them, everyone couldn't help but shout out.

"Eh? Everyone look, what's that? "

Suddenly, a young man couldn't help but cry out. Seeing his strange expression, the crowd subconsciously followed his gaze and saw two gigantic white tigers floating high in the sky in the distant city, facing each other.

"Such a big tiger?"

"White Tiger?"

"It's said that there's a White Tiger Statue in the center of Forgotten City, and a White Tiger Mountain in the west of the city. Those two White Tiger Mountain seem to be in the direction of the city center and the White Tiger Mountain"

"..."

Seeing the strange scene in the sky, everyone couldn't help but look at each other in dismay.

"Ang!"

Just then, an earth-shaking dragon cry resounded through the sky, everyone turned to look, to see that in the east of Forgotten City, a huge green dragon had risen, baring its fangs and brandishing its claws.

"Ang!"

Immediately after, another gigantic dragon roar swept out, and in the center of Forgotten City, another huge green dragon appeared.

The two huge green dragons made contact, and a terrifying aura spread out in the air.

"The green dragon also appeared!"

"Like those two white tigers, there is an Azure Dragon on the Azure Dragon Mountain, on the eastern side of the city. The other one is in the center of the city."

"First it's the White Tiger, then it's the Azure Dragon. Could it be that the Fire Bird and the Snake-Turtle will appear as well?"

"..."

Everyone exchanged glances, feeling bewildered and uncertain.

He did not know if this sudden turn of events was good or bad, he did not know what it meant, but the people who were planning to first head to the center of the city did not move, as they all stopped at the edge of Forgotten City, occasionally looking towards the north and south.

After about half a day, everyone's hunch finally turned into reality.

"Screech!" "Screech ~ ~ ~"

In the southern part of Forgotten City, a giant fiery red bird spread its wings and flew up into the sky. And in the center of the city, another gigantic fiery red bird followed closely behind, revealing its incomparably beautiful figure high up in the sky.

"Firebird!" The Fire Bird has appeared! "

"As I thought!" "Sure enough!"

"After the White Tiger, the Azure Dragon, and the Firebird, it must be that Snake Turtle."

"The four great beasts appeared one after another, what happened to the Forgotten City?"

"..."

Everyone cried out in alarm as they looked towards the north.

Time flew, and the sky gradually darkened. In the evening, the activity that everyone had been waiting for finally appeared. The bellowing sound was so loud that it seemed as if it could tear apart the sky.

"Roar!" "Howl ..."

Two gigantic figures with strange appearances appeared in the northern and central areas of the Forgotten City one after another. The long snake body was coiled around a gigantic turtle, its snake head was sinister and terrifying, its scarlet tongue was flicking, and the gigantic turtle had also opened its bloody mouth, looking extremely mighty.

After this snake-turtle shaped beast appeared, the mutation occurred again.

"Boom!" "Boom ..."

Following that, the entire Forgotten City began to fiercely tremble. Above the city, the vast space was rapidly distorting and undulating, and ripples had already begun to appear in everyone's line of sight.

Chapter 507 - The Universe Tower

"They're moving!"

Immediately after, the crowd discovered that in the air above the city center, four Pang Shou's figures were slowly shifting their positions.

Although the four huge beasts were facing each other from a distance, their positions were not the same.

Amongst the four huge beasts flying above the center of Forgotten City was the Azure Dragon in the south, the White Tiger in the north, the Fire Bird in the west, and the Snake Turtle in the east. The four huge beasts surrounding the Forgotten City were the Azure Dragon in the east, the White Tiger in the west, the Fire Bird in the south, and the Snake Turtle in the north.

And now, the location of the four huge beasts in the center of the city began to move in the direction of the surrounding huge beasts.

"Boom ..."

The deafening sound rang out without end.

After a quarter of an hour, the four pairs of giant beasts finally reached the same spot. The thunderous rumbling finally stopped, and the trembling ground regained its calm. At this time, an incomparably dazzling white light spread out from the center of the city, illuminating the night sky.

"That is... The Cosmos Sack? "

At the edge of the city, a Black Costume Old Man could not help but cry out.

Everyone looked over, and indeed, they discovered that the abnormally bright and white luster was coming from the tall building in the center of Forgotten City.

The appearance of the Four Great Strange Beasts in the void had actually caused such a huge change in the Qiankun Pagoda? Everyone looked into the distance as their hearts were full of speculation. Their eyes were full of surprise.

"Damn it!"

On the tattered roof of Dark Nether Hall in the northeast part of Forgotten City, Xuan Ming Ghost King was also staring at the glowing and overflowing colors of the Cosmos Sack. His expression was ugly, and his heart was filled with extreme anger.

Only after Tang Huan and his had left for a long time did she finally calm down and begin to cultivate.

The huge commotion caused by the four transformations in the center of the city also woke Xuan Ming Ghost King up. Under her curiosity, she couldn't help but leave the "Full moon spirit cave" to investigate. In the end, what she saw was the four figures standing opposite of each other in the air above Forgotten City.

At that moment, she immediately realised that Tang Huan had long ago obtained the White Tiger Spirit Page.

A "White Tiger Spirit Page", along with the "Azure Dragon Spirit Page", "Vermillion Bird Spirit Page" and "Black Tortoise Spirit Page" that she had contributed, Tang Huan had completed all four of the "Four Symbols Spirit Pages".

At this moment, Xuan Ming Ghost King was so jealous that he was about to go insane.

In order to collect the "Four Symbols Spirit Page", she had searched through the entire Forgotten City countless of times. From start to finish, she had spent nearly twenty years before obtaining three of them.

When she handed them over to him, she did not care too much. The "Four Symbols Spirit Page" was missing one, it was no different from a piece of trash. Even if they fell into Tang Huan's hands, he would not be able to return the Four Symbols and open the Universe Pavilion.

But who would have thought that after Tang Huan obtained her three Spirit Pages, she just so happened to collect all four of them?

When she thought of this, she became extremely frantic.

"The Cosmos Sack has indeed opened."

However, Tang Huan could completely feel the stifled and manic feelings of the Xuan Ming Ghost King. At this moment, he was standing in front of the Qiankun Tower with Feng Ming as a smile hung on his face.

At the base of the Cosmos Sack, the four statues had already moved. Azure Dragon, White Tiger, Vermillion Bird, and Black Tortoise stood facing the surrounding Azure Dragon Mountain, White Tiger Mountain, Vermillion Bird Mountain, and Black Tortoise Mountain respectively. After the four elephants had returned to their position, the old and ancient Cosmos Sack looked completely new. It was filled with sparkling lights and full of spirit energy.

Moreover, in the front of the Cosmos Sack, there was also an arch several meters tall. Inside, it glittered with white light, and the air rippled endlessly.

"Junior Brother Tang Huan!"

A unique and beautiful voice sounded.

Tang Huan looked over in a blink of an eye, and saw many figures flying over, the one in front was dressed in red like a flame and holding onto a snow white halberd, it was Yu Feiyan.

"Senior apprentice-sister Feiyan, you've come out!"

A happy smile surfaced on Tang Huan's face.

Almost the same instant his voice fell, Yu Feiyan had already stopped in front of him, and said in disbelief: "I really didn't think that you would find the other three 'Four Symbols Spirit Pages' so quickly, open the 'Universe Pavilion', and release us from the White Tiger Mountain."

After Tang Huan and Feng Ming left, she and the others who were trapped inside the White Tiger Mountain did not hold too much hope.

Forgotten City had already been discovered for a thousand years, and during this period of time, countless experts from the three clans had come to this place. It was possible that someone had already brought out the "Four Symbols Spirit Page" long ago. Even if they were all still in Forgotten City, it was impossible for Tang Huan to find them.

After all, before Tang Huan, countless people had not found any trace of them.

Instead of waiting for all the spirit pages to be collected, instead of waiting for the Four Symbols returning and opening, it would be better to wait for three years for the White Tiger Mountain's entrance passage to automatically open.

But Yu Feiyan and the others did not expect Tang Huan to bring such a huge surprise to them.

In just a short span of a day or so, Tang Huan had successfully found all the remaining spirit pages and opened the Heaven and Earth Pavilion.

"It is probably because the heavens do not want to see Senior Sister Feiyan be trapped in the White Tiger Mountain for three years, that and I were lucky enough to find the other three 'Four Symbols Spirit Pages'." Tang Huan joked.

"Feng Ming..."

Yu Feiyan's gaze fell on Feng Ming's body, and said in an unusual tone, "Peak Stage Nine..." After a moment, Yu Feiyan seemed to have thought of something, and a look of understanding appeared in the depths of her beautiful eyes, a hint of surprise, and she actually cupped her hands towards Feng Ming, "I am Yu Feiyan, greetings to Senior Feng Ming."

"I am not some Senior Feng Ming, I am just Tang Huan's maid." Feng Ming's beautiful face turned black as she snorted.

"A maid?"

Hearing these two words, Yu Feiyan was surprised, but soon after, a strange expression appeared on her beautiful oval face, and the dozens of Human Clan s who had just arrived were dumbstruck. A dignified expert of the Peak Stage Nine, actually self-proclaimed himself to be Tang Huan's servant?

Tang Huan reckoned that Yu Feiyan must have guessed the identity of the Flamewing Phoenix King, so he laughed out loud. He raised his hand and pointed to the pavilion in front of him: "Senior sister Feiyan, it is said that there are many opportunities hidden inside the Universe Pavilion. Why don't we go in and give it a try? Maybe we'll be able to get something out of it. "

"That's exactly what I was thinking."

Yu Feiyan nodded and smiled, "Junior Brother Tang Huan, this time we are all basked in your glory. You and Feng Ming can go in first, I'll come later. "

"Alright then!"

Tang Huan did not argue, and immediately shot towards the arch with a smile, and in the next moment, Tang Huan's figure disappeared into the arch, but Xiao Budian was blocked by an invisible force and bounced back.

"Yiya?" Xiao Budian flapped her three pairs of wings and hovered in the air, her pair of eyes were wide and round, looking extremely depressed.

"Is the Spiritual Beast unable to enter this Qiankun tower?"

Feng Ming and Yu Feiyan couldn't help but look at each other. In the next moment, Feng Ming floated forward and her figure quickly disappeared into the arched door. Yu Feiyan's eyes flashed a look of doubt, she suddenly realised, maybe only Stage Nine Rankers could enter this building.

"Whoosh!"

Yu Feiyan's body moved like a stream of light, and in the blink of an eye, her figure had already been assimilated.

Chapter 508 - Great Harmony Heavenly Classics

"Just now Tang Huan said that there are many opportunities that are hidden inside the Universe Tower, but I wonder what those opportunities are?"

"Tang Huan and the rest entered."

"The Spiritual Beast cannot enter, we ... You should be able to enter, right? "

"..."

When the surrounding people returned to their senses, seeing that Tang Huan, Feng Ming and Yu Feiyan had entered the Universe Tower one after another, their hearts could not help but beat with excitement, and they were eager to give it a try.

"I'll try first."

An instant later, a burly, middle-aged man leaped forward. However, the moment he touched the arched door, he seemed to slam into a thick wall. His body flew out, and after landing heavily on the ground, he staggered for a few more steps to stabilize himself.

"Can't get in?"

Everyone was stunned.

Shortly after, a few men and women went up to try again and again, but they were all bounced back just like the middle-aged man.

"Could it be that only Stage Nine Rankers can enter this building?"

A young man recalled the possibility Yu Feiyan thought of before he entered and involuntarily exclaimed out loud.

Upon hearing these words, everyone looked at each other in speechlessness and could not help but laugh bitterly.

The moment Tang Huan entered, the four pairs of strange beast silhouettes high up in the sky had already turned into a ball of light and blended into the four statues at the base of the Universe

Pavilion and the surrounding four mountains. However, the shock brought about by the "Four Symbols returning, opening of the Universe" still did not disappear.

With such an abnormal phenomenon, it was impossible to find any lucky chances in the Heaven and Earth Tower.

It was a pity that only Stage Nine Rankers could enter the Universe Tower. In the entire world, there were probably only a few tens of people who could enjoy such a great opportunity.

After wandering around outside for a long time, they finally had no choice but to disperse.

The central area of the city gradually quietened down. Xiao Budian paced back and forth outside the arched door with a depressed look on his plump stomach.

... ..

"Xiao Budian is actually not able to enter the Universal Tower!"

Sensing that Xiao Budian who was on his shoulder was blown away, a thought flashed through Tang Huan's mind, and he felt as if his entire body was being supported by an extremely powerful force. Then, a white light flashed before Tang Huan's eyes and he stepped back again. The power also disappeared without a trace.

In the blink of an eye, Tang Huan had already found herself in a small space with a circumference of several meters.

Above his head, around him, and even the ground beneath his feet, there was a large and complete white stone slab. The surface of the white stone tablet seemed to be engraved with countless fine lines and was giving off specks of gentle luster.

"This is the top floor of the Qiankun Pagoda?"

Tang Huan only had a slight thought before his gaze fell upon the center of the space. On that place, there was a low jade table, and on the jade table, there was a crystal clear prayer mat, and on the jade table, there was a palm-sized jade slip that was as thin as a page.

According to the information revealed by the Xuan Ming Ghost King, the person who opened the Universe Tower could take a peek at the "Four Great Heavenly Palaces" 'strongest secret scripture.

"The so-called strongest manual is hidden within this jade slip?"

Tang Huan raised his eyebrows, walked up a few steps, and directly sat on the meditation cushion with his legs crossed. Then, he picked up the white jade slip. The jade piece similarly contained extremely complicated and fine lines. Tang Huan carefully examined them and discovered that the lines seemed to combine into four characters.

"Great Harmony Heavenly Classics?" Tang Huan muttered as he subconsciously channeled the Genuine Qi to enter.

"Buzz!"

A light trembling sound rang out, and the jade piece unexpectedly let out a soft light.

Following that, all the fine lines started to twist and change, in just a few breaths of time, the lines that formed the four words "Great Harmony Heavenly Classics" seemed to merge together,

following that, a white-colored odor rose out of the jade piece, and landed on the center of Tang Huan's brows.

A vast amount of information seemed to have exploded in the depths of Tang Huan's soul, causing him to become absent-minded. Faintly, Tang Huan seemed to see the four elephants again, the green dragon circled in the east, the white tiger sat in the west, and the Vermillion Bird soared in the south while the Xuanwu hid in the north.

However, immediately after, the four images underwent a bizarre change.

The Azure Dragon, White Tiger, Vermillion Bird, and Black Tortoise had all transformed into green, white, red, and black auras. Each type of aura had different characteristics.

"Wood, gold, fire, water?"

Just as these words flashed across Tang Huan's mind subconsciously, the four balls of aura already closed in on each other and started to slowly fuse together.

In the blink of an eye, it seemed as if many years had passed

A yellow aura appeared, hazy and surging.

"Earth?"

Tang Huan was startled for a moment, and then suddenly awakened. He looked up, he was still in the top floor of the Heaven and Earth Tower, sitting cross-legged with the jade piece in hand, although the strange scene he saw just now had disappeared without a trace, but to Tang Huan, it was still fresh on his mind.

"When wood, metal, fire, and water fuse together to form earth, that means' taiji '?"

"This kind of change, is it four images that have merged into one?"

Tang Huan thought back to the Four Symbols in his previous life. It was exactly the same as the situation he was experiencing just now. Only after a long while did Tang Huan calm down. Immediately, a series of messages flooded out from the depths of his soul like a string of passing lanterns, continuously flowing like water.

This was the chant for "Great Harmony Heavenly Classics." It was mysterious and magical, as if it contained endless mysteries.

Tang Huan was immersed in it, and did not know how time had passed.

"Hu!"

After an unknown period of time, Tang Huan finally recovered from his shock and sighed lightly, revealing an uncontrollable joy between his brows. He discovered that if he were to use this "Great Harmony Heavenly Classics" for cultivation, the "Five Colors Spiritual Pills" within his own Dantian would definitely transform yet again.

Not only that, if they could gather all five great Spiritual Fire s, they might even be able to combine them together.

"This 'Great Harmony Heavenly Classics' is indeed worthy of being the 'Four Symbols Heavenly Palace's strongest secret manual'."

After a long while, Tang Huan finally managed to hold back the joy in his heart.

The four images converged into one, forming taiji ... To Tang Huan, even though the direction of this road was clear, it was still quite far away. Even so, the rewards from entering the "Universe Pavilion" were still incomparably shocking. At this moment, Tang Huan became more and more curious about the "Four Symbols Heavenly Palace".

To be able to possess such a mysterious technique like the "Great Harmony Heavenly Classics", the "Four Symbols Heavenly Palace" must also be an existence that had a flourishing reputation in the Forging God Great World.

It was a pity that such a great power had vanished into thin air because of the great war in the ancient era. It was unknown how many experts had participated in the great war back then, but even forces like the "Four Heavenly Palaces" had been unable to withstand it. If the "Four Symbols Heavenly Mansion" still existed, this small world would have lost all its races long ago. No matter if it was glory, origin, Holy Spirit, or destruction, everything would be under its control.

After a long while, Tang Huan finally calmed himself down, stood up slowly, and walked towards the arched door.

... ..

Chapter 509

"Sure enough, only Stage Nine Rankers can enter the Universe Tower!"

Behind a broken wall, Xuan Ming Ghost King could not help but feel his heart palpitate as he looked at the vibrant and vibrant Heaven and Earth Tower in front of him.

Just a moment ago, another large group of Human Clans tried to enter the Heaven and Earth Pavilion, but they all failed without exception. Those people were all Stage Seven Martial Master, some were even Martial Lord of the eighth step. But Tang Huan, Feng Ming and Yu Feiyan were able to easily enter, it was completely consistent with the information she had gathered.

As for her, although she was currently rather weak, she was a genuine Stage Nine Ranker.

"Hu!"

In the next moment, the Xuan Ming Ghost King could not hold back and floated out from behind the broken wall. Like a ghost, in a moment, he was only ten meters away from the building. It was at this time that a blue figure appeared in front of Xuan Ming Ghost King.

It was actually Tang Huan's Spiritual Beast. It was currently squatting on the stairs in front of the tower, staring at the arched entrance in front of it.

"Blue Dragon..." Xuan Ming Ghost King's eyes were cold, his mind was ready to make a move.

"Yiya?"

Xiao Budian seemed to have sensed something and immediately woke up. With a crisp sound, his body quickly swelled, three pairs of gigantic wings lightly flapped, and he quickly floated up,

becoming taller and taller. In just a short two breaths of time, it had already floated dozens of meters in the air.

"Yiya!" Immediately after, Xiao Budian made a face at Xuan Ming Ghost King with his two front paws.

"Damn it!"

Because of her special body, she could also fly, but with her current strength, she was simply unable to catch up to Blue Dragon, who had a huge body and three pairs of wings. However, there was no need for her to chase after that Blue Dragon.

"Chi!" With a flick of his finger, a long bone bow covered with blood-red patterns appeared in his palm. He nocked an arrow at the end of the bow.

"Bang!"

The bowstring trembled, and the slender arrow shot towards Xiao Budian at a speed that even the naked eye could not catch, like a streak of dark red light.

If it was any other place, she would not have the guts to do so. However, in front of the Heaven and Earth Tower, she was not worried at all. Even if she was unlucky and was met by Tang Huan who came out from the building, she could still hide in the Universe Tower, but in this Heaven and Earth Tower, anyone could only enter this one time.

This meant that it was impossible for Tang Huan to chase him into the Universe Tower.

Even if he asked another Stage Nine Ranker to enter the Heaven and Earth Pavilion, it would not be a problem. According to the information she had gathered, the Heaven and Earth Pavilion could not move.

High above the sky, Xiao Budian was shocked as he quickly turned his body.

Although Xiao Budian avoided the vital points on its chest, the first fleshy wing on the right side of the arrow was penetrated by the arrow.

"Yiya!"

Xiao Budian cried out in pain, his body quivering, he suddenly dropped, but following that, the other two pairs of wings on his body started to flap, flying towards the top of the tower.

Xuan Ming Ghost King sneered, and once again nocked his bow.

"Hmm? "Not good!"

However, before this arrow could even be shot out, Xuan Ming Ghost King's expression changed. From the top floor of the Universe Tower, a ball of white light suddenly separated from the inside of the building and quickly descended. Inside the ball of white light, a slender figure holding a spear could be vaguely seen.

"Tang Huan? You're out so soon? "Just consider this little thing lucky!" The Xuan Ming Ghost King gritted his teeth as he rushed towards the arch of the Cosmic Star Restaurant as fast as he could.

"Xuan Ming Ghost King, how dare you!" An angry roar boomed from the sky, its tone filled with killing intent.

"Tang Huan, what can you do to me?"

Xuan Ming Ghost King stopped in front of the arch entrance, turned around and looked at Tang Huan who had just landed on the ground, and started laughing shrilly, "I can enter the Heaven and Earth Tower anytime now, but you ... Tsk tsk, you think you can stop me now? "

"Oh right, Tang Huan, I forgot to tell you earlier, but after this' Universe Tower 'opens, it will take another year before it closes automatically. I can just stay in there for one year and come out again. If you have the ability, then just wait for me outside this Universe Pavilion for one year, hehehe ... "

Seeing Tang Huan's face filled with anger, Xuan Ming Ghost King's bright red eyes revealed unconcealable ridicule. She felt that the anger and anger in her heart had dissipated by a lot.

Of course, the reason she was so fearless was mainly because the two were separated by a dozen meters. Under the situation where she could enter the Heaven and Earth Pavilion at any time, even if Tang Huan took action, he wouldn't be able to pose any threat to her. In the end, he could only watch as she disappeared into the arch.

When she thought of how furious she was and how she couldn't do anything about it, she felt a great sense of relief.

"Is that so?"

Tang Huan sneered, and advanced towards Xuan Ming Ghost King with large strides, "Xuan Ming Ghost King, I'm afraid you won't be able to enter this Heaven and Earth floor today!"

"What a joke, I'll go in now and let you take a look!" Xuan Ming Ghost King had a playful smile on his face. Just as he was about to move backwards, he heard a slight sound of movement.

"Huh?"

Just as he was about to run to the side, he heard a "hong" sound. As if he had suffered a heavy blow, his body couldn't help but fly forward, like a kite with its string cut, and behind him, in front of the arch of the Universe Pavilion, there was a slim and graceful fiery red figure standing, it was Feng Ming.

"Feng Ming..."

Xuan Ming Ghost King screamed as his body turned into a ball of dark red Qi. However, before it could dissipate, many fiery red lights rose into the air, flying back and forth in the air. In an instant, they condensed into a network of round covers, covering it completely.

"AA
AA!"

The blazing heat swept over from all directions, causing the Xuan Ming Ghost King to scream in pain. The expanding ball of dark red aura immediately shrank and turned into a humanoid shape, its pale face was illuminated by the fire light to become completely red, as it screamed out of both fear and anger, "Feng Ming ... "Why did you come out at this time ..."

There was a separate exit for those who entered the top floor of the Universe Pavilion. When they left, they would leave from the top floor, while those who entered the lower floors all left the same way ...

However, she didn't take it to heart. It was impossible for Yu Feiyan and Feng Ming to coincidentally run out to block the way when she wanted to go in. However, she never would have thought that such an impossible situation would happen.

Tang Huan scoffed from the bottom of his nose, "Naturally, I was the one who called her out."

"How is this possible?"

Xuan Ming Ghost King felt as though his soul was going to melt, his face contorted as he roared in a low voice, "You didn't do anything just now, furthermore, you couldn't hear anything outside the pavilion at all ..." Her bright red eyes were filled with despair.

"You talk too much nonsense." Tang Huan's face darkened, he said: "You reap what you sow, you cannot live, I have already spared your life, but not only did you not cherish it, you are seeking your own death, if that is the case, I will grant your wish, obediently be my Spirit of Divine Weapon from now on!"

Chapter 510 - Dark Spirit Nether Force

"Tang Huan, have mercy, have mercy ..."

The Xuan Ming Ghost King was terrified beyond belief as he wailed for mercy.

Tang Huan's expression did not loosen in the slightest as his ten fingers danced in the air, dazzling the eyes. On the other hand, the fire net shaped round cover began to slowly shrink back.

Xuan Ming Ghost King's body once again turned into a lump of dark red aura, crazily charging left and right, wanting to escape. However, every time, before he could even touch the fire net, he would quickly retreat under the scorching heat, and from his mouth came waves after waves of ear-piercing hisses.

At this moment, Tang Huan had already activated the Mind Power to its limit, and the strength of the Saint-rank fire magic "Heavenly Net of Fire" he used was also incomparably shocking. If Xuan Ming Ghost King still had his strength at its peak, he would have been able to charge out. But now, he had no hope at all.

"Hu!"

Sensing that the situation below had changed greatly, Xiao Budian cheered as he floated down from the top of the Qiankun tower. At the same time, his body started to shrink, and when he landed on Tang Huan's shoulder, his body had already recovered to its original size.

"Yiya!"

Xiao Budian rubbed his head against Tang Huan's neck lightly, like a child who had done something wrong.

He was too careless just now, if he had immediately hid at the top of the heaven and earth tower, instead of getting carried away, he would have relaxed his guard. It would be difficult for Xuan Ming Ghost King's arrow to hit him, after all, his current strength was not as strong as before, and the might of his bow and arrow had also been greatly reduced.

"Xiao Budian."

Tang Huan looked over in the blink of an eye, and saw that the first wing on Xiao Budian's right had drooped, and there was an additional egg-sized hole on it. The fresh blood that had flowed out had dyed half of its body red.

Seeing its current state, Tang Huan's heart ached and he blamed himself.

Before entering the Universal Tower, he never thought that Xiao Budian would actually be ejected out of there, otherwise, he would have made all the arrangements beforehand.

Afterwards, although Tang Huan found out that he did not come in with them, he was not too worried. The people gathered in front of the Qiankun tower, definitely did not dare to attack Xiao Budian, not to mention, Xiao Budian could already fly in the air and was extremely sensitive to danger. Even if they had the guts to covet Xiao Budian, they would not have the strength to do anything.

Tang Huan did not mind the Xuan Ming Ghost King.

She just got back her life and her power was greatly weakened, she should not have come to provoke him so quickly. But Tang Huan did not expect that the Universe Tower he opened was actually the biggest reliance of the Xuan Ming Ghost King, and in the end, Xiao Budian was even injured by an arrow.

If he had not come out in time, Xiao Budian's life would have been in danger.

"Xiao Budian, I will avenge you right now!"

When Tang Huan looked at the Xuan Ming Ghost King again, his chest was already boiling with anger. He directly extended his hand into the fire net, and the boundless Genuine Qi that was accumulated in his palm surged out like raging waves, instantly enveloping the dark red Qi that was curled up once again, layer after layer, and grabbing it.

In the next moment, the fire net round cover disappeared, and a dark red flame rose up from within Tang Huan's palm. It replaced the Genuine Qi, and enveloped the dark red ball of aura that was as big as a washbasin.

"Tang Huan, you will die a horrible death!"

"Tang Huan, there will be a day when you die in the hands of the Demon Lord!"

"Feng Ming, you slut ... "Ah ..."

"..."

Xuan Ming Ghost King realized that Tang Huan would never let him go this time, and he also went all out. He screamed again and again while cursing out loud.

Tang Huan did not move an inch. Inside the flame in his palm, the dark red ball of aura was getting smaller and smaller, and the voice of the Xuan Ming Ghost King was getting weaker and weaker.

In just a short span of a dozen breaths, Xuan Ming Ghost King's voice had completely disappeared, and the dark red ball of aura that was originally the size of a washbasin was now only the size of a bowl.

This was the soul of the Xuan Ming Ghost King.

Then, with a thought, the Bloodrose Sword appeared in a flash. Following that, a wolf image rose up from the sword and swallowed the dark red Qi in one gulp.

"Tang Huan, something is very wrong with Xiao Budian." Feng Ming frowned, then suddenly said.
"Hmm?"

Tang Huan retrieved the Bloodrose Sword back into the "Sumeru Magical Ring" and then held Xiao Budian in his palm, as his gaze landed on its injured wings.

Only now did he realise that Xiao Budian's wing was actually still bleeding.

When Tang Huan first met Xiao Budian, he fought a huge battle with a pack of wolves, causing his body to become indistinct with blood and flesh. However, after using the 'Spirit Dragon Sacred Marrow', his injuries quickly recovered. He had originally thought that with "Spirit Dragon Sacred Marrow", Xiao Budian's wings would quickly heal.

But after a while, Xiao Budian was still bleeding. This did not make sense.

"Xiao Budian's 'Spirit Dragon Sacred Marrow' is actually ineffective against its own injuries?" Tang Huan frowned, a trace of seriousness appearing on his face.

"That 'Spirit Dragon Sacred Marrow' was originally derived from Xiao Budian's body, so how could it possibly heal its own injuries?" Feng Ming said snappily.

"I see."

Tang Huan facepalmed himself, and suddenly realised that he had entered into a wrong place.

If a person took a certain medicine every day, over time, the effects of the medicine would become less and less. Although Xiao Budian's situation was different, there was a lot of logic involved;

"In addition, all of the Xuan Ming Ghost King's arrows were gathered from the Tranquil Continent's 'Dark Spirit Nether Energy' and then gathered together to be formed by its own resentful aura. The 'Dark Spirit Nether Force' has an extremely strong corrosive power, after you fuse the resentful energy, the corrosive power will become even stronger. "

Feng Ming looked at the bone bow and the two dark red arrows on the ground and said, "If you are hit by this arrow, 'Dark Spirit Nether Force' will fuse into your flesh and blood, as if it was attached to your bones, slowly corroding and melting your flesh and blood. It is impossible to remove it with the Genuine Qi. If you want to treat Xiao Budian's arrow wounds, you must find the 'Blue Flame Emperor's Dragon Fragrance'.

"'Azure Flame Emperor's Dragon Fragrance'? Where can we find this herb? "

Tang Huan's face became gloomy, and looked at Xiao Budian's wing, the hole had expanded a little, obviously showing that the "Dark Spirit Underworld Energy" was continuously corroding the flesh inside the wing, if it continued like this, Xiao Budian's entire flesh body would be completely melted.

Xiao Budian also seemed to have realized the severity of the situation, but he smirked at Tang Huan mischievously, as if he did not care at all.

"I'm not sure about that." Feng Ming laughed bitterly and shook his head.

"I have read about this medicinal herb called 'Blue Flames Emperor's Dragon Fragrance' in a travel journal of the Weapon Refining Grand Master. It should be possible to find it in the Infernal Realm's desert." A voice suddenly came out, but it was unknown when Yu Feiyan had already walked out of the Heaven and Earth Pavilion, and quickly walked over.
