

W. Master 681

Chapter 681 - Step 1 - Killing intent

"You guessed right."

Jian Yi's voice sounded out, "The 'Ling Xiao Ancient Road' test, to others, is extremely difficult. But your test is at least ten times more difficult than the others. In this 'Ling Xiao Ancient Road', each step you take is one illusion, and each step you take is one filled with killing intent! "

"One step, one illusion, one step, one killing intent ..."

Hearing these ten runes, Tang Huan's heart also tightened slightly. He could not help but ask, "Senior Jian Yi, how many steps does this 'Ling Xiao Ancient Road' need to complete?"

"That depends on you." Jian Yi said slowly.

"Look at me?" Tang Huan was startled.

"That's right."

The sword laughed, then said, "Tang Huan, after you become a Martial Warriors, every battle, will appear in the illusions here. The number of battles, will be the number of illusions."

"If you can successfully pass through all of the illusions, this 'Ling Xiao Ancient Road' will be finished. And every time you can pass through the illusions, your strength will increase."

"However, as long as you are killed in one of these illusions, you will also die, and your soul will be completely devoured by this Ling Xiao Ancient Road. In addition, if you were injured in the illusion world, your body would also be injured. If your injuries are so severe that they are difficult to heal, even if you successfully pass through that illusion world, you will still die here in the end. "

"Oh?"

Hearing this, Tang Huan subconsciously looked down.

Only then did he realize that the clothes on his abdomen area had already been torn apart, and a small area had even been dyed gold with blood. However, the place where the dagger had pierced him had already healed. After that, Tang Huan looked at the hand he used to grab the dagger again.

"I see." Tang Huan nodded and sighed.

"Yiya!"

Xiao Budian cried out crisply, his gaze swiveling back and forth between Tang Huan's palms and abdomen. His pair of deep blue eyes were filled with worry.

"Don't be afraid."

Tang Huan caressed Xiao Budian's head while laughing, but there was a trace of heaviness in his eyes. Within that illusion, Tang Huan didn't have the memories he had now, but his opponent seemed to know how he would act. To him, this was indeed extremely dangerous.

The stronger the opponent, the greater the danger.

Furthermore, according to what Jian Yi said just now, when Tang Huan took his last step, the opponent he would meet would definitely be the Secluded Night Dark King. When they were in

Foggy Sea Island, Tang Huan and Xiao Ai teamed up and wasted a great amount of energy to deal with it. His own soul was also heavily injured, and it took a long time for him to recover.

In this illusory realm, the Secluded Night Dark King would definitely be even more difficult to deal with.

However, since he had already entered the "Ling Xiao Ancient Road", Tang Huan would not be so timid. While thinking, Tang Huan once again stepped forward, and the scene in front of him changed.

It was still that blacksmith shop. Other than Tang Hong, Tang Jiang and Tang Junjie, there was also a seventeen to eighteen year old black-clothed youth. It was Tang Chao ...

... ..

Inside the Foggy Sea Island, many figures were gathered in front of the Ling Xiao Arch.

Everyone was either sitting cross-legged on the ground, eyes closed, or pacing up and down with light footsteps. From time to time, they would raise their heads to look at the abnormally vast void within the arch.

"It's been almost a month, right?"

Suddenly, a melodious voice broke the silence of this space. The one who spoke was Shan Shan, and the two gazes that looked at Ling Xiao Arch were filled with worry.

"Little Shan Shan, don't worry."

"With Tang Huan's current strength, he can be called the strongest person in the history of our little world. If he is unable to pass the so-called test, no one in this world will be able to pass it in the future."

"That's right."

Yu Feiyan cast a sidelong glance at Shan Shan, and laughed heartily. "The reason why that Senior Yun Zhan, who is a 'Ling Xiao Sword Sect', left behind this trial, is because he wants to link this 'Ling Xiao Ancient Road' with his own little world. If even Tang Huan failed, the 'Ling Xiao Ancient Road' would probably never have any hope of connecting the dots. This was definitely not what Senior Yun Zhan intended to do, so let's just calmly wait. "

Upon hearing her words, many of the surrounding people nodded their heads in agreement.

Shan Shan wrinkled her nose and snorted softly. She naturally understood this logic. However, understanding was one thing, and worrying was another.

"Only one month has passed, there are still two more months. If the 'Ling Xiao Arch' still hasn't closed by then, it means that Tang Huan has already succeeded." Ou Xie said while beaming.

"Perhaps there's no need to wait for two more months, the 'Ling Xiao Arch' will make its move." Xing Meng also smiled slightly, he was extremely confident in Tang Huan.

"Gu gu ..."

Xiao Ai groaned as he nodded his head repeatedly.

Seeing that, Feng Ming unknowingly smiled, but after a while, the smile on her face disappeared, and she secretly sighed.

After Tang Huan had entered the "Ling Xiao Arch", she could no longer sense his position, but the link between their souls still existed. Through this connection, she could still faintly sense some of Tang Huan's situation.

Almost every once in a while, the connection would become extremely weak.

At first, she didn't quite understand what it meant.

But with the increase in their numbers, she slowly woke up to reality. Every time the connection between their souls became weaker, it probably meant that Tang Huan was already in great danger. However, she did not reveal her discovery to prevent others from thinking too much.

Fortunately, although the connection became weaker time and time again, it did not completely break. Instead, it quickly strengthened to its original state.

It could be seen that Tang Huan was constantly passing through various dangerous situations ...

... ..

Ling Xiao Ancient Road.

"Huff!" "Huff, puff ..."

Tang Huan suddenly woke up, but he was unable to hold on. "Putong" he knelt on the ground, panting like an ox, his brows filled with an unconcealable exhaustion.

At that instant, the black-coloured robe on his body was filled with all sorts of big and small cracks.

Every part of the robe had a golden mark on it, which was very eye-catching. This was the result of the blood that was left on the wound. There were six long wounds that had just formed, and the golden blood that flowed out had almost completely soaked the robe.

The illusion just now had occurred in the Dragon Spring Town, and Tang Huan's opponent was Sha Long Empire's thousand generals, Chu Feng.

In the real world, Tang Huan had escaped from Chu Feng's giant sword.

But in the illusion, Tang Huan could not escape, and in the end, even risked his life to kill that Stage Seven Martial Master. However, the final result was that there were six additional wounds on Tang Huan's body, each of them rolling up until his bones were visible. Even if Tang Huan obtained the "Sun Spirit Body" after escaping the illusion, the recovery rate of his flesh body was ridiculously strong, and such an injury still could not be completely healed right away.

Chapter 682 - Tang Huan is still alive!

"Yiya!"

Xiao Budian flapped four pairs of small wings and floated in front of Tang Huan. A walnut-sized golden liquid immediately condensed and formed at the tip of the Golden Horn.

Then, Xiao Budian shook his head, indicating for Tang Huan to eat the lump of "Spirit Dragon Sacred Marrow".

"Kid, you're not at such a level yet."

Tang Huan's breathing calmed down a little, and upon seeing that, he rubbed Xiao Budian's head, and laughed: "I can still hold on, when I can finally take it, it won't be too late for you to give me the 'Spirit Dragon Sacred Marrow'." With that, Tang Huan slowly stood up.

"Yiya?"

Xiao Budian sized Tang Huan up, still feeling a bit worried.

Tang Huan closed his eyes and within the mind instructs (in a second), the "Great Harmony Heavenly Classics" began to circulate. Inside the Dantian, the "Nine Yang Divine Furnace" and the "Five Colors Spiritual Pills" began to circulate at a fast speed. The boundless Genuine Qi was like a torrent as it moved about the Spiritual Meridian.

At practically the same time, Tang Huan's body also revealed a faint golden luster.

Time flew, and Tang Huan's face was brimming with energy and vitality, and his wounds were healing slowly. Seeing that Tang Huan's condition was improving, Xiao Budian finally calmed down. She flapped her little wings, and once again, floated onto Tang Huan's shoulder. That ball of golden liquid quickly entered the sharp horn.

After a long while, Tang Huan finally completely recovered, and looked at the road in front of him that he could not see the end of, the look in his eyes becoming more determined.

Step by step, illusions, killing intent!

Jian Yi's words were indeed not the slightest bit wrong. From the first match with Tang Hong, to the battle with Chu Feng earlier ... Every single illusion was dangerous for Tang Huan, and every single battle was filled with danger. He was injured, and it seemed like a common occurrence.

Especially the battle with Chu Feng, Tang Huan had more or less fallen into a desperate situation. After all, at that time, the difference in strength between the two sides was simply too great.

However, Tang Huan still won!

If he could defeat an opponent he had never defeated in his real experiences, then what was there to be afraid of in the trials that followed?

In Tang Huan's heart, he had never felt so confident before.

Even if he were to face opponents like the Demon Lord Fen Tian and the Secluded Night Dark King soon, Tang Huan would be fearless.

"The next opponent should be the vengeful spirit from Longquan!"

With a thought, Tang Huan took a step forward. In a trance, Tang Huan was already inside the ancient town of Dragon Spring that was filled with shadows.

On the ancient path, Tang Huan advanced step by step.

Deep inside Sword Crafting Valley, Battle Sword Soul King, victory!

Furious Waves City, battle elder of Tang Family, victory!

Sky Spirit Realm, battle Yan Zhangkong, victory!

Luo Fu World against Fen Lei, victory!

... ..

Forgotten City, victory!

Furious Billows Castle, victory!

... ..

"Hu!"

After a long period of time, under the activation of the magic array, another small boat finally broke through the ocean and docked at the northern shore of the Foggy Sea Island.

With a flash of red, a young woman landed on the shore.

This woman was wearing a red dress and had a curvy figure. She had a charming and pretty face and a fluffy little head was exposed on the front of her dress. Her mouth was actually slender and long, and her fur had seven colors.

She was Mu Yan.

Back then, before Tang Huan left the Furious Waves City, she had already headed towards the Heavenly Forging City and entered the "Sky Spirit Realm" to cultivate, and in the end, stepped into the Stage Nine realm in the Luo Fu World. After leaving the secret realm, she found out about the appearance of the Ling Xiao Arch and rushed over without stopping.

"I've finally reached the Foggy Sea Island!"

Looking at the white skeletons all around him, Mu Yan could not help but heave a sigh of relief, but in an instant, his gaze looked deep into the Foggy Sea Island as he muttered to himself, "Tang Huan has definitely entered the Ling Xiao Arch, I wonder if he has passed the 'Ling Xiao Ancient Road' yet?"

His voice paused slightly, and an enchanting smile appeared on Mu Yan's charming face, "It doesn't matter if I have already passed, I will definitely be able to find you in the Forging God Great World in the future."

"Whoosh!"

In the next moment, Mu Yan had already dashed forward ...

... ..

Ling Xiao Ancient Road.

"I never thought that Gui Jia would actually be so powerful in the illusion world!"

Tang Huan heaved a sigh of relief as he sat down in exhaustion. In the battle with Gui Jia, although Tang Huan was laughing his last, he was still exhausted.

Previously, when he was fighting with Gui Jia, the four Spirit of Divine Weapons — Conqueror Spear, Dragon Slaughtering Saber, Xuanyuan Sword and Exquisite Carving Bow respectively blocked one of Gui Jia's embodiment while Tang Huan attacked Gui Jia himself. In the end, he won easily but the situation in the illusion world was completely different.

Within the illusion, the hall master of the Secluded Night Divine Palace actually had as many as seven embodiment, and he even added in the one who died in the Sword Crafting Valley back then.

The fusion of his main body and seven great embodiment gave Gui Jia the strength that wasn't inferior to Tang Huan, and the difference between his embodiment and main body was unpredictable and unpredictable. There were several times where Tang Huan had almost been severely injured by him. Fortunately, it was Tang Huan who killed it in the end, destroying the illusion.

"Next, should be the Secluded Night Dark King!"

Tang Huan squinted, that Secluded Night Dark King was definitely a Ranker at the same level as the sword.

In the illusion, Tang Huan had killed Chu Feng, but he was not very confident about the Secluded Night Dark King in the illusion. After all, the strength of the Secluded Night Dark King was far stronger than his. In the Foggy Sea Island, if Tang Huan really reached a dead end, he could still use a aircraft to escape, but in the Illusory Realm, he had nowhere to run.

However, although the situation was grim, Tang Huan did not panic.

After a moment, he closed his eyes and began to circulate his cultivation technique. A smile appeared on his face and it seemed to have some meaning.

... ..

"In a few more days, it will be three months!"

Outside Ling Xiao Arch, in the center area of Foggy Sea Island, a faint sigh sounded.

Everyone had a complicated expression on their faces. In the past three months, the Ling Xiao Arch had not made any movements, so Tang Huan's situation was probably not too optimistic.

With such a powerful strength, he was still unable to pass the test. Didn't this mean that "Ling Xiao Ancient Road" would never be able to link up with the people from the small world? If the Stage Nine experts from the small world wanted to head to Forging God Great World, it would be as difficult as ascending to the heavens!

"You guys, could it be that little brother Tang Huan is actually ..."

Another voice sounded, the one who spoke was Great Tang Empire's founder, Tang Moyang. Although he did not say anything else, everyone could hear the meaning behind his words.

Hearing this, Shan Shan's heart trembled, his fists uncontrollably clenched tightly, his knuckles turning white.

Originally, she was full of confidence in Tang Huan, but as the day of the Ling Xiao Arch's closure got closer and closer, she also began to worry.

"Impossible!" Mu Yan bit her red lips and said fiercely.

"Everyone, don't worry. Tang Huan is still alive." Just then, Feng Ming suddenly smiled.

"..."

Chapter 683 - Fury

In Ling Xiao Ancient Road, Tang Huan sat cross legged on the stone, like a statue, unmoving. On Tang Huan's leg, Xiao Budian curled up into a ball and fell into a deep sleep.

Tang Huan had long since recovered his strength, and reached his peak condition.

However, Tang Huan did not immediately take action. Instead, he just sat quietly in his original position and continuously operated the "Great Harmony Heavenly Classics", which contained pure energy everywhere inside the "Ling Xiao Ancient Road". The effect of cultivating in this place was not any less than that of cultivating in the center of Foggy Sea Island.

Of course, cultivation was just in passing, Tang Huan was waiting!

"Tang Huan, you have already recovered your strength, why aren't you continuing forward?" Suddenly, the voice of Jian Yi sounded once again, "If my guess is not wrong, you just need to take one more step and you will be able to pass the test and leave this' Ling Xiao Ancient Road '."

"Senior is right, we are indeed only a step away."

Tang Huan sighed lightly, "However, I have no confidence at all in this final step. Even if we manage to pass it, we will only be left with half our lives. "

"What's wrong with that?"

"As long as you can successfully pass through the last illusion, let alone dying from it, even if you only have one last breath of life left in you and a strand of your residual soul, this' Ling Xiao Ancient Road 'will still be able to help you recover and even make your strength stronger than before."

"By that time, I might not be who I am now!"

The corner of Tang Huan's mouth slightly rose as he also smiled.

Jian Yi laughed out loud, "The you at that time was obviously not the current you, but an even stronger you. Tang Huan, do not delay any longer. Ling Xiao Arch is closing. If you cannot pass the test before closing, many people outside will probably be unable to resist and come in. With their strength, very few of them would be able to pass Ling Xiao Ancient Road, and most of them would end up dying here. "

"Seems like I can no longer hesitate, even if it's for Shan Shan and Master, I have to risk my life." Tang Huan nodded.

"Don't worry, you will definitely succeed." The sword laughed.

"Senior, you seem to be more confident than even I am." Tang Huan suddenly asked.

"Of course."

Jian Yi's voice was filled with praise, "This old man has stayed in this little world for countless years, and has seen countless geniuses, but they are definitely number one. After I enter the Forging God Great World and join the 'Ling Xiao Sword Sect', I believe that you will be even more outstanding."

Tang Huan suddenly laughed merrily: "Thank you senior for your praise, but since senior thinks so highly of me, why don't you go easy on me, and reduce the difficulty of the last illusion?"

"Hmm?"

Jian Yi seemed to be stunned.

Tang Huan laughed: "Since entering this 'Ling Xiao Ancient Road', senior has created so many illusions for me. It's truly hard on you."

"Tang Huan, you think too highly of this old man."

In an instant, Jian Yi couldn't help but laugh, "This old man doesn't have that much ability. The illusions that you've experienced were all created by the artifact spirit of Ling Xiao Arch."

Tang Huan smiled slightly: "This Ling Xiao Arch did indeed possess an artifact spirit after absorbing all the spirits of the skeletons, but no matter how strong that artifact spirit is, it's impossible for me to hide my original memories. But senior is different. My soul contains senior's Mind Stigma, so senior definitely has a chance to obtain my memories. Of course, with senior's strength alone, it is impossible for you to create so many illusions that look close to reality. However, if you have the help of this 'Ling Xiao Ancient Road', the situation would be completely different. "

After saying that, Tang Huan's smile faded, and he sighed, "Senior is the person who created the Sword Seal that Senior Yun Zhan left behind, and the 'Ling Xiao Ancient Road' is also a person who was created by Senior Yun Zhan. Senior and Ling Xiao Ancient Road can be said to be of the same origin. It would not be difficult to draw upon the power of the ancient way. "

"I didn't expect you to see through it."

Jian Yi sighed, then laughed: "Tang Huan, you are right. After entering the 'Ling Xiao Ancient Road', this old man had become a part of this ancient path. All of the illusions that you have experienced were indeed created by this old man and this 'Ling Xiao Ancient Road' together. However, this old man has only served as a guide, and the real deciding factor for those illusions is still this ancient path. "

"It seems like senior cannot go easy on me." Tang Huan was gloomy.

"This old man also hopes that you can easily pass through this last illusion. If you succeed, this old man can return with you to the Forging God Great World. If you fail, not only will you die here, this old man will also completely merge with the 'Ling Xiao Ancient Road' and become a part of the artifact spirit. But unfortunately, this old man is unable to affect the strength of the illusions, and is truly unable to help you. " Jian Yi's voice was filled with helplessness.

"No, senior can still help me a lot." Tang Huan rolled his eyes.

"How?" Jian Yi said in surprise.

"Very simple. Senior only needs to provide me with a little bit of strength."

Tang Huan said with a smile, "After absorbing senior's power, my soul will become even stronger. In this illusion, even though I won't have the memories I have now and the Genuine Qi won't be as powerful as it is now, my soul energy won't be suppressed. In this way, my chances of winning will greatly increase."

This was the experience that Tang Huan gained during this period of time.

In the illusion world, Tang Huan did not realize that his soul was far stronger than he had imagined. If he did not use any soul attack methods, Tang Huan would not have much of an impact, but

against the Secluded Night Dark King, Tang Huan mainly relied on soul attacks, and the stronger the soul, the better.

"What?"

Jian Yi's voice became gloomy, "Tang Huan, your request is a bit too much, you have yet to pass the test, so you can't be considered this old man's real master. This old man's power naturally can't be absorbed and refined. If you really want my strength, then hurry up and pass the last illusion trial. At that time, you and this old man's master and servant status is certain, so all of this old man's power will be yours. "

"Oh, if that's the case, I think it's better if I cultivate for a while longer. After all, even if the 'Ling Xiao Arch' is closed, the 'Ling Xiao Ancient Road' will still be here, just that no one from outside can come in. As long as I don't starve to death, I will be fine even if I have to train here for a few more years. " Tang Huan frowned, he had actually changed his mind.

"Tang Huan, you better not let your emotions run wild." Upon hearing that, the sword immediately said in a deep voice, "The longer you stay here, the more worried your friends outside will be for your safety. It's very likely that they will rush in before the 'Ling Xiao Arch' closes, and lose their lives in the end."

"I forgot one thing just now. Senior should know that Feng Ming's soul contains my Mind Stigma. As long as that Mind Stigma does not disappear, she will know that I am still alive. If I don't die, Shan Shan and Master won't come in. So, there's nothing to worry about. " Tang Huan chuckled.

"You ..."

Jian Yi's voice was filled with anger, he shouted: "Tang Huan, you are truly stubborn! Do you want to pass through this' Ling Xiao Ancient Road 'alive or not!?" "

Hearing that, a tinge of ridicule flashed past Tang Huan's eyes: "Senior Jian Yi, are you flustered and exasperated?"

Chapter 684. This old man nearly believed it!

It was as if he did not expect Tang Huan to suddenly say such words, the sword itself seemed to be in a daze for a moment, but immediately became enraged: "Tang Huan, do you know who you are talking to?"

"Isn't Senior Jian Yi asking the obvious?"

Tang Huan smiled slowly and said, "If I remember correctly, Senior Jian Yi should be my servant very soon."

"How dare you!"

Jian Yi's tone became extremely cold, and killing intent faintly revealed itself: "Tang Huan, this old man thinks that you have gotten tired of living."

"In the end, can't hold it in anymore?"

Tang Huan raised his eyebrows, his eyes revealing a look of ridicule, and he was too lazy to beat around the bush, "Sword One, if you want to replace my soul, and become the master of my body, then come over here!"

"What nonsense!"

Jian Yi was furious, "Tang Huan, this old man has good intentions, and wants to link this small world with the Forging God Great World, and give you a huge opportunity. Once you enter the Forging God Great World, you can join them, but who would have thought that this old man made a mistake, and you actually do not know what's good for you."

"That sounds impressive."

Tang Huan scoffed, "Jian Yi, you don't even believe your own words?"

"The reason Senior Yun Zhan left these three pieces of Sword Seal is indeed to compensate this small world. The purpose of these three Sword Seal is indeed to guide those who have passed the examination to the 'Ling Xiao Sword Sect', but this is only one of them. The most important thing is to link up with this 'Ling Xiao Ancient Road'."

"When the three Sword Seal have completely fused with the ancient way, it will also be the day that the ancient way will open. Merging into the ancient way is the true fate of three Sword Seal."

"You ... "You ..."

The sword was shocked.

Tang Huan squinted his eyes and sneered: "Before me, the two seniors who passed the test, successfully passed the 'Ling Xiao Ancient Road'. They are loyal to their mission, and have joined the Ancient Dao."

Whether it is your spiritual nature or strength, you far surpass Jian San and Jian Er. This also makes you unwilling to accept such a fate, which is why you wanted to replace my soul, occupy my body, and enter the Forging God Great World as I am now in the ancient path.

"You ... How do you know all this?" Sword1 was stunned.

"Jian Yi, do you really think that only one person knows about Senior Yun Zhan?"

Tang Huan laughed, and the letter that Mountain River had left behind surfaced in his mind.

The content of the letter was very simple. It was to remind his descendants that they should not rashly enter the 'Mazy Sword Valley' within the Sword Crafting Valley. Even if they could not endure it, they should not obtain 81 Sword Seal s or more, even if they had that kind of strength.

After reading the letter, Tang Huan found out that Shanhe had only obtained seventy-two Sword Seal from entering the "Mazy Sword Valley" back then, and that was on purpose. With his strength, it was impossible for him to obtain one hundred and eight Sword Seal from Tang Huan, but obtaining another nine would not be a problem.

The reason why Shanhe had done this was because he had long since known of Jian Yi's existence. The reason for this was because of the Space Aircraft in the "Infernal domain's desert".

The aircraft appeared much earlier than the people had expected.

In fact, Mountain River had obtained the "Divine Weapon Catalogue" earlier than expected. Furthermore, the "Divine Weapon Catalogue" was not something Mountain River himself had obtained from the "aircraft", but rather something that he had obtained from a heavily injured expert. That Ranker was the owner of the aircraft.

Of course, this was only one of the experts.

He also had another identity, and that was that he was the Martial Warriors of this small world. More than a thousand years ago, he had passed Sword Two's test and entered the Forging God Great World from the "Ling Xiao Ancient Road". In the end, he was chased after stealing the Divine Weapon Catalogue, passed through the Turbid Sea Area, and escaped back to the small world.

But unfortunately, although he escaped back alive, he was seriously injured and was unable to recover.

Before he died, he encountered the mountains and rivers that he had experienced in the desert. From his hands, Mountain River obtained the Divine Weapon Catalogue, and from his mouth, he found out many secrets, including information regarding "Ling Xiao Ancient Road" and "Number One Sword." As for the source of his information, it was none other than Sword Two.

The jade mountain in Glory Sacred Temple was able to isolate auras from outside and had the same effect as the Space Aircraft.

Reading the contents of the letter from there, he did not need to worry about the sword checking on the Mind Stigma that had left it in Tang Huan's soul. Back then in the Tranquil Continent, Tang Huan only had a bit of suspicion towards the sword, but after looking at the letter Mountain River had left behind, Tang Huan was sure that the sword did not have any good intentions towards him.

After that, in order to avoid being detected by the sword, Tang Huan did not ponder over the letter again.

"Tang Huan, even if you know about it, what can you do?"

A fiendish grin suddenly sounded, and Jian Yi seemed to have recovered from his shock. "Now you can only move forward, and not retreat. Even if you had cultivated here for a few years, and increased your cultivation greatly, it would still be useless to take that step forward. As long as this old man is here, you must have successfully passed through the last illusion while your soul was heavily injured. Tang Huan, this flesh body of yours that has the 'Sun Spirit Body', this old man has it! "

Sword1 finally stopped denying it and spoke with an incomparably fiendish tone.

"Jian Yi, you overestimate yourself."

Tang Huan laughed, "If I didn't know anything, I might have let you succeed. But now that I know your scheme, do you think you have a chance of success? It is unfortunate, however, that in the end, you are only a 'Sword Seal', and a 'Sword Seal' that was formed by Senior Yun Zhan. Therefore, any actions you take in this 'Ling Xiao Ancient Road' cannot go against the will of Senior Yun Zhan back then. After you followed me to this 'Ling Xiao Ancient Road', your fate had already been decided. "

"How ridiculous!" Sword1 laughed coldly.

"Is that so?"

Tang Huan said with a smile, "In the end, Senior Yun Zhan's three 'Sword Seal' must be assimilated into the 'Ling Xiao Ancient Road', especially yours, Sword One. The test that Senior Yun Zhan left behind, can only be activated after you and the 'Ling Xiao Ancient Road' have worked together, so

after entering the Ancient Path, regardless of whether you are willing or not, you must fuse with the Ancient Dao. And the longer the fusion, the harder it is for you to separate from the Ancient Dao."

"Because of this, you kept urging me to take that final step and undergo the final illusion test. Because the longer you drag it out, the worse it will be for you. If I were to stay here for a year or two before entering the final illusion, even if my soul were to be heavily injured after passing, it would be impossible for you to possess me again. At that time, your soul would have probably already completely merged with this' Ling Xiao Ancient Road '."

"Haha, Tang Huan, your imagination is really good. I almost believed it." Amidst the loud laughter, a figure appeared in front of Tang Huan. It was Jian Yi, and even though he was smiling, his face did not have the slightest hint of a smile, and his eyes were filled with dense killing intent.

Chapter 685 - A Competition in Souls

"Yiya!" Xiao Budian suddenly woke up from his stupor, her curled up body spreading out as she flapped her four pairs of wings, staring fiercely at Jian Yi.

"Jian Yi, you forced yourself and this' Ling Xiao Ancient Road 'to separate, is it because you want to fight me?"

Looking at the white robed old man opposite him, Tang Huan smiled indifferently, and then leaped up, his expression as calm as ever, as if he had nothing to fear, and was not even the least bit worried.

If it was outside, even if Tang Huan and her joined forces, she still might not be able to contend against the sword. Even if she won in the end, it would still be a miserable victory, just like joining hands against a Secluded Night Dark King. But in this ancient path, even if Tang Huan were to face Sword One alone, he would still be fearless.

"Fighting means feeling guilty."

Immediately, the smile on Tang Huan's face became weird, "Looks like what I said was right, the longer I stay in 'Ling Xiao Ancient Road', the worse your situation will be. Jian Yi, do you know what this is? " With that, a white ball appeared in Tang Huan's palm.

Without waiting for the sword to reply, Tang Huan smiled and said, "It's called the 'Spirit Hidden Pearl', and it hides the soul within it. It can cut off all contact with the outside world, and can be said to be a supreme treasure. If you had spoken to me properly and didn't scheme against me, I could have completely hidden a part of your soul inside it and brought it to Forging God Great World. Afterwards, I would have found a very good body and possessed it for rebirth. "

"Unfortunately, you don't have such a chance anymore." Saying that, with a thought, Tang Huan recalled the "Spirit Concealment Bead" back the "Sumeru Magical Ring."

"Tang Huan, do you think I would believe you?"

But after a moment, he sneered and said in a deep voice, "How can a part of a soul compare to a complete soul? Not to mention, no matter how good the other bodies are, how can they compare to your body that has the 'Sun Spirit Body'?"

"Truly, one must not live to see the end of it." Tang Huan shook his head lightly.

"Tang Huan, cut the crap. Who knows who will survive to the end!" Jian Yi shouted out, in the next moment, a majestic sword aura surged out from his body. It was like a hurricane and it wanted to sweep Tang Huan away like crazy, as though it wanted to cut him into pieces.

"Yiya!"

Xiao Budian jumped down onto Tang Huan's shoulder in shock.

Tang Huan's face was calm, and his body remained unmoving.

At this time, he could not retreat because there was no other path. Every step he took forward, the clouds and mist behind him would catch up to him. The stone tablets he crossed over were completely covered by the clouds and mist. He also could not move forward. As long as he took one step forward, he would immediately enter the illusionary world and strike the sword with his hand.

stood in place without moving, as if the sword intent that was condensed into reality did not exist.

"Yiya, yiya ..."

Xiao Budian cried out anxiously, but after a moment, it suddenly stopped, the moment the sword intent touched Tang Huan's body, it disappeared without a trace, as though it never existed. This strange situation caused Xiao Budian to be extremely surprised.

On the other side, Jian Yi was also startled.

"Don't waste your time. In this 'Ling Xiao Ancient Road', if I do not pass Senior Yun Zhan's test, you will not be able to kill me in one day." Tang Huan glanced at Sword Soul, a smile plastered on his face. "If I were you, I would just obediently merge with this 'Ling Xiao Ancient Road'."

"Tang Huan, don't be complacent!" As soon as the sword returned to its senses, a fierce look appeared on its face, "Do you really think this old man can do nothing to you? Don't forget, your soul does have this old man's Mind Stigma. With but a thought from this old man, I can heavily injure your soul."

"Since you're so confident, why don't you give it a try?"

Tang Huan laughed, and in a blink of an eye, he discovered that an extremely terrifying sword intent surged out from the depths of his soul like a volcanic eruption, obviously, Sword Qi had already begun to act. Tang Huan did not hesitate at all. In between the mind instructs (in a second), he had already unleashed the "Divine Sense and Soul Consolidation Method", and when that vast and powerful sword intent spread out, Tang Huan's soul had already become as stable as a mountain.

"Bang!" "Bang ..."

In a split second, a series of loud sounds erupted from within Tang Huan's soul.

That enormous sword intent seemed to have turned into many sharp swords, constantly slashing at Tang Huan's soul, but Tang Huan's soul was extremely stable, and actually managed to endure it. However, even though his soul was temporarily unharmed, Tang Huan still felt a chill in his heart.

The sword intent was truly terrifying, luckily it was inside the 'Ling Xiao Ancient Road', if it was outside, when the sword was attacking at the same time, provoking the sword intent in the soul, Tang Huan would probably choose to escape, but if he stayed and fought, Tang Huan's death was the only way out.

Because in this situation, Tang Huan was simply incapable of using a soul attack.

If he could not use this tactic, Tang Huan would be missing a trump card that could establish his victory in the nick of time, and relying on Genuine Qi and Mind Power, he would not be able to do anything to Jian Yi. Fortunately, this was the "Ling Xiao Ancient Road", so normal attacks were completely ineffective on Tang Huan.

If the sword wanted to deal with Tang Huan, it could only do so through the Mind Stigma. Its goal was obvious, the Mind Stigma would activate its sword intent and gravely injure Tang Huan's soul.

This attack came from inside Tang Huan's soul, it was not like the sword intent that was directly activated by "Ling Xiao Ancient Road", it was completely eliminated. If it succeeded, Tang Huan's soul would be severely injured, and he might even faint.

"Tang Huan, stop holding on, you can't hold on!" Sword1 laughed out loud.

"Then let's see who can last until the end."

Tang Huan sneered, after that he calmed his heart and concentrated, and activated "Nine Yang Divine Furnace" to its limits.

After his battle with the Secluded Night Dark King, Tang Huan had consecutively used "Soul Killing Storm" multiple times, causing extremely serious damage to his soul. But after recovering, Tang Huan's soul had become even stronger. Now that he had unleashed this "Divine Sense and Soul Consolidation Method", his soul could be said to be unshakable.

However, the sword intent activated by the Mind Stigma was also incomparably sharp, almost invincible.

Tang Huan's soul was like a thick shield, but Sword Soul's sword intent was like a sharp spear, and right now, one could see whether the shield could block the spear, or the spear could pierce through it ... This contest of skills took place within Tang Huan's soul. If there were only "Divine Sense and Soul Consolidation Method", the difference between Tang Huan and Number One Sword could be estimated to be only fifty. But Tang Huan not only had the technique to stabilize his soul, he also had the "Nine Yang Divine Furnace"!

Following the rapid operation of the cauldron, the powerful energy of the sucking spread throughout Tang Huan's body in an instant. A small part of the sword intent that was frantically attacking Tang Huan's soul immediately separated itself, with strands of the sword energy flowing along the energy, it was eventually absorbed into the cauldron.

Chapter 686 - Ancient Passage

"My sword intent was drained?"

The sword master finally noticed the change in Tang Huan's soul and exclaimed out loud in disbelief. Due to the Mind Stigma, he was indeed able to capture some of Tang Huan's memories, but not all of Tang Huan's memories, he knew them clearly.

This was because the Mind Stigma had yet to reach the stage where it could control Tang Huan's soul.

That "Nine Yang Divine Furnace" was Tang Huan's greatest secret. The memories regarding the "Nine Yang Divine Furnace" had always been hidden in the deepest part of Tang Huan's soul. Even

though Tang Huan would often activate the "Nine Yang Divine Furnace", it was still hard for the "Mind Stigma" at Sword1 to capture relevant memories.

"Sword1, this is only the beginning!" Tang Huan smiled indifferently. As he was speaking, a lot of the sword intent was swept away by the "Nine Yang Divine Furnace" sucking.

"What the hell are you doing?"

The sword was filled with both surprise and anger.

Tang Huan glanced at him, and did not say another word, but his eyes revealed a look of ridicule.

Time passed bit by bit, as more and more sword intent was absorbed by the "Nine Yang Divine Furnace." This sword intent originated from Tang Huan absorbing one hundred and eight "Sword Seal". If it were outside, this sword intent would have been replenished from the sword, but now, this "sucking" was a bit lesser.

Unknowingly, the sword intent's offense had gradually weakened, but the pressure on Tang Huan's soul had gradually decreased.

On the other hand, Jian Yi could clearly feel the change in Tang Huan's soul, he could not help but to clench his teeth, as though he wished that he could tear Tang Huan into pieces. However, there was nothing he could do at the moment. He could only watch as Tang Huan absorbed the sword intent from his soul.

The large loss of sword intent meant that he had already lost the last method to keep Tang Huan in check.

Catching Jian Yi's furious gaze, Tang Huan suddenly laughed: "Jian Yi, if I were to erase the Mind Stigma that you left in my soul, wouldn't this test end soon?" In the past, due to the concealment of the sword intent, Tang Huan could not sense the existence of the Mind Stigma. But now, the less sword intent that existed in Tang Huan's soul, the more clearly that Mind Stigma appeared.

"Tang Huan, you dare!"

When Sword1 heard this, he turned pale with fright.

The reason why he was so confident was because Tang Huan's soul had a Mind Stigma of his own. Once Tang Huan's soul was incomparably weak, he could replace it in an extremely short period of time.

However, if that Mind Stigma was gone, even if Tang Huan's soul was severely injured, he would still be unable to do anything.

Without the Mind Stigma, it would take a long time for him to take over Tang Huan's body. However, in this "Ling Xiao Ancient Road", what he lacked the most was time. This was because from the time that Tang Huan passed the test to him being teleported out of the "Ling Xiao Ancient Road", it was probably only for a few breaths of time. If he did not grab hold of this opportunity, all of his plans on Tang Huan's body would have disappeared into thin air.

As this thought flashed through his mind, the sword was filled with extreme hatred.

Originally, the success rate of possessing his body had been more than ninety percent, but the current turn of events had caused the success rate to directly become zero. In this "Ling Xiao

Ancient Road", he had a tyrannical strength that exceeded Tang Huan's, but it was completely useless.

This caused the sword to feel both resentment and regret.

If he had known earlier, he would have attacked before he entered the "Ling Xiao Ancient Road". Of course, since he was occupying Tang Huan's soul outside, he was not sure if he could still enter the "Ling Xiao Ancient Road". After all, such an action had already gone against Yun Zhan's will, but he would at least be able to live freely in the small world.

It was all because of his greed, he always wanted to enter the Forging God Great World.

"Seems like I've guessed correctly."

Tang Huan laughed out loud. He reckoned that the remaining bit of sword intent was not even a threat to his soul, so with a slight thought, he stopped using the "Divine Sense and Soul Consolidation Method". His powerful soul began to follow the mysterious rhythm and faintly fluctuate, actually becoming more and more intense.

"Tang Huan, stop right now!"

"Tang Huan, didn't you want this old man's power? This old man can give you power, but you must use the Spirit Concealment Bead to bring a part of my soul into the Forging God Great World. "

"Bastard, you don't want to join 'Ling Xiao Sword Sect'? Without my guidance, you think you can become the disciple of the 'Ling Xiao Sword Sect'? "

"..."

The voices of Jian Yi rose and fell, some were angry, some were enticing, some were threatening.

Tang Huan's expression did not loosen in the slightest.

To Tang Huan, Number One Sword's power could only be used to add fuel to the fire. Without the Mind Stigma, he could directly pass the test and enter the Forging God Great World. He did not have to experience the final illusion, and it did not matter if he had strength or not.

As for the 'Ling Xiao Sword Sect', it was good to be able to join, but there was no harm in being unable to join.

Seeing that Tang Huan did not have any reaction, Jian Yi became even angrier, and his eyes were filled with hatred. However, Tang Huan acted as if he did not see it, and not long after, a small white-colored odor appeared from between his brows, its shape was exactly the same as Tang Huan's Sword Seal from before.

This was the Mind Stigma condensed from the spiritual energy of the sword.

In the past, even if Tang Huan was able to sense Sword One, the Mind Stigma was unable to separate it from his own spirit, because Sword One's spirit was much stronger than Tang Huan's. Today, Tang Huan's soul was no longer weaker than Sword One's, and with Sword One's spirit being restricted by the "Ling Xiao Ancient Road", he was unable to resist, allowing Tang Huan to easily expel the Mind Stigma.

Once the Mind Stigma appeared from between his brows, Tang Huan felt as if a layer of shackles had been removed from inside his soul.

"Tang Huan..."

The hair on the tip of the sword danced wildly, he roared and rushed towards Tang Huan.

"Chi!"

Tang Huan squinted his eyes and laughed, then with a flick of his finger, a slight sound of breaking through the air sounded out. That lump of Mind Stigma in the shape of a Sword Seal already submerged into the surrounding clouds and mist. In the next moment, as if he had been struck by lightning, Jian Yi suddenly froze on the ground as his body actually began to fade away at a speed within the reach of the naked eye.

"Goodbye, Sword1." Tang Huan smiled and waved his hand towards the sword.

"Tang Huan, you will die a horrible death ..." Jian Yi growled in despair, but the moment his voice fell, his figure had already vanished without a trace.

"Hu!"

Almost at the same time, a ball of white light surrounded Tang Huan and his group, and the surrounding clouds and mist began to churn violently like raging waves. Tang Huan subconsciously turned his head around and looked back. The green stone ancient path that had originally disappeared once again appeared.

"This Ancient Path should have already been broken through, right?"

Tang Huan only had a slight thought before a powerful force that was completely unable to resist arrived. It carried Tang Huan and Xiao Budian flying forward ...

Chapter 687 - Entering the Great World

Deep in the night, in the center of Foggy Sea Island.

An earth-shaking explosion suddenly burst forth. The terrifying sound waves surged out in all directions like a torrent, seeming to resound throughout the entire small world.

Outside the Ling Xiao Arch, the originally anxious crowd all looked up at the same time.

At this moment, the eighty-one stone pillars in the surroundings were slowly sinking and the rumbling sounds continued without end. Meanwhile, the massive stone arch began to violently tremble, and bright and resplendent rays of light unceasingly blossomed. In an instant, the pitch-black night sky was illuminated until it was as bright as day.

"From the looks of it, could it be that Tang Huan that brat has already passed the 'Ling Xiao Ancient Road'?" Ou Xie was all smiles, his eyes narrow like slits.

"That must be it." The old fatty smiled.

"Great!" Shan Shan placed her palms down lightly and a smile appeared between her brows. The worry in her eyes had already been completely replaced by excitement.

"Since Tang Huan has passed through the 'Ling Xiao Ancient Road', doesn't that mean that this ancient path has been cleared up? From today onwards, all of the Stage Nine experts in our small

world can head to the Forging God Great World?" Yu Feiyan raised her eyebrows and clapped her hands in excitement as she laughed heartily.

"This little guy finally succeeded at the last moment." A faint smile flashed across Xing Meng's eyes, "I wonder how Little Sister Ru Mang is doing now?"

"Goo —"

Xiao Ai's cries resounded through the sky, and it was a little impatient. If Feng Ming had not stopped it, the little white rabbit would have already charged into the arch.

"..."

Everyone was talking at once, all of them extremely excited.

Unknowingly, the eighty-one massive stone pillars had completely sunk into the ground. The heaven shaking ringing sound quietly disappeared, and the giant stone arch gradually lost its glow. However, it still looked crystal clear, flowing with light and overflowing with color, just like glass.

The space inside the arch began to fluctuate rapidly as an enormous whirlpool condensed at a speed that could be seen with the naked eye. It was actually at least a dozen meters in radius.

"Everyone, I'll be leaving first." Feng Ming looked at the surrounding people in the blink of an eye, his footsteps moved, and shot like lightning towards the vortex.

"Goo!"

Xiao Ai shouted excitedly and jumped onto Feng Ming's shoulder. In a split-second, the man and the rabbit had disappeared into the depths of the whirlpool, completely out of everyone's sight.

"Whoosh!" In a flash of red light, Mu Yan followed closely behind Feng Ming and her, and disappeared into the vortex.

"Uncle Zeng ..." Shan Shan looked at Shan Lan, her eyes filled with urgency.

"Let's go. We'll explain what happened here and it will be over as well." Shan Lan knew what she meant, and smiled, not stopping her.

"Senior Ou, Senior Ye, Ancestor Zeng, Grandpa Yu, take care." Shan Shan looked at Ou Xie and the rest, then looked at Heavenly Forging City, his expression complex. He did not know when he would be able to return to this small world again, and perhaps, he would never be able to return again.

"Shan Shan, you are really too silly, I will go find Tang Huan first, haha ..." With a loud laugh, another red figure dashed into the whirlpool, and that person was Yu Feiyan.

"Humph!"

Shan Shan slightly wrinkled her nose, and her delicate body shot out like a black ray of light. On her shoulder, there were two blood red Spiritual Beast.

In the blink of an eye, Yu Feiyan and Shan Shan had already left the crowd's line of sight ...

...

Tang Huan quickly moved, but his entire body was enveloped by a dense white light, causing his vision to blur, and he was unable to see his surroundings clearly.

However, Tang Huan was not worried. He knew that this should be the "Ling Xiao Ancient Road" sending him to the Forging God Great World.

According to the previously obtained information, the Forging God Great World was incomparably vast, and was probably thousands of times larger than the small world.

I wonder where my mother is at the Forging God Great World?

It was extremely difficult to find her in such a vast world. Moreover, her mother had come to the small world because she was being hunted by the Tian Clan and had left there because the Tian Clan was chasing her. Once she returned to the outside world, she might even hide. Finding her would be as difficult as ascending to heaven.

In addition, the "Ling Xiao Ancient Road" had already been connected. Shan Shan, Feng Ming and Senior Sister Feiyan, had they followed them in?

According to the information left behind by the letter, all the people who passed through the "Ling Xiao Ancient Road" would randomly appear in different parts of the Divine Great World. In a short period of time, the chances of meeting them would be zero. The next time they would meet would be years later!

Thinking about entering the Forging God Great World, Tang Huan's mind was filled with all sorts of thoughts.

However, very quickly, Tang Huan had already calmed himself down. While he was quickly shuttling forward, an abnormally boundless energy surged into Tang Huan's body.

In just a few breaths of time, the energy had stopped flowing in, but Tang Huan could feel that his entire body was filled to the brim with energy.

"This power ..."

Tang Huan's eyes could not help but reveal a look of surprise.

This power was incredibly pure, and in terms of quality, it seemed to be a level higher than Tang Huan's Genuine Qi and Mind Power. Once they surged in, they suppressed Tang Huan's power. At this moment, Tang Huan actually had a strange feeling that both his Dantian and soul were being blocked by this power.

However, instead of being alarmed, Tang Huan was happy.

He had a feeling that if he absorbed and refined all of these powers, his cultivation would definitely reach a whole new level. He would be able to reach the peak of Heavenly Domain without a problem.

The benefits one would get from successfully passing the tests Yun Zhan left behind were indeed very large. However, even though there were great benefits, there was still a tiny bit of seclusion, which was, before he could refine them to a certain extent, Tang Huan would probably not be able to use the Genuine Qi or the Mind Power, and neither would he be able to call upon the Divine Armament.

Upon reaching Forging God Great World, he would not be able to use Genuine Qi, Mind Power and Divine Armament for the time being, so he could only rely on his flesh body. Fortunately, he possessed the "Sun Spirit Body";

In a moment, Tang Huan's brows relaxed. This kind of situation would probably not occur to Shan Shan, Yu Feiyan and the others. After all, they were all "Ling Xiao Ancient Road" that had been teleported into another world, unlike Tang Huan, who needed to experience countless dangers in order to pass the trial.

In the blink of an eye, several days had passed

"Hu!"

Tang Huan's feet felt like they were stepping on solid ground, the white light enveloping his body quickly dissipated.

An abnormally dense amount of Spiritual Qi of Heaven and Earth swept over, and Tang Huan felt as if he was strolling in a sea of Spiritual Energy. He was actually relaxed and happy, and his entire body felt extremely comfortable. This kind of wondrous feeling made Tang Huan unable to wait and looked over. But after a moment, his heart skipped a beat.

After his line of sight became clear, the first thing he saw was a dark green eyeball as big as a dustpan.

Chapter 688 - Escape!

"Vicious beasts?"

The moment the two words flashed in Tang Huan's mind, Tang Huan felt an exceptionally terrifying aura, which immediately made him realize that this was an extremely powerful Heavenly Domain Fierce Beasts, and his strength was probably not much weaker than the "Secluded Night Dark King".

Upon entering the Forging God Great World, not only did he run into the Heavenly Domain Fierce Beasts, he even directly appeared in front of it.

Tang Huan laughed bitterly to himself. If it was in the past, he would be able to escape even if he could not defeat such a fierce beast, but now, his body was filled with the power of the "Ling Xiao Ancient Road". No matter if it was the Genuine Qi or the Genuine Qi, he was being suppressed and could only rely on the power of his flesh body.

The most troubling thing was that he couldn't activate the Space Aircraft since he couldn't use the Genuine Qi.

"..."

On Tang Huan's shoulders, Xiao Budian was also shocked by the pair of eyeballs that had suddenly appeared. His mouth was wide open, his two eyes were wide open, and he subconsciously wanted to call out, but before he could do so, the little guy seemed to have realized something, and covered his mouth with two small claws. He swallowed the cry back, and then pointed towards the eyeball in front of him, indicating to Tang Huan.

Tang Huan knew what Xiao Budian meant, and he also realized that although the Heavenly Domain Fierce Beasts in front of him had his eyes open, he was fast asleep and was snoring like thunder.

Without any hesitation, Tang Huan immediately focused his mind, held his breath, and quietly retreated without making any sound from his feet. After a few breaths of time, Tang Huan was already more than ten meters away, and a complete Pang Shuo's head appeared in his line of sight.

The head was quietly lying on the ground. Not only were its eyes dark green, its body was covered with fine, dark green scales. On its forehead, there were countless fine, sword-shaped protrusions. Powerful air continued to gush out from his black nostrils and his mouth opened slightly below his nostrils. One could see two rows of white sawtooth-like teeth, and between the teeth, there were actually bits of flesh left as a foul stench assaulted his nostrils.

The head of the beast looked like a small mountain; it was extremely terrifying. However, he couldn't see the back of its head.

At this moment, Tang Huan was facing a precipitous cliff and the fierce beast was crouching inside a cave beneath the cliff. Only its head was exposed.

Although it was sparse and sparse, the lush foliage almost completely obscured the sunlight, making the area even more indistinct. Occasionally, a few wisps of light would shine down on the beast, but it also made the beast's head look all the more terrifying.

Tang Huan's heart tensed up, and he retreated step by step.

Fifteen meters, twenty meters ...

The distance between Tang Huan and the Heavenly Domain Fierce Beasts widened bit by bit. After a few more steps, he could hide behind the nearest huge tree. With the cover of the huge tree, his movements would become more convenient.

After another two to three meters, Tang Huan finally heaved a sigh of relief. At this time, as long as he took a single step back, he would be able to hide behind the tree.

Xiao Budian's tensed body, also slightly relaxed.

However, right at this moment, Tang Huan suddenly realised, tens of metres away, the eyelids of the Heavenly Domain Fierce Beasts seemed to blink, and following that, Tang Huan felt as though two eyes that seemed to focus on him, a strange feeling of being locked onto suddenly arose.

"This is bad!" Tang Huan's mind shook, without hesitation, he turned and rushed forward, in an instant, he had shot across twenty to thirty metres. Xiao Budian couldn't hold it in anymore, and cried out 'Yiya' and 'yiya' in shock. His two little claws tightly grabbed onto Tang Huan's hair.

"Roar!"

The entire space seemed to tremble a bit as if it was being struck by thunder. Tang Huan only felt a buzzing sound in his ears, as though his eardrums were about to be torn apart. In that instant, Tang Huan felt a strong gust of wind sweeping over from behind him.

"Xiao Budian!"

Tang Huan's footsteps did not pause at all, and at the same time that he yelled in a low voice, he could not help but turn his head to take a glance.

In the next moment, a twenty meter long green figure drilled out from the cave. Its four limbs were thick, and its body was fat and sturdy. The surface of its body was covered densely in scales, and sharp thorns extended from its head all the way to its tail.

"It's even a flying vicious beast!"

Tang Huan was shocked, he couldn't help but curse in his heart.

Although he had been discovered, Tang Huan was not too worried just now, because he was already dozens of meters away from the fierce beast. Furthermore, the fierce beast would definitely delay its escape with Xiao Budian, as they would definitely be able to escape in the air in time. Even if Xiao Budian had four pairs of wings, he would still not be able to fly past it. To rush out of the forest and into the sky without any cover, was the same as courting death.

"Yiya!"

Xiao Budian was scared out of his wits as well.

With a quiver, its bulging body immediately shrunk into its original form. Its dark blue eyes were filled with panic.

"Whoosh!"

With his hopes of escaping from the high altitude shattered, Tang Huan no longer had any thoughts of staying alive anymore as he rushed forward desperately.

At this time, Tang Huan did not dare hold back at all. The flesh body of "Sun Spirit Body" had already been unleashed to the limit, and his body was like a ray of light as he jumped through the trees. Every time his feet landed on the ground, there would be countless sand flying everywhere, leaving behind a small dent.

"Thump!" "Thump ..."

Behind Tang Huan, a series of loud and heavy footsteps resonated outwards, causing sand and rocks to fly everywhere as they flew past. The strong gales actually caused all of the surrounding trees to collapse.

could not help but have a bad premonition. From the movements at the back, it was obvious that the Heavenly Domain Fierce Beasts was much faster than him, but this time, the speed at which he was moving was much faster than his.

Fortunately, they were in the middle of the forest, and the surrounding trees and wild beasts were big enough. If they were in the small forest or an open area, the wild beasts could completely ignore any obstacles and keep on crushing them. It wouldn't take long for them to catch up with Tang Huan.

"Whoosh!"

Tang Huan's expression was extremely solemn as he hugged Xiao Budian closer to his chest. From time to time, he would use the cover of the huge tree to suddenly change the direction he was moving in.

"Bam!"

An instant later, a deafening explosion reverberated through the forest. Instantly, cracking sounds and 'hualala' sounds were heard from behind him.

Tang Huan didn't even need to turn his head to know what was happening behind him. It was obvious that the Heavenly Domain Fierce Beasts wasn't able to dodge in time and directly crashed

into a huge tree. The impact of the strike from the Heavenly Domain Fierce Beasts was extremely terrifying. A tree as big as this one immediately exploded and collapsed with astonishing momentum.

Chapter 689 - Despair

"Roar!" "Howl ..."

Deafening roars sounded out one after another, causing everyone's heart to tremble.

Tang Huan was as fast as lightning. Even though the situation was extremely urgent, he had actually become even calmer.

At this point in time, panic and fear were useless. Only by maintaining a clear mind could he make all sorts of precise countermeasures. Every time he chose to use the giant tree as a cover, Tang Huan would determine the location of the Heavenly Domain Fierce Beasts from the sounds coming from behind him and make an accurate choice.

Otherwise, not only would it be ineffective, it would also increase the distance between them.

"Bang!" Bang! "Bang ..."

Sounds of violent collisions rose and fell one after another. Huge trees constantly rumbled and collapsed, causing even more shocking noises in the forest.

Although Tang Huan was not able to use Genuine Qi and the Mind Power, he was small in size, his movements were nimble and his speed was not slow. The Heavenly Domain Fierce Beasts behind was even faster, but its body was extremely big and it changed direction slowly, thus, even though it was getting closer to Tang Huan, it could not catch up to him immediately.

Most importantly, every time the Heavenly Domain Fierce Beasts ran into a giant tree because he could not dodge in time, his speed would slow down, and Tang Huan would take the chance to increase his distance.

"Whoosh!"

The two sides chased each other at high speeds.

Unknowingly, both parties had already maintained a distance of tens of meters between them. They travelled for at least a thousand li within this forest, and wherever they passed, countless footprints and depressions would be left on the ground.

Even after fleeing for so long, the Heavenly Domain Fierce Beasts had not caught up to him. Not only was Tang Huan not happy in the slightest, he had an even stronger sense of urgency.

Although that "Sun Spirit Body" caused his flesh body to be extremely strong, it was still not able to let him maintain his vigorous spirit and strength forever. And if he continued to run at this speed that had reached the limits of his body for a period of time, the strength of Tang Huan's flesh body would certainly become weaker and his speed would also continue to decrease.

In contrast, the Heavenly Domain Fierce Beasts behind him, was able to hold on for a much longer time than Tang Huan.

If there wasn't a chance, becoming Heavenly Domain Fierce Beasts's food in his stomach seemed to be a foregone conclusion Tang Huan could not help but frown as his mind raced.

"Hmm?"

However, just as Tang Huan was about to think of a way to get rid of the Heavenly Domain Fierce Beasts, his expression suddenly changed.

The trees in the forest became smaller and smaller, and the light around them became brighter and brighter. If he continued like this, then his hope of using the trees to stop the fierce beasts would be completely destroyed. Perhaps before long, the huge monster behind him would catch up.

As time flew by, Tang Huan's worry quickly turned into reality.

The area he was currently in was a deep gorge, and several hundred meters away was the end of the gorge. The towering cliffs on both sides began to shrink rapidly, forming a narrow passage that was only twenty or thirty meters wide. There were bushes growing close to the passage. As for the area between him and the passage, it was filled with small trees. In this sort of place, there was no way he could escape the pursuit of that vicious beast.

"F * ck, are we really going to die here today?"

Tang Huan's heart held a trace of bitterness. At this point, wanting to turn around and rush into the depths of the canyon once again was completely impossible. At this moment, Tang Huan had nowhere to retreat to. He could only keep walking forward, but in front of him, there was similarly a dead end.

Although the cauldron of "Nine Yang Divine Furnace" in the Dantian was mystical, being able to refine the strange energy that filled Tang Huan's body at an astonishing rate, due to the lack of time, no matter how fast the refinement process was, it was impossible to allow the Genuine Qi and the Genuine Qi to escape that kind of suppression.

Moreover, the suppression from the power made Tang Huan unable to even use Spiritual Fire.

Tang Huan's mind raced, but he did not dare to stop even for a moment. Even so, the movement behind him was still getting more and more intense, and it could be seen that the distance between him and the Heavenly Domain Fierce Beasts was constantly shrinking. As for the seemingly unobstructed canyon passage in front of him, he was also getting closer and closer.

"Xiao Budian, you go first!"

Tang Huan finally came to a decision, gritted his teeth, and threw Xiao Budian out of his arms.

He no longer had any hope of escaping, but Xiao Budian could not follow him and lose his life here. With him blocking for a while, Xiao Budian had a high chance of escaping. Unfortunately, he would not be able to see his mother, Shan Shan, Master and the rest in the future. He hoped that when they entered the Forging God Great World, they would not be as unlucky as him.

"Yiya ~ ~ ~"

Xiao Budian was startled and anxious, as she screamed and tried to stabilize her body, but Tang Huan's throw was too sudden, and she had even used all her strength, causing it to not even have time to extend her wings, as her small body immediately turned into a ray of blue light, and pierced through the canyon in an instant.

Tang Huan suddenly stopped in his tracks, turned his body, and stared at the fierce beast that was rushing towards him.

The ferocious beast had been chasing for so long, and it seemed like it did not expect Tang Huan to stop running away suddenly. It stopped and looked down at Tang Huan condescendingly, a hint of surprise in its huge eyes.

"Evil creature, if you want to kill me, then come over!" Tang Huan roared, her gaze was fierce, her skin had a faint gold sheen. At this time, the vicious beast was only twenty meters away from him. A terrifying aura engulfed the entire sky and earth, bringing a huge pressure to Tang Huan.

"Roar!"

The Heavenly Domain Fierce Beasts was enraged, its mouth releasing an earth-shaking roar, and its dark green eyes flashed with a cruel and bloodthirsty cold light. In the next moment, its huge body abruptly scurried forward, opening its huge mouth and pouncing towards Tang Huan to bite him, as large droplets of saliva dripped down.

"Hu!" Almost at the same time, Tang Huan fiercely stomped on the ground with both of his feet, his slender and robust body shot out like a cannonball into the air, his gigantic right fist smashed towards the head of the gigantic beast crazily. Wherever the fist passed, wind howled, and it seemed as though a huge hole had been created in the air.

"Bam!"

After a moment, the sound of the huge impact resounded through the sky. Tang Huan's fist was like lightning, imprinted between the two nostrils of the huge beast.

"Roar!"

The spot where Tang Huan was standing was extremely soft and soft. Heavenly Domain Fierce Beasts immediately cried out in pain, but the force of his pounce brought about a terrifying impact, causing Tang Huan who was in the air to immediately fly out like a kite with its string cut, heavily smashing into the ground tens of metres away.

Dust flew everywhere, and a huge crater immediately appeared on the ground.

"Roar!"

"Ahhhh!" The vicious beast let out another furious roar as its body suddenly shot forward. Its long tail was like a thick iron rod as it flew towards the pit at a speed faster than lightning. With a loud bang, the dust rolled to both sides like a tidal wave. At almost the same time, Tang Huan also flipped out from the edge of the pit, dodging the fierce beast's tail, but just as he stabilized his steps, that tail actually swept towards him again.

Chapter 690 - Surviving

"So fast!"

Tang Huan's face changed slightly as both his arms went forward to block the blow. In the blink of an eye, Tang Huan's arm had already collided with the ferocious beast's long tail.

"Bam!"

Amidst the loud sound, Tang Huan was actually sent flying dozens of meters back like he had been defeated, and his body smashed heavily onto the hard cliff. As the terrifying energy howled madly at him, in the absence of the "Nine Yang Divine Furnace" sucking, even if Tang Huan possessed the "Sun Spirit Body", he still found it a little hard to endure.

In the next moment, Tang Huan, who had just landed on the ground, spat out a mouthful of golden blood. The two arms that directly collided with the beast's tail were in extreme pain. The arm bones that were wrapped in flesh and skin seemed to be fractured.

"Roar!"

His roar resounded throughout the world, as the huge beast's green figure pounced over. His eyes were sinister, as he bared his fangs, and its two front claws seemed to want to tear Tang Huan apart.

"Hu!" Tang Huan endured the pain, supporting himself on the ground with his arms, he slid to the side at the fastest speed possible.

The fierce beast missed, and the power that exploded from its two claws created a deep crater on the ground at the bottom of the cliff. Immediately afterwards, Pang Shuo twisted his body, and his long tail immediately changed its direction, sweeping towards Tang Huan once again.

Tang Huan had just jumped up when the tail whizzed towards him from behind.

"Hu!" In his haste, Tang Huan had no time to dodge. He could only let out an angry roar, and swing his fist to the side, blocking the attack.

"Bam!"

Tang Huan flew out once again. While in midair, he had already spat out a few mouthfuls of fresh blood, and after heavily smashing down onto the ground, he was no longer able to stand up immediately. The terrifying power of the fierce beast came crashing over like a torrent, causing Tang Huan to feel as if his internal organs had been crushed.

"Roar!" The beast let out an evil roar and leaped into the air. Its large eyes were filled with a dark green, cold, and bloodthirsty light.

"Yiya!"

An anxious cry suddenly sounded, and a blue figure suddenly flew over from the side, frantically rushing towards the fierce beast. It was Xiao Budian who was flung away by Tang Huan earlier, and he flew back from the canyon entrance, his body already expanding to the limit as four pairs of wings flapped rapidly.

The fierce beast was incomparably furious. Its huge wings stretched out and its body actually stopped in the air. Its long tail ruthlessly lashed out towards the blue figure.

"Xiao Budian!"

Tang Huan was shocked.

Xiao Budian actually ran back, wasn't that just seeking death?

Tang Huan was moved and anxious at the same time, but he did not have the time to say anything else. He immediately endured the pain as he turned around and shot towards the fierce beast. The "Sun Spirit Body" allowed Tang Huan to have a strong recovery ability. Although it was impossible for the injuries on his body to immediately heal, it still allowed his vitality to become extremely exuberant. It was enough to make one lose the ability to move, yet Tang Huan was still able to launch an attack.

"Whoosh!" Tang Huan's body moved like a ray of light, in an instant, he appeared below the neck of the beast, and thrust his fist upwards.

"Roar!"

Heavenly Domain Fierce Beasts seemed to be thoroughly enraged as a large amount of dense dark green aura surged from his body like a wave. At a speed that was difficult to see with the naked eye, a thin film of something condensed on the surface of his body, violently fluctuating like ripples. At this time, the fierce beasts had actually activated Heavenly Domain.

In a split-second, Xiao Budian's sharp horn had pierced the beast's tail. Almost at the same time, Tang Huan's fist had ruthlessly smashed against the beast's neck.

"Yiya!"

Xiao Budian cried out in pain. His body, like a meteorite falling from the sky, shot out diagonally and fell at the exit of the canyon.

After Tang Huan punched the barrier, he immediately dropped to the ground.

High up in the sky, the Heavenly Domain Fierce Beasts was first smashed by Tang Huan's fist until his head was held high, but shortly afterwards, his massive body floated ten meters horizontally across the sky, but his long tail still tumbled backwards like lightning. It tore through the air and landed on Tang Huan's left hip.

"Bam!"

Tang Huan could not help but let out a stuffy groan as his body flew out uncontrollably and smashed into the ground next to Xiao Budian's body. The beast's attack made Tang Huan feel as if all the bones in his body had been broken, he was unable to move anymore, golden blood flowed out from his mouth and his face was as white as paper.

"Yiya ..." Xiao Budian pounced in front of Tang Huan and barely supported himself up, but as he shook his body, it quickly shrank. In that moment, it had turned into a small ball.

"It seems like we are going to die together!"

The corners of his mouth were full of bitterness. Although he had withstood with all his might and did not faint, he no longer had the strength to resist, and he even more so had the power to dodge. Xiao Budian's strength was low, so he was similarly not able to fight against the fierce beast.

"Roar!"

The Heavenly Domain Fierce Beasts roared out.

In the next moment, it retracted its wings and landed heavily on the ground, walking towards Tang Huan and Xiao Budian step by step. Almost every time its foot landed, the ground would shake violently, giving people a huge pressure.

Inside his pupils, the fierce beast's figure was approaching closer and closer, causing Tang Huan to helplessly close his eyes.

"Evil creature!" Get the hell back! "

Right at this moment, an explosive shout suddenly sounded out like a thunderclap in the sky. Tang Huan was startled, his eyes subconsciously opening, in that moment a gigantic purple light whizzed

past like a waterfall from the sky, bringing with it an incomparably berserk Qi, it rushed towards the fierce beast.

"Roar!"

The vicious beast let out a furious roar as it suddenly retreated. At the same time, the purple light landed on the ground.

In a split-second, sand and dust filled the air, gales swirled, and a huge hole quickly took shape. The area within a radius of ten meters had become hazy and hazy.

"Whoosh!"

A light sound of breaking through the air rang out, and an exceptionally tall figure actually appeared within Tang Huan's line of sight.

Her feet were naked, and her two long, beautiful legs were not concealed in the slightest. However, on her legs, there was a piece of beast skin that covered her perky buttocks, and as her buttocks went up, her slim waist and her smooth back entered her sight.

At this moment, she was standing between Tang Huan and the fierce beast. She held a purple pike in her hands, and her long hair fluttered behind her head, as though she was a war god.

Tang Huan was pleasantly surprised, she never thought that at the moment when she was already in despair, there would actually be someone who would save her. But in the next moment, Tang Huan's heart strings tightened, even though this woman was strong, judging from the Qi being emitted from her body, she was probably not as strong as the fierce beast.

If she failed to save him and forced him in here instead, even if Tang Huan died, he wouldn't be able to calm down.

"Roar!"

However, before Tang Huan could even open his mouth to urge the woman to leave, the fierce beast opposite him bared its sharp fangs and let out a low growl. Deep fear seemed to flash within its large dark green eyes, and then, it actually retreated step by step.

"Miss, you ..."

However, after the boulder in his heart fell to the ground, Tang Huan was unable to hold on any longer. Before he could finish speaking, his consciousness had already swiftly sunk into the ground.
