

W. Master 701

Chapter 701 - Instant Killer!

"That's hard to say. Perhaps the ones who will die here today will be you!" Tang Huan caressed the Conqueror Spear in his palm and laughed slowly, the coldness in his eyes dense.

"What big words you have there!"

From the moment Tie Fenghan appeared, his venomous gaze had been fixed on Tang Huan, and his eyes were filled with ridicule and hatred. At this moment, he could not hold back and sneered, "Chen Huan? Tang Huan? You really aren't from Chen Village! "Today, I shall see if you can still act as arrogantly as you did last time!"

"Alright, you've got too much trouble. Don't delay any longer. Make your move!"

The middle aged man called Tie Tianyan was already eager to give it a try, he laughed wickedly, and swung his arm, causing the cloth cover to burst open, revealing a gigantic hammer. The hammer's handle was extremely short, but the hammer's body was as big as a water jar, releasing a golden light that was difficult to look at.

"Miss Chen You, I'll leave Chen Chong with you, these three will be mine!" Tang Huan suddenly looked at Chen You.

"En!"

Chen You was still immersed in the great shock brought by Tie Tianbo's words just now.

, Tie Tianyan, Tie Fenghan and Tang Huan were all startled when they heard this.

"Did I hear it right? This kid wants to deal with the three of us?"

After a moment of shock, Tie Tianyan laughed with a face full of ridicule. Tie Tianbo and Tie Fenghan could not hold back and laughed out loud, their expressions full of unconcealable ridicule and ridicule. It was as if they suddenly saw a goat baring its fangs and brandishing its claws at three ferocious tigers.

suddenly woke up, and when he realized that Tang Huan was going to fight against three people, he couldn't help but be shocked. Amongst the three Iron family experts, Tie Fenghan was nothing to worry about, but Tie Tianyan's strength was rather tyrannical, and he had stepped into the Heavenly Domain Realm for over ten years, so Tie Tianbo's strength was even above Tie Tianyan. He was just one person, how could he deal with Tie Tianbo, Tie Tianyan and Tie Fenghan at the same time?

"Whoosh!"

However, before Chen You could open his mouth to call Tang Huan to stop, Tang Huan's footsteps had already followed a miraculous rhythm as he walked forward. After the blink of an eye, Tang Huan's figure was still more than ten metres away, but his real body was already less than two metres away from Tie Fenghan. The Conqueror Spear in his hand thrust out at an astonishing speed.

"Chi!" "Swish ..."

The sharp sounds of breaking through the air sounded out, and in just an instant, Tang Huan had already thrust out 49 times.

Tie Fenghan did not even have the time to react before a fiery red spear image condensed in the air and shot towards him. In that instant, even the air seemed to have been pierced by the Fire Red Spear Radiance, as a terrifying aura filled the world.

"This ..."

Tie Fenghan's face changed, the smile on his face instantly disappeared without a trace.

He felt as if his entire body had been locked down by that terrifying spear light. An irresistible feeling surged out from the depths of his soul like a raging storm, causing his entire body to stiffen. He was unable to move as he could only watch the spear light get closer and closer.

"Save me! "Save —"

At this moment, Tie Fenghan seemed to have smelled the scent of death, and screamed hoarsely in despair. Unfortunately, before he even finished speaking, that bundle of spear light had already annihilated him.

Amidst the violent sounds, the Fire Red Spear Radiance exploded and the blazing Strength Qi wreaked havoc. Tie Fenghan's body was instantly torn apart, transforming into a blood rain, but before it could scatter, it was burnt clean by the scorching heat that filled the air.

First move of the Conqueror Breaching Army Spear Technique, Divine Power Beating!

With Tang Huan's strength now, when he used this spear art, it was many times stronger than when he was in Foggy Sea Island. Tie Fenghan, this Heavenly Domain-level Expert, didn't even have time to dodge. Under Tang Huan's attack, he turned into ashes, and did not even leave a single trace of residual soul behind.

"Hiss!" "Hiss!"

Gasps could be heard consecutively as Tie Tianbo and Tie Tianyan stared at each other, their faces filled with shock.

Tang Huan's attack was too sudden and fierce, and not only did Tie Fenghan not react, the two of them were also not able to react in time, much less rescue him.

Having heard Tie Fenghan's words before, they knew that this Tang Huan in front of them was the person who had defeated Tie Fenghan ten days ago. According to their knowledge, ten days ago, even though Tie Fenghan was defeated in the end, the time he had to exchange blows with Tang Huan wasn't short.

It took a lot of effort to defeat Tie Fenghan, how could he be a match for them?

But they never thought that Tang Huan would actually kill Tie Fenghan the moment he attacked. From start to finish, Tie Fenghan had not even moved an inch. With their cultivation, killing Tie Fenghan was not difficult, but it was definitely not that easy.

What they saw at that moment completely overturned their understanding.

Ten days ago, how could Tie Fenghan have fought with such terrifying strength for such a long time? Could it be that Tang Huan was still concealing himself at that time?

"This, this..."

Chen Chong was so scared that his face turned pale and his lips trembled.

His strength was about the same as Tie Fenghan's. It would be similarly effortless for Tang Huan to kill Tie Fenghan this easily. In that moment, he suddenly realised how dangerous it was to have to face Tang Huan and Chen You alone before.

Tang Huan definitely wanted to leave him with Chen You, that was why he did not kill him. Otherwise, he would have been like Tie Fenghan, who had already turned into a pile of bones.

After he understood this point, Chen Chong's back was instantly drenched in cold sweat.

Compared to Chen Chong's fear, Chen You was incomparably shocked. She never thought that Tang Huan's strength was so tyrannical that he killed a Heavenly Domain Cultivator the moment he attacked.

At this moment, she was becoming more and more curious about Tang Huan's origins.

If she wasn't mistaken, Tang Huan should be around the same age as her. However, the strength that Tang Huan had just revealed was probably at the peak of Heavenly Domain, with Space Aircraft, Divine Armament and Spiritual Beast, he must have an extraordinary background. Especially his blood, it was actually gold.

"Clang!"

A voice jolted everyone back to their senses. Looking towards the source of the voice, they saw Tie Fenghan's weapon falling down from the sky. It was crooked and completely lost its luster.

This could be considered the only trace of Tie Fenghan's existence.

"You ... Who exactly are you? " Tie Tianbo could no longer maintain his cool. His eyes stared straight at Tang Huan, and just like ten days ago, he suddenly asked this question. The black long axe in his hand raised its head, and the axe blade was aimed straight at Tang Huan.

"Gulp!" Tie Tianyan swallowed a mouthful of saliva and waved the golden hammer once, as if it was encouraging him.

"Why do you need to know so much about people who are about to die!"

Tang Huan sneered, and walked towards Tie Tianbo and Tie Tianyan step by step. His light footsteps gave the two a sense of pressure.

Chapter 702 - Peak Heavenly Domain

Chen Chong's face became gloomy, he suddenly had a premonition, that even if Tie Tianbo and Tie Tianyan were to work together, they might not be Tang Huan's match. Furthermore, with the strength Tang Huan displayed just now, if he wanted to bring Chen You away, no one would be able to stop him.

In the blink of an eye, he began to retreat.

However, how could this little action of his hide the fact that Chen You had already focused all of his attention onto him? The moment his feet had just moved, Chen You's angry shout immediately erupted from within the valley, and immediately after, a bright and dazzling purple light blossomed in the night sky.

"Chi!"

That purple-colored glow approached Chen Chong with a frightening speed. And after that purple-colored glow, Chen You's body became like a stream of light, as if she and the longspear in her hands had become one. On the spear's body, a purple-colored glow circulated.

Chen Chong's expression was extremely gloomy, he suddenly gritted his teeth and rushed forward, waving the staff in his hand, causing shadows of the staff to appear one after another in the air. Layers after layers of the staff actually appeared, and in the blink of an eye, the powerful Strength Qi condensed into a black storm, spinning rapidly in the air.

In the blink of an eye, the purple light and the black storm collided crazily. Chen You's fight with the black storm had become extremely intense from the very start.

At almost the same time, Tie Tianbo and Tie Tianyan, seeing Tang Huan approaching step by step, could no longer hold back and roared as they pounced towards Tang Huan.

"Hu!"

Tie Tianbo waved his long axe and a gigantic black blade silhouette roared out, sweeping out towards Tang Huan like a waterfall. Wherever it passed by, an incomparably long and narrow crack in the void seemed to be revealed, and the hazy light emitted by the houses nearby seemed to have been instantly devoured.

Beside Tie Tianbo, the gigantic hammer in Tie Tianyan's hands also started to swing rapidly, a condensed golden light continued to gather around him. An instant later, his figure had already disappeared, and what had replaced him was a ball of golden light formed from countless gigantic hammers, rolling forward with a loud rumbling sound.

One on the left and one on the right, one in the dark and one in the light.

The two of them made their moves at the same time, and when the two clashed, an extremely terrifying might exploded out. The surrounding space seemed to have been crushed into pieces by this violent Strength Qi wherever it passed.

"Hu!"

Tang Huan's eyes flashed with a cold light as he took a step forward. The Overlord in his hands instead swept out the spear, and a majestic Genuine Qi that was mixed with the heat of the "Nirvana Sacred Fire" roared out. In an instant, it turned into a violent current of heat that surged with the power of the spear.

This was the method of "wiping out an army of a thousand enemies" from the "Conqueror Breaching Army Spear Technique"!

Compared to when he was facing the Secluded Night Dark King back then, the might of this Spear Technique had become even more terrifying. Sweeping out his long spear, it caused a violent and overbearing aura to pervade the air, with an unstoppable force. Even if it was a towering giant mountain that was blocking his way, it seemed like it could be broken with a single sweep of his spear.

In a split-second, the blazing torrent collided with the black blade shadow and the golden ball of light at almost the same time. Amidst the earth-shaking sounds, the powerful and shocking Strength Qi was like an enormous wave that overflowed the heavens, roaring in all directions.

The black blade-shadows immediately disappeared into nothingness, and the large golden light also exploded.

Tie Tianbo, who was behind the blade image, and Tie Tianyan, who was wrapped in golden light, both suffered a heavy blow. Their bodies were immediately thrown out, and after travelling around twenty to thirty meters in the air, they fell to the ground. They staggered a few more steps back before they finally managed to stabilize their footing.

Tie Tianbo's face was already flushed red, but Tie Tianyan was even more so. He immediately spat out a mouthful of fresh blood, and his face instantly turned pale white.

Tie Tianbo and Tie Tianyan were extremely shocked, they had thought that they would probably not be able to defeat Tang Huan, but they had never expected that they would be injured in just a single strike from Tang Huan.

"Heavenly Domain!"

Tie Tianbo forced himself to calm down, and roared angrily. Black Heavenly Domain immediately used his body as the center and roared towards his surroundings, enveloping dozens of meters in radius around Tang Huan.

Tie Tianyan also took a deep breath, suppressing the raging blood in his chest. The golden Heavenly Domain was also pushed to the limit, covering a radius of tens of metres, including Tang Huan. The two Heavenly Domain s overlapped, but not only did they not disturb each other, they instead gave rise to an exceptionally strong pressure that pressed down towards Tang Huan.

"Hu!"

A mocking smile appeared on the corner of Tang Huan's lips as he similarly urged his Five Colors Heavenly Domain, making it seem as if his body was covered with a layer of rainbow colored film. The pressure that came whistling over from Tie Tianbo and his Heavenly Domain, disappeared completely the moment it made contact with his body.

Not only that, there was an extremely terrifying pressure being emitted from the Five Colors Heavenly Domain, causing Tie Tianbo and the others who bore the brunt of the pressure to feel suffocated.

"Peak of Heavenly Domain?"

Tie Tianbo and Tie Tianbo cried out in shock.

This Tang Huan actually had a cultivation at the peak of the Heavenly Domain, and his strength was even above that of ordinary cultivators at the peak of the Heavenly Domain. Tie (Iron) Village also had a few experts at the peak of Heavenly Domain, but those few people definitely could not hurt the two of them so easily.

"Retreat!"

"Retreat!"

Once Tang Huan came out, the two of them no longer had the courage to continue the fight and almost simultaneously retreated backwards. But when the two of them were a few metres away, Tang Huan's figure suddenly appeared in front of Tie Tianbo. As he brandished his spear, a Fire Red Huge Dragon rushed forward and roared while baring its fangs.

His first move, "Soaring Dragon Break", had already locked onto Tie Tianbo who was a few meters away.

"Phew!" Whoosh! "Hu!"

In a split-second, the dark black long axe in Tie Tianbo's hands had already hacked out three times. Three black tornados howled out and unexpectedly, one after another, as each was more terrifying than the other. The violent Strength Qi spiraled rapidly and the entire area seemed to have transformed into a gigantic whirlpool.

"Boom —"

After a short while, a loud sound was heard.

The Fire Red Huge Dragon smashed apart the tornadoes with a crushing force, causing the blazing Strength Qi to crash onto the long axe.

"AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!"

When the long axe left his hands, Tie Tianbo screamed and flew out.

Tang Huan did not even look at him, and leaped forward, the Conqueror Spear in his hand directly smashing down towards Tie Tianyan who was about 20 metres away. The Heavenly Domain on his body fluctuated rapidly, and a multicolored will spread out along his arm, instantly covering the entire spear.

This spear strike was the third style of the Conqueror Breaching Army Spear Technique, the "Overlord Tactics". Gathering the power of the Heavenly Domain, he looked like a huge mountain was collapsing, rumbling and falling from a high vantage point. However, even though the spear was sinking, the power within it was increasing crazily, pouring down an incomparably domineering aura.

"Aooo!"

Tie Tianyan howled out like a wild beast, his face twisted in a sinister manner as though he had gone mad. The gigantic hammer in his hand transformed into a ball of dazzling golden light, and shot up into the sky.

Chapter 703 - Luo Village!

"Bam!"

After the flick of a finger, the Conqueror Spear landed on top of that ball of golden light.

The golden light exploded, and the gigantic hammer appeared right after, while Tie Tianyan was like a meteor falling from the sky, as he smashed onto the ground along with his hammer.

"Thump!"

Dust billowed in all directions, and a deep pit appeared on the hard ground in an instant.

At the bottom of the pit, Tie Tianyan's stooped body continuously twitched, and fresh blood continuously flowed out of the corner of his mouth. The terrifying power of the "Overlord Tactic" directly entered his body through the giant hammer in his hand, instantly crushing all of his internal organs.

Tang Huan landed gently on the ground and looked to his left.

Tie Tianbo's face was pale. He had just staggered a little and crawled up, and saw with his own eyes the scene of Tie Tianyan being smashed into the ground by Tang Huan's spear. He was so shocked that his eyeballs almost popped out. Just then, Tang Huan looked over to him, causing him to fall into despair.

Although he could still stand, his internal organs had been severely injured, and he simply could not block one strike from Tang Huan, so he already had no hope of escaping.

"Tang Huan, our Tie (Iron) Village will never let you off!" A flash of ruthlessness and decisiveness appeared in Tie Tianbo's eyes as he raised his hand and smacked the top of his head.

"You want to die?" It's not that easy! "

Tang Huan raised his eyebrows slightly, and a filial-like, seven-colored aura shot out from between his brows, and drilled out from his forehead just as Tie Tianbo's palm was about to smack the top of his head. In the next moment, Tie Tianbo let out a grunt, and his right palm stopped an inch above his head.

"Plop!"

Immediately after, Tie Tianbo fell to the ground, unconscious.

Now, not only had Tang Huan's Genuine Qi greatly improved, his Mind Power had also explosively increased in strength, and the method of his soul attack had become even more powerful. For a Heavenly Domain Cultivator like Tie Tianbo, if they encountered a "Soul Killing Stab" once, their soul would also receive heavy injuries. Of course, the reason why Tie Tianbo fainted so quickly was also because he was severely injured.

"Whoosh!" Tang Huan's footsteps moved, and he appeared next to Tie Tianbo, grabbing him in one go.

"Ahhhhhhhhh!"

Almost at the same time, a miserable cry sounded out. It was Chen Chong who found out about the situation that was occurring over here, and became flustered as he was sent flying by Chen You's spear.

"Plop!" Chen Chong fell more than ten meters away, but was already unable to get up. The spear had already broken his spine.

"Sister You, don't kill me!" "Don't kill me..." Chen Chong's face twisted in pain, but seeing Chen You who was walking towards him step by step, he became even more terrified, and his entire body shivered.

"If I had known this would happen, why would I have let you go? If I had let you go, how would I have let down those brothers who were killed by you?" The expression in Chen You's eyes was

complicated, his tone as cold as ice, but his movements did not hesitate at all. The long spear in his hand transformed into a purple stream of light and instantly pierced through Chen Chong's chest.

"..."

Chen Chong's eyes were mixed with fear, pain and despair. He opened his mouth to scream, but before he even had the time to rush out of his throat, his body was lifted up into the air, and amidst the "weng" sound of his body trembling, a berserk energy roared out.

Chen You retracted his spear, but his eyes were slightly red.

"Miss Chen You..."

Tang Huan held onto Tie Tianbo and his figure quietly appeared by Chen You's side. As for the Tie Tianyan in the hole, he had already died completely without a sound.

"Tang Huan, thank you!"

Chen You regained his senses, cleared his mind and expressed his gratitude.

She knew very well that if Tang Huan did not appear tonight, she would have probably died in his hands without waiting for him and Tie Tianyan to appear.

"Miss Chen You, there's no need to thank me. Let's first see what the Tie (Iron) Village's intentions are." Tang Huan slowly said.

"What do you think?"

Hearing this, Chen You could not help but be startled.

Tang Huan pointed to the Tie Tianbo he was grabbing, and under Chen You's surprised gaze, his left palm immediately pressed onto the latter's head. Before long, Tang Huan had already slowly raised his left hand. In his palm, there was an additional ball of pitch black aura; this was Tie Tianbo's soul.

Throwing away Tie Tianbo's body, Tang Huan put the ball of soul between his palms and began to unleash the "Heart Twining and Soul Searching Method".

"So that's how it is!"

Chen You let out a soft exclamation, and the depths of her beautiful eyes unconsciously revealed an additional astonishment.

She finally understood that Tang Huan was searching Tie Tianbo's soul to search his memories. He never thought that Tang Huan would actually be proficient in such a method! Looking at Tang Huan's solemn face, Chen You's mind raced, in her eyes, Tang Huan had actually become even more unfathomable.

Not long later, Tang Huan frowned and said: "Miss Chen You, do you know of Luo Village?"

"Village Luo?"

Chen You's face changed, "That is one of the strongest villages in the area tens of thousands of kilometers, with a population of tens of thousands of people. I had long heard that Tie (Iron) Village had been secretly contacting Luo Village this whole time. Could it be that Tie (Iron) Village has already completely pledged his allegiance to Luo Village?"

As he finished speaking, Chen You's expression had already become extremely ugly.

"Indeed."

Tang Huan slightly nodded, "According to the information that I obtained from Tie Tianbo's memories, a True Spirit-level Experts of Luo Village came to Tie (Iron) Village. That person's name is Luo Tong. When you were attacked by Tie Tianbo and the rest, Luo Tong and his men had already rushed towards the Chen Village. "

Tie Zhongqian was the True Spirit Level Experts from the Tie (Iron) Village.

"Luo Tong, Tie Zhongqian ... Not good, my grandfather is in danger! "

Chen You suddenly exclaimed, she turned and was about to rush to the back of the valley, but just as she was about to step forward, Tang Huan had caught her by the wrist.

"Miss Chen You, if you rush over like this, not only will you not be able to help, you might even lose your life."

Tang Huan said in a deep voice, "You have already been poisoned, and although my blood can help you suppress it, when your Genuine Qi is activated, the poison of the 'Green Devil Snake' will still spread. When you fought with Chen Chong just now, the poison had already spread quite a bit. If you continue to move at full speed, by the time you return to the Main Village, this poison might have already spread throughout your entire body. At that time, no matter how much blood I give you, it will be useless. "

"Then what should I do?"

Chen You was both shocked and anxious.

She knew that Tang Huan was right.

Now, the wound on her abdomen had almost completely healed. However, the spiderweb-like thing on her skin had silently expanded by a large amount.

"Don't forget my Space Aircraft." Tang Huan released Chen You's wrist and smiled indifferently.

"Yeah!" Chen You clapped his hands in surprise, "With the Space Aircraft, we can quickly return to the Main Village."

"Xiao Budian!"

Tang Huan shouted loudly, following that, with a thought, the Conqueror Spear turned into a Eight Remoteness Dragon King and swallowed Tie Tianbo's soul in one mouth. Immediately after, the Eight Remoteness Dragon King returned to his beast form and quickly returned to Tang Huan's body.

Seeing this strange scene, Chen You was surprised, her beautiful eyes opened wide.

"Yiya!"

The moment Tang Huan finished speaking, from the shadows of a small hut over a hundred meters away, Xiao Budian suddenly rushed out, flapping his four pairs of small wings, he rushed towards Tang Huan while cheering.

Chapter 704 - Precelestial Dragon Stone

"Whoosh!"

In the night sky, the flying shuttle pierced through at high speed.

Within the center room of the aircraft, there were piles of mountainous gems. One portion of them were leftover from when he forged the Divine Armament back then, another portion was obtained from the White Skeletons Palace, and another was the reward he got for forging the Divine Armament for Tang Moyang, Mo Huang and Sha Mi.

The Divine Armament Tang Huan helped to forge for Xing Yan was free of charge, but the Saint Grade Gem that helped them to forge for Divine Armament nearly emptied the savings made by the three great imperial families over the years.

Once inside the aircraft, Xiao Budian lied down on the pile of precious stones, unable to move at all. As for Tang Huan and Chen You, they were at the front of the flying shuttle.

At the tip of the triangular-shaped space, Chen You sat cross-legged, his face full of anxiety.

Tang Huan sat in front of the round center stage, while channeling his cultivation technique and recovering his strength, he controlled the aircraft and headed north at an astonishing speed. Halfway there, they realized that Chen Rui and the rest had left the Youngsters' Village first. However, the aircraft did not stop.

The Main Village and the Chen Village of the Chen Village were only separated by about fifty kilometers.

To the Space Aircraft, such a small journey would only take a short while.

Not long after, a bright light appeared in the middle of the mountains. Although it was starry, it was very conspicuous in the dark of the night.

"We're here."

Chen You suddenly shot forward.

In the next moment, the Space Aircraft swooped down and stopped in the forest that was about a thousand meters away from the light. Immediately, Tang Huan and Chen You flashed and appeared almost at the same time. After shrinking the flying shuttle and inserting it into his waist, with a thought from Tang Huan, the Conqueror Spear appeared in his hand.

"Let's go!"

Two figures were rapidly moving through the forest ...

...

The Chen Village was even more vast than the Youngsters' Village, and it took up at least several times more land than the Youngsters' Village.

The village was also located in the middle of the valley, but it was the opposite of the Youngsters' Village. The valley was wide and narrow, taking the shape of an inverted triangle. There were quite a few precious stones embedded on the cliffs on both sides of the valley. The white light from the stones illuminated the surrounding area.

At this time, there were dozens of people gathered at the entrance of the valley.

Powerful auras crisscrossed one another, causing this entire space to be filled with an incomparably oppressive aura.

Standing at the very front of the group was an old man wearing a black robe. He was tall and thin with a thin face, and he seemed to be around 50 to 60 years old.

The aura emitted from his body was especially terrifying.

He stood there silently, like a dormant volcano that could erupt at any time, giving off an extremely dangerous feeling.

A few meters away from Black Costume Old Man lied a few figures. They were motionless and traces of blood could be seen from the corners of their mouths.

"Huff ..."

One figure after another charged out of the valley like a whirlwind. Their speed was extremely fast, and the fastest was a tall and sturdy bald old man. Under his clothes, which were made from beast skins, the muscles on his body bulged and bulged out, appearing extremely robust.

When he was about ten meters away from the Black Costume Old Man, the bald old man's eyes that were filled with anger swept over the crowd before landing on the few figures that were lying on the ground.

Immediately, the bald old man's face darkened. With a wave of his hand, several men immediately appeared from behind him and brought them back.

Seeing that, Black Costume Old Man and the rest did not stop them.

"Uncle Kui, they have all become trash and can no longer cultivate!"

A middle-aged man quickly checked the situation of the few of them and his face was filled with anger.

Hearing that, the bald old man's face turned green, he stared straight at Black Costume Old Man fiercely, and a burst of berserk Qi instantly roared out from his body: "Tie Zhongqian, for you to muster such a large force to come to my Chen Village, and injure my Chen clan's Disciples, do you really think that I, Chen Kui, am an idiot!"

"This is just a little interest we charge."

"Chen Kui, all these years, our Tie (Iron) Village and your Chen Village have never been in conflict with each other, but ten days ago, not only did those little fellows from your Chen Village snatch away our Tie (Iron) Village's Amethyst Thunder Lion, they also injured quite a few people from our Tie (Iron) Village. Don't you feel that you need to give our Tie (Iron) Village an explanation for this matter? "

"What kind of explanation do you want?"

Chen Kui's eyes were wide open as he sneered.

He had long known about what had happened in the Youngsters' Village, but hadn't paid much attention to it. In the recent years, Chen Village and Tie (Iron) Village had indeed been living a peaceful life, but this was only limited to Main Village. There would often be conflicts and conflicts

between Youngsters' Village and the others, but both villages' younger generation knew how to restrain themselves.

So far, no small number of people had been injured, but no one had died.

"It's very simple!"

Tie Zhongqian said in a deep voice, "Since your Chen Village stole our Tie (Iron) Village's infant Amethyst Thunder Lion, then you naturally have to use something in exchange. Chen Kui, take out that 'Precelestial Dragon Stone', and let this matter go! "

"Precelestial Dragon Stone?"

The moment Tie Zhongqian said that, the people from the two villages started to exclaim in surprise, they had never expected that Tie Zhongqian would suddenly spout out these few words.

"What?"

Chen Kui's expression changed greatly as he said in a low voice, "Tie Zhongqian, is there something wrong with your head? Let alone our Chen Village doesn't have such a thing, even if there is, I would definitely not give it to you." He already completely understood that the young "Amethyst Thunder Lion" was only Tie Zhongqian's excuse.

That "Precelestial Dragon Stone" was a special product of the Firing Dragon Mountain Range, it was extremely precious.

During the process of breaking through the True Spirit Level, one would need to destroy the Dantian Spirit Pellet. There were many Heavenly Domain Cultivator that, after their spirit pellets had shattered, were unable to condense True Spirit s and would quickly lose their souls. However, if they had "Precelestial Dragon Stone s", their chances of condensing True Spirit s would greatly increase.

However, such treasures were extremely rare.

Tie Zhongqian brought so many Tie (Iron) Village experts over. First, he seriously injured a few Chen Village cultivators, then he made such an impolite request. He was obviously here to cause trouble.

"Chen Kui, that 'Precelestial Dragon Stone' isn't something that you don't have."

Tie Zhongqian looked at Chen Kui and mocked, then said nonchalantly, "Your Chen Village does indeed suffer a bit from exchanging an Amethyst Thunder Lion for a piece of Precelestial Dragon Stone. However, if you add Chen You and Chen Rui together, your Chen Village will definitely benefit greatly."

"Tie Zhongqian, you sent someone to our Chen Village?" Chen Kui's expression suddenly changed as he roared, like a completely enraged lion.

"Despicable and shameless!"

"Chen You and the rest were all captured?"

"How hateful!"

"..."

Behind Chen Kui, an uproar broke out, and everyone was unable to contain their anger.

"Calculating the time, it's about time. Feng Xiang, go, fetch them here. " Tie Zhongqian squinted his eyes, and suddenly turned and said.

"Yes sir!"

A 20-30 year old youth answered, but at this moment, a female voice suddenly sounded out with hidden anger, "We don't need you to pick us up. We're already here!"

Everyone looked towards the source of the voice. They saw two figures flying over from the shadows of the forest a few hundred meters away. In an instant, they had arrived at the entrance of the valley.

In front of him was a tall and slim young woman with a beautiful face. She held a purple long spear in her hand, and a little later, a young man with handsome features who also held a long spear.

The two were Chen You and Tang Huan.

"You Er!"

Chen Kui was overjoyed, and the people behind him were also pleasantly surprised.

Originally, when they heard Tie Zhongqian's words, they thought that everyone in Youngsters' Village had already been captured by him, but now that Chen You had appeared, it meant that Tie (Iron) Village did not succeed. As they heaved a sigh of relief, many people noticed the unfamiliar young man behind Chen You. With a thought, they guessed that he should be Tang Huan who heavily injured Tie Fenglei and the others ten days ago, and saved Youngsters' Village.

"Chen You?"

However, Tie Zhongqian's expression changed slightly as a bad premonition rose in the bottom of his heart.

, Tie Tianyan and Tie Fenghan were the three Heavenly Domain experts who were heading towards the Chen Village, while Chen You and a guy called "Chen Huan" were the only Heavenly Domain experts. Logically speaking, it was impossible to escape from the Chen Village, not to mention Chen Chong.

But now, Chen You had returned to the Main Village safe and sound.

"Grandfather!" Chen You and Tang Huan had already arrived beside Chen Kui.

"Good, it's good that you're back!"

A boulder was lifted from Chen Kui's heart. Then, his gaze landed on Tang Huan as he gently nodded his head, a hint of an appreciative smile appearing in his eyes.

Tang Huan also smiled and nodded lightly, but there was a trace of surprise in the bottom of his heart.

According to his knowledge, Chen Kui was the only True Spirit-level Experts in Chen Village, and at that moment, Tang Huan was truly experiencing the power of the True Spirit Cultivator. From

what Tang Huan could sense, Chen Kui seemed to no longer be a body of flesh and blood, but a ball of boundless energy that was constantly churning.

The aura it exuded was extremely berserk, as if it could destroy everything in the world.

"True Spirit..."

These two words flashed through his mind, and a look of yearning flashed in Tang Huan's eyes.

Just then, a voice that sounded like a great bell interrupted Tang Huan's train of thoughts. It was Chen Kui who had laughed out loud: "Tie Zhongqian, what more do you have to say for yourself?"

Tie Zhongqian snorted, "Chen You, how did you come back?"

Chen You glanced at Tie Zhongqian, his eyes cold like ice: "Kill those blind bastards, then we will naturally be able to return."

"How is this possible?"

Tie Zhongqian's eyes were filled with disbelief.

Behind him, a wave of exclamations sounded out. Everyone had an expression of disbelief on their faces.

"That's the truth. Tie Tianbo, Tie Tianyan and Tie Fenghan have all died, but we are still alive!"

Chen You glanced at Tie Zhongqian sarcastically, and immediately after, she leaned towards Chen Kui's ear, her captivating red lips slightly opening and closing, as if she was saying something to him.

"What?"

"Tianbo, Tianyan, and FengHan were all killed?"

"What kind of joke is this!"

"..."

At this time, the area around the valley entrance became very noisy, the Tie (Iron) Village cultivators were shocked. Not only them, even the people from the Chen Village felt that this was inconceivable.

Although Chen You's talent was astonishing, he had only stepped into the Heavenly Domain realm a few years ago, and Tie Fenghan's strength was inferior to Chen You's, yet Tie Tianbo and Tie Tianyan were both experts who had stepped into the Heavenly Domain Realm for many years. Yet now, they had both left their lives in the Chen Village Realm?

This was also because they still did not know that Chen Chong had betrayed the Chen Village.

"Good kill!"

Chen Kui seemed to have finished speaking as she stood up straight. A trace of undetectable surprise flashed past her copper like eyes, but after a moment, Chen Kui burst out laughing, though he did not know if she was referring to Tie Tianbo and the other two, or the Chen Village who was rebellious.

"Chen Kui, I've changed my mind."

Tie Zhongqian frowned, and shouted sternly: "Even if you hand over the 'Precelestial Dragon Stone' now, my Tie (Iron) Village will definitely not let this matter rest." The experts behind him were all furious, and were ready to attack, as if they wanted nothing more than to charge forward.

"Tie Zhongqian, you really put in a lot of effort."

Chen Kui's eyes opened wide, and laughed wildly. "For the sake of plotting my Chen Village, we have first sent spies to lurk around, and then we have created this so-called 'Precelestial Dragon Stone'. It is truly despicable! My Chen Village has been in this Firing Dragon Mountain Range for more than eight hundred years, and have experienced countless storms and waves, how could a mere Tie (Iron) Village like you be able to do it?" As they spoke, Chen Kui pulled on both sides of his sleeves, revealing his tanned and robust chest, a burst of fierce aura that caused one's heart to palpitate condensed into a substance, gushing outwards.

"Good, good, Chen Kui, this is what you said!"

Tie Zhongqian was enraged, he raised his right hand and was about to give the order, then led the many experts of Tie (Iron) Village to rush over, but their expressions suddenly changed. Their hands stopped in the air, their eyes staring straight at the pitch black tiger head tattoo on Chen Kui's chest, as though they were in shock.

"Hahahaha..."

Just as both sides were about to make their moves, loud laughter suddenly rang out.

Everyone's attention was immediately drawn over. A slender figure suddenly appeared a few hundred meters to the right, and in an instant, arrived at the empty space between the two groups. It was a middle-aged man with a handsome face, wearing a magnificent white robe.

"Brother Tie, Brother Chen, how have you been?" The middle aged man obviously recognized Tie Zhongqian and Chen Kui, he actually cupped his hands towards them with a smile.

"So it's little brother Luo Tong." Chen Kui cupped his hands and laughed, with ridicule in his eyes.

"Younger Brother Luo, how have you been?"

Tie Zhongqian's expression slightly eased up, and then he asked with some surprise. "I heard that Younger Brother Luo is in closed door cultivation, why would he come here?"

"He is Luo Village's Luo Tong ..."

Tang Huan's mind moved. According to the memories that he had searched from Tie Tianbo's soul, Luo Tong and Tie Zhongqian had charged towards the Chen Village together, but did not expect him to appear in such a manner. Tang Huan originally thought that he was disguised as he hid his presence amongst the experts of the Tie (Iron) Village.

"I was lost in thought so I came out to walk. I didn't expect to see Brother Tie and Brother Chen arguing as I passed by."

Luo Tong sighed, and said, "My two brothers, Tie (Iron) Village and Chen Village are close neighbors, and there are occasional conflicts, which is normal. But if we start fighting as a result of this, both sides would definitely suffer heavy casualties, and if we were to lose too much strength, it might give other villages an opportunity to strike. In my opinion, it would be better to use other

methods to resolve this dispute. Not only can it resolve the conflict between the two villages, it can also preserve the strength of the two villages as much as possible. "

His voice paused for a moment, then Luo Tong laughed: "Brother Tie, Brother Chen, what do you think?"

Chapter 706 was deceived!

Hearing Luo Tong's words, Tang Huan and Chen You could not help but look at each other.

The other people of Chen Village did not know that Luo Tong and Tie Zhongqian were the same hill, but they knew it very clearly. The Tie (Iron) Village had sided with the Luo Village, so Luo Tong's goal in coming here was to help the Tie (Iron) Village eliminate the Chen Village, but now, Luo Tong was actually acting like a peacemaker, mediating the conflict between the two villages?

Even if Tie Tianbo and the rest failed, it did not seem to change the balance of power between the two.

What the hell were Luo Tong and Tie Zhongqian doing?

Tang Huan and Chen You looked at each other, their minds racing. The experts on the other side of the Tie (Iron) Village, however, could not help but exclaim out loud, as though they were shocked.

"Younger Brother Luo's words are reasonable."

Tie Zhongqian's eyes were gloomy and cold, she said: "However, this time several people from my Tie (Iron) Village were killed, if Chen Village does not give me an explanation, wouldn't my Tie (Iron) Village become a laughing stock?"

Chen Kui laughed coldly: "How laughable. Tie Zhongqian, if you want to account for something, why don't you give it to me now. This old man will give you an explanation right now!"

"You ..." Tie Zhongqian's face turned black, he was furious.

"Brother Tie, Brother Chen, please don't get angry." Luo Tong immediately called out to the two of them, "I have a suggestion, how about this?"

"Younger Brother Luo, feel free to speak."

Tie Zhongqian took a deep breath, suppressing the anger in his chest.

Chen Kui glanced at Tie Zhongqian viciously, and cupped his hands: "Brother Luo Tong, please speak!"

"We are all cultivators, so in order to resolve this dispute, we naturally have to rely on our strength." Luo Tong smiled slightly, "Brother Tie, Brother Chen, in my opinion, why don't you two send three of your Heavenly Domain Cultivators out to fight? Whether we win or lose, it's a matter of life and death. Of course, brother Chen and brother Tie couldn't participate in this battle. After this battle, the two villages reached out their hand for peace, and all their previous grudges were written off. This way, we can not only resolve the dispute between the two villages, but also minimize the casualties on both sides, so as to not let both sides suffer a great loss in strength. "

"Brother Luo Tong, that's a good idea. I agree." Tie Zhongqian nodded and glanced at Chen Kui provocatively.

"Brother Chen, what do you think?" Luo Tong laughed and looked at Chen Kui.

"Alright!"

Chen Kui's face sunk. After hesitating for a good while, he slowly nodded.

"If that's the case, then this matter should not be delayed. I wonder which three people brother Tie is planning to send out?" Luo Tong laughed in satisfaction and looked at Tie Zhongqian.

"Tianhai!" Tie Zhongqian suddenly shouted out.

"Yes sir!" A green-robed elder spoke out.

"Tianhu!"

"Yes sir!" Another green-robed old man walked out from the crowd.

"Milky Way!"

"Yes sir!"

The third green-robed elder stepped out of the crowd.

"Tie Tianhai, Tie Tianhu, Tie Tianhe ... Didn't you say that they died long ago? "

"It's them three brothers!"

"This is bad!" We've been tricked! "

"..."

The faces of quite a few people in Chen Village slightly changed, as cries of surprise rose and fell one after another.

A strange look also flashed across Tang Huan's eyes.

Tie Tianhai, Tie Tianhu and Tie Tianhe, not only were their attire and clothing exactly the same, even their appearances were almost the same. They were all tall and sturdy, and the strength of their auras, emitted from their bodies, was not too different from each other.

The only difference between the three twin brothers was probably the weapon in their hands.

Tie Tianhai held a long blade in his hand, while Tie Tianhu held onto a spear. As for Tie Tianhe, he used a rod.

In a blink of an eye, Tang Huan already guessed the intention of Tie Zhongqian sending these three people out to battle.

The strength that the three of them could unleash was definitely not as simple as one plus one plus one equals three. If they worked together, they might even be able to handle four or five experts at the peak of Heavenly Domain.

Luo Tong made such a suggestion with sinister intentions.

"Chen Kui, it's your turn!" Tie Zhongqian's face was full of arrogance. After exchanging glances with Luo Tong secretly, he looked at Chen Kui with ridicule.

"Chen Hong!" Chen Kui's face turned green.

"Yes sir!" A middle aged man with a skinny face and holding onto a gigantic sword walked out quickly, staring straight at Tie Tianhai and the others, his entire body emitting a sinister aura.

"Chen Li!" After thinking for a moment, Chen Kui spoke again.

"Yes sir!"

This time, the person who came out of the crowd was a short and stout old man who held a long mace in his hand.

Sweeping his eyes across the experts at the mouth of the valley, Chen Kui frowned, and fell into deep thought again. It was obvious that he was not too sure about the third candidate.

Seeing him in such a state, Tie Zhongqian teased: "Chen Kui, sending three people would drag things out, is there no one in your Chen Village?" Almost immediately after he finished speaking, ridiculing and mocking voices sounded from the crowd of people behind him. It was extremely noisy.

"Tie Zhongqian, you motherf * cker!"

"Uncle Kui, let me go up!"

"Lord, I'll go ..."

"..."

When the people of Chen Village heard this, they were filled with anger, their eyes spitting fire.

"Lord, let me do it." Tang Huan smiled and said.

"You ..."

Chen Kui was startled, and hesitated a little.

But he was around the same age as Chen You, so he ought to not be at the peak of Heavenly Domain. Furthermore, from the aura that he emitted, it seemed like it was proof of that.

The opposing Tie Tianhai and the other two were brothers from the same mother, so even if they sent three experts at the peak of Heavenly Domain, they would still be at a disadvantage in terms of Innate. If one of the three disciples was not at the peak of Heavenly Domain, their disadvantage would be even more obvious.

It was indeed good for Tang Huan to represent the Chen Village, but if his strength was insufficient, not only would it harm him, it would also harm Chen Hong and Chen Li.

It had to be known that this was not just a competition of pointers, but a battle of life and death.

"Alright, you!"

But, before waiting for everyone to regain their senses, Chen Kui finally made a decision. Nodding fiercely, he looked at Tang Huan and warned, "Be extra careful!"

"Uncle Kui, please don't!"

"Lord, Chen Huan is still young..."

"..."

Everyone woke up from their stupor and tried to dissuade him.

However, they were the same as Chen Kui, so they wisely did not call out Tang Huan's real name. Chen Hong and Chen Li who were sent out to fight, spoke up to advise against it. This battle was extremely dangerous, they might have a chance of survival, but if Tang Huan were to fight with them, it would truly be no different from courting death.

Compared to them, Chen You was much calmer, but when he looked at Tang Huan, he did not know what to say.

In the blink of an eye, she had already killed Tie Tianbo and the other two. In her mind, it was extremely likely that Tang Huan's strength surpassed Chen Hong and Chen Li, two experts at the peak of the Heavenly Domain, and if he were to fight, his odds of winning would be even higher.

But Tang Huan was not originally a person of the Chen Village s, because she had saved him, that was why she fell into the dispute between the two villages.

First, she had forced Tie Fenghan back, then killed Tie Tianbo and the others, having made two moves in a row, which could be considered as repaying her for saving her life. At this time, she really didn't have the heart to put Tang Huan in danger again, since the one she was facing was no longer an ordinary expert at the peak of Heavenly Domain.

Chapter 707 - Heavenly Domain as one

Seeing Tang Huan take the initiative to fight, Chen You's heart was in conflict, he did not know whether to advise or to agree.

If they dissuaded Tang Huan, the Chen Village would have to send out another expert at the peak of Heavenly Domain, so the chances of him defeating Tie Tianhai and the other two would become slim.

But if he agreed to Tang Huan going out to fight, he would very likely lose his life.

Tie Tianhai, Tie Tianhu and Tie Tianhe, the three brothers, had already reached the pinnacle of Heavenly Domain ten years ago. However, at that time, news of them going missing in the Firing Dragon Mountain Range spread.

But now, they appeared once again.

Evidently, in the past ten years, they had either been cultivating in seclusion or out to gain experience. Their strength would definitely be even greater than it had been in the past. Furthermore, they were of the same mother and brother race. Their minds were interlinked and they worked together to defend against the enemy. Under the True Spirit Level, even if they had the same number of Heavenly Domain Cultivator, they would not be their match, no matter how strong they were.

Just as Chen You was hesitating, an ear piercing laughter came out from the crowd, the loud and clear sound reverberated across the night sky.

"Haha, there really is no one left in Chen Village. They even sent out a kid like him!"

"Chen Huan? I'm not mistaken, he's the guy who injured Feng Han, Feng Lei and the others ten days ago? "

"Since this Chen Huan wants to die, then let's kill him. We should avenge Feng Han, Feng Lei and the rest."

"..."

Everyone in Tie (Iron) Village all conversed and laughed, even Tie Tianhai, Tie Tianhu and Tie Tianhe all had relaxed and ridiculing expressions.

"Chen Kui, since the candidate has been selected, there is no need to delay any longer!"

Tie Zhongqian seemed to be afraid that Chen Kui would go back on his words and change the candidates, he immediately shouted out, but when his gaze turned to Tang Huan, a look of pity appeared on his face, "What a pity, a kid with such outstanding talent is going to lose his life here today."

"Is that so?"

The corner of Tang Huan's mouth lifted slightly, and an indifferent smile surfaced on his face. The moment he finished speaking, an unusually enormous aura suddenly roared out from his body without any warning, and in an instant, it seemed to transform into a violent hurricane that swept in all directions.

In a split-second, the mouth of the valley fell into a deathly silence.

Behind Chen Kui, the noisy persuasion suddenly stopped, and after Tie Zhongqian, the mocking smiles on the people of Tie (Iron) Village suddenly froze on their faces.

However, a moment later, the area erupted into a clamor that grew louder by the moment.

"This... How is that possible? "

"Is this his true strength?"

"Tian Bu and Tian Yan couldn't have been killed by Chen Huan, right?"

"..."

Everyone in Tie (Iron) Village shouted in shock.

They never would have thought that Tang Huan would actually hide his own aura before this. His true aura was actually this powerful;

Among the people from the Chen Village s, countless low cries also rang out.

Originally, they thought that Tang Huan's strength was too weak and would not only harm himself, but would also implicate Chen Hong and Chen Li. However, judging from the aura Tang Huan was releasing right now, his strength was probably above Chen Hong and Chen Li's.

"This kid..."

Chen Kui let out a few inaudible sounds, and the surprise in his eyes slowly faded away to be replaced with a smile. Tang Huan's method of concealing his presence was extremely brilliant, to the point where even he, the True Spirit-level Experts, could not see through it.

The reason he agreed to Tang Huan's challenge was mainly because Chen You had revealed to him before that Tang Huan had only used a few breaths of time to kill Tie Tianbo, Tie Tianyan and Tie Fenghan. He reckoned that Tang Huan's strength should not be weaker than Chen Hong and Chen Li.

Now, only then did Chen Kui know that Tang Huan's strength had greatly exceeded his expectations. In a moment, Chen Kui could not help but look at Tie Zhongqian, the smile on his face growing wider.

"Chen Huan!"

When Tie Zhongqian came back to his senses, his expression had turned gloomy and the killing intent in his eyes was about to gush out.

Previously, he was skeptical that Tie Tianbo, Tie Tianyan and Tie Fenghan had been killed, but when Tang Huan revealed such a terrifying aura, he knew that Tie Tianbo and the other two were definitely dead. It was very likely that the person who killed them was this "Chen Huan" guy in front of him.

Tie Zhongqian had long known about Chen Huan's existence, but he didn't take it to heart. He felt that with Tie Tianbo and the other two, together with Chen Chong, it was more than enough to take care of Chen You and Chen Huan, but who would have thought that he was actually a peak Heavenly Domain cultivator.

Unfortunately, at this point, it was too late for regret.

"Chen Huan?"

Not far away, Luo Tong sized Tang Huan up. His eyes flashed slightly as a chill surfaced in his eyes, but he covered it up properly.

After looking at everyone's expressions, Tang Huan did not care at all. He only nodded at Chen Hong and Chen Li, and then walked towards Tie Tianhai and the others at a leisurely pace. Chen Hong and Chen Li immediately calmed themselves down and walked two steps forward quickly, catching up to Tang Huan, step by step, they walked to the opposite side.

At this time, the three twin brothers no longer had their previous relaxed expression, but instead had a solemn expression. Three pairs of eyes were staring straight at Tang Huan.

"Begin!" Luo Tong's eyes became serious, and he shouted out suddenly.

"Whoosh!" "Whiz!" "Whiz!"

Right after Luo Tong finished speaking, Tie Tianhai, Tie Tianhu and Tie Tianhe started moving, and three figures zigzagged forward like lightning.

At almost the same time, a dense black Qi surged out from the bodies of the three of them, and actually started to fuse together at a terrifying speed. In an instant, they transformed into black round covers, and enveloped the three figures within.

"Heavenly Domain combined into one?"

The Heavenly Domain s of Tie Tianhai and the other two actually merged with each other and became a Heavenly Domain. This kind of Heavenly Domain was extremely powerful, and the pressure it gave off was like a monstrous wave crashing down, wave after wave, as if they could crush a person into meat patty.

Chen Hong and Chen Li also felt the terrifying pressure and their faces immediately changed.

The strength of these three twin brothers was even more powerful than they imagined. From the fact that the three of them activated Heavenly Domain at the same time, they could already guess what was going on.

"Kill!"

"Kill!"

In the next moment, Chen Hong and Chen Li roared out at nearly the same time, and pounced towards one of them.

The Strength Qi was surging ferociously, churning like waves, the weapons in the two of them were releasing a large amount of light that was dazzling to the eyes, while a thick layer of red film seemed to have appeared on Chen Hong's body, while a layer of black film seemed to have appeared on Chen Li's body. It was obvious that they had pushed Heavenly Domain to his limits, at this moment, the two of them did not hold back at all.

Chapter 708 - Three-Yuan Ghost Slash

"Whoosh!"

Just as the weapons in Chen Hong's and Chen Li's hands were about to touch the rapidly approaching Black Heavenly Domain, a figure suddenly flew past the two of them and rushed into the Black Heavenly Domain ahead of them.

Immediately after, Chen Hong and Chen Li discovered that the Qi undulations released by the Black Heavenly Domain were becoming extremely chaotic, looking down at the inside of the Black Heavenly Domain, a resplendent Five Colors Odor was like a ball, expanding rapidly with a speed that was hard to see with the naked eye.

That was Tang Huan's Heavenly Domain!

The Black Heavenly Domain that the Tie Tianhai brothers had activated directly exploded into pieces, while Tang Huan's Five Colors Heavenly Domain continued to expand crazily. In an instant, he had surrounded Chen Hong, Chen Li and Tie Tianhai.

This turn of events was too sudden, both Chen Hong and Chen Li could not help but be stunned.

Just a moment ago, they were still shocked at the powerful Heavenly Domain that was formed from the fusion of Tie Tianhai and the other two. But in the next instant, that Heavenly Domain had already shattered into pieces while the three Tie Tianhai brothers were actually covered by Tang Huan's Heavenly Domain. In a split-second, the situation was reversed.

The three Tie Tianhai brothers were even more baffled. After their Heavenly Domain s had fused with each other, practically no one under the True Spirit Level could contend against them. But today, it had actually been completely suppressed by this "Chen Huan" s Heavenly Domain. This kind of thing had never happened before.

"Alright!"

Seeing that, Chen Kui could not help but clap his hands in praise.

They were also surprised that Tang Huan had destroyed the Heavenly Domain of the three Tie Tianhai brothers with his first move. Other than that, they had also become more confident in Tang Huan.

"What kind of Heavenly Domain is this?"

Tie Zhongqian stared at Tang Huan's Five Colors Heavenly Domain in disbelief.

With regards to the Heavenly Domain that was formed by the fusion of Tie Tianhai, Tie Tianhu and Tie Tianhe, he understood very well, in the entire Tie (Iron) Village, other than him, no other cultivator at the peak of the Heavenly Domain could suppress them. Even if a few of them were to join hands, they would be defeated by Tang Huan alone.

"Hmm?"

Luo Tong frowned, he could not help but exclaim, and between his brows, there was unconcealable astonishment.

Not only were the expressions of the three True Spirit-level Experts different, the surrounding area was the same. However, compared to the surprise of the people of Chen Village, the experts of Tie (Iron) Village were all extremely shocked.

"Again!"

Within the Five Colors Heavenly Domain, an explosive shout suddenly sounded. It was the three brothers, Tie Tianhai, who urged the Heavenly Domain to move once again.

However, as soon as the black aura gushed out of their bodies, the three of them felt an incomparable pressure, as if a surging wave was coming from all directions.

After the three Heavenly Domains formed on the surface of their bodies, they were completely suppressed and could no longer expand. It was even more impossible for them to fuse together like before.

This caused the three of them to be unable to contain their anger. Only after the Heavenly Domain had merged with each other, would their combined attack be able to unleash its greatest power. Right now, it was equivalent to cutting off one of their arms, disrupting their plan of killing the enemy with an extremely fast speed.

"Chi!"

Just as they were feeling astonished, a slight sound of breaking through the air sounded out. It was the long spear in Tang Huan's hand, which was already thrusting over, with a red glow blossoming on its body. At this time, Tang Huan had already activated the "Nirvana Sacred Fire" to its limit, the flames contained a terrifying heat, but under Tang Huan's intentional manipulation, the heat was restrained and it was not released.

In a split-second, a massive Flaming Pointed Awl, like a rainbow, roared out from the spear's aura, and its terrifying aura surged crazily within the Five Colors Heavenly Domain.

This was impressively the final move of the "True Flaming Rainbow Spear Technique".

At almost the same time, Chen Hong and Chen Li who had regained their senses also unleashed their powerful attacks.

"Triple Yuan Ghost Slash!"

"Chi ——" With a sharp sound of breaking through the air, the three blade beams welcomed Tang Huan, Chen Hong and Chen Li respectively. In an instant, they became as sharp as blades and fiercely slashed into the roaring black storm, fiery red sword beams and rainbow-like Flaming Pointed Awl s.

[illegible]

The black storm and the fiery red sword beam immediately exploded, but the two black blade lights also dissipated at almost the same time. Under the impact of the violent Strength Qi, as though they had suffered a heavy blow, Chen Hong and Chen Li couldn't help but retreat step by step. However, Tang Huan's Flaming Pointed Awl only paused for a moment before shattering the black blade light.

Suddenly, a loud shout was heard.

"Chi!"

"Bam!"

If they had used the combined attack of "Three Elements Ghost Slash" when they were in Heavenly Domain's state of fusion, Chen Hong and Chen Li would have immediately suffered heavy injuries, but right now, they were only forced to retreat. Not only that, the "Chen Huan" not only crushed the "Three Elements Ghost Slash", he even disintegrated the "Three Elements Spirit Shield" that they

had condensed. The three of them immediately realized that "Chen Huan" was much stronger than them.

A cultivation at the peak of Heavenly Domain, to actually be able to unleash such terrifying strength, moreover, it was a young fellow.

"Swish ..."

Just as the three were overwhelmed with shock, Tang Huan's attack did not slow at all. The Conqueror Spear in his hands repeatedly thrust out with a terrifying speed, and in a split-second, an exceptionally long Fire Red Spear Radiance appeared. It instantly penetrated through the air and whizzed forward, its spear aura enveloping all three of the brothers in front of it.

Chapter 709 - Triple Murder

The faces of the three brothers Tie Tianhai, Tie Tianhu and Tie Tianhe immediately turned even uglier.

Tang Huan's attack was just too quick, it was like a wave, wave after wave, causing one to have no chance to breathe. After the "Three Elements Spirit Shield" was broken, the distance between them and Tang Huan had already reached its limit, so they did not have the time to use the even stronger combination attack.

Of course, being unable to join hands didn't mean that they could only wait for death.

"Hu!"

With a shout, Tie Tianhai's arms sank, his long blade suddenly flipped, and immediately created a terrifying black wave, smashing straight towards the Fire Red Spear Radiance. The moment he made his move, the Heavenly Domain on the surface of Tie Tianhai's body fluctuated rapidly and like flowing water, it extended towards the long blade.

Tie Tianhu and Tie Tianhe also brandished their lance, wanting to face Tang Huan's attack together, but how could Chen Hong and Chen Li give them the chance to do so!

The two experts at the peak of Heavenly Domain had already shot forward at the same time.

The next moment, the deafening sound was already echoing in the air.

Tie Tianhai immediately had a bad premonition, in the moment the black energy wave and the Fire Red Spear Radiance collided, his body had already shifted to the side. But just at this moment, the Five Colors Heavenly Domain beside him began to violently shake.

An extremely tyrannical pressure surged over, causing Tie Tianhai's movements to immediately become sluggish.

Even though it was just a slight delay, it was fatal!

"Chi!"

The sharp sound of something breaking through the air did not cease. After the huge Fire Red Spear Radiance tore apart the black energy wave, even though it was greatly weakened, it still condensed and did not disperse, and continued to howl forward like an arrow that had left the bow. Tie Tianhai's pupils shrank as his eyes revealed a terrified and panic-stricken expression.

"Bam!"

The sound of the collision rang out.

[illegible]

"Big brother!"

Tie Tianhu, who was fighting with Chen Li and Tie Tianhe just now, could feel the movements from the side and could not help but cry out.

"Aooo!"

Tie Tianhai almost fainted from the pain. With a sinister cry of pain, he jumped up while wielding his long blade, but before he could even stabilize himself, that familiar figure had already approached him in the blink of an eye. Above his head, the terrifying Strength Qi poured down like a collapsing mountain peak.

At this moment, Tie Tianhai's eyes could not help but reveal a look of despair.

He was extremely confident in the combination of his brothers. Even when Tang Huan had released his extremely powerful aura, he had not expected that he would be defeated in this life-and-death battle. However, everything that happened next had splashed a bucket of cold water on his face, allowing him to clearly recognize the cruelty of reality.

"Roar!"

In a moment, Tie Tianhai roared out like an injured beast, the blade in his hand slashed upwards, the black Qi on the blade churned, and the Heavenly Domain's power once again converged onto the blade like water, the sword's aura was extremely sharp, as though it was cutting a hole in the air.

"Clang!"

The ear-piercing sound of the collision shook the space.

However, the Conqueror Spear in Tang Huan's hands suddenly stopped in mid air, and as if it was struck by a divine dragon, it swept out with its tail. After a flick of a finger, it landed on Tie Tianhai's waist with an extremely heavy force.

"Plop!"

Tie Tianhai was sent flying like a kite with a broken string. The moment he landed heavily on the ground, he spat out another mouthful of blood, then tilted his head and no longer moved. His waist was completely caved in and his body was almost smashed by the spear.

Not far away, Luo Tong saw the situation, her face was gloomy and unsettled, no one knew what she was thinking about.

"Haha, Chen Huan, well done!"

Chen You heaved a sigh of relief, his eyes were filled with joy, but Chen Kui was beaming with joy, laughing out loud, and then looking at Tie Zhongqian, he mocked: "What lousy combination attack is this, it can't even withstand a single junior from our Chen Village."

Just as Tie Zhongqian was about to forcefully swallow the word "stop" that rushed to his mouth, he suddenly heard Chen Kui's mocking words. His face instantly turned ashen.

The current situation was completely different from what he had imagined.

Tie Tianhai, Tie Tianhu and Tie Tianhe, these three twin brothers could be said to be his trump card. He originally thought that Wen Chao Holy Spring was the one who would suggest the life and death battle between the two villages, and that was why Luo Tong made such a suggestion.

He did not expect that the person called "Chen Huan" would be so powerful that he completely suppressed the Heavenly Domain s of Tie Tianhai and the other two. Not to mention that he had even easily broken their combined attack and killed them all in one fell swoop. Without Tie Tianhai, Tie Tianhu and Tie Tianhe were dead for sure.

At this time, Tie Zhongqian's heart had already fallen into the valley.

The expressions of the many experts from the Tie (Iron) Village behind him were also ugly. It was obvious that they knew that after Tie Tianhai was killed, the other two people would not end up well. After a short period of silence, a burst of loud cheers sounded out from the crowd in front of them. Everyone in Chen Village was extremely excited.

With Tie Tianhai's death, the outcome of the battle had already been decided. Facing Tang Huan, Chen Hong and Chen Li, both of them simply did not have any chance to make a comeback.

This was indeed the case.

's death caused the eyes of Tie Tianhu and Tie Tianhe to split apart, their minds in a mess, wishing that they could immediately kill Tang Huan to avenge their brother. But under Chen Hong's and Chen Li's berserk attacks, not only were the two of them unable to do anything, they were even worried that Tang Huan would suddenly attack them.

After killing Tie Tianhai, Tang Huan no longer took action, but, even if he didn't do anything, he would bring about an enormous pressure to Tie Tianhu and Tie Tianhe. Furthermore, he was currently in his Five Colors Heavenly Domain, so the strong pressure constantly affected their movements.

Not long after, the two of them were forced into a state of panic by Chen Hong and Chen Li.

Tang Huan's expression was indifferent, a slight smile hung on his face, although his eyes were on Tie Tianhu and the rest, all of his attention was focused on Tie Zhongqian and Luo Tong.

Just like Chen Kui, the two True Spirit-level Experts s seemed to be condensed from a majestic mass of energy.

However, the feeling they gave Tang Huan was completely different. Chen Kui was like a volcano that contained a frightening power, while Tie Zhongqian was like a poisonous snake that was hiding in the deep abyss. As for Luo Tong, he was like a cheetah that was hiding in the darkness, able to appear out of nowhere at any time to give others a fatal blow.

[illegible]

A miserable scream suddenly sounded. It was Tie Tianhu who was sent flying by the Wolf Teeth Rod in Chen Li's hand. After he landed, he no longer had any signs of life, his chest was already completely caved in.

"Two ..."

Tie Tianhe screamed out, but before he could finish, he suddenly stopped, the weapon in his hand fell down, his body fell backwards, from his forehead to his chin, a deep red line of blood appeared, his entire head seemed to have been split into two by Chen Hong's Sword Qi.

Chapter 710 Maybe I can try!

This life and death battle between Chen Village and himself had finally come to an end!

Tang Huan, Chen Hong and Chen Li were still unharmed, and, Tie Tianhu and Tie Tianhe were all dead. In this battle, Tie (Iron) Village was completely defeated.

Looking at the three standing figures and the three corpses lying on the ground, the reactions of both sides were completely different.

Everyone in Chen Village was delighted, they cheered and cheered, but the many experts of Tie (Iron) Village were all silent, but they were all furious.

"There's no movement at all?"

He had originally been prepared for Tie Zhongqian to take action and save Tie Tianhu and Tie Tianhe, but when those two fellows fell to the ground, Tie Zhongqian did not make a move at all. Could it be that this old fellow actually intended to admit defeat like this?

"Good!" "Alright!"

Just at this time, a voice suddenly sounded out, it was Luo Tong who laughed out loud, "Today, I have truly broadened my vision, I never thought that there would be such a powerful expert among the young generation of Chen Village, maybe after a while, I will be able to step into the True Spirit Level, Brother Chen is truly capable."

"Brother Luo Tong, you're too kind."

Chen Kui modestly waved his hand. As he spoke, he looked at Tang Huan with a smile full of praise, but other than that, his heart was filled with regret. If this fellow was really from the Chen Village, then it would be great, but his surname was Tang and not Chen.

"Humph!"

Hearing this, Tie Zhongqian could not help but let out a cold snort, his face becoming somewhat dark.

Luo Tong laughed, his gaze sweeping past Tang Huan, and said: "Brother Chen, Brother Tie, according to the agreement, after this battle, regardless of victory or defeat, the grudge between the two villages will be written off. It's not early anymore, so why don't we just leave? "

"Let's go!"

Tie Zhongqian shot a cold glance at Tang Huan and Chen Kui. With a wave of his hand, he immediately turned around and strode off into the distance. Although the group of experts from the Tie (Iron) Village were very resentful and unwilling, they could only follow and bring Tie Tianhai, Tie Tianhu and Tie Tianhe away together.

"Brother Chen, I'll be taking my leave as well." Luo Tong laughed as he cupped his hands towards Chen Kui.

"Brother Luo Tong, it has been many years since we last met. It would be better for you to stay in my Chen Village for a few days, before leaving." Chen Kui smiled as he looked at Luo Tong.

Thank you for your kind intentions, Brother Chen. However, I still have matters to attend to, so I will not disturb you.

"Forget it, brother Luo Tong take care."

"..."

After the two exchanged their greetings and watching Luo Tong's figure disappear in the distance, Chen Kui's expression also sunk as a cold light flashed past his eyes.

After a while, Chen Kui's expression had eased up, and he looked at Tang Huan with deep emotions: "Little brother, thank you so much this time."

He previously agreed with Luo Tong's suggestion because he did not expect the three brothers of Tie Tianhai, Tie Tianhu and Tie Tianhe to suddenly appear. If it were not for Tang Huan's help, even if Chen Village sent three experts at the peak of Heavenly Domain to battle, the odds of victory would still be slim.

The surrounding people from the Chen Village were also well aware of this fact. Thus, their eyes that looked at Tang Huan were also filled with gratitude, and even a deep sense of admiration.

"Lord, no need to be so polite. This is what I should do."

If Chen You did not save him, he would not have been able to live. Now that his strength had recovered and he had the chance to help the Chen Village, he naturally would not hesitate.

According to his observation, the reason why Tie Zhongqian and Luo Tong had changed their minds was most likely because they were afraid of the Chen Village.

As for what exactly they were worried about, Tang Huan did not know, but for the time being, the Chen Village's danger could be considered to have been resolved. Furthermore, before the war, Chen Kui had already secretly sent people to rescue Chen Rui and the others.

Of course, with Tie Zhongqian's character, after suffering such heavy losses today, he would definitely not let things rest.

Tang Huan would not leave the Chen Village for the time being. If the Tie (Iron) Village dared to attack again, within his capabilities, he would not hesitate to help.

"T-okay, thank you. I won't say anything else."

Chen Kui laughed emotionally, "You'er, take Little Brother Tang Huan to..." Just as he was speaking up to this point, Chen Kui suddenly spoke up, his expression changing, "Hmm? You You Er, you're

poisoned? " Only now did he notice the abnormality of Chen You's abdomen. His brows immediately furrowed tightly.

Hearing his words, the surrounding immediately let out a surprised cry, Chen Hong, Chen Li and the rest all surrounded him.

"It's the poison from the 'Green Devil Snake'." Chen You laughed bitterly.

"Green Devil Snake?"

Chen You did not say anything, but when she said that, the faces of the people around her all changed.

That 'Green Devil Snake' wasn't particularly strong, and could only be compared to ordinary Heavenly Domain Cultivator s. However, its poison was extremely potent; forget about Heavenly Domain Cultivator, even if he was poisoned by the 'Green Devil Snake', he wouldn't be able to hold on for fifteen minutes.

Chen You was definitely poisoned inside the Youngsters' Village, and it was simply a miracle that he could endure until now.

"Don't worry everyone, I took a pill that Tang Huan gave us to suppress the venom."

Chen You hurriedly said. When he explained, he subconsciously hid the fact that Tang Huan had used his own golden blood to suppress the snake poison.

Everyone suddenly understood, but the worry in their eyes did not disappear.

When he was inside the Space Aircraft, he had forgotten to tell Chen You that he had the golden blood. He was originally worried that she would reveal that he had the blood, which would lead to some unnecessary trouble, but he never expected that she would actually take the initiative to hide this secret for him.

"Little brother, do you still have pills like that?" Chen Kui could not help but look at Tang Huan anxiously.

"No more!" Tang Huan shook his head helplessly.

"This is going to be troublesome."

Chen Kui patted his bald head and paced back and forth anxiously, "Using pills to suppress it is only temporarily effective and it is impossible to keep it suppressed forever." The poison of the Green Devil Snake was extremely overbearing. Perhaps before long, the effects of the pill would disappear. There are a few medicines that can cure the snake's poison, but they are all far away in the 'Heavenly Desolate City'. Even if I were to personally buy them, it would take at least a month to get here.

The surrounding people from the Chen Village all had gloomy expressions. This entire area had fallen into silence, and only the sound of Chen Kui's heavy footsteps could be heard.

"Lord, maybe I can try!" Tang Huan suddenly said.

"You?"

Chen Kui was startled.

Everyone's gaze immediately fell on Tang Huan, even Chen You was no exception. A pair of black bright beautiful eyes curiously looked at Tang Huan.

"Although I don't have any antidote or poison pill, but I do have a way to dispel the snake poison."

Tang Huan looked at Chen Kui, and said slowly: "It's just that I have never tried the 'Green Devil Snake' poison, so I am not sure if it's effective yet."
