

## W. Master 821

Chapter 821 - Immeasurable Heavenly Temple

Northern part of Forging God Great World, Sha Continent.

In the middle of the boundless yellow sand, a mountain rose up from the ground like a sharp sword, piercing through the heavens. The upper half of this mountain peak was completely covered by the clouds, as if it was floating in the sky.

This was Wuliang Mountain.

The base of Sha Continent's number one sect, the "Immeasurable Heavenly Temple"!

At this moment, in one of the forbidden grounds of Immeasurable Heavenly Temple, a few cultivators looked at the empty round altar in front of them. They were all dumbstruck and could not believe their eyes.

"The 'Colored Glaze Spiritual Fire' has been stolen!"

When the news spread out, the entire Immeasurable Heavenly Temple was stunned...

... ..

"This is the 'Colored Glaze Spiritual Fire'."

Inside the Firing Dragon Desperate Domain, Yan Xiao said with a face full of smiles, "This old man just came from the Sha Continent, so it just so happens that I can help you fill up your Five Elements Spiritual Fires."

"'Colored Glaze Spiritual Fire'?"

Tang Huan gasped, the shock in his heart could not be described with words.

He had originally thought that Yan Ling had brought a different kind of Soil Attribute Spirit Fire, he did not expect that it was actually the "Colored Glaze Spiritual Fire" that he was familiar with. This was originally a type of Spiritual Fire from a small world. After it was successfully merged into one by a Weapon Refining Grand Master called Bai He Ming several thousand years ago, it no longer revealed itself in the world.

According to Tang Huan's judgement, it had already followed Bai He Ming through the "Ling Xiao Ancient Road" and entered the Forging God Great World.

After arriving in the outside world, Tang Huan had already given up on searching for the Soil Attribute Spirit Fire, but now, Yan had once again sent it to him. From this, one could tell that Weapon Refining Grand Master called Bai He Ming had already died several thousand years ago. Otherwise, the "Colored Glaze Spiritual Fire" would not have been able to separate from him.

And what shocked Tang Huan the most was not this, but the flame which had consecutively crossed almost the entire Forging God Great World in such a short period of time.

The Sha Continent was located in the northernmost area of the Forging God Great World while the Firing Dragon Mountain Range was located at the southeastern border of the Forging God Great World.

How far was it from the "Firing Dragon Desperate Domain" to the "Immeasurable Heavenly Temple"? However, in such a short period of time, Yan had travelled back and forth.

"Don't envy this old man. I believe that one day, you will be able to do the same."

As if he had seen through Tang Huan's thoughts, Yan Bufan smiled. "Little fellow, I'm only giving you the 'Colored Glaze Spiritual Fire', this little thing is probably still not satisfied. Since it's like this, this old man will just treat you as a good person until the end and then give you a method to protect yourself." As he spoke, he reached out with his hand, and threads of red aura gathered from all directions. In an instant, they condensed into a sparkling, translucent, fiery dragon in his palm.

"Go!"

Yan Qu flicked his finger, and the little red dragon shot towards Tang Huan like lightning.

In a blink of an eye, it had already transformed into a three thousand meter long Fire Red Huge Dragon, pouncing at him with bared fangs and brandished claws, as if it could swallow the entire sky in one gulp. Tang Huan was shocked, and suddenly woke up.

When he looked again, not only had the Fire Red Huge Dragon disappeared, Yan and Xiao Budian were not in front of him either. Instead, the "Colored Glaze Spiritual Fire" that had been restricted by his power was still in his palm.

In addition, the place Tang Huan was at, was no longer the hot space inside the volcano that was filled with molten lava and flames. The area where Xiao Budian had transformed into a ten-winged Blue Dragon. The pit in front of Tang Huan and the Space Aircraft that was sunken at the edge of the pit were proof of that.

With regards to the divine abilities of the Flame God, Tang Huan was already used to it. But with regards to the flames, getting him out of the volcano from the Space Moving was simply an easy feat.

At that moment, what made Tang Huan even more curious was where was the little Fire Dragon that was formed at the end of the flame?

Tang Huan began to carefully sense the condition of his body.

"It's here!"

After a while, Tang Huan pulled open the front of his clothes, and on the left side of his chest, a small dragon imprint appeared, baring its fangs and brandishing its claws. This imprint didn't seem to be anything special, but Tang Huan could faintly feel the terrifying power it contained.

Right now, the little dragon was like a dormant volcano. However, once it erupted, it would likely be able to display a might that could destroy the heavens and earth.

This was indeed an extremely powerful life-saving measure!

"Many thanks, Senior Yan!"

Tang Huan was extremely grateful, and bowed deeply towards the direction of the volcano, after which his eyes couldn't help but reveal a dense amount of unwillingness and sadness.

Xiao Budian stayed in the "Firing Dragon Desperate Domain", but he could not stay in the Wind Howling City forever. Maybe a year, maybe two years, he would still leave after all. In this one or

two years, he might be able to come here to visit Xiao Budian from time to time. However, if he were to leave the Wind Howling City, it was unknown how long it would take for him to return. Unfortunately, he did not possess an unparalleled ability like that of Yan Feng. Otherwise, he would have been able to come at his own whim.

After standing there blankly for a while, Tang Huan finally regained his senses.

"Xiao Budian, take care!"

Not caring whether or not Xiao Budian could hear them, Tang Huan shouted towards the direction of the volcano, and entered the Space Aircraft s. In the blink of an eye, the flying shuttle soared into the sky like a ray of white light. In merely the blink of an eye, it turned into a small dot and disappeared into the distant horizon.

"Yiya!" "Yiya ..."

Deep within Firing Dragon Desperate Domain, on top of a volcano, Xiao Budian squatted on top of a huge red boulder as she cried out with tears and mucus ...

... ..

Tang Huan did not stop at all on the way.

He was afraid that he would be unable to resist turning around and returning to his "Firing Dragon Desperate Domain." If even he was acting like a child, it would be even more difficult for Xiao Budian to stay there at ease.

While urging the aircraft s to refine the "Initial Spirit Heavenly Crystal s", Tang Huan returned to the Wind Howling City in one breath.

At this time, the Wind God Valley was in a state of gloom.

A few days ago, when the first team was carrying out their mission in the depths of Firing Dragon Mountain Range, they suddenly encountered a group of "Dark Wind Demonic Wolf" s attacks. Under the siege of hundreds of fierce beasts with True Spirit Level strength, the losses were extremely heavy, out of the twenty people, only ten had just escaped, and all of them were injured.

Amongst the ten people who had lost, Hu Ben, the captain of the strongest team, had also encountered an accident.

In the past few decades, the Clan Guardian Group had never suffered such heavy losses. When the news spread out, the entire Tiger Clan was in an uproar. At this moment, nearly all of the Wind God Valley s were gathered in the great hall located deep within the valley, with ugly expressions on their faces.

Clan Guardian Commander also had an extremely solemn expression. Deep within the Firing Dragon Mountain Range, a group of "Dark Wind Demonic Wolf" could be seen, making it almost impossible to guard against them. Now that something like this had happened, other than mobilizing experts and exterminating the wolves, he could only blame his bad luck.

"Qin Xiu, was Hu Ben really killed by the wolf pack?" After a moment of silence, Hu Xiao finally broke the silence in the hall.

"Reporting to the commander, Captain Hu Ben ..."

Qin Xiu's entire body was drenched in blood, his expression a little hesitant, "We did not personally witness Captain Hu Ben being killed by the wolves, but..." Before she finished speaking, Qin Xiu was stunned, she suddenly realised that her companions were all looking towards the exit, with a look like they had seen a ghost.

In shock, Qin Xiu could not help but look over, to see a tall and sturdy figure rushing over, it was the captain of the first Clan Guardian Group, Hu Ben. Behind Hu Ben, there was also a tall and slender young man following him around like his shadow. It was said that Tang Huan was cultivating in seclusion?

## Chapter 822 - Great Ultimate Spiritual Fire

Not only had Hu Ben returned to the Wind God Valley, the Tiger Clans that had been thought to have long buried in the mouths of the fierce beasts had also returned.

Hu Ben was only severely injured, but the Disciples were in an even worse state, as they were crippled. However, the news they brought back shocked all of the higher ups of the Tiger Clan. Immediately, two powerful clan elders of the Tiger Clan led the team and went into the depths of the Firing Dragon Mountain Range to investigate.

Tang Huan did not know how the Tiger Clan would handle this matter, but after he finished explaining everything, he would return to the No.643 Courtyard and close up.

Inside a bedroom so quiet that a pin drop could be heard, Tang Huan sat cross-legged on a prayer mat, holding the ball of "Colored Glaze Spiritual Fire" in her palm.

This kind of Soil Attribute Spirit Fire, after being bound by the flame's power, had already condensed to the limit. It released a sparkling and translucent luster, and indeed did look like glass. All of the resistance power of the Colored Glaze Spiritual Fire had already been wiped away by the flames, which allowed Tang Huan to directly absorb and refine it.

"Buzz!"

Inside the Dantian, the Five Colors True Spirit was rapidly circulating and following that, the "Nine Yang Divine Furnace" also began to rapidly circulate. The powerful energy of the sucking overflowed and enveloped the "Colored Glaze Spiritual Fire" inside. A moment later, strands of yellow flame separated and entered the cauldron.

If an ordinary cultivator or Weapon Refiner were to fuse with this kind of Spiritual Fire, it was extremely likely that they would not be able to withstand the fire and turn into a pile of dirt.

However, for Tang Huan, who possessed the "Nine Yang Divine Furnace", "Flame Heart", "Nirvana Sacred Fire", and even the "Sun Spirit Body", the danger of fusing with the "Colored Glaze Spiritual Fire" was minimal. It could be said that there was no difficulty at all.

Time flew by and more and more flames were sent into the cauldron by the sucking. In Tang Huan's palm, the glass-like yellow ball was getting smaller and smaller. When all of the "Colored Glaze Spiritual Fire" entered the cauldron, the force used to bind the flames also dissipated like smoke into thin air.

Tang Huan's body was like a statue, as he calmed his mind and concentrated. The sucking that originated from the "Nine Yang Divine Furnace" was immediately withdrawn, but the cauldron and

the Five Colors True Spirit continued to circulate at a high speed. In just a short two hours, the "Colored Glaze Spiritual Fire" had been completely refined.

Sharp Spiritual Fire, Bodhisattva Fire, Xuan Ming Initial Fire, Nirvana Sacred Fire, Colored Glaze Spiritual Fire!

Inside Tang Huan's body, the Five Elements Spiritual Fires had finally gathered!

In the middle of Tang Huan's Dantian Furnace, the five Spiritual Fire s were actually separated out of the "Flame Heart" at the same time. After that, they began to fluctuate intensely, and each of them formed a mysterious connection with each other.

Metal to water, water to wood, wood to fire, fire to earth, earth to gold ...

At this moment, the five great Spiritual Fire actually formed a perfect whole, with five different types of firepower revolving around each other, mutually indestructible.

"The four phenomena have fused into one, giving birth to Taiji ..."

Soon after, these words appeared in Tang Huan's mind as if it was a conditioned reflex. The profoundness of the "Four Symbols Heavenly Mansion" 's strongest secret scripture, "Great Harmony Heavenly Classics", was completely concentrated on these eight characters.

Without any hesitation, Tang Huan immediately started to run the technique as fast as he could.

As time passed, a miraculous change began to occur within the Dantian cauldron. The "Colored Glaze Spiritual Fire" that had just been successfully merged actually began to condense bit by bit, and then, it gave birth to a tyrannical attracting power. Sharp Spiritual Fire, Bodhisattva Fire, Xuan Ming Initial Fire, and the Four Great Spiritual Fire s seemed to have been pulled by some unknown force, and with the "Colored Glaze Spiritual Fire" as the center, they began to slowly linger around it.

The change in the Spiritual Fire also greatly affected the Five Colors True Spirit within Tang Huan's Dantian.

Tang Huan was neither impatient nor anxious, his mind completely immersed himself with the changes that had occurred in the Spiritual Fire and the True Spirit.

Day passed, night came, and the days alternated.

One day, two days ... Five days ... six days ... Ten days ... Fifteen days ....

Unknowingly, more than twenty days had passed.

The cave where the bones of the "Golden Radiance Holy Tiger" were stored was found. Ying Hu and the Cloud Desolate City Elder Lin, who were still in the midst of destruction, were caught red-handed by the Tiger Clan Rankers who had rushed over.

The higher ups of the Tiger Clan no longer hid it intentionally. When the news spread out, the Dragon Clan and the Snake Clan were also shocked.

Firing Dragon Mountain Range's expression changed, as though a great battle would happen at any moment.

However, Tang Huan, who was within the Wind God Valley, was not affected at all. He was still sitting cross-legged on the prayer mat, unmoving like a statue, but a hint of a faint smile had already quietly surfaced on his face.

Inside the cauldron, the five great Spiritual Fire had already merged into one, and slowly revolved in accordance to a miraculous rhythm, looking like a primal chaos formed by a ball of flames. In this mystical Tai Chi, the "Colored Glaze Spiritual Fire" was centered around the "Yang Fish", the "Nirvana Sacred Fire" was the "Yang Fish Eyes", the "Sharp Spiritual Fire" was the "Yin Fish", and the "Xuan Ming Initial Fire" was the "Yin Fish Eyes" ... This kind of flame not only contained the power of five elements; it also contained the mystical change of yin and yang.

"Perhaps this kind of flame now can be called a 'Great Ultimate Spiritual Fire'."

Tang Huan thought for a while, "However, after the Five Elements Spiritual Fires transformed into the Great Ultimate Spiritual Fire, it did not seem to have reached the end of its evolution. The 'Great Ultimate Spiritual Fire' should still be able to evolve once again, and right now, it should only be in its initial form after the evolution of the 'Great Ultimate Spiritual Fire'."

With that thought, Tang Huan no longer bothered with it, instead, a mysterious feeling surged out from the depths of his soul.

At this time, Tang Huan finally realised that the True Spirit inside the Dantian no longer had its usual bright and colorful colors, but had turned into a hazy ball of mist instead. However, not only did the transformed True Spirit not make Tang Huan feel that something was wrong, it instead made him feel an unprecedented strength.

Inside the True Spirit, the Genuine Qi seemed to be endlessly growing.

"Huh?"

Tang Huan was ecstatic, but immediately after, his heart was moved, and an invisible chains appeared exceptionally clearly inside the True Spirit. The change in the True Spirit caused by the fusion of the five great Spiritual Fire actually caused Tang Huan to immediately touch the barrier of the Rank Four True Spirit.

"Attack the Rank Five True Spirit!"

Tang Huan made his decision without hesitation.

However, this time, Tang Huan did not use the few remaining "Initial Spirit Heavenly Crystal", but instead began to refine the energy stored within the "Nine Yang Divine Furnace", the power that originated from the "Bloodline Initial Marrow". Back then, when Xiao Budian transformed into a ten-winged Blue Dragon, in order to help him overcome his difficulties, Tang Huan absorbed a huge amount of energy. That power had been stored within the "Nine Yang Divine Furnace" all this time, and it was now being used.

In the span of a few mind instructs (in a second), the cauldron and the True Spirit had already been rapidly circulating, and the energy within the cauldron continuously transformed into the Genuine Qi.

As time slowly passed, Tang Huan's Genuine Qi was actually increasing at an astonishing speed. In less than an hour, the Genuine Qi had reached its limit. Tang Huan did not stop for a moment, and immediately activated all of the Genuine Qi in his body to attack the invisible chains s ...

## Chapter 823 - Rank Six True Spirit

In just a moment's time, the invisible chains had already dissipated with a loud bang, and a powerful aura rippled out, sweeping in all directions while at the same time starting to surge crazily.

"Rank Five True Spirit!"

Tang Huan laughed in his heart and continued to refine the power in the cauldron.

Not long after, the aura seemed to have stopped rising. Tang Huan took a deep breath and opened his eyes, revealing a look of satisfaction. But in the next moment, Tang Huan was stunned, he could clearly feel the existence of another layer of invisible chains from the True Spirit.

"What's going on?"

Tang Huan slightly raised his brows, as astonishment surfaced on his face.

Generally speaking, a True Spirit Level Cultivators would need to reach the limit of a certain realm before they could sense the existence of that layer of invisible chains. Tang Huan had just stepped into the Rank Five True Spirit, and the invisible chains that represented the limits of his cultivation actually appeared again?

This was extremely unbelievable!

But, thinking about it, Tang Huan understood what was going on. The five great Spiritual Fire had merged into one, and the True Spirit had undergone a bizarre change. It was equivalent to rapidly raising Tang Huan's cultivation realm. After the fusion of the Spiritual Fire, although Tang Huan's cultivation had stagnated, the obstacle to cultivation was no longer present.

It was because of this that Tang Huan was able to continuously feel the existence of the invisible chains, and it was also because of this that Tang Huan was able to easily upgrade from the Rank Four True Spirit to the Rank Five True Spirit.

Now that the invisible chains had appeared again, Tang Huan could still step into the Rank Six True Spirit realm in one go. However, after breaking through to the Rank Six True Spirit, would he still be able to feel the invisible chains again?

While thinking, Tang Huan activated the "Great Harmony Heavenly Classics" again.

The power in the cauldron was constantly being refined, and the Genuine Qi in Tang Huan's body was quickly being refined. Roughly an hour later, he had already reached the limit of the Rank Five True Spirit. In between Tang Huan's mind instructs (in a second), the boundless Genuine Qi was like a surging wave, roaring crazily towards the layer of invisible chains.

After holding on for a short while, the layer of shackles shattered and disappeared without a trace

...

... ..

"Hu!"

The domineering aura that was rising rapidly once again covered an area of several hundred meters.

One figure after another appeared in the surrounding courtyard. In the blink of an eye, dozens of Clan Guardians gathered outside of No.643 Courtyard.

At this moment, almost everyone had a bewildered expression.

More than an hour ago, when they sensed the powerful aura fluctuation, no one paid much attention to it.

With the astounding cultivation speed that Tang Huan displayed after joining the Tiger Clan, it was normal for his cultivation to have a breakthrough after spending so many days in there. On the other hand, if his cultivation didn't progress in a long time, it would be even more surprising.

As a result, after the initial sighs and admiration, the people in the surroundings quickly regained their calm.

However, they never would have thought that after such a short amount of time had passed, the aura unique to cultivation breakthroughs would appear once again. Compared to the last time, the energy fluctuations this time were even more intense. What was even more unbelievable was that the source of the energy fluctuations was actually from the No.643 Courtyard s.

Doesn't this mean that Tang Huan, who had just stepped into the Rank Five True Spirit, had broken through to the Rank Six True Spirit again?

"Everyone, it's really the Rank Six True Spirit! In less than two hours, Tang Huan directly rose from the Rank Four True Spirit to the Rank Six True Spirit? "

"Just what kind of technique is Tang Huan training in that is so magical?"

"Could it be that Tang Huan obtained some kind of treasure from the Firing Dragon Mountain Range? Otherwise, how could he have broken through his cultivation level twice in such a short period of time?"

"Could it be ...?" 'Bloodline Initial Marrow'? "

"How is this possible!?" Tang Huan did not have a Four Great Clans or some other similar bloodline, so using the Bloodline Initial Marrow would be harmful! Oh, right, where do you think Tang Huan would put all those 'Bloodline Initial Marrow'? Didn't Ying Hu and Lin Changdong say that all the 'Bloodline Initial Marrow' were stolen by Tang Huan? "

"Do you really believe what they say? Ying Hu and Lin Changdong said that Tang Huan had entered the 'Firing Dragon Desperate Domain', but he is not here safe and sound. "

"..."

Everyone's minds were in shock as they cried out one after another.

Following the soaring aura and everyone's strange movements, more and more Clan Guardians were alarmed and gathered outside of the No.643 Courtyard.

... ..

"Rank Six True Spirit!"

In the No.643 Courtyard, Tang Huan sensed the Qi the moment it stopped growing, but very quickly, he opened his eyes in disappointment.

None of the new invisible chains appeared.

"Seems like I'll have to stop at Rank Six True Spirit this time."

Tang Huan shook his head regretfully, then couldn't help but laugh out loud involuntarily. It was already a miracle, to be able to break through from the Rank Four True Spirit to the Rank Six True Spirit in such a short period of time, but to think that he would be able to break through to the Rank Seven True Spirit once again, he was indeed a little greedy.

In between the mind instructs (in a second), Tang Huan had already calmed his mind. There was still a small portion of the accumulated energy in the cauldron, which was just enough to consolidate his cultivation.

High up in the sky, the red sun was rising and setting in the west, and the curtain of night was quietly descending.

The gathered cultivators outside the courtyard had all dispersed, but the news of Tang Huan's continuous cultivation breakthroughs had already spread out, countless cultivators in Tiger Clan were extremely shocked.

Inside the courtyard bedroom, Tang Huan quietly woke up from her cultivation.

With a thought, "Yin and Yang Void Method: Heavenly Invisibility" was unleashed. In Tang Huan's eyes, a black and white vortex quickly revolved around him, and in the blink of an eye, his entire body had completely merged into the void.

"So fast!"

Tang Huan was pleasantly surprised. After the True Spirit transformed, the speed at which her cultivation increased by leaps and bounds, the speed at which she used this ability increased even more. Back then, when Tang Huan had just comprehended this sacred art, he could only maintain it for half an hour. But now, after Tang Huan silently calculated, he felt that he could maintain it for half an hour, which was four times more than before.

The reason why there was such a huge increase was mainly because of the fusion of the five great Spiritual Fire s as well as the transformation of the True Spirit. Under normal circumstances, even if Tang Huan's cultivation had increased to Rank Seven True Spirit, the duration of the ability might not have doubled.

Half an hour of time, if he were to use all his strength to run, it would be enough for Tang Huan to travel a long distance.

While thinking, Tang Huan had dashed out of the courtyard as though he was flying. Inside the Wind God Valley, it was completely silent. On the road, there were very few Clan Guardians walking about. After Tang Huan left the valley, he turned and flew up towards the top of Tiger Vigour Summit. But the higher he went, the more Tang Huan felt that something was amiss with the atmosphere.

At this moment, the entire Tiger Vigour Summit seemed to be enveloped by a strong killing intent.

Along the way, Tang Huan only met a few cultivators who were acting in a hurry, but all of their expressions were heavy. This made Tang Huan unable to suppress the suspicion in his heart, could it be that the Tiger Clan had already started a war with the Eagle Clan or the Cloud Desolate City?

## Chapter 824 - Ceaseless Domain Boundary

In front of the Tiger Divine Palace, the wide field was brightly lit, and cultivators were gathering.

Tang Huan did not stop his horses. After arriving, he realized that most of the Tiger Clan's experts were gathered there. Very easily, Tang Huan found Chen You, Li Tian'en, Hu Kai, Qin Xiu, Qin Xiu and many other familiar figures among the crowd.

Everyone's eyes were focused on the Tiger Vigour Summit's summit at a higher point. They all wore anxious expressions and did not say a word.

peaks s Hu Lie and Hu Xiao were also present. However, there were not only experts from Tiger Clan present. In front of Hu Lie and the rest, there were sixteen other figures standing, and Eagle Clan was actually among them.

The two sides faced each other with a distance of over ten meters between them, both looking extremely excited, as if they were about to start a war of words. Strangely, however, not a single sound could be heard.

"Whoosh!" Tang Huan slightly moved his feet, his figure suddenly appearing beside Chen You.

"Tang Huan!"

Chen You was pleasantly surprised, Li Tian'en, Hu Kai and the rest were also excited, they knew that Tang Huan's cultivation had directly risen from Rank Four True Spirit to Rank Six True Spirit today, they thought that he would continue to wholeheartedly train in Wind God Valley, and did not expect to come here.

"Why did those fellows from Eagle Clan come to Tiger Vigour Summit?" Tang Huan frowned.

"Lord originally planned to join hands with Dragon Clan and Snake Clan to teach them a lesson, then start a war against Cloud Desolate City." Lord originally planned to join hands with Dragon Clan and Snake Clan to teach them a lesson, then start a war against Cloud Desolate City.

Hu Kai clenched his fists tightly, his face was filled with anger, "Lord had gathered the clan's strong warriors to fight, but in the end, an old man among them actually used some kind of method to trap all of them. That place, none of us can go there now."

"The Eagle Clan and the Cloud Desolate City are planning to capture all of our Tiger Clan's Rankers in one fell swoop!"

Li Tian'en's face darkened.

It was only then that Tang Huan realized that the entire peak of the Tiger Vigour Summit had been covered by an almost invisible round cover. Inside the round cover, there were only eight Tiger Clan s, but there were sixteen Eagle Clan s and three Cloud Desolate City s. This was twice the number of Tiger Clan s and it could be said that they held an overwhelming advantage in terms of numbers.

Although they could not determine the strength of every Eagle Clan and Cloud Desolate City Cultivator inside, but since they dared to intrude into this place, there was definitely no one who was weak.

The invisible round cover isolated the sound from the peak of the mountain, isolated all the auras from the peak of the mountain, and the most terrifying thing was that the round cover was probably indestructible. Not only were Hu Lie and the rest unable to escape, it was difficult for the numerous Tiger Clans outside to rush in to lend a helping hand.

In that situation, if Ying Feichen and the rest attacked together, Hu Lie and the rest would be completely annihilated.

Without Hu Lie and the other Rankers whose cultivation had already surpassed the True Spirit Level, it would not be difficult for the Eagle Clan and the Cloud Desolate City to destroy the Tiger Clan.

Tiger Clan had already encountered a great crisis!

Under the cover of nesting, how could there be a perfect egg?

If the Tiger Clan was destroyed, the balance of power within the Firing Dragon Mountain Range would immediately be broken and the western region would fall into constant turmoil. A small village like the Chen Village would no longer be able to maintain its former tranquility.

"Do we just have to watch idly by the side?"

Tang Huan's brows knitted even tighter.

Although Hu Lie, Ying Feichen and the rest had not made their move yet, looking at their current expressions, the situation of the peaks might change at any time.

"We can't think of anything right now."

A helpless voice cut in, but it was Hu Ben who came over when he noticed Tang Huan, and his expression was rather ugly, "I once heard the commander divulging that the experts of Dragon Clan and Snake Clan will arrive at Wind Howling City at the latest tomorrow. If only Eagle Clan and the others had come a little later! "

"The timing of their choice is too good!"

Li Tian'en could not help but let out a bitter sigh, "Even if the strong from the Dragon Clan and the strong from the Snake Clan come, it would be useless, they ..."

"Eh? Look! "

Chen You's voice suddenly came out.

Tang Huan, Hu Kai, Hu Ben and the others followed the direction of Chen You's gaze. More than a dozen figures seemed to be flying over from the flight of stairs that extended from the bottom of the mountain.

The person at the very front was dressed in a red robe that looked like fire and had a beautiful body. He looked to be about eighteen or nineteen years old, and was Lord Qian Yu. Amongst the people following behind Qian Yu, many of them looked familiar, they were the Snake Clan Warriors that had appeared before when they were fighting over the Gem Vein.

"Lord Qian Yu!"

In front of the Tiger Divine Palace, the place was bustling with noise and excitement. Everyone was pleasantly surprised, and a few elders immediately went forward to greet them.

Although Li Tian'en and the rest did not think that Qian Yu and the others could break the Invisible round cover that was trapping the Tiger Clan Ranker, they still felt an uncontrollable sense of anticipation. On the peak of the mountain, Ying Feichen and the others had clearly discovered the arrival of Qian Yu and the others, but they seemed to not be the least bit worried.

On the left side of Tiger Divine Palace, there was a twenty to thirty meter long stone path that led straight to the peak of the mountain.

After a flick of a finger, Qian Yu and the rest followed the Tiger Clan elders and arrived in front of the stone steps. But in the next moment, Qian Yu's face changed greatly as he blurted out: "Ceaseless Domain Boundary!"

"At least I have some experience!"

The one who spoke was a short, skinny, unremarkable old man in a black robe, "Qian Yu, immediately retreat. My Cloud Desolate City can let you off, if not, you will be the ones after Tiger Clan."

"What big words you have there!"

Qian Yu's face darkened and laughed coldly, "Yun Su, do you really think that your 'Ceaseless Domain Boundary' is indestructible and that no one in this world can break it?"

"There are countless people in the world that can break through my 'Ceaseless Domain Boundary', but there is definitely not a single person in this Tiger Vigour Summit!" "Qian Yu, the life and death of Snake Clan is entirely up to you. If you continue to be stubborn, later on, don't blame this old man for being ruthless."

"You ..."

Qian Yu was furious hearing this, the Snake Clan Rankers behind him also had furious expressions, but within the invisible round cover on the summit, the voices had already stopped. With a wave of Yun Su's hand, the Cloud Desolate City and the dozens of Eagle Clan Rankers simultaneously pounced towards Hu Lie and the others.

At the sight of this scene, the cries of alarm that sounded out in front of the Tiger Divine Palace instantly filled the air, and the hearts of almost all the cultivators of Tiger Clan hung at their throats. Yun Su was the Cloud Desolate City's City Lord, so his strength was most likely above Hu Lie's. If Yun Su, Ying Feichen and the others worked together, the eight of them would definitely not be able to hold on for long.

Qian Yu frowned, her extremely beautiful face had a gloomy expression, could it be that the destruction of the Tiger Clan today was already a foregone conclusion?

Chapter 825 - The Power of the Spiritual Fire

"Lord Qian Yu, then how can we break through this' Ceaseless Domain Boundary'?"

A slightly anxious voice entered his ears, Qian Yu turned to look, and Tang Huan's handsome face immediately appeared before his eyes.

Qian Yu laughed bitterly: "The 'Ceaseless Domain Boundary' that Yun Su activates is formed from the power of his five elements;, and because it contains five incomparably balanced types of energy, it is extremely stable, but if it could disrupt the balance of the five powers, the 'Ceaseless Domain

Boundary' would immediately collapse. Furthermore, there is another way to break through 'Ceaseless Domain Boundary', and that is to have a cultivation and strength that far surpasses Yun Su's. "

"The power of five elements;?"

Tang Huan's heart moved, within the time of mind instructs (in a second), both the "Nine Yang Divine Furnace" and the "True Spirit" started to swiftly circulate, and the Perception Ability was instantly displayed to its fullest. Because he had only been here for a short while, Tang Huan did not have the time to investigate the invisible round cover.

"If you want to break through 'Ceaseless Domain Boundary', having more people is completely useless. Only these two methods will work."

Qian Yu said helplessly, "But no matter what method it is, right now, there is no one that can implement it. Once the balance of five elements; is formed, destroying it is easier said than done. Furthermore, there are a lot of cultivators whose strength far surpasses Yun Su's, but none of them are in this Tiger Vigour Summit right now. "

Hearing Qian Yu's words, the surrounding Tiger Clan people all remained silent, their faces turning ugly.

"Whoosh!" Tang Huan's eyes flickered, suddenly he looked like a black ray of light, following the stone steps and heading straight for peaks.

"Tang Huan!" Brother Tang Huan! " Seeing that, Chen You, Li Tian'en and the rest were all shocked.

"Little Brother Tang Huan..."

Qian Yu was also shocked, she subconsciously wanted to call Tang Huan over, but as soon as she said it, she was stunned, her heart skipped a beat, and she suddenly thought back to that day in the Dragon Ascending River, when Ying Feichen had bet with Hu Lie on the Divine Level Stone, Tang Huan had once said that he was cultivating the way of five elements;.

Although cultivating the way of five elements; wasn't necessarily enough to disrupt the balance in the five elements; of "Ceaseless Domain Boundary", how would he know if he didn't try?

What if Tang Huan really had a way?

A glimmer of hope flashed in the depths of Qian Yu's beautiful eyes. With a wave of her hand, she followed Tang Huan and shot towards the summit. Seeing that, all the surrounding Snake Clan rankers subconsciously followed along.

Inside peaks, inside the Ceaseless Domain Boundary, a one-sided battle was already taking place. Hu Lie and his group of eight were already completely suppressed by Yun Su and his group, making it extremely dangerous for them.

Seeing the movements of Tang Huan, Qian Yu and the rest, who had not used Great Image yet, Ying Feichen's face changed, as though he was saying something to Yun Su. Soon after, Yun Su looked over to Tang Huan, but after taking a glance, his gaze landed on the golden tiger that Hu Lie had transformed into, as if he did not care about it.

In a split-second, Tang Huan was extremely close to the invisible round cover as he slowly pressed his right palm down. At this time, Tang Huan's palm did not contain any Genuine Qi.

"Hu!"

In the instant it was almost touching the round cover, the void started to ripple and Tang Huan's palm slid off.

In that moment, Tang Huan finally understood why Qian Yu said that there was no use in numbers. This "Ceaseless Domain Boundary" was condensed out of the power of five elements; and was fused into the void.

When there was not enough strength to crush "Ceaseless Domain Boundary", it could only be as Qian Yu had said, the balance of the five elements; could be destroyed.

After a short moment, Tang Huan pressed down with his right palm once again.

This time, a large ball of bizarre flames roared out from Tang Huan's palm the instant before his palm made contact with the formless round cover. This flame contained five different types of Spiritual Fire powers, but they perfectly merged together and flowed in a miraculous rhythm.

This was the "Great Ultimate Spiritual Fire" that Tang Huan had just formed!

The moment she saw this ball of flame, Qian Yu was stunned. Inside the flame, not to mention the five colors flowing around, she could even feel the sharpness of metal, the vitality of wood, the gentleness of water, the violence of fire, and the heaviness of earth. What was even stranger was that these five types of firepower were still constantly changing.

Moreover, within the changes in the flames, there seemed to be a trace of the meaning of a great Dao.

"What kind of flame is this?"

Although the feelings of the rest of the Snake Clan Warriors were not as clear as hers, between their brows, they revealed a hint of astonishment that was hard to hide. As for the rest of the people in the Tiger Divine Palace, they only saw a flash of fire as Tang Huan's hand was already pressed onto the invisible round cover.

"Hu!"

The instant he touched it, "Ceaseless Domain Boundary" moved once again, but that ripple like ripple had already disappeared the instant it touched the "Great Ultimate Spiritual Fire." Tang Huan's right palm firmly landed atop the invisible round cover as the flames in his palm quickly circulated, and instantly seeped into the round cover.

In the next moment, an image that shocked everyone appeared. The flame in Tang Huan's palm started to rapidly spread, and the invisible round cover actually started to burn!

Within the round cover, Yun Su immediately sensed something. His expression changed drastically as his eyes revealed a look of disbelief.

"This brat deserves to die!"

Astonished and furious roars came out from the round cover and resounded through the sky. Yun Su had actually given up on Hu Lie's Giant Tiger Great Image and pounced towards Tang Huan.

"Quick, retreat!"

Qian Yu's expression changed, and she shouted.

Tang Huan did not hesitate at all, and almost at the same instant Qian Yu finished speaking, his body had already retreated backwards explosively. Qian Yu and a few other Snake Clan Rankers also rushed forward and stood in between Tang Huan and Yun Su. One after another, huge snake silhouettes soared into the sky.

"Hu!"

Tang Huan floated down onto the stone stairs tens of metres away.

However, even though he had retreated, the "Great Ultimate Spiritual Fire" that had permeated into the round cover did not disappear. Instead, it continued to expand and expand at an astonishing speed.

The originally transparent, invisible round cover began to reveal its white, green, black, red and yellow colors. Threads of rainbow aura criss-crossed like a spider web as the condensed round cover began to violently tremble.

"Bam!"

In less than the time of a breath, the round cover that had turned from transparent to mixed in five colors exploded with a loud bang, scattering bits and pieces of it into the air. The "Great Ultimate Spiritual Fire" that had fused with the round cover also melted into nothingness, revealing everything that was originally isolated by the "Ceaseless Domain Boundary".

On the peak of the mountain, Strength Qi raged, and angry roars and sounds of collisions rose and fell one after another. Streams of incomparably powerful aura fluctuations swept out in all directions. The area within a hundred meter radius around Nie Tian was enveloped by an incomparably fierce storm. The air was distorted, and seemed like it was about to break apart.

"Hua!"

After a moment of shock, many cultivators of the Tiger Clan were extremely excited as their earth-shaking roars resounded through the nine heavens.

## Chapter 826 - Triple Yuan Realm

The 'Ceaseless Domain Boundary' no longer existed, so Qian Yu and the rest of the Rankers immediately joined in. The pressure on the eight of them decreased greatly. Although Yun Su, Ying Feichen and the other Cloud Desolate City Rankers had the upper hand, the situation of the peaks had undergone a tremendous change.

In front of the Tiger Divine Palace,, Hu Kai and other Tiger Clan s of the True Spirit Level had already gathered together. They were divided into several small teams, and each team had at least several tens of people, yet they were all as one.

"Soul Gathering Great Image?"

Tang Huan had already quietly retreated to the front of the hall. Seeing the actions of Hu Ben and the others, a thought immediately flashed through his mind. Those "Dark Wind Demonic Wolf"

deep in the Firing Dragon Mountain Range, under training, were able to unleash a method like "Soul Gathering Great Image".

"Roar!" "Roar ..."

Amidst earth-shaking roars, a giant tiger with an incomparably large build rose up one after another. Hu Ben and the others had actually all merged into the giant tiger, and pounced towards the summit of Tiger Vigour Summit.

This was the true "Soul Gathering Great Image"!

Tang Huan's heart moved. Compared to Hu Ben and the others' methods, the "Dark Wind Demonic Wolf" they were using was a weaker version of the "Soul Gathering Great Image."

If it was a one on one fight, Hu Ben and the others would be fighting to their deaths, but after dozens of people fought together using the "Soul Gathering Great Image", each of the Great Image's explosive strength was no weaker than that of the Clan Guardian Commander. Although it could not threaten strong people like Yun Su and Yun Su, it had the effect of restraining them.

After they joined, the two sides were almost evenly matched.

The battle became more and more intense, spreading out from the peak of the mountain. The numerous Tiger Clan cultivators gathered in front of the Tiger Divine Palace also spread out, in order to avoid being caught in the crossfire.

"Chi!"

With an ear-piercing sound of air being torn apart, Yun Su swung his long blade. The black blade light was like a gigantic waterfall, howling towards the giant golden tiger that had fallen into the Tiger Divine Palace.

Wherever the blade's light passed, the incomparably sharp Strength Qi suddenly raged, as though it had cut open the void. Under the glint of the blade, a long and narrow crack immediately poured down from the peak of the mountain, as if it was as dry as rotten weeds. In a split-second, the front part of the crack arrived behind Tiger Divine Palace.

"Roar!"

The roar pierced through the gold rock and shook the night sky, the golden tiger stepped forward and rushed into the sky with its fangs bared and claws brandishing, inside its mouth, Hu Lie's unusually muscular body shot out, the gigantic sword in his hand slashed down onto the black blade beam, the Sword Qi was like a tide, its power and might was overflowing.

Behind the huge tiger, the Tiger Divine Palace collapsed with a loud bang. Smoke and dust billowed up, filling the air.

The blade beams and sword qi instantly shattered, the Strength Qi stirred crazily, following that, the gigantic sword in Hu Lie's hand and Yun Su's long blade fiercely clashed.

Amidst the sounds that even his eardrums seemed to have been pierced, Hu Lie's body retreated backwards, and once again fused with the Great Image, causing the huge golden tiger to fall onto the floor of the hall, which was already empty. Countless dust and sand surged up from all directions, and a gigantic pit appeared.

Yun Su pounced towards Hu Lie once again, but right when he moved his body, a gigantic fiery red snake appeared at his side, its tail sweeping out horizontally, which was precisely the Great Image that Qian Yu had transformed into.

An instant later, another explosive sound resounded through the sky.

Tang Huan, who was watching the battle from several hundred meters away, as well as and the others around him, were all extremely shocked in their hearts.

At the summit, the warriors from both sides were fighting and killing each other. In the dozen or so battles, especially the battle between Yun Su, Hu Lie and Qian Yu, the situation was the most intense. The Lord of Cloud Desolate City was truly worthy of being the strongest person here. Only Hu Lie and Qian Yu, the two Lord's working together, could withstand his attack.

"Above the True Spirit, there are three realms. The three realms are the Essence Condensation, the Sky Origin, and the Earth Essence realms." Tang Huan thought for a while, "Lord Hu Lie, Lord Qian Yu and Ying Feichen should have reached the peak of the Essence Condensation Realm, and Yun Su's cultivation should have already reached the Sky Origin Stage. However, he just broke through not too long ago, if not, even if Hu Lie and Qian Yu, the two Lord s, joined hands, they might not be able to hold on ..."

"Yun Su, since you are here today, don't leave, save your life in Tiger Vigour Summit!" Hu Lie's wild laughter resounded throughout the world. That enormous tiger pounced down from dozens of meters in the air, and it was actually like a huge mountain had collapsed. Pang Shuo's body was swept up into a terrifying golden storm.

"Hiss!"

Above the messy Tiger Divine Palace ruins, the giant fiery red snake suddenly pounced forward. With its mouth wide open, it seemed to be able to swallow the entire area in front of it.

Seeing this scene, many of the Tiger Clan cultivators felt their hearts tremble.

"Hu Lie, Qian Yu, just the two of you?" The blade seemed to have been split into two as two gigantic black streaks whizzed out like a flood towards the giant golden tiger and the giant fiery snake respectively. Within a radius of dozens of meters, the streaks of light appeared to have been completely split by the sucking.

"What if you add this old man as well?"

Right at this moment, a vigorous voice suddenly resounded in the night sky, and a figure rushed down the stairs. In an instant, dozens of meters away, there was an old man dressed in a gold robe, his brows were white and his hair was white, and two sarcomas protruded from his forehead.

A few hundred meters behind the golden-robed elder, more than ten figures were leaping up.

"Long Xinquan?"

Yun Su's face changed, and immediately, a word came out of his mouth, "Retreat!" The note was like a thunderbolt, and at the instant it exploded, the entire Tiger Vigour Summit seemed to tremble violently.

As soon as the voice fell, within a circumference of a few hundred metres, giant eagles soared into the sky, almost every giant eagle brought along a Cloud Desolate City cultivator, while Yun Su also retreated quickly.

Dense black aura roared out from his body, and like a tornado, it coiled around his body. This bizarre method actually allowed Yun Su's speed to reach an extremely inconceivable level. When the giant golden tiger and giant fiery red snake shattered the two black beams of light and chased after them, Yun Su was already a hundred meters away.

"Tang Huan, be careful!"

In the next moment, the giant golden tiger seemed to have sensed something. At the same time that Hu Lie's roars sounded, a tall and sturdy figure appeared, his expression extremely ugly as his eyes filled with anxiety and anger. He suddenly realised, Yun Su was running towards the direction he was going.

"This is bad!"

On top of a huge boulder, Tang Huan's chest was thumping loudly, his heart was alarmed and he was already more than 100 meters away from the boulder. On the other side, Yun Su was dragging his blade backwards, the savage look in his eyes revealing itself, as if he was a ferocious beast from the ancient times that had escaped from its cage.

Ever since he had used the "Great Ultimate Spiritual Fire" to break Yun Su's "Ceaseless Domain Boundary", from the way he looked at him from time to time, Tang Huan knew, in the heart of this Cloud Desolate City's City Lord, the hatred he had towards him probably surpassed even towards Hu Lie, Qian Yu and the rest. After all, if not for him, Hu Lie and the other experts from Tiger Clan would have all been killed. Even Qian Yu and the other experts from Snake Clan would probably have suffered heavy casualties.

Yet his interference in the plan had completely foiled the plans of Cloud Desolate City and his son!

Chapter 827 - A Sigh!

Tang Huan was a Three Yuan Realm expert, he was currently here with the intent to kill. With Tang Huan's cultivation, he could not even defend against the Rank Six True Spirit, the best course of action was to avoid it. But that thought only flashed through his mind, and was immediately rejected by Tang Huan.

He could dodge, but Chen You, Li Tian'en and the rest couldn't. If Yun Su's attack failed, it was very possible that he would vent out his anger on them.

He couldn't dodge. Could it be that he could only use the dragon seal left behind by the flames?

That kind of life saving method was too powerful. Using it to deal with Yun Su was equivalent to killing a chicken with a blade. The most important thing was, he did not know if he could only activate the Dragon Seal once, or many times. If it was the latter, it was fine to use it now, but if it was the former, it would be too wasteful.

"Whoosh!"

Yun Su was as fast as lightning.

Just as Tang Huan was hesitating, the distance between him and Tang Huan was already less than twenty meters. The long saber behind him was raised high, and on the blade's body, the black aura churned.

The faces of Chen You, Li Tian'en and the rest immediately changed.

Although Yun Su's blade was pointed at him, Tang Huan, who was standing beside him, felt the same thing.

At this moment, everyone felt as if the surrounding space had been sealed, and all the sound of heaven and earth had disappeared. In their line of sight, they could not see anything else, only Yun Su's sinister face and the dark black long blade that was quickly approaching, causing them to feel like suffocating.

Tang Huan felt even more deeply. Even though there was still a certain distance between them, that extremely sharp will still cut him into pieces, and waves of tearing pain followed.

"If it's a waste, it's a waste. I can't care less!"

Tang Huan's expression immediately darkened, he cursed in his heart, but just as he was about to recklessly activate the fire dragon seal on his chest, a faint sigh suddenly sounded out. It was not a loud sound, but it seemed to echo out from deep within everyone's souls.

The moment the voice came out, Tang Huan, Chen You and the rest felt relaxed. The pressure brought by the blade instantly disappeared without a trace.

"Aooo!"

Immediately after, a mournful scream resonated through the air, Yun Su felt as though he had encountered an extremely terrifying incident, his face distorted and he gave up on Tang Huan who was just a hair's breadth away, flying down the mountain. When he turned around, he spat out a mouthful of blood.

Seeing that, Tang Huan was immediately stunned.

Not only him, even Chen You, Li Tian'en and the others who were by the side, and even more so the distant Long Xinquan, as well as Hu Lie and Qian Yu who had already revealed themselves, were also speechless.

The entire peak of Tiger Vigour Summit sank into a deathly silence.

Only after a long while did the sound of a new round of fighting echo out. Not all of the cultivators from Eagle Clan and Eagle Clan had escaped, as four people were being held up and unable to escape. After a short while, as the four were killed one after another, the battle finally came to an end.

However, even though this battle had ended, the effects of it had just begun to ferment ...

... ..

The night was dark.

Within the Wind God Valley, Tang Huan sat cross-legged. That sudden sigh seemed to still reverberate in his heart.

From start to finish, the owner of that sigh had not appeared, yet it had brought an incomparable shock to everyone present at that time. Amongst the many cultivators at the summit, including the three great realm experts such as Hu Lie, Qian Yu and the others, none of them saw how that person had acted.

In everyone's eyes, with that sigh, Yun Su fled in a sorry state, as if he was severely injured.

A Ranker that was able to resist the combined efforts of Hu Lie and Qian Yu, was actually defeated so easily, and was even scared to the point of fleeing?

"I never thought that the Tiger Clan would hide such a terrifying expert."

Tang Huan's brows furrowed in shock.

With such a powerful Ranker, even if Tang Huan didn't use "Great Ultimate Spiritual Fire" to break Yun Su's "Ceaseless Domain Boundary", Yun Su and the other cultivators from the Cloud Desolate City wouldn't be able to gain anything in the end! If Tang Huan did not make a move at that time, that person would probably have immediately moved.

However, what confused Tang Huan was that the mysterious ranker from Tiger Clan was actually helping him!

Tang Huan's talent was not bad, but she was still a cultivator of the Rank Six True Spirit, and to the Tiger Clan, she was not an indispensable character. If Hu Lie and the rest of the Rankers were to be killed, the Tiger Clan would not be able to escape. However, if he were to die by Yun Su's hands, it would not have much of an impact on the Tiger Clan.

From this point of view, there was no need for that mysterious powerhouse to make a move!

If Tang Huan was not mistaken, even the Tiger Clan, Hu Lie, did not know of his existence. From this, it could be seen how deeply he had hidden himself. But after he saved Tang Huan, even though he still did not reveal his whereabouts, all the cultivators present knew that Tiger Clan had him.

For him, this was already considered exposure.

"Is there something on me that he's interested in?"

Tang Huan couldn't help but think, whether it was the "Great Ultimate Spiritual Fire," the "Yin and Yang Void Method," or the dragon seal left behind by the flame, or ... A thought flashed through Tang Huan's mind, and he was immediately shocked. His condition when he was forging and synthesizing Divine Level Stone in the Tiger Crouching was something that could hide from everyone in the Tiger Clan, but not necessarily from the mysterious Ranker who was hiding somewhere in the Tiger Vigour Summit.

Could it be that the existence of the "Nine Yang Divine Furnace" had been exposed?

Tang Huan thought for a while, but immediately calmed himself down, even if he really was exposed, it would not matter, because no matter how strong that person was, it was impossible to snatch the 'Nine Yang Divine Furnace' away. Furthermore, although that person's strength was frightening, it should not be comparable to Yan Shi. If he wished to make a move, he could directly activate the dragon seal.

"Hmm?"

In the next moment, Tang Huan let out a light breath, and after that, he had a feeling and stood up. Not long later, Tang Huan's figure appeared outside the courtyard.

"Greetings, Lord Commander!" Seeing Hu Xiao who was about to knock, Tang Huan bowed slightly.

"Little Brother Tang Huan, you discovered me again."

A hint of helplessness flashed across Hu Xiao's grave and stern face, but his tone revealed a hint of fervor, and his heart was filled with countless emotions.

In just a few short months, Tang Huan's cultivation had risen from the Rank Two True Spirit to the Rank Six True Spirit. Furthermore, his contributions to the Tiger Clan seemed to have surpassed all the previous Clan Guardians's, especially tonight, where he could say that he had saved the entire Tiger Clan.

"Could it be that Lord wants to see me again?" Tang Huan could not help but smile.

"You're right." After Hu Xiao heard this, he nodded and smiled.

"..."

Chapter 828 - Tiger Clan Ancestor

"Little brother, it's not that I want to see you, but an elder of our Tiger Clan wants to see you."

Inside a hall at the waist of the Tiger Vigour Summit's peak, when Hu Lie saw Tang Huan, a red light shone out of his rough face, and excitement filled his brows.

"The elder of the Tiger Clan? "But tonight ..."

Seeing Hu Lie's expression, it was likely that he had contacted the mysterious Ranker who had sighed at the peak tonight.

"Exactly."

Without waiting for Tang Huan to finish speaking, Hu Lie nodded excitedly.

So it was like that! Tang Huan could not help but ask probingly: "Brother, do you know why that senior Tiger Clan is looking for me?"

"I don't know either, but it's probably not a bad thing." Hu Lie grinned, "Little brother, please follow me!" Saying that, he took the lead and left the hall.

The further they went, the more desolate it would become. After about half a quarter of an hour, Hu Lie brought Tang Huan to the front of a cliff where the trees were lush and the grass was overgrown, so much so that no one was around.

"Here it is."

Looking at the cliff that was densely covered with vines, Hu Lie actually had a touch of worship between his brows. After observing for a while, he pushed away the vines in front of him and started to feel around.

"Crack!"

After a while, the cliff wall had cracked open, revealing a round arched entrance that was several meters tall. The walls of the cave exploded into balls of white light, illuminating the passage as if it were day. Hu Lie nodded at Tang Huan and walked in with big strides.

Tang Huan took a light breath and followed along.

Not long later, the cave entrance closed.

Two figures, one in front and one behind, moved swiftly. Soon, they arrived at the end of the corridor. Tang Huan had probably already arrived at the center of Tiger Vigour Summit. Under his gaze, Hu Lie circulated the energy in his arms and forcefully pushed at the cave wall.

"Creak!"

Under the intense rubbing sounds, the stone door that sealed the passage was pushed open bit by bit.

Tang Huan looked over, inside was a small space with a radius of over ten metres, and inside this space, the white mist was churning violently. As if it had sensed the arrival of Tang Huan and her, the mist suddenly shrank as if it had a life of its own. In the time it took for a single breath or two, a figure had already been clearly revealed. It was a man in his forties in green robes. He was handsome, refined, and elegant.

"He's here!" middle-aged man in purple robe slowly opened his eyes, a smile surfacing on his face. His tone was warm, as though it was the spring breeze.

"Junior Disciples Hu Lie greets Ancestor." Hu Lie took a few steps forward and prostrated on the ground, her voice trembling with excitement.

"Junior Tang Huan greets senior, many thanks for saving my life!"

Tang Huan also cupped his hands and bowed, bowing deeply.

Although he did not know the purpose of this Tiger Clan Ranker, but in the end, he had helped Tang Huan before.

"No need to be so polite!"

middle-aged man in purple robe smiled and raised his hand.

Tang Huan felt a wave of power being generated in the air, making him unable to resist, he immediately straightened his body, and Hu Lie who was originally kneeling on the ground also involuntarily stood up.

"Little brother, please sit. Hu Lie, you sit. "

middle-aged man in purple robe smiled again. With a wave of his sleeve, two prayer mats floated over like flying cotton from a corner of this space, landing in front of him.

"Thank you, senior."

Tang Huan lightly cupped his hands, and then sat on the praying mat with his legs crossed, but Hu Lie was not as carefree as Tang Huan, even though he also sat down, he was extremely respectful.

middle-aged man in purple robe looked at Tang Huan, and said apologetically: "Little brother, this old man dares to ask Hu Lie to invite you here, I hope that you do not take offense to it."

"Senior is too polite."

Tang Huan might be surprised, but his expression did not change, and he smiled. "Tonight, it was Senior who helped this junior resolve the crisis, so this junior should come here to thank Senior."

"It's nothing, not worth mentioning."

middle-aged man in purple robe waved his hand and laughed, "If this old man is not wrong, then even if this old man did not intervene, little brother should have a way to deal with it."

Hearing this, Hu Lie looked at Tang Huan with surprise. What made him even more surprised was that Tang Huan only smiled noncommittally, as if he had tacitly agreed to what Tang Huan said. However, upon thinking about it, Hu Lie felt relieved, as Tang Huan was a Disciple, it was normal for him to have some kind of miraculous life-saving technique.

"Sure enough."

middle-aged man in purple robe clearly understood this point, and looked at Tang Huan with eyes full of praise, sighing with emotion, "If you want to say thanks, then we Tiger Clan should thank the little brother. If little brother did not break that 'Ceaseless Domain Boundary', the time of Tiger Clan's destruction would not be far. "

"Senior must be joking."

Tang Huan laughed involuntarily, "Senior is extremely powerful, with senior overseeing Tiger Vigour Summit, those fellows from Cloud Desolate City and Cloud Desolate City can be destroyed with a flick of their fingers."

Hearing Tang Huan's words, the middle-aged man in purple robe began to laugh bitterly: "Little brother, you think too highly of this old man, this old man does not have that kind of ability. This old man can use some tricks to injure Yun Su, but towards the 'Ceaseless Domain Boundary' that he activated, this old man is helpless. "

"How is this possible?"

Tang Huan could not help but be alarmed, seeing the middle-aged man in purple robe's expression, it did not seem to be fake, but this was too inconceivable. To be able to injure Cloud Desolate City Lord Yun Su from such a distance, who would believe it?

middle-aged man in purple robe sighed: "Little brother might not know, but this old man might look normal, but in reality, this old man is no different from an arrow at the end of its flight." Saying this, middle-aged man in purple robe's face was filled with a bitter expression, "Moreover, this old man can no longer take a step out of this place."

"Huh?"

Tang Huan and Hu Lie both exclaimed at the same time. Although the Tiger Clan ancestor seemed to be extremely powerful, he was actually strong on the outside, but weak on the inside.

Immediately after, Hu Lie had a face full of disbelief, and could not help but ask: "Ancestor, your strength is obviously extraordinary, why would you ..."

"Do you know how old this old man is?"

middle-aged man in purple robe could not help but laugh.

Tang Huan's heart skipped a beat. This Tiger Clan Patriarch looked to be around forty years old, but his true age was definitely more than that. He should be at least a few hundred years old. As he was thinking, Tang Huan couldn't help but look at Hu Lie. Tiger Clan was at a loss.

"In these tens of thousands of years, the two most famous people in our Tiger Clan are, one is the founder of our Tiger Clan bloodline, and the other is the Lord Lord Hu Si from two thousand years ago. The 'Yin and Yang Void Method' that little brother you obtained in the Tiger Might Hall is the one that Lord Hu Si left behind."

Just as Tang Huan and the others were feeling confused, middle-aged man in purple robe suddenly sighed: "I am the disciple of that Master Hu Si."

Chapter 829 - Intangible Buddha Jade

"What?"

Hu Lie was dumbstruck, Tang Huan also gasped.

That Hu Si Lord was a figure that had lived for two thousand years, he was Hu Si's disciple, didn't this mean that he was at least two thousand years old?

This ancestor of the Tiger Clan did not have the body of a volcanic molten lava, nor did he have the body of a master of the cave in his residual soul. Instead, he had flesh and blood. It was truly unimaginable that a person could survive for such a long time under such circumstances.

"Tiger ..." Patriarch Can ... Patriarch Hu Chan..."

Just then, Hu Lie seemed to have thought of something, and screamed uncontrollably, his sturdy body trembling uncontrollably.

"That's right, this old man is Hu Chan."

The middle-aged man in purple robe nodded his head, and then looked at Tang Huan, "Little brother, to be honest, this old man has a request for you."

"Senior, please speak!"

Tang Huan took a light breath and suppressed the shock in his chest, "As long as junior can do it, I will not refuse."

A hint of hope flashed across Hu Chan's eyes, and he quickly said: "Little brother, this old man wants to beg you to help me save my master."

"Senior's Master... Lord Hu Si? "

Tang Huan was shocked, he never thought that the help Hu Chan wanted him to help with was actually to save the Tiger Clan from two thousand years ago.

"Exactly."

Hu Chan nodded her head, "In the past two thousand years, other than the Lord, everyone in Tiger Clan thought that Master Hu Si had died, but the truth is that she did not die, but was sealed in another place."

"Back then, I tried to rescue Master but not only did I not succeed, I was instead severely injured. Over the past two thousand years, I have been trapped in this place and borrowed the strength of the 'Intangible Buddha Jade' to suppress my injuries.

"Intangible Buddha Jade?"

Tang Huan looked down and noticed something unusual underground.

The underground area of this space was very different from the ones outside. It was extremely transparent, and one could even see tens of meters deep into the ground. Wisps of white light were moving around underground like spiritual beings, creating a faint, enormous illusion.

From top to bottom, it looked like a buddha sitting in meditation, while Tang Huan, Hu Chan and Hu Chan seemed to be sitting on top of the buddha's head. Before, Tang Huan's attention was completely focused on Hu Chan, but now, after sensing it slightly, he could actually feel an extremely gentle aura.

In this place, not only was his flesh body abnormally comfortable, even his soul felt a sense of ascension.

Although this was the first time he had seen this "Intangible Buddha Jade", Tang Huan could feel that this was indeed a sacred healing item. It was just that he did not know what kind of injuries were present within Hu Chan's body, such that even this "Intangible Buddha Jade" could only be suppressed and not completely cured.

Suddenly, Tang Huan couldn't help but shake her head and say: "Senior Hu Chan, even you aren't able to save Lord Hu Si.

"Little brother, you don't know about this."

Hu Lie interrupted, "According to the information passed down from our Tiger Clan's two thousand year old Lord, other than you, no one else can save Master Hu Si."

"Why is that?" Tang Huan felt that this was a little unbelievable.

"Because only you were able to successfully learn a miraculous ability like the 'Yin and Yang Void Method'." Hu Lie gazed at Tang Huan and said slowly.

"'Yin and Yang Void Method' ..." Tang Huan was immediately stunned.

"Indeed."

Hu Chan revealed a slight smile, and said, "Little brother, you don't have to worry. With your current cultivation, it is indeed impossible to save Master. The place where Master was sealed, had to at least have the cultivation of a Virtual Level to be able to enter. Therefore, it would not be too late to save Master until little brother reaches Virtual Level. "

"Virtual Level..."

Tang Huan's heart stirred, as a few characters reflexively appeared, "Nine Revolutions, Heavenly Passages". The master of the cave's residual soul kept chanting these words.

"Little brother is now a Rank Six True Spirit."

Hu Chan squinted and smiled, "Above the True Spirit, there are three realms. Above the three realms, are the three tribulations, above the three tribulations, are the five transformations of the Profound Wonderland, and above the Profound Wonderland, there are the nine transformations."

"Three Trials, Three Tribulations, Mysterious Five Transformations, Nine Transformations ..."

His current cultivation was only at the Rank Six True Spirit level, and there was indeed a huge gap between his and that kind of realm. However, Tang Huan believed that one day, there would be a day when he would be able to stand at the peak of Forging God Great World.

"With little brother's talent, you should be able to enter the Virtual Level within fifty years."

Hu Chan looked at Tang Huan, and said while smiling, "By that time, little brother should have already comprehended the third transformation of 'Yin and Yang Void Method'. With this kind of ability in hand, to go to that place to rescue Master might not be an easy task, but it will not be too difficult."

"Senior Hu Chan, where exactly is the place that you spoke of?" was extremely curious as to why only the strong warriors of the Virtual Level could enter.

"Skypiercing Ancient Region!"

Hu Chan practically spat out these four words word by word, and then, his expression unconsciously turned more serious. "That is a secret realm connected to millions of worlds, and also the trial ground for millions of Void Transformation Realm cultivators. Almost all the Void Transformation Stage cultivators would enter the Heavenly Completion Ancient Region before they stepped onto the Heavenly Road. This little brother will definitely not be an exception. At that time, I can help Master along the way. "

Speaking to this point, Hu Chan said again, "Little brother, this old man will not have you help me either."

"..."

When Tang Huan and Hu Lie walked out of the cave channel, and returned to the cliff outside, the sky was already bright.

Seeing that the crack in front of them had gradually closed, their eyes were filled with an unconcealable sadness. The ancestor of the Tiger Clan who was called Hu Chan had already completely disappeared, and after living in the Tiger Vigour Summit's hinterland for two thousand years, his name had just become known to everyone.

"For the past tens of thousands of years, there have been three most famous people in our Tiger Clan. Other than the Ancestral Founder and Hu Si, the other two are none other than Ancestor Hu Chan."

After a long while, Hu Lie finally calmed himself down and said, "Ancestor Hu Chan does not have the bloodline of the Tiger Clan, he is the abandoned child adopted by the Lord, but his talent is astonishing, and at the age of thirty he entered the Third Elemental Realm, and at the age of sixty he entered the Nascent Profound Realm, breaking into the Virtual Level at the age of a hundred. If he wasn't heavily injured while trying to rescue the sealed Lord, he would have long ascended to the sky, becoming the second person to ascend to the heavens in our Tiger Clan."

"..."

Tang Huan also sighed, he knew more than Hu Lie about Hu Chan's situation. Even though Hu Chan had died, his soul and memories had not disappeared ...

#### Chapter 830 - Intangible Buddha

After receiving heavy injuries in the "Ancient Clear Heaven Region" two thousand years ago, Hu Chan had relied on the "Intangible Buddha Jade" to survive until now, and had reached the point where his oil lamp had run out.

The reason why he had persisted on not dying was because his master was still sealed.

But the fact that Tang Huan obtained the sacred art "Yin and Yang Void Method" allowed him to see the hope of his master being saved. Referring this matter to Tang Huan, Hu Chan had basically obtained relief.

Of course, if he didn't want to die, he did hold on for a bit longer, but it wouldn't be more than a year.

With his wish gone, and his obsession gone, Hu Chan did not continue to linger on the edge of his life. Instead, he gave Tang Huan a huge gift as repayment.

In these two thousand years, Hu Chan was trapped in the center of the Tiger Vigour Summit. While borrowing the "Intangible Buddha Jade" to suppress his injuries, he had also worked hard, trying to completely heal himself. Although he did not succeed, he had used the "Intangible Buddha Jade" to form a "Intangible Buddha".

When Tang Huan talked about the "Intangible Buddha Jade", the Buddha he saw underground was the "Intangible Buddha".

The "Intangible Buddha" was the product of Hu Chan absorbing the energy of the "Intangible Buddha Jade" and then condensing it with his own soul energy. The entire process took a whole one thousand and five hundred years, and if the "Intangible Buddha" and Hu Chan's soul were to connect, even if Hu Chan died, the "Intangible Buddha" would disappear into thin air.

Therefore, Hu Chan eventually gave the "Intangible Buddha" to Tang Huan.

The instant that "Intangible Buddha" fused with Tang Huan's soul, that piece of "Intangible Buddha Jade" that was embedded in the ground turned into fine powder. Hu Chan's soul had also been annihilated and his flesh body had turned into dust.

In Hu Chan's memories, especially the "Intangible Buddha," this could be said to be a great gift that would allow Tang Huan to enjoy it for his entire life.

If Tang Huan did not appear, or appeared, but did not obtain the "Yin and Yang Void Method", Hu Chan would break the shackles of the space in the middle of the Tiger Vigour Summit and walk out of the Firing Dragon Mountain Range to spread the news to the rest of the world.

At that time, the entire Forging God Great World would probably go crazy for him.

From this, it could be seen just how precious this "Intangible Buddha" was. Compared to the "Intangible Buddha", the other precious gift that Hu Chan had given him could only be considered as a bonus.

"Little brother, when are you planning to go to Yan Yang City?"

Hu Lie regained his senses from the endless sighing and lamenting, and looked at Tang Huan in the blink of an eye. The "Yan Yang City" was the Regional City of the Yan State, also the largest city of the Yan State. Compared to Yan Yang City, the residences of Wind Howling City s, Myriad Caves City s, and even Cloud Desolate City s were not even worth mentioning.

Because, at the same time, the Yan Yang City was also a sect encampment outside of Yan State.

"It won't be too late in a few months!" Tang Huan thought for a while, then said: "Brother, during this period of time, if there are any Divine Level Stone, feel free to send them to Tiger Crouching."

"Alright then, little brother, I'll have to trouble you for this period of time." Hu Lie was overjoyed.

"..."

Two figures quietly left. No one, other than Tang Huan and Hu Lie, knew about what happened in the center of Tiger Vigour Summit.

After a night had passed, the news of the change that happened last night had spread throughout the entire Wind Howling City, and the person that people were most interested in, other than Tang Huan who had broken through the "Ceaseless Domain Boundary", was the mysterious expert who injured Cloud Desolate City's Master, Yun Su and saved him from danger.

Wind Howling City, Tiger Vigour Summit, countless people were guessing the identity of the mysterious expert.

Some said that the mysterious Ranker was an elder of a certain Tiger Clan, and some also said that he was a strong cultivator passing by Wind Howling City. Some even suspected that the mysterious Ranker was related to Tang Huan, if not, why did he stay his hand out long ago, and chose to help Tang Huan when he was in danger.

Hence, all sorts of speculations about Tang Huan's identity and background began to spread.

However, the target of their guesses was still inside the Wind God Valley. Inside the bedroom, a figure was sitting cross-legged motionlessly, looking like a wooden statue made out of clay.

Unknowingly, five days had passed.

"The Four Great Clans actually came!"

When the first light of dawn appeared, Tang Huan seemed to have woken up from a dream, and surprise flashed in his eyes.

After he returned from the Tiger Vigour Summit, he started to absorb Hu Chan's memories. When fusing with the "Intangible Buddha," Tang Huan had extracted his memories, but they had not been completely absorbed. After all, Hu Chan was a Void Transformation Stage expert, and a figure who had lived for two thousand years at that. The amount of information in his memories was incomparably vast, and in a short period of time, it was impossible for him to convert all of those things into his own.

In the end, Tang Huan spent an entire five days before completely absorbing Hu Chan's memories.

In these five days, Tang Huan felt as if he had gone through all of his emotions, including his emotions, for two thousand years in the river of time.

In the past, Tang Huan's understanding of the Forging God Great World s were scattered and fragmented. But now, Tang Huan's understanding of the Forging God Great World s exceeded that of anyone, and even some of the Tiger Clan s' secrets, he might not even know of the Lord s, yet Tang Huan was clear of them.

For example, the history of the Four Great Clans.

The dragon, tiger, eagle and serpent Four Great Clans actually came from the four ancient sacred beasts. Among them, the ancestor of the Tiger Clan was a "Illusory Flaming Sacred Light Tiger". Countless years ago, Firing Dragon Mountain Range had many Holy Beasts. After fighting and killing each other for many years, there were only the "Illusory Flame Sacred Light Tiger" and the other two remaining.

The "Golden Radiance Holy Tiger" that Ying Hu and the others found died in the battle all those years ago. However, it was different from the other Holy Beasts who died, its corpse was still intact.

The "Illusory Flames Sacred Light Tiger" and the other four Holy Beasts were spread out across the entire Firing Dragon Mountain Range, but they were all subdued by a Flame Dragon that suddenly appeared. Tens of thousands of years ago, after the Four Sacred Beasts left their bloodlines behind, they ascended into the sky and left the Forging God Great World. However, the Flame Dragon stayed in the Firing Dragon Mountain Range.

That Flame Dragon was the Flame within the "Firing Dragon Desperate Domain"!

"Flame ..."

The image of the Pang Shuo dragon head condensed by the molten lava unconsciously flashed across Tang Huan's mind. He couldn't help but miss Xiao Budian who was still there, and he wondered how the little fellow was doing. After a long while, Tang Huan finally calmed himself down and focused back on the depths of his soul.

With just a thought, Tang Huan could feel the Buddha that was sitting cross-legged in the depths of his soul.

After completely absorbing all of Hu Chan's memories, Tang Huan's soul and that Buddha was even more compatible. Although Tang Huan was still unable to completely mobilize the power of this "Intangible Buddha," its existence allowed Tang Huan's soul to be so firm and stable, reaching an extremely inconceivable stage.

In the future, as his cultivation and soul grew stronger, he would definitely be able to use more and more of the power of the "Intangible Buddha" until it became his.

A hint of a confident smile surfaced on Tang Huan's face, and after which, he stood up and left the courtyard ...
