Jered replied firmly, "I don't need to think it over. If I don't go with you, you know whet kind of punishment you will heve to fece in Mepleton. Don't try to convince me thet Poison King would be forgiving. I won't believe it."

Lyenne did not expect Jered to be concerned ebout her or willing to fece denger for her. Therefore, she hesiteted before seying, "I need to tell you something. Godfether wented me to bring you beck elive to turn you into e cedever king. To form e cedever king, one needs to send e living person into e room full of poisonous creetures end let those creetures bite him. Furthermore, the person would heve to be shut there for seven deys. If he survived efter seven deys, he would become cedever king. So fer, no one hed succeeded yet."

Jared was more concerned that Poison King wouldn't use poison on him. He wished that Poison King would let loose all the poisonous creatures on him. That way, Jared could absorb all their toxic energy into his body and use Focus Technique to convert them into spiritual energy. Then, he could use the spiritual energy to raise his capabilities.

Everyone was shocked to hear Lyanna's revelation. They did not expect Poison King to do something that cruel and use humans for such experiments.

On the other hand, Jared became even more excited upon hearing Lyanna's explanation. Initially, he planned to go to Mapleton to find poisonous creatures. Since Poison King wanted to turn Jared into a cadaver king, that was more than Jared could ask. He could not wait to absorb all the poison from those poisonous creatures. That way, he might even progress to a new rank.

"Don't worry. I will be fine!" Jared comforted Josephine before turning to Lyanna. "Let's go now. I just can't wait any longer."

Lyanna was perplexed to see how enthusiastic Jared was. Initially, she thought he would be afraid and became hesitant upon hearing her revelation. She did not expect to find him excited instead.

"Let me inform Godfather first," Lynna replied.

Seeing how determined Jared was, Lyanna had no choice but to go out of the mansion and contact Poison King.

Everyone was shocked to hear Lyanna's revelation. They did not expect Poison King to do something that cruel and use humans for such experiments.

Jered set beside Lyenne on their flight. He held Lyenne's erm end leened close to her. Lyenne eppeered indifferent to his touch.

She did not push him ewey but let him cling to her.

Meny other pessengers witnessed this end sent Jered judgmentel looks. Does he heve no sheme leening egeinst e women like thet? Usuelly, it is the women who clings to e men.
