

War God 1021

Chapter 1021 - God Slaughtering Sword Formation

Basically, he could find quite a few of them in a day, or even a few dozen of them. The majority of the third grade Divine Beasts were not his match and Long Chen could easily succeed with them, but of course, because of the serious corpse Qi, all of the vicious beasts here had already become Ghost Beasts.

Compared to berserk beasts, Ghost Beasts had an additional fierceness. However, it was like a ghost, not afraid of death at all. As long as it was not completely dead, it would have the strength to counterattack. It was like a machine for battle.

"A thousand beast spirits have been collected." In this period of time, Long Chen was extremely tired, but luckily he still completed his mission in the end. In this dense forest, Long Chen reckoned that there were thousands of beasts of this level, and this was already a very terrifying number.

It had to be said that this was a place that even East Palace feared.

However, the ferocious beasts and the Ghost Beasts who had completely lost all their consciousness had been killed by Long Chen. In total, he had already killed a thousand of them, and amongst Long Chen's Great Void Realm, he had accumulated a large amount of spirit beast blood essence, which he refined to a very pure level. When using Blood Refinement Art, he no longer had to remove the impurities one by one, and it required him a lot of time to quickly recover.

This way, he would have a better chance of using the Crimson Sky Kingdom.

Although the Crimson Sky Kingdom was powerful, it burned a lot of money. Different from the Hell's Soul Summoning Lightning, it burned primordial spirit.

After the thousand beast spirits finished preparing, Long Chen left his current depth, found a quiet valley in the middle of the forest, and after cleaning it for a bit, he could use it as a training ground. He had long studied the God Slaughtering Sword Formation, so what he needed to do next was practice and use it.

"I need at least a thousand beast souls to form a formation array. The power of this God Slaughtering Sword Formation must be extremely terrifying." At this time, Long Chen was in the center of the formation as he sat cross-legged. He closed his eyes, and the golden sword spirit and the black sword

spirit hidden in his body quietly rose up from the top of his head, hovering above his head. The sword aura around him seemed to contain a mysterious aura that was difficult to comprehend.

"God Slaughtering!"

Closing his eyes tightly, Long Chen began to practice the incantation for the God Slaughtering Sword Formation. To him, this was an incantation that he had already familiarized himself with countless times, something that could easily be passed through his territory. In a short amount of time, Long Chen was able to create a blood-colored array formation below him.

This round, blood-red circle array gradually spread out to its surroundings. Every time it passed by the beast spirit that Long Chen had already placed, the sword-shaped symbols would coil around it. In the middle of the beast spirit, ferocious beasts roared loudly, causing the heaven and earth to shake.

Then, it spread out in other directions.

Roughly an hour later, the blood sword formation beneath Long Chen's seat had already spread out to a distance of over a thousand meters, fusing all of the beast souls into the blood colored formation. At this moment, inside the formation, over a thousand gigantic runes were roaring, giving off a strong mental pressure, and at the same time, sharp sword-shaped runes were piercing through, they were incomparably sharp.

The golden and black sword spirits emitted a resplendent glow as they split apart. Hundreds of millions of small golden swords and black swords formed a taiji pattern on the array formation. The golden and black sword spirits rotated gently as the sword energies of Yin and Yang fused into the God Slaughtering Sword Formation.

Even though it was a sixth grade Divine level offensive skill, Long Chen's comprehension ability was already extremely astonishing. After comprehending it for such a long time, it was finally completed in the end. Using the familiar incantation, Long Chen trained for a total of three days and three nights.

Under Long Chen's control, the God Slaughtering Sword Formation shrunk back to a circular sword formation with a diameter of ten meters. Inside the sword formation, there were over a thousand beast shaped symbols taking effect, and Long Chen's own understanding towards the way of the sword had also increased the power of the God Slaughtering Sword Formation by quite a bit.

This profound formation continued to spin under Long Chen's feet, looking calm and tranquil. However, under Long Chen's command, it was able to unleash the power of the sword formation. In coordination with Long Chen's sword force, it became a sure-kill effect.

"This God Slaughtering Sword Formation, no matter how strong you are, you will still have to face thousands upon thousands of my attacks at the same time!"

This type of sword formation could be considered a heaven opposing offensive skill, no wonder Ye Wushang could rely on the God Slaughtering Sword Formation and kill many people in his hands.

In Long Chen's hand, a blood-red sword qi condensed.

Instantly, the sword-shaped rune on top of the God Slaughtering Sword Formation seemed to have been summoned. Tens of thousands of blood-colored blades emerged from the God Slaughtering Sword Formation, turning it into a sea of flames.

"This is a sea of swords!"

With another order, an illusory giant beast crawled out of the sword formation. It was the eight-armed demon dragon. However, the current demon dragon was made up of tiny sword blades.

"This is a beast tide!"

Of course, Long Chen had not truly launched an attack, if they had, the ocean of swords would truly be a sea of swords, and amongst the beast tide, even though there were only a thousand, each one was incomparably huge in size. Under the shroud of the God Slaughtering Sword Formation, all the beasts charged out together, their Sword Qi surging, but it was not a problem.

"Finally, I have a killing technique that is even more powerful than the 'tribulation killing technique'." Recently, he had been engaged in battles against Vicious Beasts. It will be difficult to understand the way of the Divine Martial Stage. I will still need a period of time on the road of The First Stage of the Divine Martial Realm. "

Divine Martial Stage was not something that was easy to cultivate. What was different from Heaven Martial Stage was that every stage of Divine Martial Stage required a large amount of time and effort. Long Chen was still slowly trying to figure out the way of Divine Martial Stage.

It's a pity that I can't go back to the Nether Realm. With the killing move of the God Slaughtering Sword Formation, I can still enter the East Palace, go to the Western Region, and then cross over the Broken Star Sea! "Ling Chen:" "

His goal was incredibly firm.

Hope was right in front of him.

Just at this moment, Long Chen sensed that something was amiss.

"Has anyone come?"

Whether it was his spiritual sense or the Spirit Devouring Demon Pupil, both required sensing to know that Long Chen had been immersed in the joy and surprise of cultivating the God Slaughtering Sword Formation, so he didn't use his spiritual sense to carefully observe them. Right now, his eyes flashed with a trace of grey fog, and in his field of vision, everything around him turned into nothingness.

"Su Mo!" Long Chen shivered.

Su Mo, he actually caught up to his!

This point, completely exceeded Long Chen's expectations.

He did not flee, and a distance of a few hundred metres, for Su Mo, was covered in an instant. Very quickly, a man wearing a cape appeared in front of Long Chen, gently took off the cape on his head, smiled at Long Chen, and said slowly: "This forest of ghosts is really huge, even though I know you're here, I still spent almost a month of time to find you."

He looked behind Long Chen and continued, "Of course, if not for that Ghost Corpse Dragon, I could have expanded my range of consciousness to the maximum. That way, I would have been able to find you sooner."

Long Chen was definitely here to have a life and death battle, there was no suspense at all, but the current Long Chen, was no longer as afraid of him as he was in the past.

"I'm curious, how did you know I was here?" Long Chen asked.

Su Mo did not reply. He looked up and down with a smile on his face and said: "You have become stronger, but too bad you're still too inexperienced, if I were you, I wouldn't have saved you, I only know how to kill, and anyone who has seen my appearance, will have been killed."

Long Chen finally understood, it was that group of people that revealed his information. When he first came to the forest, he did not think too much into it, thinking that he had already escaped too far, the other party should not be able to catch him.

"You did remind me. It won't be easy to find me the next time." Long Chen said with a smile.

"Do you have a next time?" Su Mo laughed loudly.

The current him, with his blood escape, which was hundreds of miles away, even if Su Mo ran and broke his leg, he still wouldn't be able to catch up to him. But Long Chen didn't run, Su Mo was strong, strong to the point of breaking Long Chen's limit, but this kind of opponent, wasn't he a good opponent, a good target to try and practice the God Slaughtering Sword Formation?

"Run, I'll chase you from behind until you give me the Nameless Battle Technique and the Scarlet Sky Desolate Blood. This will be a very fun hunting game, and during this process, you'll feel despair. Long Chen, seriously, you're the person I want to kill the most in my life," Su Mo licked his lips and laughed perversely.

Truly, when he saw Long Chen, he realized that he was almost going crazy.

The feeling of tearing him to shreds made him feel numb and comfortable just thinking about it. It was much better than sleeping in a room.

"Nutjob."

Long Chen scolded as he gently stretched out his arm. On his left hand, a blood colored Divine Dragon tattoo was coiled, the sharp horn on his head reaching all the way to the tip of his index finger.

Chapter 1022 - martial will

After chasing after him for more than three months, they finally met Long Chen here. Ever since the appearance of this young man, the trajectory of his life had deviated greatly. Up till now, he no longer had anything. Even his clan had crumbled as well.

Of course, compared to the Ye Family, they were much better off. The people from the East Palace were much more vicious than they thought.

Seeing that Long Chen didn't seem to be worried at all, Su Mo could only say that he was too bold.

"Last time at the God Slayer Divine Palace, I lost to you in the God Slayer's Will. After that, you thought that I, who had Fourth Stage of the Divine Martial Realm and The Extreme Level of Martial Arts, was only capable of such a feat."

Seeing the disdain in Long Chen's eyes, Su Mo knew that Long Chen must be thinking the same thing.

The pain of losing an arm was something Su Mo felt the most, something he hated the most, more than anything else. Even today, although his arm had grown longer, it still could not completely recover.

The purple flames started to wrap around his entire body, and without the suppression by the God Killing Will, his primeval essence, which was more than a hundred times stronger than Long Chen's, circulated crazily in his body, bringing Long Chen with a huge pressure. Whether it was Su Tian or Su E, they were both of the same type, but just in terms of aura, Su Mo was countless of times more powerful than them.

Compared to Su Mo, Su Tian and the others were like children.

The purple flames on Su Mo's body, were like runes entwined around his body, and at that moment, his hair completely turned purple, as though it was being burned alive.

It wasn't that Long Chen wasn't afraid of him, it was just that he had the ability to escape with his blood. He wanted to see how strong this warrior at the peak of Fourth Stage of the Divine Martial Realm was.

"When I first arrived at the Ghost City one year ago, you were still an existence that I looked up to. At that time, I could not even compete with a single Chieftain, let alone you. Yet today, I have come to a stand-off with you here." Long Chen said with a tinge of emotion.

This could only mean that his rate of improvement was too fast.

Su Mo smiled sinisterly, and said: "Are you praising yourself? I have to say that you are a genius, the speed of your progress is beyond my expectations, and there is also one more thing that I still do not understand to this day, and that is why a mere The First Stage of the Divine Martial Realm is so powerful. However, I will understand very soon. "

He, who was born in the Su Family, had already inherited all of the Su Family's battle skills. As for the excavation of the Purple Fire Phoenix's bloodline, he had already reached the perfect state, so such an opponent was still a huge threat to Long Chen, who had already absorbed 10% of the ancestral dragon blood. Long Chen could only place his hopes on the Crimson Blood Heavenly Desolate and God Slaughtering Formation.

After all, Su Mo was Su Mo, the kind of genius who had cultivated for over a thousand years!

In the entire Nether Realm, Su Mo was famous for his strength. When Long Chen first came here, he could only be considered as a newborn calf.

At the very first moment, all of the trees in the enormous deep valley were incinerated by an invisible flame energy. Within a radius of more than a kilometer, a stretch of deathly gray colored land appeared empty, while Long Chen and Su Mo stood right in the middle of the land.

Long Chen could feel this heat.

Whoosh!

"Don't be afraid, I am only using the Nirvana Flames to create a decent battlefield, you still remember the time you fought against Su Xue, right? That kind of good stage, countless people applauded you, I think that was your most glorious time, and now, I will also gift you a battlefield."

"Madman." Long Chen could feel that this fellow had already lost his rationality. Everything that had happened recently had a huge impact on him.

"Show me your strongest strength. I'll give you ten breaths of time. After ten breaths of time, I'll attack." Su Mo suddenly stopped smiling and his expression became incomparably stern. He took a few steps back and beckoned with his hand towards Long Chen, meaning for Long Chen to attack him first.

"After ten breaths, I won't be polite with you. Let's see how long you can endure under my attacks, and now, I will let you attack as you wish, and let me see what your strongest attack is. Someone who can force me, Su Mo, to such a state with nothing left to do, you are the first Long Chen." Su Mo said coldly.

"He's the first and also the last." Long Chen understood him, and within these ten breaths of time, Long Chen was also a proud person. This was a contest, not a trampling, and at this moment, Long Chen's fingertip was slightly extended, and in his right hand, a dragon-shaped tattoo suddenly appeared, condensing into a blood-red longsword in his hand. The longsword was two meters long, but it was two fingers wide.

The sword's body was blood-red, like a pure blood jade pendant. However, it was incomparably sharp, and it faintly revealed a might that originated from an ancient, super overlord.

Every time he held the Crimson Sky Kingdom, Long Chen felt as if he was holding the Crimson Horn Demon Dragon, as if he was holding a divine dragon.

"So this is the Scarlet Blood Sky Desolate!" First, he frowned, then he was overjoyed.

"Even though I am not the Sword Fighter, with this Scarlet Sky Desolate Blood, along with the God Slaughtering Sword Formation and the nameless battle skill, I, Su Mo, will be far away from here. In that case, in a few years, I will become a new generation of god of death."

Whether it was the Scarlet Sky Desolate Blood or the nameless battle skill, all of them were legendary heaven-defying treasures.

An ancient aura of desolation instantly enveloped the surrounding. The Crimson Sky Kingdom's sword hung on his hand, as if it was hung entirely around Su Mo's neck.

"What you said allowed me ten breaths of time." When Long Chen finished speaking, the enormous sword force surrounding him had already finished brewing. At this moment, the sword qi in his eyes surged, and with a swing of the Scarlet Sky Desolate Blood, countless blood-red sword qi instantly surged.

"Billions of killing!"

In an instant, a hundred thousand blood colored sword qi rushed out, congealed into a large sphere of sword qi, and completely surrounded Su Mo. At the same time, under the effect of Long Chen's primordial spirit, the dignity of the dragon appeared once again in the Scarlet Blood Sky Desolate Domain. This was a kind of power similar to that of the martial will, when Long Chen unleashed this power, the will of the dragon had already surpassed that of Teng Long's.

Long Chen's sudden killing move, to Su Mo, was a huge accident. In that instant, he was completely struck by the attack, and billions of murderous intent rumbled and smashed into his body. Long Chen did not know what exactly it would cause, but he knew that it would be impossible to injure Su Mo that easily, so after hitting his opponent, he drew back and flew in retreat.

"Scarlet Blood Sky Desolate, I can't believe that I gave you the power of will," Su Mo's words sounded as if they were ringing right next to his ears. The billions of sword qi in front of him trembled quickly before exploding forth, causing the blood-red sword qi to dissipate and the purple flames to congeal into a purple phoenix that soared into the sky.

And Su Mo, with just a single punch, had completely destroyed Long Chen's previous attack.

"Ten breaths of time have already passed. It's my turn." Su Mo laughed loudly.

He did not immediately make a move, but instead sized up the Crimson Sky Kingdom in Long Chen's hands with passionate eyes, and said: "The issue of willpower has to do with the Divine Martial Spirit, you are only in the The First Stage of the Divine Martial Realm, to be able to display such a level of willpower. If I were to use this Scarlet Blood Sky Desolate, wouldn't I be able to release a might similar to the will of the world, a power that far surpasses the martial will?"

Su Mo single-handedly chasing after Long Chen was already putting everything behind him as he searched for a path to rebirth. Only the Scarlet Sky Desolate Blood and the nameless battle skill could bring about his rebirth.

He was lucky enough to find Long Chen.

"What a waste of time." Just now, Long Chen did not use all of his strength. Right now, he was already standing 300 meters away from Su Mo, with golden lightning flashing below his feet, he brought Long Chen's speed along with him. His eyes were ice-cold, and with a 'shua' sound, he rushed towards Su Mo.

"Dragon Slaying!"

"Sword Chaos Demons!"

These two moves were continuous. They were inferior to the trillions of killing moves from before, but the strength and lethality of these two attacks were far greater than before. After a blood-red waterfall, the crimson vortex of sword energy came crashing down.

"He actually dared to make a move. What happened to his last struggle before he died?" Su Mo laughed as his body suddenly transformed into a purple colored fire bird. With a speed that was much faster than Long Chen's, it flew towards Long Chen in mid air.

With a simple punch, a blazing gale rushed towards Long Chen. Su Mo punched Heaven Man Unity, merging the Heaven and Earth Emperor's spirit into his own fist force, forming a wave of domain power that completely scattered Long Chen's attack.

"This is just a little trick, it's fine to deal with Su Tian and the others, but to me ..." Although he initially had the power of the Dragon's Will, it was not mature for Long Chen to control such power.

"The real martial will is like this!"

With a flash of the Fire Bird's wings, Su Mo was like a giant bird of the Kun Peng, instantly breaking through Long Chen's attack and rushing in front of his eyes. In Long Chen's eyes, the current Su Mo seemed to have transformed into a super Martial God that could cover the sky and cover the earth.

Chapter 1023 - God Killing Sword Sea

In Long Chen's eyes, the current Su Mo was like an existence that had turned into a god. With a casual wave of his hand, it was as if the world had collapsed over.

Rumble rumble rumble!

"Is this the complete martial will?" This was a type of mysterious feeling. At this moment, Long Chen was opening the True Martial Emperor's Soul, and from his body, an incomparably profound feeling was

transmitted, causing Long Chen to be completely immersed in this feeling. Of course, this comprehension of the martial will, for the time being, was a little too early for him.

While absorbing the profound mystery, Long Chen transformed into a golden lightning. Although his speed was not as good as his opponent's, his agility was not inferior to his opponent's. In this narrow space, agility could actually play a more important role than speed.

"You've dodged quite quickly. It's the same as your cowardly nature. However, if you can hide for a while, will you be able to hide for a lifetime?" Su Mo's laughter came from all directions as he punched towards Long Chen with a fist that contained a martial will. Long Chen could only dodge as if his life depended on it, and every time he dodged, Su Mo's fist would hit the ground and cause the ground to tremble time and time again. A huge, charred, and huge pit appeared out of thin air, and black scorched earth filled the sky.

Under Su Mo's pursuit, Long Chen appeared to be in an exceptionally miserable state.

"If that's your level, then it's over." Su Mo laughed coldly, and moved like a shadow, Long Chen basically could not dodge him. Right at this moment, Su Mo suddenly accelerated, clenched his fist, and threw an earth-shattering punch at Long Chen!

He punched out with his fist, and purple flames formed into a tornado as it swept towards Long Chen, blocking off any place he could escape. This purple vortex was only a method to imprison Long Chen, and it was not a real fist art.

"For real?" Long Chen frowned, although he did not know what this punch was, it was at least a fourth grade Divine Level offensive skill. If he was struck by it, Long Chen's body would definitely be smashed to smithereens.

Su Mo was planning to kill Long Chen in one move.

However, Long Chen would never let it go.

"Billions of killing!"

When Long Chen swung his sword, countless blood-red sword auras instantly formed into a sword balloon. Under Long Chen's control, the sword balloon turned into a roaring divine dragon, formed from dense blood-red sword auras, and blocked Su Mo's heaven defying punch. Boom!

"Just to this extent?" "Break!" Long Chen let out a cold snort as the force in his fist became even stronger. Long Chen's trillions of kills, were all shattered into pieces, and that blood-red sword qi flew in all directions, causing the originally charred ground to become filled with countless wounds. Thousands upon thousands of them, the depth of each sword mark was more than a meter.

After shattering Long Chen's attack, he was going to take Long Chen's life.

Su Mo understood Long Chen, he knew that Long Chen's strongest move, should be the Ye Family's killing move.

Seeing Long Chen, who was at a loss for what to do under his attack, a look of despise flashed across Su Mo's eyes. In front of him, this little fellow was good at everything, it was just that it was too bold, did not know the depth of the heavens and earth, and was overly confident in itself.

If he had rushed inside from the very beginning, Su Mo might not even dare to chase after him. After all, that was the Ghost Corpse Dragon's territory.

"Die."

The diameter of the purple vortex expanded to over a hundred meters, instantly locking down all the space around Long Chen. No matter which direction Long Chen moved in, he was unable to escape.

Just as he was about to kill Long Chen, Su Mo realized that the current Long Chen didn't seem to be afraid in the slightest, and even revealed a cold smile on his face. Su Mo was shocked, and realized that this brat might have other tricks up his sleeve.

The Crimson Sky Kingdom's Crimson Blood Desolate was lifted up high.

"God Slaughtering!"

As the sword in Long Chen's hand danced, a blood colored array formation with a diameter of more than a thousand meters appeared beneath Long Chen's feet, covering all of the space around him and Su Mo. The blood coloured array formation erupted with sharp light, and many Sword Qi weaved through the array, with many huge beasts roaring.

Su Mo suddenly discovered that there was actually such a red formation beneath his feet. A solemn name appeared in his mind, causing him to be completely dumbstruck.

Forget about his astonishing cultivation speed, even if he could successfully cultivate it, could Long Chen's current primordial spirit actually be used?

Very quickly, Su Mo had an answer.

The blood red runes crawled onto Long Chen's body, as if Long Chen had already merged with the array. When Long Chen moved, the blood red God Slaying Sword Formation would also move along with him.

Whoosh!

The God Slaughtering Sword Formation had been formed before Su Mo had descended.

Long Chen swung out his sword, and instantly, in the middle of the God Slaughtering Sword Formation, countless sword beams suddenly rose up, and condensed into a gigantic blood red sword blade. The sword beam rose up to a hundred meters in height, and among the sword beams, there were a dense amount of blood-red sword beams that swept towards Su Mo, wanting to cut him in half.

The purple vortex of flame was completely shattered by Long Chen's one slash!

"What a terrifying God Slaughtering Sword Formation!" This terrifying power completely surpassed the power of Long Chen's entire body. This was an array formation, the array formation itself had the effect of replenishing the Emperor's spirit energy in the air, and this effect even surpassed the Emperor's spirit energy that was activated by Su Mo when he was in Heaven Man Unity.

This also meant that as long as Long Chen was in this God Slaughtering Sword Formation, he would be able to release practically limitless amounts of power!

Su Mo clearly knew that this God Slaughtering Sword Formation was something that Su Mo knew about, that Su Zhen had obtained first. In the game of life and death, Long Chen survived while Su Zhen died.

Therefore, the God Slaughtering Sword Formation fell into Long Chen's hands.

When he thought of this, Su Mo's eyes grew even more envious of the God Slaughtering Sword Formation.

"Such a powerful battle skill should belong to me!"

This sword aura suddenly appeared under Su Mo's feet and explosively shot out, almost piercing through Su Mo. As long as it was in the God Slaughtering Sword Formation, Su Mo would have to be on guard against such an attack at all times, even if his primordial spirit was a hundred times stronger than Long Chen, at this time, he had no choice but to use his own strength to seriously deal with Long Chen.

"I'll let you experience the wonders of the God Slaughtering Sword Formation."

To Long Chen, the real battle had just begun. Within the scope of the God Slaughtering Sword Formation, he was the god of the sword!

Long Chen didn't even need to move to know that as long as he stood in place and swung his sword, he could unleash all sorts of killing methods.

"Such a good item has fallen into your hands. What a waste." Su Mo laughed coldly as he suppressed the fear in his eyes. The appearance of the God Slaughtering Sword Formation had gradually caused him to go crazy.

"Purple Fire Phoenix Physique!"

At this time, Su Mo finally revealed his most powerful technique. The purple flames burned brilliantly, and like his hair, countless purple feathered illusions completely wrapped around him, and a pair of huge purple flaming wings appeared behind him, supporting his entire body, increasing his speed by who knows how many times.

Su Mo's aura instantly rose to the extreme.

"Can you feel my strength? "You're still too young." At this time, Su Mo was flying at a height of over a hundred meters above the ground, and had temporarily escaped the power of Long Chen's God Slaughtering Sword Formation.

"That way, you won't be able to touch me." Su Mo thought that he was smart enough to laugh.

Without saying a word, Long Chen, who possessed Divine Martial Stage, was already qualified to fly in the sky. Below his feet, with him at the center, was a blood-red sword formation with a diameter of over a thousand meters.

When Long Chen flew up, he was once again trapped inside.

"What a waste!" Anger surged within Su Mo's eyes. At this time, he cursed, and the wings on his back flapped, as if he was a huge purple bird.

"Purple Flame Feather!"

The purple feathers on its body exploded, as thousands of feathers shot towards Long Chen. When he used the Purple Flame Feather, it covered the sky and covered the earth. It was much stronger than Su E and the others. Each piece of Purple Fire Feather had ultimately evolved into a purple flame bird. It let out a hundred million screeches and rushed towards Long Chen.

"Sword Sea!"

Long Chen's gaze was calm. Even though the entire world was filled with purple fire birds, there was no one beside him, and under the wave of his sword tip, the entire God Slaughtering Sword Formation trembled, as millions of sword Qis erupted forth from within. They were densely packed and formed a sword aura pillar with a diameter of over a thousand meters.

"How is this possible!"

Su Mo was shocked. At the last moment, those purple wings had completely wrapped around him and in the next moment, he had completely disappeared into the sea of billions of swords.

"He didn't die!"

Long Chen knew that although the God Slaughtering Sword Formation was powerful, with Long Chen's current strength as a primordial spirit, it wasn't enough to kill him. At most, it would only deal him a little bit of damage, but right now, the sword energy pillar was already more than a kilometer high into the sky, and if it wasn't for the fact that the number of experts within Long Chen's reach, he would be able to kill as many people as he could.

The Spirit Devouring Demon Pupil turned quickly.

"Here! "What a fast speed!"

It had to be said that the power of the sea of swords was limitless, so even if Su Mo could hold on, he would definitely be injured. However, when the purple flame wings surrounded him, he had already escaped Long Chen's Sword Qi Pillar and rushed to Long Chen's feet.

Yes, Su Mo is a smart person. Long Chen is currently in the air above the God Slaughtering Sword Formation, which is his territory.

It was blank!

Chapter 1024 - Decisive Return

"I've fallen into his trap, haha!" Su Mo laughed out loud. With a flash of his purple flame wings, he was already at Long Chen's feet.

"Is that so?"

Long Chen laughed, and slashed Crimson Sky Kingdom in his hands. The countless pillars of sword energy had actually changed their direction at this time, and shot down towards the bottom of the God Slaughtering Sword Formation. Within the scope of the God Slaughtering Sword Formation, regardless of whether it was the top or bottom, they were all under Long Chen's control.

The dense millions of sword Qis, with each tiny blood-red blade that rushed through Su Mo's body, had all pierced the ground. From the start of the battle, the greatest trembling had occurred, and the entire forest was shaking because of the crazy shaking, so even though Long Chen was trying his best to control the attack in his hands, it was still on the ground, within a thousand meters in diameter, creating a huge crater for him!

Countless amounts of soil were buried under Long Chen's sword.

This was the power of the God Slaughtering Sword Formation.

"Is he dead this time?"

It was a pity that Long Chen did not have too many primordial spirits to restore his strength. After using it once, he was immediately using Blood Refining Vapour to devour his own survival within the Great Void Realm. The first time the God Slaughtering Sword Formation attacked, it was equivalent to ten over Divine Level Three demon beasts' blood essence.

The Spirit Devouring Demon Pupil swept a glance, and Long Chen realized, that Su Mo was not dead at all.

"As expected of a practitioner with perfect The Extreme Level of Martial Arts."

On this point, Long Chen could not help but be impressed. Underneath the ground, which was a few hundred meters deep, a huge rock was shattered with a loud bang, and a grey faced Su Mo rushed out, his face became extremely pale, and his body was covered with numerous wounds. Those blood-red colored sword marks were most likely being healed at a rapid pace due to the effects of the medicinal pellets.

Long Chen did not truly injure his vitals.

"Just a little more." Just a little more and he would have been able to kill Su Mo, unless he reached the level of perfection in the The First Stage of the Divine Martial Realm. Now, it was still a bit short.

"The battle skill is good, but the person who used it was too weak. Long Chen, you will still have to die today!" After wiping the blood from the corner of his mouth, Su Mo started laughing maniacally.

But soon, his laughter stopped.

At that place, a colossal soul was awakening. The sea of swords Long Chen just used, caused a huge damage to the forest and caused a huge tremor, but at that moment, the earth actually started to shake. This kind of vibration was similar to the one Long Chen just used, but it was sustained ah ...

The God Slaughtering Sword Formation was simply too powerful, he had not guessed this point. Since the Ghost Corpse Dragon had been alerted, and he was unable to kill Su Mo, the best way to do so right now would be to escape, otherwise, once the Ghost Corpse Dragon appeared, they would all be finished.

At the same time, Su Mo's mind was working quickly.

"This kid has successfully cultivated the God Slaughtering Sword Formation, and also the Crimson Sky Kingdom. It will be very difficult for me to kill him, at least I can't lose my life until the Ghost Corpse Dragon arrives." Thinking to this point, although Su Mo really wanted to kill Long Chen, he no longer had the chance to do so.

At this time, Long Chen withdrew the Crimson Sky Kingdom and said with a cold smile: "You got lucky today, and escaped this calamity. When we meet again next time, you just wait to die."

After saying that, Long Chen turned and left the place, he did not leave immediately, but waited for the Ghost Corpse Dragon to arrive, and both of them died without a complete corpse. From the looks of the tremors in the ground, one could see how powerful the Ghost Corpse Dragon was.

This place was tens of thousands of kilometers away from where it resided, but with its speed, it should be able to catch up very quickly.

When Long Chen left, Su Mo hurriedly caught up.

If Long Chen was allowed to escape today, it was unknown when they would be able to find him.

Su Mo was too strong, he didn't want to tremble with him. Seeing that Su Mo was getting closer and closer, Long Chen instantly activated Blood Escape. With that speed, Su Mo was instantly left far behind.

"Escape technique?" As Su Mo quickly disappeared, Su Mo felt an incomparable pain, and he knew that if Long Chen left, it would only be a dream to find him.

"Long Chen, you probably don't know this, but Ye Xuan has already fallen into the hands of the people from East Palace."

At this time, Su Mo roared out from behind Long Chen.

Long Chen paused, and stopped his blood escape footsteps. Separated by more than ten thousand meters, Su Mo was already a small dot that was almost impossible to see.

"What did you say?" Long Chen's breathing became heavier. Towards Su Mo, his killing intent was not particularly strong, so he did not want to risk his life. He was originally planning to leave, but Su Mo actually threw out such a message.

Su Mo started laughing. He looked at Long Chen with eyes filled with pity and said: "Someone from East Palace, ranked in the top ten of the Son of Heaven Ranking, Chu Tiange, within the Sixth Stage of the Divine Martial Stage realm, she is wielding a weapon of the eighth level of the Divine level — — Clear Sky Sword. The Lord of the Nether Realm is currently in his hands, waiting for you to use the Scarlet Sky Desolate Blood and Nameless Battle Skill to exchange.

Clenching his fists tightly, Long Chen began to pant heavily. Faint traces of blood began to emerge from his eyes.

"Chu Tiange?" Ye Xuan had been captured. This news, Long Chen only needed to return to the Nether Realm to investigate and he would be able to find out.

"I was waiting for you in the Ghost City, she originally wanted her brother to go ahead and block Chu Tiange, but she was caught by herself, but his brother Ye Xuan did not run away, he is in my hands, are you coming to the Ghost City? Hehe, if you don't come first, this brat will probably die in front of her elder sister. Goodbye! "

After Su Mo finished speaking, he turned around and left, no longer chasing after Long Chen.

The ground suddenly shook on the side of the two.

Long Chen turned around, and after blood escape, he rushed out of the forest in a short period of time.

"Long Chen, you really want to return to the Netherworld Palace!" the kitten asked anxiously.

"Otherwise? They were captured because of me, and I can't sit back and do nothing. "

"What if Su Mo lied to you?"

Long Chen pondered for a while, and said: "He can't lie to me, I can tell that it's true from his eyes. Ye Xuan should be in the city, but my good brother Ye Xuan was taken advantage of by the Su Family and taken to Ghost City. Su Mo is so bold, with such a strong person here, he dares to think about treasures?"

Long Chen did not speak anymore. Looking in the direction of the Netherworld Udumbara Flower, he decisively moved forward.

"But, didn't you want to go to the East Palace and then look for the Ling Xi that you have always met in the Western Region?" The kitten didn't seem to care, as it asked mockingly.

Long Chen stopped in his tracks. After a long while, he still continued to move forward, and his speed became faster and faster.

"Little Xi will forgive me. She's waiting for me!"

Right now, they were in danger on their own. No matter what, Long Chen had to return to the Nether Realm to kill them. No matter how strong the other party was, Long Chen would not let go of those who kidnapped him!

"The strong warriors of the East Palace have all made their moves, they really look down on me. Are they trying to lure me to the city using this kind of method? You really know me. If you know me, Long Chen, no matter what, I have to go! "

Hot blood was flowing through Long Chen's heart!

From the Jade Flame Mansion to the Underworld Palace, the last time he spent more than a month and time waiting for someone, Long Chen had no choice but to rush forward with all his might. He even had the time to use Blood Escape and Reverse Time.

"Sixth Stage of the Divine Martial Stage, Unparalleled Golden Body. Such a warrior can't even be killed by a fight, and only those who have truly killed their souls can die. Furthermore, there is also such a powerful weapon. The kitten said mysteriously.

"Why?"

"This is cat-lord's intuition!" Cat said decisively.

Now the kitten was on Long Chen's shoulder.

Long Chen smiled and slapped the kitten, saying, "Alright then, before I die, I will pull one over my shoulder! Wait till we get to Ghost City, then you can go in and see if Ye Xuan is still there! "

The kitten was speechless.

"You, you are mistreating a child." It said with tears in its eyes.

"Old man, are you also a child?" Long Chen looked at it in disdain.

A fierce wind blew and Long Chen turned into a grey shadow.

"Have you never worried about your life?" Seeing Long Chen going back resolutely and striking a stone with an egg, the kitten could not help but ask curiously.

"So what if I die? All these years, didn't I die countless times, and in the end, didn't I still manage to live? I can't do it, a single Sixth Stage of the Divine Martial Stage can kill me."

"But you didn't even kill Su Mo with your Fourth Stage of the Divine Martial Realm?" Cat hit him hard.

"You are wrong, he will die sooner or later." Long Chen replied coldly. Suddenly, he accelerated, and the kitten let out a miserable scream. It immediately hugged Long Chen's neck, and was almost flung away.

The Netherworld Palace. Long Chen had returned in less than a month.

He could not go to the teleportation circle in the other residences, and could only return to the Nether Realm immediately. With his identity, he would definitely cause a huge commotion, so he could only keep a low profile and rush back in. By then, Su Mo and Su Yang would probably have already returned to the Ghost City.

The reason why Su Mo told Long Chen to go to the Ghost City was so that the people from the East Palace could obtain what he had first. Some of the people from the East Palace even had Ye Xuan as a threat, and they all had Ye Xuan, who was similar to Ye Xuan in their hearts.

He believed that Long Chen would come to the Ghost City.

Long Chen would come, but this time, he would come with killing intent, and it was different from the test of the sword. Right now, Long Chen's killing intent was burning fiercely in his heart.

A jade colored Ghost City appeared in Long Chen's field of vision.

Standing at the foot of the Ghost City, Long Chen did not approach them from the start. With the arrival of Long Chen and the others' divine intents, they definitely knew.

"I want to see first if Ye Xuan is inside!"

Chapter 1025 - Purple Boundary Talisman

Little Cat could also be considered a master of Great Void Dragon Symbol. Long Chen and Little Cat had become one through the combination of Great Void Dragon Symbol. When Little Cat brought the Great Void Dragon Symbol away, she seemed to have turned into Long Chen's eyes.

"What are you doing?" Just as Long Chen was about to enter the Ghost City, the little kitten brought along the Great Void Dragon Symbol, causing Long Chen's chest to fall off and fall onto the ground.

"Didn't you tell me to go in and investigate?" Cat said indifferently.

Actually, what Long Chen said before was just a joke.

"I'll go in myself, so that you don't have to go in and get killed in an instant by others. Although you are a cat, any cat that is close to them will be killed." Long Chen said.

He was wondering, was Su Mo and the others in the Netherworld Army or in the City Lord's Mansion.

What kind of mountains of blades and seas of flames did they set up to wait for him? Anyone who dared to snatch meat and eat from Chu Tiange's mouth was proof that their plan was to obtain Long Chen's things, and at the same time kill all those who knew of Long Chen and his group. Otherwise, even they would fall into the situation of being hunted down the most.

After a long while, it gave a disdainful laugh and said: "Kid, are you underestimating the cat-lord too much? You think you can find the cat-lord using your mind alone with those few small Divine Martial Stage idiots? This cat-lord has devoured so many divine crystals recently, and is no longer the same one from before. "

"Hmm?" Long Chen was a little surprised.

"Their divine intents haven't found me yet, and even if it's their own, they have different levels. For example, warriors with Second Stage of the Divine Martial Realm, those who are unable to sense them are hiding behind him, this is the same principle. Alright, I won't say anymore, take a good look at cat-lord's power! "

With a few flashes, it entered the Ghost City. It was much faster, otherwise, who knew how long it would take for it to reach the place Long Chen was heading with its four soft and tender legs.

"Let's go to Netherworld Army first."

Long Chen was currently in the eastern part of the city, and after entering the city, not far away from the place where he had been in the past, was the Netherworld Army training camp. Cat had taken a look around the Netherworld Army training camp, but not a single one of them had found him, even though he was in the Purple Ink Palace, the place Su Mo used to stay the most.

At that moment, the kitten's eyes were like Long Chen's eyes.

"If he's not in the Netherworld Army training camp, then he's in the City Lord's Mansion, and now that Ye Xuan is gone, this City Lord's Mansion is almost paralyzed as well."

Without a word, Cat started to work for free and once again headed towards the City Lord's Mansion. It was panting from the small distance, and the City Lord's Mansion could be seen in the distance. Even in the highest seven-colored pagoda, it still existed, but its people had already changed.

After much difficulty, Cat finally arrived at the City Lord's Mansion. It rested for a while, cursing and swearing, and then walked into the City Lord's Mansion. If it knew this would happen, it wouldn't have volunteered and ran in first.

The City Lord's Mansion was the most likely place for them to stay.

"Let's go to the Zixuan Hall, I think they will be there. When we get near there, we have to be careful." Long Chen said.

"You don't need to say that." The little kitten snappily said, jubilantly running all the way into the City Lord's Mansion, where the Zixuan Hall could be seen in the distance.

"They are inside, but" Very quickly, Long Chen received the feedback from the kitten's eyes.

Cat carefully approached and climbed up a wall. From the top of the wall, one could see the majority of the scenes in the Zixuan Hall. There were a total of two people in the Zixuan Hall.

"Su Mo is actually not here!"

Logically speaking, with Su Mo's identity, he could go to the Universe Teleportation Formations. Even if he could not go directly to the Netherworld Udumbara Palace, he could leave the city next to the Netherworld Udumbara Palace much faster than Long Chen. Furthermore, he should be fast, so logically, he should have already returned a long time ago.

In the middle of the Zixuan Hall, one of the two people was of course Ye Xuan. He was sitting on a wooden chair with his head lowered, his face a little pale white, his teeth tightly clenched, and it seemed that he was not their match. It was just that because Ye Xuan was still young, his cultivation would definitely catch up to the others, and everything would just be a matter of time.

"Truly a genius. Under my control, you actually managed to break through your Second Stage of the Divine Martial Realm. In the end, you are still at the Divine Sense realm, and are already at the early stages of possessing a Divine Sense. However, you don't have the chance to use Divine Crystals to replenish your primordial spirit. It must be very uncomfortable, right?" On the side, sat the Su Family member, wearing a fiery red long robe, the upright and passionate, taciturn Su Yang.

Su Yang's strength was on the same level as Su Mo's, and because he was the Patriarch, the amount of things he received and settled was even greater.

Ye Xuan snorted coldly, and did not reply. After a long while, he gritted his teeth and said: "By seizing the weak, we can set a trap to attract the other party's attention and obtain their treasures. Your Su Family's methods are truly looked down upon by me."

He caressed his beard and said with emotion: "This is nothing much, we just picked up a small fish that a East Palace Ranker missed. We were only imitating Chu Tiange, but I guess that if Long Chen came back, he would definitely come here first, since to him, this city is like hell."

"Shameless." Ye Xuan scolded as he continued lowering his head.

"Unfortunately, Su Mo was recruited into the city a few days ago. I wonder why they called Su Mo over. I heard from Su Mo that this Long Chen fellow is extremely powerful, when he left, he had given me an extremely clear warning that he must be careful, and very rarely do I see anyone who can make Su Mo be this cautious.

Ye Xuan laughed out loud, and said: "You really should do this, Long Chen's strength will never be as simple as you think. If you want to use me, a mere Ye Xuan, to obtain both the Scarlet Sky Desolate Blood and the nameless battle skill, I'm telling you, you're still far from being able to do it."

"Is that so?" Su Yang helplessly waved his hand, and said: "I heard that I cultivated a very strong escaping art, so my instantaneous speed far surpasses Su Mo's, so I had long since prepared it. The most precious thing in our Su Family has been stored for many years, and it's time to take it out now. "

"What is it?" Ye Xuan was startled. He seemed to have suddenly thought of something and his face paled as he said: "Is that the Purple Domain Realm Talisman? For example, Grandfather Dugu's Solitary Domain's restraining ability was even stronger. Basically, he wouldn't be able to escape from the Violet Territory within ten days, unless he could break apart that Realm!"

Yes, this is my Su Family's purple domain world talisman. As long as he steps into this Zixuan Hall, I can make sure that he won't be able to leave within ten days. I have ten days to kill him, and he won't be able to escape at all. Su Yang said with a smile.

"Despicable!" Ye Xuan bellowed.

"Since you know, then I can't let you speak. I don't want you to spoil my plan. " Su Yang was a cautious person, and in order to prevent Long Chen from knowing about the matters of the Violet Region Realm in advance, he could only seal his mouth.

"Don't worry, you're my bargaining chip right now. Before I kill Long Chen, I won't hurt you, but if you want to say something, you should wait for your next life."

In the entire Zixuan Hall, was a place sealed by Su Yang's Domain. He didn't allow Ye Xuan to speak, so Ye Xuan couldn't even open his mouth.

All of these things were in Long Chen's line of sight.

"Purple Boundary Talisman?" If he wants to save Ye Xuan, then he will have to rush in. But with the existence of the purple realm world talisman, he will not be able to leave if he wants to go in. "

No matter what, to be able to find out the news first, and that Su Mo was not in the Ghost City, this was a heavenly good thing.

"If it's just against Su Yang alone, we can still struggle once more" Long Chen clenched his fist and without saying anything further, he headed towards the City Lord's Mansion. His speed was extremely fast, and even though there were many people on the way, basically no one could sense his existence.

The people within the city were discussing about the astonishing change that had happened recently. The matter of the God Slaughtering Tomb had already gradually spread, and the heaven-defying reputation of Long Chen had long ago spread far and wide.

"It's been so long since we last met. I never thought that Marshal Su Mo was actually such a person. At that time, he would definitely be the person who loves City Lord Ye Xuan the most."

"This kind of bastard really deserves to be sliced into a thousand pieces. Now that City Lord Ye Xuan is being held captive by the people of the East Palace, who can save her?"

I heard that he only has The First Stage of the Divine Martial Realm, but his performance in the God Slaughtering Tomb shook everyone. He was the biggest winner, but because he didn't have the power to protect treasures, he was reduced to such a pathetic state. "

"I say, do you think that Long Chen will go to the city to save the beauty, City Lord?"

At this point, everyone stared at one another in dismay.

"If we go, we die, there's not even a sliver of hope for survival. That Ranker called Chu Tiange is very famous in the East Palace, and even though he looks cultured and refined, he's actually very cruel, merciless, and decisive in killing. Someone as heaven-defying as Long Chen is currently growing up fast in his cradle, Chu Tiange will definitely kill him, and consolidate his position in the Eastern Emperor Region."

When this matter was brought up, everyone's faces turned grim.

"To be honest, no one wouldn't care about their own lives, so just wait and see. Just wait for a miracle to happen."

As they were feeling dejected, Long Chen was like a gust of wind, passing where they were sitting and rushing towards the City Lord's Mansion.

Chapter 1026 - Undefeated Faith

On the way, Long Chen tossed the contents of their conversation to the back of his mind, and started to ponder about the next opportunity. He wanted to save anyone, but he had a way, he was not a blind person, he knew that in a situation where there was a disparity in strength, his brain was actually easier to use than strength.

"If I don't go in there, it'll be hard to save Ye Xuan. If I go in there, I won't be able to come out. What should I do?"

All along the way, Long Chen had been thinking about this problem.

At this time, Cat had already come out from the City Lord's Mansion and was meeting up with Long Chen. Long Chen asked, "What exactly is this Purple Domain Talisman?"

"A type of rune that can be considered a type of imprisonment type rune. It's a bit like a restriction type, and can form a transparent fort in a small area that is very difficult to break through. However, it's still useful for defense and imprisonment." Judging from the kitten's tone, it seemed to hold this thing in contempt.

"What you mean is that you have a way to break this purple boundary talisman?" Long Chen asked.

"It's not me who has it, it's you who has it, idiot! It's the sharp horn of the Crimson Horn Demon Dragon, it's said to be something that can pierce through the world, and the specialized task is to pierce through this kind of domain, so you don't have to worry about the Purple Border talisman, if that stupid prick had a little more understanding of your Crimson Sky Kingdom and knew that it came from the Crimson Horn Demon Dragon, he wouldn't have been so naive to use a small Purple Boundary Talisman to trap you!"

"Many thanks!" Long Chen was overjoyed. With this, he had complete hope of saving Ye Xuan and escaping safely.

"Su Mo, you have been scheming so much. If not for Little Cat, I might have fallen into your trap, but now ..."

Listening to the conversation between Su Yang and Su Yang earlier, they were all within Long Chen's grasp. In a very short period of time, Long Chen had directly charged into the range of Su Yang's divine sense. His divine sense was at least seven kilometers long, which was almost close to the Fifth Stage of the Divine Martial Realm.

The moment Long Chen came out, he immediately stood in front of Zixuan Hall. It could be seen just how fast he was.

Standing in front of the Zixuan Hall, inside, Su Yang and Ye Xuan both stood up at the same time. Su Yang's face was filled with happiness, but on Ye Xuan's face, there was half a bone deep feeling of gratitude, and the other half a worry. He really wanted to speak, to remind Long Chen not to come in, but under Su Yang's imprisonment, he was unable to do so.

Therefore, Ye Xuan's expression was somewhat sinister. He continuously shook his head towards Long Chen, and was already in a hurry to cry. Long Chen had already saved him several times, there was no need to save him like this.

"Is it finally time?" I will make this a long story short. If you give me the Scarlet Blood Sky Desolate and nameless battle skills, I will return Ye Xuan to you. " Su Yang said in a clear voice.

Long Chen did not walk in at the start. He sized up the other party from head to toe, sneered, and said: "Do you take me, Long Chen, to be a fool? If I give you something, it will definitely spread out and you will be like mice crossing the street. Even if you get the treasures, you won't be able to rest in peace. "

"You don't need to worry about that. Our Su family naturally has ways to protect ourselves." He was waiting for Long Chen to come in, but Long Chen didn't seem to have the intention of coming in. When he turned around, he saw that Ye Xuan had been shaking his head the whole time.

"Come in and talk. My goal is only those two things, you don't have the strength to control that thing, so don't be too greedy. In any case, you've already cultivated the God Slaughtering Sword Formation, right? If you give it to me, I'll give it to you right away, and that will be the happy ending. "

Just as he wished, Long Chen was actually completely unaware as he walked inside.

At this time, Su Yang was overjoyed in his heart, while Ye Xuan was extremely nervous. No matter how he tried to remind his, Long Chen seemed to be completely unaware of the situation.

When Long Chen stepped into the Zixuan Hall's gate, both sides suddenly went into an uproar. At this moment, Su Yang hurriedly formed a seal with both hands and activated the purple realm talisman in his hands, causing Long Chen to suddenly transform into a bolt of lightning, and instantly circle behind Su Yang. Because the purple realm symbol was important to Su Yang, he did not intercept Long Chen.

Ye Xuan had been imprisoned from the beginning. After Su Yang had focused on activating the purple region world talisman, he no longer imprisoned Ye Xuan. In this short period of time, the purple region had been activated and Long Chen had successfully saved Ye Xuan.

Su Yang was not nervous at all, in his opinion, Ye Xuan had already completed all of his uses, his main one was to attract Long Chen to him, and now that Long Chen had entered, he could not go out, so what if Long Chen saved him?

When Long Chen pulled Ye Xuan apart and retreated a few steps, a transparent purple ripple, like a water ripple, completely covered the inner wall of the Zixuan Hall, forming a sealed space. At the entrance, there was also that purple colored transparent halo of light that fluctuated, making it impossible to leave.

Long Chen pretended to be shocked and as he punched the purple light wave, the water like film caved in and completely deflected Long Chen's force. It was still incredibly sturdy, and there was even a strong force that rebounded towards Long Chen, pushing him away.

When Ye Xuan was able to speak, it was already too late. Ye Xuan looked at everything, and then shook his head helplessly, and said: "Brother Chen, this time, I have implicated you, and this is the Ye Family's purple domain talisman. Without ten days of time, you cannot leave!"

On the other side, Su Yang also laughed, and said: "Sorry, I lied to you just now, but my Su Family does not have the strength to protect itself, so we can only kill the two of you, and then take the things away.

Ye Xuan's face was ashen, he was fine, it was just that he had implicated Long Chen.

However, everything was under Long Chen's control. He patted Ye Xuan's shoulder and said: "There's nothing to be afraid of. You will go into the Great Void Realm first. I don't believe that we can't get out after killing this Su Yang. "

Indeed, killing the other party was a way to get out of here.

Ye Xuan was startled, but Long Chen's joke was big. Su Yang, that was someone who was at the Great Circle of the Fourth Stage of the Divine Martial Realm, someone who was close to the wind tribulation! Before, Long Chen could only deal with people at the Great Circle of the Third Stage of the Divine Martial Realm, could it be that the current Long Chen's strength had increased again?

However, Ye Xuan did not sense any aura of divine sense from Long Chen's body.

In other words, Long Chen did not have a consciousness yet.

"Brother Chen" Ye Xuan still did not feel assured. He was the one who had harmed Long Chen in this situation.

"You don't believe me anymore? Let's go save your sister. Do you know what faith is?" Long Chen suddenly became serious and said solemnly.

"Understood." Thinking about Long Chen's personality, Ye Xuan suddenly realized something. Why was Long Chen able to defy the heavens, this had a lot to do with his conviction. Long Chen's belief, was that before the thing he was following, he would definitely not fall down.

"I believe you!" Ye Xuan said. Under the attraction of Long Chen's Great Void Realm, he entered the safest place, the Great Void Realm. Even if Long Chen died in this place, Little Cat could still bring Ye Xuan out.

After Ye Xuan disappeared, Su Yang said in shock: "There's actually a treasure that a living person can enter? This is also a good thing, it's mine now. "

"You're thinking too much, aren't you?" Long Chen took a few steps back, officially facing Su Yang.

At this time, Su Yang's body had the same surging aura as Su Mo's. He entered the battle state, his entire body ignited with purple flames, and in this small space, the temperature quickly rose, instantly reaching the peak. It was a good thing that the heat would not be emitted, but to Long Chen, it was a bad thing.

Originally, part of the reason why the Su Clan treasured the Purple Domain Talismans was because of their bloodline.

Any random flame would be able to envelop the entire Zi Yun Realm and make it impossible for Long Chen to escape.

"I heard that you once fought with Su Mo. He said that your strength is not bad and that you had the ability to injure him. Su Yang laughed. With ten days of time, he could definitely exhaust Long Chen to death. Previously, Su Mo was also confident in his ability to kill Long Chen, it was just that he wasn't confident in being able to catch up to his escaping technique.

"As you wish!"

waved it gently. Long Chen felt that what he was grabbing onto was a fresh life, like a Scarlet Horn Demon Dragon. His surging fighting strength intertwined with his own strength.

"Scarlet Blood Sky Desolate!" Su Yang's eyes became hot.

Without saying a word, Long Chen activated the God Slaughtering Sword Formation. This time, it no longer covered a radius of a thousand meters, but the entire Zi Yun Realm was completely surrounded by his God Slaughtering Sword Formation.

"God Slaughtering Sword Formation!" Su Yang's eyes burned even hotter.

"Don't worry, it's all yours!" Long Chen's eyes were slightly red, now was not the time to kill Su Yang, if not he would not be courteous.

At this time, the purple colored flame wings had grown from Su Yang's back, and was about the same as Su Mo's. From a battle perspective, Su Yang and Su Mo actually weren't too far apart.

"Sword Sea!"

Long Chen decisively activated his sea of swords, and the Crimson Blood Desolate Technique in his hand pierced the God Slaughtering Sword Formation beneath his feet. Instantly, hundreds of millions of sword-shaped symbols surged, transforming into streaks of blood-red sword beams, and soared into the sky above the God Slaughtering Sword Formation, instantly submerging the entire purple realm!

"What a powerful attack!" Inside this small space, Su Yang had no way of dodging at all. He immediately used his purple wings to surround himself with them, but the power of the God Slaughtering Sword Formation was only capable of hitting the entire Purple Domain. It wasn't something that Su Yang could block!

Billions of blood red sword qi shot out, instantly engulfing Su Yang.

"Goodbye." Suddenly, while Su Yang was defending against the sea of swords, he heard a sound like this. At this moment, tens of thousands of sword qi broke through his attack and attacked his body, and even though Su Yang was strong, his body was not weak either, and he was still pierced. If it was in a broad environment, he could still dodge, but where could he hide now!

"Purple Flame Purgatory Fist!" But right at this moment, the entire Realm of Zi Yue was like a broken balloon, and all of its power suddenly exploded outwards, pouring towards that crack. By the time Su Yang had reacted to it, the entire Zixuan Hall had already been completely destroyed, while Long Chen had already lost his trace!

"How is this possible!?" How could he possibly destroy the Realm of the Violet Region!? " At this time, Su Yang's body was filled with sword wounds, his face was pale white, his heart ice-cold.

"This won't do, this is my last chance. When Long Chen is in the Nether Realm, he definitely won't dare to spread the news!" Thinking about it, Su Yang accepted this fact. He thought for a while, and could only attribute the problem to the Crimson Sky Kingdom.

Su Yang spread out his divine sense.

"Over there!" After finding the truly escaping Long Chen, Su Yang immediately chased after him. Although he was injured, his normal speed was still faster than Long Chen.

After Long Chen left the city, a small dot appeared behind him, and he knew that Su Yang had caught up.

With his speed, he estimated that in fifteen minutes, Su Yang would be able to catch up with him. At that time, it would be another life-and-death battle, and he was no longer in Ghost City but was now in the wilderness.

"He's caught up. What should we do?" Without disappointing Ye Xuan, Long Chen had indeed escaped. That God Slaughtering Sword Formation just now, it was truly abnormal!

Ye Xuan realized that the distance between him and Long Chen was getting farther and farther away.

"It's easy." Long Chen said while smiling. He took out the crystal map that Ye Xuan had given him back then, and pointed ahead: "Is this the direction of Fen Kong City?"

"Why are you going to the main city?" Ye Xuan couldn't react in time. He remembered that when he was at the God Slaughtering Tomb, Long Chen seemed to have asked Ye Xuan for a map of one hundred main cities in the Nether Palace.

Long Chen did not say it directly because he was not sure if the Netherworld Stone possessed the Golden Hell Soul Chasing Thunder.

"What's next is to plan to go to the city and save your sister. I want to go again because I have an extra bargaining chip, so I'll go to the main city first to test my luck. As for what I'm going to do, you'll know when I get there."

Ye Xuan nodded, Long Chen had always been a very reliable person.

Although they knew that saving Ye Xuan would be ten or a hundred times more difficult, both Long Chen and Ye Xuan were unwilling to give up. After all, Ye Xuan was his blood sister, and to Long Chen, he was a generous and kind big sister, as well as his master in name.

That was enough!

"No matter how difficult it is, I will learn from you and not give up until I die." Ye Xuan suddenly said.

Long Chen nodded.

"Su Yang that bastard has caught up." Ye Xuan reminded.

"Then" Long Chen laughed heartily, and turned his head to say: "Old fart, goodbye!"

With that, the blood escape opened. Long Chen turned into a blood light and quickly disappeared before Su Yang's eyes, disappearing into the horizon.

"This escape technique is really powerful!" Su Yang had to be completely impressed, he finally understood Su Mo's words, Long Chen was definitely a difficult character to deal with, if not, his Su Family would not have lost so badly. They had prepared for so long, and before they could even get anything, Long Chen had escaped.

"That direction is the direction of the main city, could it be that he wants to go to the main city?" Su Yang suddenly realized this.

His face darkened, and he said secretly: "Since that's the case, I'll take a walk around Fen Kong City and give you a pleasant surprise. This escape technique of yours, will definitely consume a large amount of primordial spirit, I don't believe that you'll be able to hold on for long!"

Finished speaking, Su Mo used all his speed to chase after Long Chen!

With Long Chen's current speed, a few days later, he had already arrived at the main city, Fen Kong. This was a main city that was even bigger than the Ghost City.

"This is the main city of the Fen Kong?" Long Chen could feel that there was something inside the city that must be attracting him.

"Yes, the strongest city lord here is someone who has completed the Fourth Stage of the Divine Martial Realm. The Underworld Marshal who is stationed here is a cultivator who has just entered the Fourth Stage of the Divine Martial Realm." Ye Xuan knew quite a bit.

"That's for the best."

For a warrior of this level, Long Chen could still do it. He took out and put on the Nether Armor he had worn in the Nether Realm when he was in the Netherworld Army's attire, then walked into the main city of Fen Kong.

"The Netherworld Army s of the Netherworld Army are in this direction." With his intelligence, he quickly infiltrated the training camp s of the Nether Realm. There was also the entrance to the Nether Battlefield, and there were also Nether Plaza s and Netherworld Stone s there. After spending a little more time, Long Chen finally found out about this place, and the people who came to the Nether Plaza were all in a mess.

Furthermore, with Cat's illusion technique, Long Chen never made anyone suspect him.

Very quickly, Cat said something that made Long Chen excited.

"Inside this Netherworld Stone, there's a similar amount of Hell Soul Summoning Lightning. Hurry and collect it."

Without saying a word, Long Chen placed his hand on top of the Netherworld Stone. In his hand, a golden lightning bolt flashed, and the Hell Soul Chasing Thunder that was within the Netherworld Stone also came to an extremely fragile point. After feeling a sense of companionship, it happily swam to Long Chen's arm and spread out, fusing together with Long Chen's original Hell Soul Chasing Lightning in the acupoints on his left arm.

"Hungry!"

This was a message from the golden lightning.

Long Chen was overjoyed. As he silently left the Netherworld Army's training grounds, he took out the divine crystal and fed it the Hell Soul Chasing Thunder, which was twice as fast as the Hell Soul Chasing Thunder. This meant that when they refined Long Chen's body, Long Chen's speed would soar once again, and he would reach a higher realm.

"If I absorb a hundred of these Hell's Soul Summoning Lightning and feed them to my thirty thousand divine crystals, my speed will reach a terrifying level. When I enter the city, I will have a much more assured chance of success, and inside the city, there is the largest Nether Realm. That is the true form of Xiao Jin."

If all of them were to be found, the Hell's Soul Chasing Thunder would definitely be a strong technique on Long Chen's part. At the very least, in terms of speed, he could grow to an extremely terrifying level.

After leaving the Main City of the Burning Heaven Clan, the Divine Crystals in Long Chen's hands had already entered Xiao Jin's stomach, and his current size had already doubled.

The golden lightning was constantly tempering Long Chen's body, allowing his speed to increase.

In terms of physical body, the divine dragon's blood essence allowed Long Chen's physical body to maintain a strong superiority, and with every increase in their Divine Martial Stage, he would absorb 10% of the ancestral dragon blood!

"This kind of golden lightning is truly magical." Ye Xuan sighed in admiration, he finally knew why Long Chen was here.

Suddenly, Long Chen felt the sound of something tearing through the air approaching him.

Raising his head to look, who else could it be but Su Yang?

"They actually caught up to us?" An idea slowly formed in Long Chen's mind. Since Su Yang had so much free time, then ...

"Just be my sparring partner."

But not now.

The current Long Chen still did not have the confidence to withstand Su Yang's explosive power. No matter what, the other party was still a practitioner at the perfection-stage of the The Extreme Level of Martial Arts.

"Kid, where do you think you're going?!" Su Yang snorted coldly, he rushed in front of Long Chen and punched towards him. It was the fourth stage Divine Ranked Purple Flame Purgatory Fist!

"If you want to chase them down, I'll wait for you in the main city!" Long Chen chuckled, he activated his Blood Escape and once again disappeared in front of Su Yang, causing him to almost explode in anger.

"Blue River Main City?" Su Yang was a little alarmed. What was this guy doing in the Jadeblue Main City? There was nothing Su Yang being able to do. Now that Long Chen did not reveal his whereabouts, only Su Yang knew where he was, and only Su Yang had a chance to kill him. After a period of time, Long Chen's whereabouts would be exposed, and it would no longer have anything to do with him.

As a result, he quickly caught up.

A few days later, Long Chen arrived at the Jadeblue Main City and used the same trick again. As expected, Long Chen received the third Underworld Soul Chasing Thunder, Xiao Jin's body gradually grew stronger, bigger and bigger, more and more spirited. The effect of the refinement on Long Chen's speed was already gradually showing, and Long Chen discovered that his speed was already gradually increasing.

"How many divine crystals did I put in? It became my speed ..."

The next target was the city of Ethereal Opening.

Before even reaching a main city, Long Chen would wait for Su Yang for a while after obtaining the things inside. Sometimes, he would even open the True Martial Emperor's Soul to fight with Su Yang for a while, and at crucial moments, Long Chen would hurriedly leave.

However, he gradually realized something.

Although he was suspicious in his heart, Su Yang had no choice but to continue chasing. This was his only chance, the Scarlet Sky Desolate Blood and the nameless battle skill's enticement, he did not want to give it up.

Of course, the divine crystals in his pocket also grew fewer and fewer. By the time he had collected more than fifty of the Hell's Soul Summoning lightning, the golden lightning had already covered the acupoints on his entire left palm. In his left hand, there were many acupoints, for which there were at least a few million.

At the same time, his speed had also reached a terrifying level.

"With my current speed, Su Yang can't even beat me! Without using Blood Escape, I can already throw him off!"

Chapter 1028 - Stars Perfection

Every few days, Long Chen would receive a portion of Hell-ranked Soul Chasing Thunder. As the volume of the Hell-ranked Soul Chasing Lightning in his body grew larger and larger, the amount of divine crystals required to forge his body grew more and more. At the same time, the little golden lightning beast could now release even more powerful attacks.

Before Divine Martial Stage, the small golden lightning beast was Long Chen's ultimate killing move.

Su Yang's tenacity was much stronger than Long Chen had imagined. All along the way, he had chased Long Chen non-stop, and every time Long Chen absorbed the Hell's Soul Summoning Lightning, he would wait for outside the main city. Afterwards, they would engage in an intense battle, and with Long Chen's speed increasing as well as his evolution in the True Martial Emperor's Soul area, his fighting strength gradually increased.

"I've already traveled through eighty cities. There are only twenty left, the current me ..."

In the air, Long Chen didn't even need to flee with his blood, his entire body transforming into a golden flash of lightning, striking towards the main city. With his current speed, he had already surpassed the average fourth level of Divine Martial Stage, and even many of his Fifth Stage of the Divine Martial Realm were not his match.

In the last main city, Long Chen did not wait for Su Yang. Right now, Long Chen was in the midst of a breakthrough, but he actually did not come. Very soon, Long Chen understood that he did not listen to him and had directly intercepted him in the main city.

In the forest, Su Yang's eyes were blazing with fire as he stared straight at Long Chen, and said: "You're going to every main city to retrieve something, right? That's why I came here to wait for you. I want to see how you will escape this time before I get my hands on the item! "

But without mentioning, Su Yang took the 80th time to react. He was simply too slow.

"What a fool." In the past few days, he had had enough. Obviously, the time had come, and this Patriarch of the Su Family had coincidentally bumped into him at this time.

Without saying a word, Long Chen had taken out the Scarlet Sky Desolate Blood Sword, and the moment this super divine weapon appeared, it had given Su Yang a huge shock, as this was one of the places that was tens of kilometers away from the main city.

Su Yang could feel that, on the way here, Long Chen was quietly improving in all aspects, and very quickly, he reached a state that made him feel threatened. In reality, as long as Long Chen broke through a layer of the barrier, he would have the ability to kill Su Yang.

"You're courting death!" This time, don't even think about escaping! " The image of the feather surrounded his entire body, and the purple flame wings ignited his body. It opened up completely, allowing him to float in the air, while his speed and agility increased by an unknown amount.

"Purple Flame Purgatory Fist!"

After throwing out that punch, Su Yang's attack was basically the same as Su Mo's. They were all warriors of the same level.

"Be careful!" Among the Great Void Realm, Ye Xuan reminded them.

This was an attack of the fourth stage of the Divine Level, the most commonly used attack by the experts of the Su Family. Once it was unleashed, the purple spirals of flames immediately enveloped Long Chen and at the same time, the martial will descended.

"Too slow."

Golden lightning surged out from every part of Long Chen's body, instantly engulfing his entire body and turning him into a golden lightning. With a roar of thunder and a flash of light, he was already out of the range of the Purple Flame Purgatory Fist.

"One Sword Piao Xie!"

The golden colored lightning made a curve in the air and after Su Yang finished executing it, it instantly appeared in front of him.

"Such a fast speed!"

The current Su Yang was completely frightened by Long Chen. Long Chen's terrifying speed was at least ten, even a hundred times faster than before. This kind of terrifying speed, was completely outside of Su Yang's scope of understanding.

"How did he obtain such a speed, and how did he become stronger, could it be that it has something to do with the city?" Su Yang turned pale with fright. A blood-red light appeared in front of him, and he dodged with all his might, finally dodging the attack of the sword, and when Long Chen's sword tip brushed past his hair, the hair that was originally tied up into a bundle fell apart, causing Su Yang's hair to fall down like a devil.

"Long Chen!"

Su Yang erupted with rage. The berserk purple primordial spirit knocked Long Chen flying. Long Chen swayed slightly in midair, stood steadily, and without saying a word, rushed towards Su Yang with an extreme speed once again.

This was a stalemate battle. Although Su Yang was currently a bit stronger in the direction of attack, due to Long Chen's advantage in speed, he was completely helpless against him. In the opening of the True Martial Emperor's Soul, he did not know how many times Long Chen had battled with him, but in every battle, he had comprehended that the primordial spirit had also improved, that their Stellar Realm was becoming more and more mature, and his own path was slowly being discovered by Long Chen.

In the midst of the battle, Long Chen had already entered into a state of immersion. To him, the current Su Yang was not like an enemy, but a machine. Through the training of this machine, Long Chen obtained a lot of things he wanted from him.

"You still don't need to come out with your most powerful God Slaughtering Sword Formation?" roared as he cursed. To fight Long Chen endlessly, with how fast his opponent was, being able to dodge all of his attacks; it was truly meaningless.

"Soon!"

Under the observation of True Martial Emperor's Soul, who was in the midst of comprehending Long Chen, he felt that Su Yang's every movement was completely stripped off by him. In this process, Long Chen sensed his consciousness, Heaven Man Unity and martial will, these were all things that he needed to learn next.

Of course, the most important thing was still the perfection of the Stellar Realm.

"That should be the case."

At this time, Long Chen, sword in hand, quickly retreated. In his last battle with Su Yang, he had improved in every aspect, her Stellar Realm had finally reached the level of perfection, and could be

considered to have caught up to Ye Xuan's original level. The complete level of Stellar Realm, gave Long Chen the benefit of directly raising his primordial spirit, and at the same time, increasing his speed.

In the Great Void Realm, a large amount of berserk beast's blood essence had been purified by Long Chen and now, it was absorbed into Long Chen's body. A vast and boundless aura exploded out from Long Chen's body.

"He actually broke through at this time!" Su Yang suddenly had a bad premonition. Right now, there was only one chance left for Long Chen to make a breakthrough, as his strength was already very heaven-defying, so if he really took one more step forward, Su Yang wasn't sure if he could handle him.

"The phoenix has descended!"

In the air, Su Yang spread open his wings, and purple flames surged out from his body. A blazing fire phoenix gradually revealed its appearance, and the flames soared into the sky, while the purple fire phoenix's size also increased, and in a short period of time, the purple fire phoenix let out a sharp cry, charged into the clouds, and fiercely swooped down with the momentum of the heaven and earth. Long Chen raised his head, and saw that this purple fire phoenix, which covered the sky, had already burned the entire forest clean before it even reached its destination.

"This feeling ..." Under Su Yang's ultimate killing technique, Long Chen's heart was calm like water. Even though the opponent's martial will gave him an incomparably strong pressure, Long Chen's dragon-shaped Divine Martial Spirit had a natural resistance against this pressure.

At this time, a blood-red light suddenly shone in Long Chen's eyes.

"Su Yang, do you think that I, Long Chen, is easy to bully? I have chased you for such a long time and it seems like it was very tiring, so since that's the case, I will not treat you unfairly, and give you the most spectacular way to die!"

As he finished speaking, a roar came out of Long Chen's mouth, shaking towards the sky like a dragon's roar, obstructing his opponent's path. At this time, the Crimson Sky Kingdom, which was in Long Chen's hands, suddenly stabbed onto the ground!

BOOM!

From the tip of his sword, the crimson formation instantly spread out to a distance of over a thousand meters. Countless sword-shaped symbols appeared within the formation, flickering with ice-cold killing intent as Long Chen's berserk power flooded into the God Slaughtering Sword Formation.

In that instant, the falling purple fire phoenix seemed to have been restricted by Long Chen's God Slaughtering Sword Formation.

"The reason why I didn't kill you the previous two times was not because the God Slaughtering Sword Formation wasn't strong, but because I, Long Chen, don't have enough Quintessential Essence. This time!" The Crimson Sky Kingdom in his hand suddenly twisted.

"Sword Sea!"

Within a radius of over a thousand meters, as long as the God Slaughtering Sword Formation was in control, countless sword-shaped runes would transform into countless blood-red sharp swords and soar into the sky. Between the sky and the earth, a pillar formed from billions of sword Qis would appear to be holding up the sky.

"What is that!"

"It looks like a pillar connecting the sky and the earth. It's blood-red, so beautiful!"

"This aura ..."

In the main city, many people were discussing.

A sea of sword energy shot up into the sky as the Violet Flame Phoenix fell down with a shrill cry.

"The first time was not killed, but the second time was equally not!" Su Yang roared, the primordial spirit in his body were burning intensely, if the purple fire phoenix were to descend onto the ground, it could cause great tremors in a radius of tens of miles, Su Yang was extremely confident in the power of his move!

He had the confidence to break through the sea of swords below him.

But at this time, in the midst of the endless sea of swords, Su Yang saw a coiled blood-colored dragon, on this divine dragon's head, was an incomparably sharp, long horn that was a little bit pierced. At this moment, in the sea of swords, the divine dragon with a sharp horn suddenly raised its head.

"What is this!"

Su Yang turned pale with fright. This gaze of this divine dragon gave him an incomparably fearful feeling; he knew that it was looking at him, and the current Su Yang, no longer had any path of retreat.

Chapter 1029 - Waiting for the day to come

The divine dragon within the sea of swords rose into the air, accompanying the sea of swords as it soared into the sky.

"AHH!"

At the last moment, the purple phoenix collided with the sea of swords, causing the earth to shake.

"I won't lose, and I won't die!" Su Yang roared in anger, the opponent's power, was beyond his imagination.

Sssii! *

In his disbelieving eyes, the Divine Dragon in the Sword Sea rushed out and bit down on his purple phoenix body. That unstoppable force instantly tore his body into two halves and directly swallowed him up. Then, the endless Sword Sea completely submerged Su Yang's body into powder.

"Retreat!"

Long Chen turned his sword and withdrew his sword sea. Instantly, the space between heaven and earth became a void and Su Yang had already disappeared from the world, being destroyed by Long Chen to the point where not even ashes could be seen.

Long Chen, who had successfully reached the Great Circle of the Divine Martial Stage, already had the strength to kill someone at the Great Circle of the Fourth Stage of the Divine Martial Realm. This kind of strength, to the people of the Three Great Imperial Domains, was an unimaginable existence.

No one had ever been able to do this.

Long Chen took a deep breath, and then, he gathered up the Scarlet Sky Desolate Land. After defeating Su Yang, he did not feel relaxed as if he had just killed a dog who was chasing after him, but it was fortunate that not only had his speed and level increased, it was also much easier to head to the city now.

"Since I killed Su Yang today, there will be too much of a commotion. Someone will probably guess that it's me, so I have to hurry up and take a look around the remaining twenty main cities. "Also, what's the biggest Netherworld Stone in the city that's attracting me so much?"

With such a huge commotion, many people came over. Most of them were the people from the Netherworld Army in the main city, they were in charge of this type of time.

At the same time, Long Chen bypassed them and arrived at the main city. He took away the Hell's Soul Summoning Lightning and then quickly left, leaving the next main city on the crystal map in front of him.

"Those who are waiting for me to walk into their trap, I will give you a surprise."

Looking in the direction of the city, Long Chen smiled.

He had never been afraid of anyone.

"Along the way, I have never been lacking characters who are countless times stronger than me, but I, Long Chen, have always been able to survive.

could challenge Blade Mountain Flame Sea Guild as long as he had the will of a strong warrior.

After coming to this gigantic world that was the Imperial Domain, Long Chen thought of many things. His goal in advancing was no longer just for Xiao Xi, but rather, to meet her again, such as his best brother, Xiao Lang, and his beloved sister, Yang Lingqing. Su Yan was also waiting for Long Chen to see her.

And most importantly, Long Qinglan.

"Perhaps only by touching your level can I know the secret of all this."

The current Long Chen had matured a lot, he knew how to use his reason to think, but he was still hot-blooded. Under the calm exterior was a super heart that was beating loudly.

"To solve the root of all these problems is to have great strength. As long as I have the strength, everything is fine. The current me, Scarlet Sky Desolate Blood and nameless battle skills, are the feast Ye Wushang prepared for me. The only thing I need to do is to raise my realm, and realms are often the hardest. "

Once he rose to the The First Stage of the Divine Martial Realm realm, Long Chen had already reached the Perfection Stage of the first stage in a short amount of time. This was already considered heaven defying, there were not many people in Imperial Domain like him, who could level up continuously in such a short amount of time.

At the same time, the Ancestral Dragon Realm was also preparing for him, until he reached the final level of tribulation stage, when he would truly become a dragon!

"A Martial God is a true martial art. Everything from before seemed so laughable in front of a Martial God. Before reaching the Divine Martial Stage, you really don't know, how difficult it is to raise one's realm ... "

Compared to the Three Great Imperial Domains's strongest genius, Long Chen did not lose anything. He only lost in terms of time, compared to these people, his status was really too low, low to the point where he could not even speak. Furthermore, he was a lot younger than the others.

Such a low starting point, yet Long Chen was able to climb to such a level. If others knew of his experience, even the strongest person in the Imperial Domain would be shocked.

Long Chen thought for a while.

"The East Palace is a power under the True Martial Imperial Palace, and the strongest is at the peak of Divine Martial Stage. The Son of Heaven Ranking is probably a ranking for young disciples, and with Chu Tiange holding the Clear Sky Sword, he is barely able to enter the Son of Heaven Ranking with the help of the Sixth Stage of the Divine Martial Stage. So the strongest young warriors of the East Palace should be at the Seventh Stage of the Divine Martial Stage, and Heaven and Earth Appearance Mantra."

"The True Martial Imperial Palace is a force that rules over the entire True Martial Emperor Domain. There must be some so-called tribulation stage fighters, and the strongest young warriors should have Eighth Stage of the Divine Martial Stage Heaven and Earth, or even a Nirvana Golden Ring. "Then, I'm very, very close to my goal. There's still four more years ..."

As he crazily ran, Long Chen raised his head, his chest overflowing with hot blood, and roared towards the sky!

"That so-called Wang Chen, at the very most, should be at the peak of the Divine Martial Stage. With my strength, by the time I add in the ancestral dragon blood, proof myself that it's not too far away, just around the corner!"

This was something that he had to thank the Five Emperors for. In fact, it had been proven until now that the True Martial Emperor's Soul was a treasure that was only second to the Mysterious Dragon Jade, ancestral dragon blood and Great Void Dragon Symbol on Long Chen's body. Even the Scarlet Sky Desolate Blood and nameless battle skills were not as valuable as the True Martial Emperor's Soul, because the True Martial Emperor's Soul had solved the most important levelling problem for Long Chen.

He ran like a madman, his mind one with the heavens and the earth.

The sky of hope was within reach.

The Netherworld Kingdom. The prefectural city.

Outside Abyssal Prison Tower, a young man wearing a golden robe was leisurely sipping a cup of tea. Beside him, Su Xiao Die had his arms under his chin and was looking at him with a slightly infatuated expression.

"Senior Brother, do you think I'm pretty?" Su Xiao Die smacked her lips and said.

"Beautiful." Chu Tiange smiled faintly, and then continued to read the book in his hands.

"What are you looking at?" Su Xiao Die was a little angry, he didn't even look at her.

"The legend of the dragon, the story of the Crimson Horn Demon Dragon. This book has a bit of a record about it." Chu Tiange said indifferently.

"Go, no one has ever seen a dragon before. It's just a legend, who would believe that?" Su Xiaodie said in a speechless manner.

"It's not a legend. I heard that a Dragon Fighter appeared on the side of the Sword Soul Imperial Palace and passed down powerful divine dragon blood s. I don't know the specifics, but at least they aren't weaker than this Blood Horn Demon Dragon."

"Dragon Fighter? Is it really that powerful?" Su Xiaodie was not very interested.

Just then, Lord of the Nether Realm Yang Yufan walked in.

"Young master, there's something important."

"Go ahead." Chu Tiange closed the book and said indifferently.

"A lot of people saw the battle near the main city of Qingming. One of them was the Su Family member who possessed the Purple Fire Phoenix Physique, which was either Su Mo or Su Yang. The other person was using the God Slaughtering Sword Formation," Lord of the Nether Realm said cautiously.

Chu Tiange laughed.

The purple-fire phoenix that was fighting against me should be Su Yang. As for the other one, that is our goal, to learn the God Slaughtering Sword Formation in such a short period of time. He is truly extraordinary, I think.

Lord of the Nether Realm nodded his head and asked: "Young Master, are we going to capture him?"

Chu Tiange laughed, and said: "Forget it, since Ye Xuan is here, and I have analysed this person's character, he will definitely come. The entire city is under the control of my divine sense, so as long as you appear anywhere, I can instantly arrive in front of his eyes. Rather than playing cat and mouse with him, it's better to let the mouse obediently come into the cage, don't you think? "

"This old man understands." Yang Yufan obediently withdrew out.

Chu Tiange then continued to study the book in his hand.

"Really, what's there to look at? It would be better to chase after that mouse called Long Chen, playing with this kind of kid, that would be interesting!" Su Xiaodie pouted and said.

"Die'er, you don't understand."

"Hmm?"

"Let me tell you a secret. I deduced this from flipping through a large amount of information." Chu Tiange smiled mysteriously.

"What is it?" Su Xiao Die asked curiously.

"The Crimson Blood Desolate Land is most likely one of those primordial divine dragons, the horns of the Crimson Horn Demon Dragon. Do you know what this means? Even though the Crimson Sky Kingdom is not of the same rank, it is more precious than my Clear Sky Sword!" Chu Tiange said in excitement.

"Huh?" Su Xiao Die jumped up.

"Something even more precious than the Clear Sky Sword, a divine dragon horn from the ancient times ... This ..." Su Xiao Die mumbled to herself, realizing how precious that thing was.

"Therefore, we must obtain the Crimson Blood Desolate Land!"

Finally, after a month, he had successfully merged with all of the little golden lightning beasts. At this time, the acupoint where the golden lightning resided had already spread from his palm to his arm, and half of the acupoints in Long Chen's arm were already filled with little golden thunder beasts.

Only after consuming a total of ten thousand divine crystals did Long Chen finally feed all of the golden lightning to perfection, filling them up.

This was a slow step into the city. However, Long Chen knew that at least for now, his speed had already caught up to her Fifth Stage of the Divine Martial Realm, and among them, it was already at the middle level.

To be able to move at such a speed, to be honest, the Three Great Imperial Domains had probably never done so before.

Once everything was completed, Long Chen had no choice but to carefully consider what to do next.

Chapter 1030 - Dream Return to Bi Yang

As Long Chen's footsteps gradually approached the center of the Three Great Imperial Domains, the prefecture city of the True Martial Emperor Domain's Nether Palace, in a place very far away from him, where he was born, everything was proceeding in an orderly manner.

Canyang Kingdom, Biyang Royal City.

The jade-green walls glittered under the rays of the sun. It was already dusk, and the western sky was filled with colorful clouds. It was incredibly beautiful, as if it was a fairy from the west, floating gracefully.

She was dressed in a golden dragon robe, symbolizing the Nine Five Supremes. From the expression on her face, one could tell that she was unhappy, she rubbed her temples, then Murong Yu stood up and revealed her graceful figure. After walking out of the hall, she looked towards the west side of the city.

"This way, he went in this direction!"

Six or seven years had passed, and she had no idea how much time had passed. Although Ling Xi was the only one that he valued the most, and he could be considered as the witness of their love, she did not think too much about it.

"I really don't know if he succeeded or not!"

Murong Yu was a little distracted, she blankly walked out of the Biyang Royal City. With her current strength, the people in the Biyang Royal City were still unable to stop her, and this Empress had always had the habit of going out to relax herself. Thus, when everyone saw her, they had already gotten used to it.

The land was covered in green grass, lush and verdant. A few small rivers flowed past, the river was clear, fish and shrimp played in the river, the rocks at the bottom of the river were clearly visible, and in the distance, there were a few peach trees, and at this moment, there were peach blossoms, pink flowers, and they were extremely beautiful. Although there were only a few, it was just like a pink sea of fire in front of them.

Every time he was in this kind of environment, Murong Yu would feel very peaceful.

Time flew by and fate always made people feel a bit sad. Under her control, and with Zhao Qingyun's help, the current Canyang Kingdom had a smooth time, a peaceful country with many strong warriors, and her strength increased by a lot.

"If he comes back one day and sees me, he should be happy, right?" After all, this is his hometown. "

Murong Yu didn't know how far Long Chen could go either. In the outside world, he might already be dead, but Murong Yu felt that someone with her personality would definitely not die.

As he thought about it, the late summer gradually disappeared.

The night was about to fall, and there was only a little bit of light left. Murong Yu regained her senses, gave a bitter smile, and was about to leave, when suddenly, a dot of light appeared in the endless late summer.

The speck of light flashed and then disappeared. Originally, Murong Yu didn't care about it, but she suddenly realized that she was surrounded by a snow-white glow, as if the entire world had turned into the white of snow. This was a beautiful scene, and Murong Yu was a little curious.

In the midst of this boundless white world, a woman appeared in Murong Yu's field of vision. She descended from the sky like a fairy that had descended to the mortal world, accompanied by a hundred flowers that bloomed as she gently descended before Murong Yu's eyes.

"You!"

Murong Yu was simply unable to describe the girl in front of him.

She was shrouded in a faint white mist, like a goddess who had descended to the mortal realm. The elegant jade complexion had carved clear features into it, and her clear, watery eyes did not lose any of their brightness, yet they carried a cold, talkative air, as if she could see through everything. She had beautiful eyebrows and bright eyes. Her slender arms were like jade, and her slender waist was snow-white. Her body was fragrant. Her delicate nose, which was as light as a cherry, and her flawless mouth were full of smiles.

Her long hair was tied up lightly with a jade hairpin, leaving a bright flow of water to cover the traces of childishness on her forehead. Her bright eyes, at this moment, were looking at Murong Yu with surprise and anticipation.

This girl was also in Murong Yu's memories.

Murong Yu was also a beautiful woman, she was the dream of many men in Canyang Kingdom, but when she saw the girl, she still felt ashamed and inferior. Not only her appearance, but even her entire body had an indifferent, otherworldly aura, and there was a trace of gentleness in her demeanor.

And only this girl who was suffering together with Long Chen was worthy enough for Long Chen to chase after her.

Murong Yu noticed that on the girl's shoulder, there was a colorful butterfly.

Seeing each other, the two of them were silent for a moment. The young girl wearing a snow-white dress lightly landed on the ground. The purple muslin lightly danced as if he had a life of his own. She was barefoot, like a lamb's fat jade. His feet were as warm as pure white jade, gently stepping on the grass without a speck of dust.

"You!"

Murong Yu was so excited that she couldn't speak. Why was she here? Where did Long Chen go?

"Big sister Murong."

At this moment, the young girl looked at her, lightly moving her pinkish lips.

"You and I ..." Murong Yu felt like there was something stuck in her throat, and she was unable to say a single word.

The girl looked around and frowned. "Why isn't there the aura of the Brother Chen here? Isn't he here? With his personality and abilities, isn't it normal if he isn't here?"

Murong Yu took a deep breath. Looking at this young lady who looked like a dream and whose tentacles couldn't reach her, she stabilized her emotions and said softly, "He, he went to the Holy Martial Empire.

Upon hearing this, the young girl gently bit her lips, her eyes revealing a look of deep yearning, while at the same time feeling heartache.

"Brother Chen, has he really gone to find me?" Tears of gratitude suddenly welled up in his eyes.

"Since you're back, hurry up and find him. If you're in time, maybe he's still in Holy Martial Empire." Murong Yu didn't know what she could do for Long Chen. Perhaps letting them be together was what he could do, what he would be the most satisfied with.

"Not too many years have passed, I think he should still be in Holy Martial Empire."

The girl clenched her teeth and looked at Murong Yu. A ball of white light in her hand rushed into Murong Yu's body, and Murong Yu softly fell to the ground, unconscious.

"Big sister Murong, I can only help you break through your Heavenly Completion Stage and approach the three Martial Realms. I am going to find the Brother Chen. After he finished speaking, the young girl didn't say anything else. The snow-white world disappeared, turning into a speck of light in the horizon.

Three days later, Murong Yu woke up to discover that her strength had reached the Ninth Level of the Heavenly Completion Stage.

This was the peak realm that no one in the Canyang Kingdom had ever reached before.

"Ling Xi!"

Murong Yu looked around in a daze.

"With her here, he'll definitely be fine." Murong Yu laughed, after so many years, this ending had come a little too late.

How could Long Chen, who was currently heading towards the city, know that something like this was happening in his faraway hometown? He had indeed overlooked something, and thought that he was the only one chasing after his along the way, but he had forgotten that the person he liked was also a resolute person. For the things that he was pursuing, she was willing to pay any price, and do anything that would break the rules.

Of course, Long Chen's entire mind was just a matter of Ye Xuan, it was not about love, it was about friendship. Ye Xuan was his master in name, and was also an extremely considerate friend within the Imperial Domain, so it was not easy for every friend of his to come by. Especially someone like Ye Xuan, no matter what price he had to pay, Long Chen would never give up.

"Long Chen, do you really want to go? "The opponent is the Sixth Stage of the Divine Martial Stage, the unparalleled golden body," In the Great Void Realm, Ye Xuan had not been able to react, and now, he already had the strength to kill Su Yang.

Su Yang, on the other hand, was not even fifty years old yet. It was his first time here, and his strength had risen sharply, yet he could actually kill Su Yang, which was truly unbelievable, but Ye Xuan was a person who had truly witnessed this scene.

"In such a short period of time, his strength has already reached such a level. It's hard to imagine, I ..." The gap between the two of them was growing larger and larger, Long Chen had already entered the upper levels of the Nether Palace, yet he, Ye Xuan, was still wandering among the experts of the younger generation.

This feeling was extremely painful.

"I am only there to save him, not to confront him head on. As long as I am there, I will have a lot of ways to deal with him. Even if the final plan were to fail, I wouldn't do anything rash. Since they want to surprise me with your sister, then I can give them a surprise too. " Long Chen said indifferently.

His mood was very calm, as if he was doing something insignificant.

As his cultivation increased, his battle prowess also increased. Right now, Long Chen could already rival a practitioner with perfect Fourth Stage of the Divine Martial Realm. was the only one who could kill such a terrifying monster with a level difference in power, using the Ancestral Dragon's Inherited Blood. Why did Long Chen have such a heaven-defying battle power? This had already become a mystery.

"From now on, if I go to a new place, it would be best to hide my combat power. It's good now, if I meet some powerful warriors, they will definitely suspect my ability and even covet it."

Long Chen was very clear about this in his heart.

However, right now, everyone was targeting him with his nameless battle skill and the plan of the Crimson Sky Kingdom. He had no choice but to reveal his own strength in order to protect himself.

This Chu Tiange, is able to control the entire city within his consciousness. I'm afraid that the moment I enter the city, he will be able to sense my existence. Although the city is over ten times larger than the main city, the strong practitioners of the Divine Martial Stage are truly more terrifying than they are. "
