Chapter 1031 - wind tribulation

"Don't worry. I know what to do. That boy's consciousness is useless against me. If not, do you think that all of my divine crystals will be for nothing?"

At the same time that Long Chen was feeding Xiao Jin, he was also feeding the kitten.

There were a lot of secrets on the kitten. In Long Chen's eyes, although its mouth was cheap, it was indeed a mystery.

"The consciousness of the Unparalleled Golden Body, if it doesn't go near, of course it's fine. I just need to pay attention to it, in case I find any clues, I'll go take a look at that Ye Xuan girl first." The kitten laughed as it spoke with a wretched expression.

In front of him was the vast city, built on the endless plain, the city walls stretched for millions of miles, and there was no end in sight. It was Long Chen's first time seeing such a huge city.

"Within the city, there are also 10 small Qiankun worlds. Each small Qiankun world has more than 10 entrances and can be considered as a city within the city. Thus, the size of the city is actually much larger than what you can see." Ye Xuan said.

Standing a few kilometers away from the city, Long Chen did not go any closer. If he went any closer, he would probably be discovered by the Chu Tiange deep within the city. Right now, it was time to look at the kitten and let it go in to investigate the situation before they can proceed with their next plan.

"This god will go too!"

After a while, the kitten had already disappeared. Long Chen hid in a remote area and replaced the kitten's eyes, observing everything in its field of vision.

No one noticed his movements. Within the city, there was a large number of divine intents moving around at all times, but no one was able to find him. As for Cat, she was quickly moving towards the center of the city.

"I really can't tell. This little guy really runs quite fast."

Long Chen laughed.

Long Chen was most concerned about the place where Ye Xuan was locked in. After half a day, Cat finally arrived at the core area of the Nether Palace, which was the Mansion Lord's Mansion. In the past, the Lord of the Nether Realm lived in this place.

"Chu Tiange's people are inside. There are two more at the peak of the Fifth Stage of the Divine Martial Realm. I can't get any closer to those who have passed through the Nine Heavens Thunder Tribulations." From the center of the destination, the little cat stopped in his tracks. Through his eyes, Long Chen could see that there was a pitch black tower in the depths.

"Inside, there is a black pagoda. What is that?" Long Chen vaguely sensed that something was amiss within this black tower.

"That's the Abyssal Prison Tower, the place where they usually imprison prisoners. I think my big sister is also being held here." Ye Xuan guessed.

At this time, Cat walked around outside a few times and suddenly walked to the side of a few guards. At this time, these guards of Divine Martial Stage were discussing about the Abyssal Prison Tower.

"Rumor has it that they locked Ye Xuan up at the very bottom of the Abyssal Prison Tower. The nether energy there is tens of thousands of times stronger than in the Nether Battlefield and it can already affect warriors of her level. If this continues, Ye Xuan's strength will decline and his body's condition will become very bad."

"Sigh, who would have thought that it would be this kind of situation. In the past, the few great clans were pretty good, but now, because of a God Slaughtering Inheritance, both the Su Family and Ye Family were annihilated, and the matter is not over yet. That fellow called Long Chen, he hasn't come for a day, and a day will not end."

"How could he dare to come? With the people from the East Palace here, no matter how strong he was, he was just an ant that could be casually taken care of. He didn't have the qualifications to compare with others. He is one of the few great Honored Warriors of the East Palace, the number one disciple of the Venerable Yuanhuang. Since young, he has possessed endless resources, and he is the Clear Sky Sword God, Chu Tiange! "

The East Palace was a super power that ruled over the entire Eastern Emperor Region. There were even many Palace Masters who were directly sent there by the Eastern Emperor Region, and the entire Eastern Emperor Region was under the control of the East Palace. The East Palace had a hundred thousand elite disciples, and all of them had Divine Martial Stage or higher.

As for the True Martial Imperial Palace, that was a true heaven for martial arts. Even a hundred East Palace could not compare to him.

Outside the city, Long Chen and Ye Xuan already knew where Ye Xuan was. At this moment, Ye Xuan's face was a little ugly, and he said: "You actually imprisoned my sister at the bottom level of the Abyssal Prison Tower, there will be great troubles there, not only is it difficult to rescue, it will be extremely difficult, and there will also be dense netherworld aura there, which will harm the body. If my sister primordial spirit can't hold on, his body will be injured, his physique will be damaged, which is very disadvantageous for her!"

Ye Xuan's eyes were already spewing fire of anger.

"Difficult to rescue?" The Abyssal Prison Tower was the place where all the criminals were imprisoned, and since Ye Xuan was at the lowest level, it was definitely very difficult, to the extent that there was not even a shred of hope.

"This Chu Tiange, is really poisonous, to actually imprison my big sister there. Moreover, big sister has already been in there for a long time, with her primordial spirit's estimation, she won't be able to hold on for long, Long Chen."

It was definitely impossible for Ye Xuan to not be worried in his heart. He was even more worried than Long Chen was, and was just helpless.

"Don't be afraid. At most, you don't need something like this Scarlet Blood Sky Desolate." Long Chen comforted him. When necessary, he would really give them up. After all, to him, his friend's life was more important.

However, Long Chen's heart was also filled with rage, it was only that the cover up in his heart was a little better than Ye Xuan's.

Grey clouds gathered towards the center of the city. Cat raised its head and saw the gray clouds gathering at the top left of the city. A cold wind began to blow.

"It's the wind tribulation. Someone is about to reach the Fifth Stage of the Divine Martial Realm and cross the wind tribulation. I wonder who it is?" The kitten did not leave, but carefully hid at the side, concealing its presence and even avoiding the detection of his spirit sense.

Countless strands of spiritual sense scraped past the kitten's body, but they found nothing.

"Who exactly is going to pass through the wind tribulation in the Netherworld Udumbara Palace?" Long Chen also had the same suspicion. The Nether Palace only had a few people at the peak of the Fourth Stage of the Divine Martial Realm, so that just meant that it was Su Mo?

Listening to Su Yang, it was as if Su Mo had been recruited into the Netherworld Udumbara Palace.

Very quickly, a figure floated in the sky. Looking at his appearance, it was indeed Su Mo.

"I never thought that he would actually reach the Fifth Stage of the Divine Martial Realm at this time. Let's see if he can cross the wind tribulation." After all, he and Su Mo are mortal enemies. Now that Su Mo has entered the Fifth Stage of the Divine Martial Realm, it will be much harder for Long Chen to deal with him. "

The scene outside was only caused by him, and the truth was that he was the one who caused it. In reality, the real wind tribulation came from Su Mo's own body, and very quickly, a gray cyclone appeared from within Su Mo's body, blowing against his body. This gray cyclone was like a small blade that crazily twisted his body into a state of death, and in the clouds, Su Mo let out one miserable cry after another.

The gray whirlwind completely surrounded him.

Below Su Mo, a few warriors rose into the air and Cat hurriedly hid her body, because there was Chu Tiange among that group of people. Although they were still quite a distance away and their appearances could not be seen clearly, the golden-robed man among them still posed a great threat to Cat.

It lowered its head, not daring to move. Otherwise, if it was discovered, it would be troublesome.

"Truly a piece of trash. To cry out so miserably for just one wind tribulation, to let you measure your Nine Heavens Thunder Tribulations, isn't that the same as dying?" A charming girl's voice came from within.

"Junior sister, you can't say that. When you were undergoing your tribulation, you had our master protecting you. Otherwise, how could you be so relaxed?" This was the voice of a quiet man. It was very magnetic and attractive.

"Damn it, Senior Brother, I won't care about you anymore!"

The young girl said angrily.

After about an hour, the wind tribulation finally came to an end and Su Mo was lucky to survive. When he opened his eyes, a surge of divine light burst out from his eyes, showing his incredible strength. The Su Mo today, was no longer the Su Mo from before.

The wind tribulation dispersed.

"Congratulations, you have reached Fifth Stage of the Divine Martial Realm." Chu Tiange said with a smile, he did not put on any airs.

"Thank you very much." During the heavenly tribulation, Chu Tiange had also helped a little.

After arriving at the Fifth Stage of the Divine Martial Realm, Su Mo was evidently very excited as he looked in the direction of the Abyssal Prison Tower.

"What do you think?" Chu Tiange asked softly.

Su Mo laughed and said, "Young master doesn't know that this Ye Xuan and I are childhood friends, and we have an agreement that the moment my strength caught up to hers, would be the time for our marriage. It was just that many helpless things happened afterwards, and now that my strength has finally caught up to her, he is already in prison."

Chu Tiange nodded.

"You mean you want to save her?" On the side, Su Xiao Die who had a big chest and no brain spoke proudly.

"Su Mo definitely did not mean that, but Su Mo does have an idea." Su Mo said humbly. In front of the people of East Palace, everyone was extremely humble.

"Just say it directly." Chu Tiange said as he waved his hand. His perception continued to envelope the entire city, observing every nook and cranny of the city.

Chapter 1032 - Nine Hells Illusory Butterfly

There was nothing strange about it, but in his heart, he felt as if he was being watched. He trusted his spiritual sense so much that he didn't even think about it.

At this time, Su Mo spoke out his thoughts.

"Every promise has a chance to be fulfilled. I hope that you can give me this chance, so that Ye Xuan and I can fulfill our initial agreement and get married. My idea is that after killing the Su Family, Long Chen should already be on his way to the city. If he heard the news of the marriage, he would definitely come running over without hesitation, this brat has a lot of thoughts, even though Ye Xuan is his master, I think he has a lot of ideas about Ye Xuan.

"What you're saying is, as long as this news spreads, Long Chen will definitely come here immediately, right?" Chu Tiange confirmed.

"Absolutely." Su Mo said with a smile.

"Alright, I agree."

When Cat returned, both Long Chen and Ye Xuan's face were ashen.

"How despicable!" Ye Xuan punched on the ground. Su Mo was taking advantage of someone at this time, it was truly looked down upon.

"Don't be too anxious, for us, this is also an opportunity. After all, if we are going to get married, we must get your sister out of the Abyssal Prison Tower, so we won't need to go as far as that, right?"

It would be very difficult to go to the Abyssal Prison Tower to save her, but it would be much easier to do so on the spot of the wedding. At least, Long Chen still had the Blood Escape thing, which could save his life.

"You're right, but the other party has also set up an inescapable net and is waiting for you to get in." Ye Xuan said helplessly. It was possible that even though he had already reached the Second Stage of the Divine Martial Realm, he was still unable to help in any way.

"Don't give up any hope." Long Chen stood up.

He looked in the direction of the city.

"To the east of the city is the main training camp of the Netherworld Army, which is also where the Underworld Emperor usually resides. Among them, there are a few Underworld Emperors present, the power of the Underworld Emperor is all at the Fifth Stage of the Divine Martial Realm, which is about the same as the current Su Mo, and in the middle of the huge Nether Plaza, there is a gigantic Netherworld Stone.

Even though the kitten from before didn't approach, Long Chen could still feel the existence of the Netherworld Stone. And amongst the Netherworld Stone, there was something that was attracting Long Chen, or should he say, the Golden Lightning Beast in his left arm.

"Be good, I will bring you guys and reunite with him. What would he be?"

Ten days later, it was the day of Su Mo's and Ye Xuan's wedding. This news had spread throughout the entire Nether Realm, ensuring that Long Chen would rush over once he heard this news. In actuality, Long Chen had already arrived a long time ago.

"Ten days. We will wait."

No matter what, strength was the key, thinking too much would only be bullshit in front of absolute strength. So Long Chen was actually not prepared for anything, he was only prepared for the killing intent all over his body and hot blood!

The towering mountains below his feet quickly passed by.

A beautiful figure was dashing in the sky like a fairy. Strong gales surged, blowing up her long hair that reached her buttocks. Her long skirt fluttered, occasionally revealing her snow-white skin.

"Sister Ling Xi, Sister Ling Xi."

On the girl's shoulder, was a little butterfly with nine different colors. She was extremely beautiful, her entire body was enveloped in a kind of illusory color, and currently, the butterfly was circling around the girl, curiously asking: "This big brother called Long Chen, what is he, a Nine Hell Illusory Butterfly that is the same as Die'er?"

The young girl smiled, her tranquility causing people to become infatuated.

"That's not it, Brother Chen and Big Sister Ling Xi are both human."

But, "little butterfly was in a hurry as she replied," But Sister Ling Xi once said that she only likes the Nine Hell Illusory Butterfly, Die'er. She didn't like anything else, so why is Big Brother Long Chen not the Nine Hell Illusory Butterfly?

little butterfly gasped. With a flap of her wings, the mountains below him turned into powder.

"Die'er." The young lady's voice rose a little as she looked at little butterfly in a serious manner. Although she was serious, her beauty was still beautiful and alluring.

"Got it." Being scolded by the one he liked the most, little butterfly was somewhat annoyed. He sat on her shoulders and kept quiet.

The forest was lush and verdant below.

"Brother Chen!"

Looking down, the young girl suddenly started crying. After going to Holy Martial Empire, she walked past many familiar places, such as White Yang Town and Source Spirit City. Whenever she saw those places they had been together before, she would always cry.

"Sister Ling Xi, Sister Ling Xi, why are you crying again?"

little butterfly was angry at first, but when she saw the girl cry, he immediately panicked.

"Not yet." The young girl wiped her tears away and replaced them with a gentle smile.

"Maybe he is in Holy Martial Empire. I will be able to see him soon. "So I couldn't hold it in."

The little butterfly was a little distressed as she said: "This big brother Long Chen, just who is he to make big sister Ling Xi make such a sacrifice. If it wasn't for that, big sister Ling Xi wouldn't have been able to escape."

"Dia'Er, have you forgotten what I told you? "You absolutely must not bring up this matter again. Otherwise, I won't want you to follow me anymore." At this moment, the girl was truly angry.

"Alright, alright, Sister Ling Xi is bullying me, wuu." The little butterfly felt extremely wronged.

Very soon, it stopped crying and asked, "Then tell me, who is big brother Long Chen?"

The young girl pursed her lips, and her face revealed a trace of happiness.

"He is the man who is the best to me in the world. He is willing to sacrifice everything for me and give up his life for me. Without him, I would have died long ago. "It's the whole of my life, you say. Such a person must be more important to me than you, right?"

The little butterfly was startled for a while, and after a while, it said in distress, "Big Sister Ling Xi, what are you talking about? What's a man, what's a duckweed?"

These unfamiliar words, its small brain, couldn't even be stuffed into it.

"So, you don't need to know. Let me tell you, after meeting my precious Brother Chen, you can't bully him. Otherwise, I'll leave you here alone." The young girl lightly flicked the little butterfly and said with a smile.

little butterfly felt extremely wronged.

"Good, good!"

He thought that he was the most important person to big sister Ling Xi, but she didn't.

little butterfly felt extremely uncomfortable.

"That big brother Long Chen, does he also look that pretty to big sister Ling Xi?" little butterfly asked.

It chattered all the way.

The young girl's eyes looked at the mountain and river ahead. She had already stopped talking. It was possible that the person she had been thinking about for a long time was right in front of her, so she was very excited with surging emotions.

"In front of us is the Holy Martial Empire."

The young girl raised her head. Her eyes were already moist.

"They said that he died and that the small town was destroyed by the dynasty. I don't believe that the White Yang Town still exists, so Brother Chen, you must not die, you must not!"

Long Chen had said that he had gone to the Holy Martial Empire. After hearing the news, the girl was overjoyed for a very long time, filled with hope.

The Holy Martial Empire is right in front of me, is he still there?

Ten days of time, it was almost here. In these ten days, Long Chen did not even take a single step.

"Ye Xuan, come in." It had already been a few hundred years since there was such a commotion in the city. In an instant, the number of people in the city had increased by quite a bit, and this time, the wedding was organized according to the largest scale of the Nether Realm.

His goal was to lure Long Chen into a trap.

In the eyes of ordinary people, although a lot of weird things had happened recently, they did not know about it, but for Su Mo and Ye Xuan, this pair of legendary figures, to be able to get together, the majority of the people were still cheering and looking forward to it. After all, their love story had spread far and wide. Not many people knew that the relationship between them had actually broken down long ago.

Although Ye Xuan was a little unwilling, there was no other way.

"Be careful in everything you do, your own life is the most important thing. Long Chen, you are the best brother I, Ye Xuan, have ever had in my life!" Ye Xuan patted his shoulder. He knew his own limits, when he entered, even Su Mo could kill him in an instant. But Long Chen's speed had increased, and there was even blood escape.

When Ye Xuan arrived at Great Void Realm, he looked at the city in front of him, and his eyes surged with fighting intent.

In the face of strength, intelligence and planning were useless. In that case, Long Chen could only choose to fight a battle to the death, he had never been afraid of anyone. Without a fight, no one knew who won and who lost.

He took a deep breath.

"Xiao Xi, this might be the last time I was willful before I went to find you. If I was rational, I would not care about anything else but you, but I cannot, this is the last time, if I die, then I can only blame myself, I love you, but at the same time, only I can save her, I can only promise you that I will do everything I can to let me live, or go to Imperial Domain of Sword Soul, and reach your side!"

After saying these words in his heart, Long Chen clenched his teeth, stepped forward, and headed in the direction of the city.

No one knew if this battle would end in life or death.

At this moment, the liveliness in the city had reached its peak. All the higher-ups had arrived, and a grand wedding was being held in the castle of the Lord Prefect!

Chapter 1033 - Nether Master Palace

Under Su Mo's plans, the wedding would be held ten days from now. Due to the time being being urgent, only those who had power in the Nether Realm were present. The super powers of the Nether Realm were originally gathered in the city.

In a short moment, the entire city was in an uproar, there was an endless stream of pedestrians, most of them coming to watch the commotion, and many people did not know what was going on with the wedding, they thought it was to congratulate Su Mo on reaching the wind tribulation.

Not many people knew Su Mo's real intentions.

At this time, in the largest hall of the city, in the Netherworld Sovereign Palace, the experts from all over the world had already taken their seats. At this time, in the largest hall of the city, in the Netherworld Sovereign Palace, the experts from all over the world had already taken their seats.

Amongst them, Su Mo, who was wearing the red robe of the groom, was the one who attracted the attention of the most attention. But the pity was, in the Su Family's huge fortune, only Su Mo was left to support it.

Many people were curious as to where Su Yang had gone to. Only some of the major powers with inside information knew that Su Yang had already been killed by that brat called Long Chen. Most of the strong warriors present had their own power, otherwise, they would definitely be very strong. Most of them knew about Long Chen's existence.

Although everyone was also envious of the Scarlet Sky Desolate Blood and nameless battle skill, many people knew that they could not eat it. Although the people from the East Palace did not appear yet, they had always been watching them from the shadows, and no one dared to use their divine sense to check around.

Su Mo was clad in all red, and shuttled back and forth within them. He was extremely imposing, and even after drinking a little, he was already in his peak condition.

His gaze swept across everyone's faces.

"Long Chen, are you not here yet?"

The scene today was for Long Chen. If Long Chen was a coward, then the wedding would have been a waste. With Su Mo's understanding of Long Chen's personality, he would definitely come.

Su Mo turned his head around, his gaze passing through the palace and the long corridor, and his gaze landed on Chu Tiange, who was sitting in the middle of the pavilion in the distance. At this time, Chu Tiange was still smiling as he looked at him, and it seemed that he was confident in his victory, Su Mo had already understood that no matter what, he would not be able to compare to this kind of heaven favored son of the East Palace.

"Since Chu Tiange has handed over all of today's matters to me to handle, this way, I must ensure the completion of the mission. With this kind of lineup, I don't believe that Long Chen can still leave after we arrive!"

Time slowly passed and the auspicious hour had arrived. Very quickly, it was time to send the bride out to pay her respects. Su Mo looked very calm, even though there was a kind of fake excitement on his face. Through his own spiritual sense, he was gradually beginning to feel confident.

In his line of sight, the graceful Ye Xuan, who was currently dressed completely in red, with a red hood covering her head, walked very obediently to Su Mo's side under the host's guidance. In terms of height, figure, and even strength, the two of them were undoubtedly a perfect match.

In Ye Xuan's family, she had sent her parents out of the Ye Family from the very beginning, so when the Ye Family was exterminated, her parents were fine. Now, they were waiting for the siblings to return. Amongst the Su Family, the other elders were not promising either. They were just like Su E, who could not show his face, and so this "High Hall" was completely borne by the Lord of the Nether Realm.

At this time, a neatly dressed Lord of the Nether Realm with a face full of smiles was sitting at the highest seat in the Main Hall of the Netherworld, while Su Mo and Ye Xuan were already standing in front of him, waiting for the host's orders.

The critical moment had already arrived. Everyone was looking forward to it. What would happen?

Su Mo didn't seem to feel any pressure at all, he faintly smiled and gently looked at the obedient Ye Xuan beside him. He had once imagined such a scene before, but that was countless years ago.

The master of ceremonies's resounding voice reminded him. At this time, everyone looked towards Su Mo's direction with smiles plastered all over their faces. This could be considered the wedding ceremony of the strongest cultivation in the entire Nether Realm.

Everyone looked forward to it.

"Su Mo and Ye Xuan, I watched as you both grew up. To be able to reach where you are today, I sincerely congratulate you both." At the very top, the Lord of the Nether Realm nodded with a smile.

"Thank you, Manorlord." 's voice did not sound like she was being imprisoned at all, it even sounded a little shy, causing some of the people who knew to be confused. They knew that Ye Xuan had been captured, and was used to attract Long Chen's attention, but why did Ye Xuan act as if it was so natural?

Speaking of Long Chen, everyone could not help but sigh.

This person, who did not even have a consciousness, was actually able to cause such a commotion in the Netherworld Palace, and he had even heard that he had killed Su Yang, and most people did not believe him, but even if they did not believe that he could kill Su Yang, it was still within the God Slaughtering Tomb. Killing a Third Stage of the Divine Martial Realm like Su E's was something that had really happened.

To everyone present, this mysterious youth was simply heaven-defying.

It was about time for the bride to go to the bridal room. Ye Xuan was considered the top beauty in the entire Nether Realm, his status, temperament, and strength were all top class. To be able to get such a wife, everyone looked at Su Mo with envy, unable to help themselves from feeling jealous.

"Everyone drink, drink! We won't leave until we're all drunk!" Before the bride had left, Su Mo had already started to change the atmosphere. In his mind, he saw that the Little Fishy who was tempted by the bait had already begun to bite the hook. At this time, Su Mo smiled and looked at the ceiling!

BOOM!

With an explosive sound, the completely green ceiling was penetrated by countless blood-red sword lights. The entire ceiling was instantly destroyed, and countless dust fell down to the floor, pouncing onto the dishes and wine below. Everything on the table was ruined, and many people were smashed into smithereens by the dust and rocks, unable to react in time.

and Lord of the Nether Realm Yang Yufan were not angry at this scene. Instead, they looked at each other and laughed. The fish had already hooked itself, and the next thing to do was to put the fish in the basket.

In the dark, Chu Tiange also raised his head and looked in this direction. In his field of vision, a young man descended from the sky, and landed in the center of countless people. Even though the aura he released was only The First Stage of the Divine Martial Realm, his body contained a countless number of terrifying factors, which made Chu Tiange feel extremely interested, especially the unyielding will of this young man, which revealed the kind of terrifying self-confidence and calmness in his eyes.

"If such a person was born in the East Palace, he would definitely be in the top ten of the Son of Heaven Ranking right now and would be a huge competitor of mine."

This was the conclusion Chu Tiange came to after taking a look at Long Chen.

To him, today's arrest was only a small matter. Since Su Mo had taken care of all the matters here, then let him do whatever he wanted. In any case, the fish had already fallen into his trap, so no matter what, he wouldn't be able to escape from Chu Tiange's grasp.

And

Chu Tiange had thought about Crimson Sky Kingdom before, and Chu Tiange knew about his petty tricks. Such a person, let's just let him have a fight to the death with Long Chen, since the final result has nothing to do with him, if he died, then that would be even better.

That's right, the person who came here, was Long Chen.

Long Chen had long been mentally prepared for this. Although his situation was not good, Long Chen had the faith that he could not die, he believed that he could definitely complete it, and if that was not possible, he could only use that one move, but even if his cultivation was crippled, Long Chen could not let Ye Xuan fall into their hands!

Even though it was only The First Stage of the Divine Martial Realm, when Long Chen arrived, that kind of domineering aura still frightened many people. In the entire Nether Realm, no one dared to behave atrociously!

Just a mere The First Stage of the Divine Martial Realm, could it be that Long Chen? "

"That's right, that's him. He really dares to come here. This is truly hard for me to believe. Does he not know that this place is already a mountain of blades and a sea of flames for him?"

"Stealing from the East Palace is not a good ending at all. I think he must have come to offer something of his own accord."

"You're offering something of your own initiative. Is there a need for such a high-profile person to come in?"

All sorts of discussions were held behind Long Chen.

Long Chen took a few steps forward, and just as he entered, his line of sight landed on Ye Xuan, who was at the side. It was precisely because of Ye Xuan's appearance that Long Chen rushed in, and it was only Ye Xuan's performance that made him feel that it was strange, why was she so obedient?

At this time, the Lord of the Nether Realm gave Su Mo a look. Without Yang Yufan to say anything, Su Mo already knew what he should do next. He blocked in front of Ye Xuan and laughed: "Little guy, disturbing other people's wedding, this is impolite, is this all you have? Or did your parents never teach you how to behave, or are you the son of a bitch? "

Chapter 1034 - Slaughtering

Su Mo's last sentence, caused everyone to laugh.

They bickered, but this was no longer Long Chen's current interest. If he was not mature enough, he would definitely scold Su Mo until his head was drenched in dog blood. It would be completely useless then.

Many people were looking at Long Chen, hoping that he would have some kind of strange performance. However, Long Chen was thinking about something, he felt that Ye Xuan was different, he could not explain what it was, and all kinds of senses he had were Ye Xuan. Long Chen could only use the Spirit Devouring Demon Pupil, but he saw a few clues.

The other party's Divine Martial Spirit felt a little twisted. Although it was still Ye Xuan's feeling, but it felt a little like the other person.

Saving Ye Xuan was Long Chen's first goal today.

Thus, at this moment, Long Chen raised his head. Under the suppression of countless people, he was neither afraid nor frightened as he raised his head. A dragon image flashed in his hands and the Scarlet Sky Desolate Blood appeared in his hands.

The appearance of the Crimson Sky Kingdom immediately caused the entire Nether Master Temple to seethe with excitement. Everyone rushed to look over, revealing expressions of envy. In an instant, discussions broke out and all sorts of random noises filled the entire Nether Master Palace.

"What is he trying to do? Battling with Su Mo of Fifth Stage of the Divine Martial Realm? "

"How is this possible!?" There is a disparity between The First Stage of the Divine Martial Realm and heaven and earth. Any one of these Fifth Stage of the Divine Martial Realm can easily kill over ten thousand people, yet he, with the Crimson Blood Desolate Land in his hands, dares to make a move against Su Mo? "

To be honest, with the audience's understanding, if Su Mo lost to Long Chen, it would be considered the funniest joke they had heard in the past 1000 years. Even if they saw it with their own eyes, no one would believe that it was true.

In this world, there were still quite a few methods of concealment.

After took out Crimson Sky Kingdom, a cold light flashed in his eyes as he raised Crimson Sky Kingdom high up in the air. Long Chen looked at Su Mo with an ice-cold gaze as the corners of his mouth revealed a trace of an icy smile.

"Get out of the way."

Looking at the terrifying young man shrouded in blood, Su Mo was shocked. However, thinking that it was just a turtle in a jar, and that he had already reached the Fifth Stage of the Divine Martial Realm, Su Mo became extremely confident and laughed: "Stop joking, you won't be able to escape today. If you come to this place, you will regret it one day."

"Is that so? Then I'll give you a gift first. "

After Long Chen finished speaking, the Crimson Sky Kingdom's Desolate Blood Thorn in his hand fell to the ground.

BOOM!

The crimson array formation spread out from the tip of his sword in all directions, instantly enveloping half of the entire Nether Master Palace within the God Slaughtering Sword Formation. Most people were scared by the sharp sword array beneath their feet, at this time, the blood-red light had already covered most of their feet, it was the sword symbol on the God Slaughtering Sword Formation.

A majority of the people had a large amount of blood red sword shaped symbols under their feet. Most of the people in that part were from the Netherworld Army, otherwise, they would be the core characters under the Lord of the Nether Realm.

"Get out of the way!" The blood-red colored primordial spirit poured into the Blood Heaven Desolate Land from Long Chen's hands without end. A wave of killing intent that would shock anyone exploded out of Long Chen's body, causing the entire Nether Master Hall to sink into a terrifying atmosphere.

Everyone was stunned.

"Impossible, The First Stage of the Divine Martial Realm, how is it possible to do this?"

"This is the God Slaughtering Sword Formation. Everyone, run!"

"What, the God Slaughtering Sword Formation!"

Very quickly, he was frightened and wanted to leave through the air. However, no matter how fast they were, they couldn't compare to Long Chen's speed.

Long Chen had obviously used the lives of a large number of people as a threat. Today, Chu Tiange had entrusted this matter to him, so if he were to leave a large amount of blood in the Nether Master Hall, even capturing Long Chen would be a little difficult. At that time, if Chu Tiange was not happy, then ...

Thinking about it, Su Mo's face darkened. Long Chen could always use ways to infuriate him to death.

"You're courting death!" Su Mo did not dodge, but rather directly grabbed towards Long Chen with one hand. Him, whose cultivation had already reached the Fifth Stage of the Divine Martial Realm, was much faster than Ye Xuan, as he was already at the same level as him. Su Mo, who had grown in cultivation, gave Long Chen a lot of pressure.

"Unfortunately, you're too slow."

Seeing Su Mo rushing towards him, he roared out, and with a twist of the Crimson Sky Kingdom in his hand, countless Sword Qis shot out from the God Slaughtering Formation. For everyone, this was a disaster, the weaker ones had their chests pierced through by the blood-red Sword Qi, no matter how strong they were, they would be able to escape far away, and under the encirclement of the countless amount of Sword Qis, they would not be able to escape too much in a short period of time.

Under Long Chen's individual display, in a short period of time, the Main Hall of the Nether Realm had become a living hell. Blood-red sword energy surged in all directions, and countless screams rang out consecutively.

This God Slaughtering Sword Formation, was simply too terrifying. If Long Chen had a primordial spirit above the Sixth Stage of the Divine Martial Stage, then he would be able to unleash the full power of the God Slaughtering Sword Formation.

Su Mo never thought that Long Chen would actually do what he said. With just this, more than five thousand of the twenty to thirty thousand people in the Nether Master Palace died instantly, and the rest that weren't injured was at least at Fourth Stage of the Divine Martial Realm. Even if it was Third Stage of the Divine Martial Realm, losing an arm and a leg was normal, calling it hell wouldn't be excessive.

With a sou sound, after Long Chen had killed most of the people, his speed changed. In the first moment, he disappeared from Su Mo's sight!

This scene made Su Mo's scalp tingle. The screams of tens of thousands of people joined together, it was a very spectacular sight, making Su Mo's scalp tingle.

I used Ye Xuan to threaten him, it has already driven him crazy. This guy is crazy, his actions are really terrifying.

Looking at the miserable situation in front of him, Su Mo regretted not attacking Long Chen from the very beginning.

On the high platform, the Lord of the Nether Realm and the Emperor of the Underworld stood together. Under Long Chen's God Slaughtering Sword Formation, most of the people who died were from the Netherworld Army and the Palace Chief, the two of them felt extremely pained. Just as the Emperor of the Underworld was about to make a move, the Lord of the Nether Realm stopped him and said, "Master gave this to Su Mo, so we were stopped by him."

Gao Yan thought for a moment, but still nodded his head seriously. Yang Yufan was right, Chu Tiange definitely didn't like people disobeying his orders, everything was under his control, whatever he said was what a true big shot wanted, as for the lives of his subordinates, Chu Tiange did not care at all.

At this moment, Chu Tiange closed the book and looked at Long Chen with interest. He continuously nodded and laughed: "This young man, has a good temperament and is decisive in killing. He immediately decided on Su Mo's position, and is stronger than Su Mo."

He wanted to obtain Long Chen's things, but he was not in a hurry at all. Long Chen would never be able to escape his sight and only by slowly acting like this would he have the interest to get what he deserved.

"Oh, so the goal is Ye Xuan?"

After killing the majority of the people, and dodging Su Mo's attacks, Long Chen's entire body turned into a golden flash of lightning, and in a blink of an eye, he was already within ten meters of Ye Xuan.

"He wants to save Ye Xuan!"

Everyone watched in horror. Hearing this, Su Mo suddenly laughed, he turned his head, and saw that Long Chen was already in front of Ye Xuan, but he did not make a move.

"Like this ..."

At this time, what made everyone even more shocked was that Long Chen did not go to save Ye Xuan, but instead slashed down at him! A blood-red sword light instantly flashed past Ye Xuan's head, chopping the red head on his body into two.

"Such a smart guy. You even saw through my secret skill of disguise?" After the red veil was severed, a sweet-looking and cute girl appeared. She had thick makeup wrapped around her, her figure was graceful, and she had astonishing curves. She was completely different from Ye Xuan.

This person who had come to pay respects to Su Mo, was not Ye Xuan at all!

Long Chen didn't know what kind of secret skill this was, but for even Long Chen to be able to deceive it, it must be something extraordinary. Long Chen had to be very close to find out that something was wrong, and only after standing in front of Long Chen for so long would he reveal a flaw.

Although there were many mishaps with the plan, Long Chen's heart received a huge shock. However, this was the time where he needed to be calm the most, so he forced his brain to clear up.

At this time, without saying a word, Su Xiao Die, a long whip made up of blood-red feathers, whipped towards Long Chen. This girl had instantly displayed a skill that far surpassed Long Chen's, and it was no surprise that the long whip in her hands had struck Long Chen's body.

Pow!

Long Chen flew out.

"Su Mo, you, who have lost face, can also be considered to be a practitioner of my Phoenix bloodline. Su Xiao Die put her hands on her waist. A mere The First Stage of the Divine Martial Realm was enough to kill one after another, even if it was just Third Stage of the Divine Martial Realm. Even though she did not kill Long Chen with that strike, she was sure that Long Chen would never be able to get back up.

This unforeseen event was out of everyone's expectations.

Long Chen's first move was out of everyone's expectations. After giving countless seniors present a show of power, he had directly killed that many people, and in the second move, he had been struck by Su Xiao Die, and had been tricked once.

Long Chen fell to the ground, the ground was already covered with blood, the people around scattered in fear, in their hearts, Long Chen was already like a demon.

Chapter 1035 - Until Death

The entire Nether Master Palace was now filled with corpses.

If today's matter were to spread out, the entire Nether Realm would be greatly shocked. It was likely that even the people from the East Palace would receive the news that Long Chen was present.

Su Mo felt his face burning. It was just a Long Chen, he actually needed Su Xiao Die's help in order to catch him at this not an awkward time, without saying anything further, Su Mo lightly tapped his foot, and purple blazing flames appeared in his left and right hands as he charged towards Long Chen!

"Die!" Two streams of flames directly headed towards Long Chen's face.

It would be weird if Long Chen could still get up after being hit by Su Xiao Die.

Just as Su Mo's fist was about to hit him, Long Chen who was lying on the ground opened his eyes suddenly and waved the sword in his hand.

"Billions of killing!"

Su Mo was very close to it, and was instantly surrounded by a sword balloon, blocking his path forward. The blood red sword balloon quickly rotated, and pierced forward.

"That woman, should also be from East Palace." What surprised countless of people was that Long Chen actually managed to crawl back up unscathed. He turned his head to look at Su Xiaodie, and then used his repulsive force to instantly rush out of the Nether Master Hall and escape.

Ye Xuan did not come out from the Abyssal Prison Tower, he had been scammed once today, and could be considered to have come for nothing. However, Long Chen was not someone who would suffer losses, he would not come here for nothing!

"If you want my things, you want me to die. But at the very least, you must pay the price of your lifetime of regret!" These were the words that Long Chen had passed on to her when he looked at Su Xiaodie once again. The moment Long Chen climbed back up, Su Xiao Die felt as if he saw a blood red ancient beast in front of his. The pressure that came from his bloodline suddenly made his take a step back.

When she woke up, Long Chen had already escaped.

At that moment, Su Xiao Die did not know what had happened. It was a kind of fear that came from nowhere.

"This guy!" Su Xiaodie remembered that she had been scared by him. She immediately became angry and humiliated to the point of anger. Her murderous intent rose to the peak. It had been a long time since she had wanted to kill someone so much.

"Break!"

The trillions of kills did not hit Su Mo, and were blocked by Su Mo's flame sphere. However, breaking through the trillions kills, still took a small amount of time.

"You actually want to run away!" Su Mo was shocked, he knew that Long Chen had an escaping technique, it was extremely terrifying. If he used it, Su Mo would definitely not be able to catch up, if he let Long Chen escape, Chu Tiange would definitely kill him.

"Trash, let me!" Su Xiaodie was furious. She cursed and was about to give chase when a golden-robed young man suddenly appeared beside her and grabbed her shoulders.

"Who is it?" Su Xiao Die turned around angrily.

"Die'er." Chu Tiange's face sank.

"Senior apprentice-brother." Su Xiaodie's temper instantly vanished.

"Let Su Mo handle this matter, you just have to watch. Don't get angry lightly, on the path of cultivation, and fight with others, getting angry first, often means losing. Fighting with the weak will not benefit you at all." Chu Tiange said.

"Then what should we do?" Su Xiao Die asked nervously.

"Don't worry. As long as someone enters the range of my divine sense, no one will be able to escape." Chu Tiange laughed, and at the same time, a lot of people had already followed Su Mo out, only Lord of the Nether Realm and the rest were still there. Chu Tiange took the lead, stepping over the corpses and the people who were screaming on the ground, their expressions did not change, as if they did not see anything.

The deaths of these people were of no harm to the truly important figures.

After walking out of the Nether Master Palace, everyone saw that Long Chen did not completely escape, but had instead been stopped by Su Mo. The two of them fought while shifting their locations, heading towards the eastern part of the city.

"This guy's speed is too fast, I've long heard that his speed is abnormal, and seeing him today, I can see that he really lives up to his name, even Su Mo was not able to catch up to him!"

Su Mo was extremely sullen, he simply did not want to continue fighting. His expression was extremely anxious, as he tried to escape, and also tried to take on Su Mo's attacks from time to time. Su Mo, who had reached the Fifth Stage of the Divine Martial Realm, was undoubtedly a fatal threat to Long Chen, but Su Mo was close to vomiting because Long Chen did not want to fight him.

"This kid clearly has that escape art, but he's guiding me over here step by step. What the hell is he doing?" Su Mo was not an idiot, so he could naturally see that Long Chen had some sort of goal behind his progress, even though Long Chen pretended to be very similar.

"Chu Tiange is watching us. I can't fall into his trap again."

Su Mo and Long Chen could be considered to be old enemies. From the moment they had met in Ghost City, Su Mo had been on top of everything. Until today, Long Chen had completely the qualifications to be discussed on the same level as him.

"Do you really think that I only have this much strength?" Su Mo could not wait any longer, he anxiously wanted to use his Fifth Stage of the Divine Martial Realm, otherwise, he might really fall into Long Chen's trap!

"Fifth Stage of the Divine Martial Realm, the arrival of the three great tribulations is the best way to obtain an innate constitution. Today, I'll let you experience the true Purple Fire Phoenix Physique!"

It was also a kind of beast type of bloodline, and it quickly spread on Su Mo's body. Just at this moment, Su Mo's back underwent a huge change, and a pair of real bird wings actually extended out from his back. This pair of wings was incomparably large, and burned with purple flames.

This pair of purple wings indeed made Long Chen feel an enormous threat.

However, Long Chen's expression did not change.

Could it be that under this kind of threat, he still thought that he could escape. One must know that behind this group of people, there was a group of people standing, including Chu Tiange, Su Xiaodie, Yang Yufan and Gao Yan. Any one of these people could be faster than Su Mo in killing Long Chen.

"No matter what you say, this boy at his age and level is actually able to endure until now. It is truly inconceivable. What sort of background does this boy have?"

In a short moment, Su Mo's innate body transformation had already completely changed. With a flash of purple wings, a fiery hot aura spread out from Su Mo's body, blowing throughout the entire city.

The wild wind howled.

"Aren't you fast? "And now?" Su Mo laughed, with the flash of his real wings, his speed increased to Gao Yan's level.

"She's turned into a birdman, she's so beautiful." Contrary to Su Mo's expectations, Long Chen only laughed, as if nothing had happened. He glanced at Chu Tiange who was standing behind the crowd and said, "If you have the guts, then follow me."

After he finished speaking, a blood-red light flashed across Long Chen's body, and instantly disappeared, as he headed towards the east. Su Mo's expression changed, this was one of the techniques that he was most familiar with and most worried about, Long Chen.

"So fast!"

The speed of these two people, one in front and one behind, frightened everyone.

"Chase after him."

The others quickly followed him.

"This is the Escape Technique?" Chu Tiange was very emotional. He and the others looked at each other, and the speed of the four instantly surpassed that of the others, and they followed right behind Su Mo. Su Mo did not stay idle either, desperately flapping his purple wings, wanting to catch up to the blood red figure in front of him.

"If I let him escape, I will not have a good ending!" Thinking of this, Su Mo continued to fight with all his might.

Very quickly, he discovered that Long Chen was standing there without moving, as if he was waiting for him. Su Mo stood in front of Long Chen, and looked around, this was the highest training camp of the Netherworld Army, the base of the Nether Palace's Netherworld Army, so this should be the Nether Plaza, and the current Long Chen, was standing under that gigantic Netherworld Stone that was more than a kilometer tall. This Netherworld Stone looked to be endless, and when he raised his head, he could already see that the peak of this Netherworld Stone was already in the clouds.

"What is this kid doing here?" He knows that even his escaping technique cannot escape Chu Tiange's pursuit, so why should he prepare to leave? " Looking at Long Chen in front of him, Su Mo had a face of suspicion. At this time, Long Chen was standing in front of the Netherworld Stone, his back was facing Su Mo, and only after waiting for everyone else to arrive, did Long Chen turn his head around. When Long Chen turned around, he saw a kind of strange light on's face.

Not far behind Su Mo, Chu Tiange and the others were standing there as they looked at Long Chen with interest. He simply did not make a move, and while Long Chen and Su Mo was fighting, he carefully observed each and every one of Long Chen's movements. There was a strange change in his eyes.

The others gradually gathered together as well.

At this time, Long Chen unexpectedly walked step by step towards Su Mo with an expression that said he was not afraid of death, causing others to be extremely impressed. They found it very strange, that Long Chen might have had a slight chance of escaping just now.

"What other tricks do you want to play now?" Su Mo carefully watched Long Chen approach.

"A game of death, do you dare to play with me? Earlier, your Su Clan's Su Zhen lost to me, so he died. " Long Chen suddenly said.

The others felt their hearts palpitate. This young man was simply a legend.

"How do we play?" Su Mo asked.

"Fight to the death."

Chapter 1036 - Fighting Su Mo

In the huge Nether Plaza, the rest had already left. Only the higher ups of the Nether Palace, who were at least at the Fourth Stage of the Divine Martial Realm level, were qualified to stay in this place. Amidst the encirclement of the crowd, were Chu Tiange and Su Xiao Die from the East Palace.

"This is the young expert from the East Palace." Long Chen's gaze turned towards that direction. This person gave him the most pressure. In front of Long Chen's eyes, he seemed like a ball of fog, especially on his body, which gave off a kind of vitality that made people's scalps go numb. This should be the Sixth Stage of the Divine Martial Stage, which was the only way to achieve this supreme golden body.

In the middle of the audience, Long Chen was definitely the youngest. One could not tell his age just by looking at his appearance, but there was a kind of maturity in the Divine Martial Spirit, and normally, warriors with Divine Martial Stage above the level of Divine Martial Stage would be able to analyze the age of the martial artist from the Divine Martial Spirit. It was obvious that Long Chen's Divine Martial Spirit was a completely new disciple, and his age was definitely under the age of 25.

In actuality, Long Chen had been officially cultivating since he was sixteen, and today, he was exactly twenty-two years old. And even the youngest Su Xiao Die present was older than him by about twenty years. This was the rule of the Three Great Imperial Domains, not that Su Xiao Die was old.

At his age, it was not considered outstanding for Long Chen to have reached the The First Stage of the Divine Martial Realm. The starting points for the warriors in the Three Great Imperial Domains were all extremely high, but to be able to make so many super strong experts move for him at the peak of the The First Stage of the Divine Martial Realm, and even far surpassing the practitioners of his Sixth Stage of the Divine Martial Stage, was the point of this youth's heaven-defying strength.

Although many people did not say it, but in their hearts, they truly admired Long Chen!

"This kid is only around twenty years old, but he has such temperament and battle prowess. If he were to treat us as his enemies, it would be troublesome." Chu Tiange's face did not reveal any expression, as he looked at Long Chen in a daze, as well as the Scarlet Sky Desolate Blood in Long Chen's hands.

"Him? If Su Mo couldn't handle it, it would be a waste of his Fifth Stage of the Divine Martial Realm. But it's very strange, is this guy hiding his true strength? The entire East Palace does not have such a fighting strength. " Su Xiao Die was also very interested in Long Chen.

"Not just East Palace, even True Martial Imperial Palace doesn't have it." Chu Tiange said silently.

"If anything goes wrong with Su Mo, I will personally take action."

"You?" When Chu Tiange came to the Netherworld Udumbara Palace, he really hadn't fought before. Last time, Ye Xuan had been defeated by the combined forces of Su Xiaodie and Lord of the Nether Realm, and with just his alone, he wasn't able to take down Ye Xuan who was wearing the Nether Emperor Armor.

What kind of power was the East Palace? , the Clear Sky Sword God, was one of the young elites of the East Palace. It could be said that only among the billions of people present, among the tens of billions of people, would a person like Chu Tiange appear. Just a mere The First Stage of the Divine Martial Realm alone, did Long Chen have the qualifications to make Chu Tiange act for him?

Seeing how Chu Tiange valued his so much, Su Xiao Die smacked her lips. She had no choice but to re-evaluate this miraculous little fellow, Long Chen. He was not even half of Su Xiao Die's age, he was indeed a little kid.

"This guy really thinks he's a genius. In front of senior brother, other than the people from True Martial Imperial Palace, no one else has the qualifications to call themselves a genius." Su Xiao Die said as she held Chu Tiange's arm.

"Die'er, you are too naive, the Three Great Imperial Domains is so big, with a population of billions. Although I am considered one of the top figures in the East Palace, in every single Imperial Domain, there are countless more than me, and just the Desolate Imperial Domain, how many races are there? Furthermore, don't forget that the Eastern Emperor Region, is only a vassal state of the True Martial Emperor Domain, and Nine Realms is a place that is on par with the Three Great Imperial Domains. There are numerous strong experts and countless geniuses. "

Speaking of which, Chu Tiange's eyes were filled with a feeling of humility.

"Only by maintaining respect for the path of cultivation can one improve. They can be arrogant and overbearing. Those are all obstacles in their way."

"Oh, oh." No one knew of Long Chen's plan. In the eyes of the audience, Long Chen was only doing a battle to the death, so the fate of death was something that he would never be able to escape from. After all, had nothing to do with the God Killing Inheritance, and that was not something that someone at his level could possess.

"The grudge between Su Mo and this brat named Long Chen is far from ordinary, it's no wonder that even if Long Chen went all out, he would still retaliate in the end. It seems like he wants to drag someone down with him."

This was what many people were thinking.

Chu Tiange did not give any orders, neither did anyone move as they watched Long Chen and Su Mo's battle.

Su Mo accepted this game of life and death. After arriving at the Fifth Stage of the Divine Martial Realm, his Innate constitution had already completely awoken. This purple fire Phoenix Physique had bestowed

Su Mo with extremely strong speed, and he also had the Nirvana Flame at an ultrahigh temperature. At the same time, his pair of wings could be used as a weapon.

"The reason you can kill Su Zhen is because of the God of Slaughter's rules, and I ..." Su Mo laughed coldly. With a shift of his wings, he instantly appeared in front of Long Chen.

"Phoenix Flashing Wings!"

At this moment, the two pairs of wings seemed to be two gigantic side blades that burned with purple flames, slashing towards Long Chen with a loud bang. Su Mo's attack, was able to rely on the unity-stage, to move the Emperor's Qi between heaven and earth, containing within the martial will, it was extremely powerful, and now it also had the strong power of an Innate Body!

A pair of wings swung out, and a deep ravine appeared on the ground. Sand and stone flew out and a pair of wings had already arrived in front of Long Chen!

At this time, Long Chen, who was not in a hurry, showed everyone what speed truly was. His feet suddenly changed, and instantly transformed into a bolt of lightning, many people did not even see clearly, before Long Chen directly dodged behind Su Mo. Although the current Long Chen looked very calm, the killing intent coming from his body, seemed to have come from Ye Wushang, and was even more terrifying than Ye Wushang.

The moment Long Chen rushed behind him, Su Mo felt that behind him was actually an enormous ancient beast. This kind of feeling made him tremble with fear.

"There must be some kind of trick to this kid's body, if not there wouldn't be so many miraculous things, Chu Tiange didn't directly make a move on him, and instead let me do it, I'm afraid that he wants me to see if he can excavate anything from Long Chen's body, if he were to make a move, he would definitely kill Long Chen instantly without a doubt."

This was not because they looked down on Long Chen, but rather, the two of them were not on the same level. In the Nether Realm, even the status of a Lord of the Nether Realm was a lot lower than Chu Tiange's.

In Su Mo's heart, no matter what he said, the Long Chen of today would not be able to escape.

"Trying to run?" When the phoenix wings turned back, Su Mo turned into a purple colored line of fire and once again pounced towards Long Chen. At the Fifth Stage of the Divine Martial Realm, his primordial spirit also increased at the same time, so Long Chen could only restrict him a little bit with a speed even faster than him.

In the middle of the dense blade wings, without saying a word, Long Chen clenched his teeth and retreated step by step. At the same time, he took the opportunity to attack.

If not for this speed, Long Chen might have already been killed by Su Mo.

"Purple Flame Purgatory Fist!"

Su Mo had completely trapped Long Chen, and then attacked him. The purple colored flame vortex restricted Long Chen's body, but the final force of the punch was contained within the center of the vortex.

"Billions of killing!"

As he charged forward, he suddenly slashed out a ray of sword balloon, instantly condensing tens of thousands of Sword Qi into a huge sphere that moved with a loud bang. Compared to when he was fighting in the Treacherous Forest, the current Long Chen possessed even stronger primordial spirit s and speeds, which was also his progress!

Thus, when Long Chen faced it head on, he was actually not any weaker than Su Mo.

Su Mo who was using the Purple Flame Purgatory Fist was directly pushed back by Long Chen!

"An insignificant skill!" Su Mo laughed and continued to move forward, a sinister look in his eyes.

"Then, I'll let you experience the true might of the Purple Fire Phoenix Physique."

BOOM!

The gigantic purple wings completely wrapped around Su Mo. The purple flames burned and formed a gigantic flame sphere.

"In order to deal with Long Chen, Su Mo even used this move, it is a move that Su Zhen is famous for, never did I expect that after Su Zhen died, Su Mo would immediately take over."

"With this move, Long Chen is definitely going to die."

Under the absolute suppression of strength, everything was fleeting. Su Mo possessed such an absolute suppression of strength.

Looking at the flame sphere in the air, Long Chen frowned. He could also feel that it possessed a power that shocked him, and was currently climbing.

"If you want to take my life, you must at least pay a heavy price."

From the very beginning, Su Mo was Long Chen's enemy. Until today, Su Mo finally had the chance to fight him head on!

"So many people are waiting for me, I can't lose!" To Long Chen, this was a belief that he had to persevere until his death, and that was that he could not lose.

Within Long Chen's body, a large amount of internal organs and muscles squirmed as blood surged. It was as if there were countless gigantic beasts hiding within, releasing waves after waves of furious roars.

The Crimson Sky Kingdom's Crimson Blood Desolate was lifted up high.

"Darling, we can only rely on your strength."

The Blood Horn Demon Dragon let out a soft moan as if it was agreeing to Long Chen's request. At this moment, the flame sphere in the middle suddenly cracked!

"Long Chen, die!"

This was no longer the image of a phoenix, it had been born into the world. Instead, it was a large bird that looked like a real demon, flying towards Long Chen with a loud bang. This kind of phoenix possessed Long Chen's unrivaled strength.

That sharp beak was like the world's sharpest weapon, thrusting towards Long Chen. Especially that kind of pressure that belonged to a huge beast, it was unknown just how much stronger it was compared to the martial will, in an instant, Long Chen felt like he was a small boat floating on the surface of a storm.

"Phoenix True God!"

It was as if the entire world had turned into a barren wasteland. In front of him, there was only a huge purple bird that seemed to cover the sky and cover the entire sky, almost drowning out the entire sky. Long Chen had a feeling as if he was facing a god, this feeling made him kneel on the ground, letting the gigantic purple phoenix slaughter at will!

This was the power of this move. Only the person who had truly awakened the Purple Fire Phoenix Physique would be able to use it.

"Death?" That sharp blade and sword seemed to be pressing down on Long Chen's body, the most terrifying thing was that there was an omnipresent pressure, causing people to not dare resist, but Long Chen was not a simple person.

Su Mo's attack, anyway, had ignited the pride in Long Chen's heart. The countless images of the Divine Dragon flashed on his body, letting out roars that shook the heavens and earth. In Long Chen's hands, the Crimson Sky Kingdom seemed to have turned into a Divine Dragon as it looked gloomily and disdainfully at the large purple bird in the sky.

"God Slaughtering Sword Formation!"

Roar!

Long Chen let out a roar, and his eyes turned blood-red. Before the big purple bird arrived, Long Chen's Crimson Sky Kingdom suddenly stabbed into the ground, and the blood-red formation instantly surrounded both him and Su Mo.

"Sword Sea!"

Long Chen waved the Crimson Sky Desolate Blood Sword in his hand, and countless amounts of blood colored sword aura appeared from within the blood colored array formation and gathered towards the Crimson Sky Kingdom. In a very short period of time, the Crimson Sky Kingdom had completely transformed into a giant blood colored sword that was a hundred meters long, which Long Chen held in his hands.

The two attacks clashed, and the purple big bird let out a wail. Its wings were still flapping, and a deep bloody wound appeared on its body, but the gigantic sword that was formed from Long Chen's sea of swords suddenly shattered during the collision.

If the difference between the two primordial spirits was not that great, Long Chen's sword just now was already enough to hack this birdman, Su Mo, into two halves.

"There's nothing you can do now, right?" 's laughter came from an unknown place as the purple fire phoenix continued to soar into the sky. After a short while of interception, it actually disregarded its injuries, and its eyes were blood-red.

In Long Chen's eyes, the purple phoenix was no longer afraid. After the completion of the Sword Sea, Long Chen gave a cold glance and sneered, the longsword in his hand once again stabbing into the middle of the God Slaughtering Sword Formation. And this time, it was at the very center of the God Slaughtering Sword Formation!

"Beast tide!"

Some of them even directly covered their ears. It was as if millions of wild beasts were roaring over and over again, and countless beast type Runic Shadows came out of the God Slaughtering Sword Formation and gathered at Long Chen's feet. When all the beasts gathered together, they formed an extremely strong will that completely drowned out the purple phoenix's will.

"Rise!"

Long Chen pulled out Scarlet Blood Sky Desolate, and pierced towards the purple phoenix!

As he waved his sword, Long Chen felt as if his arm was going to explode. This was because in the Scarlet Sky Blood Desolate Land, the amount of energy gathering was simply too much, and this was not his own power. Instead, it was the power of over a thousand Ghost Beasts that had gathered together in the forest of ghosts!

Whoosh!

A sword stabbed out!

When the Crimson Strifecloud Demon Dragon appeared, it had already declared its failure. According to the legends, the real Phoenix was a Divine Beast, and was on the same level as the Golden Crow, but the one in front of it was clearly just a hybrid descendant. When it met a real Divine Dragon, its coercion was just like a joke!

The Blood Horn Demon Dragon that was formed from billions of sword qi roared, shaking the entire world. Everyone was shocked, especially Chu Tiange, who had an incomparably excited and surprised look on his face. He had always been a quiet person, so it proved that he was excited enough.

The Crimson Horn Demon Dragon opened its bloody maw to welcome the Purple Flame Phoenix. But as the Purple Flame Phoenix saw this enormous beast that even his soul felt, it had already completely lost all will to resist and hurriedly retreated.

When everyone saw this scene, the Crimson Horn Demon Dragon opened its mouth and swallowed the purple phoenix that blotted out the sun, before loudly dissipating.

After the Scarlet Horn Demon Dragon disappeared, the purple phoenix also disappeared, accompanied by the disappearance of Su Mo. Under Long Chen's attack, it could be said that Su Mo had completely turned into powder.

BOOM!

Everything had scattered, Long Chen kept the God Slaughtering Sword Formation and almost fell to the ground. The last move, had almost consumed all of the primordial spirit in his body, and the beast wave

was the strongest move of the God Slaughtering Sword Formation, able to finally draw out the Crimson Strifecloud's power. According to Ye Wushang's calculations, if not for the Crimson Blood Horn Demon Dragon's power, Long Chen would not have been able to kill him today.

Everything had disappeared except for a young man who looked pale. After staggering for a few steps, he steadied himself, raised his head, and looked at the crowd with an unyielding and resolute gaze. There was no hint of fear in his eyes, and no sense of complacency.

"Ten breaths of time, it's not even over yet!"

From the time Long Chen used the beast tide to him killing Su Mo, only five breaths of time had passed, about seven to eight breaths of time. Long Chen used the Great Void Dragon Symbol's skill, and wave after wave of light rippled through his body.

In that instant, the dispirited and dispirited Long Chen seemed to have become a completely different person. He had completely recovered and his gaze had become much sharper.

If the audience had treated this youth as a monkey trick before, they felt admiration towards the current Long Chen. After all, other than the Su Family and the people from the East Palace, no one else had directly clashed with Long Chen.

"The First Stage of the Divine Martial Realm, after killing Fifth Stage of the Divine Martial Realm, it's almost a level higher, this is too terrifying isn't it?"

"That's right, what kind of person is with potential to be able to display such power?"

Other than Chu Tiange and Su Xiao Die, everyone else was filled with shock. Long Chen had completely overturned their understanding of martial arts.

Of course, to Long Chen, being able to kill Su Mo today was only due to luck. Furthermore, it had not even been a few days since Su Mo had reached the Fifth Stage of the Divine Martial Realm and the primordial spirit had yet to increase to a sufficient level. Coincidentally, he had also used the Phoenix true god that was suppressed by the divine dragon, which was why he was killed by Long Chen.

Under normal circumstances, it was already good enough for Long Chen's The Extreme Level of Martial Arts to be complete in order to defeat it.

However, this was also quite heaven defying.

What was even more unacceptable to everyone was that Long Chen had obviously used up all of her primordial spirit in the battle, but why did his primordial spirit increase so quickly in such a short period of time?

"What is going on?"

"He couldn't see it clearly, and recovered it in a moment. It's very likely that he has a great treasure on him that can recover primordial spirit s."

"That's right. Look at the young master of the East Palace."

Everyone were whispering, and at this time, Chu Tiange, with excitement all over his face, walked up two steps. The thing he wanted to confirm, had already been confirmed.

This undoubtedly proved Crimson Sky Kingdom's identity. Dragon, this was also what Chu Tiange was chasing after, and Long Chen had something that Chu Tiange desperately needed, especially the final recovery of the primordial spirit. This allowed him to understand that Long Chen might still have other treasures on him.

Long Chen was also staring at Chu Tiange, and at the same time, he was also retreating, all the way until his back was sticking to the tall Netherworld Stone's back.

Su Mo was dead, so it was time for Chu Tiange to make his move. Long Chen was not that naive to think that he would be's match.

"We need to discuss something." Chu Tiange calmed his mood and said indifferently.

"Go ahead."

Give me all of your items. As long as you are obedient, I will not treat you unfairly and I can recommend you to enter the East Palace. I will even let you become my junior brother under the tutelage of my

master, the Lord of the Yuanhuang Kingdom. "Xuanyuan Wentian said in a low voice. Chu Tiange said solemnly.

"Senior Brother." Su Xiao Die was a little displeased that Long Chen wanted to become her junior brother.

Chu Tiange gently pushed her away, then looked at Long Chen with sincerity: "You are still young, and your strength is low as well. Having these things on your body will only bring you death, this is advice to you right? There is one more thing you need to understand, if you don't listen to me, if I kill you, I can also obtain your things.

Chapter 1038 - Gold Thunder Prison Dragon

After Long Chen killed Su Mo, no one thought that Chu Tiange would leave Long Chen with a way out. It was clear that to Chu Tiange, his life was not even as important as Long Chen's. At least, Chu Tiange still valued Long Chen a lot. It would have given Long Chen a chance to live under such circumstances.

In everyone's eyes, Long Chen was a pretty good genius, it would be a pity if he just died like that. They were quite optimistic about this young man, having such a huge fortune would not necessarily be a good thing.

"What do you choose?" Seeing Long Chen lower his head and remain silent, Chu Tiange continued to speak with great patience. The others didn't have much patience left, they were all worried for Long Chen.

"Senior brother, why are you being so polite with him? He obviously doesn't want to give up his treasure. Kill a fool like him." Su Xiao Die pouted and looked at Long Chen with slight contempt. Compared to Chu Tiange, the current Long Chen was poor and weak. Su Xiao Die was really unwilling for such a person to become her junior brother.

Chu Tiange did not speak. Instead, he looked at Long Chen with anticipation.

"I choose." In the midst of the crowd's waiting, Long Chen raised his head and smiled. At this time, the arms of his back and left hand were stuck to the center of the Netherworld Stone, and the Netherworld Stone was incomparably huge, soaring straight into the clouds. The originally calm Netherworld Stone, however, was now emitting an aura that caused people to feel uneasy.

At this moment, the corner of Long Chen's mouth revealed a trace of a smile. This smile also caused other people's hearts to become unsettled, as if everything was under his control. Chu Tiange especially, disliked this feeling even more.

Chu Tiange had a scholarly air about him, just like an elegant scholar. He was different from the enemies Long Chen had met before, but, although he looked elegant, he actually had a kind of decisive strength, and was a natural born leader. When others were scheming, it triggered the taboo in the depths of his heart.

Before Long Chen could finish his next sentence, a huge change occurred.

"I choose to let you bastards die."

Following that, Long Chen gave his answer.

Ye Xuan was still in their hands. Long Chen knew that he would not be able to save her for the time being, but he would definitely return!

His eyes were blood-red!

BOOM!

An ear-piercing voice came out, shocking everyone. They should have seen a gigantic crack at the top of the Netherworld Stone, spreading downwards, the crack becoming larger and larger, as pieces of broken Netherworld Stone smashed down from the sky. The distance of over a kilometer, made those fragments of Netherworld Stone to be filled with powerful energy, even the strong experts present did not dare to use their bodies to receive these Netherworld Stone fragments.

In an instant, the entire Netherworld Stone was split in half, and with a loud bang, it fell down. A wave of scorching golden light shone from the cracks of the Netherworld Stone, and that bright and ruthless light, along with the temperature, caused many people to immediately close their eyes.

"What's in the Netherworld Stone!"

"How is this possible? The Netherworld Stone is so tough, they can't even break through the walls of the city, how can they be broken so easily?!"

"It's Long Chen! Long Chen must have let the Netherworld Stone shatter it!"

Everyone's eyes were staring straight at the Netherworld Stone. They felt a wave of soul from the ancient times had awoken from the Netherworld Stone, it was a kind of peak level pressure, everyone had a feeling similar to when they faced Long Chen's Scarlet Sky Desolate Blood.

The Crimsonblood Desolate Land was the horn of the Crimson Horn Demon Dragon!

This horn contained a sliver of a dragon's soul.

The dragon soul was already dead, and only a weak consciousness remained.

And amongst the Netherworld Stone, Long Chen felt the same aura, he was pleasantly surprised!

From the moment he touched the Netherworld Stone, Long Chen had been pleasantly surprised. This was also the reason why he dared to face Su Mo head on, because the thing within the Netherworld Stone, would very likely allow him to be in an invincible position!

The golden light exploded from the Netherworld Stone, and without any surprise, it covered an area of millions of miles, almost as big as the city of the Treacherous Forest. All the people in the city ran out, and upon seeing this shocking scene, the entire city was filled with a terrifying golden light, and within the golden light, there were traces of lightning!

That's right, billions of lightning followed the golden light, and shot out from the Netherworld Stone s, rushing towards the entire city. This was a kind of ruthless and terrifying power, the power of the Scarlet Sky Desolate Blood represented blood and slaughter, and this golden lightning was speed, as well as berserk destructive power!

"This is a dragon!"

Long Chen never thought that the existence of the Netherworld Stone was actually a dragon. At this moment, the dragon soul was slowly awakening from its slumber, and inside Long Chen's body, the hundred little gold pieces of Hellchase lightning gathered together seemed to have found a mother. It cheered out loud, and Long Chen's entire body was moving restlessly.

This was an incomparably vast starry sky, with countless stars and stars in all directions. Countless stars surrounded this place, and those that flickered like giant fireballs were stars, and what could be seen with the naked eye were all these incomparably terrifying planets, just like suns. In the various star oceans, there were also countless stars shuttling through them, and that was a meteorite, which was also a meteor.

The Netherworld Stone was one of them. The Netherworld Stone carried thousands and thousands of small stones and flew back and forth in the starry sky, and on a certain day, they bumped into a ball of golden lightning, and then smashed onto the Dragon Sacrifice Continent with a loud bang, forming the current Netherworld Stone. Long Chen's eyes could clearly see the golden lightning, and in the midst of the lightning, a golden dragon's shadow could be seen.

"The dragon soul of the Golden Thunder Prison Dragon had long since died, but there was a trace of obsession hidden inside a streak of hellish soul-chasing lightning. It was brought by the Netherworld Stone to the Dragon Sacrifice Continent and eventually formed this thing behind me."

This divine dragon was the Golden Thunder Prison Dragon, which had inexplicably appeared in Long Chen's mind. Furthermore, in ancient times, the fighting strength of this Golden Thunder Prison dragon was definitely not weaker than the Crimson Horn Demon Dragon!

The Gold Thunder Prison Dragon was of the thunder attribute, at the same time, its speed was incomparably fast, moving ten thousand kilometers in an instant. This was also the reason why Long Chen's body's speed could be refined.

The moment the aura of the Golden Thunder Prison Dragon was released, everyone was scared stiff. Under the enveloping of the golden lightning, the teenager looked up and smiled, which made everyone's hair stand on end.

As for Chu Tiange, his eyes gradually lit up. His eyes were even a little dull as he stared fixedly at the place where the Netherworld Stone broke. At that moment, that place was already engulfed in golden lightning, and ordinary people could not see clearly what exactly was there.

However, Chu Tiange could see it.

He could see a golden thunder dragon, every scale of its body, its horns, whiskers, claws, tail, everything was made up of densely packed golden lightning. Its entire body was exuding the majesty of a hegemon of the Ancient Desolation, completely made up of billions of golden lightning.

This was not a real Divine Dragon, it was also an ancient dragon soul. The lingering will that remained was left in the Hellchase Soul Lightning, transforming the Hellchase Soul Lightning into a dragon's body, forming the current Golden Thunder Prison Dragon!

The Golden Thunder Prison Dragon was entirely made up of lightning. It gradually woke up from its slumber and its long, slender body was currently raising its head. Its long lightning whiskers were dancing and every single golden lightning bolt was constantly changing.

Weng! *

A deep roar sounded out. Everyone in the city felt a strange sense of fear rising up within them. Basically, all of the children were crying in fear.

Long Chen was currently standing in front of the golden Thunder Prison dragon. He did not turn around, but the golden Thunder Prison dragon had already raised its head and coiled behind Long Chen. Its pair of golden eyes slowly opened.

Without saying a word, Long Chen slowly extended his left hand towards the back. His right hand currently resided in the residence of the Crimson Horn Demon Dragon, and his left hand, which was one hundred percent of the Underworld Soul Chasing Thunder, was now wrapped in the same golden lightning.

Crack! Crack! Crack!

Sssii! *

The golden lightning on Long Chen's body and the Golden Thunder Prison Dragon had a common response. At this moment, they were attracting the Golden Thunder Prison dragon and moving closer to Long Chen, but on Long Chen's body, the aura belonging to the Primordial Blood Dragon was being released, causing a certain degree of suppression to the Golden Thunder Prison dragon.

"This is the Ancient Dragon God!" The Dragon Fighter was also his dream. It was already shocking enough to him that he was able to see the Scarlet Horn Demon Dragon today, but now, this golden lightning dragon, although he did not know its name, was more suitable for him, Chu Tiange!

Chu Tiange still did not know how deep the relationship between this golden Thunder Prison Dragon and Long Chen was. He only wanted to obtain the golden Thunder Prison dragon.

"You're dreaming." Long Chen's left hand had already missed the golden Thunder Prison dragon's body, and there was an extremely attractive aura coming from Long Chen's body. The golden Thunder Prison dragon intimately used its own dragon kiss to touch Long Chen's arm, and the golden lightning on Long Chen's hand merged with the lightning on the golden Thunder Prison dragon's body.

"Come back."

This was Xiao Jin's true form, and also what attracted Long Chen. With this Gold Thunder Prison Dragon, it could be said that Long Chen had gained more than five hundred little gold, which was extremely beneficial for his body's refinement. In the future, his speed would become even more abnormal, and most importantly, if he had enough Divine Crystals, Long Chen could even use the Gold Thunder Prison Dragon to explosively unleash an extremely strong attack!

With the Golden Thunder Prison Dragon in his left hand and the Scarlet Horn Demon Dragon in his right, this was the current Long Chen!

Chapter 1039 - Gold Swallowing Sword Qi

I'll just rent it for two months. Many landlords don't agree, and my head hurts.

He went out first.

Under Long Chen's summons, the Gold Thunder Prison Dragon looked at Chu Tiange with contempt, then raised its golden dragon head high, and dove down. It could be said that it drilled into Long Chen's left arm, and the golden lightning split into tens of millions of portions, converging at the acupoints on Long Chen's left arm. It even spread towards the acupoints on his body.

Long Chen could sense that the other party was feeling an endless sense of hunger.

"Even the strength of the Golden Thunder Prison Dragon has been depleted to the extreme. After a period of time, it should disappear forever. Fortunately, I made it in time."

At this moment, all of the golden lightning bolts charged towards Long Chen's arm. Long Chen's entire arm was already completely filled with golden lightning, and such a scene was extremely frightening, but it was also equally shocking. Just what was it that Long Chen was able to obtain the favor of this golden lightning?

Chu Tiange was already anxious, the Golden Thunder Prison Dragon was already in Long Chen's hands.

At this moment, Long Chen was facing such a huge pressure, but he was still calm as he placed the remaining twenty thousand God Crystals of the Great Void Realm onto his palm. The strength of the Golden Thunder Prison Dragon was extremely strong, and it was unknown how much stronger it was compared to Xiao Jin.

Chu Tiange could no longer hold back. His body moved, and he rushed towards Long Chen, causing everyone to look at him with pitiful gazes, but Long Chen did not care about Chu Tiange's warning, acting unruly. If it was them, they would have already been angered.

"Give me what you have?" said without a doubt ten meters in front of him.

Long Chen did not reply. Instead, he continued to feed the Golden Thunder Prison Dragon, whose energy had been depleted, at a high speed. Sensing that the Golden Thunder Prison Dragon's strength was increasing, Chu Tiange frowned.

"This is something that only belongs to me. Even if you take it, you don't have the qualifications to use it." What was unexpected was that Long Chen treated Chu Tiange's might like nothing. As Long Chen was retreating, his eyes flashed with a blood-red light.

"I fell into your trap today, but I didn't succeed. However, there will be a day when I will return. Moreover, it won't be for long."

"You mean you can escape?" Chu Tiange seemed to have heard a joke. To be honest, escaping from him, was only possible if one reached the Sixth Stage of the Divine Martial Stage. As for Long Chen, it was completely impossible.

"Based on that escape technique you used just now?" Chu Tiange asked.

"No, based on this!" At this time, Long Chen had already raised his left hand and aimed it at Chu Tiange. In the middle, the image of the golden lightning dragon was extremely dazzling, and the Netherworld Stone behind Long Chen had already lost all its brilliance, becoming an ordinary stone.

Chu Tiange had a bad premonition.

He seldom got angry, but he had to admit that Long Chen this guy today, had successfully made him angry. Previously, he was kind enough to give Long Chen a way out, but this guy actually didn't appreciate his effort at all.

A tremendous and abnormal strength climbed up Long Chen's left hand. At this time, Long Chen had a total of twenty thousand divine crystals on him, and almost all of Ye Wushang's wealth had entered into the Golden Thunder Prison Dragon's body.

Its power was actually Long Chen's power as well.

Normally, only those with Eighth Stage of the Divine Martial Stage s and above would possess twenty to thirty thousand divine crystals. Golden Thunder Prison Dragon would undoubtedly burn through money, but in order to preserve their lives, everything was worth it.

Moreover, they were surrounded by strong enemies now, especially with strong ones such as Chu Tiange and Su Xiaodie. If he did not have a final trick up his sleeve, Long Chen would definitely die in this place, as Chu Tiange had said.

This turning point, was precisely the Golden Thunder Prison Dragon.

"If you want my life, why don't you ask me whether I will agree to it!" Golden lightning and thunder densely wrapped around Long Chen's body.

"If that's the case ..." Chu Tiange was already too lazy to continue a conversation with Long Chen, he immediately raised his arm, and a golden Sword Qi shot out from his fingers, heading straight for Long Chen.

Since Chu Tiange was called the Clear Sky Sword God, his comprehension of the way of the sword was naturally very outstanding. Reaching the third stage of the way of the sword, almost to the level of the fourth stage of the way of the sword, the attack he could unleash increased eight times, which was extremely terrifying. Furthermore, he had practiced the way of the sword since he was young, so his understanding of the way of the sword was much more profound than Long Chen's.

With his strength, this golden colored Sword Qi looked simple, but even if Long Chen was wearing the Nether Emperor Armor s, he would still be able to injure or even pierce through Long Chen.

In that instant, the entire world only had this golden colored Sword Qi left, Long Chen felt that even the Divine Martial Spirit was terrifying, this Sword Qi was coming towards the center of Long Chen's brows, if he killed Long Chen, he would be able to penetrate through his body at the same time, causing him to die completely.

The moment Chu Tiange made his move, it was completely a killing move.

"Gold Swallowing Sword Qi. Senior Brother really thinks highly of this kid." Su Xiao Die proudly looked at Long Chen, her eyes filled with contempt.

The Sword Qi made the other people panic, they no longer had time to care about Long Chen and could only dare to retreat. She was afraid that she would be affected by the golden sword Qis.

The time had come

Long Chen took a deep breath, and the corners of his mouth curled into a sneer.

"Although I did not succeed today, I will still give you a wonderful gift. I'll make you remember me well, my name is Long Chen! " Under the descent of the Golden Sword Qi, a huge movement finally appeared in the middle of Long Chen's left hand. A dragon's roar that shook the world, and the golden lightning ball completely wrapped around Long Chen. In his left hand, a large crack seemed to have appeared at this moment, and an ancient golden lightning divine dragon came out from the crack.

This Golden Thunder Prison Dragon's body was filled with golden lightning. If the dragon earlier was said to be just a flowery shell, then right now, it possessed actual strength. Moreover, it possessed the strength of twenty thousand divine crystals!

Everyone's expression changed at this moment, especially Chu Tiange. He stood closer to the dragon, and he was even more clear just how terrifying the strength of this Golden Thunder Prison dragon was. The energy that was gathered with twenty thousand divine crystals erupted at this moment, and the entire city was once again enveloped by the golden ocean.

In Chu Tiange's field of vision, the Golden Thunder Prison Dragon crawled out of Long Chen's palm and instantly charged in front of him. This speed was so fast that even he was unable to dodge it. The Golden Thunder Prison Dragon was originally a symbol of speed, and after possessing power, its speed was so fast that even Chu Tiange was unable to dodge it!

Sssii! *

The golden sword qi was powerful, but it was still devoured by Long Chen's golden Thunder Prison dragon. The divine crystal strength of 20,000 erupted, and with a rumbling sound, it instantly pounced towards Chu Tiange. All of this happened in a split-second, while Chu Tiange continued to resist, the golden Thunder Prison dragon had already completely devoured him!

"Senior apprentice-brother!"

She was just about to take action and save him when the golden Thunder Prison dragon's aftermath directly sent her flying. Long Chen's strength was not strong in itself, but the power of the twenty thousand God Crystals was very, very strong, strong to the point of being able to fight against Chu Tiange.

With this Gold Thunder Prison Dragon, Long Chen only needed to obtain enough Divine Crystals to be able to unleash such an attack.

"Young Lord!" The others could only shout and retreat immediately, unable to do anything. At the same time, since Long Chen was able to suddenly unleash such an attack, everyone's reverence for this young boy grew even greater. No wonder he dared to spout nonsense in front of Chu Tiange. Turns out he had such a trump card, and this trump card seemed to be something that he had obtained in front of Chu Tiange!

"Die!" The Golden Thunder Prison Dragon opened her mouth wide, swallowing Chu Tiange whole. The golden lightning struck hard, and it was as if millions of blade pieces had descended on Chu Tiange's body in an instant. His hands and feet were turned into powder by the lightning, and then to his lower body.

Chu Tiange's face, became especially hideous and painful.

"We must kill him!" Long Chen urged the Gold Thunder Prison Dragon to release its power. 's torso was completely bitten off by the Gold Thunder Prison Dragon, leaving only his incomparably hard head.

"Such a level of attack can't even damage his head! He is a supreme expert of the Golden Body! If we can't destroy his head, we won't be able to kill him!"

Long Chen was a decisive person, he was obviously unable to kill him. The Golden Thunder Prison Dragon had absorbed twenty thousand God Crystals worth of power, and it had almost used up all of them.

He decisively retracted his attack, allowing the Golden Thunder Prison Dragon to return to his palm. At this moment, Chu Tiange only had his head left, as he looked at Long Chen sinisterly.

"You are the first person who destroyed my body after I reached the Sixth Stage of the Divine Martial Stage!" Chu Tiange's words revealed a strong killing intent.

"You'll find out I'm still the one who killed you." In such a state, Chu Tiange was unable to catch up to himself, and as for the others, they were unable to do so. Long Chen released his Blood Escape and instantly left the place, leaving behind a group of dazed people and a Nether Plaza who was in a state of complete devastation.

"Senior apprentice-brother!" Seeing that Chu Tiange only had one head left, Su Xiao Die was dumbstruck.

No one would have thought that their plan to capture Long Chen today would end like this. No one knew what Long Chen had used in the end, to actually beat the of the Sixth Stage of the Divine Martial Stage to the point where only his head remained. Although it was said to be a supreme golden body, it wasn't truly immortal. Even if it was Chu Tiange, with only a head remaining, wanting to completely recover his body and chase Long Chen would take a long time.

And in that time, Long Chen had long since left the range of his divine sense, and was far away.

No one would have thought that the super genius from the East Palace, one of the Heavenly Son Rankings, Chu Tiange, would be tricked by this little fellow, Long Chen.

Everyone's gazes were lifeless as they watched Long Chen leave with their eyes wide open. They watched Chu Tiange's body recover from the neck, then his body, then his arms, then his waist, then his legs, and finally his legs. When Chu Tiange had fully recovered, no one dared to approach him at this time, because even Su Xiaotao could feel that the Chu Tiange here, was already in a berserk state.

Moreover, he had always viewed Long Chen as a junior, and he had even slightly loved him. He had never thought that the final outcome would be like this, when he had recommended another good disciple to his master, the venerated Yuan Emperor.

Therefore, no one dared to disturb the current Chu Tiange.

As long as Ye Xuan was still in their hands, that heaven-defying youth called Long Chen would definitely come back one day. At that time, Chu Tiange would not be merciful to him, and would also not give him any hope.

This was one of the eighteen counties under the Demon God Empire's jurisdiction. The county city of the Earth Demon Country was one of the five counties of the Earth Demon Country, and was considered one of the forces within the Demon God Empire. Normally, the Demon God Empire's ruler would send his most trusted relatives to govern the five counties of the East Demon Region, and the former King of the East, who was Bai Lan's blood uncle, would be one of them.

She was Bai Lan's daughter, Bai Suxue.

At the same time, she had already reached the Heaven Martial Stage. This kind of favored son of the heaven was renowned throughout the Realm of Myriad Kingdoms, and after Wu Guangyu had died in

the Archaic Graveyard, Sanxue had gradually become the number one genius in the Realm of Myriad Kingdoms.

However, she, who wholeheartedly pursued the martial way, tacitly rejected everything. In terms of martial arts and temperament, Suanxue had made great progress, and was silently working hard to be able to take over Bai Lan's position in the future, to take over the position of the Demon God Holy Dynasty. The Demon God Holy Dynasty was one of the two strongest nations in the Realm of Myriad Kingdoms, and if there was no suitable successor, the strongest Holy Dynasty would fall one day.

On this day, Bai Suxue sat in the middle of the vast hall. This was the famous Duke Zhen Palace, ordinary people didn't have the qualifications to enter, and only people with great statuses in the Eastern Palace were able to enter and discuss political matters with the Duke of Zhen Dong. Everyone knew that Bai Lan would pass the throne down to Su Suxue in the future, and the identity of the Duke Zhen Dong was only meant for her to experience.

Under the management of Pure Snow, the Five Prefectures seemed to have become a small country.

At this time, in this main hall of the Eastern Duke Manor, Suixue had already dealt with all sorts of matters that happened in the Five Counties. At this time, in this main hall of the Eastern Duke Mansion, Suixue had already dealt with all sorts of matters that happened in the Five Counties.

The Tianwu Fist Index was slowly being displayed in her hands, carefully completing each step with great care. With her current progress, entering the second, or even the third, stage of Heaven Martial Stage in the future was not a problem at all.

When Long Chen first arrived at Imperial Domain, he was only at this level of strength.

A small sound startled her, and her eyes, which were originally calm in her cultivation, instantly opened. In her field of vision, a small green arrow quickly flew towards her, and at this critical moment, she could only dodge. The small green arrow brushed past her ear, almost touching her body.

Her many years of experience told her that there was definitely poison in that dark green arrow.

Someone wanted to kill him!

She wasn't nervous, but rather very calm. Looking around, there were a total of five black clothed people. They came from all directions and fiercely surrounded and attacked Su Xue the moment they came in. Each of their moves were fatal attacks, obviously intending to kill Su Xue.

"You must be members of the Devil Slayer Palace. A few clowns are overthrowing my Bai Family. You truly do not know the immensity of heaven and earth." Of the five people attacking him, two of them were at the first stage of Heaven Martial Stage. These two people formed a pincer attack on her, causing his to struggle very hard, but he was not nervous at all.

The Blue Lotus Divine Sword appeared in her hand, and Pure Snow was as though a fish back in water. Under the combined attacks of five of her opponents, she was able to move with ease.

"You two small characters want to kill me?" The Blue Lotus Divine Sword was swung again and again, and soon enough, under the relentless attacks of Pure Snow, three of the ninth stage Earth Martial Stage warriors were killed by her, leaving only the two Heaven Martial Stage warriors behind. They were extremely difficult to deal with, as the two of them didn't go to Archaic Graveyard last time.

From the name, it was obvious that they were going to overthrow the Bai Family. The leader of the group was a warrior at the second stage of Heaven Martial Stage with extraordinary strength, and the two younger brothers of the Heaven Martial Stage were the ones who were going to deal with Su Xue right now.

"I don't know if that Chen Song has come or not, but if he had, then I would be finished." There was this worry in Su Xue's heart. If they all came, then it would mean that the entire Devil Slayer Palace would come out to strangle her in the cradle.

Just as this thought appeared in Pure Snow's mind, a laugh suddenly came from the roof. She hurriedly raised her head and found a tall man with one eye standing there, looking malevolently at her.

"What a beautiful woman! That fellow Bai Lan, he's really stupid, to actually put such a beautiful daughter in my, Chen Song's, territory. Back then, he had poked a hole in my eye, and tonight, I'm going to bore a hole in his daughter's body. Not only me, my brothers are also coming. This is the right time for Bai Lan. I gave him so many cheap son-in-law for nothing. "

After he finished speaking, Chen Song looked at Susu's slender figure as he laughed.

"This chest, this butt, they're all lifting up. If you were to charge in, how much effort would you have? And your cherry lips, they can't be wasted. No matter how straightforward you are, you still have to serve your brothers."

Looking at her, he then remembered that the hatred between him and Bai Lan had finally found a place to vent. Furthermore, she had such a beautiful and charming appearance, and such a graceful figure ...

Chen Song slowly descended to the ground, his eyes blood-red. Step by step, he walked towards Pure Snow. When he activated her second level of Heaven Martial Stage, it created an enormous pressure on Su Xue, causing his combat power to be affected more and more. Although she had the Blue Lotus Divine Sword, he was not inferior to the two of them.

At this moment, she finally started to panic.

He never thought that the people from the Devil Slaughter Palace would be so crazy to deal with him. Remembering that he could not resist the other party, what kind of terrifying thing would happen? Su Xue's entire face turned deathly pale.

Pow!

One of the warriors saw the emptiness, so he punched her in the abdomen, causing her to spit out a mouthful of blood and step back, almost falling to the ground. But even so, she had lost most of her combat strength.

"F * ck you, you even dared to hit my little beauty so hard. Be careful of her breaking you apart later!" Chen Song kicked the warrior who was attacking and scolded him. The warrior was submissive and vulgar: "To be able to get on such a beautiful girl, even if I die, I don't care, let alone break it."

What you say is right, this kind of beauty, and she's even Bai Lan's daughter, even the youngest genius of the Realm of Myriad Kingdoms. She should let every single brother of the Devil Slayer Palace enjoy themselves properly, in order to face the hatred between Bai Lan and us for all these years, right? Chen Song smiled sinisterly, and approached Sanxue step by step.

Pure Snow clenched her teeth, despair already appearing in her eyes. She obviously wouldn't let him succeed. At this moment, the Blue Lotus Divine Sword in her hand was slowly pressing down against her snow-white neck.

"Huh?" Chen Song stopped in his tracks, smiled, and said: "You want to kill yourself in front of me right? Of course you can, but even if a corpse is beautiful to this degree and warm, we won't waste it. "So you understand?"

Pure Xue never thought that this group of people would be so abnormal and crazy. This made her despair. At this last moment, she only thought of one person.

Looking at the three ferocious-looking people approaching her, Su Xue bitterly smiled in her heart. "If only he was here. As expected, my heart is still fragile."

The him that she was referring to, was naturally Long Chen.

As long as he was around, there was no trouble that he couldn't solve. In his eyes, these three people were probably just insignificant people.

Chen Song's eyes were fixed on his perky breasts, he was burning with passion in his heart. His crotch had already started to react, he could not wait any longer, and he threw himself towards his.

Pure Snow had already made up her mind.
