

War God 1041

Chapter 1041 - Divine Spirit

"If you were so disgusting, I wouldn't have left a complete corpse."

This sentence was from the heart of Pure Snow. No matter what, she would not be humiliated. She just died like this, and even died so miserably.

"If he were by my side. "I ..."

She didn't know why, but at this time, she didn't think of Bai Lan. Her mind was filled with Long Chen's shadows, as if there was nothing to be afraid of under his forced arm.

The Blue Lotus in her hand was tightly clenched as she prepared for the final step.

She had already asked about the stench on the other party's body. She closed her eyes and moved the Blue Lotus in her hand.

At this moment of life and death, a beam of strong white light pierced into Sanxue's closed eyes. She had a premonition that the intense white light obviously did not come from Chen Song, but from someone else.

The door to the hall opened gently.

At this time, the door opened, and in the midst of the white light, a young girl wearing a white dress walked in as if he was a fairy. This young girl's appearance was pure white and perfect, as if he was a fairy from the legends, with no blemishes at all, his temperament was ethereal and his expression was calm. On her shoulder, was a beautiful butterfly with nine colors.

Everyone was dumbfounded.

When they saw this young girl, all the desire in their hearts had disappeared, and they felt a deep sense of inferiority. A feeling of not being able to profane and desecrate came from the bottom of their hearts, as if they had seen the ruler of the world. Of course, this was just an illusion for an instant, and by the

time they could react to it, their mouths were already dry, and the young girl in front of them was a clear spring.

"Truly beautiful." Pure Snow couldn't help but exclaim in admiration. Even though she knew that she wasn't bad, and the difference in appearance wasn't the same, it was just that the other party's temperament couldn't be imitated no matter how hard he tried.

The aloof goddess was like a god.

Sanxue's heart was filled with deep reverence. This young girl's arrival was like a dream, she didn't know what had happened.

However, when they saw this girl, their target had changed. They were all lawless, if they could even subdue this kind of girl, then what was there to be afraid of in the world?

The three of them looked at each other, and without a word, one in front and two behind, they rushed towards the white haired girl.

"Humph!"

However, the little butterfly on its shoulder seemed to be angry. With a flash of its wings, Chen Song and the other two turned into three fat pigs and ran towards the girl on four legs.

"Humph!" Only then did little butterfly let out a satisfied snort.

and the other two had reacted when they saw that the other party had actually turned into a fat pig. With its fat body, the three of them almost vomited blood and died in an instant. They were just hallucinating, but their five senses and sense of touch told them that this was a fact.

"Are we facing gods?"

Their minds were blank.

"Get the hell out of here, or I'll turn you into roasted suckling pigs for Miss Cost's dinner!" little butterfly flew back and forth above them.

A butterfly could actually speak so fluently, even more smoothly than a king level demonic beast.

And, obviously, it was the butterflies that turned them into pigs

Chen Song and the other two felt despair. They knew that they had offended a god and immediately, all three of them kneeled down and begged for mercy. Three fat pigs spun in the air and flew away.

This scene captured her eyes. She quietly pinched herself and realized that she wasn't dreaming. She looked similar to him, a girl that was difficult to deal with. She was not like the gods in the eyes of the three, she had an unfathomable aura, especially the little butterfly on her shoulders, which could turn a person into a pig. It was truly mystical.

She didn't know why, but she felt a trace of vigilance from the other person. She didn't know what she should say, so she calmed down and said, "You, are you looking for me?"

Ling Xi sized up Pure Snow for a while. Sure enough, her figure was a bit better than her, her chest and buttocks were of the type that men liked best, and there was an extra bit of feminine flirtatiousness on her face. This made Ling Xi a little distressed, and her heart momentarily felt a little worried.

"Are you called Suxue? We're looking for her!" little butterfly flew around Sanxue and spoke arrogantly.

"I am." Pure Snow nodded. Sure enough, she had come to find her.

"Die'er, come back here." Ling Xi waved her hand, little butterfly was a little mischievous. This Su Xue was Long Chen's friend, as long as she was his friend, Ling Xi would not hurt her, but, this Su Xue was also opened so beautifully, causing Ling Xi to feel weird. The last time she met Liu Yiyi in Holy Martial Empire, she had felt that it was really weird. But thinking about how that girl liked Long Chen, Long Chen still went to find her without hesitation. She was still very happy.

little butterfly did not dare to disobey Ling Xi and went back while muttering to himself.

Ling Xi then said: "Hello, I heard about you going to the Archaic Graveyard, I heard that you are related to him, so I wanted to ask, do you know where he is now?"

"Who are you talking about?" However, she had an answer in her heart. Only that mysterious Long Chen would be able to come into contact with such a girl like this.

"Long Chen." Ling Xi said softly.

As she had expected, Su Xue seemed to have understood a lot. She looked at Ling Xi and took a deep breath, acting very open-mindedly as she said: "Looks like you are the person Long Chen has been chasing after all this time, no wonder he is so hardworking, and me and him can be considered good friends, but don't worry, we don't have that layer of relationship between us. As for his whereabouts, when I was in the Archaic Graveyard, he went to the Imperial Domain with a few demi-humans.

In one breath, Pure Snow said a lot of things.

"Did you go to the Imperial Domain?" It had only been a short period of time, and it had only been six or seven years. Back then, when Long Chen had said that he would see him within ten years, even she did not have that many expectations in his heart, because ten years of time was just too short, so short that it could be ignored. Within ten years, not many people could grow up from an insignificant ant to the point where they could enter the Imperial Domain.

But Long Chen did it for her.

How could Ling Xi not be moved by this. The two of them belonged to two different people. When Long Chen worked hard to advance and improve himself, Ling Xi herself did not forget that she had the chance to run out and chase after Long Chen like this today. What made her the most happy was that Long Chen did not forget about her.

This was the man she liked and loved.

Thinking about the path that he had walked on along, Ling Xi's heart ached very much. She was willing to bring Long Chen up to bear all these hardships.

Seeing the tears in Ling Xi's eyes, Su Xue pursed her lips. She knew she did not say the wrong thing, this girl was worth as much as Long Chen to chase after, at least she wasn't standing high above waiting for Long Chen to chase after her, but was trying hard too.

"Sister Pure Snow, can you tell me what happened to him? "Tell me everything you know. I want to know how much suffering he's gone through."

With a wave of her hand, the two of them arrived at the high ceiling. After sitting down, Suxue told Ling Xi about everything that had happened since they met Long Chen, drop by drop. At the same time, these were also the beautiful memories in her heart.

"And thank you for giving me a chance to revisit it." After saying that, Pure Snow smiled and looked at the lights in the distance with a calm expression.

Compared to before, Ling Xi no longer loved to cry so much. She hugged her knees with her head lowered, and only after a long time did she calm down and say: "So this was how he came here. It's truly a pity that I wasn't able to accompany him on this long journey."

The two of them were already very familiar with each other. Su Xue patted her shoulder like a big sister and said, "There is a man who can work so hard for you, you must properly love him and protect him. You can't let him suffer any more harm."

Ling Xi nodded, she raised her head, looked at Pure Snow with her big eyes and said: "Sister Suxue, I know you like him too, right?"

This was something that could not be hidden, and it could be seen from the look in her eyes when she mentioned Long Chen.

"Don't think too much into it. He has never even looked at me before. To the love between you two, my liking is petty. So, don't have any worries in your heart. Go and find him." She stood up, said something, and jumped down from the roof.

"We'll be together in the future. If you have the chance, come with him and visit me."

After saying that, she quickened her pace and returned to her room, closing the door. She gritted her teeth as tears still flowed down her face.

Ling Xi pouted and said angrily: "This guy, he actually provoked so many love debts, watch how I'll teach you a lesson!"

She stood up.

"The place that the Archaic Graveyard leads to should be the Nether Palace. The demons' question is, will they bring him to the Desolate Imperial Domain or the Nether Realm? If it was the Desolate Imperial Domain, things would be troublesome!

Chapter 1042 - Divine Remembrance

If Chu Tiange was not injured, it was possible for him to escape with his blood at a speed faster than himself. However, Chu Tiange was not weak either, and could almost catch up to him, so it was impossible for Long Chen's blood to escape with his soul consciousness unless Chu Tiange was not able to move.

When he was insanely angry, he released it with all his might. Long Chen had almost completed a mythical act, and almost took Chu Tiange's life. The current Long Chen was still an insignificant little figure in the Eastern Emperor Region, but who was Chu Tiange? He was one of the most outstanding geniuses of the tens of billions of people in the entire Eastern Emperor Region. He was a super genius that everyone knew of. There was simply a huge gap between the heavens and the earth.

However, Chu Tiange's head was terrifyingly tough, even when Long Chen caught him unawares, he still failed to kill him.

The golden Thunder Prison Dragon's power was secondary, the most important part was Long Chen's surprise attack, Chu Tiange had never guessed that he could unleash such a level of attack. It was as if a child suddenly possessed the incredible strength to kill an adult with a single punch.

The power of Divine Crystals, even if it was just one crystal, was already filled with limitless power, so it was needless to say when Long Chen used twenty thousand Divine Crystals to feed it. Generally speaking, Eighth Stage of the Divine Martial Stage would only have twenty thousand Divine Crystals, but right now, more than half of those twenty thousand Divine Crystals had been used up.

The two Divine Dragons on his body, the mysterious Red Blood Horn Demon Dragon, were Long Chen's combat weapons, and the Gold Thunder Prison dragon in his left arm was Long Chen's absolute killing method. Of course, this was under the premise that Long Chen needed sufficient Divine Crystals.

This time, Long Chen directly escaped more than five hundred kilometers away, and he was still within the boundaries of the Nether Palace. However, it was already not easy for Chu Tiange to find him, and Chu Tiange would definitely not come out of the city. would definitely not be courteous to him the next time they met. The current Long Chen did not have the strength to deal with Chu Tiange.

Long Chen flirted for a while before he finally recovered. The battle with Su Mo was extremely thrilling, but he had finally revived, and even obtained a good thing like the Golden Thunder Prison Dragon. Currently, on Long Chen's body, a golden lightning dragon was swimming in his organs, bones, blood vessels, skin, and so on, and it was especially striking the muscles on Long Chen's legs. Every single day, Long Chen could feel the Golden Thunder Prison dragon's speed increasing, from the speed of its Fifth Stage of the Divine Martial Realm after the Fire Calamity to the speed of an abnormal being comparable to that of the Lord of the Nether Realm.

In the entire Nether Realm, at present, only Chu Tiange was able to catch up to Long Chen.

As Long Chen's strength increased, the more divine crystals he received, the more he would be used by the Golden Thunder Prison Dragon to temper Long Chen's body. His speed would then increase even more.

Ye Xuan stood in front of Long Chen and watched him cultivate. He knew that this youth had already far surpassed him, and even though his realm was inferior to his, his battle strength was already something he could not compare with, and was the kind of character who could instantly kill him.

With the Crimson Sky Kingdom and the others, the current Long Chen no longer seemed like a practitioner of The First Stage of the Divine Martial Realm.

But in actuality, he was just someone of the The First Stage of the Divine Martial Realm. Other than fighting strength, he also had many shortcomings in comparing with others.

Long Chen was hot-blooded, but he did not expect that Su Xiao Die would actually have such a changing method, which made Long Chen think that she was Ye Xuan, which was why he did not succeed.

"I should be the one apologizing. I can't help you with anything. This time, I see it in my eyes and admire you endlessly. Unfortunately, I don't have your strength ..."

"There will be." Long Chen laughed, and looking deeply in the direction of the city, he said: "Under the encirclement of Chu Tiange's divine intent, we simply have no way of infiltrating the Abyssal Prison Tower, this is truly a big problem, the Divine Martial Stage actually has a divine intent, it's truly terrifying, if only the other party's divine intent could not detect me, it would be great!"

Thinking about that, Long Chen looked at the kitten that was playing by the side, while Ye Xuan stared back at him.

"You two perverts, what are you doing staring at the cat-lord!" The kitten said arrogantly.

Long Chen reached out and pinched the back of his neck, lifting him up, he said, "I remember that you can seemingly avoid their consciousness. What method did you use?"

"Kid, this is my secret recipe! Don't you dare think of any ideas, I'll beat you up!" said Cat in a panic.

Long Chen's eyes lit up, he was just trying it out. He could hear from Little Cat's words that he could pass down his unique technique, if not, he wouldn't need to be so nervous.

"Take it out." Long Chen said with a calm voice.

"If you don't want it, you'd rather die than submit!" The kitten boldly said.

Long Chen took out a small knife and waved it around the kitten's crotch, saying, "Think about it, in ten breaths of time, if you don't agree, the little thing will disappear."

The little cat became anxious and said hatefully: "Good, Long Chen, you bastard, you, I would rather die than submit, this is just a small body of a nightmare, cut it, this daddy will change it at most."

"Really?" Long Chen's small knife was swung downwards swiftly, now he really wanted to chop off the little kitten's treasure.

"Stop, I'll teach, I'll teach!" When the blade was about to come into contact with the kitten, he finally begged for mercy. Tears flowed down his face and Long Chen laughed involuntarily.

"I was just joking with you. We are brothers, how can I let you die without descendants?" Long Chen laughed, and smiled at Ye Xuan.

"If I can learn your method, sneaking in should not be a problem. Moreover, Long Chen could imagine just how precious Little Cat's secret method was. For strong Divine Martial Stage practitioners, their consciousness determined a lot of things, and if there was a secret method to avoid other people's consciousness, it would simply be like covering their eyes, and they could almost do as they wished within the range of their opponent's consciousness.

The value of this secret art was unimaginable.

He didn't expect that this kitten had such a good item on it.

"This secret technique is the unique mental cultivation method of my Reincarnation Godly Beast. With this technique, I can sweep through everything, contending for the position of Four Seas God. No one knows, in front of this god, everyone is blind."

Long Chen laughed and said: "At that time, you should have been a little thief, using this secret technique everyday to do some small things, right? "I know what your conduct is, so don't boast in front of me."

The little kitten angrily retorted, "You brat, you don't know anything. Otherwise, don't learn it, or pretend to be a grandson in front of the cat-lord!"

With such a good secret technique, Long Chen was not willing to have a falling out with this fellow. He hurriedly waved his hands and said, "Alright, alright, you're the invincible Overlord."

"That's more like it!" Cat nodded in satisfaction. Looking at the vast sky, she said, "This secret technique is called the Divine Breath Spell! Unless he sees you with his eyes or some other feeling, it would be difficult for him to use his divine sense to sense you if he doesn't get too close. The Divine Aura is a technique used to cover up the divine sense. "

"Divine Breath Technique?"

Hearing this name, it was pretty good.

"Not just anyone can learn the Divine Aura Technique, this is my unique movement technique. However, Zu Long knows everything. Other than you, there aren't many people in this world who can practice this technique."

After saying that, she slightly opened her mouth, and a ball of white light emerged from it, and poured into the space between Long Chen's eyebrows.

"It's already here. You better wake up." With that, the little kitten jumped back into the Great Void Realm and fell into a deep sleep.

Long Chen was a little touched. He knew that Little Cat must have wanted to give this thing to him since a long time ago.

Thinking about it, Long Chen and Ye Xuan nodded.

"Cultivate this Divine Breath Technique properly, I'll be going back first." Ye Xuan knew his limits, so he could only rely on Long Chen to save him.

"Alright."

After bringing Ye Xuan back to the Great Void Realm, Long Chen started to feel the ball of light that the kitten on his forehead gave him.

However, Long Chen's innate comprehension ability was extremely strong, probably because of his Ancestral Dragon ancestor. Even if it was in the ancient language, he could understand the meaning behind it clearly. Time passed by quickly, Long Chen immersed himself in the cultivation of the Divine Breath Technique, and the day when he succeeded in cultivating the Divine Breath Technique was the day he would return to the city.

Ye Xuan had not been saved yet, but he had to go to the city no matter what. He had to face such a strong opponent again, and such a practitioner had already appeared in front of Long Chen, which made him difficult to deal with. To deal with such a person, Long Chen knew that he was still a little lacking. After all, not only was the other party older than him, the resources he could not be compared with his.

Time passed quickly.

At this time, in the great hall of the city, Chu Tiange was standing with his hands behind his back. The ones below him were the other experts of the Nether Realm, and Su Xiaodie was among them. Seeing that Chu Tiange still had not recovered from his defeat that day, everyone was a little worried.

Especially Su Xiao Die, who stood hesitantly to the side, not knowing what to say.

At this time, Chu Tiange suddenly turned his head.

"Bring Ye Xuan out and we'll go to the city gates together. I don't believe that Long Chen won't come to the city even if we do that."

Chapter 1043 - Goddess

A few minutes later, the patriarchs of several patriarchs, as well as the Emperor level powerhouses of the Netherworld Army, as well as the people of the Lord of the Nether Realm and the experts of the East Palace arrived at the top of the city walls. This was the largest city wall in the entire city, with a height of over a hundred meters.

The incomparably towering city gate tower stood tall. The city gate tower was very large and wide, and only experts of Fourth Stage of the Divine Martial Realm and above had the qualifications to enter this place.

At this time, Chu Tiange didn't say a single word. He stood at the edge of the city gate tower and looked at the vast River Mountain of the Netherworld. Silence.

"Senior brother" Su Xiao Die puffed her chest up as she carefully walked to Chu Tiange's side. Seeing that Chu Tiange did not react, she became bold and gently pulled Chu Tiange's arm, using the soft flesh on her chest to rub against his arm. She looked at Chu Tiange in anticipation, hoping for his response.

"Die'er." Chu Tiange turned around and looked at her deeply.

"What is it, Senior?" Su Xiao Die asked.

"I am obsessed with martial arts and temporarily do not have any thoughts of getting married. I appreciate your good intentions, but it's best if you don't get too close to me in the future to prevent others from gossiping. It's not good for your future either."

Su Xiao Die's expression changed as tears almost flowed from her eyes. She said with grievance, "Senior Brother, do you not like Die'er? Don't you think Die'er is pretty? But Die'er is confident and looks pretty. Is there something else in your heart?"

"Alright." Chu Tiange interrupted her and said: "That's right. East Palace's competition is huge, I just do not want to delay each other's time. Wait until you grow a little older, then we can discuss about these things."

"I ... I won't waste your time. I just need to keep my eyes on you from afar." Su Xiao Die said.

Chu Tiange shook his head and did not speak further.

At this time, the Emperor of the Underworld, Gao Yan, had already brought Ye Xuan over. Everyone turned around, and under Gao Yan's lead, Ye Xuan walked into the tall and lofty city gate tower, a woman wearing a purple cheongsam, with a calm face and a cool, aloof appearance. Compared to Su Xiao Die's childish face, Ye Xuan was more mature, and more refined. Compared to Su Xiao Die, it was incomparable.

There were no injuries on Ye Xuan's body, and Nether Emperor Armor was still wearing it, so it had changed into normal clothes. But on Ye Xuan's chest, there was a pure white jade pendant, following Ye Xuan's movements, the jade pendant released a gentle glow, enveloping Ye Xuan's entire body, completely suppressing all of the primordial spirit, causing him to become like a normal girl, powerless to resist.

This jade pendant was the one which Chu Tiange had imprisoned Ye Xuan. Only the jade pendant was still on Ye Xuan's body, and Ye Xuan had been trapped inside it the entire time.

Hearing Ye Xuan's footsteps, Chu Tiange turned his head and looked at the peaceful woman. Hence, he did not do anything to Ye Xuan. In the end, his goal was still to get the treasures of the Crimson Sky Kingdom, but there was a little more information later on, which was to kill Long Chen.

Chu Tiange sized up Ye Xuan for a while, then said: "I heard that your relationship with Su Mo is very good."

Ye Xuan raised his head and said: "I know that Long Chen has already killed Su Mo. There's no need for you to say it. " After all, he and Su Mo had been friends for so many years, if she was present, she might make Long Chen show mercy. But since she understood Long Chen, Long Chen, was also a scammer, so for Ye Xuan's sake, Long Chen would be even more ruthless.

"What a heartless woman, I heard that you two have been in love for a long time, and in the end, you actually broke all ties with a man you have such deep feelings for for for a little man, it's so shameless,

I'm really not worth it for Su Mo!" Su Xiao Die ridiculed at the side. Su Mo had some relationship with her Su Family, and died just like this. She felt that he had lost a lot of face.

Ye Xuan looked at her quietly without a word. Although this little girl was strong, he was still a child in terms of heart. Furthermore, he was a bad child, so Ye Xuan had no need to argue with his.

"Shameless woman, this old cow eats tender grass!" Su Xiao Die saw that he did not say anything, so she just kept chattering on and on.

Ye Xuan looked into the distance, and did not speak any further, she was thinking about what happened earlier.

"I never thought that he would actually come running over. Little brother should have already been rescued by him, and last time he did not succeed but instead killed Su Mo and injured Chu Tiange. This guy, will still continue to come back."

This was what Ye Xuan was worried about.

Long Chen's tenacity sometimes truly surpassed everyone's imagination. He was such a tenacious person who would never give up until he had achieved his goal.

"For me, I don't know if it's worth it for you to pay such a price. After all, you are someone who wants to chase after a certain girl." Ye Xuan had always treated Long Chen from the point of view of an elder, or elder sister, or even a master. The relationship between her and Long Chen was very transparent and simple, unlike what Su Xiaodie understood, in Ye Xuan's eyes, no matter how charming Long Chen was, he was just a pitiful little brother.

"Why aren't you talking? Did I hit the mark?" Su Xiao Die walked around Ye Xuan. Back then, when she fought Ye Xuan, although her strength was a lot weaker, she was still unable to defeat Ye Xuan in a short period of time. Furthermore, Ye Xuan had a temperament that she could not compare with.

Chu Tiange glanced at Ye Xuan and immediately, she felt uncomfortable in her heart.

"You slut, it's best if you don't seduce my senior brother, or else!" Su Xiaodie cursed silently.

At this time, Chu Tiange spoke out.

The news of you being in this position will spread throughout the entire Nether Realm in a short period of time. I don't believe that the brat can hold himself back, he refused the last time I invited him to the East Palace.

His patience had already been exhausted by Long Chen. If not for Long Chen's speed being too fast, he might have already gone to search for him. This time, as long as Long Chen entered the range of his divine sense once again, Long Chen would not be able to escape.

Ye Xuan had already expected him to do this.

"Being forced to this extent by this brat, you sure are shameless." Ye Xuan's words were not polite at all.

"What did you say!" Su Xiao Die panicked. Her precious senior brother, is it your turn to teach a lesson? Without saying a word, Su Xiao Die rushed towards Ye Xuan.

"Dia'Er, don't move." Right at this moment, Chu Tiange's heart trembled, he looked to the east, in that direction, a snow-white light was shining, approaching him in this direction. That seemed to be a white-colored Sword Qi, and its speed was simply terrifying to the point of reaching such a level, Chu Tiange's consciousness was almost a hundred kilometers away, but that white-colored Sword Qi, in a flash, arrived in front of everyone's eyes.

At this moment, everyone was stunned, even Su Xiao Die had no choice but to stop. She blankly looked at the white sword Qi in front of her, as it gradually evolved into a beauty that could shake the world.

From under the long dress, she revealed a pair of exquisite bare feet that were like a piece of art. Her hands were long and beautiful, and her face looked young and tender, similar to Su Xiao Die's, but the kind of temperament that made people feel refreshed, a natural haughty temperament that Su Xiao Die did not have at all. Compared to the goddess who had descended from the sky, Su Xiao Die was like a village nun.

Chu Tiange instantly understood that only the three great Imperial Palaces or the emperors of the nine great realms would be able to cultivate such a talented young girl.

Therefore, Chu Tiange felt that it was very strange. When the goddess-like girl's eyes swept across his body, Chu Tiange immediately cupped his hands and bowed, then asked: "I am the number one disciple of the Venerable Onyx's sect, Chu Tiange, do I have the luck to know your name?"

From this, it could be seen how much importance he placed on this girl. Su Xiaodie was completely stunned, she had never seen Chu Tiange act like a toad even in such a manner in her entire life. It could only be said that the goddess in the sky, her charm was already enough to captivate Chu Tiange to the core.

Previously, Chu Tiange had told her that he did not want to affect his cultivation because of their matter, so he chose to keep Su Xiao Die away from him. Now, for the sake of a girl that he had met for the first time, he had actually gone against what he had said before ...

However, Su Xiaodie did not dare make a move, she also felt that this young lady's background was very likely to be extraordinary. Even Chu Tiange was like this, if she were to rashly take action, it was very likely that he would not end up well, and furthermore, if he were to make a move now, he would not be able to obtain Chu Tiange's love. Su Xiao Die understood these things very well.

He did not know why, but even though he was definitely more arrogant than the young girl in terms of figure, at least his chest was more attractive than Su Xiao Die's childish face. However, when she looked at the young girl, she still felt a sense of inferiority.

It was as if her pure eyes were able to see through all the thoughts in her heart, and all her ugliness, was exposed before her eyes.

Ye Xuan had seen many young warriors, and among them, she had also seen the proud son of heaven that was like Chu Tiange. However, even Chu Tiange did not have the temperament of this young lady, who would make others unconsciously lower their heads.

Chapter 1044 - Asura Sword Prison

That was definitely someone that could only be nurtured by a top-notch power in the Three Great Imperial Domains.

She really was noble, and didn't want to display her power to weak creatures. In Ye Xuan's eyes, Su Xiao Die's noble character was like an explosive family, but this young girl's nobility came from her bones.

Therefore, she had a sudden good impression of this young girl.

On the girl's shoulder, the nine-coloured butterfly stopped there, gently flapping its wings. Seeing this butterfly, Chu Tiange was stunned, he seemed to have seen this butterfly before, but could not immediately recall where he had seen it.

"Nine colors. Scarlet, orange, yellow, green, cyan, cyan, blue, purple, silver and gold. What exactly is this nine colors butterfly? Why does it seem to be so mysterious, as if it is an ancient beast from the previous book?" Chu Tiange was shocked in his heart. Even if the girl did not answer his question, he felt that it was nothing important.

At this moment, the girl suddenly spoke.

"This place is the city of the Nether Realm, right? Let me ask you, have you heard of a person named Long Chen before?" Ling Xi's voice lightly sounded.

Long Chen!

Everyone was sure that the name that this godlike girl was spouting out was Long Chen, and in that moment, they looked at each other. Ye Xuan, however, suddenly realized something, and just as she was about to speak, the white jade pendant on her chest started to emit waves of light, causing her body, and even her eyes, to be completely fixed in position. Ye Xuan was not able to move at all, and after doing all that, Chu Tiange immediately said: "Long Chen? There are a lot of people called Long Chen in this world, but I have never heard of him before. At the very least, there are none here in the city. "

Chu Tiange had always been imprisoning Ye Xuan, so Ling Xi was able to see this point, but since it was someone else's matter, she didn't understand the situation, and anxiously went to find Long Chen, which wasn't convenient for her to do so. Seeing that she had never seen Long Chen before, she thought in her heart, "Brother Chen has only been in the Nether Realm for less than two or three years, and I think it's best if I go back and slowly search for him. Maybe he has already been brought to the Desolate Imperial Domain.

If it was a Desolate Imperial Domain ...

Ling Xi thought about it, then decided that if it was the Desolate Imperial Domain, she would still look for him!

She was naturally kind-hearted and didn't know that Chu Tiange and the others were up to no good, so she naturally didn't think too much about it and didn't think that Chu Tiange would lie to her. After asking her that question, Ling Xi turned and left, leaving behind a streak of white sword light.

"Miss!" Without another word, Chu Tiange turned into a ray of sword aura and chased after Ling Xi. However, when he reached a hundred kilometers away, he realized that Ling Xi had already disappeared, and could only leave dejectedly.

"Who is this girl?" Could it be the one controlling the sword aura from the Sword Soul Imperial Palace? But for the one from the Sword Soul Imperial Palace, if they were to travel, they would definitely be surrounded by countless experts, making it impossible for them to travel alone. Who exactly is it, could it be the people from the Asura Sword Prison? "

The Asura Sword Prison was one of the Nine Realms, and was as famous as the Grand Moon Demon World. The people there all trained in the path of the Murderous Sword, and its offensive power was extremely great, so fighting it alone was even scarier than fighting against the people from Sword Soul Imperial Palace. The Asura Sword Prison was a place where a group of lunatics resided.

With just a single glance, Chu Tiange's heart was filled with the figure of this white-clothed female. He didn't know why, but he felt that this shouldn't have happened to himself, who was obsessed with cultivating.

"That's right. I have to check, which ancient book did that nine-colored butterfly come from. " His ring s contained a large amount of ancient books, all of which he had collected. Chu Tiange was very interested in researching some ancient items, and his pursuit of dragons was not even inferior to Ye Wushang.

Before flipping through the ancient books, Chu Tiange remembered something.

"Impossible, this is an existence of this young lady. It's impossible for her to have any interaction with Long Chen this little fellow, I must have heard wrongly, or some other person with the same name. After all, this world is so big, and there are over a hundred thousand Imperial Domain s by the name of Long Chen.

Ling Xi had already left.

"If she's really looking for Long Chen, then I accidentally resolved a huge crisis. If it's like this, who knows where this girl went, how can she help Long Chen?"

Just now, at the critical moment, he stopped Ye Xuan from speaking.

Thinking about it now, Chu Tiange knew exactly how dangerous it was.

"I really don't know where that brat Long Chen came from. He could actually be related to a goddess like that." When he returned to the city gate tower, everyone was waiting for him. Lord of the Nether Realm asked: "Young Master, where is that strange girl?"

"Let's go." Chu Tiange casually replied as he sat down at a place slightly further away from Ye Xuan. Then, he took out an ancient book he was going to flip through from among the ring.

Ye Xuan could speak now, but it was useless. The girl still left, but suddenly, Ye Xuan saw where the hope was and the corner of his mouth curled into a smile.

"Long Chen, this little fellow, I am sure that the little girl from earlier was looking for him. This brat actually had such a fortuitous encounter and was convinced, but he didn't even let me know. Not many in the Three Regions Nine Realms can compare to this kind of girl. "If he's lucky enough to meet her, I won't have a problem ..."

However, Ye Xuan was not stupid.

"If he wanted to obtain such a girl, Long Chen would have to go through a lot of hardships in order to succeed. No wonder this brat had such a tenacious body, but there's still a gap between them now. I really don't know if he can succeed in the end."

If the gap wasn't bridged, then no matter how much they loved each other, it would be very difficult for them to get together again. This was the law of this world, and only the strong possessed supreme women.

Fortunately, this little girl is not bad. Not bad, not bad at all. When Long Chen was chasing her, she was also chasing Long Chen.

Ye Xuan had a deep impression of the word love, but after taking a wrong step, it would no longer belong to him. Or after many teenagers, she would be lucky to meet another man who loved his.

"Senior apprentice-brother." Su Xiao Die twisted her perky little butt and sat down beside Chu Tiange. Her expression was a little stiff, and there were faint tears flashing in her eyes.

"Die'er, what's wrong?" Chu Tiange did not close his book.

"What are you looking at?" Su Xiao Die asked.

"The lady just now had a butterfly on her shoulder. It must be an ancient beast. I'm looking into what it is."

"It's her again. Senior Brother, do you like her?" Su Xiaodie finally could not hold it in anymore. The piece of flesh on her mouth was suddenly taken away. How could she endure this?

Chu Tiange was dumbstruck. He turned around and looked at Su Xiaotao, his gaze darkened, "Xiao Die, if you continue talking nonsense, I won't be paying attention to you, but this matter is of utmost importance. If a girl like her were to come to the Nether Realm, I have to inform Master right away, so I have to quickly look up the information on that butterfly.

After saying that, Chu Tiange stood up and moved to an even further place. Under the control of his consciousness, as long as Long Chen arrived, he could succeed.

Su Xiao Die was dumbfounded.

This was the first time Chu Tiange treated her so harshly, as tears welled up in his eyes. Su Xiao Die was so angry that she almost died from anger, in her heart, she believed that the reason Chu Tiange had spoken to her like this was because he liked that girl.

"You dare to touch my man? You're courting death! You're courting death!" Su Xiao Die turned around and looked at everyone behind her. The more she looked, the angrier she got.

"You bunch of trash, what are you looking at? Be careful that I don't beat you to death!" Su Xiaodie said with a roar as she ran away. Her chest quivered as she ran. A pair of big white rabbits almost burst out of her clothes. The elders were all envious.

Everyone looked at each other.

"The young master has gone to study ancient books, and Miss Xiao Die has run away again. If Long Chen comes over at this time, with his speed, would we be able to defend against him?" One of the Underworld Emperors said.

"Don't underestimate the young master. Although he is studying ancient books, his spiritual sense should be at least five kilometers wide. We will take turns to scan the surroundings with our spiritual sense and to anyone who appears."

Lord of the Nether Realm instructed.

"Yes." Everyone nodded, carefully surrounding Ye Xuan.

Ye Xuan laughed involuntarily.

"Don't you find it funny that all of you would be so cautious against a The First Stage of the Divine Martial Realm warrior?"

"Long Chen, he doesn't have normal The First Stage of the Divine Martial Realm, Su Mo has already died in his hands. If you look down on him, it will only make your own death worse." Yang Yufan said.

Previously, when Long Chen used that Golden Thunder Prison Dragon, it really scared them all.

To be able to cause these old seniors to be afraid, Ye Xuan knew that the current Long Chen had actually grown to such a degree.

No matter what the result was, Ye Xuan was very pleased.

A few days later, the Lord of the Nether Realm s were still carefully using their senses to check the situation. Chu Tiange was in the corner of the city gate tower, completely focused on flipping through the huge amount of information, not moving an inch.

"Long Chen hasn't made any movements, shouldn't you start applying a bit of ferocious medicine?" Looking towards Ye Xuan, Gao Yan whispered into Yang Yufan's ear.

"It should be, but let the Young Lord decide. I will go and ask for his opinion." Yang Yufan then walked over, with a total distance of over 200 metres, if he moved at his full speed, he would be there in an instant.

Right at this moment, a streak of golden lightning, under circumstances that no one could have expected, arrived at Ye Xuan's side. That kind of speed was something that not even Yang Yufan could catch up to in a short time. After all, he would need a certain amount of time to turn around.

Chapter 1045 - Taibai Sword Prison

Long Chen had already waited at the side for a while, he was quite a distance away from here, and Su Xiao Die was not here either. This was the best time to rescue Ye Xuan, and it just so happened that at this time, the strongest expert who protected Ye Xuan, Yang Yufan, was temporarily leaving, causing Long Chen to be even more confident that this was an extremely good opportunity.

After close to ten days, Long Chen had finally learned the God's Breath Technique, which was related to his talent to defy the heavens. If it was anyone else, they wouldn't even be able to understand the words of the secret technique that Cat had given them.

Having absorbed a tenth of the ancestral dragon blood, he now had a huge amount of comprehension ability.

Long Chen could feel that all the A powerful warrior of the Divine Martial Realm present were using their divine senses to scan their surroundings from time to time, even Chu Tiange was the same. His realm was not ordinary, if Long Chen did not have the divine intents to maintain his consciousness for five kilometers, he would have long been able to discover Long Chen.

This Divine Resurrection skill was of great help to Long Chen in his future battles.

It was precisely because of the God's breathing technique that Long Chen dared to take the risk, but he did not expect one thing, that Chu Tiange actually took Ye Xuan out of the Abyssal Prison Tower, which made it easier for Long Chen to save him, but at the same time, it was also easy for Chu Tiange to discover him.

There were pros and cons.

Maintaining the Divine Breath Technique required a portion of Long Chen's attention, so he couldn't sustain it for too long. Thus, when Yang Yufan left, he did not think too much, and decisively made his move, which was refined by the Golden Thunder Prison Dragon. In terms of speed, Long Chen's body was already comparable to a warrior who had just entered the Sixth Stage of the Divine Martial Stage.

Those strong practitioners who were guarding Ye Xuan's side trusted too much in their consciousness and too much in Chu Tiange. Therefore, when Long Chen appeared, they still did not react.

Without saying a word, Long Chen used the Great Void Realm to attract Ye Xuan's attention. He knew that if Ye Xuan felt this power, he would immediately go in.

On Ye Xuan's chest, a white jade pendant appeared, blocking the attraction from Long Chen's Great Void Realm. This white jade pendant was in Chu Tiange's hands, and Chu Tiange who was reading an ancient book was startled, a pair of white eyes looked over to Long Chen's side!

"We've been discovered!"

Long Chen was shocked, but he did not lose his composure. In that moment of life and death, the Scarlet Blood Sky Desolate appeared in Long Chen's hand, the sharp tip of the sword directly pierced towards Ye Xuan's chest. The Scarlet Blood Sky Desolate Demon Dragon's horn was simply not of any rank, and its sharpness far surpassed Long Chen's imagination.

The sword tip stopped at Ye Xuan's chest.

"Long Chen!" At this time, Ye Xuan finally discovered Long Chen, and she couldn't react in the slightest. How could Long Chen hide from other people's senses and consciousness? Long Chen's Divine Aura Technique was beyond everyone's expectations. If it was used well, in the future, Long Chen would definitely take advantage of everything and kill people!

"Let's go!" After destroying the jade pendant, Ye Xuan no longer had any bindings on his body, so without a word, Long Chen directly kept Ye Xuan inside the Great Void Realm. In the next moment, he had already activated Blood Escape, with his current speed, it was extremely terrifying, and a streak of blood light instantly disappeared in front of everyone's eyes.

However, Long Chen did not relax at all. Because of the white jade pendant, Long Chen had alarmed him too early. At that moment, Chu Tiange had already chased after him.

The moment he unleashed Blood Escape, Chu Tiange was already right in front of Long Chen. He was a true Sixth Stage of the Divine Martial Stage, a practitioner at the peak of the Golden Body, his speed was not something to be reckoned with, even Long Chen would not be able to catch up to him. At this moment, Chu Tiange's consciousness had expanded for a hundred Li in an instant, and with that, Long Chen was unable to escape.

A golden ray of light was chasing a blood-red ray of light. The others hesitated for a moment and finally realized what was going on. They hurriedly chased after it. Su Xiao Die who was not too far away also sensed this scene and followed!

No one would have thought that Long Chen was actually able to save Ye Xuan. This was the last chance to catch Long Chen, even if Chu Tiange was risking his life, he would not let him escape!

"What's going on!" Chu Tiange realized that he could only see Long Chen, but he couldn't sense Long Chen at all. No wonder why Long Chen could approach him so easily, when he thought of this place, Chu Tiange had the urge to go crazy. His cultivation had always been good, but at this moment, he was truly driven mad by Long Chen.

"Although divine sense is useless, even so, will you be able to escape my control? Long Chen, you are underestimating me!" After's body was previously destroyed by the Golden Thunder Prison Dragon, it could only be considered as his carelessness. Chu Tiange's true strength, was very, very strong!

The speed of blood escape was actually not that much related to the speed of Long Chen's body. What was most related to the speed of blood escape was the speed of the primordial spirit, and right now, the speed of blood escape was almost equivalent to the true speed of Chu Tiange.

At this point, Long Chen could only promise that he would do his best and not let his efforts fail. Thinking about that, Long Chen clenched his teeth, his chance of survival was still very high, and with the Divine Resurrection skill, he only needed to escape from Chu Tiange's field of vision.

It was a pity that shaking off the rankers on the East Palace's Heaven Child Ranking was not so simple, especially when Chu Tiange was giving his all. This was his last chance to complete the mission and if even a small Long Chen could not accomplish it, then he would be called a laughingstock after returning to the East Palace.

As Chu Tiange watched that streak of bloody light about to disappear from his field of vision, his expression became incomparably gloomy.

"Unfortunately, you still won't leave her."

At this time, Chu Tiange extended the index finger on his left and right hands. On his index fingers, there was a little bit of white light, and the white light became bigger and bigger, gradually turning into two palm-sized balls of white light.

"Taibai Sword Prison, go!"

The thing was extremely fast, and in an instant, it had already reached Long Chen's side. Before Long Chen could think of a way to counter it, the two balls suddenly exploded, turned into billions of white sword beams, and formed a sword-shaped cage with a diameter of a few hundred meters, trapping Long Chen inside. Long Chen was extremely fast, and just as Long Chen was about to react, the two balls suddenly exploded and turned into billions of white sword beams, forming a cage with a diameter of several hundred meters.

"Crap!"

Long Chen was forced to stop his Blood Escape. At this moment, he was trapped in a prison formed by countless white sword beams, and this was none other than Chu Tiange's Taibai Sword Prison. Every single sword beam carried the might of the Sixth Stage of the Divine Martial Stage, and it was enough to tear Long Chen to shreds.

Without a second word, Long Chen unleashed his trillions of kills, the blood red sword qi formed a ball and smashed onto the White Sword Prison with a loud bang. It was a pity that with Long Chen's current strength, even with the attack of a Divine Level 3, he was still far from being Chu Tiange's opponent!

The situation instantly turned critical.

Long Chen knew that without a large amount of Divine Crystals this time, without the attacks of the Gold Thunder Prison dragon, the three of them would definitely be in danger. The current Chu Tiange was not as easy to fool as the last time.

Long Chen still remembered that when he had obtained the Divine Crystal for second place, he had obtained ten thousand. These ten thousand Divine Crystals were enough for Long Chen to be in a stalemate with Chu Tiange for a while. If Chu Tiange did not take the Nether Emperor Armor away, would the Nine-Layered Deadly Slaughtering Prison and the ten thousand divine crystals be here?

The Nine-Layered Deadly Slaughtering Prison was a seventh grade Divine Skill. Chu Tiange had won in East Palace, so he reckoned that there were even more seventh grade Divine level Divine Skills. It was normal for him to look down on them.

"I have the means to protect my ring from being taken away, so those ten thousand divine crystals are still here." When Long Chen asked about this, Ye Xuan immediately replied. At the same time, she had about three thousand divine crystals of his own, and when Long Chen needed them, she took them all out and placed them in the middle of the Great Void Realm, trapped by the Taibai Sword Prison. Long Chen could only fight with all his might against the current situation, so before Chu Tiange arrived, the Golden Thunder Prison Dragon rushed out of Long Chen's arms, coiled its body that was made of golden lightning, and swallowed all the divine crystals Long Chen had taken out of the Great Void Realm.

The Golden Thunder Prison Dragon's absorption speed was extremely fast. Although it was not as fast as last time, it was still able to display an attack that could threaten Chu Tiange a little.

When the Golden Thunder Prison Dragon had just finished preparing, Tai Bai Sword Prison flashed, and a figure appeared a hundred meters away from Long Chen. It was Chu Tiange.

"What a strange fellow, even my consciousness can escape from him. However, in the Supreme White Sword Prison, unless you have the destructive power of the peak Sixth Stage of the Divine Martial Stage, it's impossible for you to escape. The Supreme White Sword Prison is the peak of all sixth grade divine skills, it's something even the God Slaughtering Sword Formation cannot break!"

It was actually a sixth-grade godly technique.

Long Chen looked around, and saw that countless white colored Sword Qis were revolving around him at high speeds. If he got any closer, he would probably be killed into minced meat by the white Sword Qi.

The two enemies had met in the Taibai Sword Prison.

Chu Tiange did not attack immediately, because he still vividly remembered the Divine Dragon formed from golden lightning on Long Chen's body. The previous time, he was almost killed by this Gold Thunder Prison dragon, although its power was not as strong as last time, it was still worth looking down on.

Chapter 1046 - Final Contradiction of War

"And this dragon?" Long Chen asked with a gloomy face. Although Chu Tiange did not make a move, Long Chen had to admit that this was the most dangerous moment, his heart was thumping incessantly, one step was wrong, and it was related to three people's lives, so he could not be careless.

When Long Chen came back from the forest, Little Cat had said that Long Chen would die this time, but she hadn't thought that it would actually be right. Right now, Long Chen was facing a life and death predicament, the other party was such a proud son of god, and he met such an opponent too early, not someone he could come into contact with right now, but someone he could kill gods with.

Along the way, Long Chen had met so many opponents. Chu Tiange was the type of person who truly made him feel threatened.

"Maybe you can use him to destroy the Taibai Sword Prison, but I can do it again, and can you do it again?" Chu Tiange started laughing. He could tell that Long Chen using this Gold Thunder Prison Dragon's attack was not his own power. He had expended a large amount of resources, so being able to use it once was already very good.

Long Chen was also aware of this point.

What should I do?!

Chu Tiange would never give himself time.

To put it simply, his current state of mind was almost the same. A very, very long time ago, when Long Chen was facing a fatal crisis, a white floating figure appeared in the white mist before his eyes. It was her who had saved Long Chen several times, saved him and left him to survive and live together with him ...

"And this time, I'm very close to her. I even feel that she's right next to me. Am I going to die like this?" Long Chen was unwilling. If there was a total of 100 steps, he had already taken 99 steps. He could not die here. The desire to live made his entire body surge, his eyes became blood-red, and the red scales gradually surfaced from his body, completely transforming into the state of a Dragon Fighter. This was caused by Long Chen's excitement.

The golden Thunder Prison dragon circled around Long Chen's body, staring at Chu Tiange like a tiger staring covetously at its prey. The blood-red colored image of a dragon also appeared on the crimson sky and earth in Long Chen's hands. Chu Tiange had an illusion that the person in front of him right now wasn't a person, but a coiled dragon.

"This Long Chen can take back all these things, including the Scarlet Blood Sky Desolate Land. Could it be that he is related to dragons? I'll give him a complete corpse later. "

The reason why Chu Tiange didn't attack right away was because Chu Tiange was still a little afraid of his Golden Thunder Prison Dragon, but he couldn't drag it out any longer. Thinking to this point, Chu Tiange laughed coldly, moving closer to Long Chen. Chu Tiange was a true Sword Fighter, his comprehension towards the way of the sword was already close to the fourth and eighth levels.

"Your attack is indeed not bad, but unfortunately it doesn't belong to you." At the same time, Chu Tiange also exerted psychological pressure on Long Chen, but Long Chen was completely unmoved. The golden Thunder Prison Dragon moved its pair of eyes forward, filled with a violent killing intent!

Just as he was about to make a move, a single sentence from Ye Xuan caused his mind to go blank!

Although Long Chen had always had an intuition that Ling Xi was right beside him, protecting him the whole time, he felt that this was not real and that it was just an illusion. Ling Xi must be waiting for him at the Sword Soul Imperial Palace, maybe she had already given up all hope, or maybe she had already forgotten about him.

"Long Chen, there is something I must tell you!" He had just reunited with Ye Xuan, who was crying tears of joy. However, the situation was still not looking good.

"What is it?" Long Chen didn't have much of an idea in the beginning.

"Let me go out first and face Chu Tiange together. After I put on my Nether Emperor Armor, I will also be researching the Nine-Layered Deadly Slaughtering Prison during this period of time. If I work together with you, perhaps I will have a slight chance." Ye Xuan also had his own little thoughts. Although Long Chen came to save her, she wasn't willing to waste Long Chen's life because of him, as someone was looking for him again.

From the little girl's anxious and expectant eyes, Ye Xuan saw what she wanted to see. Maybe that was happiness, and if she was allowed to ruin that happiness, it would be even worse than death.

did have a strong battle power, but he was still not Chu Tiange's opponent. Coming out was more or less the same as not coming out, Long Chen had his own plans, he would rather die than let something happen to others. If he died, Cat could bring the two people from the Great Void Dragon Symbol with him to leave, and the others would have no other choice.

So, he did not agree to Ye Xuan's request, and instead said: "You should say it first, I have a way to leave."

At this point, he could only fool Ye Xuan a little. After all, in Ye Xuan's heart, he was a mysterious person.

Ye Xuan was helpless. She knew that this matter was extremely important to Long Chen, so he didn't think that it would be appropriate to use this as a condition for his to leave. Thus, he straightforwardly said, "A few days ago, a young girl suddenly appeared on the city walls of the city. She was very beautiful and she said that she wanted to find a person called Long Chen.

"A young girl?" Although Ye Xuan's description was very vague, and there would be a lot of girls like this, there was probably only one person in the Three Great Imperial Domains who would want to find Long Chen.

"White. This girl gives people the feeling of a white lotus flower. She is quiet and sweet, and at the same time, empathetic. To be able to transform into a white sword light, her temperament could only be cultivated by the top powers within the Three Great Imperial Domains, or by the Three Great Imperial Palaces or the emperors of the nine great realms. So you know who it is, don't you? "

When Ye Xuan finished speaking, Long Chen was already silent. His entire person was in a daze, as if he had lost his soul.

"Xiao Xi!"

Long Chen knew that she was still nearby and he could practically smell the fragrance of her body. This kind of familiar smell, Long Chen would never forget even in his death, never forget that when he was still very weak, and when she was at the brink of death, the two of them had shared life and death together, this kind of love that they had built up amidst countless hardships, that was firm and strong, that would never change even if they died. It was not something others could compare to.

"Not only am I trying to see you, you're also trying to see me? "Sorry, I seem to be too self-righteous. You are more worth my pursuit than I imagined."

Sometimes, Long Chen would also be at a loss whether he felt that it was worth it or not. But looking at it from today, this kind of woman was indeed worth him wandering around the border of life and death countless of times just for one chance to see her.

Only seven years had passed since the Promise of Ten Years, but seven years was enough to make one suffer. Seven years seemed to have passed, seven hundred years, and today was probably the first time they were so close.

Reaching out his hand, it was as if he could touch the aura of his opponent.

Long Chen believed that the current Ling Xi definitely felt the same way.

After taking a deep breath, Chu Tiange, who was in front of him, did not understand what had happened and was still walking towards Long Chen. However, he acutely discovered that Long Chen seemed to have changed.

The person he was thinking about day and night was right in front of him, so Long Chen definitely could not let himself fall at the last moment, in his chest, a raging fighting spirit ignited, from the start till now, Long Chen had faced countless of enemies, but never had he felt as though his blood was boiling, he could feel his entire body's strength igniting, like the power of a mountain collapsing, rumbling sounds could be heard, a total of one billion blood vessels, like True Dragons, were churning inside Long Chen's body, the Dragon Blood and Divine Energy was frantically surging, with a bit of power being completely dug out from the depths by Long Chen.

An astonishing will exploded out from Long Chen's body. It was extremely terrifying, and a blood red aura spread out in all directions. Long Chen's current gaze made Chu Tiange, who was countless times stronger than him, stop in his tracks.

"What happened to this kid just now?" Chu Tiange squinted his eyes. He saw that even the Crimson Sky Kingdom in Long Chen's hands was trembling, as if it had experienced Long Chen's emotions. It was as if it had let out a dragon's roar, and the blood-colored dragon scales on Long Chen's body gradually spread to the surface of the Crimson Sky Kingdom until the hilt of the Crimson Sky Kingdom was covered by the red dragon's scales.

At this time, the strength of Long Chen's body had already risen to the point where it was about to explode.

Sssii! *

A heavy roar, that seemed to have accumulated for millions of years, exploded out from Long Chen's body.

Beneath his fiendish exterior, Long Chen's heart was gentle. That was the place left for Ling Xi, and this was the last time she had met a woman he had sworn to love. No matter what, even if Long Chen only had half of his life remaining, he would still pass through.

Below Tai Bai Sword Prison was the most critical battle in Long Chen's history!

"Xiao Xi, don't be in such a hurry to leave. Wait for me, you have to wait for me!" An earth-shattering roar came from the depths of Long Chen's heart. He hoped that Ling Xi could feel it.

"Is this kid crazy?" In order to avoid any unnecessary trouble, Chu Tiange made his move decisively. If he still did not make his move, it would be troublesome if this guy made any other changes. This was his most miraculous opponent so far.

"But it has begun!" A ray of divine light appeared in Long Chen's eyes.

Among the Great Void Realm, Ye Xuan, Ye Xuan and Little Cat were all looking at Long Chen in a daze.

"Too terrifying. This is the most horrible rut I've ever seen. " The kitten tightly clenched its tail, sweating profusely.

Chapter 1047 - Second Stage of the Divine Martial Realm

Long Chen had always been calm, but this time, he could no longer stay calm. The boiling blood urged him to tear the person in front of him apart, and only by ripping him to shreds would he be able to see Ling Xi, or perhaps this was the last barrier, and the final, counterattack!

The surging of the Dragon Blood and Divine Energy in Long Chen's body had gradually reached a critical point. At this time, Chu Tiange had already felt the enormous change in Long Chen.

"Long Chen, do you want me to help you?" Ye Xuan was still worried. She clearly knew Chu Tiange's strength, that was a level that Long Chen was completely unable to touch. Of course, it wasn't because Long Chen had lost to him; what Long Chen lacked was only time.

Chu Tiange was acutely aware of this fact and immediately took action. At this moment, without saying a word, his body suddenly transformed into a golden sword light, piercing towards Long Chen. This was the sword technique he had used to deal with Long Chen before, it was called the Gold Swallowing Sword Qi!

The Gold Swallowing Sword Qi seemed simple, but it was a grade five divine skill!

And this time, what Chu Tiange released was not just a ray of sword qi, but when the Gold-Swallowing Sword Qi got close to Long Chen, it seemed like it would explode, instantly transforming into ten different sword qi, all of them golden and sharp. They surrounded the sword qi and formed a Eight Trigrams pattern, splitting it into eight big pieces, starting from the eight parts of Long Chen's body!

"You can die now." This Gold Swallowing Sword Qi was something that Chu Tiange could unleash with all his strength. Ordinary Fifth Stage of the Divine Martial Realm warriors would not be able to block Chu Tiange's attack.

The Gold Swallowing Sword Qi instantly appeared in front of Long Chen.

Like a death god's sword, Long Chen felt a hair-raising power from this sword aura.

"I'm counting on you." With his bloodshot eyes, Long Chen ignored the swallowing golden sword qi as if it was nothing at all. Gently stroking the head of the golden Thunder Prison dragon on his body, he pointed at it, and instantly, the golden Thunder Prison dragon released an earth-shattering power, its body formed from golden lightning suddenly moved, flying towards the swallowing golden sword qi that it had engulfed before. The golden lightning instantly filled the entire Taibai Sword Prison, causing the divine dragon's imposing aura to erupt from its body, causing the golden dragon's crackling sound as it devoured dozens of golden sword qi.

In front of Chu Tiange, the blood-red colored, furious Long Chen commanded the Golden Thunder Prison Dragon to charge at him.

"You think I'm going to fall in the same place?" Chu Tiange laughed coldly as he shook his head and reached out with his right hand. A golden light beam and another white light beam shot out from Chu Tiange's eyes and entwined with each other in the palm of his right hand, gradually forming a golden and white sword.

The golden and white were both symbols of righteous energy. The sword in Chu Tiange's hand had a vast righteous energy, and was the most famous sword of righteous energy in the East Palace — — Clear Sky Sword!

The Clear Sky Sword was one of the most famous weapons in the East Palace. It was an eighth grade Divine Level weapon, and as long as an ordinary item was eighth grade, it would be considered an extremely valuable treasure. Even a seventh grade treasure would be considered a great treasure, not to mention the Clear Sky Sword! It was rumored that the Clear Sky Sword was bestowed by the True Martial Imperial Palace and only arrived in Chu Tiange's hands after hundreds of thousands of years. Countless experts of the East Palace had wielded the Clear Sky Sword and beheaded demons, getting rid of the devils and getting rid of the demons, and they had all achieved great success. Yet, Chu Tiange had actually used the Clear Sky Sword on a junior like Long Chen today, which was something that would be humiliating enough for others to know.

Chu Tiange was very careful, he had suffered a loss to the Gold Thunder Prison Dragon before, if he did not use the Clear Sky Sword, he did not have the confidence to break through Long Chen's attack.

With the Clear Sky Sword in his hand, the current Chu Tiange was like a god from the sky, towering and towering, as if an unshakable mountain stood in front of Long Chen. The Clear Sky Sword shone with a resplendent light, and a wave of energy opposing Long Chen's blood light assaulted him.

The Crimson Sky Kingdom was extremely dissatisfied with the aura of this weapon.

Blood and slaughter was the same for the evil dragon. It was naturally very resistant to a righteous weapon like the Clear Sky Sword.

However, what was going to deal with Chu Tiange now was the Golden Thunder Prison Dragon, which was perhaps the only method Long Chen had to deal with the enemy. However, Long Chen was not discouraged, he was a crazy person, as long as he survived this time, anything was possible.

A sword light flashed in Chu Tiange's eyes as he waved the Clear Sky Sword.

"The Great Sword Technique, Beginning Primeval Chaos!"

Although it was a longsword that was gold and white in color, it was white in color and the golden color was just decorations for the runes. This kind of longsword, however, had a grey Qi flow within it, and the grey Qi gathered all the power in Chu Tiange's body, and the battle skill he used was obviously above a sixth grade Divine Skill.

The Golden Thunder Prison Dragon roared in anger and welcomed the terrifying gray colored Sword Qi.

This sword qi stunned Long Chen. Although it was the sword of justice, this gray sword qi was filled with the aura of slaughter, it was the will to destroy the world. No wonder it was called the Beginning of Chaos, it was split apart by this sword qi!

On the road of Divine Martial Stage, Long Chen comprehended more and more things, and he discovered that the stronger the opponent, the more it would be during a life and death battle, which would be more beneficial to his breakthrough. It was as if now, the True Martial Emperor's Soul was transmitting things to Long Chen as if he was starving, and Long Chen had also gradually reached his limits. At the last moment, Chu Tiange's sword strike had mixed together into what seemed to be the primal chaos between Long Chen and the Divine Martial Spirit, so it was as if the entire originally dark world had suddenly been cleaved open.

All small sounds could be heard in an unlimited manner, and this was not heard by the ears but by the Divine Martial Spirit. In a short while, a large amount of information rushed into Long Chen's mind. Long Chen seemed to have realized one thing, which was that when Chu Tiange slashed down with his sword, his Divine Martial Spirit had succeeded in reaching the Second Stage of the Divine Martial Realm and reached the Consciousness Realm!

At the same time, Long Chen had already opened his consciousness. It was precisely because of this Divine Martial Spirit opened her eyes that Long Chen was able to sense the surroundings without using his facial features.

Everything became incomparably clear.

The Dragon Blood and Divine Energy once again broke through its limit, frantically rising. Without saying a word, Long Chen had taken out all the blood and essence from the corpses of all the Ghost Beast he had hunted in the forest, and at this critical moment, he retreated as he absorbed them. Finally, he reached the Second Stage of the Divine Martial Realm, so he needed to unleash his strength now.

At this time, Chu Tiange was using his Clear Sky Sword's Great Sword Technique to clash with the golden Thunder Prison dragon's power, while Long Chen was taking this opportunity to quickly increase his own strength.

A large amount of Emperor Profound Spirit Qi entered his body, and a large amount of blood essence gushed into his body, being absorbed by his Blood Refinement Qi. Within Long Chen's body, the Dragon Blood and Divine Energy rose dramatically again and again, as a huge amount of primordial spirit flushed into Long Chen's meridians.

At the same time that the number of primordial spirit increased, Long Chen remembered something else.

BOOM!

In his sea of consciousness, it was as if there was an explosion. The Primordial Blood Spirit Dragon's blood essence, unexpectedly split out a bit, which was only one tenth of the original blood essence, and entered Long Chen's body once more. This ten percent of the blood essence, split out into billions of dollars, and entered into every corner of Long Chen's body.

Long Chen's body, like last time, underwent a complete transformation. Not only did his body become stronger in a straight line, the number of primordial spirit increased, and his comprehension ability also increased.

"Another ten percent of my blood essence. I've already absorbed a fifth of the Primordial Blood Dragon's blood essence, and I'm getting closer and closer to reaching the tribulation stage."

A tenth of his blood essence continued to strengthen Long Chen's body, and at the same time, it had increased Long Chen's primordial spirit. Other The First Stage of the Divine Martial Realm needed to raise a little to the Second Stage of the Divine Martial Realm, and Long Chen required tens of thousands of times more than they did.

The blood-red dragon's scale covered his body, and the color of the dragon's scale became darker and darker, its hardness also became stronger and stronger. Long Chen's current dragon scale was so tough that not many weapons could cut through it. Even if it was that Divine Level Eight Haotian Sword, it wouldn't be that easy to kill Long Chen. Right now, in terms of physical body, Long Chen had already surpassed Chu Tiange, and his speed had also increased!

After everything was completed, the clash between the Gold Thunder Prison dragon and Chu Tiange had already ended. The Gold Thunder Prison dragon's power had already been exhausted.

Roar!

The golden Thunder Prison dragon returned to Long Chen's left hand. A golden lightning dragon was swimming within Long Chen's body.

"He actually improved at this crucial moment?" Chu Tiange was a little shocked. He realized that Long Chen already had a consciousness, which meant that Long Chen was really just a The First Stage of the Divine Martial Realm in the first place.

Such a terrifying The First Stage of the Divine Martial Realm, had never been seen before.

Suppressing the shock in his heart, Chu Tiange became even more determined to kill Long Chen. Time waited for no one, and Chu Tiange sneered: "So what if I leveled up a little, without that lightning just now, hundred thousand, are not my opponent."

Long Chen stabilized the power of his Second Stage of the Divine Martial Realm. Indeed, there was still a long way to go before he could kill Chu Tiange, but in order to survive today, Long Chen had already given his all.

"I will definitely win this battle."

In Long Chen's heart, he believed that he would definitely win.

He extended his arm, and the terrifying, blood-red flames began to blaze from his body. A bloody divine dragon appeared amidst the scarlet flames.

Chapter 1048 - Eastern Emperor Sword

From The First Stage of the Divine Martial Realm to Second Stage of the Divine Martial Realm, Long Chen's primordial spirit had already increased explosively to a terrifying extent. Chu Tiange had never thought that Long Chen's strength would increase explosively yet again, and this time, it was a sudden increase for no reason at all. He simply did not know why.

He could only see in Long Chen's eyes, the conviction that he had risked his life to survive.

The strange blood-colored flame was burning intensely on Long Chen's body. Chu Tiange could not tell what this blood-colored flame was, but in the middle of the flame, there was a blood-colored dragon shadow. This dragon shadow did not look like a Crimson Horn Demon Dragon at all, but a different kind of blood-colored dragon that made others feel even weaker.

"What the hell is this?"

At this time, the blood colored flames soared to the sky, completely engulfing Long Chen, making him unable to see his appearance clearly. Chu Tiange could only see a figure within the flames, his entire body was covered in scales, giving off a beast-like killing intent.

Chu Tiange underestimated Long Chen's craziness.

With Ling Xi right in front of her eyes, Long Chen realized the importance of living on, at that moment, he could pay any price, including the drop in cultivation. He could not die here, because she was just a hair away from her goal!

"Blood sacrifice!"

After a long time, Long Chen did not use his blood sacrifice anymore, he did not know what price he would have to pay to use it, and it might even cause his cultivation level to drop back to Heaven Martial Stage, but if he was able to live on, and live to see Ling Xi again, then Long Chen could bear the cost.

As the blood colored flames burned, the Dragon Blood and Divine Energy in Long Chen's body began to burn. Every burning of a portion of the primordial spirit, would increase his strength by ten times, or even a hundred times.

This time, Long Chen used the power of the second stage of Blood Sacrifice.

If it was at the third level of Blood Sacrifice, his body would definitely suffer another heavy injury. The effects of the first level of Blood Sacrifice wouldn't be obvious. Only the second level of Blood Sacrifice was the most suitable! His choice was correct. At this time, his body had just been consolidated by one-tenth of the ancestral dragon blood s and he had the ability to withstand Long Chen's abnormal strength!

The current Long Chen was no longer himself. The Primordial Blood Spirit Dragon's killing intent and prideful will had followed the blood essence and entered into his body, fusing into the billions of particles in his body. In a tiny cell, the killing intent of an Primordial Blood Spirit Dragon was the most shocking thing to Chu Tiange, as the Primordial Blood Spirit Dragon's will was currently hidden in Long Chen's body.

"Just what kind of secrets does this kid have?" Chu Tiange discovered that he was already excited in his heart. He was acutely aware that the treasures on Long Chen's body were not as simple as that nameless battle skill and the Scarlet Blood Sky Desolate. There must be something even more precious that caused Long Chen to have such a heaven-defying performance.

"Dragon!"

When he thought about Long Chen, what appeared in Chu Tiange's mind was the appearance of a divine dragon. His heart trembled, and he made a guess that caused him to be shocked.

Chu Tiange lowered his voice and asked: "Long Chen, could it be that you are Dragon Fighter?"

"You found out too late." At this time, Long Chen had basically completed his blood sacrifice, his entire body's energy was completely burnt and turned into a hundred million surging river, crazily surging in Long Chen's body. The blood colored, and even the black scales, were densely covering his body, and the dragon image, from the dragon's scale on his body, seemed to emit an ancient aura, and it was unbreakable. Under Long Chen's feet, the golden lightning was actually dyed blood-red, and as it moved between his legs, Long Chen felt that his entire body was in an illusionary state, as if he could travel countless of distances at any time.

Be it in terms of body or speed, Long Chen had always been on a similar level as Chu Tiange, and when Long Chen's primordial spirit was replenished, ignited, and reached a level close to Chu Tiange's, the current Long Chen, although he received the power from the burning of blood sacrifices, was already a practitioner strong enough to threaten him.

The power of the Blood Sacrifice caused Long Chen to be in a crazed state.

Blood sacrifice. This was the power of the Primordial Blood Spirit Dragon's laws.

Within Divine Martial Stage, each level was divided into two levels. However, in the rules of a super existence like the Primordial Blood Spirit Dragon, Divine Martial Stage was not eighteen levels, but nine levels. But in terms of the number of primordial spirit, Long Chen originally had a difference of nearly four small weights between the two. In other words, Long Chen was already comparable to Chu Tiange in terms of numbers of primordial spirit!

Being strong was strong, but the price was also huge. This meant that after Long Chen used up the power of the Blood Sacrifice, his cultivation would return to the ninth level of Heaven Martial Stage!

To Long Chen, this was an extremely heavy price to pay, but in order to survive, it was worth it!

In terms of physical body, Long Chen was definitely stronger. In terms of speed, Long Chen had a foundation of primordial spirit s and a strong physical body, which was also stronger. In terms of weapons, the Crimson Sky Kingdom was not inferior to the Clear Sky Sword.

Of course, there was also a type of upper-level training.

Chu Tiange was a strong warrior groomed by the higher-ups, he was a blood warrior groomed by the lower levels of Long Chen that attacked and fought!

Chu Tiange frowned. The current Long Chen was hidden within the blood-red flames, and every move he made caused him to feel a sense of dread.

"That's absolutely impossible, he's only at the Second Stage of the Divine Martial Realm, even if it's the Dragon Fighter, it's impossible for him to have this kind of increase. I am a martial artist that can compete with those who have just entered the Seventh Stage of the Divine Martial Stage."

His firm heart had been loosened by the burning, blood-colored flames.

The White Sword Prison rolled, locking Long Chen in his escape route. After using the Blood Sacrifice, Long Chen did not intend to tear apart the White Sword Prison to escape. Such a powerful force should be used in the right place.

"This is the power you forced me to use, so you have to swallow it."

The blood colored flames disappeared and the power within Long Chen's body had already reached a stable state. The power of the blood sacrifice did not last long, so at this time, Long Chen opened his eyes and two blood colored lights had already pierced into his body.

Chu Tiange realized that the entire world had turned blurry. Only the Ancient Desolation Beast was staring at him with such a vicious gaze. He suddenly felt a chill on his back.

"It's really a joke. A little kid can actually scare you to this extent, Chu Tiange, you're really going back and forth with your life." After stabilizing his mind, Chu Tiange pointed his Clear Sky Sword at Long Chen and said: "Don't even try to play tricks on me, I know exactly how much money you have. Although your strength isn't bad right now, how long can you use it for?"

Long Chen did not speak.

Under his crazy, bloodthirsty, and even irrational gaze, Chu Tiange had already become food. His long, blood-red tongue stretched out, and with a light lick, Long Chen's scale-covered face revealed a strange smile.

"Strength that does not belong to one's self, in the end, is not the way of the king." Chu Tiange saw through Long Chen's weakness. He was still very confident in himself, as he was unable to see just how strong Long Chen actually was, but he was still very unstable. He needed to release all of his strength, to let go of all the strength in his body.

"Then I'll play with you." It had been a long time since Chu Tiange had encountered this kind of feeling of meeting an opponent. Even if it was a warrior on the Heavenly Son List, Chu Tiange would not easily make his move.

"The Great Sword Technique, Beginning Primeval Chaos!" A gray stream of sword aura with boundless killing intent tore through the sky as it hacked towards Long Chen. The power of this one strike had completely drained the strength of the Golden Thunder Prison Dragon, and the goddess Chu Tiange had also used it to deal with Long Chen. It was evident how much he valued Long Chen.

"Hmm?" When he was using the Primeval Chaos Primeval, his sword slashed down. When he was finished, Long Chen had already disappeared, the Primeval Chaos Primeval had hit nothing but air.

"What incredible speed." Chu Tiange was used to using his mind consciousness to search for the location of his opponent, but he suddenly realised that his soul consciousness could not find Long Chen at all.

"You're too slow." Chu Tiange was so scared that he broke out in a cold sweat. The Clear Sky Sword in his hand immediately formed a small Taibai Sword Prison, completely blocking his own body. In the vast Taibai Sword Prison, a blood-red longsword pierced through!

If it were not for the location of the Taibai Sword Prison, Long Chen's sword would have probably pierced through his body already.

It was only now that Chu Tiange truly realized just how terrifying Long Chen was.

"This speed, how could it be abnormal to this degree!" Both of them were sent flying by the other party's force. Chu Tiange raised his head in shock, and saw that Long Chen was already in the air, with blood-red scales all over his body and the blood red sword in his hand horizontally at his side. The sharp tip of the sword was like a claw in his hand, and those blood-red eyes that were filled with killing intent, made Chu Tiange have the impulse to not look at him.

At this moment, Chu Tiange, who had dealt with many strong enemies before, finally forced himself to take Long Chen seriously.

"Is he very strong?" Chu Tiange stabilized his body and with a move, he turned into a white sword aura and instantly attacked Long Chen. A wave of righteous energy surged through the heaven and earth, causing the heaven and earth to tremble!

"The Great Sword Technique, the Eastern Emperor Sword Technique!"

The golden sword beam came out from the white sword projection and suddenly turned into a golden figure. That golden figure was a natural born emperor, and when he extended his finger, a golden sword

beam instantly formed into several beams of light. Each of these sword beams contained countless runes that twisted within them.

Chapter 1049 - Immortal Sword Body

's entire body turned into a bloody light as Scarlet Sky Desolate Blood Dragon rolled across his shoulder. This speed had already surpassed Chu Tiange and before Chu Tiange could react, the Crimson Sky Desolate Blood Dragon had already pierced into's abdomen! had not been able to dodge this attack at all, and now, Long Chen had already escaped from the attack!

"You've fallen into a trap!" Chu Tiange laughed out loud. He was not a person who was easily hit by Long Chen's attacks, and when Long Chen's Crimson Sky Kingdom poked a hole in his body, he swept his sword towards Long Chen. The sharpness of the Clear Sky Sword was also famous, and by holding Long Chen's Crimson Sky Kingdom in one hand, Chu Tiange was able to stabilize his strength.

"Is that so?" In the next instant, the sword that carried Chu Tiange's enormous strength, was actually directly grasped in Long Chen's hand. With a "kacha" sound, a bit of the dragon's scale in Long Chen's palm shattered, but it did not truly injure Long Chen!

Chu Tiange opened his eyes wide.

The Clear Sky Sword chopped down, yet it did not harm the opponent's body. Then, just how strong was the opponent's body?!

In that short period of time, the two of them quickly separated. Chu Tiange having the Golden Body, the hole in his lower abdomen did not affect him at all, and after a while he was completely healed, he actually saw that the wounds on Long Chen's scales were also quickly healing. He was sure that Long Chen was not the supreme Golden Body, but he had such a strong healing ability.

"I didn't expect you to have such great strength. It's time for me to use my ability, or else you will underestimate me." Chu Tiange took a deep breath, he had just used it at the beginning, but at this time, the vast power erupted from his body, this was the true peak of the Sixth Stage of the Divine Martial Stage.

"Indestructible Sword Physique!"

At the moment, Chu Tiange's entire body was enveloped by the sharp Sword Qi, the sharp Sword Qi was revolving quickly in his body, the white Sword Qi, very quickly, formed a person formed completely out of the white Sword Qi next to Chu Tiange, with his body releasing hundreds of thousands of Sword Qi, every single Sword Qi was extremely small, causing him to look extremely lifelike, almost identical to Chu Tiange.

Only if one looked carefully would one be able to see that this person was actually made up of Sword Qi.

"Try the battle skill of the Grade Seven Divine Technique and you will know its power." Chu Tiange laughed. He was very excited, and there was no opponent like Long Chen that he could use his full strength against.

Long Chen's blood was boiling.

The current him had completely become a blood colored machine. He simply did not care about what Chu Tiange said, nor did he look at the Immortal Sword Body formed by the Grade Seven Divine Technique, which had once again turned into a blood colored bolt of lightning. Long Chen sprinted forward, the Crimson Sky Desolate Blood in his hands carried the power of lacerations, causing Long Chen to not have the advantage in battle techniques, thus he did not need to use any battle skills.

In the depths of his eyes, there was only one belief. That was to kill the enemy. This was his crazy obsession!

"KILL KILL KILL!"

A thick killing intent condensed into a blood-red mist that formed around his body.

"He actually ignored my Indestructible Sword Physique?" Chu Tiange laughed in his heart, sure enough, the current Long Chen had already lost his reason and became something like a wild beast, which made him even easier to handle.

"Indestructible sword body, attack!"

In a blink of an eye, Chu Tiange and the Immortal Sword body went in the same direction. Chu Tiange rushed to Long Chen's left and the Clear Sky Sword brought a huge amount of Sword Qi, rushing over!

Chu Tiange was enveloped in divine light like a god. No wonder he was a Clear Sky Sword God, every sword strike had the power to shake the mountains and rivers, if not for the Tai Bai Sword Prison surrounding him, under his attacks, the surrounding attacks would have been shattered long ago.

"The True Supreme Sword, the True Supreme Divine Sword!"

A stream of Sword Qi soared up into the sky, congealed into a gigantic light sword, and slashed down towards Long Chen. This was a type of lacerating power, Chu Tiange was extremely confident in his attack, but at the same time, to Long Chen's right, the Immortal Sword Body had used the exact same sword move as Chu Tiange. Although the form and composition were different, the power was actually the same!

Long Chen was actually calm in his heart, he knew that the Immortal Sword Physique could be considered a type of avatar technique, it was actually able to imitate Chu Tiange's sword moves. To the Sword Fighter, it was a peerless treasure, but unfortunately it landed on Chu Tiange's body.

It was as if Long Chen was going to face two people's attacks at the same time.

Speed!

The golden Thunder Prison dragon, the Primordial Blood Dragon's blood essence and the endless primordial spirits all gave Long Chen speed that was abnormal. He was able to completely and quickly dodge their attacks, and at the same time, his body was extremely strong.

"Madman, what a madman!"

In a short period of time, Chu Tiange, along with his Indestructible Sword Physique, unleashed multiple attacks at Long Chen, and each attack almost killed him. But it was just a little bit more.

"Indestructible sword body, scattered attack!"

Under Chu Tiange's command, the completely composed Chu Tiange suddenly dispersed. The white colored Sword Qi covered the entire Taibai Sword Prison, allowing Long Chen to travel countless of times.

"I'll see where you can escape to this time!" Surrounded by the Eternal Sword Physique, Long Chen was trapped and laughed out loud.

"Flee?" Do I need to find ways to escape? " Long Chen let out a cold laugh. His smile gave Chu Tiange a creepy feeling, he could hear the calmness in Long Chen's voice, even though he could feel that the strength in Long Chen's body was already beginning to crumble.

"God Slaughtering Sword Formation!"

The blood red sword formation suddenly expanded, spreading under Chu Tiange's feet. Chu Tiange was startled, and immediately controlled the Imperishable Sword Body, restoring it to its original state. Otherwise, it would have been torn apart by the power of Long Chen's God Slaughtering Sword Formation.

"Can you escape?"

The Immortal Sword Body was a huge threat to Long Chen, if he continued to hold on, after the power of Long Chen's Blood Sacrifice disappeared, he would be done for, so Long Chen's goal was just right in front of the Immortal Sword Body, after fighting with it a few times, Long Chen could sense how terrifying that thing was, in a single round of fighting, he had already caught up to Chu Tiange.

"Sword Sea!"

The current Long Chen was not like the Long Chen from before. This sword ocean used part of his power as a blood sacrifice, and the countless blood red sword qi condensed into a blood dot, ripping apart the heaven and earth. This blood red sword qi pierced into the body of the Eternal Sword as fast as lightning, shattering it into pieces!

"Long Chen!" Chu Tiange roared out, the Eternal Sword Body still shattered, causing his expression to distort, becoming somewhat sinister. This was the first time in this battle, that he felt like he had lost to Long Chen.

The grand and majestic Grade Seven Divine Technique's indestructible sword body was actually destroyed by Long Chen.

What replied Chu Tiange was Long Chen's fiercer attacks.

"Sword Sea!"

"Sword Sea!"

In the two consecutive seas of the sword sea, the power within the God Slaughtering Sword Formation was frantically being channeled as soaring sword beams exploded out of the God Slaughtering Sword Formation towards Chu Tiange with a loud bang. All the space within the Taibai Sword Prison had already been engulfed by the God Slaughtering Sword Formation;

The two gigantic divine swords brought with them the might of the wind and clouds as they descended with a loud bang, striking towards Chu Tiange!

The current Chu Tiange had already forgotten the disparity between him and Long Chen, and had forgotten his identity as a disciple of the East Palace, because he had already felt fear, and fear had already stirred his fighting spirit as well. Being in a sorry state was no longer enough to describe him, but like Long Chen, he fell into a crazed state, frantically fighting within this small Taibai Sword Prison.

"Long Chen!"

Chu Tiange had just dodged Long Chen's attack, but that brat was like a maggot attached to his body, sticking closely to him and slashing a terrifying sword towards Chu Tiange.

Rip!

In the midst of Long Chen's crazy attacks, one of Chu Tiange's arm was instantly chopped into the air, causing blood to fly out. But right now, Chu Tiange's Clear Sky Sword had directly slashed into Long Chen's waist, the sharp blade edge, which was only three centimeters deep, was completely stuck there!

Regarding Long Chen's physical strength, Chu Tiange had already bowed down in admiration. In the next instant, his Clear Sky Sword was directly pushed out of Long Chen's body by the muscles, and Chu Tiange's arm was also growing at a visible rate.

In battle after battle, the Long Chen with those blood-red eyes was the most terrifying opponent that Chu Tiange had ever met. His heart felt cool and he wanted to stop the battle with Long Chen, but was Long Chen willing?

In Chu Tiange's heart, even though Long Chen wasn't using his own strength, he was really frightening Chu Tiange. Such a crazy opponent was attacking so crazily that even his own life wasn't taken care of, and no one could withstand it.

"Long Chen, why don't we stop? If you can't kill me, then you can't do anything about it!" In the battle, Chu Tiange lowered his head and said humbly.

not only did not stop, he attacked even more violently. Chu Tiange was indeed an opponent that was difficult to deal with, even with his blood sacrifice, Long Chen was not able to kill him immediately, and the power of his blood sacrifice was more or less used up.

"I must kill him. Otherwise, after I run out of strength, I will die in his hands. I will see the light in my eyes. Kill, kill, kill!"

Scarlet Blood Sky Desolate, combined with Long Chen's state of mind, had unleashed terrifying energy time and time again, and could slice apart even a mountain.

Chapter 1050 - With My Sword

"In that case, don't blame me for killing him!" Chu Tiange snorted, he did not want to use this move, but Long Chen had forced him to do so, as this was his trump card.

"Haotian, God!"

Retreating quickly, Chu Tiange reached out a hand and pointed the Clear Sky Sword into the sky. That golden seal flashed with a bright light from the white sword, and a golden sword qi shot into the clouds. Chu Tiange stood in the sky, as if he was a god that had descended to the mortal world.

"God Haotian, Sword God Possession!"

A resplendent sword light shattered the Taibai Sword Prison, charging straight into the clouds. The Taibai Sword Prison, which originally trapped Long Chen, was now shattered by Chu Tiange's own strength, and the world outside was once again revealed to Long Chen.

Around him, there were countless undamaged mountains and rivers, as well as vegetation.

Before this, the Supreme White Sword Prison was a sword balloon that floated on top of the mountains, rivers, trees and trees. Now, the sword balloon was completely broken, and outside the sword balloon, the others had long been waiting for it for a long time.

This group was naturally from the Nether Realm, and with the presence of Su Xiaodie, even though she was angry at Chu Tiange, she did not dare to cause trouble at such a critical juncture. She knew that Chu Tiange had used the Supreme White Sword Prison to trap Long Chen, but why hadn't Long Chen come out yet?

Through their consciousness, they could only sense Chu Tiange's existence.

"Miss Xiao Die, what happened inside? How could this be? Was it only for an instant that Young Master took care of Long Chen, and it seems like there was a fierce battle going on inside?" Lord of the Nether Realm Yang Yufan's face was filled with suspicion.

The separation barrier of the Taibai Sword Prison was extremely strong, they really couldn't figure it out.

"You're asking me, but who should I ask?" Su Xiao Die was not in a good mood. She rolled her eyes and looked at him nervously.

"Senior brother seems to have even used the Eternal Sword Body. What's going on?" "Who is he fighting with? Why can't I even sense his existence?"

Su Xiaodie would never have thought that this person was Long Chen.

As she was anxiously waiting, the Great White Sword Prison finally shattered with a loud bang. Su Xiao Die was overjoyed. The next moment, she was shocked to the extreme.

"Senior Brother is actually using the ultimate technique of the Clear Sky Sword, the Clear Sky Sword God's Possession Heaven!" Su Xiadie discovered that she seemed to be dreaming. When the Taibai Sword Prison shattered, everyone looked over nervously, and then they saw Chu Tiange using a terrifying move. Not far away in front of him, there was a man completely enveloped in a bloody light.

It was clear that it was him who had confronted Chu Tiange for so long.

"Who is this?" This was the question that everyone was thinking.

Yang Yufan had to guess, but he knew that it was definitely impossible. The familiar appearance of the Crimson Blood Desolate Land allowed him to confirm that person's identity.

"This is Long Chen!"

Someone shouted.

The image of a stubborn youth appeared in everyone's mind. Compared to the image in front of their eyes, Long Chen was far, far worse.

"Impossible!" In the first moment, almost everyone was shaking their heads, but they quickly realised that the person was Long Chen. This Long Chen, was like a god of death, not one bit weaker than Chu Tiange, everyone looked at each other, and did not believe their eyes.

"This ... this is too hard to believe!"

It would not be wrong to say that Long Chen was now a new generation of god of death.

"How could this Long Chen be strong to this extent? He must have used some kind of method that uses the price of his life to stimulate his fighting strength, it's purely last resort. Even if he can be in a stalemate with senior brother for a short period of time, if senior brother does not use Clear Sky Sword God's possession next, he would probably exhaust all of his energy and die."

Su Xiaodie said proudly.

No matter how Long Chen jumped, her senior brother was still the strongest.

Long Chen didn't know that there were people looking at him, the only thing in his mind was the desire to live. He had already decided that if he killed this person in front of him, he would be able to live, and

only then would he be able to be together with his loved one. This was his most difficult obstacle, and also the last obstacle he had to cross after walking such a long distance!

"Chu Tiange, Chu Tiange!"

In his hands, the Crimson Sky Kingdom was crazily trembling. It could also feel Long Chen's crazed desire to live, and his surging power had rushed into Long Chen's body from the Crimson Sky Kingdom, replenishing the last bit of strength Long Chen had.

"We can't lose! Even if we die, we can't lose!"

The current Chu Tiange was using a power that he could not resist. This was already a dead end, but Long Chen could not give up, he lost the moment he gave up, all his previous work would be for naught.

Within the Great Void Realm, the others were all extremely anxious.

However, Long Chen's heart had suddenly become very quiet. He suddenly felt that the entire world was very quiet, and a throbbing heart was pulling his head to turn around. In the distant horizon, where the sun had set, the afterglow of the setting sun scattered across the land, covering it with an orange layer of light. Long Chen's blood-red eyes shone under the afterglow of the setting sun, and was filled with an indescribable vigor.

A suffocating feeling rose in his heart. He, who had never cried before, now had tears in his eyes. He could not help but feel a sour feeling in his heart as he fought to the death.

In front of him, the Clear Sky Sword received the power that came from above and rushed into Chu Tiange's body. At this moment, Chu Tiange's entire body was releasing Sword Qi, like a god, he possessed the power to dictate life.

However, Long Chen was not in his best condition at all. It was very likely that in the next second, he would be minced to dust by the Clear Sky Sword.

Long Chen realized that his heart was beating even more intensely than before. In the direction of the sunset, there must be something that was attracting him, something that he was thinking about day and night.

Long Chen looked in that direction with bloodshot eyes.

As the sun set, a snow-white speck of light appeared in Long Chen's field of vision.

Long Chen's mind was blank, his entire body felt like it was being electrocuted, he knew that this was no longer an illusion, but a real person.

closed his eyes and took a deep breath. To be able to glance at her at this final moment, Long Chen was already satisfied. He saw the existence of hope, and what laid before him was the despair that Chu Tiange had bestowed to him.

When the blood-red eyes opened again, they were filled with overflowing killing intent!

The lady in the sky was rushing over desperately with tears streaming down her face, but she couldn't make it in time. Long Chen had to rely on himself to finally hug her!

He had to rely on himself!

The blood-colored eyes were mixed with blood, meaning that Long Chen's body was already on the verge of collapsing. However, the current Long Chen was even more terrifying than before, and even Su Xiao Die subconsciously took a step back.

The people of the horizon must be even more sorrowful than Long Chen at this moment, because she seemed to have come a little too late.

But, Long Chen laughed.

"Being able to let you see my side can be considered a surprise to you. Xiao Xi, you will see your man. He will never be defeated, never!"

BOOM!

When Chu Tiange's Clear Sky Sword God possessed his body, Long Chen's body actually went berserk again, and the blood colored flames once again burned brilliantly on his body. A terrifying energy once again rose up Long Chen's body.

Blood sacrifice, increase by another level!

The original second stage of Blood Sacrifice was increased by Long Chen to the third stage of Blood Sacrifice! This was the craziest time Long Chen had done this, because he knew that if it wasn't for this reason, when Ling Xi had arrived, he would have been a corpse!

"Bring it on!"

Long Chen quietly closed his eyes as a sense of tranquility suddenly emerged in his heart.

"With my sword, I will chase after him for the rest of my life!"

The power of the blood sacrifice burned fiercely, Long Chen's strength climbed up once again, reaching the Eighth Stage of the Divine Martial Stage, but the actual power had already reached an extremely terrifying level, causing Long Chen's body to begin to collapse. That destructive power was awakened in Long Chen's body, and all the scales on his body fell off, becoming a bloodied person.

Turning his head to look, that snow white figure was already very close. Long Chen could see that her face was filled with tears, and she could see the flames of anger in her heart. Ling Xi was a kind person, and in her entire life, she would only be angry for Long Chen alone!

"My darling ..." Long Chen smiled. On his face that was starting to get destroyed by the energy, this smile looked especially ferocious, but Ling Xi would never think that it would be like this.

At this time, Chu Tiange moved, and placed him right in front of Long Chen. He, who was possessed by the Sword God, was like a god, wildly laughed as Chu Tiange slashed his sword towards Long Chen.

The might of the Clear Sky Sword had increased by at least ten times.

"This is the strongest power of I, Chu Tiange!" Seeing that his sword was going to break Long Chen, Chu Tiange laughed.

"Ugh!"

In the next second, he screamed out in pain, in front of everyone's stupefied gazes, the bloodied Long Chen stood in front of them, waving Crimson Sky Kingdom in his hand, with a clanging sound, he directly slashed apart the Clear Sky Sword. At the same time, from Chu Tiange's head onwards, he was neatly cut into two halves.

"Your strongest power can only tickle me." Crimson Sky Kingdom crazily thrust, instantly thrusting out tens of thousands of swords, stabbing Chu Tiange's head and the Divine Martial Spirit inside away.

This scene made Su Xiao Die and the rest fall limply to the ground.

Holding the last of Chu Tiange's severed limbs, Long Chen threw it onto Su Xiaodie's body. Then, he looked towards the west, where the woman he yearned for in his dreams was standing a hundred meters away.

They looked at each other in silence, but only their tears flowed.
