

## War God 11

### Chapter 11

The Desolate Beast Region was the border between the Cangyang Kingdom and the Lihuo Kingdom. The two kingdoms didn't need to set up any defenses on this border because it was a paradise for demonic beasts. At the same time, the treasures of the Desolate Beast Region could be found everywhere. It was said that the reason why the Desolate Beast Region was so barren was because the spiritual items and spiritual herbs had absorbed all the spiritual energy in this place. "Ah ... luckily we didn't fly too deep. I reckon we'll be able to leave this place in a few days." Lingxi cheered happily while being carried on Long Chen's back. The two of them had already been together for a day. Thus, this fellow who previously thought that men and women shouldn't touch each other was now lying comfortably on Long Chen's back, enjoying the pleasure of having a mount. "Xiao Xi, shut your stinky mouth. If it wasn't for your constant chattering, would we have encountered so much trouble? I'm telling you, if I die here, I'll definitely rape you and then kill you!" Long Chen threatened in a flustered and exasperated manner. He was carefully crawling out of the Desolate Beast Region, but the fellow on his back kept talking all of a sudden, causing him to break out in a cold sweat. Long Chen still had lingering fears after experiencing the fatal threat of the Moon Devouring Direwolf and the other demonic beasts. "Hmph, stinky brat, do you think I'm an idiot? I've thought it through. I'm a sword right now, the Lingxi Sword. What can you do to me?" The grey mountains and the grey sky seemed to connect without end. The air was filled with the smell of corpses and rotting corpses. Long Chen frowned and continued on his way. "There's not much time left. I want to leave this place and reach the fifth layer of the Dragon Vein Realm. The clan meeting is just around the corner. If I can't obtain the dragon seal, then I won't have the strength to prove my existence in the upcoming bullshit wedding ... " Lingxi casually said, "You're only at the third layer of the Dragon Vein Realm. It's indeed very difficult to reach the fifth layer of the Dragon Vein Realm in half a month with the resources of this small place." Lingxi's words made Long Chen even more disheartened. He looked ahead and felt that there were many mountains in front of him, blocking his path and trapping him for the rest of his life. "Something's wrong ... " Long Chen was suddenly enlightened. He thought to himself, "Mountains are meant to be climbed. It hasn't even been half a month. Why should I be discouraged now? Dad didn't give me the right to be discouraged! "

His heart was suddenly filled with lofty sentiments. Ling Xi gloomily said when she sensed the blazing light that had suddenly erupted from Long Chen's eyes, "What a strange fellow ... " "Oh right, Little Xi, you said this place is a small place? Our Cang Yang Kingdom has 17 counties, each county's land is very large. Take the Yuan Ling County where Baiyang Town is located, for example, there are hundreds of small towns like Baiyang Town. " Lingxi rolled her eyes and said, "You're just a toad at the bottom of a well. The area you're in is called the Myriad Kingdom Domain. There are close to ten thousand small countries like Cang Yang Kingdom in the Myriad Kingdom Domain. And the Myriad Kingdom Domain is only a small piece of the Dragon Sacrificial Continent. " Long Chen was shocked. He shook his head and said, "Little girl, don't try to lie to me. How can there be such a big world? I've only heard that there are a few countries beside Cang Yang Kingdom. " "Believe it or not, hmph!" His footsteps made light sounds as he stepped on the withered wood. Long Chen didn't pay attention to Lingxi anymore. He focused all his attention on his journey. The desolate beast region was filled with jagged rocks. It was because of these rocks that Long Chen was able to hide his figure. Desolate beast roars could be heard from the front. "Little Xi, there might be danger ahead. Try not to speak loudly if there's nothing important." Ling

Xi had clearly sensed it as well as she obediently responded with a sound of agreement. Half a day passed as they traversed through the mountains. Long Chen raised his head and saw that the sky in the distance was no longer as heavy as before. Strands of light were peeking through. He was delighted. "Luckily that muddle-headed fellow didn't go too deep. With my current speed, if there's no danger, I should be able to get out in two or three days. However, I've wasted about five days in total. How can I be her match in just ten days?" The two continued on their way. If there was no danger, they would play around and insult each other. If there was danger, the two would keep quiet out of fear. Because Lingxi's perception was very strong, she was able to chase away demonic beasts from afar. Time passed day by day. Lingxi could also feel the anxiety in Long Chen's heart. One day, she suddenly said sneakily, "Hey, I, I smell a Mountain Demon Ginseng. Hehe. "

Long Chen was startled and casually said, "Smell it? Are you a little dog? A dog's nose is really sharp." Lingxi immediately said angrily, "Bastard, I'm helping you out of goodwill, but you actually called me a little dog. I ... I won't help you anymore. I caused you to lose face at some family meeting. Hmph!" Long Chen hurriedly begged for mercy. After a while of coaxing, he even called her great aunt. Finally, the little girl was amused and said, "That's more like it. This Mountain Demon Ginseng is one of the better mid-grade yellow-class spiritual herbs. Although it's not very useful, it can still help you a little." Long Chen secretly laughed, "This fellow's nose is so sharp. I must keep her by my side in the future." Thinking of the pile of spiritual items he had obtained, Long Chen secretly made up his mind. At this time, Lingxi, who was excitedly looking for the Mountain Demon Ginseng, did not expect that because of a moment of impulse, she would be taken by Long Chen. "Mountain Demon Ginseng is a strange spiritual item. It is a type of spiritual herb, but after a hundred years, it has spirituality and the ability to move. It's very difficult to find. However, it will not be able to escape from the palm of I, Lingxi! ""Go this way, go this way, almost there. Aiya, quickly chase, it's going to slip away, this way ..." Under Lingxi's command, Long Chen chased at lightning speed. When he rushed past a huge boulder, he already saw the so-called Mountain Demon Ginseng. It was a little person about a foot tall, and its whole body was emitting a misty yellow light. A thick medicinal fragrance came from its body, causing Long Chen to be a little tempted. "This is the key to me being in the limelight at the family meeting. I have to get it no matter what." With the strong support of the Stars Battle Body, Long Chen burst out with a super high speed and shot towards the Mountain Demon Ginseng. He suddenly rushed into a valley, and the Mountain Demon Ginseng was right in front of him. At this time, Lingxi suddenly shouted, "Hey, hey, stop, hide!" In the past three days, the two of them had already formed a tacit understanding. Even though the Mountain Demon Ginseng was right in front of him, Long Chen knew that as long as there's life, there's hope. This desolate beast region was not a place where he could do as he pleased, so the first thing he needed to do was to preserve his own life. Thus, when Lingxi said to hide, he rolled on the ground and suddenly crashed into a mountain crack.

Just as he rushed into the mountain crack, the fleeing Mountain Demon Ginseng immediately stopped. This was because a few beast roars sounded out from the darkness of the valley. In the next instant, a few black figures quickly rushed out and surrounded the Mountain Demon Ginseng. The sound of heavy breathing came from the mouths of these demonic beasts. There was a total of five demonic beasts. Their entire bodies were pitch-black, and their bodies were robust like black panthers. However, their snouts were long and pointed, and their four claws were like blades. As they ran, dark red lines

appeared on their bodies, and a bloody aura suddenly pervaded the valley."It's actually ... an Earth Demon Hound ..."
