Chapter 1141 - The Mystery of the Yang Family

After pausing for a moment, Han Yunxing continued to explain, "There are still some other methods that one can use the Nine Celestial Spirit Fruit to help the girl from Sword Soul Imperial Palace recover his physical body. Giving up one's physical body, however, is equivalent to giving up a large amount of strength and giving up on the chance of being a human being. In this world, there aren't many people who can use the Divine Martial Spirit to help the girl from Sword Soul Imperial Palace recover her physical body. Nine Celestial Spirit Fruit has no rank, but it's not that easy to find it. "

At this time, Nangong Lie said, "There is another way, and that is the Great Way of Soul Fusion. Of course, this is also the only chance for the warriors of the Nirvana Tribulation Realm to survive, so at the moment of death, they will still choose to do so. "

The Great Way of the Soul?

Long Chen had heard this word from Little Cat before. It seemed that Feng Zhilin's current situation was because she had been fused with a powerful Divine Martial Spirit, resulting in her current strength. Right now, Feng Zhiling was still the leader of her body, and her strength was on her own, but that didn't mean she would be able to win in the future. The person staying in the Feng Zhilin's Divine Martial Spirit must be very strong, she might even be a tribulation stage warrior back then.

Otherwise, Feng Zhiling wouldn't be so powerful.

Long Chen's ancestral dragon blood's inheritance did not manifest in terms of cultivation speed, but more importantly, it manifested in his physique and comprehension. His life force had increased, but his cultivation speed was also incomparable. Under normal circumstances, no one would be faster than Long Chen in cultivation speed, especially a small figure like Feng Zhiling who came from the Realm of Myriad Kingdoms.

This time, she could be considered as a sparrow that had flown onto a branch to become a phoenix. However, phoenix was also not that easy to be a phoenix ...

As she continued to do so, the person controlling her body was most likely not her.

"Even if I agree to the Soul Fusion, I only have a one in twenty chance of success if I don't resist mentally. From this, it can be seen how crazy those super experts will be in order to survive. If you are unable to withstand the Nirvana Tribulation, even the Divine Martial Spirit would be destroyed at the first moment." Nangong Lie said with a sigh.

The Nirvana Tribulation Realm was very close to them, and as long as they waited for the Nirvana Tribulation to come, they would be able to get through it and become strong in the Nirvana Tribulation Realm. It could be said that the Nirvana Tribulation had already fallen on top of their heads.

The Nirvana Tribulation Realm was not that easy to reach.

At the same time, Long Chen also thought that the current Ling Xi, was also facing such a situation.

In the midst of their conversation, approximately half a day had passed. Long Chen lowered his head and digested the shocking information regarding Nirvana Tribulation. At this time, Han Yunxing seemed to have thought of something, and he suddenly said: "Oh yeah, I remembered something just now.

Nan Gong Lie said: "If you have anything to say, then hurry up and say it. What are you trying to hide?"

Long Chen could only smile helplessly.

Han Yunxing didn't waste any time and directly said: "You mentioned Li Xuanji earlier. I suddenly remembered, the Mystic Demons that we are heading to, the World King that they died in, should be the biggest clan in the Mystic Demons - the Yang family. Mystic Demons had a total of five big powers, two of them were super big clans, the other three were sects, two were big clans, and the Yang and Li Families respectively. One of them, the Yang family, had risen to prominence in the last thousand years. Not only had they produced a World King, they had two powerful Realm King, a warrior who had just passed the Nirvana Tribulation. It could be said that they were at the first stage of the Nirvana Tribulation Realm. The other Li family and the three great sects had one Realm King Realm Warrior each. The Li Xuanji you're talking about should be the only genius warrior with the Nine Yin Meridians, right? Speaking of this Li Xuanji, the reason why I know her is because of her special, Grand Moon Demon World Li Family physique is the legendary 'Meridian Severing', it is a very strong physique, the more 'Meridians' the Li Family warriors have, the stronger their talent is.

Nan Gong Lie continued: "I know this, the Lee family has the Three Yin meridian, the Five Yin meridian, and the Seven Yin meridian. As for the Nine Yin Meridians, it is the most powerful bloodline in the Li family since ancient times. Since the founding of this family, there are probably no more than three people who have the Nine Yin Meridians, and all of them are stable Nirvana Tribulation Realm warriors. It seems that there are still two of them who have become the World King s."

Long Chen had once remembered that Li Xuanji had said that she was the Nine Yin Meridians, and Yang Lingqing had a body of the same level as hers, which was also one of the Celestial Yin Demons. In other words, with Yang Lingqing's physique, she would definitely be able to reach Nirvana Tribulation Realm.

This point, it was something that Long Chen, who was in the White Yang Town back then, did not know about. Even if he had heard it today, he would have been shocked, no wonder Li Xuanji was so shocked when he saw Yang Lingqing.

Han Yunxing had not finished speaking when he said: "That's right, the Nine Yin Meridians is at least much stronger than me in terms of physique. However, not long after Li Xuanji was born, she immediately disappeared, and according to the rumors, it should be the strongest power amongst the Mystic Demons, the Yang Family. In order to prevent Li Xuanji from growing up, she took care of this Li Xuanji, but did not expect that after almost a thousand years, this Li Xuanji would return to the Mystic Demons, and his strength seemed to have reached the Ninth Stage of the Divine Martial Stage.

When Long Chen and Han Yunxing were talking, they also talked about how they saved Li Xuanji from the Star Demon Prison and then took Yang Lingqing as their disciple. Therefore, Han Yunxing said at this time: "That's why I think that the reason this Li Xuanji disappeared is because someone brought her to your hometown, and then used a strange bronze coffin to imprison her. It just so happened that you accidentally saved her. This little girl is quite pitiful. She's about a thousand years old, but 99% of the time is spent in a bronze coffin, isolated from the world. She's been locked away for such a long time at such a young age, without having any contact with the mortal world.

"Is that so?" Long Chen recalled that when he first met with Li Xuanji, this girl looked to be a young girl. He never expected her to be imprisoned at such a young age, and that it was only when Long Chen had saved her that she came out. If this was the case, then it was no wonder why she was such a ferocious girl after not coming into contact with others for such a long time. Of course, at her age in Three Great Imperial Domains, she could only be considered a member of the young generation.

Han Yunxing only knew this much.

From these two people, Long Chen obtained a large amount of information.

Among the Mystic Demons, the Yang family was the strongest, while the Li family was similar to the other three sects. However, the Li family and Yang family seemed to be fated enemies.

Suddenly, Han Yunxing stopped in his tracks once again. He scrutinized Long Chen as a divine light flickered in his eyes.

"Old Han, what's wrong?" Nan Gong Lie also stopped and looked at Han Yunxing in confusion.

Long Chen was also waiting. It seemed that Han Yunxing had discovered something new?

Frowning for a moment, Han Yunxing said: "I remember that you once said that your sister possessed the Lunar Magic?"

Long Chen nodded.

The Li Family has the most elite bloodline, which is the Nine Yin Meridians. As for the Yang Family, they are divided into different types of bloodline, namely the Extreme Yin Meridian, Extreme Yin Demonic Body, Mysterious Black Yin Body, and the physique equivalent to the Nine Yin Meridians, which is the Supreme Yin Meridian. Li Xuanji brought Yang Ling Qing back to the Grand Moon Demon World, and at the same time, your sister is surnamed Yang.

"What!" Long Chen was stunned, he shook his head: "That's impossible, our Yang family has a thousand years of history passed down in White Yang Town, in my grandfather's generation, we established one of the strongest families in the town, such a small existence, how could it be Grand Moon Demon World, a member of the Yang family?"

This matter had brought him great shock.

"But, as we all know, this yin devil body is the unique constitution of the Yang family." Han Yunxing said decisively.

"That's right, it seems to be the case. Anyway, I have never heard that a physique like the Celestial Yin Demonic Body would appear in other places." Nangong Lie said.

Han Yunxing said: "Seems like you don't understand either, this is considered a guess. Didn't you say that your sister was referred to as a tumor? Then we'll just have to enter the Grand Moon Demon World to understand all of this. "

"You're right. Since we're guessing so much here, we might as well go in and take a look." Nan Gong Lie laughed.

His expression was relaxed, but Long Chen was very serious.

If all these clues were gathered together, it meant that Yang Lingqing was indeed a member of the Yang family. However, wasn't the Yang family an ordinary person in the small White Sun Town?

That was Long Qinglan. He was looking for a woman who could give birth to a son like Long Chen. If it was so simple for the Yang family, why would Long Qinglan want to find Yang Xueqing?

Long Chen's heart was in a mess.

If that was really the case, then perhaps the blood of the Yang family in Grand Moon Demon World flowed through his body.

Seeing Long Chen falling into deep thought, Han Yunxing and Nangong Lie did not disturb him. However, at this time, the expressions on both of their faces suddenly changed as they cried out, "Not good, we actually encountered the galactic turbulence!"

"What?" Long Chen never thought that everyone's luck would be so bad. That galactic turbulence was at least tens of thousands of miles away from him, but Long Chen could already feel the space trembling.

Chapter 1142 - Star Snitch

They were at the peak of the Ninth Stage of the Divine Martial Stage and their consciousness covered an area of over a hundred thousand kilometers. Even though the speed of the galactic turbulence was frighteningly fast, they could still feel it.

At this time, Long Chen had yet to sense anything. As far as he was concerned, the stars in the surroundings were slowly moving, other than suddenly feeling a little stifled, it seemed like he did not sense anything else.

Just as Han Yunxing finished speaking, a huge explosion seemed to have occurred in the endless space in front of him. A loud, thunderous explosion boomed, and like a huge torrent, it blasted towards the crowd, as though the entire starry sky had split apart, and there were countless stars amongst them.

Each star should be a part of the galactic turbulence, even though they were very far away, the sharp sensation made Long Chen's eyes feel extremely uncomfortable.

"Don't look!" Han Yunxing protected the front of Long Chen's eyes.

Long Chen was currently extremely shocked in his heart. This was the most terrifying power he had ever seen in his life, even though Long Chen was at least ten thousand kilometers away from the galactic turbulence, the surrounding space was already trembling, and the feeling as though it would collapse at any moment was extremely terrifying.

Long Chen had just heard about the Nirvana Tribulation, which was the power of the heaven and earth. If even the galactic turbulence was this terrifying, then there was no need to mention the Nirvana Tribulation. This kind of galactic turbulence, if Long Chen encountered it himself, he didn't even know if he would be able to escape with his blood. If he was hit by the terrifying speed of that fragmentary star, even he would be smashed into smithereens.

"Enter our Divine Kingdom."

Han Yunxing whispered something into his ear. Long Chen understood, the tremors in space seemed to be getting stronger and stronger, if he did not take measures now, it would be too late.

Long Chen dove head first into the whirlpool that appeared on Han Yunxing's body. By his side, Nan Gong Lie did not say a word as he entered Han Yunxing's Divine Kingdom.

Compared to Nan Gong Lie, it was definitely because Han Yunxing's speed was a little faster.

Outside was the world in chaos. The inside of the Divine Kingdom seemed to have been affected to a certain extent. The surrounding air also trembled, but the extent of it was much smaller. The only thing he could see was that there were a lot of wine hidden here. All of these were Han Yunxing's stock, and were not ordinary wine, but brewed using good ingredients, having the effects of strengthening the body, understanding the body, rebirth, etc.

Old Han is faster than me, so I'll let him endure it from the outside. This galactic turbulence's power is terrifying, and can even cause spatial cracks, which is comparable to the power of the Nirvanic Golden Wheel Fighter's Breaking Void, if we attack, when the surrounding space is shattered, the Old Han won't be able to open the Divine Kingdom. "Nangong Lie said from the side.

"The galactic turbulence, it actually has the power to shatter space?" Long Chen was a little speechless, it could be said that he had followed these two, he had seen too much, he paused for a moment, then continued to ask: "If there is a void breaking right beside us, can't the Divine Kingdom open it?"

If we were to open up the Divine Kingdom, it might cause it to distort and collapse. In here, it is very dangerous for the Divine Kingdom to collapse, so when two Nirvana Golden Wheel martial artists fight, they usually don't dare to open up the Divine Kingdom. "

"So that's how it is." Long Chen nodded.

At this time, the mist in the God Kingdom condensed and gradually turned into Han Yunxing. Standing in front of the two of them, Han Yunxing frowned and said: "We have reached the galactic turbulence outside, I am dodging and escaping at the same time, but we have already deviated from the original direction. By the time we rush out of the galactic turbulence, I cannot guarantee that we can find the direction of the Grand Moon Demon World's entrance."

The real Han Yunxing was still running outside. The Han Yunxing in front of him was not the real Han Yunxing, it was as if he was unable to enter the Great Void Realm. The last time he had chatted with Long Chen in the Moon Demon Cave, he was probably only Han Yunxing who had transformed himself in the Divine Kingdom.

Long Chen suddenly had some doubts about the Divine Kingdom, so he asked, "If I have the Divine Kingdom, can I come in myself?"

Nangong Lie shook his head and said, "It should not be possible. However, it does not exclude the possibility that there is someone with special methods that can allow them to enter into their own Divine Kingdom. "Normally, the 'me' that appears in the Divine Kingdoms is only something that I created myself. Of course, using this body to walk in the Divine Kingdoms is actually more or less the same as myself."

Long Chen thought about the passionate event he had with Ling Xi in her Ling Xi Fairy Realm. That definitely was the real Ling Xi, which also meant that Ling Xi was the type of person with a special method to allow herself to enter the God Kingdom.

This was just a fleeting thought, so Long Chen did not think too much about it. Instead, he paid attention to the matter of the galactic turbulence.

Han Yunxing had finally escaped from that terrifying galactic turbulence.

Coming out from the God Kingdom, Nan Gong Lie and Han Yunxing looked at each other. Looking at the unfamiliar sky, Nan Gong Lie laughed: "Old Han, you idiot, where are you?"

Because Han Yunxing was frantically dodging the galactic turbulence, and only when he truly escaped did he dare to bring Long Chen and Yue Yu out.

"Have you left your original route?" Long Chen looked around, this Broken Star Sea was originally a stranger to him.

Han Yunxing looked around and said, "The density of Emperor Spiritual Energy is only slightly thinner than before. It seems like we aren't that far from the Dragon Sacrifice Continent, and need to continue moving forward. We'll roughly know the density of Emperor Spiritual Energy at the entrance."

Nan Gong Lie laughed: "You can even deduce that, it really is you!"

Therefore, the three of them headed towards the location where the Emperor's spirit energy was thinner. If there was a straight line from the Dragon Sacrifice Continent to the entrance of the Grand Moon Demon World, then there was no difference in the distance between the two of them.

Thus, this time, Han Yunxing had no choice but to be cautious when going forward.

After walking for a while, he suddenly laughed, "We were still unlucky this time. It's fine if we met the galactic turbulence, but why did we meet this Star Snitch?"

"Star Snitch?" Nangong Lie could also feel it. His eyes became incomparably fervent. Where there were enemies, there would be battles.

Honestly speaking, this so called Star Snitch was at least tens of thousands of miles away from them. It was not that the Star Snitch met Han Yunxing, but Han Yunxing had specially come to look for him,

otherwise, with the senses of these two heaven defying experts, the Star Snitch would not be able to find him.

After knowing the location of that group of people, the three of them headed in that direction.

"I don't know the exact location of the Grand Moon Demon World's entrance anymore. If I meet them, I can ask them." This was Han Yunxing's real goal.

Under their guidance, a distance of tens of thousands of kilometers was nothing, not to mention that Long Chen's speed was not weak to begin with.

It was a group of people advancing forward, greeting Long Chen and the other two head on. Very quickly, their leader discovered Long Chen and the other two. To them, all the people who were advancing in the Broken Star Sea were like fat sheep in their eyes.

It would be even better if someone were to knock their head on the door.

In an instant, they had sped up their pace. Separated by a long distance, Long Chen could see that all of them were dressed in the same blue armor. To be able to kill someone for their goods, everyone had to suffer heavy casualties. In order to avoid revealing their whereabouts, basically, they would not leave a single person alive whenever they robbed or plundered a passerby.

"Come on, come on!" Nangong Lie laughed out loud.

He could be considered the most heartless Ranker Long Chen had ever seen. Whether the opponent was strong or weak, he would always rush up to them at the first possible moment to kill them.

"Big fat sheep! Brothers, let's kill them together!" Under the lead of a thin but ruthless looking martial artist, all sorts of brutal moves and weapons were used to attack Nangong Lie mercilessly.

"You little ants dare to rob me? How audacious!" Nangong Lie was like a lion in heat, relying only on his physical body, he swept through the crowd. In a short moment, all the Star Snitch were killed by him, these people killed and looted all their goods, causing countless of warriors to die, which was not something to be forgiven for.

But at least Nan Gong Lie did not do anything bad and brought the leader of the Star Snitch to Han Yunxing.

"I always mean what I say." Han Yunxing's bright eyes were like stars as he looked at this skinny but ruthless Ranker. He saw with his own eyes that his companions were all instantly killed by that strong Ranker, and this leader was so scared that his soul almost flew out of his body. He knew that this time, he had hit a wall, and being able to breathe at this moment, was already extremely lucky.

"Let me ask you three seniors, what do you want me to do?" The leader of the Star Snitch said with a tremble.

Everything was because of strength. If the ones who came weren't Long Chen, but the few other warriors who weren't even in the Seventh Stage of the Divine Martial Stage, would have definitely been killed by them.

"Bring me to the entrance of Grand Moon Demon World, and tell me that you don't know about it, or else I won't be polite when I kill people." Han Yunxing said indifferently.

In the eyes of the leader of the Star Snitch, Han Yunxing, who was currently emitting an aura similar to the stars in the sky, was even more terrifying than Nan Gong Lie who was previously.

"I'll take you guys there. It's not far, not far!"

It's done.

This guy knew exactly how strong Han Yunxing and Nan Gong Lie were, even if he was allowed to escape, he wouldn't be able to escape from their grasp. Therefore, with this person leading the way, everyone wouldn't have to fear getting lost.

The leader of the Star Snitch kept his head low, not daring to say a single word. After following him for about half a day, he suddenly asked, "The three of you, if I bring you to that place, will I be able to live?"

Chapter 1143 - Mystic Demons

When he said this, his entire body was trembling.

He looked at Han Yunxing and Nangong Lie with a pleading gaze, and said: "I was forced to do this job. No one would want to wander in fragmentary domain and live a life of bloodshed. "

In his opinion, Long Chen was just a lucky young man. The ones who actually made the decision were Han Yunxing and Nangong Lie.

However, at this time, Han Yunxing suddenly shifted his gaze towards Long Chen and said: "Xiao Chen, you're our head. Tell me, how should we deal with him?"

Long Chen knew that Han Yunxing was consolidating his position.

At the same time, Nangong Lie did not have any objections. They had long been willing to listen to Long Chen's commands.

Seeing this scene, the leader of the Star Snitch looked at the young man, his eyes filled with shock.

"Who is this young man? To be able to make two experts of such respect, he must definitely be a genius of the Imperial Palace, or a descendant of one of the great powers in the Nine Realms."

Towards Long Chen, he was filled with deep reverence.

"Go back to the Dragon Sacrifice Continent and live a peaceful life." Since he had already led the way, he might as well give him a chance to be reborn.

This was Long Chen's decision.

"Thank you!" The Star Snitch leader's eyes were filled with tears. He quickly glanced at Long Chen, and without saying anything else, he brought Long Chen and continued on his journey.

"You can go now." Nangong Lie suddenly said.

Reaching this place, the two of them could already feel the existence of the Grand Moon Demon World's entrance. It was very easy to identify it because there were guards at the entrance of the Grand Moon Demon World.

The Star Snitch leader's body trembled. He bowed to Long Chen again before quickly fleeing.

"Do you really believe that he will turn his back on evil?" Han Yunxing suddenly asked.

"I do." Long Chen laughed.

"Why?" Nangong Lie was confused.

Long Chen modestly said: "Actually, I made a request of him, or should I say, a test? If he was truly willing to repent, the look in his eyes, actions, and other details he displayed would be completely different from his personality. I saw that he had a very rare opportunity to be reborn, so I let him go in the end."

So that's how it was.

Han Yunxing and Nan Gong Lie looked at each other and praised Long Chen even more. In their eyes, not only was this young man's potential limitless and his strength tyrannical, what was more important was that he was meticulous and not lacking in ruthlessness. When such a person actually matured, it was extremely terrifying.

"Or when you return to the Imperial Palace, it will definitely cause a huge commotion." Han Yunxing said with a rare smile.

Long Chen didn't dare be sure about this either, but he was definitely improving at all times.

No one could stop him from improving.

In the process of advancing, there was Han Yunxing's explanation of the martial arts. In the process of advancing, there was Han Yunxing's explanation of the martial arts.

He was still young, just over twenty years old. He already possessed such strength, and it would take even longer for a cultivator of the same cultivation realm to reach that level.

Of course, other than the Great Way of the Soul, this kind of martial artist wasn't cultivating at all, but was a former super powerful martial artist recovering her strength.

The reason why Feng Zhiling could reach her current level was because she had sold out her soul.

Then, what was the realm of Yang Lingqing today?

Long Chen was very much looking forward to this. With the Lunar devil body, she had already been in Grand Moon Demon World for a long time, so he would definitely not be bad.

"The Grand Moon Demon Body, the Yang Family, Li Xuanji and Li Tianji's words" This series of questions troubled Long Chen. He did not understand what exactly was the relationship between them.

"The Yang family, although the current World King has failed in his tribulation and has lost his soul, he is still the number one ancient family of the Mystic Demons. At the entrance of the Grand Moon Demon World, there are many strong warriors of the Yang family guarding it, about a hundred of them. Han Yunxing analyzed in Long Chen's ear.

"Are they sure they'll stop us from going in?" Long Chen asked.

"Even if I am to enter, I will need to register. Especially since my and Nangong's statuses are not low, they will definitely restrict my movements in the Grand Moon Demon World. Thus, we have no choice but to force our way in." Han Yunxing said.

"With my and Old Han's strength, we could've charged in directly. They wouldn't have known who it was and we wouldn't have been able to catch them." Nangong Lie said proudly.

"Then, just kidnap a member of the Yang family for me, I have too many questions to ask." Long Chen's eyes flashed.

"Alright." Han Yunxing said.

"Let me do it this time." Nangong Lie passionately said.

Han Yunxing was helpless, and he entered his Divine Kingdom together with Long Chen. His Divine Kingdom was a wasteland, and Nangong Lie had no interest whatsoever to establish a beautiful world.

Once, when he made a move, Nangong Lie's entire body was filled with excitement. He suddenly moved forward and his speed reached a terrifying level as he charged through the layers of space. The

fragmentary stars quickly flew past him and in the distance, a white disk appeared in the middle of the space in front of Nangong Lie.

Upon closer inspection, one would realize that it was an extremely large lake. This lake floated in the starry sky, and the lake's water was as white as milk, gently rippling. White steam rose from the milk.

As long as he could reach the plate, he would be able to enter the Grand Moon Demon World.

At this time, the number one family in Mystic Demons, the Yang family, was patrolling the area around the plate. They were divided into five squads, and were rotating their soul consciousness to observe their surroundings, controlling the movements in their surroundings. With this kind of constant observation, of course, they couldn't spread their soul consciousness to its maximum, or else their soul consciousness would go blind.

But at least, all the internal heat movements within a radius of five miles were within their control.

The leader of the guards at this entrance was a warrior from the Seventh Stage of the Divine Martial Stage of the Yang family. At this moment, he was floating in the middle of the huge disk cultivating, and the white mist around him formed a huge sphere, surrounding him. This was a very devilish looking young man with long dark green hair, and a devilish dark green tattoo on his face.

At this moment, for no apparent reason, the lake in the middle of the disc trembled!

BOOM!

A gigantic whirlpool was formed.

For no reason, such a movement had occurred, and everyone was alarmed. Other than those who were going to monitor the surrounding area with their soul consciousness, the rest of them reacted immediately and rushed to this place where the movement had taken place. The young leader opened his eyes, releasing an ink-colored stream of air.

However, his eyes were filled with horror.

With a move of his body, he appeared at the center of the whirlpool. At this time, everyone had already arrived, surrounding the young leader. One of the martial artists hurriedly asked, "Commander, what happened?"

The young leader didn't answer at first, but turned around for a while before saying with an icy cold face, "At least a Ninth Stage of the Divine Martial Stage warrior has entered the Grand Moon Demon World, these strong warriors won't even want to register themselves at all. But this time is a bit strange, this guy has captured a warrior of our Yang Family."

"An expert of the Ninth Stage of the Divine Martial Stage actually brushed past me like this?"

"How terrifying. Oh right, who was it that was taken away?"

Everyone looked at each other. After counting the number of people, they realized that they were indeed missing one person.

"Commander, what should we do now?"

The young commander said, "Now that such a big event has occurred in the family, if such a powerful expert goes in, it could possibly affect our plans. Find someone and go back to the family to what happened today."

"Yes sir!"

As a result, the entrance to the Grand Moon Demon World recovered its peace.

And the current Long Chen, had already successfully entered the Grand Moon Demon World's, so the place he was currently at, was the Mystic Demons's.

Amongst the Mystic Demons, it was one of the eight great demon regions of the Grand Moon Demon World, and was extremely powerful.

In the Mystic Demons, the most powerful was the Yang family. They had two Realm Kings and were Nirvana Tribulation Realm's experts. The previous World King Yang Fengjun was from the Yang family. Below the Yang family, the Li family was the strongest, and the Li family now had a Realm King. And then, the Mystic Demons's three great sects.

Each of the three sects had one Realm King.

Among them, the Yang family and the Li family had the strongest foundation. The other three sects were all newly built forces.

The struggle between the Yang family and the Li family had always been the biggest concern of the Mystic Demons.

However, in the past thousand years, the Yang family had flourished and the Li family had declined.

A hundred million miles radius around the Mystic Demons was equivalent to half of the Eastern Emperor Region. The area it covered was extremely huge. Even though Nangong Lie and Han Yunxing, the two super strong practitioners of their generation, could push their consciousness to the peak, they could at most cover one ten thousandth of the Mystic Demons.

He moved to a mountain that was tens of thousands of miles away. After Long Chen confirmed his safety, he prepared to find out what he wanted to know from this Yang family warrior.

In the process of advancing, Long Chen observed the Grand Moon Demon World. In truth, the so-called Grand Moon Demon World, was a place where even the emperor's spirit energy felt extremely dark and cold, with a dark green aura drifting about in the sky, emitting a dark cold aura, and a light green moon appearing in the sky all year round, which was enough to illuminate the land. With a glance, Long Chen could see that the mountain and river trees gave off a dark and cold aura, and the temperature of the entire Grand Moon Demon World was extremely low, even compared to the ice and snow environment in the Moon Devil Cave.

This kind of coldness was bone-chilling cold, unlike icy coldness. This kind of chilling aura was enough to destroy a mortal's body.

At the mountain Long Chen was on, the environment was even more dark and cold. There was no wind, but a bone-piercing cold air surrounded it.

Fortunately, Long Chen's current physical body was strong enough, and this bit of cold Qi was nothing to him, and most importantly, the dragon aura on his body was masculine, so cold Qi could not come close to him.

Nangong Lie put down the Yang family warrior in his hand and said, "This Yang family member has already been captured for you. If you want to ask, ask quickly."

Chapter 1144 - Sister's News

This warrior from the Yang Family had just entered the Fifth Stage of the Divine Martial Realm, and was still young. Even Long Chen could easily deal with him.

Of course, to reach this level of strength at this age, he was already very powerful, and it was no wonder he was a disciple of the number one clan in Mystic Demons.

In the eyes of the warriors in Imperial Domain, this young man from the Yang family, was no less than a child. Being surrounded by the two strong warriors, Nangong Lie and Han Yunxing, this young fellow was already scared out of his wits. Even if it was an expert in Divine Martial Stage, in a short period of time, he was also under the control of Long Chen's Spirit Devouring Demon Pupil.

Under the soul control, the Yang family teenager's eyes gradually lost his spirit.

This meant that Long Chen's soul control was successful.

"What's your name?" Long Chen first asked a question that the other party would not oppose.

"Yang Yang Li!" The Yang family youth said.

This youth had an aura that Long Chen was very familiar with.

Yang Li

Since he didn't know him at all, Long Chen decided to answer all the questions he had thought of before, asking them one by one. As for Yang Lingqing, there were simply too many things he needed to know.

Han Yunxing and Nan Gong Lie were very curious about Long Chen's method, so they quietly listened.

Long Chen patiently and patiently asked: "Let me ask you, do you know Yang Lingqing?"

increased the strength of his soul control, and only then did he manage to stabilize himself. After he heaved a sigh of relief, Long Chen asked a few more insignificant questions, and then he repeated Yang Lingqing's question.

This time, the other side did not resist.

"Yang Lingqing is the Yang family's rare super genius." Yang Li mumbled.

"What?" Long Chen's face changed.

Turning their heads, Han Yunxing and Nangong Lie's faces were filled with suspicion.

had always thought that Yang Lingqing would be in the Li family, but from the looks of it, Yang Lingqing with the Yang family's Great Demonic Yin Body must have already arrived at the Yang family and become a warrior.

There must be a relationship between Yang Lingqing and the Yang family, even between Long Chen and the Yang family.

This way ...

He even said that Yang Lingqing was a supreme expert?

It had only been seven or eight years since she came to Grand Moon Demon World. At that time, Yang Lingqing was not as strong as Long Chen, but if it was a normal situation, then it would be impossible for Yang Lingqing to be so strong in seven or eight years. She was not Long Chen, unless she was not Long Chen.

Long Chen had a bad premonition, he stabilized his emotions and continued to ask: "Is Yang Lingqing a member of the Yang family, do you know what realm she is at?"

"Of course she's a member of my Yang family, her Great Moon Devil Body is the bloodline of my Yang family. As for her strength, there are rumors saying that in just a few years, she could already compare to the Li family's Li Xuanji. Her strength is at the early stage of the Ninth Stage of the Divine Martial Stage!"

After saying that, Long Chen, Han Yunxing and the others looked at each other, and they knew what was going on.

This was definitely a great path of Soul Fusion.

Otherwise, no matter how heaven defying Yang Lingqing was, she would never be able to catch up to Li Xuanji.

However, Long Chen's brain was in a mess, he remembered that the little sister was well-behaved and had a toughness rarely seen by girls. Li Xuanji taking her as a disciple was a kindness to her, why would she go to the Yang family, and even probably accept a powerful warrior to fuse with?

Why?

Did she really need force that badly?

Like Feng Zhiling, she also desired power, or was it?

Thinking of this, Long Chen's expression became somewhat ugly, and his entire body was filled with a baleful aura.

Han Yunxing lightly touched him and said, "Don't be anxious. It might not be the Great Way of the Soul Fusion, and it might not be voluntary."

Long Chen thought for a while, before calming down. However, Yang Lingqing was his sister, whom he had protected since he was young, if there was really someone who dared to do anything to his sister, even if Long Chen did not want his life, he would make the other party pay a heavy price!

Clenching his fists tightly, a blood-red light flashed across Long Chen's eyes.

It had already been a very long time, and his killing intent was not as strong. The last time was when he killed Chu Tiange, and this time, he was worried about Yang Lingqing.

Thinking back to those years when he was growing up together, those days occupied a large portion of Long Chen's life. In his lost childhood, Yang Lingqing could be said to be the only person who accompanied him to pass his days.

Long Chen took a deep breath and continued to ask: "This Yang Lingqing, do you know where she came from? Tell me the details."

In Yang Li's heart, Long Chen was now like his closest friend. He would try his best to answer Yang Lingqing's questions well, and so he quickly replied, "This Yang Lingqing, was originally not part of my Yang family, but in the Li family, but a fortuitous opportunity, she was found out to be a member of our Yang family, so the two great ancestor Realm Kings teamed up and took back the talent possessing our Yang family's Great Demonic Yin Body. After returning, Yang Lingqing's cultivation rose rapidly, only until it reached such a terrifying realm did I hear that Yang Lingqing herself was very strong, but was captured by the Li family from a young age, and her cultivation was sealed by dangerous means until her returned to her two families."

Long Chen organized the information in his mind.

In the eyes of Long Chen, the person who knew about the Yang family's so-called seal, it was definitely an act to cover everything up.

Yang Lingqing did not have much power to begin with, so the fact that she was able to break through in such a short period of time had absolutely nothing to do with the seal. Soon after, Long Chen asked a few more questions, including the location of the Yang family and Yang Lingqing's current situation. He knew that Yang Lingqing was currently in the Yang family, and had the best training.

Mystic Demons had two great young geniuses in total.

In a cold place like the Grand Moon Demon World, females were respected to begin with. I heard that the only super Sector lord were females.

And these two super geniuses, one was the rare Li Xuanji with the Nine Yin Meridians, and the other was the Yang Family's newest rising Lunar Demon Body, Yang Lingqing. With the challenge, the Lunar Demon

Body had merged with the entire Grand Moon Demon World, becoming a mini Grand Moon Demon World, whose talent even surpassed the Nine Yin Meridians!

From this, it could be seen how terrifying this Yang Lingqing was right now.

After hypnotizing Yang Li and making him forget everything, Long Chen finally turned around. At this time, Han Yunxing spoke in a serious tone, "After I've made my deductions, this is not a good news."

"What do you think?" Long Chen's heart was heavy, heavy enough to kill. Yang Ling Qing was too strong, so strong that Long Chen's heart was unsteady.

Han Yunxing's eyes flashed, and said: "Your sister, in terms of physique, is the most talented person in the Yang family's younger generation. Not even the previous generation of World King had this kind of physique, and she just happened to appear after the previous generation's World King died, so I guessed that it was possible that this World King did not die at all and her Divine Martial Spirit existed, or even had a fusion with Yang Lingqing, that would allow Yang Lingqing to have such a terrifying strength today. As for what the process was like, we do not know. If Yang Lingqing was not strong at that time, and had just reached the Divine Martial Stage, and the opponent was a World King Ranker, this World King would have made sufficient preparations. Even if Yang Lingqing did not agree to it, or even if he only deceived her a little, there is still a chance for him to succeed.

"So it was the previous World King, huh?" Long Chen's eyes flashed with a fierce light.

"Of course I'm guessing. Everything still requires us to go up and take a look, but right now, in the Yang family, there are two Realm King s that we cannot fight against, Nirvana Tribulation Realm, this will be very troublesome, but since it is Xiao Chen's matter, the two of us will go through fire and water, and not refuse. " Nangong Lie said.

After Yang Li woke up, he would forget about everything else. He was just an innocent child and Long Chen did not have any plans to kill him.

"No matter what, I have to go to the Yang family to check out the situation. As long as I look at your sister, I will know if there are other Divine Martial Spirit on her." Han Yunxing said with a calm voice.

Long Chen was also not relaxed, he never thought that his sister's matter would involve someone at the World King level. Although Han Yunxing and Nan Gong Lie were strong, they were not a match for those

strong Nirvana Tribulation Realm warriors, so Long Chen had no choice but to calm down and think of a way to save Yang Lingqing.

If there really was such a thing, no matter what Long Chen said, he had to get rid of that person from Yang Lingqing's Divine Martial Spirit.

This was an elder brother's responsibility.

In her brother's eyes, no matter how strong Yang Lingqing was, she was just a little sister that needed protection.

"The Yang family is more than 30 million miles away from here. On the way, we still need to know more. If there really is such a thing, then we can't be in such a hurry to do it. My sister will be fine for a while anyway." Long Chen was very clear about this in his heart.

"You know you need to be calm." Han Yunxing smiled in his heart.

"I never thought that this would be such a dangerous matter. Thank you very much." Long Chen thanked him sincerely.

Nan Gong Lie shouted: Don't say anything, our rotten lives were given to us by your father, even if we gave it back to you, we would have no regrets in death. Furthermore, if you want to kill me, you are just a mere Yang Family, you are still far from being able to do it, don't forget that we are from True Martial Imperial Palace, Sector lord's people, we do not dare to offend Zhen Wu Emperor!

From those words, Long Chen could tell that Nan Gong Lie was confident in the True Martial Imperial Palace.

Indeed, if the twelve great forces were to be ranked, the three great Imperial Palace s would definitely be ranked in the top three.

This was also the confidence Nangong Lie had in himself.

The three of them calculated for a while, and without further ado, they rushed towards the Yang family. Long Chen was not anxious because of his anger, he was even calmer than Nan Gong Lie.

Chapter 1145 - The Cataclysm of the Infernal domain

When Long Chen and the others entered the Grand Moon Demon World, a great event that shocked the entire Grand Moon Demon World happened.

At this time, the whole Mystic Demons was in a state of great shock. The closer they were to the Yang Family and the Li Family, the more they could feel the tense and violent atmosphere.

All of these, Long Chen and the rest had been focused on rushing, and did not know about it at the start.

The distance between the Yang family and the Li family was at the northeastern corner of the Mystic Demons, and right now, they were heading towards the northeast corner of the Mystic Demons. On the road between Long Chen and Yang Li's family, there was a continuous stretch of cold Yin mountains, which covered an area of hundreds of thousands of miles, called the Tian Yin Mountain Range.

It was rare, especially in the depths of the Tian Yin Mountain Range. It was rumored that there was a Divine Level 9 beast guarding the place, that was world-shaking, and it was one of the great dangers of the Mystic Demons. Its area occupied about three out of ten thousand of the Mystic Demons.

If Long Chen were to come here, he would definitely discover that he recognized all three of these people. They were Li Tianji, who once appeared in the Moon Demon Cave, as well as his servant and servant.

At this moment, Li Tianji's face was deathly pale, and a dark and cold aura burst out from his body. He, who was originally handsome and elegant, had now become extremely miserable, and his entire body was dyed with blood.

Behind him, the maidservants and servants also had faces full of grief. Among them, the little maidservant had a face full of tears.

A dignified Seventh Stage of the Divine Martial Stage warrior, what exactly had happened? How could he be so indignant?

The figures of the three of them flashed past a corner of the Tian Yin Mountain Range.

"Let's go, he's catching up!" Seeing that the two servants were gradually losing track of him, Li Tianji gritted his teeth, turned around and took the two servants' arms.

"Young master, you can't do this. You go first, Uncle Sun and I will intercept him!"

"Yes, Young Lord, quickly let us escape, we will stop him, you are of the Li family's precious bloodline, you cannot die in their hands just like that, Young Lord, you are the Li family's hope! If we drag you down, even if I die, I will still be worthy of the Li family's ancestors!"

The two servants' faces were filled with tears.

"Stop talking. If you want to live, live together. If you want to die, die together!"

Li Tianji's eyes revealed an unswerving determination.

He would not give up!

However, from his spiritual sense, he could tell that the pursuer was very close. The pursuer was faster than him to begin with, and he was also carrying two burdens. If there was no surprise, the pursuer would catch up in a short period of time!

"Young Chieftain, there is a cliff up ahead!" The young maid screamed.

Li Tianji's purple hair fluttered in the wind as he hurriedly raised his head. A cliff indeed appeared in front of him, and at the bottom of the cliff was an inky green fog.

The mountain in front was still far away from the cliff, which meant that Li Tianji had to carry them across a long distance in the air. But Li Tianji reckoned that in the air, he would be caught by the pursuers.

He was overjoyed, and obtained one of the clan's treasures, the purple devil moon diagram. He didn't expect such a huge event to happen to his family, if it wasn't for the fact that Li Tianji was outside, he would definitely have died here!

"Damned Yang Family, they are even worse than animals. This time, even if I die, I will drag them down with me!" Li Tianji suddenly stopped, and before that deep cliff, he stopped. At the same time, he flung the two servants in his hands out, and roared, "You two are not my Li Family members.

Li Tianji knew that he was going to die, so he did not want to implicate these two, but he had overestimated the affection the two had for the Li Clan. Even if the young maid and the middle-aged servant were to be thrown out, they would still return at the first possible moment, fearlessly looking at Li Tianji, ignoring his exasperated expression, the young maid said: "Young master, don't think that we can abandon you, let's die together!"

"That's right, Young Lord. Although I don't have the surname Li, I have been a member of the Li family since birth." Even if I die, I will be the soul of the Li Clan! " the servant said.

The anger in Li Tianji's eyes gradually disappeared, and looking at the two loyal servants, he was moved.

However, because of this, the last chance disappeared as well.

"This is really touching!"

A voice that sounded like a ghost suddenly sounded out from behind Li Tianji. Li Tianji and the others suddenly turned their heads, and in the darkness, a man dressed in a black robe with his head covered in a black robe appeared, emitting a devilish sound.

"Bastards of the Yang family." A flame was burning in Li Tianji's chest. He knew that he could not escape, so the only way was to fight to the death!

"Animal? The victor is the king and the loser is the thief. From then on, the Li family no longer exists in this world, and our Yang family is the supreme king of the Mystic Demons. " The man chuckled. Her voice didn't sound old.

"Despicable and shameless!" Fire gushed out of Li Tianji's eyes. The primordial spirit s in his body were rampaging and he, who had already comprehended the will of heaven and earth, moved with the will of heaven and earth.

"Is this how a weakling like you insults the strong? Of course, with your age, being able to reach the Great Circle of the Seventh Stage of the Divine Martial Stage is also considered a genius. As long as you don't die, you might even have some achievements in the future. Unfortunately, you didn't manage to escape in the end, today I won't be able to save your life, and I can't go back to the Yang family. " The man laughed coldly.

Under his control, a wave of cold air swept through the surroundings.

"You will never know how big of a gap there is between the Great Circle of the Seventh Stage of the Divine Martial Stage and the Eighth Stage of the Divine Martial Stage. Let me tell you this right now, it is that you do not have the slightest ability to retaliate!"

Such a ghostly voice sounded beside Li Tianji's ears.

"Pretending to be ghosts!" The intense battle had begun immediately, but in a flash, Li Tianji had already retreated with heavy injuries. The opponent's level was higher than his, and was more experienced than him. If it was a fight, Li Tianji could easily suppress him!

"So it turns out that the members of your Li Clan only have this little level. No wonder it was so easy to defeat them, and their corpses were scattered all over the ground." This is the most grand occasion for Mystic Demons. " The Yang family male walked towards Li Tianji step by step. The pressure of the heaven and earth was on Li Tianji's body, making him unable to move.

"Don't worry about hurting my lord!" The two servants risked their lives to save Li Tianji, but they were easily sent flying by the warrior's palm. When their bodies struck the mountain wall, they were immediately smashed into pieces, and even their heads were almost smashed into pieces.

Even if they didn't die, they wouldn't have much strength to stand up when they recovered.

"Bastard!" Li Tianji felt that his body was about to explode, the sinister cold light in his eyes continuously flowed, seven clear dark green veins appeared on his body.

"The Seven Yin Meridians are only one step away from your sister's. With your head, I can receive quite a few awards. " He was dressed in a black robe and was enveloped in a dark green mist. Even if he was in front of's eyes, he would not be able to see what this guy looked like.

"Elder sister" when he thought of the cold yet overwhelming witch, Li Tianji was originally somewhat awed, but at this moment, he was also incomparably sorrowful and nostalgic. She was the most dazzling genius in the family, he would definitely be the first target of the Yang family's attack, and he would definitely not be able to survive this.

The hatred gradually covered Li Tianji's heart and he discovered that his eyes had turned blood-red. This state was very similar to the berserk Long Chen.

"That's right, your sister, she received a special greeting. Your sister, Li Xuanji, is so beautiful, so her ending is also of a good grade. The men of our Yang family have not tasted such a delicacy for a long time." With that, the Yang family male licked his tongue, as if he was reminiscing about that girl's taste.

Li Tianji was about to collapse. Such a prideful woman, was he being humiliated?

Thinking about that, Li Tianji's bloodline erupted, and he stared at this man with bloodshot eyes. He swore that he would cut him into a million pieces, and only then would he be willing to give up!

"Go to hell!" Under the suppression from the man from the Yang family, Li Tianji flew into a rage and rushed towards the man from the Yang family. However, his opponent easily punched him into the ground, causing the entire mountain to tremble.

"With your strength, even scratching me is not enough. Don't you want to kill me? Hehe, I caught you, and the good news is yet to come. Let me tell you, I can deal with your sister as I treated you back then!"

The Yang family male's eyes emitted a dark green light.

After he finished speaking, he laughed maniacally and pounced towards Li Tianji.

Li Tianji was young, and had delicate features. He never thought that there would actually be such a perverted person.

"Die!" Even if he were to commit suicide, he would definitely not let the other party succeed. But he believed that Li Xuanji was also that kind of person, so Li Tianji knew that the Yang family members were unable to do anything to Li Xuanji!

"Big sister, I won't throw your face away, I'm a man of the Li family!" Li Tianji screamed at the top of his lungs.

The Yang man in front of him was like a devil, he was already very close, to the point that Li Tianji could even hear his sinister laugh.

Right at this moment, when Li Tianji was about to launch a new round of attack, that man from the Yang family suddenly let out a miserable scream. Li Tianji was startled, he took a closer look, and saw a black crack on the head of that man from the Yang family. It went through his body, splitting his body into two parts.

Li Tianji saw the Yang Family male's despairing gaze.

He looked at Li Tianji's back with an incomparably terrified expression. In the next moment, the cracks in space closed, as if nothing had happened. That man from the Yang family had already disappeared, and a pool of blood was lying on the ground.

"This ..." It took Li Tianji a while to react. That thing just now seemed to be a Ninth Stage of the Divine Martial Stage.

Li Tianji remembered that before he died, that man from the Yang family looked at Li Tianji's back in fear.

"Who is it!" Li Tianji stood up in a fluster, he staggered and almost fell to the ground. He looked behind him in shock, his eyes wide open.

At this moment, the sky was already dark. A strange dark green full moon was hanging in the sky. Under the light of the dark green moonlight, the surroundings seemed extremely strange.

In front of him was a precipice, with dark green fumes rolling about below it, as if there was a giant beast hidden at the bottom. It was a growl, and in the midst of the rolling dark green fog, a woman dressed in a beautiful black dress, like a black rose, was approaching from the sky. A strong wind was blowing, and the woman's long skirt was fluttering, her dark green hair fluttering in the wind.

The moon in the sky was called Mo Yue by the Grand Moon Demon World.

This woman had the same kind of magic as Mo Yue in the sky, and she attracted Li Tianji's attention. Although it wasn't the first time that they had met this woman, Li Tianji was still shocked by her coldness and her beauty. Her snow-white skin, proud body of a devil, sharp eyes, and eyes that could pierce through the hearts of humans.

He did not even know how to describe this young girl's perfection.

Seeing her, Li Tianji confirmed that he was not dreaming. The Yang family members could not do anything to him, Li Tianji thought that was right.

What did that man from the Yang family say about Li Xuanji was pure bullshit.

Li Tianji found his throat turning hoarse and tears flowing down uncontrollably. In this day when his clan was facing a huge crisis, it was as if he could only rely on this woman to win.

The mist roiled like a strong wind or a strong wave, but this woman remained unmoving. In such a catastrophe, her dark green eyes that were as deep as a well, were still peaceful.

Beneath the long black skirt, her body was graceful, and she looked even more charming than when Long Chen had seen her in the past.

Just like Ling Xi, she had also changed greatly. However, the cold and suffocating aura coming from her body had just grown stronger. She looked down on everyone with just a glance.

Her cold and forceful attitude and Ling Xi's gentle and obedient personality were two extremes.

Her pale red lips were very thin, but it gave off an intoxicating sense of beauty. In truth, when she lightly activated her red lips, her voice was like a spring of ice. Although she was moving, it also gave off an irresistible sense of majesty and majesty.

"Phecda, you leave the Mystic Demons first. It's best if you go to the True Martial Emperor Domain. If my Li Family is still alive, I'll come find you in the future."

Li Tianji panicked, cried out, and said, "No! I can't run away alone. Sister, what are you going to do? "

Unlike Li Xuanji, Li Tianji's hair and eyes were all purple.

"Our Li Family is done for. If you want to recover your vitality, you will need countless of years. This ring has accumulated millions of years in our Li Family. The task of reviving my Li Clan and returning for revenge will be handed over to you today. You can't let me down. "

While Li Tianji was still in a daze, a dark green ring appeared on his middle finger.

He was stunned for a moment and quickly asked: "Sis, this should be a mission given to you by our elders, right? Why do you want me to complete it? You should be the one completing it. You are stronger than me. You are the one with hope for revenge! I believe that it was the ancestor who risked his life to send you out.

Li Tianji was very excited, but to the girl, her expression never changed, it was still as resolute as ever.

She slowly said, "Compared to this, I have a more important mission, and that is to make the Yang family pay. "Don't worry, the Yang family can't do anything to me, I'll cover for you first, wait for the Yang family to pay the price, maybe I will come find you."

As usual, her tone of voice was still overbearing, not as overbearing as others. Looking at this woman's burning gaze, Li Tianji was conflicted for a long time, but he still shook his head and said: "No, you're going to die, this is not a wise move, the elders definitely do not want you to be like this. Sis, today I must stop you!"

"You want to try?" With just one word, she had blocked Li Tianji's path.

"We can't do that. It's not too late for a gentleman to take revenge. We can't lose our lives for nothing." Li Tianji pleaded.

"I can't tolerate ten years. I can't even tolerate this moment." The woman's gaze grew brighter and brighter, and when the ray of light shone onto Li Tianji's body, it made his scalp tingle.

"I'm telling you, if you continue with your nonsense, I'll knock you out, send you out, and then come back for revenge. If you think for my sake, don't waste my time."

Hearing this, Li Tianji was completely confused.

He didn't know what to do.

knew that it was impossible for him to stop this woman on the cliff. The only thing he could do now, was probably do as he said.

"Don't worry, I will obediently wait for the competition to start soon. I will reappear soon." Li Xuanji took a step back and said.

Only like this, did Li Tianji finally compromise.

There was no way he could not compromise.

"Sis, can I see you again?" Li Tianji asked with tears in her eyes.

"Sure." Li Xuanji replied with a decisive tone.

"Good!" "I'm willing to protect my Li Clan's belongings." Li Tianji was not an obvious target, now, most likely, all the Yang family members were chasing after Li Xuanji.

She was the one the Yang family wanted to kill the most.

At this time, the two servants had pretty much recovered, but they didn't dare speak and wept behind Li Tianji.

Li Xuanji left behind a few more things before she prepared to leave. However, at this time, Li Tianji suddenly remembered something. When Li Xuanji was about to turn around, he suddenly said: "I've been to the True Martial Emperor Domain once. The Spirit Devouring Demon Pupil is my Li Family's secret technique, only you can simplify it to its current state. If I didn't think of you, I probably would have killed him then. "

Li Xuanji's body shook and she was unable to turn around for a long time.

, who was behind her, had no idea how wonderful the expression on her face was at this moment.

"What's his current status?" After about a quarter of an hour, she finally made a sound and suddenly said.

"A disciple of the True Martial Imperial Palace." Li Tianji vaguely remembered that it was like this.

"Is that so ..."

Li Tianji could not understand what kind of emotions were contained in the word "big sister", and he did not know how much shock was contained within. In any case, by the time he could react, Li Xuanji had already disappeared, and that willowy figure "disappeared" into the layers of mist.

Li Tianji's heart suddenly steeled.

He understood how heavy his task would be if he put the ring on his finger. From today onwards, he would no longer be a teenager, but the successor of the family with a huge mission on his shoulders!

Li Xuanji gave him this chance.

With such a huge mission on his shoulders, Li Tianji would thoroughly mature and from today on, become a man who could support both heaven and earth!

"Let's go!"

Carrying two servants, Li Tianji set foot on the road.

These two servants knew that Li Tianji had millions of years of supplies in his possession, but from the situation just now, these two servants could definitely be trusted. It was obvious that even Li Xuanji did not kill them.

If not for them desperately protecting Li Tianji previously, they would already be dead.

This whole road was not easy to walk on, Li Tianji advanced forward while holding back his tears.

When he left the Tian Yin Mountain Range, in a corner of the Tian Yin Mountain Range, a black clothed girl that could shake the world looked at the endless sky with a lost expression.

"Long Chen, Long Chen!"

She had nearly forgotten this name. But now, it had suddenly intruded into her life, causing her to feel inconceivable.

"If it's really him, I can only admire him from the bottom of my heart. I underestimated him back then. Hopefully he would be able to rise up again in the True Martial Imperial Palace. "Unfortunately, I'll never see him again ..."

With regards to the youngster who saved him, Li Xuanji's heart was filled with complex emotions.

No matter what, he was the only man who looked at his own body. Unfortunately, there was only one other person in his heart.

"Perhaps only by killing can I be revived." Looking in the direction of the Yang family, Li Xuanji took a deep breath, and then her black dress flew towards the Yang family.

Chapter 1147 - Yongqing City

Starting from the entrance of the Mystic Demons, the three of them advanced at Long Chen's speed, covering a distance of tens of millions of Li. It would probably take them around ten days to reach a large city called Yongqing City.

There was still a long way to go from where the Yang family was.

All along, the three of them had been travelling silently. To the two great Rankers, they would at most spread out their consciousness to a distance of a hundred miles, so that the information that the Divine Martial Spirit was handling would not be too chaotic. Generally speaking, as long as there was a person who was hostile towards them within this range, the two Rankers would immediately sense it.

After arriving at Yongqing City, Long Chen decided to first go in and rest, and instantly inquired about the Yang and Li Family. These past two days, the three of them suddenly felt that the Black Yin Devil had

become more unstable, and there were probably other things that happened after the death of the World King.

Something bigger.

Yongqing City was a city comparable to the Sacred Martial Palace, it was very big, and had enough population to fit millions of people. It was a famous city in the Mystic Demons, and it was controlled by one of the second-rate forces in the Mystic Demons, the Yongqing Palace.

Under the control of the Yongqing Palace, the entire city was arranged in a neat and orderly manner.

Long Chen and the other two entered the huge Yongqing City and settled down in a luxurious restaurant. The restaurant was huge, and it was said that the one backstage was the Yongqing Palace, which was opened by the upper echelons of the Yongqing Palace. Basically, no one dared to cause trouble in the restaurant.

They had been hurrying along with their minds stretched taut. Finally, they arrived at a city full of people. The three of them relaxed, ordered some dishes, and drank and chatted merrily. The dishes in the Eternal Qing Restaurant were not simple dishes. Most of them were made from high level fierce beasts and spirit medicines, and contained a large amount of spirit energy. The meat of the fierce beasts had been specially processed, and was exceptionally delicious, and had a lot of effects on nourishing the body, strengthening the physical body, and so on.

Ordinary people wouldn't be able to afford anything here. A simple dish would probably cost several divine crystals.

Of course, for someone at Han Yunxing's level, the value of these delicious delicacies were no different from ordinary dishes. To them, the only value would probably be delicious.

Han Yunxing was addicted to alcohol. When he came to this place, he naturally brought out a lot of good wine and famous wines, which attracted a lot of attention from the crowd. The value of these good wines were probably worth more than several thousands of divine crystals, which was why ordinary people could not afford them, so even the manager of the Eternal Qing Restaurant was dispatched to help, but when he sensed that Han Yunxing's strength was something that even he could not see through, he quickly served the good wine and dishes without daring to ask any questions.

Even if such an expert were to be fed for free, the manager wouldn't dare do anything.

Long Chen called for them to retreat. Instead of drinking meat and wine on the table, he used his ears to listen in on the conversations of the people downstairs. Over the past few days, the entire Eternal Qing City was talking about something, and this matter also attracted the attention of Han Yunxing and Nan Gong Lie.

"Two Yang Family Realm King s joined forces with three great sects' Realm King s. Five of them fought five Li Family World King s and fought one Li Family Realm King. In the end, they killed the Li Family Realm King!"

"This matter has already shaken the entire Grand Moon Demon World."

"With the death of the Li Clan's pillar of support, the Li Clan, which had existed for hundreds of thousands of years, shattered into pieces. The entire Li Clan fell apart, some fled, some died, and some even survived."

"The Yang family has acted so quickly this time. They have even joined forces with the three great sects. The Li family can only be considered unlucky this time."

"Those who escaped probably died after being hunted by the Yang family for the past few days. This time, the Li family didn't even have the chance to rise again, they were directly exterminated."

"That's only natural. The Yang and Li Families were originally two of my Mystic Demons's enemies. They wished for nothing more than for the opponent to die and become the ruler of the Mystic Demons. In this thousand years, the Yang family has risen up mightily, and even obtained the World King Divine Throne.

"Is it really extinct? I heard that the genius Li Xuanji of the Li family was sent out by an elder of the Li family and even now, she still doesn't know where she is. The Yang family is currently searching for Li Xuanji all over the world, and they even offered a large bounty. "

After all, that Li Xuanji is said to be the legendary top genius of the Mystic Demons, her strength has already reached the Ninth Stage of the Divine Martial Stage, how can we compare to her? In other words, if Li Xuanji is able to escape this time, when she returns, she will probably become the Yang Family's nightmare. "

"This young lady has been imprisoned for a thousand years. Her first day back, she sent the entire Li family into an uproar. This sort of person is not simple ..."

At this time, a person ran over to the place everyone was chatting at, and said: "You still don't know, but that Li Xuanji did not run, for the past few days, the Yang family had sent a large number of warriors to follow her, and even went all out, and even the ancestors did not show themselves for a long time. In order to kill Li Xuanji, this genius is truly powerful, and his methods are ruthless, many ancestors of the Yang family have died in her hands."

The crowd went into an uproar, and some of them even felt their hairs stand on end.

After they finished listening, Long Chen and the other two looked at each other, each seeing the shock in the other's eyes.

"I never thought that such a thing would actually happen in the Grand Moon Demon World." Han Yunxing frowned.

"The two great families of Mystic Demons kill each other. Is there no one who cares? This Grand Moon Demon World of the Grand Moon Demon World, will he allow them to do this?" Nangong Lie said in confusion.

Long Chen said: "If he wanted to interfere, then this wouldn't be the case. "Right now, everyone knows that the Li Family is finished."

Hearing that Li Xuanji was still alive, Long Chen heaved a sigh of relief. However, he understood that the pain of his whole family being exterminated must have caused her to fall into a state of hatred, to the point of her losing her sanity.

It was Long Chen who saved her, so she could be considered one of her friends. Long Chen did not want her to end up in such a miserable state.

"I heard that the strong warriors of the Yang family have already mobilized several Ninth Stage of the Divine Martial Stage ancestors, and have chased them to the vicinity of Yongqing City. Now, Yongqing City is strictly inspecting the existence of the Li family's remnants, the outside has been sealed off."

Just as Long Chen heard these words, a commotion broke out below him as the restaurant's door was flung open with a loud bang. A pair of warriors dressed in black silk clothes walked in, and almost everyone's body was releasing a dense Evil Qi, led by a beautiful middle-aged lady.

"I am Yang Miaozyu from the Yang family, and no one is to move. Today, the main thing is to capture the remaining evil of the Li family, we have something to feel the existence of the Li family's' Pulse Cutting Palm '. All you need to do is to stand still!"

After he had finished speaking, the group of warriors behind him dispersed and rushed towards the eating men and women, firmly surrounding the Eternal Qing Restaurant. Under the control of their spiritual sense, no one was able to escape.

Yang Miaoyu held a yellow jade in her hand as she walked through the crowd. At the same time, she looked suspiciously at someone, as if everyone was a remnant of the Li family in her eyes.

After around fifteen minutes, Yang Miaomiao had walked in front of Long Chen and the others. She could tell with a glance that Han Yunxing and Nan Gong Lie were kind of warriors that she couldn't afford to offend. After apologizing for a bit, she immediately left, but when she left, she first turned to look at Long Chen.

"Xiao Chen, I have to say, there are indeed some traces on your body that are similar to this woman and similar to Yang Li. "They are all from the Yang family, I think you do have a little relationship with this family." After they left, Nangong Lie said with a calm voice.

"Hmm?" Long Chen still did not understand.

"It's like this, you are now in the Dragon Fighter, the existence of divine dragon blood s surpasses all other physiques, they can completely transform your original body, and even suppress your father's bloodline, not to mention the bloodline that came from your mother. In your body, there is only a tiny hint of it, this trace of it is related to the Yang family woman just now." Han Yunxing explained.

Long Chen finally understood.

This meant that his presence in the Yang family in White Yang Town was related to the Yang family in Mystic Demons.

To Long Chen, this was like a fantasy story, simply unbelievable.

But it was possible. That was the truth.

The Yang family in White Yang Town was established by Long Chen's grandfather, Yang Cangqiong. In Yang Cangqiong's previous generation, they were merely a weak individual. It was hard to imagine that an ordinary person would be related to a family that controlled Mystic Demons.

Just as they saw that Yang Miaoyu was about to disappear, at this moment, Han Yunxing and Nangong Lie's expressions changed. Holding down Long Chen, they suddenly said: "There are experts of the same level, hold it in!"

Long Chen could not help but raise his head to look up. In that extremely short moment, he could only see countless purple rays of light rushing into the restaurant, and of course, none of them were headed towards Long Chen.

The purple ray of light was actually from the Shattered Soul Needle that Li Tianji had used before.

At this time, there were more than a hundred of these Shattered Soul Needle.

Long Chen just realised it was the Shattered Soul Needle, then he saw that a small hole had appeared on each of the Yang family members' foreheads. Their originally lively and energetic faces instantly turned pale white, and they all lost their vitality and fell to the ground.

Those Shattered Soul Needle converged towards the sky and instantly rushed towards the roof, lifting it up ...

Many of the miscellaneous items started to decline, and blocked Long Chen's line of sight.

In the sky, there was a person who threw out a Shattered Soul Needle, instantly killing hundreds of the Yang family members, basically slaughtering all the Yang family members.

Chapter 1148 - 100,000 demons

Yang Miaoyu, who was at the peak of Sixth Stage of the Divine Martial Stage, was also among the dead.

Long Chen felt that even if it was himself, he might not be able to withstand such a terrifying attack. After all, Shattered Soul Needle were too terrifying and their speed was simply too fast.

Something that could pierce through Divine Martial Spirit directly.

Even if one managed to cultivate the Unparalleled Golden Body, they wouldn't be able to stop the Shattered Soul Needle. In front of the Shattered Soul Needle, it didn't matter whether one had the Supreme Golden Body or not.

It happened in an instant.

From the moment Han Yunxing finished speaking to the moment Long Chen saw the black figure on the rooftop, it had only been an instant.

Countless specks of dust fell, and in the midst of the dust, a snow white girl dressed in a long black dress floated past. Although it was just a glance, Long Chen could see her appearance clearly.

Long Chen had already seen this seven years ago.

However, compared to that time, she was much more mature, much more cold, and much more able to shake the masses. Her every move was filled with the demeanor of a witch.

In the blink of an eye, the girl disappeared.

"What a majestic life force. Although he's young, his cultivation is very strong!" Nangong Lie stood up, his eyes exuding a strong will to fight.

Long Chen also stood up at this moment. He had finally found something, and he could get a lot of information from her, so no matter what, he couldn't let Li Xuanji leave just like that.

"There are two powerhouses at the peak of Divine Martial Stage chasing after him the most! This is Li Xuanji? " Han Yunxing was very smart. In that instant, he could roughly guess the expression on Long Chen's face.

"Li Xuanji?" Nangong Lie was also stunned.

But Long Chen said anxiously: "What did you say? Are there two Yang Family A powerful warrior of the Divine Martial Realm s chasing after her? "

Just as Long Chen finished speaking, a strong gust of wind swept past and the entire Eternal Qing Restaurant collapsed. In the midst of the chaos, Long Chen saw two figures cloaked in black robes, disappearing from his sight in an instant.

These two figures should be the Yang Family warriors who were chasing Li Xuanji, they should be the kind of ancestors who had cultivated for close to ten thousand years.

Compared to the two of them, Li Xuanji's strength was evidently much weaker.

She had already been exposed. If she was caught or caught, the outcome would definitely be dire. At the very least, she would die. No matter what, Long Chen still had a lot of things he wanted to ask her. He couldn't let this old friend of his die just like this.

Thinking of this, Long Chen looked at Han Yunxing and Nan Gong Lie for help.

"Let's go!" This was the first time Han Yunxing and the others displayed to Long Chen the true speed of their peak Divine Martial Stage. It was almost to a terrifying level, if Long Chen did not have such a strong body, he might have been directly killed by the violent winds.

The surrounding mountains and rivers were moving behind Long Chen at an invisible speed. Han Yunxing pulled Long Chen and their speed did not decrease at all, it was like a meteor passing through the mountains and rivers, and beside him, like the sun in the middle of night, it was releasing a blazing temperature!

"Catch up to her!" Long Chen did not forget to explain.

himself was powerless to save Li Xuanji, so he could only let Han Yunxing and Nangong Lie, the two great Rankers, take action.

Long Chen was glad he brought these two big shots into the Grand Moon Demon World, if not he would not be able to do anything.

The ones chasing Li Xuanji were the top figures in the Yang Family, and the status of this kind of person was comparable to the East Palace's Palace Master. Even in the True Martial Imperial Palace, the strongest hall master in the 3000 halls, was probably at this level.

Vaguely, Long Chen could feel the existence of the two black-robed elders.

The wild wind howled.

"She's been caught up, she's already fighting!"

Han Yunxing's words were heard by Long Chen.

Long Chen was definitely able to make it in time.

What he did not expect was that he and Li Xuanji would actually meet under such circumstances.

Back then, she had persuaded Long Chen and his to obediently stay in the Realm of Myriad Kingdoms, and had also affirmed that Long Chen would never be able to leave the Realm of Myriad Kingdoms in his entire life.

But seven years had passed, and in less than eight years, Long Chen was actually standing right in front of her eyes!

This was a proof, proof that Long Chen had surpassed her knowledge.

In the process of escaping, the demoness, who had a calm expression, also felt that behind her, three other people followed. These three people came from Yongqing City, and even she couldn't see through the strength of two of them, showing how deep and deep they were.

The other young man looked familiar.

Li Xuanji did not have the time to see who the young man was, nor did she know who the two great Rankers who followed them out from Yongqing City were.

In these ten days, she had killed so many powerful warriors of the Yang family, which had greatly damaged the Yang family's strength. She had almost completed the goal that she set for herself.

She said she would make the Yang family pay.

However, killing one last person, they never thought that they would attract the two ancestors of the Yang Family. Li Xuanji had finally appeared with great difficulty, so naturally, they had to kill this girl as soon as possible, regardless of the price they had to pay!

If this girl didn't die, the Yang family would never be at peace.

When Li Xuanji was still young, there were not many people in the Yang Family that could deal with her. As long as they were weaker than Li Xuanji, they would definitely live in fear and trepidation.

A woman's revenge was sometimes very terrifying.

Her clothes flapped in the gale, and her long black skirt extended out, fluttering in the air. Her entire body blossomed, like a flower in the sky that was flapping in the wind.

Beneath the black dress was a distinct contrast between her snow-white and delicate skin. It could be broken by the wind. Her cold eyes, delicate nose, thin and cold lips, and standing straight chest all exuded a fatal temptation.

However, to the elder of the Yang family, this was a terrifying place for a young girl. She was talented and ruthless. If he didn't kill her, once she got a little stronger, she would become a nightmare for the Yang family.

The corner of Li Xuanji's mouth suddenly hooked up into a helpless smile.

The injuries she had suffered previously were already stirred up, and like a poison, they spread throughout her body, leaving her with no way to resist at all. All the strength in her body was disappearing rapidly as she became completely powerless.

"Don't run, this is the 'One Hundred Thousand Devil Dao' that was specially prepared for you. The hundred thousand outer space evil spirits have invaded your body and already damaged your Nine Yin Meridians. From today onwards, you, Li Xuanji, will become a cripple."

The two experts behind him let out eerie voices.

Li Xuanji bit her lips with her white teeth as a trace of hostility flashed past her eyes. But very quickly, she was still a woman, after all. She had long expected this day to come, luckily she had already sent Li Tianji away, she had already killed a lot of Yang Family members and avenged her revenge, now that she was dead, she was resigned to her fate.

From the time she was born until now, she had only been in this world for a few years, and then eight years after she came back. In total, she hadn't spent more than fifteen years here.

He spent a lot of time sleeping inside the mysterious bronze coffin.

Her life could be said to be very short, but there were countless people who respected her.

Even the two powerful warriors of the Yang family behind her, if they didn't have respect for her, wouldn't have fought so hard to kill her.

All the power in her body was built on the foundation of the Nine Yin Meridians, and now that the Nine Yin Meridians had been destroyed, it was in pieces. A hundred thousand evil spirits were hiding in her body, wantonly destroying her flesh, blood, and bones.

These one hundred thousand evil spirits were the most terrifying means of the Yang family. They could turn a talented person into an extremely rare piece of trash in an instant.

Li Xuanji could no longer maintain her previous speed. At that time, the only regret she had was that she did not kill any more of the Yang Family members.

Li Xuanji stopped in her tracks, and suddenly froze in mid air. She turned her head back, and looked at the two experts from the Yang Family with an unyielding gaze.

The two warriors from the Yang family were shrouded in black robes, and their bodies were covered in an invisible dark green fog, which made them look like ghosts. These two warriors from the Yang family were famous thousands of years ago, a man and a woman, they were a couple.

Even their hair had turned completely white, leaving only a few pieces behind. Their bodies were bent, and they were close to the limit of their Divine Martial Stage, which was ten thousand years old. However, they did not have the qualifications to cause a Nirvana Tribulation.

Under normal circumstances, once they reached 10,000 years of age, they would be instantly exterminated by the Heavens and Earth!

He could count the remaining days.

But at this time, they were still very powerful, so much so that their scalps were tingling.

It would be perfect for the Yang Family to send these two people to kill Li Xuanji.

The two ancestors were like thunder in the ears of the Yang family. The man was called Yang Kui, and the woman was charming. Although the Demonic Sound Clan did not have the Yang Family's bloodline, they had grown up in the Yang Family. What they cultivated was also the Yang Family's martial arts!

These two warriors at the peak of the Divine Martial Stage were both outstanding talents back then, but against Li Xuanji who was heavily injured and had already become a cripple, that was enough!

Seeing Li Xuanji stopping, the two old men, one on the left and one on the right, immediately surrounded her and spoke to her in a hurry. This proud young lady forced them to be careful, and even at this time, the look in her eyes was incomparably calm, as if she had long seen death as a small matter.

Chapter 1149 - Long time no see

However, Yang Kui and Yin Wuqing were both able to sense the situation inside her body. A hundred thousand evil demonic sects had completely destroyed her Nine Yin Meridians, so no matter how talented she was, she would become trash.

Li Xuanji no longer had anything to fear.

What was still awe-inspiring was probably her proud heart. There were very few girls who were as bold and tenacious as her.

At this moment, she used her calm eyes to look at the two powerhouses from the Yang family.

The two elders from the Yang family, however, paid more attention to Han Yunxing and Nan Gong Lie who were chasing after them. The two of them looked at each other, and thought that they were standing in front of Han Yunxing as they tried to grab him.

"Who is it that has come?" Li Xuanji took note of them.

She did not believe that there was anyone in this world who could save her, so she did not pay much attention to it. He was already crippled, so Li Xuanji had no hope of surviving.

One of them was like a star, moving extremely fast, while the other was emitting a blazing heat, like a sun. It was obvious that he was not someone from Grand Moon Demon World, because of the Emperor Profound Spirit Qi and the various treasures in the world, even men would have a trace of Yin Qi.

Vaguely, Li Xuanji could see a man who was like a comet, carrying a young man.

"Who are you!?" "We are the Yang family's Yang Kui and the Demonic Sound Clan's Yang Kui. We warn you, if you come any closer, don't blame us for taking action!" Yang Kui's cold voice turned into a dark green sound wave and rushed towards Long Chen and the others.

BOOM!

Long Chen seemed to have been struck by a huge mountain and had almost lost his consciousness. However, to be able to cause such an injury with a single sentence, this Yang Kui was truly terrifying!

"No matter what, I must save her." Long Chen thought, Li Xuanji could not die.

This could be considered as his first request to Han Yunxing and Nan Gong Lie.

"Don't worry, we'll be fine." Han Yunxing and Nangong Lie said confidently.

In an instant, Han Yunxing and Nan Gong Lie had already rushed in front of Yang Kui from the Yang family. After stopping, they stood 100 metres away from Yang Kui so that they could clearly see his appearance.

Of course, Yang Kui and Gui Mei did not care about a small figure like Long Chen.

Compared to Han Yunxing and the others, they were even older generation warriors. Therefore, these two people were not from the Grand Moon Demon World, so they did not recognize them. Actually, Yang Kui coldly said: "Who are the two of you? This Mystic Demons is the territory of the Yang Family, do you dare to go against the two powerful warriors of the Nirvana Tribulation Realm? "

In the Yang family, there were two World King.

Han Yunxing and Nan Gong Lie did not answer first, because they realized that Long Chen and Li Xuanji were staring at each other, as if there was no one else beside them.

Unlike Ling Xi, Li Xuanji was a woman of a completely different type. Whether it was her personality or temperament, it could be said that they were the complete opposite. However, her beauty and talent were not inferior to Ling Xi's. It could be said that she was the kind of woman who stood at the pinnacle of life.

In the middle of the long black dress, this woman's every move was so shocking.

When he was in the Realm of Myriad Kingdoms, Long Chen had not realized that she was actually this beautiful.

, who was quietly standing there, was incapable of understanding the shock in his heart. If not for the fact that Li Tianji had told her about Long Chen's existence before, she would not believe what he was seeing right in front of his eyes.

That insignificant existence from before was now standing in front of him.

The fact that an expert who came to Three Great Imperial Domains could be born in a place as insignificant as White Yang Town was even more shocking to Li Xuanji than the fact that she had suddenly become the strongest warrior in Grand Moon Demon World. When Li Tianji had first said it, her heart was already filled with raging waves.

He still remembered how he swore to this man that he would never be able to leave that small country.

But now, when this youth stood quietly in front of his eyes, he didn't have the slightest hint of arrogance or complacency. All he had was that kind of smile that would appear in the heart when an old friend was reunited with an old friend.

If it wasn't for her frightening tenacity and heaven-defying talent, it was impossible for Long Chen to walk from that tiny little place to the position that was equal to her, Li Xuanji.

After not seeing him for so many years, Long Chen was no longer that brat from before. Whether it was his eyes or his actions, Long Chen had matured a lot.

At the same time, Li Xuanji could also clearly see Long Chen's strength: Third Stage of the Divine Martial Realm!

Of course, there was also that astonishing physical body.

From a small Dragon-Meridian Realm cultivator to the bottom level of the four great foundation realms, to the Third Stage of the Divine Martial Realm, he had actually only spent seven years. In the entire Imperial Domain, other than those who had their Divine Martial Spirit seized and had their souls assimilated, it was impossible for there to be such terrifying progress.

Li Xuanji had seen Long Chen's weakest point before, she knew very well what kind of concept this was.

Without a doubt, the youth she looked down on back then was actually someone with a talent that was truly heaven-defying. In fact, this wasn't all. Not only talent, but also tenacity, perseverance, luck, and an inexhaustible heart of a powerhouse!

Li Xuanji knew a little about Ling Xi's identity, and she knew that this youth definitely came for that person.

Although it wasn't, in his heart, Li Xuanji was still slightly moved.

From this young man's eyes, she could see a determination that surpassed her own. This was something that many of the young geniuses in the Yang family and Li family did not possess.

Even under such a strong enemy, Long Chen was still able to smile, as if the two strong warriors from the Yang family did not exist.

Without the excitement and craziness from when he met Ling Xi, Long Chen felt very relaxed as he said these four words with a smile.

"Long time no see."

These four words, gave Li Xuanji a feeling that she was in a dream. She couldn't help but admit that the youth in front of her was completely different from back then. Back then, he was just an ant, and now she had the temperament of a true powerhouse.

That kind of gaze filled with aggression was something that many people would not have.

Li Xuanji didn't say anything. She opened her mouth slightly, but realized that her voice was hoarse. In this sudden encounter, she was far from being as indifferent as Long Chen.

At this moment, her heart was still unable to calm down.

They weren't worried at all. Firstly, Li Xuanji was already a cripple, and secondly, those two mysterious Rankers wouldn't go up against the Yang Family just because of a young man's friendship.

"It seems that you guys know each other, but unfortunately, this is someone that my Yang family needs to kill, and is the order of our two Realm King s." It seems that you guys know each other, but unfortunately, this is a person that my Yang family needs to kill, and is the order of the two Realm King s of my Yang family. Yang Kui said indifferently.

Li Xuanji gradually recovered from the shock. To be able to suddenly see Long Chen before death could be considered a good thing that exceeded her expectations. She knew that Long Chen wanted to save her, but the Yang family was too terrifying, so how could they just rely on Long Chen?

Even if his talent was terrifying, with the protection of these two powerful elders, it was impossible for these two elders to offend the Yang family because of him.

"Your sister is at the Yang family, go." Li Xuanji said as she stared at Long Chen.

Long Chen knew it would be like this, he took two steps back and said: "Uncle Han, Uncle Nan Gong, it's all up to you!"

"Young Lord, don't worry. We will definitely complete the mission successfully!" Now that he could finally fight, and also fight with warriors of the same level, even if Nan Gong Lie didn't say how excited he was, he wouldn't forget to give Long Chen some face at the same time.

"Young master!"

Hearing this word, Yang Kui's expression changed. He originally thought that this young man was just an insignificant character. However, even a practitioner of Ninth Stage of the Divine Martial Stage like Nangong Lie called him Young Master!

This young man, disregarded the Yang family, just how terrifying of a backer was he!

There was no need for Yang Kui to overthink about all of this. All he needed to do was take care of Li Xuanji!

Because of the word 'Young Lord', this battle was unavoidable.

Finally, Li Xuanji's lips slightly opened as she looked at Long Chen with a disbelieving gaze.

She was very curious, just what kind of experience did Long Chen experience that not only had he improved at such a terrifying speed, he could even make these two experts call him Young Master?

In the Li family, there were only five experts on the level of Nangong Lie. Under the joint attack of the five Realm King s, not a single one remained alive.

Right now, she, Li Xuanji was the strongest survivor of the Li Family.

Under the shock, Li Xuanji saw a hope for survival.

Only, she never would have thought that right when she was about to die, the person who came to save her would turn out to be Long Chen.

"Attack!" Yang Kui and Yin Mei knew that time waited for no one.

Yang Kui blocked the two Rankers, while the Phantom Demons mainly killed Li Xuanji. If Li Xuanji died, what else could Han Yunxing and the others save? However, they had still underestimated Li Xuanji.

Even if his cultivation was going to be crippled, Li Xuanji was still able to use his last bit of strength.

A total of hundreds of Shattered Soul Needle s appeared in her hands. With a sudden wave of her hand, the Shattered Soul Needle turned into a torrential rain and rushed towards the ghost. The howling Shattered Soul Needle s produced an ear-piercing sound, and at the same time, pierced through the air, pulling out hundreds of cracks!

In the early stages of Ninth Stage of the Divine Martial Stage, Han Yunxing and the others were already impressed by the extent to which one could display it!

Even if it was a ghost, they had no choice but to dodge one of the attacks that Li Xuanji seemed to want to use no matter what!

Of course, this couldn't hurt her. It could only delay her time.

After a short period of time, Li Xuanji suddenly accelerated, and came around from the other side towards Long Chen.

"A good chance!" Nangong Lie immediately charged towards Yang Kui and blocked him. At the same time, Han Yunxing burst out with an abnormal speed and a beam of starlight instantly enveloped Li Xuanji. Long Chen only felt that the sky and earth had turned, and Li Xuanji's beautiful and alluring appearance was already right in front of him.

"She can't hold on any longer. Hugging her into the Divine Kingdom, Nangong and I will throw them off!" Han Yunxing said in a hurry.

Long Chen didn't think of anything as he grabbed Li Xuanji from his arms and hugged him.

The tentacles were soft.

Chapter 1150 - Universe Destroying Formation

Her beautiful body was soft and cold, as though she was holding a piece of soft ice. Fortunately, Long Chen's body was strong, otherwise, he would not be able to endure this cold.

Lowering her head to look, Li Xuanji's dark green, blurry eyes were blankly looking at her, her eyelashes trembling. She was slightly dazed when she approached this man at such a close distance.

After successfully rescuing Li Xuanji, Han Yunxing had originally wanted to immediately place Long Chen and Li Xuanji in a safe place, but Long Chen had also let out a sigh of relief, thinking that it was a success. He did not expect that at this time, when Yin Mei who was in the air saw that Li Xuanji had been rescued, her expression immediately changed, and she quickly made a decision.

BOOM!

The immense power tore the rune apart, and following the movements of the nearly black primordial spirit, a large pitch-black vortex array instantly appeared below everyone's feet. Another large white swirl array appeared above everyone's heads, and its diameter was more than ten thousand meters.

They were completely enveloped by the space of more than ten thousand meters!

"Heaven and Earth Destruction Array!"

Under the activation of the strange secret techniques of the Demonic Sound Clan, in such a short period of time, countless cracks in space that were as small as strands of hair appeared in the enormous space that was surrounded by the two formations. However, they were extremely terrifying, and these cracks were extremely dense, intertwining with the masses, causing Long Chen to feel that the entire space was moaning.

"This is bad!" Han Yunxing stretched out his hand and the dense primordial spirit surrounded Long Chen and. They were not harmed by the countless hair-thin spatial cracks that had such a terrifying destructive power.

Long Chen never thought that after saving Li Xuanji, there would actually be such a crisis.

"After this Heaven and Earth Destroying Formation opens, the surrounding universe will be in a very unstable state. If I were to open the Divine Kingdom at this time, the space within the Divine Kingdom would inevitably collapse, and even my life would be in danger!" Han Yunxing's voice sounded beside the ears of Long Chen and the other two.

From his tone of voice, it was obvious that he was also very speechless about this Heaven and Earth Destruction Array. Right now, he was in a very troublesome situation.

"This Destruction Array is an ancient inheritance with a terrifying destructive power. Of course, it also has a huge effect, which is to restrict warriors above the Eighth Stage of the Divine Martial Stage from using the God Kingdom. "The two of them are very strong. If I were to bring you along in battle, even the slightest of aftershocks would take your lives," Han Yunxing said quickly to Long Chen while frowning at the same time as he dodged the spatial tear in the formation.

Long Chen hugged the woman in his arms tightly. Under this severe vibration, she had already started to faint a little, and her blurry eyes only retained a little bit of light as she looked into Long Chen's eyes.

"Old Han, you can only use that." Nangong Lie rushed back and said decisively.

Han Yunxing's confused expression finally had a glimmer of hope.

"These two old fogeys don't have much time left, they will easily fight with their lives on the line. If I bring you two into a fight, it will be extremely dangerous, and I can only use this method now. It's a little risky, so listen carefully Long Chen!" Time was running out. Han Yunxing spoke very quickly and at this time, Yang Kui and the Demonic Sound Clan's people had already launched their terrifying attacks. The entire Qiankun world was trembling, and Long Chen could only see a surging wave of energy, not even the shadow of the person who was fighting.

Nan Gong Lie stopped them, and gave Long Chen some time.

I have an Instantaneous Ten-Thousand Mile Talisman that can allow you to teleport ten million miles away in an instant, but it can only withstand your strength. Because Nangong and I have too much power on us, we can destroy this Instantaneous Ten-Thousand Mile Talisman, and as for this little girl, she has almost lost all of her strength, so I can let you teleport thousands of miles away. I am the caster, so I know the exact location of your teleportation.

"I have a world on me that is the equivalent of a Divine Kingdom. Can I let you in and then use this Instantaneous Tathagata Talisman?" Long Chen immediately replied as he thought of something.

"This won't do, I'm the caster, I have to be outside. In addition, even if we enter this space, our powers will still be there, which will also cause the 10,000 rune to crumble in the blink of an eye. You just have to wait there for us!" When Han Yunxing said this, he was already preparing the Instant Talisman.

At this time, Nan Gong Lie had withstood two warriors with perfect Ninth Stage of the Divine Martial Stage, the pressure was extremely huge, if the two of them wanted to destroy the Destruction Formation, it would take a lot of effort. This was the Yang Family's territory, and with such a huge battle happening, bringing Long Chen and the rest in would become a burden, so Han Yunxing could only choose to quickly move them away.

It was the only way.

The longer it dragged on, the more danger would appear.

Han Yunxing had never thought that the other side would actually have a Universe Formation of Destruction, so he asked them for a moment.

Even if they wanted to leave the formation, it would be very difficult.

Long Chen thought for a while, moving ten million miles, there was no way for the Yang family to catch up, as long as they were able to escape and come find him, that would be enough. There wasn't much danger. After all, they were in the middle of the Universe Formation of Destruction, so the surrounding space would cause some of Han Yunxing's immature divine nation to collapse.

Above Eighth Stage of the Divine Martial Stage, a large amount of power had already been built on top of the Divine Kingdom, so no matter what Long Chen said, he would not let Han Yunxing take the risk.

"Don't worry."

At this critical moment, Long Chen was very calm. He said these words while carrying the devil woman, Li Xuanji.

Han Yunxing was of course relieved.

When Long Chen said those three words, he had already prepared his Instant Talisman. A circular transparent formation appeared at Long Chen's feet, and started to spin at a terrifying speed.

"Space might tear apart, hug her tight!" Faintly, Long Chen heard the last three words that Han Yunxing said, and then, a terrifying tornado appeared around him, as his entire being was enveloped by it. Just what kind of runes were these, to actually be so terrifying, that Long Chen's entire body started to spin along with the formation, causing everything around him to disappear, and even the sky and earth started to disappear, leaving only the dark and deep tunnel in front of his eyes.

This was equivalent to a moving Universe Teleportation Formations.

If Long Chen's physical body wasn't strong enough, he would have probably been torn apart by the Ten Thousand Li Symbol in the blink of an eye. Li Xuanji was still in her embrace, although their relationship couldn't be considered deep, but at least she was still his sister's master, so Long Chen used his own body to protect her.

In his heart, he actually didn't think too much about it.

The woman in his embrace, was actually trembling slightly, a little different from Li Xuanji's strong appearance. When Long Chen leaned into her ear, although he could not see anything, a rich fragrance came assaulting his nose, directly wafting into Long Chen's marrow.

"They've already escaped. Everything is fine now."

Although he couldn't speak, at least he could send a message with his mind. These words were similar to what Long Chen was saying.

Hearing that, the tender and soft body in his embrace calmed down, and both of her arms wrapped around Long Chen's waist. Long Chen's face became unnatural, thinking that his family had been annihilated, and his cultivation had disappeared, it was probably the most vulnerable time, so he did not struggle free from her arms.

She could feel that she was using a lot of strength, her pair of pure white arms couldn't help but wish she could pull Long Chen into her embrace.

Just like that, they tightly embraced and felt the other party's warmth and softness. Who knew how much time had passed. This kind of tunnel simply had no end. It could have happened in an instant, or it could have taken several years.

Time could be misplaced in this sort of place.

Long Chen had never let go of his hand before anyway, but even though Long Chen couldn't see his person, he could feel the trembling and helplessness in her heart. He never thought that such a strong woman would have such a helpless side to his, Long Chen suddenly felt that she was actually very pitiful, because with his peerless talent, not long after being born, he was immediately imprisoned in a bronze coffin by the enemy, and was thrown into the Realm of Myriad Kingdoms that was millions of miles away from the Grand Moon Demon World.

For a woman, this was indeed too cruel.

Long Chen reckoned that if this kind of thing were to happen to him, he would definitely be ruthless. Li Xuanji's performance could already be considered strong, and when he thought of this, Long Chen's grip on her arm became firmer, and his heart felt a little uncomfortable.

Especially if something were to happen to Yang Lingqing inside, regardless of whether she was related or not, one day, Long Chen would destroy this Yang family.

It was only when Li Xuanji's slender, white fingers made a scratch on her back that Long Chen suddenly felt a glimmer of hope. That must be the destination, a distance of ten million kilometers from where Han Yunxing was previously at!

At this point, it was impossible for Yang Kui and the Demonic Sound Clan to catch up. Li Xuanji had also escaped death, it was just that she had escaped from the hundred thousand Demonic cultivators.

The Nine Yin Meridians were completely destroyed, the energy was almost gone, Long Chen really did not know what to do. He already felt pity for this woman. In that pitch-black tunnel, in that invisible world, her extremely strong hands had touched Long Chen's heart, causing him to suddenly become confused.

The array behind him had already disappeared, and the first thing Long Chen did was to open his eyes and look around him. In this place, he could similarly see the endless dark green wilderness, and in the sky, the green energy flow was like many long snakes, twisting and warping.
