

War God 1151

Chapter 1151 - Ensemble

In the middle of the Mo Yue, a strange light shone, illuminating the whole of Grand Moon Demon World like a world of ghosts.

There was a large, dark green river that flowed vertically and horizontally. The river was very deep, and the deepest part was definitely over a thousand meters deep. There were many vicious beasts that were hibernating within it, and there were even some that were Deity-level.

Aside from these, there was only an endless wilderness left.

"It's safe here." Only after Long Chen came to this conclusion did he gently put the woman down in his embrace. Maybe it was because of the change in circumstances, but at this moment, Li Xuanji's long eyelashes trembled slightly as her dark green eyes suddenly opened, and looked at Long Chen with interest.

At this moment, both her hands were under Long Chen's broad chest, and her dark green hair hung down like a waterfall, extending directly to her waist and to her perky buttocks.

After she gradually let go of her hands, she retreated a few steps and looked at Long Chen unnaturally. She realized that Long Chen had probably seen her weak side, and this made her feel a little embarrassed. After all, back then she had been adamant that Long Chen would never be able to leave the Realm of Myriad Kingdoms.

It seemed like other than Long Chen, she also rarely got so close to a man.

She suddenly thought back to a blurry world where she had been surrounded by a pair of firm arms. When she was at her most helpless, she suddenly found herself with a lifesaving straw, and grabbed onto it like a drowning child, wiping her tears onto his body. That familiar aura, was indeed that of the Long Chen in front of her.

"Where is this place?" Li Xuanji was unwilling to think too much into it. She tossed aside the chaotic emotions in her mind, not daring to look at Long Chen's eyes, and instead changed the topic.

"I don't know either. The Uncle Han couldn't open the God Kingdom, so he teleported us ten million miles away. He said that as long as we waited here for him, it would be fine." Long Chen said softly.

"Uncle Han!" Li Xuanji thought back to what she had probably thought was one of the two terrifying and mysterious martial artists at the peak of the Ninth Stage of the Divine Martial Stage. If such a martial artist was in the Grand Moon Demon World, he would definitely be an existence whose reputation far surpassed others.

'Just what kind of status does he have right now?!'

Li Xuanji's mind was in an absolute mess, there were too many things that almost made her collapse, although she had killed many Yang Family members, she did not hate them too much, at the same time, she had also encountered the Yang Family's terrifying secret technique, the 'One Hundred Thousand Evil Path', a martial skill that specialized in abolishing the foundation of warriors. No matter how strong one's physique was, they would all be destroyed, and Li Xuanji was now struck by the one hundred thousand evil ways.

However, she did not die. Long Chen had saved her.

"You saved me again." Putting aside those chaotic emotions, Li Xuanji at least wanted to say a few words of thanks to this man. But halfway through, Li Xuanji suddenly realized that there was no need.

There were even many other questions, such as how Long Chen arrived at the Three Great Imperial Domains, and there was no need to ask these questions. Right now, he was just standing in front of his to prove his strength, and that was enough. This was Long Chen. His appearance had completely destroyed his impression of Li Xuanji, and it forced Li Xuanji to look at him with a gaze of admiration. At the same time, it also carried some other indescribable emotions.

Long Chen also didn't like reminiscing about old times. He checked Li Xuanji's body condition, it was very bad, this was the main problem, leaving everything else behind, Long Chen walked forward a few steps.

Li Xuanji suddenly took a few steps back like a frightened little bird.

"Are you afraid of me?" Long Chen was a little surprised.

"Nope." It was a pity that the injuries on her body were too severe, causing her to look sickly. When facing Long Chen, her fearsome aura completely disappeared, if the people from the Li Family found out that the Li Xuanji they revered was actually scared off by an ordinary man, they would definitely be so shocked that their jaws fell to the ground.

took a step closer, using his consciousness to check on the injuries on her body. He had to say that Li Xuanji's situation was dire, and if he allowed this to continue, saving her would be no different from saving her. He immediately made a decision and asked, "Right now, your energy is being drained, your internal body is being destroyed, and there is still an evil energy existing in your body, which will affect your vitality.

Li Xuanji suddenly laughed somewhat sorrowfully, and said: "Perhaps you have wasted your energy for nothing. The current me, even if I can remove the energy from the hundred thousand evil demons in my body, I can only live for a hundred days at most. Even if I can survive, I will still be a cripple that cannot cultivate.

"A hundred days" Long Chen frowned deeply. Although he told himself that his friendship with this woman was not very deep, he was still unable to control himself, and looking at her, Long Chen gritted his teeth and decided. No matter what, he had to save her until the end.

"I don't want to die in front of you. I'm leaving." When Long Chen made his decision, Li Xuanji suddenly turned around and limped away. She, who was heavily injured and had a hundred thousand evil demons on her body, would not be able to live much longer.

Li Xuanji was a proud person. The destruction of the Li Clan did not defeat her pride, but Long Chen's appearance caused her to feel ashamed. She was very strong, and even though her impression of Long Chen had changed a long time ago, she still could not let this man see her most miserable side.

After walking a few steps, he felt the sky spin and the earth spin, the remaining bit of power was unable to suppress the power of the hundred thousand evil demons anymore, the last line of defense collapsed, a line of red blood flowed out of the corner of Li Xuanji's mouth, her vision blurred, and his entire body was powerless as she fell to the ground, the hundred thousand evil demons' power had broken free itself from its bindings, and immediately issued a sharp cry, a black Qi flow that transformed into the appearance of a heavenly demon, frantically flying around Li Xuanji's body. Wherever it went, Li Xuanji's remaining life force was being taken away.

Woo woo woo woo *

The hundred thousand evil demons came out of Li Xuanji's body and saw Long Chen. Countless ghosts were screaming at Long Chen as if trying to scare him, and a black fog shrouded Li Xuanji. If this went on, Li Xuanji would not live past tonight.

In such a short period of time, Han Yunxing and the others would definitely not be able to make it.

Long Chen immediately rushed to her side, sat on the ground, and pulled her into his embrace. The hundred thousand evil spirits originally wanted to brandish their claws and brandish their fangs, but when they came into contact with the terrifying dragon Qi on Long Chen's body, they immediately retreated back into Li Xuanji's body. The evil spirits that made contact with Long Chen's body all turned into smoke and dispersed.

Li Xuanji's body had become incomparably ice-cold, as if ten thousand years of ice had frozen. The surrounding ground was covered in a thick layer of frost because of her existence.

At this time, Li Xuanji's body was trembling, she had already fallen into a coma. Looking at the blood on the corner of her mouth, Long Chen bit her lips but did not say anything. He was acutely aware that the so-called one hundred thousand demon dao was the power of an evil demon and the aura that came from the ancient hegemon on Long Chen's body had a very strong suppressive effect on this power.

The Great Void Realm moved, and the kitten that had raised Nightmare's body to a very fat size came out, and looked at Li Xuanji who was in Long Chen's embrace and said, "Another super beauty, the quality of this one is already more or less the same as your Little Xi Xi. Since cat-lord is in charge today, I'll grant your wish.

The little black cat bared its fangs and brandished its claws at Long Chen.

Little Cat taking the initiative to come out of Great Void Realm, this was really rare.

Long Chen was panicking, he had an idea in his heart, so he grabbed onto Cat's neck and raised it, asking: "The hundred thousand evil spirits power, cold and corrosive, the dragon blood that came from ancient times is the bane of the hundred thousand evil demons, can I use this dragon blood to remove the power of the evil demons?"

Long Chen had already guessed it, it was because he was holding Li Xuanji that Li Xuanji did not react in such a long period of time. Once she left Long Chen's side, she fell down, this must definitely have something to do with Long Chen's physique.

Cat laughed mischievously and said, "Brat, why do I see that you're so emotional now?"

Long Chen shook, and thought about it carefully. This was merely helping friends, so the word "relationship" did not matter at all. In reality, Long Chen did not even need to ask Cat about it. He could tell from his own thoughts and tests that the hundred thousand Evil Demons were extremely afraid of Long Chen.

Or rather, if there really was a hundred thousand demon beasts attacking Long Chen, then it would be useless against him.

His physique had already exceeded the limit that the hundred thousand evil demons could destroy him.

"Sure. Now that you have too much dragon blood and her physique is too weak, I'm afraid that she won't be able to withstand it. I'll need to go through a few stages. One drop at a time will be enough." This little method of summoning the Outer Space Demons is not enough for this god's eye. "

Long Chen was too lazy to listen to its bullshit.

In the past, when he had saved Su Yan, Long Chen had also divided the time, but that time, the medicinal power of Long Chen's dragon blood was very powerful, and now, it was simply too powerful. Even this bit of dragon blood would be of great use to Li Xuanji in his future cultivation.

By this point, Long Chen had stopped hesitating. If it wasn't for the dragon blood being too effective, was afraid that it would have destroyed Li Xuanji's body. He wanted to kill all the hundred thousand evil demons in Li Xuanji's body in one go.

cat-lord jumped down from Long Chen's chest and instructed him on the side.

Long Chen righted Li Xuanji's body, and his long black skirt scattered on the ground, blooming out like a beautiful cold black rose. Leaning her head on her body, a drop of blood appeared out of thin air between Long Chen's fingertips.

As an Archaic Blood Spirit Dragon, it could naturally control its own blood as it wished.

Chapter 1152 - Sacred Fruit of the World

There seemed to be billions of divine dragons hidden within this drop of blood, roaring loudly. When the drop of blood reached Li Xuanji's body, the black Qi on her beautiful white, jade-like skin shrank back in fear.

It worked.

Long Chen did not hesitate, and immediately opened her delicate lips and sent the drop of dragon blood into her body. When the drop of dragon blood entered her body, it transformed into the body of an Primordial Blood Spirit Dragon, the hundred thousand demons that were hibernating in her body all emitted a sharp hissing sound when they felt this terrifying aura, and countless of black fog congealed together, forming a black pellet that was only the size of a fingernail, hiding all over Li Xuanji's body.

Due to the hundred thousand demons dodging him, Li Xuanji's cold body gradually turned warm, but her body had already reached an extremely terrible level, so even if she completely exorcised the hundred thousand devils, she would not be able to live for long.

"You have to stay by her side. Otherwise, the power of 100,000 demons will come out and wreak havoc. Her current body is unable to withstand any sort of torture." The cat thief said with a smile.

The powerful and domineering dragon aura on Long Chen's body was the source of the fear of the hundred thousand evil demons.

With Long Chen's drop of blood, this was still not enough to protect Li Xuanji's body.

"The beauty in my embrace is something I pity even when I see her. Such a delicate appearance and she is a virgin in every sense of the word. If it were me, I would have already forgotten about Little Xi. I would then gobble up the girl in my embrace and enjoy myself, tsk tsk!" Surrounding Long Chen and Li Xuanji, the little kitten was drooling and talking nonstop.

Long Chen was used to not bothering to listen to what it had to say. Sensing that Li Xuanji's body was gradually improving, he heaved a sigh of relief, and thought about what would happen next, if her body did not recover, she would not live for long, at most a hundred days, and the dragon blood would not be able to fully heal her injuries. With such a severe injury, her foundation was completely destroyed, and it had even affected the Divine Martial Spirit.

The question is, what can be effective?

Long Chen wanted to ask Little Cat about this, but at this moment, Li Xuanji had already slowly woken up. She opened her hazy eyes and saw herself in Long Chen's embrace, protected by him.

This kind of feeling of safety suddenly caused Li Xuanji to be a little dazed. She shook her head, narrowed her eyes, and tried to struggle free from Long Chen. "You were the one who saved me? "

Long Chen did not like her lifeless look, so he said: "You will not die, if you have the time to seek death, then shouldn't you come and discuss about how to recover? When that time comes, it is not impossible for you to take revenge."

Stabilizing his own body, until he no longer had any physical contact with Long Chen, Li Xuanji finally stopped feeling awkward. She smiled helplessly: "Don't be silly, even if I had some heavenly and earthly treasures, the hundred thousand Evil Demons on me, would sooner or later."

At this point, she was suddenly stunned, because she felt the evil demon's power condensing into a small ball in her body, and inside her body, an ancient aura was fusing into her blood vessels, strengthening them, causing her lifeless body to gradually change, bit by bit recovering.

"What did you do to me?" Li Xuanji's eyes were fixated on Long Chen, with tears flickering, because this was his only hope to survive.

"Roughly half a month later, I should be able to completely remove the power of 100,000 demons and also partially strengthen your body. However, I can't do anything about your Nine Yin Meridians. Do you have a way? " Long Chen asked sincerely.

Li Xuanji did not reply. Her charming face, the dark green eyes that were overflowing with light stared at Long Chen for a moment, and at this moment, she pursed her lips and asked with a teary voice: "I am not related to you in any way. Why do you want to save me? If not for you, I would not have come out of the bronze coffin back then. "

Long Chen knew what she was thinking, so he laughed indifferently and said: "Just treat it as fate, there is nothing to fuss about. No matter what, we are still friends who go through thick and thin with each other, don't you think so? "

Li Xuanji was confused. Under the black moonlight, her peerless appearance was like a piece of jade under the moonlight, sparkling like the moon. Her tender skin made people want to take pity on her.

That cold and awe-inspiring gaze, when looking at Long Chen right now, turned perplexed, and there was even a trace of softness and gentleness in it.

"Alright, friend."

Li Xuanji finally let go of the burden in her heart and smiled at Long Chen.

As long as you are alive, you will definitely have the chance. Right now, you do not have to worry about the one hundred thousand evil demons, but your internal injuries are serious, according to what you said, you will not live for more than a hundred days. Furthermore, even if you managed to survive, because of the Nine Yin Meridians, you would still end up as a cripple. So, is there anything that can help you return to your original state? " Long Chen cautiously asked.

Li Xuanji bit her lips. She was not used to being so close to a man.

"Don't move, there is an aura in my body that can suppress one hundred thousand evil spirits. If you stay away from me for too long, you might explode." Long Chen said.

Only then did Li Xuanji understand. She had thought that Long Chen was going to take advantage of her, but this made her feel a little disappointed.

Strong gales blew past, and her long, dark green hair danced in the wind as she pounced towards Long Chen's face.

Looking at this man, Li Xuanji hesitated thousands of times in her heart. A very important question tangled in her heart, but in the end, she was still defeated by Long Chen's passionate look.

"There's only one thing that can help me, but it means endless difficulty and danger, and even death. Even if it's friends, there's no need for you to give it up for me, so forget it, Long Chen." After hesitating for a long time, Li Xuanji still lowered his head.

Long Chen asked straightforwardly: "What is it, and what should I do?"

Saving a life was more important. Long Chen had experienced so many dangers, so he was not afraid of this.

Li Xuanji shook her head, still unwilling. In her opinion, there was no need for Long Chen to do this for her, she was unwilling to owe Long Chen any more. Yang Lingqing's matter was a huge regret in her heart. If she asked Long Chen to risk his life for her again, it would be really difficult for her.

"If you continue to be bashful, I will look down on you. Are you still that Li Xuanji?" Long Chen's gaze was blazing hot, this was a line of sight that Li Xuanji could not avoid.

Long Chen didn't want to say more, so there was no point in speaking any further.

After a while, Li Xuanji bit her lips and lowered her head: "It's really very dangerous. Beside us, is the Nine Hell Demon Area. In the center of the Nine Hell Demon Area, there is a mountain that is tens of thousands of metres tall, called the Nine Serenities Demon Mountain. The Nine Serenities Demon Mountain was the most famous and dangerous place in the Grand Moon Demon World. Three months later, at the peak of the Nine Serenities Demon Mountain, a 'Sacred Fruit of Heaven and Earth' would grow from within that Heaven and Earth Holy Tree. Be it in terms of perception, physique, etc., all of them will have heaven-defying improvements, to the point that it will allow an ordinary person to possess a physique that is around the same as the Nine Yin Meridians of the Lunar Demon Body. Every one of the Sacred Fruits will be fought over by the various forces, but right now, the Nine Serenities Demon Mountain is under the control of the World King, so you don't even know if you can make it to the Nine Serenities Demon Mountain in three months time, and furthermore, I don't know if you will be able to live until then. "

"What are the rules to enter the Nine Serenities Demon Mountain to fight for? This Sacred Fruit, can you fully recover from it? " It's always a good thing to have hope, Long Chen hurriedly asked.

"The rule is that it must be someone from the Nine Hell Demon Area, and as for the limits of their strength, they must first reach the Divine Martial Stage. However, age cannot exceed a hundred, because before a hundred, taking the Sacred Fruit of Heaven and Earth will make them the most malleable, and even if they are to succeed as trash, they will become a genius, or even become a direct disciple of the World King." Li Xuanji said solemnly.

Long Chen thought for a while, then said: "If that's the case, then I still need to have the qualification to enter first, right? But I'm not someone from the Nine Hell Demon Area. " Long Chen said.

Li Xuanji pondered for a while, then opened her beautiful eyes: "Our family has some power in the Nine Hell Demon Area, so it should still be possible for you to get an identity in there, since they will pay more attention to warriors with Fifth Stage of the Divine Martial Realm, the Sacred Fruit of Heaven and Earth will appear once every five hundred years, which is extremely precious. The nine great clans of Nine Hell Demon Area fight over it, and it's only in the Demon Area below the World King, so it's still fair, but in

order to obtain the Heavenly Sacred Fruit, every clan will probably send out their strongest genius, those who aren't older than a hundred years old."

Long Chen reckoned that if he was not over a hundred years old, he would only be able to push Seventh Stage of the Divine Martial Stage to its limit if he was not Ling Xi. There should not be such a heaven defying existence like the Seventh Stage of the Divine Martial Stage. Therefore, Long Chen's confidence was quite high.

However, Li Xuanji had never seen his strength before.

"With your cultivation in Third Stage of the Divine Martial Realm, even if you can enter the Nine Serenities Demon Mountain, there are many trials and dangers there. It is simply impossible for you to stand out amongst the hundred thousand people there, so we better not fight against the Heaven and Earth Holy Fruit." After saying that, Li Xuanji gave a rare smile, and said charmingly: "At least you can help me get rid of a hundred thousand Evil Demons, and at least let me live for a hundred days, I'm already satisfied."

But Long Chen didn't have this worry at all.

A hundred thousand people, and not more than a hundred years old. This was a contest between true geniuses, and to Long Chen, it was not impossible, as long as he could sneak into the Nine Serenities Demon Mountain.

"We will wait here for my Uncle Han and uncle Nan Gong to arrive, then we will immediately head to the Nine Serenities Demon Mountain." Long Chen suddenly said.

His voice was filled with determination.

In about three months, Nine Serenities Demon Mountain would open and the Sacred Fruit would ripen.

There wasn't much time, so he had to make a prompt decision.

Chapter 1153 - Friends

Long Chen's resolute words caused Li Xuanji to be a little dazed when he stared at him. She did not understand why there was such an admirable persistence in this man.

It was as if the things he had said could not be changed.

Li Xuanji's heart was in turmoil. Very few people would treat her so well, and at this time, they would even disregard the dangers of their lives.

She hid this feeling in her heart and struggled to her feet, revealing her beautiful curves, even though the injury was still graceful. Her pale face gave her a strange beauty.

"Have you really decided?" She was no ordinary woman, and would not mock Long Chen for being simply weak, but instead look at him solemnly.

Long Chen did not answer and nodded lightly.

That was enough.

Li Xuanji bit her lower lip, causing others to feel pity for her. She looked at Mo Yue in the sky and said: "I have heard before, that above the Nine Serenities Demon Mountain, there was first the thunder shackles that surrounded the entire mountain. This is a gigantic lightning net meridian, basically stepping into the Nine Serenities Demon Mountain, it would be impossible to leave from the sky even if one was in the midst of a powerful lightning network. These two points are just restrictions. "

Long Chen said: "If I have Spirit Devouring Demon Pupil, I cannot use my mind. This is my advantage."

Li Xuanji was the person who understood Spirit Devouring Demon Pupil the most.

She did not look relaxed at all as she continued: "Other than the shackles of the thunder and lightning, there is also a natural fog above the Nine Serenities Demon Mountain, it is almost impossible to see everything from ten meters away. In addition, it is filled with various environments, and there are also many vicious beasts, and some even somewhat mystical ancient beasts. The scariest thing is, there are real demon clans here, these are all demons that are imprisoned by the people of the Nine Hell Demon Area, they are much stronger than normal vicious beasts. However, apart from these, the most difficult competition was still the competition of 100,000 martial artists. Geniuses from the nine great families would enter together, but there was only one Heaven and Earth Holy Fruit!

The reason why she told Long Chen about all the dangers was so he would give up on his decision. She wasn't willing to see Long Chen pay such a huge price for her.

However, Long Chen only nodded and remembered what she said, not saying a single word.

"Won't you retreat?" Li Xuanji stared into his eyes and said: "The reason I'm saying all this, is simply because I don't want you to die. "Dismissed."

Long Chen waved his hand: "I know that it might be dangerous, but it's not like there's no hope. At least, it's better than not going."

Her indifferent attitude made Li Xuanji a little anxious. She stayed silent for a while, then opened her mouth and said: "Long Chen, our friendship isn't deep, it shouldn't be worth dying for me, right?"

If something really happened to Long Chen, she wouldn't be able to forgive himself.

"Maybe you're wrong. I didn't mean anything else." Long Chen was stunned. He found it hard to understand what a girl was thinking, so he said honestly: "No matter what, we are still friends. The most important thing is that you might have underestimated my strength, and I do not think it can prove anything, but I can tell you, even if it's a Sixth Stage of the Divine Martial Stage warrior, I have killed one before. I do have some confidence in obtaining this Sacred Fruit of Heaven and Earth. It's not as hard as you think. "

"Hmm?"

Li Xuanji only remembered two words, one was her friend, and the other was her power.

If Long Chen really killed the Sixth Stage of the Divine Martial Stage, that would be too heaven-defying. Li Xuanji subconsciously did not believe it, but thinking about it, since Long Chen had already reached this degree within seven years, then what else was impossible?

Throwing this point aside, Li Xuanji was pondering over a single word, and that word could be considered a friend.

The word bothered her. It was a relationship that could not be approached, but also could not be estranged from.

After being troubled for a period of time, she loosened the shackles in her heart, and when she looked at Long Chen again, she suddenly felt that this youth had a kind of cute feeling.

"Yes, we are friends."

With this relationship, she wouldn't feel that she couldn't afford to pay for herself anymore.

Long Chen smiled slightly. It would be good if Li Xuanji could let go of this burden, and he said: "Honestly speaking, the Spirit Devouring Demon Pupil you gave me has also saved my life multiple times. If it wasn't for your decision back then, I wouldn't be where I am today.

"Cause and effect" Li Xuanji was pondering over this word.

With a blank look on his face.

"Then, let's decide like this right now. When Uncle Han and Uncle Nan Gong come, we will go to Nine Hell Demon Area immediately. Is that feasible?" Long Chen asked.

"Mn." Li Xuanji pursed her lips and nodded.

After deciding this matter, Long Chen finally revealed the problem in his heart. He walked up a few steps to look at Li Xuanji, and suddenly said: "Then, it's time to talk about the matter regarding my sister. I entrusted her to you before, but now? "

She might have encountered some irresistible factors, but it had to be explained clearly.

Long Chen's sudden change in attitude caught him off guard. What he had said was the last thing he wanted to say.

"You probably know where she is. I'm sorry about that." Speaking of Yang Lingqing, Li Xuanji felt a little sad, and didn't dare look into Long Chen's eyes.

"Just explain yourself. I just want to know why and what happened." Long Chen said indifferently.

Gently biting her teeth, Li Xuanji was not a shy person, once she opened the knot in her heart, she could directly face Long Chen, and said: "This matter is a long story, everywhere I went in White Yang Town, I discovered that Ling Qing was a rare type of Celestial Yin Demon Body, of course it was a type of physique, and required me to use some heavenly treasures to dig it out, I was very surprised at that time. "Because in the Grand Moon Demon World, the Yang family's Great Moon Demonic Body is our Lee family's sworn enemy. For the first time, I found out that other than the Yang family, there are other bodies of the Great Moon Demonic Body. Therefore, at that time, I prepared to bring her back to the Li family for nurturing.

Long Chen asked: "But then, what happened?"

Li Xuanji was a little gloomy, and said: "I have not been home for nearly a thousand years, and did not know that after the Yang family imprisoned me, they would be so strong, leaving my Li family far behind. "After I go back, the Yang family can basically control my family by force. Originally, as long as it is not a Yang family member, it has nothing to do with the Yang family, and can even become the power of my Li family, but I underestimated the tyranny of the Yang family. Not long after I came back, the news about Ling Qing had been leaked, and these two Realm King came directly to our house to ask for our help.

"What is the evidence?" Long Chen had a bad premonition.

"Ling Qing is a descendant of the Yang family." Li Xuanji said.

Finally, Li Xuanji was able to prove this point. Long Chen truly felt like he was dreaming. How could the Yang family of the White Poplar Town be related to a super hegemon like the Grand Moon Demon World's Yang family? This was simply bullsh * t.

If Ling Qing was related to the Yang family, then he was also related to the Yang family.

With this sudden relationship, Long Chen became stupefied.

Long Chen's reaction was within Li Xuanji's expectations as she said with a wry smile, "Back then, I was also very surprised, to the point where I couldn't believe it. "Later on, I found out that your White Yang Town family actually came from this place."

"From where?"

Li Xuanji said: "It has a lot to do with me. The current Patriarch of the Yang Family, was named Yang Dingtian. His strength was at the peak of the Ninth Stage of the Divine Martial Stage. Nearly a thousand years ago, he was the one who used the 'Divine Sealing Coffin' to imprison me. He wanted to kill me but I have the Absolute Yin Curse on me and whoever kills me will have obvious Absolute Yin Qi. This Absolute Yin Qi has no effect on him but it will not disappear for a thousand years, it is very obvious. He then imprisoned me, a genius, and left me to fend for myself. Of course, if I am imprisoned too close, the people of my clan will discover me, so he sent me to a small place in Realm of Myriad Kingdoms, which is the Star Demon Prison. Furthermore, you may not be able to understand why Yang Dingtian hated me so much, because at that time, his wife gave birth to a rare piece of trash. All the blood vessels in my body have accumulated blood, so I am basically unable to cultivate. "

Long Chen seemed to have guessed something, and said: "So, when I sent you to the Realm of Myriad Kingdoms, I conveniently abandoned his trash son in the vicinity, in case it tarnished his reputation, and this bastard slowly continued to live and grow leaves and branches, after a thousand years, he became my little family in the White Poplar Town, right?"

"Right." Li Xuanji nodded.

A bitter smile appeared on Long Chen's face, he never thought that the truth would be like this. Perhaps, the reason his father found Yang Xueqing was also related to the descendants left behind by those rare pieces of trash.

It was as if Li Xuanji and him were separated by several generations, but now, they were standing together like a young man and woman of the same age.

Li Xuanji had stayed in the coffin for close to a thousand years, so she only spent a dozen or so years outside. Even though she looked like a teenage girl, Long Chen's family had been around for generations already.

A martial artist could defy the heavens. The increase in their lifespan had messed up all their seniority, so in Three Great Imperial Domains, seniority was no longer important. Especially for the two who loved each other, it was the relationship that mattered.

As a result, the truth was revealed, and Li Xuanji was not to be blamed for this.

However, she was the one who brought Yang Lingqing to the Grand Moon Demon World. In Li Xuanji's heart, she was definitely responsible for Yang Lingqing's matter, so she did not feel good about it.

Some of the events that happened later were actually beyond her control.

Chapter 1154 - Splintersoul Mountain

"I originally thought that with her talent of the Grand Moon Devil Body, besides no one else, it would be better for her to go to the Yang family than staying in the Li family. But later on, her strength grew too fast, in just seven short years, from the early stage to the three great martial artists, she already grew to become a Ninth Stage of the Divine Martial Stage. This is not something a normal person can do, so I'm sorry." Li Xuanji lowered his head and said dejectedly.

"It should be the Divine Martial Spirit who has a strong expert, who is using the Great Way of the Soul Fusion or some other method. But for Ling Qing, it will definitely not be a good thing, right?" Long Chen said with a slightly ice-cold voice.

"Yes." Li Xuanji nodded lightly.

Long Chen clenched his teeth and clenched his fists.

"After I return from Nine Serenities Demon Mountain, I will go to the Yang family to take a look. No matter who it is," Long Chen had already made up his mind. Yang Lingqing was his sister. If she was threatened, she would be in danger of death, so Long Chen would definitely bury the whole Yang Family!

As for the issue of bloodlines, his ancestors were just an abandoned son, and after so many generations, Long Chen did not think that he had any relation with the Yang family.

Li Xuanji looked at Long Chen in a daze. She did not understand why this young man did not know the depth of heaven and earth, and had a belief that no one could stop him.

Perhaps he would succeed.

Thinking about it here, Li Xuanji said: "If I can recover, then even if I don't need this life, I will still help you save your sister. After all, I am her master, and I owe her this, so when the Yang Family came to get her, I did not manage to protect her."

Li Xuanji would not be able to live for long. Although the Heaven and Earth Sacred Fruit was an extremely dangerous unknown, Long Chen still could not retreat.

The most important thing to do was to wait for the arrival of Han Yunxing and Nan Gong Lie. After Long Chen and Li Xuanji left, they should be able to shake off the two old fellows who had almost entered the coffin.

After chatting for a while, the two of them quieted down. Li Xuanji seemed to have sensed that the hundred thousand evil demons in her body were about to make a move again, and she got closer to Long Chen in a panic. The distance between the two of them was only about half a meter.

Li Xuanji's face was slightly red, her delicate face made people want to kiss him, she immediately turned her eyes away and did not say a word.

To her, Long Chen's appearance today was like a dream.

However, after waiting for three days, Han Yunxing and Nan Gong Lie still did not appear.

Long Chen did not mind it too much. A thousand kilometers would probably take five or six days to get rid of those two old fogeys.

However, seven days had passed and there was still no news. In these few days, although the hundred thousand Evil Demons in Li Xuanji's body were becoming weaker and weaker, her body was equally weak, and could not hold on for much longer. If Han Yunxing and Nan Gong Lie still did not come, she would not even be able to hold on until the competition for the Nine Serenities Demon Mountain started.

As he watched Li Xuanji weaken day by day, the color of his face becoming increasingly better, he became anxious in his heart. Finally, the tenth day, Han Yunxing and Nangong Lie still had not arrived.

If Han Yunxing and Nan Gong Lie arrived here, they would definitely discover the words on the stone and would catch up to Long Chen.

Ten days had passed. If he wanted to come over, he should have done so long ago.

Then, something must have happened.

With their strength, if something were to happen to them, I would not be able to help them. Furthermore, with how powerful they are, it is likely that some matters have delayed them since they have been stuck for so many years.

Han Yunxing and Nan Gong Lie didn't need to worry for the time being, but since they weren't there, Long Chen couldn't wait any longer. He could wait, but Li Xuanji couldn't.

The current Li Xuanji had already reached a point where she had almost fainted. The Nine Yin Meridians were basically destroyed in her body, and had overdrawn her vitality.

"I'll carry you."

There was still a bit of the hundred thousand Evil Demons power on her body, as long as she left Long Chen's side, she would immediately become rampant. Roughly five days worth of time, Long Chen's dragon blood would be able to completely destroy the hundred thousand Evil Demons, and in these few days, carrying her was the most suitable choice.

Li Xuanji hesitated for a moment, this was the girl's reserved nature, but in the next moment, she squeezed out a smile and nodded her head, then leaned on Long Chen's broad back, and was carried by Long Chen.

was just in time to need help. Long Chen had already wasted ten days of time, and currently, he was sprinting in the direction which Li Xuanji had set, at the fastest speed possible. Fortunately, most of his strength was on his body, so carrying Li Xuanji on his back and advancing forward did not affect him in the slightest, he was just like a monster from the ancient times, which was just like an ancient beast.

The gale rushed past him and the scenery on both sides whizzed past. The majestic heat from below him gave off a kind of intoxicating warmth, dispersing the cold energy from his body. Li Xuanji subconsciously tightened the blood and arms around her neck, and her body was even closer to Long Chen.

Li Xuanji could not help but blush, only when she remembered that they were only friends did she finally let go of that sweet and gentle feeling in her heart. She knew that there was someone in Long Chen's heart, and that there was only one of them.

It was just that the warm feeling under her body was something that she was used to being alone and had never experienced before. It was as if on his back, he felt abnormally safe and steady, and didn't have to worry about anything. This kind of feeling of being protected made Li Xuanji feel unfamiliar and excited.

"Speaking of which, how are you and your girl doing?" When the gale shifted behind her, causing her black dress to flutter, Li Xuanji suddenly whispered into Long Chen's ear.

"Hmm?" Long Chen did not expect her to ask about Ling Xi, so he waited for me with a blissful and sweet expression on his face. When I was about your level, I will kill my way over and take her away. "

His words were decisive and direct.

Li Xuanji had a feeling that she had been defeated. She paused for a while, and did not say much.

Long Chen acknowledged and continued to move forward.

"From here to the Nine Hell Demon Area, we are very close. With your current speed, it should only take about six days to reach the Splintersoul Mountain. If you go past Splintersoul Mountain, you will be in Nine Hell Demon Area. " Putting aside those weird feelings in his heart, Li Xuanji changed the topic and said.

Long Chen raised his arms slightly and hugged tightly onto Li Xuanji's legs, unwittingly touching her perky bottom, he felt a little more strength than Ling Xi, it was just an inadvertent movement, yet it caused Li Xuanji's entire body to tighten, as though she was electrocuted.

"I'm sorry." Long Chen immediately apologized.

"I'm fine." Li Xuanji said softly.

Long Chen flipped through many mountains, and time flew by. Most of the time, the two of them were silent, and sometimes, talking too much might not be a good thing.

Li Xuanji had still underestimated Long Chen's speed. To her, it was too much of a compliment for a person with Third Stage of the Divine Martial Realm to be able to reach such a speed, as she charged forward at full speed like a bolt of golden lightning, Swift Lightning Crystal. Furthermore, she did not know how exhausted he was.

The fragrance of the beauty behind him continuously entered Long Chen's nose, but Long Chen's mind was clear, he only wanted to reach Nine Serenities Demon Mountain quickly. After all, his life expectancy was limited, and although she could still speak, it was already very difficult for her.

But as time passed, and with the suppression from the dense dragon aura on Long Chen's body, the hundred thousand evil spirits in her body became more and more sluggish, and all of this was within Long Chen's control.

In the blink of an eye, four days had passed and Long Chen had not rested for a moment. He had already arrived at the Splintersoul Mountain that Li Xuanji had mentioned, a dark and gloomy mountain peak that had a ghostly aura around it. There lived a large number of Ghost Beast here, and it was a desolate region which was also the boundary between the Mystic Demons and the Mystic Demons.

Looking at the continuous mountain range from afar, the eerie grey air was like a ghost from hell. Ordinary people would not dare to rush over this Splintersoul Mountain. Even the lives of some of the most powerful warriors in the Divine Martial Stage would be taken away by the beasts.

There were many Ghost Beasts, their bodies were not big, but they had fatal abilities.

Li Xuanji had already been asleep for a day, so Long Chen gently put her down. He did not want to wake her up, but she was more sensitive, and when he woke up, she looked at Long Chen with a hazy gaze and asked: "Where is this?"

That hazy and lazy look had a certain charm to it.

"We've arrived at Splintersoul Mountain." Long Chen arranged her body properly in a seated position.

"So fast. It's been a few days."

"Four days."

The current Li Xuanji had levelled up and become weak. Her originally round face and body had become somewhat thin.

Unless, at that critical juncture, Long Chen could find a Heaven and Earth Holy Fruit for her to consume.

Li Xuanji was very clear about her own appearance. She looked around at her surroundings, then looked at Long Chen with a slightly downcast expression, and asked: "Have I become ugly?"

In the end, she was still a girl. She cared a lot about her appearance.

Long Chen was not good at answering such questions, so he said: "Don't think too much, when I get the Heaven and Earth Holy Fruit, you will still be the same as before."

Chapter 1155 - Yang Family Children

He didn't know why, but even though he knew that his body was getting worse, and that he would get uglier and uglier, after hearing those words, Li Xuanji still felt at ease.

His heart was at peace.

Even with Long Chen by her side, she did not have to constantly guard against others.

Long Chen would definitely not hurt her, if not he would not have allowed her to live until now.

"The one hundred thousand evil spirits in your body have been almost eliminated. Now, I will use the last pill to completely eradicate all one hundred thousand evil spirits."

"Yes." "Thank you very much." Li Xuanji looked at him gently.

Long Chen did not tell her that it was his own blood, but Li Xuanji knew what it was every time she consumed it.

This time, Long Chen let Li Xuanji consume the last drop, and then covered Li Xuanji's back with her palm. The primordial spirit entered her body, and helped refine the energy in the dragon blood, and at the same time, circulated the refined energy within Li Xuanji's body until the energy of the hundred thousand evil demons completely disappeared from Li Xuanji's body.

Because of the dragon blood, a trace of blood finally appeared on Li Xuanji's face.

Long Chen's blood was a great tonic, but other people might not be able to absorb it, so with Li Xuanji's current realm, she had to take one step at a time.

From now on, Long Chen could let Li Xuanji stay in the Great Void Realm, and she wouldn't have to follow him around. What she needed the most right now was rest, and there were also some medicine that could help her recuperate her body and extend her lifespan. Hopefully, it would be of some help to her so that she could hold on until Long Chen obtains the Sacred Fruit of Heaven and Earth.

"From now on, you can stay in my Great Void Realm. It will be more convenient." Long Chen supported her up and whispered into her ear.

"Yes."

In his heart, Li Xuanji suddenly felt a sense of loss. If she could, she would be willing to stay on Long Chen's body, and if she could, it would be even better if she could stay there for a hundred days. However, Li Xuanji understood that this was only his daughter's thought process, and he could not say it out loud.

had already told her before that there would be battles along the way. She could not be carried inside the Nine Serenities Demon Mountain, so she was only allowed to enter the Great Void Realm.

In her current situation, she couldn't even open up her own Divine Kingdom. She had basically lost all combat strength.

Just like the Ling Xi back in White Yang Town.

Long Chen also did not expect that after coming to the Grand Moon Demon World, he would actually share hardships with her for a period of time.

Li Xuanji wasn't the type of person who had a strong ability to express her feelings, so she thanked her at this moment. Just as she was about to ask Long Chen to bring her into the Great Void Realm, his expression suddenly changed.

Someone approached and was already within a mile radius. Previously, Long Chen was focused on helping to eliminate a hundred thousand evil demons, so he did not pay much attention to the surrounding situation, but he did not expect that at this time, it was so terrible, there were a total of more than a dozen people, and they actually surrounded the two of them within one li. It could be seen that the two of them had already been here for a short period of time, and currently, they were slowly approaching.

It was too late for Long Chen to hide Li Xuanji again.

Long Chen really did not think that he would meet enemies in this remote place, nor did he think that it would be someone from the Yang Family. The physiques of the Yang Family were divided into concentrated groups, from good to bad, they were respectively called the Grand Moon Demonic Body, Profound Yin Demonic Body, to Demonic Yin Body, and Demonic Body. The Yang family was a super powerful race, to be able to possess the Ji Yin Demonic Body, their status would probably be quite high. Among them, there were two of them who possessed the Supreme Yin Demonic Body, and as for the Black Yin Body, that was something only the powerful people in the clan had. Even the two Yang Kui and the Yin Demons, Yang Kui, were only at the Supreme Yin Body level.

Therefore, just by sensing it slightly, Long Chen knew that it was a member of the Yang Family.

Long Chen did not have any devil body, so it could be said that he did not have anything from the Yang Family on him, and the divine dragon's blood essence covered his entire body.

These were all Young Fighters s, luckily they were not of the older generation, but this did not mean that no warriors from the older generation were present. They all had the strength of Seventh Stage of the Divine Martial Stage, if they met the warriors from the older generation, Long Chen would be in trouble.

Even though these Young Fighters s caused Long Chen to frown, he still reacted to it. His face was slightly gloomy and cold, but he did not have any feelings of fear.

"Oh, who did I see?" This group of people basically consisted of Fifth Stage of the Divine Martial Realm, which was considered very strong for their age, but there were still warriors with Sixth Stage of the Divine Martial Stage s, of which two were girls, and their words were actually one of them. What troubled Long Chen the most was the older man standing behind them.

That's right, he was at the peak of the Sixth Stage of the Divine Martial Stage, at the same level of strength as Jiang Qing.

Back then, Long Chen did not even defeat Jiang Qing, so the moment he appeared, Long Chen was extremely fearful of him.

A dozen or so people surrounded Long Chen and Li Xuanji, leaving the two of them with no way out.

Two young girls, one of them was wearing a pink dress and the other one was wearing a dark green dress. Both of them looked very pretty, like the little princess who was being held in the palm of everyone's hands, both of them had proud expressions on their faces. At this moment, they looked at Li Xuanji in shock and said: "I can't believe it, the rumored Grand Moon Demon World's number one beauty, was actually weak and ugly to this extent.

Another girl in a dark green long skirt followed up, "What's even more unexpected is that we actually met each other at Splintersoul Mountain. It looks like we didn't gain anything during our trip to the Splintersoul Mountain, right, Big Brother Yang Hao?" As she spoke, the young girl held onto the arm of the man behind her and said with a face full of admiration.

The other young lady also did not want to be outdone. She also grabbed the youth's arm and provocatively said, "I was the one who discovered them first."

"It's me!"

"Qian'er, Qian'er, stop messing around. This is a big matter, today we will capture Li Xuanji, and at the very least we will kill him. As long as we take back her head, this time we will rise up, and our elders will take care of us." The youth called Yang Hao said with a deep voice.

Yang Hao, Yang Qian and Yang Qian, the three of them had High Demonic Body, such a talent was close to a first-rate genius in the Yang family, if they were to make a huge contribution this time, they would definitely stand out amongst the warriors of the same level, and would become the new favorite of the elders.

Other warriors, some of them were from the Yang Family's side branch, their talents were not strong, but they were all Yang Hao's followers. If Yang Hao was strong, they would also rise in power along with him.

Yang Hao walked out of the crowd with the two little beauties on his arm, and stood in front of Li Xuanji. Even though Li Xuanji was very weak, her breathtaking beauty still made Yang Hao suck in a breath of cold air, especially that cold gaze of his. If he could conquer such a legendary girl, he would probably be willing to die for them.

It was just that, if it was not because there were so many people around, he would be able to enjoy it a little. Now that there were so many people watching, no matter how brave and daring Yang Hao was, he would not dare to act recklessly.

Today, the heavens had given him a good fortune!

Looking at Li Xuanji, Yang Hao sneered, and said: "I really didn't expect that you would actually be able to escape to here. However, with your current condition, you won't be able to live much longer. Li Xuanji, your Li Family is done for, you are just a stray dog. "Obediently surrender today. If you are obedient, you will feel better. If you are disobedient, I will have no choice but to meet our elders with your head."

"Right, it's best if you don't resist. Otherwise, you'll have a better time than this!" The Yang Qian in the pink dress was jealous of Li Xuanji's beauty and strength. Back then, Li Xuanji was the one she looked up to, even if it was the Yang Family. There were countless young talents infatuated with her.

"Such a beautiful face. If you don't listen to me, I'll draw a few lines on it for you to try!" Yang Qian also threatened, but in truth, this was what she wanted to do the most.

The Yang Family juniors were worried that Li Xuanji would escape, so they released their auras and faintly restricted Long Chen and Li Xuanji's movements.

Long Chen, this youngster from the Third Stage of the Divine Martial Realm, was immediately ignored. Only Yang Hao flashed an undetectable cold light in his eyes as he looked at the youngster who was holding onto Li Xuanji's small waist at a close distance.

The cold light contained a killing intent.

Long Chen had a headache, if he wanted to escape, it would be very easy, even without using Blood Escape, he wouldn't be able to catch up with Long Chen, but if he were to escape just like that, these people would definitely inform the Yang family about encountering Li Xuanji, and at that time, Long Chen's path to Nine Hell Demon Area would definitely not go smoothly.

Maybe when they were halfway there, the strong warriors of the Yang family would come and kill Long Chen and the others.

Therefore, the only choice Long Chen had was to kill all of these people until there was nothing left.

At this time, Li Xuanji was unable to do anything, she knew the condition of her body.

"I'm sorry, I was careless. Let me settle this." Long Chen whispered into Li Xuanji's ear.

"No!" Since the opponent was at Yang Hao's level, Li Xuanji's heart was in a mess. She still couldn't rest easy if she let Long Chen come alone.

"Just watch and see. I can't handle such a small matter. How can I snatch the Sacred Fruit of Heaven and Earth and enter?" Long Chen's words, carried a trace of coercion within, preventing him from having the right to refuse.

Li Xuanji stared at Long Chen and hesitated. Under the pressure of Long Chen's intense gaze, she finally gave in.

"You must be careful. With your speed, escaping is not a problem. Don't harm yourself because of me." Li Xuanji said softly. She also knew that the only way to survive was to kill everyone who saw her.

"Don't worry, I'm not an idiot." Long Chen grinned.

Yeah, he's not a fool. Li Xuanji smiled a little helplessly. She was just a friend, he shouldn't sacrifice himself for her sake.

Carrying such emotions, Li Xuanji was brought into the middle of the Great Void Realm. The soft Supreme Void Qi formed a reclining chair, allowing her to comfortably lie on it. From the middle of the Great Void Realm, Li Xuanji could still see the situation outside.

Inside, she could feel extremely comfortable, as well as some nourishment medicine. It was much better than running around with Long Chen outside.

It took them a while to react. Long Chen must have used some method to make Li Xuanji disappear, Long Chen obviously did not have a Divine Kingdom, so he was a type of treasure. Thinking about it here, the Yang Family warriors started to boil, among them, Yang Qian shouted sharply: "Everyone, be careful, don't let him escape!"

Yang Hao's gaze became extremely cold, without saying a word, he surged with Demonic Qi, rushing towards Long Chen.

"Brat, hand her over or you will die for sure!"

The atmosphere instantly became tense. Everyone was fighting at this time, Li Xuanji was a great matter that concerned her future and fate, she absolutely could not be rash!

In their eyes, Long Chen was just a youth among them, who could be killed by any one of them.

But at this moment, Yang Hao actually saw a ray of bloody light in Long Chen's eyes. He had a faint ominous premonition, as if this youth being able to stay together with Li Xuanji was most likely not a simple person.

"Everyone be careful, I'll kill this kid!"

When Long Chen held onto Li Xuanji's waist, Yang Hao already had the urge to kill him, the Demonic Qi that erupted from his body, the black comprehension immediately trapped Long Chen, the first thing was to not let Long Chen escape.

The others also spread out, blocking Long Chen's path from above and below. They were so careful of a mere celestial realm, which showed that they had to go through with it today.

Long Chen's performance at this time had exceeded their expectations. The bloody light in his eyes, and the killing intent that had been brewing suddenly erupted, instantly engulfing the entire area, as if a scholar without the strength to even bind a chicken had suddenly become a devil.

"Don't be afraid, this is an illusion technique. Any one of us can kill him. Be careful not to let this boy escape." Yang Qian surrounded him from another direction.

The battle was about to begin!

A roar!

In Long Chen's heart, fighting spirit surged. If he wanted to kill this group of people, he must first be quick, ruthless, and at the same time surpass his own limits. What Long Chen feared the most was Yang Hao, and before he fought with Yang Hao, he must kill everyone else!

After this roar, everyone was stunned. Could it be that this young man really had some sort of strange method?

Isn't this too much?

But in the next moment, their premonition came true.

That blood-red longsword suddenly appeared in Long Chen's hands, and that intense killing intent exploded forth with a loud bang. Sword Qi weaved in the air, and in an instant, its power had surpassed the extent where her Third Stage of the Divine Martial Realm could unleash.

"Devouring Blood Realm!"

While everyone was still in a state of shock, the blood-red domain overshadowed Yang Hao's black devil energy domain, completely blocking their line of sight. Every single martial artist was nervous; after all, this blood-red domain was too bizarre.

"What's going on?"

"How can this brat have such a strong feeling!"

"It's fine, let big brother Yang Hao handle it!"

At this moment, Yang Hao was also in a state of shock. He was acutely aware that Long Chen this brat should not be a simple person, and was about to attack, but it was already over. At this time, Long Chen's speed had already exceeded the range of Yang Hao's capturing, and in the midst of Devouring Blood Realm, it was as if Long Chen had completely disappeared!

Such terrifying speed!

"Everyone, be careful! His speed is very fast!" Yang Hao was shocked in his heart, and hurriedly roared out. By the time he yelled that out, there were already three or so warriors that were caught up in Long Chen's sword light, and were crazily strangling them to death. With the help of the Devouring Blood Realm, warriors of the Fifth Stage of the Divine Martial Realm were no longer Long Chen's match!

Rip!

Several tens of sword beams swept out, and the three corpses fell to the ground. The parts above the necks had already completely disappeared, and even the Divine Martial Spirits had been killed cleanly by Long Chen.

The speed and condition of the three people's deaths truly shocked the others. They hadn't thought that someone would actually die, and now that they saw the death of these three people, they felt a chill run down their spines. Only now did they truly understand that this youth wasn't as simple as they had imagined!

The youths that came out to gain experience could still be considered to have some character, so there was no need to panic at a time like this.

The only thing was that Long Chen was now an invisible killer and no one could find him using the Divine Aura Technique. Furthermore, no one could catch up to him with his speed, because of that, no one knew where Long Chen was located at the moment!

"Everyone be careful, his speed is very fast. Let's kill him together!"

"If you have something to say, hurry up and speak!"

Long Chen was still in the middle of the encirclement. At this moment, the Scarlet Sky Desolate Blood was still dripping blood and his eyes were extremely cold.

"God Slaughtering Sword Formation!"

Under Long Chen's display, an array formation instantly appeared beneath everyone's feet.

"This is bad!" Everyone was terrified as they quickly retreated.

But how could Long Chen's killing move be so easy to dodge?

"Sword Sea!"

The Fifth Stage of the Divine Martial Realm did not have a supreme golden body, so injuries would last a lifetime. A total of three or four people died on the spot, and the rest of the warriors had also turned into wraiths under Long Chen's swift sword attacks.

Long Chen's speed was simply too fast, at this rate, all the Fifth Stage of the Divine Martial Realm warriors could only stand there dumbfounded, unable to resist at all. Sometimes, when there was clearly no one in front of them, they would just reach over and cut off their own heads.

's current state of mind was like a nightmare. Needless to say, the three of them wanted to kill Long Chen, but now, they all started to flee. Other than Yang Hao and Yang Qian, who were still chasing after him, the rest frantically spread out.

Under Long Chen's two attacks, only six people were still alive, and three of them were Yang Hao and the others.

As for the remaining three who were running away, Long Chen quickly caught up to them. With one sword strike, when he turned his head to deal with them, other than Yang Hao and the other two, everyone else had already died under his sword. And this sword strike had lasted for less than a quarter of an hour.

The entire group had turned into corpses, but when Long Chen turned his head back, his sword was dripping with blood. His expression was ice-cold, calm and indifferent, as if he had only done something insignificant.

This kind of Long Chen, and the miserable state of his brothers and sisters, made Yang Qian and Yang Qian, the two girls, retreat a few steps. Their previous arrogant and despotic appearance had completely disappeared, and they looked at Long Chen with a bit of fear. It was originally due to the contribution that he had received, but now that so many lives had been lost, even if he were to return Li Xuanji to the sect, the contribution would probably be greatly reduced!

All of this was because of Long Chen!

I didn't expect you to be so powerful. I have underestimated you, but don't think that you're just lucky. Just obediently accept your death, Qian Qian'Er. Both of you, retreat! "

Yang Hao roared, the Demonic Qi surged, the Battle Qi overflowed into the sky, and rushed towards Long Chen with a loud roar.

The surrounding temperature instantly dropped quite a bit.

Yang Qian and Yang Qian were originally afraid of Long Chen's nightmare, so they immediately retreated, wishing that they could hide far away and let Yang Hao, who they admired, deal with him and suppress him with force.

At this time, Yang Qian said: "Yang Qian, should we use the puppet bird to explain the situation here with the clan?"

Yang Qian saw that Yang Hao had already trapped Long Chen, so she said: "Big Brother Yang Hao should be very confident in dealing with him, but we should still inform him, just in case that brat runs away, then we will be in trouble."

The two people who would usually bicker were now of the same mind. Yang Qian didn't say anything further and was about to take out the puppet bird, but right at this moment, an aura that would make her suffocate suddenly appeared from behind her.

That resplendent sword light was actually attacking her at this moment.

"Who is it!" Yang Qian suddenly turned around, and behind him, a Long Chen that was completely formed of sword energy slashed down with the longsword in his hand. It was actually the final move of the God Slaughtering Sword Formation, Sword Explosion!

The torrent of sword qi instantly drowned Yang Qian, who was still in the midst of unleashing her Level 6 [Divine Skill], but was instantly exterminated by the sneak attack.

They were too focused on Long Chen, so they did not notice that he had already used the Eternal Sword Physique.

Yang Qian had the Gold Body, so she was not dead yet, but that was enough. With only half a head remaining, she was so terrified that she almost suffocated, and at this time, the Immortal Sword rushed forward and stabbed down.

"Yang Qian, save me!" Yang Qian's face was filled with tears, she asked Yang Qian, who was in front of him, for help, but Yang Qian was scared stiff.

"Yang Qian!"

Before she finished speaking, Long Chen's Imperishable Sword Physique had already killed her completely, and at the same time, chased after Yang Qian!

was so scared that she lost all will to fight. Yang Qian's death seemed to have filled her heart, it was the first time she had seen Long Chen, such a terrifying person, trembling from head to toe, she wanted to leave as soon as possible.

Behind her, the Immortal Sword Physique was chasing after her with a speed that was about the same as Yang Qian.

After all, the Eternal Sword Body was not Long Chen's main body, and its speed was not that fast. Yang Qian still had a chance to live, she escaped frantically, her face full of tears.

Right at this moment, Long Chen's speed increased, and he instantly got rid of the angry Yang Hao, sprinting towards him. Under Long Chen's control, the Eternal Sword Body stopped Yang Hao.

"You deserve to die."

In an instant, Long Chen blocked in front of Yang Qian.

"No, I don't want to die!" Yang Qian's face was filled with fear, he crawled and rolled away.

"Death. This is your life. You can't avoid it."

If not for her death, Long Chen would definitely die in the future. Long Chen would not be merciful enough to let her go out and notify others.

"Sword Explosion!"

Chapter 1157 - Nine Yin Devil Seal

The torrent of sword aura covered the sky, surging with a power that Yang Qian could not resist.

Although it was not a real life and death battle, the other party knew that Long Chen was someone of the True Martial Emperor's Soul, and that he could also show Long Chen the martial way that belonged to him. Long Chen had benefited greatly from this battle.

At the same time, Han Yunxing would explain the martial arts that he was familiar with to Long Chen whenever he had the chance. Back then, Long Chen had entered the celestial realm with his help, so Han Yunxing had a thousand years of comprehension in the martial arts, which was quite extraordinary.

In actuality, within each realm of the Divine Martial Stage, it was relatively easy to cross over from the initial stage to the perfection stage, but to cross over would definitely be extremely difficult. In this

period of time, Long Chen had become more and more proficient in comprehending Heaven Man Unity. Amongst attacks, the Spirit Emperor's spirit energy was activated.

At the same time, his cultivation on the primordial spirit was also improving rapidly.

This allowed him to quickly approach the completion of the Third Stage of the Divine Martial Realm in a very short period of time!

With Long Chen's speed, it was definitely unprecedented, and would never happen again.

He clearly understood the importance of strength, so he desired the shortest amount of time to quickly increase his own strength.

Only strength could speak for itself.

Sword Explosion was the second from the last attack that Long Chen had right now. To be honest, if Yang Qian's mental fortitude had been a little stronger, she wouldn't have lost so easily.

The determination and decisiveness Long Chen showed when he killed earlier had instantly frightened him too much.

"Brat, you dare to attack my Yang Family's people on our territory, you will definitely die a horrible death!" Yang Hao's tearing roar came from behind.

Long Chen's speed was too fast, and even the Imperishable Sword Body had blocked Yang Hao, so Yang Hao was unable to catch up to him in time. He could only watch as Yang Qian's attacks became weaker and weaker, and after a few moves, he was completely killed by Long Chen.

At this time, Long Chen did not hold back at all. His attacks were ruthless, a little beauty was killed by his sword!

No matter if it was Yang Qian or Yang Qian, they were both women that Yang Hao had been to before. Within such large clans, there were countless branches, and the relationship between the three of them was basically not very close. For example, within large clans like these, the greatest taboo was for their blood to leak out, thus, a large portion of the people, husband and wife, were all surnamed Yang.

And Yang Qian and Yang Qian, were both Yang Hao's women!

But at this moment, he was completely killed by Long Chen!

This made Yang Hao simply go mad. He originally thought that he could easily complete a mission, but now such a huge matter had occurred. This was all Long Chen's fault.

"This brat ..."

In Yang Hao's heart, he hadn't felt such a killing intent in a long time.

's aura which was at the peak of the Sixth Stage of the Divine Martial Stage was released, and the black domain instantly suppressed Long Chen's Devouring Blood Realm. That terrifying devil energy carried a fatal chill, and ordinary people would probably freeze to death from that, but fortunately for Long Chen, he could still endure it.

"Long Chen!"

In the Great Void Realm, Li Xuanji could see all of this clearly.

had mixed feelings about Long Chen seeing him display his strength with his own eyes. If she had doubted Long Chen's heaven-defying abilities at the beginning, then he would have trusted him.

Absolute trust in Long Chen.

Even if Long Chen was in her peak condition, there was still a gap between her and him. But Li Xuanji had come here after cultivating for a thousand years, and of course, there was something terrifying about Li Xuanji as well. She had actually cultivated to her current realm while sitting in the Conferred God Coffin, worthy of her Nine Yin Meridians.

Perhaps the most terrifying person would be Ling Xi. Originally, her strength should not be strong, but in the few years that she had been back in the Imperial Domain, she had instantly raised her strength to the Great Circle of the Ninth Stage of the Divine Martial Stage!

It could be said that the most terrifying genius that Long Chen had ever seen was Ling Xi, and next, should be this Li Xuanji.

Actually he had missed out on two people. One was himself, and in terms of speed of promotion, Long Chen had surpassed Ling Xi, while the other was Mo Xiaolang.

As long as they engulfed the flames, they could become stronger and stronger.

"Perhaps, she can really give me a chance to reincarnate." Li Xuanji had never had such a complicated feeling. No matter what, this man was currently protecting him, and that was enough.

The remaining person was none other than Yang Hao.

Yang Hao was Long Chen's limit. Although Long Chen had killed the other members of his party in a short period of time, they might not have enough strength to defeat Yang Hao.

Back then, when he fought Jiang Qing, Long Chen did not have any methods to kill him either.

But there was one thing that was clear, and that was that it was basically impossible for Yang Hao to kill Long Chen.

"Come and play the game of hide and seek. If you catch me, Li Xuanji will be yours."

Long Chen's heart relaxed a lot. At this moment, he revealed a strange smile towards Yang Hao, and he quickly turned around to leave.

"You want to leave? Leave your life behind!" It wasn't easy for him to destroy the Eternal Sword Body, so Yang Hao immediately chased after Long Chen, turning into a ray of black light. He was already dead, and if he could not grab hold of Long Chen and Li Xuanji, not only did he not receive any rewards, he would also receive a huge punishment!

This Yang Hao, who was able to reach Jiang Qing's realm at such a young age, was also one of those extraordinary warriors.

Perhaps, he had some blood ties with him.

No matter what Long Chen said, he seemed to be the direct descendant of the current master of the Yang family.

Of course, Long Chen would not admit such a senseless relationship, he was escaping so quickly just to lure Yang Hao into the Splintersoul Mountain, where Yang Hao would kill him, but Long Chen actually wanted to kill him even more.

After getting rid of him, he would be able to go to the Nine Serenities Demon Mountain peacefully.

The closer he walked into Splintersoul Mountain, the thicker the fog became. When he arrived at a quiet valley, Long Chen felt that it was about time. He suddenly turned around and waited for Yang Hao's arrival.

There was no certainty that he would win this battle. He could only rely on his own life to fight.

After Long Chen rushed into the valley, Yang Hao arrived in the next moment. Because he was worried that Long Chen would escape, he bit off his teeth and followed Long Chen.

True Martial Emperor's Soul's light flashed.

The grey line of sight landed on Yang Hao's body.

"What is this?" Yang Hao had a kind of eye piercing feeling, and in the next moment, the blood-red blade edge brushed past his shoulder!

"Ancient Devil Scripture, shading hand!"

Without a second word, Yang Hao unleashed his valiant battle power and clashed with Long Chen the first instant. At this time, his left arm suddenly expanded, becoming two meters long and incomparably thick, just like a beast's claws. It was filled with dark green disgusting scales, and a fishy wind blew across the area, causing one to be able to feel a suffocating, terrifying strength.

This so called shading hand, instantly enveloped Long Chen's head.

Without saying a word, Long Chen activated the God Slaughtering Sword Formation on top of the Scarlet Blood Sky Desolate Emperor, then exploded, transforming into a shattered sword aura, rushing towards his opponent. The blood colored sword blade caused Yang Hao's expression to change, and he immediately retreated, but in the next instant, the shading hand once again struck towards Long Chen.

"Let me see how many times you can use your combat skills to block my shading hand!" Yang Hao succeeded in one move, and after figuring out Long Chen's strength, he immediately let out a wave of loud laughter. Just now, he had also been scared stiff by Long Chen, so now that he had recovered his condition, it was naturally to fiercely kill him!

He was the dignified young genius of the Yang Family, why would he be afraid of a Long Chen that came out of nowhere?

The shading hand possessed terrifying power, and it was purely a physical attack. Just by looking at the size of the arm, one could tell that ordinary people would not be able to defend against it.

But at this time, just as his shading hand descended and the space around him trembled, Long Chen suddenly gave up on the Crimson Sky Kingdom.

Compared to the opponent's gigantic shading hand, Long Chen's arm was pitifully small!

However, an accident happened!

did not retreat, and instead advanced. The tyrannical strength of one punch struck the other fist against the other fist, immediately causing Yang Hao to scream out in pain, as the shading hand was almost smashed apart by Long Chen!

Yang Hao immediately realized that the reason why Long Chen was so strong was definitely because of his terrifying physical strength. The current Long Chen seemed insignificant, but her strength was comparable to a super ancient beast.

"shading hand, retreat!"

Yang Hao had withdrawn his shading hand just to prepare for an even more terrifying attack. Although he had failed the first time because he did not understand Long Chen, it was now easy to settle.

"Ancient Devil Scripture, Nine Yin Devil Seal!"

At the moment, Yang Hao had turned into nine shadows, his hands moving extremely quickly, and in a moment, nine seals were formed in front of him. From nine different directions, Yang Hao spat out those words, causing the air to vibrate, a total of nine black seals emitting demonic energy that rushed towards Long Chen from nine different directions!

These nine demon seals sealed Long Chen's entire body's position, the demon seals released an astonishing cold Qi, if he was struck, it would be extremely troublesome!

Even if it was Long Chen's current body, he wouldn't be able to handle it.

"Long Chen, give up, escape first. It's too difficult for you to kill him." Li Xuanji clearly understood all of this. Even now, Long Chen was still unwilling to leave, and was purely risking his life. He was a cautious person, and did not want his following plans to be affected in the slightest.

So no matter what, he had to hold on!

The long sword in his hand danced, and the Taibai Sword Prison was the first to block three of the demon seals. However, compared to Long Chen, Yang Hao's strength lay in the primordial spirit, so completely suppressing Long Chen on the primordial spirit was his best choice!

Tai Bai Sword Prison could only defend against three devil seals at the most. Long Chen could only use other methods to deal with the power of the other six.

At this moment, at the most critical juncture, Long Chen's gaze was actually incomparably calm. The Scarlet Sky Desolate Blood Sword in his hand once again transformed from a sword into a halberd!

Chapter 1158 - Great Perfection

Along the way, the weapons Long Chen used the most were actually halberds and pikes.

Thus, this was what he was most adept at.

In this moment of life and death, the only thing Long Chen could use was the Nine Dragon Scripture.

The Nine Dragons Scripture was a mysterious and powerful battle skill, and also the only final killing move that Long Chen possessed!

Inside his chest, the dragon scales of the Sky Profound Jade Fire Dragon were shining. In Long Chen's hand, the blood-red halberd was dancing, and the image of the Sky Profound Jade Fire Dragon appeared within it.

The flame was the most powerful force. Against the Nine Yin Devil Seal, it was the most suitable.

Back then, Long Chen had also used the Nine Dragons Scripture to directly withstand Jiang Qing's strongest killing move!

This technique of the Nine Yin Devil Seal was most likely a level seven divine skill.

The Nine Dragons Scripture was unleashed, the roaring Sky Profound Jade Fire Dragon swallowed the opponent up at the first possible moment, the Nine Yin Devil Seal disappeared and Yang Hao immediately spat out a mouthful of blood. He retreated a few steps, and with great difficulty managed to stabilize his leg.

The Nine Yin Devil Seal affected all the true essence in his body. If the Nine Yin Devil Seal was destroyed, it would affect him in part.

Within every single Nine Yin Devil Seal, there existed a large number of primordial spirit controlling it. Even if Long Chen were to use the Sky Profound Jade Fire Dragon, after destroying the Nine Yin Devil Seal, he would no longer have the power to deal with Yang Hao.

It had to be said that this Yang Hao was very strong.

"I actually didn't do anything to you!" Wiping away the blood from the corner of his mouth, Yang Hao looked at Long Chen a little depressingly. Under the pressure of the Nine Yin Devil Seal, Long Chen had been affected to a certain extent.

The halberd in his hand released a dazzling red light, Long Chen looked at his opponent coldly.

The surrounding forest had already been completely blown apart by the opponent's attack and the Sky Profound Jade Fire Dragon. Green flames burned fiercely.

"Add a fire. That should be enough."

Even if it was Yang Hao, he would still need a period of time to calm down after using the Grade Seven Divine Technique. At this time, Long Chen didn't say anything, turned into a streak of golden lightning, and rushed towards his opponent with a 'sou' sound. The halberd in his hand flashed, and he clashed with Yang Hao.

This was the power of close combat, because he had rich battle experience, even in such a situation, he might not lose to Yang Hao in a short time.

This was a life and death battle. Different from Nan Gong Lie's, Yang Hao's every move and every move headed in the direction of killing Long Chen.

Long Chen, on the other hand, was greedily absorbing the energy. He had reached this stage a long time ago, and was only a tiny bit away from breaking through. What he could not wait for from Nangong Lie and Han Yunxing was the killing move.

Yang Hao's killing move had forged the most crucial part of Long Chen's way of killing.

Very quickly, the primordial spirit that had lost face because of Yang Hao using the Nine Yin Devil Seal had almost completely recovered. Yang Hao believed that the kid in front of him had definitely not recovered yet.

Therefore, if he used the Nine Yin Devil Seal once more, Long Chen would definitely die.

"Die!" Yang Hao laughed loudly.

At this time, Long Chen suddenly fled at lightning speed, and in a short period of time, he had travelled a long distance.

"Don't even think about escaping. Even if you have wings, don't think about escaping from my palm!" Behind him, Yang Hao's sinister smile could be heard.

"This guy is too complacent." Long Chen laughed coldly in his heart, his entire body feeling extremely comfortable. At this time, his comprehension in the martial way, because of the high intensity battle just now, had finally broken through the final barrier, and he could vaguely feel the feeling of being in the late stage of the Heaven Man Unity stage.

Divine Martial Spirit seemed to be stimulated and was slowly improving.

Long Chen had not unleashed his maximum speed yet, but he still needed to use the Devouring Blood Realm to absorb Yang Hao's blood essence. In the process of chasing after a fleeing person, because of the Divine Martial Spirit's transformation, Long Chen would become stronger and stronger, while Yang Hao's blood essence would decrease and he would become weaker and weaker.

After chasing for around two hours inside the Splintersoul Mountain, Yang Hao finally felt exhausted. It was as if the protective power of his entire body did not exist, and he had only wanted to kill Long Chen earlier, not let him run away, but he did not expect his body to undergo such a change.

"What's going on? It seems like his HP has been reduced?" Yang Hao was shocked.

At this critical moment, Long Chen suddenly stopped and turned around, looking at him easily.

This kind of relaxed Long Chen was vastly different from the Long Chen who was trying his best just now. And from Long Chen, Yang Hao felt an aura that caused him to be alarmed. That's right, Long Chen had indeed already reached the peak of his Third Stage of the Divine Martial Realm.

This was what Yang Hao had bestowed to her.

In fact, Long Chen had been planning for this moment from the very beginning.

He had long since realized that Yang Hao was the key to his breakthrough, and as he had expected, in the battle of life and death with Yang Hao, he had succeeded in breaking through himself and reaching the peak of celestial realm.

Under Han Yunxing and Nangong Lie's nurturing, all of this could be said to have been accomplished naturally.

Reaching the peak of the Third Stage of the Divine Martial Realm, primordial spirit absorbed the opponent's blood essence and suddenly increased in power. Although there was still a gap between the two, the gap was already very small.

Yang Hao, who was anxious to kill Long Chen, did not realize that his body had already become extremely weak after being sucked in by the power of Long Chen's Devouring Blood Realm. One weak and one strong.

"Finally unable to run?" Putting aside the unsettled feeling in his heart, Yang Hao let out a loud roar and threw one attack after another towards Long Chen. Because of the blood essence, his strength now was obviously weaker than it was in the past.

"Pretending to be ghosts?" Yang Hao did not care about Long Chen's care at all, it was just that Long Chen's calm appearance was a little strange.

"No matter how much tricks you play, you still can't defeat the genius figure of the Yang family!" Yang Hao sneered again and again. He was extremely confident in his own strength.

In the Yang family, his talent could be ranked.

"Ancient Devil Scripture, Nine Yin Devil Seal!"

The same move, from nine different directions, was like an evil ghost, releasing out a sharp sound and rushing towards Long Chen.

At his current realm, Long Chen's communication to the surrounding Emperor's Qi, as well as to the heaven and earth, had already reached an extremely deep level. Vaguely, he felt like he was in a mother's womb, warm and filled with energy.

What Long Chen was communicating with was the brutal power that existed between heaven and earth. Vicious and violent, it possessed a powerful destructive ability.

This was the true perfection of celestial realm.

At this time, Long Chen deeply experienced the power of this world.

Compared to the past, his current strength was extremely terrifying. However, it could only be considered a drop in the ocean when compared to this world. It was insignificant in comparison.

Under Yang Hao's demonic attacks, Long Chen's expression was naturally calm as he swung the halberd in his hand. As Long Chen advanced, a Sky Profound Jade Fire Dragon condensed on the halberd, and the true dragon's might was displayed. This was an incomparably terrifying power, and the extremely hot flames made all the surrounding water vaporize in an instant.

"Break!" The terrifying dragon's might instantly exceeded the limits of what his opponent could resist. Yang Hao's Nine Yin Devil Seal was originally weaker than Long Chen's, but at this moment, under the pressure of the divine dragon that descended from the skies, it instantly shattered!

Following the increase in Long Chen's realm, the power of the Nine Dragon Scripture had also increased by several times!

BOOM!

The terrifying explosion caused a huge crater of several tens of meters deep to appear beneath their feet. The diameter of the crater was over a hundred meters, and the ground was completely incinerated.

Long Chen's halberd directly cleaved Yang Hao into two.

Yang Hao's Divine Martial Spirit was imprisoned in both of his hands and was cut out by Long Chen. It didn't matter if Yang Hao had the Quintessential Golden Body or not, it was useless.

"Don't kill me!" Yang Hao screamed as if he was tearing them apart.

Long Chen encouraged the primordial spirit to attack and with a casual toss, he killed the Divine Martial Spirit cleanly with his halberd.

Everything finally quieted down.

Amongst the Great Void Realm s, Li Xuanji was still unable to react until Yang Hao died.

Until now, when she finally recognized Long Chen's strength.

Basically, the current Long Chen could become unrivalled under the Sixth Stage of the Divine Martial Stage, but, he was only at the Third Stage of the Divine Martial Realm.

From what Li Xuanji knew, since ancient times, there seemed to be no one who could be like Long Chen.

After finally making a step forward on the path of cultivation and resolving the crisis, Long Chen heaved a sigh of relief and said: "I have delayed for a bit. I will first return to take care of the traces of the battle, then pass through Splintersoul Mountain."

He was a cautious person, if this group of Yang Disciple s did not return for a long time, the Yang family's people would come over to check, they could not let them suspect that Li Xuanji had left for the Nine Serenities Demon Mountain.

As matters stood, Long Chen had already done everything he could do. What would happen in the end, he could only leave it to fate.

Li Xuanji watched silently as Long Chen cleared all the battle scars and restored everything. The commotion caused by Yang Hao's battle was very big and had a lot of damage, Long Chen had expected this and that was why he brought Yang Hao to the depths of the Splintersoul Mountain.

After sending Li Xuanji into the Great Void Realm, without even considering that she would be affected, Long Chen's speed instantly increased. It could be said that he had almost turned into a streak of golden lightning, spent more than half a day to pass through the Splintersoul Mountain, and then headed in the direction of the Nine Serenities Demon Mountain Li Xuanji was pointing at.

and Long Chen did not mention about the danger they had encountered in the Splintersoul Mountain, but because of their appearance, their relationship had turned better. In Li Xuanji's heart, there was already a youth with a strong personality like Long Chen.

After planning for a while, Li Xuanji suddenly said: "Did you know that the Spirit Devouring Demon Pupil I taught you before, wasn't it the complete version?"

Chapter 1159 - Soul Devouring Technique

He really didn't know about Long Chen slowing down, but when Li Xuanji said it at this time, Long Chen could already guess what she wanted to do.

"What is it? You want to teach me the whole thing?" Long Chen smiled slightly.

"Are you that confident that I will teach you?" Li Xuanji chuckled.

Long Chen said: "True Spirit Devouring Demon Pupils should be a sacred art that cannot be taught to outsiders in your Li family. This mysterious divine ability has been of great help to me over the years."

Li Xuanji said: "Of course, our Li Clan is called the 'Spirit Devouring Tribe' because of this Spirit Devouring Demon Pupil. The Spirit Devouring Demon Pupil that was given to you before was messed up by me, in reality, there are a total of three divine powers: 'Soul pupil', 'Soul Controlling', and 'Soul Devouring'. Capturing Spirit is a small part of the soul, while Charm is a small part of the soul, and [Insight] is also a part of the Soul pupil. "

Long Chen seemed to be deep in thought, and said: "Which is to say, Spirit Devouring Demon Pupil was originally only at the third stage, but I will treat it as training at the fourth stage. Hehe, tell me, what are the specific 'Soul pupil', 'Soul Controlling', and 'Soul Devouring' like? "

Now that the Li Family was dead, Li Xuanji could be considered the strongest person remaining in the Li Family, and had the highest authority in the clan. Although the clan had strict rules, and Spirit Devouring Demon Pupils were the Li Family's highest level of secret scriptures, unless it was the direct descendants of the Li Family, no one could cultivate them.

The current Long Chen could be said to be a companion that lived and died with her.

Let's just use the word "partner" to explain their relationship for the time being.

Li Xuanji said in a very serious manner: "The so-called Soul pupil should be what you use the most, able to see the souls of all living things within a kilometer. This is also a sacred art that is most frequently used by the Spirit Devouring Demon Pupil, and what I give you, is a simplified version, the true Soul pupil can be upgraded along with the Spiritual Sense. The Spiritual Sense comes from the Divine Martial Spirit,

and the Soul pupil is a Eye Technique that comes from our eyes, but the heaven defying thing about the Soul pupil is that it is that it can be bridged with Spiritual Sense to increase its vision, so it must establish a link between the eyes and the Divine Martial Spirit in order to be able to complete the Soul Eye Technique."

"After you have successfully cultivated the Soul pupil, how wide is your consciousness, then the range of your perception will be. That is to say, if you reach the Ninth Stage of the Divine Martial Stage, you will be able to see the existence of all living things within a radius of a hundred thousand kilometers. Of course, it's very difficult to process so much information. My mind is being suppressed by the Soul Suppressing Stone, but the Soul pupil is not. "

Li Xuanji's words caused Long Chen to be shocked.

It was no wonder that the Spirit Devouring Demon Pupil was the Li family's supreme inherited secret scripture. From the Soul Eye Technique, it could be seen that the Spirit Devouring Demon Pupil was an absolute treasure.

Seeing the shock in Long Chen's eyes, Li Xuanji was very satisfied. Finally, there was something that surprised Long Chen, and he could have continued to surprise her.

She smiled inwardly, but her expression was still as cold as ever. She was used to this expression, and it was difficult for her to change it in a short period of time.

Li Xuanji continued: Soul Eye Technique, is only the first stage of the Spirit Devouring Demon Pupil, while the second stage is to control the soul, you have learned how to control the soul, in fact, there is already essence inside, but there is still a crucial step, that is to condense a 'soul imprint', it is not within the scope of the eye technique, it is a kind of secret technique, but it can be combined with the soul-controlling technique, to the extent that as the caster, you will train the person accused of being a soul into your own slave, and the soul-controlling technique, the Spirit Devouring Demon Pupil, will very possibly cause people to lose all their courage, because one day they will lose their consciousness, they will be controlled and become my puppets.

"It's actually this effective?" Long Chen was even more shocked. The soul-controlling technique that he knew could only make people say what they truly wanted under a confused state, and could not be used by him against powerful warriors from the Divine Martial Spirit. But the real soul-controlling technique could actually enslave others.

"You may not know this, the soul-controlling technique is also known as the Beast Controlling Technique, if you are lucky, the soul of the beast is not strong, and the success rate of planting the soul

imprint is higher, therefore, our Li Family is also known as the Beast Controlling Master, but, catching beasts that have fighting strength higher than ours is still very difficult, a truly strong Spirit Demon race exists in the, and that place is the holy realm of the Spirit Demon Race, it can be said that the three Grand Moon Demon Worlds are not the opponents of the Desolate Imperial Domain, so we do not dare to provoke the strong Spirit Demon Race, thus the Beast Controlling Beast has been useless for a long time."

Long Chen silently memorized and did not say anything. After successfully intimidating Long Chen, Li Xuanji then said the third stage of the Spirit Devouring Demon Pupil.

"After controlling the soul, it is the soul devourer. "This could be the origin of the name Spirit Devouring Demon Pupil. Spirit Devouring Demon Pupils are techniques to devour souls, and are able to suck a warrior's Divine Martial Spirit into their own eyes, thereby stripping them of their martial arts, which is of great help to their own cultivation."

Speaking till here, Long Chen was startled, wasn't this the True Martial Emperor's Soul?

Of course, True Martial Emperor's Soul was gently analyzing his opponent's martial arts, he would not ingest or digest him, the Spirit Devouring Demon Pupil was truly ruthless, but, the True Martial Emperor's Soul gave Long Chen such a tyrannical speed, then the Soul Devouring Technique, would also be powerful, why would the Yang Family destroy the Li Family?

Speaking of the Soul Devouring Technique, Li Xuanji felt a little helpless, and said: "Actually, the Soul Devouring Technique is also related to the Yang Family's prosperity, while my Li Family has declined. The Soul Eye Technique is the most perfect version as well, it has a large chance of failure, and even if you succeed in controlling it, there is a possibility of betrayal. As for the Soul Devouring Technique, it is considered an evil technique in the outside world, and our Li Clan should have reached its peak a few thousand years ago, the current World King is us, at that time, we had the Soul Devouring Technique, so our Li Clan's cultivation speed was extremely fast, at least it was a bit faster than the Yang Family's, but the Soul Devouring Technique can be said to be injuring people.

"You said that the Soul Devouring Technique is related to the Li family's decline?" Long Chen asked.

Li Xuanji nodded, and said: "Because the Soul Devouring Technique is too cruel, the Sector lord restricted us from cultivating. "Since then, it seems that my Li family has been on the decline."

Long Chen couldn't explain the whole thing, but in reality, the way of killing was just like devouring an enemy. However, there were a few people who wanted to use some kind of strange principle to suppress this ability, and that was at the level of the Sector lord, so the Li Family had nothing to say.

The Soul Devouring Technique had an effect on him, but the True Martial Emperor's Soul had no effect at all. From this, one could see the difference between the two.

It could be said that even something as heaven-defying as the Soul Devouring Technique couldn't compare to True Martial Emperor's Soul.

Long Chen understood the value of the True Martial Emperor's Soul even more.

"From today onwards, to the distance between you and Nine Serenities Demon Mountain in two months, I will impart to you the Soul Eye Technique and the soul-controlling technique, cultivate well. It might be useful later on, what about it?" Li Xuanji finally revealed his intentions.

"Of course it's better to be respectful than to be obedient. With a teacher like you, I'm sure you will complete the mission ahead of time." Long Chen guaranteed.

"With your natural talent, naturally." With today's achievements in seven years, it was true that fate was important, but talent was even more important.

After a moment of silence, Long Chen suddenly said: "Since you want to teach me, then teach me the Soul Devouring Technique. I want to study it for a bit and see what exactly is so strange about it."

Long Chen's words surprised him.

To be honest, Li Xuanji herself also thought that the Soul Devouring Technique was not a good thing.

However, she believed in Long Chen.

"Then you have to promise me first, whether it's the Soul pupil, Soul Controlling Technique, or Soul Devouring Technique, you cannot spread them to anyone, otherwise, I will find you and settle this score." Li Xuanji said in a gloomy voice.

"Done, don't scare me, I know that." Seeing that Li Xuanji agreed, Long Chen smiled.

After reaching the peak of the celestial realm, he seemed to have enough true essence to use nine percent of the Nine Dragon Scripture's power to cultivate the scales of the second divine dragon. Now, Long Chen already had six dragon scales, which was given to him by Han Yunxing.

At the very least, there were no obstacles before the sixth level.

All that was required was enough primordial spirit s to cast them.

It was not easy to cultivate in it. Long Chen's eyes had countless of blood vessels and meridians more than ordinary people, so cultivating them was even more complicated. The blood channels in his eyes were usually very small, and a single step of caution would cause mistakes, so he could only concentrate and try again.

At this time, when he was cultivating the Soul pupil, the reunion of her Soul pupil and his divine sense was the best time for him to do so.

Among the Grand Moon Demon World, there was only Mo Yue.

"You are very lucky, if you want to cultivate the real Soul pupil, you must have one condition, and that is to face Mo Yue. The moonlight pouring down from Mo Yue will be injected into your eyes and mix together with your primordial spirit. This kind of miraculous power will truly change your eyes."

As he said that, Li Xuanji's eyes flashed with a ray of black light.

"What kind of world is up there?" The dark moon in the sky was different from the moon outside. It looked as if there was a green forest on it.

Chapter 1160 - Nine Serenities Demon Mountain

Compared to the Mystic Demons, the territory of the Nine Hell Demon Area was much larger.

What happened next, was the silent process of travelling, at the same time, Li Xuanji's only pleasure was to teach Long Chen the techniques of the Spirit Devouring Demon Pupil. Long Chen already had a good foundation. Then, under the guidance of this expert, coupled with his rarely seen Inherent Skill and the

thirty percent ability of the Spirit Devouring Demon Pupil, within a short month, he had completely mastered it. He only needed to practice over and over again and he would be more proficient in it.

However, Li Xuanji's body was growing worse by the day. After a month, even if she were to speak, she had become a problem, and the Nine Yin Meridians had spread throughout her body. At this time, Long Chen could only watch helplessly as the various functions of her body failed.

Her snow-white skin was no longer as lustrous as before. In fact, it no longer looked as beautiful as before.

Long Chen felt especially uncomfortable as he watched her weaken day by day. He did not say much, as the only thing he could do was to quicken his pace and travel with all his might.

After losing the Nine Yin Meridians, Li Xuanji's body was in a state of exhaustion that surpassed her own imagination. She was only a young girl, and going through such a thing, although she didn't say anything, who could watch herself get uglier and uglier? In her heart, she was already on the verge of despair.

Lying on the bed, Li Xuanji used the Great Void Qi to create a whirlpool. Li Xuanji was in a daze as she forcefully opened up her dim eyes and looked at the world outside the Great Void Realm.

"I don't know. Don't worry." Long Chen did not speak further, and continued walking forward.

With his words, Li Xuanji became more at ease. She knew that although he wasn't talking much, he was doing his best, and from the way his veins were popping up on his arms, she could tell that he was more anxious than Li Xuanji could have imagined.

Originally, Li Xuanji could not persevere any longer. Without her to guide him, Long Chen discovered that she had already deviated by a bit, and she still had to react in time, taking advantage of this period of time, Long Chen had arrived at a middle level city in the middle of the Nine Hell Demon Area. She controlled a few people to find a uniform direction and continued to advance forward, but this deviation at least delayed him by two days.

"Damn it!"

To Long Chen, time was Li Xuanji's life, and no mistakes were allowed.

At the same time, he had already heard that the Nine Serenities Demon Mountain would start opening in forty days. Of course, the first five days were for the participants to register and recognize their identities, and it wasn't until the fifteenth day of the sixth month that the Nine Serenities Demon Mountain would truly open, and Long Chen would be able to reach the Nine Serenities Demon Mountain by the fifteenth day of the sixth month.

In the Grand Moon Demon World, there was an extreme lack of Universe Teleportation Formations, and in the entire Grand Moon Demon World, there were only eight Universe Teleportation Formations, each located at the core of the eight Demon Regions. As for the Mystic Demons's teleportation formation, it was currently controlled by the Yang family.

In the beginning, they had waited for Han Yunxing and Yue Yang, but after ten days, Long Chen had no choice but to rush ahead with all his might, there were still many factors affecting him, and he had even deviated from his route. Although Long Chen's speed had increased yet again, it was still a bit suspenseful to arrive before the Nine Serenities Demon Mountain opened again.

If he consumed the primordial spirits, he would not be able to hold on while he travelled. There was still the Gold Thunder Prison dragon in Long Chen's body tempering his speed to this extent.

At the same time, in order to ensure the following battles in the Nine Serenities Demon Mountain, while Long Chen was rushing there, he also studied the second stage of the Nine Dragon Scripture.

When he first started training in the first level, he only spent a short amount of time.

As for the second stage, because he didn't focus enough, he spent more time doing it.

In the end, after forty days, he had charged into the territory of the Nine Serenities Demon Mountain. From here, Long Chen could vaguely see that not far away in the sky, there was a mountain peak that was as gray as a blade that pierced the clouds.

This was the so called Nine Serenities Demon Mountain.

Of course, Long Chen did not dare slack off, he still understood the principle of watching a mountain from a dead horse. Although the Nine Serenities Demon Mountain seemed very close, it was actually hundreds of thousands or even millions of miles away.

At this time, Li Xuanji had basically already fallen into a coma. At this time, her body was almost completely exhausted of its functions, her hair was snow-white, her skin was dry and dull, and no one knew how much she had aged in an instant. She should have been an exceptional beauty to begin with.

The only thing he could do was to obtain the Sacred Fruit of Heaven and Earth.

"Can you hear me?" Long Chen's voice resounded in Li Xuanji's ears.

"Yes!" Li Xuanji replied softly, indicating that her consciousness still existed.

"Can you hold on for at least another six days or so? I will obtain the Sacred Fruit of Heaven and Earth. " Long Chen clenched his teeth and said, this was his current promise, he would fulfill it no matter what!

Although he did not know what was waiting for him in the Nine Serenities Demon Mountain in front of him!

"Don't worry, I can do it," Li Xuanji said with difficulty. With her words, Long Chen felt at ease. He knew that this woman's personality was extremely tenacious, and had some similarities with him. Although she was in a terrible condition, Long Chen believed that she would persevere until he succeeded!

After he calmed down a little, Long Chen started to move forward at full speed. A streak of golden lightning rampaged about, and when it met the trees and mountains, Long Chen did not dodge at all.

Long Chen knew that they were probably already registering.

As for Long Chen's identity, Li Xuanji had long since explained it to Long Chen two months ago. The Li Family had many powers in the Nine Hell Demon Area, and many small families were all directly dispatched here by the Li Family. They had quite a bit of achievements in the area, and some even occupied a large city.

For the past few years, it was Li Xuanji who had been in contact with the various powers in the Nine Hell Demon Area. She was a person who did things very seriously, and the Li family had intended to raise her as the new generation Patriarch.

Amongst them, there was a person whose identity was very suitable for Long Chen. He was a youth called Jiang Yunfan, who was around twenty years of age, with a cultivation of Second Stage of the Divine Martial Realm, and the Jiang Family was one of the three great powers among the Dongsheng City s, with a scale that was not too big, similar to that of the Ghost City. Thus, this youth of Jiang Yunfan could be considered a genius in the Dongsheng City, and was secretly sent to the Li Family to be nurtured a few years ago.

Regardless of whether or not there were any repercussions, Jiang Yunfan was definitely still in Mystic Demons, and it just so happened that Long Chen could pass off as his identity, since he was still one of theirs.

When Li Xuanji was still conscious, she explained to Long Chen about the composition of the family as well as some of the battle skills that she had cultivated, they were all combat skills sent out by the Li family. Once Long Chen learnt them, he had already prepared for the upcoming Nine Serenities Demon Mountain, so Long Chen was sure that there would be no flaws in his identity.

As for the others, they were only giving these people a chance to figure it out and gain a chance to decide their fate. However, those who could obtain the Sacred Fruit of Heaven and Earth, were all people at least of Sixth Stage of the Divine Martial Stage level and most of them were people from the nine great clans of Nine Hell Demon Area.

's Dongsheng City was one of the nine great families, and amongst the nine great families, the Shangguan Family's territory, so this time Long Chen had to go to the Shangguan Camp. Only after he passed the inspection here could he get to the Nine Serenities Demon Mountain, which could be said to have nine entrances.

Finally, on the last day, the day that they were opened, Long Chen rushed out of the nine great camps. The gaps between the nine great camps were extremely large, as they surrounded the entire Nine Serenities Demon Mountain, and the Nine Serenities Demon Mountain was incomparably huge.

At this time, Li Xuanji could no longer speak, she could not learn which camp was Shangguan from his mouth.

Fortunately, there were a few clan forces stationed here to escort the disciples of the clan into the Nine Serenities Demon Mountain. Long Chen casually kidnapped a person of high status and used the soul-controlling technique to find out the location of the Shangguan Family campsite.

"On the other side?"

With Nine Serenities Demon Mountain being so huge, it would obviously take around six hours to get to the other side. From this point of view, the ten thousand people in each camp had already started to enter the Nine Serenities Demon Mountain, and after six hours, it might have already closed.

"Is all my hard work going to be in vain?" Long Chen was a little disheartened. Originally, it was very difficult for him to be in such a state, but his luck was bad.

"No, we can't give up now that we're here!" Thinking about it, Long Chen immediately used Blood Escape without any hesitation. In one blood escape, he could move one hundred fifty kilometers forward using the reverse flow of time, and in this way, he could move one hundred fifty kilometers forward. Although the impact was not too great, but at the same time he was recovering his primordial spirit, Long Chen could shorten his time by a little.

This Nine Serenities Demon Mountain was simply too big. While hurrying with all his might, Long Chen raised his head and looked at the mountain peak that shot into the clouds. It was like a gigantic wall that connected heaven and earth.
