

War God 1161

Chapter 1161 - Shangguan Family

No matter what, he did his best to advance forward. A streak of golden lightning turned into a golden dragon swimming in the sky, flying at a breakneck speed, circling around the gigantic Nine Serenities Demon Mountain.

From the trajectory of Mo Yue in the sky, Long Chen could roughly estimate the amount of time that passed. Mo Yue would never land, but rather, she would stay in the center of the sky and move in circles.

In the middle of the day, Long Chen had travelled for twenty-four hours with all his might before finally reaching the Shangguan Family camp after Mo Yue had moved one sixth of the way.

The Shangguan Family was one of the nine great families of Nine Hell Demon Area.

The power of each of the nine families in Nine Hell Demon Area was weaker than that of the Yang and Li Families, but each family had at least one Realm King Realm warrior as their leader.

After four hours, Long Chen was not sure if the passageway to the Nine Serenities Demon Mountain was closed. If it was closed, then he could only force his way in using the God's rest technique.

In truth, although the Nine Camp was one of the nine entrances to the Nine Serenities Demon Mountain, they could enter other places as well. It was just that it was illegal. The warriors who were guarding the nine great camps only acted like this. The ones who were truly in control of the Nine Serenities Demon Mountain were the warriors who were located in the vicinity of the Nine Serenities Demon Mountain and had the strength of at least the Eighth Stage of the Divine Martial Stage. Their consciousness covered the surroundings of the Nine Serenities Demon Mountain densely, and even if a little bird flew in, they would be able to sense it.

If Long Chen was unable to enter through the legal channels, he could only use the method of sneaking in, but that would be more risky. Long Chen had to ensure that he could obtain the Sacred Fruit for Li Xuanji, so he did not want to take the risk. The Sacred Fruit of Heaven and Earth was Li Xuanji's only hope of survival!

But that would be difficult, very difficult!

Putting aside the fact that the Nine Serenities Demon Mountain had encountered a huge calamity, within the hundred thousand people and under the age of one hundred, there were definitely warriors that Long Chen could not handle. After all, Long Chen's starting point was really too low.

If not as Long Chen had expected, the Shangguan Family's camp had probably already been sealed by now. The main reason that Long Chen could enter at this time was because of luck, so as not to take any risks, he had to force himself to enter.

This mission was extremely important to Long Chen.

He made a promise in front of Li Xuanji. If he couldn't fulfill it, he wouldn't be able to face her death. Li Xuanji's fate was already miserable. After living in the bronze coffin for so many years, not long after she had gotten out of it, her family had already been destroyed. She had suffered enough. Seeing her weak appearance, Long Chen could not bear to see her encounter an even more difficult situation of regret.

After he died, there was nothing left.

Therefore, the pressure in Long Chen's heart right now was extremely huge. Even Cat's joke did not make him laugh.

"To actually be this serious, this brat is for real. Seems like it's better not to provoke cat-lord, otherwise, this little life of his is truly a terrifying man." The little kitten patted its chest in the Great Void Realm and wiped off the cold sweat on its forehead.

"Can you still hear me?" In front of the Shangguan camp, Long Chen stopped in her tracks. After going through countless days of overloads, Long Chen was already half dead from exhaustion. After panting for half a day and adjusting his almost boiling primordial spirit, Long Chen asked while panting.

"Mn." Li Xuanji, who seemed to be an old man, emitted a soft nasal voice. Although she had her eyes closed, she could feel everything Long Chen was doing.

didn't need to speak any further about this, but in her heart, Long Chen's position had continuously risen. In these three months of being together, she had already reached the peak of friendship. As for whether or not there was room to advance, that would depend on fate.

To Li Xuanji, the most important thing right now was to live on.

It was not easy for her to escape, she had not lived enough, and did not finish enjoying her life. After the Li family had been annihilated, she had a fit of excitement, and wished that she could immediately exterminate the Yang family. Although she did teach the Yang family a lesson later, at least ten of the Yang family's upper and middle class people had died in Li Xuanji's hands.

If not for Long Chen's appearance, she would not be alive at this time.

Tears flowed down her cheeks as she thought about it. Her face was full of wrinkles, and her complexion was no longer the same. This was a huge blow to a beauty. The only thing that could save her was the Sacred Fruit of Heaven and Earth.

The only person he could rely on was this tough man beside him.

Hearing that Li Xuanji was still conscious, Long Chen heaved a sigh of relief and said: "Wait for me, we are already at Nine Serenities Demon Mountain. I will go up immediately and give you the Heavenly Sacred Fruit!"

It had taken him close to three months to get to this place from the Mystic Demons, all for the sake of this very moment. Even if he was even more nervous and stressed, when facing the real Nine Serenities Demon Mountain, Long Chen could only remain calm.

After taking a deep breath, Long Chen didn't say anything more and directly walked into the Shangguan Family's camp.

Indeed, other than the Shangguan Family, there was no one else in the camp, especially the youth. This meant that all the youths in the camp had already entered the Nine Serenities Demon Mountain.

Because they were rushing on their way, Long Chen was dressed in an extremely sorry state. In order to enter, he had to disguise himself as a young and ignorant Young Fighters. At this moment, he quickly rushed into the camp and was immediately surrounded by many Shangguan Family warriors.

This was probably a group of warriors from the Shangguan Family who were either part of the Shangguan Family or just guests. They did not have a high position in the family, and at the moment,

they were only assuming the role of guards, the real guardians of the Nine Serenities Demon Mountain were the hidden warriors. These hidden warriors had probably noticed Long Chen and thought that he was just a young man who was late.

A youth like him was not someone they were going to monitor, so they didn't care.

The Shangguan Family wore the robes of the Shangguan Family, the group wore the same robes of a family, the leader was a warrior with a full beard, his strength was at the beginning of the Sixth Stage of the Divine Martial Stage, his entire body was filled with a barbaric aura, probably cultivation techniques were also violent, at this moment he opened up the crowd, a pair of beast like eyes looked at Long Chen, and asked: "Brat, who are you, what are you doing here? Hurry up and get out, or else don't blame me for taking your head! "

Long Chen had no choice but to act, and while gasping for breath, he said anxiously: "Seniors and elder brothers, I am the Jiang family of Dongsheng City, the third son of the clan head Jiang Shili, Jiang Yunfan, I have come all the way here in order to enter the Nine Serenities Demon Mountain to compete for the Sacred Fruit of Heaven and Earth. However, there was an accident along the way that caused me to be delayed, I hope seniors will be lenient and let me in."

Long Chen's tone was extremely sincere, to the point of being anxious, tears almost flowed out, and everyone who heard it was fine.

The leader of the warriors said with a straight face: "So you were late. Our nine great families have strict rules, and after the passage closes, how can it be opened for you. You don't even have a basic sense of time, what qualifications do you have to enter the Nine Serenities Demon Mountain?"

Just as Long Chen had expected, when he saw this fierce-looking fellow, Long Chen knew at a glance that this guy was a villain.

As for the others, since the fierce-looking man's position was relatively high, he was likely a true Shangguan family member, so it was inconvenient for them to say anything.

As for the things about the passage being closed, Long Chen knew that it was pure bullshit. In reality, there was no need to open or close it, as long as this fellow nodded his head, Long Chen could enter. However, there were some people who were like that, who would give you some trouble.

"Senior, can you help? I have paid far too much for the sake of coming here and preparing for the competition of the Sacred Fruit of Heaven and Earth. I have worked day and night for so many times, and to be late for my dream today is just an unavoidable accident. Just help me with a small favor and let me in.

For Li Xuanji's sake, Long Chen could only let go of his temper and give a vivid demonstration of this youth, Jiang Yunfan.

Seeing this young man who was so anxious that he looked like he was about to cry, the other youths had similar dreams. At this time, they couldn't help but feel touched and said to the man with a fierce expression: "Brother Ba, how about you let him in? We were only two hours late, the people inside probably haven't even reached the foot of the Nine Serenities Demon Mountain yet. "

Yes, from Dongsheng City to here, there is a total of 20 million miles, it is not easy to reach here.

"How dare you!" While the others were still talking, the middle-aged man with a fierce-looking face bellowed: "Whether it's me or you guys, I don't understand what you guys are talking about, I only know that I have to follow the Patriarch's orders, the passage is already closed, and no one is allowed to enter at this time, unless he steps onto's corpse!"

These words from Shangguan Ba were filled with vigor and righteousness.

The others looked at each other and could only shut their mouths. In truth, everyone knew that Shangguan Ba was fart, but they could do nothing about his high strength, as they wanted to use Long Chen to prove their might. They could only pinch their noses and accept it.

As for Long Chen, he was unlucky.

"Do you hear me? Get the hell out of here in ten breaths of time. This is the nine great families, the forces that you look up to. We will do everything according to the rules. The Son of Heaven is guilty of the crime as well as being a commoner." Shangguan Ba said proudly. His entire body was shining.

Long Chen's gaze became gloomy, the pleading look on his face slowly disappeared, meeting such a despicable person, he could only accept his bad luck, Long Chen remembered his look, when he had time, at least he would teach him a lesson, and pay the price for what happened today!

Chapter 1162 - Qin Shi

"Xuanji, I can only sneak in. I don't know what will happen, but I'll leave it to fate." After speaking a little more, Long Chen no longer spoke and turned to leave.

Behind him, Shangguan Ba looked at them all with an expression of her own.

Just as Long Chen was about to turn around, two people happened to walk in from outside the camp. They were a young man and young lady, with a young man in the front, dressed in a golden robe, holding a leisurely folding fan. His long hair was tied up, and his body was covered with expensive clothing.

Long Chen could tell with a glance, that this youth's strength was around the same as Shangguan Ba's;

Long Chen did not really care much about this teenager, but the lady behind him gave Long Chen a horrifying feeling. This girl seemed to be in a fog, he could not see her clearly, her lips were red and her teeth were white. She should be a rare beauty, with a cold temperament similar to Li Xuanji. This girl should not be older than a hundred years old, but she should be a Ranker that surpassed the Sixth Stage of the Divine Martial Stage.

This girl gave Long Chen a sense of dread.

and the rest saw them at first glance, and came running over eagerly to pay their respects in front of the youth. Shangguan Ba took a step forward and said: "Has Young Master Ya finally arrived? And this person is actually the legendary Miss Qin Shi, the direct disciple of the Nine Hell World King! "

Seeing this girl, Shangguan Ba's face was filled with shock.

"Oh, it's Shangguan Ba, move your people out of the way, don't stand in front of his, you have offended his." The youth called Master Ya said in a gentle and refined manner as he waved his fan.

"Yes, yes!" Shangguan Ba's face was full of flattery, he immediately nodded, and called everyone to stand up, then went to the side and smiled idiotically at Young Master Ya and the young lady called Qin Shi, like a pug, they looked extremely funny.

Shangguan Ya was very satisfied and said to the young lady beside him: "Miss Qin Shi, please enter the Nine Serenities Demon Mountain from here onwards. With Miss Qin Shi's terrifying strength, this Heaven and Earth Holy Fruit must belong to you."

Qin Shi did not say much, but only looked at Shangguan Ya a little, and said indifferently: "Mister Shangguan, thank you."

After she finished speaking, she walked in front, and unexpectedly spoke to Shangguan Ya. Shangguan Ya's heart was filled with joy, and immediately followed Qin Shi's footsteps, as the two of them passed through the crowd and headed towards the Nine Serenities Demon Mountain, and Shangguan Ba and the others did not say a word, only nodding and bowing as they watched them leave.

From beginning to end, Long Chen was in a state where people had neglected.

When Shangguan Ya and the others passed by him, Long Chen laughed coldly. At this time, he actually kept up with them.

When Shangguan Ya came over, he looked like a little puppy. The things that he did previously was only to prove her authority, and in front of a real noble, his previous words were simply bullsh * t, and she even wanted Long Chen to step over his dead body.

If the mission this time wasn't so important, Long Chen would definitely beat him up until his mother wouldn't be able to recognize him.

At this time, Long Chen took advantage of the time that Shangguan Ya and Qin Shi were in and followed them in. He wanted to see what Shangguan Ba had to say now.

Long Chen had also underestimated Shangguan Ba's unforgiving nature. Seeing that Long Chen actually wanted to muddle his way through, he glared at him, rushed forward, blocked in front of Long Chen, lowered his voice, and furiously glared at Long Chen: "Brat, didn't you hear what I just said? If I tell you to get out of here, do you want to eat your fists? "

"They can go in, why can't I?" Long Chen looked at him with a smile that was not a smile.

Shangguan Ya's eyes revealed a violent killing intent. Towards this ignorant youth, he was completely convinced that if she did not teach him a lesson, Long Chen would never understand that there is such a thing as status in this world. In front of people with status, fairness and rules are but a joke.

"You can compare to them? They are genius martial artists and you are just a scum. Even if you go in, you will be killed immediately. I am saving you, do you understand?" Shangguan Ba threatened.

"I'm not strong enough?" Long Chen suddenly laughed. His viciousness and decisiveness was something no one could compare to, and at this time, Long Chen actually exceeded everyone's expectations. With a boom, he charged into the corner of Shangguan Ba's mouth and directly sent him flying.

This commotion immediately attracted the attention of many people, including Shangguan Ya and Qin Shi. They all turned to look at the teenager, Long Chen.

As for the others, they were all dumbstruck. Not to mention how powerful Long Chen was, he actually dared to hit Shangguan Ba here, no one would have thought that Long Chen would be so daring!

Those warriors who had pleaded for Long Chen a while ago, all looked at Long Chen who seemed to have changed all of a sudden with stunned expressions.

"Bastard!" Shangguan Ba's mouth was full of blood, his entire body was now covered in soil, he crawled back up in a sorry state, his eyes were like a wild beast staring at Long Chen, and he roared: You dare hit me, you dare hit me!

Long Chen quietly watched him go crazy, he did not have any expression, but his calmness made everyone look at him in a new light.

As Long Chen had expected, Shangguan Ya could not take it anymore. Just as Shangguan Ba was about to attack Long Chen crazily, he snorted coldly and said, "Shangguan Ba, if you want to lose face, get the hell out and lose it."

Hearing Shangguan Ya's words, Shangguan Ba trembled all over and said: "Young Master Ya, this brat actually dared to hit me, I"

"In my Shangguan Family's territory, those who dare to hit my family members are courting death. You can handle it, but wait until I'm gone before you attack. Don't provoke my beautiful woman." Shangguan Ya said somewhat angrily.

"Yes, yes!" Shangguan Ba felt a burst of lingering fear, while fiercely staring at Long Chen, he nodded at the same time.

Shangguan Ya immediately turned around to curry favor with Qin Shi.

Once they left, Long Chen would definitely not have any good results.

However, at this time, Long Chen felt no pressure at all. He yelled at the top of his lungs: "We were similarly late and they could have swaggered in, but I had to endure this idiot's insult. It seems like the so-called nine great families and the disciples of the World King s are only up to this extent."

This sentence caused everyone to feel a chill in their hearts. No one would have thought that Long Chen would be so daring to say such words in front of the Shangguan Family and the World King disciple.

"Let him in." Qin Shi glanced at Long Chen, then turned and left.

Shangguan Ya was startled, when Long Chen spoke, he pointed his spear at them, he wanted to kill Long Chen in front of the beauty, who knew that Qin Shi would take the initiative to let Long Chen in?

With everything under Long Chen's control, he made a neck-slicing gesture towards Shangguan Ba, smiled slightly, then turned and rushed in the direction of the Nine Serenities Demon Mountain, leaving Shangguan Ya and the rest behind.

With the beauty gone, Shangguan Ya did not care about this anymore and followed behind her immediately. As for the remaining people, they could only watch as Shangguan Ba was struck in the teeth, and could not even laugh if they wanted to.

"Dammit, this guy is called Jiang Yunfan right? If I catch him again, I will tear him into a thousand pieces!" Shangguan Ba was extremely furious, he immediately rushed out of the Shangguan Family's camp and went out to practice his punches. Today, he was completely tricked by Long Chen, who gave him a severe punch earlier, making him feel extremely painful.

As for Shangguan Ya's side, after Long Chen had walked very far, he carefully asked: "Um, Miss Qin Shi, why did you help that nameless brat just now?"

Qin Shi looked at him coldly but didn't say anything.

What Shangguan Ya did not know was that she had already been despised by this girl. Such a simple question, as a disciple of the nine great families, he actually could not understand it, and even asked Qin Shi.

Especially when compared to Long Chen's IQ, this Shangguan Ya was simply laughable. Although she was well-dressed, she was still just a floating cloud.

On the other side, Long Chen had already successfully entered. Below the Nine Serenities Demon Mountain, there was this lush and verdant forest, which was extremely dense, with some trees that were at least a hundred meters tall. Below the trees, there were many vines and shrubs, and very few gaps in the forest where Mo Yue's light penetrated.

Long Chen had pointed out that she had used his strength and position to break the rules. She could only let Long Chen enjoy the same treatment, which showed that she, Qin Shi Shi, had true strength and not a person who borrowed his status.

The pitiful Shangguan Ya still hadn't figured out what happened.

"I've already come in. You must hold on and fight for the Sacred Fruit with all your might." Long Chen calmed down and said to Li Xuanji who was in the middle of Great Void Realm.

"Good luck."

Her support for Long Chen was evident in these two simple words.

These two words gave Long Chen an incredible amount of strength in his heart. He knew that there was a girl waiting for him, and her expectations was Long Chen's undefeatable strength.

Then, the next step would be to witness a miracle.

Putting aside all thoughts in his mind, Long Chen rushed up to the clouds. Standing on the treetop that was over a hundred meters tall, he looked at the Nine Serenities Demon Mountain that was hundreds of kilometers away. At this location, he could truly observe the vastness and strangeness of this mountain in detail.

In front of him, were countless clouds and mist. The dark green stream of air in the sky revolved around a huge region in front of him, forming a fog that could not be seen with one's eyes. This fog was connected to the clouds and the Nine Serenities Demon Mountain in the sky.

Chapter 1163 - Lightning Chain

One could see an incomparably large mountain standing steeply like a blade, soaring into the clouds. The upper half of the mountain was inserted into the thick, black clouds, and their appearances could not be seen clearly.

What was most terrifying was that a purple colored lightning net firmly covered the surface of the Nine Serenities Demon Mountain, enveloping the entire Nine Serenities Demon Mountain within. That crazy and violent purple electric current roared loudly in the clouds, roaming about like a dragon. Under the disturbance of the purple lightning, the sinister look of the Nine Serenities Demon Mountain would occasionally appear in the clouds.

On the surface of the Nine Serenities Demon Mountain, there were these kinds of lightning shackles everywhere. Therefore, in the middle of the shackles, warriors simply did not rise up high, otherwise, it would naturally attract the lightning to strike them down, and they would hack you into pieces.

Everyone could only obediently climb to the peak step by step. This was the place where the Heaven and Earth Holy Tree resided.

If one wanted to reach the peak of the mountain from the sky, one had to be able to break the lightning shackle. From the looks of the time that the lightning shackle existed, this was clearly impossible.

Ever since it was formed, it had never been destroyed.

From this place, the entire Nine Serenities Demon Mountain seemed like a devil trapped in dense purple lightning.

Although they were separated by a long distance, Long Chen could still feel the purple lightning of the Nine Serenities Demon Mountain, which made his skin feel numb.

The lightning from the shackles of thunder and lightning would strike down from time to time. If one was unlucky, then even a genius cultivator would have to turn their back.

Long Chen was deeply aware that this trip would not be so smooth.

He fought with all his might.

At the same time, there were countless people staring at the Nine Serenities Demon Mountain in a daze. Only those who had broken through their mental barrier dared to continue forward. Some of them stopped in their tracks when they saw the fierce look on Nine Serenities Demon Mountain's face.

Long Chen only looked around for a while before he descended from the treetops and hid himself in the trees. He travelled quickly and was already two hours behind them.

At the same time, the Soul Suppressing Stone's power was extremely terrifying. In fifteen minutes, Long Chen had already arrived at the foot of the mountain of the Nine Serenities Demon Mountain, where he was no longer able to use his divine sense. Fortunately, the Soul Suppressing Stone did not have much effect on the Soul pupil, and at this time, Long Chen had a huge advantage over others.

The layout of the people within a kilometer of him was extremely clear in his mind.

At the foot of the mountain, the Nine Serenities Demon Mountain could no longer see anything. In front of them was an almost vertical wall that stretched for countless of miles, and when the dense fog descended, even the eyes could not see far.

Long Chen looked around and saw that the surroundings were shrouded in clouds and mist. It was extremely eerie, and from the sky, the sound of rumbling thunder could be heard. About a hundred meters away from Nine Serenities Demon Mountain, was the range of the lightning shackles.

He raised his head and saw that the purple lightning seemed to be rumbling on top of his head.

Other than the sound of flashing lightning, there was nothing else in the surroundings.

Without saying a word, Long Chen rushed towards the Nine Serenities Demon Mountain. Currently, it was just that the mist was a little thicker, with his eyesight, he could only see a few hundred metres around him, so most people could only see ten metres around him. The Soul pupil could only see souls, and some unknown dangers that were not so simple.

His breathing had become still.

A distance of a hundred meters was merely a matter of time to Long Chen. At this point, the Nine Serenities Demon Mountain was no longer as steep as he had imagined, it was filled with forests. These tenacious plants, under the might of the lightning, were not affected at all.

Every time the purple lightning flashed, it would be able to illuminate the surroundings of Long Chen.

Reaching here, Long Chen could already see that about a hundred meters above him, there was an incomparably gigantic lightning net s, and every enormous purple colored lightning was several meters thick. Countless amounts of purple lightning formed a net that covered the sky and the earth, and in the middle of the net holes, countless small purple lightning that were like spiderwebs swam about, practically sealing off the path to enter and escape Nine Serenities Demon Mountain from the sky.

The lightning came from the heaven and earth, and it possessed a terrifying might. In any case, even Long Chen didn't dare to resist the purple lightning now.

Long Chen stopped thinking about the huge threat in the sky and continued to advance with his normal heart. Very quickly, he felt the surrounding fog become much denser, and his vision started to drop again. He was already quite a distance away from the ground, but for the entire Nine Serenities Demon Mountain, it was just the beginning.

Long Chen advanced very quickly, and after around fifteen minutes, he caught up to the last group of people. A dozen people appeared within the boundaries of the Soul pupil, and they stayed at their original positions, not knowing what to do, just happened to be within Long Chen's path, so Long Chen increased his speed, and travelled through the dense black fog in the forest. Very quickly, he arrived very close to the group of ten or so people.

These ten or so people were all young men and women, and were all calling out to someone, surrounding one of them, one of them being extremely strange, and being able to come to Nine Serenities Demon Mountain was only a young man, this surrounded young man had blood-red eyes, and a crazed look on his face, from time to time, he would let out some incomprehensible shouts, just like a

wild beast, and was currently facing the people surrounding him, attacking with all their might, attacking ferociously, and a few of them were already injured.

"He's already lost his mind, there's no saving him. Everyone, kill him. Otherwise, there will be others who will die by his hands." A rather calm man's voice came from the other side.

noticed that the young man was holding onto a purple crystal in his hand that was the size of his fingernail, faintly emitting a lightning glow. When the crowd knocked down the young man, one of the young men took away the young man's things, placed it inside the ring, and then disappeared into the crowd.

After killing the teenager, the rest of the youths looked at each other. Many of them were so scared that their faces were ashen, and in their clans, they could be considered children. This was probably the first time they were facing such a terrifying competition.

After stabilizing himself, Long Chen noticed that the young man who had secretly taken the purple crystal appeared again. He said loudly: "Brothers and sisters, we came to this place today with the hopes of our families and elders to change our fates, but two hours have passed, we are still wandering around the foot of the mountain. How can we face our ancestors?"

Long Chen raised his head to look at the so-called turbulence. He realized that in front of the group of youths, there seemed to be a distinct line in the direction that led to the summit, and beyond that line, the fog was ten times thicker than normal, and the speed of air flow had even increased by countless times. Behind that line, there seemed to be a violent wind blowing, and it would not be easy to stand still and move forward.

"But this guy came out of the turbulence. It must be because of the turbulence, that's why he went crazy, right?" A little girl said while trembling in fear.

The teenager who took the purple crystal said, "But among the 100,000 people, more people will be able to pass through this turbulence and go to a higher place. We can't let them stay, today's withdrawal will cause your entire life to fail, if you don't move forward today, ten years from now, a hundred years from now, when your family abandons you, you will definitely regret it, but you won't have the chance!"

Under his influence, many youths had firm expressions and responded in succession. This kind of timid people had no choice but to agree.

"Don't worry, we are a group of fourteen people, whoever is in trouble will be rescued by the others, and we will live on. I, Yu Hongdao, promise that I will let every single one of my brothers and sisters live on!"

This short-haired was the only Fourth Stage of the Divine Martial Realm here, while the other people's strengths ranged from Second Stage of the Divine Martial Realm to Third Stage of the Divine Martial Realm.

To be honest, out of the hundred thousand people, not everyone had the hot-bloodedness that they had always wanted to change their fates. Many of the people were chosen by their families because their families placed great expectations on them.

After everyone made their decision, under Yu Hongdao's lead, they were just about to rush into the turbulence when Long Chen also prepared to go in, he did not think too much, but Yu Hongdao and the others discovered him. They were very cautious at first, but when they saw that Long Chen was also a teenager, Yu Hongdao's eyes lit up, and said: "This brother here, I am Yu Hongdao, and the front is too dangerous.

Long Chen rolled his eyes at him; he was too lazy to be bothered with him, and directly rushed into the floodwaters. He did not have time to fool around with these children, but Long Chen could tell that this Yu Hongdao had some methods, from the way he had secretly taken the purple crystal just now, this fellow was not a good person.

As for what that purple crystal was, Long Chen reckoned that it had something to do with the lightning shackles in the sky. He could vaguely sense that this purple crystal had the same aura as the lightning shackles.

Chapter 1164 - Thunder God's Crystal

A hundred thousand youths and girls, every single one of them had their own lives and deaths. Long Chen didn't have the time to care so much.

When Long Chen entered, the others looked at each other in dismay. One of the young girls said angrily: "This person is so rude. Brother Yu kindly invited him, but he actually ignored him. What kind of nonsense is this?"

"Yeah, Brother Yu did it for his own good. He actually doesn't appreciate our kindness. Not only that, he's so rude as well."

"This kind of person deserves to go crazy in there and hack himself to death."

While they were cursing, Long Chen had already entered the so called turbulence.

This area no longer had any trees, the ground was dry, the wind was surging, and it was extremely violent. Even Long Chen had to spend a lot of effort to make himself stand firmly on the ground.

Long Chen had to follow the force of the gale and use different kinds of strength to resist it. Therefore, even he, would fall unsteadily to the ground as he walked amidst the turbulence.

Especially since although it was empty inside, the thick mist was even denser. Under the strong wind, Long Chen was only able to see things within fifty metres around him. Most likely, the others were even worse off, only able to see around ten metres away.

Fortunately, with the Soul pupil, Long Chen could grasp the distance between everyone.

Inside, Long Chen did not dare to move too quickly. Nine Serenities Demon Mountain was formed naturally, and there were many unforeseen dangers.

As expected, they fell down from all directions the moment they came in. Quite a few people were almost unable to adapt to the change and were immediately blown out, but luckily they were pulling on each other, and finally managed to stabilize themselves.

Long Chen did not manage them at all, and only met them by chance. Very quickly, he advanced at a very fast speed, roughly a hundred meters or so, and the wild wind and mist around him became even stronger, as Long Chen began to see the other people here using the Soul pupil. He was wondering about the behavior of one of the people within the Soul pupil, but suddenly, within the howling of the wind, a string sound appeared without warning.

It was probably the sound of the zither, and the sound was very soft, so soft that it was almost inaudible, but it was a natural and clear sound. Long Chen only heard a small segment and immediately felt refreshed.

"Why is there a zither note in this chaotic region?" Long Chen was curious, the zither music and the sound of the wind, could it be that the sound was coming from somewhere?

"Zither music" In this place, Long Chen found it strange that he could actually hear the zither music. Suddenly, he remembered what happened earlier.

The boy who was surrounded and killed earlier, hearing them say that he escaped from the chaotic flow, his crazy state definitely had something to do with what happened in the chaotic flow. Could that be due to the zither music?

Moreover, within the range of Long Chen's Soul pupil, there seemed to be someone right now who was also in a berserk state, and was wildly running around in the midst of the turbulence.

Long Chen immediately covered his ears. As expected, the zither music had nothing to do with ears, it was completely used on the Divine Martial Spirit. No wonder when he heard the zither music, Long Chen felt refreshed.

"Normally, those who hear such a wonderful zither note that causes one's mind to be disturbed would subconsciously be enchanted by this zither music and have their mind disturbed."

Long Chen reckoned that this was a natural phenomenon in the Nine Serenities Demon Mountain, and at the same time, to these young boys and girls, the hardness of the Zither Sound Warriors was a test.

The heart is the same.

The further he went, the more zither notes he heard, and it was a good thing that Long Chen was prepared in his heart, so for the time being, the zither notes did not have much of an impact on him, thus Long Chen had seen plenty of illusions created by the zither notes, hence he was able to resist them.

The zither music had reached the Divine Martial Spirit, but Long Chen's Divine Martial Spirit was still above the Mysterious Dragon Jade. If these natural zither music could confuse him, then it would be strange.

In terms of mental fortitude, compared to many others, Long Chen had solidified his mental fortitude countless of times.

After all, for cultivators under the age of a hundred, Long Chen had probably experienced the most tests. His past seven years, had been much more exciting than anyone else.

These geniuses of the Nine Hell Demon Area did not even know that there was actually such a low level place like the Realm of Myriad Kingdoms in this world.

As he continued to move forward, the sound of the zither became increasingly loud and clear, until reaching his ears and circling around, Long Chen's mental state was sturdy, at least for now, he was not affected at all, but because of the zither music, he did not dare move too quickly, otherwise, his mental state would probably be affected.

In reality, any ranker who was here would also be slowing down. A few miles away from Long Chen, Shangguan Ya and the mysterious Qin Shi were advancing at the same speed as Long Chen.

"Bastard, you actually ditched me here." Shangguan Ya was aggrieved, but the opponent was still stronger than him.

"Oh yeah, I heard that in this illusion, there are a lot of Thunder God's Crystals that fall from the sky. When the Thunder God's Crystals fuse into one's body, it gives an incomparably huge smile to body forging. The more Thunder God's Crystals fuse together, the stronger one's physical body would become. I brought this treasure with me, so I must collect a little more Thunder God's Crystal. Once that woman, Qin Shi, leaves, it'll be even easier for me to collect it! "

What happened with Shangguan Ya, because it was just a few kilometers away from him, naturally Long Chen did not know. At this time, Long Chen was currently picking up a purple crystal the size of a fingernail from the ground.

Bolts of purple lightning flowed within the crystal.

"This purple crystal should be the result of the thunder and lightning in the sky chaining thunder and lightning. When it has condensed to a large enough size, it will fall down. What Yu Hongdao got just now is also this thing. If it seems to have fused with the body, it will have some effect on the body. "

A long time ago, Long Chen had merged with her raiding crystal and formed a Thunder Flame Battle Physique. However, this kind of raiding crystal was hundreds of thousands of miles away from the current purple crystal.

Long Chen easily fused this tiny crystal into his body. With his current body that was almost equivalent to an eighth grade Body Tempering Battle Skill, this Lightning God's Crystal did not have much of an effect.

Regarding this, Long Chen did not really care about it.

But at this time, he suddenly felt that the dozen or so kids behind him were extremely excited. Long Chen wasn't far from them, so when he listened carefully, besides the zither music, there were also their cheers.

"I seem to have found a place with many 'Lightning God's Crystal' on it?" Long Chen could only smile bitterly, he had also walked past that place just now, but when he was focusing on the zither music, he did not notice what was below his feet, allowing those little fellows to take advantage of him.

Yu Hongdao had the ability to command so it should be possible that he had agreed on the rules for the distribution of the Thunder God's Crystal. In the face of such a large amount of Thunder God's Crystal, they did not fight over it, but instead accepted it into the ring s.

Then, they continued to move forward in high spirits.

Long Chen actually discovered that there were a lot of these tiny Divine Lightning Crystals, but Long Chen was not interested in them and so he never took them. Wherever he went, the dozen or so warriors seemed to have picked up a treasure, each and every one of them were in high spirits and collecting a lot of Divine Lightning Crystals along the way.

Yu Hongdao immediately decided to cooperate with everyone's efforts and kill these few people. After that, he took away their ring and arranged for them to be redistributed.

The deeper they went, the more Thunder God Crystals they obtained. Because they had more people, their battles with others were basically unstoppable, but because more and more people were enchanted by the zither music, the number of people killed by their own people became more and more. Soon, there were only six people left.

The enormous amount of Divine Lightning Crystals distributed amongst the six of them was already quite good.

There weren't many people here, so they didn't dare to be as flamboyant as before. Instead, they stopped moving and slowly advanced, resisting the zither music that they gradually couldn't resist.

Long Chen reckoned that he could probably make it out of this chaotic region.

At this time, a hundred meters behind him, Yu Hongdao seemed to have gone crazy. With bloodshot eyes, he suddenly took out a blade and randomly slashed at his comrade beside him. Two people were actually killed by him in such a short period of time.

"Big brother Yu has gone crazy!"

"Oh my god."

"We'll kill him."

"No, we can't beat him. Let's escape first!"

The remaining three people immediately ran away, but Yu Hongdao seemed to have treated them as his enemies, and kept chasing after them.

"Is he pretending to be crazy?" for all of the Divine Lightning Crystals? " Long Chen laughed, he had been paying attention to this Yu Hongdao from the beginning, and this fellow was actually quite cunning. He first teamed up with the rest of the people, forming a large amount of power, and obtained a lot of Divine Lightning Crystals in the midst of the turbulence. Now that the time had come, he pretended to be crazy and killed all of his comrades.

The goal, of course, was all of the divine crystals.

Although Long Chen wasn't with them, he couldn't watch any longer. He sincerely despised this kind of person who deceived the feelings of others. When Yu Hongdao went on a killing spree, Long Chen decisively went back.

At this time, Yu Hongdao was crazily chasing after the remaining three people.

A figure gradually emerged from the thick fog behind him.

Probably because he felt the aura of a stranger, Yu Hongdao suddenly turned his head around. The moment he saw Long Chen, his blood-red eyes flashed with a look of astonishment. From this, it could be seen that his berserk state was entirely an act.

He glanced at Long Chen, and without further hesitation, he continued to think about those three people. With his speed, he would be able to quickly kill off those three people.

"Damn." Long Chen sneered, and instantly appeared behind Yu Hongdao.

Chapter 1165 - Thunderheart

In the blink of an eye, Long Chen had already arrived in front of Yu Hongdao.

"You!" Yu Hongdao had yet to figure out how this Third Stage of the Divine Martial Realm brat could catch up to him, because with Long Chen's delay, the three targets he had to kill disappeared in a short time. In the midst of the turbulence of the fog, as long as they were out of sight for more than ten meters, they would disappear in a short while.

Yu Hongdao had meticulously planned for such a long period of time, and yet he was actually destroyed by Long Chen. That rage, naturally made him wish that he could kill Long Chen.

From Yu Hongdao's fearsome expression, it could be seen that this fellow actually dared to do such a thing. Long Chen didn't have time to argue with him, and directly attacked.

"Who are you? "You're courting death!" Seeing that Long Chen was actually even ahead of him, Yu Hongdao did not hesitate anymore as he chopped towards Long Chen with his blade that was filled with killing intent. This family's initial Fourth Stage of the Divine Martial Realm, which was about the same as Long Chen's, was far from being able to compare to even a primordial spirit.

A powerful warrior of the Divine Martial Realm had a strong life force, even though he only had a head left, Yu Hongdao was not dead yet. At this moment, his head was flying in the air, his mind was completely blank.

Finally, he saw the mysterious man below him. At this moment, the tip of his Crimson Sky Kingdom sword was pointed at his head.

"Don't kill me!" Using his only remaining head, Yu Hongdao finally reacted as he shouted in fear.

Long Chen was not moved. He was too lazy to waste more time on this guy.

Yu Hongdao had already admitted it, and that he had met an opponent he could not resist. In this moment of life and death situation, he anxiously said: "Look what I have in my hands, as long as you agree not to kill me, it will be yours!"

"On hand?" Long Chen was puzzled for a moment. The slanted light in his eyes looked over, and sure enough, he was holding a purple metal needle that was around ten centimeters long in his hand.

As Long Chen observed the purple metal needle, Yu Hongdao fled in a hurry. He was confident that as long as he was a dozen or so meters away from Long Chen, Long Chen would never be able to find him again.

Although he only had his head left, as long as he returned to the clan, he would still have a chance at survival.

"You want to escape like this?" Long Chen possessed a Spirit Devouring Demon Pupil, which was something Yu Hongdao could never imagine. At this time, a sword light flashed in Long Chen's hands, and a red sword qi directly destroyed Yu Hongdao's head which was more than 10 metres away. Living, dead, this was life!

"What is this?" Long Chen took out the purple metal needle. This was a little similar to Li Xuanji's Shattered Soul Needle, but it did not have the same effect as the Shattered Soul Needle.

As he played with the purple metal needle in his hand, he couldn't find anything amiss, but suddenly, the purple metal needle moved by itself. Like a compass, it spun around Long Chen's palm once, then stopped and pointed to a certain spot.

Long Chen changed to another standing position, but the purple metal needle was still pointing in that direction.

"The Sacred Fruit has not matured yet, so there's no need to rush to the front. This metal needle is obviously pointing at something, I want to see where it is pointing."

After staying here for a long time, Long Chen had a strong resistance towards the zither music. Basically, he could ignore the zither music, and increased his speed, moving towards the direction the metal needle was pointing towards. After around ten breaths of time, Long Chen saw a dozen or so Divine Lightning Crystals on the ground.

"So that's how it is. The metal needle can find the Lightning God's Crystal. However, with my Dragon Body, as long as I absorb more ancestral dragon blood, my body will become stronger and stronger. I have almost reached the level of a body tempering technique of the eighth level, this Divine Thunder Crystal is useless to me. "

Thinking to this point, just as Long Chen was about to put away the purple metal needle and hurry on his way, the purple metal needle suddenly made a huge movement. It spun rapidly, trembled, and finally pointed in a single direction.

"Such a big commotion?" Long Chen threw it onto the ground. The metal needle spun a few rounds and then pointed in the same direction as before. It was very human-like, as if it was very excited.

It just so happened to be in that direction, which was the direction Long Chen was heading in.

"Since we're going the same way, I'll go take a look. What is it this time?" Thousands of thunder-type divine crystals? " If it was really like this, it would be a huge amount of wealth. Even if Long Chen was useless, giving it back to someone else after returning to the True Martial Imperial Palace would not be bad.

After putting away the metal needle, Long Chen was like a gust of fierce wind, walking on this misty, yet rugged mountain road. The fierce wind blew and fluttered his clothes.

The wind and the fog, these two contradictory things, were actually perfectly combined at this moment.

This was the Nine Serenities Demon Mountain, and as he continued to move forward, the zither music continued to ring in his ears, the shaking of the metal needle in his hands became even more intense.

Soon enough, Long Chen discovered that after he walked into a narrow valley, the metal needle in his hands suddenly became scorching hot, and his entire body became fiery-red.

"Such a huge reaction ..." Long Chen also vaguely felt that there seemed to be a very strong wave of lightning beneath this large boulder. Generally speaking, many people would directly pass through this fog region, this valley was strange and narrow, basically no one was willing to come here.

Since he had come, he didn't hold back. Although he was indeed useless with the Thunder God's Crystal, the things inside might really give him a pleasant surprise.

Using brute force, Long Chen moved the huge boulder, and inside, it was a space that was even cut off from the wild wind. When Long Chen moved the boulder, a few bolts of lightning actually exploded out of the cave, causing Long Chen to almost be struck by the purple lightning bolt. This purple lightning bolt was similar to the lightning shackles in the sky, if he was struck, then Long Chen's current body would have to recover for a while.

After flashing this lightning, Long Chen immediately rushed into the cave. This was a hollow cave, it looked like a ball, with a diameter of around twenty meters, the space was not large, but when Long Chen entered, the first thing he saw was the object in the middle of the cave.

This was a rhombus-shaped crystal, purple and transparent. It should be a type of Thunder God Crystal, but its color was a bit darker than a normal Thunder God Crystal. More importantly, this crystal was larger than two heads.

In this cave, Long Chen was unable to describe the beauty of the purple crystal. The entire cave was filled with a purple brilliance, as if it was a dream or a fantasy, and the purple crystal was gently revolving in the middle of the cave. There were a total of nine purple lightning bolts, flashing within the cave like long snakes.

This crystal was supposed to be a Thunder God Crystal, but it was at least 10 times more solid than a Thunder God Crystal. More importantly, it was simply too large compared to a fingernail-sized Thunder God Crystal.

"This is a heart of thunder, and it's very difficult to produce. An ordinary Thunder God's Crystal can fuse a thousand pieces, and it's roughly equivalent to a grade eight body refining divine skill. And this heart of

lightning, after fusing with one, can form a body that's almost equal to a level nine body refining divine skill." At this time, Li Xuanji seemed to have sobered up a little as she forcefully opened her eyes and said.

"Grade nine divine body tempering technique?" Long Chen couldn't help but sigh. His luck was simply too good, he could even encounter such a fortuitous encounter when killing someone. Right now, he had absorbed three out of ten ancestral dragon blood, and his physical strength was equivalent to that of a Divine level seven stage body tempering technique. He estimated that he would need to absorb half of the ancestral dragon blood before his physical strength would reach the level of a Grade Nine Divine Technique.

In the Three Regions Nine Realms, any grade nine divine skill was a gem.

At this moment in front of his eyes, successfully fusing the Heart of Thunder would allow him to become a rank 9 body refining technique. It was definitely a great treasure and also a huge fortune.

However, Long Chen did not plan to use it.

At this moment, Lei Xin was spinning like a dream.

"This is for you." Long Chen walked closer to Lei Xin and continued, "I don't need this thing. When I have about the Fifth Stage of the Divine Martial Realm, I can form a body of this degree.

Such a beautiful crystal core. It couldn't be more suitable to give to someone else.

Li Xuanji's mouth revealed a faint smile. Although her face was no longer the same, it was still very moving, and she said: "I'm training in a ninth grade body tempering technique, and I'm lacking a heart of lightning. If I master it, I'll definitely surpass the body formed from fusing with a heart of lightning.

I didn't expect such a coincidence.

This was only an unexpected windfall, but he didn't think it was so suitable for Li Xuanji. No wonder she was so weak, yet she still woke up to this thunderstorm.

The thing that he had obtained from her was his own. At this time, without saying a word, Long Chen walked over to the Lightning Heart, and reached out his hand to touch that Lightning Heart.

However, Long Chen was even faster, he had long expected that the Heart of Thunder would not be easy to deal with, so he was already prepared. At this time, Long Chen opened his left hand, and a golden lightning dragon rushed out from his palm and wrapped around the heart of the lightning, allowing Long Chen to open his Great Void Realm, and absorb it.

Success.

"Thunderheart!" Just at this moment, a heart-wrenching cry came out from the hole above them. Long Chen had previously focused on Thunderheart and Li Xuanji, and did not use Spirit Devouring Demon Pupil to monitor the surroundings. This could be considered as a slight oversight on him, but when using the Soul Eye Technique, he could only see the humans and beasts, and could not continue using them.

Chapter 1166 don't underestimate me

Don't underestimate me

Using the Soul Eye Technique, Long Chen heaved a sigh of relief. Luckily, there was only one person coming, so no one within a radius of a kilometer had any intention of approaching him.

In this way, he could focus on taking care of the man in front of him. Long Chen had sneaked in from the start, so he couldn't attract anyone's attention just because of this matter with the Heart of Thunder.

It could be said that all the assets in the Nine Serenities Demon Mountain, including the Heart of Thunder, were shared by the Nine Hell Demon Area.

"What a coincidence, it's actually you." When he saw that aggressive looking person, Long Chen almost laughed out loud, because the man in front of him was dressed in luxurious clothing, his face covered in oil and he was exactly the Shangguan Ya he met in the Shangguan camp.

Shangguan Ya looked at Long Chen with anger in his eyes. Long Chen noticed that he was also holding a handful of metal needles in his hands.

Previously, when the metal needle suddenly made such a huge movement, Shangguan Ya was extremely excited. She hurriedly rushed over, but did not expect others to be faster than him by a step.

"I've seen you right. It was just a moment ago!" He saw that the one who had stolen the heart of the lightning was Long Chen, and Shangguan Ya was finally relieved. He was a dignified disciple of the Shangguan Family of Nine Hell Demon Area, and Long Chen was not a bumpkin who came from some place, there was a difference in status and status between heaven and earth. Usually, Shangguan Ya would not even bother to talk to such a lowly person, so he just stretched out her hand and said: "You gave me the purple crystal from earlier, it is something that my senior from the Shangguan Family left for me to take back.

As Shangguan Ya spoke, she counted out three thousand divine crystals from the ring and said as she laid on the ground: "Come over and take it away, hurry up and give me the purple crystal."

Seeing that Long Chen did not make a move, he was getting impatient, this brat was too slow. From what Shangguan Ya knew, a nobody like Long Chen would probably never see three thousand God Crystals in his entire life, right?

If he did not call the purple crystal Thunderheart, Long Chen would not understand even if he said that it was Thunderheart.

What made Shangguan Ya angry was that Long Chen was actually smiling at him, but did not make a move.

Shangguan Ya was furious, she extended her leg and kicked, causing three thousand Divine Crystals to fall to the ground. He pointed at Long Chen and said angrily, "Kid, are you deaf? Hurry up and give it to me. Otherwise, I won't even give you a single strand of hair, let alone three thousand divine crystals! "

"You want to send me away just because you took three thousand crystals?" Long Chen said very calmly.

Shangguan Ya was stunned, then suddenly laughed, waving her fan around. "Truly, a human's heart is not like a snake swallowing an elephant, as expected, a human's greed is limitless, but have you ever heard of a saying, 'Men die for wealth, and birds die for food'? Now, I have already decided. Not to mention 3000 divine crystals, even if it's just a single hair, you can forget about taking it away. Just obediently take out the Thunderheart and I will spare your life. "

As he spoke, Shangguan Ya released an aura that belonged to the Sixth Stage of the Divine Martial Stage. That terrifying might filled the narrow cave and suppressed Long Chen, causing him to have no way out.

"What if I don't? This is a good thing that can cultivate a rank 9 Body Refinement Divine Technique. You don't have enough chips, and you want me to hand it over?" Long Chen joked.

Shangguan Ya did not expect Long Chen to actually know the use of Thunderheart. In order to prevent Long Chen from shouting and exposing himself, he immediately said with a nervous face, "I didn't expect you to actually know Thunderheart, I admit defeat now that you have knowledge. Tell me, what do you want, as long as you ask for it, my Shangguan Family will not treat you unfairly, but if you go overboard, my Shangguan Family will let you and your family escape everywhere!"

Seeing Shangguan Ya suddenly become so nervous, Long Chen laughed and said: "Actually, my request is also very simple, it's just that I'll have to trouble Sir Shangguan to take off your pants. Then, please take off your pants and play with your own little brother ten thousand times, I'll give you Thunderheart, how about it?"

"What?" When Shangguan Ya heard him, his face immediately became the color of a pig's liver. He obviously understood that Long Chen was insulting him.

"Bastard, do you really think I'm a fool if I don't teach you a lesson?" Shangguan Ya roared, she could not help but take action, but right now, Long Chen was even faster than him!

"Devouring Blood Realm!" As a disciple of the Shangguan Family, he had been trained in all sorts of ways since childhood. Although he had the kind of strong sense of superiority that even the disciples of large families had, when it came to this, this thing that had appeared out of nowhere actually dared to joke around with him, or even fight with him, at least by a little bit?

Shangguan Ya's expression was solemn, and finally, at this time, she put away her contempt.

However, it was already too late.

Long Chen had already killed many warriors of his level. At this moment, the God Slaughtering Sword Formation had already formed under Shangguan Ya's feet, and the terrifying sword energy had congealed into a blood colored divine dragon. In this narrow space, it immediately pierced through Shangguan Ya's body.

Shangguan Ya let out a blood-curdling scream. When she looked down, her lower body had already been destroyed by Long Chen.

Although he stopped looking down on Long Chen, he never would have thought that Long Chen would be strong to this extent. That sword formation just now, was at least a sixth grade Divine Skill, a sixth grade Divine Skill.

He only thought that it would be good enough for him to use that grade six divine skill, but who would have thought that this little brat who came out of nowhere would actually use it so casually.

There was only half of his body left in an instant, which meant that if Long Chen were to repeat again, the only outcome for him would be death. As he grew to such a big extent, Shangguan Ya never thought that he would die at this moment, when suddenly, a gray cloud enveloped him.

At this time, Long Chen's ghost-like figure appeared in front of him.

"Spare me, spare me, don't kill me, as long as you don't kill me, you can put forth any conditions!" Shangguan Ya looked nervous as she screamed.

Long Chen was expressionless, and the Crimson Sky Kingdom finger in his hand was pointing at the tip of Shangguan Ya's nose.

"Don't kill me, I'll do whatever you want. Can't I steal the Grade 8 Divine Technique from my family and give it to you?" My sister is very beautiful, she is also in the Nine Serenities Demon Mountain, can I give her to you? "My sister's beauty is unparalleled. Among the nine great families, there are many who have taken note of her. As long as I make a move, I can definitely trick her into coming here. I'll let you feel free. What do you say?" In front of death, Shangguan Ya's face was ferocious, one hand crying and one hand begging.

The difference between his current appearance and his earlier attitude was like the difference between the sky and the earth.

Shangguan Ya never thought that such a day would actually come for him.

The cold and brutal tip of the Crimson Sky Kingdom's sword caused Shangguan Ya's entire body to tremble.

He nervously looked at Long Chen.

At this time, Long Chen slowly said, "When I was still seventeen, I knew that as long as I didn't kill the person who wanted to kill me, that person would definitely kill me in the near future. "Therefore, you can only blame your bad luck, Master Shangguan."

"No!"

This was Long Chen's rule, being merciful to the enemy was akin to being cruel to himself. Especially in this Nine Serenities Demon Mountain, where there were many powerful people from the Shangguan Family nearby, if news of Long Chen injuring Shangguan Ya and obtaining the Heart of Thunder were to spread, he would definitely die without a burial ground.

After finishing Shangguan Ya off completely, under Long Chen's control, the heart of lightning within the Great Void Realm gradually approached Li Xuanji, shining brightly in the sky above, contrasting everything around her with the purple brilliance.

"So beautiful." Li Xuanji opened her cloudy eyes, and the corners of her mouth revealed a satisfied smile.

However, Long Chen was not relaxed at all. He knew that under normal circumstances, Li Xuanji would not accept such a precious object like the Thunderheart so easily. She only realized that her life was more or less over, and did not hold much hope that Long Chen would be able to obtain the Sacred Fruit of Heaven and Earth.

To be able to open her eyes and look at such a beautiful present before dying was a very beautiful thing for her.

When she was no longer around, Lei Xin was still Long Chen's.

Although she did not say anything, Long Chen knew what she was thinking.

He was a little angry, and after exiting the cave, Long Chen said unhappily: "Don't underestimate me."

"I didn't mean to underestimate you." From Long Chen's words, Li Xuanji realized that Long Chen was a sensitive person. He must have guessed what he was thinking from his own emotions.

"No matter what, you can persevere as long as you can. If you give up now, you'll be letting me down." After saying that, Long Chen increased his speed and headed towards the direction of the dense fog.

Li Xuanji's eyes were a little lifeless. Faintly, a trace of tears flashed in her eyes.

"En!" She looked at the glittering heart of lightning above her head, and suddenly revealed a faint smile.

Li Xuanji was aware that if she were to give up now, if she were to be disappointed first, it would be letting him down.

After coincidentally obtaining the Heart of Thunder for a bit, Long Chen didn't hesitate anymore. His resistance towards the zither music far surpassed the imagination of others, and after going beyond a single person, Long Chen finally broke out of the music's range after about two hours.

Chapter 1167 - Ancient Mutations

This place was no longer the foot of the Nine Serenities Demon Mountain, but the waist of the mountain. Raising his head to look, he could see that the vast expanse of land was covered by a sea of clouds.

In front of him was a lush and verdant forest. There were dense trees that shot up into the sky. There were tall trees and short ones, the tallest ones were at least a hundred meters tall. These trees had a diameter of more than ten meters.

Under the trees, there were countless fallen leaves covered in a thick layer of roots. It was obvious that no one had been here for a long time.

A sense of strangeness came from this forest.

Long Chen naturally understood that in this Nine Serenities Demon Mountain, there were more than just the strange zither notes that blocked his way. According to Li Xuanji, there were a lot of fierce beasts, some of them were even true Goblin Tribes.

Fortunately, as long as they were living beings, Long Chen would be able to grasp their position in advance.

A hundred thousand Young Fighters came from all directions. In Long Chen's direction, there were mainly warriors from the areas under the jurisdiction of the Shangguan Family of the nine great families, but there were also naturally some from other families who might have deviated from their original route. And the higher they went, the more the people from the various families would gather together.

All of Nine Hell Demon Area's warriors had gathered here. This was the most grand disciple test of the entire Nine Hell Demon Area.

Within one Li of Long Chen, there were still people present. These people were all carefully diving deeper into the forest. Long Chen estimated that about a fifth of the way to the summit had already been traveled by now.

His speed was faster than anyone else's by just turning into a bolt of golden lightning. As expected, in the forest, there were a lot of fierce beasts, and most of the fierce beasts in Nine Serenities Demon Mountain were venomous beasts. Along the way, Long Chen saw spiders, scorpions, venomous snakes, and even large sized ferocious beasts, most of them were suffering from extreme pain. These venomous beasts may not be high levelled, but because of their poison, they had a terrifying killing ability.

These Iron Spiders were covered up with a huge tree that was as tall as the sky. The color of the tree was similar to the color, and if a normal person had sharp eyes, it would be difficult to find out that there were so many steel needles on the tree. As long as they got close, those thousands of Iron Spiders would charge forward, but the poison would be able to let all of the warriors on the Sixth Stage of the Divine Martial Stage die.

Long Chen had temporarily made this part of the forest into the venomous beast Forest, he was sure that after going through the forest, a large number of warriors would die, after all, among the fierce beasts, the venomous beast was more terrifying.

Many venomous beasts, even experts with Divine Martial Stage were unable to resist the poison.

Because Long Chen's speed was too fast and he could clearly see the arrangement of the venomous beast with the Soul pupil, his path was basically unimpeded. After walking for two hours, he had already travelled a very long distance, and after walking another fifth of the way, he had probably reached half of the Nine Serenities Demon Mountain.

Long Chen still had some lingering fear in his heart as he saw with his own eyes hundreds of millions of thumb-sized ants charge past, turning a small group of practitioners into bones in an instant.

This was the rule of competition.

Only by surviving through countless competitions would it be possible to reach the peak of martial artists. As long as 50,000 people could survive, then there wouldn't be much of a problem. As long as the real powerhouses appeared among the 50,000 people.

After reaching the position in front of Long Chen, the number of venomous beast had decreased, and his pace had slowed down a bit. According to his estimations, the more he went online, the more terrifying the danger would be, and if the number of venomous beast in this place decreased, then there would definitely be other threats.

Right at this moment, a youngster suddenly rushed into the range of one mile from his Spirit Devouring Demon Pupil. The youngster stumbled as he escaped, his expression miserable, and very quickly, he met Long Chen head on. This youngster's age is not old, his cultivation is far away, just like the current Long Chen.

From this youth's demeanor and actions, Long Chen could see that he had fallen into an extreme state of fear, and it was definitely because of an irresistible and terrifying danger ahead.

"Run!" Upon seeing Long Chen, he immediately shouted, with a mournful voice.

"What's going on?" Long Chen stopped in his tracks.

At this moment, it seemed as if he was just mumbling to himself, as he said in front of Long Chen: "Too terrifying, I don't know what it is, it's really too terrifying. As long as his spores enter your body, it will immediately absorb all the nutrients in your body, and it will grow out on your body! A lot of people died like that. How many people are trapped in this place? They can't even go up. "

The first crisis was the enchanting zither music in the mist, and the second crisis was the forest filled with venomous beast. From this youth's words, one could tell that the third crisis was ahead, and many people were trapped in this place.

"What is it?" Long Chen asked.

"I don't know, I don't know! The sky is filled with its vines, full of barbs! This is simply a terrifying monster! Heavens, how did I come to this place!"

With that, he ignored Long Chen and ran off.

Long Chen's eyes narrowed, without saying a word, he continued to move forward. Arriving at this place, the number of people in front were obviously increasing, Long Chen quickly joined their ranks, and the majority of them were young boys and girls, with terrified expressions on their faces, they grouped together into small groups, nervously looking forward, and upon reaching this place, Long Chen discovered that the surrounding ground was actually trembling violently.

There must be some amazing creature in front.

"This monster should be the ancient beast mentioned by the chief. It's quite rare to see such a large one."

"Yeah, with it in front of us, how are we going to find the Sacred Fruit? "Indeed, only those absolute geniuses have the chance to compete for the Sacred Fruit of Heaven and Earth."

Ancient mutated?

Very quickly, a cliff appeared in front of him, and the commotion caused here was already very loud. The ground that Long Chen was standing on, the degree of trembling of the ground, was enough to cause a strong practitioner to fall down.

From the cliff, Long Chen could finally see what was happening below him. In the forest below, there were countless thick vines that directly extended out from the ground, and the vines were everywhere within a mile, making it impossible to see just how many were there. They were like tentacles moving around, and as they moved left and right, they could not see the end of the vines, which Long Chen felt that it was possible that the vines had circled the entire Nine Serenities Demon Mountain.

And what made Long Chen even more shocked was that the countless vines were actually a whole entity, deep underground, hiding the torso of this creature. And these vines, were actually part of its tentacles or claws, from his field of view, there were already thousands of them. If these vines surrounded the entire Nine Serenities Demon Mountain, then this monster had at least hundreds of thousands of tentacles.

It was these rattan vines that were covered with barbed tentacles that blocked their path.

When Long Chen first saw this monster, at the same time, he saw many people attempting to rush through this vine, but, although this vine looked heavy and heavy, it was actually incomparably nimble. The speed and power that it released was truly astonishing, and with any random twitch, its strength was already comparable to the peak of the martial artists in the peak of the Fourth Stage of the Divine Martial Realm.

If a few vines were to gather together, it would be equivalent to a full powered strike from a Fifth Stage of the Divine Martial Realm practitioner.

As long as a warrior rushed in, he would immediately fight with those countless rattan trees. It was a very chaotic scene.

If that was the case, then these vines wouldn't be enough to scare so many people, and would still have two abilities. First, they would not die, and the cut off vines would regrow from the ground in a very short period of time.

Those young vines directly pierced through the internal organs of a person, and even into the head of a person. No matter how strong a warrior was, when they encountered such a thing, they seemed to have no resistance, and in a very short period of time, they miserably howled their death. Those young vines penetrated through the body of the warrior, and when the warrior was sucked dry, a creature in the shape of a sea urchin would appear, immediately turning into the ground.

Long Chen was also a little scared. He could understand that these countless vines came from a larger version of those sea urchin-like creatures from a while ago. (TL: Uhh)

"It is indeed different from ordinary demon beasts. It can't be considered as a plant type demon clan. Was this creature called an ancient beast? Just like the Nine Hell Illusory Butterfly. "

From the Nine Hell Illusory Butterfly, he once again thought of Ling Xi.

Unknowingly, he seemed to miss her. Whenever he thought of her, there would always be a sweet feeling.

However, now was still the time to go all out.

Long Chen on the other hand, was very strong. He dug it out from the ground and took a look, but there was no time.

Everyone had their own destinies, so Long Chen couldn't care about all these people.

However, he was very curious. This thing had no eyes. How did it see so many people? Did it rely on smell, or something similar to divine sense?

If it was a divine sense attack, then it would be easy.

Chapter 1168 - Myriad Incarnations Vine

Looking over, at least within the range of Long Chen's divine sense, there were thousands of people who were blocked by this strange vine, not daring to advance.

From their conversation, Long Chen heard the name of the monster — Myriad Evil Vines.

According to the legends, if one could create trillions of clones, it would be extremely terrifying.

This sort of ancient beast was rather powerful and weak. However, anyone that was able to survive to this age seemed to have a terrifying life-saving method.

If an ordinary warrior was slightly whipped by the Evil Vine, their skin and flesh would probably be torn apart. Not to mention that those strange spores could actually parasitize in their body and suck out their flesh and blood.

Long Chen could imagine how terrifying of an effect this kind of Ten Thousand Demonic Vine would have if placed in a suitable place.

Right now, he should be imprisoned in the Nine Serenities Demon Mountain and could not cause any trouble. Only when the Sacred Fruit of Heaven and Earth matures would he be able to display his lecherous might.

It was obvious that the Myriad Manifestation Evil Vine was very excited.

Time waited for no one, but there were still quite a few people who charged past the attack range of the Myriad Manifestation Evil Vine, successfully entering the mist-covered forest in front. Some of these people were lucky, as they did not receive the attack of the Myriad Manifestation Evil Vine. The other

portion of them had powerful strength, so they could directly cut through the Evil Vine and then charge forward.

Of course, some people were extremely powerful, but if their luck was bad and they received the important treatment from the Myriad Manifestation Evil Vine, the end result would not be good. They would either die from being whipped alive or their flesh would be sucked dry by the spores.

It was precisely their tragic state of death that made everyone tremble with fear. They no longer dared to advance.

Only true geniuses, or those who desperately wanted to change their fates, could obtain the Sacred Fruit of Heaven and Earth. The timid and weak people, under the Nine Serenities Demon Mountain's layers of trials, were stopped, and didn't dare to take another step forward. Right now, at least half of the martial artists had been intercepted by the Myriad Manifestation Evil Vine.

If he wanted to change his fate, he would have to face the danger of death.

Long Chen was the only one who came to this place because he wanted to save someone. His goal wasn't to change his own fate, it was something even more important.

Without thinking much, Long Chen jumped down the tall cliff in front of everyone's shocked eyes.

"Another cannon fodder."

In fact, many of the warriors with Fourth Stage of the Divine Martial Realm and those with Fifth Stage of the Divine Martial Realm were still standing at their original spots, not daring to rashly advance. Normally, only the warriors with Sixth Stage of the Divine Martial Stage would be able to steadily pass.

However, all the warriors of the Sixth Stage of the Divine Martial Stage were geniuses amongst geniuses. In the future, they would all have a chance at reaching the peak of the Divine Martial Stage.

Long Chen was bold, but in everyone's eyes, it was just a tragedy.

Judging from Long Chen's clothes, one could tell with a glance that he was definitely not a person from one of the nine great families, and that he did not possess any of the powerful supplies from those families. Furthermore, a little kid with Second Stage of the Divine Martial Realm actually rushed past the Ten Thousand Transformation Evil Vine in a tight suit of armor, this was the power bestowed by the clan.

Long Chen did not bother to care about what the others thought. Amongst these hundred thousand people, although many of them surpassed Long Chen in terms of age, in Long Chen's eyes, they were nothing more than children.

After landing on the ground, the Myriad Manifestation Evil Vine from before clearly appeared in front of his eyes. Every vine that was filled with thorns had a diameter of at least one meter, and it wasn't very long, but it was filled with a terrifying aura.

Thousands of rattan vines were dancing in front of his eyes. Thousands of warriors had met again in this place. Occasionally, someone would rush over by luck, and sometimes, someone would even die. There were even some that didn't get far enough after rushing over and were swept back by the horrifying Evil Vine.

The place Long Chen landed at was very close to the Evil Vine, and was already recognized as an enemy by it. In the first moment, Long Chen saw two thick and thick Evil Vines, which were actually pulling towards Long Chen.

Long Chen did not make any movements, but he used the God's rest technique first. Although the other party using his perception was only his guess, Long Chen still wanted to try it first.

The entire Nine Serenities Demon Mountain was suppressed by the Soul Suppressing Stone. Normal people would not have imagined how terrifying the Soul Suppressing Stone was. When Li Xuanji was at her peak condition, even her spirit sense would be suppressed to the point that she couldn't use it.

Actually, Long Chen did not hold much hope, since if the Myriad Evil Vine had used a similar divine sense perception, the Soul Suppressing Stone would have suppressed it long ago. How could it accurately grasp everyone's position?

However, what Long Chen did not expect was that when the Evil Vine reached a dozen meters in front of him, it actually stopped, and revealed a very human-like side. It wriggled its tongue in confusion, then ignored Long Chen and went to attack the others.

"It's really effective!" Long Chen was a little surprised.

It seemed that the Myriad Manifestation Evil Vine was using something similar to soul consciousness, but it wasn't suppressed by the Soul Suppressing Stone. However, it was suppressed by the Divine Remembrance technique. From this, it could be seen that the origin of this stupid kitten was truly not simple.

Little Cat should also be considered a member of the demon clan, moreover, of the ancient demon clan.

After all, facing the Myriad Manifestation Evil Vine was still quite troublesome, but right now, Long Chen could easily walk through the dense and terrifying Evil Vines.

That terrifying battle had occurred right next to him, and the place he had walked through seemed to be a pure land. Not far away, there were many people who saw Long Chen's situation and were all stunned. Most of them were people who thought that Long Chen was just cannon fodder but did not make a move, the Myriad Manifestation Evil Vine had already terrified them.

And at this moment, the cannon fodder in their eyes was actually so easy. As they walked past the location of the Myriad Manifestation Evil Vine, the terrifying Evil Vines that were flying up and down seemed to ignore him as if they couldn't see him, turning a blind eye to him.

Long Chen reckoned that the Myriad Evil Vines was located in the middle of the Nine Serenities Demon Mountain, and the higher up he went, the closer he got to the Heaven and Earth Holy Tree. Long Chen raised his head to look, the sky was still shrouded in lightning chains and dense fog, and at the top of the mountain of the Nine Serenities Demon Mountain, he could faintly feel the pressure of heaven and earth.

Hope was right in front of him. Long Chen increased his pace and his situation caused many people to cry out in alarm. Their expressions were sluggish as they looked at him with both envy and jealousy.

"Just what is going on with this kid?"

"Ah, the Myriad Manifestation Evil Vine actually did not sense his existence, how is this possible!"

"He must have something good on him, but he's not from the nine great Clans."

They wanted to find out why they could do this, but there was nothing they could do. If they were not careful, they would lose their lives, and would no longer have the energy to care about Long Chen.

Just as he was about to walk out, a change suddenly occurred. The crowd immediately became noisy, causing Long Chen to be on alert. He turned around to see a young man standing on top of the cliff.

Looking at this man, Long Chen squinted his eyes. He understood that warriors who could give him this feeling would all be powerful opponents. Among them, there would definitely be those who would be able to reach the Ninth Stage of the Divine Martial Stage a thousand years ago. Just like Li Xuanji, Qin Shi, who she had met before, who was known as the disciple of the current Nine Hell Demon Area, had the chance and qualifications to do so, but this young man in front of him also had the chance and qualifications.

It was because he was born in poverty, but he had a terrifying tenacity. Only by understanding how to persevere would he be able to obtain victory, and that was the reason for his current achievements. If this kind of person was an enemy, then he would be even more terrifying than those who had access to limitless resources since young.

This man wore a set of silver armor that was thin and close-fitting, but there was a type of power that made people amazed. It was obvious that his defensive power was extremely terrifying, and the power from his silver armor even merged with the young man's strength, forming a kind of convergence that multiplied the young man's strength by several times.

This silver longsword was even more terrifying than the silver chain armor that he had previously seen. Long Chen had seen Chu Tiange's Clear Sky Sword before, and it was clear that this thing was at least on the same level as the Clear Sky Sword.

In terms of innate talent, this youth surpassed someone like Chu Tiange.

From his body, Long Chen felt the pressure of the will of heaven and earth. Without a doubt, this youth's strength was extraordinary, and would presumably be Seventh Stage of the Divine Martial Stage or warriors of Heaven and Earth Appearance Mantra, similar to Qin Shi.

This young man had long silver hair, and his eyes were cold and resolute. He had a rather elegant appearance, and although he looked like a mother, there was a sharp heroic spirit in his eyes that was similar to the silver spear in his hands.

"It's actually the Silver Dragon Spear — — Su Zhe!"

"Heavens! It's actually him! He's one of the hottest contenders for the Sacred Fruit of Heaven and Earth!"

When this youth appeared, many people were in a dazed state. Looking at this youth named Su Zhe, their eyes were filled with admiration and admiration. Of course, there were also people who were jealous of him in their hearts.

Other than Qin Shi, this was the second true opponent that Long Chen had met that caused him to feel a sense of dread.

Almost everyone who was still sitting around were discussing about Su Zhe. It could be said that his fame had exceeded the geniuses present in the nine great families.

Chapter 1169 - Silver Dragon Spear

That's right, from their conversation, Long Chen could tell that this Su Zhe was not from the nine great families.

Speaking of which, the rise of this Su Zhe also had a mythical quality to it.

However, he was not a direct descendant but an illegitimate child of the family head. He had been bullied and had to endure humiliation since childhood, and although he was talented, because he did not have the resources to cultivate, he had no one to guide him, so he had remained silent until the day he was killed and thrown into the mountain stream during a conflict with a direct descendant of his family.

Everyone thought he was dead, even his father didn't care about the son of the servant girl. But what shocked everyone was that after ten years, he returned, wearing the same set of chainmail and holding that spear, and became the number one expert in the small city. Those who had bullied him before were all killed, including his father, who had lost an arm.

His progress could only be described as terrifying. An insignificant person of low status, was actually able to match the existence of the World King's disciples, and it could be said that Su Zhe was simply the idol of the young warriors of the Nine Hell Demon Area.

In particular, his appearance was very handsome, surpassing many of the other clans. The nine clans all offered him an olive branch, wanting to marry the most talented woman in their clan. However, he politely refused each of them. However, none of the nine great families had acted to kill this genius. They seemed to have heard that it was because of the highest existence of the Nine Hell Demon Area and the words of the Nine Hell sect that no one was allowed to touch him.

It was possible for such a person to become a World King Realm warrior a thousand years from now, and thus be the target of special protection.

Furthermore, from their conversation, Su Zhe seemed to be a good person, he was not an evil person. He was open and upright, his way of doing things was very principled.

After hearing what they had to say, Long Chen felt that he appreciated this kind of person.

Of course, Long Chen didn't bother to greet him at this time. If he wanted to obtain the Heaven and Earth Holy Fruit, this person was definitely one of his strongest competitors. If it was a life and death battle, Long Chen would not retreat.

But just at this moment, the Silver Dragon Spear descended from the sky just like what Long Chen had done previously, causing an earth-shattering applause and cheers. Very quickly, he arrived above the Ten Thousand Transformation Evil Vine, and was still a distance away from the location of the lightning shackles. Standing there, he was like a god descending from heaven, his body flickered with a resplendent silver radiance.

Immediately, the Myriad Manifestation Evil Vine sensed his existence, and in that moment, ten of it headed in Su Zhe's direction. Long Chen stopped in his tracks, knew that it was best for him to know his enemy well and see the strength of his strongest opponent, which was also a good thing for him.

"So fast!"

The speed at which he brandished the spear made even Long Chen feel ashamed of himself. Streaks of silver light slashed down, and in the midst of the cheers of the crowd, the ten odd Ten Thousand Devil Vines turned into powder, falling downwards!

"Oh my god, he's too strong."

"As expected of Su Zhe!"

The crowd burst into cheers.

The treatment he received was simply far, far worse than what Long Chen had received before.

Su Zhe did not stop, he turned into a ray of light and shot down, the long spear in his hand danced, he started to move, suddenly a silver shadow shuttled back and forth between the dense and densely packed Myriad Evil Vines, one vine after another was shattered by his long spear. The speed at which the Myriad Evil Vines were destroyed, had surpassed the speed of regeneration for the first time.

On the cliff, the cheers grew louder and louder.

In everyone's eyes, Su Zhe was simply a hero.

Indeed, if it was him, it would be very easy for him to rush over. From the direction of his killing, it could be seen that he was opening a path for everyone.

After a quarter of an hour, the road was cleared, and under Su Zhe's recruitment, there were already a dozen people rushing over. But from Long Chen's perspective, this was not Su Zhe's real goal, and after cleaning for a while, he suddenly entered a tunnel that was created by an Evil Vine, and disappeared without a trace.

"What's in there?" Without saying a word, Long Chen followed along and went into the tunnel. Su Zhe's speed was extremely fast, but he was still in Long Chen's field of vision.

"His goal is to kill this Myriad Evil Vine?" Long Chen understood very quickly, if he followed the tunnel opened up by the Evil Vine, he would be able to find the Myriad Manifestation Evil Vine's body. This brat is really bold, just like me! "

Long Chen knew that although the Myriad Manifestation Evil Vine looked very big, there was only one body, and it was hiding in the belly of the Nine Serenities Demon Mountain.

Following Su Zhe's footsteps, Long Chen went deep into the mountain, looking at the Spirit Devouring Demon Pupil, at least the main body of the Myriad Evil Vine should not be within a kilometer radius. Long Chen increased his speed, after a few steps, Su Zhe actually noticed him, and immediately turned his head to block in front of Long Chen, and when he realized Long Chen's strength, his cold expression relaxed a little, and said: "What are you doing following him, I'm going to kill the main body of the Myriad Evil Vine. It's very dangerous, hurry up and go out."

Long Chen was not willing to waste time with him, so he turned and left. He had only come in to see what was going on, and was not interested in killing the Myriad Manifestation Evil Vine.

However, inside the cave, Long Chen felt that it was a little strange, as if the deeper he went, the colder it became. This kind of cold was not cold, nor was it cold.

This feeling of flames, made Long Chen suddenly think of Mo Xiaolang.

"Why does this cold feel like it's the Nine Serenities Demon Ancestral Fire? Nine Serenities Demon Mountain, the Nine Serenities Demon Ancestral Fire, could it be my misconception?"

Long Chen stopped in his tracks, wondering if he should go in and take another look.

This was related to Li Xuanji's life. As for the Nine Serenities Demon Ancestral Fire, when he had time in the future, she could come and take a look, since he had the Divine Breath Technique and it would be very difficult for others to discover it.

After thinking about it, Long Chen turned and left. When he returned to the surface of the earth, many of the Evil Vines had already sprouted out, but there were already a large number of warriors. With Su Zhe's help, they had successfully passed through the area controlled by the Myriad Evil Vines and headed deeper in.

Long Chen used the Divine Breath Technique and in a short period of time, he had also passed through the area in front of him, and what laid in front of him was an even more sinister forest. Long Chen was about to enter, when suddenly a few warriors surrounded him.

Another person said, "If you take it out, you will be able to survive. In addition, us brothers are not bad people, you can join our team, and you can see that the forest ahead is where the true demon race gather. They like to kill solo warriors, only by forming a team can they survive.

In order to prevent Long Chen from escaping, they surrounded Long Chen from all sides.

The strength of these few people could actually be considered very strong amongst the hundred thousand people present. The previous leading practitioner was already at Sixth Stage of the Divine Martial Stage, and was only at the early stage, while the others were basically at the Fifth Stage of the Divine Martial Realm.

If this force was combined, it would be impossible to defeat without at least three Sixth Stage of the Divine Martial Stage s. Long Chen was only a practitioner of Third Stage of the Divine Martial Realm, so they believed that Long Chen would definitely not reject their invitation.

To their surprise, Long Chen did not agree, nor did he refuse, and instead, directly took action.

These warriors were not his opponents yet. After about half a quarter of an hour, almost everyone was lying on the ground wailing in pain, while Long Chen stood between them unscathed, his body completely unscathed, as if defeating these people would not even take a bit of effort.

Everyone looked at Long Chen as if they had seen a ghost.

Long Chen did not want to kill them, it was just a small matter. After he entered, he had only killed two people in total. One was Yu Hongdao, and the other was Shangguan Ya.

After getting rid of them, Long Chen left immediately. The warriors who were blocking his path all crawled away one by one. When Long Chen truly left, they looked at him with lingering fear.

"Big Brother, who exactly is this person? Have you ever heard of it? "

"No, but I can guarantee that his strength isn't Third Stage of the Divine Martial Realm, and should be at the peak of the Sixth Stage of the Divine Martial Stage. The only ones who can defeat me in one move can only be warriors of this level."

"Oh, oh, I never thought that we would actually meet an iron plate, and actually meet such a person who is ranked in the top twenty out of the hundred thousand warriors. If this kind of person wasn't trained by the nine great families, it would be a genius type warrior from Su Zhe just now."

"No wonder he dared to chase after Su Zhe earlier, so he was strong enough!"

With regards to Long Chen's strength, they admired it greatly and revered it in their hearts. Of course, they were most grateful that Long Chen did not kill them.

Originally, they were the ones who provoked him first, but Long Chen did not kill them. He was already benevolent to the point of not killing them, experts all have his own tempers, especially those at this level.

What they did not know was that after Long Chen walked for another few hundred meters, he was stopped by another group of people. The weight of these three people were much heavier than the warriors before.

Yan Huang Dragon City was the commander of the Central Plains. It was a family that had been left behind for a long time — the Wealthy Class.

Until an overbearing dragon broke through the sky and fought against all the dragons in the sky, extinguishing all the lives in the world ...

The blood of the contemporary dragon is sacrificed to the heavens, and the dragon is sealed within the body of its child

Eighteen years later, at the Snake Year New Year's Ceremony, the young man who was fated to live and die together with the Duo Long let out an inhuman dragon's roar of despair. The land of the Nine Provinces started to tremble.

Destiny is very damned. Wang Long pointed his middle finger towards the sky, "Don't f * cking call me a hero, because heroes are all forced out by f * cking b * tches."

Chapter 1170 - Poison Shadow Clan

Qin Shi was the only person that Long Chen had ever seen who could match up to that Su Zhe.

Because she was also one of his most important opponents, Long Chen was still quite concerned about her.

At this time, Qin Shi stood between the three of them with a calm face and emotionless face. She was wearing a long, dark green dress that fluttered in the wind, and although she was young, he had a childish look on her face.

Although she did not express anything, the arrogance in her bones was something that not even the disciples of the nine great families could compare to. After all, she was the strongest disciple among the Nine Hell Demon Area and was also a person who had hopes of becoming the strongest in the future.

The pride that came from the depths of his bones was disdainful, but he just didn't show it.

Even if she was smiling at you and talking to you, she still believed that there were levels and levels between them.

From her gaze, Long Chen could roughly guess her character. All these years he had travelled extensively, and had seen too many people, so he would have experience seeing a lot.

As for the other two, Long Chen was not familiar with them.

One of them looked gentle and refined, her appearance was somewhat similar to Shangguan Ya, but she was simply not on the same level as Shangguan Ya. Shangguan Ya's elegance and affectation was only feigned, but this man's bones were indeed noble and elegant, this was a unique temperament, others couldn't imitate it, and now it was only him, giving Long Chen a smile, giving others a feeling of familiarity like being bathed in spring wind.

The other one was dressed in a black tight suit. His eyes were sharp and his expression was arrogant. His entire body was gleaming with sharpness as the corners of his mouth slightly curled upwards.

A total of three people stood in front of Long Chen.

The man who looked similar to Shangguan Ya stepped forward and walked in front of Long Chen, smiled slightly, and said extremely appropriately: "Let me introduce myself, I am Shangguan Feng, a member of the Shangguan Family, one of the nine great families. As for the two of them, their reputations were like thunder piercing one's ears. For example, this person ...

He pointed to the black robed arrogant youth and said: "This is Zhao Yunlong, a young warrior from the Zhao Family of the nine great families. In the Zhao Family, there is no one who is his match within the

age of one hundred, he is the number one genius of the Zhao Family for the past hundred years. As for this person, I will not introduce him.

He was referring to Qin Shi.

"I know, he's a disciple of the World King." Long Chen took over his words and said.

Seeing Long Chen's neither humble nor arrogant expression, Shangguan Feng was very satisfied, but Qin Shi was still expressionless, as if it was none of his business. He thought that Zhao Yunlong was smiling with disdain, with his arms crossed, ignoring Long Chen.

Shangguan Feng was confident, as long as he was a young disciple of the Nine Hell Demon Area, he would be shocked when he saw the combination of these three, but Long Chen obviously had a calmness that matched his strength.

At this moment, Shangguan Feng said with a smile: "We saw your battle just now, and according to our estimates, your strength should be at the peak of the Sixth Stage of the Divine Martial Stage. Amongst the three of us, the two of us are also in the same realm, while Miss Qin Shi is an outstanding beauty, we have already comprehended Heaven and Earth Appearance Mantra, so the strength of the rest of us, being able to meet here, can also be considered fate."

Long Chen roughly understood what he meant.

Just now, he heard a group of warriors say that the real place was occupied by the Spirit Demon Race, and it could also be the last barrier of the Nine Serenities Demon Mountain. Those who dared to rush past here, were basically all at least Sixth Stage of the Divine Martial Stage.

Speaking to here, Shangguan Feng smiled and said: "Oh right, I've already said it so far, but I still don't know your name."

Long Chen thought for a while. He didn't want to be looked down upon by the disciples of the nine great families, especially Qin Shi, so he said calmly: "Jiang Yunfan, from the Dongsheng City's Jiang family. Under the Shangguan family's jurisdiction, I presume Sir Shangguan knows about the Dongsheng City?"

Hearing the name Dongsheng City, Shangguan Feng smiled. He vaguely remembered that there was a middle ranked city in the clan's jurisdiction.

Of course, he didn't know who was in that city.

The Shangguan Family occupied one-ninth of the entire Nine Hell Demon Area. He couldn't remember how huge it was.

However, those in the Shangguan Family's jurisdiction were much easier to deal with.

Shangguan Feng was very satisfied, but Zhao Yunlong was not. He spoke with a hoarse voice: "Shangguan Feng, if you have something to say, just say it. It's just a disciple of a small clan, there's no need to work so hard."

His eyes were filled with contempt and he had never treated Long Chen as his equal. After hearing about Long Chen's family background, he was even more uninterested.

To be able to become a genius to this extent was indeed not bad, but in the end, they didn't have the backing of a large clan. In the future, the Shangguan Feng and Zhao Yunlong who were present at the scene, under the guidance of the clan, would definitely pull Long Chen far away.

However, he acted as if he did not hear Zhao Yunlong's words, and said to Long Chen: "Actually, Brother Jiang should have already guessed my motive. Presumably, Brother Jiang also knows that the Goblin Tribe that lives here is one of the Goblin Tribe, Poison Shadow Clan. Demonic beasts are not comparable to ordinary beasts, and their combat power is astonishing, and they can often kill warriors beyond their cultivation levels. Furthermore, we, the nine great clans, have been imprisoned in this Nine Serenities Demon Mountain for tens of thousands of years, and the hatred of the Poison Shadow Clan for our human race can already be considered a grudge against the heavens. Our Heaven and Earth Holy Fruits, which only happens once every five hundred years, is the only chance for them to take revenge, especially against the young geniuses of the nine great clans like us.

They estimated Long Chen's strength to be at the peak of the sixth stage of the Divine Martial Realm. Coincidentally, Shangguan Feng had proposed for Long Chen to join their team, one more person would at least be a safeguard.

After saying all that, Shangguan Feng looked at Long Chen with some anticipation.

was actually weighing the pros and cons in his heart. If it was really as they had said, the more talented the Poison Shadow Clan was, the more they would want to kill him. If Long Chen truly met an expert of

the Poison Shadow Clan, even if it was impossible for him to die, there would definitely be a fierce battle.

Of course, if he were to go alone, the advantage was that his speed was fast. He would be able to reach the location of the Heaven and Earth Holy Fruit as soon as possible.

However, Long Chen realized that his greatest weakness was that he did not know anything about the Nine Serenities Demon Mountains. Li Xuanji did not know much either, but for disciples like Shangguan Ya, who even knew about the bloodline of the Poison Shadow Clan, he probably knew even more about the Heaven and Earth Holy Trees in the future.

Furthermore, even Qin Shi was not anxious, Su Zhe had directly ran into the ground and killed all the vines, so Long Chen did not rush up, and was not the first person to obtain the Heaven and Earth Holy Fruit.

If he stayed with these people, he might be able to obtain more useful information.

After weighing the pros and cons in his heart, Long Chen had already made his decision.

There was also one more thing, Qin Shi, Shangguan Feng and Zhao Yunlong were all top geniuses in Nine Hell Demon Area, they were all people with status, they thought highly of themselves, and even Shangguan Feng was a very proud type of person, if they were to reject Long Chen, wouldn't that be a slap in the face?

Therefore, Long Chen made a prompt decision, smiled slightly, and said: "Since you all have invited me, I, Jiang, am happy to join you all."

He didn't need to say much, as this was more appropriate.

Hearing Long Chen's reply, Shangguan Feng also laughed. He lightly patted Long Chen's shoulder and said: "Then from now on, we are partners in battle, you are not a member of the nine great families, and the information you have possibly obtained is not enough. If you have any questions, you can ask me."

"Thank you very much."

Long Chen nodded.

They walked together in an extremely happy manner, but Qin Shi still didn't have any expression on his face. After confirming his confirmation, she immediately turned around and walked in front, while Zhao Yunlong coldly snorted before walking away. It was obvious that he was somewhat dissatisfied with how he treated a disciple of a small clan with such a polite attitude toward Shangguan Feng.

From his point of view, Shangguan Feng had dropped the value of the nine great families.

Long Chen then carefully looked at the desolate forest. Compared to the forest filled with venomous beasts before, this forest did not have a rotten smell like before. However, it was extremely gloomy, filled with a somber atmosphere, and even the branches and leaves of some trees seemed to be sharp.

As they advanced, they did not say anything.

Long Chen and Shangguan Feng were walking at the back and were currently using Spirit Devouring Demon Pupils to scan their surroundings. If the so called Poison Shadow Clan was here, he would definitely be the first one to notice them.

"This part of the forest, almost all the way to the peak of the Nine Serenities Demon Mountain, where the Heaven and Earth Holy Tree are. Poison Shadow Clan could appear on the way, so he couldn't slack off. Their strength will be around the fifth grade of the Divine level after they reach adulthood. According to the names of the demon race, they are called the fifth grade demon gods, but there are still some that have reached the level of a sixth or even seventh grade demon god, which is very troublesome. It is possible that some of the powerful people among them will not even be able to deal with us.

Shangguan Feng explained to Long Chen in a low voice as they advanced.

"Why is the Monster race placed in this place?" Long Chen tried to test the waters.
