

## War God 1171

### Chapter 1171 - The Land of the Apocalypse of the Human Race

After pausing for a moment, Shangguan Feng continued: "That's why fighting the Spirit Demon Race is a type of test that must be tried and tested during the process of growth. This time, rather than calling it fighting for the Sacred Fruit of Heaven and Earth, it's better to call it training for all the young warriors.

Long Chen finally understood that the higher ups of the Nine Hell Demon Area were really ruthless, allowing their disciples to experience real combat. Surviving from the hands of the Poison Shadow Clan was of great help to every warrior in the future.

A martial artist's heart, soul, and will were all part of their combat prowess. They were key parts that would allow them to become strong in the future.

On this point, Long Chen was especially outstanding.

Just like the battles at the trial in the True Martial Imperial Palace's Three Thousand Great Temples, the True Martial Imperial Palace's trial battles were of a mission type, but the Nine Hell Demon Area gathered everyone together.

If there was a direct competition between the latter, it would be more difficult and the effect would be better.

As long as they passed through this forest, they would be able to reach the location of the Heaven and Earth Holy Tree.

It was likely that everyone was also mustering all their strength and was preparing for the final charge.

Long Chen then asked Shangguan Feng a few more questions, and quietly hurried on his journey. The dense fog was still lingering in the forest, but the killing intent in the air was becoming denser and denser.

When he got closer, he saw that it was actually a bright red rose. Lifting his head to look around, he could see that it seemed like this kind of blood-red rose, which was strange and bloody. There were blood-red roses everywhere, which was quite dazzling in this dark and gloomy forest.

Upon closer inspection, one could see that these roses were dripping with blood.

Of course, this wasn't real blood, but a kind of blood-colored liquid. It was secreted by this kind of blood rose.

After the blood rose appeared, the surrounding atmosphere seemed to have become even more terrifying. Vaguely, the faint rustling sound of blood could be heard, causing one's hair to stand on end.

"The Blood Rose has appeared. From now on, this is the territory of the Poison Shadow Clan. Everyone should be careful." Suddenly, Qin Shi's voice came from the front. It was the first time she spoke with a cold tone.

After walking for about a mile, Long Chen shuddered. The stench of blood in front of him seemed to indicate that the Poison Shadow Clan had appeared.

As they continued forward, the smell of blood became stronger and stronger. Soon enough, they discovered more than ten corpses on the ground. Their bodies were covered in blood and they had already lost all signs of life.

The eyes of the dead had been filled with terror, but their heads had been hollowed out. It was obvious that before they died, they had gone through a horrifying process.

Judging from the circumstances of their deaths, these people were clearly killed by the Poison Shadow Clan.

Shifting his gaze away from the dead bodies, he saw an ancient stone tablet in front of him. A chilling aura spread out from the stone tablet, and a few large flamboyant words were written on it in blood. That was the place where the human race had perished!

It was obvious that they had encountered the most unequal treatment here. They had been raised by the human beings as tools for the younger generation to try their luck with without any dignity. This was indeed a kind of tool, no wonder the Poison Shadow Clan was so crazy.

"See them all. Then be careful."

Shangguan Feng said, expressionless as he moved past the corpses. Everyone here was a top disciple in the clan, they would naturally not affect their condition for the sake of the corpses.

As they continued to move forward, Long Chen continued to converse in a low voice with Shangguan Feng, trying to get some information about the Sacred Fruit of Heaven and Earth from his mouth. However, once the Holy Fruit was mentioned, Shangguan Feng kept quiet and did not want to talk about it too much, Long Chen only knew that the Sacred Fruit would not ripen for a short period of time.

At least until Shangguan Feng reaches the Heaven and Earth Holy Tree, the Sacred Fruit wouldn't ripen.

This was a secret, Shangguan Feng did not truly treat Long Chen as one, and of course he would not tell him.

In the middle of Great Void Realm, Li Xuanji's eyes were still closed.

"I've already come up. Hold on for at least a day." Long Chen whispered into her ear.

"Yes," she told Long Chen with a soft voice, telling him that she was still alive. Seeing her current state, Long Chen's heart felt heavy. When they were fighting over the Sacred Fruit of Heaven and Earth, everyone was his enemy, even the few people in front of him, Long Chen didn't believe that they had no ill intentions.

Therefore, he was prepared for the people around him.

After walking for another two to three kilometers, Long Chen suddenly trembled, and raised his head. In front of him, there was obviously a life form that had charged into the vicinity of his Spirit Devouring Demon Pupil.

The speed of this life was almost at the same level as the peak of the Sixth Stage of the Divine Martial Stage. Previously, Shangguan Feng had said that the Poison Shadow Clan possessed the blood of the wolf and bat races, and the wolf race had bestowed speed upon them.

This Poison Shadow Clan might not have come for Long Chen and the others, but after smelling the scent of humans in the middle, they changed their direction and headed towards Long Chen and the others.

Long Chen's performance caused Shangguan Feng to be suspicious, and he immediately asked: "What's wrong?"

At this moment, Shangguan Feng and he had walked to the side, and the one closest to the Poison Shadow Clan was him.

At this time, Qin Shi and Zhao Yunlong also felt the existence of the Poison Shadow Clan. Even though they were geniuses, it was the first time they saw a demon, and the two of them were a little nervous to reunite with Shangguan Feng. However, when they realized that there was only one person coming, they both let out a sigh of relief, and their faces revealed relaxed smiles.

"I'll deal with it." Shangguan Feng was the closest to the Poison Shadow Clan.

They were all warriors with very high statuses, so naturally, they were not willing to lay siege on a small clan like the Poison Shadow Clan. Since Shangguan Feng had already said so, the other two people should leave first.

As for Long Chen, no one asked for his opinion.

Right at this moment, a gust of wind swept past, and a figure appeared in front of Long Chen and the rest. He quickly took action, and in an instant, Long Chen could clearly see the man's appearance.

It was a skinny man about one meter tall. He was lean and tanned, and looked like steel, tough and full of power, with a slightly long narrow head, sharp eyes, and eyes like that of a ferocious beast. His entire body was filled with a dense demonic aura, and most obviously, he had a pair of powerful bat wings on his back.

The moment his hands changed, they transformed into claws and this Poison Shadow Clan member immediately attacked Shangguan Feng who was at the very front.

Generally speaking, they would have two battle forms, one of which was similar to that of the Beast Fighters, which was also the current form of the Poison Shadow Clan. This form had an extremely strong speed, and could also ensure a certain degree of physical advantage, one must know that the monsters in front of them were extremely terrifying in physical terms, and the Poison Shadow Clan in front of them was probably only a fifth stage demon god, but their physical strength was equivalent to that of a sixth stage Divine level body tempering technique. If it was a sixth stage Spirit Demon God, he would almost be comparable to Long Chen.

This state had the most terrifying attack power and physical body, but its degree of flexibility would be slightly reduced. However, no matter what, it was still the strongest state of the demon race.

Back then, when the wolf cub transformed into the Sun Devouring Demonic Wolf, he was the strongest.

Without saying a word, Shangguan Feng started to fight with the Poison Shadow Clan.

He was just a normal member of the Poison Shadow Clan who had just reached adulthood and was a fifth stage Goblin God. Even if he died, he would only be able to deal with warriors who had just entered the Sixth Stage of the Divine Martial Stage. After all, these warriors were still young, and had not much battle experience, so the quality in his heart was not good.

However, he was naturally not a match for Shangguan Feng, these top warriors. Shangguan Feng had trained a lot in this level seven divine skill, to the point of using it now, he had suppressed this Poison Shadow Clan member from the very beginning.

However, what shocked Long Chen the most, was that he did not see any terrifying emotions from this Poison Shadow Clan member. All he saw was that they were unafraid of death, his attacks were extremely crazy, his eyes were completely blood-red, and when he attacked, he did not defend at all. Each of his moves were extremely ruthless, and had truly stunned Shangguan Feng within a short period of time.

When he saw Shangguan Feng and the rest of the helpers, he knew that he had met a tough opponent today. If he continued to persevere, he would only die in vain, so after fighting for a while, he used a move to force Shangguan Feng to retreat, and actually escaped quickly.

"Please wait here for a moment, I will be right back." Shangguan Feng chased after him with an indifferent tone.

Behind him, Zhao Yunlong laughed in disdain: "Shangguan Feng is really getting more and more muddled. If it were me, I would definitely have killed this thing in a few moves. Why use so much effort?"

Unfortunately, no one paid any attention to him.

Qin Shi ignored him, Zhao Yunlong acknowledged her, and did not expect Long Chen to ignore her. Zhao Yunlong fiercely glanced at Long Chen, gestured with his fist, and said to Long Chen: "What are you looking at, do you believe that I will annihilate your Dongsheng City's family?"

Long Chen still ignored their threatening actions, he looked in the direction that Shangguan Feng had left. These people were indeed too careless, to actually get chased by Shangguan Feng alone, but would something happen to Shangguan Feng?

## Chapter 1172 - Nest

His life and death didn't have anything to do with Long Chen, and Shangguan Feng wasn't too far away from him either. Within a few miles, he caught up to the Poison Shadow Clan member, so his luck wasn't that good this time.

Shangguan Feng was the Shangguan Family's strongest genius within the span of a hundred years, his cultivation was almost similar to Chu Tiange's. It was just that without Chu Tiange's Clear Sky Sword, he would still be considered a rare opponent.

Unknowingly, Long Chen had already become a true expert capable of fighting shoulder to shoulder with Chu Tiange. Now that he was fighting against Chu Tiange, he no longer needed to sacrifice his blood.

He was always getting stronger.

After about fifteen minutes, Shangguan Feng returned unscathed with an excited smile on his face. Just as he returned, he said to everyone: "After suppressing that guy, I used my Shangguan Family's secret technique to interrogate him. What kind of shocking news do you think I got?"

His words caught Zhao Yunlong's interest. Zhao Yunlong hurriedly said, "If there's anything, just say it. Don't beat around the bush."

Shangguan Feng chuckled and walked to the center of the group. He said mysteriously, "The entire group of the Poison Shadow Clan is almost out now."

After speaking to here, Zhao Yunlong's eyes lit up, and he said: "What you mean is, do you know the way to their lair? Every time the Poison Shadow Clan's Nine Serenities Demon Mountain was opened, they would kill a large number of warriors and obtain their treasures."

Although Qin Shi didn't say anything, his eyes seemed to be very interested in the Poison Shadow Clan's lair.

Shangguan Feng laughed disdainfully: "As a genius of the Zhao Family, you are probably not interested in this property, right? Of course, I do now know the problem of their lair, and I also know that they have collected a very valuable item in their lair."

If even Shangguan Feng said that it was a very precious thing, then it must be very precious.

"Shangguan Feng, I know why that Venomous Shadow Clan member was able to escape from your hands. It must have been because you let him go, and then found a place to pry out this information from his mouth, right?" Zhao Yunlong looked as if he had suddenly realized something, and then continued: "Tell me the truth, what exactly is in their nest?"

Before Shangguan Feng could say anything, Qin Shi interrupted them and said: "Shangguan Feng, with your personality, wouldn't you monopolize the good stuff? Why did you come back to tell us that you want to share it with us?"

She wasn't as reckless as Zhao Yunlong, who still held doubts towards this matter.

Shangguan Feng said in a straightforward manner: "I had originally planned to take all the treasures for myself, but from here to there would be a lot of Poison Shadow Clan members on the way, I can't take all of them by myself. Besides, we are a team now, so we can't share all the good stuff, can we?"

Then he laughed.

"I'm afraid the first part is true." Qin Shi didn't give him any face. She coldly looked at him and said.

However, if it was them, they too would be the same. It was obvious that Shangguan Feng would ask for their help because he couldn't swallow this thing.

From start to finish, they did not seek Long Chen's opinion, as if they had forgotten about him.

At this time, Shangguan Feng had already let them down, his eyes flashed with a strange light. He shrugged his shoulders and said: "You all definitely wouldn't think of it, once it melts into your body, it would be able to form a ninth grade Refining Body's heart of lightning!"

"Thunderheart!" Hearing this name, Zhao Yunlong's face became fanatical and full of greed. Qin Shi's face also tensed up and asked in disbelief: "Are you sure it's Thunderheart?"

"That's only natural." Shangguan Feng nodded.

It was hard to see any flaws in it.

There was only one person who had a strange smile on his face. Seeing the expressions on the three of them, if Long Chen told them that his Great Void Realm already had a Thunderheart, what would they think?

Long Chen reckoned that in this Nine Serenities Demon Mountain, there shouldn't be too many such things as Thunderheart, right?

Was what Shangguan Feng said true?

He could not come to a conclusion on this point yet. They were not in a hurry with regards to the Sacred Fruit of Heaven and Earth, and were sure that it would take some time before it would ripen, so Long Chen was not in a hurry.

"I've decided to go to their lair. What is your decision? If you two don't have that kind of courage, then I can only go by myself." Shangguan Feng indifferently sized up the two of them, and waited for Qin Shi and Zhao Yunlong's answer.

As for Long Chen, who was standing at the side, he had basically forgotten about.

"Of course I'm going. Isn't it too much of a loss for you, Shangguan Feng, to obtain this kind of heaven defying thing?" Zhao Yunlong said without the slightest hesitation.

"Miss Qin Shi, what about you?" Shangguan Feng asked gently.

"Let's go." Qin Shi did not hesitate. Even she was moved by something like Thunderheart.

Just as they were about to get up, Shangguan Feng suddenly thought of Long Chen and quickly said: "Brother Jiang, I'm sorry to have forgotten about you. We're going to the Poison Shadow Clan's lair, do you want to go?"

Before Long Chen could answer, Zhao Yunlong said from the side, "Brother Shangguan, there's only one Thunderheart, the three of us are not even enough to split it with you, isn't that adding on more?"

Before Zhao Yunlong could finish his words, Long Chen suddenly laughed and said: "Since we're already here, of course we have to go. You're right, there's only one Heart of Thunder, and three people aren't enough. So what if there's one more? On the way, let's all work together. At that time, whoever obtains Thunderheart will depend on their own abilities."

Long Chen's words successfully stirred the hidden feelings in everyone's hearts.

Everyone understood that if a Thunderheart was placed in front of them, no one would compromise. When that happened, the four of them would definitely be disbanded and enter a state of chaotic battle. Now he could be considered a comrade. At that time, he would be an enemy.

After all, no one wanted to give up on something like Thunderheart.

looked coldly at Long Chen, and said: "When the time comes, the first thing I will do is kill you, you blabbermouth."

With that, he let Shangguan Feng lead the way, and the four of them followed Shangguan Feng without further ado. Long Chen ran at the back, and in terms of speed, he was even faster than Qin Shi.

"Thunderheart? Could there be two? Such a precious item, if Shangguan Ya knew about it, would he really come back and tell everyone that she wanted them to compete at that place? If he can't get Thunderheart, there's no benefit at all. "

Long Chen thought for a while, then understood the gist of it. He estimated that Shangguan Feng had some sort of plan in mind.

As they continued forward, they went deeper and deeper into the forest. The blood roses in the forest became more and more beautiful, and the murderous aura became more and more terrifying, as if they were filled with killing intent from all directions.

For the sake of Lei Xin, the group moved faster and faster, no longer caring about how much of the Poison Shadow Clan they would attract.

A large number of warriors had died in their hands. In reality, it was not easy to pass through the sea of mist, then through the forest of venomous beast, then to the place where the Myriad Evil Vine resided. There were not many people who were able to reach this place.

On the way, Long Chen and the rest met one or two groups of warriors, who were all wounded or injured, each of them not looking too well, obviously, they had experienced a very tragic battle, the Poison Shadow Clan was even more terrifying than they imagined. The most important thing was, if a small team was discovered and the Poison Shadow Clan escaped, within a short period of time, they would attract a large amount of companions, until they were all killed.

As Long Chen and the other two were advancing, they encountered a few more waves of Poison Shadow Clan. The most they encountered was five people at one time, but none of them were strong, so one of them was able to deal with one, and Qin Shi Shi was able to kill two of them quickly.

Not only would they have a fighting state similar to that of a Beast Fighters, their main body would be even stronger when displayed. Long Chen could also be considered to have witnessed the true strength of a demon clan.

In the blink of an eye, half a day passed.

Zhao Yunlong was getting impatient, he shouted: "Shangguan Feng, how far more to go?"

"Don't worry, it'll be done in less than an hour." Shangguan Feng said in a relaxed manner.

Zhao Yunlong raised his head and looked. He could vaguely see Mo Yue amidst the shackles of lightning, and saw her position. He said somewhat impatiently, "If I can't reach the top of Nine Serenities Demon Mountain before the Sacred Fruit of Heaven and Earth matures, I'll let you climb down."

"Do you have the ability to do so?" Shangguan Feng rolled his eyes at him, and said with some disdain.

"Looks like you're looking for a beating." Zhao Yunlong stopped in his tracks, looked at Shangguan Feng with a gloomy gaze, and after a few words of conversation, the smell of gunpowder between the two of them rose.

In this period of time, Long Chen had been walking at the back. Basically, even if the Poison Shadow Clan appeared, it was not his turn to take action, as if he was ignored by the other three people.

Initially, Long Chen was worried that they would not make it in time for the ripening of the Heavenly Sacred Fruit, but luckily, they were advancing towards a curved direction, but it was still towards the summit.

Just as Shangguan Feng and Zhao Yunlong was arguing, Long Chen's Soul Eye Technique had caught hold of many visitors, causing him to be a little apprehensive. This was probably the most terrifying attack everyone had ever seen from a Spirit Demon race member, it seemed like a portion of the Spirit Demon races already knew where they were.

That's right, they had left quite a few tracks on the way here. The people of the Poison Shadow Clan had chased after them from behind. It was likely that they had followed the trail here.

## Chapter 1173 - Shangguan Feng's conspiracy

Along the way, they had left quite a few corpses behind. Judging from this, the newcomers must have known that these people possessed extraordinary strength.

Long Chen turned his head back, and very quickly, he could see afterimages approaching him from afar, quickly moving their bodies in the blood-colored forest. The afterimages quickly appeared around Long Chen and the others, completely surrounding them, and there were a total of seven or eight people, all of them strong warriors of the Poison Shadow Clan.

Suddenly encountering such an attack, everyone's expression changed. Shangguan Feng no longer argued with Zhao Yunlong, but quickly leaned together with Qin Shi and the other two.

Long Chen looked around. These Poison Shadow Clan people were basically all Level 6 Goblin Gods, there wasn't even a single Level 5.

There were strong and weak sixth stage Spirit Demons, and the strongest one was able to instantly kill the weakest. It was just like how there was a difference between an initial stage Sixth Stage of the Divine Martial Stage and a perfect one.

Amongst the eight sixth stage Spirit Demons present, there were two of them, who were at the peak of the Sixth Stage of the Divine Martial Stage, and were at the same level as everyone else.

However, there was one thing that mattered. The battle prowess of a demon clan could sometimes be beyond ordinary. Even someone like Qin Shi wouldn't dare to act rashly in the face of a sixth grade demon god.

In the eyes of these demon clan members, Long Chen saw a monstrous hatred. Every demon clan member's body was ignited in flames of fury.

Two of the leaders were wearing different clothes than the others, they stood together and looked like brothers. At this time, they looked at everyone and let out creepy smiles, one of them gritted his teeth and said coldly, "I didn't expect us to be so lucky, the four of you should be the genius warriors of the top nine families. The nine great families owe us so much, today we brothers are going to give them a huge gift. "

"With just all of you, I'll see if you still dare to boast like that after I beat you up." Zhao Yunlong said with a cold snort.

After he finished speaking, the leader of the Poison Shadow Clan looked at him with a dark expression and said, "Big brother, leave this human horn to me."

The person beside him looked basically the same as him. He scanned the surroundings and then looked at Qin Shi. Qin Shi had an aura that made him feel afraid.

If he killed her, Nine Hell Demon Area would definitely suffer a huge loss and he would be able to avenge the Poison Shadow Clan. Thinking of his clan's revenge, he clenched his teeth and said, "I will deal with this woman. Everyone else, do your best to kill the others as soon as possible before coming to help me!"

They could tell that Qin Shi was the strongest, and as for Long Chen, he had never entered their eyes.

Amongst them, the two strongest would be used against Zhao Yunlong and Qin Shi; the other six would be used by one person to deal with Long Chen, and one would be used by the leader to deal with Zhao Yunlong together with him. As for the other four, they actually all rushed towards Shangguan Feng.

In their eyes, dealing with small human beings with a sixth grade demon god was definitely something that could be done in minutes.

The lead of the Poison Shadow Clan was the one who held back the big trouble, Qin Shi Shi, while the others also rushed towards their opponents. Poison Shadow Clan had a very strong advantage, which was that their speed was very fast and their bodies were very strong, allowing them to completely separate Long Chen and the other three in a short period of time.

Of the four, Long Chen and Shangguan Feng were the most important targets. Facing four sixth stage Goblin Gods, Shangguan Feng was momentarily surrounded, and the terrifying attack instantly drowned him completely, at the same time, Zhao Yunlong was also facing one of the leaders, who had a battle strength several times stronger than the others from the Poison Shadow Clan, and beside him was Poison Shadow Clan's support attack, Poison Shadow Clan's poison had caused a huge amount of trouble for Zhao Yunlong!

As for Qin Shi, her performance was not too outstanding, he was trying to take care of his opponent, and it seemed like he was not worried for Shangguan Feng and Zhao Yunlong at all.

In the midst of the division of the Poison Shadow Clan, the distance between the group was growing further and further. In addition to the fog in the forest, they were now more than twenty meters apart from each other. If there were any casualties, the rest of the group would not be able to take care of them.

However, they probably didn't want to take care of it. After all, if one more Heaven and Earth Holy Fruit died in the competition, then one less competitor would appear.

To Long Chen, this was only the first time he had dealt with an opponent like the Poison Shadow Clan, but this time, Long Chen was especially efficient.

"The speed of you humans is simply too slow." Poison Shadow Clan members were spinning around him. Because of his bat wings, his speed was extremely fast. He could only make out a blurry afterimage.

"Is that so?" When the opponent started to attack, Long Chen laughed and his body disappeared. In the next instant, he reappeared behind the figure.

"What!" The warriors of the Poison Shadow Clan were stunned.

"You're too slow!" Long Chen didn't use Crimson Sky Kingdom to send out a random punch towards his opponent. The strong power of his body caused the air to explode again and again.

"Are you a fool to compete with the Monster race in physical strength?" Seeing Long Chen's speed, the Poison Shadow Clan member trembled in fear. If Long Chen had taken the opportunity to use his combat skills, he might have been injured, but Long Chen was only competing in physical strength, so the Poison Shadow Clan member was very proud.

He turned around and clawed at the claw. It was no different from a wolf claw. It was shining with a terrifying light. It was obvious that it was no weaker than some Divine level weapons.

Long Chen used his strongest strength to shake off the claws, his fingertips stretched out straight as if he was an electric drill. In the blink of an eye, he had already stabbed them into the head of the Poison

Shadow Clan, and that violent force had charged into the middle of their heads, causing them to explode.

Whoosh!

Long Chen flew backwards, leaving behind a corpse.

To be able to successfully kill the Goblin Tribe physically, Long Chen could be considered a miracle of the humans in the True Martial Emperor Domain.

After taking care of her opponent, she turned around to see that Shangguan Feng and Zhao Yunlong were both in a tough battle, while Qin Shi was still battling easily. Of course, her opponent was also very strong, even if he used all his strength, he would not be able to defeat her in a short period of time.

As for Shangguan Feng, he was surrounded by four demon gods. No matter how hard they tried to attack him, it was difficult to catch up to him in terms of speed.

However, Zhao Yunlong was in danger. Under the attacks of the two sixth stage Spirit Demon gods, he could be said to be in danger.

At this time, they had all seen in horror that Long Chen had actually taken care of his opponent, and this speed was simply too fast. Zhao Yunlong, who had originally looked down on him a little, actually felt admiration for Long Chen now, and when Long Chen had dealt with the Poison Shadow Clan a moment ago, he had seen from the corner of his eyes that with his terrifying methods and clean attacks, Zhao Yunlong believed that he was unable to accomplish that.

The people of the Poison Shadow Clan also saw Long Chen's victory.

"Hold him. If I kill him, I'll join you." The leader of the group who dealt with Zhao Yunlong said to the other member of the Poison Shadow Clan who thought that they were attacking Zhao Yunlong.

"Yes sir!" That Poison Shadow Clan member broke the sound of the wind and attacked Long Chen.

What made everyone puzzled was that Long Chen actually turned around and ran. That Poison Shadow Clan member was stunned for a moment, then immediately chased after him. The two of them quickly dove into the mist and disappeared from everyone's sight.

"What the hell is this kid doing?" No matter if it was speed or physical toughness, it was all a headache. The most important thing was that the opponent was releasing the poison gas, his claws and other attacking methods, which contained a dark green light. As long as his claws could cut his skin gently, that astonishing poison would enter his body and destroy the blood vessels, and in the long run, no one would be able to handle it.

As such, they had no choice but to be more cautious in their battle against the Poison Shadow Clan.

There was really no one as direct as Long Chen.

"You want to run?!" Relying on his speed, the Poison Shadow Clan member quickly rushed over, his sharp claws produced countless claw marks as he clawed towards Long Chen's head.

With a sou sound, a golden bolt of lightning flashed behind the other party's head, and Long Chen's fist directly smashed into the head of the Poison Shadow Clan's disciple, the terrifying force causing that member to instantly feel a sense of dizziness that could cause death. At this moment, Long Chen grabbed his head, moved it right in front of his own eyes, and the soul-controlling technique in the middle of the Spirit Devouring Demon Pupil was activated.

"Do you have Thunderheart in your base?" Long Chen asked.

"No!" After saying that, the warrior suddenly turned his head, the dizzy feeling in his head had already disappeared, and seeing that he was actually so close to Long Chen, he was shocked, and used his berserk energy to suddenly break free of Long Chen's restraints. With a roar, he retreated, his entire body emitting dark green smoke.

This is poison gas.

However, this simple poison mist had no effect on Long Chen at all.

"Not bad, you're very strong. You have the qualifications to make me display my real body!" Long Chen was slightly shocked that such a terrifying power was actually hidden within the small body of the Poison Shadow Clan. At this moment, the black smoke completely engulfed him, causing Long Chen to sense that his body was quickly growing bigger, and very quickly, he could see that the black hair, huge wolf's body was over ten metres long, and the claws of its four limbs were all over a meter long. Just like

that, in front of Long Chen, the strongest state of the Poison Shadow Clan was where they could continue to grow bigger, but that way they would lose their strength.

Chapter 1174 - Strength of an arm

His current appearance was the most suitable for battle.

Amongst the demons, even the larger beasts would become more powerful. Some of them were very small, some were even like small birds, but when they used their power, they could still shake the world and kill billions of enemies.

A pair of huge bat wings appeared on the back of the giant black wolf.

Sssii! \*

With a flap of its wings, a strong gale began to howl. The terrifying gale caused the blood-red roses in the surroundings to be blown away, and many towering trees were uprooted as well.

This was the true combat strength of the Poison Shadow Clan. Their terrifying physical bodies, their almost one meter long claws that were as sharp as swords, and their majestic demonic energy were all much more terrifying than Long Chen's current appearance.

"Whiz!"

Under the urge of its powerful wings, the Poison Shadow Clan did not retreat at all. Furthermore, their agility did not decrease either, as they spat out a mouthful of black mist, which swept towards Long Chen. The flowers and trees along the way withered, showing just how terrifying the poison mist was.

If one of his legs were to land on the ground, the ground would tremble.

However, this level of speech was not enough to scare Long Chen. Under the terrifying pressure of the Poison Shadow Clan, a blood-colored sword gradually appeared in Long Chen's hand, emitting a bloody aura, which was faintly emitting from the sword. On Long Chen's body, there was a faint aura of a dragon, which was gradually being released, to the extent that it could make all beasts revere him.

When he realized that he was actually scared off by Long Chen, he flew into a rage and rushed forward with a roar. Under the terrifying force of his body, the earth trembled and ten claws that were like a sword blade appeared, dancing in the air at this moment, they were actually a set of profound Sword Truth!

Although demonic beasts did not have the talent to become a human, after countless years of fighting, they still had their own set of comprehension. At this point in time, the comprehension of the Poison Shadow Clan was not simple at all.

Of course, this did not scare Long Chen.

"God Slaughtering Sword Formation, Sword Explosion!"

With Long Chen's current strength, it was already enough to handle him in one move. After all, in terms of just primordial spirits, this Poison Shadow Clan was equivalent to a warrior who had just entered the Sixth Stage of the Divine Martial Stage. They were at the same realm as Ye Zheng previously, and Long Chen had killed many of them.

After finishing his opponent, Long Chen fell into deep thoughts.

"This Shangguan Feng actually used the Heart of Thunder to deceive us. What exactly is his goal?" He couldn't understand it just by thinking about it.

"Looks like I can't follow this fellow. It's better if I advance by myself. At this point, if he dares to lie to Qin Shi, then he must have a reason for doing so."

Long Chen thought for a while, then made a decision in his mind.

He could not follow Shangguan Feng anymore. If he followed openly, it would be easy for him to be tricked by Shangguan Feng, but he had the Soul Eye Technique which he could secretly follow. The other three would definitely not be able to discover him.

Of course, he couldn't just let it go like this.

Initially, I wanted to teach Shangguan Feng a lesson at this time, but after thinking about it, Long Chen laughed: "This Zhao Yunlong seems rather unreasonable. Before I leave, I have to give him a present, if not I, Long Chen, will be too petty."

When he was fighting with the Poison Shadow Clan, the other Poison Shadow Clan members had already increased the distance between them and turned into the actual bodies of the Poison Shadow Clan members, fighting against Qin Shi and the others.

Under their berserk attacks, Qin Shi, Shangguan Feng, and Zhao Yunlong basically could not see each other anymore. The only thing that could be heard was a faint movement that could be heard, they were still around the area.

During the battle, he had already been slashed by one of the Poison Shadow Clan claws, and the poison had already entered his body. Luckily, Shangguan Feng had already prepared a method to deal with the poison before entering the Nine Serenities Demon Mountain, so he was still able to deal with it after consuming a pill in the midst of battle.

As for Zhao Yunlong, he was even worse off. His opponent was too strong, and was the leader of the Poison Shadow Clan, so by this point, Zhao Yunlong's body was already filled with wounds.

As for Qin Shi, he was still dealing with his opponent with ease.

This Qin Shi is also not an easy person to deal with, of course she won't let Zhao Yunlong and Shangguan Feng die, after all, she wanted to obtain Thunderheart, so he needed Shangguan Feng to lead the way, but, Qin Shi was still very happy to see them being lectured a little longer, and would probably only act when they truly can't hold on anymore.

At this time, Long Chen had already appeared in the field of vision of the three great forces. Seeing that he had finished off his opponent, everyone had expressions of disbelief.

"Then let me add a fire."

Long Chen laughed coldly, with a flash of speed, he rushed towards Zhao Yunlong.

"Brother Zhao, let me give you a hand!"

Hearing Long Chen's figure, Zhao Yunlong, who had already fought with the other party very miserably, seemed to have seen the light of hope. He looked at Long Chen in ecstasy, and suddenly felt that the current Long Chen was actually so adorable.

"This brat is really a hothead. If I were to be met with such contempt and provocation, I definitely wouldn't act against him." Zhao Yunlong thought.

To the Poison Shadow Clan who was fighting against Zhao Yunlong, they did not know whether they should have been able to kill Zhao Yunlong or go and help their big brother. Now, another Long Chen had appeared, shocking them all.

At this time, Long Chen had already rushed to Zhao Yunlong's side, vigilantly looking at the Poison Shadow Clan.

"Brother Jiang, let's attack together!" Zhao Yunlong looked at Long Chen in joy. This rash youth actually came to help him?

The two of them attacked together and started attacking that Poison Shadow Tribe.

When he made his move, Long Chen laughed shamelessly as the Crimson Sky Kingdom in his hands suddenly turned around and chopped off both of Zhao Yunlong's thighs, which were just inches away from him. Two legs that were dyed white and stained with blood flew out horizontally.

With great difficulty, Long Chen turned around and gave him a light smile. "This is a present for you."

With that said, a streak of golden lightning instantly disappeared from Zhao Yunlong's sight.

This time, Zhao Yunlong finally realised what was happening. He thought that Long Chen was a fool, not ruthless enough, but he did not expect Long Chen to be even more ruthless than he had imagined, his pair of thighs were gone, although he had the Golden Body, he could still feel the pain, especially since Zhao Yunlong was still dealing with the Poison Shadow Clan!

A bloody light flashed across the eyes of the Poison Shadow Clan member. He had also seen the sudden change.

"Humans are indeed treacherous and cunning. A race without emotions can even betray their comrades. This is a good opportunity for me!" He grabbed the opportunity, the blade-like claws struck Zhao Yunlong's body with a boom, instantly destroying more than half of his body, causing Zhao Yunlong to let out an earth-shattering scream once again.

Half of his life had been taken away by now.

And at this time, Long Chen had already escaped without a trace.

"Jiang Yunfan!" Behind him, came Zhao Yunlong's blood-curdling screams.

In any case, Long Chen was not the one who called him, and in truth, his thoughts were not very vicious. He was only giving Zhao Yunlong a lesson, and he knew that in the end, Qin Shi would still save him. After all, the three of them were already agreed upon partners, and when his life was in danger, Qin Shi would definitely take action.

This was because they had to deal with the remaining Poison Shadow Clan members and because Zhao Yunlong's injuries were too heavy, they definitely would not chase after him. Long Chen stood one mile away from them, using his Spirit Devouring Demon Pupil to see what they were going to do next.

Indeed, Qin Shi's power had surpassed Long Chen's imagination. She had saved Zhao Yunlong in a short period of time, simultaneously killing Zhao Yunlong's opponent. He placed Zhao Yunlong on the ground and had him heal himself.

What she had unleashed, was definitely the Grade Seven Divine Technique!

Even though Long Chen was one kilometer away, he could feel the earth shaking and the mountains shaking every time.

"This girl has World King as her master, so her starting point is much higher than me. It won't be easy to snatch the Sacred Fruit from her hands!"

Actually, Long Chen had another reason for making a move on Zhao Yunlong, which was to draw out Qin Shi's true combat strength. Long Chen did not have any more time for her to waste.

Although they couldn't see the battle, the rumbling scene a mile away was definitely enough to shake them. They repeatedly attacked and even heard the howls of the Poison Shadow Clan.

This battle would continue for another quarter-hour before it was over.

Qin Shi had killed his opponent, then helped Shangguan Feng and the other Poison Shadow Clan members to kill off, so they immediately left the place with Zhao Yunlong. After all, with the huge commotion here, they might have already let the other Poison Shadow Clan members know about it.

Long Chen followed right behind them.

With the Gold Body, even a destroyed body would be able to recover from its original state. This kind of serious injury allowed Zhao Yunlong to recover his body, but he became incomparably weak. It would be difficult to recover without recuperating for a few days.

"Jiang Yunfan, this beast, he actually dared to attack me! If I ever see him again, I'll tear him apart! " Zhao Yunlong roared, his eyes filled with rage.

"Come on, you might not even be a match for him." Qin Shi said with a calm voice.

Chapter 1175 - Soaring Sky stalactite

After the battle just now, she was very clear about Long Chen's fighting strength.

"Not an opponent?" Shangguan Feng was startled. In other words, even he, Shangguan Feng, was not Long Chen's match ...

Who exactly is this kid? How could there be such an expert in the Dongsheng City?

Qin Shi was very accurate, there was no way he could make a mistake, so why was this Jiang Yunfan warrior so strong?

"No matter what, this brat dares to set me up. I absolutely cannot let him off easy!" If we go out of Nine Serenities Demon Mountain, I will dig out his bottom! Dongsheng City or Jiang Family, annihilate them all! " Zhao Yunlong said ruthlessly. This time, Long Chen was defeated miserably, as he had never received such a heavy injury in his entire life.

and Qin Shi looked at each other. This Zhao Yunlong seemed to be arrogant, but his IQ was actually not as high as the other two, and now that he was injured so heavily and they were even bringing him along, it could already be considered as being kind to him. However, Zhao Yunlong evidently did not think of this.

"Oh right, Shangguan Feng, you know very well that he is not a good person, why did you bring him into our team? You are the one who should be blamed for all this!" Zhao Yunlong blamed the blame on Shangguan Feng.

Shangguan Feng rolled his eyes at him, and said: "I saw that this person was powerful and mysterious, so I wanted to bring him here to scout. But later on, I realized that he was indeed a warrior from a small place, and that he had some talent, so I didn't worry about him.

Shangguan Feng's attitude, made him very unhappy.

"Stop quarreling, now is not the time to argue. Didn't you say that the base of the Poison Shadow Clan is right in front? I think the rest of the nine great families should already be here. Su Zhe actually went to deal with the Myriad Evil Vine, I wonder what was his motive for doing so! "

Qin Shi thought to himself, 'Something doesn't feel right. Just what is it?'

For a moment, he didn't seem to understand what was going on.

In actuality, why did Qin Shi come to the Nine Serenities Demon Mountain with Shangguan Ya and reunite with him afterwards? That was because when Qin Shi was young, he was once adopted by the Shangguan Family. The World King of the Nine Hell Demon Area does not belong to any family, unlike the Yang family of the Mystic Demons.

Because of their friendship, Qin Shi didn't expect Lei Xin to be a fake news.

Long Chen, who was following behind them, was also curious. What was Shangguan Feng's motive for doing this?

The Heart of Thunder was in Long Chen's hands, so from the start, Long Chen never thought that the Poison Shadow Clan's lair would have a Heart of Thunder, which was why he used Soul Controlling Technique on one of the Poison Shadow Clan's demons.

All of this would only be known in the Poison Shadow Clan's lair.

Long Chen held his breath. In this boundless mist, the other party would not be able to notice his existence even if they were a mile away.

What everyone saw was a dark cave hidden in the middle of the forest. The Poison Shadow Clan lived in this cave, and from this cave, Long Chen heard an earth-shattering rumbling sound. This was the sound of a waterfall.

There should be water flowing in this cave.

This cave was not hard to find. At this time, the elderly, women and children that were left behind by the Poison Shadow Clan were all leaving, there must be something that Long Chen couldn't understand.

"The base is here, so obvious?" Zhao Yunlong's face turned pale white, unwilling to believe it.

In fact, if there wasn't the rumbling sound of water coming from inside, this cave would still be considered hidden.

"If you don't believe me, you can stay away." Shangguan Feng said coldly, then walked in side by side with Qin Shi.

Zhao Yunlong's expression froze for a moment, then turned ashen. He gritted his teeth as he stared at Shangguan Feng's back, and said in his heart: "Shangguan Feng, don't let me grab hold of this opportunity, or else you'll definitely suffer a fate worse than death!"

After he finished speaking, he followed the crowd into the cave. The cave was not big. It was only ten meters wide and four meters tall. The sound of water coming from inside was deafening.

Following them, Long Chen easily walked in as well. He had the God's Breath Technique, and at the same time, floated in midair, where the sound of the water was extremely loud. It was not easy for him to sense Long Chen's existence, and Long Chen used Spirit Devouring Demon Pupil to monitor them at all times.

Long Chen knew, the questions were quickly solved.

The three of them were silent. After walking about two kilometers within the cave, the rumbling ahead was getting louder and louder. Just when Zhao Yunlong had almost lost his patience, they finally saw the end of the cave.

There is a waterfall in front of us, and a deep pool lies beneath the waterfall. However, Poison Shadow's Clan's lair is hidden in a cave concealed by the waterfall, this place seems to be exposed, but it's actually very hidden, because under the Soul Suppressing Stone's power, who would have guessed that there was actually a cave hidden within the waterfall? Shangguan Feng said as he walked.

Qin Shi and Zhao Yunlong showed an expression of understanding.

Very quickly, they arrived at the entrance of the cave. Indeed, in front of them was a huge, hollow cave. The cave was not wide, but it was extremely deep, and perhaps it stretched all the way to the foot of the mountain.

Above the rocks was a river flowing down from who knows where. This river was flowing down and turned into a waterfall in front of the rocks, rushing down into the endless abyss. The water that was crashing into the walls of the mountain caused the sky to be covered with white splashes.

The gazes of Qin Shi and the other two all landed on the waterfall at the same time. At this point, they should believe it, Shangguan Feng was still very far away, and knew the geography and environment of this place, so what he said should be true. The Poison Shadow Clan's lair was hidden inside the waterfall, who would have thought that there would be a heavenly passage within the waterfall?

Although this place appeared to be exposed, it was actually a very hidden place.

Looking at the waterfall, everyone's expressions changed. Something like the Heart of Thunder was now related to ownership, Qin Shi first moved, but looked at Shangguan Feng. At this time, Zhao Yunlong, who had just been heavily injured, had already been ignored by them.

Shangguan Feng smiled brightly, and said: "I actually already have an answer to this question. Bringing you here actually has a purpose, of course, even if it's you who has the heart of thunder, I don't have the strength to snatch it away from you. Otherwise, I wouldn't have given you this Lightning Heart for nothing, right? "

These words were said to Qin Shi.

As for Zhao Yunlong, he could only sulk with an ashen face. After all, his life was saved by Qin Shi.

"What is your condition?" Hearing Shangguan Feng's words, Qin Shi finally heaved a sigh of relief. Previously, she had always felt that something was wrong, Shangguan Feng knew that he was strong, why did he still bring his here?

Now there was the answer.

Shangguan Feng smiled and said: "My Shangguan Family has also done you a favor. Of course, this is a matter of the past, and there is no meaning in talking about it now. Let me be frank, I want the 'Soaring Cloud Bell Milk,' I have already obtained my family's eighth level Divine level body tempering technique 'Soaring Cloud Divine Body'. I know that World King once bestowed you with Soaring Cloud stalactite, so ... "

Qin Shi was dumbfounded. She murmured, "I didn't expect you to obtain the 'Soaring Cloud Divine Body.' Seriously, congratulations. As for the Soaring Cloud Bell Milk ..."

Qin Shi thought about it carefully. He had made a huge profit by exchanging the Ling Xiao stalactite and the heart of thunder. The value of the heart of thunder far exceeded that of the Ling Xiao stalactite. For Shangguan Feng to have such boldness and use the Heart of Thunder to exchange for the Ling Xiao Bell Milk that was most suitable for him, Qin Shi was also impressed.

"I can only wait until I obtain Thunderheart before I give you the Soaring Cloud stalactite." Qin Shi thought for a while before explaining in detail.

"Naturally. Let's set off together." Shangguan Feng said with a smile.

Hearing him say this, Qin Shi felt a little embarrassed. She felt that she was looking down on her master. At this moment, all of her doubts suddenly opened up. It seemed that Shangguan Feng was still the same as when he was young, a pretty good gentleman.

Qin Shi then lowered his guard against Shangguan Feng.

As for Zhao Yunlong, he was being ignored by the both of them. Just as he was about to speak, Shangguan Feng shot him a cold glance and said: "As for you, stay here, remember, Thunderheart is not yours, no matter what you do have in mind, you're just looking to die. Don't forget, our Nine Hell Demon Area has an agreement.

Shangguan Feng's intention was that if Zhao Yunlong was disobedient, he would attack without mercy.

"Remember this!" Zhao Yunlong looked at Shangguan Feng, then looked at Qin Shi, and said with a cold gaze.

Shangguan Feng let out a cold snort, and without saying a word to Qin Shi, the two of them flew towards the waterfall.

Long Chen was already very close to them, for the conversation Long Chen heard just now, he was still confused, Ling Xiao Bell Milk, was this really Shangguan Feng's goal? But in that waterfall, there was no heart of thunder.

Long Chen was completely confused by Shangguan Feng.

When Shangguan Feng and Qin Shi neared the waterfall, everything finally came to a conclusion, because as the two people floated in midair, Shangguan Ya suddenly attacked Qin Shi who was just inches away from him.

A ray of green light quickly rushed towards Qin Shi from Shangguan Feng's hand. Because of the conversation from before, Qin Shi had already trusted Shangguan Feng a lot, she never thought that Shangguan Feng would actually make a move at this time!

After getting too close and attacking unexpectedly, it was already too late for Qin Shi to resist. The green light turned into ice and tightly sealed her in the middle of the green ice, turning into a green crystal ball with a diameter of three meters!

## Chapter 1176 - Suppressing Demonic Green Crystal

Zhao Yunlong, who was still at the cave entrance, had originally been looking at them with hatred, but now, he was completely dumbstruck.

Shangguan Feng actually imprisoned Qin Shi?

Zhao Yunlong obviously knows that this green ice crystal in front of his eyes is the Shangguan Family's 'Demon Suppressing Green Crystal'. It has a strong sealing ability, at least under the Sixth Stage of the Divine Martial Stage, if it is sealed, it will basically not be able to escape.

"Demon Suppressing Green Crystal!" She did not lose control of herself, but she was no longer naive. From the looks of it, she knew that Shangguan Feng had betrayed her because of her trust, but she laughed coldly: "Shangguan Feng, you think that the Demon Suppressing Green Crystal can seal me? I can come out in less than a quarter of an hour.

Shangguan Ya smiled faintly, she did not feel any pressure, and laughed lightly: It's too late, you should not have believed in me, I never thought, a dignified World King disciple, would actually be so gullible.

The current Shangguan Feng was completely different from his sincere appearance from before.

Shangguan Feng laughed: "You must be very curious, why would I use the Demon Suppressing Green Crystal to trap you here? This is because before I came to the Nine Hell Demon Area, I used a hundred thousand divine crystals to buy a lot of information about the Nine Serenities Demon Mountain. This is so much that the nine great families cannot tell the younger generation in case they break the rules, so of course they cannot tell you.

Qin Shi looked at him with murderous eyes while destroying the Demon Suppressing Green Crystal.

"That's because I accidentally let him know that the Ten Thousand Demonic Vine's bile could temper the body, allowing the body to reach the realm of Eighth Stage of the Divine Martial Stage within the Seventh Stage of the Divine Martial Stage. This brat is known as a genius, yet he was actually so gullible, when he tastes the bile from the Myriad Evil Vine, he will regret coming to this world.

With that, Shangguan Feng laughed complacently.

After listening to all of these, Long Chen couldn't help but be impressed by this Shangguan Feng's outstanding strategy. Such a person was actually very terrifying.

However, Long Chen did not like this kind of person.

Qin Shi was still looking at him gloomily as he desperately tried to escape from the Demon Suppressing Green Crystal.

"Nine noble families, how many people can stand shoulder to shoulder with me, Shangguan Feng? Even if they do have power, their brains are all donkeys, but the ones who truly frighten me are you and Su Zhe. Su Zhe has already been settled by me, and only you are left, I thought that you would find it a bit harder to deal with them, but who would have thought that just a sentence from you would fool them with just your Rising Dew Milk and Thunderheart. The Poison Shadow Clan's old nest is indeed here, but the Thunderheart is a thing that doesn't exist at all! "

To be able to do this, Shangguan Feng was already very proud. He suddenly pointed to the bottom of the waterfall, and said: "Among the information I obtained, there are some that are related to the location of the Poison Shadow Clan, and some that are related to the cold pond underneath, you might not be able to feel it now, and can't imagine it either, but I heard that ten thousand years ago, there was a martial artist at the peak of the Seventh Stage of the Divine Martial Stage who fell into this cold pond, and never crawled back up again. Although the water from the waterfall was poured, the iciness of the cold pond below is definitely beyond your imagination.

As he said till here, Shangguan Feng finally laughed complacently.

The two Seventh Stage of the Divine Martial Stage warriors, the two seeded contestants who were fighting for the strongest heaven and earth holy fruit were unexpectedly being toyed with by him. Shangguan Feng's move was simply too beautiful.

Thus, even he himself couldn't help but admire himself.

Qin Shi and Su Zhe were so powerful, Shangguan Feng knew that even if he could join forces with the members of the nine great families, he wouldn't be able to snatch the Sacred Fruit from their hands, so he could only use tactics. He could not count on the trash from the other nine clans.

To him, other than Su Zhe and Qin Shi, everyone else were trash, including the Zhao Yunlong who was still standing there foolishly.

He could only get the Heaven and Earth Holy Fruit by personally taking care of Qin Shi and Su Zhe.

Fortunately, he had succeeded.

After hearing news about the Wintry Spring below, Qin Shi, who was destroying the Demon Sealing Green Crystal, suddenly stopped. She looked at Shangguan Feng with a bit of admiration in his eyes, and said with a wry smile: "I've really underestimated you. You're different from when you were young.

She showed her weakness, causing Shangguan Feng to be startled for a moment. He then said: "Thank you for the praise, I'll give you a reminder, do not destroy the Demon Suppressing Green Crystal, this way, you can survive for a few more days under the cold pond. When that time comes, the Heaven and Earth Holy Fruit will fall into my hands, and even if your Master does not come, the seniors of my Shangguan family will bring you out.

Qin Shi was a disciple of the World King, so he did not dare to kill her. He could only use this method to prevent her from participating in the battle over the Sacred Fruits.

His hand was so beautiful, when this battle ends, his name will definitely shake the Nine Hell Demon Area!

After he finished speaking, Shangguan Feng didn't want to look at Qin Shi's ice-cold expression, so he suddenly punched the Demon Suppressing Green Crystal that he controlled in midair, directly striking it towards the depths of the cold pond below. It quickly disappeared, and after a long time, he finally heard the sound of water flowing in.

Hearing the sound of the water, Shangguan Feng was relieved.

"Trust, it really is the biggest culprit for being tricked." Shangguan Feng revealed a knowing smile.

"I really don't understand how this cold pond could be this cold. Is there something inside?" Shangguan Feng didn't dare to go down and see what exactly was down below. His gaze shifted to the Zhao Yunlong who was still looking at him dumbly from above, and didn't escape.

Zhao Yunlong was shocked, broke out in a cold sweat and hurriedly escaped, but at this time, Shangguan Feng had already rushed in front of him.

"Shangguan Feng, what are you trying to do?!" Zhao Yunlong tried to put on a brave front but was unable to do so.

"Nothing, I've long disliked your Zhao Family, and Zhao Yunlong is displeasing to the eye, it was so difficult to get a chance to kill you, how can I miss that!" Shangguan Feng said coldly.

He would also lose an opponent for the Heaven and Earth Holy Fruit.

Zhao Yunlong had received heavy injuries, and was currently not Shangguan Feng's match.

"Is this the reason why you want me to join your team?" Back then, Shangguan Feng had used Qin Shi as a gimmick to attract him to the team, he agreed without thinking, who knew that Shangguan Feng had already planned for this. This guy was really too terrifying.

Zhao Yunlong felt like he was being watched by a poisonous snake.

"Die!" Shangguan Feng showed no mercy at all and used all of his methods. In this narrow space, he fiercely fought with the injured Zhao Yunlong and used all of his methods.

Zhao Yunlong was severely injured, but under Shangguan Feng's fierce attacks, he quickly fell to the ground.

"Shangguan Feng, you will die a horrible death!" Suddenly, the ground shook and Zhao Yunlong let out a heart-wrenching roar.

"Enough." Shangguan Feng's punch had shattered Zhao Yunlong's internal organs, causing his body to fly out of the cave and reach the top of the cold pond.

"I'll let you accompany Qin Shi. How great is it to be a pair of mandarin ducks in water!" Shangguan Feng laughed out arrogantly.

"Divine Wind Defense, Heaven and Earth Wind Dragon!"

Zhao Yunlong once again let out a miserable scream, and was directly struck by the powerful force into the deep cold pond below. A huge explosion resounded, and one could vaguely see that the bottom of the pond was like a splash of water.

That long scream lasted for a long time.

"Shangguan Feng, you will die a miserable death!" This was Zhao Yunlong's final shout.

He and Qin Shi's fates were different, Qin Shi was protected by the Demon Suppressing Green Crystal, but he, Zhao Yunlong, was probably frozen to death.

After taking care of Zhao Yunlong, Shangguan Feng felt as if nothing had happened and shivered. His gaze finally moved to the cave in front of him, that's right, when he fought with Zhao Yunlong, a huge commotion broke out, and inside the waterfall, maybe because he was frightened, a child was crying.

All this proved that there was someone inside.

"How many birds are there?" Shangguan Feng tilted his head, and stretched out his hand as he counted. "Let Su Zhe bring about his own destruction, temporarily sealing Qin Shi, and then finish off this hateful fellow, Zhao Yunlong. Next is the Sacred Fruit of Heaven and Earth.

Thinking about it, Shangguan Feng laughed again.

In the end, his gaze stopped on the waterfall as he mumbled to himself, "Then there's still the last bird. That is, that person said that there is a rare treasure in the nest of the Poison Shadow Clan's people. What exactly is that?"

Hearing his mutterings, Long Chen finally understood that there was indeed a treasure inside, but it was not Thunderheart.

Towards this Shangguan Feng, Long Chen had some admiration, to be able to reach this step, was already not an easy feat.

At this time, Shangguan Feng had already found the entrance to the Poison Shadow Clan's lair. Without saying a word, he dove head first into the water, the water in the middle of the waterfall was rather normal, not like the terrifying cold pond below, which was why the Poison Shadow Clan lived here.

In the Nine Serenities Demon Mountain, this was considered the safest place.

Long Chen finally got closer. Through the Soul pupil, he could see that there was a special domain inside the waterfall, and inside it was also a huge hollow cave, with around three to four hundred Monster race members inside. At this time, practically all of the adult Poison Shadow Clan members had left, and those who stayed behind were basically the weak elderly women and children who didn't have much battle power.

The commotion caused by Zhao Yunlong and his earlier battle had already frightened them.

When Shangguan Feng walked in, it immediately caused an even greater panic. All of the elderly, women and children of the Poison Shadow Clan retreated to the depths of the wall and huddled together, fearfully watching Shangguan Feng's arrival.

To the demons here, every human was a demon among demons, an ugly thing that took their lives.

He was also the main culprit behind their imprisonment here.

#### Chapter 1177 - Attack

At this time, Long Chen was floating outside the waterfall. In the midst of the huge rumbling sound, the people inside could basically feel Long Chen's location, while Long Chen could see the situation inside through the Soul Eye Technique.

In this hollow cave, the elderly, weak, and children of the Poison Shadow Clan were looking at this young man who had suddenly appeared in fear, Shangguan Feng.

As for some of the elders who had lived for many years, their memories were even deeper, and their eyes were bloodshot. One of the elderly men from the Poison Shadow Clan walked to the front,

suppressed the fear in his heart, coldly looked at Shangguan Feng, and asked: "What are you doing here?"

Shangguan Feng surveyed his surroundings, sizing up the living environment of the Poison Shadow Clan. This place was very simple and crude, just like what Shangguan Feng had imagined.

A terrifying aura spread outwards from this cave. After a while, Shangguan Feng smiled gently and said: "Everyone, you do not need to panic, I have only one goal in coming here, and that is to take this thing away. As long as you obediently hand it over to me, you will be safe.

Shangguan Feng spoke in a relaxed manner, as if he was narrating a trivial matter, but every Poison Shadow Clan member could still feel the terrifying aura he was emitting from his heart.

"What do you want?" The old man's heart sank, but he could only pretend to be calm as he did not expect such a crisis to befall upon him. The men from his clan had all gone out to hunt down these treacherous and cunning humans, but no one had expected that there would actually be a human here.

The world inside this waterfall had always been very safe.

Shangguan Feng frowned. He thought about the information that the man provided and said: "That is an item that can emit blue light. It is inside your cave."

Actually, he did not know what that thing was either. However, the person who sold him the information said that it was most definitely a valuable treasure.

Most of Shangguan Feng's purpose in coming here was also to find this mysterious treasure.

He didn't believe that the news of the hundred thousand divine crystals being bought was fake. If it was fake, then after he got out, he would definitely skin the person who bought his hundred thousand divine crystals alive.

"Something emitting blue light?" At this moment, the old man in the lead suddenly hesitated for a moment, as he understood that this young man in front of him was very dangerous. Although he did not know what that thing was, if he did not give it to this man, then as long as he made a move, everyone present would definitely suffer heavy losses.

"Ten breaths of time is almost over." Shangguan Feng reminded.

Once ten breaths had passed, he would kill someone.

"I'll take you to get it!" The old man finally gave in. The group of Poison Shadow Clan members opened up a path and hid in another corner. After they moved away, a small cave that only four or five people could pass through appeared behind them.

Outside the cave, there was a rock. When the old man moved the rock away, a misty blue light emitted out, causing Shangguan Feng's face to turn happy. Without saying a word, he rushed into the cave, where the blue light engulfed him in an instant.

When Shangguan Feng entered the cave, the Poison Shadow Clan's elder immediately gave a signal to the nearest well-built Poison Shadow Clan youth. The youth understood and quickly ran out of the waterfall and out of the cave.

Coincidentally, Long Chen was hiding within the waterfall, and hadn't been discovered by the youth. He knew that this youth had gone out to call for reinforcements, and as elderly, weak, and children, they couldn't just sit and wait for Shangguan Feng to bully them.

If Shangguan Feng stayed here for too long, when the strong warriors of the Poison Shadow Clan return, he would not have a good ending.

Long Chen was also very curious, what exactly was the reason behind that blue light?

At first, he was curious about Shangguan Feng's intentions, but now, he was curious about the treasure that he was referring to.

The cave was not deep, and very quickly, Shangguan Feng came out. When he came out, the blue summer stopped, probably because he put it in the ring and disappeared without a trace.

The current Shangguan Feng had a puzzled look on his face, it was obvious that he did not understand what exactly the thing he obtained was.

Just because he didn't know did not mean that the elders of the clan didn't know.

"If this thing is trash, I'll definitely kill you after I get out." Shangguan Feng muttered to himself and temporarily put this matter aside. He then looked at the remaining people of the Poison Shadow Clan, his piercing and crazed gaze making the old, weak, and children of the Poison Shadow Clan somewhat afraid.

At this time, Shangguan Feng did not leave immediately. Instead, he approached them step by step.

"Originally, I didn't want to touch you, but I can't do anything as you all are too disobedient." The little act made by the Poison Shadow Clan previously could not be hidden from Shangguan Feng's eyes.

"You've already taken the things, what do you want to do?" The old man from the Poison Shadow Clan looked at Shangguan Feng furiously.

It was just as he had imagined. Not many humans would keep their promises. He knew that even if he didn't send out a single person to spread the news, this human youth would probably make things difficult for them.

"What do you want? I'm thinking, if those Venomous Shadow Clan people come back and find out that all their families have died, what kind of expression will they have? "

Shangguan Feng's words caused a huge commotion, and all the Spirit Demon beings backed off. The closer Shangguan Feng got, the farther they pushed him away, to the point where many children were crying loudly.

"What a filthy creature." Shangguan Feng's face was filled with fiendish aura. With a grab of his hand, two of the Poison Shadow Clan's children were grabbed by his hands and held by the necks. The two children wailed miserably, their faces turning pale from fright.

"Let them go!" Many of the Poison Shadow Clan members swarmed towards Shangguan Feng. With a stomp of Shangguan Feng's feet, the ground trembled and sand flew everywhere.

"Kill them first, don't even think about leaving today!" Shangguan Feng laughed crazily. With the strength of his hands, the two children's faces instantly turned purple.

"Despicable humans!" The elderly, weak, and children of the Poison Shadow Clan let out angry roars, but it was to no avail.

It was at this moment that a blood-red colored sword light slashed towards Shangguan Feng's arms from the side. The sword light came too suddenly, causing Shangguan Feng to be shocked, and his originally sinister complexion immediately became incomparably heavy. He had no choice but to let go of the two children in his hands, and instead dodge this sudden attack.

A streak of golden lightning flashed and a figure carried two children, instantly landing about ten meters away from Shangguan Feng. This sudden turn of events stunned all the Poison Shadow Clan's demons, and made them even more disheartened, as they attempted to snatch the children in Long Chen's hands. Who knew that at this moment, Long Chen would regain their senses and put the two children on the ground.

They gathered together and then blankly looked at Long Chen, the youngster who had suddenly appeared. They felt a kind smile on Long Chen's body.

"Human, you're actually going to help us?" This question appeared in the minds of many of the Poison Shadow Clans. They squeezed together and waited to see what would happen.

Long Chen's appearance could be said to be the only uncertain factor in Shangguan Feng's plans.

At this moment, he showed a shocked expression for the first time as he asked Long Chen, "Why are you here?"

Long Chen did not reply him, but instead asked, "You have already obtained what you want, and yet you act against the old, women and children. Do you still have the bearing of a warrior?"

Originally, because of the matter with the Sacred Fruit of Heaven and Earth, Long Chen did not want to cause any more trouble, but since he had already done so, Long Chen could only make a move at this time.

This was Long Chen's personality. As long as he made a move, he would definitely catch his opponent off guard.

"The bearing of a warrior? "Hehe, the Monster race is a great enemy of our race. We can kill as many as we can, but you are still so naive." Shangguan Feng realized from the shock he had felt at the start. He was thinking in his heart, but on the surface, he looked as if he wasn't afraid of Long Chen at all.

Having a guilty conscience before fighting a battle, how could he possibly win? Victory would come out on a narrow road when met with courage, and in Long Chen's eyes, there was a domineeringness and resolution that Shangguan Feng could not match against.

There were already people from the Poison Shadow Clan who went out to notify them. Because of three reasons, Long Chen had no choice but to kill Shangguan Feng at this time. Secondly, after killing Shangguan Feng, the competition for the Sacred Fruit of Heaven and Earth would lose another opponent. Thirdly, Long Chen also wanted to see what that blue light was!

Thinking up to here, under the nervous gazes of the Poison Shadow Clan elders and the weak children, Long Chen immediately raised his hand and said: "Since that's the case, there's no need to speak anymore nonsense. Come out and fight with me."

In the battle here, Long Chen was worried about harming the elderly, women and children of the Poison Shadow Clan.

Long Chen trained in the Way of Death, but he was not a bloodthirsty person. This was a matter of principle. Furthermore, there was always a layer of worry in his heart, and that was Xiao Lang, because Xiao Lang, Long Chen absolutely could not lay a hand on the weak old woman and children of the Demon Clan.

It's not what a man does.

However, in terms of principles, Shangguan Feng was clearly inferior. He was the kind of person who would use any means possible for a purpose. "What are you doing out here? If you want to die, you can die here!"

Right after he finished speaking, Shangguan Feng suddenly moved. Under the bombardment of his sixth stage Divine Martial primordial spirit, a huge wave of energy formed, turning into palm prints that filled the sky, and rushed towards the elderly, weak, women and children of the Poison Shadow Clan. If they were struck, these weak, elderly, women and children who did not have much strength would definitely die.

## Chapter 1178 - Ice Armored Canghai Dragon

Long Chen's gaze was cold. Shangguan Feng's actions, further strengthened his resolve to kill the other party.

There was no choice.

Two white lights shot out from Long Chen's hands, intertwined in the air and instantly evolved, turning into white sword lights that filled the sky. The Poison Shadow Clan's demon beasts saw that Shangguan Feng actually attacked and were already fleeing in fear, but they didn't expect that Long Chen, who seemed to be protecting them, would actually attack them.

However, they were wrong. Long Chen's sword qi had formed into a Taibai Sword Prison, blocking in front of their eyes, and just as they were about to block Shangguan Feng's attack, the Taibai Sword Prison was destroyed, but at the same time, Shangguan Feng's attack just now, was also blocked.

"He actually saved us!"

"Both of them are humans. One wants to kill us, and the other wants to save us."

"That's right, why is there such a huge gap between the human race and the human race?"

Right now, they were looking at Long Chen with an extremely kind expression, because they knew that if not for Long Chen, their current situation would be too horrible to look at.

"Hurry up and leave!" As Long Chen faced Shangguan Feng's berserk attack, he turned his head and coldly snorted at them. Shangguan Feng was not strong, but he was very sinister. Instead of attacking Long Chen head on, he attacked the Poison Shadow Clan.

Long Chen's words made the old man of the Poison Shadow Clan realised something. Shangguan Feng had used them to fight Long Chen, and what they needed to do now was to quickly escape from this cave. Long Chen would lock Shangguan Feng up here.

"Let's go!"

The old man shouted as he looked seriously and gratefully at Long Chen. Then, he brought the old and weak, women and children, and left the cave one by one, giving this place to Long Chen to fight against. Under Long Chen's protection, hundreds of Poison Shadow Clan members quickly left.

Even though he had helped the Poison Shadow Clan, Long Chen did not have any regrets in his heart. He had his own standards of good and evil, and was not restricted by any of the common views.

Under Long Chen's protection, Shangguan Feng could only watch as the others left. After a while, all of the Poison Shadow Clan members left, leaving Shangguan Feng and Long Chen in confrontation. At this moment, Shangguan Feng's face was gloomy, he paced back and forth, saying calmly: "You are the only loophole in my plan, I regret not killing you earlier, you are strong enough, even if I killed you today, it would probably be a waste of my energy."

Long Chen did not say anything, the Crimson Sky Kingdom's blood red sword in his hand had gradually turned into a fierce halberd that was more than two metres long. Compared to the cold sword, the halberd had a king's domineering aura, it was violent and fierce.

"Why do you think you have everything under your control? But in fact, there will definitely be accidents." Long Chen said indifferently.

"Really?" Are you the accident? " Shangguan Feng shook his head and said: "Qin Shi said that I am not your opponent. I don't believe that it would not be an accident, but my stepping stone."

"Just watch." After saying that, Long Chen's entire body changed, a golden lightning bolt shot out quickly from the cave, it was difficult for the naked eye to see his location clearly.

"What incredible speed! He's surpassed the Poison Shadow Clan!" Shangguan Feng admired them a lot.

"But, under my control, no matter how fast I am, I'm still nothing! Gravity Domain! " At this time, Shangguan Feng actually used a very rare Gravity Domain. Long Chen went into a daze, the gravity around his body increased by around ten times, this ten times gravity had a great impact on Long Chen, and when he stepped on the ground, he discovered that the ground had cracked.

His current body seemed to weigh several tons.

His body was already not light.

"There's actually such a mystical domain, huh?" Long Chen was just shocked for a moment. This Gravity Domain was indeed not bad, for warriors whose bodies weren't strong, it had a strong killing power, but to Long Chen, it wasn't anything special.

Even though he was inside the gravity, Long Chen's speed was still unimaginably fast. That terrifying body seemed to not be bound by gravity, and it was still extremely fast, and at the same time, Long Chen had even unleashed his Devouring Blood Realm, instantly covering every inch of the cave, the blood red fog instantly blocking Shangguan Feng's line of sight.

"What kind of trash domain is this?" Obviously, Shangguan Feng was extremely confident in his own domain.

"Jiang Yunfan, let me tell you, if you stop right now and submit to me, help me obtain the Sacred Fruit of Heaven and Earth, I will let your family become the super ruler of the Dongsheng City, even the several middle levelled cities will be controlled by your Jiang family. At the same time, you will also be able to enter my Shangguan family and receive training that far surpasses your imagination, you will have the chance to become a peerless expert in the future."

Shangguan Feng was not in a hurry to make a move. He understood that if a warrior like Long Chen was loyal to his side, the elders of the clan would definitely welcome him.

"Can I shut your mouth?"

Under the Devouring Blood Realm, as long as Shangguan Feng did not leave, Long Chen would definitely not lose. Long Chen did not have much time left, at this time, he waved the battle skill in his hands, that lifetime worth of domineering aura exploded out from his body, like a dragon's might descending.

Looking at Long Chen at this time, Shangguan Feng had an illusion that the one in front of him right now was not Long Chen but a super beast from the Ancient Era. That bloody and sinister aura was like a hot wave that swept across his body time and time again.

"Jiang Yunfan, you are really courting death!" Shangguan Feng laughed.

From the look in Long Chen's eyes, he knew that Long Chen would definitely not admit defeat.

"Gravity domain, reverse of the heavens and the earth!"

"Divine Wind Defense, Heaven and Earth Wind Dragon!"

The two attacks came at the same time.

Gravity domain, reverse of heaven and earth, Long Chen suddenly felt as if his feet were facing the heavens and the earth. This sudden feeling of disorder was very easy to distract and difficult to control, and right at this time, Shangguan Feng launched his killing move.

This was the attack he used against Zhao Yunlong previously, it was definitely the Grade Seven Divine Technique!

Shangguan Feng was in the center of the storm, with his expression twisted. He struck out with his palm, instantly, the wind between the heaven and earth started to swirl, condensing into a huge beast of wind, rushing towards Long Chen! Long Chen was in the middle of the storm with his palm raised high up in the sky!

Long Chen was facing double the attack, but he was expressionless.

Breaking through to the peak of the celestial realm and then cultivating the two stages of the Nine Dragon Scripture, his current strength was basically invincible under the Sixth Stage of the Divine Martial Stage.

In Shangguan Feng's eyes, the current Long Chen was about to be torn apart by the storm, but he still slowly waved the blood red halberd in his hands, and used the Nine Dragon Scripture.

Different from the last time with the azure-colored flame, this time, as Long Chen's battle skill danced, the blue colored ice mist shone from his chest and the second dragon scale began to shine.

Long Chen did not immediately use the power of two dragons. To deal with Shangguan Feng, one dragon's power was enough, but Long Chen did not use the Sky Profound Jade Fire Dragon, but had learned a new technique.

As the Long Chen halberd evolved, howling sounds came from within the blue mist of ice before him, as if countless waves were crashing down. As long as it was a weapon, it would belong to the path of the sword, and at this moment, a sky-covering blue dragon was formed in the middle of the halberd's sword dao!

"Ice Armored Vast Ocean Dragon!"

With a light moan, Long Chen seemed to be immersed in a dream. His feet moved, and with a battle skill in hand, he rushed towards Shangguan Feng, atop the Scarlet Blood Sky Desolate, there was an explosive sound. A divine dragon with blue ice armor attached to it, and a pair of eyes that seemed to hide an endless ocean.

"Explode!"

The halberd with the power of a dragon came crashing down!

The icy-armored dragon furiously rushed out, bared its fangs and brandished its claws, broke through Shangguan Feng's Grade Seven Divine Technique, and easily smashed into Shangguan Feng's body, causing his body to be smashed into pieces. After everything disappeared, only Shangguan Feng's head was pierced right into the halberd by Long Chen.

**BOOM!**

The raging waves dispersed.

Shangguan Feng's mind was like a bolt of thunder, everything that happened before was like a dream to him. He released his most proud attack, but then, Long Chen waved his halberd, and with a loud bang, a Divine Dragon covered in ice armor rushed out, using its sharp ice claws to tear apart his attack, and even tore his body apart. That terrifying low temperature, was just like a cold pond below him, where Shangguan Feng was not able to move!

He had lost!

Taking in a deep breath, Shangguan Feng finally admitted to what Qin Shi had said. Long Chen, this terrifying youth who had suddenly appeared, was indeed stronger than him.

Under this one move, Shangguan Feng was completely unable to resist.

However, when he thought about the outcome, Shangguan Feng was struck dumb. He looked at the dumbstruck Long Chen with dull eyes, and suddenly realized that death was coming, which caused his hair to stand on end, and immediately begged: "Jiang Yunfan, don't kill me. I can really give you glory and wealth.

Long Chen didn't say anything and only gave him a cold smile before dragging Crimson Sky Kingdom out of the waterfall. Only after arriving outside did Long Chen realize that not all of the Poison Shadow Clan members had left, and most likely, all of the children had already moved away. However, there were still many elders standing at the entrance of the cave, nervously watching what was happening.

When they saw that Long Chen's halberd had actually stabbed Shangguan Feng's head, they heaved a sigh of relief and cheered. This was the first time they had cheered for the human race.

These cheers made Shangguan Feng even more terrified.

"Jiang Yunfan, didn't you want the Sacred Fruit of Heaven and Earth? Now that you don't have Su Zhe and Qin Shi Shi, with your strength, no one is your match. I can help you obtain the Sacred Fruit of Heaven and Earth! " When Long Chen brought him out, he seemed to have realized what Long Chen wanted to do ...

"There's one thing you don't understand." Long Chen reached out the Crimson Sky Kingdom's Desolate Blood to Shangguan Feng and smiled: "I'm not Jiang Yunfan, I'm Long Chen. Of course you don't recognize me, because I'm from the True Martial Imperial Palace."

Chapter 1179 - Eternal Protection Heart

"There's one thing you don't understand." Long Chen reached out the Crimson Sky Kingdom's Desolate Blood to Shangguan Feng and smiled: "I'm not Jiang Yunfan, I'm Long Chen. Of course you don't recognize me, because I'm from the True Martial Imperial Palace."

These words immediately made Shangguan Feng's eyes widen, the whites in his eyes extremely terrifying.

And at this time, the Crimson Sky Kingdom, which was in Long Chen's hands, swung its head violently, and Shangguan Feng's head flew high up into the air. Long Chen suddenly shot into the air, and the Crimson Sky Kingdom swung down with a loud bang, directly hitting Shangguan Feng's head.

The outcome of what he had bestowed to others and what Long Chen had bestowed to him today, could be considered retribution.

Shangguan Feng's miserable cry lasted for a very long time before finally crashing into the cold pond. It made a huge sound of someone falling into the water, and then it was completely silent.

Lowering his head, an ice-cold aura gushed out.

Long Chen trembled. On his palm, there was a ring, which belonged to Shangguan Feng. After sensing it a little, Long Chen discovered that there were quite a few properties inside.

Long Chen was not interested in the Shangguan Family's combat skills.

At this time, Long Chen first packed up the ring, then looked around. He said to the Poison Shadow Clan elders who looked at him with reverence and reverence, "The trouble has been solved, you can go back now."

Shangguan Feng had schemed so much, but he also definitely didn't expect that he would end up like this.

A pervert would be deceived one day, and this was the result.

Under Long Chen's instructions, the people of the Poison Shadow Clan cried out in alarm. They didn't know that it was a safe place outside, so they hurriedly brought their entire clansmen in from the outside and obediently entered their waterfall. When everyone entered, the few elders of the Poison Shadow Clan came and stayed.

Long Chen nodded, and said: "Don't talk to others, I still have things to do first."

While he was talking with these few elders, on the other hand, Long Chen was also researching on the thing that Shangguan Feng just took, that was emitting a blue light.

After inspecting Shangguan Feng's things, there were only two things that Long Chen cared more about. One of them was a divine crystal that exceeded a hundred thousand, and the other was this blue object.

The thing that was floating in the Great Void Realm was actually a blue stone the size of a thumb. However, it could be said that it was prettier than the Thunder Heart.

This was a heart-shaped piece of warm jade, seemingly man-made, but actually naturally formed. However, there was a part where it had been artificially carved, which was why it had such a perfect shape. A black unknown material rope was tied around this warm jade, allowing one to wear it around their neck.

Other than this, Long Chen did not notice anything strange.

He was very curious. This sort of treasure was called a supreme treasure. Just what was it because of? Or had someone made a mistake?

Holding the jade in his hand, Long Chen roughly understood that he had made a mistake. It was just an ordinary jade pendant.

After placing this thing back inside the Great Void Realm, Long Chen didn't mind it much, but right at this moment, Li Xuanji actually faintly opened her eyes. Her turbid eyes, after seeing the heart-shaped jade pendant floating in the air, were calm and peaceful.

Looking at her, it seemed somewhat strange.

"What is this?" was still able to say a complete sentence, which made him very happy. With her current state, holding on until Long Chen obtained the Sacred Fruit of Heaven and Earth, was definitely not a problem.

"I just happened to hear a story, a very beautiful love story." This story was definitely very long, and it would definitely be extremely difficult for Li Xuanji to speak of it at this time.

Even if the Divine Martial Spirit is broken, in a short period of time, she would still consciously exist in this world. If she wished to, he could let his remnant soul enter into this eternal protection and protect the opponent for eternity. "The advantage is that the wearer will occasionally have a protective force protecting them. The strength of the wearer may be uncertain, but the downside is that the soul of the wearer can only stay in this place for the rest of his life."

Li Xuanji remembered a legendary story. Her eyes flickered with tears, making her originally beautiful and enchanting eyes seem crystal clear.

Long Chen's body trembled. He knew that Li Xuanji's body was not well right now, and he couldn't explain it, but he could understand, if he became the master of this Eternal Protection Heart, if he, a person he loved died, dead, and so long as she wanted, she could use her remnant soul to enter here to protect him for eternity. The price would be never being able to reincarnate.

"If my soul is still here, is there any way to save it?" was extremely curious about this thing, so he asked her about it in passing.

Li Xuanji originally wanted to answer immediately, but after a moment of silence, she suddenly said: "There is, according to the legends, a martial artist who has cultivated to the peak, able to contend against the heavens and earth, capable of changing fate, with an remnant soul in his hand, it would be easy for him to be resurrected."

Long Chen only heard her words but did not see her cunning expression. This time, she was clearly lying. In fact, she didn't even know whether or not there was a chance to save them. Even if the Divine Martial Spirit was destroyed, and only an unwittingly damaged soul was left, a soul that would disappear very quickly. Even with the Eternal Protection Heart, how could he revive after death?

The heaven and earth would not allow such a person who defied fate to exist.

But Long Chen did not think that far, he shook his head and said: "No matter what, I was still disappointed. I thought it was really a treasure, but I didn't expect it to be so useless."

Who said that it was useless? If I can't get the Sacred Fruit, then the power of one hundred thousand Spirit Demon beings have already destroyed my Divine Martial Spirit. When my soul is gone, wouldn't that just be useful? Li Xuanji closed his eyes, and the corner of his mouth revealed a slight smile.

Long Chen's gaze turned cold, and said in a displeased tone: "Don't say anymore. What I promised you, I will definitely do it. Moreover, didn't Shangguan Feng already finish off the two strongest opponents right now?"

Fortunately, there was Shangguan Feng, so the chances of him succeeding were very high.

"Alright, I'm just joking with you. What's more, only the two who love each other can activate its power. Even if my soul is shattered, I don't love you, and even if you don't love me, I won't be able to enter." Li Xuanji joked.

"So that's how it is. Then he's even more useless."

Long Chen casually flung the thing into a corner of the Great Void Realm. Even if the Eternal Protection Heart wasn't restricted by some love, Long Chen didn't think he would need it. Qin Shi and Su Zhe already had no hope, the Sacred Fruit of Heaven and Earth was already in their pockets.

While he was talking with Li Xuanji, Long Chen was actually talking with a few elders of the Poison Shadow Clan. These elders were kind enough to invite Long Chen, but Long Chen did not have the time to do so.

Because of the conversation he had with Li Xuanji earlier, he was in a rather bad mood. Just as he was about to leave, at this moment, a terrifying aura descended, and at the entrance of the cave, a figure instantly appeared.

Long Chen was shocked at first, then he saw that the person that had appeared was a tall and sturdy Poison Shadow Clan member. He was in his prime, and the bat wings on his back were dyed in blood.

In his arms was the young man from the Poison Shadow Clan that he had met before. He was most likely the victim of an attack from a human, and was currently on his last breath.

"Despicable human being, go to hell!"

The moment they saw Long Chen, the terrifying young Poison Shadow Clan member charged towards him. Long Chen squinted his eyes. This guy was just too powerful. The Poison Shadow Clan that Long Chen had met before was not his match.

"Patriarch, it's a misunderstanding!" A few old men immediately stood in front of Long Chen. Seeing the situation, the tall and sturdy middle-aged Goblin Tribe stopped, looking at the group of people with suspicion.

"This young man is the one who helped us. The young man who attacked us earlier was killed by him. He saved us. Without him, we would have all died!"

The few elders quickly explained the situation.

He did not expect that the situation would be like this. He looked at Long Chen with some suspicion in his eyes, then said: "Come in to speak."

After he finished speaking, he brought the group of Poison Shadow Clan members and walked into the waterfall. Long Chen hesitated for a moment, but no matter what, he had saved the Poison Shadow Clan, so he shouldn't act against him.

After entering, due to the battle, the interior was already a mess. The Poison Shadow Clan Patriarch looked around and instructed everyone to clean up. Then, he walked in front of Long Chen and sized him up, and at the same time, the rest of the Poison Shadow Clan members were also curiously looking in his direction.

Previously, the Patriarch had confirmed from other people that Long Chen had saved the Poison Shadow Clan.

"This is what he took from you." Long Chen took out the 'Eternal Protection Heart' and handed it over to the Poison Shadow Clan Patriarch.

Sensing this scene, Li Xuanji revealed a bitter smile. She had to admit, this youth was terrifyingly tenacious.

However, the Patriarch of the Poison Shadow Clan did not accept it. He looked at Long Chen and smiled: "As expected, humans have friends too, I sensed it from you, this damned thing has always been here, we do not know what it is. Today, in order to repay you for saving my life, I will give it to you."

## Chapter 1180 - Restriction Domain

"Give it to me?" Long Chen did not think much of it, and returned the Eternal Protection Heart back into the Great Void Realm. Seeing that the thing had reappeared in front of his eyes once again, Li Xuanji revealed a knowing smile. Even though her face was no longer beautiful, her temperament was still breathtakingly beautiful.

This Patriarch of the Poison Shadow Clan no longer had any intentions of dealing with Long Chen. He once again sized Long Chen up for a while, and said: "There's still about an hour before the Heavenly Sacred Fruit matures. At that time, an anomaly will appear, and you should be able to reach there by then."

"Thank you very much." The Sacred Fruit of Heaven and Earth was extremely important to him.

"It doesn't matter. 500 years ago, I saw another group of people fighting for the Heaven and Earth Holy Fruit. Do you know why I lost more than 500 clansmen that time?" The head of the Poison Shadow Clan looked at Long Chen with a deep gaze.

Since he had seen it with his own eyes, it was obvious that the Patriarch knew a lot about the Sacred Fruits of Heaven and Earth. It was not easy for him to get some information from someone, so Long Chen gave up on the thought of leaving immediately and asked: "Why? Was it killed by us? "

"This is a mission given to us by the human race. They want us to kill five thousand Young Fighters and a few fewer people before the Heaven and Earth Holy Fruits ripen. Then, we will be punished and a few more of us will die." It has to be said that the humans hate their own juniors, but they are even more vicious towards us. For this victory, we have prepared for five hundred years, precisely because we wanted to kill five thousand people this time! "Thank you for saving these children and elders. Honestly speaking, we are enemies. I never thought that the one who would save me would be a human ..."

At this point, he gritted his teeth and said, "But even so, I still need to kill that many. Otherwise, even more of my people will die, and we won't have many left. I don't want our branch to be wiped out here, so as repayment, I will tell you some information about the Sacred Fruits of Heaven and Earth. But after that, I will have to leave this place once more."

What he meant was, he wanted to go out and kill the human race once again.

Long Chen could not stop them from doing so, the strong ones such as the Nine Hell Demon Area were there to let their juniors become geniuses in the true battle, while the Poison Shadow Clan was there to survive. No one was right or wrong, the weak would be eliminated, and the strong would continue to exist.

"Survival. Speaking of which, I am also living for the sake of survival, so I understand you, and I also understand you." Long Chen said with a wry smile.

"When I talk to you, I can tell that you're different from the others. You'll become a true expert, because true experts are not about strength. Rather, they're about quality. A protective heart."

Long Chen didn't really understand this sentence.

Aren't they only strong? Are they truly strong?

While he was thinking, the head of the Poison Shadow Clan did not have much time left, he said in a deep voice: "Regarding the Sacred Fruit of Heaven and Earth, there are some things you have to pay attention to. Firstly, the Heaven and Earth Holy Tree has attack power, you should have seen it before, the Heaven and Earth Holy Tree is also that type of creature, its leaves and torso, can transform into poisonous insects and venomous snakes, not only have terrifying attack power, but also become extremely poisonous. At first, they are just branches and leaves, but when the Sacred Fruit of Heaven and Earth matures, the weapons of these Heaven and Earth Holy Tree will also awaken."

This first time, was not out of Long Chen's expectations, the Sacred Fruit of Heaven and Earth would not be taken away for nothing. However, he remembered something else, and that was, if the Heaven and Earth Holy Tree and the Myriad Manifestation Evil Vine were the same type of being, then if he used the Divine Aura Technique, would the Heaven and Earth Holy Tree not be able to discover him?

Long Chen was elated. If that was the case, then the chances of him obtaining the Sacred Fruit of Heaven and Earth was very high.

At this moment, the Poison Shadow Clan's Patriarch said the second point.

"As for the second reason, perhaps only a few warriors knew about it, and that was when the Sacred Fruit of the Heavens and Earth was taken away, the Heaven and Earth Holy Tree would be angered, it would burn its own energy and form a sphere of Inhibition Formations Domain, this is an invisible space, basically everyone around the Sacred Fruit of the Heavens and Earth will be sucked into it, the forbidden ability of this domain is extremely terrifying, unless one has Eighth Stage of the Divine Martial Stage, it is impossible to break this forbidden domain, thus, at this time, someone from the nine great families will appear and announce the latest rule, which is that the last person standing in the forbidden domain will be able to obtain the Sacred Fruit!"

Speaking till here, the head of the Poison Shadow Clan looked at Long Chen with pity in his eyes, and said: "In other words, if you want to obtain the Sacred Fruit of Heaven and Earth, being the first one to pick it does not necessarily mean that you have to have it. After all, refining it requires time. As long as we defeat all our opponents, we will be able to obtain the Sacred Fruit of Heaven and Earth. "

This news would definitely exceed Long Chen's expectations.

Just as the Poison Shadow Clan's Patriarch had expected, Long Chen's expression became extremely heavy.

"If my guess is correct, using the God's End technique, obtaining the Sacred Fruit at my current speed should not be a problem. Right now, both Su Zhe and Qin Shi Shi are eliminated, the other nine families' warriors should not have any peak Sixth Stage of the Divine Martial Stage, although one can face at least seven attacks from peak Sixth Stage of the Divine Martial Stage, but, with my Devouring Blood Realm's constant supply, there shouldn't be a problem."

This was what Long Chen was thinking.

Although the last rule was indeed out of everyone's expectations, it was still within Long Chen's control.

In the end, only people with extraordinary strength were able to obtain the Sacred Fruit of Heaven and Earth. Without any strength, even if they obtained the Sacred Fruit, it would be useless.

"Also, to me, if I were to obtain the Sacred Fruit of Heaven and Earth first, then I would have already succeeded. I can refine the xuanji in the Great Void Realm, and as long as I enter the Great Void Realm and Cat controls it, no one will be able to take it out."

Great Void Realm was different from normal ring.

"Thank you, Patriarch. These two pieces of information are very important to me." If I can obtain the Sacred Fruit, then I have to thank you first. "

"Go ahead, I still have to kill people." The clan head of the Poison Shadow Clan said.

Long Chen did not waste time speaking. Under the curious gazes of the other Poison Shadow Clan youths, he turned and left the Poison Shadow Clan's nest.

Not long after that, the head of the Poison Shadow Clan also went out.

Of course, right now, Long Chen was doing it for Li Xuanji's survival.

After Long Chen had left for around an hour, bubbles suddenly appeared in the deep cold pond. The bubbles grew larger and larger, and in the end, a terrifying explosion rang out.

Unexpectedly, there was movement again. This time, the children of the Poison Shadow Clan were more obedient. They no longer shrieked, and obediently gathered together. They trembled as they stared at the hole hidden within the waterfall.

After a long time, when there were no other movements, everyone finally breathed a sigh of relief.

The crisis was over.

Before this, the location of the Myriad Manifestation Evil Vine had a huge tremor. Finally, the warriors who were trapped under the Myriad Manifestation Evil Vine discovered that the originally rampant Myriad Manifestation Evil Vine had suddenly gone into a terrible frenzy. After a long while, all of the Myriad Manifestation Evil Vine fell to the ground weakly, losing its luster and sound.

After a while, a figure whose body was filled with an evil aura crawled out from the ground.

's current speed was so fast that even if the Poison Shadow Clan saw him, they wouldn't be able to catch up to him. He rushed up at full speed, and initially, the Poison Shadow Clan's Patriarch thought that it would take Long Chen an hour to reach the summit.

Reaching this place was already within the clouds. Looking down, all the mountains were small. The dark green clouds were extremely cold, making one's hair stand on end. Even the Mo Yue in the sky seemed to be able to pick it with a stretch of her hand.

At this time, Long Chen could already feel a movement coming from the top of a tree. This was the place with the highest lightning shackles, and the distance between the ground and the lightning was more than two hundred meters, and the trees here were all generally over a hundred meters tall.

Standing on top of the tree, Long Chen could still feel that thunder shackles were within his reach, as a destructive aura of lightning and thunder burst forth from above him.

However, Long Chen's gaze was attracted to an ancient tree in front of him. It was snow-white, and its entire body was glowing with a milky-white light. It did not look like a tree, but a beautiful, white, jade stone in the shape of a tree.

The branches and leaves of the ancient tree seemed to be translucent. From a distance, Long Chen could see the veins and the materials flowing within.

This was the Heaven and Earth Holy Tree.

A pure and holy aura pounced over, this was a type of mental power, Long Chen felt as though he was being touched, his whole body felt comfortable, and his heart was moved.

As the saying goes, the extremes of things are always reversed.

This Heaven and Earth Holy Tree was emitting such a pure white and holy light in this dark green world, without any blemishes, making it hard to be profane. If he had not met the Patriarch of the Poison Shadow Clan, Long Chen would have thought that this tree was sacred and not dangerous.

The extremes were reversed, and holiness could only be an illusion. When no one thought of it, it could trigger a fatal crisis.

After confirming the direction of the Heaven and Earth Holy Tree, Long Chen didn't hesitate anymore. They didn't have much time left at the Poison Shadow Clan's nest, with their speed, they were able to reach there just in time for the Heaven and Earth Holy Tree to ripen.
