Chapter 1181 - Heaven and Earth Holy Tree

True competitors would only be Sixth Stage of the Divine Martial Stage and above.

Within a kilometer around the Heaven and Earth Holy Tree, even the ground was emitting a white glow. During this period of time, not a single blade of grass grew, and the ground was extremely bright and clean.

Long Chen quickly arrived at the place where he could look up and see the Heaven and Earth Holy Tree. After rushing out of the forest, he saw a vast, white world emitting light in front of him.

"We've already seen the Heaven and Earth Holy Tree. You just have to hold on for a while longer." Long Chen said to Li Xuanji who was inside the Great Void Realm.

"Don't worry about me, I'm fine. Just focus." Li Xuanji slowly opened his hazy eyes. There were two things in front of him, the heart of lightning and the heart of eternal protection.

If Long Chen obtained the Sacred Fruit of Heaven and Earth, she would definitely use the Heart of Thunder in the future. However, if Long Chen lost, what awaited her was probably the Eternal Protection Heart.

Li Xuanji blinked and pursed her lips, but in the end, she still revealed a smile.

Her gaze landed on Lei Xin, because she believed that Long Chen would definitely succeed at this moment.

At this time, Long Chen stepped onto the ground that was emitting white light, the empty ground became much softer than he imagined.

Maybe it was because of the existence of the Heaven and Earth Holy Tree that this empty land started to emit white light.

Long Chen did not care about all these. He raised his head, and squinted his eyes, because he saw that at the highest point of the magnificent ancient tree that was emitting a white light, a similarly white and holy fruit, which seemed to be the fruit of the entire Heaven and Earth Holy Tree, grew there. That was the Sacred Fruit of Heaven and Earth.

A powerful sense of righteousness was emitted from the Sacred Fruit.

The Heaven and Earth Holy Tree was a full five hundred meters tall, and what made Long Chen feel terrifying was that from four hundred meters onwards, those densely packed lightning shackles were actually directly wrapped around the Heaven and Earth Holy Tree, entangled together with the Heaven and Earth Holy Tree's leaves. This meant that if Long Chen and the others wanted to obtain the Sacred Fruit, they had to pass through the area shrouded in lightning shackles.

In fact, the entire Heaven and Earth Holy Tree would awaken and its branches and leaves would transform into poisonous insects and venomous beast.

Long Chen understood, if this was the case, not only would he have to face opponents from the other Young Fighters, but he would also have to face trouble from the Heaven and Earth Holy Tree.

The more time passed, the calmer he had to be.

Arriving there, there was not much fog left. Long Chen did not use the Spirit Devouring Demon Pupils, but he could roughly see that there were only seven people there, divided into three groups. After the white light covered the ground, there were still ten-odd warriors who had just entered the Sixth Stage of the Divine Martial Stage.

only needed a glance to roughly guess what was going on. It was definitely these seven martial artists at the Great Circle of the Sixth Stage of the Divine Martial Stage that were occupying the closest area to the Heaven and Earth Holy Tree, the others who were forced into the area by their power and influence, coupled with the fact that they were not their opponents in terms of strength, could only stand three kilometers away from the Heaven and Earth Holy Tree.

Sure enough, someone soon found him.

Amongst the seven people from the nine great clans, other than Zhao Yunlong and Shangguan Feng, there were only seven people remaining. These seven people were probably the representatives of the other seven clans from the nine great clans, and the others, even if they were members of the seven great clans, wouldn't have the right to stand so close to the Heaven and Earth Holy Tree and wait for the Heaven and Earth Holy Tree like them.

Some of this was due to strength, while others was due to status.

At this time, the seven of them were gathered together, researching why Su Zhe, Qin Shi and the others had not arrived yet. The Sacred Fruit of Heaven and Earth was about to ripen in an hour, if they had not arrived by then, the Heavenly Sacred Fruit would not belong to them.

The two geniuses of the Seventh Stage of the Divine Martial Stage were the hottest people to snatch the Sacred Fruit of Heaven and Earth.

How would they know that Qin Shi and Su Zhe were both tricked by Shangguan Feng, or maybe it could be said that they were all done in by Shangguan Feng, and Shangguan Feng was done in by Long Chen.

When they saw that Long Chen, this person who they had never seen before, had actually rushed into their designated area, they never would have thought that Long Chen would be able to deal with Shangguan Feng who had taken care of two strong opponents.

"Third Stage of the Divine Martial Realm!" Not only those seven people, the other young geniuses who were sent out of the white area were also looking at Long Chen in surprise. It was obvious that Long Chen did not have any martial will on him, and could only be considered Third Stage of the Divine Martial Realm.

One must know that many Third Stage of the Divine Martial Realm s could not even make it past the first flow of mist, and most of them died in the venomous beast forest.

Even if Fifth Stage of the Divine Martial Realm came to this place, they would still feel incomparably amazed.

Furthermore, Long Chen had directly rushed into the white light's range.

This was a place that only the top geniuses could set foot in.

Currently, there were three disciples from the large clans who were walking towards Long Chen. Two men and one woman, all of them at the same level as Shangguan Feng and the others. One of the women took the lead and puffed out her towering chest, looked at Long Chen proudly, and asked: "What's your name, for your Third Stage of the Divine Martial Realm to be able to reach this place, is not bad, isn't it?"

Long Chen immediately replied: "My name is Jiang Yunfan, I come from Dongsheng City."

"Dongsheng City, you've never heard of it?" It was not worth looking at, so she waved her hand and said, "This is a place where the top geniuses can stand. With your talent, you should be standing at the foot of the mountain, get out of here quickly, don't let me kick you out."

The two men and one woman probably formed a small team, and because it was a girl's beauty, they usually chose her as their leader. The two men did not say anything, but their arrogant and contemptuous eyes and the woman beside them were chatting and laughing, completely disregarding Long Chen.

After the red-clothed girl finished speaking, the three of them laughed and turned to leave, but very quickly, they turned their heads in shock, anger appeared on the woman's face, and what she hated the most were those small fries who did not know life from death. At this moment, her voice was calm, and she said, "When I, Leng Chan, speak, I never say it twice.

She refused to believe that under such threatening words, this kid, who only had Third Stage of the Divine Martial Realm, would still not leave.

What was even more unexpected was that Long Chen actually waved his hand indifferently and said: "Since you said that this is a place where only the top geniuses can stand at, then I definitely cannot leave. This place belongs to me. If you want to leave, you can leave by yourself. You want me to disappear just because you want me to?"

Long Chen's words, which seemed indifferent, immediately caused a huge uproar.

The Leng Chan young miss of the Leng Clan, one of the stately nine great clans, was actually called a country bumpkin by this Third Stage of the Divine Martial Realm, and it was said that she ate too much sh * t and ate too much?!

Such vulgar words were actually used on this beautiful young miss, causing everyone to be unable to think straight, as they stared in astonishment at Long Chen, who had an indifferent and arrogant look on his face.

For a moment, everyone felt as if they were dreaming.

"Did I hear wrong? "That's the young miss of the Leng Clan!"

"The notoriously irritable one. I heard that many of the Leng Clan's servants, as long as they can't do as she pleases, they'll all be whipped to death!"

"He actually dared to let Leng Chan eat feces!"

Everyone looked in this direction in astonishment. The surroundings suddenly became incomparably quiet. Even the other six peak characters felt as if they were in a dream.

Long Chen could feel that this young miss, who was called Leng Chan, seemed to have overturned something on her body.

"I will dismember your body into a thousand pieces! Dismembered! " She was originally a great beauty, but now she looked at Long Chen and roared sinisterly. Having lost all sense of beauty, only now did everyone realize just how terrifying this tyrannical and rude young miss from the Leng Clan was.

"Miss Leng Chan, I will help you take care of this brat and make him disappear." One of the elegant young masters said.

"Let me do it. You are a woman's man, if I let you help me, I can't let Miss Leng Chan vent her hatred." Another man said with an evil smile.

"Get out of my way, I'll do it myself!" Leng Chan's face was sinister as she roared again.

The identities of the three people were equal, but it was because of Leng Chan's beauty that the two of them wanted to hit her and get her on the bed, so they were very polite to her. Now that she was so

spicy and aggressive, she directly told the two of them to scram, and the two of them were so ungrateful that they lost face, and snorted coldly and retreated.

This Leng Chan, when she was angry, did not even have a brain.

She was afraid that she would only be able to vent her hatred by hacking Long Chen into eight pieces.

Looking at the ferocious female tiger in front of them, everyone thought that Long Chen would be scared out of his wits, but Long Chen had not. He acted like nothing had happened and shrugged and said innocently, "Did I make you angry? It's not good for your health to get angry so easily. No wonder you look so anxious at such a young age. "

To be called old by a lowly person in front of so many people, this was unbearable for every girl.

After Long Chen finished speaking, Leng Chan finally couldn't hold back and exploded. She roared, and immediately attacked with her hands. A pair of pure white hands turned into a pair of sharp claws, releasing a cold wind that covered the sky.

"White Bone Shattering Claw!"

The Grand Moon Demon World's battle skills were all biased towards the Yin attribute, and this White Bone Broken Corpse Claw was no exception. In Long Chen's field of vision, everything disappeared, and the only thing that remained was the White Bone Broken Corpse Claw's shadow. This claw image contained martial arts too, and it was extremely profound.

Chapter 1182 - Bone Devil Arts

But this move, fighting against Shangguan Feng was not a problem.

However, compared to Long Chen, he was still lacking slightly. The reason Long Chen dared to be so arrogant was because he had the qualifications to be so arrogant.

All of a sudden, Crimson Blood Desolate Land appeared in his hand.

"God Slaughtering Sword Formation, Sword Explosion!"

The God Slaughtering Sword Formation that contained a terrifying power attached itself to Long Chen's Crimson Sky Kingdom. Under Long Chen's sudden wave, with a terrifying explosion, countless sword beams exploded into fragments of sword beams, and thousands upon thousands of them swept towards Leng Chan, who was just inches away.

With a boom, the torrent of sword energy crashed onto Leng Chan's body. The terrifying sword energy suddenly rushed over, but before Leng Chan could react, the terrifying force directly sent her flying!

Of course, there was also the reason why she had underestimated Long Chen.

Hiss!

With a terrifying scream, a streak of golden lightning suddenly shot out from the flood of sword qi. The speed was too fast, while Leng Chan was still in shock, a blood colored sword light directly pierced through her throat, and stuck her on the ground!

A man appeared beside her. His pair of cold eyes caused Leng Chan's breathing to almost stop.

The reason why she lost so quickly was largely because of her love rival. Otherwise, if Long Chen really wanted to suppress a warrior of this level, he would have to use the Nine Dragons Scripture.

Only the Nine Dragons Scripture, that kind of mysterious killing move, was Long Chen's true ace.

But even so, this scene left almost everyone dumbfounded.

With just one move, Long Chen had subdued Leng Chan, the sword pierced his throat, and nailed her to the ground!

This was a scene that no one dared to imagine. It could be said that no one present was able to do this. It was simply a legend, and no one believed their eyes. However, the scene before their eyes was so real

...

Even Leng Chan himself didn't dare believe it would be like this.

"This ..."

"How is this possible, how is this possible!"

"Could it be that the strength of this youth is far more than just Third Stage of the Divine Martial Realm? This way, he could explain why he was so arrogant earlier!

"Just who is he!?"

Even the other six top warriors were stunned for a moment.

Long Chen twisted Scarlet Sky Desolate Blood and pulled back his sword. This sword was only a small wound on his opponent's golden body.

"If I had wanted, I could have blown your head off. Now, do you think I have the right to stand here? " With a provocative gaze at Leng Chan, Long Chen said with a smile.

Just a moment ago, he was walking on the brink of death, her contempt caused her to die. Luckily, Long Chen had shown mercy, but he did not think that he would forgive Long Chen like that. On the contrary, after receiving such a huge insult, Leng Chan was about to go crazy.

"You're courting death!" In the next moment, Leng Chan jumped up from the ground. Long Chen was a step faster than her, he kicked her soft and perky butt, sending her flying and at the same time letting out a loud laugh.

The two men fought to be the first to catch Leng Chan. At this time, Leng Chan was a madman.

"Calm down first, Leng Chan. Don't let the hatred blind your eyes.

"This guy's strength is at least at the peak of the Sixth Stage of the Divine Martial Stage, he used your contempt to defeat you, if you still look down on him, think that he is just a small ant, you will lose even more miserably, you should consider him as an opponent of the same level!"

These few words caused Leng Chan to gradually calm down. Although her little butt still hurt a lot, she still passed the test in her heart when she saw Long Chen's indifferent appearance, just like what the person beside her said right.

The others also surrounded him, looking at Long Chen with unfriendly expressions. They were all members of the nine great families, and would still stand on the same side as Long Chen when facing foreign enemies.

The two sides faced each other.

Long Chen played around with the Crimson Sky Kingdom in his hands, looking at the seven of them with the same disdainful gaze, and said with an arrogant tone: "As long as you are experts, everyone has the rule to stand here, I defeated her but did not kill her, it only proves that I have the right to stand here, and the heaven and earth holy fruit is not ripe yet, so could it be that the few of you want to end this battle at this time?"

It had to be said that after's lightning-like method just now, everyone was a little fearful of him, especially a few people who did not have a good relationship with Leng Chan.

The only ones who had a good relationship with Leng Chan were the two people who had teamed up with her.

Just a moment ago, it was just a test. Although you managed to win against her temporarily due to Leng Chan's contempt for you, but it does not mean that you are stronger than her. When the Heaven and Earth Holy Fruit matures, we can decide the victor.

One of the men said.

Long Chen did not recognize any of these people from the nine great families.

To her, this was a huge humiliation. Other people might not want to get revenge, but that did not mean that she did not want to.

"Let me go." At this time, she struggled free from the two people who had grabbed her, and stared straight at Long Chen with gloomy eyes.

"Leng Chan, what are you doing?! Now is not the time!" The man at the side also admitted Long Chen's strength, it was unwise to take action now, for the sake of Long Chen, they had exhausted their own

fighting strength, and were not of the same mind, so how could they compete for the Heaven and Earth Holy Fruit?

"This is my own affair, scram!" Leng Chan glared angrily at them, and directly walked towards Long Chen.

The two men looked at each other. They knew that Leng Chan was making trouble for them without reason, but they never expected it to be to such a degree, for the disciples of such a large clan, the enticement of a beauty was far worse than the temptation of a Holy Fruit of Heaven and Earth. Since Leng Chan wanted to give up on the opportunity to obtain the Holy Fruit in order to vent her anger, they chose not to organize this.

As for the others, he could just reduce them by two opponents.

Therefore, no one stopped Leng Chan's actions.

The Nine Serenities Demon Mountain's method of training was undoubtedly very suitable for her. If she could endure it at this time, she would undoubtedly have improved, but she could not resist it, so she chose to walk the path of death.

Perhaps only death could make her throw away her pride. The most important thing to understand a martial artist wasn't their status or status, but the heart of a strong martial artist.

In Long Chen's hands, the Scarlet Sky Desolate Blood Sword had slowly turned into a halberd.

Very quickly, Leng Chan was about twenty meters away from Long Chen, and her gaze was gloomy, to the point where blood was about to drip.

Leng Chan said: "No one can ever make me want to kill them. You are the first one!"

Long Chen replied with a smile: "But also the last, because you no longer have the chance to kill anyone."

What Leng Chan hated the most was Long Chen's nonchalant attitude towards her, she needed the reverence of others, and not a smiley face.

She stopped talking, because she knew that the more he spoke, the more Long Chen would lose his sense of propriety.

"Bone Devil Art!"

After the whites of his eyes disappeared, Leng Chan's body was actually surrounded by a layer of bone. It looked like a very cold skeleton, incomparably sinister, and an evil aura emitted from her body. Inside the white body, there was a flash of a black rune.

The Bone Devil Technique was a secret technique of the Leng Clan. After using it, one's body would be invulnerable to swords and spears, and the strength of one's physical body would increase by countless times.

However, to Long Chen, that was all.

"Die!" Her speed seemed to have increased by several times, in a moment she was right in front of Long Chen's eyes, and those terrifying claws, grabbed straight for Long Chen's head!

"Competing in speed?" Long Chen laughed, and then turned, and the golden lightning unknowingly flashed past him.

Leng Chan's claws struck the ground, causing the ground to shake. One could imagine just how strong her power was.

"White Bone Shattering Claw!"

After failing with his move, Leng Chan was not willing to let it go. He continued to rush forward and frantically unleashed the White Bone Corpse Shattering Claw, causing claw images that were much more terrifying than before to fill the sky and rain down, causing Long Chen to have nowhere to run.

"Can you still defeat me this time?" In the air, Leng Chan's smile spread across her face.

She, who had gone crazy, did not look like a girl at all.

Long Chen did not like women with such strong vengeance. Originally, he did not have much killing intent, but after being forced to such a state, he had no other choice.

The Nine Dragons Scripture responded.

Long Chen's halberd rose high into the air. The blue mist emitted from the dragon scales on his chest, and condensed into an illusory dragon silhouette above the Crimson Sky Kingdom. Following Long Chen's dance, a divine dragon shot up into the sky.

"Nine Dragons Scripture, Ice Armor Canghai Dragon!"

For a time, it was as if everyone had descended into the vast ocean. The sea water violently surged, and the surging tide swept towards the sky. With a terrifying roar, it exploded!

The power of the Nine Dragons Scripture was beyond everyone's imagination.

Long Chen used the Nine Dragons Scripture and directly shattered Leng Chan's attack, the sharp halberd stabbed at Leng Chan's Bone Devil Arts in front of everyone's eyes, and immediately, the Bone Devil Arts exploded, causing Long Chen's expression to darken, the halberd in his hands turned backwards, and immediately tore Leng Chan's body apart.

This was the power of the Nine Dragons Scripture.

The Nine Dragons Scripture had drained nearly a quarter of Long Chen's strength in one session.

If Long Chen could add in the second stage of the Nine Dragons Scripture and summon out both the Heavenly Profound Jade Fire Dragon and the Ice Armor Canghai Dragon, then he would have to use up all of the power in his body.

Seeing that the battle was about to break out, Long Chen could only use a quarter of his strength. He believed that before the final battle, he would be able to recover his strength.

One of the nine great families, Leng Chan had died in Long Chen's hands.

Although everyone had expected this to happen, they still sucked in a breath of cold air!

Chapter 1183 - Worth It

They were both part of the Nine Great Families, but the internal conflicts were huge. Basically, there was no competition for benefits between the two families. In this competition for the Sacred Fruit, although only the big families joined hands, they still had their own ulterior motives.

What Leng Chan had done this time, was completely her own fault. Other people had went to stop her, but she could not endure this anger, in exchange for the result of her death. While everyone was secretly shocked, they also secretly rejoiced in order to lessen the number of enemies she had against her.

What made him worry was that Long Chen's fighting strength seemed to be stronger than any one of them.

Even a practitioner with supreme golden body would die so easily in his mouth. What he was certain of was that the strength of this Young Fighters was not Third Stage of the Divine Martial Realm.

The most likely target was the peak Sixth Stage of the Divine Martial Stage.

As for the Seventh Stage of the Divine Martial Stage, even within a hundred years of age, there were only two people who had reached that degree.

If it was at that level, it would be easier to kill Leng Chan.

Long Chen kept the Scarlet Blood Sky Desolate. At this moment, his temperament had changed greatly, and this was even more so due to everyone's mental state. It was as if the current Long Chen had a kind of natural pressure on him.

Everyone watched as Long Chen took Leng Chan's ring and held it in his arms.

"The hundred thousand God Crystals from before, in addition to the fifty thousand God Crystals from Leng Chan, will be used to feed Xiao Jin. When they are used on him, there will definitely be an astonishing explosive force."

Long Chen was actually very calm in his heart.

was not afraid that he would be surrounded and attacked because of killing Leng Chan, because he could tell with a single glance that these people were just a pile of loose sand. If they wanted to attack him together, Long Chen would not need to hold the Sacred Fruit of Heaven and Earth in his hands.

He raised his head and saw that the Sacred Fruit of Heaven and Earth had almost matured.

An invisible pressure descended on everyone's heads.

"Why have neither Qin Shi nor Su Zhe come?" Very quickly, everyone put aside the matter with Leng Chan and spoke out their doubts in pleasant surprise.

If Qin Shi and Su Zhe did not come, then the chances of them obtaining the Sacred Fruit of Heaven and Earth would greatly increase. This kind of unexpected thing could actually happen.

"Impossible, with Su Zhe and Qin Shi's strength, it's impossible for them to not be here. Could it be that they met the Patriarch of the Poison Shadow Clan? I heard that their clan leader, is a seventh grade Spirit Demon God, and has enough strength to deal with Qin Shi and Su Zhe! "

"Impossible, my luck is so bad!"

"No, I heard others say that Su Zhe went into the ground to deal with the Myriad Evil Vine, was he killed by it?"

When he said this, everyone felt that it was possible, but Long Chen felt a cold Qi coming from behind him.

He knew what Su Zhe and Qin Shi were doing.

But at this time, he suddenly turned his head, and what he saw was a silver-haired youth slowly walking over. It was Su Zhe.

The current him, with his tattered clothes, messy hair, completely black body, he looked extremely miserable, but what made Long Chen fear was that his gaze was extremely cold, filled with an unyielding tenacity, extremely arrogant and calm. He looked extremely similar to Long Chen in his temperament, as he climbed up to this point from a insignificant person, and the things that Su Zhe had experienced, were probably no less than Long Chen's.

Furthermore, what was even more terrifying was that Su Zhe was the first person who made Long Chen feel that his physical body could actually threaten himself. When he first saw Su Zhe, he did not have such a strong and frightening physical body.

His swarthy skin was riddled with scars and a foul stench assaulted his nostrils. It was somewhat like the smell of bile.

"Shangguan Feng once said, he lied to Su Zhe saying, that the Ten Thousand Devil Evil Vine's bile can temper the body, could it be that Shangguan Feng was really hit by it?"

Judging from Su Zhe's situation, it was obviously true.

Su Zhe's body, under the Myriad Manifestation Evil Vine's Purification, had already reached a level similar to Long Chen's. This was quite frightening, and meant that his strength increased once again.

Su Zhe's arrival caused everyone's originally lucky mentality to decline.

The rest was up to Qin Shi Shi. If Qin Shi didn't come, then it would be troublesome, Su Zhe didn't have any competition, and obtaining the Heavenly Sacred Fruit could be said to be as easy as flipping his palm.

At this time, Su Zhe's cold face turned a thousand times, he looked around and asked: "Where's Shangguan Feng?"

From his voice that was filled with killing intent, everyone knew that Shangguan Feng must have offended Su Zhe.

Everyone looked at each other. Under Su Zhe's pressure, a warrior said, "He's together with Qin Shi and Zhao Yunlong, but he hasn't come over yet."

"Qin Shi isn't here?" Su Zhe was startled, he knew that he was tricked by Shangguan Feng, that cunning guy.

However, Shangguan Feng actually lied to him.

What he did not know was that Shangguan Feng had already died in Long Chen's hands.

Just as the Sacred Fruit of Heaven and Earth was about to ripen, Qin Shi unexpectedly didn't come.

"You actually didn't come? Then I'll take the Sacred Fruit away." Su Zhe raised his head, looked at the Sacred Fruit which was sealed within the shackles of lightning, and revealed a satisfied smile.

At this time, when he saw Long Chen, he vaguely felt that he looked familiar. Long Chen's body had a similar smell to him, and was not one that belonged to that kind of noble young master or miss, which made Su Zhe feel extremely comfortable.

"I am Su Zhe, what about you?" When he was five meters away from Long Chen, Su Zhe gave him a light smile.

"Jiang Yunfan." Long Chen replied indifferently.

There was nothing to talk about. No matter how good their relationship was, after a while, it would be a life and death battle.

It had to be said that Long Chen was extremely afraid of Su Zhe, but since he had appeared and become stronger, Long Chen had no reason to retreat.

He had originally thought that if Qin Shi Su Zhe was not here, after he had obtained the Sacred Fruit of Heaven and Earth, it would be easy for him to defeat the disciples of the other families.

Even if Long Chen managed to obtain the Heaven and Earth Holy Fruit, the next thing he would be facing would be everyone's attack, including Su Zhe's!

His original plan was messed up once again.

Fortunately, as long as they could get the Sacred Fruit, they could let Li Xuanji refine it first. As for whether or not they could survive the following battles, it would depend on whether or not their own lives were tough enough.

did not know if it was worth it, he only knew that he should do so. If he retreated this time, he would retreat without a word, just like how he had followed Ling Xi back then, without any hesitation.

This is what a man should do.

In the Great Void Realm, even though Li Xuanji's eyes were closed, she knew everything that was happening around her like the back of her hand.

"It's very likely that you will die. Do you still want to continue?" She let out a very soft sound, and it could be heard that her life force was getting weaker and weaker.

Her eyelashes trembled as she struggled in her heart.

Dark green hair scattered on the ground, no longer glowing.

Long Chen was startled, then smiled and said: "We're already here, no matter what, we can't give up. I already knew that the chances are slim, but it's not that we haven't backed down yet, but the situation is even worse."

He said it as if it meant nothing.

Li Xuanji said with a heavy heart: "But I still feel that it's not worth it. For me, you are not worth giving up your life, right? "It's not that I'm looking down on myself, but I'm really not worth it!"

Long Chen had thought about these questions many times, whether it was worth it or not.

"Don't say anymore. I don't want to think too much about it. Just follow my heart and do what I want. If the heavens wanted me to die, then I wouldn't have lived this long."

Li Xuanji shook her head, and said: "It's not like that, there is always a difference between right and wrong, and there must be an even more important person in your heart. Back then, when you were chasing after the soul in the sword, and also your sister, they all wanted you. Have you ever considered their feelings? I can be counted as what it is. "

At the end, she was actually a bit excited.

Long Chen understood that she had grown up in the midst of suffering and suffering since young. Without experiencing love and kinship, her entire world was blank. Without someone who was especially good to her, to suddenly be willing to take such a risk for his sake, she actually wasn't used to it.

To her, this seemed a bit extravagant.

"Go back, there is still time to regret, your sister's cultivation has risen so fast, something must have happened!" Li Xuanji closed her eyes tightly, his heart as though it was on the verge of death.

Her words caused Long Chen to sink into silence.

Yes, in Long Chen's heart, there was indeed someone more important than her. Regardless of whether they were waiting for the powerful Ling Xi, her brother Mo Xiaolang who lived and died with him, or her sister who she did not know what had happened to. Everyone needed him greatly, but right now, he was taking this risk for a girl.

It didn't seem worth it.

"However, there are some things in life that people can't choose from with reason. Don't say anymore, the real battle hasn't started yet. Before I fall, you can't say that I've failed."

After pausing for a moment, Long Chen exhaled, and said: "Don't ask whether or not I'm worth it, as long as you're alive, I'm also alive, which is also worth it."

Li Xuanji did not speak. She slowly opened her eyes, but there was a sense of loss within them.

The feeling of being protected and being cared for, is this it?!

She suddenly felt that she had a lot of things to say to Long Chen, that she wanted to explain the situation to him clearly. However, in the end, all of them were stuck in her throat, and just as the Sacred Fruit was about to ripen, the final battle was about to begin. With thousands of words in her mouth, it became a few words.

"I believe you."

These short four words gave Long Chen a huge amount of power. He smiled in his heart, and then, the following matter, would be to fight with everything he had!

As a man, he should bleed. He shouldn't even think about things that he shouldn't have.

Chapter 1184 - Moon Blessing

Standing in front of a woman who had lost her family and turned into a cripple, Long Chen was unable to retreat.

Time slowly passed.

Su Zhe seemed to feel Long Chen's hostility, which also triggered his hostility.

That was true. In front of the Sacred Fruit of Heaven and Earth, there were only enemies and no teammates.

What made Su Zhe rejoice was that at the very last moment, Qin Shi was still not here.

To him, this Sacred Fruit of Heaven and Earth was like a turtle in a jar.

Time gradually arrived and everyone nervously looked at the sky. Above their heads, at a distance of 400 meters, the shackles of thunder let out terrifying vibrations, and countless purple lightning filled with destructive power swam about, and when the time arrived, before the Holy Fruit of Heaven and Earth

had matured, the entire Heaven and Earth Holy Tree started to change, from its previous holy white, to its sinister black, and a black fog came out from the ground, engulfing the entire Heaven and Earth Holy Tree. It swept out from the roots, and the black qi continued to spread towards the crown of the tree, and as long as the branches and leaves that had been covered in the black qi came to life, they started to sway and emit emitted a dense, fiendish aura.

Countless leaves and tree trunks began to change from the appearance of the trees to those of venomous beast venomous insects and venomous snakes. Each long leaf became a bloody long snake, crawling with poisonous leeches, spider scorpions, scorpions, and other dark creatures.

Such a huge ancient black tree was currently swaying and screeching. It was as terrifying as it could possibly be. The lightning chains wrapped around its lightning chains were even more ferocious when intertwined with these poisonous creatures.

At the same time Long Chen was on guard in his heart, he also noticed that every single poison had a thick black line connected to the ancient tree. From this, it could be seen that no matter what kind of poison it was, they were all a part of the Heaven and Earth Holy Tree.

Just as the Sacred Fruit was about to mature, the Heaven and Earth Holy Tree turned into the Evil Tree.

The boundless Evil Qi burst out from the ancient tree and spread out to the surroundings. Within a radius of 10 miles, it enveloped the entire body, and if one did not have a physique or strength, they would directly fall limply to the ground.

At least ordinary Third Stage of the Divine Martial Realm couldn't even get close to a five kilometer radius of a Heaven and Earth Holy Tree.

At the same time as the Heaven and Earth Holy Tree mutated, the color of the Sacred Fruit at its peak did not change. At the same time, the color of the Sacred Fruit at its peak did not change at all.

The difference between the purity and the rich fragrance of Heaven and Earth Holy Tree and those of dark creatures was huge.

The strong fragrance pierced through the rotten smell of the countless poisonous creatures and spread out in all directions. All of a sudden, the disciples who were still in Nine Serenities Demon Mountain could smell this extremely comfortable and refreshing fragrance.

This was a rich fragrance that made people obsessed with it.

Everyone knew that the Sacred Fruit of Heaven and Earth had matured.

The young boys and girls who were still trying their best to advance stopped in their tracks one by one, and looked at the thick fragrance coming from the Nine Serenities Demon Mountain's roof in a daze. They all knew that they had no fate with the Sacred Fruit of Heaven and Earth.

That beautiful dream of suddenly becoming a super genius shattered.

"I really don't know. Who is the one fighting for the Sacred Fruit of Heaven and Earth right now?"

Such was the question in everyone's mind.

On the summit of the Nine Serenities Demon Mountain, Long Chen's gaze was fixated on the slowly spinning holy fruit in the sky. Standing so close, Long Chen was even more able to feel the rich fragrance, and after taking a deep breath, he felt extremely refreshed. The flow of the primordial spirit in his body also sped up, and his entire body brimmed with energy.

The primordial spirit that he had used up during his battle with Leng Chan had now gradually recovered.

The moment the Sacred Fruit appeared, everyone moved at this moment.

Although everyone was at the same starting line, because of the difference in speed, Long Chen and Su Zhe had instantly left the others behind.

Su Zhe transformed into a silver ray of light, and beside him, there was a golden streak of lightning. Its speed was actually not too far from his, and the two of them took the lead, instantly charging towards the feet of the Heaven and Earth Holy Tree.

At this time, the speed at which they burst out with the strength in their legs was much faster than when they directly soared into the sky. The disciples of the nine great families would directly choose to fly away, but unfortunately, the moment they flew up, Long Chen and Su Zhe had already rushed onto the Heaven and Earth Holy Tree!

Su Zhe's speed was fast, and was within everyone's expectations. However, Long Chen's speed was actually so fast, which exceeded everyone's expectations.

That golden bolt of lightning was not the least bit inferior to the silver ray of light.

Actually, Long Chen was also very surprised. His speed had only reached his current level because he had been continuously refined by the Golden Thunder Prison Dragon, and this Su Zhe actually had a speed and body similar to his. He was definitely a heaven-defying great enemy!

The reason why Long Chen was able to obtain the Sacred Fruit of Heaven and Earth was largely because of him!

As for the others, under the terrifying speed of the two of them, they were quickly left far behind.

Su Zhe's heart was also filled with shock!

He really did not think that this strange practitioner who looked like she only had Third Stage of the Divine Martial Realm would actually have such a terrifying speed!. (NT: Third Stage of the Divine Martial Realm = Third Stage of the Divine Martial Realm = level)))) He was absolutely confident in her own speed. In his opinion, even Qin Shi was far from him in terms of speed.

But Long Chen could!

Su Zhe was no longer surprised. When they got close to the Heaven and Earth Holy Tree, it immediately launched a fierce attack!

The huge snakes opened their bloody mouths, black saliva dripping out as they rushed towards the two of them. There were also a lot of giant spiders and scorpions falling down, as well as a lot of black toads vomiting black venom.

The toxins of these poisons are the 'Heavenly Calamity Poison' produced by the Heaven and Earth Holy Tree, it's extremely terrifying, if an ordinary person were to be dripped even a little, their skin would fester and they would die, even if they had the Golden Body, it's very difficult to get rid of this fatal poison!

However, Long Chen's Dragon Physique was extraordinary and was basically poisonous, and had an impact on them.

Of course, even so, he could not tolerate these disgusting things directly spitting venom onto his body.

At the same time, Su Zhe's Silver Dragon Spear appeared in his hand. As he charged forward, under the terrorist attacks of the two sword and spear shadows, the poisons close to them were cut apart one after another, turning into a black poison that scattered down.

However, the Heaven and Earth Holy Tree did not lack poisonous substances.

The closer he got to the top, the stronger the resistance he met. Each and every poisonous object was bloody and terrifying, Long Chen directly brought out the God Slaughtering Sword Formation, in order to barely block off the attacks of so many poisonous objects. The black venom that he spat out, was simply like rain.

Of course, although his speed had been affected, he was not any slower than Su Zhe. Compared to the others, he was even faster by quite a bit.

Su Zhe's situation was similar to Long Chen's. When his spear shadows danced, basically no poison could near his body, but there were simply too many poisons, which actually affected his speed in an instant!

At this time, Long Chen and Su Zhe saw each other as their only opponents.

"I've underestimated you. You're not bad at all!" Su Zhe laughed out wildly. The Silver Dragon Spear in his hand faced downwards, streaks after streaks of silver light. Those Nine Warriors who were still trying to charge forward were instantly knocked down by the Astral Spear of the Silver Dragon Spear.

"This is our battlefield!" Su Zhe laughed loudly, he was very bold.

It was also Long Chen's fortune to be able to become an opponent for such an honest person. At the very least, this Su Zhe was very upright and honorable.

Of course, this did not mean that he was easy to deal with.

Under the crimson rays of sword light, the poisonous creatures exploded one after another.

On the other side of the Heaven and Earth Holy Tree, even after Su Zhe used all his strength, he could only advance at a speed similar to Long Chen.

He wanted to throw Long Chen beneath him, but he couldn't do it.

If this continued, it was very likely that Long Chen would meet him at the side of the Sacred Fruit of Heaven and Earth. If he did not believe it, he would lose a lot if he gave the Sacred Fruit to the other party.

With great difficulty, Qin Shi lost his way. This time, Su Zhe was determined to get the Heaven and Earth Holy Fruit.

"Go down!" With a twist of the Silver Dragon Spear, it actually charged towards Long Chen.

"Moon luring me!"

The name of this Moon Flare was elegant, but it was a battle skill, and it was a very strong one at that. Under Su Zhe's control, dozens of blades and silver spears shot down towards Long Chen like a torrential torrent of moonlight.

Everyone was surrounded by the alluring moonlight.

However, there was still the image of a spear in the midst of the spear shadows. A heavy blow had caused Long Chen to have nowhere to run, so even if Su Zhe did not attack, he would definitely be able to strike Long Chen down.

This moonlight seemed simple, but it was at least the Grade Seven Divine Technique.

The misty moonlight seemed to be real, easily causing people to be intoxicated by it.

This was Su Zhe's martial arts, it had a bit of an enchanting feel, but most of it was filled with beauty, like the moonlight.

Every time Long Chen fought, he would always activate True Martial Emperor's Soul, because this was his precious chance.

This time's short clash with Su Zhe also caused Long Chen to feel many emotions.

In Long Chen's hand, with a stab of the long sword, it instantly turned into a blood-red halberd! The halberd was powerful and domineering. Compared to the Silver Dragon Spear, it gave off a bloody aura.

The Silver Dragon Spear had nothing to do with dragons at all, but Long Chen's Crimson Sky Kingdom was the evolved form of a genuine Crimson Horn Demon Dragon.

"Nine Dragons Scripture!"

Facing Su Zhe, Long Chen did not have the slightest bit of carelessness. He directly used the Nine Dragons Scripture in the process of charging forward, the first stage of the Nine Dragons Scripture, Heavenly Profound Jade Fire Dragon, attaching itself to his Crimson Sky Desolate Blood Dragon. Following the dance of Long Chen's halberd, that terrifying azure-colored flame instantly spread out.

Chapter 1185 - The Appearance of Qin Shi Shi

Long Chen who had unleashed the Nine Dragon Scripture was not one bit inferior to Su Zhe.

It could be said that Su Zhe had still underestimated him. Simply standing in front of the moonlight to tease others was not enough to deal with Long Chen!

The terrifying flame of the Sky Profound Jade Fire Dragon was the weakness of some poisonous creatures. As the flame burned past, a large area of the poisonous creatures turned into ashes.

In order to cope with the enemy's attacks, the two of them were forced to fly backwards. Seeing that the people below were about to catch up, Su Zhe finally stabilized his body and looked at Long Chen in shock.

Long Chen's strongest point was his speed and body, but Su Zhe was already similar to him in these aspects, in these aspects, Long Chen did not have much of an advantage anymore.

But just with this strong will, Long Chen still did not lose to Su Zhe immediately.

At this time, the two were sent flying by the opponent's attack. Long Chen turned around again and stepped on the head of a poisonous snake that had just rushed up, and flew up high!

At this moment, they were all more than 300 meters above the ground, and the lightning shackles were 100 meters above their heads. If they went up another 100 meters, they would reach the location of the Sacred Fruit.

The others were all at least two hundred meters below him!

"You want to run?!" Su Zhe sneered and chased after him.

They had seized this opportunity to climb up another 20 meters. However, at this time, more poisonous creatures surrounded them and wrapped themselves around their bodies.

"Play well by yourself, I won't accompany you anymore." After using the halberd to directly slice a huge scorpion that pounced at him into two, Long Chen laughed strangely, and his body once again charged upwards.

Su Zhe was very at ease. With the poisonous substance surrounding them, none of them would be able to escape quickly.

However, Su Zhe was stunned by what happened next.

Long Chen did not have any defensive measures, and directly rushed up, but those poisonous creatures did not seem to be able to see him at all as they brushed past his body. They did not have any intention of attacking him, but instead, even more poisonous creatures were heading in his direction!

"How is this possible!" Su Zhe's eyes opened wide, this thing that did not happen actually happened! How could these poisons not see Long Chen?

While he was feeling suspicious, Long Chen had already charged out fifty meters, and left Su Zhe far behind, who was the closest to him.

It was actually very simple, and that was because Long Chen had used the Divine Breath Spell.

This Heaven and Earth Holy Tree was similar to the Myriad Evil Vine, using a type of spiritual consciousness, but it was not used by a spiritual consciousness to sense it. However, Long Chen's Divine Remembrance Technique could hide itself from their senses, so Long Chen did not seem to exist in their eyes.

The Heaven and Earth Holy Tree did not have any intelligence, and all the poisonous materials that were originally to deal with Long Chen were all used on his body!

"Don't even think about leaving!" Seeing that Long Chen had actually left him at the back, Su Zhe became anxious and finally used the method at the bottom of the chest. Under his crazy dance, the silver sharp spear aura shot out explosively, and formed a thirty metre in diameter millstone above his head!

On the millstone, there were terrifying rays of light everywhere!

A scornful silver aura swept through all the surrounding poisonous creatures, and completely strangled all the poisonous creatures that were near Su Zhe. In an instant, the poisonous blood and shattered corpses that filled the sky scattered all over the ground, and the people below immediately scolded nonstop.

They had to deal with the toxins around them, and avoid the venom that fell from the sky.

It had already been hard for him to get the Sacred Fruit of Heaven and Earth. Now, there was even less hope.

They all looked up.

"Su Zhe actually used this move, then what about Jiang Yunfan!?"

"Ah, it's actually still above Su Zhe! Ah, those poisons actually didn't do anything to him!"

If even Su Zhe could be suppressed, then everyone's true role would be too crazy, Long Chen.

They couldn't help but admire him. However, if this Heaven and Earth Holy Fruit were to be taken by someone like him, they would be even more unwilling to accept it.

"Brothers, even if he obtains the Sacred Fruit of Heaven and Earth, he won't be able to hold on to it. Let's work harder!"

It was unknown who shouted, but the crowd became even more frenzied as they charged up, one after another!

And at this time, in order to obtain the Sacred Fruit of Heaven and Earth, Su Zhe was actually going berserk. Bearing against the gigantic silver millstone, the silver millstone released a resplendent light, as long as it was a poisonous object that approached him, it would be immediately strangled clean before it even reached his body. Su Zhe's speed increased by a lot in an instant!

"Jiang Yunfan, don't think you can be ahead of me!"

Long Chen lowered his head to take a look, this Seventh Stage of the Divine Martial Stage's Young Fighters was indeed terrifying. He had pretty much taken down the entire Heaven and Earth Holy Tree, and once that happened, both the shattered rocks and the poisonous blood immediately flew in all directions. Long Chen suspected that even if he fell down, he would have been directly smashed into pieces by that terrifying full moon millstone of his.

"In vain."

Long Chen laughed coldly. The two of them were originally of similar speeds, but right now, Long Chen was able to pull away from the other party by more than 30 meters, and more importantly, Su Zhe still had some resistance, but Long Chen did not have any resistance at all. Without saying a word, he directly stepped on some poisonous things and rushed to the sky.

If he wanted to obtain the Sacred Fruit of Heaven and Earth, he would have to break through the shackles of lightning. There was no other way, he could only take it head-on.

Fortunately, Long Chen's body had been tempered by the Golden Thunder Prison Dragon before, so he could resist lightning. Since no one was afraid of lightning shackles, he was naturally not afraid either!

Thirty meters left!

Long Chen's speed increased yet again, and as if he didn't care about his life, he rushed towards the rumbling purple lightning in the sky!

As for Su Zhe, who was below, he could only stare blankly.

From the very beginning, Long Chen had been destined to be faster than him with the Divine Breath Technique!

It was not a problem to snatch the Sacred Fruit. The biggest problem was whether or not he could keep it. In other words, he was saving his life. After all, once he obtains the Sacred Fruit of Heaven and Earth, he would definitely give Li Xuanji a life first.

Although Li Xuanji did not say it, Long Chen already knew that she was at the final juncture.

The relationship between the two had always been light, just like the conversation between them.

However, his heart was hot-blooded!

Just as Long Chen thought that he was about to succeed, a huge change occurred!

A pitch-black figure was actually charging straight towards him from the distant skies. That speed could be said to be not that much slower than him and Su Zhe, and at the same time, this person had an aura that Long Chen was extremely wary of!

"Qin Shi!"

When this figure entered the range of one Li away from Long Chen's Spirit Devouring Demon Pupil, Long Chen immediately found out her identity.

Long Chen was extremely shocked, he did not expect to actually be able to crawl out of the cold pond!

Shangguan Feng thought himself to be clever, but he never thought that his two schemes would both actually fail, Su Zhe got lucky from his misfortune, and Qin Shi actually managed to escape from his predicament!

She did not stop her; the journey was smooth, and she charged straight towards Long Chen from the sky!

Her appearance was too surprising to Long Chen, and before he could even react, she had already charged into the vicinity!

That pair of black eyes in the dark night, in the depths of the cold, was also filled with surprise!

She did not expect that this young man, who she did not hold in the slightest, would actually be able to rush to such an extent, and leave Su Zhe behind!

She had felt it in the beginning when Zhao Yunlong had declined, she knew that it was Shangguan Feng's masterpiece, but when Shangguan Feng's head fell down while screaming, she was shocked. She thought that it was the doing of the people from the Poison Shadow Clan, but before Shangguan Feng died, the name she shouted was Jiang Yunfan.

From this, Qin Shi understood that the mantis stalked the cicada and the oriole. This so-called Jiang Yunfan was the oriole.

He possessed an inconceivable ability. The more people looked down on him, the more miserably he would be defeated.

After all, she was one of the disciples of the World King. Although there were many disciples in the World King, she was the most outstanding one under the age of a hundred.

World King still gave her a lot of things.

After coming out of the cold pond, she rushed towards here at full speed. When she finally arrived, the Heaven and Earth Holy Fruit was not taken away, but what appeared was the scene of Su Zhe crazily chasing after Long Chen.

Qin Shi picked up a bargain. He did not need to compete with the others. He directly flew from the sky to a height of more than 300 meters.

So in the midst of his surprise, Long Chen had encountered this person that was impossible to find.

"I'm sorry, Divine Void Taboo!" Without saying a word, Qin Shi directly attacked without a second thought. With a wave of her hand, the surrounding air seemed to have been squeezed and exploded, turning into a tide, one wave rushing towards Long Chen and all the surrounding venomous beast were instantly shattered by the air!

"Taibai Sword Prison!"

At this critical moment of nervousness, Long Chen could only use the Taibai Sword Prison to protect himself. However, among Qin Shi's attacks, there were experts from the Heaven and Earth Appearance Mantra who controlled the will of heaven and earth, and at that moment, Long Chen felt as if he was making an enemy of the world. The Taibai Sword Prison, a sixth grade mystical technique, was directly shattered, and the force that was far stronger than Long Chen was suppressing his body!

BOOM!

's body trembled, the blood Qi tumbled, the terrifying force directly knocked Long Chen out, the air still shook non-stop, until Long Chen was sent flying 40 meters away, while Qin Shi Shi had replaced Long Chen's position!

"The Seventh Stage of the Divine Martial Stage, is actually so much stronger than me!"

Long Chen was overwhelmed with shock. He knew that the higher he went, the higher the primordial spirit would stop deciding anything because of the relationship between comprehension and control. The gap between each realm was getting bigger and bigger, and the advantage of going across levels in Long Chen's previous challenge was getting weaker and weaker.

The only thing he could rely on now was the Crimson Sky Kingdom and the Nine Dragon Scripture.

Others had to spend hundreds of years to painstakingly cultivate to the Seventh Stage of the Divine Martial Stage and comprehend Heaven and Earth Appearance Mantra. It would be strange if he could defeat them so easily.

Since Qin Shi's appearance, the decisive battle had become even more exciting.

However, he did not give up. Seeing that he was pushed back more than 40 meters, he clenched his teeth and suppressed the boiling blood and Qi, and rushed forward again!

Even if it was the Seventh Stage of the Divine Martial Stage, he could not let Long Chen take a step back, because he was a person with faith!

Before he achieved his goal, no amount of suffering could make him cower! He had made a promise before, but now was the time to take responsibility for it!

The moment they saw each other, they started to fight crazily. They were truly balanced in terms of strength, and if they fought evenly, it would be difficult to determine the victor of the fight in a short period of time. However, because they were fighting under the yoke of lightning, the warriors of the nine great families stopped in their tracks and did not dare to advance.

The reason was because the two of them were fighting in such a horrifying manner. Even when the venomous beast and poisonous creatures approached them, they would be instantly killed, and it was the same for the two of them.

He had originally thought that neither of these two experts would come, but in the end they actually did.

Especially Qin Shi, who had just arrived, had directly seized the initiative and sent Long Chen, who was about to obtain the Sacred Fruit of Heaven and Earth, flying. At this moment, everyone was watching the battle and had already forgotten about Long Chen.

Their battle also made Long Chen feel apprehensive.

In actuality, Long Chen was a lot younger than them.

When he reached their age, what Long Chen could do, was definitely countless times what they could do, so he was neither discouraged nor envious. In terms of geniuses, there really weren't many that could compare to him.

"Looks like I have to burn some money to get rid of these two guys."

They had originally planned to use it later, but when Su Zhe and Qin Shi were fighting, they wouldn't let anyone enter the lightning shackles. If anyone got close, they would probably join hands and attack that person.

In their hearts, only the other party's strength was acknowledged by them.

At this time, Long Chen approached them as if he wanted to live. He floated in the air, and those sinister looking venomous beast could not feel his existence.

When the people below saw Long Chen actually get so close to watch the battle, they were immediately confused: "What is this guy trying to do?"

"Although he might be invincible in the Sixth Stage of the Divine Martial Stage, in front of a warrior who controls the will of the world, he basically doesn't have the strength to fight back. How could he overestimate himself?"

"Where did this kid come from? Why is he so arrogant?"

"Arrogant? "I don't think he knows whether he's dead or alive!"

As they spoke, the remaining six people of the nine great families gradually neared. Their eyes were unfriendly, and they were looking for Kong Zi, if both Qin Shi and Su Zhe were to suffer from heavy injuries, then everyone would be happy.

As for Long Chen, because his strength was a level higher than everyone else, he had become a thorn in everyone's eyes.

Long Chen had no other choice. Among all the things he could control, this was the only way to defeat the two experts in one move.

"I've fed you a total of one hundred thousand divine crystals, I hope you don't disappoint me." Standing outside of the battle range of the two experts, Long Chen stretched out his left and right arm as golden lightning flashed on his arm. An unprecedented, powerful golden light radiated from Long Chen's hand.

Crack! Crack! Crack!

Golden lightning began to revolve around his body, forming a golden ball of lightning out of thin air. The terrifying golden lightning roamed all over the place with this ball of lightning as the foundation. The energy of this golden lightning seemed to be no lower than the purple lightning in the sky.

Aside from Su Zhe and Qin Shi, everyone was staring at Long Chen who was in the middle of the lightning ball in shock. At this moment, Long Chen only had a vague shadow left, while the golden lightning ball was growing larger and larger, giving everyone a more terrifying pressure. It was to the point that it seemed like someone had seen that golden dragon's scale, covering the lightning ball!

Tzzzzzzzzzzzz!

Such an ear-piercing sound filled the world.

and Qin Shi both felt the pressure from the shackles of lightning on their heads as they felt the increasing power around them, and knew that they had slowed down their battle and was just about to eliminate Long Chen's threat.

"What is this kid doing?" Silver light flashed in Su Zhe's eyes.

Right at this moment, his pupils expanded once again.

A terrifying dragon's roar suddenly filled the world!

It was deafening!

Many people covered their ears!

Then, they saw the golden ball of lightning suddenly transform into a terrifying giant beast. This was a divine dragon that was completely composed of golden lightning, and when it expanded its body to over

a hundred meters long, there was a true pressure coming from the divine dragon's body, along with a frightening power!

Terrifying bolts of golden lightning surrounded the golden lightning dragon, constantly roaming about, emitting ear-piercing sounds.

"What the hell is this thing!"

Qin Shi's face changed, just as he was about to make his move, the huge golden lightning dragon released another world-shaking roar, baring its fangs and brandishing its claws, it swooped down towards the two of them. The terrifying pressure directly affected their bodies, Su Zhe and Qin Shi felt as if the entire world was filled with this kind of golden lightning!

"Divine Void Hexing!" Qin Shi punched out once again, causing the air to vibrate. Waves of energy shot towards the Golden Thunder Prison Dragon, attempting to shatter it!

At the same time, Su Zhe also used his Silver Dragon Spear to resist.

In their opinion, Long Chen's attacks could not hurt them at all.

This time, they guessed wrongly because the Golden Thunder Prison Dragon had absorbed a total of one hundred thousand divine crystals worth of power. The power of one hundred thousand divine crystals had exploded into golden lightning bolts, which could only be described as terrifying.

The Golden Thunder Prison Dragon was furious and swooped down. Qin Shi's Divine Air Seal and Su Zhe's attack seemed so pitiful. Su Zhe and Qin Shi's faces immediately changed as they remembered that they had a chance to save him, but it was too late!

BOOM!

Golden lightning flashed, and more than half of the Heaven and Earth Holy Tree were destroyed. Those poisonous bugs and poisonous snakes were all turned to dust by the golden lightning, and even the poisonous blood had completely dissipated. It was as if there was a lightning shackle in the sky.

Qin Shi and Su Zhe were the first to bear the brunt of the attack. Although they had used protective measures at the last moment, it was still an emergency protection measure and was not worth mentioning. The main strength of the Golden Thunder Prison Dragon worked on them and directly sent them flying, the two figures had turned charred black and released bursts of smoke, as if they were cooked alive.

Of course, there were still signs of life for the two of them.

The golden Thunder Prison dragon's rampage finally stopped. Everyone's face was dull as they looked at each other, unable to react for a while.

Who would have thought that such an insignificant person would be able to launch such a terrifying attack?

Although, this attack didn't seem to come directly from his body.

While they were in a daze, Long Chen glanced at Qin Shi and Su Zhe. Of course they weren't dead, and even their injuries weren't as heavy as Long Chen had imagined.

As long as he could get them away, then it would be time for him to get the Sacred Fruit.

Feeling his existence, the shackles of lightning and lightning instantly seemed to have gone mad. Under the entanglement of countless poisonous objects, the purple lightning suddenly rushed towards Long Chen! Swish ...

This was the might of heaven and earth. In the midst of the crazy rumbling of purple lightning, Long Chen had an incomparably small feeling. If this purple lightning could blast him into pieces, Long Chen would absolutely believe it.

The only thing to do in the face of these shackles of lightning was to resist!

Long Chen was very good at this, his physical body had already surpassed the average [Seventh Rank Body Refining Divine Technique], and even past the eighth rank. This dragon's physique surpassed many people. If Qin Shi could endure it, Long Chen could definitely endure it!

RUU...!

The terrifying sounds of thunder and lightning began to resound around his body, and those dense purple lightning started to entangle and flash on his body, causing Long Chen a kind of bone-piercing pain.

Long Chen rushed into the lightning shackles, causing everyone to become crazy, they immediately rushed up.

The two people who were sent flying by Long Chen turned into charcoal and fell to the ground. However, when they landed, the charcoal cracked and two white silhouettes came out of it, hurriedly using clothes to cover their disfigurement.

With the Supreme Gold Body, Long Chen did not completely destroy them just now, but they were heavily injured. Even though he had reformed his body, his face was pale white, and his fighting strength had decreased by quite a bit, and he would need some time to recuperate before he could fully recover.

However, when they saw that Long Chen had already entered the lightning shackles, the two of them could no longer resist, and could no longer attend to their own injuries, charging upwards.

They never would have thought that they would actually lose in the hands of Long Chen.

Who exactly was that mysterious youth? How could he have so many tricks up his sleeve!

At this point, Su Zhe and Qin Shi had no choice but to treat Long Chen as an extremely difficult opponent to deal with!

If Long Chen were to obtain the Sacred Fruit of Heaven and Earth first, it would be extremely troublesome.

At this time, Long Chen was enduring the attacks of the lightning shackles as he gritted his teeth to advance. The purple electric arcs flowed through the muscles all over his body, giving Long Chen the pain of a knife cutting into his skin.

After paying 100,000 divine crystals, he finally saw the Sacred Fruit in front of him.

The range of the lightning shackles was only around twenty meters, but this twenty meters was practically hell.

In the Great Void Realm, Li Xuanji's eyes had already turned moist when she saw Long Chen enduring such pain. No matter what, she was still a girl.

Her life had indeed already reached its final moments. The reason why she was able to persevere on and on until now, was entirely due to Long Chen's undefeatable will, which supported her to clench her teeth and live on.

Chapter 1187 - The Battlefield of Life and Death

It could be said that if not for Long Chen's encouragement, she would have been dead by now.

Gritting her teeth and persevering, she was able to keep her life until now. Sometimes she felt very tired and wanted to fall asleep like this, but after seeing the Lightning Heart and the Eternal Protection Heart, she didn't want to die. She felt that she hadn't lived enough yet.

Long Chen's insistence had become hers.

At this time, there was nothing left to say to express her feelings. On one side was death, and on the other was a youth that was about to desperately charge upwards. Seeing the densely packed injuries on his body that had been destroyed by lightning, Li Xuanji suddenly felt that he was extremely important.

"The Patriarch's old man handed the family over to me. Because I'm important. "

"He doesn't care about his life because of me. He also thinks that I'm very important, right? So it turns out that I really exist?"

In a corner that Long Chen couldn't see, his tears had quietly wet her eyes. Although the sky was dark, she realized that he could faint at any time and close her eyes, like a candle flame swaying in the wind.

And Long Chen's hard work, had turned into a lampshade that was steadily burning, protecting her.

Roar!

With a roar, golden lightning surrounded Long Chen's body, causing the purple lightning to retreat one after another. Those who retreated slowly were directly engulfed by the golden lightning.

After releasing the power of 100,000 God Crystals, the golden Thunder Prison dragon fell into a short slumber. At this moment, it finally woke up, and like an emperor, it chased out all the purple lightning that was looting Long Chen's body.

"I never thought that the Gold Thunder Prison dragon would actually be able to swallow this lightning!"

This gave Long Chen a huge surprise. At this time, the Golden Thunder Prison Dragon was coiling around his body, while the other purple lightning bolts simply did not dare to advance. Below them, Su Zhe and Qin Shi had already caught up, and were about to enter the lightning shackles as well. With the protection of the Gold Thunder Prison Dragon, Long Chen was able to break out of the range of the purple lightning shackles with a single step!

"Sacred Fruit!"

He finally succeeded!

Long Chen cried tears of joy, the Sacred Fruit of Heaven and Earth was too important to him, after working hard for so long, he had finally fulfilled his promise, the blood in his body was boiling, the Golden Thunder Prison Dragon brought him along, directly rushing to the clouds, the white sacred fruit emitted a fragrance right in front of his eyes, almost causing Long Chen to faint!

Although there were more venomous beast here, none of them were able to sense the existence of.

Below, when they saw Long Chen standing in front of the Sacred Fruit of heaven and earth, everyone was stunned and then it was time to give up.

In the midst of their numbed gazes, without a second word, Long Chen directly grabbed the Sacred Fruit of Heaven and Earth. What connected the Sacred Fruits to the heaven and earth was a black vine, and when Long Chen pulled, it actually did not break!

That's right, only with this kind of strong vine could one keep the Sacred Fruit of Heaven and Earth!

Without saying a word, Long Chen turned Scarlet Blood Sky Desolate Sword into a sword and slashed the vine. Only the Scarlet Blood Sky Desolate Stone had this kind of sharpness!

He had the Sacred Fruit of Heaven and Earth!

"Refine it." At this time, Long Chen closed his eyes. The surrounding earth trembled and mountains shook.

That sacred and pure white fruit appeared in the middle of Great Void Realm, right in front of Li Xuanji's eyes.

The white light illuminated everything around Li Xuanji. Her eyes were already blurred with tears, she who had never cried before, could not bear it anymore.

Yet, this small fruit had caused that man to pay such a heavy price to pick it for him.

As he had said, this was a promise he had made. No matter what, he would get it.

The current her was already so old that she looked like an old man.

At this time, the Sacred Fruit of Heaven and Earth turned into a milky-white liquid and directly entered her mouth. In an instant, the dead wood met spring, and the originally peerless beauty once again shined with a new brilliance.

The milky-white light turned into a cocoon surrounding her. Long Chen believed that she would definitely regain her original look when she woke up.

To be able to do this, Long Chen felt extremely satisfied.

But then there was the real challenge. To be honest, stealing the Sacred Fruit of Heaven and Earth was nothing at all. The most important thing was to keep it safe.

Li Xuanji was also clear on this point.

When the big white cocoon surrounded her, she knew that she was safe, that she was about to undergo a rebirth, and that the current Long Chen was about to fall into an unprecedented crisis. He wanted to become the only victor among the two great warriors of the 7th level of the Divine Martial Realm and the six warriors of the distant Sixth Stage of the Divine Martial Stage.

She could not do anything, even with the Heaven and Earth Holy Fruit, she could not restore her strength in a short period of time to save Long Chen. The only thing she could do was to pray silently in her heart, praying that he would survive. Otherwise, she would not even have the chance to repay his gratitude.

"You have to survive, I believe in you!"

"The moment Mystic Demons saw you, I knew that you were a miracle!"

Who would have known that there was actually someone hidden on Long Chen's body?

Everyone thought that he didn't have the time to digest the Sacred Fruit of Heaven and Earth at this time.

After the Sacred Fruit of Heaven and Earth was removed, a forbidden area would appear. This news was actually not even known to the disciples of the nine great families, because even the elders could not reveal it to them.

Therefore, when Long Chen snatched away the Sacred Fruit of Heaven and Earth, there was actually a new change in heaven and earth. This was something that no one expected.

Long Chen squinted his eyes as he looked at the changes in his surroundings.

Li Xuanji had already obtained the holy fruit of heaven and earth, so even if Long Chen lost, she would definitely break out of her cocoon and be reborn.

The only thing to do was to fight to the end.

It had been a long time since he felt this kind of pressure.

When the Sacred Fruit was taken away, an invisible power enveloped the surroundings, the black Qi immediately withdrew from the Heaven and Earth Holy Tree and retreated underground. The Heaven and Earth Holy Tree returned to its original pure and holy appearance, shining brilliantly.

At the same time, a translucent white ball of light with a diameter of 500 meters enveloped the entire Heaven and Earth Holy Tree, as if it did not want to let the people who obtained the Heavenly Sacred Fruit escape. Basically, everyone was trapped within the ball of light.

"The sudden turn of events left everyone dumbstruck. Looking at their surroundings, one could not help but feel numb.

Their seniors did not tell them that such a thing actually happened after the Heaven and Earth Holy Fruit was taken away. Some people were in the surroundings of the translucent white ball of light and were using their battle skills to break through the layer of light. However, they discovered that no matter how strong their attacks were, they were as silent as stones sinking into the ocean.

"What's going on?"

"What is this?" With how mysterious it is, wouldn't we be trapped here and unable to leave? "

"Almost the entire area around the Sacred Fruit of Heaven and Earth is covered. "Even that brat Jiang Yunfan seems to have been trapped."

This person had only said this out of the blue, but it caused everyone's eyes to light up.

Long Chen could not leave, did this mean ...

At this moment, a resounding sound echoed out.

"It's not that we have to snatch the Sacred Fruit first, even if it's the winner, the true victor will be someone who can defeat all the heroes in the world." It's not that we have to snatch the Sacred Fruit

first, even if it's the true victor, the true victor will be someone who can suppress all the heroes in the world.

These words echoed in everyone's ears.

Everyone was stunned at first, but afterwards, they revealed looks of ecstasy, especially the disappointed Qin Shi and Su Zhe. They had lost in a humiliating way, allowing Long Chen to beat them to the punch.

This meant that truly obtaining the Sacred Fruit of Heaven and Earth depended on one's combat strength!

In terms of combat strength, it was clear that Qin Shi and Su Zhe could completely defeat Long Chen.

"This guy is really scheming. I didn't expect that in the end, everything would still be for naught." Looking at Long Chen who was in mid air, Qin Shi laughed coldly.

Not far away, Su Zhe was in no hurry, the Nine Hell Demon Area rankers did not give him a time limit, he had no need to be anxious, he could just focus on recovering from his injuries, as long as he remained standing, no one would be able to obtain the Heavenly Sacred Fruit.

Su Zhe knew that his only opponent was Qin Shi.

They were not in a rush, but to them, restoring their peak fighting strength was the most important matter, and as for Long Chen, let the idiots go and tease him, when they are tired, they will lie down, and then it will be the time for the fight between him and Qin Shi.

So at this time, Su Zhe and Qin Shi had actually walked to a different place, and were facing each other.

The six warriors of the nine great families looked at each other, at a loss of what to do. They looked at Long Chen in the sky, their eyes filled with greed.

"I have a suggestion." One of the youths said calmly.

"Speak, our nine great clans are one. This is an enormous opportunity, so we should unite against a common enemy." Another person said.

"That's right." The others said.

The core strength of the Nine Hell Demon Area were the nine great families, while the World King was only the peak strength.

"If the six of us fight on our own, we will definitely not be Qin Shi and Su Zhe's match. There is only one way, and that is to join hands with Jiang Yunfan, and then we will snatch the Sacred Fruit of Heaven and Earth from him, and kill him. Then, we will team up against Qin Shi and Su Zhe, and maybe let them kill each other first.

Everyone hesitated for a moment. The alliance was indeed the only way.

"No matter what, let's take the Sacred Fruit first. I don't think Jiang Yunfan is used to showing off, he actually killed Leng Chan in front of us, so he obviously doesn't put us, the nine great families, in his eyes. Someone like this, absolutely cannot be allowed to walk out alive."

"That's right. When the six of us join hands, and we used the unique skills passed down in our families, do we have to fear a single Jiang Yunfan?"

"Everyone is going all out, so it would be easy for us to take care of him!"

"At this critical moment, everyone must be fully focused!"

With just a few short sentences, they joined hands.

Raising his head to look, Long Chen was still standing there, looking down at them from above. There was only one thing in his eyes, and that was his desire to fight!

"Get the fuck up here."

Long Chen listened to their conversation word for word.

Chapter 1188 - Desolate Heavenly Fist

Looking at the man who was standing and looking down on everyone, the six warriors recalled the Golden Thunder Prison Dragon that he had suddenly used. In their hearts, they were actually not as calm as they appeared on the surface.

As for Long Chen, he was completely willing to give it his all. In any case, he had already completed his goal, and no matter what, there would be a day where Li Xuanji would break out of her cocoon and be reborn again. As long as no one else could kill him, he would not fall down.

Six experts at the peak of the Sixth Stage of the Divine Martial Stage.

Thinking back to before, one Jiang Qing and one Chu Tiange practically took most of Long Chen's life, but today, he was facing six practitioners of the same level as him.

This is the Grand Moon Demon World, the Nine Hell Demon Area.

Just a few months later, Long Chen had already become strong to this extent.

However, this was indeed the first time in many years that he had encountered such a difficult battle. For a warrior of Shangguan Feng's level, Long Chen could only be considered to be slightly victorious. If six were to come together, then he would have no confidence at all. Right now, what he only had was undefeatable willpower and a heart full of hot-bloodedness!

The iron bone was gentle.

Even though Li Xuanji had recovered from the cocoon, she knew everything that Long Chen had to face outside.

"Don't worry about that. Just focus on recovering your body." This was what Long Chen had instructed her before. It seemed that no one had ever given her such a peaceful feeling.

Scarlet Blood Sky Desolate, in Long Chen's hands, the aura of slaughter erupted, making him look like a god of death.

A five hundred meter diameter sphere was more than enough for them to fight. Furthermore, there were six of them, Long Chen was not worried about the consumption of primordial spirit at all.

Of course, although Long Chen was terrifying, in the eyes of the six great warriors, he was still just like a turtle in a jar.

They were all super geniuses trained by the nine great families, and the strongest person within a hundred years old was someone who would have the chance to challenge Li Xuanji in the future.

The nurture each person received, was countless times greater than that of Long Chen.

The resources in his possession was also something that Long Chen had never expected.

The six of them did not act rashly. They slowly surrounded Long Chen, and all of their eyes were extremely cold. At this time, although there were still many internal conflicts, they had no choice but to unite together. Facing this Long Chen who looked like a wild beast, they had no choice but to fight.

Long Chen's appearance was fierce, at the moment, he was very calm. From start to finish, his opponents were only the two Rankers below, and as for the six of them, although there were many of them, if Long Chen used the Nine Dragons Scripture to kill them, he would probably need a very long time to do so. Therefore, he prepared to engage in a long battle of attrition.

At the same time, these people were also the targets for him to train with.

Everyone's comprehension of the martial way far surpassed Long Chen's. They were already condensing their unparalleled golden bodies, preparing to comprehend the Heaven and Earth Appearance Mantra. Meanwhile, Long Chen was still trying to figure out what the martial will was.

Martial power was a method of violence, and it was also the power of protection.

Long Chen looked around him. Although the enemies were all powerful experts, he was unyielding and fearless in his heart. This state of mind was very compatible with the word 'Martial' and the 'martial will'.

It could be said that his current will was like that of the martial will.

Fourth Stage of the Divine Martial Realm, The Extreme Level of Martial Arts, what exactly was the peak of martial arts? Long Chen was currently considering this problem. Starting from the Wind Fire Thunder Tribulations, it could be considered the entrance to the divine way. From transcending tribulation to condensing a supreme golden body, to comprehending the will of heaven and earth, to forming a divine country, to forming a Nirvana Golden Ring, shattering the void.

A martial artist's will decided many things.

Many breakthroughs in Divine Martial Stage were not something that could be achieved through years of cultivation. What was even more important was comprehension, and at this time, Long Chen began to move from the enemy's body to his own. He used the True Martial Emperor's Soul to observe everyone carefully, and then he thought, what exactly is his own martial will?

Why fight?

This time, it was to protect Li Xuanji.

What kind of martial arts were the greatest? It was not killing, but guarding. Long Chen might have an epiphany, he found his own path to be the strongest.

Next time, maybe he would have to protect Yang Lingqing, or the little wolf, or Ling Xi. In the future, this will could even allow Long Chen to protect this world.

Long Chen also found a reason why he wanted to help Li Xuanji. That's right, the two words "Guardian".

In his mind, the enemy had already disappeared. What was Long Chen's center of gravity like now?

If he hadn't broken through today, he wouldn't have been able to live on.

This forbidden domain could only be broken by the power of the Eighth Stage of the Divine Martial Stage. The Sacred Fruit of Heaven and Earth had already been consumed by Li Xuanji, so Qin Shi and Su Zhe would not let him off.

He could either become stronger or die.

In this critical moment of life or death, the pride of Long Chen's bloodline which belonged to the bloodline of the Ancestral Dragon had been awakened. His eyes gradually turned blood-red, and everyone looked at this youth with fear and trepidation.

"We can't be scared by him. He must have some tricks up his sleeve. Brothers, let's attack him together!" One of the Young Fighters roared as if they were tearing it apart.

In this five hundred meter diameter space, just a few casual words were enough to make this spacious area tremble.

His ears were filled with buzzing sounds, as though there were countless flies and mosquitoes.

At the same time, everyone made their move, and in that moment, one deadly killing move after another was launched at Long Chen.

"Armageddon!"

"Qingming Slash!"

Tribulation in all directions!

In order to deal with Long Chen, almost all of their attacks were fatal. They had originally surrounded Long Chen, but now they were even more certain.

"Devouring Blood Realm!"

When he was being besieged, this was Long Chen's greatest strength, he did not choose to face them head on, but used his superseding speed to fight them at a war of attrition. Under the Devouring Blood Realm, the warriors present would only become weaker and weaker because of the invisibility of their blood essence, whereas Long Chen, who had the support of six blood essences turned into primordial spirit, would only grow braver as he fought!

Martial arts!

True Martial Emperor's Soul open!

Before facing the attacks of two strong warriors, what Long Chen needed to do was to use these guys as cultivation tools. Although it was dangerous, but only in times of danger would the opponent use his ultimate killing move.

The domain of the Devouring Blood Realm was very large. When Long Chen and the others fought in the upper half of the ball of light, the entire upper half was covered by the Devouring Blood Realm.

The Devouring Blood Realm did not cover Qin Shi and Su Zhe.

If his blood essence was used up, they would definitely be able to feel it. For the time being, Long Chen did not dare to provoke them.

Su Zhe and Qin Shi, they sat around the Heaven and Earth Holy Tree and recuperated, paying attention to the movement above them. In any case, whoever obtained the Heaven and Earth Holy Fruit would kill them after they recovered, and they would fight even better. Not only could Su Zhe and the others use less effort, they would also not offend the nine great clans too much.

After all, the nine great families were the peak forces of the Nine Hell Demon Area.

In the last five hundred years, there had also been two Seventh Stage of the Divine Martial Stage Rankers that had come, but they were all from the nine great families.

Beneath the Devouring Blood Realm, Long Chen turned into a terrifying golden lightning, circling every single warrior. He did not use a killing move, but rather, used a speed that exceeded his own to dodge the attacks of others.

Swish!

Under the effects of the Soul Suppressing Stone, and the blood mist blocking their eyes, it was simply impossible for them to surround Long Chen again. At this time, Long Chen had already rushed to the back of one of the warriors, the Crimson Sky Kingdom sword in his hand had become a sword. Sword images spread out as he fought in close combat with the opponent, his ice-cold eyes were like a silent yet bloodthirsty beast, causing everyone to feel fearful, the movements in their hands were extremely large, as though they wanted to take Long Chen's life in one move.

"Eight Desolations Martial Art, East-rising Purple Qi, and Desolate Heavenly Fist!"

Faintly, one of the warriors howled, he immediately channeled the energy of heaven and earth, and threw a punch towards Long Chen. Instantly, the air trembled, and that terrifying punch contained a power that could destroy the heaven and earth, under that punch, even the ball of light outside was trembling, while the others all dodged to the side.

Obviously, this was the Grade Seven Divine Technique.

"Too slow." Underneath the Devouring Blood Realm, Long Chen's eyes were cold, his mind was calm, and he could control it freely. At this moment, with a speed that surpassed the speed of dodging, he rushed through the inner surface of the ball of light, the force of the Heavenly Desolate God Fist brushed past his shoulder, and collided with the ball of light, causing the force to be devoured.

Almost, Long Chen was about to be hit. This kind of Grade Seven Divine Technique used by martial artists at the peak of the Sixth Stage of the Divine Martial Stage, if he was to be hit directly, he would at least lose half his life.

This feeling of danger in the face of death brought Long Chen a lot of things. If not for the fact that he used the True Martial Emperor's Soul to study the Eight Desolate Martial Arts, he would have been able to dodge it even more perfectly.

"Heavenly Desolate Divine Fist, a type of desolation aura, coming from the ancient times, the reason why the fist force was so strong was not only because of the primordial spirit, but also because of the tyrannical ancient earth beast's will. This is a type of martial will, could it be that Uncle Han said that

anything that he comprehends will be able for his entire life, and in his Heavenly Desolate Divine Fist, if he does not use the Emperor's spirit energy, the power would be reduced by at least a quarter! If you do not have that martial will, I estimate that it would be one quarter less! "

What Long Chen lacked was this kind of will.

Long Chen had already understood that what kind of will was the most powerful kind of strength. However, even though he understood, to truly come into contact with that level of comprehension, to truly integrate that perception into his own martial arts, he would still need a stimulation that would allow him to improve.

"What exactly is going on, the martial will?"

Long Chen was anxious, and even confused, when he realized that he could not find his own path.

"Is it because they are too weak?"

In actuality, none of them were weak, it was just that Long Chen was too nimble, so it was difficult for them to surround him, and it was also very difficult to hit Long Chen while he was dodging at full speed.

Chapter 1189 - Extermination of the Eight Directions

It was because of the speed bestowed by the golden Thunder Prison dragon that Long Chen felt that they were weak. In reality, they were not weak at all.

But to Long Chen, who did not succeed, and who did not have that kind of fatal threat, the sense of urgency he needed was not enough.

"Perhaps only a real fight can make me boil over." Long Chen's eyes were cold, the Crimson Sky Kingdom in his hand spun in circles.

Then, it gradually evolved into a bloody and domineering halberd. The halberd was two meters long, and each halberd tip had a double-edged blade. It was also known as the three-pointed two-bladed blade! Compared to the power of the sword, which was stronger, and compared to the long spear, which was also capable of hacking, this was the weapon that Long Chen was most satisfied with.

The so-called ancient halberd art was exactly like this.

Long Chen, who transformed Crimson Sky Kingdom into a halberd, had a drastic change in temperament. If it was said that he was a nimble warrior who only knew how to dodge, then he was now like the God of Slaughter.

This aura caused the six martial artists surrounding him to tremble.

They thought that they had chased Long Chen too fiercely and was angry at him, but in reality, that was not the case. This was because the Devouring Blood Realm was absorbing their blood essence at all times, but in reality, as long as they were in the middle of the Devouring Blood Realm, Long Chen had to dodge.

The abundant primordial spirit s surged within Long Chen's body!

"Fight!" Just as everyone was wondering what was going on, he suddenly opened his mouth and shouted out. Instantly, the entire battlefield within the sphere of light began to shake!

Dodging was not Long Chen's style, the truly strong warriors were all born in the face of life and death. If he wanted to comprehend the true essence of martial will, he did not need a calm analysis, he just needed to be bathed in blood!

No matter how strong or how many people his opponent was, wherever the halberd went, they would be smashed to smithereens!

"This kid is crazy. It's better if he doesn't dodge like a grandson. Take one move from your grandpa!" One of the tall and burly martial artists howled like a giant bear. His body flickered with countless runes, causing his muscles to tense up. With a roar, a violent killing intent surged out!

"It's not that you have more muscles, but your strength is greater!" Long Chen, who looked like he was bathed in blood, let out a terrifying howl, which even alarmed Qin Shi and Su Zhe who were below, they only frowned. It is still recovering.

"This is a good opportunity. He doesn't want to dodge anymore. Brothers, join forces and kill him!" Another warrior came over from the side towards Long Chen.

The rest of the people also started to move, the sturdy warrior from before started to attack, while the others were attacking Long Chen from the sides.

"The Desolate Martial Art, Desolate Heavenly Fist!" Behind him, a terrifying gigantic illusion beast appeared. It should be a gigantic bear, following this punch, the giant bear released a roar that shook the heaven and earth, and grabbed towards Long Chen with its thick claws!

"Bastard, you dare to violate my dragon's might!" Compared to before, Long Chen now looked like a madman. The mighty and domineering halberd in his hand was swung out, and the azure-colored flame rose up. A dragon shadow wrapped around the Scarlet Sky Desolate Blood, following Long Chen as it charged forward!

"Sky Profound Jade Fire Dragon!"

The halberd was waved out, the attack of the Nine Dragon Scripture was stronger than before, as though a Sky Profound Jade Fire Dragon was continuously biting its opponent, such an attack from Long Chen, even ignored the other people's sneak attacks.

"Break!"

Long Chen transformed into a bolt of golden lightning, rushing to the front of the tall and sturdy warrior. In front of everyone's stupefied gaze, Long Chen's halberd descended from the sky, from his shoulder down, and directly cleaved the sturdy warrior into two. Blood splashed everywhere as the two halves of his body fell with a loud bang!

The burly martial artist let out an earth-shattering scream, his intestines falling to the ground.

BOOM!

His body fell to the ground.

For a transcendent golden body martial artist, although they wouldn't die, they had completely lost their qualifications to continue fighting. With such injuries, it was impossible for them to continue fighting without recovering in four or five days!

Sssii! *

A formless roar came from Long Chen's body. With the halberd in hand, he suddenly turned around, his entire body ignited with a bloody mist. His eyes were like red lanterns, as if he was the god of death from hell.

When Long Chen struck the tall and sturdy warrior, all of those sneak attacks hit Long Chen's body. Half of Long Chen dodged, and the other half used his strong physical body to support himself, but he actually endured it, and every move left a shocking scar on Long Chen's body. There was even a scar on his face, and at this moment, his flesh was wiggling, unexpectedly healing quickly.

Blood dripped, but not a drop fell.

In the middle of Great Void Realm, the woman in the white light cocoon acted as if she had seen Long Chen, and a single tear fell.

But to Long Chen, this was simply nothing. In that moment of life and death, he realized that he had already touched that layer of truth without end.

martial will.

This was the power of his own will, not the will of the world. There was a Dragon's Will that was stronger than most people in the Scarlet Blood Sky Desolate, but it was not Long Chen's own will after all.

Protect.

He was anxious for an even stronger guardian. It was a feeling of devotion to himself.

Even though he was injured, his blood was still boiling.

The halberd swept across and pointed at the remaining five people, Long Chen laughed out loud, sounding like a dragon's roar: "Who's next?"

Everyone looked at each other. Long Chen's current appearance was indeed scary.

"Everyone, don't be scared. He was already injured just now. He must be at the end of his strength. If we attack together, we won't be able to kill him!" A skinny warrior said.

Before this, it had always been him planning things out.

The dignified number one warrior of the young generation of the nine great families had all lost to Long Chen, and yet, he was still trembling in fear in front of Long Chen. If word of this got out, there would be a huge commotion.

"Then it's you!" When the other party said the first sentence, Long Chen interrupted him.

The Devouring Blood Realm wriggled as threads of blood essence turned into primordial spirit and rushed into Long Chen's body, to replenish the energy that Long Chen had expended in executing the Nine Dragon Scripture.

Hiss!

The halberd moved forward, and a golden light instantly rushed towards that martial artist!

"Everyone, let's work together to kill him!" The warrior was not easily frightened. Everyone knew that solidarity was the only way out. At this time, they were not stingy at all as they all performed their ultimate moves. They were basically the best that their families had taught them.

"Merak Wind Slash!"

"Nine Shadows Killing technique!"

Each move was a killing move, and when combined, it was enough to kill Long Chen.

"If I want to kill someone, no one can stop me! Eternal Sword Body! "

What shocked everyone was that in front of all these killing moves, Long Chen actually did not have any intention to retreat at all. He laughed sinisterly, and at this time, a transparent sword qi dragon image condensed in front of his eyes, and the moment it appeared, a gigantic Sword Qi rushed towards the five people's attacks, at the same time the Immortal Sword Body also crashed into it!

BOOM!

The blood colored fog blurred the eyes of everyone present, and Long Chen's voice completely disappeared. All they saw was a blurry sword figure standing in front of Long Chen, and then, everything disappeared.

"Is he dead?" The thin martial artist that had spoken at the start was somewhat glad.

Just as he said that, that terrifying attack appeared behind him.

"Ice Armored Vast Ocean Dragon!"

In that moment, it was as if he was in the middle of a terrifying ocean wave and saw a terrifying divine dragon raise its head from the endless sea and swallow him whole.

Long Chen used his halberd once again, chopping off the lower half of this guy's body. With another miserable scream, the skinny warrior crashed onto the ground.

Hiss!

After repelling the other party, Long Chen quickly dodged, and quickly rushed out of the area surrounded by the remaining four people. He stood in the air far away with a pair of blood red eyes, which were like sharp blades that pierced through everyone's hearts!

Terrifying!

At this time, they seemed to understand that, facing such a life-threatening Long Chen, even if they worked together, they would still not have much luck.

From their absolute advantage and full of confidence, to the panic of the four of them, especially after seeing the miserable state the two people were in, everyone felt a chill in their hearts.

The four of them looked at each other, warned Long Chen and asked: "What should we do?"

"There is no retreat. The more afraid we are of him, the more miserable our losses will become. He has already gone insane. If we want to win, then we have to be even crazier than him!" The only woman said.

Compared to the other three, her insights were much more advanced.

"That's right." "The two of them have already lost their fighting capabilities. The four of us, alas, can only wait and see. I never thought that this Jiang Yunfan would be so terrifying. Even if we teamed up with him, we are still not his match."

At this time, they were already discouraged.

Long Chen's previous performance had already destroyed their hearts.

Either they die or they go crazy, Long Chen had already gone mad, the four people became ruthless, they could not care about anything else, they all used some hidden methods, their goal was to kill Long Chen!

Above them, Long Chen was looking down at them.

The four of them were no longer able to give Long Chen a sense of danger.

At this time, one of them had taken out a terrifying rune, which should be a beast spirit talisman. The other two had used a type of amplification technique, greatly increasing their true essence, and the last one had used a transformation technique. His entire body actually began to surge, full of power, like a wild beast.

"Charge!"

"Kill him!"

"Don't be merciful!"

At this time, the four of them threw caution to the wind, and rushed towards Long Chen with no regards to their lives. They unleashed all their killing moves, but they did not discover that a bit of their blood essence was being devoured.

Chapter 1190 - Soul Thunder Beast

The entire body was wrapped in dense purple lightning, like a cheetah, but it had a long spiral shaped horn opened up. The lightning bolt swam around here, and the lightning beast let out a terrifying roar, leading the way, the other two people who increased the strength of the primordial spirit, and the person who was also at the limits of his strength, who was already extremely powerful, were all rushing towards Long Chen!

If one were to say that their attacks didn't pose any threat to Long Chen, that would simply be impossible. Not only was there a threat, it was also an extremely terrifying threat, and for a moment, the entire ball of light trembled. Although Qin Shi and Su Zhe who were on the ground were surprised by the combat power displayed by Long Chen, they both thought that it was impossible for the current Long Chen to dodge all of them.

This was because even they themselves did not dare to easily welcome it, especially that Soul Lightning Beast Rune, which was said to be a rune that caused certain death even if they met the Sixth Stage of the Divine Martial Stage.

The value of this sort of Soul Thunder Beast Symbol surpassed 100,000!

Even Su Zhe and the others did not dare to resist.

The earth quaked and more than half of the Heaven and Earth Holy Tree were destroyed. However, Long Chen realized that the destroyed parts of the Heaven and Earth Holy Tree would be reborn in a short period of time.

This feeling of lingering around in the face of death made Long Chen especially excited.

He seemed to have seen his own life disappearing, and it was more at this time that his head entered a kind of blank state, with a lot of information appearing silently like this. Of course, even so, Long Chen did not think that he would lose, he was only exploring this meaning.

martial will.

A will was the power that defeated all, it was the power of the Divine Martial Spirit.

In the midst of this enormous suppression, the undefeatable will that rose up from his heart made Long Chen feel especially strongly about this feeling.

The halberd was raised high, facing the attacks from below, the ferocious lightning beast was already at Long Chen's feet.

"Evil creature!"

Above the blood-red halberd, the Sky Profound Jade Fire Dragon and the Ice Armored Canghai Dragon were finally circling around each other at the same time. The power of water and fire had created an enormous conflict at this moment, and the intense conflict between the Sky Profound Jade Fire Dragon and the Ice Armor Azure Sea Dragon nearly caused Long Chen to lose control of the explosive power.

"Nine Dragons Scripture, second layer!"

Finally, he displayed the power of the second stage of the Nine Dragons Scripture!

As the halberd danced, the power of the twin dragons pierced downwards. If the first layer was a slash, then the second layer was a thrust from top to bottom!

This terrifying power was completely grasped in Long Chen's hand. Long Chen let out a dragon's cry that shook the heaven and earth, and thrust the halberd in his hand downwards. At this moment, the sharp horn of the lightning beast pierced towards Long Chen.

"A mere ant dares to resist my Dragon Might!"

Long Chen did his best to pierce through it, his entire body shooting down like a bloody arrow. Behind him, two gigantic divine dragon phantoms appeared, the jade colored Sky Profound Jade Fire Dragon was bathed in the crazily burning flames, the blue ice armored Canghai Dragon's entire body was covered in mist and sharp ice armor!

Break!

The four great warriors were killed by the halberd, and all of them spat out a mouthful of blood and were forced back with a loud bang. The four figures fell from the sky and directly crashed into the ground.

This sphere of light covered part of the ground.

Under the Nine Dragons Scripture, although these four people looked alright, their injuries were actually pretty much the same as the two from before. Their internal organs had basically been shattered.

It was also only today that Long Chen finally understood the true combat prowess of the Nine Dragon Scripture.

The power of the Twin Dragons was no longer as simple as that of the two before. It was hard to imagine how strong it would be when one reached the ninth layer of the Nine Dragons Scripture.

At least, so far, it had almost reached the strength of a Grade Eight Divine Technique.

With these dragon scales, it was not a problem for Long Chen to cultivate to the sixth stage of the Nine Dragons Scripture. Of course, the most important part was still the primordial spirit, the second stage of the Nine Dragons Scripture that Long Chen was at now at the peak of the celestial realm, had already been completely drawn out.

Fortunately, the opponent's blood essence had brought Long Chen a portion of his recovered strength.

Today, he had a chance to use Time Reversal, but Long Chen did not.

He had to keep them, to deal with his two real opponents.

At this time, Long Chen was standing in the air, looking down at the six warriors who couldn't even crawl back up. This was within his expectations, no matter if it was the way he slowly wore them down or the way they fiercely fought, these people would all be defeated by him.

As for why he didn't kill them?

On one hand, Long Chen still had to prepare for his future. Killing so many members of the nine great families in the Nine Hell Demon Area was simply courting death, and on the other hand, defeat was already equivalent to killing them.

The last exchange of blows made Long Chen's comprehension rise again, and made him understand the importance of protection. In the Great Void Realm, the person he protected did not move, but his tears had already blurred his vision.

Long Chen had already worked hard, but she knew that this was still not enough, because in front of him, there were still two more true opponents.

However, for Long Chen, it was fortunate that there were two more of them. Because, to him, these six warriors were too weak and did not let him reach his limit.

had already come into contact with the edge of the martial will.

From the initial stage to perfection, it was relatively easy, but to surpass a small realm was very difficult.

As for Long Chen, since he was stuck in this place, he needed an even bigger stimulation.

This stimulation could only be given to those who had merged into the world, controlled the will of the world, and possessed the spiritual strength of the world.

In this battle, not only did Long Chen not surrender, his blood boiled even more!

This was his undefeatable will.

Steady breathing.

The two people below looked at each other and had already stood up. Long Chen's earlier move had successfully alarmed them.

Qin Shi and Su Zhe looked at each other. They were enemies, but they were also friends, at least they stood at the peak, and they didn't hate each other. It was only because of the current competition between them that they were opposing each other.

Qin Shi was quite familiar with Long Chen, but he was still surprised.

"I can only say that his strength is already invincible in the Sixth Stage of the Divine Martial Stage, but there is still quite a distance between him and us to a certain extent. Right now he is completely exhausted, and he has also dealt with all the other opponents, I think that there should be a victor between the two of us, and the victor should just take the Sacred Fruit from him, what about that?" Su Zhe stood with his hands behind his back, staring at Qin Shi and said.

Qin Shi thought for a while, shook his head, and said: "To tell you the truth, I've been with him for a while, he knows how to endure, and he has a lot of mysterious methods up his sleeve. Otherwise, he wouldn't have taken the Sacred Fruit of Heaven and Earth first, I think we should solve this problem first, and then finally decide who the Sacred Fruit belongs to. Qin Shi said with an expressionless face.

"This ..." Su Zhe had the nagging feeling that if the two of them fought together against this youth who was already exhausted, and adding that they had an advantage in cultivation realm, it would give him a feeling of superiority.

However, Qin Shi was right, Long Chen was a mysterious person, he had countless of methods. If they underestimated him, it was possible that he would fight against Qin Shi and get benefits from them.

"If that's the case, then we will talk after we take care of Jiang Yunfan." Su Zhe had no choice but to admire Long Chen. After all, Long Chen was pretty much the same as him, both grew up as small fries. On Long Chen's body, he also found the same feeling that he had.

The two of them worked together.

After all, Long Chen was also a difficult opponent to deal with, and neither of the two wanted to exhaust themselves with Long Chen's current body.

The injuries that Long Chen's Golden Thunder Prison Dragon had given them previously were almost healed.

"Attack!"

The strong wind blew, and the two experts' clothes fluttered as they stood in front of Long Chen, one in front and one behind. The two of them had the demeanor of strong warriors, and the two quietly looked at Long Chen.

"Brother Jiang, I have to say that you are a genius that I admire, your will is strong and you are a role model for us. But for the Heaven and Earth Holy Fruit, please forgive Su Zhe and Miss Qin Shi for joining hands to deal with you." Su Zhe cupped his hands and said.

On the other side, Qin Shi said: "I only hope to have peace with Su Zhe on the battlefield. Please forgive me for offending him."

Long Chen's previous performance had already won their respect.

"Come." Long Chen waved his hand, and said expressionlessly.

This strong will and unyielding conviction made Su Zhe and Qin Shi convinced.

However, this was not the reason why they did not take action. The calmer Long Chen was, the more they wanted to settle this problem.

"The Mandate of Heaven and Earth, you don't understand." He could tell that Long Chen had definitely not reached the will of heaven and earth. Otherwise, it would have been even simpler for him to deal with the six warriors just now, as there was no need to exhaust his primordial spirit to such an extent.

At this time, Long Chen was using a huge amount of Divine Crystals to recover his primordial spirit.

Su Zhe and Qin Shi did not take action first, as they had given Long Chen a fair battle environment to fight. After an hour had passed, Long Chen opened his eyes, and primordial spirit s were surging in his body.

The powerful regenerative abilities of the Ancestral Dragon's body had allowed him to almost reach his peak state once again.

Those fine and dense blood-red dragon scales appeared on the surface of Long Chen's body, covering his body and giving him a kind of sinister aura. This was Long Chen's most optimal state.

He needed an extreme stimulus in order to break through that membrane.

Countless people were trying to intercept this layer of film and were unable to reach the legendary The Extreme Level of Martial Arts!
