

War God 1191

Chapter 1191 - The Laws of the Earth

"Why aren't you attacking?" Long Chen smiled as he looked at the two people beside him.

This feeling of indifference had already made him stand out from the crowd.

It had to be known that the two martial artists beside him were at the inner Heaven and Earth Appearance Mantra level. They were martial artists with the will of the world.

At this time, Su Zhe and Qin Shi looked at each other and nodded.

Behind them, a shadow appeared, it was like a painting, the world in their words was exactly the vast Dragon Sacrifice Continent, how big was it exactly, no one knew, but inside the painting, there were many places that were unclear.

Only the part in the middle was a clear Three Great Imperial Domains, as well as the Nine Realms that vaguely appeared inside.

This painting was precisely the so called Heaven and Earth Appearance Mantra. They were all only at the realm when they had first entered the Heaven and Earth Appearance Mantra, so what they formed was only the Earthly Appearance Mantra. When they reached the perfection stage of the formation, they would condense the true Heavenly Appearance Mantra.

The Earth Appearance Mantra was the miniature image of the Dragon Sacrifice Continent, while the Sky Mantra was the miniature image of the stars in the universe and the myriad of stars in the universe. The condensing of the Earth Appearance Mantra allowed one to possess the will of the heaven and earth of the Dragon Sacrifice Continent, and once the Heaven and Earth Appearance Mantra was complete and the Sky Mantra appeared, the will of the entire world could be merged with it.

And the Dragon Sacrifice Continent was only a part of the world.

It could be said that before the Wind Fire Thunder Tribulations, it was just a way to consolidate the foundation. The Unparalleled Golden Body was only a way to strengthen one's physical body, and the Immortal Method could be activated.

Su Zhe and Qin Shi who had displayed the illusory image of the Dragon Sacrifice Continent had already surpassed Long Chen's current level in a certain sense. Long Chen had primordial spirit s which were ten thousand times stronger than warriors of the same level, but just defeating the two of them with the primordial spirit s, Sword Fighter's amplification, speed of the body, the Nine Dragons Scripture, and the Dragon's Will was completely unrealistic.

Ten percent of the Earth Elemental Realm was under the control of this warrior.

"Maybe when you reach the Seventh Stage of the Divine Martial Stage, you will be able to feel this kind of power. Just how strong are you?! Qin Shi and I only threw a punch at you!" Su Zhe said very calmly.

Before this, when he had used his spear, he hadn't displayed the power of the will of the heavens and earth.

To a practitioner who had yet to comprehend the martial will, the nature's will seemed to be a little too far.

"Only one punch?" Long Chen looked at the two of them suspiciously.

Just at this moment, Su Zhe and Qin Shi had a huge change in their bodies. Long Chen vaguely felt that their bodies were growing to the point where they were able to stand tall, like ancient giants holding the stars in their hands and stepping on the earth, causing the entire world to be under their control.

Just a small movement from them was enough to shatter the heaven and earth.

"This is the will of the world!" Su Zhe's voice was incomparably loud and echoed between heaven and earth. At this moment, he gently extended a fist and punched towards Long Chen, and Qin Shi who was at the other side, was the same.

In an instant, Long Chen felt as if the entire world had shattered, and he was floating in the middle of this broken world. Two earth-shattering fists that brought along a destructive power that Long Chen was unable to resist were charging towards him, and under the might of this world, Long Chen was like a tiny little ant. He was unable to change anything, and could only watch as everything around him died.

His family, his friends, and even himself, these tiny ants, were all incapable of doing anything to him.

He was a sad bystander, a coward.

This was the power of the world. In front of the world, everything was like a dog.

"No!"

He was not willing to give up, he had never fallen down, his family, his friends, the people he loved, none of them could die, his personality was so, whoever went against him, he would never let them live!

"Even if it is the Heavens and the Earth, so what? If the Heavens and the Earth do not want me to live, then I will destroy the Heaven and Earth!"

"The people I protect are all very important to me. No one can easily trample them, not even the Heavens and the Earth. What will of the Heavens and the Earth is inferior to my will!"

"Even more so, you guys are not the real world, but I, Long Chen, am the real me!"

"My protector, my unyielding, my undying, this is my will!" I haven't died in a trillion years, let alone today! "

The roars came from the depths of his blood vessels, all the blood in his body was boiling and burning, countless of dragon souls were screaming in Long Chen's blood, his cells seemed to have come to life, releasing roars, it was an aura that caused the entire world to palpitate!

RUU...!

A world-shaking change was happening within Long Chen's body!

Under the pressure of the two great Rankers' willpower, his Divine Martial Spirit finally broke through that barrier and had an earth-shattering change. The dragon-shaped Divine Martial Spirit, as though it had a consciousness of its own, let out an earth-shattering roar and swam around in Long Chen's Sea of Consciousness.

Fourth Stage of the Divine Martial Realm, The Extreme Level of Martial Arts, Long Chen finally comprehended the The Extreme Level of Martial Arts that belonged to him.

No one could possibly possess such a terrifying power like his in The Extreme Level of Martial Arts. From his Divine Martial Spirit, a kind of extreme will was being emitted. This will that could make all living

beings submit, was the will of an Ancestral Dragon, and at the same time, it was also Long Chen's own will.

He was the Ancestral Dragon, and the Ancestral Dragon was him!

No one's martial will could shake the heaven and earth, but Long Chen had done it.

BOOM!

Thunder rumbled from the lightning shackles!

Purple lightning surged as countless sizzling sounds resounded throughout the world.

Originally, when Long Chen was facing an increasingly stronger opponent, he had gradually lost his initial advantage. But now that he faced the Dragon's Will, which was enough to resist the will of heaven and earth, it made up for this. To Long Chen, the Dragon's Will that was initially in the Bloody Sky Desolate War was merely a small part of it.

A dragon was someone who would never give up.

Even if it was the heaven and earth, ten thousand dragons could not bow down to it!

When this Dragon's Will appeared in the middle of Long Chen's Divine Martial Spirit, both Su Zhe and Qin Shi felt an illusion.

That's right, he was trembling, trembling for the sake of this Dragon's Will.

Perhaps, only the Heaven's Mandate, the Heaven's Will, was able to resist the innate nobility and pride emitted by Long Chen's Divine Martial Spirit.

Disregarding the will of heaven and earth, Su Zhe and Qin Shi were only warriors who were stronger than Long Chen in terms of Quintessential Essence.

The two fists that contained the will of heaven and earth were actually turned into invisibility by Long Chen's newly-formed martial will, which was also to say the will of the dragon. When Long Chen's spirit

was already strong enough, the will of heaven and earth that the two of them had activated would no longer be able to make Long Chen stay in hibernation.

"What exactly happened to him!?" Seeing that his attack had turned into nothing, both Su Zhe and Qin Shi were stunned.

They had been through too much, so the will of heaven and earth was invincible. However, how could Long Chen resist them just like that? Did he also comprehend the Mandate of Heaven and Earth?

However, from Long Chen's body, it was as if the two of them did not see this point ...

Therefore, they were extremely shocked. What actually happened to Long Chen's body?

At this time, Long Chen was naturally welcoming a new round of transformation, which was one tenth of the dragon blood!

The tiny drop of dragon blood had turned into trillions, fusing into every particle in Long Chen's body. After going through another discussion about his transformation, his physique was already close to half of that of a young Primordial Dragon.

Physique wasn't the strength of the body, but was instead manifested in recovery, comprehension, toughness, level of life, and so on. As for the strength of the body, it was only a part of the body.

The reason why Li Xuanji was so strong was largely because of her Nine Yin Meridians. It was basically the Nine Yin Meridians that had created him.

And when Long Chen's physique absorbed ten percent of the dragon blood, it had already surpassed the level of the Nine Yin Meridians.

This was the power of the Ancestral Dragon.

And now, he had already absorbed four-tenths of a ancestral dragon blood, if he had the same amount of time, Long Chen's current cultivation would have long been countless times greater than Li Xuanji's.

When he had absorbed all the blood essence, although he was only a newly born ancestral dragon, his physique had already far surpassed the Nine Yin Meridians by ten times, or even a hundred times. It

would even continue to grow in the future. Of course, this was something that would happen in the future.

Right now, Long Chen felt as if his entire body was bathed in the blood of an Ancestral Dragon, he felt extremely comfortable. The changes in his body made him feel numb, as if he had just undergone a marrow cleansing, as if he had been reborn. The most obvious manifestation was that the dragon scales on the surface of his body, which were basically hidden, and the strength of his internal organs, had already increased to a terrifying level.

The strength of his muscles, bones, and dragon scales were all related to Long Chen's physical strength, and the strength of his internal organs were also related to his breathing, resistance to injuries, and so on. Each and every one of his strong internal organs seemed to possess endless strength as they lashed out, pulling Long Chen's body along like a genuine ancient beast.

Because out of these ten percent of ancestral dragon blood, Long Chen's physical body had truly entered the realm of the eighth level body tempering technique, and even surpassed it by a lot. In terms of physical body, only those who had cultivated the ninth level of body tempering technique would be stronger than Long Chen.

As for speed, although the strengthening of the body would also increase, at least for now, they had already reached the speed that only Eighth Stage of the Divine Martial Stage warriors could achieve, so the two people in front of him could no longer hope to compare with Long Chen in terms of speed.

A single time of suppression from the heaven and earth, had caused this unyielding divine dragon, Long Chen, to make a terrifying breakthrough.

Chapter 1192 - The Extreme Level of Martial Arts

His physical body, speed, the will of the dragon, as well as the explosive growth of the primordial spirit, had given Long Chen a transformation in this series.

With the will of the dragon, the Yin Yang Sword Soul, and even the Nine Dragon Scripture, the current Long Chen's strength was extremely close to the likes of Su Zhe and Qin Shi, the top geniuses within a hundred years of age.

As for people like Wang Chen, who were between a hundred and a thousand years old, it would still take a long time for Long Chen to catch up.

Of course, this was all a story in the future.

Everything returned to normal, as if nothing had happened at all. However, in the eyes of Qin Shi and Su Zhe, the current Long Chen seemed to have become a completely different person.

Previously, in their hearts, Long Chen was merely a warrior who could be easily crushed by the will of the heaven and earth. But now, Long Chen's eyes were like blazing fireballs, revealing an aura of disdain from the depths of his bones, causing people to worship him. Su Zhe and Qin Shi had the same illusion that Long Chen was a level higher than them, and even if the primordial spirit in his body couldn't compare to them, they had a kind of natural reverence in their hearts.

Originally, after possessing the will of the world, they couldn't fear anything.

However, the current state of the ground, the miniature image of the entire Dragon Sacrifice Continent, was trembling because of Long Chen's existence.

This caused Qin Shi and Su Zhe to suspect, how could using the will of heaven and earth against Long Chen be effective?

Looking at it from any point of view, after experiencing that short moment, Long Chen had become strong, strong to the point where the two geniuses could sense his mysteriousness.

He slowly opened his eyes.

The divine light in his eyes seemed to be not that of a human's eyes, but that of a super ruler from ancient times.

The three of them were silent for a very long time.

Long Chen was stabilizing the terrifying power that he had just obtained. Forget about others, the tyrannical power of his body had already completely surpassed the super strong combat body that Su Zhe had formed after absorbing the Ten Thousand Refined Evil Vine's bile.

Soul Eye Technique

The scope of Long Chen's divine sense, which had just entered the Fourth Stage of the Divine Martial Realm, just happened to be one and a half kilometers. However, because of the Divine Martial Spirit's prosperity, the scope of his divine sense had already reached between two and five kilometers.

"So many experts from the nine great clans are watching!"

These people were here a long time ago, but Long Chen found them now. They were still in the forest outside of the Heaven and Earth Holy Tree, watching the final battle between them.

Although he could only feel their existence and not see their faces, Long Chen knew that Long Chen's breakthrough must have made their expressions very interesting.

Long Chen enjoyed this feeling of looking down on everyone.

At the same time, he also understood where the strongest power came from. One part of it was his undefeatable conviction, and the other part was his protection. If he could break through at this place, he couldn't escape from Li Xuanji's grasp, and it could be said that if not for her, it would be impossible for Long Chen to break through to this level so quickly.

Not only that, he wouldn't even be able to form the will of a dragon that could resist the will of heaven and earth.

If he could not resist the will of heaven and earth, Long Chen definitely would not have the chance to fight against the Seventh Stage of the Divine Martial Stage.

"Don't worry, I'm fine."

Regardless if Li Xuanji could hear or not, Long Chen still told her this.

Previously, she didn't have much confidence in Long Chen, and even wanted to use that Eternal Protection Heart to protect him. However, Long Chen had used his true abilities to prove to her that she no longer had that chance.

There was no complacency in his heart, only enlightenment.

Long Chen seemed to understand where his path forward led him.

"Perhaps the Primordial Blood Spirit Dragon's Dao is not the heartless slaughter that I imagined it to be. As long as it is alive, there is feelings. It is the same as well. His slaughter is also to protect and kill for the sake of survival."

A merciless slaughter, that was only the devil's actions. The true path of death should be as Long Chen was thinking right now, only for the sake of protection and survival.

His current understanding was of great help to his future development. It could be said that it allowed him to retrace his steps back to the right path.

He still had to thank Li Xuanji for all of this.

'Originally, I thought that it was because of Xiao Xi that I could feel this. Unexpectedly, it's her ... '

Although it was kind of funny, Long Chen's feelings towards Ling Xi would never change.

"Jiang Yunfan ..." Qin Shi opened his mouth slightly, his gaze unsteadily looking at him.

They were true warriors, not despicable villains. If they were despicable people, they would not have given Long Chen a chance to recover, and they would not have stopped Long Chen from making his breakthrough.

In fact, they were the ones who had pushed him to the point of breaking through.

Su Zhe and Qin Shi looked at each other, and used their eyes to tell each other that although there had been an accident, this battle was still going to happen.

"I'm very impressed by your change, but we still have to decide who wins today. Hopefully, we can make friends later on and exchange martial arts together." Su Zhe said.

This was a belated battle, but no matter what, they had to take the exam. Furthermore, it was Long Chen who faced both of them at the same time!

In Su Zhe and Qin Shi's opinion, Long Chen was still the first person they had to take care of!

However, the current Long Chen no longer felt any pressure.

"Bring it on!" Long Chen said with a smile, full of heroic spirit!

The silver dragon spear appeared in Su Zhe's hand. Although its sharp aura wasn't as good as Long Chen's Crimson Sky Desolate Blood Halberd, it was still not bad.

As for Qin Shi, she did not use any weapons, but as a disciple of the World King, she had many methods up her sleeves.

With the power to resist the will of heaven and earth, Long Chen was no longer afraid. The three of them started fighting at the very first moment, and in the ball of light, a fierce battle started.

From the very first battle, Su Zhe and Qin Shi had astonishedly discovered that the current Long Chen actually possessed a strength that was not far from theirs. Although the primordial spirits could not compare to them, Long Chen's body and speed had far surpassed them by a level.

Any of their strengths, Long Chen was practically the same as them!

"How is this possible? Did he have a method to conceal his strength? Just how strong is his true strength?" This was the question that Su Zhe and Qin Shi were both puzzled about.

The reason they teamed up against Long Chen was because Long Chen was weaker than them. They wanted to take care of Long Chen first, so they focused on fighting, but the situation had changed.

"Since Brother Jiang is so capable, it would appear that we are lacking in bearing if we were to continue acting like this. Since this is a free-for-all, let's fight to the end. I want to see who can stand in the end!"

Only the last person would be able to trigger the sphere of light formed by the Sacred Fruit of Heaven and Earth.

The battle had evolved into a free-for-all between the three of them, each of them facing two opponents. This was a battle Long Chen had never encountered before, and it could be said that the pressure on him had greatly decreased.

From the beginning of the life and death battle, becoming a three-man free-for-all was much easier, but the opponent was indeed very strong!

Even with such a realm, Long Chen was still not as terrifying as when he was fighting against the six great warriors just now. Su Zhe and Qin Shi could be said to both be martial genius, with their own comprehensions, rich combat experience, and even a rich foundation.

Su Zhe fused the will of the heaven and earth into his ' Moon Demon Spear Codex ', one move at a time. Each and every move was smooth and lifelike, each and every move fatal, and he was a truly talented person, while Qin Shi cultivated the level eight divine skill ' War Demon Sword Finger '. At the same time, he also had a physique comparable to his Grand Moon Demon Body, the Battle Demon Body.

After reaching the Seventh Stage of the Divine Martial Stage, everyone's dao was considered to be very mature. Su Zhe walked the path of spear and martial arts as one, his attack speed was extremely fast, his moves were dazzling and magnificent, and although Qin Shi was a woman, he walked the path of war, of course because of his Battle Demon Body, she had his own unique characteristics. Like a mad demon, he attacked recklessly, regardless of his own life and death, he attacked in a manner similar to Long Chen just now.

These were all true experts, and they weren't as easy to deal with as the few fellows from before.

But in Qin Shi and Su Zhe's eyes, Long Chen was even more terrifying. Fighting against him was simply like fighting against an ancient beast, especially the expression in his eyes, his willpower, it had a kind of natural deterrence towards others. It could be said that when Qin Shi and Su Zhe fought against each other, they both had the feeling of wanting to retreat.

Su Zhe could not believe that his will of heaven and earth was unable to handle Long Chen. At this moment, the power of the Earth Appearance Mantra behind him was continuously surging into his Silver Dragon Spear, releasing that terrifying might of heaven and earth.

"Lunar Demon Spear Technique, Reincarnation of the Moon!"

The shiny Silver Dragon Spear danced in his hand, gradually forming a silver halo. Above the halo, the power of the will of the heaven and earth could vaguely be seen, and at the same time, there were many s!

It felt as if a silver full moon had appeared above Long Chen's head, and then, it cleaved downwards with a loud bang!

If it was a normal warrior who was not even Seventh Stage of the Divine Martial Stage, under the attack of such power, there was only one ending, and that was death. Without looking at the primordial spirit s in the full moon, just the pressure of the will of the heaven and earth was like the collapse of the world, and their minds would be defeated by the will of the world first!

Sssii! *

But Long Chen was different.

Under the dragon's will, the will of heaven and earth within the reincarnation cycle of the moon was like nothing. Long Chen could feel the power that was suppressing him, but his will was not being suppressed at all.

Chapter 1193 - Silver Edge Domain

From Long Chen's body, Qin Shi who was watching the fight from the side had a misconception. He felt that it was like a super giant beast ignoring the pressure of heaven and earth, roaring at the world, and then, the mountains and rivers shattered, the rivers flowing backwards!

"Ice Armored Vast Ocean Dragon!" Behind Long Chen, a terrifying divine dragon shrouded in ice fog became the source of Long Chen's strength. Under the power of the Ice Armor Canghai Dragon, Long Chen executed the Nine Dragon Scripture.

Bang!

Su Zhe crashed into the ball of light, and was thrown back to the ground with his face covered in dirt.

In the exchange just now, he could already be considered to have the upper hand against Long Chen.

At this moment, the youth in the sky was still looking down on everyone. At this moment, he was fighting with Qin Shi.

"I don't believe this evil!" Without saying a word, Su Zhe once again charged forward. The three of them engaged in a chaotic battle, and most of the time it was Su Zhe and Qin Shi who fought Long Chen together.

They did not realize that because of Long Chen's strength, they had gone from a three-man free-for-all to a two-man attack on Long Chen. This was because both Su Zhe and Qin Shi did not believe in him anymore.

How is it possible for a dignified two great Seventh Stage of the Divine Martial Stage warriors to be unable to deal with Long Chen?

Rip!

"Sky Profound Jade Fire Dragon!" Long Chen had repeated the first stage of the Nine Dragon Scripture. Now that he had enough primordial spirits to execute this move, Qin Shi and Su Zhe had no choice but to retreat. It could be said that as Long Chen's strength increased, the Nine Dragon Scripture had become more and more terrifying.

When nine dragons became one, one could imagine how powerful it would be.

It was definitely a divine technique beyond Grade Nine!

"Silver Blade Domain!"

As Su Zhe's Domain unfurled, his primordial spirit had actually condensed into a densely packed astral blade. Following his manipulation, those who were in battle, would probably be dismembered by this domain if they were not careful.

"Battle Demon Domain!" Qin Shi did not dare show any weakness as he activated his black domain, which was filled with densely-packed vengeful spirits screaming. These vengeful spirits were all warriors who had died in Qin Shi's hands, and at this moment, formed Qin Shi's power. He screamed and pounced towards Long Chen and Su Zhe.

"It's my turn, Devouring Blood Realm!"

The blood-red domain expanded outwards.

The three domains clashed within the sphere of light, making the powerhouses outside dazzled. Qin Shi and Su Zhe were fine, but Long Chen who suddenly appeared was within their expectations, isn't that just too terrifying?

Although the power of the Devouring Blood Realm could not be seen to be of any use, it was clearly not simple to be able to resist the other two great domains. Basically, the people in the Devouring Blood Realm would not realize that their blood energy was slowly disappearing.

A formless slaughter was the most terrifying thing of all.

The three great domains reunited, and the chaotic battle between the three continued for a full two hours. During this time, Long Chen opened the True Martial Emperor's Soul, and learned many things from the two geniuses.

After an hour of intense fighting, Su Zhe and Qin Shi were both at the end of their tether. Their faces were pale and their bodies did not have much color, yet Long Chen was getting braver as the battle went on.

This was Long Chen's plan.

"If I take the time to learn the third layer of the Nine Dragons Scripture, I can definitely defeat them both. But now, this is all I can do!"

Su Zhe and Qin Shi both did not realise that their current weakness was related to the disappearance of their blood essence. They had already felt it, but it was already over.

Long Chen understood from the start that just the second layer of the Nine Dragons Scripture was not enough for him to defeat the two rankers, so he could only use the Devouring Blood Realm to wear down their strength.

Of course, to be able to contend with two great powerhouses and even obtain victory in the end, this was already an extremely powerful display of power!

"I always thought that your domain was useless. I didn't think that your domain was the strongest." Su Zhe did not grieve, but rather, bowed in admiration.

Their domains were all offensive, and its effects could be seen with a single glance. Only Long Chen, who seemed useless, was the key to obtaining victory in the end.

In this domain, Long Chen is almost undefeatable. Others are getting weaker and weaker, while he is getting stronger and stronger.

As for their lost blood essence, sorry, they could only slowly recover on their own.

In Qin Shi's eyes, he was also unreconciled, but he had no choice but to submit. Although everyone was of equal strength, Long Chen's current situation was much better than theirs.

"Sky Profound Jade Fire Dragon!"

"Ice Armored Vast Ocean Dragon!"

A Sky Profound Jade Fire Dragon shrouded within the azure-colored flame and an Ice Armor Canghai Dragon that was enveloped in blue mist of ice followed behind Long Chen. Following the release of the second stage of the Nine Dragon Scripture, the power of the twin dragons plummeted greatly and the already weak Su Zhe and Qin Shi could only work together to defend against this terrifying power!

"Indestructible fighting spirit!"

"Falling Moon!"

Using their last bit of energy, they fought against Long Chen together, while Long Chen withdrew out of the Devouring Blood Realm and used most of his primordial spirit s on the Nine Dragon Scripture. With a loud bang, the power of water and fire mixed together and exploded, and wherever the halberd went, Su Zhe and Qin Shi were like kites with their strings cut, falling to the ground. In the air, the only person who could stand was Long Chen!

This time, Long Chen used his Domain to defeat them.

Standing in the air, that domineering aura swept over everything below him. Under his feet, there was already no one who could stand up.

Looking at all of this, Long Chen felt as if he was in a dream.

When he was trying to snatch the Sacred Fruit of Heaven and Earth, he had never imagined that such a day would come. He had never imagined that he would ultimately win. When he gave the Sacred Fruit to Li Xuanji, he really did not think that he would be able to live.

But now, he had really succeeded.

This could be one of the most important successes of Long Chen's life.

"I won."

Saying these three words to Li Xuanji wasn't to show off, but to let her calm down in the end. Maybe when she comes out, it would be her turn to protect Long Chen.

Below them, Su Zhe and Qin Shi had not lost consciousness yet, but the other six warriors were still watching on. In their eyes, besides shock, there was only shock.

"This Jiang Yunfan, is he about to shake the Nine Hell Demon Area?"

"How could there be a warrior of this level in the Dongsheng City he's talking about?"

"Nonsense, wasn't Su Zhe also from a similar city?"

Su Zhe and Qin Shi looked at each other and laughed bitterly. They would never have expected such a result, but they had to admit that they were convinced from the bottom of their hearts when they saw Long Chen.

Completely convinced.

They didn't have any objections when Long Chen obtained the Sacred Fruit.

Of course, what they did not know was that the Sacred Fruit had already been refined by Li Xuanji.

Right now, she had no time to speak, but Long Chen knew that she was already at ease.

"Tsk tsk." Looking at Long Chen, then looking at Li Xuanji, the kitten started to laugh obscenely.

"Hero, save the beauty! This is touching! When she recovers, I reckon the first thing you guys will do is to have fun with her for three days and three nights. Don't you know to stop?"

Long Chen did not have the mood to joke with him. Actually, he understood that after winning, there were still some troublesome matters, and that was how to deal with the experts from the nine great clans. One must know, his identity as Jiang Yunfan, was a fake, if he accidentally revealed it, and his cultivation was also strange, there were many Ninth Stage of the Divine Martial Stage and clan masters present, they would definitely have their suspicions.

He had to be careful, or else all his efforts would be for naught.

At this moment, the experts of the nine great families had already surrounded the ball of light.

"I'll break this ball of light!" At this moment, one of the elders was full of vigor. He threw out a palm, and the universe twisted. A tearing force tore apart the ball of light, creating a crack in space.

He was actually a practitioner of Ninth Stage of the Divine Martial Stage, most likely the Patriarch of one of the families.

"Children, thank you for all your hard work. It's a good thing that you're still alive. After today's matter is over, you should all properly heal your injuries." A group of elders, approximately 45 people, with strengths above Seventh Stage of the Divine Martial Stage, should be around the majority of Nine Hell Demon Area's upper echelons, they all stepped forward.

Of course, those at the Realm King's level were the ancestors of the various great clans. They would not appear just because of a small matter like the Sacred Fruit. The presence of the Patriarchs of the various great clans had already shown just how grand this Nine Serenities Demon Mountain trial was.

Amongst the disciples of the nine great families, Shangguan Feng and Zhao Yunlong could be considered to have mysteriously disappeared, and Leng Chan had died in Long Chen's hands. Thus, other than the Leng family's family members being a little cold to Long Chen, the other patriarchs of the nine great families watched on with interest.

The other two, the Shangguan Family Head and the Zhao Family Head, went to ask Qin Shi. At that time, Qin Shi looked at Long Chen and told the Shangguan Family Head that she and Zhao Yunlong had parted ways midway.

Zhao Yunlong was the one who killed Zhao Yunlong, and Shangguan Feng died in his hands. Although the rules state that the Nine Serenities Demon Mountain's massacre was not counted, but if the Shangguan Family Head found out that Long Chen had killed Shangguan Feng, it would lead to another inconvenience.

After the battle, Su Zhe and Qin Shi both acknowledged Long Chen.

After comforting the children of the clan, the Patriarchs of the nine great clans ordered the others to announce the end of the trial and to bring the other disciples down the mountain. The remaining nine Patriarchs all gathered around Long Chen and looked at him with great interest.

They had many doubts regarding this little fellow. At this moment, the various large clans gathered together and asked, "Little fellow, your performance is very good, but you don't look familiar. What's your name?"

Long Chen was extremely calm and composed at this moment. He crossed his arms, and looked at all the elders with a respectful gaze, they were all peak experts, comparable to Han Yunxing and Nangong Lie, and said neither humbly nor humbly, "Patriarchs, my name is Jiang Yunfan, I come from the Dongsheng City, and I am the son of the Jiang Family's Patriarch, one of the three great families of the Dongsheng

City. I went to the Mystic Demons, and because the Nine Serenities Demon Mountain opened, I only returned when the Heaven and Earth Holy Fruit was ripe."

"Jiang Yunfan, Jiang Shili?" The Shangguan Family Head was here. He thought for a moment and said: "Jiang Shili, peak of the Seventh Stage of the Divine Martial Stage, this person is a member of my Shangguan Family. I never thought that a person at the seventh level of the Divine Martial Realm would be able to teach a son like you.

Long Chen heaved a sigh of relief. Luckily, Shangguan Family Head had never seen Jiang Shili before, otherwise, he would have to reveal himself. Long Chen was not sure if he and Jiang Shili looked similar.

Chapter 1194 - Drop Yang Dingtian

Although he managed to conceal it for the time being, Long Chen was still worried. At this time, the war at the Nine Serenities Demon Mountain had already ended. A large number of warriors had gathered in various camps at the foot of the mountain. Some of the injured warriors also needed some time to recuperate before they could finally leave.

At the peak, because the six warriors from the nine great families were severely injured, they had already been brought back to their families. After losing to Long Chen, they had received a huge blow to their hearts, causing them to feel like dying.

Su Zhe and Qin Shi Shi were not heavily injured, but they were extremely weak. At this point of time, they had both stood up and were able to walk to Long Chen's side. These two were the young geniuses of the Nine Hell Demon Area.

However, the attention of the Patriarchs of the nine great families were mostly focused on Long Chen.

No matter how you looked at it, those who had the power to subdue others and obtain the Sacred Fruit were not simple people. Although they were separated by the ball of light, they could clearly see that this youth's strength was a little strange. He could even use a dragon shaped battle skill, and his previous breakthrough was a little strange.

"Jiang Yunfan truly deserves to be called a young hero. May I know where does master belong to?" one of the Patriarchs asked.

Normally, to be able to be promoted to such an extent, there must be a master, otherwise, with Dongsheng City and the Jiang Family, they wouldn't be able to give Long Chen the resources he needed to reach his current level.

"This junior trained and travelled by himself since I was young. I traveled through many places and did not have a master. Everything that happened today was obtained through hard work."

Long Chen understood his intention, and explained with a nod of his head.

Everyone looked at each other, guessing that the reason why this brat had such an achievement today, was definitely because he had obtained some extraordinary items from some ancient ruins. For example, the Silver Dragon Spear that Long Chen had previously used to fight against was no ordinary object.

Long Chen had always been careful to not reveal anything, because he was cautious, the patriarchs did not find anything suspicious at the moment, but at this time, the Shangguan Family Head spoke out, "Brother Jiang is a warrior of our Shangguan Family, your victory today is truly a cause for celebration. Let this person give you a banquet to celebrate for Brother Jiang, I wonder if Brother Jiang can give me face?"

Long Chen was in a difficult position.

If he was really Jiang Yunfan, then that was nothing, it was just the Shangguan Family trying to rope him in. However, he did not die. If he revealed himself, there was no possibility of survival in front of these super strong warriors, and the Shangguan Family Head was asking Long Chen for a favor, if Long Chen did not agree to such a sincere invitation, then he would not be giving it to the Shangguan Family Head. Even if he was a little genius, he did not have the qualifications to offend a warrior of that level.

For a moment, he didn't know how to reply.

However, someone else quickly helped him out, another clan head said: "I say, Shangguan Yao, Brother Jiang Yunfan has obtained the Sacred Fruit of Heaven and Earth, this is a grand occasion for my Nine Hell Demon Area, how can you allow yourself to entertain this young man, I think it's better for everyone to arrange it, in the camp below, it's just perfect for us to have more people, what do you think?"

The moment he finished speaking, the Patriarchs who were unwilling to let the Shangguan Family Patriarchs take all the benefits for themselves immediately agreed. The Shangguan Family Patriarchs knew that these old foxes were like this, going from eight to one, offending so many families for Long Chen, it was not worth it.

"Since fellow brothers have said so, then let's hold a feast at the foot of the mountain. It's just right to spread the news of the Younger Brother Jiang's reputation and let the people of the Nine Hell Demon Area know of the heroic deeds of the Younger Brother Jiang."

Everyone applauded.

It would not be easy for the old cunning fox, the Shangguan Family Head, to puke Long Chen out.

However, for Long Chen, whether it was hosting a banquet at the Shangguan Family or a banquet at the foot of the mountain, it was not a good thing. At this time, Long Chen thought about it for a while, then lied, "This junior is extremely grateful for the good intentions of the patriarchs, but to tell you the truth, I still have something very important that I have yet to accomplish. This matter has been planned for everyone's privacy, and Yun Fan is already extremely anxious."

In order to escape, Long Chen did have the ability to do so.

The various patriarchs looked at each other. Setting up a feast was not a goal, the goal was to rope Long Chen in. If he really had his own secrets to accomplish, they wouldn't be able to force this new genius warrior from the Nine Hell Demon Area to join them.

"My master once said that if anyone else obtains the Sacred Fruit of Heaven and Earth, they can go to the Nine Serenities World King Mountain to see him." In this matter, Qin Shi interrupted.

Long Chen immediately realized that this was an excellent chance.

The patriarchs of the nine great families all wanted to take Long Chen as their disciple, but at the moment, the Nine Hell Demon Area s had already said that there was no use in competing with them, if they forced him to compete too much, it might cause the future disciple of the World King to become displeased. Thinking to this point, they all felt helpless, no longer forced him, and said: "Since Younger Brother Jiang has something important to do, then go."

"Thank you everyone." Long Chen bowed to everyone, then smiled at Qin Shi.

Su Zhe and Qin Shi were both decent people.

It was all thanks to him that Long Chen was able to escape this time.

"Brother Jiang, don't forget about your trip to the Nether World King Mountain." Qin Shi reminded him.

"Of course not." Long Chen smiled faintly. He had succeeded in having an excuse to escape, so he immediately prepared to escape. In reality, he understood that the various patriarchs were using Ninth Stage of the Divine Martial Stage and their divine senses were spread out for a full hundred thousand kilometers. It would be impossible for Long Chen to escape their perception range within this short period of time.

However, Long Chen had God's Breath Technique, so he had to directly use it when he leaves the Nine Serenities Demon Mountain, otherwise, he would definitely be able to escape.

After bidding farewell to the patriarchs, Long Chen was about to leave. However at this time, a shocking change occurred!

"Don't go!"

A gloomy, cold and ear-piercing voice that seemed to come from beside Long Chen's ear, acted upon his body with a burst of terrifying power, suppressing Long Chen's movements. This caused Long Chen to turn pale with fright, to think that the person who could suppress him in such a short period of time, was at least at Ninth Stage of the Divine Martial Stage, and who exactly was that person!

He was already on the verge of breaking free, but he didn't expect such a thing to happen at such a crucial moment.

"Who is it!" The Patriarchs of the nine great families were furious. When Long Chen was being controlled, they immediately stood in front of Long Chen, cutting off the suppression on him.

In the dark green sky to the east, several rays of light flashed. Three human figures instantly rushed to the Nine Serenities Demon Mountain at an extremely fast speed, the lightning shackles could not stop them at all.

The yin aura on the two of them was dense, and it was even denser than the yin aura on the Patriarch of any of the nine great families. When Long Chen saw their appearances, the expression on his face changed greatly!

I didn't expect them to appear here ...

Long Chen was very familiar with the two people standing on the left and right. They were the ones who had been chasing and killing Li Xuanji the entire time, Yang Kui and Xie Kui. This pair of old fogeys who were almost at the end of their ten thousand year lifespan.

With their strength, they were all able to contend against the nine great families of Nine Hell Demon Area.

In fact, after he settled Li Xuanji's situation, he was just about to return and see what exactly had happened to Han Yunxing and the others. Under normal circumstances, it was impossible for Han Yunxing and Nan Gong Lie to lose to these two old fogeys, could it be that after Long Chen had left, there were still other experts appearing?

The most terrifying thing was that if the warriors from the Nirvana Tribulation Realm appeared, Han Yunxing and Nan Gong Lie might not have much luck. The only thing they could hope for was that the other party would see that they were from the War God Palace, so they did not dare to do anything to them.

It had to be known that the name of the True Martial Imperial Palace was incomparably huge.

The combined power of the Grand Moon Demon World s was probably not even half of that of the True Martial Imperial Palace s.

Without having seen the War God Palace, he would never know how powerful it was.

Other than Yang Kui and the Demonic Sound Clan's people, the one that Long Chen was most afraid of was a middle-aged man in the middle who had long black hair and was dressed in a black robe. His eyes were stern, handsome, and had a very nice smell.

At this time, the cold and handsome middle-aged man was sizing up Long Chen.

His face was expressionless.

"I was wondering who it was. So it's Yang Dingtian from Mystic Demons. What are you doing in my Nine Hell Demon Area?" One of the Patriarchs of the nine clans said arrogantly. However, from his eyes, one could see his fear of Yang Dingtian.

"Yang Dingtian?" Long Chen seemed to have heard of this name before, and Yang Kui and the Yin Mei were actually by his side. It was obvious that this Yang Dingtian should be the current patriarch of the Yang family.

Long Chen's eyes had already narrowed. This middle-aged man was actually the one who sealed Li Xuanji with the God Sealing Coffin and brought her to the Realm of Myriad Kingdoms a thousand years ago. At the same time, he was also bringing one of his good-for-nothing sons to the Realm of Myriad Kingdoms. That good-for-nothing son of his later became the ancestor of the Yang family in the White Sun Town.

In other words, Yang Dingtian could be considered Long Chen's grandfather. Back then, Long Qinglan had joined the Yang Family, but since Long Chen was surnamed Long, this Yang Dingtian could at most be an ancestor or something like that.

However, in Long Chen's heart, he only acknowledged his parents' bloodline. As for this Yang Dingtian who was separated by who knows how many generations, it had nothing to do with him at all.

Furthermore, she had clearly come for Li Xuanji.

Chapter 1195 - Descent of the Monster Race

He never thought that this fellow would actually chase him here, looks like he was really afraid of Li Xuanji.

At this time, the only way to calm down was to face the situation. The two super lineup of Nine Hell Demon Area and Mystic Demons had met here, and they were both Peak of the 9th Stage of the Divine Martial Realm warriors.

In Long Chen's heart, this Yang Dingtian did not have a good impression of him. Second: It could also be considered vicious and merciless, sealing Li Xuanji. Third, that was Yang Lingqing's problem.

If something were to happen to Yang Lingqing, this debt would have to be properly settled. At that time, Long Chen would not care if he had his bloodline, and would just directly kill him.

This person, someone who had dominated the Mystic Demons for thousands of years, would not be easy to deal with ...

Yang Dingtian's expression was very calm, and he did not act craftily like the foxes from the great clans of Nine Hell Demon Area. He pointed behind him, and said: "I want to take him away."

Of course he was referring to Long Chen.

The Patriarchs of the nine great families looked at each other, and a few of them scoffed. One of them spoke in disdain, "Yang Dingtian, Mystic Demons and Nine Hell Demon Area live side by side and there has always been nothing related between them. Are you trying to break the peace between us?"

Yang Dingtian shook his head, looked at Long Chen coldly, and said: "Maybe you all still don't know the truth, so I will just say it, in case you guys get lost in the valley."

His words successfully attracted the attention of the various great clans.

After pausing for a moment, Yang Dingtian continued to speak, "Everyone has already heard about the recent movements of our Yang family. Three months ago, when the two people beside me were chasing the genius Li Xuanji of the Li family, three people from True Martial Imperial Palace, and two of them were at the perfect level of Ninth Stage of the Divine Martial Stage, they sent Li Xuanji and a youth to a place ten million li away from the battlefield and escaped. Back then, Li Xuanji was struck by one of the Yang Family's hundred thousand evil demons, and her Nine Yin Meridians were destroyed.

When Yang Dingtian used the tone of a storyteller to speak these words, the whole area was instantly filled with thunder and everyone was shocked. Turning their heads to look at Long Chen, the truth was very obvious, there was no need for them to explain themselves, they could only remember what Long Chen said just now, and thinking about how he was in such a rush to leave, everyone immediately knew that it was true. Who was Yang Dingtian, he would definitely lie about a little Long Chen.

Long Chen's heart was set ablaze.

He knew that Yang Dingtian's goal was Li Xuanji, but not him. Therefore, for the time being, he would not be in danger; as long as he was not in danger, Li Xuanji was not in danger.

As for Jiang Yunfan's identity, it was useless after obtaining the Sacred Fruit of Heaven and Earth. Since he had already achieved his goal, Long Chen did not need to worry about anything else.

"You are from the True Martial Imperial Palace?" Everyone looked at Long Chen in shock.

The True Martial Imperial Palace was a super power that the entire Grand Moon Demon World had to work together to fight against. Amongst the twelve great super powers of the Three Regions Nine Realms, it was definitely ranked in the top three.

Of course, Long Chen was only a member of the True Martial Imperial Palace, and not everyone.

The problem was that he was able to accompany two profound practitioners from the True Martial Imperial Palace. His identity might not be simple, no wonder he was able to defeat Su Zhe and Qin Shi.

Even Su Zhe and Qin Shi looked at each other. They didn't expect it to be like this.

"Li Xuanji's matter is very important to the Yang family, today we will trouble the various Patriarchs, I hope the Patriarchs will give me some face, and give this young man to me." Yang Dingtian was determined to win today.

His words were polite and reasonable. This was a matter between the Mystic Demons and himself, so it wasn't convenient for them to interfere.

However, there was one matter that they had no choice in.

The Shangguan Family Head said: "Of course, since it's someone from the Imperial Palace, we will not stop them, but Patriarch Yang knows, the Sacred Fruit of Heaven and Earth is something from my Nine Hell Demon Area, it should be handed over to my Nine Hell Demon Area's warriors, as long as he hands it over, we will definitely let him go."

The words of the Shangguan Family Head also represented the meaning of the words spoken by the other big families in Nine Hell Demon Area.

To Yang Dingtian, this was something that was understandable. If Long Chen took the Sacred Fruit of Heaven and Earth and saved Li Xuanji's life, it would be a troublesome matter.

Yang Dingtian nodded. He looked at Long Chen and said, "Return the Sacred Fruit of Heaven and Earth to them, then follow me."

However, Long Chen smiled, shook his head, and said: "Before you do that, you must answer one of my questions."

"Hmm?" Yang Dingtian didn't think that this youth would still be so calm at a time like this. His eyes slightly narrowed, his pupils slightly contracted as he slowly said. "You dare to negotiate with me?"

Long Chen acted as if he did not hear his words, and asked: "How are my Uncle Han and Uncle Nan Gong doing?"

The other possibility was death, but that was not likely. Han Yunxing and Nan Gong Lie were both from the War God Palace, even if the Yang Family had 100,000 guts, they still wouldn't dare to kill the people from the War God Palace.

After all, Han Yunxing and Nan Gong Lie were just obstructing the way and did not kill any of the Yang Family members.

Yang Dingtian was quiet for a moment, in order to avoid trouble, he said: "These two are guests in my Yang family, I just need to wait for you to return, then they will bring you back to True Martial Emperor Domain. Is it okay now? "

Hearing this, Long Chen heaved a sigh of relief, it really was house arrest.

The Yang family did not dare to kill the people from War God Palace, so they could only use the excuse of being guests to imprison them for a period of time. After that, they would wait for Long Chen to return and send them back to True Martial Imperial Palace.

In fact, even the Yang Family Patriarch was shocked by Long Chen's identity. The two warriors with perfect Ninth Stage of the Divine Martial Stage had actually called Long Chen their Young Master, which meant that Long Chen was most likely the son of the highest ranked person like the True Martial Imperial Palace. Although Yang Dingtian looked fierce right now, the truth was that he had to kill Long Chen, even if he had ten thousand guts, he would not dare to do so.

Long Chen naturally would not take it out. At this time, he helplessly waved his hand and said: "The Sacred Fruit of Heaven and Earth is mine, I have spent a lot of effort to obtain it, don't even think about taking it away from me."

As long as the Heaven and Earth Holy Fruit was still in the Great Void Realm, no one could take it away unless Long Chen was willing.

The Great Void Realm was transformed from the scales of a Great Void Cosmic Dragon. With Little Cat inside, even if the experts in front of him were strong, they could only stare helplessly.

At this time, Long Chen listened to the kitten and hid the Great Void Dragon Symbol into his own flesh and blood, making him unable to see anything.

As for ring, Long Chen basically did not have this thing. Basically, when he obtained other people's things, he would pour all of them into his own Great Void Realm, and then throw away the ring.

Yang Dingtian never thought that Long Chen would actually act shamelessly in front of such a lineup.

His expression suddenly turned ugly.

Long Chen scoffed at this time, and said: "Li Xuanji, is indeed a pretty good woman, I have taken a liking to her, it's just that she died before I could even enjoy it, although she won't be able to use this Heaven and Earth Holy Fruit, but I can use it on me."

Such arrogant words had confirmed Yang Dingtian's guess, that this Long Chen definitely had a good status within the True Martial Imperial Palace.

"Dammit, I didn't find out where this kid came from." Yang Dingtian was slightly angry in his heart. It was very difficult for him to do so, and it was also very difficult for the patriarch of the Nine Hell Demon Area s. For the Sacred Fruit of Heaven and Earth, they were not willing to take a step back.

"Everyone, I will personally take out the Sacred Fruit of Heaven and Earth."

When Yang Dingtian said this, the others opened up a path for him. At this moment, Yang Dingtian's body flashed, and he was already in front of Long Chen.

However, under his inspection, there was no place on Long Chen that was able to hide anything.

"Stop looking for it. You won't be able to find the Sacred Fruit of Heaven and Earth." Long Chen laughed in disdain.

Long Chen obviously did not have a Divine Kingdom, then where exactly was he putting the Sacred Fruit?

Honestly speaking, Yang Dingtian had no other choice but to face this very indifferent youth. He wasn't sure of this youth's identity, so he didn't dare to act rashly.

Yang Dingtian raised his head, looked at Long Chen from afar, and coldly asked: "Is Li Xuanji really dead?"

Long Chen said in disdain, "Is it not funny if news of how the dignified Yang Family Patriarch, the overlord of the Mystic Demons, is so afraid of a junior?"

These words caused Yang Dingtian's face to turn even more unsightly. The reason why he valued Li Xuanji was because he did not want to leave any traces behind for the Li Family.

Generally speaking, if it was a treasure that could hide people, then it would be of a very high grade. Yang Dingtian would be able to know where it was with a glance, but there was clearly no such thing on Long Chen's body. But how could he explain it? Where should he put Long Chen's things?

However, Yang Dingtian thought of something: No matter where this youth hides Li Xuanji, as long as I bring him to my side, Li Xuanji will not be able to obtain the Sacred Fruit of Heaven and Earth. Without the Holy Fruit, she should be dead for the past few days, this youth should be hiding her in a safe place before going to the Nine Serenities Demon Mountain, or maybe he should be hiding right in the middle of the Nine Serenities Demon Mountain.

Yang Dingtian could never have guessed that Li Xuanji was actually inside Long Chen's body, and was even using the Sacred Fruit to recover.

However, even so, it was not easy to snatch Long Chen away from these people.

The other Patriarchs also felt that there were no ring present on Long Chen. Just where did he put the Sacred Fruit of Heaven and Earth?

If he wanted to obtain the Sacred Fruit of the Heavens and Earth, he would have to make a move.

The two Demon Region's overlords were in the midst of a confrontation when they suddenly had an unprecedented, drastic change.

The clouds above Nine Serenities Demon Mountain suddenly became denser, a change occurring unknowingly.

Long Chen first felt that something was amiss, he raised his head using the Soul Eye Technique, and in that instant, as though he was struck by lightning, a strong wave of mental energy directly shook his Divine Martial Spirit, causing his entire being to enter a dizzy state.

Chapter 1196 - The Prince

At this time, Yang Dingtian, who was closest to him, and the other Ninth Stage of the Divine Martial Stage practitioners also felt that something was wrong in the sky.

A terrifying aura of desolation was gathering in the clouds in the sky. This aura was wild and violent, filled with an aura of desolation. A single word had easily surfaced in the minds of the powerful experts, and that was — Demonic Beast!

Long Chen had actually already seen it, and this was also the reason why he was shocked. When he had raised his head earlier, he had met with a pair of eyes that was almost a hundred meters in diameter. Those eyes were filled with a devilish and blurry power, like a gigantic vortex that had almost swallowed Long Chen's Divine Martial Spirit.

It could be said that compared to the opponent's eyes, Long Chen's Spirit Devouring Demon Pupil was like a small child meeting a great Magus!

"Monster race!" Without knowing who it was, the head of the family let out a terrified scream.

To Long Chen, Yang Dingtian's appearance was already an accident, but the appearance of the terrifying demon clan in the clouds was even more unexpected and surprising!

At critical moments, everyone had a different reaction.

The Patriarchs of the nine great families had obviously joined hands to resist the first moment, and to Yang Dingtian, this was a rare opportunity. At this critical juncture, he instantly imprisoned Long Chen and, just like how Yang Kui and the other Patriarchs looked at each other, he activated his escaping technique and fled countless of kilometers in an instant.

That terrifying gale nearly tore apart Long Chen's body. When Long Chen realized that he could open his eyes, he turned around to take a look, and in his eyes, the Nine Serenities Demon Mountain had actually become as big as a human body.

"Strange, why would the Spirit Demon Race come to the Grand Moon Demon World?" Yang Dingtian stopped Long Chen, causing him to be unable to move. The experts of the Yang Family did not leave immediately, but turned and watched.

"At the very least, it's a demon beast that has survived the Nirvana Tribulation Realm. Its strength is not at the level of the Realm King, at the very least, it's at the World King level. He is also a great being in the

Desolate Imperial Domain. The arrival of a demon like this, to the Nine Hell Demon Area, is already a small matter. " Yang Dingtian smiled lightly.

It was precisely because of this that he was able to escape with Long Chen at this time. On one hand, it was to avoid ripples, and on the other hand, it was to avoid trouble.

Long Chen was extremely mysterious. It seemed a little difficult to find the Heaven and Earth Holy Fruit on his body without killing him.

No matter what, Yang Dingtian's entire focus was still on the Spirit Demon race.

Long Chen opened his eyes wide as he watched this shocking change. In his eyes, the clouds above the Nine Serenities Demon Mountain were already incomparably large, and the volume of the clouds exceeded the combined size of all the Nine Serenities Demon Mountain s.

"Spirit Demon Race, how dare you invade my Nine Serenities Demon Mountain, scram!"

Although the voices of the Patriarchs of the nine great families were far away, it still made Long Chen feel like it was deafening.

Long Chen's field of vision was extremely far, and he could see that nine small dots had charged out of the lightning shackles and arrived under the clouds.

In the midst of the incredibly huge clouds, the figure of an unknown giant beast could faintly be seen. That gigantic body and the pressure coming from the depths of the soul made Long Chen feel a sense of horror.

This demon clan was actually at the level of the World King.

"Hehe." A world was filled with ear-piercing laughter, that was the voice of a demon, an extremely sinister voice that caused people's souls to become chaotic, to the point where Long Chen felt like he was about to faint.

They only saw that in the clouds, an incomparably thick beast leg extended out. It looked to be about the size of the Nine Serenities Demon Mountain and upon seeing the pitch-black beast leg, the nine

Great Patriarchs immediately rushed forward. What was laughable was that one after another, warriors who were at the peak of the Ninth Stage of the Divine Martial Stage were actually sent flying, and in the blink of an eye, they disappeared into the horizon.

"Children, go back."

That mountain-like beast leg landed on top of Nine Serenities Demon Mountain. Instantly, the entire earth began to shake.

Long Chen was in a state of extreme shock. They were even able to shake off characters like the nine great Patriarchs. This clearly showed how powerful the Monster race was.

'Life can actually be powerful to such a degree! '

Long Chen finally understood that strength truly never stopped.

At the same time, Long Chen understood that this guy was bringing the Poison Shadow Clan back.

Faintly, there seemed to be many shadows that climbed up the legs of the huge demon beast and disappeared.

"A dignified Nirvana Tribulation Realm's demon clan actually came to personally bring them back, this is the relationship between demon clan members," Long Chen sighed in his heart. He felt that sometimes, the word 'feelings' in the 'Demon Clan's world' seemed to be a lot more important.

However, they couldn't possibly gather such a large number of people just for the sake of the Poison Shadow Clan, right?

In the next moment, Long Chen knew the answer.

The moment the Nine Serenities Demon Mountain fell, the entire Nine Hell Demon Area began to tremble, and dust filled the sky. The gigantic beast claw reached into the ground where the Nine Serenities Demon Mountain was, and pulled out something that Long Chen did not know what it was, but from that one claw, Long Chen discovered that the entire world was invaded by the cold and it made him feel as if he was trembling.

This kind of coldness was too familiar to him ...

"Nine Hell Devil Ancestral Fire!" Long Chen subconsciously shouted out the name in shock.

He finally understood why the Shadow Clan's cold pond was always so cold inside the Nine Serenities Demon Mountain. This was all because this demon clan had actually taken out the Nine Hell Devil Ancestral Fire!

"Ssii!"

The demonic clan that covered the sky let out a terrifying cry.

"Qin Tianzheng, your Nine Hell Demon Area has imprisoned my Du Shadow Clan for such a long time, treat this Nine Hell Devil Ancestral Fire as my interest."

"With this Nine Hell Nether Devil Ancestral Fire, my prince's strength is going to rise again, haha!"

While he was speaking, the Giant Demon Clan member's voice became softer and softer. At the same time, the shadow in the clouds also became more and more illusionary, until it disappeared. By the time the Nine Hell Demon Area's truly strong warriors caught up, he was already gone.

The clouds began to dissipate.

The location of the Nine Serenities Demon Mountain was a complete mess.

"It's actually one of the strongest few from the eight-hundred wolf tribe, the legendary most ruthless wolf, 'Tun Yue!'" Yang Dingtian muttered.

"Chief, what exactly is that Nine Hell Devil Ancestral Fire? It's so terrifying! Who is the prince that he's talking about?" Yang Kui asked.

"As we walked, we talked. Since the Sector lord is not here, the Nine Hell Demon Area, Qin Tianzheng, is about to go crazy. Let's go first." Yang Dingtian was a little gloating, he quickly kidnapped Long Chen, and the three of them left the Nine Hell Demon Area at a terrifying speed, chatting at the same time.

"According to legend, the Nether Demon Ancestral Fire is one of the Ancestral Flames and is associated with nature, it is the fundamental fire source of this world. It possesses a mysterious power and if the Ancestral Flame is completely controlled, it would be able to burn the entire Dragon Sacrifice Continent. For example, the Nine Serenities Demon Ancestral Flame, just now, as long as all the Nine Hell Demon Ancestral Fire was collected, it would be possible for it to possess the might of the legend. Under the Ancestral Fire, even the warriors of the Nirvana Tribulation Realm would not be able to resist it. Tun Yue's luck is very good. Just now, the Nine Hell Devil Ancestral Fire was a huge flower, I estimate that it was at least a quarter of the way. "

Hearing this, Yang Kui and Yin Mei both revealed an expression of understanding.

"As for the entire Desolate Imperial Domain, the only one who can become an emperor is the number one hegemon in all of time — — Great Emperor of Desolation. Could it be that this demon that was worthy enough for Tun Yue to take action for him, known as the prince's son, was actually the son of the Great Emperor of Desolation? "Rumor has it that the Great Emperor of Desolation is an ancient demon beast. No one knows what his real body is!"

The three of them were shocked, but they did not say anything more.

However, Long Chen didn't know how to hide the excitement in his heart.

"Nine Hell Devil Ancestral Flame, Prince!"

Sun Devouring Demonic Wolf s were able to raise their strength by consuming flames. They were the most abnormal demon beasts in all of history, so Long Chen reckoned that the prince was most likely Mo Xiaolang.

"I never thought that the little wolf would be so awesome in the Desolate Imperial Domain. And while I'm in the True Martial Imperial Palace, I haven't even entered the War God Palace yet." Long Chen didn't know whether to laugh or cry. In terms of talent, the only person he admired was Mo Xiaolang. Originally, it didn't have much talent, but it had an ability to swallow fire and enhance itself.

Long Chen was feeling complicated at the moment.

Without the Nine Serenities Demon Mountain, without the Heaven and Earth Holy Tree, compared to the loss of the Nine Hell Demon Area, this Sacred Fruit of Heaven and Earth was nothing. Nine Hell

Demon Area would not hold Yang Dingtian accountable for this matter, so the nine great Patriarchs were definitely extremely busy.

The appearance of the demon wolf 'Tun Yue' could be said to have disrupted Long Chen's plans. However, he had left and returned to his previous state. Long Chen had no choice but to face this Yang Dingtian. As expected, after leaving the Nine Serenities Demon Mountain for a distance, Yang Dingtian slowed down, looked at Long Chen, and asked: "I won't pursue the matter of the Sacred Fruit of Heaven and Earth, tell me, where is Li Xuanji?"

His purpose for coming here was to kill Li Xuanji.

Long Chen said indifferently: "She has already reached her limit, the Nine Serenities Demon Mountain has collapsed, what do you think she can do?"

Yang Dingtian squinted his eyes, he was not sure if Long Chen was lying. However, looking at Long Chen's resolute expression, it seemed that he did not want to speak.

Yang Dingtian said, "To be able to live for three months under the hundred thousand evil demons is already a miracle. I will bring you back to the Yang family. Without the Heaven and Earth Holy Fruit, she will die."

As long as Long Chen was in his grasp, even if Li Xuanji lived, she would not be able to escape his grasp.

Nine Hell Demon Area could no longer return, so Yang Dingtian brought Long Chen and quickly returned to the Yang family.

This was exactly what Long Chen wanted!

"With this Sacred Fruit, Xuanji can slowly recover. It's time to go to the Yang Family and see what happened to my little sister!"

If something were to happen, then Yang Dingtian would not be able to escape from responsibility.

In the Yang family, other than the two reclusive World Kings, Yang Dingtian was the one who held the first power. Many of the decisions were made by him.

Chapter 1197 - Lunar City

Initially, Long Chen had decided that after obtaining the Holy Fruit of Heaven and Earth, he had to return to the Yang family.

However, before that, Long Chen could make use of his identity.

He believed that this would be a huge surprise to Yang Dingtian.

They flew all the way.

Yang Dingtian's face remained cold. He looked at him and suddenly asked: "Is Ling Qing alright?"

The three of them were startled, they looked at Long Chen strangely, and Yang Dingtian asked: "You even know my Yang family's Yang Lingqing?"

Long Chen sized up Yang Dingtian, the old geezer for a while, then suddenly laughed: "Of course we know each other, we grew up together."

Yang Dingtian was baffled and asked: "What do you mean?"

Long Chen very straightforwardly said: "I'm wondering what I should call you. and great-grandfather is also an great-grandfather of sorts. " Seeing the three of them reveal looks of surprise, Long Chen was very satisfied, and said: "Ling Qing's father has a little sister, which is my mother. We were born on the same day, the same month. Do the three of you understand? "

In reality, Long Chen had never admitted that he had anything to do with Yang Dingtian. The only reason he was saying it in such a tone was because he wanted to get close to Yang Lingqing.

Perhaps this was the only way he could have a free identity in the Yang family, and come and go as he pleased.

Otherwise, it was very likely that he would be sent out of Grand Moon Demon World the moment he arrived at the Yang family.

For the sake of Ling Qing, she had recklessly acknowledged an unacknowledged ancestor. This was something that she had to pay for.

"How is this possible!" Hearing this news, Yang Dingtian's expression changed greatly. He looked at Long Chen in a daze for a while, then shook his head and said: "Boy, you're joking with me."

First, Long Chen came from the True Martial Imperial Palace. Secondly, Yang Dingtian knew what was going on with Yang Lingqing. He was the one who personally threw a son into that small place back then, but he never thought that a rare Grand Moon Demon Body would appear after a few generations. To Yang Dingtian, this was simply a joke from fate.

For Long Chen to have such a position in the Imperial Palace, with two experts who were around the same level as him serving as subordinates, his own strength was very vague. But to be able to defeat two Seventh Stage of the Divine Martial Stage Heaven and Earth Appearance Mantra, and in his twenties at that, this was already enough to determine the level of a genius.

Seeing the other party's obviously unbelieving expression, Long Chen mocked: "As expected, you still won't believe it. But when you see Ling Qing, you will understand that the child you abandoned in Realm of Myriad Kingdoms was not trash, it was just that his physique was a little special. It was this special physique that made Ling Qing and me.

What Yang Dingtian did not expect was that Long Chen even knew the secret of the Yang family, but he quickly understood, that this could be what Li Xuanji had told him.

Yang Dingtian was currently in a mess.

He looked at Long Chen, his gaze unsettled.

"I know what you're wondering. I do have an extraordinary father, one that is far beyond your imagination. However, with your identity, you won't be able to spy on his existence. " Long Chen said proudly.

He was deceiving Yang Dingtian.

Long Chen believed that Yang Dingtian definitely believed that he had a top-notch backer in the True Martial Imperial Palace, so he added fuel to the fire, allowing Yang Dingtian's guess to become a fact that he believed was true.

"All the disciples of the Yang family must have the body of a demon. But you don't have any aura on you, how can I believe that?" Yang Dingtian asked suspiciously.

"So that's the reason. In our family, besides Ling Qing, no one else has what you call the Demonic Yin Body. Wasn't it because of this reason that you abandoned an abandoned child?" Long Chen asked.

Seeing that Yang Dingtian did not say anything, he said again: "Even more so, with my father's inheritance, what is your Evil Yin Body worth? All my inheritance came from my father. "

This was Long Chen's psychological strategy for playing with such an old demon. It was impossible for him to not have skill. However, with Han Yunxing and Nangong Lie, Long Chen could definitely turn the lie into reality.

Yang Dingtian and the other two looked at each other. At this moment, Yang Dingtian suddenly reached out his hand, touched Long Chen's pulse, and carefully sensed the situation. After a while, his face was filled with shock, and said: "As expected, the Inherited Physique of our Yang Family is inside.

That vigorous and powerful bloodline that came from the Ancient Desolation was the dragon's bloodline. However, Yang Dingtian didn't sense anything after the Primordial Blood Spirit Dragon's concealment, and the only thing he felt was that it was very terrifying.

Long Chen waved his hands but did not say anything.

He had sent two messages to Yang Dingtian.

One: He is Yang Lingqing's cousin.

2. His father's bloodline is very terrifying!

These two pieces of information were enough to stun Yang Dingtian.

It was already an accident that Yang Lingqing had appeared. He did not expect her to be a super character from the Imperial Palace that had fought with Yang Dingtian's younger generation ...

It was too mysterious.

However, the truth was right in front of Yang Dingtian's eyes, and he had no choice but to believe it.

"Let me ask you a few questions." Yang Dingtian took a deep breath, and asked a few questions about Yang Lingqing. Long Chen could even answer some of them easily, but he could answer all of them fluently.

"You don't need to be suspicious anymore. Why don't you go back to the Yang family and let me see Ling Qing?" Long Chen waved his hand, and said indifferently.

In front of Yang Dingtian, his attitude had always been arrogant.

This further strengthened the image of Long Chen's father in Yang Dingtian's heart.

Mentioning Yang Lingqing, Yang Dingtian had a strange expression. He waved his hand and said, "Lingqing is currently in closed door cultivation, do not disturb her for the time being."

Long Chen knew that it would be like this, he squinted his eyes and said: "I have not seen her for so many years, I really miss her. Then I will stay in the Yang family until she comes out, I can be considered half a member of the Yang family, although I am now a member of the True Martial Imperial Palace, but the patriarch won't not let me stay in the Yang family, right?"

Long Chen was hesitant by Long Chen's aggressive attitude.

He was silent for a while, and then suddenly laughed. At this moment, he held Long Chen's arm, and looked at Long Chen with a regretful look, and said: "Although I am still unable to confirm that you are Ling Qing's cousin, but no matter what, you still possess the blood of my Yang family, and may even be a direct descendant of my Yang Dingtian. The Yang family's gate is naturally open for you at any time!"

"Just the words of Patriarch is enough." Long Chen laughed indifferently.

Although he did not let Yang Dingtian go, but with his words, he at least had some status in the Yang family!

had never been afraid for Yang Lingqing.

As a result, the four of them followed Yang Dingtian and quickly headed towards the Yang family's location, it was the Mystic Demons — — Grand Moon City!

The Grand Moon City was located near to the Nine Hell Demon Area. With Yang Dingtian's speed, it took him less than ten days to reach it.

As they continued chatting, Long Chen talked about the little things he had done with Yang Lingqing when they were young, about the set-up in White Yang Town and so on. With that, after ten days, Yang Dingtian finally stopped worrying about Long Chen's identity, as the descendant of Yang Dingtian, as well as the Yang family's most talented person in the younger generation. He was Yang Lingqing's cousin!

Of course, Yang Dingtian's descendants were countless, because the age gap between the generations was too small in White Yang Town, and Yang Dingtian was separated by a whole ten generations. Yang Dingtian's direct descendants numbered over a thousand, so if Long Chen truly came to the Yang Family, his status would not be considered very high.

During this period, every time Yang Dingtian had a conversation about Yang Lingqing, he would give his a vague excuse. The more he tried to cover it up, the more suspicious Long Chen became about this matter, and at this point in time, he could already confirm that Yang Lingqing was someone that could be considered an object of the Great Way of the Soul Fusion.

Han Yunxing and Nan Gong Lie were imprisoned in the Yang Family household. Long Chen wanted to quickly reunite with them and think of what he should do.

Li Xuanji was currently in the midst of recovery, and she could use all of her power to deal with Yang Lingqing's problem. She was probably going to go against the entire Yang family's upper echelon.

In the past few days, Long Chen roughly understood the entire structure of the Yang Family from the other party.

The warriors of the Yang family were almost everywhere in the Mystic Demons. Generally, warriors who were over a thousand years old, if they did not have outstanding achievements, would be assigned to various cities in the Mystic Demons to maintain law and order, to obtain resources for their families and so on. As such, the Yang Disciple in the Moon City were either the young warriors under a thousand years old or the elites of the older generation.

Among them, the Yang family was divided into three branches.

The people here were from the other two bloodlines. Amongst them, Yang Kui and Yin Gui were the direct subordinates of Yang Dingtian. Inside the sect chamber, there were three martial artists with perfect Ninth Stage of the Divine Martial Stage. As for the other two bloodlines, they were separated into different families, with each free martial artist under the lead of a perfect Ninth Stage of the Divine Martial Stage. The two of them were named Yang Batian and Yang Motian, and were figures of the same generation as Yang Dingtian.

In other words, there were a total of five Yang Dingtian level warriors in the Yang family.

There were probably more than ten people who had just entered the Ninth Stage of the Divine Martial Stage. As for those with Eighth Stage of the Divine Martial Stage and above, they added up to around a hundred people. In the Yang family, there was also a hundred senatorial group, their strengths were all above Eighth Stage of the Divine Martial Stage.

Yang Dingtian had three votes, the patriarchs of the two major branch families, Yang Batian and Yang Motian had one vote each, and the senatorial group had two. Yang Dingtian had the most authority, but when the two great branch family Patriarchs and senatorial group both objected to his decision, then his decision was invalid.

Although it seemed like the Yang Family divided up their power, that was not the case. The words of the Yang Family's two great reclusive Realm King was the order the entire family had to follow, even Yang Dingtian was no exception.

Long Chen felt that Yang Lingqing's matter must have something to do with the two Realm King s.

"We've arrived at the Grand Moon City. Your two men have been waiting for you for a long time. Yang Dingtian said with a smile.

The matter with the Li Family had been resolved, and the conflict with the people from True Martial Imperial Palace had been completely resolved. There was even the possibility of him bringing a super genius into the family. With so many good things coming together, he was also very excited.

Chapter 1198 - The struggle for World King s

The Hidden Moon City, where the Yang family resided, was located in a gloomy mountain range in the western part of Mystic Demons. The mountain range was vast and boundless. It formed an enormous power.

Among the Yang family, only the Yang family had two branch families, which could live in the Moon City.

After the Li family was destroyed, the Yang family would be the ruler of the Mystic Demons, and the elections for the World King would be held soon. This time, there would be a Yang family disciple who would obtain this place, and the Yang family would have a higher status.

Right now, the Yang family could already be considered the commander of the entire Mystic Demons.

He followed Yang Dingtian through the skies of the City and looked down. The pavilion, the pavilion, and the fake mountain garden were all around the same size as the Sacred Martial Palace or the East Palace.

The tens of thousands of powerful warriors from the Yang family's branch families all lived in this Grand Moon City.

Usually, in order to prevent the enemy from spying on them, super powers would place the Soul Suppressing Stone in the family. As the number one family in the Mystic Demons, the Yang family also had the rank 9 Soul Suppressing Stone, of course, the effect of this Soul Suppressing Stone was not as great as that of the Nine Serenities Demon Mountain. Only in the area of the Lunar City, where one couldn't use his spiritual sense to check it, but as long as it was outside the city, everything was under the control of the Yang family.

It could be said that even if an ant crawled into the Moon City, the Yang family's powerful warriors could still find it.

Looking at this dark green city, Long Chen felt a little regretful. He had to admit that he was indeed related to this family by blood. However, he didn't feel the throbbing like when he returned, there was

only indifference. He couldn't find any sense of belonging in this place. The reason he wanted to stay in the Yang family for a while was all for Yang Lingqing!

The Hidden Moon City was incomparably huge. Yang Dingtian was still considered low-key and didn't enter from the main entrance. With his identity, any casual appearance would cause a huge commotion, and now, he had directly entered from within the city walls.

Of course, all the strong warriors in the city knew that Yang Dingtian had returned.

As long as you know what you're doing.

"The world is really unpredictable. Since you are a disciple of my Yang family, then, I will reveal your identity and let you join our family." Yang Dingtian didn't know what kind of idea it was, but as he walked, he smiled and said to Long Chen.

No matter what, the True Martial Imperial Palace was the place where Ling Xi wanted him to rise to prominence. He would not stay in the Grand Moon Demon World.

"What do you plan to do in the future, will you stay in the Yang family or go to True Martial Imperial Palace?" Yang Dingtian asked.

"I have already joined the True Martial Imperial Palace, and have come to see my sister once. After a period of time, I will return to the Imperial Palace." Long Chen said very straightforwardly.

At the same time, he thought to himself, "This old fox probably doesn't want me to stay here and work for the Yang family just because of my talent. On the contrary, I think he would be a little eager for me to leave."

didn't really understand what he was thinking in his heart.

"Our Yang family, although not as good as the True Martial Imperial Palace, but because of your status, we have received more training than them. Think about it carefully." Yang Dingtian said calmly.

From his words, it seemed like he wanted to win Long Chen over.

Long Chen nodded and did not say anymore.

After the verification on the way here, Yang Dingtian was basically able to confirm Long Chen's identity. He was indeed a member of the Yang Family, but there was still doubt and respect in Yang Dingtian's heart because, who exactly was Long Chen's father?

When he mentioned it several times, Long Chen had always covered it up, which made the identity of Long Chen's father seem even more mysterious.

"Right, there's one thing." As Yang Dingtian said this, he smiled and said: "Since you are back, and you are the direct descendant of me, Yang Dingtian, I have decided to hold a family gathering at Long Distance Palace tomorrow afternoon to introduce you to everyone. At that time, I will have someone come to fetch you.

"Family gathering, introduce yourself," Long Chen lowered his head and thought, it was definitely not such a simple matter, how could he let everyone in the Yang family know him?

Long Chen understood that if he was alone, without Han Yunxing and Nangong Lie, and without the background that he had invented for his father in the True Martial Imperial Palace, Yang Dingtian would definitely ignore him.

He did this because he was afraid.

It seems that the name of the True Martial Imperial Palace is still quite useful.

"When that time comes, Long Chen will definitely come to visit. Also, I am very good at True Martial Imperial Palace right now, so there's no need for Clan Master to worry." Long Chen said very politely.

It seemed that Yang Dingtian wanted to keep him at the Yang Family, but Long Chen was still very cautious.

After all, if Yang Lingqing fell for the Soul Fusion path, this guy would definitely know. Long Chen wholeheartedly wanted to see Yang Lingqing, and that would be a huge problem for him.

Speaking of which, Yang Dingtian had already brought Long Chen to the place where Nan Gong Lie and Han Yunxing were.

In front of him was a serene courtyard. Once he entered, he would see a garden, and behind the garden was a long corridor. Several long corridors led to the deeper parts of the courtyard. In the depths, there were many exquisite houses.

"They are here. Remember, it's noon tomorrow." After he finished speaking, Yang Dingtian left with Yang Kui and Yin Mei. Very cool.

Long Chen immediately walked into the courtyard. In the Moon Slaughter City, he was unable to even use the divine intents of Nan Gong Lie and Han Yunxing, but when Long Chen approached, the two of them discovered that the moment Long Chen stepped into the gate of the 'Wisteria', Nan Gong Lie and Han Yunxing appeared right in front of him.

"Let's talk inside." Long Chen took the lead and walked into the room inside the Wisteria. There were two experts from the Nirvana Tribulation Realm in the Moon Slaughter City, and they were the strongest experts in the Mystic Demons. Their consciousness was not affected by the Level 9 Soul Suppressing Stone, so when they met, Long Chen used his consciousness to communicate with them.

Even though his spiritual sense was suppressed, with such a close distance, it was still possible to use it to communicate a bit. It was similar to a sound transmission entering one's ears.

"Uncle Han, and Uncle Nan Gong!" Upon closer inspection, although they looked anxious, they were not injured at all. Their auras were still vigorous and mysterious, similar to Yang Dingtian's from before. At this moment, the two great Rankers looked at Long Chen with guilt expressions, but Nan Gong Lie amongst them scolded him: "Young Master, we have really shamed you this time, you didn't manage to escape successfully, and you were chased into prison. Luckily, we said something back then that you could walk away on our own. I am so ashamed. "

That was his personality., who was at the side, rolled his eyes at him, then quietly said to Long Chen: "After sending you away, we just threw those two old fellows off, but an accident happened to us, and that is that the Yang Family's two great Realm King s, the experts from the two great Nirvana Tribulation Realm s are both actually nearby. We can't block one of these abnormal beings, let alone two of them."

It was because of the two Nirvana Tribulation Realm's experts that Long Chen understood the two of them very well. Their current conversation could not be heard by others, so Long Chen spoke without restraint: "But luckily, even though she was struck by one hundred thousand evil demons, I have already obtained the Sacred Fruit of Heaven and Earth from the Nine Serenities Demon Mountain and helped her recuperate from her injuries. She will wake up soon."

Han Yunxing looked at Long Chen for a while before he said, "It seems like you can obtain the Heavenly Sacred Fruit, and at most have the strength of the Seventh Stage of the Divine Martial Stage. Little did I know that after walking for more than three months, Xiao Chen's strength had actually broken through two levels, from his celestial realm to his true strength. I remember the first time you entered celestial realm, was with my help. This speed was unprecedented, and was truly terrifying. "

Nangong Lie was also very impressed and said, "As expected of that person's son, just that it is different. Even a hero saving a beauty would be so cool. This time, he must have captured the beauty's heart, right? Of course, if this beauty wants it, then so does the beauty in Sword Soul Imperial Palace. It's normal for men to have three wives and four concubines.

Now that the joke was over, it was time to discuss what would happen next.

Long Chen frowned slightly and said: "I have already told Yang Dingtian about my relationship with him, he said that my sister is currently in closed door training, and originally, he brought me back, wanting me to leave the Grand Moon Demon World with you. But because of this relationship, I can continue to stay in the Yang family's Tai Yin City, and can only find out what happened to my sister."

"Alright." Han Yunxing had no objections.

Nan Gong Lie replied: "Yes, the matter with the little girl has been resolved. The reason we came here is to see what actually happened to your sister. There couldn't be any delay in this matter. From today onwards, the three of us will begin to plan what to do. "

Long Chen said: I took advantage of you all to trick Yang Dingtian, and let him feel that I have a deep background in the Imperial Palace, adding the two of you who are originally from the War God Palace, he will not dare to act rashly with us, but if our actions really offend their taboo and touch their core interests, they will definitely not let this matter rest, and furthermore, once we act, they will definitely want to kill all three of us, so in the Yang Family, on one hand, it will be a waste, and on the other hand, we should be even more careful and careful.

Han Yunxing said: "What Xiao Chen says makes sense, he has the status of a Yang Disciple, so he can blend into the Yang family, and ask about what happened to Ling Qing, and where did she go into closed door cultivation."

Nan Gong Lie nodded, but suddenly he thought of something, and said: "Xiao Chen said that Ling Qing was in closed door cultivation just now, but we actually know that the Yang family destroyed the Li

family and completely annihilated Li Xuanji. This is mostly because in a month or so, all of the experts above Eighth Stage of the Divine Martial Stage and above, but not even a thousand years old, will be able to participate in the competition to obtain the World King's qualifications."

Chapter 1199 - Who is Yang Chen

Han Yunxing also understood: "I think that the ace contestant of the Yang family, is definitely Yang Lingqing, when the time comes, she will definitely appear, and we will definitely know what is going on, and this month, what we need to do, is to investigate deeply, and you can do it yourself. Honestly speaking, unless we truly fall out, they will not dare to do anything to us, I and Nan Gong have never met before, a mere Yang family, they are still too young."

With these words of theirs and them backing him up, Long Chen heaved a sigh of relief.

"Yang Dingtian previously showed that he wanted to keep me in the Yang family, and tomorrow at noon, he would hold a family gathering in Long Distance Palace, and introduce me to all of the higher ups of the Yang family."

After a while, Long Chen spoke of this matter.

"Family gathering?" Han Yunxing smiled, picked up the wine in his hand and drank it all up, then laughed: "Not only will he not keep you here, I think he's even looking for a way to make you leave as soon as possible. I know what this old fox is thinking, on one hand, he is afraid of your mysterious father, so he doesn't dare to act against you easily. On the other hand, he is afraid that you will ruin their plans and make you leave as soon as possible."

Hearing Han Yunxing's words, Long Chen suddenly understood.

Yang Dingtian was worried about him, if he did not have that mysterious father of his, and without the support of Han Yunxing and Nangong Lie, perhaps Yang Dingtian would let him stay in the Yang family because of his outstanding talent, because Long Chen did not have the strength to stop them from doing anything, and could only work for the Yang family.

However, with the power behind Long Chen, Yang Dingtian had no choice but to use some tricks to drive him away.

Long Chen still had some lingering fear. If not for the fact that he had duped the other party, it would have been very troublesome for him right now. He did not believe that Yang Dingtian would spare him because of their blood relation. Back then, he was someone who could even abandon his own son.

"But there's no need to be afraid. As long as we clearly understand his goal, with Xiao Chen's unrelenting character, this small matter will not be difficult for him. Although it will definitely bring him endless troubles, it's still a piece of cake for him right?" Nangong Lie said with a smile.

Long Chen smiled in his heart.

Yang Lingqing was definitely in danger, and since the opponent was so strong, Long Chen was not at ease at all. He hoped that this time, he would be able to be like the Nine Serenities Demon Mountain, and achieve victory at the Great Perfection Stage.

But the problem was that this time, the opponent was much stronger.

For now, it all depended on luck.

"Tomorrow afternoon, I want to see what surprises they can give me." smiled as he finished speaking, and then, put all these matters at the back of his mind. He wanted to consult the two great experts on cultivation first, mainly because he had just arrived at the The Extreme Level of Martial Arts and still needed to consolidate.

The power of the Nine Dragons Scripture was too strong. The second layer of the Nine Dragons Scripture alone was close to the might of an eighth-grade divine technique. The third layer of the Nine Dragons Scripture was definitely an eighth-grade divine technique!

Long Chen had now successfully cultivated the Sky Profound Jade Fire Dragon and the Ice Armored Canghai Dragon, as well as the third dragon.

When the three elements of fire and water clashed, it would definitely produce an even more terrifying spark.

It was a divine dragon that lived above the ninth heaven. With the wind and clouds as its companion, it was the Lord of the Wind, able to call the wind and summon the rain. Its speed was even comparable to that of the Golden Thunder Prison Dragon.

After successfully cultivating the third stage of the Nine Dragons Scripture, there would be three divine dragons that would be condensed with the power of the Scarlet Blood Sky Desolate Domain. At that time, Long Chen would be able to defeat experts who had just entered the Seventh Stage of the Divine Martial Stage and condensed their Heaven and Earth Appearance Mantra.

As for someone with a perfect Heaven and Earth Appearance Mantra and able to condense even the Heaven Appearance Mantra, Long Chen was probably not his match.

In the The Extreme Level of Martial Arts, to be able to do such a thing, it was already not an easy feat for Long Chen.

With the help of Han Yunxing and Nan Gong Lie, Long Chen's cultivation had advanced by leaps and bounds. His current comprehension ability, under the transformation of the Ancestral Dragon's blood, was already at the level of an exceptional genius, so all he had to do was to glance through all the divine skills and secret manuals and he would roughly know what he was talking about.

To Long Chen, the Nine Dragon Scripture was the highest level of power. It was his ace in the hole.

As his level rose, the God Slaughtering Sword Formation he had obtained from the God Slaughtering Inheritance was no longer of much use.

The second day came very soon, about half an hour before noon, a young man from the Yang family walked into the Wisteria. This young man was very handsome, almost like everyone in the Yang family, he also had a feminine air about him, his body was thin, but no one would underestimate him because of this. Just from his pair of deep black eyes, it could be seen that this youth was definitely an expert.

Who is Yang Chen? In the Yang Family, this youth was probably used to being arrogant, but at this moment he walked in unrestrainedly, of course he could see Long Chen standing in the middle of the three. He unrestrainedly sized up for a while, then raised his head, and spoke with slight contempt: "You are Yang Chen? Clan Master, you can go to Long Distance Palace and follow me there. "

However, he didn't know what kind of problem the Patriarch was in today, for him to actually ask the Patriarch to bring a fellow called Yang Chen to the Long Distance Palace who was holding a family gathering at Wisteria, and have him, a dignified young genius, lead the way for a guy who came out of nowhere. Especially when he saw Long Chen, who only had Fourth Stage of the Divine Martial Realm, Yang Zhong was furious in his heart.

After saying that, he walked straight ahead, swaggering.

The disciples of the big families were naturally proud, especially when the Yang family had recently dominated the Mystic Demons. As the Yang Disciple, every one of them were incomparably proud, and the most outstanding disciple among them was even more proud. For example, this Yang Zhong, he himself was known as the number one genius within the hundred years of age of the entire Mystic Demons, and had the highest position among the Yang Family's young generation, so his domineering aura was not concealed at all.

"Yang Dingtian allowed such an arrogant guy to lead the way, and even wanted me to call me Yang Chen. This is indeed not as Uncle Han had expected, but unfortunately, I already know about your little tricks."

Yang Zhong was overbearing, and Yang Dingtian was the one who grabbed onto this characteristic of his, causing him to come over. But in Long Chen's eyes, Yang Zhong was just a fool.

Of course, this guy's power was indeed very good. He was actually part of the Yang Family's devil body, except for his second best physique under the Grand Moon Demon Body, the Dark Yin Demon Body.

The current Patriarch Yang Dingtian also had the Profound Yin Demonic Body.

If placed in the Nine Hell Demon Area, this Yang Zhong would be the kind of person who would be praised and worshipped by people like Qin Shi and Su Zhe.

The Earth Appearance Mantra was formed.

After walking a few steps, Yang Zhong turned his head around coldly. He looked at the two experts on both sides of Long Chen and said.

Actually, he was a little doubtful. These two fellows seemed to be a little strong, but he was unable to determine their cultivation realm.

According to his estimations, perhaps his Heaven and Earth Appearance Mantra was complete, such a warrior, even if he had strength, was not a member of the Yang Family, and in terms of status, Yang Zhong did not put him in his eyes.

What he didn't expect was that these two were people with perfect Ninth Stage of the Divine Martial Stage, figures comparable to the Patriarch. If he knew, he wouldn't be so arrogant.

"Scram back, the Patriarch did not invite you, you guys ran over, wouldn't that be creating trouble for me, Yang Zhong?" Standing there, Yang Zhong pointed at the two people and said.

"Withdraw your finger." Nangong Lie was like a ruthless lion and his eyes revealed a fierce look.

"You ..." Yang Zhong didn't expect this guy to dare talk to him like this. He was just about to scold angrily when he realized that a fierce wind had grabbed him in the hand. Under his thick fingers, his neck seemed to be about to break at any moment, and Yang Zhong didn't have any strength to resist.

"Let me go, let me go!" Yang Zhong screamed at the top of his lungs, scolding Nan Gong Lie. He was extremely shocked, he knew that he had underestimated the strength of the two big men.

He teased Yang Zhong who was struggling on his body, causing fear to arise in Yang Zhong's heart. When he coincidentally saw Long Chen, he shouted angrily, "Yang Chen, since your surname is Yang, you should be in the Yang Disciple in this Moon City, but you actually instigated outsiders to deal with me. You will be punished cruelly by Law Enforcement Hall, hurry up and tell your people to let go!"

This kind of person only had great strength and talent, but was weak in appearance, strong in heart, and weak in heart. Compared to people like Qin Shi and Su Zhe, he was much weaker in character. Long Chen remembered that type of Su Zhe, very calm and honest, he would not be as overbearing as this Yang Zhong, but completely stupid.

Long Chen was getting impatient, he stared at the struggling man in front of him, and spoke word by word: "Sorry, you called me the wrong person, I am not a member of the Yang Family, my name is Long Chen, remember this well, and you are just a guide, just do your job well, don't think that this is the Yang Family, you can do nothing in front of me, Long Chen."

After saying that, Long Chen gave a meaningful glance at Nan Gong Lie, who gave a bored smile and threw Yang Zhong away, falling flat on his face.

"You! "You!" He wanted to go crazy, but thinking about the strength of Nan Gong Lie just now, this group of people were obviously not as simple as he had imagined. The Patriarch asking him to lead the way, could it be because of this? Not Yang Chen? "Hehe, as long as you are still in the Yang family's Tai Yin City, don't give me the chance!"

Long Chen laughed: "Opportunity will appear soon."

Chapter 1200 - Family Gathering

Yang Zhong was startled, he did not know what Long Chen meant by that.

"Let's wait and see." Yang Zhong resolutely turned around and strided forward like a general who had won. Long Chen and the other two laughed helplessly and followed behind.

"If the Yang family is nurturing this kind of scum, Xiao Chen's strength and willpower are more than enough to suppress these so-called geniuses." Nangong Lie smiled proudly.

He came here step by step, and this Yang Zhong, on the other hand, grew up to be above tens of thousands of people. It's fine to bully the weak, but when compared to Xiao Chen, it's nothing at all. Han Yunxing said indifferently.

The two of them had very high opinions of Long Chen.

When they were under house arrest, the thing they were most worried about was Long Chen. Originally, they wanted to rush out with all their might, but after thinking about it, since Long Chen was certain that he could solve this problem, they decided not to take the risk.

Sure enough, Long Chen completed it perfectly.

and, in fact, even within three months, increased his strength from the initial celestial realm to the The Extreme Level of Martial Arts, and charged straight for the second stage. This kind of speed, was not something that could be created by the True Martial Emperor's Soul alone.

In actuality, Long Chen had purely relied on his own domain to reach the The Extreme Level of Martial Arts.

At that time, under the suppression of the will of the world, he had the will of the dragon to resist.

Tens of thousands of people were there, following Yang Zhong's angry footsteps, they travelled through countless long corridors and pavilions, the surrounding buildings became more and more grand, obviously arriving at the place where the upper class resided. At this moment, there were a lot of people heading towards the large hall in the middle — — Long Distance Palace.

The Long Distance Palace was the Yang Family's gathering place. He did not know why, but today Yang Dingtian had made it so big, other than the Rankers in charge of the different cities, almost all of the Yang Family's Rankers had come. A hundred senatorial group s, over fifty people came, and most of them were above Eighth Stage of the Divine Martial Stage. Then, close to five hundred outstanding disciples, all of them were over a thousand years old, without any outstanding achievements in their martial arts. If there was no need for them to stay in the clan for further studies, they would be sent out to become envoys of a territory.

Other than that, the three major figures of the Yang Family, the Patriarchs of two branch families, Yang Dingtian, as well as Yang Batian and were all present.

Before everyone had arrived, some servants had already prepared drinks and seats for the guests and sat down. Eminent disciples, senatorial group s, and some of the higher ups of the Law Enforcement Hall all had their own seats. At this time, the Long Distance Palace was packed with people, and it was very lively.

Outside of the Long Distance Palace, Yang Zhong angrily glared at Long Chen and the others, and said: "It's right here. I'll tell you guys, there's only one seat prepared for you guys!"

With that, he rushed into the Long Distance Palace.

Yang Zhong was very famous amongst the young disciples, after entering, it caused a lot of noise, and Long Chen and the other two entered the stage with a low profile, with the Yang family members standing in front of them, but not many people noticed them, after all, this was a place where fish and dragons mixed together.

Amongst the crowd, Long Chen saw Yang Dingtian's location with a single glance.

Yang Dingtian was sitting at the highest seat casually. After seeing Long Chen, he gave him a small glance and followed his gaze. Long Chen sat down quietly in an inconspicuous corner, which was where the five hundred elite Yang Family disciples sat. Since that was the case, they might as well just stand and increase Long Chen's momentum.

Sure enough, seeing that two Rankers who could compare to himself were obediently standing behind Long Chen, without any complaints, Yang Dingtian was deceived once again. In his heart, he had already confirmed Long Chen's identity, and was extremely respectful.

A bastard who had been thrown far away was actually able to produce such a descendant, which made Yang Dingtian exclaim in surprise.

Every seat was already filled with exquisite dishes, all of which were made from expensive ingredients that had gone through dozens of complicated steps. While keeping them delicious, they also needed to improve their physique at the same time, allowing one to feel refreshed and feel refreshed at the same time.

The Yang family was the number one family in Mystic Demons, so their background should be like that.

At this time, all the upper echelons of the Yang family, or even the genius disciples that could be said to be present, had arrived. Everyone had their own seats, and Long Chen's position was additional, so many disciples felt that there was an additional person at the side, he looked extremely strange, and they all looked at him with astonished gazes.

"Who is this kid? How come I've never seen him before?"

"I don't know. Looking at his strength, he's just at the Fourth Stage of the Divine Martial Realm, so he's not strong at all. For him to have the qualifications to be here, unless he's under twenty years of age."

"He is indeed young, at most he's in his twenties."

No one understood who Long Chen was.

In the middle of the group of young disciples surrounded, the one person was Yang Zhong. Facing everyone's questions, he curled his lips and said: "This guy said that he is not a member of the Yang Family, but he sat on the seat of the Yang Disciple, he is extremely arrogant. Look at him, he doesn't even put us in his eyes at all."

"He actually doesn't place big brother Yang Zhong in his eyes?"

Everyone was very surprised.

Moreover, beside Long Chen, there were two other people standing there.

While everyone was talking about himself, Long Chen's gaze swept across the two Rankers beside Yang Dingtian. Adding Yang Dingtian, they were the three people with the highest status other than the Yang Family's Nirvana Tribulation Realm Rankers. Yang Dingtian was in the middle, on the left side was a tall and sturdy man with a body comparable to Nan Gong Lie, his muscles were stretched out all over his body like a giant bear, and unlike Nan Gong Lie's passion and energy, his skin was black, and his body emitted a terrifying cold aura. His upper and lower lips seemed to be poisoned, it was completely black.

This was one of the patriarchs of the Yang Family, Yang Batian.

The other one was seated on the right side of Yang Dingtian, with bright red lips and a slim figure, looking similar to Han Yunxing. However, he was not as sloppy as Han Yunxing, so he should be the other Clan Master of the branch family, Yang Motian. Just by looking at his appearance, one could see that he was a bewitching beautiful man. Compared to Yang Batian's unbridled and huge aura, he was much more bewitching.

As for the other Rankers, they were basically all in senatorial group.

From Eighth Stage of the Divine Martial Stage s to Ninth Stage of the Divine Martial Stage.

With so many Rankers gathered, the Qi that the Rankers were casually releasing, was already giving Long Chen a lot of pressure.

This so-called gathering was actually a banquet.

When everyone was there, Yang Dingtian did not say much and directly called for the banquet to begin. All the experts toasted the patriarch one after another, and even sang and danced to the patriarch.

However, during the course of the banquet, basically all of the hundreds of people present had noticed Long Chen's existence, because of the strength of Han Yunxing and Nan Gong Lie, there would always be unfriendly glares at them. As for Long Chen, who was protected by the two great Rankers, most of the people present had looks of doubt on their faces.

Who exactly was this youth?

This atmosphere seemed cheerful and natural, but in reality, it was full of depression.

Very quickly, after three rounds, Yang Dingtian put down his wine cup. Looking around with his imposing gaze, everyone put down their wine cups and quietened down. The beautiful young girls who were performing and dancing also left one after another.

Long Chen knew that serious things were about to happen.

As expected, after Yang Dingtian scanned the place with his dignified eyes, he suddenly stopped on Long Chen's body. Contrary to everyone's expectations, he suddenly laughed loudly and said: "Today, we must introduce a new member of the Yang family, he is Yang Chen! Stand up and greet the elders. "

Needless to say more, everyone knew who Yang Chen was.

Although he was not happy with Yang Dingtian calling him Yang Chen, but he had to give him face. Thus, he stood up and bowed to the various elders from the senatorial group, and said: "Junior Long Chen greets the various elders!"

With just one sentence, he had pushed back Yang Dingtian who was with Yang Dingtian.

The Yang family was the number one family in Mystic Demons, many people squeezed their brains and wanted to run over to the Yang family. They had the surname Yang, but Long Chen, when the Patriarch said his surname was Yang, he said that his surname was Long.

Who was he?

Yang Dingtian was truly worthy of being called an old cunning fox. As if he had not heard Long Chen's words, he smiled and invited Long Chen to sit down, then introduced him to the rest of the people: "Yang Chen, the number one genius of our Yang family, Yang Lingqing's cousin. They were born on the same day with Ling Qing.

Yang Dingtian had faked Yang Lingqing's identity, hiding the fact that he had abandoned his own son.

It turned out to be Yang Lingqing's cousin. Everyone was immediately flabbergasted as they looked at Long Chen. In the Yang family, there was basically no one who didn't know about Yang Lingqing. After all, this was the only Grand Moon Demon Body of the Yang family.

Although Long Chen's cultivation was lower than Yang Lingqing's, but with this identity, no one would view him as an enemy anymore. After all, amongst the disciples, Yang Lingqing was someone they all respected, and even Yang Zhong was no exception. In their eyes, Yang Lingqing was simply a goddess, and they never expected that the brat who they wished to kill just now was actually their goddess' older cousin.

In the hearts of the elders, Long Chen's identity was equally shocking. However, they could see that Long Chen did not have the slightest bit of Yang family constitution left in him.

While the crowd was discussing, Yang Dingtian changed the topic of the conversation and said: "Although Yang Chen is of my Yang family's bloodline and is considered a member of my Yang family, he is also a member of the True Martial Imperial Palace. Obviously, our Yang family is not worse than the True Martial Imperial Palace, so this time, he plans to return to our Yang family. In the future, we will all be one family, the Yang family's children should be one, and they will love each other. Everyone here is older than him, so we need to teach him more in the future, understand? "
