

War God 12

Chapter 12

Long Chen knew that the demonic beasts in the nine realms of the Dragon Bloodline were divided into nine ranks. These five Fiend Earthly Hounds were all at the fourth rank of the yellow rank. In other words, each one of them was probably stronger than Long Chen. As for the Moon-Devouring Fiend Wolf, according to Lingxi, it was a super existence that completely surpassed these ninth rank demonic beasts! Long Chen coldly watched as the five Fiend Hounds cheered for the spirit herb that trespassed into his territory. "These five Fiend Hounds are all at a higher level than me, but I have Astral Battle Physique. I can attack when they least expect it, so I still have a chance. But these Fiend Hounds will definitely chase after me. If they cause a huge commotion, I won't even have a corpse left in this desolate beast region. ""But if I don't give it my all, how will I have the qualifications to face them during the clan meeting?""Fine, dying is better than living like a coward." Long Chen's eyes turned cold and he was about to get up when Lingxi quickly stopped him. Lingxi whispered, "Idiot, do you want to die? There are so many spirit herbs here. If you waste your life, you'll have nothing left." Lingxi spoke urgently. Long Chen could hear deep concern in her voice. This startled him. Thinking back, there really weren't many people who would treat him so sincerely in the past. The two had only known each other for such a short time, so Lingxi had indeed moved him. "Xiao Xi, you're a good person. Don't worry, I won't do anything reckless. I still have to protect you. ""Tch, I've always been a good person." It was obvious that this was the first time the little girl had been praised like this. Although her words weren't pleasant, her voice carried a hint of shyness. The Fiend Hound was right in front of him, so Long Chen didn't dare to say anything. Seeing that the Fiend Hound was about to take the ginseng back, Lingxi suddenly whispered, "There are other demonic beasts coming ..." Long Chen was taken aback. Then, he saw the five-headed hellhound's hair stand on end, its eyes glinting with a ferocious light as it howled in the direction of the valley entrance. At this time, a tall figure gradually walked out from the darkness. First, a bright light shot over. Long Chen squinted his eyes. Under the faint starlight, the full appearance of this demonic beast was revealed. It was a wolf-shaped demonic beast. Its body wasn't as big as the Moon Devouring Demonic Wolf, but it was extremely robust. It had silver-white long hair, and at this moment, its fur was actually emitting flowing starlight. Long Chen could even feel that the starlight in the sky was being absorbed into the fur of this demonic beast.

"This is ... a Yellow Rank Level 5 Star Demon Wolf ... It usually absorbs the energy of the stars to cultivate, and its body is extremely strong ..." Lingxi's voice entered Long Chen's ears. It was actually a fifth-grade yellow-rank demonic beast, Long Chen would be even more difficult to deal with. Therefore, he did not even dare to breathe loudly. The Star Demon Wolf walked into the valley and let out a low growl towards the five-headed hellhound. As if it was provoked, the Star Demon Wolf had already pounced towards the hellhound. Long Chen and Ye Lingxi didn't dare to make a sound, and quickly watched. As he expected, the Star Demon Wolf was also an expert in body refinement. With a single claw and pounce, the mountain rocks were all shattered. The hellhound wasn't weak either, and they pounced towards him like a swarm of bees, letting out howls and baring their fangs. It was extremely terrifying. "This hellhound's claw technique ... it actually has a hint of a martial arts technique. When it attacks and retreats, it's actually not weaker than a basic combat technique. And this Star Demon Wolf is even stronger ..." Very quickly, the Star Demon Wolf's strength completely suppressed the hellhounds. Although the hellhounds were extremely terrifying, under the sharp claws and fangs of the Star Demon

Wolf, they were either killed or heavily injured. In less than fifteen minutes, all five of the hellhounds had fallen to the ground. The Star Demon Wolf used its nose to sniff the trembling mountain demon ginseng, and immediately let out a low growl of excitement. The starlight in the sky surged, and only then did the Star Demon Wolf leave in satisfaction. "This demonic beast took away the mountain demon ginseng. Hurry, we have to catch up to it." Lingxi, that coward, actually took the initiative to ask him to follow. Long Chen believed in Lingxi's background, so he also believed in her judgment. But before that, he immediately rushed over to the five hellhounds and took out their beast cores. "This thing can be exchanged for many treasures." "You greedy ghost, hurry up and chase it. But you can't let it discover you, or you'll die." Compared to Long Chen, Lingxi was even more anxious. The Star Demon Wolf's speed wasn't fast. After Long Chen took out the beast cores, he quickly caught up to it, but he only dared to watch it from afar. "Little Xi, why are you so anxious for me to catch up to it? The mountain demon ginseng has already been taken away, and we didn't get anything. "

Lingxi said anxiously, "It did take away the mountain demon ginseng, but most demonic beasts only use the spirit herbs they find as food. They don't know how to refine them, so eating them is a waste. This Star Demon Wolf is probably the king of this area, so I'm guessing there should be some spirit herbs stored in its cave. Demonic beasts usually like to hide things they can eat, and the more they have, the more satisfied they will be. If we follow it and find its cave, it won't be wrong." Lingxi said a lot, and only then did Long Chen understand. He thought to himself, "If it's as Lingxi said, it won't be a waste of time if I follow it and find something." Before the hour was up, the Astral Demonic Wolf stopped in front of a cave and quickly entered. On the other hand, Long Chen was observing from behind a boulder outside the cave. "Little Xi, what should we do now?" Lingxi said anxiously, "Just wait for now. I have a plan." This fellow is acting mysteriously. Long Chen could not be bothered with her and focused on the cave. After a while, the Star Demon Wolf actually came out of the cave. It raised its head and looked around. Long Chen quickly withdrew his aura and breathing, not daring to move. However, he became much more nervous. After observing the cave for a while, the Star Demon Wolf howled and got down on all fours, disappearing from Long Chen's sight in the blink of an eye. Lingxi said happily, "It is as I expected. Scoundrel, quickly go into his cave. There must be something good in there." Long Chen knew this even without her saying it. The Star Demon Wolf had only gone in for a short while. If it had consumed the mountain demon ginseng, it would not have come out so quickly. Long Chen suddenly rushed into the cave. The cave was dark and deep, and a strong smell of wolves assailed his nostrils. "It is indeed the Star Demon Wolf's cave." Soon, the surroundings lit up, and Long Chen rushed into the large hemispherical space. This was the true home of the Astral Demonic Wolf. Although there was some smell of demonic beast feces, the rich fragrance of spirit herbs filled the entire cave. "Mountain demon ginseng ... there are actually two ... Long Chen, your luck is too good. There's no time to lose. Quickly collect these things." As soon as Ling Xi finished speaking, Long Chen made his move. The two stalks of Mountain Demon Ginseng were quickly collected by him. Suddenly, he had a bad premonition. "Ah, I forgot. Because the ginseng wanted to run around, that fellow used a method to imprison them. Now that you have taken the ginseng, it probably knows."

Long Chen's face immediately turned red as he cursed, "F * ck you. Why didn't you say so earlier? I'm going to die because of you!" There was no time to lose. He had already taken the things and rushed out frantically. Because Lingxi had done something wrong, she did not dare to say a word. She followed Long Chen dejectedly. He could vaguely hear an angry wolf howl resounding in the night sky not far from the

cave. Long Chen's heart turned cold as he rushed out of the cave. "Over there." Lingxi pointed in a direction. Long Chen hurriedly fled in that direction. He could feel the heavy breathing behind him getting closer and closer. "If I die this time, I will definitely drag you out from this lousy sword and trample on you!" "Wu ... I ... I really did not do it on purpose. I just did not remember ... wu wu ..."
