

War God 1251

Chapter 1251 - Nine Star Chaos City

Just as Long Chen was about to answer, two pieces of information suddenly appeared out of thin air, causing him to become excited. Long Chen knew that this was definitely related to the Great Void Cosmic Dragon.

The first message was very long, but it made Long Chen even more excited, because it was actually a battle skill. Or rather, it could be said to be a sacred art. The Great Void Dragon Symbol bestowed this super divine ability, Time Reversal, upon Long Chen. When he possessed the claws of the Great Void Cosmic Dragon, the information of another type of divine ability flowed into Long Chen's mind.

"This is the Euphorbid Finger."

Euphorbid Finger was the battle skill that Long Chen had suddenly comprehended. He was not sure if this battle skill came from a Great Void Cosmic Dragon, because it was designed for humans, but he was sure that it had something to do with Great Void Cosmic Dragon.

Yu was time. The Extreme Cosmos was the pinnacle of time. The extreme speed, the extreme slowness!

Although it was just a quick glance, Long Chen was still shocked. This Euphorbid Finger did not have any tier battle skills, as long as the warrior that was used was stronger, the Euphorbid Finger would be stronger. What was even more terrifying was that this Euphorbid Finger had the godly effect of changing the flow of time!

Once the Euphorbid Finger appeared, whether it was fast or slow, basically no one could stop it!

At a glance, there were three stages which could change the flow of time by twofold, fivefold, and tenfold, respectively. This meant that if Long Chen cultivated to the third stage, not only would his power be terrifying, his attack speed would also increase tenfold in an instant.

Of course, this was just Long Chen taking a rough look. The mysteries of the Euphorbid Finger s, when studied from the tens of thousands of words, Long Chen felt a wave of dizziness. This was the first time he had seen a battle skill, and he felt that it was extremely difficult. In the past, when he practiced a battle skill, even the Nine Dragons Scripture had always been a piece of cake for him.

"Euphorbid Finger!"

That was the first message.

"What's wrong?" asked the kitten.

Long Chen then told him about the Euphorbid Finger. After hearing this news, Little Cat's mouth opened wide as he looked at Long Chen in disbelief. After a while, she scolded: "How is it possible for you, a battle skill, to actually have the power of the Great Void Cosmic Dragon's Time Rules! It must have been created by someone using the claws of the Great Void Cosmic Dragon, creating this battle skill. Combined with the claws, it is able to achieve the super divine effect of controlling time.

Long Chen trembled.

It was as if someone had left something here and was waiting for his descendants to arrive. The person who obtained the Great Void Cosmic Dragon's claws first. Who was it?

A descendant, in order to be able to discover the claws of the Great Void Cosmic Dragon, had to have a prerequisite, and that was that person possessing the Great Void Dragon Symbol.

All of this

Long Chen's eyes moistened once again. He seemed to have seen someone accompanying him for all this time. It didn't matter if it was him or not, Long Chen was still so excited that he couldn't speak.

"Is father really you?"

If it wasn't, then who was it who left the Great Void Cosmic Dragon's claws and claws here. He was waiting for his descendants to come and take it away.

The kitten was still chattering away in the Great Void Realm. He was dissatisfied with someone actually using Great Void Cosmic Dragon's claws to create a battle skill, as if it was profane of his faith. That's right, even though the Great Void Cosmic Dragon was his opponent, they were also his faith. Cat's heart was filled with infinite depression. He would never understand why the Primordial Divine Dragons who

were rampaging through the Dragon Sacrifice Continent disappeared. Those Ancestral Dragons, Primordial Blood Dragons, Great Void Cosmic Dragon, etc. who controlled the laws ... Why did they disappear forever?!

In fact, the Archaic Blood Spirit Dragon even truly left behind an inherited blood essence, creating the youth beside him.

If he didn't die, where would the inheritance come from?

The two of them stayed silent for a while, before Long Chen finally regained his senses, although his eyes were still red. He took in a deep breath of cold air.

At the pinnacle of time, it was clear that if he really practiced this Euphorbid Finger, then this battle skill's might would surpass the Nine Dragons Scripture that he relied on right now.

With the combination of the Euphorbid Finger and the Nine Dragons Scripture, a finger and a spear would be invincible.

Long Chen's attention was focused on another piece of information. Other than the Euphorbid Finger, there was another piece of information in his mind. This information was not as large as the Euphorbid Finger, but it only contained a few words, and that was — Nine Star Primal Chaos City!

"9 star primal chaos city, isn't this the first time?" Long Chen had heard of this place before, why would the name of this place suddenly appear in his mind?

"9 star primal chaos city?" Isn't that a chaotic island among the fragmentary domain? There are no rules and no overlords. Killing and trading is rampant, and this place is the most chaotic place in the Three Regions Nine Realms, but it is also the most lively, and the place that people yearn for the most. " The kitten said casually.

Long Chen roughly remembered that there was a place like the Nine Star Primal Chaos City, which did not belong to any of the powers in the Three Regions Nine Realms. It was a fertile land, and the people of the Three Regions Nine Realms were all fighting for hegemony here. This was basically a small battlefield in Three Regions Nine Realms.

"Why are you talking about this 9 star primal chaos city?" Cat asked casually.

"It's news that he appeared together with the Euphorbid Finger." Long Chen said with a calm voice.

The kitten was startled for a moment, and then jumped up and down excitedly. Long Chen saw that his expression was strange, and asked: "What do you mean by that?"

Cat was extremely excited. "Are you stupid? The 9 star primal chaos city is a place to be. This is obviously telling you, there's something inside the 9 star primal chaos city. Could it be the blood essence of that Great Void Cosmic Dragon?"

Long Chen felt as if his whole body had exploded. Two messages appeared in the Great Void Cosmic Dragon's claws as he spoke. One was the Euphorbid Finger and the other was the Nine Star Primal Chaos City. They were obviously guiding Long Chen towards the Nine Star Primal Chaos City.

"Legacy Blood Essence of the Great Void Cosmic Dragon!"

Long Chen knew, just how valuable was this thing? It was likely that everyone in the world who knew about this thing would lose a lot of money because of it. If such a peerless treasure really appeared, it would simply be a huge upheaval which would engulf the entire Three Regions Nine Realms. If the words "Great Void Cosmic Dragon's Inherited Blood Essence" was spread out, then it would be even more terrifying. The Three Regions Nine Realms would probably fall into an unparalleled battle.

Long Chen was stunned for a while, he was excited too. Logically speaking, a person could only accept one kind of ancestral dragon-inherited blood at most. But there was an even more important thing on Long Chen's body, and that was the Mysterious Dragon Jade.

"If the Great Void Cosmic Dragon's inherited blood essence were to meet the Mysterious Dragon Jade, what would happen?"

"No matter what, if this sort of thing really exists, then I absolutely can't let anyone take it away."

"That 9 star primal chaos city, I have to go there once."

Nine stars primal chaos city, that was such a huge and chaotic place, how would he know where the thing he wanted was?

"Are you stupid? With the claws of the Great Void Cosmic Dragon guiding you and this god, everything is fine. We're leaving now? " The kitten could no longer bear it.

If it was any kind of Ancestral Dragon, he probably wouldn't be so excited.

"No, I won't go for now." Long Chen thought about it and decided to delay this matter a little. He said, "It's obvious that this item has existed for countless years. If you go earlier or later, you won't let anyone else take it first. I will deal with the Emperor Star here first, at least I will be able to enter the War God Palace. "After settling down, we'll head to 9 star primal chaos city."

At the same time, Long Chen also wanted to have more strength and take another risk there. After all, he had heard that there were different kinds of warriors in the 9 star primal chaos city. There were even many that were causing trouble here, and with his current strength, he would not be able to go for the time being.

Even if he went, he would probably have to trouble Han Yunxing and Nan Gong Lie again. Long Chen wasn't willing to be under their protection forever.

Otherwise, there would be no room for him to grow.

Although the kitten wanted to go earlier, it couldn't change Long Chen's mind and could only give up. He said: "That's fine too, you can learn the Euphorbid Finger after you cross the third tribulation. He had more chances of survival if he went there. If that thing was taken by someone else at the most crucial time. You may regret it for the rest of your life. "

Long Chen also understood that as long as he could get through three small tribulations and learn this heaven defying Euphorbid Finger, his strength would definitely undergo a huge transformation.

In addition to that, the Nine Dragons Scripture had also improved tremendously.

At least, he would be able to reach the sixth level.

After thinking for a while, it was very quiet. After obtaining the Euphorbid Finger, Long Chen was no longer interested in other battle skills, he spent three days to get a basic understanding of the Euphorbid Finger and started cultivating at the same time.

Every time he used it against the flow of time, Long Chen could roughly feel that this sort of feeling was beneficial to his cultivation of the Euphorbid Finger. At least, Long Chen felt that in these three days time, he had a general grasp of the Euphorbid Finger's body, and knew what was going on.

As for how he was going to train and use it, that would depend on how hard he would work in the future.

"In this period of time, I have fought hundreds of battles, and have gained much insight, why hasn't Little San tribulation come, at least we have wind tribulation, right?" Long Chen was suspicious for a bit, but he did not put it to heart. Since Little Three did not come, then he might as well use Euphorbid Finger s to increase his own strength.

Three days passed in the blink of an eye. Long Chen put down her Euphorbid Finger. The Euphorbid Finger could not be considered as a combat skill that Long Chen used the Merit Points to exchange for, hence he casually took out a 'Great Chaos Thunder Fist' book.

"Great Chaos Thunder Fist?" When Long Chen walked out of the Full Moon Pavilion, the few elders checked the secret scripture in his hands, their expressions normal. He had thought that Long Chen would be able to find some decent techniques, but of course the Great Chaos Thunder Fist was also not bad. It could be considered a fierce route, but there were a lot of people training in it.

Returning the order badge to the Law Enforcement Elder at the door, Long Chen couldn't wait and wanted to go back to cultivate his Euphorbid Finger.

Chapter 1252 - The Law of the Soul

After exiting the Full Moon Pavilion's gate, Long Chen had only taken a few steps when he saw someone rushing towards him with quick steps. Long Chen immediately recognized the person at first glance; Previously, when Long Chen went into the Full Moon Pavilion, he seemed to have met him here as well.

"Qin Feng, you ..." Long Chen was in a very good mood. He was about to greet him when he suddenly saw his bloodshot eyes. From his ashen face, it could be seen that this fellow had been through a tragic experience. Otherwise, he wouldn't have done this.

"What's wrong?" Long Chen hurriedly walked forward, his expression becoming solemn as he faintly had a lot of premonitions. Although Long Chen had become the Demonic Dragon Hall Master, and because of the rules and regulations, the two weren't as noisy as before, the relationship between the two of them still existed in Long Chen's heart. He was a righteous person, and Li Xuanji had once said that he was an emotional animal.

Qin Feng seemed to be unable to control his impulsiveness, he tried his best to suppress it and restrain himself from going crazy. He shouted at Long Chen with his hoarse voice: "Palace Chief, Jiang Cha is dead."

Long Chen's face changed drastically, a burst of killing intent instantly erupted from his body, shocking the surrounding crowd, they all looked at Long Chen in fear and recognized him as Demonic Dragon Hall Master, they just did not know what anger he had gotten out of him, it was so scary.

Long Chen really did not expect that such a thing would actually happen in the three days that he had been gone.

Jiang Cha who looked like the little sister next door was actually dead.

This news was like a haze that shrouded Long Chen's head, especially when he thought about how Qin Feng seemed to be on good terms with Jiang Cha, it did not last long.

This was not a place to get angry or make noise. Long Chen clenched his teeth and said: "Come with me first."

Qin Feng knew his limits, so he followed Long Chen and left the Full Moon Pavilion's plaza. As it was the place where fish and dragons mixed together, a little bit of information would be spread out. In this vast Emperor Star, the two of them found themselves in a remote place. At this moment, Qin Feng could no longer hold back his tears.

"What exactly is going on? Isn't he still alive and well? How could he die?" Long Chen could no longer hold it in, and asked with an ugly expression.

Although she hadn't been with Jiang Cha for long, she could still be considered a senior sister of hers. She was a kind and good girl, why did she suddenly disappear?

When he thought about how that kind of girl had died, the hatred in Long Chen's heart burned fiercely, especially Qin Feng's collapsing look, Long Chen understood him well. A man's greatest weakness was the woman who could not protect him, and if Long Chen was not able to protect Ling Xi, then he would probably be in even more pain and helplessness than Qin Feng.

"She is not dead yet. "But it's more or less like death, don't even think about waking up for the rest of your life." Qin Feng's words were heartbreaking.

"He's not dead?" That means there's a chance to save her. Let's go back to the Evil Dragon Palace first, she's in the Jiangxin Pavilion, right? "I'll go take a look. We'll talk as we walk along the way." Long Chen said resolutely.

"It's useless. She used the 'Soul Dispersing Technique' to kill herself." The Soul Dispersing Art could completely disperse his three souls and seven souls, leaving only his spiritual consciousness in his sea of consciousness. If you want to summon back all of your soul and spirit, then you have to have some sort of incredible skill or peerless treasure, I have rarely heard of anyone who can still live after using the 'Soul Dispersing Law'. " Qin Feng said in grief and indignation.

Long Chen had heard of this "Soul Dispersing Technique" before, it was similar to the "Great Way of the Soul". These were all secret techniques, and they were rather widespread. Generally speaking, if a practitioner of Divine Martial Stage commits suicide, if the Divine Martial Spirit does not dissipate, it would mean that they did not die. Soul dispersing magic, on the other hand, could kill him. It could be considered a rather cruel method.

Ordinary people wouldn't use the method of dispersing their soul unless they encountered a situation where they had to commit suicide.

Why did Jiang Cha want to use this Soul Dispersing technique?

The first thing Long Chen did was to ask Cat, "After using the Soul Dispersing Method, is there any way to save her?"

"It's not a big deal. There are many miraculous pills and treasures that can do this." It was one thing if he could find him in the Imperial Palace. However, it is very precious, it is not any less than the Nine Transformations Golden Soul Pill you used previously, or even more precious. "

Long Chen heaved a sigh of relief. At least he had a chance to save them, he immediately told Qin Feng the news, because he knew that this man must have gone crazy from the torture.

"It's not like there is no way to save you. If I have the chance, I will definitely find something for you to save. All you have to do is preserve her body. "Trust me." Long Chen stared at the other party. He could not guarantee that he would be able to find what he could save, but he would definitely try his best.

After all, Jiang Cha was also his friend.

Back when he had helped Li Xuanji obtain the Sacred Fruit of Heaven and Earth, wasn't Long Chen also very diligent? He had already secretly taken this matter to heart.

"The fish and dragons are mixed within the 9 star primal chaos city. There's supposed to be what you need. Rest assured, when the time comes, cat-lord will definitely remind you. " The kitten said proudly.

With Cat's guarantee, Long Chen felt a lot more at ease.

Hearing Long Chen's words, Qin Feng was extremely excited, he had already given up all hope, and all he wanted to do was to take revenge, but Long Chen's words had brought him new hope. Although he was not certain, but it was better than nothing, for Qin Feng trusted Long Chen so much that he would not stay in Evil Dragon Palace and wait for Long Chen to come out!

"Many thanks to Hall Master. Qin Feng will definitely keep Little Tea's body safe. When you find a way to save her, many thanks, many thanks!" Just as Qin Feng was about to kneel down in front of Long Chen, he was extremely excited and continuously thanked Long Chen.

Long Chen helped him up, and said solemnly: "You still need to wait for a while more. I can only say that I will definitely try my best."

Only after having a guarantee that he would be able to recover did Long Chen finally move the matter to the main topic at hand. His gaze turned gloomy as he said: "Then, you should tell me who exactly did it."

No matter who it was, it caused a young woman to despair to the point of using this soul-dispersing technique. Such a person should definitely be killed.

At this point, the previously refined Qin Feng revealed a hint of hatred as well. His eyes exuded a dense killing intent as he gritted his teeth and asked, "Hall Master, do you trust me?"

"Yes." Long Chen only said one word.

He was excited and furious, growling with a low voice: "Then let me tell you, even though I haven't personally seen it, I can be sure that this person is definitely the pride of the Temple of Heaven — — Lu Junyue! It must be him! "

Lu Junyue?

At first, Long Chen had thought that it was Li Cang. After all, he had some past conflicts with Li Cang, and Li Cang had even kidnapped Jiang Cha and Qin Feng before. Long Chen was initially filled with self-blame. After all, Jiang Cha's matter was definitely related to him as well.

And now, he actually said it was Lu Junyue?

Long Chen suddenly thought of that Lu Junyue in his heart, it was as if that guy's cultivation was outstanding, and had a unique demeanor. How could he be the type to do such a thing, forcing Jiang Cha to the extent of using the Soul Dispersing Technique, it was obviously very ruthless.

"You have proof?" Long Chen asked.

"I do." After saying this word, Qin Feng's bloodshot eyes were already filled with tears. He took out a piece of paper from the ring. Come to me in Silent Valley.

That day, she was not in a good mood, and no one knows what she was thinking. I deserved to die, and it only took a blink of an eye for her to disappear, I thought she had gone back to her home, but who would have thought that she found this matter at home. And then I went to the Silent Hills. "

By the time he got there, it was already too late.

Long Chen took the slip of paper. The words written on it danced around like dragons and phoenixes, it was obvious that it was written by a man.

"The cause of death of Jiang Cha's parents?" Long Chen had never heard of this before. Long Chen knew that Jiang Qing had a relationship with him.

Xiao Cha's parents were once ordinary disciples of the Temple of Heaven. However, they died mysteriously when Jiang Cha was young. The reason I said that it was Lu Junyue, is because Lu Junyue is a person of the Temple of Heaven, using the matter of her parents' death to lure Jiang Cha over, is something only he can think of! It must be him! " Qin Feng had said from the beginning that this Lu Junyue was not a good person. She had the murders of many female disciples, and they were all suppressed by the Punishment Hall.

This series of events caused Long Chen to frown. He felt that it was a little strange, so he said: "This note, even if it's Lu Junyue, you can't find anything to prove. This does not constitute evidence. "

Indeed, a lot of people could make the same paper slip. It might not be Lu Junyue's.

"It must be him. I want to take revenge on him. Hall Master, I must take revenge on him ruthlessly. Only then will I be willing!" Qin Feng anxiously howled.

"How are you going to take revenge?" Long Chen asked somewhat helplessly.

He knew that not only was Lu Junyue's family background prominent, her cultivation had also reached the Eighth Stage of the Divine Martial Stage. She was a martial artist at Ye Wushang's level, and even the current Long Chen was unable to deal with him.

"I want to him to the Punishment Hall. I have sufficient evidence to prove his intent to rape the female disciples, causing Jiang Cha to commit suicide! I have enough evidence, and if I hand it over to the Punishment Hall, I don't believe that the people from the Punishment Hall won't care about it. In the True Martial Imperial Palace, using one's strength to assault others was a huge crime! This crime is even bigger than killing people. At the very least, I must make this beast lose its reputation! Xiao Cha loves me, she used the spirit scattering technique to protect her chastity, I will definitely make this scum pay a heavy price, that way I will be worthy of Xiao Cha! "

Chapter 1253 - Moonlight Stone

"Do you know how I've been through these past three days? I want to go to Temple of Heaven to die countless of times, to clean myself up. But I also know that it would have no effect on me at all, I can only beg you to help me, brother! Now that you have become the Palace Mistress, and we are brothers, and Xiao Cha is your senior, are you willing to help me? " Qin Feng said with a slightly hysterical voice. His voice was extremely hoarse, and his eyes were filled with hot tears.

It turns out that this was a heinous crime. Fortunately, Long Chen did not really make a move on Feng Zhilin at Evil Dragon Palace, otherwise, he would have been done for at the Punishment Hall. As for their fight, it was through the consent of the Law Enforcement Elder, it was a spar with Long Chen, it was nothing.

Qin Feng had already gone mad, so Long Chen had to remain calm.

He helped Qin Feng up and said, "Calm down first." Don't be impulsive for now. Don't worry, no matter what happens, I will always be on your side. Let's sort it out first. "Do you have any other evidence?"

Qin Feng hesitated for a moment before he nodded. "Yes, this is the Moonlight Stone that I gave to Xiao Cha."

A white jade with a diamond-shaped stone appeared in his hand, emitting a misty light.

"Moonlight Stones have a beautiful legend. When the moonlight shines down, if the two of them were to enter the Moonstone while hugging each other, the two people who love each other will have a long time to live and will never leave each other."

"There's no moon on the Emperor Star, so we've decided that when there's a chance in the future, we must definitely leave this Emperor Star to take a look at the moonlight outside."

"This Moonstone is a magical little thing. As long as a sliver of primordial spirit was condensed inside, it would automatically absorb the surrounding scenery figures, and automatically form a portrait inside. When light shines in, the scene would then be recreated by the Moonstone. "Therefore, many people use it to symbolize eternal love. That time, I thought for a long time and finally used a Moonstone to walk together with Little Cha ..."

As he spoke of these matters, Qin Feng's face was filled with sweetness. This was the happiest time he had ever experienced.

Long Chen rarely saw the light of love from others, it seemed like Qin Feng really liked her. Otherwise, he wouldn't have the guts to face a proud son like Lu Junyue.

Compared to Lu Junyue, he was as minuscule as an ant. However, he did not give up his hatred and revenge!

Moonstone

The two of them were filled with fantasies. The Moonstone was pure and natural, symbolizing their love. Originally, they had wanted to go to a place with moonlight to keep their love forever in the Moonstone. Unexpectedly, the Moonstone didn't record their love, but rather their crime.

Using the primordial spirit to create some light, and provoking the Moonstone in his hands, Qin Feng raised the Moonstone high up. The Moonstone released a warm light, and an image appeared in the surroundings. In this area, Jiang Cha and Lu Junyue stood face to face. The girl's face was filled with tears and hatred, while the man opposite of her was smiling sinisterly, walking towards her with bared fangs and claws. The trace of a vulture in his eyes, compared to the usual Lu Junyue, was like a completely different person.

In this image, Long Chen noticed that Jiang Cha was holding a Moonlight Stone in her hand. She didn't wait for Qin Feng to leave for the Emperor Star Academy. Instead, she used the Moonstone to record the scene back then.

She also wanted revenge.

Long Chen was a little impressed, he never thought that this seemingly brainless Senior Sister was also a bold and tenacious woman.

"By the time I arrived, she was already on the ground, her hand clutching the moonstone. "I won't let go at all." Qin Feng's face was covered in tears. He hated Qin Feng! He hated himself for not having the strength and position, and also for not having a single good parent. Otherwise, he wouldn't have to beg for Long Chen's help here right now, and not directly charge towards the Temple of Heaven and slash Lu Junyue into pieces!

When Qin Feng put the Moonstone away, Long Chen thought about it carefully for a while and felt that using the Moonstone as evidence was absolutely evidence.

There was no doubt that the person who forced Jiang Cha to defend her chastity with her life was Lu Junyue.

The only doubt was, why would Lu Junyue do anything to Jiang Cha? In truth, Jiang Cha's appearance could only be considered above average, her figure was average as well. There were many enchanting beauties in the three thousand halls that were much more beautiful than Jiang Cha. As long as Lu Junyue was willing, they would even be willing to send him to bed and let him pick whatever she wanted. Someone like Lu Junyue shouldn't lack women, so why would he act so crazily towards Jiang Cha?

The only possibility was that he was related to Jiang Cha's parents. It was possible that Jiang Cha's parents and Lu Junyue had some grudge between them.

Maybe it just meant that this Lu Junyue was abnormal, that she did not want those who came to her doorstep, and that she had no choice but to take those who liked to resist.

From his appearance, he didn't look like an anxious person.

"You should keep this Moonstone safe. I will accompany you on a trip to the Punishment Hall. However, before that, you should first return and see her." Long Chen's words made Qin Feng feel at ease. Qin Feng knew that with Long Chen here, there would definitely be revenge!

Although Jiang Cha didn't die, who knew how long she would have to lie like this for? Who knows if there is any hope of recovery?

All of this was unknown.

Very quickly, Long Chen returned to the Evil Dragon Palace. Qin Feng was smart, he did not tell anyone about Lu Junyue's identity. Therefore, the entire Evil Dragon Palace did not know who did this to Jiang Cha. Long Chen was the backbone of the Evil Dragon Palace, so when Long Chen returned, everyone heaved a sigh of relief.

No matter what, the people from the Evil Dragon Palace could not be bullied like this.

After returning to the River Heart Pavilion, Shentu Hong and the others came up to welcome them. Shentu Hong's expression was also ugly, and said softly: "I heard that you had a huge fight with Demonic Palace's Li Cang previously, could this be his revenge?"

"I know what I'm doing. Let's not talk about this anymore, let me take a look at her first." In the middle of River Heart Pavilion's Jiang Cha's room, she was peacefully lying down on the bed with both her hands folded across her lower abdomen. Her face had a tranquil and natural expression, as if she had fallen asleep.

In the room, Qin Kang and the two brothers Jiang Lingwen's eyes were filled with tears of anger.

"Palace Lord, no one dares to make a move, you must avenge our fourth elder!" Jiang Lingwen, who had grown up a lot, said.

Long Chen was well aware that a young lady could only lie here like this. The rules of survival were incomparably cruel, but he was still unwilling to accept it. There was also anger and hatred in his heart. No matter what was said, he had already touched upon Long Chen's bottom line. When it was time to attack, Long Chen would definitely not tolerate it.

"I would like to see if the Punishment Hall that commands the three thousand great halls is truly a place where one can handle matters." Long Chen understood that the evidence that Qin Feng had now could definitely give Lu Junyue a lot of trouble. Even if he couldn't get punished, with her terrible reputation, there was no problem at all.

This sort of thing was not a problem to secretly hide. However, since there was a clue left behind, then there would be a price to pay.

After comforting everyone for a bit, Long Chen brought Qin Feng and headed towards the Punishment Hall. Since the Punishment Hall was known as a punishment, then there should be fairness. The Three Thousand Great Palace was the place with the most strict management that Long Chen had ever seen. It could not kill each other, and private fights were absolutely not allowed. However, if it was a real war, as long as the approval was obtained, then even the rivers of blood would be allowed to form.

These are the two extremes.

Long Chen did things swiftly and decisively. This made Qin Feng extremely excited, as if Lu Junyue had received punishment for everything she had done.

However, he was still too naive.

Long Chen had a nagging feeling that this Lu Junyue would not be so easy to deal with. At least in Long Chen's heart, it was still hard for him to understand.

The Punishment Hall was located closest to the War God Palace. Although it was the closest, it was still very far from the War God Palace. At this place, one could faintly see the 999 golden Demon Suppressing Pillars surrounding the War God Palace.

An enormous pressure came from the golden demon pillar, making people not dare to look straight at it. As for the things inside the Demon Suppressing Pillar, they couldn't be seen at all.

Long Chen did not look any further, but walked into the Punishment Hall. The structure of the Punishment Hall was incomparably majestic and domineering. It was stern and cold, filled with a kind of silence that caused one's hair to stand on end. Two huge statues stood at the door, each holding a battle axe and a spear. They looked like an unmatched war god as they stood there, exuding a pressure that was not inferior to that of the or the Heavenly Appearance Realm warriors.

Just these two statues caused Qin Feng's entire body to tremble.

Many Law Enforcement Elders knew of him, and were very surprised that Long Chen would actually come to the Punishment Hall. Very quickly, a total of five Law Enforcement Elders received Long Chen and asked him why he was here. These five Law Enforcement Elders were all quite old.

In this secret room, Long Chen looked around. It was at this time that a few Law Enforcement Elders asked: "Why has Demonic Dragon Hall Master come to my Punishment Hall?"

Long Chen glanced at the trembling Qin Feng. This place was indeed a little oppressive, and it was normal for fear to arise in the bottom of Qin Feng's heart. To many people, the Punishment Hall was a place that made people tremble in fear when they heard about it.

"Speak clearly." Long Chen reminded Qin Feng.

At this time, he was giving all the information that Long Chen had learned to the Law Enforcement Elders one by one. When the few Law Enforcement Elders heard that the newly appointed Demonic Dragon Hall Master was actually here to denounce Lu Junyue, everyone's face immediately changed, but, they quickly calmed down, looking as if they were listening calmly. At the same time, they looked at each other in dismay, their eyes flickering with light, not knowing what they were thinking.

After Qin Feng finished speaking, he took out the Moonlight Rock. The evidence was conclusive, Long Chen wanted to see what the people from the Punishment Hall really said.

"According to the rules of the Punishment Hall, what Lu Junyue has done, should at least be thrown into the Extreme Violet Sky Fire Array and burned for a year!" Qin Feng said coldly.

Chapter 1254 - Extreme Violet Sky Fire Array

The Extreme Violet Sky Fire Array was a punishment method used by the Punishment Hall. To burn one's body, one would suffer horrendous pain every day, but not to the point of death. To many people, the Extreme Violet Sky Fire Array was clearly a nightmare. Those who stayed in the Extreme Violet Sky Fire Array would become more obedient in the future.

When the Extreme Violet Sky Fire Array was being burned, one's consciousness would be extremely clear. The Extreme Violet Flame from the Outer World would continuously stimulate the Divine Martial Spirit to maintain a high degree of consciousness, and then, they would clearly experience the might of the Extreme Violet Flame. Basically, he would not be able to forget that feeling for the rest of his life after being scorched for a few days.

The three thousand great halls had a total of a hundred million people, and quite a few of them would be thrown into the Extreme Violet Sky Fire Array every month. For people like Lu Junyue, although the punishment was not death itself, entering the Extreme Violet Sky Fire Array for a year was still not too much. After all, Lu Junyue was very strong. If she had too little time, it would not even be a punishment to him.

Qin Feng's goal was at least to throw Lu Junyue in.

After he finished speaking, it was time to wait for the Sentencing Hall's decision. Finally, one of the elders stood up and said in a clear voice, "This matter involves too much, the evidence cannot be 100% valid either. This kind of matter requires the decision of the several great elders themselves, you two can go back first.

His words were not out of Long Chen's expectations.

"In that case, let's go see the Supreme Elder!" Qin Feng asked anxiously.

"I'm sorry, but we did not see the Grand Supreme Elder just because we wanted to. Go back first, we will send you some news immediately." Don't worry, I will give one of you up, and also leave the Moonstone behind. As evidence, we will have to submit it to the Grand Elder. "

Qin Feng's eyes darkened as he looked at Long Chen with indecision. He could vaguely guess that these Law Enforcement Elder in front of him did not have the authority to deal with Lu Junyue, and at the same time, they would not allow him to meet the Grand Elder. People of that level were not to be casually encountered.

And even if they did, what could they do?

Would they really solve it?

Who is Lu Junyue? She was the son of the Lord of the Temple of the Heavens, the nephew of the Sixth Elder.

A few Law Enforcement Elders were already laughing mockingly at the newly appointed Demonic Dragon Hall Master in their hearts.

"Demonic Dragon Hall Master, let me tell you something." At this time, one of the clan elders walked past Qin Feng and spoke to Long Chen alone.

"Go ahead." Long Chen said indifferently.

"You should also be clear about Lu Junyue's identity. She is currently the strongest person among the younger generation in the three thousand great halls. Her father was also someone from the Lord of the Temple of the Heavens, someone whose Peak of the 9th Stage of the Divine Martial Realm was on the verge of breaking through the Nirvana Tribulation Realm. And there's also our Supreme Sixth Elder. Since you are able to become a Demonic Dragon Hall Master, you must not be stupid. To go against Lu Junyue for an ordinary disciple, is a very foolish action, so I advise you to directly take this disciple down. If not, the higher-ups will look into it. Even you won't get away with it. "

Long Chen laughed, this was the same f * cking Punishment Hall as they were before, it would be better to rely on himself instead. Long Chen then stood up, looked Qin Feng in the eye, and said: "We will go back and wait for your news, if the Great Clan Elder makes any decision, all of you must inform us immediately!"

After which, he sneered coldly.

Qin Feng was not resigned, his eyes were red again, but he sensed that Long Chen was dragging his own strength, and was really not small.

"Slow." Leave behind the Moonstone, this is the evidence. We need to identify the truth and then submit it to the Grand Elder. " One of the Law Enforcement Elders blocked Long Chen's path.

Long Chen knew, that if this thing were to fall into their hands, it would absolutely not return. When placed in his hands, it was a type of force. The Punishment Hall could not pass, but this did not mean

that Long Chen had no way to stop him. He raised his head, and with a cold glint in his eyes, he said, "I don't think so." The Moonlight Stone was not a meat bun. How could it just randomly attack? When you have information, and the Great Clan Elder is willing to answer, come and pick it up from my Evil Dragon Palace. "

Long Chen's words were laced with sarcasm. There was a saying, 'a meat bun can beat a dog, but there will be no return.' Didn't this mean that all the Law Enforcement Elder present were dogs?

The few Law Enforcement Elder were furious, and wanted to stop Long Chen, but Long Chen was even faster than them, and took out the Nine Dragon Scripture. All the Law Enforcement Elder present, who were at the peak of the Seventh Stage of the Divine Martial Stage, heard that Long Chen was unrivalled at the same level as them, and immediately became alert.

"What is everyone doing?" Kill him to keep his mouth shut? If you really want to make a move on me, then you have to ask Wu Chi and alcoholism if they agree. You guessed right, it's my Uncle Han and Uncle Nan Gong. "

These words caused them to tremble on the spot.

Everyone had also heard that this Demonic Dragon Hall Master had a close relationship with the two men from War God Palace, and even directly called him uncle. From Long Chen's recent performance, he was definitely a thorn in the head. They could not be easily provoked.

With that intimidating sentence, Long Chen turned around and left. This time, the Law Enforcement Elder did not dare to stop him.

However, there was an additional wave of anger in Long Chen's heart. Not only Qin Feng, even he himself couldn't stand it any longer.

"This bunch of old dogs, if I don't show them a little bit of power, they would really think I'm easy to bully." Long Chen's gaze was cold and harsh. Back then, Han Yunxing and Nan Gong Lie had said that he could make a ruckus at any of the 3000 halls, and since Jiang Cha belonged to his Evil Dragon Palace, since the Punishment Hall was like this, then let's make a big fuss out of it.

"Head, what do we do now? Was he going to let that grandson get away scot-free? This absolutely will not do, even Little Tea will not forgive me, I will make her pay a heavy price! "

Long Chen allowed him to calm down, and said. "You've already endured for three days, so there's no need to rush this moment. "Don't worry, I still have a way."

With this kind of thing, it all depended on who had a backer and who was more ruthless. Long Chen had two strong warriors supporting him, what was he afraid of? In the True Martial Imperial Palace, the position of the War God Palace was above all else, in the eyes of the people of the War God Palace, what could the Temple of Heaven be?

Qin Feng trusted Long Chen almost crazily. At this moment, his eyes were brimming with hope again as he excitedly said, "No matter what you do, I won't retreat!"

After Long Chen left, a few Law Enforcement Elders immediately led this matter to the higher ups of the Punishment Hall. Other than the few top-ranked Grand Elders who were still in closed door cultivation, those who should have known about it would have already known about it. This news quickly spread to the Temple of Heaven from the upper echelons. Temple of Heaven was one of the top five halls, and was naturally quite close to the Punishment Hall's position.

Beneath a vast, platinum hall in the Temple of Heaven, there was a brightly lit secret room. The arrangement of the room was even more extravagant than the main hall of the Temple of Heaven. The inlaid shining jewels on the walls were all precious cultivation materials. Even the fur on the carpet was something that only a vicious beast of the eighth level or above could possess.

The secret room was a place that only the family could enter. Currently, in the highest seat of one of the halls in the secret room, a middle-aged man who did not get angry nor intimidated sat upright, his gaze stern, and this was the famous Lord of the Temple of the Heavens, Lu Chunqiu!

In front of him knelt his son, Lu Junyue.

At this moment, Lu Junyue was somewhat unwilling, and said: "Father, this is just a small oversight, who would have thought that the little girl would actually have such a strange thing like the Moonlight Stone?"

"You're not allowed to quibble!" The man roared, completely suppressing Lu Junyue's voice.

Lu Junyue stood up with a wronged expression on her face. She looked to the side and saw a young and beautiful woman sitting on another chair.

"Mother!" I really did not think that this matter could not be blamed on me. " He looked at Lu Junyue with a dotting gaze, and said: "Truly, this kind of thing really cannot be blamed on my good son, and can only be blamed on that girl being too lowly. With my son's identity, of course there are a lot of women like her, and yet she still used some soul-dispersing method to protect her chastity, what kind of chastity can a little sparrow have!"

She spoke with a disdainful expression on her face, then earnestly looked at Lu Junyue and said, "Good child, why do you have such a strange hobby? You're not interested in those girls that come knocking on your door, as long as any girl gives you a look, you'll be overjoyed!"

"Mother, Jiang Cha is different! She is Qing Sha's daughter, and Qing Yu is my first woman. Seeing her, I feel like I'm seeing a Qing Sha!" Lu Junyue said grievously.

"Shut up!" The woman became a little angry and said, "Don't talk about this in the future. That woman not only has a husband and wife, but her looks can only be considered average. I have already dealt with that couple for your sake, my son, how are you not clear on the number of beauties in the three thousand hall? "

"Alright." Lu Junyue had actually completely forgotten what had happened today.

Looking at his wife and son, Lu Chunqiu let out a sigh. This was truly a failure to be had by a loving mother. Although he was already done in, if he allowed his son to continue messing around like this, would one day provoke something that even he could not handle?

What happened today, Lu Chunqiu had already instructed the people of the Punishment Hall to suppress it. After a few days, he decided to personally go meet the youth that was protected by the martial arts fanatic and alcoholism and see what was so special about him!

Although Long Chen did not display much about the Punishment Hall, he was still unwilling to give up. He had already told Qin Feng that he would not let Lu Junyue feel this comfortable.

Because of Jiang Cha's matter, the atmosphere in the Evil Dragon Palace wasn't too good these past few days. Right now, everyone was united, congealing into a single line, especially Jiang Cha who was normally very popular. After Long Chen returned, many people stayed outside the River Heart Pavilion, staring at Long Chen eagerly, hoping that Long Chen would uphold justice for them.

Chapter 1255 - Hustling

Looking at their expectant gazes, Long Chen realized that the Demonic Dragon Hall Master was not just a title.

No one knew that it was Lu Junyue who attacked.

Long Chen said condescendingly: "You can disperse first. I will take care of this matter. In a little while, I'll let everyone know who did this. "

"Hallmaster, just who is it!" The warriors below all asked.

"I will make him pay." Long Chen's eyes darkened, he did not say anything, and went back to the River Heart Pavilion with Qin Feng and the rest. After inspecting Jiang Cha's body, Long Chen reckoned that Han Yunxing and Nan Gong Lie should also know about the situation here, and they must be within a hundred li of him.

As soon as he arrived, he said, "You brat, you still went to the Punishment Hall. This old man has long since gotten used to Lord of the Temple of the Heavens Lu Chunqiu, it's just that this old man hasn't bullied him for a long time. This is a good opportunity, I will bring you to destroy his Temple of Heaven. "

Long Chen did not say anything, and said, "After all, we are no longer part of the three thousand great halls, so it is better not to cause too much trouble. It seems like Xiao Chen has already made his decision, let's do as he says. When the two of us make a move, we'll blow the whole thing. "

Long Chen thought for a moment, then asked: "If we want to kill Lu Junyue, what do we do?"

"Kill him?" Nan Gong Lie raised his eyebrows and laughed: "As expected, you are indeed worthy to be the young master of me, Nan Gong Lie. Haha, you are truly domineering. I think that abnormal brat should be killed. "

However, Han Yunxing shook his head and said: "When this happens, he should be hiding in the Temple of Heaven. If Nan Gong and I were to rush over to kill him, we should be able to stir up that old man

from the Punishment Hall. This was rather troublesome. If you really want to kill him, I think you can wait for the battle of Hidden Dragon Rank and defeat him in broad daylight. If you can accomplish this, with the recommendations of the two of us, you'll be able to enter the War God Palace without a problem. "

Stepping onto Lu Junyue to give herself a position might be a good idea, but it was a pity that she still had to wait for four more months. Long Chen breathed a sigh of relief in her heart, she wouldn't be able to wait that long.

"Four months." Qin Feng had already known about the close relationship between Long Chen and these two experts. That was why he asked for Long Chen's help after what had happened.

"Of course, if you can't hold it in, we can go to the Temple of Heaven and find that brat. At most, we can only receive a round of punishment, it's not a big deal." Nangong Lie said indifferently.

Long Chen did not want to trouble them too much, it would not benefit him if he relied on them too much, especially since the people he was facing this time's conflict was a little high-standing, it would be the top group in all three thousand halls. Even if it was Han Yunxing or Nangong Lie, casually killing them would bring a little trouble.

"The battle of Hidden Dragon Rank, allows one to freely fight?" Long Chen asked.

Han Yunxing nodded his head: "That's right, Imperial Palace is very cruel in this area, and as long as no one concedes defeat, killing the opponent is completely possible. At that time, even if countless people from the Temple of Heaven were to witness it, the people from the Temple of Heaven would be unable to stop you from killing Lu Junyue, if only you had the power to kill him at that time."

After four months, if tribulation three came one after another, then there should be no problem. The arrival of the small tribulation was not controlled by Long Chen, so it all depended on luck.

Of course, before that, Long Chen would not let Lu Junyue get away scot-free.

The previous Li Cang was just a fool in Long Chen's eyes, and was easy to deal with. When Long Chen was strong enough to suppress his opponents, she would respect him, but Lu Junyue was different. If they wanted to deal with him, they would have to put in a lot of effort.

"Qin Feng, give me the Moonstone. Let's go to True Martial Great Hall together, do you two want to go watch the show?" Long Chen suddenly said.

The two people he was talking about were naturally Han Yunxing and Nangong Lie.

Of course I'll go. Whoever dares to cause trouble for you, I'll beat them up until their mother won't be able to recognize them. It's a bit troublesome if we take the initiative to kill them, but if others provoke us, I'll beat them up no matter how many comes. Nangong Lie laughed.

With them supporting him, what was there to worry about?

Qin Feng did not know what Long Chen wanted to do, so he could only carefully follow Long Chen to the True Martial Great Hall. The entire True Martial Great Hall was immediately abuzz, and this time, the people who had just arrived and the two warriors who could tell that they were experts stood behind Long Chen like two huge mountains, one of them had the smell of alcohol on him, his hair was messy, and his eyes were cloudy. The other one had the look of a tall and sturdy stature, like a gigantic mountain.

Immediately, many people stepped aside to make way for Long Chen, waiting for his next fight.

Currently within the Evil Dragon Palace, there were around forty to fifty thousand people. In this space that wasn't particularly large, warriors from the 3000 halls were gathered. This was the best place to spread the news, no one could suppress the spread of this news.

The people from the Punishment Hall were currently contacting Long Chen, and the Lord of the Temple of the Heavens was preparing to personally talk to him. However, they didn't expect Long Chen to be so quick to arrive at the True Martial Great Hall at this time. He had completely underestimated the swift and decisive way Long Chen did things. As for whether it would result in their protection or not, why would Long Chen care about the consequences!

When there were already quite a few people surrounding them, Long Chen suddenly shot up into the sky. Carrying Qin Feng, the two of them floated in mid-air, looking at the people below, Long Chen, who had become the Demonic Dragon Hall Master, already had his own dignity.

"Everyone, I, Long Chen, am not here to fight today. I just wanted to tell you with a true story which person is a decent beast and which one should be punished the harshest. "

Long Chen's words immediately attracted everyone's attention. He was someone with status and position, but what exactly was he trying to do by saying these words in front of the True Martial Great Hall? Who was the person he was referring to? Could it be Li Cang? But Li Cang did not have any relation to being a Daoist.

Long Chen was a person who was good at embellishing the atmosphere. At this moment, he started to recount what had happened from the beginning. Qin Feng was the real culprit.

"Among all brothers here, we might not be the most decisive person amongst the three thousand great halls. We have all received unequal treatment. However, I never thought that such a rampant person would actually exist within the 3000 halls. Such a scum should have been struck by lightning and died! "

Every word that Long Chen said passed through their mouths and spread out. Temple of Heaven would shut her mouth for one person, but she could not possibly make 50,000 people shut their mouths, right?

Everyone was stunned when they heard that the person who spoke was Lu Junyue. Before, they had heard some gossip, but they did not expect that the almighty and noble young master was actually such a person.

At the same time, Qin Feng told them everything that had happened in the Punishment Hall.

In the True Martial Great Hall, there were still quite a few Law Enforcement Elder s. No matter how much those Law Enforcement Elder s admired Long Chen before, at this moment, Long Chen had actually said such outrageous words in the True Martial Great Hall, and even pointed the finger at the Punishment Hall and the Temple of Heaven. In order to make Long Chen shut his mouth, they had no choice but to make a move!

A total of more than ten Seventh Stage of the Divine Martial Stage s and a few Eighth Stage of the Divine Martial Stage's Law Enforcement Elder s had instantly attacked Long Chen. This time, if something unexpected happened, if news of this matter spread, the impact would be unimaginable, and they had the power to kill Long Chen right now.

But Long Chen had already expected this.

At the side, Nan Gong Lie laughed out loud and turned into a ball of flame, sweeping past the Law Enforcement Elder s, instantly over twenty burning bodies fell to the ground. The fire burned fiercely and the twenty odd people rolled on the ground screaming, no one was able to stand up.

"You want to kill me to keep my mouth shut? Hehe, Qin Feng, continue speaking! Since the Punishment Hall cannot give us justice, let the one hundred million disciples of the True Martial Imperial Palace give us justice! "

After displaying the slip of paper, Qin Feng's entire body was filled with excitement. The most powerful evidence, the Moonlight Stone, was revealed. In the light, everyone could clearly see Lu Junyue's sinister face and her resolute expression. A good pair of mandarin ducks had actually been torn apart.

In the hearts of the crowd, Qin Feng was merely a pitiful person. In their lives, more or less, they had experienced this kind of thing as well. When they saw Qin Feng's heartbroken appearance, and recalled how her beloved was actually forced to die by someone else.

"I never thought that Lu Junyue would actually be such a crazy person!"

"What a joke." We have to spread this news, everyone has to spread it, and let everyone in the 3000 great halls know, that Lu Junyue is actually such a person! "

"The evidence is conclusive, yet the Punishment Hall refuses to deal with it. If that's the case, then what is the meaning of the Punishment Hall's existence!"

"That's right, if this time the Punishment Hall does not deal with Lu Junyue ruthlessly, we will not do anything!"

Amongst these people, there was no lack of people with high standing. For example, in the few battles he had with Long Chen, he admired Long Chen a lot and had befriended him. At this moment, he was also extremely angry, inciting the crowd to come over.

"No matter what, Hall Master Long is so loyal, helping little brother Qin Feng and that little miss Jiang Cha, how can we slack off!?"

"As men, we should fight bravely. If we don't give a reasonable explanation for this matter, we, 40,000 people, will be dragged into this mess. I want to see what the Punishment Hall will do now!"

As he spoke to here, there was an explosive sound outside. The people from the Punishment Hall had arrived.

Chapter 1256 - Lord of the Temple of the Heavens

Long Chen had already known that these people were rushing over. In fact, they came over from the Evil Dragon Palace, but they were still a step too slow. At this time, everyone turned to look, a total of dozens of Law Enforcement Elders had rushed in, many of them even reaching the peak of the Eighth Stage of the Divine Martial Stage, led by a Law Enforcement Elder who had just entered the Ninth Stage of the Divine Martial Stage. This Law Enforcement Elder was not young, she was not angry, but she still had power.

However, Long Chen noticed the other person, who was standing together with the leading Law Enforcement Elder. This was a dignified middle-aged man. Just by looking at him, one could tell that he was an expert.

The two sides met at this moment.

"I was wondering who it was. So it's you, Lu Chunqiu." Nan Gong Lie laughed, then crossed his arms and walked in front of Long Chen.

The ones who came were Lu Chunqiu and a group of Law Enforcement Elders. They had originally wanted to go to the Evil Dragon Palace to talk to Long Chen, but when they heard that Long Chen had come to the True Martial Great Hall, they didn't know what was going on.

Seeing Han Yunxing and Nangong Lie get so close to Long Chen, Lu Chunqiu had a bad premonition. The Law Enforcement Elder's position was not even as high as Lu Chunqiu's, and at this moment, Lu Chunqiu took advantage of the voice to say: "The two of you have come to the Three Thousand Great Palace. Why not come to Temple of Heaven and take a seat, and let me properly entertain the two of you."

Nangong Lie did not hold back and said, "I do not want to go to that dog's place. That's right, you came at the right time and now that 50,000 people know about your son's glorious achievements, what do you think we should do? The people from the Punishment Hall are also here. If you don't give me a proper explanation, I, Nan Gong Lie will bring this incident to the War God Palace. At that time, I'm afraid the Punishment Hall will have to go through reform. "

Naturally, Nangong Lie did not hold back when he spoke.

To tell the truth, when such a thing happened, the Sentencing Hall's greatest fear was the appearance of the War God Palace. Although it was not a small matter that was worth mentioning to the War God Palace, the martial arts fanatic Nan Gong Lie had always been a madman. No one could afford to offend him. If it really got out of hand, Lu Chunqiu would really be afraid.

Lu Chunqiu's expression became unsettled. She originally thought that she could come over and warn Long Chen, but at most she could get some benefits.

Seeing the disgust and despise on the faces of the over fifty thousand people, Lu Chunqiu's heart was filled with killing intent, but she understood, if he were to use force, he would not be able to defeat the two from War God Palace. Lu Chunqiu was around the same age as them, why did they enter the War God Palace but not Lu Chunqiu? This was the difference between them.

In order to protect his son, Lu Chunqiu could only speak to Han Yunxing in a low voice: "Brother Han, for the sake of our friendship back then, can you give me some face? This is just a small grudge between children, yet we interfere in it. Isn't this a bit too much? "

In Lu Chunqiu's opinion, there was no need for Han Yunxing and Nan Gong Lie to treat Long Chen so well.

Han Yunxing laughed lightly, Long Chen's matter was his. Now that Long Chen was causing trouble, the only thing he could do was to give his all.

"The 3000 great halls have the rules of 3000 great halls, the Son of Heaven is guilty as a commoner, Hall Master Lu knows this better than any of us." Han Yunxing said without a trace of politeness.

Lu Chunqiu really did not expect that Han Yunxing would not give him any face at all.

"It looks like Brother Han wants to make a ruckus until the fish die and the net is broken?" For a youngster, is it worth it? " Lu Chunqiu's heart was filled with anger, but at this moment, she could not help but speak nicely to Han Yunxing, because the cause of his son was in Long Chen's hands.

At this point, he could only strike from Long Chen's direction in order to resolve his son's crisis.

Han Yunxing would listen to everything Long Chen said, he was too lazy to continue talking to Lu Chunqiu, "Let Long Chen decide this matter for himself, I have no right to decide either."

This made Lu Chunqiu a little confused. Wasn't the reason why Long Chen was here today all because of these two.

This made Lu Chunqiu think that Han Yunxing and Yue Yang were playing with him.

Suddenly, Lu Chunqiu was enraged.

However, what could he do when someone else was at fault?

Long Chen squinted his eyes as he looked at the Lord of the Temple of the Heavens.

Seeing Lu Chunqiu sneer, Long Chen said calmly: "Lord of the Temple of the Heavens, my two uncles have already explained it very clearly. Right now, the fifty thousand disciples of our three thousand great halls all know about this matter, but I think that Lord of the Temple of the Heavens is someone who will handle it impartially. He who is full of righteousness will definitely not tolerate this kind of beast committing heinous acts in our three thousand great hall, don't you think so? "

Beast!

Long Chen's words seemed to be a fierce battle, but in reality, it carried with it an unrestrained insult to Lu Chunqiu. Scolding Lu Junyue as a beast, wouldn't that mean that Lu Chunqiu was a beast?

This sentence, was so high quality that Lord of the Temple of the Heavens almost vomited blood.

However, the Lord of the Temple of the Heavens was someone who cared about his own reputation. Right now, he wished that he could kill Long Chen immediately, but there were still the two of them, Nan Gong Lie and Han Yunxing, and there were still so many people present ...

"You ..." Lu Chunqiu's eyes narrowed. Even after so many years, she had not been forced to this extent by anyone.

That good-for-nothing son of his had really angered him to death. This was purely something his mother was used to.

"This junior would like to hear how the Lord of the Temple of the Heavens deals with the matter of Lu Junyue. How do you think we should deal with it?" Long Chen was not afraid in the slightest as he looked at Lu Chunqiu with his sharp eyes.

Lu Chunqiu was forced a step back by Long Chen. This kind of youth's courage had simply exceeded his expectations, and it had been a long time since someone had challenged him to his dignity.

Just then, another person came to Temple of Heaven. This was a man with a similar appearance to Lord of the Temple of the Heavens, and looked slightly older. The only difference was that this man was dressed in a golden robe, which was even more terrifying than Lord of the Temple of the Heavens. Seeing this man, many Law Enforcement Elders kneeled down and shouted in unison: "We greet the Sixth Elder!"

Long Chen knew that this was related to the reputation of the Punishment Hall.

Long Chen directly said: "If even the Sixth Elder is here, then the punishment hall's initially didn't seem to be appropriate to handle this matter. Of course, this is all handled by some unsensible servants, and now that the Sixth Elder has appeared, I believe he will give us a reasonable explanation, don't everyone think so?"

With the two from the War God Palace supporting him, everyone was furious and not afraid at all. They all responded to Long Chen, showing their support to the Sixth Elder.

Lu Zhihuan is also here, it's good that you came, your own little brother's son has committed a crime, as the Supreme Sixth Elder of the Punishment Hall, you should be abusing your authority to protect Lu Junyue, right? Nangong Lie said with a smile.

No matter who it was, don't think that Nangong Lie would give them face.

Lu Zhihuan was calmer than Lu Chunqiu. Although the attacks were sharp, it did not mean that it could affect him, because this situation could not be reversed. He looked coldly at Nangong Lie and the other two, and said coldly: "We, the Punishment Hall, will naturally give everyone an answer for this matter. However, if you all gather here to cause trouble, the Punishment Hall will not stand on ceremony. "

"Since you want to answer, then tell me what we should do now." Don't trick me, Nangong Lie, with your trick. "Man man, hurry up and talk. Tell me, how can we be satisfied?"

Lu Zhihuan took in a deep breath. It was the first time everyone had seen him being forced to such an extent, and no matter what, today, Long Chen's reputation would definitely shake the three thousand great halls once again.

"Put Lu Junyue in the Extreme Violet Sky Fire Array and burn him for a hundred days!" Speak, Lu Zhihuan waved his hand and coldly brought the people from the Punishment Hall away.

Lord of the Temple of the Heavens knew that he could not waste his time and quickly left.

This punishment seemed to be more or less what everyone was expecting. Four months later, the battle of Hidden Dragon Rank would take place, and the people of Temple of Heaven would not let Lu Junyue stay there for too long.

All of this, was forced by Long Chen.

The few of them nodded, forcing the Sixth Elder to such a degree, Long Chen had won this time.

After bidding farewell to everyone in the True Martial Great Hall, Long Chen and the others returned to the Evil Dragon Palace. Today's matter would follow everyone's mouth and quickly spread through the three thousand great halls.

After returning to the Evil Dragon Palace, Long Chen publicly announced everything that had happened, and the people of the Evil Dragon Palace finally understood what had happened.

For Jiang Cha, Long Chen actually dared to fight against the higher ups of the Punishment Hall and the Temple of Heaven. Today's Evil Dragon Palace had already walked into the gaze of everyone in the three thousand great hall.

Towards Long Chen, besides admiration, there was also admiration in their heart.

Everyone looked at Long Chen with reverence. Not only was he in awe, he was also in awe.

Of course, there were also hidden feelings among the girls.

This rebellious, audacious, and powerful man was the most imagined man amongst them.

After returning to the River Heart Pavilion, Long Chen took a look at the Jiang City. His situation was still alright, Qin Feng would always stay by her side, never leaving, this was love.

After exiting the room, Qin Feng fell to his knees, crying tears of joy.

"Hall Master, I, Qin Feng, am a trash without any strength. It is all thanks to you acting on my behalf that I, Lu Junyue, received the punishment that I deserve! Qin Feng thanks you! "

Long Chen helped him up a little helplessly, and said: "In this world, there are many things that can make one feel helpless about. We are martial brothers, so let alone that much. If you need anything in the future, just let me know. "

Finished speaking, and thinking of the matter with Lu Junyue, Long Chen sneered, and said: "Old Two, even if we send him into the Extreme Violet Sky Fire Array, you should still be unwilling, right?"

Qin Feng was obviously not willing to die. Could Jiang Cha's life be exchanged with a hundred days in the Extreme Violet Sky Fire Array?

He clenched his teeth and shook his head.

"Rest assured, as long as I have the chance, I will take this life. Also, I will try my best to deal with Jiang Cha's matter. You should protect her with peace of mind and cultivate with peace of mind. I will be holding up the Evil Dragon Palace. "

Smiling slightly, Long Chen left Qin Feng's line of sight.

Qin Feng stared at the back view of the young man in shock. He couldn't believe that he was unable to see through this young man.

CHAPTER 1257 - WHAT DO YOU WANT TO DO

While the people of Evil Dragon Palace were venting their anger, the entire three thousand great hall was stirred up. Long Chen already had a strong reputation, but this time, he was going against the Lord of the Temple of the Heavens, which forced the Sixth Elder to throw his nephew into the Extreme Violet Sky Fire Array for a hundred days, causing him to be even more shocked.

Because of Long Chen's existence, the Evil Dragon Palace rose strongly in power, becoming a hall that no one dared to provoke.

In the future, as long as Demonic Dragon Hall Master was still alive, he would be able to stand firmly.

Long Chen had a good relationship with many people, and had made many good friends in the True Martial Great Hall, who were rumored to be the spokesperson for Long Chen. For a moment, Lu Zhihuan and Lu Chunqiu became ugly characters who colluded with each other to protect the criminals, and Long Chen became the hero. As a Temple of Heaven disciple who was one of the five great halls, many people could not even raise their heads.

In the Temple of Heaven's secret room, there was a huge commotion.

Lu Zhihuan, Lu Chunqiu, the charming woman, and Lu Junyue were all present. The originally beautiful woman, however, was now tightly hugging Lu Junyue. She looked at Lu Chunqiu angrily and cursed: "You piece of trash, what are you doing, why can't you handle a little kid, and even said that you wanted to throw my precious son into the Extreme Violet Sky Fire Array. I don't care, today I'll fight with my life on the line against anyone who touches my son!"

"Mother, I don't want to go in!" If I were to be burned there for a hundred days, it would be impossible for me to survive. " In front of his own mother, Lu Junyue had a completely different appearance.

Lu Chunqiu's face turned dark, she was originally in a bad mood, but this girl actually called him trash in front of her brother.

"Enough!" Lu Chunqiu pulled Lu Junyue over and slapped his white and tender face until it swelled up half. Lu Junyue spat out a mouthful of blood.

It seemed as though ever since he was young, this doting father had never hit him.

On the other side, the charming woman was also stunned. After a while, she screamed out in pain and rushed towards Lu Chunqiu while dancing in the air.

"You actually dared to hit my son, Lu Chunqiu, you useless trash, I will fight you to the death!" This time, this woman was insane. She even took out her weapon.

Helpless, Lu Chunqiu could only lock her up. A white light pillar completely trapped the charming woman, preventing her from moving. A pair of red eyes stared straight at Lu Chunqiu.

Lu Chunqiu held his son and saw him looking at him resentfully, so she scolded: "Bastard, this is all your own fault. You even made your father and the entire Temple of Heaven lose face for you. Today's punishment is something that you brought upon yourself. You cannot blame others! "

Lu Junyue gnashed her teeth, and said: "Who said I couldn't blame anyone else? When I killed the female disciple the first time, didn't you tell me that with you here, even if I had broken through the heavens, I would still be fine?"

Lu Chunqiu was stunned. He really didn't know what to say about such a foolish son. Lu Junyue was being spoiled by his wife, but how could she not treat as a treasure? A hundred days worth of Extreme Violet Sky Fire Array ...

"Brother, can you throw someone else in and let Jun Yue stay hidden for a hundred days?" Lu Chunqiu said to Lu Zihuan who had been silent the entire time.

Lu Zihuan shook his head, and said: "Stop thinking so much, the entire three thousand great hall are paying attention to this matter. Everyone has their spiritual sense. If we were to be discovered, our reputations would be even worse. "Although my senior apprentice-brother is in closed-door training, he knows as well as the affairs of the outside world."

Speaking of Lu Zihuan, Lu Chunqiu felt a bit of reverence, and said: "I heard that the Second Elder has already passed through the Nirvana Tribulation, what a terrifying existence."

Lu Zihuan nodded. He looked at Lu Junyue with a stern gaze.

"Child, you've screwed up today. However, this is not a good thing for you. Your life has gone too smoothly. There is a tribulation that will allow you to truly mature. "

Lu Junyue did not buy into his trick, and pleaded: "Uncle, I know everything you say, but a hundred days of Extreme Violet Sky Fire Array, it's really hard for me to come back to life! I beg of you, please don't let me die, okay? Uncle, didn't you say before that you would send me to the War God Palace? If I were to enter the Extreme Violet Sky Fire Array, how would I be able to go to War God Palace? Father, Uncle, I beg you all, please think of a way! "

Lu Zhihuan closed his eyes, and said coldly: "My words have already been spoken, there is no way to reverse the situation. Everything that you have today, is all thanks to that Demonic Dragon Hall Master. If you have the guts, kill him during the hundred days of Hidden Dragon Rank battle. Compared to telling me that you're a dignified Eighth Stage of the Divine Martial Stage, you can't even do that! "

Lu Junyue was desperate. It seemed that she had no choice but to go to the Extreme Violet Sky Fire Array.

All of this, was due to the defeat of Long Chen.

He clenched his fists. His bones crackled and his eyes flashed with the light of hatred.

"I must make you taste the cruelest pain in the world, Long Chen!"

Under the surveillance of countless people in the 3000 halls, Lu Junyue was sent into the Extreme Violet Sky Fire Array. This matter happened quickly, and by the time everyone could react, Long Chen had already won.

In the current three thousand great halls, who wouldn't know of the Demonic Dragon Hall Master?

Because of Long Chen's sudden rise to power, the Temple of the Winds, who was originally silent, started to boil over this matter. The female disciples were all terrified. They felt that the relationship between Feng Zhilin and Long Chen was not good, and Feng Ruoyan also had enmity with him. With Long Chen's rapid rise to power, would the future Temple of the Winds be suppressed or even destroyed?

The current Temple of the Winds had encountered the same predicament as the previous Evil Dragon Palace.

And their Palace Master, Feng Zhilin, had gone into closed door training the last time he was humiliated by Long Chen in the Evil Dragon Palace. In two months' time, he actually had not appeared again. This made everyone think that Feng Zhiling had been defeated, and she was too ashamed to meet anyone.

Even the new Hall Master didn't have the face to appear, so Temple of the Winds looked like he was going to be finished. Those who came to please the Temple of the Winds after seeing Feng Zhiling's sudden rise in power all gave him cold glances.

On this day, a fierce wind blew. On top of the tallest mountain in Temple of the Winds — — Aeolus Mountain, a woman dressed in white stood proudly in the wind like a beautiful flower. The strong wind blew her long hair up, dancing with the wind, giving her a sense of beauty.

Her clothes fluttered in the wind, and from time to time, the girl's snow-white skin would be revealed, making people drool.

The young girl was silent. As she looked in the direction of the Evil Dragon Palace, the corner of her mouth revealed a little smile.

"Lin'er", below, was an elegant and graceful woman who flew over and stopped by Feng Zhiling's side. It was Feng Ruoyan. She was looking at Feng Zhiling with awe.

"Have you forgotten what to call me?" The girl in the wind did not turn her head, her voice was truly cold and detached.

Feng Ruoyan shuddered and immediately changed her words: "Greetings, Palace Master."

It was only then that Feng Zhiling was satisfied.

Seeing that she had been silent this entire time, Feng Ruoyan carefully asked: "Hall Master, you have now reached the Eighth Stage of the Divine Martial Stage, and in the entire three thousand great hall's young generation, not many people are your match. If that's the case, since Long Chen made you lose so much dignity, why didn't you choose to take revenge now?"

Feng Zhiling was silent for a moment, and then she smiled, saying: "No, I want to learn from him. I'm going to give him a big surprise. I have to wait. I have to wait for an excellent opportunity. I have to

return the humiliation he gave me bit by bit in front of everyone. "I want to let him know what a nightmare is!"

At this point, she seemed to have gone a little crazy.

Feng Ruoyan said: "It seems that only the battle of Hidden Dragon Rank will give us this chance. That was the place with the most people. "

Feng Zhiling nodded and said with emotion, "That's right. At that time, he would have been the center of attention. At that time, he would have been very proud, thinking he was invincible. Hehe, I will use these four months to prepare the most adequate gift for him. a present that even the Peak of the 9th Stage of the Divine Martial Realm was unable to resist. I won't let him die, but I will make him suffer for the rest of his life. "

Fear grew in Feng Ruoyan's heart, and she took a few steps back.

Just what kind of hatred did she have for Shentu Hong to make this girl go insane? Her hatred towards Shentu Hong, was because Shentu Hong had caused her elder sister's death. And Feng Zhiling ...

She did not understand.

"Do you think I'm a bit too much?" Suddenly, Feng Zhiling turned around. Her eyes were bloodshot, as if she was about to cry. She suddenly laughed out loud and said, "That's right. Sometimes, I am myself too. Just what am I doing? Was I worth it? But when I saw this, I knew I was worth it! "

She gently opened her robes, revealing the ravine on her chest and the two lumps of sparkling and translucent enchanting jade rabbits in front of Feng Ruoyan. Without a doubt, the girl's chest shape was very perfect and moving. Unfortunately, on the top left and right, there were two big words that destroyed her beauty.

Long Chen.

"It's not for anything else, it's just that I want to erase those two words in front of him." Feng Zhiling smiled as if she was talking about something insignificant.

Only now did Feng Ruoyan understand, so these two people actually had such a deep connection.

Feng Ruoyan understood and left. After she left, Feng Zhilin looked at the horizon, there was a black shadow quickly arriving, and after a few breaths of time, a man dressed in black appeared in front of Feng Zhilin. Looking at the lady who had a bland expression, Li Cang's heart was stirred, and he immediately said: "It's been a long time since I last saw wind girl, to have rushed here today, it's about the wind girl's body. Does wind girl still remember me? "

Feng Zhilin tidied up the clothes covering his chest slowly, revealing a slightly exposed snow-white skin that made Li Cang stare with widened eyes.

"Demonic Palace Li Cang, who doesn't know you?" Feng Zhiling said in an indifferent tone.

Yes!

Li Cang liked this kind of cold and arrogant woman, it was as if there was nothing in time that could subdue her. If he could ride this kind of woman under his body, it would be even better than ravaging Long Chen. For a moment, even Li Cang's eyes were red.

"Looks like wind girl's body is safe and sound," Li Cang said excitedly.

"You want to fuck me?" Feng Zhiling interrupted his excitement with a few words.

Chapter 1258 - Supreme Trial Tower

Li Cang was almost scared to death by Feng Zhiling's words. He wasn't an elegant person in the first place. In order to make this woman have a good impression of him, he had used a more gentle tone to speak. He didn't expect her to be so direct, even saying the word 'above'. At that moment, Li Cang's blood boiled.

With Feng Zhilin's cold and sharp eyes, he was helpless to surrender. No matter how gentle he looked, Li Cang just stood up straight and said: "You're right, from the first time I saw you, I already knew that you were my woman."

He arrogantly looked at Feng Zhiling, waiting for her to at least react a little bit. Even if she wasn't shy, if she got angry, he could still end it.

However, Feng Zhiling continued to stare at him coldly, as if he hadn't heard a thing.

Impossible! Li Cang thought that the domineering words he said just now would cause most girls to soften. However, Feng Zhiling was like a block of ice covered with thorns, causing him to not know where to start.

"I, Li Cang, am at least one of the young talents in the Three Thousand Great Palace. Although my realm is not at the 8th level of the Divine Martial Realm, I have the battle power of the Eighth Stage of the Divine Martial Stage. I'm qualified enough to be worthy of you." Speaking of his own cultivation, Li Cang was extremely arrogant. He did not know that the girl in front of him was a real Eighth Stage of the Divine Martial Stage.

To him, Feng Zhiling had always been calm. In Li Cang's opinion, this kind of calmness should be an act.

After being silent for a while, Feng Zhilin suddenly said something that made Li Cang unable to calm down.

"As long as you complete one task for me, I will marry you." she said coldly.

"What!" Li Cang was dumbstruck. In the beginning, he only wanted to play with her once, after all, it was not easy to have such an arrogant woman for a long time. Li Cang had already thought too highly of him. Could it be that his charm was even higher than what he had expected?

Thinking about it carefully, if he could get married to such a woman, he would live like a god every day ...

When he thought about that beautiful life, Li Cang's nose started to bleed. He became a little foolish, to the point where he felt that he couldn't hear Feng Zhilin's conditions, and could already hear that she wanted to marry him

"You didn't mishear me, I said. If you do something for me, I'll marry you." Feng Zhiling said word by word.

waved his hand and said: "Who, what are the conditions!"

He also realized that the conditions put forward by this woman wouldn't be easy to fulfill.

Sure enough, the other party was very enthusiastic, so Feng Zhilin spoke out the words that he had long been prepared for: "You killed Long Chen from Evil Dragon Palace, scattering your soul, never to reincarnate again, that's it."

"Long Chen?" It seemed that Feng Zhilin was really resentful towards Long Chen. Li Cang thought about it carefully, Long Chen could be considered this woman's former lover, and he was his new lover. Wanting to have this woman and kill Long Chen, killing his seemed to be within reason. Only, Long Chen had done something important recently. He had two experts by his side ...

Li Cang did not care about all that, and directly said: "To me, this is just a small matter. Don't worry, you will soon marry into my Li Family."

For the first time, Feng Zhilin revealed a smile, that made Li Cang's heart melt.

"But," Li Cang frowned, and said: "That Long Chen seems to have two experts protecting him. If he was hiding in the Evil Dragon Palace, I really wouldn't be able to do anything to him."

"It doesn't matter," said Feng Zhiling. "As long as you have the guts. I've thought of a plan for you."

"What method?" Li Cang was overjoyed. Seems like this girl had indeed fallen for him, even thinking of a way to help him. Wasn't this obvious?

Feng Zhilin's eyes flashed with a cold light, and she took a step back. Li Cang's approach caused her to feel disgust and disgust, and she suppressed it as she said: "A few days ago, Long Chen went to the Full Moon Pavilion and took a copy of the 'Great Chaos Thunder Fist'. I have been busy dealing with Lu Junyue these past few days, and have no time to train. Today, I heard that he had already entered the Supreme Trial Tower and was cultivating the 'Great Chaos Thunder Fist' with all his might. "

Li Cang was suspicious: "Then it will be even more difficult, this battle skill has already been cultivated for a few months, he is curled up there, how am I going to kill him?"

As for killing Long Chen, he was confident in his ability.

Feng Zhiling said: "Have you forgotten that the Supreme Trial Tower has a Level 9 Soul Suppressing Stone, and has the ability to fight against the training room?"

Speaking to this point, Li Cang's eyes lit up, and he clapped. "That's right, first of all, Supreme Trial Tower is different from ordinary trial tower, they are completely automatic controlled. Under the level nine Soul Suppressing Stone, even if I kill him, no one would know. "However ..."

If he wanted to meet Long Chen in the battle of training room, Long Chen would have to at least choose to participate. Furthermore, there were so many people in Supreme Trial Tower, so how could Long Chen's opponent be Li Cang? There was a shadow in Li Cang's heart. Back then, when he was in True Martial Great Hall, he had not been able to fight Long Chen for an entire month!

What they didn't know was that when they thought about this mysterious method, Long Chen had already used this method to kill two people.

Feng Zhiling looked at him with disdain, and said: "A battle skill requires at least three months of training, and the opponent should be the one to train it." For the past three months, you have been waiting inside. Ordinary people would be sparring in the True Martial Great Hall, so the chances of meeting with each other in the Supreme Trial Tower is very high. As long as you have patience, you can wait for three months.

"That's right!" Li Cang suddenly realized that he could actually use this method to kill someone, Feng Zhiling had already considered everything, and was afraid that after he killed Long Chen, he would attract the attention of the Punishment Hall's people, and she would use this method to kill him.

Thinking about it, Li Cang instantly felt that life was actually so beautiful.

He wanted to laugh out loud, but since Feng Zhiling was here, he didn't care. Looking at the cold beauty in front of him, Li Cang was overjoyed. The matter had already been discussed, it should be the time for them to be warm, right? Li Cang approached Feng Zhiling step by step, and said domineeringly: "Lin'er, I didn't think you could think for me. Don't look at how cold your appearance is, you're actually quite considerate towards others."

Feng Zhiling was about to throw up. She thought she was handsome with her ugly face, so she stepped back and said coldly: "Don't think too much. The rules are already set. When you kill him, everything will be yours." I ask you to leave Temple of the Winds now. "

Li Cang was stunned. This feeling of wanting to eat but not being able to, was really uncomfortable. However, thinking about it, such a delicious dish, if he ate it now, wouldn't it be boring in the future? Seeing that he still had to work hard, Li Cang said heroically: "You think too much, how can I be so anxious? Don't worry, just wait for my good news."

"I wish you success." Feng Zhiling sneered coldly in his heart.

"No need to send me off." Li Cang said as he excitedly walked towards the direction of the Supreme Trial Tower.

After he left, Feng Zhiling's expression became indifferent once again.

"I'll give you a present before the battle of Hidden Dragon Rank. If you can't even accept this gift, then you aren't qualified to be my opponent. "

"I am very curious, compared to a true madman like you, who is more crazy in Demonic Palace?"

In fact, Feng Zhiling had an answer in his heart. No matter how strong Li Cang was, he was still terrifying. However, compared to Long Chen in terms of personality, it was like the difference between heaven and earth. Long Chen's aggressive eyes had scared her, but Li Cang was just a crazy clown.

Tearing off her clothes, looking at her tender skin and beautiful curves, her eyes shifted to those deep bloodstains. Feng Zhiling was confused. But it was quickly confirmed.

"Before I die, I must drag him down with me. Otherwise, he will definitely be very lonely!"

"How much time do I have?"

Long Chen had already been in Supreme Trial Tower for three days. Lu Junyue's matter had come to an end. With Nan Gong Lie and Han Yunxing watching from the side of the Evil Dragon Palace, nothing could happen to them. Long Chen focused on training his Euphorbid Finger. Before this, he had also conveniently finished cultivating the valiant and domineering 'Great Chaos Thunder Fist'. With the cooperation of the Golden Thunder Prison Dragon, the power that this fist could unleash, had even surpassed Long Chen's advanced consummate skill, Twenty-Four!

Next, was the time for Euphorbid Finger s.

This was the hardest battle skill Long Chen had ever seen, and he could immediately comprehend and unleash those abilities, but this Euphorbid Finger contained the laws of time, and time was the highest level of rules. Although the creator of the Euphorbid Finger had already arranged these rules to be extremely suitable for Long Chen to train and interact with, it seemed like Long Chen still required a lot of effort to comprehend.

The Supreme Trial Tower was the most suitable place for cultivation. It was a quiet place, filled with the dense Emperor's Spiritual Qi, as well as the cultivation notes left behind by countless of predecessors.

Many experts also went into secluded meditation here.

Moreover, there was still a Level 9 Soul Suppressing Stone here, which could protect one's privacy.

The Euphorbid Finger's cultivation was Long Chen's private matter.

At this time, Long Chen was looking at the forefinger of his left hand.

Back then, the claws of the Great Void Cosmic Dragon had melted into this very place. That Euphorbid Finger should have been used here. If not for the Great Void Cosmic Dragon's claws, Long Chen would never have been able to use a battle skill like the Euphorbid Finger.

This kind of battle skill without any rank had reached the point where it could contain everything. The stronger Long Chen was, the stronger his combat skills. There was no limit to the strength of her Euphorbid Finger and the might of her Euphorbid Finger had far surpassed the Nine Dragons Scripture, which was at the very end.

The mastery of the Nine Dragons Scripture was only a martial art that surpassed divine techniques.

The more difficult a battle skill was to cultivate, the better its effects would be. Furthermore, this Euphorbid Finger was something that someone had prepared for him. It was as if they had predicted his arrival.

"Yu, is the time from the beginning until the end of time. "Extreme Eternal, Eternal of Time!"

Chapter 1259 - Extreme Cosmos

The most difficult part about Euphorbid Finger was not its combat skills, but the rules that contained endless comprehension. That part was simply too far away for the current Long Chen. He could only start from the battle skills. It was as if he had to first take care of the shape of the Euphorbid Finger, and then take care of the Spirit of the Euphorbid Finger.

All forms and gods were indispensable. However, if one really had to choose between the two, then it was obvious that the god was even more important. If there was no God, Euphorbid Finger was just a normal battle skill, at most, it would have the Nine Dragons Scripture.

What was truly outstanding was the god that the Great Void Cosmic Dragon could use its claws on.

Without a doubt, Long Chen who was in a state of cultivation was intoxicated. Because the Great Void Cosmic Dragon's claws had fused into his left index finger, he could only use this index finger to cultivate. As for his right hand, that was naturally used to hold the Crimson Blood Desolate Lands.

After cultivating for ten days, Long Chen had finally reached a basic level of cultivation. However, he was still unable to comprehend anything regarding the gods. The mystical realm described by the Euphorbid Finger felt like time was reincarnation. The historical figures existed at the same time as him, and when everything expanded to the extreme, it would explode, allowing them to walk through the same cycle of reincarnation.

"Just what is this?"

Long Chen felt a headache. He was used to killing in order to comprehend martial arts. This was the style of an Primordial Blood Spirit Dragon. When he came into contact with the Great Void Cosmic Dragon's marvelous dao and miraculous rules, he was unable to change his style for a while. It was obviously impossible to train the Euphorbid Finger as if it was another battle skill.

"He should be changing his way of thinking."

Long Chen continued to ponder.

"The meaning of this paragraph, seems to be that everyone has their own time, basically everyone's time is the same. The only existence that can jump out of this time cage is a Great Void Cosmic Dragon. Time is no longer a constraint, it is an existence without time. "

This was the first time Long Chen had heard that the time they were talking about was actually a cage.

He only believed that space was like a cage.

So time was the same?

"Since we've jumped out of time, what kind of existence is it? It could even make an existence outside of time disappear."

Long Chen was perhaps slightly emotional. From these words, his influence on time in the past had greatly changed.

The Euphorbid Finger could not allow Long Chen to jump out of the time window, but it could allow him to slightly change his own time. Make time pass faster or slower than others. This disorder not only brought with it the difference in speed, but also the power of a law brought about by the power of disorder. This allowed the Euphorbid Finger's power to increase exponentially over time.

The change in time was far more than just a simple change in speed. If it was only a change in speed, Long Chen's golden Thunder Prison dragon would be more or less the same as a Great Void Cosmic Dragon.

In reality, this was also one of the rules of Time Reversal, but the skill Time Reversal existed within Great Void Dragon Symbols. Long Chen did not comprehend it, and only activated it after activating the Great Void Dragon Symbol.

And Euphorbid Finger, would need him to come into contact with such a thing in the initial stages.

On the path of cultivation, the four great foundation realms were the path of strength. He just needed to increase his strength. As for the three Martial Realms, they were all Martial Arts. Once he reached the

two great tribulation stage, what he would comprehend would be the Heavenly Dao. Above the Heavenly Dao was the supreme power, and that was the rule.

Long Chen knew that whether it was humans or demons, or even the divine dragon, they would all become the same existence in the Nirvana Tribulation Realm. Demi-humans were also above the level of demon gods and also in the Nirvana Tribulation Realm. They had to undergo Nirvana Tribulation as well, and thus, their inner strength could also be compared to that of humans.

At the tribulation stage, if one did not study the Heavenly Dao, the demon race would not be able to survive either.

Long Chen was almost at the peak of the realm now. The Euphorbid Finger that he was cultivating with right now could be considered a very shallow power of the laws. This was a power that directly jumped over the rules of the heavens, and if he could master it, it would be of great help to him in the future.

Legend has it that even Ancestral Dragons slowly grew under the laws of Nirvana Tribulation, eventually becoming the peak existences in the history of the Dragon Sacrifice Continent. This was also the reason why Long Chen was able to turn into a dragon when he reached tribulation stage.

"Time belongs to you." Long Chen recalled how it looked like when he used Reverse Time. After using Reversal Time, he suddenly realized that when he executed it, there seemed to be something retreating from his body. This reverse time should be his own time.

This thing was unfathomable and disappeared in a moment. Since ancient times, no one had ever been able to catch it, and as for being able to throw it out of the body, most likely the only existence of the Great Void Cosmic Dragon.

Long Chen didn't need to grab onto it; he only needed to use a transcendent divine soul's power to slightly influence the trajectory of this thing. As its trajectory was slightly affected, Long Chen's time would change slightly. At the same time, he also used the claws of the Great Void Cosmic Dragon to perform the Euphorbid Finger. This was probably the true meaning of the Euphorbid Finger.

When warriors reached the Ninth Stage of the Divine Martial Stage, they would form a Nirvana Golden Ring, which would have the ability to shatter the void, thus achieving the effect of wounding the enemy. Furthermore, it was obvious that time was above space. The Euphorbid Finger was a type of power that made time chaotic.

Long Chen practiced his Euphorbid Finger in the dark training room time and time again. He did not know how much time had passed, nor did he know that Li Cang had already been eyeing him covetously like a tiger waiting for that moment to come. For that cold and proud beauty, he had already sharpened his blade like a pig or sheep.

All these tests made Long Chen feel that he was still missing something. After several days of pondering and using the reverse flow of time, he felt that it was time for him to truly use it, but when it was done, his mind was usually blank.

"Perhaps, the stimulation I need to display will be better for me."

Amongst the Supreme Trial Tower s, he just so happened to have the choice to fight. Long Chen did not transfer to True Martial Great Hall because it was convenient for him to do so. Furthermore, with so many people watching from the True Martial Great Hall, it would be inconvenient for him to train in Euphorbid Finger, so he might as well be a quiet opponent.

Long Chen had chosen the perfect stage of the Seventh Stage of the Divine Martial Stage, this was the peak of what he could handle, the Eighth Stage of the Divine Martial Stage primordial spirit was too strong, it was hard to deal with.

A training room that was at the location of a Middle-aged Fighter met up with Long Chen.

"Is this Demonic Dragon Hall Master? "I have heard a lot about you, I am Hall Master Qingshan!" The middle-aged man cupped his hands and said.

With a peak Seventh Stage of the Divine Martial Stage warrior as the hall master, the Green Mountain Hall should be more powerful than the Evil Dragon Palace.

The other party was also looking for the other party to spar with him. Long Chen briefly exchanged pleasantries, and then the two of them started to fight. This time, Long Chen did not take out the Crimson Sky Kingdom but wanted to test out her Euphorbid Finger again and again. His current Euphorbid Finger, when used, could not bring out even the slightest bit of a god. Any point on the law of time, would only have the power of the battle skill itself.

Hiss!

Without any warning, Long Chen's finger poked out, and a light white ring formed on it, looking very normal, and only the people who truly faced it would know how terrifying it was. Hall Master Qingshan

was about to ask Long Chen why he did not use the Crimson Sky Kingdom. Now, he understood that Long Chen's battle skills were not bad either!

Rip!

At this moment, it was as if something had been torn apart by Long Chen.

However, Hall Master Qingshan did not know what it was. He exploded his powers, as he had just learned a new battle skill and fought with Long Chen. In fact, just like Long Chen, he was also here to hone his battle skills. Only warriors with Sixth Stage of the Divine Martial Stage s and above could enter the Supreme Trial Tower. Most warriors were trial tower s in their own halls.

Long Chen used the Euphorbid Finger unproficiently and fought together with the other party. This kind of strength that he used ruthlessly in actual combat seemed to be more knowledgeable, like the things that he had accumulated in his brain seemed to have loosened a little.

"Fire Cloud Palm!" He had immersed himself in the martial way for more than a thousand years, and once he used this Eight Rank Divine Skill, the entire sky seemed to become like flames, suppressing towards Long Chen.

The Fire Cloud Palm contained the power of the Heaven Appearance Mantra. It formed a suppressive force that came from the heaven and earth. Without the Heaven Appearance Mantra, no one could resist it.

At this moment, Long Chen who was standing there in a daze, indeed felt a fatal threat.

"No!" After facing such a threat, Long Chen's body suddenly felt a great sense of crisis. This made all the pores on his body stand up as he stared at the Fire Cloud Palm that was falling down from the sky.

At that moment when "Eternal Law" was used, Long Chen naturally had to say it as he pierced the sky with the index finger of his left hand. At that moment, he felt as if the bones of his left hand trembled, and an illusory image of a dragon appeared, twisting, and fading into the flow of time.

Time. Time. A river.

Long Chen woke up from his state of chaos and the Euphorbid Finger he hastily unleashed actually sent the hall master flying. He laid on the ground for a long time before he managed to get back up, with a

miserable expression, he looked at Long Chen and said: "What a powerful battle skill. The explosive power instantly flipped me over and I still haven't figured out what it is."

In that instant, Long Chen similarly did not sense anything, nor did he realize the way this power worked. But luckily, he felt like he seemed to be very close to the thing that existed in his body. If he was even closer, Long Chen might be able to change his trajectory slightly.

After bidding farewell to Hall Master Qingshan, Long Chen pondered for three days and three nights, before starting the battle once again. Each and every opponent was placed under his Euphorbid Finger, some were directly defeated by the Euphorbid Finger's external appearance, while some were defeated by the Euphorbid Finger's sometimes unstable attacks. This kind of attack seemed like time was playing a prank on Long Chen.

Time slowly passed while he was wholeheartedly pondering over the Euphorbid Finger. Long Chen did not know how much time had passed, but in any case, it had not even been three months. There should still be two months before the battle of Hidden Dragon Rank.

Chapter 1260 - Heavenly Demon Art

"No, I must train the Euphorbid Finger to the first stage before the battle of Hidden Dragon Rank."

To Long Chen, a five times change in the flow of time might cause five times the lethality, or even more. The power of time could not be so simple.

"The Primordial Blood Spirit Dragon isn't weak at all. Looking at it now, although I have received four tenths of its blood essence, I seem to have yet to come into contact with the dao of the Primordial Blood Spirit Dragon. Maybe my level is too low right now, so I should wait until I reach the tribulation stage, then I will begin to comprehend its rules."

The Primordial Blood Spirit Dragon was not only one of the Ancestral Dragons, but also one of its most powerful bloodlines and laws. Bloody slaughter!

Every three days, Long Chen would take on an opponent. This kind of progress made Long Chen excited. He felt that he was rapidly climbing, and after two months of non-stop cultivation, he seemed to be very close to the first stage. However, he seemed to be a bit off.

The help Long Chen received from the battle became smaller and smaller.

Long Chen was prepared to continue pondering for a while longer before leaving Supreme Trial Tower. After all, it seemed that he could no longer receive any help here.

This time, Long Chen still chose to duel in a random manner. He lowered his head, and was thinking about the Euphorbid Finger's matter, when suddenly, a burst of killing intent came out. He raised his head, surprising Long Chen, who would have thought that his opponent would be Li Cang. 'It's really like a ghost that won't leave!'

When he saw Long Chen, Li Cang simply couldn't stop grinning from ear to ear. In these two months, he had almost become a fool waiting for him, and finally, the heavens gave him this chance. It could be said that for the sake of giving Long Chen a chance to battle, he had waited an entire three months.

Now that he saw Long Chen, he was overjoyed, and almost cried tears of joy.

Today, he would kill Long Chen. When he returned, he would rush to Temple of the Winds and push down that cold and proud woman.

It was nothing compared to conquering this kind of woman, which made Li Cang even more excited.

"Long Chen, haha, Long Chen, I've been waiting for you for an entire two months now, is it finally my turn to take action? The heavens have opened their eyes." Li Cang laughed and walked towards Long Chen step by step.

Long Chen was a little speechless towards this guy. Because of the matter with Feng Zhiling, this guy had been waiting here for two months? This was too ridiculous. He still didn't know about the deal between Feng Zhiling and this guy. In Long Chen's mind, Li Cang had already become a vindictive villain. If he didn't kill him, he would definitely tangle with him.

The problem was that Long Chen was alarmed, this was the Supreme Trial Tower. Although there was a Saint Soul Transformation Jade, he was not sure if Han Yunxing and Nangong Lie were within a hundred mile radius. If he wasn't there, today would be a tough battle with very little chance of winning.

Long Chen realized a type of danger.

After returning from the Grand Moon Demon World, with the protection of Nan Gong Lie Han Yunxing, Long Chen rarely felt this sense of danger, and never felt this sense of danger from others. However, Li Cang's appearance at this moment activated that sensitive nerve of his.

Long Chen understood, from Li Cang's eyes, it was likely that today would be a tough battle.

He might not even win!

At this time, the Euphorbid Finger matter had already been quietly thrown to the back of his mind. How to deal with Li Cang, had become the crux.

Long Chen looked at him with incomparable indifference.

In this independent environment, the power that had been suppressed by Long Chen several times made him laugh heartily, as if he did not care about his own image.

"When you defeated my Demonic Palace's disciple in True Martial Great Hall, humiliated Feng Zhiling, and showed off your strength under the protection of a martial arts fanatic alcoholism, you never thought that such a day would happen to you, Long Chen!"

After waiting for two months, it finally erupted. Li Cang had a lot of things to say, he laughed out loud, and with a sinister look, he roared: "Retribution for this, exists! So I appeared in Supreme Trial Tower, Feng Zhiling was indeed not bad, she knew that I would definitely meet you. "She is really a considerate and attentive woman."

Long Chen didn't speak and adjusted himself to his most perfect state.

His fighting spirit gradually surged in his heart. He knew that he no longer had a way out, and the only way out was to fight to the death! Fight to the death!

Only in a battle to the death could there be a way out!

Seeing Long Chen's vigilant look, Li Cang was extremely pleased with himself, as if he had snatched a woman away from her. He boasted loudly, "Actually, I'm not such a fussy man. It's just that Lin'er told me that if I kill you, she'll marry me. I naturally cannot let such a good woman go, so, if you die, I, Li Cang will let you down, okay? "

So it was like that, Long Chen sneered in his heart, seeing that woman, he did not know how to repent, but he had to treat her well.

Of course, he had to survive through tonight as well.

Long Chen really wanted to see what kind of method Li Cang had that was able to kill a Eighth Stage of the Divine Martial Stage warrior! He was also an expert at killing those who were stronger than him. Towards people who were able to kill those who were stronger than him, Long Chen was eager to see what kind of methods they had!

Of course, since ancient times, no one had ever displayed such a level of Fourth Stage of the Divine Martial Realm in such a battle power.

As for Feng Zhilin's marriage to Li Cang, Long Chen knew with just his toes, that this fellow must have been tricked. It would be weird if someone liked Li Cang like that.

After circling around Long Chen a few times, Li Cang stopped in his tracks. His eyes surged with blood as he stared at Long Chen and said: "I can't wait to have I've actually said so much nonsense to you."

When the last word came out, a huge aura exploded from Li Cang's body. Long Chen squinted his eyes, this guy was indeed different from the other Heaven's Arts. There was another kind of aura on his body. It was a black stream of air that surrounded him, causing this man to become extremely terrifying. It was as if there were countless vengeful spirits flying around him.

"This is my Heavenly Demon Art, what? Are you scared?"

The aura from his body released out, making him look like countless number of black tentacles that spread out like octopus. The black tentacles were tangible with attack power, but the smell it gave people was sickening.

"Heavenly Demon Art!" Using the method of sacrificing the soul, I gathered every single specter that was killed by me onto my primordial spirit, and formed a part of my power. The power that these specters used to create their Divine Martial Spirit had a terrifying power that you can't even imagine! You will soon become one of them and be under my control! " Li Cang's face was sinister, the Heavenly Demon Art erupted, and rushed towards Long Chen.

"Humph!"

Long Chen knew in his heart that the Heavenly Demon Art was definitely powerful. But was also not bad, he was also invincible throughout the Seventh Stage of the Divine Martial Stage. Even his speed and body was not something that Li Cang could compare to. He reckoned that Li Cang probably still had some trump cards in his sleeve that allowed his to defeat a Eighth Stage of the Divine Martial Stage. But this was definitely not the Heavenly Demon Art.

Currently, Li Cang appeared to be at the peak of the seventh stage of Divine Martial Stage.

"Heavenly Demon Art, Seven Evils Shattering the Soul!"

A total of seven palms extended towards Long Chen, surging with demonic energy, giving Long Chen an irresistible force. Li Cang thought that he wouldn't even be able to block this move from ordinary warriors of the same level.

This time, Long Chen was not using the Golden Thunder Prison Dragon. Instead, he was taking on a part of the Golden Thunder Prison Dragon's power and characteristics, and using the Great Chaos Thunder Fist!

Although the Great Chaos Thunder Fist was not as good as the Euphorbid Finger, it was still a battle skill that surpassed the Twenty-Four and was also known for its ferocity. Long Chen added the power of the Gold Thunder Prison dragon into the mix, and instantly, the golden lightning fist erupted forth with lightning, all the evil spirits were crushed to pieces by the immense force. Li Cang underestimated Long Chen's strength, and was directly smashed into the wall of training room by the Great Chaos Thunder Fist!

The might of the Great Chaos Thunder Fist, was terrifying to such an extent!

If not for Long Chen accidentally obtaining the Euphorbid Finger, he would have treated the Great Chaos Thunder Fist as a treasure to cultivate.

That kind of explosive and ferocious force was something that he liked from the bottom of his heart.

At that moment, Li Cang's face was already charred black from the explosion.

"F * ck your mother!" Long Chen! " Originally, he was majestic but he never thought that in his first confrontation, he would be stomped on so easily because he despised his opponent. Li Cang was about to go crazy, if Feng Zhilin was by his side this time, he would probably find a hole to hide in.

However, because of this confrontation, he did not dare to underestimate Long Chen.

Li Cang came from a big family, and after he defeated a Eighth Stage of the Divine Martial Stage Ranker, he became so arrogant that all the practitioners in the three thousand hall hated him.

The Great Chaos Thunder Fist had acted in a hurry, causing Li Cang to receive some internal injury. However, it definitely did not affect his fighting strength, and at this moment, Li Cang seemed to have gone crazy.

However, he underestimated Long Chen once again. With such a good opportunity, Long Chen would never miss it.

"Sky Profound Jade Fire Dragon!"

"Ice Armored Vast Ocean Dragon!"

"Eternal Greenwood Dragon!"

"Wind Dragon of the Ninth Heaven!"

When the power of the Divine Dragon converged into the Blood Heaven Desolate Blood, it ignited the hot blood in Long Chen's body. He roared out explosively and with an imposing manner, the halberd in his hands brought about a destructive force that seemed to be able to destroy the heavens and earth, instantly charging right in front of Li Cang, without saying a word, the Nine Dragon Scripture came crashing down.

"You can die now." Long Chen's eyes were incomparably cold and detached.

"F * ck!" never thought that Long Chen would be so shameless, he did not even give him a chance to rest, the anger in his heart had long drowned him out, and concealing himself at this time was equivalent to seeking death. At this moment, Li Cang's only thought was to gather all the power of the Heavenly Demon Art in his body, and with an eighth grade mystical technique, he rushed towards Long Chen to kill him, attempting to block Long Chen's power from the Nine Dragon Scripture.

had seen Long Chen unleash the Nine Dragons Scripture countless times and almost all of them were invincible.
