

War God 1311

Chapter 1311 - Polaris City

Once the Nine Dragon Scripture was unleashed, countless people were immediately scared off. Five divine dragons swept past, just like a meat grinder.

Even if it was the Eighth Stage of the Divine Martial Stage, if it were to directly resist Long Chen's attack, it would be the result of severe injuries, and there wouldn't be the slightest surprise.

Just one move from Long Chen caused a huge hole to appear, allowing him to escape.

"Do you want to come again?" Long Chen coldly snorted as he swept out his halberd. Wherever he went, all the warriors started to retreat in panic, but behind him, there were still many people who rushed forward desperately, causing a chaotic situation that quickly filled up the hole that Long Chen had made.

"How reckless." Long Chen was too lazy to continue fighting with them, the Crimson Sky Kingdom in his hands continuously flashed, his body had turned into golden lightning, and wherever he went, corpses would fall one after another. Without any accidents, Long Chen had used such a simple method, in the midst of thousands of people encircling him, to carve out a bloody path.

At the edge of the thousands of people, there was a ranker who was looking at Long Chen with a terrified expression as he headed in his direction. He remembered Long Chen's appearance, and that was the person from before who wanted to enter the Twelve Imperial Alliance to obtain a pass.

He clearly remembered Long Chen's appearance, but he had never expected that the person he mocked earlier, was actually such a peerless killer god. Thinking of this, he couldn't help but feel fear, if not for the incident with Li Tianji, wouldn't he have died at the hands of Long Chen?

That's right, he was the sergeant that stopped Long Chen in the Twelve Imperial Clans.

Long Chen's speed was too fast, his transformation was too fast, the sergeant did not have the guts to fight with Long Chen at all, so he immediately escaped, but right at this time, Long Chen coincidentally rushed towards him. Seeing that he was familiar with this fellow, Crimson Sky Kingdom rushed forward, and without saying a word, chopped off both of his legs and sent him flying.

The sergeant screamed and fell to the ground, being drowned by even more warriors.

Long Chen spent a very short time to reach the edge. Seeing everyone die by Long Chen's hands without exception, those people who did not care for their lives finally realized that they might not have the luck to compete for this anymore.

Only then did many people have the intention to retreat.

Long Chen was simply a god of death, causing them to feel extremely terrified.

"Surround him!" The thousands of people scattered, and only a few peak Eighth Stage of the Divine Martial Stage warriors grouped together, attacking Long Chen from all directions.

These Rankers were all very old, but all of them were Rankers at the same level as Lu Jin.

If it was in a head-on battle, Long Chen would not be able to defeat this many, and facing off against one would be more accurate. At this time, he also did not want to continue fighting with these people, in order to avoid attracting people from the Ninth Stage of the Divine Martial Stage.

When the group of peak Eighth Stage of the Divine Martial Stage s approached Long Chen, Long Chen exploded forth with the full power of the sixth stage of the Nine Dragons Scripture. The two peak Eighth Stage of the Divine Martial Stage elders were directly blown away by Long Chen, spurting blood from their mouths.

Without saying a word, Long Chen transformed into a streak of golden lightning from the crack, with a flash, he disappeared without a trace.

The few warriors at the peak of the Eighth Stage of the Divine Martial Stage chased after them for a short distance. When they opened their eyes, Long Chen was already gone.

This speed could only be described as incomparable.

Everyone looked at each other in dismay. One by one, they saw the fear in each other's eyes.

"Who is this young man?"

"Who exactly is it? How come I have never heard of such a person! "

"Investigate!" Chase after him! As long as he is still in Tianshu Star City, I will find him! "

"Tianshu Star City is so big, it's easy to hide one person. "9 star primal chaos city, only Star City can treat people like this, go and find them!"

"Investigate this youth's background for me."

Many people had their own gangs. Although Long Chen had escaped, they would definitely not let this matter rest.

Long Chen had only registered at the entrance when he first arrived, but this group of people had their own methods. Before long, they would be able to investigate Long Chen's information. Of course, at that time, Long Chen was still not in Tianshu Star City, so it was not certain.

Li Tianji had seen the entire process of Long Chen's slaughter.

It was impossible to describe the shock in his heart.

He clearly knew that it would be extremely difficult for Long Chen to fight against the Sixth Stage of the Divine Martial Stage back then.

And the current him, was able to easily repel a practitioner at the peak of the Eighth Stage of the Divine Martial Stage. He had already far surpassed Li Tianji, who was at the peak of the Seventh Stage of the Divine Martial Stage.

Li Tianji was already close to the Eighth Stage of the Divine Martial Stage, he had thought that he was a genius, but compared to Long Chen, the difference was really too great.

Li Tianji was equivalent to a genius like Li Cang and the others. He can be considered not bad, as his age is far from Li Cang's.

For a long time, he was very confused.

Finally, Long Chen arrived at the edge of Tianshu Star City, which was already a distance of two hundred thousand kilometers away. It had taken them a great deal of effort to finally arrive at the twelve branch power organizations. Yet, they had now returned to their original locations.

However, this was the only place that could guarantee their safety.

Under the suppression of the Tianshu Star City, it would be good if those profound practitioners with divine intents that were originally one hundred thousand kilometers away could possess divine intents for a few hundred kilometers.

After stopping, Long Chen released Li Tianji from a concealed room in a street.

The purple-haired and purple-eyed Li Tianji looked at the man in front of him whose divine light had been withdrawn and who had already become much more profound. The brat, who originally had not caught his eyes before, now made him feel a sense of reverence.

"Long time no see." Long Chen saw that he did not know what to say, and was the first to speak.

"Yes, long time no see." Li Tianji shivered, his eyes flickered slightly, and said bitterly: "Looks like my big sister wasn't mistaken. Less than a year. You've actually already reached such a level. "

Long Chen nodded and asked, "You know about what happened in Grand Moon Demon World afterwards, right?"

Li Tianji said: "I've asked around for a bit, but I don't know the specifics, my sister is already a World King. But Yang Lingqing had fallen for it. I heard that Yang Lingqing was merged with her soul by the Yang family's heavenly ancestor. Then it was you and my sister who helped. "

"Yang Lingqing is my sister, do you know this?" Long Chen asked.

Li Tianji continued to nod his head with some dissatisfaction in his voice: "I know, I was originally unsatisfied with you, but after hearing that you went to the Nine Hell Demon Area and snatched the

heaven and earth holy fruit away, causing her to recover. Today you saved me, and now I am only grateful to you."

Long Chen still remembered that this fellow was sloppy in the past, he even brought a servant and a servant along. Now that he was alone, he had matured quite a bit.

"Your sister came to find you." Long Chen said.

"What!" Li Tianji was very excited.

Long Chen shook his head: "I don't know about it too well. When I separated with her back then, she said that she wanted to find you. If she was here, after experiencing today's events, he would probably hear your news and rush here. "

"Really?" Li Tianji was very excited, she and Li Xuanji had already been separated for a long time.

"However, staying here is not a good choice. I think they've already started searching for them everywhere. " Long Chen said coldly.

Li Tianji understood this point.

"Oh right, what are you doing here?" Li Tianji was very curious, wasn't Long Chen someone from the True Martial Imperial Palace?

"I wanted to enter the Ancient Era's Remnants to take a look. However, I didn't expect to hear about you when I went to retrieve my pass."

Li Tianji lowered his head and said, "So that's how it is. "Then what's your next plan? Are you going to go get that pass and enter the relic?"

Hearing his words, Long Chen suddenly remembered that his appearance had already been exposed today. As long as he showed his face in the Tianshu Star City, everyone would think that he had taken away the Li Family's property. The Tianshu Star City seemed to be unable to stay any longer.

Li Tianji had also realized this point, and he said apologetically: "I'm sorry, I've implicated you."

Long Chen waved his hand and said: "It doesn't matter, you're Xuanji's little brother, so it's naturally a small matter."

"Then what do you plan on doing next?" Li Tianji asked.

Long Chen thought for a while, then said: "Wait here for a while, if there is no news of your sister, we will head to another Star City."

Li Tianji was startled, and said: "Us? You mean, together?"

Long Chen laughed involuntarily, and said: "Or else? The news of you carrying a great treasure has already been leaked out. As long as you reveal your identity, you'll be in danger wherever you go. Unless you want to leave this 9 star primal chaos city. I can only hand you over to your sister. "

Li Tianji replied with a light "oh".

From the looks of it, the relationship between Long Chen and Long Chen was not ordinary.

That's right, if it weren't for the fact that he was extraordinary, would Long Chen have gone all the way to the Nine Hell Demon Area to obtain the Sacred Fruit for Li Xuanji?

Stealthily glancing at Long Chen, Li Tianji thought, this young man shouldn't be his brother-in-law right?

However, he still thought highly of Long Chen's character and strength.

As such, his opinion of Long Chen became even better.

"Then we'll wait here for a few days. If there's no news, we'll go to the Polaris City. That's the place controlled by the Twelve Imperial Alliance, and it's the biggest Star City." The Polaris City was much more beautiful and spacious than the Tianshu Star City. At the same time, the ruins they controlled were also the second largest ones in the 9 star primal chaos city.

"Polaris City?"

Long Chen pondered for a bit, the ancient ruins in the Tianshu Star City was the Ancient Dead Spirit Abyss. He did not know what was over there, but since it was called the second largest relic, it was obvious that the larger the location, the higher the probability of Great Void Cosmic Dragon blood essence appearing.

In that case, so be it.

Long Chen did not stay where he was. In the past few days, he had always been moving around Tianshu Star City, observing the situation. As expected, there were a lot of people searching for information on Long Chen.

Ten days later, there was still no sign of Li Xuanji.

It was probably because the people here had sealed off the news and did not spread it out.

So, Long Chen and Li Tianji will go to the biggest Polaris City!

Chapter 1312 - Inverse Gods

The Polaris City was located in the center of the western part of the Nine Star Chaotic City, while the Tianshu Star City was at the edge of it. It would take a long time to get there, so in order to save time, Long Chen made Li Tianji stay in the middle of the Great Void Realm, continuing his journey at full speed.

His physique was strong, so he had a very strong advantage in terms of endurance. Thus, he was able to maintain a relatively high speed and follow the direction that Li Tianji pointed to and progress quickly.

Amongst the two enormous cities, there was an endless wilderness. In the wilderness, there was nothing at all. Along the way, Long Chen encountered many battles, some because of hatred, some because of benefits.

This was the main theme of 9 star primal chaos city. Most people would choose to return after living here for a period of time. Compared to this place, the True Martial Imperial Palace was far too peaceful.

"Don't worry, Polaris City is the biggest Star City of the Twelve Imperial Alliance. Its management is relatively strict. Furthermore, that's the headquarters of the Twelve Imperial Alliance. No one would dare to lightly move there to touch the brows of the Twelve Imperial Alliance. " Li Tianji explained.

After spending more than ten days on the road, Long Chen finally saw a huge and magnificent city in the distance. This Star City looked like a gem shining brightly under the starlight, so beautiful that it would cause people to suck in a breath of cold air.

This was the first time he had seen it. This proved that there was still some distance between him and it. However, he felt that the Polaris City was much more beautiful than the Dubhe Star Vein. If the Tianshu Star City was a vulgar and dirty burly man, then this Polaris City was a beautiful young lady.

The starlight in the sky gathered above the Polaris City. As they got closer, Long Chen discovered that it looked more peaceful and beautiful, even more beautiful than the cities outside the Nine Star Primal Chaos City.

Under the starlight, the Polaris City was sparkling and translucent as streams of light revolved around it.

When he truly came closer, Long Chen was once again stunned by the huge power of the Polaris City. This was the first time he had seen such a terrifying city. I heard that there are countless explorers in the 9 star primal chaos city, but there aren't that many in the wilderness. It turned out that they were all gathered in Star City.

That's right, the most important place in 9 star primal chaos city was the ancient ruins, and this was the place to go straight to the ancient ruins, and also the place to rest and recuperate after the war.

There was no one guarding the Polaris City. There weren't even any walls, so everyone could freely enter or leave. At this time, Long Chen had already let Li Tianji out, and this was the first time he had come to the Polaris City. Compared to this, the Tianshu Star City was like hell on earth.

At the same time, the smell of blood was not as thick here. The surrounding people all looked indifferent and alert, but at least they didn't take the initiative to kill anyone.

The entire Polaris City was enveloped in stars.

Long Chen realized that he seemed to be walking inside a gem.

The entire Polaris City had countless of crisscrossing streets and countless of buildings. Even though the Polaris City had already squeezed in countless of people, there were still a lot of empty buildings.

"We have no knowledge of this Polaris City at all. Are we going to the headquarters of the Twelve Imperial Alliance to obtain his passage?" Li Tianji asked.

"Wait a moment." Long Chen brought him to and fro before finally arriving at a secluded place. The Spirit Devouring Demon Pupil looked at the exquisite little courtyard in front of them, and saw a middle-aged warrior practicing martial arts.

Without saying a word, Long Chen rushed in and punched him on the head, causing him to almost faint from the shock, then used soul-controlling technique on him. This warrior only had Sixth Stage of the Divine Martial Stage, it was very easy for Long Chen to control his mental will.

Actually, Long Chen did not have any ill intentions, he was just asking a question.

After a while, all he wanted to know was enough.

"This Polaris City is very big, divided into inner city and outer city. Now we are in the outer city. The inner city was the headquarters of the 12 empires, and only the core members of the 12 empires were allowed to enter. The management is so strict that flies can't get in. However, in the outer city, there was a branch power organization set up by the Twelve Imperial Clans specifically designed to allow people to obtain their passage tokens. We can go to this place." Long Chen let go of the warrior, and the two of them walked towards the branch organizations set up in the outer city.

"Aren't you from the True Martial Imperial Palace? With your current strength, you should be considered a core member of the True Martial Imperial Palace. Entering the Twelve Imperial Alliance's headquarters shouldn't be a problem, right?" Li Tianji asked.

Long Chen on the other hand, understood that if he had already entered the War God Palace, with his identity as a War God Palace, entering the Polaris City wouldn't be a problem, but right now, there didn't seem to be anything that could prove his identity. He had not received the news of being arranged to enter the War God Palace.

Therefore, this was a problem.

Fortunately, the outer city also had a Twelve Imperial Alliance.

Long Chen and Li Tianji inquired along the way. As they headed towards the twelve branch organizations, they were able to see the tall city walls of the inner city from afar. They were over a hundred meters tall and there were many strong warriors guarding the walls.

After a long time, the two finally got close to the branch office. Star City was truly big and painful, one couldn't travel at their highest speed. From the outside of the city to the inside of the city, the time spent was even greater than in the Wasteland.

Luckily, they had finally arrived.

Long Chen had already seen that there was a cylindrical structure standing in front of him.

The closer they got to this place, the more people came and went. It was almost completely filled with people. There were many shops on the street, some for sale, some for sale, some for sale, and some for recycling. In addition, wherever there were people, there would be pleasure, not to mention these heroic warriors.

Restaurants, brothels, etc. They were everywhere.

An ordinary restaurant could only be opened by someone with a huge background. Otherwise, it would have been closed down in a few days. As for the women in the brothels, they all had their own cultivation bases. Otherwise, the average martial artist wouldn't have liked them.

Long Chen's heart had calmed down a long time ago, and did not care about these things.

Lifting his head, he saw that in the middle of the twelve branch power organizations, there was an enormous restaurant. It was incomparably luxurious, and its height was around the same as the twelve branch power organizations.

For some reason, Long Chen felt that there was something in this place called 'Polaris Restaurant' that confused him.

Since he had to pass through anyways, Long Chen decided to continue walking in that direction.

Polaris Restaurant was normally very lively. Because of their background, basically no one dared to cause trouble here, but today, the restaurant was not open for business. Only a few people from the highest levels of the restaurant were present.

In the exquisite and luxurious room, half of Polaris City could be seen through a window.

In the room, there were two people first. One of them was a middle-aged man with a rather tall and sturdy stature. His clothes were gorgeous, and they were all precious materials. Although he had a fierce-looking face, his gaze was very gentle. At this moment, he was gently looking at a woman in front of him. She was wearing a purple dress and had a graceful figure.

Judging from the outline, it should be very beautiful.

The woman was in a trance.

He did not look young, and there were even a few who looked like old men. However, their bodies faintly revealed the aura of a super strong expert, and if Long Chen was here, he would realize that these ten old men all had the strength of Hall Master Xuanming's, and their Peak of the 9th Stage of the Divine Martial Realm's!

Clearly, these ten people were the guards of the burly, middle-aged man.

Someone with such a scale of guards must have a very high status in the Polaris City.

"Miss Li?" The middle-aged man reminded him.

"Hmm? What's the matter?" The woman came back to her senses. She no longer looked out the window and softly said. Actually, it was just a habit. She couldn't even see what was outside the window. He could only use his suppressed spiritual sense to sense it. This had a huge impact on her combat ability.

The middle-aged man laughed awkwardly, and said: "Hmm, you think this Polaris Restaurant is okay?"

The woman nodded and said, "It's a pretty good place."

The next moment, the middle-aged man could not find a topic to talk about. He was somewhat anxious, and looked so embarrassed that he might as well be a young boy. After a long while, he finally said, "Don't worry, I have already arranged for people to look for your brother. "My sect is the strongest sect in the Twelve Imperial Alliance and its influence spans the entire six great Star Cities. With just a single word, I can bring your little brother to you in less than half a month. You can rest assured."

"Thank you, Brother Lin." The woman said with heartfelt gratitude, but her voice had a natural calmness and indifference to it. This caused others to feel a sense of distance between them, as if this young girl was too high to reach.

The middle-aged man became anxious and suddenly said excitedly: "Miss Li, you might not know about the prowess of my Inverse Divine Sect but the outer cities of the Polaris City are basically being taken care of by my Hierarchy of the Converse Gods. No matter what happens, it will not escape my notice. "One of the rewards for the event, I think there will be something that can cure your eyes. At that time, I'll get it for you."

Seeing that the man was so excited, the woman felt bad and quickly said: "Thank you, Brother Lin, but I have my own ways with eyes." "I won't trouble you then."

When the middle-aged man heard this, he was slightly infuriated. Just as he was about to continue speaking, a clamor came from below.

Chapter 1313 - Beauty Li

The activation of the Soul Eye Technique was partially related to one's spiritual sense. If it was outside of Nine Star Chaos City, when Long Chen unleashed his full strength, he could practically spread over a hundred kilometers of his divine sense. However, in the Polaris City who was under enormous pressure, he did not have such a terrifying ability.

He was still quite a distance away from the Polaris Restaurant, and when he first noticed it, it was just an intuition. However, as he brought Li Tianji closer, the excited feeling in his heart became much stronger.

"Long Chen, what's wrong?" Seeing his emotional appearance for the first time, Li Tianji could not help but become suspicious.

"I found the man you were looking for."

Long Chen revealed a knowing smile, he did not expect that everything would go so smoothly, he had just arrived at Polaris City, and coincidentally met her here.

This could only be considered fate. If there was a slight difference in time, then they might not be able to meet each other.

How old is the Polaris City? Even for warriors like Long Chen, who were almost gods in the eyes of ordinary people, it would take a very long time to get from the edges of the formation to the center. Actually, this was not the center. The true center was the inner city of the Twelve Imperial Alliance.

"Hmm? The person I am looking for?" Li Tianji was a little confused.

He had long since made his preparations to follow Long Chen for a very long time.

Very quickly, the two of them were below Polaris Restaurant. Raising their heads, they saw that this restaurant was very high, almost reaching the clouds.

What made Long Chen surprised was that this place, which should have been bustling with noise and excitement, was now devoid of people. Only at the entrance of the restaurant, there were quite a few warriors dressed in black, standing there with extremely gloomy and rebellious expressions, using their ice-cold gazes to scan the crowd who passed by.

There were about a hundred warriors in this group. The weakest among them was actually at the peak of the Seventh Stage of the Divine Martial Stage. Among them, there were a few who were at the peak of the Eighth Stage of the Divine Martial Stage, looking like they were the leaders.

Such a group of people were actually standing here guarding the door.

It had to be known that the peak of the Eighth Stage of the Divine Martial Stage was already considered a super strong warrior in many places.

This proved that, what level of strength did those people have?

At this time, Long Chen's Soul Eye Technique had already analyzed the entire building. There was a lot of space inside, but it was already empty.

Only the topmost floor had a dozen or so people, and among them was the person Long Chen was looking for. As for the others, looking at the pressure exerted by the Divine Martial Spirit, each and every one of them was actually in no way inferior to the characters of Hall Master Xuanming and Lord of the Berserk Demons.

There was only one person sitting opposite of the young girl, whose strength was about the same as her. It was someone who had just entered the Ninth Stage of the Divine Martial Stage.

In reality, there was still a slight difference when it came to Peak of the 9th Stage of the Divine Martial Realm. For example, there was a huge gap between the strength of Hall Master Xuanming and that of Han Yunxing and Nangong Lie. Even if three or four Hall Master Xuanming s added up together, they still might not be Han Yunxing's match.

Han Yunxing and Nangong Lie's group were extremely close to the Nirvana Tribulation Realm. It could be said that they were already waiting for the arrival of the Nirvana Tribulation Realm. Once they arrived, they would be able to survive and become warriors of the Nirvana Tribulation Realm.

This kind of martial artist could be distinguished from the ordinary Peak of the 9th Stage of the Divine Martial Realm. In the world of martial arts, they were called Perfection of the Martial Dao.

It was not a perfect state for Divine Martial Stage, but a perfect state for the entire course of martial arts.

After the martial dao was the Heavenly Dao.

Han Yunxing and the others had already made initial contact with the Heavenly Dao. There was an intrinsic difference between the Divine Martial Spirit gradually condensing into a Dao Seal and an ordinary perfect Ninth Stage of the Divine Martial Stage. In terms of battle strength, there were great differences.

But no matter what, to have ten Peak of the 9th Stage of the Divine Martial Realm warriors to guard them, this kind of person, this kind of level of three thousand hall was impossible to exist, only the people from War God Palace would have it.

"How can she be with such a person?" After realizing this, and seeing the scene before his eyes, Long Chen suitably restrained his excited heart and calmed down.

This was 9 star primal chaos city, even if they knew she was here, they couldn't act rashly.

Li Tianji stopped right after him and panted heavily as he asked Long Chen: "What happened?"

He also possessed the Soul Eye Technique, but at the same time, he was being suppressed here. At the same time, he did not pay much attention to the top floor of Polaris Restaurant.

In front of the Polaris Restaurant, over a hundred guards stood there coldly. There were also some blind people who wanted to enter the Polaris Restaurant, but after a short while, they were taught a terrible lesson, almost to the point of being crippled.

Long Chen squinted. It seemed that the person with her held a lot of power in the Polaris City.

At this time, the hundred over guards also noticed Long Chen, the two people who were stopping in front of Polaris Restaurant. In an instant, a dozen or so warriors rushed over, and one of the leaders said, "Polaris Restaurant, it's not open for business today. Get out of here. If you are one step slower, I will take your life! "

The other party was incomparably domineering. Just as he finished his sentence, he made a move to expel him.

These few people, their strength were all at the peak of the Seventh Stage of the Divine Martial Stage, and the ones talking to Long Chen just now were all at the early stage of the Eighth Stage of the Divine Martial Stage.

Long Chen had no intention to fight with them, but the other side was full of force, chattering non-stop, and was about to expel them.

Long Chen pondered for a moment, then suddenly made a move. With his current strength, in a few breaths time, all the black robed warriors fell to the ground, one after another, losing their ability to fight.

Since Long Chen wanted to make a move, it was always more serious.

This commotion naturally alerted the other members of the sect.

More than a hundred people shouted in anger and charged towards Long Chen. In their eyes, in the outer city of Polaris City, they actually dared to fight against the Inverse God Cult.

When he heard this word, Li Tianji first thought back to it, and his expression immediately changed greatly as he shouted, "Let's go! "The Inverse Gods Sect is the strongest power in the entire Twelve Imperial Alliance. Other than the Imperial Alliance, not even the people from the Twelve Imperial Alliance would be able to do anything to them. This Outer City is even more so the territory of the Inverse Gods Sect!"

Long Chen had suddenly offended someone from the sect, so he ended up dying a horrible death.

"No need." Long Chen waved his hand, signalling for him to be quiet. Even though there were hundreds of warriors surrounding and attacking him, Long Chen remained indifferent and calm.

He stretched out his hand and pointed towards the sky ...

At this moment, a few figures descended from the sky. Most of them were men, and their strength was as powerful as the deep sea, making them unable to see through them.

However, the moment Li Tianji raised his head, he was still stunned.

In front of him was a young lady wearing a purple dress. He had taken off his cape, and her long, dark green hair was like a waterfall as it gently fluttered in the wind. Her delicate and smooth skin was like the most beautiful white jade in the world under the illumination of the light. His figure was graceful and graceful, with undulating waves, causing people's eyes to be unable to forget about his.

She was a perfect woman. The only pity was that her eyes had lost their luster.

Li Tianji was dumbstruck. He suddenly realized that his throat was dry and he couldn't say a single word. This was something that he had imagined for a long time, but he hadn't expected it to happen right after he arrived in the Polaris City.

Li Xuanji was the same.

Below the tall building, she could feel the commotion below her. The blood ties between them were extremely strong, and she quickly realized that the one participating in the commotion below was her little brother!

Of course, the person she discovered first was Long Chen. She had interacted with Long Chen for a period of time, and there was even a period of time where Long Chen would carry her on his back everyday. Naturally, she was extremely familiar with his aura.

Li Xuanji's excitement was about the same as Li Tianji's.

After separating with Long Chen, she found two of Li Tianji's servants and found out that Li Tianji had come to the Nine Star Primal Chaos City alone. He had hidden his name in order to raise his strength and take on the responsibility of being the successor of the family in this intense environment. It was because of his concealed name that Li Xuanji had not been able to find him here even though he knew of it.

Half a year later, Li Tianji suddenly appeared in front of his eyes, and even went along with him.

"Stop!"

At this time, those hundreds of warriors were still fiercely fighting with Long Chen. "Stop!" The burly, middle-aged man dressed in luxurious clothing shouted. Everyone immediately stopped and retreated behind the man in luxurious clothing. He stood there respectfully, not daring to make the slightest movement.

Long Chen then looked at Li Xuanji.

Of course, Li Xuanji hadn't seen her brother for a long time, and now that he was finally alive, someone as quiet as her, at this moment, she couldn't help but hug Li Tianji with her eyes completely red. The two of them didn't talk much, and whispered intimate words to each other.

"I thought I'd never see you again." Li Tianji said as he wiped his excited tears.

"Who said that?" "Impossible." Li Xuanji looked at him intimately.

"Your eyes?" Li Tianji obviously noticed that something was amiss.

"We'll see." In this period of time, she had changed a lot. At this time, Long Chen had already walked over to their side, and seeing her again, Long Chen's heart was filled with mixed feelings.

"Long time no see."

This time, it was Long Chen who said these words.

Hearing this, Li Xuanji revealed a knowing smile. Although she didn't say anything, but Long Chen understood her heart, and there was no need to say anything more.

This small detail was seen by the burly middle-aged man by the side. A trace of ill intent flashed in his eyes, but he quickly covered it up, and when he walked over, he laughed heartily. He stood next to Li Xuanji and laughed heartily: "Miss Li, who are these two people? Why didn't you introduce it to Brother Lin? "

This middle-aged man's identity and status were not simple, Long Chen did not really understand how Li Xuanji came to be together with him, but he was not in a hurry, Li Xuanji would explain everything later.

Chapter 1314 - Who is the Brother-in-law

From Li Xuanji's minute movements, Long Chen could tell that she wasn't as familiar as he seemed to be with this ' Brother Lin '.

Seeing him walk over enthusiastically, under the pressure of helplessness, she could only say: "This is the little brother I am looking for, Li Tianji. As for this one ...

Looking at Long Chen, she hesitated for a moment before saying, "This is my good friend, Long Chen."

Hearing the three words "good friend", the tall and sturdy middle-aged man heaved a sigh of relief, and said: "So it's Miss Li's little brother and friend. It's really my pleasure to meet you, my name is Lin Yishen. "It's someone from the 9 star primal chaos city."

Before Li Xuanji could say anything, he said passionately: "Haha, today is truly a day full of surprises. I was about to help Miss Li find you, I didn't think that you would directly come to this place. It seems like you two siblings haven't seen each other for a long time. I am the landlord, and today, you let me be the host.

Long Chen looked up and down at this Lin Yishen. Although this guy's age was much older than Li Xuanji and her cultivation could not be considered outstanding, his status was very high. He seemed to be interested in Li Xuanji, no wonder he was hostile towards him.

"Forget it. We won't bother you any longer." Li Tianji was not stupid. Although this guy had to have a lot of status, he was thousands of miles away from the image of his' brother-in-law '.

Hearing Li Tianji's words, Lin Yishen's expression did not change, and said: "How can I forget about it, I already have a very deep friendship with my Miss Li. In this Polaris City, at least I, Lin Yishen am still someone. Miss Li, you wouldn't not even give Brother Lin face, right?"

Lin Yishen was proficient at this, and was an expert at it.

If he said that, and Li Xuanji still rejected him, then he really wouldn't give any face at all. He was kind enough to hold a welcoming reception for your little brother, and yet he still refused when he said this. This is absolutely a slap in the face.

Li Xuanji knew that Long Chen and Li Tianji didn't really like this man, it was just that she was a little worried about him, which made things a little difficult for her.

"Brother Lin is personally inviting me to a banquet, how can I not go?" "Lead the way." Long Chen suddenly interrupted. In reality, Li Xuanji and Li Tianji had listened to him.

"This little brother Long Chen is sensible. Miss Li and Brother Phecda, please come with me." Lin Yishen laughed, with elegance, he led Li Xuanji to take the lead and left, the ten Peak of the 9th Stage of the Divine Martial Realm warriors slowly released their pressure on Long Chen, following behind the group.

On the Polaris Restaurant, Lin Yishen invited Long Chen and the other two to a feast with the highest quality. There was also a dancer dancing. All the dancers were martial artists. Her movements were graceful, far surpassing that of an ordinary dancer. Her performance was pleasing to the eyes, making one unable to forget her beauty.

After that, there were many other performances.

During this period, Lin Yishen kept talking to Li Xuanji and Li Tianji, leaving Long Chen to the side. Lin Yishen's appearance was honest and seemed very reliable. The words he said, were extremely protective and full of gentleness, without a hint of aggressive aura.

From their conversation, Long Chen had some understanding of the Inverse God Sect.

The sect was one of the six western cities. Other than the 12 empires, it was also the original power of the 9 star primal chaos city like the Devil Dragon Hall. It was a native city. Back then, it was the second largest power in Nine Star Chaos City, on par with the Devil Dragon Hall. However, it had once been defeated in battle and had almost been annihilated by the Devil Dragon Hall, rekindling its might tens of thousands of years later. Only under the protection of the Twelve Emperor Alliance did it finally have its current power.

There were a lot of warriors in the.

The number of Nirvana Tribulation Realm Fighters in a sect was equal to the strength of that sect.

Listening to Lin Yishen's bragging, back in the days when the Inverse God Sect was at its most prosperous, there were more than a hundred Nirvana Tribulation Realm s, comparable to half of them. He must be quite strong. The inheritance resources left behind by the ancient times should also be extremely abundant, and it was unknown how much of it they had left behind.

The word "Inverse God" was the word "Inverse God". The personalities of those within the sect were all rebellious and arrogant. However, Lin Yishen was a bit more reserved, as if he was a good person.

The current Fallen God Cult, at its peak, was only around a tenth of its strength. To be able to work under the Twelve Imperial Alliance, in other words, it was a lackey from the Twelve Imperial Alliance. The outer cities of the Polaris City were basically controlled by this sect.

It was no wonder that there were ten practitioners of Peak of the 9th Stage of the Divine Martial Realm protecting Lin Yishen at his side.

As for Lin Yishen's identity, it was obvious that he was the highest ranked person of the sect, the son of the current Hierarchy of the Converse Gods. He was even older than Long Chen had imagined, but his cultivation was not very good, only at the early stage of Ninth Stage of the Divine Martial Stage. It was

precisely because of this lack of talent in cultivation that he was mainly taking care of some trifling matters in the Polaris City.

Seems like, this Lin Yishen has a little brother called Lin Yixian. He is the current Young Sect Leader of the Inverse Gods Sect. His cultivation was much stronger than Lin Yishen's.

After the banquet had ended, Lin Yishen said: "It is a rare occasion for the three of you to meet again. I have already prepared the top three rooms in the Polaris Restaurant for you three so that you can have a good rest and reminisce. "I will take my leave first."

With that, he left without wasting any time.

Although there were no customers in Polaris Restaurant, there were still many servants and maids. Under their lead, Long Chen and the other two went to the place that Lin Yishen had arranged, and after letting the people leave, the three of them sat down.

Li Xuanji's eyes did not recover. Long Chen kept feeling unwell in his heart.

"Are you in a bad mood? That Lin Yishen, I am actually not very familiar with him, but today I am truly sorry. I'm sorry. " Li Xuanji's thoughts were very sensitive, even if he did not look, she could feel that Long Chen was not that happy.

Long Chen was actually annoyed because of something else. Lin Yishen was just hanging him up. Long Chen would not feel uncomfortable with such a small matter. Long Chen did not explain, because there was no need to, he directly asked: "What is your relationship with this person from the Inverse God Sect?"

Seeing that the atmosphere was a little awkward and their relationship a little complicated, Li Tianji coughed a few times, laughed strangely and said: "Do you want me to leave first?"

Long Chen waved his hand, signalling for him to be quiet, and to speak first.

Li Xuanji didn't mind, she continued to speak straightforwardly: "Previously, when I had just arrived in Polaris City, I clashed with an expert stronger than me and was about to lose my life. It was Brother Lin who saved me. In the past few days, thanks to him taking care of me, my injuries have recovered quite a bit. In addition, after he heard that I was looking for my little brother, he even prepared to help me.

"I was almost killed by someone in Tianshu Star City, it was Long Chen who saved me and brought me here. Without him, I wouldn't be able to see you for the rest of my life." Thinking back to what she had experienced along the way, Li Tianji's eyes were slightly red.

Li Xuanji tensed up and asked with concern: "How did this happen?"

Li Tianji said helplessly: "In Tianshu Star City, I met a good brother who traveled together. We have been fighting side by side for more than three months. I trusted him and accidentally let him know my identity. I didn't expect him to have such evil intentions and be killed by me. However, news of me possessing the Li family's property spread out. But it's good now, in Polaris City, no one recognizes me. "

Li Xuanji finally understood the cause and effect of the matter. She was very grateful to Long Chen.

Long Chen's attention was actually not here. Listening to Li Xuanji's words, he finally understood why Li Xuanji had to give him so much face. On the one hand, this old man had indeed helped her. On the other hand, although Lin Yishen could not be considered a genius, the power behind him was incomparably mighty, and was not something they could resist.

Long Chen did not want to cause trouble for Li Xuanji either.

Being able to reunite was a good thing. What about after reunion?

Li Xuanji was mainly here to look for Li Tianji. Now that they had reunited, there didn't seem to be a need for them to stay in a place like Nine Star Primal Chaos City. Previously, Li Tianji was too anxious to get revenge, and thought that this was the place that trained him the most. He could not hold it in for even a moment.

"What are you two planning to do next? Leave this place and return to the Grand Moon Demon World. Or somewhere else. " Long Chen said in a calm voice.

"Then what do you plan to do?" As Li Xuanji sat, her legs slightly bent, and the folds of her long skirt, she drew out a perfect arc. Maybe she was concerned about Long Chen, she was a little nervous and her face was flushed red.

Long Chen didn't want to hide it from him and said: "I want to take a walk around these nine great ancient ruins. "I came to the Polaris City, wanting to enter the so-called second largest ruin in the 9 star primal chaos city to have a look."

Li Xuanji was dumbstruck for a moment, a divine light flowed on her beautiful face, and she said with some regret: "It seems to be a bit troublesome. Recently, something happened in the Polaris City. The entrance to the ancient ruins are now temporarily closed. "

"What!" Long Chen was a little speechless. He hadn't been able to go to the 'Ancient Dead Spirit Abyss' in the Tianshu Star City. Who would have thought that coming to the Polaris City was just another wasted trip?

"Listen to me explain it in detail first." Li Xuanji became quiet and said softly, "It seems like a month ago, a group of Perfection of the Martial Dao experts from the Twelve Imperial Alliance entered the ancient ruins. They had found a treasure map. They had originally been full of ambition, but after that, they found out that most of the items on the map had already been taken. There were only three items left. But of the three items, there were twelve that were to be distributed. This was the first time the twelve powers united. So there is no uniform allocation rule. After a month of competition and discussion, there were no results. Therefore, the Twelve Imperial Alliance came up with a method to decide the distribution of these three things. The first thing that should be said is that these three things are items that the experts of the Nirvana Tribulation Realm would fight over. "

"What method did they use? You need to close the entrance to the ancient ruins? " Long Chen asked. He wanted to enter the ancient ruins the most, so he wasn't interested in those three treasures. What treasure could be more important than what the Great Void Cosmic Dragon left behind?

Chapter 1315 - Eternal Hell

Li Xuanji explained in detail: "Did you know? Amongst the nine great ruins, other than the largest relic controlled by the Chaos Star City, the other ancient relics all had a super powerful restriction array. This restriction array was able to stop warriors above the Nirvana Tribulation Realm, so even if it was the second largest relic, the warriors of the Nirvana Tribulation Realm wouldn't be able to enter it. For countless years, the only people who managed to obtain a great treasure from the inside were all experts of the Divine Martial Stage. However, the competition method of the 12 Emperors was meaningless. The older generation thus focused on the competition between the younger generation.

They like to use young people's battles to reflect the strength of various powers. After all, young people are the future of every power. "

"After two months, every single power within the Twelve Imperial Alliance will send out a small team composed of five youngsters. Everyone's age must be within one thousand years. Because the forces outside of the Twelve Imperial Alliance had helped out when they were searching for treasures according to the treasure map, the outside world received a total of eight squads from the outside world. There were a total of twenty squads, five people per squadron, which meant that when they entered the ancient ruins, each squadron would have a keepsake, and as they searched for treasures within the ruins, they would also engage in a chaotic battle. After three months, the team with the most number of tokens will finally have three treasures. As for the reason why the ancient ruins were temporarily sealed, it was probably to prevent outsiders from participating when the time came. The 12 empires would also send out impartial members to enter the ancient ruins to monitor the various squads. It was to prevent those who remained in the ancient ruins from messing up the competition this time. This can be considered as a secret contest between the Twelve Imperial Alliance. As for the slots for the eight squads, it can also be considered as a consolation to the other powers.

Long Chen nodded. Listening to Li Xuanji's detailed explanation, he understood that if he wanted to enter this Ancient Era's Remnant, the only way was to wait for five months before this event ended.

Long Chen definitely could not wait until that time.

However, the trouble was, other than the Polaris City, the possibility of obtaining the Great Void Cosmic Dragon's treasures was not high in the ancient ruins controlled by the Twelve Imperial Alliance. As for the Devil Dragon Hall's territory, Long Chen did not have the strength to enter.

"If you really want to enter, you can only wait for a month or so and compete for the spot of one of the eight teams. "But you're only one person ..." Li Xuanji said until here, and her heart started to beat faster.

"Can we compete with that?" Long Chen saw a solution. If he could enter, becoming one of the little group would not be a problem. His main objective, was the Great Void Cosmic Dragon's item. Coming here and not checking it out was clearly a pity.

"Of course. As long as they signed up and passed the examination, it would be no problem for them to excel in battle prowess in a few actual matches. It's just that there are quite a few young experts in the Polaris City with Ninth Stage of the Divine Martial Stage s of their own, so it would be rather difficult to succeed. " It was unknown what Li Xuanji was thinking, but her voice sounded a little erratic.

This was Long Chen's style, so he was not afraid just because the competition was strong. He was considering whether it was worth it. It seemed like it wasn't worth it to waste so much effort just to get in. Moreover, he was alone, so how could he form a five-man team?

Did he want to join a team?

"I don't think we should go. The Eternal Hell was known as the second largest ancient ruin, but it was also known as the second most dangerous ancient ruin. Some of them will not even die in battle and will be very difficult to deal with. I heard that there are a lot of Perfection of the Martial Dao warriors who entered there, and if they were unlucky, their corpses would have all been eaten. " Li Xuanji reminded.

"So terrifying!" Li Tianji, who was standing at the side, immediately felt his hair stand on end. In fact, he had also heard of how terrifying this "Eternal Hell" was. The largest ancient ruin in the Devil Dragon Hall was very mysterious. Other than that place, the Eternal Hell was simply a nightmare for many.

Long Chen was shocked by the name of this ruin.

It seemed that he had forgotten to ask what the name of this ancient ruin was.

"Eternal Hell?"

To others, this might be a domineering and terrifying name, giving off a horrifying feeling. But to Long Chen, what he cared about the most was that the Great Void Cosmic Dragon's title was ' Dragon of Time and Eternity '.

So, what does that have to do with anything?

Eternity was worth endless time. Eternal Hell was endless hell.

Long Chen was excited. He felt that the thing that the Great Void Cosmic Dragon left behind could very well be in this Eternal Hell!

In this way, it seemed like he had to participate in the team competition this time. Whether it was to join other teams or think of other ways, Long Chen would need to enter the 'Eternal Hell' for once before he was willing.

"What's the matter with you?" Even though Li Xuanji couldn't see it, she knew the change in Long Chen's thoughts. It was as if he had made a decision.

"I'm going to participate and give it a try. It's not for that prize. I must enter the Eternal Hell for once." Long Chen said decisively.

"Not for the prize?" Li Xuanji was suddenly a little disappointed, but she quickly realised that doing so was the same thing.

Long Chen's thoughts were much faster than hers. He was well aware of the little change in Li Xuanji's mood. Obviously there was something wrong with the prize, he pretended that he did not care and said: "Of course, the prize is still very important. Tell me, what is the thing that all three Nirvana Tribulation Realms want?"

Li Xuanji burst out laughing. She, who had a calm expression at first, now looked really good when she thought of it, which made Long Chen's eyes go blurry as he looked down his fair neck. The blue heart of eternal protection that Long Chen gifted her, she had still kept it with his from the start till the end.

She was smiling because Long Chen clearly knew of her change in mood because of the prize, yet he pretended not to care and casually said it out. She suddenly felt that he was actually quite cute.

Li Tianji was confused by their reactions. He scratched his head and laughed: "Um, should I avoid that?"

No one paid any attention to him.

At this time, Li Xuanji had already begun to explain. "A magic treasure and a celestial spirit."

The innate Tao technique was a battle skill that surpassed the Divine level, it could no longer be considered a battle skill. This was a level higher than the battle skill. Each of the innate Tao technique contained power of the Heavenly Dao, and its might far surpassed that of the Grade Nine Divine Technique. They were the target of the Nirvana Tribulation Realm's warriors.

As for celestial spirits, they were supreme spiritual medicines that had attracted the essence of the world for tens of thousands, or even hundreds, of thousands of years. Every single item was a gem of treasures, and spiritual medicines that could be considered immortal spirits were incomparably precious at the same time. There were Dao patterns on the Dao Artifact, but due to the difference in grade, the immortal spirit attracted the difference in the essence of heaven and earth, and formed a precious Immortal Mark. The Immortal Mark was a type of pattern that was naturally formed between heaven and earth, and it contained a terrifying effect. The more valuable a Celestial Spirit was, the more Immortal Mark would be on it, and it was the same principle as Dao patterns.

If he could consume immortal spirits and increase the effectiveness of his talent, the effect would definitely be able to turn an ordinary person from the Realm of Myriad Kingdoms into a genius of the Three Great Imperial Domains.

The innate Tao technique, immortal spirit and dao tools were all extremely precious.

"I am not very clear about the innate Tao technique among them. I heard that there are two Dao patterns on that Dao item. Many first stage Nirvana stage warriors were fighting for it. As for the Celestial Spirit, I heard that it is a nymph flower with fifty thousand years of experience. There are two Immortal Marks on it. "

Long Chen obviously understood that Li Xuanji was paying attention to this ' nymph flower '.

"What is this nymph flower used for?" Long Chen asked.

"Similar to the Sacred Fruit of Heaven and Earth, it can restore one's physical body, enhance one's aptitude, and transform one's body. However, its effects are much stronger." I heard that with the help of the Immortal Mark's spirit medicine, any injury can be healed under the Divine Martial Stage, let alone two Immortal Marks. "

Long Chen had more or less understood. Previously, he did not care about the three prizes, but now! For the sake of the nymph flower, he had no choice but to go to the Eternal Hell.

The reason was simple. He had promised Li Xuanji before that the nymph flower would definitely be able to cure her eyes.

It could even help Li Xuanji improve by leaps and bounds.

He definitely could not go back on his promise, especially when it came to her. The reason why her eyes were acting this way was because of Yang Lingqing. Whether from the perspective of repaying her gratitude or from the perspective of the relationship between the two, he could not cover this time.

"I want to obtain this nymph flower. Do you think there's any hope? " Li Xuanji was about to say more, but Long Chen cut her off and looked at her with his twinkling eyes.

Long Chen knew that it would be like this, Long Chen's personality was the same. If he knew, even if he was afraid, he would be afraid to go inside the Eternal Hell.

It was just that Li Xuanji was still feeling conflicted in her heart. That is, she knew how difficult the competition this time around would be. As for Long Chen's strength, it surprised her a lot. She had already seen that Long Chen was not at a disadvantage when he fought against the peak Eighth Stage of the Divine Martial Stage. However, there seemed to be a distance between him and the geniuses stationed here by the Twelve Empire.

The 12 empires will leave their top geniuses in the sects. And the weaker ones would probably have already come to the 9 star primal chaos city to train.

Amongst these, there were many who were on par with Li Xuanji.

Seeing her silence, Long Chen laughed: "What I mean is, no matter what, I will go. "You can either wait here for my news or leave 9 star primal chaos city first."

"No." Li Xuanji came to an understanding as she stood up and said, "I have also decided, I want to go in with you. It shouldn't just be you fighting. "

Long Chen was startled.

He hadn't thought that she would actually make such a decision.

"If your eyes aren't good enough, then there's no need for you to suppress your spiritual sense. If you go in, you'll just be blind. I don't think there's a need for that." Long Chen asked worriedly.

"Don't underestimate me. Although I can't see, it doesn't mean that I don't know how to fight." Li Xuanji actually had the same temperament as Long Chen. When he became stubborn, it simply could not be changed.

"Since you want to go in, can I buy one?" Li Tianji was pitiful, but she was completely ignored by the others on the side.

Long Chen was helpless, he was temporarily unable to make a decision, thus he said: "Let's not talk about this first, I am not used to living here, under other people's roof, my heart is not at peace."

"Alright, I will bid farewell to Lin Yishen now." Li Xuanji said softly.

Long Chen laughed, he knew that in comparison to Lin Yishen, she was still on his side.

Chapter 1316 - Mysterious youth

After he finished talking, Li Xuanji didn't have anything to hesitate about. Although Lin Yishen had helped her before, she had her own matters to attend to. She couldn't possibly stay by his side and repay his kindness for the rest of her life, right?

If he had the chance, he would repay the debt.

Long Chen and Li Tianji followed along. At this time, Lin Yishen had not left the Polaris Restaurant, but was in another location. The three of them all had Soul Eye Techniques, so they naturally knew where they were.

Towards the three of them suddenly visiting, Lin Yishen was a little surprised and laughed loudly: "The three of you are looking for Brother Lin, is there anything I can help with? I dare say that in this Polaris City, there are not many things that I cannot accomplish. "

Li Xuanji went straight to the point and said: "I have troubled Brother Lin for this period of time. I am deeply grateful for your care, but, I have already found my brother, so I have no choice but to leave.

These words were within Lin Yishen's expectations. His face became stern and he said unhappily: "Miss Li, what are you saying? It wasn't easy to come to my territory so I'll let Brother Lin properly entertain you guys. It won't be too late to return after a few days. "You're not giving Brother Lin any face at all?"

If Long Chen had not seen how he had helped Li Xuanji before, and if not for the fact that he had a huge power backing him, he would not be so easy to deal with. At this time, he could not help but speak reason, saying, "Since we have disturbed Brother Lin for so long, we have no choice but to feel apologetic in our hearts. "It's not that I'm not willing to give you face, it's just that there are some things that I do need to do. I hope that Brother Lin can forgive me."

Lin Yishen did not even look at Long Chen. Instead, he stared at Li Xuanji with an unsettled expression.

The atmosphere suddenly became tense. The aura of the ten Peak of the 9th Stage of the Divine Martial Realm guards slowly rose, giving Long Chen and the other two a huge pressure.

"Haha, what's there to be nervous about? Brother Lin is just playing a joke on you." Since I'm leaving, I won't keep you any longer. However, Miss Li, there are some things that I wish to discuss with you in private. Don't worry, it won't take up too much time. "

Lin Yishen suddenly laughed and said.

Li Xuanji was in a difficult position.

"Go." Whether it was in terms of favor or strength, Long Chen had no choice but to submit today.

Li Xuanji nodded her head, she and Lin Yishen avoided it for a while. Not long later, the two walked out with a smile on their faces, but Li Xuanji's face was a little ugly.

However, Lin Yishen did not make things difficult for them and allowed them to leave.

After they left, Lin Yishen's gaze gradually became gloomy, so dark that blood would drip out.

"Master Lin, do you need us to kill that brat?" One of the guards stepped forward and said.

"You also think that Li Xuanji will treat that brat with special treatment?" Lin Yishen squinted his eyes and said.

"Everyone understands." The guard said.

Lin Yishen was silent for a moment, then laughed: "Hehe, I, Lin Yishen, am really getting more and more muddled. Today, I actually want to compete for women with a little kid. However, a woman like Li Xuanji is also worth it for me to be like this for her. I just don't know how long she'll be grieving after killing this pretty boy. "

"Then what does Master Lin mean?"

"Let's not kill them first. Bring two people with you and help me monitor them. If they make any movements, tell me everything they say or do, in advance."

"Yes sir!"

The warrior brought his two companions and chased after Long Chen and the others.

"Let's go." Lin Yishen cursed in his heart. The appearance of Long Chen and Li Tianji had destroyed his great plan, which made him extremely dissatisfied. He thought that he would be able to get Li Xuanji into bed within a few days.

When he had first seen this woman on the street, he had been shocked beyond belief, and his heart had been deeply shaken. The first thing she wanted to do was to find a strong and low-profile Ranker in the sect, so that he could clash with Li Xuanji. During the most intense moment of the battle, when Lin Yishen had appeared, he would act as a hero and save the beauty.

It was just that, the appearance of Long Chen and Li Tianji, was simply too untimely.

Li Xuanji was a lot younger than him, but his body had a mysterious and indifferent aura about it, causing him to be deeply intoxicated.

"There really is nothing I can't get that I want!"

Just as Lin Yishen was immersed in his self-indulgence, two figures suddenly appeared in front of the Polaris Restaurant. Instantly, the remaining seven guards noticed them and turned pale with fright. They immediately protected Lin Yishen and surrounded him. The next moment, two figures appeared in front of him.

In the darkness, these two figures were slender, probably a man and a woman. However, the strange thing was that the man seemed to have a black whirlpool on his body, attracting all the light around him. This caused Lin Yishen and the others to not be able to see his appearance clearly, they could only see that he was wearing black silk clothes.

If you looked at it too long, you would even feel like you were being sucked in.

This caused them to be deeply shocked. To be able to do this in front of seven Peak of the 9th Stage of the Divine Martial Realm Warriors was truly not easy.

As for the young girl behind him, she didn't look that old. Her face still had some baby fat on it, and her face was slightly red. She looked very cute, and her petite figure looked pretty good. Since she was already like this right now, when she matured, she would definitely be another top tier beauty.

However, facing Lin Yishen and the rest, she did not have much of an expression on his face.

This girl was still okay, but the one Lin Yishen paid the most attention to was the man whose face he couldn't even see clearly.

"May I ask sire, why are you looking for me, Lin Yishen?" Lin Yishen was a little fearful in his heart, so he did not dare to clash with them first.

"I'm looking for Lin Yixian." The man actually spoke, his voice was much younger than Lin Yishen expected, it felt like Long Chen's voice.

"My brother?" Lin Yishen was stunned, he was actually not looking for him.

The man did not seem to be hostile, so Lin Yishen said: "My brother has already been out for more than three months, but I know that he will be back in about five days."

"Then I'll take my leave first." The black clothed man nodded his head and left in the blink of an eye with the cute and enchanting girl, leaving Lin Yishen and the other extremely powerful guards looking at each other in dismay.

"Master Lin, this young man seems to be from a demon clan!"

After leaving the Polaris Restaurant, the three kept walking. They had probably traveled around a few hundred kilometers, which was quite a distance away from the Polaris Restaurant. There was no shortage of places for people to live in the Polaris City. Long Chen had found an equally exquisite house, and the three of them decided to stay here for the time being.

"What did he say to you alone?" Long Chen endured it while they travelled, but even up to here, he could not help but ask this question.

Seeing that he was a little jealous, Li Xuanji actually felt a lot of sweetness in her heart. She said: "Since he's already out, there's no need to talk about him."

"Sis, just tell me, or else he won't feel at ease." Li Tianji jeered from the side.

Li Xuanji could only say helplessly: "He expressed his admiration for me, but I rejected it. "I owe him a favor, but it has nothing to do with whether or not I have any feelings for him."

Long Chen was speechless, he truly admired Lin Yishen, to be able to laugh after being rejected, his skin was truly thick.

After getting rid of this troublesome person for the time being, the three of them had to plan out what to do next.

"If you want to enter the Eternal Hell, the only way is to become one of the eight teams. Only the sects acknowledged by the twelve emperors had the right to run. Therefore, we must establish a sect before

registering. To establish a sect, one must have a Eighth Stage of the Divine Martial Stage warrior, it's even more harsh in Polaris City, and they need a peak Eighth Stage of the Divine Martial Stage warrior. But luckily, I satisfy this condition. "

Li Xuanji's realm was only at the beginning stages of Ninth Stage of the Divine Martial Stage.

The Thunderheart that Long Chen gifted her last time, had already allowed her to cultivate a ninth grade Refining Body Divine Technique.

"In that case, we have to make a trip to one of the twelve branch guilds." Long Chen decided.

From the looks of it, no matter what, Li Xuanji was going to follow him into the Eternal Hell.

"When your spiritual sense is completely suppressed, can you really fight?" Long Chen was still a little worried. Right now, Li Xuanji was the strongest fighting force out of the three of them, but at that time, it would not be certain.

"Sure." Li Xuanji said without the slightest hesitation.

Seeing that she was so sure, Long Chen was speechless. He actually knew that this woman definitely wanted to fight alongside with him, which was why she was so sure.

In this way, they decided that they would rest for a moment before setting out for the direction of the Twelve Emperor Palaces. As for this small courtyard, it was their temporary base.

Even though his consciousness was being suppressed, his Peak of the 9th Stage of the Divine Martial Realm still surpassed Long Chen's. Long Chen and the others did not have any intention to hide this secret, but to the few warriors who were monitoring them, this was an important piece of information.

One of the warriors passed down the contents of their conversation to Lin Yishen. When Lin Yishen heard it, his expression became somewhat ugly: "I helped you get that nymph flower, yet you rejected me. There are so many geniuses in the Twelve Imperial Alliance. No matter what, they will never be able to match up to you all.

Li Xuanji didn't give him any face, and was actually like Long Chen, which made him angry in her heart.

"Send me a message to the Twelve Imperial Alliance. Speak!"

Under Lin Yishen's guidance, a large net was spread out.

After resting for a few days, the three of them departed for the Twelve Imperial Alliance. The main thing was that Li Xuanji and Li Tianji hadn't seen each other in a long time, so they had a lot to talk about.

These past few days, Long Chen took advantage of the time he had left to wander around the Polaris City for a while, and was quite familiar with the powers and the specific arrangements here. Along the way. They bypassed the Polaris Restaurant and arrived in front of the enormous Twelve Imperial Alliance.

Chapter 1317 - Heart of Despicable People

This place was merely a branch power organization of the Twelve Imperial Alliance.

This place was always the most lively place. At this moment, there were a sea of people in the Twelve Emperor Alliance, and Long Chen and the other two were not weak. They quickly passed through the layers of guards and arrived at the interior of the Alliance. This was a dazzling space filled with countless information.

Long Chen found a place where he could apply to establish a sect and walked inside. After waiting for a while, Long Chen and the other two walked into a secret room. The walls of the room were seven-colored and were extremely chaotic, causing one's thoughts to become a little chaotic.

Seated at the head of the three were three elders wearing long golden robes, all of whom had just entered the Ninth Stage of the Divine Martial Stage. Their expressions were extremely serious, and from the very beginning, they were sizing up Long Chen and the other two.

An ordinary sect wouldn't only have three people. However, we can't all come here to register, can we? Thus, it was normal for the three of them to come at the same time. The three elders didn't suspect anything.

These people were very welcome to form an alliance. As long as they were willing to follow the teachings of the twelve emperors, they could do anything they wanted. Therefore, the process of establishing a sect was rather simple.

After submitting some information, the three old men's eyes swept across the three of them. Li Xuanji's Ninth Stage of the Divine Martial Stage's strength was very obvious, causing the three old men to praise him, but the two men beside them, Long Chen and Li Tianji, made them look down upon him.

"Just fill it in. We'll do it."

Li Xuanji took the information, although she could not see them, filling in the documents was not a problem, they had already long since discussed with each other. As for the current number of people in the gang, they had made up a few more people. Finally, it was the time to fill in the sect's name. Li Xuanji smiled slightly and wrote the three words Evil Dragon Palace.

However, because of their relationship with the Twelve Imperial Alliance, the current Evil Dragon Palace's Hall Master could only be Li Xuanji.

On the surface, in Li Xuanji and Li Tianji's hearts, they knew very well who the hall master was.

"Evil Dragon Palace? The name is not bad, it is a copy of the Devil Dragon Hall, right?" The elder laughed as he collected the items, "You can leave now."

The three of them heaved a sigh of relief after they had settled some matters.

To deal with such a strong power, it would be very troublesome without any favors. For a rebellious person like Long Chen, in order to go to the Eternal Hell, he had no choice but to swallow his words.

The next step was to sign up for the eight teams.

Only by becoming one of the eight would one be qualified to enter the Eternal Hell.

The rules were this. First, during the registration period, there would be people who would test the strength of the entire team. If the standard was met, then the team would be passed first. There would be around one and a half months of registration time. Finally, the number of teams that passed the

examination numbered around 20. After this, there would be an open battle, and of these 20 teams, 8 of them would be chosen to enter the Eternal Hell together with the 12 teams from the 12 Empyrean Terminus.

For this, many young experts from the other five Star Cities had rushed here, all for the sake of becoming one of the eight squads.

This registration could be said to be packed with people.

Therefore, they had to queue up.

Long Chen quickly realized that there was a very troublesome problem, and that was that his team only had three people, while the teams that were prepared to come normally only had five people, and only a team of five could participate in the registration.

"What should we do?" Even Li Xuanji was counting on him.

In this 9 star primal chaos city, there wasn't anyone familiar to battle with. Long Chen thought for a while, and saw that many people were actually forming a group in the middle of the Twelve Emperor's Association. He pondered for a moment, and could only use this method.

Regardless of appearance or strength, Li Xuanji was undoubtedly extremely dazzling in front of everyone.

There were only three people who saw them.

Very quickly, many people came up to talk to Li Xuanji.

Amongst the people who started the conversation, Long Chen chose a pair of twin brothers, all of whom had just entered the Eighth Stage of the Divine Martial Stage, so they could be considered strong in the crowd.

Since this was a temporary combination, there was nothing left to pick.

To be able to be together with a beauty like Li Xuanji, they did not have any complaints. The only thing they were dissatisfied with was that Li Xuanji basically did not say anything, and the core of the group seemed to be Long Chen, this Sixth Stage of the Divine Martial Stage. This made them feel that it was a little strange.

During the whole process of waiting, two men who looked exactly the same kept on talking to Li Xuanji, but unfortunately, Li Xuanji didn't pay much attention to them.

Long Chen was getting a little impatient. If not for so many bird rules, he would have directly charged towards the Eternal Hell.

The queue was very long, and the examination was slower. After waiting for about an entire day, it was finally Long Chen's turn. This round of waiting was undoubtedly long, and many people had lost a lot of patience.

In front of him, three other old men were organizing their registration. However, these three old men were all old women. As he grew older, his looks became uglier and uglier, making it hard to look at him properly. Similarly, they also had rather bad temperaments. As members of the Twelve Imperial Clans, it was normal for them to look down on others. Basically, those who had registered for the competition all scolded them.

"Hurry up and get over here. Don't waste time!" The last group of people had just finished, and one of the three old women pointed, shouting angrily at Long Chen.

Li Xuanji did not say anything, holding the recently completed information, she handed it over.

"Demonic Dragon Hall Team, Li Xuanji, Long Chen" When they saw these words, a cold glint flashed past the eyes of the three old women. They raised their heads, scanned the five people, and finally stopped on Long Chen's body.

"Sixth Stage of the Divine Martial Stage, you do not have the qualifications to register, you can leave."

These words were like a bolt out of the blue for Long Chen and the rest.

Long Chen had been watching them earlier, and many Sixth Stage of the Divine Martial Stage warriors had also gone in. Now that these three people said something like this, they were obviously trying to make things difficult for them.

"There's no such rule, right? I saw quite a few Sixth Stage of the Divine Martial Stage entering just now." one of the twins said unhappily.

Another one said: "Moreover, we only have one Sixth Stage of the Divine Martial Stage, and there are even Ninth Stage of the Divine Martial Stage in the group. No other team would have such strength, right? If it really doesn't work, then this Sixth Stage of the Divine Martial Stage can avoid participating in the battle.

The faces of the three old women became more and more dark as they listened to the shouting of the two. The others all gathered around to watch the fun.

Actually, what the two twins said wasn't unreasonable. No one wanted to make things difficult for them, but they had to make things difficult for their team. Why were they making things difficult for them? "

However, Long Chen didn't say anything, as he faintly understood something.

As for the twins.

"Clap clap!"

Two of the old women had directly sent the twins flying with a palm at a distance. The strength of their Ninth Stage of the Divine Martial Stage had instantly caused them to bleed profusely and they were in a miserable state. Don't even think about getting up until a month later.

"You actually dare to contradict us? I declare that the five of you will permanently lose your qualifications to participate!" Get the hell out of here, or I'll make you guys come in and get out of here!
"The next group, hurry up and come up. If you slow down, you'll end up in the same group as them!"

Seeing the miserable condition the twins were in, everyone trembled in fear. The few people lined up behind Long Chen and the others immediately jogged to the front of the three smelly old women.

"You all ..." Li Tianji could not take this lying down, and was about to flare up, but he was stopped by Long Chen. At this time, Long Chen's face was extremely calm. He pulled Li Tianji and said: "Let's talk after we leave this place."

Seeing that Long Chen was able to endure it, even Li Xuanji was impressed. In reality, even she felt extremely uncomfortable with this sudden blow to her heart.

Pulling Li Tianji, Long Chen quickly left the Twelve Imperial Alliance and followed along.

Out of the corner of her eye, she saw them leave. The three old women let out a cold laugh and continued working.

"This is too much, this is clearly aimed at us!" These three damned old demonesses, their faces are even worse than a latrine pit! " Li Tianji couldn't help but scold the moment he left the Twelve Imperial Alliance.

"Everyone knows they're targeting us, but why?" Long Chen glared at him, then pondered for a moment and said: "I failed today, but I still have more than a month to register myself to do so. Don't be anxious, let's go back first, and then we'll talk."

After walking a few steps and leaving the vicinity of the Twelve Imperial Alliance, Li Xuanji stopped in her tracks. Her expression was somewhat ugly, and even a little gloomy.

"Long Chen, you think it's him?" she said suddenly.

"The only person that we know here is him, and only he has this way of doing things. It's impossible to say that it's not him." Long Chen said expressionlessly.

"I'm sorry, I've implicated you." Li Xuanji lowered his head.

Long Chen stared blankly at her, then laughed. He patted her shoulder, and said: "What are you thinking about? Trouble was always inevitable, but I didn't lose. A shameless old man still wants an old cow to eat young grass? Something's wrong with his head. "Let's see how I deal with him."

Li Xuanji's mood finally relaxed, Long Chen was still clear. This made her feel very comfortable.

Li Tianji looked at them in shock. Only then did he remember what he had said and said angrily, "So it's that shameless bastard? "Damn it, I thought that he was some kind of beast the moment I saw him. To think that this young master had really guessed correctly!"

After this event, in Li Xuanji's heart, it could be said that Lin Yishen's image had instantly fallen from the skies to the abyss.

"No matter what, it's best if he can mediate. After all, he saved my life before." Li Xuanji said in a low voice.

Long Chen stopped and said seriously: "It's not that I want to be a servant to a noble. The scheming of this Lin Yishen far surpasses us. So don't believe too much. Perhaps the matter of him saving you was just a play he had arranged. In the Inverse God Church, he can find someone who can bring you fatal danger easily. What do you think? "

"What do you mean?" Li Xuanji actually understood it. When Long Chen said this, she felt that it was more similar.

"Let's go."

Chapter 1318 - Arrival of the Killer

Outside the Polaris City. The outer city was much larger than the inner city. In the so-called outer city, the buildings that were the most famous were the Twelve Imperial Alliance's branches. However, there was still a place where countless buildings were connected and it was even more grand. That was the headquarters of the Inverse God Sect — — Inverse Temple!

Aside from the experts who worked together with the twelve emperors to guard the ancient ruins, the rest of the experts in the Inverse Temple were also present. The sect master and other warriors of the were normally in closed door cultivation, so the Inverse Temple was currently controlled by Lin Yixian of the Young Sect Leader.

Lin Yixian was a lot younger than Lin Yishen. However, her cultivation far surpassed Lin Yishen's. She was already an expert in Perfection of the Martial Dao, and was very close to the Nirvana Tribulation Realm. Her strength was about the same as Han Yunxing's group.

In reality, Lin Yishen was only the eldest son. If it wasn't for his lack of talent in strength, the so-called Young Sect Leader was him.

In an extremely luxurious palace, with over a dozen beauties serving him, Lin Yishen drank wine and enjoyed himself to the fullest.

At this moment, when he heard about Long Chen and the others' encounters in the Twelve Empire's Alliance, he laughed out loud.

After laughing for a while, he stopped and said somewhat embarrassedly to the few guards at the peak of the Divine Martial Stage, "Am I getting more and more alive? If I were to fight with a little kid, I would be happy to such an extent if I won."

"I can only say that Miss Li is too perfect." A guard who could speak spoke up.

"That's right!" With his status and identity, it had never been this difficult for him to woo a girl. In Lin Yishen's heart, he hated her to the core, and when Li Xuanji had said his goodbyes, he had expressed his love and admiration. However, she had rejected him flatly, not giving him any face at all.

Compared to Li Xuanji, the beauties beside him who could easily strip themselves of their clothes, the difference was just too great.

"All of you, get out." Seeing them flirting around in front of him, Lin Yishen could not help but feel nauseous.

At the same time, his mood that he had gone through great difficulty to recover from, became especially gloomy when he thought of the scene of him being rejected.

"Yi Xian is back. The blood crescent should also be back to the killer who came with him." Help me get the blood moon over here, otherwise we'll kill that Long Chen brat. I feel sick. For a mere little kid from the Sixth Stage of the Divine Martial Stage to become my love rival, truly is laughable. "

"Master Lin, to deal with a little kid, would it be a big deal if we let Blood Moon help? I can just send out a Eighth Stage of the Divine Martial Stage or I can go."

Lin Yishen shook his head, and said: "Your appearance, Xun Ji is very familiar with it, no. "Others might not be confident, but let the blood moon go. He is well versed in the art of killing, and can assassinate a person without any signs of life."

"Yes sir!"

After the guard had left, there were only six guards and Lin Yishen left in the luxurious palace.

Turning around to look, the young man hidden in the darkness appeared once again. Behind him, there was still the same cute and lovable young girl that would cause one's imagination to run wild.

"You!" Lin Yishen really hated him entering without a word. He was a person with great status, so he couldn't be toyed with like this.

"Is Lin Yixian back?" The young man said casually, with just a few words, she had resolved the discontent in Lin Yishen's heart.

"I'm back. You should go find him in the hall of the gods. " Lin Yishen said subconsciously.

"I'm only looking for him because of a deal. "Thank you very much." With that, his figure quickly disappeared from Lin Yishen's sight. The cute girl, although she was not very strong, she was still easily taken away by him.

"What terrifying strength." The nearby guards all sighed in praise.

"How strong is this young man?" Lin Yishen didn't have a good idea.

One of the guards said, "Obviously. He had yet to reach the Nirvana Tribulation Realm. In fact, he looked like he was only an eighth-grade demon god. But I don't know why, but it always makes my heart palpitate. There are not many people who can appear before us like this without a sound. "

"It's fine. Yi Xian can handle it."

Lin Yishen was relieved.

In the Great Hall of the Against God, Lin Yixian was busy dealing with important matters. After the mysterious young man came, he dismissed everyone and entertained him alone.

Lin Yixian's appearance was just like his name. She looked like a middle aged man, but she had an immortal demeanor, long hair that fluttered, and she looked very handsome. She looked even friendlier, but her expression was full of sharpness. This proved that this person was definitely not someone to be trifled with.

However, at this moment, he too felt bewildered by the young experts facing him.

"Who is this Lin Yixian?"

The young expert replied, "Status is not important. I came here today mainly to make a deal with the Young Sect Leader. "

"Please speak," Lin Yixian did not dawdle.

"I've heard that the Young Sect Leader had seen the Nefarious Spectral Demon Ancestral Fire before in the Eternal Hell. I hope Young Sect Leader can tell me the location of this Nine Serenities Devil Ancestral Fire. As for the requirements, Young Sect Leader can ask for it, as long as it's not too excessive. " The young man said.

Lin Yixian squinted her eyes. He had seen the Nine Serenities Devil Ancestral Fire before, so not many people knew about it. For this young man to receive such information, the power behind him must definitely be extraordinary.

Only, with Lin Yixian's style, she would not easily give benefits to others.

After laughing softly for a while, Lin Yixian said: "Even this could be heard, your information is truly well-informed. However, this matter has a special meaning for me. Please forgive me for not being able to tell you. "

The mysterious youth was expressionless as he was shrouded in darkness. Light was being devoured as he calmly said, "Name a price."

Seeing that he was being this direct, Lin Yixian felt that it was enough, and said: "The same Dao Artifact, the same Middle Ancient Dao Artifact with Dao patterns."

Hearing his words, the cute girl opposite of him didn't want to obey. Her originally quiet face turned angry. The voice of the young man beside him chilled as he said, "Your Excellency's appetite is truly huge. It's just a piece of news, yet you want to take a Dao Artifact from me."

"Haha, equal exchange, equal exchange, true and false. If you think it's more than that, then forget about the deal. " Lin Yixian laughed, and said indifferently.

"Dao-seals with Dao patterns are too precious. Looks like Young Sect Leader doesn't have any sincerity left. " The mysterious youth's voice began to grow cold.

"Hmm?" Lin Yixian, who was already at the Perfection of the Martial Dao, felt a chill in her heart.

"At the very least, I need a Dao item. If I don't have a Dao mark, then that's the case." This is already my biggest step back. If this still isn't enough, then I can't make this deal. "

The mysterious youth nodded slightly and said, "Allow me to go back and prepare." After a few days, I will come back to find Young Sect Leader, and ask him to describe the route. If there is any falsehood, I'm afraid my life is not going to be spared. "

After saying that, the youth brought the adorable young girl away from the place without the slightest hesitation.

"Threatening me, Lin Yixian? "Hehe." After the youth left, Lin Yixian laughed loudly.

This mysterious young man actually didn't even understand this point and came to find him for a trade. He was truly a newborn calf that wasn't afraid of a tiger, and in the end, even threatened his own life.

However, Lin Yixian did not know that after she left the Inverse Temple, the teenager that was walking in the shadows had a conversation. The girl pouted and said unhappily: "wolf cub, why don't you just directly pry it out from his mouth? Why are you giving him a Dao Artifact?"

The mysterious youth chuckled and said, "Who said I was going to give it to him? Even if I gave it to him, I would leave it with him for the time being. When I get the Nether Demon Ancestral Fire from the Eternal Hell, I'll just bring it back."

"Oh, oh, so that's how it is." The young girl laughed innocently.

"That's right, wolf cub. In other words, you want to join the team formed by the Desolate Imperial Palace? Those people are all jealous of you. The girl puffed up his mouth and said angrily.

"No, there's no point in being with them. I plan to create my own little wolf. I can't be bothered with them. " The mysterious youth laughed.

"That's good, then Yan Er can be together with the wolf cub." The young girl jumped in joy. He was full of smiles.

The two of them suddenly quieted down. The girl suddenly lowered her head and said: "If only Brother Chen was here, the three of us could go to the Eternal Hell together. We haven't seen each other for so many years, he must be really powerful."

He patted the girl on the shoulder and said: "Don't worry, after I obtain the Nine Hell Devil Ancestral Fire, I will bring you to True Martial Imperial Palace to find him. He should be able to enter the True Martial Imperial Palace. "

"Thank you, wolf cub!" A smile appeared on the young lady's face once more.

Only then did the two of them disappear from the inner city of Polaris City.

At the same time, Long Chen was walking back and forth in the Polaris City for the past few days. Finally, he discovered a piece of news, and it was that Lu Jin and Li Chong, who were opposing him in the three thousand great halls, had actually come to this Nine Star Primal Chaos City to test themselves.

Long Chen didn't have any relationship with this Xue Liner, but they similarly had no enmity with each other. They should be able to ask her for help with the matter of the small team. After all, Xue Liner was now a member of the Twelve Imperial Alliance. If she were to speak of Long Chen's matter, Long Chen would more or less become a member of the Twelve Imperial Alliance.

After all, Long Chen was the biggest influential figure in the three thousand great halls.

After hearing the news, Long Chen and Li Xuanji decided to head to the inner city to look for Xue Liner. They had finished discussing their plans and were about to set off, when suddenly, the entire courtyard was flooded with the color of blood.

Long Chen did not use the Soul Eye Technique to observe his surroundings.

This kind of aura was undoubtedly that of an assassin, and an extremely powerful one at that!

Chapter 1319 - Nine Yin Devouring Sutra

At that moment, Long Chen's heartstrings were taut to the extreme. He understood in his heart that compared to Lin Yishen, he was still too inexperienced. This kind of person had been in the Polaris City for many years. In order to achieve his goal, he dared to use any kind of method.

Endless amounts of blood instantly filled the small courtyard. Everything around him became blurry, it should be something like an illusion technique, making people feel despair, but this time the assassin had met an expert, Long Chen and the rest could use Spirit Devouring Demon Pupils to see through their opponent's illusion technique, although Li Xuanji could not see, but she could vaguely sense it, it was still very strong.

When danger arrived, Long Chen and Li Xuanji's first thought was of Li Tianji. Li Xuanji roughly knew Long Chen's strength, and they also knew that the killer that Lin Yishen had sent was definitely a strong one, not inferior to his ten guards with Peak of the 9th Stage of the Divine Martial Realm.

Such an expert could be easily killed by Li Tianji.

"Come in!" The first thing Long Chen did was to let Li Tianji, who was closest to him, enter the Great Void Realm. Li Tianji couldn't help him, and although he was especially angry, he wasn't a person who didn't know how to act.

"All of you, run!" With that said, he entered Long Chen's Great Void Realm.

This brat had survived. Long Chen let out a breath of relief and quickly reunited with Li Xuanji. Although it was the first time the two fought side by side, they had an astonishing tacit understanding.

With his back against his back, he could feel the softness of the other party. That fragrance assaulted his nostrils and made him feel extremely comfortable. If it were his usual self, he would simply enjoy it.

Without a doubt, his target was Long Chen. Long Chen squinted his eyes, and in the blink of an eye, the other party appeared in front of him, his entire body was dyed in blood, and before he could even see his face clearly, a blood red short blade had pierced towards Long Chen's head, instantly transforming into countless of blade images!

"I'll do it!" Li Xuanji pulled Long Chen's right arm, and instantly switched positions with him. The cold wind whizzed as it hacked down to the side of's blade shadows, and after a few moments of confrontation, the two of them separated. It was probably because the other party had used too much strength that caused Li Xuanji to move in Long Chen's direction.

"Not bad, I can play with him."

It was a devilish man's voice, and as the two looked up, they saw a man dressed in a blood-red robe floating in mid-air. It was a devilish man's voice, and as they raised their heads, they saw a man dressed in a blood-red robe floating in mid-air.

Li Xuanji awkwardly stepped out of Long Chen's embrace and then coldly looked at the assassin. This assassin had suppressed him in the previous battle, so it should be Peak of the 9th Stage of the Divine Martial Realm.

Li Xuanji had obviously just entered the Ninth Stage of the Divine Martial Stage, and was still a level away from the other party. There was even less to be said for Long Chen, since he could at most compete slightly with someone who had just entered the Ninth Stage of the Divine Martial Stage.

"Alright, let's not waste anymore time. I don't want my employer to dislike me anymore." The blood-red man smiled evilly.

"For Lin Yishen to be able to send all of the demon race to deal with me, he sure is generous." Long Chen and Li Xuanji stood side by side, he looked at the blood red short blade in the man's hand, and then, Scarlet Sky Desolate Blood appeared in his hand.

The Crimson Sky Kingdom was also blood-red.

Hearing Long Chen's words, the blood-colored man laughed and said: "Since you know, then I won't waste any more words. As for Lin Yishen, although he's smart, he's smart, but doesn't care how I do things, and since I promised him, I'll kill you, brat, and bring this little beauty back."

At this point, there was no leeway.

The flames of war between the two sides instantly began to blaze.

"I'll do it. You can help me out occasionally." Li Xuanji's black eyes lost its luster. Yet, she was able to grasp the opponent's position.

Long Chen knew his own position. He knew that in a frontal confrontation, he would definitely not be a match for his opponent. He could only find an opportunity to influence his opponent and make it easier for Li Xuanji to attack. Hiding in the shadows was his way of fighting.

"Alright." Zhang Xuan nodded his head lightly.

He knew that even though Li Xuanji had just entered the Ninth Stage of the Divine Martial Stage, her talent was unrestrained. If she were to truly fight, she might not lose to her opponent.

"My name is Xue Yue, remember my name, I am from the Purple-eyed blood fox race of the demon race!" Xue Yue said proudly.

"The grand demon clan is actually willing to work for the sect. How laughable." Long Chen sneered.

"You don't understand shit. How is it that my Blood Moon is better than a gigolo like you who can only hide behind a woman." Xue Yue sneered. His appearance was actually very handsome.

Long Chen was angry.

Only, he endured it, clenching the Crimson Sky Desolate Blood in his hands.

Li Xuanji and the blood moon had instantly clashed against each other. This blood moon seemed to have laid out a large formation around them and their battle movements were extremely huge. However, they had not destroyed this small courtyard in a short period of time.

Long Chen activated his speed, and even though he was moving at the same speed as the two of them, he was not one bit inferior to Li Xuanji!

This gave him the possibility of a sneak attack.

Until now, when Long Chen had truly witnessed Li Xuanji's fighting strength. Before this, he had never known that she had so many methods.

At that moment, Li Xuanji's entire body was being surrounded by the black Qi flow, and black and purple lightning suddenly appeared on her body, surrounding her and forming a protective net! The black and purple electric net looked to be filled with ruthlessness and corrosion, it looked to be even more terrifying than Long Chen's Hell's Soul Chasing Thunder!

"Is this the body tempering technique that she cultivated from the heart of lightning that I gave her last time?" Long Chen pondered as he was looking for the right fighter jet.

In fact, he had a plan in his heart. This was a very dangerous time and if Li Xuanji could not deal with it, then she could only use those methods. If she could not, then she would have to sacrifice her blood.

No matter what, he wouldn't let this girl be harmed.

Long Chen realized that his strength was still not enough!

"Nine Yin Brake Thunder Body!"

From Li Tianji's mouth, Long Chen found out about Li Xuanji's body tempering technique!

Long Chen quickly followed them. Seeing Li Xuanji being suppressed by the blood moon, he did not even make a single move!

Even Li Tianji was getting anxious!

Long Chen was looking for an opportunity to strike!

Other than the body tempering technique, Li Xuanji trained in a level nine martial skill called the Nine Yin Swallowing Mantra!

The Blood Moon was a demi-human, its demon essence was extremely powerful, its physical body far surpasses Li Xuanji's, who had the Nine Yin Shura Thunder Demon Body. Just these two levels alone was enough to suppress Li Xuanji!

"Nine Yin Devil Hand!"

It was a move of the Nine Yin Swallowing Scripture. Following Li Xuanji's display, a black devil hand appeared behind her back, and on that black arm, if one looked closely, they would see that it was actually densely packed with black vortexes. The Heaven and Earth Emperor's spirit energy exploded, and along with her arm, it headed towards the blood moon!

"Not bad." The blood moon let out a loud laugh, as if her body that belonged to a demon had expanded greatly. In that instant, her speed had actually increased multiple times, and she had dodged Li Xuanji's attack!

With a loud rumble, the Nine Yin Demon Hands struck the ground and the entire space started to tremble. The space created by the Blood Moon was almost shattered by her.

"Truly disobedient. You actually tore apart my things." Even though Li Xuanji was so powerful, the blood crescent was not worried at all. In an instant, he actually split into two identical clones, one to deal with Long Chen while the other two joined hands to attack Li Xuanji, the difference in their battle strength was not big!

"What a powerful skill." Long Chen could be considered to have seen it. He had originally wanted to find an opportunity to attack, but he did not expect the other party to actually stare at him.

However, with a Spirit Devouring Demon Pupil, it was very easy to tell which one was real and which was fake. Attacking Long Chen wasn't his original body, it was just to hinder Long Chen.

As Long Chen's halberd danced, the power of the Nine Dragon Scripture converged onto the halberd. A terrifying dragon roar sounded, Long Chen's speed increased by several times, the halberd slashed across the blood moon's body, instantly killing the doppelganger into pieces by Long Chen!

Although Long Chen didn't have the strength to face the blood moon head on, he could still deal with an avatar.

"Supreme Demon Spirit!"

On the other side, Li Xuanji unleashed an even more powerful move from the Nine Yin Swallowing Mantra, causing a terrifying devil shadow to descend behind her, countless darkness energy converged onto her body, this beautiful woman was like a devil lady in darkness, full of yin energy. In an instant, the power on her body doubled, reaching the edge of exploding!

As he used his hand, the supreme demon spirits shot out like countless little bats. They converged to form a black flood. In a flash, it collided with Xue Yue's body and directly shattered it.

"Very good, very good." The blood moon was still laughing.

Even after his two clones were destroyed, he did not change his expression. The pressure in Long Chen's heart became even more, while the other two were fighting, he still followed beside them with all his might, but he did not make a move.

He had already put away the Crimson Sky Kingdom. He could clearly feel that this guy was coveting his weapon.

To him, the Scarlet Sky Desolate Blood was very suitable. It was a pity that he was a Goblin, not a Dragon Fighter.

For a moment, he used an attack and once again suppressed Li Xuanji. At this time, Long Chen was almost standing shoulder to shoulder with Li Xuanji.

"Hold him." Li Xuanji suddenly said. Her voice was filled with determination.

Without a second word, Long Chen rushed towards the blood moon. Even though he was someone that Long Chen could not fight against right now, like the Hall Master Xuanming and the rest, so what!

There was nothing that could block his intentions!

The more suppressed he was, the stronger Long Chen would become!

Chapter 1320 - Dark Rise Array

"Oh, the adonis actually took the initiative to attack?" The blood moon laughed out loud, and in her hands, a series of blood shadows appeared, converging into the appearance of a blood red fox. She opened her palm, and the blood red fox instantly swelled up by several times, biting and biting towards Long Chen.

Long Chen immediately understood, this was the Ninth Stage of the Divine Martial Stage Ranker's power that broke through the void!

No matter what, Long Chen had to face it head on at this time!

Because behind him was Li Xuanji, and she needed Long Chen to stall for time, that was enough!

"Euphorbid Finger!" The moment the space shattered, Long Chen was suddenly shrouded in a large amount of fog. Every time he died, he would be able to experience the true essence of time! As he performed his technique, the river of time that was flowing on his body became fast and slow, and the disorder of time made his energy chaotic. When the shattered energy of the space descended, a gigantic divine dragon simulacrum that spread out to millions of kilometers appeared behind Long Chen, and

even disappeared into the starry sky outside of the nine star city of Primal Chaos, of course, only Long Chen himself could sense this dragon mirage.

The claws of the Great Void Cosmic Dragon were precisely Long Chen's fingers.

RUU...!

That blood red fox was actually smashed into pieces by Long Chen's full strength attack, and the cracks in space actually turned towards the blood moon to kill. It wasn't Ninth Stage of the Divine Martial Stage, but Long Chen's ability to use the power to shatter the air, made the blood moon completely dumbstruck!

Seeing the Euphorbid Finger's strength bringing about the descent of the spatial crack, he had no choice but to dodge in horror, and looked at the arrogant youth in shock.

"What!" At this time, Li Xuanji took the opportunity to unleash the last move of the Nine Yin Swallowing Scripture. She descended on the head of the blood moon.

"Devouring Black Hole!"

Under Li Xuanji's control, a gigantic black vortex appeared on top of the Blood Moon. Countless strange runes rolled on top of the vortex, and deep inside the vortex, was a place filled with ghosts and ghosts. Countless screams and tearing sounds came from within, which made one's hair stand on end.

The Devouring Black Hole had a terrifying suction force, acting on the blood moon's body. For a moment, the blood moon was actually swallowed up into the air by that force!

He had just experienced the impact of the Euphorbid Finger, so he couldn't react in time!

Just as it was about to close in on the black vortex, Xue Yue was enraged. She waved her hand, and the power within her body exploded out, struggling free from the suction force.

"You want to injure such a small battle skill?"

The force crashed into the blood moon, and the black hole began to spin in the reverse direction. All of the black smoke congealed into a pillar, and it instantly smashed into the blood moon, causing blood to

spurt out, and the blood moon was smashed into the ground. The massive power caused the entire space to tremble, and it shattered!

BOOM!

As the space laid down by the blood moon shattered, Long Chen and the others returned to the outside world. The surging power instantly shattered the small courtyard, and this huge commotion instantly alarmed quite a few people.

The people of 9 star primal chaos city lacked courage the most. Hearing the commotion, many people started to surround them.

Although the blood crescent was injured, it was not dead. For a proud and arrogant person like him, being injured was an extremely shameful thing, if he did not kill him now, he would definitely become even more terrifying. At that time, both of them would not be able to resist!

However, it was already too late to pursue him.

When Long Chen and Li Xuanji just reunited, the mud beneath shot up into the sky, and the blood colored aura spread outwards. A terrifying aura of a beast appeared, and below, a body expanded, and in a very short period of time, a blood-red fox that was over three people tall appeared in front of Long Chen and the others.

The blood colored secret markings on its body, sharp teeth and claws, and the purple hallucinations in its eyes, all revealed a dangerous aura. It had been a long time since Long Chen had fought with a demon beast like this, this was what a true demon clan was. After transforming into their original bodies, they would show their strongest fighting strength!

"He actually forced me to use my real body!" I'm angry! I'm angry! " The blood moon roared out one after another. An enormous aura belonging to a demon spread out from his body, quickly forming an invisible world, blocking Long Chen and his escape route.

Li Xuanji and Long Chen took in a deep breath and looked at each other. They could see the attention and determination in each other's eyes.

"With normal methods, we simply cannot win against him. You have a way to help me at least freeze your body, so that he won't be able to move for ten breaths?" Li Xuanji said with a trembling voice. After experiencing this intense battle, her consumption was undoubtedly huge.

Long Chen's heart ached.

In his heart, other than blaming himself, there was also blaming himself. He, who had always been proud, was now going to have her protect him again. This made him extremely unwilling.

"This is the last time," Long Chen suddenly said.

"What?" Li Xuanji was startled.

"Last time, you attacked first. "Don't worry, I can stabilize him and make it so that he won't be able to move for two hours. Trust me!"

"Uhh ..." She could feel the determination and confidence in his voice, and she suddenly laughed, because every time Long Chen said those words, he could always do something shocking.

"I'll go first! I'll give you a chance to use it! " After Li Xuanji finished this sentence, he actually rushed towards the blood moon below.

At this moment, thousands of people were gathered around, watching this battle in shock. The blood moon was actually a ninth grade demon god, not a human being's Ninth Stage of the Divine Martial Stage.

That bloody and illusory fox caused everyone to tremble in fear.

What was even more shocking was that the young man and woman actually dared to confront a demon clan like this. Their courage was truly tremendous.

Under the gaze of everyone, Li Xuanji descended onto the top of the blood moon. By now, the blood moon had already recovered from its injuries, and with a bitter smile, the gigantic beast body made its move, releasing a suffocating aura, the Purple-eyed blood fox moved, causing thousands of people outside to be sent flying by it.

From this, it could be seen how powerful the demons of the same level were.

If not for this, Li Xuanji and Long Chen would not be this nervous at the moment.

If Lin Yishen had sent out an ordinary Peak of the 9th Stage of the Divine Martial Realm, things wouldn't be so difficult to deal with.

Once the blood moon appeared, Li Xuanji was in danger, causing everyone to cry out in alarm.

At this time, a ray of black light appeared on Li Xuanji's forehead.

Just as the spectators had just finished speaking, the speck of light on Li Xuanji's forehead suddenly dropped to the ground. For a moment, the entire ground suddenly trembled, and countless of buildings collapsed with a loud bang. Within a radius of five kilometers, they had all turned into rubble, and dust flew everywhere!

"Dark Rising Array!"

When Li Xuanji used her clear voice to speak these six words, the sky suddenly seemed to darken, and all the light within a radius of five kilometers suddenly disappeared. Countless black tentacle-like forces emerged from the ground, and those countless thick arms were filled with black swirls.

Thousands and thousands of Nine Yin Demon Hands rushed towards the Purple-eyed blood fox that was attacking Li Xuanji!

Hiss, hiss, hiss!

The blood moon let out an extremely sharp scream, and at that moment, many of the surrounding spectators' ears were pierced by the sound. In the end, even with that scream, it was still unable to escape the fate of being bound, and the blood moon crazily swelled up, but the more it swelled, the more Nine Yin Devil Hands appeared in the dark rising array, binding it tightly, and of course it would not be able to move for now!

"Girl from the Grand Moon Demon World's Lee family, because the Dark Rising Array is able to trap me!" The blood moon laughed like a madman. The blood energy expanded, about to tear apart this dark rising array!

"Long Chen!" Li Xuanji shouted softly, her black hair danced frantically, it was Long Chen's turn to take action.

Long Chen had actually already made his preparations long ago, when Li Xuanji was using the Dark Rising Array, he had already arrived in the sky above the blood moon. Even though it was done in front of a large crowd, in order to survive, he could not use this thing.

With the activation of the power of rebirth, a golden seal appeared in Long Chen's hands. The golden light instantly became the largest light source of the Dark Rising Array.

She believed in herself, so she definitely couldn't screw it up!

Long Chen gathered all of his Nirvana Qi into the Nine Spirits Golden Imprint, and in that moment, the small golden seal released terrifying beast roars, and golden beast spirits emerged from the Nine Spirits Golden Imprint one after another. From top to bottom of the blood moon, they formed nine gigantic beasts that covered the sky, a powerful golden elephant!

Roar! Roar! Roar!

A terrifying roar swept across!

"That's a Dao weapon!"

"It's actually a Dao item!" Who is this brat, he actually has a Dao Artifact! " The surrounding martial artists immediately clamored. This was actually a Dao item! To anyone, a Dao weapon was a supreme treasure! For a moment, everyone's eyes were filled with greed.

"Activate!" Under Long Chen's desperate manipulation, the nine giant elephants stepped towards the blood moon. Just as they struggled out of the dark rising array, the blood moon despairingly discovered that the group of golden elephants, which possessed unparalleled brute force, were actually locking her in place!

"What can a Dao Artifact do to me!?" Can you kill me? " The blood moon continued to laugh maniacally.

With the golden mammoth's constant trampling, he became more and more powerful. Although his whole body was covered in blood, the golden giant was also growing dimmer and dimmer, because the golden elephant's power was entirely supported by Long Chen.

Just as Blood Moon was feeling most proud, Li Xuanji appeared before his eyes.
