

War God 1431

Chapter 1431 - The Birth of the Powerful

The Nirvana Tribulation was originally vast and terrifying, but under the devouring of the Demon Refining Dragon, it was eventually swallowed into the stomach of the Demon Refining Dragon like food.

A golden cocoon of light had formed on Wang Chen's body and was in the process of transforming. Everyone looked on dumbfoundedly, waiting for Wang Chen's change in appearance.

Everyone was curious, why did Long Chen not leave? Was he really not afraid of death? Did he not know that just now, he had defeated Wang Chen and created a stain on Wang Chen's destined, glorious life? When Wang Chen finished transforming, he would definitely kill him.

Wenren Jingtao was already worried, and urged Long Chen: "If you still don't leave, then my life really is gone."

Because of the bet, Wang Chen made his move again, and it was inconvenient for him to make his move.

Long Chen smiled indifferently, it was completely inappropriate, and said: "Don't worry, I'll be fine."

Why did Long Chen have the confidence to say such words? This was because he was waiting for Ling Xi to give him an answer. She was about to come out, and the feeling of having her bloodline clear was so distinct. Thinking about how this young girl had fused into her body for such a long time, he felt it was inconceivable.

He didn't know how Ling Xi managed to do it, but it was already a fact. Furthermore, she had succeeded in overtaking all of Long Chen's senses, becoming one with him. It was even more mystical than the Saint Soul Transformation Jade.

Wang Chen had undergone such a huge transformation, but he was still able to chat and laugh like this. This caused everyone to be taken aback, was there really a hole in his brain, did he really know that he was going to die?

Crack, crack, crack ... In the middle of tens of thousands of gazes, the golden cocoon of light in the sky looked like a golden egg, and with a crackling sound, a large number of cracks appeared. Along with the accumulation and eruption of the Nirvana power inside, the cocoon of light exploded, the shell of the

egg, and the like, transforming into a golden torrent of light, which was devoured by the thing in the center of the cocoon.

When the light faded away, a completely naked man appeared in the sky. He had streamlined muscles, a beautiful body, and a smooth flesh, and could be said to be perfect. His eyes suddenly opened as a golden divine light erupted.

Because he had directly swallowed the power of the Nirvana Tribulation into his body, his strength was far more formidable than that of an ordinary martial practitioner who had just crossed the Nirvana Tribulation. At this time, Wang Chen gave Long Chen a feeling as if he was facing Wenren Jingtao. If he took the form of a dragon, then it would be even more terrifying.

In terms of fighting strength, Long Chen admitted that he was far from being his opponent's match.

From the start of their cultivation, only he had been able to shake off others. This was the first time someone had left him behind, and Wang Chen had already succeeded in his transformation.

"It seems that I have to fulfill my long-cherished wish. Today, it is still too early. I can only blame myself for being too impatient."

Long Chen knew that he had been a little rash today, but fortunately he did not cause a regretful result. Although Li Xuanji had left, it was probably a good thing for her.

If Wang Chen's strength increased again, if Long Chen wanted to defeat his opponent, he would have to at least convert all of the acupoints in his body into the power of the Nirvana Realm. After the transformation, the power of the Nirvana Realm on Long Chen's body would probably surpass those who had just passed Nirvana Tribulation Realm.

When Wang Chen absorbed all of the energy, he donned a white robe, looking like a heavenly god with a resplendent golden light. He slowly descended, and first put away the happy faces of the people from Sword Soul Imperial Palace, and stopped right in front of Long Chen. A pair of eyes that was filled with divine light sized up Long Chen, and asked: "You, why didn't you run?"

Anyone could tell that the two of them were no longer on the same level.

Long Chen's heart was calm, no matter how strong the opponent was, he would not change his expression. He sized up the opponent who was similarly a favored son of heaven, and said: "I admit that I am not your opponent. However, even if I am to escape, that does not mean that I will not return. "

Wang Chen sneered, the dense Nirvana Qi in his body was completely exposed. In the process just now, all of the world energy in his body had already been converted into Nirvana power.

"You're not bad, you can defeat me once. Ever since I became a Dragon Fighter, I have never lost to anyone of the same generation. You're the first. But unfortunately you met me today. Even though I, Wang Chen, am not a vengeful person, I am also a shrewd person. Your potential is great, so I cannot let you leave in peace, but I will still not kill you. "

"Do you want to cripple me and make me suffer for the rest of my life?" Long Chen said while smiling. He knew that Wang Chen had a deep hatred for him, and because he had crawled up from the small fries, he was even more afraid of him. The reason for that was because although people like them might appear humble, they were actually the most frightening ones.

Wang Chen did not speak, but stared coldly at Long Chen.

To him, Long Chen's appearance was purely an accident.

"Let me ask you a question. When was the last time you saw Dawn?" Instead of bringing up the matter of crippling Long Chen, he questioned her with a serious tone.

Long Chen waved his hand, and said: "No comment!"

Wang Chen's face was calm, but his body instantly moved. Before anyone could see clearly, he had already shifted in front of Long Chen, and before Long Chen could react, one hand grabbed hold of his neck, and with a sudden swing, pushed him down to the ground.

Wang Chen's finger, was like that ancient beast's. It was currently firmly stuck on Long Chen's neck, and in an instant, a deep purple-red bloodstain had appeared. He looked down at Long Chen from above with a look of contempt and said: "Tell me, otherwise, I will break your arms first!"

"You want to try?" The veins on Long Chen's hands were exposed, his speed was fast, his strength was strong, and it was within his expectations, but do not think that you can use this kind of method to suppress Long Chen. With a thought, both swords appeared in Long Chen's hands, because the Seven Star Dragon Abyss Sword had already exploded, so the sword that appeared on Long Chen's left hand was Ling Xi's sword!

In this world, only he and Ling Xi could touch Ling Xi's sword.

Under his consoling for a while, Ling Xi, who was as strange as God Slaying Sword, had admitted that Long Chen had controlled it. A black sword and a grey sword, both were slender and slender, waving both left and right hands together, creating an attack that made Wang Chen have no choice but to let go of him and retreat!

The power of Ling Xi's sword rushing towards the Divine Martial Spirit, as well as the gray aura of the God Slaying Sword that couldn't be used physically made Wang Chen feel fear.

Once Long Chen became slightly more proficient in using the dual sword technique, the combat power that he was going to unleash would be even more powerful.

He stood up as if nothing had happened.

Using his strength, he levelled up. Originally, Wang Chen thought he could easily deal with him, but he did not expect to escape. He was furious and viciously looked at Long Chen.

Tens of thousands of people felt mixed emotions as they watched these two youths clash again.

Long Chen also had a sense of pride in his heart. It had already been nine years, and for the sake of standing in this place, in front of him, he had become enemies with fate, and all of the nine years, Long Chen had existed to defeat him. This was his obsession, but the other party had forced himself upon him, so he was not afraid in the slightest. Don't tell me that she will like you. Do you know the story between her and me? Do you know how long we've been together? Do you know how many times we've lived and died together? She has no feelings for you at all, so if you continue to think so much, wouldn't you be ashamed? "

Long Chen's words stung the opponent's pain.

Yes, in the beginning, the relationship between him and Ling Xi could be considered harmonious. But after the engagement, Ling Xi had gradually distanced herself from him, especially since the time she returned from Realm of Myriad Kingdoms, she had been constantly distracted, and simply did not take notice of him. Even if a fake Ling Xi appeared later on, she would not have any feelings for anyone, let alone herself.

And according to what Wang Chen knew, it was precisely because of the Long Chen in front of him that Ling Xi would thoroughly hate this marriage contract. She already had a lover.

Seeing Wang Chen's rigid face, Long Chen was furious in his heart and mocked even more, "Who is the one who truly wants to take away another's love? It's true that you have an engagement, but the person she likes isn't you, it's me, Long Chen. No matter how strong you are, I'm not weak either. I can give him happiness and love, but you can't. You can only give her pain, so I want to ask you, what qualifications do you have to ask me where she is? "

Long Chen's words made tens of thousands of people look at each other in dismay. It seemed like this was the truth.

From the looks of it, Long Chen, the youngster who dared to challenge and pursue his was pretty cute. Although he was direct and unscrupulous, what he said was the truth.

"Enough, shut up!" Wang Chen's face turned ashen, the killing intent on his body became even denser, and he went into a berserk state. Long Chen raised his head to look, the other party was really too strong, the world in front of him seemed to only exist, that is, a Void Refining Demon Dragon that covered the sky!

This time, he was definitely going to just open his mouth and swallow himself!

But so what?

Long Chen threw caution to the wind, and said with a sneer: "The sore point that I stabbed at, has it already turned into anger from embarrassment? But you must understand, this is my woman. Even if she is temporarily bound by the engagement, one day I will make her happy. Of course, this won't be today. "Because today, I cannot be considered to have won. I can be considered to have lost to you. However, I admit that I have lost. However, I will definitely not lose another time. Listen clearly, this is an oath!"

Long Chen closed his eyes.

Just as Wang Chen was about to go berserk because of his words, the white spots of light on his body finally gathered together. His body began to emit a resplendent white light, which then engulfed the entire Central Square, causing everyone to be unable to see anything for an instant.

Chapter 1432 - Strait of the Mountain and Sea

Finally, she peeled it off her body.

This scene could only be described by the word 'separation'. It was as if the two of them had once been one, but had only split up at this moment, becoming two.

In truth, this spin-off had started from the moment Long Chen saw the Yan's grandma. Although Long Chen did not know why this girl had hidden herself, his actions had already destroyed her plans.

But at least, with Ling Xi here, she wouldn't be able to touch him.

Long Chen did not feel much of a disgrace or humiliation. He was simply too young compared to Wang Chen, and being able to defeat him once was already considered a miracle. He did not force himself to be able to defeat him at this very moment either. 9 star primal chaos city, this was ultimately not the right place. What Long Chen wanted was to go to the Sword Soul Imperial Palace for the biggest occasion and take Ling Xi away, that was his true dignity and honor!

Ling Xi's snow-white figure gradually condensed in front of Long Chen's eyes. She was facing Long Chen, and Long Chen could see her body gradually taking shape, just like how he had helped Ling Xi create a body in the White Yang Town back then. This familiar feeling moved him, but as a man, it was just that it was inconvenient for him to cry.

"Xiao Xi!"

Compared to the fake Ling Xi, the disparity between the two was much larger. It was precisely because of her ethereal, ethereal and kind nature that Ling Xi had fallen into such a state of beauty, like a goddess. But the Ling Xi from before, with such an empty appearance, did not have a real soul.

As the white light dissipated, the young lady who could topple all living things truly appeared in front of Long Chen's eyes. A pair of crystal clear eyes, with a familiar face and an even more alluring body, were already filled with tears, and his crystal clear eyes had already moistened his eyes. With a face as white as a warm jade, two rows of tears fell from his eyes.

Hugging this familiar body, and feeling the familiar temperature and the fragrance of her body that was like a white lotus, Long Chen couldn't help but be intoxicated. This could be said to be his happiest moment, under the gazes of tens of thousands of people, Ling Xi chose him without any suspense, and not the dumbstruck Wang Chen behind her.

Tens of thousands of spectators, as well as various experts from the Three Regions Nine Realms, truly knew what was going on. Long Chen's pursuit could only be described as legendary, while the originally orthodox Wang Chen had now become a third party, a negative character.

On one side was her fiancée from their engagement, and on the other was her most beloved man.

Long Chen helped her up. He had a lot of questions to ask her, but not now, and now, it was time for the two of them to face it together, which was a mysterious time that Ling Xi had gradually surpassed his understanding. Thus, he wanted to know a lot of things.

"Brother Chen, I'm sorry, I'm really sorry, I came too late!" She still forcefully hugged Long Chen, unwilling to leave his embrace. No matter how much she experienced, in front of Long Chen, she would forever be a little girl.

"Who said that now is not the right time to do so?" I'm still waiting for you to come and save me, otherwise, some people will cripple me. "

With that, he used an incomparably provocative gaze and looked at Wang Chen, who was dumbstruck like a wooden chicken, whose face had turned green. The experts of the Sword Soul Imperial Palace all surrounded him, supporting behind Wang Chen, and among them were those who had brought Ling Xi up as a child. They were all anxiously looking at Ling Xi.

However, Ling Xi was on Long Chen's side. She turned around, her expression firm. Facing these people together with Long Chen, to her, these were all people that were obstructing her from being together with Long Chen. In her eyes, Long Chen had always been a hero, she had always kept her word. It had not even been ten years, but now, it was the first time he had beaten Wang Chen.

It could be said that from the True Martial Imperial Palace onwards, she knew about everything that happened to Long Chen, including everything regarding Li Xuanji.

Ling Xi didn't pay any attention to these things. Under the encirclement of so many people, it was not a place that they could properly talk about.

"Xi Er, come here!" Yan's grandma raised his voice and said.

The real Ling Xi had always listened to her, ever since she was young. Yan's grandma was their witness, and the one who brought Ling Xi away. That time, Ling Xi was unable to resist, but it was different this time. They were all different from the young men and women from the past, and when Yan's grandma said that, Ling Xi actually extended her beautiful hand and grabbed onto Long Chen's arm. Her eyes were firm as she stood beside him, and gently said one word: No.

This might be the first time she had said no to a man she had pursued for her own sake in the Yan's grandma.

This made the Yan's grandma angry, and she said again, "Child, stop messing around, hurry up and come back. You were very obedient since young, why did you suddenly become so willful? You have to understand, your matters, were decided by your father and the other three Sword Masters, no one in the Three Regions Nine Realms can go against their decision. Doing this, not only will it harm you, you will also harm Long Chen! "

However, it had already reached such a stage. Long Chen had already given his so much, and she was already bold enough to use the Art of Soul-Splitting, so he was even more unconcerned about it this time. Hence, she held Long Chen tightly in her arms and said: "I have already thought it through, no matter what, I will follow him."

Ling Xi's decision and her rebellion allowed everyone to firmly believe in their relationship. In the face of the Sword Soul Imperial Palace's alliance, they actually dared to resist, dared to pursue true love. Regardless of the Sword Soul Imperial Palace, this young couple first won the respect of others.

Previously, the fake Ling Xi did not care about Long Chen at all, making them think that Long Chen was just a pitiful one-sided wish worm who did not have much fighting spirit in his heart. But now, it was simply a reverse story, and that cute girl, she was finally about to stay by Long Chen's side, even if she had to die.

With the True Martial Imperial Palace as a backup, Long Chen was not weak today.

Wang Chen's arm that was tightly wrapped around Long Chen's, was the answer that he wanted. Seeing that too much hatred, anger, unwillingness and humiliation appeared in this man's eyes, Ling Xi could only say, "I'm sorry, Big Brother Wang Chen. "Thank you for taking care of me all these years, but I can promise you everything else, except this one thing, marriage is a matter for both of us and we need to

truly love each other, but Xi Er has always treated you like a big brother, and I believe you have also helped me treat me like a little sister. I hope you can bless us!"

Ling Xi's resolute words caused everyone to be even more silent. They curiously looked at Wang Chen, wanting to see the expression on the face of the previously mighty and domineering Wang Chen, who had entered the Nirvana Tribulation Realm.

He was strong, but he did not win his lover's heart.

It was obvious that he had experienced an extremely heavy amount of torture in his heart. Had given this to him, that Wang Chen was not a good person, that he had never been a good person, that he cared more about his own reputation than anyone else, and that Ling Xi was publicly acknowledged as his future wife. Yet now, this girl, who was in the arms of another person, was actually saying these words to him.

Let alone a blessing, Wang Chen did not explode in anger on the spot. He tightly clenched his fist. His eyes had already turned blood-red. He did not make a sound as the Nirvana Force within his body stirred.

Ling Xi closed her lips sadly, and looked at Long Chen with her pair of clear and beautiful eyes.

Long Chen embraced her slender waist. Facing the angry faces of the Sword Soul Imperial Palace, he was a challenger, so he did not need to be so polite and speak to them like Ling Xi, the people of Sword Soul Imperial Palace did not need to be so polite either. Long Chen firmly hugged the woman in his arms and looked at Wang Chen, who was standing beside all the experts of Sword Soul Imperial Palace, and regardless of whether Ling Song or the Yan's grandma was angered, he coldly said: "I am sorry everyone, I have always been a brave person, and it has been even more so when I have been fighting for nine years, she is already my woman. As long as I, Long Chen, am alive, no one can take her away from me. But, in less than a year, I will personally come to the Sword Soul Imperial Palace, and ask the Four Sword Sovereigns for my own Ling Xi. You can laugh at me for exaggerating, you can laugh at me for overestimating my strength, and you can even ridicule me, the lazy toad, for wanting to eat swan meat. I won't care, because I have heard far too many jeers from the head, and those who ridicule me, are only corpses now. "

He looked at the woman in his arms affectionately with a resolute gaze. What else could he expect in life to have such a woman who treated him like her name and was willing to abandon everything for his sake?

What was there to be afraid of for her, to throw away one's head and shed hot blood?

Although Long Chen's words seemed exaggerated, for some reason, everyone could feel that kind of power from his mouth, that strong will to fight and his unyielding spirit. Maybe one day in a year, he might actually be able to charge into the Sword Soul Imperial Palace and give them a huge upheaval.

"Let's go, Brother Chen" Ling Xi's eyes were filled with tears. He suddenly felt incomparable happiness, today they had almost gone against the heavens and earth, just for the sake of being able to stay together with each other. This sort of relationship, had already surpassed everything, and there was no longer any reason or external support to let them separate.

Chapter 1433 - Mountainous Areas

Everyone in the Sword Soul Imperial Palace understood just how important this engagement between Wang Chen and Ling Xi was, so they would not easily allow Long Chen to coax them.

On the contrary, you have hurt him. You know your father's temper, and now that you have appeared, when your father and the rest arrive, you will not be able to escape. "

Ling Xi's expression changed, and she began to hesitate. She was undoubtedly worried about Long Chen's life, and towards her own father, she had enough respect and respect.

Now that she had reached this point, she was even more unwilling to give up. He had already trekked countless mountains and rivers all the way to this point, what was there to worry about? She believed in him.

"Don't be afraid, I'll take care of it." Long Chen whispered into her ear, giving her enormous comfort.

"Mn." Ling Xi's beautiful eyes flashed, and obediently nodded. For that day, it could be said that they had already sacrificed too much.

Their fearless look made the people of Sword Soul Imperial Palace even more furious. Of course, the person they hated the most was Long Chen, and to them, he was merely a fool for a moment.

Wenren Jingtao was just a guy who only wished to stir up chaos in the world. He laughed out loud and said: "There is no doubt that the men of our True Martial Imperial Palace are much better than those in other places, furthermore, in our place, our relationship is always the young generation's own business. The elders never interfere, and the marriage contract is just like dog shit!"

"Yeah, what's the use of bullying me again? Your Sword Soul Imperial Palace has a Four Sword Sovereigns, where is your Great Emperor of the Sword Soul? We, the True Martial Emperor, are still here? Long Chen is a young man that Zhen Wu Emperor wants to personally summon, the next time you guys meet him, he will definitely shock you guys! "

This was the first time the people of the True Martial Imperial Palace had spoken of this matter to the outside world. Being able to be summoned by the True Martial Emperor was a symbol of status, and immediately, everyone looked at Long Chen in a different light. This young man had risen to fame in the Nine Star Chaotic City, and his name would shake the entire world.

The faces and ears of the people from Sword Soul Imperial Palace turned red, and the two parties started to insult each other, the smell of gunpowder became stronger and stronger, while the other people watched happily.

Right at this moment, Wang Chen took a step forward. In the end, he suppressed the anger in his heart and said in a calm and mature tone, "Xi'er, no matter how you look at it, our marriage is something that Master and all of the brothers and sisters of the Sword Soul Imperial Palace hold high hopes for us. I don't want to disappoint them, and I won't hand you over to the hands of a scoundrel. I know more about gratitude than you do. If you don't want to bear the consequences of deceiving your master and exterminating your ancestors, causing your father to suffer the blame, I advise you to come back. I hope that your father will not die. You are just a child, easily fooled by shameless people. We will never blame you. "

His words were extremely interesting, striking straight at Ling Xi's weak spot. No matter what, she was a kind child, and his family and father were a very important part of his life, and also a part that he could not let go of.

If it was for Long Chen's sake, she needed to give up everything ...

All of these things caused Ling Xi to become unusually chaotic, and Wang Chen's counterattack resulted in the desired result.

Long Chen's heart ached for her. He hugged the woman in his arms tightly and did not say a word, but he whispered into her ear, "There is always room for change in everything. I don't have any relationship with your family, your father. Believe me, I can take care of it. "

Ling Xi nodded her head obediently. She had her own criteria in mind, what Long Chen said was true, but to achieve it was extremely difficult, at least not right now.

"Xi Er, come back. Our family is waiting for you." Wang Chen revealed his card.

"Can you not be shameless?" Long Chen disdainfully glanced at him. Today's tit for tat was enough, it could be said that Long Chen had lost to him today. When he returned this time, Long Chen wanted to take away the things inside the chaos-god country. After that, he would go into seclusion to cultivate.

Only his own strength was the most important thing to rely on.

"Brother Chen, let's go." Ling Xi no longer hesitated, she knew how much they had sacrificed for this day, this affection was so precious, it was already something that nothing could destroy.

"You want to leave?" Wang Chen was furious and immediately tried to stop them. With his current power, honestly speaking, other than Wenren Jingtao, Ling Song and Yan's grandma, there were very few people on the scene who were his match.

They had a tacit understanding that the old fellow, Ling Song, would be the first to stop the strongest fighting force in the True Martial Imperial Palace, Wenren Jingtao. The others would each stop an opponent, but only Wang Chen and Yan's grandma, the two Rankers, would be able to free themselves up Sword Soul Imperial Palace.

It was simply too easy for the two of them to take Ling Xi away.

Wang Chen's eyes turned blood-red. Yan's grandma's goal was to take Ling Xi away, and his goal was to kill Long Chen in one move, so that would be the end of everything. Thus, Yan's grandma took a step ahead, and Wang Chen, who was behind him, prepared to use his killing move, felt a strong sense of danger, and instantly fell upon Long Chen. Long Chen clearly understood that the other party was trying to kill him.

If not for the fact that Ling Xi had a way to escape, he wouldn't have stayed here for such a long time.

Yes, they were stalling for time.

However, they had already waited a long time, at the moment Sword Soul Imperial Palace made her move, a nine-colored butterfly came from the horizon. Its wings flickered extremely slowly and elegantly, but its speed was terrifyingly fast to the point that it appeared in front of Long Chen and in an instant, and its body was already more than ten meters long.

The nine colored wings flickered, and a mist enveloped Wang Chen and Yan's grandma. The moment the mist drifted past, the two Innates became two fat pigs and rushed towards Long Chen and Ling Xi, swaying their large buttocks.

At that moment, countless people were laughing, laughing so hard that they swayed back and forth. However, after they finished laughing, their faces all went blank. What the f * ck was this butterfly?

And in this very instant, Long Chen and Ling Xi had already sat on the back of the Nine Hell Illusory Butterfly and flew away.

Wang Chen and the Yan's grandma's pig form could only last for a small moment. However, by then, the Nine Hell Illusory Butterfly had already escaped far away, so Long Chen turned back and gave a 'one' gesture with his finger to Wang Chen and the rest of the Sword Soul Imperial Palace. He meant that he would reappear after a year, and that would be the moment he steps onto the Sword Soul Imperial Palace!

This is the oath Long Chen swore today.

He had defeated Wang Chen, but Wang Chen had leaped up, and reached a height that he needed to bow down to again, so, he was once again deemed impossible. He was not convinced, he was not willing, and after a year, he would make a comeback.

The true Promise of Ten Years seemed to be at that time as well.

He swore that within ten years and ten years, he would definitely rush into the clouds amidst the vast sea of people and find this girl in his embrace. Long Chen tightly hugged her soft and delicate body that did not have any bones, and felt the warmth of the beauty in his embrace as his heart burned like fire.

Another two years.

In these past two years, he had spent most of his time with Li Xuanji, but the two of them had always treated each other with utmost respect, and had not been able to make such an unforgettable love. This was also the reason why Long Chen had always been hesitating.

There would definitely be an opportunity to meet her in the future.

The Nine Hell Illusory Butterfly did not bring Long Chen away from the Nine Star Chaotic City. They landed in a vast expanse of forest, before them was a lush and verdant land.

After landing on the ground, the little kitten's eyes that were rolling around had long stretched out from the Great Void Realm. Seeing the Nine Hell Illusory Butterfly dancing in all directions happily, its eyes bloomed like peach blossoms, as if it had been possessed, and went to chase the Nine Hell Illusory Butterfly. A fat black cat hopping up and down to catch a butterfly was an indescribably funny joke.

"Die'er, don't run. Let Big Brother Cat kiss you!"

"Don't run, Brother Cat is very gentle ..."

"Hehe, come and chase me! You can't catch up to me!"

Ling Xi didn't know that she was actually in her body at all, it was just that she was too mysterious. Long Chen had too many questions to ask her, but when he saw the crystal clear mist in her eyes and her flushed red face, Long Chen threw everything to the back of his head. The woman in front of him was so pitifully beautiful that she was like a white lotus, so slender and beautiful, and not a single blemish could be seen on her snow-white skin.

Long Chen's eyes burned with passion, he did not think about anything else, and only embraced the soulless girl in front of him again. He did not say anything, and only felt the other party's warmth.

Sometimes, even a thousand words can't compare to two people feeling each other's warmth. Without words, one's heart can communicate with one another.

Chapter 1434 - Great Emperor of the Sword Soul

After a long time.

Long Chen had grown a lot again, and these nine years would also be his path of growth.

The two of them enjoyed this moment of silence very much. After a while, Ling Xi could not help but say in a soft voice, "Brother Chen, it's already time today. I have a lot of misgivings and apprehension that I have accumulated in my heart, and I want to tell you."

Long Chen used his long fingers to caress her flawless face. He felt his cold and gentle touch and focused on looking into the eyes of the beauty in his arms and softly said: "Last time, you didn't even tell me what you did. That imposter today really broke my heart."

In that moment, with how cold and detached Ling Xi was, to be honest, Long Chen's heart was in a mess. Luckily, everything was fake, because the moment he was hit by the fake Ling Xi, his Divine Martial Spirit was injured, but his heart was still better.

Ling Xi said with guilt: "I'm so sorry, I didn't do it on purpose, so when you saw Yan's grandma, I decided to come out, but it was still too late."

"Why are you saying sorry? It's all in the past, there's no such thing between us." Long Chen wiped away the tears at the corner of her eyes. Actually, the happiest time they were together, was at Realm of Myriad Kingdoms, and at that time, they didn't seem to be as worried as they are now. But now, in order to look like they were together, it seemed as if the whole world was against them.

I can't stay in the Sword Soul Imperial Palace forever. I wanted to find you, but I couldn't bear to see you suffer so I used the Art of Soul-Splitting and created a substitute in the Sword Soul Imperial Palace to look for you. After that, I escaped to the Realm of Myriad Kingdoms to look for you. "But who would have thought that you would meet her at this moment?"

Long Chen had already expected this to happen, and he really wanted it to happen.

"Then tell me, why are you hiding in my body? How can there be such a magical technique?"

This must have been a long story, but they had plenty of time now, and they didn't need that much time. In this quiet mountain forest, without any outsiders disturbing Ling Xi, Ling Xi gradually revealed a shocking secret to him.

Ling Xi's face revealed a nervous expression, and she said: "Actually, there are some things I need to do, but after I found out, I also couldn't believe it. Did you know that my father and the other three Sword Masters, all of the higher ups of the Sword Soul Imperial Palace, take care of me like that, or they are always monitoring me, and do not allow me to make any mistakes? I even feel like with my father's abilities, he could already tell that the double was fake. He must be looking for me all over the world! "

There must be something big going on here. Long Chen comforted her as he asked, "What exactly is it? Your identity is very special? "

Ling Xi nodded her head, her eyes a little lost, and said: "I also cannot believe that one day, my father would actually tell me, that I am not his daughter, that I am the reincarnation of the Great Emperor of the Sword Soul."

Long Chen almost fell down from the rock beneath his butt!

"Holy shit, the Great Emperor of the Sword Soul's reincarnation!" He was truly shocked. He looked with disbelief at the delicate and somewhat mischievous girl in his arms. He couldn't associate her with the white-haired old man at all. The distance between them was way too big.

"All the past Great Emperor of the Sword Soul s are female!" Seeing Long Chen's stupefied expression, Ling Xi knew what he was thinking of. She immediately pinched's thigh and said angrily.

Long Chen on the other hand, was clear-headed. Since Ling Xi had said it like that, there should not be any possibility of a mistake, and instead the rumors kept saying that the Great Emperor of the Sword Soul was already missing right? while reincarnated and reincarnated, was something that only existed in the legends. She never would have thought that it would actually exist in front of Long Chen's eyes.

That Great Emperor of the Sword Soul was the most successful warrior in the entire Three Regions Nine Realms. It would be alright if he had such a method, but the current Ling Xi didn't have the memories of her previous life. Otherwise, he would be dead.

"Brother Chen, do you believe that I am the reincarnation of the Great Emperor of the Sword Soul?" Ling Xi asked eagerly.

Long Chen naturally believed it, and said: "I believe there is no doubt about that. Fortunately, you are a new life and don't have the memories of your previous life. Otherwise, you wouldn't be yourself. If this identity was real, then they must have raised you up like a new generation of Great Emperor of the Sword Soul. Wang Chen is not good at using his sword, and could not even take charge of the Sword Soul Imperial Palace. Because of your special identity, they would never marry you off to an outsider, nor would they let you leave the Sword Soul Imperial Palace. If we were to be together, I'm afraid we would encounter even more obstacles than we imagined. "

Long Chen was still in a state of shock.

He was a person with an open mind, otherwise, if it was anyone else, they would actually realize that the woman they loved was the reincarnation of the Great Emperor of the Sword Soul, and their hearts would definitely feel a pinch. However, Long Chen was different, the Great Emperor of the Sword Soul was his own woman, and the only troublesome thing was that with Ling Xi's identity, in a year, Long Chen would probably have to rush to the Sword Soul Imperial Palace and openly marry her, and the resistance he would encounter would be even more terrifying.

It even exceeded his imagination.

Just Wang Chen alone would be extremely difficult to deal with, let alone the entire Sword Soul Imperial Palace. Sword Soul Imperial Palace's Great Emperor of the Sword Soul had been missing for a long time, and everyone was looking forward to the birth of a new Great Emperor.

"As for the reason why I hid in your body, it was because I had nowhere to hide. I knew that my father and father would quickly discover that the substitute was fake, and they would capture me and take me back so that I would never be able to see you again. Coincidentally, although I don't have the memories of my previous life, all of the strange methods and information that I possess would occasionally appear in my mind. Two years ago, you and I separated, but we had nowhere to go. I didn't want to leave you, so I remembered to hide in your body, always accompanying you, but not letting my father and them find you. I wanted to continue like this until you were strong enough to stop everything, but today's accident forced me to come out. "

"So that's how it is." Long Chen lamented in his heart, but he did not regret it. Letting Ling Xi hide continuously was not his style, and since she had already come out, she might as well face it bravely.

The doubt in his heart had almost vanished.

The biggest accident was that Ling Xi was actually the reincarnation of the Great Emperor of the Sword Soul. This matter was actually very important to Long Chen. He felt even more pressured now, but he had never placed any importance on matters like the mundane world. Men fighting with swords for their beauties, why couldn't they do the same?

Even if Long Chen escaped to the ends of the world, he would still not be able to escape the pursuit of such a colossal being like the Sword Soul Imperial Palace. If he hid in the True Martial Imperial Palace, when the Four Sword Sovereigns appeared, it would be related to the matters of the Great Emperor of the Sword Soul;

So, within a month, Ling Xi would definitely be taken away by someone from the Sword Soul Imperial Palace, and maybe even less. This was the price Ling Xi had to pay for coming out today.

They only had these few days to get along with each other, until Long Chen became a strong Ranker who could call the wind and summon the rain, and descended upon Sword Soul Imperial Palace with a domineering attitude.

That day might have been very close, or perhaps very far away.

However, the two of them had a tacit understanding not to mention this matter. Instead, they would silently cuddle together and softly narrate their memories of the past few years. Ling Xi knew everything about Long Chen, so they continued to chat until it reached Li Xuanji.

Ling Xi was a little disappointed, and said: "Sometimes I really feel very guilty. xuanji sister is better than me in everything, and also suits you better than me. Now that she has left, I do not know when we will have the chance to meet again. I hope that she will not hate me then. "

"Hmm?" Long Chen opened his eyes wide, he did not think that this guy actually liked Li Xuanji. Although this was a society with four wives, and it was normal for capable men to have many wives, Long Chen had always been single-minded.

"Actually, I feel that it's good to have three people together, as long as they are happy, it doesn't matter if you love me less. I'm very easy to be satisfied, as long as I can stay by your side and be carefree." Ling Xi laughed mischievously as she laid in Long Chen's embrace, her face full of satisfaction.

"Is that so?" Long Chen laughed awkwardly.

Li Xuanji was very good, a woman that was worth protecting. But what was wrong with her going, was there really a chance for them to meet again? Towards her yearning, Long Chen could only hide it in her heart, but he swore, she would definitely not let down this woman's expectations.

As the night gradually descended and the moonlight poured down, Long Chen suddenly remembered something. He patted Ling Xi's spotlessly white lower abdomen and said, "Strange, we had already worked hard for half a year back then, how come we still haven't had any children?"

Ling Xi trembled as her face reddened. The little woman was quite intoxicating, she looked at Long Chen blusteringly and said: "Maybe it's because you're almost an Archaic Blood Dragon now, and your descendants are born with the bloodline of an Archaic Blood Dragon. The rarer the bloodline, the harder it is for them to reproduce, and the harder it is for pigs and dogs to reproduce.

Letting a little woman like her talk about these things was really a bit difficult for her. After she said this, she quickly lowered her head. Even her ears had turned red.

"Besides, I'm still young and I don't want children ..."

Thoughts were bursting out like the tide. After talking for half a day, it was time to get back to the main topic at hand. Long Chen held her face up, looked into her watery eyes, and laughed.

After he finished speaking, he kissed her roughly.

There was a barrier in front of them that they could not pass through anymore. The Nine Hell Illusory Butterfly was anxious to the point that it was turning around. I really don't care about the feelings of the two of us children! "

little butterfly was confused. "What is' pa pa pa pa '?"

Chapter 1435 - Chaos Star City

Without a goal, Long Chen wandered around the forest and water for a day or two. Carrying the beauty in his arms, Long Chen had no choice but to think about what he should do next.

Ling Xi was a very quiet person, and there were many times when she would quietly stay by Long Chen's side. Her delicate face was filled with the radiance of happiness, especially after experiencing human rights, she was even more infatuated with Long Chen.

"Xiao Xi, where do you want to go next?" Long Chen casually asked. The time they spent together was always passing quickly, and in the blink of an eye, two days had already passed. Those people from the Sword Soul Imperial Palace were definitely searching for them all over the world, and there was definitely news that had already traveled back to the Sword Soul Imperial Palace. Every single one of the Four Sword Sovereigns were all terrifying characters that had a reputation that spanned tens of thousands of years.

"I don't want to go anywhere. As long as I'm with you, I'll be happy." She danced on a large limestone, her snow-white dress fluttering in the wind. Hidden within was a graceful and supple snow-white body. Her laughter echoed through the forest.

At this time, she was indeed the happiest one. Long Chen was even more certain that he hadn't done anything wrong. As a man, he should have brought this kind of life for Ling Xi, and not sealed her within the Sword Soul Imperial Palace, so that she would never be happy again.

Long Chen also jumped up, holding onto her slender waist, he spun a few rounds, causing the two of them to fly into the air. Long Chen leaned close to her ear and said softly: "I found the news about the Great Void Cosmic Dragon's Inherited Blood Essence, it's at chaos-god country that is controlled by Devil Dragon Hall, are you willing to accompany me to get it?"

Ling Xi was a little pleasantly surprised. She knew everything about Long Chen, and she said excitedly: "Of course you can, let us set off now. Such a precious item actually exists. Back then, the Archaic Blood Spirit Dragon's inherited blood essence was already enough to surprise me. "

Long Chen cast aside all of his worries in his heart. Every time he was with her, he felt especially peaceful in his heart. He looked lovingly at the girl in his embrace and said, "I already have the Archaic Blood Spirit Dragon's Inherited Blood Essence. I want to give you this Great Void Cosmic Dragon's Inherited Blood Essence ..."

This was actually a plan that had been forming in Long Chen's mind for a long time. If he could not use the blood essence passed down from the Great Void Cosmic Dragon, then he would not let anyone else have it. Even if he could, he would give it to the person he was closest to.

But who would have thought that right after saying that, Ling Xi cut him off, and said: "No, I don't want it, I think you won't be so simple. When the time comes, maybe you can really use it, even if you can't

hide it for the time being, it will be of use to you in the future, I don't want to become a dragon anymore, it's so ugly!"

Long Chen really didn't know whether to laugh or cry. This thing that anyone would go crazy with, she actually called ugly. How powerful and domineering was this Ancestral Dragon?

In the future, Ling Xi would also face a Nirvana Tribulation. Thinking of this, Long Chen's heart tightened, one day, would both he and Ling Xi die under a Nirvana Tribulation?

To see the woman in his arms wither with his own eyes?

Death was the unavoidable fate of everyone, but Long Chen didn't want to die ...

He was even more unwilling to see the girl in his embrace die. Perhaps he was still too young, and didn't have enough life left.

Before he could obtain the Great Void Cosmic Dragon's Inherited Blood Essence, there was no need to first decide who he would belong to. After that, Long Chen headed towards the west, where the Chaos Star City s were.

"Cat and Die'er, let's go." Long Chen greeted the two playful little fellows.

The kitten was in a daze, and was startled by Long Chen's shout. It laughed out loud, then followed Long Chen and Ling Xi and disappeared into the forest.

"What?" Long Chen was truly speechless to him.

"I'm just teasing my Butterfly, don't cause trouble for the others!" The kitten covered its head with both hands and said angrily.

Long Chen laughed at him for a while, then began to rush to his destination, time was not for anyone, it was for the Chaos Star City, Long Chen thought of other things.

He said, "Rumor has it that the strength of the Devil Dragon Hall's Hall Master is not inferior to that of the Nine Realms Lord's. It would not be a problem to deal with the Four Sword Sovereigns's strength.

Their Young Hall Master once invited me to join his Devil Dragon Hall. If I join, he might be able to help me fight his Sword Soul Imperial Palace and prevent them from taking you away.

Ling Xi's heart ached for him, she had to think about so many things, she shook her head and said: "Brother Chen, it's better not to start a fight, I'll be troubling others. If they come, I won't be able to escape. At most, I'll go back first and wait for you to come find me. Since I am the reincarnation of the Great Emperor of the Sword Soul, they wouldn't do anything to me. What I'm worried about is that when they come, they won't directly attack you, so if something happens to you, I won't be able to continue living either. "

Long Chen did not know what kind of person the Four Sword Sovereigns was, but it was very likely that they would eliminate him since it was related to the future of the Sword Soul Imperial Palace.

Thinking about it this way, going to the Devil Dragon Hall would be the right decision for him.

"Once I go to the Devil Dragon Hall, with Dragon Star protecting me, the people of the Sword Soul Imperial Palace may not be able to kill me. Once we enter the chaos-god country, the Lord of the Demonic Dragon Palace will definitely not allow anyone from the Sword Soul Imperial Palace to enter. It's their treasured land, so we can delay it a little, and we can get along a little more. "

The two of them looked at each other. Their eyes were filled with emotions. Right now, they were like a pair of lovebirds that were looking for a place to stay, but reality was always against them. Wanting to be together was truly not easy.

Sometimes, there were just too many obstacles in the way of the secular world.

Regarding Ling Xi's father, even though she's not her biological father, she had still brought Ling Xi up. Even though Ling Xi knew that she was the reincarnation of the Great Emperor of the Sword Soul, he still revered this father and completely disregarded him as someone else.

"Brother Chen, am I not a very troublesome person? I have troubled you, if it were the xuanji sister, then there would be no need to go through so much trouble." This was what made Ling Xi sad the most.

Long Chen knocked on her head and laughed: "Don't think too much. I have you but I haven't been able to openly marry you and that is my incompetence. It only proves that I am trash and that my family and background are not something that you can control, it has nothing to do with you."

"I forbid you to say that about yourself!" Ling Xi said anxiously.

"Yes, yes."

Long Chen nodded and agreed, but in his heart, he was hiding a wave of determination, and that was his goal to struggle and become strong. Next time, he had to give the girl in front of him a place to belong to.

After spending around ten days of travel, they finally reached the region under the control of the Devil Dragon Hall. The Devil Dragon Hall controlled three star cities, of which the Chaos Star City was the largest, and Long Chen was currently heading towards the Chaos Star City.

The area controlled by the Devil Dragon Hall was a lot more barren than the areas under the jurisdiction of the Twelve Empire Alliance. There was practically not a single inch of grass left, the ground was like metal, it was pure black, the black sand filled with, the sky was resplendent, the starlight scattered all over the black metal ground, reflecting a dazzling light. With a glance, the entire world was shining, a quiet black light, it was also very beautiful.

After entering the area of the Devil Dragon Hall, very soon, there were patrolling warriors of the Devil Dragon Hall who discovered them. A small team of warriors wearing black armor, who were extremely fast and agile, discovered them, there were about ten of them in total, and all of them had the aura of a Purple Blood Demon Dragon, which made them extremely strong, but they were not real Dragon Fighter. Long Chen reckoned that this group of warriors had experienced a baptism of dragon blood, but it was not from their Inherited Essence Blood, but rather, the other blood of their divine dragon.

They surrounded Long Chen, their eyes cold, with the leader being a Eighth Stage of the Divine Martial Stage warrior. He asked coldly: "Who are you, please your identity, this is an area under the jurisdiction of my Devil Dragon Hall, without the Devil Dragon Hall's invitation, no one is allowed to enter!"

Long Chen did not want to clash with him, so he said: "My name is Long Chen, and I have a good friend with Devil Dragon Hall's Young Hall Master, Long Xing, and have been invited."

"Young Hall Master?" The leader trembled and said: "Young Hall Master indeed has orders, if anyone named Long Chen comes, they must be brought to Chaos Star City immediately. I never expected it to be you, I will immediately lead the way for you, please follow me!"

The people of Devil Dragon Hall acted in a very straightforward manner, following them, Long Chen directly went to the Chaos Star City to avoid the chaos. After a few days, the Chaos Star City finally appeared in front of Long Chen, shocked him, and he realized, this Chaos Star City was not an ordinary

city, but a gigantic black metal meteorite that had fallen from the sky, it came from the depths of the starry sky. No wonder why he could already see the cracks on the ground from long ago, when this giant meteorite was smashed down, it was originally filled with holes, and now, the inside of the giant meteorite had turned into a ball shaped city.

Outside of the Chaos Star City, there were a large number of Devil Dragon Hall Warriors standing guard.

"The two of you, wait here for a moment. Someone has already entered Star City to to them. After a while, the Young Hall Master will personally come to welcome you."

The warriors of the Devil Dragon Hall were very disciplined, just like the army.

After waiting for a while, Dragon Star finally arrived.

Chapter 1436 - Bloodviolet Palace

Dragon Star had already expected that if Long Chen was still alive, he would definitely come to the Devil Dragon Hall.

Of course, Dragon Star did not know about the matter of the Great Void Cosmic Dragon. There were too many connections for super treasures of this level, if news of this were to spread, the entire Three Regions Nine Realms would probably be set ablaze, so Long Chen was very careful, even if he were to enter the chaos-god country, this news must not be told to anyone.

Dragon Star rushed over with large strides. He first hugged Long Chen fiercely, and laughed heartily: "I knew you would come here, I didn't think he would guess correctly! I have been sending people to take note of the things that have happened in the Twelve Imperial Clans. There have been news of you leaving the Twelve Imperial Alliance for the past few days, I did not expect that you would be here already, "Saying this, he looked at Ling Xi, and was immediately shocked by Ling Xi's ethereal aura and his beautiful face. Dragon Star's face brimmed with a smile as he said, " This is Miss Ling Xi from Sword Soul Imperial Palace? "

Ling Xi nodded lightly. Before they had arrived, Long Chen had already told her that the man in front of her was the Dragon Fighter of the Purple Blood Demon Dragon. Before Wang Chen reached the Nirvana Tribulation Realm, his strength would not be too far off from Wang Chen's.

"Indeed, you are able to shake the masses, peerless beauty, I say, Long Chen you have good luck with women, previously Li Xuanji" Saying this, he immediately closed his mouth, awkwardly smiling, luckily Ling Xi did not care about this point.

After a series of introductions, only then did Long Xing lead Long Chen towards Chaos Star City. At the same time, Long Chen stated his intentions for coming.

This time, it was all for the Great Void Cosmic Dragon's Inherited Blood Essence, so he didn't know how much trouble it would bring to get this Inherited Blood Essence, nor did he know what awaited him in front of him.

"I'm not here to join the Devil Dragon Hall this time, I'm just here to visit the chaos-god country. Can you help me? " Long Chen asked as he walked.

In fact, Dragon Star had already predicted that Long Chen would have a very high status in the True Martial Imperial Palace, and that even the True Martial Emperor would have to summon him there. The True Martial Imperial Palace was indeed much stronger than the Devil Dragon Hall, so he didn't think too much about it, but to be able to befriend Long Chen, who had a lot of potential, was already a good thing.

Long Xing patted his chest, and said: "That is naturally not a problem, even if you do not join my Devil Dragon Hall, we, Dragon Star Long Chen, are still brothers. Leave the matters of the chaos-god country to me. "

Long Chen also laughed.

However, he had only known Dragon Star for a short period of time, so he couldn't be considered a brother that Mo Xiaolang could completely trust. The chaos-god country was the territory of the Devil Dragon Hall, if Long Chen wanted to take away something as precious as the Great Void Cosmic Dragon's Inherited Blood Essence from inside, then if Long Xing knew about this, he would definitely not be a brother anymore. This was not a matter of emotions. Rather, it was the ancestral dragon's inherited blood essence. It was truly too precious. For all of the history of the Three Regions Nine Realms, there had never been such a precious thing.

Even if Dragon Star himself wasn't jealous, with so many people in the Devil Dragon Hall and powerful existences like the Lord of the Demonic Dragon Palace, he would definitely not allow Long Chen to take away the Great Void Cosmic Dragon's Inherited Blood Essence.

Therefore, no matter how close their relationship was, secrecy was the most important thing!

"Speaking of which, why did you enter the chaos-god country?" Long Xing asked without a doubt when suddenly talking about this place.

"Rumor has it that chaos-god country is the number one relic, so I wanted to go in and take a look. Also, I want to stay inside with Xiao Xi for a while longer," Long Chen had already prepared an explanation long ago, and said with a heavy face.

He frowned and said: "So that's how it is, the Sword Soul Imperial Palace will definitely send someone sooner or later. If it's the Four Sword Sovereigns, then it will definitely alarm the Palace Mistress, so I have to ask the Hallmaster for guidance."

Long Xing, as a Devil Dragon Hall, should also be thinking highly of the Devil Dragon Hall. He called over a soldier of the Devil Dragon Hall and chatted with him for a bit. After the soldier left, he then said to Long Chen with a smile, "Come! It wasn't easy for me to come to my territory. Let's not talk about the matters of the chaos-god country first.

Long Chen understood, the soldier had gone to request permission from the Lord of the Demonic Dragon Palace.

Then, he just needed to wait for the news.

This was a city dug out from within a meteorite, because everyone could fly in the sky, so the entire city's interior was three-dimensional. The entire house, up to the left and right may all be rooms, while the warriors of the Devil Dragon Hall shuttled inside, where countless exquisite gems that emitted beautiful rays of light were hidden in the darkness, making the inside of the Chaos Star City look like a starry sky. Just by flying a short distance, they could see the stars in the sky.

"Beautiful, right? There are many fun places in the Chaos Star City, such as gambling, women, delicious food, everything. As a landlord, Dragon Star introduced Long Chen as he walked.

Hearing the word "woman", Ling Xi immediately held Long Chen's arm tightly, as if he was afraid that would suddenly fly away.

He followed Dragon Star around Chaos Star City for a while, then Dragon Star set up a banquet to entertain Long Chen with precious ingredients. Among the dishes, there was one that was actually made with Celestial Spirits, the taste was naturally indescribably good, and it could also be seen how much Dragon Star valued Long Chen.

After the banquet, Long Xing brought Long Chen and Yue Yang out for a stroll, and then someone came over to deliver a message, saying that he was summoned by the Lord of the Demonic Dragon Palace.

"Summon him?" Dragon Star was startled, he felt that this kind of matter, could be resolved by just letting someone spread the word, he did not expect that he would have to summon the person again, and with his status, he could not even see Lord of the Demonic Dragon Palace a few times in a year, so when Long Chen came, the Lord of the Demonic Dragon Palace would have to summon him?

Long Chen was also secretly careful in his heart. He had come here for the Great Void Cosmic Dragon, so the relationship between him and the Lord of the Demonic Dragon Palace was huge, but a titan like the Lord of the Demonic Dragon Palace, who had been famous for thousands of years, could cause the heaven and earth to shake with just a raise of his hand. He was absolutely not the opponent for this titan.

This was an existence comparable to the Nine Realms Lord. It could be said that in the entire Three Regions Nine Realms, the strength of this Lord of the Demonic Dragon Palace would definitely be ranked in the top twenty. This was a terrifying concept. According to the Nirvana Tribulation Realm, Long Chen reckoned that such an expert like him had at least passed through the fourth stage of Nirvana Tribulation.

It was already considered lucky to be able to endure a first stage of Nirvana Tribulation. Two levels was a great fortune. Three levels was a rarity in this world, and four levels was a rare occurrence.

Those who could survive under the Fourth Nirvana Tribulation could only be described as legendary. Every single one of them was a legend among legends.

"This old man has summoned us. I wonder what are we going to nag about this time? Let's go." Long Xing pouted his lips, his face was filled with displeasure, and brought Long Chen and the others over.

He could tell that Dragon Star really wanted to use the Devil Dragon Hall to protect Long Chen and the others, so he hoped that the Lord of the Demonic Dragon Palace would immediately send a message to him that it was feasible.

With Long Xing leading the way, Long Chen and Ling Xi looked at each other and clenched each other's fists. They couldn't hide the nervousness in their hearts. This was because it would affect their fate for the rest of them. If the Lord of the Demonic Dragon Palace did not protect them, when the Four Sword Sovereigns and other high ranked individuals arrived, killing Long Chen would be an easy task and even Ling Xi might not be able to stop them.

They gradually arrived at the center of the Chaos Star City, which was also the center of the meteorite. This was an incomparably huge devil palace, named: Purple Blood Devil Palace.

There was only one person living in this huge palace, and that was the Lord of the Demonic Dragon Palace. Normally, without the orders of the Lord of the Demonic Dragon Palace, no matter who it was, no one was allowed to enter the palace.

There were no guards at Purple Blood Demon Palace. Long Chen and Ling Xi stood in front of the majestic, domineering, yet mysterious and dark palace, shocked beyond belief. The Purple Blood Demon Palace was like a metal Bloodthirsty Dragon. It hovered in the air, eyeing the group like a tiger eyeing its prey. Everyone entered through the mouth of the Bloodviolet Demon Dragon, which was the entrance to the palace.

After walking on this grassland for half a day, there was finally a hut and a courtyard in front of him. The courtyard was filled with flowers and plants, and an old man dressed in plain clothes, his entire body was neat and tidy, with a sprinkle in his hand, watering the flowers. The arrival of the others did not disturb him, and only after he finished watering the whole row of flowers, did he turn around and size Long Chen up.

This old man ...

It belonged to the type that no one would even notice if it were placed amongst the crowd. It could even be said to be extremely restrained, to the point where Long Chen was almost unable to imagine that he was a peerless expert, a Lord of the Demonic Dragon Palace that could shake the world and shake the entire 9 stars in Primal Chaos City.

His face was rosy, his eyes were small, and when he smiled, his eyes had narrowed into slits. At this moment, he smilingly sized up Long Chen and said: "Child, you are the seventh Dragon Fighter I have seen."

Long Chen immediately bowed and said: "Junior Long Chen greets Senior Lord of the Demonic Dragon Palace!"

Ling Xi also bowed to the little beauty beside him.

Seventh Dragon Fighter? It seemed that there were quite a few hidden Dragon Fighters, but they did not know how strong they were.

"Very good, very good." Lord of the Demonic Dragon Palace stroked his short beard, his muddy eyes looked around, full of praise. He said in an amiable tone: "I heard about the things you did in Polaris City. "Who didn't go crazy when they were young and have never been hot-blooded? It's just a pity that we are all inferior to you. Without your fighting spirit and bravery, I have decided to support you without any hesitation."

Chapter 1437 - Nine Dragons Devouring the Heavens

"Hmm?" found it hard to accept that Lord of the Demonic Dragon Palace would actually be so straightforward. While he was still a little confused, Lord of the Demonic Dragon Palace continued to speak: "Let Dragon Star take you to chaos-god country. In these few days that you have been in chaos-god country, as long as you do not come out, I will not let anyone from Sword Soul Imperial Palace enter. With my trump card, Four Sword Sovereigns can't cause any trouble even if he comes. "

When Long Xing saw that Long Chen still did not react, he immediately patted him and laughed: "You bastard, why aren't you thanking Hall Master!"

Long Chen immediately said: "Thank you for protecting us hall master!"

This meant that Long Chen and Ling Xi could stay in the chaos-god country for an eternity, and that the Lord of the Demonic Dragon Palace would be able to withstand the attacks from the. With the might of the Lord of the Demonic Dragon Palace, he should have a greater chance of defeating Sword Soul Imperial Palace without her help, but Long Chen also knew that the Sword Soul Imperial Palace was not easy to deal with, if not, the Great Emperor of the Sword Soul had been missing for so long, how could the Sword Soul Imperial Palace not be able to hold on?

"Un, no need to thank me. I only admire a young man with backbone like you. There aren't many young people with backbone like you anymore." You've worked hard all the way here. In five days, I'll let him take you to chaos-god country. You can go back now. " Lord of the Demonic Dragon Palace said with a smile.

After Long Chen expressed his gratitude, he left with Long Xing and the others.

"I never thought that this old man would be so straightforward. Now, as long as you all enter the chaos-god country, he can stop the pursuers and prevent anyone from disturbing you all. This old man has the capability! " After leaving the Purple Blood Demon Palace, Dragon Star laughed.

Long Chen was relieved, but he also had a question in his heart. Lord of the Demonic Dragon Palace was so straightforward, did he really think that he had the backbone, and had no other reason? One had to know, the one he needed to face was the Sword Soul Imperial Palace.

Long Chen was stuck between the various large powers, with strong people like the forest. Even though he was already very strong, facing this kind of Ten Thousand Year Old Demon, he was still lacking a level. Of course, out of the billions of people in the Three Regions Nine Realms, Long Chen was already an existence at the peak of the world.

After exiting the Purple Blood Demon Palace, Dragon Star arranged for Long Chen a huge castle for both him and Ling Xi to rest for five days. After instructing the servants to take good care of them, he left first, leaving Long Chen and Ling Xi with a dream-like space to themselves.

The buildings of the Chaos Star City were all quite unique and not bad.

To Long Chen, there were a lot of things that he could do in the span of five days.

Dragon Star reappeared in the Purple Blood Demon Palace. The old man was sitting on the reclining chair as he dozed off. When Dragon Star arrived, he asked with his eyes closed, "Have you arranged a place for them to stay? Have you treated them well?"

Long Xing nodded and said, "Of course, why did you call me here again? Didn't you say that you will protect them? "

The Lord of the Demonic Dragon Palace shook his head and said, "I'm just curious. At this time, if he really needs protection, he can go back to the True Martial Imperial Palace, but with the protection of the True Martial Emperor, there isn't much that I can do. Furthermore, his goal is the chaos-god country, I guess that he wants to go there.

Long Xing was startled, his face tensed up as he said: "Hall Master, this is my brother, whatever he wants, we can leave it to him. chaos-god country often appears with great treasures, we don't need one or two of them."

Lord of the Demonic Dragon Palace shook his head, and said: "It is not brother's problem, chaos-god country is our Devil Dragon Hall's treasure house, he came to our treasure house to retrieve something, even if it is friend, even if it is brother's problem, we must know what exactly he took, this is not too much. My request is very simple, I will give you a mission. Follow them in, and you must know what exactly they took. "

Long Xing was a little displeased, but when the old man steeled his heart, he was extremely terrifying. He was open to Long Chen, and felt a little uncomfortable in his heart, so when the Lord of the Demonic Dragon Palace saw him acting in such a manner, he said coldly: "You are still young, and do not have the mentality to truly become someone in a superior position. Brother, we should have one, but we should have one as well. This is the task I gave you. If you can't complete it, you know my temper. "You may leave."

Lord of the Demonic Dragon Palace had already said seriously, although Dragon Star was conflicted, he had no other choice, he could only complete this mission.

"I just need to know what it is that he's taking away, not that he can't take it away. That shouldn't be a big deal, right?" He comforted himself.

The Lord of the Demonic Dragon Palace was also right, the chaos-god country was his treasury. Since Long Chen wanted to take the item away, he naturally had the qualifications to understand.

Maybe Long Chen was just taking refuge in the chaos-god country. After all, the environment of the chaos-god country, compared to the environment of the Eternal Hell, was like heaven and hell.

No matter what, it was imperative for Long Chen to increase his strength. He focused on transforming his acupuncture points into more of his Nirvana World power. He was constantly transforming and becoming more and more familiar with it. The hundreds of millions of acupuncture points in his body would probably be completed in a few months' time.

When he completed it and then constructed his own Divine Kingdom, his strength would inevitably rise again, completing a massive leap forward.

Every time he cultivated, Ling Xi would sit in front of him, support his chin with her hands, and look infatuatedly at the serious man in front of her. She liked Long Chen's attitude, which was very serious all the time.

A serious man was always the most charming.

In the middle of the night, Long Chen stopped converting his acupoints and finally found a stable environment. It was time to complete the last layer of the Nine Dragons Scripture.

From the Great Void Realm, he took out a piece of silver-gray dragon scales that were dyed in blood.

"Isn't that the scales of the Void Refining Demon Dragon?" Ling Xi opened her mouth slightly, and said with some surprise.

Long Chen smiled mysteriously: "Where do you think I got it from?"

"Big Brother Wang Chen?"

Long Chen nodded, and said: "It was when I was fighting with him, I took it off his body. Although it is just a young dragon, it can barely help me cultivate the ninth level of the Nine Dragons Scripture. "

It could be said that the Nine Dragons Scripture Level Eight was still incomplete, and could not unleash the full might of the Nine Dragon Scripture.

Only the ninth layer was gathered, the ninth layer was cultivated, and then the ninth layer was combined to form a matchless Dragon Fighter technique. The Nine Dragons Scripture had described this technique before, when the power of the nine dragons was completely combined together to form nine consecutive killing moves. The name of this move was: Nine Dragons Devours the Heavens!

This was the true face of the Nine Dragons Scripture.

It could be said that after completing the ninth level of the Body Refinement Realm, the Nine Dragons Scripture should be reborn.

"Great, Brother Chen, good luck!" Ling Xi clenched her small fists and cheered him on. Long Chen hugged her in his arms and gave her a big kiss. Only then did he calm his heart and begin to practice the ninth level of the Nine Dragons Scripture.

The last stage was without a doubt the hardest, and would require a lot of thought, but Long Chen's talent was already heaven-defying, and he could even slightly master the innate Tao technique, let alone the Nine Dragon Scripture.

When the God Slaying Sword was unleashed with the Nine Dragons Devouring the Heavens, the power would probably be even stronger than the first character of the Deity Slaying Incantation. The Deity Slaying Incantation was indeed mysterious and powerful, but Long Chen only knew a little about it at the moment.

After half a day passed, and he had made some progress, Long Chen opened his eyes and saw the little beauty staring at him with a look of worship, causing him to feel extremely happy. Even if he was cultivating, there was someone that could accompany him at all times, this kind of feeling was very good, it was just that in order for this day to last, Long Chen still had to struggle.

His tender and snow-white body emitted waves of fragrance, causing Long Chen to be unable to resist from eating. A pair of lushan claws walked over Ling Xi's delicate body, dishonest.

Ling Xi moaned softly, and her face quickly flushed red all the way down to her neck. Her eyes became hazy, and she asked: "Then Cat and the others, aren't they there?"

Long Chen was not a careless person, so he had naturally chased them out long ago. How could the world of two people be disturbed by that rogue kitten?

"Don't worry, I'll kick you out." Long Chen laughed and continued his aggression.

"About that, I feel that there's something wrong with the kitten lately. Often in a daze and in secret." Ling Xi bit her tender lips, as she endured the numb sensation on her body, and said. Her appearance was quite attractive.

"Hmm?" Hearing her words, Long Chen felt that it was true. The closer he got to the chaos-god country, the more strange the movements of this fellow became.

The word suited him perfectly, but why did he struggle? What was he struggling for? Long Chen recalled carefully, he was afraid that the Great Void Cosmic Dragon's Inherited Blood Essence was the only thing that mattered, so was he concerned about it too? However, he only had his soul at the moment, and that Nightmare's body wasn't his own.

Could the inherited blood essence of the Great Void Cosmic Dragon be of use to him?

Long Chen was unwilling to think about this matter. In truth, Cat had accompanied him for so long, helped him out a lot, and in his heart, Cat held a very high position. He could only see Mo Xiaolang and him as real trusted brothers, and after spending so much time together, they would definitely have a deep relationship.

"Maybe I was just thinking too much." Long Chen didn't want to think too much about it, it was just that he was a little vigilant in his heart.

"Mhmm, the kitten is cute. It'll be fine." Ling Xi said softly.

Long Chen put aside this matter and focused on eating. Facing the beautiful meal in his arms, Long Chen started to eat happily, making his laugh again and again.

Chapter 1438 - Boundless God Kingdom

Five days passed in a flash. Long Chen's achievement during these few days was to once again transform a lot of acupoints. After a month of transformation, he already had around five million points, which allowed him to successfully transform into a Nirvana World Power. Furthermore, the speed of transformation was still increasing.

The power of the Nirvana World on his body was now around the same as the other Dragon Blood and Divine Energy s combined. This kind of power, which had the three attributes of Destruction, Rebirth and Control, was much stronger than the Dragon Blood and Divine Energy which only had offensive power.

The nine dragon scales had already been gathered. After five days of practice, the nine dragons could basically be formed. If he wanted to use them, he would need some time to study them.

He had left these few days for Long Chen to rest and therefore, Long Xing did not come over to disturb him. On the day when the time was up, he came alone and prepared to head to chaos-god country with Long Chen.

"The people from the Sword Soul Imperial Palace have already tracked your tracks, and there are already people sneaking into the area controlled by our Devil Dragon Hall. They probably know where you are now. When that time comes, the experts of the Sword Soul Imperial Palace will definitely come. Dragon Star said.

"Thank you!" Long Chen held Ling Xi's hand, and followed the dragon star, shuttling through the Chaos Star City, and left the place.

At last, this moment, he felt quite excited.

Long Chen was also wondering if he could use the Great Void Cosmic Dragon's inherited blood essence. He had almost finished absorbing the inherited blood essence of the Primordial Blood Soul Dragon, and when he becomes a dragon, he would be a young one of the Primordial Blood Soul Dragon. If he still receives the blood essence of the Great Void Cosmic Dragon at that time, what would be the effect if the two kinds of Ancestral Dragon bloodlines were added to his body?

His body exploded and died, and like the first time, the Great Void Cosmic Dragon's inherited blood essence was directly suppressed by the Mysterious Dragon Jade?

These are unknown.

Coming out from the Chaos Star City, Long Chen headed towards the chaos-god country while chatting. Of course, it was Long Chen and Long Xing who asked him about the chaos-god country, so up until now, Long Chen still did not know anything about the chaos-god country.

First, he talked about the Devil Dragon Hall.

Long Xing said proudly: "Do you know why the flesh of the warriors in my Devil Dragon Hall are so strong? That's because a very, very long time ago, before my Devil Dragon Hall was established, my

ancestor risked his life in chaos-god country and coincidentally obtained half of the frozen body of a Purple Blood Demon Dragon! "

"Corpses?" Long Chen was a little surprised. Was that a real Divine Dragon, half a corpse? Normally, a dragon's scale, claw, and horn were all very precious, but Devil Dragon Hall actually had half of a Bloodviolet Dragon's corpse!

"It can be said that without this half piece of the devil dragon's corpse, there will be no Devil Dragon Hall. At the same time we obtained half of the Purple Blood Demon Dragon's corpse, we also obtained two drops of its inheritance blood essence. One of the drops came from the half of the corpse, and the other drop was obtained from the chaos-god country tens of thousands of years later, after our Devil Dragon Hall had risen to prominence and gained control of the chaos-god country. These two drops of Inherited Blood have become the inheritance of our Devil Dragon Hall's past hall masters and young hall masters, passed down from one generation to the next until today, when I possess one of them, after I die, I will once again pass on this Inherited Blood. " Speaking of Devil Dragon Hall's history, Dragon Star was extremely proud.

This was the glory of the Devil Dragon Hall.

"You can't imagine how big that half of a corpse was. Right now, only the Palace Master knows where he hid the other half. I've seen it once, that's a real dragon. "It's been said that when the ancestor saw this frozen corpse, he always thought it was a mountain range."

The divine dragon had long since been exterminated. There were very few complete corpses left behind, and even half of a corpse was already a rare sight to behold.

Long Chen was actually thinking about something else in his heart.

Since the blood essence of the Purple Blood Demon Dragon was found in the chaos-god country, then the blood essence of the Great Void Cosmic Dragon should not be wrong.

Within the Three Regions Nine Realms, there were probably not many people who could force their way in. Of course, those who obtained permission were different, as long as the disciples of the Devil Dragon Hall obtained a pass, they would be able to enter and train themselves, and the young hall master of the Dragon Star Hall was able to bring people in and out as he pleased.

Some trees were a hundred meters tall, soaring into the sky and blotting out the sun. In this forest, Long Chen could sense countless powerful existences guarding this forest. There were more than a hundred

Nirvana Tribulation Realm s in this forest, and more than half of them were estimated to be in this pitch-black forest.

With Long Chen's current fighting strength, as long as he did not undergo two stages of Nirvana Tribulation, he could deal with his. He remembered when he first came to the 9 star primal chaos city, a few insignificant Hall Master Xuanming had already taken Long Chen's life.

In just a few short months, this kind of progress could only be described as terrifying.

The three of them entered the pitch-black forest, shuttling between the dark trees. The shadows of the trees were like the shadows of ghosts.

It was possible that the warriors of the Nirvana Tribulation Realm were very familiar with Dragon Star. Seeing Long Xing bringing a man and a woman over, they did not go out to ask about it.

After walking for a long time in the middle of the forest, they still did not encounter anything. On the other hand, the entrance of the chaos-god country was already close to him, and suddenly there was a huge open space without a forest. There was an end in sight, and in the middle of the open space, there was a grey Sky Pit.

This was a bottomless pit.

"chaos-god country is inside." Long Xing laughed.

Inside the Bottomless Pit, clouds and mist swirled and nothing could be seen.

No matter how eerie and terrifying the bottomless pit was, it was not as scary as those ghosts in the Eternal Hell. According to Long Chen's knowledge, there were no ghosts in the chaos-god country.

However, the chaos-god country also had many deadly things.

Long Chen hugged Ling Xi and slowly descended from the Bottomless Pit. The Dragon Star was furious, it was impossible to see clearly, and it continued to mutter: "In the entire Chaos Star City, there are more than eight thousand women on my Dragon Star that do not have ten thousand. These two bastards, to actually show such sweetness in front of me, my, your father!

Very quickly, they crashed into the clouds.

The fog here was extremely thick, and it was difficult for one to see anything far away. Fortunately, there was no danger. However, the bottom of the hole was still bottomless, and he did not know when it would come to an end.

"According to legend, a long time ago, this hole had a bottom. When the bottom of this hole disappeared, the chaos-god country appeared." Dragon Star pouted and said.

Long Chen hugged Ling Xi as he sized up the surroundings and remained vigilant at all times.

"Don't be too nervous. At the very least, you'll be very surprised when you reach chaos-god country." Long Xing chuckled.

He descended for about another two hours, his speed increasing, his body actually felt twisted. An invisible force was acting on his body, trying to pull him towards a different direction.

"No need to resist." Long Xing said in a deep voice.

BOOM!

Long Chen gave up resisting, and the two of them were pulled away by the huge force and smashed into the cave wall. However, the cave wall flashed and released waves after waves of water, which actually swallowed them in. When Long Chen was able to see again, he realized that he was floating in the sky above a vast expanse of land, and this, was the chaos-god country!

Dragon Star was right, when Long Chen first saw chaos-god country, he was truly shocked. Because this place did not look like an ancient ruin at all, but more like a paradise on earth. Below him was a lush and verdant forest, and in his field of vision, there were flowers, plants, birds, flowers, fragrance, high mountains that rose up into the sky, straight into the clouds.

Above the mountains, incomparably clear streams of water were rushing down. Some of them formed waterfalls as a white stream fell from the sky, emitting a deafening sound of flowing water. Everywhere was a paradise on earth.

In the distance, there was a white mist.

"This is the chaos-god country of my Devil Dragon Hall, it is very big, so big that no one has been able to find its end, even the previous Palace Masters have been unable to do so, and those that went too far have all lost their minds, this may be an incomparably huge world. I once heard the Palace Master say that this world is filled with endless possibilities, and it is an abandoned fairyland. It may not even be equal to the Eternal Hell, but it is also possible that its scope will surpass the entire Dragon Sacrifice Continent! "

Long Chen looked around, and was stunned.

Dragon Star probably didn't know that the Dragon Sacrifice Continent had a few hundred Three Regions Nine Realms as core, but, the Lord of the Demonic Dragon Palace definitely knew about it. He actually said that this endless chaos-god country actually had a range that exceeded that of the entire Dragon Sacrifice Continent?

Just what kind of place was the chaos-god country?

How could it be so big?

"However, I don't believe that a mere ancient ruin can have that much, this is all just the bragging of that old man, it's comparable to the Dragon Sacrifice Continent, I think his brain got kicked by a donkey, haha, if I grow old and have time, if I don't want to fight for supremacy, I will come to this chaos-god country to explore, and find the end of it no matter what!" Dragon Star had an active personality. As he descended, he laughed loudly.

Long Chen thought for a while in his heart, "The mysteriousness of the Eternal Hell lies in the fact that it is a place with a dead city and a dead city lord. I thought that the chaos-god country was simple, but I never thought that the inherited blood essence of the Great Void Cosmic Dragon would actually exist here, and it would be even more mysterious than the Eternal Hell.

The world was vast and endless.

Chapter 1439 Nirvana Sparks

How could there be any danger in such a place that seemed like a paradise on earth?

Because of the ghosts in the Eternal Hell, there were also some incomparably vile environments that caused great losses to martial practitioners. However, the chaos-god country did not have any ghosts, but rather, something that was called a 'natural disaster'.

The three of them descended from the sky and floated close to the ground, suspended above the rugged mountain forest. At this time, Cat and the Nine Hell Illusory Butterfly had both come out. After arriving here, Cat had become silent and her expression was solemn.

Therefore, when they came to the chaos-god country, the one who led the way was also him. Long Chen had already discussed this with him and asked him to lead the way, but he could not let Dragon Star know that they were looking for something. At the very least, it should have hidden something.

After arriving here, Dragon Star was a landlord, so he happily introduced Long Chen to everyone.

"In the chaos-god country, there are no living killers, but there are even more murderous ones with even greater killing power. For example, if you walked in a beautiful forest with the ground covered in fallen leaves, a whirlpool would suddenly appear under your feet, and terrifying flames would shoot out from it, burning you into ashes. Or perhaps it could be said that just as you were standing here, a violent gale suddenly blew past, blowing you away and crushing you to pieces. All this is possible. This was the 'natural disaster' that was practically everywhere in chaos-god country. The natural disaster is only targeted at people, and rarely will it damage the environment here. "

Long Chen had already somewhat understood this point.

This made the chaos-god country even more mysterious and special.

"Among the natural disasters, there are all sorts of disasters in the natural world. There are wind, rain, lightning, frost, snow, mountain crashes, torrential floods, fire, lightning, poisonous gas, and so on. But no matter what, no matter how terrifying the calamity, it will rarely have a huge impact on the environment of the chaos-god country. At most, after a forest has been destroyed, it will regrow very quickly. "

"So strange?" Long Chen sounded as if the chaos-god country was a living being with intelligence. It would go and destroy all life after falling in, but it would not destroy itself.

Those 'natural disasters' weren't simple things. For example, the 'Black Obsidian Wind Devouring Flame' controlled by the evil ghost dragon, and the Nine Heavens Dark Thunder, they weren't even worth mentioning in front of these 'natural disasters'.

Moreover, whether it was on the ground or in the sky, these 'natural disasters' were unavoidable. In the sky, it was a place where violent winds and thunderbolts gathered.

When chaos-god country got angry, there was nowhere to hide.

"However, I have a secret technique that allows me to avoid natural disasters as much as possible." Dragon Star proudly said.

"Stop keeping us in suspense, hurry up and say it." Long Chen glared at him.

"Haha, that is, try your best not to destroy the things in chaos-god country. Even if it's just a leaf, if you were to fall, the next moment of disaster might come." Dragon Star said.

one leaf

Long Chen had a rough understanding of the situation.

Just then, the little kitten seemed to have found the clue, and gestured to Long Chen, who said: "Since you're here, let's go walk around, see, and take a risk."

With that, he greeted Dragon Star. Instead of letting the landlord, Dragon Star, lead the way, he walked in front.

He was not an idiot, and with this, it was clear that Long Chen came for something. It was just that, for now, he did not want Dragon Star to know about it, but if this continued, as long as Dragon Star followed them, they would know about it one day. Dragon Star originally did not want to bother with such a small matter, but Lord of the Demonic Dragon Palace insisted that he what Long Chen had taken away.

This made his heart exceptionally tangled.

"Forget it, I'll just take it one step at a time. Perhaps the thing that this little fellow is really going to take away, is not worth mentioning to my Devil Dragon Hall. " He comforted himself like this, smiled mischievously, and chatted with Long Chen again.

However, he was still conflicted. If Long Chen took something that was out of the ordinary, then how should he choose?

knew about the few people around him, and guessed that all of their hearts were quietly changing. Only Ling Xi, was the only one who was worthy of their trust. He held Ling Xi's hand tightly, and walked in this beautiful mountain forest.

In the forest, there were many harmless looking animals, small deer drinking water, and colorful birds dancing.

The little kitten stayed on Long Chen's shoulder. The Nine Hell Illusory Butterfly was also tired, resting on Ling Xi's hair, becoming a beautiful ornament.

Not long after he left, Long Chen encountered a so-called natural disaster. The hard ground instantly turned into a vortex, completely formed from water, an incomparably gloomy and cold arm grabbed towards him, which Long Chen recognized, and it was even able to melt the body of an ordinary warrior with just one drop of water. It was extremely powerful, and with Long Chen's body, if he was caught, he would not be able to move for a few days.

Fortunately, he dodged quickly and pulled Ling Xi to retreat quickly. Only then did he manage to avoid danger, but he still had some lingering fear in his heart. Although the chaos-god country looked like a paradise on earth, its killing intent was overwhelming, surpassing even the Eternal Hell.

With his current strength, he could handle all natural disasters. Not to be killed. Of course, if that truly terrifying, earth-shattering disaster were to erupt, then even he wouldn't be able to do anything.

After travelling for two days, they had encountered a total of more than a dozen natural disasters of varying sizes. They had once found an immortal spirit with a Immortal Mark in the mountain stream. The treasures in chaos-god country were more common, but they still had to be taken away alive.

For the past two days, Cat had been researching the map using her brain. According to the map, it was not as simple as she thought it would be, so the speed at which they were traveling would probably be a little slower than expected, but thankfully there were Lord of the Demonic Dragon Palace blocking them

outside, so they had enough time. During this time, Long Chen was able to cherish the days he had spent with Ling Xi.

Ling Xi enjoyed these more. In her eyes, there was no Great Void Cosmic Dragon's Inherited Blood Essence, no chaos-god country, only Long Chen.

Two days later, they walked out of the rugged mountain forests and into the endless prairie. A gust of fresh, cool wind blew over, and there were quite a few green gusts of wind dancing on the prairie, clearly showing their existence. The colorful wind looked very beautiful, but Long Chen knew how terrifying it was. They had no choice but to avoid the green wind, otherwise, if they got entangled, at least a layer of its skin would be skinned off.

Suddenly, they discovered a corpse in front of them.

Corpses were relatively rare in the chaos-god country, because it was difficult for those who died in natural disasters to leave behind corpses. Of course it was possible, so they didn't pay much attention to it in the beginning. However the meticulous Long Chen quickly found out that there was something different about the corpse.

It was because the internal organs of the dead had been taken out. Rather than calling it a corpse, it would be more accurate to call it a outer shell. To be able to eat a person's internal organs so cleanly, he was definitely not a wild beast from chaos-god country. This method actually made Long Chen think of a ghost from the Eternal Hell.

The situation was too unsightly, Long Chen did not linger for long before he left.

"Strange, it seems that no one in the chaos-god country will die like that. This way of dying seems to be in the Eternal Hell. " Dragon Star also frowned, thinking about this matter again.

Could something from the Eternal Hell have come to the chaos-god country?

This was too ridiculous.

It was just a corpse, so the two of them were a little suspicious, but didn't pay much attention to it. He continued on his way.

The map was extremely complicated, and the chaos-god country was simply too big. For the time being, Cat did not have a clue, and could only figure it out step by step.

Such an obvious treasure hunt naturally wouldn't escape the eyes of Long Xing, but he didn't question it and simply turned a blind eye.

"In front of us is a place where more people gather, and treasures appear more often, but they are all people of my Devil Dragon Hall. With my identity here, basically, no one will come and cause trouble for us."

After walking for another half a day, Long Xing said this.

In front of him was a group of shrubs and trees. The trees were not tall, but they were very wide. The ground was not rugged either, and there were only short hills everywhere. There was no way to hide from sight.

After entering this area, they felt that there were people around, but it was also very noisy.

Long Xing laughed out loud, and said: "They should be waiting for some kind of heavenly treasure. Generally speaking, for items below two Dao patterns or Immortal Mark, whoever can obtain them will get it, so there will be a battle later. In the chaos-god country, this is a very common occurrence, they are all members of my Devil Dragon Hall.

Sure enough, on the way, many people seemed to be rushing towards that direction. Long Chen was not interested, but from the map, he knew that he had to go through a place like this.

There were a total of more than ten people surrounding him, as if they were waiting for something. With Dragon Star's noble identity, the moment he appeared, someone noticed him and hurriedly saluted him. However, they did not leave their seats.

"What's going on?" Dragon Star asked a weaker fighter who was not involved in combat and was on the periphery.

"ing to the Young Hall Master, there is a Nirvana Flame in the valley that is frantically absorbing the Spiritual Qi of Heaven and Earth. It is probably going to mature soon. They are waiting for the moment it matures before they rush in to harvest it." The warrior said.

"Nirvana Flame, not bad. You have two Immortal Mark. It had the strong effect of increasing the power of Nirvana. Unfortunately, I am not at Nirvana Tribulation Realm so I cannot use it. " Long Xing stretched himself and looked towards Long Chen.

Long Chen was a little tempted. He already possessed the power of Nirvana, so he guessed that this Nirvana Flame would help him to convert the power of the Nirvana World.

At this time, Long Xing said: "Brother, I heard that you've defeated Wang Chen before, your strength has greatly increased. Why don't we compete once?"

Chapter 1440 - Ghost Reappearance

As Long Chen and Dragon Star was focusing on the Nirvana Flame deep within the mountain stream, a black figure quietly appeared behind a huge boulder in the distance behind them.

This shadow was entirely black, and its body was deformed. There were many lumps on its skin, and two black iron shackles had grown out from its flesh.

Looking at Long Chen and Ling Xi, the black figure gnashed his teeth, his eyes bloodshot. "There's a path to Long Chen's heaven yet you chose not to take it.

His gloomy eyes were filled with boundless anger and hatred.

Long Chen didn't really care about the things that happened too far behind him. After all, the only danger in the chaos-god country came from those 'natural disasters'.

In the face of Dragon Star's somewhat provocative invitation, Long Chen agreed without hesitation. On one hand, he was interested in the Nirvana Flame that he still couldn't see, and on the other hand, after fighting with Wang Chen, his progress had been huge, especially recently when training the final layer of the Nine Dragons Scripture.

"Go Brother Chen!" When Ling Xi heard that they wanted to compete, she was ecstatic and obediently moved aside. The kitten on Long Chen's shoulder was also very sensible and stayed beside Ling Xi with the Nine Hell Illusory Butterfly. The Nine Hell Illusory Butterfly had always been teasing the kitten, but the little kitten was still listless.

The two of them moved at almost the same time, charging towards the mountain valley. Long Chen had already transformed a large amount of Nirvana Realm power, and in many aspects, he was not any weaker than Dragon Star. Even his speed was the same, with a purple streak of light and a red streak, two rays of light had instantly appeared in front of everyone.

They didn't know who Long Chen was, but Long Chen was the Young Hall Master.

"Everyone, don't let me win. Everything depends on strength. Whoever can snatch it will get it." Long Xing said in a straightforward manner.

Everyone started to cheer, but with how strong Dragon Star was, anyone who didn't reach Nirvana Tribulation Realm would definitely not be his match.

In the chaos-god country, warriors from the Nirvana Tribulation Realm were allowed to enter.

Long Chen looked at Ling Xi, who was quietly watching him from behind. With her by his side, his heart would be a lot more at ease. After that, he concentrated and looked into the mountain stream.

At this time, a large amount of chaos-god country Spirit Qi formed a huge whirlpool in the sky above the mountain stream, with a diameter of more than 10 miles, countless of Spirit Qi was absorbed by the whirlpool, being crazily absorbed by the Nirvana Sparks, it was about to mature and condensed a second Immortal Mark.

Nirvana Flame is a kind of magical immortal spirit. Before it matures, it would become an unremarkable weed, and only when it matures, will it be able to undergo a complete metamorphosis, rebirth, and become an extremely powerful and dazzling immortal spirit.

At this moment, it was the time for the celestial spiritual energy to ripen. The spiritual energy of the world was in great turmoil, and could not help but be the emperor's spiritual energy in the sky, as well as the land and mountains. All sorts of spiritual energy was being devoured.

Therefore, everyone was waiting. They were waiting for the moment they matured. It was time for them to break through.

At this juncture, everyone had their attention on Long Chen, the seemingly very young youth. After hearing what Dragon Star said just now, they knew that the reason why Dragon Star was fighting for the Nirvana Flame was to compete with Long Chen.

In that case, this youth must be very powerful.

But why not?

Just as everyone was feeling puzzled, the vortex in the sky suddenly shook and quickly disappeared, returning to a calm state. However, a fierce flame shot into the sky very soon. What was burning within the flames was the aura of Nirvana Force.

A fully matured Immortal spirit!

This was like a signal, causing everyone to instantly increase their speed at this critical moment. Several warriors of the early stage of the First Stage of the Nirvana Tribulation were already rushing towards this direction.

Long Chen and Dragon Star immediately took action, everything happened in a split-second, the purple and red silhouettes quickly advanced, their momentum was ferocious, many people were shocked, many people hurriedly tried to stop them, but the two of them were too lazy to bother with them, Dragon Star laughed out loud, his body expanded, his muscles entangled, after a few flashes, he sent the surrounding competitors flying with his fist.

Long Chen was not like that, but wherever the swords went, everyone would retreat and not dare block his attacks. Be it Ling Xi's sword or the God Slaying Sword, both were mysterious and precious, ordinary people were unable to resist at all, the God Slaying Sword's killing aura was enough to make people's hair stand, and Ling Xi's sword was a sword that caused their souls to tremble.

The two of them quickly fought their way out of the encirclement, leaving everyone behind. They took the lead and rushed in the direction of the Nirvana Flames.

Seeing that the other party had indeed rushed out, Long Xing laughed loudly, he could not be bothered with the Nirvana Flame, but instead charged towards Long Chen. His hands changed directions, a total of eighteen purple divine dragons, which seemed to be his left arm and right shoulder, released terrifying roars under his control, and rushed towards Long Chen from all directions!

The ground shook and energy surged. Long Chen was completely trapped for a moment as his footsteps were obstructed.

However, it was a small matter to him. As the God Slaying Sword slashed down, the Deity Slaying Incantation erupted and the four death sword beams swept outwards, in a flash, Long Chen had shattered eighteen purple divine dragons and simultaneously charged out of the tight encirclement. The four death sword beams actually forced the dragon to retreat, and the distance between him and Long Chen instantly widened.

However, Dragon Star's reaction was extremely fast. After dodging the attack, his legs borrowed the force of the impact to quickly chase after Long Chen!

"Your sword moves are not bad, but it's still far from being able to shake me off!" Dragon Star's hearty laughter came from behind him.

Long Chen suddenly turned his head, at this time, Long Chen released a roar, and punched out.

"Purple Firmament Demon Dragon Fist!"

In that moment, his arm swelled up and purple scales covered his arm, turning into the real claw of a Purple Blood Demon Dragon, which was ten meters long. He punched out, and wherever it went, the ground cracked, sand flew everywhere, and the Purple Blood Demon Dragon was a strength type of Divine Dragon.

In fact, the Purple Demon Dragon Fist was even more domineering!

"Can you withstand this move?" Dragon Star laughed provocatively.

These few days, his relationship with Dragon Star was quite strange.

Long Chen smiled in his heart. Since the other party wanted the entire level, he would naturally not be polite. In front of the Purple Firmament Demon Dragon Fist, Long Chen's heart stirred as he put away his Ling Xi's sword and immediately used the God Slaying Sword to unleash the ninth stage of the Nine Dragons Scripture, the Nine Dragons Devouring the Heavens!

With the mastery of the Nine Dragons Scripture, there were a total of Nine-headed Dragons. The Sky Profound Jade Fire Dragon, Blue Sea Ice Armor Dragon, Eternal Greenwood Dragon, Golden Thunder Prison Dragon, and so on.

At that moment, a nine-colored array diagram appeared behind Long Chen, and started to spin. The nine positions of the array diagram were occupied by a Divine Dragon, and from the moment the first dragon opened its eyes, every Divine Dragon opened its eyes. The might of the nine dragons combined to form a terrifying pressure!

Dragon Star rushed up to him at that moment. Raising his head, he saw that Long Chen was hiding in the middle of the Nine-headed Dragon, with blood-red eyes, the sword in his hand erupted with nine different colored rays of light, attracting the nine different colored light, and as Long Chen swung his sword down, the array pattern immediately changed, and nine divine dragons soared up, condensing into a nine different colored sword qi that shot towards Dragon Star!

When the sword qi started to transform, it was still the eyes of the Nine-headed Dragon. The power of the Nine Dragons Scripture had been unleashed to its limit, it was actually this terrifying!

Of course, Long Chen had only just come in contact with the Nine Dragons Devouring the Heavens, so he was still unable to fully unleash its true meaning. But even so, in this clash, his Nine Dragons Devouring the Heavens still gained the upper hand, and after a single exchange of blows, he forced Dragon Star to withdraw his Purple Cloud Demon Dragon Dragon Fist and retreat. And at this time, with the aid of the aftershock, Long Chen laughed loudly and rushed into the mountain ravine.

Long Chen reached out his hands and picked up the Nirvana Flames right before Dragon Star hurried over, as if he was in the middle of a Great Void Realm. He then stood on top of the huge boulder, looking down at the small mountains in front of him.

Long Xing had just arrived and saw that Long Chen had already succeeded, and laughed bitterly, while the others were even more helpless, they were still far away, and seeing that the young man succeeded, they were convinced of their defeat.

Just as Long Chen was about to speak, he suddenly became alert in his heart. He hurriedly used the Soul Eye Technique to look towards the outside of the ravine, but unexpectedly, he was greatly shocked, as his hairs were standing on end!

"A dynasty!"

No matter who it was, it could not cause Long Chen to be this shocked. Only the two dynasties that had died in his hands! It was impossible for the dynasty to appear here, but in his field of vision, who else could it be other than the dynasty who had launched a sneak attack on Ling Xi?

was scared silly. He still had a brain, so he knew Ling Xi's strength was scary, and there was also the Nine Hell Illusory Butterfly beside her. Forget about Long Chen, even Ling Xi herself did not know where this little butterfly came from, nor how strong he actually was.

When Long Chen found out about the dynasty, Ling Xi and the others also realised that this ghost was extremely ugly. The Nine Hell Illusory Butterfly was shocked, its wings flapping, and an invisible ripple swept towards the empire.

Fortunately, Ling Xi was fine. He was just about to chase after the empire, but she did not expect that the Nine Hell Illusory Butterfly would injure the brat, so she quickly escaped. She actually had such a mystical secret technique that she could directly flip open a black vortex and jump into it.

"Isn't this the dynasty?" Ling Xi knew, that in the black castle in the Everlasting City, the dynasty was said to have been completely destroyed by Long Chen, how could they still exist?
