

War God 1441

Chapter 1441 - Head Statue

Because of the dynasty's appearance and his strange disappearance, everything had become hazy.

Long Chen, Dragon Star and the others were the first to leave the place and look for a safer place. Sky Disaster would appear less often, so Long Chen thought to himself, "This damned thing was originally in the Desolate City and was even killed by me, but now, it has appeared here. The dynasty is being controlled by the City Lord of Desolate City, so his appearance here has nothing to do with the City Lord of Desolate City."

Long Xing's face was full of curiosity, "Impossible, there's only one entrance to chaos-god country, and it's already guarded to death by my Devil Dragon Hall's people, how could this damned thing come in?"

Long Chen said, "The City Lord has stayed in the Eternal Hell for so long, it's incomparably mysterious. His familiarity with the nine great ancient ruins far surpasses yours. This kind of mysterious existence is something that we cannot predict. He must have done this, and he must have had some ulterior motive."
"

Dragon Star seemed to be deep in thought. He said, "It seems that we have to let Hallmaster know about this matter."

Without saying a word, he found a Devil Dragon Hall warrior from the side and told him the details of the situation here, telling him to go back and report it to Lord of the Demonic Dragon Palace. After finishing everything, Dragon Star heaved a sigh of relief and said: "This guy is nothing much, if ten Spirit Kings and the City Lord of Bastard City came, this chaos-god country would probably be taken over by them."

Long Chen's target was the Great Void Cosmic Dragon's Inherited Blood Essence. Before he obtained it, if it wasn't because he had too much to do with other things, he would not have bothered about it. The next time they met, he would definitely not let him escape. Long Chen wanted to kill him, but wasn't the other party trying to kill him even in his dreams?

In the next few days, Long Chen decided to take a break and try to refine the Nirvana Flame. This was a rather mystical and special type of immortal spirit.

The effect of the Nirvana Sparks far exceeded Long Chen's expectations. It was like a ball of flame that gathered a large amount of Nirvana Qi and rushed into Long Chen's body, speeding up the conversion of Long Chen's acupoints, filling the gap in Long Chen's body's Nirvana Qi, causing the Nirvana Qi in his body to become stronger than ever before. Three days later, after he had completely refined the Nirvana Sparks, his acupoints had already transformed into a total of ten million Nirvana Qi, occupying one tenth of his entire acupoint.

Long Chen could not help but think, if there was a large amount of Nirvana Flame, but he understood that such things could only be encountered by chance and not sought. It would already be great if he could have one of the divine objects of the world.

As a result, the power of the Nirvana World in his body began to surpass that of the Dragon Blood and Divine Energy.

In the future when he fought, the power of the Nirvana World would be his main target.

After they were done, they continued on their journey. With Ling Xi as their companion, although the pressure in the future was great, Long Chen did not need to be afraid.

Perhaps, if they were to leave this place, they would face judgement. However, Long Chen was not a coward, he would not stay in a place like chaos-god country for his entire life.

Although the environment here was beautiful, the world was beautiful, mountains were big and rivers were flowing, but there was no sense of security here.

A natural disaster could happen at any time, and even if one meditated and cultivated, a terrifying thunder would suddenly descend from the sky and strike down with a loud bang. No matter how timely one dodged, it would still leave one's face covered in dirt.

The only thing worth being thankful for was that the kitten finally found its way to the door and saw the way forward.

"It's actually in this position?" It's quite a distance from here. " The kitten muttered to itself.

"It's fine, we have plenty of time to walk." Long Chen said softly.

"This Dragon Star, what are you going to do about it? If he was allowed to know, he was, after all, a Great Void Cosmic Dragon's Inherited Blood Essence. Even if their relationship was good, he would still be scared. If he informs us, after we leave, this old cunning fox, Lord of the Demonic Dragon Palace will definitely not let us off. " Cat asked worriedly.

Long Chen also found it difficult, but up till now, both sides had already come to a conclusion. Long Chen had already started to have a plan, as long as he did not say anything, who knew if it was the Great Void Cosmic Dragon's Inherited Bloodline? When that time comes, all he had to do was spout nonsense. If Long Xing really acknowledged Long Chen, he wouldn't pursue the matter too far.

"I'll take care of it." Long Chen replied Little Cat.

cat-lord's eyes were serious, staring straight at Dragon Star for a while, then he lowered his head and started to point the way.

In the middle, he met many natural disasters, passed through many tall mountains, flew over many large lakes, experienced great floods, volcanic eruptions, passed through forest that reached the sky and experienced great difficulties and dangers. Following the route on the map, he finally reached the location where the Great Void Cosmic Dragon was passed on.

"I believe that the ancestors of my Devil Dragon Hall have not come here. At the very least, this is a map drawn by my ancestors and there is no such place. Your route is too complicated, I don't even know how you got here." Dragon Star's gaze was deep as she looked around her surroundings. His personality was originally sloppy, but the deeper she went, the more he couldn't guess her emotions.

Long Chen and the rest were currently floating above a large black swamp, and beneath the swamp, there would be terrifying amounts of mud rolling at any time. If they were to shoot up into the sky, they could easily push someone underground.

On this swamp, Long Chen and the others had already been walking for a few days.

"We're only thirty kilometers away." The kitten's voice trembled.

A Great Void Cosmic Dragon's inherited blood essence, the world's greatest treasure. Even he found it hard to conceal the excitement in her heart.

Long Chen was actually very calm. Everyone increased their speed, and a few figures quickly flew through the air, straight ahead. Through the thick fog, Long Chen suddenly saw a small island in the middle of the swamp. The island was not big, it was circular, and the center of the island was green. It was completely different from the surrounding swamps, like an oasis in the middle of a desert.

There were no mountains on the island. It was all smooth and easy to put the island under one's nose. When everyone landed on the island, the first thing they saw was a black metal statue at the center of the island. If they looked closely, it was actually a human head.

Only one head, about a meter in diameter, was placed in this place. From the outline, the head looked no different from a normal person's. However, there was a third eye in the middle of the forehead.

Although it was a statue, Long Chen still felt a huge impact from the spirit, causing them to not dare to look straight at the statue.

In the second moment, Long Chen saw something that made him even more nervous. Beside the statue, there was a black shadow trying to move the statue, it was a completely black shadow, his body was covered in rotten flesh, and more than ten black chains were hanging down from his flesh and bones, hung on the ground, there was no doubt that this was a dynasty!

This time, Long Chen was really nervous.

What is this place?

The location of the Great Void Cosmic Dragon's inheritance!

Such an important place, the dynasty actually appeared here. Long Chen and the others came here from the map, and how did this empire come here, how did he know about this place? Could it be that he also knew about the Great Void Cosmic Dragon's inherited blood essence?

This was not good, if he knew, then it would mean that the City Lord had found out. If this matter were to spread, no matter where Long Chen was, he would probably be chased by countless people, and would not be able to have peace throughout his entire life.

He forced himself to calm down.

"Brother Chen!" Ling Xi's face was also filled with suspicion, she pursed her lips, until Long Chen pulled her, the two of them quickly rushed towards the center of the island.

"Surround him!" Long Chen said to Long Xing, the two of them understood, one in front and one behind, they appeared at the side of the empire, at this time, the empire had also discovered them, they instantly turned pale in fright, and shouted in shock: "How do you guys know this place!"

Long Chen's heart skipped a beat. Indeed, he knew about the existence of Great Void Cosmic Dragon? This was impossible. Only Cat could understand this pattern map. If the City of Abandonment could understand it, would he send his dynasty here today? Furthermore, if they truly knew that it was something that belonged to a Great Void Cosmic Dragon, even if the City Master of Bastard himself could not use it, he would not have only dispatched a single person from his empire here, right?

hurriedly pondered in his heart. He told Ling Xi to retreat to a safe place, with the protection of the Nine Hell Illusory Butterfly, there shouldn't be any problems. Then, he and Long Xing tightly surrounded the empire. I'd like to ask you how you know this place? Do you want to move this black statue of the head?
"

The empire was shocked, and said: "Long Chen, how did you know!" Extreme shock was revealed in his eyes as he forced himself to lie to himself and said crazily, "You must have barged into this place randomly. You're really lucky, I advise you to leave this island as soon as possible. This is not a place you should be in, get lost now!"

Long Chen looked around at his surroundings, signalling to Dragon Star for a bit, and then coldly snorted: "Hmph, then we'll talk after I've completely killed you."

The dynasty was enraged, he stared straight at Long Chen, opened his bloody mouth and roared: "Long Chen, you think I will lose to you? You don't know how much stronger I've become since I lost to you the last time? This time, I'll show you what death feels like.

"What is there to be proud of about the power gained by devouring living people's flesh and blood?" Long Chen laughed in ridicule, and with one sentence, he struck the sore spot of the dynasty.

"Die!" This time, Long Chen was not courteous with this damned thing. He knew that if he wanted to kill the other party, he had to be ruthless, he could not give the other party any chance to recover, and this kind of damned thing was practically immortal, so Long Chen did not believe that if Ling Xi used her sword and destroyed all of his residual souls, he would still be able to live!

Without another word, he gripped both swords in his hands and charged towards his opponent!

Chapter 1442 - Time Tunnel

His body expanded, and a large amount of iron chains grew out from his flesh and blood. The sky flew, condensing into a few steel snakes, roaring towards Long Chen, the gray aura surrounding the steel iron chain, and possessing an aura similar to that of the God Slaying Sword.

Long Chen bellowed, without saying a word, he slashed down from the sky, the dark, devouring and other type of attacks condensed into a 'heaven' word, the terrifying power of the Heaven Slaying Sword clashed with the countless iron chain, in that instant, there was a piercing sound of metal striking metal!

Clang clang clang!

Long Chen had relied on this period of time to transform a large number of acupoints, allowing him to unleash the power of the Nirvana World. The power in his body was close to that of the warriors in the Nirvana Tribulation Realm, who then possessed a powerful fleshly body, he erupted, activated the Deity Slaying Incantation, and with the might of a god, he severed the chains on his body, directly approaching the dynasty!

"Nine Dragons Devouring the Heavens!"

This time, Long Chen used Ling Xi's sword to execute Heaven Devouring Dragon!

Using Ling Xi Sword might not be as violent in terms of physical attack power as the Sword God, but in close combat, the damage from Ling Xi's Sword to the Divine Martial Spirit was much more effective.

In the middle of Ling Xi's sword, the energy that belonged to Long Chen burst forth with the power of Nirvana. The destructive power broke apart all of the empire's flesh and bones, and at the same time, according to Long Chen's familiarity with Ling Xi's sword, with the power of Ling Xi's sword, he could kill all of the empire's soul without any chance of survival!

"Me too!" Dragon Star rushed up, opened his mouth and spat out grandmist purple qi. The purple qi wrapped around the body of the Emperor, turning him into ashes!

"Long Chen!" One could tell that the heaviest injury caused to him was probably the damage to his soul. This caused him to be completely unable to control his body and he was even minced to pieces within a short period of time!

After a furious roar, there was no more movement!

Long Chen was afraid of this empire, so he used a killing technique the moment he attacked. After the Primordial Purple Qi dissipated, he checked the surroundings and finally confirmed that this empire was definitely dead.

After they were done, the two of them felt a lingering fear.

"Why did this thing come here?" The two of them were filled with doubt.

After forcefully settling the matters with the empire, Ling Xi and the others came up. The map was already useless now, it indicated the location of the small island. However, it was up to everyone to carefully search for the location of the Great Void Cosmic Dragon's inherited blood essence.

The most prominent part of the island was the statue of the human head in the middle, which was also what the dynasty had moved around with it. It was because of Long Chen and Yue Yang's arrival that the transfer of the statue had ended. At the moment, the statue had already begun to loosen, but it had not succeeded yet.

Long Chen's gaze could not help but shift to the statue, he realized that the statue was terrifyingly heavy, and with the power of a single person, he was actually unable to move it, and only until when Long Xing came to help did the two of them slowly loosen up the statue. When they pushed the statue away, Long Chen discovered that there was a black vortex below them, and the fog surrounding it looked just like the entrance to chaos-god country. However, the entrance was only one meter in diameter and was relatively small.

Long Chen's heart was filled with surprise, there was no doubt that the Great Void Cosmic Dragon's inherited blood essence should be inside, but how did the empire know, that if they pushed the statue away, it would lead to the Great Void Cosmic Dragon's inheritance?

The dynasty was completely dead now, it was impossible for Long Chen to even ask him about it. Besides, even if he was still alive, he wouldn't be able to get anything out of him.

After exiting the tunnel, Long Chen pondered for a moment and then looked towards Dragon Star.

It was time for the showdown.

Dragon Star, on the other hand, was fine. He waved his hand and said, "Come, let's chat."

"Brother Chen!" Ling Xi called out softly, a little worried.

"I'm fine." However, Dragon Star was a very straightforward person. He smiled and said, "I have thought it through, although this old man has told me repeatedly that I must know what you are taking away, I, Dragon Star, am a good friend of yours, so I will let you take care of it. We aren't familiar with each other yet, it's reasonable for you to lie to me for so long. However, you are about to let me in just because you trust me. This time, I'm going to risk it all. You can go in, I'll guard you from the outside. "

Long Chen was actually a little touched. If it wasn't for the Great Void Cosmic Dragon's Inherited Blood Essence, he wouldn't have hidden this important matter from his. The other side didn't care about anything and was even willing to watch for him. The person who was able to get the Lord of the Demonic Dragon Palace to protect him was most likely the person who begged for mercy ...

Long Chen clenched his teeth. He was the kind of person who would treat others better when they were nice to him. Without saying anything unnecessary, he directly said, "Many thanks. If you have any problems in the future, please let me know. I will go through fire and water without any hesitation."

"Go, don't mess with me, haha." Long Xing laughed in a carefree manner.

Long Chen smiled and nodded, he then looked around and said: "The empire has come all the way to this place, maybe City Lord Bai Mo knows of this place, so you should be careful."

"Don't worry, this chaos-god country is my territory, I do not know about it." Dragon Star said with a smile.

After discussing with Ling Xi for a while, Long Chen let Ling Xi, Cat and the others enter the Great Void Realm. Then, after bidding farewell to Dragon Star, he surrounded himself with the power of the Nirvana Realm and jumped into the narrow abyss.

In that moment, Long Chen felt as if he had entered a gut, and was falling down.

As he was falling, Long Chen suddenly thought of the human head statue.

"Why is the material of this statue so similar to the sculpture that only has the lower half of the body at the entrance of the Eternal Hell?"

This thought suddenly appeared in his mind.

"It might be possible. The objective of the dynasty is not to enter here. Instead, it is the statue of the head. However, what is that statue of the head? Why would it be placed in this place?" In addition, who drew the patterns of the Great Void Cosmic Dragon's Inherited Blood Essence in the Everlasting City? A little further up, who placed the Euphorbid Finger in the Full Moon Pavilion? "

Starting from the Full Moon Pavilion's Euphorbid Finger, Long Chen realized that he had walked into someone's arrangement. Then, who exactly was the person who set up this arrangement?

He couldn't figure it out no matter how he thought about it.

In this space that seemed to be like an intestine, it was completely dark. Long Chen actually experienced a feeling similar to that of space and time, he did not know how long he had been falling in this tunnel. It might be one day, or it might have been countless of times.

"Brother Chen, wake up!" Ling Xi let out a soft shout, which roused Long Chen from his slumber. He looked around him, and realized that he was still in the middle of this gray tunnel, and that the space was extremely small. It was almost impossible for him to stretch his body out, and if he did not control himself, he would frequently crash into the mountain walls.

"Brother Chen, where are we going now? How are we going to get back later?" Ling Xi was a little nervous.

Long Chen was also not at ease in his heart, but he knew that he could not panic. As he comforted Ling Xi, he decided that he might as well convert the Nirvana Realm's energy at the same time, and only a change in his body could allow him to roughly estimate the flow of time.

"Right, time!"

Long Chen suddenly woke up from his stupor. This passage was not very deep, it was just that time had become chaotic, sometimes fast, sometimes slow, making it difficult for Long Chen to feel the passage of time. It was just like when he had transformed Nirvana's Might.

When it was fast, the transformation speed was thousands of times faster. When it was slow, the primordial spirit in his body would move like a snail. It was a tunnel of time.

The Great Void Cosmic Dragon was the dragon of time and eternity, which confirmed that Long Chen and the others had found the right place. As long as they passed through, there was no doubt that they would be able to find what Long Chen was looking for.

There was an extra sense of anticipation in his heart, and a less panicked feeling.

Finally, after an unknown period of time, Long Chen finally saw a dot of light appear below him. At this time, time seemed to have slowed down, and in a short distance, Long Chen estimated that it took almost a day's worth of time before he finally arrived at the spot of light. In that moment, it was as if his intestines had arrived at his stomach, and his surroundings were filled with light.

"This place is ..." Long Chen was suspicious for a moment, but soon after, his face froze. He looked down at a small town in a daze.

Ling Xi looked through the Great Void Realm and saw the scene outside. Her beautiful face was filled with surprise and she said, "Isn't this White Yang Town?"

This place was the place where they met and knew each other. It was the place where their memories were the most profound. It was also a place filled with nostalgia.

This was the place Long Chen was born in, the place where he would spend half his life.

But why did he come here from the chaos-god country?

This was a street that he was extremely familiar with. When he was young, he ran and ran on these streets, big and small, and every brick and tile here, he was extremely familiar with it. This was the place that gave birth to him and raised him.

Staring at his surroundings blankly, Long Chen's heart trembled.

Why, why did he come back here?

At this time, Ling Xi also came out of the Great Void Realm in a panic. Her beautiful eyes surveyed her surroundings as she said, "It's White Poplar Town, but why is there no one here?"

Chapter 1443 - A Dream

When Ling Xi had just explained why there was not a single person around, the quiet White Yang Town suddenly became lively, the place was bustling with noise and excitement, streets and alleys were filled with the sounds of people selling their goods, and the sounds of children playing around rose and fell one after another.

The originally empty White Poplar Town, suddenly, many people appeared out of thin air. Their clothes were simple, without any foundation in martial arts, and their faces were brimming with smiles or worry. Everything was so real, and when Long Chen was in this environment, he actually felt that it was real.

Countless people came and went, and the real feeling, the aura emitted by everyone's soul, was not suspicious at all. This was the White Poplar Town.

It was just so real that Long Chen was stunned. He's back? Although everything was real, and there were so many people walking on the street, Long Chen still felt that it was not very real. If it was real, why did no one come out at the beginning, then why did so many people appear out of thin air?

Ling Xi also knew of this strange place. She held Long Chen's arm, and looked around suspiciously, "What a real place. Is this an illusion? But how can there be such a real environment? "

As soon as he finished speaking, countless people noticed Ling Xi. Such a beautiful girl who seemed to transcend the mortal world, as if she simply did not exist in this world, the sudden descent of this kind of fairy like girl caused the old and young people of White Yang Town to be instantly stunned. Many people put down the work in their hands and looked at Long Chen and Ling Xi from afar.

"Isn't that the Yang Family's hedonistic young master?"

"That's right. This guy, how could he have such a beautiful woman by his side? He couldn't have kidnapped her and sold her off, right?" "What a sin!"

"Even the young masters of rich families are like this, not to mention that the Yang family is one of the two big families, they are extremely powerful, I have never seen such a moving fairy in my life, what a pity."

They knew very well that if they were to fight against Long Chen's woman, would they still be able to escape?

He had initially believed that this was not White Yang Town, it was just an illusion according to Ling Xi. However, in terms of time, it did not match, and in their eyes, he was actually just a foppish young lad. Then, when was this exactly?

Just as Long Chen was feeling suspicious, and was sizing up the surroundings, a servant wearing a short robe ran over quickly. Due to walking with her head down, she almost bumped into Long Chen, he immediately stopped and looked at him blankly. After a while, she reacted and asked: "Young Master, why are you dressed like this? Aren't you in Jadeite Jade Restaurant? "

Long Chen's pupils shrank as his mind raced. He knew clearly that he was here to retrieve the Great Void Cosmic Dragon's Inherited Blood Essence, but who exactly was the culprit behind all this?

The little servant in front of him existed deep within Long Chen's memories. He carefully thought back and only then did he realize that this person was his own servant, Xiao Huang, from Baiyang Town.

That was the place Long Chen used to stay the most. However, ever since that day, Long Chen had never gone to again ...

"Young Master, Young Master!" Something big happened, Master, Master is dead! Xiao Huang's face was anxious as he replied quickly.

This trip of his was to to Long Chen.

"Old master!"

Long Chen's body shook. Long Qinglan! But no matter what, Long Chen had too many questions in his mind. He wanted to ask, and from Xiao Huang's words, he deduced that today was the day Long Chen's fate changed. In other words, Long Qinglan was still alive.

Long Chen could assume that what he had just experienced was a time tunnel, and if there was a reversal of time, then he would have a lot of questions to ask Long Qinglan, thus after organizing his thoughts, he had no choice but to calm down and say: "I understand, you go back first."

With that, he brought Ling Xi and headed towards the Yang family that he remembered.

"Brother Chen, what happened? Where is this place?" Ling Xi thought about it, and she really couldn't understand why.

Long Chen told her everything he knew. Of course, what he said about the reversal of time was just a hypothesis. The Great Void Cosmic Dragon was the ancestor of time, so perhaps all of this was related to it.

In the Great Void Realm, the little kitten stuck its fat head out and observed everything with a probing gaze. Occasionally, it would reveal an excited yet doubtful expression.

Long Chen pondered as he returned to the familiar Yang family under the gaze of the crowd. He did not let Ling Xi hide, but openly brought this peerless beauty into the Yang family. Ling Xi's beauty caused a huge commotion along the way, and many people followed after her, until Long Chen brought her into the Yang family.

Just as he walked into the Yang family, a scene that made Long Chen excited appeared in his memories. Two people walked towards Long Chen, and the first to walk in front was a tall and stern young man dressed in white silk clothes. He was Long Chen's second uncle's eldest son, his cousin Yang Zhan. The man who had committed suicide under his humiliation. And the man who followed behind him was none other than Yang Zhan's cousin Chen Liu.

These two people had disappeared into the depths of Long Chen's memories for a very long time already.

Long Chen stopped in her tracks, held onto Ling Xi's tender hand, and looked at the two of them with a look of reminiscence. The Long Chen of back then, naturally wished for nothing more than to kill them quickly, but the Long Chen of now, was different.

"Yang Chen ..." Yang Zhan was just about to laugh out loud, when he saw Long Chen holding onto a girl who was as beautiful as a fairy, and his eyes immediately widened. After a while, he finally reacted, and said: "Your Yang Chen is good, and you even tricked a girl, and did such a heartless thing. I don't care if that damned old fogey of yours has returned to the West today, I still want to teach you a lesson, and return that girl's innocence!"

After he finished speaking, he immediately threw a punch towards Long Chen's face. The punch directly landed on Long Chen's face, but as if it had hit steel, Yang Zhan's fist became red and swollen, his face twitched, and looked at Long Chen with a look of disbelief.

"Bastard, how dare you hurt my cousin!" However, in Long Chen's eyes, his speed had slowed to the extreme. With a smile on his face, Long Chen gently grabbed his arm, threw him onto Yang Zhan's body, and then extended his leg to stomp the two of them.

Back then, he did not have the strength to ravage them so casually but even so, Long Chen did not use even a billionth of his power. The current him could easily shatter this fragile world.

Under Long Chen's absolute strength, both Yang Zhan and Chen Liu screamed miserably again and again with faces full of disbelief. Wasn't Yang Chen a good-for-nothing good-for-nothing? Wasn't he just dreaming? Why was he so powerful? How could the two of them be helpless in his hands?

"Did you see that?"

Long Chen stretched out his hand, and under the guidance of the strong force of Qi, the clouds in the sky were attracted by him and landed in the sky above the Yang family.

Yang Zhan was stunned.

Long Chen released his leg, and the two of them immediately crawled up, running in a sorry state, while shouting out loud: "Ghost, there's a ghost!"

Long Chen was at a loss whether to laugh or cry.

As he pulled Ling Xi along, under the dumbstruck gazes of the servants and guards of the residence, he brought Ling Xi along and walked forward. Occasionally, there were people who blocked the way, and directly caused Long Chen to throw them away, until Long Chen arrived at the place where Long Qinglan previously lived.

On the ground, a man dressed entirely in black was lying on his stomach. The room was filled with the smell of alcohol.

He had deep feelings for this man, and could be said to have bestowed everything to him by him. But Long Chen still didn't know anything about him, he only knew that he must be a super expert, but this person who had once dominated the Dragon Sacrifice Continent had actually died in a place like White Poplar Town, and died in wine.

Looking at this man lying on the ground, no matter how calm Long Chen was in his heart, his eyes couldn't help but tear up.

At this moment, a clattering sound could be heard and a beautiful woman wearing a light red dress, with his hair tied up high, walked over under the escort of a group of people. She looked at Long Qinglan's corpse from the side, sighed, and said indifferently: "This life's ill fate has already ended, Yang Chen, he's your father.

But now, he finally understood. Maybe to Long Qinglan, this small little girl, he did not care at all, she was just an ordinary person.

She did not leave immediately, because she saw the beautiful Ling Xi, so she asked sternly, "Who is this young lady?"

"Your wife." Long Chen replied.

"Humph!" Not a fireworks woman. " Yang Xueqing coldly snorted, stroked her skirt, and didn't bother to look anymore, as she directly left.

Even so, Ling Xi was still moved by Long Chen's words of your wife. In this world, the two of them were high levelled existences, but all of these were things that she had yearned for even in her dreams.

"Is it the same as before?" Long Chen remained silent. He helped Long Qinglan up, and this man's body was like a whirlpool.

"Let's go outside the city. I want to bury him." Long Chen said.

Chapter 1444 - Everlasting Dragon Emperor

After finding the carriage from back then and placing Long Qinglan's mysterious body in the middle of the carriage, Long Chen knew that he would be the crux of this illusionary White Yang Town. The two of them, one on the left and one on the right, drove the carriage towards the outside of the city at an extremely fast speed.

At this moment, his heart was undoubtedly very excited. He moved Long Qinglan's body down from the ground and leaned on a tree. Then, together with Ling Xi, the two of them quietly watched him like this.

Ling Xi had heard Long Chen talk about what happened that year, so the next step should be Long Qinglan's corpse.

If Long Chen wanted to see the living him, no one could compare to Long Qinglan. He must know what exactly all of this was.

Seeing this skinny and decadent man once again, Long Chen's heart was filled with mixed emotions.

"Hey, stop playing dead, I know you're still alive." Long Chen said with a teasing tone.

What he was teasing was not Long Qinglan, but his entire life.

"Must you wait until I dig a hole before you suddenly extort your corpse?" Long Chen said with a smile.

It was impossible for two Mysterious Dragon Jade s to exist in this world, so it proved that the current Long Qinglan was different from the Long Qinglan from before. Otherwise, Long Chen could have taken

out the Yang Family's Dragon Seal and obtained the second piece of the Primordial Blood Dragon's Inherited Blood.

This world was fake, and it was not even a matter of time reversing.

At Jadeite Jade Restaurant's place, there was also no second self.

And the core of the entire world, should be Long Qinglan.

Amidst Long Chen's expectant gaze, Long Qinglan finally opened his turbid eyes. In that instant, Long Chen's tears were about to fall, but it had to be said that this man was his faith. And at this very moment, this faith had finally come to life, unable to describe with words Long Chen's current excitement.

Last time, Long Qinglan's corpse had given him a fright, allowing him to experience a completely different life.

But this time, Long Qinglan opened his eyes. His gaze was gentle, as if he had experienced an endless amount of vicissitudes of life. He looked at his own son with an excited and praising tone, and said a few words.

This was also the difference between this world and the previous one. If it was the time reverse, his first sentence should be, "Bastard hurry up and dig out my Dantian or something like that."

"Father!" This was the most respected person in his life, it was his world. When they met again, he still didn't know if he was dead or alive, and although there were many problems, etiquette could not be crippled.

Right now, Ling Xi was like a chicken to a dog. When Long Chen knelt down, she also quickly knelt down and called him father, and when she saw the two children, Long Qinglan's aged and aged face couldn't help but reveal a satisfied smile.

"Children, get up." His voice was still filled with an unconcealable weakness.

Long Chen brought Ling Xi and stood up, then excitedly stood in front of him, her eyes completely red.

Now that he had appeared, was he still alive, or was he still existing in this world in a different way?

Long Chen didn't even know.

"Is this my daughter-in-law? Very beautiful, very obedient, very good, very good." He looked up and down at Ling Xi, his eyes filled with praise, and nodded continuously. His undisguised fondness made Ling Xi a little embarrassed, and he quickly said: "Thank you, Father."

"Good child." Long Qinglan was very satisfied, but Long Chen was even more excited. The one in front of him had consciousness, unlike the Long Qinglan who let him poach the Mysterious Dragon Jade back then.

Long Chen didn't expect to actually meet him here, then, the Great Void Cosmic Dragon's inherited blood essence, would probably be related to him. It was just like how he had left the Primordial Blood Spirit Dragon's inherited blood essence for himself. Long Chen had pursued so much for the second stage of the ancestral dragon blood, he never thought that it would still be under his opponent's control.

Everything in his mind was now very clear. From the Euphorbid Finger s, to the patterns on the dead city wall, to this place, perhaps all of this was related to this man. When Long Chen was three years old, he had been to the Three Great Imperial Domains before.

"Use the God's blood in your body well. In the future, you will become a god." Long Qinglan said to Ling Xi first.

"God blood?" Ling Xi's face revealed a look of understanding. Regarding Ling Xi's bloodline, Long Chen also knew that it had only changed in the past few years. In other words, when the Great Emperor of the Sword Soul reincarnated, he should have been able to find an especially precious blood. Only after that did it transform and transform in these past few years, causing this so called God's Blood to appear in Ling Xi's body.

And the Supreme Divine Throne

Are you talking about the divine spirit that had undergone the Eighteen Major Tribulations?

Long Chen was just about to help Ling Xi inquire further, but Long Qinglan closed his eyes, and spoke with difficulty: "I'm not in this world, and will not be able to last much longer. You will understand about her later, let's talk about my matter.

Long Chen obeyed and sat beside Ling Rhino on his left and right. Initially, it was only Long Chen alone, but now Ling Xi had appeared.

"My homeland is the Immortal God Region." In Long Qinglan's eyes, there was a look of nostalgia.

Long Chen and Ling Xi knew that he didn't have much time left, so they couldn't interrupt him.

"I was born in one of the Five Dragon Cities of the Immortal God Realm, the one I am most proud of. It's where I was born and raised, and it's where I was given the responsibility. I have used tens of thousands of years of time to grow up, to reach an unprecedented realm in the Everlasting Dragon City, I am invincible, I am the 'Eternal Dragon Emperor', I worship the entire world, and am unparalleled in the world! "

The man's gaze was deep as he looked at the sky. Tears filled his eyes as he recounted his past.

Long Chen was not in a hurry. He knew that whatever he wanted to know about, the other party would answer his questions.

He felt that when he truly became strong, it would be time for his father to give him the heavy responsibility. This was a man who had given him everything, and for him, Long Chen was also willing to give up everything he had.

Long Qinglan continued to speak: "I am proud, and I am revered by the world, but I am also lonely. My goals, my dreams, are not like this. This is the mission of every single Divine Dragon descendant. I did not forget my mission, I was born to chase after the tracks of the Ancient Dragon God, to chase after their mystery of extermination. I was lonely because I couldn't find it. But on that day, I still embarked on this horrifying path. "

Pursue the divine dragon's trail?

Long Chen was deeply shocked in his heart, he actually treated this as his own mission, and from his words, Long Chen seemed to understand why. He was a lofty and eternal Dragon Emperor, and his responsibility was to protect his own people.

I was even framed, insulted, everything about me was taken away, I was not understood by the world, I was betrayed by my relatives, I was left behind by my relatives, I became an irresponsible and laughable synonym for everything that happened, but who knows, I was not wrong, I was only one step away from success, yet this step could not be crossed over, and it was this step that allowed me to see how terrifying this secret was. This was related not only to me, but also the entire world's survival.

Long Qinglan's face was filled with tears, his eyes filled with endless unwillingness. He shook his head in pain, causing Long Chen's entire body to tighten. As he cried in pain, he said: "My life is already over, I am invincible, I am only one small step away from becoming a Divine Spirit, and I already have the power of a Divine Spirit. I have already made an unprecedented record of passing through seven stages of Nirvana Tribulation consecutively. "But I still don't know who killed me."

"Child, you don't have to have hope. I'm dead. What am I now? I'm not in this world. I came from the past, but in the past, I was just a dead person. I am already dead, and the only one I will stay is you. However, everything about the Yang family in White Yang Town has nothing to do with you, it's just an illusion, everything is fake, including that woman, the so-called birth of you, and everything else is fake, I lied to you. You are my own creation! "

Long Chen looked like he was struck by lightning as he looked at Long Qinglan in a daze.

He was the one who created his life, everything in White Poplar Town was fake. It was all just an illusion. The coquettish scene when Long Qinglan arrived. His marriage with Yang Xueqing, as long as there was Long Qinglan, everything was fake. There was no such person.

Because he had said that he was already dead.

He could not believe that all of this was fake. Looking at this old man's face filled with tears, it had been many years, and it had been a long time since he had last been like this, with tears gushing out like a spring. He naturally could not accept all this in his heart, and even the relationship between him and Yang Lingqing was not real.

It all sounded so strange, but it was true.

"Then, what am I?" Long Chen could not help but ask himself?

Yes, what was he exactly?

Is he a real person?

"You don't need to doubt yourself. You are real, and I am the only one who doesn't exist." Long Qinglan shook his head and reached out his hand, stroking his son's head like how a father normally does.

Chapter 1445 - Creator

"Am I real?" Long Chen's own mind was in a mess.

When Long Qinglan was at his most powerful, he was an existence close to a god, an eternal Dragon Emperor at his peak. In the Immortal God Realm, he was also an unparalleled existence in the past.

Long Chen remembered every single word that he had said, just like how he had remembered his father's words when they were under the same circumstances, about how his father wanted him to become stronger, about how he wanted him to fight for the Dragon Seal.

"Child" Long Qinglan's tears fell uncontrollably, as he choked with sobs, and said: "My life is full of regrets, I have missed out on many, and have let down many people. If I could, I longed to make amends. I longed to wash away crimes that did not belong to me. I hope to obtain the right treatment from the people, especially from my family, the people of Everlasting Dragon City. However, I don't have a second chance. If you have the chance to enter the Immortal God Region, you will encounter all of this. But, you also have your own life, so I won't force you to do anything for me. When I saw you today, my original intentions had already changed. Now, I just want you to live well. "

It could be said that the man who gave him everything was his living mission. The things that Long Qinglan was passionate about, the crimes that he suffered, the unfair treatment he suffered, his honor, Long Chen was willing to work hard for him. This was what Long Chen was pursuing in his heart.

This was a person who had given Long Chen everything. Long Chen had no theories, he would not fight for his honor, but rather, would fulfil his impossible wishes. At this time, he interrupted Long Qinglan and spoke with incomparable determination, "Father, I wouldn't be here if it weren't for you. If I can go to the Immortal God Realm, the things I have to do with you will be my only mission! "But I don't know anything about what you're saying. Can you tell me what exactly I need to do?"

This resolute youth caused Long Qinglan to be incomparably gratified. What he desired in his heart was only this, and it was just that he suddenly changed his mind today, and wasn't willing to change the

course of Long Chen's life. What moved him was that Long Chen didn't care about these things in the slightest.

"My helplessness will naturally be known to you when you truly go to the Immortal God Realm. In this place like Everlasting Dragon City, the people there, whether they support me or are against me discrediting me, they are all very important to me. If you go there, you'll know everything. and you know what you need to do. "

To Long Chen, this was not only a mission, but also an honor that belonged in his heart. He needed to prove to his father that he was capable of doing so.

Although he didn't know what he needed, no matter what it was, it couldn't pull his determination back. If it was said that he had fought his entire life for Ling Xi, and had even gone to the Immortal God Realm, then he would fight for his father's honor and to make up for all of his regrets!

The Immortal God Realm. This was also Long Chen's hometown. He had to go there once to prove that his father was him.

"I am a genius, a great pioneer, not a traitor, an incompetent ruler. "You need to prove this to them," Long Qinglan lowered his head and said.

The pioneer.

Long Chen already had a rough idea in his heart. There were some things that required obsession and conviction, and no matter what, Long Chen would never regret it. This was also his personality.

"Let's not talk about all these. Today, I have come mainly to give you the last of my three most precious items." Long Qinglan raised his head and looked at Long Chen seriously.

As for Ling Xi, this girl already knew everything about Long Chen, so she did not need to hide it at all. Long Qinglan had also witnessed her growth.

The third thing.

If Long Chen's estimations weren't wrong, the first and second items would be the Mysterious Dragon Jade and the Primordial Blood Spirit Dragon's inherited blood essence.

A look of reminiscence appeared in Long Qinglan's eyes, and he said, "You must be very curious, what exactly is that Mysterious Dragon Jade?"

This was the most mysterious thing, Long Chen naturally wanted to know.

But Long Qinglan laughed bitterly, and said: "But, I don't know either."

Long Chen looked at him foolishly.

Long Qinglan said: "This achievement of mine has something to do with this mysterious Dragon Jade. When you reach the tribulation stage, you will slowly unearth its mysterious might. It can be said that without this Dragon Jade, the fame of my Eternal Dragon Emperor wouldn't exist. He came into my life by chance, and since then my life has advanced by a great deal. He has brought me honor and status, but she has also brought me uneasiness. It was precisely under the guidance of this Mysterious Dragon Jade that I embarked on the road to search for the secrets of the Divine Dragon. Under its guidance, I have walked many different paths. At the same time, I have also obtained two super great treasures that have never appeared before from the ancient times until now. "

"You can't imagine what was so unexpected about ancestral dragon-inherited blood. It only existed in the Primordial Era, something that would cause everyone in the Immortal God Realm to go crazy. No one would believe that they existed. After all, they didn't even know where the billions of divine dragons were. The ten ancestral dragons were the biggest key to the secret. How could their inherited blood possibly be left behind like ordinary divine dragons? No one will believe it, but I did it. "

Speaking of this, Long Qinglan's face revealed a proud expression.

No wonder he said he was a pioneer.

"Under the guidance of this mysterious jade pendant, I found the inherited blood essence of the Primordial Blood Spirit Dragon in the Ancestral Domain, one of the Five Dragon Cities, which ruled over the slaughter of the 'Death Dragon City'. Just a drop from you. The ancestors of the Undead Dragon City have protected the Ancestral Domain for billions of years, but they never knew that there would be the inherited blood essence of an Archaic Blood Spirit Dragon inside. For this, I offended the people of the Undead Dragon City. Of course, they did not know that I have obtained the Archaic Blood Spirit Dragon's inherited blood essence. "

"The Five Dragon Cities is very famous in the Immortal God Region?" Long Chen asked.

Long Qinglan nodded and said, "Five Dragon Cities is almost like a ruler of the Immortal God Realm. Of course, there were other races as well. But overall, the Five Dragon Cities was the strongest. Our human race is the most orthodox descendant of the Divine Dragon. The Five Dragon Cities gather a large number of Dragon Fighters and are the homes of all the Dragon Fighters. It's also where our bones are buried. "

Long Chen noted down these words silently.

"Then, I continued to pursue the Divine Dragon. I have been to many mysterious places, and with my means, I almost died a few times. This road is too complicated and dangerous, with endless hardships. I roamed about unhindered in the Dragon Sacrifice Continent, and have even been to other realms outside the Dragon Sacrifice Continent. In another world, I almost had the chance to unravel the mysteries of the Divine Dragon, and following the guidance of the Mysterious Dragon Jade, I found the legacy blood essence of the Great Void Cosmic Dragon! "

As expected, this third treasure was the inherited blood of the dragon, Time and Eternity.

"Every dragon city in the Five Dragon Cities believe in an ancestor dragon as their own ancestor. The Immortal Dragon City revered the Primordial Blood Spirit Dragon. And since ancient times, my Everlasting Dragon City worships Great Void Cosmic Dragon, and takes Great Void Cosmic Dragon as our ancestor. That's why I was granted the title of Eternal Dragon Emperor. "

Ten Great Ancestor Dragon, Five Dragon Cities, which is to say, there are still five Ancestral Dragons that no one believes in.

Long Qinglan continued, "But from the Great Void Cosmic Dragon onwards, all the clues have been broken. I absorbed the blood essence of the Great Void Cosmic Dragon and became the ancestor Dragon Fighter. My talent is unparalleled and my fighting strength can compare to those ancient gods, but I still died. Died in pursuit of the secret. There must be someone who doesn't want me to know this secret! "

The Great Void Cosmic Dragon's Inherited Blood Essence!

In the Great Void Realm, the kitten hid in the shadows, licking its claws with its tender tongue from time to time.

The inherited blood essence of the Great Void Cosmic Dragon came from a place outside the Dragon Sacrifice Continent. All of this was guided by the Mysterious Dragon Jade that even Long Qinglan was not clear about. That was why Long Qinglan said: "That Dragon Jade, is the key to unlocking the mysticism of the billions of divine dragons in the Dragon Sacrifice Continent. I have spent my entire life, yet I was unable to figure out what this Dragon Jade really is, and I hope you can succeed."

"I will work hard!" Long Chen's heart was full of passion.

In front of him, Long Chen was forever a child. He would prove to his father that Long Chen had helped him with this wish of his when he failed to accomplish the task at that time, that Long Chen had done her best to correct his injustice that he had suffered!

Long Qinglan nodded in satisfaction as he said, "It is because of me that I have become the young dragon of the Great Void Cosmic Dragon. This is precisely the reason why I know things from ancient times and can also see the future. But these are not stable, I am just a beginner, just set on the path of immortality, but died midway. Your guess is correct, I have seen your movements during these nine years long, long ago. I placed the Euphorbid Finger that I had comprehended down in the Full Moon Pavilion and told you to come to the Nine Star Primal Chaos City, I carved a map on the pillar of the City of Abandonment. All of these things are waiting for your arrival, so that I can inherit the most important thing I have here, and then I can tell you everything about me. Today, I have finally fulfilled my wish. "

No matter what Long Chen would do in the end, he was already very satisfied to be able to do it.

"Now, I will hand over the Great Void Cosmic Dragon's inherited blood essence to you. This is my greatest attempt, not only do I have to create an Ancestral Dragon Fighter, I also have to integrate the inherited blood essence of two Ancestral Dragons into a successor, and the key point is, on the Mysterious Dragon Jade s, I already thoroughly researched this dao, but unfortunately, it is too late, because I will already be dead by then. All my attempts can only be inherited by you, my child. "

Seeing the old man's aged eyes, Long Chen's blood boiled. He was very proud that he had such a father, this was his pride!

He would create a peerless expert, even surpassing himself to become an eternal legend.

Chapter 1446 - Betrayal

However, he did not expect that he would have to go through so many things in this Nine Star Chaotic City. From the very beginning, he had to get along with the Inverse God Church because there was some friction between Li Xuanji and the two of them. After that, they then entered the Eternal Hell and

accidentally entered the city of death, which was even more so. Finally, he came out to meet Wang Chen's challenge.

Today, the end of this series of events had finally arrived.

Long Qinglan reached out his hand and a thumb sized ball appeared in his palm. In the middle of the ball, a drop of transparent blood rolled up and down, vaguely forming a divine dragon. This divine dragon was very small, so it was impossible to clearly see its appearance.

It travelled upstream in the long river of time, causing Long Chen to be unable to figure it out.

"This is my third gift to you. Child, keep it. As long as you don't die, no one will be a match for you in this world from now on. " Long Qinglan was full of pride as he handed over the Great Void Cosmic Dragon's Inherited Blood Essence in his hand to Long Chen. Until this moment, Long Chen was still excited in his heart, as if he had the biggest goal in his life. The moment he headed to Sword Soul Imperial Palace for Ling Xi, it might not be the end, but the beginning of his campaign.

Today, he would fight for his dignity, for the glory of love, and in the future, Long Chen would fight for his father, for his faith!

Just as he was about to put the ball away, a black figure suddenly rushed out from within the Great Void Realm, instantly enveloping the transparent ball. The frightening power knocked all three of Long Chen's group to the ground, and when Long Chen raised his head in shock, a black cat corpse was thrown at his feet.

He looked similar to a cat, but definitely had nothing to do with a cat. His power filled the entire world, and his body was like an invisible whirlpool, attracting time to itself.

At this moment, Long Chen was caught off guard. His Great Void Cosmic Dragon's Inherited Blood Essence was actually in Little Cat's hands now, and Little Cat had changed into such a state. What was he going to do?

For a moment, Long Chen felt as if he had been struck by lightning. He stared blankly at the illusory huge beast in the air.

"I'm sorry!" In the sky, the strange giant beast's voice was choked with sobs and was trembling. Its transparent eyes looked straight at Long Chen and its eyes were also trembling.

"I am the Reincarnation Godly Beast."

Long Chen understood, this was the appearance of a Reincarnation Godly Beast. Honestly speaking, Long Chen already had a premonition about what was going to happen today. However, when he was immersed in Long Qinglan's sadness and helplessness, as well as the mission that he had been given, he had forgotten about Cat. Afterwards, he waited until the Great Void Cosmic Dragon's Inherited Blood Essence appeared before suddenly attacking.

Long Chen stood up with difficulty. Facing the divine beast that came from Ancient Desolation, he asked with difficulty, "Little Cat, why?"

The Reincarnation Godly Beast's voice was choked with sobs. He did not dare approach Long Chen, and slowly moved further and further away as she stammered, "This thing is too important to me. It is my hope to live. With my dignity as a Divine Beast, it was able to linger by your side for so long. I submit.

His emotions were released, and he became somewhat hysterical.

Long Chen's heart was filled with incredulity, he finally understood what was going on. Even though he did not believe it, the truth was already right in front of his eyes, and the truth was that Cat had betrayed him. In other words, from the moment he appeared, he was not a simple but vulgar kitten, he was a Reincarnation Godly Beast with dignity and divine might, he possessed the most glorious past!

However, all of this was exactly the same as the appearance of Long Qinglan, which was unimaginable to Long Chen. It could be said that compared to any failure, today, he felt even more pain, because his brother, whom he trusted the most, had actually betrayed him!

Long Chen took a deep breath. As he adjusted the restlessness in his heart, he said coldly: "There is absolutely no need for you to do this. We have been together for so long, and you still don't trust me? If you truly need it, then I will give you the Great Void Cosmic Dragon's inherited blood essence. "But don't tell me that from the beginning, you stayed by my side for this!"

"You're right, I did it for it." The Reincarnation Godly Beast gritted her teeth and said: "I control reincarnation, so I can also see the past and the future. I know that this guy has set up a trap waiting for

you to come closer. I know that the Great Void Cosmic Dragon's inherited blood essence is in his hands. So, I followed you and wandered around, becoming the kitten that you trusted. But all of this was fake. I only survived because of it. "

'As expected, it's actually like this? '

"Cat, why are you so outrageous?" Ling Xi's face was also filled with anger as she followed beside Long Chen, looking at the Reincarnation Godly Beast in the air.

"Am I going too far? Who was the one who went overboard? If I were to stay by your side, would I ever be treated equally? Long Chen, do you take Mo Xiaolang to be your brother, or do you take me to be your brother? " he asked, trembling.

Long Chen knew that since he was trembling, and asked this question, then he must still be hesitating. Perhaps the reason he had followed him at the start was for today. However, after spending so much time with him, today might be different.

Long Chen shook his head and said: "You may have thought wrong. If you are in trouble, I will also risk my life to save you. If you have conditions, I can also fight alongside you. We've been together for longer than me and Little Wolf, and you know all my secrets, so why did you say that I'm not your brother? "

This was a huge blow to him. Maybe he didn't really care about the feelings of the kitten in the past, but it was due to this guy's personality. Long Chen was only joking with him, if it was the silent personality of the wolf cub, he wouldn't joke so much.

"I don't believe you, I don't believe you. If you really think of me as a brother, then just give me this. You already have the inherited blood essence of an Archaic Blood Spirit Dragon, and this is very important to me. This is my hope for rebirth!" The kitten roared hysterically.

Long Chen's eyes turned cold. He was truly infuriated.

He knew that he had done it with a clear conscience.

However, he was not without tolerance. What happened today made him feel the most helpless and difficult to make a decision, so he could only say, "I understand, your goal is this. But after fighting side by side for such a long time, it can't be that you have a little change of heart, right? This brotherly love between us, cannot compare to the Great Void Cosmic Dragon's inherited blood essence? "

"We can't compare!" He had been trembling the entire time, and it was precisely this trembling that told Long Chen that he actually recognized his in his heart. It was just that at this point, under the huge temptation, he was already unable to hold it in any longer.

This made him feel like he was back in White Yang Town. Seeing the Bai Family poisoning the Yang Family, Yang Ancestor's expression told Long Chen, he must see if his brother was still hiding blood or poison in his heart. Although it wasn't poison in Cat's heart, it had already hurt Long Chen deeply enough.

To Long Chen, even the inherited blood essence of the Great Void Cosmic Dragon was not as important as this friendship. After all, he had spent the most time with Little Cat.

Betrayal, this word sounded so ear-piercing.

Especially since the betrayal had come so suddenly, Long Chen was caught off guard.

He waved his hand and said, "Go!"

Long Chen actually let him go?

Cat was confused. He was really willing to take such a precious item away. He couldn't help but ask, "You're really willing to let me take away such a precious thing?"

"Scram!" Long Chen roared, his expression grim. He was no longer the same that was easily angered back then, but today's matter still caused his veins to bulge.

Cat took a few steps back in fear, as he was unable to face Long Chen's bloodshot eyes. After hesitating and hesitating for a while, he could only say in a low voice, "Sorry, when I'm revived and have true strength, I'll come back to your side and do anything for you! This is my promise. "

"I don't need it. You'd better not come back!" Long Chen roared hysterically. He pointed at Cat and said: "Remember, don't let me see you again. Get lost!"

The dignified Reincarnation Godly Beast shut his mouth. His eyes trembled, and stared straight at Long Chen, but his bloodshot gaze made him afraid, and her heart was in complete disarray. After he said her farewells, she actually disappeared from this space, and left this world.

As expected, he was no longer as simple as this.

At that moment, it was as if Long Chen had lost all his power. He turned around, and thought that his father would be disappointed with him, but the friendship between friends was actually like that. He did not expect Long Qinglan to smile at him.

"Father, I'm sorry, I didn't think it would be like this." Long Chen's heart became even more chaotic, until he didn't even have a chance to react as he said apologetically. Ling Xi hugged his arm, and looked at this man in pain, not knowing what to say.

At this time, Long Qinglan laughed: "Child, since I already knew of his existence, do you think I would allow him to take away the Great Void Cosmic Dragon's inherited blood essence just like this?"

Long Chen was startled, after a long while, he finally turned around, and understood Long Qinglan's meaning, no wonder he did not make a move just now, so the Great Void Cosmic Dragon's Inherited Blood was not taken?

Honestly speaking, if Long Qinglan had not thought so highly of him, Long Chen would not have cared so much about the inherited blood essence. In fact, he had even prepared to give it to Ling Xi in the beginning. The little kitten had already chosen to use the Breaking Dawn method to obtain it, so Long Chen had no way of resisting it.

Chapter 1447 - Wait One Year For Me

In the end, Long Qinglan said that what Little Cat took was not the real Great Void Cosmic Dragon's Inherited Blood Essence. This caused Long Chen to feel extremely relieved, and he did not know what to do.

"Don't worry, child. I already knew that this guy was hiding by your side. How could I not know that he would come out and fight for it?" However, I know that you value the things that you took away for him. I think that it should be enough to let him recover. Long Qinglan said.

After Long Chen finished listening, he kneeled down in front of the old man.

Long Qinglan had already considered all of this for him. It was unimaginable that a person could consider everything for himself to such an extent.

"Unfortunately, because of today's matter, your relationship with this Reincarnation Godly Beast has been damaged. In the future, he will feel regret in her heart and if she wants to return and find you, you might not even give him the chance to do so."

With regards to the kitten, Long Chen's heart was in a mess, he simply could not think about it right now. Over the years, he had never imagined that he would be so emotional today.

If he could return in the future, if he was willing to apologise for what happened today, Long Chen would be willing to forgive him. After all, he could tell that because they had gotten along, Cat had already formed a brotherly relationship in her heart.

Long Chen quietly withdrew the Nightmare's body, as if it was a place that a kitten would often bring in the Great Void Realm.

Long Qinglan and Ling Xi watched silently as he did all of this. Ling Xi's heart ached for him, and she hurriedly comforted him.

"You don't have to comfort me. There is no barrier that I can't pass through in my heart. In that case, if he is willing to come back in the future, I will of course not resist him. Long Chen decided.

But no matter what, since Cat had suddenly left, Ling Xi had to return to the Sword Soul Imperial Palace. He suddenly felt empty inside, as she had lost something extremely important.

"There's not much time left." Long Qinglan lifted his head. This entire world seemed to be on the verge of collapse, and the things in the distance could no longer be seen clearly.

Long Chen woke up from his stupor. He knew that Long Qinglan was about to disappear, just like how he had been in the past.

"There are two small things I have to do for you." He allowed Long Chen to get close to him, brought his head close to his eyes, reached out his hand, and directly grabbed into Long Chen's brain. In just a

moment, he minced the True Martial Imperial Palace in Long Chen's heart, and then reassembled it again, forming a clean and pure white crystal soul.

"There are traces of someone else in this. He wants to use this to control you and I will help you remove it. From now on, your True Martial Emperor's Soul will be of great help to you in condensing your first Dao Seal. Take out your God-Slaying Sword. "

Long Chen hurriedly took out the God Slaying Sword, placing it in Long Qinglan's hand. Long Qinglan was incomparably mysterious, his palm brushed the God Slaying Sword, causing the bloody sword to immediately let out a sharp cry and tremble non-stop, in the end, Long Qinglan grabbed out a gray aura from the blade of the sword and said: "This is the trace left behind by the younger generation. The God Slaying Sword is now truly yours. As for Ling Xi's sword!

After saying that, his eyes revealed a look of admiration, and said: "This is the symbol of your love, and also an unfathomable mysterious object. The only thing I know, is that it cannot not belong to the Dragon Sacrifice Continent, and you must similarly keep it safe."

Long Chen was shocked, he never thought that Ling Xi's sword was even more mysterious than the God Slaying Sword!

The power that could directly hit Divine Martial Spirit was mysterious and strong.

Until now, the matter that Long Qinglan wanted to explain was finally over.

"Who the hell is the City Lord?" Long Chen voiced out the doubts in his heart.

"He's just a prisoner left behind by someone from the Realm of the Gods. But to the current you, he might be a calamity. From today onwards, I will no longer be able to see the future clearly. In the past, I could only see today. " Long Qinglan said helplessly.

This was the man that Long Chen respected the most in this life.

He calmly looked at himself, but even so, Long Chen's heart was still filled with hot blood. With the mission on his shoulders, it was as if Long Chen had a direction to live in. Other than openly marrying Ling Xi back home, he had one other important thing to do, and that was to complete his father's

mission. He might have to spend his entire life doing this, but he would never give up this word in Long Chen's dictionary!

"Child, look at me." At the end, he revealed a relaxed smile.

"Father!" Long Chen bit his lips, his heart full of reluctance.

"Don't be sad, maybe I didn't exist before you were born. Because of the unique Great Void Cosmic Dragon, even if I were to die, I would be swimming in the river of time. I am almost a god now, so I am eternal as well. You must not be sad. I cannot resist the desire to entrust my mission and glory to you, because I am unwilling. I am also an ordinary person. "However, what I hope for more is for you to live on. Only by living on will you be able to prove everything and achieve everything."

"I see." Long Chen knew what he meant. He paused for a while, and said: "No matter what, you will look at me forever. It's just like how it was nine years ago, right?"

Long Qinglan was very pleased as he said: "You're right."

That was enough.

"I'm really sorry I didn't say goodbye to you last time. Right now, I am the inherited blood essence of the Great Void Cosmic Dragon. " He suddenly said these baffling words. Before Long Chen could react, his body suddenly transformed into a smaller version, shrinking into a transparent droplet, and then, he suddenly crashed into Long Chen's head. In the next moment, he appeared within Long Chen's sea of consciousness.

At that moment, Long Chen's sea of consciousness underwent an earth-shattering change. Originally, only three out of ten of the Primordial Blood Dragon's inherited blood essence was left over, but it was as if he had gone mad, because he had encountered a transparent blood drop that was even larger than it, and looking as though his entire sea of consciousness was about to explode, the Mysterious Dragon Jade released a gentle black light.

Sure enough, Mysterious Dragon Jade were the most terrifying things.

After going through so many twists and turns, he never thought that he would still end up obtaining the Great Void Cosmic Dragon's inherited blood essence.

Long Chen did not feel grief and despair because of his father's departure. Instead, he felt extremely excited, because that drop of Great Void Cosmic Dragon's inherited blood essence was in his sea of consciousness. It was as if his father had always been with him.

As he stood up, Long Chen looked around at his surroundings. This illusionary world was collapsing, and everything in White Yang Town was disappearing, Long Chen held onto Ling Xi's hands tightly. The warmth and gentleness in her hands made his heart calm down, and he hugged this girl to protect her.

"Brother Chen, I suddenly feel really happy today. Daddy approves of me and likes me. You also treat me as your wife. It felt so good. The only thing that hurt was Cat, the bad guy! "

When he thought about Cat, Ling Xi pouted his lips.

"Everyone has their own ambitions. Perhaps if we separate, it will allow him to face his own heart. This is a good thing." Long Chen's heart was already clear. His biggest gain today was not the Great Void Cosmic Dragon's inherited blood essence, but his heart's firm strength and his future goal.

Along with the collapse of the world, Long Chen and Yue Shan were also gradually leaving this place. They returned to the time tunnel back then, but this time they were going up, and were heading towards the sky.

Dragon Star had already been waiting at the top for a long time.

At first, Long Chen thought that Dragon Star and Cat would be the trouble. He never thought that Dragon Star would be so open-minded to disobey the orders of the Lord of the Demonic Dragon Palace, and also for his convenience. However, Cat came out and stole his things.

Sometimes, fate was just so strange ...

Fortunately, Ling Xi was here, so she was able to make his heart warm up no matter what. However, it was a pity, that the people from the Sword Soul Imperial Palace were probably already waiting for him at the Devil Dragon Hall, and the moment Long Chen appeared, they would bring Ling Xi away. They even wanted to kill Long Chen to prevent any future troubles.

Ling Xi suddenly cried.

"Brother Chen, I want to be with you. I don't want to go back, not even a little." Her arms wrapped around Long Chen's waist, and her peerlessly beautiful face was buried in Long Chen's chest.

"Why don't we stay in the chaos-god country forever? Although there is a natural disaster here, as long as we carefully avoid it, there shouldn't be a problem. Furthermore, the environment here is so beautiful."

However, Long Chen shook his head and rejected his offer. After seeing Long Qinglan, he felt that he was incapable of defeating him. He whispered into Ling Xi's ears: "Darling, I was such a weak existence back then, and I already had the guts to let you use the Nine Celestial Spirit Fruit to recover your body, let alone today, what I'm going to give you is fair and square, not the chance to be together. You may think that it doesn't matter, but as a man, my insistence is that I definitely won't let you suffer the same criticism as me. I want everyone to understand that Ling Xi is Long Chen's wife, and I want to bring you away in front of everyone so that you can be upright and upright. Even your father, the Sword Master, is speechless, so I won't let you stay in this place all day. "

"But I really don't want to leave you, not even for a quarter of an hour!" Tears fell like rain from the depths of her heart.

Long Chen patted her back, and said: "Good girl, don't worry. As long as it's a year, within a year, I will definitely arrive and give you the greatest surprise. You just wait patiently for that day to come! I'm not boasting. This is my oath. When I made the Promise of Ten Years, this was the last year! "

Chapter 1448 - Seeing your father-in-law

Traveling through the time tunnel was a peaceful time, but a storm was still brewing, making Long Chen unable to relax.

This trip out meant that the world below them no longer existed. Long Qinglan no longer existed as well. However, every time he felt the Great Void Cosmic Dragon's Inherited Blood Essence that was being suppressed under the Mysterious Dragon Jade, Long Chen's heart would become tranquil and glorious, as if his father was always accompanying him.

He was once an Ancestral Dragon Fighter who absorbed Great Void Cosmic Dragon's Inherited Blood Essence. Like Long Chen, he was even more monstrous than Long Chen, the supreme and unparalleled Eternal Dragon Emperor. But he still died, and after he died, the Great Void Cosmic Dragon's blood essence would remain, so Long Chen knew, he would also die, and if he died, others would even obtain his blood essence in place of him.

"Brother Chen, do you really want to go out?" Ling Xi was still hesitant.

To her, returning to the Sword Soul Imperial Palace would be extremely difficult, and she didn't want Long Chen to take too many risks.

"Yes." Long Chen lightly nodded his head, but his voice was filled with determination and irresistible strength.

"Hurry up." Long Chen raised his head and saw the light dot at the top of the tunnel, the distance between the light spot and himself was getting smaller and smaller. Long Chen hugged the woman in his arms tightly, as if he was protecting his own life.

After coming out, Long Chen's face immediately changed!

"Dragon Star!"

He really did not think that in chaos-god country, Dragon Star would actually have an accident! At the same time, a purple divine dragon was seated on the small island, its entire body was covered in grey airflow, the gray airflow was like a maggot attached to bones, swallowing his flesh and blood, releasing sizzling sounds, many parts of Dragon Star's flesh and blood were being swallowed by the huge beast, and some parts of Dragon Star even had its bones cut out, under this huge injury, Dragon Star's eyes were squinted, looking extremely painful.

Hearing Long Chen's shout, hope surfaced in his eyes as he hurriedly said: "Quick, cut off the parts of this grey aura!"

Long Chen already didn't have time to ask what exactly happened, he had already guessed it in his mind. Previously, he had killed a dynasty here, but this grey aura was clearly from the power of the ten great Spirit Kings, it was definitely because after Long Chen left, the ten great Spirit Kings had arrived and heavily injured Dragon Star!

Fortunately, he had come back in time!

Without saying a word, Long Chen took out the Crimson Sky Kingdom and rushed towards Dragon Star!

"Endure the pain!" Long Chen's gaze was cold as he roared.

"I'm fine!" With so much gray energy corroding at the same time, he couldn't care less and didn't have the strength to complete this task.

endured the anger in his heart and chopped pieces of flesh and blood that were tainted with the grey Qi, allowing those damned things to leave the Dragon Star. Dragon Star was currently very weak, and without saying a word, Long Chen had found a few spirit spirits that specialized in healing and nourishing the flesh and bones, allowing the Dragon Star to refine them. At the same time, Dragon Star had also turned into human form.

Swiftly receiving the Celestial Spirit from Long Chen, Long Xing immediately went to recuperate. At this time, Ling Xi walked over and said: "I know of a few acupuncture techniques that can allow him to quickly refine them and restore the exhaustion of his body."

With that, she extended her small white hands and poked Dragon Star a few times. Immediately, the white light enveloped Dragon Star and the Immortal Spirit in her body was refined. She released the power of the pill and quickly healed Dragon Star's body. Dragon Star was currently a Divine Dragon Body, unlike normal people, ordinary people could repair their broken bodies at any time as long as they passed through the supreme golden body. But the Divine Dragon Body would be very troublesome, the higher the physique, the more effective the supreme golden body's recovery ability was, and the supreme golden body was not an indestructible body.

Only after Dragon Star's situation stabilized did Long Chen finally start to observe his surroundings.

"The statue is gone. It must have been taken away." Long Chen frowned and said.

Indeed, the ten ghost kings or to be exact, the city lord's goal was the statue. Just what was this human head sculpture? It actually made the ten great ghost kings come here to fight for it?

However, in Long Chen's eyes, he was still a mysterious giant. If Long Qinglan had not helped him to erase the imprints left by the True Martial Emperor's Soul and the City Lord, Long Chen would probably have been controlled by the other party by now. Just the actions of the True Martial Emperor's Soul were enough for Long Chen to listen to his commands at that time.

If not for Long Qinglan, it would have been extremely dangerous.

In the midst of his discussion with Ling Xi, half a day had passed before Dragon Star finally woke up. He had temporarily suppressed his injuries, but to recover his combat strength, Dragon Star's injuries were probably going to take a whole month to recuperate. If Dragon Star hadn't appeared and allowed him to fend for himself, he would probably have died here.

"What's going on?" Long Chen supported him up and asked quickly.

Dragon Star smiled bitterly and said, "Among the ten Ghost Kings, King Yama and King Qinguang appeared at the same time. One defeated me, and the other took the statue. What on earth is that statue?"

"I don't know either." Long Chen shook his head.

"I can only go back and ask that old man." He had to go back, so he asked Long Chen: "What about you? Are you done? What was he going to do next? Should he stay in the chaos-god country or go back to face him? If you want to stay in the chaos-god country, I know a few safe places and there are very few natural disasters. It is enough for you to cultivate to the point where you can bring a beauty home. "

"Is that so?" Ling Xi was very excited, this was what she wished for the most.

To be honest, Long Chen did hesitate for a moment, but he clenched his teeth and said: "No, I need to go out."

"Why?" Long Xing was puzzled, and continued to ask: "It's rare that old fellow is willing to protect you, if you go out, once the Sword Soul Imperial Palace comes, I don't think I'll be able to keep my life."

Long Chen shook his head, and said: "This is not a matter of my life, but rather, I don't want to be a turtle who shrinks its head." He looked at Ling Xi with a pained expression and said: "Little Xi, you don't want me to become an incapable man either. There are some things that I must face and not things that I have to flee from together with you. I've already said this before, what I'm going to give you is not to hide in secret, but to bring you away in broad daylight in front of billions of people. Even though I'm still weak, even though I seem to be overestimating myself. But after nine years of perseverance, I will not give up! "

Ling Xi's eyes were already wet from the tears. She hugged Long Chen and didn't speak, instead crying softly.

Long Chen laughed and said boldly: "Don't cry, go, wait for me!"

With that, he and Long Xing looked at each other.

"Bro, you're awesome. You're a man, I admire you!" Long Xing also laughed heartily, immediately, both of them had lofty sentiments. The two of them followed the original route, and embarked on the road back home.

After a while, they finally returned to the entrance. At this time, Dragon Star's injuries had also recovered quite a bit, and after resting for a bit at the entrance, the three decided to return.

From the sky, they could go back to the forest outside Chaos Star City.

When they were about to return, Long Chen was high up in the sky, looking at this chaos-god country, and couldn't see the end of it. If he had the time, he could come and take some risks in the future as well. However, Long Chen knew that such a leisurely lifestyle wasn't suitable for him. Other than giving Ling Xi an explanation, he had an even more important mission waiting for him, and that was to live forever within the Realm of the Gods. Everlasting Dragon City, the true homeland of Long Chen, was also the place where he needed to go and fix many things.

That was the heaviest pain in that man's heart.

Closing their eyes, they kept going forward. Finally, they returned to that towering forest. Just as they came out, a Nirvana Tribulation Realm warrior came up to .

"What is it?" Dragon Star had a bad premonition.

The warrior replied: "ing to Young Hall Master, Sword Soul Imperial Palace s have all descended together, there were large scale fights in Chaos Star City, and in the end, Hall Master made his move, and suppressed them. It is possible that they have reached an agreement, the Four Sword Sovereigns s will stay in the Chaos Star City and have not left yet. Hallmaster secretly instructed me, I can let the two of you stay in the Chaos Star City if possible, and go out after a year or two. But if you appear in front of the Four Sword Sovereigns, there's no other way around it. "

Dragon Star could only let Long Chen decide this for himself.

Long Chen had already made his decision long ago, it was just a rough estimate. Feeling the girl beside him grabbing onto his arm nervously, Long Chen patted the back of her hand and laughed, "What's there to be afraid of, isn't it just to go see the parents?" "Let's go, I can't wait to meet him. After all, Xiao Xi is already destined to be my woman, am I not?" "What's there to be nervous about, seeing your father-in-law? "

His relaxed words made Ling Xi burst out laughing.

"Let's go." Long Chen's gaze was calm as he held Ling Xi's hand and walked towards Chaos Star City without hesitation.

He thought, he didn't need to prove anything, no matter if Ling Xi was a Great Emperor of the Sword Soul or a normal person, her identity was never the most important thing, and obstructing him wasn't the most important.

Chapter 1449 - Four Sword Sovereigns

Chaos Star City's largest plaza was located at the top of the surface of the meteor. It was a completely flat area that had been cut out by a divine weapon, with a radius of fifty kilometers, it could not even be seen. Generally speaking, only when the Devil Dragon Hall had something big to announce would they choose to have all the warriors gather at this place.

At this time, many of the higher ups of the Devil Dragon Hall were seated on the highest seats. At the top of the seats, Lord of the Demonic Dragon Palace, who was dressed simply and currently had a shocking light in his eyes, sat there as his eyes swept the area below him.

There were more than a hundred Nirvana Tribulation Realm warriors in the Devil Dragon Hall and more than twenty of them were gathered here. It could be said that all the Nirvana Tribulation Realm Fighters in the Chaos Star City had arrived in this place.

The reason why they had arranged such a huge battle formation was all because of the black, starry sky. At this moment, there were five people standing on the square. One of them was a handsome man who looked beyond the group. He had a dignified demeanor and his entire body was shining with resplendent light. It was Wang Chen. Hatred surged in Wang Chen's eyes, as he sized up everyone in the Devil Dragon Hall. He was originally an extremely shrewd person, and at this moment, it was unknown what he was thinking about.

Beside him were four experts of varying ages. Two of them were old men with white hair and beard, and another was a mature woman who still had some charm. However, her face was like an iceberg, making people unable to approach her. The person who stood closest to Wang Chen was a practitioner who looked to be a little older than him.

This was the Four Sword Sovereigns of the Sword Soul Imperial Palace, and every single one of them looked like a terrifying character. They had been famous for more than ten thousand years, and their reputation was unambiguous, to the point where it was even more astonishing than the Lord of the Demonic Dragon Palace. After all, to the people of the world, the Lord of the Demonic Dragon Palace was mysterious, while they were the ones in charge of the current Sword Soul Imperial Palace.

The man who was closest to Wang Chen, was precisely Ling Xi's father. Sword Master Ling Wu.

He was dressed in a golden rolling dragon robe, with two crisscrossing divine swords tattooed on his back. His pair of eyes were pure white, almost without pupils, and it was impossible to discern his expression, the only thing that flickered was his sword intent, and in addition, he could see two small sword-shaped pendants hanging on his ears, one blue and one red, making him look like a crystal, which was rather enchanting, causing him to look somewhat demonic.

They rarely came to a place like the Nine Star Primal Chaos City. This time, they had come to this place for the sake of the Great Emperor of the Sword Soul and for Ling Xi. Initially, they had decided to barge

into chaos-god country directly, but Lord of the Demonic Dragon Palace had used a forceful stance to stop them from entering. This way, they would have no choice but to consider the current situation.

"Master, twenty days have already passed. We're still going to confront this old man here? What if Dawn and the others never came out? This Lord of the Demonic Dragon Palace is actually this strong? " Wang Chen squinted his eyes and said leisurely.

However, in his heart, he was still extremely anxious.

The more Ling Xi followed Long Chen for one more day, the more uneasy he would be in his heart.

Ling Xi's father, who looked to be a very young Sword Master Ling Wu was silent. A pair of pure white flawless eyes, stared at the direction of the Lord of the Demonic Dragon Palace.

"Previously, I promised him that when Xi Er comes out, he would not care about it. But who knows, would Long Chen, that cowardly tortoise, stay inside for his entire life? If he stays here for the rest of his life, then wouldn't we have to wait here for the rest of our lives? " Wang Chen could not help but ask.

The other three Sword Masters by his side did not say a word. The Sword Master Ling Wu had a pair of pure white eyes that did not have any expression, making others not know what he was thinking about.

Wang Chen thought about it, then closed his mouth.

They should be more anxious than him in their hearts. Wang Chen had just learned that Ling Xi was actually the reincarnation of the Great Emperor of the Sword Soul, and this shocked him to the core, but he also made up his mind that he definitely could not let Ling Xi follow after him. What a joke, the Great Emperor of the Sword Soul of the Sword Soul Imperial Palace was actually kidnapped by a disciple of the True Martial Imperial Palace? Is that true?

Therefore, no matter what reason, Wang Chen was the most pleased with himself in his heart because his master would definitely stand by his side.

Time quietly passed by, but the people of Devil Dragon Hall did not say a word, and continued to obstruct the advance of the Four Sword Sovereigns.

"Ling Wu, I think that the brat that Wang Chen is talking about, will not dare to make a move for a few years, let's do it once. Don't let them underestimate you. " The enchanting, yet ice-cold, Sword Master that did not allow anyone to enter said softly.

Ling Xi's father was the youngest in the entire Four Sword Sovereigns, but she was also the most talented of them all. She was the most dazzling genius among the previous generations of Sword Soul Imperial Palace. When she was young, her position in Sword Soul Imperial Palace was comparable to Wang Chen's.

When Sword Master Ling Wu was still a warrior of the new generation, the other three were already Sword Masters.

This time, the matter was very important, and could not be taken lightly, so the Four Sword Sovereigns made their move at the same time.

With our strength, it'll probably be difficult for us to win against the Lord of the Demonic Dragon Palace with our combined strength. If the enemy counterattacks, it's possible to kill one or two of us. One of the golden-haired, golden-eyed old man said hesitantly as he stroked his beard.

What he said made sense.

Wang Chen knew in his heart that in front of this group of higher-ups, he was just a junior, not qualified to speak, but this matter was related to his own future and fate. He pondered for a moment, then said: "Xi Er seems to have been deeply bewitched by that young man, and has already forgotten herself, forgot the Sword Soul Imperial Palace, and even ignored the kindness of Master for her upbringing. She's still young, and is easy to be tricked, continuing like this is not a good thing."

Yes, it was already to the point of having no choice but to fight.

Ling Xi had been raised by the Sword Master Ling Wu since he was young, so the authority to decide his fate was more in his hands. At this moment, everyone looked towards the Sword Master Ling Wu, and that grizzly eyed Sword Master Ling Wu lowered his head and said: "I'll go meet your mighty Nine Star Primal Chaos City Lord of the Demonic Dragon Palace alone."

The four of them ganged up on him, and that was the beginning of the battle. If it was just the Sword Master Ling Wu alone, then it could only be considered a spar. The other three felt that it was feasible and nodded their heads. Just like that, the Sword Master Ling Wu who wore a golden dragon robe and

had long black hair that fluttered in the wind, yet had white eyes and a pendant in his ear continued to rise into the air, facing Lord of the Demonic Dragon Palace who was seated at the highest position. He raised his arm and said loudly: "Lord of the Demonic Dragon Palace, please advise!"

Such boldness was rumored to be the personality of the Sword Master Ling Wu. This Sword Master Ling Wu was extremely popular in the entire Imperial Domain of Sword Soul, and even Wang Chen couldn't compare to his. He was the biggest legendary figure in the Imperial Domain of Sword Soul.

Lord of the Demonic Dragon Palace laughed heartily, as if he had already expected this. "How could this old man be a match to the genius Sword Master of Sword Soul Imperial Palace? I hope that the Sword Master can wait a bit, or the two of them may arrive soon."

Sword Master Ling Wu's expression did not change, on his ears, the blue and red crystal swords had actually grown bigger, turning into a true pair of swords, appearing in Sword Master Ling Wu's hands. Although they were two swords, when combined, they could be considered one of the four peerless divine swords in the Sword Soul Imperial Palace. It possessed the most terrifying reputation in the Three Regions Nine Realms, and was also one of the most valuable treasures of the Sword Soul Imperial Palace. On the blue and red crystal swords, there were eight dao patterns, almost nine perfect dao patterns!

In the history of the Sword Soul Imperial Palace, they had existed for hundreds of thousands of years and were created by all the previous Sword Masters. Every Sword Master of the previous generation, with the might of these unparalleled divine swords, was able to sweep the world and achieve fame!

The Sword Master Ling Wu held his two swords, the sky on the left seemed to be burning with flames, the sky on the right seemed to be frozen, the world was gloomy and cold. Sword Master Ling Wu stood in the middle, as if he wanted to cut open the entire world. It was cut in half.

Seeing this, the warm smile on the old man's face never changed. He stretched out his arm and it suddenly swelled up, as if it had exploded into a thousand-meter-long dragon claw that was covered densely in purple scales and surrounded by primordial purple Qi. This thousand-meter-long dragon claw held boundless might, and Lord of the Demonic Dragon Palace continued to sit on his throne, smiling as he said, "Since Sword Master Ling Wu wants to spar with this old man, then this old man will respectfully comply. If you can make this old man leave this throne, I will consider it the Sword Master's victory."

Although the Sword Master Ling Wu was looked down upon in such a way, he did not care at all. He asked: "If I win, can I enter the Chaos Star City to take my daughter away?"

"No." Lord of the Demonic Dragon Palace said something that made everyone vomit blood.

"How?" The Sword Master Ling Wu snorted coldly.

"The chaos-god country is a treasury occupied by my ancestors, the ancestors of the Devil Dragon Hall strictly forbade the entry of warriors from other powers above Nirvana Tribulation Realm, and all of you are in charge of the Sword Soul Imperial Palace. If you all are allowed to enter, then I, Long Ming, will have no choice but to apologize with my death. That's why everyone wants to enter chaos-god country and kill me! " After he finished speaking, the Lord of the Demonic Dragon Palace finally started to get serious.

Sword Master Ling Wu's expression changed. In the end, he gritted his teeth and said: "Since that's the case, let me exchange some of senior's skills!"

After which, the divine swords in his hands were about to attack. Just at this time, a Devil Dragon Hall warrior ran over to Lord of the Demonic Dragon Palace and said a few words. Lord of the Demonic Dragon Palace's face changed, and then became helpless, he waved her hand and kept the thousand metre long dragon claw, but the people of Sword Soul Imperial Palace did not know what was happening, but from the north side of the Chaos Star City, a few figures flew over, and among them, the one who attracted the most attention of Sword Master Ling Wu was the fairy maiden in the middle.

Chapter 1450 - pleas for mercy

Long Chen and Ling Xi had finally returned at this time.

He had underestimated Long Chen's guts. He had originally thought that Long Chen would stay inside for at least ten or fifteen years, to drag things out as long as possible, until the people from the Sword Soul Imperial Palace s couldn't resist and attacked.

Moreover, he brought Ling Xi along, and came back so boldly and confidently. With one glance, he saw that the man in the sky was holding Ling Xi's hand, and they looked like a match made in heaven and

earth. They were nervous, but their eyes were unsettled, so what? They were together, so they weren't afraid.

Wang Chen suddenly felt that he was extremely envious of Long Chen. But now, he himself had a huge advantage, not only in terms of strength, but also in the Sword Soul Imperial Palace. Most importantly, he had the support of the Sword Master Ling Wu, but he still felt that he was not as good as Long Chen, because he did not have the most important part, which was his love.

He was only missing this much and it was already perfect. He never thought that in the period of time that Ling Xi disappeared for the first time, a person like Long Chen would actually appear.

Seeing them coming together, the usually calm Wang Chen felt a twinge of pain in his heart. It was this pain that gradually caused his expression to become crazed.

Long Chen!

He came back.

His arrogance and boldness was exactly the same as before, but what Wang Chen admired the most was his pride, and there was simply nothing that could scare him off.

Before he arrived, Ling Xi roughly described the Sword Master Ling Wu's situation to Long Chen, so that he could get to know his father, who was known as the genius Sword Master by the entire world.

Ling Xi only found out recently that the other party was not her own father, but after so many years of friendship, she realized that ...

In Ling Xi's eyes, Sword Master Ling Wu was still her father. This could not be changed.

However, she was even more loyal to her own love. She revered this man whose eyes were pure white, which couldn't stop him from loving Long Chen.

Feeling the sweat on the young lady's palms, Long Chen's heart ached. Honestly speaking, even though he was already prepared, the cold eyes of the man in the sky caused Long Chen to be a little frightened.

This Sword Master Ling Wu, could be said to be the person with the coldest expression he had ever seen.

"Come here!" Dragon Star became alert and quickly brought Long Chen to land not far away from Lord of the Demonic Dragon Palace. This place had the protection of the Lord of the Demonic Dragon Palace, it was safer.

Long Chen and Ling Xi stood there obediently, welcoming the cold gaze of the Sword Master Ling Wu. This caused Long Chen to feel uneasy in his seat, and Ling Xi started to sweat nervously, her face turning red.

The scene suddenly became quiet.

Seeing that, Lord of the Demonic Dragon Palace laughed: "This pair of children, are truly compatible. I have lived for so many years, but have never heard such a moving story, some people want to break up other people's elders, and they want to be punished by the heavens. In my opinion, the best time for the next Nirvana Tribulation is when some people are directly hacked to death."

He was clearly cursing Ling Wu and the others.

Seeing the cold and desolate scene, Wang Chen immediately said: "Xi'er, stop messing around. Four Sword Sovereigns is already here, hurry up and come with us back to Sword Soul Imperial Palace.

Even though Ling Xi knew that she would definitely return this time, she was still unwilling to part with him. She tightly held onto Long Chen's palm with force, and her nails almost stabbed into Long Chen's flesh.

Unexpectedly, at this time, Ling Xi took a step forward and knelt down lightly in front of Sword Master Ling Wu. Her eyes were filled with mist, and she first kowtowed, then knelt down, and said with tears in her eyes: "Daddy, Little Xi is not obedient, and has made you angry. I'm so sorry. "

She kowtowed once again, but Long Chen was unable to stop her. Furthermore, at this time, he didn't have the qualifications to stop Ling Xi, he could only accompany her and listen to what she had to say.

There were tears in her eyes, making people's hearts ache. She said, "I don't know my identity, but there will be so many troubles and complications, but I really don't want to carry these things. I just want to

be an ordinary girl, then be with a man who loves me and is willing to protect me, and I'm willing to give up everything for him. I hope father can fulfill my wish! "

Sword Master Ling Wu's eyes were cold, the pure white eyes were cold and emotionless.

Ling Xi knew that she had not said enough, so she kowtowed once again and said, "Xi'er has been very obedient since she was young and did not have any intentions of disobeying father. But you know, my personality is not the kind you would expect me to be. I am unable to fight and strive to strengthen the Sword Soul Imperial Palace and protect this place. I don't know how to work hard like Big Brother Wang Chen to make you happy, but I know that you truly love me. I like the person beside me. The last time something happened to me, I spent a lot of time with him, and if it wasn't for him, I wouldn't have been with him today, and it could be said that he is now in my life. Other than you, father, I can't let go of him for the rest of the journey, and I hope that father can help us achieve our goal. "

After she finished speaking, she kept on knocking her head down with tears in her eyes, but the Sword Master Ling Wu did not move at all. Long Chen could not bear to watch, no matter who it was, even if it was Ling Xi who raised him up, so what? Long Chen could not bear to see Ling Xi torture him like this, so he quickly helped Ling Xi up, but he did not expect to anger the Sword Master Ling Wu!

"Let her go!" Sword Master Ling Wu's face instantly turned sinister, her voice was like a sword blade that stabbed into Long Chen's ears, causing Long Chen's ears to suddenly shake, her entire body trembling, as she almost spurted out a mouthful of blood.

Just her voice was enough to injure Long Chen to this extent, this Sword Master Ling Wu was truly terrifying.

However, Long Chen's eyes were dense, and did not loosen his grip at all. Instead, he endured the pain with a determined look in his eyes, and continued to support Ling Xi up until she could stand firmly.

"I said, let her go." The Sword Master Ling Wu snorted coldly, causing Long Chen to be injured once more.

She looked at Long Chen with incomparable heartache, and then, with tears in her eyes, she said to Sword Master Ling Wu, "Daddy, don't be like this. He didn't touch me."

Long Chen suddenly understood why this Sword Master Ling Wu was so angry. He must have realized that Ling Xi was no longer a virgin. He had nothing to say on this point, today it seemed that this Sword

Master Ling Wu, this father-in-law, was even more difficult to deal with than Wang Chen. If Long Chen wanted to take Ling Xi away, the most important step would probably not be defeating Wang Chen, this talented youth of the same generation, but to make his father-in-law lower his head.

After all, in Ling Xi's eyes, her father was always at the top.

Even if Long Chen possessed Ling Xi, he had never regretted it. He knew clearly in his heart that the other party had raised him up to be a Great Emperor of the Sword Soul, and whether he truly cared for Ling Xi or not. Long Chen did not know, so why should he be courteous to this man? He wasn't Ling Xi's real father.

Since today's matter was irreparable, Long Chen was no longer naive. He no longer bothered with Sword Master Ling Wu's expression and turned towards Ling Xi who had a miserable expression: "Xiao Xi, you don't have to beg him, this is impossible, go back with them, with your status, they can't do anything to you." He held Ling Xi's delicate palm tightly in his palm, and looked at his woman with a determined gaze. He forced himself not to let his tears fall, and said while clenching his teeth: "We agreed to be together for all eternity, we will wait for me!"

Ling Xi was already in tears.

She thought that the Sword Master Ling Wu would give her that little bit of hope, and give her freedom. But she thought too much, Long Chen clearly saw that it was impossible, and if Ling Xi begged for mercy again, it would only make the Sword Master Ling Wu feel even more anger towards Long Chen.

"I will wait for you. If you don't come, then I will wait for you for the rest of my life. "Until I die." Ling Xi wiped away his tears and looked at this man proudly. He had created miracles again and again, and even if it was the last time, although it was extremely difficult, he would definitely not fall.

"Yes." Long Chen laughed, and helped Ling Xi wipe away her tears.

Countless people looked at their respective groups.

Only Sword Master Ling Wu remained expressionless. He suddenly looked at Lord of the Demonic Dragon Palace, his white eyes terrifyingly cold. "Lord of the Demonic Dragon Palace, according to our agreement before, after they came out. That is to say, if I kill this youth, it will have nothing to do with your Devil Dragon Hall. "

Lord of the Demonic Dragon Palace laughed.

"What!" Long Xing was shocked, he immediately charged to Lord of the Demonic Dragon Palace's side and started conversing with him intensely. The dissatisfaction in his eyes, the Lord of the Demonic Dragon Palace hesitated for a bit, then waved his hand: "No, this is my Devil Dragon Hall's territory, this young man is my protector, you cannot touch him."

Long Xing heaved a sigh of relief.

Looking at his nervous brother, Long Chen knew that Dragon Star was definitely worth it. If not for him, it would be hard for him to survive this time. He was no longer naive, thinking about how the Sword Master Ling Wu was such a good person, that would be impossible, the other party did not kill him, he was already considered lucky.

But, the Sword Master Ling Wu obviously would not let this go, his pure white eyes coldly stared at Long Chen, the two swords in his ears released a tinkling sound.

The aura of death firmly enveloped Long Chen.

Long Chen understood, even if the Lord of the Demonic Dragon Palace wanted to protect him, but as a Sovereign Realm Ranker of the Sword Soul Imperial Palace, it should be easy for him to kill a junior right? Even if he did it first, what could the Lord of the Demonic Dragon Palace do to him?

The Sword Master Ling Wu did not believe that the Lord of the Demonic Dragon Palace could still fight with the Sword Soul Imperial Palace for the sake of this youth's death.
