

War God 1671

Chapter 1671 - Ling Xi

"What's going on?"

In the final moment of his revival, the moment when all his power gathered together, all his blood vessels started to burst and turn into black powder, dissipating in the air.

The entire reborn Thunder Prison was completely covered by thick smoke.

"Where's my strength? What about my perfect body, why is there a flaw? Why am I not fully recovered? Why is there only one tenth of a heart! "

In his fury, he began to destroy everything crazily, until this rebirth Thunder Prison destroyed the world and shattered it to the point that it almost crumbled.

"Don't tell me it's you, Long Chen's doing!"

When he appeared in the air above the road of rebirth, his watery blue eyes had become extremely berserk. He stared fixedly at the world shrouded in lightning, and there were several times when he wanted to rush in and find Long Chen, but in the end, he endured it.

"No!" Why did this happen? Why is my heart incomplete? It must be this kid's doing! Or maybe it's that fellow True Martial Emperor! Damn him! "

His original plan was about to succeed, and the City Lord was overjoyed for half a day. However, at this very last moment, something went wrong, and this made him instantly collapse from excitement. He even had the urge to die, especially Long Chen, who had jumped onto the road of rebirth.

In reality, his entire God Kingdom had been sucked into this place by this path of rebirth. In the eighteen levels of hell, the only thing that he did not control was this road to survival, and now that Long Chen and Mo Xiaolang had jumped in, if he had recovered his full strength, he would dare to go in. However, he was still one step away from being reborn, so at most, he could be considered half reborn!

As for the strength he possessed, it wasn't even 1% of what he had expected!

Such an unexpected turn of events nearly drove the city lord to insanity.

After struggling for a long time outside the path of rebirth, he finally let out a sigh of relief.

"The True Martial Emperor definitely knows what's going on. Maybe that race of living spirits have revived and also took away a great amount of my essence of life, he is in the Three Regions Nine Realms, she will definitely not be able to escape the clutches of my hands. Since the Three Regions Nine Realms is a bit remote, and the people of the Immortal God Realm don't care much about her, then, I will absorb all the life energy here and convert it into my own. "I haven't failed yet!"

Upon recalling all of these, the frenzied City Lord finally regained his clarity of mind.

He silently watched the thunderbolts below the path of rebirth.

"Long Chen, you can go without worry. Don't think that I can't do anything about the spirit of life escaping you. Three Regions Nine Realms, damn you, all of you have to die, and all of you have to become a part of my power. If you don't want to follow me, then stay here on the road to life, and enjoy your eternal life.

As for the City Lord, he was missing a heart. Now that his heart had returned, although it was incomplete, he could finally proceed with the final step.

"Then, without any obstructions, let me start from this moment and bring this nightmare to the entire Three Regions Nine Realms."

"You animals, you've all been fattened up. It's time for me to slaughter you and contribute your value. It's time!"

As the city lord's loud laughter grew further and further away, the entire rebirth Thunder Prison finally quieted down.

At this moment, Great Emperor of Desolation arrived with Long Chen's orders. They had just arrived at the 9 star primal chaos city, and everything was over. Long Chen was still in the middle of the road of

rebirth, but he knew all of the information. He also knew that once his heart was restored, the first thing he would do after death would definitely be to counterattack the Three Regions Nine Realms.

The true disaster had finally arrived!

Long Chen could only hope that, in Cat's plan, he and Mo Xiaolang would be able to return in time after experiencing this transformation.

Time was life!

Since the Great Emperor of Desolation came to this Eternal Hell, it was meaningless for them to continue attacking. Since disaster and terror had already occurred, and the other party's heart was as expected, she returned to the hands of the City Lord. His attacks started, and it was no longer the time to blame anyone but herself.

Long Chen controlled the Great Emperor of Desolation and headed back to the direction of the Sword Soul Imperial Palace. There were people he cared the most about there, and what he needed to do now was to immediately inform them and the rest of the forces about the news. The Sword Soul Imperial Palace was the quickest way, because over the past few days, Ling Xi was preparing to go to the Great Emperor of the Sword Soul for the ceremony.

In the Sword Soul Imperial Palace.

After a few days of preparation, the Great Emperor of the Sword Soul's coronation ceremony officially began. Because the calamity was right in front of them, all the ceremony would be simple, it was only a way to announce the world.

This coronation ceremony was taking place in the Heaven and Earth Sword Pool.

Worship of the ancestors, proclamation of the world, the coronation ceremony soon ended.

When the eighty million disciples of the Sword Soul Imperial Palace paid their respects to her, she looked in the direction of the Nine Star Primal Chaos City. Long Chen had not received any news for quite a few days already, and in order to save Little Cat, she had charged into the Eternal Hell without hesitation. It would be impossible for Ling Xi not to be nervous in his heart.

"So many days have passed, Brother Chen, how are you?"

He was the hope of victory. If something were to happen to him, Ling Xi really did not know what he should do. To the entire Three Regions Nine Realms, the True Martial Imperial Palace's Holy Martial Emperor had already become their backbone.

At this moment, there was still no news of his only hope.

Ling Xi did not even dare to tell the Four Sword Sovereigns about Long Chen entering the Eternal Hell. For Long Chen, the little kitten was his reason for taking risks, but for the rest of the people in the Three Regions Nine Realms, this was using everyone's lives as a joke, and it was obviously not the right choice. If the Three Regions Nine Realms was completely annihilated this time, if news of this matter spread out, there was no doubt that Long Chen would become the true sinner of the world.

From his point of view, he was right. He also made this choice in pain, because he, Long Chen, was exactly this kind of person who had flesh and blood. However, to be able to stand in the true big picture was a mistake.

With this plan, Ling Xi could only hide this matter.

From today onwards, she would be the Great Emperor of the Sword Soul in control of the Sword Soul Imperial Palace.

It was just that, before the great calamity descended, she sat on this seat, and did not even have a single person to sincerely congratulate her. It was as if she did not even have a single person, and her position meant that she had to take responsibility, which also meant that if the City Lord came to attack her, Ling Xi would have to lead all of the strong warriors to this battlefield, where she would very likely die in battle!

"We Four Sword Sovereigns pay our respects to the Monarch!"

In the end, the Four Sword Sovereigns kneeled.

Ling Xi woke up from her stupor and hurriedly said, "Everyone, please wake up."

All the disciples of the Sword Soul Imperial Palace gathered.

Everyone knew that the following days would not be easy.

Just when Ling Xi had ascended to the position of the Great Emperor of the Sword Soul, the Great Emperor of Desolation was rushing towards him, and all the forces in the Three Regions Nine Realms were silently making preparations for the calamity that was about to befall them.

Nine Realms Lord

Six Great Demon Emperors

True Martial Emperor

Other than the Ancient Spirit Realm who was already filled with miasma and had almost running amok with ghosts, almost everyone else was already prepared to fight.

Just at this moment, that terrifying laugh unexpectedly covered the entire Three Regions Nine Realms. To be able to spread the sound to such a degree, that person's strength was truly terrifying, and everyone was scared, at least the people in the Three Regions Nine Realms did not have any special methods, to be able to transmit his voice to such a far distance!

In the eyes of the people from the Three Regions Nine Realms, this was simply a divine tactic!

Other than Long Chen and the others, there were very few people who were familiar with the laughter of the City Lord of Wutu City. However, Ling Xi had heard it before, so she naturally understood it. Seated on the Great Emperor of the Sword Soul's seat, her face instantly paled when she heard such a voice. It wasn't because she was afraid, but because she was concerned about Long Chen's survival.

When the laughter resonated across the entire Three Regions Nine Realms and attracted the attention of all the living beings, the City Lord finally spoke. His sinister voice spread throughout the entire Three Regions Nine Realms.

"Three Regions Nine Realms, billions of lives. Maybe you all have heard of my name before, but I am the City Lord who has died in vain, and I also have a name that you all do not know, I am Yan Li! "

"Of course, none of you know me, but please remember this name. One day, you will discover that everyone around you is dead, that the whole world has changed, that their souls are eternally immersed in pain. You must remember, I did all of this!"

"That's right, I am a god. You are my livestock, and today, I have finally fattened you up. I have come to kill you. Your life force is my power to revive!"

That tragic voice caused everyone in Three Regions Nine Realms to become incomparably panicked. Weeping, screaming, struggling, and countless other sounds reverberated under the sky, and the entire world instantly became incomparably chaotic. Countless people realized the seriousness of the situation, and began to flee, leaving the Three Regions Nine Realms.

Ling Xi's eyes were filled with tears of hatred.

Just at this time, the City Lord continued to laugh. He said, "Originally, this moment would have lasted for another half a year. You all could have lived for another half a year, but why did you do it earlier? That is because your super geniuses, Long Chen and Mo Xiaolang, have pledged their allegiance to me and sent me my heart. Now that they are all generals under me, I will command them to lead all of my subordinates, take over Three Regions Nine Realms and raise you all up. You all can curse them to your heart's content, haha. "

Chapter 1672 - I have not lost yet

Long Chen?

Mo Xiaolang?

That heavy news ignited the anger in everyone's hearts. People were always blind, especially when it came to matters that concerned their life and death. It was very difficult for them to maintain their rationality.

"Long Chen, that Sacred Martial Emperor Monarch? The person who defeated Four Sword Sovereigns, and the one who managed to get back to this demon? "

"It's him? This damned beast! Also, his brother Mo Xiaolang, I heard that he is the prince of the Spirit Demon race, and that it was in vain that I worshiped these two arrogant sons of heaven. However, I never expected them to be so vicious, actually helping demons and poisoning their own brethren! "

After the City Lord had finished speaking, similar curses came from billions of lives. When it came to betrayal, who could maintain their sanity? Basically, the only people who were speaking up for Long Chen were the kind of people who had seen Long Chen, seen Mo Xiaolang, and understood their personality and character.

Because of what the City Lord had said, the entire Three Regions Nine Realms was abuzz.

Even within the tiny Sword Soul Imperial Palace, there were already many people arguing, some cursing, and others protecting Long Chen.

"All of you, shut up!" Sword Master Ling Wu let out an explosive shout, causing everyone to shut their mouths.

"To actually believe the words of the enemy and curse your own people, is your brain filled with paste?" Sword Master Ling Wu's eyes were gloomy, sweeping across everyone.

"Let me tell you, even though my Sword Master Ling Wu does not like this brat and does not accept him, he is indeed a brave warrior. But when it comes to character and perseverance, I believe that no one here can compare to him, so, I do not believe that Long Chen would do such a thing."

As for True Martial Imperial Palace and Desolate Imperial Palace, there weren't many people that could shake their impression of Long Chen. It was just that among the people and the Nine Realms, it wasn't so, as they were in a state of panic, and couldn't figure out who they should trust. They only believed in the truth, and the truth was, City Lord Bastard's heart was in Long Chen's hands.

Then, where did Long Chen go by this time?

Could he come out to fend off the rumors?

As everyone was discussing amongst themselves, the City Lord of Wutong City continued, "Bastards, have the last ten days. After ten days, I will start slaughtering you all and lead my two generals. Their talents are something even I envy."

As he said that, he changed the topic and said: "I believe you all want to know where my first goal is, then I will tell you all, your True Martial Great Emperor once came to my Desolate City and has some relationship with me, so in ten days, I am preparing to go to True Martial Imperial Palace to visit my old friends, so, when the time comes, all of you children in True Martial Imperial Palace will definitely welcome me with a grand show!"

True Martial Imperial Palace!

He announced the news to everyone in Three Regions Nine Realms.

When they heard these words, fear completely flooded the True Martial Imperial Palace's side. The people that had gathered on the Emperor Star Realm all became incomparably terrified, and there were even some disturbances.

After he finished speaking, the City Lord died without a sound.

However, the fear and shock that he had left in the Three Regions Nine Realms would not disappear for ten days.

Even if they were not people from the True Martial Emperor Domain, they were still scared half to death, let alone inside the True Martial Imperial Palace. Many of them had experienced the tragic state of the Eastern Emperor Region, and when such a calamity descended upon the True Martial Imperial Palace, even the bravest of warriors had completely lost their courage.

The only one they could rely on was the True Martial Emperor.

With Ye Futu dead, there were only two Martial Saints left in True Martial Imperial Palace.

Wenren Xi and Lin Junyao could only try their best to maintain order.

However, the chaos and panic in the Emperor Star Academy was still unquenchable.

At this moment, the voice of the True Martial Emperor resounded throughout the entire Emperor Star.

"Children, calm down first. I'll make some arrangements."

The words of the True Martial Emperor finally stabilized the chaos in the hearts of the hundreds of millions of people on the Emperor Star Realm. Everyone was brimming with tears as they looked in the direction of the Emperor Star.

"First of all, no matter what choice our Sacred Martial Emperor Lord makes, I believe him. He would definitely not do something so treacherous. So I don't want anyone to slander him behind his back. He is a young man whom I feel respect for. "

Originally, there were many people who held prejudice against Long Chen, especially those who were not familiar with Long Chen.

"The City Lord is a cunning person. If I believe him, I will only send myself into the abyss."

After he finished speaking about Long Chen, the True Martial Emperor continued to arrange for them to speak, "From today onwards, among the three thousand great halls and War God Palace, other than Wenren Xi and I, as well as all the practitioners of the Triple Nirvana Tribulation and above, everyone was led by the War God Palace to withdraw from the Emperor Star Realm. The second stage of the Nirvana Tribulation Realm was led by all the disciples and distributed to the True Martial Emperor Domain.

In fact, many people did not have the guts to stay in the True Martial Imperial Palace.

If the True Martial Imperial Palace and the Sword Soul Imperial Palace were to be directly seeded with eight demon trees, then at that time, how many people would be able to survive?

Although the task that the True Martial Emperor had assigned wasn't to escape, it was still a rescue for them.

"Wenren Xi, Lin Junyao, arrange for everyone to leave in the controlled area. Assign the warriors of the Imperial Palace to the Four Great Imperial Regions. "

As True Martial Emperor said this, he fell silent.

However, the originally restless Emperor Star was no longer noisy.

As for Wenren Xi and Lin Junyao, they quickly made the arrangements to have all of the disciples withdraw from the Imperial Palace and spread out to other parts of the True Martial Emperor Domain. When the demon tree descends, the more than five hundred warriors of the Nirvana Tribulation Realm would at least have a great effect on them.

Several days later, the entire Emperor Star was empty.

Just like that, the great battle quietly began.

The True Martial Emperor knew that when he was reborn, his first target would be the True Martial Imperial Palace. He did not know what had happened to Long Chen, nor did he know why this matter had occurred so early, or whether it was because Yang Lingqing, Long Chen, had already rushed into the Eternal Hell.

If not for Long Chen, it would have been useless to extend it for another half a year. The longer time passed, the stronger Long Chen would become.

The empty Emperor Star Realm, only had less than thirty experts participating in this battle.

"Monarch, is our Three Regions Nine Realms destined to be destroyed one by one?" Wenren Xi said quietly.

He was not afraid of death as the City Lord was not as terrifying as the Nirvana Tribulation. What he was afraid of was the destruction of his home and the destruction of his life.

"No, they will come." The True Martial Emperor smiled as he spoke.

All the martial artists were quietly sitting on top of the Five Elements Clear Sky Tower, looking at the entrance of the Emperor Star Realm.

Within the Sword Soul Imperial Palace, the new Great Emperor of the Sword Soul s and Four Sword Sovereigns looked at each other silently.

"Let's go." Ling Xi calmly looked forward and said without batting an eyelid.

"Do you really want to go?" Sword Master Ling Hua hesitated.

Sword Master Ling Wu said: "The lips die and the teeth become cold. If the True Martial Imperial Palace is destroyed, none of us will have a good ending. But the four of us will go, while Ling Xi will stay here and guard the Sword Soul Imperial Palace. "

"No, I have to go." Ling Xi shook her head. Her exceptional appearance had become a lot more haggard because of worry about Long Chen.

"No, you can't." How could Sword Master Ling Wu be willing to risk her life? She was the future hope of the Sword Soul Imperial Palace.

Facing his strong opposition, Ling Xi lifted his head and asked: "Are you really Great Emperor of the Sword Soul, or my Great Emperor of the Sword Soul?"

Long Chen's life and death was unclear, the True Martial Imperial Palace was on the verge of destruction, how could she be a turtle hiding in the Sword Soul Imperial Palace? If not for her identity, she would have gone to the Eternal Hell to follow Long Chen.

Ling Xi's words completely blocked Sword Master Ling Wu. He was extremely furious, but he could not refute a single word that he said.

At this moment, a young man wearing a yellow robe appeared.

"Xiao Xi." Long Chen said as he looked at the body of the Great Emperor of Desolation.

Hearing a name that only belonged to Long Chen, Ling Xi was wild with joy. No matter how strong she was, the moment Long Chen appeared, she was always weak.

The Four Sword Sovereigns was baffled. Why was Ling Xi related to the Great Emperor of Desolation?

Long Chen borrowed the Great Emperor of Desolation's words and quickly said: "Little Wolf and I are currently working hard to escape from our predicament, to delay it for a while longer, and we will

definitely be able to return. Now, we have to call for all the experts to rush to the True Martial Imperial Palace to help True Martial Emperor fight against the City Lord.

Me and Wolf?

Could it be, this Great Emperor of Desolation, was Long Chen?

Facing the Four Sword Sovereigns's dazed expression, Long Chen could only say: "Great Emperor of Desolation is a Dragon Devouring Beast. The last time I went to the Desolate Imperial Domain, he once wanted to swallow me, but later on I used a Dao Artifact to control him. Now, with his body and thoughts, I can completely control him.

After hearing these words, Four Sword Sovereigns's heavy heart finally relaxed a little. Even they couldn't help but wet their eyes when they heard Long Chen's assured words.

Long Chen said that as long as we can endure until they return, there would definitely be hope!

Four Sword Sovereigns firmly believed Long Chen's words.

The four of them hurriedly nodded.

Long Chen was unable to hold her and console her, but the look in his eyes was gentle. Seeing that Ling Xi was not deceived by the City Lord, and was still firmly believing in him, Long Chen was very pleased. He quietly looked at the woman he loved the most in his life and said: "Help me, persevere until I return, I will give you an explanation, give everyone an explanation. This time, I have not failed! "

Chapter 1674 - Before the Calamity

After the City Lord had finished speaking, almost everyone was thinking about what would happen in ten days.

Ordinary citizens would naturally consider escaping. But in just ten days of time, and this world was so vast, where could they escape to?

The true upper echelons were all thinking of one word, and that was, their lips would turn cold from fear. The City Lord would not let any of the powerhouses go, nor would he let any of the people go. If the people from Three Regions Nine Realms wanted to survive this disaster, the only way was to join forces.

Thus, after careful consideration, basically all the forces of the other eight realms, other than the Ancient Spirit Realm, would gather their power and distribute it among the citizens evenly. The few people at the pinnacle all embarked on the path to the True Martial Imperial Palace.

Amongst the Desolate Imperial Palace, the Six Great Demon Emperors was also rushing towards them.

Before Great Emperor of Desolation left, she had already instructed them that the six of them could at least contribute a portion of strength.

As for the Sword Soul Imperial Palace, almost all the experts rushed out. The Great Emperor of Desolation, the newly appointed Great Emperor of the Sword Soul, and the Four Sword Sovereigns, all rushed towards the True Martial Imperial Palace.

Before the calamity had descended, all the experts had gathered on the Emperor Star of the True Martial Imperial Palace.

In the blink of an eye, eight days had already passed.

In these eight days, everyone on the True Martial Imperial Palace had been evacuated, and most of the disciples of the Sacred Martial Palace had also been sent to the Four Great Imperial Regions. The strong people who were originally gathered there were immediately dispersed, causing the overall strength of the entire True Martial Emperor Domain to increase by a lot.

Wenren Xi and Lin Junyao sat in front of the Monarch Mountain, looking at this empty space of an Emperor Star. This made them feel strange and desolate;

This desolate world made Wenren Xi and Lin Junyao look at each other and smile bitterly.

"Tell me, what exactly happened to Long Chen?" Lin Junyao asked softly as she looked at this vast and unpopulated Emperor Star.

Wenren Xi shook his head, and said: "I will not doubt him, from the moment he was willing to suppress the heart of City Lord Wutang, I had trusted him. I have faith in you. "

"Me too." Lin Junyao paused for a moment, then said: "However, if nothing goes wrong, the Monarch and us, will be in great danger. I'm afraid there won't be much chance for us to survive.

Wenren Xi's eyes were gloomy, and he said: "I am not afraid of death at all, there is still about three hundred years left. I would probably be engulfed by the Giant Thunder Beast of the Ninth Heaven too, and by the time I die, there would be no difference at all.

A quiet person like Wenren Xi clenched his fists.

"There are eight days left." Lin Junyao lowered her head silently. She knew that this time, they were going to gamble with her life.

"Are we fighting alone?" Wenren Xi asked.

At this moment, someone descended from the heavens and landed on the Emperor Star Realm.

"It's Ye Guyu of the Grand Moon Demon World and a part of the experts of the Grand Moon Demon World," Lin Junyao and Wenren Xi hurriedly went to welcome them.

Ye Guyu's face was solemn, he walked up and said, "I already said, if True Martial Imperial Palace is in trouble, I will definitely be the first to arrive."

"Thank you, Sector lord." Wenren Xi said respectfully.

"Where's Long Chen?" This was the issue that Ye Guyu was most concerned about. Of course, she was the kind of person who firmly believed that Long Chen would not betray her.

"After we went to the Desolate Imperial Domain, he was lost, but he wasn't in the Desolate Imperial Domain, and we couldn't get any news about him in a short period of time. If he could hear the provocation from the City Lord, he is probably on his way back, and there are only two days left."

"He will come back." Ye Guyu said confidently, his eyes relaxed.

Soon after, the Nine Realms Lord, the Six Great Demon Emperors of the Desolate Imperial Domain, gradually arrived. Seeing the Six Great Demon Emperors, Wenren Xi was moved and grateful but he quickly asked for Long Chen's whereabouts. The Six Great Demon Emperors then told him about what happened to Long Chen in the Desolate Imperial Domain.

"In that case, it's very likely that they left the Desolate Imperial Domain and headed towards the Eternal Hell. That 9 star chaos city's Lord of the Demonic Dragon Palace didn't seem to be present.

When it was only the last day, most of the people who should have come had already arrived.

Just as everyone was discussing with knitted brows, the people from the Sword Soul Imperial Palace arrived. As the Great Emperor of the Sword Soul, Ling Xi took the initiative to announce the world to everyone, and everyone present also received the news. In front of the three great emperors, no matter who it was, their status was still considered lower.

Great Emperor of Desolation who came with Ling Xi had attracted everyone's attention.

Six Great Demon Emperors immediately knelt on the ground and shouted in unison, "We greet the Monarch!"

So this was the famous and famous Great Emperor of Desolation, known as the strongest in the Three Regions Nine Realms. Previously, there was the Purgatory Flame Star Beast Nirvana Tribulation that happened in the northwest of the Desolate Imperial Domain, which probably had a deep relationship with the Great Emperor of Desolation. It was even rumored that the Great Emperor of Desolation had already passed through the Purgatory Flame Star Beast!

By now, all three emperors had arrived.

Seeing that so many experts had gathered, those who were not confident previously, heaved a sigh of relief. The experts gathered near the Monarch Mountain, and in front of the tombs of the ancestors, the eleven forces of the Three Regions Nine Realms, began their first alliance.

When he heard the news that all the Great Emperor of Desolation were present, the True Martial Emperor's aged voice came from the Five Elements Tower's side.

"Ying Huang, come in for a chat."

Ying Huang, this was the name of the Great Emperor of Desolation.

Long Chen had already told the Four Sword Sovereigns to keep it a secret, and most people now still did not know that the one controlling the Great Emperor of Desolation was Long Chen. After all, if the Six Great Demon Emperors were to find out about this, it would cause a lot of conflict.

Hearing the True Martial Emperor's words, Long Chen stabilized the crowd and let them make their preparations. Then, he skillfully entered the Five Elements Desolate Tower, rushed to the ninety-nine floors, and appeared in the world of the five elements.

On top of the golden mountain, a skinny old man silently sat there. He raised his head, looked at Great Emperor of Desolation with a bit of excitement in his eyes, and said: "Have you survived the great calamity that the Inferno Star Colossus is holding?"

This was the first time Long Chen saw his real body.

Therefore, he said: "It can't be considered as having completely passed through. At that time, there were some small accidents, so I can only be considered to have gone through one third, and I have a third of the power of the Sixth Stage of Nirvana Tribulation."

"Oh!" True Martial Emperor was a bit disappointed. If this fellow could completely cross through the sixth stage of the Nirvana Tribulation, then his chances of victory would be much higher tomorrow.

Just as he nodded, Long Chen said, "Monarch, I am the one controlling Great Emperor of Desolation's body. I am Long Chen."

This sentence caused the withered True Martial Emperor to gape with his mouth wide open as he looked at Long Chen in a daze. After a long while, he finally got completely infected.

Long Chen could only explain everything that had happened in the Desolate Imperial Domain clearly. He did not hide the matter regarding the nine Dao Inscriptions on the Everlasting Star and Dragon Diagram. To him, the Zhen Wu Emperor was like a master and a father figure, a senior that he respected.

"So Ying Huang is this kind of dragon devouring beast?" No wonder when he was young, he seemed to be especially interested in the Dragon Fighter, so that's why he was eventually controlled by you, you used his power to save the world, that's karma, you can also be considered to have done meritorious deeds for Ying Huang, just a child, what exactly is going on with a City Lord who has died in vain? "

To this day, no one understood why this day had come so quickly.

Long Chen only wanted to tell the details about the kitten.

Long Chen knew that even though he did this for Little Cat, it was still a great sin that led to the current situation being forced into a passive state, so he did not dare to hide anything.

"Monarch, I have done something wrong, I am unable to make up for it. Right now, I am on the road of rebirth with Little Wolf, who will lead the Nirvana Tribulation to descend, I think that both Little Wolf and I will face that Giant Thunder Beast of the Ninth Heaven at the same time. In the past, our path of survival is unique, even if we face the strongest tribulation, we will still be able to survive." Monarch, I have done something wrong, I am unable to make up for it.

Although Long Chen said it easily, True Martial Emperor knew that his side would be extremely shocking. A Giant Thunder Beast of the Ninth Heaven had already scared True Martial Emperor half to death back then, so there was no need to even mention two of them descending at once.

The True Martial Emperor sighed and said, "For the sake of brotherhood, you cannot be blamed. I also understand your difficulties. Fortunately, both you and Little Wolf have survived, so this is our greatest hope. Don't worry, I will definitely focus on surviving that Nirvana Tribulation, and even if I don't want this old life of mine, I will do my best to buy you some time. With your current talent, once you have passed through that calamity, your strength will also soar, and even the city lord who has wasted his life will not be able to obtain a true heart.

Long Chen had fought with him before, so he almost did not die.

However, this did not mean that the City Lord was truly immortal.

"Monarch, I can kill him." Long Chen said confidently with the mouth of the Great Emperor of Desolation.

Seeing the strong self-confidence in his eyes, the True Martial Emperor suddenly smiled and said, "Good. Tomorrow, I will fight alongside you!"

Chapter 1674 - Human Rights

The two of them were now the strongest warriors in the Three Regions Nine Realms.

Long Chen was very grateful that the True Martial Emperor did not blame him, and was even understanding him.

"Monarch, since it's like this, I will put more of my energy into my original body. As for Great Emperor of Desolation, I will order him to completely listen to your orders. In terms of battle prowess, if I were to control him, I might not be able to do as well as him. "

"Sure, just leave the rest of the things that you handle peacefully to us. Success or failure, we'll just forget about it."

The True Martial Emperor said.

It was not the time for either of them to be here.

The True Martial Emperor said, "If I go out, it won't even take a day before the sixth stage of Nirvana Tribulation arrives. You can leave first to pacify the hearts of others. When the City Lord comes tomorrow, I will go out to meet him. "

This old man's eyes were filled with resolution and courage.

After he came out, almost all the experts in the Three Regions Nine Realms had gathered at the bottom of the tower. The Great Emperor of Desolation could be said to be the backbone of their forces and when he came out, everyone looked at him in anticipation.

Long Chen said: "Everyone, the dead city lord is a prisoner of the Realm of the Gods, his cultivation is unfathomable, especially after he has revived, but what that makes us unable to resist is his methods of rebirth and various kind of strange curses, but this does not mean that we have no chance of winning. I also hope that the various lords can boldly, generously, and fearlessly prove to that devil that we are not easy to bully! "

They were about to face a calamity, but in reality, everyone's expression was not relaxed at all.

Only, they did not give up. The ones who were related to this battle were no longer individuals, but the existences of an entire region's races. No one wanted their Three Regions Nine Realms to become hell! This was the hatred of trillions of lives. Every martial artist's heart was filled with anger. No one was afraid of death, but the fear of death had no value!

Everyone began to discuss.

Amongst the Six Great Demon Emperors, Tun Yue said, "This is an opponent that is rarely seen in the millions of years our legacy has lasted. The enemy wants the lives of billions of my Three Regions Nine Realms's lives, so this battle, will not end until one of us dies! The Spirit Demon Race of the Great Emperor of Desolation, although everyone has their own path, but this time, we will definitely offer our unafraid of death to follow us, Monarch, and fight against the demons! "

"My Sword Soul Imperial Palace, we won't rest until we die!"

In an instant, everyone swore with red eyes.

The originally depressing atmosphere was finally set ablaze. Many martial artists that normally didn't look favorably upon each other had now formed a deep friendship. They were drinking wine and chatting merrily, waiting for the end of the world.

"Tomorrow we will not lose, moreover, we still have two new hopes of rising up. Our Three Regions Nine Realms will never lose. " Great Emperor of Desolation suddenly said.

Everyone subconsciously looked at the new Great Emperor of the Sword Soul Ling Xi. This young girl was more worried than anyone else, but she still stood quietly on the mountain peak. Looking at the Emperor Star, her eyes were firm and persistent, without a single trace of fear.

Everyone knew that the biggest hope the Great Emperor of Desolation was talking about was Long Chen who had defeated Four Sword Sovereigns alone. The speed at which the number one genius of the Three Regions Nine Realms rose up could only be described as earthshaking.

"We won't lose our homes, we won't be annihilated!"

Looking at the people around him, the undefeated faith in them gradually built and became incomparably stable.

At the same time, within the Rebirth Thunder Prison of the Eternal Hell, the terrifying Giant Thunder Beast of the Ninth Heaven descended. The size of these two Giant Thunder Beast of the Ninth Heaven far surpassed that of ordinary Giant Thunder Beast of the Ninth Heaven, and one of them in particular was even half the size of the other.

One must know that this was only the second stage of someone's Nirvana Tribulation.

This was also Mo Xiaolang's Fourth Nirvana Tribulation.

None of them had transcended the fifth stage of the Nirvana Tribulation. However, if they succeeded in overcoming it, they would all have the power to become overlords.

One day later.

At this moment, everyone was standing on top of the Monarch Mountain. Under the gazes of countless predecessors, they were all staring at the sky-high level of cultivation outside the Emperor Star Realm. Their gazes never left that direction, because they knew that their City Lord would come from that direction.

When this moment truly arrived, everyone felt as if they were suffocating. The scene was incomparably solemn. What they were afraid of was not death, but failure. Since everyone was gathered, this meant that this was the real decisive battle between the higher-ups, and also the final battle!

His only chance!

If they were defeated, their life would be in ruins.

If they were defeated, no one would be able to survive. If all the billions of lives in the Three Regions Nine Realms were to be destroyed, and if all of the legacies of the Three Regions Nine Realms were to be passed down, and they were to become dust of history, their lives would bring about an unparalleled devil.

At about noon, a stream of black smoke came down from the top of the martial path.

Those who had been laughing bitterly at each other all shut their mouths. His eyes focused heavily on the area where the black mist was. The black mist was spreading more and more until it gradually appeared before everyone's eyes.

Nearly a hundred experts had gathered together.

Great Emperor of Desolation walked to the front of the group and coldly looked at the ball of black Qi.

The ball of black Qi gradually transformed into two people. One of them was a familiar old man, Lord of the Demonic Dragon Palace, whose skin was completely black and eyes were filled with black Qi.

The woman in the middle wore a beautiful black dress embroidered with blood-red roses. Her long blue hair flowed down, and her entire body was perfect. Only one eye remained unrecovered, and the inside was still a deathly grey color.

"City Lord Bastard!"

This was the first time they had met, and this so called City Lord's death had already given them a huge shock. Firstly, his appearance was that of a perfect woman, and secondly, his appearance was that of the Lord of the Demonic Dragon Palace.

The betrayal of Ye Futu and his was a huge pain in the bottom of everyone's hearts. They never thought that the Lord of the Demonic Dragon Palace would also be like this.

Other than anger and disdain, there was no other emotion in the crowd's eyes.

"Everyone, the Lord of the Demonic Dragon Palace did not betray us, they were just forcefully controlled." Long Chen was at the most critical moment right now, but he had to explain it to them.

After all, the Lord of the Demonic Dragon Palace was a person of his respect, and he couldn't possibly be framed for the sake of the City Lord's death. It was just that Long Chen didn't care about the things that happened to Long Chen and Mo Xiaolang due to the City Lord's death, as time would prove everything.

The most tense moment had finally arrived!

They will gather together, and as soon as he arrived, he laughed out loud, "Everyone, you are all here. This is good too, I have killed all of you here, but those people outside are basically unable to resist. Let me slaughter them, and prevent me from chasing after you one by one, it's good, very good!"

His arrogant attitude made the hatred and anger in everyone's heart burn. Basically, everyone was prepared to attack.

Nearly a hundred powerhouses unleashed their terrifying Nirvana Force. At this moment, the entire Emperor Star was trembling because of them. This small universe didn't seem to be able to support enough strength for them!

The Six Great Demon Emperors, Four Sword Sovereigns, and the like all gritted their teeth at this fellow, especially the Four Sword Sovereigns and Ye Guyu, the Grand Moon Demon World.

This was a deep hatred born from the depths of the sea!

When most people saw this City Lord, they could no longer maintain their rationality.

Great Emperor of Desolation was this time's commander. He stood in front of everyone and said harshly: "Your Excellency is extremely bold and reckless, and today you should just let it go. It's not easy to be reborn again, and if you were to ruin yourself again because of greed and killing intent, it wouldn't be worth it."

He looked up and down at Great Emperor of Desolation, and taunted: "So this is Great Emperor of Desolation? What kind of weird ugliness is this? Just you, yourself, can be considered as the 10 million animals outside. After I swallowed all of your vital essence, I can roughly restore a small portion of your strength, so today, none of you can even think of escaping! "

"Today, no matter who it is, they will all die!"

He looked around and said, "That so-called True Martial Emperor, is the little thing that barged into my dead city tens of thousands of years ago and ultimately survived? Why aren't you coming out to greet me! You have this day, but I've created you! "

It was about time.

As the City Lord spoke these words, the Five Elements Clear Sky Tower rapidly shrank, disappearing into the golden fog, the red flames and the blue ocean, as well as the blue trees and the thick loess. An extremely withered old man appeared beside the Great Emperor of Desolation, and although it was impossible to describe his withered old body with words, no one present dared to look down on him.

Seeing him in such a state, the City Lord laughed, "What a stupid fellow, if you had followed me as soon as possible, you would have had an eternal body, why would you need to hide inside the Dao Artifact like today, bitterly delaying the arrival of the Nirvana Tribulation. I will give you one last chance, if you are willing to follow me, I will grant you an eternal body!"

He gently shook his head and said, "In this day and age, don't fart in front of me anymore. In my life, although I don't have much talent or ability, I still have a spine, and this is the most precious gift that my ancestors gave me. Today, Japan will be my death and also the day of my release.

This was his backbone.

Everyone was moved by True Martial Emperor's bravery and perseverance. His firm and fearless eyes were expressing a message. Today, he dared to come out of Clear Sky Tower. He had never thought that he would be able to continue living!

"You've been hiding for more than ten thousand years. Clearly, you fear death the most. However, why aren't you afraid of death today?" The City Lord was confused.

"You are not human, so you will never understand." The True Martial Emperor sneered.

Chapter 1675 - Smoke and Smoke

The word 'human nature' infuriated the City Lord.

Perhaps he was also a human before, but he was no longer, because he had already lost even the most fundamental of humanity. Human nature, on the other hand, is the boundary between man and other

creatures. In fact, why could the Monster race take human form? This was because they were more or less related to the human race. They also had human nature, but even the City Lord would not have it.

His heart was filled with desire, hatred, and conspiracy. He was a collection of evil, not a living being.

"Bullshit!" He gradually lost his patience and his ice-blue eyes swept across the crowd. In the end, they still locked onto the True Martial Emperor and he coldly said, "I'll give you fifteen minutes. Tell me where the other part of my heart went. "It is that race of life spirits. Where did they run off to? There is a limit to my patience. If in this past quarter of an hour, I will make all life on this Emperor Star become a part of my body!"

That sentence was like a cannonball, rumbling in everyone's ears.

"Ying Huang." The True Martial Emperor's eyes shined with determination as he lightly shouted out.

The Great Emperor of Desolation was currently under his control, but she had obtained a hypnotic effect on Long Chen, so she was loyal to the True Martial Emperor.

The two of them were already prepared for battle.

True Martial Emperor said, "Who knows what you are talking about? Since your greed and cruelty can't be restrained, and you are determined to destroy Three Regions Nine Realms, then, please step over our corpses! "

The aged old man was like a waning candle in the wind. However, he used a howling attitude, and his gaze was blood-red. He was impassioned, and fearlessly said those words. All of the hearts of the crowd started beating.

"Humph!" A bunch of idiots. Then I'll play with you guys. " He had yet to make a move, the Lord of the Demonic Dragon Palace behind him took the lead and rushed to the front, releasing that terrifying black color, in that instant, the Lord of the Demonic Dragon Palace soared into the sky, transforming into a purple blood dragon surrounded by black Qi, no less than tens of thousands of meters away. That pair of black purple eyes looked at everyone angrily, and within its huge body, a terrifying power was revealed.

"Spiritual Martial Force, lead two Martial Saints. Four Sword Sovereigns, Six Great Demon Emperors will take care of him first." True Martial Emperor quietly instructed.

The Sword Master Ling Wu was the only late stage fourth stage Nirvana Tribulation martial artist present and the only person who could resist the Lord of the Demonic Dragon Palace. Since the True Martial Emperor had given him this mission, he immediately accepted it.

At this moment, the Bloodviolet Dragon pounced towards the two emperors.

Behind them, Four Sword Sovereigns, the two Martial Saints, and the Six Great Demon Emperors had already surrounded the Bloodviolet Demon Dragon. In the blink of an eye, the Six Great Demon Emperors had already transformed into a beast form.

The six huge Spirit Demon Beasts charged at the front, the battle was everyone's mission, at this moment, no one retreated, the fastest Roc Demon Emperor rushed up to the clouds, forcefully attacking them, the current them had long forgotten about life and death, this kind of people, was extremely terrifying.

Tun Yue, the Golden Ape Ancestor, the Mountain Turtle, and the others launched their powerful attacks at the same time.

At the same time, Wenren Xi, Lin Junyao, and the Nine Realms's Sector lord all helped out at the same time. No matter how strong that ten-thousand-meter-long devil dragon was, under the siege of countless experts, it was instantly submerged, falling down from the sky with thousands of holes all over its body, and falling in front of the Monarch Mountain!

Four Sword Sovereigns's sword formation immediately nailed him to the ground.

Ling Xi was also not idle. Her six immortal swords were able to cause the greatest amount of damage to the evil energy in Lord of the Demonic Dragon Palace's body. When the six immortal swords slashed onto Lord of the Demonic Dragon Palace's body, the Lord of the Demonic Dragon Palace actually regained its clarity.

At this moment, no one was idle.

"Out of the way!"

Great Emperor of Desolation rushed to the front, and in that instant, he opened his mouth, transforming into a terrifying beast. She opened his mouth and swallowed the Lord of the Demonic Dragon Palace's ten thousand meters long Divine Dragon Body, and let them and Ye Futu be together.

The belly of the Dragon Swallowing Beast was like a prison. Once inside, in the illusion of a Phantom Beast, unless Long Chen, the strong primordial spirit, could not come out.

With everyone working together, the Lord of the Demonic Dragon Palace was restrained in just a short moment.

When the ten thousand meter long Divine Dragon Body disappeared, everyone subconsciously retreated. The only opponent was the city lord who had died in vain, as if he was not surprised at all by the scene before him, he laughed maniacally: "Truly a useless thing, not even half as good as Long Chen and Mo Xiaolang. If my two capable subordinates were to arrive today, just with the two of them alone, I would be able to take care of you."

He had thought that his accusation would make everyone feel grief and anger, but who would have thought that his words would not cause the slightest change in the expression of anyone. The City Lord had become angry from embarrassment, and he knew that in their eyes, the image of Long Chen had already reached an unshakeable level.

He was even afraid.

"Is this the woman that Long Chen risked his life to obtain? It was indeed special, worthy of his kind of heaven warping talent. "But unfortunately, he won't be able to enjoy it anymore ..."

He knew clearly in his heart that there was no possibility of him leaving this world alive if he fell into the path of rebirth.

Long Chen and Mo Xiaolang had long since passed.

As long as he got rid of these troublesome fellows, this world would be under his control!

"Then, let's begin! "Let's take care of these two first." The eyes of the City Lord that had wasted his life locked onto the bodies of the True Martial Emperor and the Great Emperor of Desolation.

In that instant, a terrifying, cold aura descended onto the Emperor Star. Everyone couldn't help but tremble. That peerless nightmare was now beginning to awaken before their eyes.

He raised his head suddenly. His watery blue eyes were bloodshot and tiny veins were popping out of them. They were wriggling and squirming. His perfect appearance had become so scary.

Most of the experts subconsciously took a step back.

The True Martial Emperor's eyes were grim. Any words he said were nothing but nonsense. At this moment, he decisively launched a powerful attack on the City Lord!

The might of an Emperor!

The power that he had endured for tens of thousands of years in order to pass through the Nirvana Tribulation was completely displayed like that of a Great Emperor of Desolation!

The True Martial Emperor was a rare powerhouse among the past emperors of the True Martial Imperial Palace, because he had five Dao Seals, which were the Five Elements Dao Seals, Metal, Wood, Water, Fire, and Earth. These five Dao Seals were the number of the Five Elements, and they were a perfect combination of the Five Elements array formations.

The power of the wood-attribute Dao Seal had created a steady flow of his life force. Water and fire formed massive wings behind his back, and the power of the Earth Dao Seal had perfectly fused with the power of this Emperor Star. Within this Emperor Star, the True Martial Emperor was able to display his strongest strength because he was an Emperor!

Holding the golden spear in his hand, the True Martial Emperor instantly became a Martial Saint. With the support of the wood-attribute Dao Seal, his body began to expand, from the skinny old man, it instantly expanded to over two meters long. His muscles bulged and golden energy began to condense on his body, condensing into a golden divine armor, a left hand long spear, a right pagoda, using the five elements of the Dao, he unleashed a desperate attack!

In that instant, the True Martial Emperor seemed like a god in everyone's eyes, even the aura of the Great Emperor of Desolation was overshadowed by him.

"Although I am incapable!" If you dare to kill my people and destroy my race, I will eat your flesh and drink your blood! My true Martial Emperor's dao is unstoppable and untouchable! "

As the golden spear danced in the air, the entire planet began to shake. The power of the earth began to converge onto the body of the True Martial Emperor. The power of fire and water behind him began to bring the True Martial Emperor unparalleled speed!

"Break!"

With a thrust of his spear, all the mountains and rivers were shattered!

On the other side, the Great Emperor of Desolation was flying on a dragon. On his hands and body, the phantoms of five divine dragons twined around him. When the True Martial Emperor struck, he controlled the five divine dragons to descend!

Experts were not scary. What was scary was the spirit!

In truth, to City Lord Wasteland, Great Emperor of Desolation's attack may be the strongest, but for this stubborn old man, True Martial Emperor, the terrifying willpower in her eyes caused City Lord Wasteland to have no choice but to pay full attention. Such a willpower made him think of Long Chen!

"Gates of Hell!"

"Revival Thunder Prison!"

With both of his hands, a world full of dark lightning appeared. One of them welcomed the Great Emperor of Desolation and the other was controlled by the City Lord himself as he rushed towards the True Martial Emperor!

When the power of the reborn Thunder Prison was at its peak, it would explode and the terrifying energy would form a sharp point, colliding with the True Martial Emperor's golden spear!

In that instant, the Emperor Star split open, creating a massive ravine that nearly tore a third of the circumference apart. Underneath, terrifying amounts of lava shot out. The two Emperors and City Lord Bastard were completely submerged in lava!

"Monarch!" Everyone exclaimed!

In the next moment, the True Martial Emperor soared into the sky, majestic and awe-inspiring.

In front of his eyes, the Blue method of the City Lord was flying in the wind. The look in his eyes was extremely serious.

"I didn't see that you, a person on the verge of death, still had some ability." The City Lord said in disdain.

The True Martial Emperor closed his eyes. Five-colored flames combusted from his body.

"My life is my fire! The evil demon will one day be judged righteously, and today, I will burn my life until I die in battle! "Bastard, you might be able to last until my Zhen Wu is destroyed!"

Chapter 1676 - Floating Dreams

The result of this intense battle was beyond everyone's imagination.

With the Five Elements Dao Seal, the True Martial Emperor was able to unleash the might of the Five Elements Clear Sky Pagoda. Attacking again and again, fusing together with the Emperor Star, the power he emitted was naturally incomparable.

From the fourth stage of Nirvana Tribulation to the fifth stage of Nirvana Tribulation, the transformation was tremendous!

RUU...!

Countless thick black smoke filled everyone's vision. Other than the two great emperors, no one else dared to charge forward. This was because once they did, they would be killed within a few breaths of time.

The battle between the three of them, extended from the surface of the Emperor Star to the space above.

BOOM!

The sea of fire in the Five Elements World and the river waves in the skies all appeared in the skies. The originally beautiful planet was now riddled with countless holes, and countless people watched on with tears of hatred as they clenched their fists in anger.

High up in the sky, the Great Emperor of Desolation had already transformed into her original form, which was the Dragon Swallowing Beast. That huge Dragon Swallowing Beast had blocked the city lord's frontal assault, and the True Martial Emperor had also attempted to assault and harass him. Although the two of them had never fought side by side before, they had coordinated very well this time.

However, why was the City Lord so powerful?

When the other party was at its peak, he was afraid that he was close to Long Qinglan who was almost a god. He had consumed a huge amount of energy during the eternal seal, so the strength in his body was probably not even one billionth of his original strength.

If he was in his prime, people like the Great Emperor of Desolation and the True Martial Emperor wouldn't even have the qualifications to speak to him!

He was the hegemon of the Immortal God Region for countless years!

They had fallen to this day of fighting against the experts of the lower realms.

In truth, the two great emperors had already decided that they would die, especially True Martial Emperor. Ever since he had come out of the Five Element Clear Sky Tower, it meant that the sixth stage of the Nirvana Tribulation would descend within a day!

At this moment, he was burning all of his strength.

In a blur, Long Chen could still slightly control the Great Emperor of Desolation!

That pair of huge eyes stared unwaveringly at the blue haired girl in front of him. Long Chen activated the most powerful sacred art in his Great Emperor of Desolation bloodline.

"Like a dream."

It was an elegant name, but a killing intent was hidden behind it. Great Emperor of Desolation had almost exhausted all of her energy, and at the same time, she spat out the hundreds of thousands of Phantom Beast that had accumulated in her body.

He allowed the entire space to sink into a dream-like state. In an instant, everyone felt as if they had returned to their childhood, waking up from a dream and realizing that everything they had experienced was just a dream. Their lives had yet to begin, and they had returned to countless years ago.

In reality, these effects were just like a dream.

Although the main attack was on the City Lord, most of the people were implicated.

Great Emperor of Desolation used her entire life's worth of energy to execute this move, just like how she used to deal with Long Chen back then. He once again used the Dragon Swallowing Art, and used the cost of using the vital essence to devour City Master Bastard!

After going through the sixth stage of Nirvana Tribulation, why didn't the Great Emperor of Desolation become very strong? That was because a large portion of his Nirvana Force had reached the vital essence.

This time, he once again forgot about life and death and burned it once more!

The only ones who weren't puzzled were probably the True Martial Emperor.

He finally stopped what he was doing and looked at Great Emperor of Desolation with an admiring gaze. Was this fellow trying so hard because of Long Chen, or was it because he himself was also angry?

Old friend ...

She had lived until now, but in order to fight for this battle, she had no other intentions. That feeling of missing someone, after becoming the Great Emperor of both sides, could only be hidden in the deepest part, because the two of them did not have the courage to say those words. They did not have the

persistence and courage Long Chen had, and this was the most regretful thing that happened when they were young.

To him, death was the true release and freedom. Today, he only wanted to fulfill one of his wishes!

"Let's fight Ying Huang!" We have all lived too long. We have taken over the position of Emperor, causing most of the geniuses to be unable to take the final step. Let's fight! In this world, perhaps only when we die in battle will a new Emperor be born! Perhaps these are the rules of the Heavenly Dao! "

There could only be three Great Emperors in the Three Great Imperial Domains!

This was just a guess, and no one had been able to confirm it!

In that moment, Great Emperor of Desolation released a loud angry roar, and from the roar coming out from his mouth, the entire small universe shook, with endless echoes. With a rumbling sound, the gigantic Dragon Swallowing Beast agilely pounced in the direction of the City Lord, and swallowed the Blue-haired woman who was surrounded by Phantom Beast into its stomach!

When the Phantom Beast disappeared, the illusion in everyone's eyes also disappeared.

They had returned to the real world. As they saw this world filled with smoke, all of them were in a complete mess. Only in the skies above them, the True Martial Emperor and the Great Emperor of Desolation were like two divine gods that stood upright!

These were all for the survival of mankind, the unyielding Heroic Spirits!

The Great Emperor of Desolation was already engulfed by the gray fog, and at the most critical moment, he wanted to digest the dead city lord. He crazily used the Dragon Swallowing Art and activated the power of all the Phantom Beasts, risking her life, risking everything. He was a combination of Long Chen and the Great Emperor of Desolation.

"Die!" Die! "Damn that damned thing!"

This time, the Great Emperor of Desolation did not care if she could endure or not. What he wanted was for the other party to die.

At that moment, everyone was looking at Great Emperor of Desolation with eyes full of anticipation!

In that moment, all the Great Emperor of Desolation's body burned with gray flames. All of his vital essence s were dedicated to this process, and his enormous body began to shrivel up, gradually nearing the dried corpse. However, the look in his eyes, was one of hatred and desperation.

If that was the case, he would risk his life to completely digest the determination of the City Lord, causing countless people to be moved.

Four Sword Sovereigns, Six Great Demon Emperors, etc., he discovered that standing here, was actually completely useless!

"Ying Huang!"

True Martial Emperor continuously shook his head. In his plan today, he was the only one who would die. When Great Emperor of Desolation put his life on the line, he began to feel uneasy.

"Five Elements Clear Sky Tower!"

Under his control, the nine dao patterns of the dao tools split into five parts, trapping the Great Emperor of Desolation in the center. The five parts abruptly expanded, turning into a golden mountain peak that shot into the clouds, a giant ball of fire, shrouded in green vitality, towering trees, a heavy planet, and a torrential river!

With the Great Emperor of Desolation at the center, a world-shaking array formation began to form. There were hundreds of these array formations, covering the entire Great Emperor of Desolation from top to bottom.

"Monarch, you need to use the Five Elements Demon Sealing Array?" Wenren Xi shook his head helplessly.

"He has no other choice other than death?" Lin Junyao felt very sorry for this old man.

"No, this is his long-cherished wish. Perhaps, this is something glorious, something that he desired. It is useless even if we regret or stop him. We just hope that he can realize the value that we want."

Everyone was praying that Great Emperor of Desolation would succeed!

His vitality was gradually disappearing and his body was especially pale. Only his eyes were still blood-red!

Heavy angry roars came from his mouth one after another!

Just as everyone thought that the Great Emperor of Desolation was about to succeed, a light laugh came out.

"Do you really think that I, Yin Li, the former overlord of the Immortal God Realm, would die in your hands? Even if I were naive, I wouldn't have to die to such an extent, right?"

When he finished, everyone's expressions changed.

In that instant, Great Emperor of Desolation's abdomen exploded.

A blue figure charged out from the place where his flesh and blood was flying!

In that instant, Great Emperor of Desolation let out a miserable cry.

"Two things that are about to die, don't exhaust your life. How good is it to let me devour them. And you all, no one will be able to escape today! "

He was much stronger than when he was fighting Long Chen previously. The truth was that this kind of existence's starting point far surpassed everyone in Three Regions Nine Realms, even if they were to put their lives on the line, they would not be able to do anything to him. In reality, this was very normal.

Great Emperor of Desolation transformed into her human form and fell onto the Emperor Star Realm. When everyone rushed forward, they found that he was already at her last breath.

Not only did City Lord Bai Mo Xie manage to escape, even Ye Futu, Tian Yuanzi and the Lord of the Demonic Dragon Palace managed to escape in an instant. However, they had just escaped and entered another formation!

Regardless of whether it was the arrogant City Lord Bastard, or Ye Futu and the others, they were all trapped at the first moment!

Five Elements Demon Sealing Array, activate!

In that instant, all of the five elements in the world were mobilized and gathered in the Five Elements Demon Sealing Array, trapping the City Lord, Ye Futu and the others!

"Warriors, please give me a hand!"

The True Martial Emperor had vanished. But, his resounding voice reverberated throughout the heavens and earth.

Perhaps everyone knew that he was preparing to fight to the death.

No one was unwilling to be able to contribute in the face of such a calamity. At this time, everyone rushed up to the clouds without any hesitation and gathered their Nirvana Qi into the Five Elements Demon Sealing Array!

"Today, we will grind this devil to death!"

"Burn!" My five elements energy! "

All of his power was channeled into the Five Elements Demon Sealing Array.

As the True Martial Emperor appeared in the skies, the five colored flames on his body crazily rushed upwards for over a thousand miles!

His life force was all gathered within the Five Elements Demon Sealing Array.

Behind him, the dignified and unyielding figure of the Eighteen Martial Gods represented the will to fight. If they didn't give up until the end of their lives, then they would appear just like this ...

Chapter 1677 - Five Elements Demon Sealing Array

"Five Elements Demon Sealing Array, activate!"

The True Martial Emperor realized that his own strength was not enough. If the Great Emperor of Desolation had not first trapped the City Lord, the True Martial Emperor's Five Elements Demon Sealing Array might not have been able to suppress the City Lord!

The energy of the five elements gathered and the eighteen Martial Gods' spirit and will surged with unprecedented intensity. True Martial Emperor had already unleashed eighteen Martial Gods' Possession but he was still satisfied. He burned all of his life force and gathered it into the Five Elements Demon Sealing Array.

At this moment, everyone revealed the thought of facing death with equanimity.

Hatred, hot-bloodedness, and responsibility were the heaviest things in everyone's hearts. It was also the strongest power in their hearts!

The two Martial Saints, the Four Sword Sovereigns, the Six Great Demon Emperors, the Eight Realm Sector lords, and all the warriors with Triple Nirvana Tribulation above the level of Three Regions Nine Realms were surrounding the gigantic Five Elements Demon Sealing Array and trying their best to contribute their strength!

Crazy, desperate, he was also crying.

This time, the Five Elements Demon Sealing Array was created by the True Martial Emperor with his own life. Before the Eighteen Martial Gods, there was an old man that burned with a thousand meters of five-colored flames.

This time's Five Elements Demon Sealing Array, was the first time the City Lord of Wutu City was moved!

Not only was he moved, he was also afraid and angry!

He had never thought that these ants could bring him such danger!

Right at this moment, the power of the five elements gathered on the Five Elements Demon Sealing Array, and condensed into a huge palm, reaching towards the City Lord.

This was a five-colored palm that gathered the strength of the True Martial Emperor for the rest of his life, as well as the strength that all martial artists had contributed to him!

It was also the determination of the strong warriors of the Three Regions Nine Realms!

"Die!"

The colorful palm that covered the sky stirred the wind and clouds, grabbing towards the City Lord.

Ye Futu and Tian Yuanzi laughed sinisterly. It was with great difficulty that they managed to escape, and it was a good time to show off their might. At this moment, they were all rushing towards the five coloured palm!

"With just this little ability of yours, you dare to lay your hands on my lord? You are truly a laughingstock!"

"Old man Zhen Wu, I didn't think that I would be able to survive!" Today, I will return all of your punishments to you! "You old thing, you have occupied the position of True Martial Emperor for such a long time. You should have died a long time ago. Today, you will die in the hands of my Lord!"

These two traitors actually dared to be so arrogant in front of the Five Elements Demon Sealing Array.

Their words and actions had aroused everyone's anger!

They were currently looking for a chance to escape for the City Lord. Therefore, they first wanted to make themselves the target of the Rainbow Palm, the Five Elements Demon Sealing Array might not be able to trap the City Lord.

If they were allowed this opportunity, then all their previous efforts would have been for naught!

Everyone present knew this!

They were enraged and cursed!

However, facing these two crazy people, no one could do anything. They were about to block the Rainbow Palm!

Right at this moment, the Lord of the Demonic Dragon Palace who had not moved at all rushed behind them without a word. He used all his strength to punch out twice at Tian Yuanzi and Ye Futu's bodies.

The Lord of the Demonic Dragon Palace was stronger than them, and this punch almost scattered their bodies!

Tian Yuanzi and Ye Futu fell down one after another under Lord of the Demonic Dragon Palace's sudden punch, the five colored palms flying over their bodies!

This scene caused everyone to be moved.

At this point, everyone believed that Lord of the Demonic Dragon Palace did not betray them, he was still helping them, and had played an important role. At this moment, he was releasing a crazy roar, an angry roar, like a wild beast fighting with Ye Futu to the death!

It was the sudden change in the Lord of the Demonic Dragon Palace that allowed everyone to win the chance!

That old dragon who had remained silent until now, made everyone shed tears. Everyone knew, if he wanted to defy the City Lord, what kind of battles would he have to go through!

His body had already been contaminated by the city lord's death, but his soul was still clean!

"Die!"

Everyone let out angry roars. They wanted to contribute their last bit of strength to this place. No one was afraid of death since they dared to come here. The only thing was that they were too afraid of death to be of any value!

Sword Master Ling Wu, Roc Demon Emperor, all these determined faces!

Even Ling Xi had contributed her final bit of power. Although her power of rebirth was weak, it was still superior to the pure and holy energy of a virgin.

Long Chen told her to hold on and wait for his return. He promised Long Chen, so she had to do it even if it would cost her her her her life.

Although Great Emperor of Desolation who had fallen in the middle of the Emperor Star Realm was heavily injured, she had also crawled up one step at a time.

He stood up straight and rose into the sky, looking at the people who were fighting with their lives on the line. He was using Long Chen's gaze to look at everything, he had risen to a position similar to that of the True Martial Emperor, glanced at this friend of his from the past, and saw the anger and glory in his eyes. This was a contest full of faith.

BOOM!

With the addition of the Great Emperor of Desolation, the power of the Five Elements Demon Sealing Array skyrocketed!

"My fellow countrymen of the Three Regions Nine Realms, victory or defeat will be decided in one go, for the survival of billions of lives, today, we will not rest until we die!"

"I won't rest until I die!"

With undefeatable mental fortitude, the divine force was channeled into the Five Elements Demon Sealing Array.

The Five-Colored Palm instantly grabbed the body of the City Lord. Then, it squeezed!

The City Lord who was trapped by the Five Elements Demon Sealing Array let out an earth-shattering scream. His face contorted and she had an extremely furious expression!

"Ants!" Livestock! Don't forget, you are my food! "

He was still shouting crazily!

"Food?" The True Martial Emperor laughed out loud and said, "You are no longer the hegemon of the past. At that time, I'm afraid they won't be able to kill you and imprison you until today, where you are just an ant and won't be able to dream the beautiful dream of a hegemon. The Immortal God Realm is no longer the Immortal God Realm and your light has long been submerged by history.

"Yin Li, you will be punished by the heavens! You will lose everything because in this world, anyone can fight, but you cannot fight against the heavens. Do you think that you are immortal, truly immortal?"
"No, that's the Path of Demon, not the Heavenly Dao. You have already become a devil, the Heavenly Dao will slaughter you!"

"Demon?" Under the pressure of the five-coloured palm, the body of the City Lord started to dissipate. As he resisted, he laughed out loud, "If it's a demon, then so be it! If the heavens are unfair to me, I will destroy the heavens. You ants actually dare to talk about replacing the heavens, you are truly laughable!"

"I want to break this tattered Five Elements Demon Sealing Array! "Break!"

An explosive force spread out from the City Lord's body and swept across, causing the five-colored palm to loosen up. If not for everyone's insistence, he would probably have escaped.

Everyone knew, if the City Lord was able to escape, what would he think?

It meant the death of everyone, which meant the destruction of the entire Three Regions Nine Realms.

BOOM!

In that moment, everyone forgot about everything except for one thought, and that was to not stop until one of them died! Under the strong resistance of the City Lord, everyone tried their best to instigate their own strength and contribute to the Five Elements Demon Sealing Array!

The entire little world, in the midst of the revolving Five Elements Demon Sealing Array, experienced a violent explosion.

The Emperor Star was already riddled with thousands of holes. Who knew if he would be able to regain his former beautiful appearance in this crisis?

Countless people in the Three Regions Nine Realms were crying as they felt the trembling of the Dragon Sacrifice Continent.

This was the rage and retaliation of a living creature!

"Break!"

The power of the Eighteen Martial Gods descended onto the Five Elements Demon Sealing Array, and the True Martial Emperor completely fused his own flesh and blood into the Five Elements Demon Sealing Array.

In the past, the City Master of Wutu City who stayed in the Eternal Hell was close to the fighting strength of the Sixth Stage of Nirvana Tribulation, similar to the current Great Emperor of Desolation. But now, he who had already fused with a part of his heart, was completely above the Sixth Stage of Nirvana Tribulation, and he even had a few tricks up his sleeve.

If he was able to completely fuse with his heart, he would at least be at the seventh stage of Nirvana Tribulation. At that time, no one would be able to resist him.

Once he completed his plan and swallowed all of the life forms in the Three Regions Nine Realms, his original strength would no longer be as simple as that of the Nirvana Tribulation Realm.

"A tiny ant!"

When the power of the Five-Colored Palm increased, the City Lord's body turned into dust, leaving only his head in the palm of the Five-Colored Palm.

The dawn of victory was right in front of them. Everyone was putting their lives on the line.

"Do you think you can kill me just like that?"

At this critical moment, he, who was on the verge of death, let out a mad laugh.

"That's right, you guys have surprised me greatly, just like Long Chen and the others who controlled the Hellfire Star Colossus in the Eternal Hell. I died once, and you guys also killed me this time, but I am no longer a human, and I am no longer a living being. I am a demon, and I have my own rules, my rules are, I have nine lives after all."

After saying this, he laughed maniacally.

"But, is there anyone in the Three Regions Nine Realms who can kill me nine times? If it doesn't exist, then I won't die! "

"So ..."

Just when everyone was trying their best, thinking that they could kill the City Lord, he actually said these words ...

He had nine lives. He was a true demon.

Then, why did the True Martial Emperor burn his entire life's worth of strength just to kill him!?

"Break!"

In that moment, the True Martial Emperor didn't say anything. He directly used his five colored palm and crushed the City Lord's head, turning his entire body into powder.

When the energy of the Five Elements Demon Sealing Array had completely poured out and started to collapse, everyone was completely exhausted. They fell onto the ground and stared blankly at the sky.

Did they succeed?

The time went back to a day ago.

The living Thunder Prison, the road of rebirth!

In this rapidly falling world, Long Chen found the rapidly descending Mo Xiaolang.

After a few days of rest and nurturing, they had used up a large amount of immortal spirits. They had finally recovered to their peak condition, and were beginning to get used to this world that was falling down like crazy no matter what time it took.

In the process of their recovery, Cat began to talk about his plan.

"In reality, there are many places in the Dragon Sacrifice Continent that have tunnels like this. It is said that the path of rebirth can lead to a mysterious world, but almost no one knows what world it actually leads to, and I do not have much ancient memories left over, but I remember that when the Divine Dragon flew away, there was no such thing as the path of rebirth. Many years later, when I was traveling with the Great Void Dragon Symbol, I woke up from sleep and saw a lot of things. This mysterious path of rebirth has also aroused my curiosity. "

With regards to the final battle, Cat was no longer slow, and instead spoke seriously: "Perhaps he is the other side that leads to the Dragon Sacrifice Continent, but no one can confirm that to most people, this is just an endless abyss. Those who fall in here, basically commit suicide in the midst of endless torture, turning into dried up bones, no one can leave. But I let you in because I have a way. "

"What method?" Long Chen and Mo Xiaolang asked while they recuperated.

This is something set up by the heavens. Almost no one can break through the passage of time, so even the City Lord would not dare to come in here. If it was me from back then, I might have been able to break through it. So right now, the City Lord is not worried about you at all, but what he doesn't know is that the things set up by the Heavenly Dao will only be broken in one case, and that is that the Heavenly Energy will descend and squeeze and explode it! "

"Actually, the power on the road of rebirth isn't that great, and right now, even the Dragon Sacrifice Continent is unable to withstand that amount of power. It's only because there are supreme laws and power contained within that power that makes it so terrifying, but I can guarantee that around four

times the power of the Giant Thunder Beast of the Ninth Heaven can roughly break this place apart and allow you all to return to the rebirth Thunder Prison."

At this time, Long Chen still didn't know how Cat did things.

He asked: "The method you mentioned has something to do with Giant Thunder Beast of the Ninth Heaven. Could it be that you want us to pass through the Nirvana Tribulation? Although both Little Wolf and I are close to the limit, it will probably be difficult to trigger the Giant Thunder Beast of the Ninth Heaven, right? "

Cat said mysteriously: "I have a way to let you guys face a total of Giant Thunder Beast of the Ninth Heaven."

"How is it?"

"In this Eternal Hell, I once found a type of Primordial Fire, a kind of fire of life. I never thought that fire of life could exist in this kind of dead world, and the power of the Primordial Fire is about the same as the Thunder Flame Emperor's dragon fire that Little Wolf once devoured. Although it can't bring him the same benefits as the gigantic Hellfire Beast, it can help him reach the critical point where the Giant Thunder Beast of the Ninth Heaven will fall."

"What about me?" Long Chen asked.

"You are even simpler. When his Giant Thunder Beast of the Ninth Heaven appears, as long as you provoke him, the Heavenly Dao will definitely treat you furiously. At that time, the Nirvana Tribulation will also fall, and all they need to do is to survive the Nirvana Tribulation. As long as they fight with the Giant Thunder Beast of the Ninth Heaven, their Heavenly Energy will ignite this path of survival and allow all of you to escape. "

Long Chen thought about it. This was the only way, although it was dangerous, he had no choice. Right now, the Three Regions Nine Realms was waiting for him to return.

Everyone knew that the Nirvana Tribulation was scary. Therefore, who would intentionally cause a Nirvana Tribulation to descend?

Only Long Chen had the guts to do so.

"Another benefit?" Long Chen asked.

The little kitten answered: "In this path of survival, there are all sorts of dark lightning, commonly known as yin thunder, and the Giant Thunder Beast of the Ninth Heaven that comes from the Heavenly Dao is called yang thunder. When yang thunder and yin thunder gather, they will fuse and become an even greater amount of Nirvana Qi, so there is a lot of yin lightning here. In truth, when the people of the Immortal God Realm crossed their tribulation of thunder, they would generally look for yin thunder. In the Immortal God Realm, yin thunder is an extremely valuable item. "

With regards to Cat's plan, Long Chen finally understood everything.

"Indeed, this is a very good idea!"

After what had happened, Cat was much more reliable than before.

At this moment, Cat laughed and said, "Your dad told you to go to the Immortal God Region, but you almost died in the hands of the City Lord. At this moment, Cat laughed and said, " Your dad told you to go to the Immortal God Region, but you almost died in the hands of the City Lord.

"I'll try my best to get through this." Long Chen was not one to bite off more than he could chew.

He did not underestimate the previous City Lord, the overlord of the city. Even though the tigers had fallen to the ground, he was not an easy opponent to deal with.

"This guy has nine lives. You and the wolf cub have actually already killed him once. Facing him once again and fighting to kill him once and for all, this can be considered the weakest period of his life. "

"Nine? If I can kill him once, I can kill him nine times. "

Long Chen clenched his teeth and stood up.

This was a rapidly falling world.

At this moment, Long Chen was controlling the Great Emperor of Desolation and talking with Zhen Wu Emperor.

After a while, Xiao Lang also recovered, and Long Chen explained the little cat's plan to him. Xiao Lang nodded, and said: "I didn't think that you would be so useful."

These words were said to the kitten.

After getting the approval of her old opponent, Cat said proudly: "Of course, why don't you see who the young master is? I was once a Reincarnation Godly Beast, the controller of the reincarnation cycle of life and death! I am a living god! "

There was no time to lose. Once they had fully recovered, they immediately began to prepare.

There was still one day until the city lord of Wutu City arrives at True Martial Imperial Palace.

Fighting against the City Lord would consume too much energy, and only if they fully recover would they have the confidence to deal with the Giant Thunder Beast of the Ninth Heaven.

In this rapidly falling world, Cat took out the Pure Yuan Primordial Fire from the Great Void Realm.

This was a flame that looked like a giant tree.

Mo Xiaolang transformed into a Sun Devouring Demonic Wolf and quickly devoured the Primordial Fire. After devouring part of the Inferno Star Beast, he was originally close to the next stage of Nirvana Tribulation Realm, and after devouring the Primordial Fire, he quickly digested it. Within a short period of time, he succeeded completely.

The dark green flames symbolized an extraordinary life force, burning fiercely on the wolf cub's body.

"We've reached the critical point. Very good." Cat was the main planner of the operation, so he put his hands behind his back, feeling pleased with himself, and then extended his fingers to point at the Sun Devouring Demonic Wolf.

"These two ..." In reality, when he saw Long Chen and Mo Xiaolang risking their lives for him, he had already silently shed tears.

All this time, he felt that he couldn't blend into Long Chen's and Mo Xiaolang's world, that he was an outsider to them, that he was suspicious, that he was inferior to them.

He was very clear that Long Chen had a huge responsibility on him, but Long Chen still walked in without any hesitation. Until now, he did not have the slightest bit of regret;

The three of them did not say anything, but the way they looked at each other was much more realistic than before. Since it had already happened, then let's start fighting!

That trust, that brotherly feeling of living and dying together, had tied the three of them tightly together.

"Big Brother, Cat, I'll go first!"

After saying that, the Sun Devouring Demonic Wolf began to plummet rapidly. In this world where there was no way out, his Fourth Nirvana Tribulation activated, and then the Giant Thunder Beast of the Ninth Heaven began to descend with a loud bang!

In this falling world, there was an endless void above them. And at this moment, in this endless void, a shining star suddenly appeared.

Thunder!

That star was instantly enveloped by the purple lightning!

The entire star began to shake violently and then began to explode, forming a giant beast made entirely of thunder and broken stars. This was a gigantic thunder bird, its entire body twined with electric snakes, emitting a terrifying, deafening screech!

This Giant Thunder Beast of the Ninth Heaven was like a falling meteorite, descending towards the road of rebirth.

And at this moment, the entire sky seemed to be covered by thunder.

The terrifying electric net expanded crazily, turning into countless lightning snakes, shooting out in front of Long Chen's eyes. The entire sky was instantly filled with holes.

RUU...!

Countless explosions could be heard.

Although the movement of the Giant Thunder Beast of the Ninth Heaven was not as strong as that of the Star Colossus, it was still enough to intimidate people.

"Boss, it's your turn. Go provoke this damned bird!"

The kitten chuckled.

Without saying a word, Long Chen transformed into a Divine Dragon, with a body of ten thousand meters long, he rushed towards the sky and blocked the Sun Devouring Demonic Wolf.

In the sky, the Giant Thunder Beast of the Ninth Heaven was like a falling meteor. The power of thunder had caused the path of rebirth to begin to explode!

Cat's guess was correct. Only the rules of the Heavenly Dao could destroy the rules of the Heavenly Dao.

BOOM!

After going through multiple explosions, the Giant Thunder Beast of the Ninth Heaven finally arrived in front of Long Chen!

Long Chen was not afraid in the slightest. He used Long Chen to wrap around the golden pillar that was over ten thousand meters long and threw it away. The first thing he did was to pull back the Giant Thunder Beast of the Ninth Heaven that was supposed to rush towards the Sun Devouring Demonic Wolf!

Of course, this was only the result of the Giant Thunder Beast of the Ninth Heaven looking down on him.

The actions of the dragon carriage completely enraged the Giant Thunder Beast of the Ninth Heaven.

Back then, when Mo Xiaolang had secretly devoured the power of the Inferno Star Colossus, he had been attacked by the other party.

In the sky, another star once again appeared, forming a Giant Thunder Beast of the Ninth Heaven nearly twice the size of the previous one.

Chapter 1679 - Celestial Slaughter Blood Sword

The second Giant Thunder Beast of the Ninth Heaven, compared to the first one, was almost double the size!

Long Chen dared to stop the Giant Thunder Beast of the Ninth Heaven from fighting Mo Xiaolang, adding that he was also at the critical point of his tribulation, the heavenly tribulation would soon descend. The second stage of Long Chen's Nirvana Tribulation, which was equivalent to someone else's, had arrived earlier!

The second Giant Thunder Beast of the Ninth Heaven descended with an even greater might.

Long Chen and Mo Xiaolang looked at each other, both seeing the confidence and perseverance in the other's eyes.

Long Chen turned his gigantic body and walked towards the distance, pulling some distance between him and the Sun Devouring Demonic Wolf. The second Giant Thunder Beast of the Ninth Heaven rushed towards him.

And the Giant Thunder Beast of the Ninth Heaven that Long Chen had drawn already belonged to Mo Xiaolang's Nirvana Tribulation. His opponent was Mo Xiaolang, so he began to launch an astonishing attack at Mo Xiaolang with his terrifying body.

Because the Giant Thunder Beast of the Ninth Heaven's body was enormous, the terror of the opponent Long Chen faced was also almost double that of Mo Xiaolang's!

The Thunderbolt Divine Bird flapped its wings, its speed was fast enough to launch an attack. As it flapped its wings, a sky full of purple lightning bolts shot towards Long Chen.

Mo Xiaolang's Giant Thunder Beast of the Ninth Heaven, were practically twice as strong as ordinary people!

And Long Chen's Giant Thunder Beast of the Ninth Heaven, was four times closer to the strength of True Martial Emperor and the others!

The reason for such a situation was due to their strength, as well as their talent.

Long Chen had already sensed that this was only his second stage of Nirvana Tribulation, the second stage of Nirvana Tribulation was already four times stronger than the others. If that was the case, then in the future, even if he possessed the bloodline of an Ancestral Dragon, his power would become stronger and stronger.

Of course, he did not have to worry about this right now, because the City Lord's death was a huge tribulation in his life!

When the millions of lightning bolts descended, Long Chen already had no way to care whether the Sun Devouring Demonic Wolf could pass through this hurdle. He could only start to deal with it wholeheartedly, if he could not even pass through this Nirvana Tribulation, how could he care about it?

Everyone was waiting for him. How could he release this heavy pressure? How could he face those who trusted him?

Ling Xi, Yang Lingqing, True Martial Emperor, etc.

In fact, the entire Three Regions Nine Realms's future, was in his own hands.

The gigantic body of an Ancestral Dragon hovered in the clouds. Facing the oncoming lightning and the frightening lightning divine bird, Long Chen revealed a frenzied battle intent.

If the Giant Thunder Beast of the Ninth Heaven were to clash with the yin lightning on the path of life, it would melt and transform into a large amount of Nirvana Qi which was devoured by Long Chen.

In an instant, the figures of the Divine Dragon and Thunderclap Divine Bird intersected with each other, stirring up a storm.

Long Chen was very powerful. He did not take on the Giant Thunder Beast of the Ninth Heaven, but chose to attack with force!

The power of the Golden Demon Suppressing Pillar was completely released!

"Golden Devil Slayer Formation!"

The ninety-nine golden demonic pillars descended from the sky, binding the Giant Thunder Beast of the Ninth Heaven. The Giant Thunder Beast of the Ninth Heaven's body was even larger than Long Chen!

But the moment he trapped the Giant Thunder Beast of the Ninth Heaven, Long Chen rushed forward. Dragon Claw, Dragon Tooth, and Dragon Tail; all of them struck at the gigantic beast formed entirely from purple lightning!

The lightning that formed the Giant Thunder Beast of the Ninth Heaven, was called the Purple Thunder of the Ninth Heaven, it was the lightning that came from inside the stars, and it was extremely violent. Under the bombardment of the Purple Thunder of the Ninth Heaven, it was unknown how many warriors died, but the resistance of Long Chen's Ancestral Dragon body to lightning was extremely strong. In addition, Long Chen had already fought to the point of going crazy, so his responsibility was too heavy.

The Giant Thunder Beast of the Ninth Heaven that was suppressed by the Golden Suppressing Demon Pillar didn't even have a chance to retaliate, allowing Long Chen to cry out in pain as he fought with the Divine Dragon Body. After his battle with the City Lord, Long Chen's chances of learning how to kill became greater and greater as he comprehended more and more from his battle, and the True Martial Emperor's Soul that the City Lord had abandoned to become his Dao Seal became Long Chen's textbook on the way of battle. Although it was different from the way of killing, it was still very helpful.

Up till now, Long Chen had already comprehended even the first moment of immobility in the Way of Time, while he was slightly behind on the way of killing.

He did not intentionally ponder on the path of slaughter, but whenever he fought, he would gain some insights and would suddenly attack. For example, Long Chen was currently in a life-and-death battle with this Giant Thunder Beast of the Ninth Heaven!

This gigantic beast from the starry sky had triggered the anger in Long Chen's heart, so he became berserk, went berserk, and became a killing machine!

The Giant Thunder Beast of the Ninth Heaven was not so easy to deal with, he broke free from the Golden Demon Suppressing Pillar and was struck by lightning. Countless Nine Clouds of purple lightning surrounded Long Chen, and a large amount of lightning shot out from Long Chen's blood-red scales, causing Long Chen's entire body to be in a paralyzed state!

The Giant Thunder Beast of the Ninth Heaven flapped its wings and instantly rushed behind Long Chen. Its sharp bird claws pierced towards Long Chen's back.

"Seven inches? Do you take me for a snake? "

Long Chen let out an angry roar, the massive Dragon Tail that was filled with power swept out, directly striking the Giant Thunder Beast of the Ninth Heaven, and sent it flying. The 99 Gold Suppressing Demon Pillars formed a gigantic golden Demon Pillar that was over 10,000 metres long in front of Long Chen, and Long Chen used the Dragon Tail to sweep the golden Demon Pillar, launching the most berserk attack towards the Giant Thunder Beast of the Ninth Heaven!

"Flaming Dragon Formation!"

In that short moment, Long Chen struck the Giant Thunder Beast of the Ninth Heaven's body tens of thousands of times, dispersing a large portion of its power. Long Chen rushed forward and absorbed it all!

During this battle, the road of rebirth became riddled with holes, on the verge of collapse. Every time the Giant Thunder Beast of the Ninth Heaven moved, it would cause huge damage to the road of rebirth!

"Break!"

Long Chen's golden demonic pillar swept towards the Giant Thunder Beast of the Ninth Heaven's head and instantly swept its head away. Long Chen rushed forward, opened his mouth and swallowed the huge head into his stomach!

It was not that the Giant Thunder Beast of the Ninth Heaven Long Chen was facing was not strong, but rather that there were too many dark lightning beasts here. The Giant Thunder Beast of the Ninth Heaven's energy consumption was too great, and all of them were being absorbed by Long Chen, which

meant that Long Chen possessed an endless amount of fighting strength, and his own fighting strength was also extremely strong!

Previously, when he was fighting against City Lord Wasteland, Long Chen had actually gotten very close to him.

RUU...!

Explosions sounded continuously on the path of rebirth.

The kitten among the God Nation looked at Long Chen first, then at Mo Xiaolang, and could not help but mutter: "These two bastards, after beating the Giant Thunder Beast of the Ninth Heaven to such a state, and the coming Nirvana Tribulation, such as that Purgatory Flame Star Colossus, will definitely take revenge for the Giant Thunder Beast of the Ninth Heaven. However, to be able to bully the Nirvana Tribulation to such an extent, I can only say that they are really crazy."

Although the Sun Devouring Demonic Wolf were not as berserk as Long Chen, they were slightly weaker, making it much easier to deal with them.

The Giant Thunder Beast of the Ninth Heaven that had its head destroyed by Long Chen released a roar that shook heaven and earth, and its head grew back out. They were not real life, but a manifestation of the Nirvana Tribulation.

A new round of battle had begun once again!

After all, everyone was waiting for him. But the Giant Thunder Beast of the Ninth Heaven was really too strong, and with Long Chen's craziness, he had also fought with the Giant Thunder Beast of the Ninth Heaven for almost half a day before finally absorbing half of it into his body, not even having the time to digest it!

"It's time!"

At this point, Long Chen was certain that he would definitely be able to pass through the second stage of Nirvana Tribulation. Soon enough, he would be a warrior of the second stage of Nirvana Tribulation.

Long Chen was gradually searching for a way out while shuttling back and forth on the road of rebirth that was filled with thousands of holes.

The divine dragon that was hidden in the blood-red clouds suddenly became illusory.

The Giant Thunder Beast of the Ninth Heaven attacked again, and the entire world was covered by its lightning.

"Eternal!"

The illusory Divine Dragon was the body of a Great Void Cosmic Dragon. When this move was used, not only the Giant Thunder Beast of the Ninth Heaven by Long Chen's side, even its opponent had become completely motionless at this moment, unable to move at all.

This moment of eternity, was indeed much stronger than that of the illusory bubble. This was also Long Chen's improvement in the path of time! Of course, he had yet to reach the end of his research. He had only opened up a new path, and the power of this dream-like bubble was still quite astonishing.

Slaughter!

The way of battle was inextricably linked to the way of slaughter. Long Chen had not done it intentionally, but this time, in his battle against the heavenly dao, he had awakened a part of the Primordial Blood Spirit Dragon's bloodline might.

When the other party was frozen for an instant, Long Chen once again transformed into the Primordial Blood Spirit Dragon. However, at this moment, among the billions of dragon scales, countless Ancient Symbols lit up.

This was the dragon's scale at the very end of the Divine Dragon Body.

Long Chen was enlightened, in his mind, a blood red godly sword rose up from the sky, cleaving the sky into two!

That blood colored divine sword was Long Chen's current dragon tail.

This move is called

"Heavenly Slaughter Blood Sword!"

Chapter 1680 - The Path to Return

The Heavenly Slaughter Blood Sword contained an unyielding killing intent. This unyielding will focused on all forms of suppression. When the Giant Thunder Beast of the Ninth Heaven's suppression descended, Long Chen stopped it in its tracks for an instant and then released the Heavenly Slaughter Blood Sword!

A bloody shadow of an enormous sword suddenly appeared on the bloody dragon's tail. This sword was filled with ancient runes and it wrapped around the Primordial Blood Spirit Dragon's tail. Furthermore, the sword had a range of several thousand meters!

A blood colored sword that was almost 8000 meters long, with dense ancient killing runes surrounding it, appearing out of thin air, compared to the Slaughter Dragon Seal, the Heavenly Slaughter Blood Sword was much more terrifying. The Slaughter Dragon Seal was a bloody world, and the Heavenly Slaughter Blood Sword's killing intent, which came from the ancient killing runes, was close to ten times stronger than the Slaughter Dragon Seal!

This was the Killing technique from the Primordial Blood Spirit Dragon. It was awakened by Long Chen's Killing Dao Seal and was successfully used by him!

The Heaven Slaughter Blood Sword moved!

Long Chen seemed to be using the tail of a normal divine dragon, but the power was unprecedented. When the divine dragon waved its tail, the Heavenly Slaughter Blood Sword shot out an extremely terrifying slaughter god's light, all the ancient slaughter symbols converged onto the edge of the sword, forming a sharp and shocking reverse thrust!

An instant of eternal life and the Heavenly Slaughter Blood Sword, it could be said to be the perfect combination!

The Heavenly Slaughter Blood Sword moved, although it was not the power of the Heavenly Dao, it caused the last part of the path of life to collapse, and the entire falling world started to explode. With Long Chen's move, he completely split the path of life to two!

The Heavenly Slaughter Blood Sword covered in ancient runes came down from the sky, slashing the Giant Thunder Beast of the Ninth Heaven in half!

This Giant Thunder Beast of the Ninth Heaven completely crumbled in front of Long Chen!

All of the lightning energy, under the conversion of the heavens, transformed into Nirvana Power, a huge amount of Nirvana power was absorbed by Long Chen into his body. His strength, everything about him changed, it increased explosively, this was the first time he was reincarnated as an Ancestral Dragon!

The tiny baby dragon from before began to grow up one step at a time.

No matter how strong a being was, it would not be too exaggerated when they were just born. But as long as they passed through the second stage of Nirvana Tribulation, Long Chen would be like a baby that had just started to grow, and his potential would be completely revealed. He would become more and more powerful and terrifying, and his rate and degree of growth would soon surpass all other living beings!

Why is it that he is a dragon, and can't even defeat the city lord?

First of all, the City Lord has become the previous hegemon of the Immortal God Realm!

Secondly, tigers are powerful, but can a tiger that was not even born for a day tear a rabbit apart?

Beneath the effects of the Heavenly Slaughter Blood Sword, all of the Giant Thunder Beast of the Ninth Heaven disappeared and the road of rebirth exploded. When the entire world exploded, Long Chen saw the rebirth Thunder Prison in the sky!

They were free!

Long Chen dispersed the Heavenly Slaughter Blood Sword on the dragon's tail, and then, as it swept down, he completely devoured all of his own Nirvana Power. He needed a certain amount of time to digest this!

With his help, the Sun Devouring Demonic Wolf was frozen in place by Long Chen in an instant. It was even easier for him when Long Chen finished the job and absorbed all of its power.

"You two bastards, quickly enter my Great Void Realm. I'll bring you guys there to speed up your journey! On this journey, you can properly refine the power of the heavenly tribulation and rebirth! "

The kitten was already prepared.

Right now, there was only half a day left to the time set by the City Lord, and he had already rushed to the True Martial Imperial Palace.

"You have a way to leave the rebirth Thunder Prison?" Long Chen asked in the end.

"Of course, this is that guy's previous divine country. If you fell onto this road of rebirth, you guys would even be able to break it. Are you still worried that this rebirth Thunder Prison will not be able to break it?"

Like this, Long Chen calmed down and stayed in the Great Void Realm with Mo Xiaolang, digesting the energy he had gained from the Nirvana Tribulation. Time was not wasted even a single moment.

Before he closed his eyes, Long Chen thought of the people atop the Emperor Star, who were in a state of panic.

Since he had already completed the most important step, Long Chen himself was unable to estimate how powerful he was. The four times power of Nirvana Tribulation was equivalent to the late stage of the fifth stage of the Nirvana Tribulation. Once he was completely transformed, Long Chen's power of Nirvana would be around the same as the True Martial Emperor and the others.

According to the knowledge of the Three Regions Nine Realms, even though there were five stages of Nirvana Tribulation, they were already part of the Emperor's power.

Therefore, when they truly succeeded, Long Chen and Mo Xiaolang would have the strength of two great emperors!

But in truth, the two of them would be stronger than the True Martial Emperor and the Great Emperor of Desolation!

The power of rebirth was already this terrifying. Adding Long Chen's technique that belonged to the divine dragon and the body of the Ancestral Dragon, his strength had once again undergone transformation and explosively increased strength!

Under the hardship of battle, Long Chen had repeatedly failed, but at this moment, he finally welcomed the moment of reversal.

"I only hope that they can persevere until my arrival, especially Little Xi."

Long Chen was most worried about her, because he was afraid that the City Master would die in vain because of his relationship with him, especially against her.

Luckily Long Chen was still controlling the Great Emperor of Desolation, and knew the situation there, the City Lord had not arrived.

He began to close his eyes and digest everything.

The moment he opened his eyes was the time for him to take revenge!

Hatred and anger were about to be unleashed at the last moment!

With less than half a day left, Cat could be said to have used all of her skills, displaying all of her speed.

And amongst the Great Void Realm, Long Chen also knew that time was of the essence, so he worked even harder to digest the vast power within his body. Under the stimulation of the Nirvana Power, his physical body and primordial spirit both underwent a kind of terrifying leap forward.

Was the Ancestral Dragon strong or not?

Long Chen had just passed through the Nirvana Tribulation, like a young dragon on the first day of its life. He could already defeat a late stage fourth stage Nirvana Tribulation martial artist. When he crossed the second stage of Nirvana Tribulation, he digested four times the Nirvana Power of the Giant Thunder Beast of the Ninth Heaven. In the process of destruction and rebirth, his body expanded, his primordial spirit soared, and the fighting strength he formed was simply limitless!

However, no matter how strong he was, if he couldn't make it in time, he would regret it for the rest of his life. He had to finish this transformation as soon as possible and travel in place of Cat!

"I hope they can hold out for a while longer!"

Above the Emperor Star.

The Five Elements Demon Sealing Array had completely disappeared, and everyone collapsed onto the ground after exhausting almost all of their energy.

In the sky, the black smoke dissipated, leaving Lord of the Demonic Dragon Palace and Tian Yuanzi alone in the middle of the battle. However, when they saw that City Master Bai Mo Xie had disappeared, they stopped what they were doing and started laughing maniacally.

"Is this old dog finally dead?"

Everyone looked up and searched. This time, the power of the Five Elements Demon Sealing Array was extraordinary, almost gathering all the power of the Three Regions Nine Realms. No one believed that the City Lord would still be able to live after his death!

They sat cross-legged on the ground, closed their eyes, and entered a state of false death. It was already extremely difficult to recover their combat strength, and even Great Emperor of Desolation's body was rapidly aging, turning into a skinny and ugly old man.

Everyone stood up and looked around in surprise.

Right at this moment, Ye Futu laughed out loud: "Truly a group of fools. We were all created by Master, if Master dies, then we are all dead too. Can't you see how obvious it is? "

Upon hearing these words, everyone's expression changed once more.

As they turned their heads to look at the True Martial Emperor and Great Emperor of Desolation, they saw that on the emperors' skinny faces, there were actually bloodshed tears of blood.

"He's not dead yet?"

Everyone did not know that this City Master Bai Mo possessed nine lives. This time, the True Martial Emperor had indeed killed him, but with Long Chen's previous massacre, he still had seven lives.

Even if he managed to survive, he had lost another life. He could not help but feel infuriated and go crazy. Under the incredulous gazes of the crowd, the fragments in the sky formed the complete form of the City Lord.

Defeat!

No wonder the True Martial Emperor had shed blood and shed tears.

They had used up all of their strength, but the result was still the same.

Everyone felt incredibly frustrated. Under these circumstances, most people would lose their faith.

"I've changed my mind." The City Lord's voice became especially cold as he looked down at the crowd below.

"I won't kill any one of you, but I will make all of you my subordinates. I will let you personally become my subordinates so that you can conquer this Three Regions Nine Realms and kill all the living creatures. You have angered me. That way, your expressions will definitely be very interesting! "

After he finished speaking, the City Lord didn't care about the looks on everyone's faces, and started to laugh loudly.

He extended a finger and pointed out. Lord of the Demonic Dragon Palace was forcefully pulled to the front of the City Lord's eyes under his restraints.

"It seems like your modifications are not enough."

He opened a hell and threw the Lord of the Demonic Dragon Palace inside.

"Bastard, once Long Chen returns, you will definitely die a horrible death!" Lord of the Demonic Dragon Palace was not afraid, he was just sneering coldly, the hatred in his eyes caused even the City Lord of Wutu City to tremble.

"Long Chen? The guy who will never return from the road of rebirth? " The City Lord laughed even louder.

Everyone could clearly see that the Lord of the Demonic Dragon Palace was rolling in one of the hells, as countless black qi stained his body, invading his flesh and blood, causing his entire being to once again change in the direction of the ghost.

"He's the first. Who's next?" City Lord Bastard looked around, and finally his gaze landed on Ling Xi.
