

## War God 1681

### Chapter 1681 - Magic Barriers to the Sky

Last time, Ling Xi had contributed a lot of power to the Five Elements Demon Sealing Array.

When the devil looked at her viciously, she knew that he was planning something. Ling Xi was not afraid of him. She had promised Long Chen that she would support him until the time he arrived.

"I heard that your Nirvana Power can break my curse?" He waved his hand and in an instant, eight Ghost Kings appeared behind him. Adding Ye Futu, Ye Futu and the remodelled Lord of the Demonic Dragon Palace, he had a total of eleven people.

Those Spirit Kings that had been devoured by the Great Emperor of Desolation all reappeared.

Their lives had been given to them by the city lord's curse. As long as the city lord was not dead, they would not die.

Previously, it could only be considered that the Great Emperor of Desolation had imprisoned them.

He gave these sword pills to eleven of his subordinates, and then said to Ling Xi: "Your Nirvana Power is actually able to break my curse, then I will distribute the Three Regions Nine Realms among them. Other than the Ancient Spirit Realm, it just happens to be enough for eleven people to plant a demon tree in every place, I really want to see, how you are going to save the entire Three Regions Nine Realms, the billions of people here. Even if you have been cultivating for a lifetime, you don't have that much Nirvana Power, right? Haha, why don't you save it for me? "

After being killed once more, the City Lord's anger had reached its peak. He was someone with a heavy heart for revenge. At this moment, he wanted them to suffer the most grievous vengeance!

"All eleven of you, head to Three Regions Nine Realms apart from Ancient Spirit Realm and plant the demon tree. Prepare a feast for the billions of lives for your master. Go quickly!"

The City Lord's goal was not only to kill nearly a hundred of the strongest experts present, but also to destroy the entire Three Regions Nine Realms!

When they heard the news that he had started to make a move on the civilians, everyone went crazy, other than the True Martial Emperor and Great Emperor of Desolation who were close to death, everyone else stood up, ignoring their injuries, and rushed towards the Spirit King who was about to leave to stop him. If they succeeded and they themselves were trapped here, then Three Regions Nine Realms was truly finished!

"All of you, stay here obediently."

He opened his mouth and spat out a gust of black tornado, causing everyone to fall to the ground. Just at this time, the eleven Spirit Kings had already escaped from the Di Xing and were heading towards Three Regions Nine Realms!

This calamity had finally spread from the True Martial Imperial Palace to other places.

Was he finally going to suffer a crushing defeat?

When everyone realized that besides the Great Emperor of Desolation and the True Martial Emperor, they did not have the ability to resist at all. They had all lost hope because this was simply not a contest between people of the same level.

Everyone looked at each other. Although there was still hatred and fury, there was also a feeling of powerlessness!

This feeling of powerlessness was like a huge mountain pressing down on top of his head.

"All of your life forms are in my hands, all of you are about to become like the ten great Spirit Kings, bringing the seeds of demon tree I gave you all with you as you head to the Three Regions Nine Realms. Nearly a hundred strong warriors can plant my demon tree all over the Three Regions Nine Realms, and when that happens, our food will be everywhere! You despise me, but when you realize that swallowing their life force can strengthen your bodies, they will go crazy, and human nature will be like that."

"Then, we should start from you, Long Chen's little woman." With a sinister smile, the beautiful and beautiful City Master Bu Ya pointed his slender and long finger at Ling Xi.

"Come here!"

As his fingers lightly hooked up with each other, Ling Xi suddenly felt a huge power descending.

"Xi Er!" Sword Master Ling Wu and the rest were shocked, and immediately blocked in front of Ling Xi to resist. But at this time, the City Lord of Wutong waved his other hand, and the demonic barrier, which was previously protecting the demon tree, trapped everyone on top of the Emperor Star. The toughness of the demonic barrier was beyond their imagination, and even Sword Master Ling Wu was unable to break through while using the Astral Refining Swords to wield the six Emperor Swords!

Amidst the strong pull of the City Lord, Ling Xi was the only one who rushed out from within the demon barrier.

"Xi Er!" Sword Master Ling Wu's eyes were bloodshot. This was not only a matter of the Sword Soul Imperial Palace, everyone was frantically attacking the demon barrier, aimed straight at a certain point, but unfortunately, the strength of City Lord was over them, no matter how much strength they expended, they were unable to break through the demon barrier!

"Daddy!" Sword Master Ling Wu, who had turned malevolent and crazy in the midst of the devilish barrier, caused Ling Xi to cry inwardly. Her father had always deeply loved her, but he just didn't want to express it with his personality. With a husband like Long Chen, and a complete family, she felt that he could die with no regrets.

As she was approaching City Lord Wa, Ling Xi's expression was firm and resolute, she decisively took out the six immortal swords, transforming into a fairy in the sky, slashing down her sword, the snow white sword light produced a dreamlike light, instantly striking City Lord Wa!

"An insignificant skill." He extended his hand out to grab at Ling Xi's Sword Qi. In the intense clash, the Sword Qi struck on the City Lord's palm, with a loud explosion, she retreated a few steps, to her astonishment, she discovered that there was white smoke emerging from his palm, his palm had already been mostly corroded!

"Can you really restrain my strength? This seems to belong to a god's bloodline!" City Master Bastard looked at Ling Xi with greedy eyes. He licked his tongue and said: "If I were to swallow you, to what extent would my strength recover?"

At that moment, his eyes became incomparably excited.

Ling Xi rose into the air, and at that moment, her entire body was enveloped in a snow-white brilliance. Inside her long skirt, under her clothes, on her snow-white back, a Nine-coloured Hu Butterfly pattern suddenly appeared, covering her back. This was an incomparably beautiful butterfly that perfectly matched with Ling Xi.

"Die" Ling Xi never knew that the Nine Hell Illusory Butterfly would actually exist in her body in such a form.

"Big sister, big sister, this scoundrel really pissed Die'er off!" I want to deal with him! " The Nine Hell Illusory Butterfly danced around Ling Xi. The beautiful fairy and the beautiful Nine-coloured Butterfly formed a beautiful picture.

"This is ..." Even the City Lord's memories were blurry, he was unable to identify this Nine Hell Illusory Butterfly.

At this time, Ling Xi was silently praying, "Brother Chen, I can only use up the last of my strength. "Xiao Xi can help too!"

She turned her head to look at Great Emperor of Desolation, only to see that she had almost lost her life force.

The man and the butterfly rushed towards the city lord of a dead city, fighting for their lives without any hesitation.

She was not afraid that this was an egg striking a rock.

The other party had already locked onto her, she could not be weak, could not be afraid, bravely move forward, fearless. This was all given to her by Long Chen!

From today onwards, Ling Xi would no longer be the Ling Xi of the past!

She channeled her hatred and rage into the six Immortal swords, gathering all the power in her body.

"Sister! Let me confuse him! "

This was the most proficient illusion in the world, an ancient variant of the world. It was even stronger than a Dragon Devouring Beast, and when this illusion technique was used, the sneering City Master immediately lost sight of Ling Xi!

Hiss!

The white sword light flashed, and before the City Lord could dodge, it descended from the sky. The six Immortal swords formed a world of six, and three of the six sword lights pierced through the City Lord's body!

This was the result of the Nine Hell Illusory Butterfly. If not, Ling Xi wouldn't have been able to hit her opponent!

The city lord of death let out an earth-shattering scream. Under the attacks of the six celestial swords, white smoke came out of his body and a large amount of his flesh was burnt.

This was out of the City Lord's expectation!

He was the hegemon back then, but when he came to this Emperor Star, he had underestimated his opponent. He had been killed by the Great Emperor of Desolation and the True Martial Emperor together, yet now, he was actually injured by a little girl who only had Triple Nirvana Tribulation?

To him, this was an extraordinary shame and humiliation!

"He's forcing me!"

Condemning death's city lord let out a terrifying roar, and within the demonic domain, everyone watched in shock.

With an abnormally fast speed, he chased after Ling Xi, and that palm instantly grabbed onto Ling Xi's white neck.

"Little girl, I'm going to tear your life apart!" The City Master's sinister eyes stopped less than ten centimeters away from Ling Xi's eyes.

"Are you afraid of me?" Despite the opponent's strong force, Ling Xi remained calm and collected. Clenching his teeth, he said those words.

As he was about to laugh, he suddenly felt a sharp pain from behind him. Turning his head around, he saw that the other Ling Xi, who was using six Immortal Swords, was piercing into the heart of the City Lord. However, the Ling Xi in his hands, was quickly dissipating.

The illusion of the Nine Hell Illusory Butterfly could be said to have reached the pinnacle!

The pain of six Immortal swords piercing through the heart and causing the City Lord to suffer could not be described with words.

He roared like a wild beast, and before Ling Xi could take out the six swords, he threw a backhand punch at the Emperor Star, and this time, he truly struck it. Although Ling Xi had the help of the Nine Hell Illusory Butterfly and the six Immortal Swords, the difference in strength between him and the City Lord was simply too great.

With just a simple punch from City Master Wutong, it had brought about a devastating blow to Ling Xi.

The corner of her mouth was already bleeding, but she still gritted her teeth and stood up. Her tenacious gaze was fixated on the City Lord, and did not reveal the slightest hint of fear.

The City Lord had fallen right in front of her eyes.

Without saying a word, he extended his hand out towards Ling Xi's head and grabbed it.

"This time, I want to see who else can save you." The sinister voice of the City Lord made everyone's hair stand on end.

Chapter 1682 - Waiting Together

Death.

To Ling Xi, it was actually true that she had already been prepared that time in the Sword Soul Imperial Palace, but Long Chen's performance that day was even more powerful than what she had expected.

To her, the greatest wish of her life had already been fulfilled. She also wanted to be able to go on like this forever with Long Chen. However, if there were some things that couldn't be avoided, she could only choose to compromise.

It was just like how, at this moment, she was completely powerless to face this City Lord who had died in vain.

She hoped that Long Chen's figure would come out from that place. She really wished that she didn't want to die, and she would resist at all times, trying her best. But at this time, the injuries on her body had already become so serious that it made her lose her consciousness.

Long Chen had always been protecting Ling Xi. If he were to know that City Master Bai Mo actually injured Ling Xi, how terrifying would his fury be?

Ling Xi really wanted to see the last of him, but she realized that she wouldn't have the chance.

Her snow-white dress was stained with a lot of blood and mud, and her hair was in a mess. However, this was still unable to hide her soul-stirring beauty, nor the sparkling and translucent spirit energy in her eyes. The six Immortal swords stabbed into the ground, supporting her body.

"Ling Xi!" Sword Master Ling Wu's eyes were blood-red, his tears streaming down his face. His entire being was in a crazed state, his Astral Refining Sword slashed at the demonic barrier time and time again, but the demonic barrier was still as strong as ever. As the father, how could he bear watching his daughter's head be crushed like this?

She should have been a happy person.

At this moment, Sword Master Ling Wu's heart was about to break.

Just at this moment, the City Lord of Bandits covered Ling Xi's face with his palm. His fingers were also slender and fair, like a work of art, but in reality, it was the claws of a demon.

"I want to turn your face into the ugliest thing in the world." The City Lord laughed sinisterly.

Time seemed to stop at this moment.

Ling Xi vaguely retreated a few steps back as she was caught by the City Lord.

"Brother Chen might not like me crying, so even if I die, I should still smile. When he comes back and sees me, won't he be too sad?" Ling Xi comforted herself in her heart.

She was a very foolish woman, and in the entire world, only Long Chen was left. It was precisely because of this that Long Chen treated her as a treasure and protected her.

"Dealing with a girl like this, don't you think you're so despicable that you're intolerable?"

At this moment, an indifferent voice sounded from behind the City Lord.

Who was so close that he didn't even notice?

The City Lord released his grip and turned around in shock.

Opportunity!

The mysterious voice gave her a chance to live. At the start, she thought that Long Chen had arrived, but if it was Long Chen, he would not be able to say anything in such a calm manner. Furthermore, the words just now, were clearly said by a girl.

Everyone stared at the mysterious newcomer in a daze.

She directly appeared from the darkness, her entire body enveloped in darkness, it was hard to see her clearly, but she could feel her alluring appearance. Compared to Ling Xi, her temperament was extremely cold, making people shiver.

"Goddess of Darkness?" Amongst the crowd, Palace Head Han Wu and the others had seen the sculpture of the Dark Goddess that Long Chen had displayed.

When he saw this woman, he subconsciously said it out loud.

And Ling Xi recognized her at a glance.

"xuanji sister!"

She was also the one who made Ling Xi feel the most guilty of all. After all, she was someone who was extremely infatuated with Long Chen, and had helped him many times.

That's right, the one who had come was none other than Li Xuanji.

Seeing the beautiful and cold lady who was enveloped in darkness, the City Lord laughed mockingly and said, "A mere two. You merely have a pretty decent concealment technique, yet you dare to show your face in front of me? "

Li Xuanji didn't answer him. She moved in front of Ling Xi and gently helped him up.

Seeing the beautiful woman shrouded in darkness, the tears in Ling Xi's eyes finally flowed down in disappointment.

"Did he not protect you well?" Li Xuanji said softly.

"He is trapped and is rushing back. He should be back soon. I believe him. " Ling Xi said with certainty.

"That's good. Although my strength is still lacking, I will still accompany you and wait for him." Li Xuanji revealed a smile that made others feel extremely comfortable.

At this moment of life or death, the awkwardness and embarrassment he had thought he had had vanished like smoke in thin air.

That words of "wait together" made Ling Xi a little jealous in her heart, but at this moment, she tossed aside everything else, held onto Li Xuanji's cold palm, and then nodded heavily.

She did not hate her in the slightest, nor did she feel pity for her. It was just that the matter of love was very complicated, and she did not know how to deal with such a relationship. What would happen in the end would all depend on Long Chen's thoughts.

Also, Li Xuanji might not even want to stay by Long Chen's side. Ling Xi and Li Xuanji were two different people, one was dependent on the other for life and death, and the other was estranged from him.

However, when they were in danger, they would still stand together to face it.

From Li Xuanji's hands, Ling Xi could feel the power of her spirit that caused her to regain her spirits.

"I've been watching you. You were very brave just now. He will be very pleased. " Li Xuanji looked at the City Lord of Wutu City who was approaching coldly, and said to Ling Xi softly.

"Mn." Ling Xi lightly nodded.

Even if Li Xuanji appeared, it wouldn't be able to stop the City Lord's killing intent.

He scrutinized the two of them and finally laughed, "You two seem to be women who had some sort of relationship with that little guy? "I am obviously jealous and resentful of him and wish that I could kill him and take Long Chen for myself. But now, you guys are pretending to be good sisters. Your human nature is truly hilarious."

"An animal without humanity, what qualifications do you have to talk about humanity?" Li Xuanji coldly stared at the other party, and spoke word for word.

"A sharp tongue. No wonder that kid didn't choose to be with you!" He looked at Ling Xi and said: "This lady is still the best. She is obedient, obedient, and cold like you.

Saying that, he suddenly thought of something and said: "I see, you must be wishing to kill this new Great Emperor of the Sword Soul in your heart, just that you are afraid that Long Chen will hate you, right? No matter where you are, whether it's humans, demons, or beasts, the competition between spouses will always be ruthless. Since you've appeared, I'll give you a chance to kill her.

He was a devil, and what he wanted was not to kill. To him, he could just casually kill everyone here, but what he wanted most was for everyone to die in extreme terror, exposing their ugly humanity.

"Come! I'll give you a chance to show your ugly form. Maybe if you kill her, Long Chen will like you.

"Come on!"

City Lord Bastard approached them, step by step.

"I'll give you a way!"

In everyone's eyes, he was smiling sinisterly. In that moment, he suddenly turned into thick smoke and rushed towards Li Xuanji.

"Out of the way!" Li Xuanji did not know what attack it was, and immediately pushed Ling Xi away.

But Ling Xi had grabbed her hand at that moment, and when the attack descended, she did not leave at all.

"We agreed to wait for him together." Ling Xi shook her head and said.

The thick black smoke was the method City Lord Bastard had used to control Mo Xiaolang.

He wanted to control Li Xuanji and fight him until he killed him.

Perhaps to them, this was the most cruel method. What the City Lord wanted to see was the struggle and pain in their eyes!

It wasn't that they didn't want to dodge, but that they couldn't.

Li Xuanji's appearance, was merely for the sake of Long Chen's arrival, and was merely delaying him for a little more time.

Even though Ling Xi was already in front of him blocking the attack, the dense smoke still entered Li Xuanji's body. In that moment, the huge force still sent Ling Xi flying.

Ling Xi climbed up from the ground with much difficulty, only to discover that the current Li Xuanji was already completely surrounded by the ghost aura.

"xuanji sister ..." Ling Xi was at a loss, because the current Li Xuanji's eyes were blood-red, as she walked step by step towards her. Under the control of the City Lord, she grasped Ling Xi's neck and said: "That's right, just like he said, I just want to kill you and take Long Chen over."

Ling Xi did not know that this was what the City Lord had said, and not what Li Xuanji had said herself.

An ice-cold sensation could be felt from his fair neck.

"No, you're not her!" Ling Xi shook her head, she knew that Li Xuanji would not be like this. She understood her, back when Ling Xi was still inside Long Chen's body, she had an extremely deep understanding of her.

"No, I am me. This is what I want from the bottom of my heart." Li Xuanji sneered coldly.

Although the crowd didn't understand what was happening inside the demonic barrier, they had a bad premonition.

You want to destroy my trust in her, you want to prove that the humanity you speak of is despicable. But you are wrong, no matter what you think, in my eyes, other than you, the world is beautiful. Human nature is not despicable, only you are despicable!

Ling Xi held onto Li Xuanji's hand, and struggled to break free from her control.

And it was at this time that a frightening power exploded out of Li Xuanji's body. The City Lord, who was controlling her, turned his head in shock and saw a black needle piercing into his body.

This was the mysterious black needle from the city of death, but even the lord of the city didn't know of its origin.

#### Chapter 1683 - The Return of the King

Ling Xi was blasted away once again.

She was already in a state of injury and did not have much strength left.

But the huge change that had happened to Li Xuanji had attracted everyone's attention. Her entire body was struggling, her eyes were sometimes clear, sometimes sinister. In the world inside her body, City Lord Wasteland suddenly let out a terrified scream!

Then, it was completely annihilated!

Everyone was stunned.

When Li Xuanji completely regained consciousness and her face became pale white, the brand that the City Lord had on her completely disappeared.

Ling Xi returned to her eyes at this time. Seeing Li Xuanji's pale face but had finally recovered her wits, she immediately asked: "What happened just now? What about him? "

Li Xuanji looked all around him in a daze and said: "He controlled me, but right now, I think he has already died. Just now, he had already died once. Be careful, I think I hurt you. I'm sorry. "

"No problem." Seeing that Li Xuanji was alright, Ling Xi smiled sincerely, she knew that whatever Li Xuanji said just now did not come from her mouth, she was not such a person.

This kind of beautiful feeling made both of them smile inwardly.

However, they both knew that the danger had not left. They could only slowly delay as long as they could.

Until the man came back.

No one knew how Li Xuanji had managed to kill the City Lord of Wutu City. Previously, she had only been killed once by the gathering of all the strength of the people here.

What she relied on, was that black divine needle, the power that came from the gods. In Li Xuanji's body, it was her own world.

Just as Li Xuanji and Ling Xi were standing together once again, in the sky, the body of the City Lord recondensed!

This was his second death!

He had never imagined that he would die twice in such a small place!

As soon as he appeared, his face was one of incomparable madness. His entire person was burning with fury. He roared loudly, and his expression was twisted viciously. Everyone felt as if their hearts were once again lifted to their throats!

"I never thought that in this small Three Regions Nine Realms, there would be a Dragon Fighter with a terrifying innate talent, a demon wolf, and a girl with the bloodline of a god. I thought that it would be a miracle, but I never thought that there would be another guy with the bloodline of a god.

City Lord Bastard stared at Li Xuanji with his burning gaze.

His eyes were filled with disbelief.

"Looks like that needle you left behind by the Goddess of Darkness was obtained in my Wasteland City. I never thought that I would actually protect such a treasure for so many years, but never discovered it. Fortunately, I found it in time, for the deity that was killed by the God Slaying Sword to still be alive and with her bloodline left in the midst of the black needle! "

He was so excited that his speech became incoherent.

"Two drops of God's blood, today I got lucky, so even if I die twice, so what?" This time, the City Lord wasted no time with them.

His astonishing body descended before the two of them. His invasive gaze stared fixedly at the two girls. He licked his lips and smiled sinisterly. "Seeing you two, I knew that the heavens were not bad to me!"

He stretched out his Demon Claw.

In the previous battle, Li Xuanji had also used up a large amount of her primordial spirit power, so she did not have much energy left, and Ling Xi's injuries were even more severe, so the two of them were simply unable to resist even a single move from City Lord Weng!

He opened his arms wide, and in each of his hands, a small black world formed. This world was filled with the dark aura of ghosts, and this was how Lord of the Demonic Dragon Palace was transformed into an existence that followed his orders!

"Two Divine Spirit bloodlines, obediently enter my world, haha!" I will turn you into demons just like me, and will let your bloodlines gradually fuse with mine, a pure and holy bloodline, a dark bloodline. Your existence will give me the chance to finally attack the gods! "

"Little girls, Long Chen owning you two is an astonishing blessing, but unfortunately, he will never have the chance to come back!"

No one knew that the city lord's attempt to make trouble for him would end in vain. It was impossible for an accident to happen again.

With his absolute strength, he swept the two worlds towards Ling Xi and Li Xuanji.

Li Xuanji and Ling Xi fought back with all their might. In this world that was growing larger and larger, they seemed so insignificant. Those two worlds soon engulfed them completely!

In that moment, the people trapped within the demonic realm went crazy once more. They constantly attacked the demonic realm, revealing bloodshed tears of anger. They roared, they became berserk, they nearly went crazy, but nothing came of it!

Whether it was Ling Xi or Ling Xi, they were both about to become the puppets of the City Lord!

"Xi Er!" Sword Master Ling Wu was even more deranged. He knelt on the ground in incomparable pain, and looked at the woman who was drawn into the two ghost worlds!

These two could be said to be the most beautiful and moving girls in the world. They had delayed for so long, but at this very moment, they could no longer hold on and were finally engulfed.

They were not willing to give up as they looked at this world. They were waiting for that person's return, and they still firmly believed in Long Chen. Even if they were swept into these two worlds, they still did not reveal any fear or despair!

In that world filled with ghosts and curses, a massive amount of black fog rolled towards them. It was as if they were being washed into an endless sea, quickly being flooded by a massive wave!

The power of countless ghosts were like a flood of ferocious beasts, madly rushing towards their bodies!

Ling Xi could only see the gap in this world, outside was the emperor's star. She used her last bit of willpower and struggled to look in the direction of the entrance to the martial way.

That was where she longed for.

Even though everyone thought that she was hopeless, she maintained her smile. She was quiet, and even at the moment of her death, she was still breathtakingly beautiful.

"Brother Chen, you should be back." Ling Xi softly said these words inside this world of ghosts.

Almost everyone in the demonic realm felt as if their hearts were being torn out of their lungs.

"City Lord Bastard!"

Anger and hatred were no longer enough to describe them. This was a monstrous blood feud!

At that moment, when all the grievances were gathered together, the City Lord who was dead stopped in his tracks. He ignored the anger of those people in the demonic realm and looked in the direction of the Heavenly Martial Dao.

He had a nagging feeling that something was wrong.

The atmosphere at this moment was unexpectedly so depressing.

In the distant starry sky, there was an incomparably terrifying roar that broke through space and time at this moment. With this roar, the entire world that the Emperor Star was located in began to shake.

"Where did this expert come from?" This roar was extremely familiar, to the point of his anger, it should be Long Chen's.

"It's definitely not Long Chen. If they were to fall into the path of survival, no one would be able to return." He was just about to continue converting Ling Xi and Li Xuanji, but he saw that the two women's strong and unyielding appearances were actually gone. Their faces were filled with tears, and their eyes were filled with excitement and hope.

The City Lord laughed involuntarily, and said, "Truly two fools. I've already said it before, Long Chen already died in the path of rebirth, it's impossible for him ..."

As he spoke to here, the entire small universe began to emit a terrifying explosion. In the direction of the heaven reaching martial path, near the entrance, half of the world collapsed at this moment. The entire world was in a state of near destruction!

Amidst the stunned gazes of countless people, a huge blood-colored dragon head charged in from the shattered world!

Accompanying it was a terrifying gale and the thick smell of blood, along with a killing intent that even the City Lord of Wutu could feel!

"This is Long Chen!"

The desire in his heart exploded at this moment, reaching its peak!

Everyone in the demonic realm was stunned. That huge dragon head was much larger than before. What was most shocking was the sudden increase in strength and the reverence it brought!

"He, should have improved again," The Sword Master Ling Wu laid on the ground with tears in his eyes. No one knew why, but when they saw Long Chen return, everyone breathed a sigh of relief and softly fell to the ground.

In the world of ghosts, the absolute beauty struggled out from the black waves and hovered in the air. In the world of ghosts, the absolute beauty struggled out from the black waves and hovered in the air.

Their eyes were filled with tears. They had nearly forgotten their words and forgot about everything else. Only the incomparably sinister dragon head occupied all of their line of sight.

Finally, at the last moment, Long Chen arrived

Following Long Chen's arrival, a huge black demon wolf also charged into the world. Their bodies started changing as a total of three youngsters descended from the sky, with Long Chen in the lead, and arrived in front of the City Lord.

At this moment, the entire world fell silent.

He was stunned for a long time. When he felt the change in Long Chen and the rest's powers, he suddenly realized and said, "So both of them went through the Nirvana Tribulation. No wonder they were able to escape from the path of rebirth."

Even though he said that, the man in the middle didn't make a sound, but the terrifying gaze that seemed to come from the The Absolute Beginning Period made City Lord Wasteland's heart skip a beat.

At this time, Long Chen's gaze landed on Ling Xi and Li Xuanji, who were in two different worlds.

"You dare to harm them?"

When these words came out of Long Chen's mouth, it sounded like the roar of a huge beast.

#### Chapter 1684 - My Reverse Scale

A dragon has a reverse scale. Touch it and you will die.

Long Chen was the supreme amongst dragons, and to him, there were some things that were his absolute weak points. For example, Ling Xi, Li Xuanji, his sister, his brother, and so on, they were all people that could not be hurt. Every time he entered a state of berserk, that was when the Primordial Blood Dragon was truly berserk.

This was the first time his beloved woman had fallen into such a situation ...

Long Chen did not appear to be very berserk, but anyone who was familiar with him would know how angry he was at the moment. The explosive growth of blood that rushed from his toes all the way to his head was enough to make him feel like he was being burnt by flames!

Every breath he took was filled with fire!

There were some things that he absolutely could not tolerate.

What a waste of a city lord, it could be said to have angered his taboo time and time again!

This time, Long Chen rushed back with all his might, and he almost went mad. Coming here from the Nine Star Chaos City, he practically created the fastest speed to return to the True Martial Imperial Palace from the Nine Star Primal Chaos City, to the point where even the Universe Teleportation Formations could not keep up with him!

However, he realized that he was still too late!

If it was a little later, there would be no way to make up for it ...

However, the City Lord had not realized this. He laughed out wildly and said, "You are truly ignorant. Even if you become stronger, even if you return, so what?" Oh right, your beloved woman is in my hands now. I like to play games the most, so let's play games. Since you've come all the way back, how about I allow you to take one of them away? If only one of these two women survived, what would you choose? Child, I like to see you make your choice the most. It's just like when you made your choice to enter the Eternal Hell.

That time, the City Lord gave Long Chen the most painful choice.

He chose his brother.

And this time, it just so happens that Long Chen has returned. He allowed these two women to be his choice!

Now, they were all controlled by the City Lord. If he took control of their lives, whoever he wanted to kill would be the one to die, and since he occupied the highest point, he could naturally make things difficult for Long Chen again. Seeing him struggle in order to choose, and seeing his pain, the City Lord would feel especially excited!

Hearing the demon's idea, Ling Xi and Li Xuanji were both stunned.

Amongst the two of them, did they need Long Chen to choose one of them to live on?

Then, who would Long Chen choose?

The city lord laughed.

As for these two women, they knew that no matter who Long Chen chose, he would probably suffer for his entire life.

Everyone looked at Long Chen with pitiful eyes. Only the city lord's laughter was especially ear-piercing.

Long Chen took a deep breath. When he raised his head, his eyes were extremely calm. He tried his best not to show his killing intent immediately.

He brought his two brothers to where the City Lord was.

"I remember the last time you gave me a choice, I brought Little Cat back," Long Chen's resolute and confident gaze brought great conviction and conviction to both Ling Xi and Li Xuanji. The two devastatingly beautiful girls suddenly felt a lot more at ease.

"And this time, you might not be aware, I'm not going to have to choose anymore," Long Chen's entire demeanor completely changed when he said this sentence. He became the embodiment of slaughter, the Primordial Blood Dragon.

Last time, it was a choice to humiliate because he didn't have a choice!

And this time!

When he said those words, Long Chen extended a finger and pointed at the astonished City Master Wutong. He did not say anything, and time, at this moment, seemed to freeze into eternity.

Eternal!

Even though he was in human form, he was still able to completely freeze the city lord.

The city lord looked at him in shock, but could not move an inch!

He could not move!

It was like he was living Thunder Prison, and he died like this!

The power that he was unable to escape from caused the City Lord to keep a dazed look on his face!

After unleashing for an instant Eternal Emblem, Long Chen had been incomparably calm, saving the two women from the world of the City Lord who had died in vain. He hugged Ling Xi, and gently caressed her black hair, reassuring her.

Long Chen raised his head and looked at her. She was still as calm as before, but his face was still pale white.

"I'm late." Long Chen said somewhat regretfully.

Li Xuanji revealed a gentle smile and said, "It's okay, but this feeling really isn't good. She's even injured!"

Long Chen closed his eyes, and whispered an apology in Ling Xi's ears.

He truly felt very pained, but he did not hate himself, because all of this was caused by the City Lord's death.

"I'm fine, Brother Chen. You are an unparalleled hero in my heart, and I will quietly wait for you to complete your mission. I have still done it, and will drag it out until you return." Ling Xi pursed her lips.

Yes, she was the hero in her heart.

However, they placed their mission of fighting against the Devils on their frail shoulders.

This sort of thing should have been done by a man.

Long Chen knew that this was the moment!

In that moment, the conviction that he should not lose filled his entire body. When he shed the gentleness that he had towards Ling Xi and the others, his bloodshed and killing, his dignitary's dignity, exploded out without restraint.

"Enter my Divine Kingdom!"

Without saying a word, he brought everyone into the Divine Kingdom, including Ling Xi, Li Xuanji and the people under the magic barrier. Long Chen easily broke through the magic barrier and protected everyone.

These two old men were people that he incomparably respected.

They were close to death.

Long Chen deeply kneeled on the ground in front of the True Martial Emperor. When he turned around, the City Lord had already struggled free from the eternal restraints for an instant!

"Dammit!" The perfect woman with only one eye let out a tearing roar.

Mo Xiaolang and Cat were both standing by Long Chen's side.

"Boss, you and the wolf cub are the main force and I have been set up by this damn thing. This time, I will definitely do it again!" Cat grinned and giggled.

The moment of the final battle had arrived!

"So, you have six lives left?" Long Chen muttered to himself.

With his body being surrounded by an even more astonishing devil energy, the entire small universe was surrounded by him.

"Get out!" He rushed out of the Emperor Star and arrived outside of Sacred Martial Palace. His body quickly expanded and transformed into a giant that was almost ten thousand meters tall. He was much stronger than last time.

At this time, a blood-colored dragon that was over twenty thousand meters tall and a Sun Devouring Demonic Wolf that was almost eight thousand meters long, yet with a body that was similar to Long Chen's, charged out from the middle of the Emperor Star Realm!

The kitten hid within the dense hair of the Sun Devouring Demonic Wolf, its eyes emitting a hateful light!

This was the first time the three brothers were fighting together!

"Big brother!"

"Boss!"

Long Chen rushed to the top of the clouds, the blood mist around his body tumbled, as he looked at the ten thousand meters tall City Lord who was in despair.

"Little guy, you're very angry. I can feel it, there's no need to hide it anymore, but you have to understand one thing! Some people are people that you cannot resist for the rest of your life. I will always be your nightmare! "

A giant that was ten kilometers tall and a divine dragon that was twenty thousand meters long, these things that could only appear in legends appeared in the eyes of the majority of the citizens in True Martial Emperor Domain.

The Lord of the Abandoned City laughed wildly.

"Is that so?" Long Chen sneered.

To be honest, his anger had been suppressed to the extreme. Now was the moment to explode!

Countless people looked at the sky in a daze. They saw the dragon, they saw the faith, and they saw what made them go crazy.

"I took his fourth life." Long Chen said to Little Wolf and Little Cat.

"Alright."

Hearing this, the City Lord laughed out loud, he moved his body and instantly, a large number of the ground started to cave in, and an earthquake occurred within a radius of hundreds of miles from True Martial Imperial Palace.

Just as he was laughing, Long Chen turned into a Great Void Cosmic Dragon.

"Eternal!"

At that moment, even though he was struggling with all his might, he was still unable to move. This was the first time he realized the terror in his heart because he could not even move when his body was tens of thousands of meters tall!

At this moment, he saw an even more terrifying scene!

The divine dragon above the high school had its tail hidden within the clouds. Suddenly, it turned into a blood-red greatsword that was over ten thousand meters long and covered with ancient runes. Wherever the greatsword went, the world would crack and space would sink into chaos.

"This ... this is ..." The city lord was stunned by the murderous aura.

This wasn't an ordinary path of slaughter. This path of slaughter shouldn't have existed in this world!

In that moment of eternal energy, he was incapable of moving. He could only watch as the ten-thousand-meter-long greatsword descended from the sky, and as the Heaven Slaughter Blood Sword swung into the air, tens of thousands of meters wide cracks appeared in the sky. The wind howled, and the sun and moon lost their radiance.

That sword, hacked the City Lord of Bastard into two from head to toe!

The Divine Dragon swung its tail, turning around once again, slashing down with its sword. Very soon, the defenceless City Lord completely disappeared from this world!

The previous three deaths were all unexpected, and this time, the City Lord was truly terrified!

Long Chen's sword, at the same time destroyed his physical body, defeated his soul.

When the City Lord died a total failure, the blood-colored dragon rolled in the clouds and let out a trembling roar that shook the entire Three Regions Nine Realms!

This was venting!

He finally succeeded!

"Then, let us three brothers split up his remaining life!"

Chapter 1685 - Unparalleled War God

Fourth Anima!

This was the fastest time for it to end!

The second and third time, they were mostly accidentally killed, but this time, Long Chen relied on his own strength and instantly tore him into pieces!

This was a historic moment!

Before this, every single one of them had fallen into complete despair. They had never felt so powerless before, but Long Chen's appearance here, had once again reached the pinnacle of their imaginations, bringing them the first rays of hope!

This not only concerned their individual lives, it also concerned the fate of the Three Regions Nine Realms!

Amidst the crowd's encirclement, Yang Lingqing's statue seemed to have come to life. She had wasted the City Lord's death time and time again, and the vitality in her body was also returning.

This man was the unrivaled hero in Ling Xi's heart. He had attracted everyone's attention, and Long Chen used his own actions to prove that he was not the Three Regions Nine Realms's traitor.

The gigantic dragon controlled the incredibly thick clouds, making it impossible for others to even see his true body. As for the Sun Devouring Demonic Wolf, it roared at the sky, and its entire body was enveloped in the Nine Serenities Devil Ancestral Fire, its divine might was not weaker than Long Chen's!

Not only did Long Chen have enmity, Mo Xiaolang also had enmity!

While the two of them were looking forward to it, the City Lord, who had died four times, appeared once again!

The ten-thousand-meter-tall body shot into the clouds, and half of its body disappeared into the clouds. The fourth death caused him to be extremely furious! An unprecedented rage!

His conspiracy, his schemes, they were all defeated by Long Chen with his absolute strength!

The Master of Fallen Death's blue eyes were bloodshot. He roared in dissatisfaction, "Long Chen! Impossible! You have only passed through another stage of Nirvana Tribulation, how can you undergo such a metamorphosis! I refuse to accept this! I am the hegemon of the Immortal Divine Region, you insignificant ants. I have repeated myself, again and again, don't provoke my bottom line! "

This terrifying roar swept through the entire Three Regions Nine Realms, causing the entire Dragon Sacrifice Continent to tremble from his roar. This was a huge battle scene that had never happened in the past hundreds of thousands of years. This was a legend that had been passed down for countless years in the Three Regions Nine Realms!

On that day, the blood-colored dragon and the black demon wolf fought against the ten-thousand-meter-tall giant and saved the life of the entire world!

Bringing with him an endless amount of anger, the City Lord had truly begun his counterattack. He had utilized the power of the 18 Hells to the extreme!

"Nine Hell, mix!"

Above the whirlpool, countless amounts of black mist rose up, and a large number of ghosts were rolling and howling within it. The energy generated by the hell mixing and collisions seemed to have exceeded the limits of what the space of the Three Regions Nine Realms could endure, causing even the world around the City Lord to shatter!

"I am a god in the eyes of Nell and the rest! I dominate all life. You mortals of the lower realms are all my food. Your lowly souls can only be my food to gain eternal life! Long Chen, you are destined to not die! And you, this is your last chance! You won't have a next time! "

"The Nine Hell, go!"

The whirlpool of the nine levels of hell brought millions of ghosts and headed towards Long Chen!

Once the Nine Hell King appeared, it caused a shock even more terrifying than that of the Heaven Slaughter Blood Sword. Fortunately, the people surrounding True Martial Imperial Palace had already retreated, otherwise, just this one attack would have caused a large number of casualties!

How much defeat and hatred had the City Master brought to Long Chen?

This kind of blood feud, Long Chen had already gone mad, he was only restraining himself, he did not want himself to easily go berserk, he just wanted to be rational and completely eliminate the City Lord, after all, this fellow was good at escaping, not only did Long Chen want to kill him time and time again, he also wanted to make sure that he did not escape!

When the nine stages of hell arrived, Long Chen's eyes were bloodshot!

His enormous Divine Dragon Body circled in the sky, forming a blood-red ring.

"Illusory Bubble!"

The Dragon Eye Transformation was much more powerful than the previous torrents and they headed towards the Nine Hell Region. Timeless disintegration was always invincible, but the strength of the opponent was simply too immense, and Long Chen was unable to completely deal with them just by relying on illusions and illusions!

Just at this moment, the Sun Devouring Demonic Wolf rushed up and swallowed the other part of the Hell's Strength into its stomach!

"Tun Yue!"

Swallowing and exhaling, the power of the fusion of the Nine Hells counterattacked the City Lord of Wasteland Death!

Under the effect of the illusion, the other side's power also started to counterattack towards the City Lord.

The Hell's Nine Layer, which was even more powerful than the Heavenly Slaughter Blood Sword, caused both Long Chen and Yue Yang to attack back.

Part of Long Chen's counterattack was accompanied by the power of time travel!

The portion of Mo Xiaolang's counterattack was filled with a large amount of the Nefarious Spectral Demon Ancestral Fire! Under the dual bombardment, the massive body of the city lord exploded once again!

In the Divine Kingdom, everyone cheered once again!

The cooperation between the two of them, was simple, yet it killed the City Lord.

The current City Lord's fifth life was already gone.

This time, the attack had completely destroyed an area of a hundred thousand miles around True Martial Imperial Palace. After this battle that had never happened in history, the surrounding mountains and rivers, the trees, had completely changed!

However, as long as he could kill the City Lord, everything was worth it.

"Long Chen, Long Chen, and that damned wolf!"

Almost everyone in the Three Regions Nine Realms heard the City Lord's struggle. Long Chen's name once again resounded through the entire Three Regions Nine Realms, from the angry voice, it was clear that this old fogey must have been beaten very badly by Long Chen. The dawn of victory, made countless people forget about the calamity, they firmly remembered a name, and that was Long Chen!

Those who had listened to City Lord's words and misunderstood Long Chen, all became even more furious.

This battle had been exposed in front of everyone's eyes.

The massive body of the City Lord was formed once again!

He had already died five times, but he was only left with four lives, but he was unwilling. He was not convinced, and in the blink of an eye, Long Chen had already become so powerful.

In the past, he could control Long Chen and give Long Chen a difficult choice, but now, he realized that he was actually pitiful enough to not even have the chance to attack the other party!

Just as his body took shape, the divine dragon that was 20,000 meters long coiled itself around his body. All four of his sharp claws pierced into his body, and the huge dragon head bit his face.

"Scram!" The City Lord had used up all his energy to struggle.

But he soon collapsed.

"With your body that is neither a human nor a ghost, what about after comparing your strength with my Divine Dragon Body?" Long Chen let out a disdainful smile right beside his ear.

The strongest aspect of Long Chen was his physical body, the body of an Ancestral Dragon. Under Long Chen's onslaught, the City Lord's flesh and blood was instantly turned into mush!

Long Chen carried him, and these two super huge objects in the eyes of the commoners rushed into the clouds, straight into the starry sky. Here, Long Chen could fight without worry, and there was no need to worry about affecting the Dragon Sacrifice Continent.

Now that he was here, everyone in True Martial Emperor Domain could see the grand occasion that was happening in the starry sky!

There was a huge dragon, a demonic wolf, and a giant shrouded in black fog.

"Long Chen, I swear, you will regret it! When I had recovered my full strength, I would make you experience the most painful torture in your life. I would make your family die, I would make your brothers and sisters die, and I would make you grieve for the rest of your life! I am the weakest right now, and I will soon become incomparable strong. You will regret this! You will definitely regret it! Let me go! "

In the midst of the City Lord's madness, the dragon that was coiling around him was terrifyingly cold.

"Old man, to be honest, I have been intimidated by you before. Family, brothers, and even the woman I love, their importance to me is unimaginable for a thing like you that has no humanity! However, I am no longer the same as before. I will no longer let you scare me, because you made me understand that fear is only cowardice. I hate it when others threaten you the most, especially you! "

As he spoke coldly, he increased his strength. The dead city lord had immense power, but due to the Divine Dragon Body's strangling, his flesh and bones had been torn apart. His head was directly bitten into pieces by Long Chen, and that dragon mouth was stained with blood.

"I hate it when you threaten me with the people I care about the most!"

In the midst of his heartless roar, Long Chen was infuriated. His huge body was directly capable of killing City Lord Wutong to the point where his flesh and blood turned into mush, and his life was ended by Long Chen just like that.

Long Chen was not calm nor was he crazy, but at this moment, he was already angered to the extreme.

This was the sixth death of the City Lord.

He still had three lives remaining!

At this point, he was thoroughly afraid.

When the pile of flesh and blood was smashed into pieces, Cat who was lying on top of the Sun Devouring Demonic Wolf could not help but shiver. He looked at Long Chen as if she was looking at a monster, and shouted out: "What a monster! This pitiful City Lord has actually offended this monster to this extent, she deserves to be killed over and over again, and experience the taste of death. "It seems like I don't even have the right to take revenge on my own."

As he finished his sentence, the City Lord was once again reborn out of rage!

This time, he actually wanted to escape. He did not turn into a giant, but was instead less than two meters away.

"You want to escape?" To the current City Lord, the gigantic creature was once again blocking in front of him.

"Eternal!"

Long Chen chuckled coldly and said, "Little Wolf, use the Nine Hell Devil Ancestral Fire and refine him to death for me."

I have ten thousand ways to kill you, but unfortunately, you only have nine lives.

## Chapter 1686 - Reappearance

However, Long Chen was using the innate Tao technique from a Great Void Cosmic Dragon. Although he was not proficient in it, it was not difficult for him to suppress the other party.

After all, now he was still in a fragile state like the one now.

Of course, it was impossible for Eternal Rest to suppress him for a long period of time, but it would only take him a short period of time.

In front of the Sun Devouring Demonic Wolf, even though he had recovered his normal body, City Lord Wutu was just a tiny strand of hair. For a moment, he was unable to move even an inch.

"You deserve to die."

The Sun Devouring Demonic Wolf did not give him a chance to catch her breath and directly spat out a large amount of Nether Demon Ancestral Fire. This was his most deadly killing move, the Nether Demon Ancestral Fire that was over a thousand meters in diameter formed into a huge fireball.

Beneath the sky, the Nefarious Spectral Demon Ancestral Fire blazed fiercely. An instant after Long Chen had broken through Eternal Rest, he was completely engulfed by the Nefarious Spectral Demon Ancestral Fire. The burning of the Nefarious Spectral Demon Ancestral Fire was extremely frightening;

"Long Chen! Mo Xiaolang! I swear! Don't let me escape. Once I recover my strength, I'll definitely let you suffer extreme pain for your entire lives. You won't even have the qualifications to die! "

He was not dead yet. Now that he had unleashed his power, the Nether Demon Ancestral Fire vibrated time and time again, vaguely showing signs of exploding.

The people from the God Kingdom and the Dragon Sacrifice Continent below were all watching dumbfoundedly, watching as the City Master died in front of Long Chen's massacre. They could only use threats to escape for their lives.

Long Chen summoned out all 99 Gold Suppressing Demon Pillars, forming a golden Demon Slaying Formation, forming a circle that completely suppressed the City Lord of Wasteland. The City Lord of Wasteland could have rushed out of the encirclement of the Nether Demon Ancestral Fire, but under the encirclement of the Golden Suppressing Demon Pillar, he lost the chance!

The ice-cold flames ignited every particle of his body, causing him to let out an earthshaking scream as well as a crazy curse!

Regardless of whether it was Long Chen or Mo Xiaolang, or even everyone else, they were all watching this with ice-cold gazes.

"Boss, after killing him this time, he only has two lives left. I reckon that he has been frightened by you, so he will probably think of every possible way to escape. In order to not get into trouble, he should be careful and try his best to kill him once and for all."

The kitten suddenly became stern for a moment, and reminded Long Chen.

Long Chen nodded.

He knew better than Cat did that the further they went, the more he could not afford to be careless. Otherwise, he would not be a match for the kitten, who could survive and recover even a tenth of its strength.

"Long Chen!"

The True Martial Emperor's voice suddenly sounded out.

Long Chen immediately checked the God Nation. This old man had already woken up from his false death, and Great Emperor of Desolation seemed to have recovered a bit. Seeing that they were still alive, Long Chen was very pleased.

Zhen Wu Emperor looked at him with tears in his eyes, his eyes filled with excitement. He heard the screams of the City Lord who had died in the refining of the flames, and he finally got his revenge. He then said to Long Chen: "He has already ordered eleven of his subordinates to be sent to the Three Regions Nine Realms. We cannot deal with the City Lord, but it is more than enough to deal with those Spirit Kings. "

At this time, the nearest demon tree had probably already been planted.

This was the tribulation of all living things.

Long Chen nodded and then ordered all those who still had the strength to fight, the Four Sword Sovereigns, the two Martial Saints, and the Six Great Demon Emperors to leave one after another to cooperate with the exorcist.

True Martial Emperor was also leaving.

"The Monarch's injuries are the heaviest, he should be able to rest and let the Great Emperor of Desolation go. Furthermore, Great Emperor of Desolation's injuries are slightly lighter." Long Chen suggested.

The True Martial Emperor shook his head and said, "Don't worry, I still have an avatar. As for Ying Huang, once this matter is over, you can release him."

Long Chen did not plan to imprison the Great Emperor of Desolation for long, so he nodded his head. As for the Zhen Wu Emperor, Long Chen could not refuse. However, and Li Xuanji would not let them leave for the time being.

After arranging for everyone to leave, Long Chen was on guard again. By this time, Mo Xiaolang had already used the Nine Hell Devil Ancestor's torch to kill the City Lord.

Before he recovered his strength, the strong thing was his life. After obtaining a part of the heart, he did not immediately use the demon tree to recover his strength, but came to True Martial Imperial Palace, and that was a mistake.

BOOM!

The Nine Hell Devil Ancestral Fire exploded, killing the mayor's body and turning him into an ice sculpture.

On top of the Sun Devouring Demonic Wolf, Little Cat reached out and pulled the ice sculpture of City Lord Wutong into the Great Void Realm, then laughed: "This old fogey is playing tricks on me. I want to use his naked statue to pee, only then can I relieve the hatred in my heart!"

As he laughed, Long Chen and the Sun Devouring Demonic Wolf became more alert.

He will definitely escape from now on. Until now, Long Chen had not truly killed this terrifying monster, so he did not dare to be even the slightest bit careless!

However, even after waiting for half a day, it seemed like the City Lord had yet to appear.

"He escaped." Long Chen's expression became heavy.

"I can smell him." At first, Mo Xiaolang only focused on his eyes, but at this time, he focused on his sense of smell.

"Chase!" Without a word, the two began their frenzied chase!

In the Divine Kingdom, Yang Lingqing's statue was still standing there. If this time the enemy managed to escape, then if he were to hide for half a year, then Yang Lingqing's life would be gone.

To Long Chen, the lives of ten thousand City Lords who had died in vain were not as important as Yang Lingqing.

As her brother, she owed Yang Lingqing an important favor. His brother originally wanted to protect his sister, but that time Long Chen made a mistake.

Long Chen did his best because he did not want to regret it for the rest of his life!

With Mo Xiaolang's sharp sense of smell, the two of them crazily chased after each other. The direction in which the City Lord had escaped towards was towards the Eastern Emperor Region, and right now, they didn't even need to use any Universe Teleportation Formations. The speed of the two of them was already faster than the speed of the Universe Teleportation Formations!

As a result, countless people could feel that in the sky, a roaring dragon soared. Beside it was an enormous demon wolf!

He was originally proud, but when he realized that he only had two lives left, he collapsed and his heart was truly defeated. He began to calm down, knowing that only if he escaped first and recovered his strength would he have a chance to make a comeback!

This humiliation, with his vengeful nature, if Long Chen was not tormented miserably, he would not let it go. At the moment, he was clenching his teeth tightly, suppressing his overflowing anger.

Long Chen simply did not know how much time had passed. Long Chen had passed through the Eastern Emperor Region and then proceeded forward.

Long Chen and Mo Xiaolang immediately rushed in!

They wouldn't rest until they were dead!

No matter how far the City of Abandoned escaped, Long Chen will chase after them endlessly! He wanted this fellow to be completely terrified of him!

In front of him, the City Lord of Bastard City let out a series of roars.

Suddenly, Long Chen's body became light. He felt that he had arrived at a world with a very low level, his body actually had the power to expand. If not for his suppression, his body would probably have expanded to a hundred times its current size!

It was only two million meters away!

This discovery stunned him.

"Big brother!" Mo Xiaolang also noticed this problem. While they were chasing after him, they looked around in a daze and actually found this place extremely familiar.

Ancient trees that reached into the heavens were everywhere. In a distant direction, an old tree charged straight into the clouds. At the very top of the tree, there were faint traces of a city.

"Big brother, do you remember the Cyanwood Heaven City?!"

Mo Xiaolang said excitedly.

Long Chen lowered his heart and said, "That's right, this is the Archaic Graveyard."

This was the battlefield in front of the Imperial Domain. They did not expect to return here while they were chasing after the city lord. The level of the Archaic Graveyard's world was not as high as the Three Great Imperial Domains's, so when they just arrived, their bodies could actually expand once again.

The Archaic Graveyard was at the same level as the Realm of Myriad Kingdoms.

Everything here, even the hardest steel, was incomparably weak for Long Chen. After arriving here, it could be said that Long Chen had already become a true divine spirit.

Long Chen and Yue Shan didn't have time to reminisce at all.

In that short period of time where he was in chaos, his body expanded. Although it was only at a distance of one thousand meters under his control, Long Chen still noticed it the first thing he did.

"You want to escape?!" Long Chen shouted out explosively, as the ninety-nine golden Demon Pillars flew out, turning into pillars that supported the heavens. Each pillar blocked the path of the City Lord, who was rushing forward, smashing into the wall formed by the golden Demon Pillar, and was sent flying!

At this time, Long Chen quickly rushed over and surrounded him together with Mo Xiaolang.

In front of them was the Realm of Myriad Kingdoms, Long Chen could not let this fellow go over there and cause trouble. After and him heard this, the two of them immediately started to attack the guy forcefully without saying a word!

The dead city lord had his own pride. After being trapped, he raged once again, gathering his power, expanding it to a height of tens of thousands of meters, almost to the point of exploding Archaic Graveyard!

"Fifteen levels of hell, gather!"

An even more terrifying move was unleashed!

In his arms, the fifteen levels of hell had become a giant whirlpool with a diameter of tens of thousands of meters. Almost the entire Archaic Graveyard was sucked into this whirlpool and there was a huge explosion.

Long Chen realized the seriousness of the situation.

Otherwise, even the Realm of Myriad Kingdoms would have been destroyed.

## Chapter 1687 - Divine Dragon Holy Dynasty

Almost the entire Archaic Graveyard was shattered into pieces, and the Condemning City Lord blended into the fifteen levels of hell, forming a terrifying power. The fifteen levels of hell was much more terrifying than the previous attacks.

Facing the divine might of these fifteen stages of hell, Long Chen and Mo Xiaolang could be said to be attacking at the same time!

"Forging Furnace Formations of Heaven and Earth!"

With the activation of the Sun Devouring Demonic Wolf's bloodline's sacred art, tens of thousands of flames filled the entire Archaic Graveyard, enveloping everything within the purgatory of fire. This was also the method to besiege and waste the City Lord to death.

"Flaming Dragon Formation!"

The ninety-nine golden Demon Pillars formed into a pillar tens of thousands of meters long that supported the sky. Under the swing of Long Chen's dragon tail, the pillars broke through the void and were flung away by Long Chen, like a golden arrow piercing into the center of the fifteen layers of hell.

He had truly activated the power of fifteen levels of hell, preparing to kill Long Chen. Right now, he was like a dog leaping over a wall in desperation.

At this time, the Sun Devouring Demonic Wolf roared crazily.

"Moon of Engulfment!"

The black moon that was thousands of metres long spurted out of his mouth and shot towards the back of the City Lord. The moon that was engulfing everything was irresistible, if the City Lord insisted on attacking Long Chen, he would be directly struck by the Moon of Engulfment!

"Let's go all out!"

So this time, he chose to go all out. Even if he were to lose his life, he had to risk it all to kill Long Chen, only then would he be at ease!

The black vortex that was tens of thousands of metres long had swept up all of the Archaic Graveyard and charged towards Long Chen!

Facing such a terrifying attack, Long Chen's expression did not change, and he retreated quickly!

The Moon of Engulfment of the Sun Devouring Demonic Wolf and the power of the fifteen stages of hell that was Confession's City Master had arrived before them almost at the same time. The Moon of Engulfment dealt with the strength of the fifteen stages of hell itself while Long Chen faced the power of the fifteen stages of hell!

At this moment, Long Chen clenched his teeth, he did not dare to underestimate his opponent!

When the fifteen layers of hell descended, he used all the power in his body to calmly face them!

"Brother Chen, I'll help you!"

Ling Xi was panicking in her heart. Without's permission, she rushed out of the Divine Kingdom, with a wave of the six immortal swords, the six sword qi shot straight to the center of the whirlpool, accurately hitting it.

"Come back." Long Chen pulled her back to the Divine Kingdom.

Ling Xi also had a strong intuition towards battles. Although the snow-white purifying sword qi was small, it had hit the center of the hell world and part of the power there had been purified by Su Nu's power, causing chaos within the fifteen layers of hell where the attack power had been reduced by at least a third!

Only Ling Xi's virgin strength could do such a thing.

The reason why Ling Xi suddenly appeared was because she had realized that she could do this!

When the power of these fifteen stages of hell was no longer as frightening as before, Long Chen became a lot more at ease. He had thought that he would have to go all out once, but with Ling Xi's help, he didn't have to go all out.

"Heavenly Slaughter Blood Sword!"

The long dragon's tail stretched out, extending tens of thousands of meters. The Sky Slaughter Blood Sword's outline was a full 20,000 meters long, and countless of archaic slaughter runes appeared, releasing an astonishing willpower that shook the void. In this crucial moment, Long Chen used the Sky Slaughter Blood Sword and used the Divine Dragon Tail, the gigantic blood colored long sword descended from the sky and slashed down onto the fifteenth layer of hell!

"Break!"

Long Chen let out a heaven-shaking dragon's roar!

With the powerful body of the Archaic Blood Spirit Dragon and his current Nirvana Force, he was able to directly split the fifteen layers of hell into two. The remaining power of the Heavenly Slaughter Blood Sword shot onto the body of the City Lord, cutting off his head and sending him flying!

At this time, the City Lord was struggling to resist the Moon of Engulfment.

He had originally thought that the fifteen stages of hell would be able to heavily injure Long Chen, and had therefore focused on dealing with the Moon of Engulfment of the Sun Devouring Demonic Wolf.

The head that flew up into the sky was torn apart by the Sun Devouring Demonic Wolf using its wolf claws.

The body that had lost its head was completely swallowed up by the Moon of Engulfment. It was minced into pieces that filled the endless void!

"Long Chen!"

The sound of the City Lord's angry roar became smaller and smaller.

"My last life!"

This battle had already annihilated the entire Archaic Graveyard. If the flames of war were to spread to the entire Realm of Myriad Kingdoms, then it could only be described as unimaginable. could not bear such responsibility in the death of all living things.

"Big Brother, the world here is too fragile, and so is the Realm of Myriad Kingdoms. Any casual battle might cause the Realm of Myriad Kingdoms to completely collapse."

Mo Xiaolang was also aware of this problem.

One life left

"Don't let him escape this time. This time, we shall completely slaughter him. " After the City Lord died, Long Chen kept a close eye on his surroundings. At the same time, he used all his senses to prevent the City Lord from escaping.

The last life was the most important!

No matter if it was for Yang Lingqing, for everyone, or for herself, this time she would not let him escape!

Long Chen almost held his breath to feel his surroundings. He could feel the hatred and killing intent that the City Lord had towards him.

The Primordial Blood Spirit Dragon was the ancestor of slaughter. He was the most sensitive to killing intent.

This time, even the scent of the city lord's scent was concealed. Moreover, he knew that this low level world would cause changes to the body. Under his control, it wouldn't be easily exposed.

"Big brother, he seems to have escaped?" Mo Xiaolang said somewhat anxiously.

At this moment, a quarter of an hour had already passed.

Long Chen also knew that the other party seemed to have escaped, but he was not willing to give up. He could feel that the killing intent was not too far away from him.

"He probably, escaped over there." Long Chen's gaze locked onto a direction.

He discovered that the heavy killing intent was coming from that place. It was a waste that the City Lord would not let go of his hatred towards him.

"My mother, that is the direction of the Realm of Myriad Kingdoms. If you go there to fight, won't you destroy the entire Realm of Myriad Kingdoms?"

The kitten held its forehead and said speechlessly.

Realm of Myriad Kingdoms!

Long Chen and Mo Xiaolang's homeland!

The dragon and wolf looked at each other and felt the pressure.

"Chase!" Long Chen suppressed the worry in his heart. He only hoped that he could pay more attention this time, so that City Lord Wutu would not go crazy and even destroy Realm of Myriad Kingdoms.

After all, the chances of this happening were extremely high, and even the Archaic Graveyards were completely destroyed.

"This is truly hateful. He actually escaped to this place."

The three brothers started their battle again, and this time, Long Chen was the one leading the way.

It had been a long time since he had returned to the Realm of Myriad Kingdoms.

Long Chen broke through the void and arrived in the air above the Realm of Myriad Kingdoms. They had recovered their human form, otherwise, those divine dragons that were tens of thousands of metres long would definitely cause shock to everyone in the Realm of Myriad Kingdoms. It would be best to avoid as much commotion as possible this time.

Following the traces of killing intent, Long Chen and the other two quickly rushed forward.

Adding Ling Xi, Yang Lingqing, all of them were people that had once stayed in the Realm of Myriad Kingdoms, and now, they were all proud sons of heaven of the Three Regions Nine Realms, and unrivaled heroes as well. When they returned to the place where they met up, everyone's hearts were filled with nostalgia and regret.

Only, they didn't have anything to lament or reminisce about anymore.

The City Master was like a thorn piercing Long Chen's heart, causing him to feel uneasy.

Long Chen was the fastest, allowing the others to enter the Divine Kingdom. Following a faintly discernible killing intent, he activated his maximum speed to speed forward, observing his surroundings, not daring to make any mistakes.

This was the Holy Martial Empire, the weakest of the Ten Great Saints. However, the current Holy Martial Empire had already changed to the Divine Dragon Holy Dynasty, and under the cultivation of the Monolith of the War God, the Divine Dragon Holy Dynasty's growth had increased by leaps and bounds, almost matching that of the other Holy Dynasty s.

The dragon race of the past ...

The Ancient Devil Region back then, the Martial Imperial City back then, everything that had happened here, seemed to be still fresh in his mind.

Returning here, Long Chen's feelings were mixed. He wished that he could safely travel and meet his comrades, but in truth, he did not want to disturb their lives.

"City Lord Bastard!"

Long Chen sensed that he was nearby.

This was something that made him the most conflicted. If he were to fight here, the consequences would be something that Long Chen would regret no matter what.

Even if one more person died, it would still be his responsibility.

This battle was not as easy as he had imagined.

With only his life, the city lord's arrogance had long since disappeared. With his personality, he would definitely use the most despicable method to make Long Chen submit to him.

Elsewhere in the Divine Dragon Holy Dynasty, the City Lord's eyes were filled with excitement as he shouted towards a city, "I know you are here, don't run away, I can already smell your scent."

"My life spirit, I never thought you would come here, give me back my heart, and my life energy, you are my true life assurance, with you, even if only one life remains, who can do anything to me?"

"I can't hold it in anymore. I'm going to swallow you!"

"Since you're not coming out, I just need to swallow this small city and everyone else at the same time. When that time comes, you will enter my stomach!"

Just at this time, the blue haired peerless beauty flew up into the sky. She had the same appearance, but there was a huge difference in her temperament.

Her eyes were calm as she asked, "My luck is good. I've already escaped here and you can still find me here. It's just that, you seem to have been killed quite miserably."

The City Lord was stabbed in the head with a sinister sneer.

The Blue-haired woman took this opportunity and suddenly shouted loudly, "Long Chen, come and save me!"

This voice instantly spread throughout the Holy Dynasty of the Divine Dragon.

#### Chapter 1688 - The Last Life

The moment Long Chen heard this shout, he immediately used his fastest speed and rushed towards the direction of the voice.

This voice, and that lifesaving message, caused Long Chen's heart to sink back into the abyss. The dead city lord only had one life left, and now, the life spirit had actually appeared!

Or rather, she had already escaped to this place.

If she let the city lord of Bastard City swallow her, the consequences would be unimaginable.

All the efforts and achievements that Long Chen had made would have been in vain. He, Mo Xiaolang and the entire Three Regions Nine Realms would once again be shrouded in disaster, and the furious City Lord who had wasted his life would definitely give them an even more miserable ending!

To anyone, this was not a good thing!

In that moment, Long Chen almost went mad. He crazily increased his speed, and wherever he went, space would shatter and shatter time and time again. The Divine Dragon Holy Dynasty's were only this big for Long Chen, and he would very quickly reach the location where the City Master of Bastard was.

Suddenly, he thought back to when he allowed Ling Xi to revive, and the reason why the dynasty and the others could find him so quickly was because of the spatial level. An expert with Divine Martial Stage being here could transform into an existence similar to a god, but it was just that not many people knew the path to Realm of Myriad Kingdoms.

Furthermore, to stay in this place, people with such low level of worldly spirit energy and Divine Martial Stage and above probably wouldn't be able to make any progress in their entire lives. This was the most important reason.

When Long Chen rushed here, his eyes were dense, and he immediately stopped.

In front of him, above that small city, two people with identical appearances, one sexy and one sinister and terrifying, appeared.

At this moment, there were countless venomous snakes running through the body of the City Lord. They were dripping with fresh blood, making the situation extremely horrifying.

The essence of the Blue-haired woman was gathering towards the City Lord.

After discovering Long Chen, the City Lord was not surprised at all. He smiled sinisterly: "Long Chen, it's best if you don't come up. Didn't you call yourself a savior? "If you make a move now, I promise you, I will completely destroy this lower level world. I will kill billions of people here!"

These words really scared Long Chen to death.

He knew what kind of person Long Chen was, so he was able to grasp Long Chen's lifeline. In the Three Regions Nine Realms, he could not destroy the world like this, but in the Realm of Myriad Kingdoms, he could.

Before it had even calmed down, another wave had occurred. The City Lord who had died in vain was Long Chen's most difficult enemy to kill up till now.

Perhaps he would meet an even stronger opponent in the future, but this opponent's terror was something he would remember for the rest of his life.

At this time, Long Chen was once again faced with a dilemma. If he chose to attack, his life would be in ruins, and if he decided to endure, the City Lord would swallow the Spirit of Life, restoring the complete state would be the time of everyone's death!

This threat was full of power.

Under his threat, Long Chen was thrown into chaos for a moment.

But right at this moment, the Blue-haired woman winked at him.

Long Chen instantly noticed.

After passing this message to Long Chen, the Blue-haired woman suddenly attacked. She didn't know where she got the strength from, but in that instant, she tore open the blood vessel the City Lord had stabbed into her body. She gathered all the power in her body and pushed the City Lord, who was already dead, away, before charging towards Long Chen.

Long Chen unleashed the Instant Eternity again, the battle today had consumed a lot of his energy, and now was also the time when he had used up all his energy. Although the Instant Eternity's effect wasn't too great, Long Chen had to use it as well!

Immediately after, he enveloped the Blue-haired woman into the Divine Kingdom and made Mo Xiaolang rush out of the Divine Kingdom!

The moment Mo Xiaolang rushed out of the Divine Kingdom, the Nefarious Spectral Demon Ancestral Fire enveloped the body of the City Master!

Long Chen shouted out explosively, in that moment of life and death, he had completely entangled all 99 golden Demon Seizing Pillars onto the City Lord's body, instantly transforming them into a dragon. With a body of 20,000 metres long and a dragon tail filled with power, he struck the golden Demon Pillar's encirclement, causing the City Lord's body to fly towards the starry sky!

When this divine dragon appeared, practically everyone in the Divine Dragon Holy Dynasty were dumbstruck.

While they were in a daze, the gigantic Dragon had already sent City Master Wutong up into the sky. Together with Long Chen, they charged up high into the sky crazily.

The City Lord was trying his best to resist for an eternity, the three layers of power from the Nine Hell Devil Ancestral Flame and the Golden Demon Suppressing Pillar. In just a split-second, the three of them had already rushed to the top of the starry sky, the world below them already became incomparably small.

Long Chen didn't know how many people were looking at him from the bottom, but he felt that even if he was here, he wouldn't be able to guarantee the safety of the people below, so he used his dragon horn to withstand the golden demonic pillar, and once again rose crazily.

He had never reached such a high point in the sky before, and by the time he was able to see the outline of the Realm of Myriad Kingdoms below, they were already surrounded by countless stars.

At this moment, the City Lord of Bastard City broke free from all the restraints and appeared in the starry sky.

He had finally escaped that difficult moment.

Long Chen heaved a sigh of relief. In this battle, it was no longer easy to affect the Realm of Myriad Kingdoms, but he still did not dare to relax.

Mo Xiaolang transformed into a Sun Devouring Demonic Wolf and stood in another direction, eyeing the City Lord who had died in vain!

Without a second word, City Lord Bastard expanded his body once more, turning into a giant that was tens of thousands of meters tall. Black mist surrounded his entire body, and an even more terrifying power was unleashed.

The three of them faced off like this, not moving at all from the start.

The city lord suddenly laughed, "I didn't expect you to catch up, but what use is it? It's great that you guys are here, we can finish you off in one fell swoop."

"I am immortal, this is the truth, the unerasable truth. I've given you a chance, but you've still chosen to fight to the death with me. By now, you've already completely lost your chance!"

Long Chen knew that he had become stronger.

Thus, he was even more careful.

If they could not kill him in a second, Long Chen would not be able to calm himself down, so he did not try to talk nonsense with this guy and gave him time to digest the power he had gained from the Spirit of Life. That dragon and wolf, in this endless starry sky, they attacked together almost simultaneously!

Even though he only had one life left, he was completely confident in his own abilities. As expected, when they truly started fighting, Long Chen felt the pressure on him increase greatly.

Even if it was the Heavenly Slaughter Blood Sword, it would not be easy to deal with him.

Long Chen himself had won against the endless flow of Nirvana Qi, which was why he could fight till now. Otherwise, how could he have been able to kill this fellow so many times!

"Eighteen Hells!"

City Lord Wasteland was finally able to accomplish it. He completely combined the 18 Hells into one, forming a perfect cycle of reincarnation. Compared to the power of the 15 Hells, the attack power this time could be said to have doubled!

The City Lord rushed to the top of them, pressing the black vortex, which was more than 20,000 meters long, down towards the world of death!

"Aren't you guys very capable? Didn't you easily break my attack before? How about now? If you fail to stop it, then the tens of thousands of small countries below will suffer! "

With that, the City Lord laughed maniacally.

"Despicable!"

No matter whether it was Long Chen or Long Chen, neither of them could tolerate this fellow's shamelessness.

This move gave them a lot of pressure. After all, if they did not catch it, the people below them would suffer. Realm of Myriad Kingdoms was about to be destroyed!

However, how could the city lord of Baator, who had risen in strength, be so easy to deal with after fusing with one of the 18 great worlds of hell?

In the skies above them, the entire sky turned into a vortex. Countless ghosts rolled about in the black fog, and a massive amount of space fragments was swept up into the 18 Hells, turning into a part of their attacks!

"Let's fight! Big Brother, I'll go first!"

The Sun Devouring Demonic Wolf was the first to be hit, he threw Long Chen aside and rushed up, his entire body was covered with the Nine Hell Devil Ancestral Fire, his nearly ten thousand meters long body turned into a huge ball of fire, dancing in the ball of fire, it instantly expanded to a hundred thousand meters in size, it was even larger than the black vortex by several times!

This gigantic Nether Demon Ancestral Fire flame sphere was like a black sun, blossoming with brilliance in the endless sky.

BOOM!

The shaking this time caused the Dragon Sacrifice Continent below to tremble!

"Little Wolf!" Long Chen caught him, but realised that Mo Xiaolang's body was covered in black Qi, the Spirit Qi in his body was in disorder, and he was obviously injured.

He woke up very quickly and checked his body. However, he found that he had almost lost his ability to fight.

Of course, the eighteen levels of hell were also destroyed by Mo Xiaolang.

"I never thought that this guy would become so strong. I might not be able to help him in the near future, but" Mo Xiaolang did not want Long Chen to fight him alone.

Eighteen hell explosions erupted as the huge tremors caused the City Lord of Wutu City to soar into the sky once again. Long Chen roared out, and his Divine Dragon Body moved, flying up into the starry sky.

"You won't be able to kill him like this. Only I have the means to truly kill him." In the God Kingdom, the Blue-haired woman suddenly giggled.

Seeing her breasts, snow-white skin and her flirtatious appearance, Ling Xi and Li Xuanji did not really like her.

Long Chen was attracted by her words and asked: "What do you mean?"

The Blue-haired woman said: "Even though he said he has nine lives, if the last time was by ordinary means, it would be impossible to kill him completely. I have a way for you to kill him."

Chapter 1689 - End of Day

"The way to kill him?"

Long Chen originally thought that as long as he killed the other party the last time, it would be enough.

Blue-haired woman was the person who understood the city lord's death the best, although this woman was cunning, and pretended to be pitiful in order to trick Long Chen into letting her go, but on this matter, Long Chen still believed in her.

While fighting against the City Lord, he asked, "What should we do?"

Blue-haired woman chuckled: "During the time I was sealed by you, I have a rough understanding of you, other than the God Slaying Sword, you have a strange weapon that can directly harm the soul, that weapon is very effective against the City Lord, as for the God Slaying Sword, he is also afraid of it, because this is a Death Sword, it can suppress his rebirth strength, your black sword combined with the God Slaying Sword can destroy his spirit, it can suppress his rebirth, and at the same time, you also have a purifying sword. "Six Immortal Swords!"

Saying this, she concluded, "Three swords became one and pierced into his body at the same time. If I were to use the Life Extraction Technique, he would be completely dead."

Three swords coming together?

He and Ling Xi looked at each other. It seemed that he needed to borrow Ling Xi's power.

This was the most critical moment!

This stretch of starry sky had been destroyed to the point that they were full of holes. If this battle had happened in the Realm of Myriad Kingdoms, then the current Realm of Myriad Kingdoms would have long been destroyed.

Long Chen's Slaughter Dragon Seal and Heavenly Slaughter Blood Sword from the Primordial Blood Spirit Dragon, as well as the Illusory Bubble from the Great Void Cosmic Dragon and Eternal Rest for an instant, were both unable to do anything to the other party. Similarly, the attack of the City Lord who had wasted his life was also unable to kill Long Chen.

Around them, the stars began to explode one by one. The space began to shatter one by one. Within a thousand mile radius, there was no longer anything left intact.

"I can help."

After hearing what the blue woman said, Ling Xi and Li Xuanji said in unison.

They did not expect that their thoughts were the same, so the two of them looked at each other awkwardly and Li Xuanji said: "I should be able to find an opportunity for you two to attack, right?"

For example, when they were in the Everlasting Star City, Li Xuanji was basically the one who found an opportunity to attack all the way when they formed the True Martial Imperial Palace squad.

"I can unleash six swords to coordinate with the Brother Chen's attacks."

Ling Xi said with determination in her eyes.

Originally, Long Chen did not want them to take the risk, but at this point, he had no way of dealing with the City Lord, he could only nod his head and say: "Alright, let's follow the plan, Xuanji will go first."

A normal assault would not be able to defeat the City Lord.

Just at that moment, Long Chen's twenty thousand meters long body, instantly transformed into a human figure. With both swords in hand, his entire body was enveloped in blood colored flames.

The Divine Dragon Body was Long Chen's strongest state, and seeing that he actually did not use the Divine Dragon Body, the City Lord felt that it was strange, he had also restored his body to its original state, and sneered: "How is it? Have you finally learned how to give up? "

Without saying a word, Long Chen turned into a bloody arrow with both swords in his hands. His eyes were extremely cold and cold, and he instantly rushed to the front of the City Lord.

The two swords in his hands activated the God-Slaying Sword at the same time. The true power of the God-Slaying Sword was extremely strong. With just a single sword, it instantly closed in on the City Lord, giving him a sense of irresistibility.

"An insignificant skill!"

He retreated back over a hundred meters, the black mist in his hands tumbled and formed tens of thousands of long snake, blocking Long Chen's path. Long Chen could only use the God Slaying Sword and Ling Xi's sword to first cut apart the tens of thousands of long snake!

Continuing to charge forward, an undying fighting spirit appeared before the City Lord.

"It seems like you are already exhausted?" The most precious thing he had right now was inside the God Kingdom of Long Chen. As long as he could obtain it, he would be able to obtain complete victory.

Just as he approached the City Lord, Li Xuanji reminded him.

In that instant, Long Chen opened his thumb sized mouth, and in that small aperture, a black divine needle shot out in an astonishing instant. In the domain of the black needle, whether it was vision or hearing, the senses, and even the sensation of being in the City Lord's body completely lost all of a sudden.

This was darkness!

Long Chen saw with his own eyes that even City Master Wutong did not know how to dodge. His only blue eyes were pierced through by Li Xuanji's black needle and exploded.

But since it was this timely, it did not see the other party screaming in pain, and it was so much that the City Lord did not realise it was in's hands. If Li Xuanji said that she could create opportunities, he could definitely do it.

Long Chen and Ling Xi had also long since been prepared.

When the black needles shot out, the two of them started attacking together, Long Chen used Deity Slaying Incantation, causing the two swords to instantly pierce through the City Lord's left and right chest, Ling Xi's six immortal swords carried the pure energy of a virgin, and pierced through the side of her body, straight into the City Lord's lower abdomen!

Sensing the opponent's struggling, Long Chen steadied the sword in his hand and used Eternal Rest. At the same time, he used two Slaughter Dragon Seal s to imprint onto the opponent's body, causing great damage to her!

The combination of three swords played a huge role!

And with Li Xuanji's black needle, the current City Master of Bastard had not regained his senses.

Just at this time, the Blue-haired woman descended down on top of the City Lord's head. Her tender fingers were as white as snow as if they were pressing down on his head.

In that instant, the blue light completely enveloped both her and City Lord DuDu!

Under the shocking pain, he became incomparably furious. It was just that Long Chen had trapped him in that last moment forever, making him unable to move for a short period of time. It was because of this short period of time that Blue-haired woman had activated the secret death technique!

At this moment, City Master Bastard let out an even more miserable scream. He struggled frantically, the huge power instantly tearing him apart and in that instant, eternal control over him. Whether it was Long Chen, Ling Xi or the Blue-haired woman, under his struggle, it was like a small boat atop the ocean storm, it could be blasted away at any time!

Once it was repelled, all the previous efforts would be for naught!

"All of you, scram! You want to kill me? His body was like a huge beast, struggling time and time again, giving Long Chen and the others huge blows.

Ling Xi was right beside him, so she absolutely could not let the other party escape. Thus, at this moment, his eyes were blood-red, and she had become even more crazy than the other party.

Ling Xi's sword was still stabbing into the opponent's body, but Long Chen took out the God Slaying Sword, as though he was going crazy, he pierced through the opponent's body again and again!

His eyes were bloodshot as he roared.

"You dare to touch my people, dare to harm my brother!? I swore long ago that I will make you pay!"

"You have nine lives, do you still have one now?"

"I'll kill you! Fight back and give it to me! "

In that short moment, he had turned into a hornet's nest. It could even be said that he was riddled with holes, and fresh blood dyed Long Chen's body red.

When the City Lord's body finally softened from his terrifying struggle, Long Chen was still crazily piercing at him. He had too much anger and hatred in his heart to vent out.

"Brother Chen, he's dead." Ling Xi reminded her in a small voice.

Only then did Long Chen come back to his senses. Under his repeated stabbing attempts, City Lord Bastard had already lost his human form, and he looked at the berserk Long Chen with incomparably shocked, painful, and even fearful eyes.

Even though both of his eyes had popped out, Long Chen could still feel his fear of himself!

At the last moment, the Blue-haired woman above his head spared no effort to pull out the corpse of the City Lord, turning it into a dead silence of ash, dissipating completely in the air.

Long Chen held onto both swords, and pulled Ling Xi's delicate body into her embrace, as she looked around in a daze.

"Is he ... really dead?"

Long Chen looked around blankly, staring blankly at his surroundings.

Ling Xi also didn't know that in her impression of Yue Yang, she knew that the City Lord would always be that kind of monster that couldn't be killed.

The entire starry sky was in a mess, with fragments of the stars everywhere.

At this time, after the Blue-haired woman finished her secret technique, she landed before Long Chen. Her beautiful eyes flashed with a strange light as she smiled flirtatiously at Long Chen and said, "Is she really dead?"

Long Chen finally reacted.

That's right, the only reason he killed this guy was to revive his sister.

Just at this moment, Yang Lingqing, who was in the middle of the Divine Kingdom, finally returned to the state of being a living person from the state of being a sculpture. She first felt her state of being in astonishment, then looked around her in a daze.

"Big Sister Xuanji, there's still ..."

She and Li Xuanji had a master-disciple relationship in the beginning, but it ended up like sisters. Li Xuanji also didn't teach her anything, so she called her sister instead.

"Where's my brother?" Yang Lingqing asked in a daze.

At this time, Long Chen allowed everyone to leave the Divine Kingdom.

Seeing Long Chen, Yang Lingqing finally calmed down a lot. She looked around blankly, and asked: "Brother, why would I be here?"

Yang Lingqing came back to life, and Long Chen's eyes filled with tears.

Through the Boundless Star Dragon Diagram, Long Chen could see from the perspective of the Great Emperor of Desolation that the Ghost Kings had disappeared since then. All of the City Masters' power had completely disappeared from this world, and even the people who had turned into ghosts had suddenly recovered after the curse had been lifted.

Everyone looked at their surroundings blankly, as if they were in a dream.

Ye Futu, the bodies of Tian Yuanzi and the Lord of the Demonic Dragon Palace, all of their power that belonged to the City Lord had disappeared. Surrounded by the strong, they looked around in a daze, their eyes gradually revealing an expression other than fear.

It was over.

Chapter 1690 - Dragon Soul Divine General

Long Chen's heart was the one with the most turmoil.

Facing Yang Lingqing's questioning, he calmed himself down and told her everything that had happened since the Grand Moon Demon World. He told her everything so lightly that no one knew how dangerous it was.

After hearing all of this, Yang Lingqing's face was in a daze. Her eyes revealed tears, and she gently leaned into Long Chen's embrace in pain.

Everything that Bai Yang Town had regarding Long Chen and Long Qinglan, were just Long Qinglan's memories for other people. Long Chen was indeed older than Bai Yang Town, but in reality, he and the people of Bai Yang Town were not blood related at all, including Yang Lingqing.

No matter what, she was Long Chen's most beloved sister, and to Yang Lingqing, Long Chen was always her elder brother that she respected and respected. Even though there were still some feelings of admiration within their relationship, it was normal for other siblings.

This peace of mind lasted for a very long time.

Blue-haired woman interrupted this peace, and revealed a charming smile towards Long Chen. That sweet voice sounded softly beside Long Chen's ears.

"Then, goodbye. However, I think we will meet in the future, little brother ..."

She did not reveal her name, but instead chose to twist her waist and leave Long Chen's line of sight after resolving this issue.

"Who is this woman?"

The three women that were left behind asked the same question at the same time.

Long Chen explained somewhat awkwardly, and they finally understood.

Long Chen suddenly felt like he was in a dream.

Little Wolf, Little Cat, Ling Xi, Li Xuanji, and her sister Yang Lingqing.

It seemed that this was the first time the six of them had gathered together in such a group. They all knew each other, but this seemed to be the first time that they had truly gathered together.

The most important people in his life were all in front of him now.

It was already the happiest thing that had happened to them since they were safe and had great prospects.

Long Chen explained the situation of the Three Great Imperial Domains to them first, reassuring them.

This was the Realm of Myriad Kingdoms and also the homeland of their memories. After returning here, everyone would naturally miss it a lot.

"Brother, should we go home to take a look?" Yang Lingqing asked excitedly.

Bai Yang Town was the place where Ling Xi and Long Chen walked together. The Source Spirit City was the base of operations for Long Chen and the wolf cub, as well as the place where they met up.

However, Long Chen shook his head and said, "Let's come back later, I need to go back to the Three Great Imperial Domains first. True Martial Emperor and the Lord of the Demonic Dragon Palace are about to undergo the tribulation, let's clean up the mess over there and come back for a while, how about we do it again?"

"Alright." There would be many more opportunities in the future, so Yang Lingqing was not in a hurry.

They all knew that Long Chen respected the True Martial Emperor. But right now, the True Martial Emperor was about to face his most important moment, so it was impossible for Long Chen to first travel for a while before returning.

This was a person who, in Long Chen's life, was both a teacher and a father, but was nothing at all.

After deciding on his course of action, Long Chen let them all enter the God Kingdom and decided to travel by himself. After all, his speed was the fastest.

After advancing for about several hundred kilometers, Long Chen came to a shocking stop.

He suddenly realized something terrifying.

At this time, he suddenly turned his head around, only to see a tall man standing behind him. It was impossible for Long Chen to describe the aura this man brought him, but it was a man in golden armor.

This man had an imposing demeanor. He looked masculine and handsome, and he was full of power. His eyes were full of killing intent, and no one dared to look at him directly.

Such a person had followed him for several hundred meters, yet he hadn't discovered him.

He's right behind me!]

Fortunately, the other party didn't seem to have any ill intentions, but what Long Chen was certain of was that the opponent's realm and combat ability was definitely above that of City Lord Wasteland, and was also the first person in Long Chen's current state to feel powerless.

The most important thing was, the other party was also a Dragon Fighter, so they should be a fire type Dragon Fighter.

The Three Regions Nine Realms was only one of the core of the Dragon Sacrifice Continent. With how huge the Dragon Sacrifice Continent was, and with the countless number of cores, areas that he needed to explore, there would definitely be countless strong experts there. Furthermore, the Immortal God Realm had gathered all of the strongest experts there, so even though he could be considered the overlord of the Three Regions Nine Realms, he was not the strongest person in the entire Dragon Sacrifice Continent.

Seeing that the other party did not have any evil intentions, Long Chen stabilized himself and cupped his hands: "May I ask who you are? Why are you following me? "

The man dressed in the Golden Divine Dragon Battle Armor answered straightforwardly, "I am the Dragon Soul Divine General who was sent to guard the lower realms under the Immortal God Realm. I am one of the more than twenty core members of the Three Regions Nine Realms. My name is Ao Zhan. "

Long Chen was stunned by the other party's identity. He did not expect him to be from the Immortal God Realm.

With so many mortals in the lower realms, it would be reasonable for them to send people down here to guard the place. Furthermore, with Ao Zhan being able to control over twenty core members, it was likely that his position would not be low even in the Immortal God Realm. He should be the kind of person who would far surpass himself.

This was the first time Long Chen had met a Divine Realm expert whose talent and strength far surpassed everyone in the Dragon Sacrifice Continent. The Immortal God Realm was his true homeland

and also Long Qinglan's homeland. Long Chen had always had a huge yearning for this place. It was the place he was destined to go.

Dragon Soul Divine General?

This name is so mighty, it must be related to the Dragon Fighter.

Long Chen then asked: "May I ask Lord Dragon Soul Divine General, if you follow me, do you have any instructions?"

The Dragon Soul Divine General called Ao Zhan said, "The commotion caused by your battle earlier had alarmed me, who is currently cultivating in seclusion. I have been in closed-door training for several hundred years now, but I never thought that a battle of this level would actually occur here.

If he knew, it might have stunned him. Long Chen thought for a bit, the matter of the City Lord who died in vain had already passed, if he let the people of the God Realm know, a thorough investigation, it would definitely involve him too much, and it would be bad news when the time comes. The other party not knowing about the City Lord's death, therefore, Long Chen decided not to say anything more, and said: "As the strong, protecting the weak is my responsibility.

With such a sincere point of view from Long Chen, the Dragon Soul Divine General still approved of Long Chen. "Your skills are pure, young and promising, with great potential and great potential, and you are a good seedling. You also have a great sense of responsibility, otherwise, with such a large battle disturbance and you being at the weakest region on the edge of the Dragon Sacrifice Continent, I would have brought you to justice long ago."

Long Chen felt a lingering fear in his heart.

However, if this fellow had appeared a little earlier, he wouldn't have had to go all out to deal with the City Lord. Of course, if the City Lord had truly revived, the Dragon Soul Divine General wouldn't have been his match.

Long Chen did not have the intention to take credit, and suppressed this matter at the bottom of his heart.

It was only now that Dragon Soul Divine General Ao Zhan had revealed his intention of following Long Chen. He said, "According to the public laws of the Realm of the Gods, you already possess the battle power of Sixth Stage of Nirvana Tribulation, but you are only a thousand years old. You belong to the mortal world of the lower realms, and your talent has broken through its limits, surpassing even a portion of the geniuses of the Realm of the Gods. The God Realm has set down the rules that people like you must enter the God Realm to be groomed at a higher level. Those who view the higher level world are not qualified to stay in the lower realms to disrupt order.

Hearing this news, Long Chen didn't know whether he should be happy or not. He had already decided that one day he would go to the Immortal God Realm, but he himself didn't have the time to do so. It would be best if a few years later, or even a dozen years later, he still didn't know the method to go to the Immortal God Realm.

However, from the looks of it, he wanted to take her away immediately?

Long Chen then asked, "Does Lord Divine General mean that you will bring me to the Immortal God Realm immediately?"

Ao Zhan was very amiable as he said, "According to the law, this is naturally the case. Your talent is extraordinary and you are rarely seen in the lower realms. A hundred years from now, you might even be invincible in the entire Dragon Sacrifice Continent.

Long Chen naturally understood this problem.

Long Chen's talent was already a threat to the people of the lower realms, and was an unstable factor. The Realm of the Gods would not allow the unstable factors to exist in the lower realms.

Thus, it was like a warning.

Long Chen said, "I just finished off my opponent. There are still a lot of things that I must do, but I hope that the Divine General will give me some time to take care of the matter of me saving all the citizens."

Hearing this, the Dragon Soul Divine General was silent for a moment before speaking, "Alright, I can only give you one year's time at the most. One year later, today, I will come to find you as promised."

One year?

Although time was a bit tight, in reality, if he really needed to deal with the matters of the Three Regions Nine Realms, a year's time would be more than enough.

The Dragon Soul Divine General did not force him to do anything, so Long Chen happily accepted the other party's request.

However, from this Dragon Soul Divine General's body, Long Chen seemed to have seen the miniature image of the Immortal God Realm.

Long Qinglan was born in this kind of world.

After giving Long Chen a year's time, Ao Zhan disappeared.

Long Chen and the rest looked at each other, smiling bitterly.

However, the battle never stopped.
