Chapter 171 – 400 Thousand Deity Jades!

Only six of the eight members showed up in the end .

Everyone was on tenterhooks . Although two people were still missing, obviously the result would come out soon .

Dongfang Xuanxiao, who was sitting in the middle, also opened his eyes . He looked at Long Chen's team with a calm face, seeing that they entered the yard . In the meantime, everyone around turned to look at their arms .

“Three, three, and three!”

The seniors were a bit surprised when looking at the Jin Sheng'en's four-man team .

Apparently, Jin Sheng'en and Chu Yunxi had three jade crystal bracelets on their arms respectively, while the other Juvenile from the Gold Faction also had three jade crystal bracelets .

Combining the two teams, the total number of jade crystal bracelets had reached 12 . It indicated that they basically had robbed everyone else in the Qi Tian Road .

“Twelve bracelets?”

Jin Luan and Chu Tianxiong were a bit dissatisfied . According to their estimation, they should have obtained more .

“Is it...?” When they looked at Long Chen and Yin Mengyao, they were greatly abashed, with their eyes wide open .

“Three, three! They both have three jade crystal bracelets . Plus the other 14 ones, they have 20 jade crystal bracelets in total, which means...”

Everyone was staring at Long Chen and Yin Mengyao in an astonishment . Without a doubt, Yin Mengyao's competence could at least rank the Top Five . Many people thought that she couldn't go too far because Long Chen was dragging her behind . However, it was Long Chen who created a turning point for her!

Long Chen had three jade crystal bracelets, which meant that the rest two Silver Faction members would get zero point .

In this case, the four winning teams stood out .

Gu Batian's face was full of amazement . Gu Cheng and Liu Gui from the Purple Faction also completed the mission as they had kept their jade crystal bracelets safe!

When Gu Cheng came back, he had heard of the story about Long Chen saving them . As a result, he was not surprised for Long Chen's outstanding performance at all .

Seeing the three shining jade crystal bracelets on Long Chen's arms, Liu Yuan and Liu Lan were stunned . They looked at each other, feeling extremely incredible .

"Three, three..."

It meant that they had already taken down two teams . That was the best performance in this Qi

Tian Road examination .

"Long Chen is such a remarkable boy . " Liu Yuan came to himself, touching his long beard and giving his compliment with a smile . He looked so proud on his face .

"Perhaps Yin Mengyao is more powerful . "

Liu Lan was feeling difficult to accept the outcome . After all, Long Chen's rivals were the most horrible people in the outside families . How could Long Chen have acquired such amazing result when he just reached the initial stage of the Earth Dan Realm?

She fell into a trance when seeing Long Chen's smile, feeling unreal .

"The final battle will take place at the Cave of Life and Death . We will see their true competence there . I hope that he would perform well too . " Liu Lan also prayed for Long Chen in the dark .

In the meantime, Dongfang Xuanxiao took a glance at the 20 participants one by one: "Now we have the winners for the Qi Tian Road battle . It's obvious to see the four teams that stood out . I won't mention them again . Now I will announce the second grouping plan . "

Dongfang Xuanxiao had always been a stern and resolute person . He had already began the grouping for the next challenge while everyone else was still feeling astonished by Long Chen's performance . The winning participants including Long Chen, got concentrated immediately .

"We will regroup the two-person teams . You will be arranged in different teams . The first group: Jin Sheng'en, Liu Qiong, Liu Gui, Yin Mengyao! And the rest will be the second group . "

Yin Mengyao was placed into the first group, which meant that Long Chen was in the second group . His rivals would be: another Juvenil from the Gold Faction, Gu Cheng from the Purple Faction, and of course, Chu Yunxi from the Green Faction!

After confirming the regrouping, Chu Yunxi and Long Chen took a look at each other . Seeing Chu Yunxi's excited but grim eyes, Long Chen merely smiled lightly .

He expected this result as well . He still remembered that Chu Yunxi had finger-attacked him before, and he was still holding the grudge .

"Come on, either you or I must get into the inner faction . " Yin Mengyao turned around and looked at Long Chen . On her charming face appeared an attractive and confident smile .

“Deal .” Long Chen confirmed .

In the meantime, Dongfang

Dongfang Yunxiao continued: “Now the regrouping is completed . You can take a short break . When you come back at tomorrow noon, we will officially begin the battle at the Cave of Life and Death .”

“Yes!” Everyone must follow Dongfang Yunxiao’s order, including the seniors .

“Wait .” The Silver Faction senior interrupted him, looking at Yin Mengyao calmly and spoke: “Yao, where are Li Feng and Wang Tong?”

Long Chen had already known that they would ask such question . Since he was the one who killed them, he would never hesitate to admit it . However, before he confessed, Yin Mengyao was one step ahead and spoke flatly: “I killed them” .

Hearing such indifferent tone, everyone was shocked and silenced, while the the Silver Faction senior tightened her face, appearing to be sullen and grim .

The new generation of Silver Faction used to be the most dashing group among the nine outside families, but now, Yin Mengyao alone became their only hope . What was wrong?

As for the grudges between Ying Mengyao and Li Feng and Wang Tong, the Silver Faction senior was well aware and had always been interfering their fights . However, she didn’t expect that they still had a decisive battle in the Qi Tian Road .

“Well, let it go .” The Silver Faction senior let out a long sigh . She looked much older with that frustrated face in a moment .

Realizing that she didn’t look into the fact, Long Chen felt relieved . If he admitted that he killed Li Feng, this old lady must not spare him . Luckily, Yin Mengyao took the bullet for him by risking great danger .

That was just a small incident . Soon enough, everyone gradually went away under Dongfang Xuanxiao's arrangement . Before leaving, Chu Yunxi even threw a provoking expression towards Long Chen, making a throat-cutting mimic .

"Stupid . " Long Chen despised him in the dark .

At that moment, the seniors of nine outside families were going to leave with their members . Dongfang Xuanxiao took the lead . Seeing that Dongfang Yunxiao left, Long Chen said to Yin Mengyao standing by his side: "Mengyao, is this Lord Xuanxiao very powerful? It seems that all the seniors are afraid of him . "

A sign of admiration appeared on Yin Mengyao's face: "In the Eastern Azure Dragon Faction, there are four powerful members under the supreme leader, they are Feng, Yu, Yun and Xiao . Amongst them, Lord

them, Lord Xuanxiao is the strongest one . He is the master regarded as the Most Powerful Figure under the Heaven River . What do you think?"

"Under the Heaven River?" Long Chen suddenly realized that the Heaven River Realm might rank right above the Heaven Dan Realm .

The Heaven River, known as the river for 18 zodiacs in the sky . The Heaven River Realm possesses the heavenly power of stars, which was a terrifying existence! As Xuanxiao was considered as the most powerful figure under the Heaven River, he must have mastered extremely profound techniques .

"Long Chen, I'm going now, see you tomorrow noon . "

After finishing her words, Yin Mengyao left together with the Silver Faction senior . Perhaps she would detail the story about Li Feng and Wang Tong . Besides, she was intoxicated by viper venom, she needed a good rest for two hours for the next battle .

As for the Green Faction, the Chu's family had already left, but Liu Yuan and Liu Lan were still standing there in a trance . At the moment, Gu Batian walked over with laughter, greeting with Liu Yuan and patting Long Chen's shoulder: "Good guy, you're doing quite well! I appreciate your performance!"

Liu Yuan and Liu Lan were all confused .

“Mr . Gu, what do you mean?” Liu Yuan asked with some doubts .

“He save Gu Cheng and Liu Gui’s life under the attack of a pack of Abyssal Poison Scorpions . How awesome is that!”

Gu Batian also showed a trace of gratitude on his face . After all, Gu Cheng was his grandson who almost lost his life!

Abyssal Poison Scorpion was a Level 4 Profound Grade toxic beast . Under the attack of a pack of Abyssal Poison Scorpions, Long Chen still saved two people, which meant that he must have achieved an equal martial level of Gu Cheng?

“Senior Gu, you told me before, that we should look after each other . This is what I’m supposed to do, it’s nothing . If I got into danger, they would help me too . ”

Long Chen responded him with sincerity .

Indeed, speaking of personality, Gu Cheng and Liu Gui were similar with Gu Batian . They were good people, zealous and earnest .

After the battle in the Qi Tian Road, Long Chen’s team was in need of good preparation . Instead of bothering him, Gu Batian took them to the resting place, providing one room for each of them .

The peak of the Cave of the Cave of Life and Death was freezing cold and gloomy . Only when they entered the solid house built by Lingwu Family could they feel warmer .

“Come and see these two little guys, let’s check what’s inside . ”

After closing the door, Long Chen showed his true color and took out Li Feng and Wang Tong’s Cosmos Pouches . That was the first time he killed someone and got the treasure, so he was a bit excited .

“So many deity jades!” Long Chen got exhilarated when seeing so much property .

They sorted out these jades and finally got the statistics . Long Chen’s face was full of smile .

“We have 400 thousand deity jades . How rich are these two guys...”

After killing someone and taking treasure from them for the first time, Long Chen tasted the blood . He couldn’t help fantasizing how rich he could get if he made money in such speed .

“How many spirit grasses can I trade with these deity jades?” Ling Xi turned her head sideway, supporting her chin with her arms, blinking her big eyes and pondering .

“Let’s check if there’s anything else!” Indeed, they saw assortment bit of everything beside the deity jades . In Wang Tong’s Cosmos Pouch, there were even some girly stuffs like underwears . However, with the presence of Ling Xi, Long Chen must act like a decent man and refrain himself from looking at them .

“Profound Elementary-Grade Martial Technique, Profound Intermediate-Grade Martial Technique, numerous spirit medicines, and a Profound Intermediate-Grade Weapon . ”

Among the other items, many were Profound Elementary-Grade spirit medicines and some Profound Intermediate-Grade ones . The most precious item was the Profound Intermediate-Grade Battle Halberd!

The battle halberd had a brilliant black body, of which the edge was sharp and shining, constantly giving off a trace of alidity .

Long Chen flipovered the battle halberd and took a closer look, discovering a tattoo of deity dragon on it . A deity dragon was puffing clouds and smokes, which appeared to be very intimidating .

“Is it the Azure Dragon’s Battle Halberd, isn’t it?” Ling Xi was a bit surprised though .

“No, it’s not .” Long Chen flipovered the battle halberd for a few times and said: “I guess it’s a replica . But anyway battle halberds are great weapons, I like them .”

“Since Mo Xiaolang has obtained the Sky Wolf Phantom Blade, why don’t you try to fight for the Azure Dragon’s Battle Halberd?” Ling Xi spitted out such words abruptly .

Chapter 172 – At the Life and Death Cave

“The Azure Dragon’s Battle Halberd?”

Indeed, Long Chen had some expectation of this item . However, at the moment, he was still a galaxy away from being qualified to compete for the legendary divine weapon .

Although the battle halberd was a good stuff, and Long Chen liked it too, he couldn’t use it temporarily . He had no choice but to put it away .

After they stayed there and took a rest for a while, the noon was arriving soon .

When the time came, Long Chen followed others to the big yard that they saw before .

The weather was gloomy and thundery to the utmost . It became so desolate and sombre between the heaven and earth, even in the afternoon .

“Let’s go to the Cave of Life and Death .”

Under the lead of Dongfang Xuanxiao, the members of outside families marched towards the Cave of Life and Death .

Long Chen was hanging with Gu Batian’s group and almost becoming a Purple Faction member .

Liu Yuan was the deacon of Green Faction, yet he got dumped by Chu Tianxiong, which extremely upsetted him . At that moment, he could only count on Long Chen's final performance . If something bad happened to Long Chen, Liu Yuan would possibly be the next tragedy .

Liu Lan was also well aware of that . It was mainly her fault to break up with Chu Tianxiong's family . She was guilty about that .

However, she saw that Long Chen was acting so casual, without any nervousness .

"How exactly is his true capability?" Liu Lan felt a bit headache .

Even with so many people around, Long Chen could spot whoever he wanted . At the moment, Chu Yunxi and Jin Sheng'en and so on were gathering together and whispering, while Yin Mengyao came to Long Chen's side .

Except for the Green Faction, the Purple Faction, the Gold Faction and the Silver Faction, all the seniors of other outside families were just watching them for fun for this time .

Feeling that some people's rage were being thrown onto his face, Long Chen had easily figured out that it was definitely Chu Yunxi and Jin Sheng'en .

These two guys were tricked by Long Chen once in the Qi Tian Road . In the combat at the Cave of Life and Death, they might reach a final resolution .

"Brother Chu, are you

sure about that?" Jin Sheng'en asked .

"After he reached the peak of Human Dan Realm, I defeated him once . He was completely vulnerable . Now he entered the Earth Dan Realm and became more powerful, but still he will die for sure under my Profound Grade Advance Martial Technique . "

Chu Yunxi spoke with confidence .

Jin Sheng'en nodded and said: "We have two combats in total . You still have one more powerful rival, Gu Cheng . But Gu Cheng was poisoned before, you can defeat him as long as you perform normally!"

Chu Yunxi nodded and said: "Brother Jin, now you only have one powerful rival left, which is Yin Mengyao . It seems that you have a great possibility of getting into the inner faction!"

Jin Sheng'en nodded and spoke with confidence: "Yin Mengyao isn't an ordinary person . She has achieved advance martial technique, Obliterating Ocean Seal, but she can never compete with me, unless she has another Profound Grade Advance Physique Martial Technique that I'm not capable of . Brother Chu, just hold on and fight for it, and then we will become the two disciples of Lord Xuanxiao in the end!"

"Lord Xuanxiao is absolutely the best and most powerful figure under the Heaven River Realm . " Chu Yunxi's eyes were filled with admiration .

Soon afterwards, Long Chen's group arrived a valley on the top of the mountain . After their arrival, the yin energy around aggravated even more . The nearby land became more desolated, making it difficult for even the toughest plant to grow .

"What a large valley!" Gu Cheng lifted up his head, deeply frowning his forehead .

In the air there was a rotten smell .

"The Caves of Life and Death are on the mountain wall on both sides of the valley . This is a natural battlefield where we can not only fight, but also watch the combats . "

Gu Batian explained .

Soon, Long Chen saw some caves of small sizes .

“In the Caves of Life and Death there are all sorts of toxic beasts . You can also see the Abyssal Poison Scorpion and the Dismal Serpent Spirit here as well, which you have met before . But Lord Xuanxiao might not choose a too difficult environment, I think . ”

Soon afterwards, Dongfang Xuanxiao, who was walking at the front, suddenly stopped, turned around and said: “Well, I’ll stop here now . The first group, Jin Sheng’en versus Liu Gui! The battlefield

battlefield will be the Everglade in the Cave of Life and Death . ”

Hearing that his rival was Jin Sheng’en, Liu Gui somewhat changed his face .

“It’s fine, if you can’t beat him, you can just surrender to him . I will be watching you here, and I won’t allow him to hurt you!” Gu Batian patted Liu Gui’s shoulder and laughed .

“Besides, the Everglade isn’t too bad anyway . You should be fine as long as you are aware of the toxic crocodiles under the marsh . ”

Gu Batian explained to Liu Gui while following Xuanxiao into the first Cave of Life and Death .

It was a huge cave of 100 square meters . Within less than 20 meters of walking, they were suddenly enlightened . A giant hemispherical space appeared .

Walking to the front, Long Chen discovered a founderous marsh under the hemispherical space, which was full of rotten smell . Numerous bubbles of different sizes were blasting on the surface of this marsh .

“Battling on this Everglade requires to use true Qi to control one’s body and to keep oneself from falling . Such a combat is indeed a bit tricky . I might sink into the bottom of marsh if I get distracted even for a little . I assume that some toxic beasts are also hiding under the marsh . ”

Long Chen said to himself in secret while looking from the edge of marsh .

At the edge, all people deployed in a line . At the moment, Dongfang Xuanxiao spoke at the front: “The first combat of the first group, now begins! According to the rules, there are only two ways to determine the winners and the losers . First, you surrender . Second, you lose your combat power and lose your consciousness . ”

There was a special and resolute power in Dongfang Xuanxiao’s voice, making others difficult to resist him .

“Jin Sheng’en, Liu Gui, go ahead . ”

Under his order, Jin Sheng’en showed a hearty smile, his toe tip slightly touching the ground and flying to the marsh . He used his toe tip to touched the mud very gently, and his pose looked extremely dashing, which won the applause from the audiences .

“What the hell . ” Long Chen reviled in the dark .

At the moment, Jin Sheng’en looked at the Dragon Faction, joining his hands together: “Mr . Liu, after you . ”

On the surface he was asking Liu Gui to start the

start the combat, but in fact he was provoking Long Chen .

However, Liu Gui wasn’t a coward either . The selection held by the inner faction was vital, and who didn’t want to give it a try? Therefore, he reached the marsh in the same way without saying a word, staring at Jin Sheng’en coldly .

“Let’s begin . ”

Though his rival was known to be the legendary first genius of the outside families, Liu Gui wasn’t afraid of him . After all, he was also a talent who had reached the Earth Dan Realm, which was more or less the same as Jin Sheng’en .

“Gilding Physique?” Seeing the vaguely floating, light golden and wave-shape radiance on Jin Sheng’en’s body, Long Chen somewhat changed his face .

“They are both Profound Grade Advance Physiquess . Is the Thunder Flame Physique or Gliding Physique more powerful?”

The combat between Jin Sheng’en and Liu Gui began soon .

Liu Gui’s combat power was quite amazing, proving that he deserved the title of genius . However, Jin Sheng’en was better . With his Gliding Physique, he hit Liu Gui and made him fall into the marsh, basically without casting too many martial techniques .

When Liu Gui crawled out from the marsh, Jin Sheng’en’s hands have already clutched his neck . If he made any moves, his neck might be broken straightly by Jin Sheng’en .

“I surrender .”

Finding that he could never compete with Jin Sheng’en no matter how hard he tried, Liu Gui could only give in to him dejectedly .

“You’re tactful .” Jin Sheng’en smiled, looked at Long Chen’s side with pride, and then returned to the Gold Faction’s team in a stylish manner .

“Gliding Physique, what a doughty technique, I...”

Seeing such situation, Yin Mengyao was a bit concerned . She mastered the Profound Grade Advance Battle Halberd, so did Jin Sheng’en . However, she didn’t grasp the Profound Grade Advance Physique Martial Technique, while Jin Sheng’en did .

Her odds to win weren’t big .

Long Chen also saw how powerful Jin Sheng'en's Gliding Physique was . Even he himself wasn't sure about defeating Jin Sheng'en without getting hurt .

"The first round, Jin Sheng'en wins . Next, Yin Mengyao and Liu Qiong . "

Liu Qiong was the guy who had been slapped by Long Chen for looking down at him . At the moment, his face was still carrying a palm print, giving a hilarious look .

"What are you laughing at?!" The senior of the senior of the Gold Faction, Jin Luan yelled in anger .

He was the most awe-inspiring senior for this time . Three talens in the Gold Faction all entered the finals at the Cave of Life and Death . With Jin Sheng'en, he felt certain about getting at least one Gold Faction member into the inner faction .

Soon enough, Yin Mengyao and Liu Qiong began the combat . Without no doubt, Yin Mengyao casted the Obliterating Ocean Seal, just as the last fight, and vanquished her rival easily .

"Well, now you and Jin Sheng'en must fight for one quota to get into the inner faction . " Long Chen smiled to her .

"I'm no rival to Jin Sheng'en . Long Chen, I need to rely on you for Xiaolang's matter . " Yin Mengyao said to him abruptly .

Long Chen paused for a bit and remained silent .

At the moment, the first round of the first group was finished . Liu Qiong and Liu Gui were out, Jin Sheng'en and Yin Mengyao were in . Then the first combat of the second group began .

As Dongfang Xuanxiao was the person to arrange the grouping, Long Chen had no idea who his rival would be .

In fact, even his rival wasn't Chu Yunxi, if they both won this round, they would fight each other in the end .

“The first combat of the second group, let's welcome Jiang Liu and Gu Cheng!”

Long Chen shuddered . It meant that he would be the rival of Chu Yunxi in the first combat .

In the meantime, Chu Yunxi happened to look at him as well . In Chu Yunxi's eyes, Long Chen still saw madness and malignity .

“Long Chen, you're dead .” Chu Yunxi was moving his lips without making a sound .

As long as he could attack him fast enough, he could finish Long Chen even before he surrenders . After all, Dongfang Xuanxiao didn't make it clear that no rivals could be killed in such life and death combat .

Long Chen didn't give a damn about him at all . Turning around, he saw that Liu Lan was staring at him in a trance, her eyes brimming with concern and worry .

“Hey, if I defeat him, can you allow me to touch your big rabbits?” (Note: it's a symbolic joke among the guys to indicate girls' big boobs)

Long Chen moved his head towards Liu Lan and leered at her .

Chapter 173 – A Fierce Combat with Chu Yunxi! Translated by: Hui

In the inner faction review and validation, only 5 people could directly acquire the qualification for the selective trial, including Yin Mengyao, Chu Yunxi, Gu Cheng and Jin Sheng'en, whose initial mastery stage of Earth Dan Realm was somewhat more powerful than others .

That was why Yin Mengyao and Jin Sheng'en could succeed in their previous combats .

Gu Cheng was in a similar situation . However, as he was injured before, it took him great strength to defeat the other geniuses from the Gold Faction .

Three talents from the Gold Faction had entered the Level 2 Challenge taking place at the Cave of Life and Death, yet two of them were eliminated in the first round of combat .

After Gu Cheng obtained the victory, the most exciting battle that everyone had been looking forward to would soon begin – Long Chen versus Chu Yunxi .

Since the drama about Liu Lan’s happened, rumours about Long Chen and Chu Yunxi’s conflicts had been spread through the entire city .

Gossips were always exhilarating . That was why everyone had a boiling passion when seeing Long Chen and Chu Yunxi confronting each other for a decisive battle .

“Next, Chu Yunxi versus Long Chen . Go ahead!”

In a dusky environment, Dongfang Xuanxiao’s eyes looked like a lamp, throwing onto Long Chen and Chu Yunxi .

Finally it was Long Chen’s turn . He remained calm and composed, touching the ground softly with his toe tip and flying to the marsh .

From the other side, Chu Yunxi also jumped into the marsh . The two rivals stood still in a distance of 15 meters, confronting each other from far .

They had been holding too many grudges until then . They could already skip the provoking part .

“Let’s make a deal, what do you think?” Chu Yunxi spoke flatly before making the first move .

“If you want to fart, do it quickly . Show me how loud was your farting before I respond to you . ” Long Chen put up a poker face .

The remaining ladies burst into laughter immediately for his words . Long Chen was so hilarious .

That was not the first time he saw him showing of his eloquence . Though flaring up in the dark, Chu Yunxi still held

back his temper when thinking that he could take care of Long Chen soon .

“Before one of us dies, whoever surrenders will be the grandson of his rival . He must kowtow to and call the other “Grandpa” for three times . What do you think?”

“Oh?” Long Chen looked at him with great interest and said: “ Do you want me to take you as a grandson for nothing? But you, you don’t get my favor in my eyes . ”

“Just cut the craps . Say yes or no, be blunt if you’re a man . ”

“Of course I’ll say yes . ” Surrender was never Long Chen’s style .

“Then let’s begin . ”

Chu Yunxi felt much relieved after successfully tricking Long Chen .

He knew that Long Chen was a straightforward person . At the moment, he felt much confident about killing Long Chen .

Naturally, Long Chen would like to use [Dragon Soul Transformation] to “welcome” Chu Yunxi .

Each kind of mastery of techniques coming from the mysterious essence blood was a great backup for Long Chen . Any sort of Beast Soul Transformation could never outweigh the jumbo aggregation of Long Chen’s [Dragon Soul Transformation] .

“This is your best Beast Soul Transformation?”

Seeing that perfect scarlet scales and ferocious spurs on Long Chen's body, Chu Yunxi was a bit surprised, because Long Chen appeared to be exceedingly powerful with such look .

Liu Yuan also witnessed Long Chen's transformation, getting suspicious: "Lan, why didn't Long Chen use the Beast Soul Transformation of the Enchanted Purple Dragon?"

However, Liu Lan had been well aware that Long Chen already sold the Beast Soul of Enchanted Purple Dragon to someone else . How could he possible to use such transformation?

As she had already promised Long Chen not to tell it out, she lied: "I don't know, perhaps he wants to use it as the last straw . "

She had never thought about one day she would lie to her own father for this youngster .

As Liu Yuan couldn't find any other explanations, plus it wasn't convenient to bother Long Chen at that moment, he could only give up seeking for the truth .

Meanwhile, the much-anticipated battle between Long Chen and Chu Yunxi finally began!

The air surrounding Chu Yunxi started scrolling . Soon enough, he shoot off himself towards Long Chen as a whirlwind . Under a great shock,

shock, the marsh sludge under his feet caved in, creating a huge hole!

"[Storm Seizing Finger]!"

That whizzing manner suddenly gave off a suffocating power!

"[Storm Seizing Finger]?" Long Chen wasn't afraid at all . At that moment, that sanguine power of thunder and flame was insanely circulating in his body . Soon afterwards, everybody could see that he was basically bathing in the flame, while the pulsing thunder was congested on the surface of his whole body!

“What is that?” Even the seniors of the nine outside families couldn’t understand what it was about .

At the moment, Jin Luan from the Gold Faction got suspicious for a while, and then spoke to Chu Tianxiong who was standing beside him: “It seems that he has merged the Thunder-Flame Crystals and obtained the [Thunder Flame Physique] . I have seen it before, but it wasn’t as powerful as this one . From what I see, it is supposed to be Level 2 [Thunder Flame Physique]!”

“Level 2 [Thunder Flame Physique], is that equal to a Profound Grade Advance Physique Martial Technique?” In Chu Tianxiong’s voice, there was a trace of shock .

Though he wasn’t speaking loud, as the people surround him were all experts, it was too easily overheard him .

Even Dongfang Xuanxiao, who was sitting in the middle, somewhat showed his appreciation for Long Chen .

“Uncle Four, is the Level 2 [Thunder Flame Physique] very powerful?” The way Dongfang Tianyu looked at Long Chen wasn’t quite friendly . Beside him was Chu Yunyao, who was staring at Long Chen, with a resentful face .

“Not bad, it is more or less equal to your physique martial technique . ” Dongfang Xuanxiao spoke plainly .

“More or less equal to mine?” Dongfang Tianyu was a bit surprised . “What a lucky Bastard, Long Chen! How could he achieve the Level 2 Thunder Flame Physique?”

Hearing his words, Dongfang Xuanxiao turned around and looked at him with calm eyes, speaking word by word: “Well, then what a lucky bastard you are, Dongfang Tianyu being born in the Dongfang Family?”

Dongfang Xuanxiao wasn’t very polite to him . Dongfang Tianyu was shocked in the dark, lowering his head and shutting his mouth .

He knew about his uncle's temper all too well . If he pissed him off, even his father couldn't save him .

As everyone was discussing about the Level 2 [Thunder Flame Physique], they missed a

missed a lot of wonderful combat scenes . At the moment, Long Chen and Chu Yunxi were engaging in a fierce battle!

Long Chen's blood was boiling with indignation!

After he reached the Earth Dan Realm, they finally confronted each other . Facing someone to whom he could use his crazy martial techniques, he finally broke out completely after repressing for so long!

“[Burning Heavens Demonic Sun Fist], [Scarlet Flame Burning Heavens!]”

That flaming fist and the power of Storm Seizing Finger fully collided . Suddenly, a huge air blast rose from the marsh, with its majestic force, sweeping the surroundings! In an instant, the flame's virtual shadows and the storm changes were spreading everywhere!

“Good boy, he made a progress!”

For this time, Long Chen withstood Chu Yunxi's attack of [Storm Seizing Finger] merely by using [Scarlet Flame Burning Heavens] . Such a breakthrough really scared Chu Yunxi, because he used to hurt Long Chen by the same technique before .

“He is really making speedy progress . Today I must kill him in case of further troubles!”

Thinking of that, Chu Yunxi burst out all his Qi . The frontal collision created a rebound power, making him and Long Chen flying backwards and almost falling into the marsh!

Though Chu Yunxi Stabilized his body, he still got much sludge on his clothes, which made him really angry!

“How dare you stain my clothes!”

After balancing his body, he stroke out an attack towards Long Chen again!

At the moment, Long Chen’s eyes were full of blazing glow!

“Chu Yunxi, eventually I possess the power to confront with for the first time . Now I will make you understand, that you are no rival to me at all!”

Two young talented warriors crossed their swords with each other, once again!

In the past, Chu Yunxi was using the finger attack, [Storm Seizing Finger] . For this time, he was using the same technique, but much more powerful than before .

“Liu Lan, just watch us carefully, see how Long Chen die in my hands . ”

He completely couldn’t understand why Liu Lan had her eyes on Long Chen . He didn’t know in which aspect he couldn’t compete with Long Chen .

The whizzing Qi was surging around him . Chu Yunxi’s fingers were changing all the time . The Blade-like finger phantom kept appearing constantly!

Under his attack, even the air was howling and screaming!

At the moment, Long Chen’s full body was covered by was covered by flames . Such scarlet flame appeared to be extremely bossy and destructive!

“It is indeed inconvenient to fight in the marsh . ”

Though with such obstacle, Long Chen didn't flinch . At the moment when Chu Yunxi was using a more powerful move, he suddenly rose up and stroke out a crit towards Chu Yunxi!

“[Burning Heavens Demonic Sun Fist], [Piercing Earth Demonic Sun]!”

Just like a brilliant black sun sliding down from the sky, leaving a bright scratch trace, rushing towards Chu Yunxi with a killing momentum!

“A petty craft . Go to die, Long Chen!”

Chu yunxi was grinning ,while all of his finger phantoms were rushing towards Long Chen wildly . Momentarily, finger phantoms were all over the sky .

“[Vault Phantom Finger]!”

Two energies were crashing and colliding with each other!

The air was rumbling!

The sludge in the marsh was splashing under the strike and then falling from the sky . That rotten smell assailed the nostrils . In the eyes of the audiences, two shadows in the mud were still engaging in a fierce fight!

“What?” Sensing Long Chen's powerful strength, Chu Yunxi was dumbfounded .

Not only his [Earth Piercing Demonic Sun] broke his [Vault Phantom Finger], the repercussion even gave him a huge shock, kicking him out of the field and making his Qi and blood surge up!

“It's impossible, my [Vault Phantom Finger] is an advance martial technique of the Profound Grade Intermediate Martial Technique, why can't I withstand his move? Why am I failing?”

With such an unbelievable feeling, Chu Yunxi was hit into the marsh . For this time, his image was completely overturned . Carrying all the sludge on his body, he felt extremely violent rage in his heart!

“No way!”

Chu Yunxi burst out a howl, shaking off all his muds on his body all of a sudden and rushing out from the marsh . Yet in the meantime, several attacks from the marsh were flushing towards him!

“It’s the toxic crocodiles! Go to die!”

Chu Yunxi was at the peak of fury . As a result, these toxic crocodiles were so stupid to bother him . In an instant, five toxic crocodiles were smashed into pieces by Chu Yunxi’s [Storm Seizing Finger] .

“Long Chen!”

Staring at Long Chen still intact, Chu Yunxi’s eyes were full of madness!

“It seems that you will choose to die under my move! Let me show you the Profound Grade Advance Martial Technique of Green Faction!”

Chapter 174 – The [Wind Puffing Cloud Finger] Translated by: Hui

Well, Long Chen wasn’t surprised at all that Chu Yunxi used the Profound Grade Advance Martial Technique!

“Now it’s time to see the outcome!” Long Chen smiled coldly, speeding up his movement in a second .

After seeing the collision for the whole time, everyone had learned the fact that Long Chen’s strength was completely equal to Chu Yunxi’s!

At the moment, two people were watching Long Chen with struggling and hesitation .

One of them was Chu Yunxi's younger sister, Chu Yunyao . Almost a month ago, she was Long Chen's rival . Though they only had a draw, everyone could have seen that Long Chen and she were well matched in terms of capability . However, after one month, Long Chen could even withstand her elder brother, the person she adored, the first genius of Green Faction!

She couldn't believe such a truth .

"It's impossible, impossible . It must be my illusion . " Chu Yunyao shook her head again and again, anxiously looking at Dongfang Tianyu who was standing aside . While Dongfang Tianyu, was watching the combat with indifferent eyes .

After a while, he became breathless, saying: "We're going to have an outcome soon ."

"We're going to have an outcome now?" Beside Chu Yunyao, Liu Lan was perturbed as well .

After Long Chen sold the Soul Beast of Enchanted Purple Dragon, she ascertained that Long Chen would definitely suffer a devastating defeat in the selective trial of inner faction, but things were completely out of the blue!

Again and again, Long Chen had created miracles . Today, he even yielded a brilliant performance on the stage of the inner faction's selective trial, which entirely conquered Liu Lan's heart .

In the meantime, Liu Lan was watching the vigorous and daring Long Chen, being attracted by his tall and straight figure, and suddenly thinking of the deal she made with Long Chen when she was impulsive . A trace of winy flush appeared on Liu Lan's icy but glamorous face .

"Long Chen, you're such a man of marvels..."

At the moment, this man of marvels was confronting Chu Yunxi within a very short distance!

"I didn't expect to see that you reach this realm today . However, you can never use the Profound Grade Advance physique martial technique as a Profound Grade

Advance attack martial technique . Go to die!”

For this time, Chu Yunxi casted his most powerful move . That vast momentum even exceeded Yin Mengyao’s Obliterating Ocean Seal .

The fierce wind was howling, the clouds were whirling . The screams of wind were whizzing around Chu Yunxi . A whirlwind was circling around Chu Yunxi, of which the majestic momentum was trying to overwhelm Long Chen .

“Well, you have your Profound Grade Advance Martial Technique, I do too!” Long Chen smirked coldly . At the same time, he was extremely calm, yet his Qi madly burst out!

“For this time, I must fully cast the [Sword Finger of the Demonic Spirit] under my best state!”

Previously, Long Chen had used two times of [Sword Finger of the Demonic Spirit] while dealing with the Juvenile of the Red Faction, without casting the [Dragon Soul Transformation] . His power was just ordinary . In the breakout of the encirclement, he also tried to use it on Liu Qiong who was from the Gold Faction, yet he didn’t succeed .

But for this time, his [Sword Finger of the Demonic Spirit] burst out all its combat power!

“Chu Yunxi is using a Profound Grade Advance Martial Technique .” The onlooking seniors were showing their consternation .

“I guess the Green Faction’s Long Chen might have a tough time now .”

Hearing these words, Liu Lan felt highly nervous, her fists clenching tightly .

“Look, Long Chen’s finger!”

In the midst of one exclaim, everyone looked at Long Chen . At the moment, the index finger of Long Chen's right hand had already turned into a starlight gaze, which appeared to be a brilliant gem . In the meantime, the sharp aura coming from there was also intimidating .

"He's even capable of confronting with Yunxi! It is supposed to be a Profound Grade Advance Martial Technique . " Chu Tianxiong frowned and said .

"What?" Chu Fengqing and Chu Yunyao were both taken aback . Chu Yunyao asked anxiously: "Then can my brother defeat him?"

"We'll see!" Chu Tianxiong's eyes were full of sombre . He moved his head aside and took a look at Dongfang Xuanxiao, seeing that he was watching the combat without blinking his eyes .

Chu Tianxiong was preparing a way of escape for Chu Yunxi . If Chu Yunxi failed

failed and he wanted to help, Dongfang Xuanxiao could be the biggest obstacle here .

Meanwhile, Long Chen and Chu Yunxi began the most-anticipated peak duel .

The whirlwind clouds around Chu Yunxi had reach the ultimate level . In a blink, the whirlwind started compressing insanely into an arm-size one, surrounding Chu Yunxi's finger!

That kind of explosive power somewhat terrorized Long Chen .

In the meantime, Chu Yunxi sneered at him coldly, bursting out his most powerful technique!

The air was rumbling!

One finger was piercing out, overturning state of heaven and earth!

"[Wind Puffing Cloud Finger]!"

Indeed, it deserved to be called as a Profound Grade Advance Martial Technique . Its outburst even surpassed the attack of the Obliterating Ocean Seal, which arrived the front of Long Chen, blasting out a giant deep groove on the sludge after along the way!

“Finger attack again?”

Under such attack, Long Chen still remained composed . Right after Chu Yunxi’s move, his finger stabbed forward all of a sudden!

“[Sword Finger of the Demonic Spirit!”

In a blink, a glittering aura of sword exploded on Long Chen’s finger, lighting up the entire Cave of Life and Death . Almost everyone was startled by the suddenly appearing aura of sword!

“What a strong power of sword!”

Dongfang Xuanxiao and the nine seniors of outside families were amazed .

Soon enough, the sword aura of [Sword Finger of the Demonic Spirit] had a frontal engagement with the [Wind Puffing Cloud Finger]!

Phew!

It sounded like the collision of sword and shield . First it was a sharp whizz, and then a noise of explosion came out . When everyone was watching this with an unbelievable feeling, the shield, named as the [Wind Puffing Cloud] was pierced by the sword, named as the [Sword Finger of the Demonic Spirit], and blasted suddenly in the end!

“It’s impossible!”

At the moment, Chu Yunxi's face turned miserably pale . After a concussion on his Qi, the counter effect caused his severe injury . Meanwhile, the aura of sword coming from the [Sword Finger of the Demonic Spirit] suddenly stabbed on his body, with a lightning speed and before he could even react!

“No!”

Chu Yunxi's eyes were almost splitting open . At the last moment, what he could do was to tremor his entire body with his Qi . However, under the doughty and sharp aura of the [Sword Finger of the

Spirit], his Qi was quickly shattered by the raving power . The sharp aura of sword surged into his body, turning into countless fine blades, wrecking Chu Yunxi's body .

Puff!

Chu Yunxi squirted a strand of blood, and then fell into the sludge all of a sudden, being swallowed by the sludge of the marsh . In the meantime, his blood contaminated a large piece of slush!

“Xi'er!”

“Brother!”

At the moment, exclamations came from the Green Faction . Wearing a cold face, Chu Tianxiong suddenly flew towards the place where Chu Yunxi fell into the slush, with a speed even 100 times more than Long Chen!

“If Xi'er is dead, Long Chen, I will cut you into pieces!” At the moment, Chu Tianxiong was roaring madly in the dark . A trace of sanguine color gradually appeared in his eyes .

“What are you doing, Chu Tianxiong?” In the meantime, a figure was blocking Chu Tianxiong – Dongfang Xuanxiao, the indifferent-faced leader .

“Yunxi is already injured . He has already lost . ” Being stopped by Dongfang Xuanxiao, Chu Tian xiong just came back to himself . He spoke to Dongfang Yunxiao while staring at Long Chen with sullen eyes .

“First, he didn’t surrender, second, he isn’t severely injured and lost his consciousness . I command you to go back . ” Dongfang Xuanxiao looked at him plainly . Though his tone was flat, yet was full of unresistable awe .

Although Chu Tianxiong couldn’t accept the truth, under Dongfang Xuanxiao’s cold eyes, he could only swallow the insult, took an insidious look at Long Chen and went back to where he stood before .

Meanwhile, everyone had his eyes on Long Chen .

For Chu Yunxiao and the like, it was unbelievable . At the moment, their eyes were brimming with confusion and blankness, which also contained grudges .

“Brother Tianyu, I want Long Chen die . ” Chu Yunyao burst into tears, lying on Dongfang Tianyu’s shoulder and sobbing .

Seeing how sad and poor the little beauty was, Dongfang Tianyu’s heart was almost broken . Putting up a sullen face, he looked at Long Chen coldly, lowering his voice: “Yao’er, rest assure . Long Chen cannot live more than ten days from now on . This is my promise for you . ”

“Really?” Chu Yunyao was a bit surprised by bit surprised by his words .

Dongfang Tianyu was a true inner faction member, the son of Dongfang Xuanyun who was among the Feng, Yu, Yun and Xiao in the Eastern Azure Dragon Faction . He was extremely high-regarded in the inner faction . Long Chen was doomed if he interfered this matter .

Even Long Chen entered into the inner faction by luck in the end, he must live under Dongfang Tianyu’s oppression . Dongfang Tianyu could just kill him at will by any chances .

“He defeated Chu Yunxi?” Jin Sheng’en and Jin Luan’s faces were brimming with astonishment . They looked at each other in blank, and eventually realized the truth .

“Long Chen’s talent was really heaven-defying! In the past, I didn’t understand why Lord Xuanxiao allowed him into the selective trial of the inner faction, but now I see that Lord Xuanxiao is indeed insightful . Luckily Long Chen didn’t become your rival, otherwise you two could have a difficult combat!”

Jin Sheng’en possessed the Profound Grade Advance Physique Martial Technique, so did Long Chen who also excelled at it . It meant that their combat abilities were even better than anyone else .

“Sheng’en, Long Chen and you are roughly at the same level . ” Even Jin Luan started appreciating Long Chen’s performance .

“How’s that possible?” Jin Sheng’en’s face looked so awkward . He had already breded enmity with Long Chen, and how dare Long Chen come to challenge his position as the First Talent in the outside families! Was he digging his own grave?

Since Jin Sheng’en saw that his good friend was defeated by Long Chen in this way, his eyes were suddenly brimming with murderous aggressiveness .

“Long Chen, it would be great if you were my rival . I will definitely show you who the most talented evildoer in the outside family is!”

As for Liu Yuan, he fell into a trance after seeing that Long Chen defeated his rival, not knowing how to react .

As for Liu Lan, her sexy and curvy body trembled abruptly, her little mouth slightly open, while she was watching Long Chen in a blank .

Meanwhile, Chu Yunxi eventually crawled out from the marsh with embarrassment, being covered with muds .

“Well, it’s time to let him call me grandpa . ” Long Chen thought .

Chapter 175 – Call me Grandpa for Three Times

Long Chen defeated Chu Yunxi, and Chu Tianxiong was forced to go back by Dongfang Xuanxiao. All these were truly dramatic. Everyone was watching in astonishment.

"It isn't over yet?" Dongfang Yunxiao said. Everyone was a bit confused at the moment. Chu Yunxi was already holding the last breath, being no rival to Long Chen at all. Did they really have to wait for him to surrender?

Suddenly, they thought of the betting between Chu Yunxi and Long Chen. Whoever surrenders would become the grandson of the other person. Now that Chu Yunxi didn't pass out, he didn't lose yet.

Long Chen had a sudden inspiration. He seemed to know what Dongfang Xuanxiao asked him to do.

From the beginning, Dongfang Xuanxiao had always defending for Long Chen, although he had never mentioned that. Long Chen must be a fool if he ignored that.

"Well, with the protection from this guru, I will challenge the heaven for this time." Long Chen rejoiced in his heart. He didn't care about how Chu Tianxiong felt at all, because Dongfang Xuanxiao was protecting him, and he could do whatever he wanted.

Meanwhile, other seniors also discovered such subtle preference.

"Lord Xuanxiao is in favor of Long Chen?" Such idea popped up in many people's minds, especially Jin Luan and Chu Tian Xiong, who had a strong feeling that Lord Xuanxiao wasn't very in favor of Sheng'en or Chu Yunxi, instead, he defended for Long Chen for several times in the dark.

Chu Tianxiong and Jin Luan took a look at each other, bearing an ominous premonition.

In the meantime, Gu Batian had always been happy for Long Chen. At the moment he even cared for nothing and laughed out loud: "Good boy, do you remember your deal? Come and surrender now, so that your Grandpa Three could have one more brother!"

Hearing Gu Batian's words, Chu Tianxiong turned his face sombre. He spoke with sullen eyes: "Gu Batian, what are you talking about?"

Gu Batian pouted, having no interest to care about him at all. Instead, he looked at Long Chen so much expectation. In the meantime, Long Chen had already stand beside Chu Yunxi.

Chu Yunxi had just crawled up from the muds, being covered by dark sludge and rotten smell. On his face, his blood was mixed with the slurry. At the moment, he completely lost his previous image of a magnificent beau and became an ugly person.

"Grandson, just surrender quickly. It really stinks here, your grandpa wants to leave now." Long Chen tapped Chu Yunxi's shoulder for a few times and spoke to him with a smirk.

At the moment, Chu Yunxi could merely keep himself from falling into the marsh, how could he even have the strength to fight with Long Chen?

How miserable was he! His seniors and friends were all watching him! Chu Yunxi just wanted to kill himself on the spot!

Lifting up his head, he saw Long Chen's teasing smile and victory gesture of a petty man. Chu Yunxi was angry at the beginning, but then he turned into fear.

Long Chen's smile was no doubt a nightmare for him at the moment.

"Please spare me, Long Chen. Please do me a favor..." Chu Yunxi spoke with a hoarse and trembling voice.

"Being ruthless and sparing no one, this is your grandpa's style, don't you understand?" Long Chen didn't seem like to stop.

"What do you want?"

Long Chen smiled and waved his hands: "What do I want? Now it's time for you to fulfill our promise. Kneel down and call me grandpa for three times, that's all."

Hearing Long Chen's words, Chu Tianxiong and the like in the Green Faction had reached the edge of fury. Long Chen was insulting Chu Yunxi and the Chu's family, obviously! If what happened here went around, the reputation of the Chu's family would be completely ruined.

"Long Chen, please do not flaunt for the temporary pleasure! Today you spare Yunxi's life, so that I will spare your life in the future." Though being unable to save Chu Yunxi, Chu Tianxiong still tried to threaten him by language, while standing from afar.

He was an expert who had achieved the advance mastery stage of Heaven Dan Realm, and leading an entire outside family with countless aces. Therefore, on the spot, anyone except for Dongfang Xuanxiao would show some respect for him.

But Long Chen didn't.

"Is our senior threatening me? But such threat is a bit too weak to bring me down. I, Long Chen merely follow our rules and our deal, I didn't step over the line. If I lost to him, I would surrender and call him grandpa for three times, too! How could he eat his words? Is this a habit of the Chu's family?"

Long Chen was neither humble nor pushy, even turning a blind eye to Chu Tianxiong. At the moment, everyone had a complicated feeling.

On one hand, they were amazed by Long Chen's boldness, on the other hand, they were worried that Long Chen might not be able to escape from the cunning fox, Chu Tianxiong's palms!

"Lord Xuanxiao! Please do me a favor, Lord Xuanxiao, show some respect to our Green Faction!" At the moment, Chu Tianxiong's blue veins were all standing out. He stopped talking to Long Chen, instead, he imposed some pressure directly on Dongfang Xuanxiao.

After all, the Green Faction was one of the nine outside families of the Lingwu Family and had contributed a lot to the Lingwu family. Chu Tianxiong hoped that Dongfang Xuanxiao could show due respect to them.

For this time, anyone from the inner faction would help Chu Tianxiong.

"Uncle Four, just let it go. Now we're just wasting our time for nothing." Dongfang Tianyu also took his courage to speak with Dongfang Xuanxiao, under Chu Yunyao's instigation.

"Stop." Dongfang Xuanxiao remained a calm face, yet turned to Chu Tianxiong and spoke word by word: "Are you giving me some pressure?"

"I dare not!" Chu Tianxiong said.

"Listen, this is the selective trial of the inner faction. I, Dongfang Xuanxiao am in charge of this. I do whatever I want. Since they had made the rules, we should follow them. If you say one more word, please get out from here."

Dongfang Xuanxiao's words completely shut Chu Tianxiong's mouth up.

"You!"

On the edge of bursting into anger, Chu Tianxiong thought of Xuanxiao's powerful background and abundant capability, so he could merely hold it back and swallowed his words.

By this token, Dongfang Xuanxiao had showed evident preference towards Long Chen. Everyone was speculating in the dark, how Long Chen could earn Dongfang Xuanxiao's favor.

"Lord Xuanxiao has always had an unpredictable character, so different from other inner faction members. We can never see through his mind..."

With the backup from Xuanxiao, Long Chen became fearless.

"But why does he value me so much?" Long Chen wasn't a fool, of course he could sense Dongfang Xuanxiao's preference on him – at this moment, he even got angry at a senior of an outside family for Long Chen's sake.

Turning around and looking at this somewhat horrible but majestic man, Long Chen couldn't see a clue.

"For this time, I need to find out a super powerful star here and hold him tight. Xuanxiao? Well, then it's you!"

Long Chen felt extremely relaxed when thinking of this.

He reached out and dragged up Chu Yunxi's collar, picking him up and putting up an amiable smile, saying: "Little grandson, are you going to surrender now?"

Chu Yunxi was trembling all the time. He just wanted to escape from Long Chen's demonic talons. However, his self-dignity kept telling him that he could never surrender.

"Long Chen, I'm wrong... I'm no rival to you, please spare me..." That was already the limit for Chu Yunxi at the moment.

"Exactly, I've been waiting for the chance to spare your life. Call me grandpa now. If you surrender to me, all this will end now." Long Chen spoke to him in an enigmatical manner. At this moment, he became the focus of the audiences.

"No!" Chu Yunxi shook his head forthrightly. He turned to look at Chu Tianxiong, begging for help with his eyes, however, his head was moved back by Long Chen immediately.

"Don't look at Grandpa Three. He's old and useless now. You can ask me to be your good grandpa, I will protect you in the future and beat whoever dares to touch you. What do you think?"

Seeing how presumptuous Long Chen was, the Chu's family was utterly flustered and exasperated. However, they couldn't do anything because Dongfang Xuanxiao was supporting Long Chen.

Chu Yunxi stopped talking, while Long Chen clicked his tongue: "Well, it seems that you have a stubborn temper, little boy. How about that, I'm going to strip your clothes off now, one by one. I think you will surrender to me before you get naked, right?"

"Son of bitch!" Chu Yunyao burst into tears out of anger. How dare Long Chen strip Chu Yunxi's clothes off! If that was the case, how could Chu Yunxi face the crowd anymore?

"What a ruthless guy!" Gu Batian gave him a thumb.

As for other females whoever standing for Long Chen, like Yin Mengyao and Liu Lan were secretly calling him a rogue, but worrying about him at the same time. After all, he was insulting the family of a Green Faction senior.

"Long Chen..." Chu Tianxiong's fists were clenched tightly. If Jin Luan who was standing aside hadn't stopped him, he might have already taken an action.

At the moment, Long Chen really put his hands on Chu Yunxi's clothes, smiling: "You better be hurry. I don't want to be misunderstood that I have a different sexual orientation. But you truly have a white skin and a handsome look!"

Though Long Chen was smiling while speaking, the magic power in his words were still shocking Chu Yunxi.

Imagining that he might show up his naked body in front of so many people, Chu Yunxi eventually couldn't hold his mental line of defense anymore. As Chu Tianxiong wasn't able to save him, he could only save himself. It was embarrassing, but it was better than being stripped off.

"Long Chen, Long Chen, I surrender, I surrender!"

Chu Yunxi fell into panic, even making a posture of kneeling down in the slush.

"Well, I can forgive your not being convenient to kneel down. My good grandson, could you call me grandpa for three times?"

"Grandpa! Grandpa! Grandpa!"

Chu Yunxi quickly finished the three words while suppressing his emotions. He was almost bursting into tears, because he could feel that Chu Tianxiong was already utterly disappointed by him.

"Good boy." Long Chen suddenly spat out such words before everyone could react. He reached out and threw Chu Yunxi towards Chu Tianxiong's direction.

For Chu Yunxi, his misfortune had been more than enough for the day.

Chu Yunxi was caught by Chu Tianxiong. However, he was seriously injured and in need of a good rest.

Chu Tianxiong also lost all his faces and couldn't stay here anymore. They both took a malicious glance at Long Chen, and then left the Cave of Life and Death without looking back.

Dongfang Xuanxiao didn't even pay attention to them. He looked at Long Chen for a few times, suggesting that he should come back, and then said: "Long Chen versus Chu Yunxi, Long Chen wins. Now we have only 4 people left for the selective trial of the inner faction. They are Jin Sheng'en, Yin Mengyao, Gu Cheng and Long Chen. Now we'll change to another place for the second round of combat."

Two contestants of the final selective trial of the inner faction would be decided among these four people.

According to the rules, Yin Mengyao was supposed to battle with Jin Sheng'en, while Long Chen would confront with Gu Cheng.

Chapter 176 - Ancient City Battle Yin Mengyao

Long Chen who was in the middle of the team had already surpassed the others, and had become the most dazzling existence.

The people from the other clans also looked at him from time to time, not to mention Liu Yuan and the others who were beside him, as well as Gu Batian and the others.

They were truly impressed by Long Chen's previous performance.

At this time, Gu Batian and the others all congratulated Long Chen for being able to make it into the second round. After all, in the previous situation, the pressure on Long Chen to advance was the greatest, and he was much greater than the ancient city and Yin Mengyao. It could be said that after defeating Chu Yunxi, he was simply a dark horse.

However, Long Chen did not dare to tease her anymore. Previously, when he said that he was touching the big white rabbit, Liu Lan was both embarrassed and angry at the same time. However, Long Chen's ears were almost going to be crippled.

She would usually sleep soundly. When Long Chen was teasing other girls, she would immediately appear on time and be punished in time.

Long Chen also wanted to steal something too. He first felt that it was wrong to steal something, but since he was willing to steal it, he decided not to.

At this time, Long Chen, the ancient city and Yin Mengyao were gathered together. The three of them had a good relationship, but on the other side, Jin Shengen was alone.

The ancient city laughed bitterly: "Long Chen, I really have bad luck meeting a freak like you. But I lost to you, I am convinced."

"I still haven't fought yet, what's the rush." Long Chen smiled faintly, then looked at Yin Mengyao and asked: "How is it? Is there a lot of pressure? "

"Very big." She had seen Long Chen and Chu Yunxi's battle before, so she could roughly guess that if she were to fight against Jin Sheng En, she would probably end up in the same situation.

Long Chen thought for a moment, then said: "I'll help you think of a way later."

"You still have a way?" Yin Mengyao was a little surprised, "Long Chen, I will be satisfied with just one of us entering Inner Race."

"I'll keep it a secret for now." Long Chen said mysteriously.

Very quickly, under Dongfang Xuanxiao's lead, they arrived at a new place called the Cave of Life and Death. When they arrived here, Long Chen could smell that familiar smell.

"Unholy Scorpion?" Everyone was shocked. When they arrived in front of a large pit, they looked down at the muddy ground below them. A group of Unholy Scorpion were resting there.

There were more than twenty of them in this group. Some were big and some were small, the small ones were not even adults yet, and the small ones were only a meter long while the big ones were more than two meters long.

Rather, it was just a Unholy Scorpion. If it was spread out, it would be more than enough to cover this entire place.

Seeing the Unholy Scorpion, the ancient city and Yin Mengyao were both shocked, their faces becoming a little pale.

"This place is too terrifying." The ancient city had been injured by the Unholy Scorpion, so it still had some lingering fear.

Even Long Chen felt that this trial was extremely difficult.

In this place, not only did he have to deal with Unholy Scorpion s, he also had to deal with opponents.

This battle was not easy at all.

Reaching here, Dongfang Xuanxiao did not waste any words, and directly said: "The second round of the battle will be a cave of life and death, and it will be the Unholy Scorpion's lair. The second round will begin right away, the first battle, Yin Mengyao, Jin Sheng En, will decide on one of the two participants to enter the Inner Race!"

The final battle had finally arrived. Most people were very excited, and also very curious, just who were the two lucky ones this time around?

Hearing his name being called, Jin Sheng En and Yin Mengyao's bodies trembled. To them, the last battle was about to begin.

At this time, Yin Mengyao was right beside Long Chen, and when Jin Sheng En looked over, he was actually looking at Long Chen.

In his heart, Yin Mengyao was not his opponent, but Long Chen was his true big enemy.

This concerned the reputation of the The number one genius of the other races.

Today's Long Chen had threatened him enough. If he didn't fight with Long Chen to prove himself, there would always be a rock in his heart. And even if he wanted to take revenge for Chu Yunxi, he wanted to kill Long Chen as well.

Unfortunately, the two were in different groups. With Dongfang Xuanxiao trembling, he could only endure if he wanted to make a move against his.

"If I go to the Inner Race, regardless of whether you go or not, I will have to fight with you for a bit before I can dispel the hatred in my heart!" Jin Sheng was secretly thinking.

But now, he and Yin Mengyao were going to fight to the death.

Under everyone's gazes, Yin Mengyao and Jin Sheng En took a deep breath, and was about to enter the Unholy Scorpion's nest.

"Hold on." Long Chen's voice stunned everyone.

He actually dared to interrupt at such a crucial moment. From this, it could be seen that he truly had quite the courage.

In the midst of everyone's attention, Long Chen looked at Dongfang Xuanxiao, and said neither humble nor arrogant: "Master Xuan Xiao, Long Chen pleads to change opponents, I want to fight against the Golden Saint's grace!"

These words immediately caused an uproar.

One had to know, the Golden Saint's Grace was much stronger than the ancient city. If Long Chen wanted to trade the enemy for the Golden Saint's grace, wasn't that just courting death?

He had defeated Chu Yunxi, so he definitely had a chance of defeating the Ancient City. But the current him, was obviously wasting his qualifications to enter the Inner Race in vain.

Although Liu Lan and Jin Sheng En knew that there was a conflict between Long Chen and Jin Sheng En, they could not understand why at all.

"Long Chen, there's a lot of time to come, don't be impulsive," Liu Yuan said in a low voice.

However, his words were of no use to the dragon carriage. Long Chen looked at Dongfang Xuanxiao and said seriously: "Jin Sheng En claims to be the The number one genius of the other races, but today I want to challenge this legend. The ancient city and Yin Mengyao will also agree. "

Now that Long Chen had come to throw his life away, how could he not be merciful and take care of him? Thus, he immediately said: "Master Xuan Xiao, I also want to change opponents, it's's turn!"

As for Yin Mengyao, if she was going to fight against the ancient city, she seemed to have a slight chance of winning, and the ancient city also seemed to have a chance of winning.

Right now, in everyone's knowledge, Jin Sheng's grace was the strongest, and because Long Chen had defeated Chu Yunxi, he could be ranked below Jin Sheng En. However, the ancient city and Yin Mengyao were only around the same, but since Yin Mengyao wasn't injured, her odds of winning were slightly higher.

To Xuan Xiao, he naturally had to choose two of the strongest: Jin Sheng En and Long Chen. Therefore, the Great Clan Elders all thought that although the younger generation insisted, the eccentric Dongfang Xuanxiao would probably not agree.

Unexpectedly, Dongfang Xuanxiao didn't even hesitate, and directly said one word: "Accurate."

In other words, he had to give up on one of the people between Long Chen and Golden Saint's grace.

The few Great Elders looked at each other, unable to figure out what Dongfang Xuanxiao meant. If he really was biased towards Long Chen and wanted him to fight against the weakest ancient city, this should be the best way.

The number one expert under the Milky Way was truly incomprehensible.

Then, who would be the one to start the decisive battle next?

Dongfang Xuanxiao scanned the surroundings and said indifferently: "Since you have changed opponents, then let Yin Mengyao and the ancient city go first in the first battle. Between you two, there will be a person who entered the Inner Race."

Yin Mengyao and the ancient city both heaved a sigh of relief. Compared to Long Chen and the Golden Saint's grace, dealing with the two of them should be easier.

Moreover, because of Long Chen, the two of them could be considered to be acquainted, and their relationship was not bad.

Under everyone's anticipating gazes, Yin Mengyao and the ancient city descended into the Unholy Scorpion's lair.

When the Unholy Scorpion saw the newcomers, their red brown eyes widened and they let out hissing sounds. They bared their fangs and brandished their claws, with their sharp tails and sharp poisonous thorns, they charged towards Yin Mengyao and Luo Hua City Mistress!!

"Let's get rid of these scorpions first, then we can fight in peace. What do you think?" The ancient city suggested.

"Just what I want." Yin Mengyao laughed.

This was the advantage of knowing two people in the Cave of Life and Death.

If it was Long Chen and Jin'e, even if they agreed to kill the Unholy Scorpion first, no one could guarantee that no one wouldn't sneak attack them when they were clearing the Unholy Scorpion.

The two of them getting rid of the Unholy Scorpion first was not considered breaking the rules of the selection.

Unholy Scorpion s were beasts from the Profound Fourth Rank. The reason why the ancient city was poisoned before was also because of carelessness. This time, he and Yin Mengyao were very careful as they leaned against each other, taking care of each other while sweeping these Unholy Scorpion.

The Unholy Scorpion in this nest, because of their maturity, did not necessarily have the fighting strength of their Profound Fourth Rank. Therefore, under the meticulous treatment of the two early stage Earth Core Stage warriors, the number of Unholy Scorpion slowly decreased.

After about an hour, the Unholy Scorpion was finally cleaned up, and Yin Mengyao and the ancient city were a little tired.

In this way, they simply sat on the ground and recovered their strength. After a period of time, they made an agreement and started their true battle.

This was the benefit of having friends of one's own.

Yin Mengyao and the ancient city were honest people, so Long Chen got along better with them.

"Do your best, the future is in your hands." The ancient city said indifferently.

Yin Mengyao nodded her head, although the ancient city had been poisoned before, she had also been poisoned before, so the battle between the two of them was still very interesting, but the most interesting thing was still the battle between Long Chen and Jin Sheng En, that was the most eye-catching fight in the Inner Race's selection!

Very quickly, without any external threats, they started an exciting battle. This battle lasted for a very long time, and the two of them used all their skills, wanting to defeat their opponent and gain the qualifications to enter Inner Race.

"Their fighting capabilities are in no way inferior to Chu Yunxi." Long Chen secretly thought.

After a period of time, Yin Mengyao finally defeated the ancient city with just a little difference, which also meant that Yin Mengyao had entered the Inner Race.

Long Chen was sincerely happy for her. This way, she would have the qualifications to enter the Star Demon Prison to inquire about Mo Xiaolang's news.

In this battle, Yin Mengyao had expended a lot of energy, causing her to look pale. However, to be able to accomplish her dream, the excitement in her heart could be imagined.

"Long Chen, thank you." If Long Chen had not changed his opponent, she would not have had such a chance.

"We're on the same side. Haha, thanks my ass! Let's cheer for me!"

At this time, Dongfang Xuanxiao had already announced that the last battle was about to begin.

Chapter 177 - Fighting for the Golden Sacred Grace

This time around, the Inner Race Selection had finally welcomed their final battle.

But Long Chen was the biggest dark horse in the Inner Race selection. After he defeated Chu Yunxi, his strength was finally recognized.

With his second grade Thunder Flame Battle Body and that high-grade Profound Ranked battle skill, Long Chen already had the qualifications to fight against Jin Sheng'en.

The only thing that was lacking in beauty was that he was only a beginner in Earth Core Stage. In terms of Zhen Qi, he was still lacking when compared to Jin Sheng'en.

The location of the battle between Yin Mengyao and the ancient city was the Unholy Scorpion's lair, but the Unholy Scorpion here had already been killed, so Dongfang Xuanxiao changed the place to the Lair of Life and Death.

"decylyin serpentine?" Long Chen was a little speechless, this cave of life and death was clearly another Ten Thousand Snake Cave. The only difference was that there were only venomous beasts here and no other poisonous snakes.

There were a total of more than ten decylyin serpentine roaming below this chasm, letting out hissing sounds.

The Death Cave was much larger and much deeper than the previous ones. At such a deep height, it would be quite troublesome for the decylyin serpentine to charge up there.

The blood in Long Chen's body was extremely resistant to the poison, so he held the advantage in this battle of the Cavern of Life and Death. This point was only known to Yin Mengyao.

When they saw that Dongfang Xuanxiao had actually chosen the decylyin serpentine's lair, the other clan elders were all speechless, even Jin Luan's face changed a little, one must know that the decylyin serpentine was a fifth stage Spirit Demon beast, to let Jin Sheng En fight against these Spirit Beasts, was not something that could be done, what was more, there was still the possibility of fighting Long Chen?

However, thinking that it was difficult, Long Chen would definitely be even more, so he did not dare say anymore.

"The final battle, Jin Sheng En against Long Chen!"

When he said till here, Dongfang Xuanxiao looked at Long Chen, and in a daze, Long Chen saw the corner of his mouth hooked into a slight smile.

This was the first time Long Chen saw such a mature handsome guy's smile.

The two people who were called looked at each other.

"Sacred En, be careful. Be careful of Long Chen, and be careful of these decylyin serpentine. You should be careful not to sail a ship for ten thousand years. You have an advantage over Long Chen right now, so you shouldn't be careless. " Jin Luan frowned and reminded.

Seeing Jin Luan's serious expression, Jin Sheng'en did not dare delay, and immediately said: "Father, I know how important this battle is, I will display my powerful fighting strength to deal with it!"

"That's right." Jin Luan nodded.

As for Long Chen, Liu Yuan and Liu Lan, there was nothing left to explain.

Long Chen turned around and looked at Liu Lan. On her well-developed and delicate body, she stared greedily for a while before saying softly, "There's only one battle left. "Hehe."

"Wait until you win. Be careful." Being flirted with again, Liu Lan was no longer angry, she was only a little worried for Long Chen's safety.

"Fine."

Under Dongfang Xuanxiao's instructions, Long Chen looked down into the abyss. At the bottom of the abyss, there was a strip shaped battlefield, its width only ten meters, and there were over a dozen decaying serpentine lying in hibernation. Smelling the smell of humans, they all raised their heads, using their scarlet eyes to look at the people above.

And at this time, two people actually jumped down from above, causing the group of snakes to immediately boil over.

The two people who came down were obviously Long Chen and Jin Sheng En.

The current Long Chen, when he was falling, had already used the Dragonsoul Transformation. As long as he slightly exerted his strength, the second level Thunder Flame Battleform would already be revealed, and a layer of thunder and fire energy would form on his body. At the same time, the raiding crystal's power would explode with his true qi, causing the injuries of thunder and fire.

The raiding crystal not only represented the Thunder Flame Battle Body, it also represented the Power of Thunderflame.

As for Jin Sheng En, he was not far from them. Because he had trained in the Gilded Gilded Battle Body, there was a golden light circulating on his body. Occasionally, a golden light would shoot out from it, which was also very terrifying.

Finally, he had the chance to try out the legendary Golden Battle Body of the Golden Holy En. In Long Chen's heart, his fighting spirit rose as his blood boiled.

"The number one genius of the other races?" Long Chen laughed.

"What is it? You want this title too? " Jin Sheng'en smiled.

"I dare not take it, I am someone who wants to enter the Inner Race, and you, Golden Holy Grace, can continue being your The number one genius of the other races!"

"You're courting death!"

With a loud shout, before Jin Sheng could fall to the ground, he heavily stepped on the side of the mountain wall!

Rumble rumble rumble!

The mountain wall suddenly exploded, and Jin Sheng'en was like an arrow that had just left the bow, piercing towards Long Chen.

"That second-rate body tempering technique of yours, what qualifications does it have to fight against the Gilded Battle Body?!"

Jin Sheng laughed coldly, and suddenly punched towards Long Chen!

"Fiery Golden Heavy Fist!"

Although Jin Sheng'en's body wasn't magnificent, but his training methods were all based on strength. Even with this simple attack, his strength and attack power were on the same level!

"Underestimating me?"

Long Chen's eyes darkened. He also gathered his strength on the mountain wall and suddenly turned his body, releasing a whizzing sound as he turned into a blood colored Divine Dragon image, rushing towards Jin Sheng En!

"Taixuan Dragon Seal!"

This was a Taixuan Dragon Seal that had launched two consecutive moves, Long Chen's left and right hands had been performing the techniques as well!

BOOM!

When they started fighting, it was their first time clashing forcefully, causing the earth to shake. The dust on the mountain wall was shaken down by the two explosions, and the decylyin serpentine s below were all smashed away.

"Kid, not bad!" Facing such a strong opponent, Jin Sheng's heart was filled with fighting spirit. He was forced to retreat, but after recovering for a bit, he once again rushed towards Long Chen.

"I heard that the fighting strength of this Golden Saint En is almost equivalent to the large success of Earth Core Stage, he is truly worthy of his reputation. The strength of that punch just now was too powerful!"

Even if he was fighting with Chu Yunxi, Long Chen didn't feel as hot-blooded as he thought. Chu Yunxi was actually being suppressed by Long Chen right from the start, he wasn't like Jin Sheng En, who could fight evenly with him!

After a battle in the air, they directly landed on the ground. At this time, the decylyin serpentine could no longer resist, as one half bit towards Long Chen and the other half flocked towards Golden Saint's Grace!

"Get out of my way!"

Just as Long Chen landed on the ground, with a tap of his feet, his entire body rushed forward. The decylyin serpentine that was blocking his path was immediately struck in the head with his fist, and its huge head smashed onto the ground with a loud bang!

Long Chen once again stepped on its forehead and gave it a violent punch. Immediately, the ball of flames pulled out a bright ray of light in the middle of the air!

"Burning Heaven Devil Yang Fist, Burning Heaven Scarlet Flame!"

Bang bang!

A flame fist once again shot towards Jin Sheng En, at this time, Jin Sheng En finished off the two decylyin serpentine blocking his way, his eyes darkened, and once again rushed towards Long Chen!

"Annihilation Leg Technique!"

What he did not expect was that Jin Sheng was actually proficient in leg techniques. When he used this move, a strong wind blew and every time he used that heavy leg technique, Long Chen's Crimson Flame Burning Heaven would be forced to retreat several steps!

"Devil and Yang Clearing the Earth!"

The black Demon Yang Fist Art finally forced Jin Sheng's hand away. Both of them were at the same level of strength, and neither of them had an advantage. However, both of their fighting intent had become even fiercer.

Just as he retreated, the other decylyin serpentine pounced forward once again. This time, there were a total of seven to eight decylyin serpentine surrounding Long Chen, wanting to break out of the encirclement wouldn't be that easy!

"Bastard!"

The moment the Burning Heaven Devil Yang Fist was released, the blazing flames and lightning energy was the most terrifying to a demonic beast that was negative for decylyin serpentine. Therefore, this time, two of the decylyin serpentine were directly killed by Long Chen!

However, the other decylyin serpentine were not afraid.

"Long Chen, die!" At this time, Jin Sheng en had already dealt with the decylyin serpentine surrounding him. While Long Chen was still trying to kill the venomous beast, he suddenly threw a punch towards Long Chen!

"King Kong Wheel Fist!"

Long Chen had just killed the decylyin serpentine, so he did not have enough time to resist. At this time, he could only use the Nine Heavens Wandering Dragon Steps to dodge!

"He wants to dodge my King Kong Wheel Fist with his low grade Profound Rank movement technique?" Jin Sheng En laughed out loud. As he used his King Kong Wheel Fist to attack Long Chen, he sped up his movements, and used a middle grade Profound Rank movement technique!

This increased the attack power of Jin Sheng En!

"Your movement technique is nothing." At this time, Long Chen was still not in a hurry. When Jin Sheng En was attacking him, another two decylyin serpentine bit at him, but he was not anxious at all. At this critical juncture, Long Chen took a few steps, and the decylyin serpentine had already reached Long Chen!

"I'll give you two gifts!"

With two consecutive punches, one punch struck one decylyin serpentine, the two venomous beast were instantly smashed towards Jin Sheng En by Long Chen, and were forced to stop Jin Sheng En's King Kong Wheel Fist!

"Bastard!" Jin Sheng's move that was filled with confidence had merely smashed two venomous beast's flesh into pieces. This made him extremely unwilling, but at this moment, Long Chen had already rushed towards him!

"Brat, let me see the technique you used to deal with Chu Yunxi!"

After a few exchanges, Jin Sheng admitted that Long Chen was close to his level. The combat prowess of his Thunder Flame Battle Body was about the same as his Gilded Battle Body.

"With just you?"

The two of them started to fight again, and although the decylyin serpentine s were terrifying to others, they were still nothing but clowns to the extremely destructive Jin Sheng En and Long Chen, as long as they were careful, they would not be tricked!

"Jin Sheng'en'en, with his high grade Profound Rank battle skill, he should be on par with me."

This was also a question that Long Chen had no choice but to admit.

Therefore, he had to think of a way to defeat the Blessing.

"I can only use that move." Long Chen thought.

Chapter 178 - Shocking the Field

Under the encirclement of the decylyin serpentine, the battle between Long Chen and the Golden Saint En had reached its climax.

Before this, Long Chen had been forced a few steps back by Jin Sheng En's King Kong Wheel Fist, he could only use his decylyin serpentine to resist.

This scene was in the eyes of everyone in the Cave of Life and Death.

The fact that Long Chen was able to hold out against Jin Sheng En for so long also proved his strength.

"However, from what I saw, Jin Sheng'en seems to be stronger than before."

Gu Batian frowned.

Hearing the Purple Clan's Great Clan Elder's analysis, Liu Yuan and Liu Lan became a little nervous.

They initially did not have much hope for Long Chen entering the Inner Race, but this time Long Chen's performance was extremely outstanding, moreover, he had created such a huge enmity with the Chu Family. If Long Chen did not enter the Inner Race, he would probably encounter many troubles in the future, and his little life might not be preserved either.

In other words, this was Long Chen's very crucial battle!

"You have to win." Liu Lan had already forgotten about her strange agreement with Long Chen. Her heart was filled with worry as she looked at Long Chen.

Yin Mengyao, who was at the side, was also praying.

Right now, she was already one of the Inner Race, but her Inner Race was completely given to her by Long Chen. If it wasn't for Long Chen blocking the golden holy graces for her, how could she have obtained this position?

"Let's enter the Inner Race together. Good luck."

They were cheering for Long Chen, and the most nervous girl, who was cheering for Long Chen, was actually Ling Xi. She was right in Long Chen's ears, this thrilling fight was simply like someone entering into their own world. Very exciting.

In the Celestial Road, she had made a move once, blocking the Golden Saint's grace and using a lot of her soul force. Long Chen forbade her to make a move now, although she was anxious, but there was nothing she could do.

However, while Long Chen was fighting with Jin Sheng En, she had also stealthily sneaked past Long Chen and thrust small streams of Sword Qi towards Jin Sheng En's weak spot, and had even caused some trouble for him.

Although Long Chen and Jin Sheng En were fighting, most of them were dead from decaying serpentine s. Both of them had powerful body tempering technique and they were very careful, so up until now, no one had died from snake venom.

"Do you still want to stay alive?" Jin Sheng'en laughed coldly, the destructive mountain god's leg technique was like numerous mountains pressing down on Long Chen!

"The one who is struggling to survive is you!"

With one move, the devils and the sun struck the ground.

"How boring. Let me show you my high level Profound Ranked battle skill!" Saying this, Jin Sheng'en's aura soared rapidly. Streams of true energy circulated around him, or more accurately speaking, around his fist.

At this moment, Jin Sheng En's fist turned completely golden. Rays of golden light flashed from within, and a terrifying power erupted from his fist. Jin Sheng En suddenly laughed out loud and punched out!

Rumble rumble rumble!

An enormous pale golden fist imprint instantly closed in on Long Chen! The power behind this fist imprint was so great that it was even more powerful than the high grade Profound Rank battle skill that Chu Yunxi used before!

"Great Glazed Battle Fist!"

An explosive sound shook Heaven and Earth!

This kind of attack was completely at the level of the large success stage of the Earth Core Stage. The spectators were all secretly shocked at the power of the Golden Saint En.

The one who felt it the most was Liu Lan, she was the one who had mastered Earth Core Stage, but she was not sure, whether she would be able to block this attack!

This was even more so for Long Chen!

"Long Chen, what do we do?" Ling Xi said anxiously.

"Didn't I already say it? Use that move, kill him! "

As Long Chen shouted, on the other side, his Spirit Devil Sword Finger was quickly being used!

The Spirit Devil Sword Finger's move was probably a sword move. After it was transformed into a finger technique, although its power had decreased a little, the speed at which it was displayed had increased by a lot!

Therefore, in just an instant, Long Chen had released a ray of resplendent sword light, aimed straight for Jin Sheng En's Great Glazed Battle Fist, these two shining attacks, instantly clashed!

BOOM!

One after another, explosions resounded throughout the abyss!

"Your high level Profound Rank battle skill is only this much?" In the frenetic confrontation, Jin Sheng'en laughed crazily.

In fact, Long Chen did not have anything to do with him, and he did not have anything to do with Long Chen either.

"It's just right time." Long Chen ignored him, and at this critical moment, when everyone was focused on him, he used the move that he had used against Feng Wutian back then!

This was also the most bizarre move that Long Chen had ever performed!

"Devouring Blood Realm!"

had already thought of this a long time ago, when he used the Devouring Blood Realm to assist the Spirit Devil Sword Finger.

At this time, around the two of them, bloody figures suddenly appeared. The blood-red fog rose up into the air, like an eggshell, completely enveloping the space around them!

"What is this?" The people watching from above suddenly saw the blood-colored fog that formed a domain. All of them were startled.

They were just about to see Long Chen and Jin Sheng En, whose strength were around the same, determine the victor, but they didn't quite understand why such a situation would suddenly occur.

"Master Xuan Xiao?" Everyone turned to look at Xuan Xiao. Dongfang Xuanxiao was the person with the deepest cultivation here, and his family's background was also very robust.

As for the Dongfang Xuanxiao who had always been indifferent, he now opened his eyes wide and looked at Long Chen in shock. Even if it was him, he couldn't tell what was going on.

"This seems to be a battle skill, limiting the surrounding space to form a battle skill with a specific domain!"

Dongfang Xuanxiao thought in his heart, but he did not say it out loud.

Dongfang Xuanxiao did not say anything, and the rest of them anxiously looked down again. At this time, there were fighting sounds coming from below, but it was hard to see the actual battle situation clearly!

In fact, after using the Devouring Blood Realm, Long Chen had the upper hand very quickly.

"What the hell is this?" Jin Sheng was horrified. At this moment, he found himself in a blood-red space. More importantly, what was that terrifying dark power covering his body?

Under this terrifying magic, Jin Sheng En found that his blood was boiling and was not under his control at all. It was as if he had obtained his own consciousness and thoughts and wanted to leave his body!

In this moment of nervousness, Jin Sheng'en 'could only use his true qi and suppress the blood Qi in his body with all his might. However, because he had reduced the usage of his true qi, and was currently competing with Long Chen in a deathly battle, the two of them were not far apart. Therefore, this sudden exchange of exchange had caused the Spirit Devil Sword Finger to break through his Great Glazed Battle Fist in an instant, and the sharp sword qi had instantly pierced into his body!

When this Sword Qi struck Jin Sheng En's body, it suddenly exploded into countless tiny swords, and poured into Jin Sheng En's body. The pitiful Jin Sheng En was still desperately suppressing his blood energy, and was seriously injured by Long Chen's Spirit Devil Sword Finger, almost ending up like Chu Yunxi!

"Under the Devouring Blood Realm and the Spirit Devil Sword Finger, you're not dead yet!" At this time, Long Chen withdrew her Devouring Blood Realm. Moving his right hand, he used the simplest Falling Star Fist to smash Jin Sheng En's chin!

Bang!

Jin Sheng was screaming. The wounds on his body made him want to die. The wounds on his forehead made him, who couldn't believe it, suddenly pass out.

A stream of meteoric fist flew up all the way from the abyss to the sky. Along the way, a stream of blood spurted out of the arrow, which drew a beautiful curve in the air.

"What's that?" Everyone could not see what was happening clearly. At this moment, the Devouring Blood Realm had just disappeared, and they could clearly see the situation below!

"It's the Golden Divine Grace. Why is he here?" Could it be that he has already won? " Even Gu Batian couldn't figure it out. He was curious why Jin'e had come out, but the meticulous Yin Mengyao had already noticed the current situation of Jin'Sheng'en.

"He vomited blood and fainted." Yin Mengyao said in surprise.

From her onwards, the others had also found out about the status quo of the Holy Grace.

Spitting out blood and losing consciousness was enough to prove that Jin Sheng'en had already lost. Moreover, he had lost so completely that he didn't even have the chance to admit defeat.

In the next moment, they saw Long Chen, who had a relaxed expression, borrow strength from the mountain wall to head upwards.

Such a fact caused many people to fall into a daze, their minds completely blank.

When Jin Luan caught Jin Sheng En and Long Chen had already arrived in front of everyone, they could clearly see the situation between the two of them.

That was, Long Chen had defeated the legendary The number one genius of the other races's Golden Sacred Grounds and obtained the final qualification to enter the Inner Race. From today onwards, he will be one of the Inner Race's people!

Even the ancient city that had lost to Yin Mengyao was happy for them. But for Jin Luan and the others, this kind of reality was really a huge blow!

When there were a total of three Jinshi s who had entered the second round of the life and death arena, Jin Luan was grinning from ear to ear. But what he did not expect was that in the end, all of them were eliminated, even the Golden Saint who had the most hope of entering the Inner Race was eliminated by Long Chen, the ultimate dark horse!

Even though Ren Jin Luan could be considered an old cunning fox, he was still unable to calm down when he looked at Long Chen's heart.

If Long Chen had some other identity, Jin Luan would definitely not let him get away with injuring the golden holy graciousness, but the problem was, Long Chen was already a Inner Race, he was already a disciple of Dongfang Xuanxiao. When working in a foreign clan, he understood this principle, and that was never to become enemies with the Inner Race!

"This time in the Inner Race's selection, the ones who succeeded were Yin Mengyao and the other two people," A satisfied smile hung on the corner of Dongfang Xuanxiao's mouth. Then, she looked at Long Chen and said. "Long Chen!"

Chapter 179 - Reaching Inner Race

While a majority of the people were congratulating Long Chen, there was a person standing in the corner looking at Long Chen with a daze. The emotions in his eyes were very strange.

Today, she was dressed very beautifully. The red dress covered her body, and under her slender jade-like neck, her soft breasts were like condensed white jade.

Her attire was undoubtedly extremely beautiful, but compared to her demeanor, it was far inferior. Her big eyes contained a charming smile, water covered the ground, rippling with allure. Her small mouth slightly curled up, and her red lips slightly opened, as if she wanted to seduce someone.

"What should I do?" The more Liu Lan looked at Long Chen, the more flustered he became.

Back then, she had promised Long Chen that she would give him her clean body as long as he could enter the Inner Race, but that was just a moment of anger.

His playful smile and his ruthlessness and decisiveness had assaulted her heart time and time again. Honestly speaking, when Long Chen miraculously defeated Jin'e once again and became a real The number one genius of the other races, Liu Lan's heart was moved.

For a boy who was ten years younger than her, being moved by this made her, who had always been proud of herself, feel somewhat ridiculous and humiliated.

"However, how can I go back on my promise?" Liu Lan was about to go crazy from anxiety.

On one hand, she was thinking about her promise. On the other hand, if she were to just give it to Long Chen like this, she had not made any mental preparations.

In the end, reason still overpowered his promise. Liu Lan took a deep breath, and her full breasts rose and fell, attracting Long Chen's gaze.

"How is it? Handsome or not?" Long Chen laughed sinisterly.

"Cool." Liu Lan was a little helpless, her performance just now could already be considered to be scary, but now she seemed a little childish. But it was precisely because of this that made Liu Lan have the impulse to ruthlessly love him in her arms.

"What am I thinking? "But the more I live, the more I return." Liu Lan, whose face was slightly red, was feeling vexed in her heart.

At this time, in the Life and Death Devil Nest, everyone's attention was focused on Long Chen and Yin Mengyao, and Long Chen's light shone even brighter.

The only person who had a conflict with Long Chen was the Jinshi. Therefore, other than Jin Luan who was still healing Jin Sheng En, the rest had already surrounded Long Chen and Yin Mengyao. And the one in front of Long Chen and Yin Mengyao, was Dongfang Xuanxiao.

Dongfang Tianyu then walked in front of Jin Luan.

"Elder Jin, how is he?" Because he had a grudge with Long Chen, it was very hard for Dongfang Tianyu to accept that he had actually lost to Jin Sheng En.

"My internal organs are severely injured. If I don't have a good healing medicine, I probably will need to rest for a month or two before succeeding." Seeing Jin Sheng like this, Jin Luan's eyes turned ice-cold.

"I have a high-grade Profound Rank Cloudvein Fruit. Once we leave this place, I'll let him consume it. That way, Brother Jin Sheng'en will be able to recover tonight."

"Really?" Dongfang Tianyu's consideration of Jin'e caused Jin Luan to be pleasantly surprised.

On the other side, Dongfang Xuanxiao was currently sizing up Long Chen and Yin Mengyao, and softly asking: "How old are the two of you?"

Long Chen was sixteen this year, but Yin Mengyao was nineteen, three years older than him. That was why Long Chen called her Sister Meng Yao.

When he found out their ages, Dongfang Xuanxiao lightly nodded, and said: "To enter the Inner Race, I still need a ceremony, and just need to return to the Lingwu Family to complete it. Now that the Inner Race selection has ended, they will follow me back to the Inner Race.

Dongfang Xuanxiao's style was always like this, straightforward and swift.

With that, he led the group out of the Devil's Cave.

"Should we rush back to the Lingwu Family now?" Liu Lan was pleasantly surprised. As long as he went back to the Lingwu Family, Long Chen would definitely go straight to there and wouldn't have time to come back and find her.

The decylin serpentine's Devil Nest was quite long. When everyone was about to leave the pit of life and death, they suddenly heard the sound of thunder outside and the sound of rain pouring heavily.

"Is it raining in Nine Demon Mountain?"

Everyone was a little depressed.

The torrential rain in Nine Demon Mountain was a type of super heavy rain. If one was not at the Divine Pill Realm, one would not even be able to stand under the heavy rain.

Furthermore, the terrain of the Nine Demon Mountain was dangerous. Furthermore, the lightning was relatively close, so it could strike at any time. Thus, walking in the Nine Demon Mountain during rain time was very troublesome.

Sure enough, when they were about to leave, everyone could see that the outside world was already in a daze. The sound of the endless rain could be heard.

This Nine Demon Mountain was completely shrouded by black clouds, and the sky above the mountain was basically filled with black clouds. The descent of this Nine Demon Mountain was extremely terrifying, and it was also in the process of being cleaned up.

The entire world began to pour with heavy rain. Endless rain curtain covered everyone in front of them. Lightning would occasionally strike down from the sky, and lightning would flash crazily.

There had always been thunder in the Nine Demon Mountain, so no one really bothered about it in the cave of life and death. However, no one expected that the moment they came out, they would see how rampant the thunder and lightning had become.

Walking in the Nine Demon Mountain, if one was unlucky, they would still be struck by lightning!

The power of this world was boundless. It was likely that even a Highest Elder would be crippled if they didn't die after being struck by this lightning.

"Is it raining?" Fourth Uncle, it's already late, so why don't we just stay in the Nine Demons Manor for the night, and then continue on our journey? " Dongfang Tianyu suggested.

"Then that's it." Dongfang Xuanxiao nodded.

And so, in the midst of this torrential rain, everyone began to descend the mountain.

In this Demon Mountain of Life and Death, other than the Celestial Road, there was also a relatively convenient passage. Following this passage, Long Chen and the rest quickly returned to the Nine Demons Manor.

Going down the mountain was easy and difficult, but the time it took to go down the mountain was far less than going up the mountain.

If not for the protection of their true qi, everyone would have been like chickens in the water by the time they reached Nine Demons Manor. However, the amount of rain pouring down from Nine Demon Mountain and the terror of thunder and lightning still made everyone tremble in fear.

Dongfang Xuanxiao did not like to talk much. Even if Long Chen and Yin Mengyao entered the Inner Race, he would not look for them to talk. He only instructed everyone to be at ease before he left.

Moreover, the position of the Nine Demons Manor was very good. The buildings were sturdy enough, so there was no need to worry about anything that might be affected by a natural disaster like the rain or the lightning.

The people of the silver group were happy, and Liu Yuan and Gu Batian were happy for them as well. As for the others, since they had nothing to do, they quickly headed towards their own residences. They had suddenly encountered such a heavy rain and their own clan members didn't have any good news, so they were feeling extremely depressed.

Just then, Long Chen looked at Liu Lan.

Although she was not directly drenched by the rain, the moisture in the air made Liu Lan's skin and hair seem as if they were submerged in water. The soft silk merely stuck onto her body, perfectly reflecting her exquisite body.

"Wait for me in your room tonight?" Long Chen licked his tongue, then left while laughing out loud. However, after walking a few steps away, his face had already turned into a pained look, and his ears could be seen twitching.

"Ah, Xiao Xi, be gentler." Long Chen pleaded.

"Tell me, why did you go to her room?" Recently, he kept hearing Long Chen saying weird things. Ling Xi was already suspicious, but when he asked Long Chen questions, he was furious and glared at him with his bright eyes.

Long Chen explained as he rushed towards his own room.

Looking at Long Chen's retreating back, Liu Lan's mind went blank, and when Long Chen mentioned about it again, her entire body went soft, she was truly terrified.

"It's all my fault, why did I agree to him in the first place? Now that he has successfully entered the Inner Race, what exactly am I doing?" Liu Lan bit her lips.

"It's all because of the heavy rain, otherwise we would have already gone back to the Lingwu Family. If he came tonight ..."

Back then, she had still directly entered Long Chen's room to tease him. She hadn't thought that the situation would be reversed, and if Long Chen was serious this time, she would really lose her virginity.

The word 'retribution' perfectly described the two of them.

Suddenly, Liu Lan's eyes lit up: "That's right, although it's a bit more troublesome, I can still leave this place and return to the Lingwu Family. If he can't find me, what else can she do?"

With a solution, Liu Lan finally heaved a sigh of relief.

"Are you really just teasing her and taking revenge?" In the room, Ling Xi's pure white hands rested on her waist, she had the attitude of a shrew cursing the street, her cute and innocent appearance seemed extremely adorable.

"I promise my damned old man, if I lie, I'll let him get his grave dug up!" Long Chen said righteously.

"Father, right now, I can only let you down. After all, your future daughter-in-law is too terrifying," Long Chen thought to himself.

Ling Xi let him off then, but he did not give him a good look.

"From now until tomorrow, you are not allowed to leave this room!" The little princess ordered.

"As you command!" Long Chen tried to curry favor with his.

"It's over. I didn't expect it to end like this." Thinking about Liu Lan, Long Chen felt an itch in her heart. The beauties that he had met in the White Yang Town were not good either, but she had never met one that was so seductive.

However, ever since his father had died and he had a goal, he no longer fooled around with them and had always been living a proper life.

With regards to the matter of Liu Lan, she had been teased by her at the beginning, and had spoken words of anger. After that, he had always been teasing her, as she was extremely dissatisfied with her scheme of using him as a shield.

However, if not for her, Long Chen would not be under so much pressure, and would even be able to enter the Inner Race today to protect his sister Ling Qing, and at the same time inquire about Mo Xiaolang's whereabouts. As a result, his hatred towards Liu Lan had been reduced by quite a bit, but if he did not play with her and let her teach him a lesson, Long Chen would not feel so good.

That was why he had frightened Liu Lan so much throughout the entire process of Inner Race selection.

Even if it was tonight, he would go to Liu Lan's room. At most, he would teach her a few lessons, so he wouldn't do something like that.

"I'm a gentleman now." Long Chen was very satisfied with his current state.

Time flew by quickly, and in the blink of an eye, it was already late into the night. Long Chen was peacefully cultivating, and occasionally, he would play with Ling Xi.

Chapter 180 - Rotten Temple

Hearing the knock on the door, Long Chen was shocked. Last time, Liu Lan did exactly this, appearing right in front of him in an extremely alluring manner, right at his residence, teasing him.

"Don't think too much, it's just that old man." Ling Xi snuck back into Ling Xi's sword, and said snappily.

Hearing Ling Xi's words, Long Chen immediately knew who it was. Opening the door, she saw that it was indeed Liu Yuan.

"Long Chen, did you see Lan Er? I realized that she isn't in her room."

"I didn't see him. Maybe he was just walking around." The matter between him and Liu Lan was not something that Liu Yuan could let him know, so she just exchanged a few words with him.

But, Liu Lan is not in her room?

Long Chen thought in his heart: "Could it be that he was afraid of me, and ran away first? Before, this woman pretended to be an experienced and experienced person, so it turns out that he's just a shy brat."
"

Seeing that Long Chen did not see him, Liu Yuan left. In the Nine Demons Manor, there would normally not be any problems, but as a father, he was truly worried.

"Where will she go?" Ling Xi was a little curious.

"I don't know, maybe I should head back to the Lingwu Family first." This matter was just an interlude to Long Chen. He took out the halberd he obtained from Li Feng and learnt how to brandish it. He discovered that this weapon was extremely suitable for his own purposes, and any kind of blade, spear, or sword were suitable for him.

"If I can obtain a battle skill from this halberd, I think it would be very interesting." Thinking about it, Long Chen couldn't help but look forward to the green dragon halberd.

The green dragon halberd itself was above the profound rank. The legendary Earth Rank Divine Weapon was probably the most terrifying weapon in the entire Yuanling County, and it even contained the legendary Earth Tier Battle Skills.

In the future, in the Yuanling County, and in the Lingwu Family, he could also do whatever he wanted. Not like this, where he could only get other people to arrange these little soldiers for him.

"Ling Xi is right, Mo Xiaolang has such an amazing thing like the Sky Wolf Blade, if I don't have a treasure that I can take out, I would really look poor. I just don't know how to obtain the green dragon halberd of the Dongfang Family."

Just as Long Chen was considering this question, Ling Xi suddenly shouted, "Someone is coming."

"Who is it!"

Just as he finished speaking, the wind in the room was smashed open and a black figure escaped quickly through the door. Just as Long Chen was about to give chase, he found a slip of paper flying towards him.

"So powerful, who is this person?"

When he caught the slip of paper, the black clothed man had already left. The black clothed man's figure was just right in front of him, so it was hard for him to identify him, but Long Chen knew that those who could move freely in Nine Demons Manor were definitely from there.

"Xiao Xi, do you know who it is?"

"I don't know, it's too fast. I can't identify it." Ling Xi felt a little helpless. After that, he looked at the piece of paper in Long Chen's hand and asked: "There's a word, what's that?"

Long Chen took a look, and noticed something written on it: "If you want Liu Lan's life, come to the Desolate Temple twenty-five miles west of Nine Demons Manor, if anyone follows you, kill Liu Lan immediately!"

"What's going on?" Long Chen's face suddenly changed.

"That woman was kidnapped? Who would kidnap her? " Even though Ling Xi despised her, when she thought of how her daughter's family was in danger and how she was kind, she became a little anxious.

"Although it's Liu Lan, it's clear that it's me." Thinking about it, Long Chen's eyes revealed a sinister light.

He knew that it was definitely because of him that Liu Lan wanted to leave the Lingwu Family early, but unfortunately, she had been targeted.

"What should we do? Long Chen. " Encountering this kind of thing, Ling Xi was a little flustered. She was used to being carefree.

"What else can we do? Let's go take a look." Speaking to here, Long Chen had already walked out.

"It seems I'll need to fight a bit more." Actually, in his heart, he had already guessed who did this, there were only a few people in Lingwu Family, other than those few people, who else could it be?

As such, he snuck over and walked around the area. At this time, a cold snort came from behind him: "Long Chen, what are you doing here?"

Long Chen turned his head and saw that the person who was talking to him was Chu Tianxiong, and beside him was Jin Luan as well.

They had obviously been talking at night. However, Long Chen could tell that they were missing Jin Sheng En and Chu Yunxi.

He was walking around sneakily. With the perception of Jin Luan and the others, it was very easy for them to find him and come out to interrogate him. However, Long Chen's goal was only to confirm where they had gone to.

"It seems that once I enter the Inner Race, Chu Tianxiong and Jin Luan won't have the guts to touch me. Only the young ones would act rashly."

Knowing the result he desired, he left the place without a second word. Looking at Long Chen's departing figure, Chu Tianxiong and Jin Luan looked at each other in dismay.

"This boy, if we don't get rid of him today, he will definitely create a huge trouble for us in the future." Chu Tianxiong said helplessly. Although Long Chen had not personally witnessed Long Chen defeating Jin Sheng En, he could more or less understand from the descriptions of the others.

At that time, Chu Yunxi had humiliated them, so the Chu Family left first out of anger, but before the final result could arrive, it was already raining so they did not return to the Lingwu Family first, but chose to stay in the Nine Demons Manor instead.

"However, he is currently a member of the Inner Race, and Master Xuan Xiao knows that he has a grudge with us. Only if he has some matters, Master Xuan Xiao will definitely blame it on us, so what can we do about it?"

Speaking till here, Jin Luan had a helpless expression.

"Fortunately, young master Tianyu gave him a Cloud Tattooed Fruit. Today, he has almost recovered from his wounds. Otherwise, he would have been in deep trouble."

"What?" "He also gave Xi'er the Cloud Striped Fruit."

"Aren't they hurt? "How did you have the strength to jump?" After confirming that this was not a scheme by Chu Tianxiong and Jin Luan, Long Chen finally felt at ease.

"Let's go to the rotten temple they said." Thus, Long Chen headed towards the west side of Nine Demons Manor.

"Long Chen, you seem to be very concerned about her." Ling Xi pouted, a little unhappy.

"Idiot, she can only be considered me as a friend. When a friend is in trouble, naturally they have to pull out their swords and help, but Ling Xi, you are different, you are simply my other half. If you die, I will die as well." Long Chen said with deep emotions.

"Tsk, who would believe you, you big scoundrel!" Ling Xi acted as if he didn't care, but in his heart, he was fooled to the point of being sweet and honest by the old cunning fox, Long Chen.

The rain in the Nine Demon Mountain was so heavy that it was scary. Even the black armored guards guarding the Nine Demons Manor ran off to who knows where.

Long Chen walked out of the Nine Demons Manor, only to be met with the pouring rain, which loudly splashed on his body, and if not for the protective shield formed from Innate Qi, he would have been drenched in water by now.

In a dark corner of the Nine Demons Manor, a black-clothed person quietly stood there. When Long Chen left the Nine Demons Manor, he watched Long Chen's leaving figure and laughed sinisterly.

"To actually go and confirm if it's the Great Master. That brat is quite smart, but Chu Yunxi and Jin Sheng'en will be different tonight. They will be enough to pose a fatal threat to you."

Rumble rumble rumble!

Within the Nine Demon Mountain, a heavy rain poured down, quickly drowning out his voice.

Long Chen stared at the heavy rain and headed towards the west.

BOOM!

Thunder rumbled incessantly in the sky, the ear-piercing sounds of explosions constantly exploding beside the ears. The malevolent lightning turned the night into day time after time.

"Long Chen, I still feel that something is amiss. They clearly know that they lost to you in the day and their strength is inferior to yours, so why did they make this move?" Ling Xi asked anxiously.

"Also, there's another important point. That stinking woman has reached the level of Earth Core Stage. Although the two of them are very powerful, it shouldn't be possible for them to capture her without suffering any injuries, right?"

This was something that Long Chen could also think of.

"In other words, there are others. Who is that black-clothed man?" Tonight's events gave off a heavy feeling of fog.

However, even though he was worried, he could not abandon Liu Lan. If he did not go, who knew what kind of humiliation she would suffer?

Long Chen knew that Chu Yunxi had been drooling over Liu Lan's beauty previously. If Long Chen did not have the support of a cabbage, how could he swallow his anger?

Using his maximum speed, Long Chen sped through the Nine Demon Mountain's mountains, heading towards the ruined temple.

Twenty five kilometers was not far for him. Very quickly, Long Chen found a trembling, rotten temple in the midst of a storm that could collapse at any moment.

"Here it is." After arriving, Long Chen held his breath.

"Hey, if something unexpected happens, I'm going to take action." Ling Xi said.

"How much soul power do you have left?"

"Uh, I used one last time. I only have two-thirds left." Ling Xi stuck out her cute little tongue, and said.

"You don't need to do anything. If there's an emergency, like when I'm about to die, you can do it. But you have to guarantee that your soul power won't be lower than a third. Otherwise, your father will not forgive you!"

When Long Chen said this, his expression was extremely serious.

"Alright, alright. Frowning, you look like a rotten old man. Hehe."

Long Chen also laughed along with Ling Xi, but when he looked at the ruined temple, he was not relaxed at all.

"If you want to kill me, then let's see who kills who!" This time, either you all will die, or I, Long Chen will die! "

As he said that in his heart, Long Chen activated his speed and rushed towards the rotten temple.

The entire temple was filled with cracks, but the ceiling was still in good condition, as it could block out a lot of wind and rain.

Very quickly, Long Chen entered the dilapidated temple. With a stomp of his eyes, he saw Jin Sheng'en chuckling at the side, while Chu Yunxi, who was acting like a wild beast, was frantically ripping apart Liu Lan's clothes, revealing a large portion of her snow-white skin. Liu Lan's face was pale white, filled with despair.
