

## War God 1761

### Chapter 1761 - Primordial Three Fists

Long Chen held the beauty in his arms, but his gaze had already landed on the warrior who was struck. The situation was too urgent previously, so Long Chen could not control his hand, and just as he was about to cut down the God Slaying Sword on his opponent, the God Slaying Sword was like a mad demon, destroying all of the warrior's vitality.

In reality, Long Chen did not want to kill him. It was just that he had been in a rush just now, and the twenty-one lines formed by the God Slaying Sword had increased his lethality greatly after transforming into a archaic instrument. Long Chen did not sense it immediately, and adding the concern for Ling Xi's safety, he killed one of them.

Everyone stopped what they were doing when they saw the corpse, which was still lying dead on the ground.

Long Chen made a prompt decision to let Mo Xiaolang and Ling Xi enter the Divine Kingdom.

The other four walked up to the corpse.

"Dead." One of the Su Clan disciples informed Su Yu Chen after checking it.

Then, he looked at Long Chen in schadenfreude and said: "I was afraid that I wouldn't be able to take care of you. Now, you're asking for trouble, asking for it yourself, even if it's me, I don't have the power to casually kill them. But you started to kill them right away, even though this brat isn't even close to me, he has quite a few tribulation of reincarnation s in his clan!"

The other three looked at each other in shock and fury. If it were them, they would have been killed by Long Chen's invisible attack, but since he had killed one of their own ...

As long as his elders appear, how could Long Chen still continue acting so arrogantly?

"The three of you, bring his corpse back. I'll fight with him here!" Su Yu Chen ordered coldly.

The others didn't want to stay here for a long time. Now that they were dead, they had to hurry back and that something serious had happened.

Long Chen, however, was not frightened by this matter. Su Zhen was not a mysterious individual, and it just so happened that he had killed someone to see what he could do.

As for Su Yu Chen ...

After the others had left, Long Chen and him were the only ones left in the dilapidated Dawn Mountain.

Su Yu Chen walked step by step in front of him and said, "Let's continue. We haven't won yet, right? Don't say you were scared. "

Under the effect of the Divine Blood Boiling Art, his opponent was getting stronger and stronger.

It was even comparable to Su Yuyao's power of rebirth!

"If I don't make you understand, you won't know the difference between a real god blood descendant like you and a real Dragon Fighter like you, even if it's a super divine dragon. I can not only use my divine blood to boil, I can also receive the will of a true god! "

Su Yuchen spread open his arms and loudly said, "That is the will of a true god, comparable to the heaven and earth. You simply don't understand that you are a rare and difficult opponent that I have met.

Long Chen did not turn into a dragon. His left hand held Ling Xi's sword horizontally across her chest while his right hand held the Sword God Slaying Blade horizontally behind him. It looked simple, but in reality, it was filled with killing intent.

When Su Yu Chen saw him as a difficult opponent, he also saw Su Yu Chen as a difficult opponent.

He really wanted to see, what exactly was this so-called will that came from a god? Was it similar to the effect of the Divine Blood Boiling Art?

In next to no time, Su Yu Chen closed his eyes.

The golden lines on his body were like tattoos. Even his face had golden tattoos. These were the special markings of the blood descendants of the Martial God Realm.

From his body, Long Chen discovered a kind of indescribable radiance, as if the entire world had converged onto him, and he also felt that this person had the power to control the world. If he wanted the world to change color, then he didn't need to make a move, the world would be under his control.

The originally ordinary Su Yu Chen had transformed into a normal person out of thin air, and had an additional temperament that caused Long Chen to feel reverent in his heart.

Presumably, this was the temperament that belonged to a god. This god blood descendant of his was only imitating the inheritance for a bit, but even so, Su Yu Chen's performance was not simple.

Whoa!

When he opened his eyes, the golden eyes seemed to pierce through the world.

Weng! \*

Long Chen felt a burst of tinnitus. The Su Yu Chen in front of his eyes seemed to have become many times stronger as he stood in front of him like an ancient giant, bringing about an endless amount of mental pressure.

"I am a Archaic Gods, you kids, how dare you invade my home, bully my children, hurry up and die!"

Long Chen felt like he was struck by lightning, and his ears rumbled. It was extremely uncomfortable, as the other party's pressure was as if the entire sky was pressing down on his head, making him feel extremely heavy.

He couldn't even see Su Yu Chen, he was torturing him instead.

This was probably the The Will of the War God.

Bearing the will of a Divine Spirit was also a special method that only the god blood descendant had.

If it was any other person, he would have long been scared senseless by Long Chen. But Long Chen was an extremely proud person, his bloodline was the most proud bloodline in the entire history of the world, even the will of a god might not be able to tame him, because in his eyes, gods were not supreme beings!

Only the Ancestral Dragon was at the peak of power!

BOOM!

The tenacious and indestructible will inside his bones erupted, and Long Chen let out a crazy, furious roar in his most despairing of times. The other party's The Will of the War God was nothing more than a kind of primordial spirit suppression, while Long Chen's primordial spirit was a Great Void Cosmic Dragon.

This angry roar directly shattered Su Yu Chen's The Will of the War God, causing everything that he created to crumble.

At that moment, Su Yu Chen was about to go crazy.

He had never seen anyone actually be able to resist The Will of the War God!

BOOM!

Su Yu Chen took a few steps back. Blood flowed from the corner of his mouth and the Divine Light surrounding his body gradually faded. Only the increase in the rate of his Divine blood boiling still remained.

As for Long Chen, he acted like nothing had happened, but he couldn't let Su Yu Chen go just like that, because he had provoked him. Of course, Su Yu Chen would not let this matter rest either.

He looked at Long Chen with extremely shocked eyes, and said: "I've really not seen it before. With your level, being able to withstand my The Will of the War God, since that's the case, I can only use my divine blood to boil, and defeat you with my true strength!"

Weng! \*

He did as he said and circulated his power. The golden lines on his body changed, the Divine blood continued to boil, his power continued to erupt. Su Yu Chen gathered a fist, shook the heavens and earth, and attacked again!

"Primordial Three Fist, First Fist!" Wu Po Mountain and River! "

The Primordial Three Fists were innate Tao techniques that were even more profound than the War God's Fist. Su Yu Chen could only execute this move when his Divine Blood boiled!

The martial god's fist intent fluctuated, and one of the mountains in Mount Chen Xi crumbled. Countless shattered rocks flew towards Long Chen, and with a loud explosion, the mountain peaks connected to Long Chen disappeared without a trace.

Honestly speaking, after this fellow's divine blood began to boil, he was no longer someone that Long Chen could handle with his normal strength.

When the three Primordial Fist and the fist were thrown out, the entire Dawn Mountain had been completely destroyed. Su Yu Chen laughed loudly while standing in the air, and said: "Long Chen, how much longer do you have to dodge? If you're a man, then get the hell out of here. "

Just as he finished this sentence, he suddenly felt a fatal danger from behind him.

He suddenly turned around and saw a blood-red figure shrouded in a raging dragon-shaped flame. It was a pure blood-red flame, neither large nor terrifying, and it didn't even feel like it was burning. However, this dragon-shaped flame made Su Yu Chen strangely suck in a breath of cold air.

"You also have God's blood?"

Su Yu Chen asked in a daze.

He could feel that Long Chen's body had started to emit a kind of undulation similar to divine blood. The blood red flames had actually brought about a huge increase in his cultivation, and the degree of this increase was even greater than Su Yu Chen's divine blood boiling!

This burning blood-colored flame was extremely similar to the Blood Sacrifice Flame!

But this time, the Blood Sacrifice Flame had taken on a new appearance and was reborn from the flames. Now, the dragon shaped flame that Long Chen controlled was the divine refining flame!

The Divine Flame of Refinement was a temporary enhancement of the flames without any side effects!

In the blood sacrifice back then, every time he had used it, his strength would have been weakened. But now, Long Chen was not worried about that at all.

However, the effects of the Divine Flame were not that simple. This was because the Divine Flame was not only targeted at him, but also at his enemies.

Long Chen waved both his hands, and his blood red fire dragon head roared and coiled itself around his arms.

"Again." Long Chen only said two words.

Su Yu Chen laughed coldly as he began to form punches. He danced in the air, forming numerous fist shadows around him. In the end, he punched out and the sky changed color.

"Primordial Three Fists, Third Fist!" Python Devouring the Ancient Desolation! "

This fist strike was like a vortex, and the vortex was like a python that swallowed the heavens. It was formed by the power of the War God's Fist Aura, and it was able to swallow the heavens.

The Divine blood boiled to the limit. This was the strongest technique that Su Yu Chen had ever used.

Bathing in the dragon-shaped divine flame, he fearlessly punched towards the most powerful of the three Primordial Fists. His figure was undoubtedly small compared to the Heaven Swallowing Python, but after this streak of blood colored light rushed in, countless sword Qis carrying blood colored flames shot out, piercing the Heaven Swallowing Python until its entire body was covered with skin!

"Long Chen!"

Su Yu Chen was defeated in a row!

Shua shua shua shua!

The moment he realized it, he felt incomparable pain as he let out an earth-shattering scream. Under the burning of the Spiritual Refinement Fire, his Nirvana power quickly ignited, and in a short instant, it disappeared in a large amount. His cultivation had basically regressed by a whole level!

This was the lethality of the Divine Flame of Refinement!

Absolutely astonishing, absolutely terrifying!

If Long Chen wanted, he could make his cultivation level drop to zero.

However, he didn't do so. He was only giving the other party a lesson. Naturally, from today onwards, he would no longer have the qualifications to contend against him.

Long Chen slashed out sixteen times, and carved an ancient dragon character on his opponent's chest.

This was to tell him that dragons had existed in this world.

It must exist.

## Chapter 1762 - Starting to Spell Dad

Without any side effects, he would increase his opponent's strength and burn their Nirvana Power. This would cause the opponent's strength to regress and cause the side effects to descend onto the opponent's body. This was the heaven defying aspect of the Godly Flame.

It could be said that the viciousness and power of the Archaic Blood Spirit Dragon was thoroughly displayed after the divine refining flames were released. Its rule was slaughter, and no one could compare to it.

It was nothing compared to causing one's strength to regress. Even if one was killed, it was better to not experience such nightmares.

At this moment, Su Yu Chen's handsome appearance had already become charred from the burning of his Spiritual Refinement Fire. He rolled onto the ground and painfully cried out. On one hand, it was his body's pain, but on the other hand, it was his soul's pain.

'Lucky for me, I managed to obtain the power I've been training so painstakingly for! '

"Long Chen!" Su Yu Chen was still maintaining his consciousness. Amidst extreme pain, he hurriedly stood up, looked at Long Chen with his charred face, and said in disbelief, "You actually have such a devilish skill, you deserve to die! My power of rebirth, I want to tell my father to kill you, you beast! "

Long Chen replied: "If I can't do it myself, I'll have to look for father? It seems that no matter what, the real trash is still you. Could it be that the so called god blood descendant is just you? "

As he retreated, he laughed loudly, as if his throat was about to be torn apart. He said: "You killed one of the descendants of the eighteen branch families, and even caused my cultivation to fall back. Even if you became my Third Uncle's foster son, you would still suffer from harsh family rules. Just you watch, your fate is much worse than mine. You dare to fight against me with your lowly bloodline? "

Even after suffering such a crushing defeat, he was still defeated by a small character. This was a huge blow to Su Yu Chen, causing his mind to be in a state of complete chaos. His eyes turned bloodshot!

Although such injuries could be made up for with a large amount of precious immortal spirits, it could still cause damage to one's foundation, and was unable to face the next stage of the Nirvana Tribulation.

Even if one was able to face the next stage, a hole had already appeared in the foundation, and it would require a large amount of time to recuperate.

Thus, Su Yu Chen wished that all of this was just a dream!

His hands trembled as he pointed at Long Chen. He was suspicious, how could Long Chen still remain calm under such circumstances?

Long Chen could vaguely feel the arrival of a lot of warriors, and they were all Rankers from the War God's Inner City. The three branch family youths from before had already returned to , with their speed, they should be there by now.

To Long Chen, this was the truly exciting moment!

Hu hu!

Large numbers of experts broke through the air and descended above the two. The ones who came were not just the people from the disciples' clans, but also the people who rushed over to watch after hearing the news. In a short moment, over a hundred people had gathered above the two of them. They were all members of the Su Family!

In reality, to every single Divine Ancient City, every single god blood descendant was extremely important. It was difficult for them to reproduce to begin with, and a child with a high concentration of bloodline was an extremely precious treasure to the god blood descendants. They were extremely protective of their own lives, to the point where they had almost gone mad.

But this time, the news was that a person from one of the eighteen great branch families was killed by Long Chen.

The descendants of the War God had hundreds of branch families, but only eighteen of them could be called the eighteen branch families. Eighteen branch families were not fixed, but every thousand years or so, all of the branch families would re-fight according to the strength and heritage of their respective clans. The strongest eighteen families would become the eighteen branch families, and it was said that the eighteen branch families would be able to take over the ancient treasures left behind by the Eighteen Martial Gods.

It was very normal for people like Su Yu Chen to be together with descendants of the 18 branch families. After all, only the Zongjia was the biggest.

Those that had just arrived were staring at the scene in shock.

Many people knew that Long Chen had just passed through the Purgatory Flame Star Beast. With his talent as a Dragon Fighter, perhaps his realm was not even Sixth Stage of Nirvana Tribulation yet. This kind of person shouldn't have too strong combat strength. After all, he was too young and his cultivation realm was too low.

Thus, even though Su Zhen had asked him to be his foster son, he hadn't encountered any attention with regards to strength. As for his arranged battle with Su Yuyao, the crowd had only treated it as a joke.

However, when they heard that Su Clan disciples, who was at the late stage of the Seven stages of Nirvana Tribulation, had actually been killed by Long Chen, and that Long Chen was currently fighting against a monstrous genius like Su Yu Chen, the expressions of everyone present became indescribably wonderful.

Shocked and doubtful, they came to the scene.

And when they saw Su Yu Chen on his last breath and struggling in front of Long Chen, they looked at each other in dismay. They couldn't believe their eyes, and they couldn't believe that the Su Yu Chen who was usually so relaxed and at ease would actually turn into the appearance of a neither human nor ghost?

It was impossible to describe the current Su Yu Chen's misery.

There was simply too much of a difference between reality and what they had imagined.

Before arriving here, they had already been imagining Long Chen being captured by Su Yu Chen. In their hearts, they had never thought that Su Yu Chen would be defeated.

For a time, everyone was at a loss as to what to do.

When many people saw Su Yu Chen's situation, they knew that this time they had caused a huge ruckus.

"A group of trash! What are you waiting for?! This Long Chen dared to slaughter our Martial God Blood Descendant and severely injure me! This is a provocation to all of our Blood Descendants! Hurry and kill him!" "Hurry up!"

Su Yu Chen fell to the ground and roared hysterically.

Everyone woke up from their stupor as they shared a common enemy.

Someone saw Su Yu Chen heavily injured and had already gone back to inform the people of Zongjia. This matter was even more serious than they had imagined.

More people arrived.

Long Chen knew that he was truly in trouble. He raised his head and saw that there were about seven or eight people, all of them were middle-aged men with terrifying killing intent and fighting strength. Although they were not at tribulation of reincarnation, almost all of them were at the peak of Nirvana Tribulation Realm.

This should be a member of the deceased's family, one of the eighteen branch families.

Their hate-filled gazes instantly locked onto Long Chen.

Without saying a word, under the orders of a cold middle-aged man leading the group, they surrounded Long Chen. When they surrounded Long Chen, they did not make a move, and the mighty man in purple silk robes had blood-red eyes, he gritted his teeth and said: "You are Long Chen? Did you kill my son? "

Behind him, Su Yu Chen said ferociously: "Su Baizhan, that's right, it was you who killed your son. I saw it with my own eyes, and the other three saw it with my own! There's no need to ask. A foreign race dares to touch the descendants of our War God? As your father, your son was killed by someone, how can you bear it! "

Under Su Yu Chen's instigation, Su Baizhan's body was already trembling.

His heavy breathing was like a giant beast that covered the sky. The air exhaled by his chest was enough to shake the surrounding rocks.

Long Chen had a rough understanding of the situation, so this fellow's strength should be on the same level as Su Yuji.

This kind of opponent was still too difficult for Long Chen.

However, he had a plan in his mind and wouldn't be frightened by this formation.

As for the matter of killing someone, Long Chen was not clear about the change in the God Slaying Sword, it was not an issue that he had considered, but an unexpected matter.

Most of the time, it's not necessarily a bad thing to have a bad luck.

Su Baizhan lowered his voice and asked: "Long Chen, considering that you are the Su Zhen Shaochen Young City's Marxist son, I will give you a chance to explain yourself. The hatred of killing your son, the irreconcilable sky, you must speak properly, speak properly!"

After saying that last word, his face was already very hideous.

The faces of the others in his clan were filled with hatred.

Long Chen said indifferently: "Everyone has to be responsible for their own decisions. He decided to follow Su Yu Chen to bully me, and decided to kill the person I love. In that kind of emergency, if I didn't accidentally kill someone, I'm afraid I would regret it even more."

What he said was the truth, so he was not wrong in this matter.

Su Baizhan clenched his fist and released the purest martial aura that belonged to the War God. He was different from the other noble young masters, one could tell from one look that he was someone who had gone through hundreds of battles to truly forge the super strong combat power and lethality.

"In that case, as a father, I can't let my son die in vain!"

Long Chen predicted that the other party would lose all reason and make their move.

The moment the opponent made a move, his body ignited with the flames of the Refinement Spirit.

Seeing this flame, Su Yu Chen practically saw a nightmare. He screamed, "Hurry and retreat!"

Su Baizhan hesitated for a moment, and at the same time, the flame in front of his eyes completely disappeared. At the same time, Long Chen also disappeared.

That's right, Long Chen used the Spirit Refinement Flame and escaped into the river of time, using the Time Traversing Dragon.

He quickly swam out of the encirclement and hid in a corner. He could not escape War God's Ancient City because Su Zhen had restricted his freedom.

Before the real big shot arrived, Long Chen chose not to show himself.

He wanted to wait for Su Zhen to arrive and see how this fellow would defend him.

"Where did he go?!"

Everyone present was even more shocked.

He had just crossed over from the Purgatory Flame Star Beast, no wonder he dared to be so calm in front of everyone.

Even Su Baizhan had completely lost track of Long Chen, as he turned around in a daze, and looked around.

As Long Chen was feeling pleased with himself, he felt a gaze from behind that terrified him.

## Chapter 1763 - Wu Mo Cave

Long Chen was not shocked at all.

He knew that in the Su Family's residence, there were at least hundreds of experts with tribulation of reincarnation, or even hundreds of them. Although the Time Traversing Dragon was incomparably exquisite, Long Chen's current cultivation level was too low, and his comprehension towards the Way of Time was not enough either. He was temporarily unable to comprehend the entire Time Traversing Dragon completely, so if he were to cultivate to the highest realm, perhaps even true gods would not be able to discover him.

But at least until now, his Time Traversing Dragon still had its flaws.

For example, at Su Zhen's level, Long Chen had an intuition that he could see through himself.

He indifferently recovered his senses. The person standing ten meters behind him was not Su Zhen, but a tall and thin old man. His hair was sparse, and his skin was wrinkled. He was dressed in plain clothes, which made him look very different from the other noble Su Clan disciples. He was more like an ascetic who had hidden himself in the forest.

However, there was one thing that mattered. His eyes were golden, and shone like the sun.

From this point, Long Chen could see that this fellow was also from the Su Family. His cultivation was extremely deep and was around the same level as Su Zhen.

"Is this the power of time, Everlasting Dragon City?"

The other party muttered in suspicion. With a casual flip of his hand, Long Chen felt a strong gust of wind engulfing him and he was unable to move. Under the lead of the opponent, he was brought back to Su Yu Chen's eyes.

And his own Time Traversing Dragon, under the opponent's control, had actually broken through as well.

He was already mentally prepared.

When this mysterious old man appeared, everyone immediately knelt on the ground and said in unison, "We pay our respects to Young City Lord Su Chan!"

Sure enough, this person was number four, Su Chan.

He looked old, but in reality, he was even younger than Su Zhen. It was just that the way he trained was different and he appeared old.

His son had been injured, so it was normal for him to quickly catch up.

However, Long Chen couldn't help but slander his son in his heart. There was a heaven and earth difference between the looks of Su Chan and Su Yu Chen.

At this time, everyone already saw Long Chen being controlled by Su Chan.

"Everything that has happened here, I already know about it," Su Chan's voice was hoarse, but it made people feel constrained and it gave them a sense of peace of mind.

"Father!" He knelt on the ground with tears streaming down his face and said: "This Long Chen relied on his status as the foster son of Third Uncle to attack me heavily. Not only did he use evil and devilish methods to force my strength back into the Seven stages of Nirvana Tribulation, he even killed my good brother. He acted so brazenly, not putting us in his eyes, and completely ignored my martial god descendants."

Su Chan did not get angry. He extended his withered finger and let Su Yu Chen quiet down, then looked up and said: "Third Brother, since you're here, why don't you show yourself?"

Everyone looked over in shock, only to see the scholarly Su Zhen suddenly appear with Su Yuji behind him.

For the five young city lords, one would normally be considered a miracle, but two of them actually appeared because of Long Chen.

They looked at each other.

"Let him go first." Su Zhu said.

Since he had come, Long Chen heaved a sigh of relief. With him here, no matter what, he would not be punished on the spot. At the same time, Long Chen would also be able to probe him.

Su Chan did not waste any words and immediately let go. Long Chen had gained his freedom, but at this time, Su Yuji walked forward and brought him back to Su Zhen's side.

Especially Su Baizhan, who had lost his son. With bloodshot eyes, he strode to the front of Su Zhen and knelt on the ground, saying, "Two Young City Lords, my son was innocently killed, the murderer is right here. According to our Su Family's law, outsiders who killed our descendants should be the one to exterminate the Nine Clan! Even if it's in accordance with the Su Family's laws, killing your compatriots is still a first class crime. My son's misery, I represent our seventeenth branch family.

Long Chen was also very curious, how would they deal with him?

He wasn't worried, because he knew that no matter what, he definitely wouldn't die.

More and more people gathered to watch the decision of the two young city lords.

At this time, Su Chan made a gesture of invitation and asked: "Third brother, you are an elder. What do you think we should do?"

Su Hao said: "Your son's cultivation regressed. This is also a big matter. So, what do you think we should do?"

His eyes were blank and blurry, as if he did not exist in this world.

Su Chan's golden eyes turned, releasing a light as harmonious as the sun. He said softly, "He is your adopted son, or at least, that is what you think. The culprit is my son. His fault is only that his methods are brutal and he directly killed him. , what do you think the lesson should be? "

Su Baizhan did not think that he would ask himself, but in front of the Zongjia, even if it was eighteen branch families, he would still have to lower his head, especially when he, Su Baizhan, is not the person

in charge of the branch families, so his position is not too high. However, the enmity of killing his son is unforgivable, so he gritted his teeth and said: "I think, not only will he kill people, but he will also use some evil methods to force Young Master Yu Chen's strength back.

Su Yu Chen immediately said: "You're right, he is not from my Su Family. It is impossible for him to be killed. We will be laughed at by the other god blood descendant! "

Su Chan slightly moved, causing Su Yu Chen to shut his mouth. He said: "The one provoking this matter is not him, he is only passively defending and killing people by mistake, so Third Brother, in order to eliminate the anger of the masses, I think it is appropriate to cripple a portion of his strength and let him begin again, to show the lowly status of a weakling. I hope that he can suppress the murderous and devilish nature within his bones."

As soon as these words were spoken, the crowd immediately burst into an uproar.

In reality, although it was not as good as immediate execution, this punishment was still very severe. Su Chan would indeed protect his son. This punishment was sufficient to satisfy everyone here.

"That's right. If he dares to cripple me, he must return the favor." Reduce him to the Divine Martial Stage! " Su Yu Chen's anger was finally vented and he sneered.

Everyone was waiting for Su Zhen's answer.

Su Chan gave them some pressure while the others were all saying that this decision was good. If Su Zhen was opposed, then it would be too obvious how they would shield him.

Everyone shouted out Su Chan's wise decision.

Su Chan's gaze was calm as he looked at Su Zhen.

At this moment, Su Zhen calmly said, "There's no need to abolish strength. I'll make a more suitable decision."

Everyone quieted down.

Anger appeared in the eyes of many people.

Was Su Zhen really going to shield him?

Su Chan remained calm and listened quietly.

He was the one who had caused the greatest trouble. If it were only Su Baizhan, Su Zhen would completely ignore him.

At this time, Su Zhen looked at Long Chen with a calm gaze and said, "After locking him up in the 'War Magic Cave' for fifty years, do the Monarchs think it's appropriate?"

Martial Demon Cave!

Everyone's expression changed.

Long Chen thought in his heart: "This Martial Demon Cave is this guy's real idea? What exactly is the cave and what does it have to do with me? If it wasn't for this, would he have thought of other ways to let me into the cave? "

Long Chen's intuition told him that Su Zhen telling him to stay might have a lot to do with the Martial Demon Cave.

Moreover, judging from the expressions of the others, they were only shocked and not dissatisfied. This meant that the punishment of the cave was not inferior to abolishing one's strength. It might even be more terrifying. Then, what exactly was this place?

After the Martial Demon Cave was said, the scene suddenly became quiet.

Su Yu Chen swallowed his saliva and suddenly smiled. "Good, this is good. Then let him stay in the Martial Demon Cave for fifty years."

Su Baizhan also revealed a strange smile, and said: "Since Young City Lord has made such a decision, we have no other choice, so let's go to the Martial Demon Cave."

Long Chen did not panic, because this was Su Zhen's idea.

Although he might not be doing this for her own good, she had finally found his purpose. She was no longer as clueless and confused as she was before.

As for the consequences ...

The moment he was captured and sent to the War God's Ancient City, it showed that it was a calamity.

It was not certain who would emerge victorious, him or Su Zhen.

In the end, Su Chan revealed a doubtful expression and said: "Since third brother has decided on this, then so be it. I'll be leaving first. "

After he finished speaking, he took Su Yu Chen and left this place first.

The others looked at each other and tactfully left. As for Long Chen, Su Zhen had already said that he would lock him in the Martial Demon Cave, then he would definitely do it.

In the end, Su Baizhan said, "I hope you have a good time in the cave."

With that, he left as well.

There were only three people left.

Su Zhen stood in front of Long Chen, mysterious and fleeting. Long Chen did not even know if he was kind or evil.

Su Yuji's eyes revealed nervousness, and she immediately asked: "Daddy, why is it the Martial Demon Cave, this ..."

At this moment, Su Zhen turned around and looked at Long Chen from head to toe. "It's not a punishment, but a test, a gift of fortune. Whether or not you'll survive will depend on whether or not you're destined to be a favored child."

Then, his body actually disappeared into space.

It was as if he had never appeared.

Su Yuji had a strange expression on her face. She looked at Long Chen and said, "Forget it, he's asking me to bring you to the Martial Demon Cave. You really know how to cause a ruckus. You gave him such a big problem in just a few days. As my father has said, this is just a chance encounter, and it will definitely bring you great benefits. "

Long Chen only needed to listen to a little bit of what she said. In any case, Su Yuji would always speak kindly of Su Zhen.

It was just that Long Chen was very curious, what exactly was this Martial Demon Cave?

#### Chapter 1764 - The Real Devil

This was the place where the descendants of the War God resided. Was the so-called Martial Demon related to the War God?

Why did Su Zhen sending him to this place have something to do with his super divine dragon, or with Long Chen's path of time? Also, this War God's Ancient City has a super dragon's Dragon Fighter, who is he?

Su Yuji led the way ahead. Her willowy body was wrapped in a fiery red long skirt, and her skirt scattered down, like a burning flame. Within the flames, her skin seemed especially tender.

As she led the way, she said, "I think you must be very curious, what exactly is the Martial Demon Cave?"

"Just tell me straight out." Long Chen naturally needed to know, but if he encountered such a thing, not only would he be brought into the Martial Demon Cave, the rest of the people in the Divine Kingdom would also suffer with him.

Su Yuji laughed lightly, and said gently: This place is far from here, it has many implications, I have to start from the beginning.

Long Chen did not speak, waiting for her to explain in detail.

If they continued to move slowly, they were still a long distance from the Martial Demon Cave. There was enough time for Long Chen to be mentally prepared.

Su Yuji began to describe, "In our inner city, there are many forbidden grounds. Even with my identity, there are at least a few forbidden grounds. Even if this Martial Demon Cave is one of them, it is also the most severe punishment to the disciples of our Su family, the Martial God. Of course, since father allowed you to enter, I believe that there must be some meaning to it. "

"Rumor has it that the Martial Demon Cave already existed before our War God's Ancient City was even established. He is the only god who cultivates the way of battle and became a god, so he is honored as that is why he is called a Martial God. But before he became a god, he went through a few twists and turns, and that was when he entered the demonic path with martial arts, escaped into the demonic path, transformed into a demon, and killed all living things. The so-called demon is something you might not know, but everything in the world can be considered a demon.

This so called devil made Long Chen think of the City Lord of Wutu City. )))

That was a true devil, and was different from the's so-called demons, Ancient Devil Region and so on. This was because this kind of devil was born under the influence of the Heavenly Dao.

"Disobey the heavens, defy the eighteen heavenly tribulations, and walk on another path. If one wants to use other methods to become a god, they would be called devils, and at that time, they would be called martial gods. In this world, only by becoming devils would they be able to escape from the Eighteen Major Tribulations, but the facts of history have proven that no devil could ultimately become a god. Even without Eighteen Major Tribulations, there would only be death in the end. "

Su Yuji's words caused Long Chen to sink into a deep state of shock.

There was actually someone who could escape the Eighteen Major Tribulations. Back then, the City Lord who could let his subordinates escape from the Nirvana Tribulation to gain eternal life, any kind of abnormal and incomplete eternal life could also be considered as an eternal life. This kind of dao was the Path of Demons, and was it different from the divine gods?

The City Lord who had died in a futile attempt, had fallen into a demonic state. It was the true path of demon.

The path of demons. Travelling against the heavens. Giving a heavy price to avoid the road of becoming a god through the Eighteen Major Tribulations.

It seemed like it wasn't a miracle for the City Lord to die in vain, as he was one of the many possessed by the Devil.

"It seems that you have never heard of a demon before?" Su Yuji laughed softly, and said, "Since the Primordial Era, demons have caused many disasters. Therefore, everyone hated demons. It was because they were a group of inhumane things. They are cowards who fear the Heavenly Dao, and yet they even dream of using demons to become deities. That is truly wishful thinking. "

Long Chen carefully digested the information in her words, and then asked: "Then, what does a Martial Demon have to do with this Martial Demon Cave?"

Su Yuji said: "Some miracles have occurred, after my ancestor went insane, he personally killed his own relatives, annihilated his own clan, and in the state of bedevilment, he felt extreme regret, he hated the demonic way, and thought of all sorts of ways to return to the righteous path. In the end, he succeeded, he found a barren mountain, and washed off his devil thoughts in one of the caves, washed away all the demonic filth, restored the pure martial way, and in the end became a god through use of martial arts.

After saying that, she smiled and said, "To be honest, these are just legends. You must not believe them as they are far from reality. Legends say that the place where the Martial God washed his demonic thoughts is the cave."

What Long Chen did not expect was that he would actually want to enter such a place.

He stayed silent for a while and said, "So what if we enter the Martial Magic Cave now?"

Su Yuji swept her lips with her slender fingers, and said: "That is a place where you return to the origin. When you get there, you will return to your original state, which is the state you were in when you first started cultivating, and countless temptations, bloodshed and brutality will appear in front of you. You will feel extreme pain to bear witness to many things, and don't underestimate the fact that during this period of fifty years, most people will go crazy after staying in there for a year. There were even many people who were directly bewitched. As long as they were bewitched, it was basically the fate of them to be killed immediately. But I feel that they are all quite pitiful, because that itself is a place where people can easily escape into the Path of Demon. If it wasn't for despair towards this world, who would have become a demon? "

Saying this, she felt a bit regretful.

Long Chen's eyes started to flicker.

"Return to the very beginning and witness the tragedy of everything. The trajectory of your life has completely changed. While I am powerless to watch all of this, there are countless temptations."

No wonder those people were so gloating when they heard that he was going to be thrown into the cave fifty years later.

Long Chen frowned: "Since that's the case, why are you so sure that your father has special intentions? He just wants my magic roots to grow deeper, is there anyone who can endure fifty years of time?"

Su Yuji was silent for a moment, then said: "I don't know, but the way my father does things, there definitely is a reason. As for fifty years, that's probably not possible. He once told me that there is a secret in the cave, and if you crack this secret, you will be able to open up another part of the cave. This is something that not even our Su Family can do. He once let my big brother into the Martial Magic Cave, but a few days later, she dragged him out. "

"Big brother?" Long Chen asked.

Su Yuji nodded her head, and said: "Yes, my big brother, the Martial God bloodline in his body is not strong, just over five percent, it's far from being comparable to me and Yao'er, who are at the lowest level in Zongjia. But later on, he obtained the inherited blood essence of the supreme divine dragon, and his cultivation was far above me and Yao'er. I think the reason he allowed you to enter must be related to that super divine dragon. "

Long Chen mocked himself, then said: "Let his own son in, then pulled him back up a few days later, and let me go for fifty years?"

Su Yuji was a little angry, and said: "Don't say it like that, maybe in a few days he will also drag you up, my father has always been a maverick, a mere branch family, he still can't threaten him, and this time I let you into the cave, it's just a coincidental excuse, after all, he can't let others in, it's my Su Family's forbidden area."

Long Chen suddenly understood.

It seemed like a terrifying challenge.

But the question was, what was going on with this so-called return to the origin?

He asked Su Yuji this question.

Su Yuji said: "In other words, you will recover to the state of having just been in contact with cultivation, where you will lose all your strength, but this is a true illusion, or a type of demon intent. But it's not really a loss. When you come out safely, as long as you don't become bewitched, not only will you not become weaker, you'll even become stronger. "

Long Chen continued to ask: "In other words, everything that I have will disappear, and even the Divine Kingdom will disappear?"

The other party nodded.

This made Long Chen troubled, because Ling Xi and the others were all in the Divine Kingdom, what kind of special situation would happen then?

"I can take care of your lady and your dire beasts' companion for you. You should trust me, right?" Su Yuji said sincerely.

Long Chen could only ask Little Cat at this time.

Cat answered absentmindedly, "This is the demonic will left behind by that ancient deity. However, I am not sure what Su Zhen wants you to do. But I am sure that the Ancestral Dragon is an existence that surpasses gods and devils, and everything related to the Ancestral Dragon will only be weakened and not disappear. For example, the Great Void Realm, your Great Void Cosmic Dragon Primordial Spirit, or the even more mysterious Dragon Jade Dao Seal. It was impossible for the demonic intent to do this. You regain control of the Great Void Realm, and if we stay within, we can remind you when you are in a daze. "

With Cat's words, Long Chen could be said to be more at ease.

Therefore, he rejected Su Yuji and said: "It's fine, I have my own ways."

Su Yuji said in a doubtful tone, "You better be careful. No one will possess the Divine Kingdom in their original state.

Long Chen said: "I will take care of it myself."

Su Yuji's eyes were cold, but she did not say much. It was obvious that Long Chen did not absolutely trust her.

Before heading towards the inner city, Long Chen had everyone and their possessions be moved away from the Divine Kingdom to the Great Void Realm. The Great Void Realm once again formed a rune and attached it to his chest.

After he was ready, Long Chen was much more at ease.

Inside the Great Void Realm, everyone was filled with confidence to face this mysterious trial. This time, no one knew what was in front of them.

Soon, they entered the inner city.

"When we reach the area of the cave, I cannot enter, but there will be a clan elder waiting for you. He will tie a purple gold rope around your body and pull you back up after fifty years." Su Yuji said expressionlessly.

## Chapter 1765 - Mystic Clan Elder

"Clan elder? Only he is allowed in the Martial Magic Cave?" Long Chen asked.

Su Yuji answered: Yes, within a radius of ten thousand meters around the cave, it can only be entered by my father, but he can't stay inside for too long. This clan elder lives in the cave all year round, I have seen him once, it is very mysterious, but I do not know where he came from.

Long Chen took note of this information as the two of them flew quickly through the inner city. The closer they got to the inner city, the more Long Chen realised that the astonishing Nirvana Qi could cause many immortal spirits. If everything within the War God's Inner City fell into the hands of the Dragon Sacrifice Continent, how many powerful warriors would be created?

Running through the forest in the inner city, Long Chen didn't feel like he was heading towards a forbidden area at all. Because there were birds chirping and the fragrance of flowers everywhere.

"It's right in front of us," Su Yuji suddenly said.

Just at this time, another group of people caught up to them, the two of them stopped and turned around, only to see that at least forty people had caught up. One of the leaders was Su Yuyao, and the others were all young men, with status similar to Su Yuji's.

The group of people's eyes were filled with anger and ridicule, especially Su Yuyao's. However, her anger had already completely disappeared, and the sense of ridicule was even stronger.

When this group of people arrived, two young men and a man and a woman walked over. The man looked at Long Chen with incomparable fury and roared: "You're the one that injured my brother Su Yu Chen?"

The other woman's eyes were vicious. She looked Long Chen up and down and said, "You injured my brother so badly, yet you are completely unharmed. Damn it, before you enter the Martial Demon Cave, I, Su Yumei, will take half your life!"

They were playing and came back as soon as they heard the news.

Behind them, there were a few Zongjia's people. They were all their supporters, the young geniuses from the branch families.

They usually fought internally, but at this moment, they were united like never before.

The strength of these two people were even stronger than Su Yu Chen. It was impossible for Long Chen to fight with them, even if he won, it would still be a punishment.

But the other party did not take him seriously. The two young warriors saw that they were about to charge forward, but Su Yuji still blocked them gently and said coldly: "I have brought him into the Martial Demon Cave. You two city lords, do not cause any trouble. If it's bad, don't blame me for not advising you. "

Su Yuji was a little older than them, her attitude was not bad, and her reputation was the same. She held a huge advantage in terms of strength, so her words had a lot of weight.

Therefore, the two young men stopped in their tracks and looked at Su Yuji with resentment: "Big Sister Yu Ji, this guy hurt Yu Chen, this bastard!"

Su Yuji shouted coldly: "You better take back these words of yours. My father has already adopted him as his adopted son, who are you cursing? Get the hell back here, do you also want to go to the Martial Magic Cave? "

When she became strong, everyone else was shocked.

Only Su Yuyao did not take it to heart. She coldly laughed and walked over, intentionally trying to dissuade him, "We're all on the same side, don't be angry. Don't be in such a hurry to beat him up. He is someone who is about to enter the cave anyway. He is about to experience the most horrifying torture in the world. "You two, what do you say?"

"What little sister Yu Yao said is reasonable. Fifty years! In any case, it was impossible for him to come out alive. Even if he did come out alive, he would inevitably be bedeviled, and his life would be worse than death. Look, this fellow still has a nonchalant look on his face. It is impossible for him to be so terrifying in the Martial Demon Cave! "

Everyone burst out in laughter, laughing so hard that they fell back and forth.

The two fellows who were prepared to beat Long Chen up temporarily dispelled their idea and laughed along with the others.

"Outsiders are outsiders. A lowly creature will never be able to compare with us, who possess the blood of a noble god. Is that true?" Su Yuyao said in a delicate voice.

"Isn't that? Everyone in the Dragon God Domain are under the control of our god blood descendant. We are the descendants of gods, and some of the dog stuff do not understand this principle. Would anyone send their own son to the Martial Demon Cave for fifty years?"

Everyone laughed again, their faces filled with pride.

At this time, Su Yu Yao's face was filled with a pleased smile. She swayed her butt and walked in front of Long Chen and said: "I said, little brother Long, don't you have a lot of pride in telling me that from today onwards, my position will be the same as yours? Did you see it clearly now? Do you think my father really dotes on you? You're thinking too much. I'm afraid that we won't be able to fulfill the three month promise that we made earlier. After all, are you going to be shut down in the cave for fifty years? Fifty years from now, you will definitely no longer be in human form. By then, there will no longer be a need for battle. My father really pampered me. He really vents his anger out!"

As she spoke, she circled around Long Chen, and after she finished speaking, she started chuckling again, her voice filled with pride and satisfaction.

All along, it seemed that she and Long Chen had never won their battle, and after Long Chen became Su Zhen's foster son, she felt even more stifled. When she heard the punishment of the fifty years of the Martial Demon Cave, she had already laughed out loud and the anger in her heart had been swept away.

Seeing that you want to enter the cave, then I will reluctantly show you mercy for the less than three months battle agreement, and cancel it. In any case, you will only be a disgrace in my hands, so you don't have to thank me.

Su Yuyao giggled. Although she had a childish face, she had a pair of majestic breasts that attracted the eyes of men. However, her words revealed a viciousness that made others keep a distance from her.

It was obvious that she was extremely pleased with herself now.

"Indeed, only those who have the last laugh will have the best laugh." Su Yuyao let out a cold snort, but then sneered again. Her eyes were filled with disdain.

"That's right. It's not the last moment yet." However, Long Chen remained calm and collected as he replied. Together with Su Yuji, he turned around and left, not bothering with the little princess anymore.

Seeing them ignore her, killing intent once again appeared on Su Yuyao's face.

"You mean you can walk out of here alive after fifty years of torture? However, fifty years from now, my achievements will probably be something you won't be able to achieve no matter how hard you try. Or do you think that my father will bring you out ahead of time? Don't be delusional, idiot! "

Su Yuyao screamed sharply in the middle of the crowd.

Long Chen did not reply because no matter how much he said, it would be useless. Only by coming back from the Martial Demon Cave, would he be able to make the other party convinced and slap her in her face.

The two of them gradually left.

The others left while laughing, discussing what kind of experiences Long Chen would encounter in the Martial Demon Cave.

After about fifteen minutes, Long Chen had already arrived at his destination, a tranquil valley was before his eyes. A waterfall in the middle of the valley, it was a spectacular sight, this place couldn't be connected to the Martial Demon Cave in Long Chen's mind.

"We're here. As long as you stand here, the elder will appear. I can't take another step forward." Su Yuji said softly.

Long Chen looked ahead, and did not say a word.

"Speaking of which, are you really not afraid?" Su Yuji asked curiously.

Long Chen said: "Take the opportunity to act."

"Do you have the confidence to come out and fight with my sister before the agreement is made?" Su Yuji asked.

This question

She had thought that she was at the end of her laughter, but Long Chen was unconvinced in his heart. Therefore, before the agreed time, he would definitely return!

After a while, the figure of a child appeared in front of him. When the 'child' came closer, Long Chen realized that his eyes were mistaken, it was not a child, but a skinny old man who was only one metre tall. He had aged to the extreme and his skin was shriveled up, sticking to his bones, there did not seem to be a trace of blood or flesh on his body.

He sized up Long Chen and said, "Is this the one that's going to be locked up for fifty years?"

Su Yuji nodded in response.

"Alright, little girl, you can leave now." The elder said with some excitement.

Su Yuji looked at Long Chen again. Seeing that he was still not sad nor happy, she sighed and turned to leave.

"Child, come with me." The skinny elder led the way.

He didn't speak with Long Chen, but was muttering to himself in a strange language, as if he was repeating an ancient song.

Long Chen squinted his eyes as he watched Yue Yang's back. He felt that this guy might have a lot of secrets on him, if not why would he be the only one in this Martial Demon Cave?

Walking in the middle of the birdsong and fragrant mountain stream, Long Chen felt that the Martial Demon Cave was getting closer and closer. Indeed, in the middle of the lush green grass, a hole with a diameter of around ten meters appeared in the deepest part of the valley. Rather than calling it a cave, it would be more accurate to call it a pool of green water.

"This is the Martial Magic Cave." The Skinny Tribe elder said with a tinge of emotion.

Long Chen noticed that there were about ten or so stone blocks beside the green pond, and about seven or eight of them had purple-gold ropes wrapped around them, and this rope was obviously a Dao Artifact.

There were numbers written on the stone block.

"Oh, you guessed right. These numbers are the month they were imprisoned. There are still three months left, and there are still five months left. As for you being imprisoned for fifty years, I have to calculate how many months it is."

Long Chen had a rough understanding of the situation. Presumably, the purple-gold rope was wrapped around the criminals' bodies, then he would put them down and when it was time, drag them up.

"Oh, it seems like it's time. This fellow killed two of his compatriots and has been imprisoned for three months. I wonder what interesting things this fellow has experienced inside?" I'll pull him up first. " The elder said nervously.

#### Chapter 1766 - Another Start

He decided to first pull out the person whose time had expired, then throw Long Chen in.

Currently, in the Martial Demon Cave, the longest time limit was eighteen months, and for Long Chen to imprison him for fifty years, it was simply too much for him.

He quietly watched the elder's actions.

The skinny old man jumped onto the stone block and held onto the purple gold rope. Using his strength, he seemed to have pulled something out of the water, causing the entire green pool to ripple. Long Chen seemed to be able to see that in the depths of the pool, there was a black energy flow moving.

The purple gold rope was about a hundred meters long, and the old man pulled it for over a hundred meters. The activity on the surface of the water increased, and the entire green pond seemed to be boiling.

"Aiya, they're coming out." The elder revealed a somewhat frightening smile. With all of his strength, a large man was lifted out of the water. That large man's entire body was swollen, and he had already been submerged in the water for a long time.

Next, the man was thrown to the ground.

"I'm going to wake up soon. What exactly did this child go through? This is really interesting!" The elder laughed out loud.

As the sound of his voice faded, his large body trembled. He was helpless to the extreme. Suddenly, he opened his eyes, and they were bloodshot.

"My wife and children! "AHH!"

He instantly went berserk, not caring about anything else as he stood up and looked around vigilantly. However, his internal torment quickly overcame him as he fell to the ground, twitching and foaming at the mouth. His pair of eyes lost all light, and he died in a short moment.

"Aiyo, another one was tortured to death by me. It seems like his heart is dead inside the Martial Demon Cave. After he came out, his body and primordial spirit also died." Child, are you afraid? "

His eyes stared straight at Long Chen.

To be honest, this was the most peculiar death that Long Chen had ever seen.

But when the elder asked him, he still shook his head and said, "No."

The elder laughed mischievously, "Fifty years, you sure have a lot of guts. "Alright, let's begin."

He took out a purple gold rope and wrapped one end of it around the stone block, while the other end coiled towards Long Chen like a snake, coiling around his waist.

"Go in! "Haha, see you in fifty years." The Clan Elder pulled on the rope, a powerful force attacked, causing Long Chen to be unable to resist.

This fellow was indeed an expert, but he had concealed it well. At the very least, he was an expert of tribulation of reincarnation.

Under the effect of the huge force, Long Chen's body was completely uncontrollable and fell into the deep water. The cold liquid quickly surrounded him and a powerful force pulled him towards the deepest part of the water.

"This is the Martial Magic Cave?"

Long Chen felt it was strange, it seemed like there was nothing, and his powers were not restricted at all.

When he was about a hundred meters away, he had already reached the bottom of this deep pool. Below him was a piece of black steel, and beside him were a few people wrapped in purple-gold ropes. Their eyes were rolling white, like dead fish, as they floated around in the water, completely unconscious.

"They should have entered the cave, but I am not yet. So, where is the cave?"

Just as Long Chen was considering this question in the water, he sensed that something was approaching from behind him. When he turned around, he saw that it was actually a black fireball that was about the size of a fist. The fireball burned quietly in the water. There seemed to be many things inside, even a world. When the black fireball appeared, Long Chen realized that he was ready to move. He felt extremely carefree in his heart.

However, his intuition told him that this black fireball might be the trigger for everything.

Perhaps the mysteries surrounding the cave were caused by the black fireballs.

He really wanted to guard against this thing, but strangely, no matter what, it was difficult for him to feel disgust towards this black fireball. In fact, the black fireball was getting closer and closer to him, and was something he needed to protect.

In a daze, he reached out for the black fireball.

"Brother Chen!"

"Big brother!"

In the middle of Great Void Realm, everyone shouted nervously and only then did Long Chen regain his clarity.

"What happened to me just now?" Long Chen was a little confused, as if all his vigilance just now had disappeared.

"What is this?" His gaze landed on the black fireball once again. This fireball was extremely strange, and seemed to float around Long Chen like a child. It emitted a bell-like laughter, making it hard for Long Chen to hate it.

Gradually, the voices of Ling Xi and the others beside his ears faded until they completely disappeared, while the black fireballs in front of him grew larger and larger, until they filled the world in front of Long Chen.

"Come in, child, come in!"

A voice suddenly sounded.

The black fireball before him opened a door, and a tranquil world appeared before him. It seemed extremely familiar. Long Chen's eyes became blurry, he felt that his body had become a lot more relaxed, and was even a little sleepy. However, a big bed appeared in front of him, it seemed that he should have gone in. That gentle voice also allowed him to do so.

Little did they know that in the Great Void Realm, the others had gone insane seeing Long Chen.

Long Chen felt himself walking through a tunnel. He felt that he had fallen asleep and was very comfortable.

Suddenly, a feeling of numbness came over him.

He was stunned to find himself kneeling on a luxurious bed. Beside him were two women ...

Long Chen let out a scream. He immediately pushed away the two women that were sticking to him and staggered out of his bed. He realised that the scene here seemed to be a little familiar, and the two women seemed to have appeared in his memories before.

"Sir Yang Chen, what are you doing?"

The two women did not expect that Long Chen would actually come to this scene, and looked at Long Chen strangely.

Long Chen's mind was in a mess, he seemed to have forgotten many things. The only thing he remembered was that Xiao Huang told him that the old man at home seemed to have stopped eating, but he did not care about it, and continued to kiss the two women in his arms.

He didn't know why, but his heart ached a little. He quickly put on his clothes and rushed back to the Yang family.

"Why do I feel like my speed should be very fast and why is it so slow now? In my entire life, I've never practiced before? " He had a feeling that he was at a loss.

He really seemed to have forgotten too many things.

Finally, he found a place and opened the door. The corpse that should have been here was no longer there, and Long Chen was panicking, he immediately found a servant girl and asked: Where's my father? Where did he go? Isn't he dead? "

The servant girl looked at him in disdain and took two steps back. She arrogantly said, "I've seen that you haven't come back for a long time, so the third miss has already ordered you to throw it away. Go out and search for it! "

"What!"

Long Chen felt that his breathing had become a lot heavier, and his eyes were bloodshot. This woman was so heartless, to the point that she actually threw him out!

He then smiled bitterly. Wasn't he the same as well? Even after hearing the news of his death, he was still struggling in the brothel.

In any case, he decided to look for his body.

He rode a horse out of the city and wandered around the gloomy cemetery for a while before finally finding a handful of newly turned yellow soil. Without tools, he used his hands to dig out the soil, and only when blood came out of his hands did he finally see a man dressed entirely in black.

Long Chen collapsed onto the ground. His mind was in a mess, the smell of the wet soil and rotting corpses in the air was actually so real.

But after he kowtowed nine times, the damn people still died. Helplessly, Long Chen could only bury him again and set up a simple and crude signboard.

What happened today was like a dream.

Long Chen felt that it was a little strange. Why did he have some strange memories? For example, just now, he felt that he should've given this old man away and the old man would've come back to life for no reason, but none of this seemed to have happened.

"After his death, my life might still be the same." Long Chen laughed bitterly. Although he felt that it wasn't worth it, fate was always like this.

"Brother Chen, Brother Chen!" In the distant sky, there seemed to be someone calling out to him.

"Are you referring to the two girls from Jadeite Jade Restaurant? Today, this young master has not served them comfortably!" Long Chen sighed with emotion, but he did not go to the Jadeite Jade Restaurant, but went back to his own residence in the Bai Yang Town instead.

However, he suddenly woke up in the middle of the night. Opening his eyes, he saw two black clothed people walking towards him.

"What are you guys doing!"

Long Chen crawled up from the bed in a hurry, his face a mask of panic.

"Your father is dead, you useless dog stuff, you deserve to die. It seems like you are powerless, then we can bring you to a place where you can die without a doubt! "

Long Chen struggled with all he could, but he realized that he, who had no strength, was powerless in front of the other two. The other party had already covered his mouth with a piece of cotton cloth and tied him up, then stuffed him into a gunny sack before snatching him away.

Long Chen panicked, but was powerless to do anything.

Roughly an hour later, he was thrown onto the ground. The sack was opened, and Long Chen immediately raised his head.

Bai Zhanxiong, Bai Shiji and Bai Shixun.

#### Chapter 1767 - Deep Mortal Root Species

He struggled to get up from the ground, and looked at the three people in front of him in a strange manner. In his own understanding, he was just a playboy, and the people opposite him were all disciples of martial arts.

He stood up, suddenly retreated, and asked fearfully: "Three of you, why did you bring me here? I, Yang Chen, will never get involved with you, and I didn't offend you, did I? "

Bai Shiji and Bai Shixun's faces were filled with disdain, they did not even put him in their eyes at all. Only Bai Zhanxiong had a kind expression, and said: "I heard that your father died, right?"

Long Chen did not say anything, but he was panicking intensely. The trio had sent a force that made him feel suffocated.

Bai Zhanxiong continued: "I have been pretty close to your mother recently, and will be marrying your mother in a few days. She said that you two are all burdens, and that I only gave her a pot of poison, so your father, that trash of a father, drinks it all up, and now it's your turn."

Hearing that, Long Chen finally understood the truth. At that moment, his heart felt as if it was being pierced by a blade, it was incomparably painful and desolate. At the same time, he was facing the fear of death.

"It's her!" She wanted to take the lives of me and that old drunkard! How vicious! " This was the most painful thing in the world.

's face turned pale white, his entire body trembled nonstop. Betrayal, humanity, savagery and pain, the sudden disaster caused his body to tremble, he retreated in a hurry, but in the Bai Clan's secret room, where could he go?

And at this time, Bai Shixun said: "Big brother and father, this trash is just as useless as his father. The two of you have disgraced his identity with a single move, and I have come to end his life. This fellow has ruined many good ladies, I want him to taste all the torture before he dies."

Bai Zhanxiong nodded and left, his expression cold.

"Don't go!" Long Chen's heart was in agony. That pain directly entered his soul, making him feel as if he was suffering a fate worse than death.

Bai Zhanxiong and the rest left expressionlessly.

Long Chen was genuinely saddened. "Why? Why do I not have the strength! "

But at this time, Bai Shixun smiled sinisterly and picked Long Chen up like a sandbag. He punched with his fists, causing him to spit out the food he ate the other night.

This was a double torture in both body and soul. Amidst his resentment and helplessness, and amidst Bai Shixun's laughter, he was beaten up again and again until his entire body was covered in blood.

"Your mother was ruined! "Is he worthy of my father?"

"I'll tell you!" "You are all trash, all idiots. On the day of my father's and your mother's wedding, we will poison all of you Yang family members to death with poisonous wine. By then, this White Yang Town will be under the Bai family's rule!"

"If you know about this conspiracy, you will definitely suffer. You will definitely want to tell them about it! It's a pity you can't leave here, haha! "Trash, living trash!"

Humiliation, panic, defeat.

Long Chen's consciousness gradually became blurry, and his life force gradually left his body. What a miserable torment this was. He began to hate his own incompetence, hated everything. Even if this was the case, it would not be able to save him from death.

Under Bai Shixun's violent beating, he lost his last bit of life force, his eyes were wide open, and he fell limply to the ground.

"You died with grievances?" Bai Shixun laughed coldly and said: "Come here, find a place and bury this dog stuff.

Long Chen felt that he was in a state of chaos and unable to move. Was this the feeling after death?

That night, it was as if all the Yang family members were massacred. Long Chen did not know why he could hear those screams, he only knew that he seemed to be in extreme pain, having angina pectoris.

He wandered through the Chaos, and the pain was endless.

Green mountains and verdant waters.

Outside the cave, the clan elder was currently sitting on a stone block with his eyes closed. At this time, a middle-aged man who looked like a scholar walked over, and looked at the green water in the middle of the cave with a passionate gaze. His gaze passed through the layers of liquid and landed on Long Chen.

"It went smoothly. Who knows, I might actually succeed." Su Zhen muttered to himself, his expression filled with anticipation.

It was as if he had seen hope.

He just stood there quietly, his gaze getting more and more passionate.

The elder at the side opened one of his eyes and said seriously, "Little fellow, you are walking on a road of no return. I think that there will definitely not be a good ending. "You're crazy."

These words caused Su Zhen to become excited. He spread open his arms and said, "Who said I was crazy? Was there still anyone in this world who could step onto the path to becoming a god? To tell you this, no, even the people from the Five Dragon Cities are struggling, so it's even more impossible for people from other races. Why? That's because their minds are rigid and they will never be able to figure it out! "

The elder said helplessly, "Have you really thought it through?"

Su Zhen arrogantly replied, "That's only natural. Our ancestors, those great deities, were able to wash away the devil's soul and become a deity. Then why can't I follow his path? So, I have to become a demon first, I want to grow deep inside magic roots, and this super godly dragon, he will be martial magic seed's best fodder! This is my path to becoming a god! "

The elder shook his head. "Why must you persist? I was the same as you back then, and I also had the same idea. Just look at my current fate and you will know it."

Su Zhen's gaze turned cold as he stared at the one meter tall old man and said coldly, "Grandfather, I'm different from you. I'm smarter than you." You did not complete it, but you are only missing one step, and this step, I will finish it in your place! "

The person that Su Zhen called grandfather could only be the father of the current city lord, and was also the previous city lord of War God's Ancient City. The fact that this clan elder had such an identity was something that the people of Su Yuji's generation did not know.

"Really?" Is that so? " The elder simply closed his eyes and laid on the stone block.

Su Zhen no longer spoke. He sat cross-legged on another stone block and stared intently at Long Chen who was deep in the water. Seeing the pain and struggle on Long Chen's face, there was no change in his eyes. There was only fanaticism.

Long Chen traveled amidst the chaos. He felt like he had experienced countless lives, but every time he reached the most crucial moment, he would forget about everything.

At this moment, he suddenly felt that he had the power within him. This made him very happy, but everything in front of him had become blurry. He quickly opened his eyes and found a beautiful girl with a pale face lying on the bed, looking at him infatuatedly.

"Xiao Xi!" Long Chen suddenly called out her name and hugged her. The other party's frail body told him that Ling Xi did not have any strength.

Just at this moment, the door burst open and a black demon wolf rushed in with an anxious expression.

"Are they here yet?" Long Chen was helpless, but he was still caught up. He let Ling Xi stay in the short room and walked out the door with the Sun Devouring Demonic Wolf. Outside the door, the Japanese was already outside.

"I can only fight with my life on the line." Long Chen remembered that he had killed the Ninth Prince and then was being hunted down. This was his second time, and he had survived the previous time from the hands of a few commanders.

"Octagon Aniseed, the man is dead, the woman is dead!"

The patriarch of Japanese announced in a sinister voice.

Long Chen was not afraid of them, he knew that he was strong as well. But right at this moment, a ball of flames suddenly struck his back, it was the Nine Hell Devil Ancestral Fire. Long Chen stumbled and fell onto the ground, only to discover that the Sun Devouring Demonic Wolf was looking at him with a cold gaze, then it fled far away!

The wolf cub had betrayed him!

Long Chen's heart instantly felt as if it was being twisted by a knife!

At first, he still had some hope, but he had already suffered heavy injuries. Long Chen could not imagine what would happen next.

He struggled to stand up, but the leader of the Japanese took the chance to stab his wide blade into her chest. A group of people swarmed over and held Long Chen down, causing him to be drenched in blood.

"Bring him back to the Sword Emperor. As for the little girl inside! I heard that it's pretty good. You guys are all waiting outside! "

The Japanese Commander let out a sinister laugh.

"No!" Long Chen's eyes were blood-red. He was in extreme pain, even his soul was trembling, but the Little Wolf had betrayed him, and his body had suffered heavy injuries. Under these circumstances, surrounded by many experts.

The miserable cries of a woman came from within the room. Long Chen's eyes were bloodshot, and his heart was bleeding profusely.

"It's not like that! It's not like that! I will not lose! " Long Chen screamed crazily in his heart.

"Brother Chen, Brother Chen!" In the sky, there had always been these sounds, wasn't that Ling Xi's voice? Isn't Ling Xi in the room? How could it be in the sky?

In the midst of the pain, doubt gradually appeared in Long Chen's eyes.

Within the Great Void Realm, everyone saw that Long Chen was completely enveloped by the black aura, and even his skin had completely turned black. He fell to the ground and wailed miserably, his eyes bulging and filled with veins of blood.

Of course, this also means that this cave is terrifying enough. Right now, he has already been infected by the devil will left behind by the Eighteen Martial Gods.

The kitten explained.

"Those crazy people must have chosen to commit suicide after leaving because that is why they are unable to distinguish between reality and unreality."

Ling Xi's face turned pale. She suddenly said in a serious tone: "Little Cat, you can definitely open this Great Void Realm. I want to get out!"

#### Chapter 1768 - Peerless God's Blood

Mo Xiaolang also stood up, and said: "The terror of this devil will far surpasses our imagination, I also have to go out and wake him up, if not, he will really be tortured for fifty years, he will definitely go crazy."

Seeing the two of them staring at him earnestly, the kitten said cautiously, "If you go out, you will also be affected by that demonic thought and enter a tragic cycle of reincarnation. If even he is like this, you definitely won't be able to do it. "

They had to think about it.

If the three of them were to be tormented by demonic intent, the situation would be even worse.

But was he going to wait until Long Chen made it through by himself?

He might be able to do it, but how could he bear to let everyone see him suffer like this?

At this time, Ling Xi suddenly said resolutely, "Little Cat, let me out. My power is very useful in dispersing the evil spirits. Back then, even the City Lord was restrained by me. The City Lord was a demon after he was killed, so the demon intent is also the same. I think that I can help. "

Hearing this, Cat tilted her head and thought for a while before saying, "A virgin is a pure god who purifies all living things. She is the devil's most feared power. Perhaps it is really possible ..."

Hearing that, Ling Xi was overjoyed.

"Little Wolf, if something happens to me too, I'll leave it to you to decide." Ling Xi explained, she had long since made preparations for Long Chen, and at this time, after thinking about it, the little kitten still opened the door to the Great Void Realm, and Ling Xi's long skirt fluttered, like a fairy, she rushed out.

In front of him was an endless world of darkness.

This world had no end.

Long Chen crawled on the ground, on the ground, there was a black liquid that was about 10 cm deep, it had just covered his ankle, and on top of the liquid, Long Chen was lying on top of it, trembling and turning over.

"Brother Chen!" In Ling Xi's eyes, tears were already flowing.

Right at this moment, the black mist in the air gathered, and formed into countless black ghost shadows in front of her eyes, floating around her. It was all a devil's will, and Ling Xi seemed to have heard countless screams and wails, and all of the negative emotions that were gathered within these devil's thoughts, created the evil spirit in the end.

Countless demons laughed sinisterly as they circled Ling Xi.

"Enter the real world, child!"

"Come to the world in our hearts, we will restore the ugliness of this world, the ugliness of human nature!"

"Come on, we'll take you to experience the real!"

These demon thoughts gave Ling Xi a huge impact.

Ling Xi knew that these were all fake demon thoughts and knew that she couldn't be confused. She let the eight heavenly swords encircle her body and at the same time, used her power to form a protective shield over her body. At the same time, she bit her lips and used the pain to awaken herself.

However, Ling Xi had angered them because of this, too. More and more black fog converged, turning into ghosts, and rushed towards Ling Xi.

"Don't resist, we're doing it for your own good!"

"You have been deceived. We will bring you to a real world."

"Are you afraid of a Nirvana Tribulation? That's a game of heaven, you are all people living in a cage. I will take you out of this cage and experience true freedom! "

"We are immortal!"

Those faces kept swaying in front of Ling Xi's eyes.

"Die!" Ling Xi was very angry, she activated all the energy in her body, using the eight great heavenly swords to fight against the endless evil spirits, resisting, probably because of the pure female element's power, she was extremely pure, although her power was not great, but being able to maintain her consciousness even under the attacks of so many evil spirits, she was able to.

"Brother Chen, you must wait for me. Once I finish off these demons and ghosts, I'll come and save you!" Ling Xi bit her lips, with bright red blood flowing out, but this made her even more clear-headed, it was just that the Evil Demons were endless and her strength was being consumed at a fast rate, whether she could resist or not was truly a problem.

Inside the Great Void Realm, everyone was also very anxious.

Ling Xi was their team's only hope.

At this time, Long Chen, who was struggling on the ground, suddenly stood up and looked at Ling Xi with bloodshot eyes.

"Brother Chen!" Ling Xi thought he had woken up.

"Be careful! In the Great Void Realm, Little Cat reminded him quickly.

Right at this moment, Long Chen suddenly rushed towards Ling Xi. Both of his hands had turned into dragon claws, and were about to break through Ling Xi's defense.

"Did you see that, this is the person you like!" His real purpose is to kill you. "

That endless chatter rang in his ears once again.

"Scram!" You are a demon, how can you know what love is? " Ling Xi kept retreating.

Next, Long Chen and countless of demon thoughts attacked endlessly, all of them had gone past the limits of what Ling Xi could handle, controlling Long Chen as though he was an enemy who was looking at Ling Xi, attacking him non-stop, and very quickly, he broke through Ling Xi's defense, and at that moment, the demon thoughts seized the chance to swarm over, and all of them rushed into Ling Xi's body.

"It's over!" The kitten groaned and said helplessly.

All of the eight heavenly swords in Ling Xi's hands fell to the ground. She stood there in a daze, as ten times more devil thoughts rushed into her body, wreaking havoc as she wished. In a short period of time, she broke through the defense of the maiden's power, forcibly took over Ling Xi's body, and brought Ling Xi into the tragic cycle of reincarnation.

"Both of them were hit, what should we do?" The kitten whirled around anxiously.

Mo Xiaolang also frowned. Just as he was about to go out, at this moment, he, Cat and the others also noticed that there seemed to be some movement from Ling Xi's body.

This was her belief towards Long Chen, her belief to save Long Chen. She had come here to save Long Chen, so before completing her mission, she could not afford to lose! Furthermore, she had already reached the end of the line.

It was this strong conviction that allowed her to persevere at the last moment.

Her body trembled violently, and the virgin's power was ignited once again. Countless demonic thoughts were ignited by that power.

"Strange changes have occurred to her body. It seems like under the attack of the devil's will, the blood hidden in her bloodline has awakened as well. Oh my god, the concentration of God's Blood is too terrifying, it's practically complete God's Blood. That Su Yu Yao has at least a dozen percent of the Divine Blood's concentration, she can already be considered a genius, but Ling Xi's concentration is six times of hers, it's almost at 80%!"

Cat said in shock.

Originally, Ling Xi did not have that much divine blood on him.

However, due to the invasion of the demonic will and her unyielding will, more of the divine blood was awakened, until it was filled to 80% of her bloodline!

This was simply a miracle!

It could be said that ever since the disappearance of the gods, there had never been a person with such a high concentration of divine blood in the Immortal God Realm.

Seeing the white light on Ling Xi's body becoming brighter and brighter, as if she was about to explode, everyone was in a state of shock. To have 80% of God's Blood, what kind of concept was that?

Currently, in the 72 - The Ancient City of God's descendants, there were only a few people whose divine blood concentration exceeded 20%.

This meant that the Great Emperor of the Sword Soul and the rest had obtained the blood of the Goddess Su, and had almost inherited it personally from the goddess, not from their descendants!

This was the equivalent of the blood essence that the Ancestral Dragon had left behind.

This way, Ling Xi was almost equivalent to a child of a god, which was why she could reach such a high density of divine blood.

Long Chen had always been very curious about how much God blood was in her body.

In the eyes of the masses, Ling Xi, who was initially occupied by the devil will, had a stubborn look on her face. She was still biting her lips, and under her fury and effort, in order to save Long Chen, under the provocation of the devil will, all of the divine blood in her body awakened for the second time!

Within her body, explosions occurred one after another.

The boiling God's blood directly burned the devil thoughts to death, and after the devil senses disappeared, they turned into the purest form of energy, which was used by Ling Xi. Wherever the boiled God's blood went, the devil thoughts would appear everywhere, causing a large amount of smoke to come out of Ling Xi's body.

As for the other demon thoughts that had yet to enter Ling Xi's body, they hurriedly tried to flee, as if they had encountered the most terrifying thing.

The pure energy formed by the devil will remained within Ling Xi's body, and was about to become nourishment for her newly awakened bloodline. Her blood crazily devoured the power, the devil will may seem simple but in reality, it possessed an endless amount of power. Under this crazy absorption, the Nirvana's power in Ling Xi's body gradually increased exponentially, and before long, it had already neared Long Chen.

However, there was still a large amount of demonic spiritual force that had yet to be digested.

Ling Xi's divine bloodline instinctively devoured this energy. Her entire body was bathed in the snow-white divine light, sacred and inviolable. Her skin was sparkling and translucent like snow, and her aura was elegant like a lotus.

In a short moment, the power left behind by the awakening of the divine spirit bloodline and the power left behind by the devil will allowed her to reach the pinnacle of the Sixth Stage of Nirvana Tribulation.

The so-called Earth Terminus demonheart tribulation actually came from the heart, and was very similar to the demonic intent. The Earth Terminus demonheart tribulation was very scary, almost like demonic thoughts, and if one did not have a strong primordial spirit power and was trapped by the inner demons, they would be burnt to ashes.

However, those devil thoughts were useless in front of Ling Xi, let alone the Earth Terminus Devil Calamity.

When Ling Xi reached this critical point, she appeared out of thin air. Just when she appeared, she was immediately burnt by Ling Xi's power and turned into pure power, helping her to reach the Seven stages of Nirvana Tribulation.

She was considered the easiest person to face the Earth Fiend Demon Tribulation in history.

Chapter 1769 - Evil Earth Apocalypse

Of course, this would only happen when facing Ling Xi.

To other people, the Earth Terminus Demon Calamity was just a demonic thought, especially for the weaker ones, they would easily die in this stage of the Nirvana Tribulation. Its lethality was actually much stronger than the Purgatory Flame Star Beast.

If Long Chen could struggle free from this devil will, it would be of great help to him in transcending the Earth Terminus Devil Calamity. It would be much easier for him, after all, after experiencing this one time, his resistance would become much stronger, and in reality, his primordial spirit was not weak at all, it was just that the devil thoughts left behind by the gods were too strong, Long Chen was not able to break through in a short period of time, if it was anyone else, they would only be able to go through the cycle of reincarnation again and again in the Martial Demon Cave.

After Ling Xi digested the power of the Earth Terminus Devil Tribulation, the snow-white rays of light on her body were still resisting the approach of the devil thought.

The first moment after she had completed her transformation, Ling Xi nervously looked in Long Chen's direction. Previously, if she did not have too much faith in saving Long Chen, it would have been extremely difficult for her to truly awaken the high concentration of divine blood in her body.

"Brother Chen!"

At this moment, Long Chen was staggering and walking towards the endless distance. His eyes were bloodshot, his body was filled with a heavy killing intent and hostility, and he was even attacking

endlessly, his mouth was chattering nonstop, and it was unknown what he was mumbling about, but a large amount of devil thoughts were still rushing into his body, affecting his mental state.

Ling Xi's eyes were filled with tears of heartache. She had gotten rid of those devil thoughts, rushed to Long Chen's front, and allowed the power of the virgin woman on her sweep up Long Chen's body, isolating him from the outside world. She was so anxious that she immediately shouted in front of Long Chen, "Brother Chen, wake up, it's all fake! I'm in front of you. "

When the girl's power spread throughout his body, Long Chen's sinister attitude calmed down a little, but the devil thoughts were still messing around, and even breaking free from Ling Xi's bindings, they were able to control Long Chen to attack Ling Xi.

Just as the opponent was about to attack him, Ling Xi's eyes were firm. Without a care, she pulled Long Chen into her embrace and held onto his waist.

"Danger!" Inside Great Void Realm, everyone was trembling in fear!

"You killed Xiao Xi, damn you!" Long Chen's eyes suddenly turned red, his entire body was releasing killing intent, he was about to tear Ling Xi into two, but he never expected that Ling Xi was still not afraid, he simply hugged him tightly, two streams of tears flowed down, and shouted: "I am Ling Xi! I'm not dead! Brother Chen, remember this. You are in the Martial Demon Cave, and there is a demon thought in your body! "

Long Chen who was about to go crazy, became dumbstruck upon hearing this. The blood color in his eyes gradually faded as he said in disbelief, "Demon thought? Martial Magic Cave? What is it? Who exactly are you? How could you hear Xiao Xi's voice! "

Ling Xi knew that he was still not free, but she had finally found hope. In this kind of situation, she was so anxious that she was like an ant on a hot pan, and when she saw the killing intent and doubt in Long Chen's eyes, she did not care about anything else and fearlessly pressed her lips against Long Chen's. Her delicate little tongue stuck out, allowing Long Chen to feel that enchanting sweetness.

"I ..." The dragon claw on his hand gradually disappeared, and under the gentle kiss of the beauty in his embrace, his eyes gradually regained its clarity. In Long Chen's world, the entire world was collapsing, and memories flooded his mind.

"Damn thing!" Long Chen's eyes were wide opened, and the Nirvana's power that was filled with killing intent completely merged with Ling Xi's, becoming a type of righteous power that was filled with killing intent. Why would a virgin's husband be a Divine Dragon? Because her power and the divine dragon's had the highest degree of compatibility, when the two energies merged in Long Chen's body, the resulting strength was rather terrifying, and was even more terrifying than Ling Xi's own energy. Under the encirclement of such power, the devil will within Long Chen's body was gradually ignited, and became the purest of energies.

Long Chen had reached the Triple Nirvana Tribulation, and with the help of the thirty-three lines of the Kun Nether Grass, he had reached the late stage of the Triple Nirvana Tribulation. As the power of the demonic will was released, his Nirvana Force began to frantically devour it.

This was also the reason why Su Yuji had said that if she could exit the Martial Arts Cave normally, her power would increase. This was because these devil thoughts were actually the purest powers left behind by the Martial God.

Although Long Chen did not have as many devil thoughts as before, and he also did not have god's blood, he had already reached the peak of his power. As a result, when he gradually devoured the power of the devil thoughts, turning into Nirvana's power, he had already triggered the point of the Fourth Stage of Nirvana Tribulation.

Their demonic thoughts had been completely wiped out.

Long Chen's body was filled with surging energy.

It was rare that hot tears filled his eyes, because he had experienced an unimaginable pain just now. That pain was exactly the same as reality, and if not for the fact that his primordial spirit was strong enough, he probably would have thought that this was just an illusion.

The woman in 'Little Xi's' embrace was incomparably real.

In the middle of Great Void Realm, Mo Xiaolang and the others also heaved a sigh of relief. Seeing their concerned gazes, Long Chen felt extremely satisfied, he had already passed through everything, although it had become a nightmare in the Martial Arts Cave, it was all fake. Long Qinglan had given him the Mysterious Dragon Jade, and he was already a dragon among men.

No one betrayed, everyone was fine.

Being already a Realm of Myriad Kingdoms of the Divine Dragon Nation, under the command of Pure Snow, it would also be very good. The people of White Poplar Town could live for longer periods of time, and even thousands of years wouldn't be a problem.

"Xiao Xi, what happened to you?" Long Chen slowly pushed her away, but with her protection, the demons did not dare to continue attacking him.

Long Chen could feel that Ling Xi's bloodline had given him a lot of pressure, and this was the first time she had ever been awed by her in terms of bloodline. The concentration of Divine blood in her body miraculously reached an astonishing level.

Ling Xi said softly, "I just wanted to save you, then the demon consciousness would invade my body, and once again, my body would awaken. It has reached this point, and I feel that the concentration of divine blood in my body is close to eighty percent.

"Is that so?"

Long Chen received a huge surprise.

He suddenly realized that the woman in front of him would one day become a super expert. With eighty percent of her divine power, in addition to the inheritance of the Misty Sect, the speed of her growth would even surpass his own. After all, she still had him, a dual Ancestor Dragon, as her husband.

Of course, because she possessed the blood of the Goddess Su, after obtaining such an Inherent Skill, she would benefit from it as well. Even if the heavens were to envy the Dragon Fighter, he would not be lagging behind Ling Xi by much.

Only, the calamity he would encounter would be rather terrifying.

At this moment, Ling Xi even had the innate talent to temporarily surpass him and Mo Xiaolang. 's talent came from the legends of the ancient times, and there were many calamities in the process. The Sun Devouring Demonic Wolf was purely a foreign beast who had mutated between heaven and earth, while Ling Xi had obtained the most orthodox divine inheritance and sect inheritance.

Her future was also limitless.

And at this time, Long Chen had completely digested the demonic intent, and had reached the critical point.

"Brother Chen, you're going to pass through the Evil Earth Heart Demon Tribulation?" Ling Xi also felt the arrival of the familiar disaster.

Long Chen nodded lightly.

"That was only one demonic will. With your primordial spirit's power, it shouldn't be a problem for you to guard your mind." Ling Xi said in concern.

"Don't worry, it's just that I've never experienced this demonic intent before. The first time I fell for it, I won't be like this in the future." Long Chen smiled gently.

Just as he finished speaking, the true Earth Fiend calamity had descended.

Ling Xi used her own strength to open up a place for Long Chen to peacefully pass through the range of the Earth Terminus Devil Tribulation, preventing demon thoughts that were wandering around. These demon thoughts were too terrifying, endless, and even more terrifying than the Earth Terminus Devil Calamity.

With the experience he gained from resisting the demon thought, Long Chen became much calmer when the Demon Calamity arrived.

First, a large amount of black aura surged out from the ground. The black aura followed Long Chen's heels and enveloped his entire body, causing a chill down his spine as it invaded his body. The black aura spread across his entire body, Long Chen looked down, and discovered that his body was corroded to the point that there were countless holes on it.

"Illusion." Ling Xi nervously nodded her head.

Long Chen knew this in his heart, so he didn't care about it. He just needed to guard his mind and not let this Earth Fiend Demon Tribulation attack him. With his first experience and the Great Void Cosmic

Dragon as his primordial spirit, the moment the power of the Earth Terminus Devil Calamity entered Long Chen's consciousness, Long Chen immediately recognized it.

"Illusory Bubble!"

The power of time disorder appeared in Long Chen's sea of consciousness. The Earth Terminus Devil Tribulation that appeared had become the most primitive power of rebirth under the grinding of Long Chen's power of time. More and more Earth Terminus Devil Calamity surged over, but under Long Chen's clear-headed state, it was already difficult for them to establish anything.

If he had not encountered this devil will at the beginning, it would not have been so easy for Long Chen to pass through this Earth Fiend heart demon tribulation. Even in the Immortal God Realm, more than half of the Sixth Stage of Nirvana Tribulation warriors had died miserable deaths due to the Earth Fiend calamity and being bewitched.

Time continued to flow on.

In the end, after Long Chen absorbed the power brought about by the Earth Terminus Devil Tribulation, an earth-shattering change occurred once again. His body that belonged to the Ancestral Dragon once again improved, became mature once more, and successfully reached the Fourth Stage of Nirvana Tribulation. Compared to before, he was much, much stronger.

Every stage of the Nirvana Tribulations would allow the Ancestral Dragon to grow even more powerful.

This time was no exception.

When Long Chen had passed through the Earth Fiend heart demon tribulation, he once again surpassed the Ling Xi in every aspect.

Chapter 1770 - Devils from the Heart

His physical body and primordial spirit were both undergoing transformations.

The third level of the Great Void Cosmic Dragon's strength, as well as the third level of the Primordial Blood Spirit Dragon's killing intent, had made Long Chen so strong today. Even though he only had Fourth Stage of Nirvana Tribulation, his combat strength and strangeness were things that not many people could do anything about, especially the supernatural powers such as the Time Traversing Dragon and Godfire.

After his transformation was complete, he restrained the aura on his body and slowly opened his eyes. The first thing he saw was Ling Xi nervously staring at him, and at the same time, resisting the invasion of the devil senses for him.

Long Chen was not a person who would speak empty words. The only thing he wanted to do now was to fulfill his father's long-cherished wish before his death, go to the Everlasting Dragon City to correct his name. After that, if he was strong enough, he could bring Ling Xi on a tour around the world and live a peaceful life.

Honestly speaking, after going through so much, Long Chen was also a little tired. But even more so, he could not bear to have this kind girl keep following him around and adventure.

"It's a success!" Seeing that Long Chen was unharmed, Ling Xi's eyes were full of happiness, even though they were in a dirty and messy place, the dirty black liquid that was around 10 cm deep caused their scalps to go numb, and they were still floating above.

Long Chen looked around, his surrounding was filled with endless devil thoughts.

He said, "I have already escaped from the devil's will. With Xiao Xi's help, it will be very difficult for them to bring me another disaster. However, if we were to stay here, we would only be able to stay here for fifty years. Since Su Zhen wanted me to come in, he must be trying to solve the secret he had mentioned.

Ling Xi's current strength was enough to protect the two of them for countless of years. If she ran out of strength, it wouldn't be a problem for him to grab a few demon remembrance to replenish them.

"Rest for a moment. Then, explore this strange place and see if this is truly the place where the War God washed off his demonic barrier." Long Chen decided.

The others didn't have any objections, staying here was more like waiting for death anyway, they couldn't possibly stay here for fifty years just because they were afraid of danger. If they were to stay

outside, with Long Chen's speed, they might have already entered the tribulation of reincarnation fifty years ago.

Allowing Ling Xi to hold onto her arm, the two of them moved forward in this filthy world. Countless devil thoughts rushed over with sharp shrieks, but under the purification of Ling Xi's pure energy, all of them returned defeated and defeated.

"Am I great?" Ling Xi laughed slyly.

"Of course, if it wasn't for you, I would have been tortured to death." Long Chen patted her little face and said satisfyingly.

Only now did he manage to adjust to the torture he had gone through.

He also understood why Su Yuyao and the others were so gloating.

However, they had still underestimated themselves and Ling Xi.

In this endless world, there was nothing but demonic intent.

"Right, aren't we in the deep pond? Why did he appear here? And that ball of black flames?" Long Chen's heart was filled with suspicions.

"I am guessing that this entire dark world is an illusion, a huge devil's will. If we want to leave, one of the reasons is to let the clan elder pull you up, and instead, go and have a look at the secret Su Yuji is talking about. "

They all had the same choice.

Long Chen very carefully brought her around the endless darkness.

A slight sound came from ahead, followed by the sound of heavy breathing and the sound of water flowing under the waves.

"There's someone." Long Chen lightly mentioned.

Presumably, it was the people who were punished in this Martial Demon Cave that were like him. Long Chen wanted to see their condition first.

Soon, such a warrior appeared in his field of vision. His hair was dishevelled and his eyes were blood-red. He had his arms wide open like a wild beast as he surveyed his surroundings.

"KILL KILL KILL!"

"All of you, go die! Qi'er, I want to avenge you! I want to tear these people to shreds!"

He was growling and struggling, and his bloodshot eyes were filled with blood tears.

Long Chen was more or less clear that his previous self was probably in this state as well.

If Ling Xi had not awakened him, or if she had not awoken after a long period of time, she would probably have been tormented by then.

Originally, they were quite a distance away, but the warrior suddenly smelled Long Chen's scent.

"Thief, don't leave, pay back the lives of my wife and children!" The warrior let out a ferocious roar and rushed towards Long Chen without saying a word. His movements were barbaric and methodical, and his strength was extremely strong, almost at the level of the Nine Layered Nirvana Tribulations. He was probably around the same level as Bladeriver and the others whom the Martial God had met in the middle of the river of stars.

Rip!

Once he made his move, he rushed towards Long Chen.

"Not good." Long Chen understood that if he were to fight here, it was very likely that his chance would be discovered by the demon remembrance.

"I'll do it!" In that instant, he made a prompt decision and turned into a four hundred meter long blood-colored dragon. His body twisted, allowing Ling Xi to sit on the dragon's head and hold onto his pair of dragon horns.

"Eternal!"

"Heavenly Slaughter Blood Sword!"

Time stopped, allowing the opponent to stay in the air. The Sky Slaughter Blood Sword slapped horizontally on the opponent's body, sending the martial artist flying, and Long Chen took advantage of this period of time to immediately increase his speed, escaping with Ling Xi. This state was so fast that the martial artist was quickly thrown off, and at this moment, several demon thoughts had already squeezed into Long Chen's body.

Long Chen had transformed into his human form.

"All of you, come out!" Ling Xi's heart ached. When the girl's power attacked him, a few mere devil thoughts were quickly burnt by her. But even so, the two of them were still somewhat terrified.

The other party was also suffering, but Long Chen had no intention to kill him.

However, fighting in this dark world was far too dangerous. It was very likely that they would be controlled by the demonic intent again. After exterminating the demonic intent from their bodies, the two of them quickly left until the surroundings returned to calm again.

This was a world without a destination, and there was no end. No matter how Long Chen walked, he would not return to his original location, but after an entire two months, he did not see anything.

In these two months, he didn't discover anything other than the fact that he met the other warriors who were imprisoned here.

The crowd did not give up. They continued to move forward while pondering.

"If Su Zhen wanted me to come in, then there must be a special place. And where exactly is this special place?"

Long Chen thought coldly.

"If he wants me to stay here for fifty years, would it take me fifty years to find that secret?"

If that was the case, then this was not good news.

For Long Chen, even if it was a year, it could not be easily wasted.

"Just what does he want, that bad guy!" Ling Xi said angrily.

After throwing Long Chen here, Ling Xi had already completely hated that mysterious Su Zhen.

"Yes, what does he want?" Long Chen realized that this was the key to solving this problem.

"As long as you know what he wants, it will be easy. This is the place where the War God cleansed his devil will. Only the devil will be special. Could it be that he wants the devil will?"

But, what did this have to do with him?

He really couldn't understand it no matter how much he thought about it.

After approximately two days, Long Chen acutely felt that there seemed to be something in the endless darkness ahead. Walking forward, he realized that it was a black stone tablet, and written on it were lines of dried blood, and these lines were not from the same person. The person who wrote the letter should be in pain, but it should also be written by the person who was thrown in at the next moment when they woke up.

On it was written:

"Demons are born from the heart, everyone is a demon."

"The true meaning of the path of slaughter is to cherish every slaughter."

"Becoming a demon is not scary, because this might be the only way to become a god in the current world, and our ancestors of the Su family have already done it tens of millions of years ago."

There was another sentence, written at the bottom, which was this: "If you have already gotten rid of the demonic intent, then don't go forward, because there is an irreparable abyss ahead. "This is the secret of this cave."

To be honest, the few sentences that he had said earlier had given Long Chen a lot of insights, especially that phrase about "devilish from the heart".

And at the back, the only path to becoming a god that the stone tablet had thought of, had attracted Long Chen's attention.

"These are the words left behind by the ancestors of the Su Family. Become a Deity?" Long Chen thought that there was a connection between them.

"That guy is very mysterious, but he is also pursuing the path of becoming a god. "Then why didn't he come down himself and ask me to come down?" This was Long Chen's new doubt.

These words were even more difficult to understand.

Only the last sentence was very easy to understand. Ahead of them was an irreparable abyss, and it was also the secret of the Martial Demon Cave. It was Su Zhen's goal, and also Long Chen's goal.

"Do you want to go to the front?" Ling Xi worriedly asked. She continued: "He's advising us not to go, saying that it's an irreparable abyss, if we go in, we might face a great risk."

Long Chen was also the first to fall into a struggle.

Moreover, only Ling Xi could protect herself in this place. Once she was in the front, Ling Xi would have to go as well, what if she was in danger?

But to take a step back, if he didn't go forward, he would most likely have to spend fifty years in this damned place.

"Think about it carefully first." Long Chen decided.

He wandered around the stone tablet, carefully studying the words on it to see if there was anything he could use. But after another five days, he still had nothing. If this continued, they would really have to spend 50 years here.

"Brother Chen, I think it's better to move forward." Brother Chen, I think it's better to move forward. Ling Xi said softly.

Long Chen looked ahead, his gaze deep.
