

War God 1771

Chapter 1771 - Reunion

Above the Martial Demonic Cave, the mountains were green and the water green.

The embrace of the mountains stretched for thousands of miles.

The elder was still lying on the stone block of the dark green pond. He was only about one meter tall, but his body was small and wrinkled, making him look somewhat ugly. Su Zhen, on the other hand, was much more perfect.

"It's been over two months, but there's still no news from him. He definitely won't make it. I advise you to give up on that thought and stop torturing this child." The elder seemed to be muttering to himself.

Su Zhen did not reply. After a long while, he gritted his teeth and said, "Impossible, he will succeed. It doesn't matter if he suffers a little. I still have a lot of time. If he really can't do it, then let's just stay inside for fifty years.

The elder said, "Child, you are already paranoid. This is very dangerous. Do you remember that demons arise from the heart? Your heart has become a devil."

Su Zhen suddenly laughed, "This is what I'm after. Before a successful person succeeds, everyone will think that he's just a madman, so I think I can just ignore that old geezer's nagging. You don't have much time left, so enjoy your last moments properly and don't worry about me."

The elder remained silent.

He whispered as he looked up: "It seems I was the one who gave you the name when you were born. In the blink of an eye things have changed." I did it myself. "

Su Zhen turned around and glanced at him, then continued to stare at the deep pool, where Long Chen was bound by a purple gold rope.

After making this decision, Long Chen gave up any thoughts of regret.

In this boundless darkness, he slowly walked forward with Ling Xi. This was an irreparable abyss, so what exactly was this so-called abyss?

This place was no different from the previous one, except that there were more demonic thoughts lingering around.

With Ling Xi's help, these demonic thoughts were not a problem.

Couples can break gold if they share the same heart.

After walking here for half a day, Long Chen suddenly felt a familiar feeling.

He stopped walking and looked around blankly. Suddenly, an excited feeling appeared in his heart, as if there was something in a certain direction that was already waiting for him.

"What's wrong?" Ling Xi asked with concern.

Long Chen explained his thoughts.

Ling Xi pondered for a while, then said: "We have reached the critical point, that should be the so-called secret. It's just that this secret might not be a good thing. In the end, don't believe it as much as you want, and don't easily believe this kind of familiar feeling. "

"Alright." Long Chen nodded as he followed his senses forward, but he did not expect to see someone that would truly excite him like this.

It was a black Steel Columns, already decayed. A black iron chain was wrapped around the Steel Columns, and a familiar figure was trapped within the iron chain.

"Father." Seeing this person, Long Chen could not remain calm, because in his entire life, the person who he admired and most appreciated the most was the person who had given him everything.

A strong desire was urging him to move forward, but at this time, Ling Xi held onto his arm, looked at him and shook his head seriously, saying: "It doesn't matter if it's true or false, it's best to be careful, since this is the Martial Demon Cave!"

The fervor in Long Chen's heart was diluted a little by Ling Xi's words.

He struggled for a moment before nodding his head.

The two gradually approached each other.

And at this time, the man who was wrapped in the iron lock struggled to open his eyes. His warm and wise eyes revealed pride and warmth from the moment he laid eyes on Long Chen.

Regardless of anything, he was just like his father in Long Chen's heart.

Long Qinglan seemed to have seen his vigilance. He laughed bitterly: "As expected, if you were to see me at this place, you wouldn't believe me. But will some things exceed your expectations? Ling Xi has already awakened eighty percent of her divine blood? She really is worthy of being your best match. "They are all good kids."

Long Chen remained silent.

Because Ling Xi tightly held onto his arm, reminding him not to easily believe it.

Only, Long Qinglan seemed to not have convinced him, as he muttered to himself: "I'm dead, I'm imprisoned in a mystical place in this world, a place you'll never be able to approach, because I've touched this world's taboo. Life and death are actually just changes in one's state of mind. Even though I have died, given my current state, I should be able to preserve my will forever. Thus, the current me is really talking to you. "

He focused on Long Chen's eyes and said, "Child, I never thought that you would arrive at the Immortal God Realm so quickly. As for Everlasting Dragon City, I won't ask for it anymore.

"Yes." Long Chen nodded lightly.

Long Qinglan laughed bitterly. He hesitated for a while before saying: "There is one more thing. Once you have completed the matters of the Everlasting Dragon City, you may be able to walk the path that I have once walked. You have a dual Ancestor Dragon's body, so you will definitely fulfill my dream more appropriately than me, and that is to follow the God Dragon Annihilation mystery! "

At this point, he became fanatical.

Long Chen was also affected by this, and his heart was moved.

"I can't accept this! Who exactly killed me!?" Long Qinglan howled towards the sky, and struggled with all his might, wanting to break free from the iron lock. Long Chen took a few steps forward, but discovered that his fingers had actually penetrated the opponent's body.

"It's useless. I'm in another world, so this is the only way I can project myself here." Long Qinglan's face was filled with helplessness.

He stared fixedly at Long Chen, and said: "Child, I give you everything. Are you willing to take this road for me? Why did they disappear when you said they were strong? Had they been killed, had they gone extinct, or had they gone far away? You went to a wider world? "

Under his watch, Long Chen's blood was boiling.

His throat dried up and he said, "Perhaps they are all dead."

"Yeah, they're dead. Who killed them? Could they be the same person who killed me? What is his purpose?" Long Qinglan lamented.

's heart had been opened. There were many secrets that only he and his son knew in this world, so at this time, he was already more or less convinced of Long Qinglan's identity. Looking at this old man, he could see his unwillingness and anger.

"Father," Long Chen called out softly.

Long Qinglan laughed bitterly: "I didn't expect that in this Martial Demon Cave, you would still believe me."

He did not wait for Long Chen's reply and continued to speak, "Regardless of the case, turning my desire into your responsibility is my fault. It's just that I'm too unwilling that my life has come to an end. No matter if it was the mysteries of the Divine Dragon, or the misunderstandings in the Everlasting Dragon

City! That group of bastards, they dared to slander such a great Dreamer, and actually brought me such a heavy calamity, which ruined my reputation! "

Saying that, Long Qinglan gritted his teeth.

Seeing the other party's painful and struggling expression, Long Chen suddenly felt very uncomfortable. This was the person he cared about the most in his life, in his heart, Long Qinglan's position was something that could never be replaced. But most of the time, he was an illusion, but this time he was real.

He had always been a calm and collected person, but he could only show a resentful expression now, causing Long Chen's heart to resonate with his emotions.

"Child, I know you will help me. Help me kill them all, kill everyone in Everlasting Dragon City! They all misunderstood me and slandered me! Not only do you want to kill the people of the Everlasting Dragon City, the entire world is slandering me. These dogs that were tamed by the heavens, they have no humanity at all! If you kill them all, then this world will be the world of us free people! "

"Did he kill them all?" Long Chen was a little confused, but he still felt like his blood was boiling from the man's words, as if he should do it for him. Because this was his mission.

This was clearly the declaration of a devil.

A demon born from the heart, it was not something that could turn a person into a devil just by using a demon remembrance, Long Qinglan was the weakest part of Long Chen's heart, and it was at this point that a shocking change occurred.

His eyes gradually became empty. Long Qinglan's resentful look caused him to feel pain and anger, and he muttered to himself, "Right, they should all die. To surrender to the heavens, this group of people who lost their freedom should die.

"Brother Chen! Long Chen! " Ling Xi held onto both of his arms, and allowed his gaze to be cast towards her. Her eyes were anxious, tears flickering, and she said: "Could it be that I deserve to die as well? He is clearly not your father, but that irreparable abyss. He is turning you into a demon, and you will kill me!

"Xi'er" Long Chen suddenly felt a splitting headache. The demonic intent's attack was simply too powerful, it was not a loss for something left behind by the Martial God. What was this?

"Are you going to kill me? Am I more important, or is your father, who doesn't even exist, more important?" Ling Xi boldly looked at him.

Long Chen felt like he was struck by lightning. Yes, was he really going to kill Ling Xi?

He hurriedly looked at Long Qinglan only to see him angrily staring at himself as he furiously roared: "Unfilial son, for a woman, you actually dared to go against father's wishes, quickly kill her! She is also a slave of the Heavenly Dao!"

"Kill her?" The doubt in Long Chen's heart gradually faded.

The strong Great Void Cosmic Dragon Primordial Spirit had begun to let him regain his clarity.

"Kill me?" Ling Xi was furious, she raised her finger, and on her left hand, other than her thumb, there was the [Immortal Execution Archipelago] and the [Immortal Slaughtering Sword]. The Fallen Immortal Sword and the Absolute Immortal Sword shot out, thrusting towards Long Qinglan, the dual power of the Pure Maiden Dao Seal and the Immortal Sword Dao Seal instantly attacking Long Qinglan.

Chapter 1772 - Escaping

"What are you doing?" Long Chen couldn't react in time, a very strong power in his heart was urging him to protect Long Qinglan, but due to his own hesitation, he was still a step too slow.

The four Heavenly Swords passed through Long Qinglan's body. The pure power of the virgin on the Heavenly Sword caused Long Qinglan and the black pillar to explode as well.

Long Qinglan's face was filled with black aura as his entire body burned. He furiously glared at Long Chen and roared: "Unfilial son, you dare disobey me! You deserve to die a thousand times for your crimes! I regret bringing you up and giving me back everything that does not belong to you! "

"Otherwise, you will kill everyone in Everlasting Dragon City, and then you will kill everyone in the world! Change this world and let us, the true free people, occupy this place! "

He roared like this until he finally disappeared.

Long Chen's eyes flashed with deep reluctance, no matter what, he still held a deep reverence towards this father, the respect and love he had for him surpassed everything. Until now, he had already known clearly that this was the so-called unrecoverable abyss, but seeing this old man die with his own eyes, caused his heart to feel a sharp pain.

Ling Xi pulled him back for a long distance.

"Brother Chen, I'm sorry, I only wanted to save you. I didn't want to make you sad." Ling Xi said pitifully.

"No problem." Long Chen gently caressed her head, just as he was about to say something, he didn't expect Long Qinglan's side to have such a strange change. His body, along with the black bronze pillar behind him, was ignited, and as it burned, its size became smaller and smaller, until it became a ball of flame the size of a fist!

This flame!

The eyes of Long Chen and Luo Hua City Mistress shook. That's right, this ball of flame was the same as the one you saw when you first entered the Jade Water Pool. It was completely the same, with a similar strangeness, as if there was a mysterious world there.

"What exactly is this? This is the secret of the Martial Demon Cave? " Long Chen watched as he retreated. He had a feeling that he was being watched, and the strangeness of this ball of flames was astonishing.

"Big brother, let me out. I feel that he contains a lot of power. I can swallow him, digest him, and believe me, no matter what fire it is, as long as it has the essence of fire, I can turn it into my power."

In the middle of the Great Void Realm, Mo Xiaolang said softly.

Long Chen pondered for a bit, but he still allowed Mo Xiaolang to come out, and only warned him, "Don't move for now, let's see what movement this flame has made."

He always felt that although it was a ball of fire, it was very strange and it was best not to touch it.

Right at this moment, that ball of black flames started to spin, as if a pair of eyes was staring at Long Chen, causing Long Chen's scalp to feel numb. He had an intuition, he felt as if he was the food of this flame.

"Let's go!"

Long Chen immediately said.

As soon as he said this word, that ball of bizarre flames instantly spanned across space, and chased after his back in a sinister manner. Its speed was extremely quick, it completely suppressed Long Chen, and was about to pounce onto his body.

At this juncture, Mo Xiaolang had already made his preparations, he knew that the flame was strange, but he believed even more in his ability to devour it! Therefore, just as the flame was about to throw itself into Long Chen's body, Mo Xiaolang suddenly accelerated, and a black vortex appeared in his mouth. He instantly swallowed it, and in a blink of an eye, he was already in his stomach!

"How do you feel?" Long Chen asked quickly.

The flame was obviously aimed at him, luckily he had the help of the little wolf. Otherwise, who knew what would happen?

Mo Xiaolang lightly shook his head and said: "Don't worry, I'm digesting and swallowing it."

Seeing his current calm state, Long Chen heaved a sigh of relief.

Mo Xiaolang crawled on the ground and started to concentrate on refining the power of the ball of flame. After a while, he said, "I've completely digested it, although it's strange, it's still essentially a ball of fire. And among them, there's also a large amount of power equivalent to that of a demonic thought that has been dissipated."

Hearing this, everyone was pleasantly surprised.

The three of them had survived the Earth Fiend tribulation together after coming to the cave this time. Their strength had increased by leaps and bounds. This was a great thing indeed!

It was just that Mo Xiaolang had not been attacked by the devil thoughts, so it would probably be difficult for him to survive this Earth Fiend Heart Demon Tribulation. When Long Chen heard the news that the flames had been completely digested, he focused his attention on the Earth Fiend Heart Demon Tribulation, and said: "Concentrate on overcoming the heavenly tribulation, in addition, Ling Xi can also be of help."

If not for Ling Xi, the two of them would have been defeated by the demon remembrance in this endless world.

Mo Xiaolang nodded and no longer spoke.

As time passed, Long Chen realized that a black demonic mist started to appear around his body, it was just like how he was before. Very quickly, he was enveloped by the demonic mist, his entire body was trembling and his eyes were closed.

Although it wasn't himself who was going through the tribulation, he was still sweating profusely.

And at this time, he felt that the entire Endless World was trembling. It felt as if there were endless wails coming from all directions, as if something was feeling sad.

On the other hand, Mo Xiaolang was still undergoing his tribulation. It could be said that it was very easy for him to encounter the Inferno Star Colossus, but it wouldn't be as easy for him to face the Earth Fiend Demon Calamity.

This painful process lasted for a full four hours before it came to an end.

When he opened his eyes, he was already sweating profusely.

However, its body was undergoing a rapid metamorphosis.

Long Chen allowed him to return to the Great Void Realm, and at this time, the endless world was shaking even more violently.

"They're pulling me up." Long Chen said in pleasant surprise.

Although he didn't know why, it was definitely related to the flames that had been digested.

At this moment, he let Ling Xi return to the Great Void Realm, and recalled the events that had occurred in the entire Endless World. The only thing he could not explain was that black flame, and although he did not know what it was, it had been digested by Mo Xiaolang under his heaven defying flame devouring ability, so it should have vanished into thin air from now on.

A formless energy was acting on his body, allowing him to quickly leave this world. Long Chen felt his surroundings start to become blurry, and he felt the cold water in the pool change continuously. It was only when he discovered that his body was completely immersed in the pool, and by this time, he was already almost out of the water.

With a "pa da" sound, he rushed out of the water.

Long Chen immediately stood firmly on the ground.

The purplish-gold rope left his waist.

He raised his head and saw that the elder was still lying on the stone block. The one who had pulled him up was the expressionless Su Zhen.

Seeing Long Chen, the clan elder opened his turbid eyes and sized Long Chen up from top to bottom. Surprise and shock flashed across his eyes, as he was unable to escape from Long Chen's sight.

As for Su Zhen, he had long since cultivated it to the point of being calm and collected. In two steps, he arrived before Long Chen and said, "When you were inside, did you see that ball of flame?"

Long Chen realized that his heart was still shaken, causing him to speak at a different speed than before.

He pretended to be at a loss and nodded.

"To be able to wake up from the demonic intent's attack, you are truly not simple." It was rare for Su Zhen to praise it, but he quickly asked, "I'll ask you one more question. Where did that black flame go?"

Long Chen pretended to be calm, but in his heart, he was actually thinking of a strategy to deal with it. According to the scenario set by Su Zhen, the black flame should have entered his body, thus he did not reply with words, but pointed at his own body and said: "Go inside and then disappear without a trace."

"Oh." Su Zhen slowly nodded his head.

Long Chen heaved a sigh of relief. It seemed like his guess was correct, because Su Zhen did not reveal any sign of disappointment in his eyes.

On the other hand, there was a tinge of sadness in the elder's eyes.

It was as if he was grieving for himself.

Long Chen asked: "What exactly is this thing?"

Su Hao said: "Regarding the secret of my ancestor, it is a huge good thing for you. He can let you have an even more terrifying cultivation and a much broader mind. You only need to remember what happened today as well as what happened in the Martial Demon Cave."

Long Chen knew that it would answer like this, and the reason he asked this question was only because he was acting.

After a while, Su Hao said: "From today onwards, you will practice in the inner city. Since I have accepted you as my foster son, I will do my best to nurture you. I will have Yuji arrange a good place for you so that you can reach a deeper level in a short period of time."

Long Chen nodded in neither surprise nor joy.

He was guessing that Su Zhen was like a city lord who had wasted his life. When the city lord of the city had nurtured the God Slaying Sword for him, Su Zhen also seemed to want to help him cultivate the

black flames. It was just that he did not know that the black flames had already been digested by Mo Xiaolang.

Su Zhen did not bid farewell to the clan elder and left with Long Chen.

The clan elder's gaze was always on Long Chen. Only after Long Chen left, did he let out a heavy sigh, and said, "I hope that after many years, I won't say that I have committed crimes and won't be able to live."

When Su Yuji received the order, she had already been waiting outside for a long time. Su Zhen quickly left, and Su Yuji said, "I have arranged for you to stay not far from my residence, in a place where the Nirvana Qi in the inner city is extremely dense. Name: Purple Dragon Xuan. "

Chapter 1773 - Rebellion

Long Chen did not care where the other party would bring him. With his current situation, Su Zhen did not allow him to go to the outer city. Of course, even if he was in the inner city, he could still do whatever he wanted.

Right now, the thing he needed to confirm the most was Mo Xiaolang's situation, so when he was following Su Yuji, he repeatedly asked Mo Xiaolang if the black flames had truly been completely digested.

Mo Xiaolang said cautiously, "Big Brother, I also know that this thing is very dangerous and that it is Su Zhen's scheme. However, I am very confident in my own abilities and I am very clear that I have completely digested it. a kind of flame that can roughly cause hallucinations. "

In reality, Mo Xiaolang had always been more cautious and reliable than the kitten. This way, Long Chen could finally relax a lot.

Su Zhen had plotted so much, but he never thought that Mo Xiaolang would actually have such a heaven defying ability. If he knew the truth, he feared that he would directly collapse.

They quickly passed through the purple bamboo forest and arrived at a not too big building that looked like a coiled divine dragon. They said: "This is the place father set you up, Purple Dragon Xuan is also a Dao Artifact, with thirty Dao patterns, similar to that of the Dragon Martial Heavenly Palace. This kind of

residence of yours is very useful for cultivation and privacy, you can refine this Purple Dragon Xuan into your own Dao Artifact."

"Oh." Long Chen nodded in neither surprise nor joy.

Su Yuji rolled his eyes at him, and laughed softly: "You, you're really good at getting away with it. I already said that my father wouldn't actually punish you, and let you stay for fifty years, right? Furthermore, I have already given you the Purple Dragon Xuan. In our inner city, in my generation, there are only a few residences that can compare to yours, and Yao'er might not even have one of those. It can be seen how much my father values you. "

"Is that so?"

Using 30 dao inscriptions as a residence was truly a bit too extravagant.

It's just that these god blood descendant have the right to be extravagant.

"You just came back and need to rest. I won't disturb you any longer. Also, my residence is in Fire Phoenix Pavilion, which is one mile east of here. If you need any help, you can come and find me anytime. "Dear brother." She had become more and more fond of Long Chen. After saying these words, she floated away, leaving Long Chen with a flaming back.

Long Chen returned to the Purple Dragon Xuan.

"I didn't expect that a mere residence would become the place with the most Dao-seals on my body."
"This Purple Dragon Xuan has a lot of defensive capabilities. Long Chen had refined him, so if he was unwilling, and the others wanted to barge in, they would have to destroy the Dao Artifact first.

After Long Chen refined it, he became the master of the Purple Dragon Xuan. Su Zhen was indeed very generous, with this Purple Dragon Xuan, Long Chen and the others did not need to be too vigilant around it. After all, they were inside a Dao Artifact, just like when they were in the Clear Sky Tower.

Furthermore, Long Chen is already the owner of this Dao Artifact.

The Purple Dragon Xuan was able to absorb a large amount of Nirvana Qi s, flood into them to help everyone cultivate. The purple bamboo around the Purple Dragon Xuan were all immortal spirits.

Long Chen closed the Purple Dragon Xuan, and the whole group came out of the Great Void Realm.

The Purple Dragon Xuan was very big, it was at least a thousand square meters. Furthermore, if they were to grow bigger, there was no problem, there were buildings everywhere, and all of them lived here. For Su Yan, this was a lot better than cultivating in the Divine Kingdom of Long Chen.

With a stable location, everyone sat down and began to discuss their future plans.

Long Chen said, "Su Zhen must be waiting. He thought that since the black flames are inside my body, he should be waiting for the flames to grow stronger, so it is very difficult for us to escape. After all, there will always be places that will be revealed. "Only by knowing everything about it can we have a basis to resist. Otherwise, we'll be completely confused."

Ling Xi thought for a moment, then said: "I feel like I can start from this Su Yuji, and see if I can get anything related to the black flames from her words."

Everyone began to ponder, as if this method was feasible or at least needed to be tried.

While Long Chen and the others were discussing, the news of him coming out of the Martial Demon Cave after two months quickly spread throughout the entire inner city. When Long Chen and Su Yuji went to the Purple Dragon Xuan, they let people find out.

At that time, Su Chan was also present, along with the two young city lords. Both of them were the peak strength and authority of the War God's Ancient City, but who would have thought that the things announced under such a scenario would actually be like child's play?

Even the people in the outer cities of the War God's Ancient City had heard of this news. And at this moment, when Su Yuyao had also heard this news, which made her so angry that her face turned purple, she ignored everything else and rushed into Su Zhen's study.

At this moment, Su Zhen was holding a black ancient book in his hand and was engrossed in reading it.

"Daddy!" Su Yuyao was so angry that her face was flushed red. She stuck herself onto Su Zhen's body and angrily said, "I heard that you released Long Chen? Why? Weren't you the one who said you were

going to imprison him for fifty years? You're the young city lord, how can you go back on your word? Right now, people are making a ruckus outside, they're all saying that you're in the wrong! "

"Oh," Su Zhen suddenly realized and said. Then, he said, "Let them speak. I don't care."

Su Yuyao panicked and said: "No, you can't do this, Daddy, this Long Chen is just a super dragon, what's the big deal, he isn't yours, you don't need to ruin your own reputation in order to protect him, there were originally a lot of elders in the family supporting you, your actions are not worth it, that Long Chen is just a lowly life, just let him stay in the Martial Demon Cave!"

Su Zhen quietly put down the book in his hands and looked Su Yuyao straight in the eye. He said, "Yao`er, you can leave. Don't bring up this matter with me again."

"What!" Su Yuyao had not expected the other party to decline so quickly. Just as she was about to argue, Su Zhen sternly said, "I'll say." Don't talk about Long Chen's matter with me anymore. He's not your concern, and you shouldn't keep on provoking him either. Do you hear me clearly? "

Su Yuyao's heart collapsed as tears streamed down her face.

She had always believed that Su Zhen doted on her the most, allowing her to do whatever she wanted. However, she hadn't expected that he would actually treat her so harshly for an outsider. He even told her not to provoke him.

Previously, she had told Long Chen who would laugh the best at the end.

In less than three months, Su Zhen had rescued him.

Su Yuyao staggered back a few steps in disbelief and asked, "Daddy, in your mind, your daughter is more important than anyone else, but is he important?"

This was the question she could not tolerate the most.

Su Zhen waved his hand, signalling for him to leave. His expression was extremely grim.

Su Yu Yao's heart was broken. She suddenly thought of something, and said: "It seems like there are only three days left of the duel between me and that Long Chen, Father. If you think that he has limitless potential, three days later, I will prove to you that I am more precious than him.

Su Zhen didn't say a word as he took out a black book to read.

Right at this moment, the door to the study was gently blown open by the wind, and outside of the courtyard stood many people, including the Fourth Young Master, Su Chan. And behind him, Su Baizhan was wedged between the people, the rest of them were all old people, presumably the family members of the branch family youth whom Long Chen had killed.

All of their faces were cold.

Su Chan took a step forward, and said: "Third brother, the seventeen percent family has come to find me, and want you to give them an explanation."

They had clearly said they would imprison Long Chen for fifty years, yet they brought Long Chen out two months later.

His gaze was firm as he said, "Long Chen is my foster son, even if he kills someone, no one can touch him. Two months is enough time, Su Chan, if your son were to kill a branch family member, would you dare to put him in the cave for two months? If you want to punish us, then isn't two months of punishment from the Martial Demon Cave severe enough? "

The Martial Demon Cave was extremely terrifying. In just a day, it could go through one or two cycles of reincarnation. Over sixty cycles of reincarnation was actually quite scary.

But after agreeing for fifty years, everyone was still unwilling!

At this moment, he smiled and said, "Third Young Master's words are really funny. I, the city lord, clearly said fifty years, and now changed it to two months, and this speech is like farting. Is it because I can understand whatever you say in the future?"

The Zongjia only had a hundred people, and the branch families were numerous. These seventeen branch families' patriarchs were also cousins of the current City Lord, which was why they dared to speak to Su Zhen in such a manner.

Su Zhen shifted his gaze towards him and said, "You can think like this, but the matter with Long Chen is something that cannot be changed just like this. You can leave now."

His tone was firm and did not permit anyone to resist.

Everyone was incomparable rage.

In their eyes, Su Zhen was truly crazy. In the future, when they were competing for the Zongjia, the eighteen branch family's patriarchs would be important targets for them to rope in. Not only was Su Zhen's attitude not good, he did not even consider him to be a threat.

Everyone was so angry that they were about to explode.

Su Yuyao also felt the same. She really couldn't help but wonder why her father would want to offend these people and help Su Chan out.

She angrily walked out, but at this time, the branch family master called out to her, and said: "I heard that Miss Yao and Long Chen are going to fight, then can I gift a good thing to Miss Yao? The fatal kind. "

Chapter 1774 - Dragon-trapped Terrace

Hearing this, Su Yuyao's eyes lit up.

She knew that Long Chen had just killed a decent genius from their branch family. Su Zhen had already said that he would be locked up for fifty years, yet he actually went back on his word, causing their entire branch family to lose a lot of face. Especially after arriving here, Su Zhen had simply ignored them.

Su Zhen did not say anything. He gently waved his arm and the door to the study closed, and for a long period of time, he did not open again, which made everyone suspicious. He seemed to be taking care of Long Chen, but why did he not care about it?

Su Yuyao's heart was even more unbalanced. Even though she knew that her own actions would make her father hate her, she still couldn't let herself be.

"No matter what, I will teach him a lesson. Father will not blame me. If he really cares about Long Chen, when they wanted to give me something, he would have stopped them." Su Yuyao comforted herself.

Following Su Chan and the other seventeen branch families, Su Chan disappeared on his own. As for the branch family patriarch, since no one was around, he secretly said to Su Yuyao: "Miss Yao, you can save some time for this thing. Remember to return it to me after using it.

Su Yuyao was very curious. Just what kind of lethal weapon would the opponent give her?

The other side quietly showed it to her. After she finished reading it, Su Yuyao was somewhat baffled, but she was quickly replaced by a cold gaze.

"I promise you." Su Yuyao said in a low voice and accepted the items.

He had just come back, and it was no longer peaceful outside.

Someone had barged into the territory of the Purple Dragon Xuan. Even though it was an expert of the Nirvana Tribulation Realm, who was silent and had a strong life force, Long Chen could still feel his existence.

The other party was very rude. After arriving at the Purple Dragon Xuan, he wantonly destroyed everything in her path, saying, "You cowardly turtle, quickly get the hell out of here."

Su Yan had recovered from her cultivation. She was already close to Nirvana Tribulation Realm and such a speed was rather normal for her. After all, she did not have Long Chen and the others with such exceptional talent.

"I knew she would come." Honestly speaking, he resented this person the most, and had also lost to her in the past. With Ling Xi's divine blood density, the legacy of the Misty Sect, and the eight great heavenly swords, it wouldn't be a problem for her to deal with the Eight stages of Nirvana Tribulation's current warriors. As for Su Yuyao, she should still be a little lacking.

And after Long Chen experienced the transformation of the Earth Terminus Devil Tribulation, he had become extraordinary.

He very straightforwardly opened the Purple Dragon Xuan's door, walked out with Ling Xi and met eyes with the rude and unreasonable Miss Yao.

Su Yuyao was wearing a tight red dress, outlining her perfect curves. She had a full chest, a slender waist, yet she was filled with wildness and power. Her buttocks were as powerful as a leopard's, and her perfectly round thighs gave off an enchanting image.

Seeing that Long Chen was completely unharmed, she got angry in her heart, especially when he saw that he and Ling Xi were always affectionate towards each other. She suppressed the anger in her heart and said: "I must congratulate you, you actually managed to come out from the Martial Demon Cave. When my father showed mercy and asked you to come out, did you shed tears of gratitude and kneel down without stopping? "

Long Chen's expression remained indifferent, and said: "The Martial Demon Cave is only this much, if Miss Yao wants to experience it, you can head there yourself. If you came today, fart, I don't have time to bullshit with you, with a beautiful lady by your side, your face is truly terrible."

When Long Chen said this, Su Yuyao's chest rose up and down, as if she was about to explode with anger. She bit her lips, gritted her teeth, and said: "I also don't have time to listen to your nonsense, this time I came here to remind you, that three days later at noon, remember to honor your promise from three months ago, I have already set up a trap for you at the Dragon-Trapping Terrace, and have invited most of the people in the inner city to watch the battle. In three days, there will definitely be people who will bring you to the Dragon-Trapping Dragon Altar. Don't tell me that you only have words, that you don't even have the time to fight with a little woman like me."

Long Chen recalled that three months ago, he had indeed made an agreement with her, but the matter of the Wu Mo Cave had interrupted his journey into the city.

Su Yuyao's gaze flickered as she looked at him and sneered, "You can't really be a coward, right? If that's the case, then you are no longer worthy to be a man. As for your woman, my cousin is an outstanding person.

Long Chen waved his hand to interrupt her, and said: "I will naturally not go back on my word when I promise you. However, if a certain someone uses some tricks after losing, he'll be no different from a scum. "

Su Yuyao gritted her teeth and said, "If I lose to you this time, I swear that I will never provoke you again. That should be enough, right?"

"I hope your oath is useful." Without saying a word, Long Chen closed the doors to the Purple Dragon Xuan, allowing the other party to take the bait. Su Yuyao stared at the purple door for a long time before leaving with a cold smile. As she walked, she said in a low voice, "It's true that I won't provoke you anymore, but this time, I'll make you miserable!"

In reality, Long Chen was already able to kill Su Yu Chen with Eight stages of Nirvana Tribulation before the Earth Terminus Devil Calamity. Although he had promised that he wouldn't be able to use the Time Traversing Dragon and she was also much stronger than Su Yu Chen, the problem was that he had undergone another transformation, especially with the arrival of the Godly Flame.

Ling Xi, Mo Xiaolang and the others did not ask too much.

Three days later would be the time to teach this woman a lesson. With so much hatred between the two of them, it was time to settle it. Long Chen naturally hated Su Yu Yao, if not for her, how could he have been imprisoned in such a place like War God's Ancient City?

One day, he would take his revenge and then float away.

When Long Chen and Su Yuyao made an agreement, Su Yuyao announced the details of the event within the span of three days.

During this period of time, Long Chen had been in the inner city with a lot of people, but very few of them had seen him. Many of them also wanted to wait for three days before they saw the true face of Mount Lu, to see just what kind of beauty this young outsider, whom Su Zhen had not hesitated to part with to protect, was.

In regards to Long Chen, the majority of people despised him more than their curiosity.

The god blood descendant valued bloodlines very much. They would not even marry people who were too close to their blood relatives. It was common for cousins to get married. This way, he could maintain the stability of his bloodline, and it would even produce some geniuses with flourishing divine bloodlines.

The inner city was also very big. The five young city lords were in charge of five of them, as well as a large number of restricted areas. The city lords who showed the most in normal times were the Eldest Young City Lord and the Fifth Young City Lord, Su Zilan.

The news of the battle of the Dragon-Strangling Dragon-Strangling Platform had reached the ears of many powerful figures.

In a luxurious pavilion, a plump middle-aged man wearing luxurious golden clothes sat in the middle of the pavilion, drinking tea. He was reciting a poem and was extremely happy. However, looking down on him was a big mistake. This man's entire body was enveloped in a golden light, and his body had an incomparably exuberant life force, making him look like a small sun. The sound of her heart beating was like the beating of a gigantic beast.

"Young City Lord!" In the middle of the pavilion's pillars, a black shadow gradually descended to the ground, transforming into a youth dressed in black clothes who respectfully kneeled on the ground.

The fatty wearing a golden robe was the number one young city lord of the War God's Ancient City, which was also Su Zhen's big brother, and the direct descendant of the current city lord.

He gave a casual snort as an answer.

The black-robed youth was very organized as he ed everything that had happened recently, especially what had happened three days later between Long Chen and Su Yuyao.

"This youth is a super divine dragon huh?" The golden fatty smacked his lips and suddenly laughed, "Third brother, what are you doing? Is your cultivation crazy?" "Fine, I'll go take a look at him in three days and see if there's anything special about him. If he can defeat Yao'er, then his talent can be considered quite good."

"Yes, Young City Lord."

Right at this moment, a beam of light came from above, illuminating half of the black-clothed old man's face. His face was covered with black scorpions, but what was even more frightening was the blood-red eyes that were surrounded by the black scorpions.

Someone said from above: "Second Young Master, a strange little guy called Long Chen has appeared in the inner city recently. Third Young Master accepted him as his foster son, and some interesting things even happened. I wonder if Young City Lord is interested?"

"Long Chen?" The man with scorpions on his face laughed: "You look bored. Treat it as a story and tell it to me. If it sounds bad, cut your mouth off, understand?"

He knew that it was due to the other party's temper, but he could only accept it. Thus, he told them the details about Long Chen, including the part about the Martial Demon Cave.

"Oh! Three sent this super dragon into the cave? You were let out again?" The black clad old man muttered, and his eyes suddenly lit up, and he said: "Rumor has it that after the ancestor of the gods transformed, his entire body's devil will was formed into a devil type, a martial magic seed belonging to the Martial Demon race, and he stayed in the Martial Demon Cave. That martial magic seed is a terrifying thing that is powerful enough to produce new Martial Demons, but no one has ever found it. Is the last thing that the deity transformation left behind, something that he could possess?"

"So ..."

"Three days later, I'll go take a look."

Chapter 1775 - War God's Gemini

It would be here in three days.

That day, there was already a commotion outside even though the time was still far from here. Long Chen and Su Yuyao's statuses were unique. If Long Chen was truly Su Zhen's adopted son, then they could be considered as siblings fighting each other. This made many people who were unsatisfied with Su Zhen to have the attitude of watching the show, even Su Sheng and Su Ming had come.

In this battle, Long Chen actually already had a plan.

He brought everyone along and left the Purple Dragon Xuan, there were many people waiting at the entrance. All of them were the young talents of the branch families that Su Yu Yao had sent to lead the

way, they were all filled with wealth, haughty and arrogant, with dense martial auras. All of them stared at Long Chen like fierce beasts, their eyes filled with killing intent.

Even the god blood descendant thought highly of himself and despised outsiders. Long Chen had even killed people of the same level as him.

"You, hurry up and follow me! Miss Yao is waiting for you at the Dragon Stadium! "

The leading black faced warrior said with contempt, and the group of people no longer bothered with Long Chen, and started to quickly walk in front.

They were naturally not here to lead the way for Long Chen, but to monitor him. If Long Chen did not dare to go, they would 'invite' Long Chen over.

They quickly walked, and from time to time, they would glance at Long Chen who was behind them and whisper to each other.

"His speed is not bad, but his realm is too low. I really don't know what's going on with him, to actually be defeated by someone like him."

"Perhaps it's because of the Dragon Fighter. Isn't Young Master Chen, Miss Yao's big brother, also very strong as well. Although he is in the Nine Layered Nirvana Tribulations Realm, his fighting strength is comparable to a practitioner of tribulation of reincarnation. He is one of the top three young experts in my War God's Ancient City. "

"Don't compare him with Young Master Chen. He is thousands of miles away. What I am curious about is how will Miss Yao teach him a lesson for being so arrogant and despotic as he is today?"

"Just wait and see. I heard that today, four young city lords will come. Aside from the third young city lord, even the eldest young city lord and the second young city lord will come." These were all legendary experts. These two are the famous Twin Stars in War God's Ancient City. "

"A trivial matter like this blew both Young City Master Su Sheng and Young City Master Su Ming out; it is truly inconceivable. Miss Yao is the same, isn't it precisely the case that we privately dealt with this fellow? "

"No, Miss Yao is very resentful towards him, wanting to make him look bad." What would Miss Yao do? This fellow actually dared to offend Miss Yao. He deserves to be played to death. "

Long Chen was very interested in the first two city lords that they mentioned.

Why would someone like him come out? They were definitely here for him. It was strange that Su Zhen had not come.

It seemed that Su Sheng and Su Ming were also extremely curious about him.

As for Su Yuyao, the War God Xinghe and Ling Xi had both lost to her. This time, Long Chen had already passed through the Earth Fiend Demon Tribulation, and the situation was definitely not right.

Along the way, the forest was filled with immortal spirits. In the Dragon Sacrifice Continent, people would fight over things that would make them go crazy for, but this place was everywhere, just like the wild flowers and grass by the side of the road. Countless beautiful plants spread, and the air was filled with an ancient aura of desolation.

The mountain road was rugged, and in the midst of the endless wilderness, Long Chen followed these practitioners and traveled a long distance. They deliberately accelerated, wanting to shake Long Chen off and embarrass him, but no matter how hard they tried, they found that they were unable to do so.

"He really does have some skills." Everyone sneered in their hearts.

Not long after, Long Chen felt the sound of people chattering.

The interior city of the War God was a family, but its scope was ridiculously large. There was no sign of anyone on the road, only until a wide flat ground appeared in front of them. The flat land was sliced flat, and rows upon rows of meticulously sculpted houses covered the entire area, and in the very center appeared an enormous platform with a length and width of one thousand meters.

On the platform, there were numerous lifelike dragon carvings.

Around the Dragon Confining Platform, there were a total of thirty-six black coiling dragon column, which were extremely similar to Long Chen's Golden Demon Suppressing Pillar. It was just that this black coiling dragon column was bigger, bigger and more majestic, with nine black dragons coiled around each of them, looking like starry rivers with vicious spirits. A wave of shocking blood and fiendish aura was

released from these thirty-six black coiling dragon column, as though billions of divine dragons were roaring on the Dragon Confinement Stage, and fighting.

Every black coiling dragon column had its own Dao pattern, so the thirty-six coiling dragon column were actually one. Therefore, this Dao tool had a total of thirty-six Dao patterns, which could also be considered a very impressive Dao tool.

This was Long Chen's battlefield today.

They were either quietly cultivating, chatting with friends, or watching from the sidelines. There were many people who sat on the roofs and looked around, but there were no special seats, so Long Chen did not know where the so called Su Sheng, Su Ming and the rest of the group were.

The tribulation of reincarnation was a mysterious realm, something that Long Chen was still far from being able to touch at the moment.

The first thing he saw was Su Yuyao standing on the Dragon Confinement Arena. Her long hair was like a waterfall, with clear eyes and white teeth, as if she was an immortal that had descended into the mortal world. Her red lips were beautiful and enchanting, but her eyes were fierce and murderous, making people unable to approach her. Its majestic aura circulated between its chest and abdomen, erupting with tiger leopard thunder. It was like an ancient beast looking down on all living beings.

It was hard to feel that he could be compared to Su Yuyao. After all, Su Yuyao was a god blood descendant with more than ten percent of her bloodline, and she had been born and bred in the inner city. She had broken through all nine levels of Divine Martial Stage and reached the Nirvana Tribulation Realm before she was even ten years old.

This kind of talent, in Dragon Sacrifice Continent, was a once in a million years super genius.

's arrival attracted the attention of everyone in the Su Family. In fact, the strongest 18 branch families, as well as hundreds of other branch families and many people from the Zongjia, were all present. They all looked at Long Chen, wanting to see through him.

But Long Chen's ancestral dragon bloodline was really hidden too deeply, and up to now, not a single person had been able to see through it.

They just thought that this might be a powerful Dragon Fighter.

Even at this time, Long Chen was still just a young dragon among young dragons. After becoming adults and standing above all the other divine beings, the entire Nirvana Tribulation Realm could only be considered as the baby.

For example, for a red dragon, roughly to the level of tribulation of reincarnation, it would be around the age of adulthood, displaying all of its characteristics and potential without a doubt.

"This little guy ..."

When he arrived, most people were talking about him.

"Seems like he just passed the Earth Terminus Devil Tribulation."

"I heard that we just passed through the calamity of the Inferno Star Colossus three months ago. His speed was not bad. "I'm afraid there will be some fortuitous encounters in the next three months."

"Yeah, it's just that Yao'er has been to the Heavenly Divine Curse, the Heavenly Divine Curse is much stronger than the Earth Terminus Devil Calamity, and 10% of the god blood descendants are even more proficient in the Heavenly Dao, so this Long Chen basically has no chance of winning."

"But I seem to have heard that he defeated Yu Chen before passing through the Earth Terminus Heart Demon Tribulation?"

"In other words, this battle is a bit suspenseful?"

No one really cared much about it.

"This is all because of Young Master Su Zhen. Why is it that even the two City Lords, Su Sheng and Su Ming, have come, but he hasn't come?"

Amidst the low sounds of discussion and charred flesh, Long Chen stood on the Dragon Confining Platform and looked Su Yuyao in the eye.

For Long Chen to be able to experience that kind of pressure, there were simply too many strong warriors here. Their gazes were all on him, causing Long Chen's blood to tremble, and many gazes directly bore into his body, causing him to feel extremely uncomfortable.

Two of the gazes were the most terrifying.

One was as hot as the sun, the other as cold as the moon.

What he didn't know was that the owners of these two gazes were sitting side by side in the same exquisite hut, drinking wine and chatting merrily.

"Second Brother, do you see anything?" The fat Su Sheng, who was like a golden sun, asked with a smile.

His smile was simple and honest, like a smiling Buddha.

In the corner, a man hidden in the darkness said in an ice-cold voice, "I can't see through such a legendary thing as this, but it's a legend. Even my ancestors failed, so I don't believe that third brother can succeed." In addition, the way in which Demonshine has become a Deity is simply too crazy. "

Su Sheng laughed but did not comment.

"This little guy is quite interesting. His physical strength is incomparable to others and I'm afraid that some Reincarnation Bodies are incomparable to him. The supreme divine dragon that he inherited should be specialized in the body. In the future, if we can get to the tribulation of reincarnation, maybe we will be absorbed into the Slaughter Dragon City. "

When talking about Slaughter Dragon City, even Su Ming had a look of reverence on his face as he said, "It's better to not mention that group of true lunatics."

But at this time, the good show had already begun.

Su Yuyao suppressed the hatred and anger in her heart and hooked her hand at Long Chen as she said, "Time's up, you can roll out now."

Long Chen admired her very much. Every time she bickered, she would lose completely, but every time he would still be the same.

Long Chen calmly descended onto the white jade Dragon Confining Platform, which was about a kilometer in length and width. Stepping on the Divine Dragon Inscription beneath his feet, Long Chen felt a little uncomfortable.

Su Yuyao coldly snorted and said, "You really have no guts!"

With that, she indicated to the warrior controlling the black coiling dragon column. The thirty-six black coiling dragon column released a layer of light that covered the entire Dragon Confinement Platform. Within the layer of light, the black dragon swam about, forming an extremely powerful framework.

Su Yuyao said proudly, "If that's the case, don't even think about escaping. This time, we won't stop until we die!"

Both sides looked at each other in the distance.

"Opening the Dragon-Stranding Platform is indeed a little troublesome," Long Chen estimated in his heart, but he knew that there was no need to open the Dragon-Stranding Platform.

Chapter 1776 - The Wars of the Gods

After the Dragon Confining Platform was closed, the battle could begin at any time!

Everyone shut their mouths and began to wait!

Her smile carried a strong sense of ridicule, and under the gazes of tens of thousands of people, she had no choice but to put on a good performance, and said: "How about this, in order to let others say that I, Su Yu Yao, am a vengeful person, I will give you a chance to retreat, so long as you kneel in front of me, kowtow to me three times, and then say that Aunt I was wrong, I am low and useless. Then, I shall forgive you and write off all my grudges in the future. Look, am I not magnanimous? "

As he finished this sentence, a burst of laughter came from the surroundings of the Dragon Confinement Platform.

"Yao'er is becoming more and more mischievous."

"That's right. That manly man would agree to such conditions. Seriously!"

"Maybe not, this Long Chen is not a member of my Su Family. Don't overestimate his backbone and ability. Su Muchen was also a super dragon, why was he so strong? Wasn't it because he had the five percent of the War God's bloodline that he was able to use the most of his inherited blood essence? "

"The Dragon Fighter's heavenly tribulation is frightening, its final achievements might not be comparable to my god blood descendant's!"

Su Yuyao was very satisfied with the laughter around her. She felt that if she were to be humiliated in such a way, she would definitely go crazy. She stared at Long Chen, but what made her disappointed was that the other party was just like a log, pretending not to have heard anything. However at this time, his hands moved, a black and grey longsword appeared in his hands.

The black sword was rusty and extremely mysterious. It possessed a power that the primordial spirit dreaded, and the killing intent of the grey sword was terrifying. Long Chen cleverly held onto the position of the sword hilt, so as to not let others see the pattern.

Both swords horizontally across, showing Long Chen's attitude.

It was impossible for him to admit defeat.

Just as everyone was astonished by his determined attitude, Long Chen's eyes flashed, and without any warning, he attacked. His speed instantly broke through his limit, turning into an unrecognizable afterimage.

Su Yu Yao was shocked and immediately used her movement technique to resist, barely dodging Long Chen's sharp God Slaying Sword.

This time, the crowd burst into an uproar.

"He really has no grace!"

"How dare you sneak attack us, you are truly despicable! As expected, not only the god blood descendant, but also someone who is cunning and lowly!"

"You don't even have this little bit of grace, and you're still considered to be a member of my Su Clan?"

The God-Slaying Sword turned into a gray ray of death as it flew past Su Yuyao at an incomparable speed.

This was the power of the Deity Slaying Incantation. It was quick, accurate and ruthless, seemingly simple, but in reality, it was best at killing with a single hit. If Su Yuyao had been slightly slower just now, she would have let Long Chen kill her immediately.

Instantly, her long hair exploded and fluttered in the air. Her long hair, which was almost cut off half a meter by Long Chen, became shoulder-length and short. Her fluttering hair, which fluttered about, filled the eyes of everyone present for a moment.

"Hair."

Su Yuyao found it hard to breathe.

She looked at the fluttering hair in disbelief. That was the most precious part of her, but it had already turned into foam and disappeared without a trace.

Su Yuyao looked at her surroundings in a daze, all the way until her long hair fell to the ground. When she saw that Long Chen was still looking at her indifferently, the dullness in her eyes had already completely transformed into viciousness and hatred. This time, the old and new grudges had been added together, causing Su Yuyao to be unable to restrain the anger and agitation in her blood.

Long Chen felt a dense killing intent!

In terms of the amount of Nirvana Qi, Long Chen was far from being her opponent!

However, in other aspects, Long Chen had far surpassed her, especially in terms of physical body, which gave Long Chen greater flexibility and explosive power. Thus, he was better at melee combat, and the War God was also better at melee combat. In a flash, the two of them had already started fighting.

What they saw was that Long Chen was actually able to fight Su Yuyao head on!

"Although Yao`er hasn't used her deadly move yet, her opponent can be considered a genius to be able to block her for the time being. Especially that sword strike just now. It was too stunning, I think I've heard of it!"

Su Sheng said as if he was deep in thought.

Su Ming laughed coldly, and said: "Just watch. If a disciple of my Su Family is inferior to even a commoner, then where should you put your face? It's definitely going to be a joke for the other Gods. "

Saying that, Su Sheng nodded his head, and said: "Hearing you say that, I actually remembered that the once a thousand year war between the Gods is about to begin, I need to have someone lead a group to bring these children to worship the ancestor's Heroic Spirit, and also to meet with the other God's descendants from the Ancient City, who's more suitable?"

Su Ming said coldly: "OI 'Three has never been able to discipline her, OI' Four is wobbly, only OI 'Five can give instructions, if it's not her, who else could it be?"

Su Sheng chuckled, the fat on his body trembled, and it could be considered as tacit approval.

Not far away, Su Zilan heard their conversation.

At this time, the crowd burst into an uproar. It turned out that the battle had already reached its climax.

Su Yu Yao's entire body was enveloped in a golden glow, it was as dazzling as the sun, she had actually grown three heads and six arms, releasing the essence of martial arts, with her fists wide open wide, imposing and powerful, with every punch, even the black coiling dragon column was trembling. Under this situation, Long Chen seemed to be swimming everywhere, under the violent attacks of his opponent, like a lonely boat in the ocean, swaying under the storm!

"Die!" "Die!"

Su Yuyao's eyes were bloodshot, like a ferocious beast. Wherever the shadow of the fist landed, it was as if a Martial God had descended, creating a stir.

"Great Martial Arts!"

At this time, the three heads and six arms gathered together, forming a powerful fist, rushing forward. The fist intent's runes flashed, as if the heaven and earth were collapsing, everything turned upside down, the fist intent seemed to hide a god, countless ear-piercing chants swept over!

Under such an attack, Long Chen's gaze was calm, he did not retreat, but rushed forward, and at the moment, he unleashed his own strength, the two swords rushed forward, the Ancient Slaughtering Runes spreading out from the two swords, the Sword Qi soaring into the sky, Long Chen's eyes turned illusory, at the moment when the opponent's Great Martial Arts was about to strike, the dual Sky Slaughter Blood Sword came out!

The Ancestral Dragon Art was incomparably powerful. Just the first wave of the Heaven Slaughter Blood Sword was able to shatter his opponent's Great Martial Arts. The God Slaying Sword was released and a blood-red sword qi shot out, causing Su Yuyao to flee in an extremely sorry state, almost falling to the ground.

However, the battle did not stop because of it. Su Yuyao crawled up in anger and attacked again, but this time, she used all of her strength to the limit, the martial aura on her body exploding outwards.

Charge forward and punch out!

Impressive!

At the same time, his other hand formed a seal and he succeeded in an instant!

"True Lord Taishang has arrived!"

True Lord Taishang was a Godly General under the War God, commanding 3,000 Reincarnation Soldiers. His cultivation was close to a god, and when Su Yuyao used this move, she instantly created 18 clones and attacked him from all directions. Her power instantly increased by 18 times!

In that instant, the entire Dragon-Strangling Platform was enveloped in golden light.

Long Chen was shaken by the golden light coming from all directions. Eighteen clones all condensed the golden light to form Su Yuyao, but the technique that they displayed might not be any stronger than Su Yuyao's Great Martial Arts Technique!

With multiple attacks combined, only someone with a fighting strength that was much stronger than Su Yuyao would be able to break open the seal. Faintly, Long Chen already felt Su Yuyao's complacent smile.

Only

Long Chen laughed coldly. If it was only to this extent, he wouldn't need to make so many preparations today!

His entire body turned into an illusion. When the Great Void Cosmic Dragon Arts was used, it would be eternal!

Soon after, everyone saw an astonishing scene!

Su Yuyao's eighteen clones, which originally had immense attack power, all stopped midway towards Long Chen. Only Su Yuyao was still charging forward!

However, her speed was too fast, and was unable to adjust in time. Just at that moment, Long Chen waved his sword, and the Sword God Slaying Blade turned into a ray of light that shot over. It was like an arrow, there was no way to dodge it, it was the Deity Slaying Incantation!

Although the Deity Slaying Incantation did not have the same destructive power as the Heavenly Slaughter Blood Sword, it was simply too fast, enough to reach Long Chen's limit.

His limit surpassed Su Yuyao's.

Su Yuyao did her best to dodge, but she was still unable to dodge that gray sword light. In the process of dodging, the target of the sword light had changed from her head to her chest!

She hurriedly dodged to the side and the sword light shot out, tearing apart the precious silk clothes on her chest and turning the area above her lower abdomen into a bloody mess!

This was just an instant!

Everyone sucked in a breath of cold air.

Most of the people could not sit still anymore, they stood up, their eyes were fierce and brutal, their fists tightly clenched as they stared at Long Chen.

Although it was a sensitive spot, it was not Long Chen's fault. It was the result of her dodging, but the delicate Jade Rabbit had been destroyed to a terrible state.

Su Yuyao let out a terrified and miserable scream as she completely panicked.

Long Chen did not take advantage of someone being in danger, and chose to stop instead.

If he were to make a move now, he could definitely kill this woman.

She was so busy adjusting herself that she had forgotten about Long Chen. It was only when she had changed her clothes and regained her strength that the superficial wounds had become completely flawless again. Only then did Su Yu Yao, who was still in a daze, sit down on the ground.

Long Chen had already waited for nearly twenty breaths of time.

Outside the stage, the anger in everyone's hearts disappeared. If Long Chen took this chance to attack, then he would truly be too much of a gentleman. In reality, Long Chen was not a gentleman at all.

However, this short victory seemed to have caused Su Yuyao to go slightly crazy.

Chapter 1777 - Great Sun Purple Phoenix Heavenly Armor

In her memories, when Long Chen faced her, he should have been as powerless as the Martial God Xinghe was. As far as she was concerned, Long Chen could never compare to her.

But from the beginning until the end, even though Long Chen seemed to be at a disadvantage, he had actually completely suppressed her. In fact, in her final counterattack, he had given her a fatal move.

Su Yuyao's breathing became heavy. Her eyes were already bloodshot as she stared at Long Chen, like a beast that had lost all sense of reason.

The killing intent in his eyes had reached its peak.

Outside the stage, everyone looked at each other. The scene was too unexpected, it was obvious that Su Yuyao had already decided to not let this matter rest until she had killed Long Chen. If Su Yuyao were to kill Long Chen, then what kind of good show would it be?

Especially the people from the seventeen branch family. They were all laughing out loud at this moment. Previously, Su Yuyao had shown some mercy to Long Chen, feared Su Zhen, and hadn't tried to kill Long Chen.

"Long Chen!"

It was as if he had returned to the cave, and the other party had swallowed the disgusting poison in one gulp.

Her entire body was filled with killing intent.

"I ... I ..."

Seeing Su Yuyao's current state, many people frowned, including Su Yuji below. However, since the Dragon Confining Platform was already sealed, it was too late for her to stop her. She could only look at Long Chen with expectation.

"I hope he can continue living in front of that crazy Su Yuyao!"

She knew that this was an important chess piece for her father, so she couldn't let Su Yuyao destroy it.

Long Chen had always been very calm. As everyone was in shock, Su Yuyao had indeed used a technique that belonged solely to the god blood descendants — Divine Blood Boiling!

For example, for someone like Su Yu Yao, who had more than ten percent of the God's blood boiling power, once she used it, the resulting increase in power would be rather terrifying. It was just that the cooldown time was a little long, so Su Yu Yao did not use the God's Blood Boiling power last time in the cave.

BOOM!

She opened her arms and golden light shone, causing her to turn into a small sun. A terrifying aura surged out from her body, the astonishing power contained in her body would probably be able to instantly destroy Three Regions Nine Realms. Su Yu Yao unleashed her divine blood, making her appear much stronger than Su Yu Chen.

RUU...!

Long Chen seemed to be able to hear the sound of her blood flowing.

The other party's aura once again rose sharply, gradually reaching the level of being able to dominate Long Chen, which was extremely shocking. Seeing Su Yu Yao whose power could almost make even the Dragon Confining Platform tremble, Long Chen squinted his eyes. Her strength had gradually reached the limit of what he could endure.

The crowd below cried out in alarm.

"Su Zhen's three children are all extraordinary. Especially Su Muchen. " The boss Su Sheng suddenly said.

Su Ming laughed and no longer said anything.

But at this time, the crowd clamored once more.

Long Chen could see that Su Yu Yao's body was currently covered in a set of purple armors. This purple armor was made of the feathers of birds, the feathers were as hard as steel and looked extremely beautiful, but in reality, it had a very strong and fierce nature similar to that of a dire beast. An extremely hot power was being released from the purple armors, and Su Yu Yao, who was being protected by the armor, had a cold expression, her power shocking.

Every single one of the feathers was covered with dense purple runes, and every single rune was filled with a large amount of power. All the purple runes had fused together to form a formation on the armor, forming an extremely stable force that formed a terrifying impact on most of the tribes which were covered with dense dao markings. At this moment, Su Yu Yao was like a god!

"It's actually the Great Solar Purple Phoenix Heavenly Armor!" Forty-five lines of archaic instrument! "

"Yes, this set of armor, rumored to be made from a desolate beast with tribulation of reincarnation, the feathers of the Great Sun Purple Phoenix Heavenly Bird, and countless precious crystals, metal, and silk, its power is boundless. I never thought that it would land in Miss Yao's hands!"

"I heard that Miss Yao was given this gift by the Third Young City Lord after her last encounter with the War God's Star River. It seems that the Third Young City Lord really dotes on Miss Yao. I thought it was just a rumor, but who would've thought that it was true."

The divine blood boiled along with the archaic instrument!

One attack, one defense. Right now, Su Yuyao was almost invincible.

Everyone was curious. Since Su Yuyao had already reached this level, could Long Chen still break it? In reality, they had not even started fighting, and everyone knew the answer, not to mention Long Chen, most of the people present could not do it, so putting aside the fact that the Divine Blood was boiling, it would be good enough to break through the Great Sun Purple Phoenix Heavenly Armor.

Su Yuyao released a vast divine might, and her eyes even inherited the The Will of the War God s. In each of her eyes, there were nine supreme deities standing right in front of her, giving Long Chen a huge pressure. It was the eighteen clones of the Martial God!

The Will of the War God, although they were not god blood descendant s, it could be said that not many people could block them.

In this The Will of the War God, Long Chen was unexpectedly unaffected, and at least in terms of strength, he had earned the fear of everyone.

Adding the The Will of the War God s on top of that, the current Su Yu Yao caused the entire Su Family to be shocked.

"Miss Yao can be considered a genius, compared to the top few in Zongjia, Miss Yao has such an achievement. At her older sister's age, her cultivation might even surpass hers."

These sort of words made Su Yuyao feel proud and proud.

Wearing the Great Sun Purple Phoenix Heavenly Armor, Su Yuyao stood proudly in the sky. Her might had descended, and compared to her, Long Chen was just like an ant.

"Everything that happened today, you asked for it!"

Her hatred for Long Chen had already reached an extremely cold and indifferent level. She opened her arms, and under the crushing pressure of the The Will of the War God, Long Chen was pushed back a few steps.

"Do you think that by a fluke you can get on top of me? Let me tell you, I am a mountain you will never be able to cross! Even if my father regards you as his foster son, in my eyes, your status is as lowly as dog shit! "

Su Yuyao was hysterical. She punched out with her berserk power and forced Long Chen to retreat. With her power, she was indeed terrifying enough to crush Long Chen!

The three moves of the Great Martial Arts sent Long Chen flying, crashing into the barrier of light formed by the coiling dragon column, and then fell down!

Everyone was shocked once again, but this time it was for Su Yuyao.

"He's too strong, Long Chen has no way of resisting!"

Everyone couldn't help but sigh.

"After angering Miss Yao to such an extent, other than Third Young Master, no one else in the vicinity can save him. This time, Long Chen is definitely done for."

Su Yuyao was getting more and more berserk. The two divine abilities and the super strong defense armour could be said to be able to completely crush Long Chen. Every single punch and kick of hers was almost twice as powerful!

BOOM!

The Dragon Confining Platform shattered, trembling!

"I'll give you another choice. Kneel on the ground and kowtow to me. Say that you're despicable and incompetent!" I'll spare your pathetic life! " Su Yuyao said hysterically!

Long Chen finally managed to stabilize his body in the torrential storm. When everyone thought that he might beg for mercy for his survival, his expression did not change, and revealed a cold smile.

That cold smile stunned everyone.

'Could it be ... '

Yes, the strongest people in the Dragon Fighter are always the Divine Dragon Body.

Just when everyone was stunned by his cold smile, a shocking scene appeared. That man who looked like a trapped beast had finally transformed into a four hundred meter long blood-colored dragon. He had sharp claws, sharp dragon thorns, and hundreds of millions of dragon scales that gave off an aura of slaughter.

Everyone knew that this wasn't an ordinary rumbling sound, but a super dragon!

There were far more than trillions of divine dragons. To this day, not many people knew of them. Most of the divine dragons couldn't even call out their names, so it was normal for them to not recognize an Archaic Blood Spirit Dragon!

"Phew ..."

When the Divine Dragon appeared, everyone was shocked. The Dragon Fighter was the only powerful warrior that was comparable to the god blood descendant, and the strongest was when they had transformed into the Divine Dragon.

Su Yuyao, however, disapproved. She mocked, "It's just a snake with claws. In front of my descendants of the gods, it can't escape its fate of death!"

"Long Chen! You have challenged my limits time and time again, and today I have already endured to the limit. No matter how my father punishes me, I will not rest until I am dead! "

She attacked again.

The divine dragon who was trapped in the Dragon Confining Platform lowered its body, staring coldly at her as she approached.

Just as Su Yuyao was about to attack, blood-red flames started burning Long Chen's body. These terrifying flames had just started burning, yet they had already spread throughout the entire Dragon Confinement Arena. Because Su Yuyao could trap Long Chen like this, she didn't expect that she would be trapped!

At the same time that Long Chen's attack power surpassed the boiling point of the divine blood and increased, and at the same time combusting his opponent's Nirvana Qi, the Divine Flame was all-pervasive, something Su Yuyao couldn't defend against at all.

A good fight was instantly filled with flames.

Everyone stood up and looked at this scene in shock.

Immediately after, there came a truly soul-stirring scream from Su Yuyao.

"Stop!" Everyone cried out in alarm. It was clear that Su Yuyao had been defeated. The Divine Flame was just too terrifying.

But it was too late.

A sword shadow flashed in the Dragon Trapping Platform, followed by a miserable shattering sound. It was as if a gigantic bird beast was collapsing in the middle of it, letting out a high-pitched bird cry.

This was the sound of the Great Sun Purple Phoenix Heavenly Armor shattering.

Long Chen had already transformed into his human form. Under the encirclement of the flames of the God Refining Flame, with more than three thousand Divine Slaying Swords, he finally shattered the Great Solar Purple Phoenix Heavenly Armor.

If she continued to burn, Su Yuyao, who was surrounded by the Spiritual Refinement Fire, would be finished.

He stopped his flames and Su Yu Yao fell to the ground with a thud. Her strength had more or less reached the early stage of the Eight stages of Nirvana Tribulation and her injuries were worse than Su Yu Chen's.

Long Chen was still as calm as ever.

Chapter 1778 - Devil Fire Suan Ni

In fact, after Su Yuyao's divine blood began to boil, basically no one could have imagined that such a great reversal would occur!

When Long Chen used his Divine Flame Refinement, Su Yuyao had already lost her ability to resist. In fact, her precious Great Sun Purple Phoenix Heavenly Armor had already been destroyed, becoming food for Long Chen's God Slaying Sword.

In the Dragon Confining Platform, a young man stood with his sword horizontally, from the beginning to the end, he did not say anything.

As for the threatening, furious and mocking Su Yuyao, she was now lying on the ground. The Divine Flame wouldn't damage her outer appearance, but it was able to take away her life and Nirvana's power. Under Long Chen's slashing of the God Slaying Sword, the current Su Yuyao had already lost the ability to fight.

Her expression was miserable, as she looked at Long Chen like a fool, and her mind went blank.

The ten fingers pressing on the white jade sculpture were trembling uncontrollably, showing her current state of panic.

The Su Family members could prevent Long Chen from going crazy, there were already many experts approaching, and at the same time, the person controlling the coiling dragon column had also opened up the light film.

Of course, Long Chen had not thought of taking this woman's life here, as that would definitely bring him endless trouble. It was not the time yet, and the lesson today was more or less done. He lowered his head and pointed the God Slaying Sword at his opponent's forehead. He said indifferently, "From today onwards, are you convinced of me?"

"AHH!"

Su Yuyao frantically stood up, her eyes still filled with hatred.

Long Chen knew that there were some people that were not afraid of being beaten up no matter what.

At this time, a comfortable sound echoed out. It was smooth and warm, yet rich and full of energy. Just from hearing the sound, one could tell that the person who came was an expert.

He said: "That's enough for today. Long Chen, come over to my side for a while."

"That's Young City Lord Su Sheng's voice!"

Everyone whispered.

Of course, they knew that Su Sheng and the rest were here.

"Su Sheng?" So it was the legendary Eldest Young Master, the former young master of the Su family. Now that he announced the end, it must be the end of the day.

However, this Su Yuyao, under her extreme resentment, wouldn't know what kind of trouble she would attract!

What Long Chen did not expect was that the people with seventeen percent of the fortune would be discussing with each other at that moment.

"I didn't expect that Miss Yao would lose so miserably."

"Looking at Miss Yao's face, she should be willing to pay any price to kill Long Chen. If that's the case, she would probably use the thing we gave her right away."

"Use it. A debt of blood requires a taste of blood."

The seventeen branch family members began to giggle.

Today's battle could be said to be ever-changing.

However, when he left, he sensed that something was wrong. Just now, when Su Yu Yao took out a black bracelet and placed it on his hand, it was also a Dao Artifact. On this device, Long Chen could feel a similar aura to the Boundless Star Dragon Diagram.

It must have similar attributes, but it was a very powerful Dao Artifact!

Long Chen, who had originally thought that he had achieved complete victory, was caught in the midst of the danger of death and became more vigilant. When he was a hundred meters away from Su Yuyao, he instantly turned around and stared coldly at this crazy woman.

It was truly a never-ending entanglement!

The other party suddenly revealed a sinister smile, and her charming face contorted as a result. She gritted her teeth and said, "Are you afraid? But, it's already too late."

Long Chen could already feel the aura of the gigantic beast.

Roar!

It seemed that the other party was controlling a rarely seen powerful Huang Beast. All Huang Beasts were extremely savage and possessed no intelligence. If the other party were to control a powerful Huang Beast at this time, then it would be terrible.

But the foreboding often comes true.

At this moment, Su Yuyao opened her bracelet, and the wild aura of a savage beast emanated from it. The people present were all shaken, as they all retreated.

A ball of black flames came out of the bracelet, and rapidly expanded until it became a gigantic beast in the shape of a lion in front of Long Chen's eyes. However, this lion's body was entirely black, its body was burning with extremely hot black flames, its claws and teeth were sharp, its body was covered in flames, it was like a killing beast from hell, standing proudly on the Dragon Confinement Arena, the astonishing aura, the power of the King of Beasts had descended, under its brutality, a thick stench of blood erupted!

Roar!

The beast shook its long mane and let out a terrifying roar.

"This is the devil fire Suan Ni!"

Most people were shocked once again.

"The devil fire Suan Ni, wasn't it the wild beast tamed by the seventeenth branch family? It was originally a life-saving divine item that was owned by the branch family's master, so how did it end up in Miss Yao's hands?"

"That's right, a divine being like the devil fire Suan Ni, naturally born with Nine Layered Nirvana Tribulations, it's extremely difficult to tame. This devil fire Suan Ni is a little more docile because it was caught young!"

Just as he said this, the devil fire Suan Ni issued a provocative roar towards the crowd. This roar was extremely shocking, and most people forcefully swallowed the words in their mouths.

Long Chen was also shocked by this divine object.

Just at this moment, Su Yuyao jumped down from the Dragon Confinement Platform and signaled the controller to raise the light barrier again. As if they had discussed it beforehand, they closed the light barrier again before Long Chen left, trapping Long Chen and the Devil Flame Suan Ni inside!

Everyone inhaled a breath of cold air. Was Su Yuyao trying to have the Devil Fire Suan Ni tear Long Chen apart alive?

Su Yu Yao had just descended when the huge beast, the Devil Fire Suan Ni, let out a heaven-shaking, earth-shattering roar. Its thick claws touched the ground and easily broke the surface of the Dragon Confining Platform, and its bronze-like eyes stared straight at Long Chen as it opened its mouth, and droplets of black saliva dripped down, turning into flames that burned on the Dragon Confining Platform.

Facing such a huge beast, and looking at Su Yuyao, she only laughed and said four words.

"You're dead meat."

Waves of challenges came one after another.

This devil fire Suan Ni was even stronger than Su Yu Yao previously. If she had decided to attack together with this devil fire Suan Ni at the beginning, Long Chen might not have been able to escape this calamity.

When Su Yuyao said those four words, the Devil Fire Suan Ni flew into a rage and charged over. Black high-temperature flames engulfed the area and for a moment, even the people outside felt that it was extremely fiery!

"This time, I'm probably really going to be screwed."

"The seventeen branch family actually gave the Devil Flame Suan Ni to Miss Yao!"

They suddenly felt pity for Long Chen.

For this battle, Su Yuyao had been prepared to the limit.

However, what made everyone curious, was that although Long Chen could not compare to such a ferocious beast, he did not have any intention of retreating. This was the best opportunity to use Mo Xiaolang, since they could tame the Huang Beast, why could he not!

Just as the Demon Fire Suan Ni was charging forward, a black demon wolf that was also enveloped in flames rushed out from the God Kingdom of Long Chen. In terms of might and bloodline, the Sun Devouring Demonic Wolf was much weaker than the Demon Fire Suan Ni, but the black cold flames on the Sun Devouring Demonic Wolf's body was even stronger.

"Big brother, don't worry. No matter how strong a demon beast is, I will firmly restrain it!"

Mo Xiaolang secretly said.

Long Chen was relieved, and said: "Alright then, you will be the main force, I will support you, and remember that you are a dire beast."

If he was too intelligent, others would not believe him and speculate that he belonged to a demi-human.

"He actually tamed a dire beast!"

"I seem to have heard that this demon wolf had once defeated a seventh stage late stage Nirvana Tribulation martial artist. But the power is obviously stronger! "

Just as everyone was discussing in amazement, the two terrifying behemoths began their brutal slaughter. They both had black flames, but one of them was bone-chilling cold while the other was extremely hot.

Long Chen had currently avoided the sharp light of the devil fire Suan Ni, and with both swords in his hands, he slipped into the flow of time and completely disappeared without a trace in front of everyone. Only a few people could see it.

"What power is this, time? Eternal? Everlasting Dragon City? " Su Sheng stood up with his fat body, his eyes unsettled.

"It seems like Ol 'Three picked up a treasure." Su Ming continued to sneer.

The power of time was the most precious of energies, and even in the Everlasting Dragon City, there were not many people who could control the true way of time. In their eyes, either Long Chen had inherited a blood essence and had two different attributes, or he had comprehended the path of time.

In the moment before Eternal Incantation, they had already begun to suspect that this was the true Eternal Incantation.

The Time Traversing Dragon made the Magic Fire Suan Ni completely unable to see itself. In the battle between it and the Sun Devouring Demonic Wolf, Long Chen also used a lot of strength, that terrifying Magic Fire Suan Ni was even more powerful than Su Yuyao.

The flames on his body were currently being engulfed by the Sun Devouring Demonic Wolf!

In order to show its ferocity, Mo Xiaolang had no choice but to fight head on with it. The other party's teeth and claws left quite a few wounds on his body, causing the Sun Devouring Demonic Wolf to be completely defeated in the beginning. However, under the dual attack of Long Chen's powers and the Sun Devouring Demonic Wolf's abilities, the Devil Flame Suan Ni was basically injured!

If it was another type of dire beast, the two of them definitely wouldn't be able to defeat it.

After all, this was already the terrifying realm of the Nine Layered Nirvana Tribulations.

Rip!

Long Chen's Godslayer Sword appeared out of nowhere and blinded the Suan Ni's eyes.

He quickly dodged the incoming flames.

The Sun Devouring Demonic Wolf took advantage of this opportunity and charged forward, madly biting and even directly throwing the Moon of Engulfment into the opponent's mouth, blowing off half of the head of the devil fire Suan Ni!

This battle lasted for nearly an hour before it came to an end.

The vitality of the Devil Fire Suan Ni was too strong, no matter how much the two of them restrained themselves, they were unable to kill it in a short period of time. It was only when Long Chen used his sword to almost kill the opponent's primordial spirit did the Sun Devouring Demonic Wolf finally devour its flame spirit.

Su Yu Yao took a few steps back and sat down on the ground.

Seventeen family members were all twitching as they looked at the corpse of the devil fire Suan Ni.

Chapter 1779 - Rain of the Gods

Another complete victory!

After all, the other party was a fire attributed Huang Beast, and it just so happened that they were controlled by the Sun Devouring Demonic Wolf.

But no matter what, they still won very thoroughly.

Mo Xiaolang's identity had also been resolved, but it was still not suitable for him to show himself for a long time. Long Chen quickly let him enter the Divine Kingdom, then looked around and finally found Su Yuyao's figure.

This time, she was completely defeated. She was on the ground, her face completely ashen. Her entire body was trembling.

"Open this thing." The first thing Long Chen said was towards the person controlling the coiling dragon column.

At this moment, everyone was in complete silence, and the majority of the people were staring at the devil fire Suan Ni's corpse with incomparably shocked expressions, their faces stiff. Long Chen's performance today could be said to have shocked this War God's Ancient City. Not only did he completely defeat Su Yuyao, he had even killed the Devil Flame Suan Ni.

This incident was a huge slap to the faces of seventeen families.

But at this time, they didn't dare to come out and embarrass themselves.

With a leap, Long Chen arrived in front of Su Yuyao. Looking at this woman who looked pitiful right now, Long Chen knew that he couldn't have any sympathy for her.

And at this time, everyone realized that he might attack viciously. After all, he was still a genius girl from the Zongjia, he couldn't let Long Chen do as he pleased, so the majority of the strong warriors had already begun supervising them. Those tribulation of reincarnation experts could easily take care of Long Chen, so they were not in a hurry.

However, no matter who it was, this youth held a trace of reverence in his heart.

Jin Lin was not an object within the pond. He was someone who could change into a dragon upon encountering a storm.

Standing in front of Su Yuyao and looking down at her from above, Long Chen had used the God-Slaying Sword to raise her chin. In front of countless of elders, he, an outsider, actually dared to act like this?

Long Chen said word by word as he stared at his opponent's trembling eyes with cold and detached eyes: "I don't care what happens today, the battle I promised you, is just to give us a chance to end this. Otherwise, I won't care about you. In my eyes, you're a thief now! It was a slut! "I know you're used to being aloof, but I'm more used to beating people like you down from above. If you're still unconvinced, then I very much welcome you to continue to cause trouble for me, but this will only make you despair, and there's also a limit to my patience. I just hope that one day in the future, you won't force me to even disregard my own life, and I will kill you as well!"

After saying that, he put down the God-Slaying Sword.

Su Yuyao lowered her head, tears streaming down her face. However, her eyes were still lifeless.

Under the gazes of countless people, Long Chen straightened his back, and stood not far in front of him, waving at him. As for Su Yuyao, she basically turned a blind eye to it.

Long Chen knew that many people were looking at him. He was not scared, but he was also angry, and he was very careful, but he was also smart, and knew that after this battle, his position within the Su Family had undergone a subtle change.

Many people had mixed feelings about this.

They were naturally very unhappy with Long Chen's current arrogant appearance. It was just that the other party did indeed have the qualifications to be arrogant, and it seemed that Su Zhen was even protecting him. In the blink of an eye, Long Chen had become the number one figure in the Su Family.

Su Yuji smiled sweetly, completely ignoring the environment around them, and said: "My uncle previously said that he wanted to call for you, let's go?"

"Uncle?" "Not going!"

Long Chen rejected him publicly.

He knew that he only needed to listen to Su Zhen's words. As for the others, so what if they were Su Sheng? Long Chen was able to grasp onto this kind of subtle relationship, so he was even more certain that if Su Zhen thought that he had something on him that wanted, then if Su Sheng wanted to deal with him, would definitely go against his wishes.

The Su Family was their enemy, there was no need for Long Chen to be respectful to them.

Many people heard this.

Anger appeared in the eyes of many people, but when Su Sheng did not make a move, it was not good for them to say anything for now. At this time, Long Chen had already passed the crowd and was about to return to his Purple Dragon Xuan.

Upon seeing him leave, many people gritted their teeth.

At this time, an extremely wealthy middle-aged man, whose entire body was flashing with golden light and covered in jewelry, landed on the Dragon Confining Platform. His body was covered in a terrifying glow, and although he was fat, Long Chen felt that he was in danger.

It was Su Sheng.

He did not come down because of Long Chen, so Long Chen was not afraid of him either.

At this time, Su Sheng cleared his throat and said: "It's been a long time since we've gathered, let me tell you a piece of news that is rather important. It is related to the majority of the young disciples, everyone please listen carefully."

Long Chen stopped in his tracks. He could tell that the so-called majority of the young disciples were actually meant for him to listen. He wanted Long Chen to stay, since Long Chen was already thousands of meters away from him.

Su Sheng then said, "There are some of the most mysterious places in the Dragon God Domain, and the God's Battlefield is one of them. Rumor has it that this was the place where the gods fought a life and death battle, but this is only a rumor, and there is no way to verify it. The so-called battlefield is more like a mausoleum. "

Everyone understood these words, Long Chen reckoned that they were probably meant for him.

Su Sheng paused for a moment, then continued, "The God's Battlefield is a quiet place, and it will only open once every thousand years. In a month or so, it will be the day the God's Battlefield will begin and the youngest generation of disciples in our Su Family will have yet to offer worship to our ancestors, so in a month or so, some of the most outstanding young disciples will be led by their elders to the God's Battlefield, and pay respects to our Martial God's Ancestor! I already have the list in my hands. "

As these words were spoken, everyone revealed fanatical expressions. They were extremely excited. It was obvious that they yearned for the true spirit of the Martial God. The crowd immediately became restless, even drowning out the disturbance caused by Long Chen. It was clear that the disciples were looking forward to this operation.

It was just that most people yearned for it, and only a few people had soul-stirring expectations. After all, there was a limit to the number of times they could worship their ancestors and Heroic Spirits.

Seeing that he had succeeded in jumping everyone's emotions, Su Sheng looked in Long Chen's direction, and said while laughing: "I am a descendant of the Martial God, paying respects to the ancestor, the sublimation of the soul, the ancestor is a True God, the hegemony of the Primordial Era, intimidating the Heavens, the worshipers must be pious towards the ancestor, praise the ancestor, and all the young disciples who attend the worship can receive the divine rain from the Martial God True Spirit, which can consolidate the foundation, stabilize the bloodline, increase the potential, strengthen the body, and so on. There is a possibility of obtaining even more great benefits. As long as you are a worshiper, anyone can have it. "

He emphasized once again: "I think all of you understand that the so-called archaic instrument is a Dao Artifact with more than a hundred dao patterns. It has a history of tens of millions of years, and the majority of them are supreme Dao Artifacts that have been passed down throughout the entire Archeozoic era to this day. No matter who it is, once they get their hands on the archaic instrument, they will rise to the sky in a single leap! "

These words caused everyone's blood to boil and their eyes to become even more fervent and eager.

However, there were also some people who found it strange that he would go into such detail about these things that everyone knew.

However, Long Chen knew that this Su Sheng must have his eyes on him, so Long Chen was able to guess his intentions.

Sure enough, at this time, Su Sheng made a few more statements and began to announce the names of the people he had long prepared. He said with a glowing face, "After our negotiation, the President in charge of the team has decided to appoint my fifth sister, who is also the Fifth Young City Lord, Su Zilan! With her here, the other lords would be able to rest assured of their disciples' safety. In addition, there were five other vice commanders who would pick out the youngest tribulation of reincarnation experts out of the eighteen branch families. The list of the five is as follows. "

Soon after, he announced five names.

They were all relatively young, but their cultivations were already the geniuses of the ancient city's branch family.

Then came the main show.

Seeing that the young disciples were all looking forward to it, Su Sheng smiled and began to announce: "This time, the sacrifices you made are the disciples of the twenty branch families who had the qualifications to pay respects to the ancestors and who were bathing in the divine rain, as well as the Zongjia disciples with cultivations above Fifth Stage of Nirvana Tribulation. It's just that a few days ago, my third brother had once adopted a son. I hereby announce that Long Chen will also be taking on the identity as a disciple of Zongjia to participate in this ceremony. "

He didn't even give Long Chen a chance to refute him.

Once these words were spoken, the crowd once again burst into an uproar. Their faces were filled with astonishment as they looked at each other. To be honest, even though Long Chen was strong, they rejected him completely. This outsider did not even have the blood of the Su Family, so how could he receive the treatment that most of the branch family disciples did not have in order to defeat the Martial God Ancestor?

Instantly, countless people started to clamor.

Su Sheng seemed to have already expected this situation. He extended his hand to press down, and everyone's mouth seemed to have been pressed down, not a single word could be said.

At this moment, Su Ming's voice rang out, "Long Chen's potential is great, and he is also the future hope of my Su Family. This decision and my big brother have decided together.

When the ghastly and miserable voice came out, the crowd was even more terrified and did not dare to say anything. After all, within the Su Family, no one did not know of Su Ming's evil reputation, and no one did not know of him.

Chapter 1780 - Primordial Devil Dragon

Regarding this result, Long Chen had long anticipated it would happen.

"These two fellows might have guessed Su Zhen's thoughts and plans. Su Zhen definitely wanted to keep me by his side, but he sent me away. Presumably, they were also probing him. If I leave and they restrict Su Zhen to War God's Ancient City, I won't believe that I will still be unable to escape his control. "

Long Chen became acutely aware that this might be his only chance to escape.

Therefore, this was most likely a good thing for him. Although Long Chen knew that archaic instruments were definitely very precious and had to aim for Ling Xi's eight heavenly swords, they were still not his main goal when compared to his life and freedom.

Therefore, he didn't reject Su Sheng's decision.

Hearing this news, Su Yuji's face darkened, some anger had already appeared on her face. She clearly knew that the reason Su Sheng and the others had made such a decision was because of Su Zhen.

"Don't worry, once this news reaches my father, he will deal with it. He won't let you go to the battlefield for no reason." Su Yuji said indifferently as her brows slightly twitched.

At this time, the others didn't dare to object to Long Chen heading to the battlefield of the Gods either. They could only look at him with hatred and fury from time to time.

They also had the qualifications to worship their ancestors. In fact, most of the people could guess the names of the names of the names that were previously announced, but only the last twenty young warriors of the branch families had the qualifications to confirm that. After this name list was announced, the young people who got the chance to do so were all ecstatic!

They had been waiting for this moment for a long time.

Su Sheng said: "All those who are about to defeat the War God's Ancestor must obey the commands of the five young city lords and the various deputy commanders. Your performance will be recorded in the clan records. Rebellious people can be killed on the spot, hopefully it will be a very pleasant journey, because as long as you reach the Divine Desolation Ancient Earth, before entering deep into the battlefield of the Gods, you will be able to meet up with your other companions from the ancient city of Gods. At that time, basically all the young experts of 72 - The Ancient City of God's descendants will gather together, such as the Night God, the Goddess of Darkness, the God of Sky and Fire, the God of North Sea, and the God of Sky and so on. Everyone must perform well when participating in this worship ceremony, do not bully others, and lose the reputation of our War God's Ancient City, and lose face for our ancestors! "

Once every thousand years, the various god blood descendants would be proud of themselves and become the 72 - The Ancient City of God's descendants. It was difficult for the young people to not be

competitive with each other, and they would not get involved in small fights. Basically, every time the God Battlefield opened, there would be a lot of battles between the young people.

This was also a big commotion during this trip.

There were even many people who left just to see the other young experts of the ancient city.

And for Long Chen, it was as if he had heard a very important name!

"Goddess of Darkness? Is there a god?" He pretended to be calm and inquired Su Yuji.

Su Yuji said, "Of course there are, the inheritance city of the Dark Goddess is called Dark City, it is located in the northernmost region of the Dragon God Domain, and we are now at the most southern region of the Dragon God Domain. However, when the God's Battlefield is opened, all the representatives of the ancient cities of the god blood descendant must be dispatched to pay their respects, our War God's Ancient City is not considered strong, the new generation of experts in the 72 - The Ancient City of God's descendants are all gathered there, and if that happens, the geniuses will be like dogs, who knows how many experts there are. Hundreds!"

There were indeed countless young experts in the 72 - The Ancient City of God's descendants. In Su Yuji's generation, there were at least twenty people that were stronger than Long Chen, not to mention there were a total of seventy-two Divine descendants ancient cities. Other than the Five Dragon Cities, it was likely that all the other young experts in the world would gather at that time.

"Dark City!"

After they killed the City Lord, Li Xuanji left. She would definitely come to the Immortal God Realm. If she came, perhaps she would go to the Dark City?

Long Chen could not help but laugh bitterly, he might have been thinking too much, when Li Xuanji was still young and weak, and he was just messing around with the War God's Ancient City, how could she possibly appear in their group?

It was just that the girl who looked cold on the outside but was passionate on the inside still made Long Chen miss her.

At this time, Su Sheng had already given them all the orders, and after taking a final look at Long Chen, he disappeared. Everyone started to disperse, while Long Chen and Su Yuji headed back.

My big brother will probably be leaving in half a month, and he must have received an order to hurry back. You've taught Yao'er a terrible lesson today, but don't worry, my big brother's personality is cold, he doesn't care about anything and doesn't say a word to me or my sister even after a day has passed. He's only trying to seek justice, he defeated Yao'er openly, so he won't hold back his anger on you.

"Is that so?" Long Chen laughed helplessly. Luckily it was like that, otherwise wouldn't he have provoked another super strong Ranker with the same fighting strength as his tribulation of reincarnation?

"Oh right, your big brother Su Muchen, his inherited blood essence is from him?"

I heard that this is a super divine dragon, on the same level as the three thousand star soul dragons.

Her eyes flickered, as if she was recalling some terrifying thing. After a long while, she finally shook her head, snapped out of her fear, and said with a dry mouth: "It seems to be the Primordial Devil Dragon. a very evil and cruel dragon. "

Demonic Dragon lineage!

Basically, his personality was quite cruel and similar to a magic spell. Amongst the Demon Dragons, the Purple Blood Demon Dragon was also a high level divine dragon, but it could be considered a righteous divine dragon, and this Primordial Demon Dragon, just by hearing its name, could be considered a fiendish demon. Of course, Long Chen's Primordial Blood Spirit Dragon was even more fiendish.

"Oh!"

From Su Yuji's description, Long Chen had some expectations for War God's Ancient City's only super divine dragon.

After returning to the Purple Dragon Xuan, Su Yuji left to what had happened today to her father.

In the middle of Purple Dragon Xuan, everyone was discussing.

"I also think that we can make good use of this opportunity. Su Sheng definitely knows about the Wu Mo Cave, their plan should be to probe Su Zhen's movements. After we leave, if Su Zhen follows us, it means that he definitely has something in his heart, but if he doesn't follow us, our chances of escape seems to be rather high. " Mo Xiaolang said as he nodded his head.

Ling Xi said, "It's just that Su Zilan seems to have a better relationship with Su Zhen, would she help him to look after us?"

Long Chen said, "Su Zilan is not as terrifying as Su Zhen. In a few days, I will need to inquire about some information. Presumably, Su Zhen already received the information at this time, so what will he do?"

Long Chen's guess was right.

In the War God's Ancient City, in the blade-like forest, killing intent filled the air. The five of them were sitting in an ancient tree seat, and the five of them were the five young city lords of War God's Ancient City.

Amongst them, Su Zilan was seated upright, valiant and valiant, with a pair of fierce eyes.

Su Chan was like an old monk, he sat cross legged, closed his eyes and meditated, pretending not to hear a thing.

As for Su Zhen, he was face to face with Su Sheng and Su Ming.

Without waiting for Su Zhen to speak, Su Sheng said, "Don't say anymore, we can guess it. You want to repeat Grandfather's old path, cultivate martial magic seed, demonize yourself, and prove yourself to be a divine being, right?"

Su Ming laughed coldly: "Oh 'Three, don't blame Big Brother for not reminding you, be careful or else you might end up like Grandfather."

Su Hao said: "Don't force your ideas on others. Be self-righteous and turn demons into gods. This is only a legend, not a reality."

"Oh?"

Su Sheng and Su Ming looked at each other, then laughed: "If it's just us thinking, then we should have no objections if we ask Long Chen to pay respects to our ancestors right?"

Su Zhen coldly replied, "No objections. To him, this is a great thing." Judging from today's battle, his potential is not inferior to Mu Chen's. "

Su Sheng and Su Ming did not expect Su Zhen to be so straightforward.

They knew that Long Chen wanted to escape. If Su Zhen truly wanted to use martial magic seeds, and had even planted that legendary thing on Long Chen, he wouldn't allow Long Chen to leave his side. But now, he agreed to it.

Did he really think too much?

Su Zhen stood up and said, "If there's nothing else, then let's disperse for today's meeting."

His performance caused Su Sheng to turn silent. After a while, he said: "As an elder brother, I should advise you not to go astray, it's just that you didn't have the intention to do so in the first place, so I have nothing to say.

Su Zhen laughed coldly and said, "The heart of a villain."

With that, he turned around and left. In a few moments, he had disappeared.

Everyone looked at each other in dismay.

Su Ming looked at Su Zilan and asked: "OI 'Five, did OI' Three ask for your help to keep an eye on that Long Chen?"

Su Zilan said indifferently: "Third brother has a plain character, unlike you guys who go all out to fight for power, although I don't want to answer you guys, I have to say, he never told me anything. Goodbye. "

In terms of status, the five of them were equals, but there was no need for Su Zilan to obey them, it was just that they were all brothers and should have some respect for each other.

After saying that, she turned around and left as well.

As for Su Chan, seeing that he had nothing to do, he quietly left.

Su Sheng asked doubtfully: "Could it be that I really guessed wrong?"

Su Ming was also puzzled. He said, "Just watch. There will be a day when facts surfaced. Whether Old Three is a threat or not, we'll know in the future. "
