

## War God 1791

### Chapter 1791 - Mutations

This time, the conflict was not resolved as easily as last time. After being beaten repeatedly, the people of the Guang Ming Shencheng could no longer hold back. When the first person took action, it immediately turned into a large-scale free-for-all!

It could be said that aside from the commanders, everyone else quickly began to participate.

As for the commanders, they were still watching indifferently.

Su Zilan could feel that no matter what the disciples of the Divine Light Shencheng were doing, they were basically done with by Sheng Lun. Facing the temptation of the Goddess of Light, he could no longer tolerate it.

Such a large-scale free-for-all was quite rare even in the history.

Of course, Long Chen was the first target of those people from the Shencheng.

"Is it finally getting chaotic?"

Long Chen had obtained the desired result. To rely on the Nian beast at this time, it seemed to be a little vague, and Long Chen did not know how many Nian beasts there were.

Therefore, he could only use this opportunity to make them work and cause great chaos.

He was very clear on the character of these god blood descendants. They cannot stand humiliation, and once someone provoked their pride, they would retaliate without thinking of the consequences!

Back then, Su Yuyao was the same.

Thus, he successfully stirred up this chaotic battle.

Very quickly, even the young disciples of tribulation of reincarnation joined in the battle. Like gigantic battle machines, wherever they went, blood and flesh would be splattered all over the place.

Crash! \*

The intensity of the chaotic battle quickly surpassed the imagination of the commanders.

It would not be easy for them to find a single person.

This was exactly the result Long Chen wanted.

Of course, if the various commanders could also join in the battle, it would be even better. It would be an opportunity for him to escape the control of the War God's Ancient City.

At least seven or eight experts of the Nine Layered Nirvana Tribulations Realm or above were rushing towards Long Chen.

Long Chen set off a large amount of sand and dust, causing his vision to become chaotic. In this chaos, he successfully used the Time Traversing Dragon and escaped into the river of time.

He didn't believe that Su Zilan could still find him in such a chaotic situation!

The people who had been chasing him also quickly disappeared.

In the midst of the chaos, Long Chen quickly rushed towards the direction far away from Su Zilan and the others. At this time, Su Zilan and the others were anxiously trying to stop the battle, but in such a short period of time, they actually succeeded.

This was originally a gamble to him, so there was no real guarantee of victory in his hands. After all, he was still so young, and the great god's ancient cities were super powers that had ruled over the Dragon God Domain for tens of millions of years.

RUU...!

The battle began to rumble loudly.

"As long as I leave the area of the free-for-all, I will flee in secret!"

Long Chen had already made his plans.

In the Divine Kingdom, everyone was also very nervous.

Just as the battle reached its most intense point and true casualties started to appear, an unexpected event that Long Chen was unable to estimate happened once again.

A huge shadow appeared out of thin air, enveloping everyone present.

Those who were in the middle of a chaotic battle had their eyes turn red from the slaughter. Who would care about this shadow?

Only the commanders, whose heads were in a mess, noticed.

As Long Chen was fleeing, he also felt an incomparably intense spatial fluctuation. That spatial fluctuation appeared in front of him, and an enormous figure swept over, drowning Long Chen's field of vision. When he opened his eyes, he saw that a monstrous object had penetrated through space, and suddenly appeared in front of him!

A human body, twelve heads, and a blank look in his eyes.

"Nian beast!"

The people who discovered the Nian beast were all in an uproar.

Even Su Zilan and the others were shocked, because this New Year Beast was too big, it was more than a thousand meters tall, rushing into the blood yellow clouds, making them unable to see it clearly.

The mysterious power of a Year Beast was based on its physique. In other words, it was an extremely strong Year Beast!

The four presidents turned pale with fright as they hurriedly dealt with the Nian beast.

To them, a free-for-all was just a small problem, but the Nian beasts were the real problem!

They all had an enormous worry in their hearts.

At this moment, the worries came true.

After the Mi Tian Nian beast appeared, the twelve pairs of eyes of the hollow Martial God began to rotate, the twelve heads all revealed a strange but pale smile, in the next moment, all of the space shrouded in his shadow began to violently tremble!

Long Chen who was running away suddenly realized that he was also under the effect of the Revolving Star Passage Technique, and his body was faintly moving.

Not only him, even an expert like Sheng Lun would not be spared at this moment.

That year, the beasts were obviously intelligent, he had already completed the Revolving Star Passage Technique before these super experts could kill him.

Only now did all the people who were still in the midst of the chaotic battle finally wake up. They were shocked to discover that they had been controlled.

"Everyone, gather!"

The commanders were shouting in panic.

However, because of the chaotic battle, their squad was in a state of chaos. If they moved forward quietly, they might be able to avoid this crisis.

The thing that Su Zilan and the rest didn't want to happen the most had happened.

Under the Year Beast Stellar Transposition, everyone's body disappeared at this time. The most terrifying thing was that the year beast's Stellar Transposition would not turn everyone towards a single place, but rather, it would spread everyone throughout the entire Divine Desolation Ancient Earth!

The role of a commander was to protect the young disciples from being harmed in the Divine Desolation Ancient Earth. When the beasts appeared and everyone dispersed, it could be said that in this Divine Desolation Ancient Earth that was filled with dangers, the vast majority of people were unable to reach the Spirit Sea alone, much less pass through the Spirit Sea and reach the battlefield of the Gods. It was difficult to even leave the Divine Desolation Ancient Earth!

Su Zilan watched all of the War God's Ancient City's disciples disappear before her eyes.

The power of the Revolving Star Passage Technique was used on her body, causing her body to move.

"Break!" She used the Power of Reincarnation to break the shackles, but fell back into the shackles.

All of the disciples had already disappeared, and even the vice commander had disappeared.

All that was left was the four struggling leaders of the presidential team. At this moment, no matter who it was, all of their faces were filled with panic.

If some accident were to happen to this batch of young disciples, it would cause an ancient city's inheritance to fall apart. That would be an unpredictable blow, enough to destroy an ancient city that had existed for tens of millions of years!

"Oh my god!" "Oh my god!"

Sheng Lun knelt on the ground in a daze.

The gigantic Nian beast in front of him laughed strangely.

The four commanders' eyes were blood-red. They rushed towards the wolf, only to see its body vanish into thin air.

"Save!" "Save him!"

If they could not kill the Nian beast, they could only suppress the anger in their hearts and take out tens of star talismans. At this time, they couldn't care about any hatred, couldn't care about any Radiant Goddess, and even couldn't care less about Long Chen. Their only goal was to find those transferred disciples and bring them back.

The arrival of the New Year Beast could be said to be a great help to Long Chen.

If not for the Nian beast, he might not have been able to escape. However, he was curious. If the Divine Desolation Ancient Earth was filled with this kind of super gigantic Nian beast, why didn't the various great god race people investigate this ancient city thoroughly? Why haven't they been on guard for thousands of years?

Letting these young disciples spread out in this Divine Desolation Ancient Earth where danger lurks from every corner, wasn't that courting death?

Under the astonishing spatial energy of the Revolving Star Passage Technique, Long Chen appeared in another world in an instant!

When he thought about the disciple of the Guang Ming Shencheng who was killed by the blood soul ant, the moment Long Chen arrived at this new world, he became especially careful. He directly fled into the river of time, and then looked around at his surroundings.

He found himself in a ravine that was hard to come by, surrounded by emerald green trees, looking very peaceful. Be it the poisonous bugs, dire beasts, or corpses, there were very few here, and even the stench of blood in the air had dimmed.

This was obviously still the Divine Desolation Ancient Earth.

However, it had finally escaped the control of the Su Clan.

This place was considered to be a holy land rarely seen within the Divine Desolation Ancient Earth. He said, "Su Zilan is busy looking for the disciples of the Su Family, she has a few children among them. It will not be easy to find so many people in Divine Desolation Ancient Earth. If I do that, I will have sufficient time to leave Divine Desolation Ancient Earth. "

Everyone in the Divine Kingdom let out a sigh of relief.

"It's really all thanks to that year's beast. Otherwise, I really don't know if I would have been able to escape or not." When Ling Xi thought about what happened before, it was extremely hair-raising.

Su Yan stuck out her small tongue, and said: "Isn't everything alright now, as long as it's safe. I can finally relax and play around. "

However, Mo Xiaolang said: "That might not be the case, it's better to leave this Divine Desolation Ancient Earth first, and escape as far as possible."

Long Chen naturally did not dare to slack off in the slightest.

It was just that he did not know his current position. It would be difficult for him to leave the Divine Desolation Ancient Earth.

Suddenly, the astral rune trembled.

"Su Zilan was in a hurry to contact me."

Long Chen took out the star symbol and pierced it with his sword.

As he flung the star talisman into the air, Long Chen suddenly saw the Ancient Tortoise's golden horn. It contained a rich amount of Nirvana Qi and could even be used directly.

The situation outside was a mess. Nothing was known. After leaving the city, he would face many disasters.

"I'll absorb the power of the horn first." "This is a rare treasure. At the critical moment, I need to increase my chips."

This horn essence was not comparable to immortal spirits, but pure Nirvana Qi, which could be absorbed at an extremely fast speed. Long Chen had wasted less than an hour in this quiet place, and had already completed the transformation from the early stage of Fourth Stage of Nirvana Tribulation to the late stage.

His battle prowess rose to a whole new level.

He couldn't help but sigh. "The Immortal God Realm has so many treasures, no wonder Ao Zhan said that it's impossible for me to improve much if I stay in the Dragon Sacrifice Continent. Although there have been many calamities occurring recently, the rate at which one's strength has increased has been quite fast. "

#### Chapter 1792 - Tai Yi Shencheng

After he was done, he looked for a way to leave.

Long Chen raised his head to look at the sky, but the sky was instead filled with a chaotic, blood yellow barren aura, making it impossible for him to determine his position.

He carefully made his way through the forest. Although this place was safe, he had no choice but to leave. As he looked out at the boundless desert, he could feel the terrible aura coming from him once more.

Long Chen was just about to leave, when he realized that not far away, there was the aura of a new person. He faintly heard sobbing sounds, walked up and took a look, and discovered that hidden in the crevices of the rocks in the mountain stream was a young man. He was young, probably a disciple of a certain Shencheng, considered to be the youngest group of people to arrive, even younger than Long Chen, but his strength was already astonishing.

This was a young man with jade carvings. It was similar to the one from ten years ago, but his courage was much smaller. He was hugging his knees as he hid in the cracks in the rocks, trembling and crying.

His eyes and hair were pure black, and the energy in his body formed a perfect cycle. Although this youth was considered relatively weak and timid to the current Long Chen, the nature of his energy should be a little stronger than the Shencheng of light ...

"They should be from the 72 - The Ancient City of God's descendants, but why are they here alone? Could it be that he encountered Nian beasts as well?" Long Chen thought.

He appeared in front of the youth.

"Who is it!"

The teenager stood up in panic, his face was horrified, until he realized it was a person, and that person did not have any evil intent in his eyes, he then stammered: "You, you, you're also someone from the 72 - The Ancient City of God's descendants?"

The reason he revealed his figure was because Long Chen felt that it was very strange for him to appear here.

He nodded his head, then asked: "Which Shencheng are you from, why are you here?"

Seeing his calm tone, the other party no longer had any wariness towards him, and quickly replied: "I am from the Supreme One Shencheng, my name is Dong Huangliufeng. I am a Nian beast. It was a huge Nian beast that completely scattered our team. I have two comrades with me, but they were all eaten by Huang Beast. Only I escaped here! "

A True Supreme Shencheng?

It seemed to be one of the more powerful ancient god cities in the middle.

No wonder this person's power was so strange. That deity named Taiyi was an extremely powerful existence even in the ancient times.

The problem was, there were so many of them?

"I don't know if the Nian beasts they encountered were the same one as the ones I encountered before. Maybe it's like this, the Nian beasts are purposely dispersing the ancient god's descendants and then killing them?"

Although he had nothing to do with the ancient city anymore, Long Chen still had to worry about it if this conspiracy appeared in the Divine Desolation Ancient Earth. After all, it had something to do with him leaving this place.

"Brother, can you bring me along?"

Dong Huangliufeng said pitifully, his eyes that were as bright as the stars looked at Long Chen with anticipation.

Bringing him along would definitely be troublesome.

However, if they let this little guy stay here and not get taken away, it was most likely the fate of death.

"Where is your Star Talisman?" Long Chen asked.

He knew that the other party must have had an elder to contact him.

Dong Huangliufeng stammered, "Just as I was in contact with Fourth Uncle, the Huang Beast came. Who knows where the Star Talisman went."

Long Chen said: "Right now, I'm leaving the Divine Desolation Ancient Earth, not heading to the Spirit Sea. If you want to follow, follow me."

"Leave here? "Alright, I don't want to stay here. It's too scary." Dong Huangliufeng said with a lingering fear in his heart.

His eyes were filled with grief. Perhaps he had personally witnessed the death of his two companions, which had dealt a great blow to him.

This fellow just needed to let him stay in the Great Void Realm alone, and it would be fine if he was lucky enough to leave. But if he were to fall into the hands of the War God's Ancient City again, others would not make things difficult for the people from the Supreme One Shencheng, and they might even be able to obtain the protection of the Supreme One Shencheng.

Long Chen made an agreement with him and after a few words, the other side nodded and agreed. Thus, he let the little fellow stay in the Great Void Realm with him as he prepared to travel.

"Do you know which direction we should be heading towards, and whether we should leave the Divine Desolation Ancient Earth?" Long Chen casually asked.

"I know. Before we had arrived, Fourth Uncle had told us in detail how we should identify the direction, and that direction was in the direction of the Spirit Sea," the timid Dong Huangliufeng said.

Long Chen was pleasantly surprised, he didn't expect that a little fellow he casually picked up could actually be of use.

Following that direction, he started to rush forth alone in the Divine Desolation Ancient Earth!

"In about a day's time, I'll be able to leave this place!"

There were a large number of dire beasts and poisonous bugs in the Divine Desolation Ancient Earth, and there were even many ancient beasts. In the following half a day, Long Chen coincidentally used the Time Traversing Dragon, basically not encountering many battles.

The Time Traversing Dragon also required a lot of energy, so he would only use it in times of crisis, and would only use it to maintain her combat strength if possible.

Soon, he entered a seemingly quiet desert.

In the middle of the desert, there seemed to be a giant monster underground.

After arriving here, Long Chen stopped in his tracks. He became vigilant, and faintly felt some movement from below his feet. A sense of deadly crisis assaulted him, and in that instant, he immediately used Time Traversing Dragon and started jumping towards the sky!

In the next moment, a dense, blood-colored fog filled the entire desert, covering everything in its sight in a scarlet sea. Lowering his head, he could see countless of blood-colored ants, one of the most terrifying monsters in Divine Desolation Ancient Earth, the Blood Soul Ants.

The number of blood soul ants was simply too big. The most terrifying thing was that their bodies were like steel and bones were tough to kill. Their teeth were especially sharp. A group of blood soul ants pounced on them and could instantly devour a person's flesh and blood.

If Long Chen did not have the Time Traversing Dragon, he would have been in trouble in a short time.

Therefore, the other young warriors had very low survival rates in the Divine Desolation Ancient Earth.

After the densely packed blood colored ant tide could not find Long Chen, it immediately changed its position and rushed towards the back of Long Chen. As if it had a new target, Long Chen stayed in the air and waited for a long time until the blood colored ant tide finally disappeared.

Long Chen heaved a sigh of relief.

"The Nian beasts, the blood soul ant tide. If this goes on, all of the new generations of 72 - The Ancient City of God's descendants will be annihilated. I just feel like there's something behind this."

Not only him, the others should also be able to easily guess it.

At this time, the most important thing was still his own business. Long Chen avoided the tide of blood soul ants and continued to leave the Divine Desolation Ancient Earth.

After walking for a short while, there were quite a few corpses on the ground. These people had not been dead for long, and there were quite a bit of luster on the surface of the sea around them. There were even some War God's Ancient City s, Light Shencheng s, Profound Ice Shencheng s and so on. This route should be filled with blood soul ants.

"Without the protection of the commanders, the new generation are just like lambs waiting to be slaughtered in this Divine Desolation Ancient Earth. The 72 - The Ancient City of God's descendants's god blood descendant's people might have been peaceful for too long, so they should relax their vigilance."

Long Chen muttered.

He didn't have to worry about this either. He continued moving forward.

"So many people died. What's going on? Father and the others didn't say that so many people would die if they paid their respects to their ancestors in the World of Gods."

In the middle of Great Void Realm, Dong Huangliufeng's face was lifeless.

Long Chen hurried on his journey in silence, he moved stealthily through the rugged mountains, dodging all the dire beasts he encountered. However, there was one thing he could not avoid, and that was the Elemental Spiritual Array!

Along the way, Long Chen had actually met quite a few lone god blood descendant disciples. He had seen a person get swallowed by a Elemental Spiritual Array with the wind attribute, instantly turned into powder, and not even let out a scream.

Furthermore, the chances of Elemental Spiritual Array appearing seemed to be getting higher and higher.

Reaching here, Long Chen felt that he was around the same distance from the Divine Desolation Ancient Earth, but right at that moment, the entire Divine Desolation Ancient Earth seemed to be in an uproar. A large number of Elemental Spiritual Array appeared and started rushing in all directions, causing a large number of casualties.

Long Chen had just rushed into a valley and was preparing to rush over from this seemingly safe place, but he didn't expect that Elemental Spiritual Array would rush over running towards him from both the front, back, and back. The destruction of the Elemental Spiritual Array was astonishing, and wherever it went, even the mountains of Divine Desolation Ancient Earth were quickly razed to the ground.

**BOOM!**

In the middle of the Elemental Spiritual Array, the storm flashed past like a blade.

Behind him was also a Elemental Spiritual Array that walked the path of devouring. After swallowing the surrounding sand and rocks, it directly disappeared.

There were also flame Elemental Spiritual Array, ice Elemental Spiritual Array, and so on.

In that moment of life and death, Long Chen made a prompt decision. He used the God Slaying Sword to blast open a tall mountain, and then rushed in. Right at that moment, the several Elemental Spiritual Array s exploded behind him, releasing terrifying vibrations.

In that instant, Long Chen felt as if the heavens were crumbling and the earth cracking. Countless rocks collided onto his body, and a terrifying power razed a large area of his surroundings to the ground.

In the midst of the fierce impact, Long Chen was pushed out and smashed into another part of the ravine. This part of the ravine was a lot deeper, and the surrounding rocks were also quite sturdy as well. Outside, there were a large number of Elemental Spiritual Array outside wreaking havoc, but the situation here was still alright, as though it had not been destroyed for a relatively long period of time.

"I might be able to get out after another four to four hours." Long Chen looked at the sky in that direction, his eyes blazing.

Right now, it was the time for the Elemental Spiritual Array to wreak havoc. He planned to endure for a short period of time to see if the number of Elemental Spiritual Array would decrease.

"Legend has it that Elemental Spiritual Array is the remnant strength of the gods in this world." Dong Huangliufeng muttered to himself.

"Oh," Long Chen nodded. He waited for a while and realized that the number of Elemental Spiritual Array s had not decreased.

Just as he was about to leave, he heard people chatting in the depths of the ravine.

The voices were very familiar, it was Su Yuji and Su Yuyao!

Long Chen never thought that he would meet them here.

After all, if they were here, it was very likely that Su Zilan and the others were here to help as soon as possible. If she had arrived at her current level, she would definitely fall back into her trap.

At this time, the two sisters were probably arguing with each other, and there wasn't anyone else present. Long Chen originally wanted to just leave, but from the conversation between the two of them, he heard something that he was very interested in.

With Su Yuyao and Su Yuji's abilities, it was simply impossible for them to discover him as long as they didn't delay him for too long.

Deep within the mountain stream, there was a relatively quiet world.

Long Chen leaned behind a smooth and big rock.

In his field of vision, the Su Family's sisters were standing together with disheveled faces. They must have just escaped to this place. While tidying up their makeup, they coldly glanced at each other and argued intensely.

Beneath their feet was a badly mutilated corpse. Upon closer inspection, it was actually Su Chan's eldest son, Su Tianzhou.

This Su Clan disciple who was holding a 9 star Heavenly Dawn Bow and had used a Star Piercing Arrow to shoot himself had died a miserable death, his face was almost unrecognizable, he did not seem to be defeated by a dire beast, but rather by a Elemental Spiritual Array.

Being accidentally hit by the Elemental Spiritual Array and not getting smashed to pieces could already be considered good luck.

Sure enough, even the disciples of the War God's Ancient City were dying one by one.

Long Chen focused on their conversation.

Su Yuyao's expression was excited as she said, "At this point, you still want to go find him? Su Yuji, what exactly did he give you to drink? You care so much about him? Not even Su Tianzhou? You're not in love with him, are you? Did you sleep with him? It's great, isn't it? "

Her expression was ferocious as she spoke a bunch of obscenities.

Long Chen already knew that the relationship between the two sisters were very bad, he could get used to this kind of situation.

Facing Su Yuyao's questioning, Su Yuji's expression did not change. He sneered and said: "No wonder father treated you like a child, with your personality, you will never know what our father is doing. Su Yuyao, if you're not smarter and only knew how to cause trouble, do you think father would still spoil you? "Trash."

Su Yuyao froze.

She did her best to calm her heart down, and asked: "Just what does father want to do, for what purpose do I need this Long Chen for?"

Su Yuji saw that the Elemental Spiritual Array were wreaking havoc outside and frowned, she could not rush out now, so she said: "Then I will be merciful and tell you. Do you know what's inside our family's Martial Demon Cave? "

Su Yuyao shook her head, at a loss.

Su Yuji laughed complacently, and said: "There's our ancestor, the Demon Seed left behind by the Martial God, which was something that he transformed into before he became a god. It's the true path to becoming a god, and Father solved this secret. "Our father was knowledgeable, read a lot of books, and knew things that many people didn't know."

No matter how stupid Su Yuyao was, she could roughly guess at why Su Zhen had treated Long Chen so well.

"Why did he let Long Chen enter the Martial Demon Cave?" Su Yuyao asked.

"That's because the martial magic seed has been in a weak state for many years. It requires the blood of a super divine dragon, and only this kind of vigorous flesh like the super divine dragon can raise its martial magic seed, allowing it to truly awaken. At that time, father will be able to obtain a mature martial magic seed, and from that time, he can transform into a martial demon, finally becoming a new Martial God! a divine spirit that has never appeared in the Immortal God Realm for countless years, a divine spirit that doesn't even exist in the Five Dragon Cities s! "

Hearing this, Su Yuyao was simply stunned.

When Long Chen heard this truth, he also sneered in his heart.

It was just as he expected.

"Long Chen went to the Wu Mo Cave once, which means that he already has martial magic seed on him? If he were to finish rearing the martial magic seed, what would happen to him? "

Su Yuyao asked nervously.

Su Yuji looked into the distance and sweetly smiled, "Nonsense, of course she died from exhaustion. The martial magic seed is so powerful, it will definitely devour all his life force. Do you still think my father and I are partial to him? "

Su Yuyao shut her mouth.

After a while, she suddenly laughed and said, "What a beautiful ending, then let that guy continue to remain in the dark. When the Elemental Spiritual Array in front of you passes by, I will accompany you to find him immediately. I will wait until that day comes, personally see him know the truth, then die of exhaustion! I must wait until that day comes! "

Su Yuji did not say anything. In her eyes, Long Chen was merely a tool for her father. The reason she took good care of him with the intent of gaining Long Chen's trust was for Su Zhen.

"So that's how it is." Long Chen was rarely schemed against.

No wonder Su Ju was looking for the supreme divine dragon.

Then, this was the irreconcilable enmity.

"If I am able to escape today, I will definitely return one day to avenge my murder."

There were many good people in the world, but there were also many who wanted to harm him.

Long Chen was just unlucky, and was brought into the Su Family to meet this heartless father and daughter.

Compared to Su Yuyao, Su Yuji was even more hateful. She never took Long Chen seriously, but instead acted like a caring sister in front of Long Chen, with such scheming mind, it made people extremely angry.

It was not a good place to stay.

Just as Long Chen was about to leave, Su Yuyao said another sentence, which attracted Long Chen's attention. She said: "I heard that you want to refine the truesoul of the Spirit Snow Dog, and then when you're bathing in the rain of the gods, use your truesoul to attract even greater amounts of divine power, so that you can step into tribulation of reincarnation?"

After she had revealed the matter of the martial magic seed, the relationship between the two sisters was no longer as bad as before.

"Spirit Snow Dog, true spirit?"

Ancient species were different from humans or demi-humans. They did not have a primordial spirit and their bodies only had a truesoul as their core. If the truesoul was not present, it would basically be death.

Originally, they were already very unsatisfied about what had happened with Long Chen, but they never thought that this woman would actually want to take away the life of that adorable puppy, and use its own soul to give them the chance to pass through the tribulation.

Even though it was an ancient variant beast, it still possessed intelligence. It knew that Long Chen and the others truly liked it, and that Su Yuji was just a type of love on the surface.

While speaking, Su Yuji suddenly took out the snow dog.

Long Chen remembered that he had asked him about it before, but she said that he didn't bring it.

He didn't expect that it was a lie.

At that time, even he had somewhat trusted her.

In her hands, the Spirit Snow Dog's face was filled with panic, its short and cute four feet were struggling wildly, releasing a struggle and cry that smelled like milk. Su Yuji held onto the back of its neck, and laughed: "Isn't the role of the Spirit Snow Dog here? It was a pity that there were very few of them, making it difficult to reproduce, and the time interval between the opening of the war of gods was too large. Otherwise, there would have been many tribulation of reincarnation experts added. "Samsara is such an enviable realm!"

There was no respect for life in her eyes.

Slaughter was the nature of Long Chen's bloodline, but he had always avoided it, searching for a more suitable method. If it wasn't for his good nature, under the influence of the Primordial Blood Spirit Dragon's bloodline, he would have long been a devil in the midst of slaughter.

The Life-Exquisite Snow Dog was in his eyes, should he save it or not?

Putting aside the fact that Su Yuji was strong, she was already at the peak of the Nine Layered Nirvana Tribulations Realm and had just reached the late stage of the Fourth Stage of Nirvana Tribulation herself.

Just as Long Chen was hesitating and the people in the God Kingdom did not dare to disturb his decision, the miraculous Spirit Snow Dog actually sensed his existence!

The Psychic Snow Dog possessed the most magical treasure hunting ability. It had an inexplicable sharp sense of smell. Furthermore, what it smelled was not the smell but something miraculous.

When it discovered Long Chen's existence, it struggled even more forcefully. It had never bitten anyone before, but at this moment, it actually bit Su Yuji's fair fingers, taking the opportunity when she was in pain to break free from her restraints, and ran towards Long Chen!

Su Yuji was shocked, her face turned ugly and immediately chased after the spirit snow dog.

"Evil creature, look how I dismember your body! How dare you bite me!"

How could the Psychic Snow Dog escape under her control?

He was just being careless this time.

The spirit snow dog cried out, jumping with its four short legs, as it looked towards Long Chen's direction with a pitiful expression on its face. )

Long Chen could only smile bitterly. He was initially hesitating on whether to save the little fellow, but he didn't expect it to run over on its own.

"This little thing really makes me worry!"

Sometimes, Long Chen wouldn't make a decision because he was completely obedient and rational. He believed in his intuition, and now, his instinct was to bring this little thing away.

In this critical moment, he appeared in front of Su Yuji, rolled up the snow dog and placed it back into the God Nation.

The appearance of this cold and stern youth out of thin air had completely frightened the sisters, especially Su Yuji, who felt as if she was naked in front of him. This was because she had said many things that she had never said in front of Long Chen before!

"Long Chen! Why are you here! "

Su Yuji completely forgot about the matter with the Spirit Snow Dog, and looked at Long Chen in a daze.

To be able to encounter such a place while undergoing the Year Beast's Stellar Transposition, it could only be called fate.

Su Yuyao was also shocked. She had also realized that Long Chen had probably heard their conversation. If Long Chen knew the truth, then they would have to use an extreme method.

In the God Kingdom, the Psychic Snow Dog was trembling in Ling Xi's arms.

This scene filled Long Chen's heart with power. He looked straight at the two sisters, and without saying a word, he spat on the ground. Compared to Ling Xi, these two who seemed to possess noble blood, were nothing!

#### Chapter 1794 - Eight Extreme Sky Diagram

Su Yuji's face was so gloomy that water was almost coming out.

She swept her eyes across Long Chen's body and said: "Did you hear what you said just now?"

Long Chen was too lazy to talk to her. Since the rescue had succeeded, he had to leave immediately. He turned around and entered the river of time and left the place as fast as he could.

"Want to leave?" "None at all!"

Su Yuji's actions were fast, eight golden balls the size of a thumb quickly appeared in her hand. On the ball, a flash of golden runes could be seen, the ball was trembling, as though it was about to explode.

In the next moment, with sufficient strength, she threw out all eight golden balls from her hand!

"Eight Level Heaven Diagram!"

Those eight golden balls flew out at a terrifying speed. Anyone who did not possess tribulation of reincarnation would find it difficult to surpass this level of speed, as this was a Dao Artifact's speed after all.

All Long Chen could do was dodge these eight balls of light.

What he did not expect was that these eight balls were not meant to attack him, but to spread out in a short period of time, moving in eight different directions and then exploding.

The eight balls emitted a large amount of golden mist, which rose up like huge beasts, and in the blink of an eye, formed a huge golden barrier above their heads. It was spherical in shape and had a diameter of thousands of meters, enveloping the three of them.

The golden barrier was extremely thick, and it completely blocked Long Chen's path as he neared the edge of the barrier.

The interior walls of the golden barrier suddenly lit up, turning the sealed space into a sea of golden light. Countless runes appeared on the interior walls of the golden barrier and began to spin rapidly.

This kind of indiscriminate attack could easily hit Long Chen and expose him!

The runes had actually turned into countless blades!

Long Chen revealed himself, he gathered all the energy in his body and used the twenty-eight lines of Divine Slaying Sword to slash on the golden wall. The so called Eight Extreme Heavens Diagram only shook for a moment, and a sword mark that was only a centimeter deep appeared on the wall.

Long Chen reckoned that the thickness of this Eight Extreme Sky Diagram must be at least a meter!

He could not help but have a headache. It seemed that the other party was already familiar with his move of using the Time Traversing Dragon, and had already thought of a way to solve it. This Eight Extreme Heaven Diagram was simply too terrifying.

At this time, Su Yuji let out a cold laugh from below.

She said, "I already knew that you would have this move. In order for me to deal with you, my father personally bestowed upon me this Eight Extreme Heavens Diagram, which is incomparably tough, and even I am unable to break it. You want to break it, cultivate for another ten years; don't underestimate my father's wisdom, you will lose miserably."

After hacking a few times, Long Chen had no choice but to give up. Because the Eight Extreme Heavens Diagram would fix itself later, if he was unable to break through it at once, he would have no way of breaking through it.

At the side, Su Yuyao also laughed, "Since you've appeared, don't be in such a hurry to leave. When my big brother and my fifth aunt arrive, someone will take care of you. Your appearance of a cornered beast making a comedian is truly laughable. Where's your prestige, Long Chen? "

To be defeated by Long Chen, was a humiliation she would never be able to face in her entire life.

When she finally saw that he was powerless, the depression in her heart was finally relieved, and she felt even more angry.

If he lost his mind, he would have more ways of resolving this issue. Evidently, Su Zilan, this troublesome person, was rushing over here, and Su Zhen had already long planned for his escape, which was why Su Yuji had brought along the Eight Extreme Heaven Diagram, which was enough to imprison him here!

After calming down, he looked at the pair of sisters from above.

There were very few women that Long Chen hated so much, and they were even a pair of sisters.

Back then, Feng Zhiling was very good, but she changed a lot after. After her rebirth, she was probably able to replace Long Chen and become a super strong Ranker of the new generation in the True Martial Imperial Palace in the future.

However, these two women made Long Chen hate them to the bone.

That mocking face should not have appeared on such a beautiful face.

"Don't even think about escaping, just wait for my fifth aunt to come over obediently." If you are obedient, I will treat you as my younger brother. " Su Yuji maintained her moving and warm smile.

However, Su Yuyao said, "There's no need to be polite with these kinds of people. He's not someone who gives in easily. Just lock him up."

Long Chen gradually calmed down, unable to allow the two women to scare him any further. He said: "It's true that I cannot open the Eight Extreme Heaven Diagram, but you are about to become the owner of this tool. If I kill you, this item will naturally unravel."

Su Yuji smiled gently and said: "You're right, but can you do it?"

The only way!

This way, Long Chen would not show any mercy, and he would not take his life as a joke.

Since he was facing such a situation, it was useless to regret!

Quick, accurate, and ruthlessly dealing with the other party was the only way!

"Big Brother, let me help!" In the God Nation, Mo Xiaolang had already made his preparations.

The opponent was very strong, so Su Yuyao was fine, but Su Yuji was a peerless genius herself. Her divine blood's density was above ten percent and she had been cultivating for countless years, so she was much stronger than Su Yuyao in any aspect.

"I can help too. You and Little Wolf, focus on dealing with Su Yuji, or you can finish it quickly. I'll help you stall Su Yuyao so that she won't cause trouble."

Ling Xi said with a stern expression.

She hated Su Yuyao a lot. She couldn't accept the fact that she had once lost to her, and it wasn't surprising that a woman's heart of hatred had reached such a level.

At this time, her eyes were already filled with anger, and it was very rare for Long Chen to see her in such a terrifying state.

But could she restrain Su Yuyao?

Right now, she had just broken through the Seven stages of Nirvana Tribulation and was one Nirvana Tribulation away from her opponent's.

"Brother Chen, believe me. My Divine Blood is several times more powerful than hers, and there's also the Misty Sect's legacy. There's been great progress recently. Ling Xi said firmly.

Long Chen saw her improvement.

This was the time when he needed her the most, and he also had the help of the Nine Hell Illusory Butterfly. If it was only to restrict her, Ling Xi might really be able to do it.

This way, with the strength that he and Mo Xiaolang had combined over the years, it was truly possible for him to complete the difficult mission of quickly killing Su Yuji!

At this critical moment, there was no longer any mercy. It was either you or me!

"Alright, that's it!" Long Chen immediately decided to assign Su Yuyao this mission to Ling Xi.

Back then, the Martial God Xinghe had caused Ling Xi to lose miserably at the hands of Su Yuyao.

But today, they were no longer the weak him from before!

To Ling Xi, this was more than just proof that she was capable of it. From the moment she entered the Immortal God Region, she desperately wished that she could help Long Chen, and not just the little woman behind him. Especially after obtaining the inheritance of the Misty Sect, she longed to be of use to herself even more!

This was the most crucial battle in her life!

In her eyes, the pure God's Blood was sparkling and translucent. In her fingers, the sword markings trembled and sword qi crisscrossed everywhere. The butterfly tattoo on her back was even more beautiful, radiating an illusory light.

Swish!

Long Chen divided into three, and Ling Xi and Mo Xiaolang appeared by his side.

The three of them were brimming with killing intent.

Seeing this scene, Su Yuji's expression gradually became cold, and she coldly snorted: "I can't see the situation clearly, you're really reckless. If it weren't for the fact that you are a super dragon with great value, do you think we would have allowed this successor of the Misty Sect to remain in this world? Let me tell you, War God's Ancient City Wu was one of those who killed the Misty Sect! Today, I will exterminate you once again, and let you understand that you just need to obediently be my father's fodder. A lowly bloodline like yours doesn't even have the qualifications to talk to our god blood descendant! "

She coldly looked at Su Yuyao and said, "Yao'er, you have a lot of tricks up your sleeves. Kill this woman for me."

The jealous hearts of women were all astonishing. When the two sisters saw Ling Xi suppressing them in all aspects, they had already had the urge to kill him.

The conflict between the two sides was on the verge of breaking out!

Ling Xi's eyes were snow-white. She slightly bent her hands, and other than her thumb, eight world-shaking heavenly swords extended out from her fingers. In an instant, the entire Eight Extreme Heavens Diagram was filled with sword qi, sword intent whistled, and countless sword images scattered!

Long Chen and the other two looked at each other, they were already prepared to face death.

"Xiao Xi, defeat her." Long Chen whispered into her ear with the greatest strength he could give her.

"I will." Ling Xi smiled gently, giving Long Chen the feeling of a hundred flowers blooming in full bloom.

She did not stay any longer and pointed the long sword in her hand towards Su Yuyao. Then she left Long Chen alone and went to another corner of the Eight Extreme Heaven Diagram.

Seeing Ling Xi's provocation, Su Yuyao's face turned bad, and then she sneered: "Slut girl, you're already a woman at such a young age, why are you still pretending to be one! Losing to me, do you want to turn the tables around now? Don't tell me you're so naive! You want to leave me? It's better for you to count, as I can kill you in a few breaths' time! "

**BOOM!**

The The Will of the War God moved.

Su Yuyao transformed into a peerless Martial God. With a flash of golden light, she released a shocking amount of power, domineering, powerful, and without the appearance of a woman. She let out a disdainful laugh, and charged towards Ling Xi like a cannonball.

It was obvious that Su Yuyao was even more domineering.

It was impossible for Long Chen not to worry about Ling Xi, but he trusted this girl who was becoming stronger and stronger more and more, so she didn't need to worry about it.

He could completely ignore her battle and instead focus all of his attention on Su Yuji.

"Big brother, did you start a fire?" Mo Xiaolang's eyes were passionate without a trace of fear. He only had the willpower to fight on!

How many times had they fought side by side?

They don't know.

However, they knew that whenever they joined forces, they would never be defeated!

When Su Yuji gradually revealed the martial cultivation at the peak of Nirvana Tribulation Realm, Long Chen and Mo Xiaolang exploded with powerful fighting strength. The two of them turned into red and black rays of light, and the moment they made their move, it caused the Eight Extreme Heavens Diagram to shake!

BOOM!

With a single attack, Su Yuji was forced to retreat.

Chapter 1795 - Women's Fury

In the midst of battle, Su Yuji felt extremely relaxed. She opened her arms, and the fiery red long skirt danced in the air like a blossoming red flower.

Peak of the Nine Layered Nirvana Tribulations Realm!

Compared to the Dragon Soul Divine General Ao Zhan who had appeared in the Dragon Sacrifice Continent before, Su Yuji was obviously more powerful. Her speed was unusually fast, but when Long Chen and Mo Xiaolang made their moves, she chose to avoid them.

In the Eight Extreme Sky Diagram, Su Yuji let out a disdainful smile, and said: "I know that you have progressed very quickly, and even defeated my sister. Your cultivation speed is even more astonishing than I expected, but you don't understand.

She had absolute confidence in herself, so she dared to use the Eight Level Heaven Diagram to trap herself.

Although she was shocked by Long Chen's progress, and was only born in the War God's Ancient City, what kind of genius hadn't she seen before?

She was different from Long Chen. The reason she had cultivated to her current state was all because of her own hard work and effort, and she did not even take Long Chen's little tricks to heart.

"Are you trying to stall for time?"

Seeing that she was not fighting with him, Long Chen obviously knew her intentions.

She wanted to delay until Su Zilan and the others arrived. At that time, she would definitely be able to easily take care of Long Chen.

Of course Long Chen would not let her do this, he and Mo Xiaolang would split up and attack forcefully, so as to end the battle quickly!

"It's useless, don't waste your effort."

She floated in the air, covered her mouth with her hand and let out a disdainful smile, her fiery red figure appearing and disappearing mysteriously, her speed was terrifying, and she was even stronger than what Long Chen had expected, bringing Long Chen a lot of pressure!

Let's go all out!

Just as he increased his progress and held his sword horizontally, two pairs of wings that looked like dragonfly wings suddenly appeared on Su Yuji's back. They were translucent and looked blue in color, with many different blue colored formations on them.

"This is the Cyan Feather. "His defense is invincible, but his speed is invincible!"

This was not a Dao item, but a type of innate Tao technique.

The two pairs of wings began to vibrate, and in the next moment they turned into nothingness. A blue, translucent ball of light completely enveloped Su Yuji, as if protecting her.

And at this time, Su Yuji's speed had nearly doubled, especially her flying speed!

It was as if she had a pair of wings on her back.

"Can you still catch up to me at this time?" Su Yuji suddenly appeared behind him. Her voice was tranquil and enchanting, but deep down, it was filled with contempt and ridicule.

She stood at an absolute high point, looking down at Long Chen. From start to finish, Long Chen was just a fodder in her eyes!

Rip!

On the other side, the battle between Ling Xi and Su Yuyao could only be described as tragic.

Long Chen knew that he didn't have much time left.

He and Mo Xiaolang coordinated and launched another attack. Mo Xiaolang had used the Nine Hell Demon Ancestral Fire to besiege Su Yuji, but the normally invincible Nine Hell Devil Ancestral Flame was now being flapped by Su Yuji's thin blue wings. With the protection of the blue feathers, even Long Chen's twin swords were unable to cut through it.

"Is it very impatient?" Su Yuji laughed lightly as she turned her head to look at the battle between Ling Xi and Su Yuyao, and said: "Yao`er, work harder and kill this woman, I'll stop her for you. He doesn't love your opponent a lot, I really want to see what he would do when he's at his most crazy."

"I know, what rubbish!" Su Yuyao cursed in dissatisfaction and instantly activated Divine Blood Boiling.

After the God's Blood boiled, her combat power instantly soared. With a shake of her body, 18 clones of the True Martial Lord descended, surrounding Ling Xi.

Ling Xi's snow-white dress fluttered in the air. Amongst the eight heavenly swords, four of them were controlled by her Sword Controlling Divine Arts and moved around her body, transforming into snow-white rays of light. The other party was powerful, and Ling Xi was unable to break through them within a short period of time.

Just like now!

After the God's Blood boiled, Su Yuyao's cultivation rose explosively, the power of her fists crazily increasing, causing Ling Xi to retreat step by step.

But even so, she couldn't change Ling Xi's stubborn eyes.

Cold air gushed out from her eyes.

"Thousand Mountain Snow Sword Formation!"

Thousands of snow-capped mountains were filled with snow, the blazing sun was quiet, all of these were formed by exploding sword qi. Under Ling Xi's control, Thousand Sunset Snow and the Eighteen True Martial Lords clashed, countless sword qi crisscrossed horizontally, while Ling Xi was like a goddess, her entire body emitted a crystalline radiance, her beauty could be said to be able to shake the world.

"Blizzard Sword!"

It had to be said that after the opponent's God's Blood boiled, its attack power was simply too strong. A mere Thousand Mountain Snow Sword Formation was not enough for Ling Xi to withstand the opponent's attack, adding on the impact of the Blizzard Sword, the snow fell, the heaven and earth lost its color, and countless Blizzard Sword Qi broke through the True Lord's eighteen clones, sweeping towards Su Yu Yao!

Long Chen chased after Su Yuji, who was unwilling to fight, while watching the battle.

"This guy ..."

He saw that even if he fell down, Ling Xi was not afraid in the slightest.

She was quiet, calm, but she never stopped attacking, defending her man, trying to realize her own worth.

Beneath the Blizzard Sword, even Su Yuyao, whose divine blood was boiling, had to retreat.

Su Yuyao was furious, her eyes filled with a sinister killing intent.

"B \* tch, how dare you beat me back!"

She screamed, advancing forward at full speed, fist after fist broke through the Blizzard Sword, the The Will of the War God s in her eyes erupted, in her eyes, the Golden War God sat inside, the inheritance from her ancestors had brought about a huge impact to Ling Xi's primordial spirit, if Ling Xi was not Long Chen, it would not be easy for him to resist the The Will of the War God!

Under the tremor, a drop of blood flowed out of his mouth.

Seeing her injured, Long Chen's heart hurt.

At this time, Su Yuyao laughed coldly again and again. She suppressed it and sent a slap towards Ling Xi as she shouted, "I'm going to tear your face apart!"

Ling Xi wiped the blood from the corner of her mouth and struck out with the four Heavenly Swords in her hands.

The Nine Hell Illusory Butterfly quietly activated its illusion techniques. When the opponent rushed over, the four heavenly swords transformed into thousands upon thousands of illusions, scaring Su Yu Yao. She seemed to have gone crazy and continuously knocked down the heavenly swords, only to discover that they were all illusions!

The real Heavenly Sword pierced towards her at an extremely tricky angle. Three of them were knocked away by Su Yu Yao, and only one of them managed to pierce through her waist.

"Success?" This was the moment Ling Xi was waiting for.

However, she realized that with her current strength, she couldn't even pierce the Heavenly Sword into her opponent's body before she was repelled by the wild power of her opponent. Su Yu Yao didn't look like a delicate woman at all, but more like a strong ancient beast with exuberant blood energy.

The four Heavenly Swords were returned back into Ling Xi's hands.

Su Yu Yao descended above her and laughed coldly: "Did you see that? A lowly bloodline? Not a god blood descendant, not a Dragon Fighter, you lowly thing, what qualifications do you have to fight against my god blood descendant? "You mortals, what kind of filthy things flow in your bloodlines?"

Ever since she was young, she had been told that she was a descendant of a deity. When she learned the meaning of a deity, she knew that she was naturally noble and respected.

She could not tolerate anyone being more noble than herself.

To Ling Xi, these words were extremely disgusting. The pride in her heart was humiliated time and time again, until this moment when she had reached her limit.

Ling Xi rarely got angry, but every time she got angry, she would become completely hysterical!

No one knew where so much of her blood came from, but the pride in her bloodline was second only to Long Chen. Su Yuyao's insults, provocations, and insults, they were all things that caused a mysterious feeling to awaken in the depths of her heart.

That thing seemed to be called glory.

The glory of possessing such a bloodline!

Just as Su Yuyao was suppressing Ling Xi again, there was a huge change in Ling Xi's body.

Long Chen discovered to his astonishment that the strength of Ling Xi's body was frantically increasing.

The shining white rays of light completely submerged the golden color in the air. In his trance, Long Chen seemed to see a divine spirit appear behind Ling Xi, it was also an indescribable woman, filled with a maternal lustre. Although it was just a glance, it caused Long Chen's heart to throb, That woman, should be a virgin, right?

BOOM!

A flash of light.

A small change caused Ling Xi to be completely enveloped in a snow-white light, as if a god had descended to this world, holy and pure. The ferocious Su Yuyao in front of her finally appeared to be a beggar.

Ling Xi's entire person was in a combusted state.

With a flick of her finger, eight Heavenly Swords appeared in her hands, completely under her control. Her eyes were filled with divine light as she stared at Su Yuyao, and said word by word, "The true honor lies in your soul. "Also, I do have a man, and I love him, but I'm not dirty. No one likes you, you're a virgin but your heart is sinister. I've never hurt anyone, and I'm happier than you are. What right do you have to laugh at me?"

Su Yuyao's eyes were filled with a blood-red color that caused people to be afraid.

"Nonsense!"

She mobilized the power of the The Will of the War God and laughed coldly: "Is the divine blood boiling? Does this mean that you are also a descendant of a god, which is the Shencheng of light? dog stuff who seem holy and have vile hearts on the surface, die for me! "

The The Will of the War God brought the eighteen Martial Lords down!

Ling Xi's eyes were cold and harsh. Gritting her teeth, one of the eight heavenly swords, the Divine Punisher Blade, shot out and transformed into a super greatsword, releasing an unstoppable force that broke through the eighteen True Lords' body. In the end, it pierced through Su Yu Yao's body and pierced through her!

An astonishing strength had taken away all of Su Yuyao's life force.

The power of one move!

This sword strike carried all of Ling Xi's anger. She had a kind personality, and when she fought with others, she rarely tried to kill them. Only this time, under's repeated attempts to force her, she was infuriated.

#### Chapter 1796 - Fire Phoenix Feather Pendant

Even Long Chen did not expect that after Ling Xi's Divine blood boiled, he would have such a terrifying power to kill Su Yuyao in one move!

Generally speaking, even the most elite bloodline would have difficulty surpassing a great realm once their God Blood boiled. After all, a great realm would have several times the increase in strength. Moreover, the lower the concentration of God Blood was, the more time it would take to display it again.

For example, people like Su Yuyao, who had a ten percent chance of success, could perform it several times a month.

And the only explanation for how Ling Xi's divine blood boiled to such a terrifying extent was probably the fact that the concentration of her divine blood was shockingly high.

This shocking change of events could even be said to have scared Su Yuji silly.

Ling Xi was still strong and prosperous, Su Yuyao's chest had only been penetrated, but her life force was completely extinguished, her primordial spirit was destroyed, and her body fell from the sky, blankly landing on the ground.

Even in death, her eyes were wide with disbelief. Her eyes could be said to have died with everlasting regret.

When she had met Long Chen at the Martial God Star back then, she definitely did not think that this would be the result of her actions.

His life force was completely cut off.

"Su Yuyao" caused Su Yuji to be stunned. She stopped fleeing, landed beside Su Yuyao, took a look, and confirmed her death. Only then did she slowly raise her head.

She had always thought that she was constantly suppressing Long Chen and the others, but she never thought that Ling Xi would be the first one to break her control over everything.

"You all truly make me worry. How do you want me to explain myself to my father after killing her?" Su Yuji's face was gloomy and cold, as he shook his head and spoke in distress.

A dark golden needle appeared in her hand. It was obviously an extremely powerful Dao Artifact. It was obvious that she had been preparing it for a long time, but before the needle could be released, Su Yuyao died.

Su Yuji looked at Ling Xi and said, "For your divine blood to be boiling to this extent, is this the Radiant Goddess? It's unbelievable, but it's too much of a hindrance.

Although they didn't have many feelings of sisterhood.

However, after Su Yuyao died, if she didn't express herself, she wouldn't feel right about it either.

That dark golden divine needle suddenly pierced through the space and appeared before Ling Xi's eyes. Right before her eyes, it was about to hit the center of Ling Xi's brows.

This was a fatal move!

Long Chen himself, might not even be able to perfectly break it.

However, Ling Xi's expression did not change, she once again extended her finger and spat out a word.

"Fight!"

Amongst the eight heavenly swords, Zhan Tian's sword shot out. Maintaining the powerful aura from the previous sword strike, it shot towards Su Yuji. The longsword broke through the limitations of space and pierced through once again, colliding against the dark golden divine needle!

Ding!

The dark golden needle turned into powder!

Now that the eight great heavenly swords had come together, it was equivalent to a part of the eighty dao patterns on each sword. It was merely a needle, and maybe he would be able to deal with Ling Xi before his divine blood boiled, but now, it was simply wishful thinking!

Zhan Tian Sword rushed in front of Su Yuji!

Su Yuji's expression finally changed greatly as she used the Cyan Feather to block herself. The Heaven Battling Sword pierced through the thin blue wings, producing a shocking sound.

Su Yuji's face paled as she retreated a few steps, looking at Ling Xi with a fearful expression.

Only then did Zhan Tianxiong cower.

Even so, to be able to destroy the Cyan Feather that Long Chen had not yet broken with a single sword strike was already quite terrifying enough.

In the sky, Ling Xi's gaze caused Su Yuji to retreat several steps. In her mind, this girl had already caused her to feel fear, and it was a type of bloodline suppression.

"Brother Chen!"

A pleasant sound rang in his ears.

The eight Heavenly Swords trembled.

Sure enough, she couldn't hold on any longer ...

Long Chen immediately rushed over to her side, but at that moment, the light aura around her body dissipated, transforming into his original weak appearance. Even his face had turned pale white, and his eyes were in a daze, causing people's hearts to ache.

"I'm so sleepy, I want to sleep for a while."

She reached out and pulled at Long Chen's sleeves, like a child, grumbling as she said in a daze.

The explosive surge of energy in his body had almost dissipated.

This sudden surge of anger and power was something she hadn't learned how to control properly. It wasn't like Su Yuyao and the others who had learned it for at least a hundred years. Now that she was out of energy, she was completely exhausted. This time, she really used up too much energy, so she needed some rest.

Long Chen's heart quieted down, and he said, "Then go back to sleep. Leave the rest to us. "

"Am I doing well? You're not disappointed, are you? " she whispered.

Long Chen's heart ached. It was his fault that he was unable to give her a peaceful life, and he made her want to fight like he did. He did not know if this was good for her or was harming her.

He held tightly onto Ling Xi's delicate little hand and said: "You did well, much better than me. You will always be the best! "

Hearing this, she finally lost consciousness.

Long Chen told her to stay in the Divine Kingdom peacefully, they would take care of her.

Looking at this scene, the originally trembling Su Yuji suddenly laughed loudly. She had truly been frightened just now, and if the Ling Xi in that state could have maintained that state for a long time, she might really have been defeated.

"You're too disappointing, to actually be scared by a little girl." Su Yuji patted her full chest lightly, and looked coldly and scornfully at Long Chen and Mo Xiaolang.

She wasn't afraid of these two.

"It seems that you all really want to witness my true strength. Then, I'm not worthy for you all to play with!" After what happened with Ling Xi, she stopped thinking about playing around.

Suddenly, her aura expanded. Right now, she had transformed into the Valkyrie, and this level of strength was even more astonishing than Su Yuyao's. No wonder the sword strike that could kill Su Yuyao could only break her Blue Feather.

At this moment, he could feel boundless power gathering in his body. He was no longer enduring, but had displayed the strongest move in the Dragon Fighter in front of Su Yuji, the Divine Dragon Body! It was the Divine Dragon Body s!

Behind Su Yuji, Mo Xiaolang was also displaying his full strength in the Eight Extreme Heavens Diagram!

"If I can't win this battle, then I'll die!"

Looking at the two beasts, Su Yuji did not put them in her eyes at all. A golden light flashed from her body, and she displayed an extremely strong fighting strength the moment she attacked!

With a casual wave of her hand, the golden power of Nirvana formed a beautiful set of armor on her body. It was similar to the Galan Feather, but had an even more powerful defensive ability!

What Su Yuji had learned was very complicated, the Heavenly Way of the Golden Elegance was called the Way of Condensation, it was extremely unorthodox, but to be able to cultivate to the level of Su Yuji, it would definitely bring about great benefits, for example, the Golden Elegance Armor was completely formed from Nirvana power, and it was even stronger than Dao Artifacts!

"Martial arts origin!"

With a shout, golden runes appeared on Su Yuji's body, and a golden rune appeared on the center of her brows.

Amidst the encirclement of the two giant beasts, the golden armored goddess looked even more terrifying. With just a wave of her hand, the Eight Level Heaven Diagram looked like it was about to explode.

"Long Chen, do you still have the confidence to defeat me?"

Su Yuji chuckled.

"No matter how much you bounce, in my eyes, it will always be a piece of fodder. Obediently submit and complete your greatest value. You will become a god."

At this point, she had already fallen into a state of fanaticism.

Rather than say she was a crazy person, it would be more accurate to say that she was fanatically following her father to realize his path to becoming a god. To her, stabilizing Long Chen was her mission!

Seeing that Long Chen did not give up, she reached out his hand and an extremely scorching flame energy suddenly appeared within the Eight Extreme Heavens Diagram.

An astonishing heat wave swept over. Long Chen knew that this was definitely the most shocking flaming divine object he had ever seen in his entire life, other than the Nine Serenities Demon Ancestral Flame!

That divine object was currently in Su Yuji's hands.

It was a feather, about two meters long. Most of it was red, but there were golden lines in the middle, and the golden and red flames were burning ferociously, never extinguishing. The intertwining flames vaguely turned into a divine bird, letting out bird cries that pierced one's eardrums.

An ancient aura of a super beast swept over.

That was a Fire Phoenix!

During the ancient era, it was a true divine beast.

Since it was a God Beast, it meant that it was something on the same level as a God Beast. In reality, the God Beasts of the Demon Race were also God Beasts, and the Demon Race and the Huang Beast shared the same origin.

"This is Fire Phoenix Feathers, not a dead thing. It's different from the dragon scales left behind by the true dragons of The Absolute Beginning Period, which are all dead dragon scales. As for this Fire Phoenix Feathers, it's the true power of the remaining divine beasts!"

Su Yuji proudly introduced her own divine object.

"This is the most beautiful gift my father has ever given me. He said, 'I am like a phoenix ...'" At this point, her eyes revealed an intoxicated look.

It's probably a fatherly plot.

Every time she spoke of Su Zhen, her emotions would fluctuate greatly. This was the difference between her and Su Yuyao. Su Yuyao was a rebellious little girl, while she viewed Su Zhen as a believer.

With a casual wave of his hand, the Flamephoenix Feathered Tail Feathers displayed an astonishing amount of power. The temperature within the Eight Level Heaven Diagram drastically rose, and even the Eight Level Diagram burned red.

"My father said that if he could become a god, he would give me an endless lifespan. He may look like he dotes on Yao'er, but in reality, the one he loves is me and only me. As for my big brother, he abandoned me when the blood test showed that he had less than 5% of his God's Blood. I am the one who can truly accomplish great things. I am his successor. "

Su Yuji said proudly.

As for you, you are the key to his dreams!

She pointed the Fire Phoenix Feather Pendant at Long Chen, her eyes filled with incomparable fanaticism, as if she was facing her own faith.

Long Chen suddenly understood her very well, because he had also come for his father, Long Qinglan, to this Immortal God Realm in order to battle for the sake of his father!

However, there was a difference between fathers!

Long Chen also had his own beliefs. He wasn't someone's fodder, he was the only precious thing Long Qinglan left behind, his fate wasn't to die here, not cultivate martial magic seed for others, but to uphold Long Qinglan's name, fulfill his dream, and chase after the extinct Primordial Divine Dragon!

Chapter 1797 - Reincarnation Soldiers

Flames!

That was an allure that Mo Xiaolang couldn't resist for the rest of his life.

In his eyes, the blazing Fireplume of the golden-red divine bird was the most wonderful food in the world. As the Fireplume swayed, his eyes followed suit.

Long Chen could feel that his breathing was getting heavier and heavier, and the look in his eyes was becoming more and more passionate.

If not for Mo Xiaolang, Long Chen really did not know how to deal with this Fire Phoenix Feather Feathers!

Hiss!

Su Yuji used her Fire Phoenix Feathers to tear apart the air, and a wave of hot fire swept towards Long Chen.

Long Chen could not delay time at all. The other party was standing at the absolute pinnacle of strength, and did not intend to delay time!

When her insanity had reached its peak, she donned a golden armor, held onto the Fire Phoenix Feather Feathers, and charged towards Long Chen's gigantic Divine Dragon Body.

The flames cleared the path, and as the Flamephoenix Feathered Tail Feathers moved, a ferocious bird from the Archeozoic era rose into the air and swept towards him.

"Illusory Bubble!"

He had reduced most of the golden-red flames, but the difference in the Nirvana Qi between the two of them was simply too great. No matter how exquisite the divine ability Long Chen possessed, he was disadvantaged in terms of absolute strength!

coldly looked at Long Chen, his eyes filled with endless contempt.

From the beginning to end, she had never treated Long Chen as the same thing.

This was a difficult enemy.

Behind him, the Sun Devouring Demonic Wolf enveloped in black flames suddenly attacked.

Su Yuji remained unmoved as she swung the Fire Phoenix Feathered Pendant at her head.

Just as the vicious bird attacked again, the Heaven Slaughter Blood Sword erupted, its gigantic tail transforming into a peerless blood sword. It slashed forward, the blade aimed at the neck of the ancient vicious bird, and with a loud ripping sound, chopped the vicious bird in half!

However, the golden-red flames suddenly turned into a huge fire, enveloping Long Chen's entire body and instantly spreading out. The blood red fog was burnt into nothingness, and the blood red divine dragon was completely engulfed by the flames.

Su Yuji let out a cold laugh, and said: "An ant trying to shake a tree, overestimating itself. Fire Phoenix Fire, no matter how strong the Divine Dragon Body is, they have to be burnt to ashes. Enjoy it and get rid of this damned Huang Beast first. "

She knew that Long Chen must be in great pain now.

Although the Fire Phoenix's flame was strong, it still needed to burn Long Chen's current body. That was still a long way off, because even though he was a young dragon, and had skin that was too tender and tender for a real Ancestral Dragon to break with a single blow, he was still above all the creatures in the world!

Without saying a word, Su Yuji chopped the same Flowing Gold Fire Phoenix Feathers towards the Sun Devouring Demonic Wolf's head!

However, she did not see the blazing passion in the Sun Devouring Demonic Wolf's eyes.

The flames burned and surrounded the Sun Devouring Demonic Wolf. Su Yuji laughed, "Your demon wolf seems to be able to swallow fire, does it have some kind of fire phoenix of mine, Tuntun?"

The next moment, her expression froze.

With a hu la sound, the flames surrounding the Sun Devouring Demonic Wolf completely disappeared and were swallowed into Mo Xiaolang's stomach.

Following that, Tun Yue unleashed her ability!

Puff!

The fire phoenix, along with the Nine Hell Devil Ancestral Flame, brought about an incomparable amount of power. After using this move, even Mo Xiaolang himself felt his entire body heating up, the absolute flames and the extreme yin and cold flames mixed together, forming a super attack that exceeded all present!

This was just an accident!

The red and black flames mixed together, creating an astonishing change as it swept towards Su Yuji.

After seeing this terrifying explosion, Su Yuji's entire body went blank for an instant. To her, this was simply an impossible feat.

BOOM!

An unparalleled explosion.

The Eight Extreme Sky Diagram shook violently, as if it was about to collapse.

Su Yuji was the leader of the group in this explosion. Although she had numerous ways of protecting herself, the impact of the two terrifying flames had still shattered her golden armor. What was even more terrifying was that the Flamephoenix Feather had slipped out of her hands!

Fire Phoenix Feathers was not a Dao Artifact, so there was no need to recognize someone as its master. This kind of unyielding divine object could be controlled by whoever obtained it. Just as Mo Xiaolang's attack was successful, Long Chen opened up all the flames in his body and used the Divine Dragon's Claw to hold the fire phoenix feather in his hand, and changed into his human form.

Although the fire phoenix feather plume in his hands was terrifying, Long Chen could still hold on!

Mo Xiaolang's powerful divine ability had brought about a change in ownership of the Fire Phoenix Feathers. This caused Su Yuji to panic, but at the same time, this battle finally welcomed an astonishing turning point!

Seizing this opportunity, with the Divine Slaying Sword in one hand and the Flamephoenix Feathered in the other, Long Chen and the Sun Devouring Demonic Wolf combined to unleash an astonishing attack!

"Eternal!"

"Heavenly Slaughter Blood Sword!"

The Sun Devouring Demonic Wolf had also unleashed many divine abilities. With the two of them working together, coupled with the terrifying power of the Fire Phoenix Feather Feathers, the two of them actually forced Su Yuji to retreat continuously!

Su Yuji's face turned white, the feeling of planning had disappeared, and only resentment remained.

In the battle, the two looked at each other.

Long Chen's seriousness and the coldness in his eyes moved Su Yuji. He could not imagine that the two of them, who were so inferior to him by so much, would actually be able to unleash such combat strength!

RUU!

In this terrifying battle, the Eight Extreme Heavens Diagram was already in a precarious situation.

But Long Chen had to kill her!

"Enough!"

Su Yuji coldly snorted.

She did not only have the Fire Phoenix Feather Feathers.

Just as the two were about to attack, she used her divine blood to cause the temperature of the body to skyrocket, her fighting strength soared. Although the The Will of the War God was not able to handle Long Chen, but it was able to suppress him for a short period of time!

At the moment, Su Yuji's body was glowing with a gold light that illuminated heaven and earth.

Three thousand golden symbols appeared on her body.

"In the name of I, Su Yuji! Three Thousand Reincarnation Soldiers! "

Inheritance, three thousand Reincarnation Soldiers, under the War God's command, three thousand peak tribulation of reincarnation super generals!

Under Su Yuji's control, 3000 symbols formed into 3000 Reincarnation Soldiers. These 3000 armored, golden pike wielding super generals were mighty and valiant, they had just appeared and had already knocked back the strong attacks of Long Chen and Sun Devouring Demonic Wolf!

The shining golden light of the three thousand Reincarnation Soldiers protected Su Yuji within them, their might was terrifying. At the moment, Su Yuji had already activated God's Blood Boiling, the golden flames were burning, and had a great amount of power.

"In my eyes, you are nothing more than an ant that can't get along well!"

The contempt in her eyes never changed.

In her eyes, there was only one true hero, and that was Su Zhen!

"3,000 Reincarnation Soldiers, listen to my command to kill this desolate beast!"

Su Yuji casually pointed and three thousand Reincarnation Soldiers swarmed towards the Sun Devouring Demonic Wolf.

The Eight Level Diagram was once again filled with golden light.

At this critical moment, Su Yuji charged towards Long Chen once again.

Long Chen knew that she wouldn't be killed that easily.

No matter what, he was at the peak of the Nine Layered Nirvana Tribulations Realm, and could be considered a genius within the 72 - The Ancient City of God's descendants!

He had suppressed too much hatred and anger in his heart.

"I have no enmity with you two, yet you forced me to such a state!"

From the very beginning, he had been restricted by the War God's Ancient City.

How could he not be resentful?

Flames of fury burned within his body, transforming into boundless flames that could refine the spirit! This was his ultimate countermeasure against the boiling of God blood. The reason he didn't use it was because the enemy didn't use it either!

And now, the time had finally come.

A blood colored fire divine dragon coiled around Long Chen's body. Flames flickered in its eyes; This was the first time he activated the Godfire, and not only did his battle strength increase crazily, the Godfire even condensed into a true dragon around him!

Roar!

In the blink of an eye, Long Chen's strength had increased to an astonishing level, far surpassing the increase in the rate at which his divine blood boiled!

If even Ling Xi was able to do it, then naturally, he was able to do it too. It was just that the more she used the Godly Flame to its utmost, the more terrifying he would be when she was in a slumber like Ling Xi.

But he wasn't afraid!

Not afraid to die from exhaustion, just afraid of losing the war!

When a man is alive, he should fight a fierce battle!

Under all the humiliation, in this instant, Long Chen roared furiously in his heart. He had completely gone mad, his pair of eyes burning with the flames of hatred which caused even Su Yuji to be shocked!

BOOM!

Under his control, the Flamephoenix Feather Plume began to wreak havoc!

At this moment, Long Chen had completely transformed into a peerless battle machine, clashing head on with Su Yuji. The red and golden light crazily clashed in the midst of it, and the spirit refining flames gave Long Chen a battle which surpassed a huge level, allowing him to possess nearly the same amount of Nirvana's power as Su Yuji!

Thus, in the battle just now, Su Yuji shockingly discovered that she had actually been forced to retreat!

In her heart, she was extremely powerful. However, when her opponent had exceeded his limit and turned into a true berserk Infernal Queen, under his forceful assault, Su Yuji's heart trembled!

"I'll tell you! No one can control my life! "

"Your father and daughter can treat me as a tool. You can underestimate me, but you will have to pay the price!"

"I, will not allow you to do as you please!"

"God blood descendant, you are nothing in front of my Divine Dragon!"

BOOM!

The fire phoenix feather plume landed right on top of Su Yuji's head, chopping the peerless beauty into pieces. Her long hair was instantly burnt to ashes!

Su Yuji screamed in pain and fell to the ground.

On the other side, the three thousand Reincarnation Soldiers that had trapped the Swallowing Sun Demon Wolf dimmed a little and hurriedly tried to save him. The Sun Devouring Demonic Wolf took advantage of this opportunity and used the Nefarious Spectral Demon Ancestral Fire to exterminate most of the three thousand Reincarnation Soldiers!

The oncoming three thousand Reincarnation Soldiers were all slashed into two halves by Long Chen using the Heavenly Slaughter Blood Sword with his violent strength!

He rushed down and landed in front of Su Yuji. The divine dragon, made of divine fire, coiled around Su Yuji's body.

#### Chapter 1798 - Heavenly Demonic Blood Wings

An irresistible spirit refining fire!

Under the enveloping of the Godfire, Su Yuji was completely defeated. The boiling divine blood in his body was being burned by the Godfire, as if she had met her natural predator, and was being dispersed one by one, even the Nirvana Qi in his body was being ignited as well. In the process, Su Yuji's face was filled with panic, and she struggled with all her might, but what she did not know was that with her current situation, it was already impossible for her to escape.

In the end, she saw the Long Chen who stood in front of her.

At the moment, she could only be described as ugly. She shook her head, endured the igniting of the spirit refining fire, and struggled as she said, "Bastard, you can't escape the palm of my hand!"

"Still so stubborn?" Long Chen never planned to let her go. If he let her go, who would let him go?

Su Yuji was trembling from head to toe, she glared at Long Chen in hatred, then suddenly laughed out loud: "Fine, I admit that I seemed to have made a mistake somewhere, and lost myself in your hands, but you better not be happy too early, you'll never be able to escape from my father's grasp, even if I die, I am looking forward to the day you die from exhaustion!"

Her faith and her fanaticism became the reason why Long Chen had to kill her.

He stayed silent for a while, looked at Su Yuji, and said word by word: "There is one thing you might not know, who said that martial magic seed entered my body? I was the one who tried to trick Su Zhen, and you believe me? "

These words made Su Yuji stare with her eyes wide open.

"Goodbye."

To tell her the truth, it was even more impossible for her to live on. More importantly, she wouldn't be able to hold on for much longer.

The Spirit Refinement flame twisted and engulfed Su Yuji in an instant.

"No, it's not like that!"

Su Yuji's expression was deranged, as she screamed in disbelief.

Her voice suddenly stopped. At this last moment, the flames of the Refinement Realm had burned her to ashes.

Long Chen never thought that he would actually kill the two sisters here.

At this point, it could only be said that he was helpless. If he didn't offend others, others might humiliate him. This could only be called fate.

After the spirit refining fire subsided, his entire body was in a trance.

"Big Brother, are you alright?" Mo Xiaolang's body also had a lot of wounds. The energy consumption for the three of them was huge, but their achievements were also terrifying. They had killed all the warriors at the peak of the Nine Layered Nirvana Tribulations Realm.

Long Chen laughed, and said: "I'm fine. It's just that we don't have much combat power for now, so we'll need to rest for a while. "

He paused for a moment before continuing, "They are preparing to leave. Fortunately, the astral runes in this Eight Level Heaven Diagram are unable to send any messages and the people of War God's Ancient City would not think that it was us who killed them."

After Su Yuji died, the Eight Extreme Sky Diagram was in the midst of collapse. Long Chen rushed out with Mo Xiaolang, as the stench of blood and desolation assaulted their faces, their killing intent grew stronger and stronger.

It just so happened to be the time to leave the Divine Desolation Ancient Earth!

After allowing Mo Xiaolang to enter the Divine Kingdom, Long Chen recuperated for a bit. It was not a good place to stay, as he was currently in a very weak state, and should leave as soon as possible!

Hope was right in front of him.

He passed through numerous mountain peaks, and headed in the direction of the Divine Desolation Ancient Earth.

He didn't know since when, but he had the feeling that he was being watched.

Suddenly, Long Chen stopped in his tracks and looked around cautiously.

He had just killed the Su sisters, and in half a day's time, he would be able to leave the Divine Desolation Ancient Earth. What was targeting him now?

'This feeling is very strange! '

He discovered that there seemed to be nothing around him, so he fled into the river of time. Although this would only make him more tired, he did not believe that the other party would still be able to find him.

Just as he was about to use the Time Traversing Dragon, a huge monster appeared in front of him.

"Nian beast!"

Long Chen could not help but scold loudly, no wonder the other party appeared and disappeared all of a sudden, it was the Year Beast, and was not small at all, but around ten meters tall, and with a similar expression, the moment it appeared, Long Chen used Stellar Transposition. Although Long Chen used the Time Traversing Dragon, he was still in the control of the Stellar Transposition!

His body was bound!

Long Chen was about to collapse, he was truly a young beast, he was defeated by a young beast, and because of the young beast's escape, he was about to leave the Divine Desolation Ancient Earth, who knew where this young beast was bringing him to? This strange thing seemed to treat using the Revolving Star Passage Technique on them as a pleasure?

Of course, Long Chen didn't forget to struggle, it was just that he wasn't used to it at all, as the abilities of the Ancient Abilities were all extremely strange. In just a moment, the scenery around Long Chen changed continuously, and in the blink of an eye, he appeared in another part of the world.

"Damned Nian beast!"

No matter how calm Long Chen was, this time he was about to go crazy. He was clearly about to leave the Divine Desolation Ancient Earth, but the Year Beast had its eyes on him at this time, it was purely causing trouble, who knew where it had moved him to?

The first thing that appeared was the pungent smell of blood.

Long Chen suddenly realised that he had arrived at a battlefield, and his feet stepped on something soft. Lowering his head to look, he saw that it was a corpse.

He looked around in shock, only to find more than 30 corpses here. Judging from their clothing, they should belong to the same team. In other words, they came from the same god race ancient city.

But now they were all dead.

This team clearly hadn't experienced the ravages of the Nian beasts, but they were all killed.

Although Long Chen didn't want to bother with their matters, after seeing such a situation, his brows still deeply furrowed.

"How could it be so silent? An entire team was killed? Who did it? Where is their commander? "

The destruction of the whole team was too big of a blow to that ancient god city.

In Long Chen's mind, 72 - The Ancient City of God's descendants was extremely powerful and powerful, he really didn't have much power to deal with them like this.

These corpses, all of them looked terrified and confused before they died.

Long Chen checked once more and discovered that other than the President's territory, everyone else had died here, including the six Vice Commanders.

Raising his head to look, he realized that this was a piece of barren land. The dire beasts were wreaking havoc here. It was clear that they had just died. If he were to linger here, he might be affected.

"Let's leave first."

He looked for a direction and moved through the mountains until he found a slightly safer place, hiding in the crevice of a mountain wall.

The battle with Su Yuji had consumed most of her combat power, so Long Chen had to spend half a day to barely recover. Meanwhile, Ling Xi was still in a coma.

"Where did this power come from? How dare they destroy the teams of the ancient city of God's descendants? What does it have to do with the Nian beast? "

Long Chen could not understand no matter how much he thought about it.

This matter had most likely gotten out of hand.

"I still need to leave the Divine Desolation Ancient Earth as soon as possible. I hope we won't encounter Nian beasts this time around."

When he had first discovered Su Yuji, Long Chen had already closed the Great Void Realm. When Dong Huangliufeng was unaware of what was happening outside, he had once again allowed Dong Huangliufeng to confirm his direction.

"Big brother, what happened just now?"

Dong Huangliufeng asked.

"I encountered a dire beast, went through a fierce battle, and got the Nian beast to bring me here." Long Chen casually dealt with it.

Dong Huangliufeng was still young, so when he saw the seriousness in Long Chen's tone, he believed it in his heart.

After finding the direction, Long Chen, who had more or less recovered, sped up his footsteps and fled into the river of time. He was relatively close to the Spirit Sea now, so even if he escaped at full speed, he would probably need two to three days to leave.

This time, Long Chen saw a lot of god blood descendant outside. Most of them were separated, and gathered in groups of two or three, each with a terrified expression, as the majority of them were chasing after the dire beasts or Elemental Spiritual Array s. In Long Chen's opinion, almost all of the ancient city teams were dispersed by the Nian beasts.

This caused the Divine Desolation Ancient Earth to be filled with people.

Divine Desolation Ancient Earth, who was originally silent, became completely lively this time.

Along the way, Long Chen had even seen people from the Giant Spirit Shencheng. The others were people that he did not know, people who came from other Shencheng.

In the Divine Desolation Ancient Earth, there were countless treasures, and many great treasures were revealed.

In this place, Long Chen could feel the aura of the people from the Radiant Shencheng. He knew that the people from the Radiant Shencheng were definitely looking for him as well.

"Heavenly Demon Blood Wings!"

At this moment, an exclamation was heard from inside.

"Oh my god, 63 lines of palaeogeostats, and they're even of the rare type. They actually appeared here, hurry and take them!"

The sound of fierce fighting could be heard in the old forest.

Generally, 45 or more Dao Artifacts would be held by tribulation of reincarnation Warriors.

Ling Xi possessed a Dao Artifact with eighty Dao patterns, which could be considered a precious treasure.

Sixty-three lines meant that it was also a rare treasure.

Long Chen had a general understanding of the fighting strength of those who were fighting, so he immediately deviated and used the Time Traversing Dragon to enter the forest. There was no need for him to hide, and it would be difficult for anyone to find him.

In the forest, two groups of people were fighting. Three of them were from the Light Shencheng, and two were from other Shencheng.

The battle was extremely intense.

In the depths of the forest, there was a blood-red altar, and on top of the altar, there was a blood-red skeleton pillar. In the depths of the forest, there was a blood-red altar, and on the altar, there was a blood-red skeleton pillar.

It was indeed rare to see feathered artifacts.

Long Chen suddenly thought of Su Yuji's Cyan Feather.

## Chapter 1799 - Monster Fox Girl

If this 'Heavenly Demon Blood Wings' is useful in increasing one's speed, Long Chen might as well take a look.

63 lines of palaeogeostats s were already very rare. Although it could not compare to Ling Xi's eight great heavenly swords, it was indeed the strongest one other than the eight great heavenly swords that Long Chen had seen so far.

It was no wonder that the eyes of the five people present had reddened because of the Heavenly Demon Blood Wings. They had completely gone mad.

These five people might not necessarily be weaker than Su Yuyao in terms of combat strength, and the strongest amongst them should be at the Nine Layered Nirvana Tribulations Realm. It was not at the same level as Su Yuji.

Long Chen watched the situation unfold calmly.

In the distance, the Heavenly Demon Blood Wings released a faint glow, just like a ghost, sweeping its gaze over the five people who were fighting.

This artifact indeed gave Long Chen a kind of palpitation, or else other people who were unable to control these evil and yin artifacts would be affected by this artifact, but Long Chen's bloodline was too powerful, so this problem shouldn't exist.

After a fierce battle, one of the Radiant Shencheng's forces had been killed, while the other two had been killed.

Amongst the remaining two people from the Shencheng, the strongest was a silver-haired young man.

"Fourth brother, that's great, we have obtained the Heavenly Demon Blood Wings, our strength has increased tremendously! In the future, his status in the family would be greatly increased!"

The other teenager said with a fanatical look in his eyes.

"What do you mean we have obtained the Heavenly Demon Blood Wings? I got the Heavenly Demon Blood Wings, it's none of your business, you piece of trash! "

The silver-haired youth looked at him coldly and gave him a warning before he went to retrieve the Heavenly Demon Blood Wings.

After being warned, the youth realized the reality of the situation. He was terrified as he accepted the other party's warning. Just as the other party was about to go get the Heavenly Demon Blood Wings, a cold light flashed in his eyes.

Rip!

When the silver-haired youth made his move, he acted at an even faster speed. Two white-gold beams of light shot out from his eyes and suddenly, blood splattered everywhere, causing the teenager with his eyes destroyed to wail in pain. However, the silver-haired youth turned a deaf ear to the words of the youth.

"You're still a bit too inexperienced to fight me."

The silver-haired youth smiled contemptuously as he kicked the youth's body away. He turned around to retrieve the Heavenly Demon Blood Wings, but the moment he turned around, a stranger suddenly appeared in his hands.

"AHH!"

The silver-haired youth took a step back in fear. Just as he was about to attack, he saw Long Chen's face clearly. He laughed in disbelief, "So it's you! Everyone in our Guang Ming Shencheng has been tracking your whereabouts, I didn't think that you would actually come running in front of me, and try to steal my Heavenly Demon Blood Wings. Hand over the golden horn of the Ancient Tortoise, then hand over the Radiant Goddess, and I will spare your life! "

Long Chen resisted the powerful evil thoughts coming from the Heavenly Demon Blood Wings with one hand and without saying a word, he launched a terrifying attack with the God Slaying Sword in the other hand!

Compared to when he was fighting for the golden horn of the Ancient Tortoise, Long Chen was obviously stronger by another level.

"Bright Battle Spear!"

However, in the end, they were easily destroyed by Long Chen's God Slaying Sword, the power of the sword grew stronger and stronger, and the Dao artifacts that could be destroyed grew stronger and stronger as well. When Long Chen hung the God Slaying Sword around his opponent's neck, he had destroyed a total of four of his opponent's Dao artifacts, causing the number of Dao patterns on the God Slaying Sword to skyrocket from 28 to 35, and the amount of strength and killing intent contained within them grew increasingly terrifying.

A complete defeat!

The silver haired youth trembled as he looked at the cold Long Chen. His attitude had undergone a huge change as he begged him through tears, "I beg you, please don't kill me. I won't tell anyone that I met you!"

"I'm sorry, I only believe in myself." This sort of person wasn't worth trusting at all.

Since Long Chen had a lot of experience, of course he wouldn't be tricked.

Seeing that he could not fool Long Chen, the other party became furious and threatened: "My Light Shencheng is the number one city in the south, and its combat power is three times that of your War God's Ancient City! If you dare to kill me, my Radiant Shencheng will flatten you to the ground and let you die without a burial ground! "

But Long Chen laughed, and said: "Firstly, you do not have that much power. Secondly, even if all the people from the War God's Ancient City died, what does it have to do with me?"

When the other party was at their most furious moment, Long Chen sent him to hell.

"This world is so cruel!"

He had to kill, for his own safety.

Of course, the people he killed were the kind that even their own brothers could kill for treasures. This kind of person living in this world would only bring about a greater disaster.

Long Chen took the Heavenly Demon Blood Wings.

He pondered this as he left.

His Nirvana Power had entered the world of the Heavenly Demon Blood Wings. There were countless blood colored bats inside, making it a dark and dirty place.

When his Nirvana Qi invaded, the blood colored bats fought frantically. The dark energy on the Heavenly Demon Blood Wings also invaded Long Chen's body.

"Scram!"

Long Chen's transformation of his Nirvana Power into blood-colored dragon scared the blood bats.

Although it was a 63 dao pattern palaeogeostats, and with Long Chen's current strength, it was still difficult to completely control it, he could at least tame those bats and let Long Chen understand the operation of the Heavenly Demon Blood Wings.

Two hours later, a pair of enchanting blood colored wings appeared behind Long Chen.

Blood-red runes flickered on its wings. There were vague bloodthirsty bats hiding within, brimming with endless killing intent.

The Heavenly Demon Blood Wings could attack and defend. Its greatest use was its speed!

Long Chen gently flapped his Heavenly Demon Blood Wings, and his speed instantly soared by several times. He was already at the speed level of the Nine Layered Nirvana Tribulations Realm, and after using the Heavenly Demon Blood Wings, his speed instantly stepped into the level that only tribulation of reincarnation could reach!

A blood-red shadow whizzed past!

This sudden increase in speed brought about an astonishing change to Long Chen. If he relied on the Heavenly Demon Blood Wings, he estimated that he would be able to travel across the Divine Desolation Ancient Earth in less than a day.

"It is indeed a good item."

Long Chen could not help but sigh.

However, he did not dare to show off.

advanced forward using the Heavenly Demon Blood Wings. Whenever he saw someone, he would use the Time Traversing Dragon and travel unhindered. If things continued like this, leaving the Divine Desolation Ancient Earth would not be a problem at all.

In the endless wilderness, the roars of huge beasts could be heard. When the disciples of the 72 - The Ancient City of God's descendants arrived, everything was a mess. There was the smell of blood everywhere.

Behind the scenes, unknown assassins wandered through the Divine Desolation Ancient Earth, and from time to time, people from the ancient city of God would die.

The Elemental Spiritual Array wreaked havoc, and night once again descended. The bloody and yellow aura of desolation rose, and the aura of the great wasteland assaulted their faces. Archaic descendants appeared, and their killing intent surged.

In the dark night, there would occasionally be a few screams.

As Long Chen left, the Heavenly Demon Blood Wings gave him a great deal of convenience. Following the route that Dong Huangliufeng indicated, Long Chen was getting closer and closer to the outside of Divine Desolation Ancient Earth.

He also sealed the Great Void Realm to prevent this unfamiliar boy from finding out too many secrets of himself.

But he still had an uneasy feeling.

"What went wrong?"

Long Chen broke into a seemingly quiet and serene forest. The poisonous bugs in the forest roamed about, but they did not sense Long Chen's existence.

"He must be an assassin who doesn't know whether he's there or not."

It was the existence that killed the entire team of the ancient city's members, the Yearly Beast's havoc, it definitely had something to do with them.

Long Chen faintly felt that he had accidentally entered into a trap.

Just at this time, a lake appeared in front of them. The lake was relatively clear and there was no beast's scent in the lake, but Long Chen was still worried. He chose to pass by the lake's edge.

"Come back."

Suddenly, a soft and soothing voice rang in his ears.

Long Chen's entire body quivered. Just as he was about to use his Heavenly Demon Blood Wings to speed up, a pink barrier wall appeared in front of him. He slashed with the God Slaying Sword, and the pink barrier wall was actually like hard cotton, bouncing him back and landing him by the lake.

Long Chen's heart trembled, he had to realize, even if he used up all of his strength, he might not be able to open the pink barrier wall.

While he was still using the Time Traversing Dragon, which meant that the other party was a peerless expert.

However, she shouldn't have any relationship with Su Zilan.

Long Chen did not panic. He gave up resisting and turned around, to see that the surface of the originally calm lake surface was rippling with microwaves, and in the darkness, a woman wearing a pink muslin dress floated out from the lake. He had a pair of pink eyes, and was staring at him.

Long Chen had never seen a girl who could have such a charming demeanor. Even the heart of the City Lord, that blue-haired woman from the Spirit of Life race, was not even one tenth of this woman.

Her figure was extremely enchanting, and the pink gauze covering her body had already soaked the lake water. The radiance of spring could vaguely be seen, revealing her delicate white peaks and two spots of rosiness. Her lower abdomen was smooth, and her waist was like a snake's, and even though half of her buttocks were submerged in the water, one could still see how tall she stood. Droplets of water rolled down in an astonishing curve.

Her long hair coiled up as the lake water dripped down. Her delicate nose still had water droplets, her red lips were alluring and alluring, the tip of her tongue faintly discernible. Her eyes were crystal clear, as if she could speak, filled with endless emotions.

This kind of woman suddenly appeared in front of Long Chen.

In terms of beauty, this woman was definitely at the top. It could even be said that she was a natural born enchanter. No matter where she went, countless men would go crazy for her.

It was just that to Long Chen, there was already no one who could be more attractive than him.

This woman brought him an unprecedented crisis.

He took a deep breath, but felt a mysterious aura emanating from her body.

He subconsciously asked, "You're of the demi-human race?"

That's right, it was the aura of a demon.

Just as Long Chen finished speaking, the woman walked out from within the lake. Long Chen astonishedly discovered that behind her, there were actually nine pink fox tails.

It had to be the Monster race.

In the Immortal God Realm, Demon God Area and Dragon God Domain were enemies, enemies that did not give up until one side died.

Now that this strong Goblin Fox was here, Long Chen thought that this year's Goblin Tribe calamity had something to do with the Goblin Tribe.

Chapter 1800 - Aunt

This woman looked young, but to be able to participate in such an absolutely major operation was even related to the war between Dragon God Domain s. Her age definitely did not seem like she appeared to be like this, and might even be an old demon that was even older than Su Zilan.

At this time, the woman stretched out her hand and made a gesture. A graceful and luxurious bright red robe draped over her body. On it was embroidered the picture of a full moon, making her appear even more charming.

Even though she was a fox, her eyes were very cold. It was as if she was a true god looking down on mortals. However, her attitude was not domineering, and she had an unfathomable crafty smile on her face.

Long Chen was curious, why did she stop him?

Just as he was feeling doubtful, the other party spoke with a soft and numbing voice, as though he was acting coquettishly.

She asked, "Are you the one that imprisoned my Monster race?"

Long Chen finally understood the reason.

An almighty demon like her would definitely be able to differentiate between dire beasts and true demons. Thus, when Long Chen passed by, she felt Mo Xiaolang's presence.

Generally speaking, this kind of woman with an unfathomable personality was the most terrifying, so Long Chen didn't dare to provoke this kind of aunt, and immediately replied: "ing to Senior, he's not imprisoned.

The woman rolled her eyes. Even though she did it in such a charming and cute way, she said, "Don't call me senior. If you call me old again, Aunt will take your life."

Long Chen hurriedly nodded.

Only then did the other party say in surprise, "Are you saying that the Monster race is your brother?"

In this world where demons and humans were like fire and water, this kind of situation was quite rare. It was no wonder why the fox girl was so strange.

Long Chen nodded.

In the God Kingdom, Mo Xiaolang knew that if he met with someone like this, he would have to make a move. He turned into a human and came out of the God Kingdom, where the two of them stood together, looking at each other with a tacit understanding.

"That's strange."

The fox girl used her hand to support her chin, revealing a vexed expression. After circling around the two of them, she said, "Little rascal, what kind of wolf are you? Why haven't you seen it before?"

Long Chen and Mo Xiaolang looked at each other.

This senior 'of the demon race must be incredibly powerful, but at least for now, he didn't show any malicious intent. Since she had seen and understood a lot, there weren't many secrets that could be hidden from her.

Mo Xiaolang said very straightforwardly: "Sun Devouring Demonic Wolf."

The fox girl giggled and then became dumbfounded: "You tricked me, why hasn't this grandaunt heard of the damned Sun Devouring Demonic Wolf before?"

Her smile was moving.

Mo Xiaolang replied: "I'm the only one in the clan, it's normal that you don't know."

Sun Devouring Demonic Wolf only existed in the Three Great Imperial Domains and had once appeared. However, they had clearly died young and hadn't grown to the level of Mo Xiaolang. It was normal for Sun Devouring Demonic Wolf to have never appeared in the Immortal God Realm. Therefore, the other party had never heard of it.

"Oh?" The fox girl was intrigued. She glanced around and said in surprise, "Amazing! It's a mutated bloodline. It was originally humble, but now it has grown to such a degree."

The more she spoke, the more surprised she became, as if she had picked up a treasure.

Long Chen had a bad feeling about this.

The other party said, "Your mutated bloodline is not bad, but it has not been fully developed. Follow me back to the Demon God Area, I will study it thoroughly."

She revealed a gaze of unrelenting love, walking around Mo Xiaolang with a complacent smile from time to time.

Mo Xiaolang and Long Chen looked at each other, the things they were worried about had indeed happened.

Without waiting for Mo Xiaolang's reply, the other party's gaze shifted towards Long Chen, and smiled: "As for this human, I accidentally let him see the identity of my demon clan. In order to prevent him from revealing my identity, I had no choice but to kill him first."

Once those words were said, Mo Xiaolang's expression changed. He obstructed Long Chen and said: "If you kill him, I will definitely kill you!"

Her face was rosy red, and her nine pink fox tails quivered as she said, "Truly two adorable children. Aunt was only joking with you two, don't worry, I won't touch him, but you should come with me back to the Demon God Area. You are still young, and staying in this human race is really too dangerous."

He originally thought that Mo Xiaolang would immediately agree, but unexpectedly, after hearing this, Mo Xiaolang gently shook his head.

He said, "Big brother and I will travel together. We don't want to separate from him, so I will protect myself. No matter what, I hope sire will not make things difficult for us ..."

Seeing that they were serious, the fox girl immediately became angry and asked, "What is going on with you guys?" To fight to the death? Do you all like men? "Holy sh \* t!"

She revealed an expression of extreme disdain, lightly patting her ample chest to suppress her shock.

Long Chen and Luo Hua City Mistress were instantly speechless.

They were all men of steel, there was absolutely no such strange thing.

Mo Xiaolang said: "It's not as dirty as you think. It's just that we brothers are used to traveling together, so we are not planning to split up. "That's all."

The fox girl asked doubtfully, "Is that really not the case?" But I feel that apart from a couple, there doesn't seem to be any other relationship that needs to be broken up, right? "I don't care, now that Aunt has decided to bring you back to the demon race, do you dare to disobey my orders?"

This matter was really hard for Long Chen to say.

His mind was clear that the reason this woman was able to speak to him like this was because of Mo Xiaolang's potential and bloodline. She was an almighty member of the Goblin Tribe, so he could not contradict her like Mo Xiaolang had done.

In the face of the fox girl's coercion, Mo Xiaolang still decisively shook his head and said: "I already said, no matter the reason, there is no need for me to separate from my big brother."

This made the fox girl angry, she said, "Little guy, grandaunt protects you because you are a fellow member of my demon race. If you stay in this human race, no matter how well you hide, there will be no burial ground for you. I am doing this for your own good. If you don't leave, your brother will be killed sooner or later. What I said was the truth, so don't you believe that amongst the young demi-humans, how many will be able to survive in the human territory? "

Regarding this, Long Chen and Yue Yang had nothing to say.

Long Chen's original goal was to go to a place at the border between the Dragon God Domain and himself. There were humans and demons there as well.

Therefore, he said: "After I leave the Divine Desolation Ancient Earth, we will head towards the border of the Dragon God Domain together. We will accept this sister's concern, I can guarantee that nothing will happen to my brother."

"Oh? The Divine Desolation Ancient Earth is sealed off by our Spirit Demon Race, do you really think you can escape? " With regards to the name 'Big Sister', the other party was very satisfied, and thus broke the news that Long Chen had no other choice.

Indeed, the Monster race had made a big move.

Mo Xiaolang said somewhat embarrassedly: "It's fine even if we were to try to harmonize it, right? We just want to get out of here. "

"No way!"

The fox girl glared at him as she rolled her eyes, "You stubborn little thing. Aunt will definitely make you follow me back to the demon race. Even in that kind of area, where humans and demons fight every

day, a good seed of the demon clan will be wasted by you sooner or later. It's not easy for Aunt to find a good seedling! "

Long Chen and Mo Xiaolang were speechless.

Actually, Long Chen had thought that following him might not be a good thing, furthermore, he was getting stronger and stronger. Rather than following him around as a street rat in the Dragon God Domain, it would be better to let him go to his own world, and develop at a rapid pace just like in the Desolate Imperial Domain.

Mo Xiaolang should also have his own life to live.

However, they had just arrived at the Immortal God Realm, so they were even more eager to fight side by side.

However, reality was cruel at times. It was just like how the hatred between humans and demons was not even present in the Dragon Sacrifice Continent, but was harsh to this extent in the Immortal God Realm.

Mo Xiaolang was willing to live such a life, and this was the meaning of his existence.

Of course, Long Chen would not give up so easily.

Unless it was absolutely necessary, he wouldn't allow others to take control of his own life. Right now, this fox girl didn't force him too much.

It was at this moment that she seemed to come up with a brilliant idea.

She smiled weirdly, causing Mo Xiaolang's hair to stand on end, and then played tricks on him: "My aunt was kind enough to point out a way for you to survive, but you actually don't know what's good for you. I'll let you understand, the human race's territory truly isn't suitable for you to live in.

With a wave of his hand, Mo Xiaolang's body underwent a miraculous change.

Long Chen could feel that boundless demonic energy emitting from Mo Xiaolang's body as if it was unstoppable, and was even richer than the fox girl's. It was as if some kind of shackles on Mo Xiaolang's body had been released.

Hehe, this is aunt's little trick, this kind of demonic qi, no matter where you put it, you can't hide it! Two damned little fellows, you actually don't know what's good for you, seeing that the humans aren't going to torture you two badly, when that time comes, aunt will wait for you to beg me, so I can bring your Sun Devouring Demonic Wolf back to the Demon God Area!

She was very proud of her brilliant idea.

In the midst of that numbing laughter, the fox girl suddenly disappeared.

The surroundings had changed back to their original appearances.

The lake was very quiet.

Long Chen and Mo Xiaolang looked at each other.

"This is bad!"

They realized that Mo Xiaolang's demonic qi could not be concealed at all. Even if it was placed in the Great Void Realm, the demonic qi was still majestic and even Long Chen himself could feel it, let alone those tribulation of reincarnation experts.

"This damned guy!" Mo Xiaolang was so angry that his face turned green.

"Big brother, what should we do?"

Long Chen already had no way to think about this problem.

Because, when Mo Xiaolang released his demonic aura, there were already people who sensed the movement over here, and many experts immediately rushed over!
