

War God 1801

Chapter 1801 - Exposure

After that demon fox girl's strange method, the change on Mo Xiaolang's body was truly shocking.

With the degree of surging demonic qi like this, it brought huge danger to Long Chen. He had already tried before, even with the Time Traversing Dragon, the dense demonic qi would not dissipate for a long time.

But at this time, in the blink of an eye, the demon fox girl disappeared.

Seeing that someone was already heading their way, the two of them immediately made a decision and decided to leave.

Long Chen alone used the Heavenly Demon Blood Wings, his speed was already at the level of a tribulation of reincarnation warrior. With such a terrifying speed, he turned into a bloody tornado and quickly left the forest, but despite that, he was still releasing the astonishing demonic energy.

Faintly, Long Chen already sensed that a human clan expert was chasing after him.

In the Divine Kingdom, Mo Xiaolang said rather anxiously, "Big Brother, no matter what I do, I can't change it. I can't hide it, what should I do? That damned witch! Isn't this just teasing us? "

Long Chen said calmly: "Her goal is to let you know the difficulty of the situation and retreat, let's first get rid of our pursuer, then we can talk."

The blood colored tornado quickly disappeared, its speed was absolutely astonishing. If it was the Dragon Sacrifice Continent s, once Long Chen used his Heavenly Demon Blood Wings, he would be able to bring the Dragon Sacrifice Continent to its end in a short amount of time. After all, this was a world that was currently collapsing.

In the blink of an eye, there were people chasing after them from the forest.

"An expert of the tribulation of reincarnation." Long Chen squinted her eyes as she watched the person chasing after him at high speed.

At this time, there was a noise ahead, and two figures came out from the Dark Mountain Range. They said in surprise, "Demon race? Come to our human Divine Desolation Ancient Earth and you shall be executed! "

Long Chen had never seen the hatred the people of the Dragon God Domain had towards the Spirit Demon Race, so he had finally seen it.

There were a total of two groups chasing after him.

The figure of the two people behind them quickly appeared. Long Chen was startled to realize that it was actually Su Tianyuan and Su Jiuyou from War God's Ancient City. They were all the top existences among the young generation of War God's Ancient City, the new Twin Stars.

The person in front of him was not a stranger, it was two young people from the Light Shencheng, a man and a woman. The man had short golden hair and blue eyes, he had a tall stature, had a strong, fierce, and handsome face, and the woman was also beautiful.

Mo Xiaolang's transformation had actually triggered four extremely strong youths of tribulation of reincarnation in such a short period of time.

These people were the top experts of the new generation in the Dragon God Domain. Originally, Long Chen would not be able to recognize such a person.

When they discovered that it was Long Chen, they were very surprised as well.

"Isn't this the little fellow that third uncle recognizes? Why does he have such a majestic demonic aura on his body?"

"Maybe he's in his Divine Kingdom, where his elders have been training him. When they see a demon, they must kill him on the spot. This little guy is roaming everywhere, and I don't know what secrets he has. I can't let him escape."

On the other side, when the two young warriors from the Radiant Shencheng saw Long Chen, their eyes grew even brighter.

"The Goddess of Light is in his kingdom."

"We must catch that monster and kill him!"

Their vicious performance made Long Chen clearly realize how much hatred humans had towards the Goblin Tribe in the Dragon God Domain. They could kill them without even asking the reason!

In that case, the demon fox did not threaten Long Chen.

There was no way out, there were pursuers behind him, Long Chen immediately changed his defensive line, with his Heavenly Demon Blood Wings flapping wildly, he led himself forward, and the two groups of people behind him had converged together to look at each other. Both sides wanted to obtain Long Chen, so they faced each other in hatred and fought in the dark.

"How strange, how can his speed be so fast?"

"With his Nirvana Power, he has roughly passed through the Earth Terminus Heart Demon Tribulation. It is impossible for him to reach such a level!"

Very quickly, they discovered that the reason why Long Chen could be so fast, was because of the Heavenly Demon Blood Wing, this palaeogeostats.

In reality, if not for Mo Xiaolang's transformation, Long Chen would have been able to completely throw them off by using his Time Traversing Dragon.

"Big brother, I'll swallow this up."

Mo Xiaolang looked at the Flamephoenix Feathers, this was the true treasure.

After defeating Su Yuji, Long Chen had handed the Fire Phoenix Feathers to him, and the reason why he hadn't devoured them was because Mo Xiaolang had progressed too quickly and needed to be suppressed. The second reason was that the Divine Desolation Ancient Earth wasn't safe, and they had planned to steadily improve after they left the sect.

Fire Phoenix Feathers was a feather left behind by a divine beast, and it was alive as well. It contained the Fire Phoenix's mark, the golden-red fire phoenix flame was countless times rarer than the Prison Fire Star Giant Beast's hellstar fire, and it was an extremely enticing task for Mo Xiaolang. This kind of divine flame could completely cause Mo Xiaolang's Sun Devouring Demonic Wolf body to undergo a terrifying transformation.

At the moment, this was the only chance of survival.

In actuality, if there was a quiet opportunity to let Mo Xiaolang peacefully digest the Fire Phoenix Feathers, it would naturally be the best thing to do. But it was already the time when he had no other choice, so every bit of his combat power was extremely important.

Mo Xiaolang immediately transformed into the body of a Sun Devouring Demonic Wolf and started biting and tearing at the Fire Phoenix Brand. Under the struggle, with the supreme ability of the Sun Devouring Demonic Wolf, he swallowed the Fire Phoenix Feathers into his stomach, and in that instant, golden red flames covered her entire body. He was in extreme torment, and the terrifying power was so much that Long Chen's divine country was unable to endure any longer.

Long Chen gritted his teeth as he tried his best to provide a peaceful environment for Mo Xiaolang to complete the transformation.

They had even used their star runes to send out messages, and in the blink of an eye, a large number of experts would immediately come over in this direction. Su Zilan had also received the news, so if they continued to chase after him, they would only be able to receive this one order.

Long Chen's mind suddenly stopped.

At this time, the four young Rankers immediately appeared in front of him. The two of them were fighting against each other, but when Long Chen stopped, the two Light Shencheng s separated into two people and stopped Su Tianyuan and Su Tianyuan, while the other one went towards Long Chen.

"Save me!"

Long Chen's expression was calm as he activated his Heavenly Demon Blood Wings, escaping from the tribulation of reincarnation warrior's grasp and heading towards Su Tianyuan and Su Jiuyou's direction. The warrior immediately caught up.

Due to Long Chen's words about saving me, the two Guang Ming Shencheng who didn't know about their relationship immediately became anxious. They quickly attacked Su Tianyuan and Su Jiuyou, wanting to defeat them so they could snatch Long Chen away. To the people of the Guang Ming Shencheng, they were even more proud.

Long Chen used a little trick on them and allowed them to get into a real fight. The two groups of people fought intensely, and Long Chen used this chance to get into the deep mountains, using his maximum speed to hide, the huge beasts in the forest and the Spirit Demon beings' Qi startled them, but they hated the humans the most. Facing the demons, the beasts did not react, and allowed Long Chen to leave.

Just like that, Long Chen successfully escaped from the four men's pursuit. By the time they stopped fighting, Long Chen would be long gone. They could only follow the scent of the Spirit Demon beings and chase after him.

Seeing that Mo Xiaolang had already entered a state where he could swallow the Flowing Gold Fire Phoenix Feathers, Long Chen felt a lot more at ease.

Although the two brothers had experienced many hardships during their journey in the Immortal God Realm, Long Chen didn't want to meet the situation that the fox girl had described.

"Fate is broken through by strength. I refuse to believe that I, a dignified ancestor Dragon Fighter, cannot even protect my brothers!"

This reality made Long Chen a little resentful in his heart.

He continued to travel through the forest, changing routes everywhere, until it was impossible for the four people to catch up.

However, Mo Xiaolang's existence still made him look like a star in the night sky, visible to everyone.

Long Qinglan did not give him the most powerful bloodline, so he had been using the ancestral dragon-inherited blood to fight for his life this entire time!

Unyielding!

Don't admit defeat!

Until now, he had long since honed out the toughest will, and maybe this was what Long Qinglan wanted him to understand. Those people who started their cultivation from the Divine Martial Stage, would never understand the difficulty of cultivating.

Late at night.

A desolate aura surged.

The great wasteland slightly trembled. In this ancient continent, there was not a single person.

Mo Xiaolang had completely entered a state of unconsciousness, and was making a final struggle against the remnant will left behind in the Fire Phoenix Feather.

"Long Chen!"

A hoarse but young voice sounded like a nightmare in the night sky.

Long Chen's body trembled. What was coming was finally coming, and no matter what, he could not avoid it.

However, he hoped that he didn't know that he had killed his two younger sisters.

He hid within the darkness and quietly arrived. In the blink of an eye, he appeared in front of Long Chen, and for the first time, the tall and sturdy man dressed in black looked at Long Chen with shining black eyes.

Long Chen stopped in his tracks.

Su Muchen!

Although he had not reached the tribulation of reincarnation, in Long Chen's senses, he was actually stronger than Su Tianyuan!

Although this guy was taciturn, to be honest, in War God's Ancient City's group of youths, Long Chen was afraid of him.

The wind was howling, and his cloak was flapping.

"Let's return to the main group. We're about the same in numbers. Furthermore, you seem to have brought the Monster race with you, so you should just kill them on the spot.

He was not overbearing, but rather amiable as he spoke with Long Chen.

It seemed that he did not know that Long Chen had killed his two sisters.

If he were to return, there was no need to mention escaping Su Zhen's control.

unfurled his Heavenly Demon Blood Wings and without saying a word, he once again went all out, using his utmost strength to propel his speed, and disappeared from Su Muchen's sight in the blink of an eye.

Su Muchen helplessly shook his head and his figure disappeared into the darkness. His speed was terrifying to the point where he actually completely surpassed Su Tianyuan and the others, and also surpassed Long Chen.

Swish swish!

The two figures charged forward at high speed.

Half an hour later, Su Muchen appeared before Long Chen's eyes. He extended both his hands, and the black devilish energy began to boil.

This was the magic barrier that was similar to the one formed by demon tree.

Chapter 1802 - Heavenly Divine Curse

It could be said that the Nirvana's power on Su Muchen's body was extremely similar to the Demon Qi on the City Lord's body.

The only slight difference was that Su Muchen was an Primordial Devil Dragon, while the City Lord was a Demon that had truly escaped from the Nirvana Tribulation.

The Demon Barrier surged, like waves of waves, it swept out in an instant. From the fact that Su Muchen was able to stop Long Chen, it could be seen that he was stronger than Su Tianyuan and the others.

This mysterious and cold man stood silently in front of Long Chen, blocking his path.

Long Chen's true realm was only Fourth Stage of Nirvana Tribulation, while his opponent was at the Nine Layered Nirvana Tribulations Realm.

What Long Chen was more powerful was probably his blood. When the two of them met, it was like meeting a newborn tiger, or meeting a child that was a few months old, a wild dog. Once the tiger had grown to the highest level, the wild dog would naturally not be his opponent.

Long Chen stopped in his tracks, since Su Muchen was blocking the way, he had no choice but to give it his all, otherwise, when the others arrive, there would be no hope at all.

Long Chen did not believe in fate, he only believed in his own struggles. If he gave in, he would never forgive himself.

Behind him, the Heavenly Demon Blood Wings fiercely flapped as a bloody aura filled the air. On his body, fine blood-red scales covered his entire body, and only the Primordial Blood Spirit Dragon's reverse stab pierced out, turning him into a peerless killing machine!

Seeing him like that, Su Muchen frowned!

His body was covered in black dragon scales, and demonic qi overflowed into the heavens!

One red and one black, these two divine dragons were like two fated rivals, at loggerheads, at loggerheads.

The power and prosperity of the Primordial Devil Dragon gave Long Chen a lot of pressure. A terrifying Ancient Giant Beast was hidden inside Su Muchen's body, its huge heart seemed to be trying to fill up the entire heaven and earth, releasing an astonishing amount of vitality!

In reality, to Su Muchen, he was even more shocked in his heart. To him, Long Chen was clearly just a baby, a young dragon, but why did his body give off a kind of bloodline suppression?

The Primordial Devil Dragon is already a super dragon, then is Long Chen just a super dragon?

Su Muchen buried the doubt in his heart.

"Don't try to do anything useless. The current you is still too young. If I am to deal with you now, it would be unwise for me to defeat you."

Su Muchen said in a heavy voice.

He was fair and square.

If it was not a friendly relationship, then this person might have become her friend. Long Chen no longer had the time to bullshit with him.

"Their paths are different, and they are completely unrelated to each other!"

After saying these words, he had already steeled his resolve to fight. Carrying Ling Xi's safety and carrying Mo Xiaolang's fate, he absolutely could not be stopped at this time. This was the incomparably tenacious motivation in his heart!

The drive of men!

He would not think about the difference between him and the other person. He only had one belief in his heart, and that was responsibility, responsibility to the person he cared about!

The flames of the Refinement Realm were blazing!

Long Chen was completely engulfed in the flames of refinement, and his cultivation level began to increase rapidly. Even his divine might as an Ancestral Dragon brought about pressure to Su Muchen.

"This little guy ..."

Just as he finished reading, Long Chen had already used the Godfire Refinement to the limit. With a flap of the Heavenly Demon blood wings, a blood-red ray of light shot towards Su Muchen!

"What an astonishing dragon's might, just what kind of dragon is this? The slaughtering system, could it be that it comes from the Slaughter Dragon City? "

Su Muchen remained calm and collected. On his black dragon's scale, devilish energy swirled and the entire devilish barrier was in his control.

Rip!

The Spiritual Refinement Flame rushed over. The black and red Divine Dragons launched their attacks in a humanoid form. For a time, the demonic environment was filled with flying rocks and rocks, and the ground began to crack and shatter.

Long Chen had dug his fighting strength to the limit, but his opponent was as profound as the ocean.

BOOM!

Rocks cracked wherever the swords passed. Although the Archaic Blood Spirit Dragon was young, its powerful king aura still suppressed the Archaic Devil Dragon's head.

However, the power of the Primordial Devil Dragon was simply too great.

"Break!"

Under Su Muchen's control, the demonic qi swept towards Long Chen and easily repelled him. Su Muchen was not in the mood to fight with Long Chen, he only wanted to capture Long Chen and bring him back.

There was a gap of five stages of Nirvana Tribulation.

Long Chen's true realm was actually the thing that shocked people the most.

In this world, only Ancestral Dragons could fight against Su Yuji, who was at the Nine Layered Nirvana Tribulations Realm, during Fourth Stage of Nirvana Tribulation battles.

"Is it really that powerful?"

Long Chen was immersed in a bloody world.

No matter how he attacked, the other party was like an endless fortress that was able to easily push him away. This was actually within Long Chen's expectations, a high level Dragon Fighter was much stronger than the god blood descendant, and the stronger Su Muchen was, the more excited Long Chen was in his heart!

BOOM!

Su Muchen started to become serious. Even though Long Chen's Primordial Blood Spirit Dragon's will had made him extremely uncomfortable, in comparison, Long Chen was simply too young. Su Muchen relied on his absolute strength to suppress him, who was using the Godly Refining Flame.

"You're too young, just surrender."

Su Muchen's imposing voice came out.

Long Chen turned a deaf ear and attacked again and again, stimulating the blood and passion in his heart. A fight of this level would benefit him greatly in comprehending the deeper way of killing!

The True Martial Emperor's Soul left behind by the City Lord of Wasteland Death was also his record on the way of battle, and it similarly helped Long Chen a lot.

His whole body was in a state of extreme excitement, growing more and more shocking.

It was at this time that Mo Xiaolang absorbed the flame power of the Fire Phoenix Feathers and a terrifying explosion occurred within the God Nation. He was the bane of all flames, and the Primordial Treasure brought him such a huge benefit, that when such a huge amount of flame power turned into Nirvana Qi, Mo Xiaolang succeeded in welcoming his seventh stage of Nirvana Tribulation — — Heavenly Divine Curse!

To others, this was the eighth stage of the Nirvana Tribulation!

It was certainly inappropriate to cross tribulation in the Divine Kingdom.

During the battle, Long Chen let the Sun Devouring Demonic Wolf come out of the Divine Kingdom and he faced Su Muchen alone once again.

He had to admit that he was no match for Su Muchen. He could only wait, wait for Mo Xiaolang to break through the Heavenly Divine Curse, then fight shoulder to shoulder!

Long Chen was also not weak, at least Su Muchen was not able to do anything to him for the time being.

"So, the dire beast that you've been bringing along is actually a demon."

"The Monster race is the ultimate enemy of our human race. Once you enter our human race's Dragon God Domain, you will definitely die. We cannot allow the Monster race to swagger around and make a name for themselves!"

"Long Chen, I will give you a chance, and kill this demon. Otherwise, you will be punished, and the crime will be to betray your clan, hide your enemies, and sell your country to your enemies!"

"Under the severe punishment, you will definitely die!"

As they fought, Su Muchen spoke in a low voice.

Long Chen still did not hear him say a word, the fight between the two of them had already reached its climax. Although Long Chen's Divine Flame caused his opponent to be wary, but after the opponent gradually increased the power of his attack, the blood colored Divine Dragon had already been forced to retreat step by step, Long Chen's entire body suffered a huge impact.

"You're not my opponent."

Su Muchen pushed him back with a crushing force, causing Long Chen's vital energy and blood to boil.

He threw Long Chen aside and headed towards Mo Xiaolang who was undergoing his tribulation.

Just as he made his move, Long Chen suddenly appeared in front of him. Even though he was injured, his expression did not change in the slightest.

Su Muchen said in a low voice: "Get out of the way, I'm helping you get out of the way. Do you want to be tortured to death? "

Long Chen clenched his teeth, without any hesitation, he spoke word by word: "This is my brother, I do not know what you are talking about, I am not interested, I only know one thing, whoever dares to touch him, I want his life, as long as I am not dead, he must die!"

Looking at his blood-red eyes and firm gaze, this was definitely not a joke. He was serious, incomparably serious.

Su Muchen's eyes turned cold and stern. "Idiot, I'm just trying to please you for the sake of both being Dragon Fighter, but don't you touch my bottom line. Monster race, you have to die!"

His eyes were cold, and he wasn't joking.

Since even someone like him valued the matters of the Demon Clan so much, it was obvious that what the Fox Girl from the Demon Clan said was true. With Long Chen's current power, it was simply impossible for him to protect Mo Xiaolang.

Weng! *

The Heavenly Divine Curse had descended!

Just like the Earth Fiend tribulation, the Heavenly Divine Curse came from the body.

All of a sudden, hundreds of millions of strange golden runes appeared in every corner of the Sun Devouring Demonic Wolf's body!

There were trillions of runes, and none of them were the same.

The Heavenly Divine Curse was even more terrifying than the Earth Terminus Devil Calamity because it could destroy every part of the body and not even ashes would remain.

A golden cocoon gradually condensed on the Sun Devouring Demonic Wolf's body, and the golden cocoon was densely covered with Heavenly Divine Curse s. In the middle of the golden cocoon was a sea of Heavenly Divine Curse s, and in that instant, it was as if Mo Xiaolang was submerged by a golden ocean.

From within the golden cocoon, the cries of Sun Devouring Demonic Wolf could be heard.

It was obvious that the Heavenly Divine Curse was not as easy as the Earth Terminus Devil Tribulation.

Now that the Nirvana Tribulation had arrived, Su Muchen had temporarily given up on killing Mo Xiaolang on the spot and turned back to face Long Chen. His good temper had already been wiped clean by Long Chen, and he said: "Last sentence, surrender.

Long Chen believed that Mo Xiaolang would definitely be able to do it.

In that case, he had to hold on!

Therefore, he said, "Impossible."

Chapter 1803 - Dominating the Mortal Life

"Impossible?" Su Muchen's voice was extremely cold and merciless, the monstrous devil energy formed endless ghostly shadows that wreaked havoc behind him. He had always had a good temper, but this time he was truly angry.

He was a super divine dragon, and he was even a Dragon Fighter that walked far, far ahead of Long Chen.

Towards Long Chen, he had always regarded him as a junior who needed guidance, but he had never thought that he would be so stubborn ...

Su Muchen admired Long Chen's willpower and bravery. Holding both of his hands, the black halberd in his hands congealed into streaks of black dragon shadows.

"Receive this."

The black halberd came crashing down from the skies!

Mo Xiaolang was right behind him, he could not retreat! He gritted his teeth, and the divine flames began to burn within his two swords. There were even a large number of ancient killing runes!

Clang!

With absolute strength, the opponent knocked Long Chen into the ground.

This did not cause Long Chen to be defeated, this was even normal.

In just an instant, he wiped the blood from the corner of his mouth and stood in front of Su Muchen again. But this time, he did not blindly block Long Chen's path, but rather, he unleashed an attack of violence!

Eternal! Illusory Bubble! Time Traversing Dragon!

Amongst them, the Time Traversing Dragon had given Long Chen undefeatable power. If not for Mo Xiaolang's demonic aura, this Su Muchen would not have been able to find him.

In this kind of situation, as long as Su Muchen did not cause trouble for Mo Xiaolang, Long Chen could rely on the Time Traversing Dragon to fight him endlessly. Furthermore, Su Muchen was also considered a man of honor, so during his battle with Long Chen, he did not touch the golden cocoon anymore.

Fight to the death!

KILL, KILL, KILL!

In terms of power, he formed an absolute suppression. It was only because of the existence of the Time Traversing Dragon, that this Primordial Devil Dragon was not able to hurt a single hair on Long Chen's body.

Every time it attacked from the front, Long Chen would clearly not be able to resist, but he was still able to get up immediately.

This rarely seen tenacious willpower caused Su Muchen to be moved. This youth whose eyes were extremely calm was not even a tenth of his age, but just what could support him until now without complaining or regretting it? Could this be the so-called brotherly love?

Humans and demi-humans could also become brothers?

This was what he couldn't understand the most.

Until the end, he was still unable to do anything to Long Chen. When he used all of his methods and failed to defeat Long Chen, he stopped.

He, whose entire body was covered in black dragon scales, landed on a mountain with thousands of holes. Long Chen stayed beside the golden cocoon, and at this moment, he was covered in blood and gasping for breath.

Inside the golden cocoon, Mo Xiaolang had already passed through the difficult time, his vitality becoming more and more exuberant.

The moment he came out of the golden cocoon, it was very likely that he would surpass Long Chen.

He was very satisfied. No matter what happened today, he had already done what was impossible for him. He did not abandon his brother, he did not abandon his duty. This was his pride. Even if he died, he would have no regrets!

In the golden cocoon, looking at Long Chen who was drenched in blood, the Sun Devouring Demonic Wolf let out an angry roar. It was as if his body contained endless power, allowing him to smash the Heavenly Divine Curse one by one and convert it into his own Nirvana Qi!

Inside the golden cocoon, the Sun Devouring Demonic Wolf's power could be said to have expanded to the extreme. The two of them had personally witnessed the enormous leap in strength and cultivation of this demonic beast.

BOOM!

The golden cocoon trembled.

At this moment, not only had Mo Xiaolang passed through the Heavenly Divine Curse, he had also relied on the flame power of the Fire Phoenix Feathered Pendant as well as the power of fury in his heart to climb to the peak of the Seven stages of Nirvana Tribulation. The Nirvana power in his body was equivalent to the late stage of Eight stages of Nirvana Tribulation, which also meant that Su Yuyao had been in this realm before!

The next stage would be the final Nirvana Tribulation, the legendary Gate of Life and Death!

It was a door with a slim chance of survival!

And the current Mo Xiaolang, was already extremely close to this life and death gate.

Bang!

Just as the two were paying attention, the golden cocoon burst open and the golden runes on the golden wolf's body gradually disappeared. Pure black flames rose from its body and blazed fiercely.

The current him, had power that was close to Su Muchen!

Coming out from the golden cocoon, he stared straight at Su Muchen with his bloodshot eyes.

They worked hard together, breaking through his limits. Mo Xiaolang knew that Long Chen was waiting for him, persevering until the moment he broke through, that would be the moment of their victory!

"Big brother!"

Mo Xiaolang said softly.

The two of them looked at each other. Without saying anything, they could feel each other's faith!

"Fight."

Long Chen said two words.

In the distance, Su Muchen quietly looked at the man and the wolf. This perfect combination, was extremely powerful, they might not be powerful, but the mental will within them caused Su Muchen to be moved. His eyes were calm, and he did not make a move even when Long Chen and Yue Shan were right in front of him.

The two brothers used all their strength. In terms of fighting strength, Su Muchen might not be afraid, he might not even lose.

However, he waved his hand and said, "You may leave."

His decision had truly exceeded Long Chen's expectations. In his imagination, Su Muchen should have been sent by Su Zhen to monitor him and he should also know about the martial magic seeds and yet he wanted to let him go?

Su Muchen said: "You are an opponent worthy of respect, I will not take advantage of you when you are down, and once your strength has improved, I will definitely not let you go."

Long Chen felt that he could not see through this person.

When he was at the War God's Ancient City's Heavenly Path Sect, Su Muchen had saved him from the Nine Stars Heavenly Dawn Bow. Could it be that Su Yuji and Su Yu Yao were not good people, but their brother was someone who had his own thoughts and wasn't blindly loyal to Su Zhen?

Su Muchen's decision made Long Chen view him with a whole level higher.

Before Long Chen left, he had to leave first. Before he left again, he did not turn around, but said again: "Don't be happy too early, I only gave you some time to think, and deal with the Spirit Demon race as soon as possible. Otherwise, you will be in an irrecoverable situation. I'll let you go this time, but others won't let you go. I, Su Muchen, am never a joke.

With that, he disappeared into the darkness, not long after.

He had originally thought that this would be a battle to the death, but he hadn't expected it to end like this.

Mo Xiaolang's power had greatly increased, so there was no longer any use for him.

He changed into his human form, gritted his teeth, and said, "Big brother, this is going to be difficult."

Long Chen did not regret it at all. To have such a brother who had followed him all the way, sharing life and death with him, in his life, was a very fortunate thing. His attitude still did not change at all, just like before. No matter who it was, no one was qualified to dictate their fate, and Long Chen would do whatever it took to resist.

If it was Mo Xiaolang, he would too.

This kind of brotherly relationship, needless to say, shake the heavens and earth, was the strongest thing in their hearts. No temptation or calamity would be able to destroy it.

From the time they had met until now, nothing had changed.

In the midst of the vast night, Long Chen took a deep breath.

The demi-fox girl gave him a huge problem.

However, this would also become known sooner or later. As Long Chen's name grew in the Dragon God Domain, there would always be people who knew of Mo Xiaolang's identity as a demon.

"Let's go!"

Long Chen said one word, his expression did not change, and continued on his way.

"Alright."

Mo Xiaolang did not give up on himself, nor did he act rashly. In the next few days, the answer would eventually come out.

He could no longer conceal the demonic qi that was being released from his body.

Long Chen found a path with the most dire beasts, and it was also the most terrifying path for Elemental Spiritual Array, because there were very few people here.

During the journey, there were still people chasing them, but those who were not strong enough to enter the tribulation of reincarnation were all killed by Long Chen without hesitation.

"Even though we are hurrying on our way, we are still unable to leave the Divine Desolation Ancient Earth. Didn't she say before that it was sealed off?" Facing the night wind, Mo Xiaolang said softly, he was very quiet.

"I can open it even if I seal it," Long Chen laughed bitterly, this was actually comforting himself.

He stretched out his hands, looked at himself, and said, "In the end, youth will pay the price for being weak. However, if I were a little stronger, I might be able to dictate my own fate, as well as yours."

Mo Xiaolang also laughed, "Yes, it's just that we lack time. We initially thought that the Three Great Imperial Domains was the top, but when we reached the top, we realized that there's still the Immortal God Realm. But big brother, this is the end of the world. When we rise again, there will be a day when we will stand proudly in this world once again. No one can move. Don't forget, you can be the successor of the Ancestral Dragon. "

Mo Xiaolang's words gave Long Chen a lot of confidence.

He understood that as long as they didn't die, sooner or later, this land would belong to them.

The two continued their journey.

"Although there are not many people on this route, there are too many Elemental Spiritual Array." Mo Xiaolang said.

Surrounding him, a storm was brewing. Several Storm Elemental Spiritual Array charged past, and the surrounding mountains were minced into dust. A tall mountain actually turned into dust.

Long Chen carefully avoided the Elemental Spiritual Array, but right at that moment, the communication snow dog in the God Kingdom started to grow restless, drooling and moving non-stop. Long Chen let it come out, but it was seen wagging its tail, staring at the mountain that was destroyed by the Elemental Spiritual Array with its big eyes.

"Let's go take a look."

Passing through a set of Elemental Spiritual Array, Long Chen blasted apart the scattered stones on the mountain, but he discovered that underneath the mountain that had been destroyed, a simple and unadorned bronze road had appeared, leading straight into the depths of the earth.

"The Divine Desolation Ancient Earth seems to be the hiding place for treasures as well!"

Chapter 1804 - Divine Bone

This bronze path was serene and profound, one could not tell where it led.

The bronze stairs were paved the ground, and the Elemental Spiritual Array outside were wreaking havoc, but the inside of the bronze steps were completely calm. In addition to that, and Mo Xiaolang no longer hesitated as they looked at each other, and directly turned into the bronze path. Just as they went in, the Elemental Spiritual Array swept through and sealed off the bronze path's entrance.

If not for the Spirit Snow Dog, Long Chen might not have been able to find this path in this complicated place.

Inside, there were many diagrams of the first natives of the Primordial Era fighting against the huge beasts. Although the outside world had been sealed with mud, and in this place where no one had come here for so many years, the bronze walls still flashed with a hazy light, giving Long Chen the feeling of being in the starry sky.

"It seems that someone has been here before."

After walking down the bronze stairs for around ten breaths of time, Long Chen came to this conclusion.

There were traces of people walking on the stairs and on the walls.

"Doesn't that mean that it must have been emptied out and there's nothing inside?"

Mo Xiaolang curiously looked at the deep underground.

Long Chen shook his head: "That may not be so. Divine Desolation Ancient Earth has existed for so long, over ten million years, there have been people walking every inch of the place. Looking at these traces, the last time he barged in might have been hundreds of thousands of years ago. Divine Desolation Ancient Earth's terrain was constantly changing, so it might not be impossible.

Long Chen was carrying the Spirit Snow Dog, but right now, the Spirit Snow Dog was staring at the depths of the bronze road excitedly. It couldn't wait to break free from Long Chen's embrace and run down.

The two continued to delve deeper.

After walking for about half an hour, the bronze stairs finally reached their end. In front of them was a dilapidated underground palace on a very large scale, originally it was supposed to be very bustling, but now that it had sunk underground, after experiencing the corrosion of time and the destruction of someone else, it was no longer the same original appearance, or perhaps it could no longer be said to be the same original appearance.

However, the relief of the first natives fighting against the demons on the ancient wall was still clearly visible.

"From the looks of these sculptures, I can see that the humans and the demons are indeed mortal enemies since ancient times ..."

Mo Xiaolang said as he touched these reliefs.

"Don't forget, you are only a human." Long Chen said.

"Yes." Of course Mo Xiaolang did not forget, it was just that it had been too long, he had already gotten used to his identity.

The dilapidated underground palace was very large, and one could imagine that it had once been a holy land filled with gold and jade.

Long Chen was walking according to the direction of the Spirit Snow Dog.

"It seems that quite a few people came in later on and almost emptied the underground palace." Mo Xiaolang said as he walked.

Suddenly, a small door appeared in the depths of the road ahead. There were many runes on the door. Although it was tens of millions of years old, it was still flickering.

"Stop for a moment."

Long Chen stretched out his hand to stop Mo Xiaolang from moving forward.

Walking in this underground palace had always been very quiet, but right at this moment, Long Chen sensed a sense of danger. As expected, when he stopped in his tracks, there was a sudden movement in front of him.

There seemed to be some sort of mechanism within the dark wall. A bronze brick protruded from the wall, and more than ten ancient green beans appeared from it.

"Be careful."

Long Chen let Mo Xiaolang and the Cerberus enter the Divine Kingdom, then he himself fled into the river of time, using the attitude of a Time Traversing Dragon to meet the challenge that suddenly appeared in this deep underground palace.

A dozen green beans fell to the ground.

All of a sudden, a burst of green smoke rose into the air, and the dozen or so beans in front of Long Chen became a dozen or so two to three meters tall, completely green, wearing black hard armors, holding onto large blade and divine weapons.

This was probably what it meant by spreading beans to make soldiers.

It was just that after the passage of time, these generals that were formed from green beans had long lost their godly prowess as before and their powers had regressed to the extreme. But even so, these ten odd green beans of war generals still posed a great threat to Long Chen.

Every single one of the generals had the combat power of the Nine Layered Nirvana Tribulations Realm.

In this narrow space, if not for the Time Traversing Dragon, would have had to struggle for a long time to deal with these generals. After all, spreading beans to become soldiers was very magical.

Under the effect of the Time Traversing Dragon, the green bean warlords lost its target.

They were all puppets, and were not truly intelligent. When they could not feel the existence of the intruder, they looked around in a daze, and after a long while, they remained motionless, transforming back into green beans, and returned to their wall. It could be said that Long Chen had effortlessly killed them all.

The direction that the Snow Dog had indicated was right inside the small door on the wall in front of them.

At this time, Long Chen no longer hesitated, he rushed into the small door, inside was another palace, but it was small and small, it was very obvious. It was as if this place had once been the scene of a brutal battle. There were wounds everywhere, and it was clear that quite a number of people had already come here.

But why would the Chunky Snow Dog let him come here?

Long Chen wandered around the palace only to find that it was completely empty.

This confused him, so he immediately made a decision. He asked the spirit snow dog to come out, put it on the ground, and let it search by itself.

"Even if there are a lot of predecessors who have been here before, I believe they can still leave something important, but not easy to find."

Long Chen firmly believed that this was his intuition.

Twisting its little butt, it happily wandered around the palace, occasionally looking pitifully at Long Chen. In the end, it stopped in front of a palm sized rock, circled around the black stone, and looked at Long Chen as if it was offering a treasure.

"This is it?" Long Chen was a little taken aback, he suspected that the Psychic Snow Hound's brain was rusty, how could it be a good thing?

He picked up the black stone. There was nothing abnormal about it. It was a very ordinary stone, but the material was very hard. However, there was a stone that no one cared about in the underground palace. It was really strange.

"You go back first, I'll think about it."

Long Chen suspiciously placed a large amount of black stones in his hands. Looking up and down, he realized that the only special thing about this stone was that it was extremely hard. He gradually increased his strength and even when he used all his strength, he was still unable to crush this rock. It had to be known, that of the thirty dao tools with Dao patterns or higher, Long Chen could almost immediately break them with his fingers, his fleshly body had already grown to an extremely shocking degree.

Ding.

The God-Slaying Sword was taken out.

"You prodigal son, don't use the God-Slaying Sword."

The kitten stretched lazily and said.

Yet he, Long Chen and the others struggled in this moment of life and death, as if nothing was wrong with him, sleeping from morning till night ...

"Tell me, what is this?"

The kitten came out from the Divine Kingdom and took the black stone. It looked at it and said in surprise, "This is a piece of Divine Bone, and a small part of it is from a true Divine Bone."

"Hmm?" Long Chen always had the feeling that the little kitten was deceiving him. Could this stone be a god's bone?

"Mn, yes. It is a very small part of the entire Divine Bone. The nature of this bone is similar to the Flamephoenix Feathered, but the benefits are definitely greater than that of the Flamephoenix Feathered. Even though this divine bone is very small, you'll still be able to obtain a gem if you can obtain it.

He was heartless and he was giggling.

If a God Bone appeared in this underground palace and it was only a small piece, then where was the other part? The bones of the gods had appeared, so where was the gods?

A series of doubts appeared.

Long Chen shook off the useless annoyance and asked, "How do I use him?"

Cat rolled her eyes at him and said: "Godfire, do you think this is a name you can just randomly call 'Godfire'? That was a flame that could refine gods! You have possessed it for so long, yet you do not know the most terrifying nature of the Divine Flame.

"Is that so?"

Long Chen indeed did not know that the true use of the Spiritual Refinement Fire was actually here.

"In other words, the wolf cub can devour the 'Heavenly Flame', while I can refine the 'Divine Flame', refine the 'Divine Flame', and then strengthen my own body?"

"Nonsense." The kitten gave him a smile that looked like it deserved a beating and swaggered back to sleep.

"Brother, Sister Ling Xi is still sleeping. I will protect the flowers for you." Mo Xiaolang spouted the least nonsense.

"Alright." Long Chen wanted to try and see if this was the real Divine Bone, Spirit Refinement Fire, and whether it had the ability to refine gods.

Mo Xiaolang stood at the side and laid down a set of Nine Hell Devil Ancestral Flames. He stood alone in the midst of the flames, giving Long Chen space.

"Strength, is the basis of my escape. I am still far from being Su Muchen's match, I am too weak. The wolf cub had also done something to the demon clan fox girl. I need strength."

This was the moment where Long Chen desired power the most.

He silently placed the Divine Bone into his palm and looked at it with fiery eyes. Then, he held the Divine Bone with both hands and lightly activated the blood-red Divine Flame.

The soul refining flame burned in his hand, covering the divine bone.

It might be because Long Chen had used too little of his power, hence he did not make any movements at the beginning.

An hour later, Long Chen thought that Little Cat was playing with him. Right at this moment, he felt the outermost black substance of the Divine Bone begin to melt.

If it hadn't melted, who would have known that this ordinary stone was actually a good item?

Long Chen's eyes lit up. From this divine bone, he gradually felt a power that he had never felt before, one that could even surpass the Fire Phoenix Feathers.

When the black substance completely dissipated, a piece of half a finger bone, which was probably a small part of the pinky, appeared in Long Chen's hand.

Although he was using the Divine Flame Refinement, holding the Divine Bone, Long Chen felt his hands burning up.

The snow-white power instantly shone, and the underground palace became as bright as day for a short period of time.

Chapter 1805 - The First God of the Primordial Era

Divine Desolation Ancient Earth was in chaos.

Just as Long Chen was about to refine the Divine Flame and refine it into the Divine Bone, the situation finally changed.

More than half of the team that had entered the Divine Desolation Ancient Earth were disturbed by the Nian beasts, and there were even some invisible assassins.

In this disaster, there were many casualties.

There were those who had killed themselves, those who had died under the bite of the dire beasts, those who had been killed by the Elemental Spiritual Array, and some who had died mysteriously.

However, the ancient god city was still the ancient god city.

This time's calamity had given the disciples a huge amount of training. After separating themselves from the elders, many of them had quickly grasped the techniques to survive.

After realising the severity of the matter, the leaders of the presidential palace decided to use the star talismans to summon their disciples and team up to kill the Nian beasts. Within a short period of time, the Nian beasts had died in large numbers and the number of Revolving Star Passage Technique became fewer and fewer.

Some of the stronger dire beasts were also suppressed by the experts from the ancient city.

After a period of time, the leaders quickly gathered and helped each other. The 72 - The Ancient City of God's descendants united together, and despite their past grudges, they quickly reunited the team.

Beneath a high mountain, there were more than ten teams from the ancient city of God's descendants gathered together. The Guang Ming Shencheng, Bing Xuan, Giant Spirit Shencheng and some other groups were all gathered there.

Su Zilan's gaze was calm as she stood at the front of the line of War God's Ancient City.

In the past few days, she had displayed her strong mental qualities and quickly used the Star Talisman to save a large number of disciples.

Due to the attack of the Nian beasts, the originally valiant and vigorous Ancestor's team suffered heavy casualties. However, the original group of only 40 people had suffered significant losses.

All the disciples had miserable expressions and were frightened out of their wits.

The five Vice Commanders of the tribulation of reincarnation were counting the people.

After they finished counting, one of the commanders walked in front of Su Zilan.

President, we have found all the people that can use the Star Talisman to communicate with us. Thirteen of them are temporarily in the other ancient teams of the Divine Ancient City, receiving the protection of others. They will return to the Spirit Sea when we arrive. "

"How many people have not returned? Who are they?"

Su Zilan asked coldly, her short hair fluttering in the air.

He shivered a few times, and still ed as usual: "Currently, there are a total of fourteen disciples, of which nine are from branch family, while five disciples of Zongjia are missing: Su Tianzhou, Su Yuyao, Su Yuji, Su Chong Huan, Long Chen."

Although he already knew who was missing, Su Zilan's heart was still bleeding when he heard his .

Other than the one exception, the chances of survival of these people who could not even contact the Star Symbols were extremely low. Although Su Zilan had prioritised saving the disciples of the Zongjia, he had not been able to redeem their lives.

Among them, Su Chong Huan was her son.

"Huan'er is the youngest. I couldn't rescue her in time. It's normal, but Yuji, Yuyao, and Tianzhou shouldn't have died!"

Su Tianzhou's body had already been found.

However, Su Yuji and Su Yuyao could not be found.

Su Zilan had previously communicated with them using his Star Symbols, obtaining their positions. She knew that they had met with Elemental Spiritual Array, causing Su Tianzhou's death, but they were already safe later on.

Because they were powerful, Su Zilan had to temporarily put them aside because of their tyrannical strength, and because of that, she didn't expect that after rushing over, he would lose contact with the both of them

Su Muchen who was at the side had his head lowered and did not make any movements.

"As for that Long Chen, Tian Yuan and Jiu You had once chased after him, but he obtained a type of palaeogeostats, which allowed him to be exceptionally fast. He escaped temporarily, and seems unwilling to follow us." The Vice Commander muttered.

"Oh, I got it. Get ready, let's go together and head to the Spirit Sea."

Su Zilan said.

"Are you not going to capture this Long Chen?" The Vice Commander asked doubtfully.

Su Zilan shook her head, and said: "No need, he won't be able to escape from my palms."

A total of more than a dozen teams from the ancient city gathered together. This time, they really moved forward cautiously.

The chaos in Divine Desolation Ancient Earth was also gradually calming down.

As they walked, the several presidential leaders gathered together. Their expressions were no longer the same as before, only heavy.

One of them said, "I've already sent the news back, everyone."

Everyone nodded.

"After the city lords discuss it, they will probably give us the next instructions."

In next to no time, they received a notification.

"Continue to pay respects to the ancestors. The rites cannot be wasted."

For the most part, everyone received almost the same amount of notice.

This time, the vice commanders were completely dispersed, protecting the disciples. Almost all of the Nian beasts had been killed, so it was very difficult for them to encounter any more danger.

The President of the Giant Spirit Shencheng brought Pang Zhong forward and brought him to the side of Su Zilan and Bing Qing Xue: "I heard that some Shencheng s, other than the President, had their people destroyed. There is only one kind of enemy in this world that has this kind of charisma."

"Monster race." Bing Qingxue's face was ashen as she hatefully said those two words.

Su Zilan clenched her fist.

Because of this chaos, not only did Su Yuji and Su Yuyao have no idea what had happened, even their own son had died ...

Naturally, she could guess that it was definitely the Monster race. It was a pity that she didn't pay much attention to the Nian beast when she first heard of it.

Pang Zhong continued: "I heard that the enemy's real goal is not us, they just wanted our 72 - The Ancient City of God's descendants's Ancestor's team to go into an uproar. The real reason is because they want to kill that person."

This sentence successfully attracted the attention of the two women.

"Which one?" Bing Qingxue still had some doubts.

Su Zilan lowered his voice: "Who else could it be? 72 - The Ancient City of God's descendants was the strongest in the world and the Unparalleled God Emperor Jun was the first god of the Primordial Era. In the past twenty years, the Di Jun Divine City gave birth to a super genius who was born with the name Di Yu, Di Yu. Although he is only twenty years old, he has already moved the entire Goblin Tribe. This time, the first target of the Goblin Tribe was to kill Di Yu, but the Di Jun Divine City was already prepared a long time ago, so it is impossible for them to succeed. "

"That child?" Bing Qingxue sucked in a breath of cold air and said helplessly, "Although he is only twenty years old, he has become the only true hope for becoming a god in the past million years. His birth has caused the entire Immortal God Realm to be moved. The fellows from the demon race could no longer hold it in. Furthermore, he promised that after he reached the tribulation of reincarnation, he would personally bestow upon the Ultimate Dragon the primordial divine blood essence, the number one divine spirit, Emperor Jun. His strength is ranked at the top of the Archaic Gods, and he is the strongest in the entire history of the humans that came after the extinction of the divine dragon. This Di Yu, on the other hand, is like a reborn emperor, possessing a total of eighty percent of the divine blood of an emperor.

Su Zilan said helplessly: "Even though he's only twenty years old, I'm certain that this child's life will definitely surpass our Immortal God Realm's past million years' worth of strongest expert and truly reach the Divine Spirit Realm."

Hearing the words' number one expert 'in a million years, the other two people had a strange look in their eyes. Pang Zhong said: "Sister Zi Lan, the Everlasting Dragon Emperor is a taboo, it would be best to not mention it too much. He is indeed my human race's supreme legend, I grew up listening to his stories, but the Everlasting Dragon Emperor, sigh, it's fine if you don't say it!"

Su Zilan bit her lips and said, "It's such a pity."

Bing Qingxue said, "It's not a pity at all. The Di Yu that was born in Di Jun Divine City would very quickly surpass the myth he made. "Just watch."

Along the way, strong gales surged, and sand and rocks flew everywhere.

All the disciples were in a trance.

As for the three presidential leaders, they were lost in their own thoughts and memories.

At that time, his name will definitely be the most famous in the Immortal God Realm. At that time, not only will the Goblin Tribe be unable to hold back, the other Sea Tribes, Shaman Tribes, Spirit Tribes and tens of thousands of Primordial Thousand Tribes will all be terrified. Just one Eternal Dragon Emperor and they will be completely terrified.

Looking ahead, Su Zilan realized that she still had faith in that person. No matter what the reality was, she still had a trace of worship in her heart that she could not hide, even though this respect was laughable and foolish in the eyes of others.

However, there were always people who felt that this man was truly very different.

Everlasting Dragon Emperor — Long Qinglan!

Since then, there had never been anyone who was worthy of this title!

The group moved forward, traveling through the forest. Other than a few dire beasts and Elemental Spiritual Array, they did not encounter any other threats.

Soon, they would cross the entire barren hill in front of them. After a period of time, they would reach the Spirit Sea.

Hope was right in front of him!

The battlefield of the gods, that was the battlefield of the ancestors!

Everyone yearned for this place.

In the Spirit Sea, there would be a gathering of 72 - The Ancient City of God's descendants.

The powerful Shencheng in the middle would also show themselves.

Di Jun Divine City, Clear Void Shencheng, Light Burning Shencheng, Bodhi Shencheng, Supreme One Shencheng and Yuanshi Shencheng, etc.

Walking in the barren mountain, the god blood descendants that were bitten by the snakes were all scared.

"This is the aura of a demon?"

The few leaders of the presidential palace were gathered together, looking towards the east. What they did not understand was how could such an unscrupulous aura of a demon appear here? It wasn't a dire beast, but a demon. As long as he smelled it, he would definitely be able to sense it ...

"Let's go take a look."

The various presidents led their respective teams to protect themselves as they sent their vice commanders to the place where the demonic energy was being released. They could vaguely sense that there was a greater demon lurking in front of them, possibly the mastermind!

Not long after, the vice commander came to , "ing to the President, there is an ancient bronze path ahead of us. There must be an ancient underground palace, and there are demons in the underground palace.

Chapter 1806 - Dang Slash

Along the way, many Shencheng began to part ways, but at the bronze door, including the Light Shencheng and the War God's Ancient City, a total of seven Shencheng s went in.

This was a huge power, although there were Nian beasts wreaking havoc, but the strongest power of all Shencheng s was still preserved.

"Monster race!"

After these two words were spoken, the faces of the two hundred plus people present underwent a drastic change. Some were curious, some were hateful, and some were sinister ...

To most of the young god blood descendant, they were more curious about the demi-humans that were rendered as mortal enemies by the humans, especially when they heard that the demi-humans were not particularly strong.

Over the past tens of millions of years, countless battles had broken out between the humans and demi-humans for the position of the strongest hegemon in the Eternal God Realm. Even to this day, at the place where the two powers crossed paths, there was still such a sturdy fortress.

During the ancient era, the living environment of the Immortal God Realm was extremely vile. For the sake of survival and for the sake of glory, humans and demons could not tolerate each other. Until today, countless humans had lost their lives in the battle, and a large number of demons had died at the hands of humans.

The Sea race, Shaman and Elf races, as well as countless other ancient races were not a match for these two peak races.

And amongst the humans, Five Dragon Cities and 72 - The Ancient City of God's descendants were the strongest symbols since ancient times!

They had been carrying the mission of revitalizing the human race since young!

"Monster race!"

"To think that there would be a demon clan here. Could the large number of demonic beasts from the previous year have something to do with the demon clan?"

"Capture that demon clan and mince its corpse into ten thousand pieces! We absolutely cannot let him leave here alive. "

"No, it's hard to find a demon here. We must capture it and bring it back to the Northern Sea Shencheng so that others can have a good look at it."

The disciples began to discuss in low voices. This was the first time they were in high spirits after experiencing the ravages of the Nian beasts.

"Long Chen is inside, breaking through the Heavenly Divine Curse!"

A Vice Commander whispered into Su Zilan's ear.

Su Zilan nodded, and said: "Mn, I understand."

Her gaze was cold, and under the stares of the crowd, she said: "Everyone, there is another person from my War God's Ancient City, and he is my third brother's adopted son. Please wait for a moment, I will go in to take a look."

"Wait!"

It was rumored that Sheng Lun was an experienced player who had lived a carefree life and had an elegant demeanor. However, after experiencing the matters of the New Year Beast, he had already been scolded once, so his mood was currently quite bad. He said: "I think we, the Goddess of Light, are inside there as well.

Seeing that Sheng Lun did not give them face, Pang Zhong and Bing Qing Xue stood together with Su Zilan first. In reality, they were good friends when they were young.

Su Zilan continued, "Long Chen is my third brother Su Zhen's foster son, and that woman is his wife. Even if she has your Radiant Goddess' physique, is it really proper for our Su Family's daughter-in-law to become your Radiant Goddess? "Sir, please don't push me too far!"

The other onlookers roughly understood what was going on.

The Light Shencheng could be said to be extremely tyrannical in this matter, but since the Light Shencheng was the number one city in the south, it was not easy to deal with.

Su Zilan said coldly: "I am interested in the Goddess of Light, you all can pay a visit to my War God's Ancient City after the ancestral worship ends, if you guys dare to mess around with me here, I, Su Zilan swear, even if I don't want your lives, I will not let you all succeed!"

Su Zilan had a head full of tough, short hair.

She wanted to flare up, but he did not have a suitable excuse. In the end, he could only snort and said: "You may leave, Long Chen has always been with that demon clan, I think he has colluded with the demon clan, betrayed the human race, and is a traitor of our human race, he deserves to die a thousand times!"

The crowd went into an uproar. In reality, this was very possible.

Moreover, a young man and woman from the Light Shencheng had chased after Long Chen before. Now that the process was revealed, everyone had no choice but to believe it.

"The Spirit Demon Race cannot stay. Su Zilan, bring them along and check them out. See if they are colluding with each other."

The other Presidents of the Shencheng all agreed on this suggestion.

Only then did Su Zilan arrive at the entrance of the bronze road.

Deep inside, there was a strong demonic aura. Although it was not strong in terms of fighting strength for a Sun Devouring Demonic Wolf at Su Zilan's level, but such a strong demonic aura was indeed a bit strange.

"The Black Wolf Desolate Beast that he usually carries is actually a Demonic Beast huh!"

Even she hadn't expected this result.

She looked carefully.

"The Heavenly Divine Curse is actually this strong, as expected of the super divine dragon, it's stronger than my Heavenly Divine Curse by five times! The Heavenly Divine Curse is an eighth stage Nirvana Tribulation, but he is a supreme Divine Dragon so she should have advanced a stage.

In actuality, Long Chen had broken through to the Fifth Stage of Nirvana Tribulation.

Inside the underground palace, that enormous golden cocoon that was even larger than Mo Xiaolang's had faintly begun to shatter.

Mo Xiaolang felt the large number of experts outside, and became a little nervous. He said: "Big brother, it is not easy to deal with. We are already surrounded. There are about seven teams, including the people from War God's Ancient City. "

This was undoubtedly the worst news.

Mo Xiaolang knew that all of this was because of him.

But

Yes, trouble came, there was no point in complaining to anyone, brothers did not pay attention to this. Long Chen would definitely not blame him.

"Calm down."

He had done all he could to escape, but because he had encountered Su Zilan and the others again with regards to the demon clan, his plan of escape was in vain. Even so, his mental fortitude was still strong.

In reality, Long Chen was suffering from a high-intensity growth in his cultivation.

The small piece of the Divine Bone was completely white, and was as pure as snow. On top of the bone were a large number of Ancient God Runes, which were densely packed together, and on the small piece of bone, there were actually billions of runes flickering about, containing an endless amount of power. Even so, under the burning of the Godfire, the billions of Ancient God Runes were disintegrated, turning into pure power and fusing into Long Chen's body.

The divine bone had become the most nourishing elixir.

Long Chen's Divine Dragon Body, no matter it was his internal organs, muscles, every single tiny particle, had undergone a huge transformation under the nourishment of the pure energy of the Divine Bone. No matter where it was, this kind of medicine that could directly increase the power of Nirvana was the most precious one, and the large amount of power contained within the Divine Bone would cause Long Chen to instantly reach the edge of the Heavenly Divine Curse.

Half of the Heavenly Divine Curse was a golden incantation for destruction, and the other half was a golden incantation. It was as though countless blades were sweeping and strangling his body, rolling up a large amount of his flesh and blood, but the power of the divine bone was actually helping him reform and reform his body!

The body of the Ancestral Dragon gradually grew!

When all the Heavenly Divine Curse transformed into Nirvana Force, and joined the ranks of Long Chen's power, with both of them being stimulated at the same time, his progress still had not reached an end. Even though his power growth was more difficult than Mo Xiaolang's, but he still continued to advance towards the Nine Layered Nirvana Tribulations, the direction of the Gate of Life and Death!

Flesh transformation!

The primordial spirit is more mature!

The power of rebirth had grown from a torrential river to an endless sea of blood.

A powerful life force swept out, and this peerless Archaic vicious beast once again let out a heart-throbbing roar.

"This divine bone seems to come from the God of Light?"

Pure and holy power.

Until the divine bone was burnt to ashes under the flames of the Soul Refining Flame.

"The remaining power should not be enough for me to attempt to break through the Gate of Life and Death."

It was true that the Nirvana Tribulation was terrifying, but the Heavenly Divine Curse also made Long Chen tremble in fear. It was just that the strong power of the Divine Bone had allowed him to persevere through.

The Life and Death Sect was the most terrifying Nirvana Tribulation, so Long Chen did not have much confidence right now.

In addition, his newly added strength wasn't enough to break through the gates of life and death.

But even so, he still made astonishing progress.

His final cultivation level was only at the edge of touching the Gate of Life and Death. Although he was at the same cultivation level as Su Yuyao, in reality, his Nirvana power, whether in quantity or power, had far surpassed her. Long Chen had finally caught up.

When Su Zilan walked into the underground palace, the golden cocoon exploded. Blood red dragon scales covered his entire body, and a killing intent filled his entire body, causing people's hearts to become respectful towards the youth as she walked out.

Su Zilan clearly felt the birth of this gigantic beast.

Even Su Muchen couldn't give her that kind of feeling.

No matter how strong Su Zilan was, when she saw the young man with blood all over his body and cold eyes in the depths of the underground palace, she was still forced to a halt by Long Chen's eyes that were filled with impact.

Beside this youth stood a youth with delicate features but a similarly resolute expression.

This youth was definitely the purest demon clan.

These two people

Su Zilan calmed her mood, looked coldly at Long Chen, and said: "Let's talk after we leave."

The two of them looked at each other.

In the eyes of so many experts, struggling or not was useless. They could only wait and see.

Following Su Yuji's heavy footsteps, Long Chen walked up to him.

The Monster race, in the end, had to be judged.

Very quickly, Long Chen and Yue Yang appeared in front of the hundreds of people. They were looking at Mo Xiaolang with hate in their eyes, and it seemed as if they wanted to swallow him alive.

The gazes of countless experts swept over.

Most of these gazes made Long Chen feel pressured.

But he wasn't afraid.

Just at this time, one of the presidents spoke out, "It really is the Goblin Tribe. Kill them, so as to not hinder us from heading towards the Spirit Sea."

Long Chen knew it would be like this.

Without saying a word, he stood beside Mo Xiaolang and blocked in front of him with his hand. With just that one action, he expressed his attitude to everyone, and that was that no matter what status the person beside him had, he would never fear him, and his intentions would never change.

This action set off a huge uproar.

Sheng Lun was extremely pleased with himself as he laughed: "I understand now, he betrayed the human race and colluded with the demon race. He might even be one of the participants in this year's Beast Calamity.

When he said this, basically no one objected.

Chapter 1807 - Battling to the death

Seeing how Sheng Lun was targeting him, Long Chen was not scared.

No matter what, he would definitely be fine today. Su Zilan would not let anything happen to him, but Mo Xiaolang's fate was unknown. Although it seemed like a coincidence that Su Zilan was able to find him after arriving at this desolate mountain, it actually wasn't a coincidence. Perhaps Su Zhen had left behind an even more profound method to find him.

Therefore, Long Chen discovered that even though the Nian beasts were wreaking havoc on him, they seemed to be unable to get him out of danger.

When the god blood descendants all looked at them with hatred and despise, clamoring to kill them all together with the Spirit Demon race, Su Zilan resisted the pressure and said: "Everyone, this is an internal matter of my War God's Ancient City, I, Su Zilan, will take care of it well. If you all think that we are delaying, you all can head over to the Spirit Sea first.

Su Zilan was not small, everyone looked at each other and started to discuss.

Sheng Lun said: "Alright, I, Bright Shencheng, want to see how War God's Ancient City's Fifth Young Master, Su Zilan, will deal with the Spirit Demon race and traitors. I really want people to see it, I hope that War God's Ancient City will not forget the hatred from the ancient times.

It was all about Long Chen, but he was involved in this matter of colluding with the enemy to sell out the country.

Su Zilan did not bother to look at him, and instead brought out five vice commanders, Su Jiuyou, Su Jiuyou and other War God's Ancient City s. Of course, there was also Su Muchen.

Su Zilan's eyes were cold and harsh as she stared at Long Chen, and said: "Child, do you know what you should do? The enmity between humans and demons is irreconcilable. You must think carefully. Today, I will give you a chance. As long as you kill this demon clan, we can forgive you for having an affair with them! "

Su Zilan said righteously.

The onlookers were proud, teasing, mocking, and had all sorts of expressions.

Looking at all of this, Long Chen couldn't help but sneer. What a bunch of boring fellows.

No matter what the outcome would be today, he would never let anything happen to Mo Xiaolang. This was his little brother, and not his own little brother, but rather, his own little brother.

"Great Void Realm."

Long Chen said to Mo Xiaolang.

It was a place that no one could open. As long as Mo Xiaolang entered the Great Void Realm, even if Long Chen died, as long as Cat King did not die, no one would be able to touch Mo Xiaolang. This was the difference between a God Kingdom and this.

The Divine Kingdom could easily be forcefully opened.

At this critical moment, Long Chen transferred all the people and objects in the Divine Kingdom to the Great Void Realm.

A fight to the death!

"Big brother!"

Seeing Long Chen's resolute and decisive look, Mo Xiaolang's bloodshot eyes filled with hot tears!

Facing these hundreds of strong warriors, god blood descendant straightened his back, but did not retreat even half a step!

Mo Xiaolang naturally wanted to fight alongside Long Chen, but Long Chen shook his head instead this time. If it was only him, he wouldn't die, and some people wouldn't let him die, but Mo Xiaolang would be mercilessly killed. Therefore, this battle was destined to never be won, and Long Chen could only use his own backbone to protect Mo Xiaolang.

"It's a pity that what happened today was just an accident. If we survive today's tribulation, then in the future, we brothers will have plenty of time to make a name for ourselves and fight together!"

The calmness and calmness in Long Chen's voice moved everyone's emotions.

They seemed to have guessed what Long Chen wanted to do and couldn't help but be shocked. Could it be that this little fellow wanted to use his own strength to fight the 72 - The Ancient City of God's descendants head on?

How much courage would it take to do this?

The crowd could not help but become restless.

"He really is a traitor!"

Seeing the relationship between him and the Goblin Tribe, it's impossible for them to surrender. He doesn't even have the bloodline of a Divine Spirit, nor is he someone from my War God's Ancient City.

For a moment there was a clamor.

Long Chen swept his gaze over them and memorized their faces.

They were the ones who had forced him to kill his own brothers?

They were using a blind morality to judge the standards in Long Chen's heart, with the intent to dictate his entire life!

Deep down, he was a crazy person, but when he opened his mouth to look at Mo Xiaolang, he angered him and placed his hand on Mo Xiaolang's shoulder in front of everyone!

"I'll tell you!"

Blood-red dragon scales emerged on Long Chen's face, he became sinister, and the killing intent and baleful aura that appeared out of thin air scared many young disciples away.

With a roar, the crowd was intimidated.

Everyone was depressed. Where did this guy get the courage and power from?

With just one sentence, I have subdued the majority of them. "Long Chen reached out and grabbed Mo Xiaolang's shoulder, amplified his voice to the crowd, and spoke with determination:" I don't care who you are, and I don't care what enmity there is between humans and demons, but the person beside me is one of the most important fellows in my life, Long Chen. He is my younger brother! So, I swear here today that none of you can touch a single hair on his head! If anyone dares to touch him, it's best that they don't let me live. Otherwise, one day, I, Long Chen, will become your eternal nightmare! I will make you regret coming to this world, no matter who it is! "

These words caused the entire scene to be in complete silence.

He said these words in an extremely serious tone. If these words were said by someone else, they would have been laughed at, but Long Chen's serious and ferocious attitude was unstoppable, causing all the young disciples to be terrified.

Only the commanders of the older generation knew that this was just a joke.

It was extremely laughable for a little fellow who wasn't even in the tribulation of reincarnation to say such shameless words in front of so many great powers.

"Youngsters are really impulsive and easily blinded by love."

Many people said.

Long Chen did not cower, and laughed: "In my opinion, the reason I am a person, is because I am compassionate! I do not seek to escape, nor do I seek to win. I only hope that in my entire life, there has never been anything that made me regret over and over again.

After saying all that, he turned around and glanced at Mo Xiaolang.

After saying all these, his heart felt much better.

Mo Xiaolang should also be able to understand his own meaning.

He tightly clenched his fists. Blue veins could be seen all over his body as a black, ice-cold flame swept out.

Today, a fierce wind billowed.

"Trust me." As his big brother, Long Chen said these words.

"Yes."

To Mo Xiaolang, these three words were filled with limitless power. Every time he encountered a dangerous situation, every time he encountered a strong enemy, Long Chen would be able to turn the tide.

With tears in his eyes, Mo Xiaolang entered the Great Void Realm with absolute safety under the watchful eyes of the crowd.

His disappearance and Long Chen's resolute and decisive words caused a commotion among the hundreds of people.

Sheng Lun's face became ugly, and said: "Su Zilan, have you made a 'wise' decision, and the other party has now answered your question clearly. I would like to ask, when will you be able to kill this Long Chen, and then open the Divine Kingdom, and kill the demon race?"

"And then let you take away the 'Radiant Goddess' that you want? "Don't even think about it!"

Su Zilan looked at him in disdain. In the end, she stared at Long Chen, wanting to see where this youth's courage came from. He was a rebellious and disobedient person. He had his own standards in his heart, and he would go through fire and water for the sake of camaraderie. Such a person was actually compatible with the heroic figure in his heart.

However, he was too young and too impulsive ...

Standing in her current position, although Su Zilan was in a difficult position, there was still a way to deal with it.

She took a step forward and said: "You've said all that, right? I know that you have made some progress, but it is not a problem for me to forcefully open up your Divine Kingdom. I will give you one last chance. You only have this choice. "

Long Chen's expression did not waver from beginning to end. His fearless smile gave Su Zilan the clearest answer, and that was, it would not stop until one party died.

"Fifth aunt, let me do it."

Su Tianyuan's gaze was deep, and asked for instructions.

As Su Zilan was an elder with a high status, it was not appropriate for him to take action against Long Chen.

"I can do it too."

Su Jiuyou laughed sinisterly.

Su Muchen, who was at the side, said with a stern expression: "I can come as well."

The three great new generation experts of War God's Ancient City had revealed their strength and surrounded Long Chen. Their seniority was the same as Long Chen, it was more than suitable for them to control Long Chen.

"It's actually Su Tianyuan, Su Jiuyou, Su Muchen!"

"Yes, the new Twin Stars and the supreme Divine Dragons are the three strongest among the new generation in War God's Ancient City.

"They are all figures standing at the peak. With them taking action, this Long Chen who keeps boasting like this, is really too far away from these shining people."

When the three of them attacked together, they instantly attracted everyone's attention.

Everyone was well aware of the capabilities of the three War God's Ancient City s. These three were War God's Ancient City s, successors created from thousands of years of accumulated resources. The future City Lord would very likely be born from these three!

Facing them, Long Chen was like a clown.

They were all waiting to see a good show.

Long Chen never thought that even Su Muchen would come and deal with him. Indeed, he had said it before, he would not show mercy the next time, or perhaps, he already guessed that Long Chen had killed his two sisters.

Not far away, a huge beast roared, but it did not dare to approach. Violent winds surged, and sand and rocks flew everywhere.

Su Tianyuan and the other two looked at each other, and then released their super strong battle power, rushing towards them in a shock, in the midst of their attacks, Long Chen was like a small boat in the middle of a storm, as though it was going to be torn apart in an instant!

However, this only angered Long Chen even more.

Today, he planned to fight to the death.

Chapter 1808 - Power of Reincarnation

When these three great Rankers respectively used their own methods, Long Chen, on the other hand, was much calmer than they had imagined.

Su Tianyuan, the son of the number one young master of the War God's Ancient City, Su Sheng. He was also the fastest person in his generation to reach the tribulation of reincarnation.

Su Jiuyou had inherited Su Ming's teachings, walking the side path, the path of evil martial arts, his killing power was even sharper, his speed was terrifying, and his endurance was astonishing.

Although the concentration of divine blood in the Zongjia was the lowest, he had received the super divine dragon's inherited blood essence and unearthed some of its devilish properties. Although it was not at the tribulation of reincarnation yet, its combat power was still higher than the two in front!

The three's attack, which was intended to ensure War God's Ancient City's face, was the fastest way to defeat and subdue Long Chen. The same went for Su Zilan herself, as she stood at the absolute peak, intending to subdue and subdue Long Chen as soon as possible!

Su Jiuyou and Su Tianyuan no longer had the power of Nirvana, but the higher level Power of Reincarnation!

With regards to Samsara, Long Chen who was still in Fifth Stage of Nirvana Tribulation, he did not know. The power of the Power of Reincarnation seemed very weak, but it had long since instilled terror in all of the tribulation of reincarnation practitioners.

The power of Nirvanic rebirth had two attributes: destruction and rebirth.

Destruction of the enemy, self-rebirth, the endless flow of power; these were all at a very high level.

Reincarnation, on the other hand, was something that no one could explain. Reincarnation was a fantasy fate, a 100 lifetimes reincarnation, a deeper level of Heavenly Energy. When one comprehended reincarnation and transported back to reincarnation, when the power of reincarnation worked on the battle, the resulting fighting power would be immeasurable.

Nirvana Power was only the Nirvana of the physical body.

The Power of Reincarnation was the dual effect of the physical body and primordial spirit. The Power of Reincarnation was closely related to the primordial spirit.

Long Chen quickly distinguished his three opponents.

Su Muchen did not have a Power of Reincarnation, but his Nirvana Qi was stronger than normal people, and he was an expert in destruction.

Su Tianyuan and Su Jiuyou were as lofty and as high up as the Wind Dragon Stream Lord, like gods. Even though they were not filled with killing intent like Su Muchen, they had a kind of suffocating power and mental will.

"I'll make the first move!"

Su Tianyuan was like a golden god of war, with a casual punch, the laws of reincarnation were activated. The power released was layers upon layers of waves, and although it looked simple, Long Chen felt like the entire world had gathered onto this punch. This punch had gone through countless of years of baptism, and with the formation of the heavenly dao, it had become one with the entire world.

Weng! *

At the last moment, he unleashed the Power of Reincarnation, bringing forth an endless amount of power that could topple mountains and overturn the seas.

Seeing that Su Tianyuan did not care about Long Chen's life, the audience burst into an uproar. Seems like Su Tianyuan did not care about Long Chen's life, and actually used the means of a tribulation of reincarnation Ranker the moment he attacked.

After experiencing the initial shock, Long Chen withdrew the shock in his heart. He was even more curious, what exactly was the Power of Reincarnation?

"Heavenly Demon Blood Wings."

This was his equally great guarantee. The blood-red wings of the Heavenly Blood Wings appeared behind him, gently flapping, and that boundless power immediately caused his speed to increase. Right now, he was in the state of the Gate of Life and Death, so when he displayed his peerless speed, it instantly caused a huge uproar!

"How can a mere Nirvana Tribulation Realm Fighters have such speed!"

"Even if he relied on that palaeogeostats, he still wouldn't have reached such a level."

"Seems like this Long Chen really has some ability."

After the Heavenly Demon Blood Wings appeared, the moment Long Chen spread his wings, he immediately left the range of Su Tianyuan's fist shadows.

His speed was even faster than Su Tianyuan's, so Su Tianyuan was unable to do anything to him.

Weng! *

Long Chen flapped his wings and broke through the encirclement of the three.

He silently told himself that even though it was impossible, he had to defeat these three people.

Although he hadn't entered the Gate of Life and Death yet, after experiencing that baptism of divine bones, he was already several times stronger than before!

"Kid, are you interested? It was in vain that I underestimated you. In that case, I shall let you have a taste of my power. "

Su Jiuyou laughed out loud from behind.

Everyone was still in shock at Long Chen's speed, so Su Jiuyou's attacks became even more ruthless.

Su Jiuyou turned into a blurry black shadow, separated into tens of millions of them, and surrounded Long Chen, causing absolute confusion. The Power of Reincarnation swept out, causing Long Chen to feel as though he was in a sea of power!

"Taste my finger!"

Suddenly, the Power of Reincarnation fluctuated, and Su Jiuyou appeared behind Long Chen, his finger pointing towards Long Chen's back.

His finger, which was originally white and slender, had now turned into a dirty black. It was as if the most dirty power in the world was all on his finger, and was about to stab into Long Chen's body.

Rip!

There were no sonic booms, nor was there any loud movements. There was only a bone-chilling killing intent!

Ding!

What surprised everyone was that Long Chen's speed was beyond imagination.

He did not know when, but the God Slaying Sword and Ling Xi's sword appeared in his hand. He suddenly turned, and with a burst of killing intent, the God Slaying Sword swept out, blocking his opponent's speed. In the next instant, Ling Xi's sword clashed with his opponent's finger!

This was an unparalleled contest!

In that moment, the Power of Reincarnation rushed over, this strange but powerful force sent Long Chen flying three hundred meters before stopping, and under the attack of the Power of Reincarnation, he felt as if he was in a dislocated position, the Nirvana Qi in his body was in a mess, as for the other injuries, the Ancestral Dragon's body could immediately recover.

In everyone's eyes, although Long Chen was pushed back, he was not even slightly injured.

As for his Su Jiuyou, he did not seem to be injured at all, but his face had almost turned white. Only he himself knew what kind of attack against his Primordial Spirit at this moment, and just a moment ago, he almost fell to the ground from the piercing pain.

"How is this possible!?"

The evil smile on Su Jiuyou's face had already disappeared, and was looking at the black sword in his hand with reverence.

It had broken the power of reincarnation.

If not for it, Su Jiuyou would definitely have injured Long Chen!

The confrontation this time around had created a huge uproar.

At first, no one would think that this was just a battle. They thought that it was just three super geniuses going to subdue Long Chen, with just a few moves and they didn't even need to send out three people.

However, Long Chen continued to evade Su Tianyuan's attacks with extreme speed while blocking his attacks with his sword, completely unharmed. Instead, it was Su Jiuyou who seemed to be suffering from a cramp.

"What's going on? These three are too weak to even hold a single punk? "

"Impossible, it's because this Long Chen is too strange."

Seeing that the tenacious youth still had the same expression as before, the impact that the others had on him couldn't help but change. Thinking back to their ridicule towards Long Chen, their faces reddened.

"The power of reincarnation!"

Long Chen gripped the sword in his hand tightly. After going through two confrontations, he was filled with confidence in himself, although defeating these three seemed impossible, he could at least do it, and make sure that the three would not be able to do anything to him!

He was extremely excited!

Once upon a time, a Muleave Master had scared him into fleeing in panic. But today, in less than half a year's time, he had already fought with a martial artist of this level. What kind of speed was this?

Not only was his improvement fast, it was even steady.

In fact, external forces would never be satisfied with what he needed!

Long Chen's body emitted an astonishing willpower, and when he realized that he could truly and immeasurably improve, his body radiated with a crazy fighting spirit. He tightly gripped the two swords in his hands, and looked at the three nearly impossible enemies!

"From today onwards, I can't be suppressed anymore. I can't lose!"

Reaching the Immortal God Realm was the most difficult time in Long Chen's life. But from today onwards, the life of a mouse crossing the street would no longer exist.

He refused to accept this outcome!

Only by using the sword in his hand would he be able to fight back one opponent at a time. Only then would the new stars shine brightly on the earth!

He was going to the Everlasting Dragon City, so he couldn't lose!

Everyone could feel the change in him, and they had even realized that it would be even more difficult to deal with Long Chen now.

"Don't be scared, all three of you come at me together, don't give him another chance to recover, lest you embarrass him!"

Su Tianyuan ordered.

The three of them moved quickly and swiftly.

These three people used to be the unsurpassable peak of Long Chen's power. But now, Long Chen raised the sharp weapon in his hand towards them.

"Fight!"

Time Traversing Dragon!

His most bizarre killing tool allowed him to quickly disappear.

Mo Xiaolang's demonic energy had already pervaded the air and was everywhere. It was already impossible to find Long Chen's true body using demonic energy.

Just as the three of them were wondering where Long Chen had gone to, he, who had concealed himself within the darkness, had finally unleashed a barrage of attacks!

This was Long Chen's counterattack!

When he appeared again, he was already behind Su Tianyuan.

"Eternal!"

"Heavenly Slaughter Blood Sword!"

Under the double attack, under such a violent and bizarre attack, the protective Power of Reincarnation of Su Tianyuan's body was directly broken and the two swords left two deep wounds on his back.

Su Tianyuan was in so much pain that his tendons were spasming. Although he hadn't lost in battle, this situation had exceeded the limit of everyone's imaginations.

"This is only the beginning!"

Long Chen disappeared again.

After this experience, the three of them had to be careful.

At this time, not to mention capturing Long Chen, all they could do was to resist Long Chen's attack. This made the three of them extremely miserable, while the other Shencheng s were also staring with their mouths wide open.

They could vaguely see the birth of a demon-level character.

Su Jiuyou looked around vigilantly, his finger full of killing intent was already prepared.

BOOM!

A streak of blood colored flame congealed into a terrifying divine dragon, which wound around his waist irresistibly. Su Jiuyou used his Power of Reincarnation to attack it, but was unable to deflect the blood colored divine dragon for a moment.

In the next moment, the Spiritual Refinement Flame burned fiercely.

Chapter 1809 - The World

The danger brought about by the Divine Flame of Refinement was self-evident.

When the blood colored flame appeared out of nowhere, including Su Jiuyou, a shocking hissing sound came out of Su Jiuyou's body. Su Tianyuan and Su Muchen originally wanted to chase after Long Chen, but after hearing Su Jiuyou's screams, Su Tianyuan immediately turned around and punched Su Jiuyou.

Although it was only for an instant, Su Jiuyou was already covered in cold sweat, and was almost unable to stand steadily. Furthermore, the sword marks on Su Tianyuan's body had not completely recovered!

To Su Jiuyou, what happened just now was like a nightmare ...

He looked at Su Tianyuan in a daze, and both of them seemed to be in disbelief. Their eyes were shining with boundless light, shining with incomparable brilliance, but at this moment, they were actually unable to even capture a single Long Chen, and were even injured by his bizarre counterattack!

To anyone, this was something that would never happen.

Hundreds of people looked in shock, trying to find the disappearing Long Chen.

From start to finish, Su Zilan's expression had never changed. On the other hand, Pang Zhong and Bing Qingxue were both extremely shocked.

"This kid isn't simple."

It could be said that this was the first time Long Chen used such a heaven defying talent and peerless method to deeply shock them!

Many people had mixed feelings about this.

Right now, the only one who was chasing after Long Chen was Su Muchen. His eyes were calm, and he was not affected, but Long Chen could feel a huge threat from his body. Just like last time, he was still suppressing himself invisibly.

Weng! *

Long Chen attacked with both his swords in shock.

Without saying a word, Su Muchen took out the black halberd. Su Muchen did not have the Power of Reincarnation, the exchange of pure Nirvana Qi made Long Chen feel that it was more real!

This was the first time Long Chen had fought shoulder to shoulder with Su Muchen. The opponent's terrifying power from the devil dragon and the black halberd brought about an endless amount of pressure, but this time, Long Chen was no longer powerless to resist.

If it was just a sneak attack before, then now, Long Chen was using his true vast strength to clash head on with Su Muchen. The blood red and black figures clashed crazily on the ground.

Wild! Overbearing! Directly!

RUU...!

The surrounding mountain rocks exploded again and again in the battle between these two Dragon Fighters.

Most of the people present knew about Su Muchen's fighting strength, but when they saw that Long Chen was completely capable of facing Su Muchen head-on in the battle, they truly recognized him as the Young Fighters. Even most of the youngsters felt terror in their hearts!

His opponent was a new generation of War God's Ancient City's three great warriors!

In just a few short days, Long Chen had climbed up to this extent? Or was it because he was so strong to begin with!

Long Chen seemed to have gone crazy. He had already done his best in the battle with Su Muchen, he had even used his Godly Flame. As the battle continued, his strength was still increasing!

However, the opponent did not use the Divine Blood Boiling.

BOOM!

Both swords went through a violent round of attacks, shocking Su Muchen, in that moment, Long Chen looked straight at his opponent, and asked: "What happened to your God blood?"

Su Muchen's black halberd came smashing down from the sky, bringing with it a terrifying might of a devil dragon. The earth trembled for a moment, and the underground palace collapsed with a loud bang, dust filling the air.

"Even if you don't have enough divine blood, it would be useless!"

Su Muchen said coldly.

This was the truth. His Divine blood concentration was only 5%, far from being comparable to his two younger sisters. It was difficult for him to resist the effects of the Divine Flame, so it would be useless if he used it.

In his human form, with the current location, Long Chen's fighting strength was almost the same as his.

The two swords became even more violent, after dodging the other party's attack with the Heavenly Demon Blood Wings, Long Chen's two swords released a million sword images.

Tens of thousands of sword qi raged, and everyone could not help but back off, their expressions very interesting.

"Why don't you transform into a dragon?" Su Muchen's cold voice came out again.

Last time, Long Chen was not his match, so he let go of Long Chen. This time, perhaps because he felt that Long Chen's strength was sufficient, he looked especially serious.

"If you don't transform into a dragon, I won't transform either!"

Long Chen braced himself and said.

He was not conceited at all, but he knew clearly in his heart that Su Muchen was still a little ahead of him, and his Divine Dragon Body was even more mature than him.

In the midst of their intense battle, Su Tianyuan and Su Jiuyou had once again joined the party.

Just as everyone was shaken to the core, Su Zilan suddenly said: "Enough, three trash, stop!"

With a cold snort, he stopped Su Muchen and the other two from continuing.

Su Muchen immediately stopped moving, glanced at Long Chen, and said: "It's a pity today, next time when there's a chance, we will fight it out with you alone."

Perhaps, he was not satisfied with Su Tianyuan and the other two teaming up, so he did not reveal his killing methods.

With regards to Su Zilan's decision, the other two felt that they had lost a lot of face. They immediately came down and asked: "Fifth Aunt, we're going to subdue him.

Su Zilan said: "Who knows how long you will be embarrassed, I am telling you to suppress him, not defeat him, if you do not have the ability to suppress him in an instant, you can leave, don't lose face."

Su Jiuyou was a little angry, and said: "Who knew that the little guy had such a strong ability?"

No one present had expected this.

The last time Long Chen had made a move, he had defeated Su Yuyao. However, the difference between his strength back then and now, was like heaven and earth. His transformation was deeply ingrained in the hearts of people, and to anyone, it was too terrifying.

In the sky, a youth covered in blood-red dragon scales landed on the ground, his eyes still calm.

He did not roar, but with just a look in his eyes, everyone felt reverence for this youth, especially the young generation. This time, Long Chen had completely defeated all of their hearts.

Of course, this did not mean that his strength could defeat the experts in the tribulation of reincarnation. He only had a way to make them unable to do anything to him.

The crowd was in an uproar again.

Sheng Lun said in a strange tone, "The super geniuses of the War God's Ancient City seem to be in a bit of a mess. It looks like we still have to get the children of our Radiant Shencheng to take action.

The Shencheng laughed and laughed loudly.

In truth, they weren't too confident either.

Sheng Lun waved his hand and said: "Send three people out and capture this fellow. Let the people from War God's Ancient City see what is called a genius.

He didn't call out names directly, he just strutted, but they came out on their own.

This action was full of ridicule.

Su Zilan sneered, and said: "I won't trouble everyone anymore, I will personally take action."

These words finally made everyone present quiet down.

Su Zilan was a Ranker of the current world. If she really wanted to put down her dignity to deal with Long Chen, then it would be a foregone conclusion.

"That's good, Young City Lord Su Zilan would definitely not go easy on him, right?"

Sheng Lun laughed.

When the rest of the War God's Ancient City retreated, Su Zilan took light steps forward and arrived before Long Chen. She seemed like a person who did not exist in this world, strange and mystical.

Long Chen felt suffocated.

This was the real problem, the humans wanted to kill the Spirit Demon Race, they wanted to kill Mo Xiaolang, and when the new generation couldn't do anything to him, they would not stop, but instead use real methods to deal with Long Chen!

Then Su Zilan will take action!

She was a young city lord of an ancient city of God's descent, a pinnacle character who was an influential figure in the Immortal God Realm. Her name was known everywhere, and in front of her, Long Chen was just a lowly junior.

"I'll give you one last chance. If you kill him, you will be exempted from your punishment. If not, you will suffer a miserable fate."

Su Zilan's voice resonated in Long Chen's ears like a hammer.

Long Chen started laughing. His eyes were calm and unafraid as he said, "I won't die, Su Zhen won't let me die, and neither will you. As long as I don't die, you won't be able to do anything to me."

These words were even more puzzling. Just where did he get the courage?

This young man, no matter if it was strength or courage, was one of the top choices. It was a pity that he was part of the Monster race ...

Many people felt regret in their hearts.

Long Chen's ice-cold gaze pierced the secret in his heart.

She knew, Long Chen naturally knew about the martial magic seed.

This made things difficult for her.

"No matter what, I will kill that demon clan first before punishing you."

She didn't need to think too much about it. She only thought that Mo Xiaolang was in his Divine Kingdom.

He made his move.

With a move of his hand, the strange Power of Reincarnation surrounded Long Chen. Long Chen realized that no matter how hard he tried, he couldn't move at all.

"This is true power!"

When he sighed with emotion, Long Chen's eyes turned blood-red! His heart roared with anger! The dragon soul within his body was roaring, going insane, and revealed peerless killing intent towards Su Zilan! He was a dragon! But now, he was actually unable to protect his own blood brother! The only thing he could do was to be suppressed by the enemy, which would infuriate his bloodline, and infuriate him!

Long Chen tried his best to maintain his calm, but the veins on his face were popping up one by one.

Su Zilan appeared in front of his eyes, stretched out her slender and pure white fingers, and pressed them against his chest. Her pair of deep eyes stared straight into Long Chen's eyes, and said softly: "I have discovered, that perhaps letting third brother let you live, is not the right choice."

At this moment, she was actually so enchanting.

Long Chen clenched his fists tightly. He suddenly started laughing, but the murderous aura in his eyes was too strong, he still looked scary.

He said: "Su Zilan, you can't do anything to me."

"Is that so?" Su Zilan sneered coldly, and turned her finger into a fist, shaking Long Chen's chest. A strange power tore open a hole in Long Chen's Divine Kingdom, and that huge inner world appeared in front of everyone's eyes. When they saw the Divine Kingdom's world without borders, almost no one believed their own eyes.

More importantly, there was no demon clan here. Other than the endless magnificent mountains and rivers, there was nothing else.

Su Zilan's eyes were opened wide. How could there be a Divine Kingdom, an entire world?

Chapter 1810 - Luotian Prison

The entire world.

This world was truly enormous, to the point where even Long Chen himself did not know how vast it was. Although the number of worlds that he could control was increasing, to the entire Endless Divine Kingdom, it was still too small.

Just like the Three Great Imperial Domains. There was no end to it.

Su Zilan stood in front of this world in shock.

"Unbelievable." She stared, speechless, at the words.

The people behind him were all blocked by her, so they couldn't see clearly. Amongst them, Sheng Lun was the one who was about to make a move, to the others, they were more concerned about the demon race inside the Divine Kingdom of Long Chen.

If not for the fact that Pang Zhong and Bing Qing Xue were still wary of him, he would have pounced on them already. To be honest, he should have been the number one expert on the scene.

"Su Zilan, quickly capture the demon clan and Radiant Goddess!"

Sheng Lun shouted coldly.

What was she doing?

Everyone was also curious.

At this time, Su Zilan raised her head and looked at the young man in front of her who had a calm expression. He grinned at herself and said, "How is it? What can you do to me? "

Seeing that Su Zilan was speechless, he smiled and said: "I said before, unless you kill me and let me die, no one can hurt the people I am protecting."

His tone was flat, but his tone was filled with the strongest determination!

However, he deeply remembered today's humiliation and remembered the faces of these people. In the future, he would definitely get them back.

Su Zilan said coldly, "I don't care what happened to your Divine Kingdom, but what about them?"

Long Chen said: "If you have the guts, find yourself?"

The formation of this endless Divine Kingdom was even related to the existence of Mysterious Dragon Jade s. Long Chen even suspected that this was a perfect world in itself, and that he was only able to open a passage to this world, to turn a part of this world into his own Divine Kingdom.

An invisible barrier prevented him from exploring this endless world.

Within the scope of Su Zilan's vision, other than mountains and rivers, there was nothing else.

Long Chen knew that she would not be able to hold back. Since she dared to open her own Divine Kingdom, then let her try to see if she can explore the vast world of her Divine Kingdom!

Although it was already a Dao seal, the Dragon Jade Dao Seal, Long Chen firmly believed that this Dragon Jade Dao Seal did not die, and that it would let him get out of this calamity.

Su Zilan let out a cold snort. She tore open the Divine Kingdom, enlarged the opening, and charged in. Long Chen's vast and limitless Divine Kingdom was also revealed in front of everyone's eyes, shocking them all.

"How can there be such a Divine Kingdom?"

"Isn't this too big?"

"It's endless!"

Everyone was stunned.

"Where is the Radiant Goddess?" Just as everyone was in a state of shock, Sheng Lun suddenly had an idea. With a speed that exceeded his own, he instantly passed through Pang Zhong and Bing Qing Xue and entered Long Chen's Divine Kingdom.

"Halt!"

Pang Zhong and Bing Qingxue hurriedly chased after him.

The situation became chaotic. The other three presidents thought for a moment and decided not to join in on the fun. They might even get into trouble.

For a time, the four powerhouses rushed into their own Divine Kingdom.

"What about the Monster race?"

"What about the Goddess of Light?"

In this vast world, they looked at each other in dismay.

The Great Void Realm was too mysterious, even they could not detect it.

Only all the people they wanted were gone.

"Kid, no matter where you hide them, I will find them!"

Sheng Lun was flustered. This God Kingdom was so huge, it was obviously very easy to hide people.

The four of them moved in four different directions at the same time. Whoever found the person Long Chen was hiding the fastest would depend on their luck.

The terrifying aura coming from the bodies of these four Rankers was close to bursting from Long Chen's body. The strength in their bodies had long since exceeded the limits of what Long Chen could endure.

He tightly clenched his fists as he watched the four experts head out of his control towards this region. What would happen then? Would they reach an area that even Long Chen could not control?

Right at this moment, Long Chen felt a bit of heat on his forehead. It was not the forehead of his physical body, but the forehead of his primordial spirit.

It was as if someone had violated its taboo.

Long Chen was excited, that was a Dragon Jade Dao Seal after all.

This was the first time something mysterious had ever happened since becoming a Dao Seal. Long Qinglan must have left something the most mysterious!

Just as everyone was looking forward to see what kind of miraculous things the four of them were doing in the Endless God's Congress, the Dragon Jade Dao Seal quietly got hot. And at this time, Su Zilan and the others were already close to the edge of the area that Long Chen could control.

An invisible barrier of light blocked the path of the four of them.

"What is this?"

"Kid, you better not play any tricks with me. Do you believe that I won't kill you?" Sheng Lun's body shone with a snow-white power, like a holy god, imposing and domineering.

No one cared about this light barrier.

"Break it, open it!"

Sensing that the Dragon Jade Dao Seal was getting hotter and hotter, Long Chen revealed a joyous smile. If the Dragon Jade Dao Seal could display even the slightest bit of its strange power, then the situation today might have turned for the better.

Just at this moment, Sheng Lun and the others touched the formless light barrier. They sensed the existence of this thing, but did not pay it any heed.

Buzz.

At that moment, everyone felt as if the world had frozen for a moment.

"What's going on?" Most people are confused, they always feel, as if their hearts are extremely depressed, painful.

Bang!

There were four consecutive strange sounds, and in the Divine Kingdom, the four powerhouses' bodies suddenly stopped moving. Their eyes were wide open, and their faces were filled with pain. Their bodies struggled, and they even trembled, as if squeezing against an irresistible weight, causing them to kneel on the ground in pain.

Weng! *

They landed in front of Long Chen, and all of their eyes rolled back as fear filled their faces. It was as if they had encountered the most terrifying thing in the world, and their entire bodies were trembling, if not for the fact that they were still trembling, they would have thought that they were four corpses lying on the ground in front of their own eyes.

The Divine Kingdom was closed.

The burning Dragon Jade Dao Seal was finally at peace.

However, the scene before their eyes was truly unbelievable!

Even Long Chen didn't think that the Dragon Jade Dao Seal would be terrifying to this extent.

The Four Great Warriors, were almost all at the level of Young City Master, super characters who could call the wind and summon the rain. Now, however, their entire bodies were twitching, and they were lying at Long Chen's feet, even foaming at the mouth.

"President!"

"Fifth Aunt!"

"Fourth Uncle!"

They all looked at Long Chen in disbelief, then looked at the four people lying on the ground. No matter who it was, they never thought that such a situation would actually happen!

"How is this possible!?" "How is that possible!?"

The remaining three presidential leaders also knew that they were about the same strength as him. Didn't that mean that even if he went into this little fellow's Divine Kingdom, he would end up like this, unconscious?

For a moment, everyone was stunned.

They stared at Long Chen as if he was a monster, and all of them took in a breath of cold air.

"Unfortunately, there are three more!"

If the remaining three presidential leaders were to also enter the God Kingdom and be knocked unconscious by the Dragon Jade Dao Seal, she would be able to escape. As for her current fate, he was also not sure.

The Vice Commanders and powerful disciples of the Great God's Ancient City finally realized the seriousness of the situation. One by one, they rushed forward to protect their respective presidential leaders and brought them back to their respective regions.

If even these four great Rankers were injured to such an extent, who knew if Long Chen would have any other methods?

But, the killing intent in their eyes gradually grew heavy.

Everyone's eyes turned towards the other three presidential leaders, only they could take care of Long Chen!

One of the presidents said, "I'll capture him first. I, Luo Tian Prison, will imprison him so that he won't be able to move. What do you think?"

Luo Tian Prison was a palaeogeostats that was very close to the archaic instrument, with over eighty lines. If Long Chen did not display the method he used just now, using Luo Tian Prison to imprison him would be making a big fuss out of nothing.

But now, no one dared to underestimate Long Chen.

They were shocked at this young man's mysteriousness and power. From today onwards, his reputation would probably shake the 72 - The Ancient City of God's descendants a little.

After saying that, the leader carefully walked towards Long Chen.

To tell the truth, under his suppression, Long Chen was no longer able to move, and it was even more so impossible to escape from his Allheaven Prison.

Many of them were angry, but they could only keep it in their hearts!

"Bind him to death! Don't let him move! "

"You're right, this kid is very evil. He is a traitor to our human race, he deserves to die a thousand times for his crimes!"

"Yes, it would be best to kill him on the spot. Not only should such a traitor die, he should exterminate the nine great Tribes!"

"Kill him, make sure that the demons he protects are unable to hide themselves, and let the Goddess of Light return to my Radiant Shencheng!"

Each of their disdainful faces made Long Chen sneer in his heart, they were trying to force him towards the demon race's side.

"If I didn't have dragon blood on me, I might have joined the Monster race. This group of people is really too much!"

Facing the Luo Tian Prison, he was prepared to surrender.

However, this did not mean that he was no longer resisting in his heart!

The rage of today couldn't be quelled.

"Luo Tian Prison!"

The President began his attack.

Right at this moment, a delicate sigh that was numbing to the bone entered the ears of everyone present.

"What a boring group of people. Such a talented and adorable youth, shouldn't he be doting on them?"
How can you keep forcing them? This way, it's really not good. "

Everyone felt a chill run down their spines.
