

## War God 181

### Chapter 181 - Fighting Together!

At this time, when he saw Chu Yunxi's sinister face, coupled with the fact that he did not have any power to resist, Liu Lan felt as if the sky had fallen.

Thinking of what would happen next, she, who always held a high position and had a deep grasp of human nature, truly regretted it this time.

If she could, she would rather stay in Nine Demons Manor and leave herself to Long Chen than to let Chu Yunxi forcibly break through.

Just as Liu Lan was in despair, a gust of wind blew past. An unimaginable figure appeared here.

Liu Lan opened her eyes and started crying.

That person who came was the Long Chen who was currently filling up her brain. After seeing Long Chen, hope appeared in her eyes that was originally filled with despair.

Just like a drowning person who was on the verge of death, who had grabbed onto a straw of straw, she used her remaining strength to push Chu Yunxi, who was attached to her chest, away!

"Is it finally here?" Seeing it was Long Chen, Chu Yunxi and Jin Sheng En looked at each other, stood up and stood in front of Liu Lan, and laughed sinisterly.

Liu Lan was breathing heavily, in a hurry, she had wrapped up her clothes that had been ripped off, luckily she was dressed properly, and Long Chen was not too late, that was why she did not leave.

At this moment, Liu Lan still had traces of blood on the corner of her mouth and her face was incomparably pale. It seemed that she was injured, and most importantly, her body was tightly wrapped with a purple iron chain, which completely bound her arms and legs. The iron lock had even wrapped around her chest, waist, and buttocks, outlining her perfect curves which could cause nosebleeds.

"Long Chen!" Seeing Long Chen, Liu Lan's eyes were filled with mist. It was only now that she realized that she was actually a weak woman ...

Seeing Liu Lan's pitiful appearance, Long Chen was also slightly angry in his heart. Although Liu Lan wasn't considered his woman, in his heart, even if he did not take advantage of herself, any woman that she had fantasized about, no one else would be able to take advantage of her!

"During the day, I'm afraid that I didn't beat you guys, so you guys came here to seek death?!" did not manage to find any clues from Chu Yunxi and Jin Sheng En, he clenched his fists and his eyes became gloomy.

"During the day, they were all struck by one of my Spirit Devil Sword Finger, so their meridians and internal organs were definitely injured. But how did they recover so quickly? Could she have taken some kind of medicine? "

Long Chen frowned.

"Looking for death?" Jin Sheng laughed, "The one who is looking for death is you. We captured this beauty to lure you out. But, Brother Chu, do you have any other ideas?"

Chu Yunxi's eyes were completely red, he looked at Liu Lan's alluring body, swallowed a mouthful of saliva, and anxiously said: "This is your woman, I'll let you see a good show! How can your woman be happy under me! "

Chu Yunxi originally thought that Long Chen would be greatly angered after saying such disgusting words, but Long Chen was still very calm. He looked at Liu Lan, then looked at Chu Yunxi, and scolded him, "You idiot."

"What?" Long Chen's nonchalant look made Chu Yunxi even angrier.

Since he was young, he had never hated anyone so much, and now that he had Long Chen, the only way to dispel the hatred in his heart was to viciously torture him.

As for the Gold Saint Inherent Skill, although his hatred for Long Chen was not as strong as Chu Yunxi's, he was originally very confident that his qualification to enter the Inner Race would be taken away by Long Chen, causing him to lose all face.

"Brother Jin, it's a coincidence that he won against you due to the terrain. Today, let's attack together and capture this kid!" Let's just make him stare blankly at us! "

"Attack!"

Just as Chu Yunxi finished speaking, Jin Sheng En nodded his head, his sharp eyes staring straight at Long Chen. He roared out and attacked Long Chen at the same time as well, charging towards him!

Any one of these two people, were all absolute geniuses, and any one of them could give Long Chen a lot of pressure, especially for Jin Sheng En, it took Long Chen a lot of effort to defeat him, and now that the two of them had attacked together, the immense killing intent caused Long Chen to take a few steps back!

"You're courting death!" Facing the pressure of two people together, Long Chen had no choice but to immediately use the Dragonsoul Transformation, and instantly, all of the blood-colored dragon scales covering his body rapidly materialized on the surface of his body. From head to toe, they were all covered with the fine and regular blood-colored dragon scales that were about the size of a baby's palm, and at the joints of his spine, knees, and elbows, there were even sharp bone spikes.

The light red colored true energy at Long Chen's dantian rapidly changed, and very quickly, a blood-red Earth Core began to spin, full of scars from flames and lightning!

"The beast spirit transformation, to us, is only mediocre!" He was even faster than Chu Yunxi and instantly appeared in front of Long Chen. With a movement of his body, he was like a meteorite that was thrown straight at Long Chen!

"Annihilation Leg Technique!"

The kick after kick was like the waves of the ocean, surging wave after wave. In addition to Jin Sheng'en's powerful Zhen Qi and the high grade Profound Rank Gold-ranked Battle Body, Long Chen was immediately forced to retreat.

At this time, Chu Yunxi rushed over from the left, like a tornado, he pointed out his finger!

"Sky Illusion Finger!" the Phantom Kill! "

Hundreds and thousands of finger images enveloped Long Chen, adding the attack from Jin Sheng En, the two of them were able to suppress Long Chen from the very beginning.

Seeing this scene, and thinking back to what Chu Yunxi had said before, Liu Lan's heart became anxious. Seems like Long Chen was not a match for the two of them, and if Long Chen was defeated by them, or even captured, the consequences would be unimaginable.

Thinking of this, her face once again turned pale.

In her heart, Long Chen had already occupied an unerasable position. If something were to happen to Long Chen at this moment, her heart would not be at ease!

"You want to kill me at this level, then you're underestimating me too much!"

Right at this moment, with an explosion, Chu Yunxi was smashed away by one of the Devil Yang Fist Seals. At this moment, Long Chen flung Jin Sheng's hand off, and before he could look down on his body, he punched out yet again!

"Burning Heaven Devil Yang Fist, Descent of the Demon and Yang!"

Bang!

The fierce fist force instantly pushed Chu Yunxi down to the ground, causing a large amount of dust to fly!

If it wasn't for the rear, when Jin Sheng's attack came again, as long as Long Chen rushed forward, he might have been able to kill Chu Yunxi. But being surrounded was like this, he would never be able to focus on fighting someone!

"This boy is really amazing. Perhaps in the future, we might not be able to defeat him if we work together. But with that person's gift as a trump card, today's matter is definitely certain!"

Thinking about it, and thinking that Liu Lan's graceful body was about to be manipulated by him, Chu Yunxi became extremely excited. He suddenly erupted and rushed towards Long Chen, who was standing beside Jin Sheng En, to kill him again!

"Long Chen, be careful!"

As he watched nervously, Liu Lan panicked a little when she saw Chu Yunxi attack again, and immediately cried out.

On this rainy night, she broke out in a cold sweat. The light droplets of water were covering her pale red face and skin, revealing a suffocating allure. It was no wonder that Chu Yunxi was so anxious when he realised that he could do whatever he wanted with her.

At this time, Chu Yunxi quickly closed in on Long Chen, a cold light flashed in his eyes, and at the location of his finger, the wind and clouds started to move, and wails sounded out one after another. In that moment, he suddenly pointed his finger forward, and suddenly, a strong gust of wind rushed towards Long Chen!

Although this was only a whirlwind, it contained an endless amount of killing intent!

"wind-swept finger!"

This was the strongest move Chu Yunxi had against Long Chen back then, and was also his trump card. When he used it now, his expression changed instantly, the powerful attack immediately rushing Long Chen away, and was just about to hit Long Chen!

"Being surrounded and attacked by these two people is really troublesome!" Long Chen frowned. Under his feet, he was able to execute the Nine Heavens Wandering Dragon Steps, which he had been holding back a bit, to perfection. The attacks of the wind-swept finger struck him again and again, but most of them were dodged by Long Chen!

"If this goes on, I will die for sure!" ~ Thinking about this, Long Chen knew that he cannot drag this on any longer. The two of them, Jin Sheng En and Chu Yunxi, he had to kill one of them first, only then would he have a chance of victory. Otherwise, he would have no way of knowing how he would die if he allowed them to wear him down!

"Devouring Blood Realm!"

Not long after, the entire rotten temple was surrounded by the Devouring Blood Realm. Waves of red mist floated around the Devouring Blood Realm, and at the edge of the realm of blood, there was a light red light membrane, blocking everyone's line of sight!

"What is this!" Chu Yunxi felt the changes in his surroundings and was immediately shocked.

However, last time, he did not know what exactly this technique was, and now that Long Chen had used it, that strange suction force was once again used on his body!

"Brother Chu, quickly kill him!" If we stay long enough, we will die without a doubt! " Jin Sheng En roared, he could no longer care about anything else, he activated his strongest attack, and rushed towards Long Chen!

Under this enormous and bizarre suction, no matter who it was, as long as it was Long Chen's enemy, they all felt that moving was very inconvenient!

If he was weak, Long Chen would have immediately refined him into Blood Qi!

was still not able to use Blood Refinement Qi in battle, but this Devouring Blood Realm could.

"Do you feel comfortable?" Long Chen laughed. Seeing Jin Sheng En's flustered face, he knew that the current him needed to use his Innate Qi to suppress the blood Qi.

"What kind of strange ability is this?" Chu Yunxi was also extremely shocked, at this time, his mobility was also affected greatly.

"With such a miraculous attack, I might not be his match, but with what he left behind, Long Chen, you will definitely die!"

Chapter 182 - Lightning Symbol!

At this time, Liu Lan was also looking at this mysterious space filled with blood. She could feel that the blood in her body was also being mysteriously drawn in, and the source of this attraction was Long Chen's body.

However, the attraction was very weak. and only made Liu Lan feel slightly uncomfortable.

There was a pained expression on his face towards Chu Yunxi and Jin Sheng'en, as if he was forcefully enduring it.

"Long Chen, this brat, how could he have such a miraculous ability? What exactly is this?" Liu Lan's face was full of shock. This blood colored space, she had already seen it when Long Chen defeated Jin Sheng En.

"Why is there so many secrets on him?" Stunned at Long Chen's flashy scales, Liu Lan's eyes couldn't help but sink into his cold eyes that were filled with killing intent.

Suddenly, Liu Lan saw traces of the legendary figures in the blood-colored fog that was roaming all over the place.

"Although this illusion cannot be seen clearly, why does it look like the legendary Ancient Dragon God?" Her face was filled with shock. Previously, she didn't care much about it, but now, it looked more and more alike.

Looking at Long Chen's scales, she remembered that dragons were also covered with scales, thus she thought mysteriously: "Could it be, that Long Chen has something to do with the ancient Divine Dragon?"

The red fog that was wandering around seemed to have formed the Divine Dragon Image, causing this thought to appear in Liu Lan's mind.

Right now, even the Middle Paleogene had passed on for hundreds of thousands of years, not to mention how far away the Primordial Era was. If not for the fact that the Dragon God was too shocking, the legend would not have been preserved until now.

Just as Liu Lan was thinking about all these, Long Chen was actually fighting with Jin Sheng'en and the rest to the death!

There was another layer of worry in Long Chen's heart, and that was that black-clothed man. Therefore, at this moment, he had to solve the huge problem of Jin Sheng En and Chu Yunxi in the shortest amount of time possible.

After using the Devouring Blood Realm, Long Chen had completely overpowered them!

"Brother Jin, let's use our killing move!" "This kid is very strange!"

At this time, under this enormous pressure, Chu Yunxi already had some uneasiness. He forcefully suppressed his boiling blood and Qi, and with a loud bellow, he immediately used wind-swept finger to attack Long Chen once again!

"Is it still this move?" Long Chen sneered. Even though it was the same move, under the Devouring Blood Realm, the power of Chu Yunxi's high-grade Profound Rank battle skill was greatly reduced!

On the other side, Jin Sheng en was not to be outdone, he kicked the ground, his entire body was like a cannonball as he flew towards Long Chen!

Rumble rumble rumble!

Under the powerful physical strength of the Holy Golden En, the entire rotten temple began to shake!

"Long Chen! You dare to snatch my Inner Race quota, die! Great Glazed Battle Fist! "

Under the siege of the wind-swept finger and the Great Glazed Battle Fist, Long Chen's face did not change, but his eyes revealed dense murderous intent!

"Devouring Blood Realm's usage, has actually caused my Zhen Qi to weaken and my physical strength to weaken. I have to finish this quickly!" After discovering this, Long Chen understood that there was no divine ability which truly didn't conform to the laws of the heaven and earth. Although the Devouring Blood Realm was heaven defying, it was still within the natural laws!

Even if it was the Dragon Soul Transformation or the Blood Refinement Qi, they were both part of the natural order. However, the duration of the Dragon Soul Transformation was much longer than the Devouring Blood Realm.

"Attack!"

At this time, the wind-swept finger and the wind-swept finger had already appeared in front of Long Chen, and at this moment, Long Chen released all the Zhen Qi in his body!

Roar!

At this moment, the second grade Thunder Flame Battle Body erupted to its limit, and in Long Chen's right hand, a ray of starlight suddenly lit up. And in that instant, Long Chen forsaken the Golden Sacred Light, and charged towards Chu Yunxi without any hesitation!

"Spirit!" Demon! Sword! "Finger!"

That resplendent sword light was like fireworks, in just a blink of an eye, the powerful explosive force directly sent Chu Yunxi, who was being suppressed by the Devouring Blood Realm, flying out, and smashed into a wall!

"Long Chen, die! "Haha!" Seeing that Long Chen was actually ignoring him, Jin Sheng'en was overjoyed, the Great Glazed Battle Fist rushed towards Long Chen's back!

"You're the one who should die!" With a cold laugh, Long Chen turned around. At the same time, he was accompanied by another entangled silver sword light! That fleeting sword Qi instantly clashed with Jin Sheng's Great Glazed Battle Fist!

Bang!

With a burst of zhenqi, the dust in the temple was blown away.

"What?" You can actually use a high grade Profound Rank battle skill twice in a row! " Jin Sheng En's blood was boiling. If he hadn't used his movement technique to dodge the sword light, then that sword light would have taken his life!

Never would he have thought that the first time Long Chen used a Spirit Devil Sword Finger, she would actually be able to use another move so quickly, and directly force him to retreat!

"My target is you, Gold!"

The moment he turned around, the Spirit Devil Sword Finger in his left hand, which was already prepared, immediately broke through Jin Sheng En's Great Glazed Battle Fist, directly sending him flying backwards!

"Not only do I have to master the Spirit Devil Sword Finger, you definitely won't expect that I can use it three times in a row!"

A loud explosion resounded!

When Long Chen's second finger pushed away Jin'e, making him completely lose his defense, a cold light flashed in his eyes, and his entire body shot out like an arrow out of a bow towards Jin'en. Just as his left hand stabbed out a Spirit Devil Sword Finger, another sharp star appeared in his right hand!

"Last time, Spirit Devil Sword Finger!"

This ray of sword light was twice as large as the previous two!

This was the last move that Long Chen had to teach for a long time. After using this move, the entire temple was illuminated bright and white by the sword light, causing the golden holy grace, even Chu Yunxi and Liu Lan's faces were filled with shock!

"Die!" Long Chen shouted loudly!

"No!" At this moment, Jin Sheng'en's eyes were bloodshot. Regret, fear, insanity and other emotions appeared on his face.

"My father is the Great Clan Elder of the Jinshi, you cannot kill me!" After saying that, Jin Sheng's intention was to beg for forgiveness.

"Idiot."

Long Chen's face was indifferent, but, his fingers did not stop, and instead, he thrust out, the sword light directly piercing into the chest of the terrified Jin Sheng En, directly piercing through! Puchi!

"No!"

The sound of the struggling became weaker and weaker. When Jin Sheng'en's eyes opened wide and he was completely killed by Long Chen, he finally disappeared.

A corpse with a hole in its chest crashed to the ground!

Pow!

This sound, was like a heavy hammer that ruthlessly struck at the hearts of Liu Lan and Chu Yunxi. They were all stunned for a moment, and seeing the slowly turning Long Chen, Liu Lan's eyes were filled with the softness of a when of conquest.

"Tell me who the mastermind is, and I will leave you an intact corpse." Long Chen's expression was cold, and under Liu Lan's blurry gaze, she pressed her way towards Chu Yunxi step by step.

"Do you think you can take me down?" Chu Yunxi suddenly laughed, "Long Chen, you are too arrogant, but you have just killed a Golden Holy Grace, do you think I am afraid of you?"

"Oh?" Seeing that this fellow still had some strength to rely on, Long Chen was slightly interested and said indifferently: "If you have any other trump cards, take them out."

"You are courting death, don't blame me." Chu Yunxi slowly moved his hand into his Qiankun bag and looked at Jin Sheng's corpse, "It seems like I have underestimated you, thinking that the two of us can take your life without this, but in the end, we still have to use it."

"What is it?" Long Chen secretly became alert and took a few steps back.

Looking at Chu Yunxi's attitude, it seemed that there was indeed something good inside.

"Long Chen, today is the day of your sacrifice next year. I originally wanted you to properly admire me for falling for your woman, but you ended up with nothing left of your body, so you can only blame yourself!"

With that said, Chu Yunxi rushed towards Long Chen without a second word!

"Long Chen, be careful!" Hearing their conversation, Liu Lan was also extremely alarmed.

"Die!" As he shouted, something suddenly appeared in Chu Yunxi's hands!

"What's that?" In Chu Yunxi's hands, Long Chen discovered a dark blue symbol parchment. This symbol parchment looked to be of an extraordinary material, but right at this moment, Chu Yunxi threw out the symbol parchment!

"Not good, quickly dodge, that's a Lightning Symbol!"

When Chu Yunxi took out the talisman, Ling Xi's anxious voice could be heard. Long Chen was shocked, and immediately executed the Nine Heavens Wandering Dragon Steps, retreating backwards with her fastest speed!

As he retreated, that Lightning Symbol that was originally light and light suddenly emitted countless blue colored lightning. It was as though a rock that had been wildly flung out, it quickly flew towards Long Chen!

This rune that was surrounded by lightning immediately gave Long Chen a huge pressure!

"This is bad!" Within this Lightning Symbol, Long Chen felt a power strong enough to pose a fatal threat!

"Haha, in front of a Lightning Symbol worth millions of divine jade, you're not going to die!" Chu Yunxi dodged while laughing crazily, his face revealing a sinister and sinister look.

Long Chen had forced all the shadows in his heart out.

"A country bumpkin actually stole my woman and stepped on my head. He's really rebelling! What belongs to me, I will snatch it all back today! "

Long Chen did not care about Chu Yunxi's arrogance at this time. Under the circumstances of dodging as much as possible, he exploded with all his Innate Qi to protect his entire body, even though he escaped extremely quickly, the Lightning Symbol still caught up to him and exploded beside him.

Rumble rumble rumble!

Thousands and thousands of lightning bolts burst out at this moment. It instantly drowned Long Chen!

"Long Chen!" Seeing this scene, Liu Lan's eyes revealed tears of despair!

Chapter 183 - Cloud Fairy

Liu Lan watched as the Lightning Symbol exploded, but she couldn't do anything.

When the Lightning Symbol exploded, tens of thousands of lightning bolts immediately transformed into a ball of lightning with a diameter of ten meters, and instantly wrapped Long Chen up.

Under the bombardment of this violent thunder, explosions resounded from within the Thunder Lightning Ball.

Under these circumstances, Long Chen would definitely be blown into pieces by the lightning. It would be impossible for him to survive!

The reason why Long Chen had such an ending was all because of her.

She was not a brainless person, but the moment she saw Long Chen coming here, she knew that the person being targeted was not her, but Long Chen.

Chu Yunxi, Jin Sheng En and the mysterious black-clothed man were all looking to kill Long Chen. Even the Lightning Symbol was given to Chu Yunxi by the black-clothed man!

Long Chen cared about her life and ran over to save him. However, he died here, which made Liu Lan's heart twitch.

"Long Chen, I'm sorry", the pain in his heart was indescribable. If this iron chain did not trap her completely, she would not be able to resist and go with Long Chen.

Seeing Liu Lan's desperate state, Chu Yunxi felt endless excitement.

"Bitch, now that Long Chen is dead, let's see how else you can retaliate!!" Seeing Liu Lan's pitiful look, Chu Yunxi immediately felt that his whole body was filled with blood energy. At this time, he could no longer hold himself back.

He laughed sinisterly, pouncing onto Liu Lan's body, touching this mature flesh, causing Chu Yunxi to instantly turn into a wild beast, breathing rapidly.

She let out a pitiful smile and was about to self-destruct the Earth Pill, instantly taking Chu Yunxi's life. But just at this moment, she realized that the Chu Yunxi that was pressing down on her body suddenly stopped moving.

Liu Lan was startled, she raised her head, and saw Chu Yunxi staring wide-eyed, with a look of disbelief!

A pitch-black sword tip pierced out from between his eyebrows, then slowly returned to normal.

Drops after droplets of warm flowers dripped onto Liu Lan's face, causing her beautiful face to blossom in beautiful flowers.

Liu Lan knew that this sword had pierced Chu Yunxi's head from the back of his head, directly piercing through his head. Such an attack, in that instant, was able to take Chu Yunxi's life.

Chu Yunxi, to his death, still did not know who exactly he had died to.

Liu Lan very likely knew as well. She had pushed aside Chu Yunxi's corpse with all her might and after that, she was completely stunned.

In front of her was a young girl standing in the clouds.

This young lady had a head of long, fine, jet-black hair that draped over her shoulders, giving her a gentle and beautiful appearance. Her skin was creamy, white and rosy, soft as jade, crystal clear, and her eyes sparkled as if she knew how to speak. Her small red lips and white skin were even more distinct as a pair of dimples were evenly distributed on both sides of her cheeks.

This kind of devastatingly beautiful woman, a woman whose beauty completely overwhelmed his own, had suddenly appeared before his eyes. This made Liu Lan somewhat unable to calm down.

She had seen beauties before, and she herself was very outstanding, but seeing this young girl's ethereal, graceful, and fairy-like aura, she even felt a little ashamed.

From the corner of her eyes, she noticed that the woman was holding a pitch-black, iron-like blade with blood dripping from it ...

Liu Lan suddenly felt it difficult to breathe.

Without a doubt, the woman in front of him who was so close to him, was the one who killed Chu Yunxi and saved him.

Generally speaking, Liu Lan would be very grateful, but this girl was so beautiful that she couldn't even be described with words, and that was fine too. What made Liu Lan even more confused and shocked was that although this girl who was floating in the clouds, was very realistic, but Liu Lan could feel that she didn't seem to have a body.

Without a body, could this be a ghost?

Thinking that this was the Nine Demon Mountain, Liu Lan was a little afraid.

Right at this moment, the girl in the clouds and mist looked at her with her beautiful eyes. The ice-cold look in her eyes caused Liu Lan's heart to tremble.

That scrap iron sword slowly moved in front of Liu Lan's eyes, under her chin, and lifted up Liu Lan's seductive face.

"What are you doing?" The current Liu Lan was still entangled by the iron chain. Furthermore, she was injured and had no power to resist.

The girl in the clouds had actually opened her mouth to speak at this time. That clear and cold voice that sounded like the chirping of an oriole, although it was pleasing to the ears, the words spoken made Liu Lan afraid.

She stared at Liu Lan, and said slowly: "I'm warning you, from now on, do not pester Long Chen anymore, or else, I will cut you into eight pieces!"

With that, Ling Xi swung her sword!

Liu Lan squinted her eyes. She thought she was going to lose her life, but after feeling a sense of relaxation from her body, she finally knew that this girl in the clouds wasn't trying to kill her.

When she opened her eyes, she was shocked to see that the girl in the clouds had suddenly turned into a cloud of smoke and gradually merged into the iron sword. At this time, the iron sword gradually shrank until it was only the size of an ear nail.

"She wants me to stop pestering Long Chen?" At first, Liu Lan was a little silent, but very quickly, she pushed out another meaning from those words, which was: Long Chen isn't dead yet! "

Liu Lan looked over in surprise, and sure enough, at the place where the Lightning Symbol had exploded, the surrounding was a mess, and in the middle of the ground, there was a black figure seated, although his body was charred black, but who could it be other than Long Chen?

"Long Chen! "You're not dead!" Sensing that there was still life on Long Chen's body, Liu Lan was overjoyed. She stood up with difficulty and was about to rush towards Long Chen, but then she saw that the sword that was the size of an earring whistled and blocked in front of Liu Lan.

Liu Lan immediately stopped and forced herself to calm down.

Seeing this small sword blade, she finally remembered that Long Chen's ears had always been wearing an earring. It was obvious that it was the sword in front of him. As for that peerlessly beautiful girl in the mist earlier, she had returned from the sword ...

"In other words, that young girl had been following Long Chen since the beginning, and it's just that we don't know. The reason Long Chen is so mysterious, must definitely be because of this mysterious young girl."

Thinking about what the young girl had said to him, Liu Lan felt powerless.

To be honest, Long Chen really did have an important position in her heart. However, when he thought about the girl's sour words that were filled with killing intent, Liu Lan knew that they were only a pair, so she did not dare to think too deeply about it.

Long Chen being alive was a heavenly good news to her.

"Thank you for saving my life." Liu Lan stabilized his emotions and immediately returned to the cold beauty that he was before. She took a few steps back when she saw Long Chen recuperating from his injuries.

"What kind of background does this girl with the sword have? It's really unheard-of for someone to exist in such a way. With her, Long Chen's future is simply limitless. " Thinking about it, Liu Lan was somewhat emotional.

"However, that doesn't matter to me. I'm ten years older than him, so I'm not the same person as him." Being threatened by Ling Xi's words, she had a tenacious disposition, and cast aside those unfathomable thoughts of girls.

However, when she thought of the youth that had risked his life to save her, she felt a little reluctant in her heart ...

With this thought in mind, Liu Lan took out some spirit medicine from her Qiankun bag and started to heal herself.

Today's matter was finally over, but Chu Yunxi and Jin Sheng'en were both dead, and Liu Lan didn't know how to take care of them, so she could only wait for Long Chen to recover.

Regarding this Lightning Symbol that was worth millions, Long Chen was able to survive mainly because of two things. Firstly, the dragon's scale behind his Dragon Soul Transformation had a strong resistance to it, and secondly, because when he absorbed the raiding crystal, he suffered many times from the tempering of lightning. The second grade Thunder Flame Battle Body also had a very strong resistance to thunder and lightning.

Because of these two points, Long Chen luckily survived.

After being injured just now, he had no way of making a move against Chu Yunxi. If at that time, Chu Yunxi had endured a bit more till his brain becomes a worm to deal with Long Chen, it would have been difficult for him to survive.

If Chu Yunxi wanted to humiliate Liu Lan, in his excitement, he would forget everything, so the moment Ling Xi attacked, he would immediately lose's life.

The story tell us that a monkey can't be a big deal

At this time, Long Chen was using his combat skill to heal his wounds.

Gui Yuan was a middle grade Profound Ranked battle skill, and after using it for a long time, its effects would be no worse than a middle grade Profound Rank medicine. In addition, Long Chen had a strong physique and an extremely strong recovery ability, so after about an hour, his injuries were more or less healed.

Retracting his Dragonsoul Transformation, Long Chen tidied up his clothes so that there were no longer any traces of a fight on his body.

Seeing that Long Chen had successfully recovered, Ling Xi happily returned to his ears.

"Scoundrel, you've scared me again this time!" Frowning, Ling Xi muttered, his heart still having a lingering fear.

"I also did not expect him to have a dog stuff, but fortunately he passed this trial." Seeing that Liu Lan was sitting cross-legged in perfect condition, Long Chen heaved a sigh of relief. Then, he smirked and said: "Xiao Xi, how did you act just now?"

He was referring to what Ling Xi had said to Liu Lan. The Ling Xi at that time, was simply too cool.

"Who said it? He's already very fierce!" immediately flushed red when she discovered his petty ulterior motives.

At this time, Long Chen saw the corpses of Jin Sheng En and Chu Yunxi. He carried the two corpses together, searched them for a while, and found two Qiankun bags.

"Another sudden windfall." Long Chen said.

"I find you are getting worse." Ling Xi giggled. Actually, she also liked to do this kind of thing.

After putting away the Heaven and Earth Pouch, Long Chen looked at the two dead men.

"It was you guys who forced me into a dead end. If I didn't kill you guys, I wouldn't have survived. Thus, you really can't blame me for dying."

After saying that, Long Chen used the Power of Thunderflame to make some flames, and obtained the bodies of Jin Sheng En and Chu Yunxi. A while ago, the corpses of the two of Long Chen's greatest opponents were gradually being engulfed by the flames.

At this time, Liu Lan slowly opened her eyes and saw the soaring flames and the indifferent youth within the flames. She discovered that she was somewhat intoxicated.

Chapter 184 it had been exposed!

In the raging flame, Long Chen's and Liu Lan's eyes met.

Initially, when they had met at first glance, she was still a high and mighty Deacon Liu, her strength was countless times stronger than Long Chen, but Long Chen was just a newbie who had just entered the Lingwu Family, who was playing around by Liu Lan.

And today, not only had Long Chen's strength reached a realm similar to hers, his status was even higher than hers. Liu Lan was in a bit of a trance as she looked at the quiet youth in the light of the flames.

"It's hard to predict what will happen in the future. That's probably the theory behind it." Liu Lan smiled bitterly and shook her head.

After experiencing tonight's events and with Ling Xi's warning, she had matured quite a bit.

"If you recover, then go back." This was not a place that he had stayed for long. After experiencing such a crisis, Long Chen no longer had any thoughts of retaliating against them.

"Yes." Liu Lan nodded obediently.

Speaking of which, what happened tonight was indeed tangled up. If it wasn't for that charming bet, these sort of things probably wouldn't have happened.

From the rotten temple to the Nine Demons Manor, Long Chen kept thinking about the identity of the black-clothed man.

"Hey, who do you think is the person who subdued you, the one who helped Jin'e and Chu Yunxi?"

Liu Lan laughed bitterly and shook his head, then said: "He came too suddenly, although he does not look like he has a high cultivation level, I am not his opponent."

Very quickly, they returned to the Nine Demons Manor. What they did not know was that there were already people waiting for him in the Nine Demons Manor.

As he walked into the Nine Demons Manor, Long Chen felt that the atmosphere wasn't right. As expected, not long after he entered the Nine Demons Manor, Long Chen saw Chu Tianxiong's family, as well as Jinshi and the others, waiting outside.

"Brother, they're back!" Suddenly, Chu Yunyao shouted in excitement, and then, everyone looked towards the outside of Nine Demons Manor.

In this dark world, it was filled with torrential rain. At this moment, two people were quickly walking over, braving the torrential rain.

Chu Yunxi and Jin Sheng En finally returned. Chu Tianxiong and Jin Sheng En looked at each other and laughed, but their smiles quickly froze.

"It's Long Chen and Liu Lan!" Chu Tianxiong's face changed!

They searched in the Nine Demons Manor for a long time, but were unable to find anything. They also searched in the vicinity for a long time, but there were no traces of them at all, and at the same time, Long Chen and Liu Lan disappeared.

Helpless, they could only wait here.

In the darkness, two people appeared. Chu Tianxiong and the others thought that it was Chu Yunxi and Jin Sheng En, but when they walked in, they realized that it was actually Long Chen and Liu Lan.

Walking in, he saw that everyone was looking at him with a dark look, but Long Chen was not afraid, this was Dongfang Xuanxiao's territory, the others did not dare do anything to him.

Seeing Long Chen and Liu Lan return, Liu Yuan finally heaved a sigh of relief. Her taut heartstrings had finally relaxed a bit as she anxiously said. "Long Chen, Lan Er, come over here quickly!"

Saying that, he looked at Chu Tianxiong with vigilance.

If these four people were to disappear, everyone would think that they had gone out to fight. Liu Yuan had a premonition about this, and his heart was in his throat.

"Halt!" Chu Tianxiong let out a cold snort and stood in front of Long Chen. At this time, Chu Tianxiong's face was extremely gloomy, as if he was about to drip black blood.

Seeing Chu Tianxiong suddenly be so furious, everyone thought that they had a bad premonition.

"Isn't this the Qing nationality's Great Clan Elder? Why did you call me that? " Long Chen calmed down and asked indifferently.

"What did you guys go out for?" Chu Tianxiong said coldly.

Long Chen laughed and said: "You old bastard, have your brain rusted? "We're in sync. Going out late at night is naturally to find a place to interact with each other. Could it be that we're so bored that we have to go out and kill wild boars?"

Long Chen had unrestrainedly said something that was difficult to talk about, and even scolded Chu Tianxiong for not dying of old age. This immediately caused everyone's face to darken, and it was difficult to accept.

Seeing Liu Lan's drunk face, without any explanation, everyone started to curse him for being shameless.

However, Chu Tianxiong's expression was still incomparably dark. Seeing Chu Tianxiong's hateful gaze, Long Chen was shocked, and thought to himself, "Could it be that this old man can actually see that Chu Yunxi has already been killed by me?"

After thinking for a long time, he finally thought of something.

Cosmic Bag!

Chu Yunxi's Cosmos Sack was currently in his pocket!

Long Chen knew, the runes in this Qiankun bag could be added with a person's mark. Although everyone's true qi would be more or less the same, everyone would have their own characteristics. Back then, Mo Xiaolang had given Long Chen a Qiankun bag of his own, allowing him to go to the Lingwu Family to find it.

And now, with Chu Tianxiong's expression, it was clear that Chu Yunxi's Cosmos Sack was given to him by him!

Sure enough, at this time, Chu Tianxiong gave a cold laugh and said, "Going out to exchange feelings? Then let me ask you, Long Chen, what's with that Cosmos Sack in your arms?! This is the Cosmos Sack I gave to Yun Xi, why is it in your embrace?!"

When Chu Tianxiong said this, everyone's face changed.

Chu Yunxi's Cosmos Sack had appeared in Long Chen's arms. This also meant that it was very likely that Chu Yunxi and Jin Sheng En had died in Long Chen's hands!

Long Chen calculated everything, but only the matter of the Qiankun bag was left out of his mind! ... .. )

"As I thought, how can I not wet my shoes when I often walk by the river? "Right now, I like killing people for their treasures, but there will be a price to pay!"

It was normal for a single mistake to occur when a person was unrivalled.

"You're talking about this Cosmos Sack? Of course I did. " Long Chen reacted in time, there were some dead pigs that were not afraid of being boiled water.

Although he had been discovered, Long Chen refused to admit it. He wanted to see what this old man would do to him, the new person who had just entered Inner Race, under Dongfang Xuanxiao's watchful eyes!

Long Chen had been in the Lingwu Family for a long time, so he was very familiar with the power and influence of the Inner Race. From the respectful attitude Chu Tianxiong and the others displayed

towards Dongfang Xuanxiao, it could be seen that even the Great Clan Elder did not compare to the Inner Race.

In the Eastern Azure Dragon Aristocrat Clan, many people were waiting to see what the two new clansmen looked like. If Long Chen died at the hands of Chu Tianxiong before he could return, to the Dongfang Family, this would be a joke. It was simply impossible, so Chu Tianxiong couldn't do anything to him.

"Picked it up?" Whether it was Chu Tianxiong or Jin Luan, both of them had roughly guessed the truth in their hearts at this moment.

At this time, Jin Luan's eyes erupted with an ice-cold light, and that enormous aura pressed down on Long Chen's body. His voice, which was so cold it penetrated to the bone, was slowly spat out.

"Long Chen, you killed Sheng En and Chu Yunxi, didn't you!"

When these words left his mouth, the expressions of many people changed.

The eyes of the relatives of Chu Yunxi and Jin Sheng En were wide open!

For example, Chu Fengqing and Chu Yunyao, their eyes were completely red, if it wasn't for Chu Tianxiong, they would have fought with their lives on the line against Long Chen!

"Aren't you afraid of losing your tongue when you speak?" Under this enormous pressure, Long Chen had a backup in his heart, and his expression did not change as he said: "I will not waste words with you, I picked up this Cosmos Sack, as for where the two of them are doing this, it's none of my business."

He let out a breath on her face and said: "My Lan Er and I went there to enjoy ourselves, so we don't have to care about Chu Yunxi's Golden Holy Grace anymore. But you guys don't have to worry, I think they might be interested in each other, and have a good time too.

"Shut up!" Long Chen's words were vulgar to the extreme. At this moment, whether it was the Chu Family or the Jin Family, everyone's face was filled with killing intent!

"Everyone, this is a beautiful morning. I still need to fight with Lan Er for three hundred rounds, of course you can't ruin our plans, right? "Come on, move out of the way and let your Master Long pass."

Since he was going to act arrogantly, then he had to act completely arrogantly. This was Long Chen's style.

His smiling face made the eyes of every member of the Chu and Jin Families turn red. However, because of Long Chen's current identity, they did not dare to risk the lives of their entire clan.

Especially Chu Tianxiong and Jin Luan, they understood Xuan Xiao's temperament the best. If Long Chen was killed here, their family would probably be exterminated!

Even if they were to join hands, they still wouldn't have the confidence to defeat Dongfang Xuanxiao.

On the other hand, on Long Chen's side, although Long Chen had a face full of ease, his face and ears had flushed red from what he had said, and he almost wanted to find a hole to hide in!

Last time, she teased Long Chen and forced him into such a desperate strait. Originally, Long Chen wanted to punish her tonight, but he saved her in the end.

Liu Yuan who was at the side, looked at Long Chen and Liu Lan blankly, and his old face exploded with a conflicted expression.

Any father who allowed him to be the current Liu Yuan would have such a bitter and bitter expression.

"Long Chen, I'll ask you one last time. Where are Yun Xi and Sheng'en? " Standing in front of Long Chen, Chu Tianxiong tried his best to calm himself down and suppress the urge to attack.

Long Chen squinted, and said: "I said, I don't know."

"You have the guts to kill them, but not to admit it?" On the other side, Jin Luan also came over.

Long Chen was about to answer when Dongfang Tianyu appeared here. From afar, the moment he saw Long Chen, his expression changed, but it was very well concealed. "UU ...

"Elder Chu, Elder Jin, why have all of you gathered together?" Dongfang Tianyu asked.

Looking at Dongfang Tianyu, Chu Tianxiong's eyes lit up. He looked at Long Chen and spoke word by word: Young Master Tianyu, tonight, Yun Xi and Sheng En, as well as this Long Chen have disappeared, the two of them have returned with Yun Xi's Cosmos Sack. I am sure that Long Chen has killed Yun Xi and Sheng En.

Dongfang Tianyu's expression turned cold, he looked at Long Chen and asked: "Did you kill them?"

"Nope." Long Chen said indifferently.

"When you just entered the Inner Race, you already felt proud. Dongfang Tianyu's voice turned cold, "Long Chen, although your talent is not bad, your quality is really low. You actually relied on your identity as the Inner Race to kill innocent people, and you are even the grandson of two Great Supreme Elders. So, I shall sentence you to death! "

Chapter 185 - Papping

If Jin Luan and Chu Tianxiong didn't have the power to deal with Long Chen, then Dongfang Tianyu, the real Inner Race, should have one.

After all, Long Chen entered the Inner Race from a foreign clan, and the blood flowing in Dongfang Tianyu's veins was that of the Azure Dragon clan.

"What did you say?" Long Chen squinted his eyes.

Seeing Dongfang Tianyu's ice-cold expression, he instantly thought of many things.

"Cut the crap. Two great elders, this punishment will be executed by you!" Dongfang Tianyu didn't give Long Chen a chance at all, as he said those words.

After he said it, both Liu Lan and Liu Lan were greatly shocked, and with Dongfang Tianyu supporting them, both Jin Luan and Chu Tianxiong were immediately ecstatic, and immediately made their moves.

This was a great opportunity, if he missed this chance, it was unknown when he would be able to kill Long Chen.

Although Long Chen was young, he posed a huge threat to them.

"Die, Long Chen!" Chu Tianxiong reacted first and was the first one to rush towards Long Chen, killing him immediately. His Great Perfection of the Heavenly Core's strength was not just for show, the moment he attacked, his entire face would change. Although it was a simple Cloud Stolen Finger, if he used it, Liu Yuan and Liu Lan who were beside Long Chen, would probably die instantly from being implicated!

Chu Tianxiong was planning to kill three people in one move to prevent future troubles!

Dongfang Tianyu suddenly appearing and speaking those words was not something Long Chen had expected. At this time, Chu Tianxiong suddenly made his move, his aura becoming strong and vigorous, and just as he was about to kill Long Chen, both Liu Lan and Liu Yuan were already close to despair.

Liu Yuan blocked in front of the two of them. He at least had the strength of his Heavenly Core, and only hoped that when he performed the strongest move, he could block this move of Chu Tianxiong's and lure Dongfang Xuanxiao out.

But he was thinking too much.

Just as everyone thought that Long Chen would die, a figure suddenly stood in front of him. Chu Tianxiong's colossal Cloud Stolen Finger was easily grasped in his hands.

Long Chen laughed, the Nine Demons Manor was only so big, he had already known that Xuan Xiao would find the commotion here.

Seeing that Dongfang Xuanxiao had appeared, everyone's hearts tightened. He had saved Long Chen, which meant that today, Chu Tianxiong and Jin Luan would have no chance anymore.

At this moment, everyone was silent.

In front of Dongfang Xuanxiao, Chu Tianxiong discovered that he actually felt fear and fear.

Although he had heard that Dongfang Xuanxiao was extremely powerful, but as both of them were at the same level of Great Perfection of the Heavenly Core, Chu Tianxiong felt that he wasn't too far off from her.

"Chu Tianxiong greets Master Xuan Xiao!"

"Jin Luan greets Master Xuan Xiao!"

Dongfang Xuanxiao suddenly appeared and easily dissolved Chu Tianxiong's attack., who was just inches away from him, saw it very clearly. At this moment, he was also very shocked and did not dare to say anything more.

Dongfang Xuanxiao's gaze had always been cold. He suddenly looked at the nervous Dongfang Tianyu, and said word by word: "Tianyu, who gave you the right to kill my sect?"

"Fourth uncle, he just joined the Inner Race, yet he killed so many innocent people, persecuted the descendants of the Great Clan Elder, is it not worth it to punish him?" Dongfang Tianyu was a little timid and took a few steps back.

"That sounds good." "I'm not punishing you right now. When we return to the clan, I will naturally tell your father about this matter. It would be better to let your father see how I will teach you a lesson."

After saying that, he no longer bothered with Dongfang Tianyu, but looked towards Long Chen and said: "What's going on?"

With Dongfang Xuanxiao as his backer, Long Chen was naturally fearless. He basically told them everything, including the matter regarding the black-clothed man.

After Dongfang Xuanxiao heard this, his brows knitted together in silence. On the other hand, Chu Tianxiong and Jin Luan's faces both became deathly pale. If this was really the case, then Chu Yunxi's and his death no longer had any chance to turn the tables.

First, they wanted to harm Inner Race, and then be killed. For Lingwu Family, this was a huge crime that would implicate his family. In other words, if Dongfang Xuanxiao got angry now, it was entirely possible to kill both him and Chu Tianxiong!

Like this, no one in the Inner Race dared to say anything.

"Do you still want to kill Long Chen?" After a while, Dongfang Xuanxiao asked indifferently.

Chu Tianxiong and Jin Luan lowered their heads. Even though they were still angry at Long Chen, they could only say, "I don't dare!"

Even if Chu Yunxi and Jin Sheng En really did die in Long Chen's hands, they would have to take this lying down.

The other people behind Chu Tianxiong all heard that Chu Yunxi and Jin Sheng'en were indeed dead, and all had faces full of grief and indignation. However, they couldn't do anything about Long Chen.

Long Chen was no longer a small character that they could bully as they wished. From today onwards, he was a clansman of the Eastern Azure Dragon Tribe, and even the great elders of the other clans did not have the right to kill him.

Seeing Long Chen escaping from death once again, Liu Lan and Liu Yuan knew that he had changed. Regardless of identity or strength, they were not something that the old Long Chen could compare to.

Tomorrow morning, no matter if it's raining or not, we have to leave, to return to the Spirit Martial City!

Under Dongfang Xuanxiao's orders, everyone obediently returned. When Dongfang Tianyu left, everyone looked at him gloomily, they could see that he also had a lot of killing intent towards Long Chen.

"You should go back as well." Dongfang Xuanxiao said to Long Chen.

"Yes." In front of him, Long Chen did not dare speak anymore. Nodding his head, he turned and left.

"I know, there's a Lightning Symbol in Tianyu." Suddenly, Dongfang Xuanxiao said.

Long Chen shook his body. Dongfang Tianyu was the man in black, he could understand it with just his toes, but Dongfang Xuanxiao saying it in front of him surprised him.

According to Long Chen's perspective, they were all surnamed Dongfang, so Xuan Xiao should have sided with him. But who would have thought that he was closer to Long Chen.

At first, the one who proposed to stay in Nine Demons Manor for the night was Dongfang Tianyu. Because of Chu Yunyao, Dongfang Tianyu would definitely hate him to the bones as well.

And tonight, he had coincidentally seen Liu Lan leave the room, which was why he made this plan;

"I know he's that man in black." Long Chen nodded.

"What do you think? Right, entering Inner Race. "

"There is competition everywhere, I think the Inner Race is no exception, my principle is that no one will offend me, I will not offend others, if anyone offends me, then I will repay them a hundred times over." In front of Dongfang Xuanxiao, Long Chen was not restricted at all.

"He's wild and untamed, but his temper is quite similar to mine, not bad." Dongfang Xuanxiao revealed a rare faint smile. It could be seen that he was extremely satisfied with Long Chen.

"Go back, Inner Race Spiritual Martial Force, there are still many things waiting for you."

Long Chen nodded, and then bid farewell.

The matter regarding the Inner Race selection had finally come to an end. In the end, Long Chen and his wife obtained the final victory, but Jin Sheng'en and Chu Yunxi died forever in the Nine Demon Mountain, their corpses turned into dust and they disappeared into the storm.

"Dongfang Tianyu this bastard actually wants to kill me." After returning to his residence, Long Chen was a little depressed.

"Who asked you to be so arrogant, you deserve to offend someone." Coming out from Ling Xi's sword, Ling Xi's tiny body landed on the tea table. Although her body was small, but with her impeccable appearance and carefully appraised face, there was still a shocking power.

"Where did I get that?" "But Xiao Xi, how much soul power does the Spirit Grass have left?" Long Chen asked worriedly.

Today, Ling Xi made a move again and killed Chu Yunxi.

That move was not a simple piercing, but a battle skill. Otherwise, it would not have been so easy to take Chu Yunxi's life.

"There should still be half left. Don't worry, I won't die." Ling Xi was afraid that he would be worried, hence she pretended not to care and giggled.

In fact, when she thought about how she was going to die at any moment, the bitterness in her heart naturally increased. Sometimes, she was actually really envious of Liu Lan, and could recklessly display the charm that belonged to a woman.

"Half? Looks like the first thing I need to do in Inner Race is to find the divine soul medicine." Long Chen made up his mind.

"Long Chen, if it's like this, will I appear to be very troublesome, is it because of you?" As he spoke till here, Ling Xi's voice was filled with apprehension and disappointment.

Long Chen had always been thinking for her. At the same time he was moved, she felt a little sad.

"Silly girl." Long Chen's finger knocked on her small head, and said: "I'm investing here, giving you the spirit medicine, and you're able to save me from death, why don't you tell me why I'm not willing to do that?"

"It hurts!" Ling Xi covered her head, and looked at Long Chen with a pair of empty eyes: "I know, this is just a deal, you are squeezing out my value!"

Long Chen laughed, and did not say a word.

Following that, Long Chen took out the Heaven and Earth Pouches of Chu Yunxi and Jin Sheng En, and laughed: "These two brats, definitely have much more money than Li Feng and Wang Tong. With these two Heaven and Earth Pouches, Xiao Xi, are you afraid that I, your father, will not be able to afford you?"

Ling Xi was indeed a rich man, the wealth that she had obtained from leaving White Yang Town had basically all been given to her by her to prepare the soul medicine.

"You're the one who's burning money. Last time, the Demon Blood Soul Essence and the raiding crystal bought one hundred thousand divine jade, but all of my things added up together were not as expensive as this!" With regards to these things, Ling Xi remembered them clearly in his little head. He was prepared to use it to counterattack when Long Chen teased her.

"Alright, alright." Long Chen was really unable to compete with this little woman, and could only check Jin'e and Chu Yunxi's Qiankun bags.

"The two of them together amount to more than two million divine jade, adding my previous four hundred thousand, I now have approximately two million and five hundred thousand divine jade. Oh my god, could it be that I am already a rich man?"

Long Chen's eyes were filled with stars.

"Two million and five hundred thousand?" Ling Xi extended her finger, no matter how she counted, she could not figure out how many two million and five hundred thousand, "How much food can I actually buy?"

"Other than divine jade s, these two brats also have a lot of spirit medicine and battle skills. However, there are very few high level profound beasts. What are these?"

He took out a secret manual that was the only one that caught his eye. Upon closer inspection, it turned out to be a secret manual of the « God of Destruction Leg Art ».

"It just so happens that I lack a leg technique. I will learn to play tonight and rush back to Lingwu Family tomorrow."

Just by learning a bit of the Annihilation Mountain God's Leg Technique, Long Chen had more or less mastered it. At this time of night, Ling Xi wanted to rest through sleep, so that his own soul would be nurtured while it rested.

"The night is dark and the wind is strong. This is the time to do bad things." Long Chen's eyes lit up. After confirming that Ling Xi was asleep, she got up and went to Liu Lan's room. Liu Lan was currently standing in front of the window.

"Who?" The door suddenly opened. Liu Lan was shocked as a cold light flashed across her beautiful eyes. When she saw Long Chen, she became flustered and worried, thinking of the three hundred rounds that Long Chen had said, her heart was like a little deer's.

"Long Chen, what are you doing?" Liu Lan's full chest rose and fell.

"Revenge, of course!" Long Chen laughed strangely, without saying a word, while Liu Lan was still in a daze, she pushed her down onto the bed, with her plump butt raised high.

Pah pah pah pah pah!

Just as he pressed her down, an intense voice resounded within the room.

After calling her dozens of times, until her hands were a little red, Long Chen finally avoided her.

Liu Lan had thought that Long Chen was going to do something bad and was extremely nervous. She never thought that Long Chen would actually hit him so viciously, with dozens of slaps on her butt. In the entire process, Liu Lan did not dare to resist, she covered herself with a blanket and started to cry. Never in her dreams did she expect that Long Chen would actually be so merciless. In such a state, she would definitely not be able to get out of bed tomorrow, and others would inevitably suspect just how intense their battle situation was last night.

Thinking about Long Chen's scoundrel, Liu Lan went limp.

Pah pah pah pah pah!

Woo woo ... \*

The sound was almost like a scene.

"I found out that you're a bit crazy. I came to Lingwu Family and almost died because of you several times. But it was also because of you that I have achieved what I have achieved today. I defeated Chu Yunxi and entered the Inner Race, I could have carried out my previous bet, but I will give you fifty strikes today, treat it as a lesson! "Farewell!"

Throwing the powerless Liu Lan on the bed, Long Chen left with a brush of her sleeves.

"F \* ck, if not for Little Xi, I would have done it today!" Long Chen thought gloomily.

Thinking back to the feeling just now, Long Chen's heart trembled.

Chapter 186 - Foster Father

Profound Rank Fifth Rank, The Great Roc of the Gale.

Compared to the Wind Breaking God Roc, the The Great Roc of the Gale was twice as large, and it was even more tame and quick. From the Nine Demon Mountain to the Lingwu Family, it only took half a day.

No matter if it was the Highest Elder or Dongfang Xuanxiao, both of them chose to use this The Great Roc of the Gale as a stepping stone.

Far away on the ground, there was a large area of shadows. The bystanders who were walking on the road suddenly felt the sky darken as they all raised their heads, and what they saw were the wings of Roc which covered the sky.

They knew that the people on top of this Roc were all people with esteemed statuses.

Long Chen was sitting right at the front, on top of the The Great Roc of the Gale's back, and Dongfang Xuanxiao and Yin Mengyao were also present. As for Dongfang Tianyu, when he came, he was indeed with Dongfang Xuanxiao, but when he went back, he actually went over to where Chu Yunyao was.

As for Liu Yuan and Liu Lan, they also gave up on the Wind Splitting Divine Peng and sat at Gu Batian's The Great Roc of the Gale.

Long Chen had entered the Inner Race, so although he had offended Chu Tianxiong, he could still continue to sit in his seat as an elder.

No one could have imagined that the situation would undergo such a drastic change after entering and leaving the Nine Demon Mountain.

At this time, was seated alone in front while the fierce wind howled. At the back, he was chatting with Yin Mengyao.

"Long Chen, do you know? When we finish the ceremony to join the clan, we will have to call you Master Xuan Xiao as our foster father. " Yin Mengyao suddenly said this.

"What?" Long Chen was startled, as though no one had told him this before.

felt that it was a little strange that he had accepted an adopted father for no reason at all. After all, the brand of Long Qinglan in his heart was really too deep.

"You really don't know?" Yin Mengyao was a little surprised.

"Is this a rule?" Long Chen asked suspiciously. He thought about it, and it seemed that Dongfang Xuanxiao had treated him quite well. If it was a rule, then he had entered the Inner Race now and was still a small figure in the Inner Race.

"Of course, it's the rule. Of course, there are unexpected benefits as well." Yin Mengyao did not resist this at all. She had lost both her parents at a young age, and was able to recognize an adopted father. Furthermore, it was such a heaven defying foster father.

"Let me tell you, for the selection of Inner Race, those who enter the Inner Race successfully, must join the family tree of the Lingwu Family. There is no relationship between disciples and masters among the Inner Race, only father and daughter. For us to become part of the Inner Race, we must naturally become the foster sons and foster daughters of Lord Xuan Xiao.

Long Chen understood and recognized him as his foster father, so how could Dongfang Xuanxiao not protect him?

"To be able to be protected by such an incredible person, it's best to become an adopted son." Long Chen said indifferently. After all, he had seen how strong Dongfang Xuanxiao was before.

"You really don't know your fortune when you're lucky. To be able to recognize Lord Xuan Xiao as your foster father is the dream of many outsiders. "

"Why?"

"You probably understand Master Xuan Xiao's character, right? He is very cold to outsiders, but he is cold on the outside but warm on the inside. Furthermore, he is extremely protective, so if you kill Chu Yunxi and Jin Sheng'e, wouldn't he directly save you? "

Since he said he wanted good luck, this Dongfang Xuanxiao could naturally get a perfect score. To be honest, although Long Chen was extremely daring, when he met Dongfang Xuanxiao, he really felt like he was being suppressed.

"The most important thing is that Master Xuan Xiao is not even married yet, he doesn't have a son or a daughter, and now that we are his foster sons and daughters, how high do you think our status will be?"

"Not married yet?" Long Chen was a little speechless. Although Dongfang Xuanxiao looked young, he was at least forty years old. Since he wasn't married at this age, he must have a love story to tell!

However, just as Yin Mengyao had said, Dongfang Xuanxiao didn't have any children, and they had become his children now, so they were naturally favored and doted upon by him the most. There was not much difference between his identity and that of the other Inner Race disciples.

"In other words, we can walk horizontally?" Long Chen's eyes lit up.

"Within the Eastern Azure Dragon Clan, other than the clan leader's generation, there are still a few old seniors. In Master Xuan Xiao's generation, the four strongest are Feng Yunxiao, and although Master Xuan Xiao does not care, according to the rumors, his strength is the strongest of the Feng Yuntian. If the Patriarch and the old senior do not appear, Master Xuan Xiao is the strongest warrior of the Dongfang family. "

Adopting a foster father was not like others who wanted to be his biological father. Furthermore, Dongfang Xuanxiao's strength and personality were also a type of worship and love for him. With the protection of this heaven defying existence, Long Chen would definitely be able to have a good time.

"Long Chen, do you remember what I told you about the Star Demon Prison?" Yin Mengyao suddenly said.

"Of course I remember. After we settle down in the Dongfang family, we'll bring up this matter to him."

Long Chen still remembered this matter, and he was extremely grateful.

"We're siblings from now on." she suddenly said.

"Ugh ..." If both Yin Mengyao and him wanted to recognize Dongfang Xuanxiao as their foster father, then they would naturally be siblings.

"You still don't want to?" Seeing Long Chen's stupefied face, Yin Mengyao waved his tender fist and threatened.

"I don't dare, I don't dare. Elder sister, please accept this little brother's bow."

"I also have a brother. "In this way, he will also be your younger brother." Yin Mengyao laughed, and suddenly said.

"You said Mo Xiaolang is that abnormal?" Long Chen asked.

"Mm, not only is he abnormal, you are abnormal as well. My two younger brothers are abnormal as well. Actually, I feel quite satisfied to have the two of you in my life. "

Yin Mengyao looked at the sky in front of him and smiled in satisfaction.

"I'm just missing the wolf cub."

It was Long Chen's first time entering the inner city of Spirit Martial City.

After bidding farewell to Liu Yuan, Gu Batian and the others, Long Chen followed Dongfang Xuanxiao and entered the Spirit realm inner city.

The layout of the Spirit realm inner city was not luxurious. It was filled with the flavor of antiquity. Each brick and tile, depicting the classical elegance.

There were not many people from the Spirit realm Inner Race, but there were quite a few people from the Spirit realm inner city. Therefore, other than the few buildings, there were also flowers, grass, trees, short mountains and forests.

He had just returned from Nine Demon Mountain and was already breathing in the fresh air and fragrance of the flowers, Long Chen felt comfortable.

Following Dongfang Xuanxiao, Long Chen and Yin Mengyao quickly arrived at the Dongfang Family's residence. This residence wasn't luxurious, but it was extremely exquisite, the walls of the house were made of the best ancient trees, and they emitted a light and elegant fragrance.

The inner city was extremely quiet, the gigantic Eastern Residence was probably only home to around a hundred people, when Long Chen walked into the Eastern Residence, it had been a long time since he last saw anyone.

"We of the Lingwu Family advocate self-support, so the clan does not have any maids and guards, everything depends on ourselves. If you really want to taste the delicacies, you can only get sent here from the other clan, or you can even go out by yourself."

Dongfang Xuanxiao turned around and explained.

It was because of this that the Eastern Residence had such a simple and elegant environment for its cultivation and cultivation.

"I will first bring you guys to your residence, then I will see the head of the Dongfang family, my big brother Dongfang Xuanfeng. Then, I will bring you guys to the Zunling. "

Under Dongfang Xuanxiao's instructions, Long Chen and Yin Mengyao arrived at a similarly tranquil courtyard. Here, the mountains were clear and the water was beautiful.

"From now on, this will be your residence. You can do whatever you want with it. Get ready, I will bring you guys to meet my big brother in an hour, then you can enter the clan. "

"Yes." In front of Dongfang Xuanxiao, Yin Mengyao did not dare to speak anymore, and could only nod her head obediently.

Dongfang Xuanxiao looked at Long Chen again, and then left.

Long Chen and Yin Mengyao looked at each other, and Long Chen said with a smile. "Beauty, how do you feel if you want to live together with me in the future?"

"Come on, I'm your sister, don't have any bad intentions." Yin Mengyao's cold face revealed a rare blaming smile.

"You have to call me sister in the future. As compensation, I'll clean up your room and this courtyard."

How could Long Chen not agree to such a wonderful matter?

"A child with an older sister is a treasure."

The two stayed at their respective residences for a while, roughly packing their belongings. An hour's time quickly passed, and at this time, Dongfang Xuanxiao punctually appeared.

"My dwelling is five hundred meters east of here. It is called Xuan Xiao Pavilion. If you need anything, just come find me." Although Dongfang Xuanxiao didn't say much, his arrangements were very detailed and comprehensive.

To him, Yin Mengyao was a girl with a tough and calm personality. He was quite happy for her, but he looked at her with a whole new level of respect due to her shock.

At his age, for him to be able to have such a pair of children, although Dongfang Xuanxiao had an indifferent expression, he was actually quite happy in his heart.

Under his lead, they soon arrived at their destination.

Yin Mengyao was not a talkative person, and she was also very quiet. Although Long Chen usually spoke a lot, he couldn't really say anything in front of Dongfang Xuanxiao.

As a result, the whole journey was very quiet.

"It's not like the Dongfang family doesn't engage in open strife. Tianyu is the son of my big brother, so you guys should just keep an eye out." When they were about to reach their destination, Dongfang Xuanxiao suddenly turned around and said solemnly.

It was not like Long Chen had never seen a large clan's scheming and scheming, so he understood what was going on in his heart.

However, Dongfang Xuanxiao had directly told them this. It seemed that he completely treated them as his own children. From his tone, it could be seen that he was completely on Long Chen's side.

Raising his head to look, he saw that on top of this quaint building, there was a signboard with three flamboyant words written on it — — Mystique Wind Pavilion.

"Let's go in." Dongfang Xuanxiao said.

Chapter 187 - The movement of Mysterious Dragon Jade

After the Inner Race selection was over, the news of Long Chen and Long Chen successfully entering the Inner Race had quickly spread to the Lingwu Family.

When the people of Qingyang Hall heard this news, they all felt as if they were slapped in the face, unable to wake up.

As for's and Yin Mengyao's details and performance during the Inner Race's selection, they had long since been read by a few people from Inner Race half a day ago, and the owner of the Dongfang family, Dongfang Xuanfeng, was no exception.

Within the Dongfang family, the four strongest people of this generation were Feng Yunxiao. All of them were Great Perfection of the Heavenly Core, and the remaining ones had more than ten small achievements, but today, only five or six of them were present. The rest were busy with other clan matters.

Long Chen followed Dongfang Xuanxiao and entered the Profound Wind Pavilion. Not long after, they arrived at a large hall, where many people were seated. In the center of the hall, there were a total of four seats. Three of the seats were already occupied.

The one in the middle was a middle-aged man who looked around the same as Dongfang Xuanxiao, but was obviously older. The man's black hair was already mixed with white hair, but his expression was warm and his faint smile gave off a refreshing feeling.

Long Chen reckoned that this was the Dongfang Xuanfeng that Dongfang Xuanxiao was talking about, the current manager of the Dongfang family.

Dongfang Tianyu was Dongfang Xuanfeng's son. At this moment, he was standing behind Dongfang Xuanfeng.

On the left of Dongfang Xuanfeng, there was a middle-aged beautiful woman. Although this woman was also old, she still retained her charm and looked to be around thirty years old.

However, she was different from Dongfang Xuanfeng, her beautiful eyes revealed a sinister coldness. It seemed that she was a very strict person.

Storm clouds, this should be Dongfang Xuanyu.

On the right of Dongfang Xuanfeng, there was a skinny man. He did not look as handsome as the two brothers, but when he smiled, it was very sunny and he did not look old at all. This should be Dongfang Xuanyun.

Today, all of the clouds in the sky of the Dongfang family had been gathered.

The other five or six people with small success Heavenly Core were also people of the Dongfang family's generation, but their fame was not as great as Feng Yunxiao's.

From the moment Long Chen and Yin Mengyao entered the Profound Wind Pavilion's great hall, everyone's gaze had turned towards Long Chen and Yin Mengyao, and even more eyes were on Long Chen.

They all knew about Long Chen's performance in Nine Demon Mountain, and even the matter of him killing Chu Yunxi and Jin Sheng'en.

"Fourth brother, there are two other young geniuses. Quick, sit down." The leading Dongfang Xuanfeng smiled lightly, and said passionately.

Under their arrangements, Long Chen and Yin Mengyao sat down by the side, but Dongfang Xuanxiao did not go up and take his own seat, instead he directly sat next to Long Chen.

"Long Chen, Meng Yao, let's introduce ourselves in front of the elder." Dongfang Xuanxiao said.

This was also part of the rules. Long Chen and Yin Mengyao hurriedly said their names, then said a few words to greet the elders.

Dongfang Xuanfeng maintained a smile on his face the entire time and introduced the various uncles to them. Once again, Long Chen remembered their names.

"You are called Long Chen. You have merely entered the Earth Core Stage, yet you are able to defeat the legendary The number one genius of the other races. It seems that you have some ability." At this time, Dongfang Xuanyu swept his gaze across Long Chen and said indifferently.

At this time, they were more interested in this young man who had just joined the Dongfang Family. That Old Third, Dongfang Xuanyun, was also clucking his tongue as he looked at Long Chen.

"It's not that I'm powerful, it's just that the The number one genius of the other races has a false reputation. Compared to the other geniuses of the Inner Race, we're just a joke." Long Chen couldn't tell if he was being modest or proud.

In front of the various elders, Long Chen was still able to speak in such a calm manner, causing the elders to look at him in a different light. At this time, Dongfang Xuanyu's mouth twitched, and he said: "Fourth Elder, these two brats just entered Inner Race, according to the rules, they should be taught by me. I am not familiar with them, so I might as well let them display their skills for awhile."

Long Chen's heart tightened, he felt that this number two Dongfang Xuanyu seemed to be targeting him. Sure enough, he saw that behind his big brother Dongfang Xuanfeng, Dongfang Tianyu had a slightly complacent expression.

"It seems that this woman Dongfang Xuanyu dotes on this Dongfang Tianyu," Long Chen thought to himself.

At this time, Dongfang Xuanyu's words were immediately followed up by Dongfang Tianyu's. Dongfang Tianyu said in a respectful tone: "Since Second Aunt wants to see, then I will spar with Little Brother Long Chen for a while. It will be of some use to him in his future cultivation."

Dongfang Xuanyu nodded his head: "Tianyu is an expert of Earth Core Stage, it is of some help to Long Chen, very good."

Therefore, everyone was looking at Long Chen. They also wanted to see what would happen if this genius who was rumored to be a miracle were to make a move.

Long Chen looked at Dongfang Xuanxiao, and indeed, Dongfang Xuanxiao raised his head, and directly said: "Long Chen and Yin Mengyao, I can handle their training tasks myself, there's no need for you to worry."

"Fourth brother, are you trying to break the rules?" Hearing that, Dongfang Xuanyu said coldly.

Seeing that the two were about to fight, Dongfang Xuanfeng immediately said: "Stop messing around, second sister, you're in the wrong either. They just came to the Dongfang family and have not settled in yet, how can we make them do it? Now that everyone is here, let's go to Zunling and have them pay respects first."

Dongfang Tianyu wanted to teach Long Chen a lesson here, but he also had to ask Dongfang Xuanxiao's opinion. It was clear that he was unable to pass this trial which was Dongfang Xuanxiao, so he could only give up.

"To the Zunling."

Under Dongfang Xuanxiao's lead, Long Chen and Yin Mengyao followed behind him and along with the others, headed towards the Zunling s of the Eastern Family.

From his short explanation just now, Long Chen felt a bit of pressure in his heart.

"Not counting those old monsters, this Lingwu Family has four Great Perfection of the Heavenly Core and more than ten of them are at the initial stage of Heavenly Core. All of them can easily kill me. Moreover, there seems to be a strong competition within the Dongfang family. "

"It seems that even if I were to enter the Inner Race, I would not be able to walk unhindered. In order to avoid offending others. Today, that Dongfang Xuanyu doesn't seem to like me. "

"Long Chen, why is it that none of the geniuses of the Dongfang family, other than Dongfang Tianyu, are present?" At this time, Yin Mengyao touched his arm and said.

"It seems like Dongfang Tian Chen, Dongfang Tianxing, and Dongfang Tianxuan are all not here."

Long Chen had never heard of these names before.

"Are they very strong?" From the strength of the Beitang Mo, Long Chen could estimate that the young disciples of the Dongfang family would definitely not be inferior to the young disciples of the Beitang. Therefore, at Dongfang Tianyu's level, he could be considered a peerless genius in the other clans.

Dongfang Tianxing and Dongfang Tianxuan are martial artists that have just entered the Heavenly Core, and that Dongfang Tian Chen is even more extraordinary. He is the unquestionably leader of the younger generation in the Azure Dragon Family, and although he's not very old, he's already a martial artist that has reached the initial stage of Heavenly Core. One more step and he would be at the level of an outer clan Supreme Elder, Lord Xuan Xiao's Great Perfection of the Heavenly Core.

Hearing what Yin Mengyao said, Long Chen was shocked.

Small success Heavenly Core?

This Dongfang Tian Chen, who had the same name as Long Chen, was actually such a monstrous existence?

When he compared his own strength when he had just entered the Earth Core Stage, Long Chen suddenly felt that he was pitifully weak. His strength could be rampant in the other races, but entering Inner Race was at the bottom of the list.

However, what he felt was not discouragement, but fighting spirit.

I can crawl all the way from White Yang Town to here, and no matter how hard I try, I can still climb all the way up to your heads. This Dongfang Tian Chen might be powerful, but it's clear that Mo Xiaolang is even more monstrous.

At this time, Dongfang Xuanxiao heard their conversation, turned his head, and explained: "The other juniors of the clan, the younger ones, are currently cultivating, while Tian Chen and the others were taken away by my father to some other place to train, and will only return after a while."

Long Chen heaved a sigh of relief. It was fortunate that the monsters were not here, otherwise, the pressure would be huge in their place.

Even if he was not there, Long Chen could feel the pressure after hearing their strength.

"Dongfang Tian Chen is the eldest son of Lord Xuan Feng, the brother of Dongfang Tianyu." Yin Mengyao worriedly asked as she looked at Long Chen.

"I know." Long Chen was secretly shocked. At the same time, he told himself that in the future, before his strength was insufficient in the Dongfang family, he could only be a grandson. As long as he could obtain stronger strength and become slightly weaker, he could do it.

"Don't be discouraged and work hard. I will set a goal for all of you in a while. You will face an important test in a short period of time. As long as you pass it, anything is possible." Dongfang Xuanxiao suddenly said with a stern expression.

"Test?" Long Chen and Yin Mengyao were shocked.

"Zunling has arrived."

Raising his head, he saw a tall, majestic mountain in front of him. In the middle of the mountain was a dark golden sealed building. A majestic and magnificent aura emanated from the dark golden building.

"What's going on?" Long Chen actually felt that when the Dragon Jade in his sea of consciousness approached the Zunling, it actually felt a slight tremble.

It had been a long time since the Mysterious Dragon Jade moved, and now that it had come to the Azure Dragon Family, it moved again.

"Could it be that there is something good within the Zunling?" Long Chen secretly noted it down in his heart.

Before arriving at the Zunling, Long Chen had felt the magnificence of the Zunling even more. At this time, Dongfang Xuanfeng who was at the very front opened a mechanism, causing a metal door to immediately and slowly open.

Rumble

The door was huge, so it made a lot of metal scraping sounds.

Inside the door, it was bright due to the light.

Long Chen noticed that there was a signboard on top of the gate. On the signboard, a green colored divine dragon was carved on top, baring its fangs and brandishing its claws, looking extremely domineering.

"So this is the Zunling from the Azure Dragon Family in the East?"

Chapter 188 - The green dragon halberd qualification battles

"In the depths of Zunling, there is indeed something that is attracting me."

After entering the dark golden ancient tunnel, Long Chen was even more certain.

It was a long corridor with a width and height of about five meters. The walls were inlaid with bricks that were as hard as steel. Every now and then, a bright light would light up the path on the wall.

After walking past the 50th light, he suddenly saw a vast expanse of space in front of him.

This was a huge basement, and it was completely empty. Although there were very few things here, there was a solemn atmosphere.

Long Chen's gaze was not first attracted to the ancestral tablets, but was attracted to the strong metal door behind the tablet.

"The thing that caused the Dragon Jade to tremble is behind this door." Long Chen remembered it in his heart.

The walls of the basement were carved with the lifelike images of many godly dragons, giving one the feeling of being unable to take in their surroundings.

This was probably where the Zunling was.

It was only now that Long Chen noticed that the entire basement was filled with over a thousand small doors. Above each small door, there was an Ancient Dragon God carved on top of each small door.

"Don't look around. Behind those doors is where the ancestors' bones were buried." Dongfang Xuanxiao's voice shook Long Chen's heart as he looked forward.

In front of him were many memorial tablets, some large, some small. In the center was a stone tablet that was almost two meters tall.

"This tablet is most likely from the Dongfang family's oldest ancestor." Long Chen thought in his heart.

Behind this tablet was a huge door, and behind the door was the thing that caused the Dragon Jade to tremble.

At this time, everyone had followed Dongfang Xuanfeng to the front of the ancestral tablets. In front of the ancestral tablets, every one of them had a solemn expression, not daring to say a single word.

Dongfang Xuanfeng and the others first bowed to the ancestor, and clearly said to Long Chen: "Greetings, ancestor. You are members of the Dongfang Family, and are the sons of Dongfang Xuanxiao. Now, perform three kowtows and nine kowtows. "

"Acknowledging someone else as your ancestor, I hope that dad won't crawl out from the grave to kill me when you find out." Long Chen thought to himself in his heart. He was extremely obedient, and he politely kowtowed nine times to Yin Mengyao.

"Incense."

After he finished speaking, Dongfang Xuanfeng took out a handful of incense from his Qiankun bag. There were about a hundred ancestral tablets and over a hundred censers, and Long Chen and Yin Mengyao had to burn some incense for each of them.

After the incense was done, Long Chen cursed in his heart, but on the surface, he was still obedient.

"Fourth brother, come here." Under Dongfang Xuanfeng's instructions, Dongfang Xuanxiao stood in front of Long Chen and Yin Mengyao.

"Kneel." Dongfang Xuanfeng said.

Long Chen hesitated for a moment, thinking that becoming strong was the hard way, while the others were all idiots. Furthermore, Dongfang Xuanxiao was not bad, so he did as he was told and knelt down.

Unexpectedly, during this period of time, Dongfang Xuanxiao supported them and said: "Men have gold under their knees, so I'll forget about the procedures here. Long Chen, Yin Mengyao, from now on, what do you two want me to do, do you understand?"

With regards to Dongfang Xuanxiao not needing them to kneel, Long Chen's good impression of him had increased a little. Xuan Xiao's personality was not restricted by the etiquette in the secular world.

"Nonsense." Knowing that his fourth brother had a stubborn temper, Dongfang Xuanfeng only scolded him in a low voice and then did not say anything else.

Although Dongfang Xuanfeng and the other three were direct brothers, the truth was that they were not blood brothers, but cousins.

Dongfang Xuanxiao's parents had passed away a long time ago, and the eldest son and second brother, Xuan Feng and Xuan Yu, were all the children of the current patriarch.

Regarding Dongfang Xuanxiao's question, Long Chen and Yin Mengyao both understood, and immediately called out respectfully. "Foster father."

Honestly speaking, Long Chen was a proud person, but it was not that he did not have a heart of respect. The stronger he was, the more he would respect this world.

Hearing this, Dongfang Xuanxiao was naturally happy in his heart, but his expression only showed a light smile.

"From now on, you are officially members of the Dongfang family, and are no different from us. More importantly, you are my, Dongfang Xuanxiao's, foster sons and adopted daughters."

Looking at the excited Dongfang Xuanxiao, Long Chen nodded his head.

"Alright, we've paid our respects to the ancestors. We should leave now so that we won't disturb the ancestors' rest." Dongfang Xuanfeng said while laughing. From his words, it was impossible to tell what opinion he had of Long Chen and Yin Mengyao, but Dongfang Xuanyu's complexion had never been good, especially after Dongfang Xuanxiao had directly avoided both of them from kneeling.

"One more thing." Dongfang Xuanxiao turned his head at this time, looked at Dongfang Xuanfeng, and said: "Big brother, you should be able to make a decision on who will be qualified to make contact with the green dragon halberd after a while. They are my children, and they are also in the Earth Core Stage, so they naturally have the right to make contact with the green dragon halberd, right?"

"What kind of joke is this?" Dongfang Xuanfeng did not answer. Instead, Dongfang Xuanyu sneered and said, "Do you think the outsiders who have just entered the Inner Race would want to fight over the green dragon halberd?"

Dongfang Xuanyu's words immediately stirred up the tension. At this moment, Dongfang Xuanxiao's face turned cold, he looked at Dongfang Xuanyu coldly and said: "I've said it before, saluting ancestor, they are my children. What do you mean by being an outsider?"

Dongfang Xuanxiao's eyes were gloomy, with power that could move one's soul, it caused Dongfang Xuanyu to be secretly shocked.

At this time, Dongfang Xuanfeng hurriedly tried to smooth things over, and said: "Second sister, you have indeed said the wrong things, and the green dragon halberd's spirit martial qualification, as long as it is a Earth Core Stage, you can participate, Long Chen and Meng Yao naturally can participate."

With Dongfang Xuanfeng's words, Dongfang Xuanxiao obtained his answer, and left with Long Chen and Yin Mengyao.

"Let's go." Dongfang Xuanfeng's face did not change, after calling everyone, he prepared to leave the Zunling.

"Brother." Arriving beside Dongfang Xuanfeng, Dongfang Xuanyu asked: "How did you agree to it?"

"So what if I agree? How could someone from another clan possibly obtain a green dragon halberd? Do you think Tianyu is trash?" Dongfang Xuanfeng said with a gloomy face.

"Not really." Thinking about it carefully, if Long Chen and Yue Shan were to succeed, the possibility of success would be similar to the sun rising from the west, thus, Dongfang Xuanyu did not say anymore.

"Second sister, did Tianyu act like a spoiled child towards you?" Dongfang Xuanfeng asked indifferently.

In the Nine Demon Mountain, he was very clear about what Dongfang Tianyu had done to Long Chen.

"Yes."

"Don't spoil him too much, don't spoil him too much. The flowers in the greenhouse are no match for the wolves in the mountains!"

Returning to his residence, Xuan Xiao did not go back first, but summoned Long Chen and Yin Mengyao to the side instead. The three of them sat down in the courtyard and Yin Mengyao brewed a pot of tea for them.

Looking at the pair of children that he had gotten out of thin air, Dongfang Xuanxiao became somewhat lost in thought.

"Foster father, what are you thinking about?" After sitting down in the beautiful birdsong courtyard, Yin Mengyao tidied up his long waterfall like hair, and asked.

Dongfang Xuanxiao regained his senses and awkwardly laughed: "It's nothing, I just thought that if I were to marry and have children in my twenties, my children would probably be around the same age as you guys."

"The facts tell us that it would be the same whether we marry each other or not, and the two of them are even more outstanding now." Long Chen laughed and joked around to liven up the atmosphere.

Previously, he was still restricted by Dongfang Xuanxiao. After being in contact with him for a period of time, his heart felt a lot more relaxed, and his rogue side was exposed.

"Little guy, you're not being modest at all." Looking at Long Chen, Yin Mengyao slightly rebuked.

This kind of scene and atmosphere was actually quite good. Although the three of them weren't blood-related, at least they weren't scheming and fighting each other. Furthermore, Yin Mengyao and Long Chen had both fought side by side before.

Long Chen's words were neither arrogant nor humble, it was a great sin, Dongfang Xuanxiao only smiled. He was actually very familiar with Long Chen. From the moment he defeated Feng Wutian to the moment he attracted his attention, Dongfang Xuanxiao had been paying attention to him.

"Long Chen, you have just entered the Spirit Martial Realm. Have you heard of the green dragon halberd?" Dongfang Xuanxiao got down to business.

"How could I not have heard of one of the Five Great Earth Grade Divine Weapons of the Lingwu Family?" Long Chen said.

As for him being able to compete for the green dragon halberd s, he was pleasantly surprised. As expected, there were a lot of benefits from entering the Inner Race, and he already had the qualifications to compete for the green dragon halberd s from the beginning.

Xuan Xiao nodded his head and said: "Within the green dragon halberd, there is a set of < Azure Dragon Battle Method > secret scripture. This is a high level Profound Ranked combat skill, but there is another set of Earth Tier Battle Skills s inside that are extraordinary. However, in order to comprehend the Azure Dragon Battle Method, there are two great obstacles in front of you. "

"Which two trials?" Long Chen was very interested in this.

Azure Dragon Battle Method, Earth Tier Battle Skills, just hearing these names made his blood boil.

If he could obtain all these, no matter Dongfang Tianyu, Dong Fang Tian Chen and the others, they wouldn't need to be afraid.

"The first stage is naturally to obtain the right to contact the green dragon halberd. There is only one of these spots, and it's extremely difficult to obtain. In the Dongfang family, there are a lot of 14 or 15 year old little kids with Earth Core Stage, but they are not weak. Some of them can pose a threat to Meng Yao, but you, Long Chen, the biggest threat is Tian Yu. "

To reach the small success stage of Earth Core Stage at the age of fourteen or fifteen? This was too abnormal!

At the age of Earth Core Stage, she was already considered to be a top genius, but there was a whole bunch of geniuses in the Dongfang family.

"I know, he's an expert at the large success stage of the Earth Core Stage, and the combat skills he cultivates are definitely better than mine." Long Chen did admit that he was not a match for Dongfang Tianyu.

After all, Dongfang Tianyu was the real Inner Race of the Spirit Martial Realm.

That time, his disguise as a man in black was already an extraordinary feat.

"More than that. There have been a lot of treasures acquired over the years, and Lightning Symbols are just one of them. As far as I know, he has a Superior Grade Profound Ranked Divine Weapon, and it is very extraordinary. In addition, whether it be her attacks, body tempering or movement skills, he has already reached the Advanced Profound Ranked level. "

Dongfang Xuanxiao said lightly, but Long Chen was stunned.

"The heck!" He began to curse in his heart.

Chapter 189 - Nine Dragons Flash

Long Chen realized that, when compared to the disciples of the Inner Race, the other clans were all poor bloke.

Take Dongfang Tianyu for example, attacking techniques were the best, movement techniques were the best, his mother's body tempering technique was also the best. What was most darned was that not only did he have the Lightning Symbol, a powerful killing weapon, but he also had a high grade Profound Ranked Divine Weapon, so how could he fight against this?

"It has already been a year and a half since Tianyu reached the large success stage of Earth Core Stage. I estimate that in two months, he will enter the Heavenly Core."

"Then what chance do I have?" Long Chen was a little speechless, this Dongfang Tianyu had completely suppressed him in all aspects. If Long Chen were to fight him at this time, even if he used the Devouring Blood Realm, it would be useless.

"Then what's the second test?" Yin Mengyao asked at this time.

"Obtaining the only placing is to pass the first trial, and the second trial, by contacting the green dragon halberd and obtaining the approval of the green dragon halberd, is to gain the qualifications to comprehend the Azure Dragon Battle Method. This second trial is also not easy, currently, in Tianyu's generation, three people have come in contact with the green dragon halberd, but only Tianchen herself obtained the Azure Dragon Battle Method."

It's Dongfang Tian Chen again?

"It's that difficult?" Long Chen was speechless.

When he heard that Mo Xiaolang had even passed the third trial and took away the Sky Wolf Blade as his own, he thought it would be easy.

Dongfang Xuanxiao looked at him indifferently, and said: "Scared and cowered? Long Chen, this is not your style. "

"If I'm not afraid, then you have to express yourself." Long Chen laughed and said, this was his true goal.

Seeing that Long Chen had finally revealed his fox tail, Yin Mengyao was also amused by him. Dongfang Xuanxiao shook his head helplessly, and said: "You brat, you were a little restrained in front of me before.

Being called a hooligan, Long Chen's face was extremely thick, and not even a bit red in the face.

"If I had you all address me as your foster father, how could I not present myself?" As he said that, Dongfang Xuanxiao took out two secret books from his Cosmos Sack. First, he handed one of them over to Yin Mengyao and said: "Meng Yao, regarding high level Profound Rank techniques, your use of oceanographic seals are not bad, but the disadvantage is your physique. This high level Profound Rank

body tempering technique, [Flowing Water Holy Body] is able to make your body as agile as flowing water.

This Flowing Water Holy Body was clearly more suitable for females. Dongfang Xuanxiao gave it to Yin Mengyao with the intention of using "the right medicine". It seemed that he had spent a lot of time and effort to grow this foster son of his.

"Thank you, foster father!" Towards this Flowing Water Holy Body, Yin Mengyao naturally would not let it go.

She had long since wanted a set of high-grade Profound Rank body tempering technique.

Then, Dongfang Xuanxiao looked at Long Chen and said, "You already have a Level Two Thunder Flame Battle Physique. A Thunder Flame Battle Body's fierceness is very suitable for you, so you won't be able to use the Flowing Water Sacred Body.

Long Chen was a little excited as he received the manual. When he focused his eyes, he could see four large flamboyant words written on it: True Dragon Nine Flashes!

"The high grade Profound Rank movement technique < Nine Dragons Flash > is a very good movement technique. It is also the best movement technique I have. Your original Nine Heavens Wandering Dragon Steps was an elementary rank Profound Rank skill. Although you have used it quite well, because of its quality, when you fight with others, you will inevitably suffer. "

True Dragon Nine Flashes. Just by hearing the name, one could feel just how powerful this movement technique was.

Nine Dragons Flash, manifesting the word 'flash'. This combat skill will allow you to quickly change positions in a short distance while in battle, and with one flash, the enemy will not be able to grasp your position. Combined with the offensive skill, it will be able to display an unexpected combat strength.

"This is a good treasure." Long Chen looked at this battle skill, his eyes were filled with excitement. This True Dragon Nine Flashes was something that Dongfang Xuanxiao was currently using, how could it not be good?

Dongfang Xuanxiao basically did not hesitate and gave each of them something good, and even considered their needs, Long Chen vulgarly thought, if they call him foster father, it would not be a loss at all.

"Foster father, what number can you use now?" Long Chen tried to test the waters.

"Of course it's nine." Dongfang Xuanxiao laughed blandly, "Don't be discouraged, and don't be so arrogant, take it step by step. If you are serious, during this period of time, you can also train your True Dragon's Nine Flashes into a whole new form.

"Looks like I have to work harder." Long Chen thought in his heart.

"Alright, you two should familiarize yourselves with these two battle skills. I'll be leaving first." Just as Dongfang Xuanxiao was about to stand up, Long Chen and Yin Mengyao kept their battle skills, and looked at Long Chen, who understood.

"Father, wait." Long Chen called out to him.

"What?" Dongfang Xuanxiao saw that Long Chen was serious and was curious about what he wanted to say.

After exchanging glances with Yin Mengyao, Long Chen said: "I heard that there is a Star Demon Prison in the Heaven Martial Stage, and the disciples of the Inner Race can go there to train. So I want to ask, before the competition for the green dragon halberds start, can the two of us go there to cultivate?"

Hearing the three words "Star Demon Prison," Dongfang Xuanxiao's gaze trembled strangely as a strong bitterness was revealed within it. But very quickly, he covered it up, looked at them with a bit of surprise, and said: "You all still know the use of the Star Demon Prison?"

"Yes." Yin Mengyao nodded, "I've asked around before."

After thinking about it carefully, Dongfang Xuanxiao said: "In Star Demon Prison, with the addition of gravity, it will be beneficial to those who have grown even faster in cultivation, or to those who have condensed their true qi. The green dragon halberds are about a month away. "

Seeing the nervous Long Chen and Yin Mengyao, Dongfang Xuanxiao said: "Meng Yao, you have been in the outer sect for four to five years, your cultivation has been increasing steadily, so Star Demon Prison is of no use to you, I suggest that you stay here and focus on studying the Flowing Water Holy Body."

Being opposed by Dongfang Xuanxiao, Yin Mengyao was somewhat anxious.

At this time, Dongfang Xuanxiao continued to speak: "As for Long Chen, I have seen your information. Two months ago, when you had just entered the Outer Clan, you were still at the The eighth level of the Dragon Meridian Realm, and your cultivation grew at a very fast rate. To you, the gravity of Star Demon Prison is not only beneficial towards condensing your true energy, it is also pretty good for the training of the Nine Flashes of a True Dragon.

Therefore, Dongfang Xuanxiao's final decision was for Long Chen to go, and Yin Mengyao to stay.

With regards to this result, both Long Chen and Yin Mengyao had never expected that. Just as Yin Mengyao was about to fight for it, Long Chen secretly pulled her back and said to Dongfang Xuanxiao: "Then let me go myself.

"I have something to do in the next few days. I'll come take you there after I'm done. You can just stay here for now. "

Long Chen nodded.

Yin Mengyao understood her meaning, which was to let him go to the Star Demon Prison first.

"Anything else?" Dongfang Xuanxiao asked.

"Yes." Other than Mo Xiaolang, there was another person hanging on Long Chen's heart, and that person was the Ling Xi who was in his ears right now.

There was only half of the spirit grass's power left. Long Chen did not wish for Ling Xi to leave him forever because he had met with danger.

"I want to know, in Inner Race, where can I get some spirit medicine?"

"Spiritual medicine?" "Everyone has their own secrets. Dongfang Xuanxiao did not ask Long Chen what they need, but instead said directly:" The spiritual medicine combat skills and resources of the Dongfang family are under the charge of my third brother, Dongfang Xuanyun, and he is currently within the clan's Mystical Cloud Pavilion. That place is not only his dwelling, it is also where our clan's resources are concentrated.

"Directly get it?" He didn't even need to pay, the Dongfang family was truly amazing. Compared to the contribution point system of other clans, the benefits of Inner Race were countless times better.

"I have a good relationship with third brother. As long as it's not too rare, he'll get it for you." Dongfang Xuanxiao said.

Long Chen left after asking Dongfang Xuanxiao about the location of the Mystical Cloud Pavilion.

From this, Long Chen understood that in the Dongfang family, the Wind and Cloud Tribulations were divided into four pavilions.

The Profound Wind Pavilion was Dongfang Xuanfeng's residence and was the manager. Therefore, the Profound Wind Pavilion was the Dongfang Family's meeting place and also the place for receiving guests.

The Mysterious Rain Pavilion was Dongfang Xuanyu's residence, and at the same time, Dongfang Xuanyu was in charge of training the younger generation in the clan.

Mystical Cloud Pavilion was Dongfang Xuanfeng's residence, and even more so, a treasure pavilion.

As for Xuan Xiao Pavilion, because Dongfang Xuanxiao did not interfere in any matters, Xuan Xiao Pavilion remained empty the entire time.

"Long Chen, can you go to Star Demon Prison yourself?" After Dongfang Xuanxiao left, Yin Mengyao immediately asked.

This time, I will first go to the Star Demon Prison to investigate and find out where the little wolf is imprisoned. Only then will we have a chance to save him.

What Long Chen said made sense. Yin Mengyao nodded, then returned to cultivating.

"The first trial of the Inner Race is actually the green dragon halberd?" Long Chen had wanted to experience this for a long time, he never thought that he would finally have the chance to do so today.

"In this Inner Race, although I have Xuan Xiao's protection, I am still surrounded by dangers. Today, Dongfang Tianyu even dared to challenge me to a battle in public, and even plotted to kill me. If I do not seize this opportunity, it would be difficult for me to live a decent life in this Inner Race."

Ling Qing doesn't know how life is going in the Beitang, if there is anyone who wants to bully her, I need to be strong in order to stand up for her! "Ling Qing said.

"So, just give it your all! Long Chen, once you enter the Inner Race, there will be no retreat! "

Chapter 190 - Green Dark Soul Fruit

At this time, in the Dongfang family's residence, Long Chen was cultivating a high grade Profound Rank movement technique — Nine Dragons Flash.

"As expected of the movement skill that Xuan Xiao used, it is indeed extraordinary." Long Chen read and thought like an intoxicated man, and secretly pondered on it.

"So I can achieve my first move like this?" Long Chen read as he paced around the elegant room.

Immersed in the [True Dragon Nine Flash], he subconsciously moved his feet. One could see his figure changing at a rapid pace, and it was getting faster and faster.

Last time when he was training the Spirit Devil Sword Finger, Long Chen did not waste too much time. In terms of training combat skills, he did not know the limits of his potential, but he did not know what it was.

The most useful thing for a Mysterious Dragon Jade was the improvement of her comprehension ability. It was because the Mysterious Dragon Jade existed in his sea of consciousness, that Long Chen could feel that within her own brain, there was something that was similar to a 'god' that kept on growing.

This could be considered a form of comprehension towards secret arts. With a perception that was much stronger than an ordinary person, the speed at which Long Chen comprehended it was many times faster than an ordinary person when he was cultivating his combat skills.

"A day and a night's time have already passed. However, the Nine Flashes of a True Dragon isn't that difficult to accomplish, right?" Long Chen put down the secret scripture and kept it in his Qiankun bag as a faint smile appeared at the corner of his mouth.

If anyone else who trained in the Nine Dragons Flash heard this, they would definitely vomit blood. Most people only trained in the high level of the Profound Ranked combat skills after reaching the Heavenly Core, yet Long Chen, a mere Earth Core Stage, could actually say that the Nine Dragons Flash was not that difficult?

It wasn't hard, and it was only for him.

"It's time to find the soul medicine for Ling Xi." Long Chen walked out of the room.

This was the first thing he was supposed to do when he came to the Dongfang family. Because the Nine Dragons Flash was really quite attractive, Long Chen had to go out now. However, Ling Xi could still hold on for a long time, so it was not a big deal.

Storm clouds, and Long Chen was currently going to Old Third's Mystical Cloud Pavilion.

The buildings of the Dongfang family were all scattered and scattered in the middle of the garden. Four of the buildings were extremely prominent, which were the Four Storms of the Stormy Clouds, Four pavilions were divided into four corners, and it took Long Chen about half an hour to walk from the Xuan Xiao Pavilion to the Mystical Cloud Pavilion.

The Mystical Cloud Pavilion looked similar to the Mystical Wind Pavilion, they were both ancient-looking buildings. However, the Mystical Wind Pavilion was solemn and old-fashioned, while the Mystical Cloud Pavilion was surrounded by medicinal fragrance and spiritual energy, making them look like immortal palaces.

When Long Chen walked into the Mystical Cloud Pavilion, there were a few thirteen or fourteen year old youngsters currently walking out of the Mystical Cloud Pavilion while laughing merrily. When they saw Long Chen, they were all startled for a moment, and then, muttered to each other as they left.

"Who is this person?" Why did you come to Inner Race? "

The young man from Inner Race was unavoidably a little arrogant. Seeing this unfamiliar face of Long Chen, she felt a little unhappy in her heart.

"He should be the foster son Fourth Uncle brought back just now. I heard his name is Long Chen and he's already sixteen, but he's only just entered the Earth Core Stage." The other youth said with a cold expression.

"So pitiful? Let's go back and tease him. "

"Let's keep counting. Big brother Tianyu is still waiting for us."

Hearing their conversation, Long Chen didn't have any reaction. He only treated them as a bunch of little brats and didn't put them in his eyes.

However, within this group of brats, there were actually one or two at the initial stage of Earth Core Stage. To the current Long Chen, this was simply too heaven-defying.

Long Chen searched around, only to find that there was only one room that was open. After entering, he realized that it was a bit empty, only there was a chair at the corner, and at the moment, a skinny middle-aged man was comfortably resting on the chair.

"Long Chen?" Perhaps because he sensed someone had come, he slightly opened his eyes and recognized Long Chen.

"Greetings, third uncle." This middle-aged man was actually Xuan Xiao's third brother, Dongfang Xuanyun.

Just as Xuan Xiao had said, he had a relatively good relationship with Dongfang Xuanyun, so when he saw that Long Chen had arrived, he hurriedly stood up and asked, "What do you need to come to the Mystical Cloud Pavilion?"

"I want to find a medicine that can nourish the soul. Do you have it?" Dongfang Xuanyun went straight to the point and Long Chen did not waste any more words with him.

"Yes, of course." Although Dong Fang Xuanyin did not know the purpose of Long Chen taking this type of medicine, he did not ask about it. Instead, he directly took out a pale golden booklet from the table behind him and handed it over to Long Chen.

"This is the list of these types of medicines. Take a look, if there's anything you need tell me, I can directly approve it for you."

had a lot of trust and recognition towards the Azure Dragon clansmen, but it seems that this Xuan Yun was not bad either. As for Dongfang Xuanyu, it was clear that he did not like Long Chen.

Without saying a word, Long Chen took the list. He discovered that there were about twenty or so divine soul medicines listed on the list, and the medicinal properties and market prices were clearly recorded on them.

"Ganoderma lucidum, pregnant spirit fruit, and spirit grass, there's actually all of them, and there's also something else as well!" Long Chen's heart was filled with shock.

In the Inner Race, everything was not as bustling and complicated as those in the other clans. The arrangement of this Mystical Cloud Pavilion was not even comparable to that of the Yi Bao Lu s from the other clans, however, the things inside were more than ten times that of ordinary Yi Bao Lu s. This was a realm of returning to one's original nature.

"Third Uncle, I want two stalks of Spirit Grass, may I?" It was the first time Long Chen came to pick up something, so he didn't dare to ask too much.

"Two stalks of Spirit Grass?" Long Chen, you should also know that if every single clan member came here every day to collect their things, the Mystical Cloud Pavilion would have already been emptied. So the reason why I set up the registration was to prevent this situation from happening. "

"When will I be able to come here again?" Although he could get something for free, Long Chen knew that the spirit treasures in the Mystical Cloud Pavilion were limited.

Hehe, forget it, you just arrived at the Dongfang family, so you can call me Third Uncle. This Spirit Grass is just a gift from me, not from the family. Dongfang Xuanyun patted Long Chen's shoulder, and said a bit straightforwardly.

"Then, thank you, Third Uncle." Long Chen smiled faintly, this Dongfang Xuanyun was truly a good person, no wonder he could get closer to Xuan Xiao.

"Wait a moment, I'll take out two stalks of Spirit Grass for you right now." After he finished speaking, Dongfang Xuanyun left the room. Long Chen stood far away, waiting patiently.

"This list is arranged according to the price from lowest to highest. Let me see, what exactly is this last Soul Elixir?" Long Chen immediately went ahead and flipped to the last page. As he focused, he saw a name written on it: Green Dark Soul Fruit.

"Green Dark Soul Fruit? Legend has it that the effects of high-grade Profound Rank medicine are very close to that of an Earth Rank medicine, and there's only one in the entire Lingwu Family? "

This Green Dark Soul Fruit was actually this terrifying? Long Chen immediately looked at its price and his eyes widened, revealing a depressed look.

"Value, ten million divine jade?" This number made Long Chen speechless. He got rid of Jin Sheng En and Chu Yunxi, and in the end, became more than two million divine jade, but this Green Dark Soul Fruit was actually worth ten million?

"Ten million divine jade, how long will it take for me to have the money to buy this for Xiao Xi?" Even though Long Chen was extremely confident, he was still a little helpless towards this number.

"Long Chen!" At this time, Ling Xi's excited voice came out.

"What's wrong?" Ling Xi had been sleeping soundly previously, but who would have thought that she would suddenly wake up at this time. Furthermore, from the looks of it, she already seemed to be unable to control herself.

"I want this Green Dark Soul Fruit, it's very important to me," Ling Xi said pitifully as he opened his eyes wide.

"How important?" Long Chen's face was bitter, for a typical girl like Ling Xi, the things she took a fancy to, would probably cost her a lot of blood this time.

"With this Green Dark Soul Fruit, I can live for another five years."

"Five years?" Long Chen was pleasantly surprised. Right now, he seemed to be living a life of licking blood on his blade, and his life could be thrown away at any time. If Ling Xi could have this Green Dark Soul Fruit, then even if she dies, she could still live well.

Thinking about it here, Long Chen had already made a decision in his heart.

At this time, Dongfang Xuanyun had already gotten two stalks of spirit grass and passed them to Long Chen, saying, "Boy, go back and cultivate. There's going to be a competition for the green dragon halberd in a month's time. I'm looking forward to your performance."

Long Chen laughed, then passed the list in his hands to the other party, and directly said: "Third Uncle, I have a question for you."

"What?" Xuan Yun was startled as he looked at Long Chen with suspicion.

"If I were to take away this Green Dark Soul Fruit, what kind of price would I have to pay?!" Long Chen said decisively.

After Ling Xi finished saying that she wanted this Green Dark Soul Fruit, Long Chen did not speak anymore. She was apprehensive, thinking that Long Chen would not fight for her, but who knew that Long Chen would actually raise it up to someone else right away.

"Green Dark Soul Fruit?" This time, Dongfang Xuanyun was no longer calm. He stared at Long Chen for a while and said: "Although I don't know why you want the Green Dark Soul Fruit, the Green Dark Soul Fruit is too valuable."

"What do I need to do?" Long Chen interrupted him and asked with a determined look.

Seeing that Long Chen was so determined, Dongfang Xuanyun knew that the Green Dark Soul Fruit must be very important to him. Thus, he didn't waste any more words, and directly said: "This thing still needs the approval of a few clan elders, and only if it is approved, will it be handed to you. However, I estimate that after obtaining this Green Dark Soul Fruit, you must not obtain anything from the clan for the next year."

Exchanging one year of his own for Ling Xi's five years, it was worth it.

"Third Uncle, I've decided that I need this Green Dark Soul Fruit. Help me register it before sending it for approval. How about it?" Long Chen said directly without any hesitation.

In Ling Xi's sword, Ling Xi looked at Long Chen, her eyes startled.

"He treated me so well, will there be a result?"

She could not answer this question.

She knew that even if she could recover in the end, she wouldn't belong to Long Chen.
