

War God 1811

Chapter 1811 - A Generation of Beauty

'She actually came! '

Perhaps, she had already been watching from the side since a long time ago, and had even followed Long Chen since she changed her body. This demi-human fox girl was terrifying, and Long Chen felt that she was even harder to deal with than Sheng Lun.

Since she had appeared, he would definitely be fine.

This voice contained boundless magic, causing everyone to fall into a trance. Along with Yin Ling'er's laughter, everyone seemed to be sleeping like a beautiful dream. The dream was filled with a pink color, tempting, charming, and it was a dream come true.

In Long Chen's field of vision, the fox girl with nine long and beautiful tails arrived in front of Long Chen on a pink cloud. The others all had dazed looks in their eyes and were unable to react for a moment.

Even the president was confused. It could only be said that the demon fox girl was too strange.

As the fox girl arrived, a fragrant wind blew over. A charming color filled the air, causing people to feel comfortable all over their body. Unknowingly, they would be immersed in a warm and gentle world. This fox girl was such a peerless beauty.

With a sweet and coquettish smile, she twisted her water-snake like waist and leisurely walked in front of Long Chen. A smile hung on her tender lips as that voice that was so seductive that it seeped into one's bones softly came over.

"What a coincidence, we meet again!"

Long Chen's gaze was firm, he did not squint, and said: "It is indeed a coincidence, let's go."

As for why she did not directly appear before him earlier, it was probably her goal. She wanted to make Long Chen feel that it was difficult.

The difficulty of bringing Mo Xiaolang, the Spirit Demon race member, to his side.

Now, everyone knew that the Huang Beast beside him was a Spirit Demon Race, so they thought that as long as he was still in the Dragon God Domain, he would be chased endlessly. No one would care about him, no matter how much he valued brotherhood, no matter how unwilling he was, trouble would follow.

BOOM!

Long Chen had just finished speaking those words when quite a number of people in the god blood descendant woke up from the fox girl's confusion, among them the three presidential leaders. Upon discovering the strong demon fox, their faces trembled, and instantly, extreme disgust and hatred arose on their faces.

"How annoying!"

Waving her long sleeves, she released a burst of pink charming aura, and in an instant, it was as if a great sea had drowned all of the god blood descendant s. The god blood descendant s were submerged in the pink rolling seas, and they lost their way for a moment, and most of the disciples even fell to the ground.

"Despicable!"

The leaders of the President immediately went to rescue the fallen disciples. After the pink mist dissipated, not only did the fox girl disappear, even Long Chen disappeared. The majestic demonic qi completely disappeared.

The fallen disciples also slowly stood up.

The four commanders who had entered Long Chen's Divine Kingdom were still lying on the ground, unconscious and convulsing.

This chaotic scene nearly caused everyone to collapse. They blankly stared at the others.

Most people's mouths were dry.

"Is that the real demon clan expert?"

"She, took Long Chen away."

"This traitor has already completely sided with the Spirit Demon Race. Such an inhumane fellow is not worthy to be our compatriot. "We can't let him live. We can't let him lose our human race's face!"

"That damned traitor, he really should exterminate the nine races!"

"If the War God's Ancient City continues to protect him, hehe!"

Although they were disgusted, there was nothing they could do. Since the four great powerful warriors had yet to awaken, the team could only temporarily stop.

Only, in their minds, the tough, mysterious and powerful Long Chen had left an indelible impression.

From that day onwards, Long Chen was no longer just a nobody.

Under the lead of the fox girl, Long Chen passed through the faint yellow colored sea of clouds, flew above the Divine Desolation Ancient Earth, and finally landed on top of a mountain with rolling wind and rolling clouds. Long Chen was smashed into the ground, but he was able to safely land, as he was not injured today.

The gale rolled past, turning back to look, the fox girl dressed in a beautiful pink dress floated in mid air, her nine long tails was like her royal seat, graceful and elegant, her body was graceful, her skin was soft and tender, her beauty was exceptional, perhaps even in the Demon God Area, she was a renowned beauty in her generation.

She looked at Long Chen with great interest, and said tenderly: "It seems that I have underestimated you. What secrets do you have in your Divine Kingdom that would even harm those four people? To be honest, seeing that scene would frighten your great-aunt. "

As she spoke, she patted her plump breasts. She had a very frightening look on her face that would cause anyone who looked at her to feel a burning heat in their heart.

Long Chen looked at her while thinking about his next plan. It was obvious that the other party had come for Mo Xiaolang, so there were some things that he had to settle properly. As for the matter with the Divine Kingdom, he did not want to say too much.

"Where is my wolf cub? Where the hell did you hide yourself? "

Seeing Long Chen not replying to the God Kingdom's matters, the fox girl did not make things difficult for him.

"Your wolf cub?" Long Chen was a little speechless. This fox girl was too domineering in his bones, this was not a good thing at all ...

Only, he still allowed Mo Xiaolang to exit from the Great Void Realm.

Mo Xiaolang was dressed in black, his expression was heavy, he was afraid that he had already made his plans, he did not really like the fox girl, and immediately said: "I have never known you before, how could I not make things difficult for us? The things that happened today were all because of you. I hope that you can turn me back into the situation from before. "

This boundless demonic energy did not even belong to him, Mo Xiaolang, and he had no idea what this woman had done to him.

Everyone knows that you are a Goblin, so it doesn't matter whether or not I remove your Goblin Brand now. You are already destined to be a street rat in the Dragon God Domain, and with people shouting for you to beat me up, don't you understand, with you here, you will only implicate your brother to be rejected time and time again by his own kind. Just like today, who cares about his life and death? Your so-called brotherly love, is it to kill the other party? "

The last sentence caused both Long Chen and Yue Shan to be overwhelmed with shock.

In reality, they were very clear that if it wasn't for Su Zhen's martial magic seed, Su Zilan definitely wouldn't have protected Long Chen. Then, Long Chen would have been killed by them without hesitation.

An unwise attempt to persuade them to stay would only lead both sides to an irreversible stalemate, and they might even lose their lives because of this.

Seeing that the two of them had finally fallen silent, the fox girl's face also calmed down, and she said: "I am not a bad person, you have moved me, and I love you, but you have worked too hard, so I want to point out a path for you, you just need to listen, wait for me to finish, then you can decide."

Since she was serious, Long Chen and Yue Shan did not say anymore.

The fox girl faintly smiled and said, "Firstly, the enmity between the humans and demons is irreconcilable. You guys have already been exposed, so if you insist on doing so, even if I remove the brand, what can you do? In your God Kingdom, he can only live a life similar to being imprisoned and has no freedom. I am asking you, Long Chen, to restrict the development of your brother.

Long Chen could not answer his question.

In actuality, from the moment he stepped into the Immortal God Realm and the Astral Soul Supervisor had warned him, what had happened today was already destined to happen.

The fox girl continued, "And to Little Wolf, your existence will only bring endless trouble to your elder brother. Real brothers, they only need to help at the crucial moment, and the rest of the time, just work hard for each other in order to be of greatest help to the other. When your respective domains reach the peak, you can control the human race and at that time, no one will be able to control you."

What she said was indeed true.

After all, Long Chen was already in a deadlock on the Dragon God Domain's side.

Seeing that they looked like children who had done something wrong, the fox girl laughed lightly and said, "You are all good children. The more I look at you, the more I like you." How do you decide? You don't have to worry about losing contact. Don't you have an astral rune? Prepare a few more star talismans. Even if they're not in the same place, we can still contact them at any time. "

Star talisman?

Long Chen smiled bitterly. He had come here from the Dragon Sacrifice Continent, so he didn't know how to use the Immortal God Region's star symbols, but if he said this, as long as they each held a star talisman, no matter where they were, they would be able to communicate with each other at all times. He wouldn't have to be like when Mo Xiaolang first went to the Desolate Imperial Domain.

"As for Xiao Lang, I have protected him in the Demon God Area, do you think that there will be any problems? With my nurturing, his achievements will only leave you far behind. But now, he seems to only be your little brother, a cute, simple and foolish supporting role? "

The fox girl was gloating.

Mo Xiaolang's brows twitched, and said: "Don't spout nonsense, my accomplishments today were mostly due to my big brother. The two of us do not need you to sow discord between us."

Long Chen said: "She was just joking, don't mind it."

The fox girl rolled her eyes, then said: "I will bring him to the Demon God Area, and also give you a keepsake from me, Long Chen. As long as you have my keepsake, once we reach the Demon God Area, we, the Spirit Demon race, will welcome you as well."

In order to trick Mo Xiaolang into leaving, the fox girl did her best.

Her words did indeed give Long Chen and Mo Xiaolang a huge impact. As the saying goes, there is no banquet that does not disperse;

It was time to decide.

Mo Xiaolang pondered for a while, then said: "My brother actually doesn't want to stay in the Dragon God Domain, since that's the case, if you have the ability, then isn't it better to bring us all to the Demon God Area?"

Although Long Chen's goal was the Everlasting Dragon City, at the moment, he still lacked the qualifications to enter the Everlasting Dragon City, and the 72 - The Ancient City of God's descendants didn't have a place for him ...

This was indeed a good idea. However, the fox girl shook her head and said, "He was being tracked with a secret technique. The caster and I are on par. I can't bring him along, or else we'll expose myself and be stopped by the humans."

Chapter 1812 - Peerless Genius

"Is that so?" Long Chen wasn't surprised at all. With Su Zhen being so confident, Su Zilan wasn't worried at all. Moreover, he could 'pass by' the place where he refined the Divine Bone. There had to be something strange going on.

The fox girl nodded her head and said, "How could Aunt coax you? You must have offended someone in the War God's Ancient City. This man is terrifyingly strong, and everything about you is in his hands. My mission this time is a secret of the demon race, and if it wasn't for the wolf cub, I wouldn't have been exposed. If I had been intercepted by him, it would have definitely caused a lot of trouble for my great-aunt. "Therefore, I am determined not to take you away."

Now that he was facing Mo Xiaolang's problem, Long Chen could only put his own matters behind him, no matter what Su Zhen did.

The fox girl looked at Mo Xiaolang with her intelligent pink eyes, and said charmingly: "That's about it, obedient little wolf, you have to agree to my request and come with me. It's not like you won't agree to a request from a beautiful lady like me, right?"

As he said that, he gave her a flirtatious look. Ordinary men would have already been numbed to it, but Mo Xiaolang didn't buy all of that.

"Go."

Long Chen had already made his decision long ago, and although it was true that he did not like being separated, this was the price for being young and weak, and it was irreversible. This was also for Mo Xiaolang to find something that belonged to him, and it was not submission, but it was a type of great love.

"Just like in the Three Great Imperial Domains, we can all grow to the peak of our abilities."

Long Chen said firmly.

Mo Xiaolang gritted his teeth as he looked at the fox girl coldly: "The Ranker who used a secret technique to control my big brother would bring him endless trouble. I cannot live by myself and if he is the only one left to fight, and cannot escape death, then I would rather die together with him!"

His speech was hurried, and his eyes were bloodshot. It was evident how much he was struggling.

If he really was to leave, what he was most worried about was Long Chen's safety, because he could practically foresee that in the battle with Su Zhen, Long Chen would not be able to win, he might not even have a way out.

Long Chen retorted: "This is my problem, I have the ability to resolve it myself, who said that I will definitely die? "You don't even believe me for a little bit?"

His tone was equally resolute.

This was the first time they had such a harsh conflict. Mo Xiaolang tightly clenched his fists, and looked at Long Chen in anger. This was the first time he did not retreat, and did not follow Long Chen's arrangements.

"They really are two cute children ..."

At this time, the fox girl smiled charmingly again. Her smile was like a hundred flowers blooming in full bloom; it was extremely mesmerizing.

In order to deal with you two who are in trouble, I'll just divulge a little secret to you two. Long Chen, you have been revealed to me.

A little secret?

They stopped arguing and waited for her explanation.

The fox girl said, "Do you know how many of us from the Spirit Demon race have come to the Divine Desolation Ancient Earth? "What is it for?"

The two of them shook their heads.

"The Nian beasts were brought here by me, in fact it was just a few of my friends. The plan was obviously made by the higher-ups, to use the Nian beasts to disturb your ancestral worship team and cause chaos, but their real goal was to kill one of your human race members, but we failed, and underestimated the difficulty of the mission. Of course, it's just a small fight, putting on an act is not a big deal."

"Kill a person?" Long Chen and Mo Xiaolang were both suspicious, just who was it that was worthy for the demon race to come all the way here to ambush them?

The fox girl said with some regret: "Could it be that you all have never heard of Di Jun Divine City's twenty year old 'Di Yu'?"

Long Chen and Mo Xiaolang had just arrived, so they naturally wouldn't recognize such a person.

They shook their heads.

The fox girl touched her head with a bit of distress and said, "You two really are two troublesome fellows! Di Yu is the treasure of all your clans, born to be revered, possessing an extremely high concentration of divine blood, and also inherited 80% of the bloodline of the Archaic Gods Emperor, one of the seventy-two Ancient Gods, known as the number one god of all time. It's not even an exaggeration to say that he is the direct descendant of the gods themselves, and is even above the Ancient God of Light, Primal God Yuan Xi, True God Qing Xu, Emperor Violetjewel, Grand Eastern Emperor and other primordial gods. This Di Yu was simply a miracle that was impossible to be born, but he had actually appeared. It could be said that even though he was only twenty years old, he was the only person, that countless people had firmly believed was able to become a god in the past million years. Even the number one Dragon Emperor of the Everlasting Dragon City had his face drop to accept as his disciple and had even promised to gift Di Yu a portion of the Ultimate Dragon's inherited blood essence when he reached the tribulation of reincarnation. "

The number one god in history, eighty percent of his divine blood, number one Dragon Emperor, Ultimate Dragon, twenty years old ...

These words, when combined together, formed an absolute impact that brought about a deep shock to Long Chen.

Back then, when Ling Xi obtained 80% of the inherited blood essence, he was already scared stiff. She never thought that there would be someone who was even more heaven defying than him, that so-called Di Jun was definitely stronger than Su Nuo.

Ling Xi thought that the appearance of Ling Xi was also an accident and was something that couldn't be replicated. However, she didn't expect that a stronger existence would appear in the Dragon God Domain. Di Jun's cultivation must be close to the Ancestral Dragon rank, then this Di Yu's talent should be very close to Long Chen's. Although Long Chen was weak, in terms of innate talent, with a dual Ancestor Dragon body, he was definitely the number one prodigy in history. Even that Di Yu might not be able to compare to him.

However, Long Chen's ancestral dragon bloodline could not be leaked. With Long Qinglan no longer around, with no one protecting him, he did not have any backing. So he and Di Yu were bound to have different lives.

Twenty years later, today, the news has leaked out. After hearing this news, the upper echelons of Demon God Area are shaken, and realize that a crisis is coming, if this child is allowed to ultimately become a god, it can be said that the Demon God Area is about to face a calamity. With the hatred that the god blood descendant has for us, I'm afraid that even the demon race will be completely destroyed.

The birth of Di Yu had actually caused such a terrifying shock!

Now that the human race produced such a character, not only would the Di Jun Divine City see it as her own treasure, the Five Dragon Cities would also assist him with all of her power. Even the 72 - The Ancient City of God's descendants would serve him.

He was also a super genius, and he had even more of a defiance of the heavens. From the moment he climbed from the Dragon-Meridian Realm to now, his fate was completely different from Di Yu's. Even now, he could not reveal the matter of the Ancestral Dragon's legacy.

"Everlasting Dragon City, first Dragon Emperor!"

This, should be the person who replaced Long Qinglan.

Long Chen clenched his teeth, the blazing current flowing deep within his heart.

In actuality, this wasn't much of a secret. The human race probably already knew all the movements of the Monster race like the back of their hand.

The fox girl pondered for a while and said with emotion, "Even though the human race has been developing slowly and is still relying on the God's Blood and Divine Dragon's Inheritance, from time to time, all kinds of super geniuses will be born. For example, this time, Di Yu and the Everlasting Dragon Emperor would scare us to death. If Di Yu reaches the level of the Eternal Dragon Emperor, then he would be invincible in the Immortal God Realm. If he can really advance to the Divine Realm, then it would be even more terrifying.

When this familiar name was brought up again by the fox girl, Long Chen was almost unable to suppress the excitement and impulse in his heart. It made his eyes fill with tears, his eyes turn red, and his hands clench tightly together.

Eternal Dragon Emperor, the undefeatable legend.

Long Chen choked with sobs a few times, but did not let the tears flow out from his eyes, but only calmly wiped them away.

He thought that Long Qinglan had long since disappeared, but what he didn't expect was that in this Immortal God Realm, there were legends about him everywhere.

"Aiya, let's not talk about him anymore. Every time we talk about the Everlasting Dragon Emperor, my aunt's heart would throb. No, we can't talk about it anymore."

"It's just that, in this world, it's impossible for another peerless hero to appear."

"Furthermore, Di Yu's character, when compared to the eternal Dragon Emperor, is really too different. However, he is only a child."

Seeing that Long Chen's eyes were still filled with unconcealable excitement, she exclaimed and said: "Hey, I've seen the portrait of the Eternal Dragon Emperor before, why do you have his charm?"

"Coincidence." Long Chen tidied himself up, and felt mixed emotions in his heart. He changed the topic, and said: "Are these all the secrets that you mentioned?"

The war of the Gods will be open for a year, and this operation was proposed by the Spirit Clan of the Spirit God Realm. We are only here to help them, but within a year, there will be Spirit Race experts from the Spirit God Realm coming here, and they will be sending out real experts. In order to kill that Di Yu, they will probably go crazy, and amongst the experts from the Spirit God Realm, there will be people who know me personally, so I will ask them to bring you to the Spirit God Realm at that time. Moreover, they do not reject humans, but humans will bully them more. If you go to the Spirit Race, the human experts that have planted the secret arts on you will not be able to do anything to you. "

As for the Spirit Race, it could be said that Long Chen knew nothing.

But listening to her meaning, she would arrange everything for him, if the Spirit Race had a large number of experts who would come, it would not be difficult for them to take him away in the chaos, and amongst the Spirit Race, it would be much easier for him to meet Mo Xiaolang. Since the Dragon God Domain couldn't tolerate him, or before he reached the tribulation of reincarnation, it would be a good choice in the Spirit God Realm.

Chapter 1813 - Ruo Xi

As for loyalty.

As a human, Long Chen should be working hard for the revival of the human race, and the Spirit Demon Race are all enemies of the human race. Now that Long Chen knew the big secret, logically speaking, he should be informing this secret to the higher ups of the human race.

But he wouldn't. Firstly, he had no sense of belonging to the 72 - The Ancient City of God's descendants, he came from the Dragon Sacrifice Continent, and the humans in the Immortal God Realm weren't everything to him. Secondly, the people who were currently enemies with Long Chen were also humans.

The enemy's ultimate goal was to kill Di Yu. Although Di Yu was the hope of the human race, it was not Long Chen's hope.

Thus, no matter what, he would keep the secret of the Spirit Race a secret.

In order to take Mo Xiaolang away, the fox girl had let Long Chen be at ease and told him all of these secrets. This showed how much importance and trust she placed in the two of them.

"Your name is Ruo Xi?" Long Chen seemed to have heard her name.

It was a very beautiful name, just like the tide, just like her appearance.

The fox girl Ruo Xi smiled charmingly and corrected him: "You should have called me Big Sister Ruo Xi. You're really rude."

"Not grandaunt?" Long Chen laughed, since the other party was so sincere, then this matter shall be decided first.

"Wolf, be at ease, I am not easily defeated by anyone. Let's begin with your own life. The next time we meet, who will be the one making the most progress?"

he said in a teasing tone.

After hearing about the Spirit Race, the last worry in Mo Xiaolang's heart disappeared.

He still looked at the fox girl, Ruo Xi, and said: "If the Spirit Race is unable to take away my brother, then no matter what, I must rush back!"

"Alright, alright, cute little guy. Since I've said it, I won't give in."

Ruo Xi sized up Mo Xiaolang with interest. On the whole, she was not a bad person, he did not use violence, but had patiently won over Long Chen and Mo Xiaolang's goodwill towards her.

Mo Xiaolang hesitated for a moment, but in the end, he nodded his head.

After making this decision, he had already given up even more.

"Big Brother, it's as you said. We must all walk our separate paths, further and further away from each other." His eyes were firm.

Long Chen smiled with satisfaction.

At the very least, Mo Xiaolang had not been discovered in advance. If this was before the martial magic seed, even Su Zhen would not be able to protect Long Chen.

Next, the two of them each held a star talisman.

With the Star Rune, it was not a problem to keep in touch at all times. Mo Xiaolang could also be aware of Long Chen's situation at any time.

There was one more thing, it was the matter of the fox girl Ruo Xi's keepsake when Long Chen arrived in the Demon God Area in the future.

She revealed a sly smile, staring at Long Chen, she pouted: "Turn around for me."

Even the fact that she occasionally revealed such an unruly and adorable appearance was quite enchanting.

Although Long Chen did not know what she wanted to do, but this fellow dared to tell him that the Spirit Race was about to cause trouble, so he was trustworthy.

He turned.

The fox girl reached out her delicate hand and lightly patted his butt. She smiled and said, "It's done."

Long Chen could not help but be speechless. Following her actions, a round pink imprint that was around two centimeters in diameter appeared on his buttocks.

This is what she called a keepsake

"This is my Nine-tailed Heavenly Fox Clan's' Heavenly Fox Token '. Once it is held in our hands, the demon clan will definitely enjoy a high level of treatment, and they are my demon clan's absolute friends. You must take good care of it and not take it down for me."

Ruo Xi smiled flirtatiously as he winked at Long Chen.

However, both Long Chen and Mo Xiaolang were not moved by it. Their hearts were filled with thick worry now, although they had many opportunities to meet each other, it seemed like it was still too far away ...

A thousand words, transformed into two words.

"Take care."

The two of them embraced and slapped each other's backs.

"One more thing."

Mo Xiaolang gazed at Ruo Xi and said: "There is a person that wants to accompany me. Yan Er, come out. "

In the Great Void Realm, Su Yan was already sobbing.

Long Chen was of course very careful not to let Dong Huangliufeng know about the story between them.

Su Yan had followed Mo Xiaolang here and their feelings were different from Long Chen.

Of course, Long Chen understood that he liked Mo Xiaolang. Hearing that Mo Xiaolang wanted to take Su Yan away, Long Chen felt very gratified.

When she saw Su Yan, the fox girl, Ruo Xi, had a strange expression.

Seeing her change in expression, Long Chen asked: "Half Spirit Demon? "What's the problem?"

Su Yan had once been secretly transformed by the Beiming Clan into their clan's Holy Maiden. When combined with the prehistoric Nine-coloured Snake, its human body could change into nine different colors.

Ruo Xi shook his head and said, "The humans and demons hate each other. Naturally, no one can tolerate the half-demons."

Long Chen did not expect this problem. When he brought Su Yan here, he definitely would not let her suffer, so he said: "Even so, with your ability, you should be able to protect them right?"

Ruo Xi was silent for a moment, then said: "That is indeed not a problem, but if she appears, she will definitely be discriminated against, so why don't you leave her to my Spirit Demon race?"

Just as he was speaking up to this point, Mo Xiaolang suddenly and forcefully hugged Su Yan's thin and delicate body in her arms. This was a bold action that he had never dared to do before, but at this moment, he said with incomparable determination, "No matter what happens, no matter what discrimination there is, no matter who dislikes me, I will firmly stay with her. She follows me."

His words were firm and sonorous.

In Mo Xiaolang's heart, there was also something he was stubborn about.

When "wolf cub", Su Yan, heard discrimination and so on, had originally given up, but she did not expect him to be so resolute. Her nose turned sour, and her tears once again flowed down.

"You like her?" Ruo Xi was a little surprised. It could be seen that her heart was tangled, and she no longer had the appearance of someone who was joking.

Mo Xiaolang nodded.

He said to Long Chen: "Big Brother, don't worry, I will take care of her. If anything happens to Yan Er, I will raise my head to see you."

Long Chen naturally knew that because of the matter with Su Yan, or perhaps his trip to the Goblin Tribe would not be peaceful, he would even be rejected and laughed at, and even Ruo Xi would find it hard to accept the condition of the half demon. But Long Chen believed that where the Goblin Tribe was concerned, he would release a light aura that others would not be able to see, and make them shut their mouths.

Long Chen clenched his teeth, the thousand words he wanted to say could only be translated into one word, which was: Do your best.

Ruo Xi sighed: "Alright, since you've decided, then you have to take on this responsibility." She was originally a little worried, but seeing that Su Yan seemed to be quite pitiful, she kept his mouth shut, so as to not hurt this girl.

However, what she was thinking was something everyone knew.

"Yan Er, trust me." Mo Xiaolang held her shoulders tightly, and said softly by her ear.

"Alright."

Su Yan nodded lightly. It was time, so they waved goodbye to Long Chen.

"Big Brother Long Chen, we will miss you. You and Big Sister Ling Xi must be very happy." Separating was painful, even though Su Yan had done her best, she still couldn't stop her tears from rolling down.

"Goodbye."

Ling Xi was still unconscious, so he was unable to say his goodbyes to them.

When they were leaving, Mo Xiaolang and Su Yan had always been looking at Long Chen, who was on the lone peak, as tenacious as Mo Xiaolang. In the midst of their separation, there were still tears in their eyes.

These two could be considered Long Chen's little brother and sister, and maybe they would be happy today. Because that barrier was finally broken, and two people who were not very good at expressing themselves had walked together.

With this, he would be stepping onto a different life.

What would happen ten years, a hundred years, a thousand years from now? No one knew what their fates would be.

It wasn't until their figures completely disappeared that Long Chen finally felt a sense of loneliness. Some things didn't stop, and instead were thrown into chaos.

"Boss, you have my condolences." More miserable things have not yet happened. "

Cat sneaked out from the Great Void Realm, laughing as she supported herself against her waist in this desolate atmosphere, destroying the atmosphere.

"What do you mean?" Long Chen really wanted to beat him up.

The kitten cackled and said, "Forget it, I won't scare you anymore. It's actually a great thing. Do you want to hear about it?"

Long Chen glared at him, and said: "If you have anything to say, quickly say it."

The kitten laughed strangely: "From today onwards, no one will disturb you and the little beauty Ling Xi anymore. You can grow up anywhere, in the rivers, in the flowers, on the grass, and so on, and no one will be able to stay in your Divine Kingdom to obstruct your way anymore. You guys can do it however many times you want, don't you think that's a great thing?"

It would indeed be more convenient for Mo Xiaolang and Su Yan to leave.

Long Chen was speechless towards this kind of person, but the other party was indeed not bad, and after successfully alleviating the knot in Long Chen's heart, he laughed: "What nonsense, don't you think there's still you?"

Cat said, "I'm leaving too."

Long Chen was joking with him, but he did not expect it to be like this. His expression stiffened as he said: "Are you joking?"

Cat laid on the ground, leaning his head on his arms, sighing: "Coming here, I am sure I have lost a lot of memories, and even many of my memories are unfathomable and disordered. Until now, I don't even know what I am, am I a Reincarnation Godly Beast? Had I really fought with a Great Void Cosmic Dragon

before? "Many questions are very puzzling. This world contains my memories, so I have to look for them. I have to solve many of my doubts."

Long Chen shook his head and said, "I can accompany you in your search."

Cat laughed and said, "Stop bullshitting. You can't even save yourself. To be honest, I had wanted to leave long ago, but I just couldn't bear to part with you guys. Now that that little wolf has started to leave, I think it's time for that. I am following by your side, that is a great waste of youth, seeing how your two teams love me so easily? Do I have to love this dumb dog? "

Chapter 1814 - Ling Xi awakening

Stupid dog, he was talking about a Psychic Snow Dog.

The kitten rarely spoke so earnestly.

He meant that it was a lie to go out and pick up a girl. The most important thing was to find his memories and what he had lost.

Long Chen could understand him.

"They are all leaving." He also sat on the lone peak and looked at the rolling clouds, and said: "That's enough, go." Take one of the talismans with you and keep in touch at all times. No matter where you go, no matter what trouble you cause, I will always be your shield. "

He had already thought it through. Only when things were scattered would there be a reunion.

Cat and Mo Xiaolang were different, his existence was a mystery. Even he himself was not clear about it, and Long Chen knew that in his heart, he definitely desired to find out more about these things. It was just that it was a pity that the current Long Chen was not able to help him, because he had a very important mission in his heart.

They were not Ling Xi, who could abandon everything, live forever, and follow him even in death.

"That's enough, if I don't bother you, then work hard and try to make me into a big fat kid the next time you come back. Although it's not easy to reproduce with Zu Long, but after working with him for over ten years, would you not be able to do it?"

The kitten smiled sinisterly.

"Scram, I won't send you off."

Long Chen kicked him out.

The kitten vanished into the wind.

"Boss, take care. You must survive!"

His voice finally came through the wild storm. It was hoarse and desolate, obviously because he was also reluctant to part with it, but life was like this. There were some things that he had to do.

Facing the unrestrained gale, Long Chen was in a bit of a trance.

His heart was set ablaze. Yes, even if it was for the sake of this shameless guy, he had to live on with his strength. Otherwise, if the two brothers came back to find him, but could not find him, how anxious would they be? How painful was it?

Friendship, love, and kinship, they were all entangled in Long Chen's heart.

As for the brothers, he hoped that they could work hard and rise up together.

He was determined to protect his lover, and would not allow this woman who had followed him to her death to suffer even the tiniest amount of harm.

As for his father, he would fulfill his last wish, bring honor to him, wash away his shame and misunderstanding, and create a glory that would make him proud!

"Fight!"

Facing the gale, Long Chen was like a giant beast that was circling around the lone mountain as he roared crazily. His voice pierced through the Divine Desolation Ancient Earth and even the sky, and one day, the heaven and earth would tremble!

The gale dissipated.

Although he had not experienced the Nirvana Tribulation, Long Chen felt as if he had been reborn.

In his hands, the Spirit Snow Dog was barking loudly, becoming his only companion.

"Xiao Xi has almost recovered. It's time for her to wake up."

Long Chen heaved a sigh of relief.

What was he going to do next?

If the Spirit Race came to take him away within a year, then he would only need to preserve his life here for a year. If the Spirit Race wanted to deal with Di Yu, they would have to sacrifice him before the end of their Ancestor's life.

Therefore, even if they were still mixed in with the teams from the ancient cities, there wouldn't be any problems.

At this moment, the people who were supposed to come had finally arrived.

Su Zilan and the rest were injured in the middle of the Divine Kingdom, and had recovered back to normal. When they heard that Long Chen was taken away by the Goblin Tribe, they were extremely shocked, and immediately led the group of seven Shencheng s to chase after him.

In the blink of an eye, they had already arrived in front of Long Chen. Because they were afraid of the fox girl, they did not attack in a hurry, but the few hundred people who were nervously and vigilantly stared at Long Chen.

Su Zilan and the other experts did not feel the existence of the demon clan fox and were puzzled. Seeing that Long Chen's expression was calm and did not intend to escape, Su Zilan took a step forward and asked, "Long Chen, where is the Nine-tailed Sky Fox?"

Long Chen still wanted Su Zilan to protect him, so he naturally wouldn't get into a fight with her.

Everyone could feel that the majestic demonic energy around Long Chen had also disappeared.

Su Zilan did not completely believe him. She asked again, "Where is your friend from the Goblin Tribe?"

"He was taken away by the demon clan expert and returned to the Demon God Area." Long Chen answered honestly.

"Bullshit, he must be hiding somewhere!"

Someone howled in a heart-wrenching voice.

Su Zilan also did not dare believe it completely. The seven of them had first surrounded the lone mountain, and the seven experts had inspected almost every inch of it, finally confirming that the demon clan fox girl was not in the vicinity. As for Long Chen's Divine Kingdom, they did not dare to touch it.

Su Zilan stopped her inspection and asked suspiciously: "I'll ask you again, where are they?"

Long Chen said in a neither humble nor arrogant manner: "I'll answer you one more time, they have all left, are we going to wait here for you guys to kill them?"

Although his attitude wasn't respectful, the seven experts were more or less convinced. Since the Monster race was in the human race's territory, of course they wouldn't dare to be so brazen.

"The demon race are all gone? Are you the only one left? " Su Zilan muttered to herself.

Almost none of them had a good impression of Long Chen. In their eyes, Long Chen had long since become a traitor to the human race and had gone insane.

They began to curse.

"It's good that you're gone. I can't see you anymore, your backer is gone. I see you're in a miserable state!"

"Yes, don't let this traitor go. This kind of slut should be killed by a thousand cuts!"

"You're right, this kind of person who abandoned his clan is not fit to be a human. Let's just kill him with a knife!"

The majority of those who said these were people from the Shencheng s of light. Long Chen possessing the 'their' goddess of light was an unforgivable sin to them, an extremely heinous crime.

The scene instantly became explosive.

Among the seven experts, Sheng Lun, the Shencheng of light, had an unsettled expression.

The moment he made his move, it was a killing move!

Long Chen was not afraid, because Su Zilan had already known that Sheng Lun would make his move. She, Pang Zhong and Bing Qing Xue had instantly surrounded Sheng Lun.

"Why did you stop me when I killed the human traitors!" Sheng Lun shouted crazily as he fought.

A battle between tribulation of reincarnation Warriors!

They instantly fled high into the sky, and as the aftermath of the battle swept out, the world instantly crumbled, and sand flew everywhere. For a moment, it was as if the entire world was in turmoil, and not many present could clearly see where the four people battling were.

RUU...!

The ground was blasted apart.

A practitioner of tribulation of reincarnation was indeed very terrifying.

Sheng Lun was also very powerful, the three of them could only stop him.

As for the others who did not dare to make a move, everyone knew that Su Zilan wanted to protect Long Chen, while Sheng Lun's goal was the Radiant Goddess. This was a conflict between them, so there was no need for them to get involved.

As the four Rankers started to fight, the young elites of the Shencheng were also stirred. They all started to clamor, showing their intent to fight.

In the sky, the four battles had reached an increasingly white-hot stage, to the point that it was difficult for Long Chen to stand firm on his feet. He was well aware that any one of the four people's powers could tear him apart, so he very consciously left the lone peak and used the Time Traversing Dragon to escape into the crowd, in case he got hurt by the shockwaves from the battle.

Raising his head, he saw that the entire sky was filled with the power of the Heavenly Dao.

The tribulation of reincarnation was the true road to becoming a god. The Nirvana Tribulation Realm s were only the foundations of the tribulation of reincarnation, and had to be reborn from within in order to be able to pass through the nine levels of reincarnation, and eventually become a god. The nine levels of reincarnation, was the true, terrifying heavenly law.

High up in the sky, the four great Rankers were like gods, looking down at the masses from above, the Power of Reincarnation swept over them, causing them to experience destruction of cause and effect,

and the masses were in turmoil, with each and every movement they made, they used the origin of heaven and earth to change the structure of matter. They could be said to be super gods, and even though Long Chen had not reached the tribulation of reincarnation yet, so he could not clearly see the battle, but to him, he still benefited greatly from opening the gates of tribulation of reincarnation.

It was as if countless comprehensions had appeared in his mind, and these memories were extremely helpful to Long Chen when he reached tribulation of reincarnation in the future.

A huge explosion shook the entire Divine Desolation Ancient Earth.

The leader of the team, the President, was in combat. This was an unprecedented development.

This huge shock also caused Ling Xi, who had been boiling God's Blood, to faintly wake up. She used her delicate body to support herself stand up, and rubbed her head, her snow-white skin was crystal clear, giving off an intoxicating luster. The divine aura on her body had also become a lot stronger, and after going through this deep sleep, she had undergone an astonishing transformation.

"Brother Chen!"

In the end, Ling Xi completely recovered her wits, although she was still a little haggard.

However, in terms of beauty, she seemed to be even more enchanting. She was like a fairy that stood above the rest of the heavens, comparing all the girls in the world with her.

Long Chen was watching the battle, but he didn't expect her to wake up.

He was overjoyed.

"It's good that you've recovered, it's good that you've recovered." Long Chen was overjoyed.

Ling Xi looked around, her expression changing continuously. She knew that Long Chen's plan to escape had failed, and Mo Xiaolang had even disappeared.

Seeing her confusion, Long Chen told her everything that had happened during the time she was unconscious.

"So that's how it is."

The ending was not as bad as he had imagined.

A pampered look appeared in Ling Xi's eyes as she consoled, "Brother Chen, they will all be better. Furthermore, Little Xi will never leave you."

Long Chen did not say much. He only smiled, he was already very satisfied with having such a beautiful woman in his life.

The Shencheng of light wanted to take Ling Xi away, give me your life in exchange.

There was no need for the two of them to say anything. They already knew what the other was thinking. From today onwards, they would be fighting and dying together.

Ling Xi possessed a divine blood that was almost comparable to Di Yu's, so she had the ability.

Chapter 1815 - Twilight Zone

In the midst of this battle, the star talisman that connected Mo Xiaolang started to flash. Long Chen took it out and looked. He was in a beautiful pink space.

"Big brother, I'm on the way with her. How are you?"

He was concerned about what would happen next. Feeling worried, he asked.

Long Chen laughed: "Relax, everything is under control."

"En, don't think about it."

This was the first time the communication rune was used. With this magical thing, the communication could be maintained at any time.

Not long later, Cat's Star Rune also lit up. Just as they left, they started worrying about Long Chen, of course, Cat opened her mouth and asked: "Boss, you're not dead yet, do you need me to come back and retrieve your corpse?"

Long Chen was almost angered to death by him ...

"Scram, go find your female cat."

"Wrong, I am a human now!" The kitten chuckled.

They're all doing fine.

Long Chen withdrew the star talisman and they looked at each other. The other party's eyes revealed inexhaustible gentleness.

"Kill Long Chen!"

Right at this moment, the people of the Light Shencheng began to clamor.

The four squads who were originally eyeing the battle covetously suddenly became chaotic because of the battle between the four great presidential leaders. The people from the Light Shencheng couldn't hold back and started a storm of battles, but they were quickly stunned, where did Long Chen go?

Just as they were staring dumbfoundedly, the battle between the War God's Ancient City s, the Profound Ice Shencheng s and the Giant Spirit Shencheng s caught on fire.

Long Chen was trapped in this chaotic battle, and with the situation with the Time Traversing Dragon, no one could discover him.

"Since you hate me so much, let me add fuel to your fire!"

He took out his God Slaying Sword and charged towards the few people who were shouting the most in the Shencheng.

Shua shua shua!

In the midst of the battle, the arms of the people from the Light Shencheng were flying all over the place, and they screamed miserably as they fell onto the ground. Long Chen specially picked out some warriors who did not have any tribulation of reincarnation.

He had appeared mysteriously, and had even scared the people of the Guang Ming Shencheng. They had six or seven Young Fighters s in total, but were completely unable to do anything to Long Chen.

"Quick, run!"

In the midst of Long Chen's cold-blooded attack, all of the disciples of the Radiant Shencheng fled in panic. When Long Chen had been fighting with Su Muchen and the others, they were already scared stiff.

"Run, he's coming!"

For a moment, Long Chen made them feel fear.

As for the Young Fighters s of the tribulation of reincarnation, although they were strong, Long Chen did not dare to fight them head on, but they were also unable to catch up to Long Chen, and even more so, had no way to see through the Time Traversing Dragon, so they could only stare blankly.

In the end, Long Chen still did not kill them. If he was determined, other than those tribulation of reincarnation, how many people from the Radiant Shencheng would be able to live?

Because of Long Chen's existence, this battle had caused the Radiant Shencheng to piss their pants and flee.

The people from the three Shencheng s finally stopped and started to laugh. At the same time, they also felt that Long Chen was not that despicable anymore. The ones who clamored to kill Long Chen earlier were actually all from the Radiant Shencheng.

The only thing that could not be forgiven was Long Chen's proud and aloof nature, he had even blended together with the demons, so even so, War God's Ancient City and the rest did not side with Long Chen.

Right at this moment, a snow-white ray of light smashed into the ground.

BOOM!

The ground trembled, and more than 80% of the disciples fell to the ground.

In front of him, there was a huge pit with a diameter of more than a thousand meters, the ground was cracked open. In the Immortal God Realm, this kind of stable world had to have a certain level of ability to produce such an effect, Long Chen was far from this level.

Falling into the pit was Sheng Lun. His clothes were tattered, and his face was covered with dirt and dirt. Although he was the strongest warrior, fighting against three people by himself was still very difficult.

At this time, the three great Rankers also appeared in front of Long Chen. All of them had pale faces and were extremely tired, but they were slightly better off than Sheng Lun.

Sheng Lun struggled to get up, looking at them and Long Chen resentfully.

Then, he also saw the miserable state of the Radiant Shencheng's team being pushed back. Many of the young disciples were scared witless by Long Chen, the Radiant Shencheng's hope for the future.

Su Zilan stabilized her aura, and said coldly: "Sheng Lun, you must at least have my consent to kill the people from my War God's Ancient City!"

Sheng Lun's face turned sinister as he scoffed, "Don't explain yourself. You all tried to cover up for the traitor, even though I failed today, I will demand justice once we reach the Twilight Zone! Su Zilan, and

the two of you, when the time comes, prepare to accept the joint ruling of the seventy-two Shencheng s! And you, Long Chen! "

He licked his lips and laughed sinisterly: "You are dead, don't be too happy too early. You have abandoned the human race and openly become brothers with the demon race, and as everyone knows, you are already dead. As for your woman, she is definitely the goddess of light of my Divine Radiant Shencheng, wait and see, today I, Sheng Lun, have lost to the three of you.

After he finished speaking, Sheng Lun led the procession of Shencheng Guang and looked at the crowd with resentment before leaving in a sorry state, leaving the group for the first time.

The fierce words they said before leaving had indeed caused many disciples to tremble with fear.

However, Long Chen did not think much of it. In his eyes, no matter how strong this Sheng Lun was, he was just a clown.

Although the War God's Ancient City was weak, he would not easily compromise.

After the Shencheng of light left, the other three Shencheng s also planned to leave. They bid farewell to Su Zilan. They were not together with the War God's Ancient City, so there was no need to get involved.

After they left, there were only three teams left.

Everyone looked at each other, and finally stopped looking at Long Chen.

In truth, many people could not understand why Su Zilan had protected Long Chen time and time again. Even now, she did not say anything, and directly discussed with Pang Zhong and the others before leading the group to continue their journey towards the Spirit Sea.

Twilight Zone was a shore of the Spirit Sea, and was also the place where all the teams of the 72 - The Ancient City of God's descendants converged. The only place that could cross the Spirit Sea was where the powerful troops could possibly reach.

There were about three days left.

The distance from here to the Twilight Zone was not far.

The things that they had encountered during this period of time was way too different from what Long Chen had calculated. He never thought that he would still have to rush to the Spirit Sea in the end.

The surrounding young disciples all dared to lean close to him, eyeing him covetously, and discussed Long Chen in low voices from time to time. They still could not get over the matter of Long Chen being on good terms with the Goblin Tribe, and even more so, could not bear to see him being so proud and aloof. However, they had to admit that Long Chen was no longer him, who had just entered the War God's Ancient City, with his high position within this group, even Su Tianyuan and the others were not as dazzling as him.

In about a day's time, we will arrive at the Twilight Zone, where all the divine descendants of ancient cities gather. With all the geniuses gathered, you all have to restrain yourselves a little.

Su Zilan and the others ordered.

"Then how do we explain his collusion with the Monster race!?"

Someone asked in a low voice, not daring to reveal anything.

Su Zilan looked at him and said: "Since the Spirit Demon Race has left, this matter will no longer exist. At the very least, he helped you when you battled the Shencheng. I believe he's still our partner. "

This sentence made most people shut their mouths, but they still felt a lot of uneasiness in their hearts.

The group departed.

From now on, there were basically no more dangers. Therefore, Long Chen and Dong Huangliufeng communicated with each other for a while before letting him out, he was not familiar with the young lad and was only kind enough to save his life.

"People from the Supreme One Shencheng?"

The four commanders could see it right away.

It was rumored that their ancestors were the Great Emperor of the East, one of the great Shencheng s of the Central Region. Their strength was extraordinary, surpassing that holy god and nearing the Sovereign King.

Su Zilan and the rest surrounded him, seeing Dong Huangliufeng and Long Chen laughing and having a good relationship, he asked: Why is he here?

I was alone and almost died. It was Big Brother Long Chen who saved me, and now he's even going to bring me to the Twilight Zone. When the time comes, I'll be able to return to the ranks. "

"Oh ..." Su Zilan and the rest looked at each other. In their eyes, a cold-blooded Long Chen was not such a kind-hearted person.

Su Zilan patted Dong Huangliufeng's head and said: "Don't worry, we will definitely allow you to safely return to the side of your elders."

"Thank you, Commander." Dong Huangliufeng was very obedient.

Su Zilan saw that he was sticking to Long Chen, so she left and continued to lead the way.

As for Long Chen, he roughly understood some of the things that were related to the Twilight Zone, the Spirit Sea and the God Battlefield from their conversations. He thought that it would be useless initially, but he had to find out now.

"Spirit Sea has always been in the midst of a terrifying storm. After a thousand years, only one year will be able to calm down slightly. The center of the Spirit Sea is the war between the gods. When the time comes, the war between the gods will begin and there will be seventy-two Heroic Spirits. We can bathe in the rain of gods and enjoy endless benefits. "

"Of course, other than us 72 - The Ancient City of God's descendants, no one else can reach the battlefield of the Gods. This is because according to the rumors, the gods that have gathered in the Spirit Sea have left behind the divine blood. It's not the divine blood that was passed down, but the battle god blood that is filled with killing intent. Only by using the 'Divine Boat' left behind by the gods can we cross the Spirit Sea and arrive at the battlefield of the Gods. In War God's Ancient City, there is a 'Ancient Ark of the War God'. "

Chapter 1816 - My Name Di Yu

As they got closer and closer to the Spirit Sea, regardless of whether it was the dire beasts or the Elemental Spiritual Arrays, they were no longer a threat to the people.

The Spirit Sea, the battlefield of the gods, the ancestor Heroic Spirit, these were all things in their dreams, but they never thought that they would actually exist at this moment.

Long Chen didn't have any faith in other people's ancestors, but he was even more confused as to why these Archaic Gods were so powerful, yet not even the slightest bit of information had been transmitted to them.

Just where had they gone?

And how was the battlefield of the gods formed? Could this really be their mausoleum? Had they died in this place?

His bones were filled with the same spirit of exploration that he had in the Eternal Dragon Emperor.

In these two days, he had already become very familiar with Dong Huangliufeng, and Ling Xi did not continue staying in the Great Void Realm, but instead followed beside Long Chen. Her beauty was enough to make the disciples jealous.

Tranquil, gentle, like a goddess. It was likely that all the beautiful words in the world could be used on her.

As they walked forward, they saw that the silent Primordial Demon Dragon Su Muchen, who was just about to get close to the Spirit Sea, had actually walked up to Long Chen at this time. The two of them met, and very quickly, it attracted the attention of a large majority of the people.

"Su Muchen!"

This strange yet open man had a strange aura about him. Long Chen felt that he was extremely lonely. At the beginning, he had thought that Su Muchen was just monitoring him, but now, it seems that he

didn't even know about Su Zhen's martial magic seed. Su Zhen might not value him very much, instead, he regarded Su Yuji and Su Yuyao more highly.

When he arrived in front of Long Chen, he was silent for a moment. Suddenly, he said: "Yuji and Yuyao, you probably killed them already."

I didn't expect him to know about it.

Of course, it was just a guess.

This sentence was heard by the person they were eavesdropping on, causing everyone to stare dumbfoundedly at the two of them, the team also stopped because of this, and there were even some who revealed an expression of hatred towards Long Chen. Even if Long Chen was stronger now, their repulsion towards him, would not disappear.

If this news were to spread, it would bring about a lot of trouble. Long Chen only wanted to wait for the arrival of the Spirit Race quietly, so he did not need to admit to such unnecessary trouble. He shook his head and replied, "No."

Su Muchen's pair of eyes, which was as black as the sea of stars, did not change at all.

Long Chen did not admit it. Other people may have their doubts, but they also didn't think that it was so ingenious. Furthermore, the relationship between Su Yuji and Su Yuji was extremely close, so they had to protect Long Chen multiple times.

However, there was only one person who knew the answer.

Long Chen just did not want everyone to know, but Su Muchen had let him go before, so he did not plan to hide it from him. From his eyes, the other party could tell that his answer was yes.

Su Muchen already knew the answer.

In the face of such a person, if one did not dare to admit to it, then they would appear to be despicable.

Su Muchen was silent for a long while, before saying: "You have that strange method, I am unable to do anything to you, can we wait until you cross the gate of life and death to let us have a real battle?"

The so called strange method was naturally the Time Traversing Dragon.

Su Muchen was indeed a good person, he only needed to know the answer, he did not want others to know that Long Chen had killed them. Therefore, he did not bring up the matter of Su Yuji and the others during his invitation to battle.

Since the other party had invited him, if Long Chen still refused, then it would seem that he wasn't strong enough.

No matter what, he had killed his little sisters, even though he didn't seem to like them.

Thus, he nodded his head in agreement without any hesitation.

Su Muchen said: "You must be careful, with my true strength, even ten Su Tianyuan s are not my opponent."

With that, he turned and left.

"Ten?" Long Chen was a little speechless. He thought that Su Muchen was only slightly stronger than them, but he never thought that he had already reached such a level, and with his personality, it was impossible for him to say such words to be false, moreover, Su Tianyuan and Su Jiuyou had clearly lost to Su Muchen in secret, so when he said it out loud, the two of them actually recognized him in a rare moment. They did not refute him, but the expression on their faces was really ugly.

The crowd burst into an uproar.

"Su Muchen actually reached such a level?"

"He suspects that Long Chen killed his two younger sisters, so he issued a challenge. He never thought that Long Chen would agree, could it be that he really killed the killer?"

"That's impossible. He originally had the best relationship with Su Yuji."

"No matter what, since Long Chen has the backbone to accept this battle, he should still have a bit of strength left. Once he surpasses the Gate of Life and Death and reaches the Nine Layered Nirvana Tribulations, he should have the strength to fight against Big Brother Su Muchen."

"No, he's a super divine dragon. After crossing the gate of life and death, he should be able to reach the Eight stages of Nirvana Tribulation. In the end, it's still quite lacking, but your guts are indeed worthy of praise. "

"Bullshit, you're too arrogant, you deserve to die!" If he kills my Su Family clansmen, this is the first time I won't forgive him! "

Everyone was unscrupulous and began to loudly discuss with one another.

The line continued forward.

Ling Xi held onto Long Chen's arm, looking like a well-behaved little woman, she softly asked: "You agreed to it like that, are you confident?"

Long Chen shook his head and said: "I am not confident, but the other party is a person worthy of respect. If I refuse, then it would seem that I am cowering and have no backbone, he will look down on me."

"Oh!"

Vaguely, Long Chen seemed to sense the existence of the Spirit Sea.

Dong Huangliufeng had said it before, the Spirit Sea was blood spilled from the battle of the gods, so normal people would definitely die if they got infected by it. Although there was still a small portion of road left, Long Chen already felt the vast ocean rolling in front of him, as he let out sinister hisses.

There was a terrifying god of fire bathing in the heavenly fire!

It was the God of the North Sea, the one who controlled the Blood Sea!

There was an absolute god of light that resembled the sun!

etc.

Seeing this vast scene, countless disciples were moved, their eyes filled with tears, these were their ancestors, the ancestors of the Archeozoic era!

Only Long Chen's heart had become a little calmer.

Who knew what kind of storm lay ahead?

The peerless genius of the Di Jun Divine City, Di Yu, should be in the Twilight Zone, right in front of them.

Twilight Zone was where the seventy-two Shencheng s gathered. They waited for the Spirit Sea to calm down together, and the Radiant Shencheng, who sought trouble, would also be at that place.

As the number one Dark City in the north, she should be coming as well.

"I wonder where xuanji sister went. Did she come to the Immortal God Realm?" Ling Xi suddenly said.

"Perhaps. But she's by herself, so her rate of growth shouldn't be as fast as us. I wonder if she'll be in danger?"

To be honest, he was still very worried.

It was just that her personality was stubborn, so Long Chen was unable to control her.

When they almost saw the Spirit Sea, the dangerous test had finally ended. The disciples of the Shencheng cheered and laughed as they headed towards the Twilight Zone, basically having forgotten about Long Chen who was in the crowd. What they were more looking forward to was bathing in the rain of gods, and improving their fighting capabilities!

A golden harbor appeared before his eyes, shrouded by the golden divine runes. Even though it was at the edge of the Spirit Sea, it still appeared exceptionally calm. When Long Chen arrived at the edge of the Twilight Zone, he finally saw the Spirit Sea clearly.

The entire sky was filled with the afterimages of the Archaic Gods, and they were currently fighting on the surface of the Spirit Sea. What they were unleashing was true power, and it was this kind of battle that caused the entire Spirit Sea to be restless, and prevented people from passing through the Spirit Sea during the time other than the opening of the God Battle. It was also this battle that caused the entire Spirit Sea to be in a state of turmoil, and was also unable to pass through the Spirit Sea.

Other than the Twilight Zone, the earth was shaking and the ground was almost breaking apart. Rumors had it that the Spirit Sea was experiencing waves of divine language and chanting, which confused the Primordial Gods and nearly made them faint. That clear voice pierced through their souls, causing them to be scared out of their wits.

"Hold on, let's rush into the Twilight Zone."

Behind him, Su Zilan and the others could hear the harsh voice of the President.

At this time, there were already a large number of people gathered in the Twilight Zone. The 72 - The Ancient City of God's descendants's forces were almost all present, and there were at least thousands of people present, and all of them were geniuses from the various Shencheng s, such as the Primeval Shencheng in the middle, the Supreme One Shencheng, and so on. The abilities and quality of their disciples naturally exceeded that of the Light Shencheng's.

Needless to say, even the eternal number one genius, Di Yu, who was only twenty years old, also existed here.

The arrival of War God's Ancient City and the rest did not cause the slightest of commotion.

After some rough calculations, there were already seventy Shencheng present.

As soon as he entered, someone seemed to have said: "Excluding the two Shencheng s that had been cleaned up by the demon race, all of the remaining 72 Shencheng s have arrived, and Spirit Sea still has a day and a half before it opens."

Long Chen had once seen a Shencheng who had been cleaned up, but he never thought that there would actually be two.

Looking up, all the different colored Shencheng s had their own special features. There were actually so many talented youths and young girls, and all of the young geniuses of 72 - The Ancient City of God's descendants had gathered.

In the middle of all the Shencheng's encirclement, there was a golden stage with a diameter of about 10 metres. It was the core of the Twilight Zone, and just as the disciples of War God's Ancient City were anxiously looking at the experts around them, a figure appeared from within the ranks of the terrifying Shencheng s. In the blink of an eye, he stood upon the golden stage, and entered everyone's line of sight.

It was a young child, and in the group of thousands of people, he was definitely the youngest. He was even younger than Long Chen and Ling Xi, and looked like a young boy.

He said. "All the elders of the Shencheng, as well as my compatriots of the god blood descendant, my name is Di Yu and I am from the Di Jun Divine City!"

Chapter 1817 - The First Genius of the Human Race

Because of the Demon race's havoc within the Divine Desolation Ancient Earth, Di Yu's name had already spread throughout the teams of the 72 Shencheng. To everyone, this was undoubtedly a shocking super big shot who was born with an endless halo.

Firstly, he came from the first Shencheng, and secondly, he possessed eighty percent of the Emperor's blood divine power, which was almost equivalent to the son of Emperor Jun himself. No one could match him in terms of talent, and thirdly, even the first Dragon Emperor of the Everlasting Dragon City had to take him in as their disciple and gift him the Ultimate Dragon's inherited blood essence.

These three halos, any one of them was enough to make everyone present go crazy!

However, these three halos were concentrated on the same person, especially on the second halo. This practically meant that as long as humans could protect Di Yu, then the entire Immortal God Realm would be under Di Yu's command!

He meant that the hope of the revival of the humans, meant that he would definitely be the ruler of the entire clan in the future. Although the young people would mostly compare and all the geniuses present would come from the various Shencheng, towards Di Yu, they could only feel a strong sense of respect and envy!

There were people whose fates were above everyone else's. They couldn't be envied!

Di Yu was such a person.

Even though he was only a child who was not even one twentieth of the age of most people, he had the bearing and demeanor of a supreme king. To the 10,000 martial artists of the Immortal God Realm, 20 years old was no different from the time they were born.

In ten million years, there had never been such a genius within the Immortal God Region.

Facing the entire clan's future, which was certain to soar, even the characters who were the masters of all living things, as well as the leaders of the great Shencheng s, had a suffocating feeling when facing this child.

Su Zilan was equally shocked.

To any god blood descendant, that would be an enormous pressure. As long as he stood there, even Su Zilan would have the urge to kneel down, and the rich and concentrated Divine Emperor's blood would exist in his young body, as vast as the universe.

Su Zilan had only just arrived, which was why she was so shocked.

As for the other leaders, they were basically completely subdued. The dignified young city lord was looking at the young man with reverence in his eyes.

It was true that all of them were stronger than Di Yu, but they all knew that even if it was just ten years of time, he could already surpass many levels and surpass the President.

Long Chen's gaze stopped at the child as well. He was younger than Long Chen.

"As expected, the Emperor's Jun God Blood is more powerful than 80% of Xiao Xi's Goddess Blood. With the wind of the Great Emperor, under the nurturing of the Di Jun Divine City and the Everlasting Dragon City, their future would be limitless. "The chances of reaching the final stage of the Divine Spirit Realm should be very high!"

Long Chen was alone, but the other party had two huge backers in the human race. The Di Jun Divine City led the 72 - The Ancient City of God's descendants, and the Everlasting Dragon City was the supreme existence.

At least, at the same age, he was already famous, while he himself was unknown.

Of course, Long Chen did not reject him, he was only thinking of the possibility of the Spirit Race wanting to kill Di Yu.

On the golden platform, there was a young man with long black hair, bright eyes that seemed like stars, skin as white as snow, and a shining Emperor's Jun Divine Inscription on his forehead that transmitted the vast aura of the Archaic Gods King.

He was dressed in a snow-white robe, and was only as tall as Long Chen's chest. His face was young and tender, giving off the aura of a king. This was the first time he appeared in front of others, but he was able to remain calm. To a child, this was already something extraordinary.

He looked around and waited for everyone's attention to be focused on him before he said, "Because of the attack of the Monster race, the elders and brothers and sisters must have heard about what happened to me. I am sorry to have caused you all so much trouble, but I apologize to you all personally. I am also apologizing on behalf of the Di Jun Divine City.

He was very polite and had a high status, but he was very polite and quickly won over by his elders.

The other presidents of the Shencheng said, "For us humans to have a child like you, it is our common honor. Although there are some losses, to be able to obtain such a rare talent in the history of the human race is also a blessing."

"You're right. With Di Yu's talent, in a hundred years, his strength will be enough to suppress all the races."

"I believe that Di Yu will take revenge for us."

They all laughed, and were filled with confidence in Di Yu.

He had heard this kind of flattery a lot, but he was never bored of it. He took this opportunity to continue, "That's right, the Spirit Demon race is our archenemy, and this time they are planning to kill me by infiltrating our human Divine Desolation Ancient Earth. They are extremely daring, and when I, Di Yu, become famous, I will definitely wash away the shame of today, and teach them a terrible lesson.

With that said, the surrounding people started to cheer. The disciples of the 72 - The Ancient City of God's descendants had already made Di Yu deeply admire them, especially the girls who had an overflowing motherly nature, they looked at them with their eyes, their bodies were numb and they wished they could hug the child and caress him.

She was young, but had great ambitions, and was beautiful, her tone was humble, but this was the first time that she was showing her face, and Di Yu received a lot of support.

In the face of the fanaticism of the young disciples from the seventy-two Shencheng s, the child did not reveal a single expression of pride. His eyes were like a deep pool of unpredictability, revealing maturity and wisdom that did not match his age.

After motivating everyone, he continued, "If the demon race wants to kill me, it's just wishful thinking. If they fail this time, they will have no chance in the future. Today, since everyone was gathered here, Di Yu was shouldering the enormous mission of reviving the human race that was bestowed to him by the elders and the Five Dragon Cities s, and he had to take responsibility for himself and everyone else. I started cultivating when I was five years old, and spent a total of fifteen years to reach today's late stage of the Nine Layered Nirvana Tribulations, close to breaking through tribulation of reincarnation. "

When these words were spoken, the crowd immediately burst into an uproar.

To reach the Nine Layered Nirvana Tribulations in fifteen years, he definitely had to rely on his talent to steadily improve. Such a talent had probably never appeared since the ancient times. It had also surpassed the record set by the Eternal Dragon Emperor. Of course, the Eternal Dragon Emperor kind of thing that allowed one to pass through seven stages of Nirvana Tribulations at once was due to luck, which was not on Di Yu's side.

Long Chen also felt that it was shocking, from the start of his cultivation until now, it seemed like he had only been training for fifteen years. Of course, his starting point was too low, and he had a different concept than Di Yu.

It was indeed impressive to be able to compare with him in terms of talent.

No wonder the human race valued him so much.

At this time, the handsome child on the golden platform continued, "Although I did not break someone's record of being able to pass through seven stages of Nirvana Tribulation at once, I only managed to reach one-third of their total cultivation level. "However, I will work even harder to repay everyone's expectations. Next, I will have an important advancement."

At this point, everyone's eyes lit up.

However, Long Chen was a little uncomfortable. When Di Yu mentioned this person, a look of contempt flashed across his face.

Originally, Long Chen had a good impression of him, and felt that it would be a pity if the Spirit Race killed him.

At this time, a faint smile hung at the corner of Di Yu's mouth, and he spoke in a calm tone: "I am the same as everyone, about to bathe in the rain of gods, reach tribulation of reincarnation, and at the same time absorb the Ultimate Dragon Inherited Blood Essence bestowed upon me by my master. With my many years of accumulation, as well as the painstaking efforts of Everlasting Dragon City and Di Jun Divine City, and the treasures that you have spent to prepare for me for more than ten years, I will definitely break through the third stage of the Mirror of Samsara in one fell swoop.

Countless people looked at Di Yu in a daze, and their entire faces froze. This news, to everyone, including the leaders of the great presidents, was completely shocking!

Within a year! Break through to the third stage of the Reincarnation Tribulation!

This was much more terrifying than continuously breaking through Seven stages of Nirvana Tribulation!

Each stage of the cycle of reincarnation was a nightmare within a nightmare.

Honestly speaking, for the leader of the presidential team to be able to survive until now, he had spent most of his time and effort on the Reincarnation Tribulation in order to achieve what he had achieved today.

It could be said that these three trials were the most difficult hurdles they had ever faced in their entire lives. Basically, even an ordinary genius with more than ten percent of the divine blood would have to spend up to a thousand years to pass through the first tribulation.

Since the Primordial Era, there had never been a record of someone being able to pass through the third stage of the tribulation within a year.

There weren't even any who had gone through two stages of tribulation of reincarnation within a year.

Di Yu had set off a huge bomb, causing everyone to feel suffocated.

In front of Di Jun's mausoleum, to absorb the Ultimate Dragon's inherited blood essence, with the help of Di Jun's spirit, and with the Everlasting Dragon City and Di Jun Divine City giving their all and bringing along endless treasures, every single one of these would probably cause everyone present to go crazy, resulting in the formation of a twenty-one year old tri-level tribulation of reincarnation expert.

As long as Di Yu reached that level, there would be very few people who could kill him in the future ...

Envy, but not jealousy or hatred.

Some people could only admire and revere their encounters. No one dared to be jealous.

Reincarnation was a marvelous realm.

One, Two, Three, Four, Five Elements

It could be said that the tribulation of reincarnation was the true path to becoming a god!

Chapter 1818 - Samsara

The Power of Reincarnation had gone through a hundred lifetimes of reincarnation cycles, gathered together the power of all life, and understood the six paths of the five elements. It had an endless cycle, and its cause and effect was destructive, so every time a rank was crossed, the realm would be one step closer to the true god. It could be said that the might of the gods was formed from tribulation of reincarnation.

Nirvana Tribulation Realm, on the other hand, could only be considered as the transformation and evolution of his physical body and primordial spirit.

tribulation of reincarnation was the true path to becoming a god, and also the final path to becoming a god. The form of the Reincarnation Tribulation was even weirder!

The first calamity was called Yiyuan.

Passing through 'one source' was known as one source of tribulation of reincarnation.

The One Yuan Calamity, in the midst of tribulation, the warrior enters the 100 Samsaras, in the cycle of reincarnation, the warrior loses all of his abilities, experiences a new 100 lives, is sweet, bitter, hot, full of life, has unlimited temptation, countless disasters, that is the true 100 lives of reincarnation, and not any illusions.

In this cycle of reincarnation that spanned a hundred lifetimes, if one could maintain the dao in one's heart and comprehend the cycle of reincarnation that belonged to one's self, then only then would one be able to survive a single tribulation. If one lost their nature after 100 lifetimes, lost themselves and couldn't find their own reincarnation, then they would disappear along with the reincarnation.

The vast majority of Nine Layered Nirvana Tribulations Realm warriors would die in One Yuan Tribulation and not be able to step foot in there.

Under the guidance of the elders, the disciples of god blood descendant would have a higher chance of passing through the long term training.

The second calamity was called the 'Two Elements'.

Passing the 'two instruments', it was called the two instruments of tribulation of reincarnation.

The two heavenly tribulations, transcended the cycle of reincarnation, using the Power of Reincarnation, cleansing the body's primordial spirit, the two heavenly bodies became yin and yang, the yin demon appeared in the yang, and the yang demon appeared in the yin. Since it was a demon, it naturally had a demonic attribute.

At that time, in a battle of dual Power of Reincarnation, the only way to survive was to fuse with a Yin Demon yang demon, allowing him to control dual Yin Yang energy. The Power of Reincarnation would double, but if he was even the slightest bit careless, the energy in his body would clash and his body would explode, causing him to die.

Two sets of tribulation of reincarnation, already possessed boundless battle power. In the entire 72 - The Ancient City of God's descendants, there probably weren't any young warriors who had reached two levels of tribulation of reincarnation.

The third tribulation was for the 'three talents'.

San Cai was a natural born person. It was the core of the vast universe. It was the core essence of the entire Dragon Sacrifice Continent, and also the body and primordial spirit.

The Tribulations, the heavenly tribulation is the source energy of the universe, it kills the primordial spirit and the earth tribulation is the source energy of the Dragon Sacrifice Continent, it kills the body. If he could withstand the tribulation, then he would definitely be able to grasp the origin power of the three geniuses. This was the most primitive power, when the Power of Reincarnation merged with the origin power, it would be able to achieve the most terrifying destructive power, far surpassing the destructive power of the Nirvana stage!

And after this, there were also the four Celestial Emperors, the physical structure of the five elements, the six paths of reincarnation, the ancient seven stars, ancient gods, and other calamities ...

If one could reach the peak of the ninth stage of tribulation of reincarnation, they would already be at half-step into the Divine level. Of course, to be able to reach this step, one would need a rare, unparalleled talent, endless resources and training, and extraordinary luck and destiny. In these millions of years, only the Eternal Dragon Emperor had the qualifications to become a god.

One Yuan, Two Yi, Three Cai were already terrifying enough.

But Di Yu, under the combined efforts of Everlasting Dragon City and Di Jun Divine City, had unexpectedly absorbed Ultimate Dragon Inherited Blood Essence s, used up billions of rare and precious

items, and reached the tri-level tribulation of reincarnation in front of the Heroic Spirit Ancestor for the first time in a thousand years!

It was no wonder that the entire Demon Clan and Spirit Race would panic. If Di Yu reached the tri-level tribulation of reincarnation, coupled with the cultivation of the entire human clan, it could be said that stopping that fellow from becoming a god was an extremely difficult thing. Furthermore, Di Yu was not one of the pioneers from the Eternal Dragon Emperor who had his own way of thinking. He had grown up under the influence of human beings, how could he not hate human beings?

Yiyuan was only seeking a sliver of a way to survive after experiencing a hundred lifetimes of reincarnation.

The master of the Two Elements of Yin Yang Great Demons was able to live.

The Tripartite Elemental Tribulation could be said to have a nine out of ten chance of survival.

The leaders of the presidents, in truth, all of their strengths were close to the tri-level tribulation of reincarnation.

When they thought about how Di Yu would come out one year later and become a terrifying character who had already passed through the great source of tribulation, truly becoming the absolute ruler of the new generation, everyone was incomparably convinced. Even most of the people in the Shencheng were already considering giving the most beautiful and most talented girl to this peerless genius, the human race would definitely hope to give his away.

Looking over, Di Yu saw that he was completely impressed by everyone, and revealed a knowing smile.

That was what he wanted.

"One year from now, my words should have even more weight!"

He was already very much looking forward to the opening of the war between the gods.

"This guy is really strong." Ling Xi laid beside Long Chen, her eyes filled with praise. The other party looked like a child, it was difficult for others to have any hostility towards him.

Long Chen didn't think much of it. This guy had been groomed by the entire human race, his talent was extraordinary as well. It was normal for him to have such achievements.

He chuckled, "My Xiao Xi might not be any worse off than him. It's still too early to come to a conclusion."

Even though he said this, he still felt that it was impossible for the Spirit Race to kill this little fellow. Humans would definitely have many supreme elders guarding nearby, and of course, if they truly sent out their experts, they could still escape unscathed. He hoped that they would take him away at that time.

"Of course, but the Brother Chen is even better. I understand all your secrets!"

Ling Xi smirked, her eyes flashing, making him look cute.

What she meant was the identity of a Mysterious Dragon Jade, dual Ancestor Dragon, and the son of an Eternal Dragon Emperor.

No one knew that the Eternal Dragon Emperor had left behind a son.

Long Chen couldn't help but be confused. If his identity were to be leaked, what kind of commotion would he cause? Everlasting Dragon City was fully committed to nurturing Di Yu, so he was afraid that he wouldn't have anything to do with himself. The place that Long Chen was fascinated by was spending so much energy for another child. It was a bit funny, but also a bit helpless.

That place that Long Chen would definitely return to one day.

Just as Long Chen was deep in thought, Di Yu actually mentioned something about the Everlasting Dragon City. He used a casual method: "I have been to the Everlasting Dragon City before, that place is truly an eternal pure land. We cannot forget that our true ancestors were the Divine Dragon, the Divine Dragon that once ruled over the Dragon Sacrifice Continent, and everything is beautiful. She was invincible throughout the world, and on the verge of becoming a god. He was originally the hope to revive the human race, but unfortunately, he abandoned her faith and abandoned our race, and he caused us humans to experience great difficulties that they have never been able to recover from, bringing us endless pain, he even wanted to destroy the gods in the battlefield, and destroy our ancestors' souls. She claimed that the gods were just a joke, and only the gods were the only puppets. He has brought such a great upheaval to us, so it's not worth dying for now! "

Speaking of which, Di Yu clenched his fists, and his eyes revealed ridicule and hatred. At the same time, he also possessed an incomparable arrogance.

Her long hair fluttered in the wind.

Sensing the hatred and contempt in his heart, everyone started to discuss with one another.

"A guy like the Eternal Dragon Emperor is not fit to be a member of our human race. Someone who abandons his ancestors, acts recklessly, has great power, but does not suppress the Spirit Demon Race, and instead pursues the illusionary dream of bringing calamity to our human race. Let's not talk about him!"

"Yeah, he's also a genius, but when compared to Di Yu, there's just too much of a difference. We produced a stunning yet unparalleled Everlasting Dragon Emperor, reviving the human race with no hope of survival. Fortunately, Di Yu appeared, he has already completely surpassed the Everlasting Dragon Emperor, and he is definitely going to become a real god who can exterminate other races, allowing our human race to monopolize the Immortal Domain!"

"Why does a person like Long Qinglan still have the title of Eternal Dragon Emperor? "I think we should just leave. Everlasting Dragon City, I didn't think they had such a person before."

"That's right!" Di Yu was resolute and decisive, and said: "As a human, he has to respect his ancestors, go to war, and revive my clan. This historical scum, is destined to live in shame for ten thousand of years, it is not worth for us to call him the Eternal Dragon Emperor!"

BOOM!

To Long Chen, these words were like a bolt of lightning, rumbling across the sky!

From the very first sentence that Di Yu spoke, his entire body tensed up and his mind went blank. As he listened to everything that happened, he looked at the resentful and mocking faces, and every word that came out almost suffocated him.

This was especially true for the youth who was standing on the golden platform. He was commanding the crowd. He seemed indignant, but in reality, he was already prepared. By suppressing the mistakes of his predecessors, he would raise his position in the hearts of the people ...

He was so scheming and cruel at such a young age.

Long Chen originally did not have any enmity towards him

He resented the cold smile on his lips when he spoke, resented his seemingly angry actions, resented the fact that every single expression on his face was one of complacency and ridicule!

He discovered that his heart was filled with countless ants, making his heart itch unbearably. Those people's words were like nails, thousands and thousands of them nailed onto his body, penetrating through his flesh, penetrating through his soul, causing him to bleed profusely.

"Phew ..."

His breath was actually so heavy.

He found that he was deaf, his ears were ringing, his eyes were filled with moving faces, they were criticizing him, they were mocking him, they were laughing, and that child in particular was depicting a traitor of the human race, a sinner of all ages, and raising himself up to the world ...

It was like the first lesson of his appearance

When everything was quiet, Long Chen really could not hold back anymore, his body was like a hidden volcano, that was his boiling and boiling anger, at that moment, it was about to destroy all of his rationality, it was about to reveal his sharp claws, and tear everyone's mouths to shreds!

The person they were talking about was his most respected father!

Chapter 1819 - Little Aunt

There was no storm, no sand, and no deadly Elemental Spiritual Array in the Twilight Zone.

His eyes were bloodshot and he rarely shed tears. But right now, his eyes were uncontrollable, and it wasn't because he felt wronged, but because he felt that it wasn't worth it for the man who disappeared!

He had done many things, but no one could understand him.

He had lost all sense of reason and only wanted to tear these mouths apart!

Just as he was unable to hold himself back, there was actually a soft embrace with thin hands that tightly hugged his waist. Although she wasn't strong, no matter how much Long Chen lost his rationality, he wouldn't harm this cute little girl.

"Brother Chen, don't, don't. It's not time yet, what you're doing is useless!"

"I know the pain in your heart. I respect him just as much as you do. If you want to wash away all this, make everyone admire him, and stop misunderstanding him, you can't lose your mind even more. If you are like today, then you will never be able to recover.

These words that were filled with tears were like clear spring water, extinguishing the flames in Long Chen's heart bit by bit, allowing him to swallow his own anger.

He looked at the girl beside him. Her eyes were filled with tears as she stared at him. She was helpless, terrified, weak. He was her pillar. If he were to go crazy, what should he do?!

"Don't listen to them, look at me, Brother Chen."

Ling Xi raised her head. There were two tear stains on her soul-shaking face, but that couldn't cover up her soul-stirring beauty. She was like the most beautiful jade in the world.

At this time, the only person beside Long Chen was her.

As for Dong Huangliufeng, when he reached the Twilight Zone, he had already gone to find his Shencheng.

"Kiss me."

Ling Xi timidly said these two words.

She did not wait for Long Chen to move, but instead stood on her tiptoes and kissed him. This enchanting and gentle harbor, these sweet and tasty lips caused the anger in Long Chen's heart to gradually extinguish, and in the midst of this gentle caress, he also gradually woke up, knowing how terrifying her actions earlier were.

Once his identity was exposed, even his life would be gone, so how could he talk about going to the Everlasting Dragon City, righting his father's name, and letting the world understand him?

If he was not there, what would Ling Xi do? Would the people of the Light Shencheng let her go?

The hatred in his words today, was not unrequited, just as Ling Xi had said, it was not the right time. Even though he had talent that surpassed Di Yu, he didn't have a backer, so he could only wait until he was strong enough to shake the world with his might. Only then would he have the qualifications to refute what they had said.

In fact, Long Chen knew nothing about Long Qinglan at all. How was he going to refute that?

If he acted rashly today, not only would it fail, it would only make him seem immature.

After kissing for a while, the sounds of the discussions and calls gradually disappeared from Long Chen's ears. They were originally not standing at the corner, but Di Yu had attracted everyone's attention, so only a few people could see them kissing in broad daylight without restraint.

After he parted his lips, there was a sweet lingering on the corner of his mouth.

At this time, Di Yu had already finished speaking and returned to the Di Jun Divine City's group of crouching tigers and hidden dragons.

It was so peaceful here, as if nothing had ever happened.

In his arms, there was only this pitiful girl left.

"Thank you, Xiao Xi. Today, you have saved me. "

Without her, he might not be able to figure it out.

Ling Xi smiled cutely, and said: "I am the wife, and this is what I should do. It's just that there are a lot of people, I won't do it next time."

Her rosy cheeks made her, who was somewhat bashful, so enchanting that Long Chen couldn't help but kiss her on the cheek.

"I know what to do. Today, the humiliation they gave my father was just a very normal scene in Dragon God Domain. I want to fulfill his last wish for my father, not to defeat all those who have said those words, but to let them change their way of thinking. "

"It's good that you know this in your heart. Regardless of what you do, Lil Xi will support you and follow you."

Her voice was soft, becoming more and more tender, making Long Chen forget about everything else.

Very few people paid attention to them anymore. Most people were immersed in the shock that Di Yu had brought them.

The peace could not last long.

The people of the Light Shencheng had long since set their eyes on them.

Just as Di Yu spoke, they obviously didn't dare interrupt him. Just as Di Yu returned to the Di Jun Divine City's group, Sheng Lun of the Radiant Shencheng, along with the five teams from the south, made a total of six teams, and aggressively charged towards the War God's Ancient City. Compared to them, the War God's Ancient City's side was simply too weak.

The Light Shencheng was aggressive, and instantly caused panic in the War God's Ancient City. Most people also noticed the situation here, and quietly observed what was going on.

On the other hand, the Shenchengs in the middle had been around for a long time and did not pay much attention to the matters here. The number one Shencheng in the east, the Violet Myrtle

Shencheng, the number one Hell City in the west, the number one Dark City in the north and so on, were all gathered in this region.

Aside from the Violet Myrtle Shencheng in the east, there was still a large gap between the resources of the first city in all four directions and the great Shenchengs in the center. The Shenchengs of light were the weakest amongst them.

In the Di Jun Divine City, the President was a young lady wearing a veil, her entire body was cold, her figure was graceful, and she was even more charming than Su Zilan. She was different from the other Shencheng, as the President she served Di Yu.

"Little aunt, I want to talk to Sister Li." Di Yu said.

The young wife of the Di Jun Divine City asked: "But the Dark City, is it the new 'Little Saint Lord'?"

Di Yu nodded.

"I'll escort you." The young maiden waved her hand and a few mysterious experts appeared. They carefully escorted them and headed in the direction of the Dark City. Di Yu had long since gotten used to this kind of escort. He was still weak, so he didn't mind it.

The Di Jun Divine City's team was much more than just a presidential warrior.

Not long after, Di Yu had already arrived at the Dark City's team, and at this time, the Radiant Shencheng and the War God's Ancient City also began to clash.

The President of the Dark City was also a beautiful woman, dressed in a black dress, looking dignified, with a dark noble aura, full of charisma, but no one would think of her as coquettish. Her frown and smile was perfect, and she looked much more lively than the President of the Di Jun Divine City, who was also Di Yu's Little Aunt 'Di Ling'.

Facing Di Yu and Di Ling, her attitude was much more humble. After all, one was the hope of the human race, and the other was a super strong warrior who had surpassed her by leaps and bounds.

The leader of the Dark City's presidential team was called Ye YunXu.

Ye YunXu hurriedly went forward and asked, "Little sister Di Ling, and our cute Di Yu, have you come over yet?"

The commotion on both sides had attracted quite a bit of attention.

After all, the process of waiting seemed rather long.

Di Ling said, "Xiao Yu, come here. You wish to see your Little Saint Lord."

The people from the Dark City scrambled to get close to Di Yu. After hearing the name "Little Saint Lord", the crowd was stunned for a moment before they immediately dispersed, allowing a mysterious black young girl to appear before Di Yu.

The girl's face was cold, her eyes elegant and calm. She rarely communicated with others, although her status was noble, no one came close to her. Everyone knew that she was already acquainted with Di Yu, and were especially jealous. But at this time, they could only obediently watch from the sidelines.

"So you are looking for Little Saint Lord? "Alright, that's great." With a charming laugh, Ye Yunxu opened up a path. Behind her, the girl that was surrounded by a crowd was currently resting with her eyes closed.

Di Yu's eyes lit up, with a wave of his hand, everyone left tactfully. Di Ling wanted to follow and protect him, but he stopped his. Ye Yunxu's gaze was a little weird, but he quickly recovered his smile and started to talk to Di Ling in a low voice, from time to time, he would laugh coquettishly, attracting others' attention.

Di Yu carefully walked in front of the girl in black and said in a low voice: "Sister Li, I'm here to look for you. I'm Di Yu."

The girl already knew this from the start. She opened her eyes, revealing a gentle smile. She immediately became serious and said, "I heard what you said just now. It really is annoying."

Di Yu was a little confused, and he asked, "Why? This is what the elders told me, that I could get these youngsters to approve of me and follow me. "

The black clad girl said, "I don't care about what happened to you. I respect that person, the Eternal Dragon Emperor. Do you understand? "

"Oh," Di Yu nodded, with a strange expression on his face. Although he was young, he also knew not to argue with other people.

The young lady came down from the boulder, and looked at Spirit Sea who was rioting in front of her.

"That's about it. There's only one day left."

"That's right!" Di Yu was exceptionally excited, and said: "When the time comes, I will be able to reach the tri-level tribulation of reincarnation, and with my bloodline, even the President isn't my opponent. With so many President's leaders, I'm afraid that only my little aunt can compete with me, and at that time, I won't have to go anywhere with so many people, I can protect you, Sister Li!"

The girl in black shook her head. "You are just a child. I don't need you to protect me. Just do your part. "

"Alright, I understand." Di Yu laughed, revealing his pure white teeth, looking very innocent.

Just then, a commotion on the other side caught their attention.

Chapter 1820 - Four Celestial Emperors

What should come will come early.

Long Chen brought Ling Xi and snuck into the group of War God's Ancient City. This was a conflict between Su Zilan and them, he would just ignore it. Su Zilan actually respected Su Zhen a lot. Regarding the things that he had ordered her to do, she had to do them even if it cost her his her life.

Both sides encountered each other.

At this time, Sheng Lun had already arrived in front of Su Zilan, Pang Zhong, and Bing Qing Xue. His gaze was ice-cold, and filled with righteousness, as he said to the audience in a clear voice, "My fellow divine descendants, in the Divine Desolation Ancient Earth incident, my Radiant Shencheng and the three in front of me had a deep grudge. Back then, they had teamed up together to push me back, but now that

we have reached the Twilight Zone, I really hope that they can give me a clear explanation in front of their fellow divine descendants."

Following his narration, everyone's gazes started to converge on Long Chen and Ling Xi. These two youths, males had a strange temperament, which was filled with aggression, and the female's beauty was above everyone else, which immediately left a deep impression on everyone. The super dragon was not a cabbage, and it also made everyone acknowledge his talent.

Many people were curiously looking at these two people.

Sheng Lun spoke in a majestic manner as he pointed to Long Chen: "This child is arrogant and untamed, he has no sense of the king, he defies the rules and is openly sworn brothers with the Spirit Demon race, he protects the Spirit Demon race, betrayed the human race, and even colluded with the Nine-tailed Sky Fox, and he is only an adopted son, not a real god blood descendant. This child has committed such a heinous crime, but Su Zilan and the other two have protected him, the evidence is solid.

If they colluded with the demon race, the crime could not be redeemed!

The matter that Sheng Lun said attracted the attention of everyone, they thought for a bit, although this young man looked innocent, but if he committed such a crime, killing him on the spot was not too much, right?

"I think we should kill him on the spot. Does anyone have any objections?"

Sheng Lun shouted.

Although the Shencheng of light could not compare to the few super Shencheng in the middle, among the 72 - The Ancient City of God's descendants, it was close to the top ten, and had a very strong charisma. Furthermore, he had the support of the five Presidents, so no one dared to oppose him. Furthermore, most people also felt that it was reasonable. It was a pity that a supreme divine dragon was not easy to obtain. If they had killed it on the spot, it would have been quite a pity.

"Since everyone has no objections, then it means that they agree with what I have to say. Su Zilan, tell me, do you want to use the power of a city like War God's Ancient City to publicly go against the decisions of all the Shencheng?"

The enormous pressure Sheng Lun brought to Su Zilan, bound himself to all of the Shencheng s, and also excluded Pang Zhong and Bing Qingxue.

Su Zilan is someone who has seen much of the world, so she suddenly laughed: "What Sir Sheng Lun has said is really touching, who doesn't know what kind of nonsense you, the Shencheng, are scheming? Everyone probably doesn't know that the person beside my nephew is his wife, who had once received the inheritance of the Misty Sect, and is also the Radiant Goddess with a pure physique. Since Sir Sheng Lun went all out to kill my nephew, all he wants is to obtain the Radiant Goddess, then I'll ask you this: If you kill my nephew and swear to not touch my nephew's wife, can you do it? A hypocrite? "

Sheng Lun had thrown aside his true purpose, but allowed Su Zilan to speak out. When everyone heard it, they started pointing their fingers at Sheng Lun, the two words "hypocrite", was extremely suitable to be used on Sheng Lun.

As for this Radiant Goddess, she is a gift from my god. It is true that she does not wish to join our Bright Shencheng right now, but my Bright Shencheng will definitely invite her to join us with utmost sincerity.
"

Su Zilan laughed, and said: "It is nothing more than violence, or even crushing my War God's Ancient City, let me ask everyone, is there any woman who is willing to become the Divine Light Maiden, and become their machine for producing children? The Radiant Goddess was the number one city in the south, but her methods were despicable. If you want to snatch the Radiant Goddess, then just say so! Do not target her husband, for us to underestimate you. As the young master of a city, how can you be so despicable? "

These words enraged Sheng Lun to death.

Su Zilan usually spoke very little, but the moment she spoke, she blocked Sheng Lun's path. The righteous words he said before, revealed her true purpose, and it was as if she had slapped her own face.

He said angrily, "Don't spout nonsense. One yard is one yard. I'm talking about colluding with the Monster race. It has nothing to do with the Radiant Goddess."

The other presidential leaders who were supporting him also began shouting.

Right at this moment, Dong Huangliufeng arrived with a middle-aged man that had the bearing of an immortal, and the man said: "This child is still young, but lacking discipline. The so-called colluding with the Spirit Demon Race is simply because she is young, and does not know how to differentiate between good and bad people. I think this is just a small matter, don't let the kids down. "

The crowd was in an uproar. They did not expect the people from the Central One Shencheng to join in.

Long Chen looked over and saw Dong Huangliufeng happily waving at him. He was the one who brought the President of the First Shencheng here, and it seemed like he held a relatively high position in the First Shencheng.

Sheng Lun never thought that such a fellow would suddenly appear out of nowhere. The Supreme One Shencheng was stronger than him, but he was unwilling! The anger in his heart was stirred up by Su Zilan, while the Great Shencheng only looked like a peacemaker. At most, he would lose some face for him, but the Goddess of Light was extremely important to him.

With his arrogant personality, even if he meets a Goblin Tribe, he would probably call himself a brother. I even suspect that he has a deep relationship with the Nine Tailed Heavenly Fox, and for the annual beast attack this time, he should be a part of the human race, right? With such a high level of arrogance, Long Chen would probably not be able to withstand it. This is not a small matter. It's normal for the Eastern Emperor brothers to not have a clear mind.

He did not dare to offend the President of the Supreme One Shencheng, so he only said that the other party had not considered it clearly.

The others began to discuss as well.

"That's right. We suffered a huge loss during this demon clan attack. There must have been a traitor."

"The Nine-tailed Sky Fox once saved him, I think he's probably the traitor."

"It is precisely because of him that we, the human race, have suffered such great losses. Such a lowly person is not qualified to become a god blood descendant! "In my opinion, it's a crime to be cut."

"That's right."

Everything had to be according to the rules.

Otherwise, people would think that it was only a matter of personal relations, and would not care about the bigger picture. Although Dong Huangliufeng begged very anxiously, the middle-aged man still shook his head helplessly and said: "It's not that I don't want to save him, but I'm just helpless. He saved your life, and all I can do is to thank him in person. If he really colluded with the demi-humans, and caused us huge losses, then we will have committed a grave crime. "

Dong Huangliufeng cried: "No! Big Brother Long Chen is not such a person! "

His mournful weeping attracted even more attention.

Sheng Lun's eyes moved, a cold light appeared abruptly. He knew that the time had come, so he promptly informed the five presidential leaders standing around him, and said: "You five stall the three of them, I will make my move to kill Long Chen. It's a foolproof plan!"

They had already gained the hearts of the people, and if they were to make a move now, it would be useless even if they were stopped.

Sheng Lun was even crazier than what Su Zilan had imagined. He did things without considering the consequences.

BOOM!

This huge commotion attracted everyone's attention.

What Sheng Lun had said previously was right, but in reality, even if he really had to make a judgement, it would be the internal affairs of the War God's Ancient City. If it wasn't for him, the Radiant Goddess wouldn't have fallen into his hands.

This bold and crazy action made everyone feel disgust.

The moment Sheng Lun and the rest made their move, his speed became extremely fast. With a few buzzing sounds, a total of four shadows appeared in front of Long Chen, blocking his path.

"Four Symbols Heavenly Emperor!"

Sheng Lun was completely dumbstruck and flew back due to the shock of the four Celestial Emperors. This sudden attack had also ended in failure.

As for Sheng Lun's comrades, before they could even begin to restrain Su Zilan and the others, the Chief's operation had already failed. All of them looked at the President of the First Shencheng with astonishment, and muttered: "I never thought that you had already stepped into the Four Symbols tribulation of reincarnation. "It far surpasses us!"

To them, this was an accident.

One must know, in this ancestral worship team, there weren't many who could reach the Four Symbols tribulation of reincarnation.

Although Sheng Lun was stronger than Su Zilan, he had yet to reach this level. The one from the Grand Shencheng had completely suppressed him, causing him to lose the possibility of using brute force to attack.

The first Shencheng said coldly, "This young man has indeed committed some mistakes, but if you act rashly, it can be considered breaking the rules. No matter how wrong he is, it doesn't seem to be your turn to act.

Everyone originally stood on Sheng Lun's side, because the moment he made a move, his despicable nature was completely exposed.

However, this was not the key point.

Long Chen suddenly felt a familiar gaze fall on him. It was so passionate and emotional, that he trembled with excitement. Even though they were still quite a distance away, he felt as if he had already touched her existence ...

Long Chen was unable to control his excitement as he looked towards the distant place. His gaze moved past the heavy crowd, and followed the hidden senses, landing on the girl dressed in black. Even the famous Di Yu beside her was completely ignored by Long Chen.

That girl, wasn't she the same as Long Chen? She was excited, surprised, and made her cry, made her cry, made her cry out loud, and even made her cry out loud.

The vast sea of people was so vast, yet they were still able to meet here. It could only be said to be fate. It was fate that had entangled them.

Following the direction of Long Chen's gaze, which was almost frozen, Ling Xi looked over with suspicion. Her eyes instantly lit up as she exclaimed softly, "That, seems to be the xuanji sister ..."
