

War God 1861

Chapter 1861 - The descent of a great treasure

In the quiet white jade platform, the final number stopped at three.

If they were three breaths later, they probably wouldn't be able to survive.

From the beginning, Long Chen never believed that he would be able to accomplish this. In fact, he had already made the preparations to die, and only until the moment Su Muchen left without any regrets, did he have a sliver of victory. His pride that was inherited from his The Absolute Beginning Period was revealed, and the power of his bloodline allowed him to successfully comprehend more killing paths, thus allowing him to grasp the move of the Sobbing Dragon Soul.

Of course, this move was not easy to execute. At the very least, those million Blood Weeping Dragon souls were executed by Long Chen with the extreme suppression of the divine refining flames. Under normal circumstances, he could only summon a maximum of a hundred thousand Blood Weeping Dragon souls.

After this event, Long Chen was already extremely tired. He really wanted to pass out just like that, but the most important thing was still to not let the two women handle it.

Therefore, he gritted his teeth tightly to maintain his consciousness.

The three of them tightly embraced each other. At this critical moment, perhaps what was love was no longer important. What was important was that they had once lived and died together, and had even survived the nearly impossible opportunity.

This was something that he would remember for the rest of his life, something that he would remember for the rest of his life.

There wasn't much time left, and it was even more precious than this.

However, Long Chen was not at ease. He was thinking, who exactly is the mastermind of this game? If he was a god, and he wasn't a descendant of a god, yet he obtained the final victory, then would those rewards still fall onto his own body? Or was there some other unforeseen event?

Thousands of new generations from the 72 - The Ancient City of God's descendants had died just like that, and what would happen after they left? If even Di Yu died, what kind of turmoil would happen to the humans? What did all this have to do with him? In that game at the highest level, how could he live when he was still too young?

The many problems he faced caused him to feel infuriated.

At this time, the white jade platform began to undergo some special changes.

Long Chen held onto their tender little hands from both sides, and the three of them stood there side by side. Right at this moment, a light suddenly lit up in the sky, and the Nine-colored fog above began to move, dispersing. It revealed a rainbow colored channel of light, and the three of them simultaneously raised their heads, only to discover that it was as if a multicolored sun had appeared above them.

From that direction, came a beautiful song, accompanied by bursts of chanting and chanting. All kinds of lights flickered, and all sorts of figures floated within, causing people to feel reverence towards them. Those people sat in the endless depths of the sky, looking down upon the masses from afar, and Long Chen felt a sense of awe from the eyes of countless people.

What was going to happen?

The three of them began to grow nervous.

Right at this moment, five balls suddenly appeared in the sky. They were gold, green, blue, red and yellow.

These five thousand words did not have any pattern on them. It looked very ordinary, but it made Long Chen and the rest feel their hearts churn. Right now, they had not come into contact with the so called origin energy of heaven and earth, but this was the type of power that was revealed in this pill. This was the source, the source that formed all the materials. Even the white jade platform below his feet was made up of five types of Source Energy, and even the human body was formed from Source Energy.

The source of all power.

Regardless of whether it was the martial Yuan or the primordial spirit, whether it was the Nirvana Force or the Power of Reincarnation, any form of energy was a change to the origin force.

All living things in this world are formed from origin energy.

And these five pills should be the ancient god's corpse.

Refining one of the three great treasures, refining the Ancient God's corpse would allow him to have an additional five treasures that would be almost the same as his body, but he would also be able to have one that would allow him to become a god with its own dao, as well as the avatar of an independent Tao technique and divine ability. It would be equivalent to having five other lives, which would allow him to unleash a terrifying fighting strength.

Five pills fell onto the ground.

The three of them even touched it.

At this time, something else fell from the sky. It was a purple moon, the size of a thumb, and moreover, it was a curved moon. It fell from the sky, emitting a light as hazy as the moon, sparkling and translucent, extremely beautiful. This small purple crescent moon actually contained hundreds of millions of array diagrams, curses, world spirit techniques, and so on.

The purple crescent moon finally landed next to the ancient god's corpse.

What followed was a seemingly ordinary jade bottle. The jade bottle descended from the skies and landed in the middle of the three different treasures. What was stored in the jade bottle should be nine different drops of god's chosen one spirit liquid, which would allow a person with average talent to reach the peak of tribulation of reincarnation in a short amount of time, reaching Long Qinglan's level.

Of the three treasures, one could not say who was more valuable, but if one had to compare, the god's sap was more attractive, because the reincarnation tribulation was just too terrifying. Even if one obtained the ancient god's corpse and Sector lord's divine arts, they might not be able to reach the peak of the tribulation of reincarnation, and they might even lose their lives in the reincarnation tribulation.

"I didn't expect that I would really bestow these."

Long Chen lamented in his heart. In reality, what he sought was survival, and he wasn't envious of these things. Compared to any treasures, survival was the most important.

He thought that even if he won, he wouldn't necessarily be able to obtain items of this level.

However, these things were actually displayed in front of him. Every single one of them was something that would make all the people outside go crazy!

"Alright, time to split the treasures."

Long Chen revealed a smile amidst his exhaustion, two women who carried a heavenly beauty walked to the front of the three types of treasures.

Li Xuanji took a step back, and said. "Long Chen, these are things that you obtained through your own hard work.

Long Chen turned around and said: "Don't be like this, we aren't unfamiliar with each other either."

Li Xuanji shook her head: "No, these things are too precious, I can't accept them."

Long Chen also shook his head: "Firstly, if it is treated as a gift from me, then there is no difference between being precious and not being precious, and if you continue like this, then you are acting foreign, and secondly, it is obvious that these things are the same for everyone. If I were to take them all for myself, wouldn't I be hacked to death?"

Ling Xi also said: "xuanji sister, just listen to him, don't give me any face like this."

She pursed her lips together and looked at Long Chen with a blurry gaze, nodding slightly. She knew that Long Chen completely saw her as one of his people, and that she was his close relative as well. If not for that, he wouldn't have gone all out to save her.

Long Chen glanced at the three divine objects, he pointed to the beautiful purple moon and said: "Xiao Xi, you like to research these things, but Xuanji and I are not familiar with these types of arrays and restrictions, this Sector lord Divine Technique should be tailored for you."

"Thank you, Brother Chen!"

Ling Xi smiled sweetly. She knew that Long Chen would give her this beautiful purple moon.

From the Misty Sect's inheritance to the Sector lord's divine arts, Long Chen had never been stingy towards her.

"Don't move first. Take it after I take it." Long Chen reminded her. He was a person who was careful enough, who knew if there would be any accidents after taking away these three treasures.

The only things left were the ancient god's corpse and the god's spirit liquid.

Regardless of whether it was the Ancient God's Corpse or the God's Mandate Liquid, they were both of great use to Long Chen. The Ancient God's Corpse had the ability to increase his battle prowess in a short period of time, but the God's Death Essence was able to ensure that he would become a god.

In the end, Long Chen pointed to the Ancient God's corpse and said to Li Xuanji: "I think this will be more suitable for you."

In truth, if Long Chen could control those five pills, he might be able to unleash an extremely powerful combat ability in the future.

Amongst the three treasures, only the god's soul liquid did not need to be recognized as a master. As long as Long Chen was concerned, he could also give one or two of the drops to someone else to use, so he decided to keep the god's soul liquid safe for now. Right now, he was strong enough, so he wanted to do his best to let these two women have strong powers and trump cards as soon as possible.

"Yes."

Li Xuanji looked at him deeply. She roughly understood what Long Chen was thinking in her heart.

[This man has both responsibility and responsibility. It's just that he has an inner demon in his heart ...]

"Alright. I'll go first. "

Long Chen told Li Xuanji and Ling Xi to retreat at this time, and he prepared himself well by reaching out and grabbing the jade bottle. This process was without any obstructions, and he easily grabbed the jade bottle, and after discovering that there was nothing special about it, he placed the jade bottle in the depths of Great Void Realm.

"It should be fine. You guys take your own as well, right?"

Long Chen took a few steps back, and said with ease.

The two girls nodded, and Ling Xi walked towards the purple moon, while Li Xuanji stood in front of the five pills.

When Ling Xi's finger touched the purple moon, the purple moon emitted a faint light. It suddenly floated into the air, incomparably peaceful and gentle.

The purple moon and Ling Xi had perfectly fused together. The purple light began to shine and Ling Xi's snow-white long skirt started to dance in the air. She became like a fairy, pure like a beautiful white lotus.

The purple light started to shine, forming a purple ball of light beside Ling Xi. This ball of light was filled with the unique runes from another world.

"What a mystical Sector lord Divine Technique, the contents are too much!"

Ling Xi was immersed in the Sector lord Divine Arts, her heart filled with joy.

Seeing her like this, Long Chen felt satisfied as a man.

Chapter 1862 - The Art of Splitting Primordial Souls

Ling Xi was surrounded by a heavy purple ball of runic light, and she couldn't see it clearly anymore. At this time, Li Xuanji had already refined the ancient god's corpse, and when she looked over, she felt a breathtaking beauty.

The original Li Xuanji's hair and eyes were all a dark green color, it was mysterious and tranquil, with a temperament similar to that of a dark night. However, at this time, five people who were exactly the same as her appeared beside her.

One of them, Li Xuanji, had a head of brilliant golden hair and eyes that glowed with a golden radiance. Inside her body, there was a surging metal attribute energy, and a pair of eyes that captivated the soul and overbearing the body. She was dressed in a golden long dress that overflowed with light and shone with a divine radiance, which made her seem like a woman from a Shencheng of light.

This was not an ordinary clone, but Li Xuanji used the Immortal Soul stage technique to control his body, so this was also one of Li Xuanji's physical bodies.

The second clone had verdant green long hair, green eyes filled with life, a long skirt covered in flowers and plants, and her body was filled with wood type life force. The image of her in this state was incredibly beautiful and lively, and her temperament was completely different from the previous night.

The third clone had beautiful long blue hair, and was even more beautiful than the heart of the city lord. Her whole body was as gentle as water, making people forget about her.

The fourth clone had long, fiery red hair that seemed to be burning, a pair of red eyes that could emit flames, and a long skirt that was like a red lotus, filled with explosive power. Although it was the same performance, it displayed her explosive temper, making people think that she was exceptionally adorable.

The fifth clone, with his long brown hair and eyes, also had a unique charm that made him feel extremely comfortable.

"What are you looking at?" Seeing Long Chen staring straight at him, Li Xuanji's face reddened slightly as he said those words awkwardly. However, she had added five clones into the mix, so he was the one who said it at the same time.

"Sorry, I'm not proficient enough." Li Xuanji laughed awkwardly, this kind of six person talking at the same time was indeed a little awkward, it was like reciting.

With a wave of her hand, the clones entered her body one by one. The scene that made people drool finally disappeared.

Not only did the five clones possess the same strength as Li Xuanji, they also possessed different types of temperament.

"What are you thinking?" Seeing his infatuation that was rarely seen, Li Xuanji became angry and reminded him.

"Oh, no ..." Long Chen hurriedly shook his head. He was currently beautiful, and moreover, he was a woman who had fallen in love with him. It wouldn't be a big deal if he only briefly imagined it, but any man who saw six women who looked exactly the same, yet had different temperaments and each of them were exceptionally beautiful.

"Weird." Li Xuanji rolled her eyes at him. In truth, she felt very happy, because this was a present Long Chen had given her.

At this time, the purple halos surrounding Ling Xi's body also gradually disappeared.

She had already merged with the Sector lord Divine Arts, so when she started to cultivate, she would definitely display a terrifying lethality. In terms of lethality, the Sector lord Divine Arts was definitely the strongest, but its requirements were also the highest.

The three of them had all acquired treasures of their own.

The god's soul liquid could only be used during tribulation.

The Ancient God's Corpse was not strong now, so the amplification from it was not considered terrifying.

As for the Sector lord Divine Arts, it was similar to the inheritance of the Misty Sect. Ling Xi needed to study them slowly in the future, so the three treasures would definitely have a terrifying effect in the near future!

If Long Chen decided to use all of them for himself, then when he reached the peak of the tribulation of reincarnation, and even had the dual bodies of an Ancestral Dragon, perhaps even the gods would not be his match.

The two women approached Long Chen.

After obtaining the treasure, what could he do? What is the end of the game?

Until now, Long Chen did not relax one bit.

At this time, the white jade platform's number had originally stayed at three. Now it began to decrease, quickly becoming two, then one, and finally zero.

Long Chen's heart was calm as he held both of their hands tightly. If something unexpected happened, he could instantly bring the two women beside him to the Great Void Realm.

Weng! *

At this time, the white jade platform began to crack.

Long Chen became nervous.

"Could it be that the end result is also a scam? The three of us, will we also be swallowed by that Nine-colored fog?"

Long Chen thought.

In just a short moment, a huge force had acted upon the three of them and pulled them down. Long Chen's expression changed greatly, he had realized that even if they were rewarded with three great treasures, they were still just a dream. No one could survive in this battle?

Ling Xi and Li Xuanji had thought of the same thing, but they were not afraid because Long Chen was by their side.

Just as Long Chen was about to bring them to the Great Void Realm, a golden light barrier had surrounded the three of them, causing the Nine-colored fog to be unable to invade. Only then did Long Chen heave a sigh of relief.

With the protection of the golden light barrier, they were temporarily safe.

Under the protection of this light barrier, the three of them started to sink downwards, traveling amongst the Nine-colored fog.

"Brother Chen, where will we go?"

Ling Xi asked curiously.

"I don't know either. I hope it's a safe place."

This game was simply too mysterious. So many people had died, who knew what would happen if 72 - The Ancient City of God's descendants and the rest knew.

"The three of us are the survivors. Although no one leaked the secret, those elders probably have ways to find out the truth about this extinction. What should we do after we leave?" Li Xuanji was worried.

Long Chen had also thought about this problem.

Those people would definitely want to find out from him if he was the only one who survived. Although no one else knew about the three great treasures, it was no longer important. The human race would definitely not let them off easy.

"What should we do when we get out?"

Long Chen pondered for a while, and said: "Then pretend to be amnesic, and pretend to not have such a memory at all. As long as they do not use any methods, it will likely be very difficult for them to find out the truth.

The only way was this.

"No, once we go down, I'll let you guys into my Great Void Realm. I'll face it myself, and it'll be easier for you guys." Long Chen added.

If he let Ling Xi and Li Xuanji face all these, those people would definitely use them as a threat to Long Chen.

The two of them silently agreed.

"The only way out is to wait for the Spirit Race to arrive."

He originally thought that he would only have to stay in the war of gods for a short period of time, but who would have thought that such a thing would actually happen?

At this time, the Nine-colored fog finally dispersed and Long Chen and the other two descended from the skies. At first glance, they saw a scene that shocked them incomparably.

Below him, a huge bluestone plaza appeared.

Below the field, there were more than two thousand people gathered. These two thousand people were sitting cross-legged, temporarily motionless. Their eyes were closed and their auras were weak, but they were definitely not dead.

What shocked Long Chen and the other two was that these two thousand people were none other than those new generations that had been eliminated from the game.

Those dead people, they were all here!

Of course, compared to the total number of people, they were a bit fewer. Long Chen quickly guessed that the smaller number of people were all killed on the white jade platform and not eliminated, falling into the Nine-colored fog s. For example, Di Feng was killed by him right away.

In other words, those men who directly fell into the Nine-colored fog, including the man who lost her life due to the Red Blood Shencheng, were sitting cross-legged on the limestone plaza.

Long Chen and the other two landed on the ashlar plaza and watched this scene in shock.

Ling Xi said in a daze, "Brother Chen, they ... don't seem to be dead!"

Li Xuanji also said, "That's right, he's definitely not dead, and he's even in the process of awakening."

"As expected, this is a game set up by their divine ancestors. It's just a scare, won't they truly die? "If it really was their ancestors, then they really shouldn't have forced all of the new generations to their deaths."

At this moment, Long Chen suddenly remembered something terrifying.

If these people were not dead, then they would know about the three great treasures, especially Di Yu. And very quickly, everyone would know that Long Chen had once killed Di Yu, and both of these things were fatal!

If these three great treasures were to be leaked out, it would definitely bring an endless calamity to the three of them.

"Kill them all!"

Long Chen made this decision without hesitation.

This was his only decision. If he didn't take advantage of this opportunity to kill all of them without giving them a chance to even use their star talismans, he would definitely end up in a miserable state.

"Wait."

Seeing that Long Chen was about to make a move, Ling Xi suddenly pulled his arm and said: "Brother Chen, I feel that there's something wrong with them."

"Hmm?"

"Let's sit down quickly."

Ling Xi pulled the two people and sat cross-legged with the rest. At this time, someone had already faintly awakened, and they looked around in a daze. Then, they immediately jumped up in shock, and cried out, "Why am I here?"

Chapter 1863 - Return

At this moment, nearly two thousand people woke up at the same time.

Everyone had an expression of shock and bewilderment at the beginning. They looked at their surroundings in shock and they were filled with caution. Only when they discovered that they were surrounded by people who had experienced the same thing as them, did they heave a sigh of relief.

"I remember, we let some power bring us to the Nine-colored fog."

"Then, what seemed to have happened? It was scary, but what was it? Why are we here? Could it be that the power that we gave them, was brought directly here? "

"Nothing happened! I felt the sky go dark, and then I came to this place. "

Everyone began to discuss in confusion.

Long Chen's heart finally calmed down.

"Looks like they've all lost that memory."

To Long Chen, this was a heavenly good thing. Others might not know that he had killed Di Yu, but the matter of him obtaining the three great treasures, was similarly, unknown to others.

Then, they were finally safe.

Everyone did not have that memory, which meant that to them, the game had never happened before. Long Chen could not help but sigh at the strength of the mastermind, maybe this was a real god, being able to control Long Chen and the others completely.

They did not need to disguise themselves, so no one would be able to discover them. After losing their memories, most likely no one would know how terrifying Long Chen was, and in their eyes, Long Chen was just a small fry. Who knows, how many experts he had killed before?

Some of those experts with two sets of tribulation of reincarnation were directly killed by Long Chen, and most of them were eliminated.

"Everyone, please return back to your own team in Shencheng. We will count the number of people!"

Someone announced loudly.

Long Chen very quickly saw Su Muchen. Seeing that this tall and cold man was still alive, Long Chen felt a little better. To him, this was good news. However, the schemer was too crafty and gave everyone a huge psychological pressure. If they had known that they would not die from the elimination, they wouldn't have to be in such despair.

Of course, if he wasn't facing a dead end, Long Chen wouldn't have been able to comprehend the Sobbing Blood Dragon Soul.

He brought Ling Xi and Li Xuanji back to the War God's Ancient City's group silently. Su Tianyuan and the others were still alive, and they were all rubbing their heads, trying to figure out the current situation.

"I have a feeling that many days have passed." Su Muchen lowered his head and said.

"An illusion, right?" Long Chen said.

At this time, the 72 - The Ancient City of God's descendants's team had already gradually split up.

When all the people had been counted, they quickly discovered that some of them had disappeared.

"Where's my brother?" The people of Di Jun Divine City stood in the center of the crowd and Di Yu was currently anxiously searching for traces of Di Feng.

Speaking of which, it was strange, they were all severely injured and were eliminated, but now that everyone's injuries had been healed, there were so many people present, only Long Chen himself was still in his weak state.

"Where's my second sister? "Where did he go!?"

"Where's Jiang Shan?" "Where did you go?"

In that moment, the team once again fell into chaos.

"Di Feng!"

Di Feng of the Di Jun Divine City was gone, under Di Yu's instructions, everyone started searching, but after searching nearby, they were unable to find him.

"What the hell is going on!?"

Di Yu's eyes were anxious and anxious, he had no idea what to do next.

Long Chen originally thought that he would be able to kill this loathsome fellow, but he never thought that he would actually survive.

Amidst the chaos, someone finally used the Star Talisman to contact their president.

Su Muchen and the others also contacted Su Zilan. Su Zilan's figure appeared on top of the Star Symbol and she had an anxious expression as she said: "Tian Yuan, Mu Chen, just what happened? It's been eight days since we've had so much contact. "

Although they did not keep in touch, among the seventy or so presidential leaders, there was always someone who found out that they could not contact those disciples who were bathing in the divine rain. When the news spread, other people would try to contact them and discover that no one could.

"Eight days have passed?"

Su Muchen and the rest looked at each other.

The others also realized that they seemed to have eight days in which to remain unconscious.

Su Muchen spoke in a calm voice, telling Su Zilan everything he knew. After a brief introduction, he told the few people that had mysteriously disappeared, but in reality, these few people had already died. The War God's Ancient City's team had already become extremely small, and along the road here, nearly half of them had died.

But the situation with the other Shencheng s was similar.

"So it's like this ... Right now, you should be at the heart of the war of gods. If there's nothing else, you should return to the War God's Tomb and bathe in the divine rain. I'll discuss it with my seniors."

"Alright."

This Green Stone Square had over seventy paths that led to other places, and it should also lead to the seventy-two sacred tombs. Staying here was not the way.

Everyone followed the president's instructions and headed back.

"Sister Li!"

Long Chen had originally planned to let Li Xuanji follow him for the time being. As for where he would go next, he planned to close the World of Gods half a year later to let her go to Dark City's tomb. Long Chen was not at ease with that, especially since she still had the corpse of an ancient god.

However, Di Yu's voice came out once again.

He ran to Long Chen's back and anxiously asked: "Sister Li, do you know where my brother Di Feng is?"

Seeing him again, there was no longer any trace of politeness in Li Xuanji's heart. As for her uncomfortable disgust, she indifferently said: "I'm not sure. In all the great Shencheng s, there are many who have disappeared, such as my Dark City's Ye Xiao."

Ye Xiao, was also directly killed by Long Chen.

"Is that so?" Di Yu felt dejected, and said: "I'm about to return to the Di Jun Tomb, Sister Li, do you have any interest in bathing in my Di Jun Tomb's divine god rain? I also have to take advantage of the time

that I have left to continuously break through to the tri-level tribulation of reincarnation. Can Sister Li watch by the side to give me confidence? "

Di Yu looked at her in anticipation.

He thought, any woman would want to see the birth of such a peerless genius. Ah, tri-level tribulation of reincarnation, he already has a one hundred percent certainty of success!

When that happened, it would be the time for him to rise to prominence!

Even his brother Di Feng was not a match for a single move!

At the age of twenty, he would become the strongest warrior of the new generation. Even within the Five Dragon Cities, there might not be a genius equal to him.

After hearing this, Li Xuanji shook her head and said: "I'm sorry, I still have things to do, so I'll be taking my leave first."

After she finished speaking, she did not turn around, and followed Long Chen as she disappeared from Di Yu's field of vision. But Di Yu tightly clenched his fist, as if he had suffered a huge blow, as his eyes turned blood-red and his body trembled. He could feel that Li Xuanji's attitude towards him had already undergone a huge change.

"It's all because of this man's appearance that you're so dismissive of me? I really don't understand. What's so good about this man? When I get to the tri-level tribulation of reincarnation, I can kill him instantly no matter what, right? "

He just couldn't understand it. He couldn't figure it out no matter how hard he thought.

Although he was still young, but the girls still wanted to drill into his embrace with their sharp heads. Only Li Xuanji didn't care about him, completely treating him like a child. At the start, Di Yu could enjoy the feeling of being with this big sister, but right now, he was very uncomfortable.

"Perhaps, I should be a bit more forceful and let her wake up. I am someone who will become a peerless Emperor and a Divine Emperor in the future!"

Di Yu muttered his last sentence, and then returned to the group, with the help of the Di Jun Divine City's brothers and sisters, he returned back to the Di Jun Tomb.

Over two thousand people gradually returned to their seats.

Su Zilan sent another message.

"Fifth aunt, do you know what happened?" Everyone quickly asked.

Su Zilan shook her head helplessly, and said: "Everyone does not know, but it might be because the ancestors' and Heroic Spirits' play, and those people who went missing, were perhaps chosen by the ancestors, so it is possible for them to return in glory in the future. So, even if someone went missing, the two of you need not be sad. We are waiting for you here at the Door of Doom. "

They had already come in once, and they couldn't come in again.

Everyone nodded immediately. With Su Zilan's instructions, they felt at ease.

As for the truth that no one knew, let him disappear. For Long Chen, this was the best ending, which was that he did not need to be questioned by the older generation, nor did he have to worry about the three great treasures leaking out.

On the way back to the Martial God's Tomb, Su Muchen and the others continued to bathe in the divine rain to cultivate, while Long Chen brought the two girls to the middle of the tunnel. With Li Xuanji here, doing naughty things wasn't possible, as Long Chen had suffered huge losses and had at least ten days to rest.

Oh, xuanji sister, you are all so beautiful.

Ling Xi sincerely sighed. The six of them had different temperaments, but their appearances were more or less the same. Moreover, when all of their devastatingly beautiful women stood together, they were like six twins.

Li Xuanji smiled faintly, and said: "Wait until I become more proficient in the future, then I can speak to myself and I won't be lonely anymore."

Ling Xi asked: "Don't you want to stay with us?"

Li Xuanji looked at Long Chen who was in the midst of cultivating and shook her head: "Xiao Xi, I'm different from you. I have my own things to do, just like how he needs to fulfill his father's last wish, I also need to work hard for someone that is very important to me."

"She?" Ling Xi knew, maybe it was the person inside the black needle.

"Therefore, I will work hard in the human race and wait for you in the Dark City. If he returns to the Dragon God Domain one day, perhaps I can help him." Li Xuanji looked at Long Chen, his eyes gentle.

Chapter 1864 - Thousand Valley

It was another early morning.

After a period of hard work in cultivating, Mo Xiaolang entered into a state of enlightenment. It was as if all the surrounding Nirvana Qi had turned into flames and were dancing around him.

He had always been worried that devouring too fast would cause his realm to become unstable. After a period of deep cultivation, he basically could not consider this issue anymore, because he was innately the darling of flames, and was also the favorite of devouring. After a period of quiet cultivation, his foundation was already quite solid, and he could go through the next round of transformation.

Looking at the mountains below, Mo Xiaolang said in his heart: "I wonder if big brother managed to escape, I wonder if he became stronger or not."

He was sure that Long Chen had already surpassed him by quite a bit.

"Yan Er?"

In the past, she would always accompany him in his training, but today, he didn't even know where she had gone to. Mo Xiaolang reckoned that it was because he had trained for too long that she had temporarily gone to do other things.

Mo Xiaolang turned into a human and travelled through the forest. Suddenly, he heard Su Yan's name.

After returning to the hut, Su Yan was actually not here.

"Where did this guy run off to?"

Mo Xiaolang's expression suddenly changed. He took out a star rune and activated the array diagram inside. The array diagram on the star rune was changing complicated, but it was pitch-black and couldn't get a response from Su Yan.

"Something happened?"

Su Yan's identity as a half demon had always been a reproach in the hearts of the demons. It was only because of Ruo Xi's warning, but no one dared to do anything to her. It was only after a long time that Mo Xiaolang dared to enter into a state where he was completely immersed in his cultivation.

"Yan Er! Yan Er! "

Mo Xiaolang's breathing became heavier and heavier, he stared at the pitch black Star Talisman, his heart beating even faster.

He think of many bad consequences

If Su Yan were to be captured by them and bullied by them, with her ability, she wouldn't be able to resist at all. Her fate would be quite miserable, and as the person protecting her, she would actually be immersed in cultivation ...

In that split-second, his heart felt as if it had been stabbed by a knife. His eyes began to turn bloodshot, and his body began to emit an extremely thick infernal energy. Those black flames even began to emerge from his body!

"Yan Er!"

His body also swelled up, turning into the appearance of a tall and sturdy werewolf. Although he was a werewolf, he was already no different from a wild beast. At this moment, his blood was boiling in his heart, and the irritation in his bones was like a flood that had broken out, a black aura sweeping out.

"wolf cub!"

Just as Mo Xiaolang was about to look for her, a weak voice suddenly sounded from the star talisman. As if he was struck by lightning, Mo Xiaolang hurriedly looked at the star talisman, and said: "Yan Er, where are you! "What happened?!"

Su Yan's aura was extremely weak. Most likely, she had been in a coma for a long time, but was awoken by Mo Xiaolang's violent and familiar voice, which caused her to let out that cry.

In front of the Star Talisman, it was pitch black and he couldn't see anything.

"So hot!"

Su Yan let out a painful moan, it was heartbreaking.

"Yan Er!"

Mo Xiaolang was even more unable to control himself, and asked in a low voice: "Where are you, I'll go find you!"

said. "It's that Lamia Yu Chang, she said that she wanted to help me recover my human form, I think I'm here right now."

"Yu Chang?" Mo Xiaolang's sharp wolf teeth pierced his lips, causing blood to flow out, but he didn't care at all as he tightly clenched his fists.

Mo Xiaolang originally thought that she had left, but he never thought that while he was cultivating deeply, she would actually appear, and take Su Yan away! This person was clearly not a good person. He said that he wanted Su Yan to regain his human identity, who knew what she was going to do!

"I'm in a place that seems to be called 'Thousand Serenity Valley'. I heard her talking to someone else, wolf cub. I'm in a medicine cauldron right now, and I feel very uncomfortable. It's as if my entire body is going to melt ... I feel very tired ..."

"Wait for me, I'll go save you!"

Thousand Desolate Valley!

Mo Xiaolang didn't even know where that place was, but he could ask around. At that point, self-blame and irritation were useless, the only way was to quickly rush over there!

Su Yan said that she was inside a cauldron, so it was very likely that the snake girl, Yu Chang, wanted to refine her into medicine. It was a joke to say that she could return to her human form, so why would there be such a kind person?

"Yan Er, you must think of a way to persevere. I will definitely rush there to save you! Definitely! I swear I will definitely let you go through with it. If I violate this oath, I, Mo Xiaolang, will feel as if I have been struck by lightning and will never be able to reincarnate! "

In his eyes, blood and tears were mixed together.

He wanted to leave this mountain range, the area controlled by the Nine-tailed Sky Fox, like a madman. He would then ask others where the Thousand Gale Valley was!

He hadn't been cultivating in that deep layer for long, which meant that he would definitely be able to reach the Thousand Gloom Valley, even though it wasn't too far away!

The moment he thought of Su Yan's delicate body being placed in the medicine cauldron by the other party and being simmered together with the medicine, boundless fury surged in his heart, as though her entire body was about to explode. Countless hot blood boiled in his chest, Rumble!

Wherever he went, a large part of the forest was frozen into ice sculptures by the black flames.

"wolf cub, I won't die. I want to wait for you to come, I also want to get married like Big Brother Long Chen and Big Sister Ling Xi."

Su Yan's voice that was getting weaker and weaker came out from the star talisman.

Mo Xiaolang's eyes were filled with blood and tears. He wiped away the blood and said: "Yan Er, I promise you, but don't speak for now, so as to not attract her attention. What you need to do now is to live on.

"Alright, pinky swear."

Su Yan's voice actually carried a satisfied smile.

Right at this moment, in the endless valley below, a gigantic beast was sleeping. When Mo Xiaolang passed by, the gigantic snow white beast transformed into a human form, and blocked Mo Xiaolang's path.

It was a young man with a flirtatious appearance, looking extremely similar to a woman. Every move of his had the charm of a woman. The fox race was born with bewitching bones, and they didn't even leave the man's side.

The Fox Man in front of him was extremely well-dressed, the nine snow-white tails behind him revealed his identity, he was one of the Nine Tailed Heavenly Foxes.

At this moment, he blocked Mo Xiaolang's eyes, sized him up, and used a disdainful gaze to say: "So it's actually a little fellow who followed Aunt Ruo Xi here, what are you planning to do? Skyfox Region is not a place where you can casually walk around."

However, Mo Xiaolang knew that the majority of the men in the fox race were like this, but could not ignore their strength because of this. The young man in front of him was definitely the Nine Tailed Heavenly Fox that possessed the tribulation of reincarnation.

"I want to know where the Thousand Ghosts Valley is."

Mo Xiaolang suppressed the overflowing anger in his heart and said gently.

Unexpectedly, the Fox Man said angrily: "Impudent, it's me who is asking you a question, not you who is asking me! My Aunt Ruo Xi once instructed me not to let you wander around Skyfox Region. You have already crossed the border today, go back quickly, or else I won't be polite anymore. "

Ruo Xi's original intention was good. If Mo Xiaolang left randomly, not only would he enrage the Nine-tailed Sky Fox, he would also be killed accidentally. It was just that the man in front of him seemed to hold onto the feather as an arrow.

Mo Xiaolang was not angry at all, his life is on the line, he cannot act recklessly, and he said: "The woman I am travelling with was captured by a snake girl called Yu Chang to a place called Qian You Valley, I want to go and save her, if you can contact Ruo Xi, you can help me out, but when she finds out, she definitely won't stop me."

In order to save Su Yan as soon as possible, Mo Xiaolang had humbled himself.

He didn't expect that after he finished speaking, the other party's white fox tail would suddenly whip over, knocking Mo Xiaolang to the ground. The Fox Man stared at him with incomparable indifference, and said: "Is it that half demon? Don't waste your efforts. I was the one who let her in, you think you can save his? You still want me to notify Aunt Ruo Xi? You are too naive, little thing. Do you think you can be counted as a spring onion in our Skyfox Region? "You are worse than dog shit."

His condescending attitude and scornful words caused a terrifying change to occur in Mo Xiaolang's heart.

In his mind, he unceasingly imagined the scene of Su Yan painfully struggling within the medicinal cauldron, and then, he saw the cold expression and expression of the man. The two images merged together, forming an incomparably huge impact, causing Mo Xiaolang's head to rumble as if it was about to explode.

"Let me tell you, in ten breaths, disappear before my eyes and return to your place. There will be no other examples."

Fox Man said disdainfully as he flexed his nine snow-white fox tails.

At this time, Mo Xiaolang silently stood up. His berserk expression suddenly became incomparably quiet, and only one of his eyes seemed to have changed. Within it, a black aura was continuously being emitted.

Fox Man turned around and laughed: "What? You still want to fight me? "

"No, I'm going to kill you." Mo Xiaolang stretched out his hand and grabbed his own neck; he was no longer able to control himself, and this sentence was practically blurted out from his mouth. Furthermore, when he said these words, he was actually smiling, as if he was saying something insignificant.

Chapter 1865 - Sky Fox Demon Fire

"Kill me?" Fox Man was simply going crazy from laughing. The guy in front of him had yet to even reach the life and death gate, and actually wanted to kill him, a practitioner who had already entered the tribulation of reincarnation.

He turned around, sneering along the way. Boundless demonic qi was emitted from his body. Nine snow-white tails expanded, and his hair stood on end. They were as hard as needles. Nine tails instantly turned into mace.

When he approached Mo Xiaolang, without saying a word, he whipped his tail at Mo Xiaolang with nine tails. The Spirit Demon Race generally relied more on the power of their flesh, and that fox tail looked simple on the surface, but in reality, the energy it contained was terrifying to the extreme. Even warriors with human tribulation of reincarnation might not be able to withstand it.

"You deserve to die!"

Fox Man laughed in disdain as he attacked.

His attack had exceeded Mo Xiaolang's limit, and his nine fox tails had hit Mo Xiaolang's body consecutively, causing him to be drenched in blood. Mo Xiaolang weakly fell to the ground, and amidst the enemy's violent attacks, he seemed to be powerless to retaliate!

However, his heart was still fiercely beating.

"He's not dead yet?" The Fox Man was actually rejoicing in his heart, luckily he was not killed. After all, Ruo Xi had already said this before, if he were to kill Mo Xiaolang, he would probably be beaten up the moment Ruo Xi returns.

Only, from his point of view, Mo Xiaolang was already not far from death.

Fox Man walked in front of him and stepped onto Mo Xiaolang's body, then said: "I'm telling you, with your little strength, don't even mention dealing with Yu Chang, any of her subordinates would be able to play you to death. Just accept your fate, she exterminated this half demon, so it's even better. Don't you think so? Serpentine half-demon, that is their problem, what does it have to do with you? Could it be that you can fall in love with a half demon? "

Suddenly, Mo Xiaolang extended out his hand that was drenched in blood due to the steel-like tail, and held onto Fox Man's leg.

"Let go, or I'll crush you." Seeing that the fresh blood had stained his white clothes, Fox Man's expression immediately turned ugly.

Mo Xiaolang underwent a terrifying change.

In his heart, on one hand, it was due to the urgency of saving Su Yan, and on the other, it was due to the indifference and humiliation that reality had brought him. Only now did he realize how useless he was.

"Yan Er, Yan Er!"

In his daze, Mo Xiaolang seemed to see Su Yan right in front of his eyes. She was mixed with the medicine and was burnt inside the medicine cauldron.

Every single one of her painful expressions and painstaking patience nearly suffocated Mo Xiaolang.

"Why am I so useless?"

He really wanted to kill this person in front of him, but he was so powerless.

He hated himself.

Fox Man stomped his feet heavily on the ground time and time again. When his flesh almost ruptured, a terrifying change occurred in his heart and spirit. Something that was hibernating deep within his body began to sprout.

"I want to live!"

"I want to be strong!" I want to protect her! "

"Yan Er!"

Inside his burning heart, he screamed again and again.

That buried magic seed gradually took root and sprouted. Its body rapidly expanded. His left eye was still black, but it had undergone earth-shattering changes.

Fox Man was still happily stomping on the ground, but at this time, Mo Xiaolang's body suddenly exploded with a terrifying power, sending him flying out and crashing into the sky.

"What's going on?" He looked over in surprise, only to find that the wolf tribe member had already stood up, trembling. His entire body was dyed in blood, but his pair of eyes were filled with endless indifference, especially his left eye. At that moment, it actually emitted a strong black light, like a giant demon crawling out of his left eye.

RUU...!

The surrounding area began to explode.

Weng! *

Right at this moment, Fox Man saw his strange smile on Mo Xiaolang's face, which was extremely cruel and strange, without any hint of emotion. He opened his arms wide, raised his head and looked at the sky, as if he was in the midst of a baptism, boundless devil energy surged out from his left eye.

His left eye was connected to the black vortex with a diameter of over a hundred meters!

This scene shocked everyone who saw it.

Behind the black vortex, he felt the birth of a terrifying beast. He suddenly felt fear, because he had an illusion that in the eyes of this beast, he was just a lowly prey.

"Ridiculous, what kind of idea is this?" Fox Man smiled as he shook his head, trying his best to calm himself down.

He used his real methods and headed towards Mo Xiaolang, prepared to interrupt this strange change of Mo Xiaolang's.

At this time, the whirlpool that was connecting you to Mo Xiaolang's left eye started to spin, forming a terrifying suction force. The endless Nirvana Qi, as well as the surrounding immortal spirits, were all absorbed by Mo Xiaolang into the whirlpool, this speed surpasses most people's years, or even decades, or even hundreds of years of bitter cultivation.

If he was allowed to swallow like this, he would probably lose all of Skyfox Region's Nirvana Qi.

"What the hell is that thing!"

The Fox Man's nine fox tails combined together, forming a white heavenly sword that slashed towards Mo Xiaolang's waist.

At this moment, Mo Xiaolang turned his head around, and his other pair of eyes completely turned blood-red.

"How is this possible!"

Fox Man was incomparably shaken. He never thought that in a short moment, Mo Xiaolang would already possess such terrifying strength. He hurriedly crawled back up, and under his fury, he turned into the body of a Nine-tailed Sky Fox!

This was a pure white fox with nine tails, incomparably ferocious. He rushed over with boundless demonic qi. Wherever he went, mountains would shatter and the ground would crack. Under the pressure of the demonic qi, there were simply no living beings.

Just at this moment, Mo Xiaolang brought the black vortex back into his left eye. As expected, his eyes had already completely turned blood-red, completely blood-red, to the point that there wasn't even a white part of his eyes.

It was like a cat's eye in the night, extremely terrifying.

When he withdrew the black whirlpool, the demonic aura on Mo Xiaolang's body surged and pervaded the air. He looked on helplessly as the Nine-tailed Sky Fox rushed over, but was not afraid in the slightest.

"Phew ..."

His body was not much smaller than the Nine Tailed Heavenly Fox. At this time, the Nine Tailed Heavenly Fox was charging at him furiously, and the Sun Devouring Demonic Wolf did not move at all at the beginning, only when the Nine Tailed Heavenly Fox was about to bite him did he suddenly activate. The wolf mouth instantly widened to an exaggerated extent and bit the Nine Tailed Heavenly Fox's head.

The powerful biting force caused his wolf teeth to pierce through the opponent's body in an instant. The Nine-tailed Sky Fox let out an earth-shattering cry as its tail and claws continued to attack the Sun Devouring Demonic Wolf. Although the Sun Devouring Demonic Wolf was injured, it did not seem to feel anything.

His black and red eyes stared into the distance. He was clearly a wolf, but he had a strange, human-like smile on his face.

Rip!

The head of the Nine-tailed Sky Fox was directly torn off by him.

The Nine-tailed Sky Fox let out an earth-shattering cry, then it stopped.

The Sun Devouring Demonic Wolf continued to stare into the distance, biting the head of the Nine-tailed Sky Fox in its mouth and swallowing it into its stomach. Its body was covered in blood, but it seemed like it did not hear anything.

After that, he slowly and cleanly swallowed the Nine-tailed Sky Fox's corpse.

Only at this moment, when he looked around in confusion did the red color in his eyes disappear, and it turned into doubt.

"What happened to me?"

The incomparably abundant energy in his body made him very blurry.

The wounds on his body disappeared bit by bit until his injuries completely recovered. The process seemed to be much faster than before.

"Yan Er!"

Mo Xiaolang coughed dryly, the taste of blood in his mouth made him want to spit out what he ate, but he could not, he could only use the flames to refine the corpse in his stomach. However, he found that he was extremely dry and hungry. He needed a lot of food to alleviate his hunger.

"Qian You Valley, Yan Er."

He recalled the words of the Nine-tailed Sky Fox. With his current strength, he was simply unable to deal with Yu Chang, and once he left the Skyfox Region, the latter could easily ravage him.

"What exactly happened to me? Why does it seem like there are no restrictions? As long as I devour it, I can transform limitlessly!"

He had already killed a member of the Nine Tailed Heavenly Fox tribe.

The commotion that happened here, someone would very soon know. If the other Nine-tailed Sky Fox came here, let alone saving Su Yan, even he himself would definitely die, no matter what.

"What's the only way?"

Mo Xiaolang thought that he was going crazy. He remembered that when he passed by a valley previously, Ruo Xi introduced him to something.

There was a huge boulder erected in the middle of the heaven and earth. Ruo Xi said that it was an extremely ancient boulder that contained an endless amount of Nirvana Qi s, but it had already been transformed into something else, and underneath the ancient boulder, there was a type of flame called Sky Fox Demon Flame.

The heavenly fox demon fire was a flame formed after the death of Senior Nine Tailed Heavenly Fox. Countless generations of legacies, such as the heavenly fox demon fire, were becoming more and more intense, and after being burnt by the heavenly fox demon fire, the material of the ancient crystal would transform back into the Nirvana Qi.

The Heavenly Fox Demon Fire that was condensed after the deaths of countless generations of Nine-tailed Heavenly Foxes was extremely attractive to Mo Xiaolang. It was just that the Heavenly Fox Demon Fire was too important to the Nine-tailed Heavenly Fox, so Mo Xiaolang never dared to have any ideas about it.

But now, everything seemed different.

Even Mo Xiaolang himself was different.

Chapter 1866 - The Heart of the Goddess

After a period of recuperation, Long Chen finally managed to recover a bit from the huge consumption of energy. His Ancestral Dragon Physique had already matured to the level of a child and his recovery rate was astonishing. The origin of his dreams was constantly recovering his body's time in a perfect manner. The only thing he used up was his Nirvana Power.

In the end, he only needed to replenish his Nirvana Power.

Even though it was a difficult final battle, Long Chen still did not manage to injure his very core. Even though he had just crossed the threshold of life and death, he still possessed the God-Slaying Sword and the heaven-defying legacy of the Ancestral Dragon.

After recovering from his injuries, Long Chen even talked to Mo Xiaolang for a while.

"How have you been?" Long Chen asked.

The image of Mo Xiaolang on the Star Rune was somewhat blurry, probably due to the distance. He said, "Big Brother, I'm fine, it's just that I've cultivated to a critical state, and am about to break through the Gate of Life and Death. Let's chat next time."

"Mn, don't drag things down too much, I can defeat tribulation of reincarnation Warriors now." Long Chen laughed lightly.

"Yes."

Mo Xiaolang nodded and disconnected.

"This guy has never been so anxious before. Did something happen?" Long Chen was more meticulous than anyone else and he could see through Mo Xiaolang's hidden intentions with a glance. Maybe he was afraid that would be worried, so he didn't tell him.

However, from such a long distance away, Long Chen was currently still within Su Zhen's grasp. He couldn't help Mo Xiaolang at all, and could only pray in his heart that if Mo Xiaolang really couldn't solve this problem, he would tell him.

After thinking for a while, Ling Xi and Li Xuanji were almost done.

"Brother Chen, so the Sector lord Divine Arts have a great relationship with the Spirit Race and the Spiritualism. The Sector lord Divine Arts should be the Spirit Race's most precious treasure, only the person in charge of the Spirit Race is able to accept this inheritance. It's just that it has been lost for many years, I never expected it to appear here."

Ling Xi told Long Chen about this news.

"The Spirit Race's most precious treasure? the highest authority is allowed to use it? " Long Chen pondered for a moment, and said: "Looks like the Sector lord Divine Arts are the same as the ancient god's corpse, we should still use it carefully."

With Ling Xi by her side, she could protect her but as for Li Xuanji, he had long seen through her intentions and could only remind her to be careful.

After finishing his recovery, Long Chen left the tunnel and arrived in front of the Martial God's Tomb. At this time, Su Muchen and the rest were still bathing in the rain of spirits, their cultivations had increased greatly, and Long Chen did not want to slow down, so he started to cultivate.

"Tell me, what miraculous things happened in those eight days?" Su Muchen suddenly looked into the distance and silently asked.

Long Chen replied, "I don't know either."

Su Muchen looked at Long Chen and said: "You are the only one who was injured. Could it be that you don't remember anything different from us?"

He was also very careful and paid attention to the matter of Long Chen being injured.

Long Chen smiled and said, "So what if I'm injured? I don't even know how I got injured."

Even if the other party found out about it, as long as he did not admit it, Su Muchen would not be able to do anything. Furthermore, Long Chen knew, this Su Muchen might not be his enemy.

Sure enough, Su Muchen laughed helplessly: "Forget it, I won't ask you anymore. I just feel that you have become a little scary. For some reason, I feel some respect for you. "

Perhaps he was talking about the awakening of the Blood Weeping Dragon's soul.

Those bloody dragons were truly terrifying.

Long Chen laughed, and did not say a word.

At this time, the other party said, "After this battle between the gods ends, I am prepared to join one of the Five Dragon Cities. Only in those places can I find my future, what about you?"

Long Chen said: "Your father might not let me go."

Su Muchen shook his head and said: "Even though I don't know why, this matter is not something that I can control. Honestly speaking, the reason I want to enter the Five Dragon Cities is also to avoid him.

"Oh!"

Indeed, Su Muchen was someone who was rejected by Su Zhen.

The days seemed to have quieted down once again.

But Long Chen knew, the spirit race people were coming.

Door of Doom.

Seventy plus presidential leaders and hundreds of vice commanders from tribulation of reincarnation had gathered here. They had been discussing things for a few days now and had decided what had happened outside.

Someone said, "The opening of the war of gods this time is extremely special, and many strange things have already happened. I estimate that trouble will still occur next, and I have already decided everything to the Shencheng's City Lord, the City Lord has already sent people to support us."

Many of the City Lords realised the severity of the problem. So far, they had lost a lot of people, and if something were to happen to Di Yu, then the human race would be done for. No one would want to have a happy ending.

"If an accident happens, do your best to protect Di Yu. If even a single hair on his head falls, all of you will die with him."

This was the fate passed down from above.

Everyone trembled in fear as they stood guard outside the Door of Doom.

"We can't go in and protect them?" One of the deputy commanders asked.

If we go in, it will definitely cause a change in the World of Gods. I heard that something like this happened in the past, and in the end, it will cause the Nine-colored fog in the World of Gods to shrink, interrupt the God's Rain, and all of the mausoleum will disappear. It will only appear in the next thousand years. There is only one divine rain in a thousand years, so Di Yu has to rely on the divine rain to enter the tri-level tribulation of reincarnation.

the president replied.

"Then what if the Spirit Race, Demon Race, and Sea Race enter?"

"It will result in the same result as ours."

Many people finally understood.

"What kind of joke is this, demon race, spirit race, able to pass through the Spirit Sea, the Nine-colored fog, and come to our place? Do they own Divine Boat s? "

Someone scoffed.

No one cared at the time.

It was just that a few days later, just as everyone let down their guard and started chatting, they discovered a huge change. In the direction of the Spirit Sea, a huge shadow had passed through the storm, passed through the Nine-colored fog, and was heading towards the Door of Doom!

"Enemy attack!"

Someone exclaimed.

At this time, everyone was nervous. Although there were already a lot of warriors from the Shencheng who were rushing over, and some were even about to arrive, no one had received any notice. The only possibility was that the enemy had appeared.

However, they still didn't believe that their enemies could come to the Human Gods' Battlefield, so even when they saw the huge shadow, they still held the attitude of waiting and seeing who had come.

BOOM!

A multicolored Divine Boat charged out from the midst of the Nine-colored fog and landed on the pale white ground outside the Doomsday Gate with a loud bang. For a moment, the surrounding ground trembled and everyone looked at the multicolored Divine Boat in shock, filled with surprise.

If one looked carefully, one could see that the Divine Boat was covered with dense formations. There were tens of thousands of them, and they were completely different from the simple and unadorned Divine Boat of humans.

It should not be the same thing. The multi-colored Divine Boat must have relied on these tens of thousands of array diagrams and rushed away to this place.

"That's the Spirit Race's' heart of a goddess' pattern!"

Suddenly, someone pointed at the head of the Divine Boat and cried out.

Everyone looked over and saw a bright picture. The picture was of a fairy wearing a colorful long skirt, bathing in the sea of flowers, his hand holding a bright pink colored peach heart. Although this was a picture, it was filled with a powerful force.

The society of the spirit race was different from that of the human race, and they were even different from the witches of the Sea Clan. The spirit race did not value the descendants of the gods, and they had more than twenty different races, with a supreme ruler, similar to an imperial society. The ones who held the most power held a huge amount of power, not like the human race.

The Spirit Race possessed a mature imperial system, as well as many codes and a very sound military system. To be able to maintain such an imperial system at such a high level of power in the Immortal

God Region was already quite a feat. This required that those in power possess absolute power, and that they were able to suppress the outstanding talents within the Spirit Race.

Thus, although the power of the Spirit Race wasn't great, they were more united than anyone else.

The Spirit Race had a mysterious organization called the Goddess Heart, which was made up of ten wanted criminals. It was rumored that these ten wanted criminals were beauties with heaven's beauty, because ordinary people didn't know what crimes these ten wanted criminals had committed. Thus, the Goddess Heart actually had a very high popularity in the Spirit Race society, and had a large number of followers.

It was because of their mysteriousness, beauty and valiant strength that this organization, Daughter's Heart, was so different.

At this moment, the heart of the Goddess, who was very famous amongst the humans, had actually appeared in the Human Wars Battlefield.

While everyone was still in a daze, the multi-colored Divine Boat began to disintegrate, transforming into ten different colored rays of light. The ten rays of light condensed in the air, and formed ten beautiful women that could be considered national beauties, devastatingly beauties, and peerless beauties, all different types of beauties, forming a scene that people would never forget. Among them, there were mature and steady, holy and dignified beauties, as well as cute and charming beauties, charming, sexy, pure and beautiful, and all sorts of beautiful women, it could be called a feast for the eyes. Moreover, they were all of the spirit race, and their appearances were slightly different from humans. For example, their ears were a bit longer and pointy, their bodies were also a bit slender, and they even had thin wings like dragonflies.

Chapter 1867 - Holy Spirit

The heart of the goddess suddenly descended, causing a great disturbance among the humans.

However, when they admired the beauties of the ten goddesses, they had also heard about their terror. They were a group of undisciplined people, it could be said that they had always been against the rulers of the Spirit Race, but they were still alive and well, all because of their extraordinary strength!

The ten clansmen were all shining brightly. Their fair and charming faces were smiling as they looked at the commanders of the human race in front of them. The light in their eyes was intoxicating.

"A bunch of stinking men and women."

The ten Spirit Race members finally spoke and lightly laughed while covering their mouths.

"Big sister, let's do it."

All the girls spoke to a girl in the middle who was wearing a snow-white long skirt. His entire body was pure white like snow, and even his eyes were snow-white. This woman looked dignified, graceful and noble, with the appearance of a young married woman. His every move was filled with scent, and when Ling Xi matured, she was afraid that she would be like this woman, possessing the ability to make men go crazy.

The Spirit Race had over twenty races, which were divided into the Sea Spirit Race, Mountain Spirit Race, Wind Spirit Race, Snow Spirit Race, Light Spirit Race, Dark Spirit Race, Tree Spirit Race, Flower Spirit Race, Fire Spirit Race, and so on. Among these twenty Spirit Race, the Saint Spirit Race always occupied the dominant position. Between her eyebrows was a white crescent moon. This was the symbol of the Holy Spirit Race.

The selection for the Goddess Heart was very strict. First, there had to be a peerless beauty, and secondly, only one person from the Spirit Clan could join the Goddess Heart. The ten people present all came from different Spirit Clans, and they arranged themselves according to age, using their respective races as their code names.

She had strength that far surpassed everyone present. Di Yu's aunt Di Ling had the Four Symbols tribulation of reincarnation, but in the heart of the Goddess, the Four Symbols tribulation of reincarnation was the weakest, and the strength of the Holy Spirit, rumored to be already at the Seven Stars tribulation of reincarnation!

It was a god born from heaven and earth, and its battle prowess was terrifying. If he could defeat this ancient god from the ancient times, he would be able to obtain the divine power of the Ancient Star God, which was a true divine power. Once he reached the Seven Stars tribulation of reincarnation, he would basically be able to cross the threshold of the divine realm. And on the next level, the Eight Trigrams tribulation of reincarnation directly formed the body of a demigod! He already had the capital to live forever.

Regardless of which corner of the Immortal God Realm the Seven Stars tribulation of reincarnation was located in, they were all experts amongst experts. Not to mention that inside the Goddess's Heart, there

were also many warriors who had gone through six cycles of reincarnation to obtain the Five Elements tribulation of reincarnation.

The strength of the Goddess Heart had completely surpassed the average practitioner who only possessed the tri-level tribulation of reincarnation and the Four Directions tribulation of reincarnation. Even those people sent by the Di Jun Divine City to protect Di Yu were all of the five elements profound energy.

The human race had never thought that the Spirit Race would waste so much energy just to kill Di Yu. However, the Spirit Race had done this in a very clever way, they had chosen to oppose the Spirit Race ruler, the Goddess Heart, to do this mission, to the greatest extent, to put aside the relationship, and completely blame this matter on the Goddess Heart for acting on her own.

She did not smile, and her eyes were deep. The power of divinity in her body circulated, and with an incomparably domineering female voice, she announced: "The five of you focus on arranging the 'Heaven and Earth Transference Array' of my Spirit Clan. The others say that you will follow me, and chase these flies away."

"Yes, Big Sis."

Everyone said in unison. Their voices were soft and mesmerizing. They were completely unable to form the desire to fight against this group of unrivalled beauties.

Only, they had crashed into the human gods' battlefield!

Among the human race, some people had already sent out the news of the arrival of the Goddess. At this moment, someone shouted loudly, "The Gods' Battlefield is the tomb of our first Zunling, outsiders are forbidden from entering, otherwise we will kill them all."

Although they knew that the enemy was very strong, they were already prepared to fight. In a moment, many strong human warriors gathered, forming an extremely powerful aura, the 72 - The Ancient City of God's descendants's President leaders were all gathered together, their battle power was monstrous!

The spirit race women all laughed. They did not reply and directly flew over.

It was obvious that they had steeled their hearts to charge into the battlefield of the Gods and kill Di Yu. Their goal was already very clear, so fighting was the only solution!

"Everyone, the First Zunling's Tomb is our human race's face. We will absolutely not allow these filthy creatures to intrude into our ancestors' tombs, this is a humiliation to us humans. For the glory of our human race, even if we have to sacrifice our heads and blood, we will absolutely not allow these spirit races to enter our god's battlefield!"

"Kill!" "You dare to offend my people?! No matter who you are, you deserve to die!"

"Brothers and sisters, let's fight with our lives on the line. We definitely won't allow them to take another step forward. Let's attack!"

Although he knew that the opponent was strong, the Zunling's Tomb and the peerless geniuses were all behind him. This was the time when he could not retreat, if he did, he would really be done for, it would become a humiliation that the human race would not be able to wash away for tens of thousands of years!

"Kill!"

The several hundred commanders of the human race were all crazily attacking as well.

Every single one of them were all famous beings, especially the ten people with the heart of a goddess, they were all renowned throughout the entire Spirit Clan. Among them, one was the Holy Spirit, who was one of the strongest people in the entire Spirit Clan, and even the City Lord of the 72 - The Ancient City of God's descendants, not many could compare to her.

She was the important person of the Spirit Race that Ruo Xi had mentioned!

The reason why the heart of the Goddess was not exterminated by the ruler of the Spirit Race was because of the existence of the Holy Spirit.

In front of her, these so-called human powerhouses were actually just decorations. Although the Holy Spirit looked young, in reality, it was already a very senior warrior.

At this moment, she brought her four sisters and calmly moved forward. She completely ignored those humans in front of her that could split apart heaven and earth.

"Big sister, the flies are coming up."

Beside her was a young woman who looked a bit like a flower. She was very charming, her skin was pink, her body was sweet and fragrant, and she was cute and enchanting. This was a young girl from the Flower Spirit Clan.

She was the tenth ranked flower spirit.

He was also the youngest in terms of strength and age.

The Holy Spirit nodded, looking forward with cold eyes.

"It has been many years since I have fought."

Her snow-white eyes quietly trembled, and at this moment, she suddenly stretched out a hand, making elegant movements. With a light wave of her hand, instantly, those human experts who were rushing over all vomited blood and were sent flying as if they had been hit by a hurricane. Those practitioners of the One Yuan tribulation of reincarnation died on the spot, and then were struck by a huge force in the middle of the Nine-colored fog.

Just one move.

With a casual wave of his hand, all the Vice Commanders present died, and all the President Leaders, including Su Zilan and Di Ling, were all forced to retreat while vomiting blood. They were struck by the terrifying power of the God Realm and were forced into the Nine-colored fog.

In the blink of an eye, there was no one in front of the Holy Spirit.

All the strong warriors of the human race, whether they were dead or alive, were directly engulfed by the Nine-colored fog.

Seeing the Holy Spirit make his move, the other girls were also astonished. They all pretended to be infatuated and said with emotion, "This is the power of the God of Heaven. Sister's power of the God of Heaven is close to perfection. She can almost use the power of the God."

"That's right. In front of the power of divinity, four Celestial Emperors, five elements, and six tribulations are all nothing."

The girls had probably not seen the Holy Spirit attack for a long time. Now that they had made their move, they all started to worship him.

The dignified Holy Spirit cut them off, and said: "Don't be complacent, we died a little. Those leaders of the Presidents rode on Divine Boat and fled, but they did not go far. The human experts are about to arrive, we need to quickly kill that Di Yu, and after completing the mission, we will leave this place with the Heaven and Earth Transference Array."

"Alright, Big Sis."

The five women of the spirit race walked towards the Door of Door of Doom. The other five laid a massive array outside of the Door of Door of Doom. Between the heavens and earth, the origin of formations came from the spirit race.

"Little Flower Spirit, your demon child told you to take a child away, right?" While they were walking, the leader of the goddess' heart — The Holy Spirit calmly said.

In truth, the smallest Flower Spirit was also from the same generation as Ruo Xi. She was a little cautious in front of the Holy Spirit, and said softly: "Mn, yes."

"Oh, but we should still focus on the mission. If we can't find him, then forget it." The Holy Spirit said in a serious tone.

"Big sister, I understand. You don't have to be so serious. "

The flower spirit began to act coquettishly.

"Once we enter the Door of Doom, the Human Gods' Battlefield will immediately close. We will be able to enter with the Goddess Boat, find Di Yu's position, and kill him. Have you all finished your preparations?"

The other four women nodded.

The Holy Spirit suddenly moved, and in the next moment, he arrived at the Door of Doom. Maybe he touched the perception of the Door of Doom, but in that moment, a huge change occurred in the God's Battlefield. Long Chen and the others were the first ones to feel the change.

Suddenly, the divine rain stopped.

Everyone in War God's Ancient City stood up in a daze, not knowing what had happened.

At this time, the Martial God Tomb trembled violently, and then it actually began to sink.

"What's going on!"

Everyone cried out in alarm and panic.

Just at this moment, Su Zilan sent a message, "The Spirit Race is attacking us. Their goal is to kill Di Yu.

Chapter 1868 - The Way Forward

Spirit race!

Long Chen was greatly shocked in his heart.

The super experts of the Spirit Clan that had been waiting for a long time finally arrived. These people who dared to enter deep into the heart of the human race and were then turned into super experts by Ruo Xi, were definitely at the pinnacle of the Immortal God Region. They were even close to Long Qinglan's level.

"It's finally here!"

He only cared that he was able to escape from Su Zhen, the devil. Right now, he was still not Su Zhen's opponent, and according to Long Chen's estimation, Su Zhen's strength should be around the Four Symbols tribulation of reincarnation. Naturally, this was only an estimation.

Long Chen was far from being able to handle this kind of strength.

So, he could only go to another place to avoid it for a while, until he truly entered the tribulation of reincarnation before returning to Dragon God Domain and advancing.

"What's going on? The people of the Spirit Race have the gall to come to the tomb of our Zunling? "

"They definitely came here to die, but they actually interrupted our divine rain, they deserve to die!"

Everyone hated her, but Su Muchen and the others could still feel the pressure, and he said: "Fifth Aunt seems to be alone in War God's Ancient City, which means that they have already been kicked out of the Door of Doom. The Spirit race is extremely powerful, they are the masters of the ancient city, and we cannot be underestimated, everyone follow me to the original Central Square, Fifth Aunt said, once the Martial God Tomb sunk, this place will be flooded with Nine-colored fog."

After hearing these words, everyone started to get nervous.

Long Chen thought in his heart, and said: "The Spirit Race's people are trying to buy time with the humans, once they kill Di Yu, they will immediately leave, and at that time, they might not be able to take care of me, it seems like I have to go with Di Yu, in order to get the chance to be rescued by them. And right now, the people from the Di Jun Divine City s are probably rushing to that Central Square as well. "

Thinking about it, Long Chen and Ling Xi communicated for a bit, and immediately followed the large group of people towards the Central Square.

In the beginning, everyone still looked down on the Spirit Race. After all, the Spirit Race was far from being as strong as humans, but they had only felt a sense of panic now. Luckily, the Spirit Race's goal was to kill Di Yu, but who knew if they would be able to do so themselves?

"The Spirit Race actually could not hold back, and rushed into the battlefield of the Gods just to kill Di Yu. It seems that Di Yu is really too valuable."

Su Muchen was a little emotional.

Long Chen kept silent the whole way. At this critical moment, calmness would bring him benefits, but he still could not let Li Xuanji go.

"Are you sure you won't follow me?" Long Chen asked sternly while he was running.

"My master told me to stay in the Dark City, so this place has been of great help to me. She also said that with her presence, you don't have to worry about my safety.

This woman that looked like a dark night was like a dark night. Every time daylight descended, she would silently leave, but every time, she would make it hard for Long Chen to part with her.

"What are you worried about? We're both in the same world, and it's only a temporary separation. In my entire life, I've never been able to escape your grasp." Li Xuanji laughed gently. At this time, she was extremely beautiful, and her eyes contained endless emotions.

"Alright." Long Chen nodded.

With a Divine Spirit accompanying her, even if she was in Dragon God Domain, she should not have any problems. But if she followed him, it would be as a military horse, and it might not be safe for her, nor would it allow her to make the greatest progress.

"I'll wait for you in Dragon God Domain." Li Xuanji looked into the distance and said calmly.

"Alright."

Long Chen nodded.

When he came back, his position in the Dragon God Domain would definitely be different!

If they could travel far today, it would all be because of their strength and position, they would be unable to protect themselves in the Dragon God Domain, and it could be said that they would have no one to rely on in the human race. Their ancestor's identity could not be exposed, and the only way to protect themselves was to leave.

That was his real goal!

Dragon God Domain, this dangerous place that held her father's dreams, would one day come back to him! Long Chen still wanted to do too many things on this land, to stir up more winds and clouds!

Holding the hands of the two women, he sprinted forward. The warriors of the 72 - The Ancient City of God's descendants, all headed towards the central plaza, they did not dare to be negligent in the slightest, because after the tombs sank, the Nine-colored fog had already started to roll, and could lose their lives at any time.

"Hide in the Central Square and wait for my people's help. Everyone, there is no need to worry. The war between the gods is so big, her spirit race is outsiders. It will not be easy to find the Central Square."

Su Zilan hid within the Ancient Ark of the War God, constantly reminding everyone that all the President leaders with Divine Boat were also passing through the heavy Nine-colored fog and heading towards the Central Square.

Protecting Di Yu, became their number one priority!

No one could have imagined that such a thing would actually happen. The courage of a demon clan and a spirit clan was truly too great. Even though the demon clan and spirit clan had always been ferocious like water and fire, no one thought that they would actually unite on this matter.

"wolf cub, I'm so tired, so sleepy!"

From within the star talisman, the faint sounds of Su Yan's sleep talk could be heard.

Mo Xiaolang's claws had already pierced into his own flesh and blood, a large amount of dark red blood flowed out, shocking him, but he did not feel the slightest amount of pain. He knew, that right now, everything seemed to have changed strangely.

If he did not fill up the gap in power, he would not be able to leave the Skyfox Region. Even if he could find Qian You Valley, he would not be able to defeat Yu Chang and save him.

When he raised his head, he could already see the deepest part of the mountains. In the vast and boundless clouds, there was a gigantic ancient crystal that shot straight into the clouds, with large amounts of mist rising from top of it. Those were all the boundless Nirvana Qi, which were also the most violent Nirvana Qi, and those Nirvana Qi formed a large number of clouds that flowed out from the surrounding area, raising the level of the entire Skyfox Region to an extremely high level.

By the side of the Ancient Crystal were any random plant, and they all had dozens of Immortal Mark's immortal spirits. The immortal qi was majestic, and one could smell the medicinal fragrance from far away, and with just a casual swallow, they would be able to give people a refreshing feeling, allowing them to make progress, the lush and verdant immortal spirits were everywhere, extremely precious. This was a forbidden area of the Skyfox Region, and without the permission of the upper echelons, no one could get close, otherwise they would be killed.

However, whether it was the Nirvana Qi or the Celestial grade, they were both not what Mo Xiaolang wanted.

These flames had transformed into the shape of a Nine-tailed Sky Fox, each flame tail was at least a hundred meters long, some up to a thousand meters, and there were hundreds of heavenly fox demon fires in the shape of Nine-tailed Sky Fox that surrounded the Ancient Crystal. They burned ferociously, allowing the Ancient Crystal to release a large amount of Nirvana Qi.

The Heavenly Fox Demonfire was abnormally fierce, and if one touched even a little bit of it, they would die. Compared to hellstar fire s and the like, it was way more terrifying, after all, it was basically the power formed after the death of the tribulation of reincarnation of the five elements.

He had already forgotten that this was the Nine Tailed Heavenly Fox's forbidden area. He had already forgotten that if a Nine-tailed Sky Fox came here, he could be killed anytime he wanted to, but he only had one thought in his mind, and that was: I want to eat them all. So what if I eat them all?

The land was scorched black, but after the Sun Devouring Demonic Wolf charged in, it did not have any effect. To him, the Heavenly Fox Demonfire was just food, if it was in the past, he would not have had such a big appetite to face such a large number of Heavenly Fox Demon Fire, but now, he did not have this restriction, because he, Mo Xiaolang, was no longer the original Mo Xiaolang.

"I want to swallow! I want to become stronger! I want to swallow everything, to become the peak, I want to reform order, I want to order the world, I want to make sure that no one disobeys my orders, I want to destroy all those people who are trying to harm Yan Er and me! "

The heavenly fox demon fire's body was several times stronger than his, so as if it could sense his existence, the heavenly fox demon fire gave up on burning the Ancient Crystal and looked towards Mo Xiaolang.

Hiss!

The Heavenly Fox Demon Flame was very angry and immediately charged forward.

Wherever it went, everything was immediately burnt to ashes. A huge amount of smoke rose into the air, making it difficult for anyone to see the appearance of the Heavenly Fox Demon Flame.

"Come on, come on!"

When the two huge beasts clashed in the air, no matter who it was, they would have thought that the Sun Devouring Demonic Wolf would be engulfed by the Heavenly Fox Demon Flame. But unexpectedly, the Sun Devouring Demonic Wolf opened its huge mouth, revealing its pitch-black throat, and roared at something that did not belong to the continent, as the endless abyss formed into a deadly devouring force that swallowed the entire head of the Heavenly Fox Demon Flame. At that moment, the snow-white flames engulfed its entire body, causing Mo Xiaolang's entire body to instantly turn white!

"Phew ..."

A large amount of white flames surged out, and was greedily absorbed by the Sun Devouring Demonic Wolf once again. Then, his gaze landed on the next Heavenly Fox Demon Flame.

Chapter 1869 - Endless Enhancement

The power of the Heavenly Fox Demon Flame caused the Sun Devouring Demonic Wolf's Bottomless Pit to be slightly filled, but even so, the swelling of her strength had already surpassed a normal degree. Inside his body, the Heavenly Fox Demon Flame wailed, but she was still unable to escape from its fate of being digested.

The Nine-tailed Sky Fox greatly respected the Heavenly Fox Demon Flame, because it was a transformed form of its ancestor.

But at this very moment, the heavenly fox demon fire that these ancestors had transformed into was turned into a strange power by the Sun Devouring Demonic Wolf. It was slightly different from the Nirvana Power.

After digesting the Heavenly Fox Demon Flame, the Sun Devouring Demonic Wolf's body turned back to black. Its body had expanded quite a bit, and it had already started to look like a huge beast. Its blood-red left eye looked cold and merciless, extremely scary.

"Logically speaking, I should have passed through the Gate of Life and Death long ago since I swallowed so much power and obtained Eight stages of Nirvana Tribulation, which is equivalent to someone else's Nine Layered Nirvana Tribulations Realm. But why doesn't my Nirvana Tribulation Sect seem to have descended? My current strength is already very close to the tribulation of reincarnation, and might even have surpassed it. "

The help that the Heavenly Fox Demon Flame was giving him, was getting bigger and bigger.

His body told him that he could still swallow a lot of them, and he was still far from being full. He still needed a huge amount of energy, or else he would starve to death.

In addition, Su Yan's current condition was constantly tormenting him, causing him to go crazy and him to collapse.

He let out another heaven-shaking, earth-shattering roar, and at the same time, the Heavenly Fox Demon Flames had already discovered his existence. They had already felt reverence for him, but their mission was to burn the ancient crystals, so they could not retreat.

Among them, every single one of them was actually larger than Sun Devouring Demonic Wolf s.

"Come on, come on in my mouth!"

He could already feel that the strong experts of the Heavenly Fox Goblin Tribe were awakening, and that they would quickly rush over and tear him to shreds. His only turning point was to swallow them, and swallow them endlessly. Since he had already become like this, then just go crazy.

She cried alone within the medicinal cauldron. She could be refined into liquid at any moment. She had no one to rely on but herself to come to the Immortal God Realm and live in this world full of jackals ...

"Yan Er!"

The Sun Devouring Demonic Wolf's eyes were filled with blood and tears, he acted like he was crazy, he was extremely ferocious, pushing the heavenly fox demon fire to the ground, he ignored the fire that caused others to fear, ignored even more Heavenly Fox demon fire that attacked him, ignored everything, his eyes revealed a strong sense of bloodshed, the heavenly fox demon fire under his feet was torn to pieces, he swallowed it all, and it entered into his stomach.

"I'm not full yet! I'm not full yet! "

The Sun Devouring Demonic Wolf turned its hungry gaze onto the other Sky Fox Demons Fire, and started to gobble up the food. The Sky Fox Demons Fire was mighty and terrifying, but after meeting the Sun Devouring Demonic Wolf, it was as if they met their nemesis, the terrifying Sky Fox Demonfire one after another, and entered Mo Xiaolang's bottomless pit.

As the power of devouring increased, his body underwent a huge change. His body grew to over a thousand meters, then tens of thousands of meters, then finally became a true super huge object. The Heavenly Fox Demonfire was even more unable to resist him, and in just a single move, it was directly swallowed into the stomach of the Sun Devouring Demonic Wolf.

In the blink of an eye, half of the Nine Tailed Heavenly Fox had been devoured. The eyes of the Sun Devouring Demonic Wolf was still blood-red and it continued to devour, and even now, its body was filled with energy as vast as the ocean. With a raise of his hand, he was able to destroy an expert, and even he himself was unable to estimate how strong he was.

However, the Nirvana Tribulation did not come, and so did the Reincarnation Tribulation. What Mo Xiaolang gained was only endless progress in his strength, but whether it was the Hundred Samsara or the Yin yang demon, he did not encounter any of them, much less the tribulations of heaven and earth.

But, compared to the absolute power of destruction, these were all secondary, he still had not eaten his fill. The change this time made his appetite grow big, the Heavenly Dao was just a plaything to him, he did not need to care about it at all, as long as he swallowed it, he could become stronger, and he could control everything!

Between the heavens and earth, there was no one who was more familiar with fire and devouring than him!

BOOM!

At this moment, the expert of the Nine Tailed Heavenly Fox descended!

It was not that they came too slowly, but Mo Xiaolang's devouring speed was too fast. In the blink of an eye, half of the Heavenly Fox Demon Flame entered his mouth.

There were a total of three experts from the Nine Tailed Heavenly Fox.

When they had just arrived, they actually saw such an unbelievable scene. That ten thousand meter long huge black wolf lowered its head and directly swallowed the Heavenly Fox Demon Flame. In the blink of an eye, it was completely digested.

That Sun Devouring Demonic Wolf's body was suffused with a terrifying power.

"Oh my god!" Oh my god! Ancestor's Heavenly Fox Demon Flame! "

All of a sudden, the three of them felt as if the sky was falling down on them. Their mouths were dry, one of them immediately informed all the elders, while the other two transformed into Nine Tailed Heavenly Foxes, charging towards Mo Xiaolang with all their might!

They were all experts from the older generation, mature Nine-tailed Sky Fox, possessing at least tri-level tribulation of reincarnation. With the powers of Heaven, Earth, and Earth gathered, their physical bodies and primordial spirits merged together to display the astonishing might of the Heavenly Dao. The two huge beasts wanted to kill Mo Xiaolang on the spot!

Roar!

At this critical moment, the Sun Devouring Demonic Wolf turned its head and spat out a pure white fire ball, which rumbled as it clashed with the Nine-tailed Sky Fox. The two super strong demi-humans with

tri-level tribulation of reincarnation were actually blasted flying by the fire ball, and they were in a very sorry state, their fur almost burnt all over their bodies, and they were completely bald.

The Sun Devouring Demonic Wolf glanced at them coldly, then started eating again, not putting them in its eyes at all.

"Inform the Supreme Realm!" Inform all the Honored Warriors! "

The three of them started shouting out mournfully, the voices of the fox tribe were sharp and long, causing it to spread across the entire Skyfox Region, although it was said that the Skyfox Region was very loud, with the speed of those experts, as long as they were awoken, they would immediately rush over.

The Nine Tailed Heavenly Fox was one of the top clans in the Dreamy Fox Divine Palace, its overall strength was comparable to the ancient cities like the War God's Ancient City. When a large number of experts rushed over, they were all extremely strong warriors, and there were even many old people with Four Symbols tribulation of reincarnation.

"Desecration of one's ancestors, he deserves to die a thousand times! Just what kind of beast is this!?"

"He's actually able to swallow fire. A strange beast like this cannot be allowed to live. Let's join forces and kill him!"

More and more Nine Tailed Heavenly Foxes appeared. Countless huge beasts filled his vision, and the entire heaven and earth seemed to be filled with the Nine Tailed Heavenly Fox.

They unleashed a frightening attack at the Sun Devouring Demonic Wolf that was beside the Ancient Era's Crystal.

For a moment, those attacks caused the Sun Devouring Demonic Wolf to be riddled with holes.

was finally afraid. After devouring another half of the Nine-tailed Sky Fox, which was different, he finally felt his body was saturated with it, and was no longer hungry. At this time, his body already possessed an extremely terrifying strength.

"Phew ..."

Mo Xiaolang changed into human form. His left eye was still blood-red.

"Isn't this the child that Ruo Xi brought?"

"Yeah, I remember he had a half demon by his side!"

"What kind of wolf is this, how can it be so terrifying!"

The Nine Tailed Heavenly Foxes began to discuss with each other. Basically all the experts were here.

"Even if we have to unleash all of our clan's power, we must still capture him alive! Everyone be careful, his strength has almost expanded all the way to the Four Symbols tribulation of reincarnation, and there are even more than that. Although it is not a true realm like this, it should not be possible to maintain it, but everyone still needs to be careful! "

Hundreds of Nine Tailed Heavenly Foxes surrounded him.

"So full!"

Mo Xiaolang was in a trance, he felt that he had become too strong, with just a flick of his finger, he was able to cover the entire world.

His body was still filled with a large amount of snow-white flames. In his stomach, countless Nine Tailed Heavenly Foxes shrieked miserably again and again, but they allowed this heaven opposing digesting ability to completely digest and transform into a terrifying power. It was a pure black energy, which Mo Xiaolang could temporarily call as the power of destruction.

He wasn't sure what had happened to him.

He only knew that he had become stronger. Then, he would leave this place and go save Su Yan.

At this moment, the hundreds of Nine Tailed Heavenly Foxes took human form and attacked him. These were all peerless experts, and each of them possessed power that was not inferior to their own.

"Kill, or ..."

Although the surging power in his body gave him a lot of confidence, he still felt that he should escape. Now that he could easily kill Yu Chang, he could not waste anymore time!

After determining the target, he activated his speed and turned into a streak of black flames, clearing the way with pure violence!

His strength once again surpassed everyone's imagination, especially in the aspect of speed. When he transformed into a flame, it was as if he was using some sort of mystical escape technique.

"We can't let him escape! Let's chase him!"

Seeing Mo Xiaolang escaping so nimbly, the people of the Nine Tailed Heavenly Fox were about to go crazy, they all chased after him crazily.

"Goodbye."

Mo Xiaolang suddenly turned his head and waved his hand. Instantly, a black flame formed a gigantic wall of flames, blocking all the Nine Tailed Heavenly Foxes.

Chapter 1870 - Mysterious visitors

When the experts of the Nine Tailed Sky Fox passed through the Fire Wall, Mo Xiaolang had already disappeared into the mountains.

They were stunned for a moment at first, but after that, they couldn't help but wail and cry. Although the speed at which Mo Xiaolang's strength expanded was extremely terrifying, it wasn't particularly strong for the people present, and it was just that his escaping speed and method was too heaven defying.

"Chase!"

After all, Mo Xiaolang had brought a huge loss to the Nine-tailed Sky Fox family, and the greater damage to their reputation was the importance they had placed on their reputation. If this were to be spread, the reputation of the Nine-tailed Sky Fox would be completely ruined.

"When the chief returns and sees this scene, we will definitely be in a miserable state!"

"That's right, but this wolf pack is just too scary. It can actually swallow fire!"

As they crazily chased, someone suddenly said, "Everyone, I remember that the wolf tribe was only around Eight stages of Nirvana Tribulation before. How could they be so strong after devouring the flames? They don't even need to go through the tribulation of reincarnation. Isn't this the legendary person?"

These words stirred up a lot of fear in the hearts of the people.

For a time, everyone was silent, almost suffocating as they said, "You mean ... the devil?"

Each and every one of these devils had once brought a great calamity to the Immortal God Realm, and escaping from the Eighteen Major Tribulations was obviously the biggest symbol of devils. But the Mo Xiaolang today was actually so similar to the devils in all of their attributes!

"Demon!" It's actually a demon, so we must kill it. This matter is extremely important, so let's quickly inform the chief and the others. In any case, we will be reprimanded, so who told us to be unlucky! "

Everyone, today we must kill him. Even if we cannot kill him, we must issue a wanted poster and have our demon clan put up a wanted poster to capture this guy. Only his death can account for our ancestors!

"Alright!"

The nine-tailed heavenly foxes quickly began to arrange missions.

Behind Mo Xiaolang, the figure of the Nine Tailed Heavenly Fox was no longer present.

He felt so uncomfortable that he couldn't breathe. Sometimes, he couldn't control the boiling power in his body. If he were to step on the ground, it would cause a terrifying earthquake.

A black aura surrounded him like a devil.

Mo Xiaolang laid on the ground, looking up at the sky, his eyes at a loss and pain.

"What happened to me? What happened to me?"

He checked every inch of his body and found that it was still intact. Nothing had changed, only everything had changed again. He knew he might not be who he used to be.

He quickly got up from the ground.

"No, I need to hurry up and save Yan Er. I'm sorry, but for Yan Er's sake, I can only go against you and Sister Ruo Xi."

It was Ruo Xi who had brought him back, yet he had caused her such a big trouble, which made Mo Xiaolang very sad.

He breathed in and out painfully, as if his chest was blocked.

"Yan Er! Yan Er!"

That girl must have been calling out to him in despair.

"I want to learn from my big brother. When something happens, I want to be calm. I want to be calm!"

He kept on hinting to himself until he calmed down, when his eyes turned cold, and continued to advance forward. He had long escaped the Skyfox Region, and continued to advance, and very quickly, he met a Goblin Tribe. That was a fox race, at the very least, they had the strength of tribulation of reincarnation.

Mo Xiaolang instantly held him down and asked: "Hello, I would like to ask, where is Qian You Valley?"

The fox tribe man obviously knew that Mo Xiaolang could kill him easily, so he quickly pointed in a direction and said: "With my speed, I will be there in five hours. Your words will come out faster."

"Thank you." Mo Xiaolang sent him away and disappeared in the blink of an eye.

The fox tribe member panted heavily, his face filled with suspicion.

Next, Mo Xiaolang asked another three people, a total of four people. Three of them said the same direction, while the other one was displeased with Mo Xiaolang abducting him, and told him the wrong direction, allowing Mo Xiaolang to directly kill him.

He was particularly intolerant of such liars.

"If I were to lightly believe his words, I would have gone to the other direction to look for Yan Er. However, because of the delay in the wrong direction, he would have offended someone, so he deserved to die!"

He was still too impatient. Others needed five hours, but he needed another hour to rush over.

"Qian You Valley, Yu Chang, I'm here!"

Behind him, after a while, the people he asked for directions were surrounded by the people from the Nine Tailed Heavenly Fox.

"He smells like that wolf tribe."

"Where is the wolf clan?"

Being fellow foxes and also the noble Nine-tailed Heavenly Fox, these people naturally ed truthfully, "He went to the Thousand Eerie Valley and seemed extremely anxious. Everyone, quickly chase after him. He has already walked for half an hour."

The martial artists of the Nine Tailed Heavenly Fox were rushing forward in a grandiose manner.

"Demon?"

From the conversation between the Nine-tailed Sky Fox and the Fox tribe, he heard something that made him tremble.

When the Spirit Race attacked, the young people were completely terrified. They anxiously headed towards the Central Square, and the road behind them was continuously being drowned by the Nine-colored fog.

Very quickly, Long Chen followed the group and arrived at Central Square.

Everyone came down from white jade platform and came to this place.

At this moment, the two thousand people were once again standing there in a panic, softly discussing and cursing at the same time.

The divine rain that was originally half a year old, was interrupted once again. This had a huge impact on everyone, especially Di Yu, who was about to step into the two levels of tribulation of reincarnation, but was interrupted yet again!

After arriving here, Long Chen brought Ling Xi and the others, and quietly waited in the corner.

His gaze landed on the side of the Di Jun Divine City, and as expected, Di Yu was surrounded by everyone, and the road to becoming a strong Ranker was broken once again, causing his temper to become especially bad. He was currently saying something with a flushed face, and all the older brothers and sisters beside him had their heads lowered, fearfully enduring the insult he had given them.

"With this guy by our side, the spirit race should come."

He remembered the Heavenly Fox Token that Ruo Xi had planted in his butt.

At this critical moment, everyone became nervous.

"I heard that the spirit race came with the heart of a goddess!"

"What is the heart of the Goddess?" Someone asked in confusion.

He is the spirit race's 10 most famous criminals, wanted by the Spirit King, and furthermore, is a super beauty. She is peerless in her generation, is terrifyingly powerful, and has the highest reputation in the spirit race. They actually came here, I heard that they are here to kill Di Yu, and we are going to die!

"Nonsense, our presidential leaders are all super strong warriors, how could we lose to them?"

"You don't know this, why are the commanders hiding in the Divine Boat, and why the vice commanders died, that is because they all died, while the President's leaders were all defeated. The leader of the heart of the Goddess is called the Holy Spirit and is one of the top experts of the Spirit Race. It is said that she already possesses the Seven Stars tribulation of reincarnation.

"Seven Stars!"

Everyone exclaimed.

This was a legendary martial artist with the power of divinity!

One more step and he would be almost a demigod!

To most people, warriors of this level were legends. Even the majority of the Shencheng's City Lords did not have such strength.

Long Chen was also secretly surprised.

He did not expect them to be experts from the Seven Star tribulation of reincarnation.

~ Is this the almighty being that Ruo Xi was talking about?

It was no wonder that the Seven Star tribulation of reincarnation could cause such a huge disturbance.

"Then, Ruo Xi's friend should be a member of this heart of the goddess. "One out of ten, this organization seems to be quite interesting."

As Long Chen listened to these rumors, he pondered in his heart.

Amongst the two thousand people present, Di Yu was standing in the center. At this time, everyone was looking at him, because he was someone the Spirit Race wanted to kill.

"Everyone, don't be afraid. The experts of our human race are currently rushing here. When they arrive, what divine girl's heart would be unable to withstand a single blow!"

After Di Yu scolded everyone, his face was full of confidence as he spoke to comfort everyone.

Even if he was the party involved, he wasn't afraid. Everyone's heart finally settled down.

Long Chen felt that it was very funny. This child was clearly scared to death, even when he was speaking his legs were trembling, yet he still pretended to be calm, making him seem a little comical.

"Today, the Spirit Race barged into my clan's restricted area, not putting us humans in their eyes. In the future, when I become a deity, I will definitely lead you all here to wipe out the Spirit Race, slaughter them, and cleanse this day's humiliation with my blood!" "Today, the heart of the goddess will definitely not be able to kill me, because I was created by the gods to lead the human race towards glory!"

Di Yu encouraged everyone once again.

He spoke until his blood boiled.

Everyone subconsciously moved closer to Di Yu. Someone said, "Today, any of us can die, but only Di Yu cannot, he is the hope of our human race. Only he, can we kill those damned races that have violated the gods, we must protect him!"

"You're right!"

Di Yu was moved, and said: "Everyone, no need to be like this, since the Spirit Race is not here yet, I will cultivate on the spot, swallow the Ultimate Dragon Inherited Blood Essence, and rush all the way to the

tri-level tribulation of reincarnation in one breath. I have the archaic instrument on me, when the time comes, I will control the archaic instrument, and I will see who can be my enemy!"

He was incomparably domineering, and said in a clear voice: "Everyone, don't be nervous, he's just a mere demon. Someone, who can kill me, Di Yu, has yet to appear."

With that, he sat cross-legged on the ground, surrounded by the crowd's protection.

Whatever he said had nothing to do with Long Chen.

He was very curious. Would the human experts arrive first, or would the Spirit Race find this place first?

Just then, a Divine Boat broke through the Nine-colored fog and appeared in front of everyone. Long Chen looked at it and felt that it was very familiar, it was the Ancient Ark of the War God.

Su Zilan was actually able to find this place so quickly?

Then, if she took Di Yu away, the Spirit Race would have no chance.

Just as Long Chen was feeling suspicious, a man walked out of the Ancient Ark of the War God. He saw Long Chen with his first glance.

Su Zhen!
