

## War God 1881

### Chapter 1881 - Ancient Sinner

"Stop!"

Those extremely nervous human experts all had deathly pale faces. They all stopped their steps, because right now, they were being grabbed by the opponent. It was truly too miserable.

"Holy Spirit, your actions are to start a war between the two races. Your spirit race is dead for sure!"

"Today, you all went too far. In the future, I will come visit your Spirit Race and kill all of your descendants!"

"The spirit race committed a huge mistake today and will undoubtedly die!" Goddess's Heart, you are all sinners throughout the ages! "

All the human experts roared in anger.

Facing such a group of experts, the female dressed in white, Holy Spirit Realm, didn't change her expression at all, and her solemn face immediately revealed the temperament of a queen who wanted to make people submit. She said: "Everyone, I don't think you understand a few questions, firstly, we did not kill Di Yu, but your people did. Secondly, our Goddess's Heart doesn't represent the Spirit Race, and the Spirit King is currently looking for us, and thirdly, I heard that the Spirit Race and the Goblin have already formed an alliance. Four, when did the 72 - The Ancient City of God's descendants become the master of the human race? It seems like the Five Dragon Cities's Concealment has encouraged your arrogance. "

As she slowly said these five words, the new generation disciples that were surrounded by the colored ribbons swayed in midair. They were extremely close to the Nine-colored fog, which truly made those human experts worry.

"The Spirit Race and the Monster Race have allied!"

When they heard this news, the human experts began to worry. The Demonic race probably wanted nothing more than a great battle between the Spirit Race and the human race. When that time came, they would be able to reap the rewards. But how could Di Yu just die like that?

They were all filled with rage as they walked forward step by step.

"Let's go!"

The Holy Spirit decisively said.

Under her control, the Goddess Boat appeared once again. The Goddess Boat was incomparably huge, and its size could even change. Countless formations rotated, and the Holy Spirit had brought all the warriors on the ribbon into the Goddess Boat. The Goddess Boat closed and quickly rushed into the Nine-colored fog.

"Chase!"

The human experts also mounted their Divine Boats and crazily chased after the Goddess Boat.

"The Spirit Race experts are proficient in Heaven and Earth Transference Array, but they can set up a formation in the Immortal God Realm and travel through endless space. They must have set up an array somewhere!"

"Ah, it should be the Door of Doom. I saw five of them staying here!"

They were too arrogant, and felt that the Spirit Race would definitely not be able to succeed. However, they did not expect that such a thing would actually happen, and when they chased after him again, the human race's hearts were actually filled with fear, the people from the Di Jun Divine City had not arrived yet, if they arrived, and saw such a thing happening, it would be terrifying.

"Chase, we can't let them escape, we have to kill them!"

Passing through layers of Nine-colored fog, a large number of Divine Boats chased after the multi-colored Goddess Boat, shuttling through layers of Nine-colored fog!

"Long Chen, you betrayed the human race and joined the spirit race. You are as despicable as your father.

Within the Goddess Boat, the Nine-headed Soulshake Dragon cursed loudly in the crowd. Previously, when he was in the Primordial Emperor Bell, Long Chen didn't have the time to tear his mouth to shreds.

The others were filled with righteous indignation and began to curse one after another.

Long Chen calmly glanced at them, this was something he had expected. After killing Di Yu, he would obviously be hated by the entire human race, and his bad reputation would spread throughout the entire human race. He would become a classic of being despised, just like his father.

It wasn't that Long Chen didn't care about it, it was that he cared about something even more.

He was still young, and it was still too early, who knew what would happen in the future. He did not have the slightest bit of regret towards his actions today, and as for the current situation and future, he was confident that he could rely on his own hard work to make these people shut up their doubting mouths. Today, he did not want to have any excuses, because it was meaningless for those who knew him, like Su Muchen.

Having gone through so much, he had long since underestimated the opinions of others.

Just from his mentality alone, he could tell that there was a difference of heaven and earth between him and Di Yu. In the middle of the boat of the Goddess, the five women with the heart of a goddess were curiously looking at Long Chen, and to them, Long Chen was definitely a huge accident. It was as if they had picked up a treasure, staring at him with their eyes wide, wishing they could pinch him.

"Girls, be more reserved." The Holy Spirit was controlling the heart of the goddess, so he gave a suggestion.

They didn't seem to feel any pressure at all, and started chattering away.

"Are you really the son of the Eternal Dragon Emperor?"

"You look very similar, and your personality is also very similar. It's all carved out of the same mold. It's just that your father looks a lot more gentle and kind. You're too fiendish."

"No, I think it's more realistic and cute this way."

The few ladies from the Spirit Race held Long Chen in the middle, hearts almost popping up in their eyes. Of course, this was from their worship of the Eternal Dragon Emperor s.

"Long Chen, Long Chen, I am Ruo Xi's good friend, he asked me to take you away, are you sure you want to follow us to the Spirit Race?" Amongst them, the flower spirit that was like a fairy squeezed in front of Long Chen, a pair of big eyes stared straight at Long Chen, and carefully asked.

The others were also waiting for Long Chen's confirmation.

After all, if he went to the Spirit Race this time, his reputation within the human race would not have a chance to turn the tables.

Long Chen did not hesitate at all as he nodded his head decisively.

To humans, Long Chen's identity as a human was a disgrace, but to the Spirit Race, it was simply too amazing. When Long Qinglan had even helped the Spirit Race before, this was probably one of the reasons why he was deemed to have abandoned the Human Race.

Long Qinglan's heart did not only belong to the human race, which made the human race's higher ups extremely dissatisfied.

was sure that if it wasn't for his identity, these five Spirit Race women would not be so intimate with him. It was just that the other party had acknowledged his father, which made Long Chen feel especially warm.

He was about to leave ...

He suddenly thought of someone he could not bear to part with.

Li Xuanji

Right now, Li Xuanji was still in Great Void Realm.

Perhaps she had already decided. At this moment, even she herself had a bitter and gloomy look in her eyes that was filled with endless melancholy.

"I wonder when we will meet again after this farewell. Are you sure you won't come with me?" Amongst the chaos inside the Goddess Boat, Long Chen quietly asked her.

Ling Xi pulled Li Xuanji's arm and said as well: "xuanji sister, come with us."

She smiled and shook her head, then said: "I am still used to being alone. Sorry, but isn't there another star talisman? "If you miss me, you can always contact me at any time. You two can just have a good life!"

On one hand, she didn't want to be stuck between Long Chen and him, and on the other hand, she could only stay in the Dark City. After following Long Chen to the Spirit Clan, although she might not have to endure the pain of being alone and being separated for a while, it did not benefit the three of them at all. Ling Xi was very kind, and did not want to fuss about anything with her, but there was a issue in Li Xuanji's heart, so she rejected it without hesitation.

"Didn't you already say so? I will wait here for you to come back. Whatever you want to do in the future, I will die with you! "

Tears flickered faintly in her dark green eyes. She was a person who was cold on the outside but hot on the inside. At the same time, she was also a stubborn person. No one could change the things that she decided.

"Alright, then wait for my return." Long Chen could only bear to say these words. He respected Li Xuanji a lot, and knew that forcing her to do this right now was not good for both of them, so he might as well just maintain this distance and miss her a little. This would be even better, and after coming to the Immortal God Realm, with the help of the star talisman, they would be able to communicate at any time.

Furthermore, he didn't need to worry about Li Xuanji's safety, because her master was a true god!

"It's almost the Door of Doom. Stop being so girly and let your little girl leave."

The Holy Spirit calmly said while controlling the Goddess.

The Goddess was extremely fast.

With the expressions on Long Chen's face, one could tell that he was bidding farewell to one of the three women.

Time was of the essence, so Long Chen naturally did not dare to disrupt their journey. He let Li Xuanji exit from the Great Void Realm at this moment, and Li Xuanji gave him a deep look before fusing into the two thousand man team.

Li Xuanji and Long Chen were very close, so the moment they returned, someone asked, "Miss Li, before today, you probably didn't know the true identity of that brat, right? I think you're really careless when making friends! "

"Yeah, I have been with this kind of traitor for such a long time. I have truly wronged you." "According to what I've said, in the future, you have to see each other's true colors. Don't be with such a cruel and unscrupulous person."

In the face of those disturbances, Li Xuanji appeared to not have heard anything. Her pair of dark green eyes stared at Long Chen, seemingly cold, and only Long Chen could see the endless emotions contained within. But he knew that she could not continue to tangle with Li Xuanji at this time, or else she would get into a lot of trouble within the human race.

"Goodbye."

He silently said those words in his heart.

Both of them understood.

Long Chen swore that he would never forget the look in her eyes today. She stood amongst the two thousand people, but in Long Chen's eyes, there was only this one girl. She was like a crane amongst chickens, so unique, so comforting.

"You're so beautiful, yet you actually left her in the human race. You truly are an idiot."

Other than the Holy Spirit, the other four women with the heart of a goddess all rolled their eyes at Long Chen.

Chapter 1882 - Goodbye

BOOM!

Just then, the Goddess rushed out of the Nine-colored fog and rushed to the Door of Doom. The Door of Doom is a huge green stone plaza, the other five people inside the Goddess' Heart had already completed the 'Heaven and Earth Transference Array' after a series of tense arrangements. This was a very famous spirit race array diagram. In a stable space like the Immortal God Realm, it was possible to cross an extraordinary distance. It was truly shocking.

There were not many people that were able to independently lay down Heaven and Earth Transference Array. With five people working together, it was already considered pretty good to be able to complete it in such a short period of time.

A large number of Divine Boat followed closely behind the boat and rushed out of the Nine-colored fog, appearing at the Door of Doom. At this time, the five heart of the Goddess who were on standby had long made their preparations, when the other Divine Boat rushed out, they attacked together, the overwhelming Spiritualism struck onto the Divine Boat, stopping their progress in their chase for a short period of time, buying Long Chen and the rest time they needed!

The most critical moment had arrived!

Long Chen looked towards the front of the Goddess Boat and saw a large multicolored formation in front of him. The formation which was brimming with radiance was revolving, with a total of ninety-nine layers, and each layer had a different color. As the large formation rotated, the surrounding space became extremely distorted, forming a spatial vortex.

The Heaven and Earth Transference Array had already been set up.

The five women with the heart of a goddess stood at the five corners of the great formation and, with their own strength, maintained the rotation of the great formation. The five women were also similar to the five women who stood beside Long Chen;

"I'm ready!"

She once again used those five ribbons, trapping all of the new generation warriors of the human race. Li Xuanji was also among them, and when Li Xuanji was submerged within the ribbons, Long Chen's heart felt as if it was being sliced apart.

Behind him were three pairs of beautiful fairies with thin wings like dragonflies. Her personality was light and straightforward, as light as the wind, and the people of the Wind Spirit Clan were all the favorite of the wind, causing Long Chen to think of Feng Zhilin, who was currently in True Martial Imperial Palace, and would probably be able to control the True Martial Imperial Palace within a few years.

"I'm ranked fourth, you can just call me elder sister Feng Ling."

As soon as the wind-like beautiful and light woman finished speaking, she suddenly increased her speed and rushed into the Heaven and Earth Transference Array along with Long Chen. The ten of them respectively landed in ten different positions of the Heaven and Earth Transference Array, while Long Chen was tied up beside the female from the Wind Spirit Clan.

The Divine Boat had also wanted to rush into the Heaven and Earth Transference Array to destroy it, but now, a meat shield appeared in front of them. If they continued forward, it was obvious that they would smash the two thousand people into pieces, and with such a huge loss, no one would be able to afford it. Therefore, at this critical moment, the human experts that had rushed over all dismounted from their Divine Boat s, and surrounded the Heaven and Earth Transference Array.

The terrifying power of these elderly men could easily exterminate this small group of the Goddess Heart. With so many human experts arriving, any one of them could instantly kill Long Chen, and such a huge scene was enough to suffocate him, yet the Holy Spirit was able to calmly face such a scene. Under her control, the ribbons on his body flashed with a fierce light, causing the young disciples on top to cry out in pain.

Of course, the Holy Spirit was very meticulous, she protected everyone that was related to Long Chen well.

She liked Long Chen a lot, and anyone could tell that. The Holy Spirit had always been known for being cold-blooded, and the title of "Goddess" was basically something she had invented herself.

At this moment, facing more than ten powerful warriors who were equal to her, she remained calm, and said in a cold voice, "My human friends, I have a total of 499 Dao patterns, and the life and death of these two thousand people is determined on my mind. You all know that I, the Holy Spirit, will never suffer a loss, and if you take one step forward, I will kill a hundred people, do you want to try?"

This sentence stunned all the elders.

These youngsters were mostly not from their Shencheng. If they let the Holy Spirit destroy them like this, the human race's losses would be even greater, and they would not be as simple as just Di Yu.

For a moment, everyone's face turned green. The anger of a group of super strong warriors caused a terrifying storm to swirl around them. A dozen or so people with godly powers gathered together, and even the Heaven and Earth Transference Array was swaying in the storm.

As the Holy Spirit ordered the other nine people to activate the Heaven and Earth Transference Array, he said to the human experts with a calm expression, "Today's outcome is already very obvious. You have lost, Di Yu is dead, and the two thousand people are in my hands, even if the strongest human cultivators come out, they will not be able to stop me from killing them. The only way is to let us go, and to be honest, I do not want to kill them at all.

The courage of the Holy Spirit was astonishing, especially since she was a woman.

But it had to be said that she was right, the human race had already lost, and now that everyone had entered the Heaven and Earth Transference Array, they had only barely made it in time, so another two thousand people were being controlled by the Holy Spirit, without even a chance to kill them. With the power of the Holy Spirit, even if the first Dragon Emperor were to kill these two thousand people, they might not be able to stop them.

The human experts' eyes were all burning with anger. They looked at each other, and one of them said, "Goddess, today you all committed such a monstrous mistake. You all should obediently accept death or we can still vent our anger on you."

The Holy Spirit laughed, "Don't lie to me, I am not a little girl. There is one thing you may not understand, we, the Goddess Heart, are not great people. You can go find the Spirit King and cause trouble for the whole Spirit Race. You are the ones who exterminated the Spirit Race. As long as ten of us are alive, I am not afraid. "

These words completely blocked the mouths of human experts.

They could only use the battle between the two races to threaten each other, but this group of people were originally wanted by the Spirit King. They said that they did not care about the life or death of the Spirit Race, maybe it really was like this ...

The Heaven and Earth Transference Array slowly started to move.

Seeing the people of the human race as anxious as ants, the Holy Spirit looked dignified and extremely dignified. He said, "You have already lost, yet you don't admit defeat. Are you really men?"

These words made those human experts feel even more powerless.

"Holy Spirit, you are still as despicable and cunning as before, but let me tell you, even if you can escape today, even if you can escape for a few years, but we can endure it, today's great hatred, in the future, we will pay it back tenfold, not only you, but the Spirit Race as well!"

"That will be in the future. Let's wait for you to succeed before bragging."

The Holy Spirit laughed coldly.

At this time, the Heaven and Earth Transference Array's light shone, the array was about to be activated.

They couldn't do anything about the Holy Spirit, but they noticed Long Chen. By now, Long Chen's identity had already spread among the people, the elders finally knew that the reason Di Yu died, was actually because of this traitor, and this traitor also had a terrifying identity. He was Long Qinglan's son!

For a moment, everyone's gazes focused on Long Chen!

Those elders began to curse loudly, saying, "Truly just like his father. Sure enough, they are not good stuff, but the sorrow of our human race!"

"His name is Long Chen, right? Long Qinglan that bastard! You have pledged your allegiance to the Spirit Race and have killed the future hope of our human race. You will never have the chance to enter the Dragon God Domain again in your life. You traitor, once you are killed by me, the human race will definitely use the cruelest punishment to bury you with Di Yu! "

"Oh my god!" Are our luck truly that bad? A Long Qinglan who betrayed his clan and a scoundrel like him who hope to kill us humans has appeared! "He even defends himself to the spirit race without any sense of shame! What crime did our human race commit to actually produce such a father and son!"

"Long Chen, you have already been expelled from the human race. Even though you have lost the blood of our human race, you are no longer a member of my human race. When you return to the human race, I will be the first one to kill you!"

"You are the sinner, the enemy of the entire human race! You are as lowly as your father! "

All of a sudden, everyone started to blame themselves towards Long Chen. All sorts of obscenities, all sorts of threats, all sorts of sinister faces flashed past Long Chen's eyes, all of these curses, those eyes that were filled with killing intent, Long Chen memorized them today.

This was the human being his father had once loved.

The Dragon God Domain was the sorrowful place for the heroes of that generation.

Today, was also the day that Long Chen would be sad about.

But he swore that even though he was being said to be unbearable, there would still come a day when he, Long Chen, would return! With his own glory, with the glory of his father!

"The heck, I will make you all shut up!"

Long Chen clenched his fists tightly. Today, he had killed Di Yu, but this had brought about such a commotion. Not only had they insulted him, they had also insulted the person they respected the most.

This was a scale that was never as dirty as it was in Long Chen's heart, yet it was being violated by them in such a way!

"You must come back! You must come back! "

He gritted his teeth and his eyes were bloodshot as he looked at the disdainful faces in front of him.

The angry gas in his chest was about to explode.

At this moment, he saw a beautiful face in the crowd. Her eyes were filled with tears, and the gaze she used to look at him was actually so sincere and warm, making Long Chen forget about anything else for a moment.

Goodbye.

Long Chen concluded.

Chapter 1883 - Sky Fire Abyss

Silence.

It was incomparably quiet.

Long Chen followed the ten Divine Heart disciples as they travelled through the multi-colored tunnel.

The Holy Spirit had already killed Di Yu, so they did not want to cause any more trouble. The death of Di Yu might be something that the humans could hold in, but if the new generation of experts were to die, they would definitely go crazy.

Therefore, she released the two thousand people, making the two thousand people spread out randomly, flying towards the Nine-colored fog, the human experts tried to save the children, and at that moment, the Heaven and Earth Transference Array was successfully activated, bringing Long Chen and the other eleven people into the tunnel.

Traveling through the tunnel, he grew further and further away from the Dragon God Domain. It was only at this moment that Long Chen finally succeeded in leaving the Dragon God Domain and headed towards a new land, the Spirit God Realm of the Spirit Race.

It was just that before he left, the unpleasant things that happened, the ugly expressions of those people, Long Chen would probably not be able to forget it even after ten years. Until now, he still did not know what Long Qinglan had done to let the human race down, but he trusted him, and that he trusted him just like how he trusted himself.

Misunderstanding and injustice would indeed cause one to gnash their teeth in anger.

Therefore, he swore that one day, he would come back to prove many things, especially to prove that Di Yu could not be considered the pinnacle genius of the human race. Because, compared to Long Chen, he was nothing.

Long Chen's entire body could not move, and he was even more unable to speak. Everyone silently moved forward, and these ten women made Long Chen feel a sense of familiarity and kindness, his identity was also found out by the other five, and without exception, they were all Long Qinglan's admirers.

Long Chen could only communicate with Ling Xi who was in the Great Void Realm.

She was different from Li Xuanji, she had no one to rely on now, so wherever Long Chen went, she would naturally go as well. After leaving Dragon God Domain, it was only because of her clumsy consoling that Long Chen finally calmed down. With Li Xuanji by her side, Long Chen had indeed neglected her a little.

"Brother Chen, when you return, they will definitely be terrified by you. "You're broken." In order to make him happy, Ling Xi would joke around from time to time.

"That's right, those old bastards will definitely show off to them. Xiao Xi, now we're the only two left." Once we reach the Spirit Race, we will finally be able to live freely and unfettered lives. "

In the end, Long Chen still desired freedom.

It was just that he had to not only give an explanation, but also give himself an explanation for this matter with Long Qinglan!

"What the hell are you thinking?" Ling Xi's face turned slightly red, although it was a common occurrence, but she was a girl, how could Long Chen be so open-minded?

"I don't have any. It's just your imagination." Long Chen laughed. Ten days had passed quickly along the way, and those misunderstandings and despise he had hidden deep in his heart, facing this new life, he was still full of fighting spirit, full of anticipation. After ten days of chatting, his mood had more or less recovered.

"It's a pity that xuanji sister is still there." Ling Xi pursed her lips, feeling some regret in her heart.

Although it was normal to have three wives and four concubines, who still wished for a person they liked to be alone?

"Xi Er, this is my fault. Honestly speaking, since I became husband and wife with you, I shouldn't have any relationship with other women. However, she is also a very important person in my life, so ..."

Ling Xi said softly: "I know, she's our companion, and can also live a happy life happily. Of course, if you want to marry her, I don't know what I should do, I ..."

She loved Long Chen a lot and she didn't reject him, but she definitely could not take the initiative to get Long Chen and Li Xuanji together.

Long Chen knew that she was in a difficult situation, and said: "Let this matter take its natural course, who knows what will happen in the future."

"Alright." Ling Xi nodded slightly.

No matter what, she was still the most perfect person in Long Chen's heart, someone who could depend on each other for life and death. As for Li Xuanji, she was like a dream, coming close by accident, leaving as long as she belonged to Long Chen and not him.

The Divine Spirit Realm was a new world!

BOOM!

Ten days later, the eleven of them rushed out of the endless space tunnel. In front of them was an endless barren mountain, and as far as the eye could see, it was just desolate mountains. The mountain peaks here pierced through the clouds, and they were extremely huge, to the point where they couldn't even see the top of the mountain.

"The further we travel, the longer we have to set up the teleportation formation. At that time, in order to save time, we set up the teleportation formation that we had just set up in the Spirit God Realm. This is the boundary between the Dragon God Domain and the Spirit God Realm. Our spirit race's homeland ...

The flower spirit that made people intoxicated explained to Long Chen. Although he and Ruo Xi were of the same generation, she seemed more like a happy child, with an extremely cute appearance. People that were born with the heart of a goddess all loved their flower spirit.

"Look, that's the border between the Spirit God Realm and the Dragon God Domain, the Sky Fire Abyss."

Long Chen looked towards the direction she was pointing at and the scene before him forced him to sigh with emotion. In the deepest part of the mountains, there was a gigantic, bottomless chasm, as though an enormous wound had been ripped open in the Immortal God Realm, and this enormous chasm was actually spewing a kind of immense flame at every moment, which formed a vertical flame that was directly connected the starry sky. This fiery wall was completely separating the Spirit Realm from the Dragon God Domain, and the wall of fire was at least ten thousand meters thick.

"The Heavenly Fire Abyss has penetrated through half of the area where the Spirit God Realm and the Dragon God Domain meet. Most people are unable to pass through the Heavenly Fire Abyss, so if you want to enter the Dragon God Domain from the Spirit God Realm, you can only go through the other half.

The flower spirit's face shone with a beautiful red light against the flames of the abyss.

At this time, the ten women of the Sacred Heart of the Goddess gathered around Long Chen, with the Holy Spirit standing at the front.

Her tone was cold as she said: "Wait a moment, we need to set up another transmission array and then we will be able to go directly to our Palace of Goddess. That is our Goddess' Heart's Secret Palace, only the ten of us can go in and out and no man has ever gone in before."

Beside her, a sexy lady with fiery red hair and a hot figure looked at Long Chen dubiously, and teased: "Big Sis, do you understand what you mean? "From today onwards, you are the forbidden mistress of our ten sisters. You must serve us well or else we will kill all of you!"

This is a woman from the Fire Spirit Clan, her code name is the Fire Spirit, and she should be ranked third. She is also very powerful, and her Heaven and Earth Transference Array was previously arranged for her as a main force, so she should be very close to the Holy Spirit. The Fire Spirit Clan had an attitude that was as passionate as fire, and their fire spirit was extremely enchanting and alluring. Rumor has it that there were countless suitors within the Spirit Race, and in terms of appearance, she did not lose out to anyone.

Extinction?

Long Chen felt chills running down his spine. These ten Divine Maiden Heart experts, should not be the kind of women who were lusting after food, right?

Seeing his somewhat embarrassed expression, all the beautiful women started to laugh. Even the Holy Spirit couldn't help but laugh.

Being surrounded by such a group of absolute beauties could also be considered a form of enjoyment.

"Alright, third sister, don't scare him anymore. Little brother Long Chen, she is joking with you. We will not bully you. Furthermore, we are all beauties that keep our lives. At most, it will only be you bullying us. "

Suddenly, everyone started talking at once. It was rare for them to find someone they could tease, so they didn't hold back.

"Enough, stop messing around, and stop plotting against others. If you don't see him leave one behind in Dragon God Domain, do you still have one with you?" The Holy Spirit did not have the dignity of a human being, and revealed a rare gentle smile. In reality, she was almost the same generation as Long Qinglan, so naturally, she would not have any feelings for a 'child'.

"Alright, let's stop talking. It's rare to meet such a son of the Eternal Dragon Emperor, so what's wrong with girls' hearts? What kind of girl has such good fortune to be able to give birth to such a great son of the Eternal Dragon Emperor? "The reason we were able to complete our mission this time was all thanks to him."

For a moment, they asked Long Chen about his mother's situation.

Long Qinglan had said it before, but Yang Xueqing was not his real mother. In reality, he also did not know who her real mother was.

Therefore, he shook his head helplessly, unable to comment.

Little guy, let us sisters see, you bring this girl to the Spirit God Realm and leave that one in Dragon God Domain. Now, the one beside you is even more important, let us sisters see, what kind of girl can make you fall for her? "

For a moment, they were like curious babies as they surrounded him, completely unaffected.

They want to see Ling Xi?

Ling Xi was immediately a little nervous.

At this time, the Flame Spirit stuck out its full chest, and the thin fiery red dress revealed half of its round jade rabbit. At this time, the Flame Spirit puffed out its full chest, and the thin fiery red dress revealed half of its perfectly round jade rabbit.

These words immediately made Ling Xi angry, and she said angrily: "Brother Chen, I want to get out!"

The two women beside him seemed to be quite troublesome. But this time, there were already eleven of them.

In desperation, Long Chen could only let Ling Xi come out.

The ten of them were stunned for a moment at the scene that caused this young girl, who had an aura that was beyond compare, to appear in front of them.

## Chapter 1884 - Temple of Slavery

The reason why Ling Xi looked so lifeless was not because she was good-looking. The Goddess's Heart was a person with extreme beauty to begin with, and was extremely beautiful, renowned throughout the world. They had long predicted that Ling Xi would be a heavenly beauty, it was just that they were shocked by her appearance.

What truly shocked them was the purple crescent moon on Ling Xi's forehead.

When they first saw the purple crescent moon, the ten of them froze. Their eyes were all wide open in disbelief. Silence fell instantly. The Holy Spirit's eyes even trembled, showing just how excited she was.

The Sector lord Divine Arts!

Ling Xi seemed to have said it before, the Sector lord Divine Arts were once a treasure of the Spirit Clan, but it had been lost for countless of years. At that time, he did not care much, but after seeing the stupefied expressions of the ten people, he understood that they must have found something, and very likely, they could use this purple crescent moon to deduce that Ling Xi possessed the Sector lord Divine Arts!

It wasn't that Long Chen didn't believe them, but it was just that under the effects of a great treasure, anyone would go crazy. He protected Ling Xi at the first possible moment with a solemn and serious expression.

After a short while of confrontation, the Holy Spirit finally woke up. Her voice was trembling as she stared at Long Chen and Yue Yang, muttering to herself, "Sector lord Divine Arts!"

Sure enough, she had discovered it.

It was not only her, but the other nine people had also discovered him. The only thing that put Long Chen at ease was that they did not display a strong greed, but rather, they were shocked.

The woman nicknamed the Tree Spirit came from the Treant Spirit Clan, she had emerald green hair, her entire body was surrounded by vitality, and the fragrance of the forest surrounded her body. She was the quietest of them all, and at that moment, she said in disbelief, "There is someone in my clan that has

lived for a thousand years and used the Star Divination Art to request the position given by the Ancestral God for the Sector lord's Divine Arts, yet was able to obtain such a phrase from the starlight. Towards the first two lines, can you understand it this way? Long Chen is proficient in the way of slaughter and is also the son of the Eternal Dragon Emperor, so this Eternal Slaughter refers to Long Chen, while Empress Su. "

The gazes of the ten of them, fell onto Ling Xi's body with even more shock.

The Holy Spirit still could not calm down, facing a human Ranker, she was still able to remain calm, but at this time, she was already incoherent. Staring straight at Ling Xi, she said: "Zi Yue Yue, Yue Tai and Xi Yue, this is a symbol of the Sector lord Divine Arts, only the blood descendants of the ancestors are able to pass on their power to Yue Tai and Xi. As for the God's blood that flows in your body, other people might not be able to feel it, but it cannot escape my eyes. You are the daughter of a virgin Elder God! Inherited the Sector lord Divine Arts.

After these words were said, the other girls were even more shocked. They only knew about the inheritance of the Sector lord Divine Arts from the beginning, but did not know that there were so many secrets behind it.

"Elder God Pure Maiden?"

Long Chen finally understood why the human race did not have a virgin, so it turned out that the virgin girl was a spirit race. The spirit race and humans were actually extremely similar, and in the legends of the Dragon Sacrifice Continent, a virgin was a human, and there were spirit races in the Dragon Sacrifice Continent, such as the Ancient Spirit Realm.

Long Chen knew nothing about the Spirit Race. He only knew that the one hundred and eight Spirit Palaces belonged to the Spirit Race from the one hundred and eight Primordial Divine Beasts. They were similar to the human 72 - The Ancient City of God's descendants s.

The title of female Elder God's daughter should be around the same as the son of an emperor like Di Yu. This way, the few of them shouldn't have any ill intentions towards Ling Xi, so Long Chen was slightly relieved, and said: "Sisters, what you have said, we are not too clear, can we explain in detail?"

They looked at each other, and finally the Holy Spirit said, "There is a lot of time right now, so it's just right that I ask you. Little sister, what is your name?"

Her age was countless times that of Ling Xi, so it was normal to call her little sister.

At first, Ling Xi was holding back her anger because they had said she was ugly. But after she came out, such a thing had happened, and everything had disappeared without a trace. She was not afraid at all, she directly replied: "Ling Xi."

"Ling Xi? "What a beautiful name!"

They did not continue to tease Long Chen. At this time, Long Chen had already made them forget that they were surrounding Ling Xi and he needed to hear their explanations.

"Let me feel it." Sensing that such a situation had occurred, the Holy Spirit actually smiled in satisfaction, and was even about to cry out of joy. She hugged Ling Xi lightly in her arms, and said softly, "That's right, we have the same divine blood that has flowed from the same god, and our bloodline is similar to that of Di Yu. Ling Xi, you are the person we have been searching for for for for millions of years, the person we both came from the Serene Divine Blood Temple."

No one had expected such a coincidence to happen.

Long Chen himself was also very confused. Weren't they the Goddess Heart?

Ling Xi had originally wanted to return to Long Chen's side, but when she saw that this woman, who was very similar to her mother, had actually shed tears, she felt an indescribable pain in her heart.

The other nine people all cried out of joy.

Only Long Chen and the other monk were confused.

"You guys don't know anything, so I'll just say it briefly." The Holy Spirit Realm pulled Long Chen up.

Long Chen and Yue Yang held hands and listened quietly.

The human race has seventy-two Archaic Gods, the demon race has one hundred and eight Archaic Divine Beasts, and the god blood descendant and the descendants of the Divine Beasts are the core of

the two races, but we are not. We, the Spirit Race, also possess a divine spirit, but the majority of us have never passed anything down. There is a rumor in our Spirit Clan that 'the virgin An Nai is on the expedition to become a Spirit Master'. The meaning behind his words was that a spiritual master could travel the world and obtain billions of fertile lands for the spiritual race. A virgin was responsible for the safety of the citizens and the rule of the spiritual race. These two divine powers are the ancestors of the Spirit Race. It's said that regardless of whether it's a virgin or a spiritual master, they are both gods that are not inferior to a human Emperor. "

Long Chen was shocked, he never thought that this virgin was this strong, then this god must have gone to the Dragon Sacrifice Continent. According to the rumors in the Three Great Imperial Domains, this virgin had a Divine Dragon Husband, which was a beautiful story about a thousand years of love, but no one knew how it went.

was actually a genius who could compare to Di Yu? Neither Long Chen nor Ling Xi was able to accept this conclusion for a while.

"Rumor has it that the virgin and the spiritual master are siblings. They rule over the spirit race, intimidating other races, and just like the other divine beings, they have passed on their descendants, which is something that happened tens of millions of years ago. It's just that no one knows what happened afterwards, and the descendants of our virgin race started to decline. No matter if it's the virgin or the Holy Spirit Clan, they are all part of the Holy Spirit Clan, but right now, the Holy Spirit Clan has become synonymous with the Holy Spirit Clan. "

The Holy Spirit talked about the past for a bit to give Long Chen and Ling Xi some concept of life, then continued, "Our declining race of virgin girls, has gradually faded from everyone's sight, and is gradually being forgotten. However, we did not break our inheritance, and formed the Goddess Hall, living underground.

Long Chen and Ling Xi nodded, so it was like that.

In that case, since the Spirit King wanted the heart of a goddess, then it was obvious that the relationship between the Pure Maiden Tribe and the Psionic Imperial Family was not good.

"Spirit King, do you think that the Su Palace is an eyesore?" Long Chen asked.

The Holy Spirit Realm and the others looked at each other, then said, "Although on the surface, it doesn't seem like it, it should be true. For example, the matter of Di Yu being killed was forced by the Spirit King to do by the Su Palace. After all these years of oppression, the influence of our Su Shrine is getting smaller and smaller, and the internal power is struggling to gain power, now, we are almost at

the point where we are on the verge of death, our virgin clan, is about to perish, but there has been a rumor circulating in our clan that we are still persevering, and this rumor, has something to do with the Divination Divination Technique of the Treant Spirit Clan, which is a legend of the 'Emperor Su'. According to the legends, millions of years ago, our Spirit Clan had two people in charge, one is the Spirit King, the fight between the Master and the Master.

Speaking till here, Long Chen more or less understood.

"This legend should be related to the birth of the virgin Elder God's daughter. After that, she would bring along the Sector lord Divine Arts, right? Was it the hope for the rise of the Temple of Sus again? This person, is Ling Xi? "

Long Chen asked directly.

Although the other party said it lightly, there must be a lot of issues involved. This identity might be a huge problem, and Long Chen was not a member of the Serpent God Hall. He had just come out of the human race's whirlpool, so he did not want Ling Xi to be drawn into this whirlpool.

No matter how good the Goddess were to these people, it didn't matter.

Seeing Long Chen's expression, the Holy Spirit and the others knew what he was thinking.

We, the Su Palace, have been hibernating for so many years, just waiting for a chance to rise up and fight back. However, the situation now shows that we have no hope of doing so, once we start to fight, the ones who will die and be injured are all members of the Spirit Race, so we will not force you, Ling Xi is a human after all, not someone from our Spirit Clan. She should not take risks for our sake, she is still too weak.

## Chapter 1885 - Blood Spirit Clan

The other few people seemed to also have the same intentions as the flower spirit.

The wind spirit with thin wings said: "It's a pity that Miss Ling Xi did not appear earlier, the current Su Shrine has not declined much, and if we want Ling Xi to become the new Empress, stand on equal footing with the Spirit King, and save my clan, it's really too difficult, almost hopeless. With just the

power of the few of us, I am afraid we cannot do anything, and will even harm Ling Xi, so although Ling Xi has inherited the blood of the Goddess Su, and has the Sector lord Divine Arts, it would not be hard for us to force her to do anything, so the two of you do not need to worry. "

Hearing these words, Long Chen felt more at ease. He came to the Spirit Clan only to find a chance to ease up. He didn't want to do any more big things, and even more so, didn't want Ling Xi to face such a huge pressure. The only thing he wanted to do was to improve himself in the Spirit Race and return to Dragon God Domain to fulfill his promise.

The meaning of the goddess' heart was very clear; they would not harm Ling Xi, and they would not force him. The hearts of these women were actually very kind.

At this time, the Holy Spirit who had the most authority in speaking looked at Long Chen, and said: "Even though you said it like that, the situation is not optimistic. Firstly, the recent generations of Spirit King have all grasped great power, one person has control over billions of life forms of the Spirit Race, with monstrous power, and the current generation of Spirit King have inherited the characteristics of the previous generation. If this went on, he really wouldn't be able to do anything. There was another point, and that was that all the previous generations of Spirit King were asking about the whereabouts of the Sector lord Divine Arts, and this generation of Spirit King s were no exception. They had once instigated their entire clan to search for the Sector lord Divine Arts. What if I am discovered, with the villainous nature of Spirit King, you guys will be in danger as well. "

Spirit King

It was equivalent to the level of the strongest warriors in the Five Dragon Cities, and might even be of a higher status. This was because he was the only ruler of the Spirit Race, and if he were to be targeted by such a person, Long Chen would rather go back to the Dragon God Domain.

The Sector lord Divine Arts was a lost treasure to the Spirit Race, and the Spirit King was rushing towards it. This point was understandable, but it was not because of the Holy Spirit that scared him.

Long Chen could understand.

However, he wasn't in a hurry. According to the Holy Spirit's words, if he hid it a little, others might not be able to see it.

Long Chen immediately asked: "Sisters, do you have any ways to let the two of us survive in the Spirit Race safely?"

Everyone laughed in a similar manner, and in the end, their gazes landed on a black haired lady. She was a woman shrouded in darkness, but she was not like Li Xuanji at all, she was like a peaceful night, while the woman was like a devil at night, her purple lips and narrow eyes were filled with strangeness, she was obviously a black woman, her figure was not weaker than a fire spirit, and there was even a type of primal temptation, it was just that every time a man was captivated by her, and the purple scorpion tail behind her, she was shaking the scorpion's tail, laughing sinisterly: "This is simple, your sister is extremely proficient in darkness.

The Dark Spirit from the Dark Spirit Race, was also one of the most powerful warriors in the team.

"Night Shadow Stealing Sky Technique?"

Long Chen immediately said: "Then let's start now, otherwise we won't be able to make it to the Spirit Race."

Seeing the anxious look on his face, the ladies burst into laughter once more.

"Looks like you're still hiding this from the little Goddess who dotes on us. Since it's like this, I'll reluctantly help you." The scorpion tail of the Dark Spirit swiped past Long Chen's eyes, causing a sharp cold light to flash past, startling Long Chen.

Following that, the Holy Spirit ordered the others to set up the Heaven and Earth Transference Array, while the Dark Spirit used the Night Shadow to steal from the heavens to conceal the Tai He Xi Yue between Ling Xi's eyebrows. Long Chen watched from the side.

"What are you looking at? I'm not going to eat your woman." Dark Spirit rolled his eyes at Long Chen, and laughed.

Seeing Long Chen's embarrassed look, Ling Xi smiled slightly, like a hundred flowers blooming in full bloom.

The Spirit Race was proficient in Spiritualism. Under the miraculous effects of the Spiritualism, when the Spirit of the Dark World wiped it several times, the purple Tai He Xi Yue on Ling Xi's forehead actually started to fade, and quickly disappeared.

"He's clearly still here, but he seems to have disappeared. In fact, there are hundreds of layers of formations blocking in front of Tai He and Xi Yue. Tai He and Xi Yue themselves won't release anything. It's just a mark. No outsider will be able to see it." Ling Xi said a few words, completely putting Long Chen at ease.

"Yeah, unless he meets an expert on the level of Spirit King, he would be very curious as to why you would hide your forehead."

The Ghost said proudly.

"However, even I have never seen Spirit King, so you don't need to worry." The Spirit of the Dark World yawned and stretched his body. His enchanting waist was revealed and it was mesmerizing. Only his purple shoes looked like a poisonous snake.

"Thank you, big sister dark spirit." Long Chen and Ling Xi looked at each other, and immediately thanked each other. Honestly speaking, there was still a lot of kindness in their hearts, otherwise, if the two of them rashly barged into the Spirit Clan, it would not end well.

The Dark Spirit smiled and said, "Since you two are so sensible, I'll help you two again. I'll turn you two into a Spirit Race, how about it?"

Long Chen and Ling Xi were a little taken aback, could this be changed so easily?

"After all, in the Spirit Race's territory, an outsider who isn't of the Spirit Race will still attract a lot of attention." The Dark Spirit said.

"Then what do we need to do?"

"It's simple, I also have an even more profound Spiritualism. It was personally created by me, and I call it 'the technique to deceive the heavens and ocean'. "You can try. Ling Xi is similar to the Holy Spirit Clan, I can make you change a little, like the Holy Spirit Clan. As for Long Chen, your temperament is similar to

the Blood Spirit Clan, which is not too popular among us, so I can make you look like the Blood Spirit Clan."

The Dark Spirit's voice was full of temptation.

"Then I'll thank you first." Long Chen thanked them from the bottom of his heart.

"There's no need for thanks. After arriving at the heart of the Goddess, how about serving Big Sister for a night? Big Sister hasn't touched a man in a long time, especially one like you. I really want to taste the feeling of being the son of an Eternal Dragon Emperor!"

Spirit of the Dark Spirit extended a finger, gently holding Long Chen's chin, his delicate tongue licking his purple lips, and said with a voice full of enticement.

"No."

Ling Xi subconsciously pulled Long Chen over. Long Chen never thought that this guy would actually be so direct.

Seeing the two being so nervous, the Spirit of the Dark World giggled, the other women who were still setting up the Heaven and Earth Transference Array also laughed until their backs were to one side and one side.

Long Chen finally understood that this guy was just teasing him.

"Alright, be serious." The Holy Spirit reminded him.

"Got it." This time, it was aimed at Long Chen and Ling Xi. This Spiritualism was extremely complicated, and after going through many minute changes, it had caused a change in one's sight and perception, and after spending a lot of effort, after completing their work, a day had already passed, and within that day, the Heaven and Earth Transference Array had long since been completed. The others were waiting for Long Chen.

Finished, the Spirit of the Dark World panted heavily. His face was pale and his chest heaved up and down. Clearly, he had used up a lot of energy.

And at this moment, the change between Ling Xi and her can almost be fake.

Ling Xi had become a member of the Holy Spirit Clan, and her unique appearance and characteristics were exactly the same as those of the Holy Spirit Clan.

Long Chen had almost changed his appearance, his ears had become long and narrow, his black hair had turned blood-red, like a blood waterfall, while his eyes had turned blood-red, becoming even more ferocious. His lips were bright red like blood, and his body was skinnier and taller, with many beautiful blood traces on them.

This was the Blood Spirit Clan.

The Blood Spirit Clan was one of the smallest Spirit Clans, but they were extremely fierce, and were extremely compatible with Long Chen's characteristics. The Dark Spirit had put in a lot of effort, and she herself was an expert with six tribulation of reincarnation.

As long as he removed the Spiritualism Formation, Long Chen would be able to return to his original appearance. The Spirit of the Dark World had already taught him how to remove and restart them, and the two of them could choose to transform between humans and spirit races.

The Spiritualism was indeed wondrous.

And the Sector lord Divine Arts, was the peak of the Spiritualism.

It was even rumored that any Spiritualism would be multiplied by the Sector lord's divine arts.

All twelve of them became the spirit race.

Before their departure, the flower spirit suddenly asked, "Little Sister Ling Xi, since fate has brought you together with us, why don't you join our Goddess Heart? I have been the youngest little sister for a long time."

This suggestion immediately garnered the approval of everyone. Everyone else started to invite everyone.

With the protection of the sisters, especially big sister, no one in the world can bully you anymore. If your Brother Chen disobeys my orders and provokes other women, big sister Huo Ling will burn his very core immediately. Of course, if he seduces me, then it's a completely different story. "

Xue Ling from the Snow Spirit Clan said, "Don't listen to big sister Huo Ling's nonsense. However, as long as you're in the Spirit Race, you'll definitely have big sister backing you up."

She was similar to the Holy Spirit Race, but her body was ice-cold. Snowflakes were dancing around her, making her look like a goddess in the snow.

A large group of women encircled Ling Xi so tightly that not even a drop of water could trickle through.

They valued Ling Xi's identity, and since Ling Xi was able to receive their protection, they were all kind people. Therefore, Long Chen did not stop them.

Facing the kind invitation from the crowd of the Goddess, Ling Xi looked at Long Chen. Seeing that Long Chen wanted to make his own decision, she had an answer in her heart, so she immediately said: "Since it's like this, how about you all elder sisters."

#### Chapter 1886 - Purple Lightning Black Forest

Ling Xi was very obedient, she blended into the heart of the Goddess and was immediately doted upon by everyone.

They were all frank and straightforward women, and although they were not young, they were as happy as a group of elves. There were no women scheming against each other. Ling Xi could learn many things from them, so she was very at ease.

After they surrounded Ling Xi and chatted excitedly for a while, the Holy Spirit stood beside Long Chen and said, "To be honest, even though I'm a member of the Serene Shrine, I can't really be sure about the people of the Serene Shrine. Xiao Xi's matter must be kept a secret, but I can't hide the fact that you're the son of the Eternal Dragon Emperor. "I'm afraid there will be a little trouble later on."

Long Chen had thought about it.

He asked, "Let's head back to the Palace of Goddess now, and then?"

The Holy Spirit said, "We will be resting in the Palace of Goddess for a period of time, and you can also take a period of peace, but I dare not say for sure what will happen in the future. It is true that you are a gifted genius, but you should still follow us for a period of time.

Long Chen was startled, Ling Xi was clearly her woman, but she was actually worried about him.

This could only mean that they did value the identity of the female Elder God's daughter a lot, as well as the Sector lord's Divine Arts.

"No matter what, the Sector lord's Divine Arts cannot be given to the Spirit King. Furthermore, if the inheritance of the Sector lord's Divine Arts were to be forcibly taken away, Ling Xi would probably lose her life, so you should understand?"

Long Chen nodded cautiously.

He really needed to be careful.

As long as we don't say anything, no one will know. As for my sisters, they are all people who live and die with me. Even if they are to die, they will not betray us.

The Holy Spirit said decisively.

At this point, she said in a clear voice, "It's about time. Let's head back."

The women cheered. It was finally time to return and have a good rest. The journey of the human race was full of fear, but they had finally won a thousand years of rest for the Deities Templar.

Everyone stepped onto the Heaven and Earth Transference Array, and started their journey once again.

This time, there were only five days. After five days, everyone had already arrived at their destination.

The entire forest was shrouded in a dense electric net. When he raised his head to look at the mountains in the distance, he saw that the lightning had formed into a giant beast, which was galloping across the sky and the earth, releasing a world-shaking roar. In the sky, a huge electric net covered the entire area, and countless balls of purple lightning were swimming in the air, producing a loud rumbling sound.

"This is the 'Violet Electricity Black Forest' at the border of the Thunder Spirit Realm. The 'Violet Electricity Black Forest' occupies one tenth of the Thunder Spirit Realm and is extremely huge. In the depths of the 'Night Demon Abyss' is the location." There are a large number of Thunder Beasts roaming about the abyss, and also the 'Violet Electrode Water' is flowing inside, and our Palace of Goddess is deep within the Violet Electrode Water, so most people wouldn't be able to find that place. Don't forget, we are wanted criminals within the Spirit Race. "

The Holy Spirit didn't change his expression as he led the group through the Violet Electricity Black Forest.

The surrounding lightning was filled with terrifying power. If not for them, it would have been difficult for Long Chen to pass through this Violet Electricity Black Forest.

Long Chen faintly heard the word Thunder Spirit Domain.

He said, "In the Spiritual God Realm, how are the regions divided?"

For example, the human race was divided into the borders of the 72 - The Ancient City of God's descendants, while the demon race had a hundred and eight divine palaces.

The Sea Spirit Race explained to Long Chen, "Spirit Race does not separate regions based on god blood descendant, but rather based on race. There are a total of twenty-eight races in the Spirit Race, and the ten of us Goddess come from ten different races, such as the Blood Spirit Clan, Thunder Spirit Clan, Gold Spirit Clan, and so on. Every race occupied a territory that was the size of three or four ancient cities of god descendants of the human race. For instance, the Thunder Spirit Clan occupied the Thunder Spirit Realm nearby. The Thunder Spirit Clan is gathered here, so of course there are other races that come and go as well. "

Long Chen nodded.

With his identity as a spirit race right now, his movements should be very convenient.

A few women gathered by Long Chen's side, at the same time, they explained to him all the local customs and traditions of the Spirit Race.

"The center of the Spirit Race is the central Holy Spirit Race's Holy Spirit Region. The Spirit King and his army are here. The Holy Spirit Realm normally forbids others from entering. We can't go. "

"Generally speaking, Spirit King controls twenty-eight clans by establishing Spirit Pagodas in each Spirit Realm. Right now, there are basically no Spirit Clans. The killing power of the Spirit King has long surpassed his individual strength. This is the difference between him and the supreme experts of the human race.

"Spirit Tower?" Long Chen had seen a lot of super Daos recently, so he was quite interested in this.

"The twenty-eight spirit towers were formed from a peerless treasure that had been passed down since the Primordial Era, and was said to be the result of a Spirit Master suppressing a group of devils. For example, the Thunder Spirit Tower that was suppressed in the Thunder Spirit Realm had a total of ninety thousand floors, and each floor was the territory of a spirit tower warrior. To become a spirit tower warrior, one would need at least the strength of the Nine Layered Nirvana Tribulations realm. That is to say, every 90 thousand Spirit Pagoda warriors in Spirit Realm is the direct power of the Spirit King, and they all obey his orders completely. Every Tower Lord is a Ranker comparable to Big Sis, and the Thunder Spirit Tower can also be directly used for battle, which is probably not much different from the Heaven's Primal Chaos Silk of the Great Calamity or the Human Emperor's Bell.

Long Chen suddenly understood.

The entire Spirit Realm was under his control, which was very different from humans. The strong warriors of the human race were the hidden experts of the Five Dragon Cities, but among the spirit race, the Spirit King was the absolute ruler.

"Every Spirit Tower's Spirit Tower's warrior came from their own Spirit Clan. Right now, the Spirit Clan's core members are basically all loyal to the Spirit King, or should we say submit to the Spirit King's power and lust. And every Spirit Tower's master has power that surpasses the Spirit Clan's patriarchs and elders."

Speaking of that, the women of the Goddess' Heart were indignant, obviously they hated the Spirit King.

"Forget it, the Spirit King is close to the level of gods. If all of you are dissatisfied with him, perhaps he might even know about it." The Holy Spirit reminded him.

The Goddess kept quiet and didn't dare to say anything else.

It was only then that Long Chen realized the terror of the Spirit King. From what the Holy Spirit said, the Spirit King should be on the same level as Long Qinglan, just a single step away from becoming a Divine Spirit. However, Long Qinglan was a Dragon Fighter, and he previously possessed a Great Void Cosmic Dragon's Inherited Blood Essence, so the Spirit King was probably far from being his match.

This was a true pinnacle figure.

In the blink of an eye, the Night Demon Abyss appeared in front of them.

The Night Demon Abyss was at the deepest part of the forest.

Long Chen looked up and saw a deep abyss before him. There was a black mist curling around it, and countless beasts roared from below. A large amount of lightning flashed, and below that was the purple electrode water, which was filled with lightning. There wasn't even a single living thing in it, and even if there was, it would have been killed by the purple lightning in the middle of the water.

"Get close to me." The Holy Spirit nodded.

The crowd approached.

Long Chen suddenly stuck together with a group of birds. He was very happy, and from time to time, he would even stretch out his hands to take advantage of.

This group of crazy girls were too presumptuous.

At this time, the Holy Spirit used the Spiritualism, and a white light enveloped everyone.

Without saying anything, the Holy Spirit activated the white light barrier and fell into the depths of the Night Demon Abyss. Upon seeing this white light barrier, the giant thunder beasts all retreated, opening up a path for this white light ball to fall into the purple electrode water.

Instantly, the surface of the water emitted a sizzling sound and a large amount of white smoke rose into the air.

Countless bolts of lightning intertwined. If not for the protection of this white ball of light, Long Chen would never be able to break into the Palace of Goddess deep in the purple electrode water.

It was hard for him to imagine that the environment here was so vile. Then, would the so called Palace of Goddess look good? Logically speaking, women would definitely like beautiful residences.

Of course, they were wanted criminals and needed to be hidden somewhere very well.

The white ball of light sank into the purple electrode water, and the surrounding purple electric water surged. The ball of white light sank into the purple electrode water, and the surrounding electric water surged, making it extremely terrifying.

"Sisters, from today onwards, there will be men in the house. Everyone should not walk around naked as to avoid being taken advantage of by someone." The Flame Spirit seemed to be afraid that no one would be able to hear it, and it spoke with a loud voice.

Long Chen turned a deaf ear to them and did not bother to pay attention to them.

At the same time, he said to some people, "Palace of Goddess is only so big, everyone can hear what you do. We are already unable to endure the thirst, if we anger this old lady, this old lady will rush over to help."

Their few words were only aimed at Long Chen and Ling Xi. When the Spirit of the Dark Spirit said those words, Long Chen felt his hair stand on end. He still wanted to be in love with Ling Xi and advance together with him.

They were indeed joking, but a few teasing words actually caused Ling Xi's face to turn red. Long Chen was a little worried, if he spent too much time with them, these crazy girls, and was lectured bad, it would be troublesome.

Enduring their teasing, after about a quarter of an hour, the purple electrode finally reached its bottom. The Holy Spirit controlled the white light to break through the layers of the formation, and a snow-white dawn appeared in front of them. Everyone happily exclaimed, "We've finally arrived."

That light was too bright, for a moment, Long Chen could not see clearly what the Palace of Goddess looked like.

At this moment, the Holy Spirit's face became gloomy and cold. "Someone from the Goddess Hall has come. It's the banner master of the Golden Spirit Clan."

"I know. His name is Jin'e [Jin'e]. He's a difficult to deal with expert." The Fire Spirit's expression also became cold. There was actually someone waiting for them outside the door.

Chapter 1887 - Scoundrel

There was actually someone who had already been waiting at the entrance of the Palace of Goddess?

Fortunately, before this, the Spirit of the Dark World had concealed the Sector lord technique that Ling Xi had inherited.

Amongst the ten hearts of the Goddess, there was no one of the Golden Spirit Race.

Long Chen didn't know what kind of position the Master Flag of the Serpent God Hall held, but in terms of strength, if the other party was a Holy Spirit Realm warrior, then they should be around the same level as the Tower Lord of the Thunder Spirit Realm. It was obvious that he was also a very influential grand character. Otherwise, they would not have thought so highly of the goddess' heart.

Through the white light barrier, Long Chen saw a stone wall in front of him, the surroundings were filled with strange rocks.

In the depths of the purple electrode water, there were mountains like this everywhere.

But this place in front of him should be the entrance to the Palace of Goddess. To be able to hide the entrance to this extent, he truly is worthy of being a spirit race.

As for the intense light rays that Long Chen saw earlier, it did not come from the entrance of the Palace of Goddess, but from the Golden Spirit Race. When the white light barrier approached, Long Chen found that there was a man standing beside the stone wall. He looked to be more than ten thousand years old, but this man looked to be about the same age as the Holy Spirit, just like a young man. He had a head of long golden hair, his entire body looked like it was cast out of metal, and his handsome face was like a carving of a sword.

As the heart of the Goddess drew near, the metallic rays of light on his body weakened, turning him into an ordinary member of the Gold Spirit Clan.

This man was clearly a high-class existence in the Immortal God Realm, a top-notch cultivator. Compared to him, Long Chen could only be considered a young junior, but Long Chen was not worried.

"If he knows your identity and transforms it into that of a human, then the Blood Spirit Clan's identity may have other uses. Don't let anyone know first." As for Ling Xi, he will appear as a Holy Spirit Race member. "

In the goddess' heart, the Sea Spirit race's Sea Spirit said to Long Chen softly.

"Yes."

Long Chen did as she said.

It was obvious that the Goddess Heart had already been informed of the success of the operation. The transmission of the talismans was so convenient, perhaps the entire country would already know about it by now.

Although Long Chen did not see the situation of the spirit race and humans, it was clear that the human race would definitely cause a huge commotion. Long Chen's name would definitely spread throughout the entire human race, and regardless of whether it was the identity as the son of the Eternal Dragon Emperor, or the fact that he had killed the human genius, Di Yu, all of these would cause a huge commotion in the human race. They would hate the spirit race greatly, and some even infiltrate the spirit race to seek revenge.

Long Chen had been smelly for thousands of years the moment he appeared.

The human race had too much expectations for Di Yu.

Long Qinglan destroyed their dream of dominating for the first time, while his son easily destroyed their second time. How could they not hate this father and son pair?

As for the Spirit Race, they were probably rejoicing and shocked even more. There was even less of a need to talk about the Spirit Race. They could be considered to be reaping the rewards while sitting on the sidelines.

As for Long Chen's name and identity, because of Long Qinglan's relationship with him, had already completely spread throughout the Immortal Divine Region.

At this moment, the white light had already made contact with the stone wall, but the Holy Spirit was not prepared to go in, and the Golden Spirit Race man, Jin'e, was standing right beside him, with a strange smile on his face that had never changed since ancient times. His gaze swept across everyone present, and finally landed on Long Chen, and started to speak: "This young man, is Long Chen, the one who killed the human genius, Di Jun's biological son Di Yu, the only son of the Eternal Dragon Emperor?"

The others in the Goddess's Heart probably didn't like this person. The Holy Spirit's eyes were cold and fierce as he said, "I won't answer such an obvious question. Jin'e, why are you waiting here?" You should know that our Palace of Goddess does not welcome anyone. "

You have done very well. You have done a great service for the Su Shrine, winning the chance of a thousand years of peace, and the reason why I am waiting here is naturally to congratulate you all. The higher ups are already raising the rewards, and you all deserve the rewards.

"Oh!"

The Holy Spirit nodded and said, "Since that is the case, what about the reward from the higher ups? Take it out and have a banner master give us something.

Kindred maintained his smile, his golden skin shimmering with a faint light. With a wave of his hand, he caused the entire abyss to tremble, "Didn't I tell you already? Rewards are being collected and will be delivered in a few days. "

The crowd sneered in their hearts.

The Holy Spirit waved his hand and said, "Enough. There are only a few things that we, the Goddess, have set our sights on. If you want to reward them, then reward them. "After this mission is completed,

all of you must abide by your promises. My Goddess Heart won't accept any other missions within a thousand years. If there's nothing else, Banner Jin can go ahead and do whatever you want. We've gone through a great war and we've travelled for another half a month. We're already exhausted."

At this point, the Holy Spirit had already given the order to expel him without any concealment.

From these conversations, Long Chen could tell that although the Heart of the Goddess belonged to the Su Palace, it still did not hold high hopes for the current Su Palace. From the looks of the Golden Spirit Race, the Su Palace should be full of roots and internecine conflict.

In the face of the Holy Spirit Sect's undisguised order to leave, the esteemed Jin'e did not get angry, he had long known about the temperament of the Holy Spirit Realm, and at the moment, his expression did not change, "The reason why I am here, first, is to represent the higher ups of the Su Palace, to congratulate you all, and to be grateful to you all, and also to hear that the son of the Eternal Dragon Emperor has followed you all to the Spirit Race. The Eternal Dragon Emperor is a place of respect to us all, and since we are already here, we should treat him well, as the owner.

As he spoke till here, he once again smiled, and said: "I heard that there has never been a man entering the heart of a goddess, and that none of the beauties have welcomed any other man. This is the rule of the Palace of Goddess, and it is precisely because of this, that the millions of Spirit Race men drooled for the Palace of Goddess, and I brought Long Chen away, so as to not make things difficult for the beauties. After all, all of you want to entertain this expert's son, but do you not want to break the rules of the Palace of Goddess?"

The higher ups of the Serpent God Hall wanted to take Long Chen away?

Everyone looked at each other with anger in their eyes.

Although the Palace of Goddess does not welcome any men, he is different. He is currently our younger brother, and in the Dragon God Domain, we have agreed to let him follow us. The Palace of Goddess will definitely welcome him. What did they want the Eternal Dragon Emperor's son to do? To find the location of the Eternal Dragon Emperor? Or was he trying to get some sort of secret from him? I, the Holy Spirit, know clearly what evil things are in your stomachs, today I will explain it to you clearly, no one wants to take him away from us, not even the Spirit King, if not, just kill the Holy Spirit. "

She was not polite at all. Her eyes were like a fierce tiger, and her aura was intimidating.

Under her domineering words, Kincaid had nothing to say.

The others all said together: "That's right, Long Chen is our beloved little brother, what's wrong with us bringing him home happily? It wouldn't be inconvenient at all. We are willing to be good to him, willing to let him live in the Palace of Goddess with us all his life, willing to protect him.

"Yes, we don't welcome any bad guys, but he's not a bad guy."

"What's so good about the Temple of Swords? You say we should cultivate it just because you said we should? Why should we trust you? We don't know if you're tormenting our dear brother. Furthermore, I don't believe that there isn't anyone in the Su Palace who has been abused by the Eternal Dragon Emperor s. If they were to stumble on Long Chen, we don't know either, so this is completely impossible! "

For a moment, they were too stunned to respond.

Long Chen knew that they were protecting him.

Otherwise, he would be even more unable to walk on his own when he went to the 'Temple of Souls' or 'Temple of Souls'.

So he said: "Thank you for your kind intentions, but Long Chen has just arrived and only wants to follow his sisters. He doesn't want to go anywhere, I hope senior will not force his."

As he finished his sentence, Kincaid was left speechless.

Previously, he said that he wanted to entertain Long Chen. Since Long Chen did not go, if he insisted on going, then it would be forcing him.

"Rumor has it that all ten of them are virgins, and today, they're actually bringing a man to live in the Palace of Goddess. If this news were to spread out, I'm afraid many of the men in the world would go crazy."

The Holy Spirit said, "That has nothing to do with us. Flag Master Jin, please. It's not a good habit to hinder others from returning home. "

After the Holy Spirit had been driven away, no matter how thick-skinned Kincaid was, he could not stay here any longer.

He left on bad terms.

When he left, he gave a deep glance at everyone, then looked at Long Chen, and said with a hint of jealousy: "A group of harem at such a young age, truly makes people envious.

With that, he turned into a ray of golden light and disappeared into the water.

"A horde of harem?" Everyone started to laugh, they thought that this guy saw Long Chen as the forbidden force of the Goddess.

"It really is just like the rumors say." It really is just like the rumors. So handsome, for nothing. "

Reddit

Chapter 1888 - Crest Dragon

The Palace of Goddess was hidden in the depths of the abyss. Only a few people knew the location of the heart of the Goddess was in the depths of the purple electrode water.

Today, for the first time, Palace of Goddess welcomed guests other than the Goddess. After the countless restrictions were lifted, Long Chen and the rest entered a deep cave. After passing through the cave, there was another world.

This pavilion, which was hidden in purple electrode water, was built on a clear lake. Around it was a small world of sparkling starlight, and the starlight above was just within reach. The lakeside was filled with grass and wild fields as far as the eye could see, and a purple crescent moon hung in the sky.

This was obviously not real, but it seemed so real and fake.

That purple crescent moon was obviously Taihe Xiyue.

"Welcome to Palace of Goddess!"

"I'm finally home!"

The Goddess cheered, instantly leaving Long Chen and Ling Xi behind, they rushed into their Palace of Goddess.

"How many years have it been? They're still like this." The Holy Spirit felt helpless.

Then, she looked towards Long Chen and said, "After coming to the Palace of Goddess, you can do as you please, just treat it as though it's your own home. In the west side of the Palace of Goddess, at the place closest to Tai and Xi Yue, there is a 'Breaking Moon Pavilion' which is currently empty.

Long Chen and Ling Xi looked at each other and heaved a sigh of relief. After trudging such a long distance, they were finally at peace. The Nirvana Qi in the Palace of Goddess was much richer than the outside world. Even the Holy Spirit could cultivate here, not to mention him.

"Thank you, Sister Sheng."

Ling Xi thanked the Holy Spirit in place of Long Chen.

"Hmm, in the future, we will be family. Don't be disrespectful to others, just be at ease in Palace of Goddess. Although they are not young, they still like to cause trouble. You all have to be careful. " With that, the Holy Spirit also left.

She had always been very dignified, but she did not expect to be able to say something funny.

Under the flower spirit's lead, Long Chen and Yue Yang arrived at the Moon Reflection Pavilion. The Moon Reflection Pavilion, which was constructed on top of a clear lake, was located right below Zi Tai He and Xi Yue. Under the reflection of the purple moon, the Moon Reflection Pavilion seemed to have come from a dream.

From then on, Long Chen stayed in the Palace of Goddess.

After he settled down, only then did Long Chen check on his own situation.

After that final battle, in truth, his body had undergone a huge change. He was rushing along the way, spending most of his time on the Heaven and Earth Transference Array, and only now did he have time to calm down.

Ling Xi was meditating on the Sector lord Divine Arts beside him. She was extremely calm and did not disturb Long Chen.

Along the way, the two of them chatted quite a bit.

Being able to cultivate shoulder to shoulder like this is probably the greatest happiness in the world.

Here, there was no killing, no panic, only warmth and the company of the woman he loved.

In truth, Long Chen was already feeling anxious.

"With the Blood Weeping Dragon soul, after engulfing Di Yu, the Blood Weeping Dragon soul returned to my body, and actually transferred all of Di Yu's life essence to me."

The heaven defying aspect of the Blood Weeping Dragon's soul was not that it was fighting, but that it was in this place.

Whether it was the Spiritual Refinement Fire or the Sobbing Blood Dragon's Soul, both could be said to be terrifying.

The Divine Flame of Refinement was able to refine someone's cultivation.

The Blood Weeping Dragon's soul was even more terrifying, and it directly devoured him. Di Jun's bloodline, had all been digested by Long Chen into the most primitive form of energy essence, and was integrated into every single minute particle in his body. Although it couldn't be seen for a short period of time, but the help that Long Chen received was absolutely great.

"This is simply equivalent to me having the bloodline of the Emperor Jun!"

Long Chen checked his body, he was extremely shocked.

With the divine might of the god blood descendant in his bloodstream, it was very likely that he would even awaken the [Emperor Jun] 's divine power in the future. By doing so, he had the combined power of the god blood descendant and the Dragon Fighter s, and he had even surpassed everyone in the god blood descendant s, nearing Ling Xi.

The most obvious help of the Di Jun bloodline was to bring Long Chen along and break through to the late stage of Sixth Stage of Nirvana Tribulation, allowing him to begin to come into contact with the realm of the Primal Chaos God that Su Muchen had mentioned.

At this rate, as long as he continued his cultivation, he wouldn't be too far away from that cultivation realm.

"Within the Spirit Race, I need to at least reach the true tribulation of reincarnation before I have the qualifications to return to the human race. As for the Five Dragon Cities, as long as I display enough talent and suppress Di Yu, I might not be hated like the human 72 - The Ancient City of God's descendants."

In reality, Long Chen had long thought of what to do.

After a day of cultivation, his cultivation had stabilized at the later stages of the Life and Death School.

Long Chen felt that now that he was facing two different types of tribulation of reincarnation, he probably didn't need to activate the Godfire to use its extreme power, and using the ultimate power of the Godfire didn't have any benefits for himself either.

He had already achieved such a high standard with her Sixth Stage of Nirvana Tribulation, but in reality, his Sixth Stage of Nirvana Tribulation was already heaven-defying.

His cultivation might not necessarily be done. When he opened his eyes, Ling Xi's graceful body was standing in front of the window. The purple moonlight from Tai He Xi Yue outside shone on her beautiful face.

"Brother Chen."

Seeing that Long Chen had woken up, Long Chen floated over and landed in his embrace. He said softly: "I still enjoy accompanying you in this quiet and peaceful manner. I keep on fighting and killing. It's really too tiring."

"It's all my fault." Long Chen originally thought that after marrying her, he would be able to live a carefree life, but he couldn't let go of his father's honor.

"No, in order to live under the Nirvana Tribulation or the Reincarnation Tribulation in the future, in order to be together with you for a long time, I also want to work hard. Although I like peace, I want to live forever and never be separated from you.

Long Chen caressed her long hair gently and did not tell her that in reality, the reason he had chosen the god's chosen liquid was because he was worried that the people around him would leave him.

If one did not truly resist the tribulation of reincarnation, one would never be able to experience the joy of surviving a calamity!

"This time, I've also acquired a supreme treasure."

Long Chen embraced her waist, and the two of them stood under the purple Tai He and Xi Yue, extremely beautiful.

"What?" Ling Xi asked curiously.

It was a drop of dark yellow dragon blood, and to outsiders, this drop of dragon blood could only be described as terrifying. It contained a great mental impact that even ordinary people would not be able to face, but Long Chen was a person who had seen a ancestral dragon-inherited blood, so he could still endure it.

He said: "This is a Ultimate Dragon Inherited Blood Essence from Di Yu, and it is only beneath the Unparalleled Dragon and Ancestral Dragon. In the ancient era, Ultimate Dragon s were all considered a

region of experts, and when they had grown to their peak condition, they were considered the upper echelons of the Divine Realm, and should not be too far off from the level of Di Jun, the number one god in all of history. But the Dragon Fighter is simply too difficult, so the Ultimate Dragon Inherited Blood Essences are not even comparable to 80% of the Emperor's Blood God, but this is only in the eyes of normal people, in my opinion, it is more precious than 80% of the Emperor's Blood God!"

"Oh," Ling Xi looked at Long Chen with admiration and asked, "Then do you know what kind of dragon this drop of inherited blood essence came from? Why do I feel the aura of a snake on top of this? "

This was what he was puzzled about.

"It told me."

Long Chen looked at this drop of dark red dragon blood, and the corner of his mouth revealed a smile.

He said, "That's right. This drop of divine dragon blood essence is indeed related to snakes. Because it is a special case of a divine dragon, and its name is ' Ancient Fuxi Dragon '. A certain period of time ago, it had another name, ' Ancient Fuxi Snake ' . "

Other than the two ancestral dragon-inherited bloods, the Primordial Cry Dragon could be considered the highest level divine dragon that Long Chen had ever seen.

3000 star soul dragons, Primordial Devil Dragons, Heavenly Imperial Thunder Dragons, etc. Of course, the level of the Primordial Devil Dragon could also be more than just a super divine dragon.

Long Chen closed his eyes, as if he had returned to the The Absolute Beginning Period. That super era where countless divine dragons and dragons controlled the world, at that time, the Dragon Sacrifice Continent was still intact, with countless divine dragons soaring into the sky.

He said, "There are already demons in the The Absolute Beginning Period. At that time, only the Four Great Demon Ancestors still had their legacy left, but in reality, the greater demons of that era are all very powerful. Some of them are even comparable to Divine Dragons. Amongst the greater demons, the Snake Dowager had once possessed a king of snakes that was close to the Four Great Demon Ancestors. Her name was Ancient Clear Heaven Snake. "

Its bloodline is special, it has the ability to command all the snakes in the world, and although it's not strong, it grew step by step to the peak of the snake race, becoming a member of the divine beast. In the end, it neared the four great demon ancestors, and became worthy of the title of Serpent King.

"Did it succeed?" Ling Xi asked subconsciously, then immediately realized that the ancient snake had obviously succeeded. She smiled embarrassedly, it was extremely cute.

Long Chen chuckled: "Of course it succeeded, it went through countless trials and tribulations, but it had an unparalleled will and unyielding spirit. In the end, one of the Ten Great Ancestor Dragon, a mysterious existence, bestowed it with the status of a dragon, allowing it to change its appearance and become a Ultimate Dragon. That's why you can feel the feeling of belonging to a snake coming from him. "

"It told me all of this."

Long Chen stared at the dark yellow Inherited Blood in his hand and did not say anything for a long time.

#### Chapter 1889 - Blaming oneself

This Inherited Blood must be able to feel the aura that belonged to someone of the upper echelons in the Dragon clan from his body, thus it expressed its submission to Long Chen.

Of course, Long Chen already had the inheritance of blood essence of two levels of Ancestral Dragons. Even though the ancient dragon was powerful, no one in the Five Dragon Cities possessed the inheritance of blood essence of the Ultimate Dragon. If it weren't for the fact that the Dragon Fighter's heavenly tribulation was too difficult, the ancient dragon's inherited blood's value would have been even higher.

Thus, the ancient primordial blood essence of the Fuxi realm was of no use to him.

Although it was said that if he swallowed the Inherited Blood, it was very likely that it would be of help to him just like the Emperor's Blood, but this way the ancient dragon's value would disappear. Long Chen hoped that the dragons that left behind the Inherited Blood would be able to find their Inheritance, and not be forever submerged in the river of history.

Therefore, he was willing to find their inheritors for the ancient dragon.

"Xiao Xi, tell me, if I let you become a Dragon Fighter, would you be willing?" Long Chen gently asked as he held onto the ancient dragon's inherited blood essence.

's current talent was already extremely heaven-defying. If there were no surprises, then with what she had now, even Di Yu was deemed to be bound to become a god. Then, the same would be true for Ling Xi.

Fuxi Ancient Dragon, he should be able to make her even more beautiful.

However, Ling Xi shook her head and said: "Brother Chen, I am not suitable. Right now, with me, the blood of Goddess Su is the one who is in charge. If I add the dragon race's inherited blood essence, it will definitely lead to chaos. The Archaic dragon's blood essence is very precious. We should find a more suitable successor for it.

This drop of inherited blood essence was exceptionally gentle in Long Chen's hands.

Long Chen felt the aura of an unparalleled snake king. It was the ultimate king of all snake type demons in the Dragon Sacrifice Continent.

Then, who should he choose?

Ling Xi's beautiful eyes looked out the window, her red lips suddenly opened, and said: "I think there is a very good candidate, it's just that I don't know if she will succeed."

"Who?" Long Chen asked.

"Yan Er. She was originally a human, and was able to become a Dragon Fighter. Then, she possessed the bloodline of a Goblin Naga Tribe.

Ling Xi stuck out her tongue, she was extremely cute.

Long Chen's eyes lit up. He already had a plan in his mind, no one was more suitable than her.

"This little girl followed us to the Immortal God Realm, but she's unable to help. It's time for me to give her a little gift." Long Chen said with a smile.

"When we meet again, I'll let her try." Ling Xi snuggled up to Long Chen and said softly.

"It's been a long time since I've contacted the wolf cub."

I've been in a hurry lately.

Under the moonlight from Tai He Xi Yue, Long Chen took out the star talisman that was connected to Mo Xiaolang and activated the power within the star talisman. The distant Mo Xiaolang had a reaction, after about ten breaths of time, the star talisman finally had a reaction, revealing Mo Xiaolang's blurry face. He looked a little tired, but even though it was separated by the star talisman, an invisible, fiendish aura was still pouncing towards him.

"Brother, did you come out from the battlefield of the gods?" Did you go to the Spirit Race? "

Mo Xiaolang asked quickly.

Long Chen said: "We have safely reached the Spirit Clan. With the protection of the Spirit Race, there shouldn't be any problems. How about you, how are things in the demon race? "

Mo Xiaolang said: "Nothing, just cultivating in Skyfox Region. Maybe I was too desperate and was a bit tired, but once you are safe, I can relax. I kept calling out to you for a period of time but I didn't get a response."

Long Chen knew that it was at the time when the three treasures were being rewarded in the game of gods.

"Some accidents have happened, and they are over now. Oh right, after a few days, I will stabilize myself and go to the Spirit Demon race to look for you. I have a present for Yan Er. "

Oh, "Mo Xiaolang was stunned for a moment, then said," Big Brother, the demon race isn't friendly to the human race, it's best if you don't come here. Perhaps after a year or two, when you've laid down some foundation, we'll talk about it again.

did not need to worry about him since he was the only one who was safe. He nodded and said: "Alright, let's do it this way then."

After breaking the connection, Long Chen looked at the star talisman in his hand and said: "I feel like Little Wolf seems to be hiding something from me."

Ling Xi was startled, and said: "Really? Why didn't I see it? "

Long Chen's thoughts were much more meticulous than hers. Suddenly, an idea came to him, and he pulled Ling Xi along as he said: "Let's go find the flower spirit."

As the two walked in the quiet Palace of Goddess, they quickly reached the Hundred Flowers Pavilion, where the Flower Spirit was. There were over a hundred types of flowers and plants here, and the fragrance filled the nostrils. There were quite a few butterflies fluttering about, making one feel as if they had arrived at a paradise.

"Why are you looking for me?" When the flower spirit appeared, it looked lazy. After coming back from Dragon God Domain, they were afraid that they had gone to rest.

Long Chen sat in the middle of the Hundred Flowers Pavilion and went straight to the point, "Big Sister Flower Spirit, you are able to communicate with Ruo Xi using the Star Talisman, I would like to know the situation of a brother of mine in the Demon Clan."

The flower spirit shyly smiled and said, "Of course you can."

With that, she found the star talisman and summoned Ruo Xi right in front of Long Chen. Not long later, Ruo Xi appeared within the star talisman.

"Ruo Xi, why are you so pale? Is something wrong? "

On the other side of the star talisman, Ruo Xi was panting hard as he said, "Hmm, something big happened. I am very pleased to hear that you have succeeded. "

The flower spirit nodded her head and said cutely: "It's indeed a success. Di Yu was the one who killed Di Yu.

"Long Chen?" Hearing this name, Ruo Xi was stunned, the news did indeed shock her, she shook his head and said: "It is still not about these two brothers, I have recently been punished, and almost got killed by the clan's elders. Luckily there are many people who protected me."

"What happened?" The flower spirit was anxious, Long Chen's side was also holding their breath, it was clear that this matter was related to Mo Xiaolang, yet Mo Xiaolang actually caused Ruo Xi to be punished by the Nine-tailed Sky Fox family? He almost lost his life?

"A few days ago, I brought a wolf clan member, who is also Long Chen's sworn brother, to the Human Gods Battlefield. This is to let him live in the Skyfox Region, and I trained him with all my might to increase his potential by leaps and bounds. He also has a half demon woman he likes by his side, so he was rejected by the Goblin Tribe.

Following that, Ruo Xi told the Flower Spirit everything that happened after she left in detail.

"What?! The Heavenly Fox Demon Flame has been devoured by three-quarters of the way. His fighting strength has directly soared to the point where he can fight against the Four Symbols tribulation of reincarnation!"

In the heart of the Goddess, she could be considered the weakest, and also possessed the Four Symbols tribulation of reincarnation. This was exchanged for thousands of years of bitter cultivation, so what kind of existence was that wolf youth exactly, for him to reach such a level?

Ruo Xi also said, "I still don't know what's going on. Right now, the entire Dreamy Fox Divine Palace is chasing after them, and it has affected other Divine Palaces as well, but I think that they probably left the Dreamy Fox Divine Palace a long time ago."

Along the way, Long Chen clenched his fists tightly.

"Little Wolf's Devouring Inherent skill also has a limit, surpassing the limit. He won't be able to control it in a short period of time, and the strength of the Four Symbols tribulation of reincarnation is something he has to cross. However, he hasn't gone through tribulation."

With that thought, Long Chen's face turned pale white, and his eyes started to become bloodshot. He had thought of a very bad possibility, but this possibility was extremely high ...

At this time, the flower spirit said: "If one did not cross tribulation of reincarnation, then isn't this a demon that has betrayed the heavens? How could he have demonic qualities at such a young age? It shouldn't be possible. Maybe it has something to do with his innate talent? "

Long Chen stood up and said, "Big Sister Flower Spirit, I'll be leaving first."

He was extremely fast, so he brought Ling Xi back to the Moon Reflection Pavilion. The flower spirit looked at them in a daze, then started to chat with Ruo Xi again. After she was done, she went to tell the Holy Spirit about this matter.

Of course, this was no secret.

"Brother Chen, how can the little wolf be bewitched? When I talked to him just now, apart from being a bit tired, he was quite normal. Ling Xi said firmly.

She had known Mo Xiaolang for a long time and knew his personality.

However, Long Chen said: "You forgot something, martial magic seed."

"Ah, isn't that digesting?"

Long Chen said: "The little wolf probably thinks so too, I was too careless, who said that the martial magic seed was just a black flame? The flames could only be his medium. The real martial magic seed probably did not have any form, but had a kind of thought. I'm afraid you've harmed the wolf cub! "

Speaking till here, Long Chen's heart felt like it was being stabbed by a blade.

Back then, Mo Xiaolang had only swallowed the martial magic seed in order to protect his ...

After returning to the Breaking Moon Pavilion, Long Chen placed the Star Rune on the high platform. He activated the power of the Star Rune and contacted Mo Xiaolang again.

"There must be a degree of difference between becoming a demon and becoming a demon. Even though the death of the City Lord is very deep, the wolf cub is afraid of my worries. He deliberately conceals it and must still have a clear mind." I want to save him! "

Long Chen said somewhat hysterically.

"Brother Chen, calm down." Ling Xi held onto his palm, her ice-cold and slippery hands causing Long Chen's irritable heart to gradually cool down.

At this time, Mo Xiaolang's figure appeared from within the star talisman once again.

This time, when he appeared, Mo Xiaolang was a little suspicious, and asked: "Big brother, why did you look for me again? I'm in a hurry to cultivate."

This training would most likely result in him fleeing.

Long Chen took a deep breath and said, "Little Wolf, I've contacted Ruo Xi."

Chapter 1890 - Tower Lord of the Thunder Spirit Tower

Hearing this, Mo Xiaolang was not surprised, but he knew, that this matter had already become big, and was definitely unable to be hidden from Long Chen.

For a moment, he was silent.

"Is it about the martial magic seed?" Long Chen said after taking a deep breath.

The last time Yan Er was taken away, my heart was nervous and I couldn't control myself, causing my body to change. But don't worry Big Brother, I will definitely not be like the City Lord who died in a vain attempt to control me. I'm awake. "

Long Chen did not doubt Mo Xiaolang's kindness at all. However, he had no choice but to worry in this state. After pondering for a moment, he said, "Come to the Spirit Race side, I'll head to the Monster race side and reunite as soon as possible. Right now, the Monster race is too dangerous for you.

The only way was to reunite as soon as possible and take care of each other. Finally on the side of the Goddess, Long Chen would explain it all to them.

This was Long Chen's decision.

"Big brother." Mo Xiaolang suddenly interrupted him, his expression a little dazed, and said: "This is your first time in the Spirit Race, so you shouldn't go wandering around. Yan Er and I are very good, we have already left the Dreamy Fox Divine Palace, and no one here recognizes us anymore. We are preparing to travel around the Immortal God Realm, at least for now, I am not in any danger, so there is no need to be in such a hurry. "

Long Chen was unable to understand what he was thinking, and said anxiously: "Your current situation isn't right, the martial magic seed is also secretly affecting you. With Yan Er following you, you need to take responsibility for her and protect her safety.

If it was the past, Mo Xiaolang probably would not reject.

You don't have to worry about me, I'm looking for a way to eradicate this. You just have to focus on your cultivation, and I've roughly found out about your situation, and your time is limited, you have to return to the Dragon God Domain in the future, and you can't waste too much time doing things for me. "

"Little Wolf!"

Long Chen was extremely anxious in his heart, and said: "I know what's important. If you still listen to me, then do as I say, we'll meet up at the border between the Demon God Area and the Spirit God Realm, and then think about other things. How about that?"

Probably because of the influence of the martial magic seed, Mo Xiaolang became exceptionally stubborn. He stayed silent for a long while, and in the end, still chose to shake his head, and said: "Big Brother, don't be angry, the current me will only bring you trouble. Today, I can't decide either.

With that, he cut the connection between the talismans.

The Moon Reflection Pavilion quieted down.

Ling Xi held both of his hands and said: "Calm down. You should believe that the little wolf can handle this situation and not give him too much pressure. He's doing it purely for your own good. "

Long Chen nodded his head helplessly. Honestly, this matter was caused by his own negligence, but he blamed himself in his heart, so he could not watch Mo Xiaolang suffer, it was just that Mo Xiaolang stubbornly refused to listen to his advice.

"Then, first of all, we will moderate the situation for a while, and then we will ask him. In a few days, I will tell the Holy Spirit that we are going to leave this place. "Go find the wolf cub."

Long Chen had originally wanted to settle down in the Spirit God Realm for a while. Based on this, he would probably leave the Palace of Goddess ahead of time.

"You want to leave?"

The Holy Spirit and the other beauties came forward.

Most likely, the flower spirit had also told them about Mo Xiaolang.

Long Chen nodded and said: "In a few days."

The Holy Spirit nodded, and said, "Then we will talk about it in a few days. To be honest, we are not very comfortable with you taking her with you. Right now, she is our sister."

Ling Xi?

Long Chen laughed, and said: "You can rest assured, I have already protected her for many years. Ten-odd years ago to this day, there has never been a single mistake."

The Goddess respected Long Chen a lot, so they didn't push him too much.

Among them, Feng Ling said, "To be honest, your current identity is special. The son of the Eternal Dragon Emperor, no matter where you go, you will always receive a lot of attention. If you want to leave, it's best to use your identity as a Blood Spirit Clan member to conceal your identity."

Long Chen nodded.

Coming to the Spirit Race, staying in the Palace of Goddess was not an option.

The Holy Spirit suddenly said, "In fact, a few people from the Temple of Words have come to take you back to the Temple of Words. They were all driven away by me. However, the news about you being in the Palace of Goddess has already spread. I believe that before long, all of the people of the Spirit King will come looking for you. That Tower Lord of the Thunder Spirit Tower, he knows the location of our Palace of Goddess. "

The Tower Lord of the Lightning Spirit Tower was one of the twenty-eight Tower Masters of the Spirit Race, and had a battle strength comparable to a Saint realm existence. Although the Spirit Race was small in numbers, they did not go extinct. The only reason was that there were many super experts within them.

After giving them a few more instructions, they left.

When Long Chen entered his cultivation state, he roughly understood that he wouldn't be able to relax just yet. He needed to use a huge amount of energy, he needed to break through!

In terms of the heaven's way, the Blood Weeping Dragon Soul and Dream Return's origin had already brought about a huge increase, the only thing that he lacked was the power of rebirth. At this moment, Long Chen was no longer polite, and directly closed the Moon Sobbing Pavilion, and with his passionate integration with Ling Xi, both of them had made a lot of breakthroughs recently, especially Long Chen, whose pure woman's bloodline displayed great power after several days of interaction. Ling Xi had received a huge increase in her innate talent, which was so great that her growth was terrifying, it was almost close to tribulation of reincarnation.

Long Chen also received a lot of help, and he would be able to receive the arrival of the Primal Chaos God very soon. As for what the mysterious Tai Chi God would be like, Long Chen was truly looking forward to see. At the same time, it also meant that his strength had increased explosively.

Other than that, what were the two other realms after the primal chaos?

It was already a miracle that the goddesses could actually endure Long Chen's and Ling Xi's love and kindness. Long Chen was really worried that they would suddenly barge in.

A few days later, Long Chen contacted Mo Xiaolang several times, but he did not reply.

He was almost unable to hold himself back. If the other party didn't come looking for him, then he would have to go looking for him.

At this time, there was some movement outside.

The flower spirit, sea spirit, fire spirit and the rest were outside. Long Chen immediately went to welcome them, but saw that their faces were flushed red, the fire spirit smiled flirtatiously and said: "Alright, Long Chen, I warned you to not do anything rash in my Palace of Goddess, yet you tormented us for a few days and nights, the few of us could not endure it any longer.

As she spoke, she deliberately gathered up her breasts. The round, tender, round, and smooth surface of her perfectly round body was filled with allure. She was like a ripe apple that was ready to be picked at any time.

As expected, the other party was already as fierce as a tiger. Long Chen was so frightened that he retreated half a step and when he heard movement outside the Palace of Goddess, he immediately changed the topic.

Hua Ling interrupted him, "Yes, it's the Tower Lord of the Lightning Spirit Tower. He wanted to meet you by name, he came here with the will of the Spirit King, and big sister Sheng Lingjie couldn't chase him away, so she took you to meet her. You don't have to worry, we will protect you well."

"Go." The Sector lord Divine Technique had already covered up the hands of the Long Chen Ranker, so even the Holy Spirit could not see it anymore. The Tower Lord of the Thunder Spirit Tower would definitely not be able to discover it.

The Holy Spirit was with the others, and the Palace of Goddess did not receive any guests, so even if the Tower Lord of the Thunder Spirit Tower came, he would have to wait outside in the purple electrode water.

This Purple Electrode Water was like an ordinary river to them. After arriving outside of the Palace of Goddess, Long Chen looked up, there were a total of ten people, most of whom were elderly people.

The Thunder Spirit Clan was tall and slender, with short purple hair and eyes that flickered with thunder and lightning. They had beautiful purple lightning patterns on their bodies, and electricity flickered on these patterns.

The one leading them was a young man. His eyes were like lightning, and his eyes were filled with a huge world of lightning. Lightning swam within, and thunder rumbled. His entire person was filled with a shocking killing power.

This person was dressed in a wide robe and had an imposing manner. He should be the Tower Lord of the Thunder Spirit Tower and completely followed the orders of the Spirit King.

After Long Chen came out, his gaze that was filled with lightning fell on Long Chen's body, and for a moment, Long Chen felt a huge pressure on him. The person in front of him was like a god, standing high above him, dominating thunder and lightning.

"You are the son of the Eternal Dragon Emperor, the Long Chen who killed Di Yu?" The Tower Lord spoke in a gentle voice.

Although he looked young, he was actually at least ten thousand years old. He was definitely an old monster whose age was a few hundred times that of Long Chen. Long Chen did not dare to be presumptuous and replied: "That's right, Long Chen greets the Tower Master."

After hearing that, the Tower Lord laughed, and said: "Then I shall get straight to the point. First of all, congratulations to the Goddess for making a great contribution to the Spirit Race, Spirit King has decided to cancel the status of being wanted, so that you can openly appear in the various occasions within the Spirit Clan, and secondly, Spirit King has heard that the son of the Eternal Dragon Emperor has come to my Spirit Clan, and lives in our heart of a Goddess. He told me to treat you well, and Spirit King and your father are good friends. But don't worry, I have already set up a feast at the Thunder Spirit Tower, representing the Spirit King in entertaining the heart of the goddess and the son of the Eternal Dragon Emperor. The Spirit King has personally instructed me to do so, so I hope that everyone can do the same. "

If it was the Tower Master himself, and he wanted to invite the Goddess Heart, the Holy Spirit might not answer. However, the other party had opened his mouth and closed it, clearly wanting to take advantage of his identity as the Spirit King to request for Long Chen's Goddess Heart to appear. If he did not come, then it would be disobeying the orders of the Emperor.
