

War God 1941

Chapter 1941 - I can't

The Infernal blood ants were very few in number, but their individuals were all extremely powerful.

The hundreds of thousands of hellblood ants they'd encountered were in fact the termites that had been released by the empress. She was the Paragon in charge of this place.

Countless blood-colored ants were screaming behind her.

They hated people who barged into their territory, and had basically killed them all. They had also valued the Hell Blood Ants that they nurtured, and Mo Xiaolang had killed over ten thousand of them. This kind of conflict could only be solved by slaughter.

This scene caused Su Yan's face to turn slightly pale.

Right at this moment, the opponent had come suppressing over, but Mo Xiaolang's speed was even faster, he did not care about making any movements, he just chose to transform into a beast form inside the deep underground world!

She was also afraid of the might of the Underworld Devil Ancestral Fire. However, in the midst of the flames, Mo Xiaolang transformed into a super huge beast, although this underground world was thousands of meters tall, it still trapped Mo Xiaolang.

The fire rushed up once more, and the Nine Hell Blood Ant caught up to them once again, but it was blocked by the Nine Hell Blood Ant once again. Mo Xiaolang took this opportunity to rush out with Su Yan, causing a large amount of dust to fly into the air.

"Do you want to leave?"

She broke through to become a huge Underworld Blood Ant right behind Mo Xiaolang, and her body was even twice that of a Sun Devouring Demonic Wolf. Her sharp claws and teeth were gleaming with an ice-cold light, and her blood-red eyes were filled with ridicule as she stared at Mo Xiaolang.

BOOM!

The earth trembled. The Sun Devouring Demonic Wolf's gigantic body charged out of the underground world, and the thousands of meters tall dragon dark wood was now almost as tall as him. The big tree had become a small tree, and the Queen of Hell was even more terrifying.

Hiss, hiss, hiss!

These hellish blood ants had already grown to the size of bugs in Mo Xiaolang's eyes, and their speed was extremely fast. In the blink of an eye, thousands of mountains climbed onto Mo Xiaolang's body and they extended their sharp claws, intending to bite Mo Xiaolang's flesh and enter his body.

Under the immense pressure of the battle, he was already engulfed by the Nether Demon Ancestral Fire. The blood ants that climbed up his body turned into charcoal in an instant, and the surrounding dragon trees also turned into ashes, causing him to instantly open up a large space in the forest!

Just at this moment, the Underworld Ant tore open countless trees and rushed forward. Her strong and forceful pincers were like two blades as they chopped forward, bringing about a fatal crisis for Mo Xiaolang.

Sword lights, sword shadows, filled with danger.

This was a gigantic beast from the tribulation of reincarnation. Standing at the peak of the Immortal God Realm, they were the ancestors of the demon clan from Dragon Sacrifice Continent. They were blessed by the heavens and enjoyed a high level of cultivation in the Immortal God Realm.

Demi-humans could also comprehend the Heavenly Dao.

This hellish blood ant was actually using a killing technique that was similar to Long Chen's.

Even those countless blood ants from hell were similar to Long Chen's Blood Weeping Dragon Soul.

The Sun Devouring Demonic Wolf released a fierce roar and dodged. A large part of the demon race's fighting strength came from their flesh, when they fought in close combat, their power was also extremely strong. When the two clashed, the battle became extremely intense!

In a short span of time, it had left several bone-deep wounds on the Sun Devouring Demonic Wolf's body. Under this kind of bitter battle, Mo Xiaolang's consciousness gradually became fuzzy.

"wolf cub, don't! You can beat her! You don't need to lose yourself, you have to persevere! "

Su Yan was very worried, worried that under this kind of situation, the state Mo Xiaolang was in when he was fighting the Sky Fire Azure Dragon the last time might even become even more severe.

"Hah!"

The Sun Devouring Demonic Wolf flew out and knocked over many of the dragons and trees. He uprooted all of the dragons and trees, causing such a huge disturbance. This place was close to the Heavenly Mouse Tribe's territory, Mo Xiaolang did not believe that they would not be able to sense it.

It was very likely that he would end up in a situation where he would face an enemy from the very beginning.

Not only would Mo Xiaolang have to fight with the ferocious Queen of Hell, he also had to fight with the devil in his heart. This was an unprecedented test for him. On one hand, he was fighting with all his might.

He definitely would not become a slave of the devil's will!

"I want to win!" I want to kill my opponent! I want to protect Su Yan! "

In the midst of the battle, Mo Xiaolang shouted from the bottom of his heart, he had killed red in his eyes, and the Queen of Hell had killed him, causing him to be drenched in blood and gasping for breath.

"wolf cub!"

Such a serious injury, yet there was no one to rescue him.

Although he had absorbed the Ultimate Dragon's inherited blood essence, he was temporarily not able to help Mo Xiaolang split the burden.

She really hoped that she could help Mo Xiaolang the way Ling Xi had helped him. She couldn't bear to see Mo Xiaolang slowly dying.

The bloodied warrior made Su Yan's face fill with tears. She could not make a sound, and could only look at Mo Xiaolang in a daze.

"I want to help, I want to help!"

Her blood was the king of snakes, she wanted to call out to him, she began to challenge her limits, she tried to use this blood to communicate with her companions from the forest. Her call was answered, she already felt that there were many snake type dire beasts coming their way.

No one knew if there was any greater difference between demon clans and dire beasts other than their intelligence, but Su Yan could only summon her beasts.

In the endless forest, there was an ancient beast. After hearing Su Yan's heart-wrenching cry, it woke up from its slumber and for a moment, the earth trembled and the mountains shook. It looked at the huge commotion in the distance with doubt in its eyes.

But at this time, the Underworld Blood Ant had completely suppressed the Sun Devouring Demonic Wolf.

"Little guy, if you want to fight with me, you are still far from being able to do so. Obediently become food for my darlings. If I don't kill you, my darlings will starve to death."

The Infernal Queen's body was completely cast in steel. Her hard armor could not even burn through the Nine Hell Devil Ancestral Flame, so the Nine Hell Devil Ancestral Flame that Mo Xiaolang controlled could not truly be considered strong.

In this battle, she had the upper hand.

Her disdainful smile forced Mo Xiaolang to walk step by step into craziness. The excruciating pain on his body caused him to gradually be unable to defend against the attacks from the devil thoughts.

"It's coming! wolf cub, you have to hold on!"

Su Yan could already feel that she had successfully invited a colossus to help her.

That dire beast was probably no weaker than the Queen of Hell. Furthermore, it hated the Queen of Hell.

Su Yan silently prayed.

But at this moment, an unexpected solution happened.

The Infernal Queen suddenly became terrifyingly strong. Countless blood colored battle blades appeared on her body and rushed forward, but her relatively small arms exploded with terrifying power, the power of the Four Symbols tribulation of reincarnation all bombarded onto Mo Xiaolang's body. The sword and the blade combined, instantly increasing the number of wounds on the Sun Devouring Demonic Wolf's body.

At the last moment, his eyes were still clear, still unbewitched.

He limply fell on the ground, but his eyes looked towards Su Yan's side, full of nostalgia, full of unwillingness, and also full of helplessness.

"Yan Er, I tried my best. I shouldn't have let you down, right?"

He knew that both Su Yan and Long Chen were worried that he would lose his mind, fall into the devil way, and become the kind of demon that would waste his life, a city lord who would treat all the people in the world like dogs, thus he had persisted even to the point of his death!

He hadn't lost to the devil!

He had only lost to youth because he was young. He was not a match for this kind of monster that had cultivated for tens of thousands of years.

BOOM!

Su Yan watched as he fell.

When the earth shook, her entire world seemed to shatter. It was as if she was struck by lightning, and tears immediately blurred her eyes. She forgot everything. Surrounded by countless hellblood ants, she rushed towards her bloodied body.

Mo Xiaolang laid his huge wolf head on the ground, looking at the little beauty in front of him, he was extremely unwilling. He still had too many things to do, he did not want to die, and even more so, he did not want to die in front of this girl.

"I want to live!"

Mo Xiaolang gasped for breath, and said with difficulty.

She pounced onto the Sun Devouring Demonic Wolf's body, and was already choked with sobs and unable to speak until she thought it through clearly. Then, she suddenly became strong and said loudly, "wolf cub, if you must die, then become a devil, no matter what you become! It doesn't matter if you have been despised by the people of the world, or if you have been crafty and cunning, turning into a devil with a heart, Yan Er will still follow you around the world. My heart will only be yours! "

She spoke so decisively that she thought of nothing.

She had already thought about it, she only wanted Mo Xiaolang to live. Even if he turned into a devil and became a demon that would waste the life of a city lord, she would not abandon him, and she would not regret anything.

Hearing this, the Sun Devouring Demonic Wolf was startled for a moment. It used all its strength and shook its head: "No, I can't."

"What a mess!"

The Infernal Queen suddenly pounced forward and stabbed Mo Xiaolang in the head with the sharp blade in his hand.

That passionate gaze finally lost its spirit.

Chapter 1942 - Demons

Su Yan lifelessly raised her head. Above her head was a field of blood red skies, which were the abdomen of the Underworld Ant Queen.

Her eyes had already turned gray, and she had also lost all spirit. This was a type of mental death, and when the blood colored battle blade pierced through the Sun Devouring Demonic Wolf's head, her heart also died in that instant.

"What a joke, a snake clan half-demon actually got entangled with a wolf tribe. How about it? Is life and death really that exciting? "

She stretched out her huge blood-colored pincers and clamped it around Su Yan's slender waist, then placed the little guy in front of her. What appeared in front of Su Yan was an endless sea of blood-colored eyes.

"Then, I'll let you reunite with him. "My darlings, the feast is about to begin."

The moment she finished speaking, hundreds of thousands of blood ants drilled out from the ground, covering the surrounding area and turning everything into a blood-red color.

As far as the eye could see, it was a world of blood.

Hundreds of thousands of hellblood ants let out shrill cries, and pounced towards the Sun Devouring Demonic Wolf.

This scene could only be described as a disaster.

Accompanied by her satisfied laughter, was the voice of the queen ant.

Su Yan had originally forgotten about life and death, and entered a state where she was on the verge of death.

She wanted revenge.

She still had a chance, she couldn't wait for death to come. If she were to leave this world like this, she wouldn't be able to explain to Mo Xiaolang, nor to him.

The eyes that had completely lost all spirit actually emitted a terrifying killing intent.

Su Yan had always been a well-behaved girl, she had even never killed many people before. She was like a fugitive who did not fear death. She used a vicious gaze to look at the huge beast in front of her. She revealed an indescribable smile and said, "I will let you die."

"Hmm?" In the blink of an eye, the Queen seemed to have heard Su Yan's voice.

After she clearly heard what the other person said, she could not help but laugh and say, "You really became a fool? How could love be so powerful? Can it make you hallucinate? "

Under her command, hundreds of thousands of blood ants began to gnaw on the Sun Devouring Demonic Wolf.

The shaking of the ground was getting more intense. It was not far away now, and there was not even a trace of fear in Su Yan's eyes. She indifferently looked at the Queen.

The Queen of Ants looked at her doubtfully. Then, she felt the ground shake as well. She turned her head and saw that the Dragon Silent Wood to her left had fallen to the ground in pieces. A huge monster was heading towards her.

"Is it that Serpent of the Sky - Jedefallen?"

The Queen of Ants was stunned. Why did this sleeping dire beast wake up, and why was it filled with killing intent?

Just at this moment, the Serene Dragon Wood trembled and immediately shattered with a loud bang. A terrifying snake head charged out and bit onto the pincer that was controlling Su Yan, using all its strength to break the blood colored pincer, causing Su Yan to fly out and be caught by the person.

After the light dissipated, what appeared in front of the Queen of Hell was a huge snake with a similar shape to it, it was also a huge being, this huge snake was shrouded in clouds, it was extremely beautiful, its color was like a snow-white cloud, and there were actually nine pairs of snow-white wings on its sides.

This was the Serpent of the Sky, the Azure Falling King Snake.

It stared at the queen ant with its azure blue eyes and suddenly flew into the air. It fluttered in the air above the forest and could be seen from very far away.

Su Yan was being protected by it on top of its head while it sat in the clouds beside it. It intimately communicated with Su Yan, only to discover that this girl was feeling depressed, and there was only killing intent in her heart.

This emotion was contagious. Without saying a word, it rushed down and puffed out clouds and mist from its mouth, causing the blood ants lying on the Sun Devouring Demonic Wolf's body to retreat one after another, fleeing in a sorry state. Many of them were directly turned into blood colored powder by the clouds.

Clang!

Although the Queen of Ants did not understand what was going on, she knew about the existence of this Huang Beast. With her Four Symbols tribulation of reincarnation, why should she be afraid of a Huang Beast that only had tri-level tribulation of reincarnation?

The Queen of Hell and the Jedefallen Snake began their slaughter!

For a moment, the forest shook once again, and in the distance was a group of people hibernating there, watching from the shadows.

"That Jade Net King Snake is probably not a match for the Queen of Hell."

This group of people were the adults from the Celestial Mouse Tribe that came in search of the missing children.

"Everyone, it seems like they were affected. It seems like the children of our tribe died under the hands of that wolf tribe. They used the same flames."

"Look, that girl is also an accomplice. Even if the Underworld Blood Ant doesn't kill her, we will still kill her."

Everyone nodded as they quietly watched the situation unfold.

"Although the Jedefallen Snake is fierce, it is still one level lower than the Underworld Blood Ant. It will probably be defeated."

"That girl is really magical, she can actually summon a Jedefallen Snake to help. If the Jedefallen Snake had arrived earlier and fought alongside that demon wolf, it probably wouldn't have been killed."

In their line of sight, the two giant beasts were engaged in a crazy battle, all of the dragons and trees within tens of thousands of miles were destroyed, and were completely razed to the ground. The Jedefallen Snake specialized in fighting in the sky, but the blood ant was like an iron machine, its entire body was filled with swords and sabers.

Su Yan moved along with the Jade Net King Snake, the killing intent in her eyes growing stronger, yet more tears flowed down. She originally wanted to take revenge, but now she could see that the Jade Net King Snake was not this demon's opponent.

"Is there really no hope?"

Her teary eyes looked at the Sun Devouring Demonic Wolf that fell to the ground.

He lay there peacefully, as if he was asleep.

Su Yan's shoulders twitched, she wanted to cry, all her tears had already flowed out.

At this moment, the Queen of Hell was laughing out loud as she chaotically slashed at the body of the Jedefallen King Snake. The Jedefallen Snake was finally severely injured and it let out a painful cry.

It did not intend to keep on fighting. Under its fear, it protected Su Yan well enough to escape.

It flew into the sky, throwing away the hellblood ant. In this battlefield in the sky, the hellblood ant simply could not catch it, and could only let it escape.

Su Yan also followed the Jade Net King Snake into the distance.

Amidst the endless clouds, she suddenly woke up. The Sun Devouring Demonic Wolf was already getting further and further away from her.

"wolf cub!"

Su Yan did not hesitate at all. If the Jade Net King Snake wanted to escape, she would not blame it at all. She welcomed the raging wind and descended from the back of the Jade Net King Snake, falling towards the Sun Devouring Demonic Wolf.

So decisive, so without a trace of hesitation.

But she gave up the chance without hesitation. She knew that her life belonged to Mo Xiaolang and he was very lonely lying here. How could she leave alone?

She was just a tiny bit, falling into the Sun Devouring Demonic Wolf's bloody and mangled fur.

The sky was so vast and her entire body was covered in blood, yet she felt that this embrace was so peaceful.

"If only I could lie together with you on the grass and look at the sky without any worries."

Su Yan snickered as she thought about it.

Suddenly, the sky turned blood-red.

The Infernal Queen looked at Su Yan in disbelief and said, "You could have clearly escaped, but you jumped down instead. You don't even care about your life, is your brain rusted?"

She could not understand what she was thinking about this small and frail girl.

In Su Yan's eyes, there was no fear at all for her. She just looked at the huge beast calmly, and said: "You can kill me, and let us die together."

"Being accompanied and dying doesn't seem like much anymore."

She was weak, helpless, and pitiful, but not now. She was not afraid of anything.

"Do you think that after I hear these words, I will become interested and let you off?"

The Infernal Queen laughed disdainfully. She thought that she had seen through Su Yan's tricks and let out a loud laugh.

The hundreds of thousands of blood ants drilled out from the subterranean world, and in the blink of an eye, covered the bodies of the Sun Devouring Demonic Wolf.

The steel demons surrounded Su Yan. They bit at the blood and flesh of the Sun Devouring Demonic Wolf as they glared at Su Yan like tigers stalking their prey. There were even more Hell Blood Ants who approached Su Yan, waving their sharp pincers as they charged ferociously.

Su Yan did not resist. She closed her eyes and waited for the moment of her death to come.

To her, this was even more of a relief.

She suddenly wondered, when did she first become attached to him?

It should be because when he was in the Desolate Imperial Domain, he saved him from a nightmare. From that day onwards, he did not seem to have left him.

Although they could not live together, it was a blessing to be able to die together.

"In the next life, I wish that I could have a peaceful life with a peaceful you, a you without disasters ..."

She closed her eyes and recited the words silently. The smell of those hellish blood ants was extremely disgusting. As it entered her nose, she did not notice it at all.

"Demon ..." Su Yan suddenly thought, "If he was defeated by the demon remembrance, he would have lost himself, but he would definitely remember me, definitely ..."

She didn't know what kind of position she had in Mo Xiaolang's heart, and sometimes, she felt inferior to herself. However, she didn't give up, as she felt that Mo Xiaolang needed her.

Time seemed to have stopped.

She thought that she had died, but the pain of death did not come. For a long time, she seemed to have heard countless sharp screams, and those screams came from far away, until Su Yan felt that the pain was unbearable. She had no choice but to open her eyes, and discovered that the entire world was covered in a sea of black flames.

Those flames were extremely cold, but to Su Yan, they were extremely passionate!

Please, flowers, we haven't thrown much lately.

Chapter 1943 - Resurrection from the Dead

Black flames pervaded Su Yan's field of vision.

It wasn't that she had too many of them, but when her eyes came in contact with them, she was unable to move away.

Tears of joy.

Just as she was about to extend her hands out, the boundless sea of flames beneath her began to move. With a loud bang, a vast and boundless force sent Su Yan flying, and she descended from the skies. When she landed, she discovered that she was standing on top of a wolf's claw.

In front of him, a pair of blood-red eyes suddenly appeared within the sea of black flames. Those were the devil's eyes, sinister and cold-blooded.

"wolf cub!"

She did not know if this was an illusion or something else. Perhaps the two of them were already dead, and this was an illusion. But no matter what, seeing him stand up again was the most beautiful thing to do in her life.

What answered her was an angry roar.

Those blood-red eyes, which seemed to flow like a liquid, turned towards the Underworld Blood Ant.

She unconsciously took a few steps back and warily looked at the monster that was completely engulfed in flames. The Nether Demon Ancestral Flame spread out, surging outwards and the surrounding leaves and giant wooden fragments also began to be covered in black colored ice.

"It's unbelievable. Are you reviving from the dead?"

The Infernal Queen said with some difficulty.

Although the other party's strength did not change, it gave her an extremely dangerous feeling. The Sun Devouring Demonic Wolf had already disappeared, and only the pair of eyes shrouded in flames could see it.

The pair of bloodshot eyes were cold and bloodthirsty, causing the Underworld Ant Queen, who specializes in the Way of Killing, to be suppressed.

"Pretending to be mysterious? I don't believe that if I were to kill you again, you would be able to live another life!"

The Infernal Queen let out a shrill scream and instead of retreating, she charged forward. Her huge, blood-red, steel body charged towards the black flames, shattering the ground along the way.

His bloodshot eyes remained the same from beginning to end.

The Infernal Queen's blade hacked down on the black flames once again. She won once again, forcing her opponent to retreat. However, what caused her to feel fear and excitement was that this time, her opponent's wounds were healing at a speed that could be seen with the naked eye.

"Die!"

The Infernal Queen did not expect that she would be so hard to deal with by simply killing a little fellow.

Countless blades attacked!

In a short moment, she was entangled with it, causing Su Yan to be thrown out. She floated down in midair, only to see the Infernal Queen being pressed to the ground by a black beast, and the Sun Devouring Demonic Wolf ignoring all the injuries on its body as it stared at the other party with its bleeding eyes. lowered his head coldly, ignoring the other party's struggles and screams as she pressed his wolf head against the neck of the other party.

Clang!

With a sharp sound, the Sun Devouring Demonic Wolf tore the head off while the opponent was screaming. The Nine Hell Devil Ancestral Flame wrapped around the head until it turned it into an ice sculpture.

The headless body struggled crazily on the ground until it became stiff and motionless, blood flowed like a river. The Sun Devouring Demonic Wolf's expression did not change as it walked forward and slowly swallowed the corpse of the Underworld Ant into its stomach. To be refined and devoured by fire was its nature!

Looking around, it was all over.

Without the ant empress's control, those hundreds of thousands of blood ants from hell were turned into gray stones.

Su Yan landed gently on the ground, her long tail changing colors. Compared to the Sun Devouring Demonic Wolf, she was so tiny.

The Sun Devouring Demonic Wolf lowered its head and looked at Su Yan with its bloodshot eyes.

Those were the devil's eyes, ruthless, bloodthirsty, emotionless, and filled with indifference. He gradually approached Su Yan, and when he opened his mouth, he was able to swallow Su Yan whole, but she was not afraid at all. She silently waited, smiling, until she touched his sharp wolf teeth.

"I knew you wouldn't die! I knew you wouldn't!"

She was half crying, half laughing, completely unaware that this was probably a demoness, that he would tear her apart.

However, what surprised everyone was that his blood-colored eyes were actually slowly fading away, until they finally became clear, and became clear. The pure and sincere feelings that belonged to Mo Xiaolang, returned once again.

The wolf fang in Su Yan's embrace had become his waist. His eyes had gradually recovered her figure and there were no injuries on his body at all. Those two hands hesitated for a moment, but still held onto Su Yan's weak body.

Exhaling a long breath, enjoying the rare peace, Mo Xiaolang said: "So it turns out, I'm not dead yet."

"Yes, everything is like a dream." Su Yan boldly looked at him with hot tears in her eyes.

"I remember you saying that even if I become a devil, you will still follow me, right? That's the only thing I seem to remember. "

Mo Xiaolang scratched his head and said awkwardly.

This was the real him.

Su Yan blushed and said, "I don't have any."

Everything around him was vast and boundless.

The people from one day ago definitely would not have imagined that they would meet with such a calamity.

It was precisely because of this catastrophe that they felt so happy at this moment of peace.

In the distance, even the Tong Tian Rats who were paying attention to this battle felt jealous of Mo Xiaolang's rebirth.

They looked at each other and began to discuss.

"Resurrected from the dead? Are we still going to kill him and take revenge for those little fellows? "

"Even the Queen of Hell was killed. We will go up. If he can maintain that condition, even if we can kill him, we will have died or injured. It's not worth it. It's best to invite the strongest members of the family."

"That's right, let them go first. Don't let them discover our existence." This little thing dares to kill our people, it's quite bold, how could we raise a little Celestial Mouse that easily? Then we can let others kill us just like that. "

At this point, one of them suddenly said, "I think I know who he is now."

Seeing everyone come over and ask, the person who spoke said: "Actually, you guys can find out after a while, there's something that's been going on in the Dreamy Fox Divine Palace, and it's that their Heavenly Fox Demon Flame was swallowed by someone, for the past few months they have been placing bounties on a wolf and a snake half demon, it's obvious that it's the two people in front of us.

Why don't we borrow the strength of the Nine-tailed Heavenly Fox and wipe them out, not only did we get revenge, we also earned a favor from the Nine-tailed Heavenly Fox."

Hearing this, everyone came to a realization.

"So it's these two little things."

"Looks like they're going to suffer."

After the agreement was made, they sent a few people to monitor Mo Xiaolang and the others from afar. The others went back to notify them, and prepared to use their star talismans to communicate and inform the Nine Tailed Heavenly Fox of Mo Xiaolang's appearance.

was in the light, they were in the dark, and the Tong Tian Mouse Tribe was originally strong enough to conceal themselves, so it was normal for Mo Xiaolang to not be able to sense their existence.

The demonic intent in his heart quickly dissipated.

This time, Mo Xiaolang had actually managed to quickly recover after falling into the devil way, which was far beyond Su Yan's expectations.

Seeing that Mo Xiaolang was still in his normal state, she felt more at ease.

"I don't even know what just happened. It's so mystical, as if I was walking through a tunnel and suddenly saw a fork in the road. When I walked through this path, I was already back!"

Then, under extreme anger, he killed the hellblood ant.

"En, hurry up and leave this place."

Su Yan immediately said.

With such a large commotion, this was definitely not a safe place, and might even be an extremely dangerous place.

Mo Xiaolang nodded as he brought Su Yan and moved through the vast Dragon's Nether Forest. Only after an hour had passed did they finally conceal themselves once again.

"wolf cub, the direction you're heading towards, seems to be the opposite direction from before?" Su Yan asked curiously.

Mo Xiaolang lowered his head and said: "Yes, I have."

"Decide what?"

He said, "Brother is on his way here, and it will take about a month. I've been worried about troubling him, and after this incident, I thought it through, you have a better idea than me, and with him around, at least there will be someone who can guarantee your safety. So I have to go find him and meet up with him."

Su Yan was moved. In fact, in the end, the reason why Mo Xiaolang's heart underwent such a change was because of her, because when she was facing death today, that helpless look would always appear in Mo Xiaolang's mind. He swore that he would not let this happen again.

He wanted to seek help from Long Chen.

"You're finally enlightened. Big Brother Long Chen knows what you're thinking right now, and will be very happy!" Su Yan said excitedly.

Mo Xiaolang nodded.

During their journey, the two of them started to plan their route, and then used the star runes to communicate with Long Chen. Mo Xiaolang hesitated for a moment, and still told the things that happened today to Long Chen, and then brought up the idea of hurrying to reunite with Long Chen.

Long Chen was naturally very glad that he had made such a decision.

They would reunite as soon as possible and relax as soon as possible.

As for the other problems, everyone could face them together.

"Let's hurry then. Pay attention to your safety and use the Star Talisman to communicate." Long Chen warned.

After cutting off the communication with Mo Xiaolang, and using all his strength to hurry on his way, Long Chen became serious and said: "The little wolf's demon mind should be getting more and more exuberant, but it didn't act up this time. It's probably on the eve of a storm, if we don't quickly find a solution, then it will really be troublesome."

Chapter 1944 - Restoration of the Crisis

They had all overlooked one thing, and that was the Celestial Mouse.

Of course, on Long Chen's side, there were also many types of cultivation, and one of the most effective ways, was naturally through love and kindness.

In this period of time, Long Chen realised that his improvement had become faster and faster, and Ling Xi also did the same. It was as if he had unknowingly reached the late stage of the Tai Chi God Realm, as if the god of tai-su s were about to arrive at any moment.

As his power grew, so did his strength. Right now, it was even stronger than it was when he defeated the Snow Spirit King.

With her ability and the heaven-defying Sector lord Divine Arts, against two levels of tribulation of reincarnation, she would not be a problem at all, and would even be more difficult to deal with. From today onwards, she would also be an extremely strong fighting strength.

Especially after he possessed the archaic instrument and the Butterfly Illusory Sword.

Under the control of the Nine Hell Illusory Butterfly, she had basically controlled the Butterfly Illusory Sword. In the future, if she was able to obtain those rare materials, she would definitely be able to restore the divine might of the Butterfly Illusory Sword.

As he sped through the vast lands of Demon God Area, more than ten days of travel passed in the blink of an eye. As the day of their reunion drew closer and closer, Mo Xiaolang's speed became increasingly fast, and was about the same as Long Chen's current speed. Originally, a month's journey, under the efforts of the two brothers, would be completed in less than twenty days.

During this time, Long Chen and Yue Yang had already arrived at a vast grassland.

In this place, the place was lush and verdant, with a wide field of vision. After advancing for three days in a row, he still could not see the end of the road. But what made Long Chen happy was that he could almost feel that Mo Xiaolang was already nearby.

The reunion of the brothers caused the four of them to be pleasantly surprised.

At the same time, Mo Xiaolang had already arrived in the middle of this boundless field.

"Is this the Heavenly Falls Grassland? "It's really big!"

Su Yan followed behind Mo Xiaolang and whined.

"With our speed, we should be able to reunite within a day." Mo Xiaolang said with a smile.

"Where are we going after we meet up?" Su Yan asked curiously.

"Well ..." Mo Xiaolang said decisively, "We are going to the chaotic star field, and only there will I be safe. I think Big Brother will definitely go with me, he doesn't need to stay in the Spirit God Realm, the chaotic star field can make him stronger, and as long as he becomes stronger, he can return to the Dragon God Domain! I know that even in his dreams, he wants to return to Dragon God Domain to prove himself. At that time, I will also go back with him! "

That's good.

Before this, he had been living a wandering life with Mo Xiaolang, worried about getting scared. But now, it was finally his turn to worry. No matter what, Long Chen was the pillar of their hearts.

Unexpectedly, when they stepped into a new land, they suddenly raised their heads, and a row of demon clan appeared in front of them. These demon clan members had snow-white or pink fur, and behind them were long foxes' tails.

These demon clan members who came from the Nine Tailed Heavenly Fox were mostly middle-aged people who had cultivated for thousands of years. Of course, their appearances were still that of youths.

The two sides suddenly encountered each other within this vast, vast prairie. Both of them were instantly stunned.

The Nine-Tailed Heavenly Foxes were actually hurrying forward as well. The direction they were heading towards was the Heaven-Devouring Manor.

The two teams just happened to bump into each other on the Tianshui Plains.

After hesitating for a moment, both of them instantly reacted!

After more than ten days, the fatal danger had arrived once again, and it had even occurred at the moment Mo Xiaolang was about to meet Long Chen!

This Nine Tailed Heavenly Fox was simply too coincidental.

"Sixth Uncle, I found the wolf clan and half demon in the Heavenly Cry Prairie. Come here quickly, we'll try to surround them!"

After discovering Mo Xiaolang, their first reaction was to communicate with their elders using their star runes, and notify them of Mo Xiaolang's news. They would definitely contact the true experts of the Nine Tailed Sky Fox, who were at least of the five element tribulation of reincarnation.

The Nine-tailed Sky Fox was a demon with exceptional talent. After cultivating for a few thousand years, they would basically be able to enter the tri-level tribulation of reincarnation, pass through the three

tribulations of heaven, earth, and man. They would be able to combine their primordial spirit and their physical body, and release the thirty percent Power of Reincarnation!

The combined strength of more than a dozen of them would not be weaker than that of the Queen.

What was even worse, was that as long as they could entangle Mo Xiaolang, they only had to wait for the arrival of their elders.

The situation was critical!

To be honest, the Heavenly Fox Demon Fire had a huge effect on the Nine Tailed Heavenly Fox, and more importantly, it was something left behind by its ancestors, it was a symbol of the Nine Tailed Heavenly Fox's dignity. As long as Mo Xiaolang was not eliminated from the Nine Tailed Heavenly Fox, their faces would be swept across the ground.

Face was the most important thing.

That was why they issued wanted orders to follow Mo Xiaolang and wanted to see his corpse if he was alive.

The news about the Celestial Mouse had helped them greatly.

They had rushed over at full speed, and the strongest group of people had long passed through the Heavenly Falls Prairie. However, they hadn't expected that the last group of people would meet Mo Xiaolang here.

"This is truly a wonderful encounter. Surround him, and even if he dies, he can't take even half a step away!"

Among the Nine Tailed Heavenly Fox, someone gave an order.

The Nine-tailed Sky Fox's speed was extremely fast, when Mo Xiaolang was escaping, they quickly chased after him. They had too many people, so if any one of them were to trap Mo Xiaolang, the others would be able to surround him, preventing him from escaping!

Rumble rumble rumble!

The ground of the Heavenly Falls Prairie trembled.

More than ten nine-tailed heavenly foxes transformed into demon foxes, their huge bodies surrounding Mo Xiaolang as they glared at him. Their nine huge foxes' tails swayed in the sky, their sharp fur filled with destructive power.

The Nine Tailed Heavenly Fox was proficient in the art of assassination. Its movements were fast and it could conceal itself, and it was an expert at tracking people. Every single person present possessed at least two levels of tribulation of reincarnation, and there were also several levels of tri-level tribulation of reincarnation.

"Brothers and sisters, don't let this guy escape!"

Their eyes were sharp and filled with pride, looking down at the trapped Mo Xiaolang with contempt.

"wolf cub?"

Su Yan was a little flustered in her heart.

Mo Xiaolang looked at them gloomily.

"Break out!"

In a short moment, he had become a Sun Devouring Demonic Wolf whose physique surpassed all of the Nine-tailed Heavenly Fox's. Those ice-cold flames and the baleful aura that shot to the sky made Mo Xiaolang look as if he was much more terrifying than them.

Buzz! Buzz!

The breath of the beast caused the grass on the prairie to dance.

On the day the strong wind blew, the Sun Devouring Demonic Wolf growled, bringing Su Yan in the most violent attack!

"Break!"

With his current strength, the Nine Tailed Heavenly Fox's encirclement was very weak for him. He chose a young Nine Tailed Heavenly Fox that had two sets of tribulation of reincarnation and launched an attack, causing the young Nine Tailed Heavenly Fox to immediately retreat as a result of being engulfed by the Nether Demon Ancestral Fire. A gap was opened, and the Sun Devouring Demonic Wolf found this gap.

Although its strength was inferior to Mo Xiaolang's, it was still able to follow behind Mo Xiaolang firmly. If Mo Xiaolang was able to meet them, he would not be able to shake them off, especially in this Heavenly Sable Prairie where his vision was endless, they would definitely fight it alone, and might not be able to match up to him, but they would not fight it head on either. Their goal was to wait for the arrival of the clan elders!

"If this goes on, I won't be able to do anything!"

Mo Xiaolang's heart was agitated, his demonic intent flourishing. No one expected that at the last moment, another accident would happen.

They chased endlessly, and even though the Sun Devouring Demonic Wolf had changed directions several times, they were still unable to shake off those Nine Tailed Heavenly Foxes. They were very relaxed, and were only responsible for keeping a close eye on Mo Xiaolang.

"I can only kill them, Yan Er."

Mo Xiaolang immediately said.

If he did not kill it, not only would the Nine-tailed Sky Fox appear as an elder, it would also implicate Long Chen.

Once he killed someone, he would most likely be bewitched.

However, in order to survive, he had no choice but to kill!

The charging Sun Devouring Demonic Wolf suddenly stopped in its tracks. The direction that he had changed to, suddenly, was headed towards the dozen or so Nine Tailed Heavenly Foxes that were chasing after it!

"Forging Furnace Formations of Heaven and Earth!"

Within his range of control, all of the Nine Tailed Heavenly Foxes were enveloped by the innumerable flames. Countless different types of flames gathered together and created a huge explosion, affecting all of the Nine Tailed Heavenly Foxes for a moment!

The Sun Devouring Demonic Wolf hid within the flames and attacked them while killing them. He started with the weak, his target being the two Nine-tailed Heavenly Foxes with two sets of tribulation of reincarnation, without any hesitation or regret, he used her strong wolf claws and pushed the two young Nine-tailed Heavenly Foxes to the ground, then used Wolf Fang and the Nether Demon Ancestral Fire to end their lives. Then, like an executioner, she stared at the other one.

"He wants to counterattack! Everyone pay attention to fighting with him, help each other, and save your lives. There's no need to fight him head on, our elders are coming! "

The Nine Tailed Heavenly Fox was slightly shocked, but it did not change its strategy. More than ten Nine Tailed Heavenly Fox surrounded the Sun Devouring Demonic Wolf, harassing it with their whip-like tails!

As the Sun Devouring Demonic Wolf fought, its eyes gradually turned red and its killing intent became stronger and stronger. Its power surged out like a flood and the sky and earth changed color in an instant!

No matter how much the Nine Tailed Heavenly Fox resisted, it still died under the Sun Devouring Demonic Wolf's wolf teeth!

Chapter 1945 - Reunion

In this battle, when they saw several Nine-tailed Sky Fox with second stage tribulation of reincarnation die at the hands of the crazy Sun Devouring Demonic Wolf, the Nine-tailed Sky Fox had no choice but to change their strategy. On one hand, they knew that escaping would only lower their morale and make their enemy even fiercer.

He had no choice but to take revenge!

Moreover, they couldn't wait any longer.

"Kill him! Kill him! "

Someone screamed crazily.

The remaining majority of them were warriors with three rounds of tribulation of reincarnation. Some were early, some were late, and all of them were very strong. Mo Xiaolang's maximum combat strength was in fact, at the late stage of tri-level tribulation of reincarnation, which was why he was defeated by the Hell Ant.

But he had no choice, because killing was his only way out.

Ever since he came to the Demon God Area, he had always been forced to do so.

Back then, when he separated from Long Chen for the first time and went to the Desolate Imperial Domain, he quickly ascended without any disasters.

But this time in Demon God Area, there was a difference between heaven and earth.

The killing and retaliation of the dead zone was causing some changes to take place in his heart!

The Sun Devouring Demonic Wolf s, who were fighting desperately in despair for a chance at survival, made Su Yan nervous, but she had no choice but to cry. This man was too heartbreaking.

In a fight, he was alone.

There were very few dire beasts in this large Heavenly Flute Prairie. If Su Yan wanted to summon one, there was nothing she could do.

He could only rely on Mo Xiaolang.

"Surround him, surround him!"

The Nine-tailed Sky Fox attacked together, their fox tail that could be used as a weapon, claws and teeth that could not stop leaving scars on the Sun Devouring Demonic Wolf's body. Especially since the Goblins could also use their Dao Arts, the fox tribe's Dao weapons were equally powerful, in many ways, they had directly suppressed Mo Xiaolang!

This was an extremely intense battle!

A large area of the Heavenly Falls Prairie was destroyed.

What Mo Xiaolang was worried about was not the opponents in front of him, but the Nine-tailed Sky Fox that was rushing over.

Under the immense psychological pressure, his eyes started to drip blood again.

"I want to kill them quickly, quickly! Otherwise, Yan Er would definitely be harmed, and Big Brother would also be implicated, kill kill kill kill! "

The color of blood in his eyes was becoming more and more intense.

Su Yan watched all of this, but was powerless to stop it.

She believed that Mo Xiaolang was a very strong person, he would definitely recover.

"How did the wolf clan become so strong? That doesn't make sense!"

The Nine Tailed Heavenly Fox was getting more and more exhausted, but what surprised them was that their opponent was getting braver as the battle progressed, and it far exceeded their expectations.

"Impossible!"

They had always been at ease because they thought that they would be able to defeat Mo Xiaolang, but now, they had realized just how terrifying he was. This was because in this process, a Nine Tailed Heavenly Fox with tri-level tribulation of reincarnation had already died under the Primordial Flame!

As more and more people died, the Nine Tailed Heavenly Fox's eyes turned red from killing.

"Brothers and sisters, the elders will be coming soon. Hold on, as long as one of the elders from the Four Symbols tribulation of reincarnation comes, we can make this guy die without a burial ground!"

"You dare to swallow my fox race's Heavenly Fox Demon Flame and kill my Nine-tailed Heavenly Fox Clan? You are simply courting death, forever unable to reincarnate!"

Under the intense battle, the Sun Devouring Demonic Wolf's entire body was engulfed in flames, almost as if he was immortal. The injuries caused by his opponent were quickly healed, he was like a demon in black, one could no longer see his face clearly within the flames. Only his terrifying pair of blood-colored eyes made everyone's hearts palpitate!

Huala!

At that moment, the Sun Devouring Demonic Wolf suddenly pounced on a Nine Tailed Heavenly Fox and pressed down on his body. The sharp wolf teeth, under the encirclement of the Nether Demon Ancestral Fire, instantly pierced through her skull!

"Let him go!"

Countless Nine Tailed Heavenly Foxes rushed over, their whip-like tails almost striking Mo Xiaolang in half, causing him to be drenched in blood as he flew backwards. However, even if he was knocked down, he would still bite on them desperately, and under his brutality, the Nine Tailed Heavenly Fox kept on screaming miserably, eventually losing its life.

Only after killing the other party did the Sun Devouring Demonic Wolf crawl back up. Its bleeding eyes made the Nine-tailed Sky Fox fear in their hearts, as he only had three opponents left, two of them were already at the late stage of tri-level tribulation of reincarnation, but they were still riddled with wounds.

"Let's hold on for a while longer, they will arrive soon. We must avenge our fallen brothers and sisters! "

"We can't let him go even if we die."

The reason they were able to survive was all because they were the elite of the team. Seeing that Mo Xiaolang was on the verge of death, they once again launched their attacks.

His eyes were filled with dense blood Qi, and it was filled with indifference. His devil will had already exploded to the limit, and he did not have the slightest bit of fear or retreat, the Nine Tailed Heavenly Fox was very powerful, but he was even more powerful. Under such close combat, he did not even care about his own life!

However, there would always be a time when he would be tired!

After killing another Nine Tailed Heavenly Fox, the Sun Devouring Demonic Wolf was exhausted. The wounds on its body had not healed and its four limbs were swaying. It was almost unable to hold on any longer.

"He's finally not going to make it." The remaining two Nine Tailed Heavenly Foxes rejoiced as they spoke.

Of course, they were also at the end of their tether.

They looked around in shock at the dozen or so corpses of the Nine Tailed Heavenly Fox. In order to deal with this fellow, the Nine Tailed Heavenly Fox could only be described as having suffered heavy losses.

Blood everywhere.

The blood converged into a river, surging and flowing above the heavenly melody prairie.

"We've won. The Wolf Tribe is about to collapse. Our elders should be arriving soon. We'll only have fifteen minutes at most."

The two Nine-tailed Sky Fox heaved a sigh of relief. They saw that the Sun Devouring Demonic Wolf was about to collapse and had almost won, but they did not dare to loosen their grip and continued to attack Mo Xiaolang with its tail. One must know that the tail of their fox was able to crack the earth.

RUU...!

Large amounts of blood splashed out.

Su Yan tried to use her own body to block the fierce fox tail for Mo Xiaolang.

"This kid is dead for sure."

The two Nine Tailed Heavenly Fox said.

Just as they finished speaking, the Sun Devouring Demonic Wolf that was lying on the ground suddenly pounced, and with the speed of lightning, it bit off the head of one of the Nine-tailed Heavenly Fox, and before the other party could even cry out, it was swallowed into its stomach, refined by the Nether Demon Ancestral Flame, and disappeared without a trace.

His corpse powerlessly fell to the ground!

The Sun Devouring Demonic Wolf stood still, its blood red eyes emotionless, staring straight at the last one.

"You're left." A hoarse voice echoed in the sky.

The last one!

The Nine-tailed Sky Fox looked around in a daze, fear and anger mixing in its heart.

He wondered if he should escape or fight to the death.

Right at this moment, he noticed a small detail, which was that the Sun Devouring Demonic Wolf's four limbs were trembling, and he was definitely unable to hold on any longer.

"So many people have died. Even if the elders come, they will still punish me, unless I can kill them in the end!"

Thinking up to here, the other party had to be on alert. Attacking once again, the nine fox tails struck, and the Sun Devouring Demonic Wolf was indeed sent flying. It fell onto the ground, and it was unable to get up.

"The chance has come!"

He realized that the Sun Devouring Demonic Wolf was really done for this time.

Behind him, nine white fox tails gathered to form an array diagram.

The Power of Reincarnation rotated and countless snow-white steel needles shot out from the array formation, piercing towards the Sun Devouring Demonic Wolf. This ability was able to pierce a Sun Devouring Demonic Wolf and turn it into a hornet's nest.

The countless steel needles were like a rain that covered the sky.

At least in Su Yan's eyes, that was the case.

The blood red eyes of the Sun Devouring Demonic Wolf was staring intently at his last opponent, but he really didn't have the strength to stand up anymore. She didn't even have the strength to protect Su Yan.

He could only watch on helplessly.

Suddenly, he saw hope.

Behind the Nine Tailed Heavenly Fox, a gray sword qi descended from the sky. It shot over from afar, and in the blink of an eye, it smashed into the formation diagram behind the Nine Tailed Heavenly Fox. The formation diagram exploded, and the Nine Tailed Heavenly Fox was sent flying as the endless steel needles disappeared.

"Who is it!"

The Nine Tailed Heavenly Fox crawled up in shock.

Above his head, a man with long, blood-red hair raised the grey sword in his hand. Without saying a word, he activated the Killing Sword Technique and descended from the sky. The sword qi became stronger and stronger, and the heavily injured Nine-tailed Heavenly Fox resisted for a while before being struck by the sword qi and fell into an endless barrage of attacks!

From the first strike to the hundredth!

This actually only lasted for a moment.

Finally, the Divine Slaying Sword pierced through his opponent's body and the Nine Tailed Heavenly Fox fell limply to the ground.

In the end, peace and quiet returned to the Heavenly Falls Prairie.

The Sun Devouring Demonic Wolf blinked its eyes. The young man who seemed to be of the Spirit Race, to the young man, seemed a little unfamiliar, but the image of the Star Symbols were not particularly clear, it was just that the violent killing style and the God Slaying Sword all revealed the identity of the person.

In that moment, the blood color in the Sun Devouring Demonic Wolf's eyes suddenly disappeared.

"Big brother!"

He could no longer maintain his enormous body, changing into his human form to welcome Long Chen's arrival.

When she saw him again, she did not expect him to be so weak.

Long Chen looked at all the corpses around him and was a little shaken.

In the distance, Ling Xi floated over.

After spending at least two months, they had finally reunited.

Long Chen didn't know what to say. He and his brother tightly embraced each other. There was no need to say anymore.

Mo Xiaolang held back his weakness and said: "They have already informed the strong to come. They are almost here, we need to leave quickly."

To reminisce about the past at this time was undoubtedly courting death.

Mo Xiaolang wanted to go to the chaotic star field, so after he said those words, everyone started heading towards the chaotic star field, which was in the direction of the God Devouring Palace.

Long Chen did not care where he went. Leaving this place first was the most important thing.

Finally, they merged ...

Chapter 1946 - Devil

After meeting up, the first thing to do was to leave.

The Plains of Heavenly Falls was so vast, it was hard to hide in it. If the other party caught up, they would be done for.

The four of them went around northwest.

When Mo Xiaolang was still in his weakened state, Long Chen had already carried him and fled, his speed not affecting him in the slightest.

In fact, he had thought of this problem before. What should he do in the future after finding Mo Xiaolang? Would it be to return to the Spirit God Realm, or to head to the chaotic star field that Mo Xiaolang wanted to go to?

According to his thinking, he was more inclined towards the Spirit God Realm because to him, the Spirit God Realm was more peaceful and the chaotic star field was certainly filled with chaos, which was not a good choice.

In the Spirit God Realm, Long Chen could help Mo Xiaolang in his peaceful environment with the protection of the Goddess Heart.

But since Mo Xiaolang wholeheartedly wanted to go to the chaotic star field, Long Chen could only go with him.

He did not dare slack off. At the moment, they were still in danger, but his intuition told him that the strong warriors of the Nine Tailed Heavenly Fox should have reached the place where they fought. He also knew that Long Chen and the others had just won and left.

They must be chasing after him.

However, in their opinion, Mo Xiaolang would definitely head towards the Spirit God Realm after arriving here, and he wouldn't return at all. If he did so, it might even be safer to head to the Devouring God Palace.

In the endless Heavenly Falls Prairie, blood flowed like a river. Dozens of corpses of the Nine Tailed Heavenly Foxes were scattered all over the place. It was a very miserable scene.

Five or six old men walked over and watched silently.

The veins on their bodies bulged, and their breathing became heavier. With so many corpses, it caused them to be shocked to the core and their eyes to turn bloodshot. The Nine Tailed Heavenly Fox was originally very rare, and if they were to suffer such a heavy loss, it would be a huge blow to the inheritance of their clan.

In particular, they had all died at the hands of a mysterious criminal.

"In the end, I was a step too late."

Five or six elders sighed helplessly.

They immediately clenched their fists and looked towards the southeast, saying coldly, "The battle hasn't ended for long. Obviously, they have escaped in this direction." Hurry up and catch up with them. It's unforgivable. "

"This little thing has brought us, the Nine Tailed Heavenly Fox, such a huge loss. We must kill it to show ourselves to the public, otherwise, we, the Nine Tailed Heavenly Fox, would never be able to raise our heads again."

These five to six elders were all the most powerful experts within the Nine Tailed Heavenly Fox group. Any one of them could take care of Long Chen and the others. They were all elites of the Nine Tailed Heavenly Fox tribe. Basically, they had cultivated for over ten thousand years and had ten thousand years of battle experience. They were all terrifying greater demons. Some of them were even stronger than the Jade-Eyed Golden Flame Toad.

When everyone was talking about this, the only young and beautiful Nine-tailed Sky Fox had its head lowered. She had long pink hair and was extremely seductive, causing one's heart to tremble. However, worry filled her eyes, slightly covering up her peerless beauty.

"Clan elders, this is all my fault. I was the one who brought him to Demon God Area!"

Ruo Xi was depressed, because he had already received her punishment for this.

However, the Nine-tailed Sky Fox had suffered a huge loss, so it was her fault.

"It's all in the past now. If you succeed in the future, no one will bother about you."

One of the old men said.

"Let's go."

Someone urged them on as they quickly flew towards the southeast. With their speed, they were confident that as long as they were moving in this direction, they would definitely be able to escape from the palm of their hands.

"Wait."

Ruo Xi hesitated for a moment and suddenly called out.

Her expression was somewhat conflicted, but when she saw the corpses of her brothers and sisters littering the ground, she finally stopped hesitating.

"Ruo Xi, what's wrong with you?" An old man asked coldly.

Ruo Xi said respectfully: "Returning Clan Elder, Xiao Lang has a brother named Long Chen, he is a human from the Dragon God Domain, I once planted a Heavenly Fox Token on him, and promised him to let the two of them meet if he came to my Demon God Area. I heard that Long Chen was the son of the Eternal Dragon Emperor, and had gone to the Spirit God Realm, but I sensed the existence of my Heavenly Fox Token nearby, I think that Long Chen should have come to the Demon God Area, and have already reunited with Mo Xiaolang."

She knew that Mo Xiaolang was a kind-hearted person, but the truth was laid right before her. Not only had Mo Xiaolang absorbed a large amount of Sky Fox Demon Fire, he had also killed her brothers and sisters, and this hatred had completely erased the image of Mo Xiaolang in her heart. As a member of the family who had spent a lot of effort to kill the murderer, she was one of the nine Hell Illusory Butterfly, so no matter how much he trusted Mo Xiaolang, she could not betray his own race.

Hearing this, the eyes of the elders lit up.

"This is a great thing."

"Ruo Xi, quickly tell us where the Heavenly Fox Token is located so that we can find it. We haven't found the Heavenly Fox Token yet, so it's probably a small distance away from us. "

Ruo Xi bit his pink lips, pointed in the northwest direction, and said, "He went behind us."

"Behind us?" If everyone were to head towards the southeast direction, there was a high chance that they would be able to escape. They could not help but rejoice.

"The heavens are truly helping me! Brothers, what are you waiting for?"

The elders gritted their teeth, their eyes already filled with killing intent. They looked at each other, started to unleash their terrifying speed, and rushed towards the northwest direction. Long Chen and the rest were indeed heading in that direction.

"This time, we can't let these two little fellows escape."

"He killed more than ten of our compatriots. This is worse than hatred. We have to properly settle this score with him."

"There's also the matter of the Heavenly Fox Demon Flame!"

A deadly killing intent enveloped Long Chen and the others.

"Wait!"

Everyone travelled very quickly through the Heavenly Flute Prairie. According to Long Chen's initial expectations, it was very likely that the other party had already gone to the southeast where he would be safe.

But he had a feeling that something was wrong.

Perhaps this was just intuition.

Everyone stopped.

"Big brother, what's wrong?" Mo Xiaolang had recovered quite a bit, but he was still carrying a lot.

Long Chen's attention finally shifted to the Heavenly Fox Token.

"That's right, this is it."

It seemed that the one who would reveal his whereabouts would be the Heavenly Fox Token. He wondered if it was too late for him to discover it now.

He promptly said to Ling Xi: "Do you have a way to take this Heavenly Fox Token? We work together. "

He could come from the inside, and Ling Xi could use strength from the outside.

"Alright."

Long Chen placed Mo Xiaolang on the grass for the time being and went to take care of him. Long Chen and Ling Xi then started to study the Heavenly Fox Token.

"This is a type of formation. It's useless, but it has the effect of a mark. It's a mini formation. I should be able to break it."

Ling Xi said seriously.

Long Chen was very excited, he never thought that Ling Xi would become the all-rounded type of wife, who would marry her, would simply be the lucky one.

"Let's begin."

He didn't need to do it himself. After spending a short period of time, the Heavenly Fox Token disappeared into his butt like smoke. Even if Ruo Xi followed along, he wouldn't be able to find the Heavenly Fox Token.

Once he was done, he let out a sigh of relief and became a little more at ease. He carried Mo Xiaolang on his back and advanced once more, but just as he moved several thousand meters away, Ling Xi suddenly said. "Brother Chen, they've caught up!"

Long Chen was startled. Most likely, it was because of the Heavenly Fox Token already, although he had lost it, he was only a few thousand meters away from the place. He could tell with a glance that if the other party had found his previous position, he would definitely be in danger.

"Run!"

Long Chen's heart trembled, the danger had already arrived, and this was yet another fatal danger.

"It's too late. I'll use a defensive formation to protect them. I hope we can overtake them!"

The transparent barrier of light surrounded everyone, and Ling Xi transformed the barrier of light into a sharp awl. She burrowed into the ground, and Long Chen was in charge of repairing the small area on the prairie that was destroyed by the protective barrier. They did not dare make too much noise, as the experts of the Nine-tailed Sky Fox were already there, roughly three meters below the surface.

They were only a few thousand meters away from Long Chen. If they were to approach him, they would definitely discover that the dirt on the ground had been loosened a little.

At this point, all he had to do was to rely on luck.

Separated by thousands of meters, yet able to clearly feel the danger and the others were facing. Long Chen and the others nearly held their breaths, not daring to breathe as they stood inside Ling Xi's protective barrier.

Long Chen gratefully looked at the woman in his arms. Fortunately she was using the Sector Lord Divine Arts, otherwise, everyone would be dead this time.

"What's going on? Why is the aura of the Heavenly Fox Token here? I thought they were staying here! "

As they got closer, the elders could already feel the existence of the Heavenly Fox Token.

Ling Xi disintegrated the Heavenly Fox Token and threw it on the ground.

"We were still nearby, but they seem to have noticed us using the Heavenly Fox Token to track him, so he gave us his Heavenly Fox Token. These little guys are pretty smart."

If Long Chen and the others were still around, they would have naturally been able to see it with one glance. They believed in their own abilities, and in their view, Long Chen and the others should have opened up the Heavenly Fox Token, before running far away.

"So what if they can break the Heavenly Fox Token? I can see that their goal is the chaotic star field, as long as they head in that direction, they won't be afraid of not being able to meet us. Whether it's the Everlasting Dragon Emperor's son or the wolf tribe, they will have to pay the price for offending us."

"Yes, their target is the chaotic star field. Let's chase after them quickly, for such a change to the wolf clan, they must have been summoned by the 'Demon Star'."

Chapter 1947 - The descent of Taisu

When they realized that Long Chen and the rest had left, they started to rush towards the chaotic star field.

Hearing their conversation, Ruo Xi had some suspicions. She asked one of the elders and said: "Clan Elder, what exactly is this 'devil star' you are talking about?"

The clan elder said, "This is a place only the older generation knows, in the chaotic star field, the so-called Devil planet, is a magical black planet, dark region, that was once the birthplace and residence of the Devils, now there are also many devils that are imprisoned there. The devils that harmed the Dragon God Domain back then could not be killed, they are almost immortal, do you know where they went?"

Ruo Xi said: "Could it be that demon star?"

The elder nodded. "That's right, all the devils are sealed within the devil star, and the devil star is already a mortal enemy. Don't let anyone near, and the person who sealed these devils is the Eternal Dragon Emperor."

Ruo Xi asked in surprise, "Eternal Dragon Emperor? Impossible, according to the rumors, if he did not release these devils and make a huge mistake, wouldn't the devils attack the Dragon God Domain, causing them to be annihilated? If that wasn't the case? Why do the people of the Dragon God Domain despise the Eternal Dragon Emperor so much? "

After hearing all of this, the originally very nervous Long Chen suddenly quietened down, and he carefully listened to their conversation.

At this time, the elder said, "This is the story that has just happened. Rumor has it that the devil was released by the Eternal Dragon Emperor, and in the end, it was him who also imprisoned them back then. Although this is ultimately made up for, the Eternal Dragon Emperor has already committed a grave mistake.

Long Chen had never wanted to ask why the people of the Dragon God Domain wanted to discredit Long Qinglan. He firmly believed that Long Qinglan was not wrong, even when he heard the Nine-tailed Sky

Fox mention of what happened back then, his position in his heart was still not shaken in the slightest. Even though this was the first time he heard of there being devils in this world, heard that they were sealed by Long Qinglan on the devil star, heard that Long Qinglan had released them before, he still firmly believed that there were still many hidden secrets.

"It looks like I need to go to the chaotic star field to investigate my father's matter. He never told me what happened to him, alas. "

The last time he saw him in the God Battlefield, he thought that he hadn't died. However, up till now, Long Chen had never been able to see him again.

There were too many mysteries on his body, and he was dragging Long Chen along.

"Devil!"

When Mo Xiaolang heard this name, a tinge of blood flashed past his eyes. A tinge of madness, but no one noticed it.

The Nine Tailed Heavenly Fox was already prepared to chase again.

The clan elder beside Ruo Xi said in disdain, "To tell you the truth, after our discussion, we are almost certain that the wolf clan called Mo Xiaolang was able to survive the tribulation of the reincarnation cycle and fight the blood ants from hell to live. This is clearly a sign of a devil and the real devil is in this state. It's just that he's unconscious, he definitely has recognized the chaotic star field. If we go to the front to intercept him, that's definitely it! "

As he said that, the elders of the Nine Tailed Heavenly Fox set off once again.

It wasn't until they had completely left that the tight heartstrings of the four people hiding in the barrier finally relaxed. However, they did not go far. At this point, it was best not to leave. They would have to stay here for at least an hour before making their move.

Long Chen digested the information he just received.

With regards to the story between Long Qinglan and the Demon Star, this could only wait for him to explore further. The road ahead for the four of them was right in front of them.

He said to Mo Xiaolang: "It's obvious, they will be waiting for us at the front. chaotic star field can't go anymore."

Mo Xiaolang raised his head, he bit his lips and was still hesitating.

Long Chen continued, "Xiao Lang, regarding the matters regarding the devil star that they mentioned, have you ever felt like this before? It is the name chaotic star field that is attracting you and you need to rush there urgently. "

It wasn't that he didn't trust him, it was just that it was best to know.

Mo Xiaolang nodded heavily, and said: "I did indeed feel this way before, but after listening to what they said, I realized how much better it was in my heart."

Su Yan also defended him: "wolf cub is indeed very hardworking. Although it is still easy to enter that state during battle, he will wake up very soon."

Long Chen pursed his lips and said: "We do not care whether this matter regarding the Demon Star is real or not, but with chaotic star field blocking our way, I feel that we should go to the Spirit God Realm. There are people there to help, and it is not really dangerous, but it is also good for the little wolf.

He was mainly targeting Mo Xiaolang.

If Mo Xiaolang had no objections, then it was decided.

The three of them all looked towards Mo Xiaolang.

If Mo Xiaolang still chose to join chaotic star field, that almost meant that the martial magic seed was affecting him, because it was clear that Long Chen's decision was correct.

After a moment of silence, Mo Xiaolang clenched his fists and said: "Big Brother, I'll listen to you!"

Hearing this, Long Chen finally laughed.

His eyes were blazing and hot tears were almost flowing out. He said, "Don't worry, I swear, no matter what happens, no matter if you recognize me or not, I will definitely pull that demon out of your body!"

You are my brother, and are also my relative. We can't be separated from each other, and even more so, you can't be different from me, understand? "

These were the words that he had wanted to say to him for a long time.

Mo Xiaolang's eyes were bloodshot, it was a blood vein and not a devil's will. He said excitedly: "Big Brother, I won't disappoint you, I want to defeat myself, mere martial magic seed, don't even think about affecting me!"

Seeing that they had such fighting spirit, and that the grudge between them had completely disappeared, Ling Xi and Su Yan stood together, holding hands. They looked at each other, and saw joy in each other's eyes.

He was finally out of danger.

They prepared to return to the Spirit God Realm. The Nine-tailed Sky Fox and the other fellows thought that they were smart and thought that they could go to the chaotic star field to intercept Mo Xiaolang, but they would definitely not be able to do so. From now on, they were almost certain that this journey would be peaceful.

Just like when Long Chen came, there was only one small accident, and that was when the Jade-eyed Golden Flame Toad appeared.

Leaving the defensive formation, the four of them returned to the southeast.

Suddenly, Long Chen felt a kind of goosebumps.

He found himself being watched.

In this endless prairie, he was shocked and horrified. Could it be that those Nine Tailed Heavenly Foxes would return?!

He suddenly turned around and saw an unexpected scene.

Compared to Ling Xi, this woman was a bit less immature, a lot more mature and alluring. She had a head of long black hair that fell all the way down to her heels and scattered down. She was extremely beautiful, with a pair of black, bright green eyes that seemed as dark as the night, incomparably moving. Most importantly, she was completely naked.

Long Chen felt like he had seen this from a Star Demon Prison.

At that time, he had chopped apart the ancient bronze coffin. A beautiful black-haired woman descended into his world, leaving him dumbstruck.

At the same time, no matter if it was that snow-white tender skin, or that perfectly round jade peak, or those slender and powerful waist and slender legs, they were all perfect. Especially that blue heart-shaped pendant in the deep ravine, it was clearly the Everlasting Guardian Heart.

A perfect and mysterious woman, filled with motherly radiance, like the mother of all things, like a mysterious night had suddenly appeared in Long Chen's world, leaving him stunned.

Why did Li Xuanji suddenly come to this place, naked, and reveal her beautiful figure before Long Chen's eyes?!

Although this scene was a little dreamy, Long Chen naturally couldn't forget about Li Xuanji's feelings. Carefully recognizing her, he could still feel that there was something slightly different about her, because the woman's gaze on him did not have the slightest hint of spirit. This allowed Long Chen to instantly recognize that she was definitely not Li Xuanji.

So who was she? Why does it look like Li Xuanji?

No matter if it was her long hair or her graceful figure, they were all exactly the same as her ...

Long Chen's sudden turn of head caught the attention of the other three people. Because Long Chen's fluctuation was just too great, the three people hurriedly turned their heads as well.

"Brother Chen?" Ling Xi looked at the vast wilderness behind him, and lightly touched Long Chen, who was in a daze, felt that it was a little strange.

Mo Xiaolang and Su Yan also looked over, there was nothing behind them, the sky was extremely clear, what exactly was Long Chen looking at?

After being touched by Ling Xi, the woman in front of him suddenly disappeared. In the blink of an eye, Long Chen shook her head, but didn't see anything.

That mysterious Li Xuanji, had disappeared.

Ling Xi was struck by inspiration, her red lips moved slightly as she asked, "Is that right, god of tai-su?"

She once heard Long Chen say that when the Primal Chaos God appeared, it was like this. Only Long Chen could see it himself, no one else could.

Long Chen was startled for a moment, then recovered from his shock, and said: "It should be so. I'm more or less close to this realm now, but I appeared a little faster than I expected."

He roughly understood that the god of tai-su should have appeared, it was just that he did not understand why the god of tai-su looked like Li Xuanji.

Ling Xi asked with concern, "Is the god of tai-su very scary?" She realised that Long Chen seemed to be scared stiff.

Long Chen laughed dryly and said, "That, is indeed very scary."

Chapter 1948 - Red Lotus Karmic Flame

The mysterious arrival of the god of tai-su made Long Chen a little nervous.

Firstly, it was because the Taiji Deity had given him a lot of pressure. Back then, he had killed his opponent over ten thousand times. Thinking back, it was even a bit scary.

Secondly, the appearance of the god of tai-su was actually Li Xuanji, and she was not lying at all. Long Chen had a premonition that this battle would be different from the last one, and that there would be only a handful of people who would be able to cross this realm in this world. The Ultimate Dragon's inheritors did not need to be two stages slower than normal people, unless there was a new inheritor of the Unparalleled Dragon, there was a high possibility that they would be able to pass on to the god of tai-su.

Therefore, Long Chen was practically unable to ask anyone about the method to pass through it.

He had a premonition that the god of tai-su would be more troublesome to deal with.

To his relief, god of tai-su only appeared once, and in the course of the next ten days of travel, she never appeared again. Long Chen only knew that she was definitely beside him, waiting for a suitable opportunity to come, so he did not dare slack off.

The journey of more than ten days had slightly deviated from its original direction, and was still a desolate mountain forest rarely seen among demi-humans. Although it was not the same route as the time they had come, it still ensured their safety.

With Demon God Area being so large, Long Chen could only ensure a general direction. Of course, it was impossible for him to go back and forth on two different paths.

As they saw that they were getting closer and closer to the Realm of the Gods, everyone finally breathed a sigh of relief.

After ten more days of travelling, everyone was already tired. Long Chen calculated, and with Su Yan, their speed would decrease, and they would still need about twenty more days to reach Supreme Demon City.

Although it took up a bit more time, it was still good that the Nine-tailed Sky Fox did not give chase.

Without fighting, Mo Xiaolang's condition was very good.

Only, Long Chen realised that when he was resting, he would occasionally sit quietly, and looked towards the northwest direction, there seemed to be a longing expression in his eyes. Seems like he was

more or less affected by the martial magic seeds, and as expected, the devil star was calling for him from the horizon.

But Mo Xiaolang was awake, so he could stop the call and concentrate on following Long Chen.

With regards to this matter, Long Chen believed that he would be able to handle it himself. He had said too much, it was simply distrust towards him. Although everyone knew that it was martial magic seed's fault, Mo Xiaolang would definitely feel uncomfortable.

The journey was peaceful. At most, some dire beasts or lesser demons would come out to deal with them.

Flipping open the map, Long Chen looked for his location. After a series of comparisons, he finally determined the location of his current location. With his current progress, he estimated that he would be back to the Supreme Demon City in twenty-one days.

He looked at the terrain along the way. Suddenly, he saw a place called 'Red Lotus Fire'. It might be a type of flame, or the name of a mountain. There was no indication of what it was. But what was certain was that the place where Long Chen was standing was not too far away from.

"I can smell the scent of fire!"

Standing on the lightning, Mo Xiaolang squinted his eyes, looking towards the southeast, and said happily.

Then, he opened his eyes, and a bloody light flashed across them.

He was a devourer of flames, and his sensitivity to fire was extraordinary.

He said excitedly to the crowd: "Big brother, Sister Ling Xi, and Yan Er, I smell the smell of the flames, it's a flame that's even stranger than the Heavenly Fox Demonfire, the flame's power is extremely huge, if I can swallow this flame, I'll definitely be able to increase my strength, and the growth will probably be very big, at that time, even if those Nine Tailed Heavenly Fox old fellows chase me, I can deal with them!"

After walking for more than twenty days, this was the first time Long Chen had seen him this agitated. He had been feeling too suppressed during this period of time, and if not for Su Yan, this little elf, Mo Xiaolang's situation would have been even worse.

When Mo Xiaolang smelt the smell of the flames, his fingers just happened to rest at the location of the Red Lotus Industry Fire.

The Heavenly Fox Demon Flame would definitely not be marked on the map. Just what kind of flame would it be? Because he was currently on the run, Long Chen had no choice but to think about this problem.

"Really?" When Su Yan heard this good news, she was also very happy. It was rare for her to see Mo Xiaolang being so excited, fire was his food, and right now, he was like a child who had found food.

Ling Xi quietly stood beside Long Chen with a smile on his face, looking at the couple that had suddenly jumped in joy. Ling Xi saw the shadows of himself and Long Chen on their bodies.

"If the wolf cub could really become stronger, we wouldn't have to walk in such a sorry state." Ling Xi whispered into Long Chen's ear.

"Not necessarily."

He stood up and placed the map in front of Mo Xiaolang, and said: "The Red Lotus Fire, has been marked on the map, and is definitely something that many of the Spirit Demon Race know, maybe there will be many people guarding this place, and there should be some strong existences amongst them, maybe not weaker than the Nine Tailed Heavenly Fox. If we cause a commotion here, the Nine Tailed Heavenly Fox will definitely know that they won't be able to wait for us at the Devouring God Mansion for a long time. Until today, they will be able to use other methods to adapt to the situation and track us, so if we want to devour this flame, it will undoubtedly be very dangerous.

His words made Mo Xiaolang and Su Yan's happy laughter suddenly stop.

Su Yan stuck out her tongue, and said embarrassedly: So that's how it is. Since it's so troublesome, we better not use it, in case anything unexpected happens. wolf cub is so talented, there must be plenty of chances left.

Ling Xi naturally supported Long Chen's decision. She actually felt that because of the martial magic seed, Mo Xiaolang would have some sort of indescribable change.

However, Mo Xiaolang was completely unable to comprehend it. He looked at Long Chen in astonishment and said: "Big Brother, the principle of seeking fortune amidst danger, should have been taught to me by you. If I had not taken the risk, how could I have become strong? We've been fighting our way here. Which time wasn't it an adventure? Why isn't it happening this time? Even if there are experts stationed there, we can still scout them out. If that's not possible, we can take another detour, but there's no need to directly take the detour right now. "

He was puzzled.

Just like a child who had seen a snack, his excitement was interrupted. He could only watch helplessly as someone took away the snack, while he could only watch on helplessly. That feeling was undoubtedly very uncomfortable, and the person who took away his snacks was the person closest to him.

Long Chen looked at him seriously, hesitated a little, and still said heavily: "Little Wolf, you should be considered to be under the control of the martial magic seed right now, if you engulfed the flames, it would be endless, and you might not even have the tribulation of reincarnation, which is all because of the characteristics of the devil. I am very worried, if you continue to engulf the flames, it is very likely that you will be forced into a corner. So I think, before taking out the martial magic seed, it would be best if you don't engulf in flames. I keep having the feeling that this should lead you on a path that cannot be turned back. "

This was actually what he was truly thinking in his heart.

In the past, when Mo Xiaolang engulfed flames and had the limitations of his Eighteen Major Tribulations, he could only go through a gradual cycle. But now that he no longer had the tribulation of reincarnation, he could quickly swell into a terrifying expert, to the point that he was unable to control himself in the future.

This was his brother!

However, he realized that Mo Xiaolang seemed to be unable to continue listening to him.

He retreated a few steps, and looked at Long Chen with extreme helplessness. He shook his head, and said: "Big Brother, in the end, it's still you who doesn't trust me, I've already worked hard to control

myself these past few days. After encountering two crises in a row, I was able to recover immediately. Besides, why did we run away? Because our strengths are not enough, if I swallow this Red Lotus Flame, we can solve any problem that we have. Maybe I can use my own strength to completely suppress the martial magic seed, why not let me try?

Long Chen silently listened to what he had to say.

Even Su Yan could tell that. She held onto Mo Xiaolang's arm and said softly: "wolf cub, I think we should just listen to Big Brother Long Chen. We were already about to successfully leave this place anyway, if we continue to take this risk, things might get worse. I think that Big Brother Long Chen is doing it for your own good too."

Although Su Yan supported her, when Long Chen heard her words, he felt that it would be even worse. This was because what Mo Xiaolang needed the most right now was trust.

Long Chen clenched his teeth, seeing how Mo Xiaolang was getting more and more agitated, he said: "Alright, I'll listen to what you have to say, we'll go take a look first. If we have a peerless expert guarding us, we'll leave immediately. What do you think?"

Hearing this, Mo Xiaolang's excited emotions finally calmed down.

He shook his head and said somewhat embarrassedly, "Sorry, Big Brother, I was a little agitated just now. I know that you were thinking for my sake and did not intend to make things difficult for me. I apologize."

Long Chen laughed: "It's alright, we are brothers, let's not bother about this."

In fact, he felt very uncomfortable in his heart. When Mo Xiaolang came to this place, he could only blame himself for not protecting him properly. He secretly swore that no matter what happened, no matter what happened, he would not give up on the calamity caused by the Red Lotus Fire!

Chapter 1949 - Soaring Flames Pillar

Long Chen did not let Mo Xiaolang down. He brought everyone else and headed towards the location of the Red Lotus Fire. Mo Xiaolang was obviously very excited, the smell of the flames made his blood boil, and his stomach rumble with hunger. However, Long Chen became very cautious and cautious.

Ling Xi's long hair drooped, and she softly spoke beside Long Chen: "Are you going to just let him devour the Red Lotus Fire like that?"

Long Chen replied: "There's no other way."

"I feel that this might not be a good thing. If he is really deeply affected by the martial magic seed, I think that even if we follow his instructions, we won't be able to save anything. However, I don't have any good methods to save him.

Long Chen said: "We'll see, the location of the Red Lotus Fire is almost here, I have to keep a close eye on him. You protect Yan Er well, don't let anything go wrong."

Ling Xi smiled gently, "No problem."

Long Chen was right behind Mo Xiaolang, while Ling Xi and the two girls Su Yan were talking about their daughter's family, but their thoughts were all on Mo Xiaolang, especially Su Yan, she could vaguely feel that, the closer they got to the Red Lotus Fire, the more something was wrong with Mo Xiaolang.

"Big Sister Ling Xi, you must help him."

Su Yan sobbed softly.

"He'll do his best." Ling Xi comforted the little girl. The current Su Yan was really reminiscent of the back then when she was weak and powerless, unable to control anything. After a hundred lifetimes of reincarnation, Ling Xi had experienced a mental transformation.

There were steep mountains, high and low. Those who were high soared into the sky, pierced the clouds, and there was no peak to be seen. Low ravines were everywhere in the endless abyss.

After passing by a tall mountain, flames suddenly floated in front of them, like a torrent of water. Looking up, one could see the entire sky was filled with large and small flames, like a dense rain of flames. They were floating in the sky, but they did not fall.

In front of him, the temperature was incomparably hot, the earth had turned into charcoal and was completely pitch-black. In the distant horizon, Long Chen saw a gigantic fire pillar soaring into the sky with scarlet flames, piercing straight into the clouds in the sky, burning the clouds around them into fiery red clouds.

From this position, one could see that the pillar of fire that soared into the sky was still enormous. If one were to approach it closely, one could tell that the diameter of the pillar of fire was at least ten thousand meters.

Who knew where this column of fire extended to?

Under the crimson flames, the faces of the four of them turned fiery red.

Below the flame pillar was a sea of lava. The boiling lava flowed around the flame pillar and emitted pitch-black smoke. It shot up into the sky. If one wanted to get close to the flame pillar, they had to go past the lava.

However, for Long Chen and the others, this was not a difficult matter. They only needed to fly through it.

The question was, who knew what terrifying creatures were hidden in this endless magma? Who knew if there was something inside the flame column?

Long Chen had seen the Sky Fire Abyss before, he was sure that the fire that was emitted from the Sky Fire Abyss was the same as this fire pillar.

That was to say, it would be difficult for ordinary people to reach the center of this flame pillar. At least, Long Chen didn't have the ability to do so.

At this time, Mo Xiaolang looked at them with incomparable passion, and said: "I got it, that Red Lotus Fire is right at the center of this flame pillar, so not many people can obtain it, but I can!"

After saying that, he rushed towards the pillar of flame.

"Wait."

Long Chen stopped him. He looked at Mo Xiaolang calmly and said: "Let's make our plans first, otherwise we'll advance recklessly."

In front of the Red Lotus Fire, Mo Xiaolang was somewhat unable to control himself, and his body subconsciously moved towards Long Chen. It was just that Long Chen's strict gaze made him abruptly stop, but he was extremely hungry, and the hunger was like a large number of ants crawling in his body, making him unable to endure it, his heart was burning with anxiety.

Long Chen said: "This place has too much scope, it's very dangerous, there might be enemies hidden in the magma, and the power of the fire pillar is not as simple as you think. Little Wolf, why don't you come back with me, as long as we remove the martial magic seed, it's not too late for us to return here. After all, this Red Lotus Fire has existed for such a long time."

Hearing that, Mo Xiaolang became nervous.

If he was normal, he would understand that Long Chen was right. The Red Lotus Fire had existed for so long and others couldn't take it away either.

"No, big brother, I'm too hungry. If I don't eat something soon, I'll starve to death."

Mo Xiaolang said with a pained expression. The current him was truly like a hungry child praying to his elders.

It was just as Ling Xi had said. Even if she followed Ling Xi, she might not be able to solve the problem, and it might even cause him to make a huge mistake. If the other party's performance was still so dangerous, Long Chen had to force him.

Naturally, he would not command the wolf cub. Instead, he was trying to reason with him.

"Listen to me, we are not in a hurry. The Red Lotus Fire is yours, once we have overcome this crisis, if there is nothing else, I will accompany you to take it away, I swear that I will keep my promise, but now is not the time, this place is not as safe or dangerous as you think it is. Can you still listen to what I have to say?"

He could tell that Mo Xiaolang seemed to be especially anxious. He was currently engaged in a difficult battle of thoughts, his entire body drenched in sweat.

"Remember, Wolf, you're a man!"

He could not bear to see this kind youth turn into such a state. If he really needed someone to bear the sin of bedeviling the devil, Long Chen would be willing to do it himself, because Mo Xiaolang was originally a kind person and he did not have any devil thoughts. The one who truly had the devil nature was Long Chen.

"I don't trust you!"

Suddenly, Mo Xiaolang pushed him away and rushed toward the flame pillar.

Long Chen clearly saw the look in his eyes, and his eyes practically turned blood-red. They were cold and ruthless, filled with endless desire.

Long Chen blocked his way once again. He suppressed Mo Xiaolang, and pushed him down to the ground, but the energy transmitted from Mo Xiaolang's body was destructive, and the Nine Hell Devil Ancestral Fire erupted from his body, surging towards Long Chen!

Since the time Mo Xiaolang had obtained the Nether Demon Ancestral Fire, in more than ten years, he had never used the Nine Hell Demon Ancestral Fire against Long Chen, and Long Chen had also never known that the Nether Demon Ancestral Fire was actually so cold. He quickly dodged, and at this time, Mo Xiaolang had already crawled back up.

She ran to Mo Xiaolang's side, and when she saw his blood red eyes, she panicked. She immediately grabbed onto Mo Xiaolang's waist, put her head on Mo Xiaolang's chest, and said anxiously: "wolf cub, calm down for a moment, don't be too angry. Everyone can discuss such matters, he is your big brother, how can he say such words."

Mo Xiaolang's eyes were ice-cold. He pulled Su Yan away, but he did not harm her, and then, he passed Long Chen, walking towards that fire pillar without even thinking about harming her.

"Big Brother Long Chen!" Su Yan opened her eyes wide and looked at Long Chen in a daze.

Long Chen clenched his teeth. He was thinking if he should go and stop him. If he did, then he was sure that he would fight him. The normally decisive him actually hesitated after encountering Mo Xiaolang's matter.

"Help me, don't let him give in to his desires!"

Su Yan said with a face full of tears.

Long Chen had made a decision all of a sudden, and what he said was right. No matter what happened, no matter what the consequences were, they couldn't force him to submit to his desire!

He let Ling Xi take good care of Mo Xiaolang, then continued to chase after Mo Xiaolang!

This time, he no longer regretted!

The youth in front of him was covered in black flames. His bloodshot eyes greedily stared at the pillar of fire that soared to the sky as he sighed.

"Mine, this is mine!"

"I'm about to become stronger!"

"As long as I become stronger, everyone doesn't need to be chased, and Big Bro won't distrust me either. He will think that I have done well, and I cannot let him think that I cannot resist this damnable martial magic seed!"

he muttered.

Suddenly, Long Chen appeared in front of his eyes once again. This time, Long Chen did not turn his head back, and his gaze became incomparably stern, as he said in a serious tone: "You are already controlled by the martial magic seed, I know that you will not be able to continue listening to whatever you say, and I will stop you because I do not want you to surrender to the martial magic seed. Little Wolf, for the sake of survival and freedom, we brothers fight shoulder to shoulder, not brothers killing each other!"

"Have I been controlled?" Mo Xiaolang didn't know whether to laugh or cry, and said: "Big Brother, don't be funny, you were just afraid that I would become stronger than you, do you think I wouldn't know? However, my innate talent is stronger than yours. I have the inexhaustible power of a devouring god, yet you, under the restriction of the Heavenly Dao, are suffering from the pain of that Eighteen Major Tribulations.

Long Chen squinted.

At this time, Mo Xiaolang should be in his most dangerous state.

He didn't expect that the more he tried to stop him, the more he would fall under the spell.

"You cannot devour the Crimson Lotus Flame. Else, no matter how powerful you are, you will lose everything." Long Chen quieted down, and next, he would do his best to stop the other party!

Regardless of life or death!

Chapter 1950 - The Brothers' War

Roar!

Mo Xiaolang's eyes started to drip blood, he immediately started to shout in reply, in front of the devil's desire, any form of obstruction was the enemy, he knew that it was Long Chen, but he could not help but take action again.

The netherworld Ancestral Devil Fire swept down, closing in on Long Chen.

Long Chen reminded himself in his heart. He was his own brother, he mustn't hurt him, but he must stop him! He gripped the God-Slaying Sword tightly. With the strict sword aura of the Sword Slaughter Art, he formed a sword net and forced the Nether Demon Ancestral Fire away!

"Those who block me, die!"

Mo Xiaolang roared, with his strong body of a demon, he attacked Long Chen. Although he had not transformed into a beast yet, his arms and claws had already transformed into wolf claws, strong and sharp, full of killing intent!

He turned into a vigorous werewolf and charged forward, his eyes cruel!

Long Chen's entire body was covered with blood red dragon scales, he was like a killing machine, but his eyes were warm, he did not feel that Mo Xiaolang was in any way wrong, the only reason he made a move on him was because martial magic seed, it had nothing to do with Mo Xiaolang himself.

Seeing that they were actually making a move here, Su Yan panicked. On one hand, she was blaming herself, on the other, she powerlessly called out, wanting Mo Xiaolang to stop his actions. But at this moment, her voice was simply useless to Mo Xiaolang.

Ling Xi pulled her back and softly said: "Yan Er, let them settle this. This is just like a calamity for the wolf cub, he always has to rely on himself to get through it. "

"But what if he hurt big brother Long Chen?" Su Yan said powerlessly.

Ling Xi was also worried, but she knew that even if she was injured, Long Chen would not stop his determination to stop. Mo Xiaolang's control was getting more and more terrifying.

Black and red figures fiercely battled in front of their eyes!

No matter how hard Mo Xiaolang tried, he was unable to break through Long Chen. Therefore, he drew the aggro of Long Chen and started to kill him with all his might. As long as he defeated him, he would be able to enjoy the Red Lotus Fire.

"Little Wolf!" Are you willing to be controlled by this martial magic seed? What about your determination? "

The only thing Long Chen could do was try to use words to wake up his opponent in the battle. He could be considered to have racked his brains to restore his brother.

What answered him was the flames on Mo Xiaolang's body that overflowed into the heavens. Countless flames exploded on Long Chen's body, forming a terrifying might.

"Eternal!"

Long Chen allowed the flames to stand still for a split-second, allowing him to escape from the flames. He could only focus on defending, but nothing could be done, as Long Chen had seized the opportunity to unleash the Killing Sword Technique from the beginning. The exquisite sword dao had forced Mo Xiaolang, who was proficient in fire and flesh attacks, to retreat step by step!

Tai Chi Nirvana Qi, although in terms of destructive nature, was not as strong as Mo Xiaolang's, but in terms of thickness and continuity, it was still much stronger than the demon's. It was especially suitable for Long Chen to use the Killing Sword Technique, because once the Killing Sword Technique got on the right track and surrounded his opponent, it would be a problem for him to use his sword!

"Roar!"

"How dare you block me! How dare you make an enemy out of me! You are not my brother! You are my enemy, and all my enemies deserve to die! "

Mo Xiaolang's face turned sinister, his eyes bleeding. He used his claws to resist Long Chen's God Slaying Sword!

"I am not your enemy! I am enemies with your martial magic seed! Wolf, do you remember when we first met? At that time, I didn't even know if you were a man or a woman, yet you gave me a Stellar Battle Body, which changed my life! We have fought side by side for such a long time, I do not wish for you to be controlled by the martial magic seed, so you should restrain yourself a little and quietly watch me, okay! "

Although he said that, the sword force in his hand did not stop. Of course, Long Chen did not have any intention of killing him, she only wanted to suppress him, and did not let him rush towards the flame pillar.

"The first time we met?"

Mo Xiaolang was suddenly startled.

"I don't remember, I don't remember!"

Beneath the monstrous sword force, his eyes could only look at slaughter. There was nothing else but killing, as he completely surrounded himself with the Nine Hell Devil Ancestral Fire, and swept towards Long Chen!

Long Chen immediately retreated, the Killing sword technique did not stop there, but it had already reached the critical moment, in the short period of a hundred strikes, the Killing Sword Technique had begun to exceed its limit and release an endless amount of power. No matter how strong Mo Xiaolang's Nine Hell Devil Ancestral Fire was, it was still forced back repeatedly, as streams of gray sword Qi intertwined and formed a gigantic cage, trapping Mo Xiaolang within!

"Roar!"

roared as he struck out with his destructive energy. Long Chen's sword net was gradually shattering, and in terms of strength, Mo Xiaolang was much stronger than him, and there was not a single difference in quality. The reason why Long Chen was able to fight with Mo Xiaolang for such a long period of time, was mostly because of his Extermination Sword Art's ingenuity!

Moreover, in his battle with the Primal Chaos God, he had fought 10,000 times. This allowed him to hone his battle skills to the peak of perfection!

In comparison, Mo Xiaolang was only stronger in terms of strength and flames!

"Get out of the way!"

Tens of thousands of flames interweaved on his body, forming a long line of fire. It was as if a whip was lashing towards Long Chen, and wherever it went, mountains would crumble, lava would explode, and the earth would rumble!

"So strong!"

Under the power of the Heavenly Dao, Long Chen's cultivation progressed gradually, but his cultivation speed was definitely faster than the rest of the world. However, compared to the devils who had escaped the calamity, his cultivation speed was still a little slower.

Of course, the power of the devil wasn't something to be trained in.

Especially when Sun Devouring Demonic Wolf and devil combined, it simply created a terrifying creature that had no limits. If this creature had evil thoughts, it was as if it had wasted the life of the City Lord.

Long Chen exhausted all of his strength, and his body burned with a raging divine fire. He could only use the divine fire to raise his own strength, stimulating his potential to resist Mo Xiaolang. Facing the opponent's Burning Fire God Tactic, Long Chen's Slaughter Sword Art could only fight dozens of attacks, and the Burning Heaven could only be torn apart by him!

The Spirit Refinement flame soared to the sky, and Long Chen wielded the God Slaying Sword, attacking again.

"One hundred and seventy strikes!"

With the Killing Sword Technique unleashed up to this point, every strike was extremely terrifying. The terrifying Killing Sword Qi shot out in all directions, both Ling Xi and Su Yan were extremely nervous!

"Little Wolf!" Don't let the devil beat you, you have to fight! You are stronger than anyone, you should not surrender to the martial magic seed! It will destroy you. Can you hear me? "

Long Chen almost roared as he brought the voice to the other party's ears.

"My martial magic seed fart! What is that thing, it even wants to control me! "

Mo Xiaolang's eyes turned red, while defending himself against the Killing Sword Technique, he stared straight at Long Chen and roared: "I do not care who you are, but you still dare to stop me, you are my enemy, die!"

At this time, Mo Xiaolang suddenly transformed into a beast form, transforming into a gigantic Sun Devouring Demonic Wolf. He rushed towards Long Chen, spitting out the mighty Nine Hell Devil Ancestral Fire that was like a river. Such a vast flame, was completely able to submerge Long Chen in an instant!

This time, he was going to kill!

Facing this monstrous beast that blotted out the heavens and this terrifying crisis, Long Chen did not even bat an eyelid. This time, he was even more determined, the God Slaying Sword in his hand contained the Supreme Force of Nirvana, so all Long Chen could do was wave the sword!

One strike after another!

This time, he had already broken through his limit and reached a new height. The Killing Sword Technique formed a dense and dense sword net that shot into the sky and completely protected Long Chen within it. After the last strike came out, Long Chen almost fell to the ground!

However, he did not stop, because Mo Xiaolang's strength was far more than the power in front of his eyes!

Another sword!

Then, Long Chen opened the Eye of Hell!

In Mo Xiaolang's eyes, the clouds behind Long Chen changed, and a pair of huge green eyes appeared, they looked like they were looking up at the heavens, intimidating the world, a pair of terrifying eyes, causing Mo Xiaolang to wail out a few times and retreat several times. Long Chen took this opportunity to use the power of the Killing Sword Technique to vast and mighty forward, shattering the Nine Hell Devil Ancestral Fire, and knocking the Sun Devouring Demonic Wolf away, falling onto the ground!

"It's a success!"

As long as they beat Mo Xiaolang down, it would be no problem to stop him.

Being able to defeat him was also considered Long Chen's luck. Of course, it was also thanks to the Eye of Hell.

The Eye of Hell had already disappeared, but the Sun Devouring Demonic Wolf still had a miserable look on its face, as if it was still living in fear.

Long Chen rushed over, wanting to subdue him, then wake him up.

Ling Xi and Su Yan also sighed a breath of relief, it seemed like they had succeeded.

At this moment, a crisis struck him from behind once again!

He had been worrying about Mo Xiaolang the entire time, but Long Chen had forgotten about a terrifying crisis. At this critical moment, he had no choice but to immediately turn back and give up on the fruits of his victory.

A beautiful woman, not a single strand of hair on her body, standing proudly on the lava. Her eyes, long hair, and even her temperament were constantly changing.

Li Xuanji had five clones, which were formed from her own energy. At this moment, the beautiful woman had transformed from the five clones to the main body. Metal, wood, water, fire, and earth, they all had their own flavors, but without exception, were all extremely alluring!

god of tai-su actually appeared at this critical juncture.

"Don't come over here!"

Long Chen prayed silently. After all, the Primal Chaos God only descended after it appeared twice.

However, what made him speechless was that the god of tai-su had walked over slowly from the lava and her eyes were staring at Long Chen. Her gaze was seductive and provocative, and was extremely attractive to him, causing Long Chen to unconsciously retreat, but the other party had suddenly increased his speed and rushed over, bumping into Long Chen in a short moment. Long Chen felt his vision go dark, and he sat cross-legged on the ground.

Just like last time, he had completely lost consciousness.

No one knew what was going on with this strange change.

In the end, Ling Xi remembered something and worriedly said, "It should be the arrival of the god of tai-su."
