

War God 1951

Chapter 1951 - The Godly Might of Tasu

This god of tai-su had come at the wrong time.

It could also be said that it was very likely that she had been staring at Long Chen from the Heavenly Flute Prairie all the way until this moment when Long Chen was the most exhausted, most anxious, and completely forgot about the god of tai-su, she took the opportunity to enter.

In other words, the god of tai-su was sinister.

At least, compared to when the God of Taiji would choose.

Under the attacks of the god of tai-su, Long Chen seemed to face a tribulation of reincarnation, as he entered into a state of cultivation, and also could not be disturbed.

Thinking to this point, Ling Xi's first reaction was to quickly appear in front of Long Chen. She used a protective barrier to protect Long Chen, and nervously looked at the enormous monster in front of him, which was the Sun Devouring Demonic Wolf.

"wolf cub, Big Brother Long Chen!"

Su Yan also followed along, she did not know what had happened, but seeing that Ling Xi was protecting Long Chen, she could only stand in front of Mo Xiaolang. Long Chen had just used the Eye of Hell to repel the Sun Devouring Demonic Wolf, if the Sun Devouring Demonic Wolf was still angry and attacked then Long Chen would be done for.

This god of tai-su was simply trying to kill Long Chen.

Ling Xi's heart tensed up, she was already prepared to fight with Mo Xiaolang, although she was definitely not a match for him, she could at least hold on!

The sudden turn of events was truly unexpected.

Amidst Ling Xi and Su Yan's nervous eyes, the giant Sun Devouring Demonic Wolf climbed up from the ground and looked at Long Chen with its bleeding eyes. Its eyes were filled with killing intent, and it completely ignored Su Yan and Ling Xi.

Su Yan ran towards Mo Xiaolang. She reached out her hand to block Mo Xiaolang's path, "wolf cub, you can't touch them!"

The Sun Devouring Demonic Wolf turned a deaf ear to him.

Su Yan was about to cry, she flew up and blocked in front of Mo Xiaolang, fearlessly blocking in front of the huge beast with her weak body. With red eyes, she said: "wolf cub, if you hurt them today, Yan Er will never forgive you!"

"Hu!"

The gigantic Sun Devouring Demonic Wolf finally stopped in its tracks.

"Yan Er!"

His voice echoed between heaven and earth. The Sun Devouring Demonic Wolf shook its head, stuck out its huge tongue, and lightly licked Su Yan's face. Then, it suddenly moved, no longer paying attention to Long Chen.

Su Yan and Ling Xi could only watch as he charged into the middle of the flame pillar. In an instant, the flame pillar produced a violent tremor, a large amount of flames gushed out, and the entire world trembled as it erupted with boundless lava, flooding towards Long Chen. The sky and earth changed color, the world shook, and the clouds in the sky burned up violently.

"Yan Er, quickly come in!"

Ling Xi conjured the protective enchantment and let Su Yan protect them inside, following that, countless lava rushed over, but the rage of nature was not as strong as the Jade-Eyed Golden Flame Toad's stomach, and they naturally could not break through the protective enchantment. Ling Xi protected the two of them, and they were safe and sound inside the protective enchantment.

The two of them stared blankly. Their surroundings had already been completely submerged by lava. The flame pillar in the distance let out a loud rumble, and endless flames danced in the air.

"Sister Ling Xi, what should we do?"

Su Yan tightly clenched her hands and sobbed.

Ling Xi consoled her, and said: "There's no other way, we can only wait until Big Brother Long Chen passes through this tribulation. After he becomes stronger, perhaps there might be a way, only he can restrict the little wolf, and I'm also helpless against him. I just hope that Big Brother Long Chen can get through it safely.

She looked at the pillar of flame and said with worry, "I hope that after he succeeds, he won't forget us."

"No way, wolf cub is actually very obedient." Su Yan confirmed.

Ling Xi smiled slightly and said, "I know, you and I got to know each other earlier. It's just that the martial magic seed is too scary, I just don't know if he can resist it ..."

This point, Su Yan did not know either.

They waited silently within the sea of fire.

In the middle of the endless mountains and fields, a group of elders advanced quickly. Their speed was many times faster than Long Chen and the others.

"Those heavenly rats said that those little fellows still haven't passed through the Heavenly God Palace. They are the most well-informed about the Heavenly Mouse Tribe. Since they haven't gone to the Heavenly God Palace, the only possibility is that they are from the Spirit Realm! We have to go to the Supreme Demon City and block them! "

There were five to six elders originally, but two of them were staying in the Devouring God Mansion while the rest were rushing towards the Supreme Demon City. Ruo Xi was also one of them.

Four old men, Ruo Xi and a beauty flashed by.

"These two little things are really cunning. After all this time, it turns out that they can still run back."

"With their speed, it seems like they should be somewhere nearby as well if they head this way from the Heavenly Cry Prairie."

"So we almost caught them?" There are only two places they can go to, which is either the chaotic star field or the Spirit God Realm. "

"Be careful, it's very likely to be nearby."

Just as they were leaping through the forest, a series of tremors suddenly came from the ground in the distance. Everyone looked at each other and said, "That place seems to be the direction of the Red Lotus Fire, right?"

"Let's go up and take a look!"

They soared into the sky, reaching the sky. From their direction, half of the sky was already engulfed in flames, as if there was a sea of fire in the sky. At the end of the sky, there was a tiny pillar of fire connecting the sky and the earth.

Judging from the size of the flame pillar, they were still quite a distance away from the red lotus fire.

"The Red Lotus Fire is raging. Something must have provoked it." An old man said.

"Let's go. The Red Lotus Fire is actually like this. It's normal for people to provoke it. Even if we're going to die, it's a bit more noisy, but don't waste our time."

They watched for a while and then prepared to leave.

"That's not right!"

Suddenly, an old man stopped and said in surprise, "If the little guys we are looking for are nearby, do you think the wolf clan will be so daring as to devour the Red Lotus Flame? He did devour our our Heavenly Fox Demon Flame ..."

"It's very possible!"

Thinking of this, everyone suggested to take a look as it wouldn't take too much time. They immediately did what they were told, and in the blink of an eye, they sped off in that direction.

Ruo Xi paused for a while, gritted his teeth, and followed them.

"Hey, Wolf, who's right and who's wrong?"

With her graceful posture, she followed the elders and headed towards the flame pillars in the sky.

After being struck by the god of tai-su, it was as if Long Chen was struck by lightning. His head was buzzing, and even his consciousness had become fuzzy, he felt himself falling from the sky, and then, he floated down to the ground. His vision was not clear, and was even a little confused.

Since the might of the god of tai-su was due to the killing intent of the heavens, and it was specifically aimed at the talent of the Unparalleled Dragon, it was obvious that even Ultimate Dragon did not receive such treatment.

Before this, Long Chen had imagined countless of battles that he would have to face with god of tai-su. He did not know how many times he had to kill the opponent this time, but he had never imagined that his consciousness would be so blurry.

What he did not know was that this time's calamity was not about his battle prowess, but about his will.

In the midst of the blurry scene, Long Chen finally saw clearly that he seemed to be in a cloud of mist, with a platform formed from white jade beneath his feet. The white jade was crystal clear, as if it was as smooth and tender as a woman's skin.

"Where am I, and what am I doing?"

This kind of feeling was like a dream. The dream did not begin, but Long Chen felt that he had suddenly appeared here, and then, he had forgotten about everything.

Long Chen walked forward and looked. All of them were statues, their entire bodies were snow-white, the statue looked like a bewitching woman, and every statue had a different kind of grace and grace, filled with allure, and even though they were statues, their jade eyes, red lips, and the astonishing curve of their bodies, all of them looked as though they were real. They were real.

"How could there be a portrait of Xuanji?"

Long Chen shook his head, and said with astonishment.

The further they walked, the more beautiful statue Li Xuanji became. All of the statues were naked, without any clothes on, revealing the beauty of a woman, but their expressions and expressions were captivating Feng Qing.

While Long Chen was still in confusion, he heard the sound of flowing water in front of him become louder, as though the pool was right in front of him. After walking for fifteen minutes, a white jade staircase appeared in front of him.

Long Chen shook his head, and walked up the stairs, gradually reaching the end. In front of him was the sound of water flowing softly flowing, it should be a pond.

The water was clear, allowing him to see the white jade at the bottom of the pond, it was completely pure and flawless. Judging from whose ripples it was, there should be something in the pond ahead, Long Chen walked along the side of the pond and stared at the pool with his eyes, before he even reached it, a burst of enchanting fragrance assaulted his nose, causing his blood to boil, his entire body was hot and his energy expanded, ready to explode.

"How did this happen?"

Long Chen took a closer look. Half of his body was in the pond, and his black hair floated in the air, scattering into flowers. Under his long hair, was a beautiful, snow-white body that was bathing in the water.

Chapter 1952 - Beauty

The sound of water splashing about was captivating.

Long Chen stood there motionlessly, but the person bathing in the water had already discovered him.

She leisurely turned around in the water, the water gently rippling, her appearance clearly visible in front of Long Chen's eyes.

The first was a pair of dark green eyes that flowed with charm, hiding an extreme temptation. It seemed innocent, but it was also filled with endless teasing, the delicate willow leaf eyebrows were bent, naturally formed, and there was a smile on them. On her lips was a bit of a captivating red, like a rose, delicate, like a rose, enticing.

Upon discovering Long Chen, she did not panic, but instead moved gently in the water, like a fish in water. His pair of dark green eyes were bold and mysterious as he stared into Long Chen's eyes.

When she was right in front of Long Chen, her beautiful figure was already within reach. Only then did Long Chen take a deep breath, take a few steps back, and stutter: "You, why are you here?"

The girl smiled sweetly. Her smile was extremely charming and captivating, making people unable to stop themselves from smiling. Long Chen had never seen her have such a sexy side, and she actually fell for it.

When she came out of the turbulent water, the rose like fragrance assaulted her, causing her to lose consciousness. Water droplets landed on her hair and body, making Long Chen even more restless, as though she was on fire.

She gently swung her long hair behind her, and her red lips opened slightly, revealing a faint glimpse of her delicate red tongue. This was even more a fatal temptation, as she had never been like this in Long Chen's heart before.

The love in his heart was the only thing he was willing to protect Ling Xi for the rest of his life. He was also willing to fall in love with Ling Xi, and the relationship between him and Ling Xi was unforgettable, but the woman before him also had other issues with him, he could not bear to part with her, because that love was already planted deeply in his heart.

Ling Xi looked down and saw that Long Chen, who was in the midst of crossing god of tai-su, had a strange expression on his face. He seemed to be in extreme pain, his expression was sinister, his entire body was red, his veins were popping out, and his entire body was covered with dragon scales.

She couldn't help but worry, but she was sure that it wouldn't help, so she could only pray. Now that Mo Xiaolang had charged into the flame pillar, and was fighting with the god of tai-su, she had to rush to the front to take charge.

"Big Brother Long Chen seems to be in extreme pain. I feel that his strength seems to be weakening, will something happen to him?"

Su Yan asked nervously.

Ling Xi smiled slightly and said: "It's fine, he's always like this. When it's critical, he'll be able to recover, I believe in him."

This was an absolute trust cultivated from hundreds of experiences.

In fact, she was also panicking inside. Long Chen's current situation was too wrong, the ripples were too great, but she could not be more flustered than Su Yan. Otherwise, if both of them were to go into chaos, then she would probably be even more confused.

No matter what, this god of tai-su would definitely be more terrifying than the Taiji God.

On the other side, the flame pillar was still vibrating.

The two women could only wait in silence.

Suddenly, something unexpected happened.

Ling Xi immediately became vigilant. She raised her head to look, and at the peak of the mountain faraway, a few snow-white figures flashed and appeared, quickly dashing towards her. Their speed was terrifyingly fast, and in the blink of an eye, they had arrived in front of Ling Xi.

The worst situation that Long Chen could have predicted had actually happened!

All five of them came from the Nine Tailed Heavenly Fox, they were four old men with Nine Tailed Heavenly Fox and the great beauty called Ruo Xi. They came over in anger and immediately saw Long Chen, Ling Xi and the others.

As the saying goes, trample on broken iron shoes and look for it wherever you want, so you can get it without any trouble.

They never would have thought that Long Chen and the rest would actually run to such an obvious location like Red Lotus Fire.

Seeing them appear, Ling Xi's face became a lot paler, but she could not retreat, because behind her was Long Chen, and Su Yan was even more afraid, but being afraid would not solve anything.

Danger struck!

Chapter 1953 - I can't give up

At the most tense moment, this was the best he could do. Ling Xi knew that this was a terrifying test. She gritted her teeth and, without the slightest hint of fear, looked at this group of people. One of the elders said, "I really didn't expect that you would wait here for us to arrive. Where is the wolf clan? They have killed so many of my Nine Tailed Heavenly Fox's people, and have also swallowed our ancestor's Heavenly Fox Demon Flame.

Ling Xi did not answer. What she could do was to secretly strengthen the protective barrier and do her best to protect Long Chen and Su Yan. She could not escape, and even more so, she could not move, because the current Long Chen was like someone who had gone through a tribulation of reincarnation.

The other old man from the Nine Tailed Heavenly Fox said, "Looking at the movements of the fire pillar, that wolf clan should have rushed into the flame pillar with the intention to fight for the Red Lotus Fire. They are truly daring.

They were incomparably relaxed, and the group of elders roared with laughter.

That little fellow is actually so daring. Even if he doesn't die, we can easily take care of him. Brothers, let's surround this flame pillar and not let this little thing escape.

"I heard that the devil has several lives. This is good enough for us to kill him several times. This can be counted as our revenge!"

They hated Mo Xiaolang so much!

Ling Xi looked at them, almost suffocating. These were all strong practitioners of the Four Symbols tribulation of reincarnation, and there was even an old man who should be of the Five Elements tribulation of reincarnation. It was the leader. They called the leader second brother.

Speaking to here, they first ignored Su Yan and the others, and prepared to surround the fire pillar.

Ling Xi heaved a sigh of relief. It seems that the other party did not place him in their eyes.

Right at this moment, an elder suddenly looked at Su Yan and said, "It's precisely you, little girl, who caused this to happen. A mere half demon walking in the domain of our demon clan, is truly courting death. I will finish you off first. If the wolf clan is lucky enough to come out and see your corpse, I will let them experience what is called despair! "

The others all stopped and watched this old man make his move.

Hearing this, Ling Xi's heart tensed up. Su Yan was even more afraid, but once she thought about how Mo Xiaolang would shed tears for her, she went crazy. She knew that she could not compromise.

Ling Xi blocked in front of Su Yan as she said in a cold voice, "All of you are elders who have cultivated for ten thousand years. There is someone else who swallowed your Heavenly Fox Demon Flame and she doesn't have much strength. She didn't bring any calamity to your Nine-tailed Sky Fox either, so how could she attack a little miss? "

If it was a battle, she had no chance of winning at all. Under such nervousness, she could only use words to delay.

Hearing this, the old man said: "I don't care about my reputation. I just dislike this little girl. Don't think that I don't know that the wolf clan being possessed by the devil has a lot to do with this little girl. She is the source of evil."

Just as he was about to make his move, the Nine-tailed Sky Fox, Ruo Xi, suddenly blocked in front of him and hurriedly said: "Clan Elder, if you can listen to me, although it has something to do with her, it is not voluntary. She is a pitiful child, and as a half demon who is being mocked, can you spare her life for my sake?"

Mo Xiaolang had brought a huge calamity down on her, but she did not think that all of this had anything to do with Su Yan.

However, Ruo Xi's position is limited, the old man did not even put her in his eyes, and spoke in a stern voice, "Ruo Xi, if it wasn't for you bringing this wolf clan to the Demon God Area, the great calamity wouldn't have happened to the Nine Tailed Heavenly Fox. If you know what's good for you, you better scram, otherwise don't blame the clan elder for being impolite!"

There was no chance for him to be sentimental.

Ruo Xi could only retreat helplessly. His eyes were filled with tears, looking at the skinny Su Yan, the little girl had become more haggard along the way. Now, he was once again facing the threat of death.

On the other hand, Long Chen's young lady however, made her praise him greatly, because even though she was facing the strong enemies from the Four Symbols tribulation of reincarnation, she was still standing at the very front. He was a little nervous, but he did not retreat even half a step.

"Die!"

Behind the old man, nine thick fox tails rushed out and attacked ferociously. Every one of the fox tails had terrifying power, and if they were to be swept horizontally like this, not only would Su Yan be in trouble, even Long Chen, who was in the midst of his tribulation, would definitely be greatly shaken.

However, killing was ruthless.

That fox tail was unstoppable as it charged forward!

Su Yan's face was filled with despair and fear. She was still young, and couldn't bear such a disaster!

What she did not notice was that in front of her, Ling Xi had closed his eyes and activated the Sector lord Divine Technique.

"I will never regret this. A protective barrier!"

Around her, a transparent light barrier lit up, forming into a ball that surrounded them. The runes on the protective barrier flickered, the structure was stable, if Ling Xi had enough power, ordinary people wouldn't be able to break it!

BOOM!

An explosion sounded as the air hummed. What was most surprising was that the attack from the Four Symbols tribulation of reincarnation was bounced off by the protective enchantment, of course, the protective enchantment exploded as well and the energy collapsed. Fortunately, it did not harm Long Chen and Su Yan by even a little.

On the other hand, due to the shock of his power, Ling Xi was bleeding from the corner of his mouth.

"Sister Ling Xi, you're hurt!"

Su Yan's face was filled with grief as she protected Ling Xi. She thought that she was going to die, but Ling Xi saved her.

"Huh?"

All the elders were extremely baffled. They naturally knew that Ling Xi only had one piece of tribulation of reincarnation left.

"A mere one yuan of tribulation of reincarnation was actually able to block one of my attacks. This is truly amazing."

The old man laughed out loud in curiosity, then said: "But, your move has already been broken and your body is injured. Can you block my second attack? Damned people have to die, there's no chance for them to live! "

Saying that, he no longer said anything and attacked with a second attack!

At this moment, there was no longer any help from the barrier!

This time, the elders thought that the two girls were dead for sure. Although Ruo Xi wanted to help them, thinking that he would be punished, she had no choice but to endure.

Right at this moment of life and death, Ling Xi clenched her teeth tightly and stood straight. She gently retreated Su Yan who was beside her, and formed a seal with her hands.

"Revolving Star Passage Formation!"

It was the new Sector lord Divine Arts that Ling Xi had learned. At the moment, she had used up all her strength and activated it, causing starlight to flash and her speed to increase, a star array formation appeared under everyone's feet. In a flash, the starlight shone brightly and submerged everyone's field of vision, and when Su Yan opened his eyes, she discovered that the person in front of him had disappeared!

This move was pretty much the same as the Nian beast's, it was just that it was too profound. After Ling Xi used this move, she almost fell to the ground.

Su Yan looked around, it was all lava, she immediately asked: "Sister Ling Xi? Where did they go? Did you take it away? This is great. "

With their abilities, they should be able to come back in a quarter of an hour. I know that this method is completely useless, but this is the only method left to me, and I can't use it again at all. "

These words were said in despair.

Ling Xi could clearly feel the old man's determination to kill Su Yan, and he even wanted to kill both Long Chen and Long Chen. With no chance of future troubles. They knew of the relationship between Long Chen and Mo Xiaolang.

Hearing that, Su Yan's face turned pale, and she retreated two steps.

If Long Chen had not encountered god of tai-su, he would have been able to use the Revolving Star Passage Technique to temporarily move everyone away, but he could only sit and wait for death right now!

"What should I do? What should I do!?"

Su Yan was anxious.

Ling Xi wiped the blood from her lips and said with a dull expression in her eyes, "I can only hope that Brother Chen will succeed, or that Little Wolf will succeed, and that he will be awake."

This hope was simply too difficult, because Long Chen was still in a dangerous state. Ling Xi realized that his skin had already dried up, and his flesh was becoming thinner and thinner. At this rate, wasn't he likely to become a dried up corpse?

That god of tai-su was actually this terrifying?

Countless attacks had caused the two girls to lose their bearings.

Su Yan experienced a feeling of despair.

"I can't give up! I can't give up!" She tightly clenched her hands. Even though tears were flowing down her face, her eyes suddenly became determined. She said, "I'm going to find wolf cub. He listens to me, I'm going to wake him up!"

Just as she finished speaking, she was already incomparably resolute, leaving Ling Xi and rushing towards the flame pillar. This completely frightened Ling Xi, and she immediately chased after him, but with Long Chen still here, how could she be at ease!

"Sister Ling Xi!"

Su Yan turned around and shouted, "I also want to struggle, I also want to have the power to save everyone, I will prove that I am not weak! Don't worry, I will definitely cherish my life, because it will not belong to me, but it will also belong to you. It will also belong to my father and sister, and they are all waiting for me to return."

From her eyes, Ling Xi saw a belief that was even scarier than his own. Maybe she was not lucky, so Su Yan had encountered a lot more tribulations than Ling Xi, so, even though Su Yan was still very weak, she was much stronger!

"Wait for my return!"

She gritted her teeth as she said this sentence. Then, without turning her head back, she rushed towards the direction of the flame pillar with determination. Ling Xi watched as that tiny figure gradually disappeared before her eyes.

I can't give up!

As long as they didn't die, no one could give up, not even a girl.

She let out a deep breath, and stood firmly by Long Chen's side. There was already movement in the distance, and the group of people was coming again.

"This time, let me protect you." She had to divert the other party's attention and stop them from finding Su Yan, but she also had to protect Long Chen well.

Chapter 1954 - Flame Emperor Giant Serpent

The pillar of flame continuously spat out flames. In the sky, the cloud of fire spread outwards, enveloping the entire sky in a sea of flames. Countless flames scattered down like raindrops.

Beneath him was boundless magma.

Long Chen was currently sitting on top of a high ground. What was terrifying was that his body was completely shriveled and withered, his originally sleek and strong body was now dark and gloomy, without any light. If not for the movement, he looked like a dried up corpse.

No one knew whether or not he would completely lose his life if he continued like this.

Ling Xi did not know either.

The current Long Chen seemed to be a devil that was living within his body and absorbing all his blood and essence, devouring everything within his body.

Ling Xi pursed her lips. She still believed that Long Chen would succeed in the end! She watched with reassurance as those people arrived, until they were standing right in front of her eyes.

The Nine Tailed Heavenly Foxes looked at Ling Xi with incomparable shock.

It was this girl who had used a method similar to that of the Nian beasts to teleport them out of the cave in an instant.

"Little girl, what method are you using!? How can you do that? How do you have the magical powers of a Nian beast? "

The four of them surrounded him, while Ruo Xi stayed behind.

Because Ling Xi's ability was too special, they had actually forgotten for a moment that Su Yan had already disappeared.

Ling Xi had to deal with them, she said: "It's not only the Nian beasts that have such a sacred art, I have learnt it long ago."

The purpose of her words was to make them think that she could still make them afraid.

Ling Xi was unable to control the direction of the Revolving Star Passage Technique. If she could, she would have directly moved them into the flame pillar.

Hearing Ling Xi's words, the other party was indeed somewhat cautious.

Only now did they realise that Su Yan seemed to have disappeared.

"Our Demon God Area has a seal from the Divine Kingdom. Where did you get that half demon?"

The environment here was too chaotic, they could not see Su Yan's existence for a while.

Ling Xi's eyes revealed determination, she allowed herself to remain calm, and chuckled: "Did you only discover it now? I told her to run when you left. "

The other party roared with laughter, and said: With just her, who's a half demon, if she leaves you, she wouldn't be able to survive in Demon God Area. If we don't kill her, with her abilities, she would definitely die in the hands of other Spirit Demon beings in an even more tragic way.

Ling Xi clenched her teeth.

One of them laughed, "Very good, I know the identity of this young man. He is the brother of the wolf tribe, and to that wolf tribe, he is as important as a half demon. Moreover, this guy is going through the tribulation.

At this point, they looked at each other.

Mo Xiaolang had brought such a huge loss to their Nine Tailed Heavenly Fox, this was an absolutely irreconcilable hatred!

Even in their dreams, they grinded their teeth for revenge. Naturally, they were able to unleash whatever methods they wanted.

"Little girl, get out of the way. I can see that your talent is quite good. You are also of the Holy Spirit Clan, so I'll spare your life."

Seeing them become ferocious, Ling Xi felt fear and despair. Long Chen did not know whether he was dead or alive, and if they attacked again, the consequences would be unimaginable.

She gritted her teeth and said sternly, "You all know his identity, so you naturally know that he is the son of the Eternal Dragon Emperor. With such an identity, how can you kill him as you please?!"

"Eternal Dragon Emperor?" The other party was startled for a moment, then continued to laugh out loud. The oldest fox said, "How long has it been since the Eternal Dragon Emperor died? What does he have to do with us demi-humans? This brat is the son of the Eternal Dragon Emperor, so what? Would

the Everlasting Dragon City acknowledge his existence? Would the humans treat him as a treasure? I won't tell you! "They were abandoned by the humans a long time ago. This kid is just a homeless person. Why can't we kill him for such a worthless thing?"

These words caused Ling Xi's eyes to turn red, and she retorted, "What do you know! Although he has not been recognized as such, there will be a day when she will return to the Dragon God Domain and let everyone respect him and his father! "

This was Long Chen's wish, and also what Ling Xi desired from the bottom of her heart.

Of course, in front of these old men, this was simply a joke. After they heard this, they all began to laugh loudly and discuss, "Truly a newborn calf that is not afraid of a tiger. This is too whimsical and even this kind of thought could exist."

"The higher ups of the human race hated the Eternal Dragon Emperor to the bones. Would they even acknowledge this little fellow? Bullshit. No matter how talented that fellow is, he is still an abandoned child. Furthermore, he will only be able to take on this role for the rest of his life.

"Stop wasting time. Get rid of him and lure the wolf pack out."

As he said that, the person who had attacked Ling Xi previously among the four Nine Tailed Heavenly Fox once again charged forward.

"Protection barrier!"

Ling Xi was unable to use the Revolving Star Passage Technique again, she could only use all of her strength and use the protective enchantment once more. The protective enchantment's effect was to once again block her opponent's attacks!

After one attack, Ling Xi almost bumped into Long Chen.

Her white dress was stained with bits and pieces of blood.

"Phew!"

Ling Xi shook her head, wanting to clear her mind, but that heavy blow still made her mind a little blurry. She forced herself to stand up in front of Long Chen, and the figure in front of her started to sway, but it did not scare her.

Behind her was the man she loved the most in her life. She could not retreat, not even half a step ...

"Brother Chen!"

Ling Xi turned around and glanced at him. His situation had turned even more serious.

If she did not succeed, then even if she died together with Long Chen, she felt that it would be worth it.

She had seen this kind of scene too many times in the 100 lifetimes reincarnation cycle, so she wasn't afraid. Everyone's life was in danger, and the most important thing was to defend each other.

To Ling Xi, this was probably just one life in a hundred lifetimes of reincarnation.

"What a touching girl. He was only convinced that he could get you!"

The old man of the Nine Tailed Heavenly Fox laughed, but he was not soft-hearted. He attacked again, and this time, Ling Xi could completely collapse!

"Brother Chen!"

His vision became even blurrier, and the attack caused Ling Xi to shudder!

Ling Xi seemed to have seen all the details and scenes of love for a hundred lifetimes. She was completely immersed in her memories, and did not realize the arrival of death at all!

"I only believe that this is just one of the reincarnation cycles. In the next life, we will still be able to meet and know each other and love each other. No matter where you go, no matter what world you go to, I will follow you. I will go first, if you can follow me, then you must hurry."

What she thought in her heart was only the last words that she had to say to Long Chen.

"Don't touch her!"

Suddenly, a shrill cry woke Ling Xi up from her stupor, and suddenly, a flaming rock whizzed over, interrupting the attack of the Nine-tailed Sky Fox. Ling Xi hurriedly looked over and saw that Long Chen, who was behind him, was still motionless, while the lava in the distance had suddenly produced a tremendous movement, causing a super huge beast to rush out from the sea of flames. It was a gigantic rock serpent that was formed entirely from lava and flames.

"This is the Flame Emperor's Giant Serpent that is protecting the Red Lotus Fire!"

The four members of the Nine-tailed Sky Fox family were stunned.

That was because they saw a young girl sitting on top of the Flame Emperor's huge snake.

That young girl was the half-demon of the snake tribe.

The Flame Emperor's Giant Serpent was extremely cruel and loved to kill. It was usually in deep sleep and once awakened, everyone nearby would be in trouble, basically not leaving a single person alive. But what was strange was why that young girl was able to sit on the head of the Flame Emperor's Giant Serpent, and was even protected!

Before the Nine-tailed Sky Fox could even think, the Flame Emperor Giant Snake released a world-shaking roar, bringing an endless amount of lava, as it charged towards the Nine-tailed Sky Fox. Ling Xi reacted immediately, she felt a glimmer of hope, and this was its only chance. Seeing the Flame Emperor Giant Snake fight with the Nine-tailed Sky Fox, she recovered a little.

The rest, was up to Su Yan!

After Su Yan absorbed the ancient beast's inherited blood, he had the power to communicate with the horde of snakes. She could at least get a good impression of them and urge them to fight.

Ling Xi had already known before that Su Yan had summoned the Jedefallen Snake.

She didn't know how powerful this Flame Emperor's giant serpent was.

"Yan Er, you must do your best!"

She never thought that Su Yan would actually be able to find such a helper, which could be considered to be tears of joy. At least for now, Long Chen should be fine!

The giant serpent charged over, its lower body still in the blazing magma, but its upper body was actually fighting with the Nine Tailed Heavenly Fox. The battle was very intense, the battle strength of the giant serpent was very strong, especially in such an environment of magma, the waves of the battle soared, and the early stage Four Symbols tribulation of reincarnation Nine Tailed Heavenly Fox was being forced to retreat step by step!

The Flame Emperor Giant Snake was a desolate beast at the late stage of the Four Symbols tribulation of reincarnation.

In this kind of environment, it was able to unleash fighting strength beyond the Four Symbols tribulation of reincarnation. This time, Su Yan could be considered to have helped greatly!

The appearance and attacks of the Flame Emperor Giant Serpent had made the Nine-tailed Sky Fox tense up. With the four of them working together, they had even sent out the experts of the tribulation of reincarnation of the five elements in order to kill the Flame Emperor Giant Snake!

Extremely brutal slaughter, open!

Chapter 1955 - Tasu

Water splashed everywhere.

Long Chen felt that he was surrounded by endless gentleness, that this feeling was so intoxicating that it could make one dream for life, it could make one forget everything.

He did not know what he was doing, it was weird, as though he was being controlled, but he could not stop, and every single one of Li Xuanji's beautiful expressions were engraved in his mind, causing him to feel intoxicated and forget about everything.

He did not know when, but he realized that the woman who was with him had changed her appearance. This woman had disappeared from Long Chen's life for a long time.

"How could it be you?" Long Chen asked woodenly.

"Of course it's me. I know you wanted to do this to me, didn't you? "Don't be polite with me, keep up the good work." Liu Lan laughed charmingly.

Long Chen thought of the many times she had been sad for him, he must definitely take revenge on her!

What he did not expect was that she had actually been changing her appearance the entire time. This woman had gone from Liu Lan to Murong Yu, then to Liu Yiyi, then to Pure Snow, finally to Feng Zhiling. All the women who had interacted with him before in their lives had appeared, and each of their expressions were different.

In the end, it was Li Xuanji again, and there were quite a few of them, and even her five clones with different styles had appeared.

Li Xuanji looked at him with her cute eyes, licked her lips, and said: "Good husband, you can't stop."

Long Chen was very angry, how could he stop.

However, why did he feel a sense of death?

Suddenly, he saw that his hands, which were rubbing the other party's hands, had actually become as thin as firewood, had turned completely black, as though they were charcoal. The corpse's aura that pervaded his hands, had suddenly vanished, and Long Chen came to a somewhat stop in fear as he asked in surprise, "How did my hands become like this?"

Long Chen originally wanted to hear what she had to say, but he suddenly stared intently at Li Xuanji's chest, and said: "I ask you, where is the Eternal Protection Heart?"

Li Xuanji panicked. She blinked, and with one hand, she pulled Long Chen's neck out. With the other hand, she swiped at the pool, and said: "I accidentally fell into the water."

Long Chen held onto the Eternal Protection Heart in his hand and heaved a sigh of relief. Suddenly, under the contrast of the Eternal Protection Heart, he saw his own appearance.

His head shriveled up and turned black. His blood and flesh seemed to have disappeared, leaving only a layer of his scalp behind. His eye sockets were sunken, and his eyes were murky with an aura of death.

The Eternal Guardian Heart shattered into pieces in his hands.

Long Chen's head seemed to have been stabbed as everything became clear in front of his eyes. He stared unwaveringly at the charming Li Xuanji below him, gritted his teeth, and said: "god of tai-su, you're really awesome.

This god of tai-su was simply too terrifying.

Long Chen was unable to describe her terror with words. Long Chen firmly believed that in the entire Immortal God Realm, besides himself, no one else would be able to escape this calamity. She was even more terrifying than most of the reincarnation tribulations, because from start to finish, Long Chen felt as if he was in a dream and was completely under the control of this god of tai-su.

It was only until this moment that he realized from a single detail that he was facing god of tai-su when her primordial spirit broke free of its bindings.

Even though the primordial spirit of the Great Void Cosmic Dragon was still young, the fact that the other party could actually control it showed how powerful it was.

No one knew whether they were real gods or illusions, and many people only knew that the Primal Chaos Realm God, only people who had talent comparable to Unparalleled Dragon would experience the god of tai-su, but in the current Five Dragon Cities, there were almost no inheritors of Unparalleled Dragon!

Being able to meet the god of tai-su was a symbol of going against the heavens!

Long Chen was very clear that his flesh and blood from the Primordial Blood Spirit Dragon had been completely devoured by the god of tai-su in this moment of confusion. He was already in a state of near death, and the reason he was still so excited was entirely because of the.

It was his confusion.

Tai Su was the origin, the primal, and the pinnacle of desire. It was Long Chen's greatest test up till now and sometimes, even with a mind that was strong to the point of defying the heavens, he might not necessarily be able to pass god of tai-su.

Until Long Chen said her name, the god of tai-su still maintained Li Xuanji's appearance. She laughed, which was extremely charming, and said: "It really wasn't easy for you to escape.

She actually possessed intelligence!

Long Chen was extremely shocked. When he fought the Primal Chaos God, he had too deep of an impression of the black and white face of the Primal Chaos God. He thought that he would fight with the god of tai-su but to think that the god of tai-su's test would be like this.

If she had intelligence, then it was very possible that the so called god of tai-su was a real god!

Of course, Long Chen didn't expect her to tell him the secret regarding the Divine Spirit.

What he was considering was whether he could still live after he had exhausted all his energy.

She seemed to think that she was the successor of the Unparalleled Dragon.

Long Chen's eyes flashed with a cold light.

In fact, even at this moment, the small dragon underneath him had yet to be pulled out and was still under the control of the other party.

god of tai-su twisted and turned under him, and laughed gently: "But even if you do sense it, what can you do? "You're about to die, you only have a little bit of dragon essence left in you. If I wasn't greedy and wanted to suck you dry without leaving any bones, I would have stopped long ago. How could I let you take advantage of me for so long, foolish child ..."

Long Chen did not move at all. He could feel that the last of his life force was quickly dissipating.

He gritted his teeth and suddenly laughed. He was an Ancestral Dragon, not a Unparalleled Dragon. After he awakened and was no longer bewitched, his pride as an Ancestral Dragon involuntarily surfaced.

He suddenly increased his speed, unleashing his last bit of power. Although the essence of his flesh and blood was desperately channeled into the opponent's body, he still forced her into the bottom of the pool, pressing her firmly to the ground, causing the entire ground to rumble.

"Kid, do you want to die bravely?" god of tai-su chuckled.

"I will make you die bravely!"

He was even hungrier and hungrier than the god of tai-su when he was released by the Blood Refinement Qi. In an instant, he opened up the whirlpool in his body and, in an extremely crazed state, devoured it with all his might, causing the delicate body under his body to shrivel up. god of tai-su's flesh and blood flowed into his mouth without care, which was even faster than the god of tai-su's. He struggled with all his might as he screamed, but both of his hands and feet were suppressed by Long Chen.

"You've succeeded in transcending the tribulation! Let me go! Let me go! I beg of you!"

The god of tai-su was begging beneath him.

These words were equivalent to farting to Long Chen but he did not stop. Instead, he used an even larger force to mince this god of tai-su into pieces, turning it into the essence of his strength and swallowing it all into his stomach in a short moment.

BOOM!

When the god of tai-su disappeared, all of them were swallowed back by Long Chen.

He could not help but laugh out loud. "You are still far from being able to compete with me in this aspect! god of tai-su, I really need to thank you for the gift. Is this Tai Su's power? "

He could feel that this power did not reach the power of Nirvana, but had instead fused with the flesh and blood in his body. The power of the god of tai-su, gave Long Chen a feeling as if he had returned back to his mother's womb. It was pure and fertile.

Although it was only an increase in the essence of his flesh and blood, Long Chen knew that the increase in his battle prowess would definitely surpass that of the previous time when he defeated the Primal Chaos God!

His body seemed to have been reborn as it rapidly transformed.

Or rather, it could be said that the god of tai-su's primitive nurturing energy was driving the growth of his ancestral dragon body.

This was the end of the line, this was the end!

Everything in the surroundings disappeared, and a blurry figure appeared before Long Chen's eyes.

Chapter 1956 - You Have Regret

The blurry figure was like a ball of mist that was difficult to grab, but Long Chen was still on guard, because the feeling that the figure gave him was extremely similar to that of the god of tai-su. He knew that the god of tai-su would definitely not die, and no one knew what kind of existence the god of tai-su was, so Long Chen naturally did not know either.

While he was on guard, the god of tai-su looked at him excitedly and said, "I never thought that the Primordial Blood Spirit Dragon's inherited blood essence would actually be born!"

She was excited, nothing else.

Long Chen was shocked, and immediately replied: "Who exactly are you!"

At this point, Long Chen could basically avoid revealing any traces of himself, and the other party should have probably deduced it from what happened previously.

The god of tai-su would naturally not answer this question. She laughed lightly, and the blurry figure became further and further away from Long Chen, her laughter resonating by his ears!

"If that's the case, your next realm will not just be the One Yuan tribulation of reincarnation, but the Grand Beginning realm. Congratulations, you have the chance to learn the God of Great Beginning and I wish you success in passing the test of the Grand Beginning God. He's even scarier than me!"

With that last sentence, the god of tai-su completely disappeared.

Long Chen realized that the clouds and mist around him had gradually dissipated, and his field of vision had widened. A woman's voice could faintly be heard, and it sounded so urgent.

Long Chen was immediately aware of the enemy's arrival.

The four elders of the Fox clan were on alert when the Flame Emperor's giant serpent appeared. With the Fire Emperor's giant serpent by the side of the lava, if the wolf tribe appeared at this time, the wolf clan and the Flame Emperor's giant serpent could easily resist them. Therefore, they had to get rid of the Flame Emperor's giant serpent as soon as possible.

The Nine Tailed Heavenly Foxes became nervous once again. They knew that they had underestimated these youngsters. This time, they definitely could not find a chance to escape!

To tell the truth, the snake clan half demon actually had the ability to control the snake type dire beasts. This was simply inconceivable. It also made the Nine-tailed Sky Fox view this little girl as a great enemy.

"Sister Ling Xi, protect Brother Long Chen. I'll be leaving first!"

Su Yan was very bold, she brought the Flame Emperor Giant Serpent and turned around, in case the battle spread to Long Chen, and the four elders of the Nine Tailed Sky Fox group hurriedly followed along, fighting the Flame Emperor Giant Snake in the lava beside the fire pillar in an extremely intense manner. When the five huge beasts fought, the sky crumbled and the earth cracked, and countless flames fell from the sky, landing on the Nine Tailed Sky Fox's snow-white fur, but they were quickly smashed apart!

The four Nine-tailed Sky Fox surrounded the Flame Emperor Giant Serpent, and under the lead of the Nine-tailed Sky Fox, they started to attack intensely. On the other hand, Su Yan hated them to the bone, she didn't need to do anything, the Flame Emperor Giant Snake would help her, and beat these annoying fellows back!

Its body was entirely made of rocks and flames, just like the Purgatory Flame Star Colossus. However, whether it was the body or the might of the Purgatory Flame Emperor's snake, it was much stronger than the Purgatory Flame Star Colossus.

This battle was especially tragic!

The Flame Emperor's giant serpent controlled the magma to protect itself, and at the same time, it furiously attacked. The Nine-Headed Nine-tailed Heavenly Fox was unable to do anything to it.

"Ruo Xi, why aren't you coming to help!"

One of the elderly people who was fighting shouted to the stunned Ruo Xi.

Ruo Xi snapped out of his daze and nodded. Just as he was about to go, another old man came to a realization and said: "Ruo Xi, I'll give you a chance to make amends. If you complete this mission, from today onwards, we won't pursue your sins!"

Ruo Xi was excited, the matter with Mo Xiaolang had caused her position in the clan to drop greatly, if he could get the chance, to her, it would undoubtedly be the beginning of the day.

"Clan elder, please speak."

Ruo Xi said respectfully.

The old man's eyes flashed, and he said: "Go and kill the son of the Eternal Dragon Emperor, today, we are going to kill all four of them in one fell swoop. They are all extremely talented, and any one of them can bring about endless calamity to our clan of the Nine Tailed Heavenly Fox in the future. He would not show any mercy! Those two little fellows do not have any fighting strength, so you can take care of them easily! "

The old man's words resonated in Ruo Xi's ears again and again.

Ruo Xi was dumbstruck.

She looked at Long Chen, and suddenly remembered when they met in Divine Desolation Ancient Earth. At that time, Mo Xiaolang seemed to still be very weak, and she could tease them, tease them, and even

call herself grandaunt. In her eyes, they were two very cute juniors, and when she saw that Mo Xiaolang had good talent, she wanted to bring him back to Demon God Area.

In the end, the reason why Long Chen was able to form a connection with the heart of the Goddess was also because of Ruo Xi.

It could be said that Ruo Xi was an important figure that could change Long Chen's fate.

However, she didn't expect that meeting again would turn out like this. It had only been half a year, and to most people, this half a year was like the blink of an eye.

"Are we going to kill them?"

If it was only Mo Xiaolang, Ruo Xi would still be able to help. After all, Mo Xiaolang had brought a huge calamity to the Nine Tailed Sky Fox.

If we add Su Yan, she could only clench her teeth, because Su Yan was also our clan elders' target.

However, Long Chen and Ling Xi were innocent, she could not allow herself to make a move

Seeing that she was hesitating, the old man asked: "Is there something wrong with your head? If you still don't do anything today, I will really expel you from the Nine Tailed Heavenly Fox, Ruo Xi, you are someone who will have hope of becoming the Clan Leader in the future, you better not let these little fellows confuse you. If you want to become the Patriarch of the Nine Tailed Heavenly Fox, you must kill them decisively, you have to do this for the rest of your life, and you can forget about us recommending you in the future.

At the same time, this old man from the Five Elements tribulation of reincarnation was still engaged in fierce battle with the Flame Emperor Giant Serpent.

His words gave Ruo Xi an even bigger impact!

She gritted her teeth and chose her future. She had only met Long Chen by chance and was extremely unwilling to kill this innocent person, but the clan elders had already forced her into a corner. She also loved the Nine Tailed Heavenly Fox tribe, so how could her heart be expelled from her family!

Gritting her teeth, Ruo Xi's pink hair fluttered in the wind. She was as beautiful as a goddess and her allure was peerless and enchanting.

She arrived in front of Long Chen and Ling Xi, facing the raging winds and flames.

Her gaze landed on the young lady's body. Her face was pale and her body was slightly trembling, her strength had already been exhausted, but at this moment, her eyes were filled with courage and fearlessness. It was not because of Ruo Xi standing in front of her, that she would experience the slightest change.

"If you want to kill him, you have to kill me first!"

Ling Xi's eyes turned cold and she spoke in a low voice. She was so determined, and did not hesitate at all.

Ruo Xi closed his eyes. This little girl's loyalty and perseverance towards his lover caused her to fall into a trance. Even though she was similarly beautiful and devastatingly beautiful, he still hadn't been able to have such an unforgettable relationship with him. It was a type of regret, and for her to destroy this marriage alliance made her feel extremely uncomfortable, but she had no other choice!

Ruo Xi clenched his teeth, and said with a deep voice: "Today's calamity, is something that you all brought onto yourselves. I am powerless, and can only send you all safely to the west. I hope you can continue to love each other in your next lives. "

Ling Xi remained silent.

Ruo Xi attacked as soon as he said it, Ling Xi's protective enchantment which was in a state of exhaustion, basically did not hinder Ruo Xi at all. She broke the protective enchantment, and the nine fox tails that were like steel needles abruptly moved forward, entangling Ling Xi.

Ling Xi's hands and legs, and even her snow-white neck, were entangled with the other party. Once Ruo Xi used a bit of strength, her body and head would be separated.

Even in his peak state, Ling Xi had no chance of winning against demons of the Four Symbols tribulation of reincarnation, let alone now.

One Yuan and four Elephants, this was the difference before the battle between the heavens and the earth.

However, her gaze still didn't waver.

"Have you ever regretted it?" Ruo Xi paused for a moment, she could not kill directly, at this moment, her heart was also fiercely struggling.

Ling Xi said: "I do not have a single trace of regret."

The other party's decisiveness moved Ruo Xi.

She suddenly felt that she was so insignificant in front of this girl. Her life wasn't for herself, but Ruo Xi.

Even in her dreams, she wished to one day command the Nine Tailed Heavenly Fox!

These were her enemies!

Ruo Xi clenched his teeth, she closed his eyes, and prepared to fight!

Long Chen opened his eyes and saw his beloved woman being wrapped around a heavy pink fox tail. He was extremely familiar with that charming pink color, and everything around him indicated that the Nine-tailed Sky Fox had come once again. Just as Long Chen had expected, Mo Xiaolang coming here to swallow the Red Lotus Flame would indeed bring about a great disaster!

Long Chen could clearly feel her weakness and exhaustion, which was why she had persisted until now in order to protect himself. If not for this, with Ling Xi's Sector lord Divine Technique, she might not have been able to escape!

For a moment, Long Chen was furious.

For a moment, his eyes were filled with tears!

He had always been the one protecting Ling Xi, yet this time, he had changed positions. Not only was he moved, he was even angered, because the person who wanted to kill Ling Xi, was actually the Ruo Xi he had once trusted!

His Divine Dragon Body seemed to have grown from the state of an infant to the state of a child, or perhaps it was the condition of a teenager.

Within his body, the limitless divine dragon let out a terrifying roar!

Long Chen appeared behind Ling Xi in that instant. He held Ling Xi's slender waist with one hand and held onto the murderous god slaying sword with the other!

That youth filled with killing intent, his head actually appeared next to the girl he was controlling. That bloody gaze made Ruo Xi suddenly become restless, his heart was shocked, and her gaze shifted to the God Slaying Sword.

In that moment of life and death, Ruo Xi immediately took back the fox's tail!

Chapter 1957 - A Group of Freaks

Soft.

This familiar embrace suddenly gained control of him.

Ling Xi's long hair fluttered in the air, making her seem so otherworldly.

Long Chen brushed away his long hair, put his hands around her waist, and leaned his chin on her fragrant shoulder. He closed his eyes, while Ling Xi's eyes trembled slightly.

This scene made Ruo Xi's heart even more uncomfortable.

She felt that she was a sinner, despicable and shameless, unqualified to be compared on the same level as Long Chen and the others.

Long Chen could feel the true temperature of Ling Xi's body. god of tai-su's charm and passion were both fake, and were all full of malicious intent, and Li Xuanji had never begged herself to give her anything in front of him.

"Sorry, I came back late."

Long Chen sincerely apologized. He was almost conquered by Tai Su's desire and died completely. If he died in such a calamity, it would be too depressing.

"Not too late, never too late."

Ling Xi gently held onto the palm of Long Chen's hand that was wrapped around her waist, the familiar warmth from her body made her want to cry.

How many life and death experiences he had, how many life and death together, were able to create such a familiar and tacit understanding like today? Ling Xi had always believed that being able to stand shoulder to shoulder with such a person, even if it was death, was his greatest happiness in life.

Long Chen was looking at all of this.

Mo Xiaolang was still in the middle of the flame pillar, probably fighting against the Red Lotus Fire. He made a huge movement, producing a huge explosion, causing the magma below to explode, and the flames in the sky to spread, filling the sky with fire rain.

However, Su Yan magically summoned a powerful Flame Emperor Giant Snake and was currently fighting with the four clan elders of the Nine-tailed Sky Fox. The commotion caused was even bigger than that caused by Mo Xiaolang.

When Long Chen gifted the Primordial Cry Dragon to Su Yan, he had known that she would have this ability.

The ancient dragon's consciousness was extremely blurry. It could only sense, but not speak.

Furthermore, there was no need to talk about the mysteries of the Dragon God Extinguishing Mystery that it had mentioned.

And Ling Xi ...

At the last moment, she must have been protecting him as he fought against the god of tai-su ...

Although everything was happening involuntarily, when he thought back to it, Long Chen still felt that he was extremely despicable, but it made him angry. He hated people who took advantage of him when he was empty the most, and Ruo Xi, who he once believed in, actually wanted to take advantage of him while he was still fighting against god of tai-su to attack him?!

The god of tai-su had brought him a transformation of his body, giving him the true killing aura of the Primordial Blood Spirit Dragon. At this moment, any one of his eyes could give these ultimate experts a great shock!

The desire to fight on Long Chen's body was about to explode!

Ruo Xi!

He let Ling Xi return to her back, told her to protect him properly, and then confronted Ruo Xi with her furious eyes. She was so sharp, allowing Ruo Xi to retreat step by step, and she was unable to endure Long Chen's gaze of reprimand!

He walked closer and closer to Ruo Xi, and the God Slaying Sword was already unable to endure the thirst, until Ruo Xi could no longer endure it and shouted miserably: "What are you doing? You think you're awake, so what? Can you protect her? Long Chen, what right do you have to be arrogant in front

of me? With your strength that doesn't even reach the tribulation of reincarnation? Let me tell you, you won't be able to escape death today. Even if I don't kill you, they will! "

Regarding her words, Long Chen turned a deaf ear to her.

He suddenly rushed forward, the Sword Qi in his hands surged, the God Slaying Sword unleashed many sword beams, flying around him, Long Chen's voice was ice cold as he directly launched a berserk attack at Ruo Xi!

"Ruo Xi, in Divine Desolation Ancient Earth, promise me that you will take good care of Little Wolf, there won't be any mistakes! "Tell me, what's the situation now?!"

It's exactly this person, who promised herself that Long Chen would believe her, and would be at ease to hand Mo Xiaolang over to her!

However, today, it was a fight to the death!

Ruo Xi bit his pink lips. Indeed, she and Long Chen had this story, and she explained, "This has nothing to do with me.

Long Chen laughed coldly, and said: "You want to clear up your relationship just like that? Also, did you want to kill us just now? I have always treated you as a friend and a sister that I respect. But what you have done, is not worthy of my respect, Ruo Xi! From your point of view, it is only natural for you. But I, Long Chen, also understand that from today onwards, you and I will have nothing to do with you! "

Ruo Xi was extremely shaken. Even though Long Chen did not reach the tribulation of reincarnation, how could he be so strong after a single battle?

If he did not have the tribulation of reincarnation, could he contend against someone like him, who had reached the Four Symbols tribulation of reincarnation and possessed the Four Symbols Power of Reincarnation?

However, under the pressure of the heavens, like ordinary people, Long Chen also needed to progress gradually in the cycle, so as to be able to become stronger, he absolutely would not experience a situation where he could grow as fast as the devils. Back then, when Ruo Xi was in the Divine Desolation Ancient Earth, he could easily control Long Chen, but today, Long Chen clearly did not have a tribulation of reincarnation, so he did not have the power of reincarnation, but he seemed to be able to fight him?

"Heavens, what exactly are these monsters?"

Mo Xiaolang didn't say anything more. Swallowing flames, strengthening himself, and turning his body into a devil, his fighting strength must be extremely strong.

Ling Xi was very strange, she had grasped many strange techniques, especially the Revolving Star Passage Technique which actually brought back the five Rankers, it was truly unbelievable. a mere one yuan of tribulation of reincarnation was able to block the attacks of four people's tribulation of reincarnation, and had even blocked it several times.

Su Yan looked incomparably weak, but she was actually able to summon such a powerful Flame Emperor Giant Snake.

In reality, the most frightening thing was still this Eternal Dragon Emperor's son. He was the leader of the group, and also the most mysterious person in Ruo Xi's eyes, as well as the person she least dared to face.

In response to Long Chen's question, she steeled her heart and said: "Don't think too highly of yourself, we have never been friends. Mo Xiaolang has swallowed the Heavenly Fox Demon Flame left behind by my clan's ancestor, then that is even more so, we are enemies, it seems like you are very confident in your strength, then let me see for myself how you are going to fight against my Four Symbols Power of Reincarnation!"

She felt guilty in her heart, and it was really hard for her to endure Long Chen's criticism. Since this layer of relationship was already irreparable, why not be straightforward and directly put the other party on the opposite side, making it easier for her to bear the consequences herself? He wouldn't be so conflicted and in so much pain.

However, her words only enraged Long Chen even more.

Long Chen only knew that he had trusted her before, and that he would treat any of his friends well. In the future, he would repay her kindness a few times.

In Long Chen's eyes, Ruo Xi and the goddess' heart were actually pretty much on the same level. After all, she had given him a turning point in the battlefield of the Gods!

But now, everything had dissipated!

He removed the appearance of the Spirit Race and turned into a human. The blood colored dragon scales covered his entire body, and at that moment, Long Chen had transformed into a sinister battle machine!

"Die!"

As the long sword thought about it, billions of sword lights surged forward. Wherever the god slaying sword went, fire surged, and endless lava screamed towards Ruo Xi!

Ruo Xi's heart sank, she activated the Four Symbols reincarnation cycle, the power of the Four Symbols reincarnation cycle surged, the physical body and the primordial spirit fused together, forming the power of the Four Symbols, it was extremely violent, next to Ruo Xi's body appeared the figures of four divine gods, a person at this level displaying his true strength in front of Long Chen, it was just as terrifying!

Any one of the Four Symbols tribulation of reincarnation experts could not be underestimated.

In actuality, Long Chen didn't even know if he could organize himself right now. He was sure that he could defeat any martial artist with tri-level tribulation of reincarnation.

"Heavenly Fox Needle!"

Ruo Xi activated the Four Symbols Power of Reincarnation, the nine tails forming a circle behind him. As the power gathered, a formation diagram appeared in the circle, the formation diagram was burning with snow-white flames, the Heavenly Fox Demon Flame that Mo Xiaolang had engulfed before!

Following Ruo Xi's usage, countless snow-white steel needles suddenly shot out from the array formation. The steel needles were intertwined with the heavenly fox demon fire, hundreds of thousands of them, and they contained an endless amount of killing intent!

Seeing that the endless steel needles were about to pass through his body, Long Chen did not panic at all, the God Slaying Sword Technique in his hand executed the Killing Sword Technique, rushing forward ferociously, the killing sword technique's speed opened Ruo Xi's eyes wide, he danced with the Killing Sword Technique into a sword net, each steel needle carried the power of a mountain, but was sliced

apart by Long Chen's God Slaying Sword, Long Chen broke through countless of steel needles that were filled with flames, and without slowing down, he rushed towards Ruo Xi!

"One hundred and thirty-six strikes!"

was shocked, and immediately pulled away her Sky Fox Needle and escaped. Until now, she had to admit that although Long Chen did not have any tribulation of reincarnation, his fighting strength had definitely reached a terrifying level. Such a terrifying leap in power, it was impossible for the entire world to appear!

"Could it be that this son of the Eternal Dragon Emperor, who countless people look down upon, is a peerless genius whose talent is something that not even the young people in the Immortal God Realm can compare to? Even Di Yu is not even one in ten thousand of his peerless genius?"

"He is ... the next Everlasting Dragon Emperor?"

Ruo Xi was unable to imagine what kind of turmoil that kind of person would bring to the world if they were to once again appear in this world.

"I have already become his enemy. If I do not kill him in this life, I fear that no wish of mine will ever be fulfilled."

Ruo Xi was sorrowful.

She decided to do it one last time!

The beautiful woman with nine tails was blooming in the air, like a goddess under the contrast of countless flames. She stretched out her hands, and on her slender and perfect fingers, her long and slender nails suddenly expanded by 10 centimeters, turning into a terrifying blade!

Chapter 1958 - Descent of the Divine Dragon

On Ruo Xi's hand, the ten centimeters long fox claw that he had refined since young was the hardest part of her body.

The fox claws glowed with a resplendent, gem-like brilliance. They seemed as if they were about to tear apart the space around them!

Glazed Fox Claw!

The Four Symbols Power of Reincarnation circulated on the fox claw. When the physical body and primordial spirit merged together, there would no longer be any estrangement.

The fox tribe beauty in the midst of the rain of fire bit her lips as she looked at Long Chen. Bright rays of light flashed between her hands, as if she wanted to tear the heaven and earth apart.

The seemingly beautiful fox claws were in reality a peerless killing weapon!

In truth, the four elders of the fox race, while fighting against the Flame Emperor Giant Serpent, had already paid attention to the battle over here. Their eyes were sharper, and they obviously knew that Long Chen had not passed through the tribulation of reincarnation, so such a person would definitely not have the strength to fight against Ruo Xi! Even if it was against one Yuan tribulation of reincarnation, it could be considered to be very heaven-defying.

Every level of tribulation of reincarnation could be considered to have two levels, and that Long Chen had crossed six or seven levels in order to battle. Since ancient times, such a thing had never happened in the Immortal God Realm.

"What is going on with this young man!"

According to the rules, he cannot fight against Ruo Xi! "This is strange!"

"Is it because he is the son of the Eternal Dragon Emperor? Didn't the Eternal Dragon Emperor die a long time ago? Based on this kid's age, how could he be the son of the Eternal Dragon Emperor?"

"That won't happen. I heard that the Eternal Dragon Emperor has appeared at the battlefield of the human gods before, right by his side, and he has confirmed his identity. Of course, the Eternal Dragon Emperor that appeared isn't alive."

No matter what, they still ordered Ruo Xi to defeat him!

Adding Long Chen, once the Sun Devouring Demonic Wolf comes out, it would be a mess. The Nine-tailed Sky Fox want to control everything, they naturally could not allow an accident like Long Chen to happen!

In their opinion, Ruo Xi had only made a small move, and had not displayed his true combat strength!

Until the Glass Fox Claw appeared.

"I'm sorry, even if I killed you, it was because of my helplessness!"

said in a low voice, and without staying any longer, his glass fox claws released beams after beams of strong light that shot up into the sky, flying straight towards Long Chen to kill him. Although Ruo Xi had trained for thousands of years, he was extremely proficient in close combat and had a strong body, unlike the Spirit Race, he was extremely proficient in close combat.

But, her opponent was Long Chen!

With the nourishment of Tai Su Power, Long Chen's body was reborn. He was now completely a humanoid monster, and even the Nine Tailed Heavenly Fox of the Five Elements tribulation of reincarnation was not able to beat Long Chen in close combat. was definitely the king of close combat!

Without saying a word, he rushed forward with both swords in his hands, slashing the God Slaying Sword as the main attack, while Ling Xi used his sword to specially launch a few tricky attacks to support the Killing Sword Technique. The gray sword light from the God Slaying Sword clashed with the violent light from the glass fox claws again and again, Ruo Xi had already reached the pinnacle in terms of techniques, the nine fox tails were also extremely powerful killing weapons.

Ruo Xi was stronger than her Four Symbols Power of Reincarnation, and completely suppressed Long Chen by several times, but Long Chen was actually stronger than him in terms of the strength of his physical body and ruthlessness of the Killing Sword Technique. The Killing Sword Technique became more and more violent, and the divine refining flames started to wrap around Long Chen's body.

"How is this possible!"

The more he fought with Long Chen, the more frightened Ruo Xi became. At least she had several thousand years of battle experience, but he had never seen such a warrior who became braver the more he fought, and could only be described as abnormal. Long Chen's Slaying Sword Technique, from the start to now, had explosively increased, and after over a hundred strikes, Ruo Xi's defense line completely collapsed!

As the gigantic Sword Qi slashed down, Long Chen's Divine Dragon body released a crackling sound. It was true that the Taiji Nirvana Qi was powerful, but the power contained in the Divine Sword was even more terrifying in the battle. It was the power of the flesh that filled up the gap between Long Chen and his opponent's Four Great Power of Reincarnation s!

"Break!"

The sword pierced through the sky. Ruo Xi resisted with his glass fox claws, but was still cut into the lava. The huge impact made her fall into the lava for a thousand meters.

Fresh blood flowed from the glazed fox claw in his hand.

Ruo Xi gnashed his teeth in pain. For many years, there had never been a man who was so merciless towards her, to actually cut off one of his fingernails, it was no different from being disfigured by Long Chen. Her anger had caused the lava to boil, and when Long Chen looked down, the magma had actually exploded, shooting up to the sky and forming a tidal wave that surged towards him!

As for the clan elders who were still fighting the Flame Emperor's Giant Serpent, they had long been scared silly by Long Chen.

I can feel that his physical strength even surpasses the power of Nirvana. It's impossible, although we demi-humans are weaker in strength than the Spirit Race and the Human Race, but our physical bodies are stronger and can fill the gap. However, our physical bodies can only provide one third of our strength at most.

"He is the Dragon Fighter. If he were to transform into a Divine Dragon, wouldn't his physical body become even more terrifying?"

The four foxes immediately realized this problem.

This was the true strength that Long Chen gained after defeating the god of tai-su!

Tai Su was the god of conception.

"Ruo Xi is angry, he's going to fight against this little fellow in the beast form."

"No matter what, we have to get this kid out today to prevent future troubles. Brothers, hurry up and work together to kill this Flame Emperor Giant Serpent!"

The four clan elders felt a huge threat, even though they had over ten thousand years of experience, they were still shocked by Long Chen's might.

A pink haired Nine-tailed Sky Fox rushed out from the lava. Ruo Xi had indeed transformed into a beast form, it was the most beautiful fox Long Chen had ever seen, as though it was living in a dream.

However, Long Chen could feel a huge killing intent from her pink eyes!

He could not deny that she had helped him before, but now she was his enemy!

Long Chen's face was cold and indifferent, it was not that he did not know of your old relationship, but the scene today had made him too angry, and Ruo Xi had disappointed him too much.

That enormous being, the Nine Tailed Heavenly Fox, broke through the layers of huge waves and rushed towards Long Chen to kill him!

Under the pursuit of the Nine-tailed Sky Fox, Long Chen was forced to retreat step by step. Where he retreated to, Ruo Xi would destroy him, and not a single blade of grass would grow!

The Four Celestial Emperors came from the void, so it was likely that they came from the same realm as the Primal Chaos Realm God. Perhaps they were gods that had transcended the world, with their bodies as the supreme emperor, heads as the young emperor, head as the young emperor, head as the supreme emperor, head as the emperor as the distant, and the primordial god as the Ancestor, the primordial spirit as the primordial spirit!

The Four Symbols Heavenly Emperor was mighty and mighty. As it rushed forward, the Four Extreme Powers tore apart the heavens and earth with no end in sight. Under the powerful attacks of the Nine Tailed Heavenly Fox, Long Chen's Divine Slaying Sword was unable to show its effectiveness.

After all, no matter who it was, any one of the Four Symbols tribulation of reincarnation practitioners could be underestimated!

Long Chen rushed up to the clouds, and shouted with his head lowered: "I'll give you one last chance, you can choose to escape first, this is because you have helped me before, but if you insist on not realizing it, don't blame me for being ruthless!"

In actuality, Long Chen definitely knew that the four clan elders were the truly difficult enemies, especially that expert from the five. He could completely kill her in an instant, and that expert from the late stage of the Four Symbols tribulation of reincarnation could also completely surpass her by leaps and bounds.

Hearing Long Chen's words, Ruo Xi did not even bother to reply. She had used his killing move to answer Long Chen, and that was the relationship between both parties. Because of these strange conflicts, fate might have already ended!

"Very good!"

He could already feel the boiling hot blood in his body, as well as the power of his fleshly body that was about to explode. At this very moment, Long Chen had absorbed the power of the god of tai-su, and completely engulfed her.

This kind of transformation was much stronger than when a demon clan transformed into a beast.

Long Chen also decided that unless he was in a dangerous moment in the future, he would not use the Divine Dragon's body so easily, because that was his ultimate ace in the hole!

Today, in order to quickly control Ruo Xi, he had no choice but to use it!

What he wanted was to kidnap Ruo Xi!

Roar!

In that moment, he shook his body, and the blood mist instantly exploded. In the sky, the blood mist spread endlessly, gradually forming the outline of a gigantic blood-colored dragon, and in that short moment, everything was vivid and lifelike. That vast and domineering dragon head, sharp dragon claws, and the secret technique's dragon scales shined with countless blood colored symbols.

This divine dragon soared through the sky, momentarily stunning all of the Nine Tailed Heavenly Foxes!

As Ruo Xi was still going up, this ancient being suddenly appeared. Ruo Xi was stunned for a moment, and then she saw the expression in Long Chen's eyes, it was that imposing, that terrifying, that even she, who had cultivated for thousands of years, felt her heart turn cold!

"Did you see that?"

That awe-inspiring divine dragon body struck Ruo Xi's heart!

While Ruo Xi was in a daze, the divine dragon rolled over. It waved its tail, and with a swing, the Nine Tailed Heavenly Fox glowed with a bloody light, instantly dying her fur red.

Chapter 1959 - Apology

BOOM!

Under the incredulous gazes of the crowd, the Nine Tailed Heavenly Fox descended from the sky like a kite with its string cut.

She had experienced the most terrifying beast in her entire life, the one with the most flesh. His body was simply more terrifying than a Dao item, Ruo Xi even suspected that his own glass fox claws could tear apart its opponent's dragon scales.

Her physical defeat was not particularly severe, but in her heart, she was completely intimidated and suppressed by the Ancient Dragon God that was brimming with killing intent.

"I've been defeated just like that!"

Ruo Xi's mind was a mess, but the pain on her body told her that in human form, he might be able to fight with Long Chen, but in human form, she might not even be able to withstand a single blow.

Especially when compared to the other high level Goblin Tribe members, the foxes were better at speed and confusion, not because of the power of their flesh. Only, Ruo Xi understood that even the Bear Clan Elder, or even the Pangolin Clan, might not be stronger than Long Chen in this aspect.

In her blurry vision, the dragon's scales on its body lit up, and on every piece of the dragon's scale, a picture of a small dragon appeared. In that moment, hundreds of thousands of Blood Weeping Dragon souls rushed out from Long Chen's body, Long Chen's body had been upgraded by Tai Su's power, the killing force of the dragons were also exceptionally terrifying, they had bared their fangs and brandished their claws, releasing a world-shaking roar that swept out in all directions, unable to calm down at all.

Countless flood dragons came charging over.

These scary little monsters could definitely swallow him whole. Thinking back to what Long Chen had said before, Ruo Xi couldn't help but feel despair. She didn't think that his life would actually be thrown in this place!

"I guess I deserved it."

She closed her eyes and waited for death to come. However, her heart was still shaking. To die like this due to being devoured by so many little dragons, it was truly tragic!

However, what surprised her the most was that when she opened her eyes, she discovered that the hundred thousand slaying dragons had all rushed to her body, and each of them stepped on her fur. Their claws were already deep into Ruo Xi's skin, and were extremely painful, Ruo Xi seemed to understand that he had probably been controlled.

At this time, the gigantic dragon head descended from the sky, stared at Ruo Xi, and said coldly: "You better behave, or else I'll be able to get them to tear you into pieces in an instant!"

These words made Ruo Xi tremble with fear.

Not only was she defeated, she was actually captured.

The one who defeated her was Long Chen. Back then, they met an interesting little fellow on the God Battlefield. This fact made Ruo Xi smile bitterly for a moment.

Long Chen stretched out his dragon claw and placed Ling Xi on the dragon's palm. After ensuring her safety, he brought along the little dragon that he had killed, imprisoned Ruo Xi and began to head towards the battlefield where the four clan elders and the Flame Emperor's Giant Serpent were.

When Long Chen appeared, the four clan elders started to fight with all they had, especially that expert from the five elements tribulation of reincarnation, he had no choice but to expend a huge amount of energy. When Long Chen had just defeated Ruo Xi, they had coincidentally surrounded and killed him together.

BOOM!

The Flame Emperor's giant snake let out a miserable cry. Under the opponent's attack, the rocks and flames exploded. This snake type dire beast turned into a rain of lava. It howled as it fell, which was a testament to its grandeur.

Su Yan was also thrown out, she was in grave danger!

The Blood Weeping Dragon souls immediately rushed into their battlefield, blocking the paths of the four clan elders in a short period of time, while Long Chen used the few small dragons to bring Su Yan back to his side.

Ling Xi received Su Yan.

In that battle, even though the little girl didn't need any strength, she was still extremely nervous. The death of the Flame Emperor's giant snake had made her very sad. She was currently crying with tears all over her face.

The defeat of the Flame Emperor Giant Serpent was also a huge pressure on Long Chen.

He had originally wanted to deal with Ruo Xi as soon as possible, and use the Flame Emperor's Giant Serpent as a deterrence to force them back.

The four elders were only affected by the killing of the dragon for a split-second.

Previously, they had focused on killing the Flame Emperor Giant Serpent and did not pay attention to the situation over here. Otherwise, they would not have allowed Long Chen to snatch Su Yan away first.

When he looked over, he was immediately stunned.

It wasn't that they hadn't seen the Dragon Fighter, it was that the Dragon Fighter was full of strange things, but its power was outstanding, far surpassing the demon race. However, they had never seen a divine dragon that was completely for slaughter.

This divine dragon shrouded in blood fog caused them to feel a faint sense of dread.

The four of them were all gigantic beasts that had lived for tens of thousands of years. Although they were shocked, they quickly adjusted themselves.

"He actually really defeated Ruo Xi!"

This youth had actually exceeded their expectations and completed something that they felt was impossible to accomplish.

"Perhaps, this is the power of the Eternal Dragon Emperor's son."

The four clan elders' eyes were gloomy.

Long Chen placed Ruo Xi in front of him. Those small killing dragons were running around Ruo Xi's body happily, but they could take Ruo Xi's life at any time.

Long Chen lowered his gigantic dragon head, his voice reverberating in the world. He said: "You better not move, if not, I can tear this one apart before you act."

The four clan elders all looked over. Those small dragons that they had just killed were extremely terrifying.

They naturally knew that Long Chen had such capabilities.

What Long Chen wanted was to stall for time. Now that Mo Xiaolang had not come out yet, he could only wait, and at the same time, stabilize the Nine-tailed Sky Fox, he could not run away first. Furthermore, at the moment, it would not be easy for him to escape under the control of these four people.

Amongst the Nine Tailed Heavenly Foxes, the oldest one, the one who had the tribulation of reincarnation of the five elements, suddenly smiled at Ruo Xi and said, "Ruo Xi, is it because of the hatred we, the Nine Tailed Heavenly Fox, have come to sacrifice yourself in the future, as well as the dangers that may arise?"

Hearing this, Long Chen's heart tensed up.

It seemed that he had overestimated the effect of Ruo Xi on them.

Evidently, the other party wanted to sacrifice Ruo Xi, and kill all four of them in their cradle. This was the most cold-blooded but correct method of handling them.

As expected, the older the better.

Ruo Xi did not want to die.

Her entire body was trembling, she knew that with just a thought from Long Chen, he would be able to turn her into pieces. If the four clan elders were to make a move, she would also become pieces.

No one was willing to die, and there were still many things that Ruo Xi needed to accomplish.

Her dreams, and many others

"I don't want to die, I can't!"

Ruo Xi shook his head with all his might, rejecting the elder's words.

Her pink fox eyes were filled with tears. She did not beg Long Chen, nor the five clan elders.

Seeing this scene, Ling Xi and Su Yan felt that she was pitiful and looked at Long Chen eagerly.

Furthermore, he clearly knew that he simply did not have the determination to kill Ruo Xi. From Ruo Xi's perspective, in reality, she had not made any mistakes. Even though Mo Xiaolang's change of plans had left her behind, she was also completely unable to change anything.

She was born of the Nine Tailed Heavenly Fox tribe, yet this clan suffered such a huge loss. She felt regret and guilt in her heart.

Although she was against Long Chen, against this kind of person who had once helped him before, Long Chen couldn't kill him at all.

As for the other four, they completely disregarded Ruo Xi's lives.

Long Chen knew that his threat had no effect.

He quietly protected Ling Xi and Su Yan.

At this time, the supreme elder said once again, "Ruo Xi, you have committed a grave mistake, you must sacrifice your life for the clan of Nine Tailed Heavenly Foxes. It is only natural that no one wants to die, but our clan of Nine Tailed Heavenly Foxes needs you to die, and these four little fellows are very terrifying enemies. Today, if we kill any one of them, within a thousand years, any one of them may be able to exterminate our clan, but the Wolf Tribe must die, so none of them can live!"

especially, Long Chen's power had shocked them deeply, causing them to feel fear. If they did not kill Long Chen today, they might not even be able to sleep and eat in the next thousand years.

There was such a person in this world, a person who was terrifyingly heaven defying.

"NO!" I don't want to die! "

Ruo Xi's entire body trembled, she thought that Long Chen would really kill her.

However, her words were powerless against the four clan elders.

One of the clan elders laughed and said to Long Chen: "Little fellow, go ahead and kill her, the faster the better, so as to not get in the way. It's wishful thinking to kill a mere girl like her who still wants to become the next Patriarch.

The four of them gradually separated, firmly surrounding Long Chen from four directions.

Suddenly, they took action, completely ignoring Ruo Xi's life.

Long Chen anticipated the arrival of this moment, which made him feel helpless and uncomfortable.

This impossible battle was still out of his control and was about to descend.

"No!"

Ruo Xi trembled. She thought he was going to die.

At this moment, Long Chen flung her flying, causing Ruo Xi to descend, while the four clan elders besieged Long Chen.

"You actually let her go?"

The four clan elders were about to attack, but seeing that Long Chen actually let go, they were stunned.

"Oh right, so you and Ruo Xi have some sort of relationship. This shameless thing, has it ever seduced you before?" The four clan elders roared with laughter.

Since Long Chen was unable to control them, they were basically certain of their victory.

Ruo Xi fell from the sky and turned into her human form. His pink eyes looked at the Divine Dragon in the sky in a daze.

She suddenly understood that Long Chen definitely had no intention to kill her.

After he realized that he was useless, he decided to let go of him. Even though he had broken his promise and made a move against him and the little wolf, he still held this kind of righteousness, causing Ruo Xi to cry bitterly. She knew very well just how useless he was today.

Before this, he had actually almost killed Ling Xi.

"I don't know. I can repay my apologies to him in this life ..."

She was even more unsure if Long Chen could survive in this kind of extreme situation.

Chapter 1960 - Tricks

Alone, he had to face four powerful experts from the Nine Tailed Heavenly Fox alone.

The blood colored clouds filled the air, making the four clan elders unable to see the blood-colored dragon's expression clearly. When the hostage, Ruo Xi, was no longer of any use, the smell of gunpowder suddenly became denser, and the battle almost erupted.

The four clan elders looked at each other, they had already made their plans. Now was the perfect time to kill Long Chen and the others, and wait for Mo Xiaolang to come out in the end.

With their capabilities, even though they were extremely shocked by the power that Long Chen had displayed, it was not to the extent of being afraid of Long Chen. Long Chen was strong, but there was still a distance between him and the Flame Emperor Giant Serpent!

The difference between the early and late stages of the Four Symbols tribulation of reincarnation was also very big.

Only the sound of flames exploding could be heard from their surroundings. After a moment of astonishment, the four clan elders surrounded them and did not care whether Long Chen was the son of the Eternal Dragon Emperor or not! What they wanted was Long Chen's life, in exchange for the peace of the Nine Tailed Heavenly Fox in the future!

But what they didn't expect was that Long Chen, who was completely at a disadvantage in the face of four strong practitioners, actually didn't have the slightest hint of fear. He had even attacked before the four strong practitioners had a chance to do so.

Ruo Xi, as the hostage, was useless. The only thing Long Chen could do, was fight to the death!

And he was even going all out!

He had never been afraid of putting his life on the line. When others were strong, he could only be more vicious than others!

"Do you think I'm a soft persimmon!?"

A year ago, when Long Chen had just arrived at the Immortal God Realm, he was indeed not even a fart.

Half a year ago, he was still at the battlefield of the Gods. At that time, both Su Zhen and Ruo Xi were existences that he had looked up to. Ruo Xi had already lost to him.

As a result, even though his opponent was a ruthless character that he couldn't defend against, he wasn't scared.

In fact, he was even outperforming himself.

Long Chen's attack this time, was mainly aimed at the old man from the Five Elements tribulation of reincarnation and the late stage Four Symbols tribulation of reincarnation.

"Blood Weeping Dragon Soul!"

This was the largest Blood Weeping Dragon soul that Long Chen had ever summoned!

The roars of countless small dragons turned into a huge shockwave that spread out the surrounding sea of flames. The magma also turned into endless waves that were blasted outwards, and the four people around Long Chen were the ones who took the brunt of the impact!

Amongst them, there were two who found it very difficult to resist the impact, namely the two Nine-tailed Sky Fox who were on par with Ruo Xi.

This time, Long Chen had summoned a million Blood Weeping Dragon souls!

The grand occasion of a million Blood Weeping Dragons was even greater than when Long Chen fought with everyone in the God Battle Battlefield. Because the small dragons were even stronger this time, their bodies were as hard as steel and their claws more than the Dao Artifacts.

A million Blood Weeping Dragon souls appeared, roaring as they flooded the entire world!

The main force of these millions of Blood Weeping Dragon souls was the two stronger Nine-tailed Heavenly Foxes!

Long Chen only needed the Sobbing Blood Dragon Soul to stall for time!

The two Nine Tailed Heavenly Foxes were shocked. This thing was too terrifying, they could only resist immediately, and during the period of time they resisted, Long Chen had completely set his sights on a weaker Nine Tailed Heavenly Fox!

Among them, three hundred thousand Blood Crying Dragons were madly biting him. They quickly broke through his defenses and fought him head on. The Nine Tailed Heavenly Fox was also very powerful. Its Sky Fox Needles pierced through many small dragons.

"Eternal!"

Amongst the millions of Blood Crying Dragon Souls, Long Chen unleashed the Great Void Cosmic Dragon's sacred art, locking his opponent in place for an instant. It was at this moment that the 300,000 Blood Crying Dragon Souls tore a piece of flesh from his huge body, instantly ripping him into shreds!

In that instant, Eternal Infinity only froze him for a split-second, but it seemed as if it could kill him at any moment!

Of course Long Chen would not kill him, he rolled up her Divine Dragon Body and quickly coiled it around the Nine-tailed Sky Fox, tightly locking it in place. The Divine Dragon's dragon claws and dragon tail had almost stabbed into the opponent's body, and its strong dragon scales were enough to mince the opponent's flesh and make the Nine-tailed Sky Fox scream in an earth-shattering manner.

In that moment, the two stronger Nine-tailed Heavenly Foxes had already started to kill the Blood Weeping Dragon's soul in large numbers. Long Chen had only used up so many Blood Weeping Dragon souls, so after his plan was successful, he immediately removed all of them. The blood colored sky suddenly became empty, and only lasted for a few breaths of time.

They saw that one of their brothers had been killed by the blood-colored dragon and had already been turned into a ball of blood and flesh, struggling on the brink of death.

One had to know that this was a strong practitioner of the Four Symbols tribulation of reincarnation, yet he was defeated so quickly, it was simply unimaginable.

As for the other three, they hadn't had the time to fight Long Chen yet.

It could only be said that the Ancestral Dragon Art was truly heaven defying. With the same combat power, when Long Chen used these abilities, he could easily kill his opponent in an instant.

Whether it was the Blood Weeping Dragon's soul or the Eternal Incantation, both were terrifying.

Long Chen lowered his head, looked at the three Nine-tailed Heavenly Fox in front of him, and said coldly: "If Ruo Xi is unable to become a hostage, then I want to ask, can the person I am controlling right now give up his life for you Nine-tailed Heavenly Fox?"

After he made the mistake regarding Ruo Xi, he immediately made a decision. He knew that the only turning point was to control another clan elder.

After going through a crisis, he had succeeded with calmness and decisiveness.

Looking at Long Chen, the three clan elders wanted to cry but had no tears. To them, Ruo Xi and the Nine-tailed Sky Fox that Long Chen controlled were completely different. They were twin brothers that had grown up together since young.

Long Chen said: "The three of you, I only wanted to make peace, I did not have any intention of killing him, but I hope that you all do not have any intentions of doing so. Honestly speaking, with just you three, there is no hope for you guys to deal with us brothers. I have great potential and all of you can see that, as for the matter of the Heavenly Fox Demon Flame, I apologize to you all, at that time, he was already under the control of the devil will, and the losses he caused to the Nine Tailed Heavenly Fox, I can only say that I am sorry, but if I, Long Chen, have the chance in the future, I will also repay all of you all. I think that if any of you leave here alive, then we will definitely exterminate your Nine Tailed Heavenly Fox Clan. If possible, I can promise you all that as long as I can safely leave the Demon God Area, I will definitely not find trouble for you seniors.

Long Chen had always been a cold-blooded person, he controlled one person's life, and with this ability, he once again brought up the idea of begging for peace, directly striking the hearts of the three people in front of him.

They fell silent and looked at each other.

To be honest, the Nine Tailed Heavenly Fox had suffered such a heavy loss, it was impossible for them to not take revenge, especially after a battle. Many of its younger generation had died, so if they let Long Chen and the others leave today, the dignity of their clan would definitely disappear.

However, the futures of Long Chen and the others were undoubtedly quite frightening as well.

If they chose to sacrifice the one controlled by Long Chen, it would be equivalent to gambling. Gambling could exterminate the four of them, if not, it would become a huge disaster in the future.

The old man from the five element tribulation of reincarnation did not plan to accept Long Chen's request.

However, there were also others who had other thoughts, which were the second strongest amongst the four people at the late stage Four Symbols tribulation of reincarnation. He quickly said, "Don't hurt my brother, we can talk things out."

Long Chen sneered in his heart. It seemed that the person in charge of this number two was the Nine Tailed Sky Fox, who he controlled.

His expression was especially nervous.

He said to the leader, "Second brother, we can't let him die. This is my younger brother, second brother!"

The leader's gaze was gloomy, and he said coldly: "If he doesn't die, then our Nine Tailed Heavenly Fox will really lose miserably, to actually dare threaten a kid, you deserve to die! If he alone dies, he would be able to save our Nine Tailed Heavenly Fox's reputation and wash our hatred with blood. It's worth it!"

He tightly clenched his fists and stared at Long Chen, bringing about a large amount of pressure to Long Chen.

The person next to him said, "What if we let one of them escape?"

The leader replied angrily, "You're really getting more and more worked up. With their age and strength, is it even possible? Even if he escaped, would he be able to escape Demon God Area? He is a human, and this is the territory of us demi-humans! "

While the two of them were arguing, the weakest person beside whispered into their ears, "From what I see, his goal is simply to delay the wolf tribe until they come out from the flame pillar. We can pretend to agree and see if he can let go of Hu Feng. If we don't let him go, we will stall for time and wait for the wolf tribe to come out. If that wolf clan wants to get their hands on the red lotus fire, they will definitely die a miserable death. Even if they don't die, they will at least be severely injured.

When the other two heard this, they knew that this was the only way.

Therefore, the old man said, "Fine, I promise you. As long as you are willing to let him go, I will let you leave immediately. But from then on, you all are not allowed to enter my Demon God Area! "

Long Chen would never fall for such a low level trick. He would definitely drag it out until Mo Xiaolang came out, but the difference from the other party was that he believed that Mo Xiaolang would succeed. No flames had the power to resist him.

He smiled and said, "Don't play tricks with me. I'm going to wait for my brother to come out. You guys should also obediently wait. Don't have any rotten ideas!"

Next, it was up to the wolf cub.

"Bro, you better not disappoint me!"
