

War God 2021

Chapter 2021 - Mystic Wolf Tribe

It was because of this confrontation that Long Chen walked into the limelight of the great leaders of the chaotic star field.

And in the endless starry sky, Primal Chaos Qun Wu held Hun Yuan's spear as he looked at his surroundings in a daze. Long Chen had long since disappeared.

He was extremely astonished.

Then, it was his impulse and anger that got toyed with. He naturally knew that there were countless people watching him outside of the star origin realm, and he should have achieved his long-cherished wish since he was young, shocking the people of the Immortal God Realm for himself. But right at this moment, Long Chen suddenly left, for no apparent reason, was this not toying with him?

An indescribable anger ignited the flames of fury in his heart!

"Son of the Eternal Dragon Emperor, don't ever let me meet a coward that only knows how to run away! This was the only power of the so called Dragon Fighter, it was truly laughable! Let me tell you, I, Primal Chaos Kui, have taken these two points, human demon race or whatever, scam out of our chaotic star field! "

His voice spread very far, and only he had the guts to expose his identity, what he had said was all for Long Chen to hear.

This kind of provocation was completely useless.

Primal Chaos Qun snorted coldly, then proudly left, but the veins on his hand that was holding onto Hun Yuan's spear still popped out, he looked extremely sinister.

This was the first time he had met with such a terrible fate since entering this place.

He would deeply remember that person called Long Chen.

After Primal Chaos Qun left, Long Chen had actually already returned to the side of Xing Qing and the others.

Long Chen was also very anxious, he could almost feel that the power of the star sand was dissipating. Luckily, with Primal Chaos Qun gone, there shouldn't be any problems in the near future, and Xing Qing and the rest would probably succeed as well.

Returning to their original position, the two young girls from the Illusory Immortal Clan saw that he was alone and safe and sound, and immediately asked anxiously, "How is it now?"

Long Chen said: "It's fine, I'm going to fuse with the star sand now."

They then asked, "Is it the Primal Chaos? I heard him yell. "

This made them very nervous.

"Don't worry, he's already headed in another direction."

They all knew just how terrifying Primal Chaos Kunlun was. Long Chen was actually able to protect everyone and let him go in another direction. Although they didn't know what had happened, they still thought that it was very heaven-defying.

"We are almost rejected from this place."

The two young ladies of the Illusory Immortal Tribe said.

"We will win." At this time, he had already placed the star sand on his palm. Before the time was up, he started to merge with it.

The two young girls of the Illusory Immortal Clan held hands.

She opened her eyes and immediately stood up. She had also heard what Long Chen had said earlier, and the surroundings were extremely safe. This made her heave a sigh of relief, as she looked at Long Chen with a very respectful gaze.

Since she didn't like to speak, this was the only way.

At this time, the two Illusory Immortals were led away by their own power, and quickly left the place.

They were excluded from the Star Origin.

On the side of the Illusory Immortal Clan, two Illusory Immortal Clan members had been rejected, along with the Netherworld King Dragon.

On the side of the Nightmare Race, only the two people that were defeated by Long Chen and Xing Qing had left.

On the Golden War God Clan's side, there were a total of three people who went out, but they were also defeated by Long Chen and the others.

The team battle had a total of three days. Since this was just the beginning, the more stardust appeared, the smaller the chances of being eliminated, and whether or not they could survive to the end all depended on luck ...

"I really don't know how the situation is right now. He still hasn't found senior sister Xingqing and the others. I hope they don't meet someone as powerful as primal chaos kungwu. If they do, no one will be able to deal with him."

Bing Xinyue's face looked bad. She was wandering in the space.

Beside her was Sun Chen with the Fiery Eyes of Truth. And there was also the Dark Night Emperor, Dragon Lord Ling.

The three of them had also spent a great deal of effort to gather together, and a great deal of effort to find three pieces of stardust.

He had finally passed the first stage, so he should be better off next.

The Fiery Golden Eyes Dragon said, "She should be together with Long Chen. With their abilities, if they were to work together, they wouldn't have lost completely in front of Primal Chaos Quin. I think that Long Chen still has some abilities."

When Bing Xinyue heard that name, she was furious.

She sneered, "Don't joke around. Don't forget his identity and ours. We've planned for such a long time for this team battle. He's just an outsider. What can he do to help?"

Pausing for a moment, she continued, "The main thing now is to find more stardust, and then think of a way to meet up with Senior Sister Xingqing."

They set off again.

They walked for a long time just for the sake of the three stardust. Just as they were about to speak, a violent burst of starlight suddenly exploded in front of them!

"Star Sand!"

The three of them screamed out. Their first reaction was to run in that direction.

"Be careful, there might be other people who will see the stardust." The Dark Sovereign Dragon warned.

His speed was the fastest, his body was the smallest, and in a short period of time, he pulled the other two behind him. That star sand appeared not too far away from them, and the Dark Sovereign Dragon quickly saw that star sand, and surprisingly, two pieces appeared at once.

The Dark Sovereign Dragon was the first to arrive, collecting all of the stardust.

At the same time, the other two guys also arrived. They were all smiling. Bing Xinyue smiled and said, "We can get through these two hours safely if we find another star sand."

They discovered that there was indeed more stardust than before.

With the two grains of stardust as a guarantee, they felt much more at ease.

After storing the star sand, they prepared to leave.

"Wait." The Dark Sovereign Dragon suddenly stopped in its tracks, cold sweat trickling down his forehead.

"Why?" Bing Xinyue was still smiling.

The other two seemed to have sensed something as well, and so they hurriedly turned around.

Something appeared behind them, causing them to instantly become alert, and they quickly entered a state where they were ready to fight.

Behind them were two members of the Golden War God Clan. In the middle of them stood a clean youth wearing a black robe.

Such a combination caused them to be stunned for a moment.

They quickly realized that this youth should be a wolf.

But their attention shifted to the two Golden War Gods.

Sun Chen frowned and said, "They are Lu Zhan Chen and Lu Zhan Xing, the young strongest warriors of the Gold War God Clan. "Their combat abilities are probably close to Senior Sister Xingqing!"

They had been on the planet for quite some time now, so naturally, they had heard of these two major opponents.

If not for the sudden appearance of the primal chaos kungwu, these two would be their ultimate opponents.

"What are you worried about? We're also close to Senior Sister Xingqing, and the three of us are all super Divine Dragon Dragon Fighter, are we still afraid of the Golden War God Clan?"

Bing Xinyue raised her courage and disdainfully said.

"As for that wolf tribe, I can't see their capabilities. Once the battle starts, I will defeat them as soon as possible and support you. Three against two, we will definitely win!"

Bing Xinyue said with confidence.

"That's right. Or do you see that we have a better chance of winning? They must still have a lot of stardust on them! They probably have quite a bit of star sand stored away. " The Dark Sovereign Dragon said.

This news made the three of them even more excited.

Seeing that the other side had a large amount of star sand, it was even more impossible for them to leave. At this time, Sun Che stepped forward and said, "So it's the two from the Golden War God Clan, are you here to deliver star sand for us?"

He said with a provocative tone, but the three people did not seem to pay much attention to him. In the Golden War God Clan, his brother Lu Zhan Chen said to the wolf in the middle, "It's not easy to meet a few opponents, how should we distribute them? One for each person? Or perhaps you could settle it yourself. We've only heard that you're powerful, but have never seen it? "

Mo Xiaolang said: "Then I'll do it myself."

Without wasting any words, he walked towards the three Dragon Fighter s.

To Mo Xiaolang, one of the most important figures in his life, was the Dragon Fighter. However, the three Dragon Fighter s in front of him were not related to Long Chen at all; they were his people, and Mo Xiaolang knew that Long Chen's goal was to defeat this group of people.

Thus, regardless of which direction one looked at them from, they were still enemies.

He would not have any scruples.

"Lu Zhan Xing, Lu Zhan Chen, what do you mean by this?"

Bing Xinyue spoke with a cold voice.

However, the other side did not put them in their eyes at all.

Mo Xiaolang had already walked in front of them.

The two Golden War Gods retreated. Their intention was clear, it was to let Mo Xiaolang deal with the three of them alone!

This situation confused them greatly.

"The ones that came from the wolf clan were the Mang Ri wolf clan and the Moon-Corroding Wolf clan. It's obvious that the wolf clan isn't here, so he's a bit strange."

The Night Tyrant Dragon had already smelled danger from Mo Xiaolang's body.

"Who cares what damned thing he is. He actually dares to play tricks in front of us. This is even better. Once we take care of this demon clan, the three of us will surround and attack the two of them!"

Bing Xinyue's eyes were full of ice mist.

The situation over here had attracted the attention of many strong warriors outside of the Star Origin. At this time, Long Chen was still fusing with the star sand.

Kunlun had gone somewhere else as well.

Mo Xiaolang's side quickly became the focus of attention.

"What does this mean? This wolf clan is going to deal with the three Dragon Fighters?"

"This is not the Haotian Wolf Clan or the Moon-Erosion Wolf Clan. We didn't see this Wolf Tribe member before? Where did he come from?"

"It seems like it was previously hidden by the Gold Wargod Clan and only appeared when it entered the star origin realm."

After some discussion, everyone finally vaguely understood that this guy was the hidden weapon of the Golden War God Clan!

"Another expert?" Everyone from the Illusory Immortal Clan became even more depressed, they didn't expect that the wolf tribe would also be in trouble. And this time, they didn't even know who this black wolf was.

But in the Star Origin, the battle had already begun.

Chapter 2022 - Crushing Dragon Fighters

Furthermore, they were casually defeated by Mo Xiaolang. Although the three in front of Mo Xiaolang were supreme divine dragons, they were still too far away in terms of strength from the Mo Xiaolang who had just devoured the fires of the Red Lotus.

Of course, the three Dragon Fighters did not think so.

They were confident enough.

At this time, Mo Xiaolang had bumped into her, and coincidentally poked her a little bit of anger. The moment they started fighting, Bing Xinyue did not hold back, she was a super dragon, a dragon of ice and soul, an expert in the way of ice. When he made his move, all of them were instantly frozen within a thousand miles of each other, trapped in an ice cocoon, including the two Golden War God Clan warriors!

"If you don't hand over the star sand today, none of you will leave!"

Bing Xinyue shouted, and her hands turned into countless shadows, as if they were thousands of arms. Each of them was holding an ice spear, and inside that ice spear, there were countless Frost Dragon Gods sealed.

Bing Xinyue attacked angrily, and suddenly, hundreds and thousands of ice spears shot towards Mo Xiaolang, turning into countless divine dragons made of ice in the air, roaring and attacking him! Suddenly, the sky shattered and the earth shattered as an icy coldness assaulted everyone!

She hated Long Chen a lot, but she couldn't beat him, so she could only vent all of her anger out to this point. She even almost thought of Mo Xiaolang as Long Chen.

The Frost Dragon God bared its fangs and brandished its claws as it attacked!

In the blink of an eye, Mo Xiaolang was drowned by the Frost Dragon God! There seemed to be nothing left of him.

But at this moment, the ice spears that had turned into divine dragons all exploded, turning into countless fragments and dissipating into the air. In the next instant, not even a single fragment was left. The surroundings were completely quiet.

Bing Xinyue's attack, was easily resolved by Mo Xiaolang.

Bing Xinyue was stunned.

In her field of vision, in the darkness ahead, a black figure charged over. His body possessed the most terrifying destructive power, even more terrifying than the primal chaos power. This was the power of a devil, a devil that was born for only annihilation!

In just a blink of an eye, Mo Xiaolang had already rushed to the front of the three Dragon Fighters. His eyes were terrifyingly quiet, but his speed had already frightened the three Dragon Fighters completely, and in that instant, a black flame exploded from Mo Xiaolang's body. It rushed over, and that cold aura that was even more terrifying than ice froze the three of them in an instant.

However, in a split-second, black flames swept past them.

The three Dragon Fighters looked at each other in dismay, panic written all over their faces. They quickly realised that the two pieces of star sand they had just obtained had already been taken by Mo Xiaolang.

He stored the two pieces of star sand in his hand and then looked at the three Dragon Fighters with a pair of pure eyes. He discovered a familiar aura on their bodies, but unfortunately, they were not Long Chen.

"Do we still need to continue?"

Mo Xiaolang had given them a chance to choose. If they were willing, then he could leave, but if they were not willing, they would definitely pester him to death.

"This wolf clan is so scary. It's probably the secret weapon of the Golden War God Clan. It's very likely to be at the level of Senior Sister Xingqing and the others!"

The Fiery Golden Eyes Dragon said in a deep voice.

"The stardust was stolen, we want it back!"

Bing Xinyue was furious. It was such a shame to her. She finally got the two pieces of star sand, and then she just gave them to Ye Xiao.

No matter what, she wouldn't be convinced!

Even though she knew that it was very possible that Mo Xiaolang would leave his place, she came from the Life Dragon City, so he was even more proud!

At this moment, a large amount of ice mist erupted from her body, spreading out, quickly expanding, and in a short moment, she transformed into a gigantic Frost Dragon God. This was an incomparably beautiful blue divine dragon, with its entire body enveloped in the ice mist, whether it was dragon horns, dragon teeth or dragon scales, they were all as bright and pure as crystals, and a pair of aqua blue eyes that were clear and moving.

Displaying the Divine Dragon Body was the Ice Soul Dragon's most powerful attack!

This was an ancient divine object, full of might. She glared at Mo Xiaolang, and was about to make her move, with a look of unwillingness!

Since the two Gold War Dragons were not going to intervene, then it would be even better. They also followed closely behind the Icy Soul Heart Dragon, transforming into a Divine Dragon, three Divine Dragons surrounded Mo Xiaolang, strictly preventing him from escaping!

The Fiery Golden Eyes Dragon was completely red, and the most special thing about its body was a pair of eyes burning with golden flames. The Fiery Golden Eyes Dragon was an exception to the divine dragon, and because it was proficient in the arts of the eye, all of its abilities came from a pair of Fiery Eyes of Truth.

He was completely black, like the night, and there was not a single hint of color on his body, not even the whites of his eyes. His teeth and tongue were all pitch-black, and he could totally hide in the night.

The three great divine dragons split into three, and without saying a word, they attacked Mo Xiaolang.

"The good show has begun."

The two gold war god clan members said with a smile.

Other than the Star Origin, everyone was shocked that Mo Xiaolang had easily gotten his hands on the star sand. Long Chen's previous performance had already been enough to shock everyone, but now, it seemed that Mo Xiaolang had become even more powerful.

"If he can easily defeat the three Dragon Fighters, then the strength of this wolf clan should be around the same as Primal Chaos Qun. Compared to Long Chen and Xing Qing, they were on a higher level. The genius team battle and the elite battle, our Illusory Immortal Clan is in danger. "

The Illusory King said in a heavy voice.

Generally speaking, if the Illusory Immortal Clan could get one point in the two great genius battle, then the chances of a Star Lord appearing in the future would be very high. But if they couldn't get two points, then that would be impossible, and if they let a team get these two points, then that would mean that the Star Lord had already appeared.

They could only pray!

Mo Xiaolang fought against the three great Dragon Fighters, the battle was about to start!

Under the siege of the three-headed Divine Dragon, he took his time, and when the black flames of the Nine Hell Devil Ancestral Fire engulfed him, his body also swelled up. In front of the three Dragon Fighters, he turned into a Sun Devouring Demonic Wolf.

Whoosh!

The black flames formed a tornado, swirling around Mo Xiaolang.

Bing Xinyue clenched her teeth and let out a roar of rage. Everywhere she went, snow would fly everywhere and countless ice shards were actually sharp killing machines as they shot towards Mo Xiaolang. At the same time, the other two Dragon Fighters also launched extraordinary attacks!

With all three of them combined, it seemed like the world was falling apart!

The attention of the spectators was all focused here.

Bing Xinyue wanted revenge and to vent her anger, so she used all of her power, and the Frost Dragon God was coming at her!

"You dare to take my star sand? You are asking for death! You think I, Bing Xinyue, am so easy to bully!"

The divine dragon became enraged and pounced towards the Sun Devouring Demonic Wolf.

From start to finish, Mo Xiaolang's expression had been calm. Only after the three had arrived did he start to counterattack, with his current ability, no matter which direction he was in, he far surpassed those three people. In a short instant, he had already dominated the battlefield!

Beneath the Nine Hell Demonfire, any ice would be a joke. The Ice Soul Heart Dragon could only watch as its attack was casually melted away by the black flames Mo Xiaolang used, while Mo Xiaolang's one

attack, under the bombardment of the destructive power, was enough to cause his to experience intense turmoil!

RUU...!

Within the Nine Hell Devil Ancestral Fire, the Sun Devouring Demonic Wolf and the three-headed Divine Dragon were engaged in a fierce battle.

Because it was outside of the Star Origin, everyone could not see it clearly.

The duration of this battle could be said to be extremely short. Although the three Divine Dragons were powerful, they were quickly suppressed by Mo Xiaolang!

The Sun Devouring Demonic Wolf threw the three Divine Dragons down, and the Nether Demon Ancestral Fire in its mouth surged. The Divine Dragons struggled, but they did not have the strength to resist Mo Xiaolang.

Bing Xinyue was even more scared. She finally understood that although the wolf clan looked simple, they were actually more scary than monsters.

The deadly coldness of the Nether Demon Ancestral Fire engulfed her, causing her to sink into a frighteningly icy world. She was originally good at ice, but the coldness of the Nether Demon Ancestral Fire was something she had never experienced before!

When Mo Xiaolang finished his battle and transformed into his human form, three black ice sculptures of divine dragons appeared beneath him. All of them had shocked and shocked expressions as they looked forward, their expressions extremely lifelike.

"You killed them?" The two gold war god clan members asked with lingering fear.

"Of course not. After a while, the ice will disperse."

Mo Xiaolang said.

After obtaining two more pieces of stardust, the three of them would have no problem for at least several hours as they once again embarked on their journey.

"You are indeed very powerful. It seems that only that Primal chaos kungwu is capable of fighting against you."

Lu Zhan Chen said.

Mo Xiaolang nodded his head. He had come here mainly to handle matters for the Clear Sun Wolf Lord, and as long as Mo Xiaolang got a score for them, they would let him return to his side. They would then promise to let Mo Xiaolang stay in the Brilliant Stars and ensure that no Nine-tailed Sky Fox would be able to find him.

This was a guarantee from the two wolf lords.

Mo Xiaolang knew that he had to do it!

After they left, the three black ice sculptures stayed where they were.

Outside of the Star Origin, everyone looked at each other, and they couldn't help but sigh with emotion, "Looks like everyone has made quite a bit of preparation for this Star Lord Battle. Outside of the Star Origin, everyone looked at each other, and they couldn't help but sigh with emotion," It seems like this Star Lord Battle is quite a bit of preparation for it.

Primal Chaos Qun and Mo Xiaolang are too strong.

At this time, many people were investigating Mo Xiaolang's identity.

Chapter 2023 - Appearance of the stellar nucleus

Long Chen had finally fused with that grain of star sand before the four hours were up.

Because of this, he was not excluded from leaving the Star Origin.

When the time came for the first time, there would be more people who would be excluded. It would probably be a bit better after that.

Their team only had four people left, although this was the territory of the Illusory Immortal Clan, in terms of combat power, they were still led by the Life Dragon City s, so even though Xiao Hong Chen was here, Xing Qing still had to arrange a path for them to take, and the four of them started to walk in the endless starry sky. Fortunately, they were able to get three pieces of star sand without any problems, so when the number of people decreased, there were very few cases where they were able to fight over the two pieces.

However, it also seemed very difficult to meet the remaining people.

When he was walking, Long Chen suddenly felt that it was a little strange. The other three people were hurrying on their journey, but he stopped in his tracks and looked behind them. Behind him was a field of scattered stars and there were quite a few miniature planets that blocked Long Chen's line of sight.

Long Chen was startled.

He actually saw that far behind him, a resplendent star had appeared. The surface of the star was covered with a layer of crystal quicksand, and the light was translucent. Its beautiful appearance was exactly the same as the resplendent star.

In the Star Origin, there was actually a shrinking star?

To Long Chen, this was somewhat inconceivable.

The Star Origin was a mysterious place, at least Long Chen didn't know what was going on here. However, the tiny, bright stars that suddenly appeared behind him that were completely different from other stars, became even more mysterious in his eyes.

Especially around that bright star, Long Chen actually saw that it was surrounded by hundreds and thousands of shining particles revolving around it!

The glowing particles were actually stardust!

To them who were still happily searching for star sand, a thousand star sand were extremely important. Even if they did not figure out what that bright and tiny star was, as long as they got their hands on that star sand, they could find a place to hide and wait for it to end in three days!

"Wait!"

Long Chen called out to them.

Seeing so much star sand and the mysterious WeChat's bright stars, how could he not go forward? Thus, he called out to everyone, and they all turned to look at him, puzzled.

"What's wrong?" Xing Qing quickly returned to his side.

Long Chen pointed towards that direction somewhat excitedly for them, but right at this moment, he was stunned, because in the place he pointed at, there was nothing.

Both the stardust and the miniature star had actually completely disappeared, as if they had never appeared.

Long Chen firmly believed that it was definitely not an illusion.

"Follow me!"

He turned into a ray of light and charged towards the direction before. When he was about half the distance away, he had no choice but to stop because he could see very clearly that there was nothing in that place before.

He asked Ling Xi about it, but Ling Xi's attention was not there, so he did not see it either.

At this time, Xing Qing, Xiao Hong Chen and the others had already arrived by his side. They followed Long Chen's gaze and saw nothing.

Long Chen hesitated for a moment, and said: "I shouldn't be mistaken. Earlier, at that place, an identical planet as the resplendent star appeared.

"Bright Star!"

The three of them looked at each other.

"You must be mistaken."

Xing Qing observed for a while before asking.

She did not believe there was such a thing that could escape their eyes so quickly.

At this time, Xiao Hong Chen excitedly said, "I think I know what you saw."

Long Chen and Xing Qing were both waiting for his answer.

Xiao Hong Chen was a little excited, and said: "If my guess is not wrong, it should be the stellar nucleus of the resplendent stars, the most precious thing on this planet."

"stellar nucleus?"

Xing Qing was also surprised, as she understood the value of stellar nucleus more than others.

Xiao Hong Chen then told Long Chen all the information she had regarding the stellar nucleus.

Only then did Long Chen understand that in order to be the Star Lord, one must fuse with stellar nucleus in order to be able to control a planet. The only reason why the resplendent stars could hold a war for supremacy was because there were new stellar nucleus s born here, while the remaining four planets did not have any Star Lords to contend for supremacy because they did not have any stellar nucleus s!

"Let's go. The stellar nucleus is not something that we can easily touch. Even if the Long Chen brothers saw it, they were only lucky. The stellar nucleus would disappear very soon. I don't know when the next one will appear. "

Xiao Hong Chen sighed.

Although Long Chen was a little unwilling to accept that such an illusory thing was not something he could grasp, he still had to obediently leave if there was no other way.

However, he would remember that fusing with a stellar nucleus and becoming the Star Lord.

In the blink of an eye, everyone had been stuck in the Star Origin for a whole day.

During this day, many people from the three great clans all came out. For example, on Long Chen's side, because they couldn't find the four stellar nucleus, the other Illusory Immortal Clan member, excluding Xiao Hong Chen, left first.

At the end, it would be even more difficult to encounter any more, so basically no battles occurred during the entire day.

However, a storm was brewing. It was not certain who would be the final victor of this genius team battle.

To the people outside the Star Origin, they could see very clearly that the Primal Chaos Qun was sweeping through everything. As long as he met it, he would be chased out.

At the end, it should be a battle between Mo Xiaolang and Primal Chaos Kun.

Thus, most of the time, their attention was focused on the heaven-defying Primal Chaos Kunlun.

Right at this time, the people from the Illusory Immortal Clan wrinkled their brows again. In this period of time, the majority of them seemed to be heading in the same direction again, and it was clear that another battle would happen soon.

When they were fighting with Mo Xiaolang last time, Bing Xinyue and the others finally escaped from the Primordial Fire, and it was already almost four hours later. But then, they got lucky and found enough star sand, allowing them to endure for an entire day.

At this moment, they were already quite tired.

Bing Xinyue was in a bad mood. She had suffered a huge blow during her fight with Mo Xiaolang.

"The wolf clan is so strong, and Primal Chaos Kunlun is so strong, we have no way of winning! In this war of hegemony, we were defeated from the very beginning! "

Bing Xinyue said dejectedly.

The Fiery Golden Eyes Dragon and the Darknight Tyrant Dragon were in despair as well, listless.

"Which wolf is strong?"

At that moment, a wild laugh came from behind them.

Even with the team of three, they were actually quite strong. However, when they heard the voice, they still felt like they had seen a ghost. Turning around, they found that Primal Chaos Qun was standing behind them and looking at them mockingly.

"There are actually three more Dragon Fighters here, to be able to hold on for a day, it's truly not bad. Do you know that Netherworld King Draconic Beast? "

The three people of Bing Xinyue's group were depressed. They looked at each other and were considering whether to attack and escape the Primal Chaos. If they were to run, it would be best to run away in three directions.

Seeing that the three Dragon Fighters did not answer his question, Chaotic Kunlun laughed out loud: "That so-called Dragon Fighter made me half paralyzed, and took him for a walk for four hours. He made me throw him away before the time arrived, and now, he has already left the Star Origin Realm.

The word 'half-step' simply caused the three of them to feel a chill run down their spines.

"If the wolf clan can defeat the three of us, then surely the primal chaos kungwu can. I think we should split up and flee."

Bing Xinyue was sad and scared.

"I really wish that I could be with Senior Sister Xingqing and the rest. With them here, I don't have to be afraid of him anymore." Sun Che gritted his teeth as he spoke.

"You're thinking too much!"

Bing Xinyue thought of Long Chen. She had to admit that Long Chen was still alright, but compared to Primal Chaos, he was not on the same level. This time, the Illusory Immortal Clan would lose.

"Run away separately!"

With this order, the three of them immediately dispersed in front of the primal chaos kungwu!

Outside of the Star Origin, the crowd was more excited, because they saw that Long Chen and the others were heading towards the direction of the Primal Chaos Quin.

"It's about to happen again!"

This time, it was not Long Chen who was going to face Primal Chaos Kunlun alone.

It was because Ling Xi sensed the commotion from that direction that she attracted Long Chen and the others over. When Long Chen and the others just arrived, Bing Xinyue was about to escape.

"Xinyue, Sun Che!"

Xing Qing shouted.

"Shijie Xingqing!"

Seeing that it was Xing Qing, they were overjoyed, immediately giving up on running, coming to her side. After the six of them gathered together, the Illusory Immortal Team finally reunited, although they didn't have the advantage in numbers compared to the other two teams, they were still united.

Of course, Long Chen was not within this scope of unity.

This encounter had broadened Primal Chaos's horizons.

"If I'm not mistaken, all of your Illusory Immortal Clan are here? Doesn't that mean that if I injure you all and take away your stardust, you will be completely eliminated? " The primordial chaos couldn't hide the excitement in his heart.

This was simply worth it!

He couldn't be bothered to look for them one by one. It was a great thing for him to have everyone gathered together.

Meeting this expert again, with so many people around, it was indeed troublesome.

Long Chen said to Xing Qing: "I will block him, you and the others leave first. I have no relationship with him, you should know that even though I can't defeat him, he can't do anything to me."

Last time, Long Chen was the one who changed the direction of Primal Chaos Qun.

After hesitating for a moment, Xing Qing chose to believe in Long Chen.

"Take care!"

From the bottom of her heart, she admired Long Chen.

Chapter 2024 - Fierce Chaos

They met again!

Although the Star Origin was very large, but there were only a few people here, so the chances of them meeting them was quite high.

There was only a day's time between their last encounter.

Long Chen directly rushed in front of him and blocked his way. Only when Xing Qing and the others were far away did Long Chen finally use the Time Traversing Dragon. So brave and fearless.

"He ..."

Bing Xinyue and the others were summoned by Xing Qing, so they quickly got together and ran away.

Until now, Bing Xinyue and the others still had not realized why Long Chen was the one to stay behind and block the Primal Chaos Qun, so they could escape first. Why him?

This confused Bing Xinyue. She understood, no matter who it was that stayed behind to stop Primal Chaos Qun, he would definitely end up like the King of Hell Dragon. Long Chen obviously didn't have the spirit of sacrifice, but why did he make such a sacrifice.

This caused Bing Xinyue, who always looked down on Long Chen, to get extremely close. When he turned around, she saw that Primal Chaos Kun Wu was actually angry, and was actually fighting with Long Chen.

"Senior Xingqing, why did he do this?" Bing Xinyue couldn't help asking.

Xingqing increased their speed and quickly changed their direction, escaping from Kunwu's field of vision. She looked straight ahead and said coldly, "Because only he can do it and you can't."

Bing Xinyue was stunned.

"Be magnanimous. If you continue to be mean to him, and if he's angry and wants to punish you, I won't help you!"

Xing Qing said one more sentence and then stopped talking.

"Fine."

Bing Xinyue nodded helplessly. Even Xingqing trusted him so much. It seemed that this man was quite unique. But could he really stop the primal chaos kungwu?

Bing Xinyue was suspicious.

She knew clearly in her heart that Primal Chaos Qun was the number one genius of the chaotic star field, someone who was able to compare to the most heaven-defying figures like the Five Dragon Cities. Someone specially raised by the Chaos royal clan to be able to compare to the Five Great Clans of the Immortal God Realm.

Not only did Bing Xinyue not believe it, the others didn't either.

However, they had seen Long Chen use the power of time to defeat the Primal Chaos Qun. They were curious, whether this strange son of the Eternal Dragon Emperor would still be defeated by someone as heaven-defying as him.

They naturally looked forward to such things.

For a time, everyone was laughing and discussing.

"This kid is really good, he really stopped Primal Chaos Quanwu. It looks like this guy is the savior of the Illusory Immortal Clan."

"It's still far even now. How could the primal chaos kungwu eat a second loss?"

When they were discussing, Long Chen was already on the verge of fighting, but the second time was when he was not worried at all, it was just a hot-blooded battle. The stronger the opponent, the more excited he would be, and the more his fighting spirit surged!

"Kill him!"

Amongst the God Slaying Sword, the small skeleton was shouting for Long Chen.

Once Long Chen erupted, it was also very strong, he was completely in a berserk mode fighting, the God Slaying Sword immediately released countless Sword Qi, the sword slashed out, the Sword Qi soared to the skies, his body seemed to possess limitless power, he kept charging, and actually managed to suppress the Primal Chaos Qun for a moment, causing him to retreat continuously!

"Give this guy a big one!"

Long Chen instantly killed to more than two hundred slashes of the Killing Sword Technique. At this time, the Sword Qi had already engulfed the surrounding thousands of meters, and no matter how furious Primal Chaos Qun was, he was unable to resist. At this moment, Primal Chaos Qun could only roar out repeatedly.

"Eye of Hell!"

This was the ultimate move that Long Chen had taught Chaotic Kunlun.

The Hell's Eye had always been unrivalled, and it was the same even when facing the Primal Chaos Qun. The green eyes that suddenly appeared behind Long Chen were like ghosts, the extremely angry Primal Chaos Qun was just about to use the Primal Chaos Power to counterattack Long Chen, but his soul was shocked by the Eye of Hell. The Primal Chaos Power also dissipated, and Long Chen grabbed this opportunity to kill again!

At this time, Xing Qing and the others had probably gone far.

Long Chen could give the opponent a ruthless blow without worry!

Under the fear of the Eye of Hell, Long Chen once again slashed out a hundred times, the Killing Sword Technique was the most crazy sword technique Long Chen had ever seen, and it became more violent the further he went. Under the deterrence of the Eye of Hell, Primal Chaos Qun was slightly stunned, and was directly slashed by Long Chen several times!

Instantly, flesh and blood splattered everywhere!

He had been a favored child of heaven since young, rarely getting hurt, especially in the recent decades. The injuries he received this time was rather rare to him, but it also caused his anger to rise to the maximum.

"Dragon Fighter!"

He tightly clenched his fists, all the muscles in his body felt like bursting, as he stared at Long Chen with his sinister eyes.

"What the heck!"

Long Chen had already killed more than three hundred swords, no one could stop his speed! Just as the Primal Chaos Qun was raging to the limit and roaring to its maximum, Long Chen rushed forward and activated Eternal Rest for a split second!

"You're courting death!"

The power of Kunlun exploded and a terrifying power swept over.

He wanted to knock Long Chen away.

However, on the last try, Long Chen directly unleashed Instant Eternity, and then unleashed the next strike from the Godslayer Sword, passing right before the opponent's eyes. Primal Chaos Kun Wu hurriedly retreated, but under the effect of the power of time, he was still a step too slow, and got struck by Long Chen's sword!

The Godslayer Sword slashed through the opponent's nostrils, tearing apart Primordial Kunlun's nose!
"Aoo!"

Large amounts of blood flew out!

He stared fixedly at Long Chen. Under Long Chen's forceful attack, he already suffered such a great humiliation before he could even react. This had never happened to him before in his entire life.

"Is your nose bleeding?" I'm sorry, I was going to cut your head off. "

Long Chen laughed loudly.

After so many years, how many opponents had he seen? There were those who were shrewd, those who knew how to endure, those who were smart, those who were powerful and rare in Primal Chaos,

but they were all irritable and arrogant. Their intelligence were not even comparable to the opponents that Long Chen had met before.

For example, right now, Long Chen was so angry that the other party was on the verge of collapse.

Long Chen knew that he should stop at the right moment, after taking his hand, he immediately retreated!

He had even used the Eye of Hell and hadn't really injured his opponent. He knew that he definitely wasn't a match for this violent genius, but his goal had already been accomplished. The first was to let Xing Qing and the rest leave without a hitch.

"Dragon Fighter!"

The primal chaos kungfu wiped off the blood on his nose. The cut on his nose was rapidly healing.

His eyes were bloodshot, staring straight at Long Chen, his face full of anger, veins popping all over his body, like a green snake rolling in his body!

"You've already succeeded. I've never hated anyone so much. From today onwards, if I don't kill you, I will never stop!"

He let out a roar that was so deafening that they could hear the stars in the distance.

"Is he okay?" Bing Xinyue asked.

Xingqing suddenly smiled lightly, "Didn't you hear what Primal Chaos Kun said? He shouldn't be at a disadvantage, right? "

"Unbelievable."

Bing Xinyue looked like she had seen a ghost.

Long Chen stood 300 meters away and laughed: "Are you kidding me? Can you really kill me?"

His disdainful attitude caused Primal Chaos to be enraged.

"It doesn't matter if you are the son of the Eternal Dragon Emperor or not, I do not care. I will remember today's hatred.

"Let's go." chaos-kungfu gritted his teeth.

He should already know, he definitely could not defeat Long Chen here, because the last time Long Chen escaped in front of him, he was already 300 meters away, so he would definitely not be able to catch his.

Long Chen laughed, and said in a cold voice: "Don't think too highly of yourself, you can just be arrogant here in chaotic star field. Today, you are unable to do anything to me. After a few days, it will be my turn to kill you. You don't have to worry about that. In an elite battle, we will meet again.

Elite battles naturally didn't allow one to flee.

"Remember what you said!"

The primordial chaos howled angrily.

Long Chen no longer spoke, he turned and entered the river of time, quickly leaving only leaving Primal Chaos Kunlun gritting his teeth, going berserk. He roared, and rushed forward with his endless primal chaos power.

His roar echoed out through the starry sky.

Those people were trembling with fear, not knowing what kind of madness was going on in the primal chaos.

Outside of the Star Origin, seeing this battle, everyone was speechless. They never thought that this would be the result.

Although the Primal Chaos Kunlun was strong, he was actually played by Long Chen.

"In terms of temperament, it is true that even Primal Chaos Qun was unable to catch up to the son of the Eternal Dragon Emperor."

"As expected of the son of the Eternal Dragon Emperor. He can control the entire situation just like Long Qinglan.

"But he's too young. At the very least, he won't be able to catch up to Primal Chaos Qun in this elite battle."

Long Chen's performance was definitely a pleasant surprise for the Illusory Fairy Clan.

Because of his existence, a great calamity was eliminated, and the Illusory King was relieved. At last, his Illusory Immortal Clan didn't have to be wiped out on the first day of the team battle.

For now, at least, the three races had a similar number of people remaining.

There was still hope for the Illusory Immortal Clan.

"Perhaps we can count on him?"

The Dream King said in a deep voice.

Gong Qing slightly smiled and said, "Look, I can't predict what will happen in the remaining two days."

They once again focused their attention on the Star Origin.

But then, they discovered something strange. Long Chen had not appeared again since he had used the Time Traversing Dragon. Four hours later, Xing Qing and her people had found quite a bit of star sand, but he still had not appeared.

In the middle of the star origin, he suddenly disappeared ...

Chapter 205 - Thousand Stardust

Within the Star Origin, there was still a portion of the region that people outside could not see. After a good four hours, when they did not discover Long Chen and did not see him being expelled from the Star Origin, they basically believed that Long Chen had entered the Star Origin, an area that they could not see.

did not come out for four hours.

Eight hours had passed and even Xiao Hong Chen had come out of the Star Origin, but Long Chen still had not appeared.

Although everyone still remembered Long Chen, they had gradually started to not pay attention to him anymore. After all, time was passing by bit by bit and in reality, three days had passed by quite quickly. Long Chen had only entered some invisible areas, so he would come out sooner or later.

What they were more concerned about was how many players were left on each side, and how much time remained, and who would win in the end.

That time, after Long Chen angered the Primal Chaos Quin, it had almost gone crazy, moving around the entire Star Origin Realm. It attacked almost every time it met an enemy, and it rarely held back.

Most of the victims were people of the Golden War God clan.

Everyone looked forward to the fight between Mo Xiaolang and Primal Chaos Quin but they were disappointed that they had never met each other.

After a few battles, it was completely proof that Mo Xiaolang's fighting strength was not inferior to Primal Chaos Kunlun's, and after some investigation, there were already many people in the Nine Star Alliance who knew of Mo Xiaolang's origins, and more or less, they knew of what Mo Xiaolang had done in the Demon God Area. As for where Mo Xiaolang had come from, no one knew, but there were some who already knew that it was related to the Eternal Dragon Emperor's son who had disappeared!

Furthermore, their relationship wasn't shallow.

It was impossible for them to learn too much in the short span of a few days, and the demi-humans who knew the situation wouldn't reveal Mo Xiaolang's identity.

Although the Illusory Immortal Clan didn't have any powerhouses guarding them, it was fortunate that everyone was gathered here, and was extremely careful. Time passed, and Primal Chaos Qun frantically searched for them, but he didn't find them again.

It was completely because they could not find more star sand that some of them left the Star Origin. After all, if everyone gathered together, it would be safe, but the chances of getting more star sand would be miniscule.

As a result, even on the last day, there was still no one from that race who was sure that they would be able to win in a team battle. Although Primal Chaos Qun and Mo Xiaolang were powerful, it seemed like there was still some suspense.

As time slowly passed, the biggest wave quietly arrived, yet Long Chen still did not appear ...

After escaping into the river of time, Long Chen casually found a direction to wander around. Xing Qing and the others had already walked far away, and they had been changing their direction the entire time. In the endless starry sky, Long Chen simply could not find them.

But for some reason, as he walked, the surrounding fragmentary stars actually completely disappeared. Long Chen turned around, and discovered that he was actually in a deathly still darkness. There wasn't even a single star in his surroundings, nor was there any light.

"Where is this place?"

Long Chen looked around vigilantly.

He was sure he must have just arrived here, and this must be a mysterious place.

He did not dare to move, after all this was the Star Origin.

Right at this moment, he almost couldn't believe his eyes, because thousands of meters in front of him, the small light source illuminated the entire space. The surrounding deathly darkness suddenly came to life and turned back into a boundless starry sky.

That was the miniature, resplendent star that Long Chen had once seen!

It was a beautiful constellation, shining with resplendent light. The crystalline sandstorm swirled around it, looking extremely beautiful. Beside this resplendent star were several thousand pieces of stardust that were revolving around it.

Without saying a word, Long Chen started walking towards them.

"stellar nucleus!"

Who would have thought that it would actually be a stellar nucleus from a resplendent star.

Rumor has it that after fusing with this resplendent star, one could become a Star Lord!

Of course, Long Chen did not dare fuse with him, his current power was limited, so he would definitely not be able to control such a power. However, this was not enough to suppress his curiosity, for such a precious stellar nucleus to appear in front of him, even if he could not take it away, he would at least have walked over to take a good look.

At the very least, he would have to bring some stardust with him.

There were more than a thousand pieces of stardust here. If he took them out and found Xing Qing and the others, he wouldn't have to be afraid of anything. The chances of victory in this team battle were very high!

If it could be done, it would be all thanks to Long Chen!

He turned into a streak of blood-red light and charged forth. The short distance of one thousand meters was like a fleeting blink of an eye to him, and the miniature star became clearer and clearer in his eyes. The only difference from the real bright star was that the miniature star in front of him was like a heart, lightly trembling.

"Brother Chen, it seems like the Butterfly Illusory Sword is related to this stellar nucleus."

In the Divine Kingdom, Ling Xi's Butterfly Illusory Sword also seemed to feel the stellar nucleus's trembling in his hand, which made it tremble as well. The Butterfly Illusory Sword, as if it had met something familiar, gently floated up from Ling Xi's hand.

"It's going to come out?"

Long Chen thought until here, and just as he was about to take out the Butterfly Illusory Sword, he was about to see what would happen. Right at this moment, something completely out of his control happened, and it was the thousand grains of star sand that surrounded the resplendent star, actually charging towards him!

Star Sand wasn't too far away from Long Chen in the first place. At this short distance, coupled with the doubts in Long Chen's heart, Star Sand had instantly arrived in his surroundings, and tightly surrounded him.

"Are you here to deliver yourself to me?"

At this time, the butterfly Illusory Sword calmed down and returned into Ling Xi's hands.

Before Long Chen could figure out what was happening, the thousands of star sand actually surrounded his body. In the blink of an eye, the star sand rushed into his body and turned into a beam of light that fused into his body. Long Chen originally wanted to force the strange star sand out, but he discovered that the star sand had actually become a very pure energy that fused into his Nirvana Power!

Originally, a single grain of star sand could already make Long Chen's strength increase by a lot.

However, at this moment, there were more than a thousand pieces of stardust that had fused into every corner of his body. Inside Long Chen's body, the primal chaos energy was like a torrential river, continuously churning, and all the stardust was like a tributary that merged into his energy. Under the assimilation of the primal chaos energy, it was instantly controlled by Long Chen, becoming his own energy.

The specks of starlight fused into his body.

After receiving so much power in such a short time, Long Chen was unable to hold on, the majestic star power almost forced him to explode. Long Chen had to clench his teeth, he sat down cross-legged and although the star power was strange, Long Chen was sure that it did not harm him at all. It was also the best opportunity for him to break through to the late stages of the same realm.

Then, he would truly be able to enter the tribulation of reincarnation!

Just by reaching the late stage of this realm, he would probably have the power to defeat the primal chaos kungwu!

Rumble rumble rumble!

Endless star power swept through his body, evenly matched with his original power. Luckily, the power of the star sand was not berserk, otherwise, Long Chen would have been torn to shreds.

This amount of energy, if completely exhausted, could also be used for a period of time. Considering that the war between the Star Lords was still ongoing, Long Chen had no choice but to give it his all.

"We have to get out before the Star Lord battle ends. No matter what, I have to first refine the power of the star sand! "

He had just had the thought that the tiny, bright star, which was also the stellar nucleus, had actually disappeared by his side, and the surroundings returned to darkness once again. The entire place was deathly still, and only Long Chen's body exploded with endless starlight, shining so intensely that it illuminated the endless space around him!

He glittered like the stars, illuminating the world!

Such a strong ray of light far surpassed that of the previous stellar nucleus, and required a vast amount of power to be able to complete it.

In the Divine Kingdom, Ling Xi was happy that he had gradually become stronger. She still remembered the first time she saw him, when Long Chen was at the side of the White Poplar Town, absorbing star power to cultivate the Star Battle Body. It was just that the Dragon Sacrifice Continent was simply too far away from the real stars, to them, the Immortal God Realm was only a star.

A grain of star sand seemed insignificant. If it was placed in the Dragon Sacrifice Continent, when the power was released, it would probably cause the entire Realm of Myriad Kingdoms to collapse.

After all, the Dragon Sacrifice Continent was already a world of destruction and it was impossible to imagine how weak the Dragon Sacrifice Continent would be.

That world had long since become so dilapidated that it wasn't too far from destruction.

The future of the Immortal God Realm would be the same.

It was like he was under a curse and dying.

But Long Chen's life was still pursuing his own way.

Perhaps the most important thing in his life was to protect. Protect your loved ones, love, brother. To protect the dignity and honor of their fathers, to protect the prosperity of their races, and even to protect the entire world.

The power that others required several hundred years of cultivation to obtain was completely absorbed by him in a short one to two days' time. His body was like an endless container that would never be saturated.

The refining speed of the stardust became faster and faster.

Ling Xi quietly counted the time that had passed.

"It seems like it will only be six hours from the expiration of the three days. As for the people outside, they only need to absorb one more star sand and they should be able to hold on. "

Long Chen still had not finished, which made her a little anxious.

Chapter 2026 - Final Moment

Right at this moment, the starlight on Long Chen's body gradually disappeared, replaced by a vast amount of Nirvana Power. His Nirvana Power had already reached its peak, and he was no weaker than the power of the reincarnation cycle, he was just a step away from reaching the path of the Primal Chaos.

"Long Chen."

When Long Chen withdrew his power and got ready, an illusionary voice sounded beside his ears.

The voice said, "I'll come find you soon."

"Who are you!"

Long Chen looked at the endless darkness and asked calmly.

"Don't you know who I am? I am the one who will kill you. Or maybe it's a god! "

After saying that, the voice completely disappeared, causing Long Chen to feel a chill down his spine. That's right, the person who said that must be the extremely mysterious God of Taishang! He was something that even the god of tai-su emphasized, and also the last calamity that Long Chen faced in the Nirvana Tribulation Realm!

The Primal Chaos Deity needed to be killed ten thousand times!

The god of tai-su had almost killed Long Chen.

And this Primal Beginning God was even more mysterious. When would he come, and what would he bring to Long Chen?

Long Chen had just become strong, but he had once again sunk into contemplation.

"Why does the voice of God Taishang sound so familiar? "This voice is very young."

To be honest, Long Chen felt that this was very similar to the person in his memories that had the deepest impression, but if he were to carefully imagine it, it was definitely impossible, because this voice was too young, it couldn't be him. And even if it could be, it would only sound like the god of tai-su, but in reality, it was imitating the person beside Long Chen, trying to bewitch him.

"No matter what, the sudden appearance of the stardust gave me a new level of power. At the very least, my power has increased dramatically. I should be able to deal with the stronger opponents and the primal chaos kungwu ..."

It was impossible for the star sand to not become stronger after melting into his body. The overwhelming power in his body still needed to be vented out.

"As for the God of the Beginning, although he is mysterious, and seems to exist only for the sake of the Ancestral Dragon Fighter, I have already defeated the god of tai-su. I don't need to be afraid of him, my future is still very long, I definitely cannot be killed here!"

He had already broken through too many difficulties and dangers. Everyone was giving him confidence, his conviction, and the glory bestowed upon him by his father. If he couldn't fall, then he wouldn't fall!

Weng! *

Starlight exploded out, creating a huge impact.

Long Chen had already known that the stellar nucleus was gone.

What he cared about the most was time.

When he discovered that Long Chen was already safe and sound, Ling Xi hurriedly told him: "It seems like there's only about six hours or so left until the end."

"Is that so?"

Long Chen was a little helpless, if Xing Qing and the others could not hold on, he would be the only one left, although he had become stronger, but it seemed to be useless, and all would depend on luck.

He gripped his fists and used his own strength to break through this space. He returned to the starry sky. He never thought that he would miss so much time because of an accident. He really didn't know what the situation was like right now.

Just when he had returned to the starry sky, he seemed to have heard that not far away, a gang fight was taking place.

"Now that I've swallowed so much star sand, it seems like it's enough for me to be able to exist in this star source without the need to integrate with it again. Unfortunately, I haven't taken a single star sand out since I've completely absorbed it."

Therefore, if Starlight and the others needed stardust, he was still unable to provide it.

Besides, he did not know how many more people were there.

Long Chen immediately rushed in the direction of the battle.

First day, second day, third day!

When Long Chen still had not appeared on the third day and the situation became more and more tense among the star sources, the alliance master level of the Nine Star Alliance and the other experts of at least the five elemental tribulation of reincarnation had almost forgotten about Long Chen.

The further in, the fewer people came out, but everyone was more nervous.

Of course, the people from the Illusory Immortal Clan would always mutter to themselves, "Where did Long Chen go?"

Gong Qing and Xing Yue stood shoulder to shoulder.

Gong Qing replied, "There are only six more hours left. The only ones left here are Xing Qing, Bing Xinyue, and Jun Ling. Of course, there's also a Long Chen who has gone missing somewhere. As for the Golden War God Clan, there are still three people, but they are all strong warriors. As for the Nightmare Race, Primal Chaos Qun and the other three Nightmare Race or Primal Chaos Qun are chasing after them. Other than the Golden War God Clan, there doesn't seem to be enough starsand.

Xing Yue said: "Yes, in Xing Qing's hands, there are still two pieces of star sand. To endure for six hours, two pieces of star sand is not enough, but there are three pieces of star sand on Primal Chaos's side, and there are only eight of them. If Chaotic Kun wants to win, he has to snatch the star sand from Xing Qing's side, after all, we have Long Chen and eight other people here, so this is the only way for him to win against the Nightmare Race."

"Qing'er is missing a star grain. As for our Illusory Paradise, even if we don't get targeted by the Primal Chaos Qun now, we won't be able to get number one."

The final outcome was about to be formed, yet the star source was in a state of chaos. Almost all the remaining people of the three were now converging towards a single point.

The situation was like this, Primal Chaos Qun found Xing Qing and chased her all the way. There was too much commotion, causing Mo Xiaolang and the other two to secretly follow him.

Xing Yue said in a deep voice, "Based on this situation, if the Primal Chaos Qun managed to snatch a star grain from Xing Qing, then the Nightmare Race will win. If we can't snatch it away, we will only have two pieces of Star Sand in the first place. If Long Chen continues to persevere, the final result will be three people in each of the three sides.

This was another rule in the Nine Star Alliance.

If two or three teams were placed side by side in a team battle, then it would depend on which team's elites won the championship. If they became the champion, they would be able to get two points in one go.

The above two situations were of no benefit to the Illusory Immortal Clan, because the Illusory Immortal Clan didn't have an expert at the level of Kunlun, so they wouldn't be able to obtain absolute victory in an elite battle. Even if it was a draw, it was very likely that he would lose both of them by then.

From the very beginning, the team battle had been disadvantageous to the Illusory Immortal Clan, to the very end, it was still the worst result.

If Xing Qing was able to get his hands on the chaos kung-fu's star sand in this chase, and something like this happened, the Illusory Immortal Clan would have a chance of winning.

"It looks like we're definitely going to lose." Xing Yue helplessly laughed.

"No, there are still variables." Gong Qing said.

"You mean Long Chen?" Xing Yue asked.

Gong Qing shook his head and said, "Of course not, who knows where Long Chen went to. I'm talking about the three members of the Golden War God Clan, who are currently hiding behind the Primal Chaos Qun.

"This change is not good for us Illusory Immortals!"

Xing Yue was still helpless.

At this time, the most critical moment had finally arrived. Xing Qing and the other two people were finally overtaken by the Primal Chaos Qun. Behind him, there were also three warriors from the Nightmare Race.

During this chase, Xing Qing didn't have the time to look for more star sand. The two grains of star sand in her hand were most likely taken by the opponent as well.

Suddenly, the three of them seemed to have lost all hope.

"We're definitely going to lose." Bing Xinyue's face was pale.

Next to him, the Darknight Sovereign dragon was in the same state as well.

Ever since he was played around by Long Chen, Primal Chaos Qun acted like he was crazy and chased after Xing Qing and the rest. Finally, at this time, he caught up to them!

He operated the Primal Chaos Force and rushed in front of Xing Qing. He gritted his teeth and said ferociously, "This time, you won't be able to escape!"

There were only six hours left!

Logically speaking, as long as there were four hours left, they should be able to last until the end after integrating with the last star grain. It would be even better if they could find another star grain during this period of time.

Kunlun had three star sands on his body, he was still short one star sands.

Xing Qing calmly said, "I will give you one star sand, and you will let us leave. How about it?"

"How could you be so naive? If I let you guys go, then you might still be able to get Star Sand. Although we don't know where Long Chen went, but there is a possibility that he exists, and we only have four people left, don't even think about leaving four behind! "

Kungfu was no fool.

Under the influence of the Primal Chaos Power, Bing Xinyue and Jun Ling were trembling secretly. They knew that if the Primal Chaos Qun took advantage of this opportunity, it would definitely severely injure them!

"Senior Sister Xingqing, what should we do?!" What should I do? "

Bing Xinyue was so scared that she almost cried.

"Then where did Long Chen go!? If he works with you, he can't be so arrogant! "

She now knew the benefits of Long Chen.

Xing Qing said: "I'll block him. You guys take the star sand and run."

As soon as he said that, Chaotic Kunlun seemed to have understood her thoughts, he laughed out loud and said, "You wish to escape, wishful thinking! Surround them, and I will cripple them one by one! "

The remaining three people from the Nightmare Race rushed forward, their eyes filled with smiles.

Right at this moment, the Primal Chaos Qun didn't hold back at all.'s spear appeared in his hand, the three hundred dao inscriptions crushed Xing Qing's Astral Holy Sword, he rushed forward, wherever Hun Yuan's spear went, even space would be pierced through by him. The violent explosion of the Primal Chaos Force forced Xing Qing, who was using the Astral Soul Sword Art, to continuously retreat!

BOOM!

Starlight was pushed away by the opponent, and Galaxy Holy Sword almost fell out of his grasp. Primal Chaos Kun was really too strong, he was publicly acknowledged as the number one genius of chaotic star field!

Roar!

Xing Qing turned into three thousand Star Soul Dragons to fight the Primal Chaos Qun!

Outside of the Star Origin, everyone watched nervously as the group battle was about to end.

"The three members of the Gold Wargod Clan are still hiding. I'm afraid they'll have to wait until the mantis stalks the cicada and the oriole is behind them."

"Then Long Chen, where did he go now?"

Chapter 2027 - Meeting

Primal Chaos Qun against the three thousand Star Soul Dragons!

This battle was as everyone had expected, Xing Qing was not the youngest strongest warrior in Life Dragon City, but Chaotic Kun Wu was the strongest in chaotic star field, and due to the differences in various aspects, Xing Qing was not a match for his opponent. In addition, the Primal Chaos Kun Wu's attack was extremely ruthless, and the three thousand Star Soul Dragons had summoned their three thousand clones to fight together, but under the attack of the Primal Chaos Kun, both his main body and his avatar were severely injured!

Although Xingqing was injured, she was still not willing to give up. She was fighting the Primal Chaos Dragon to the death. Bing Xinyue and Jun Ling were both very upset and angry.

"Come! Come on! I have to say, your Dragon Fighter is trash! I don't know who would actually brag about you guys being so powerful, and even super divine dragons.

The Primal Chaos Kung laughed out arrogantly, his face was filled with a disdainful smile. Although he was only one person, just by his strength alone, he was able to play around with the three-headed dragon, including Xing Qing.

"The so-called Dragon Fighter is just dog shit. Isn't it just my body getting bigger? What kind of ability was this? Haha! They say that the Dragon Sacrifice Continent is the world of the Divine Dragon and you are all the descendants of the Divine Dragon! In my opinion, even if it's a fart! With your little bit of strength, how can you rule over the Dragon Sacrifice Continent! "

He was not convinced by the five clans!

The Immortal God Realm was the most fertile, and also the most vast place. Their Chaos royal clan possessed unrivalled talent, and should be the master of the Immortal God Realm!

Since he was young, he had heard too many rumors about the Dragon Fighter. From the very beginning, he had not been convinced since the start, but today was his first battle with the Dragon Fighter, and it was indeed just like that!

"Dragon Fighter, haha!"

Under the violent killing of the spear, the countless dragon scales on the Dark Night Tyrant Dragon's body actually exploded. Such a heavy injury caused the Dark Night Emperor Dragon to scream out miserably and instantly degenerate into its human form. However, fresh blood was dripping all over!

"Jun Ling!"

Xing Qing and Bing Xinyue were shocked. They immediately took human form and hugged the bloodied Jun Ling. Although his injuries were only superficial, they were still quite severe. It was as if the dragon scales had been completely destroyed by Primal Chaos.

Bing Xinyue was holding Jun Ling. Her eyes were full of tears. Her hands were shaking.

On the other hand, Xing Qing was standing in front of them.

With two pieces of star sand in his hand and his own three pieces of star sand, he had a total of five. He smiled and said, "I have taken all of the star sand. Strength is everything. In order to prevent me from leaving, you guys can go find new star sand. I can only beat you guys up to be like him. "

Even after obtaining the stardust, he was still not satisfied.

Even though the two girls in front of him were both delicate girls, he still wouldn't show them any mercy. On one hand, he already disliked the Dragon Fighter and wanted to kick them out of the chaotic star field, and on the other hand, it was naturally because of Long Chen!

The fellow who was playing tricks on him, he was still nowhere to be found!

Primal Chaos Qun held Hun Yuan's spear and walked towards Xing Qing and Bing Xinyue step by step with a cold smile on his face. On his other hand, he was waving his star sand non-stop, stimulating Xing Qing and the others.

"Come and take it!" Come and take it! "

Primal Chaos Qun sneered.

As he got closer, Xing Qing and Bing Xinyue could only step back. In the battle before, under the attacks of the primal chaos kunoo, Xing Qing was actually injured. She felt helpless because she couldn't fight against him.

Bing Xinyue, on the other hand, was completely terrified. She held Jun Ling, and hid behind Xingqing with tears all over her face. She felt powerless because of Primal Chaos.

Other than the Star Origin, the people from the Life Dragon City were very angry at the Primal Chaos Quanwu's brutality. The others were secretly rejoicing, after all, they were all from the chaotic star field.

Even more people were paying attention to Mo Xiaolang and the others.

They could feel that the Golden War God Clan was about to make a move.

Deep in the darkness, Mo Xiaolang and the two Golden War God Clan were watching this farce.

Lu Zhan Chen said, "It seems like the time is almost here."

They had three pieces of stardust, that was enough. However, there were only three of them and four of the other two teams. Therefore, if they wanted to win, the only way was to snatch the five pieces of stardust and throw them away.

In this way, in the last four hours, only they would be able to stay.

Mo Xiaolang said: "I will block the Primal Chaos Qun, and you two will each defeat a member of the Nightmare Race, seriously injure them and take them away so that they will not be able to fuse with star sand. We don't need to take their star sand away, we can win."

Lu Zhan Xing nodded and said, "This is a good idea, especially now that all of Primal Chaos Qun's attention is on the three Dragon Fighters. Let's make our move."

After their agreement was made, they no longer lay low and charged towards the primal chaos.

They didn't know about it at all, but Chaotic Kunlun was rushing towards them with the intention of severely injuring Xing Qing and Bing Xinyue. They could only grit their teeth and grit their teeth.

Just when Bing Xinyue was in despair, Primal Chaos Qun felt the danger coming from behind him. He turned around and saw a young man shrouded in black flames rushing towards him, and the other two familiar members of the Gold Wargod Clan were rushing towards two of the three members of the Nightmare Race!

He clearly knew that the enemies wanted to force the two of them to leave so that they can't merge with the star sand. That way, the gold war god would be able to obtain victory in the team battle!

But what did they mean by using such a young wolf pack to block him? Did they think that this young wolf pack would be able to defeat them?

Chaotic Kunlun laughed loudly in his heart.

Primal Chaos Kunlun's laughter startled Long Chen.

That's right, Long Chen is currently by Primal Chaos Qun's side!

From the sound, it should be the Dragon Fighter. Long Chen was also very familiar with the fluctuations of the Primal Chaos Power, he knew that Xing Qing and the others had been captured by the Primal Chaos Qun.

Therefore, without saying a word, he used the Time Traversing Dragon and dived towards them.

When the Primal Chaos Qun chased after them relentlessly and wanted to seriously injure Xing Qing and the others, he secretly used the Time Traversing Dragon to come to the side of the Primal Chaos Qun. The Primal Chaos Qun rose up abruptly, completely unaware of Long Chen's arrival!

That's right! Long Chen's goal, was five pieces of stardust!

No matter what, he had to snatch the opponent's star sand first. At this point, possessing the star sand would practically be a victory, so even though Long Chen knew that he might not lose to Primal Chaos Qun, he still chose to use the safest method!

He was about to take the stardust from Chaotic Kunlun's body!

It was at this time that a new opponent arrived and disrupted Long Chen's plans. Of course, Long Chen knew that it could only be people from the Gold Wargod Clan, after being alarmed, he no longer paid attention to Long Chen, and Long Chen didn't care too much about it. He immediately transformed into a figure behind Primal Chaos Qun, and the moment the other party saw Mo Xiaolang, Long Chen snatched away the five pieces of star sand, and instantly rushed to the front of Xing Qing and the others!

At the same time, Mo Xiaolang and Primal Chaos Kunwu faced off against each other.

Two Gold War Clans and one Nightmare Race, one Chaos royal clan was fighting!

All of this happened at the same time!

Mo Xiaolang's sudden appearance, was outside of everyone's expectations! his sudden appearance, was out of everyone's expectations!

The situation suddenly took a huge turn.

Xing Qing and Bing Xinyue could only describe the change in that moment as stupefaction. They first saw Long Chen, then saw the Golden War God Clan and the others.

Long Chen's back was facing primal chaos kungwu, he did not care that much anymore. Since he had already obtained the star sand, he took out the star sand, and in order to prevent others from suspecting him, he gave four of them to Xing Qing and said, "You guys go, I will deal with him."

He was his original intention.

Relying on the thousand grains of stardust, the current him had the vast divine power, so it should be the time for the showdown. As long as he could delay Primal Chaos Qun and let Xing Qing safely merge with the starsand, the Illusory Immortal Clan would be able to achieve victory in the team battle!

"Dragon Long Chen."

Xing Qing and Bing Xinyue were both stunned. They didn't know where Long Chen had come from, nor did they know how he had turned the tables on them. All of this felt like a dream to them, and the way Long Chen had snatched away the five grains of stardust was inconceivable!

Looking at this young man, Xing Qing and Bing Xinyue felt so happy that they were crying. They thought they had lost all hope, yet they didn't expect that hope would suddenly appear ...

Especially Bing Xinyue, she despised Long Chen the most previously, but now, she was filled with guilt. This guilt made her lose face in front of Long Chen.

Long Chen didn't think too much about it, of course he hadn't forgotten Primal Chaos Qun's threat.

"Let's go, I can handle this!"

Long Chen waved his hand at them.

Every time, it was him who turned the tide and saved the whole lot of them. She etched this kindness in her heart into her heart, and she knew that they were all injured, and the only way to win against the Illusory Immortal Clan was to leave this place and fuse with the star sand!)

"Let's go!"

Xing Qing and the others left.

When they left, Long Chen's face suddenly changed. In that short moment, Ling Xi had told him something, causing him to tremble and turn his head back.

In his field of vision, there were two gold war god race experts defeating their opponents. There was also one Nightmare race member who was blankly watching this sudden situation, and the chaos kungwu was right in front of him. In front of the chaos kungwu, there was another young man.

The two of them, with the primal chaos kungwu in the middle.

Seeing this youth, Long Chen almost could not believe his own eyes.

Chapter 2028 - Prison Elemental Rings Tower

Mo Xiaolang!

Long Chen never thought that she would actually meet him at this place.

He knew that the other party was in the middle of the resplendent star, but this was the star source. The people in the star source must have come for the sake of participating in the Star Lord Battle!

Mo Xiaolang was also here to participate in the Hegemonical Star Lord battle?

Why is he doing this?

Was it because he was a member of the demon clan, a member of the wolf clan?

For a moment, Long Chen's mind was in a mess.

But in reality, the one who was more shocked was Mo Xiaolang.

Because in his heart, Long Chen had told him before that he had already returned to the Spirit God Realm. The distance between the Spirit God Realm and the chaotic star field was quite far, and if Long Chen appeared on that resplendent star, it would already be enough for Mo Xiaolang to be shocked. There was no need to even mention the fact that had actually come here to participate in the Hegemony of the Star Lord Battlefield with him!

What kind of coincidence could cause such a scene!

For a moment, the two of them stared at each other in shock without making a move.

However, at this time, he finally felt that his stardust had been stolen by Long Chen, and that Xing Qing and the others had already escaped after taking it from him!

If they couldn't find the stardust, wouldn't the Nightmare Race have lost for sure?!

Originally, the Nightmare Race's format was excellent, and now that they were about to obtain the first point of the Star Lord Battle, it was unexpectedly reversed. It was simply inconceivable, for everyone present, Long Chen had become the biggest change!

"This kid!"

When they saw that Xing Qing and the others had escaped with their star sand, yet Long Chen had stopped the primal chaos kungwu, and that the two Gold Winged Clan and the Nightmare Clan were still trembling, all of the Illusory Immortal Clan felt like they had been reborn. Originally, the Illusory Immortal Clan had all but lost hope, even they did not expect that Long Chen's sudden appearance would cause such a huge reversal! This was so unbelievable that it caused them to be stunned for a long time before they finally cheered!

"Don't be happy too early, it's not over yet!"

Nightmare King hoped to fail, so he angrily said.

In the Nine Star Alliance, most of the Alliance Masters were also looking at each other in dismay, completely stunned. No matter what, the character Long Chen was still deeply engraved in their minds.

Gong Qing lamented, "This time, Long Chen has truly made a great contribution. If this team battle was won by us, then it would all be because of him! "

"Well done! Old Demon Thunder, your choice this time is really quite good. If that fellow Mu Huang knew about what happened here, his jaw would probably drop to the ground. "

Xing Yue also said with a smile.

In reality, he was even happier than Gong Qing because Chaotic Kunlun was making a move on his daughter earlier. Seeing that Xing Qing was about to be heavily injured, it was clear that Long Chen's sudden appearance had saved their lives.

"To be honest, with his personality, I feel that he's a really good sapling. Primal Chaos Quin is just that he's older than him. If he can be loyal to the Five Dragon Cities and to us humans, that would be the good news for us humans. "

Xing Yue suddenly said.

Gong Qing nodded his head, and said: "You are right, I had thought of it like that from the start, Unparalleled Dragon is even rarer than normal people, he is probably Long Qinglan's painstaking effort, just that they are from the older generation, I do not know if they have the same thoughts as us, after all, they are all people from the same generation as the Eternal Dragon Emperor."

Xingqing was also worried about this.

What he could do in the end would depend on Long Chen's luck.

Of course, the matter of the Star Origin wasn't over yet. The raging Primal Chaos Kunlun needed someone to suppress him!

"Long Chen, you finally appeared!"

The Primal Chaos Kun Wu roared out, holding Hun Yuan's spear as he rushed towards him.

"Hun Yuan's One Breath!"

When the long spear arrived, a myriad of spear aura exploded, wanting to take Long Chen's life. The Primal Chaos Qun saw that Xing Qing and the rest had already left and could not catch up, so he did not care about Long Chen's life.

Since he was young, no one had ever played with him like this!

Long Chen's thoughts did not stay in the Primal Chaos Kunlun's heart.

Seeing that the situation did not go according to plan, the two Golden War God Clan warriors gave up on fighting their opponent and went behind Mo Xiaolang. The three members of the Nightmare Race were gathered together, unsure of what to do.

They didn't have any stardust now, and they had missed the opportunity to chase after Xingqing. It was all in vain!

In the blink of an eye, he had already arrived in front of Mo Xiaolang. The two Gold War Clan members thought that Long Chen wanted to attack, but just as they were about to fight back, Mo Xiaolang stopped them. The two of them were extremely suspicious, but after confirming that the other party was their brother, they both laughed helplessly.

Long Chen said: "Perhaps there really is such a thing as fate in this world. I had never thought of disturbing you, but I still ended up meeting you here, even in this kind of situation."

Mo Xiaolang said: "Big brother, I have too many doubts in my heart. "My mind is in chaos right now."

The shock in his heart, should be more than Long Chen's.

He more or less understood that Long Chen belonged on the Life Dragon City's side and was enemies with him for the time being. He obviously knew that Long Chen wouldn't participate in this war of hegemony for no reason.

They wanted to chat slowly, but Chaotic Kunlun didn't give them the chance. When he realized that his attack had missed, he acted like a beast and roared loudly, charging towards Long Chen again!

"Don't think you can escape my grasp this time!" Die! Damned Dragon Fighter, I want to show you the terror of our Chaos royal clan! "

His Hun Yuan's spear was extremely fierce, once again separating Long Chen and Mo Xiaolang.

"Mo Xiaolang, the three human race members took Xingsha and left. The Nightmare Race did not have the chance, but the number of humans was more than ours, yet you call this big brother Dragon Fighter? What is your relationship? "

The eyes of the two Golden War God clan warriors turned cold and harsh.

"What does our relationship have to do with you?"

Mo Xiaolang asked.

Lu Zhan Chen said: "If you stop Primal Chaos Qun, us two brothers will go chase after the three Dragon Fighter s. If they are injured, they might not be able to escape!"

With that, the two Golden War God clan left.

They were people on Mo Xiaolang's side. Long Chen was extremely conflicted, even if Primal Chaos Kun Wu was pestering him, he would not be able to escape. Since the gold wargod race has chased out, then we can only look at Xing Qing. Xing Qing's strength isn't bad herself, and after leaving for such a long time, she shouldn't be robbed of her star sand.

The remaining three members of the Nightmare Race also decided to chase after the Golden War God Clan. They planned to become a mantis stalking the cicada and a yellow sparrow chasing from behind.

And only Primal Chaos Kun Wu, Long Chen and the others were left here.

"Don't even think about escaping!"

Primal Chaos Qun shouted coldly.

Long Chen and Mo Xiaolang looked at each other.

They suddenly laughed.

Long Chen said: "Let's teach this guy a lesson first. We brothers haven't fought together for a long time."

Mo Xiaolang was already prepared.

"Together?"

Kunlun sneered.

In his opinion, he was the strongest in the Star Origin. No matter how many opponents he faced, he did not care!

Just at this moment, Mo Xiaolang's entire body was bathed in black flames, the destructive power of the devil being released, and even suppressing the origin force of Primal Chaos!

Long Chen grasped the Heaven Smiting Sword, his body covered in blood dragon scales, it was incomparably hard, and his pair of blood red eyes were filled with killing intent.

He finally understood that these two people were not simple.

Especially Long Chen, after disappearing for two days, he actually became stronger!

He gritted his teeth.

Just at this moment, Mo Xiaolang and Mo Xiaolang attacked from two different directions, one black and one red, the Nine Hell Devil Ancestral Flame swept over, it was extremely cold and the God Slaying Sword, under the assistance of the Nine Hell Devil Ancestral Flame, instantly unleashed an extremely strong attack. Long Chen waved the Killing Sword Technique, and with Mo Xiaolang's assistance, he executed a strong attack!

All of a sudden, a myriad of sword Qis, with black flames in them, charged towards Primal Chaos!

Outside of the Star Origin, everyone was watching this battle!

As for the Golden War God clan and Xing Qing's chase, no one went to look because the Golden War God clan was chasing in the wrong direction, and the Nightmare clan had lost the Golden War God clan.

The key was still in this battle.

"They actually teamed up!"

"As expected, they are related. It should be the relationship of sworn brothers!"

The crowd burst into an uproar.

This was not good for the Nightmare Race and Chaos royal clan.

This didn't seem to be a good thing for the Gold Winged Clan, because Lu Zhan Chen and the others weren't chasing after them at all. After Xing Qing left the battlefield, she immediately changed her direction, causing the others to miss her.

This way, the Illusory Immortal Clan actually relied on Long Chen's miraculous methods to become the champion, without a doubt!

Even so, everyone was still looking forward to what would happen if the Primal Chaos Qun fought the two brothers. After all, they were all top geniuses!

"Have you guys noticed that Long Chen seems to have become a lot stronger? He's fighting the Primal Chaos Kun Wu head-on!"

"Yeah, he's gotten stronger!"

Suddenly, many people noticed this.

They couldn't help but be extremely shocked. After disappearing for two days, he had actually become stronger again, and he hadn't even gotten close to the tribulation of reincarnation yet?

This was simply unbelievable!

What happened next, was when Long Chen performed.

Together with Mo Xiaolang, he completely suppressed the primal chaos kungwu as the Killing Sword Technique rapidly rose to 200 strikes in a short moment, breaking through the opponent's Hun Yuan spear and once again injuring the primal chaos kungwu. Furthermore, in the midst of close combat with the destructive power of the devils, Mo Xiaolang left a deep claw mark on the back of the primal chaos kungwu!

"Bang!"

The primal chaos kung-fu retreated in a sorry state. This was the first time he suffered such a crushing defeat!

He finally understood. It was as if these two people had the power to fight him head on!

"Don't force me. The more you force me, the stronger I will become!"

He was going to use [Three Heads, Six Arms]!

Anger, joy, and sorrow. Three faces with different expressions, six equally strong arms. The primal chaos kungwu was divided into three.

Most importantly, he was using three different types of Dao tools!

Hun Yuan's Spear!

Imprisoning Ring!

The Zhenyuan pagoda!

Three Dao-seals. Altogether, there were nine hundred Dao-seals.

Only the primal chaos kungwu was able to unleash the power of the [Three Heads, Six Arms] to such an extent!

Chapter 2029 - Triad

The originally normal Primal Chaos Kunwu had split into three heads and six arms, looking like three people standing back to back. Those two arms that were dominated by angry expressions, holding onto Hun Yuan's spear, and being extremely sharp, and those two arms that were dominated by joy, were holding onto the Primal Subduing Pagoda, while those two arms that were dominated by sad expressions were holding onto the Imprisoning Ring!

The Origin Suppression Tower was a silver-gray pagoda. Smoke and mist surrounded it and symbols covered it. There were a total of over three hundred runes that collapsed the pagoda.

The Origin Imprisoning Ring was a golden ring. It had a supreme restraining power, and as the Dao patterns on it flickered, there were over three hundred Dao patterns as well.

From these three types of tools, one could see the level of cultivation level of the Chaos royal clan had towards Primal Chaos Qun. Xinghe Holy Sword only had two hundred or so Dao patterns, but Primal Chaos Qun had three hundred or so, and generally speaking, it was very difficult for even the practitioners of the tribulation of reincarnation of the five elements to own a Dao device with three hundred Dao patterns, let alone three!

Of course, the prerequisite for this was that Primal Chaos Qun had the ability to use all three of the terrifying Dao Arts at the same time. He had the ability of three heads and six arms, and could very well control and control the three Dao Arts.

He couldn't even control the Styx Halberd from before.

But no matter what, he had already completed his transformation after fusing with a thousand star sand. Furthermore, with a powerful ally like Mo Xiaolang, no matter how strong Primal Chaos Qun was, it would not end well for him to face the alliance of the two brothers!

"Hun Yuan's Spear! Imprisoning Ring! "Zhenyuan pagoda!"

Three different voices came out from Primal Chaos Qun's three heads. The three expressions did not change, the anger and grief became even stronger, and the sorrow became even more sorrowful. But at this moment, he had already wielded three different dao tools, and was charging towards Long Chen in shock!

The most terrifying opponent in history!

The name of the number one genius in chaotic star field was not just for show. The three types of Dao artifacts brought about an immense pressure to Long Chen.

Long Chen shrunk the Divine Dragon's body and became even more nimble. On the other side, a black wolf that was bathed in flames was already charging over!

"You want to besiege me? You're courting death!" I, Primal Chaos Kunlun, am someone that you all can defeat! "

All three of his heads were saying the same thing, but their emotions were different!

Long Chen was too lazy to waste words with him, he could only attack together with Mo Xiaolang!

Outside of the Star Origin, this battle concerned the final outcome. Everyone was nervously watching, and many of their gazes fell onto Long Chen's Divine Dragon Body. This was the first time Long Chen had displayed this kind of power!

"Essence Binding Ring!"

The Primal Chaos ring continued to expand, all the runes on it lit up, lightning and fire faintly appeared from the center of the ring, accompanied by the roar of wind and thunder, the ring tore through the starry sky and rushed towards Long Chen!

"Zhenyuan pagoda!"

On the other side, the Energy Suppressing Pagoda grew bigger and stood proudly in the middle of the starry sky. Countless runes flickered on it and a suppressing force descended from within every rune onto Mo Xiaolang's head.

"You better stay here!"

With Hun Yuan's spear in hand, he rushed towards Long Chen with three heads and six arms. He hated Long Chen the most, so he naturally had to get rid of him first!

Hun Yuan's spear came slashing down on him angrily!

The two great Dao weapons took the initiative to attack Long Chen.

Facing such an attack, Long Chen did not panic at all. His divine dragon body had the most terrifying physical strength, and when the prison Yuan Ring struck him, he turned his body over, and with a swing of the divine dragon's tail, he directly broke free of the prison Yuan Ring, flying straight towards the Primal Chaos!

Chaotic Kun was surprised at his strength, but this did not stop him from defeating Long Chen. At this time, his other hand had grabbed the prison elemental ring, and the two of them were fighting head on! For a moment, the starry sky shook, and the Primal Chaos Qun relied on the Dao Artifact and Primal Chaos Force, while Long Chen relied on the divine power of his fleshly body!

The two of them fought, and in such a short period of time, they were actually evenly matched!

RUU...!

The three-headed, six-armed Chaos royal clan and the blood-colored dragon were doing their best to kill!

At this moment, a black shadow charged towards Primal Chaos Qun!

"The elemental tower has been broken free!"

Primal Chaos Qun was shocked and immediately recalled back his pagoda. Right at this moment, Mo Xiaolang had already rushed in front of him.

"Moon of Engulfment!"

The dark moon that was burning with the Primordial Fire of the Nine Serenities struck over, causing Primal Chaos Qun to dodge awkwardly, but this caused Long Chen to hit his waist with the Heavenly Slaughter Blood Sword. He cried out in pain, Long Chen's terrifying strength had almost caused his body to collapse!

"Damn it!"

Primal chaos kungwu angrily counterattacked!

Although he possessed three heads and six arms, it was still too difficult for him to face two opponents on the same level as himself.

Long Chen did not care about all this as he sneered: "Are you afraid? This is just the beginning. Who cares what kind of genius you are, in front of us brothers, you are nothing! "

As he said this, he called out to Mo Xiaolang. The two of them did not need to communicate, but they were already prepared.

"Die!"

The primal chaos kungwu long spear swept out, instantly and fiercely tens of millions of Astral Spears tore the space apart, emitting shocking vibrations!

"Eternal!"

The immense power caused the Primal Chaos Kun to fly backwards, the Sun Devouring Demonic Wolf opened its mouth wide, and the netherworld Devil Ancestral Fire within surged. He bit one of Primal Chaos Qun's arm, and the netherworld Demon Ancestral Fire sprayed out. No matter how hard Primal Chaos Kunlun's body was, it wouldn't be able to block the twin attacks of the Nine Hell Nether Devil Ancestral Flame and Mo Xiaolang's bite. With a ripping sound, Mo Xiaolang tore off one of his arms!

The primal chaos kungwu let out an angry cry of pain!

This time, the injuries were even more severe!

Outside of the Star Origin, those people also looked at each other, feeling extremely shocked in their hearts.

"The strength of these two people are almost the same as Primal Chaos Qun's. They know how to join hands and have a tacit understanding. With their cooperation, Primal Chaos Qun should be at a disadvantage!"

"I really don't know what kind of change happened to Long Chen. He actually became strong in just two days. The son of the Eternal Dragon Emperor, it's truly unbelievable."

"With this Long Chen's talent, in a few hundred years, he might even become an unprecedented genius in the entire Immortal God Realm!"

In the process of their heated discussion, Long Chen and Mo Xiaolang once again fought with the furious Primal Chaos Kun!

RUU...!

In the starry sky, the shockwaves of their battle were everywhere. The surrounding fragmentary stars all exploded, turning into powder!

The Netherworld Demon Ancestral Fire filled the world!

The primal chaos kungwu was incomparably crazy, he almost activated his limit, using his three great artifacts to engage in crazy battles!

"Hun Yuan's Spear! "Initial slaughter!"

"The Origin Confining Ring controls the heaven and earth!"

"Yuan Suppressing Pagoda!" Suppressing the demons! "

"Three elements combined into one, and all living things will be destroyed!"

RUU!

Everything in the area was shattered by Primal Chaos Qun's violent attack. Long Chen and Mo Xiaolang had to be forced away!

"What human, what demon!?" But it was all bullshit! Relying on our numbers, our Chaos royal clan is the true ruler of the ancient era! We are the masters of this world! "

The primordial chaos laughed loudly.

"You're crazy!"

Long Chen and Mo Xiaolang rushed towards him once more. Long Chen admitted that it was indeed bullying him a little by fighting against himself but there was no other way. If he was going to face him, with Primal Chaos' tenacity and strength, defeating him wouldn't be easy!

"Blood Weeping Dragon Soul!"

The Primordial Blood Spirit Dragon had finally used its most powerful divine ability.

In truth, the more he walked on the path of killing, the more Long Chen realized that he understood. Whether it was in terms of killing or time, he seemed to almost reach the edge of the next Ancestral Dragon Art!

Before long, there would definitely be even more peerless attacks that would appear!

A million Blood Weeping Dragons, this was a shocking attack!

For a time, the starry sky was submerged in endless blood-red light!

Long Chen had hidden himself among the Blood Weeping Dragons, becoming the master of all dragons. Under his command, the millions of Blood Weeping Dragons fought ferociously under the shocked eyes of the Primal Chaos Quin!

"What divine ability is this!?"

Not only was it the primal chaos kungwu, the people outside were also quite depressed!

This sacred art was too heaven-defying!

Under the suicidal attack of countless Sobbing Blood Dragons, Primal Chaos Kunlun could only keep resisting. He could kill 1,000, kill 10,000, or even kill 100,000, but he couldn't kill a million in a short period of time. In any time, there would be a killing dragon rushing towards him, using its dragon claws and dragon tail to bite, making Primal Chaos Kunlun scream in pain again and again!

Mo Xiaolang advanced quickly amidst the Sobbing Blood Dragon Soul. While Primal Chaos Qun was trying its best to slash at the Sobbing Blood Dragon Soul, he quietly went forward and charged forward, completely knocking the Primal Chaos Quin off its feet. The Dao Artifact in his hand almost flew out!

"Dammit, don't run if you have guts!"

Just as Primal Chaos Quin was about to counterattack, Mo Xiaolang once again disappeared amidst the killing of the dragon!

Right at this moment, Long Chen suddenly appeared by his side. By the time Primal Chaos Kun Wu sensed danger, it was already too late!

"Heavenly Slaughter Blood Sword!"

The tyrannical power rushed out and sent the Primal Chaos Qun flying. All the Dao artifacts flew out of his hands and the Blood Weeping Dragon's soul was put away. Such a violent attack instantly lifted the state of the Primal Chaos Qun's three heads and six arms, and he was in a sorry state to face the violent attack of the Blood Weeping Dragon Soul. At this moment, he could be considered seriously injured, but he was already at the end of his strength!

Whoosh!

With just a thought from Mo Xiaolang, the severely injured Primal Chaos Qun Wu would be burned to death!

Long Chen turned back into his human form and stood beside the fireball with Mo Xiaolang.

The battle was over.

Under their joint attack, defeat was a very normal thing for him. At this time, he was undoubtedly in a very miserable state, not only did he not have a Dao artifact, and his body was even in a severely injured state, his life was under Mo Xiaolang's control. Chaotic Kun, who had always been proud and arrogant, was simply unable to face such a result.

As for those who were not from the Star Origin, they looked at each other in dismay. Although they had already expected this, they were still shocked in their hearts ...

Chapter 2030 - Deciding the Victory

There were only four hours left in the genius team battle.

It was about time to refine the last star grain.

Not only was Primal Chaos Kun seriously injured under Long Chen's attack, he was also currently trapped by Mo Xiaolang and basically couldn't move at all. Even a thought of Mo Xiaolang's could turn him into ashes.

Thus, he was defeated.

He had always been an arrogant and despotic person, he had never even experienced the taste of defeat before. This failure made him feel especially painful, and right now, he was surrounded by the Nine Hell Devil Ancestral Fire. He roared miserably, continuously cursing and swearing poison oaths.

"Long Chen, and this damned wolf clan! You guys won without a fight! Two people besieging me, what's a victory! "

"If you dare to fight against me, Primal Chaos Kunlun, then I can immediately make you two fall down!"

"Stubborn dog stuff! Today, you all brought me a great humiliation! In the future, I will cleanse you of today's shame and give you the most painful lesson! I am the honorable Chaos royal clan, you lowly races, yet you dare to disrespect me, so you will be judged by me sooner or later! "

Long Chen was too lazy to listen to his shouts. Honestly speaking, with this Primal Chaos Qun's abilities, whether it was him or Mo Xiaolang, it would be difficult for them to deal with it alone. The battle strength of the three could be considered equal to that of Long Chen and Long Chen.

It was only after defeating the Primal Chaos that Long Chen finally had the chance to talk to Mo Xiaolang.

At this time, the three of them, along with the four grains of stardust, were already far away from here. The two Golden War Clan members couldn't chase them and were lost in the vast starry sky, while the three from the Nightmare Race and the primal chaos kungwu didn't have any starsand at the moment.

After the last four hours, the four of them were expelled by the Star Origin.

At that time, the Illusory Immortal Clan would only have four people, the Golden War God Clan would only have three, and the victor would be the Illusory Immortal Clan.

Other than the Star Origin, the people from the Illusory Immortal Clan were all extremely excited as they looked at Long Chen with excitement. Although they had said that they might have some grudges in the past, this time, Long Chen was able to turn the tide, like the Netherworld King, and the others.

However, for Long Chen, it was no longer important who the score would belong to. He did not expect Mo Xiaolang to appear in the beginning, so after snatching the star sand and throwing it to Xing Qing, allowing them to leave, he discovered Mo Xiaolang here.

What made Long Chen feel troubled was that Mo Xiaolang was serving the Golden War God Clan, so the team the two were in were different. He himself wanted to open the door to the Dragon God Domain, then why was Mo Xiaolang doing this?

This was crucial. He had to know immediately.

Therefore, after sealing up Primal Chaos Qun, Long Chen hurriedly asked, "First, why did you participate in the Star Lord Battle, and also represent the Golden War God Clan?"

Mo Xiaolang hesitated for a moment, then looked at the struggling Primal Chaos Kun Wu and said, "I didn't know that there were demons here. The Nine Tailed Heavenly Fox came to find the Haoyue Wolf Tribe and the Eclipse Moon Wolf Tribe, and told them my information, the two great wolf clans relied on their power within the resplendent stars to find me. They did not hand me over to the Nine Tailed Heavenly Fox, but instead wanted me to help them participate in the Hegemonical War between the Star Lords, and then they would be able to obtain freedom."

This was actually more or less what Long Chen had imagined.

He quickly asked, "If you didn't help them win, would they let you go?"

After all, Mo Xiaolang's victory conflicted with his own.

Mo Xiaolang said: "I do not, I am only required to participate in these two battles with all my might, after I finish, I will be able to recover my freedom, and they will protect me from being chased by the Nine Tailed Heavenly Fox."

Long Chen felt that it was a pity. Originally, Mo Xiaolang came here for the sake of his freedom, he did not expect himself to meet with the same whirlpool, and sure enough, no matter where he went, trouble would always arise.

Mo Xiaolang had concealed the most important matter, and that was regarding Su Yan. In reality, the two great wolf masters were extremely strict with him, if Mo Xiaolang did not obtain more than one point, they would not let him go.

Following that, Long Chen told him the reason why he participated in the Star Lord competition.

Mo Xiaolang's eyes revealed signs of being moved, and he said: "Big Brother, you must have come here for my sake. But you didn't want to affect my life, so you didn't tell me. "

Long Chen grinned and laughed: "This is only one of the reasons; when two people get to the same place, at least they can look after each other. There are other reasons as well. "

After he finished speaking, he thought about what Mo Xiaolang had said. Seeing that's tone was extremely relaxed, there should not be any problems.

He said, "On the Illusory Immortal Clan's side, including me, there are still four other people."

Mo Xiaolang interrupted him and said, "Originally, I wanted to destroy Primal Chaos Kun Wu's star sand and achieve victory, but you suddenly appeared and turned the tide for the Illusory Immortal Clan. Furthermore, you need to obtain the Five Dragon Cities's approval, so this war of hegemony is extremely important to you.

Seeing his relaxed smile, Long Chen hesitated for a moment, before choosing to believe him.

The Star Lord battle was indeed very important to him, if Mo Xiaolang only participated in it on an obligatory basis, it wouldn't be a problem for him to win.

He continued, "If those two Wolf Lords are making things difficult for you, you must tell me. The result of the team battle cannot be changed. But there's still the Elite Tournament, and if we meet each other in the Elite Tournament, I'll admit defeat for you. There won't be a problem at all. "

Although opening the door to the Dragon God Domain was important, for Long Chen, his brother was even more important. He was used to not having any days to hide things from Mo Xiaolang, so he didn't think too much into it at this moment.

And, just as he had said, there was no way to change the outcome of the team battle.

Mo Xiaolang said seriously: "Not really, in the blink of an eye you have caught up to us again, at that time we can spar again, and that way we can have greater progress."

They were talking, and Chaos was roaring ferociously. It was a very strange scene.

Outside of the Star Origin, they saw that Xing Qing and the others were fusing the last bit of star sand. The people of the Nightmare Race and the Gold Wargod Clan were raging like thunder.

This victory could completely be said to be man-made for Long Chen!

They all started to clamor, but no matter what, from today onwards, Long Chen's name would spread throughout the entire resplendent star, even to the chaotic star field.

He wanted to show it to the people of Dragon God Domain. It was all done by the son of the Eternal Dragon Emperor!

Long Chen and Mo Xiaolang started to fuse with the last bit of star sand amidst the clamor of the Primal Chaos Qun, while the rest of them, because of the lack of star sand, were pushed out of the Star Origin Realm. The Primal Chaos Qun was so angry that it was about to go crazy, if not for a few old men holding him down, he would probably attack the Illusory Immortal Clan!

"I will remember today's shame! Long Chen! As for the wolf clan, you two just wait and see for yourselves; join forces to deal with my two cowards! At that time, I will crush all of you! Just you wait! "

The atmosphere of the primordial chaos was filled with a roaring roar.

"I'll be taking my leave first!"

Chaos royal clan's seniors pulled him, and turned to leave.

The Nightmare King coldly snorted and said to the Illusory King, "Isn't the elites' battle only the ones who got the first score? "Nothing great."

Nightmare King was the last to arrive, but he brought the Nightmare Race and left first. Some of the Chaos royal clan's people also left first.

And among the star sources, there were still three members of the Golden War God Clan and four members of the Illusory Immortal Clan. By this time, the result was basically decided.

They had already fused with the last star grain. It would only last four hours.

"I really can't accept it. I'm just missing one person."

In the Golden War God clan, the Moon-Devouring Wolf Lord that was hidden in the silver moon muttered.

"It's all because of that bastard Mo Xiaolang. He actually teamed up with the son of the Eternal Dragon Emperor to deal with the Primal Chaos Kunlun and got him to stall the son of the Eternal Dragon Emperor s. Wouldn't it be better for him to kill those Dragon Fighter s!?"

In the middle was the head of the Golden War God Clan, Great Emperor Tyger Tian.

His ancient body was made of steel, and it emanated an aura of immeasurable majesty.

Many gold war god warriors quietly stood behind him.

Emperor Qing Tian used a mechanical voice and said, "It's normal for me to see that long-time friend of mine."

"In other words, we have to give him some pressure in the elite battle. Otherwise, if he were to meet Long Chen, he would definitely show mercy and show mercy. We have already lost the first round, we cannot lose again!"

The Crescent Wolf King laughed, "Don't worry, his woman is still in my hands. As long as I scare him, he will fight to the death. It is the same even with his own brother. Who would be more important than his own woman?"

The three of them looked at each other, having already come to a decision.

"However, looking at that son of the Eternal Dragon Emperor's character, if he knows that Mo Xiaolang is definitely going to become the champion of the elite battle, he would probably retreat without fighting. Our main enemy is still the Primal Chaos Kunlun."

Emperor Qing Tian said.

He had seen too many people. Judging from Long Chen's performance within the star origin, he was certain that Long Chen was someone who valued friendship and camaraderie. Therefore, he must think of a way to tell him about what happened to Mo Xiaolang!

After some careful thought, he came up with a plan!

In the remaining four hours, the Illusory Immortal Clan received congratulations from many people.

After a full four hours of pleasantries, Long Chen and the others finally came out from the Star Origin. The group battle had completely ended, and the people from the Nine Star Alliance had announced that the Illusory Immortal Clan had obtained the first point of the Star Lord Battle! The majority of them looked towards Long Chen. This was all thanks to Long Chen, even Bing Xinyue and the rest, who despised him before, did not dare to say anything.

Xing Qing and the others had already returned to the Illusory Immortal Clan, while Long Chen was still reminiscing about the old days with Mo Xiaolang.

Suddenly, an accident occurred.
