

## War God 2041

### Chapter 2041 - Security

One day apart felt like three years.

When she looked at him, it was as if they had just met for the first time after a thousand years. That kind of longing surged through her heart, but when she saw his current weak look, although Su Yan did not know what was happening, and there were many people watching around, she was extremely afraid. She walked towards Mo Xiaolang with moist eyes and staggering steps.

When she walked to Mo Xiaolang's front, tears had already filled her eyes. Those clear tears gently rolled down her snow-white cheeks and lightly fell to the ground.

Mo Xiaolang extended his withered finger and wiped away the tears on her cheeks. He forced out a smile and his strength was completely used up, the marrow of the Primal Chaos Gods was still within his body. However, it was not as painful as before.

"Yan Er, you're crying again. Didn't I tell you not to cry all the time? "

Mo Xiaolang said weakly.

"I, I, how are you?"

Su Yan stretched out both his hands, and his slender hands held onto his arms. His skin had an ugly grayish-white color, like a withered old tree that had dried up and cracked apart. Looking at all of this, she suddenly remembered that he must have worked hard to save, which resulted in such an end.

Mo Xiaolang couldn't even stand steadily, and was so weak that he could only be held by Long Chen.

Long Chen took a deep breath. He no longer held much resentment towards the Moon Corroding Wolf Lord, but she could definitely let Su Yan return. Then it was time to do something for his younger brother and sister.

From the moment he saw Mo Xiaolang getting injured to now, Primal Chaos Qun's arrogant laughter had been provoking him and caused the calmness that he had painstakingly cultivated to completely collapse. It was already not easy to endure until now.

Until Su Yan returned.

"Yan Er, support him."

Long Chen said.

Su Yan similarly did not know that Long Chen would be here, nor did she know about the Primal Chaos Divine Bone Marrow. However, she was very obedient, she replaced Long Chen and supported Mo Xiaolang. This small couple hugged each other and stood in the rain, they yearned for freedom, yearning for whatever they wanted to do, their fate was much worse than Long Chen's. As their brother, Long Chen had opened up a path for them!

"Big brother!"

Mo Xiaolang knew what he wanted to do, and he was the person who understood Long Chen the most. From the very beginning, he knew that Long Chen had accumulated a terrifying amount of anger in his heart.

"Yes."

Long Chen turned his head and smiled.

This cold smile caused Mo Xiaolang to swallow his words. He had seen Long Chen smile like this multiple times, before he went crazy ...

At this time, the Illusory King, Great Emperor Qing Tian and the others were still in confrontation with the people from the Nine Star Alliance. The Primal Chaos Qun was still laughing coldly under the protection of the crowd, and at this moment, Long Chen had already surpassed everyone present. His ice-cold eyes were always on the face of the Primal Chaos Qun, and his eyes were filled with bone-piercing killing intent.

Within his body, there was a giant beast hibernating and slaughtering others.

"Long Chen?"

Fantasy King and the others were stunned. They were requesting the Nine Star Alliance to make some changes to the rules, but Long Chen walked out at this critical moment, his appearance attracting everyone's attention, even Primal Chaos Qun himself was no exception. He was startled for a moment, then laughed: "Seems like you're very angry, are you also anxious to die? Although I am slightly injured, but it seems that I have dealt with you well enough. Do you also want that brat to end up the same way? From then on, you will become trash inferior to pigs and dogs? "

He laughed again.

Long Chen was not the Long Chen of the past.

After a short period of stability, he was no longer as impulsive as before. He almost ignored the provocation of Primal Chaos Qun and said to the elites of both sides, "Everyone, there's only one last battle left in the genius battle, there's no need to discuss anything. I allowed him to use the Chaotic Bone Thorn.

Only then did everyone remember that there was still the final battle.

The actions of the Primal Chaos Kunlun caused many conflicts, and the war for supremacy of the Star Lord could not go on for a while. Everyone had also forgotten about this most important battle.

When Long Chen appeared and requested for the start of the battle, many people were surprised. He clearly knew how terrifying the Chaotic Bone Thorns were, but he still continued to do it, and was indeed a bit bold and reckless. Honestly speaking, this kind of thing called the Chaotic Bone Thorns, even the strong experts present were extremely afraid.

He looked at Long Chen as if he was looking at a fool, and laughed: "Long Chen, you have to keep your word, and don't let me cripple you when the time comes, and you guys are not willing to give up yet, making such a big fuss, I don't have time to waste time with you guys!"

Long Chen said, "That's right, you can use the Chaotic Bone Thorn, I don't mind."

However, Primal Chaos Kunlun did not care at all. He knew how terrifying the Chaotic Bone Thorns were, and when he heard Long Chen's words, he laughed madly once more, "Everyone, you must all hear me clearly. This is not what I requested, so all of you, spread out and let the last battle begin!"

Due to the doubt in her heart, the Fantasy King wanted to ask whether Long Chen was confident in his abilities, but Long Chen didn't say anything. Waving his hand, he walked towards the direction of the Primal Chaos Quin alone.

"He is enduring his anger. He is probably at his limit. This fellow's killing intent is truly monstrous. "

Xiao Ding Yuan said from beside the Illusory King.

"Then believe him for once. Victory or defeat depends on one blow!"

Fantasy King brought everyone else and left first, leaving the battle area to Long Chen.

The others quickly left as well.

Su Yan brought Mo Xiaolang and stood at the side. No one approached them, and the two of them looked at Long Chen's back, which was moving forward without any distance between them. Mo Xiaolang clenched his teeth, his lips moved slightly as he said: "Yan Er, Big Brother should want to return to him everything that has happened to me."

"Yes!"

Su Yan didn't ask anything. As far as she was concerned, it was enough that she could safely stay with this man and support him.

As for revenge, Long Chen would accomplish it!

He slowly walked towards the Primal Chaos. Logically, with how angry he was, the footprints he made must be very deep. However, what was scary was that there were no traces at all under his feet.

"Disperse."

The people from the Nine Star Alliance rushed into the clouds, disappearing far away. In the huge space, only Primal Chaos Qun and Long Chen were left.

Countless people's eyes were on them. This was the final battle of the Star Lord Battle, the final victor would get a point for the race they represented. Whether they were from the Nightmare Race or the Illusory Immortal Clan, would depend on whether Long Chen was from the Primal Chaos Qun or was from the victor.

Kunge was once injured, but he was still able to unleash three heads and six arms, possessing three hundred Dao patterns. More importantly, he had the Chaotic Bone Thorn!

Therefore, he still had victory in his grasp as he jeered loudly.

The spectators discussed the various chances of victory, but most of them were not optimistic for Long Chen. Although he could suppress the Primal Chaos Kun, the Primal Chaos Kunlun was a cunning guy, with many people protecting him, defeating him was not easy!

Long Chen allowing the other party to use the Chaotic Bone Thrust was undoubtedly like allowing a lamb to fall into a tiger's den.

Hundreds of thousands of people stood around. In this atmosphere, they gradually held their breaths. In front of them, this was a battle between the world's greatest geniuses!

Anger, hatred, madness, all of these were not enough to describe the current Long Chen. He held onto the divine slaying sword, and the ash-grey blade emitted a terrifying sharp light, as if the small skeleton could feel Long Chen's killing intent. His pair of green eyes also became especially frightening, as if he longed for the Eye of Hell!

"I will be very merciful and give you two brothers the same fate! You should have known long ago that the true genius is me, Primal Chaos Kunlun! The truly noble race is my Chaos royal clan! The true Omnipotent Expert is my father, the Star Lord of Primal Chaos! "

The primordial chaos roared.

"Do you know what a frog at the bottom of a well is?"

Long Chen suddenly said.

It was impossible for Primal Chaos to exist, but Long Chen knew that when he walked out of White Poplar Town and actually saw the vast world outside, at that moment, he clearly knew what it meant to be a frog in the well. Although Primal Chaos Qun was a heaven defying existence, in Long Chen's eyes, it was only a frog in the well who was lucky. The sky he could see was limited to this.

"Stop blabbering!"

He could not be bothered to waste his breath with Long Chen and immediately used his three heads and six arms ability. In an instant, his battle qi soared to the skies and the three 300 Dao Rune artifacts, the 'Hun Yuan Spear', 'Essence Binding Ring', and the 'Yuan Suppressing Pagoda' appeared one after another. They suppressed the heaven and earth with their unparalleled tyrannical power!

Hun Yuan's spear, Hun Yuan's Limitless, Prison Origin Ring had an extremely strong restraining force, the Immortal Training Tower's might could shake the entire world, the three types of Daos combined, Primal Chaos Qun had shown the best of the best, he bellowed, and rushed forward to attack!

At the Star Origin, Long Chen was basically not his opponent, but at this moment, everything was different ...

Just as Primal Chaos Kun Wu rushed over, Long Chen waved his God Slaying Sword and disappeared into thin air.

The power of time!

The onlookers were all experts, so they could all sense it.

When Primal Chaos saw it and used this move, he looked down on it. His face was ferocious as he looked around and roared, "Coward! Useless thing, do you only know how to run? "Haha!"

Even though he was shouting this way, he was actually feeling very depressed in his heart.

While he was laughing, a grey sword light descended from the sky. This was the first sword of the Killing Sword Technique, Primal Chaos Quin had easily avoided it, but this was only the beginning. When Long Chen had stored all of his emotions into a sword, it was no longer as simple as a slaughter sword technique!

#### Chapter 2042 - Sword Devour Chaos

The Killing Sword Technique had accumulated everything that Long Chen had experienced from the very beginning!

All of his endurance had been completely fused into the Sword Art of Slaughter. After completing all of this, the Sword Art of Slaughter underwent a tremendous transformation!

Long Chen felt as if the entire world had faded in front of him, leaving only the enemy in front of him, his repulsive face, and his wild smile!

In the blink of an eye, his world had turned crimson.

Hundreds of thousands of onlookers were nothing but ants in his eyes. He did not care at all. His rage and cruelty had driven him to burst forth with unprecedented power!

The raging flames of the Spirit Refinement Realm had completely surpassed his previous growth rate. It had caused his power to greatly increase, to the point that it had become limitless. The potential of the Ancestral Dragon was never this simple!

As the elder brother, he must give Mo Xiaolang an explanation at this time!

Not for anything else, but to get revenge! He had forgotten about life and death, but all he wanted was for the guy in front of him to die! It wasn't even just death.

He never thought that something would happen to himself, but Long Chen's ice-cold face, cold killing intent, and the sharp edge of the sword told him that he was risking his life!

"Good boy, I will fight you one on one. I won't use the Chaotic Bone Thorn to bully you, what can you do to me!"

He clearly knew that he had lost to Mo Xiaolang in reality, so he wanted to regain his confidence in Long Chen. Otherwise, he wouldn't need to use his three heads and six arms to directly use the Chaotic Bone Thrust to attack!

"Hun Yuan's Spear! Hun Yuan's Qi! "

He had used three different types of Dao weapons against Long Chen. Honestly speaking, in terms of Dao weapons, Long Chen could not even compare to him.

Compared to any other Dao weapon the other party had, the sword was weaker. The other party's Dao weapon brought immense pressure to the sword. Although the God-Slaying Sword was a fierce tiger, it was still difficult to clash head on with an elephant rhinoceros!

However, the one holding the sword was Long Chen!

Long Chen was now like the god of death, he did not retreat even a step. His Killing Sword Technique had surpassed the imaginations of all the strong warriors, that speed, that power, even though Primal Chaos Qun possessed three different dao tools, he had already made Long Chen's God Slaying Sword to suppress him from the very beginning! In the midst of Long Chen's powerful, violent and ice-cold attack, Primal Chaos Qun used all of his powers to defend against it with his three Dao artifacts. However, he still managed to send Long Chen flying with the explosive Sword Qi, retreating in a sorry state!

If the battle between him and Mo Xiaolang before could be said to be evenly matched for a very long period of time, then the battle between him and Long Chen would simply be crushed!

On one hand, it was because he was injured, but on the other hand, Long Chen was much more terrifying than he had imagined. Especially since the current Long Chen was not fighting alone, with his guilt towards Mo Xiaolang, with everyone's expectations for him, and with his responsibilities towards his younger brothers and sisters, and more importantly, with the Primordial Blood Spirit Dragon bloodline, he urged to turn into a killing tyrant!

Rumble rumble rumble!

As Long Chen attacked forcefully, killing sword qi soared to the sky, while Chaotic Kun Wu was retreating in shock, the rocks and rivers along the road exploded, turning into smithereens from the slaughter sword qi!

Although Chaotic Kun Wu was able to temporarily block out the waves of the killing sword qi, in a short period of time, a large amount of sword scars appeared on his body, and there were even some that could be seen deep into his bones. With his Chaos royal clan's physique, recovering was still quite difficult, and he had only just recovered, and new wounds would appear soon!

Being suppressed like this, the three great Dao weapons had no chance to fight back. They were like dogs that had fallen into the water. The primal chaos was simply going crazy!

They thought that it would be another evenly matched battle, but they never thought that Long Chen would be so terrifying. Seeing that Primal Chaos Quin was being suppressed to the point that he was about to cry, the expressions on their faces became quite interesting.

"So out of the three of them, the strongest was the son of the Eternal Dragon Emperor, while the weakest was Kunlun."

Most of the Rankers present knew what was going on. If not for the Chaotic Bone Thrust, which was known as the number one genius of chaotic star field, Primal Chaos Kunlun would not have been a match for Long Chen and the others.

Of course, Long Chen had overperformed himself.

This battle caused the hearts of countless people to tremble.

This human Dragon Fighter and this wolf cub were both very powerful and talented. Everyone was very clear that no matter what the result would be today, their reputations would be spread out quickly and they would rise quickly. They might even shock the Immortal God Realm!

Especially Long Chen, the thing he dreamed of, was to make the people of the Dragon God Domain look at him in a new light!

KILL, KILL, KILL!

Through the layers of slaughter sword aura, the Primal Chaos Qun saw a cold face hidden within the riots. The Primal Chaos Qun had always been bold and daring, and had never been afraid of anyone, but this time, he was terrified of Long Chen.

"Damn it!" Damn it! Even this fellow could be so strong! What was going on in this world? "Don't tell me there are only so many geniuses, so cheap!"

Primal Chaos Kungfu would never admit defeat even if he were to die!

"KILL KILL KILL!"

He continued to unleash the Primal Chaos Force all over his body, three different types of tools attacking at the same time, using the Imprisoning Ring to bind and attack Long Chen, and using the Energy Suppressing Pagoda to suppress Long Chen, greatly reducing Long Chen's speed, and then using Hun Yuan's spear and God Slaying Sword to fight back! He could feel that the Dao patterns on the Heaven Slaying Sword were far inferior to Hun Yuan's Spear Art!

Hun Yuan's spear was forged from meteoric iron, becoming a great dao in the universe. It came from the The Age of Dragons, had a long history and hundreds of masters, and finally landed in the hands of the Primal Chaos Kunlun.

The three great Dao Spirits were also gathering their power, helping the Primal Chaos Qun to engage in a frenzied battle!

"Rip!"

Primal Chaos Qun gritted his teeth, he was not willing to admit defeat! He knew that it would be extremely difficult for Long Chen to maintain this state!

"I want a price for you and that beast! The three elements are one, the Great Dao is limitless, and the universe is turned upside down! "

It was only after using all three types of Dao weapons together that Long Chen's attack was pushed back. When the Primal Chaos Qun saw the light of dawn, he became extremely excited!

Everyone's eyes lit up. Was the primal chaos kungfu finally about to counterattack?

Just at that moment, Long Chen was not affected at all. One of the swords pierced through and he once again rushed forward, stabbing out with his sword. Instantly, a killing sword Qi shot out, it was much stronger than before!

"Five hundred and thirty strikes!"

The Killing Sword Technique had a total of 10,000 swords. This was the heaven-defying sword technique of the God-Slaying Sword!

Five hundred and thirty slashes, that was the limit of what Long Chen had done in the past.

Clang!

He was once again defeated by Long Chen's sword which sent him flying into the top of the Moyun Peak. Immediately, the Moyun Peak trembled from a great distance away!

"Damn it, damn it!"

He had just climbed out from the rubble, but he was once again trapped in Long Chen's even larger sword net. This time, he could only resist in a sorry state as the God Slaying Sword smashed against the Primordial Pagoda, the Prison Origin Ring, and Hun Yuan's spear time and time again, causing earth-shaking sounds of friction!

From the beginning to the end, Kunlun didn't even have a chance to fight back!

Everyone was dumbstruck. What they saw was that the wounds on Primal Chaos Qun's body continued to increase, and even one of his ears was sliced off by Long Chen. His entire body was drenched in blood, and was in such a miserable state that he screamed miserably in pain repeatedly, but he was still unable to escape Long Chen's attacks.

If not for the three types of super dao tools, he would have already been killed by Long Chen.

No one would have thought that he would be defeated in such a pathetic manner. This was simply not a contest of the same level, in front of Long Chen, Primal Chaos Qun was just like a clown, crapping his butt and urinating his pants, he was crying non-stop!

In reality, if Long Chen wanted to kill him, he had already succeeded. But sometimes casually killing a person was not the greatest revenge, Long Chen was waiting for an opportunity.

Furthermore, the small skeleton had gnawed on the rock for so long, it was finally about to bite on the meat. How could Long Chen let the meat fly away?

At the moment when Chaotic Kunlun was still desperately struggling with his life on the line, everyone clearly heard a crack. That sound was extremely ear-piercing.

Everyone not only looked, was it because Long Chen's sword was broken?

If the sword were to break, then it was very likely that he would still lose. After all, the Primal Chaos Qun still had the Chaotic Bone Thorn, and he was only constantly being suppressed; he wouldn't even be able to bring out the Chaotic Bone Thorn.

The God-Slaying Sword was obviously not as good as the three great weapons!

However, what happened next shocked everyone.

The God Slaying Sword, Primal Chaos Kunlun tried to use the Origin Suppression Tower to resist once again, but in that moment, the God Slaying Sword became extremely sinister and directly broke the Origin Suppression Tower into two, the three hundred dao tools immediately exploded, transforming into gold fragments that flew out, Long Chen's sword struck one of Primal Chaos Kunlun's arm!

In that instant, the primal chaos kungwu fell to his knees and cried out in pain!

The people from the Chaos royal clan wanted to stop them, but the Illusory King and the others were already prepared. Even the Great Emperor Qing Tian and the others stopped them, and said, "The outcome hasn't been decided yet, and you want to cause trouble again?"

Because they were afraid of the Goblin Tribe and the human race, the Chaos royal clan Warriors could only endure it.

However, the most inconceivable thing was that the God-Slaying Sword was a terrifying weapon that could destroy three hundred dao patterns. It was simply too inconceivable.

Primal Chaos Kun Wu looked at the fragments in a daze, his eyes in a daze, but quickly became blood-red. He roared, "This is a gift from my father, Long Chen!"

Just as he said that, Long Chen's God Slaying Sword once again came attacking. Be it Hun Yuan's spear or his Origin Confining Ring, both were destroyed by the God Slaying Sword! They transformed into countless shards!

This was Long Chen's first goal. If he wanted to make Chaotic Kunlun regret, he would have to destroy all these first, but this was just the beginning!

Long Chen held onto the hilt of the God Slaying Sword, at the moment, the Dao patterns on the sword hilt started to increase rapidly, the small skeleton was exclaiming happily, it was excited, it's power was increasing extremely fast, in the end it stabilized at two hundred and eighty-five Dao patterns, close to three hundred!

But its power, had surpassed Hun Yuan's spear!

Chapter 2043 - Coldness Long Chen

This time, the slaughter sword technique's total came close to a thousand swords!

The further it went, the more terrifying the might of each sword attack would be. It was precisely because of this that Long Chen had not even transformed into the dragon form, and had already directly suppressed Primal Chaos Kun Wu!

At this moment, he was completely drenched in blood, and was screaming in pain and anger as he knelt in front of Long Chen, unable to take his eyes off of his strongest backing, because three of the three hundred Dao imprints were being torn apart by Long Chen. What was being torn apart by Long Chen was not only his dao tools, but his heart, his pride and dignity!

He had always thought that the human race was invincible and that the human race only wanted the demi-humans for their reputation. He also swore that in the future, he would wipe out the immortal realms and challenge the experts of various races.

The shattering of the three types of tools had dealt a more serious blow to Primal Chaos Qun's heart than the injury to his physical body!

The calm Long Chen was standing right in front of him. The sound of his footsteps on the ground made Primal Chaos Kun Wu tremble and almost all of the spectators suffocate.

In one of the directions, the weakened Mo Xiaolang looked at Long Chen with tears in his eyes. He was also nervous, because he had defeated the Primal Chaos Qun like before, but in the end, he fell to such a state due to the influence of the Primal Chaos Qun.

Long Chen, will you repeat the same mistake?

"He could have clearly killed Chaotic Kunlun, yet he held back like Mo Xiaolang. What does he mean by that? Could it be that he knows that Primal Chaos Qun is the Starlord's son and he doesn't want to cause too much trouble? "

Xiao Ding Yuan asked doubtfully.

"It seems that although this Long Chen is furious, he still knows his limits. He is indeed worthy of being the son of the Eternal Dragon Emperor, and this is something very similar to him. However, compared to the young Eternal Dragon Emperor, Long Chen is even more aggressive, because he is more decisive than the Eternal Dragon Emperor."

Seeing that Long Chen did not go crazy and kill the Chaotic Kunlun immediately, everyone heaved a sigh of relief. No matter what, the Primal Chaos Kunlun should not die, he was the flag of the new generation in chaotic star field.

At this time, Long Chen was already standing three meters away from the Primal Chaos Qun.

He raised his sinister looking head and stared straight at Long Chen. His mouth was full of blood, and his teeth were blood-red, as his three heads and six arms had been removed, appearing extremely weak.

"You dare to destroy my Dao Artifact? You're too audacious!"

Chaotic Kunlun said in a cold voice.

Long Chen said expressionlessly: "You have lost, and don't have much ability, so you must pretend to be invincible. Primal chaos kungwu, in my eyes, you are just a piece of trash."

Hearing that, Chaotic Kunlun laughed arrogantly, and said, "So what? You killed me? Do you dare to kill me? My father is the Starlord of primordial chaos! Even if you kill me, you will die a horrible death. Who is the trash? "You hate me to the heavens. Your brother was crippled by me, yet you still do not dare to kill me. You are the trash."

Long Chen remained calm as he stared at the primal chaos kungwu with his clear eyes. With an ice-cold tone, he spoke word by word, "I won't kill you."

Long Chen did not have the guts, but at this moment, he had already thought it through. So what if he lost, if the victor is like Mo Xiaolang, the Primal Chaos Qun will definitely not be the victor, he wants to be the loser who turned the victor into nothing!

So, under the gaze of the crowd, he struggled to stand up. Long Chen was so close to him now, and was so unprepared, his negligence gave Primal Chaos Qun an excellent opportunity. Before, he had always been suppressed by Long Chen, and didn't even have the chance to retaliate.

He instantly charged towards Long Chen, and arrived at a distance of three meters away from him in an instant. With a ferocious expression, he roared: "Idiot! You actually made the same mistake as that wolf tribe member, you're just courting death! "

There was no way to describe his excitement.

He took out that terrifying Chaotic Bone Thrust. Once it appeared, everyone once again went into an uproar. Their gazes were completely attracted to this archaic vicious beast, and what was emitted from it was the aura of a true deity. It was the bone spike of a primal chaos deity!

Beneath the marrow of the Primal Chaos God, all powers had to be dissolved!

Primal Chaos Qun didn't know how stupid Long Chen would be to give himself such a chance. He could only say that Long Chen was really too confident, that it was his confidence that allowed him to meet the same fate as Mo Xiaolang!

Thinking about the fact that both of them became useless just like him, Primal Chaos Kunlun's heart almost twitched with excitement.

Everyone was nervous to the point of suffocation.

Only Mo Xiaolang and Su Yan knew that Long Chen would not make such a low level mistake.

Sometimes, killing a person was not a form of revenge or a punishment. His anger towards the Primal Chaos Qun was unable to be described with words, all he had done was to return everything that Mo Xiaolang had encountered to him! Return it to him several times over!

Therefore, when the Chaotic Bone Thrust appeared, Long Chen's eyes were also shining brightly.

He was already prepared.

The moment Primal Chaos Qun made his move, his long sword slaughtered and broke through everything!

As the Sword Qi thought this, both of Primal Chaos Qun's legs were instantly chopped off, turning him into a legless person. A blood light flashed, but he still laughed loudly and pierced towards Long Chen!

"Cry!"

Primal Chaos Qun treated the previous sword strike as Long Chen's last moments of resistance!

At this time, Long Chen swung his sword once again.

"Eye of Hell!"

He had long since thought of using the Eye of Hell at this time!

It was the Eye of Hell, a pair of dark green eyes, filled with incomparable arrogance and terror, as if it had come from the heavens. The Eye of Hell's deterrence was greater than anything else, especially after the God Slaying Sword had increased by a hundred dao patterns.

Right at this critical moment, Primal Chaos Kunlun's eyes were wide open. He completely suffocated as he fell to the ground. Blood flowed everywhere, and in the end, his entire body was still trembling as if he had seen the most terrifying thing.

This was an even more devastating blow to him.

"What's wrong!"

Seeing that Long Chen was about to suffer, yet such a thing happened, everyone became noisy and the people of Chaos royal clan became even more nervous. It was clear that the Primal Chaos Quin had already failed, and even the Primal Chaos Bone Spikes seemed to have been broken by Long Chen!

"How is this possible!"

"Primal Chaos Kunlun, hurry up and admit defeat!"

"Admit defeat, admit defeat!" Otherwise, you will die! "

The people of Chaos royal clan did not hold any hope anymore. They had originally been hoping that the Chaotic Bone Thorn would kill them, but as the Chaotic Bone Thorn was thrown into the air, Chaotic Kun Wu himself was unconscious. He could get killed by Long Chen at any moment!

The people of Chaos royal clan were getting anxious, they surrounded him, and when Primal Chaos Kuang admitted defeat, they would rescue him. Seeing that the Chaos royal clan's people were ready to make a move, the Golden War God Clan and the Illusory Immortal Clan, as well as some of the Alliance Masters of the Nine Star Alliance, kept them in check. This battle was not yet over, and according to the rules, no one was allowed to interfere, everyone was also waiting to see the final changes, and the only thing the Chaos royal clan could do was to make Primal Chaos admit defeat.

Long Chen did not dare to lightly touch it. A small killing dragon had appeared on his body, and actually rushed up to the clouds, hugging the Chaotic Bone Thorns tightly in his arms, its sharp spike was facing the Primal Chaos Qun!

At this time, it was as if everyone knew what Long Chen was about to do!

He had endured for so long just to wait for this moment!

He wanted to use the Chaotic Bone Thorn to deal with the Primal Chaos Kun Wu, let him taste the same pain as Mo Xiaolang, make this number one genius of the chaotic star field become trash, and let him live in pain for eternity. Mo Xiaolang was a devil, he might be able to recover his strength, but Long Chen wanted the Primal Chaos Kun Wu to never recover!

He had already realized that he had lost completely, hence he roared in fear, "Long Chen, you can't use the Chaotic Bone Thorn against me! "You will let my father kill you. My father has finally nurtured me to this point with great difficulty. You cannot touch me, otherwise, you will die!"

"Primal Chaos Kunlun, admit defeat!"

his elders shouted.

Up till now, he had suffered a crushing defeat, and even the Chaotic Bone Thorn was taken away by Long Chen. This was already an unchangeable fact, so the Primal Chaos Qun's heart had completely collapsed.

Not only him, even the others were advising Long Chen not to be impulsive. If he were to use the Chaotic Bone Thorn against him, the consequences would be worse than killing him directly.

"Long Chen, forget it. Victory is the most important thing! " He had already gotten two points, and was very satisfied.

Amidst the clamor, Chaotic Kunlun understood the principle of not worrying about nothing at all. He laughed and said, "Brat, you have only defeated me and you can't do anything to me. I will definitely make a comeback and defeat you in the future! Who told you not to touch me? "

He opened his mouth and was about to say the words 'I concede '.

Just at this moment, Long Chen's God Slaying Sword moved in an instant and pierced into his mouth, preventing him from making any sound, let alone admitting defeat. He couldn't admit defeat.

"Who said I don't dare to touch you?"

Long Chen revealed a creepy smile, he lightly took out the Chaotic Bone Thorn from the dragon claw and gently lifted the Primal Chaos Spike into his hands. As he looked at the Chaotic Bone Thorn, he looked at the Primal Chaos Kunlun, and this kind of scene, first caused everyone to be stunned, and soon after, a huge commotion broke out in the surrounding, causing the Chaos royal clan to be unable to hold back any longer, and the Dream King could only grit her teeth and block them.

"Wuwuwu ..."

Chaotic Kun Wu shed tears, and begged Long Chen in pain. His entire body trembled, and was about to collapse, his face was filled with endless pain, regret, and fear. His face was deathly pale, and he no longer had his arrogance from before.

Long Chen remained calm and unchanging. Even though his surroundings were already shocking and a great battle had erupted, he still remained indifferent. He placed the Chaotic Bone Thrust above Primal Chaos Qun's head and with an extremely slow speed, he gently pierced through.

At that moment, his tongue had been cut off and he let out an absolutely miserable howl.

This scream shocked the world.

Chapter 2044 - The Power of the Dragon City

At this moment, it was as if time had stopped.

That miserable scream was unmatched. In everyone's eyes, it had become an eternal and everlasting thing that they would be able to remember for the rest of their lives.

At this moment, everyone stopped what they were doing and the Chaos royal clan also stopped his attack. They looked in Long Chen's direction in shock, only to see Long Chen pressing down on the Primal Chaos Quince, and slowly thrusting the Chaotic Bone Spike into his head. The Chaotic Bone Spike was an ancient monster, and it was in such pain, and it was incomparable.

"Heavens!"

The onlookers dispersed one by one. The final battle once again erupted, and they were all worried that they would be affected.

They would forever remember this scene in their hearts, as well as Long Chen's terror. Even though he brought unprecedented pain to Primal Chaos Qun, his expression was still cold, as if he was doing something insignificant!

No one knew just how angry he must have vented his anger!

All along, if he could give the other party a quick death, he would never torture them. But this time was different, the Chaotic Bone Thrust could not kill, but it could make people remember their entire lives, make them miserable, and make them waste their lives.

This was the effect that Long Chen wanted.

Otherwise, how would he let everyone remember that he was Long Chen's little brother and sister? As long as he was alive, no one would be able to move them. Ever since Mo Xiaolang had followed him without any complaints to the Immortal God Realm, and while he rarely took care of him, had even infected him with martial magic seed, which was Long Chen's eternal guilt. He simply did not know how to repay this brother of his.

He wanted to push Long Chen away, but it was just a dream and he could only suffer. Long Chen did not know how much pain he was in, but at least he was not willing to bear such pain.

This was also the most terrifying torture he had ever witnessed.

"Wuwuwu ..."

As his power dissipated, he became weaker and weaker, his painful cries also became weaker and weaker, and all of this did not last very long under everyone's gaze. At the same time, Su Yun's eyes lit up.

Finally, a Chaotic Bone Thorn entered his body. The primal chaos kungwu was already covered by the rising gray fog, but even so, he was still unable to feel it. He was still collapsing, trembling and even continuing for a long time.

Looking at Primal Chaos Kun Wu's miserable state, everyone stared at Long Chen in a daze, they all felt their scalps going numb and their hairs standing on end. Some people were like this, he was not considered strong, he was just a genius, but his style of killing made even the strong feel terrified, Long Chen was that kind of person.

As a result, even the experts of Chaos royal clan were stunned.

From the very beginning, Primal Chaos Qun had been adamant that Long Chen was unable to do anything to him, but in the end, he was completely miserable.

He was still very weak, but he was much better than the Primal Chaos Quintus. It was only at this moment that Long Chen finally revealed a gentle smile, and he could be considered relieved. He finally gave the little wolf an explanation, an explanation for his younger brother and sister.

No matter what he did today, the human Dragon God Domain would clearly recognize the terrifying value that he was hiding, and his value would definitely surpass Di Yu's! The higher ups of the human race would definitely be extremely shaken, and the Five Dragon Cities would also definitely be shocked by Long Chen. In the end, the human race was still the most elite race. The Five Dragon Cities's might shook the four seas.

Long Chen threw the curling and trembling Primal Chaos Kunlun in his hand to Chaos royal clan.

Not only did the primal chaos kungwu suffer a terrifying torture, his entire life was already ruined. Who knew how many primal chaos deity bone marrow had entered his body, making him an eternal cripple.

Never turn over.

Mo Xiaolang had only suffered a drop of the Primal Chaos Divine Bone Marrow. He was still a devil, and might not necessarily be unable to recover.

The people of Chaos royal clan immediately caught the Primal Chaos Qun and pulled out the Chaotic Bone Thorn. However, this was in time, the situation of Primal Chaos Qun did not change, he was still in terrible pain and could not extricate himself, he was still suffering from the greatest fear in his life.

Carrying the God Slaying Sword, Long Chen looked at the many strong warriors of the Seven Stars Reincarnation, saying neither humble nor arrogant, "Seniors, isn't this the right time to announce that I, Long Chen, have become the champion of the Genius Elite Tournament? Didn't I defeat the Primal Chaos Kun? "

On the side of the Illusory Immortal Clan, even Gong Qing, Xing Yue and the others looked at each other in dismay. Bing Xinyue and the others even patted their chests, their hearts were filled with lingering fear.

The people of Chaos royal clan were all silent, their faces ashen. Even if something like this happened, they would not be able to control it.

The Illusory King laughed out loud, "Of course I'm the champion. My friends, I won't courteously accept you all as the champion of the second round of the Hegemony. In the previous two battles, we finally got two points. "

He had mixed emotions in his heart, he never thought that Long Chen joining the Star Lord Battle would cause such an explosive change, even exceeding his control. But no matter what, getting two points was something he didn't dare to think about before.

There was dead silence in the surroundings, this was the symbol of the impending storm. Although it was considered safe for the Illusory Immortal Clan to get the second point, but the Primal Chaos Kun Wu turned into a cripple, and the result was as tragic as it could get, the people from Chaos royal clan would definitely not let it go.

There was only one reason why they did not act immediately, and that was because the person in charge of the matter had not arrived yet.

"Long Chen!"

From the events that had happened today, they could be considered to have completely understood what kind of person Long Chen was. Although Long Chen had stirred up such a huge trouble for them,

they were helpless towards it, and they had a faint admiration for the son of the Eternal Dragon Emperor. A person with such a genuine personality like him would not have a bad heart.

Mo Xiaolang and Su Yan were still standing far away, and the surrounding atmosphere became even more subtle. Without saying a word, Long Chen walked to Mo Xiaolang's front. He nodded towards Mo Xiaolang, then calmly stood there, blocking in front of them. Gong Qing, Xing Yue, and the others were also standing beside him.

Seeing that, the Illusory King said, "Everyone, the second battle of the Star Lord Conquest has ended. Our Illusory Immortal Clan has obtained a second point, and today's battle is already over. The Illusory Immortal Clan and Life Dragon City will take their leave first, and prepare for the next battle in half a month. "I'm leaving!"

Of course, the earlier he left, the better.

"Wait."

Among the Chaos royal clan, one of the elders said: "According to the rules of the Nine Star Alliance, you have indeed won. But our Chaos royal clan has some private matters to settle with this son of the Eternal Dragon Emperor. In the war for the Star Lord, the geniuses of your Illusory Immortal Clan can only fight in the second battle of the first round, so there's no need for them to fight in the third round. Therefore, the Illusory King can bring your Illusory Immortal Clan away first, and the elders of the Life Dragon City can also leave first. However, Long Chen and this wolf clan member must stay. This is the personal matter of my Chaos royal clan, I hope everyone will not meddle in this matter. "

He meant that everything that happened now had nothing to do with the war for the Star Lord.

Hearing that, the Illusory King coldly said, "Does Chaos royal clan want to avenge a personal grudge? Your men were defeated in the war against the Star Lord, but now you want to seek revenge on our men. This was obviously the matter of the Star Lord Battle! "Everyone, do you agree?"

It was a pity that the reputation of the Chaos royal clan was too big in the Nine Star Alliance. Although the others knew that the Chaos royal clan was breaking the rules, they didn't want to get into any trouble, so no one responded to the Illusory King.

"Humph!"

Chaos royal clan and the rest snorted, they approached Long Chen, ignoring the rest of the Illusory Immortal Clan members, as they surrounded him.

In terms of fighting strength, the two representatives of Life Dragon City might not even be equal to the alliance masters of the Nine Star Alliance's Seven Star tribulation of reincarnation, but their might was not the least bit inferior. From start to finish, Xing Yue and the others were never afraid of them.

"Third Uncle, contact the First Dragon Emperor. Our people crippled the son of the Chaotic Star Lord in the war for hegemony. He wants to surround us and not let us leave." This is them breaking the rules first. "

Xing Yue's voice was so clear that it instantly scared the people from Chaos royal clan away.

He was actually contacting the number one Dragon Emperor of the Life Dragon City, who was a peak existence in the entire world, the Starlord of Primal Chaos is nothing in his eyes!

From the beginning till the end, the human race was the strongest race, if the Chaos royal clan wanted to bully them, then it would depend on whether they had the power to resist the Five Dragon Cities!

Gong Qing smiled, "Everyone, don't forget that we are from the Five Dragon Cities. The strength of your entire chaotic star field is inferior to a dragon city like ours. You dare to provoke our people!? You all are used to being the bosses in the chaotic star field, do you really think you are so amazing, a bunch of frogs at the bottom of a well! "

The Dragon Fighter's fighting strength was monstrous, the Five Dragon Cities's might shook the world. Gong Qing had the qualifications to say such words.

#### Chapter 2045 - Starlord's Descent

Even in the chaotic star field, the fame of the Dragon Fighter would still shake the world.

Just like today, when Long Chen fought the Primal Chaos Qun, he did not use the power of the Dragon Fighter at all. Defeating the Primal Chaos Qun in his human form alone was the strength of the Dragon Fighter. And amongst the people of the chaotic star field, they were actually quite fearful of the Dragon Fighter. This was also the reason why the Primal Chaos Qun desired to challenge the Dragon Fighter.

To a large extent, the group of Dragon Fighters on Sky Dragon Star who were exiled, had brought a huge deterrence to all the chaotic star fields!

The scene in front of his eyes was not out of Long Chen's expectations, he still had some confidence in Five Dragon Cities. If he truly displayed power that shocked them, Five Dragon Cities would definitely not let him be killed in vain. After all, not all of them held a deep grudge against Long Qinglan.

The two sides confronted each other

Right at this moment, something that stunned everyone took place. A violent upheaval came from the sky, and all the people floating in the air were knocked down to the ground by the upheaval, making them feel as though it was raining. This upheaval was much more than the upheaval caused by Long Chen's previous battle, to the point that more than half of the bright stars could see it.

What they saw was a huge crack in the sky, and inside, it was pitch black. While everyone was still in shock, a pair of huge silver-gray eyes suddenly appeared within the crack.

For a moment, even the leaders of the Nine Star Alliance felt a chill run down their spines.

The people from Chaos royal clan immediately knelt to the ground, their faces were filled with ecstasy as they shouted loudly: "We pay our respects to the Star Lord!"

In the Nine Star Alliance, most of them were terrified as well. They knelt on the ground and shouted, "We pay our respects to the Primal Chaos Star Lord!"

That's right. The eye which tore through the skies belonged to the Starlord of Primordial Chaos.

These silver gray eyes were currently staring at Long Chen. Right at this moment, a pair of large, empty silver hands reached out from the crack in the sky, and one of their arms was as thick as Moyun Peak, and they were sinister and scary. The hand opened, grabbing towards Long Chen!

The lower class, upon hearing the name of the Chaotic Star Lord, all knelt on the ground. They were all terrified, even the Dream King had to bow, after all the Star Lord was the ruler of the chaotic star field.

He thought that Long Chen had escaped danger, but he didn't expect that the Starlord of Primal Chaos would actually come. The rest of the Chaos royal clans would also be scared by the Five Dragon Cities, but the Starlord of Primal Chaos wouldn't.

His death palm instantly brought a huge pressure to everyone!

Long Chen was the first to bear the brunt of the attack!

Originally, they thought that Chaos royal clan wouldn't be able to do anything to Long Chen, but now that the Starlord of Primal Chaos had appeared, with his position and strength, it would be easy for him to kill Long Chen. Although this shouldn't be the Starlord's true body, it should be enough.

Gong Qing and Xing Yue were even more shocked. Xing Yue told the Chaotic Star Lord everything that happened here, and Gong Qing took a step forward, charging into the clouds, transforming into a super dragon covered in white thunder, coiling together, forming a sturdy divine palace. He roared like thunder, "Star Lord Primal Chaos! This is the son of the Eternal Dragon Emperor, the most precious Unparalleled Dragon of our human race. Today's battle will be fair and public. Even though Primal Chaos Qun is your son, his defeat cannot be blamed on anyone else. Please give it some thought, Starlord.

When Di Yu was killed, the Dragon God Domain actually did not make a move. On one hand, Di Yu was not from Dragon Fighter, and on the other hand, the Spirit Race demon clan had allied themselves and restricted the Dragon God Domain.

It really is a Unparalleled Dragon!

Everyone was horrified. It seemed like something big was going to happen.

Even though the divine palace's Thunder Dragon's voice stopped the Primal Chaos Star Lord, he remained unmoved. His silver-gray palm that was filled with death energy still reached over, and instantly approached the divine palace's Thunder Dragon. The divine palace's Thunder Dragon was greatly shocked, but was directly struck away by the silver-grey palm.

The crowd was stunned. As expected of the Primal Chaos Star Lord, he was actually so strong.

The thunder dragon of the divine palace couldn't withstand a single blow from him.

In the blink of an eye, that silver grey palm had already arrived in front of Long Chen. The Starlord didn't listen to their threats at all.

From the very beginning, Long Chen stood in front of Mo Xiaolang and the others. When he faced the silver-gray colored palm and those pair of eyes by himself, his expression had never changed.

The silver-gray palm stopped right in front of his eyes.

Sure enough, he did not attack Long Chen immediately.

Long Chen was confident that he knew the Starlord of Primal Chaos wasn't stupid.

At this time, a series of distant voices came from the sky. The Primal Chaos Star Lord said, "Your father is the Eternal Dragon Emperor, Long Qinglan?"

Long Chen nodded, without the slightest hesitation, he solemnly declared: "Yes!"

The Starlord said, "I lost to him in the past, and the son I nurtured with all my power lost to you. God's will. "But this is only the beginning."

He did not make a move. Instead, he extended his hand and waved it towards the rift in the sky.

Just at this time, the star talisman in Xing Yue's hand floated up, and a terrifying yet vague shadow appeared. In the distant Dragon God Domain, the voice of an old man sounded from the star talisman.

"Chaos."

Although the voice was soft, it gave everyone a deafening feeling.

Hearing this voice, the Starlord of Primal Chaos laughed coldly and said, "So he's the number one Dragon Emperor of the Life Dragon City. Don't say too much, my son's defeat is only because of his insufficient cultivation, there's no other reason. "

The First Dragon Emperor said: "It is good that you understand."

It was a very simple exchange, and it ended very quickly. The Chaotic Star Lord left with the primal chaos kungwu, and although it was said that the primal chaos kungfu was defeated miserably, to a mysterious figure like the Primal Chaos Star Lord, it was hard to tell whether he was angry or not. Or, to him, a son's defeat or death was nothing at all.

The cracks in the sky were quickly restored.

The first Dragon Emperor, who was countless meters away, looked at Long Chen, but did not say a word. Even though they were separated by countless of distances, the pressure Long Chen felt from this guy was almost the same as the Primal Chaos Star Lord.

"You are always welcome to return to the Dragon God Domain, if you have the guts."

After saying this, the radiance on the Star Talisman dissipated and was caught by Xing Yue.

At this time, Gong Qing had also returned from afar. His face was slightly pale and he was slightly injured, but he should be fine.

It seemed like it had ended.

The Starlord of Primal Chaos was actually still unable to do anything to Long Chen!

This result made the people of the Chaos royal clan extremely unwilling, but it also made them realize the power of Long Chen, the star lord of Primal Chaos, was not even able to kill him. From this, it could be seen how strong his backing was.

From today onwards, his name of the Unparalleled Dragon will surely shake the chaotic star field, and spread back to the Dragon God Domain. The people there will know what kind of transformation he underwent after he left the battlefield of the gods, and he will contribute the most to the expansion of the power of the human race in the chaotic star field. His own talent can also cancel the fault of him killing Di Yu previously, so his name will definitely be mentioned once again by a large portion of the population!

And when these people talked about it, they would definitely speak of it before his name, in the name of the eternal Dragon Emperor's son!

This was Long Chen's greatest gain!

Countless pairs of eyes landed on this young man. He was destined to rise up, destined to shine!

Long Chen turned his head to look at Mo Xiaolang, then looked at his brother. He stretched out a hand, ignoring everyone around him, and placed Mo Xiaolang's palm on his own.'s palm was completely devoid of blood.

"How do you feel?"

Long Chen asked.

"Fortunately, I won't die. I have a chance to make a comeback."

Mo Xiaolang clenched his teeth and said.

Pausing for a moment, he continued, "Thank you for today, Big Brother. You have avenged the hatred in my heart."

Long Chen shook his head and laughed, "I am also trying to resolve the hatred in my heart. Our war for the Star Lord is over, but your injuries are especially dangerous right now.

The two battles they were about to fight had been completed, and what followed was the matter of the Illusory King and the others. Whether or not they could get the next point and make the Dream King the Star Lord was none of Long Chen's business.

Chaos royal clan was the first to leave in anger.

The people from the Nine Star Alliance were also preparing to leave. As for the Nightmare Race and the Golden War God Clan, they were both defeated and under a lot of pressure.

Just when Long Chen was about to bring Mo Xiaolang and the others back to the small dragon region, he suddenly felt a familiar gaze looking at him. This made him feel especially uncomfortable, even more so than when he was being stared at by the Primal Chaos Star Lord.

"Big brother, what's wrong?"

Mo Xiaolang asked.

Long Chen immediately turned around and searched through the crowd of tens of thousands of people. Several members of the Life Dragon City felt his abnormality and went over to look with him.

Right at this moment, a hint of blue appeared in Long Chen's field of vision.

She floated in the air, her long blue skirt and long blue hair fluttering in the wind. A pair of enchanting blue eyes looked at Long Chen flirtatiously, filled with endless emotions that made one's mouth go dry.

This woman had already disappeared in front of Long Chen's eyes for a very long time.

Mo Xiaolang definitely knew her.

"She ..."

He seemed to see it too, but he did not remember and frowned.

"You have wasted the heart of the City Lord. "A woman of the spirit of life." Long Chen sweated profusely as he whispered into Mo Xiaolang's ear.

"Do you still remember me? I'm so happy!"

What Long Chen found terrifying was that in an instant, this woman was standing a meter away from him. The fragrant wind assaulted him, intoxicating him.

The question was, when did she become so strong?

Chapter 2046 - The Man from the Demon Star

The appearance of this blue-haired woman attracted the attention of many people. At the beginning, no one paid much attention to her, but when she easily stood in front of Long Chen, the Dream King, and Xing Yue gradually surrounded them.

Long Chen quietly looked at the Blue-haired woman that was coincidentally smiling sweetly at the two brothers of his. Right now, she made Long Chen feel that she was a stranger to her, so he couldn't help but be on guard.

The blue-haired woman smiled sweetly. "What, you've not seen each other for such a long time, are you afraid of me?"

If she was only a woman of the Spirit of Life race, she wouldn't have such power, so she must be related to the City Lord who died in vain!

Long Chen took Mo Xiaolang a few steps back, and asked coldly: "At that time, was there anything you lied to me about? Who exactly are you? "

The blue-haired woman smiled and said, "What about me? You can understand me as another city lord who has died in vain. "

Sure enough, it was within Long Chen's expectations.

Back then, when he heard her words, he thought that she was the spirit of life that had been persecuted by the City Lord. He had never thought that this person was the real City Lord.

Long Chen deeply furrowed his brows. Even the Star Lord of Primal Chaos couldn't do anything to him, but this Conferred City Lord was different!

Seeing that Long Chen was so alert, the woman giggled and said: "Don't worry, I'm not the murderous me from back then. He's only half of my evil and sinister character, and I am the purest devil in his heart. He and I are two different people. He's dead and it has nothing to do with me. So I won't bother you either. If it wasn't for you, I still wouldn't be able to escape his control. "

Long Chen was unable to determine whether those words were real or fake, but if the other party was the previous City Master who was dead, if he had met Long Chen, he should have tried his best to think

of ways to kill Long Chen. Now, it seemed like there was no malice in his words, causing him to heave a sigh of relief, and because there were also Xing Yue and the others protecting him, he was not too worried.

He asked seriously, "Why have you come to find us?"

Blue-haired woman was enchanting: "I've missed you, could it be that I've come to see you? Back then you hid him in your Divine Kingdom for a long time. "

Inside the crystal ice coffin, she was indeed naked and extremely enchanting. Long Chen was very familiar with her body, but when he thought about the other party and a part of the City Lord's body that had died, he couldn't help but shiver.

"Speak your mind."

Long Chen said.

Blue-haired woman said, "You misunderstood the devil. Maybe it's a waste of the city lord that gave you a bad impression, but has your brother Wolf proved to you that the devil is just a bunch of free people who have transcended the law of nature? Me too. I came this time because I received an order to take him back to our great home. Return to a place where no one discriminates against him, where he can even recover and become a top-level demon. "

This was not out of Long Chen's expectations.

He coldly asked, "The place you're talking about, it should be the Dark Star, right?"

Blue-haired woman laughed: "You are really smart. That's right, you are the Demon Star. That was our home. "To us, this is the most wonderful place in the world. Wherever we go, he will enjoy the greatest of preferential treatment. Even after countless years, he will become the leader of the devils, because he is a little different from us."

Regarding the leader, she only told Long Chen and Yue Yang softly.

However, Long Chen was more concerned about something else. The current Mo Xiaolang was still in his weakest state, and there was simply no way for him to recover from it, nor did he know how to recover from it.

He asked seriously, "You say, you can make him recover?"

The blue-haired woman said, "Don't underestimate us. If it wasn't for the Eternal Dragon Emperor, the Immortal God Realm would have long been our territory."

Long Chen was shocked, didn't this mean that the devil planet was hiding powers that were comparable to all the living beings in the world, including the Five Dragon Cities, the Four Great Goblin Ancestor City, the Spirit King and the other powerful beings?

He could not believe that this Blue-haired woman, would let him down even more if something went wrong. So he placed himself in front of Mo Xiaolang, and said coldly: "You've lied to me before, I can't believe what you're saying. "Even more so, I can't give him to you. Leave."

However, Blue-haired woman was not worried at all. She chuckled and said, "But, did you ask him for his opinion? The one who really makes the decision is him."

Long Chen was startled. He turned around and looked straight into Mo Xiaolang's eyes, only to see that Mo Xiaolang's expression had suddenly become firm. He said: "Big Brother, she's speaking the truth, the devil star has been summoning me for a long time already. They need me, and they have long promised to make me the strongest existence on this planet.

This was one of the reasons why Mo Xiaolang came to the chaotic star field. If not for what happened today, he would not have thought of going to the devil star. He realized that he was still too weak, especially now, when he was simply a burden for Long Chen.

"I am responsible for my life and my choices, brother. Please trust me. The moment I appear before your eyes, I guarantee that I will remain my original self, our brotherly relationship, and my gratitude and respect for you will not change in the slightest. " Mo Xiaolang said weakly.

Blue-haired woman chuckled, and said: "Am I right? He and I are the same kind of person, so he knows what I think and you don't. Those who didn't understand could not control his life in the name of being good to him. The devil is not what you think. "

Long Chen was conflicted in his heart. It seemed that he had to leave today.

He gritted his teeth, not knowing what the outcome of this decision would be in the future. There was only one thing he had to admit, and that was that in his current state, he still did not have any clues that could help Mo Xiaolang recover. If he let follow him, then he might not have any means to become a cripple his entire life.

"Big Brother Long Chen, wolf cub will do very well." Su Yan said softly.

Mo Xiaolang also looked at him with expectation. He said, "Demon Star, it should be the best place for me to belong. At least there, you can give me freedom."

At the Devil Star's side, there would be a day when he would become a peerless powerhouse. Then, in the Immortal God Realm, there would no longer be anyone capable of controlling his life.

He was his greatest desire.

Long Chen would of course believe him. Now, Mo Xiaolang could completely control his own strength and he would not let it slip out of his control. If you had to blame someone, you could only blame yourself for making the city lord feel fear.

The azure haired woman teased softly, "Long Chen, to be honest, I didn't give you the authority to make decisions here today. Whether you agree or not, I will bring him away with me.

As she spoke till here, she stretched out her hand towards Mo Xiaolang and said, "Little Wolf, come, let's go back to your house. There are many companions and elders waiting for you."

Mo Xiaolang clenched his teeth, barely managing to stand steadily. He pulled Su Yan, and stared at him with both of her eyes, unable to let him go, but in the end, he still said: "Big Brother, take care. No matter what happens in the future, I will always stand by your side. My life will only die in battle for you!"

"Let's not talk about this and stay true to our hearts. Don't let me regret today's decision one day."

Long Chen still gave in. This was Mo Xiaolang's own decision, although he was the big brother, he did not restrict him in terms of power. Furthermore, he did not know whether this restriction was a good thing.

"Take care!"

Mo Xiaolang could not help but tear up.

How many times had they been separated and fighting with their lives on the line? But at least for now, their brotherly relationship had not changed. Instead, it had become even stronger.

Su Yan would definitely follow him. Although she was not a demon, it didn't matter.

Not only was it mysterious and terrifying, but it was also the first time that everyone present had seen a devil star. The ten super planets in the chaotic star field were the closest to the devil star, and the devil star was even scarier than the Star of Destiny or the Heavenly Dragon Star. Therefore, no one tried to stop it.

Moreover, this matter originally had nothing to do with them.

Long Chen was choked with sobs. No matter how many hardships there were in the world, to have one or two people fight side by side with each other and face to the end was probably a blessing.

As his big brother, he had followed him silently, afraid that something might happen to him. However, in the end, he still had to let go today, allowing him to roam the world. Let him have his own life.

All this is good.

Long Chen laughed, he patted his opponent's shoulders and said: "Work hard, I believe in you. When we meet again in the future, we must spar, you cannot be abandoned, let me throw you off too far."

"I won't."

The change in Long Chen's expression meant that he had truly let go. This made Mo Xiaolang feel as if he had met a sweet rain;

The injuries on his body seemed to have vanished as well.

"Brother, take care."

Long Chen muttered to himself as he watched the Blue-haired woman bring them and gradually disappear into the starry sky.

"That's right, thank you for feeding me the God Slaying Sword. Although you are the brother of the Devouring Demon, I will definitely take away what belongs to me."

The Blue-haired woman was high up in the sky, speaking softly. Only Long Chen could hear her voice.

"In your dreams, it's no longer yours." Long Chen replied.

What answered him was Blue-haired woman's giggle. In a blink of an eye, she disappeared from the starry sky and Mo Xiaolang was getting further and further away from him.

Suddenly, a glimmer of light flashed in the sky as something flew towards Long Chen. Long Chen reached out to catch it, and saw that it was a star talisman, the one that Long Chen and Long Chen had contacted him with.

"Is he telling me not to worry about him anymore, and to concentrate on returning to the Dragon God Domain, continuing my own battle.

Since the talisman was back, there was no way to contact him anymore.

Long Chen took a deep breath, then he would have to fight!

Good man, let's slaughter everyone here!

Chapter 2047 - stellar nucleus Fragments

After the second battle of the Star Lord Battle, many teams returned to prepare for the next three battles. This time, the genius battles of the first two matches exceeded everyone's expectations. The

Illusory Immortal Clan gave out a Long Chen, who turned the tide, allowing the Illusory Immortal Clan to miraculously obtain two points.

These two points were very crucial. As long as the Illusory Immortal Clan obtained another point, the Illusory King would definitely be the Star Lord, and they would even be able to end the war in advance. Even if the Illusory Immortal Clan lost the next three battles, they would still have a certain chance of obtaining the Star Lord's position.

Although the probability of Fantasy King becoming the Star Lord was already rather high, Nightmare King and Great Emperor Qing Tian still had a chance to reverse the situation, but it was still relatively small. The following battle still attracted the interest of everyone in the Nine Star Alliance.

The bright stars were still in a rather fiery state.

Long Chen followed the large group from the Illusory Immortal Realm and first returned to the Dream Profound Realm. He had already completed what he had done, and the following Star Lord Battle was already no longer related to him, but he did not leave immediately. Instead, he returned to think about the road ahead.

Of course, the Illusory Immortal Clan celebrated without restraint for this battle. Long Chen became the object of almost everyone's gratitude, after all, he was just an ally, not a true member of the Illusory Immortal Clan.

The grand feast, the delicacies of mountains and seas, the precious treasures of heaven and earth, and so on.

After experiencing Mo Xiaolang's incident, Long Chen's heart was a little tired, so he found an excuse to return to his residence first. Mo Xiaolang had even returned his star talisman to him, so it would be difficult to meet him in the future.

After he left, Gong Qing followed him.

"Mr. Gong."

In a garden, Long Chen stopped in his tracks and turned around to look at Gong Qing.

Gong Qing's face was brimming with a smile, and he said: "You have already seen what happened today, the number one Dragon Emperor came out for you, and there are no problems for you to return to Dragon God Domain in the future. Right now, Five Dragon Cities is probably having a heated discussion about what happened with you, and after the Brilliant Star Lord's war ends, Xing Yue and I will return to Dragon God Domain once, and then we will bring you along.

One and a half months?

Long Chen nodded. "Thank you, Mr. Gong."

Long Chen couldn't help but become a little absent-minded. It seemed that it had only been a year or so and he had already rushed into the clouds, to the point where he could only look up to most of his peers in the Dragon God Domain s.

He thought back to when he had sworn on the battlefield of the gods that he would definitely return to Dragon God Domain in this life. Someone like Five Dragon Cities had to prove himself, prove his father's innocence, and that was Long Chen, but he never thought that it would be the time of his return so soon.

He knew that the Dragon God Domain was heavily obstructed, but after the Star Lord Battle, at least he wouldn't get killed the moment he returned. At least some people would want to protect him, or else they would think that he was a Unparalleled Dragon, so Long Chen wasn't afraid at all!

"Dragon God Domain!"

It was a place he dreamed of going back to, for himself and for his father.

Hadn't he come to the Immortal God Region just to fulfill his father's last wish? At this moment, it had finally come ...

A huge fire burned in Long Chen's heart. He found his own direction, and that was the Dragon God Domain!

After discussing the details with Long Chen, Gong Qing left first, while Long Chen returned to his residence.

In the palace of the Illusory Immortal Palace, the Illusory King sat on top of his Cloud Mist Beast, surrounded by a mysterious mist.

Next to him was his younger brother, Xiao Ding Yuan. He was tall and sturdy, standing up straight.

The Dream King stroked his long beard, looked into the distance, and said: "This time, it's all thanks to Long Chen, who gave us two points. Our Illusory Immortal Clan was already strong to begin with, so getting one point out of the next three should be easy, but we shouldn't let our guard down."

To them, the war for the Star Lord was too important.

The moment they found out that the stellar nucleus had been reborn from the Star Origin, they were ecstatic.

Xiao Ding Yuan said: "If you say it like that, you are afraid that their two tribes will not accept it and will not be able to do it in public, or even steal the stellar nucleus first. It can attract stellar nucleus, and find them, but it is also possible that they will be very lucky. The stellar nucleus will come out on its own, and now that the Nine Star Alliance has sealed off their star source, it doesn't mean that we can't enter it. It doesn't mean that the people within the Nine Star Alliance can't enter. If they want to break the rules, there's nothing we can do. After all, in the Nine Star Alliance, the power of the Chaos royal clan is too great. "

After listening to this, the Fantasy King seemed to ponder for a moment, before replying, "I just remembered something."

"Go ahead."

The Illusory King said, "Red Dust once said, Long Chen has a female companion that we are very familiar with. When Long Chen was in the Star Origin, he had met the stellar nucleus twice, and even hid us the second time. It was especially strange, so I guessed that his female companion was probably hiding in his Divine Kingdom using a mysterious method. We might as well make a bold guess. "

Xiao Ding Yuan's expression was shaken as he said in shock: "Big Brother, your consciousness is the lost stellar nucleus of the previous Star Lord?"

The Illusory King nodded his head, and said, "Our previous Star Lord had suffered a bizarre defeat, and her stellar nucleus was also destroyed, then disappeared. Our ancestors searched for a long time, but still could not find it, and gradually forgot about the broken stellar nucleus. But if it still exists, there must be someone who can have it, and Long Chen can have the intimacy of a stellar nucleus, do you think that the broken stellar nucleus is in his hands? "

As he spoke up to this point, Xiao Ding Yuan's gaze darkened as he said in a deep voice, "I think that it is very possible ..."

Fantasy King stood up, his eyes were filled with excitement, and he said, "If I really can obtain this stellar nucleus's fragment, even if an accident happens to us Illusory Immortal Tribe, I can still rely on this fragment to obtain a new stellar nucleus, and become the new Star Lord. When I control the resplendent stars, how many people will be able to fight me? "

After he finished speaking, he and Xiao Ding Yuan looked at each other and walked towards Long Chen.

Before long, they had already reached the door, while Long Chen was working hard for the final attack on the Primal Chaos God. god of tai-su was already so terrifying, Long Chen really did not know what would happen in the end, even if he had the Goddess Lucky Liquid, he would not be able to use it right now.

The Dream King had come to visit, so Long Chen hurriedly went out to welcome them. The three of them stood in the courtyard.

"Two seniors, do you have any instructions for us?" Long Chen was already thinking in his heart.

If it was just to thank him, there was no need to make these two big shots come out personally. Seeing their passionate expressions, Long Chen felt that something bad was going to happen.

Sure enough, the Illusory King said, "You have won two points for us Illusory Immortal Clan, and can be considered our benefactor. We are all very grateful to you, and since we have come here today, I will go straight to the point. May I ask little friend Long Chen, have you ever obtained anything in the shape of a sword, a broken Dao Artifact?"

Long Chen was shocked, sure enough, the other party came for the butterfly illusion sword.

However, the [Butterfly Illusory Sword] could become a Dao Artifact with 700 lines, Long Chen was not willing to give it to the two of them. That was something he had gifted Ling Xi.

He decisively shook his head and said, "Senior, I have never obtained such a thing."

His answer was within the expectations of the two Illusory Kings.

Xiao Dingyuan acted as if he did not hear his words, and continued to explain: "That thing is our previous Illusory Starlord's stellar nucleus, and because that stellar nucleus was destroyed, the Illusory Starlord was killed, so the position of Star Lord didn't go down, and the Illusory Star turned into a resplendent star. Our clan once searched the entire world for the Fragmented stellar nucleus, but we couldn't find it. The Star Lord Battle this time is too important. We were too worried that both sides would try something underhanded, so we came to find you. As long as we possess the stellar nucleus's fragment, we can attract stellar nucleus and fuse with it in advance to become the Star Lord. This is very important to us. "

Long Chen had indeed guessed it, the Butterfly Illusory Sword was indeed related to a stellar nucleus.

After he obtained the Butterfly Illusory Sword, Long Chen heard from them that this sword was the weapon of a former Star Lord.

But, now that the Nine Hell Illusory Butterfly had become the spirit of the Illusory Butterfly, how could he give it to anyone else? Therefore, he still shook his head and said, "I'm sorry, but I really don't have the thing you're talking about, so I'm unable to help."

Long Chen's decisive rejection made the two powerhouses not so happy. Xiao Ding Yuan said: "The two times you saw the stellar nucleus, you must have seen something related. Think about it, is there something special about it?"

This kind of thing requires one to bite the hand that breaks one's back, which is not good. Long Chen still shook his head and said: "The stellar nucleus I saw was entirely luck, I really don't know what it has to do with anything."

Xiao Dingyuan asked again, "Then, tell me, the first time you went to the Illusory City, why did you go to the Dreamscape to buy some materials?"

They could roughly guess that Long Chen wanted to recover that stellar nucleus.

This flaw had been caught by the opponent.

Long Chen took two steps back. After pondering for a moment, he realized that he still could not give the Butterfly Illusory Sword to them, so he said: "This is my personal matter.

After saying this, the smell of gunpowder clearly became much stronger.

The Dream King and Xiao Ding Yuan never thought that Long Chen would resist so stubbornly, they were anxious in their hearts, this was a huge opportunity, so they looked at each other, their hearts already filled with anger. Even if Long Chen had done a great service for the Illusory Immortal Clan, in front of the absolute temptation, they had difficulty controlling themselves.

At this moment, Xingyue came over.

Xing Yue was sure that it was Long Chen's side, so the Fantasy King and Luo Hua City Mistress wanted Xing Yue to persuade Long Chen. After all, Xing Yue was very clear, and knew that this matter was too important to the Illusory Immortal Clan.

Thus, they told everything related to this matter to Xing Yue.

Long Chen was also thinking, if the other party was so aggressive, would he be able to escape?

Chapter 2048 - Taiji Creature Dragon

He also remembered that there was a girl following beside Long Chen. Now that the girl had disappeared, was there some kind of secret?

If Long Chen really had that broken stellar nucleus, shouldn't he have let him take it out?

Seeing him hesitate, Long Chen insisted: "Senior Xing Yue, I really do not have the things they mentioned. Also, the matter regarding my wife is my secret, so it would be inconvenient for me to tell the three of you."

The Illusory King and Xiao Ding Yuan could not help but feel a little angry in their hearts. They were very sure that Long Chen would definitely have that thing. Originally, he gave some benefits. Long Chen was tactful and cooperative, so as to not make the two of them unhappy, but Long Chen did not give them any face at all.

Xing Yue said: "You two, there is no need for Long Chen to lie to you. Maybe he really doesn't have what you want. He has already earned two points for the two Star Lords, and the next battle seems to be very good for the Illusory Immortal Clan. The Illusory Immortal Clan can easily get three points in one go and win the Star Lord Battle in advance, the Nine Star Alliance won't destroy the entire Alliance because of greed, and the two of them can be prepared for battle in peace. "

Xing Yue was obviously standing on Long Chen's side.

In this way, there was no way to force him.

The Illusory King replied, "In that case, we will take our leave."

The Illusory Immortal Clan and Life Dragon City worked together, and when the Illusory King of the Illusory Immortal Clan becomes the Star Lord, the Life Dragon City would also benefit from it. It was just a cooperative relationship, so the Illusory King wouldn't be too polite just because Long Chen got two points from him.

After they had left, Xing Yue asked again, "You really don't have that thing?"

Long Chen shook his head.

Since this thing was so crucial, he didn't want to tell anyone.

Xing Yue said, "It's fine if they don't have it, but if they do, don't give it to them. If we give it to them, the old stellar nucleus will definitely be devoured, giving the newly born stellar nucleus even more terrifying power. The stronger the Illusory King is, the more we can't control him. Other than that, do you know the uses of stellar nucleus? "

Long Chen shook his head: "I'm not sure yet."

At the same time, he can call upon the power of the entire planet. This resplendent star will become his absolute ruler, and with this, when the Samsara Calamity descends, any Star Lord will be able to resist it, allowing him to use the power of the planet to resist it. The possibility of him surviving is greatly increased, and if the Dream King is able to become the Star Lord, she would probably be able to break through the Seven Stars tribulation of reincarnation after a period of time. That's the true power of the Star Lord! "

"So terrifying?"

No wonder when they competed for the star lord position, they acted like they were crazy. stellar nucleus s were too important, and the war for the star lord position was too important. If not for the rules set by the Nine Star Alliance, most of the people from the top ten planets would have come to fight in the Brilliant Star Wars, causing the world to become extinct.

Xing Yue replied: "Yes, so we can't give them the worn-out stellar nucleus. There's also another thing. Although I'm only guessing, if the Dream King becomes the Star Lord and obtains new stellar nucleus, but that worn-out stellar nucleus still exists, and if it recovers, then it's very likely that the old stellar nucleus can control the resplendent star. That is to say, two Star Lords will appear on the resplendent star. "

As he spoke till here, he looked at Long Chen with a faint smile, and said: "If only this shabby stellar nucleus was on our side. We could manage the dazzling stars together with the new Star Lord, and as our human base in the chaotic star field, it wouldn't take too much from the new Star Lord. Do you understand? "

With Xing Yue's intelligence, he should have guessed that Long Chen possessed the Butterfly Sword.

He knew that he didn't have to wear it.

Long Chen nodded.

Xing Yue said, "Then I'll be leaving first. If you have anything to say, contact me and Thunderclap."

With that, Xing Yue left.

Long Chen returned to his residence and started chatting with Ling Xi.

"I never thought that the Butterfly Illusory Sword was actually the stellar nucleus from the Starry Night's past."

Ling Xi had already made the Nine Hell Illusory Butterfly into the spirit of the Illusory Butterfly, making the artifact her own. Obviously, she couldn't give it to others, thus Ling Xi asked softly, "The Illusory Butterfly King and the others are sure that you possess the Illusory Butterfly Sword. What should I do? "

Long Chen laughed: "It's alright, we'll be leaving in a few days. Didn't they also have Xing Yue and the others? Even if they were to do it openly, they would have to consider their relationship with the Life Dragon City. "

"Say, if the Butterfly Illusory Sword truly recovers, will I be able to truly grasp this resplendent star? Become the Star Lord? "

Ling Xi asked curiously.

Long Chen gazed into the distance and said, "Since Xing Yue has said so, it might not be impossible. I am actually really looking forward to this day. If we return to the Dragon God Domain, we will be able to fulfill my father's last wish. In the future, we will be the overlords of this resplendent planet and let you become the Star Lord, haha! "

"I don't want it. I just want to follow you. Nothing else is important." In Long Chen's vast Divine Kingdom, Ling Xi was dancing in the air within the area that Long Chen controlled. The majority of the Divine Kingdom's space was still empty and it was impossible for him to exit, so he really didn't know what kind of world that part of it would be.

"This world seems to be a brand-new world, it's so wonderful. It's a pity that the place you can control is too small, I just feel like it's missing something."

Ling Xi's snow-white figure fluttered in the flowers. She was extremely beautiful as she plucked a flower and placed it in front of her nose.

Long Chen had not paid attention to his own Divine Kingdom for a long time.

Since its formation, this place had been incomparably mysterious. As the master, Long Chen actually didn't know a single thing about it. This showed that this Divine Kingdom had a secret that Long Chen couldn't figure out, and Long Chen didn't even know how vast this Divine Kingdom was.

Whether it was very small or not, it was just that Long Chen could not see the end of it, or rather, it was endless, as if it had become a new world.

Instantly, within the forest, countless green leaves were swept up into the sky, and danced in the sky. The leaves converged into a long green dragon, and charged into the region that Long Chen could control.

"What's going on?"

Ling Xi turned around. In her clear eyes, the long dragon made of green leaves scattered and turned into a large number of leaves once again. These leaves once again covered the ground beside Ling Xi.

The leaves fell gently, looking extremely beautiful.

However, Long Chen knew that there was an invisible force that was beyond his perception controlling the leaves. As expected, under the control of the force, the leaves eventually formed into more than twenty characters beneath Ling Xi's feet.

Ling Xi's face was filled with curiosity as her beautiful eyes flickered. She recited, "Half a month later, the day after the ten stars are connected, the ten stars are connected and the stars are bright."

As she read up to this point, her face was filled with shock.

The message was to inform Long Chen that half a month later, when the ten super planets were connected to a single line, on the ten planets, what would happen to the resplendent stars ...

Long Chen's face was also filled with shock, and it was even hard to believe, but the shock that was brought about by the following words was far greater than the shock that a butterfly Illusory Sword could bring him.

Finally, Ling Xi finished reading the last few words.

"The Dragon and Taiji Creature Dragon of Life and Creation has descended."

Taiji Creature Dragon!

The Ancestral Dragon that was worshipped by the Life Dragon City, was precisely the Taiji Creature Dragon!

Taiji Creature Dragon was the dragon of life and creation. Its power was limitless, it controlled the birth of life, and it ruled over the creation of all living things. According to legends, the birth of the entire Dragon Sacrifice Continent had a great relationship with this Ancestral Dragon. If the Primordial Blood Spirit Dragon was a dragon of death, a dragon that ruled over slaughter and death, then the Taiji Creature Dragon was the exact opposite. The Taiji Creature Dragon ruled over life, creating life!

Time, death, life!

Long Chen had already obtained the inherited blood essence of two great Ancestral Dragons, the Primordial Blood Spirit Dragon's inherited blood essence was based on the body, the Great Void Cosmic Dragon's Inherited Blood Essence used Long Chen's primordial spirit as the foundation, this was all personally designed by Long Qinglan. Other than him, no one in this world had obtained more than two types of inherited blood essences, and three types were even more impossible.

Long Chen tried hard to calm down, and said to Ling Xi: "These leaves are clearly reminding me, and just reminding me. It's possible that this was my father's trick. As for the descent of the Taiji Creature Dragon, it can't be the appearance of a living Taiji Creature Dragon, it's more likely the birth of his inherited blood essence.

Ling Xi also felt that it was unbelievable and said: "If you say it like that, you cannot inherit more ancestral dragon-inherited blood, then doesn't that mean that a new Ancestral Dragon Fighter will be born in this world? If everyone knew of this after half a month, the competition would definitely be quite intense!

Long Chen nodded his head, and said: "It is very possible that this is the case, if the Taiji Creature Dragon's inherited blood essence appears, and if too much commotion is caused, and everyone knows about it, then it will very likely cause a disturbance in the entire Immortal God Realm, and only humans can inherit the ancestral dragon-inherited blood. The other forces will definitely stop the birth of the Ancestral Dragon Fighter, so it will cause a great commotion and war to spread throughout the entire

world! The ancestral dragon-inherited blood s are unavoidable. There is nothing in this world that can compare to the value of this thing. "

It was precisely because of this inherited blood essence that Long Chen had been able to progress from such a small place.

"But I feel something is wrong. Who is reminding you? If I remind you, wouldn't I have to give you this thing? If it's something your father set up, he probably won't let anyone else have it. "

Ling Xi guessed.

Long Chen pondered in his heart and could not help but have a headache. He said: "If it really was my father who reminded me, he would definitely hope that I could obtain it half a month from now. Ten star's day in a row, outside of the resplendent stars, isn't that the place where their third battle for supremacy takes place? "In terms of time, it seems to be the same day ..."

#### Chapter 2049 - God Kingdom Creatures

The Taiji Creature Dragon's inherited blood essence was simply too important.

Of course, Long Chen didn't want another Ancestral Dragon Fighter to be born. ancestral dragon-inherited blood s were too heaven-defying, and if they fell into the hands of someone with malicious intents, that would definitely cause a calamity for the common people.

He didn't want to be the only one.

The appearance of this news had completely disrupted his tempo. He had originally planned to cultivate quietly for a while before returning to the Dragon God Domain, but now it seemed that there was something even more important to do on the side of the resplendent stars.

"At the moment, I still have an advantage. At the very least, other people don't know about the Taiji Creature Dragon, otherwise, there would have been chaos. "I could have secretly taken it away, but I hope no one else knows ..."

With his own strength, he was almost invincible in the world of geniuses, but there were far too many martial artists in the world who were stronger than he was.

That kind of thing, any ranker would go crazy, including Spirit King, Great Demon Lord, First Dragon Emperor, and so on.

Therefore, Long Chen was still in a state of shock.

At this time, Ling Xi said, "Brother Chen, look."

Following her instructions, Long Chen discovered that the leaves on the ground had changed again, forming a new writing. This time, the writing was: "Body Slaughter, Immortal Soul Great Void, life form of the God Kingdom!"

Long Chen's eyes were wide open.

"Physical slaughter refers to the inheritance of blood essence from the Archaic Blood Spirit Dragon and is inherited from the body!"

Ling Xi muttered to herself, and continued: "Primordial Spirit is too hollow, so naturally, it is using the primordial spirit to inherit the Great Void Cosmic Dragon's legacy. "Then, this last Divine Kingdom creature's intention is to use the Divine Kingdom to inherit the blood essence of the Taiji Creature Dragon."

Speaking till here, Ling Xi also understood.

Although he was not sure who the person who reminded him to do so was, he definitely wanted Long Chen to inherit the third type of Inherited Blood.

"Brother Chen, looks like your Divine Kingdom is so strange. It's not without reason, I think someone helped you design it. The Taiji Creature Dragon s control the creation of the world, create life, and the Divine Kingdom is a new small world that was born. If your Divine Kingdom were to inherit the blood essence of the Taiji Creature Dragon, what changes would happen?"

She was filled with anticipation!

Long Chen almost suffocated!

On one hand, it was shock!

On one hand, he was touched!

Long Chen felt that this was definitely related to Long Qinglan, and also to that Mysterious Dragon Jade. Only now did he finally understand that he had walked into a trap, from Long Qinglan's appearance to the things that happened afterwards, Mysterious Dragon Jade, Primordial Blood Spirit Dragon's Inherited Essence Blood, and Great Void Cosmic Dragon's Inherited Blood Essence walked into his life one after another. At the beginning, he thought that everything was Long Qinglan's doing, but now, it seemed that he was also related to that Mysterious Dragon Jade.

He was moved, of course it was everything he had obtained while he was in this trap. This might have been a kind of mission, but it had also changed Long Chen's life, allowing him to have a new life. So he was moved by these existences that had changed his fate, and in his heart, he vowed to complete the mission!

The slaughter of the body, the Great Void Primordial Spirit, the life of the Divine Kingdom!

The Ten Great Ancestor Dragon, slowly surfaced from the water surface, and gathered onto Long Chen's body.

Long Chen was not sure either, he only knew that such a huge thing would happen in half a month. He was determined to succeed in obtaining the Taiji Creature Dragon's inherited blood essence. He absolutely could not fail, or he would very likely leave this trap!

The Taiji Creature Dragon's inherited blood essence could only be his.

Half a month later, in the third battle of the Star Lord Battle, the day of the Ten Star Chain Pearl Battle ...

"Looks like I'll have to try again." Ling Xi laughed bitterly, she had thought that she would be able to safely return to the Dragon God Domain, and sure enough, Long Chen's body was like a curse, there must be a disturbance, and this time, it was especially serious.

Furthermore, the competition this time was not as intense as last time with the Great Void Cosmic Dragon. This time, would it alarm the entire chaotic star field?

Long Chen was not flustered. He calmly said: "Next, while I am meditating, I will also inquire about whether anyone else knows about the Ten Star Connecting Pearl day and the Taiji Creature Dragon's inherited blood essence."

It was as if everything was piled up together.

The Illusory Butterfly Sword, the God of Taishang, and the Taiji Creature Dragon.

What Long Chen wanted to know the most was, what kind of scene was this Divine Kingdom creature?

From then on, in the past few days, the Illusory Immortal Clan had been very quiet. After listening to Long Chen's numerous inquiries, it seemed that no one knew anything about the ten star day.

Long Chen heaved a sigh of relief, he felt that it was very possible that only he knew, and that it would be easy to do then, he had just taken the Taiji Creature Dragon's inherited blood essence and directly left.

But just as he let out a breath of relief, a piece of news passed from the Nine Star Alliance to the Illusory Immortal Tribe.

It was even the Life Dragon City's Xing Qing who told Long Chen.

She said, "I heard that the day of the third battle of the Star Lord Conquest coincided with the day when the ten stars of the chaotic star field were linked together. I heard that this kind of situation only occurs once every five million years, and it is quite rare, even the devil star is on the same line. In these past few days, there have been rumours about some days where ten stars were linked together."

Long Chen was extremely nervous, but seeing that Xing Qing's expression was still calm, he was not particularly worried.

"What is the story?" Long Chen pretended not to care at all and asked.

Xingqing pursed her lips and said, "Rumor has it that on the day the ten stars are linked, it can be anywhere, and a treasure will be born. I don't know what treasure it is, and it could be a rumor or it could be real, but I think there are a lot of people in the Nine Star Alliance who believe that on the connection between these ten super planets, anywhere, there are some people trying their luck."

Long Chen thought.

He said in his heart: "Firstly, no one knows that this rumor is actually the Taiji Creature Dragon's inherited blood essence. Secondly, most likely, no one knows that it is at the edge of the resplendent star. "When the time comes, the number of competitors will be fewer. Those who are truly capable will think that it is a rumor, so they did not take action."

Although the difficulty had increased, he could not be defeated.

He calmed down and asked, "Then do you know who spread this news?"

She shook her head and said, "I don't know. But if you appeared out of thin air, it should not have affected the war between the Star Lords, and it wouldn't have any effect on your return to the Dragon God Domain. Come to think of it, Long Chen, are you sure you want to go back? "

Amongst the young generation of Life Dragon City, Xing Qing had the best relationship with him.

Long Chen said: "I am definitely going back, is there a problem?"

After hesitating for a moment, Xing Qing said: "I think you should wait a few more years, after a few decades, after a hundred years, you should go back." It's impossible for them to understand you, and being prejudiced first will bring you endless trouble. If it's just the injuries from fighting, you might not care about it, but more often, your words will hurt others, and I'm afraid that you won't be able to endure it. If you go back at this time because you still don't have enough strength to fully control other people, the resistance you encounter will be unimaginable. "

She was from a very rational point of view, analyzing things for Long Chen.

For example, the number one Dragon Emperor of the Life Dragon City had also said to Long Chen that if he had the guts, he could have gone back. This was obviously telling Long Chen that when he returned to the Dragon God Domain, he would definitely encounter an enormous resistance. That kind of resistance was unprecedented, and it was more likely to be abusing, despising, and humiliating!

Long Chen had already thought of this question long ago.

He looked into the distance and laughed, "I'm used to this kind of life, don't underestimate me. They won't be able to kill me. As long as they can't kill me, I'll make them convinced, no matter who it is. "

"Is it like Xinyue and the others?" You really convinced her, and now she doesn't even dare to come close to you. "

Xing Qing smiled faintly.

She knew that she wouldn't be able to persuade Long Chen.

I hope you can go back and live in peace. I will also go back with you, if there's anything I need help with, don't be polite. After all, you are a Unparalleled Dragon, and our Dragon God Domain does not have a single one.

After saying that, Xing Qing left.

With regards to the Dragon God Domain, Long Chen had already made up his mind. Once the matter with the Taiji Creature Dragon was over, he would go back and kill all of them without leaving a single one behind.

As for now, he still had to work hard for the Taiji Creature Dragon.

"There's actually so many people who know that treasures will appear on the ten star connection!"

This made him deeply frown.

"Let's take a look at that place first."

After making his decision, he left the Dream Profound Realm, rushed out of the resplendent stars, and arrived in the endless starry sky. Sure enough, the ten super planets in front of him were all connected in a straight line.

Long Chen fought his way forward until he finally arrived at the Ten Star Line. He found a place near the resplendent star and the Ten Star Line. This place was a very ordinary place, but in about ten days, the Taiji Creature Dragon's inherited blood essences would appear here.

There were a lot of people around.

One of the men from a strange race walked in front of Long Chen and asked: "Are you a human? I'm from the Black Sky Tribe, and you've also heard the news that treasures will appear on the Day of the Ten Star Connecting Pearl.

Long Chen laughed: "Aren't you the same?"

The big fellow from the Black Sky Tribe said, "Haha, you haven't even reached the tribulation of reincarnation yet and you're also here to snatch. You really don't want to live anymore. As expected, people die for money, birds die for food."

Long Chen said: "I'm just here to watch a show. Oh right, you said that ten days later, a treasure will appear.

The big fellow from the Black Sky Tribe said, "How would I know? But I heard that it might be a Dao Artifact with 900 Dao patterns!" I think this is bullshit. Isn't that a Dao item used by the most powerful?  
"

Chapter 2050 - Myriad Dream Profound Realm

Just as Long Chen was getting familiar with the environment outside of the resplendent star, in the Dream Profound Realm, Xiao Ding Yuan and the Illusory King received the news that he had left the resplendent star. They had no choice but to consider it carefully.

The two of them stood on the sea of clouds and flew along with the clouds.

Xiao Ding Yuan said in a deep voice, "Big Brother, it seems that Long Chen had once restored that worn-out stellar nucleus. Clearly, he succeeded. The people from the Life Dragon City probably guessed that, which was why they are fighting us. "

Fantasy King said, "You are right, I know what Xing Yue and the others are thinking, they must want Long Chen to completely recover that stellar nucleus, and when that time comes, they will also have a Star Lord with them. If their Life Dragon City is here, they will definitely have the upper hand when they compete with us in this resplendent planet and even in the chaotic star field's resources, and won't be restricted by our Illusory Immortal Clan anymore. "Not being able to completely control the resplendent stars, it seems like even if I become the new Star Lord, the benefits won't be that great."

To them, humans were like wolves and tigers.

It would be fine if the Illusory King was the only Star Lord, but if the Life Dragon City herself had a Star Lord, then the Illusory King wouldn't be of much use to them.

Xiao Ding Yuan was slightly angry as he said: "These human fellows are truly insatiable."

The Illusory King said, "That's not the case. That is in itself something they obtained, and they have the right to handle it. Furthermore, they also know that if they were to give us that worn-out stellar nucleus and allow me to fuse with two of them, my combat power would probably rise to the level of Star Lord Luosha and Star Lord, nearing the Star Lord of Primal Chaos. If it was me, I wouldn't have given it away for nothing. "

The two of them shuttled through the clouds, looking down at the living beings below.

Xiao Dingyuan said: "No matter what, the Brilliant Star is our territory. It was, is and will be."

The Illusory King laughed, "That will depend on the third battle of the Hegemony between the Star Lords. In this third battle, we will choose five powerhouses other than me, Great Emperor Mighty

Heavenly Emperor, and Nightmare King from each clan and start a three-way revolving battle. There will be a total of 15 people, and in the end, the team that stands will belong to the team will be divided into another team. Other than the Great Emperor of Heaven and the Nightmare King, no one from the other two races can be your enemy. "If you want to win the battle, you have to end the war ahead of time."

Xiao Ding Yuan replied: "Don't worry, I can do it, but before that, I want to talk to Long Chen again. If it's still not possible, as long as we get his worn-out stellar nucleus, we can break all ties with the Life Dragon City. In any case, I won't kill him."

The Illusory King pondered for a while, before replying, "Go on, it seems he ran into the starry sky. This is a good opportunity."

Xiao Ding Yuan did not stay any longer. In order to prevent the Second Star Lord from appearing, he rushed towards the starry sky. With his abilities, finding Long Chen was an extremely easy task.

After confirming the general location of the Taiji Creature Dragon's inherited blood essence, Long Chen prepared to leave, and return to the Dream Profound Realm. After all, this place wasn't safe for him.

"They don't know what this so-called treasure is, they only know that it's a treasure. If it's like this, I hope that the real big shot doesn't appear here to fight with me."

This seemed to be his mission.

Long Chen knew that no matter what, he had to obtain that Taiji Creature Dragon's inherited blood essence. This matter concerned his entire life.

After arriving here, he always felt as if he was being watched, so he impatiently returned. It was as if countless eyes were staring at him from the starry sky, but he couldn't find anything.

After walking for a period of time in the starry sky, they were about to return to the bright stars. The feeling of being stared at had also disappeared, and at this moment, a white speck of light flashed below and charged over, arriving in front of Long Chen in a short span of time.

Xiao Ding Yuan!

He actually stopped her.

Before Long Chen could react, the other party waved his hand and waved it around. In an instant, the environment surrounding Long Chen changed from a starry sky to a sea of clouds, and an endless number of white clouds floated around him. The entire world was left with only smoke and clouds, and everything that happened before had disappeared.

Long Chen calmed himself down and asked: "Senior, why have you trapped me?"

At the same time, he was still communicating with Ling Xi, who told him that he was trapped by Xiao Ding Yuan's illusion and that to the people outside, he had already disappeared. With Xiao Ding Yuan being a strong warrior, the illusion that he had set up could be imagined.

Xiao Ding Yuan gave a fake smile and said: "Give me the worn-out stellar nucleus. This is something from our Illusory Immortal Clan. It's also useless for you to stay on top of us, but it's of great use to us. We can take out enough chips to trade with you, and you can raise it now. "

The reason why he had trapped Long Chen alone, was because he knew that the Life Dragon City would definitely not let Long Chen hand over the Butterfly Illusory Sword. However, facing Long Chen himself, perhaps he could use some treasures to deceive him a little.

But how could Long Chen not know?

He wasn't going to compromise that easily either.

Therefore, he said, "Senior, I have already said that I do not have that kind of thing. Please don't cause trouble, okay? "

Xiao Ding Yuan laughed: "What kind of nonsense am I trying to cause trouble for? By the way, let me tell you, don't even think of contacting Xing Yue and the others. In my 'Myriad Dream Profound Realm', forget about using Star Symbols, you can forget about leaving this place in your lifetime. "

Since the other party had already determined that he had the Butterfly Illusory Sword, Long Chen naturally knew that this would be difficult to handle.

"In that case, I can only open your Divine Kingdom. I checked it myself. "

Xiao Dingyuan walked in front of him. To be honest, he had the ability.

Long Chen's mind spun, for now, he could only rely on the special characteristics of the Divine Kingdom, and he instructed Ling Xi to stand at the border of his Divine Kingdom.

When he saw that vast and boundless world, he was immediately shocked. Only the Spirit race and humans possessed the Divine Kingdom, and Xiao Ding Yuan had only heard of the Divine Kingdom, but had never seen such a massive Divine Kingdom.

"Is the Unparalleled Dragon so big in all of the Divine Kingdoms?"

Xiao Ding Yuan muttered to himself as he rushed in, completely ignoring Long Chen's feelings.

Long Chen looked at him silently.

He quickly discovered Ling Xi at the border, and a smile suddenly appeared on his face as he said, "So you're actually here. No wonder we couldn't find him even after searching through the entire dazzling star realm."

Ling Xi's eyes were calm as she said, "You can't take away something that doesn't belong to you."

Xiao Ding Yuan laughed: "Stop joking. With your abilities, there really is nothing that I can't take away."

As he spoke, he drew closer and closer to Ling Xi, and at this time, Ling Xi had already neared the boundary of the area that Long Chen could control.

Xiao Ding Yuan suddenly made his move and charged forward.

"Revolving Star Passage Technique!"

Ling Xi had already made her preparations a long time ago, her Star Shift technique was only effective on the Five Elements tribulation of reincarnation warriors previously, but after a long period of practice, she had become much stronger. If she was outside, she wouldn't be able to deal with Xiao Ding Yuan, but now, all she needed to do was move Xiao Ding Yuan a little!

In the midst of the power of the Revolving Star Passage Technique, Xiao Ding Yuan felt as if his surroundings were in chaos, a power that twisted him, he used his tyrannical power of the gods to suppress this kind of mysterious power, the mystical Sector lord Divine Technique, but he was still able to shift this tiny bit of distance!

A little is enough.

Under Ling Xi's control, Xiao Ding Yuan struck the border of Long Chen's Divine Kingdom.

In an instant, even a warrior of his level cried out in pain, and was forced out of the Divine Kingdom, moreover his entire body was in a paralyzed state, compared to back then when Sheng Lun was there, the situation was only slightly better. His face twisted, and he looked at Long Chen with extreme shock, shouting angrily: "What exactly is happening inside your place!"

Long Chen fearlessly said in a disdainful voice, "Pretend you want something that wants your life. "I'll tell you, it's not yours. You can try again if you want to take it away, but I don't know if I'll take your life the next time."

Of course it was impossible to take his life, Long Chen only wanted to scare him a little.

He said, "Let me go, I can treat this as though nothing had happened and your Star Lord Battle is about to begin. The third battle seems like you are the main force, if you are injured now, I'm afraid it will affect your following battles greatly?"

This was what Xiao Ding Yuan feared the most.

Long Chen was mysterious and mysterious, there was actually power in the Divine Kingdom that rejected him. Thinking that he was the son of the Eternal Dragon Emperor, and that there must have been traces of that other person on his body, Xiao Ding Yuan recalled that touching him right now would very likely affect the critical battle concerning the Star Lord.

"Little guy, don't be happy. After I end the war between the Star Lords, when my brother becomes the Star Lord, we will come and take care of you. As for you, you just have to wait in this Ten Thousand

Dream Profound Realm, that's my ace in the hole, if I don't let you out, you won't be able to leave even after a thousand years. The people outside will naturally be unable to discover you. Stay here obediently and wait for me to come back and take away the old and worn out stellar nucleus! "

With that, Xiao Ding Yuan disappeared from the space.

He was surrounded by an endless sea of clouds. There was no end in sight.

How difficult it was to leave this place.

"Xiao Xi, what should we do? In a few days, the Taiji Creature Dragon's inherited blood will appear. If I am trapped here, no one can save me, how will I go and steal the blood? "

Long Chen was extremely anxious.

Ling Xi flew out of the Divine Kingdom, bringing Long Chen with her as she shuttled through the vast sea of clouds, and said, "This' Myriad Dream Profound Realm 'is a type of usage of illusions. Combining the illusion technique with the array, let me see if there is any way to break through the Sector lord Divine Arts. "
