

## War God 2051

Chapter 2051 - Primal Chaos Cangwu

In the Dream Profound Realm, Xiao Ding Yuan had just returned.

"How is it?" The Illusory King had been waiting here for a long time.

Xiao Ding Yuan shook his head and said: "There was an accident."

"Tell me the specifics." The Dream King was very curious. With Xiao Ding Yuan's capabilities, how could an accident happen when he went to intercept Long Chen and snatch his damaged stellar nucleus?

Xiao Ding Yuan calmly recounted what had happened to the Dream King.

"The appearance of such a powerful existence in the Divine Kingdom, could it be that the Eternal Dragon Emperor left some kind of terrifying secret in his Divine Kingdom? If that's the case, then that woman has the worn-out stellar nucleus. As long as we stay in his Divine Kingdom, other than bullying him, it would be difficult for us to obtain the stellar nucleus. But if we force him, will the dead Eternal Dragon Emperor bring us trouble? I heard that the Eternal Dragon Emperor seems to have appeared in a strange state in the Dragon God Domain's Wars of the Gods. "

Both of them felt that it was very troublesome, very troublesome, and most importantly, the third round of the Star Lord Battle was about to begin.

So the Dream King said, "Since you have trapped him in the Ten Thousand Dream Profound Realm, no one else will be able to see it. This was just perfect. After the Star Lord Battle's third battle, if I normally obtain a new stellar nucleus, I'll go find him. The most important thing for him to do now was to prepare for the Hegemonical Star Lord battle. This Long Chen was filled with too many variables, so he would temporarily imprison him and not provoke him. In any case, no one in Life Dragon City can break our Ten Thousand Dream Profound Realm. "

Then they talked about something else.

The Illusory King said, "With your ability, we have a nine out of ten chance of winning the third battle. The third point is easy for us. Nightmare King and Great Emperor Mang Tian definitely knew this as well. They were clearly going to lose, and I was afraid that they wouldn't be convinced. Since the birth of the Nine Star Alliance, they had followed the rules and decided on the generation of Star Lords. However, this time, the expansion of power in the Chaos royal clan was especially fierce and the humans wanted the Goblin Tribe to join them. I'm afraid that if we were to obtain the victory of the Star Lord Battle so easily, the other two sides would be unconvinced, breaking the rules and causing trouble. At the moment, it's still okay. The people from the Nine Star Alliance are protecting the Star Origin. However, during the third battle of the Star Lord Conquest, most of the Alliance leaders ended up in the starry sky while Nightmare King, Mighty Heavenly Emperor and I don't need to participate in the battle. "

When Xiao Ding Yuan heard this, he said: "Brother, since it is so, at the start of the third battle, you can use the excuse of training to close the doors to not participate, and secretly head to the Star Origin to prevent them from approaching the Star Origin ahead of time, intending to snatch the stellar nucleus after losing the Star Lord Battle. We have to be prepared with both hands. "

The Illusory King nodded, "Fine, you can try to get three points in one go so that we can win the war for hegemony. As for me, I am responsible for keeping an eye on Nightmare King and the others. I cannot let them break the rules and take advantage of this crisis! "

This Star Lord, he was definitely going to be the Star Lord!

Time passed like this, and very quickly, the people of Life Dragon City found that Long Chen had disappeared. Thus, Xing Yue, Gong Qing and Mu Huang came over together to pay their respects to the Dream King.

The three of them approached in full fury.

The Illusory King gracefully invited the three to take a seat, amiably saying, "What are you three doing here?"

Gong Qing's temper was explosive. He went straight to the point and asked, "Illusory King, may I ask, where is my clan's Dragon Fighter, Long Chen?"

The Dream King asked in shock, "Is Long Chen gone?"

The other party was pretending, Gong Qing sneered, "Let's be direct, he should be trapped by you. Fantasy king, if you don't want our Life Dragon City and the Illusory Immortal Tribe to break up, you better return him to us, otherwise, our Five Dragon Cities won't be courteous at all, you have to know how important Unparalleled Dragon are to us. Even the Primal Chaos Star Lord didn't dare to touch him!"

The Illusory King was already prepared. He stood up, his expression serious, and said in a deep voice, "To tell the truth, I really don't know where he went. I am not a reckless person, how could I not know the importance of you Unparalleled Dragon. I will use the power of the Illusory Immortal tribe to search for him, but please do not put this hat on our heads! After all, we are in a cooperative relationship!"

Gong Qing and the rest were still confident that the Illusory Immortal Clan would not dare to kill Long Chen. They didn't have the courage to do so, which was why they were sure that they had imprisoned Long Chen.

Seeing that the Illusory King would not admit it, the three of them looked at each other and stood up.

Xing Yue said: "Fantasy King, we are very nervous about Long Chen's disappearance and have already informed our Life Dragon City, who has already sent the super divine dragon Death God Netherwurm over. Honestly speaking, the three of you are not his match, so ..."

At this point, he stopped talking.

Illusory King was surprised, but he was not scared. He smiled and said, "Really? With his help, it was a good thing. However, I still have to tell you guys something. According to the rules of the Nine Star Alliance, other than the people of the Nine Star Alliance, no one else is allowed to become the Star Lord of the Nine Star Alliance. So, after we find Long Chen, I hope that the three of you can return that broken stellar nucleus back to me, if not I would this to the Nine Star Alliance."

At this point, their relationship could be considered as completely broken.

Of course, the following three battles had nothing to do with Life Dragon City. In any case, he wouldn't let Long Chen take away that stellar nucleus. He didn't want to make it so difficult for him to become the Star Lord, but he wanted to control the Brilliant Stars together with others.

"Since ancient times, people who cross the river to destroy the bridge will never have a good ending." After saying that, Xing Yue and the others coldly left the place.

After they left, the Illusory King clenched his teeth and returned to his seat.

"Death Dragons? Who is this? I am no match for the three of them? "All of you are underestimating me, aren't you?"

Those who had achieved great things would surely be extremely daring.

Thus, he didn't regret it.

"Coming here from the Dragon God Domain, I think I have already won the third battle, becoming a Star Lord. At the same time, I have also obtained Long Chen's stellar nucleus. As long as I can complete these steps, I'm afraid that I'll be able to catch up to the Starlord. By then, no matter who comes from the human race, they won't be able to do anything to me. "Human, get the hell out of my chaotic star field!"

Thinking of this, the Illusory King lightly laughed.

In the depths of the black clouds, there was a black palace. The Nightmare Race was less than half a meter tall, and they were flying about. Although they looked cute, they were truly a nightmare race.

In the depths of the black palace, no one dared to approach within several miles.

Because this was Nightmare King's territory.

Nightmare King descended from his throne and floated in the air. In front of him were a few silver-gray colored Chaos royal clan s.

"I've seen you all." The Nightmare King was extremely respectful to them.

Among this group of Chaos royal clan, the leader was a Chaos royal clan leader named Cang Wu, who was rumored to have some relationship with the Primal Chaos Star Lord. He was the most powerful out of everyone here, and he was also the representative of the 30 leaders of the Nine Star Alliance.

Cangwu went straight to the point. "Given the Nightmare Race's capabilities, it seems like the chances of winning the third battle are extremely low. As for the Gold Winged War God Clan, other than the Great Emperor Qing Tian whose battle prowess was not bad, the rest of them were average, unable to fight against the Illusory Immortal Clan's Xiao Ding Yuan. "Looks like you'll also lose your third battle."

Nightmare King said somewhat angrily, "There's nothing that can be done about it. They were most skilled in the third round, and were least skilled in the first and second round. Now that they won the first and second rounds because of Long Chen, the Star Lord Battle could only end with them. It might even end in a few days."

Chaos royal clan and the others looked at each other.

One of them, Cangwu said, "To tell you the truth, the two of them winning would be detrimental to our Nine Star Alliance." One of them, Cangwu said, "To tell you the truth, the two of them winning would be disadvantageous to our Nine Star Alliance.

The Nightmare King's pitch-black eyes twitched. He said with some surprise and delight, "Lord Cangwu, what you mean is ..."

Cang Wu smiled, and then said with an evil and awe-inspiring air, "I've come this time to give you a little gift. I'll make you the Star Lord. Great Emperor Qing Tian is too disobedient, you are more suitable to be the Star Lord. "

Nightmare King was indeed more obedient.

Hearing these words, the Nightmare King was greatly shocked. He said, "You ... You want to give me the stellar nucleus fragments, and let me snatch them first?" This was a violation of the rules of the Star Lord Battle, a violation of the rules of the Nine Star Alliance! Is that okay? This is something set by our ancestors! "

Cangwu said, "There are exceptions to everything. Now that the Five Great Clans are growing stronger and stronger in chaotic star field, if we do not make some adjustments, sooner or later, the entire chaotic star field will become a battlefield for them to fight for supremacy, and we will be destroyed once more. As members of the Nine Star Alliance, we have to unite and banish them. Therefore, even if it's the ancestor's rules, we still have to slightly modify them. "

"Understood, understood!"

The Nightmare King didn't care how pleasant their words sounded, he only knew that he was about to become the Star Lord. The position of Star Lord originally had nothing to do with him, the Nightmare Race themselves couldn't compare to the Illusory Immortal Clan and the Golden War God Clan. But to have this opportunity, the condition was to listen to the orders of the Chaos royal clan.

He was secretly delighted in his heart.

"Listen up, once the third battle of the Star Lord Conquest begins, we will withdraw from the protection of the Star Origin. At that time, you will sneak in and rely on the stellar nucleus fragments to fuse with the stellar nucleus, becoming the Star Lord. As for the others, just let them fight on in the Conquest of the Star Lord."

The stellar nucleus fragment was originally meant to be given to the victor of the Star Lord competition. It was a sacred artifact of the Nine Star Alliance and was used to attract stellar nucleus. However, because of its authority, the Primal Chaos Cangwu was now given to the Nightmare King.

When Wang Xing received the stellar nucleus fragments with high spirits, the Chaos royal clan and the rest all looked at each other and laughed.

"I really want to see the expression on the Illusory King and the others' faces when they find out the result."

"Yeah, the current Nine Star Alliance is different. If we want to get the position of the Star Lord, we'll have to appoint one!"

## Chapter 2052 - Death God Netherwurm

At the same time, in the darkness, Lord Wu Ri and Lord Moon-Corrupted Wolf were swimming around. Below them, a giant steel giant was lying on the ground, ancient runes flashing on its ancient steel body.

"Old Tie, are you just going to die like that?"

The Haotian Wolf Master's golden body landed on the steel body as he smirked.

The Moon Corroding Wolf Lord also landed, she squinted her eyes and said, "This battle for supremacy is really strange." In my opinion, the Chaos royal clan will not let this matter rest. In the face of an inevitable defeat, what will happen to them? "

"They will give the stellar nucleus fragments to the Nightmare King and let him sneak in. He will be the first to fuse with the stellar nucleus."

Wolf Head Hao Ri was greatly shocked and said, "That should be impossible, right? Isn't this blatantly breaking the rules of the Nine Star Alliance? Isn't this blatantly making our demon clan and human enemies? "

Emperor Qing Tian said, "It's not the first time you have met the Chaotic Star Lord, you can't imagine his ambition. Right now, the Chaos royal clan is filled with power, and even Star Lord Luosha and the Asura Star Lord listened to him, it's normal for him to be determined to chase you away. But the higher-ups on your side, just think that the chaotic star field is a remote place, they wouldn't spend too much time and effort here. If we go to war, you and the humankind will be at each other's throats. Neither of you will allow the other to take advantage of us. "" No, no. Thus, the Starlord of Primal chaos would definitely dare to do such a thing. "

The Haotian Wolf Master said, "If it really is like this, you have to go to the Star Origin to guard it." Let the Illusory King be in trouble. "

Emperor Qingtian said, "There's no need to worry. Right now, the Alliance Masters of the Nine Star Alliance are all there. The Nightmare King will only have a chance when the third battle of the Star Lord Conquest begins."

The Moon-Corroding Wolf Lord laughed, "That means, didn't we lose before? Of course, the most pitiful part was still the Illusory Immortal Clan. They barely got two points. "

"They are the ones who obtained two points, which caused the Chaos royal clan to become anxious. Otherwise, they could have slowly manipulated the Nightmare King to become the champion according to the normal procedures. But now, they are obviously no longer able to do so ..."

"So, I will snatch the Nightmare King's item from the Star Origin. As for whether or not Fantasy King can guess it, that will depend on whether or not he's excited to the point of losing his mind. "This war of hegemony between the Star Lords is completely different from what he imagined!"

Amidst the endless sea of clouds, Ling Xi was still working hard.

"It seems like there's only three days until the day the ten stars connect."

Long Chen helplessly stayed inside.

"Taiji Creature Dragon!"

What would the dragon of life and creation be like?

Would he not even have the chance to see its birth?

"I'm still too immature. I was too anxious when I heard news of the Taiji Creature Dragon. She actually hurried here. "I did not consider that Xiao Ding Yuan and the rest would dare to intercept and imprison me!"

Right now, he could only pray that Ling Xi could break through this 'Myriad Dream Profound Realm' before she arrived three days later.

Ling Xi was currently busy, and for the past few days, she had been immersed in an extremely diligent state. She was the one who understood Long Chen the best, and she was deeply aware of the importance of ten star in a row to Long Chen after three days, so she did not dare slack for even a moment.

The high intensity of her work had tired her out a bit.

However, she still did not stop there. She brought Long Chen to search for the source of this illusion.

"First find the source, then start from the source and destroy the foundation of this illusion. Only then will it be completely destroyed. I have already swept through 70% of the place, Brother Chen, wait a bit!"

Ling Xi's eyes were shrouded with a dreamy color, her long skirt was fluttering, her slender and delicate hands were holding onto something that looked like a white thread, releasing a faint light.

From her expression and words, it could be seen that her heart was in turmoil.

"Don't worry, calm down. "Let's take a rest first."

Long Chen said softly.

"No worries." "I'm not too tired, just increase my speed a little bit more." Ling Xi smiled warmly, but she did not say much and immersed herself once again.

"Found it!"

Before long, her eyes shone with a beautiful light, and her face was filled with an enchanting smile.

Long Chen also heaved a sigh of relief.

He felt very bad for letting her work so hard.

"Next, I will have to dismantle it step by step. I might need a certain amount of time, so I will try my best to finish it within three days. Brother Chen, you should prepare yourself. We will not fail. "

Long Chen nodded.

To work for herself was her belief, so it was impossible for her to stop at this moment.

"Couples share the same intention."

Long Chen said with a smile.

"En!"

These words gave Ling Xi a huge amount of power.

She sank into her deepest state and silently worked hard, while Long Chen closed his eyes. Time quickly passed and he became more and more nervous.

In the blink of an eye, three days had passed.

The day when the ten stars linked together appeared simultaneously with the third battle of the Star Lord Battle.

The people from the resplendent planet paid more attention to the battle for supremacy.

As for the other warriors, they were waiting for the arrival of the Ten Star Orbs. Rumor has it that Feng Xing, almost everyone in chaotic star field knew that a treasure would be born, but there were not many that believed it. Furthermore, there were not many people scattered across the ten star line.

Most of the true experts treated the Day of the Ten Star Connecting Pearl as a joke.

At this moment, the 10 stars hadn't formed a line yet. Surrounding them were many martial artists from all over the place, anxiously waiting. These types of people were spread throughout the entire starry sky.

Amongst them, those from the Nine Star Alliance and the majority of the transcendent powers had already arrived. Now, when the time was up, the third battle would begin — the three-way war.

The participants were, in addition to the three of them, the Illusory King and the other two leaders of the three great clans, who each sent out five supreme experts.

Amongst them, Xiao Ding Yuan was publicly acknowledged to be the strongest.

Before they arrived, the Nine Star Alliance had already prepared the battlefield.

Most of the people who participated in the Star Lord Battle didn't take the Day of the Ten Stars to heart. Just like that, someone looked at the scattered martial artists outside and mocked, "What a joke, this is obviously a rumor, but someone actually believed that a treasure would appear out of thin air? Or was it a nine hundred Dao Rune weapon? Do you think this is a cabbage? Furthermore, even if such a Dao item appears, even the Star Lord may not be able to control it.

"There's no other way. People die for money and birds die for food. Most people still dream of ascending to the heavens in one step. I heard that next to other planets, as long as it's a 10 star connection, it would have already been filled with martial artists ten days ago. Ninety-nine percent of them are just trying their luck and watching the show. "

"I think he's just looking to die."

After discussing the 10 star day, they started to discuss the war of hegemony between the Star Lords.

"The Illusory Immortal Clan has already obtained two points, and I heard that because of the presence of Xiao Ding Yuan, this third battle is their most adept battle. As long as they can smoothly win this battle, the Illusory King will be the Star Lord of Bright Star, the Illusory Star Lord!"

Another person said, "In my opinion, the other two races aren't idiots either. This battle is so crucial, it directly determines the outcome. It's very likely that they will join forces to deal with the Illusory Immortal Clan. Therefore, this battle will definitely be quite exciting. "

Just as they had said, the experts from the three forces had already arrived. For today's battle, they had dispatched their strongest troops, each one more tyrannical than the last.

But what made everyone curious was that it seemed like the Illusory King, Great Emperor Qing Tian and the Nightmare King hadn't come.

Even though they didn't need to fight today, it wouldn't make sense for them to be directly on stage, right?

Thus, everyone began to ask.

As a result, the three supreme experts went into seclusion for the next battle between the strongest.

This was also reasonable.

However, when he saw that the Illusory King and the Great Emperor Qing Tian weren't there, Cang Wu frowned and thought to himself, "Are these two really in closed-door training, or ..."

However, the war for the Star Lord had already begun, and no one could leave now.

The crowd also quickly forgot about the fact that the three supreme experts weren't present and began to pay attention to the martial artists participating. Basically, these fifteen people had not exceeded everyone's expectations.

Among the group of the Illusory Immortal Clan, Xiao Ding Yuan was currently the commander.

But what made people curious was that the people of Life Dragon City, were not with them, they were in another place, separated from the Illusory Immortal Clan, which made them wonder if the Life Dragon City and the Illusory Immortal Clan had a conflict.

Just as Cangwu was about to announce the start of the third battle, a black beam of light shot towards the crowd. Everyone was shocked, and even Cangwu couldn't help but frown as he thought to himself, "This man is so powerful. He's probably not any weaker than me!"

Cangwu was the most powerful expert present.

That black ray of light eventually reached the Life Dragon City.

Life Dragon City and the rest knelt down and said in unison, "We pay our respects to Lord Lin Ming!"

It was an old man with jet-black hair. He seemed to be a few generations older than Xing Yue, and his aura was vast. He was extremely terrifying, and even though he was old, his pair of black eyes were frightening.

His name was Lin Ming, the older generation's Dragon Fighter, and he was very famous in the Five Dragon Cities. He had a violent temperament, was a fiend, and was also a famous assassin in the Life Dragon City. He had inherited the blood essence of a super divine dragon, the death god, the Netherwurm.

After arriving here, Lin Ming ignored everyone and said: "Then what about Long Chen, have you still not found him?"

Xing Yue stood up and said, "In reply to Lord Lin Ming, your subordinate estimates that there is an 80% chance that the Illusory Immortal Clan has hidden it."

"Oh!"

Lin Ming's terrifying eyes stared in the direction of the Illusory Immortal Clan's Xiao Ding Yuan.

His gaze practically suffocated everyone.

His arrival easily interrupted the Star Lord's war.

Xiao Ding Yuan knit his brows when he saw this old man. He secretly thought, "This old man is too quick. Not good ..."

#### Chapter 2053 - Slap

The arrival of Lin Ming had greatly increased the strength of the human race in the Life Dragon City, and had also made the people of the Nine Star Alliance cautious. The matter of the Nightmare King taking away the stellar nucleus's fragment was already known to the core members of the Chaos royal clan.

Right now, the crux was the Nightmare King.

As far as Xiao Ding Yuan was concerned, Lin Ming's swift arrival had indeed exceeded his expectations. According to his normal speed, he would not be able to reach this place within a few days. He must have used a method similar to the Heaven and Earth Transference Array of the Spirit Race. However, Xiao Dingyuan was not flustered by his arrival. He was completely confident in himself, for in this battle, he would definitely bring the Illusory Immortal Clan to victory in the Star Lord competition, and on the Star Origin side, there was also the Dream King watching over them. Even if Nightmare King obtained the stellar nucleus fragments, he would definitely not be able to succeed!

Once he won, and let the Illusory King inherit the stellar nucleus, no matter if it was Lin Ming or the Primal Chaos Cangwu, they would both be no match for the Illusory King. He only needed to persevere until then.

The death god Lin Ming had very old qualifications and was probably the oldest one present. He had already risen to fame in the Dragon God Domain ten thousand years ago, and because of his rebellious and violent personality, he was known as the Life Dragon City's envoy of death. This was also the reason why he was sent to guard chaotic star field this time.

Lin Ming's arrival immediately interrupted the Star Lord's battle.

His mission was to protect the safety of Long Chen and the other Dragon Fighter, and to intimidate others. At this moment, after hearing the news, he coldly snorted, and without hesitation, he rushed

into the battlefield where the Star Lord was fighting. A pair of pitch black eyes found Xiao Ding Yuan in the crowd of people, instantly appearing before his eyes!

A seven star tribulation of reincarnation possessed the strength of a Spirit Realm! Only Xiao Ding Yuan, who was in the early stage of the Seven Star Samsara, was not a match for him at all. Even Illusory King and the others, who were similarly at the late stage of the Seven Star tribulation of reincarnation, were not a match for Lin Ming. The only one who could face Lin Ming head on was probably Chaos royal clan's Primal Chaos Cangwu.

However, Lin Ming was targeting Xiao Ding Yuan.

When experts confronted each other, everyone was immediately suffocated!

The reason why they chose to battle in the starry sky was because the battle prowess of the experts with Seven Stars tribulation of reincarnation were monstrous. If they were on the resplendent stars, they would probably destroy them into smithereens.

Under the confrontation between the two parties, the space actually trembled as a terrifying shockwave swept out in all directions. The weak ones had no choice but to be forced back. Even Xiao Ding Yuan had to struggle to stand in front of Lin Ming's death-like might.

"It seems that my Life Dragon City and you, a mere Illusory Immortal Clan, are in a cooperative relationship?" Every word from Lin Ming stabbed at Xiao Ding Yuan's eardrums like a knife.

He clearly understood the ruthlessness of this fellow's bones. If he were to continue fighting with him, it was very likely that he would be injured and affect today's battle. This was something that the other squads loved to hear.

Xiao Dingyuan hurriedly replied: "That's right, the Illusory Immortal Clan being fortunate enough to cooperate with Life Dragon City is our honor."

Lin Ming sneered and said, "You talk too much, but you only know how to recite. You're nothing more than a lowly person." Let me just say this, release the son of the Eternal Dragon Emperor, or else you won't be able to participate in the Hegemonical War between the Star Lords today. "

Xiao Ding Yuan almost suffocated.

To him, Lin Ming's domineering gaze was filled with a terrifying impact, as if he was about to die.

The surrounding people also looked at each other, no wonder the relationship between the Life Dragon City and the Illusory Immortal Clan seemed to have been broken off, it was because of this matter. They were just curious, why would the Illusory Immortal Clan imprison Long Chen, who had contributed so much to them?

While everyone was discussing, Xiao Ding Yuan's expression turned ashen. However, Lin Ming's expression was becoming increasingly terrifying, clearly about to explode with rage.

"Forget it. Once my older brother becomes the Star Lord, both Lin Ming and Cangwu will be no match for him." At that time, it should be very easy for him to snatch that old stellar nucleus from Long Chen's hands. I don't mind letting him go now. "

With regards to the imprisonment of Long Chen, Xiao Dingyuan had indirectly admitted it. He did not need to announce the reason, and if the Dream King became the Star Lord, then the reason would be even less important.

"Fine, I'll let them go."

Xiao Ding Yuan said in a clear voice.

The place where he used the Ten Thousand Dream Profound Realm to imprison Long Chen was just around the corner.

"Looks like this guy used the Myriad Dream Profound Realm to imprison Long Chen nearby."

"No wonder there was no news about it. It's completely at the Myriad Dream Profound Realm! Even if they had the same level of ability, they still might not be able to break through Xiao Ding Yuan's Myriad Dream Profound Realm."

Very soon, Xiao Ding Yuan arrived at the previous location.

Countless people were looking at him from behind, including the murderous Lin Ming. To be able to make Xiao Ding Yuan yield, it was clearly a sign of how terrifying he was. In front of him, even Xing Yue and the others were just insignificant juniors.

Lin Ming's strength had already surpassed almost all of the city lords of 72 - The Ancient City of God's descendants, including Taiyi City Lord, the Saintess' Heart of God's Holy Spirit and the others. They were all far from being his opponents. He could be considered one of the supreme experts of the human race.

Under everyone's watchful eyes, Xiao Ding Yuan was preparing to break out of the Ten Thousand Dream Profound Realm.

At this time, the space in front of him suddenly trembled. Xiao Ding Yuan was instantly shocked, he retreated a distance away from where Long Chen was imprisoned, only to see that at the place where he was imprisoned, a powerful snow-white light suddenly burst forth, and that strong light split open a ten meter long hole. The interior was filled with smoke and clouds, forming an endless world.

When he clearly saw the appearance of the two, Xiao Ding Yuan's expression became shocked as he exclaimed: "How is that possible! You can break through to the Ten Thousand Dream Profound Realm! "

Everyone was equally shocked, especially those who were familiar with the Ten Thousand Dream Profound Realm, those were Xiao Ding Yuan and other people from the Illusory Immortal Clan. There were many people who did not have enough strength, so breaking through the Ten Thousand Dream Profound Realm was just a pipe dream.

Almost everyone was staring at this man and woman. Clearly, even if Xiao Ding Yuan did not approach, they would still be able to charge out at this moment.

They were the ones who had broken through to the Myriad Dream Profound Realm. This is an indisputable fact.

Long Chen gently embraced Ling Xi in her arms. In order to break through the Ten Thousand Dream Profound Realm before the day of the Ten Star Links, Ling Xi was simply exhausted, she basically did not have a single minute of rest in the last ten days. The workload was rather heavy and she was also quite exhausted, but for the important matter with Long Chen, she did not hesitate to use all of her strength.

"It seems like the time is not up yet."

Sensing this point, Ling Xi's taut heartstrings finally relaxed.

There was no doubt that she had succeeded.

With so many people gathering together, the war for the Star Lord should be about to begin. If they were here, she and Long Chen would be safe. The Dream King and the others would never make a move against Long Chen and the others in front of the people from the Life Dragon City.

"Go back and rest."

The other party was looking at her with extremely shocked eyes. She did not understand how Xiao Ding Yuan could be so close to her, and how everyone had noticed her, but she was too tired, and she believed that Long Chen could solve all of these problems for her. Long Chen did not dare make a move on her.

"Leave it to me."

Long Chen comforted her.

In fact, Long Chen had already seen through the surrounding situation.

Fortunately, the Taiji Creature Dragon's blood essence had yet to appear and the war for the position of the Star Lord had yet to begin. The problem was that Xiao Ding Yuan seemed to have come to release him? According to common sense, it was impossible for such a thing to happen. Judging from his expression, he should have been forced to appear.

"That girl, she was actually able to break through my Ten Thousand Dream Profound Realm! This is impossible, she is far from having the strength to do so!"

Xiao Ding Yuan said in shock.

"There are a lot of things you don't think of." Long Chen let out a cold laugh, he quickly scanned his surroundings and found the direction of the Life Dragon City. Sure enough, they were all looking at him with concern.

Xiao Ding Yuan calmed down, and turned his head to say: "I have already released the son of the Eternal Dragon Emperor, there is no hatred between us, the Illusory Immortal Clan and your Life Dragon City, perhaps there is some misunderstanding, but please wait until after the war between the Star Lords, we will discuss this properly, right now the 30 Alliance Masters are all waiting for us to start the war."

These words were said for Lin Ming to hear.

No matter how strong Lin Ming was, it was impossible for him to defeat everyone from the Nine Star Alliance. Thus, he could not disturb the battle for supremacy between the Star Lords.

His mission was merely to find Long Chen, and as for the expansion of the Five Dragon Cities, he was not too concerned.

Long Chen heaved a sigh of relief, he looked in the direction of the Taiji Creature Dragon, where there were many people gathered, and when the time came, everyone would probably see, he had no idea how he was going to fight over the Inherited Blood.

Everything could only be left to fate.

He returned to Life Dragon City and apologized: "Sorry, I was careless, but they didn't take that thing away."

Among them, Gong Qing said: "Come, let me recommend an elder to you. He was the one who asked Xiao Ding Yuan to release you, and this is an extremely famous expert in our Life Dragon City. His fighting strength is unmatched, super divine dragon Death God Netherwyrms — Senior Lin Ming!"

Following Gong Qing's guidance, Long Chen indeed felt a terrifying expert coming towards him. When he turned around, the skinny old man with black hair who looked like the god of death was already standing in front of him.

"Greetings, senior Lin Ming."

Long Chen had always been very polite and cultured towards his elders.

After so many years of experience, he had become extremely reserved.

Just as Long Chen was speaking respectfully to him, he immediately raised his arm and slapped Long Chen's face, which made a loud and clear sound, causing Long Chen's face to immediately turn blood-red.

Seems like he hadn't been slapped like this since he was young.

Long Chen immediately clenched his fists.

#### Chapter 2054 - Six Paths of Reincarnation

He naturally knew that in the Five Dragon Cities, there were many people who disliked him due to his father's relationship and the things he had done in the battlefield of the gods. It was just that he did not expect any ranker from the Life Dragon City to have such malicious intentions.

The moment this slap landed on his face, Long Chen deeply recognized the difficulty of returning to the Dragon God Domain! If he went there, he would definitely encounter even more!

At this moment, Long Chen naturally understood that this slap, full of hatred and humiliation, would take at least ten years, or even several hundred years, to repay Lin Ming!

After all, the other party was a Ranker who surpassed the Holy Spirit Realm and ruled over the common people. They were experts who surpassed the billions of lives and were the great death gods.

At that moment, Gong Qing and he subconsciously blocked Long Chen, and Gong Qing said: "Master Lin Ming, he has done a great service for our Life Dragon City, and is even sincere in repenting and is willing to return to our Dragon God Domain. Furthermore, it is very possible that he is the successor of the Unparalleled Dragon, Sir Lin Ming."

"Get out of the way."

Lin Ming raised his hand and waved it slightly. Gong Qing and Xing Yue were blown away, while Xing Qing and Bing Xinyue stayed silent, looking at Long Chen with regret.

Long Chen's physical body was stronger than Gong Qing and the rest, so this slap might be able to heavily injure Xing Qing and the others. But to Long Chen, it was only a humiliation, because his physical body possessed the tyrannical regeneration ability and the ability to reverse the flow of time.

Over the years, he had learned to endure.

He would not forget that slap today, but he would not act arrogantly in this place with Lin Ming. That would be an immature display, and he would only return it to him at some point in the future.

At this time, Lin Ming passed through Xing Yue and Gong Qing and stood in front of Long Chen. He was still looking down at Long Chen from high above, and after a long while, he opened his mouth and said, "I heard that you were extremely daring and had an intense personality.

Long Chen raised his head. His eyes were terrifyingly calm, but he did not choose to answer Yue Yang. The other party did not have a good impression of him.

Seeing that Long Chen acted as if nothing had happened, Lin Ming sneered in his heart, "I have seen your father, and I also hate him, and it was he who caused me to lose too many things. I have always believed that abandoning my clan is the most shameless and unforgivable sin of all, and he can die without any face, and since you are his son, you should come and bear all of these sins. Don't think that Five Dragon Cities will forgive you just because you did something, because you will never be able to repay your father's sins in your entire life!"

Lin Ming represented the most stubborn strength of the Five Dragon Cities.

A person like Lin Ming was also not as easy to conquer as Bing Xinyue and the rest. He would not make any extravagant oaths here, nor did he give up on the trip to the Dragon God Domain at all. Instead, he would become even braver, because this was what he had said to Long Qinglan, and it was also his mission.

He retreated a few steps, a smile appeared on his face, and he said to Lin Ming, "I did not beg for anyone's forgiveness. I am myself, and I believe in my father. "Whatever you say."

Only now did Lin Ming realize that this young man was extremely cold and proud. He couldn't help but sneer and say, "You're too stubborn. When the Star Lord battle over here is over, I will personally bring you back to the Dragon God Domain. You should be prepared to atone for all your sins and those of your father's. "

He thought that this would scare Long Chen to death.

Long Chen smiled indifferently, he did not take all of this seriously, he was not pessimistic either. There was definitely someone in the Dragon God Domain who supported him, and as long as he did not die, no one could force him to surrender. A mere slap, was far from enough to scare him, and Long Chen understood that it was precisely because of this matter with the Unparalleled Dragon that even Lin Ming did not have the chance to kill him!

"Stay put! If you stay one hundred meters away from me, I'll give you a good slap!"

Lin Ming glowered at him, his hands clasped behind his back as he stared at the battle for supremacy that was about to begin.

Only when they saw that Lin Ming was no longer going to attack Long Chen did they finally heave a sigh of relief. After getting along with each other for a while, they still recognized Long Chen.

To Long Chen, the most important thing right now was not the Star Lord battle, but the day where the ten stars connected together, and immediately, the ten super planets would be connected in a straight line, even the star of the devil star would be connected in a straight line. The Taiji Creature Dragon's legacy blood essence was about to appear, but she was restricted within a hundred meters from Lin Ming, so how could she obtain the especially important legacy blood essence of the Taiji Creature Dragon!

This not only made him anxious.

Seeing the passage of time, the day when the ten stars in a row of beads was about to arrive, yet he still had no solution.

In his heart, he'd long since cursed Lin Ming a million times.

Right at this moment, the three sides started the battle. According to the drawing of lots, the first two people to go on stage were the Illusory Immortal Clan and the Golden War God Clan's warriors, each side would send one person out, and only when they are on stage can they see who their opponent is. In fact, the order of appearance of this battle is very important, after defeating the other side, they can fight the next opponent.

Out of the fifteen people who went to fight, only Xiao Ding Yuan had actually comprehended the power of the Spirit Realm and passed through the Seven Stars Reincarnation.

Thus, the possibility of the Illusory Immortal Clan winning was quite high.

Even if it was at the late stage of the Six Paths of Samsara, their combat power was still terrifying. Everyone retreated, leaving behind an incomparably massive battlefield for them to fight in. Two martial artists of the late stage of the Six Paths of Samsara, especially one at that, would casually attack.

The Six Paths of Reincarnation specialized in the will of all beings. It was divided into the Sky, Human, Asura, Hungry Ghost, Beast, and Hell. Asuras were a symbol of all the ugliness in the world. The Asura race, which had the name of Asura, was a rare and cruel race, and they were inhumane. Animals referred to non-intelligent creatures, dire beasts were different, hungry ghosts to demons, and hell to all the dark and gloomy sides of the world. When the five elements tribulation of reincarnation were cultivated to the limit, they would sink into six paths of tempering. Only by passing through six paths would they be able to achieve six paths of reincarnation, possess six Power of Reincarnation s, and be the ruler of all living beings.

Accompanied by the six worlds, he could control six Power of Reincarnation s. His power was limitless, he could even tear apart heaven and earth, and with a wave of his hand, he could turn the rivers upside down, using his will to control the living.

Above that, the Seven Stars tribulation of reincarnation would be rewarded to the Seven Stars Ancient God. It would be even more difficult to become a Seven Stars tribulation of reincarnation practitioner.

Even practitioners of the Five Elements tribulation of reincarnation, to the current Long Chen, could only look up to him.

Five Elements, Six Daos, Seven Stars, Eight Trigrams, Nine Palaces

At this level, every increase in rank would mean a qualitative transformation, a step towards becoming a true deity. After crossing nine palaces, one would basically only be a step away from becoming a true deity.

In the late stage of Seven Stars tribulation of reincarnation, Lin Ming could already be considered a rare expert in time.

The Starlord of Primal Chaos already possesses the Eight Trigrams Power of Reincarnation, and is even more powerful. With his abilities, he could even destroy small planets like the chaotic star field.

When the Illusory Immortal Clan and the Golden War God Clan's two warriors of the Six Paths of Reincarnation fought, Long Chen was immediately attracted. This level of warriors were extremely proficient in Heavenly Energy, and could not be compared.

The reason he was able to defeat the Four Directions tribulation of reincarnation warriors was purely because he was strong and strong, not because he had to defeat others with his comprehension of the way of the heavens which was a weak point of Long Chen.

The two powerhouses soared in the sky, practicing illusions and illusions, and when they made their move, it was filled with illusions, covering the entire space around them. The two powerhouses soared in the sky, and when they made their move, it was filled with illusions, and it covered the entire space around him.

The Gold Winged Clan, on the other hand, was fierce and passionate. They trained in the way of metals, rotated mechanically, and transformed into tens of thousands of steel fragments. Under the fierce battle between the two sides, the space became chaotic and the entire space caved in, almost on the verge of collapse.

"The Dao of the Heavens is truly marvelous."

Earlier, Long Chen had underestimated others because he had become a genius in name.

The fusion of the bodies and Primordial Souls of the Four Symbols tribulation of reincarnation martial practitioners was incomparably intimate. The Four Symbols Heavenly Emperor would assist in the battle, but the Five Elements tribulation of reincarnation experts were already able to mobilize their source energy and follow orders, condensing all living things, not to mention the experts of the Six Appearances tribulation of reincarnation.

He had not reached the tribulation of reincarnation yet, but defeating a practitioner of tribulation of reincarnation did not mean that he could underestimate a practitioner of this level. No matter who it was, they were all moving towards the Divine Spirit.

Long Chen was trapped by Lin Ming, although the other party was watching the fight, he could still pay attention to Long Chen, he kept looking behind him at the sky, and seeing that the time was almost up, he was extremely anxious, but there was nothing he could do about it.

In the battle in front of them, the Illusory Immortal Clan took the initiative and actually defeated the Golden War God Clan, and then the Nightmare Race went on stage, once again engaging in an intense battle. Since the Nightmare Race hadn't gone up in their first match, they could be considered to have picked a bargain. Without absolute fairness, it was only luck that had drawn the lots.

Between the Nightmare Race and the Illusory Immortal Clan, one was proficient in nightmares, the other in illusions, and they all had the same result. Previously, the Illusory Immortal Clan had defeated the Golden War God Clan, and then defeated the Nightmare Race in a single effort, successfully eliminating two people.

Xiao Ding Yuan was also very confident.

That was why he looked so good.

On this side, he had complete control over the entire situation.

So the only thing left to do was to look at the Illusory King.

And down below, the Nightmare King had already made his preparations. After he confused the guards, he quietly entered the middle of the Star Origin.

Chapter 2055 - The Battle of the Three Kings

"stellar nucleus? Where is the stellar nucleus? "

Even though the Nightmare King's tiny body was wandering in the middle of the large star origin realm, even though his speed was countless times faster than Long Chen's, the embryonic star origin realm was still very big, limitless. If not for the stellar nucleus fragments, one wouldn't even be able to find a stellar nucleus here.

After walking a distance, the Nightmare King was ready.

He couldn't help but want to laugh, "The Fantasy King and Great Emperor Qing Tian are definitely still watching the Hegemonical Star Lord battle. It's really pitiful, especially the Dream King, it should have been you who obtained the stellar nucleus and became the Star Lord, but now this good thing has been given to me. "

Surrendering to the Chaos royal clan was the most correct decision he made in his life.

"It's time to take out the stellar nucleus fragments and summon them out."

As the name implies, the stellar nucleus fragments are the fragments formed from the broken stellar nucleus. In reality, the fragments controlled by the Nightmare King also belong to the bright stars, but they should be the fragments of stellar nucleus s that have a long history. The Nine Star Alliance has several super planets' fragments of stellar nucleus, so these fragments are useless normally, but when a certain planet gives birth to a stellar nucleus, it becomes especially important.

In the endless starry sky, the Nightmare King wandered about, a broken wheel appearing in his hands. It was very old, and at first it didn't display much of a magical function, but soon the wheel began to glow with a blue star-like light. It was a very alluring light, and when that light burst out, the Nightmare King's location seemed to become the core of this star source.

"Looks like when I wait here, the stellar nucleus will deliver themselves to my doorstep."

Nightmare King secretly rejoiced in his heart.

"The battle outside is probably going on like a raging fire."

He never thought that the Chaos royal clan would actually have the guts to break the rules of the Nine Star Alliance, offending humans and demons.

After waiting for around a quarter of an hour, the Nightmare King revealed an incomparably happy expression! Success was right before his eyes, how could he not be excited!

When he turned around, he was shocked to see that in the direction behind him, there was actually a bright star moving towards him from afar. That was a small, bright star, and it looked exactly like a bright star, but it was also a stellar nucleus!

"stellar nucleus! The stellar nucleus is coming! "

The Nightmare King was extremely excited, his face was full of smiles. Holding onto the stellar nucleus fragment in his hand, he charged towards the bright stars, both sides quickly approaching each other. Just as he was about to take the stellar nucleus, the Nightmare King almost suffocated.

Suddenly, he stopped and stared blankly at the stellar nucleus. He felt that something was wrong with the stellar nucleus, it actually gave him a familiar feeling.

"Illusory King!"

Nightmare King retreated dozens of meters, his eyes staring at the stellar nucleus.

Sure enough, the stellar nucleus let out a loud laugh, and changed into the appearance of the Illusory King in front of his eyes.

"Just as I expected, Chaos royal clan and you are both anxious, wanting to break the rules. The war between the Star Lords is still going on, yet you are openly using the stellar nucleus fragments here. Do you believe that I can announce it now and let everyone come in to see your ugly face?! "

Nightmare King clenched his teeth. He had never thought that the Dream King would be so clever. He could guess that the Chaos royal clan would do something so outrageous, and even used this as a way to deceive him.

He carefully hid the stellar nucleus fragments.

The Illusory King's eyes turned cold, and said, "Give me the stellar nucleus fragment! That is something that belongs to me. Nightmare King, my old rival, just admit defeat! In the Nine Star Alliance, although the Chaos royal clan is the biggest, you must remember that this world has the power of public opinion. If I win the war to become the Star Lord, I will be the Star Lord, and you are just a lackey in the Chaos royal clan. The people of the resplendent stars would not be willing to allow a coward like you to command them! "

"What the f \* ck are you saying!?" Whoever obtains the stellar nucleus is the Star Lord! If you have the ability to do so, then come and snatch it! "

Nightmare King wasn't afraid of him. Even though the other party was already here, he had the advantage of having a stellar nucleus fragment. If the real stellar nucleus approached him, he would win for sure.

"How about me?"

Nightmare King's hair stood on end. He didn't even need to look behind him to know that even the Golden War God clan's Great Emperor Mighty Heavenly Emperor had come. Nightmare King couldn't help but think, this is bad.

Behind him, the two meter tall, worn-out and iron-clad Emperor-in-arms had a pair of cold eyes. Together with the Dream King, they had caught Nightmare King in the middle. They were the original three most powerful masters of the Brilliant Stars.

"You two!"

Nightmare King's expression was uncertain. His plan had been disrupted, but in truth, he was already panicking.

In truth, even the Dream King did not guess that the Great Emperor Qing Tian would come. At this time, his eyes turned, and he said, "Qing Tian, he has a stellar nucleus fragment, let's work together to get rid of him, then we can fight him fairly, what do you say?"

When the three of them encountered each other, the most terrifying thing was their teamwork.

Nightmare King was immediately anxious, but since he had the stellar nucleus fragments, there was definitely no one who would ask him to join hands with them.

"Of course, let's go!"

The Great Emperor Qing Tian was even more direct.

The three of them were all warriors at the late stage of Seven Star tribulation of reincarnation. Even though they were close to the realm of the Primal Chaos Star Lord, they were only slightly weaker than Lin Ming.

Everyone had already mastered the Heavenly Dao of their own cultivation, and they were all close to the level of a deity!

The Illusory King's illusions reached the pinnacle. The Great Emperor of the Heavens cultivated the way of metal, the King of Metal, and the Nightmare King was the King of Nightmare. The three of them clashed, bringing about the greatest scene in history.

In the endless space within it, where the stars had gathered, under the fierce battle of these three people, space had been torn apart, space had collapsed, countless stars had been turned into fine powder by the violent impact, and the three figures of Nightmare King couldn't even see them clearly.

In the midst of a large cloud of mist, the Misty Cloud Beast coiled around the Nightmare King's body and roared. The Nightmare King disappeared into the darkness, transforming into a fierce ghost that howled. Meanwhile, the Great Emperor of Heaven was like a streak of golden light, its speed terrifying.

"You two deserve to die! They actually surrounded and attacked me! "

The Nightmare King let out a tearing roar. Even if it was a late stage Seven Star tribulation of reincarnation and possessed a terrifying power of Penetration, there was still a gap. This was also the reason why the Nightmare King was not highly regarded from the start. It was also a strong guarantee and symbol of a Seven Star tribulation of reincarnation martial practitioner. The higher one ascended, the greater the gap in profound strength between the same realm as them, especially for those above Seven Star tribulation of reincarnation, they were basically all martial practitioners that were close to a god! The difference in strength was so great that it would cause one to be unable to see past the Divine Spirit Realm, and the difference in profound strength was so great that it could even be considered to be comparable to a realm that was similar to that of a Divine Spirit Realm martial artist's.

In truth, a martial artist of the Six Paths of Reincarnation was terrifying enough.

RUU...!

From the outside, that embryonic Star Origin was actually trembling and could explode at any time. The interior of the Star Source was currently in a complete mess. A great number of explosions flooded the entire starry sky, and at any moment, the Dream King and Nightmare King would turn into two enormous shadows that would clash with each other. Black and white would form two clouds that occupied the entire starry sky, turning into gigantic beasts that fought each other!

"Dream King!" Our two races are old rivals, aboriginals of this place. How can you attack me with this Golden War God clan? He's an outsider, as long as we work together to kill him, we can discuss about the stellar nucleus! "

Being surrounded by the two of them, Nightmare King was completely terrified. This was simply impossible, if it was only the Dream King, he would still be able to endure, but the Great Emperor Qing Tian's attacks were just too fierce.

As soon as he finished speaking, countless blades swept past his body. Nightmare King immediately let out a miserable cry. In the tens of thousands of meters high clouds, there was actually fresh blood that gushed out!

"AHH!"

The entire Star Origin was filled with the Nightmare King's angry screams.

The Illusory King simply ignored him, rolling up white clouds and fusing with the Misty Cloud Beast. They formed rolling white clouds that looked beautiful, but in reality, there were countless weapons hidden within!

"Great Dream Heavenly Scripture!"

The clouds in the Illusory King opened up as countless snow-white runes formed into blades and swords, attacking and surrounding Nightmare King. On the other side, countless gold blades gathered to form the Emperor of Heaven, the Emperor of Heaven had an expressionless face, his chest moved, and instantly stretched out his pitch-black muzzle, accumulating his energy. In the middle of the starry sky, countless blood-red energy gathered behind the Emperor of Heaven, forming a sea of energy at the muzzle of his chest, and in a short moment, it erupted.

"AHH!" "AHH!" You two damned things, I can't get the stellar nucleus, and you two better not think of it, I want to destroy the stellar nucleus, destroy everything! "

Nightmare King suffered a double attack, and it was two martial artists that were stronger than him. This made him go completely crazy, the tens of thousands of meters tall or even tens of thousands of meters tall black clouds rolled up, forming a black tornado. The tornado revolved in the entire Star Source, and immediately, the Star Source began to violently tremble.

"This guy is crazy!"

The Illusory King stopped his attack, and the Great Emperor of Heaven also retreated.

Nightmare King's actions had completely driven him crazy.

"This is bad, if this goes on, I'm afraid he will destroy his Star Origin. that would inflict serious damage to the resplendent stars! "

"Stop him!"

If this was a battle in the starry sky outside, the two of them wouldn't care if the Nightmare King went crazy, but this was a weak star source! For a moment, the two of them hurriedly stopped him!

But the Nightmare King's attack was already unstoppable. He didn't care if he was seriously injured, nor did he want the other two to succeed. Thus, his black tornado exploded at this moment!

#### Chapter 2056 - Heavy Treasures in Hand

Nightmare King recklessly erupted like a madman, causing the star origin to shake violently. Even the entire star began to tremble, and in that short moment, the planet began to shake, causing the earth to crack and crack. Earthquakes erupted frequently, rivers rushed into the sky, countless lands were torn apart, high mountains arrived, and a large number of buildings collapsed.

The people who were currently engaged in the Star Lord Battle instantly sensed the events occurring on the bright stars below.

"What's going on!"

"How can the bright stars be like this! "Oh my god!"

From their direction, one could almost see the disaster of the majority of the bright stars through the crystal quicksand. Fortunately, every single person within the bright stars was considered strong, otherwise, the changes in the mountains and rivers would have caused a large number of casualties.

Seeing the bright stars explode so violently, the ongoing battle for supremacy of the Star Lord also came to a halt. The third battle was nearing its end. As expected, once the Illusory Immortal Clan's Xiao Ding Yuan appeared, there were almost no opponents for him. Despite the Golden War God Clan and Nightmare Race's unusual moves, Xiao Ding Yuan was able to easily resolve them.

Seeing that the Illusory Immortal Clan was about to become the champion of the Star Lord Battle, and that they would end the battle in the first three rounds, which was a rare sight, the Illusory Immortal Clan's clansmen were all very excited.

Xiao Ding Yuan, Cang Wu and the rest naturally knew what had happened. The thing that Cangwu was most worried about had still happened. Indeed, the Fantasy King and the Great Emperor Mighty Heavenly Emperor had actually predicted that he would hand over the stellar nucleus fragment to the Nightmare King. Only by fighting amongst the star sources would they be able to create such a scene!

"How is this possible!?" What exactly happened to the resplendent star!?"

The grievances from below were already monstrous.

Cangwu's face couldn't help but turn solemn as he declared that the war for supremacy of the Starlord had been temporarily halted.

Long Chen was also looking at the movement below him. He could feel the star origin under him trembling intensely. Even an expert like Death God Netherwurm Lin Ming was attracted.

"Brother Chen, can you take this opportunity to run away and wait for the Taiji Creature Dragon?"

Ling Xi said weakly in the Divine Kingdom.

Long Chen shook his head: "No. The appearance of the Taiji Creature Dragon's inherited blood essence, was fast approaching. Even if we are lucky enough to escape Lin Ming's grasp, we won't be able to go anywhere else. If we anger this guy, we'll probably be beaten. "

Ling Xi was a little angry: "This old fellow is too hateful, he actually dared to slap you, and even looked down on you. If I was stronger than him, I would have definitely slapped him back."

"Don't worry, I will help you vent your anger."

Long Chen had already remembered this matter.

At this moment, the crowd burst into an uproar. Something big had happened.

The entire scene became extremely noisy. Long Chen hurriedly looked down, only to see a spot on the bright star that was actually bursting with extremely violent starlight.

"That seems to be the entrance to the Star Origin."

At that time, Long Chen had seen the blue star origin from that entrance.

At this time, the starlight above the entrance began to surge.

It seemed that they were all at the entrance.

The flashing starlight was right under everyone's feet.

At this moment, someone suddenly shouted, "Get out of the way, get out of the way!"

At this moment, no one knew what was going to happen.

Just when everyone was looking at each other in dismay, suddenly, a heavy explosion came from the center of the star origin, releasing a stream of violent starlight that rushed towards everyone. That beam of light was too dream-like, and instantly drowned everyone's line of sight, and its speed was extremely fast as well. In a short moment, a strong impact covered hundreds of thousands of people.

**BOOM!**

Long Chen's field of vision was also drowned by that starlight and the strong light forced him to close his eyes. That terrifying impact caused him to fly backwards and Long Chen had no choice but to protect himself.

"It seems like everything is in chaos."

Everyone was knocked away from their original positions, submerged within the starlight. The people from the Life Dragon City's around them, whether it was Lin Ming or Xing Yue, no one knew where they had gone to.

"Escape now?"

Long Chen took the chance and rushed towards the place he thought the Taiji Creature Dragon blood essence might appear in, at the same time, he was protecting himself, if he accidentally bumped into Xiao Ding Yuan, the other side could take advantage of the chaos to keep him, but this time, no one knew who did it.

All of their goals today was still for the Taiji Creature Dragon's inherited blood essence, but Lin Ming's constant restraints gave Long Chen a huge headache.

"Brother Chen!"

Suddenly, Ling Xi called out to him somewhat emotionally.

"What's wrong?"

Long Chen felt a strange sensation, he stopped moving his body, raised his head and looked around him. All he could see was starlight, and he couldn't see a single person, but he could hear the miserable screams of the crowd under the impact of the starlight. After all, the impact of Long Chen's physique was extremely small.

"Look below."

Ling Xi said anxiously.

Beneath him, was a miniature, resplendent star that shot towards him. Because the starlight was too intense, no one could see the resplendent star. That's right, this was the stellar nucleus of the resplendent star!

The stellar nucleus was originally in the Star Origin Realm, and it was faintly discernible, and extremely mysterious. But now it actually appeared in the starry sky, and should have been brought here by the impact, and the reason it was heading towards Long Chen was likely because the butterfly Illusory Sword Fragment on Ling Xi's body had attracted it!

Ling Xi said, "Brother Chen, I think that Illusory King, Nightmare King and Great Emperor Mang Tian are not present today. They might have violated the rules of the Star Lord Battle, fighting among the star sources for the stellar nucleus, resulting in a drastic change.

Long Chen muttered to himself, "To be able to become the Star Lord just by fusing with a stellar nucleus, it is obviously heading towards us. Xiao Xi, I will try to put it into the stellar nucleus and then you can slowly try to fuse it! "

"Me?"

Ling Xi's face was filled with shock, she had not even reacted to it.

Right at this moment, Long Chen did not retreat, but bravely advanced towards the stellar nucleus. Now that no one had discovered the stellar nucleus, it was a good opportunity. In the blink of an eye, Long Chen had already arrived beside the stellar nucleus.

The stellar nucleus was not big, about two meters in diameter.

Long Chen was very brave, he did not care about anything else, he just had one chance many times. He opened his Divine Kingdom and rushed forward, surrounding the stellar nucleus and entering into the Divine Kingdom, causing the stellar nucleus's light to disappear.

At this time, the starlight below began to dissipate, and the surrounding people began to stagger about. However, they gradually regained their senses and returned to their original positions.

Long Chen was stunned as he stood in the starry sky. At this time, he was focused on the Divine Kingdom and within the Divine Kingdom, stellar nucleus was floating there, quietly releasing bright light, like a shining gem.

At this time, the butterfly illusion sword on Ling Xi's body floated up gently and shifted away, merging with the stellar nucleus and was finally swallowed by the stellar nucleus. This was something that Ling Xi could not control, and she could only watch on blankly.

After swallowing the butterfly illusion sword, the stellar nucleus was still quietly spinning without any movement. Seeing this, Long Chen and Ling Xi finally calmed down.

"Although I don't know what to do, I'll just let it stay here for now."

Long Chen said.

He tried his best to return to his normal state, and looked around. By this time, the starlight had completely dissipated, and the bright stars below had undergone a huge change, which caused them heavy losses. But fortunately, they had managed to calm down in the end.

Everyone was floating in the starry sky. Some of them weren't lucky and were injured by the starlight, but most of them were still fine.

While they looked at each other, everyone returned to their seats.

"Long Chen."

Gong Qing first noticed him and brought him back to the Life Dragon City.

Lin Ming glanced at him and said disdainfully, "Do you want to take advantage of the chaos to escape? You do not dare to return to the Dragon God Domain? "

Long Chen did not know why, but the old man's scornful attitude made him especially angry, but the other party had trained for tens of thousands of years, which far exceeded his own cultivation, so he could only give up for now.

He said, "Are you joking? When I say return, I will definitely return. "

"Hur hur."

Lin Ming sneered twice and no longer said anything else. He looked at the others, but in reality, most of them did not know what had happened.

Right at this time, three figures rushed up from below. They were the Illusory King, Emperor Qing Tian, and the dying Nightmare King.

Nightmare King looked around with wide eyes and roared, "Where is the stellar nucleus? And the stellar nucleus? I saw the stellar nucleus get pushed here, where is it? "

When the Illusory King and Great Emperor Qing Tian felt everyone's puzzled gaze, they shut their mouths.

Right now, there was a war for supremacy between the Star Lords.

What the hell was going on?

In reality, when everyone saw the three Kings, they understood.

For a moment, with the exception of a few manipulators, almost no one could believe what was happening.

"Dream King!" Nightmare King! Emperor Qing Tian! There's still the Star Lord Battle going on here, and you guys actually sneaked into the Star Origin Realm to snatch the stellar nucleus! Breaking the rules of the Star Lord competition is a capital offense! "

"The Star Lords' Hegemony has been established by our Nine Star Alliance for countless of years, and it has always been decided based on the results of the Star Lords' Hegemonical Competition. It will decide the location of the Star Lords, and thus reduce the chaos in our chaotic star field! However, you guys actually looked down on the battle between the Nine Star Alliance and the Star Lord. This is a capital offense! "

In that moment, after they understood what had happened, hundreds of thousands of people were enraged. They were all following the rules and engaging in a war for supremacy, making it meaningless for them to do so!

## Chapter 2057 - The battle of stellar nucleus

To be honest, for the ten super planets to be able to settle down for so many years, the rules of the Star Lord Battle were extremely important. If it wasn't for the Star Lord's war, this place would have long been a battleground.

Facing the questioning and denouncing of tens of thousands of people, the Dream King opened her arms wide, and said, "Everyone, this has nothing to do with me. To tell you the truth, my Illusory Immortal Clan could have won the Star Lord Battle, but why would I want to enter the Star Origin? Am I a fool? If you can still be considered smart, then you naturally know that the one who broke the rules wasn't me, and isn't the Great Emperor of Heaven, but was instead the one who took the stellar nucleus fragment. He wanted to fuse with the stellar nucleus and become the Star Lord's Nightmare King during the war between the Star Lords, but he failed, because I and the Great Emperor of Heaven saw through him and stopped him! "

Beside him, the Great Emperor Qing Tian coldly said, "As for why Nightmare King was able to obtain the stellar nucleus fragment, it is something that belongs to the Star Lord Battle Champion and is under the control of the Nine Star Alliance. I heard that it is in the hands of the Primal Chaos Cangwu and I've already reached this point."

Everyone was silent for a moment. They looked at each other, then at Nightmare King and Primal Chaos Cangwu, and even the majority of the Alliance Masters in the Nine Star Alliance who weren't aware of this matter. Most of them had faith in the Star Lord Battle, since this was a sacred and fair battle.

This news disappointed most of the people in the Nine Star Alliance.

Long Chen stood outside, treating it as watching a show.

Everyone was still conflicted over the Star Lord's battle. He was still trying to figure out how to obtain the Taiji Creature Dragon's inherited blood essence. Soon, he would reach ten stars in a straight line!

At this time, the Nightmare King and Primal Chaos Cangwu were facing tremendous pressure.

If the Nightmare King had already become the Star Lord, Cangwu would still be able to use the Chaos royal clan's pressure to intimidate everyone. But now that the plan had failed, they had already lost their hearts, and it would not be easy for them to intimidate others.

When all the furious gazes had landed on the Primal Chaos Cangwu, his expression was calm, and he said: "Everyone, now is not the time to question me, what has happened has already happened. Under their intense battle, it seems like the stellar nucleus has rushed out of their Star Origin, and is just nearby. Otherwise, this war between the two Star Lords would have been meaningless to begin with! "

stellar nucleus's important matter successfully diverted the attention of a portion of the people, but there were still people clamoring, the things that Cang Wu and the others had done were too excessive, especially for the Illusory Immortal Clan, it was simply hard to accept.

The Dream King said, "Finding stellar nucleus is naturally very important. However, our Illusory Immortal Clan is close to victory, and the stellar nucleus fragment that belongs to us is in the hands of the Nightmare King! "Chaos Cangwu, how can you explain this!"

Most people yearned for fairness, so they sympathized with the Dream King, but the Nightmare King was still targeted by thousands of people. Amidst their curses and criticism, the Nightmare King sneered and said, "The stellar nucleus has already disappeared, do you think that you can become the Star Lord with the stellar nucleus fragments? Dream on! "

Cangwu was being surrounded by the Chaos royal clan. Due to the power level difference, everyone could only curse and not make a move against him.

"The war for the hegemony of the Star Lords is still not over, the Illusory Immortal Clan can't be considered the victor. I will take away the stellar nucleus fragment first and only continue the war when we find the stellar nucleus. The stellar nucleus Fragments, will be given to the Champion! "

Cangwu's words finally stabilized the hearts of everyone present.

Without a choice, Nightmare King could only hand over the stellar nucleus.

"You piece of trash, such a great opportunity, you've wasted it for me!"

His stomach was filled with rage. Today's plan had completely ruined Nightmare King's plans, but in truth, even he himself had not expected that the Dream King and the Mighty Emperor would be so shrewd. He even knew that he would break the rules of the Star Lord competition.

"Alright, the stellar nucleus fragment will be given to the champion. Now, everyone, where is the stellar nucleus?"

In reality, even Primal Chaos Cangwu himself was depressed. He had sensed the aura of the stellar nucleus before it appeared, but it had disappeared without a trace. There were too many people around here, so if the stellar nucleus was still here, it should be easy to find it.

All of a sudden, hundreds of thousands of people were searching for the stellar nucleus but it was clear that the stellar nucleus had disappeared.

In the middle of the Long Chen Divine Kingdom, the stellar nucleus was quietly revolving.

He remained calm and started to look around curiously.

"No!"

"No, where is the stellar nucleus?!"

For a moment, everyone became noisy once again, there were no stellar nucleus present.

The stellar nucleus could also not be in the hands of the Illusory King and the others, otherwise, they would have already started fusing them. Honestly speaking, without the stellar nucleus fragments, it was impossible to get close to the stellar nucleus, and it was very difficult to forcibly fuse them together, much less hide the stellar nucleus.

Under everyone's suggestions, Cang Wu began to use the stellar nucleus fragments to attract the stellar nucleus.

However, the butterfly illusion sword was much larger than the stellar nucleus fragment. In Long Chen's Divine Kingdom, the stellar nucleus was unmoved.

He sensed like this for a whole hour, but nothing happened.

Cangwu was extremely puzzled. "Everyone, it seems as though the stellar nucleus really disappeared." I'm not lying to everyone, probably because it's due to me leaving the star origin realm, I didn't even sense the existence of the stellar nucleus fragment. Perhaps there is only one possibility, that is that it was hidden by someone present, but without the stellar nucleus fragments, it is impossible to let the stellar nucleus have a peaceful time. "

Hearing this, Long Chen's heart tightened. It seemed that it wouldn't be easy for him to escape.

Fortunately, Lin Ming seemed to be of some use.

Sure enough, the Dream King scouted the crowd for a week before finally finding Long Chen. Now, under the pressure of public opinion, Primal Chaos Cangwu had no choice but to give her stellar nucleus to the victor of the Star Lord competition. As long as he could find his stellar nucleus, Xiao Ding Yuan could defeat one or two opponents and he would win.

He brought the group from the Illusory Immortal Clan and passed through the heavy crowd. Under the gazes of the crowd, he arrived in front of the Life Dragon City's team.

The Illusory King looked straight at Long Chen, and said, "Little fellow, I know that you possess the stellar nucleus lost by the previous Illusory Star Lord. The newly born stellar nucleus, must have been attracted by the worn-out stellar nucleus, and ended up in your hands, right?"

This matter was only known to the Illusory King.

These words immediately attracted everyone's attention. In an instant, everyone began to boil with excitement. For everyone, this was simply a heavyweight piece of news.

Hearing this, the Alliance Masters of the Nine Star Alliance all came over, and all the Rankers stared at the son of the Eternal Dragon Emperor.

You are from the Dragon Fighter, and are a human being. It is impossible for the human race to become the Star Lord of our chaotic star field, so in order to avoid a big war, you better hand over the stellar nucleus to us! "

Faced with such heavy pressure, and Lin Ming, whom he detested at the side, Long Chen knew what he should do. He pretended to be shocked, looked at the Illusory King, and said: "Illusory King, isn't your Illusory Immortal Clan and our human race in an alliance? Why are you slandering me? What kind of joke was this? How can I possibly get what none of you can get? Other than that, when did I possess any dilapidated stellar nucleus? "

The Illusory King sneered, "Stop quibbling. Open up the Divine Kingdom, and let us take a look and then we will know."

Long Chen said with slight anger: "Why do I need to open the Divine Kingdom? I also have my own secrets, it's impossible for me to obtain stellar nucleus, if you keep pestering me like this, don't tell me you are stalling for time, could it be that you have obtained the stellar nucleus? I think you are the descendant of the previous Star Lord, and the stellar nucleus he left behind should be in your possession! "

To be honest, Long Chen was just spouting nonsense.

But he knew that as long as he did not open the Kingdom of God, no one could be sure.

His goal was to get others to ignore Lin Ming.

As expected, he was immediately angered. With the fury of the death god, the explosive aura, aside from the level of the Dream King, caused everyone else to feel their hairs stand on end as they hurriedly retreated. Even someone on Xiao Ding Yuan's level didn't dare to stand in front of Lin Ming.

The only person who could confront Lin Ming was most likely Cangwu himself.

Lin Ming's eyes stared fixedly at everyone as he coldly laughed: "All of you dare to bully my human race, do you think that the people who bully my Five Dragon Cities do not exist?"

Just as he was about to speak, Long Chen said first, "The Illusory Immortal Clan are our allies, but they have reneged on the alliance first. Their methods are despicable and shameless, and if they see us Dragon Fighter in their eyes, then they won't imprison me, and won't completely ignore Senior Lin Ming."

In his eyes, whether it was the Chaos royal clan or the Illusory Immortal Clan, they were both small clans of the chaotic star field. They could not compare to the human race, and this kind of small clan dared to look down on him.

He said in a cold voice, "A mere small clan of the chaotic star field dares to not put us humans in your eyes? This is simply too laughable! Let alone that whatever stellar nucleus is not in our hands, even if it was in our hands, we can forget about taking it back! "

Long Chen knew that deep down, Lin Ming held himself in high regard and was extremely overbearing. Adding his terrifying strength, he could use Lin Ming as a shield.

He never expected that Lin Ming would be so arrogant, under his rage, just as he was about to make a move, Lin Ming sneered, that smile made the Illusory King feel a fatal killing intent, his entire body stiffened at this moment, in the blink of an eye, Lin Ming was standing right in front of him, his withered hand grabbing onto the Illusory King's neck.

His entire body trembled. He never thought that Lin Ming would actually be so much stronger than him!

After grabbing the Dream King, Lin Ming moved closer to him and sneered, "What Star Lord? You are the target of our cooperation? Do you believe that I will kill you right now! "

Seeing this scene, everyone began to piss their pants.

Chapter 2058 - 100,000 divine dragons

When the Illusory King was threatened, Cangwu couldn't watch any longer.

If one were to say that apart from the humans and demons, the rest of the people here were all from the chaotic star field, then Cangwu of Primal Chaos was undoubtedly the strongest expert present here. He represented the chaotic star field, and since his own people were being bullied like this, he naturally couldn't watch any further.

A punch condensed and shot towards Lin Ming.

He naturally knew that this was the only martial artist that could stand shoulder to shoulder with him. He had heard of the Chaos royal clan before, although there weren't many of them, their talent was basically equivalent to a high level divine dragon inheritor, or even a super divine dragon inheritor.

underworld general Lin's Fantasy King flew into the air and turned around to clash with Cang Wu. Their fists collided together in the blink of an eye!

This seemingly simple clash of fists actually caused a terrifying storm to erupt. Countless spaces around them caved in, causing an incomparably violent shock. Almost everyone present felt as if they were struck by starlight again, and was sent flying!

Lin Ming and Cangwu were blasted away from each other!

This was their first clash, and they understood even more clearly that their opponent's battle prowess was probably on par with them.

Lin Ming returned to the Life Dragon City's group and said with a cold smile, "Your strength is not bad. You can be considered the only one who has the ability to confront me. Everyone in chaotic star field, you live in this small world, all of you are frogs at the bottom of a well, this is very normal, but don't think that I, as a human being, am easy to bully, and my words are for now. No matter who it is, don't touch my people, or else I will make you pay a heavy price! I don't care if our people took your stellar nucleus or not! You guys didn't even bring out the evidence and you want to search me? "Do you think that I, Lin Ming, do not exist?"

They had realized that if they were to make a move on Long Chen, they would definitely have to engage in a life-and-death battle with Lin Ming. That would be a huge loss, with heavy casualties.

He asked, "Illusory King, are you sure that the stellar nucleus will be taken away by this little guy?"

If he wasn't sure, and Long Chen didn't have any stellar nucleus, then this battle would have no meaning at all.

In fact, he was just guessing, but because of his guess, the Nine Star Alliance suffered heavy losses, and even offended the human race, which seemed to be a bit costly.

Long Chen seized this opportunity and said loudly, "Everyone, everything that the Illusory King has said, is all his imagination. He had no basis at all. Furthermore, what he said was inconceivable, I was previously imprisoned by them, and after coming out, I have always been here, and after the chaos, I was able to take away the stellar nucleus? If the stellar nucleus was that easy to take away, it probably would have been taken away by the three of them already, right? "

Hearing this, everyone was still hesitant. Lin Ming was simply too domineering, and they had no choice but to consider the consequences.

While Long Chen was being interrogated, a majority of people were searching for stellar nucleus in the surroundings.

The situation became more and more chaotic. Long Chen obviously didn't want to hand over the stellar nucleus, but if this were to continue, forget about the inherited blood essences of the Taiji Creature Dragon, he didn't even know how he would escape this predicament.

"The stellar nucleus is a mysterious object, it's not that easy to obtain."

"Yeah, where did you go?" Could someone have hidden it? "Who is it?"

For a moment, everyone looked at each other.

Lin Ming snorted coldly and placed himself right in front of Long Chen.

heard his voice.

"Brat, don't tell me the stellar nucleus is not with you."

Sure enough, this Lin Ming wasn't an idiot, he had actually guessed it.

Long Chen did not answer.

He sneered: "Consider your work done well, stay here and guard it. When we return to the Five Dragon Cities, hand it over to the other Dragon Emperors. I can count on you for one more contribution. Even though it's considered redemption for your father, don't be happy too early, a mere stellar nucleus is not enough to save anything! You were born with a cheap life, so prepare to pay your father's debts in this lifetime! "

Hand it in?

Although Long Chen was unwilling, he truly realized that he was incapable, and could save the treasure that he had obtained, this was a very tragic thing. Even if he could obtain the blood essence of the Taiji Creature Dragon today, he probably wouldn't be able to keep it.

'Really helpless! '

Long Chen was a little emotional. Although he had the strongest father in this world, he relied on himself more than Primal Chaos Qun and the others to support him.

On the side of the Nine Star Alliance, they still could not find the stellar nucleus and everyone entered into a state of anxiety.

Lin Ming said to the humans in a deep voice, "Everyone, prepare to enter my God Kingdom. I will bring you all back to Five Dragon Cities! When our people become the Star Lords of the resplendent stars, we will make a comeback! "

Hearing Lin Ming's words, everyone was pleasantly surprised, and finally knew that Long Chen had obtained the Brilliant Stars.

If Lin Dong wanted to flee, no one would be able to catch up to him. Although the Primordial Cangwu was very powerful, it was impossible to stop him.

"You want to leave?"

Long Chen was even more frustrated and a little angry. The Taiji Creature Dragon had not appeared yet, but she was already about to be taken away.

Today, he felt extremely helpless. In front of these supreme experts of the world, there were very few things he could control.

Lin Ming made his preparations, and Long Chen was completely unable to resist.

Just as he was about to be disappointed, the starry sky suddenly changed, and a massive crack appeared. This scene was very similar to the one that occurred after the battle between the elites!

**BOOM!**

This was much more terrifying than Lin Ming. Everyone felt as if their lives would not belong to them at any moment, and Lin Ming, who was in the middle of it all, quickly stopped moving, his body was trembling and he was covered in cold sweat!

The old man looked up angrily and saw the pair of giant eyes staring at him. He gritted his teeth and said, "Star Lord Primal Chaos!"

That's right, the Starlord had appeared!

The people of Chaos royal clan simply wanted to cheer.

The Illusory King was also extremely excited. Now that he had broken off his relationship with the human race and was even more capable than Nightmare King, he had almost won the war to become the Star Lord.

The appearance of the Starlord of Primal Chaos had completely disrupted Lin Ming's preparations. It also made Long Chen realize that the situation was developing more and more uncontrollably.

The Chaotic Star Lord's silver-gray eyes stared at Lin Ming as he spoke in a mighty voice.

"Dragon Fighter, hand over the stellar nucleus and leave my chaotic star field!"

Hearing this voice, Lin Ming tried his best to resist, but he was still pushed back!

"Damn it!"

His eyes were bloodshot as he roared at the Primal Chaos Star Lord, "Primal Chaos Star Lord! "How dare you touch me!"

The Primal Chaos Star Lord said with a cold and detached voice, "Why didn't I dare to touch you? Besides that Unparalleled Dragon, if you anger me, all of you will die! Your human Five Dragon Cities is indeed strong, but don't piss me off, the stellar nucleus belongs to my chaotic star field. "Stay here, before I get angry."

No matter how unwilling Lin Ming was, there was nothing he could do.

Long Chen also had no other choice. Since the Starlord of Primal Chaos had appeared, the stellar nucleus must definitely return them.

He was also unwilling, but it was useless since he did not have a backer. No matter how talented he was, it was useless.

"Brother Chen, it's alright. We don't lack this anyway."

Ling Xi consoled.

Long Chen just wanted to give her another gift to help her become stronger quickly and keep up with his footsteps. After all, he advanced too quickly and it was very easy for him to leave her behind.

stellar nucleus were also very important treasures, they could at least transform into a Dao Artifact with at least 700 Dao patterns.

Moreover, the butterfly illusion sword was his, and now it had even melted into his body!

"Such a great treasure, and it's gone just like that!"

Long Chen felt as if a piece of flesh had been cut off, feeling incomparable discomfort. Today, he faced two important opportunities. One was the stellar nucleus, and two was the Taiji Creature Dragon's inherited blood. It wasn't because he wasn't strong enough, but because his advancing speed was already terrifying enough. It was just because he was alone and didn't have any peerless experts backing him up.

Facing a terrifying existence like the Primal Chaos Star Lord, who was almost at the same level as the Spirit King of the Spirit God Realm, he had no choice. And one of the strongest amongst the trillions of lives!

"Kid, give it back to them!"

Lin Ming's eyes were bloodshot as he helplessly said.

"Hand it over!" If you aren't a member of my chaotic star field, you still want to obtain the stellar nucleus! Hurry up and hand it over! "

"Yes, that's ours! You truly do not know your place. You even dare to be arrogant in our territory! "

"Hand over the stellar nucleus and get the hell out of chaotic star field!"

Countless people turned to look at Zhang Xuan and mocked him loudly.

Lin Ming had been arrogant before, but now in front of the Primal Chaos Star Lord, he was like a drowning dog.

"Hand it over!"

Seeing that Long Chen was slow, Lin Ming was angry and slapped him once again.

It seemed like he had not been this angry for a long time. Lin Ming had touched his bottom line again and again, and this was the first time Long Chen could endure his dignity, but this time, his eyes revealed a murderous light as he stared straight at Lin Ming.

Seeing Lin Ming taking action and Long Chen getting beaten up, everyone laughed at him.

"Hand it over quickly!" that so-called son of the Eternal Dragon Emperor! "

"Looks like the status of the Eternal Dragon Emperor's son isn't that high. He's already been whipped twice."

The ridicule from the crowd made Long Chen almost unable to control himself.

Seeing that he still dared to resist, Lin Ming was so angry that his lungs were about to explode. He shouted in fury, "You motherf \* cking dare to glare at me!?" "Do you believe that I will dig out your eyes!?"

At this point, he actually made a move.

Gong Qing and the others couldn't stop him even if they wanted to.

When the others saw their internal conflict, they laughed and watched the show.

The blood in Long Chen's body was boiling. He had had enough of this bird's Qi, but it had indeed triggered an even greater feeling of helplessness. He was merely a youngster, what could he do in front of so many strong warriors?

Lin Ming's despicable face made it impossible for him to retaliate.

His fingers grabbed at his eyes.

Everyone was watching the commotion.

Right at this moment, something that shocked everyone happened. Lin Ming suddenly knelt at Long Chen's feet, his entire body trembling, this scene was simply unimaginable, even Long Chen himself did not know.

Following that, countless dragon roars rang out from behind him.

Long Chen saw that all the people in front of him were looking behind him in a daze.

Surprised, he turned around. It was a hundred thousand divine dragons that blotted out the sky and covered the earth. They were heading straight for him!

Chapter 2059 - Yang You

Long Chen would never forget this scene.

How big was the starry sky? There was no lack of space in the starry sky anyway, and right now, a total of a hundred thousand Divine Dragons filled up the space behind Long Chen. Each Divine Dragon was a monstrous beast that covered the sky, and when all of them were gathered together, it created a scene that made everyone's minds go blank!

Long Chen's Sobbing Blood Dragon Soul could summon two million little dragons!

However, the killing dragon was only the size of an arm, and was only the size of a finger. It was estimated that even ten million slaughter dragons wouldn't be as shocking as the one hundred thousand true divine dragons here!

It was not only Long Chen, but facing this hundred thousand divine dragon that had suddenly appeared, even someone as powerful as the Star Lord of Primal Chaos, those enormous silver gray eyes of his, was in a state of complete loss for a moment. Outside of the resplendent stars, hundreds of thousands of clan experts were all dumbstruck!

In the face of so many divine dragons, Long Chen's side was completely silent.

It was as if he was in a dream. He even thought that this was an illusion of the Illusory Fairy Clan, or perhaps it was a nightmare of the Nightmare Clan, but he knew in the bottom of his heart that it definitely was not, because the feeling of shock he felt right now was so real!

His gaze swept across the numerous large divine dragons. There were countless low level dragons, red dragons, green dragons, golden dragons, and blue dragons. There were also many mid-ranked dragons, such as the Six-winged Red Dragon, Five-clawed Golden Dragon, Skysea Blue Dragon and so on, and there were also quite a few high-ranked dragons. Long Chen had seen many Heavenly Profound Jade Fire Dragon, Void Refining Demon Dragon, Golden Thunder Prison Dragon, Snow Wind Spiritual Dragon, Icy Horned Devil Dragon, Nine-winged Heavenly Dragon and so on, and there were even over a hundred super divine dragons. Most of them were nameless to Long Chen, but such as the Three Thousand Star Soul Dragon, Palace Lightning Dragon, Heavenly Palace Lightning Dragon, Octopus, and so on.

In that instant, Long Chen felt as if he had returned to the The Age of Dragons.

A hundred thousand divine dragons, this shocking attack, they all floated in the middle of the starry sky, not roaring, but when the hundred thousand gazes gathered on them, it was already terrifying enough.

As experts, they understood even more clearly that this was reality, not a dream, but a real divine dragon.

At first, they thought that it was the Five Dragon Cities's Divine Dragon, which was why they felt fear. But very quickly, they recalled that these divine dragons were definitely not coming from the direction of Five Dragon Cities, but from the direction of Heavenly Dragon Star!

In the entire chaotic star field, most of the warriors at the bottom level had very little understanding of Sky Dragon Star, but for powerhouses like the Dream King, they obviously knew how terrifying Sky Dragon Star was. Sky Dragon Star and Star of Destiny were two places they absolutely could not offend, there were Yaksha Clan in the past that wanted to occupy Sky Dragon Star and were exterminated miserably, but Sky Dragon Star did not display its full strength!

The Chaotic Star Lord was one of those people that had interacted with the Sky Dragon Star. However, even the Primal Chaos Star Lord and Sky Dragon Star didn't want to bother with him. Of course, the Chaotic Star Lord didn't dare to provoke him.

"It looks like the Dragon Fighter of Sky Dragon Star"

"Didn't they never leave Heavenly Dragon Star? Why did you suddenly leave? "

"I don't know. All along, they have never left Heavenly Dragon Star, yet now they are here."

"They're here to help these few Life Dragon City's people?"

"That's not right, I heard that Heavenly Dragon Star is a Dragon Fighter that is being exiled from Five Dragon Cities. They shouldn't help those people, right?"

In fact, their understanding of the Heavenly Dragon Star Dragon Fighter s was still very little.

This mysterious team, they've been stationed on Sky Dragon Star for many years already.

Just as everyone was shocked and silently backing up and discussing in hushed tones, the 100,000 divine dragons suddenly transformed into their human forms at the same time.

Amongst the experts of the myriad races, the Illusory King, Great Emperor Mighty Heavenly Emperor, and the Primal Chaos Cangwu were all looking at the Primal Chaos Star Lord. The sudden arrival of the Heavenly Dragon Star Dragon Fighter had completely messed up the affairs of the stellar nucleus.

On the Life Dragon City's side, other than Long Chen, the others had not even reacted to it yet.

At this time, the hundred thousand divine dragons had all transformed into human forms, the shock they had brought with them had lessened a little. However, when the hundred thousand Dragon Fighter gathered together, it was still very terrifying, especially when there were other terrifying experts hidden among them.

It was only at this moment that the Primal Chaos Star Lord's silvery-gray eyes finally stabilized. His gaze became incomparably calm as he asked in a deep voice, "Yang You, what are you here for?"

Yang You?

No one knew who Yang You was.

Besides the Primal Chaos Star Lord, most likely only Lin Ming knew.

Hearing this name, Lin Ming's face paled. He really wanted to stand up, but that terrifying formless energy was suppressing him, making him kneel in front of Long Chen. Even if he struggled with all his might, he could only make his own flesh and blood crack.

"Yang You?"

When Long Chen heard this unfamiliar name, his gaze searched the hundred thousand Dragon Fighters. No matter where the strong stood, they were all extremely dazzling, and all the warriors would focus on them. In the hundred thousand Dragon Fighters, it was very easy for Long Chen to find such a group.

The more powerful the dragon, the closer they would be to this place.

Of course, in the Sky Dragon Star Dragon Fighter, super dragons weren't really much. There were more than a hundred super dragons here, and all the strong and talented people were there.

Heavenly Dragon Star Dragon Fighter had almost half the power of Dragon City!

Among them, there were three that were probably the strongest, especially terrifying. The three of them were the core of everyone, and these three should be people that were much stronger than Lin Ming. They should be Star Lords.

Long Chen curiously looked at them.

The only difference was that one of them had white hair and white pupils, while the other had black hair and black pupils. The white hair on the left and right was an old man, one was black and the other was white, and the two looked exactly the same, the difference was that one of them had white hair and white pupils, while the other had black hair and black pupils.

The black-haired man was like a black whirlpool. He spun around gently, causing people to be unable to see his appearance clearly. Countless shadows converged on his body, turning him into a black hole.

Although they were separated by a long distance, Long Chen could still sense them. Compared to Lin Ming, who was at the late stage of the Seven Stars tribulation of reincarnation, they were much closer to the Divine Spirit. Star Lords were usually the warriors of the Eight Trigrams Rebirth, so these two should be Star Lords!

In the entire chaotic star field, there were only three to four Star Lords. Excluding the Star of Destiny, the Star Lord of Primal Chaos was the strongest, but in the Sky Dragon Star, there were only three Star Lords.

Compared to that white-haired old man with the same appearance, the one in the middle was even more terrifying, it was a woman, wearing a dark green long skirt, the hem of the skirt dragging the ground, fluttering in the starry sky, her face was covered by a veil, it caused people to feel confused, making it impossible to see her appearance clearly, but from her snow-white long fingers, it could be seen that she was a beautiful woman, especially a woman with charisma.

She was the core of these one hundred thousand Dragon Fighter.

Even the two old men in black and white were using her as the main character.

Long Chen guessed that the Yang You that the Star Lord of Primal Chaos was talking about should be this woman. Judging from the fear that the Star Lord of Primal Chaos had towards her, this Yang You's strength should be around the same as the Star Lord of Primal Chaos.

This was a rather strange woman. Long Chen actually felt a familiar feeling from her, as if they were definitely going to meet in another world. This made him feel moved and longing, and he wanted to talk to this mysterious woman, but he quickly shook his head.

Moreover, for Yang You to have such strength, she must be very old. At least on the level of the Holy Spirit.

Everyone looked towards Yang You's direction, the core of Dragon Fighter.

Long Chen was no exception, he was waiting, as though something strange was about to happen.

Right at this moment, Yang You spoke. Long Chen realized that her voice was extremely gentle, her soft voice was filled with the warmth of a mature woman, making one uncontrollably immerse themselves within it.

Yang You whispered, "I'm not here to find you." But he wants to punish you. "

These two sentences were really confusing.

The Starlord of Primal Chaos was also startled for a moment before he replied, "Yang You, I'm trying to find the stellar nucleus of the resplendent star. They didn't violate any of your Heavenly Dragon Star nor our agreement, so don't obstruct me."

Yang You did not respond.

"What is this?"

Long Chen was curious, why was Lin Ming still being controlled by someone? He didn't look like Yang You or the two Star Lord Dragon Fighters.

At this moment, Yang You took a step back. Only then did everyone notice that there seemed to be a dark shadow behind her. Everyone's eyes widened as they looked over.

That figure ...

When he saw this figure, Long Chen's heart throbbed even more intensely. That familiar feeling surfaced in his heart, causing him to be shocked. He stared fixedly in that direction, and as Yang You retreated, the figure became even more obvious.

In the blink of an eye, that man clearly appeared in front of everyone.

When they saw his appearance, all the higher-ups exploded. Lin Ming, who was kneeling in front of Long Chen, raised his head and looked in that direction. His eyes looked like they were about to fall out of their sockets.

However, when Lin Ming saw his appearance, it was like a bolt out of the blue. Lin Ming was completely dumbfounded.

"Eternal Dragon Emperor!"

Lin Ming could not believe his eyes.

Back then in the God Battlefield, what appeared was only the image of the Eternal Dragon Emperor, and today, this man dressed in black had actually appeared in front of him. No one dared to believe it, and Long Chen was naturally unable to believe it as well.

The shock he had suffered far surpassed everyone else.

Chapter 2060 - True Body of the Chaos Gods

The person who stood behind Yang You before, was none other than the Eternal Dragon Emperor Long Qinglan.

In the eyes of everyone, he was already long dead. He was truly dead, forever gone. No one would have thought that he would reappear in this world one day.

However, his appearance and demeanor were exactly the same as before.

He stood there without saying a word. He was already the ruler of the world. All life trembled before him. No one dared to make another sound. The shock in their eyes far surpassed the moment when a hundred thousand divine dragons arrived!

The reappearance of the Eternal Dragon Emperor was much more frightening than a hundred thousand divine dragons.

Everyone in the Life Dragon City felt like a fool, unable to say a single word. Long Chen was the same, he could not believe that it was true.

As for Lin Ming, he seemed as if he was being strangled by the neck, and his expression was hideous as he was in extreme pain.

Long Chen didn't know what to say.

Facing the people of the Eternal Dragon Emperor, was the Star Lord of Primal Chaos.

"Impossible!"

The eyes hidden in the crevices of the starry sky were incomparably shocked as he let out an earth-shattering roar. Even though he said that it was impossible, the Primal Chaos Star Lord was still afraid. The person he was most afraid of was the Eternal Dragon Emperor, so whether or not it was true, he would still turn around and prepare to flee!

His eyes grew dim, and the rifts in the starry sky began to fade away.

Even the Starlord of Primal Chaos fled. Everyone was so frightened that their faces turned pale.

At this moment, the man in black extended one of his arms and made a grasping motion in the air!

His silver grey eyes lit up again as he struggled non-stop, but he was unable to resist the power of the Eternal Dragon Emperor. In the blink of an eye, everyone saw the body of a silver grey colored huge beast being pulled back by the starry sky.

"Heavens!"

Everyone could not believe their eyes. The person who was being grabbed was the Star Lord of Primal Chaos, the supreme expert of the chaotic star field, a great figure who ruled over billions of lives, a legend in the hearts of all people in the chaotic star field, a lofty god. And at this moment, he was actually being grabbed in the air by the Eternal Dragon Emperor, pulled out from a crack in the starry sky!

His entire body was covered in a silver-gray fog and he had six thick arms. His eyes and everything else could not be seen and his appearance was extremely frightening, as if he could swallow everything in the world with his mouth. This was the appearance of the legendary ancestor of the Chaos royal clan, the Chaos God, who could only transform into this after cultivating to the deepest level.

Chaos royal clan was known as the Primal Chaos God's true body.

The Primal Chaos Star Lord's primal chaos spirit body was directly pulled out by the Eternal Dragon Emperor and it was in an extremely sorry state.

"Long Qinglan! How can you still be alive! "Even if you didn't die, why would you cause trouble for me? I didn't kill you, didn't you teach me a lesson back then!"

The Starlord of Primal Chaos was also a person of that era in the Eternal Dragon Emperor. He personally witnessed Long Qinglan's rise like a comet.

The current Star Lord of Primal Chaos was undoubtedly nervous to the extreme. He was thoroughly afraid, not afraid of destroying the mighty image that he had painstakingly established, and was rolling around in front of the Eternal Dragon Emperor s.

"Don't touch me, I didn't offend you!" What right do you have to teach me a lesson! Go deal with those humans who cursed at you. For all these years, the people of the Five Dragon Cities have never stopped slandering and ridiculing you. What does this have to do with me? "

Despite the Starlord's pleas for mercy, Long Qinglan's expression was still cold as he pulled him out of the crack in the starry sky.

His face stiffened, and raised his other hand, slapping it towards the empty space before him. In an instant, the Starlord of Primal Chaos let out a resounding slap, as if Long Qinglan's slap had struck his butt, sending his enormous body back into the crevice of the starry sky, causing the Starlord of Primal Chaos to let out a blood-curdling scream.

The current him was unable to continue acting arrogantly, and he was in an extremely sorry state.

He was like a mischievous child, being spanked in the butt, this kind of humiliation was unbearable, but at least Long Qinglan did not really do anything to him, after returning to the space crack, he immediately escaped, and in a short period of time, he disappeared without knowing where, the shocking scene just now ended, but everyone was in a state of shock.

In their hearts, the Chaotic Star Lord was the supreme existence, a symbol of fear. Long Chen was powerless against him, but now that his image had completely collapsed, everyone had the urge to laugh but was afraid.

So the primal chaos star lord could also be in such a sorry state.

In other words, the Eternal Dragon Emperor in the legends was too terrifying. He was the strongest warrior in the entire world!

After the Chaotic Star Lord left, the surroundings became completely silent.

Long Chen felt that he must have definitely had a ridiculous dream, that his eyes were already filled with tears, but he did not dare believe it, and never stopped thinking that it could not be true. Long Qinglan had said that he was already dead, and he would not lie to him again.

Thus, even though he was tearing, he still didn't dare to believe it.

"Brother Chen, quickly go and see him."

Ling Xi could feel the impetuosity in his heart, and that was Long Chen's goal for fighting so arduously. He was right in front of her eyes, and although Ling Xi could not believe such a thing had happened, she was happy for him.

Today was originally a sad ending, because the arrival of the Eternal Dragon Emperor and the one hundred thousand divine dragons seemed to be completely different.

Long Chen was unable to move at all.

After he had dealt with the Primal Chaos Star Lord, the hundred thousand divine dragons actually followed Long Qinglan's gaze and looked towards him.

Long Chen was incomparably nervous, what was going on now? Was that person really his father?

Why didn't he feel that familiar feeling?

It was not as intimate as the feeling Yang You gave him.

The hundreds of thousands of experts, the Dream King, the Primal Chaos Cangwu, and the others all felt their mouths going dry. They seemed to recall that Long Chen was Long Qinglan's son.

Everyone's eyes were focused on Long Chen.

At this time, Lin Ming suddenly let out a miserable scream. Under a huge wave of power, he circled around to Long Chen's front from behind Long Chen, knelt at Long Chen's feet, and raised his head to look at Long Chen. Everyone recalled Lin Ming thrashing Long Chen several times before, and couldn't help but feel a chill in their hearts at this moment.

It seemed as though the death god, the Netherwurm, was going to suffer.

"What does he want me to do?"

Long Chen was a little dumbstruck.

Long Qinglan's pair of cold and detached eyes were currently fixated on him, but Long Chen felt a hint of emotion within, causing him to become even more confused. But at this moment, he felt a frightening power gather in his right hand, this power did not belong to him, but he could control it ...

In front of him, Lin Ming was kneeling. His entire body was trembling and his face was pale as he looked at Long Chen.

The other party's face was so close to his.

Previously, I felt that I didn't have a backer to protect myself, which was why today's tragedy occurred and caused Lin Ming to slap me twice. But now that he's here, he taught the Chaotic Star Lord a lesson and even brought Lin Ming in front of me.

Even though the other party was looking at him coldly, Long Chen felt a strong sense of fatherly love, and was giving him a chance to retaliate. Of course Long Chen bore grudges, and Lin Ming had repeatedly disregarded his dignity and trampled on him in front of everyone, so Long Chen had long vowed to return everything that happened today to the other party. He thought that it would take ten years or a hundred years for him to accomplish this, but who would have thought that this day would actually come so soon!

At that moment, Long Chen gritted his teeth. In front of everyone, he unhesitatingly raised his right hand and used the boundless power that Long Qinglan bestowed to him, to viciously slap Lin Ming on his face!

"This is the first slap you'll get back at me. You're laughing at my birth! I'll return it to you! "

Pow!

This sound was earth-shattering. Lin Ming was sent flying, rolling countless times through the starry sky before finally crashing into the resplendent star. Immediately, the resplendent star trembled, and the mountain and river within it shattered once again.

Lin Ming's miserable cries simply could not be stopped.

Long Chen never thought that this slap would actually have such power. He was relaxed, and actually wanted to take half of Lin Ming's life. He knew clearly in his heart that this was Long Qinglan slapping him;

This slap caused everyone to shut their mouths, and their faces to turn incomparably ghastly.

Especially the Dream King, they had originally been working with the Life Dragon City, and then they fought against Long Chen's Butterfly Illusory Sword doctrine. They had gone against Long Chen, and when they saw that Lin Ming had suffered such a miserable fate, the Illusory King felt his entire body go soft, and he almost fell down.

"What do we do, what do we do!"

The Illusory King's face was filled with grief.

Xiao Ding Yuan hugged him and said: "Brother, brother, let's not be afraid. We didn't do anything to Long Chen either. "I'm fine."

The more he spoke, the more uncertain Xiao Ding Yuan became.

At this time, Lin Ming, whose face was once again covered in blood from Long Chen's slap, was brought back to his knees in front of Long Chen once more.

This time, he knew how terrifying it was, his entire body was twitching, like a madman, he kept on kneeling and crying in front of Long Chen: "Long Chen! You spared me, spared me, I saved you! I only slapped you twice, I don't have any bad intentions towards you, please forgive me, I beg you, please forgive me, after we return to Five Dragon Cities, I will speak up for you! "

Long Chen's gaze was calm, and he did not speak.

Seeing that, Xing Yue and Gong Qing immediately rushed forward to plead: "Long Chen, no matter what, he is still an elder. It's just that he has offended you for a moment, and he has also contributed a lot to the human race.

Lin Ming's appearance was vastly different from before. Seeing this scene, everyone's hearts turned even colder, especially the Illusory King, who didn't even dare to run anymore.

Long Chen looked at Lin Ming and said, "The contribution he has made towards the human race has nothing to do with me. Anything else has nothing to do with me. "I hate people who slap me, but I'm not that cruel or unreasonable. If he hits me twice, I'll hit him twice. If he can bear it, I'll spare her. If he can't, let him die!"

After saying this, he once again slapped Lin Ming's face.
