

War God 2071

Chapter 2071 - Reincarnation Demon Ancestral

That stellar nucleus was extremely unstable in the God Nation of Long Chen, and Long Chen didn't have the ability to control it either. It was unknown when the stellar nucleus would suddenly charge out of the God Nation and disappear. Therefore, locking the stellar nucleus in place was a top priority.

During the journey to Heavenly Dragon Star, even though Ling Xi was present, the stellar nucleus had already become very unstable, and would even affect Long Chen's cultivation.

As for the fixed method, the two dragon emperors were both Star Lord level experts, so they naturally had this ability.

However, there was one thing he needed to be sure of before he could do anything about it.

The Glowing Dragon Emperor said, "If we can keep this stellar nucleus in the lake and release it, it is very likely that we won't be able to control it. Therefore, once it was fixed, the young master's wife had to hurry and fuse it, so as to avoid any unnecessary troubles. During this entire process, it would be best for her to not leave Sky Dragon Star. With her current cultivation, I estimate that she will need two to three years. "

"In other words, Xiao Xi can't leave this place for two to three years?"

Long Chen asked.

The Glowing Dragon Emperor nodded his head and said with a red smile, "Don't worry, two to three years have passed in a flash. For us old fellows, this matter only happens in the blink of an eye. With Yang You here, nothing unexpected will happen."

On the other hand, Long Chen thought that in the future, he would have to go to the Dragon God Domain.

"Brother Chen, should I fuse them together?"

Ling Xi naturally wanted to accompany Long Chen and head back to the Dragon God Domain to fight.

Long Chen pondered for a moment, and said: "It's alright, it's only two or three years. Although I will return one day, I didn't expect to leave so quickly. How about this, after you finish integrating with the stellar nucleus, we can leave.

Long Chen said with a faint smile.

"That's fine too."

After making their decision, the Radiant Dragon Emperor and the Dark Dragon Emperor no longer hesitated. They both had a powerful ability to communicate with the gods, which almost suffocated Long Chen and made him extremely terrifying.

"Die'er, be more obedient."

Ling Xi whispered from the side.

Hearing this, the stellar nucleus became much quieter.

It seemed like the Nine Hell Illusory Butterfly held a relatively large lead amongst the stellar nucleus. This was also the reason why the stellar nucleus stayed in the God Kingdom and did not struggle free.

Under the control of the two Dragon Emperors, the stellar nucleus was sealed at the bottom of the lake. In an instant, the stellar nucleus seemed to have merged with the lake water, and the rippling lake water actually flickered and glowed like the stars, making it extremely beautiful. Ling Xi floated above the lake, looking like a goddess under the starlight.

Long Chen watched her from the lakeside. She was so beautiful that Long Chen couldn't help but smile.

A man's greatest achievement would be to be able to make her into the most beautiful and powerful girl like him.

"Enough, Young Lord. I won't disturb your beautiful two man world!"

The Glowing Dragon Emperor laughed and left with the Dark Dragon Emperor, leaving behind a smile on his face.

Long Chen arrived above this lake that was filled with light. In the deepest part of the lake, there were shining stellar nucleus s.

He could feel that the energy of the entire Heavenly Dragon Star was gathering towards this lake, providing an even greater help for Ling Xi in his cultivation and fusion of stellar nucleus.

If she could fuse with stellar nucleus, then her progress in strength would be even faster. Ling Xi's own bloodline was strong, comparable to Di Yu's. With the nourishment of the Ancestral Dragon and the help of the stellar nucleus, he might not be left in the dust just like this time.

Atop the lake's starlight, Long Chen hugged the beauty in his arms.

The stellar nucleus s were the same as the Sector lord Divine Arts, they were also an incomparably precious gift, but Ling Xi did not say anything more to express her gratitude. Everything that she had was shared. If she still wanted to thank him, then that would be too incomprehensible.

"I want to go to Dragon God Domain with you." Ling Xi said softly in his arms.

"Alright."

Long Chen nodded as he caressed her long hair.

Long Chen raised his head and looked up into the sky. It was a field of tranquility ever since he arrived at the Immortal God Realm. He had never thought that there would be such a peaceful time, which made him very nostalgic. However, he understood even more clearly that this was just a short period of peace and quiet. One day, he would still be pushed to the heart of the struggle, and he would fight against the entire world.

He rested his chin on Ling Xi's head, feeling the gentleness and warmth of the woman in his arms.

In reality, all the hard work was for such a peaceful embrace.

"You are the best gift that the heavens have ever given me." Ling Xi suddenly said.

The little girl who was unruly in Ling Xi's sword back then, was now a gentle and considerate little woman. The Long Chen who was arrogant and despotic like a hooligan back then, had now also become a calm and steady man. Time had brought about their growth.

Long Chen smiled slightly, and did not say much.

He knew two things in his life would be enough.

The first was to protect the woman in his arms.

The first was to repay his father.

Until late into the night, Ling Xi suddenly said: "It's been a long time since I've contacted xuanji sister, do you miss her?"

Long Chen was startled. Indeed, a long time had passed.

Perhaps she knew that there was some information regarding her in the chaotic star field.

The calm and silent woman.

"Contact her."

Ling Xi smiled.

For too long, they had been engaged in battle, hence they did not have this chance, but Sky Dragon Star was incomparably peaceful.

Long Chen then took out the star talisman that was connected to Li Xuanji. Activating it, the starlight condensed into the other party's face and appeared on the star talisman.

Being connected so quickly, it could only mean that she had probably been holding that Star Symbol all this time ...

The black-haired woman's eyes trembled slightly as she looked at herself ...

It had been a long time since he last saw him, and upon seeing this face, the image of the god of tai-su appeared in Long Chen's mind. The image of the entangled god of tai-su appeared, but that was not Li Xuanji herself.

Long Chen immediately stopped thinking about the situation.

"What's the matter with you?"

Li Xuanji calmed her emotions and asked quietly. Long Chen looked a little weird, and even a little red in the face?

She thought it was an illusion.

"Oh, nothing."

At this time, Li Xuanji stared at him and said: "It seems like I haven't contacted you in a while and I've heard about your matters. It seems to have been very busy all along, so I don't blame you for not finding me. "

"You didn't look for me either." Long Chen laughed.

Li Xuanji shook her head, she did not comment, but of course she did not dare to disturb Long Chen, she just did not have the courage to.

Leaving this topic aside, she seemed to be accustomed to Long Chen's heaven defying actions, and said: "So, you're on Sky Dragon Star now? That place should be very safe, so I can rest assured! "

"Yes!"

Long Chen nodded silently. He looked at her and there were countless conflicts in his heart that he was unable to explain. Li Xuanji was unexpected, and she didn't know how to deal with this kind of relationship.

Li Xuanji was rather carefree as she skipped over this topic and asked: "Then, will you be returning to the Dragon God Domain in the future?"

"I will definitely go back. The most important thing is still not done. "

Long Chen said.

"Oh, let me tell you something. Everything you did in chaotic star field caused a sensation in the entire human race. Right now, the entire Dragon God Domain is talking about you. It seems that because you killed Lin Ming, there are more people who hate and insult you. "They do not approve of you. It is as if they do not approve of your father. Thus, if you are to return, you must be prepared."

Her tone of voice was seemingly calm, but it was filled with concern.

Sure enough, the situation over there was not as Long Chen had expected.

"Don't worry, I won't be reckless."

In order to prevent Li Xuanji from worrying, he said this.

"Then it's good that Ling Xi is by your side." Li Xuanji suddenly asked.

"Yeah."

She pursed her lips, a smile appearing on her lips as she said, "Protect her well."

After he finished speaking, there seemed to be nothing more to talk about.

"Then I'll wait for your return." she said.

"Very soon." On this Sky Dragon Star, there were many opportunities to contact her, so Li Xuanji quickly worked hard to cultivate.

Starlight filled the field.

Just as Long Chen put away the star talisman, another star talisman suddenly lit up.

"Boss!" Long time no see! Where's Sister Ling Xi? For such a long period of time, I have never given birth to a little dragon for my young master to play with! "

The moment he connected with the Star Talisman, Cat was confused.

Appearing on the Star Talisman was a fat cat.

"Where did you go? Why hasn't there been any news for a long time?"

Long Chen had contacted him a few times, but they did not connect.

"Haha, I deliberately ignored you!" This young master is busy with you, so I have time to bother with idle people like you! "

The kitten said proudly.

Long Chen was too lazy to bullshit with him and asked: "Where are you now?"

The little kitten said mysteriously, "When I suddenly remember today, I showed you mercy and you looked at me. After all, you definitely missed me, and I was in one of the Four Great Demon Ancestral Cities of the Demon God Area, the Reincarnation Demon Ancestral City. I've been busy lately and have made a big breakthrough in my identity. I'll continue exploring and tell you about it when I find something bigger. "So be it. Goodbye!"

With that, he turned off the connection.

Cat's sudden appearance completely swept away the awkward atmosphere she had when she was in contact with Li Xuanji earlier.

Long Chen cursed this guy in his heart.

The two continued to shine above the starlight.

"Brother Chen, do you like xuanji sister?" Ling Xi looked at the starry sky.

Long Chen felt that he could not avoid it, so he said very straightforwardly, "Of course I like it."

"Oh, then let the three of us be together. I also like her, although she will definitely part of your love and I will feel a bit uncomfortable, but it doesn't matter. Otherwise, it's not like you guys can do it either. " She said with a sincere expression.

This

Long Chen smiled as he shook his head: "She won't be willing. She should be the type of person to would rather have their current relationship. But I would not leave her life, and she would not disappear. "It happens every once in a while ..."

Chapter 2072 - Destiny

The starry sky was shining brightly.

On planet Tian Long, the whirlpool could be clearly seen.

The hundred thousand Dragon Fighter basically did not like coming to this side of the planet. After all, the planet did not feel comfortable for anyone.

Yang You was clad in black, standing proudly under the black vortex.

The black vortex rotated and a strange force acted on Sky Dragon Star. It acted on Yang You's body and seemed to attract Sky Dragon Star towards the Demon Star.

Yang You's dress fluttered in the wind. Her eyes were as tranquil as water as she stared at the black vortex in a daze.

Gradually, some memories entered his mind.

"Young master, young master, from today onwards, You'er will be your maid. I will serve young master for a very long time."

In his memory, it was a wooden house that wasn't too spacious. A young man sat beside a desk, his eyes focused and studying a book. At the same time, he formed a hand seal with one hand and a change of hand gesture could be seen.

No one could compare to his concentration and seriousness.

However, there was a girl with a pair of whips on her back causing trouble. She was jumping up and down, seemingly cleaning the place, but in reality, her face was covered in dust, turning into a little kitten.

"Aiya!"

He lost his balance and fell off the beam.

Hearing the cry of surprise, the young man waved his hand and a stream of energy surged out and caught the girl firmly on the ground.

"Young Master, thank you for saving me!"

Just as she was about to take the opportunity to throw herself into his embrace, she saw that he was still focused on the manual in his hands, and his eyes did not even see her. The young girl could not help but become angry, just now, she deliberately fell on her own, no matter what, she was a martial artist, how could she fall so easily?

"Hateful fellow, what are you trying so hard for? It's not fun at all!"

The girl said angrily.

After a long while, the teenager finally stood up and looked out the window. His eyes were filled with confusion as he said, "You'er, let's go back to the Everlasting Dragon City."

"Where?"

Everyone looked down on her young master, but he said that they had to go back, and that this life was to prove to everyone that he was a genius, not a trash.

Along the way, they had experienced countless storms.

Yang You revealed a silly smile. The events of that time had enchanted her, but the surrounding cold wind had sobered her up. She couldn't help but think of another scene.

That day, he went to the Spirit God Realm to challenge the current Spirit King. Back then, he was not yet famous at the peak, but when he beat up Spirit King, who was high above him, the world was moved. The Eternal Dragon Emperor's name spread throughout the world, and that was the most glorious moment of his life.

However, when he defeated the Spirit King, he returned with a relaxed expression. At that moment, Yang You was waiting for him and she suddenly understood that there was nothing in this world that could stop him. He was the strongest person between heaven and earth.

He had defeated the Spirit King, and had only brought him to leave while keeping a low profile.

"You'er, I have fulfilled my oath." Walking in the fierce wind, the man's tone was filled with pride.

"Oh, is it about contempt?" Yang You responded.

"Yes!"

Because he was looked down upon, he did countless unexpected things. His rise was like a legend, and no one could stop him. The people who humiliated him because he was an abandoned child no longer knew where he died.

Although he was already the first person in the world, Yang You knew very well that he still couldn't be happy. He was blankly walking in this world, and Yang You was trying very hard to follow him, and the entire human race was cheering for him, but he didn't want to see the reverent and flattering faces of those people again.

He looked around in a daze at the world around him and said, "You Er, in the end, who do you think is controlling us? What is outside the Immortal God Realm? This world is being destroyed. There will be a day when they will all completely disappear. Why can't I become a true God? What exactly is this barrier that is in front of me? "

Yang You's heart ached for him. It was as if he had returned to his childhood and asked herself why others looked down on him. It was so helpless and pitiful.

"Young master, You'er doesn't know!"

Yang You struggled to follow him, and could only helplessly say.

"Forget it, you don't know. No one in the world knows about this, but I want to dig out all these mysterious things. I want to know why I can't become a god! I have clearly comprehended everything! I'm going to look for the source of all this! "

Yang You couldn't stop him.

She was just a maid. Although she was the person he trusted the most, she would never be able to keep up with his footsteps and reach his level. She could only watch from behind as he rose to prominence.

They also watched as he quickly died, becoming a regret.

One night several years later, he was heavily injured and found himself. He fell into Yang You's embrace with an incomparably passionate look in his eyes. He looked at the sky savagely and sneered, "I know what they are now? They want to eat this world! "

"What?" Young Master, what did you say? "

Yang You panicked as tears streamed down his face.

"You'er, you won't understand, because you're in the middle of it. You're puppets, and we're creatures in the stomach of others!"

Yang You really didn't understand. What was a creature in the stomach? What is a puppet?

She shook her head with all her might. At that time, he had already stirred up troubles for the Demon Star and the war of gods, and everyone in the world said that he had become a lunatic. This rumor spread throughout the world, and people started scolding him everywhere.

As a result, even Yang You was wondering if there was a problem with him.

Everything he said to her was so outrageous. His eyes were blood-red like a sea of blood, turning him into a demon. Yang You was sure that he had entered the demonic path, which was why she said such words that didn't understand him.

He roared furiously at the entire world, but the world was cold to him.

Yang You's heart ached to death. She approached him and hugged him, unable to bear letting him continue to be this crazy. She never thought that a peerless genius like him would have such a pitiful day.

"Yang You, I'm leaving. Even you don't believe me, and I still treat you like my own sister. You can roll away from me. From now on, I will no longer restrain you. You have your own life. Go! Find someone you love, the things I gave you are enough for no one in the world to bully you. "

He left resolutely. The next time there was news, he would be a corpse that would fall into the Everlasting Dragon City. At that moment, everyone in the human race would be overjoyed.

"Sister?"

At that moment, Yang You's stomach was filled with anger. Although she knew there was a huge gap between her and him, she didn't want the identity of a younger sister. She would rather be a maid than serve him forever ...

She had spent half of her life with this man. From the first admiration and adoration to the very end, she felt a deep sense of pity for him. Every time she saw him being alone and powerless, her heart would tear as well.

However, even if he had himself, he was still alone. No one could understand what he was fighting against, and even when he said something, everyone took it as a joke after he had become bewitched.

Yang You was no exception. After all, what he said was inconceivable.

"Heh heh."

Thinking of his lonely and proud figure, Yang You couldn't help but laugh.

In the blink of an eye, so many years had passed.

He was dead and alive, and everything about him was a mystery.

Yang You flew in the sky and, in the blink of an eye, had already flown past half of Dragon Star.

Her gaze suddenly fell on a lake that was emitting starlight. The lake was extremely beautiful, like a dream or illusion. In the center of the lake, the brightest light was coming from a man and woman who were peacefully hugging each other.

Seeing this scene, Yang You couldn't help but laugh, her tears falling as she laughed.

As if she had made up her mind, she suddenly looked towards the Demon Star. The whirlpool that was surging was extremely frightening, as if someone was talking to her.

"The world is drunk. He is the only one who is awake, yet he is treated as a beast race. "Laughable common man, laughable me ..."

He felt extremely regretful in his heart.

All of a sudden, she had trusted him, advised him, and allowed him to talk about things. Perhaps, this wouldn't have led to the current situation.

Long Chen didn't know that Yang You was in the distant sky.

"Xiao Xi, let's begin."

Long Chen smiled at her.

"En!"

The stellar nucleus was like a bright star with a diameter of around two meters and was bound by the two Dragon Emperors to the bottom of the lake. From tonight onwards, Ling Xi would cultivate while communicating with the stellar nucleus, until she began to fuse with the stellar nucleus, making her the Star Lord.

After becoming the Star Lord, although it was impossible for her to immediately possess the strength of a Star Lord, but the speed of her advancement would definitely be countless times faster.

If she reached the Brilliant Stars, she would be able to control the Brilliant Stars. Her battle prowess would soar, and she would even be able to defeat many powerhouses. At the very least, the Dream King wouldn't be able to do anything to her.

Ling Xi sat on the stellar nucleus and started to cultivate. The stellar nucleus gave birth to streaks of starlight and became as soft as ropes, wrapping itself around her body in a warm and natural manner.

"I don't think three years will be enough. Two years will be enough."

Long Chen predicted.

He also needed to complete a very crucial task.

That was to comprehend the cycle of reincarnation and attack the One Yuan tribulation!

He could feel that the One Yuan Tribulations seemed to be coming soon.

After passing through the tribulation of reincarnation, one would be able to open the path to becoming a god and become stronger! can also inherit the Taiji Creature Dragon's inherited blood essence.

He would work together with Ling Xi until they were even more powerful before returning to the Dragon God Domain.

The Heavenly Dragon Star was so peaceful, it was the best opportunity for him to comprehend the cycle of reincarnation and step into the tribulation of reincarnation without worry!

Chapter 2073 - One Yuan Tribulations

In the blink of an eye, a year passed.

On Sky Dragon Star, there was Yang You and the two Dragon Emperors protecting it, and there were also more than a dozen Seven Star tribulation of reincarnation warriors overseeing it. Unless the Primal Chaos Star Lord came again, there was simply no need to consider any safety issues.

Even Dragon Fighter of the Six Paths of Reincarnation would be able to do as they pleased in any place in the Immortal God Region. And on Sky Dragon Star, there were many fighters at this level.

The Four Symbols tribulation of reincarnation, the Five Elements tribulation of reincarnation, were even more so tens of thousands of them, and were the backbone of the Sky Dragon Star's practitioners. However, Long Chen's current strength was not too far off from this level.

Metal, wood, water, fire, and earth, these were the five basic materials that constituted the entire world. Under the five stages of tribulation, one could cross over and absorb the origin energy of matter, transforming the Power of Reincarnation into the Power of Reincarnation, and begin to absorb the surrounding origin energy of the five elements. This was much stronger than the Four Symbols' tribulation of reincarnation, and could even change the structure of matter, allowing one to do as one wished.

When Five Elements tribulation of reincarnation warriors use Power of Reincarnation s, not only are they strong and endless, their origin energy is also terrifying. This is when the power of the tribulation of reincarnation warriors truly erupts, so the Five Elements tribulation of reincarnation warriors are much more terrifying than the Four Directions tribulation of reincarnation warriors.

In terms of the true power level, there was still a huge difference between Long Chen and the Five Elements tribulation of reincarnation warriors. However, although the Five Elements Source Energy was tyrannical, it was not as good as Long Chen's Primal Divine Powers.

On Sky Dragon Star, Long Chen had never lacked opponents.

At this very moment, he was battling a supreme divine dragon, the Vast Sky Explosion Flame Dragon!

The Azure Sky Burst Flame Dragon was a Dragon Fighter of the early stages of the five element tribulation of reincarnation, its fighting strength was extraordinary. If it was an ordinary practitioner of the same realm, they would definitely not be his match, but in front of Long Chen, he was being forced to retreat step by step!

At least a thousand people were watching from the surroundings, and Ling Xi was also beside them.

The crowd clamored with excitement.

"Young master!" Beat him up, you will be able to kill 10 people today! " Zhang Huiling and the other little dragons shouted that they were leaving.

This Azure Sky Bursting Flame Dragon was Long Chen's tenth opponent for today.

The first nine were a little weaker than him, but they were also in the same realm. They possessed the power of the five elements, and under the bombardment, the mountains exploded and rivers evaporated, causing everything to quickly dissipate under the power of the flames, especially the Vast Sky Explosion Flame Dragon. Under the bombardment of the flames that were dozens of meters in diameter, Long Chen was unable to resist!

"You can do it, Young Lord!" "Kill them all!"

Everyone shouted.

There were also people cheering for the Flame Dragon.

The battle was so intense that no one dared to approach.

Long Chen hadn't even taken the shape of a dragon when he was already fighting the Flame God Dragon.

Just as the opponent was about to attack, Long Chen squinted his eyes and casually moved.

"The Tempest of Time!"

As it swept through the air, all of the hundreds of Blazing Flame flame sphere dispersed and the Azure Sky Bursting Flame Dragon was sent flying. It flipped over in the middle of the river and stirred up splashes of water all over the sky.

He had already lost, thus he changed into his human form, awkwardly saying, "Young Lord is brave and fierce, I am not his opponent."

Long Chen had already fought ten battles today, and he was a little tired. He bid farewell to the rest and returned to the lake with Ling Xi.

During this year, Ling Xi had already reached the tri-level tribulation of reincarnation, and her progress was extremely fast, something rarely seen in the world.

At the same time, she had already started fusing with the stellar nucleus a long time ago. Today, she had nearly succeeded by half, and in another year, she would be able to do so.

"Wait."

Long Chen suddenly stopped in front of the lake.

"What's wrong?" Ling Xi turned her head and asked.

Long Chen closed his eyes as he searched for that mysterious feeling.

"That should be it. The One Yuan tribulation is coming."

he said softly.

"AHH!"

Ling Xi had experienced a hundred lifetimes of reincarnation, so she knew how terrifying One Yuan tribulation was.

"Don't panic, it's not a problem. What's more, don't I still have the god's chosen liquid?"

Long Chen said with a smile.

Over the past year, they had built many wooden houses around the lake. Ling Xi had made the place look very beautiful.

Long Chen entered the room and sat down cross-legged.

He did not intend to use the god's chosen one.

As for the reason, he wanted to experience the power of reincarnation. If he used the god's chosen liquid along the way, then it would mean admitting defeat to the Heavenly Dao. He was unwilling.

How could a mere Heavenly Dao make him submit!

At this time, the two Dragon Kings and Yang You came outside.

"Are we finally going to welcome the One Yuan tribulation?"

They stood outside and did not come in.

"Madam, don't worry! With his capabilities, a mere One Yuan tribulation is nothing. " The Radiant Dragon Emperor chuckled.

Ling Xi nodded, then sat down outside the hut: "I will wait for him here."

"Mm, what's the matter? We'll be coming over." Yang You wasn't nervous at all. After he finished speaking, the three of them left first, leaving Ling Xi alone.

Looking at the man who seemed to have fallen into a deep sleep, and thinking back to his experiences of one tribulation, Ling Xi's eyes still showed some worry. Long Chen's 100 lifetimes reincarnation, what would happen to him?

Or could it be that he was an Ancestral Dragon, and his Hundred Samsara was the same as everyone else?

Long Chen felt that his surroundings had become pitch-black. He staggered forward, and the memories in his mind actually started to quickly dissipate, as if everything was sealed up and sealed away.

Long Chen found that his hands and feet were immobile, his mind was a complete mess, and he had even forgotten who he was. At some point in time, he realized that he should have been in the middle of a lake, his surroundings were filled with viscous liquid, and it was extremely difficult for him to even move a single inch.

"Who am I? Why am I here?"

His surroundings were blurry and he couldn't sense anything clearly.

At one point, he suddenly opened his eyes and saw the world. He discovered that he had become a newborn baby, but he had forgotten everything, even his words.

He began to look around the world with curiosity.

The woman on the bed was very vague. Just who was she?

There were still a few people at the side, and they were all very noisy. No one knew what they were talking about, but a man in the corner was quietly looking at them, and that pair of eyes made Long Chen a little afraid.

Then he was lying on the bed with the woman. She was blissfully stroking her head.

It wasn't until late at night that the man in the corner of the room stood up and carried her away. The woman wanted to object, but the man tapped her lightly and she fell asleep.

After an unknown amount of time, Long Chen was carried by that man to another place. What made him curious was that the woman on the bed appeared again, only her actions were different from before.

"I will use this body to rebirth."

Long Chen heard what the man said clearly.

The woman didn't say anything as she silently looked at him.

The man placed Long Chen on the ground, raised his head and looked towards the sky, then said: "Only by changing my body, can I escape their control, but I also have to continue inheriting everything from me, so I can only use this method, my son's body, to allow me to be reborn anew!"

Long Chen was shocked, he did not know who he was nor did he know who he was, but was he going to kill him? Long Chen felt this way, so he was very afraid.

The woman still didn't say anything. She silently cried on the side.

The man carried himself up once again. His face was originally filled with ferocity, but when he saw Long Chen's fearful eyes, he suddenly froze and stared for a very long time.

"Why aren't you starting?"

the woman asked.

The man said in a daze, "He ... He is a new life form ... He is my son?"

"Our son." The woman said.

"Oh!"

The man shook his head, he stared straight at Long Chen, he clenched his teeth and let go, in the end, he placed Long Chen down and quietly laid on the ground, staring at the sky.

"What are you doing!?" Hurry up and live! Save all lives! "

The woman suddenly burst into tears and started slapping the man, but the man remained unmoved.

After a long while, he finally turned over and his large palm gently caressed Long Chen's head. I can't do it anymore. "

"Why?!"

The woman said painfully.

The man gritted his teeth and said, "I don't know. I thought it was just to create myself, but when I saw him, I couldn't do it. He's my son, my son. I can't do it even more!"

"Then do you want to die? "For the sake of this newborn child who has yet to reach consciousness, you are willing to give up your struggles, your everything, your destiny, and your hatred. All of this is something that you have worked so hard to obtain, the world is about to be destroyed, and life is on the verge of extinction. Why do you suddenly have such a thought?"

The woman shook her head in confusion.

The man suddenly smiled and said with a bitter smile, "I don't know either. I don't know that you're looking at him. He's a new life. Life cannot be desecrated. If it were you, would you be able to do it?"

The woman's face was filled with shock as she looked at Long Chen. Long Chen's mind was a mess, he only remembered that this woman seemed to be lying on the bed, and she was very close to him. Thus, Long Chen also tried his best to wave his arm towards her and smiled.

The woman was also stunned. She shook her head in disbelief and said, "It's not like that, it's not like that. Our initial goal was like that, right? His life shouldn't have existed in the first place!"

"But he has already been born."

The man said firmly.

"But what about this world?" The woman burst into tears.

The man suddenly laughed. He caressed the woman's long hair and said, "I will leave everything of mine to my son. I cannot be reborn again. I don't know if he's willing to carry on my mission, but there's nothing I can do. I have to rely on him, but I have to go. "

The woman left while crying. She grabbed onto the man's hand and said, "You can't be so hasty and decide, this is completely different from what you expected. How can you give up on yourself just by looking at him? You didn't say that at first. "

"I wasn't thinking like that in the beginning. I can only say that it's all fate!"

Chapter 2074 - A New World

Long Chen had already completely forgotten about the day he was born. The murkiness in his mind gradually became clearer, and he began to recognize this world. He once again remembered his previous journey.

Since young, no one had managed it.

His father was a zombie, and his mother had never looked at him directly.

Growing up in a struggle since he was young, it formed his tough personality.

Honestly, looking back, the first sixteen years of his life were actually very important, and it was the oppressed environment that made him so tenacious in spirit and will. To pave the way for his future development.

In his stupor, when he was sixteen, his father, who had never cared about him, died and gave him a Mysterious Dragon Jade.

His life underwent a rapid transformation, soaring into the sky.

That year, he met the woman he loved the most in his life and she left. He followed her all the way to Three Great Imperial Domains.

That year, his father reappeared in his life once more. Carrying out his father's last wish, he charged into the Immortal God Realm, from the War God's Ancient City to the battlefield of the gods, from the Spirit God Realm to the Demon God Area. In the end, he rose up among the chaotic star field.

He'd crushed almost all of his peers.

Any genius was a joke in front of him.

Later on, he arrived on Sky Dragon Star.

That day, he defeated ten Dragon Fighters and followed Ling Xi back to the lake.

He suddenly became vigilant, as if there was something inside the wooden house waiting for him. He sped up his footsteps and actually saw Ling Xi sitting at the door of the wooden house, worriedly looking inside.

"Xiao Xi, why are you so fast?"

He remembered leaving Ling Xi behind, why did he suddenly come to this place?

He looked inside the wooden house and saw something that made him extremely shocked. It was him!

He was sitting in a wooden house, sweating and suffering, but he was still holding on.

"I ... he is me ..."

Something had suddenly exploded in Long Chen's mind.

He remembered everything. He was fighting against the One Yuan tribulation.

His reincarnation tribulation was different from everyone else's. Everyone else had gone to a foreign world, experienced hundreds of lifetimes, and stepped onto the road to becoming a god from there. However, Long Chen's reincarnation cycle was different.

"Am I my own reincarnation?"

Long Chen smiled faintly. It was over, he walked over in large strides and fused with his seated self, Long Chen now knew that the power of reincarnation started to sprout within his body. That was the power bestowed by the One Yuan tribulation.

If it was anyone else, the power of Samsara would devour the power of Nirvana.

However, Long Chen did not. The power of Reincarnation did not devour the Primordial Divine Powers, but complemented and complemented them instead. The duo powers became even stronger. The power of reincarnation seemed to have been injected into his body. In a short period of time, the number of people had already surpassed the Primal Beginner Divine Powers. The Primordial Divine Powers were attached to the power of reincarnation, encouraging the growth of the power of reincarnation.

His power of reincarnation may not be strong enough compared to others, but it was at least the root. It would inevitably become a towering tree in the future!

The boundless Grand Beginning Divine Powers and the mysterious One Yuan Power of Reincarnation caused Long Chen's aura to rise under the fusion, and he suddenly surpassed his own limits once again. After many efforts, he finally reached the tribulation of reincarnation.

His goal was to become a god, and now he had taken the first step.

Of course, his strength was much stronger than the other One Yuan tribulation of reincarnation practitioners.

Although he didn't know how strong he was, at least he wouldn't be a match for anyone below the five element tribulation of reincarnation.

However, it was a pity that he had forgotten about his birth and had never thought about it again.

"My One Yuan Tribulation was actually this simple. Nothing happened. I just walked my life once more?"

Long Chen was completely stunned.

How terrible he thought it was.

It seemed that the rate at which his tribulation of reincarnation progressed would be extremely fast.

He only had to relive his own life once more. Everything that he had once forgotten was still fresh in his mind, giving him a lot of thought.

"Brother Chen."

Ling Xi slowly walked over, her beautiful eyes were filled with excitement, and for this period of time, she was completely worried out of her wits.

Long Chen said, "This One Yuan Calamity of mine is truly strange. The cycle of reincarnation, which you have lived through for your entire life, has come to an end. "

Ling Xi did not understand, so she explained the entire process to her.

"How can this be? Is this the difference between Ancestral Dragons and Ancestral Dragons? "

Even if Ling Xi cracked her little brain, she still wouldn't be able to understand.

At this moment, Yang You was already standing outside.

"Aunt You."

Long Chen immediately walked out.

However, when he saw Yang You's delicate body, which was covered by a veil, his mind suddenly trembled. The feeling this woman gave him seemed to be very strange, as if she was hidden in a myriad of mysteries that he could not fathom.

"Did I succeed?"

Yang You said gently.

There was a hint of surprise hidden in her words.

Long Chen's heart relaxed as he nodded: "En."

Yang You said: "Then we will inherit the Taiji Creature Dragon's inherited blood essence. This is just in time. "

Long Chen himself was looking forward to this.

The slaughter of the body, the Great Void Primordial Spirit, the life of the Divine Kingdom!

This was the third step!

"Xi Er, come out with me." Yang You said that and left with her hands behind her back.

"Yes." Ling Xi nodded, glanced at Long Chen once more, and said, "Do things with caution." After that, he left with Yang You. With them around, it might affect Long Chen.

"The ancestral dragon-inherited blood!"

The third drop of the Five-coloured Inherited Blood was quietly floating in the middle of the Great Void Realm.

Long Chen naturally did not know how to use the Divine Kingdom to receive the Taiji Creature Dragon's inherited blood essence, but he knew that perhaps as long as he could transfer the blood essence into the most mysterious Divine Kingdom, what should happen should happen.

At a critical moment!

Long Chen crossed his legs and sat down.

In the Great Void Realm, the fifteen colored blood droplets transformed into a huge dragon with fifteen dragon heads, coiling around the Great Void Realm.

Life, elemental energy, the sun, moon, stars, mountains, trees, rain, thunder, etc.

At a glance, the Taiji Creature Dragon had already become the shadow of the vast world. Life and elemental energy, the sun, moon, stars, etc.

Long Chen carefully transferred the inherited blood essence to his Divine Kingdom.

When the fifteen colored blood droplets flew into the Divine Kingdom, Long Chen felt as if the entire Divine Kingdom was boiling. They had long been welcoming the arrival of the Taiji Creature Dragon's inherited blood essence.

All the secrets were on the Dragon Jade Dao Seal.

This was because the mysterious Divine Kingdom was caused by Dragon Jade.

It started to tremble, as if a divine dragon was roaring inside. The fifteen colored droplets evolved into a divine dragon that covered the sky and covered the earth, evolving into an endless enormous world that overlapped with Long Chen's original divine country.

The original Divine Kingdom began to collapse.

Especially those regions that Long Chen was unable to control, they were disappearing quickly, shattering like glass ...

Long Chen finally understood that these uncontrollable territories were actually all fake, at least most of them were fake. Long Chen had really thought that his Divine Kingdom was just too huge.

However, when the fifteen colored blood droplets had completely assimilated into his own Divine Kingdom, it was possible for Long Chen to discover that the Divine Kingdom had become an endless world.

His Divine Kingdom had turned into a new, real world. This was a piece of land, and the shape was actually a Divine Dragon, and there were fourteen peaks within it - the peak of elemental energy, flames, the sun, the moon, and even the accumulation of corpses and bones.

Thunder and rain began to cover these worlds, making him real. He was no different from the outside world, and he was also a brand-new world.

This world was vastly different from an ordinary kingdom of God.

An ordinary Divine Kingdom simply wasn't the real world. They wouldn't have the sun, the moon, or the stars; they wouldn't have a metabolism.

But there was one in Long Chen's body.

This should be the so-called life form of a Divine Kingdom.

The fourteen peaks formed this new world.

Compared to the Immortal God Realm, he was indeed too small, and the land mass was not even one tenth of the size of Sky Dragon Star. It floated in the middle of the starry sky, and Long Chen could not see beyond the starry sky, but he knew, as his strength increased, the world inside his body would also grow. This kind of growth was like a young dragon becoming an adult dragon.

Long Chen could also use the power of this world.

He was the true ruler of this world. In this place, if there was wind, there was wind. If there was rain, there was rain. He could change everything. This world was just like his body.

Even a deity would not be able to do this.

At this time, his Divine Kingdom had already surpassed the definition of a Divine Kingdom.

With the fusion of the Taiji Creature Dragon's inherited blood essence, this place had become a new world.

The Primordial Blood Spirit Dragon's growth was the growth of Long Chen's body.

The growth of the Great Void Cosmic Dragon was the growth of Long Chen's primordial spirit.

And the growth of the Taiji Creature Dragon was the growth of this brand-new dragon-shaped land in his God Kingdom. This dragon-shaped land was also a part of Long Chen's body.

"Aooo!"

The Spirit Snow Dog had always been staying here, but it had been forgotten by Long Chen.

At this moment, it widened its eyes as it watched the world change. It ran around in excitement.

A ray of light rushed towards Long Chen's primordial spirit, forming a fourth seal on his forehead.

It was a green life seal, a symbol of life and creation.

At the same time, Long Chen was able to mobilize the entire dragon-shaped continent's power. Although it wasn't very strong, as long as it grew, it would definitely be comparable to Long Chen's other powers.

There were fourteen types of power hidden within the fourteen peaks!

Under Long Chen's summons, thunder, sun, flames and ice powers burst forth from his body. The fourteen types of powers were simply superb, each type of power contained a type of sacred art, allowing him to completely comprehend in his short life.

He seemed to have realized that he had become an all-round warrior. He could call the wind and summon the rain, there was nothing he couldn't do.

Chapter 2075 - Bloodlust

The Dao of Life Seal was also the creation of a Dao Seal.

To walk the path of creation, the first thing one needed to do was control. The cultivation of the Life Seal began with control. Long Chen had just absorbed the blood essence of a Taiji Creature Dragon and had already mastered fourteen types of powers. The power these fourteen types of abilities were called the Fourteenth Sacrifice.

Sacrifice of Thunder, Sacrifice of the Sun, etc.

If the power of the Fourteenth Sacrifice was used in battle, it might not necessarily be much weaker than the Tempest of Time and Blood Spirit Spikes.

On the Great Void Cosmic Dragon's primordial spirit, the Life Dao Seal was located to the left of the Slaughter Dao Seal. There were a total of four Dao Seals, and among them the Dragon Jade Dao Seal was still at the center of the Great Void Cosmic Dragon's primordial spirit.

This was also the most mysterious thing on Long Chen's body.

To this day, he still knew nothing.

But Long Chen was not in a hurry, he carefully sensed the newly born world's energy. That piece of land was Long Chen's body that was on another plane of existence, he could make his own body make any changes, such as pulling up a tall mountain, and creating a sun. These were all miniature, and could not be compared to the real world, but it was still a seed.

Long Chen was really looking forward to his growth.

From the lowest level of spirit energy, all the way to the Nirvana Qi, to the Five Elements Source Energy, they were all formed from spirit energy. However, in the new world, the mountain peak formed from spirit energy was the link between's Primal Beginner Divine Power and the power of Samsara, forming a cycle with the peak of spirit energy as the medium, Long Chen could use the power of the new world as a part of his battle power, and his power could also be poured into the new world, nourishing the growth of the new world.

As his strength increased, the new world would grow like a child.

From this new world, Long Chen felt that the existence of such an inconceivable thing in this world was definitely beyond everyone's expectations.

Long Chen was suddenly very much looking forward to what would happen to him in a few decades, a few hundred years, and a thousand years.

It took him one day to completely master these three Ancestral Dragon Arts. From today onwards, he would have the body of a three-layered Ancestral Dragon. This was definitely something that was rarely seen in the world!

Only Yang You and the two Dragon Emperors were aware of the matter of the Taiji Creature Dragon inheriting blood essence. However, they were loyal people who would not leak the secret.

Knowing that Long Chen had succeeded, they finally heaved a sigh of relief. This way, they wouldn't be so worried, even if Long Chen had returned to the Dragon God Domain.

In the following period of time, Long Chen continued to cultivate, research new inherited blood essences, and familiarize himself with the power of reincarnation, while Ling Xi continued to work hard to fuse with the stellar nucleus. In the process, Ling Xi obtained the help and nourishment of the stellar nucleus, and her strength would increase at a rate not inferior to Long Chen.

Under the tranquility, everything seemed to flourish.

The one hundred thousand divine dragons on Sky Dragon Star gave Long Chen a sense of home. Within a year, he had already completely merged with this place and became a part of them.

They were open-minded, free, and carefree. They respected themselves, loved and protected themselves, the strong protected themselves, and the weak worshipped themselves.

Long Chen felt that he was the hope of this huge family, as if everyone was living for him.

In the process of his rapid progress, he had become one with the 100,000 divine dragons.

That day, Long Chen sat on top of a tall tree, and beside him was Zhang Huiling the Black Flame Tyrant Dragon.

Long Chen looked into the distance and said, "Ling Zi, from the moment you were born, you should have lived on this Heavenly Dragon Star. Do you want to take a walk?"

"Yes, of course!" Zhang Huiling excitedly stood up on the tree trunk.

He puffed out his chest and said: "My father said, the Eternal Dragon Emperor is the world's greatest person, he is also the world's unrivaled super strong expert, his idol, also my idol. One day, I will also become his kind of powerful expert and lead our Sky Dragon Star's martial artists back to our home, regardless of whether they approve of us or not, we will subdue them all! This is my dream! "

"Oh ..." Long Chen had more or less understood. A hundred thousand divine dragons had been exiled here, but they were unwilling. Therefore, they needed someone to lead them. They had been waiting here for a long time, or perhaps they were waiting for him. For a moment, Long Chen felt some pressure.

"Rest assured Young Master, I will quickly become strong and become a genius like you. At that time, I will lead our Dragon Fighter and return to the Dragon God Domain honorably. No one will stop us because we are strong enough!"

Zhang Huiling chuckled.

"Your wish will surely come true."

Long Chen stood up from the tree trunk.

Faith was the strongest strength in his heart. A year of silence and the battle that belonged to him was about to arrive!

Charging, berserk, unwilling to let go, Dragon God Domain!

Long Chen not only returned on his own accord, he even brought the hundred thousand Dragon Fighters of Sky Dragon Star back to their homeland!

Just when Long Chen had inherited the blood essence from the Taiji Creature Dragon, a sea of blood suddenly appeared outside of Heavenly Dragon Star. The sea of blood was extremely vast, and as it pervaded the air, waves of blood rolled on top of it, and countless corpses swirled within, as faintly discernible hissing sounds surfaced from the sea of blood.

This blood ocean was incredibly huge, rolling and crashing, as though it wanted to swallow the entire planet.

However, when they got close to Heavenly Dragon Star, the huge blood ocean started to gather, and from an unlimited size, it turned into a man with eyes and hair that were as red as blood. This man was extremely devilish, with a pair of blood-red eyes and long, narrow, blood-red hair tied together into a bundle.

His eyes gazed at the distant Heavenly Dragon Star, muttering, "The son of the Eternal Dragon Emperor is here."

With that, he became a beam of red light and landed gently on the planet.

He took his time walking on Sky Dragon Star, looked around, and laughed: "This is Sky Dragon Star? The places where the divine dragons were exiled? The environment is pretty good? No wonder they haven't left for so long. "

He placed his hands behind his back and strode forward. His body was like a bloody mist. Occasionally, a divine dragon would fly through the sky, but basically, he could not discover this man.

Generally speaking, as long as someone approached Heavenly Dragon Star, they would be discovered by Yang You. For example, the Primal Chaos Star Lord. This blood-red haired demoness had actually stayed here for such a long time.

He did not hide anything. After a quarter-hour, a lake covered in starlight appeared in front of him. The surroundings were like a paradise; it was extremely beautiful.

"How beautiful, is there a stellar nucleus inside? Oh, it's that resplendent star of the stellar nucleus. It actually allowed a little girl to fuse it consecutively, truly a waste! "

As the blood-haired man talked, his gaze passed the lake water and landed on Ling Xi who was sitting on the stellar nucleus.

"This girl is incredibly beautiful."

The blood-haired man thought to himself.

"Bloodlust, what are you doing here?"

Suddenly, a woman's voice sounded from behind him.

The blood-haired man called Bloodlust turned around with a trace of surprise in his eyes. As he turned around, it was indeed Yang You, who was covered by a veil. He revealed a smile and said, "Yang You, it's been a long time. You have also reached the later stages of the Eight Trigrams Rebirth. "

Yang You didn't like this man. She waved her hand and said, "Don't try to get close to him. Just speak your mind." Also, let me give you another warning, next time you come to my Sky Dragon Star, stop sneaking around, or I won't be polite. "

The bloodlust was clearly from someone on the same level as her.

That is to say, at the level of the Primal Chaos Star Lord.

Even in the human world, they were considered to be at the top. It was likely that even the Five Dragon Cities would not be able to find a few of them.

Long Chen was currently sitting cross-legged inside it, and Blood Blaze said, "I have come personally to Sky Dragon Star to bring him back to Dragon God Domain on the orders of the three Dragon Emperor s of Dragon City, to join my Dragon Slayer City. I did not come, but the three Dragon Emperor s were afraid that you, Yang You, would be too strong.

In fact, Yang You had already expected this.

However, when she heard this, she still frowned and said, "So fast ..."

It was mainly because Ling Xi had already fused with half of the stellar nucleus and simply could not leave. If Long Chen were to leave now, it would mean that they would have to separate temporarily.

"What? You have an objection?"

Huo Yan said in a provocative tone.

Yang You shook his head, and said: "Why not the Everlasting Dragon City, but your Dragon Slayer City? He was someone from the Everlasting Dragon City. The number one Dragon Emperor of the Everlasting Dragon City, why are you not saying anything? "

That was none other than Long Qinglan's foster father.

Bloody Blaze shrugged and said, "Everlasting Dragon City? Those guys didn't seem to want to see him, or did they just ignore him? Not interested? That's why we, the three great Dragon Emperor s of the Slaughter Dragon City, discussed it for a while and decided to let us take him away.

Yang You frowned slightly.

The Everlasting Dragon City was the Dragon City that had the biggest relationship with Long Chen, especially the number one Dragon Emperor there, who was also related to Long Chen to a certain degree. However, they actually ignored Long Chen's existence and allowed the Slaying Dragon City to bring Long Chen away.

Yang You's expression was cold as he said, "Let's go. Let him decide for himself."

After all, Ling Xi wasn't finished yet. It was indeed a little sudden to leave at this time.

Then, Yang You appeared beside Long Chen, blood boiling.

Long Chen opened his eyes and stood up. The moment he saw the burning blood, a strong stench of blood rushed over, making it difficult for him to stand firm. This was actually a terrifying expert that was not inferior to Yang You!

Long Chen came to his senses very quickly. He seemed to have guessed something, and said: "Aunt You, is this person from Dragon God Domain?"

The Bloody Blaze was looking at Long Chen excitedly.

Chapter 2076 - The date of return

Yang You introduced him to Long Chen, "This is Senior Bloodlust, someone of the same generation as your father. He is one of the top experts in the Slaughter Dragon City."

It turned out to be someone from Slaughter Dragon City.

Long Chen had long guessed that the people of the Five Dragon Cities would definitely look for him, he had always thought that it was the Everlasting Dragon City, because he had the most relationship with the Everlasting Dragon City and Long Qinglan was also the Eternal Dragon Emperor of the Everlasting Dragon City. Then, the number one Dragon Emperor in the Everlasting Dragon City would also have some relationship with him, and Long Chen could be considered a descendant of the Everlasting Dragon City.

They have no interest in you, and do not take you seriously. Our Slaughter Dragon City only heard that you might be a slaughter attribute Unparalleled Dragon, so we gave our greetings to the Everlasting Dragon City and contacted the other three Dragon Cities. In the end, we unanimously decided to allow you to return to the Dragon God Domain and join my Slaughter Dragon City. "

"Not interested in me?"

Long Chen pondered in his heart. The other party was so noble and elegant, his identity and achievements were already enough to shake the world, yet they still did not take him seriously. This kind of contempt, and the thought of trying to get a clear relationship with him was really laughable.

Whether it was slaughtering dragon city or Everlasting Dragon City, Long Chen didn't say anything. He was returning in name for Long Qinglan, he went back to explore those secrets from the past. No matter where he was, he couldn't hide his brilliance!

He was already prepared to fight his way back!

Since the Five Dragon Cities was pressured, they would definitely let him return to the Five Dragon Cities. They would definitely not let a dangerous person like Long Chen grow up in Heavenly Dragon Star.

They had to control it!

Long Chen was going to rebel!

Both sides will take what they need.

Whether the other party succeeded in controlling it or Long Chen successfully rebelled, would depend on each person's ability.

The only thing that troubled Long Chen was Ling Xi.

Ling Xi really wanted to accompany him to the Dragon God Domain to complete his hot-blooded ambition!

At this time, Ling Xi had already sensed the commotion and came out of the lake, standing behind the two of them. The Radiant Dragon Emperor and the Dark Dragon Emperor had also appeared behind them.

Seeing that it was a blaze of blood, their gazes changed.

Long Chen glanced at Ling Xi, and said: "Senior Bloodlust, can I go to Slaughter Dragon City again in a year?"

Xue Huo impolitely said, "One year later? Don't even think about it, the three Dragon Emperors of the Dragon Slayer City want to see you, and so we'll give you this chance. One year later, whether or not you still want to enter the Dragon Slayer City is a completely different matter. "

Long Chen naturally wanted to join one of the Five Dragon Cities.

Otherwise, even if he returned to the Dragon God Domain, Di Jun Divine City and the others would still be surrounded by powerful enemies. Furthermore, Yang You and the others would have to protect Heavenly Dragon Star, which would be extremely dangerous. Moreover, if Long Chen wanted to conquer them, he had to enter the internal world.

He had just arrived at the Immortal God Realm just to join the Five Dragon Cities.

Now, he had truly reached the tribulation of reincarnation.

After a round of discussion, Five Dragon Cities had to go to the Slaughter Dragon City so that he could monitor Long Chen. The purpose of this visit was to bring Long Chen away, they would definitely not return empty-handed.

After hearing the other party's decisive reply, Ling Xi roughly understood what had happened. She walked to Long Chen's side, held onto Long Chen's arm, and said: "Brother Chen, you can go back first. A year later, if I succeed, I'll come find you. We have the Star Talismans, so we can talk everyday. I am much safer here on Sky Dragon Star than you are. "

She had always been sensible and wouldn't give Long Chen any trouble.

Indeed, to them, one year was simply too short of a time. A casual period of closed door cultivation passed by just like that.

"Moreover, before I succeed, I won't be of any help to you. It's useless even if I follow you back." Ling Xi smiled gently.

Long Chen was extremely unwilling to part with her, but she had to take this opportunity to return and fight! That was his mission. Ling Xi fusing with the stellar nucleus on Sky Dragon Star was ten times safer than staying by his side, and in just a year's time, she would be able to fuse with the stellar nucleus to search for him. Thinking of this, Long Chen had already made a decision.

"Let's work together."

He lightly patted Ling Xi's head and the two of them smiled at each other. With their feelings, they could naturally experience this small difference.

Long Chen's eyes became bloodthirsty and resolute. He was a decisive person and would not cower when the time came for him to fight. As a result, he looked at the blood flames in his eyes and said: "Senior, let's go."

He could not wait to return to the Dragon God Domain.

The moment he had been anticipating for so many years had finally arrived. Back then, when he had killed Di Yu at the battlefield of the gods, he had definitely not expected that he would leave in such a manner today.

"You've always been decisive in your actions. I like children like you, haha!"

Xue Ran sneered.

Yang You's gaze remained calm as she said to Long Chen: "Go, fulfil your wish. If anyone bullies you, let me know, I will go to Dragon God Domain to kill people for you."

She had already been exiled, and returning was not allowed. However, at this moment in time, no one could really stop what she wanted to do.

This sentence was more towards the 'bloodlust'.

A warning, a determination.

Fiery Blaze smiled in embarrassment.

The 100,000 godly dragons of Sky Dragon Star, when they really go mad, are still very terrifying.

"Take care."

Long Chen released Ling Xi's hand. It had only been a short year and with the Star Talisman, he could speak everyday. There was indeed no need to worry too much about it.

Ling Xi maintained her smile from beginning to end.

Without saying another word, Bloodlust rushed up to the clouds. Long Chen gave them one last look, especially Ling Xi.

He followed the Blood Blaze and left Sky Dragon Star, embarking on his own bloody journey!

A bloody rain of blood once again descended!

Everlasting Dragon City actually didn't want to accept him!

Fury overflowed into the heavens in Long Chen's heart. One day, he would stand in front of the Everlasting Dragon City and tear their faces apart!

"Your killing intent is quite heavy, kid." The Bloody Blaze walked forward in the starry sky as he turned his head to look at Long Chen with a mischievous smile. A pair of blood-colored eyes flashed with a dangerous light.

"You're not either?"

Long Chen asked.

Xue Hongyi scratched his head and said with a smile, "You're really smart. What I'm thinking right now is, what would happen if I killed you here?"

Long Chen did not say anything, but he was at ease to travel, as for the things that Bloody Blaze had said, he absolutely would not dare to do it.

The current Long Chen was no longer the Long Chen of before. His identity and the things he had done had caused a huge sensation in the entire Dragon God Domain, and anyone who wanted to kill him would have to shoulder the burden of public opinion. More importantly, Long Qinglan's reappearance had already made many people flustered.

Right now, no one had a clear idea as to whether or not he was really dead.

"When you get to the Slaughter Dragon City, you will know that the challenge you're about to face will be beyond your imagination. I know what you're thinking, but do you just want to prove yourself and also prove your father's innocence?" Xue Ran sneered.

Long Chen asked: What do you think?

No matter how strong you are, you can prove how terrifying you are. But Long Qinglan is a matter that is deeply rooted in my heart, and the entire Dragon God Domain has this concept, so if you want to change it, it is even harder than becoming a god! Anyway, I don't think so. "

Long Chen was silent for a moment, then took a glance at Fiery Blood, and said: "Then, let me become a god first, then we can talk about it."

No one could match his conviction and courage.

His words were light, but the arrogance and confidence he showed was still enough to move his blood. He did not speak anymore, his cold palm holding onto Long Chen's shoulder as he said: "You are too slow, let me send you on your way."

After grabbing onto Long Chen, he suddenly sped up, his speed was terrifyingly fast, and the surrounding starlight rushed behind him at a speed that was countless times faster than his own.

Long Chen felt a huge impact coming his way.

If not for the fact that his physical body was strong enough, his body would have been smashed into pieces under the impact. The speed of the blood flame could be said to have already broken through the shackles of the entire Immortal God Region, and in the blink of an eye, it had shifted countless of distances.

"With a speed that's burning with blood, we'll reach Dragon City in just two or three days."

Long Chen predicted.

At this moment, the bloodlust suddenly stopped.

Behind him, the space split open, and the chaotic Star Lord's giant silver colored beast emerged from within.

"Bloodfire, why have you come to my chaos planet?"

The Starlord said coldly.

Bloody Blaze turned around and looked at the Starlord in disdain. "Old man, I was just passing by. Why are you so nervous?" Are you getting more and more timid? "

The Primal Chaos Star Lord coldly snorted, "You are bloodthirsty, inhuman, and have countless resentful souls under your command. A bloodthirsty person like you is just passing by. Who knows what you are trying to do?"

Suddenly, he saw Long Chen behind the Blood Blaze.

"Oh, is it to bring him back to the Dragon God Domain?"

The Starlord of Primal Chaos said.

"Mind your own business."

The Bloody Blaze muttered to himself as he disappeared into the starry sky with Long Chen in the blink of an eye.

"Now that the son of the Eternal Dragon Emperor has left and the aura of the stellar nucleus is gone, he should still be on Heavenly Dragon Star."

A light flickered in the Chaotic Star Lord's eyes before he disappeared into the space crack.

With the terrifying speed of the ignited blood, the surrounding starry sky changed. Roughly two days later, Long Chen had already returned to the Dragon God Domain!

After almost two years, he once again returned!

Back then, he was just a small character who had just revealed his identity and killed Di Yu. But today, he had already shaken the world, and at least within the young generation, there were very few opponents. If one were to discuss who the number one genius among the entire world was, it would without a doubt be Long Chen!

Looking at this vast land, the heroic spirit in Long Chen's heart roiled like the clouds. He had finally returned!

"Five Dragon Cities!"

He could barely suppress the impulse in his heart.

Chapter 2077 - Slaughter Dragon City

Once again returning to the Dragon God Domain.

The vast land mass of the Immortal God Realm was indeed much larger than the chaotic star field. There were only a few hundred planets in the Immortal God Realm.

This was the real world!

It was as far as the eye could see!

Beneath his feet was an ancient continent, an endless river, a mountain of desolate beasts, a sea of snakes and insects, birds in the sky spreading their wings and roaring beasts on the ground. Countless tall trees soared into the sky, Nirvana Qi surging as the source of power of the five elements hid itself between the heaven and earth.

After returning to the Immortal God Realm, the blood heat slowed down.

To let the people at the peak of Dragon Slayer City, who were almost below Dragon Emperor, to welcome Long Chen, showed how much they valued him.

As he looked at this endless world, Xue Ran chuckled and asked, "How does it feel to be back?"

Long Chen took a look at the savage aura of the Immortal God Realm, narrowed his eyes, and said: "I can feel the dense killing intent directed at me here!"

Hearing that, Bloodlust laughed out loud, "You're such an interesting kid. But don't worry, your father isn't dead yet, so how would we dare kill you? Tell me, if your father didn't die, how were you born? "You're only so young."

Long Chen knew clearly in his heart that at that time in the Everlasting Dragon City, Long Qinglan most likely did not actually die.

Regarding everything regarding Long Qinglan, Long Chen's heart was also filled with suspicion.

As they continued to move forward, the Blood Blaze said casually, "You definitely won't die, but there are many challenges. There are many people in Dragon God Domain who are looking forward to your return, and the news that you got into a ruckus in chaotic star field was so profound that many people did not believe it. They all want to challenge you, the son of the Eternal Dragon Emperor! "Amongst them, my disciple seems to be one of them."

The challenge was inevitable.

Long Chen knew clearly in his heart that there were a lot of people in the Dragon God Domain who disliked him, especially since he had recently done many sensational things. Those top geniuses of the Dragon God Domain would definitely want to compare with him.

"Your disciple? "Who is it?"

Long Chen asked in a very casual manner.

I like him a lot. Adding that he has a pretty good Inherent Skill, I followed the three Dragon Emperor s and applied for the Ultimate Dragon's inherited blood essence to him. From the inherited blood essence of the Eternal Blood Prison Dragon. "

For a young disciple to be able to obtain a Ultimate Dragon Inherited Blood Essence, their status and talent must be top-notch. Back then, when Di Yu had such a heaven-defying talent, what he bestowed was the Ultimate Dragon's inherited blood essence.

As for the Eternal Blood Prison Dragon, Long Chen had never heard of it before.

It is said that its body can transform into a sea of blood that spans millions of miles, enveloping the entire world. As long as one is touched by the sea of blood, they will never be able to escape, obediently being killed by the dragon, its sea of blood contains countless corpses, and became one of the powers of the dragon. Such a Ultimate Dragon, even in the The Age of Dragons, is an overlord.

Eternal Blood Prison Dragon, Emperor Dragons of Darkness, Ancient Emperor, and Heavenly Emperor Sacred Dragons, these were all Ultimate Dragon s that were even more terrifying than supreme divine dragons, and were on the same level.

Long Chen sneered in his heart.

Fiery Blaze seemed to be boasting. He continued to say, "This disciple of mine, his talent is quite average, right? The people he killed were all talented youths who had once stood shoulder to shoulder with him. Today, he had already completed the hundred thousand slashes, his killing intent soared to the skies, his strength had also surpassed all his peers, reaching the level of tribulation of reincarnation of the five elements, his fighting strength was so strong that even Dragon Fighter, who was at the late stage of the Five Elements, was no match for him. He seemed to be extremely interested in your identity and the name of your genius.

Long Chen listened attentively to his description.

One Hundred Thousand Slaughter!

It seems that he was indeed a terrifying opponent, those who grow using killing as a method was not simple, Long Chen walked the path of slaughter.

However, to the current him, this person was nothing.

Therefore, he smiled and said, "Of course I will admit defeat. With such strength, if I were to spar with him, wouldn't I be courting death?"

After the Bloody Blaze heard this, he laughed out loud and said, "If that's the case, I'm afraid your popularity in the Dragon God Domain will plummet."

Long Chen laughed, and declined to comment.

He was already prepared. No matter who it was, he would only deal with them in one way, and that was to make them despair.

A day passed, and Long Chen had already passed through a large portion of the mountains and rivers of the Dragon God Domain.

"Almost there."

In the vicinity, the ground had turned blood-red. The clouds in the sky and the air around them were filled with the smell of blood. This place was the outskirts of the Dragon Slayer City.

The Five Dragon Cities was a forbidden ground for humans. Other than Dragon Fighter with tribulation of reincarnation of one level or higher, no one else could enter unless they were summoned.

If he continued forward, he would reach Dragon City.

The Immortal God Realm was floating above the Dragon Sacrifice Continent, and the Five Dragon Cities was floating above the Immortal God Realm.

Slaughter Dragon City was surrounded by blood-colored clouds. Long Chen shuttled through this endless sea of blood-colored clouds and the surroundings were deathly quiet. The red-colored area in front of him was Slaughter Dragon City.

Long Chen continued to walk forward as he calculated the distance between them. Surprisingly, there was a sea of blood and skeletons tens of thousands of kilometers away. Just as he felt his scalp go numb, Slaughter Dragon City finally appeared in his field of vision.

It was as big as half of the War God's Ancient City and was more than ten times the size of the War God's Ancient City. Within the Slaughter Dragon City, the sounds of divine dragon roars could be heard, and most of the dragons gathered here were bloodthirsty and vicious.

The blood fog churned, revealing the bodies of blood-colored dragons from time to time. Outside the Slaughter Dragon City, there were at least a few thousand Divine Dragons guarding it. The Divine Dragons had huge bodies, but to Slaughter Dragon City, they were still too small.

BOOM!

The blood light carried Long Chen as he broke through the waves of blood.

Outside the Slaughter Dragon City, the thousands of Divine Dragons that were guarding the city roared out when they saw the situation, surrounding and attacking. With the arrival of thousands of Divine Dragons, the scene was grand, Long Chen was deeply aware of the majesty and terror of the Five Dragon Cities.

"It's me."

Xue Hongyi let out a soft shout.

The thousands of divine dragons turned into blood-red armored Dragon Fighters. They half-knelt in the clouds and said in a clear voice, "This subordinate pays his respects to the great marshal of the Blood Dragon Army, Sir Blood Blaze!"

The Blood Dragon Army was the highest ranked army of the Slaughter Dragon City, and Bloodlust was the highest ranking commander amongst them.

"Get up."

The bloodthirsty voice was cold as he continued onward. Seeing that, the thousands of divine dragons immediately got up, opening up a path for the blood flames to pass through. When the blood flames passed through them, all of them looked at Long Chen, instantly sending waves of violent killing intent over!

"The son of the Eternal Dragon Emperor!"

Everyone was looking at this legendary figure.

Two years ago, he killed Di Yu in the God Battlefield and fled on the aid of the spirit race.

One year ago, his name rose to fame in chaotic star field, and he defeated chaotic star field's number one genius, Primal Chaos Kunwu!

And now, he was summoned by the three great Dragon Emperors of the Dragon Slayer City to join the Dragon Slayer City!

This was the hottest news that had recently appeared in Slaughter Dragon City.

Before Long Chen even arrived, he had already become a celebrity in Slaughter Dragon City!

He could sense the killing intent of the experts around him!

These people, at least had the power of Samsara.

Warriors who had just completed the One Yuan Calamity were only fit to be the lowest level of soldiers in the Dragon City.

Long Chen heard their discussion.

"That's him, Long Qinglan's son."

"I heard that he is very powerful in the chaotic star field, but don't think of being so mighty when he comes to our Dragon Slayer City."

"His father is the greatest traitor of our human race. He had almost destroyed the entire human race. From what I see, his actions and actions are more or less the same as his father's."

"Everyone, don't worry. The three great Dragon Emperor s said that they wanted him to join Slaughter Dragon City, but in reality, they are trapping him. They want him to not go out and cause trouble. Even the fiercest dragon, under our discipline, cannot become a small dragon? "

They sneered.

"Hurry up and patrol, stop laughing!"

"You're courting death!" Bloody Blaze scolded from the front.

But it seemed that he was satisfied with their discussion, as if this was a show of strength for Long Chen.

"You are honored. The three Dragon Emperor s have not shown their faces for many years, but today, they want to meet you. To be able to meet the three great Dragon Emperor s at the same time, in the entire Slaughter Dragon City, not many people would have such an honor. You don't have to be too nervous, these three Dragon Emperor s are all people of your grandfather's generation, they won't do anything to you. "

The Blood Blaze said in front of him.

He had to meet three Dragon Emperor s the moment he arrived?

Long Chen didn't mean anything. He would have to meet this pinnacle figure in the Immortal God Realm sooner or later.

He followed the bloodlust into the city. In that instant, the entire city was in an uproar. Boundless killing intent surged from the palaces below. There were actually so many experts in the city.

Lowering his head, he saw that the dense cluster of divine dragons was truly terrifying.

In front of them, even more buildings were shrouded in clouds and mist.

Right after Long Chen swept past, in a corner below, a group of young people, with approximately a few hundred people, gathered together. One of them, a blood-haired youth, was the most terrifying.

The person beside him said, "Jiang Ming, your Master has brought the son of the Eternal Dragon Emperor to meet the three Dragon Emperor s."

"Oh!"

The young man called Jiang Ming nodded.

He immediately chased after Long Chen.

"Where are you going?"

A few people beside him asked.

"Kill him!"

Jiang Ming left two words and disappeared into the blood mist.

Everyone cheered. This was going to be a good show!

Chapter 2078 - Three Dragon Emperor s

Under the guidance of this top-notch expert, Bloodlust, Long Chen passed through layers upon layers of bloody mist. The three Dragon Emperors were located in the center of Slaughter Dragon City.

Below, a bloody mist was rolling about. The buildings faintly revealed the dragon as the main body. On the roof and railings, there were sculptures of the divine dragon everywhere. The sculpture was vivid and lifelike, majestic and awe-inspiring.

The statues of the Slaughter Dragon City were bloody and hideous.

Long Chen could roughly guess that there seemed to be quite a few strong people at the peak of the realm staring at him from the shadows. It seemed that his identity was indeed easy to attract attention to. Long Chen remembered that Long Qinglan had told him that the Primordial Blood Spirit Dragon's Inherited Blood Essence was obtained from this Slaughter Dragon City.

"Almost there."

His long, blood-red hair fluttered in the wind, making him look even more terrifying than before. He had the power of Long Chen's reverence hidden all over his body, and if a Ranker of this level wanted to kill him, he would not be able to resist at all.

Even if Long Chen took the form of a dragon, he would still be able to roam about inside. From the outside, the building looked like a set of blood-colored dragon, with the head of a dragon looking down at the common people.

There was no one within the palace.

The two of them continued onward. After a long journey, they finally arrived at a large blood-red hall. There were many decorations inside, all sorts of divine dragon carvings and sculptures. Most of the divine dragons revealed their murderous intent.

In front of Long Chen, there were three enormous Thrones.

The throne was vast, filled with Dao patterns. It was unknown, but just these three great emperors alone, each of them had at least six hundred Dao patterns. The Dao Spirits were a type of beast, and upon seeing Long Chen, they all roared, causing Long Chen to be forced back a few steps.

There was no one on the throne right now.

This place was extremely repressive. If one's strength was lacking, coming here would only cause them to be terrified.

The entire human race, this was the most terrifying place, because there were three of the most terrifying Omnipotent Experts here. They were the first, second, and third Dragon Emperor of the Slaughter Dragon City!

The three great Dragon Emperor s were extremely famous.

This kind of Dragon Emperor was unlike those nicknames that others would casually give Long Chen when he was in the Holy Martial Empire. This was an item that the human race truly inherited, and only the people with the highest power and status would have the qualifications to receive this title.

"Three Dragon Emperor s, Bloodlust has brought Long Chen to meet the three Dragon Emperor s."

Xue Hongyi knelt on the ground and said with a serious expression.

Long Chen did not kneel down.

At this time, the three thrones were suddenly shrouded in a bloody fog. The three halos were floating above the thrones, and it seemed as if there were people inside the bloody fog. However, it was hard to see them clearly.

Long Chen could not see whether or not there was someone within the blood mist.

At this time, within the three balls of mysterious blood fog, someone was actually speaking. It was an old and hoarse voice, ear-piercing and filled with shock. This voice seemed to come from ancient times, and it was also extremely oppressive.

They were one of the supreme existences of the human race!

He was one of the strongest people in the entire world!

Slaughter Dragon City's three great Dragon Emperor!

The voice said, "Bloodlust, you go out first."

"Yes."

He turned his head and left the palace in a flash, leaving Long Chen behind. Of course, he had not left yet, as Long Chen still needed his arrangements.

Seeing that, Long Chen thought in his heart: No matter what, these three old fogeys are the most top-notch figures of the human race, and also the rulers of the Slaughter Dragon City.

He also half-knelt on the ground, and said: "Junior Long Chen greets the three Dragon Emperor s."

was simply unable to discern who was speaking at all. At this time, another voice said, "You are actually Long Qinglan's son, and he is indeed the aura of a slaughter type Divine Dragon from my Slaughter Dragon City. With such a strong vitality, he should be one of the eight great concomitant dragons of our Ancestral Dragon Empire."

Long Chen did not answer.

He had concealed the matter of the Primordial Blood Spirit Dragon well, so of course he wouldn't let them know.

Only after coming to the Immortal God Realm did he know how terrifying the concept of an Ancestral Dragon was.

At this time, another voice spoke, "Long Chen, do you know what kind of Unparalleled Dragon your inherited blood essence comes from?"

Long Chen was extremely fearful of these three Dragon Emperor s, they were too strange, and too unfathomable. In front of these terrifying people, his heart couldn't help but tremble, and he was only proud enough to urge him not to retreat. He gritted his teeth and said, "I'm not clear about this. My father left it to me. "

"Hehe, your father left this for you, but it belongs to my Dragon Slayer City. Your father is a shameless thief!"

Suddenly, a mass of blood mist fluctuated for a moment. It was obvious that he was angry, but after he said those words, the surrounding air immediately began to hiss. Long Chen felt extremely uncomfortable, as his ears were almost torn apart.

As for the fact that they said Long Qinglan was a thief, there was no need to refute that.

He was noncommittal.

Another Dragon Emperor said, "Enough, it's all in the past now. Long Chen, let me ask you something, are you willing to donate your inherited blood essence? In return, we will give you the Ultimate Dragon's inherited blood essence. Your inherited blood essence originally belonged to my Slaughter Dragon City. "

If the Dragon Fighter was killed, the inherited blood essence would dissipate and the inheritance would be severed, but Long Chen could break the inheritance and allow the inherited blood essence to separate from him.

Of course, this was impossible.

He thought for a moment: "I'm sorry but this is the most precious gift my father has ever given me. I won't take it out no matter what." Furthermore, even though it was originally something that could massacre the entire Dragon City, from today on, I will join the Dragon City and become a part of it.

Hearing this, the three Dragon Emperor s did not know how to refute.

Long Chen was very smart, and ingeniously allowed them to cut off this thought in that instant.

It was impossible for him to voluntarily hand over the Archaic Blood Spirit Dragon's inherited blood essence.

"Fine, from today onwards, you can stay in this Dragon City." A Dragon Emperor said.

"Thank you Dragon Emperor!"

Long Chen thanked him when he saw the opportunity.

The Dragon Emperor said: "Come to my Slaughter Dragon City, you must abide by my Slaughter Dragon City's rules. Long Chen, do you know that Swallowing Dragon City also wants to take you in this time, but we made our move first, so that you could land in their hands?

"Devouring Dragon City?"

This seemed to be one of the more mysterious members of the Five Dragon Cities.

Long Chen did not know much about the Dragon Devouring City.

Why would they hate him more than the people of the Dragon City? I don't think I know them?

Other than the Everlasting Dragon City, the Slaughter Dragon City, the Life Dragon City and the Devouring Dragon City, there was also the Fate Dragon City.

Destiny Dragon City was similar to the Star of Destiny in that it was even more mysterious, being at least one of the few places that had disappeared from the human race's field of vision.

"You seem to want to know why the Swallowing Dragon City is targeting you?"

A Dragon Emperor asked.

Long Chen nodded.

The other party chuckled twice and then said, "You will know in the future."

Since the other party didn't want to say anything, Long Chen naturally wouldn't pursue the matter.

Long Chen then said: "The three of you can rest assured, as they say, do as the Romans do, since I am here, I will follow the rules and become an ordinary member of Dragon City."

On the Throne, the three clumps of blood mist were silent for a while, probably because these three Dragon Emperor were discussing in secret.

They were very mysterious, and no one knew what they were thinking.

After a while, one of the Dragon Emperor said: "Alright, you can go now. Blood Blaze will arrange it for you."

Today, they only wanted to see Long Chen once to see what kind of divine dragon blood essence he had inherited, but they were unable to detect it. Even the information passed down by the eight concomitant dragons was too little, so it was impossible to discern them.

Long Chen felt a sense of relief. Although danger was definitely everywhere outside, it was still better than standing here and facing the three Dragon Emperor s.

"In that case, junior shall take his leave first."

"You are a member of Slaughter Dragon City, so you cannot betray us. Otherwise, your fate will be miserable. Furthermore, since you are already a member of Slaughter Dragon City, you should call yourself a disciple. "

"Yes sir!"

Long Chen carefully withdrew himself from the huge blood red palace. It was only after he left that the three clumps of blood mist on the throne gradually disappeared, leaving nothing behind.

"It seems you want to control me."

After leaving, Long Chen understood their intentions. It was too dangerous for them, especially when they were just letting him grow, so it was necessary for someone in the Five Dragon Cities to step out and control them. This person was originally from the Everlasting Dragon City, and if the Everlasting Dragon City did not want to do it, it would be done by the Slaughter Dragon City.

But why did the Swallowing Dragon City dislike him?

Could it be that the people Long Qinglan killed the most were their people?

walked out with doubts in his heart. When Long Chen walked out of the place, Blood Blaze was waiting for him outside, but there was also a young man standing beside him. He also had blood colored long hair and eyes, but his body contained an extremely bloody aura.

The Five Dragon Cities were filled with talents, and there would often be battles between the young people within the Five Dragon Cities. Those under four thousand years of age would be ranked as a human being's Hidden Dragon Rank because of their combat abilities, and Hidden Dragon Rank was the most honorable ranking board for human Dragon Fighters. Every year, the ranking would change greatly, to the point where the top ten would change intensely!

On the Hidden Dragon Rank, let's list a hundred of the Five Dragon Cities's top geniuses!

Currently, Xing Qing from the Life Dragon City was ranked thirty-ninth in the Hidden Dragon Rank.

After many years of battle and struggles, a genius had risen quickly in a short period of time. It was said that he had completed a hundred thousand slashes, had massacred the world, and was a supreme genius who had emerged from the sea of blood. No one could match him in the current Five Dragon Cities, and was ranked first in Hidden Dragon Rank!

He was the person in front of Long Chen, Jiang Ming.

Chapter 2079 - Blood Waves Above the Sky

Long Chen could see that the killing intent on the young man's body was extremely heavy, it was likely that he had killed many people under his command. Long Chen walked the same path as him, but the other party was even purer, he only cared about killing, and was a ranker trained in the sea of blood and the mountain of corpses.

For Jiang Ming, to be able to obtain the number one position in the Hidden Dragon Rank, although it had only been a few decades, it had already given him quite a bit of popularity and influence, giving him great prestige and authority among the human race. Furthermore, he was the representative of the entire human genius world!

He had already drawn the symbol of the number one genius on his body. Honestly speaking, with his Hidden Dragon Rank at the top of his strength, neither Spirit Race nor Spirit Race could possibly have experts of the same level, and the chaotic star field's Primal Chaos Kun Wu could not even compare to him. Thus, this was the so-called highest level of talent in the Immortal God Realm.

Of course, Long Chen did not know about Hidden Dragon Rank, he only knew that this young man was probably the disciple that Xie Huo had mentioned.

It was indeed very bloody, and his bones were even more brutal. A pair of blood-red eyes were filled with aggression, and there was even a hint of undefeatable pride and contempt. This was the result of his current status and identity.

Currently, in the top one hundred in Hidden Dragon Rank, only he himself had experienced the five elements tribulation before the arrival of the four thousand years.

That pair of aggressive eyes were sweeping across Long Chen's body.

Long Chen walked forward.

"I was going to directly arrange for you to train and live in Slaughter Dragon City, but my disciple is here, so I'll give you an introduction."

He was very satisfied with the number one Hidden Dragon Rank disciple, and said: "He is Jiang Ming, and she is the Eternal Blood Prison Dragon that I told you about. First in Hidden Dragon Rank, above all in Five Dragon Cities. "You are all genius candidates. In the future, you can all become good friends who can fight together with each other, spar with each other, and improve with each other."

Then, he pointed at Long Chen and said, "As for him, you definitely know about him. He is the son of the Eternal Dragon Emperor. Long Chen. Back then, the son of the number one person in the world, was someone who was of the same generation as your master, me, but had left me, the number one genius of the Slaughter Dragon City, far behind. "

It had actually been some time since he had reached his current level.

However, at their level, almost all of them had different kinds of secret methods to suppress their own strength, delaying the arrival of the reincarnation tribulation. Of course, it could be delayed, and could not cause the reincarnation tribulation to disappear.

Even though it had been five thousand years, it had given this level of expert a greater chance. However, when Samsara reached the level of a Deity, it was the most terrifying. Not to mention five thousand years, even ten thousand years, most of them had perished.

Whether it was the Everlasting Dragon Emperor or Long Chen, he was not convinced by the power of the Blood Blaze. Now that he had interrupted the Blood Blaze's words, he said, "Master, let me tell him."

Therefore, his eyes looked straight at Long Chen, and said in a deep voice, "It's rumored that your father has the ability to travel under the heavens, but this has nothing to do with you. I can defeat ten of them alone. You came to the Slaughter Dragon City today, and became part of us, but I want to teach you, this is no longer the era of you and your son. If you have the guts, come with me. I believe many people would want to see a contest between us, and I also don't mind having a deceased spirit called the son of the Eternal Dragon Emperor under my sword. "

Such a direct provocation.

Bloody Blaze helplessly smiled and said, "Your child, how many times have I taught you? How can you be so direct?"

It seemed that he really was jealous of the Eternal Dragon Emperor in his heart. Back then, he was jealous of his talent and the worship he received. When the Bloody Blaze was unrivalled amongst his peers, Long Qinglan was already unrivalled in the world.

Therefore, he also hoped that the disciple he raised would be able to stomp Long Qinglan's son.

This could be considered as venting his frustrations.

Long Chen was not surprised at all.

Jiang Ming approached him and said viciously, "Don't think that just because your father was strong, you can do anything to him? Long Qinglan was strong, wasn't he still in a place to die without a burial? Today, I wanted to teach you that this is the Dragon Slayer City. Remember, this is the Dragon Slayer City! "

After he finished speaking, he said to the Blood Blaze, then turned to look at Long Chen, and said: "If you have the guts, come with me!"

From start to finish, Long Chen's expression had not changed. He bowed towards Xue Yingchan and said, "Senior, you may leave first."

Towards this Master and disciple pair, Long Chen did not have a good impression, after saying that, he followed Jiang Ming and left. When they appeared in Dragon City one after the other, the entire Dragon City seemed to have exploded in an instant. Countless Dragon Fighter followed them and the news of their battle spread throughout the Dragon City in a short amount of time!

Both of them were extremely talented!

One of them was the son of a legendary figure who had risen up high in the chaotic star field and defeated the number one genius of the chaotic star field!

The other one who fought his way out from the Blood Sea Corpse Mountain was the number one genius among the young generation of Slaughter Dragon City, and even the Five Dragon Cities's Hidden Dragon Rank!

Ever since the news of Long Chen coming to the Five Dragon Cities was spread, the two of them had been constantly brought up for comparison. Long Chen coming here had undoubtedly formed a huge impact on Jiang Ming's position!

Long Qinglan was a myth, he was too scary, so he allowed Long Chen to rise strongly in two years time. It also reminded people of the Long Qinglan from back then, in the Five Dragon Cities, there were not many people who liked to respect the Eternal Dragon Emperor. They cursed at this person, and naturally did not have any good feelings towards their son.

Long Chen was like an enemy to everyone. Coming from far away, to all the Dragon Fighter, this was a challenge to their dignity!

Kill Di Yu, surrender to the Spirit Race!

Kill the Netherwyrm of Death, Lin Ming!

This was all done by Long Chen.

Back then, he had said that there would be a day when he would return to Dragon God Domain and now that he had returned, Five Dragon Cities had already made a promise that he would show him his power!

The first place on the Hidden Dragon Rank was the show they had given Long Chen!

His smile became extremely gloomy as he muttered: "Tens of thousands of years of hatred! Back then, when he competed for the number one Hidden Dragon Rank, the number one genius of the Eternal Dragon Emperor and the number one genius of the Slaughter Dragon City clashed, but I actually wasn't his match in a single move. At that time, he was already close to the cycle of rebirth of the Eight Trigrams.

It was impossible for him to not care in his heart.

Even though so many years had passed and he had suffered a terrible defeat on the day of his death, the sorrow in his heart was still there. Although he had been praised since he was young, he had witnessed a rising star who was a hundred times stronger than himself.

Slaughter Dragon City was in an uproar.

In reality, everyone had already predicted this would happen the moment Long Chen had arrived.

They had anticipated the end of the battle a long time ago.

When Long Chen arrived above a sea of blood, he realized that there were actually more than a hundred thousand Dragon Fighters hidden within the countless blood-colored clouds in the surroundings. They were densely packed, as if they had been waiting for this since long ago.

The other half were probably also top powerhouses. Although they were not present, they were definitely paying attention to this battle, such as the Blood Blaze, or the three Dragon Emperors!

Long Chen originally thought that it was just a small challenge, but he didn't think it would cause such a stir. This warrior called Jiang Ming, who was known as the number one Hidden Dragon Rank, was actually the number one genius of Five Dragon Cities?

Things were much bigger than he had expected.

Jiang Ming stopped in front of him, clasped his hands behind his back, and turned to look at Long Chen.

Waves of blood overflowed into the sky above the sea of blood, and the pale and rotten bones were swept up by the waves from time to time. This scene caused the blood to boil and think back to the time when he had fought against Long Qinglan.

There were also more than a hundred thousand Dragon Fighter watching from the surroundings, possibly even more.

As a result, victory or defeat was no longer a matter of victory or defeat, but of dignity!

Losers would definitely lose their dignity!

The only difference was that back then Slaughtering Dragon City and Everlasting Dragon City had equal numbers of people, but today, they were surrounded by Slaughtering Dragon City, which was full of Jiang Ming's supporters. Long Chen was like a single person challenging the dignity of Slaughter Dragon City!

Victory: the destruction of the dignity of Dragon City.

If he failed, he would be like a stray dog with nowhere to hide. He would be mocked and regretted for the rest of his life.

The waves of blood surged with murderous intent.

In the blood mist, many pairs of eyes were staring at him, giving him a huge pressure. He was not only fighting with Jiang Ming, these hundred thousand people were all pressuring him, it was not a fair fight at all.

Jiang Ming had a violent and murderous personality.

One hundred thousand opponents glared covetously at him.

Within the Dragon City, there were experts surrounding him. Even the top experts were sizing him up.

Once upon a time, Long Chen had already imagined such a scene.

But Long Chen was fearless, he still straightened his back as he faced all the enemies. He looked calm on the surface, but in fact, even his five organs and bones were burning, This was his first battle in the Dragon God Domain, and it was the most critical battle right now!

From today onwards, his name, Long Chen, will become even more famous and will shake the world. He will break the eyes of all those who obstruct him, and no matter if the enemy has a hundred thousand million or a hundred thousand people in front of him, he will not fear anything.

This time when he returned, he wanted to prove that he was back!

Even though he was the son of the Eternal Dragon Emperor, he was Long Chen, the new legend!

Chapter 2080 - Heavenly Solidified Blood Sword

Weng! *

Under the watch of nearly three hundred thousand Dragon Fighters, Jiang Ming's hands had finally reached his body from his back.

Those who knew him well knew that this was the time for him to unleash his terrifying slaughter. This was a divine talent that had been raised by Crimson Strifecloud since he was young. He had great qualifications to become a god. He was born to slaughter others of his generation. There was no other martial artist of his generation that could compare to him in terms of just this aspect of battle!

Buzz! Buzz! Buzz!

The surroundings were filled with noise.

When the battle began, they were discussing about Long Chen.

"This is the son of the Eternal Dragon Emperor? Why does it look like it is only a one Yuan tribulation of reincarnation? "

"I heard it's the Unparalleled Dragon, or my Slaughter Dragon City's inherited blood essence! It was that Eternal Dragon Emperor who stole our things back then! This Long Chen is nothing to be proud of, he is just a traitor, scum and the son of a thief! "

"Yeah, you stole something from our Dragon Slayer City and yet you still want to show off your might. You truly overestimate your capabilities, and you still want to join our Dragon Slayer City? Do we need these kinds of traitors and thieves to massacre the Dragon City? Anyone with a discerning eye would be able to tell that our Dragon City was only imprisoning him! "

"I didn't know that this kid was imprisoned. Did he think that he could soar into the heavens when he returned? Did he think that his status was honorable?" The eternal Dragon Emperor has been smelly for tens of thousands of years. and he are simply the same as a small marten, and sooner or later, we will toy with them to death! "

These disorderly taunts crawled into Long Chen's face like ants, feeling extremely frustrated.

If it was about him, he still wouldn't say it, but every time they talked, they would always drag Long Qinglan up to them. They would humiliate him and scold him, challenging Long Chen's bottom line.

If it was more than ten years ago, Long Chen would have already fought it out with them.

Until now, he knew how to make his opponent submit!

Only the victors had the right to swallow back their words!

The reason he returned to the Dragon God Domain, was to silence all these people. It was to give Long Qinglan a proper name! Today was just his first step on the battlefield!

"Father, I'm back. From today onwards, I will fight with all my might in order to fulfill the vow I made for you!"

Long Chen replied calmly, without saying anymore, he raised the God Slaying Sword in his hand, a total of two hundred and eighty lines, almost to the point of defying the heavens. The God Slaying Sword's power had increased greatly, it was all thanks to the Primal Chaos Qun!

Death, Devour, Darkness and Corrosive. The four types of dark energy exploded, forming a whirlwind around Long Chen.

"The Dao item is not bad."

After Jiang Ming said this, the surrounding Dragon Fighter began to clamor, and started to cheer for Jiang Ming. Over a hundred thousand Dragon Fighter all began to cheer for Jiang Ming!

"Let's begin!" Destroy this guy! "

"Let him know the power of our Dragon Slayer City!"

"Beat him until his father doesn't recognize him!"

A sound came crashing over like the waves of the ocean!

"Alright!"

Instantly, the sea of blood around him caved in, and rushed towards his surroundings. In the blink of an eye, the blood rain that filled the sky struck towards Long Chen, and at that moment, Jiang Ming disappeared!

"It's starting!"

Everyone was extremely excited!

Long Chen easily deflected the waves with his Ether Divine Powers. His power was simply too immense, ever since his last battle with the Primal Chaos Quintus, he was unable to estimate how much stronger he had actually become.

The Divine Slaying Sword's Ascension, Primal Beginning Divine Powers, Tempest of Time, Blood Spirit Spikes, Reincarnation Power, Fourteenth Sacrifice of the Taiji Creature Dragon, and so on.

Turning his head to look, he saw Jiang Ming shooting out from the sea of blood like a bloody shadow amidst the shouts of tens of thousands of Dragon Fighter.

"Heavenly Marks Blood Sword!"

BOOM!

The blood colored Sword Qi was condensed from the way of slaughter, it was sharper and sharper than Long Chen's, and the Death Qi was stronger, it was obviously condensed from countless of opponents' corpses.

Amongst them, there were ten Dao Spirits, and most of them were ten Dragon Souls. Furthermore, they were also complete Dragon Souls, and when Jiang Ming brandished the Heavenly Blood Sword, ten Dragon Souls danced around him, exuding a terrifying aura and killing intent. An ordinary opponent would probably faint from fright before they could even fight.

Long Chen used the Slaying Sword Technique to easily counter the opponent.

"The Myriad Death Sword Dao has already created a hundred thousand corpses, do you dare to try it?"

Jiang Ming's sneering voice came from all directions.

Hearing the name "Ten Thousand Deadly Sword Dao", everyone felt a chill in their hearts, Jiang Ming was truly ruthless, he had just taken out his most powerful technique, with his ability to execute the "Ten Thousand Deadly Sword Dao", even a late stage Five Elements tribulation of reincarnation martial artist could not stop him!

An Eternal Blood Prison Dragon was a Ultimate Dragon!

The Myriad Death Sword Dao contained ten thousand different slaughtering methods, each possessing boundless divine might.

With every strike, one person would die!

The source of the Power of Reincarnation condensed into a sword, releasing the sword qi, instantly causing the ten divine dragons to surge, the tyrannical blood red sword qi sealed Long Chen's escape route, the sinister killing intent made all the spectators change their expressions, as expected of a genius who had killed his way out from a sea of blood and corpses.

However, Long Chen frowned and said: "Your killing, is to kill for the sake of killing, this is a demon, not a Dao. Or rather, you've already taken the wrong path. "

Jiang Ming was startled, he unleashed the Myriad Death Sword Dao in his hand and the blood sword in his hand. The continuous sword moves were in close combat with Long Chen's Slaying Sword Technique, the powerful sword attacks forced Long Chen to retreat, and when the others saw Jiang Ming was so brave, they immediately cheered up, their eyes were filled with excitement, and in their eyes, Long Chen was simply just like a pitiful bug!

"Then tell me, what is your path of slaughter?" Jiang Ming mocked. In fact, he was already secretly shocked, he knew how terrifying the Myriad Death Sword Dao was, spirits would definitely appear from the bottom of the sword, and even after killing hundreds of times, he still couldn't do anything to Long Chen? He knew that the number of blood sword dao markings on Tian Shang was more than Long Chen's god slaying sword!

Long Chen calmly responded as he quietly activated the Killing Sword Technique, but it was able to easily dispel Jiang Ming's Myriad Death Sword Dao. The blood red sword qi was berserk, but it was unable to break through Long Chen's watertight gray sword net.

Long Chen had roughly figured out the opponent's strength, and then said indifferently: The so called Way of Killing, is not about killing for the sake of killing, but to protect, protect dignity, struggle, and all of this, you definitely do not understand, because you are just a killing machine.

He saw himself in Jiang Ming.

Sinister, cunning, vile, brutal, and bloody. Long Chen also knew that if he had taken the wrong step back then, it was very likely that the Jiang Ming today would be the other.

Fortunately, Ling Xi, Long Qinglan and the others had made him understand the true meaning of killing.

To protect Ling Xi!

For the sake of his father's dignity!

These were things that were more precious than his life!

Thinking up to here, Long Chen did not show any more mercy. He felt that Long Qinglan must be looking at him.

For dignity, fight!

In that moment, Long Chen's God Slaying Sword seemed to have come to life. It was originally defending, but it instantly turned into an attack.

"The son of the Eternal Dragon Emperor is about to collapse! "Haha!"

There was a large majority of people watching who were just about to mock him. In their eyes, Long Chen was just a fool.

But at this time, the situation had reversed!

Jiang Ming was currently using the Myriad Death Sword Path to kill to his heart's content. This sudden turn of events made him feel as if he had been struck by lightning. The thing that he could not bear the most had happened.

"This ... Killing Sword Technique."

Even though his surroundings were filled with people who had ridiculed him and insulted his father, Long Chen remained calm.

Killing sword technique, 300 slashes later, exploded forth!

The gray sword qi rushed into the sky, instead of retreating, Long Chen advanced like lightning, the gray sword qi supported by the Primal Chaos Force unleashed a terrifying massacre, Jiang Ming clenched his teeth, using the Myriad Death Sword Dao to resist!

RUU...!

Everyone was stunned, they never thought that Long Chen was actually so brave and fierce, under his Slaying Sword Technique's wave after wave of attacks, Jiang Ming bitterly endured, the Myriad Death Sword Sect was terrifying, but at that moment he was completely suppressed, and only had a chance to resist!

"AHH!"

Jiang Ming was simply going crazy. He truly could not understand, the power within Long Chen's body did not grow any stronger, but it was as terrifying as the power of a god. His Power of Reincarnation Source Spirit was actually continuously being defeated by the opponent's sword beams, quickly becoming unstoppable!

Under Long Chen's brutal barrage of attacks, Jiang Ming was forced to retreat quickly. Long Chen chased after him, and the area where the two were fighting quickly changed, blood waves soared to the sky along the way as the sword qi surged. The spectators dodged quickly!

Shua shua shua!

In the blink of an eye, the Killing Sword Technique had battled over a thousand times, and at that moment, it could only be described as terrifying. Although Jiang Ming was a Ultimate Dragon, his body was covered with sword scars, and he was in a sorry state.

The number one Hidden Dragon Rank, was actually crushed by Long Chen?

Everyone began to doubt their own eyes.

This is not true!

Jiang Ming also told himself this, it was just that the blood flowing down from the top of his head, along with the blood that had invaded his eyes, reminded him, no matter how powerful his Myriad Death Sword Dao was, it was completely not comparable to Long Chen's Killing Sword Technique!

"Do you understand? Ten of you, none of you are my match! "

Long Chen laughed coldly, and chased Jiang Ming tens of thousands of meters away!

The blood colored sword qi along the way was utterly defeated!

This was a true genius!

Jiang Ming screamed, as though he had gone insane, he waved the Heavenly Shang Blood Sword, repeatedly retaliating. The commotion was extremely huge, even the experts of the older generation were shocked, but he was still completely suppressed by Long Chen!

"A thousand strikes!"

The slaughter sword technique fought to a thousand swords!

That sword tore through the skies and struck Tian Shang's blood sword. Instantly, Tian Shang's blood sword could not withstand the force of the god slaying sword and shattered in front of countless people as it exploded outwards in all directions!

At that moment, Jiang Ming's eyes were wide open. His eyes were burning with anger. This was the biggest blow he had ever received in his life!

"How is this possible!?"

The spectators gasped, the look in their eyes at the son of the Eternal Dragon Emperor had already changed.
