

War God 2081

Chapter 2081 - Blood Prison Mortal Life

Reverse killing!

Although Long Chen had only destroyed Jiang Ming's Dao Artifact, the difference in power was clear.

Of course, the battle at Dragon Fighter was not that simple, it was just a warm-up previously.

But when Long Chen casually revealed himself, it had already caused over a hundred thousand Dragon Fighters to feel depressed from the bottom of their hearts. Jiang Ming was the number one in Hidden Dragon Rank, so how could Long Chen be so strong? They couldn't accept it!

Long Chen had only defeated Primal Chaos Kunlun, how could he have the ability to deal with Jiang Ming?

Could it be that in a year's time, he actually progressed to an even stronger level?!

Just as everyone's hearts started to tremble, Long Chen did not hold back. He had finally found an opponent with great difficulty, Long Chen would definitely not let him off easily.

Jiang Ming's heart was already bleeding from the sight of his Heavenly Shang Sword being shattered.

In fact, the sword small skeleton that had just leveled up to three hundred dao patterns was laughing.

"You've completed your mission."

Long Chen kept his God Slaying Sword to prevent his Dao Inscriptions from being discovered by the strong, but at this time, Jiang Mingzheng looked at him with his pair of sinister eyes. His first loss in battle had caused his heart to be filled with an unprecedented killing intent, the bloody aura of the Eternal Blood Prison Dragon erupted out, causing the surrounding warriors to tremble in fear as they hurriedly retreated.

"Jiang Ming was too careless earlier. Now, seriously take it seriously. This murderous aura is truly terrifying."

"A magnificent super divine dragon, a Primordial Blood Prison Dragon, how could it be so easy to defeat!"

Following their words, Jiang Ming clenched his teeth and covered his body with blood-red dragon scales. He extended a pair of sharp and brutal dragon claws, and like a battle machine, he swept up waves of blood and charged over.

"Long Chen, don't be too complacent, the battle has just started!"

Jiang Ming roared.

"Alright, then I'll use you to practice."

Long Chen chuckled.

He had long wanted to try the power of the Taiji Creature Dragon.

Jiang Ming suddenly appeared in front of him.

"Lightning Sacrifice!"

Purple lightning suddenly exploded from Long Chen's body. In a short span of time, his entire body had transformed into a frightening lightning ball with a diameter of several tens of metres. Lightning shot out violently as electric snakes danced wildly.

"What!"

Jiang Ming had just rushed forward.

"Let's test his power!"

Long Chen executed it with one hand and the gigantic lightning ball swiftly smashed towards Jiang Ming. Its speed was too fast, and too sudden, it exploded right in front of Jiang Ming's eyes in an instant, causing him to fly out violently as blood sprayed from his mouth and his body charred all over.

This scene made everyone look at each other, speechless.

Jiang Ming was the number one in Hidden Dragon Rank! Everyone was afraid of him, so why did he appear in front of Long Chen like a toy?

But this was just the beginning, Long Chen did not have enough fun, he had seemingly teleported, appearing in the air above Jiang Ming, he immediately made his move!

"Sun Sacrifice!"

BOOM!

This power was directly transmitted from the Divine Kingdom, which was why it was so fast and violent!

Long Chen was holding an explosive fireball that had a diameter of several tens of metres. It was a mini sun!

"No!"

Without holding back, Long Chen casually swung the fireball. The fireball that was like the sun smashed onto Jiang Ming's back with a loud bang and smashed into the sea of blood. At that critical moment, Jiang Ming released a miserable scream as he was instantly drowned in the sea of blood.

Long Chen stopped and stood with his hands behind his back.

Hundreds of thousands of Dragon Fighters felt their mouths go dry. They raised their heads to look at him and fell silent for a moment.

Honestly speaking, even though Jiang Ming was not bad, he was indeed a grade stronger than the Primal Chaos Qun. However, Long Chen had become unrivalled in the genius world today.

"Everyone, have you all seen the outcome of the battle clearly? Everyone knows who will win and who will lose. "

Long Chen looked at the crowd and said loudly.

This was what the Slaughter Dragon City had done to him. He didn't think that in such a short period of time, it would become what he had done to the Slaughter Dragon City.

Killing sword art, fourteen strikes. It was simply an instant kill to Jiang Ming.

In his hands, the previously monstrous slaughter king had become a pitiful clown.

"Long Chen!"

Right at this moment, the blood sea started to stir, the world started to tremble, and the aura of a huge beast was released. Long Chen looked down, and a huge dragon head charged out from the sea of blood towards him, biting him.

Long Chen had already expected that Yue Yang would not lose so quickly. Although he was able to crush his opponent, killing his opponent and severely injuring his opponent would require him a lot of effort, but Long Chen was not anxious at all. In his eyes, Jiang Ming was just a target that could be used to test his strength!

"Jiang Ming is back!"

"It turned into a dragon form, a showdown between Dragon Fighters! In a divine dragon duel, he might not even lose! "

"Yes, the Eternal Blood Prison Dragon is that terrifying!"

The other hundreds of thousands of divine dragons were now looking for comfort.

They had suffered such a miserable defeat that they simply could not tolerate such an outcome. If today's result were to be spread out, the number one person in Hidden Dragon Rank would become a small matter.

Long Chen looked down disdainfully at the divine dragon that was charging towards him.

This was a vicious divine dragon, and the biggest difference between this dragon and an ordinary divine dragon was that he had over ten thousand bone spikes that were as sharp as blades and swords. Those bone spikes shined with a terrifying bloody light, and this Eternal Blood Prison Dragon's bone spikes were like a hedgehog, but they were far more terrifying than a hedgehog!

A thick wave of killing intent immediately swarmed over and locked onto Long Chen!

This was Jiang Ming's true strength.

"Can we finally have a good fight?"

It had been a long time since he was this excited, this hot-blooded battle, Long Chen wanted to beat his opponent to death, so he did not want it to end so quickly.

The appearance of the Eternal Blood Prison Dragon's true form was like a savior of the Dragon City. They clenched their fists tightly, anticipating Jiang Ming to use his strongest form to reverse the outcome of the battle!

Long Chen did not speak further and transformed into the Primordial Blood Dragon's body, looking down from above. In terms of ferocity, he could not even compare to a tenth of the Eternal Blood Prison Dragon, but that majesty of a king could not even be compared to an Eternal Blood Prison Dragon.

In front of the Primordial Blood Spirit Dragon, the Eternal Blood Prison Dragon was like a clumsy clown.

He refused to accept this outcome!

But today, Long Chen used his noble bloodline to suppress him, causing his heart to be in a state of turmoil, he then went berserk. Right now, he activated his loudest sound wave, and under the cheers of the people, he rushed out from the sea of blood, with his sharp bone piercing body, he fought his way over!

The divine dragon swung its tail!

With his immense physical strength, Long Chen unleashed the Heavenly Slaughter Blood Sword and instantly deflected the attack.

"One hundred thousand Blood Souls!"

Jiang Ming angrily roared!

Every single one of the bone spikes on his body had formed a drop of blood. The drop of blood contained the shadow of his soul, which was a genius he had killed!

Since he was young, he had collected a hundred thousand blood souls. This was something that he was proud of. All the geniuses in the world feared Jiang Ming for his one hundred thousand blood souls.

Blood droplets gushed out, forming a hundred thousand Blood Armored Warriors. They were all extremely strange, but they were all geniuses. As the Ancient Blood Prison Dragon unleashed its power, a hundred thousand Blood Souls rushed towards Long Chen to kill him. Everyone held great hope in this one hundred thousand blood souls!

This was definitely enough to defeat Long Chen!

Long Chen couldn't help but laugh.

The number one Hidden Dragon Rank, the number one genius of the human race, that's it?

He unleashed three million Blood Weeping Dragon souls. With a single sweep, all one hundred thousand Blood Souls were engulfed.

"Rest in peace."

The spirits were imprisoned, so Long Chen finally released them.

"How is this possible!"

He was simply about to go crazy. Until now, he had truly realized just how frightening Long Chen was and how weak he was, but he shouldn't have been crushed to this extent, right?

The surrounding hundreds of thousands of people that were slaughtering the Dragon City all had gloomy expressions. Their hearts had been intimidated time and time again, and they were on the verge of going crazy.

"No!"

He himself was a mad man who did crazy things, but now that the dragon's body was spinning, a large amount of the essence of reincarnation energy would gush forth from its body and gather around him, forming a blood colored tornado that rolled around in the sea of blood. This was not a wild wind, but a deathly aura!

"Blood Prison Mortal Life!"

The tornado swept across and formed a vast sea of blood. The Age of Dragons, Eternal Blood Prison Dragon used this blood prison to imprison all life and convert it into its own power!

RUU...!

The scene was extremely spectacular. The sea of blood surged and swept towards the surroundings, and everyone had no choice but to retreat. They looked in shock at the Blood Prison Emperor that was activated by the Eternal Blood Dragon!

"Jiang Ming is going crazy."

"That's right, every single move was easily broken by Long Chen, so is Long Chen toying with him?"

In fact, their guesses were not wrong. Long Chen was trying to intimidate them.

Defeating Jiang Ming was very easy, but what he wanted was to intimidate everyone. He wanted to make the entire Slaughter Dragon City respect him, so he had to display his strength to the fullest. And that strength was reflected in the fact that even if Jiang Ming were to sacrifice his life, he would still be easily trampled by him!

It was as if the countless lives of the Blood Prison had swept over!

Everyone was clear about the power of the Blood Prison Mortal Life, and their desire to defeat Long Chen was even greater.

Long Chen was in the middle of the storm, and his surroundings was filled with Jiang Ming's heavy breathing!

He closed his eyes and reached for the pulse of time.

"The Tempest of Time."

It moved gently, growing larger from a young age. The surrounding time turned into a storm, causing terrifying destruction. All the time in this space was drawn into this storm, forming a storm on the river of time!

Weng! *

An indescribable destructive force swept through Jiang Ming's body, the blood prison's life force quickly collapsed and turned into ashes, and before he could even attack, it vanished. As for the Eternal Blood Prison Dragon, it screamed miserably as its bones and scales cracked and exploded. Blood gushed out as its huge body fell onto the sea of blood, soaking the dragon in it.

In that moment, Long Chen looked with his blood-colored eyes, and the surrounding hundreds of thousands of people all looked at him in a daze.

At that moment, Long Chen looked down on everyone.

This was the majesty that belonged to him, a glory that belonged to him!

The truth had proven that Jiang Ming could not even withstand a single blow from him!

Everyone looked at each other and at the sea of blood below them. They had lost so miserably this time. Their face in the Dragon City was about to be ruined.

However, at that moment, the sea of blood below once again surged!

At this time, a flaming blood appeared in the sky above the sea of blood. He exclaimed, "Jiang Ming, don't use the 'Burning Blood Sacrifice'!"

But it seemed too late.

Jiang Ming's despairing roar sounded from the depths of the sea of blood.

"Master, even if I die, I can't lose!"

Chapter 2082 - The Sea of Blood of All Living Things

"Burning Blood Sacrifice?"

After hearing the word, Long Chen remembered the blood sacrifice, it was a way to raise one's cultivation at a price, it was too harmful to one's foundation, and Long Chen had already eliminated it long ago.

When everyone heard the words "Burning Blood Sacrifice", they were initially shocked, but in an instant, they were moved, and became restless. It was originally a simple battle, but now, it had risen to the honor of Dragon Slaying City. They were powerless against Long Chen, and at this moment, they had no choice but to admit that Jiang Ming was not his match!

However, if Jiang Ming had used Burning Blood Sacrifice, it would have been different!

Even the burning blood could not help but come out from the shadows, it was clear how heavy this Burning Blood Sacrifice was. However, Jiang Ming continued to display it without hesitation, the ferocity in his bones and his spirit of not admitting defeat was not inferior to Long Chen's!

Weng! *

The entire sea of blood below was burning!

Even if he died in battle, he wouldn't let Long Chen do it so easily!

From the start of the match, Long Chen had always been this relaxed. This was a blow to his dignity!

Men could not be lacking in dignity!

Therefore, as if he had gone crazy and used the ultimate tactic of burning blood to sacrifice the heavens, he naturally wanted to give Long Chen a terrible lesson!

When the Blood Sacrifice Heaven was unleashed, most of the warriors hastily retreated to avoid being hurt by Jiang Ming by accident. Their faces were filled with shock, and at the same time, they were staring at Long Chen viciously.

"I want to see how far you can go!" "Once you've arrived, no matter how strong you are, you'll have to kneel down in front of Jiang Ming no matter how much stronger you are!"

"This Long Chen is not bad, but he is truly too arrogant in the bones. Does he really think that we, the people from Dragon City, will lose to him?!"

"Since young, Jiang Ming has gone through hundreds of thousands of battles, killing all the geniuses and never losing a single one. Even if he loses today, he will only make his opponent suffer even more!"

As they retreated, they were filled with anticipation!

They wanted to see Long Chen's defeat be even more tragic than Jiang Ming!

And at this moment, as he watched the sea of blood burn with a boundless aura, Long Chen calmly said to the sea of blood, "Senior, get out of the way."

Long Chen was actually not afraid?

"You don't know the power of Burning Blood Sacrifice. He used the cost of going down by a level to fight you, and only after a hundred years will he be able to recover the fighting strength of the five element tribulation of reincarnation."

Bloody Blaze coldly said.

"No worries, move aside."

He said indifferently.

Since he, Long Chen, had come here, there was no reason for him to retreat. No matter how strong the other party was, it would not be easy for him to make him retreat. Furthermore, what the other party was using now was what Long Chen had left over!

Hearing Long Chen's last sentence, Xue Huo squinted his eyes and laughed: "It's really yours, if you're not afraid of death, come!"

Of course Long Chen wasn't afraid of death. What he wanted Jiang Ming to do was to pay a hundred years of hard work to be able to defeat him in time, and only then would he be able to understand how big of a gap there was between the two of them!

BOOM!

Below, the Eternal Blood Prison Dragon's entire body was burning with blood-red flames. Its aura and ability had risen by countless, and had become much stronger. Although it could only maintain this for a short period of time, it was sufficient for the ferocious Jiang Ming right now!

"Roar!"

The Primordial Blood Prison Dragon roared. Under the impact of his voice, half of the sea of blood rushed over, almost drowning Long Chen!

Long Chen could see the viciousness in his eyes, which was a gaze that only appeared because of extreme hatred. At this very moment, he had already prepared to kill Long Chen!

"Go to hell!"

Roaring again and again, under the burning of his blood to the heavens, his cultivation expanded without end, even his dragon scales swelled up from the surging power!

Such power and ferocity left everyone emotionally moved!

Jiang Ming was such a terrifying person. He only knew how to kill and not defeat!

"Blood Prison Mortal Life - Sea of Blood of All Living Things!"

BOOM!

All the energy gathered at one point and poured out!

Jiang Ming had completely released all the power he had gained by burning the blood into the heavens, not leaving a single trace!

All of his power formed a sea of blood!

This was a divine ability that was even more powerful than the Blood Prison Emperor's. It belonged to the Eternal Blood Prison Dragon.

Long Chen suddenly realized that he was trapped in a blood colored world. That was a blood ball with a diameter of over ten thousand meters, using Jiang Ming's entire strength to condense it, and encircle Long Chen!

"This time, Long Chen is done for, the sea of blood of all the living beings has shrunk.

Following his words, the sea of blood of all living beings wiggled like a bug, and then shrank. Long Chen who was trapped in the sea of blood felt a destructive pressure, this move was indeed terrifying, ordinary people were unable to break through the sea of blood of all living beings, and if it could not be broken through within a short period of time, it would be squashed into meat paste!

"Hua!"

Seeing that Long Chen was already surrounded, everyone started to clamor. The dignity that Dragon City had lost, was finally restored!

Rumble rumble rumble!

The sea of blood was still shrinking.

All of the powerful fighters in the Slaughter Dragon City were watching this battle.

"Tell me, is Long Qinglan this son able to break through the sea of blood?"

"Difficult, difficult, difficult. After all, Jiang Ming had already used Burning Blood Sacrifice. "

This was a conversation between the three Dragon Emperor s in the sky.

At the same time, on the surroundings of the battlefield, Blood Blaze's eyes narrowed. Of course, he couldn't let Jiang Ming kill Long Chen, so he waited for the final moment to save Long Chen. If Long Chen took human form, he would still be able to endure for a while, so Blood Blaze was not in a hurry.

He couldn't hold on any longer and turned into his human form. His face was pale as he fell from the sky. It seemed he was on the verge of death.

If he wanted to recover, he would need at least a hundred years. After a hundred years, the other geniuses in the Dragon City would be able to surpass him.

"Have a good rest."

The Dao of Bloodfire.

"No Master, I want to see him lose!"

Jiang Ming said while gnashing his teeth.

"Soon."

"Yes," said Fiery Blaze confidently.

The people of Slaughter Dragon City started to cheer. All the grievances and depression were swept away, the terrifying sea of blood had shrunk to the point where it could squeeze out Long Chen and his Divine Dragon Body!

The entire Dragon Slayer City let out a sigh of relief, luckily they didn't lose!

In reality, in the midst of the sea of blood, Long Chen had indeed felt a sense of pressure.

But he is Long Chen!

What he wanted was this kind of domination!

He had already sworn that one day, he would definitely make the Five Dragon Cities have a whole new level of respect for him!

Today was only the first battle. He wanted to win with the greatest possible ending.

"Blood Spirit Spikes!"

At that moment, all of his emotions were focused on the Blood Spirit Spikes.

In Long Chen's heart, there was too much depression, perseverance, anger, and hatred. All sorts of things had troubled him, and even though he looked calm and collected, he actually wanted to use slaughter to solve all his problems!

He did it for the glory of his father!

The divine dragon spun around and turned into a Blood Spirit Spikes that pierced the sky and pierced the earth. It was the sharpest move in the world, when the sea of blood endlessly shrank, and just as it was about to squeeze Long Chen to explode, the Blood Spirit Spikes reunited, flashing a ray of his world's most ferocious blood light, and pierced the sea of blood!

"Whiz!"

Penetrating.

Long Chen turned into a human and stood proudly in the middle of the sky. Behind him, the sea of blood turned into droplets of blood and splattered into the endless sea of blood.

This sudden scene froze everyone's excited expressions. At that moment, other than the whistling of the blood waves, there was no other sound.

It was dead silent, and everyone's gazes of disbelief were fixed on Long Chen.

"A miracle."

The three Dragon Emperor s looked at each other and shook their heads with bitter smiles. They were the ones who had witnessed Long Qinglan's rise in power, but today, they discovered that this young figure was actually so similar to the Eternal Dragon Emperor. It was difficult to even suspect that he wasn't Long Qinglan's son.

They were equally stunning, similarly looking down on the world!

Among his peers, no one was a match for him!

He already didn't know how to describe Long Chen anymore. Even though Jiang Mingzhen had lost, it was as if Long Chen had slapped everyone's face. Everyone felt a burning pain on their faces.

At this moment, he finally understood that this was the first time in countless years that his heart was filled with such a terrifying fear and helplessness. Although Long Chen had only defeated him once, it had brought about a blow that was even scarier than death itself.

Long Chen had long known that Jiang Ming's way of killing was wrong, and everything that happened today, was something he brought upon himself.

As for the others in the Slaughter Dragon City, they too could only remain silent. Looking at Long Chen, from today onwards, the calm and collected image of the youth was firmly engraved in their minds.

This was exactly the kind of effect Long Chen wanted.

His heart was in a frenzy!

Coming to Dragon God Domain, she had finally fulfilled her wish!

Those who looked down on him in the past should believe it now.

Even though he was just a young junior, he still dared to be so arrogant. At this moment, he looked at the three hundred thousand experts of Slaughter Dragon City and said with a deep voice, "Everyone, the battle today is over, the outcome has been decided!"

"I believe everyone should remember me. That's right, I am Long Chen, the son of the Eternal Dragon Emperor that you all have mentioned!"

"I used to harm the Dragon God Domain, including killing Di Yu and Lin Ming, but these were all personal grudges, and had nothing to do with the betrayal that I and the human race had!"

He took a deep breath and said: "I have only returned to the Dragon God Domain for one thing, and that is to clear my father's grievances. Even though today I do not have any ability or evidence to tell you the truth of history, I will work hard, and I have never viewed you all as my enemies. I, Long Chen, have come for the sake of my father's reputation. From today onwards, I will work hard for my goal! "

The words he said had a huge impact on everyone.

"Wash, Long Qinglan's grievances?"

"The Eternal Dragon Emperor still has grievances?"

Everyone looked at Long Chen in disbelief.

Long Chen knew that what he had to do, was unfathomable to them.

However, he wanted to do this incredible thing!

Chapter 2083 - Crimson Dragon Palace

"What injustice? He betrayed the human race, led the devil, attempted to massacre all living things for his own use, and even wanted to destroy the battlefield of the gods in Archaic Gods, and also killed many seniors of our human race.

When the crowd recovered from the shock that Long Chen gave them, they did admire Long Chen and admitted that he was invincible amongst his peers. However, they could not agree that the Eternal Dragon Emperor had spoken such words out to them wrongly!

"How laughable. To do such an outrageous thing, everyone in the world can see it clearly. How can there be any injustice?" Do you think that our ancestors were blind? "

The group surrounded Long Chen and pointed at him.

Long Chen swept his eyes across the faces of the people who spoke of Long Qinglan who had a look of disdain on their faces, his heart was filled with anger and unwillingness, he believed that Long Qinglan must have fought for some kind of situation, and it was very possible that he had fought for everyone, but he had been misunderstood, and had even been rejected and insulted by his own people.

If it was Long Chen himself, he would not care about all these.

But Long Qinglan could not do it. This was his homeland, the place where he had risen to prominence. He held deep love for this entire world, so he was unwilling to just disappear while being insulted like this.

Long Chen knew clearly in his heart that such a thing could not be rushed.

Looking at the countless number of faces that had fought against him, cursing and ridiculing him, Long Chen swore in his heart that one day, he would make all of the people in the Dragon God Domain change their minds and repent for their sins. This was the purpose of him coming to the Dragon City to kill!

Jiang Ming had already lost.

Tens of thousands of Dragon Fighter surrounded Long Chen, and used Long Qinglan's matter to scold him. It was all to say that Long Chen was delusional, and that it was best to cut off this year, or else he would walk the path of Long Qinglan, and be despised by the world.

Long Chen turned and left.

"This is too outrageous. This kind of person is trying to distort the truth of history, and if we want him to become a super strong Ranker, he will definitely have a bad influence on our human race. He might even produce another Long Qinglan!" We, the humankind, can no longer afford to take such a blow! "

"That's right, I wonder what the higher ups of the Five Dragon Cities are thinking, I think they should just directly kill him."

"That won't do, he did not commit any big mistakes, it is still too excessive to just kill him, after all, there are Heavenly Dragon Star Dragon Fighters following him. I see that the Dragon Emperors are all very smart, they know how to put this Long Chen under house arrest. As long as he is unable to leave the Dragon Slaying City, everything will be under the control of the Dragon Emperor. There's nothing we can do no matter where we go. "

Everyone burst out in laughter.

"So what if your innate talent is heaven defying? Isn't that the prisoner of my Dragon City? "

Crimson Dragon Palace.

This was the place that Blood Blaze had set up for Long Chen.

The Scarlet Dragon Palace was very big and there was a large radius of space around it. It was extremely spacious and only Long Chen was in it.

Because of his battle with Jiang Ming, the outside world was in an uproar. There was communication via Star Talisman, and now the entire Dragon God Domain knew that Long Chen had easily defeated the number one Hidden Dragon Rank.

The details of this battle were spread.

From the Myriad Death Sword Dao, one hundred thousand blood spirits, to the Blood Prison Life, then to Burning Blood Sacrifice Sky and the sea of blood, every single move that Jiang Ming made was easily deciphered by Long Chen. In the end, even using the power of one realm as the price, he was unable to harm Long Chen even a little.

Although in the entire Dragon God Domain, not many people liked Long Chen, this did not deny that he was already the true number one in Hidden Dragon Rank, the number one genius in his generation, the invincible within his generation, and even the invincible geniuses of tens of thousands of clans!

With such abilities, it made people think of the Long Qinglan from back then.

The two were astonishingly similar.

When Long Qinglan rose up in power, he wasn't even as young as Long Chen.

For example, the War God's Ancient City from the past, as well as the forces that Long Chen had faced up against such a thing. Forget about how unbelievable they were, even if this news was spread to the Demon God Area s of the Spirit God Realm, it would cause huge turmoil. One must know that in the past, Long Chen wasn't that powerful when he was in the Spirit God Realm.

Especially those women with the heart of a goddess.

In these past few days, they had all contacted Long Chen, asking him to visit them occasionally. They would definitely repay him with their bodies.

Even though his strength had been acknowledged, his words and actions regarding Long Qinglan's innocence had directly become the laughing stock of the entire Dragon God Domain. In the eyes of others, he was simply an idiot, so whenever someone brought up Long Chen's terror, someone else would step forward to use this matter to prove his foolishness.

It was impossible for Long Chen to not care about all of this, it was just that he was more indifferent than before.

In the entire Dragon God Domain, there were many people who wanted to kill him in secret.

For example, the strong warriors of the Di Jun Divine City, who were weaker than the weak Five Dragon Cities, were probably the strongest in the entire 72 - The Ancient City of God's descendants.

That kind of level was the peak of the world, so of course Long Chen couldn't handle it.

He was cultivating in the Crimson Dragon Palace.

Every day, he would use the star talisman to communicate with Ling Xi.

"Brother Chen, when are you going to explore the battlefield of the Gods?"

Ling Xi was floating above the starlight lake on Sky Dragon Star.

Long Chen thought for a while, then said: "It's still not enough, there are a lot of people eyeing me covetously from the outside, the Dragon Slayer City is my temporary shelter. Later. When you arrive in a year. "

Hearing this, Ling Xi relaxed, and said: "Brother Chen, don't worry. This time, I can definitely be of great help. I feel that I have already charged into the Four Symbols tribulation of reincarnation. "My own blood is also rapidly growing."

"Are you confident in the Samsara Tribulation?"

This was what Long Chen was most worried about.

"Don't worry, it's nothing."

Ling Xi smiled sweetly.

This feeling of being cared for was very beautiful. After being separated for a short period of time, the daily longing was like an ant on one's body, making one itch, but the feelings of being loved instead became hotter.

"Brother Chen, I won't disturb you anymore. I will also work hard to fuse with stellar nucleus!"

As Ling Xi said that, she went back to her work.

Long Chen had to spend a large amount of time cultivating every day as well. Powerful beings were his only path of advance, and any rules were controlled by the strong ones.

Only with strength would one have the right to speak.

If Long Chen was a super strong Ranker, then any of his words would not be a joke.

Deep in the night.

A bloody mist permeated the air above the Dragon City.

The environment was gloomy.

Long Chen advanced in the direction of reincarnation in the vast Scarlet Dragon Palace. He needed to reach the late stage of the One Yuan tribulation in order to break through the second stage of the tribulation.

At this moment, he thought of Li Xuanji.

Li Xuanji found out from the Dragon God Domain, that the Dark City was actually the Ancient City of Gods, which was the closest to the Slaughter Dragon City.

He connected to Li Xuanji with the Star Talisman.

The man's peerless appearance appeared on the Star Talisman. Her expression was somewhat joyous as she looked at Long Chen with a rare smile. Her heart was filled with satisfaction, as if every time she looked for Long Chen to find her, she would never take the initiative.

"I'm here in the Dragon God Domain, in Slaughter Dragon City."

Long Chen immediately said softly.

"I know. I heard that you were in Slaughter Dragon City before." Li Xuanji's eyes flashed with tears.

"What's wrong?"

Long Chen saw that her emotions were a little off, even though he was happy, he felt that it was a little too much.

Li Xuanji shook his head and said: "Nothing, I just want to see you for a bit."

"Oh!"

Long Chen pondered for a bit. In this Dragon Slayer City, he felt like he was being placed under house arrest, and he really needed to challenge the three Dragon Emperors to a match to see if they had that intention. Thinking about it, he wanted to agree to help Li Xuanji, but suddenly felt that something was amiss.

Long Chen then lowered his voice, and said. "Don't lie to me, did something happen?"

He knew her, so he knew what she was thinking.

The other party went silent for a moment, then said: "I feel that a portion of Dark City found out about the corpse of the ancient god that I was hiding inside. In the past few days, it seems that someone treated me badly, and the Dark City Lord basically didn't show herself for almost a year, she probably went into closed door training and I couldn't find him. "

The value of the Ancient God's corpse was around the same as the Sector lord's Divine Arts and the God's Kindred Spirit Liquid.

The Sector lord Divine Arts, that was something even Spirit King wanted.

The corpse of the ancient god had its own legends about it in the Immortal God Realm, so knowing its value shouldn't be hard. If it was leaked, and Li Xuanji's protector was in closed door cultivation, then those people who had gone insane for power might really make a move.

Long Chen had warned Li Xuanji before.

In the Immortal God Realm, other than the Master of Darkness City, the only person she could rely on was Long Chen. Therefore, when he found out that Long Chen had come to the Dragon Slayer City, she could only ask for help.

But in reality, she did not want to trouble Long Chen, if Long Chen had not seen through her thoughts, she would not have said it out loud.

Long Chen's eyes narrowed, and said: "Can you hold on for a few days?"

Li Xuanji nodded: "I think so."

"Then wait for me."

After he finished speaking those three simple words, Long Chen put away the star talisman and went to look for [Blazing Blood].

To him, even if Li Xuanji wasn't as unforgettable as the little wolf and Little Cat, they were still friends who lived and died together. If she was in trouble, Long Chen naturally couldn't just stand by the side and watch.

In the Immortal God Region, he only had these few friends.

Li Xuanji normally would not bother him, the matter was already considered serious.

After finding the Burning Blood Technique, Long Chen went straight to the point, "I'm going out for a trip."

The Bloody Blaze was startled. He said in a deep voice, "You just came to Slaughter Dragon City. What are you doing outside? It's best if you don't go out. It's not suitable for you to leave Dragon City for at least ten years. In the outside world, there are a lot of people who want to kill you. "

Long Chen said: "I have to go to the Dark City for a trip, there should be no rules to prevent disciples from leaving the Dragon City, right? Could it be that letting me join the Slaughter Dragon City is really imprisoning me? "Senior Bloodfire."

Bloody Blaze said, "If that's the case, then we'll have to see what the three Dragon Emperor s have in mind."

Chapter 2084 - Dark City

Slaughter Dragon City, in the central hall.

Atop the three royal thrones, a bloody mist permeated the air.

The three Dragon Emperor s were discussing.

It said: "This fellow Long Qinglan, just what kind of Unparalleled Dragon blood essences did he take from us? Looking at that child in the shape of a dragon, he doesn't seem to be the three concomitant dragon that we know of. "

"I can't understand. This guy has always been mysterious. I can't even tell if I am dead or alive, but I have already reached the heaven defying realm. "

"Then what should we do with this child? If Long Qinglan is still plotting, then this child must be a crucial step, is it really alright for us to bring this child here? "

"There's no need to think too much into it. Long Chen has too many secrets and they have been concealed so even we cannot see through them. When time passes, everything will naturally come to an end. "

They were silent for a moment.

Following that, another Dragon Emperor laughed. "The few people from Dragon City seem to have taken a closer look at this child. They have already inquired about it many times, is it because they want revenge?"

"That's right, many of them had died at Long Qinglan's hands back then. Even their second Dragon Emperor had died on the spot."

"Leave them alone. Just do your own thing. As for how Long Chen is going to deal with him, let him go guard 'Heavenly Blood Hell' first. "

"Let him guard it? If I am unable to come out for the rest of the year, wouldn't that be equivalent to imprisonment? "

"Aren't we imprisoning him?"

As he said this, the three Dragon Emperor s began to laugh.

Right at this moment, they found it strange. The blood fever had actually brought Long Chen over.

raised his head and saw that the three eerie clouds of blood were still floating on the throne. It was extremely ethereal and hard to figure out.

This was a terrifying figure who ruled over all of Dragon God Domain countless of years ago. Long Chen was in awe and awe as he lowered his head and said, "Disciple Long Chen greets the three Dragon Emperor s."

After he finished speaking, he went straight to the point: "I would like to leave for a moment and head to Dark City to do some private matters. After I have finished, I will return immediately.

Originally, if it was a normal disciple entering and exiting the Slaughter Dragon City, there would be no need to ask for instructions, nor would there be a need to trouble the three Dragon Emperor s. However, Long Chen's identity was unique, thus he had the qualifications to come here.

The three Dragon Emperor s had previously wanted Long Chen to become the guard of the "Heavenly Blood Hell", but they didn't expect him to directly want to leave.

They were silent at first.

In the end, one of the Dragon Emperor said, "You cannot leave the Dragon Slayer City, otherwise, our life and death will have nothing to do with you."

Long Chen naturally understood that there were a lot of people who wanted to cause trouble for him outside.

But he had nothing to be afraid of, so he said: "I understand, I will return as soon as possible, I hope the three of you can agree, that Long Chen will never forget it."

Hearing the word "unforgettable", the three Dragon Emperors were indeed a little shaken.

They naturally understood that with Long Chen's talent, if he did not die young, it was very likely that he would become the other Long Qinglan a hundred years later, and a thousand years later.

For the time being, there shouldn't be any major problems with his mental cultivation technique.

If he truly served humankind and was befriended now, it would be of great help to the Slaughter Dragon City. Although Long Chen was still inconspicuous.

"Are you sure? Within ten years, I will only give you one chance to go out. Are you sure it will be this time? "

One of the Eternal Dragon Emperors said.

His method was very ingenious. First, he made Long Chen feel grateful, and then, as a price, he imprisoned Long Chen for ten years.

Long Chen had no way to oppose this, even if it was a few decades, he had to agree to it first, since Li Xuanji was in a critical situation now, he had more time, so he might not be afraid of these ten years, thus he did not hesitate much and directly replied: "I agree."

Hearing this, the three Dragon Emperors agreed to his request.

"Go out. I'll give you ten days. When the time comes and you still haven't returned, Bloodlust will personally bring you back. "

Long Chen was ecstatic and immediately thanked: "Thank you Dragon Emperor, Long Chen will never forget it."

With that, he took his leave.

He naturally knew what the other party was thinking. As long as they didn't dare to kill him, they would be wary of him. It was all because of his talent, and they weren't sure if Long Qinglan was dead or alive.

Therefore, Long Chen also had the qualifications to fight against them.

Therefore, he immediately prepared to leave Dragon City!

From his conversation with these three Dragon Emperor s, Long Chen could feel that they were conflicted. To them, he was indeed a big inconvenience.

They didn't dare to kill themselves, afraid that Long Qinglan wouldn't truly die.

But if they didn't kill him, there would be a day when they were afraid that they would grow up to the point where they couldn't control Long Qinglan. They were worried that such a situation would happen, and so they weren't willing to become completely hostile towards Long Chen.

In the Five Dragon Cities, the Life Dragon City and the Fate Dragon City did not say anything. The attitude of the Dragon-Devouring City was extremely firm, and the Eternal Long Chen originally had the closest relationship with Long Chen, but he had coldly dealt with him. Killing the Dragon City could only be done slightly to get closer to Long Chen, just in case something happened.

This was also the reason why the three Dragon Emperor s brought Long Chen, this hot potato, back to Slaughter Dragon City.

In exchange for him staying in the Dragon Slaying City peacefully for ten years, Five Dragon Cities would have a better understanding of Long Qinglan's life and death. So the transaction between the three Dragon Emperor s this time was very good.

Long Chen left the Dragon Slaying City alone.

His appearance in the Dragon Slaying City instantly attracted the attention of the majority of the people. On one hand, Long Chen was strong, on the other hand, he had some ridiculous words to say, and it became the focus of everyone's discussion.

"Where is he going?"

"I don't know. It seems like you want to leave Dragon City?"

"He really doesn't know. He's already under house arrest and he still wants to leave. This is truly wishful thinking. Come, follow him. Let's see him be chased back by the guards!"

Along the way, many Dragon Fighters were waiting to see a good show.

Very quickly, Long Chen rushed out of Dragon Slaying City with a very fast speed. There were thousands of Blood Dragon Army soldiers patrolling outside, and when they saw Long Chen, there were at least dozens of Divine Dragons surrounding him.

"Long Chen, you cannot leave Dragon City!"

A huge divine dragon rushed in front of Long Chen, ghostly flames flickering in its eyes.

This was the Ghost Shadow Bloodthirsty Dragon!

Long Chen raised his head, and said: "I have already obtained the permission of the three Dragon Emperors!"

was too whimsical. Three Dragon Emperors had imprisoned him here, how could they let him leave?

At this time, a sanguine light appeared in the skies.

"Marshal!"

The Blood Dragon Army soldiers took human form and knelt on the ground.

"Let him out."

The bloodlust blandly spoke, and in the blink of an eye it was gone.

Everyone stared wide-eyed, looking at each other, and at this time, Long Chen had unceremoniously passed them, and disappeared into the sea of blood, he did not have the time to waste here. As for Li Xuanji, he did not know if she could last until her arrival, for the Ancient God's corpse to be such a heaven defying object, anyone would be tempted.

Long Chen obtained the location of the Dark City from the map he obtained in the past.

With his current speed, he would need three days to travel in a straight line.

Long Chen focused on travelling at his maximum speed, he rushed out of the blood sea around the Dragon Slayer City and arrived at a vast piece of land. The dire beasts ran on the ground, and Long Chen turned into a blood light, flying across the sky like a meteor. With his current ability, he would be a powerhouse of any region in the Divine Realm of Immortality!

"I came out of the Slaughter Dragon City. I think it'll take me about two days to get there." Long Chen communicated with Li Xuanji using the star talisman.

Within the Star Talisman, the peerless beauty seemed to be a little haggard. Her silent eyes revealed warmth and anticipation as she softly said, "Pay attention to your safety. When you arrive, I will go out and pick you up."

"Enough. "Also, can you hold on for more than two days?"

Long Chen asked.

Seeing his meticulous care, a warm feeling arose in Li Xuanji's heart. The corner of her mouth curved up in a smile, and she said: "Dark City's Eldest Young City Lord Liu Shen still hasn't returned, she will probably be back in three days. Since he's the main culprit, if he still hasn't returned, she probably wouldn't do anything to me, and would only restrict my freedom."

She firmly believed in Long Chen.

This Night Willow is the son of the Dark City Lord, a person on par with War God's Ancient City Su Zhen's elder brother, Su Sheng. However, the Dark City was a bit stronger than him.

"Night Willow's Death, what level of power is that?"

Long Chen asked.

"The initial stages of the Six Paths of Samsara." Li Xuanji replied.

That was why she got him to help. If the people from the Dark City were too strong, she wouldn't let Long Chen take the risk.

"Six Samsara Paths?"

Back then, even the War God's Ancient City was a colossus in Long Chen's eyes.

And now, as the number one Shencheng of the north, there seemed to be no one who could do anything to him.

Long Chen could not help but sneer.

He increased his speed and shot towards Dark City.

"Let's not talk about it for now."

Li Xuanji kept the star talisman.

She stood in the middle of the black, wide courtyard, surrounded by a sea of pure black willow trees, with long, black branches like devil claws.

"Little Sister Xuanji!"

Just as Li Xuanji was about to put away the star talisman, a pale faced, thin and sickly looking man walked quickly towards her. He quickly stopped in front of Li Xuanji and forced out a smile, saying: "Little Sister Xun Ji, I've been looking for you for a long time, I didn't think that you would be here in the Liu Garden. Are you here to relax? Oh yeah, did you still like the 'Scattered Smoke' I gave you last time? "

Li Xuanji frowned, she did not really like the person in front of her.

She said, "Ye ZhangFeng, I will return all the things you gave me to your mother."

"What?" Ye ZhangFeng gnashed his teeth and said, "My mother actually didn't tell me, but little sister Xuanji, why didn't you accept my gifts? You know, I spent a lot of effort on every present, and it was all made for you. "Grandfather once said that he wanted to betroth you to me!"

"Enough!"

Li Xuanji took two steps back, and her voice became cold as she said: "I have already refused to take that matter, and the City Lord did not speak of it again. Besides, I told you not to bother. I don't like you and I won't be with you. "Ye ZhangFeng, I've told you for two years, why don't you understand?"

"Ah!"

Ye ZhangFeng kneeled on the ground in confusion after receiving such a heavy blow. He stretched out his hand to grab onto Li Xuanji's long skirt as tears instantly flowed down her face. I've paid so much for you! "

Chapter 2085 - Night Willow Death

It wasn't that Li Xuanji didn't want to be courteous to him.

Although he looked pitiful, he was actually an extremely gloomy and dangerous character. Li Xuanji had been rid of him for two years, yet was unable to get rid of him. Maybe he truly liked her, but that feeling was more like she was in possession of him. Li Xuanji hated that feeling.

She could not stand it any more. A grown man was crying right in front of her eyes.

"Scram."

She pulled his hands away and took a few steps back.

"Sister Xuanji."

Ye ZhangFeng stood up with tears in his eyes and said, "Are you that ruthless?" For the past two years, I have sacrificed so much for you. This is something that I couldn't have done before.

Li Xuanji was unable to understand that this so-called sacrifice was actually just to give her some flowers and plants. She might seem to have some feelings for them, but she was not interested in these things. Compared to him, Ye Zhang Feng was like a pampered young master.

She didn't want to offend him, either, because he was one of Night Willow's sons, more spoiled than his brothers and sisters, even though he was no good.

She then said, "Ye ZhangFeng, it's not that I don't want to accept you. I would never want to be with any man in my life. No matter who it is, I will not consider it for at least a thousand years. My only mission now is to cultivate.

She had said it so tactfully.

Hearing this, Ye ZhangFeng felt a bit better. He wiped away his tears and said, "Good!" "Then I'll wait for you for a thousand years."

Li Xuanji could not help but be speechless, but she did not want to say anything more. To these disciples, liking someone was just a matter of time, after this period of time, he would not be interested in it anymore.

"You can go first." Li Xuanji said.

"Good!" Good! "Oh, one day, I will be touched." Ye ZhangFeng left happily.

After he left, Li Xuanji heaved a sigh of relief. She saw her own reflection on the pond beside her, it was still cold, not only did she cover her face with her hands, she was actually a little confused. Sometimes, she would also want someone to accompany her, but most of the time, she liked to be alone.

Just like how she liked the dark.

Just as she was about to leave, she saw a black willow tree not far away, there was a graceful and outstanding woman standing there. When she saw that Li Xuanji had noticed her, she snorted and walked over with her proud figure.

Although the other party was the young city lord, Li Xuanji's position was not inferior to hers.

"What's the purpose of eavesdropping?"

Li Xuanji really hated this woman. She creased her eyebrows and stared at Ye Yunghu with her eyes as black as those of a Spirit Sea.

"Hehe, I was just passing by and coincidentally saw Zhang Feng and you having a relationship here. What's there to be nervous about?" She walked very close to Li Xuanji.

A gentle breeze blew past, causing her long black hair to flutter. Under the moonlight, her smooth forehead and snow-white skin seemed to be sprinkled with a layer of silver powder, producing a translucent radiance.

Li Xuanji said with slight anger: "There's no such thing as talking about love. I've already rejected him, and he won't come look for me in the future."

"No, you will marry him." Ye Yun laughed.

Li Xuanji said: "Are you looking for trouble?"

Hearing this, Ye Yunxiao laughed until his branches were quivering. After a while, she stopped and looked at Li Xuanji with interest, saying, "Tsk tsk, you really think yourself to be a great person. My father is not bad to you, but can you compare to his flesh and blood? In my Ye family, you will always be a servant, and being able to marry Long Feng is your luck, you can't fight back. I already told my big brother that when he comes back, he will arrange the marriage between you and Zhang Feng, and as for my father, I heard that this time, he will be in seclusion for a long time, so when he comes out, the rice will already be cooked. "

Hearing this, Li Xuanji could no longer hold back. As expected, she knew that she had the Ancient God's corpse, the other party was prepared to lose all decorum, and did not care about anything anymore. They probably thought that once the City Lord of Darkness came out, with something like the Ancient God's corpse, he would be able to quell his anger!

But thinking that Long Chen was rushing over, and it was not a good time to cause a ruckus, he suppressed the anger in his heart and turned to leave.

"Li Xuanji." Ye Yunji stood behind him and sneered, "Enough, I know who is in your heart. Isn't that the Eternal Dragon Emperor's son? The person who killed Di Yu had heard that he had risen to power in the chaotic star field. Unfortunately, he was imprisoned in the Dragon Slayer City and had defeated Jiang Ming, becoming number one in Hidden Dragon Rank and becoming the number one genius. Let me tell you, he can only be locked up in Dragon City for his entire life. This is something the whole world knows, and you can't possibly still be fantasizing that he would come and save you, right? "

Let's not talk about how that Long Chen brat is just a useless prisoner in this life. The key is, even if he's a prisoner, he still has his woman. With your attitude, do you think he would give up on the girl beside him for you? Don't be disgusting, right? Otherwise, why didn't he take you to the Spiritual God Realm back then? "

Li Xuanji walked very far away while the other party's shameless laughter continued to echo in the air.

Until she disappeared, Ye Yunxu spat and coldly said, "The good days are over, you actually have such a precious thing on you! My Dark City will definitely take it for himself, when my big brother returns, it will be your time to die! Of course, if Changfeng still wants you, he'll imprison you and make you his everything! "

They travelled for three days.

In truth, Long Chen had already arrived at Dark City in less than three days.

The Dark City was completely dark, and its size was about three times that of the War God's Ancient City. There was also the difference between the outer city and the inner city. The outer city simply could not stop Long Chen, but the truth was that the inner city could not stop Long Chen as well.

In the past two days, Li Xuanji did not seem to have encountered any mishaps. As a result, Long Chen breathed a sigh of relief and finally arrived early. Hearing Li Xuanji's words, it seemed like that Young City Lord Ye Luoshen had also returned today.

The five young city lords of War God's Ancient City were basically all at the Four Symbols tribulation of reincarnation.

However, aside from Ye Yunshu, most of the young city lords of the Dark City had reached the Five Elements tribulation of reincarnation. Among them, Ye Liuyan was the one who would inherit the position of city master, and had already reached the realm of six cycles of reincarnation.

In the Dark City, he wielded great power. When the older generation went into seclusion, he was the one who held power in the entire Dark City.

"I'm already at the door." Long Chen used the Star Talisman to communicate with Li Xuanji.

It had been two or three years since they last saw each other.

If not for the fact that he had seen Li Xuanji once, Li Xuanji's image would have become blurry in his mind. When they met again, the two of them had different changes, making people not sigh.

"I'll be right out."

Li Xuanji's words were always simple and concise.

She put down the Star Rune and rushed in Long Chen's direction. The warriors who were walking along the road couldn't help but feel that it was strange, as in their eyes, Li Xuanji was always cold and lonely. He was just like this, a young girl in love, who was full of expectations but also nervous as she ran in one direction.

Scenes of the past came to mind.

"I can't lose my composure."

She warned herself before slowing down, but as she looked ahead, she could not suppress the excitement in her heart. In the past three years, she had frequently held onto the Star Talisman in a daze. She was the type of person who was at a loss about what to do, even if she picked up the talisman thousands of times, she would still not be able to muster up the courage to do so.

He mustered the courage to speak up once more. He didn't expect that the other party would really come.

Ahead of them was the city gate.

Li Xuanji was quickly walking over.

"Little Saint Lord!"

The guards along the road tribulation of reincarnation hurriedly bowed, opening up a path for her. The further she went, the faster her heart beat, and the more her face flushed red, causing the guards to be extremely surprised. In their memories, Li Xuanji's face had always been as pale as snow.

"What happened to Little Saint Lord today?"

"It has changed quite a bit. Is there some happy occasion?"

"I heard that Young Master Changfeng is pursuing Little Saint Lord and is extremely good to him, could it be ..."

Just as they were discussing about it, Li Xuanji stopped, and the guards all knelt down immediately, because outside the city gates, there was a group of people walking in quickly. The one leading them was a tall and sturdy man with pitch black hair and a dense black beast skin coat, it was obvious that it was the essence of the powerful Huang Beast.

This was Dark City's current ruler, Night Willow's Death.

Beside him were several of his brothers, among them Ye ZhangFeng and Ye Yunxu. They had all learned about the news of Night Willow's Death and the return of their brothers, and had gone out to greet them.

Li Xuanji left her house at this time and coincidentally bumped into them.

She stopped smiling.

The reason he came back this time was for Li Xuanji's Ancient God's corpse. When he saw her at the city gate, he would naturally pay attention to her, and at this time, no matter what, he couldn't let Li Xuanji escape.

"Little Sister Xuanji, why are you here?" Are you here to greet my father? "Come here!"

Ye ZhangFeng walked out from the crowd and waved at Li Xuanji with a smile.

Apart from him, Ye Chonglou, Ye YunXu, and the others all had ice-cold expressions on their faces. The guards were all frightened, not knowing why such a murderous intent had appeared.

When Long Chen arrived, he coincidentally met with their return.

At this time, the imposing Ji Liuming stared at Li Xuanji like a tiger. He gently pushed Ye ZhangFeng away and asked: "Xuanji, where are you going?"

Chapter 2086 - Fighting Techniques

For a moment, everyone was trembling with fear, their gazes landing on Li Xuanji.

Most people did not know how Li Xuanji was able to cause the Night Willow to produce such an aura.

In fact, the reputation of Night Willow is extremely terrifying. First of all, he is definitely the future Dark City Lord, his strength and status are both very high. In addition, his style of doing things is very decisive and ruthless, he has the means of thunder, and the number of powerful people he killed is at least 8,000.

Night Willow's Death's name almost surpassed his father's, the Dark City Lord, and almost shook the entire northern part of Dragon God Domain!

In the Dark City, as long as the City Lord of Darkness City was not present, he was the ruler.

As for Li Xuanji, although her position was very high, she had never displayed it. Her strength was not strong either, not to mention that she was a young girl.

But Li Xuanji's personality was tenacious and fearless. Liu Suifeng wasn't able to scare her, so she didn't avoid him at all and said, "Why should I go, it seems like I don't need to to Young City Lord? No matter what I do, it's all my freedom. You don't have the right to care about me. "

Ye Liu An was slightly angered, like a fierce tiger taking a step forward, he forced Li Xuanji to take three steps back, and after the pressure was successful, he shouted out: "Truly presumptuous, after my father went into closed door cultivation, you grew a lot bolder, and don't even know how to respect your elders anymore. I came back this time for an important matter ...

I have to tell you, no matter what important matter you have right now, you should come with me. "

In their group, even if it was Ye ZhangFeng, Li Xuanji would still not be her match. The pressure of the six samsara powerhouses was even greater, almost causing Li Xuanji to suffocate, but even with such a powerful force, he was still unable to scare her.

She raised her head without retreating in the slightest, and said: "Young city lord, my position is not lower than yours, moreover, you are not my elder, why should I respect you? Besides, I'm only here to pick up a friend. I won't waste much of your time. If you need me for something, please delay me ...

In a while, if you have anything to say, I will naturally accompany you to the end. "

She knew very well that if she was taken away by this night, then she and the ancient god corpse would both be finished. The enemy's attitude was even worse than she imagined, and they were blinded by the treasures, no longer caring about the words of the Dark City's lord.

Luckily she told Long Chen about this matter.

At this moment, Long Chen had already become her backbone and his reliance. She was like a drowning person who had met someone who had saved her.

This feeling of helplessness had not been felt for a long time.

"Friends?"

Li Xuanji didn't have any friends at all in the Immortal God Realm. The only Long Chen was still in the Slaughter Dragon City, so how could she have a friend here?

Ye Yunxu said in a weird tone, "What friend? You want to shirk responsibility? What my elder brother wants to say today is not important to you. Hurry up and go, don't waste time. Or else, if it's not good for everyone, my dad will be disappointed in you too. "

"That's right. Little Sister Xun Ji, please come with us."

Ye ZhangFeng chuckled.

Li Xuanji gnashed her teeth in anger, but at the same time, she was so angry that she wanted to cry.

The other side didn't even give her a chance. At this time, in order to avoid having too many nightmares, Night Willow Death said to Ye ZhangFeng, "Zhang Feng, take her and go to the Temple of Darkness."

"Sure." Ye ZhangFeng hurried over. Deep down, he knew that his father was probably going to marry him to Li Xuanji this time, so he took advantage of Li Xuanji a little bit. Although his talent was average, he had trained for thousands of years and his strength was even stronger than Li Jun.

xuanji strong.

Their group of young city lords were preparing to leave, but Ye ZhangFeng came to take Li Xuanji away.

Right at this moment, Night Willow Death stopped in his tracks, looked towards the sky, and angrily shouted, "Who is it!"

Everyone was startled.

She ignored Ye ZhangFeng's hands and looked up. She saw a cold teenager descending from the sky, landing beside her, and kicked Ye ZhangFeng, who was in the vicinity, flying away. Li Xuanji was startled.

Go.

With the help of Ye Zhang Feng, the Night Willow's body was about to explode.

He discovered that although this youth was very young, there was a strange quality about him that made others fear him. This was a type of feeling that was difficult to understand, as if this youth was born to be someone with a higher status.

When Li Xuanji raised her head, Long Chen was already standing in front of her.

When he thought that Li Xuanji might be intercepted, he immediately passed through the city gate and arrived at his side. Of course, he did not know who Ye ZhangFeng was, but since the other party seemed to want to make a move against Li Xuanji, he casually sent him flying with a kick.

To him, nobody was important. What was important was the woman in front of him.

Many times, he had seen the outline of her body on the Star Talisman. It had been a long time since he had seen her at such a close distance.

Her hair was black, her skin was as smooth as lamb fat, her eyes were tranquil and calm, and her lips were cold. Her appearance had not changed much, she was still the same person that Long Chen was familiar with.

"You've lost weight."

Long Chen's heart ached for no reason. Being this close to the woman, he pulled her into his embrace and patted her body softly. She was no longer as plump as she was in the past.

Li Xuanji felt like she was in a dream.

Her heart had a kind of wronged feeling, but she actually couldn't stop the tears from streaming down.

Seeing her like this, Long Chen was sure that she wasn't happy here in Dark City, which made him feel inexplicably angry and manic.

Dark City!

Today, he had learned to be patient and to hide. Behind him, there were still burning eyes watching him. It seems that Li Xuanji wanted to leave, but he had met with their obstruction.

It seemed that the Night Willow had just returned, and he was already eager to obtain the corpse of the ancient god.

At the same time, anger burned in his heart, he felt that he owed this woman too much, and it was filled with regret. He deeply cherished and doted on her, and now that she was bullied, he was moved

He was so angry that he almost couldn't control himself.

But he controlled himself.

In Dark City, danger lurked in all directions, and he could not crush everyone with his own power.

"I've been waiting for you for a long time," Li Xuanji said softly as she laid against his chest.

"Yes!"

didn't know how much grievance and loneliness she hid in those words, but it was her own wish to let down on her. Although she couldn't blame others, Long Chen was just angry in his heart, so even if Li Xuanji chose to do this, it would be useless.

Inside, he also wouldn't allow anyone to bully her!

"I'll handle it."

The night willow had gone berserk.

Long Chen's action changed. He embraced Li Xuanji's slender waist, leaned her against his body, and then met eyes with her without restraint.

"What, you don't know me anymore?"

His gaze landed on Ye YunXu.

"Who are you!"

Under his might, everyone retreated in fear. Everyone knew that once this night Liu Huang got angry, it would be an extremely terrifying thing.

Only then did Ye YunXu clearly see Long Chen.

"Big Brother, Second Brother, he is Long Chen, the son of the Eternal Dragon Emperor!"

She looked at him with disbelief.

Wasn't Long Chen imprisoned in Dragon Slaying City? How did he get here!

He didn't believe it at all.

It had been more than two years. Back then, on the God Battlefield, Long Chen was only Ye Yunxu's junior, and from the bottom of her heart, she looked down on Long Chen.

"Long Chen?"

He was also certain that Long Chen was imprisoned in Dragon Slaying City, but he was sure that it was right in front of his eyes, and Ye Liusheng still believed in his eyes. He quickly stabilized himself and pondered, "This son of the Eternal Dragon Emperor has too many connections, even five ...

Even a powerhouse like Dragon City is in dire straits because Five Dragon Cities did not kill him. If I kill him, it will definitely cause a disaster. He and Li Xuanji have a good relationship, so it will not be easy to deal with him. "

That was why he didn't attack immediately.

Long Chen said at this time: "That's right, I am Long Chen. I have come here today with no other purpose. I have a good relationship with your Little Saint Lord so naturally, I came to look for her. Since that is the case, let's leave first without delay.

"Everyone, it's time."

He hugged Li Xuanji tightly, clearly treating her as if she were his own woman. Li Xuanji was secretly angry with him, but knowing that he was doing this for his own good, he did not resist. Furthermore, being hugged like this, was not necessarily the same ...

The first time ...

Those wide hands and powerful arms made Li Xuanji feel like she was dreaming.

She didn't know why, but every time he was by her side, no matter if he was strong or weak, she would always feel at ease.

After speaking nonsense with them, Long Chen immediately brought Li Xuanji and arrogantly left. Although he was furious, she was not so stupid as to open a fight with them here. Her main purpose for coming here was still to protect Li Xuanji.

Night Willow was about to intercept him, but he didn't know what to say.

One of them was the Little Saint Lord, who had a very high position in the Dark City, the other was the son of the Eternal Dragon Emperor.

But to let them go like this?

In his heart, he wasn't willing to accept it either.

He struggled free from the support of the people around him and furiously roared as he charged towards Long Chen and Li Xuanji. His eyes were about to drip blood as he stared at the two of them with a dark expression and hysterically said, "Li Xuanji! You

Didn't you say that you wouldn't consider love for a year? Didn't you say to wait for you for a thousand years? What was going on with this person? Why can he hold you? "

Long Chen found this fellow unpleasant to the eye, and laughed: "What I am about to do has nothing to do with you, don't block my way, if not it will not be as simple as kicking you."

"AHH!"

Ye ZhangFeng tore the clothes on his chest and rushed towards Long Chen, trying to kill him.

Long Chen had already guessed that this was Ye Liu's son. However, the other party had delivered himself to his doorstep, and he himself still had some air in his stomach, he just so happened to have a way to vent his anger!

Chapter 2087 - Dark Rain

"Astral sacrifice."

With a casual flick of his hand, Long Chen activated the power of the stars in his Fourteenth Sacrifice!

Back then, the Sun Sacrifice and Lightning Sacrifice had easily repelled the human-shaped Jiang Ming. The opponent only had a mere two, although it was slightly higher than Long Chen's cultivation, but he was too weak in front of Long Chen, who had released the fist-sized Star Sacrifice!

A bright star flashed up and blocked Ye ZhangFeng's way.

"Break!"

Ye ZhangFeng turned his hand into a blade, hacking towards that Starlight Sacrifice. He was so excited that he had forgotten about everything. No matter how strong Long Chen was, he had only overestimated his own strength when he tried to slash through the Star Sacrifice. Under the effect of the star explosion, he was sent flying and rolled on the ground.

Several times.

Weng! *

Everyone was thrown into chaos, Ye Yunxu immediately helped Ye ZhangFeng up. Long Chen had a sense of propriety, if he did not injure him, she would let him learn his lesson.

Long Chen didn't want to wait for others to reprimand him. He turned around angrily and stared at Ye Liushui, saying, "Young Master Ye, is your Dark City not welcoming me? "That's great. I'll take Xuanji out and send her back in a month or two."

With that, he brought Li Xuanji and left.

Even Night Willow Roar might not dare to go against his ability when he suddenly appeared here. For Night Willow Roar, the most correct method was to first drag Long Chen here, then find a way to resolve the problem.

Therefore, he said, "My apologies, but my son is causing trouble. Little sister, bring Changfeng back."

Ye ZhangFeng didn't want to give up. He kept cursing, but he couldn't let Ye YunXu take him away.

The Night Willow Death thought for a while. In this public place, he had to endure it for now, since there were still mountains around. He could not let Long Chen leave no matter what.

"Long Chen, don't go to any other places, just stay in my Dark City. We will definitely welcome you, so why don't you come with me? I, Ye Liu, also want to get to know you, this genius."

Long Chen calmed down and smiled: "Young City Lord, there is no need for that. I haven't seen Xuanji for a few years, and I miss him the most. I hope Young City Lord can understand this."

Night Willow's Death was about to explode with rage.

His temper had always been bad, and today he had endured to the limit.

"Sure!"

Finishing his words, he waved his hand and led the other young city lords and the lackeys away. To be able to infuriate him to such an extent yet make him unable to do anything to him, Long Chen's ability could be considered heaven-defying.

"Follow me."

Li Xuanji gently pushed him away, feeling a little uncomfortable after being in contact with her for such a long time.

Long Chen followed her, and walked through the inner city of Dark City.

Long Chen's arrival could be considered as having solved the first great calamity that had befallen Li Xuanji. However, this was only the beginning, as long as they still coveted the ancient god's corpse, there would be no small amount of suffering.

The two of them walked forward side by side.

Even though it had been a long time since they last met, and she was a little shy, Long Chen was able to quickly ease the atmosphere.

"This Dark City is so gloomy and monotonous, you must have been holding it in for the past few years."

Li Xuanji looked at him, a rare smile appearing on her face. She shook her head and said: "I'm fine.

"Normally, I don't like to talk to others. It's just a matter of cultivating diligently, but no matter how hard I try, it doesn't seem to be as hard as you."

Long Chen was currently a third stage Ancestral Dragon, and it was certain that no one in the world could match him. It was also because Ling Xi had always been following him that she was able to barely catch up to him.

"You and I are different. There are too many things I need to carry."

The two of them were like old friends, chatting as they walked.

With him by her side, Li Xuanji's heart was peaceful and sweet. The smile of being reunited with him for so many years had added an indescribable charm to her. Deep down, she was cold and elegant, on the other extreme from Ling Xi's purity.

Long Chen was lost in thought as he watched her tall body wrapped in a long black skirt and her long hair fluttering in the wind.

"Who said I'm different? I also have a goal and a thing to protect."

Li Xuanji glared at him.

Long Chen glanced at her chest. The blue Eternal Protection Heart was still there at that time, and he had not taken it off. He teased, "Could it be that you want to protect me?"

Li Xuanji pursed her lips, faintly smiled, and did not answer.

After a while, they arrived at a quiet courtyard. In the center of the courtyard, there was a lake. The lake was not big, just like a pond.

"This is the place I usually stay. It's called 'Enlightening Mind Lake'."

"Oh!"

Long Chen looked around, and suddenly saw the pool, and the white jade floor beside it, he was no longer at ease. This place was actually quite similar to the place where the god of tai-su resided, and he thought about that day when he and Li Xuanji were both in the pool, by the pool ...

With the real Li Xuanji by her side and the delicate fragrance on her body, under all kinds of stimulation, Long Chen could not help but feel somewhat distracted.

Li Xuanji sat down on the side of the pool and her two slender legs lightly swayed, as if she was waving at Long Chen. Her body was exquisite, it was filled with a kind of tranquil beauty, a type of enticing darkness.

She was a woman with a dark personality, completely different from Ling Xi.

"Why aren't you sitting down?" Li Xuanji looked over with her pair of dark green eyes.

Long Chen sat down somewhat unnaturally.

Li Xuanji's gaze became suspicious, and in the end, landed on his lower abdomen.

Instantly, her cheeks flushed red, she reached out and pushed Long Chen away, scolding him: "You scoundrel, what are you thinking!"

Long Chen was also very embarrassed. He didn't do it on purpose, it was just that the scene looked too similar to the god of tai-su, with the real Li Xuanji in front of his eyes, he couldn't possibly not react.

After being pushed down, Long Chen could only stand below. When he raised his head, he saw that Li Xuanji was angrily staring at him, her cheeks as red as a peach, and she looked extremely beautiful like this. Long Chen had never seen her before, so for a moment, he couldn't leave.

He could not help but sigh. Sure enough, women were all the same, even Li Xuanji had this kind of time of her heart.

He said awkwardly, "That was just a mistake. Let's talk about something else."

"What are you talking about?"

Li Xuanji took a deep breath, and gradually recovered, but she did not dare look at Long Chen, because if she did, her line of sight would not be able to hold back.

Long Chen was no longer polite. He returned to her side and said: "Let's talk about how to deal with those Night Willow's death."

When he said this, almost at the same time, the seven brothers and sisters of the Ye family gathered together. When he said this, almost at the same time, the seven brothers and sisters of the Ye family gathered together.

As for the others, they had yet to reveal them.

Seven people sat together, among them Night Willow's death was located in the center. He was the oldest and the one with the deepest cultivation, and he was publicly recognized as the next City Lord.

One of the able-bodied men said, "Big Brother, I have already asked. It was the three Dragon Emperor s who personally released him."

"Personally? You didn't escape? " "If it's him in person, then it means that the three Dragon Emperor s still regard him very highly."

Ye Yunxiao said, "That may not be the case. Maybe there's some kind of deal going on inside."

Everyone began to ponder.

"No matter what, we must obtain Li Xuanji's things, and we must not let more people know about it. And she had to act as soon as possible. I also have another idea, although we can't touch Long Chen ourselves and can't kill him, we can still do it ...

If the people from Di Jun Divine City intercepted and killed Long Chen, that would have nothing to do with us, right? "

Everyone thought for a bit, then laughed: "Big brother, this plan of borrowing someone's blade to kill them is indeed an excellent one, but before the Di Jun Divine City comes, we must first obtain the item."

"You're right, we have to take action as soon as possible. He would first control Long Chen, and then fight for his. If he succeeded, then no matter what Long Chen did, he just had to drive him out. He wanted to continue pestering him, so he could only wait for the people from the Di Jun Divine City to come and take care of him. If he were to run away ...

If I return to Slaughter Dragon City, I might get intercepted by the people from the Di Jun Divine City. I remember there seems to be a strong warrior overseeing our north side of the Di Jun Divine City, and she is also a Seven Star Samsara's expert. "

"That's right, Emperor Withering. It seems to be Di Yu's great-uncle. I heard that he dotes on Di Yu. "

"Alright then. Prepare to contact Di Ku." The Night Willow's Death was resolute and decisive.

After the decision was made, just as everyone was about to disperse and make preparations for their future actions, Ye Liuye stood up, looked around, and asked Yeyun, "Little sister, how is Chang Feng?"

Ye Yunxu hurriedly said, "I've been recovering for half a day. I'm fine now, but my mood is a bit gloomy. I'm afraid I've been hit by a blow."

Night Willow said with a sigh, "This kid, Zhang Feng, has an eccentric personality. After so many years, he has fallen in love with quite a few women. It's just that I'll get bored of it after a while and concentrate on chasing after other people. This time, I seem to have really stirred up some feelings for Li Xuanji, this is really not easy to deal with. "

Ye Yunxu also said, "Yes, but it's okay. We can just let Li Xuanji marry Zhang Feng, and after a while he will get tired of it."

At this moment, an elder suddenly came over and said, "Young Master, I saw that Young Master Changfeng seems to be headed in the direction of the Enlightenment Lake."

"What is this kid doing over there?" Revenge? Does he not know that his strength is inferior to his opponent? "

The seven people who were about to disperse once again surrounded him.

The old man said, "I can tell that Young Master Changfeng's state seems to have absorbed the Dark Rain, and it seems to have been quite a few. Even I did not stop him, which is why I hurriedly ed this to Young City Lord! "

"What!?" Why didn't you say so earlier! "

The expressions on the faces of the seven brothers and sisters changed drastically. They hurriedly left the area, and using their own speed, they rushed towards the direction of the Enlightening Mind Lake.

Chapter 2088 - Five Sacrifice

Unknowingly, time passed.

With Long Chen's current strength, he could definitely bring Li Xuanji and escape Dark City. As such, he was not worried about anything, and decided to just wait and see.

He wanted to see what tricks the people of the Ye Clan could come up with.

Since he had come here, he would no longer let Li Xuanji feel fear.

On the Enlightenment Heart Lake, the waves rippled.

Long Chen found it hard to focus his attention as the fragrance surrounding her was constantly being attracted by her.

Li Xuanji looked into the distance, as she listened to what Long Chen said in a daze.

"That blind guy is here again." Long Chen stood up by the side of the Enlightenment Heart Lake, and looked towards the dark direction.

"Who?" Li Xuanji woke up from her stupor and immediately stood by his side. Right at this moment, a black figure rushed out from the forest and stood in front of Long Chen.

The lake water violently trembled.

It was Ye Zhang Feng.

Li Xuanji's brows tightened, and said in a deep voice, "Ye ZhangFeng, what are you doing here?"

"Kill him, of course!"

Ye Zhang Feng roared, and said hysterically. He stared at Long Chen with his sinister eyes, and a cold smile appeared on his lips.

Long Chen felt that his strength had grown a lot stronger than before, and there was a force that felt like it was going to burst his body. That force did not belong to him, and would probably dissipate very quickly.

"Did he take something?" Long Chen turned his head and asked.

"Yes, the Dark City's Dark Rain was most likely stolen by him when he went to the Divine Darkness Palace. And he seems to have taken quite a lot. "

Long Chen laughed: "Do you hate me so much?"

Ye ZhangFeng didn't even want to talk to him because he couldn't control the nearly exploding power inside his body. At this moment, he could only release the power of the Dark Rain.

However, if it was too much, the power would definitely be much stronger, but it would often have an adverse effect.

"Go to hell!"

Ye ZhangFeng roared, as his entire person transformed into a dark beast, fiercely charging towards Long Chen. In his hand was a Dao artifact, and he obviously had a lot of Dao patterns.

It might even reach Long Chen's level!

Towards such a vindictive person, Long Chen would not show him any mercy.

Long Chen gently pushed Li Xuanji away, and with a spin of one hand!

"Windstorm Sacrifice!"

Suddenly, a huge tornado appeared in the air and smashed into Ye ZhangFeng with a terrifying force the moment it appeared. Ye ZhangFeng groaned and flew into the air along with his blade.

His face was incomparably pale and his entire body was trembling. He could no longer control the power of the dark rain. It exploded within his body and flowed about, causing him to bleed even more profusely!

No matter how much he consumed from the Rain of Darkness, one move from Long Chen was enough to instantly kill him.

"He's not dead, is he?" Li Xuanji asked worriedly.

Long Chen chuckled: "Of course I'm not dead, I have my reasons, but within the next ten years, he shouldn't bother finding trouble with you, I'm fine with that, he took too much of the dark rain and brought it upon himself, I'm just pushing him away."

However, trouble must have come knocking.

Long Chen calmly replied.

In a short moment, a total of seven Middle-aged Fighters stood before Long Chen. They were the group with the highest status in the Dark City, the young city lords of the Dark City, and the one leading them was Ye Liusheng, who had already gone through six cycles of reincarnation!

They hurriedly arrived, but as soon as they arrived, they saw Long Chen light and relaxed, while Ye ZhangFeng was lying on the ground, spitting white foam as his entire body spasmed and convulsed in a miserable manner. As his father, his uncles and aunts, as a member of the Dark City, he had been reduced to such a state.

How could they not be angry!

"Zhang Feng!"

The night willow's body instantly appeared in front of Ye ZhangFeng, nourishing his body with the ancient immortal spirit. At the same time, the other people could not hold back anymore and rushed towards Long Chen to suppress him!

Every single one of them had a ghastly expression on their faces!

Previously, they had decided to just attack as much as they wanted, but now was a good time.

Therefore, in addition to their anger, they would definitely seize this opportunity!

Therefore, other than Ye Liuyu, the six young city lords, other than Ye Yunxu, who had the tribulation of reincarnation of five elements, rushed towards Long Chen together. They were ten thousand years older than Long Chen!

Long Chen calmly said, "Everyone, do not make a move first. When Ye ZhangFeng attacked in the middle of the night, he even ingested some dark rain, in an attempt to kill me. I merely defended myself and gently pushed him aside.

Do you want to take this opportunity to eliminate me, Long Chen? "

Ye Yunxu and the others had no choice but to admit that Long Chen was truly smart, seeing through their intentions in an instant.

"Bullshit!" It is obviously you who are in my Dark City and have heavily injured my Dark City. You do not put us in your eyes at all, no matter what we say today, we will still teach you a lesson! You are too arrogant and despotic, you should be disciplined and disciplined! We are disciplining you for all the humans!

"

Ye YunXu quibbled.

Long Chen laughed and said: "You make it sound good, but it's just that I, Long Chen, do know what your intentions are, otherwise I would not be here. Let me tell you the truth, the thing that you guys want is already in my hands, if you guys have the guts, then kill me!

Take away what you all want, but if you do not kill me, in the future, I will destroy Dark City, I will not be courteous at all! "

The present was different from the past!

It was just a single sentence, but it caused all the young city lords of Dark City to tremble in fear. If it was two years ago, a single Su Zhen from the War God's Ancient City would have been able to force Long Chen out of the Dragon God Domain!

The current Long Chen, was already a young hero!

"Attack!"

When Ye Yunxu was scared stiff by Long Chen and the six people did not dare to make a move, Ye Liu, who was in the midst of treating him, issued a mission. Although he was afraid that Long Chen would become stronger later on, he had a new plan in his mind.

Down!

Of course, what he wanted was to borrow the Di Jun Divine City's blade!

Hearing Ye Liu's order, Ye YunXu and the rest of the six warriors no longer hesitated and instantly attacked. Amongst them, there were even two who were at the late stage of Five Elements tribulation of reincarnation.

Even if it was a super dragon at the late stage of the Five Elements tribulation of reincarnation, Long Chen had already defeated quite a few of them.

"Long Chen!"

Such a huge battle situation made Li Xuanji a little worried.

"It's fine, just watch."

At this critical juncture, Long Chen was still able to turn his head and smile to her. He held Li Xuanji's hand and gently pulled him into her embrace.

And at this time, the six powerhouses were charging over!

Long Chen had first set his sights on Ye Yunxu. Back then, the commander of the Dark City's squad in the God Battlefield could only raise her strength up to him, but today, she had done the same.

Long Chen waved his hand wildly, at this moment, he could finally release his true strength!

"Flame Sacrifice!"

With a wave of his hand, the power of the Taiji Creature Dragon engulfed the entire area. Tens of thousands of flame spheres immediately gushed out from Long Chen's body and rushed towards the night clouds like waves. The fiery light instantly illuminated the entire Dark City, and it was as if a rain of fire had rained down from the sky!

The clouds in the night were shocked.

"Night curtain!"

She hurriedly used her innate Tao technique to block in front of her eyes, but at this time, the myriad of flames had already charged over, releasing a terrifying force!

"How is this possible!"

It was a force that could crush the clouds and night!

If Long Chen used this move, it would be enough to kill Jiang Ming, much less Ye Yunxu!

Even though she had heard many rumors about Long Chen, Ye Yunxu still did not believe that within two years, Long Chen would rise to power so quickly. She did not believe that he would be able to suppress her, who had cultivated for more than ten thousand years!

But the reality was, Long Chen's Fire Sacrifice had easily destroyed her curtain of darkness, the flames that soared to the sky wrapped around her body, the immense force of power was still severely injured, the fierce flames instantly scorched her skin, causing her to lose all of her strength, and he crashed down from the sky to the ground,

He was on the verge of death!

This injury was a lot worse than Ye Zhang Feng's.

Long Chen knew that this woman was definitely the one who was the most difficult to deal with Li Xuanji, so he paid extra attention to her.

"Little sister!"

The faces of all the experts changed greatly, and their gazes at Long Chen were filled with anger and hatred. Previously, they still had some misgivings, but at this time, they had already let go completely, just for the sake of defeating Long Chen!

"Brothers, attack!"

The five Innate Rankers of the Five Elements tribulation of reincarnation began to encircle Long Chen.

They were the people who stood at the peak of all life, and each one of them had great power. They were the rulers of the entire Dark City!

Below, Night Willow was carrying the heavily injured Ye YunXu in his arms. When he raised his head, his eyes were filled with killing intent!

War!

Long Chen, on the other hand, was calm. He had already made a plan in his mind, and when the group of people arrived, he used all of his strength, not showing the slightest bit of mercy!

Berserk!

"Sun Sacrifice!"

"Moon Sacrifice!"

"Lightning Sacrifice!"

"Astral Sacrifice!"

"Vast Ocean Sacrifice!"

The channeling of the new world's energy was extremely fast. Long Chen switched between the five peak energies with incomparable speed, and could be considered to have used five of the Fourteenth Sacrifice in an instant. The sun and silver moon were tens of metres in diameter, and the violent electric ball of lightning and the brilliant vast star ...

Chen, and that Canghai of Fury, five different powers appeared at the same time, each one was aimed at one person!

This was an attack with the highest damage output!

The Fifth Sacrifice could turn Heaven and Earth upside down!

Back then, Jiang Ming's combat strength had exceeded the average late stage of the tribulation of reincarnation of the five elements. He couldn't even block the Sun Sacrifice and the Lightning Sacrifice, much less them!

With just a single move, Long Chen pushed the five young city lords back, and they all fell to the ground from injuries!

His peerless talent was completely revealed!

Chapter 2089 - Darkness forbidden zone

This seemingly light attack had a terrifying effect.

When the power of Long Chen's Fourteenth Sacrifice blasted out, the minds of everyone present were all confused and in a state of disbelief. They knew that Long Chen had defeated Jiang Ming, but they thought that they were on the same level as Jiang Ming.

Ye Yunxu, who had previously witnessed Long Chen's combat prowess at the battlefield of the Gods, felt as if he was living in a dream as he looked at Long Chen with a dull expression. She had suffered the heaviest injuries and was already on his last breath, yet Long Chen had dealt her such a huge blow!

Of the five young city lords, other than the two who had already reached the late stage of the Five Elements tribulation of reincarnation and were able to resist, the other three were all heavily injured and fell to the ground!

The remaining two were the second and fourth brothers, who had lost the terrifying power brought by the fourteenth sacrifice. With bloodshot eyes, they rushed towards Long Chen once again!

They refused to believe that Long Chen could still be strong to such an extent!

It was said that at that time they had cultivated for ten thousand years, and at this moment, they could move mountains and fill the seas at any time. They were already extremely strong, almost like gods, and when they attacked, the surrounding area of a thousand li was sealed off.

"Darkness forbidden zone!"

One of them attacked Long Chen with the intent to hold him back, while the other one attacked Li Xuanji with a despicable move!

But it was very effective!

Long Chen saw that the entire sky had collapsed, and was congealed within the shadows behind them. In the blink of an eye, countless ghost claws had stretched out, and the space around them began to tear and distort, while wails and howls sounded from all directions!

"Eternal!!"

He had already reached the pinnacle level today. In a single move, he had actually managed to stop the attacks of two late stage Five Elements tribulation of reincarnation martial artists in an instant, and the strongest under him, Night Willow Death, was still there. Long Chen had to quickly take care of these two!

He decisively pulled out the God-Slaying Sword!

After slaying the Heavenly Marks Blood Sword, the God-Slaying Sword now had 300 Dao patterns!

When the God Slaying Sword appeared, it was a Killing technique. Long Chen pulled Li Xuanji, the sword danced, and killed to his heart's content, his speed had already reached a terrifying level, in a short period of time he actually slashed out 800 times!

Killing sword technique, each wave was stronger than the last!

After eight hundred slashes, the attack that was instantly sealed in the forbidden zone for eternity had finally dissipated, and the earth had collapsed. Long Chen rushed forward, releasing the Killing Sword Technique once again, while the two experts hastily responded!

"Brat, you're courting death!"

Beneath him, the Night Willow Man-eater finally couldn't help but attack.

In the beginning, he had relied on the fact that he was a powerful expert of the Six Paths of Samsara to think that it was not his turn.

But in this case, he had to make a move!

Long Chen's power had far surpassed his imagination.

"Eye of Hell!"

Just at this moment, Long Chen used the Eye of Hell and not only did he force back Night Willow's Death Sword, he also took advantage of the moment when the two great Rankers were being intimidated by Long Chen to use the Killing Sword Technique once again, releasing two hundred slashes in a short period of time. In his hands, the other party simply did not have the power to retaliate at all.

The six warriors all fell down beside the pool.

The night willow's body looked around, and was stunned for a moment, as if it was suffocating. Even he couldn't defeat them so quickly!

This Long Chen, was he already so strong?

Long Chen grasped the God Slaying Sword. In reality, he had even used the Eye of Hell, which wasn't very easy to use. However, it had at least suppressed the night willow's death.

Ye Liuyan was a powerful warrior of the Six Paths of Reincarnation, and was also the only person that Long Chen was afraid of. Six Paths of Reincarnation, unleashing power, turning into Six Paths of Body Transformation, controlling the thoughts of everyone, his Primordial Spirit was strong, the power of the Six Paths of Reincarnation was close to the power of Invigorated God, and although it was not as strong as Long Chen's Primal Divine Powers, it was still countless of times stronger in terms of quantity!

If Long Chen's power could be said to be a lake, then the other party would be an ocean!

In such a situation, if the Night Willow did not want to do anything at first, then it must do something now ...

Those wailing on the ground were his siblings!

So easily, let Long Chen take care of it.

Furthermore, this Dark City must also have many other strong experts, so Long Chen did not dare to be negligent. Before, it was only a foreplay, but the most important thing was that Ye Wen's corpse was still here!

"Enter my God Kingdom."

He and Night Willow looked at each other and said softly to Li Xuanji.

"Yeah." Li Xuanji laughed. Although it was not intentional, but it was extremely charming.

Long Chen opened up the Divine Kingdom and let Li Xuanji in. When she saw the Divine Kingdom that looked like a brand-new world, she was stunned for a moment. In her eyes, Long Chen had always been a mysterious person.

As for the battle outside, she wasn't worried!

"Long Chen!"

At this time, there were probably a lot of strong experts rushing over from Dark City, and Night Willow's Death had already decided to stop at one go and stop at two! He angrily rushed into the sky. He was surrounded by six black vortexes, each of which was connected to six worlds. These six worlds converged together, and it was equivalent to the night willow's death having six times its strength!

The pressure came.

Long Chen reckoned that it was not suitable for him to fight against Six Paths of Reincarnation like this. Fighting head on would not be easy for him to defeat the opponent, and it would also be extremely risky.

At this time, Night Willow Death sneered at him and said, "Since you're here, don't even think about leaving. Don't be too arrogant and overestimate yourself. In the human race, you are the same as your father, forever a traitor!"

Long Chen laughed: "So what? What can you do to me today? "

His sloppy attitude caused the anger in Night Willow's heart to burn even more vigorously. As the six streams of energy gathered together, it was as if the entire world of darkness was being pulled towards him. Once the energy erupted, it would be quite terrifying!

He gritted his teeth and said, "Seems like you haven't realized what your fate will be today! It's really a newborn calf that isn't afraid of a tiger. "

Long Chen said: "Stop pretending, just tell me what you want. In the end, it's still you who want to take away her things. If you have the ability, then hurry up and make your move, don't waste my time! "

He was simply extremely arrogant!

Below, the six experts were barely able to stick together. Hearing Long Chen's presumptuous words, they became even more furious.

"Big Brother, let's fight!"

There was no need for them to say anything. Even Night Willow's Flames couldn't hold it in any longer.

"Just surrender!"

As he made his move, the power of the six cycles of reincarnation dispersed and Long Chen seemed to have fled into a completely new world.

Weng! *

Countless terrifying attacks from all around!

However, Long Chen calmly replied: "Ye Liusheng, do you really think I'm that easy to deal with? Can you see me? "

As Long Chen spoke, his body gradually began to fade, and in the end, he escaped from the control of the Night Willow Death.

In that moment, Night Willow's eyes widened, as Long Chen disappeared!

His improvement in the way of time and realm allowed him to be even more nimble when he used the Time Traversing Dragon. After rushing into the river of time, not even the primordial spirit of a practitioner at the six samsara stages would be able to discover him!

Night Willow was originally going to forcefully attack, but now he was stunned.

No matter how he searched, he could not find Long Chen's existence!

"Where did he go?"

The six people below were stunned as well.

Just at this time, many experts from the Dark City rushed over.

"Don't come any closer!"

The Night Willow Death God hurriedly shouted as it prevented the matter regarding the ancient god's corpse from being leaked.

Only then did they stop in the distance.

"Dammit, did he run away!"

The Night Willow's Roar was sealed, and the six Power of Reincarnation s were spread out to every single place within a radius of ten thousand meters, but there was still nothing to be gained.

"Don't waste your energy." Suddenly, Long Chen's mocking voice came over.

He was the person in charge of the Dark City, but he was actually being toyed with like this!

"Get out here!"

He threw a punch, and under the six streams of power, space twisted and the entire space trembled under the force of the punch.

"I said it before, you can't do anything to me! As for that thing, it's best if you don't have any ideas. If you piss me off, what can you do even if you can obtain it? I'll let the whole world know too, and you'll be able to keep it safe? "

Long Chen's loud laughter almost made Ye Liu Huang go mad.

"Young master, what happened?"

Suddenly, a distant and aged voice was heard.

The Night Willow Death revealed a look of ecstasy, saying, "Uncles, quickly lay down the 'Darkness Heaven Realm'. Don't let this kid get away. "

"Alright."

The distant sound was getting closer and closer.

"There seems to be an even stronger expert here." Long Chen had already sensed it.

"Xuanji, let me bring you out of this Dark City. It seems you can no longer stay here." Long Chen said.

The reason he hadn't left yet, was because he was waiting for Li Xuanji's decision.

Li Xuanji was in an extremely difficult situation as she said, "My Master wants me to stay here and wait for the birth of an item that is extremely important to me. "As long as the mayor comes out of seclusion and no one dares to touch me, this Night Willow would also dare to attack me while his father is in seclusion!"

Long Chen thought for a while: "Since that's the case, then I'll take you with me to the Slaughter Dragon City. Wait until the Dark City's leader comes out of seclusion, then ask him to go to the Dragon City to pick you up, is that okay? "

Li Xuanji was not stupid, she knew that it would be difficult to stay in Dark City.

She nodded and said, "Alright."

This meant that she would be following Long Chen for a period of time.

After making his decision, Long Chen couldn't be bothered to pay attention to the Night Willow Death, and directly left.

At this moment, an expert from the south and an expert from the north arrived.

"He's slightly stronger than Night Willow. He should be a figure in the late stage of the Six Paths of Reincarnation." This level, was already close to the level of the Holy Spirit, and was the kind of level that Long Chen was completely unable to contend against.

"Let's go!"

He quickly made his move.

At this moment, the two experts rushed forward. Each of them had actually grabbed onto the darkness with their hands. They coldly shouted, "You want to leave? It won't be that easy!"

Chapter 2090 - Soul Devouring Lord

They were two old men.

The arrival of the two old men immediately brought about excitement in his heart, because these were the last surviving seniors of the oldest generation in Dark City. They were the uncles of the current City Lord of Darkness City, and were even older than the City Lord of Darkness City.

These two were extremely famous in Dark City, almost the same as Night Willow Death, only second to the City Lord of Darkness.

Their reputations had once resounded throughout the north of Dragon God Domain, but after so many years had passed, they basically did not appear, and were gradually forgotten.

They were known as the Dark Sovereign and the Dark Sovereign, including the Soul Devourer and the Bone Crusher Sovereign.

Two withered old men, a man and a woman. One was fat and the other thin.

"These two have probably started delaying the arrival of the Reincarnation Tribulation long ago. Being able to survive until today is truly not an easy feat. I wonder if they will be able to live for another few hundred years."

Long Chen didn't mind at all!

Even if a late Samsara martial artist came, so what?!

In truth, the two old men could not see Long Chen, but they had their methods of imprisoning him, at this moment, both of their hands were thrust into the darkness, the darkness in their hands was twisted, it became like a curtain, and started to fold. In an instant, the two powerful experts had passed Long Chen, pulling the darkness over, converging it together, and in a split second, they had surrounded the entire space!

Long Chen was also unable to escape for a while.

This was the Dark Heaven Realm!

A sharp and terrifying power pierced over from the surroundings, bringing enormous pressure to Long Chen, and almost caused him to rush out of the river of time.

The arrival of the Dark Twin Lords immediately caused the seven young city lords to be incomparably excited. One of them, Night Willow, hurriedly said, "Two granduncles, can you see where he is?"

Although the Dark Twin Monarchs had set up the Dark Heaven Realm, they were still puzzled in their hearts.

Soul Devouring Lord said, "What we can be sure of is that he's still in there, but we can't find him anywhere. Who is she and why does she have such a strange method?" What are you all doing here! "

He couldn't help but feel respect for these two figures. He said, "Uncles, hurry up and think of a way to capture this youngster. This matter is of great importance, and don't let him escape. After we capture him, I'll explain everything in detail to the two of you."

Soul Devouring Lord and Bone Crusher Lord both nodded. In their memories, Night Willow would never act rashly.

The Dark Heaven Realm was under their control.

"It's the power of time!"

The Bone Crusher Sovereign's eyes narrowed as he surveyed his surroundings, a dangerous look appearing on his wrinkled face.

"But we can't find him. Who is this young man!?" To think that there would be such a terrifying technique! "

As the Soul Devouring Lord and Bone Crusher Lord were searching for him, Ye Liu Shen shouted in a deep voice, "Long Chen, hurry up and come out! In this Dark Heaven Realm, unless you have the power of the late stage of the Six Paths of Samsara, you will never be able to leave! I have already informed a Di Jun Divine City of your existence to a Seven Star Samsara martial artist. When you arrive, you are done for! "

Di Jun Divine City?

Long Chen knew in his heart that if they met each other, the person who would dare to attack the most would be the people from the Di Jun Divine City.

Their surroundings were all parts of the Dark Heaven Realm. If this continued, at least they would be discovered by the Dark Twin Monarchs. Naturally, Long Chen would not be a match for those two.

"This Dark City really can't stay here anymore for the time being. No matter what, these two will most likely support the Night Willow's death. " Li Xuanji said regretfully.

"That's even better. Watch me."

Long Chen smiled easily. From the beginning to the end, he had only faced the situation calmly, without even a hint of panic. Even if it was a late stage Six Paths of Samsara, to him, what did it matter?! Even if the other party had the power to destroy the stars, Long Chen would still not be able to do anything!

"There's no need to look for him!"

Long Chen appeared in the dark Heaven Realm and looked at Ye Liu's death with a cold smile.

He enunciated word by word: "The people from the Di Jun Divine City can't scare me. Originally, I didn't want to bring Xuanji away from here, but now that things have turned out like this, we'll meet again!"

In front of this strong warrior of the older generation, to be able to act so boldly and condescendingly, Long Chen was the only person in the world who could do so.

"You want to leave? It won't be that easy!"

The Dark Lords came rushing in from the left and right.

laughed coldly, before once again escaping into the river of time, causing the Dark Twin Monarchs to pounce into the air, anger at the brink of death. At this critical moment, Long Chen had already moved a long distance away, arriving far behind Night Willow's back, just in front of him was the edge of the Dark Heaven Realm.

Without saying a word, Long Chen used the Blood Spirit Spikes in his human form!

The Blood Spirit Spikes was something that could not be breached.

Although Long Chen was not strong now, he still had the ability to resist this dark Heaven Realm. His body spun, and in a short moment, turned into a bloody thorn.

That sharp light, made one's eyes hurt!

"Puchi!"

In the end, it exploded in front of everyone's eyes. Long Chen laughed as he fled into the river of time, and instantly disappeared before everyone's eyes!

"Long Chen!" The Night Willow's Roar charged forth, and with a punch, the entire forest was turned into dust, completely annihilated. A thousand meters in front of his eyes became a field of emptiness, but even so, he was not able to harm Long Chen in the slightest.

"Damn it!"

Even that Dark Twin Monarch had never thought that a mere youth would be able to destroy their Dark Heaven Realm. This was something that was fundamentally impossible to happen!

"Night Willow, who is this young man!"

"The son of the Eternal Dragon Emperor!"

"So that's how it is!"

Originally, they had wanted to chase after Long Chen, but when they heard Long Chen's name, they were so stunned that they had no power to give up. They had long heard of Long Chen's story, and now that they saw it with their own eyes, they felt that it was even more terrifying. It was completely the same as the Eternal Dragon Emperor back then!

Even though this Eternal Dragon Emperor was being scolded by the people of the world, that was because he was already dead. If he was still alive, with his unrivalled strength, who would dare to scold him like that?

And if Long Chen was about to become the next Eternal Dragon Emperor, the pressure in the Dark Twin Monarchs' hearts would be too!

In the blink of an eye, nothing could be heard.

"He escaped!"

Night Willow's Roar sat blankly on the ground. Even with his status, he was still powerless. It could be seen just how great of a blow he had suffered.

"Night Willow, tell me clearly, what happened?"

The Dark Lord took a deep breath and asked cautiously.

Night Willow's Ruin seemed to have lost his mind. It was only after a long time did he finally speak of the matter of the ancient god's corpse. In any case, he couldn't get this thing anymore.

"Uncles, did I do anything wrong?" Night Willow's Roar said in shock.

The Dark Twin Monarchs glanced at each other. Soul Devouring Monarch said: "That's right, that's right. If it were you, we would have done the same thing. However, we will be even more afraid of this Long Chen, because he is the son of the Eternal Dragon Emperor s.

Bone Crusher Lord nodded and said, "If this young man doesn't have someone to stop him, he'll definitely be terrifying. He'll definitely cause chaos in the future." However, since you told Di Ku about his existence, I believe that Di Ku will intercept him when he returns to the Dragon Slayer City.

"Five Dragon Cities doesn't care?"

Bone Crusher Lord said, "I'm not sure. It's hard to understand Five Dragon Cities's attitude, so Everlasting Dragon City didn't react at all. The change is big, but Everlasting Dragon City's number one Dragon Emperor should be so disappointed with the Eternal Dragon Emperor that he probably won't pay any more attention to Long Chen. Other than the possibility that Slaughter Dragon City will take action, we are not too sure about the attitude of the other three Dragon Cities either! The hatred in the hearts of the people from Di Jun Divine City is too strong, so we cannot predict what they will do. "

"That means, this Long Chen might very well die?"

Night Willow Death suddenly laughed.

If Long Chen died, he would be even happier. As for Li Xuanji, he had to chase after her and see, if she could survive, Di Ku would not take her seriously, that would be even better!

After Long Chen left the Dark City, the pressure was no longer there.

Facing the mountain wind, he let Li Xuanji come out from the Divine Kingdom.

"I haven't been out for a while." Looking at the vast mountains and rivers outside, Li Xuanji said somewhat intoxicatedly. She spoke with her eyes narrowed in a very nice way.

Long Chen said: "Are you deciding to follow me to the Slaughter Dragon City?"

Li Xuanji said: "You have decided, you can stay in your Divine Kingdom. It's pretty good there, it's no different from the real world. As for the items from the Dark City, I can only wait for the Dark City Lord to come back before coming back. "

"Alright, then follow me."

did not dare to delay any longer, Ye Liu Wen had already told them of his existence and told the people of Di Jun Divine City about it. Although he did not know where the people of Di Jun Divine City were, he still had to prevent them from catching up.

"Unknowingly, you have already neared the pinnacle of the Immortal Divine Region. When you first arrived here two or three years ago, you were still a fellow who couldn't even deal with someone at the sixth level of Nirvana Tribulation Realm." Li Xuanji lamented.

Long Chen recalled that it was indeed so, as he rushed forward too quickly.

"No matter where you go, you are a legend." Li Xuanji said with a smile.

"Stop praising me." Long Chen knew why.

In order to protect the people he liked, in order to protect the glory of his father, he had no choice but to advance!

The two of them crossed layers of mountains and rivers as they took a detour towards Dragon City.

With Long Chen's speed, it would only take a day and a half to reach Dragon City.

After arriving at this place, Long Chen suddenly stopped. He had to admit that he seemed to be targeted.

Although he did not know what methods the other party used to target him, he could not escape. This was a fact. He quickly rushed into the river of time, but the feeling of being watched did not seem to have any news.

"An expert!"

Long Chen took a deep breath!
