

War God 2091

Chapter 2091 - Di Yuan Tower

This time he did his best.

After returning from the Dark City, he knew that there would be people from the Di Jun Divine City chasing after him, so he took a detour back to the Di Jun Divine City. Moreover, it gave him such a huge pressure.

In that instant, Long Chen thought about many things.

He had that confidence, but the opponent couldn't do anything about him!

It wasn't a gamble. If he really dared to kill him directly, he would have done so a long time ago.

Therefore, he knew that his status was a deterrent to others!

He first stabilized Li Xuanji, then stood on top of a tall mountain. In the space in front of him, space rippled like water and in a short period of time, a stern, white-haired old man appeared from within.

This person's entire body was white, and in terms of age, he might even surpass the Dark City's Dark Twin Monarchs. He was probably of the same generation as them, but the worst thing was that he no longer had any flesh or blood on him, only his skin and bones.

However, his eyes were cold and full of killing intent!

This old man should be a character at the early stage of the Seven Star Samsara, equivalent to Xiao Ding Yuan and the Holy Spirit; he should possess the power of the Spirit Opening Realm! An existence close to a god.

He was not the Dark Twin Monarch. With his Immortal Soul stage strength, even though Long Chen was in the state of Time Traversing Dragon, he was still caught by him.

"You ran away so quickly. I was purely lucky to be able to find you."

The elder sized him up with a pair of cold eyes, as if he was looking at a dead man.

Long Chen also felt that since he had taken a detour and the other party was still able to find him, it could only mean that he was unlucky.

Long Chen noticed that on the elder's left hand, there was a snow-white pagoda. The small pagoda revolved and emitted a snow-white light with a grand and imposing aura, occasionally emitting a fluctuation that shook the heaven and earth. There were dense Dao patterns on it, a total of more than 500 Dao patterns.

This snow-white pagoda made Long Chen recall the Thunder Spirit Tower he saw before in the Thunder Spirit Domain. A total of 90,000 floors is where the Spirit Tower Warriors live, and it's also a 500 rune Dao Artifact!

"This is the 'Di Yuan Tower'. My name is Di Ku! The Di Yuan Tower is the Dao Artifact that imprisoned you, I am the one who killed you! "

Di Ku gave a light shout, causing the air to surge. Long Chen's vital energy and blood tumbled as he was hit by the opponent's voice, as though he had been knocked by a huge beast!

But he still remained calm and replied in a low voice, "Senior Di Ku should be from the Di Jun Divine City. I wonder why you stopped me, a disciple of the Dragon Slayer City? "

Di Ku squinted as a terrifying light flashed across his eyes. He sized up Long Chen and stayed silent for a good while, before he asked in a cold voice, "I heard that you defeated Primal Chaos Kunlun and Jiang Ming, and far surpass them?"

Long Chen kept his guard up while nodding his head.

"I heard that your father appeared in the chaotic star field and personally taught you some sacred arts!"

Long Chen asked: "Senior Di Ku, what exactly do you want to do?"

"I want to kill you!" Di Ku clenched his teeth and said.

Long Chen's eyes widened, and suddenly laughed: "Kill me? Aren't you afraid that your entire Di Jun Divine City will be annihilated, and hundreds of thousands of people will die!?"

He suddenly laughed out loud. His expression was extremely ferocious, causing Di Ku to be truly frightened. Di Ku asked about Long Qinglan, and Long Chen knew that he was still tangled up in thought. If he were to fight, he had no chance of winning. If he were to meet with a huge calamity, he could only rely on Long Qinglan and the Dragon Slaying City to scare him.

"I am leaving Dragon City with the permission of the three Dragon Emperors, the condition is that I will not leave Dragon City for the next ten years, if you kill me because of a personal grudge when I return, I want to ask you, how will you explain yourself to the three Dragon Emperors in Dragon City!"

He was the most terrifying person in the entire world!

Upon hearing these words, Di Ku's gaze flickered. For someone as strong as him, coming here this time was also the result of him feeling a slight heat to his head.

He was worried, but he knew that this was the only chance to get revenge! If they missed out on this time, once Long Chen rose up like another eternal Dragon Emperor, the Di Jun Divine City would never have another chance!

Thinking up to here, Di Ku hardened his conviction and shouted, "Long Chen, you are very smart to come and threaten me, but I am not afraid! I will bring you back to the central region today. As for the Five Dragon Cities, I will convince them to kill you, the son of a traitor! As for us, I will gather the 72 - The Ancient City of God's descendants, and hold an evil slaying conference at the Dragon God Domain's Devil Slaughter Valley. The people of the world will participate and kill you, a peerless monster!"

With that, he waved his hand!

Emperor Withering retreated explosively.

Such a huge being, with a high speed of rotation, was filled with countless rays of light as it rushed towards Long Chen to suppress him. With the help of the divine power of the Spirit Realm and the Seven

Stars tribulation of reincarnation, Long Chen was unable to resist at all as he was sucked in by the Di Yuan Tower to suppress it!

Of course, Long Chen did not resist, he did not want to waste his strength.

"Persuade the Five Dragon Cities, gather the 72 - The Ancient City of God's descendants at the same time, and hold an evil slaying convention in the Devil Slayer Valley just to kill me? Such a huge commotion? "

To Long Chen, as long as he didn't kill his now, he would have a chance.

In the blink of an eye, he was imprisoned within the Emperor Origin Tower.

Long Chen was simply unable to approach it. The only area he could move in was one meter in diameter, and the flames in his surroundings couldn't even see the end, so it was basically impossible for him to leave from here!

He already knew in his heart that he wouldn't be able to leave this place.

There was no other choice. At this moment, he had to find a way out of this predicament as soon as possible!

Right at this moment, flames swept above, and Di Ku's huge face appeared in front of Long Chen's eyes. He stared at Long Chen with his sharp eyes, and said angrily: "Traitor's son, you just stay here obediently. Furthermore, don't use your Star Talismans against others. In my Di Yuan Tower, you can't use the Star Talismans, so just wait obediently for your death. "

Long Chen was not afraid, no matter what the other party said, it would just be a bluff.

He straightened his back and smiled, "What Great Devil Slaughter Conference? What 72 - The Ancient City of God's descendants? Even if all of you agree to kill me, Five Dragon Cities doesn't agree, what can you do? Do you think that Five Dragon Cities is also a fool like you? First, my talent is limitless, my future is limitless, and in less than three years, I have surpassed you. Secondly, my father and I have never done anything to betray the human race, and the Five Dragon Cities will accept us again in the end. This is not your Di Jun Divine City's place! "

Di Ku clenched his teeth in anger and sneered: "Brat, stop dreaming, how could Five Dragon Cities accept you? They hate your father even more than we do, you just wait and see, leaving Heavenly Dragon Star is your biggest mistake, I want to see, if Five Dragon Cities will save you! They want someone to kill you so they can have a clear relationship with you? Slaughter Dragon City is not the only Five Dragon Cities, I heard that the Devouring Dragon City's Dragon Emperor wants your life? "

After speaking, Di Ku gradually disappeared. He was probably rushing back to the central region of the Demon Slaying Valley. After he left, the white flames pounced on him.

"Vast Ocean Sacrifice!"

Long Chen unleashed the Vast Ocean Sacrifice, causing a torrent of water to sweep by his side, forming a vortex that swept the surrounding flames away, completely unable to harm him.

Li Xuanji was a little nervous, she asked: "If Five Dragon Cities does not save you, and lets Di Jun Divine City kill you, and borrows a knife to kill, what will happen to you?"

Long Chen laughed, and said: "Don't worry, this sort of thing is impossible. "I'm sure Slaughter Dragon City will come."

"Why?"

Long Chen said: "Firstly, they were very afraid of my father. When he appeared in the chaotic star field, all the higher-ups in the Dragon City must have been terrified. Secondly, on Sky Dragon Star, there are my Aunt You and others. If something happens to me, they will definitely turn the human race upside down. Third, although I cannot be sure, I estimate that there are people following me from the Slaughter Dragon City. "

Li Xuanji asked: "Then why aren't they helping you right now?"

Long Chen said: "That's because they are also hesitating, whether or not they can use this opportunity to get rid of me, will not bring about any evil consequences in the future? They were afraid of me, afraid of my potential, and even more afraid of my father's rebirth. "

Today, in terms of courage and scheming, there weren't many who could compare to him.

"Let's wait and see."

Long Chen was not the least bit afraid in his heart.

He knew that from now on, he had to keep a high profile. As long as he raised his profile, he would have the authority, the right to speak, and make sure that more people understood his current self, which would frighten them!

It was because of this that Long Chen was able to accomplish his goal. He wanted to redeem everything for his father!

Nothing could be seen inside the Di Yuan Tower.

After a while, Di Ku's face once again gained the upper hand. He laughed out loud and said, "Kid, you can wait for death, our Di Jun Divine City's City Lord has already started to invite all the experts to the Demon Slaying Valley, at the same time, she has also started to negotiate with the five Great Long Chen s, to break the news, to persuade them to give up on you. Among them, the Dragon Devouring City has already agreed, but the other Dragon Cities have yet to reply.

Long Chen closed his eyes and sat in the middle of the sea of fire.

"Thunder!"

Di Ku roared.

The surrounding white flames had all turned into thunder, blasting towards Long Chen.

"Astral sacrifice."

Around Long Chen, countless stars appeared and surrounded him. Those berserk lightning bolts were unable to harm him, but he actually started to cultivate inside the Di Yuan Tower peacefully.

Even Di Ku couldn't do anything to him.

With a cold snort, he left.

At the same time, the 72 - The Ancient City of God's descendants had already received an invitation from the City Lord to head to the Demon Slaying Valley!

Chapter 2092 - Devil Slayer Congress

On this day, an extremely shocking thing happened in Dragon God Domain. It was that the Di Jun Divine City's City Lord had actually contacted the 72 - The Ancient City of God's descendants's City Lord herself, claiming that she had captured Long Chen and wanted to take him to the Devil Slaughter Valley, to invite all the heroes of the realm, and to hold a Devil Slaughter Conference!

In the history of the Dragon God Domain, there had been many Demon Slaying Assemblies. The people they had killed were all extremely vicious, and brought about great danger to the human race!

For example, the last person who died in the Devil Slaughter Valley was the villain who had walked out of the Di Jun Divine City, Gao Xionguang. She was only an outer city expert of the Di Jun Divine City, but her talent was heaven defying, and her cultivation had reached the late stage of the Seven Stars tribulation of reincarnation. On the day this person was killed in the Demon Slaying Valley, the world was filled with joy!

After millions of years of history, the Demon Slaying Valley had killed thousands of people, and all of them were ruthless thugs without exception.

But today, the Di Jun Divine City caught Long Chen and brought him to the Devil Slaughter Valley.

In actuality, many people had advocated bringing Long Qinglan to the Devil Slayer Valley to kill him. Unfortunately, even if all the Dragon Emperor were to move, they wouldn't have the ability to do so.

In the eyes of the humans, a large part of the reason why Long Chen was hated was because he was Long Qinglan's son. At the same time, he had also killed the peerless human genius Di Yu.

However, to be taken to the Devil Slaughter Valley was actually a bit too much.

But, when they thought about the hope of the Di Jun Divine City, that Di Yu would die in Long Chen's hands, they could understand as well. Furthermore, from what they knew, Long Chen was not under his control, his potential was great, and he was a Unparalleled Dragon. Such a wild and untamed person, would most likely become another Long Qinglan in the future, so they were extremely afraid in their hearts.

At least the majority of the people here really wanted Long Chen to die as soon as possible so that they could avoid future troubles. As for letting Long Chen serve the human race in the future, they wouldn't be so whimsical about it. As the son of Long Qinglan, he would definitely stand on Long Qinglan's side in everything.

After receiving the news from the Di Jun Divine City, the various City Lords of the ancient god cities, as long as they could still be contacted, would all rush to the central region of the Demon Slaying Valley quickly. The Demon Slaying Valley was not too far away from the battlefield of the gods, and with the ability of the various City Lords, they would be able to reach it within ten days.

Such a big event, most of the city lord level warriors had come out, this matter had shaken the entire world, the entire Dragon God Domain knew of this matter, and many people had secretly gone to the Devil Slaughter Valley to watch the show.

If the City Lord was unable to move, there would be representatives representing the strong. For example, in Dark City, Night Willow Death and the Dark Lord had come. As long as the people of Di Jun Divine City killed Long Chen, he could take Li Xuanji away with him. In any case, Li Xuanji belonged to their Dark City, so no one would say a thing.

All of a sudden, almost all of the strongest practitioners in the entire Dragon God Domain were gathering towards the Demon Slaying Valley. Of course, other than the Five Dragon Cities s.

Ten days later, the Demon Slaying Valley was already packed full of people.

Normally, there would be no one left in the Devil Slayer Valley. The yellow sand that covered the entire valley and the flying souls of grievances filled the air, giving off a ghastly atmosphere that would make people's hair stand on end. When over a hundred thousand people rushed in, the haze was gone, and the exuberant presence of experts drove away all the gloominess.

Apart from the many warriors who came to watch, all the powerful warriors of the ancient cities had basically all arrived.

In the center of Demon Slaying Valley, there was a circular mountain peak.

At the center of the ring-shaped mountain peak was a valley. The valley floor was covered in blood, and the sight of it was extremely shocking. It was the blood of all the vicious people. This valley was called Demon Slaying Valley and was where the Great Slaughter Devil Nest was held. The experts of the 72 - The Ancient City of God's descendants stood on the surrounding ring of mountains and looked down at the Demon Slayer Valley from above. Outside of the ring of mountains, hundreds of thousands of warriors fought to be the first to look forward!

They were all waiting and discussing!

On the circular mountain peak, the 72 - The Ancient City of God's descendants's representatives had all arrived.

"Brother Su, I didn't think that your War God's Ancient City would be so far away, so I came too." In the 72 - The Ancient City of God's descendants, a dark skinned sturdy man that was three meters tall said.

Beside him was a skinny old man, and beside him were Su Sheng, Su Ming and the rest.

This old man was Su Zhen's father, the Martial Shencheng Lord.

And the one who asked the question, was the Shencheng Lord of the Giant Spirit Empire.

Shencheng Lord narrowed her eyes as she looked at the Demon Slayer Valley and said, "This Everlasting Dragon Emperor's son has some connections to my War God's Ancient City. I have no choice but to come. My son, Su Zhen, could also be considered to have died in his hands. "

The Great Spirit Shencheng replied: "So that's how it is."

He paused for a moment, and then said with a frown: "I actually don't think that the chances are high today. Basically, the Demon Slaying Assembly is aimed at extremely vicious people, and Long Chen did not commit any grave mistakes, but Di Jun Divine City only did it to avenge his personal grudges, and was making a big fuss out of nothing."

The Lord shook his head: "I don't think so. I have seen Long Chen's deeds before, the only person he is loyal to is his father. When he just arrived at War God's Ancient City, his tribulation of reincarnation was not even comparable to mine. In just a short three years, it is said that he is invincible under the age of four thousand. Such a terrifying person is not controlled by my Dragon God Domain. If he is not loyal to my Dragon God Domain, sooner or later, he will become a terrifying disaster. None of us want to see the next Long Qinglan born! "

The Spirit Soul Shencheng leader nodded helplessly, and said: "It's said so, this brat is indeed hard to deal with and is quite troublesome. But the problem is that the Slaughter Dragon City has already accepted him as a disciple, if Di Jun Divine City does this, it will violate the agreement between the Five Dragon Cities, right? I feel that Di Jun Divine City is crazy, this is simply a mess, Five Dragon Cities will not agree. "

I think the Five Dragon Cities has different opinions as well, I don't even know how to deal with this Long Chen, there are even people who want to kill him directly too, and this is the chance for the Di Jun Divine City to do so. This way, the Five Dragon Cities wouldn't dare to kill this Long Chen, and they might even be willing to see the Di Jun Divine City being reborn to be his executioner! "

Hearing this, the Lord suddenly came to a realization and nodded, saying, "Looks like today, this son of the Eternal Dragon Emperor won't be able to hide from it. What a heaven-defying genius, what do you think happened to us humans? Geniuses can't exist? "The Innate Inherent skill of the Eternal Dragon Emperor was unrivalled, yet he suffered for his own deeds and couldn't live on. He produced a Di Yu, but was killed by Long Chen. Now that Long Chen has revealed his greatness, he is about to be killed ... Sigh."

Shencheng Martial Lord's mouth twitched but she did not say anything.

All these years, she had always been asking around for information regarding Long Chen, and the information she had received shocked her time and time again. However, she was unable to help in any way, especially today, when she knew that even she wasn't Long Chen's match.

Aside from them, almost everyone was discussing the same matter.

Amongst the hundreds of thousands of people, most of them were afraid of Long Chen, and there were very few who truly wanted him to live.

"It's such a pity. Unparalleled Dragon s, if this guy had pure heart skills and was willing to serve our human race, then our human race would be even more powerful!"

"Yeah, it's just that he's the son of a sinner that's lived for thousands of years, and his personality is also very cruel. He killed Di Yu and Lin Ming, and he even had many connections with the Spirit Clan. Once he becomes an exceptional Ranker, it is very likely that he will be another Long Qinglan. If we do not kill him today, the ones who will suffer in the future will be us humans! "

"Then kill him! Although his crimes are not even up to the standard of the Devil Slaughter Conference, his potential is too terrifying in the future, and I cannot let him live! "

"The Five Dragon Cities does not dare to do anything, the 72 - The Ancient City of God's descendants does!"

The ruckus continued unendingly.

At this time, in the air above the Demon Slayer Valley, a middle-aged powerhouse appeared. He was dressed in a golden robe and had the temperament of an emperor. His eyes were golden, like two suns shining in the sky.

With a flash of golden light, everyone was enveloped in his radiance.

This person was the strongest cultivator here, City Lord Di Jun!

Governor Di Jun, who was the only one in the 72 - The Ancient City of God's descendants with a cultivation beyond the Seven Stars tribulation of reincarnation and the one who had reached the Eight Trigrams Asgard, who had been in charge of the Di Jun Divine City for tens of thousands of years, was publicly acknowledged as the strongest person other than the Five Dragon Cities, and held a huge amount of authority in the 72 - The Ancient City of God's descendants!

Other than the Five Dragon Cities, City Lord Di Jun was like the emperor of the entire Dragon God Domain!

His domineering gaze swept across the crowd like a sun, causing everyone to involuntarily lower their heads. It was only at this moment that he smiled in his heart, and said with a voice brimming with magnetism: "Welcome, fellow countrymen, to the Devil Slaughter Valley, to participate in the Devil Slaughter Conference!"

Everyone cheered.

The City Lord was very satisfied. He lightly pressed down and everyone sensibly stopped their clamoring. At this time, he continued, "Normally, this Devil Slayer Valley would not hold this Devil Slaughter Great Assembly so easily. This person is the most popular son of the recent Eternal Dragon Emperor, named Long Chen! "

The voice of the City Lord was like a heavy hammer, pounding on everyone's heads, letting them clearly remember his words.

"I believe all of you will remember that today, ten thousand years ago, a peerless powerhouse told us that he found a way to become a god. He released the devils of the chaotic star field's devil world and came to our Dragon God Domain, causing a great calamity to our Dragon God Domain.

"He is Long Qinglan, the so-called Eternal Dragon Emperor!"

"But today, he has committed an immoral act as well. His son, who is in extreme danger, is the Long Chen that we want to kill!"

Chapter 2093 - City Lord Di Jun

"Long Chen!"

The last two words of the City Lord echoed in everyone's ears.

Some people began to reveal looks of hatred and killing intent. In fact, the reason they had come here today was for the slaughter of demons!

In their eyes, Long Chen was also an uncontrollable devil!

Sooner or later, he would bring a disaster to the humankind.

This Long Chen is headstrong, unruly and unruly, his personality is violent, he is a Berserker Demon who massacred and his talent is extraordinary, he is also the son of an Eternal Dragon Emperor. In the future, he will definitely become a huge threat to our human race, and if we do not remove him today, he will definitely bring a calamity upon us!

"That's right. In order to prevent all of the people in this world from suffering, we have to take the risk, and today we cannot let him escape. Otherwise, we can make him the new eternal Dragon Emperor, and all of us will be in danger!"

For a time, following the words of the City Lord, everyone seemed to have enthusiastically echoed his words. Although they hadn't done anything, their words had turned into the most vicious and cruel of devils!

Looking at this fiery and hateful scene, the City Lord laughed.

He was well aware of how terrifying that youth was. If he was not killed today, then everyone would have to bow and kneel before him, under his control. If he wanted to take revenge for Di Yu, he would have even less chance. He had entrusted the faith and hope of all the warriors in the Di Jun Divine City, but Long Chen had mercilessly destroyed him. When he heard the news, even the City Lord of Di Jun had vomited blood!

"Just you wait. If Five Dragon Cities still does not respond within two hours, I will directly kill him!" I don't care about anything else. "

If Five Dragon Cities did not respond even after two hours, it would be equivalent to tacit approval.

As long as they do not resist, he will have a chance

Within Demon Slaying Valley, there was a sea of people.

Just as the curse was at its most intense, a figure appeared in the middle of the ring of mountains.

It was a skinny old man with a snow-white spirit tower rotating in his hand. It was the Di Yuan Tower!

Without a doubt, this old man was Emperor Ku.

Long Chen was in the middle of the Emperor Origin Tower.

His arrival silenced all the people who were previously in a heated discussion. Everyone held their breath, their eyes gradually becoming colder and colder. Hidden within them was a thick killing intent, and they began to be filled with anticipation, because Long Chen had arrived!

Demon Slayer, the one who kills is him!

"Mayor!"

Di Ku first bowed towards the Emperor, the City Lord of Emperor Jun who looked like an emperor.

The City Lord smiled in satisfaction and said, "This time, you have contributed a lot. You will be rewarded heavily when you go back. Also, release that traitor's son. I want to see what dignity he has against the experts of the world! "

"Let him out!"

"Release Long Chen, and let us take care of him!"

The surrounding warriors started to clamor. In fact, many of the things Long Chen did were exaggerated in the Dragon God Domain, in everyone's eyes, he was already an unpardonable scoundrel!

Di Ku was very satisfied when he saw this. He sneered at Di Yuan Tower and said, "Little rascal, it's time for your death."

In these ten days, Long Chen did not pay any attention to the matters of the outside world, and focused on his cultivation. This set of energy caused the Emperor to be moved, and he could keenly feel that after more than ten days of cultivation, Long Chen seemed to have progressed greatly, to the point of him surpassing a whole level!

That's right!

Long Chen took advantage of this period of time to reach the late stage of the One Yuan Tribulation.

The increase in the power of reincarnation led to an increase in the strength of the entire body. This caused his battle prowess to undergo another metamorphosis, reaching an even deeper level!

As for what was happening outside, he knew very well.

He had just stabilized his cultivation after his breakthrough when he heard Di Ku's voice.

From breaking through Yi Yuan School to today, in fact, only a month had passed. In such a short period of time, he was able to complete missions that had been impossible for other people to complete in the past few hundred years. His talent was truly unparalleled, even a genius like Ling Xi, was inferior to him.

"Then the Demon Slaying Assembly is about to begin."

Li Xuanji sat on top of a tree branch in this new world and warned her softly.

There must be countless strong warriors outside, all the strong warriors in 72 - The Ancient City of God's descendants were gathered here.

"Don't worry, it's just a bunch of clowns."

Long Chen stood up and said with a smile.

Just at this time, a suction force pulled him out, and he was flung out of the Di Yuan Tower, smashing down towards the Demon Slaying Valley. This force was extremely strong, and was obviously trying to embarrass Long Chen, but Long Chen remained calm as he turned in the air and landed steadily on the ground.

Weng! *

Hundreds of thousands of gazes descended upon him.

It was as if countless mountains were pressing down on his body, bringing him a terrifying pressure, and these pressure were basically filled with killing intent and full of evil intentions. Other than Long Chen, perhaps no one else in the world, could resist against the pressure of so many experts!

But he clenched his teeth, stood straight on the ground, raised his head and looked around, his sharp and cold gaze welcomed the group. Despite there being countless experts around, not a single one of them had been able to scare Long Chen to the point that he retreated!

In the eyes of the crowd, the youth that was thrown out of the tower was brimming with pride. Despite facing such a situation, he was not scared at all.

One person against hundreds of thousands of people, yet he didn't retreat at all!

A single round of courage and insight, how many people could there be in this world, comparable to Long Chen!

The confrontation in the eyes of both sides lasted for a short moment as a pair of hundreds of thousands of people came into contact with each other.

Long Chen had imagined this kind of scene countless of times before. He knew that this kind of scene would happen sooner or later, and the scene today was even bigger than what he had imagined.

"So many people want to kill me?" How did I provoke you? And I just did something wrong that so many people couldn't wait to kill me! "

Long Chen laughed in his heart!

He wasn't afraid, he just felt that it was laughable. The people of the seventy-two Shencheng s actually came here from far away, and held this Demon Slaughter Assembly, in order to kill him. It was such a huge scene. And he was just a mere junior, not even a hundred years old, yet they were already so afraid.

Ridiculous, pathetic!

He looked around and saw tens of thousands of eyes, there was ruthlessness, hatred, dodging and threatening. Most of them were filled with hostility towards him, and even some of the strong cultivators had traces of fear in their eyes, clearly showing that they were intimidated by Long Chen.

"Are you afraid of me, or my father?"

In the end, Long Chen's gaze stopped at the Emperor Monarch Feng's City Lord. This Eight Trigrams Rebirth was equivalent to the Ruler of the Radiant Dragon Emperor, the Dark Dragon Emperor.

City Lord Di Jun had specially targeted Long Chen, so that terrifying pressure was something Long Chen could never resist! That pair of eyes that was as bright as the sun swept across Long Chen's body.

"Long Chen!"

The soft shout was like a great bell, shaking Long Chen's vital energy and blood.

Long Chen quickly suppressed the boiling blood and Qi. He knew that City Lord Di Jun was the one who planned all of this.

You can just wait to die. Today, we are holding the Devil Slaughter Conference in order to kill such a vicious person like you, to remove the threat in our human race and avoid a calamity, you have already committed a grave mistake, do not expect Five Dragon Cities to release you, I have already requested Five Dragon Cities to do so, there is still an hour left, as long as Five Dragon Cities does not respond, it will be to tacitly behead you.

"Two hours?"

Long Chen naturally understood that if there was still no news about Five Dragon Cities within two hours, this guy would definitely not show mercy.

But Long Chen understood in his heart, he squinted his eyes and looked at the City Lord of Di Jun, just when everyone thought that he would be afraid, he asked: "This should be the City Lord of Di Jun, right? What grave mistake have I committed? Because I killed your Di Yu? This is too laughable, this guy is known as the greatest genius in all of history, my age is not much older than him, when geniuses fight, there is bound to be a death, and when Slaughter Dragon City's Jiang Ming ascended to the first place in Hidden Dragon Rank, his cultivation career has already killed hundreds of thousands of geniuses. If killing this trash Di Yu can be considered as a big mistake, then wouldn't Jiang Ming's mistakes be hundreds of thousands of times mine? "

He laughed softly: "I think I understand now, I heard that since ancient times, those slain were all vicious and evil people of the human race, and had tens of thousands of innocent lives on their hands, but I don't think that's the case, the so called Devil Slaughter Assembly, was used by the Di Jun Divine City to

settle personal grudges, who defeated the so-called genius of the Di Jun Divine City, would all be sent here, to be interrogated and killed in front of the people of this world? Looks like the Di Jun Divine City's self-esteem is rather fragile. "

All of a sudden, everyone in Di Jun Divine City was left speechless. All of the surrounding hundreds of thousands of people didn't know how to refute this, and to be honest, everyone knew that the main reason why Di Jun City used the Demon Slaying Assembly to deal with Long Chen was making a big fuss out of nothing. It was just that they were not paying attention to this previously.

The eyes of the City Lord turned cold.

Long Chen stared at him intently. Not only did he not retreat, he took a step forward and said in a clear voice, "The other point is even more laughable. Future? What kind of ridiculous reason was this? This so called City Lord Emperor Jun, I judge that you will cause a calamity for the human race in the future. Then, should I be able to hold a Devil Slayer Great Assembly to kill you? "What a joke. To act in such a manner and to behave in such a manner is truly laughable. Not only do you all feel that it is shameful, I also feel that it is shameful."

After he finished speaking, Long Chen lifted his head and looked at everyone. There was no fear in his eyes, he wanted to see, who had the reason to kill him? What I want to do is, even if the people of Di Jun Divine City were to attack him, they will not be able to take advantage of him, what is there to be afraid of?

Today was already the day. Madman had not been in a good mood for the past few days, and he was not satisfied with what he had written. He forced himself to write in a very painful manner.

Chapter 2094 - Pride

He was confident and confident, and his aura was overwhelming!

Long Chen was like that, when he said those words, others could not refute him, and in that moment, he suppressed tens of thousands of people by himself!

There were also some who clamored, "Don't even try to quibble! You have committed such a heinous crime, killing off our clan's future hope and affecting the piety of the entire human race. You deserve to die ten thousand times for your crimes! Today, the Devil Slaughter Conference will be held for your sake, you should be honored to be here! "

"You're right. If ordinary people want to be killed in this Devil Slaughter Assembly, they still won't have a chance!"

Not to mention Long Chen, even their own people frowned when they heard this.

Long Chen said: "I cannot accept such a huge honor, I will give it to you all as a gift! It's nothing more than Di Jun Divine City trying to take revenge for me killing me, but I don't have the guts to do it, so I dragged all of you idiots here. If you have to bear the consequences, we will all bear the consequences. How ridiculous! Let me tell you, in the chaotic star field, even the Star Lord of Primal Chaos is unable to do anything to me. Which one of you has the ability to quickly try?"

His boldness, his arrogance, and his disdainful look once again deterred everyone.

No one would have thought that the Long Chen in their hearts who should kneel and beg for forgiveness, while crying loudly, would actually be so calm and arrogant.

Everyone immediately turned to look at City Lord Di Jun, in fact they were already wavering, because as long as one had some brains, they could understand, in order to kill Long Chen, Di Jun Divine City had more private grudges, they were indeed pulled here by Di Jun City.

If anything happened to the Five Dragon Cities, or the Eternal Dragon Emperor got angry or was reborn, it would all be everyone who would suffer.

Seeing that the hearts were starting to crumble, behind City Lord Di Jun, a gold light barrier enveloped Long Chen, preventing him from moving or speaking. City Lord Di Jun then spoke out in a clear voice, "Everyone, there is no need to speak anymore to this man who is about to die.

Everyone looked at each other and muttered.

"The death of the City Lord shouldn't have anything to do with us."

"That's right, let's just treat it as watching a show. After all, we can't do anything about it."

"If Five Dragon Cities does not save him, then Long Chen deserves to die."

Long Chen was indeed subjected to a huge amount of pressure. The light barrier that City Lord Di Jun had casually set up restricted his movements, preventing him from moving! There was no fear in his heart, only unwillingness!

"Father!" If I stand here today, I will absolutely not embarrass you! "

He had come to the Dragon God Domain just to resist!

If he could not handle such a small matter, how would he be able to face the Five Dragon Cities? If he wanted to speak up for Long Qinglan, he would first need to have unrivalled strength and the highest status in the world. At that time, he would have the power to reverse everything!

Just like this City Lord, he could reverse the will of the majority!

Long Chen felt that there were two suns above his head, shining so brightly that he could not breathe. This kind of suppression was the rarest thing in his life, but it also angered his proud heart, he was not willing to admit defeat, even more so, he was not willing to be imprisoned like this, and be killed! Everything he had done was incomplete, so how could he die here?!

"Father, I will prove myself in front of everyone! I will make them all fear me and fear me, and I will fulfill your last wish! Even though Mayor Di Jun is powerful and has cultivated for tens of thousands of years, he can't do anything to me! "

In his heart, endless roars of divine dragons erupted.

The power of Samsara mixed together with the power of absolute beginning and formed a spiral. In this new world, the power of the 14 peaks gathered at the peak of the source energy peak and poured into it. That surge of power from the Divine Kingdom also filled his limbs and bones!

"Break!"

He was like a huge beast, letting out an earthshaking roar!

They were still discussing softly about Long Chen, waiting for an hour to pass. Only after the golden light barrier stopped Long Chen from speaking did they calm down a little, but right at this moment, they looked at the center of Demon Slaying Valley in shock. The golden light barrier actually started to tremble.

A terrifying dragon's roar burst out!

BOOM!

Before even the City Lord of Di Jun could react, the golden light barrier suddenly exploded, turning into countless fragments, and vanished into the air. Before even the City Lord of Di Jun could react, the golden light barrier suddenly exploded, turning into countless fragments, and disappeared into the air.

Even the City Lord didn't expect him to be able to break through his control.

For a moment, all the stunned gazes fell on him.

Long Chen glanced at the City Lord of Di Jun and said, "You don't have to waste your strength. Let me tell you, you can't kill me. You should have known earlier, in terms of talent, even Di Yu of your Di Jun Divine City would not be a tenth as talented as me. I am only fifty years old this year, but in the midst of training for eight thousand years, who would be my match? With such talent, in less than a hundred years, I will definitely surpass your City Lord Di Jun. How can you possibly move me? I was the one who killed Di Yu, and that was his fate. Your Di Jun Divine City better accept your fate as soon as possible, and if you continue to pester him, there will come a day when you won't even be able to keep your position as the City Lord of Di Jun! "

As the sound of his voice rang out, the crowd fell into a deathly silence. They stared at the City Lord with extreme worry.

To be honest, in this world, there was truly no young man who dared to say such words to the City Lord. Not only was this a threat, it was also a provocation. No expert would be able to endure such provocation.

But Long Chen had the qualifications, and regarding the situation today, he already had a plan.

"How dare you!"

In the Di Jun Divine City, many experts shouted together.

They spoke with great influence, but Long Chen was completely indifferent, and looked at them like they were clowns.

From start to finish, the expression on the face of the City Lord didn't change. But in his heart, waves of shock were indeed born. This young man's calmness even caused him to waver. Why was he not afraid at all? Did he know something, like his father's rebirth?

It had not been an hour yet. To be honest, City Lord Di Jun was afraid of the Five Dragon Cities and did not dare to make a move earlier.

Originally, he thought he could easily kill this Long Chen, but now, he was suppressed.

Of course, he didn't show it.

At this moment, he said in a deep voice, "Little guy, you said that you can surpass me within a hundred years?"

Hearing those words, the crowd couldn't help but want to laugh.

Long Chen, however, firmly nodded and said: "To be honest, not a hundred years, not even ten."

In that moment, everyone started to laugh out loud. Long Chen was just a newborn calf that was not afraid of tigers, hence his early progress was extremely fast. Governor Di Jun had cultivated for countless years to reach this level, which was not something Long Chen could compare with.

"Do you know how many years I have cultivated for?"

The City Lord laughed.

Long Chen said: "Adding on the fact that you delayed the arrival of the reincarnation tribulation, it should be close to twenty thousand years. Cultivating for a long time doesn't mean anything, it only means that compared to me, you are just a piece of trash!"

When these words were spoken, the crowd was even more shocked. To be able to become the City Lord of Lord Jun, this was already a symbol of a peerless genius. City Lord Di Jun was already close to the top of this world, but to Long Chen, he was actually just a piece of trash? Wasn't this way too much?

The people from the Di Jun Divine City were even more enraged, and started cursing one after another. Under Long Chen's control, the Demon Slaying Assembly became a personal grudge between him and the Di Jun Divine City, and the others were already ignored.

This was also where Long Chen had succeeded.

Right now, the other people in the ancient city were just looking at the scene with the mindset of watching a good show.

Even Mayor Di Jun did not expect a little kid to be able to suppress him to such an extent.

He suddenly remembered something.

He faced Long Chen and said: "You said, the current you, after cultivating for eight thousand years, no one is a match for you?"

Long Chen laughed coldly and said, "Is that not the case?"

Di Jun City Lord wanted to ignore everyone's attention and first teach Long Chen a lesson before saying in a clear voice, "My fellow citizens who have cultivated for less than eight thousand years, after hearing these ungrateful words, are you all convinced?"

This method not only allowed him to teach Long Chen a lesson, it also allowed him to avoid wasting more time on this eloquent fellow. After two hours had passed, City Lord Di Jun would be able to make his move.

Hearing City Lord Di Jun's shouts, most of the people started to clamor, Di Jun Divine City being the one who shouted the fiercest.

Most of the cultivators below eight thousand years of age were actually of Su Zilan's generation, which was also the same level as Night Willow's Death.

The City Lord continued, "Since that's the case, let's send a few people out to teach this child a lesson. Let him know that there is always someone better out there. It also allowed him to understand what courtesy means. After all, this child has never been taught and has never been educated, right? "

Long Chen's eyes immediately turned red.

The words of the City Lord had touched his very core. What he couldn't endure the most was for others to say that he was uncultured.

This was humiliation!

He began to clench his fists.

And at this time, under the order of City Lord Di Jun, a few Middle-aged Fighters started to surround Long Chen, and three or four of them were from Di Jun Divine City.

Following that, the number of people increased, all falling into the Demon Slaying Valley.

Everyone began to hold their breaths, anxiously watching them teach the arrogant and despotic Long Chen a lesson.

Most of them were warriors of the Five Elements tribulation of reincarnation and below. Generally speaking, those who had cultivated for less than eight thousand years or less, the strongest among them would be the Five Elements tribulation of reincarnation, and there were very few who could undergo six cycles of reincarnation. After all, starting with the Five Elements tribulation of reincarnation, cultivation had become exceptionally difficult and one would be killed if one was not well-prepared.

Chapter 2095 - Time Storm

In reality, everyone knew clearly in their hearts that Long Chen wasn't really wrong. The fault lay with his identity, and the fault lay with his people who wanted to kill him in the Di Jun Divine City. Therefore, the more Long Chen spoke, the more majority of the people would be incited by him. At that time, not even an hour had passed, and most people would waver on their decision.

Thus, City Lord Di Jun was very smart, he had grabbed onto the weakness of Long Chen's words, and wanted everyone to first teach him a lesson. Firstly, it would allow him to speak less, and secondly, it would allow him to vent his anger and scare Long Chen!

It could be said that killing two birds with one stone could kill two birds with one stone.

In the end, there were a total of twenty to thirty people surrounding Long Chen, eyeing him covetously.

"Brat, you said that no one below eight thousand years of cultivation is your match? Is that really what you mean? "

I remember that you are the one who defeated the number one Hidden Dragon Rank Jiang Ming. In terms of talent, you are indeed unrivalled, but under 8,000 years, there are tens of thousands of warriors who surpassed Jiang Ming, so what right do you have to put down your words, and claim that you are unrivalled under 8,000 years!

As they spoke, they got closer to Long Chen. Numerous Rankers used the power of four to link the five elements together to form a huge pressure that pressed down on him!

They knew what Di Jun City's Castellan wanted them to do. This matter was extremely important, they must crush this little punk to death! If this guy doesn't die today, he will bring about a great calamity in the future!

In their eyes, although Long Chen was an exceptional genius, he was still just a junior!

"Since you said that, then we won't be polite anymore. Now that Five Dragon Cities doesn't have any intentions of redeeming you, we will take advantage of this time to let you understand that speaking nonsense will teach you a lesson. Cultivate for eight thousand years?" Haha, why didn't you say 20,000 years? "

Each and every Middle-aged Fighter that cultivated for more than four thousand years stood around Long Chen.

Eight thousand years!

The number was too huge. Basically, all of the key figures in the entire Immortal God Realm were around, such as the young city masters of the various Shencheng s, such as Su Ming, Su Sheng, and Ye Liusheng.

For Long Chen to be able to dominate anyone under the age of four thousand, but to reach the realm of eight thousand years, was simply a pipe dream. Most people did not believe it, and dared to suppress Long Chen.

"I'll go first!"

One of the warriors of the early stages of the Five Elements tribulation of reincarnation came out to test Long Chen's strength.

To be honest, if it wasn't for the fact that it had already been spread out too mysteriously, Long Chen would only be at the realm of one Yuan tribulation of reincarnation. Even if it was some Unparalleled Dragon, the amount of strength that they could really unleash would probably be limited.

His entire body was like a rock, and as he punched out, the earth shook and the air tore apart. The source energy of the five elements gathered on his fist, and this was the highest level of power. He used the world's source energy, especially the part that belonged to the 'earth', and it was even stronger than before!

Long Chen watched as the huge fist struck him, but he did not move an inch.

"Scared?"

The surrounding hundred thousand people burst into laughter.

BOOM!

A fist that was close to Long Chen released tens of thousands of consecutive explosions, turning into a turbulent flow that swept towards the surroundings.

"Let me teach you a lesson!"

The warrior laughed.

In the next moment, Long Chen revealed a strange sneer. He seemingly reached out his hand slowly, but before the martial practitioner's rock like fist could reach him, he grabbed onto it with incredible ease. The stone path and the five element source energy quickly collapsed in Long Chen's hand, turning into nothingness.

Blood dripped down.

From the beginning till the end, Long Chen's face did not change at all, his body did not even take a single step back. With his strong physical strength, he easily dispelled the opponent's attack, and at the same time heavily injured him.

Countless people widened their eyes and gasped, blankly watching the warrior kneel in front of Long Chen. Just as he was about to roar and stand up, he was kicked by Long Chen.

A figure disappeared into the horizon.

Without any techniques, purely relying on strength, to break the attacks of the Five Elements tribulation of reincarnation experts!

Powerful and barbaric!

This was the impression that Long Chen gave to everyone when he was fighting.

Although his body seemed lean and lean, in truth he was like a giant beast, like a divine dragon. He was arrogant and domineering!

At this time, his flying leg lightly landed on the ground. His eyes looked down at the world, looking at the people around him, he said in a deep voice, "If you want to challenge me, then go up together!"

His words silenced everyone.

They had just been ridiculing Long Chen, but now, they were fiercely slapped in the face by him. To be able to easily defeat a Five Elements tribulation of reincarnation martial artist, Long Chen's fighting strength was already heaven-defying, at least close to the Six Paths of Samsara!

The thirty warriors surrounding him looked at each other in dismay.

"Let's go together. Do you hear me? Trash, didn't you guys come down to teach me a lesson?" Where did your guts go? "I'm telling you, listen carefully. What I have said before is to train for eight thousand years and not a single one of them is my opponent. If anyone of them meets these conditions and doubts my words, you can immediately scam!"

These people were simply asking for a beating. Although he seemed impulsive, he was actually very calm in his heart.

The moment these words were said, the heroes were enraged.

"Too arrogant!"

"This kid is too arrogant and despicable!"

Everyone cursed, and the thirty or so people who were surrounding Long Chen were almost driven mad with anger, they were all seniors, how could Long Chen humiliate them like this?

"Attack!"

They were acting in such a way, even if they won, they wouldn't be able to save face, but if they lost, Long Chen's might would once again shake the world, and even if it was a Six Paths of Reincarnation's martial artist, they wouldn't be able to fight against thirty or so experts of the tribulation of reincarnation of the five elements!

Under the watchful eyes of hundreds of thousands of people, the powerhouses attacked one after another!

All sorts of heavenly laws, all sorts of Daos, and even hundreds of Dao-seals appeared. All of them began to scream and scream, and under their powerful pressure, the entire Demon Slaying Valley began to tremble, as if doomsday was approaching!

, in that short moment, was submerged by the crowd. He felt as if his entire body was torn to pieces, and the huge cloud of dust instantly blocked the vision of many people!

"Did you kill him?"

"There are so many Five Elements tribulation of reincarnation martial practitioners here, using their origin energy to mobilize the origin energy of heaven and earth. No matter how powerful this fellow is, he's going to lose his life."

RUU...!

A massive attack was being launched at this very moment.

Just when everyone thought that Long Chen had learnt his lesson, in truth, they did not even manage to touch a hair on Long Chen.

"A bunch of idiots."

Long Chen rushed into the sky, and appeared before everyone's eyes. He did not escape, but chose to descend from the riots, and as the power of the Absolute beginning was surging, all of his opponents were actually suppressed by him.

"The Tempest of Time!"

Long Chen stretched out his hand and flicked it.

Instantly, a commotion broke out in the domain beneath them. A tempest descended, and everyone was within the tempest. It was unavoidable. Under the power of the time reversal, they had suffered a huge blow!

BOOM!

Everyone's body exploded, producing a large amount of blood mist.

Puff puff puff!

Everyone cried out miserably, falling onto the ground. No one was spared, the counterforce of the Tempest of Time was too strong, their meridians were torn apart, their bones were shattered, their strength was thrown into chaos, and they suffered heavy injuries in a short period of time. It was already enough for them to be able to stand up.

In the face of the storm of time, there were no longer any opponents that could stand against Long Chen.

Amidst the shocked eyes of the crowd, he landed gently on the ground, landing in the middle of his opponents. At this time, none of his opponents were even able to stand up, not even giving him a single attack!

Long Chen casually swept a glance over it and a gust of wind swept those who had lost, only then did they react, and went to catch their comrades.

As for the youth, he stood in the middle of the Demon Slaying Valley as if nothing had happened. He looked disdainfully at the crowd, without a shred of cowardice.

Long Chen was proud, the pride in his heart was urging him on, no matter what, he could not retreat a single step!

The countless times he had dreamed of this, he had stood proudly in front of them, helpless them against him!

He was not a criminal, nor a traitor, and he did not do anything wrong. He was a peerless genius, who could do anything to him!

Previously, they had mocked Long Chen, but now, their faces were burning with pain. With Long Chen's capabilities, it was very possible that under eight thousand years of cultivation, there would not be a single opponent for him

With such monstrous talent, even Long Qinglan couldn't compare to Di Yu.

Everyone sucked in a breath of cold air in their hearts.

They truly understood why this young man was so arrogant and daring from the beginning to the end. It was because his heart was strong, and not only were these hundreds of thousands of people unable to scare him, they were all toyed with by him.

Long Chen said loudly at this time, "Everyone, tell us the truth. What you guys are worried about cannot happen. I, Long Chen, am not an evil person, I have my own principles when doing things, and the words that will bring about a calamity in the future were only said by some people who were jealous of my talent. I can swear here that I will not do anything that would harm the human race, and I cannot promise anything. Everyone, just look at my performance in the future, if you still want to kill me like this, then I can only say that you are all too weak and stupid. "

He used his strength, his oath, to conquer the hearts of most people.

This was what Long Chen had wanted to do. Coming to the Dragon God Domain, he had come to conquer these people.

From start to finish, the expression on the face of the City Lord was extremely cold.

The reason why everyone didn't agree with Long Chen was actually because they were afraid of the City Lord.

At this moment, the Lord of Di Jun City spoke to a warrior in a golden dragon robe, "Di Sheng, go and fight him. Also, take revenge for your son."

Chapter 2096 - Emperor Shengxiao

Long Chen unleashed his might. After defeating over thirty Rankers in one move, everyone was still looking forward to City Lord Di Jun's performance the most.

In the end, he said this.

The crowd finally quietened down, their eyes couldn't help but look at the figure behind Di Jun. He was also a legendary warrior, a genius from thousands of years ago. Other than the Five Dragon Cities, he could be considered one of the top.

He was Deirdre.

Due to a single matter, Di Sheng's reputation had spread throughout the entire Dragon God Domain. Even the people from the Five Dragon Cities knew him well, as he was Di Yu's father.

A few decades ago, Di Yu was born, and Di Sheng's father was a noble. In the Di Jun Divine City, his prestige and position had risen once again, and he might even inherit the position of the Di Jun Divine City's City Lord in the future. He was about to become the next City Lord.

However, Di Yu being killed had caused him to suffer a huge blow, and he had focused on training from then on.

To be able to give birth to a son like Di Yu, it showed that Di Sheng's own blood was also superior. At the very least, he was not inferior to the Chaos royal clan.

To this day, he could be considered a top-notch existence among the six early stages of tribulation of reincarnation, and even a super dragon at the same level of Six Paths of Samsara might not be his match. All of the warriors at the scene, including Ye Liusheng, did not dare to claim that they could defeat Di Sheng.

This was the pride of the Di Jun Divine City!

City Lord Di Jun, let him deal with Long Chen!

If Long Chen did not defeat so many warriors, everyone would think that he was simply trying to kill Long Chen. But now, everyone understood that this was perhaps an extremely exciting battle!

Since Long Chen could defeat the five element tribulation of reincarnation, could he take another step forward and defeat the strong warrior from the Six Paths of Samsara?

Three years ago, Long Chen had defeated Di Yu in the God Battle Battlefield.

Three years later, in Demon Slaying Valley, not far from the battlefield of the gods, he had met Di Yu's father, Di Sheng!

This proved how terrifyingly powerful his transformation was.

However, what the crowd was more concerned about was the result of the battle!

Although the battle had not started, everyone had already started to discuss the six tribulation of reincarnation s. Six of them were one of the obstacles, and after crossing it, one's fighting strength would be greatly different from the five tribulation of reincarnation s, causing one's fighting strength to soar by a whole realm.

Stepping into the Six Paths meant that he was already one step closer to becoming a god!

Right at that moment, Di Sheng appeared in front of Long Chen.

He was a very handsome middle-aged man with a slender figure and a pair of golden eyes like the blazing sun. He wore a golden dragon robe that made him look like an elegant emperor, which was completely different from the domineering aura of the City Lord.

His eyes were slightly melancholy, but when he faced Long Chen, he revealed a terrifying killing intent. The hatred of killing his son, was irreconcilable, and Di Sheng had been asking around for news of Long Chen for the past three years. He had even snuck into the Spirit God Realm but Long Chen was too fast for him to catch up.

A blood feud must be avenged.

Long Chen could understand the pain of a father losing a son.

However, when he thought about it carefully, Di Yu was his archenemy and he had no choice but to kill him. That was why even though he had killed her, he did not have any obstacles in his heart, nor did he have any regrets.

They looked at each other.

Long Chen felt a terrifying killing intent coming from his opponent. This was destined to be a fierce battle, and this was also the first time he met an expert from the Six Paths of Reincarnation. In terms of time, before he arrived here, he was not Ye Liusheng's match.

"I have fought against this Long Chen before, he is definitely not a match for Di Sheng!"

Night Willow's death was determined by the darkness surrounding it, the Twin Monarchs said.

At this time, everyone held their breath, looking at the two people who could start a great battle at any moment.

He stared straight at Long Chen. With his gaze, there was still an unfathomable mist surrounding Long Chen's body, even he did not know if Di Sheng could defeat Long Chen or not!

"Di Yao!"

Suddenly, a vibration resounded in the ears of the City Lord.

He quickly raised his head and saw a blood-red cloud high up in the sky. The City Lord was shocked. Someone who could call out his life in such a manner must be someone on the same level as him.

"You are the Blood Blaze of the Slaughter Dragon City!"

The expression on City Lord Di Jun's face changed, since the other party had come at this time, could it be that he wanted to save Long Chen?

Seeing that time had passed, the Five Dragon Cities still did not give any feedback, as if he was silently admitting. The City Lord was already very happy.

But at this moment, the bloodlust came, disrupting his chance.

Atop the blood-red clouds, a demoness was seated.

"Yes, it's me."

Xue Hongyi laughed.

Di Jun took a deep breath and said, "Lord Bloodfire, what did the Slaughter Dragon City say?"

The Bloody Blaze glanced at the confrontation between Long Chen and Di Sheng, and said: "It's very simple. Let them fight, if Long Chen wins, I'll bring him back. If he loses, and dies, then I won't be able to do anything about it."

Hearing this, the worry in the City Lord's heart was finally lifted.

He nodded towards Bloodlust. No one else knew about their conversation.

At this moment, he directly said in a clear voice: "Long Chen, listen, Five Dragon Cities has already made his decision!"

Hearing that, the crowd became noisy, they looked at the City Lord Di Jun smiling, did the Five Dragon Cities actually allow them to kill Long Chen?

Without waiting for the crowd to guess, Di Jun continued, "Their decision is, if you can defeat Di Sheng, you can leave safely. If you die in battle, that means you're dead."

When those words were spoken, everyone immediately began to discuss with one another.

Although Five Dragon Cities's decision was strange, it was understandable. This way, the battle before their eyes had become especially important, and it was already a matter of life and death!

When he heard those words, a bloodthirsty glint flashed across his eyes!

This was a hint from the City Lord!

With how much energy Di Jun Divine City had expended, the only way to successfully kill Long Chen was with this battle with Di Sheng. If she lost this chance, he would never be able to avenge her son! Under

the huge pressure and expectations of countless people, the seemingly graceful Di Sheng was about to go crazy. With a single sentence, he had turned from a human into a wild beast!

BOOM!

His golden dragon robe fluttered without wind.

Di Sheng's eyes were bloodshot and he looked like he was about to explode. Without another word, he walked towards Long Chen step by step, and with every step he took, a deep imprint appeared on the ground.

Hearing Di Jun City Lord's announcement, Long Chen understood what he meant. It seems like Slaughtering Dragon City was trying to teach him a lesson, but in the end, his life and death depended on it.

If he lost, they wouldn't be able to save him.

Or did they think that they would not be defeated?

For a time, hundreds of thousands of people held their breaths as they stared at this heaven-shaking battle!

"Emperor's Flute!"

Many people remembered that he was a famous archaic instrument. He was a renowned scoundrel who was proficient in music and poetry, and had left behind countless books. His elegant figure and powerful strength had bewitched thousands of young girls.

Sure enough, a golden Xiao appeared before his eyes, carved with countless divine beings. It had a total of 420 circular Dao patterns, of which the golden flames were burning. Nine suns seemed to exist in between the nine holes, and one of them, a divine bird, was flying with a shrill cry, exuding an intimidating aura!

Archaic Gods Emperor Jun was proficient in the Dao of Space and the Burning Sun, and had even perfectly merged the two together. The successor's eyes were like the blazing sun, his body was like the void, and his battle prowess was extraordinary.

At that moment, he was like a god, holding the flute of his Emperor as he soared through the skies. In order to seize the opportunity and take revenge for his blood feud, he was not polite at all.

Under this situation, Long Chen knew that his opponent was extremely terrifying. Even if he only had 100% of his strength, he would still use 150% of his strength.

The only chance the Di Jun Divine City had to kill Long Chen!

After missing out on it, there would never be another opportunity in the future!

"My son!"

Tears flowed down his face as six streams of power surged out. The Heavens, the Earth, and the Shura revolved around him as a massive amount of power flooded into his body. It was a truly terrifying scene to behold!

Everyone trembled in fear as they said, "Di Sheng has already become enraged for the sake of revenge. He is not even afraid of sacrificing his own life. No matter how strong and talented Long Chen is, he's done for this time."

"That's right, the Five Dragon Cities gave Di Sheng a chance, and it's also his only chance. He's already terrifyingly strong, and he won't let it go this time!"

"A tragic battle, is Long Chen going to be killed?"

Everyone was shocked.

At this moment, the battle had already been set ablaze. Di Sheng rushed forward in a chaotic fashion, his surroundings engulfed in a sea of flames. At this moment, he held the Emperor's Flute to his lips.

"Nine Suns Burning the Heavens Spell!"

A sensation!

In the middle of the nine holes of the Emperor's Flute, the nine suns gradually rose. In the middle of the scorching sun, the three-legged Divine Bird flew at top speed. The nine suns circled around Di Sheng, forming a cycle of reincarnation.

The Emperor's Flute began to play a melody that was filled with surging hot blood, and concealed within it was the endless grief and indignation of Di Sheng. Under his control, the nine burning suns grew larger and larger, burning with countless flames of fury, as they screamed towards Long Chen!

Rumble rumble rumble!

The light of the nine scorching suns swept through the world!

Such a powerful attack, it simply left everyone dumbfounded!

For a moment, they were worried about Long Chen's fate.

However, Long Chen faced it indifferently.

He could feel the grief and indignation in the other party's music, but he did not think that he was a sinner. Everyone fought for his sake, for the sake of the people he protected, Long Chen also carried too many responsibilities on his body. He understood the pain of losing his son, but that did not stop him from fulfilling his father's last wish.

Moreover, Di Yu himself was a damned person!

If he was kind, Long Chen would not have killed him back then.

Therefore, he didn't retreat. The other party wanted to risk his life, and he wanted to fight for his own survival!

It was as if the end of the world had arrived under the Nine Suns Burning Heaven Technique.

Long Chen was not in a hurry to use the Fourteenth Sacrifice. He also had the power of the sun!

"Sun Sacrifice!"

Chapter 2097 - Corpse Sacrifice

The Nine Suns Burning Heaven descended!

Long Chen surveyed his surroundings, the entire world was a scorching sun burning with golden flames. Nine scorching suns formed an array formation that pressed Long Chen into the middle, the sound was mighty, as if it wanted to swallow him whole!

With only one chance to fight, he had lost all of his elegance and turned into a berserk devil as he attacked!

Long Chen fearlessly used the power of Fourteenth Sacrifice.

In the middle of the new world, Li Xuanji stood on the real earth as she raised her head in shock. The fourteen peaks around her started to fluctuate, exploding with power and sending it flying into the sky.

Weng! *

Fourteen types of power charged towards the peak!

Everyone was nervously watching Long Chen's performance, because this concerned his life and death!

"Sun Sacrifice!"

The blazing sun was like flames as it rose into the sky and rose into the sky. A golden sun gradually rose as it headed towards the array formation formed by the nine round scorching suns.

"Moon Sacrifice!"

"Astral Sacrifice!"

"Flame Sacrifice!"

"Ancient Tree Sacrifice!"

"Vast Ocean Sacrifice!"

Explosions caused terrifying tremors again and again. The six levels of Samsara sent everyone flying, and every time the Nine Yang Burning Heaven Arts exploded, Long Chen would immediately shatter it!

In the midst of the intense battle, Long Chen displayed a higher level of strength that was not inferior to Di Sheng at all. This was truly an eye-opener.

Even if he were to sacrifice his own life, he would not allow Long Chen to continue living!

"Corpse Sacrifice!"

This was the most mysterious power amongst the Fourteenth Sacrifice, and also the opposite of life's power of death. It was a far cry from other powers, but the Skeleton Sacrifice was able to unleash a terrifying power, using the power of the Skeleton Sacrifice to destroy the last line of defense, and completely annihilate the Nine-Suns Burning Heaven Secret Art that the Emperor had blown out!

BOOM!

In the Demon Slaying Valley, endless waves of wind swept up. A large amount of earth turned into dust, and everyone retreated even more.

Using his strength, Long Chen told the world that he had the strength to fight against Di Sheng.

Before anyone could react, Di Sheng's eyes suddenly turned blood-red. He roared out in a terrifying voice, as he charged towards Long Chen as if he had forgotten himself.

Countless experts saw this scene, in truth, even the City Lord Di Jun was unable to determine which one of them was stronger. In terms of strength, Di Sheng was stronger than Long Chen by countless numbers, but Long Chen was strangely stronger in other aspects!

BOOM!

The Emperor Shengxiao erupted with hundreds of millions of rays of intense light, rushing over to kill!

Without saying a word, Long Chen took out the Slash God's Sword and activated the Killing Sword Technique, immediately rushing forward. Immediately, the golden light and the grey sword qi clashed fiercely, making huge hissing sounds, and whenever the sword qi and light landed on the ground, a large amount of smoke and dust would fly about.

The crowd retreated once again as their eyes stared in shock at the figure in the middle of the battle. One golden and one gray, the two of them moved extremely quickly, it was difficult to see their battle state.

He really could fight against a martial artist of the Six Paths of Samsara!

He clearly knew that Long Chen was still inferior to him from before, but from the looks of it, it seemed that in this battle, if Di Sheng was in his place, he really did not know if he would be able to hold on!

"Di Sheng, kill him!"

The people of Di Jun Divine City could not help but shout.

BOOM!

In the blink of an eye, Long Chen had already unleashed hundreds of strikes in the midst of this close combat battle. The Killing Sword Technique had reached such a state that it was already able to unleash a terrifying combat power.

The eyes of the man in front of him were bloodshot, like that of a beast's.

"Return my son's life!"

As he waved his hand, a golden light engulfed the area.

Long Chen's gaze was calm, when the Killing Sword Technique suddenly soared to over a thousand swords, he raised the God Slaying Sword horizontally, and green light appeared on the sword hilt!

"Eye of Hell!"

Behind Long Chen, a pair of green eyes that covered the sky and covered the sun appeared in front of Di Sheng's eyes. Those green eyes were extremely terrifying, filled with pressure, filled with ridicule, such a pair of huge eyes made Di Sheng lose his mind, but right then, Long Chen suddenly attacked with the God Slaying Sword in his hand.

"Hua!"

Seeing this scene, the crowd burst into an uproar.

"Thirteen hundred strikes!"

No matter how good his defense was, no matter how much he adjusted his body, he was still defeated by Long Chen's one thousand three hundred sword strikes. The last time, the golden Great Emperor's Flute in his hand was sent flying by Long Chen, and when the Great Emperor's Flute soared into the sky, Long Chen's next strike was already aimed at his head.

The grey blade energy, which contained the powers of death and devouring, explosively shot forward!

At this point, there was no fear in his bloodshot eyes.

"Don't be too complacent. Today is only the beginning. What's next is your nightmare!"

Di Sheng said in a strange tone.

"Do you think only you have the ability?"

Long Chen laughed disdainfully as he used the Time Traversing Dragon. He flew around in the air and lost track of his target in an instant.

"What's going on?"

The crowd was cheering for Di Sheng when they suddenly saw this scene.

He looked around vigilantly.

In the next moment, Long Chen appeared 400 metres away. At the moment, his entire body was covered with blood colored dragon scales.

"Be obedient and accept your death!"

Di Sheng instantly teleported, charging towards Long Chen from behind!

"Blood Weeping Dragon Soul!"

Long Chen did not hesitate to summon over a million little slaying dragons this time. This was not his limit, but it was enough to deal with Di Sheng.

"What the hell!"

Everyone looked at the millions of Blood Weeping Dragon souls in a daze.

Di Sheng knew even more that Di Yu had died from the Weeping Blood Dragon's soul.

"Long Chen!"

As if he had gone mad, he went against the Sobbing Blood Dragon Soul. No matter where he moved to, the surroundings would be densely packed with Slaughter Dragons, while Long Chen was nowhere to be found. Every time he appeared, he would deal fatal damage to Di Sheng!

In the blink of an eye, a few bone-deep wounds appeared on his body. The gray Qi of the God Slaying Sword corroded his flesh, causing him great pain. There were even Blood Weeping Dragons that bit on his body.

"Die!" You must die! "

"No matter whose son you are, you will pay the price for killing my son! Don't think you can escape my grasp today! "

"Die!"

A terrifying power surged up from his body once again. This power erupted violently. In the blink of an eye, the golden light enveloped Di Sheng's body. He had turned from a single person into a sun!

Long Chen sensed the dangerous aura and immediately retreated!

When they felt the power, the faces of the people from the Di Jun Divine City were filled with excitement. They knew that Di Sheng would soon regain the upper hand, and if he was able to heavily injure Long Chen in this attack, it would be even more wonderful.

BOOM!

Di Sheng had completely turned into a golden fireball!

"AHH!"

He roared within the fireball, and the surrounding Blood Weeping Dragon souls turned to ash under his attacks.

"Destroy the black hole!"

This was the Imperial Bloodline Skill!

The dazzling sun instantly exploded, producing a terrifying power!

His body was strong, so he was not affected by the explosion. However, at this time, the explosion produced a golden light which instantly turned black, forming a vast black vortex. It swallowed everything in its surroundings, and the terrifying force also sucked Long Chen's body!

This power was irresistible!

"Come, let me mince you!"

"Kill them all!"

Long Chen was still holding on and the millions of Blood Weeping Dragon souls under his control had all been swallowed by the black hole, destroyed!

Seeing that, everyone could not help but cheer. Long Chen did not even have the Blood Weeping Dragon soul, as long as it was swallowed, the battle would be over.

"Bring it on!"

His voice was like rolling thunder.

Long Chen was swept up by the suction force, and was actually unable to resist it, just when he was about to be strangled to death, everyone was cheering when they saw the blood mist around him, and at that moment, Long Chen had decisively turned into a Divine Dragon Body, and the blood red divine dragon rushed out of the black hole, completely resisting the enemy's attack!

When the gigantic divine dragon appeared in the sky and looked down at the world, everyone could not help but gulp. The black hole quickly collapsed and turned into a bloody Di Sheng, staring blankly at Long Chen.

"You lost." Long Chen said.

"No!"

Di Sheng roared again, charging forward with no regards for his own life.

Chapter 2098 - Hand of Destruction

The black hole shattered!

The Archaic Blood Spirit Dragon appeared and looked down on the heavens.

He saw the body of the Archaic Blood Spirit Dragon once more, and this time it was even closer.

There was always a mysterious feeling that made him feel a sense of awe.

Seems to have known each other

While he was in a daze, hundreds of thousands of Shencheng warriors had already retreated. They retreated over and over, until they finally left the ring-shaped mountain peak, but the ring-shaped mountain peak was covered by Long Chen. His gigantic Divine Dragon Body circled around Di Sheng, a pair of blood-red dragon eyes staring coldly at him.

It was as if he was being watched by a superior being. It was as if the opponent was his natural predator, causing his legs to tremble.

At this time, forget about Long Chen, even if it was an expert on the level of Bloody Blaze, he would still rush forward without a care for his own life!

After the black hole storm, he was almost at the end of his tether.

But at this very moment, he was still unleashing all the potential in his body, as if he was a mad demon! He opened his arms wide, and actually stabbed into space, causing the entire space to distort, and produced terrifying tremors and explosions, as though a lake had been disturbed. And at this time, a

spatial explosion occurred, and a pair of large hands condensed into shape, reaching hundreds of meters long, as they grabbed towards Long Chen!

It was an arm formed from the energy of space. Wherever it went, space was torn apart, producing a sound akin to silk being torn apart. That pair of arms were under his control, causing the entire mountain to crumble and turn into dust wherever it went.

"Hand of Destruction!"

Di Sheng roared, unleashing his strongest power, attempting to tear Long Chen into two!

Facing Di Sheng's earth-shattering attack, Long Chen remained calm and collected. Right at this moment, a huge change occurred to his body, and the Primordial Blood Spirit Dragon actually turned into an illusionary cloud in an instant, and within the illusionary cloud, a blurry, illusionary dragon spiralled within.

A pair of eyes that seemed to be able to see through everything stared at the terrifying hands of space. From the beginning to the end, there had not been even the slightest change.

"What is this?"

It was difficult for even many powerhouses to understand this problem. The blood was familiar with the slaughter god dragon, but they never imagined that it would be able to display the power of time!

"What exactly is going on with this kid?" Isn't his inherited blood essence one of the eight great concomitant dragon of the Primordial Blood Spirit Dragon? How can he have the power of time, could it be that it has something to do with Long Qinglan being an eternal Dragon Emperor? "

Fiery Blaze couldn't figure it out no matter how he thought about it.

Right at this moment, Long Chen unleashed the power of the Tempest of Time!

Under Long Chen's control, the power of the Time Storm affected both the Space Hand and Di Sheng's body. A terrifying wave of time rushed over, and the crowd could not see it clearly, but they could see that the Space Hand had been completely shattered, turning into glass-like fragments that scattered onto the ground. Di Sheng, who was covered in blood, suffered a heavy injury from the Time Storm, and with a groan, he slowly fell to the ground like a kite with its string cut!

Only then did Long Chen's body turn back into the appearance of an Primordial Blood Spirit Dragon.

The power of the time storm wasn't too different from the Blood Spirit Spikes's, it was just that the range of the time storm's attack was wider.

When Di Sheng landed on the ground, everyone had already fallen into silence. Long Chen had used his own strength to prove that he could really crush a Six Paths of Reincarnation expert.

The words he had spoken before, even after eight thousand years of cultivation, there was no opponent for him. Although he was arrogant, there was still a basis for it.

With his strength, he was capable of saying those words.

A youth not even a hundred years old actually possessed such godly might, truly surpassing history, and even surpassing the miracle Long Qinglan had created.

However, Long Chen's true cultivation time, was actually not even twenty years.

In his 20 years, he had completed the cultivation of others in the past 10,000 years!

"How is that possible?"

Everyone was stunned.

In their hearts, Long Chen's position had quietly changed. Previously, everyone thought that it would be easy to kill Long Chen, but now, it seemed that it was actually very, very difficult!

"AHH!"

With great difficulty, he crawled back up. His wounds were beginning to heal, but it was difficult to recover his lost strength in a short period of time. At this point, he had already lost and it was hard to continue.

That lofty Long Chen had caused him to despair and his heart to collapse!

"My son, my son! Is there no hope in taking revenge for you? I was actually defeated by him! "

His two sons had both died in the war between the gods.

Today was the only chance for revenge. City Lord Di Jun had already fought for him for so much, but had lost to Di Sheng's strength in the end!

In truth, even if it was the City Lord himself, he would find it hard to endure such an outcome. If it wasn't for the Blood Blaze Field, he would probably have gone crazy. He was not a match for the Blood Blaze Art.

"You lost. The battle is over. "

Long Chen reminded.

"NO!" I am not dead yet! "

A cruel look appeared in his eyes as he laughed maniacally, "My son, your father will accompany you. Today, I will have him accompany us in death!"

No one could stop his resolve to kill Long Chen. At this moment, he once again charged forward, going beyond his limits. With his Majesty's Trash, he wanted to kill Long Chen!

Long Chen's gaze was gentle. This father reminded him of his own father, so he was very touched in his heart.

"Astral Sacrifice!"

In the blink of an eye, the starlight had already charged towards Di Sheng, surrounding him and trapping him within a star. The power of the Star Sacrifice suppressed him, causing Di Sheng to be unable to move or shout.

Long Chen took the form of a dragon.

Beside him were the stars that were trapping him.

Long Chen held onto the star, and said to the rest of the warriors in the world: "Everyone, as long as I lightly press on it, his body will explode along with the star. Everyone should already understand who is the victor right now, right?"

Everyone was shocked and looked at each other.

From this, it could be seen that Di Sheng had been completely defeated. Furthermore, if Long Chen was willing, he would be the one to die in this battle.

He shifted his gaze onto the City Lord. Despite facing such an expert, he remained neither servile nor overbearing. "Everyone, what do you think?"

As he spoke, he gently twirled the constellation in his hand. It was as though Di Sheng was in extreme pain inside.

"Little demon, release him!"

The people of Di Jun Divine City shouted.

Of course, Long Chen had never thought of imprisoning him, he smiled and said: "Of course I want to release him, I just want to ask everyone in Di Jun Divine City, I guess I won this battle, otherwise, once I release him, what will he do? There's a huge grudge between him and I, and if I'm not sure if I'll win or lose, he'll definitely disregard his own life to kill me. "

Hearing this, everyone felt that this made sense. They couldn't help but look at the City Lord.

In reality, at this point in time, everyone understood one thing. It was that it was simply impossible to kill Long Chen today.

"We lost. Let him go."

However, Long Chen knew that this old fellow was definitely going to pass out from his anger, and he would definitely not let things go so easily. It was just that after this incident, it was impossible for him to do anything to!

Long Chen was gradually accumulating his own authority. What he needed to do was to have a status and strength that no one could compare to, and only then would he have the right to speak.

He made contact with the Astral Sacrifice in his hands, causing Di Sheng to dash towards the City Lord's direction.

"Long Chen!"

Desire filled his eyes.

It was tears of blood.

He still continued to attack Long Chen, but the people from the Di Jun Divine City stopped him, and today they had failed.

Looking at this man, Long Chen felt a little regretful. He bowed towards that direction, this action of his made people feel that it was very strange.

"I admire your father very much, because I also have a father that loves his children, but I can't change the fact that I killed your son. Di Yu is also a person who deserves to die, although I admire you, I don't regret doing anything for myself either."

In front of the public, Long Chen calmly said everything that was in his heart.

He looked up, and the blood seemed to be on it.

In fact, Long Chen had already guessed that he would arrive.

This was also the reason why he was able to be so calm from the very start. If the Slaughter Dragon City had allowed him to be killed, then the Blood Blaze would not have brought him here from Heavenly Dragon Star.

72 - The Ancient City of God's descendants gathered here.

The people of the Di Jun Divine City, under the lead of the City Lord of Di Jun, had gloomy expressions and left without looking back.

As Long Chen faced this boundless world, he could already tell from their eyes that he had already conquered most of the people here.

Night Willow's Death, the Dark Sovereign, and the others didn't even dare to look him in the eye, secretly regretting in their hearts.

It had to be known that even the Lord only had the strength of late stage Samsara. With Long Chen's speed, they would face him in a few years, and even more so, they did not dare to fight against Long Chen.

"Everyone!"

Long Chen felt that he had to say something.

He held his breath and said, "I have already sworn that I would never do anything that would harm the human race. Although I don't like this place, it is undeniable that I have the blood of this place on me. This is my father's homeland."

"I don't know why everyone wants me dead. If I were to kill Di Yu, everyone can be at ease. My talent surpasses Di Yu's by ten times. Whatever he can do, I can do!"

If it was two years ago, Long Chen had said such words, it would have been a joke.

And now, everyone was seriously listening.

Chapter 2099 - Heavenly Blood Hell

This situation made Long Chen very satisfied.

He had known for a long time that more often than not, he relied on his fists to speak.

Now that he was so big, there were many people who revered him.

This was just the beginning of his efforts.

Looking at the living beings in front of him, Long Chen said once again, "If everyone wants me to die, because I will be like my father, who relied on his peerless battle power, and brought about a calamity to the human race, and even what some have said about the calamity, then I can only say two things. First, I have already vowed, regardless of whether you believe me or not, I will abide by my own oath and do my best to be myself. Even though I, Long Chen, have not experienced for a long time, I have experienced no less than any of you. As for the second ...

His heart was full of hot blood.

Those people who hated Long Chen from the start, were now quietly listening to him speak. They realised that this youth had a very amiable side to him, he did not seem to be some kind of traitorous person who would kill people easily, adding that his talent was too terrifying, they had no choice but to doubt themselves. Why did they want to kill him?

Was it jealousy or fear?

Long Chen said the most important thing.

Everyone knows that the Eternal Dragon Emperor was not what you think he was in the beginning. There is also a reason why he changed, and I will one day find out why he changed so that everyone will see the real him. This is the fate of my life! This is also what I'm after! I believe that he is a good father and also a strong warrior who works hard for the common people. I will not debate with you all, but I can only say that one day, I will solve this mystery! "

From this sentence, everyone came to understand that Long Chen was not really that familiar to them. If they were to say that he was an existence which was difficult to control, it actually did not seem to be possible, and when he said those words, the perseverance and tenacity in his eyes was undoubtedly enough to cause people to be moved. They discovered that the rumored ugly Long Chen, was actually just a hot-blooded youth.

His existence was to prove everything to his father.

"Eternal Dragon Emperor!"

Everyone could not help but recall that for a very long time, the Eternal Dragon Emperor had always been the clan's greatest pride.

He was leading the human race towards glory.

More than ten Dragon Emperors of the Five Dragon Cities all looked down on the Eternal Dragon Emperor, even though Long Qinglan was much younger than them.

He was the one with the most hope of becoming a god, but unfortunately, he died halfway through his journey.

The title of Eternal Dragon Emperor was in fact a great honor.

In the Five Dragon Cities, according to the rules passed down through the Primordial Era, each Dragon City had three Dragon Emperors. According to the ranking, they were the first, second and third Dragon Emperor. This was the case for all Five Dragon Cities, and any Dragon Emperor, other than the title of ranking, would have another title. For example, in Dragon City, the number one Dragon Emperor would also have a title, and that would be 'Blood Tyrant Dragon Emperor'. Generally speaking, in order to differentiate the Dragon City's number one Dragon Emperor, the outside world would directly call him the number one Dragon Emperor of the Slaughter Dragon City, the 'Blood Dragon Emperor'. The first Dragon Emperor was only a single position, the 'Blood' was his true title.

The Five Dragon Cities were respectively: 'Eternal', 'Slaughter', 'Life', 'Fate', and 'Devour'.

Every single Dragon Emperor had a title, but their title, would definitely not be above those five.

According to the rules passed down since the Primordial Era, only those with strength that completely surpassed everyone and stood at the peak of the entire Dragon God Domain, while also making a huge

contribution to the humankind, would be bestowed with these five titles. Only a few Dragon Emperor had received the name of Dragon City in the past ten million years.

In history, there had indeed been the appearance of the 'Life Dragon Emperor' and 'Devouring Dragon Emperor'. It was just that they did not become gods in the end after falling in the end.

In the past million years, there have been hundreds of people who have held the position of Dragon Emperor, but the only person who was titled 'Eternal' and 'Eternal Dragon Emperor', was only Long Qinglan.

Dragon Emperor who could obtain the title of Dragon City had the authority of a commander. For example, at that time, Long Qinglan was the leader who unified the Five Dragon Cities and not just the Everlasting Dragon City.

Back then, even the number one Dragon Emperor s had to listen to Long Qinglan's orders.

From this, it could be seen just how much prestige Long Qinglan had in the Dragon God Domain back then. People who truly lived in that era worshipped him.

He was the only leader of the Dragon God Domain in that era, and he shook the entire Five Great Clans, even the chaotic star field was trembling because of him.

However, no one could believe the turmoil that followed, and from disappointment to despair, all sorts of opinions spread throughout the human world, causing Long Qinglan's reputation to instantly slip into the abyss, and he would be smeared for tens of thousands of years ever again.

Those youngsters who have never experienced that era all understood the so-called Eternal Dragon Emperor under the influence of their elders. They were prejudiced in the first place, they simply did not know what kind of person the Eternal Dragon Emperor was, and only knew that he was a sinner from time immemorial.

But today, his son had stood here once more, claiming that he wanted to find out everything that had happened that year!

That proud, sincere and persistent youth caused everyone to be moved. Honestly speaking, Long Qinglan made a huge mistake, and needed to be washed away by him, but in reality, it was a very

laughable action, no one was willing to listen to his explanation. However, seeing how tenacious Long Chen was, everyone shut their mouths and did not say anything.

Long Chen would obviously not explain himself to them. He only stated his goal and fate, and that was enough.

After saying all of this, Long Chen turned and rushed into the clouds.

From today onwards, his matters will certainly cause the Dragon God Domain to be in turmoil once again. Those who had seen him with their own eyes, would probably view him differently. This was a good thing, in the future, there would no longer be many people in Dragon God Domain who would want to kill him. He only needed to concentrate on his cultivation and take out his own evidence. If he were to use his strength to speak, then one day, he would be able to fulfill that man's last wish!

He was once the unrivalled overlord, he should not have fallen into the endless abyss.

She expressed her willingness to follow Long Chen. As for the Dark City, after the Dark City Lord comes out of seclusion, it would not be too late for her to come back. In reality, she was unable to control the worry she had for Long Chen, and the only thing she could feel from him was that his path was still filled with killing intent.

There would definitely be someone who would step forward to stop him from investigating Long Qinglan's secret.

"Nice speech." Bloodlust grinned and smirked.

Long Chen looked at him and said, "Go back."

"What you mean is, you want to bring that girl from your God Kingdom into Slaughter Dragon City? is she not Dragon Fighter? "

Xue Hongyi chuckled.

Long Chen frowned: "It's fine if she isn't Dragon Fighter, it's not like I'm going to allow her to appear in your field of vision."

He had to take Li Xuanji away.

"Alright, you are indeed a romantic, just like your father. Back then, no matter where he went, he would always be accompanied by a peerless beauty, Yang You. You are the same, but you are even more amazing, leave one on Sky Dragon Star, leave one in Dragon God Domain, it is convenient for you to do anything."

Fiery Blaze laughed.

Long Chen was too lazy to say more.

"Okay, according to your own promise, within ten years, you won't be able to leave the Dragon Slayer City. Otherwise, you'll find trouble everywhere. If I didn't follow you this time, you would have been killed a long time ago."

In less than a day's time, they had reached the Slaughter Dragon City in the northern part of Dragon God Domain. Ahead of them was a vast sea of blood.

"I'm finally back."

The blood flames looked at the rolling sea of blood in front of them, stretching lazily.

To stay in this place for ten years was truly going to take too long. Before, in order to save Li Xuanji, Long Chen had no choice but to agree.

"Regret it?"

Xue Ran teased him with a smile.

"Nope." Long Chen shook his head. Since he had promised to help the three Dragon Emperor s, there was no reason for him to regret it, and there was such a peaceful time for him to focus on cultivating.

The Eternal Dragon Emperor s, what kind of awe-inspiring existence were they?

"Let's go to the three Dragon Emperor s. You sure do have a lot of face, to be able to see the three Dragon Emperor s so many times after coming to the Dragon Slayer City in such a short period of time, I can't believe that I haven't seen your face many times before."

The Blood Blaze said in front of him.

The three Dragon Emperor s wanted to see him again?

On the other hand, Long Chen felt that these three Dragon Emperor s were long-winded, but at least they would not target him, and were good people. If he went to the Everlasting Dragon City, who knew what would happen to the place Long Qinglan grew up in.

After returning to the Slaughter Dragon City, everyone looked at them in a different light.

It seemed that the news of him defeating the Six Paths of Reincarnation, Di Sheng, had already reached Slaughter Dragon City. Long Chen was becoming more and more heaven-defying, but the enmity between the Slaughter Dragon City's Dragon Fighter s had not disappeared, everything they had regarding Long Qinglan was deeply rooted in their hearts. If they wanted to change everything, only Long Chen would be able to convince them.

After walking for a long time through the Dragon Slaying City and passing through layers upon layers of people, Long Chen finally arrived at the place where the three Dragon Emperor s were. Blood Blaze was guarding the outside and was unable to enter, so Long Chen passed through many tunnels and entered the blood-colored palace, finally arriving at the location where the three Dragon Emperor s were.

A drop of blood started to appear on the three Thrones, gradually transforming into a blood mist, which spread across the throne. The throne in the center, was the strongest expert of the Dragon Slaying City, the number one Dragon Emperor, 'Blood Tyrant Dragon Emperor'.

The three of them had carefully sensed the change in Long Chen.

"Greetings Dragon Emperor s."

Long Chen respectfully half-knelt.

"No need for formalities."

The blood mist swirled about, making it impossible to see where the real person was.

After Long Chen stood up, one of the Dragon Emperor went straight to the point, "We had once agreed to give you a chance to leave, and after you return, you are not allowed to leave Dragon City for ten years. There's no objection to this, right? "

Although it was unfair to him, but he had already agreed to it. Long Chen dared to take responsibility, so of course he would not cower.

He nodded.

"Very good, we have confirmed that in these ten years, we will let you go and protect 'Heavenly Blood Hell', and let you have something to do."

Chapter 2100 - Black King

"Heavenly Blood Hell?"

Long Chen had just arrived at Slaughter Dragon City, so he definitely did not know where this place was. Therefore, he asked, "You three, what kind of place is this Heavenly Blood Hell?"

The three Dragon Emperor s saw that he was being kept on guard, so one of them chuckled and said: "You don't have to worry, it's not a special place. Our Dragon Slayer City will imprison some prisoners, and if any of our disciples make a mistake, they will be imprisoned too, at the very least for a few months or as long as a thousand years. These kinds of people are basically imprisoned in the Heavenly Blood Hell, and the Heavenly Blood Hell is in my Slaughter Dragon City. As for your mission, is to join the 'Dragon Tomb Army', and join the other Dragon Tomb Army to guard the Heavenly Blood Hell. "

Long Chen could not be completely honest with them, so he said: "To put it bluntly, you are a prison guard, right?"

The three Dragon Emperor s laughed. From the looks of it, it should be true.

These three people must be old cunning foxes, Long Chen didn't dare to casually agree.

At this time, the other person said, "You don't have to be nervous. In reality, guarding Heavenly Blood Hell is also nothing. Normally, you could spend a large amount of time training. Sometimes, you would have to make some arrangements and make some patrols. In fact, in our Dragon City, joining the Dragon Tomb Army is basically the most leisurely mission. "

Another Dragon Emperor said, "Since you have joined the Slaughter Dragon City and are a part of it, then we can only follow the arrangements of ordinary disciples. We cannot allow you to live a comfortable life in the Slaughter Dragon City because of your status, so we hope that you will be able to integrate more and more into the city and get along with the others. There is no need for you to be isolated from them.

Based on this, the so-called Heavenly Blood Hell was not a special place.

What they said was not without reason. If Long Chen did not integrate into the Dragon Slaying City and become a part of it, then he would not have any use for this place.

"In the end, the three of us are the only three people in Five Dragon Cities who don't have much ill intentions towards you. That's why I let you join the Slaughter Dragon City. We were hoping to get you back on track, to be part of us, and to forget about your father, but for the time being, you obviously can't. The reason I won't let you leave Dragon City is because there are too many people outside who want to kill you. You should be able to understand us. "

Long Chen nodded.

They were right, Long Chen was not suitable to leave Dragon Slayer City now, but he would not completely trust these three Dragon Emperor s. After all, he was not familiar with them.

He said, "I should be able to deal with the matter of Heavenly Blood Hell. Are there any other specific requests?"

The three Dragon Emperor s pondered for a moment, then said: "I don't have too many requirements, you just need to follow the commander's orders. With your strength, being able to guard the Heavenly Blood Hell is more than enough, the Dragon Tomb Army has their own rules, after a few days I will have the commander of the Dragon Tomb Army look for you, and he will tell you what to do. "

"Then, I'll have to thank the three Dragon Emperor s."

Long Chen bowed respectfully.

"Alright, you can leave now. In the future, you can rest in peace in the Dragon City. There's nothing much to do, at least, we won't summon you again for the next ten years. "

Long Chen then left.

Leaving here, he discussed with Li Xuanji.

"What do you think this Dragon Slayer City is planning to do to me?"

Long Chen pondered.

Li Xuanji thought for a while, and said: "The only thing that you should be related to them, is the Inherited Blood Essence. But they only think of you as the successor of the Unparalleled Dragon. Furthermore, they are also trying to please you. At the very least, they must be able to treat you better than any other Dragon City, because your potential is great, and as long as you do not die, you might very well become the next Long Qinglan. "

"That is to say, this Heavenly Blood Hell's mission is just to let me integrate into the Slaughter Dragon City and become an ordinary Dragon Fighter."

Long Chen took a deep breath.

Then just focus on your training.

There was one thing that he was curious about, why would Dragon Fighter who was stationed in the Heavenly Blood Hell be called the Dragon Tomb Army? It seemed that every dragon tomb in the Dragon City was a forbidden area of the highest level, right? Back then, Long Qinglan's Primordial Blood Dragon's Inherited Blood Essence was obtained from the Slaughter Dragon Tomb.

Soon, he was out of the palace.

What Long Chen did not know was that when he had just returned and entered the palace where the three Dragon Emperors were, there were two mysterious guests that had arrived at Slaughter Dragon City.

At that time, Long Chen and Bloody Blaze had just went in.

Outside the Slaughter Dragon City, thousands of blood-colored dragon were flying above the sea of blood. Some directly charged into the sea of blood and rolled, causing a large amount of splashes.

whooshing

These were the Blood Dragon Army garrisoned outside of the Dragon Slayer City. The Blood Ember Territory was their President's territory.

Bloodlust also had a nickname, Blood Dragon Emperor.

Generally speaking, those who could be directly called emperors were at least peerless experts of the Eight Trigrams Asgard. Although the Seven Stars Reincarnation possessed the power of divinity and was close to the gods, it could not be called emperors.

Just as the Blood Dragon Army was going up and down, two visitors came to the city. They were just stars at first, but then they instantly appeared in front of the Blood Dragon Army.

"Who dares to barge into my Dragon Slayer City!"

In the Blood Dragon Army, there were suddenly experts roaring. Over ten thousand Blood Dragon soldiers rose up from the sea of blood, eyeing this uninvited guest like tigers stalking their prey.

There were two people who came, one male and the other female. They looked like a middle-aged couple who had cultivated for at least ten thousand years. Such people were obviously the strongest within their generation.

Amongst the two of them, one of them was wearing a dark green long skirt. She was a beautiful and clear woman, elegant and fresh, like a spring breeze, with eyes that seemed to be able to speak.

But this woman was not the most attractive.

Beside her, there was a man holding onto her waist, standing beside her, this man was tall and thin, with black hair that was even longer than the woman's. His face was handsome, but it was extremely frightening because he had no eyeballs, and his eyes were filled with two black mists that formed a vortex, like an endless abyss, causing one to be unable to extricate themselves.

Seeing that the Blood Dragon Army was trying to stop him, the man smiled and said elegantly, "Ladies and gentlemen, I am Chen Ting from the Devouring Dragon City. I am here to visit the Slaughter Dragon City."

"Chen Ting?"

The Blood Dragon Army soldiers were all confused. This name seemed a bit strange.

The woman next to them sneered: "Don't you know him?" You guys are truly ill-informed. You don't even know 'Black Hell King'?"

Black Hell Emperor!

Hearing this name, the Blood Dragon Army members' faces all changed. In fact, they had already guessed the man's appearance from his appearance.

In the Blood Dragon Army, a commander of the seven star tribulation of reincarnation immediately came forward and led the army, saying, "So it's Your Highness, the Black Emperor. We really can't recognize Mt. This must be the Black King's wife, right? It's truly like a lotus blooming in a well, with unparalleled allure. "

One had to know that the Black Hell King was a famous person who had devoured Dragon City. She had a similar position to the Bloody Dragon Emperor in the Dragon Slayer City, and was a terrifying expert who was on the same level as the Bloody Blaze Dragon Emperor. There were countless legends about him, and she was a person who had cultivated for twenty thousand years, who was also a person who belonged to the same generation as Long Chen's father, Long Qinglan.

Faced with the praise of the commander of the Blood Dragon Army, the woman immediately broke away with a smile. The Black Hell King laughed, "No, no. Right, we came to visit the Slaughter Dragon City today mainly because we have some private matters to attend to."

The commander of the Blood Dragon Army said, "Please don't be anxious. Please follow me into the city. I have already informed our marshal of your arrival. He will be here soon."

"Is it burning with blood? My old friend, we haven't seen each other in years. "

The Black Hell King chuckled in a very casual manner. However, no matter how casual his misty eyes were, it was still enough to scare people.

Under the greetings of the high ranking members of the Blood Dragon Army, the two of them entered the Dragon Slayer City.

The lady next to the Black Hell King looked around, and said: "Everyone, let's directly state the reason for our visit. We have heard quite a lot about Long Qinglan's son, and today, we have specially come to the Dragon City to kill him. You should know my identity, right? "

One of the old Dragon Fighter immediately said: "I know, of course I know. Madam Long Qingyue is the biological daughter of the number one Dragon Emperor and is also the youngest daughter of the number one Dragon Emperor. How could we not know about her marriage to the Black Hell King of the Swallowing Dragon City?"

The azure-dressed woman said proudly, "It's good that you know this." I am still a member of the Everlasting Dragon City, so I cannot allow some unfathomable person to tarnish my Everlasting Dragon City's reputation. You all should know that this guy called Long Chen, is rumored to be the unworthy son of Long Qinglan, who was left behind in the world? "

After saying that, the Black Hell King lightly tugged her arm. That was why she had turned the bastard into his son.

Everyone was stunned.

They thought about it, the Eternal Dragon Emperor was the adopted son of the Everlasting Dragon City's number one Dragon Emperor, which was also the adopted brother of the woman in front of them. According to their seniority, Long Chen should have called her aunt, but today, Long Qingyue's arrival was extremely aggressive, which probably wasn't anything good for Long Chen.

"Yueyue, we'll talk about it when we see him." The Black King reminded him.

"Good! It's just that after hearing so much these few days, my father became angry. I never would have thought that after leaving for so many years, he would think that everything had disappeared into thin air, but now that he has such a sinful son, he doesn't care about added trouble, furthermore, this Long Chen is still a restless person, if he were to continue messing around, my father will lose all our Everlasting Dragon City's face. My father and the rest don't want to bother with it, but I cannot let him go.

"Alright, Yueyue, I'll see him soon." Emperor Blacknether said.
