

War God 2101

Chapter 2101 - Aunt

After exiting the three Dragon Emperor's palaces, Long Chen had encountered a bloodbath. Long Chen had thought that he had left, but he didn't expect that he would still be waiting for him here.

Just as Long Chen walked over, Bloodlust said to himself: "Get ready, there are two people here who want to see you."

Long Chen was startled, this was indeed out of his expectations, and the blood fever was a mystery, so he asked: "Who is it?"

"Let's talk as we walk. They've been waiting for you for quite a while." Hui Ran's expression was calm as he headed towards the south. Long Chen followed behind him and asked, "Who exactly is it?"

Bloodlust looked ahead and said, "You definitely wouldn't have expected this. They aren't from Slaughter Dragon City."

If it wasn't someone from Slaughter Dragon City, could it be from another Five Dragon Cities? But he didn't know that many people.

Just at this time, Bloodlust briefly introduced, "One of them is the Black Hell King of Dragon City. He is extremely powerful, an expert at my level. He has the highest reputation in the Swallowing Dragon City, and is the commander of the Swallowing Dragon City's Black Flame Army'."

People from Dragon City?

Then Long Chen would be even more clueless.

"Why is the Black Hell King looking for me?"

This was a powerhouse on the same level as a Blood Blaze, the same level as Yang You and the Chaotic Star Lord. This was already a terrifying powerhouse.

The Blood Blaze said as he walked, "It's not that the Black Hell King is looking for you, it's that his wife. Her name is Long Qingyue and she was originally someone from the Everlasting Dragon City. Her identity in the Everlasting Dragon City is the youngest daughter of the number one Dragon Emperor, and she is related to your father by sibling. Of course, she isn't related to him by blood, but according to her seniority, you should call her Aunt. "

"Huh?"

Long Chen was unable to react in time.

"Aunt?"

This was a family member.

In reality, Long Chen never thought that such a person would appear. He knew that the relationship between Long Qinglan and the number one Dragon Emperor did not seem to be particularly good, and since the Everlasting Dragon City was willing to let him go, Long Chen did not want to pay attention to the situation over there. It was just that he did not expect that there would actually be someone who would come looking for him.

"Could it be that this aunt is here to bring me to the Everlasting Dragon City?"

To be honest, because Long Qinglan had grown up in that place, he had a stronger sense of belonging there. He was extremely unfamiliar with the Dragon Slayer City, and always felt that there was danger lurking in every direction.

In reality, he really wanted to be understood. If the people from the Everlasting Dragon City could understand him and help him find the truth, then that would be perfect.

Thus, he had some expectations towards this aunt of his.

In his heart, his sister would always worship his brother. He subconsciously thought that it was because of the relationship between Yang Lingqing and himself. If Yang Lingqing ever saw his son, she would definitely be very gentle.

"Then hurry up and bring me there." Long Chen immediately said.

"Don't be too excited, your aunt isn't someone who's easy to deal with. Out of all of Long Qinglan's siblings, she was the one who scolded him the most fiercely all these years. She definitely won't be polite to you this time."

"What!"

In reality, he really wanted something like family love, but in reality, the Yang family in White Yang Town was not his real family. There was only one father in the entire world, and right now, his father still had some relatives that were not related to him by blood.

It could be seen from the indifferent attitude the Everlasting Dragon City had towards him.

Other than Long Qinglan, only Yang You would take care of him, allowing him to live on Dragon Star for a year without worries, making him feel extremely comfortable.

"Here we are. "Let's go in."

Blood Blaze stood at the entrance of a huge palace floating in the air. This was one of the places where Slaughter Dragon City received guests. Long Chen could sense that there was a powerful aura inside that was not weaker than the Blood Blaze. The other person was probably at the Seven Stars tribulation of reincarnation, and an expert possessing the power of Spirit Realm should be at the level of the Sacred Spirit Realm, the leader of the Goddess Heart Realm, which was also the level of the Taiyi City Lord!

This should be Long Qingyue.

At most, Long Chen could only fight against warriors at the early stage of the Six Paths of Samsara, but there was nothing he could do in the later stages of the cycle of the reincarnation cycle. As for the Seven Stars tribulation of reincarnation, those experts who possessed the power of the Spirit Realm were already at the top level of the entire world, and there was a huge gap between the Six Paths of Samsara and the power of the Spirit Realm was invincible. Long Chen lacked the power to fight against them!

That was the difference between a lake and the sea.

In addition, the power of the divine sense wasn't any weaker than the divine power of the primordial chaos.

Just as he was about to enter, a plump lady wearing a jade green dress rushed out from within the palace. A pair of long, narrow, lovely phoenix eyes locked onto Long Chen, hiding rage and killing intent. As for the Black Hell King behind Long Qingyue, his eyes were shrouded in a shroud of mist, it was extremely frightening, but he did not have much ill intent towards Long Chen, he was more curious.

Long Qingyue stopped ten meters in front of Long Chen and looked him in the eye.

When she saw this youth for the first time, her heart was practically shaken by shock. Just at that moment, she thought that she was mistaken, because no matter what aspect Long Chen looked at, he was exactly the same as Long Qinglan. The pride in her bones was something no one could surpass, and the scariest thing was that Long Chen was clearly more ruthless and cold than Long Qinglan.

Long Chen was also looking at Long Qingyue.

Sure enough, from this woman, Long Chen really couldn't feel that kind of kinship. All he could feel was her indifference and disgust, and even her haughtiness, as though she was a person of a higher position examining him.

"You are called Long Chen!"

Suddenly, Long Qingyue asked in a low voice.

Long Chen said neither humble nor arrogant, and said: "I am."

Long Qingyue's expression changed and she said: "As expected, it's just as the rumors say. You have no respect for the law and no manners. You can only do evil and do nothing!"

Long Chen frowned, looks like this woman is here to cause trouble today. Long Chen then said: "Madam, what kind of person am I, Long Chen, has nothing to do with you? It is said that we do have some connections, but if you do not admit, I do not want to admit it, since it does not matter, I, Long Chen, will do what I want, what are you worrying about? "

What he said was the truth.

He had never thought about what was happening in the Everlasting Dragon City before. If they didn't think about his existence, then he could ignore their existence, there was no need to stick his face in others' cold butt, but he never thought that there would actually be someone like Long Qingyue, was she questioning him?

Long Qingyue's face immediately turned green from anger, her chest heaved up and down, and angrily scolded: "Nonsense! Long Chen, I came here today to tell you that you better control yourself and not embarrass my Everlasting Dragon City. Honestly speaking, I won't even admit that you are related to my family, and you shouldn't think about hugging onto our leg. Your father has been a sinner for a thousand years, and you are the same, but you guys aren't related to my family at all! From now on, you only need to care about yourself. If I hear you do something against the will of the clan, no matter where you are, I will take your life! Do you remember? "

Long Chen laughed, and said: "Is there something wrong with your head? Do you still have logic in your words? On the one hand, it emphasizes that I have no relationship with your family. Since it has nothing to do with me, then whatever I do will be my own business, what does it have to do with your family? Is there a need for you to worry about it? "

He didn't expect that his so-called aunt would be this kind of person, so his heart was rather sad.

But when she thought about it, Long Qinglan had already been dead for so many years, and the fact that no one from Everlasting Dragon City had ever spoken up for him meant that his family didn't have any good feelings towards his either. It was laughable that she still held onto a sliver of hope.

And now, Long Chen was relieved.

It was because the two of them had never been blood related in the first place. Back then, the First Dragon Emperor had only thought highly of Long Qinglan's talent, and wanted to scheme against him before recognizing him as his foster son. This kind of relationship was not biological.

It would be weird if the Everlasting Dragon City would admit it.

After being rebuked by Long Chen in such a way, Long Qingyue was so angry that he went crazy.

She clenched her fist, and the aura of a Seven Stars tribulation of reincarnation Ranker smashed over, directly pushing Long Chen back, causing his vital energy and blood to boil. A loud explosion swept out, attracting quite a few people to look in her direction.

Long Qingyue bit her lips and coldly said: "You little bastard! Listen up, I will tell you two things. Firstly, don't think about getting close to our family in your life, we have long rejected the idea that this sinner, Long Qinglan, is our brother. Secondly, although you have nothing to do with us, in the eyes of the outside world, you are still related to us, so I forbid you to do anything rash, otherwise, you will only have death in you.

She almost shouted out loud, and the surrounding people basically heard her words.

Long Chen suppressed the raging Qi on his body, thinking to himself that the experts of the Seven Stars tribulation of reincarnation were indeed strong, this woman was already as strong as the Holy Spirit. He remembered that in the God Battle, the level of the Holy Spirit was no different from a god to Long Chen, but it was already very close to that level.

In a trance, he had undergone such a tremendous transformation.

Long Qingyue's words made Long Chen feel that it was laughable. This woman should be used to living like a prince, and then marry a strong husband, thus she looked down on everyone else, and decided to not put anyone in her eyes. To Long Chen, it was because she had trained for a long time.

However, no matter what, she was someone who was related to Long Qinglan. The legendary aunt had actually treated him like this and did not take him seriously, so thinking about it still made him feel quite bad.

"Then, what should I do in order to make his family shut up?"

Long Chen's heart began to yearn for more.

Chapter 2102 - Endure

The only explanation remained power.

Long Chen's recent strength had been in a state of raging violence the entire time. When he had just met Gong Qing and Xing Yue a year ago, he was still far from being their match. These were the Palace of the Gods Thunder Dragon and the 3000 Star Soul Dragons. They were all super dragon in the early stages of the Six Paths of Reincarnation. Now that they looked back, Long Chen had actually beaten the Di Jun Divine City's Di Sheng, and his battle prowess was actually almost the same as Gong Qing's group.

This was simply a miracle.

Although it was a miracle, he knew that he was still a top genius. In terms of talent, no one else was equal to him, but he still lacked the combat strength to fight against the true upper echelons!

If he couldn't hurry, he could only endure!

In any case, he felt extremely displeased when he saw this Long Qingyue.

Long Qingyue felt even more displeased when she saw that although Long Chen did not speak, his eyes were still filled with an unyielding attitude. She berated: "Did you hear what I said?"

She was acting tough, her eyes were full of power, her sharp words made Long Chen feel extremely disgusted.

"Alright, Yueyue, just scare him a bit."

When Long Chen noticed this fellow, a sense of fear actually arose in his heart, especially because the black mist in Long Qingyue's eyes seemed to contain endless secrets. Of course Long Chen knew, this was definitely a guy who was much more terrifying than Long Qingyue.

Today, Long Qingyue had brought him a great deal of helplessness and conflict in his heart.

He was angry, but now was not the time to challenge them, so he shut up and said no more.

However, Long Qingyue was still angry to the point that she couldn't take it anymore. She gently pushed aside the Black Hell King and walked towards Long Chen. "Little thing, are you still not convinced?"

It was the power of the Spirit Realm, the power of Spirit Realm which had condensed into a gigantic beast, roaring and attacking. In this moment of emergency, although Long Chen was able to resist for a

moment, he was still blown flying. The power of the Absolute beginning was similar to the power of the Spirit Realm, but Long Chen's power was too inferior.

BOOM!

He felt dizzy and his ears were ringing.

"The Seven Star Samsara is equivalent to the power of the Holy Spirit from back then. It is indeed very powerful, much more powerful than the warriors of the Six Paths of Samsara."

The further one went, the more terrifying the tribulation of reincarnation became.

Even if there was just a slight difference in strength, a huge gap would appear, which could not be bridged. Especially from the start of the Seven Stars tribulation of reincarnation, the gap would grow bigger and bigger, and it would become harder and harder to become stronger.

Generally speaking, the people of the Eight Trigrams Asgard would usually use the method of delay to resist the tribulation of rebirth, which could be delayed up to ten thousand years at the longest. Those who stayed in the tribulation of reincarnation of the Eight Trigrams Asgard for one to five thousand years would also have different levels of battle prowess.

It was as if the cycle of the Eight Trigrams had expanded from the very beginning.

Of course, this was still very far from Long Chen. With his current abilities, he wouldn't even need to delay it at all in the future, and he could even rush to the next stage before the time limit of a thousand years arrived. This was exactly what Long Qinglan was like back then.

With one move from Long Qingyue, he could feel the strength of a strong seven star tribulation of reincarnation expert.

It also hurt him.

This made him even more infuriated.

"Damn him!"

It was unknown why, but the moment he saw Long Chen, he would immediately remember that fellow who wasn't his own blood brother. With a flash of light, he caused all of their siblings to become dark and gloomy.

This was the true reason for his anger.

And the Long Chen today, was far too similar to him!

Long Qingyue wanted to kill more, but at this moment, the Black Hell King pulled her back and said: "Yueyue, stop messing around. This is the Dragon Slayer City."

At this time, the Bloody Blaze was also in front of Long Chen's eyes.

"Long Qingyue, Long Chen is now a member of my Dragon Slayer City. No matter what relationship you have, you have no right to make a move against him here."

Xue Ran impolitely said.

Of course he knew that this woman, Long Qingyue, was famous for her temper as a young miss. In the last ten thousand years, she had never changed her attitude.

When the two great Rankers appeared, Long Qingyue finally stopped helplessly. However, she still did not let it go, and when she saw that Long Chen still had an indifferent expression, she could not help but mock him: "Aren't you a genius? Wasn't it very powerful? If you have the guts, give it a try. Do you know what 'there's always someone above you' means? Pu * * y, if you have the guts, come to Swallowing Dragon City and challenge me, I will definitely accept the challenge! "

"Nutjob."

Long Chen secretly cursed in his heart.

Although he was unhappy, he knew that once he dealt with her, it would definitely be ...

He wasn't going to be polite. After all, with his personality, how could he just let things go so easily?!

Long Chen would never be polite towards women that he disliked.

"Bye."

At first, he was overjoyed, and even had some expectations for his so-called family members. But now, it seemed like he was just putting on an act, because after Long Chen said those two words coldly, he turned and left the place without even turning his head around.

Seeing his arrogant appearance, Long Qingyue felt even more unhappy. However, with the Emperor of Black Underworld and Xue Ran blocking his way, she had no choice but to curse, "I'll wait for you to challenge me. Let's see if you have the guts to do so."

Helplessly, the Black Hell King turned to Blood Blaze and said, "Brother Blood Blaze, I have offended you today. I will come again another day to apologize for my offense. Today, I'll take my wife back. "

The blood flames raised a hand and said, "You two, please."

He personally sent the Black Yama and Bloodfire away.

Halfway through, Long Qingyue finally calmed down from her anger and asked: "Big Brother Xue Hui, you said that the three Dragon Emperor s of Slaughter Dragon City brought Long Chen into Slaughter Dragon City. Just why did they do that? Why not just kill him? "

Bloody Blaze said, "I don't know either, maybe because I was worried that Long Qinglan would be reborn again. You know him best, so of course you know how terrible he is. "

He was too lazy to pay attention to this woman, so he just randomly said something.

"Rebirth? He can be reborn? "

Long Qingyue shuddered.

If he really showed up again, that would be terrifying. She had thought it was a joke.

This fellow's progress is simply too frightening. I heard that three years ago, he couldn't even defeat the experts of the Six Paths of Samsara, and a few days ago, he already defeated Long Qinglan, so his speed surpasses Long Qinglan's. He is extremely terrifying, and in a year, he might even have the power to fight you. "

"What!"

Long Qingyue's expression froze.

In truth, she did not know much about Long Chen's affairs.

His words also attracted the attention of the Black King. He pondered and asked, "Is it really that terrifying?"

Bloodfire laughed and said, "I was just casually speaking." The higher one goes up the tribulation of reincarnation, the more difficult it would be. If it was that easy, Brother Chen Ting and I would not have been stuck in this realm for so long, and would not have dared to let that final Nine Palace Calamity come after so long. "

Hearing this, Long Qingyue let out a sigh of relief and said: "Let him be arrogant. With his arrogant character, if he dares to challenge me, I will teach him a lesson!"

Without saying anything further, Bloodlust sent the couple off.

After they left, he gave a weird smile and said, "Interesting. My own family is already fighting, but does my Dragon Slayer City have to take advantage of this? "

Returning to the Crimson Dragon Palace.

Long Chen sat quietly in the cultivation room.

"Think of it, they are not people you should care about. What you should care about are your father, Ling Xi, Little Wolf and Little Cat, as well as your friends on Sky Dragon Star. " Li Xuanji asked with concern.

Long Chen chuckled: "Don't worry, I've walked through so much, this isn't some uncrossable hurdle. I'll make them understand. "

Seeing that Long Chen did not pay much attention to the suppression Long Qingyue had given him, Li Xuanji heaved a sigh of relief.

"I have to talk to Little Xi." Long Chen said.

Li Xuanji was startled, and immediately said: "Don't say I'm by your side."

Long Chen asked in shock: "Why?"

Li Xuanji was a little embarrassed, and said: "I'm afraid that she will think too much. After all, she is working hard to fuse with a stellar nucleus by herself. Afraid that she will be distracted, I will leave after the Dark City Lord comes out of seclusion. I won't waste any time on you. "

She still harbored unhappiness in her heart, as she did not want to ruin the relationship between Long Chen and the two of them.

Long Chen didn't think too much about it. Letting her follow him was mostly for her safety's sake.

He promised Li Xuanji, and then chatted with the person he missed so much on the distant Sky Dragon Star.

After many days, Ling Xi had guessed that he was busy with other things, so she did not disturb Long Chen. She knew that if there really was trouble, Long Chen would inform Yang You through her.

Far away from the Heavenly Dragon Star, Ling Xi was floating above the starlight lake. Because she had fused with more than half of the stellar nucleus, her skin now had an additional type of crystalline radiance, which was extremely beautiful.

"Brother Chen, I have improved a lot recently."

With the fusion of the stellar nucleus and her own powerful bloodline, her growth was extremely fast. Furthermore, Long Chen did not have to worry about her tribulation going through six cycles of reincarnation at least, he had no problems at all.

The conversation lasted for another half a day.

Li Xuanji was in a new world, focusing on her cultivation. Occasionally, she would open her eyes and look at everything in front of her. This was a rare moment of warmth that she enjoyed and even indulged in, but she knew that she needed to restrain herself. She should not belong here, so she could not indulge.

"Think of it as one last time with him."

The corners of her mouth curved into a smile.

Sometimes, life was very helpless, but to be able to enjoy such beautiful moments was already a very good thing.

Long Chen inquired about the matters of the Heavenly Blood Infernal Realm, there were no problems at all.

Before they entered the Heavenly Blood Hell, another group of people came to find Long Chen.

Chapter 2103 - Meng Qingqiu

The one who came was the team from the Life Dragon City.

After a year, when they heard that Long Chen had come to the Slaughter Dragon City and become a part of it, they came.

Those people that Long Chen had met at Bright Star City, Gong Qing, Xing Yue, Xing Qing, Bing Xinyue, and the other disciples all came to Dragon Slaying City.

Long Chen had a good relationship with them, and directly brought them to the Red Dragon Palace.

As for Lin Ming's matter, Gong Qing and the others did not care. In reality, they did not like that elder either. Hence, there was no conflict between him and Long Chen.

Looking at the layers of blood mist outside, the Divine Palace's Thunder Dragon Gong Qing sized Long Chen up from head to toe, nodded and said with a smile, "Congratulations to you, for completing your wish back then, and returning to the Dragon God Domain. It's just that the way you came here, was a bit different from the way you originally thought."

Long Chen had originally planned to let them bring him back to the Five Dragon Cities.

However, their authority in the Five Dragon Cities wasn't really that great, and Long Chen wasn't that strong then either. If he had come over rashly at that time, he probably would have been killed today.

"Luckily it wasn't us, we couldn't protect you. Initially, I had also suggested to the higher ups of the Life Dragon City to bring you in, but if they don't want to, we had no choice. I just didn't expect you to come to Slaughter Dragon City. "

"Actually, the reason we came here this time was because we heard the news that you were being confined by the Di Jun Divine City. We wanted to rush over to take a look at the situation. I didn't expect that you would already be back. "

Although they didn't have much to do with him, they were able to sneak out for the sake of him. Long Chen was extremely touched, and said: "Thank you everyone. In this Dragon God Domain, I really do not know many people, you can be considered the only ones. "

Gong Qing laughed, "To be able to become friends with the son of the Eternal Dragon Emperor is also our honor. Oh right, Long Chen, I heard that you defeated a strong warrior who had gone through six cycles of reincarnation?"

Xing Qing and the others were also looking on curiously.

Back then in chaotic star field, Long Chen had only been able to defeat Xing Qing of the Four Symbols tribulation of reincarnation. In the blink of an eye, he had actually defeated a person of Gong Qing's level!

This caused them to be deeply shocked!

In their eyes of anticipation, Long Chen smiled and nodded.

Bing Xinyue and the others opened their eyes wide with disbelief.

"I originally thought that by defeating Jiang Ming and becoming number one in Hidden Dragon Rank, you would be able to defy the heavens. I thought you would need some time to catch up to us, but who would have thought that you would surpass us in the blink of an eye.

Xing Yue helplessly said.

They had personally witnessed the terrifying rise of Long Chen.

Gong Qing could have easily suppressed Long Chen back then, but now he said, "I don't believe you. I want to compete with you and see if the rumors are true or not."

He said it with a smile.

Xing Yue laughed, "Be careful of your old bones breaking."

When Bing Xinyue and the others heard that, they immediately started to argue. Helpless, Long Chen and Gong Qing were pushed out of the Red Dragon Palace and were sparring outside.

Gong Qing was still extremely serious when it came to true sparring.

The Heavenly Palace's Thunder Dragon gave off a majestic aura, it was not any weaker than Di Sheng's. Previously, the Heavenly Palace's Thunder Dragon gave Long Chen a terrifying pressure, but now, he was able to withstand it!

"It's starting!"

The two divine dragons began to battle.

Xing Qing and the others watched nervously.

Sure enough, Long Chen could completely fight with Gong Qing, his fighting strength was terrifyingly strong.

After about an hour, Long Chen won, while Gong Qing lost in a very depressed manner, which made Bing Xinyue and the rest lose face in laughter.

"Indeed, there are many talented people in this world. We are all old now."

Gong Qing said helplessly.

"It's not that we're old, but that Long Chen himself is a miracle."

Xing Yue chuckled.

To be able to chat and reminisce with them made Long Chen feel extremely comfortable. The mood which Long Qingyue had destroyed earlier had improved quite a bit. Even the battle with Gong Qing had brought him a lot of benefits.

However, they couldn't stay in Dragon City for too long.

One day later, they left the place and Long Chen sent them out.

"As long as you are still in Dragon God Domain, we will definitely meet again if fate wills it."

"Remember to endure it patiently. Don't be too flamboyant, or else you'll attract the envy of others."

These were all words that they had urged Long Chen to do.

Long Chen sent them off with a smile.

Comparatively, the effect that Long Qingyue had on his mood was simply too terrible.

After they left, Long Chen had a rough idea about the situation in the Heavenly Blood Hell. Ten days after he returned to Slaughter Dragon City, the Heavenly Blood Hell's dragon tomb army came to find him.

The one who came to look for him was a person.

Long Chen walked out of the vast Scarlet Dragon Palace, and outside, a burly, bare-chested man wearing only a pair of yellow pants walked towards him. This man had a burly build, had a thick build, and a face full of stubble.

They were all Black Dragon s, and looked extremely sinister and terrifying. At the moment, he was holding onto a greasy roast chicken with one hand, and while chewing on it, he walked towards Long Chen. The stubble be greasy and look a bit disgusting

Generally speaking, with their current level being close to the Divine Spirit Realm, they would not need such low quality food long ago. However, the bare-chested man still ate happily, his eyes not moving away from the roasted chicken until he saw Long Chen.

"You are the son of the Eternal Dragon Emperor?"

The bare-chested man stopped in front of him and looked down from above, pouncing towards Long Chen with a barbaric aura.

Long Chen's gaze was cold as he nodded.

The bare-chested man suddenly laughed out loud and said: "What a delicate and tender little fellow! He's even a legendary character. He's really not simple, not simple at all. Right, my name is Meng Qingqiu, a very refined name, right? That's right, I am such a refined person, I am an officer in the Dragon Tomb Army, from today onwards, you will follow me into the Heavenly Blood Hell, and become a member of the Dragon Tomb Army, this is something that the three Dragon Emperor s arranged, you do not have any objections right?"

Long Chen had already made his preparations long ago, and said: "There are no objections."

"Alright!" Not bad, you're a straightforward child. I've watched your battle with Jiang Ming before. Even I admire you! Since that's the case, follow me! "

He cupped his hands towards Long Chen and with a movement of his feet, he rushed out. At the same time, he was still chewing on the roasted chicken in his hands and took out a jug of wine to drink. It's really delicious, the world is delicious, in front of this delicacy, even cultivation seems insignificant! "

He was leisurely drinking while singing, attracting the attention of the people around him. However, when they saw what he looked like, they all shut their mouths. They were probably familiar with this Meng Qingqiu's name.

"That, Long Chen!"

Meng Qingqiu finally settled the things in his hands, turned around and said to Long Chen, "Your father is the Eternal Dragon Emperor, right? Let me tell you, I'm a very loyal admirer of his. Since young, I've always worshipped him, and I can't wait to become his subordinate. Can you tell me if your father is still alive? So that I can follow him. "

Long Chen was not familiar with this person, so he was still cautious. On the surface, he smiled: "I do not know anything about him, but maybe one day he will appear in front of you."

"That's great, haha!" Meng Qingqiu laughed out loud again.

Long Chen looked at him closely and suddenly felt a familiar feeling coming from Meng Qingqiu.

This feeling, it seemed to be ...

Long Chen couldn't recall anything at the moment.

He suddenly said, "Lieutenant, may I ask, what divine dragon did you inherit from your inherited blood essence?"

He laughed mischievously as he looked at Long Chen and said, "Boy, I know that you are a Unparalleled Dragon, but I am not bad either. I am a Ultimate Dragon, do you believe me?"

Long Chen said: "I believe, then can you tell me what it is?"

Meng Qingqiu laughed, "I am from the Primordial Era, haha, you are a soldier from the Dragon Tomb Army, I am your leader, why should I tell you? I will never tell you. "

Long Chen couldn't hear clearly for a while, he could only hear the word Primordial.

"Maybe he has."

He still didn't remember.

This Meng Qingqiu's personality was extremely weird. Long Chen felt that he wasn't a pure person, or perhaps, if he acted like such a pure person, it would be very difficult for him to survive in the Dragon Slaying City, let alone become a strong warrior.

Meng Qingqiu should be at the late stage of the Six Paths of Reincarnation.

If he really was a Ultimate Dragon, then he would definitely be even more valiant.

Sure enough, the three Dragon Emperor s would use people stronger than him to look after him. If Meng Qingqiu was only at the level of Gong Qing, then he wouldn't be able to look at him properly.

Just as Long Chen was deep in thought, Meng Qingqiu turned around and said loudly, "Little guy, you better give your brother some ideas. Once you enter the Heavenly Blood Hell, it won't be that easy to think of one. The Dragon Tomb Army is a very powerful army that has massacred the Dragon City. With strict discipline, it is not a place for you to play. "

Long Chen asked: "This is something that the three Dragon Emperor s have arranged, can I still resist?"

Meng Qingqiu rubbed his big nose and laughed, "You are right, haha, you are still a poor child, these Dragon Emperor are too outrageous, but since they are here, let's settle down. If you call me Brother Qiu in the future, you can take care of them. With me protecting you, at least in the Heavenly Blood Hell, if anyone dares to touch a single hair on your head, Brother Qiu will cut off his little brother and feed him to the fishes. What do you think? "

This Meng Qingqiu was simply too enthusiastic, Long Chen was not used to it.

Of course, he would not be scared, but he would have to use a similar method to deal with people, and Long Chen laughed: "Then I will thank Brother Qiu."

"You're welcome, haha! You're still a newcomer. As your big brother, I'll tell you more about the Dragon Tomb Army and the Heavenly Blood Hell so that you won't make any mistakes in the future."

The two of them headed out of Slaughter Dragon City. Soon, they arrived at a huge sea of blood.

"The Heavenly Blood Hell is right below us."

Chapter 2104 - Killing Dragon's Tomb

In the entire Slaughter Dragon City, the one with the most people was of course the One Yuan Calamity Dragon Fighter.

The higher he went, the fewer people there were.

Among them, the One Yuan Tribulation and the Two Elements of Tribulation's Dragon Fighter occupied more than half of the entire Slaughter Dragon City, and most of the Five Dragon Cities were the same.

This is the new power of the Five Dragon Cities.

Inside the Dragon City, the One Yuan Calamity and Two Elements Calamity warriors lived in the young dragon palace. They were treated like newborns. Warriors with this kind of strength would basically become apprentices in the young dragon palace, and only then would they be able to survive the two calamities and reach the tribulation realm before being able to leave the young dragon palace.

After leaving the young dragon palace, he could use his own identity, cultivation, adventure, and the task of killing the dragon city.

The Dragon Fighters of the tri-level tribulation of reincarnation were relatively free, but their power was not great. Many of the warriors at this level would choose to go out on missions to obtain achievements and rewards.

As for the Slaughter Dragon City's most orthodox army, they would only be qualified to participate after passing through the Four Symbols tribulation.

For example, the Blood Dragon Army that was guarding the Dragon City.

For example, the Dragon Tomb Army garrisoned in the Heavenly Blood Hell.

In other words, the minimum standard of the Dragon Tomb Army was the Four Symbols tribulation of reincarnation, which was equivalent to the strength of most of the young city lords of 72 - The Ancient City of God's descendants. No matter if it was the Blood Dragon Army, the Dragon Tomb Army, or the other Legions, they were all elite teams that had slaughtered the Dragon City.

The Black Yan Army of Dragon City was of the same type.

"By joining the army in Dragon City, you can get better protection, benefits, and even more benefits for fighting stronger opponents. Those 'young dragons' work very hard in their cultivation because they can join the army in Dragon City, such as my Dragon Tomb Army, which has very few missions and is quite free, but they can also obtain resources that surpass everyone else, making them envious of the young dragons!"

Meng Qingqiu chattered endlessly with Long Chen about the mechanisms behind Dragon City's massacre.

"The Dragon Tomb Army is very powerful, almost the same as the Blood Dragon Army. Our commander's name is 'Emperor Tianmu'. He was also a terrifying master of the eight trigrams reincarnation cycle. Although his blood was inferior to that of the Blood Dragon Emperor, he wasn't too far off. Below the commander, there are also many Dragon General of the Seven Stars Reincarnation. Each Dragon General commands three lieutenants, and I am one of them. One Dragon Tomb General controls a Heavenly Blood Hell, while the other two lieutenants and I will help our Dragon Tomb General control a Heavenly Blood Hell. "

After hearing what he said, it seemed like there should be more than a dozen of them in the Heavenly Blood Hell.

Soon, they arrived at the Blood Sea outside. Meng Qingqiu grinned and said, "Look, the Heavenly Blood Hell is at the deepest part of this Blood Sea. I will take you there immediately."

took the lead and broke through the wave of blood, while Long Chen followed behind him as he charged forward, instantly causing the endless blood to rush towards him. Among it, countless grudges cried out,

and Long Chen immediately separated the blood from the blood, looking up, Meng Qingqiu was bathed in the sea of blood, like a fish in water, enjoying it fully, allowing the blood to flow through his body.

"Haha, this is too awesome!"

Meng Qingqiu laughed heartily.

"What a freak."

Long Chen muttered in his heart.

At this time, Meng Qingqiu continued, "The Heavenly Blood Hell is in fact the place where the prisoners of the Slaughter Dragon City are imprisoned. They are respectively in the confinement area and the prison area, which is the place where the disciples of our city are confined. There were quite a few experts locked up inside. The Heavenly Blood Hell would bring them endless torment. Let them suffer more than death. When you see Heavenly Blood Hell, you'll know. "

Long Chen asked: "Then, what do we, the Dragon Tomb Army, want to do?"

"For what?"

"It's impossible for the Heavenly Blood Hell to be torn apart, and no one will dare to rush into the Heavenly Blood Hell to save the prisoners, so we have nothing to do. Basically, the Dragon Tomb Army is just a idler, if you work hard, you can cultivate beside the Heavenly Blood Hell.

This was more or less the same as what the three Dragon Emperor s said. They wanted Long Chen to become one with them, and there was no need to do anything at all.

The two of them went deeper and deeper.

Long Chen asked: "Why are you called Long Mu Bing?"

Meng Qingqiu was stunned. "You guessed it?" Haha, in truth it is not a secret, if the Dragon Tomb Army is only protecting the Heavenly Blood Hell, it would be impossible for them to have a status comparable to the Blood Dragon Army. The Heavenly Blood Hell was just conveniently guarding this place. Of course, the killing of the Dragon Tomb has basically never happened, so we are very free. "

Long Chen nodded.

As expected, his guess was correct.

It had something to do with the slaughter of the dragon tomb.

As for the Slaughter Dragon Tomb, it was where Long Qinglan had obtained the Primordial Blood Spirit Dragon's Inherited Blood Essence.

"The Tomb of the Dragon Slayer is right next to the Heavenly Blood Hell?"

Long Chen asked curiously.

"You don't need to know. It's useless even if you do. Actually, I don't know either. Haha! Only the top rankers, with at least seven star tribulation of reincarnation, can be buried in the Slaughter Dragon Tomb after their deaths. Each dragon curtain is the most mysterious place in the Five Dragon Cities, and only after their death can they reach that place. I heard that your father once charged in. Haha, your father is such an awesome person. There's no one in this world that can stop him.

Meng Qingqiu chuckled, the flesh on his face twitching.

After walking stealthily for about an hour in this endless sea of blood, Long Chen finally reached the bottom.

As far as the eye could see, there were only corpses.

This scene was undoubtedly quite shocking.

The endless corpse aura suffused the air, giving Long Chen a terrifying feeling.

There were behemoths, humans, and other strange races. There were even countless corpses of unknown creatures, forming a sea with countless confused ancient beast souls running around on them.

"Don't ask me, I don't know where these corpses came from either." Meng Qingqiu chuckled.

Instead of looking at the corpses, he looked down instead, and a hole opened up in the sea of corpses beneath his feet. It was a deep pit, like a bottomless pit, and the sea of blood could not enter through it.

"The Heavenly Blood Hell is right below us."

Long Chen quickly followed him. After walking out of the sea of blood, he entered the blood colored cave. Upon looking down, he realized that the cave was actually very spacious, even if he had turned into a divine dragon, he would still be able to walk through it.

The further in he went, the bigger the space became.

In the blink of an eye, it seemed as if there was a huge world inside. Long Chen felt that the depths of this blood ocean was hiding complicated veins and veins, as though a person's body's complicated meridians and blood vessels were connected to each other in all directions.

This was Heavenly Blood Hell.

Wherever he went, a bloody mist surrounded him, making it impossible to see anything too far.

Long Chen travelled through the gigantic blood colored vein. This meridian was extremely large, and one could faintly see a divine dragon travelling through it. There wasn't even a problem with fighting.

"This looks like the body of some kind of creature, doesn't it? That's what I thought when I first came here. If these channels are blood vessels, then the Heavenly Blood Hell is their organs? There are more than a dozen of Heavenly Blood Hell here. Let me bring you to the prison area, and I will go with the other two lieutenants to the Heavenly Blood Hell. You will be staying there in the future. "

"Yes."

Long Chen looked around curiously.

This place was truly strange, to the point that it made one's hair stand on end.

Furthermore, with Meng Qingqiu leading the way, Long Chen would never be able to get around to the Heavenly Blood Hell.

After travelling for some time, and meeting many Dragon Fighters of the Dragon Tomb Army, Long Chen finally arrived at the Heavenly Blood Hell.

This Heavenly Blood Hell, number nine.

"We call this place Heaven Blood Hell # 9."

Long Chen lifted his head and saw a blood-colored door appear on the passageway in front of him. There seemed to be a huge space inside the door, and Long Chen rushed over, when he stood by the door, he saw that there was an incomparably huge and vast world inside. It was a blood-colored world, and there were at least a few thousand divine dragons swimming, patrolling, and playing within it.

They were all using Divine Dragon Bodies to travel around the world, but there was still a lot of room.

He had never thought that there would be such a large place beneath Dragon City.

However, the thing that attracted his attention the most was not the size of the space, but the huge blood ball in the middle of it.

It was a sphere of blood that looked more like a blood heart. Blue veins could be seen popping out of it, making it look even more sinister. Most importantly, the ball of blood was violently bouncing up and down. The sea of blood on it was boiling, and most frighteningly, there were tens of thousands of eyes blinking on it. It was a very frightening sight.

"That's not an eye, that blood ball is a blood hell. Every eye on it is a prison and the criminals trapped there are suffering terrible pain. Only when the time comes can they be released. There are ten thousand cells on this blood ball, and around five thousand prisoners. "

The thing that looked like a blood ball's eye was actually a prison.

Although Meng Qingqiu had explained it clearly, Long Chen still felt a chill down his spine when he saw that the tens of thousands of huge eyes from the Heaven Blood Hell were staring at him.

gurgling

On the ball of blood, the sea of blood rolled and the position of the eye constantly changed.

Thousands of divine dragons were swimming around the blood sphere.

Meng Qingqiu walked in first and shouted, "Bastards of the ninth level of the Heavenly Blood Hell, get the hell over here! You have faith in me!"

Just as he finished speaking, thousands of divine dragons stopped what they were doing and looked over.

Chapter 2105 - Wang Liang

The Four Symbols tribulation of reincarnation was already the elite level of the Slaughter Dragon City. Only by reaching this realm could they join the Blood Dragon Army and the Dragon Tomb Army.

And the thousands of divine dragons present, were all above the Four Symbols tribulation of reincarnation, there were even many experts of the five elements tribulation of reincarnation. If it was outside 72 - The Ancient City of God's descendants, these tyrannical Dragon Fighter would definitely be famous figures, and would be much stronger than that whatever Radiant Shencheng's Sheng Lun. However, in this Heavenly Blood Hell, they were still not outstanding.

However, when the thousands of divine dragons focused their eyes on him at the same time, they did feel a bit pressured. Of course, Long Chen had already defeated the divine dragon of the Six Paths of Samsara, and was now above most of them.

These thousands of people were under the command of the three lieutenants, protecting the blood ball in front of them.

As for the heads of the three lieutenants, the General Long Mu, basically did not appear in their line of sight. Perhaps they were the real guardians of the dragon tomb.

Meng Qingqiu laughed heartily as she brought Long Chen and blended into the crowd.

The thousands of divine dragons turned into humanoid forms and surrounded Long Chen, sizing him up.

"Greetings, Lieutenant Meng!"

Everyone said in unison.

Meng Qingqiu waved his hand and pushed Long Chen in front of him, saying loudly, "From today onwards, this little guy will be a member of the Dragon Tomb Army. Everyone take care of each other. If anyone dares to bully him, don't blame me for being rude. "

Everyone immediately understood, looking at Long Chen's realm, it was just a One Yuan Calamity, this was basically the young dragon of the young dragon palace, but he actually appeared here, which meant that Long Chen definitely had some background, and was sent to the Dragon Tomb Army to study. The Dragon Tomb Army was the most relaxed, thus many experts brought their own descendants, or disciples who were very proud of themselves, here.

"That's enough, Lieutenant Meng. We will definitely take good care of him."

"That's right, it's rare for our little brother to come over, why would we bully him?"

Everyone burst out in laughter.

"Shut your dog mouths!"

Meng Qingqiu swore and waved his hand. "All of you, scram to patrol and cultivate. I'll inspect you guys one by one when I get back. If anyone doesn't improve, kneel on the ground for three days and three nights before speaking!"

Hearing these words, everyone quieted down and quickly left.

"Looks like the atmosphere here is quite good. There shouldn't be anyone causing trouble."

To Long Chen, this was a good thing. He hated it when others provoked him.

"Right, Lieutenant Meng, what's this kid's name?"

Several other strong warriors stayed behind.

Meng Qingqiu scratched his head and laughed, "I think he's called Long Chen? "Haha!"

After the people here saw him, they actually did not recognize him.

From this, Long Chen guessed that it would be very difficult for the Dragon Tomb Army to leave this Heavenly Blood Hell, so the information was kept secret. During the battle between Long Chen and Jiang Ming, they had not seen the battle, nor had they seen's appearance.

This saved him a lot of trouble.

If others knew that he was the son of the Eternal Dragon Emperor, it would definitely be a lot of trouble.

"Long Chen?" Hearing this name, the dozen or so people tilted their heads and thought for a moment, then said: "It seems to have the same name as that Eternal Dragon Emperor's son. Could it be him? Impossible, why would he come here? Furthermore, I heard that he was able to defeat Jiang Ming, and that Jiang Ming was a Dragon Fighter of the One Yuan Tribulation. "

They quickly denied it.

"You're right, it's just with the same name. Alright, I'll find him a place to go."

The remaining people quickly dispersed. They naturally believed Meng Qingqiu's words and thought that it was only because of their name. After all, there were too many people who had the same name as Long Chen.

"Is your Brother Qiu a good person?" "Haha, this way you can save yourself a lot of trouble!"

Meng Qingqiu chuckled.

"Thank you, Brother Qiu." Long Chen was indeed very grateful to him.

If his identity was revealed, there would be people coming to challenge him every day. That would not be peaceful at all.

Buzz! Buzz!

Suddenly, Long Chen felt a little uncomfortable.

When he turned around to look, he saw that the gigantic ball of blood was wiggling. More than ten thousand eyes were rolling around on it. There seemed to be wails coming from within.

gurgling

There were five thousand prisoners trapped inside the blood ball.

"Don't worry about it."

Meng Qingqiu reminded him.

"Yes."

Long Chen nodded.

Many palaces had been built around this bloody hell, and many of them were training rooms. This was where the Long's Tomb Army usually resided.

"I don't often stay here for business. Find someone to keep you company."

Soon, Meng Qingqiu stopped in one of the training rooms.

He did not knock on the door and brought Long Chen in, and said straightforwardly: "You will stay here from now on. Don't leave Heavenly Blood Hell if there's nothing else. "Wang Liang, get out here for me!"

With that, he headed deeper into the cultivation room.

At this moment, a warrior hurriedly ran out from the inside. Upon seeing Meng Qingqiu, he half knelt on the ground and said with a slight tremble, "Wang Liang greets Lieutenant Meng!"

Long Chen looked down, to his surprise, it was an old man. He looked quite old, but in terms of innate talent, he should be at the bottom level in the Dragon Slayer City. One of his ages looked like he wasn't too far away from death, he was only at the early stages of the Four Symbols tribulation of reincarnation. It could be considered quite ordinary.

Standing in front of Meng Qingqiu, the tall and sturdy man, the old man looked extremely pitiful.

"Get up, this is Long Chen, he has just joined the Dragon Tomb Army. From now on, you have to take care of him. While we're at it, we should tell him some of the daily rules of the Dragon Tomb Army. "

Meng Qingqiu ordered arrogantly.

Wang Liang trembled as he raised his head to look at Long Chen. His murky eyes trembled a little as he nodded immediately. "Yes, Lieutenant Meng. I will take good care of him."

"Fuck you, not taking care of him. He doesn't need your care, just be an old servant." Meng Qingqiu kicked him.

He didn't know why, but Long Chen suddenly felt that the current Meng Qingqiu was a stranger. Honestly speaking, he had a very good impression of this half-naked man, but this time, Meng Qingqiu was merciless.

But when he thought about it, this Wang Liang was his subordinate. Although he was an old man, he shouldn't have any problems scaring him.

Wang Liang hurriedly said, "Yes, yes. I will definitely do my best."

"Then that's good."

When Meng Qingqiu looked at Long Chen, he immediately said with a face full of smiles, "Alright Long Chen, I'll be leaving first. Just ask this old fellow if you have any questions. Recently, I have been trying to break through to higher realms. It's as if nothing big has happened and I haven't appeared.

"Goodbye."

Long Chen did not say much and cupped his hands towards him.

Meng Qingqiu took out a greasy roasted chicken and ate it as she walked. With a sizzling sound, it disappeared from Long Chen's sight.

Wang Liang waited for Meng Qingqiu to leave before standing up. He was a very ordinary old man. His hair was a bit messy, and his eyes were also a bit dim. It seemed like he didn't have much time left.

He looked at Long Chen nervously.

Long Chen immediately said: "Uncle, my name is Long Chen, you can call me by my name. I have just arrived here, please take care of me, as for the things that Lieutenant Meng said, you don't need to bother with me. I am not some spoiled young master, I hope that we can get along well in the future."

Hearing Long Chen speak with such sincerity, Wang Liang finally heaved a sigh of relief. He looked at Long Chen with some curiosity and said: "Long Chen, although you have an influential background, you don't have any airs of arrogance. It's so good, I was worried that I wouldn't serve you well and get killed by Lieutenant Meng."

Long Chen rolled his eyes and asked: "You mean, Lieutenant Meng is bloodthirsty?"

"No, no!"

Wang Liang was frightened. He hurriedly shook his head and said, "I definitely didn't mean that. Lieutenant Meng is usually very good to us." I've been in this Heavenly Blood Hell for thousands of years. "Oh right, you have just arrived here, so you don't understand a lot of things. Should I tell you more about it?"

Long Chen shook his head and laughed: "No need, I just need a place to cultivate. I basically won't come out."

"Oh, oh. "Then follow me."

Wang Liang's stooped body walked in front of Long Chen.

This old man's body was rapidly aging, and it should be difficult for him to exert the strength of the Four Symbols tribulation of reincarnation now.

"Wang Liang, is your next tribulation coming soon?"

Long Chen saw that he was also from the Dragon Tomb Army, he did not know what to call him, but it was rather awkward calling him uncle, so he directly called him by name.

Wang Liang hesitated for a moment, then said aloofly: "That's right, I don't have any talent for cultivation, I stayed in the Four Symbols tribulation of reincarnation for three thousand years, and obtained the secret technique to extend the rebirth calamity, but three thousand years is my limit, I haven't even reached the late stage of the Samsara, and I still have a month's time, and will be sent out of here, and then die forever!"

There was a helpless look on old man's face as he shook his head: "Life is just like this. No matter how glorious or glorious you are, in the end you will be nothing but a pile of dirt. Death is the best way to get rid of you." Anyway, I got over it. "

The old man embarrassedly smiled: "Sorry, I accidentally said too much. I am also a dead man. I hope you don't blame me. You should cultivate here from now on." To be able to join the Dragon Tomb Army at such a young age, your future is truly limitless. "

"Yes."

Long Chen thanked him and entered the cultivation room.

"If you have any orders, just call for me. It's useless for me to cultivate now. I have plenty of time."

As he spoke, he trembled as he left the place.

Long Chen sat cross legged on the ground, and closed his eyes.

For some reason, the image of tens of thousands of eyes on the blood ball from the Heavenly Blood Hell was still echoing in his mind. He could not shake it off no matter how hard he tried.

When he opened his eyes, the surroundings were blood-red, but that color quickly disappeared.

The ground actually felt like it was floating.

"Heavenly Blood Hell!"

To be honest, it was a little strange.

What he didn't know was that when Meng Qingqiu left, a man and a woman were already waiting for him. The three of them walked along as they talked.

The woman said, "Meng Qingqiu, is there something wrong with your head? This son of the Eternal Dragon Emperor, why are you trying to please him? "

Chapter 2106 - The Beautiful Person Attacks

A general of the Dragon's Tomb who controlled a Heavenly Blood Hell and had three lieutenants beneath him.

The lieutenant's power was basically at the late stage of the Six Paths of Reincarnation, just enough to suppress Long Chen. This was also the reason why the three Dragon Emperors had placed Long Chen here. Must definitely impose a certain restriction on Long Chen.

Other than Meng Qingqiu, there were only three lieutenants. There was also Feng Zhu and Ye Yushi.

The candle was the thin man in the earthen yellow robe who stood in front of Meng Qingqiu. The candle flame blazed in his eyes. Ye Yushi, on the other hand, was the woman who had spoken earlier.

Faced with the questioning of Ye Yushi and Feng Jianxue, Meng Qingqiu smiled and said, "Why can't I please him?"

Ye Yushi said angrily, "No! Absolutely not! You have no idea how arrogant this guy is. Defeating Jiang Ming in the Dragon Slayer City and defeating a martial artist from the Six Paths of Samsara in the outside world, he is incomparable to us now. But what was the purpose of us bringing him to Dragon Slayer City? That's right, they were imprisoning him, suppressing him! "Since we are imprisoning him, how can we treat him as someone who is having such a good time? Are we really here to cultivate in peace?"

His son is definitely not some good thing, and is more likely a conspiracy of Long Qinglan. If we do not suppress him today, it will definitely cause a great disaster for us humans in the future. If that's not the case, the trash of 72 - The Ancient City of God's descendants will not be able to suppress him.

Meng Qingqiu was still enjoying himself as he laughed, "You two, do whatever you want. I am only following orders, and the higher-ups want me to save them a lot of trouble. How can I go against them?"

Hearing this, Feng Zhu and Ye Yushi looked at each other.

Ye Yushi said, "That's impossible. You must have misunderstood. It's not like there are no more troubles." Anyway, I can't stand for this guy to run rampant here. How many people in Dragon City want to teach him a lesson? Now that he's in our hands, if we don't do anything, we won't be able to see anyone after we leave! "

"Do whatever you want, haha!"

Meng Qingqiu let out a laugh, put his hands behind his back, and swaggered away.

Feng Zhu and Ye Yushi looked at each other, their faces filled with suspicion.

"What the hell is this old fox doing?"

Ye Yushi raised her head and said.

"Little sister Shi, he is just like that, making people feel disgusted. He hasn't changed for many years. Alright, I have a way to show him my might. "I reckon the reason the higher-ups brought him here is to imprison him and torture him so that he can never go out. That fool Meng Qingqiu won't understand."

"Tell me, what is your method?"

Ye Yushi asked with great interest.

Long Chen began to live a peaceful life of cultivation.

Before this, he contacted Ling Xi and told her about her current situation.

Ling Xi was also working hard to finish fusing with the stellar nucleus as soon as possible and become the Star Lord of the resplendent star.

Then there was nothing else.

He and Wang Liang had very little interaction. That old man would wander around every day, his eyes filled with confusion as he cherished his last moments.

After a while, Long Chen finally forgot about the blood ball that was filled with eyes.

The floating feeling on the ground also disappeared.

Although he had just reached the late stage, he did not expect that he would have to undergo the second stage tribulation for too long. Even if he did not cultivate now, the speed at which he was growing far surpassed that of the others.

Two days later.

"Long Long Chen, someone is looking for you."

Wang Liang quickly walked in and said this at the door.

Long Chen had actually already sensed it.

During his time of cultivation, the Dragon Tomb Army outside would often laugh at him. They had been staying here all year round, so it was hard for them to leave, so they had many ways to kill time. Even more so, thousands of people were playing around the blood balls, laughing loudly, shouting loudly, and arguing between men and women.

Of course, Long Chen would not be affected by such noise.

Everyone in the Heavenly Blood Hell was like this.

But who would come looking for him?

His identity hasn't been revealed yet.

Long Chen stood up and thanked Wang Liang, then walked out. When he arrived at the door, there were two people sweetly walking towards him, and looking carefully, Long Chen saw that they were two elegant and refined women with devilish body, wearing tight black leather clothes, outlining their perfect curves. They were extremely sexy and tempting, no matter if it was appearance, character, or expression, they were all the same, and looked like twins.

Both of their eyes blinked as they sized Long Chen up. They were very hot, and just as they walked up, they grabbed onto Long Chen's arms from left and right, pressing their full and flexible peaks onto Long Chen's arms. In a soft and seductive voice, one on the left and one on the right, they said to Long Chen: "Your name is Long Chen, right? I heard it was new. I'm Feng Xue, just call me Sister Xue. "

The other laughed tenderly: "My name is Feng Yu, you can just call me big sister Yu. Little brother Long Chen, you have just arrived in the Heavenly Blood Hell, how can you be cooped up in here training? Let the two sisters take you out to play? You have to make some friends as soon as possible. "

The two of them were both very sexy and sweet, their exhalations were like orchids, their voices made people numb, their bodies that were twisting like water snakes were filled with an endless amount of enticement. Facing their enthusiasm, Long Chen found it hard to accept, and with Li Xuanji staring at them, he immediately tried to pull his arms out of the two sisters' embrace in a more polite manner, but the other party seemed to be hugging extremely tightly!

"Pah!"

Feng Xue lightly patted his butt, and smiled: "Little brother, don't be shy with us sisters, let's go, the older sisters will take you out to play. From today on, you will definitely not want to come back, you will definitely not think about your own safety."

You can't go too far. After all, we are also girls, so we personally came here to play with you. If you don't agree to our request, then you don't give us any face.

They smiled sweetly as they used their full strength to hold onto Long Chen and push him out of the room. Long Chen was helpless, he tried his best to struggle free.

The two girls were not the least bit displeased. Instead, they smiled and said, "Look, you're actually shy. You said that we wouldn't eat you."

"Just come with us. Since you've just arrived, let us entertain you for a while before we introduce you to everyone. It's not good to keep you locked up for cultivation. You won't have any friends."

They walked on, laughing.

Long Chen originally did not want to go out, but under the two's pestering, he had no other choice. The other party only wanted to entertain him for a while, and after a bit of time, he nodded: "If that's the case, then I'll thank the two big sisters."

"That's enough, don't be shy. Men have to be more daring. Come with us sisters."

The two of them twisted their sexy bodies and walked beside Long Chen from the left and right.

"Aiyo, isn't this Long Chen who just came in? Why is she together with you two sisters?"

From time to time, a divine dragon would rush over and shout in surprise.

Feng Xue laughed and scolded: "Can't you? We'll get to know him well, and introduce him to you guys another day. We'll play together. "

"Alright."

Along the way, there were quite a few divine dragons looking over. The environment here was indeed very relaxed. There wasn't much pressure, and there wasn't much to do. Thus, most of the time, they would just pass the time.

Long Chen gradually blended into the crowd along the way with their help. After all, no one knew of his identity, and Meng Qingqiu had also told him about it, so no one would have any ill intentions towards him.

"Where are you two taking me?"

Long Chen asked.

"Of course it's our home. We've already prepared something to welcome you. That's a top-grade archaic immortal spirit. After several hundred years of brewing fine wine, to the mortals of the lower realms, just a single drop is enough to revive them." The most important thing is that the taste is pretty good. Only our favorite customers will be brought out. "

Feng Yu blinked his enticing eyes and said sweetly.

"We're here."

Instantly, Long Chen was pulled into one of the palaces. This was probably where the two sisters normally lived.

"Sit down."

Long Chen was pressed down on the shoulder and sat on the seat.

The surroundings were filled with a fragrant and spicy enticement. There was no blood color of the Heavenly Blood Hell, but instead a charming and enchanting pink, causing one to feel intoxicated. This place was called 'Gentle Village', but it was actually more or less the same.

"The good stuff is here."

The two of them busied themselves for a while, preparing a cup of pink liquid for Long Chen.

"Try it."

Feng Xue lightly licked her lips as she spoke.

The other party was not very familiar with them, so it was better not to touch their things. He said:
"Sisters, I think it's better if I don't drink it, if not everyone will drink it together, if I were to be alone, it would be too boring."

Feng Xue and Xiao looked at each other.

They started to use force, and even stuck to him, tempting his limbs, and unintentionally angering Long Chen. But no matter what, Long Chen would not easily drink it, the more the other party got entangled with it, the more he knew that there was a problem with the thing.

They were furious.

"You truly are an unfathomable piece of wood. This is a cup of joyous water. Don't you understand what we sisters mean?"

Feng Yu said angrily.

"What?" Long Chen stood up.

The two sisters looked at each other, smiled coquettishly, took a step forward, hooked their arms around Long Chen's shoulders, and brought their tender lips close to Long Chen's face. They charmingly said: "What we mean is, we want you and us sisters to go to Wu Mountain together, and enjoy yourself as much as we want!"

Chapter 2107 - framing

Long Chen was shocked.

'They want to meet me for the first time? '

This kind of promise could never be given, not to mention that Li Xuanji was still in the Divine Kingdom. He definitely could not let himself fall at this moment. Her expression changed as she quickly moved, distancing herself from them.

"You two sisters must be joking with me, right?"

Long Chen said vigilantly.

"Who's joking with you. You unromantic fellow. If we really had to use force, would you be willing to admit defeat?"

The two sisters spoke at almost the same time. At this time, they actually made their move, and directly entangled Long Chen. The strength of these two was basically at the late stage of the Four Symbols tribulation of reincarnation, they were simply not a match for Long Chen.

However, what made this difficult for Long Chen was that they were truly too hot. When they made a move, the tight leather clothes on their bodies were actually torn apart continuously, leaving only pink undergarments covering those plump breasts. Their pale white skin and perfectly round thighs were all in his view, and their every move was extremely coquettish, filled with endless temptation.

"Little brother, if you don't feed the two sisters today, then don't think about escaping."

"Don't worry, we will be very gentle."

They surrounded Long Chen and laughed. Their surroundings were full of ass waves, full of shock ...

However, Long Chen felt that something was amiss, these two were just too passionate, so it was a little fake. Although their bodies were good, they did not seem like they were playful people.

"I still have things to do, so I won't keep you two company."

Long Chen did not speak further, and directly rushed to the door.

Their expressions changed, and the two of them bellowed as they raised their white arms. They actually made a move and charged towards Long Chen, with their fox tails revealed. They did not show any mercy when they attacked.

Long Chen's gaze turned cold.

"Are we going to fight? "Then I won't be polite!"

In a narrow space like this, the Four Divisions tribulation of reincarnation and above were already tyrannical enough. In a single battle, the surrounding buildings started to collapse one after another, creating huge sounds. Long Chen's current strength could completely crush them in a split-second, so these two people were knocked down by Long Chen.

Long Chen did not injure them.

He was curious, what was the purpose of these two?

Soon, he understood.

In this battle, these two women had deliberately destroyed the surrounding area, turning the entire place into a mess, and made huge sounds. When the entire place completely collapsed and Long Chen had defeated them, there were actually over a thousand Dragon Fighters in the surroundings who had come to watch!

In an instant, more and more Divine Dragons rushed over.

Long Chen was standing, while the two women were dressed in very little clothing, revealing a large area of snow-white skin. The two of them had already been controlled, turning green and purple, and as the spring broke out, the two of them looked pitifully at the crowd with eyes filled with tears.

"Hurry and save us, this guy is actually trying to invade us!"

"Who's come to save us sisters?"

The two of them huddled together, holding tears in their eyes as they distanced themselves from Long Chen. Their acting skills made Long Chen stunned. Didn't they not know his true identity? Why did he have to scam me?

"This is too outrageous!"

Immediately, some strong warriors came forward and helped the two sisters up, then helped them put on their clothes. The beautiful faces of the two girls paled, their faces full of panic, and their chests rose and fell as they said: "Everyone, you must seek justice for us, ah. We brought him to know everyone with good intentions, but he relied on his background and violated us! "Good thing everyone got here in time!"

When everyone saw this, their hearts ached. The evidence was conclusive, and almost everyone looked at Long Chen with an angry expression, everyone knew that Long Chen most likely had a huge background, even those who relied on his background and other people's background, had long known that Long Chen was definitely someone with a huge background, according to Meng Qingqiu's introduction!

Everyone surrounded Long Chen with cold faces.

"We must punish him, or else he will do all sorts of evil things to us. He thinks that the Dragon Tomb Army is a place where he can act recklessly!"

"You're right, the Long Tomb Army has their own military rules, but he's actually one of them. We have to abide by those rules."

The crowd shouted with flushed faces.

Compared to Long Chen, they definitely believed the words of the two sisters more. After all, they were their own people.

Long Chen could not help but laugh bitterly.

Who would have thought that after coming to this bloody hell, he would encounter such a low level false accusation? What was even more laughable was that he had actually been tricked.

What he was more curious about was, since the people here did not know his identity, why did they muster up such a large force to frame him? Could it be for fun?

If it was a false accusation, then the person behind the curtain should also be appearing.

Just as the crowd was in full fury and was deciding who should punish Long Chen, someone suddenly charged into the crowd and coldly asked, "What are you all gathered here for?"

Everyone looked at him and bowed, "This subordinate pays his respects to Lieutenant Feng, Lieutenant Ye."

The ones who came were a skinny middle-aged man and a woman. The woman wore a blood-red military armor. She was extremely mighty and had an imposing aura to her.

The two of them had an imposing aura, almost the same as Meng Qingqiu, far surpassing the people around them. According to what the crowd called them, Long Chen knew that these two were the other two of the three lieutenants from the Heavenly Blood Hell.

Feng Zhu and Ye Yushi.

They should know his identity, so they framed him and punished him for it?

Feng Xue and Feng Yu felt wronged, they cried as they asked Ye Yushi about how they were almost taken over by Long Chen, their voices were lively and seemed to be telling the truth. After they finished speaking, the soldiers of the Dragon Tomb Army were even more furious!

"A popinjay!" "Damn it!"

After hearing what she had to say, as a woman, Ye Yushi was naturally the first to go berserk. Her eyes were ice-cold as she berated with a bone-chilling voice, "Your name is Long Chen, right? Was it Lieutenant Meng who brought him here? I heard that you have some background in the Slaughter Dragon City? "

Long Chen could not help but laugh. In front of this battle formation, he was not in a hurry and said: "Lieutenant Ye, what is the ultimate purpose of designing this show? Just tell me straight, I don't like taking turns. "

Everyone was baffled by what they heard.

Ye Yushi was furious, pointed at Long Chen and said, "I, Ye Yushi, hate people like you the most! But I want to tell you, this is the Dragon Tomb Army, not your home. There is military discipline here, you have violated military discipline, you have violated other people's laws, and if the situation is serious, you deserve to be executed, but considering the fact that you are the first offender, I can let you live, but you can avoid death, you cannot escape death! "

Ye Yushi's words immediately caused everyone to cheer, they looked at Long Chen with extreme disdain, and wished that they could tear him apart. Ye Yushi despised the powerful and did not fear the strong punishing Long Chen, and it immediately resonated with them.

The other party's incomparably nervous performance caused Long Chen to be extremely shocked. He did not know if he should shout 'My father is this, this is certain, you absolutely cannot touch me' to cooperate with the other party. This kind of obvious accusation was actually extremely clumsy, but under the suppression of Ye Yushi and Feng Zhu's extremely authoritative statuses, the false must become true. Long Chen only had one family's words, no matter how much he said, it would just be a sophistry.

Looking around, the surroundings were filled with angry glares, full of disdain and disdain. In their eyes, Long Chen was just a useless person.

This feeling of being framed

Long Chen actually wasn't that big of a deal. Since the main character had appeared, what was their goal? Seeing how enraged Ye Yushi was right now, he reckoned that she wanted to properly teach him a lesson. He clearly knew that because of Long Qinglan's status, there were many people in the Five Dragon Cities who wanted to teach him a lesson.

The deep-rooted hatred they had for Long Qinglan was not something that they could eradicate immediately. Under such circumstances, it was difficult for people who knew their own identities to not feel enmity towards them. He understood this even before he came to the Dragon God Domain.

Therefore, he was here to fight back. His goal was to make all those who wanted to torture him feel respect, and even fear for him!

It was at this time that the other lieutenant said: "Long Chen has just arrived and has no respect for the law. He has committed such a grave mistake and needs to be dealt with severely with with military discipline in order to express our attitude and at the same time, make him change the course of events. Ordinary punishments cannot convince him, so I suggest locking him up in the Heavenly Blood Hell for ten days. What do you think about it, Lieutenant Ye? "

Heavenly Blood Hell!

Everyone was startled at first, and swallowed their saliva. They never thought that these two lieutenants would give Long Chen such a severe punishment.

Ye Yushi sneered and said, "How can ten days be enough? How could he repent after ten days? Let him be obedient in the future? I think it will take twenty days! "

They felt that Ye Yushi was right and if they did not erase Long Chen's arrogant attitude, he would definitely not accept it. The other punishments were completely ineffective, and the only way was to let him enter the Heavenly Blood Hell!

That way, he could truly repent!

The crowd went crazy. Although the punishment was heavy, they were still supportive of this kind of good-for-nothing attitude. The most important thing was that if the higher-ups blamed them, they would not be punished above their heads.

The final decision was to lock Long Chen up in the Heavenly Blood Hell for ten days.

"Ten days!"

Everyone could not help but feel their mouths going dry as they looked at Long Chen with eyes filled with pity. Ten days, that was really too miserable.

One had to know that the 'Heavenly Blood Hell' of the prisoners area was a completely different matter from the one in the 'confinement area'. The 'Heavenly Blood Hell' of the prisoners area would be in even more pain than the 'confinement area' for a day.

Long Chen was equivalent to being locked up for ten years

Chapter 2108 - Ten Days of Imprisoning

"Alright, just close it for ten days. I'll let you properly reflect on it. Don't worry, it's no big deal." Someone in the Reflection Chamber has made a mistake. He was locked up for more than ten years, hundreds of years, or even thousands of years. "

Ye Yushi said indifferently.

Everyone was startled. This was obviously deceiving Long Chen, ah. Everyone knew the difference between a confinement area and a prison area, but it seemed like Long Chen had just arrived and wasn't very clear.

Long Chen was very curious, where was Meng Qingqiu?

Such a thing had happened here. Meng Qingqiu was an expert, and as one of the three lieutenants, it was impossible for him not to know of it. Yet, he had not come to help him.

Sure enough, this wasn't a trustworthy person. He was even more difficult to deal with than someone like Ye Yushi, who was straightforward.

As for staying in the Heavenly Blood Hell for ten days ...

Long Chen turned his head and saw tens of thousands of eyes, looking like a blood ball from a living creature, it was truly a creepy feeling, Long Chen knew that these ten days would definitely be extremely terrifying for him, but of course, he was not afraid. If he wanted to fight back, even if Ye Yushi and the others had higher cultivation than him, as long as he used Time Traversing Dragon, they would not be able to do anything to him.

Just resisting them would inevitably be another troublesome matter.

He wondered what he was going to do.

"Alright, that's the decision. Men, send him to the Heavenly Blood Hell for me. No, that's not right.

Before she even reached him, she had already suppressed Long Chen with her Qi, preventing him from escaping. This time, she had done a lot of work, and used a scheme to frame the son of the Eternal Dragon Emperor, only then did she get the chance to vent her anger. Naturally, she would not let Long Chen escape at this time.

"Humph!" The son of an ancient sinner can also attract attention in my Dragon City. This is truly infuriating. No one outside dares to touch you, but how can I, Ye Yushi, let you live a comfortable life?

Drip, drip, drip!

When Ye Yushi attacked, Long Chen seemed to have heard the rolling sound of the blood ball once again. When he turned his head to look, it was as if tens of thousands of eyes were still looking at him.

This idea was undoubtedly quite bold.

However, if he wanted to make a move, now was the right time to do so.

To be honest, Long Chen naturally understood just how terrifying his three-level Ancestral Dragon Bloodline was. Even if it was the terrifying Heavenly Blood Hell, they might not be able to do anything to

him. If Ye Yushi and the others tried to use this Heavenly Blood Hell to punish him, it was unknown whether or not they could achieve their goal.

"He deserved it!"

"You've only just arrived at the Dragon Tomb Army, and yet you dare to make a move on a woman? This is simply too arrogant! Serves you right for being locked up in the Heavenly Blood Hell."

Everyone looked at Long Chen with scornful eyes, and continued to curse him.

Meng Qingqiu, who had been protecting Long Chen, did not appear.

"Come with me!"

She had originally wanted Long Chen to bleed, but to her surprise, she discovered that the terrifying power of six cycles of reincarnation on her body could easily shatter a ten thousand meter tall mountain, but it was actually unable to move Long Chen's arms.

Her gaze towards Long Chen became even more disgusted.

"It must be the power that the sinners have brought him! "A guy who is taking advantage of the situation!"

She was even more unwilling towards someone who was born to be a genius and had cultivated for many years before achieving her current level. Of course she didn't know how Long Chen had managed to climb from the bottom level all the way to now.

"Let's go!"

She twisted Long Chen's arm, using all her strength to pull Long Chen, and headed towards Heavenly Blood Hell.

Behind him, the wind candle revealed a knowing smile.

Everyone cheered and rejoiced.

From their point of view, Long Chen had actually been scared senseless, because from the beginning to end, he did not react, and did not even have the strength to resist.

"Should I go in and see what's going on?"

In reality, Long Chen did not put this accusation in his eyes at all. He was considering whether he should take this opportunity to go in and see. As he watched the Heavenly Blood Hell getting closer and closer, his thoughts grew more and more intense.

"If I don't go today, there will be a day when I will still go in. With this item alone, it still won't scare me."

He had always been bold, but now that he had this idea, he decided to take this opportunity to enter. After making a decision, he relaxed.

Ye Yushi proudly smiled and pulled him along.

Suddenly, she saw Long Chen's confused expression earlier become very relaxed.

"As expected, this guy doesn't know how terrifying Heavenly Blood Hell is."

Ye Yushi sneered in her heart.

Long Chen glanced at her a few times, then suddenly said: "You are much more sexy than those two girls just now, and you are also of a much higher class. If I use you to seduce me and fill my eyes with happiness, in truth, imprisoning me for a year is nothing out of the ordinary."

"Ugh ..."

Ever since Ye Yushi had become a lieutenant, no one had dared to say such bold and frivolous words to her. Her pink-white face instantly turned green, and using force in pinching Long Chen's hand, she pulled Long Chen over. Gritting her teeth, she shouted angrily, "Brat, what did you say! Do you want to die!?"

Long Chen laughed dryly.

Seeing that he was still unafraid, Ye Yushi sneered and said, "Soon you will know what is tragic. Ten days, hmph, if you can endure it, and if you are not scared, when you come out, I will call you grandpa!"

Long Chen laughed involuntarily, and said: "You're the one who said that! Everyone, do you hear me clearly? If I return safely in ten days, Lieutenant Ye will have to call me Grandfather."

Of course the crowd heard his words, they also heard his deranged attitude towards Ye Yushi, and being unwilling to give up caused them to feel even more disgusted, they sneered, and Long Chen would soon realize the pain he was in.

In the blink of an eye, Long Chen stood next to the blood ball.

Ye Yushi pressed him down here.

Long Chen looked at the colossus in front of him with shock. When the ball of blood approached him, it looked more like a meatball, extremely disgusting, every eye on it had an entrance to the prison. It was extremely scary, and an ancient and terrifying aura assaulted his face, causing him to feel an urge to retch.

Under her control, the eye in front of her began to melt, revealing one of the gates to the Heaven Blood Hell. Long Chen looked inside, and saw that it was filled with a bloody mist, and a foul stench assaulted his nose, causing it to be unable to be dispelled when it touched his body. Although it was just a glance, the interior was filled with a disgusting reddish-green liquid. It was like the pus of an insect, making one feel extremely disgusted and even Ye Yushi's face couldn't help but twitch. To be honest, even she didn't dare to stay here for even a quarter of an hour!

She looked at Long Chen coldly, held onto Long Chen's arm, and laughed complacently: "Your end is here!"

After she finished speaking, she was about to throw Long Chen towards the depths of Heavenly Blood Hell in front of everyone's eyes.

Right at this moment, Long Chen suddenly used the Time Traversing Dragon, his entire body disappearing from Ye Yushi's sight, he moved extremely quickly, and once again appeared beside Ye

Yushi. It was just that at this time, he had already held onto Ye Yushi's blood red armor, and suddenly tore it apart.

Everyone was scared witless as they looked at the beautiful figure in the distance ...

It was magnificent, pure white like snow, and incomparably majestic. It trembled lightly.

When everyone, including Ye Yushi herself, was scared silly, Long Chen's hands had already grabbed onto that full and trembling arm, and kneaded it with force a few times. The feeling was extremely subtle, and after being framed today, the anger he felt was completely restored.

Everyone looked at this soul-stirring scene, their minds completely blank. This was definitely a scene they could not imagine.

Even Ye Yushi was frightened out of her wits. It could be seen that this turn of events was beyond her expectations.

At the same time, he used the force of the recoil to rush towards the prison in the Heavenly Blood Hell. Along the way, he heard Long Chen's loud laughter, and said loudly: "I'm telling you, I, Long Chen, will not suffer a loss for no reason. You framed me of desecrating them, and I will take it back from you.

"AHH!"

Ye Yushi had gone crazy.

At this time, Long Chen had already entered the prison. The flesh around him wiggled, and quickly formed new eyes, trapping Long Chen inside. Heavenly Blood Hell had returned to their original state, while Ye Yushi floated blankly outside.

"Little Sister Shi!"

He immediately brought clothes for Ye Yushi to wrap around her, and her eyes seemed to explode. One must know that even he had not touched the place Long Chen had just touched, and the forbidden grounds in his heart was actually violated by this fellow. For a moment, even Feng Zhu himself felt that the world was spinning around him, let alone Ye Yushi.

As for the others, their mouths were parched and their minds replayed the scene from earlier. They were scared silly. They swore that if Long Chen hadn't gone to the Heavenly Blood Hell, no matter where he went, Ye Yushi and Candle would find him and kill him.

"Sister Shi, I'll get him out and let you teach him a lesson!"

Feng Zhu was so angry that his entire body was trembling, and he rushed towards Long Chen's eyes'.

"Get lost!"

Ye Yushi trembled with anger. Of course, she wasn't a little girl. This sort of matter could still be endured. It was just that the impact was too great that she was scared senseless. At this time, she gradually began to wake up.

Long Chen had already entered the Heavenly Blood Hell, so this was the greatest pain. Right now, he was definitely being tortured, and that kind of torture was even more terrifying than when he was saved.

She put on her clothes and said coldly to the crowd, "If I hear anyone talk about what happened today, even if it's just a few words, I will kill him on the spot! Do you remember? "

Chapter 2109 - Hell on Earth

The stench was unbearable, and his vision was blurry. The surroundings were filled with a strong stench and viscous gas, and those things stuck to his body were extremely disgusting.

Long Chen looked around and only felt as if he was trapped in a mass of flesh. The surrounding space was around the size of a room, and the walls were blood-red colored flesh, as if there were countless worms squirming on them.

Long Chen felt his scalp tingling. He felt disgusted just by taking a look at this damned place. He really didn't know how those people endured after being trapped for five or ten years. Indeed, this Heavenly Blood Hell was a terrifying place. Otherwise, Ye Yushi would not have used such tactics to lure Long Chen here.

"That fellow Meng Qingqiu actually allowed me to be brought here. It seems he had ill intentions."

Long Chen naturally knew that these three lieutenants were not good people.

He had just arrived at this place and the surroundings hadn't reacted yet. But before Long Chen had a chance to rest for too long, there was immediately movement, and Long Chen actually noticed that the surrounding blood-colored flesh walls were pressing towards him. On the surface of the meat wall, there were many hidden, hideous blood vessels, like poisonous snakes that were probing head first, preparing to charge forward.

Long Chen realized that this thing that looked like blood vessels and was large and small was currently filling up the entire area. It was glaring at him like a tiger.

"It's actually like this?"

Long Chen could feel that under the encirclement of this kind of thick and disgusting gas that was in the air, the space in his body was filled with a tremendous amount of power, and it was actually hard for him to unleash. His originally strong body also felt weak, powerless, and even had a kind of drowsiness.

Long Chen immediately took out the God Slaying Sword, his body also covered with the thick blood-red dragon scales, fully armed, he had come here to find out what was going on in this Heavenly Blood Hell, he absolutely could not be careless!

At this moment, the wall of flesh had already wiggled and squeezed to his side.

Long Chen reached out and stabbed his God Slaying Sword into the wall of flesh, causing blood to flow, making people feel like this blood hell was a type of creature.

At the same time, the blood vessels hiding underneath the wall of flesh finally moved. They rushed through the meat wall and bit towards Long Chen, as the blood vessels of the thing itself were no different from blood vessels, but the head of the thing was an ugly insect! The blood vessels of the thing were completely different from the blood vessels of the Blood Moon Sect!

Sou sou!

Long Chen used the God Slaying Sword to cut off the blood vessels and insects that were close to him, but right at that moment, the meat wall pressured down with an extremely tyrannical force, instantly surrounding Long Chen. No matter how Long Chen swung the sword, the broken parts would immediately grow back, and that seemingly weak meat wall, Long Chen needed to use all his strength to slash through it!

"This is bad!"

The opponent's speed was simply too fast, and in the blink of an eye, Long Chen felt millions of kilograms of power acting on his body, causing him to be unable to move at all. He couldn't even move the Godslayer Sword.

However, this was not the key point!

The key point was that, when Long Chen was being pressured, the blood vessels that used the worm's mouth as the head started to tear and bite at him. Their bodies were only as thick as a finger, but they were extremely brutal and merciless.

"What the hell is this?!"

Long Chen realized that it was very possible that those who had entered had been bitten by these blood vessels and worms, and then were forever trapped here, enduring that kind of endless pain.

He was preparing to use the Blood Spirit Spikes.

The sharpest Blood Spirit Spikes could probably let him tear open this Heavenly Blood Hell and charge out. This was the only way, he just wanted to come in and figure out what was going on, but he didn't want to suffer here!

But at the same time, there were still many malevolent veins that had bitten Long Chen's body before he could even use Blood Spirit Spikes. Long Chen instantly felt a terrifying and heart-piercing pain, as though countless straw were inserted into his body. In an instant, everything in his body, including his strength, flesh, essence, and so on, were all absorbed by the blood vessels in the tree.

The feeling of being absorbed was simply a nightmare.

Ling Xi had the bloodline of a virgin, and when Long Chen interacted with it, he also had the feeling of being absorbed into it, but Ling Xi had feedback, and that was just a fusion. However, the blood vessels of this Heavenly Blood Hell were simply plundering, plundering mercilessly!

If he stayed here for a while, he would probably turn into a dried corpse!

The most disgusting thing was that these bugs were too ugly.

"Damn it!"

Just as Long Chen was about to tear these things apart, the veins on Long Chen's body suddenly twitched, then exploded into a cloud of viscous liquid that nearly sprayed Long Chen's face. After those few blood vessels exploded, the hundreds of other blood vessels that were trying to penetrate into Long Chen's body immediately retreated. They probably did not have any intelligence, and all of the blood vessels belonged to the same body.

At the same time, the surrounding walls also dispersed, leaving a room the size of a room.

The thousands of blood vessels also trembled as they retreated, finally withdrawing into the wall of flesh. It seemed that they were extremely terrified.

"Is it because of my ancestral dragon bloodline?"

Long Chen had roughly guessed that he was someone that the Heavenly Blood Hell could not digest, so he was now completely terrified by Long Chen. Everything was back to normal, except for the disgusting gas that still lingered in the air.

Long Chen calmed his heart, looked at his surroundings which had regained its calm, and thought to himself: "This Heavenly Blood Hell, is like a living being, or perhaps it is a living being. "Then it will trap the person who enters and absorb their strength, flesh, blood, bone marrow, and so on until the person is completely digested and the person is full."

He frowned and thought, "In other words, people who have been imprisoned for thousands of years should have very little chance of getting out. Even if they do manage to get out, they won't be able to be human in the end." If it was really absorbed, then it would not take thousands of years. Then, does this

Heavenly Blood Hell use a martial artist's continuous regeneration of their strength and flesh and blood essence to form a supply for a long period of time? "

That was his guess.

It was terrible.

This Heavenly Blood Hell was like a master, and the warriors inside were like chickens raised by the opposite party. They kept laying their eggs until there wasn't even dregs left. It was even more terrifying than this analogy. After all, a martial artist's flesh, strength, and even their soul were all a part of themselves, not laid an egg.

Long Chen felt a chill down his spine.

He couldn't believe it. Just what was this Heavenly Blood Hell?

Why would it exist here?

Who were the prisoners here?

Why would the Slaughter Dragon City be used for such a malicious thing?

He moved slightly, and the walls of flesh around him quivered, trying to get out of his way.

"Are you afraid of me?"

There was actually such a fear. This meant that the entire Heavenly Blood Hell was a type of creature, or an ancient beast?

"How strange."

Li Xuanji said in disbelief as well.

"Long Chen, you should leave this place as soon as possible. This is simply too dangerous.

Long Chen shook his head: "No problem, it's afraid of me now, since it will be out in ten days anyway. I'll stay here for ten days and see if it's found anything."

He started to move towards the left side of the wall of flesh. Every inch he got closer, the wall of flesh would squirm and move backwards, which was why Long Chen kept moving towards the left side. The degree of retreat of the wall of flesh was also becoming smaller and smaller, to the point that he did not like it.

Long Chen took out the God Slaying Sword, and without saying a word, he slashed towards the wall of flesh!

Clang!

The meat wall that looked weak actually possessed a terrifying tenacity. Long Chen's God Slaying Sword was unable to slash it once.

After being slashed by Long Chen, the meat wall started to wiggle angrily, and no longer gave ground for Long Chen to fight back.

Long Chen then kept the God Slaying Sword.

Only then did the wall rest.

Long Chen still moved closer to the place, but his speed was much slower than before. In this kind of deadlock, Long Chen had to put in a lot of effort before he managed to move his position one step at a time. Roughly five days later, he was able to determine that he was already very far away from his original location.

"Almost there, it should be the other eye."

Long Chen looked carefully at the wall of flesh.

When he took another step forward, he saw a person hidden within the transparent flesh. Around that person, there were densely packed, snake-like blood vessels and they looked extremely ferocious. Even more terrifying was that the blood vessels as thick as a finger had all drilled into that person's body, turning him into full of holes.

This was undoubtedly the most miserable person that Long Chen had ever seen

His body no longer had any intact skin. Even his eyes and mouth were torn apart by the blood vessels. It was extremely disgusting. The only visible skin on his body was dry and cracked, and it was impossible to tell that he was a human. The countless blood vessels wriggled and continued to suck things from his body.

Long Chen was furious.

He was even trembling.

He never thought that there would be such a cruel punishment in this world. No wonder when the crowd heard that they were going to be imprisoned here for ten days, they would have such expressions. 'This place is simply hell! '

Heavenly Blood Hell!

Hell on earth!

He was furious, with that angry look, Heavenly Blood Hell seemed to be able to feel it, the wall of flesh also retreated a lot, the wriggling blood vessels seemed to have noticed Long Chen's existence and retreated, the martial artists that were entangled with them were finally free and fell to the ground.

He still had life force left, and his body was trembling. Because he was strong, his body was still recovering, reborn, but his eyes were back to normal. The moment he opened his eyes and saw Long Chen, his entire body trembled, and he said these two words.

"Kill me!"

Chapter 2110 - Identification Disclosure

Long Chen originally wanted to save him. Even though he did not know what mistakes he had made, such a punishment was truly tragic.

However, the other party had requested for him to kill him.

After saying that sentence, his body seemed to have already died, motionless. He had been in the Heavenly Blood Hell all these years, and right now, he was no different from death. He had basically lost all his strength, and his body was on the verge of collapse.

The sinister blood vessels in the surroundings were still there, looking at Long Chen and the warrior with a ferocious look, as if they could pounce at any time.

It seemed like the reason why he was able to survive for more than a thousand years was because of the Heavenly Blood Hell. Even if he wanted to die, it would be very difficult to get entangled with those blood vessels.

Long Chen ended his life and his pain.

The surrounding blood vessels seemed to be very angry, revolving around Long Chen, densely packed, all over, but they had yet to approach Long Chen, they were afraid of him.

"I can't seem to do anything?"

Long Chen said to Li Xuanji.

"Yes, this is the place where the Draconic Slaying Dragon City prisoners are imprisoned. These people may be guilty in their own right, and although the punishment is too heavy, you can't save everyone. Furthermore, it's too dangerous in here. I think it's better for you to leave as soon as possible. If you become even stronger in the future, you can come over and take a look."

Li Xuanji was right.

Right now, he really couldn't do anything.

"Alright!"

Long Chen was feeling rather helpless. The only thing he gained from coming here this time was to clearly understand how this Heavenly Blood Hell tortured people.

Ten days quietly passed.

In these ten days, everyone would subconsciously look towards Heavenly Blood Hell. Long Chen's appearance immediately surfaced in their minds, and when they thought about how miserable Long Chen must be at this moment, everyone felt chills run down their spines.

"If this little guy wasn't so arrogant, he wouldn't be so unlucky."

"That's right, he's too bold. He doesn't even place our Dragon Tomb Army in his eyes." Not only did he publicly attack the two women, he even dared to provoke General Ye. "

Although they despised him for his words, when they thought of Lieutenant Ye's slim figure, their hearts burned with passion once more. They were extremely envious and jealous when they thought of Long Chen's hands.

"Ten days in the Heavenly Blood Infernal Realm is this brat's lifetime nightmare. Just watch and see, when he comes out, he will definitely be scared silly. Or perhaps he is already a fool now, and whether it is his talent or strength will drop by a large amount. I really don't know how this fellow, a mere One Yuan Tribulations Dragon Fighter, did it. "

"Do what?"

"Of course it's Ye Du." Of course it's Ye Du.

Everyone finally understood that Long Chen's technique was far too excellent when he mentioned the matter of his chest.

At the same time, the wind candle was playing the zither to curry Ye Yushi's favor.

At this time, the tall Meng Qingqiu swaggered in. She sat down on the ground and boldly swept her eyes over Ye Yushi as she said, "It's been ten days. You have a good heart now. Hurry up and let him go."

"Is ten days up?"

Ye Yushi let out a dry laugh, and when she thought about what happened that day, she was so angry that she trembled. However, when she thought about how miserable Long Chen could definitely be, her mood immediately became much better. Even so, the humiliation from that day would probably be something she would never forget for the rest of her life.

"What's the point of closing it for another ten days?"

Feng Zhu said unhappily.

Meng Qingqiu grinned and said, "You can try. If the higher-ups knew what you had done, they would probably have lost your lives. Hurry up."

To be honest, they had been feeling a bit apprehensive these past few days.

After all, Long Chen was a crucial figure like him. It was really inappropriate for him to throw him into the Heavenly Blood Hell.

Ye Yushi said, "There's nothing to be afraid of. He's acting wildly without any sense of justice. He's just like his father." It was Long Qinglan who betrayed the human race, causing us to suffer heavy casualties. I believe that there are many people in the Dragon City who are gritting their teeth and wanting to kill him. "

With that, she left the area, heading in the direction of Heavenly Blood Hell.

"Little Sister Shi, wait for me."

Feng Zhu chased after him.

When the two of them appeared, it immediately attracted the attention of many people. Thinking back to ten days later, they excitedly followed the two lieutenants towards Heavenly Blood Hell.

"I really look forward to seeing just how miserable this kid is."

Feng Zhu and Ye Yushi walked forward side by side, smiling as they spoke.

"Everyone that comes from the Heavenly Blood Hell is like that, they only have half a life left. I don't think he'll die within ten days."

Ye Yushi coldly said.

His heart was filled with the pleasure of revenge.

Feng Zhu said with a cold smile: "Who told this brat to do that to you in front of so many people? He will die a horrible death."

Ye Yushi really wanted to slap him. She angrily said, "Bastard, can you not mention this matter?"

Feng Zhu knew that he had said the wrong thing and hurriedly said: "Little Sister Shi, it's my fault. I won't dare to say it again."

No one noticed Feng Zhu's miserable state, they wanted to pay more attention to Long Chen's current situation.

Very quickly, Ye Yushi found Long Chen's eyes that were locked up.

Every time someone was released, the scene would undoubtedly cause them to vomit. But this time, Ye Yushi was especially excited and expectant.

She took out the crystal ball.

Several thousand soldiers of the Dragon Tomb Army gathered around, nervously watching. Although they could guess the result, everyone wanted to join in the fun.

When the blood-red crystal ball shone on the eye, the eye instantly shrank back and let out waves of hissing sounds. The eye immediately began to melt, revealing the space within. Normally, when the blood crystal ball appeared, the blood vessels on the prisoner's body would also cower, squeezing so hard that the wall of flesh would loosen.

"Long Chen, come out!"

Ye Yushi didn't want to go in and bring this deformed fellow out.

Feng Zhu smirked as he looked over. He could not wait to see the blood colored clouds shrouding the area. It was filled with a disgusting and viscous gas, and a foul stench was blowing in all directions.

Whoosh!

At this time, a man rushed out with a speed beyond their imagination. He appeared in front of them, standing 10 meters away from Ye Yushi.

Show me some of your muscles and bones

A strong wind blew away the stench on his body.

Only then did Long Chen raise his head, and looked at the crowd, his lips curling into a cold smile. As expected, these guys were completely unharmed. How shocking!

Ye Yushi was about to go crazy.

She had never thought that Long Chen would actually be able to come out unscathed. To her, this was something that was simply impossible, and she had fantasized about Long Chen's miserable state countless of times. However, how could Long Chen's relaxed and happy appearance be as if he had come out from the Heavenly Blood Hell?

It was clearly coming from a place of warmth and gentleness!

Not only was Ye Yushi stunned, but even the wind and the candles were stunned. The several thousand soldiers of the Dragon Tomb Army were all dumbfounded.

At this time, the prison door of Heavenly Blood Hell closed, forming a new eye. As if it revered Long Chen a little, it slowly crawled towards a place far away from him.

Long Chen wiped away the stench on his body, then smiled at Ye Yushi: What are you looking at? "The ten days' punishment has already ended. I am truly suffering from a fate worse than death. Luckily, you followed the agreement and released me. Otherwise, I guess I would have gone crazy. Haha ..."

He passed Ye Yushi and Candle and prepared to return.

"Stop right there!"

Ye Yushi screamed at the top of her lungs.

Long Chen turned around and smiled, "Lieutenant Ye, is there anything else? You wouldn't want to imprison me for another ten days, would you? "Then you're really too cruel. This damn place is dirty and ugly, it's not a place where people can stay. If you don't believe me, you can go in and take a look."

Ye Yushi was simply going crazy.

She did not understand what had happened.

But it was a fact that Long Chen was unharmed.

This was because the anger and hatred from being humiliated in front of everyone did not dissipate. Instead, it only drove her even more mad because of the other party's teasing. She really wished that she could tear Long Chen apart right now, but because she had no excuse, she restrained herself!

"He's actually completely unharmed!"

"That's impossible! Just who is he, that Heavenly Blood Hell is so terrifying, and yet he can resist us! "

The crowd burst into an uproar as they all had looks of disbelief on their faces!

At this time, when Feng Zhu saw Ye Yushi trembling in anger and Long Chen being so arrogant, he could no longer hold it in. Now that he suddenly appeared in front of Long Chen, he scolded him: "Long Chen, we did not dare to touch you because we thought you were the son of that Eternal Dragon Emperor! You actually joined the Dragon Tomb Army, we are your superior, you have to unconditionally obey our orders! Now I order you to apologize to Lieutenant Ye and punish yourself to the point of slapping yourself ten thousand times! "

Lieutenant Feng Zhu was furious, and everyone was trembling with fear.

They seemed to have heard something?

"The son of the Eternal Dragon Emperor?"

At the beginning, no one could have imagined that Long Chen would actually come here.

But when they heard this, they finally understood and realized that this brat was so arrogant and had such capabilities. The most important thing was that his name was Long Chen, he was obviously the legendary eternal son of the Dragon Emperor!

Although no one had ever seen him, those who had heard of his name were everywhere.

All of a sudden, the crowd became even more noisy. They did not like Long Chen in the first place, and with Long Chen's unforgivable identity, it made them even more furious.

Long Qinglan had sinned for all eternity, and Long Chen's appearance had garnered the loathing of almost all the warriors in Dragon God Domain. Just like now, everyone was eager to give it a try, wishing that Long Chen's father could pay back the debt.

Long Chen had already expected this to happen.

He looked at Ye Yushi, then at the wind candle, and suddenly said: "Enough, don't talk about the Dragon Tomb Army in front of me. I know why you are targeting me, isn't that what you are pursuing? "How about this, I'll let her touch it for you. It's fair to everyone, what do you think?"
