

War God 211

Chapter 211 - Bastards

Cloud Ridge Forest was a lush forest not far away from the Eastern Residence. The environment was very beautiful, and a few clansmen would choose to train there to cultivate their emotions.

It was already late winter. Although the Canyang Kingdom's deep winter was not cold, the fallen leaves had withered. The original good scenery was no longer there, and there were few people who went.

Although Long Chen had never gone there before, he had occasionally heard it from Yin Mengyao. At this time, hearing that Dongfang Tianxing had attacked Yin Mengyao, a faint color of blood had already surged into Long Chen's eyes. Feeling the ruthless and somber aura that was emitted from his body, the two youths around his age, were even more terrified.

They had still firmly engraved in their minds the profound lesson that the Devouring Blood Realm had taught them during the battle for the green dragon halberd. They had already lost to Long Chen and even lost to Long Chen, so it was reasonable for them to be afraid of Long Chen, especially after they had done something shameful.

"Lead the way, we'll be there in half a minute. Otherwise, I don't mind letting you guys have another try at that day's taste." Long Chen put them down, and said with an ice-cold voice.

He had originally thought that he would be going to discuss how to help Mo Xiaolang, but who would have thought that this mess would actually arise at such a time. If Long Chen did not come out of his closed doors in time, he would probably feel some regret for Yin Mengyao.

Yin Mengyao was his sister now, so she had to take good care of him. Long Chen would not allow anyone to touch her, even if it was Dongfang Tianxing from Heavenly Core.

Under Long Chen's coercion, the two of them could only look at each other and choose to compromise. Bringing Long Chen along, they headed in the direction of the Cloud Ridge jungle.

"Are you looking to die?" "Hurry up!" shouted coldly when he clearly felt that this wasn't their greatest speed.

Sure enough, his speed increased yet again.

Long Chen was extremely anxious, but on the surface, he looked calm. After all that had happened, he knew the importance of an accident.

Originally, he wanted to use Dongfang Tianyu to get rid of Long Chen so that he could be more effective. However Long Chen had actually defeated Dongfang Tianyu and even obtained the green dragon halberd.

"Forget it, I'll use you to test the might of my green dragon halberd." Long Chen's eyes flowed with madness.

And it was at this time, in the forest in front of them, a sudden movement occurred. A figure suddenly rushed out, passed by Yin Mengyao, and that resplendent sword light suddenly exploded, piercing towards Dongfang Tianxing's chest!

"Who is it!" In his panic, Dongfang Tianxing could only choose to retreat and avoid the attack. In this period of time, he had also used a high grade Profound Rank movement technique, but it was not the Nine Dragons Flash.

The Nine Dragons Flash skill was the Dongfang family's top movement technique. However, because of its high difficulty, few people would choose it.

When they saw the resplendent sword light, both Yin Mengyao and Dongfang Tianxing knew who it was. There was no doubt that Long Chen was the only one who could use this Spirit Devil Sword Finger in the entire Dongfang family.

After successfully forcing Dongfang Tianxing back with the Spirit Devil Sword Finger, Long Chen was still unaware of Yin Mengyao's situation, but for Dongfang Tianxing to actually blatantly pounce at her, it was naturally nothing good.

"Long Chen, why are you here?" Dongfang Tianxing's face was full of disbelief. The meat that was in his mouth just flew like that, how could he swallow such a breath? So at this moment, Dongfang Tianxing did not know what to do, but he was angry at Long Chen, and quickly grew to an unprecedented stage.

"Why am I here? Haha, Dongfang Tianxing, you actually dare to do such a thing, how can you be worthy of your status as the elite disciple of the Dongfang Family? They are simply worse than beasts. " Although he did not see it directly, Long Chen could roughly guess what happened. This Dongfang Tianxing could not hold it in and wanted to attack Yin Mengyao.

He knew that he had to leave this place now, but right at this moment, a wave of hot air rushed towards him from behind. A pair of white, soft and soft clothes wrapped around his waist, and hugged him tightly.

Long Chen did not expect his to be so enchanting all of a sudden.

At this time, he understood even more that Yin Mengyao had gotten struck by Dongfang Tianxing's medicine. He immediately stopped his breathing and caught a glimpse of a lake not too far away. Although he was enjoying it very much now, was his big sister after all.

But Long Chen's killing intent did not fade!

Chapter 212 - Battling the life and death arena

"How is it?" Pulling Yin Mengyao up, then using her Innate Qi to quickly dry her clothes, Long Chen asked worriedly.

The reason why they were drying so quickly was because their clothes were soaked through and sticking to their bodies, making them somewhat hot. Besides, although he could not eat the grass in his nest, he could not even look at other rabbits!

Dongfang Tianxing and the other two youths who were leading the way for Long Chen were the other rabbits.

"Much better." Yin Mengyao lowered her head, her face a little red as she said awkwardly.

This kind of blushing was different from the blushing from before. Previously, it was an emotional redness, but now it was merely due to awkwardness, not to see Long Chen at all.

"Sister Meng Yao, don't think too much into it. It's not shameful at all, you can only blame this beast." Long Chen said indifferently as he held her tightly.

"Long Chen, who are you calling an animal?" Dongfang Tianxing was angry. He was, after all, a practitioner of Heavenly Core, so what if Long Chen saved his life?

Once Long Chen came here, today's matter was completely blown away. If Dongfang Tianxing had used this method to kill Long Chen and then obtained Yin Mengyao's help, it would truly be too risky.

Therefore, Dongfang Tianxing was prepared to give up this time, since he had many opportunities in the future, but Long Chen's rude words, made him want to teach him a lesson!

"Although I can't kill him, I can still teach him a lesson! This Long Chen messed up my plans today, she really deserves to be killed! "

And just as Dongfang Tianxing was thinking about these, Long Chen raised his head, looked at him with his burning gaze, and said: "You actually used such a despicable and shameless method. If you aren't a beast, who is? Dongfang Tianxing, do you remember the time where you wanted me to go to life and death arena with you? "

"life and death arena?" Dongfang Tianxing asked suspiciously, "Could it be that you want to go to life and death arena with me?"

If he did not vent it out properly, these days would not be easy to him. Dongfang Tianxing originally thought that Long Chen would not agree, but who would have thought that he actually brought it up on his own accord?

"That's right, let me ask you, do you dare to ascend to the life and death arena with me?" Long Chen looked at him and asked coldly.

"Haha, of course I dare!" "If you have the guts, go now!" Dongfang Tianxing was secretly pleased that he could give Long Chen a good beating in front of everyone. Moreover, he could also show Yin Mengyao her power, so why not?

However, he had a small doubt in his heart regarding Long Chen's actions. That was, why would the initial stage Earth Core Stage's Long Chen want to go with him to the life and death arena?

"With just the green dragon halberd? In five days, he did not even have the warmth of a green dragon halberd, let alone use it! " Thinking up to this point, Dongfang Tianxing no longer felt any pressure, and the look in her eyes towards Yin Mengyao who was behind her, continued to burn passionately.

The more unreachable the woman was, the more alluring she would seduce him, and Yin Mengyao's cold and clear appearance had hooked even his soul away.

"Long Chen, what are you doing?" Yin Mengyao, who understood the disparity between them, hurriedly asked after consuming some spirit medicine and had already recovered quite a bit.

"Do you believe that I have achieved something with the Azure Dragon Battle Method?" Long Chen leaned into her ear, and that low and deep voice caused Yin Mengyao to be stunned.

"You mean?" Yin Mengyao's face was filled with pleasant surprise.

"Don't say it, I'll avenge you." Long Chen laughed.

Under the witness of the elders, Long Chen and Dongfang Tianxing went to look for the elders. However, the news of their duel, passed through the mouths of the two youths, and instantly spread throughout the entire Dongfang Family. Later on, all the people who were interested in the battle had already arrived at the scene.

The life and death arena of the Dongfang family was situated in the middle of the Mysterious Rain Pavilion. The life and death arena was made of hard iron rocks, which were greyish white in color and were cut in half like a mirror. Long Chen and Dongfang Tianxing, on the other hand, were facing off against each other on the life and death arena.

There were dozens of seats surrounding the life and death arena. These seats were arranged in an orderly manner, and were already filled, and within the Dongfang family, other than the Azure Dragon Ancestor and a few other Big Elders who were inconvenient to appear because of such a small matter, the rest of the people had already arrived. At this time, the Dongfang family's most famous storm clouds had already lined up, and were paying attention to the situation.

Dongfang Xuanfeng looked at Long Chen. Although he tried his best to stay calm, no matter who it was that knew his son, he could have kept the green dragon halberd firmly in his grasp. However, if Long Chen had appeared halfway, not only would he snatch away the green dragon halberd, but he would also injure his son. In the depths of his calm eyes, there was a trace of killing intent.

Dongfang Tianxuan was the daughter of Dongfang Xuanyun, so they should be on good terms. However, she had a very proud and solitary personality since he was young, and she was even on the wrong path with her father, Dongfang Xuanyun, let alone Yin Mengyao.

However, Dongfang Tianxuan was actually the second strongest in the Dongfang family's younger generation. Even though he was also a newly acquired Heaven Core, his combat power was still a level higher than Dongfang Tianxing's. If she had comprehended the Azure Dragon Battle Method back then, the current her could definitely reach the same level as Dongfang Tian Chen.

Even so, Dongfang Tianxuan still managed to master the only Earth Tier Battle Skills in the Dongfang family's younger generation. Of course, he only knew a little about the Earth Tier Battle Skills. Just this little bit of skin, the current Long Chen was not her match yet.

At this time, Dongfang Xuanxiao still didn't know what Long Chen was doing, but Yin Mengyao leaned close to him and whispered a few sentences into his ear. After knowing that Long Chen had already comprehended a green dragon halberd, Dongfang Xuanxiao's face was filled with shock, and then he laughed bitterly: "It only took me five days to comprehend a green dragon halberd, I used nine whole days to do so, and Tianchen also spent eight days!"

"Father, Long Chen said that he has been practicing the moves of the Azure Dragon Battle Method for the past few days. As for comprehending it, he completed it in a day."

At this point, the shock couldn't even describe how he was feeling for Dongfang Xuanxiao anymore. He sucked in a breath of cold air and the look in his eyes became extremely serious and solemn as he looked at Long Chen.

"There's no basis for words. Let's see how he performs." Dongfang Xuanxiao had just finished speaking when Dongfang Xuanyu, who was not far away, looked at him with a provocative gaze. Within his words, there was a hint of ridicule: "Some people may not be strong, but they have the gall to do so. It is merely an initial stage of the Earth Core Stage, and they actually invited a practitioner of Heavenly Core to the life and death arena."

She said too much. Yin Mengyao wanted to refute her, but thinking that she was an elder, he swallowed his anger. On the other hand, Xuan Xiao only quietly watched the two people on top of the life and death arena, completely ignoring Dongfang Xuanyu's clamor.

Dongfang Xuanxiao's disregard caused Dongfang Xuanyu's mockery to fail, and instead caused her to accumulate a stomach full of anger. She maliciously looked at Dongfang Xuanxiao, and thought: "Bastard, you actually disregard my existence! I, Dongfang Xuanyu, have also reached large success in Mortal Core. Now that you are standing right in front of me, you should be complacent, and allow Heavenly Star to defeat Long Chen, and fiercely humiliate him. Let me see what kind of expression you have! "

Between them, the third brother, Dongfang Xuanyun, gave a wry smile.

"Fourth Bro, your adopted son is being too impulsive this time. Back then when I asked for the Green Dark Soul Fruit, I could tell that he had this flaw in his personality, but it's good that he suffered a little setback."

"Let's take a look first, maybe a miracle will happen." Dongfang Xuanxiao laughed and said.

At this time, the clan head announced the start of the fight. The crowd no longer discussed the matter, instead focused on the situation on the stage. After their discussion, they confirmed that Long Chen was not Dongfang Tianxing's match at all. Although Dongfang Tianxing did not know how to use the Earth Tier Battle Skills, he had mastered the Meteor Dragon Seal.

"Do you guys think that Long Chen can use green dragon halberd? If I can use it, my battle power will increase by leaps and bounds! "

"Nonsense, in these five days, how did he manage to comprehend Azure Dragon Battle Method? It was pure bullshit. Back then, even Tian Xuan did not comprehend it! "

"Tianxuan is a bitter child after all." Tianxuan is a bitter child after all.

The people who were discussing amongst themselves were Feng Yunxiao's younger brother, sister, and cousin. Their average strength was around the age of one in the early stages of Heavenly Core.

At this time, in front of the crowd's eyes, a strong wind was blowing and his clothes were fluttering. Dongfang Tianxing immediately thought that he could teach Long Chen a lesson, and his heart was burning with passion. At this moment, he sneered: "Kid, not only did you get the green dragon halberd, right? If you have the guts, take out the green dragon halberd and let me see you use a Azure Dragon Battle Method? "

His words were pure ridicule. Lowering his head, he immediately erupted in laughter, and those young boys and girls all began to heckle him. In these five days, not only did he comprehend Azure Dragon Battle Method, he also succeeded in learning it.

However, what shocked most of the people was that Long Chen actually took out the green dragon halberd s, they flowed with a sharp light under the sunlight, green dragon scales were flashing, and the halberd was concealing an endless amount of power, this was the first time that many people had seen the clan protecting the Azure Dragon clan's treasure. He couldn't help but be stunned.

"Pfft!" Dongfang Tianxing couldn't help but hold his stomach and laugh, saying: "Long Chen, what are you doing? Are you crazy? Or did you just become an idiot? "

Most of the others had the same thought as well.

"Has he gone mad? I'm not crazy, I just listened to you and used the green dragon halberd to deal with you. " Long Chen punched the green dragon halberd and the green halberd revealed a huge fluctuation. This kind of strength was enough to make people tremble in fear.

Everyone erupted into laughter, Dongfang Xuanyu was unable to control himself, he was laughing so hard that his fingers were trembling, and even Dong Fang Xuan Yun was smiling helplessly. Behind her, Dongfang Tianxuan's eyes flashed with a taunting light.

She hadn't been able to figure it out for ten days, but Long Chen had already succeeded.

Just as everyone was laughing, Long Chen actually pointed his green dragon halberd towards Dongfang Tianxing. His expression was indifferent, and did not change at all because of everyone's ridicule. At this time, a strong surge of dragon's might exploded forth from the green dragon halberd. With Long Chen at the center, an enormous pressure pressed down on the surroundings!

"What!" The teacup in Dongfang Xuanfeng's hand fell to the ground with a thud and shattered into pieces.

When the teacup fell to the ground, there was no sound at all. Because at this time, the hearts of everyone present had already been completely filled with disbelief. A cyan colored afterimage in Long Chen's hand exploded forth with vast and primordial energy, causing all of them to be stunned.

Dongfang Xuanyu, who was previously laughing until he leaned forward, opened his mouth wide. His smile was still there, but it had already turned stiff. She had no idea how ugly he looked, because it was no longer important. What was important was what had happened to Long Chen.

Was it an illusion?

The crowd couldn't help wiping their eyes, but no matter how much they wiped, the result was the same. That was, Long Chen had already used the green dragon halberd, and was using the Azure Dragon Battle Method, and was about to start a huge battle with Dongfang Tianxing!

"This, this, this is impossible?" Although Dongfang Xuanyu was not crying, his face right now was even uglier than crying. The majority of the others also felt the same way. In just five days, he had reached such a level.

Dongfang Tianxuan, who was standing behind Dongfang Xuanyun, was also stunned. In the end, she still did not get the approval of the Dragon Soul. And Long Chen did not have the blood of the Dongfang Family, how did this happen?

"Could he be a genius who far surpasses us, but his current realm is not that high?" Even the usually calm Dongfang Tianxuan was shocked in his heart, and was no longer able to remain calm. Not to mention the others.

From the moment Long Chen burst forth with the power of the green dragon halberd, the place instantly went silent from the noise.

The one who had the deepest feelings for the green dragon halberd's power was Dongfang Tianxing. Earlier, he had played a joke on Long Chen, and ridiculed him a little, but who would have thought that Long Chen would actually take out the green dragon halberd, and actually use the Azure Dragon Battle Method!

At this time, Dongfang Tianxing's mind was in a mess, but seeing the attack coming at him, he did not have any time to think, as Long Chen was clearly determining who would win in one move. In this crucial moment, Dongfang Tianxing's entire body subconsciously exploded with True Qi, and even activated his

own potential, gathering all the strength in his body, and exploded out with the strongest move — — Meteor Dragon Seal!

When he truly used the green dragon halberd, Long Chen felt that it was a part of his own body. The dragon soul in the halberd and his soul were firmly intertwined together, and this green dragon halberd was even another source of energy for Long Chen other than his dantian! Furthermore, his spirit, his spirit, his blood, and the spirit of the green dragon halberd were all different too.

"After using this green dragon halberd, I tasted its sweetness and my strength surged once again, almost to the same level as the Dragon Soul Transformation. With this increase in strength, how can I bear to return it?" Thinking about it, Long Chen felt that it was extremely tough, but the most important thing at hand was to defeat Dongfang Tianxing. After all, he was an expert of the Heavenly Core, and although he was considered the weakest, he was still stronger than Long Chen by quite a bit.

The blood colored dragon scales on his body were no different from the green dragon scales on the green dragon halberd. This caused everyone to have this illusion, as if this green dragon halberd was completely made for Long Chen, a part of his body!

"Use all of your strength and fight him!" Long Chen didn't plan on wasting time with Dongfang Tianxing here. This fellow was actually plotting against Yin Mengyao, and this time, he definitely had to teach him a lesson. At the same time, he also had to verify the might of the Azure Dragon Battle Method.

Although the Meteor Dragon Seal was said to be the Dongfang family's strongest high-grade Profound Ranked combat skill, the prerequisite was that other than the green dragon halberd ... At this time, Long Chen soared into the sky and the green dragon halberd turned into a mirage. It froze in mid air and then whizzed downwards!

In the midst of everyone's shocked gaze, the green illusion suddenly turned into a roaring green dragon, a huge divine dragon. This divine dragon was extremely lifelike, blotting out the sky and covering the earth, it suddenly roared towards Dongfang Tianxing, as though it was a gigantic side blade, cutting down from the endless space!

"Azure Dragon Battle Method, broken yellow spring!"

When this move of the Azure Dragon Battle Method was truly used, its immense aura made Dongfang Tianxing go crazy. From this move, he felt a tremendous pressure, as if a mountain peak was smashing down from the skies! An unstoppable feeling rose in his heart. However, his intuition told him that if he did not make a move, he would die.

Died under Long Chen's hands? This was something he could not even dream of.

This was enough to incite his madness, so when Long Chen was preparing to use the Azure Dragon Battle Method, he used all of his strength to stomp on the ground heavily, causing his entire body to fly like a cannonball towards Long Chen!

At the same time, a small dragon-shaped imprint appeared on his forehead. This was the same Green Dragon Seal imprint as the Vermillion Bird, using this imprint, Dongfang Tianxing was able to unleash an even greater power!

"Die!" Meteor Dragon Seal! "

The seal was formed and suddenly pushed outwards by Dongfang Tianxing. Suddenly, a dragon shaped mark formed from starlight abruptly flew towards Long Chen's green dragon halberd.

Rumble

They clashed again and again, and powerful energy exploded out, flowing towards the surroundings and causing a large gust of wind to kick up, causing the sand and dirt on the life and death arena to swirl violently.

"Is that all?" Both the Azure Dragon Battle Method and the green dragon halberd were decisive existences as expected. The meteor Dragon Seal was truly powerful, and Long Chen was completely not a match for the green dragon halberd!

"How can you possibly resist the true strength of a green dragon halberd!" Long Chen let out a loud shout, and that vast and mighty energy once again transformed into a sharp light that pierced the heavens and the earth. The tip of the green dragon halberd, at this time, had already turned into a dragon image, draped over the meteor Dragon Seal, and then, it directly hacked the meteor Dragon Seal in half!

The remaining power would naturally slant onto Dongfang Tianxing's body. If Dongfang Tianxing, who was currently in a state of madness and disbelief, were to be struck by the halberd, he would probably be directly split into two halves!

Even Dongfang Xuanyu was in a daze, and had forgotten that his son had already lost, that he was already at the brink of death.

Fortunately, at this time, Dongfang Xuanxiao had disappeared from his seat, and when he reappeared, he was already on the life and death arena. Before Dongfang Tianxing, he grabbed onto Long Chen's green dragon halberd, and blocked the attack. However, this attack seemed to be a bit small.

"You used the broken yellow spring to your advantage?" The reason why he did not feel any power was because Long Chen had retracted his attack.

However, even if he was calm enough, a storm was brewing in his heart. It was one thing to comprehend Azure Dragon Battle Method, to be able to even use broken yellow spring, to perfectly use it, that was one thing, but to actually reach the state of being able to freely release and receive, how could he still be alive?

Even if it was Dongfang Tian Chen, who was barely able to use the Earth Tier Battle Skills, he was still unable to freely control the broken yellow spring!

"Just barely." Just as he expected, after winning, Long Chen felt relieved. This green dragon halberd was indeed an extraordinary item, to the point where even the Heaven Opening Pill could be taken care of after Long Chen used it.

Of course, that was also because there was something special about the newly acquired Heaven Opening Pill. If it was Dongfang Tianxuan instead, things might not be so certain.

Long Chen's words were barely enough to make Dongfang Xuanxiao's face twitch.

As for the others, as they looked at the situation in life and death arena, they gradually recovered from their daze, but this way, they discovered that they were in even more pain. The Dongfang family had never lacked geniuses, but for a genius to reach this level, it was already enough to make people feel uneasy. They realized that Dongfang Xuanxiao wasn't only good at cultivating himself, his eyes were also extremely vicious. What kind of eye of discernment did he have to be able to dig the obscure Long Chen out of the tens of thousands of other races?

Such a heaven-defying talent made Dongfang Xuanfeng and Dongfang Xuanyun a bit jealous. As for Dongfang Xuanyu, he was completely calm on the fact that his precious son had lost.

"Heavenly Star!" Dongfang Xuanyu didn't care about anything and anxiously landed on the life and death arena. He held onto Dongfang Tianxing's hand, whose face was completely blank.

Seeing his own son's miserable state, Dongfang Xuanyu's heart ached. All of this was Long Chen's fault. She turned around, looked at Long Chen with sinister eyes, and coldly said. You causing trouble for my Dongfang family is pure suicide, I — "

"What are you doing today?" Dongfang Xuanxiao snorted coldly, interrupting her speech. He coldly looked at Dongfang Xuanyu, and his powerful aura pressed towards the other party as he coldly said: "Let me remind you once again, that Long Chen has already lost to his ancestors, and is already a member of my Dongfang Family! and not an outsider in your eyes. As for today's life-and-death battle, it's entirely a promise between the two of them, and Long Chen also didn't injure Heavenly Star. If you continue to speak nonsense, be careful of my rudeness! "

Dongfang Xuanxiao openly did not give her face, which made her cramp from anger, his beautiful face flushed red, you, you You did not stop, unable to speak. At this time, the eldest Dongfang Xuanfeng came to her side, and said indifferently: "That's all that happened today, if you continue to talk, you will lose face for me! Everyone, go back! "

His face was gloomy, but Dongfang Xuanxiao did not say anything, and directly led Long Chen and Yin Mengyao away.

"Xuan Xiao, the time of your death is approaching!" Dongfang Xuanyu said fiercely from behind him.

"Dying?" Long Chen had a bad premonition.

Chapter 214 - News from the Ancient Era's Remnants

In the pavilion at the center of the courtyard in front of the bedroom, Dongfang Xuanxiao was sizing up Long Chen, while Yin Mengyao was standing obediently on the other side. They had just returned from life and death arena, so Xuan Xiao did not leave. However, it was just right, for Mo Xiaolang, he still had to ask for help, and if he could help, things would be much easier.

"He comprehended the Azure Dragon Battle Method in one day, and learned the first move of the broken yellow spring in five days. Long Chen, your talent in combat skills is the most heaven-defying one I have ever seen out of all the people. I should have thought of this from the way you are cultivating the Nine Dragons Flash. " Dongfang Xuanxiao lamented.

Long Chen nodded, admitting or denying. Indeed, ever since the Mysterious Dragon Jade had entered his sea of consciousness, he had felt that a certain attribute of his had grown extremely fast. This could be said to be the comprehension ability of the soul, or even the brain. Reading and cultivating secret scriptures, his eyes and ears were clear, as if he was born to understand these things. Of course, the reason why he had been able to achieve such great results was due to his hard work.

The gaze Yin Mengyao used to look at Long Chen also contained admiration. When she thought about how she rubbed Long Chen's broad and hard back after being poisoned today, her face became a little hot. After all, Long Chen was her little brother now.

"However, Dongfang Tianxing hasn't even been in the Heavenly Core for a few months, and he's also a boastful, restless, and has the same personality as his mother. Chen Er, this matter originally had nothing to do with you. After looking down on Dongfang Tianxing, Dongfang Xuanxiao began to talk about official matters.

"Father, please speak." Long Chen said.

"When you first came to Inner Race, didn't I tell you that the patriarch had brought Tian Chen and the others to train? Actually, this experiential learning had something to do with what happened next. Do you know the Beast Soul Hall from the Source Spirit City? " Dongfang Xuanxiao asked.

"I know, it's the strength of that Yuandi City. Their strength seems to be on the same level as that Lingwu Family." Long Chen said.

"Hmm, back then, your Yang family in White Yang Town seemed to be fighting with another force for the position of Lord's Mansion? In two months, the young disciples of the Lingwu Family will have a contest with the young disciples of the Beast Soul Hall. The team who wins will have the management authority of the entire Yuanling County for twenty years, and management authority here will have a very rich profit. "

"The City Lord's Mansion wants to fight for it? Could it be that the person in charge is from the Imperial Family of the Imperial City? " Long Chen asked in shock.

"We are all subordinates of the royal family, so we naturally have to listen to the royal family's orders. The difference between us is just like the difference between your family and the Lingwu Family, you should understand this way right?"

"I understand. In other words, the reason why the ancestor took them out to gain experience was to raise their strength so that they could face the battle for the City Lord's Mansion that happened once every twenty years?" Long Chen was extremely shocked with the power of the imperial family. One must know that in his heart, the Lingwu Family was already a colossus, but that colossus in the eyes of the Lingwu Family, to what extent was it? Just how strong was the strongest?

I heard that the royal family has found an ancient treasure in the Yuanling County, a legacy left behind by a strong warrior. At that time, the young generation of the Lingwu Family and the young generation of the Beast Soul Hall will enter this ancient treasure site, and there will only be one chance to pass on the inheritance. No matter what happens, in the end, the disciples of that power will be able to obtain the inheritance. Dongfang Xuanxiao said.

"Ancient ruins?" also yearned for this, but his current strength was not too strong. If you were to describe him as the top young warriors in the Lingwu Family, then he should be at the level of Dongfang Tian Chen, Mo Xiaolang and Beitang Mo, and his Heavenly Core should be at the small success stage, so it should have nothing to do with him, Long Chen, right?

"Foster father, how is the comparison in strength between the two powers?" Long Chen asked.

There are a total of ten spots, and our Dongfang family has gotten two of them. Tianchen is definitely going to go, and the other spot is between Tianxuan and Tianxuan, so the patriarch of the Dongfang family and the elders of the Profound Elders had originally decided to come out of it. Unexpectedly, you defeated Dongfang Tianxing today, and I'll let you know about it so that after two months, no one can say for sure, but with your speed, you might have already surpassed Tianxuan. " Dongfang Xuanxiao said.

"Tianxuan? Is she that powerful? " From Dongfang Xuanxiao's tone, it seemed like the difference between Dongfang Tianxing and him was too big.

"Since Tianxuan was a child, she has worked hard and she has a tenacious personality. Right now, she has already mastered one of the Earth Tier Battle Skills s. But Long Chen, if you increase your realm a little and then use the Earth Tier Battle Skills, Tian Xuan will not be your match. " Dongfang Xuanxiao said indifferently.

"Foster father, is our family really confident in the fight for the City Lord's Mansion?" At this time, Yin Mengyao who was standing at the side obediently spoke.

"I don't know, the younger generation of our four great families all have average strength. There are no warriors who are absolutely heaven defying, and the number of genius warriors in the Beast Soul Hall is fewer, but the competition here is about the most advanced strength. It is rumored that one of the grandson of the Primordial Emperor is extremely heaven defying, and his strength might even reach the Great Perfection of the Heavenly Core. However, that's just a rumor. "

"Great Perfection of the Heavenly Core?" Long Chen inhaled a breath of cold air. Wasn't this even more heaven defying than Mo Xiaolang? Geniuses were indeed everywhere.

Dongfang Xuanxiao also shook his head with a bitter smile, and said: "The four great patriarchs are also worrying about this matter. If they were to lose their position in the City Lord's Mansion, the flow of resources and connections in the Lingwu Family will fall into an extremely difficult situation. Furthermore, there is still a chance for the creation of a fairyland godly guard in this competition.

"What is a fairyland godly guard?" Long Chen asked in shock.

"You don't know? "Oh, that's normal too." Thinking about the fact that Long Chen came from a small place like White Yang Town and had never heard of immortals, Dongfang Xuanxiao said, "In the imperial city of Canyang Kingdom, there is a huge little universe world. This little universe world is hundreds of times bigger than the Heaven Martial Stage, and its scope is comparable to ten imperial cities.

"Inverse Wonderland? I've heard of this before, the rumours say that the Spiritual Qi of Heaven and Earth is ten times stronger than the Spiritual Qi of Heaven and Earth outside, and the denser places are hundreds to thousands of times denser. Therefore, there are countless spirit medicines and heaven and earth secret treasures left behind by the Middle Paleogene in this Inverse Wonderland! " Speaking of the Inverse Wonderland, Yin Mengyao also revealed an expression of yearning.

"Ten times? A thousand times? Spiritual medicine? " Long Chen was a little speechless. When he came to the Source Spirit City, he already felt that the Source Spirit City was already so big and boundless. And the size and richness of the imperial city and the Inverse Wonderland, simply surpassed Long Chen's imagination. However, what he didn't know was that the world he would encounter in the future would be even bigger and even more enormous.

"Every place not only has its benefits, but also its drawbacks. Although the Inverse Wonderland has countless secret treasures, but there is also a kind of terrifying power amongst them. Long Chen, you have seen a variant of demon beast — — venomous beast right? " Dongfang Xuanxiao raised his head and said.

"The memories of the Nine Demon Mountain's venomous beast must be still fresh in my mind." Long Chen chuckled.

"venomous beast are a variant of demon beasts, and in Inverse Wonderland, because of the purity and density of the world's spirit energy, as well as the nourishment of a large amount of spirit herbs, another type of demon beast was born. We call them Immortal Beast, and they are extremely terrifying, and their numbers are huge, their reproduction ability is extremely strong." "The venomous beast is a variant of demon beasts, and in Inverse Wonderland, because of the density and purity of the world's spirit energy, and the large amount of spirit herbs that are nourishing, another type of demon beast was born.

"Can the intelligence of a demonic beast reach such a level?" The amount of information Long Chen received today, was simply too much. He, who was born in a small place, was a little taken aback by this news.

Right now, there are two main forces in the Inverse Wonderland, the second is the Inverse Wonderland's Immortal Beast, and the second is the royal family of the Canyang Kingdom, the entrance to the Inverse Wonderland, is completely under the control of the royal family, and the royal family needs to fight with the Immortal Beast, in order to obtain a large amount of spirit medicine, and those who are lucky enough to enter the Inverse Wonderland, to execute royal missions, will become the fairyland godly guard, and the fairyland godly guard will often have injuries, and the royal family cannot make up for it, and can only recruit the youngest and most talented warriors from various places, joining the ranks of the fairyland godly guard, working for the royal family. In order to make it easier for Long Chen to understand him, Dongfang Xuanxiao explained in great detail.

"In other words, the most heaven-defying geniuses, and even those geniuses from the royal family, are gathered in fairyland godly guard's team?" Long Chen asked somewhat excitedly.

"You're only half right." Dongfang Xuanxiao was not afraid of attacking Long Chen, and directly said: "In the eyes of the imperial family, the so-called genius, first, is to break through the Heavenly Core and enter the Milky Way Realm. Second, one cannot be more than twenty-five years old, and Tianchen is already twenty-three, which means to say, the entire Yuanling County basically does not conform to the standards of a genius in the eyes of the imperial family. Long Chen, let me tell you this, the path of cultivation, is never ending. Dongfang Xuanxiao said in a serious tone.

His words were like a blow to Long Chen's head. Long Chen suddenly came to his senses, and hurriedly said: "Thank you foster father, I understand. I will not be a frog in the well. I am only satisfied with the current situation here in Source Spirit City."

"Mm, it's good that you understand. I have already finished explaining the matters regarding the City Lord's Mansion's battle. Also, I have something to ask of you today. " At this time, Dongfang Xuanxiao suddenly became incomparably stern. He looked at Long Chen with fiery eyes, and within his eyes, there was a trace of unease, but also determination. It was as if this was his only chance.

Long Chen was startled, because he also had one thing that he wanted to ask Dongfang Xuanxiao for, and that was Mo Xiaolang's matters.

Chapter 215 - Entering Azure Dragon Star

When Dongfang Xuanxiao finished talking about the fight for the City Lord's Mansion, Long Chen reckoned that he should ask for his help. But how could Dongfang Xuanxiao say such a thing? This stunned him for a moment, and he exchanged a glance with Yin Mengyao. After he understood the other party's intentions, Long Chen then said to Dongfang Xuanxiao: "If it's something that I can do, I will definitely go through fire and tread on water, and will not refuse."

Long Chen had always had a grudge, a grudge to repay. Mo Xiaolang had given him the Star Battle Physique and even helped him during the Great Demon Hunt. To him, this was a blessing, he had to repay this debt. Therefore, he was currently working hard to save him, and on the road of growth, Dongfang Xuanxiao had helped him even more. From the time of the Inner Race selection till now, Long Chen could not even count. Sometimes, he would also ask himself, why Dongfang Xuanxiao treated him so well, was it only because of appreciation?

"Let me first tell you all about my past." As he said till here, a trace of sorrow was hidden deep within Dongfang Xuanxiao's eyes. Both Long Chen and Yin Mengyao were caught red-handed.

"Father, speak. We are all listening." Yin Mengyao said softly.

Dongfang Xuanxiao calmed his emotions and asked: "In the Imperial City, you all only know that the Royal Family is the strongest power in the Canyang Kingdom, but even within the Royal Family, there is still a big rival, and that is the Demonic Palace, because we were notified by the Imperial Family, and the Demonic Palace is a force that does things in a ruthless manner."

"Demonic Palace? I have heard of this before, but it seems like the power is mainly in the vicinity of the Imperial City. We do not have it here, but the Demonic Palace is indeed very powerful, almost catching up to the Imperial Family. Yin Mengyao said.

"Twenty years ago, I did something stupid." Dongfang Xuanxiao suddenly said.

Starting with this, Dongfang Xuanxiao told another story of his own.

Back then, Dongfang Xuanxiao, who had the most limelight in the Lingwu Family, fell in love with a young lady from another country. It was only later on did he find out who the other party was, as she had quite a high status in the Demonic Palace, but this time, he had purely run away from home to play. However, the rebellious Dongfang Xuanxiao did not care about this at all. They continued to brazenly stand together, and did not expect that they would harm the young girl just like that. After the four clan leaders found out about her identity, they were worried about the punishments the imperial family would give her, so they sent his directly to the Star Demon Prison to wipe away the family's unpleasantness. By now, twenty years had passed.

This was also the reason why Dongfang Xuanxiao had yet to take a wife.

When this man mentioned about this past, his tone was extremely calm, but from his lifeless eyes, Long Chen knew how much pain he had suffered for the past twenty years. Long Chen remembered some of the things that Dongfang Xuanxiao had told him before, and felt a little sour in his heart. Yin Mengyao was a woman; This sort of perverse love, was originally something she yearned for.

"Long Chen, to be honest, I have done a lot of things for you recently. I even fought with the Clan Chief for your sister's sake, you will definitely doubt my motives, right?" After finishing his story, Dongfang Xuanxiao raised his head and looked at Long Chen with shimmering eyes.

Maybe you are holding the Inner Race Selection because you are looking for someone to do something for you, but I believe that you are optimistic about me, haha! "Su Yun laughed." That's true. Long Chen had picked him and Yin Mengyao out from the Inner Race selection precisely because he hoped that one of them could obtain the green dragon halberd s. Then, he could use the green dragon halberd s to save his beloved woman from the Azure Dragon Star.

"It's also because of this that my position in your eyes will plummet. I have a goal and I treat you well. You should be very disgusted with me, right?" When Dongfang Xuanxiao said this, he was a little perturbed.

"Don't think too much. I, Long Chen, am not an idiot, and I have taken care of him from the bottom of my heart. I could also see that, by the way, foster father, I have to tell you one thing ..." Long Chen had originally been worried that not only would Dongfang Xuanxiao not agree, but he might even stop him from asking Dongfang Xuanxiao for help in order to save the little wolf.

"What is it?" Dongfang Xuanxiao was startled.

"You know the Mo Xiaolang from the other clans right? He's my brother, and honestly speaking, the reason why I worked so hard to get the green dragon halberd was because I wanted to save him. And here we are asking for your help." Long Chen went straight to the point.

Although Dongfang Xuanxiao had a goal in mind at the beginning, the confession this time didn't affect their relationship in the slightest. Dongfang Xuanxiao made up his mind and said this only after he saw that Long Chen had already comprehended the Azure Dragon Battle Method.

"Mo Xiaolang obtained the Sky Wolf Blade." Dongfang Xuanxiao frowned.

"What does it matter?" Amongst the Five Divine Weapons, only the Sky Wolf Blade s have never been conquered. It is his luck that he was able to obtain it, for the things that the Lingwu Family cannot use, why must he hide them? " Long Chen persuaded.

"Fine." Dongfang Xuanxiao nodded his head, "Since we have already decided, we can't delay this any longer, we will make our move tonight."

Once everything was completed, Long Chen and Yin Mengyao looked at each other and revealed a faint smile.

After planning for so long, it all depended on tonight.

After discussing with Dongfang Xuanxiao, he unanimously decided to let Yin Mengyao stay here. On one hand, she was useless in saving him, and on the other hand, she wasn't strong enough. Thinking that she would drag them down, Yin Mengyao clenched her teeth and said: "Foster father, Long Chen, I am waiting for your good news!"

"Of course." Long Chen laughed, then began his journey together with Dongfang Xuanxiao.

It was not the first time Dongfang Xuanxiao had brought Long Chen into the Star Demon Prison. Long Chen trained diligently, so it was very normal for his to be in Star Demon Prison. At the door of the Heaven Martial Stage's Black Hole Vortex, Yan Honghai and the other three were still standing guard. When they saw Dongfang Xuanxiao appeared, they immediately bowed.

"We pay our respects to Master Xuan Xiao! "Young Master Long Chen!" And they also knew that Long Chen had exceeded their expectations and obtained the green dragon halberd. Most importantly, he had also comprehended the Azure Dragon Battle Method, used it, and directly defeated Dongfang Tianxing, who was using the Heavenly Core!

Therefore, the gazes they used to look at Long Chen were filled with admiration.

"Young Master Long Chen is only sixteen years old, yet he is able to reach this kind of realm. To you, I, Yan Honghai, can only say yes. " Yan Honghai laughed bitterly.

"Yeah, when I turned sixteen, forget about defeating Heavenly Core, I don't even know if I could even beat Earth Core Stage of the same level." A guard in red armor said. He was a guardian of the Vermillion Bird Family.

"The most important thing is that Young Master Long Chen managed to comprehend the Azure Dragon Battle Method in one day and used it in five days. Such a record, has not appeared in the Four Great Inner Race s since ancient times?" The White Tiger Guard sighed.

Thinking of Long Chen's heaven defying performance, all of them sighed repeatedly.

"I'll bring him to fragmentary domain, that planet with one hundred times gravity, for fear that he won't be able to handle it, I'll just accompany him there. Hong Hai, you guys continue guarding." After Dongfang Xuanxiao finished speaking, he looked indifferent as he led Long Chen directly into the Star Demon Prison.

Looking at their disappearing figures, the four men looked at each other, the red armored guard said: "Brother Yan, didn't Azure Dragon Ancestor say this before? As long as they enter Star Demon Prison, inform him immediately. "

"Okay, but why would the Old Patriarch want to know such news? Isn't entering the Star Demon Prison a very normal thing? " Yan Honghai was at a loss.

"Who cares? Just listen to what the ancestor says."

was a little nervous when he entered the Star Demon Prison and looked at the other thick and sturdy chain. But luckily, Dongfang Xuanxiao was supporting them.

"There's no time to lose, we need to hurry here as fast as possible, Long Chen, let me grab you." With that, Dongfang Xuanxiao grabbed Long Chen's arm and stepped onto the iron chain, quickly flying in the direction of Azure Dragon Star. His speed was indeed much faster than Long Chen's.

"On Azure Dragon Star, there are many prisoners locked up. The gravity on Azure Dragon Star is at least a thousand times greater. When you first entered Heavenly Core, it wasn't even daytime, but you would be directly crushed to death by it. With Heavenly Core at the small success stage, you can just barely move inside, and Great Perfection of the Heavenly Core can move freely within, but you absolutely cannot leave Azure Dragon Star, so after you enter, you have to be extra careful of Great Perfection of the Heavenly Core warriors. As long as you meet someone who can move freely, you must quickly escape, you have green dragon halberd, they won't be able to catch up to you! "

Long Chen nodded.

"As for Xuan Ming's outer appearance, I've already told you before, if you meet with around the same amount of people, asking about them would definitely not be wrong, and I wonder if Xuan Ming has been able to hold on all these years, for his Heavenly Core has already been at the small success stage."

Xuan Ming was exactly the person Dongfang Xuanxiao liked. Long Chen had two missions this time. One was Mo Xiaolang, and the other was Xuan Ming.

"When you have completed your mission, I will first lure Yan Honghai and the others away, then send Xuan Ming and Mo Xiaolang to the Mortal Core realm and leave through the passage of another clan. Their appearance will slightly change, and it will be difficult to find anyone from the other clans!" Dongfang Xuanxiao arranged.

The plan was perfect, with no loopholes. However, Long Chen's heart was inexplicably nervous. He felt as if they had missed out on something. However, they could not figure out where it was.

Dongfang Xuanxiao's speed was much faster. Roughly half an hour later, Long Chen had already felt a suction force start to pull on his body. In front of him, there were five of them altogether, all of which had a diameter of over a thousand meters. The five stars were similar to the stars in the night sky. They were extremely beautiful and full of visual shock.

At this time, Long Chen had also arrived at a fork in the road. There were five forks in the road that led to five stars. And here, the force of gravity enveloping Long Chen was approximately twenty times greater. It was still a long way off.

"Go ahead, I'll wait for you here." Dongfang Xuanxiao's eyes were filled with hope.

Chapter 216 - Xuan Ming

Under Dongfang Xuanxiao's attentive gaze, Long Chen stepped onto the iron chain heading towards Azure Dragon Star. The further in he went, the more gravity he felt on his body. Seeing that he was still a distance away from Azure Dragon Star, Long Chen was already enduring a gravitational force that was approximately fifty times stronger.

"It's time to take out the green dragon halberd." Long Chen's heart stirred, he took out the green dragon halberd from his Qiankun bag and held it in his hand. Under the contrast of the faint cyan colored starlight from the Azure Dragon Star, the green dragon halberd's surface circulated with a cyan colored light, as if something was flowing on it.

At this time, the green dragon halberd released a halo of light, which turned into a transparent ball of empty air, and enveloped Long Chen within. This halo could not be seen by others, and Long Chen could only feel its existence, because when this halo of light appeared, Long Chen suddenly felt that the gravity coming from the Azure Dragon Star, had completely disappeared.

"There must be some connection between the green dragon halberd and this Azure Dragon Star." Long Chen thought in his heart. Holding the green dragon halberd in his hand, he walked towards the Azure Dragon Star that was already close by. This star grew larger and larger in his eyes, and only after fifteen minutes did Long Chen finally ascend to this star. Because this star was relatively large, Long Chen could no longer feel the large range of the ground.

"How is this possible?" When he truly stood on the ground of Azure Dragon Star, Long Chen was stunned for a moment. The fragmentary stars and loess on the side of the fragmentary domain, were completely filled with grey rocks. Other than this grey rock, there was nothing else here, Long Chen really did not know how those people who were imprisoned here managed to leave this place alive.

"There's no time to lose, I'll go find Little Wolf and Xuan Ming first." Long Chen knew that he was pressed for time, he could not delay any further, and immediately rushed with the green dragon halberd. If not for this green dragon halberd, Long Chen would already be lying on the ground like a meat patty.

Within the Azure Dragon Star, there might even be some extremely vicious experts, so Long Chen didn't dare to make a scene, as he held the green dragon halberd carefully while walking. Fortunately, with Ling Xi's help, everything became much simpler. Ever since she had refined the Green Dark Soul Fruit, her soul perception had grown stronger once again. With her existence, Long Chen could avoid many dangers and find the person he was looking for.

"Xiao Xi, how was it?" Long Chen asked as he walked.

"There's no one around here. Under this gravity, almost all of those imprisoned here are dead." "Look ahead." Ling Xi said.

"Yes." Long Chen nodded, but there was some worry in his eyes. Mo Xiaolang's Heavenly Core was at the small success stage and could only barely move on this Azure Dragon Star. The possibility of him surviving seemed to be very small.

"Brother Chen, did you forget that he has a Sky Wolf Blade? I don't think he'll die." Ling Xi comforted her in time.

"Yeah, I know." Being lectured by Ling Xi made Long Chen feel a lot more relaxed.

After walking a while longer, Long Chen had already met two Great Perfection of the Heavenly Core warriors on the way. These two were wearing tattered clothes, and were no longer able to see their human forms, they were definitely extremely ferocious. If they found out that Long Chen had green dragon halberd, it would be very troublesome.

Thus, Long Chen could only carefully avoid them.

"Brother Chen, I feel that they are really pitiful. They have been stuck in this place for so long, this torture is simply too scary. If it were me, I would kill myself." Ling Xi's voice contained a hint of bitterness. She had probably thought that she was still in Ling Xi's sword, and if not for Long Chen, as her belief in living, she definitely wouldn't be able to hold on.

"Silly girl, stop it. Brother Chen won't let you be like this forever. Very soon, you'll be able to live happily like all the other girls." Seeing her sadness, Long Chen's heart ached.

"Your words are enough, I know you care about me the most, hehe" The worry on Ling Xi's face faded, replaced with a smile, and lightly said.

Long Chen also laughed along, but there was a heavy pressure in his heart.

"Brother Chen!" Ling Xi was suddenly pleasantly surprised as she said excitedly, "Two kilometers to the left of you, there is a woman currently sitting cross-legged. She is dressed in black and looks around thirty years of age. Moreover, it was an increase in the strength of his Mortal Core. It's about the same as your foster father's description, so it should be that Xuan Ming! "

"Really?" Long Chen was filled with surprise. On this Azure Dragon Star, those who could survive would normally only be at the large success stage of Mortal Core, and for those who were locked up at the large success stage, it seemed that there was only Xuan Ming who was a female warrior at that age.

"I can finally help him do something. With Xuan Xiao's personality, if it wasn't for him already obtaining a green dragon halberd once, without a seed of true qi, he wouldn't be able to use the green dragon halberd. He would have already killed his way over by now, and wouldn't have waited for twenty years." Thinking about it, Long Chen was also extremely excited. Xuan Ming was actually still alive. To Dongfang Xuanxiao, this was extremely good news.

Thus, Long Chen quickly headed towards that direction, at the same time, he did not forget to be cautious and prudent. Very quickly, he neared, and lay on the gray boulder. He sized up this woman, and the difference between her and other Great Perfection of the Heavenly Core warriors was, even though twenty years had passed, she was still very clean, and it was obvious that she had sufficient supplies.

Although she was really close to forty years old, she looked a little older than Liu Lan. She was about thirty years old, and her mature charm and captivating aura were undoubtedly exposed. Seeing her beautiful appearance, Long Chen was certain that she was Xuan Ming.

There was no one around, so Long Chen stood up and walked towards Xuan Ming with the green dragon halberd in his hands.

Sensing that Long Chen was near her, the woman in black suddenly opened her eyes. Immediately, a streak of black light shot out explosively, causing Long Chen to be unable to open his eyes.

"Who?" A clear and cold voice came out from the woman's mouth. She quietly stood up and looked coldly at Long Chen, and when she understood Long Chen's strength and the green dragon halberd in his hands, she was completely dumbstruck.

"I am Xuan Xiao's foster son. I'm here to bring you out." In order to avoid a misunderstanding, Long Chen's first sentence had already expressed his identity and goal. As expected, after hearing those words, the black-clothed woman, or in other words, Xuan Ming's body trembled. Those bright eyes of his, had already been filled with tears in an instant.

"He said he was sorry he was late." This was what Dongfang Xuanxiao had instructed Long Chen when they first entered. He had to inform her as soon as possible. Looking at this woman who was so excited that he couldn't even speak, Long Chen had all kinds of feelings in his heart.

Twenty years, twenty years, what sort of concept was that? From her teens to her thirties, this was the most brilliant age in a woman's life. However, due to the impulses of her youth, she had wasted her most brilliant and magnificent life in this desolate land. The only thing she could accompany her every day was these endless gray rocks.

Long Chen knew that Dongfang Xuanxiao had indeed let her down, and was extremely sorry, but Long Chen also knew that he had his own difficulties. He was born in a clan that did not have freedom, and on top of his head, there was a Milky Way Realm expert suppressing him.

"Profound Xuan Xiao" bit his lips, and Xuan Ming wiped the tears from her eyes. She looked at Long Chen blankly. This youth who suddenly appeared in front of her eyes was like a beautiful dream that had lasted for twenty years. She did not even know if this was a dream or a reality.

The deathly gray eyes gradually regained life. This entire process, Ling Xi's heart was sour from watching it. Long Chen could already feel that inside Ling Xi's sword, she was secretly crying. Women were born to be moved easily, Ling Xi was no exception. In the young girl's heart, love was just about to sprout. And such a tragic story of love, the impact it brought to her soul was like a huge wave in a storm.

"Let's go." Long Chen realized that he didn't know what to say either.

"Alright." Xuan Ming was also dumbfounded. She knew that if this was a dream, she would just follow it. Perhaps in the end, she would even be able to see the person he longed for.

"Oh yeah, I still have another brother who came here to save. His name is Mo Xiaolang, do you know where he is?" Long Chen asked.

When Long Chen mentioned Mo Xiaolang, Xuan Ming knew that all of this was not a dream, but reality. To her, Mo Xiaolang was an unimportant person, such a person would never appear in her dreams. Since he had appeared, it would be against the rules.

"This is not a dream. Wake up, do you know Mo Xiaolang? He is a fourteen year old boy, very delicate and pretty. " Long Chen knew what she was thinking.

"I'll take you to him." Xuan Ming said softly. It was unknown how long it had been since she had spoken, but now, she realized that she wasn't used to talking at all.

"Yes." "Thank you." Long Chen was pleasantly surprised, he would soon finish the mission.

Following Xuan Ming, Long Chen walked for a few more kilometers but did not say anything along the way. In fact, even Long Chen did not know what to say. Twenty years, I'm really too late. "

Xuan Ming remained silent for a long time before she finally said: "I don't know, I've hated him for a long time and I still want to kill him. But now, I want to leave with him, go far, far away, and let him use his next life to compensate me. The price that I have to pay this time is simply too much. He is a bastard. "

Long Chen was a little shocked in his heart. She wanted to kill him, but she also wanted to live a lifetime with him. Is this love? He, who had been wandering at the edges, had never known what love was. However, ever since she met Ling Xi, that absurd feeling she had had became stronger and stronger.

He continued to walk forward and after a while, Ling Xi who had recovered from her sorrow said softly, "Brother Chen, I can feel the aura of the little wolf. But he seems to be fighting. "

They were about to meet Mo Xiaolang, only then did Long Chen put aside the matter regarding Dongfang Xuanxiao. But, Ling Xi said that Mo Xiaolang was fighting?

Long Chen was shocked. On this Azure Dragon Star, there were probably not many initial stage practitioners with Mortal Core, and when fighting with Mo Xiaolang, it was very likely that they had reached mastery of Mortal Core. On this Azure Dragon Star, Mo Xiaolang could only barely move, and would probably become someone else's prey very easily.

Thinking to this point, Long Chen told Xuan Ming to follow along, and then quickly flew forward. Long Chen had the green dragon halberd now, so he did not slow down at all, so Xuan Ming was not able to catch up with him in a short period of time, but since Mo Xiaolang's position was close, he would not lose it.

Very quickly, two people appeared in Long Chen's field of vision. One of them was a sloppy-looking big man. Through the gaps between his messy hair, one could see his blood-red and insane eyes. His killing moves were extremely fierce and he wanted his opponent's life.

As for the other teenager, he was only fourteen years old, had bright eyes and sharp eyebrows, two eyes that seemed to shine like the brightest stars, a white face and a slim figure. Wasn't he the Mo Xiaolang that Long Chen met in White Yang Town?

Seeing him for the first time truly made Long Chen feel like he was dreaming. Back then, when Mo Xiaolang was in White Yang Town, her Heavenly Core was at the small success stage while Long Chen was at it. The enormous gap between them had not even been half a year when Long Chen had finally caught up. If Mo Xiaolang saw his achievements, he would definitely be shocked, right?

On this Azure Dragon Star, there was a gravity limit to the Great Perfection of the Heavenly Core, so Long Chen believed that by relying on the green dragon halberd, he could still fight with the Great Perfection of the Heavenly Core's practitioners to save Mo Xiaolang. However, just as he was about to make a move, Ling Xi suddenly said: "Brother Chen, this little guy, is already a Great Perfection of the Heavenly Core."

"What?" "F * ck me." Long Chen swallowed a mouthful of saliva, almost choking himself. Great Perfection of the Heavenly Core? This was the realm of Dongfang Xuanxiao, the realm of the Yuanling County's strongest warrior. This monster was only 14 years old, yet he had already reached it? Furthermore, he had conquered the Sky Wolf Blade ...

This was the first time Long Chen felt this defeated. He felt that he had caught up with his opponent, but when he raised his head, he saw that his opponent had ran away.

However, Long Chen was actually still happy for him. To be able to reach Great Perfection of the Heavenly Core and then leave this place, he could definitely release an even greater brilliance.

Since Mo Xiaolang was already at Great Perfection of the Heavenly Core, then Long Chen would not blindly join in on the fun. He hid to the side and watched quietly, without making any sounds.

The two of them fought to the death right from the start, the two didn't say anything between them, if it wasn't for the loud explosions during their fight, Long Chen would have thought that he was watching a pantomime.

After fighting for a while, Mo Xiaolang stopped in his tracks and took out a dagger. Seeing the dagger, Long Chen's eyes instantly lit up. This dagger looked like the teeth of some beast, with a silver wolf head on its head, two black gems embedded on its two eyeballs, and on the gems, a great power burst out, it was no weaker than a green dragon halberd.

"This is the Sky Wolf Blade? "She really is powerful." Long Chen secretly praised in his heart, at this time, Xuan Ming had already rushed over to his side, and watched the battle calmly.

"Have you finally taken out the Sky Wolf Blade? From today onwards, it is mine. " The big sized man's eyes erupted with a red light. Then, he released an even more powerful aura as he charged towards Mo Xiaolang!

Once the Sky Wolf Blade appeared, Mo Xiaolang's temperament became somewhat ice-cold. Without saying a word, the demon blade danced in his hand, and quickly disappeared without a trace. And right at this moment, a burst of cold light exploded from his eyes.

Pow!

The corpse fell to the ground!

"Genius." The only reason she knew Mo Xiaolang's position was because he was too monstrous, which was why she was paying attention to him.

Seeing that he had killed his opponent, Long Chen stood up. To be honest, he was feeling excited.

The two people whom he had not seen for half a year, at this moment, on this planet with a thousand times gravity force, their gazes suddenly clashed. One of them was just about to put away the Sky Wolf Blade, and the other was holding onto the green dragon halberd.

After seeing Long Chen, Mo Xiaolang's cold eyes instantly glazed over. With a ding sound, the Sky Wolf Blade fell to the ground, the tip of its blade deeply stabbing into the gray rocks.

"Long Chen?" This person who had appeared once in his own world, very similar to his older brother that he once worshipped, had appeared once again in front of his eyes under these extremely impossible circumstances.

"That's right, you must not have thought of it, it's me, the Long Chen you met at the White Poplar Town!" Seeing his incredulous gaze, Long Chen enjoyed it a lot. This was a silent praise for his achievements over the past six months.

"How is that possible? I shouldn't be dreaming, right?" Mo Xiaolang rubbed his eyes and realized it was really Long Chen. He swallowed his saliva and said with difficulty: "It's not right for you to be imprisoned too, these are green dragon halberd s."

"This is a long story, let me cut to the chase, today I came to rescue you out, there is not much time left, we should hurry to the iron chain first, when that time comes, you all should stand by my side, and let me carry you all away, so that you can escape from the shackles of Azure Dragon Star, and leave Star Demon Prison. If you have anything to say, let's talk on the way!" Long Chen said.

"Yes." Mo Xiaolang nodded his head obediently, the three of them were not the type of people who drag things out. With Ling Xi's sharp senses, they walked towards the direction of the iron chain, bypassing a few prisoners in the middle. If these people were to be released, it would definitely cause a huge commotion, thus Long Chen was too lazy to care about their lives.

Along the way, Long Chen told Mo Xiaolang everything he had experienced from Bai Yang Town to the Lingwu Family. After Mo Xiaolang heard this, he was speechless. In his eyes, was emotion and warmth.

"Long Chen, thank you. The reason I gave you the Stellar Body was only because I saw you being kind and kind. I never thought that I would receive such a reward from you today. If you have any difficulties

in the future, you must tell me. Mo Xiaolang was not one to get agitated easily, so even though he said such hot-blooded words, his tone was still rather calm.

But Long Chen knew that he had a fiery heart. It could be seen from his cold and murderous gaze just now.

"Now, when I call Yin Mengyao big sister, she has already said it, so how do you address me?" Long Chen saw that the teenager was unenlightened, and spoke shamelessly.

"Fine, since you're like my brother, Mo Xiaolang, and even your name is alike. Furthermore, you saved my life today, so it's not too much for me to call you big brother."

To be able to make such a genius call him big brother, Long Chen knew that he was also a heaven defying genius. In the future, with his protection, he would definitely be able to do whatever he wanted. But then he thought, wasn't it too embarrassing to have his own little brother protect him?

"Big Brother, in half a year, the speed at which your Second Stage of the Dragon-Meridian Realm has soared to now is more than five times that of mine back then. Before long, you will completely surpass me, so I recognize this big brother of yours. Mo Xiaolang laughed, revealing a mouthful of snow-white teeth. Although Mo Xiaolang had a wolfy personality, he was still no less than Long Chen. Regardless of whether it was his words or his demeanor, he was clearly a little sheep.

Long Chen looked at Xuan Ming at the side. At this time, Xuan Ming was looking at the two of them and a smile hung on his lips.

"What are you laughing at? My great mother?" Long Chen was in a very good mood. To be able to accomplish such a great thing and realize his own value was the greatest affirmation he had.

This term "foster mother" stunned Xuan Ming for a long time. After a long while, she finally spat out and said, "You crafty little fox, I really envy you two!"

"I'm also envious of the fact that some people want to marry a lover." Long Chen laughed.

"Since my big brother calls you mother, I will also call you mother." Mo Xiaolang also laughed in a daze. His smile was much more innocent than Long Chen's.

After twenty odd years, this was the first time Xuan Ming laughed.

"Can I ask you a question?" Xuan Ming's face had a look of worry.

"What?" Long Chen asked.

"Do you think I'm getting old?" Twenty years ago, she was a young girl who could shake the world. Twenty years later, after she was imprisoned for twenty years, she no longer knew that she had the exact same appearance as before, but would Xuan Xiao still be enchanted by her?

Because he cared, he wasn't confident.

Long Chen and Mo Xiaolang looked at each other, then said seriously: "I believe that foster father would definitely faint from happiness upon seeing you. With such a great beauty who could topple entire lives and still liking him, it's too late for me to envy him. You probably don't know this, but he's already over forty years old, and hasn't even gotten married and had children."

"I know, I knew it when you said foster son." Xuan Ming said softly.

Very quickly, they saw the iron chain. Long Chen had both Xuan Ming and Mo Xiaolang hang onto him, then with a stride, he rushed onto the iron chain. Without even looking back, he headed out into the starry sky.

I can finally say goodbye to this damned place.

With the green dragon halberd, the three of them were no longer affected by the thousand times gravity, and very quickly, they had completely charged out of the Azure Dragon Star, and followed the iron chain towards the fork in the road. The place behind them that Azure Dragon Star, the place where Xuan Ming had lived for twenty years, gradually shrank in size in their eyes, and Long Chen, who had finally completed his mission successfully, had a joyous look in his eyes.

Even though Xuan Ming and Mo Xiaolang did not say anything about this youth, their hearts were already filled with gratitude.

"Almost there. He's right in front. " Long Chen's words caused water droplets to swirl within Xuan Ming's eyes. After waiting for twenty years, his dreams had finally come true. How excited was she exactly?

When they reached the fork in the road, suddenly, an old and hoarse laughter sounded out in front of them. Long Chen's expression changed drastically, this voice, was clearly from Azure Dragon Ancestor!

"Azure Dragon Ancestor is in Star Demon Prison." This thought shocked Long Chen. This meant that there was a loophole in the plan. The plan that was supposed to succeed was about to be destroyed. Mo Xiaolang and Xuan Ming, who had fantasized about escaping, might not be able to leave, and Long Chen and Dongfang Xuanxiao might also receive heavy punishment!

It was not only Long Chen, even the complexions of Xuan Ming and Mo Xiaolang changed!

"Charge out first!" made a prompt decision without any hesitation. It should be Dongfang Xuanxiao fighting the Azure Dragon Ancestor alone right now, although it was useless against him, but he still had Xuan Ming and Mo Xiaolang.

After leaving Green Dragon Star, the two of them were even faster than Long Chen, especially after grabbing Long Chen, the three of them were like a gust of wind, rushing towards Dongfang Xuanxiao. Very quickly, they arrived at the fork in the road, in front of them, was Dongfang Xuanxiao, who was half kneeling on the ground.

The arrival of Long Chen and the others instantly attracted their attention. When Dongfang Xuanxiao turned around and saw the woman in black standing beside Long Chen, his eyes glazed over for a moment. In the past twenty years, he had never shed a tear. However, when he saw this young girl, both of them had aged, and he was no longer able to control himself.

"Big Brother Xuan Xiao." Xuan Ming's entire body felt as if he had been struck by lightning, he was not only controlling his own body. If not for Long Chen's support, she would have almost fallen off the iron chain. Below him was an endless abyss. If he fell down, he would definitely die.

"Ming Er!" Dongfang Xuanxiao roared. He, who had always been very steady, was now extremely excited. He rushed towards Xuan Ming, and pulled the woman into his embrace, and tightly hugged her. The strength he used was enough to cause even the veins in his hands to burst out. Xuan Ming hugged him tightly, afraid that he would disappear from her hands.

How deep must one's feelings and yearning be to have such strength? They hadn't seen each other in twenty years, but their feelings hadn't faded in the slightest. When Long Chen saw it, he felt very sour in his heart. He sympathized with them because in front of them, there was still one more obstacle, one that they could not overcome at all.

In Ling Xi's sword, the girl was already sobbing.

"If I were to be separated from him for twenty years, would he still remember me?" At this time, this thought was like a nightmare in Ling Xi's heart, she could not shake it off no matter what. This question was already carved into her soul, and would not dissipate even after ten to twenty years.

"What should we do?" The person who sent him to Azure Dragon Star was none other than Azure Dragon Ancestor, and right now, the Azure Dragon Ancestor was right in front of all four of them.

"Take the opportunity to act." Honestly speaking, Long Chen was very powerless in his heart right now. He was the weakest one here, so he could not help in any way. At this moment, he once again had an intense desire for power. As long as he was strong enough, today's matter would be easily resolved.

After twenty years of waiting, his dreams had finally come true, but this dream was also in danger of being shattered. Long Chen was very worried right now. Even more so, it was pain. Honestly speaking, he was not very willing to be called a foster father. In his heart, there had always been only one father, and that was Long Qinglan, the Long Qinglan who gave him the Mysterious Dragon Jade and made him into the Dragon Fighter. But Xuan Xiao had taken care of him so much, Long Chen had long treated him as a senior that was worthy of his respect.

And now, this elder was once again facing the most painful moment in his life.

Not being able to protect the person he loved the most was the hardest pain every man would ever experience.

However, Azure Dragon Ancestor did not understand at all, and at this moment, he said with a cold smile: "Xuan Xiao, with just your brain, you want to fight me? You have endured for twenty years, and thought that I have long forgotten about this matter, but you have forgotten one thing, and that is, I understand you, more than your damned old man do. Since you were young, your perseverance and patience far surpasses your peers, and you have never admitted defeat.

Dongfang Xuanxiao trembled. He did not turn around, but stroked the long hair of the woman in his embrace, and said with regret: "Ming Er, I'm sorry. I failed once again. But don't worry, even if I don't want my life today, I won't let you go back. "

"Big Brother Xuan Xiao, we will die together." Xuan Ming said firmly.

Looking at the woman who was thinking about it, Dongfang Xuanxiao nodded. Then, they turned around and faced the Azure Dragon Ancestor together, looking at him fearlessly.

With regards to their conversation, the Azure Dragon Ancestor laughed heartily as his face revealed a ridiculing look. He looked at Mo Xiaolang and said in shock, "Have we reached the Great Perfection of the Heavenly Core? Mo Xiaolang, you are the only one who promised me one thing, I can actually let you leave, but you have left it for me first, I will deal with this son of a bitch first. "

His eyes gradually turned cold.

Back then, I didn't dare to kill you, but now, your father should have long since forgotten about you. As for Xuan Xiao, I originally had great expectations for you, and thought that you could become an expert like your father, but twenty years later, you were still trapped by the inner demons and were unable to break through your Milky Way Realm. Even if you managed to break through, I think that I still wouldn't be able to use you.

Azure Dragon Ancestor's words were tantamount to the death sentences of Dongfang Xuanxiao and Xuan Ming. Hearing that, Long Chen clenched his fists tightly.

"Azure Dragon Ancestor", Long Chen gave birth to a strong killing intent towards this old man. Along the way, there were a few people he wished to kill even in his dreams, such as the High Priestess of the Red Blood Church, and this Azure Dragon Ancestor was also one of them.

"Brother Chen, I don't want them to die, they shouldn't die!" Ling Xi had long been moved by them, and also felt pity for them.

"If it's possible, Little Xi, I can't do anything either." Long Chen's words were filled with helplessness.

"Strength is still a problem. I have always been improving, but I have always been very weak. With this kind of strength, what is it that I have to bear?" If there comes a day when I face a situation like this with Xuan Xiao, what can I do? " In Long Chen's heart, he was also painfully struggling.

Milky Way Realm, when you speak of them, were truly powerless.

"Ming Er, I'm sorry. "I regret it now. If I had not walked together with you back then, I would not have caused you to suffer so much." Dongfang Xuanxiao stared at Azure Dragon Ancestor, his voice filled with heartbreaking pain.

"I never regretted it. Big Brother Xuan Xiao, when two people are together, if we have to suffer, then let it be, I don't care, I don't care even if I die because of you. " Their hands were tightly clasped together.

Their casual conversation made Azure Dragon Ancestor even angrier. He clenched his fists tightly and said: "Don't waste my time, you guys can attack together!"

Dongfang Xuanxiao and Xuan Ming had already finished their preparations. At this time, Xuan Xiao turned around and said to Long Chen: "Brat, I have implicated you this time, I am truly sorry, but when we make our move, you guys find a chance to slip away. Lingwu Family, you better not come back here anymore.

After he finished speaking, he did not care about whether Long Chen agreed or not. He held Xuan Ming's hand, and stood together with the Azure Dragon Ancestor of the Milky Way Realm! All of a sudden, a huge amount of energy surged, causing the entire iron chain to sway violently. The three of them danced around the iron chain, but they did not fall down because of it!

The battle between iron chains in the sky was also a huge learning!

"Big brother, you stay here for now, I'll go help!" Mo Xiaolang took out her Sky Wolf Blade and without saying a word, he rushed towards the Azure Dragon Ancestor to kill him!

With Mo Xiaolang's help, the two, who were originally in imminent danger, both calmed down a little.

"Three Great Perfection of the Heavenly Core and you want to escape from my hands? Dream on! the strength of your Milky Way Realm, can you guess it! Milky Way Realm, absorb the star power, and

create a Yinyang Tianhe in your body. I will let you guys experience the power of this Milky Way right now! "

After saying that, Azure Dragon Ancestor punched out again and again! Every punch was filled with destructive star power. This power was much more powerful than Long Chen's half a year ago, Falling Star Fist!

With every punch, the iron chain would shake greatly! The destructive star power and true energy fused together and the power of the combat skill that erupted was much stronger than the Divine Pill Realm. Amongst the three of them, the strongest Dongfang Xuanxiao actually faced his attack head on and spat out two mouthfuls of blood after a short fifteen minutes!

It was not Xuan Xiao's first time fighting with the Azure Dragon Ancestor, but his opponent's immense star power was still his nemesis. Xuan Xiao was currently using a high grade Profound Rank halberd!

"Azure Dragon Battle Method, Dragon Battle Star Field!"

This shout made the iron chain tremble even more fiercely. In front of Long Chen, rays of light shot out from the halberd, and with every ray of light, they turned into a small dragon, crazily surging towards Azure Dragon Ancestor. The roars, the billions of roars, contained a tremendous power.

"Your Dragon Battle Star Field is pretty good, you might not be able to catch up with Milky Way Realm's attack, but you don't need to use the strength of the Milky Way Realm!" Azure Dragon Ancestor laughed coldly.

Long Chen watched this scene in a daze.

"Is this the Dragon Battle Star Field? Xiao Xi, tell me, should I do something? "

Chapter 219 - Mighty Heavenly Sword Prison

The move of the Earth Tier Battle Skills was indeed very powerful. The dragon images that filled the sky directly forced the Milky Way Realm expert, Azure Dragon Ancestor, to retreat! However, very quickly, Azure Dragon Ancestor threw out a few punches, causing the sharp star power to shatter the Dragon Battle Star Field completely!

"Azure Dragon Battle Method, I'm much more familiar with it than you are. If I were to use the green dragon halberd, even you would not be my match when it came to Second Stage of the Milky Way Realm, let alone now!"

Azure Dragon Ancestor's hoarse laughter, made people's scalps tingle. Everyone understood what he meant, he was just messing with them, if he really wanted to kill them, he would directly snatch the green dragon halberd, and in a few moves, he would be able to get rid of them.

"Xuan Xiao, do you know the difference between you and me now? "Haha!" Just with a fist, Azure Dragon Ancestor forced Xuan Xiao and the others to retreat.

"Meteor Dragon Seal!" This high-grade Profound Rank attack directly collided with Dongfang Xuanxiao's attack, but Dongfang Xuanxiao, who was hit, spat out blood again, his face pale white. At this moment, his body was still in place, blocking the attack at the very front.

"Big Brother Xuan Xiao!" Xuan Ming's face was deathly pale as he supported him. When he saw that Xuan Xiao had already vomited black blood, he knew that his internal organs had been severely injured.

"I'm fine." Dongfang Xuanxiao immediately took out a few spirit medicines from his Qiankun bag, placed them into his mouth, refined them, and then forced himself up.

"Ming Er, we are going to lose our lives this time, think of a way to get Long Chen and Mo Xiaolang out." Dongfang Xuanxiao said as he rushed forward.

"Yes." "I understand."

At this moment, Azure Dragon Ancestor was fighting with Mo Xiaolang. However, he seemed to want Mo Xiaolang to do something for him, so he did not hit him hard. However, Mo Xiaolang was still in danger.

"It looks like the Sky Wolf Blade was tailor-made for you," Azure Dragon Ancestor teased.

"Old bastard, you're courting death!"

At this time, following Xuan Xiao's instructions, Xuan Ming had already rushed over to Long Chen's side. She meant that Long Chen understood that she was bringing him along to rush over.

Having his arm grabbed by Xuan Ming, Long Chen had no way of resisting. With Dongfang Xuanxiao and Mo Xiaolang desperately pressing down, and with the iron chain being so huge, Xuan Ming finally rushed over with Long Chen!

"Quickly run!" Xuan Ming put Long Chen down, instructed him a little, and turned to help Dongfang Xuanxiao. Without her power, Dongfang Xuanxiao and Mo Xiaolang could not hold on for long.

At this time, Dongfang Xuanxiao blocked in front of Mo Xiaolang, and welcomed the Azure Dragon Ancestor's attack.

"Little Wolf, take Long Chen and leave, we have no hope this time. You are still young, live well, and take revenge for me!"

He knew that if he kept on wasting time like this, he would only die without a single person, but now was a great opportunity. If he could bring Long Chen away, in the future, he would definitely have the chance to take revenge, and not all of them would die here!

"Lingwu Family, I will definitely return." When Xuan Ming came to his senses, Mo Xiaolang turned around and thought of leaving with Long Chen in his only chance, but when he saw Long Chen's blood red eyes, his heart trembled!

At this time, Dongfang Xuanxiao and Xuan Ming were in the hands of the furious Azure Dragon Ancestor, and after a few moves, they were all severely injured with blood flowing out of their mouths.

After all, Milky Way Realm were not things that could be dealt with using numbers.

"Long Chen, leave quickly!" At the critical moment, Dongfang Xuanxiao roared.

At this time, Long Chen's heart was in extreme pain. Dongfang Xuanxiao used his life in exchange for the chance to live, but Long Chen was powerless. He started to hate himself. When the hate was shown on his face, Ling Xi felt pain in his heart.

She had never seen him look so defeated.

This time, it was a huge blow to Long Chen.

"Brother Chen, to you, he must be very, very important, right?" Ling Xi stared intently at Long Chen, her voice trembling.

"Nonsense!" I would rather die than let them go! But I can't help it! I am weak, and I deserve to see it this way! Let them use their lives, and give me the chance to escape! I, Long Chen can only run away! "

"No!" Brother Chen, I don't want you to talk about yourself like that, you are not a coward! " Ling Xi's voice contained a hint of a weeping tone, but behind her, she became resolute and decisive.

"Brother Chen, I want to do one thing for you, but you promised me that you will remember me in this life, and will never forget me!" Ling Xi said resolutely.

"Xiao Xi, what are you doing?" Long Chen was shocked, but when he said those words, Long Chen realised that Ling Xi's sword had left his ear.

That moment of emptiness made his heart go cold.

"Xiao Xi, come back!" Long Chen knew that this silly girl must have felt the pain in his heart and wanted to do something stupid! Compared to Dongfang Xuanxiao, Long Chen was more concerned about him. Although he was not willing for Dongfang Xuanxiao to die, he was even less willing for something to happen to Ling Xi!

At this moment, Dongfang Xuanxiao and Xuan Ming were struggling in the Azure Dragon Ancestor's hands. Mo Xiaolang was about to bring Long Chen and rush out of Star Demon Prison, but right at this moment, a broken steel sword suddenly appeared out of nowhere and floated above Long Chen!

"What is it?" Azure Dragon Ancestor was shocked, and then he saw a white cloud appear within the sword. In the midst of the white fog, a beautiful young lady that could shake the world appeared. Towards the beautiful young lady, Azure Dragon Ancestor had already passed his age and no longer felt it, but seeing her beautiful to such an extent, made it hard for him to breathe.

However, the killing intent that came right after surprised him.

Because of this, Dongfang Xuanxiao and Xuan Ming were able to retreat, and escape danger. Ling Xi's appearance was unexpected, so they were also a little baffled. It was just that when Long Chen said Xiao Xi, she made them understand that the lady in the sword must be related to Long Chen.

Dongfang Xuanxiao clearly remembered that iron sword, it was Long Chen's earring.

"Could this girl be the reason why Long Chen wants the Green Dark Soul Fruit?" This thought surfaced in Dongfang Xuanxiao's heart.

It was because of the Green Dark Soul Fruit that Ling Xi had the ability to appear here. Back then after she refined the Green Dark Soul Fruit, she had told Long Chen that the current her could block one of the moves of a Milky Way Realm Ranker!

"Brother Chen, all of you run! We trapped him! "Only a quarter of an hour, don't let down my hard work!" Ling Xi decisively said these words and then, a huge aura erupted from her body. The Sword Qi covered the entire sky and even Dongfang Xuanxiao and the others felt their hearts throbbing.

But to Long Chen, this was a nightmare!

"Ling Xi! What are you going to do? " Long Chen's mind was currently filled with hot blood. Thinking of everything that would happen next, everything that he could not stop, his eyes filled with tears.

"I'm very happy to be with you for half a year. I still remember all your promises, return it to me in your next life. "I hope we can meet again in the next life. At that time, I will be your bride."

Ling Xi's words caused Long Chen's entire heart to spasm.

And at this time, Ling Xi's body seemed to have turned into a light source in the air, and without hesitation, one illusory sword after another formed beside her.

"What a huge sword Qi," Dongfang Xuanxiao and Xuan Ming looked at each other. They didn't even know what had happened.

Watching Ling Xi's figure slowly disappear into the sword beams, Long Chen felt a heart-wrenching pain. If he hadn't known what love was before, now that he felt it, this was the feeling of wanting to die.

The word "bride" was like a sword, piercing through his heart!

In the past, all of the membranes and ambiguity were shattered by this single word. This was originally a good thing, but there were no results.

At this moment, a quiet sound echoed through the void.

"Dream Return to the Mighty Heavenly Sword Prison!"

Whistling sounds completely drowned out Long Chen's line of sight as one sword image after another spun around, forming a prison made up of endless sword images, trapping Azure Dragon Ancestor within. Very quickly, the only thing left in the air was this quiet prison, and all of its brilliance had disappeared.

To Dongfang Xuanxiao, Xuan Ming and Mo Xiaolang, this was enough to make them stare blankly. But to Long Chen, this was a nightmare.

Everything disappeared. Azure Dragon Ancestor was trapped for a quarter of an hour. This period of time was enough for them to bring Long Chen, step out of Star Demon Prison, and then escape this Lingwu Family. But in Long Chen's heart, this was not what he wanted.

He searched frantically until he finally saw a pitch-black iron sword not too far away to his left. It was falling towards the endless void, and with that fall, it was time to bid farewell to Long Chen.

The scenes after he had been with Ling Xi, played back crazily in his mind, and had almost squeezed his head out of control. Their encounters, mutual protection and bickering, the happiness, anger, sorrow, conversation, and playfulness with each other, all seemed to be exactly what happened just now.

Long Chen laughed.

Without saying a word, he didn't care about Xuan Xiao's and Mo Xiaolang's gazes and immediately jumped into the endless abyss, leaving behind only one sentence.

"Father, if you waste a quarter of an hour of time, even as a ghost, I won't forgive you!" These words were like a heavy hammer that fiercely smashed onto the heads of Dongfang Xuanxiao and the other two. Dongfang Xuanxiao and Mo Xiaolang didn't easily shed tears, but this time, they really couldn't control themselves.

"Long Chen!"

"Big brother!"

The sudden appearance of Ling Xi, the fact that she was trapped and even her feet were able to jump out of the endless void was an unexpected accident for them. Dongfang Xuanxiao's heart was currently in great pain. Only by following Long Chen and jumping down, would he be able to free herself, but Long Chen's words and Xuan Ming at his side stopped him from doing so.

"Let's go." Under the immense psychological pressure, Dongfang Xuanxiao said these words while gritting his teeth.

Chapter 220 - Ancient Abyss Coffin

Cold.

It was bone-chilling cold.

While his consciousness was still blurry, the first thing Long Chen felt was a bone-piercing coldness. He gradually woke up.

"Am I dead?" He could clearly remember how fast his descent had been. It was fast to the point that Long Chen believed that as long as he hit a hard object, he would definitely be smashed into powder and not into meat patties.

At that time, his surroundings were endless darkness, he could not see Ling Xi nor could he see himself. He did not know whether it was worth it or not, but Xuan Ming had told him before that she did not regret it.

Long Chen also did not regret it.

He only thought, with it being so dark, what should he do if Ling Xi was afraid? If she dies, what should I do?

Long Chen still could not open his eyes. He felt as if he was floating in the water, and after struggling for a bit, he realized that he did not seem to have died. If he could feel the cold, he probably wouldn't die.

Only now was he able to remember that there was an end to this void. When he neared the end of the truth, he thought he would die. With such an incalculable speed, he was definitely going to die. At that time, the only thing he could grip tightly was the green dragon halberd in his hands.

Then, something warm seemed to have appeared from within the green dragon halberd, and wrapped around Long Chen's body. His speed decreased sharply, and then, a huge impact caused him to completely faint. Vaguely, he remembered only that he had touched water, cold water.

"The green dragon halberd saved me, so I fell from the Star Demon Prison into a deep pool underground?" Long Chen was finally able to sort out his thoughts. However, he was still unable to open his eyes for the time being, and could barely recall that he was still in the life combat technique of Origin.

With Gui Yuan, about a quarter of an hour passed before he finally woke up from his trance.

"Ling Xi!" Long Chen let out a roar, when he opened her eyes, she discovered that her entire surroundings were lit up. This deep pool was extremely clean, but it had a bone chilling cold. Long Chen's true qi had gradually recovered, but she could still feel it trembling a little.

The size of this deep pool was unknown. The sky was a pitch-black void. Faintly, there seemed to be five of the brightest existences present. However, they could only vaguely be seen.

"Those are the people from Azure Dragon Star," Long Chen said clearly in his heart.

This was the Ancient Azure Dragon Soul from the green dragon halberd s. When Long Chen had comprehended the green dragon halberd s, he had already seen it before, and at this moment, its body had shrunk a lot, and also became a lot more corporeal. In this pitch-black environment, it was precisely because of its existence that its body was emitting a misty green glow that illuminated a small area around it.

It was the warmth of its body that prevented Long Chen from dying from the cold while he was unconscious.

At this time, half of the body of the Ancient Dragon Soul had disappeared into the deep lake.

Long Chen looked carefully at this legendary divine object once again. As described in the ancient texts, the head resembled a cow, the horns like a deer, eyes like a shrimp, ears like an elephant, neck like a snake, abdomen like a snake, scales like a fish, claws like a phoenix, palms like a tiger, yes. It had 81 scales on its back, with a nine suns count. The sound was like a copper plate being caved in. He had whiskers, pearls under his chin, scales under his throat, and mountains above his head.

Long Chen knew that when he fell from the sky, it was the ancient dragon soul of the green dragon halberd that had saved him. Otherwise, even if he fell down into the deep lake, his body would have been smashed into pieces.

The Ancient Dragon Soul seemed to have regained its consciousness as it lowered its head and lightly leaned against Long Chen. The warmth of its body dispersed the coldness on Long Chen's body.

At this time, the Ancient Dragon Soul suddenly merged into Long Chen's body. A Green Dragon mark was left on Long Chen's palm, and information appeared in Long Chen's mind out of nowhere.

"It acknowledged its master?" This surprised Long Chen. The green dragon halberd recognized Long Chen as its master, which meant that unless Long Chen died, this object would always be his. This kind of recognition of master can be different from the recognition of green dragon halberd because of the inheritance of the Azure Dragon Ancestor.

"You are the first important weapon in my journey, the green dragon halberd." Long Chen said indifferently.

The green dragon halberd was not far in front of Long Chen's eyes. Long Chen put it into his Qiankun bag, and then carefully studied the information that appeared in his mind.

"The green dragon halberds are actually divine weapons from the Earth Stage Medium, and are even stronger than normal divine weapons from the Earth Stage Medium. Moreover, there is a portion of Earth Stage Medium combat skills hidden within, and not just a single Earth Tier Battle Skills!"

Long Chen finally understood that the two moves of the broken yellow spring was only the foundation of the real Azure Dragon Battle Method. The real Azure Dragon Battle Method was a combat skill from the Earth Stage Medium, and the Dragon Battle Star Field in it belonged to the category of an early stage Earth Stage. What Long Chen had obtained were other Earth Tier Battle Skills, and they were all combat skills from the Earth Stage Medium, which were even more powerful than the Dragon Battle Star Field!

"A divine weapon with Earth Stage Medium actually appeared in a place like the Source Spirit City, and there's even this set of battle skills with Earth Stage Medium!" Long Chen was a little excited. He knew that the people of the Dongfang family definitely did not know of Earth Stage Medium's combat skills, because other than the true ancestors of the Dongfang family, no one else had actually gotten their green dragon halberd to recognize them as their master.

Long Chen was in no hurry to cultivate.

After taking back the green dragon halberd, the surroundings became dark once again. With Long Chen's current eyesight, he was still unable to see his five fingers clearly. The recognition of a master by the green dragon halberd did not take up too much time, and what Long Chen cared about the most right now was Ling Xi's life and death.

"At that time, Ling Xi used the Mighty Heavenly Sword Prison to trap the Azure Dragon Ancestor. She must have returned to the Ling Xi Sword, fell down, and also fell into this deep pool. She must still be alive, I must find her!"

The name Ling Xi, had already been engraved in Long Chen's heart.

Long Chen had wrapped his True Qi around him, but he still felt his entire body shivering. However, in order to find Ling Xi, what did this bit of coldness count for? Even in the Star Demon Prison, he didn't hesitate to jump down, let alone this mere deep pool of cold water.

"Ling Xi and I are about the same position, although this deep pond is big, it should be nearby." As Long Chen thought about this, he dove into the water. The deeper he dove, the colder it became and his vision became even more blurry. However, Long Chen did not retreat far because of this.

Falling from such a height, and using the Mighty Heavenly Sword Prison that trapped Azure Dragon Ancestor for fifteen minutes, Ling Xi had probably exhausted all of her soul energy. Even if Long Chen found the Ling Xi Sword, the possibility of her survival was still very small. Because at this moment, Long Chen was close to tears.

The deeper they descended, the colder Long Chen felt. Logically speaking, this pool should have been frozen long ago at this kind of temperature. But weirdly, Long Chen didn't even see the slightest bit of ice dregs.

Fortunately, Long Chen had already felt the existence of the lagoon. Otherwise, it might be difficult for him to hold on any longer. Even in his current position, he was trembling all over, his lips turning blue from the cold.

"Xiao Xi, where are you?" Long Chen gritted his teeth and dove deeper again. If Ling Xi fell, he could only fall to the bottom of the deepest pond.

Gritting his teeth, he quickly reached the bottom of the pool. When he came in contact with the bottom of the pool, Long Chen suddenly froze.

"What metal is this?" He could acutely feel that the pool bottom was not the ground but some kind of unknown metal. The hardness of this metal was beyond Long Chen's knowledge.

However, the bottom of the pool was metal. What was this?

At the bottom of the pond, Long Chen knew that he would not be able to hold on for long, but there was something strange about this place. He continued to search for Ling Xi and instantly focused on the metal at the bottom of the pond. After he circled around the area a little, he was finally extremely shocked.

"There's actually a black metal coffin at the bottom of this endless pool?" Furthermore, this coffin is so big, and even its width is over two hundred meters.

At this time, Long Chen had already floated up to the surface of the water. Because he could not resist the cold, he had no choice but to come up to take a rest.

His eyes revealed shock and astonishment. Previously when he was searching for Ling Xi, he had paid attention to the issue of the metal sword. Walking on the metal ground, Long Chen discovered that there would be a depression in the ground ahead of him, and after swimming over, he discovered that there was real soil underneath. When he turned around, he realized that the bottom of the lake was actually the upper surface of a coffin.

The reason he knew that this huge object was a coffin was because Long Chen had studied its shape before deciding on it. However, what exactly was such a huge coffin used to hold? Why did it appear here? What is this place?

A string of questions caused Long Chen to be completely confused.

Most of the areas where I fell down were on the metal surface of the coffin. If Ling Xi's sword were to smash into the soil, with its sharpness, it would probably penetrate who knows how deep into the ground. If it was in the coffin, it would be easy to find it, but would Ling Xi's sword break because of this?

Although Ling Xi's sword was filled with strangeness, but it seemed that the coffin was not bad either?

Long Chen's heart was filled with worry, he could only go deeper into the pond, because he had this coffin, so the range of his search would first be set on the coffin. This way, his search would be much more orderly.

Finally, after appearing above the water surface nine times, Long Chen finally saw Ling Xi's sword. At this time, Ling Xi's sword had stabbed into the hard metal surface of the coffin, leaving behind only its hilt, but Long Chen knew that it was Ling Xi's sword.
