

War God 2111

Chapter 2111 - Phantom Dragon's Tomb

Long Chen did not care about their opinions long ago, hence he only teased them like this.

To be honest, if it weren't for the issue of his bloodline, he would have been in a miserable state right now. Ye Yushi and Feng Zhu were so ruthless, so why would it matter if he only teased them a little?

Hearing this, Feng Zhu was stunned.

Long Chen sneered and suddenly remembered these words. He looked at Ye Yushi with a ridiculing smile and said: "I say, Lieutenant Ye, I seem to remember that you once said that if I could leave this place unscathed, what would you do? Do you want to call me grandpa three times? "Haha."

Ye Yushi could not tolerate it any longer, she remembered what she had said to Long Chen, and was so angry that her face had turned green, and her chest was heaving non-stop.

Long Chen vented his resentment and continued to speak: "Although it's Lieutenant Ye who is a man of words, calling me grandfather would make things too difficult for you. Forget it, can you just call me hubby three times instead? No matter what, we've had intimate contact, haven't we? "

"Shut up!"

The wind candle was about to go crazy.

In their eyes, Long Chen was a heaven defying existence. He dared to enrage the two lieutenants like that, did he really want to fight with the two lieutenants?

It had to be known that these two lieutenants were at the late stage of the Six Paths of Samsara!

Furthermore, it was a strong Dragon Fighter!

These were all characters that had emerged from the countless experts!

Just because he was the son of the Eternal Dragon Emperor, he dared to be so arrogant?

Everyone began to curse loudly.

Long Chen felt helpless towards these people, if they had been sent into the Heavenly Blood Hell for ten days, they would have known what it would feel like, if not for the fact that Long Chen knew that his current fighting strength was inferior to these two, he would have beaten them to death long ago.

"Shut up! Shut up! What qualifications do you have to talk to me? Scram!"

Long Chen wanted to piss him off.

The wind candle was about to explode, he finally could not take it anymore and rushed towards Long Chen. The strong killing intent made all the onlookers immediately disperse, and under the guidance of the powerful force, the energy shook and everyone was sent flying.

Violent winds raged, and boundless flames!

The wind candle was a wind fire candle dragon, while the wind fire candle dragon was a high level divine dragon.

Although the bloodline wasn't particularly strong, but having cultivated to the late stage of the Six Paths of Samsara, it could be said to be quite good. It was about the same as the sky-upholding wooden dragon that was on the bright star back then. Long Chen was currently fighting against an expert of the Wood Desolate Realm.

However, he did not have the mood to fight against this wind candle.

"Great Wind Song!"

The wind and fire merged together. There was a fire in the wind, and within the fire there was a wind, and within the wind there was a wind, and within the fire there was a wind, and the fire and wind mixed together. The surrounding space was controlled by Feng Zhu as trillions of wind and fire gathered to form a single point, condensed to become a green fire and wind hand, and tore towards Long Chen!

"The Tempest of Time!"

Long Chen retreated a distance, waving his hand and sweeping out with it. The tempest immediately rushed towards him, with his current abilities, it was already extremely terrifying, but even with such an attack, he was still unable to destroy the Big Wind Song.

"Die!"

Relying on his own strength, Feng Zhu was so angry that he wanted to kill Long Chen.

Long Chen gave a cold laugh as he fled into the river of time, and quickly swam away. In the blink of an eye, he disappeared from everyone's sight, and Feng Zhu's attack also hit empty air.

Feng Zhu, who was originally a fanatic, suddenly became stupefied.

"Where did he go?" Ye Yushi's face was still ashen. She looked around and realized that Long Chen had completely disappeared, and even with her ability, she could not find him.

"Little Sister Shi, I ..."

The wind candle was embarrassed.

His violent attack had actually failed to hit his opponent.

"You what you, trash!"

Ye Yushi was about to go crazy with anger.

Feng Zhu was even angrier, and being called trash in front of so many people. This made him even more miserable.

"She's right, you're a piece of trash. Look, I've made some breakthrough with Lieutenant Ye when I first arrived, but you can't. Have you touched her little hand before?"

Long Chen reappeared again, and said with a cold smile.

Letting the weaklings in his eyes tease him was the most infuriating thing he could do, and he had nowhere to vent it on.

"You're courting death!"

Ye Yushi couldn't help but take action.

Long Chen was too lazy to bother with her.

Everyone was amazed.

Long Chen immediately escaped into the long river of time and travelled secretly, leaving all of them behind and allowing them to cause trouble. He just needed to find a place to quietly cultivate.

Far behind him, Feng Zhu and Ye Yushi were looking for him. They attacked angrily, but mostly in the air.

"Two boring people."

Long Chen shook his head.

"You've become quite a nuisance lately."

Li Xuanji said with a gentle smile in the new world.

She had seen everything that had just happened, Long Chen had only been teasing them, only taking revenge on them.

"Yeah, life is lonely. We have to have some fun."

Long Chen looked in every direction and in one of the corners, he found Meng Qingqiu. He was standing there, curiously looking around, as if he was also looking for Long Chen.

"What secret do you think this fellow has?"

Long Chen said as he left.

"I don't know, but he should be a cunning person."

Li Xuanji said.

Long Chen was too lazy to bother with him. After being taught a lesson, he had learnt his lesson, and would not be tricked like this anymore. If not, he would have to leave this place, or beat the two lieutenants into submission.

He suddenly stopped in his tracks.

When he looked up, he could see that the space in front of him was almost at the boundary of this sphere. It was blood-red in color, as if there was blood seeping out from it.

"What's wrong?"

Seeing him lost in thought, Li Xuanji asked.

"I seem to have seen something."

Long Chen muttered.

The scene on the blood-red soil seemed to become clearer. Suddenly, a scene appeared on top of a bloody ground. Blood-colored clouds were floating in the sky and a blood-red moon was standing proudly in the sky.

On the bloody ground, there was an endless sea of blood-red sand. As the sand swept past, huge skeletons appeared one after another. These were the skeletons of the divine dragon. They were all buried in the bloody sand.

Further up ahead, there were tombstones that reached into the clouds. They were extremely ancient and were covered in godly dragon scales ...

"Where is this place?"

"Why would I see this place?"

Long Chen was stunned.

"I didn't see anything."

Li Xuanji interrupted.

"Hmm?"

Just as she finished speaking, Long Chen blinked his eyes, only to realise that everything in front of him had disappeared, there was only the blood colored mud. When he got closer, he realized that there was nothing behind the mud.

"What did you see?"

Li Xuanji asked.

"It seems to be the Slaughter Dragon's Tomb. "But it disappeared."

"Oh, you might be a little special, but I don't see anything."

Li Xuanji laughed as she shook her head.

However, after a thorough investigation, he found nothing.

He did not understand why he could see such a scene ...

Maybe it had something to do with his Primordial Blood Dragon's Inherited Blood Essence ...

"Forget it. I'll go back and cultivate."

However, the matter with Ye Yushi still needed to be resolved.

On the other side, Ye Yushi and Feng Zhu were already exhausted from their attacks, they panted heavily, and the people beside them also looked at each other in dismay. They naturally knew that Long Chen was very capable, even if the two lieutenants were strong, they probably wouldn't be able to do anything to him.

At this time, Long Chen appeared before their eyes.

His expression became serious as he said, "Don't be anxious, both of you. Talk to each other properly. You won't be able to find me no matter how hard you try." "Don't waste your energy."

"Die!"

Ye Yushi angrily rushed over.

Long Chen easily dodged, and said in a clear voice: "It's just futile. I'll be direct. This time, as long as the smart people know, you two girls were the one who framed me, because I'm Long Qinglan's son, you two aren't used to it, right? It was you who framed me, and then you even locked me in the Heavenly Blood Hell. Such a heavy punishment, it should be enough to vent your anger, right? Don't think that I don't know what will happen to the Heavenly Blood Hell! The humiliation that I have given you all with my words cannot even compare with the conspiracy and maiming you have done me! "That's why I said it like this!"

At this time, Feng Zhu and Ye Yushi stopped.

Although they did not like Long Chen, but they had to admit that Long Chen would not lie. With regards to the two girls from before, when they thought about it carefully, it was indeed a trap.

Long Chen emphasized his tone, and continued: "Coming to the Dragon Tomb Army is not my own choice. I have been arranged to stay here for ten years, and I have never thought that I would have to go against everyone here, so I will forget about today's matter. We can't do anything to each other anyway, but if some people still don't know how to stop their attacks, and still think too highly of themselves, it would be best to clearly see how much weight they have. I might not be able to beat you guys today, but you guys are definitely not my match within three months, so don't doubt my words! Three months ago, I think I was still no match for Jiang Ming, but now, what can you do about it? "

It was about time.

"Thus, if you wish to attack me again, it would be best for you to consider clearly. Do you have the ability to do so?"

He was arrogant and disdainful. This was his personality, and also his strong point.

To this day, he was someone who could frighten others with his words. Even the two lieutenants were no exception!

As he said till here, Long Chen couldn't be bothered to pay attention to them, and instead walked towards his own residence, which was also where Wang Liang resided.

Ye Yushi and Feng Zhu actually looked at each other. By the time they had the thought of not letting Long Chen act arrogantly, Long Chen had already disappeared from their eyes.

"Little Sister Shi, we ..."

Feng Zhu coughed dryly, his expression ugly.

"Trash!"

Ye Yushi glowered at him and waved her hand as she left. Feng Zhu immediately chased after her.

The people who stayed here were truly enlightened.

"I never thought that the son of the Eternal Dragon Emperor would be able to scare the two lieutenants."

"A natural born superior is not something we can compare to. But what he said about surpassing the two lieutenants in three months should be bragging."

"I think so too."

Chapter 2112 - Coincidence

When he returned, Wang Liang was at the entrance, trembling as he looked at him. With wide eyes, he asked, "Dragon Long Chen, are you the son of the Eternal Dragon Emperor?"

When Long Chen sat down, he said awkwardly: "About that, I actually think that the Eternal Dragon Emperor is not as bad as they think, but you still have to be more careful in the future. It's said that there are a lot of people who want to find trouble with you, huh."

Long Chen didn't think that this Wang Liang could still think for his sake, it seemed that the only person who didn't hate him after arriving here was the old man in front of him.

"I'll remember it. I'll be careful in the future."

Long Chen said with a smile.

He was prepared to devote his entire body and mind to cultivation.

At this time, Wang Liang looked left and right. After he realized that there was no one around, he quietly walked to Long Chen's side and whispered into Long Chen's ear, "Long Chen, let me tell you a secret. You must not trust Lieutenant Meng too much."

"Oh?"

If the other party wanted to tell him about Meng Qingqiu, it would be very risky.

This old man knew that he was almost dead, so he didn't think too much about it. However, for him to be able to say such words to him while taking the risk showed that he truly was a kind-hearted person.

"Why do you say that?"

Long Chen asked softly.

Wang Liang sighed, and said, "In fact, I am a lot older than him. His deeds in the Slaughter Dragon City, basically, I already know that he is a tactful person. He looks rough, but in his heart, he is extremely quick-witted." There have been a lot of people in the past few years. Let's take the most recent matter as an example. "

With Meng Qingqiu so close to him, Long Chen felt that it was necessary for him to understand this person.

Wang Liang said in a low voice, "Lieutenant Meng's original inherited blood essence is only from a super divine dragon. It was not the Ultimate Dragon Inherited Blood Essence that he had. I heard that his Inherited Blood is from a warrior who just joined Slaughter Dragon City in the young Dragon Palace. "

Long Chen asked curiously: "Was it that warrior who gave it to him?"

Long Chen knew that if he wanted to obtain other people's inherited blood essence, the other party had to be willing to give it to him, but even if he was willing to, it would be very harmful to his body. Most people would not choose to give their blood essence to others, unless they wanted to continue the inheritance.

Wang Liang shook his head in disdain, "Of course not, during that time, he was assigned to the young dragon palace to guide its cultivation. They came into contact with an undiscovered successor of the Ultimate Dragon and used all sorts of methods to steal his inherited blood essence. They even killed him. "

Long Chen glared at him.

If that was the case, then this Meng Qingqiu was truly despicable.

He was clearly a genius. Coming to the Dragon Slaying City with ambitions, yet meeting someone like Meng Qingqiu. Not only had his blood essence been stolen, he had even lost his life.

"He is truly inhumane!"

Long Chen frowned.

At the beginning, he had a good impression of Meng Qingqiu, but now, it was getting worse.

It is said that he is related to the commander of the Dragon Tomb Army, which is why he is so arrogant and despotic. He is a pity about the young dragon that just joined the Dragon Slayer City; it is said that it seems to be an ordinary type of super dragon, but there are special instances where it becomes the divine dragon of a Ultimate Dragon.

"Primordial Devil Dragon?"

Long Chen suddenly felt that this name was a little familiar.

The countless pieces of memories in Long Chen's mind gathered and a tall and burly man in black clothes emerged from Long Chen's memories. That was Su Muchen from the War God's Ancient City.

His inherited blood essence came from the Primordial Devil Dragon.

Primordial Devil Dragons were usually supreme divine dragons, but they were also a special case of Ultimate Dragon s ...

Back then, when Su Muchen had just arrived at the tribulation of reincarnation, he had told everyone that after the war between the gods, he would join the Five Dragon Cities. And at that time, he seemed to have said that what was suitable for him was the Slaughter Dragon City.

Meng Qingqiu had stolen the blood essence of one of the young cultivators from the young dragon palace and killed him.

When these series of memories connected together, Long Chen's entire person froze.

"Um, Long Chen, what happened to you?"

Wang Liang nervously asked, seeing his strange expression.

However, Long Chen thought back to the first time he met Meng Qingqiu. At that time, he felt that Meng Qingqiu gave him a very familiar feeling.

Su Muchen!

This guy was very fair and loyal, even if Long Chen killed his two younger sisters, he would still be able to stand on the side of justice and give himself a chance. He was a very magnanimous person, but 80% of the warriors who had been stolen by Meng Qingqiu were him!

For a moment, the anger in Long Chen's eyes flared up.

He could not tolerate such a thing happening. Every single time he had conversed with Su Muchen back then, it had always surfaced in his mind, but if he had not arrived here before, he would have died a terrible death!

He suddenly stood up.

"Long Chen, you ..."

Wang Liang was extremely nervous. He did not know where he had said the wrong thing, and had angered Long Chen.

Long Chen took a deep breath to ease himself up, then said: "There's nothing much I need to do, I just suddenly remember that I haven't done anything yet, so I'm going out for a while."

After he finished speaking, he quickly left.

"What's wrong?"

Li Xuanji could naturally sense his abnormality.

Long Chen said: "The person Meng Qingqiu killed was most likely someone I know."

"Are you going to look for him? You are not a match for these peak stage Six Paths of Reincarnation warriors, not to mention that your opponent is a Ultimate Dragon! "

Long Chen thought for a while, then said: "It's fine, he doesn't dare to kill me."

Long Chen always had his own rules. If it was really Meng Qingqiu's doing, then no matter what, he would make him pay with his blood.

Although it was said that Su Muchen had nothing to do with him.

At that time, when he was stronger than Long Chen, he had held back against Long Chen several times, and he had even helped him before. But because of this, Long Chen was completely unable to do anything about it!

He knew that Meng Qingqiu was there.

He wanted to seek justice for Su Muchen. He could not tolerate a young man who pursued the martial way, who was filled with respect and respect, who had joined the Five Dragon Cities, meeting such a tragic end!

But before he could confirm this, he had to endure it!

Long Chen tried his best to reconcile himself with Meng Qingqiu. When he got close to Meng Qingqiu, he had almost recovered to his normal state.

"How did you know I was here?"

Meng Qingqiu suddenly stood up with an embarrassed smile.

Long Chen laughed, "Brother Qiu, did you know that I was imprisoned in the Heavenly Blood Hell?"

"These two guys are too reckless. I just came back today, so if I was here, I wouldn't have let them do this. Luckily, you are fine, so I am relieved. However, I can promise you that the same thing will not happen."

From his words, Long Chen knew that Meng Qingqiu was not a good person.

He laughed dryly at the two of them and walked directly into Meng Qingqiu's palace. He said, "It's rare to have time today. Let us brothers have a good chat."

Meng Qingqiu's eyes turned. He did not know what Long Chen was doing, but he smiled and said, "Of course you can, sit down."

Long Chen went straight to the point, and asked: "Brother Qiu, can you go to the Young Dragon Palace once? I want to ask for your help. "

Meng Qingqiu said, "So it's such a small matter?" "Of course you can, just tell me, what do you want me to do?"

Long Chen laughed coldly in his heart, but he still said: "Actually it's a very small matter. I previously had a very good brother in the Dragon God Domain, and after I went to the Spirit God Realm, he joined Slaughter Dragon City. He should still be in the young Dragon Palace now.

Long Chen squinted as he stared at Meng Qingqiu.

Meng Qingqiu laughed out loud and said, "This is easy, I can just ask someone who runs errands to send it over. Your identity is very sensitive right now, so it would be best if you didn't run around. "

After saying that, he said, "Just give me the thing you wanted to give me. Also, what is the name of your brother?"

Long Chen's eyes revealed a cold light. He stared at Meng Qingqiu and spoke word by word, "Perhaps Brother Qiu knows him, or even has interacted with him before."

"Oh?" Meng Qingqiu laughed involuntarily. He thought Long Chen was joking, with his noble identity, how could he interact with someone from the young dragon palace.

At this time, Long Chen looked straight at Meng Qingqiu and coldly said, "Brother Qiu must know him. His name is Su Muchen!"

He gritted his teeth and said the two words.

When he heard the name, Meng Qingqiu maintained his smile, but very quickly, it froze into shock. When he saw the fierce look on Long Chen's face, he forced out a laugh and said, "Alright, I'll remember it."

From his expression at that moment, Long Chen could more or less guess that it was him!

Long Chen slowly stood up from his seat and stared coldly at Meng Qingqiu, his eyes filled with killing intent.

"Brother Long Chen, what's this?"

Meng Qingqiu stood up as well, her eyes twinkling nonstop.

Long Chen sneered: "I'm fine, I just want to ask, is my brother's corpse still there? His Primordial Demon Dragon Ultimate Dragon Inherited Blood Essence, did you enjoy using it? "

Su Muchen's eyes trembled.

Long Chen was already so sure that there was no use for him to quibble any further. Meng Qingqiu's actions had already betrayed his heart. His face stiffened for a long while, and after a long while, he finally said lightly, and said very coldly: "That Su Muchen, is he really your brother?"

Sure enough, he had already admitted it.

Long Chen replied: "Whether it is important or not, what is important is that you deserve to die!"

Hearing that, Meng Qingqiu felt helpless. "Long Chen, I don't want to have any conflicts with you.

Chapter 2113 - Entering the Dragon Tomb by Error

Meng Qingqiu was a smart person. He knew that Long Chen had terrifying innate talent, going against him in the Dragon Slayer City was simply courting death. For example, he thought that Feng Zhu and Ye Yushi were just courting death.

He did not want to have any conflicts with Long Chen.

It was just that he did not expect that he would coincidentally bump into Long Chen because of something he did not do previously.

Meng Qingqiu became serious, and said, "There is no point in you fighting with me, I have never provoked you because of your status, I have always taken care of you, as for Su Muchen, I can only say that I am regretful because I did not know you at that time, otherwise I would not have done such a thing."

Although he did not think of the conflict, from his tone, it was clear that he was fearless.

Long Chen's chest was long drowned in flames, the more he thought of Su Muchen back then, the more furious he became, especially that fearless Meng Qingqiu in front of him, which was even more unbearable.

He suppressed his anger and asked in a deep voice, "I only ask you one thing. Is he dead? If not, where is he now?"

Feeling Long Chen's fury, Meng Qingqiu sighed helplessly. He took two steps back and said, "Unfortunately, I originally wanted to give him my super divine dragon legacy blood essence, but he was too stubborn. If he still wanted to cause trouble, I could only end him."

Bang!

To Long Chen, this was like a bolt out of the blue.

The two of them stood ten meters apart, feeling the edge on Long Chen's body, Meng Qingqiu said helplessly, "Forget it, I apologize, but what has happened has already happened. I can't do anything, I hope you can give me a chance to make peace, as a condition, I will use the power behind me and the power behind me to give you my greatest help. "What do you think?"

"Shut up."

Long Chen gritted his teeth and said.

He knew that it would be difficult for him to defeat Meng Qingqiu at this time. After all, he was a Ultimate Dragon.

"If you want to make peace, then forget about it. That's impossible. Just you wait. In a short while, I will definitely take your life."

This was also what Long Chen told Su Muchen, his respected opponent.

He definitely wouldn't have the ability to handle this matter for any reason. The damned must die!

After saying this, Long Chen strode outside in large strides.

"Wait."

Meng Qingqiu gave a cold snort.

His hands rolled in the air as six streams of energy swept up around him. The space around him distorted, and six worlds vaguely appeared beside him. It was the boundless world, huge and vast, and was also a part of Meng Qingqiu's power.

Boundless devil energy swept over his body.

"To be honest, I really don't want to clash with you. If you have any conditions, you can ask me. I am convinced, but it would be best to forget about Su Muchen, otherwise, it's impossible."

Long Chen laughed, he looked at the power of the six stages of reincarnation and asked: "Are you trying to scare me? "Then let me tell you directly, as long as you don't kill me, one day in the future, you will die by my hands. The problem is, do you dare to kill me?"

He was a proud man, and even now, he disdained scheming against this person. He only cared about revenge.

"If that's the case, then I have no other choice."

Meng Qingqiu chuckled. It was at this point that he actually attacked.

"The Genesis Demon World!"

The surrounding space had been sealed, trapping Long Chen in a spherical transparent space with demonic energy surrounding him. Under Meng Qingqiu's control, Long Chen's entire person was surrounded by the Beginner Devil Realm as he flew in the direction of Meng Qingqiu.

"We should calm down and have a good chat."

Meng Qingqiu said.

He combined the power of the six paths and fused it with the power of the Demon World. The Demon World was incomparably sturdy.

I'm at the late stage of the Six Paths of Samsara. At this moment, I can combine the six powers of the Six Paths of Samsara into one, making the power even stronger. Even if you can kill Di Sheng, you can forget about coming out of this place. The gap between us is just this wide. "

"Is that so?"

Long Chen did not panic. He suppressed the hatred at the bottom of his heart and asked: "But what's the use of you imprisoning me?"

Meng Qingqiu said, "We can discuss this properly and come up with your conditions. As long as I can do it, I will not decline. As for Su Muchen, it's best to forget about it, it's not good for both of us. Also, your relationship with Su Muchen isn't so bad that you need us to break up, right? "

He didn't want to have any conflicts with Long Chen, so he earnestly discussed things in front of Long Chen. However, Long Chen didn't even want to bother listening to him. Hatred was hatred, revenge was revenge, and it would not disappear just because of the other party's enticement. Although Long Chen's relationship with him was not deep, even if he were to die, he had to give Su Muchen an explanation.

He couldn't let Meng Qingqiu, who tried to kill the weak, get away scot-free.

"Long Chen, there are really no benefits to doing this, why don't you give us a chance, and give us a path to survival?"

By the end of his speech, Meng Qingqiu was already on the verge of going mad.

Long Chen coldly looked at him but did not say anything. Who could change the decision that he had made?

After talking for a long time, Meng Qingqiu was about to collapse. He shook his head and said, "You still haven't figured it out, so I'll just let you calm down for a while. If you're still not enlightened in the end, I might really have to do extreme things.

After he finished speaking, he walked out, and let Long Chen think about it carefully.

He had planned to imprison Long Chen in this world until Long Chen agreed to his request.

Only after he left did Long Chen open his eyes.

"What are you going to do?"

Li Xuanji asked.

"The wicked are unable to escape this calamity. I don't care about this moment. He was still afraid of me. Of course, if I still persisted, he really might just kill me and silence me. After all, who wouldn't want to die? As long as I break into this demon realm, he won't be able to do anything to me, and he'll even have to live in anxiety! "

Recalling Su Muchen's sincere eyes, Long Chen couldn't help but feel uncomfortable for him.

"Sigh, is this fate?"

He actually died just like that ...

His plan now was to break through this demonic world.

Long Chen tried to use the God Slaying Sword to slash a few times. As expected of the power that the Six Paths of Reincarnation had, it was many times stronger than the one that Di Sheng had. With the toughness of the demon realm, the God Slaying Sword was definitely unable to cut through it.

"Let's try using the Blood Spirit Spikes!"

His body suddenly turned. Before transforming into a dragon form, he could transform into a tiny Blood Spirit Spikes.

Blood colored tornado swept out!

In the center of the tornado, there was a blood-colored spike that was incomparably sharp, and its spinning speed became faster and faster. In the blink of an eye, it had already set off a massive storm, sweeping up the entire Blood Demon World and causing it to tremble.

"What's going on!"

Meng Qingqiu, who was not far away, heard the voice and was immediately alarmed. He rushed towards Long Chen, but at this moment, Long Chen had already unleashed his Blood Spirit Spikes, piercing towards the edge of the Beginner Devil Realm!

Before the Blood Spirit Spikes could pierce into the Beginner Devil Realm, it had already charged into the crack in the space and instantly disappeared. The entire Beginning Demon Realm was completely unharmed, but Long Chen had completely disappeared, and even that hole had also disappeared.

When Meng Qingqiu rushed over, he was just in time to see Long Chen disappear.

He stood rooted to the spot, looking at the Genesis Demon Realm. There was nothing in the Genesis Demon Realm.

He removed the body of the Demonic Beginning World and looked around. Long Chen had long since disappeared without a trace, and when he thought back to what happened earlier, he immediately took out the Star Talisman.

Using the Star Talisman, he contacted a grand character.

"Father, something has happened."

Meng Qingqiu said nervously.

"What is it?"

A stern voice came from the other side.

Meng Qingqiu said, "Earlier, didn't you tell me to bring that Eternal Dragon Emperor's son to the Heavenly Blood Hell? Didn't you tell me to not fight with him and let him be tormented by others?"

The other party said, "Just say what happened."

Meng Qingqiu then stammered and recounted what had happened today.

"This can only be considered as a coincidence, so I can't blame you. Are you trapping him now?" The other party said.

Meng Qingqiu said, "That's the problem. I just left for a while and he desperately tried to break through the realm, but he failed. It seems like he tore open the barrier and entered the necropolis of the Dragon Slayer!"

"What?"

The other party was shocked.

"Do we need to discuss this matter to the three Dragon Emperors? After all, this little guy was extremely important. If there is any accident in the Slaughter Dragon Tomb, I will not be able to take it. The Slaughter Dragon Tomb seems to be very dangerous. "

In front of this man, Meng Qingqiu spoke with the tone of a child.

The other party went silent for a moment, then said: "Alright, there's nothing else. I'll have the subordinates of the Slaughter Dragon Tomb to bring him out, there's no need to drag him to the Dragon Emperor."

Meng Qingqiu said anxiously, "Father, what should I do? If he advances so quickly, will he really come looking for me one day and fight me to the death? "

The other party scolded, "You trash, you're not even a hundred years old brat! What's the use of me giving birth to you? "

Meng Qingqiu smacked his lips. "If you can't even compare to the Eternal Dragon Emperor, how can I compare to him?"

The person inside cursed for a long time before saying, "Forget it. I'll discuss this with Bloodlust and transfer you to the Blood Dragon Army. Afterwards, we'll move you to the south to control a Blood Dragon Army squad. I'll let you go and hide for a while."

Hearing this news, Meng Qingqiu shouted, "Really? That's great, I'm finally free, haha! "

The enemy's talisman was cut off.

Meng Qingqiu gritted her teeth, and her eyes shone with a sinister light.

"To actually let me escape for you, Long Chen, I really wish that you would die in the slaughter dragon tomb!"

Chapter 2114 - The Celestial Yin Land

"This place is ..."

Long Chen's Blood Spirit Spikes stabbed into empty air, causing him to be unable to release his power. This made him feel extremely uncomfortable, and he almost lost control of it.

With great difficulty, Long Chen finally managed to recover and gently landed on the ground.

The ground was filled with dense blood-colored sand. Following the gale rolling, Long Chen looked around and actually noticed that wherever his vision could reach, it was all blood-colored sand.

The endless sands of blood were endless.

Violent gales surged, and blood sand danced in the air. A wave of desolation assaulted their senses. This was definitely an ancient place. It has tens of millions of years of history, perhaps even longer history.

Long Chen looked around and finally confirmed his position.

"This is the Tomb of the Dragon Slayer!"

Long Chen said to Li Xuanji excitedly.

Li Xuanji exited the Divine Kingdom. Her long black skirt danced in the fierce wind, and her snow-white round skin was faintly discernable. She also looked at her surroundings blankly and asked. "Why did you come here?"

Long Chen shook his head and said, "I don't know either. However, I am certain that the Dragon's Tomb is located in the vicinity of the Heavenly Blood Hell. I might have triggered some sort of condition to come here, which is why I have seen this place before. "

"Oh, look over there."

Looking in the direction indicated by Li Xuanji's slender hands, she saw that at the furthest end of the sky, there were tens of thousands, and even millions of streams of air rising into the sky. The color of

these streams of air were all different, and the appearance of each stream of air was as though they were a long divine dragon.

"What is this?"

Li Xuanji covered her lips and asked softly.

Long Chen shook his head and said: "I'm not sure, but there are a lot of auras of Divine Dragons in that direction. If this is a dragon's tomb, then there should be buried the Slaughter Dragon City's Divine Dragons!"

Seeing this place, he was actually very excited in his heart, because this was the place Long Qinglan had been to before. It was also one of the most mysterious places in the Five Dragon Cities, the place where countless divine dragons had rested for long periods of time.

Only Dragon Fighter with Seven Stars tribulation of reincarnation and above could be buried in the Dragon's Tomb after their deaths. This Dragon's Tomb contained the remains of countless super strong divine dragons since the Primordial Era; the number of them was simply incalculable. If all the strong practitioners within it were to be resurrected, it would be several hundreds of thousands of times the number of Five Dragon Cities's Seven Stars tribulation of reincarnation and above!

This was an endless fortune, and it was also the place where their ancestors went to rest for the longest time. Therefore, no one was allowed to enter the dragon tomb in Five Dragon Cities, as even the Dragon Tomb Army existed, and within the Dragon Tomb Army, only Dragon General with a Seven Star tribulation of reincarnation or higher was qualified to guard the dragon tomb.

Long Chen surveyed the vast world, feeling at a loss.

"What should we do? How should we get out?"

Li Xuanji asked him.

Long Chen thought for a moment, then said: "Don't be anxious, there are experts stationed at the Dragon Slayer City, they will definitely help us get out. It's not easy to come in here, let me take a look around. "

He looked up and saw millions of streams of air rushing up into the sky, condensing into a single point. In that direction, countless divine dragons were roaring like rolling thunder, and Long Chen couldn't help but want to find out what that point was.

"I'll accompany you!"

This place was undoubtedly quite dangerous.

But Li Xuanji still said that.

"Let's go."

Long Chen held her hand as they walked through the crimson colored sand. He did not forget about Meng Qingqiu, as well as his own strength. Long Chen would naturally go and take care of him, but his priority right now was to see exactly what was going on here.

About half a day later.

Li Xuanji suddenly stopped. She closed her eyes, her eyelashes trembling slightly as she said, "I seem to have sensed the existence of this place."

"What is the Land of Heaven and Yin?"

Li Xuanji opened her eyes and revealed an excited expression: "That is a Sky Yin Seed that was born during the Primordial Era, after millions of years of condensing, absorbing the surrounding Yin energy, it has formed a lake made from pure Sky Yin energy. This killing dragon tomb is a land of evil and Yin energy, so it is the place with the heaviest Yin energy, thus it is possible to create a Sky Yin Land, and with my current constitution and the Heavenly Dao of cultivation, if I can get close to this place, the benefits are great, maybe I can help you a little."

It turned out to be a good place.

Li Xuanji was also the same as Ling Xi. She also desired to do something for Long Chen, not because it was Long Chen who always protected her at all times. Thinking back to the first time they had met, Long Chen was miles away from her ...

"Which way?"

Long Chen asked anxiously.

To him, Li Xuanji's matter was his own.

"Follow me."

Li Xuanji smiled and changed his direction, bringing him towards a side of the dark green haze in the distance. In that direction, a cold wind was blowing like a ghost. It was extremely frightening.

The entire sky was filled with this kind of airflow, this airflow was emitted from the tall and ancient dragon tombs, and in the end, it condensed into a point in the sky. That point was a drop of liquid, and the droplets were all of different colors, and it was as if a world was hidden within it, and people of all shapes and sizes were living their lives inside it.

It was an illusory and real world.

In the surroundings, every few tens of thousands of meters, a tombstone that was over a thousand meters high would appear. The tombstone was deeply engraved with the names and achievements of the dead, and these were all existences that had been famous for tens of thousands of years. There were countless dragon souls surrounding each tombstone. These were soul fragments left behind by the tombstone's owner. They were fragments of the origin soul. The fragments emitted a faint light as they moved around the tombstone.

The entire slaughter dragon tomb was filled with such dragon soul fragments.

However, all of the dragon souls did not dare to touch the rising airflow, much less fly up into the sky. Otherwise, they would have been attracted by the droplet and then swallowed.

"The Reincarnation Poison has appeared again!"

In the middle of the Dragon Tombs, there were a few old men who were happily patrolling. To say it was a patrol, would be more accurate to say it was three steps, these people were all General Long Mu of the Dragon Tomb Army in the Dragon City. At the very least, they were all at the Seven Star tribulation of reincarnation and were extremely powerful, which was why they were given the important task of guarding the Dragon Tomb!

"Every time the Reincarnation Poison appears, we have to be terrified. If we get even slightly infected, no matter who it is, our souls will go to the heavens, and even the Dragon Emperor wouldn't be able to withstand this reincarnation poison."

The few elders sighed as they looked at the center of the countless streams of air in the sky.

"Speaking of this thing, it is really strange. After the deaths of hundreds of thousands of powerful tribulation of reincarnation warriors, the corpses and shattered souls converged together, and along with the transformation of the broken moon, all of the dissipated perception and heaven's way became one with the mysterious power of heaven and earth. It took one hundred thousand years to form a single drop of Reincarnation Poison, and the process of forming it is extremely difficult. Even the Dragon Emperor did not dare to touch it, and could only wait for the poison to dissipate by itself. "

"Once this drop of Reincarnation Poison dissolves, we'll probably have another five hundred years to live. In five hundred years, we won't have to worry about anything anymore."

They chuckled.

The life guarding the killing dragon tomb was actually very easy.

Just as everyone was chatting, someone suddenly took out an astral rune and said, "I have instructions. Don't talk for now."

He communicated with the person across him for a moment, then cut off the Star Rune and said, "It seems that the Eternal Dragon Emperor's son accidentally broke into the Heavenly Blood Hell, and ordered us to quickly find him and bring him back."

Upon hearing this news, everyone found it hard to believe.

"With his strength, how could he possibly come in?"

"Whatever, we're already in here. The Killing Dragon Curtain is not a place he should be. Quickly find him and get him out."

"What a troublesome little guy, it's not enough to cause a ruckus outside, and now he's even running to the Dragon Slaying Tomb. Does he really think that the Dragon Slayer City is his family's fault?"

"I don't understand either. This little guy is so dangerous, and he's even the son of an ancient sinner. In the future, he will definitely not be a good person. The three Dragon Emperors actually protecting him, I have a feeling that we are leading a wolf into a house."

"He actually came here? After we capture him, I should be able to give this guy a lesson, right?"

The crowd started to disperse, and informed everyone that all the Dragon Tomb Generals who were slaughtering the dragon tomb had scattered, and began to search for Long Chen.

At the same time, Long Chen had already gotten closer to the 'Celestial Yin Ground'.

The more he came here, the colder the surroundings became, to the point that it surpassed the coldness of Mo Xiaolang's Nine Hell Devil Ancestral Fire. The sand on the ground had turned black, and the surrounding Yin Qi was swirling. The chilly wind was howling, and the dark green gas was sweeping everywhere.

"We're here."

Li Xuanji's voice hid her happiness.

A lake appeared in front of him. The lake was not big, and its diameter was only around ten meters, and its depth estimated that it was only a meter. The lake's water was pitch-black, and Long Chen could feel that it was definitely extremely dark and cold.

Even with his Divine Dragon Body, being here made the cold to the point of shivering.

However, Li Xuanji's physique was special. She had a divine spirit as her master, and the fact that she could resist the coldness of this place was not out of Long Chen's expectations.

The two of them stopped by the lake.

"This is the place."

Li Xuanji revealed a satisfied smile.

"Just by standing here, my strength is increasing."

She told Long Chen this.

"Then stay here a little longer."

Long Chen laughed faintly.

"Can I?"

Li Xuanji asked.

"Of course."

Long Chen felt the surrounding Sky Yin Qi converging on him, enveloping his entire body, and starting to invade his body. The masculine Absolute Beginning Divine Spirit had started to resist, and at this time, a force quietly appeared within his body. It was silent and weak at the start.

Long Chen was stunned.

"Is this a Yin Mo? "My Two Elements of Calamity is about to descend!"

The reason for the sudden appearance of Yin Mo must be due to the attraction of the Heavenly Moon Continent!

Chapter 2115 - Demonic Yin Descend

The surroundings were a bloody fog, and only the sky before him was filled with a black fog.

The lake was surrounded by the burning of cold black flames. The flames were floating in the air like the flames of ghosts, producing sizzling sounds and causing changes in the yin energy of the sky.

Li Xuanji took a few steps forward, and the heavenly Yin Qi covered her entire body, enveloping her within the black clouds. She gently extended her finger, and bent down to touch the lake formed by the heavenly Yin Qi.

She let out a little cry.

Long Chen hurriedly stepped forward.

She turned around and gently waved her hand, saying, "It's nothing. I just touched it a little, and I actually improved a lot. If I had the chance to cultivate here for a year, my progress should have been at least a hundred times faster than what the Dark City has."

"What a magical place."

Long Chen looked around.

He still did not know the current situation, so he did not make a decision first.

The surrounding Yin energy was constantly recovering in his body. Although it had ignited the Yin Devil, it was very likely to increase the power of the Yin Demon, causing Long Chen's Two Elements of Calamity to become extremely terrifying.

He was an Ancestral Dragon, so any tribulation would be much more terrifying than others. Therefore, he was not afraid in his heart. If it really wasn't possible, then he would return the favor, so there was no need to worry.

At this rate, in two or three days, Yin Mo will erupt.

"You can go in and give it a try."

Long Chen said.

He stood to the side, guarding.

"Yes."

Li Xuanji nodded. Her cold and pretty face became especially enchanting when compared to the cold flames.

Right at this moment, Long Chen suddenly took action. He instantly arrived at Li Xuanji's side, grabbed her delicate hand, and said: "Enter the Divine Kingdom!"

Li Xuanji did not hesitate at all and immediately entered the middle of the Divine Kingdom of Long Chen. Long Chen swam quickly, instantly entering the state of Time Traversing Dragon.

"What's going on?"

Li Xuanji did not know what had happened.

Just as she was asking, two old men suddenly appeared in the sky above the Heavenly Moon Continent. These two old men were looking down at them with flickering eyes.

Li Xuanji finally understood that someone was coming.

"It's the slaying of the people from Dragon City."

Now that Long Chen was using the Time Traversing Dragon, it was very difficult to find him within the Six Paths of Samsara, but the experts of the Seven Stars tribulation of reincarnation who possessed the power of Spirit Realm were not sure. Therefore, Long Chen did not dare to move.

He held his breath.

The two elders looked down suspiciously. One of them said, "We just noticed movement here. Why is it gone now?"

"Let's go down and take a look." Another old man immediately went down.

Seeing them approach, Long Chen was a little nervous. If it was just the beginning, he didn't care much, but if the people here found out, they would definitely bring him out. But now, he really wanted to stay here for a while longer, because this was his chance to break through the second stage of tribulation.

Furthermore, this place was extremely important to Li Xuanji.

Therefore, he didn't want to leave that quickly.

The surroundings were completely silent, with only black clouds rising from the ground.

Seeing that the other two were getting closer and closer, and that he himself was about to be seen through, Long Chen felt very helpless.

At this time, they stopped at a high altitude and surveyed their surroundings. One of them said, "It seems that we were mistaken. This is a land of Yin. That kid can't even come here, there's no one below."

They were the top experts of the Seven Stars tribulation of reincarnation, possessing the power of the Spirit Realm, and were extremely confident in themselves.

One of them waved his hand: "Let's go to other places. It is possible that he has run away."

After saying this, the two of them swiftly disappeared.

"It seems like they've already received the order to take me out of here."

Long Chen thought.

As soon as the other party left, he did not immediately move. Instead, he continued to wait in silence.

About a quarter of an hour later, the two elders appeared in the sky above the Tian Yin Field.

They looked around and said, "There's really no one here."

"It seems like we were wrong."

Only in this way would they be able to leave in peace.

If Long Chen had thought that they had left and made a move, he would have been caught.

"He's finally gone."

Two hours later, they still did not appear again, so Long Chen was sure that they had gone to another place. To be honest, the Slaughter Dragon Tomb was too big, it was not easy to find someone, especially for someone like Long Chen who knew Time Traversing Dragon.

Li Xuanji also came out from the Divine Kingdom.

"Hurry up, improve as much as you can. I will also try my best to resist Yin Mo and strive to enter the realm of tribulation stage of the second phase within three days."

Long Chen said to Li Xuanji.

"Okay, pay attention to your safety."

Li Xuanji took in a deep breath and she gently floated upwards, slowly heading towards the center of the lake. The rising Sky Yin Qi coiled around her body into a thick cocoon, surrounding her curvaceous body. Then, the dark green ball of mist started to sink into the lake. What Li Xuanji wanted was to cultivate in the lake, which would allow her to speed up her cultivation.

After confirming that she was safe and stable, Long Chen sat down cross-legged around the lake and protected her while he monitored and controlled the Yin Devils that were born in his body. With the nourishment of the Sky Yin Qi, the power of the Yin Devils would grow.

Only then would the Two Elements of Calamity truly descend.

The Yin Mo did not belong to him, but Long Chen was observing this miraculous power. His Yin Mo was different from the others as well, at this moment, within his body, within the meridians, a dark green dark energy started to gather, forming a new meridian system in his body. It was as if another person was born in his body, Long Chen felt its light trembling, as if it was a new life.

"Yin Mo is the other one, the Two Elements of Calamity is to defeat the other one and control the other one. "Control the dark energy that you lack!"

As for Li Xuanji and Ling Xi, they needed to control the yang demon.

This other dark self was growing in his body.

Power that was the complete opposite of his would gather in his body and take effect in two to three days.

Long Chen closed his eyes and waited for time to pass.

Li Xuanji's lower body was in the middle of the lake while her upper body was outside. Countless amounts of yin energy rose up and entered into her body, her skin started to change to a dark and cold color, but it did not affect her beauty at all. Instead, it made her look even more bewitching.

Roughly two days later, Long Chen personally watched the Yin Mo birth, and in the end, when the Yin Mo grew to the point where it was almost able to contend against him, Long Chen concentrated.

Inside his body, the black demon energy formed his complete meridians and the void of bones, as if there was a complete person hidden inside his body. Long Chen could even hear his sneers, and he celebrated his birth. He was the opposing Long Chen, so the power of that yin devil actually contained the might of a divine dragon, or even an Ancestral Dragon. On the black colored power of the yin devil, there was always a black devil dragon emerging from within, which was extremely strange.

"Phew!"

Long Chen took a deep breath, he knew that the Two Elements of Calamity was about to descend.

His Yin Mo was a thousand times more terrifying than others!

At this moment, he heard a delicate cry.

"Xuanji!"

Long Chen suddenly opened her eyes, only to see that Li Xuanji's entire body was covered in black, the Sky Yin Qi had already completely taken over her, even his lips had turned pure black, a deadly and cold Qi was coming straight at his, her expression was extremely ugly, her eyes trembling as he looked at Long Chen, asking for his help.

"She must have been in too much of a hurry and accumulated too much Yin Qi in her body, breaking her control."

Long Chen quickly understood what was going on.

On one hand, he seemed to have given her some pressure, making her anxious to become stronger. On the other hand, he guessed that she had made some mistakes.

Long Chen was so concerned that it was chaotic. He instantly forgot about the matter of the Yin Devils, rushed to Li Xuanji's front and said: "How can I help you!"

"Hold me!"

While Li Xuanji was feeling a little uncomfortable, her beautiful face was already filled with black Qi.

In this place, even Long Chen was trembling a little, but he did not hesitate. He immediately pulled Li Xuanji's slender hand and pulled her out of the lake, immediately dropping her onto the ground.

Her complexion looked a little better, but she was still dazed. The power within her body was destroying her body. As though he was in more pain, Long Chen followed her orders and pulled her into his embrace. Only then did he realise that her body was frighteningly cold, the boundless Sky Yin Qi was like a myriad of beasts that were rolling around in her body.

"Hold me tight."

Li Xuanji exhaled a breath of cold air.

She was currently in a daze, grabbing Long Chen like a lifesaver. A pair of arms tightly wrapped around Long Chen's waist, and her nails pierced into his flesh.

To her, it was the only warm thing around her.

Warm, fiery, full of security.

The overflowing Sky Yin Qi had finally found a outlet to vent and pounce towards Long Chen. Long Chen suddenly felt as if he was holding onto a ball of Sky Yin Qi, this extreme yin energy was extremely tempting to him, and he couldn't help but pounce forward, wanting to rub the person in his embrace into his own body!

And at this time, the Yin Mo awakened. Long Chen felt as if a pair of empty eyes appeared within his body, filled with malevolence and greed. It opened its mouth, and sucked all the Sky Yin energy from Li Xuanji's body into its own body.

Chapter 2116 - Internal Battle

Long Chen suddenly had a feeling that he had broken a dam.

In the beginning, he had never expected that such a situation would occur, the Yin Demons themselves were practically on the verge of descending. When something happened to Li Xuanji, it caused too much of the energy stored within her body to rush towards Long Chen, and all of this cold and sinister energy was devoured by the Yin Demons that were born in Long Chen's body. The Yin Demons' power was originally still under Long Chen's control, but it had instantly changed!

The cold and sinister energy instantly invaded Long Chen's body like a torrential sea!

The heavenly yin aura was a heavenly treasure.

Yin Mo was born and absorbed the Sky Yin Qi. It was very difficult to resist, the power from nothing began to increase by leaps and bounds!

"Long Chen, I ..."

Li Xuanji's eyes were blurry, and her body was trembling slightly. Of course, because of Long Chen's approach, she was slightly awake, but the Sky Yin Qi was once again drawn out, causing her pain, but this was not the strangest thing.

"What's going on!"

Long Chen actually noticed that Li Xuanji, who was in her arms, was actually gradually becoming illusory!

Gradually transforming from a physical body into pure Sky Yin Qi, little by little, it appeared in front of Long Chen.

"Long Chen!"

Li Xuanji let out a last cry before instantly transforming into dark-green colored clouds.

Under the terrifying devouring powers of the Yin Demons, Li Xuanji turned into mist and rushed into Long Chen's body, gradually becoming assimilated by the Yin Demons.

What he was worried about was whether or not Li Xuanji would merge with the Yin Demons, and even die forever. This made him almost explode from anger, but he did not have the power to stop this from happening!

"Long Chen, I'm fine but your Yin Mo controls me inside your body."

Just then, Li Xuanji's voice sounded out in Long Chen's mind.

She had actually fused into his body, fused with the power of Yin Mo!

This sort of thing was simply unbelievable.

But as long as she was not dead yet, Long Chen heaved a sigh of relief.

"It's fine, I'll think of a way to save you."

he said quickly.

The real Two Elements of Calamity had arrived. Long Chen vaguely felt that there was a girl with long black hair hidden inside her body. She was completely formed with Sky Yin Qi, but she was very lifelike, and at the moment, she was looking at him with a sinister smile on her lips.

It was Li Xuanji's appearance.

Everyone's yang demon and Yin Mo were all their own appearances, but Long Chen's current Yin Mo was Li Xuanji's appearance. This was probably because Li Xuanji had already been devoured by the Yin Mo.

Just at this moment, the sinister smile disappeared, and Li Xuanji said to Long Chen with an anxious look in her eyes: "You defeated the Yin Devil, so of course I can escape its control."

"Is that all?"

Long Chen's heart calmed down.

Even though an accident had occurred, the solution was no different than before. He still had to defeat the Yin Mo through the Two Elements of Calamity.

However, the Yin Mo that had devoured Li Xuanji had wreaked havoc in her body, becoming exceptionally strong and terrifying. It could even absorb the surrounding Yin energy, and infinitely strengthen itself.

Long Chen moved his feet a little, guiding his body far away from the Tian Yin Land. This way, his chance of success would be a little higher.

"I'm here to take control of your body, to take your life."

The cold lady in his body laughed darkly.

In his body, the two forces were currently clashing, it was because Long Chen's original power was clashing with the power of the Yin Demons. Originally, the Yin Demons were on par with Long Chen, but after absorbing Li Xuanji, the Yin Demons were becoming stronger, and as the energy in his body clashed with the power of the Yin Demons, Long Chen's original strength instantly collapsed!

Inside his body, a black-haired girl emerged from the Yin power.

This kind of internal energy was even more dangerous than external battles. If he was not careful, then it would be the collapse of Long Chen's physical body and primordial spirit, which was more likely to be the collapse of his own strength!

BOOM!

When the two clashed, it caused a violent disturbance in Long Chen's body.

It could be seen that a large portion of his body had been infected by the cold energy, and he had lost control of it. This was the terrifying aspect of the Yin Demons, and many people had died in the Two Elements of Tribulations in history.

"Is that all you can do?"

The black-haired woman sneered. She had the ability to overturn the heavens. She swept out her hand, and the heavenly Yin energy condensed into countless blades, spears, halberds, and began to rampage towards Ye Xiwen.

Long Chen was escaping from the inner world while dodging the attack of the opponent. In terms of power, the inner world was huge enough to become his battlefield!

However, the other party possessed the same kind of power, and was even as powerful as the terrifying expert with the Seven Stars tribulation of reincarnation. It was even of the same nature as his own Absolute Beginning Divine Power, because she herself was born in her hands.

Rumble rumble rumble!

A massive wave of dark energy rushed over.

"Blood Weeping Dragon Soul!"

Long Chen could only watch helplessly as the Li Xuanji like Yin Mo summoned over a million black Blood Weeping Dragons, attacking him from all sides. The sky and the earth were covered by the pitch-black Blood Weeping Dragon soul.

"The Tempest of Time!"

Long Chen clenched his teeth and used it, the time in his body could also become chaotic, but even so, he still used a lot of energy to submerge his opponent's Sobbing Blood Dragon Soul.

However, it was at this moment that the opponent rushed over, and a dark green long sword materialized in her hand.

"Your life, is mine."

As she said that, she actually used the Killing Sword Technique!

Long Chen deeply understood that she was originally the other side of him, it was just that he had borrowed Li Xuanji's outer appearance. He would not be affected by her outer appearance, at the moment, he had also condensed a blood red sword and was fighting with his within her body!

Long Chen's body had gathered all of his strength!

However, he was still inferior to the other party!

With the same way of the sword and the same level of combat experience, Long Chen was weaker than the other party in terms of strength. This resulted in him being completely suppressed by the Yin Demons in the midst of his battle with the Celestial Slaughter Art!

RUU...!

Long Chen was continuously being pushed back, his strength was also continuously being exhausted, gradually entering into a time when the battle was getting weaker and weaker. Once the energy he gathered completely dissipated, it was very possible that his body would be torn apart by the Yin Demons, and the uncontrollable Yin Demons would crush his body, causing him to turn into ashes, this was the calamity of the Two Elements of Calamity.

"I will not destroy this body. This is the most wonderful body in this world, and from today onwards, he will have to change masters. I am the one and only Yin Mo in this world. I was born of destiny! "

She smiled grimly.

"As for this woman, she is connected to you by destiny, destined to be a part of your body. Of course, in the future, she will be a part of my body. I will not let her go."

"What fate?"

Long Chen was stunned.

If one were to say that his own Yin Mo Xie was special, he was not at all surprised. Every stage of tribulation was extremely strange, but Li Xuanji was a part of his body.

He couldn't care about all this anymore. If he had no other way, he would be washed away by this terrifying Yin Mo.

She could topple mountains and overturn the seas. Luckily she did not destroy her own body, otherwise, Long Chen would already be dead by now.

"Blood Spirit Spikes!"

All the Sky Yin Qi had gathered into a nod, and the resulting impact was extremely terrifying. The reason why he had used this move against Long Chen was so that he could ultimately break Long Chen's power, and completely obliterate him!

It was a feeling of death!

"Blood Spirit Spikes!"

Long Chen gritted his teeth and used the same move that the Primordial Blood Spirit Dragon used to pierce through the heavens and earth. It was just that compared to his opponent, his Blood Spirit Spikes seemed too weak!

Long Chen was not convinced, he could not admit defeat, if he retreated half a step, he would be dead, and fighting against the other might even be a life and death struggle. He could not die, if he were to be destroyed by the Yin Demons, even Li Xuanji might not be able to return!

At this point, for the Yin Demons to produce such a change, even being able to use the god's chosen one liquid was a difficult question!

The Yin Mo did not give Long Chen the chance.

She could not wait to attack Long Chen. The black Blood Spirit Spikes whistled as it pierced through the heavens and earth, causing Long Chen's entire body to shake violently as though he was about to be torn apart!

"Attack!"

Although the Blood Spirit Spikes he used was weak, it was still the true form of the Primordial Blood Spirit Dragon. This was the last struggle, Long Chen had already used all his strength, even if he lost, it wouldn't be too miserable!

At that moment, he had forgotten everything. All he knew was that he could not retreat, or else he would be eternally lost!

"Long Chen!"

Suddenly, he heard a voice calling out to him.

Long Chen braced himself and ignored the sound. Just as the two terrifying Blood Spirit Spikes were about to collide, the black Blood Spirit Spikes suddenly dissolved and turned into a Yin devil. To be exact, it was a mixture of Li Xuanji and Yin Mo.

This woman who had suddenly appeared had a face that was sometimes hideous, sometimes tough, and sometimes deep and emotional. A monstrous power exploded, causing the air around her to churn. Layers upon layers of Sky Yin Qi vibrated out.

However, every time her face turned deep and affectionate, she would retract all of the energy she had released.

"How could you!"

She never would have thought that Li Xuanji would have the power to retaliate at this very moment. That power to counter attack rushed out and blocked her for a split second.

In just an instant, Long Chen's Blood Spirit Spikes had pierced through her!

BOOM!

The power of the Sky Yin Qi exploded.

The yin devil let out a world-shaking scream and suddenly dispersed. Countless yin devil energy rushed into Long Chen's four limbs and bones, transforming into a wave of energy. When the yin demon stopped, Long Chen was able to instantly control this power.

The power of masculinity and the power of yin devils formed a perfect system, reincarnating within his body.

At this moment, Long Chen opened his eyes.

He never thought that the Yin Demons would be broken just like that, it was Li Xuanji's credit, but what about her?

Chapter 2117 - New Demonic Yin

However, the power of the Yin Demons would be controlled by the warriors, causing the power in his body to increase by several fold. This was the case for Long Chen, when the two powers converged, the power in his body increased by an unprecedented amount.

Even the power of Yin Mo completely suppressed the original power.

This caused his lips to turn dark green, and his eyes to become filled with dark green clouds, making him look very demonic.

When the two powers gathered together, Long Chen felt like he was about to explode.

"xuanji!"

Long Chen did not bother to study this power, and looked everywhere for her.

Would he be able to kill her the last time he used the Blood Spirit Spikes?

His heart was in a mess, he naturally knew that even though the Yin Mo he resisted had become uncontrollably strong because of Li Xuanji, in the end, he was still able to win because of Li Xuanji.

He stood up and looked around in panic.

Just at this moment, the Evil Yin energy that was flowing in his body gathered once again, just that this time, there was no feeling of danger, and the Evil Yin energy condensed into Li Xuanji's appearance. When Long Chen looked carefully, he was sure that regardless of his expression or expression, she was Li Xuanji and not the Evil Yin.

"I'm fine."

After surviving the calamity, Li Xuanji faintly smiled, and then, she charged out of Long Chen's body.

At least half of the power of the Yin Mo followed Li Xuanji out, which was her own power. There was still a portion of the power of the Yin Mo, and the remaining half of the power remained in Long Chen's body.

At this very moment, Long Chen was finally able to balance his body.

And at this time, a large amount of Sky Yin Qi condensed into Li Xuanji, this was a physical entity.

Her long hair flowed like a waterfall, her face was crystal clear, her figure was slender, and her expression was cold. She was exactly the same as before.

"Are you okay?"

Long Chen himself was fine now, but when Li Xuanji exited her body, he had already balanced the power on both sides, and gradually controlled the power left behind by the Yin Mo. After balancing, his appearance returned to normal. She was no longer as feminine as before.

This was the appearance of someone who had survived the Two Elements of Calamity.

As for Li Xuanji, she checked herself and said: "Don't worry, I'm fine. It's just that I have more than half of my power hidden within my body, but I can't use it. "This is very strange."

She had taken away half of the Demonic Yin's power. If she could use it, she would at least be close to Long Chen, who had just passed the second heavenly tribulation.

What happened today was incomparably strange.

"Do you know what's going on?"

Long Chen asked.

Li Xuanji shook her head, her crystal clear eyes looked at Long Chen, and said in a daze: "Do you remember the words that the Yin Mo said?"

Long Chen said: "She said that you are a part of my body, right?"

Li Xuanji nodded dumbly, after a moment of silence, she said: "To myself, I am an independent person, but to you, I feel that I am your Yin Mo. I can return to your body and become a part of it."

Long Chen was struck dumb, and said: "How is this possible, how could there be such an unbelievable matter?"

"Try it and you will know. "Feel it. Right now, you and I are already inextricably linked. I feel that even if we don't use our talismans, we can still isolate ourselves from thousands of miles and communicate with each other with our hearts."

Speaking to here, Li Xuanji looked at Long Chen blankly. She initially didn't want to get too close to Long Chen, but what exactly happened now?

"What?"

Long Chen was even more shocked.

As expected, he noticed that there seemed to be tens of thousands of threads connecting him and Li Xuanji. Those threads could not be seen or felt, but they were real existences. Even though the other party did not speak, Long Chen was able to miraculously hear the thoughts in his heart, as if the other party was really a part of him.

"Do you hear me?"

Li Xuanji did not say anything. She looked at Long Chen with her hypnotic eyes, but Long Chen understood what she meant.

"Yes."

Long Chen only thought that, but Li Xuanji knew the answer.

The two of them looked at each other with eyes full of surprise. What was going on?

Had she really become a part of him?

Li Xuanji approached her at this time, and she charged towards Long Chen. In the process, a huge suction force acted on her body, causing her body to become illusory in an instant, and knocked into Long Chen's body. The power of the Yin Demons all gathered and fused together with Long Chen's body's original power, causing the power in Long Chen's body to instantly skyrocket!

Sure enough, she could once again integrate into Long Chen's body, becoming an existence similar to Long Chen's Yin Mo.

She withdrew once again from Long Chen's body, lowered her head and said: "That's it."

With Li Xuanji in her body, Long Chen was roughly equivalent to the late stage of the Two Elements of Tribulation. Without her, she would only be at the early stage of the Two Elements of Tribulation.

The two were silent and similar.

This situation was extremely awkward, especially for Li Xuanji. This kind of complicated relationship between them made her feel like she was unable to escape his grasp no matter what. She didn't know how to face this kind of change ...

Long Chen thought for a moment, then said: "Since there's no way to change it, then get used to it. We don't understand the situation right now, and after we leave, if there's anyone we can trust, then ask them if something like this has happened."

"Alright."

Li Xuanji was not one to joke around, she pursed her lips and nodded.

Long Chen looked around: "This place is still very dangerous, let's not go for now. We'll think of a way to get out of here, or go ahead and take a look. "

"Alright."

Li Xuanji said.

The two advanced in silence.

Long Chen turned around and held onto her slender white hand, saying, "Everything has its reasons, perhaps it is fate that does not want you to leave me. I can hear your heart's desire, but I have no secrets in front of you, so being bound like this is also fate. Let's continue like this for now and see what fate will decide in the end. "

Li Xuanji lightly bit her rosy lips as she suddenly revealed a faint smile and said: "Alright, if that's the case, being your Yin Mo will also be a very beautiful thing, right? I'm a part of you. "

It was incredible, but also beautiful.

As they spoke to here, the two of them no longer had any knot in their hearts.

The colorful streams of air in the sky converged to form a single point. Within the Reincarnation Poison, it was as if the entire world was hidden and countless dragons were reincarnating their own lives, or the dreams of the dead.

The entire sky above the tomb of the slaying dragon was enveloped by the countless streams of air that resembled dragons. Every single stream of air came from a tombstone.

Long Chen was walking closer to them.

In the main hall of the Slaughter Dragon City, another three drops of blood appeared out of thin air, turning into blood mist.

"It seems like that kid Long Chen went to the Slaughter Dragon's Tomb."

"En, isn't the Dragon Tomb Army searching for him?"

"After searching for a few days, it seems like I haven't found anything. I'm just afraid that this guy will run around and break the taboo, or that he might disturb my ancestor."

The three Dragon Emperor s looked at each other, this Long Chen was really restless.

"All of these are fine, but the reincarnation poison appeared again in the killing grounds of the Dragon Slayer Tomb. It's not like he doesn't know what the reincarnation poison is, if he accidentally touches it, he'll be dead for sure. Even if Long Qinglan were to come back, I'm afraid he wouldn't be able to save him."

"Forget it, this is fate. If anything happens to him inside, we can't be blamed."

This wasn't their real bodies. They were separated by some distance, and usually spoke through these three emperors.

"Right, that Meng Qingqiu seems to have been transferred to the south."

"This is even better. With Long Chen's temper, he will definitely fight him. No matter who loses, it will be useless for us. Meng Meng this guy had a short temper and was very protective. It's hard to avoid getting hot-headed. "

Long Chen could not deny that Li Xuanji had already become a Yin Mo.

She had constructed another power system in her own body, but it could be used by Long Chen. Long Chen was like two people cultivating, he had two sets of cultivation systems, one for himself and the other for Li Xuanji.

It was also like two people merging into one.

If Li Xuanji became stronger, then he would be even more superior.

To give an example, if Long Chen and Li Xuanji met an opponent, and they surrounded and attacked each other, if the opponent was a Seven Star tribulation of reincarnation, then it was very likely that they would lose.

But if Li Xuanji turned into Yin Mo and entered his body as one, then her fighting strength would soar above the two of them, and she would have a higher chance of defeating the opponent, or even win.

This was the benefit.

As Li Xuanji grew stronger, and even caught up to Long Chen, this benefit was extremely obvious.

However, there would still be some hesitation in this matter.

After a few days, Long Chen had completely forgotten about the Yin Mo Xie. They had already arrived at the cemetery where the Dragon Tomb was being killed.

In front of him was a gigantic tombstone that was over a thousand meters tall!

From the words written on the tombstone, Long Chen understood that there were many strong practitioners that could be buried here. At the very least, they had passed through the test of the Ancient Seven Stars Ancient God and became an expert who possessed the power of transcendence.

He and Li Xuanji trekked together, passing through thousands of tombstones. Looking at the lives of thousands of strong warriors, no matter how strong they were, as long as they had not become gods, they were all useless in the end.

This made him not feel sad at all.

This further strengthened his desire to become a Deity.

If he didn't become a god, he would inevitably become a tombstone lying alone in this dragon tomb.

"Just how many people were buried in this Slaughter Dragon Tomb!?"

Li Xuanji said in confusion.

"I don't know. Hundreds of thousands."

Long Chen estimated.

He raised his head and saw countless streams of air and a terrifying drop of liquid in the sky. Long Chen did not dare to approach and unknowingly, he had already reached the bottom of the drop of liquid.

"This tombstone is quite short."

Li Xuanji suddenly pointed in a direction.

Long Chen looked over. The tombstone was only ten meters tall, but it covered a large area of land.

Upon closer inspection, there were only three small words on the tombstone.

That's Long Qinglan.

Chapter 2118 - Blood Pool Seal

The three small words were like sharp needles that pierced Long Chen's eyes.

Even though he was still a long distance away, Long Chen's heart was still pounding with incomparable nervousness, complexity, and even astonishment. At that moment, he stood rooted to the spot, staring intently at that direction.

"What's wrong?"

Li Xuanji asked softly.

She only noticed that the tombstone was very short, but she didn't see that at the foot of the tombstone, there were two words written on it: Long Qinglan.

It was clear that this was not Long Qinglan's tombstone. His grave was in White Yang Town, but Long Chen knew that this tombstone, which was only ten meters tall, was related to Long Qinglan greatly. It was even related to him obtaining the Primordial Blood Spirit Dragon's Inherited Blood Essence here!

Thinking about it, Long Chen didn't say anything else and walked over.

"Wait!"

Li Xuanji pointed to the ground. Just as they drew near, the sand and blood on the ground began to dance about, condensing in mid-air, forming the word 'forbidden-level'.

It was forbidden to enter.

"It should be the people from the Slaughter Dragon City. They won't let you in. This place will probably be rather dangerous. "

Li Xuanji reminded.

Long Chen pointed at the two words on the tombstone.

When he saw those three words, Li Xuanji's expression was the same as his, full of astonishment.

At this time, Long Chen did not stop, and directly walked towards that direction. There were no things blocking him around, and because they were in the Slaughter Dragon Tomb and Dragon City's territory, there were no guards set up, and as for the Dragon Tomb Generals, they had already gone to chase after Long Chen.

The two of them walked until they were in front of the tombstone.

It was an ancient tombstone, its entire body pitch black, with spots of rust on it that looked like steel. Only the corners of the tombstone had the word "Long Qinglan" written all over.

Long Chen stupidly touched the three words with his finger. There were ancient scars on them.

"As long as it is a tombstone, there will definitely be something buried underneath. I have to go down and take a look. "

Long Chen said.

"That's not good. If it's a dead person, then it's to disturb their long slumber. If it's not a dead person, then there will definitely be other terrifying dangers. It's best not to barge in. "

Long Chen slightly smiled and said: "We are already here, how can we not inspect this place? "Enter my Divine Kingdom."

Of course he couldn't let Li Xuanji take the risk with him.

Actually, the best way was still to fuse her with him and become a part of his power. That way, he would be much stronger.

However, Long Chen felt that this wasn't very good. After all, the other party was a complete human, so even if he had the ability, Long Chen wouldn't be able to pass the test in his heart.

"I'll do it again. I hope it will be of some help to you."

Li Xuanji would not care so much.

She directly turned into clouds and rushed into Long Chen's body, causing Long Chen's energy to become even more abundant, and also the feeling of the two of them merging as one. Long Chen could feel another heart beating inside his body, and the power of the Yin devil coursing through his body, filling his entire body, allowing his combat power to quickly rise to a whole new level.

After he was ready, he prepared to dig into the tombstone.

There was only blood sand below and it wasn't difficult to enter. Long Chen dug along the tombstone, but discovered that the part of the tombstone that went deep into the ground was actually very deep. He kept going down, and after advancing for a hundred meters, he finally realized that it was about time.

Suddenly, his vision went blank as he entered an underground palace.

Long Chen instantly became alert, but fortunately, he was not in danger in the beginning.

He first entered the state of Time Traversing Dragon, scanning his surroundings. This was a very ordinary underground palace, only that its history was too long, so it seemed to be too old and worn out. There were mottled everywhere, and it was a bit like the War God's Tomb in the War God's Battlefield. However, the space was very large. It was just extremely spacious.

Long Chen landed gently on the ground and looked around carefully.

Upon closer inspection, it was still a group of strange and peculiar beasts. All kinds of beasts had the same characteristics, although they were only sculptures, it was obvious that they were very terrifying.

Long Chen began to walk forward.

There were tens of millions of relief sculptures on the ground, both in quantity and variety.

"What are these?"

Long Chen was very gloomy.

It felt like a dream, like an illusion. It was simply too far away, and seemed so unreal. When he first heard of the name "Heaven-Devouring Tribe", Long Chen had forgotten about it after a long time, he did not expect that he would still be able to see the relief sculpture again today.

Every beast was very strange.

Some of them were even unable to see that they were wild beasts, but were rather odd looking. For example, the Dragon Devouring Beast that Long Chen had seen before was one of them.

Long Chen had a nagging feeling that there was something ahead, so he ignored the sculptures beneath his feet and focused on moving forward.

Even though he didn't care, Long Chen still saw a spherical object suddenly appear below his feet.

It was also a relief.

But why did Long Chen feel that it was very familiar?

Especially the dense eyes on its body.

"Is this the Heavenly Blood Hell?"

Long Chen was extremely shocked in his heart.

He hadn't expected that the Heavenly Blood Hell was actually one of them.

Did this race really exist?

Dragon Devouring Beast, Heavenly Blood Hell, etc.

He had even seen black demon wolves that were similar to Mo Xiaolang.

Long Chen noticed that they shared a common trait, which was devouring. So this was how the name "Heaven-Devouring Tribe" came about?

Long Chen once again thought back to that giant bug he had encountered in the endless starry sky. If that was real, then that was indeed the largest creature he had ever seen in his entire life, and it was practically as big as the entire Immortal God Realm!

"The Heaven-Devouring Race?"

The more Long Chen thought about it, the more scared he felt.

"Perhaps I am still unable to come into contact with items of this level. Once I become more powerful and even become a Deity, I will be able to master many of them." And it seems as though becoming a Deity isn't too far away from me. "

At this moment, he had the body of a third ancestral dragon and was unrivalled in talent, so he was even more confident in himself.

As he thought about this, not even half a quarter of an hour had passed since he walked within this enormous underground palace, and Long Chen had finally reached the end of the area. He arrived at a gigantic subterranean space, and the land in front of him, even if he had turned into a Divine Dragon, he could move about as freely as he pleased.

But a pool of blood in front of him attracted him.

It was a very large blood pool, and it was located in the center of the space. Even if Long Chen turned into a Divine Dragon, he could still enter.

The blood pool was very calm. There were nine rocks beside the blood pool, which were weirdly shaped and covered in blood-red, mysterious and ancient runes. The nine rocks formed a formation that pressed down on the blood pool, forming a blood-red seal that sealed the entire blood pool.

This pool of blood must be the key to the entire tombstone!

Long Chen could not wait and rushed forward.

"Be careful."

Li Xuanji couldn't help but remind her.

Long Chen nodded.

He turned around, looking at the blood pool that was suppressed by the blood seal and unable to move. He said, "Xuanji, what do you think is sealed inside?"

"I don't know. It should be related to your father, but it could also be that your father sealed something here."

"Oh!"

Long Chen nodded his head: "I am thinking, could it be that he left something here for me?"

Anything was possible.

Long Chen was very hesitant.

Since he was here, he couldn't return empty-handed. He wanted to know what exactly was down there. But it was also very likely that something would happen.

But Long Chen can't accept it!

In his eyes, Long Qinglan possessed countless secrets, even to the extent of being related to the mysterious Primal God. The tombstone had his name written on it, but there was actually such a blood pool sealed below.

"I want to try to open this seal."

Long Chen said.

"You're too impatient. This might not be a good thing."

Li Xuanji asked with concern.

"But I can't let go of any information that is related to me. Otherwise, how can I pursue something that he has been pursuing?"

There were only two most important things left in his life.

One was to fulfill his father's last wish and wash him out.

The second was to fulfill his and Long Qinglan's common wish, which was to find out the mystery of the Divine Dragon's extinction. Those were dreams and desires! This was something that he had to do as the successor of the dragon!

"Alright."

Seeing the fire in his eyes, Li Xuanji did not say anymore.

She respected Long Chen's decision.

With great difficulty, he managed to grab hold of some information regarding Long Qinglan. He was not one to give up, even if it was a bit impulsive, but facing such a thing, Long Chen couldn't help but be impulsive.

After making up his mind, he stood resolutely in front of one of the rocks.

As long as this rock was destroyed, the array would disintegrate.

"Blood Spirit Spikes!"

Long Chen spun around and formed the Blood Spirit Spikes, it was the sharpest spike in the world. Long Chen struck out using it to strike the rock, causing countless of blood red runes to form a shield to resist, but at the moment, Long Chen's strength was extremely strong, the rock's defense was actually not strong, and under's all-out attack, it exploded!

Just as the rocks exploded, the sealing array formation began to fiercely move. The blood pool below also began to churn, and countless blood-red bubbles appeared from the depths, as if a giant beast was awakening in this pool.

Long Chen stopped his movements and looked at the blood pool below him with a calm expression.

His heart was filled with anticipation.

RUU...!

The undulations from the blood pool became increasingly stronger, and something seemed to be gradually emerging from it.

Because one of the rocks had shattered, the other rocks had exploded, and the sealing array formation had completely disintegrated.

It was at this moment that the commotion in the blood pool suddenly lessened, but Long Chen saw a shadow appear within the pool of blood.

Long Chen clenched his fists and watched nervously.

Finally, a person slowly emerged from the blood pool.

From the head to the body to the feet.

When his head emerged from the pool of blood, although his face was bloodied, Long Chen was still able to recognize this appearance. He was unable to conceal the excitement in his heart, because this appearance seemed to belong to Long Qinglan.

Chapter 2119 - Devouring of Dragons

When this figure floated out from the pool of blood, and appeared before his eyes, Long Chen was simply unable to believe his own eyes. This kind of shock was even greater than seeing Long Qinglan's name on the tombstone earlier.

"Father!"

Long Chen could not help but exclaim.

The man had already emerged from the pool of blood. His long hair was blood-red, and his eyes were bloodshot. His expression was cold and terrifying. His body exuded an astonishing and vicious aura as he suppressed everything. He was like a demonic god that had descended into this world!

This scene shook the hearts of everyone present.

But when he heard Long Chen say that word, the person's eyes instantly locked onto Long Chen. His eyes were extremely cold, and in the next moment, there was actually a huge change. He revealed a warm smile, and restored the image of the person in Long Chen's mind.

"It was you who let me out!"

The man lightly smiled as he looked at Long Chen. He approached Long Chen step by step, and revealed a smile that would cause one to be bathed in spring wind. The places that he swept towards, lightly rippled in the blood pond.

"Child?"

the man asked tentatively.

Long Chen didn't know why, but after seeing his appearance again after seeing chaotic star field, his whole journey of fighting had been filled with grievances and the doubts of many others. But after seeing this person, everything had vanished like smoke in thin air.

Ever since he had seen Long Qinglan's name on the tombstone, he had started to feel extremely shaken, as he lost his ability to think normally and was unable to calm down. The moment he saw Long Qinglan appear, his mind became even more confused.

"It's me!"

Long Chen's eyes were brimming with tears.

Everyone had special feelings towards the role of a father. Long Chen was no exception, especially since everything about him was under Long Qinglan's control.

But Li Xuanji felt that it was strange.

The Long Qinglan she had imagined was not like this.

So she reminded Long Chen, and said: "Are you sure he's your father? Moreover, this seal can even be broken by you, so it should not be considered too strong. How could this level of seal trap your father, and furthermore, if the Slaughter Dragon City wanted to imprison your father, they would have to guard him strictly. How could they let you come here? "

She analyzed it by the facts.

"Hmm?"

Being told by Li Xuanji, Long Chen indeed woke up with a start, and he was already drenched in cold sweat from fear. He was too immersed in thinking about his own father, which was why his mind was blank at this moment, otherwise, he would definitely be able to think through what Li Xuanji had just said.

But it was too late.

The blood-haired man in front of him suddenly began to laugh loudly.

"It's too late. Shen Long, my food!"

Suddenly, a large amount of blood mist sprayed out from his body.

His body instantly expanded, and in the blink of an eye, an incomparably large beast appeared in front of Long Chen. It was a gigantic beast that seemed to be a lump of flesh, with a gigantic mouth occupying its entire body. Such a huge creature was hovering above the blood pool, its muscles wriggling, causing one's scalp to go numb.

Right at this moment, a terrifying and fatal attraction force landed on Long Chen's body. The moment Long Chen raised his head, that incomparably enormous mouth had already opened, and was incomparably enormous. Right at this moment, as if the entire world had collapsed, that mouth actually covered Long Chen!

"Dragon Devouring Beast!"

Long Chen instantly saw its true face!

It was actually a Dragon Devouring Beast!

The Great Emperor of Desolation was a Dragon Swallowing Beast. She had encountered a Dragon Swallowing Beast at the Martial God's Tomb as well, but it was instantly killed by Long Chen. However,

the Dragon Swallowing Beast in front of him was definitely much stronger and more terrifying than the one before.

"So you are that person's son. This is truly retribution. You actually broke in after sealing me here for such a long time, and even released me!"

The Dragon Devouring Beast laughed savagely.

The Dragon Devouring Beast was the natural enemy of the Divine Dragon, and according to the legends, they were not considered strong in the The Age of Dragons. They only dared to eat young dragons, and did not even have the strength to fight back when they met a truly strong Divine Dragon.

Their might far exceeded what Long Chen had imagined.

The Great Emperor of Desolation back then had already brought Long Chen a terrifying danger. This time, it was the same for the Dragon Devouring Beast.

When the other party approached him like Long Qinglan, gaining his trust, he suddenly made his move. When he opened his mouth, he had already swallowed Long Chen into his abdomen.

This was the only chance he had to resist.

The other party was obviously a terrifying Dragon Swallowing Beast, which was why he was sealed here. If he were to lose the battle, he would die without a doubt. Furthermore, if he were to leave this place, it would implicate others!

After transforming into the Divine Dragon Body, its body greatly increased in size.

"Little fellow, don't be futile. We, the Dragon Devouring Beast, are the nightmare of your divine dragon. You cannot resist my devouring. We are your natural enemy."

The Dragon Devouring Beast laughed loudly.

"Bullshit!" Are you from the Heaven-Devouring Clan? "

Long Chen understood that this Dragon Devouring Beast must know a lot of things that he did not.

"Oh, you even know this? "But I won't tell you the truth, because the truth is much more complicated than you can imagine, including hearing that your father is dead right? There are many secrets behind it, I'm guessing you would want to know, but you are about to become the nourishment for me to recover my strength, so forget it, haha."

The Dragon Devouring Beast had been sealed for such a long time.

He must be hungry.

Therefore, the moment he swallowed Long Chen, he was already impatiently digesting it.

"Phantom Beast!"

Sure enough, in a blink of an eye, Long Chen's surroundings had become surrounded by countless Phantom Beasts, and amongst them, there were millions of Phantom Beasts, compared to the Phantom Beasts in the Great Emperor of Desolation's body, there were already tens of thousands of them! Every single one of them were the size of a human's body, looking like a dream.

Long Qinglan, Yang Xueqing, Ling Xi, Li Xuanji, Little Cat, and all the others. Everything that Long Chen had met and remembered were all here.

"Enjoy the taste of being digested."

The voice of the Dragon Devouring Beast could not be heard.

"Damn it!"

At this time, countless Phantom Beasts swarmed towards Long Chen. Long Chen used the Primordial Blood Spirit Dragon's body to charge.

"Blood Weeping Dragon Soul!"

did not dare to hold back, and immediately used his killing technique. But what he did not expect was that the illusory power formed by the combined millions of Blood Weeping Dragon souls was just too terrifying, and when they used it together, Long Chen immediately heard countless shouts echoing in his mind.

"Long Chen, give me back my life, you killed me, and even stole my Ling Xi, you should be chopped into pieces!"

Wang Chen had become extremely powerful, and the body of the Void Refining Demon Dragon was ten times stronger than his. Long Chen felt a terrifying pain.

"Long Chen, did you see that? I killed all of your Three Great Imperial Domains's people, they have all nourished my demon tree! "

The City Lord laughed.

Long Chen looked at this scene which left his eyes bloodshot.

The people around him were dying one by one.

In the end, not even Ling Xi or Li Xuanji remained.

Mo Xiaolang had become an accomplice and killed everyone in his body.

"This is an illusion technique, an illusion technique!"

He knew that everything was fake and he had to fight. Even if the opponent was scary, his primordial spirit was strong, and under the furious roar of the Great Void Cosmic Dragon, he broke through the illusions and returned to the belly of the Dragon Devouring Beast.

BOOM!

When the millions of Blood Crying Dragon Souls lost control, they were already completely digested by the Dragon Devouring Beast. Long Chen discovered that he had already reached the belly of the Dragon Devouring Beast.

Under the influence of the digestive juices, killing all the dragons and melting them away was useless no matter how hard they struggled.

"Thank you for giving me so many snacks. Now it's time to enjoy the meal."

In the surroundings, the mouths of the people around Long Chen who were created by countless Phantom Beast moved simultaneously, as they said the same words in an extremely strange manner.

They began to laugh with a rumbling sound. Just their laughter alone had caused an enormous impact on Long Chen.

"This damned thing!"

At this critical moment, Long Chen was like a trapped beast. When the Phantom Beast charged forward once again, Long Chen had become completely illusionary.

"The Tempest of Time!"

When the Tempest of Time was unleashed, it caused a terrifying shock to time itself, causing the Phantom Beasts to be instantly annihilated by the storm of time!

But there were simply too many Phantom Beasts, and they were endless, and there was no way to resist them.

When Long Chen executed the Tempest of Time, more and more Phantom Beasts rushed up, releasing shocking howls. Those terrifying sounds affected Long Chen, causing countless rivers to roll here, it was the Dragon Swallowing Beast's most fearsome digestive juice!

When the digested liquid poured onto his body, Long Chen instantly felt an excruciating pain that pierced to his bones, as if his entire body was being burned by flames. He opened his eyes, and

discovered that he was currently in an endless sea of fire. Although he was in the shape of a dragon, his body was extremely small.

"This place is?"

Long Chen could not help but become blurry.

What was he doing?

At this moment, a giant beast tens of thousands of times bigger than itself appeared in front of him, covering the entire sky.

Chapter 2120 - Resurrection from the Dead

It was unclear what the beast looked like.

He was surrounded by flames and his claws were already countless times bigger than Long Chen's body. In front of this gigantic beast, Long Chen was just like a bug or an ant.

He truly understood what it felt like to be weak and powerless.

The terrible sense of defeat made him go completely blank.

"Why am I here? Am I dreaming?"

Long Chen could not help but tremble in front of the gigantic beast.

Just when he felt weak, the gigantic beast had already moved forward. When its claws landed on the ground, Long Chen discovered that the entire ground was trembling and the space had been torn apart.

The gigantic beast's head, that seemed to cover the entire sky, was actually heading in Long Chen's direction.

"This is bad!"

Long Chen immediately turned and fled, but he discovered that he was actually so powerless, his own speed was not even one ten-thousandth of that of the gigantic beast. In the blink of an eye, the entire sky had turned dark, completely engulfed in flames.

"You are too weak."

Rumble ...

When the gigantic beast spoke, it was as if thunder had exploded in Long Chen's ears.

Long Chen didn't understand where this kind of powerlessness and trembling came from. Such a terrifying enormous beast actually existed in this world? Just how big was he? As big as the entire Dragon City? Or was it as big as a bright star?

"Phew ..."

The beast let out a breath, opened its mouth, and inhaled. A terrifying suction force acted on it, and he was unable to resist at all. In the blink of an eye, everything turned dark, and he was swallowed by the beast. The surroundings were filled with pitch-black flames.

"Don't kill me!"

Long Chen felt that the flames were trying to make a move against him.

"Don't kill me!"

Long Chen said in a trembling voice.

The other party was simply too strong, countless times stronger than him. This was a true deity, an existence that was even scarier than deities!

He was powerless to face it.

He began to feel ashamed of his father for not being able to fulfill their wishes.

The pain was indescribable, it was pain, regret, and defeat. All the negative emotions were drowned by the ferocious flames.

Those flames were especially frightening, and under the burning of the flames, Long Chen gradually perished. More and more parts of his body started to not belong to him.

"Am I going to die?"

Long Chen felt his surroundings turn dark.

Nothing had been completed yet, but he had died!

Ling Xi, Li Xuanji, they still need her protection!

[But I actually died!]

He was ashamed of everyone.

However, he was already powerless. No matter how much he roared and resisted, he was still unable to escape the flames. Today was his day of sacrifice, so he could only watch helplessly as his body gradually turned into dust and dissipated in the air. To that terrifying opponent, his weakness was simply a joke.

"I ..."

His consciousness gradually became fuzzy, until it dissipated, until he sank into a deep slumber ...

"I'm dead!"

In the endless darkness, Long Chen had already lost his figure and recognized the problem.

"Long Chen!"

Suddenly, a familiar voice called out to him.

It seemed like, it was Li Xuanji.

Long Chen remembered that she was also dead!

In actuality, all of this was an attack from the Dragon Swallowing Beast!

For a Dragon Devouring Beast to obtain such a title, its devouring ability was undoubtedly at the top. This dragon devouring beast was sealed by Long Qinglan, far surpassing the two Dragon Devouring Beasts that Long Chen had encountered before.

That was why he was able to take Long Chen down.

At this moment, Long Chen's body was crawling with dense Phantom Beast, all inside and outside were three layers, the countless Phantom Beast's peristalsis seemed extremely terrifying and disgusting, he had already sunk into the deepest part of the Dragon Swallowing Beast's digestive juice, his dragon scales quickly softened, and broke down. When Long Chen was completely corroded and engulfed, Long Chen was basically done for.

But in his world, the Phantom Beast gave him the illusion that he was already dead.

"Such delicious food! Not only did you remove the seal for me, you even came to my door to fill my stomach. After I eat him, I'm going to go out and start a massacre." That person was already dead. I'm destined to eat very little! Haha! These delicious foods! "

The Dragon Swallowing Beast had sunk to the deepest part of the blood pool, where its huge round body was rolling around, looking extremely satisfied. As for Long Chen being defeated, it was only a matter of time before it was digested.

"Long Chen!"

Li Xuanji was in Long Chen's body.

She was a Yin Mo and could freely walk within Long Chen's body. At this moment, she was also using her Yin Mo power to protect Long Chen, but it didn't seem to have much effect.

Li Xuanji was about to go crazy, if she was not in this state, she would have cried a long time ago.

When he saw this youth that was filled with fighting spirit fall in front of his eyes and him that was close to death, Li Xuanji realized that her heart ached. Not only did his heart ache, she was also extremely angry and almost went crazy.

"Long Chen!"

Li Xuanji's heart was in incomparable pain. She loved Long Chen, and loved him deeply, but when she saw the person she swore to protect die in front of her, it was even more unbearable than death!

"We can't, we can't go on like this!"

In her haste, she began to think.

"Master, help me!"

She eagerly summoned the sleeping soul.

"Child!"

The slumbering soul woke up.

"Help me! I want to save him!"

"The price is too big. Your foundation is unstable and you might not be able to endure my power, causing your cultivation to drop by many, many times. In fact, after becoming a mortal, one would no longer have the potential to become a Deity. "

The sleeping soul said.

Li Xuanji said without the slightest hesitation. "I want to save him, even if I die, I do not regret it. Master, you understand me, so it is impossible for me to hesitate.

That person sighed and said helplessly, "Forget it, it's all fate. It's all fate. For him to give you such a precious gift as the corpse of an ancient god, it can be considered your reward today."

Hearing this, Li Xuanji was ecstatic.

She broke free from Long Chen's body, forming her own body. At this time, she broke through the layers of encirclement Phantom Beast, a black divine needle appearing in her hand.

"Are you ready to receive my power?"

The soul in the black needle said.

Li Xuanji bit her lips, but nodded without hesitation, her eyes full of determination.

In the next moment, the surging power on the black needle rushed toward Li Xuanji's body. It was a terrifying power, and in the blink of an eye, Li Xuanji's long hair fluttered as if a god had descended into the world.

"What the hell!"

The Dragon Devouring Beast detected the abnormality in its body.

Just then, Li Xuanji, who was enveloped in black mist and had surging divine power, flung the black divine needle in her hand out, and the black divine needle instantly pierced into the dragon-eating beast's body!

The Dragon Devouring Beast immediately let out a terrifying cry of pain!

That was a power that came from an ancient god. In that instant, the internal organs of the Dragon Devouring Beast twitched, and a huge force struck Long Chen and Li Xuanji's body!

BOOM!

This was the Dragon Swallowing Beast's instinctive reaction. He spat out Li Xuanji and Long Chen out of his body, and the Phantom Beast immediately scattered.

When the Phantom Beast left Long Chen's body, Long Chen finally recovered from the heavy blow.

The surroundings were in chaos.

"What's going on?"

Long Chen looked around in a daze.

Before he could fully wake up, the Dragon Swallowing Beast had already spat him out. When his body rolled around in the pool of blood, he saw the terrifying and ferocious Dragon Swallowing Beast below, and he finally remembered everything!

So it turned out that he wasn't dead at all!

It was impossible for him to not feel pain after soaking in the digestive juices for such a long time.

"Dammit, don't even think about escaping. Obediently become my food! "

The Dragon Swallowing Beast roared, and once again bit at Long Chen. The first time Long Chen was hit, and the second time, he would not be fooled again. At this time, the Dragon Devouring Beast also followed him out. Its meatball-like body was exposed to the air, and its huge mouth was extremely disgusting.

"Damn thing!"

The terrifying experience from earlier was still vivid in his mind.

Oh right, why did he vomit?

Long Chen remembered that he seemed to have heard Li Xuanji's figure.

Just at this moment, he felt that Li Xuanji was no longer inside his body, he turned around to look, she was floating beside him, her entire body was enveloped in clouds and mist, her entire strength was fluctuating countless of times compared to before, and there was actually true god power circulating around her.

"How dare you stab me!"

The flesh that had entered its stomach flew away just like that, and the Dragon Swallowing Beast became extremely furious. Its huge body charged towards Long Chen, in an attempt to swallow him again, and at the same time, its attacks were also targeting Li Xuanji.

"Let's join forces and get rid of him."

Li Xuanji said.

Finally, Long Chen was free from death.

Whatever the cost, she felt it was worth it.

At that moment, she really thought that she was about to lose him. It was a type of pain that made her unable to breathe.

Fortunately, he was alive again.

What Long Chen could not see were two streams of tears in her eyes.

He had roughly guessed that the reason Li Xuan's skills had become so powerful was due to her master. Right now, she was using her master's power, so fusing with it was impossible, but this Dragon Swallowing Beast definitely could not be allowed to go out. Long Chen quickly adjusted his fighting state and thought about how he was actually killed by this thing.

"Don't go, my food!"

The Dragon Devouring Beast said arrogantly.

Long Chen gnashed his teeth.

"Fourteenth Sacrifice!"

Dragon Fang, Dragon Claw.

The enormous fireball above the Dragon Tooth, the Sun Sacrifice, was like a real sun.

On the dragon claws, there was the Moon Sacrifice, the Star Sacrifice, the Flame Sacrifice, and the Storm Sacrifice!

The strength of five stages, had instantly expanded to be on par with Long Chen's body!

"Explode!"

In the blink of an eye, the five energies fiercely exploded on the body of the Dragon Devouring Beast!
